

## Dan God 1391

### [Chapter 1391](#)

On one hand, he was surprised that Chen Xiang had destroyed such a good Immortal Sword. On the other hand, he was surprised at Chen Xiang's strength, so much so that he did not reveal a single bit of Innate Qi, and directly broke a good quality middle grade Immortal Sword, which meant that Chen Xiang was very strong, at least not as weak as he appeared to be.

At the moment, Han Chen was only a few points of anger, the muscles on his face were twitching, and his fists were clenching tightly.

"Back then, you almost killed me with that sword strike of yours. After that, not only did you not apologize to me, you even rationally ordered me to return that intermediate grade immortal sword of yours. Dream on." Chen Xiang's voice was cold, he casually threw away the two halves of the middle grade immortal sword, as though he was throwing away trash.

In his eyes, middle-grade immortal swords were trash to begin with. He had quite a few divine weapons, so of course he wouldn't be interested in this sort of trash.

However, in this place where resources were scarce, it was extremely precious.

At the same time, they were also shocked by Chen Xiang's rich and imposing manner.

"Bastard." Han Chen roared, his fist fiercely punching out, in an instant lightning flashed and thunder roared, the violent lightning on his fist flickered.

In that moment, Mu Qianxiang also shouted in shock, but she was too late to stop it. She did not expect Han Chen to release such a powerful attack the moment he appeared.

When everyone saw Han Chen's punch, it brought out tens of thick bolts of lightning, causing them to immediately dodge far away. This was because this was the Han Family's very famous Thunder Brilliance Fist.

In the instant when everyone dodged, they also saw a terrifying bolt of lightning charge towards Han Chen's fist.

Chen Xiang also made his move, he had been prepared for it. The moment Han Chen punched, all the Innate Qi in his body immediately activated, condensing into lightning energy with the fastest speed possible and gushing out from his fist.

Chen Xiang's fist did not only contain the berserk thunder and lightning energy, he also had the power of his fleshly body brought about by the Body of Heavenly Sage.

Boom! Boom! Boom!

The two fists clashed, and a burst of strong light and a few arrays of rumbling sounds exploded outwards. Chen Xiang and that Han Chen were both blown away.

It was just that Han Chen was sent flying, and when he landed, he rolled over thirty meters away, but Chen Xiang just stood there steadily.

The light ray disappeared, and everyone used their stinging eyes to look at Han Chen who had an ugly expression on his face.

The hand Han Chen struck out earlier was trembling. It was full of cracks and had been burnt black by the strong lightning.

The Chen Xiang who had already entered the intermediate stage of the Worldly Immortal Stage, would even dare to fight with his life on the line against the Immortal Monarch, not to mention the Han Chen of the Late period of human immortal.

"This is the second time you've tried to kill me." Chen Xiang's face turned gloomy, everyone could feel his dense killing intent, at the same time, the young elders of the Han family all surrounded Han Chen, preventing him from killing them.

Just a moment ago, he was hiding behind Mu Qianxiang and said that he couldn't beat her. But who knew that he would heavily injure Han Chen the moment he attacked? Han Chen had actually used the Thunder power, but Han Chen had actually been defeated by the Thunder power that she was so proud of.

Chen Xiang did not have any deep grudges with the Han family, it was just that Han Chen had a conflict with him, so he would not be so ruthless to kill him, if not Han Chen would have already died.

Mu Qianxiang pulled Chen Xiang into the tent. She also didn't want to have any greater conflicts here, as it wouldn't benefit anyone, let alone the current situation.

"Scoundrel, you've been hiding your strength so deeply." Mu Qianxiang looked at Chen Xiang reproachfully, "I was worried to death just now, I didn't expect you to be so powerful. One punch was all it took to beat Han Chen up to the point that his temper disappeared."

"Hmph, I thought you weren't that powerful and I wasn't on guard against you at all, but now that I think about it ..." thought about the matter of him sleeping on the same bed as Chen Xiang previously. At first, she thought that she had absolute strength to suppress Chen Xiang and wouldn't let him do whatever he wanted. But now that she thought about it again, her heart couldn't help but tremble, because she now knew that Chen Xiang was very strong as well, and wasn't as easy to deal with as she had imagined.

"Do I look like a bad person?" Chen Xiang chuckled, "If I had been up to no good with you, you would have ..."

Seeing Chen Xiang's evil smile, Mu Qianxiang pinched Chen Xiang's arm: "No matter how you look at it, he doesn't look like a good person."

When he thought about how Chen Xiang broke the middle grade immortal sword, Mu Qianxiang was also extremely angry in his heart: "You are such a waste. You destroyed such a good immortal sword just to anger Han Chen."

"Isn't it just a broken Immortal sword?" Chen Xiang said in disdain.

"Elder Brother Shen, tell me honestly, were you a disciple of a super great power in the nine days outside?" Mu Qianxiang asked, because Chen Xiang was very generous, and did not even put the middle grade immortal sword in his eyes.

A mid grade immortal sword was still very precious, even a prince like He Feng would not waste such a precious treasure.

"No, let me be honest with you, I am actually a Leader of a great power." Chen Xiang said seriously.

"I don't believe that, if you were a Leader, you would at least be an Immortal King, but you don't have the strength of an Immortal King." Mu Qianxiang stuck out his tongue: "All you know is to lie to me."

Chen Xiang said with a serious face, "In the future, when you go out and ask for my name, you will know how powerful I am. I have many enemies outside, you must not tell anyone that you are very familiar with me, otherwise it will be very dangerous."

"Really." Seeing Chen Xiang's serious face, Mu Qianxiang started to believe him.

"Yes." Chen Xiang nodded.

"Oh yeah, did you see that Colorful Jinx?" Mu Qianxiang asked again. Previously, when Chen Xiang suddenly ran away, he was to see the Colorful Jinx.

"I see him, but I'm back. It looks like I have to leave this place quickly, someone from Colorful Jinx brought him here on purpose, and that guy is very strong." Chen Xiang said in a serious tone.

"How did you know? Over the years, many experts of the nine clans didn't understand. You actually knew that after this matter, you must tell my great-grandfather." Mu Qianxiang said.

"Of course, I need to go into seclusion to cultivate for a period of time. That Colorful Jinx will need a period of time to explode, so you can help me protect me from here." Chen Xiang took out the Colorful sacred core, and held it in his hand.

Mu Qianxiang sent a sound transmission to Chen Xiang: "Elder Brother Shen, after this matter is over, I will bring you to a place where there are immortal fruits that can help you become stronger."

"En, don't worry. I will definitely bring you out. I feel that the outside world cannot lack a wild girl like you." Chen Xiang laughed, he had already known that Mu Qianxiang had a fortuitous encounter, if not she would not have progressed so fast.

"It won't be destroyed by the Colorful Jinx, right?" Chen Xiang was a little worried.

"No, that place is very safe. After the Seven Colored Tribulation passes, I will take out some immortal fruits for my great-grandfather to leave with you. My great-grandfather will agree." As Mu Qianxiang said till here, she felt a little sad. This was something she had been hesitant about all this while.

"Don't worry. Sooner or later, you will be able to reunite with him. As long as you can become an expert." Chen Xiang said. He knew that it would be difficult for Mu Qianxiang to make this decision.

"I can definitely do it." Mu Qianxiang was very confident: "Go cultivate then, I'll stay by your side."

Mu Qianxiang saw a Rainbow Pearl in Chen Xiang's hands that looked very similar to the Colorful Jinx, but she didn't ask. She suspected that it was an energy stone dropped by the Colorful Jinx, similar to the Spiritual crystal.

activated his cultivation technique and quickly absorbed the energy inside the Colorful sacred core.

Although the Colorful sacred core was small, the energy it contained was extremely vast. The moment Chen Xiang activated his Divine Arts, he immediately felt a large amount of seven-colored energy entering his body. Very quickly, it turned into a seven-colored Innate Qi, entering into his dantian and into the five Beast statue.

"What's going on with this seven-colored Innate Qi?" Chen Xiang was very surprised, but it did not affect him at all.

"Don't worry, the seven colors will slowly merge together. Colorful sacred core must be very powerful." Long Xueyi said.

"Yes, there is a lot of energy inside. Originally, it was only the size of a grain of rice, but after refining it, once it enters the dantian, it immediately becomes the size of a watermelon." Chen Xiang said. This way, the amount he could absorb was huge, allowing him to quickly strengthen his Heaven Pellet.

After more than ten days, Chen Xiang was awoken by a burst of violent trembling, while Mu Qianxiang sat at the side with a solemn face.

"It has begun. It used to be within seven days. Who would've thought that it would only start after the sixteenth day." Mu Qianxiang sighed helplessly: "I think a lot of my superiors will die."

If Chen Xiang had not taken away the Colorful sacred core, it would have happened within seven days.

"There are quite a few people here. It should be packed." Long Xueyi said.

Chen Xiang walked out of the tent and saw that quite a few tents had been set up. There were even some that were extremely huge and luxurious.

"Come in quickly, don't go out and cause trouble." Mu Qianxiang pulled Chen Xiang back, and her finger arts told her that Chen Xiang was very good at causing trouble.

"Who are these people that came in here?" Chen Xiang asked.

"Some of the wives and children of big figures would try their best to make their favorite wives and children hide here. As for my father ... He has only brought in eight women, and the others are probably the ones he's tired of and will probably die on." Mu Qianxiang said.

"How is your training progressing?" Mu Qianxiang asked.

"Nothing much, it's only been ten days, what effect can it have?" Chen Xiang shook his head and laughed. He looked at the Colorful sacred core in his hand, but it did not lose any luster at all.

"If it's me, then it's effective." Mu Qianxiang smiled proudly: "My cultivation is very fast, and also very stable."

was also very curious about Mu Qianxiang's cultivation method, it was all other people's secret, and normally they would avoid other people from getting hot, but Chen Xiang felt that he was very familiar with Mu Qianxiang, so he was not worried, and directly asked: "How do you cultivate, is it only you?"

### [Chapter 1392](#)

Seeing Chen Xiang being so concerned, Mu Qianxiang laughed: "Elder Brother Shen, right now you are in urgent need of increasing your strength, you are already very strong yourself."

"With my current strength, I'm nothing in this world. Your great-grandfather is very powerful, able to kill me with a single palm."

Chen Xiang had many enemies in the outside world. If he could improve his cultivation here, then when he leaves this place in the future, he won't feel so much pressure outside.

"My cultivation method is only suitable, but..." Mu Qianxiang said, then sent a sound transmission to Chen Xiang: "Wait until I bring you to that place, maybe you'll be able to train a little faster inside."

"What the hell is that place?" Chen Xiang was extremely curious, because Mu Qianxiang was extremely mysterious. Whenever he brought up this matter, he would send a sound transmission to prevent anyone from finding out.

At that time, I was only a little over 10 years old. I realized that place was only a few years old, and could make me into a Immortal Monarch. At that time, I will take you there to find out. Mu Qianxiang patted Chen Xiang's head.

"Then what about Han Chen?" Chen Xiang asked. He had been cultivating for the past ten days, so he was not clear about what was happening outside.

"What can he do? He doesn't dare to come again. Without absolute strength, he doesn't have the courage to act arrogantly in front of you. His brain isn't damaged." Mu Qianxiang chuckled: "Your attack is quite heavy, let the Han Family use up a lot of precious medicine to help him recover his arm."

"This is also called Heavy. If it was outside, I would have killed this guy who came to cause trouble for me all day long." Chen Xiang snorted, he was no joke now.

Although the Colorful sacred core was taken away by Chen Xiang, the Robbery power that was released from the newly formed Colorful sacred core was not weak either.

Judging from this level of activity, it was very likely that a lot of the higher-ups would die. This was also a last resort.

Three days had passed, and the atmosphere had calmed down. Those who were here received the notice and were allowed to go up now.

Chen Xiang and Mu Qianxiang were at the very front. After they flew through the tunnel, they realized that the huge mountain they had been standing on was no longer there.

"So powerful." Chen Xiang exclaimed in his heart. Originally, this place was surrounded by huge stone mountains, but now it had become a flat ground with steam rising from it.

"Back to our town." Seeing how the place he grew up in turned out to be like this, Mu Qianxiang's heart couldn't help but feel a little heavy. At the same time, it also caused her to be extremely worried for her great grandfather.

Very quickly, Mu Qianxiang and Chen Xiang arrived at the town where the Mu Clan was. However, this place was no longer the same, only a stretch of ruins.

"This place was only swept up by the heat wave emitted by the powerful seven-colored heavenly fire and has become like this. I wonder how the heart of the seven-colored tribulation cloud is like." Long Xueyi said.

"Is there not a single survivor?" Mu Qianxiang ran into a town full of ruins. There were only a few rocks that were resistant to heat that remained, most of the other things had turned to dust in the heat wave.

"There's someone over there. Let's go take a look." Using his divine power, Chen Xiang detected auras in a relatively large stone hut.

Mu Qianxiang anxiously followed Chen Xiang, and when they arrived at the side of the stone hut, they saw an old man with a head full of messy hair lying on the ground, his lower half of his body being pressed down by a huge boulder.

"Great grandfather." Mu Qianxiang anxiously shouted, but Chen Xiang had already sent the huge boulder flying.

When Mu Qianxiang floated Mu Tianhu, his aura was very weak, and with a single glance, one could tell that he had suffered from a very serious internal injury.

"I don't know who did it, but his Seven Souls and Six Souls are heavily injured and it's very difficult to save them. This is at least someone on the same level as him, and that's why he was able to cause such an injury." Chen Xiang said, this was what Long Xueyi had told him.

Mu Tianhu was the patriarch of the Mu Clan. He had lived for many years and his strength was very strong as well, so at this moment he had not completely died, but he was holding on to his breath. He opened his eyes and saw Mu Qianxiang here.

Mu Qianxiang was very strong, but her eyes were already moist. "Great Grandfather, you're so amazing, you can definitely endure it."

Mu Tianhu's aura became weaker and weaker. He said in a low voice, "The Storage bag in my hands have something that I left for you. Leave this place quickly."

"Who is it?" Mu Qianxiang immediately shouted out in anger.

"The other five clans, including an elder of our Mu Clan ... "In short, leave quickly. Otherwise, if they come to find me, even you will die. Who will avenge me in the future?" Mu Tianhu was very excited, he forced out a breath of air and spoke loudly.

"Take the Five Clans ..." Great Grandfather, you must tell me. " Mu Qianxiang held Mu Tianhu's hand tightly. She had lost all her tears, and felt endless hatred and anger afterwards.

"Except Mu, Zhao, Ji, and Li ..." Mu Tianhu used up all his remaining strength and closed his eyes. His body immediately became extremely stiff and then slowly shriveled up, before finally turning into a cloud of smoke and dissipated.

"Someone's coming." Chen Xiang immediately grabbed Mu Qianxiang and quickly left the place.

Chen Xiang brought Mu Qianxiang to the edge of the barrier and only these places were not destroyed. Currently, in this Sacred Ground, there were heavy casualties.

Previously, Chen Xiang had planned to inform the patriarchs of the nine clans about the Scattered Immortal's Calamity after coming out of the cave, but he was afraid that things were not going well.

Chen Xiang guessed that Mu Tianhu definitely had something that those people wanted to take care of in their hands, or maybe Mu Tianhu was threatening them in some way, which made it hard for them to be at ease.

Inside a cave, Mu Qianxiang sat on the ground, holding her knees as she stared blankly at the fire. Her face was filled with grief, and her pair of beautiful eyes were a little red and swollen.

"Xiao Xiang, I hope you'll forgive me." Chen Xiang sighed, and handed over a piece of roasted beast meat to Mu Qianxiang.

"Great Grandfather is the person who treats me the best." Mu Qianxiang took the piece of beast meat and took a big bite, "I must avenge him."

"I will definitely take revenge for this, but not now." Chen Xiang comforted her: "What you need to do now is to adjust your mood and not let yourself fall into the endless abyss of hatred. Otherwise, that way, you'll live your entire life in hatred, and your great grandfather definitely wouldn't want to see you like this."

Mu Qianxiang swallowed the meat in his mouth and nodded: "I know what to do now, I don't have the strength to take revenge yet."

"Even if you have the ability, you won't be able to take revenge." Suddenly, a voice came out from outside the cave, causing Chen Xiang and Mu Qianxiang to stand up immediately.

"Who are you?" Chen Xiang shouted.

### [Chapter 1393](#)

"Someone to thank."

Chen Xiang and Mu Qianxiang both looked outside the cave, but then they trembled all over, because unknowingly, that person had already entered. Furthermore, he was sitting next to the fire, eating the beast meat that Chen Xiang had roasted.

He was a middle-aged man with a small mustache and wrinkles at the corners of his eyes. However, his squinty smile made him look kind. He wore a clean set of white clothes and his figure looked somewhat emaciated. However, he looked very healthy and lively.

He sat there eating the roast meat and said with a smile, "This meat is really delicious, even though I don't need to eat this kind of food to increase my strength."

"How can you be like this? You haven't even gotten the approval of others and you're still eating randomly." Mu Qianxiang frowned, the meat was originally roasted for her to eat.

Chen Xiang tugged at Mu Qianxiang because the person in front of him was very frightening and was not someone Mu Qianxiang and him could deal with.

"This guy is a Scattered Immortal ... You should know who he is by now." Long Xueyi reminded Chen Xiang.

"You just said that you have to thank me. What are you thanking me for?" Chen Xiang asked.

"You should know who I am now, right? I never thought that in this era there would be someone who knows that Colorful sacred core can be taken away, so you should also know that I'm a Scattered Immortal." The middle-aged man smiled: "My surname is Duan, and I'm Duan Ming."

Chen Xiang said in a heavy voice, "After all these years, many people have died under your Scattered Immortal's tribulation, don't you feel a bit guilty?"

Mu Qianxiang started to understand. The guy who was casually eating other people was the one who had attracted the Seven Colored Sky Disaster.

"I couldn't help it. I was sealed in this place, and in order to escape, I had to increase my strength. In the past, there wasn't a single person above this place." Duan Ming sighed helplessly.

"Nonsense, our nine clans have been in this place since ancient times." Mu Qianxiang immediately retorted.

Since ancient times, do you nine clans know what kind of place this is? Your so-called nine clans are merely descendants inherited from a group of people who mistakenly entered this place and were unable to leave it. Duan Ming said amiably.

"I came here earlier than you, this is a restricted area of the Sacred Beasts Ancient Realm, it is not a sacred place."

Although Mu Qianxiang was very unhappy with this Duan Ming, Duan Ming was very strong, much stronger than her great-grandfather.

"Then can you take us out?" Mu Qianxiang asked, but she hoped that this guy would bring her to take revenge the most.

"No, I can only go out by myself. I can't even bring half a person with me, or else I'll only harm myself and others." Duan Ming said.

Then why did you say you were grateful to my Elder Brother Shen just now? Mu Qianxiang said.

"Little girl, I said I can't take you out, and I also didn't say I can't help you out." Duan Ming laughed heartily: "I am grateful to others, and of course I did not say it out loud. He is equivalent to saving half of my life."

Chen Xiang said: "I won't leave this place until I obtain the Beast Slain Method."

Duan Ming nodded his head: "So you are not a person from here, you came from the outside, that is your goal, your strength is not strong, but you are able to reach here, not bad huh."

"The Beast Slain Method is the sacred art from the cliff in the Samsara Valley." Mu Qianxiang asked.

"Yes." Chen Xiang and Duan Ming answered at the same time.

"Honestly speaking, even with my current strength, I am unable to enter the Samsara Valley to see the Beast Slain Method. Back then, several powerful holy beasts joined hands to lay a barrier and sealed it, making it difficult to break through." Duan Ming said: "Initially, that was also my purpose for coming here, but my luck was bad. I met a very powerful guy, and was sealed here by him, after several tens of thousands of years, and after the seal had loosened a bit, I was able to escape."

"You can really help us get out. Is it safe?" Mu Qianxiang asked anxiously.

"It's still safe, but you'll have to endure a little pain." Duan Ming looked at Chen Xiang and said:

"However, this little brother still needs to go find that Beast Slain Method; my method can only be used once every thousand years."

"I'll convince him. You don't have to worry about that." Mu Qianxiang was very confident.

"Alright, I'll go and prepare. We'll meet here in a month." Duan Ming took another two pieces of roasted meat, and then, under Mu Qianxiang's gaze, he ran out of the cave.

"This fellow is really..." Mu Qianxiang scoffed, "He deserves to have been sealed for hundreds of thousands of years, he's not courteous in the slightest."

Of course Chen Xiang was happy to be able to get out safely. It was just that he had not obtained the Beast Slain Method.

"Elder Brother Shen, don't worry about the Beast Slain Method. I have it, tonight I will bring you to that place." Mu Qianxiang sent a sound transmission to Chen Xiang.

"You do." Chen Xiang looked at her in disbelief.

"Yes." Mu Qianxiang nodded.

"Then why didn't you tell me earlier, didn't you know that I went to the Samsara Valley for the sake of the Beast Slain Method?" Chen Xiang pinched Mu Qianxiang's face.

"I just want you to stay here for a few more days. If you can accompany me until the coming of age ceremony, of course I want to leave with you as soon as possible. However, I also want to accompany my great-grandfather." Mu Qianxiang thought of Mu Tianhu and his expression became sad.

"Is the reason why you are able to improve so fast is because you are learning Beast Slain Method?" Chen Xiang was becoming more and more curious about the place, there was actually a Beast Slain Method inside.

"Of course not..." "I had fused with a very strange stone, and only later did I find out that it was a Heavenly Dan, my current cultivation was only trying to stimulate the power inside the Heavenly Pill,

and the power inside the Heavenly Pill is very strange, as long as it is activated by me, not only will it allow me to obtain a very strong power, it will also strengthen my body." Mu Qianxiang said.

At night, Mu Qianxiang and Chen Xiang left the cave. Under Mu Qianxiang's guidance, Chen Xiang stepped on the Shrinking step and used the power of space, running wildly in the forbidden grounds of Sacred Beasts Ancient Realm.

This forbidden area was extremely large. When the seven-colored tribulation cloud erupted, although many places were destroyed, there were still many places that could be preserved.

Chen Xiang brought Mu Qianxiang and ran madly for three hours before they arrived at an area with many huge rocks.

"This place seems to have been severely damaged. Is that place still there?" Chen Xiang looked around carefully. This place had also been affected by the Robbery power.

Mu Qianxiang took out a jade pendant and said, "Don't be afraid, that place isn't connected to this place."

The jade pendant in her hand suddenly lit up and shot out a ray of red light into the air. A large mass of white light appeared there.

Mu Qianxiang anxiously pulled Chen Xiang, and flew into the ball of white light in the air, now Chen Xiang understood, that place was actually a hidden space.

In that space, there was a house. Chen Xiang and Mu Qianxiang appeared within a yard, and in the yard, there was a tree covered with fiery red leaves. The leaves were not big, but they were densely packed together.

"That is the Immortal Fruit that I said I would give you. It's like a fire bird, but there are only two." Mu Qianxiang pointed at the two fruits hanging on the tree that were strongly lit by fire, and looked like little phoenixes.

That was a Phoenix Fruit, a medicinal ingredient used to refine pills for the Holy level.

Chen Xiang had already guessed something, he suspected that this place was left behind by the Dan Emperor, but he was curious who obtained the Heaven Pellet from Mu Qianxiang, the Heaven Pellet was definitely not simple, if not Mu Qianxiang would not be able to become a Heavenly Monarch in a few short years.

"The Beast Slain Method is right there, it's a stone tablet. I didn't cultivate it because it doesn't suit me, so there are a lot of good techniques inside the Heaven Pellet." Mu Qianxiang said.

"Xiao Xiang, do you know whose Heavenly Pill is that?" Chen Xiang saw the stone tablet that was engraved with many small ancient words, he immediately knew that it was one of the Heaven Earth Killing Method.

It's a woman's, not something left behind after death. It's because there are many cultivation methods and memories within, but no soul. Moreover, all the energy within has been erased from my consciousness. Mu Qianxiang said: "When I first fused with it, it was so painful that I had to struggle to live, but I managed to hold on in the end."

In order to leave this place, Dan Emperor did not even want his flesh. He had not kept his heavenly pellet, so if the pellet Mu Qianxiang had fused with was not his, then who could it belong to.

"Elder Brother Shen, wait for me here. I will go and prepare something for you to eat. Mu Qianxiang had already ran to the tree and plucked the fiery red leaves.

This Beast Slain Method required him to fuse with it, so he stuck his palm on it and started to read the contents inside. He already had three types of Heaven Earth Killing Method, and after obtaining this Beast Slain Method, he was only missing the last bit to absorb the Heaven Earth Killing Method.

While reading the Beast Slain Method inside the stone tablet, Chen Xiang unknowingly entered a state where he no longer had contact with the outside world. Unknowingly three months had already passed and the Beast Slain Method on top of the stone tablet had already entered his brain, the ancient characters on top of the stone tablet had all disappeared as well.

When he opened his eyes and stood up, Mu Qianxiang ran over with a plate of food.

But what Chen Xiang cared about was not the barbecue on top, but the plate. It looked like a plate, but Chen Xiang felt that it looked like something.

He hastily stuffed all the roasted meat on the plate into his mouth, then carefully examined the "plate".

"This is a lid." Long Xueyi said: "Could it be the lid of the divine furnace?"

Chen Xiang thought the same, as he quickly took out the "plate". It suddenly flashed and became smaller, and then matched up to the divine furnace.

Chen Xiang suddenly swallowed the meat in his mouth, raised his head and laughed loudly.

Right now, he could confirm that the Dan Emperor had once stayed here before. Otherwise, there would not be this lid here.

"What's this?" Mu Qianxiang looked at the small cauldron in Chen Xiang's hands.

"Something that can be refined through alchemy or smithing. Back then, I took a huge risk just for this small cauldron." Chen Xiang lamented.

"Elder Brother Shen, you know how to refine pills." Mu Qianxiang asked in surprise.

"Of course I understand, I am very good at pill refining. Heaven Realm has hosted a pill refining competition before, and I was only able to win this small cauldron after getting first place in all three matches, amazing right?" Chen Xiang laughed proudly.

#### [Chapter 1394](#)

The nine clans were trapped in this forbidden area, the Alchemist s were pitifully few in number, and the sparse Alchemist s did not know how to refine high level pellets, because the medicinal ingredients here were too scarce and they were unable to learn anything. In order to become a high level Alchemist, one needed to first obtain a plentiful amount of medicinal ingredients.

In Mu Qianxiang's impression, those Alchemist s were all old grayish white haired grandpas. He never thought that there would actually be such a young Alchemist s.

"Take down that fruit. You are a Alchemist, so it should be very important to you." Mu Qianxiang said.

If not for Mu Qianxiang, Chen Xiang would not have so easily obtained the Beast Slain Method and the divine cauldron's lid, and now, Mu Qianxiang was even going to give him the Phoenix Fruit.

"Lil 'Xiang, I really don't know how I should thank you. You've helped me enormously, allowing me to obtain so many things." Chen Xiang said as he looked at Mu Qianxiang.

"If you want to thank me, then get me a very powerful Immortal Sword. Although I have one, it's too rotten." Mu Qianxiang laughed.

Of course Chen Xiang had good Immortal swords, it was just that she could not casually use them, because Chen Xiang had snatched them away from her, and giving them to her would only bring her trouble.

"No problem. After we get out, I'll immediately bring you to get a celestial sword that you're satisfied with." Chen Xiang took down the Phoenix Fruit and said: "Just this fruit alone is enough to exchange for many good Immortal Swords, so I must repay you with my own words, I definitely cannot thank you with an ordinary Immortal Sword."

"Then let's hurry and find that bastard and have him quickly take us out." Mu Qianxiang was already impatient to open this place, she wanted to go to the Nine Heaven World that she had been yearning for so long.

Chen Xiang didn't have enough time right now, otherwise he would definitely use the creation divine liquid to make some high-level healing panacea for Mu Qianxiang to repay his gratitude. It was just that the Holy level s and medicinal ingredients required a very, very large amount of creation divine liquid, and he wouldn't be able to get them out in a short period of time.

Mu Qianxiang and Chen Xiang left the small dimension and returned to the cave. Duan Ming had not come yet, so Chen Xiang continued to cultivate using the Colorful sacred core here. At the moment, he also had not gone to learn the Beast Slain Method, because he was worried that he would be interrupted during the crucial time to learn and comprehend it.

Mu Qianxiang was a very cheerful woman, and quickly recovered from her sadness. There was still a lot of delicious food in her Storage magic treasure, and Chen Xiang got some spirit fruits from Long Xueyi to give him as snacks to eat. She was the same as Long Xueyi, she liked to eat very much, and there were a lot of times when her mouth was chewing.

Chen Xiang trained in the cave for more than ten days and absorbed the Colorful sacred core's energy. Although he had only used it twenty days, he could already feel that he had improved a lot.

Duan Ming appeared in the cave. Upon seeing him, Mu Qianxiang immediately put away the roast meat on the plate, leaving behind only a small piece.

"Little girl, don't be so stingy." Duan Ming laughed and took the barbecue on the plate.

If you want to eat, I can roast it for you, but you have to bring your own meat, you are so powerful, with just a few moves, you can kill a strong monster. I only have a little bit left, Elder Brother Shen said, there is no such high level beast meat outside. Mu Qianxiang said.

Duan Ming laughed: "If you go outside, as long as there are Spiritual crystal s, you can even eat dragon meat, let alone this high level beast meat."

"It's not easy to get dragon meat now, even with Spiritual crystal s." Chen Xiang said.

"So it's like this, the number of dragons is becoming fewer and fewer." Only now did Duan Ming realize that the era back then was already over.

"However, there is still high grade beast meat. Moreover, the dragon meat is not tasty and sour, so I might as well use it for concocting pills."

"You have." Mu Qianxiang never thought that Chen Xiang would have eaten dragon meat before. She had grown up in the Sacred Grounds, so she naturally knew that dragons were a very terrifying and powerful beast.

"Of course, I'll give you some bird meat after we leave this place ... That is a very precious kind of bird meat. " Chen Xiang said.

"Can you let me have a taste as well..."

"Senior, go and get it yourself, the Imperial Feather Race is not dead yet." Chen Xiang said.

Duan Ming shook his head and sighed. He never thought that the current brat did not respect the elderly so much that he told him to do everything by himself.

Let's go, we can leave this place now. I explained in advance that the passage out is not stable, but we can still get out. It's just that we will be attacked by the violent energy from within. Duan Ming walked out of the cave and spoke as he walked.

Chen Xiang held Mu Qianxiang's hand and said: "Don't be afraid, when the time comes I will put you into one of my Storage magic treasure."

"I'm not afraid." Mu Qianxiang said fearlessly, "I also want to go out with you. I'm not afraid of the pain."

"Be good and enter my Storage magic treasure." He was worried that there would be an uncontrollable mutation in that passage that he and Duan Ming could not control. That was a spatial tunnel, and if they couldn't make it and entered some chaotic space, then that kind of torture could not be endured by just anyone.

But Chen Xiang was not afraid, he had the profoundwu diamond armour s protecting his body and his body was very strong.

"Can you let me in as well?" Duan Ming teased from the side.

"Senior, who are you leading the way for?" Chen Xiang was extremely speechless, this Duan Ming didn't have the slightest bit of an appearance of a senior.

Duan Ming brought Chen Xiang and the others to the edge of the barrier. There was a very short stone mountain here, and it was filled with Spirit grain s.

"You just made these." Chen Xiang asked in surprise.

"There is already an exit here, but if we want to open it, we need a formation like this to open it." Duan Ming said as he walked to the side of the stone mountain. He placed his palm on a flat spot and poured in a dense amount of energy.

"Senior, how many times have you endured the Scattered Immortal Tribulation?" Chen Xiang asked curiously. His previous estimate was more than thirty times.

"Forty-three times, and there are still six more times that I can escape from this calamity. I wonder if I will be able to survive the next Scattered Immortal." Duan Ming's face was filled with helplessness.

"Do you know the Dan Emperor? I heard that he also came in here and hasn't left since." Chen Xiang asked again, he felt that this Duan Ming should be a character that came from the same era as the Dan Emperor.

"I know him, but he doesn't know me. He's a very powerful person, but he can't leave this place because he doesn't know the method." Duan Ming said as he injected energy into the array to activate it.

"But I saw a pair of jade bones in the forest outside. I suspect that it was his. He must be pretty powerful to be able to reach that forest." Chen Xiang said.

#### [Chapter 1395](#)

Hearing the jade bone, Duan Ming was shocked.

"I wonder if that jade bone belongs to the Dan Emperor."

Other than him, very few humans have managed to produce a Holy Bone. As expected of the Dan Emperor, it was actually able to break through the divine seals set up by the Great Emperor and the others. Duan Ming had a face full of regret: "If he can walk out, then he might be a true Great Emperor after the Ten Heavens Supreme Lord."

Mu Qianxiang listened attentively as he listened to Chen Xiang and the others talk about those important people.

"Although his body did not leave the body, his soul might have left the body. It's impossible for a person like him to die that easily, I personally buried that pair of sacred bones without any damage, and it was perfectly preserved. I think he gave up on the sacred bones on his own, using his super strong soul to leave this forbidden place." Chen Xiang said.

"Hehe, then doesn't this mean that he's the same as me and will have to change his cultivation to Scattered Immortal in the future? If he doesn't, then he will have to start from the beginning. I wonder how he is now." Duan Ming laughed.

"Senior Duan, you call Ten Heavens Supreme Lord the Great Emperor and whether or not you are his subordinate. I know a Tong Tian Aristocratic Family who has the surname Duan, but he received a curse that caused many people to wither over the years." Chen Xiang's heart was moved, and he anxiously asked.

I don't have the qualifications to be a subordinate of the Ten Heavens Supreme Lord, and the Duan Clan that you speak of is my Duan Clan. However, I am just a small servant of the Duan Clan, and only grew up because of the Duan Clan's guidance did I follow them into the Sacred Beasts Ancient Realm, met

those damned devil bats, and mistakenly entered the forbidden grounds. I even met a guy who wanted to steal the treasures of the Sacred Grounds here.

Mu Qianxiang said in a low voice: "I don't believe you, if you were a little servant, you would know this way of getting out. Even though I don't understand any restrictions, I do know that since you made so many Spirit grain, you must have studied them for many years and obtained this kind of inheritance.

Chen Xiang thought so too.

"Fine, I admit that I got a lot of importance in the Duan Clan. That year, the Duan Clan's Patriarch treated me as his family, so I also got some inheritance and our Duan Clan was also involved in setting up this restriction. Afterwards, a catastrophe happened and we were forced to hide in this place to protect our lives." Duan Ming's expression was somewhat sorrowful. Out of all the family members that had accompanied him back then, he was the only one left alive.

Chen Xiang still felt that this Duan Ming was not simple, because he had already passed through forty-three Scattered Immortal Tribulations. At the moment, his strength could be considered at the top of the nine heavens, even the Dragon Emperor would not dare to speak loudly in front of him.

"Senior, you must know how the Ten Heavens Supreme Lord fell, right? Even until now, the five of them have only been able to understand the details of the great battle that happened in Di Tian." Chen Xiang said.

"I'm not too sure either. At that time, I was still just a small fry and could only escape. At that time, the Emperor gave us a death order to hide and not get involved, but before that, the Emperor also predicted that he would die.

It was Duan Ming's turn to be curious. "How do you know so much?"

Didn't I say it before? I know the descendants of your Duan Clan, and what they told me is that their relationship with me isn't bad. Moreover, they teamed up to deal with those traitorous aristocratic families and sage realm experts. Chen Xiang said.

"Pretty good, but I still think you're not that simple." Duan Ming laughed.

"My Elder Brother Shen is famous outside. If you don't believe me, go out and ask around." Mu Qianxiang anxiously said, this was what Chen Xiang had told her before.

"Oh, I'll find out when I get out." Duan Ming now felt that Chen Xiang was not simple, especially when he wanted to see through Chen Xiang's Dantian, he only felt that Chen Xiang's Dantian was extremely blurry, as if he did not have a Dantian.

Furthermore, Chen Xiang knew a lot of secrets, such as that Dan Emperor. If not for Chen Xiang mentioning it, he would have almost forgotten about it.

"How much longer?" Mu Qianxiang asked.

"Soon, about two or three days." Duan Ming's words made Mu Qianxiang have the urge to vomit blood, and it could even be called fast in two or three days.

Of course she wouldn't understand the concept of time that an old monster like Duan Ming, who had lived for hundreds of thousands of years, had towards.

Mu Qianxiang was in a hurry to leave this place. Forget about two or three days, she felt like it would take at least four to six hours.

Several hours had passed, and it was already night. At this time, the stone mountain full of Spirit grains suddenly flickered with a red light, and the Spirit grain on top had already begun to be activated, however, they did not have enough strength.

It wasn't until the middle of the night that the small mountain finally showed some movement. Suddenly, a beam of light shot out from the peak of the mountain, piercing high into the sky.

"I am already starting to open that exit, and will need some time to gather my strength. If I did not go through forty-three Scattered Immortal Tribulations, I'm afraid I would not be strong enough." Duan Ming was also excited.

"It's going to attract a lot of people over here." Mu Qianxiang said worriedly.

"What's there to be afraid of? Anyway, I won't let them near. Don't let too many people enter through that exit." Duan Ming said.

In the middle of the night, there was a dazzling pillar of light that reached high into the sky. It was easy to find in this forbidden area.

Right now, there were already quite a few people looking at the pillar of light. Some of the clan leaders also rushed over, thinking that a treasure had appeared.

"He really did attract a lot of people. Fortunately, this guy is here." Long Xueyi said.

"Senior, someone is coming." Chen Xiang pulled Mu Qianxiang closer to him. This would be safer.

"Don't worry, I won't let them get close. I will fight with whoever dares to spoil my plans." Duan Ming said with a serious face.

Within the current nine days, there weren't many people who could make Duan Ming risk his life. Even though the clan leaders who had rushed over were very strong, in the short term, Duan Ming should be even more powerful than him.

"It's that little girl. Mu Tianhu's things must be in her hands." When an old man saw Mu Qianxiang, his eyes burned with passion.

"What are they doing? Who is that guy? Could it be that she wants to leave this place with that outsider? Quickly stop them!" Another old man cried out even though he also wanted to leave this place.

"It is you who have plotted against my great grandfather. You bunch of bastards, I will personally slaughter all of you. Don't kill them. Let them live until I kill you." Mu Qianxiang saw his enemies and shouted angrily.

"Stupid girl, a woman should marry obediently, and not fight and kill everyday. Hand over that old bastard Mu Tianhu's things." the old man at the front shouted.

"Ha! Who do you think you are? If you tell me to give it to you, I'll have to give it to you." Mu Qianxiang shouted in anger.

"I don't want to make a move. You'd better not come any closer." Duan Ming said.

"Humph, you want to leave this place? Stop dreaming!" As the old man spoke, he let out an celestial sword and flew toward Wang Lin.

Duan Ming frowned and bellowed, he spat out a powerful burst of energy that turned into a small tornado of purple lightning, the Immortal Sword was forcibly absorbed by the purple lightning tornado and shattered into pieces, causing the old man's face to turn green.

"Get the hell away from me." Duan Ming was furious, a purple lightning bolt surged out of his mouth like a gale as it pounced forward like a surging ocean wave.

Even the patriarchs had to be cautious in dealing with it. They were shocked in their hearts, because they did not expect such a dangerous person to appear here, and just by using his mouth, he was able to push them back. If they had been serious, they would have died a long time ago.

"It's about to start. You should hide this wild girl. Although she can endure it, she should avoid the pain as much as possible." Duan Ming said to Chen Xiang.

Chen Xiang pulled Mu Qianxiang's hand, and Mu Qianxiang nodded at him, indicating that he could begin.

In the blink of an eye, Mu Qianxiang had kept Mu Qianxiang inside the Youyao ring and placed him in an elegant room. Although he was inside the palace, he was still far away from Long Xueyi and the others.

Su Meiyao and Bai Youyou were one of Chen Xiang's greatest secrets, he had to keep them a secret.

Seeing Duan Ming being so powerful, the people of the Nine Clan did not dare to go over, otherwise, the only outcome would be death.

"Let's go." Duan Ming jumped up and entered the white light beam, Chen Xiang following closely behind.

They were standing within the beam of light. Duan Ming took a deep breath and released a very powerful force that poured into the mountain below. The beam of light became even brighter, illuminating half the sky.

The power that surged out from Chen Xiang and Chen Xiang's bodies was pushed up into the sky by the perfectly straight pillar of light.

The pillar of light disappeared, and Chen Xiang and Duan Ming also disappeared. At this moment, they were inside a pathway that was surrounded by a myriad of bright lights, filled with a tyrannical spatial energy, causing Chen Xiang to feel as if his body was being pulled by countless of energies, and was being pressured from all directions. It was extremely uncomfortable.

"Young man, your body has already reached the initial stages of Body of Heavenly Sage, right?" Seeing that Chen Xiang acted as if nothing had happened, Duan Ming could not help but to ask in shock.

"Yes." Chen Xiang replied. This level of torture was nothing to him, it merely made him uncomfortable.

To Duan Ming, this was nothing. His body was also releasing its power because he had already been tempered by the Scattered Immortal Tribulation forty-three times.

"Where will we be after we leave? Is it outside the forest?" Chen Xiang asked.

If it was in the past, I wouldn't dare to wander around the Sacred Beasts Ancient Realm. But now, there is nothing to be afraid of. "" What?

With Duan Ming's words, Chen Xiang felt at ease.

In just a few moments, Chen Xiang and Duan Ming left the spatial passageway and appeared on top of a wasteland.

"There should be a large number of Night Devil s here." Chen Xiang said in a serious tone, but his heart was excited, because he had left the forbidden grounds.

"That's right, fortunately it was day time." After Duan Ming finished speaking, he laughed: "You can release that wild girl and let her see how the world outside is like."

#### [Chapter 1396](#)

Not long after Mu Qianxiang left the ring, she was released by Chen Xiang. After exiting the ring, she looked around, and her face was immediately filled with disappointment.

Chen Xiang saw her expression and laughed: "This place is inside that Night Devil Hell, that's why it is like this. Although it is a Heaven Realm, it is an extreme region within the Heaven Realm, you can just leave after."

Duan Ming also laughed: "Wild girl, with me here, you can easily leave without any danger."

Mu Qianxiang wasn't too disappointed, it was just that when she came out, she saw and felt that the environment was different from what she imagined, which was why she was disappointed.

Chen Xiang had told her many things about the Heaven Realm before, so she naturally would not think that the Heaven Realm was just like that.

Even Duan Ming felt extremely uncomfortable as he said, "How do we leave this Night Devil Hell now? I've been sealed for a very long time, don't expect me to find the fastest path."

Chen Xiang took out the Directing Celestial Plate. Although there were no Night Devil Hell recorded on it, one could still see the nearest immortal palace from the direction.

"Looks like it's quite far. The place we're at should be deep inside the Night Devil Hell. I heard that the Night Devil inside are all very powerful." Chen Xiang said as he took out the map.

After unfolding the map, he quickly found the location of this wasteland. He did not expect that this wasteland had existed for a long time.

"This map should belong to the Dan Emperor. I never thought that I would still be able to see it after so long." Duan Ming immediately pointed out their location.

Seeing that location, Chen Xiang frowned, because this location was very close to the target point of the Phoenix Princess's map.

"Elder Brother Shen, what's wrong? Is this place very dangerous?" Seeing that Chen Xiang's face was so serious, Mu Qianxiang immediately asked.

"Senior Duan, do you have any impression of this place? According to what I know, the Imperial Dragon Clan and the big shots of the traitors have a portion of the map in their hands.

Chen Xiang felt that Duan Ming should know something, but the matter was too far away and he needed to be reminded of something before he could remember.

"This place should still be considered Sacred Beasts Ancient Realm. After so long, this place is still so desolate. Could it be that there is something powerful hidden here that devoured a large amount of life essence?" Mu Qianxiang looked around and felt the evil aura, which made her feel very uncomfortable.

"This place is dangerous." Duan Ming seemed to have remembered something: "Hurry up and leave, I remember now."

After pondering for a moment, Duan Ming suddenly walked quickly in a certain direction.

"What did he think of? What exactly is this place?" Chen Xiang and Mu Qianxiang anxiously followed.

Mu Qianxiang was also very curious, "Didn't the Dragon Emperor's map point towards here? Didn't they say that there were treasures or something similar?"

Duan Ming looked serious. Previously, he had said that he could bring them safely away from this place, but now, from the looks of it, it seemed that Chen Xiang and Mu Qianxiang were not that reliable.

"There is a passageway to hell below here, but there are quite a few treasures there. Back then, a great battle broke out here, and that passageway was created by the aftermath of that great battle. Furthermore, it is very difficult to seal it off." Duan Ming said.

"There really is a hell." Chen Xiang and the others had never been able to figure out where those Night Devil came from, but now, Duan Ming had already told them the answer.

"There really is one. It is said that those who commit heinous acts will have their souls sucked into hell after they die. It is possible that those bat demons were evolved from those souls." Duan Ming said.

Chen Xiang thought back to the place he had passed when he entered the forbidden grounds. There, he had seen the lair of the Night Devil.

This was all caused by the connection between this place and the Infernal Realm.

"During the great war, Saint Beasts died there as well. There were even more human experts, and the things they left behind were like precious treasures to some people now. However, it's not easy to take them out." Duan Ming replied, "At least I don't dare to. I heard that there are quite a few Hell Demons

guarding that place. Those guys are very strong, and even if they don't want those things, they wouldn't let anyone else have them."

"Senior Duan, that Gates of Hell is under our feet." Mu Qianxiang asked.

"It's more or less at the bottom of this wasteland. Although there won't be any demons that will escape from the Infernal Realm, many Evil Soul from the Infernal Realm have managed to escape. When the Gates of Hell opened, there were a lot of them." Duan Ming quickened his pace, at that moment, he could already see the blurry figures of some gigantic mountains in the distance.

"We have to leave this place before nightfall. Although we won't die by then, it will definitely be very troublesome." Duan Ming said: "The time in here is controlled by the Night Devil, so the time during the day is very short."

"So it was controlled by the Night Devil. I thought it was someone else who did it, how could the Night Devil have that kind of power." Chen Xiang had always thought that humans would be involved in the Night Devil.

"They have people helping them, but I don't know who they are. Before Ten Heavens Supreme Lord died, these Night Devil were already very powerful, and some people even passed down formations to them. This place is close to the Gates of Hell, so all the Night Devil here are the strongest kind." As Duan Ming thought of this, he hurriedly grabbed onto Chen Xiang and Mu Qianxiang, and then ran out of this wasteland as fast as he could.

The memories in Duan Ming's mind regarding this place started to awaken bit by bit. The clearer the memories, the more nervous he became.

"It's getting dark." Duan Ming said in a deep voice, "If the group of people from the Imperial Dragon Clan saw the situation outside the wasteland, they definitely would not have come in. No matter who it is, after seeing the powerful Night Devil, even if there are treasures inside, they would not risk entering, not to mention the treasures that are deep within the wasteland."

"At the gates of Hell."

Chen Xiang did not dare to do so either, but it was just that he did not dare to do so now, because his strength was still very weak.

"Xiao Xiang, do you want to go in and hide?" Chen Xiang asked for Mu Qianxiang's opinion, he felt that it would be better if Mu Qianxiang entered the ring.

"Let's see what happens first. If it doesn't work out, then I'll go in." Mu Qianxiang had just left the forbidden grounds, she wanted to see how the outside world looked like. Even if it was this kind of Night Devil Hell, she wanted to see how terrifying it was.

Night suddenly descended, and in an instant, it had changed from day to night. At this time, Duan Ming brought Chen Xiang and the others and left the wasteland, entering a green forest.

[Chapter 1397](#)

Chen Xiang had already gotten used to it before, but it was the first time she heard such ghostly wails and wolf howls coming from all directions. After she heard it, her eyebrows immediately knitted together.

"Senior Duan, isn't a powerful Night Devil supposed to appear during the daytime? When I came in earlier, I saw a Night Devil and a Black Tortoise fighting in the daytime." Chen Xiang asked. If this place wasn't too dangerous, he would have definitely gone to the Bai Shan YUE to tell him some of the situation inside.

"That's right, the powerful Night Devil are no longer afraid of the sun, but the truly powerful Night Devils are all by the side of the Gates of Hell. If they want to be strong, they have to devour a large number of dead souls, and a large number of them will leak out from the Gates of Hell at every moment."

"They absorb the souls of the dead during the day, and at night, they come out to absorb the power of the Supreme Yin from the moon." Duan Ming said.

"Maybe this place has the Night Demon Emperor. Even if the Ten Heavens Supreme Lord is alive, it would be difficult to eliminate him. In the dark night, this kind of person is very strong."

Duan Ming's words gave Chen Xiang a big shock. He thought that the Night Devil's strongest possibility would be at the same level as the Bai Shan YUE, but he never thought that it would be an Emperor Level existence.

Every night, the Night Devil Hell would be so noisy. Mu Qianxiang had heard it from Chen Xiang before, and now she was gradually getting used to that kind of noise. It was just that she felt it was annoying.

Duan Ming had a very strong ability to conceal his presence. After all, he was a member of the Duan Clan, and it wasn't just him who was concealing his presence. He could also help Chen Xiang and Mu Qianxiang hide their presence, so that the Night Devils wouldn't sense him.

After they had advanced for more than two hours in the forest, they suddenly heard a sharp shout that sounded extremely terrifying, and the surrounding Night Devils also quietened down.

"Quick, look at the sky." Long Xueyi shouted.

Chen Xiang and the others were in the forest, the night sky was blocked by dense branches and leaves, and Duan Ming also seemed to have discovered something was going on in the night sky.

Chen Xiang and Mu Qianxiang couldn't help but exclaim when they saw the scene in the air.

The full moon in the sky was emitting a thick silver light, and that light was being devoured by something underground. Something was actually devouring the moon's essence at a terrifying speed.

"It's that group of hell's old devils. Only when we get closer will we be able to see this, so there should be a lot of Night Devil Kings nearby. These Night Devil Kings can absorb some of the energy emitted by them, so let's hurry up and leave this place." With Duan Ming leading the way, Chen Xiang and Mu Qianxiang were not attacked by the Night Devil, as he had the ability to prevent them from approaching.

Duan Ming brought Chen Xiang and Mu Qianxiang and hurried on their journey through the night. It wasn't until dawn broke and the sounds and Night Devil disappeared that they slowed down their footsteps.

As long as I don't get too close to those Hell Night Devil heads, there's nothing to be afraid of. I didn't expect to come out from the forbidden area and land on top of the Gates of Hell. It's so dangerous. Duan Ming did not finish his words. Chen Xiang and Mu Qianxiang also had lingering fears in their hearts.

"Senior Duan, after we leave the Night Devil Hell, what plans do you have?" Chen Xiang asked.

"Let's go to some of the old places. Maybe some of my old friends left some important messages behind." Duan Ming sighed, he had lived for a long time, but he did not know about his friends.

It was already dawn, but it would only take four hours. During this period of time, they would not hear those annoying Night Devil shouts, so Mu Qianxiang was in a good mood. Although the place was filled with evil auras that Night Devil had participated in, she still felt that the scenery here was not bad, especially the vast and endless sea and mountains, it made her feel shocked.

"There are people here, and there are a lot of them. They might be the Imperial Dragon Clan and the rest." Duan Ming suddenly sensed that someone was coming over.

"It's the Imperial Dragon Clan and the rest. They seem to have just arrived here, and are much slower than you." The divine soul that she had released was constantly roaming around her surroundings. As long as any powerful beings approached, she would immediately notify Chen Xiang.

"Do you want to meet with them?" Chen Xiang asked.

"Even if you didn't want to, they would have come anyway. They've already discovered us." Duan Ming said: "I never thought that they would be able to discover us, looks like one of them is a guy that can sense the presence of people around us;"

"That Phoenix Princess is also here. I never thought that he would actually be together with them. Previously, they wanted to eliminate that Phoenix Princess." Long Xueyi found it hard to understand. Phoenix Princess had already met with Phoenix King and should have already told this to her father.

But Imperial Feather Race was still with Imperial Dragon Clan and the others.

"Chen Xiang, it's indeed you, I didn't expect you to be here as well." Dragon Emperor and the others suddenly appeared, and all the surrounding trees were destroyed, exposing Chen Xiang and the others to the blazing sun. Moreover, they were surrounded by a large group of people.

When Chen Xiang saw Phoenix Princess, he immediately used the Sound Transmission Technique to ask: "Xue Ying, what's going on, why are you guys with this group of people?"

"I told my royal father about this, but he doesn't plan to fall out with the Imperial Dragon Clan here, and I don't understand what he means." Phoenix Princess hurriedly replied, then asked: "Why are you here too, who's the person beside you? Logically speaking, since we are walking at the very front, you shouldn't be able to come so fast."

"I'll tell you in the future, you better make sure that your Imperial Feather Race people don't do anything." Chen Xiang warned.

"Don't worry, my royal father has promised me that he won't make a move against you. Right now, he will only watch from the side." The Phoenix Princess said.

Mu Qianxiang looked at the people around her with a pair of curious eyes. Previously, Chen Xiang had told her a story about the Imperial Dragon Clan and the Imperial Feather Race, and she quickly recognized that those were the Imperial Dragon Clan's people. When she saw the Phoenix Princess, she immediately recognized them as well, because Chen Xiang had also told her about the Phoenix Princess's appearance.

Duan Ming now believed Mu Qianxiang's words. Previously, Mu Qianxiang said that Chen Xiang was very strong outside, and that he was a famous person.

"What does my presence here have anything to do with you? Does this Night Devil Hell belong to your Imperial Dragon Clan?" Chen Xiang sneered: "However, I am truly surprised that you all made it here alive. You guys aren't as weak as I imagined."

This group of people had yet to go to the Wasteland, they had only just arrived, but they were almost there. Chen Xiang didn't want to remind them that they originally brought several hundred thousand people, but now, they only had a few thousand left.

"Chen Xiang, it's impossible for you to escape now. Obediently hand the thing over." He Feng said angrily, Chen Xiang had snatched away his Immortal Sword twice, and every time, he would cut off his arm.

#### [Chapter 1398](#)

Devil-suppressing Divine Palace and Fire Divine Palace also regarded Chen Xiang as their number one enemy, because their Immortal Kings had all been killed by Chen Xiang.

There was even less of a need to talk about the Dragon Emperor. Because Chen Xiang had cut off his arms, his two most outstanding sons were killed by Chen Xiang, and most importantly, Chen Xiang was with a white dragon. To the Imperial Dragon Clan, the white dragon was equivalent to a seed that could exterminate their entire clan.

"Let me do it. You guys watch over him and don't let him escape. After we capture him, we can discuss how to deal with him." At the same time, the Immortal King of Imperial Dragon Clan and the Imperial Dragon Clan were also on guard. Those traitors were also on alert, but the people of Imperial Feather Race had no intention of interfering, and retreated to the side to watch.

The moment Dragon Emperor took a step forward, Duan Ming frowned, the moment he released his aura, Dragon Emperor could not help but to retreat, the people around him also retreated, their faces filled with terror.

Duan Ming did not look at the Dragon Emperor s, but rather at those Heavenly Passing Immortal Country s and sage realm Immortal Country s. The ancestors of these powers had all betrayed the Ten Heavens Supreme Lord at that time, and the cultivation techniques they were cultivating in now were all taught to them by the Ten Heavens Supreme Lord.

"You must be from the Feng Clan." Duan Ming looked at a middle-aged man, his voice filled with killing intent.

"That's right, what do you want to do?" The middle-aged man knew that Duan Ming was very strong, but he thought that they could take him down together. After all, he had never seen such a strong existence, so even if there was one, it wouldn't appear so easily.

"Then, in place of your ancestors, apologize to the Emperor." Duan Ming's voice was ice-cold. When he swung out his palm, a bolt of purple lightning suddenly appeared. With a "pa la" sound, it struck the body of the Feng Clan Immortal King, immediately turning the middle-aged man into a bloody mist.

With an Immortal King dead just like that, everyone present could not help but open their mouths wide in fear.

"Who are you?" Seeing Duan Ming's strength, he knew that he would not be able to catch him.

"He once followed a small fry in the Ten Heavens Supreme Lord." Duan Ming glared at one of the Immortal Kings of Zi Yue Immortal Country. He was the strongest Immortal King of Zi Yue.

Seeing his expression, the Immortal King Zi Yue's heart chilled. He turned around and ran, he knew that this man was very powerful, even the Dragon Emperor would not be able to deal with him.

Right at the moment he turned around, Duan Ming let out a cold snort, and shot out another purple lightning, turning it into a bloody mist.

Another had been killed.

Now, everyone knew that this person had once followed the Ten Heavens Supreme Lord. To be able to live from that time to now, no matter how weak he was, he was still stronger than them.

The fact that the ancestors of the Heavenly Master and sage realm Immortal Country had betrayed the Ten Heavens Supreme Lord had been spread out in the next nine days. It was not a secret, but it was also a very normal thing for them to be retaliated against the loyal subordinates of the Ten Heavens Supreme Lord.

Duan Ming hated these traitors to the bone. When he heard Chen Xiang mention them, he did not feel anything, but when he met them in person, he felt an indescribable rage, especially when he saw that the descendants of these traitors were still learning the skills Ten Heavens Supreme Lord had painstakingly created for them.

The descendants of this group of ungrateful traitors caused Duan Ming's murderous intent to rise.

Dragon Emperor did not stop him either. He only glared at Chen Xiang, because he knew that Chen Xiang had escaped another calamity.

"Senior Duan, something is coming." Chen Xiang said in a deep voice. His voice was heavy.

After Chen Xiang finished speaking, Duan Ming took action again, releasing his berserk purple Thunder power, killing one of the Immortal Kings of White Sea Immortal Country.

When he killed the third person, the other traitors all fled. No one wanted to die.

Long Xueyi kept urging Chen Xiang to tell him that there was a strong aura approaching.

"It's the Night Devil." Duan Chong looked into the distance.

The Night Devil that appeared during the day was a very powerful being. As the Night Devil drew closer, Chen Xiang and the others could also clearly feel the oppressive evil aura that emanated from him.

"Run! It's not just one, it's a group!" Duan Ming grabbed onto Chen Xiang and Mu Qianxiang.

Chen Xiang sent a sound transmission to the Phoenix Princess, "Quickly let your father carry you and flee. It would be best if he followed us.

This made Dragon Emperor and the rest startled, they did not expect that the powerful Duan Ming would suddenly escape.

At this time, the Phoenix King had already brought along the Phoenix Princess and their companions to follow behind Duan Ming, using their fastest speed to escape from this place.

"Let's go as well." Although the Dragon Emperor did not know what was coming, something that Duan Ming was unable to deal with must definitely be very powerful.

"I can deal with even a group of people, but you guys can do it, so it's better to just hide. This place is close to the Gates of Hell, so it's not strange for there to be a group of people like this." Duan Ming said.

"He's catching up." Long Xueyi shouted in shock.

Chen Xiang turned his head and saw that there were indeed dozens of things that looked like humans. It was just that they had a pair of gigantic wings on their backs, the kind of wings that looked like a bat's.

"This fellow evolved from the souls of the dead. He's already like a human." Duan Ming explained.

"So you're saying that they are equivalent to reincarnated? They are in the same state as you, Scattered Immortal." Chen Xiang asked.

"No, they do not have the Scattered Immortal Calamity, and their spirits are incomplete, so their memories are very complicated. But since they have evolved so close to each other, they have already gained an extremely high level of intelligence. A large group of people followed behind Duan Ming. Only a small part of the large powers followed along, and those traitors left.

Back then, Chen Xiang had seen this kind of bat demon fight with a human shaped Black Tortoise in the daytime. It was extremely powerful, and if it was attacked by a group of humans, both he and Mu Qianxiang would be in danger.

Duan Ming remembered the road here. They had all taken safe routes and very quickly, they entered a crevice in the ground. This road was one that Dragon Emperor had walked on.

It took them three days to get out of the crevice and reach a large river.

"Haha ..." The great river suddenly began to churn, the sky reverberating with ferocious and sharp laughter.

"Don't even think about escaping." A few black figures suddenly came out from the river and surrounded Duan Ming and the others. In that moment, Chen Xiang put Mu Qianxiang into the ring.

"Bat devils, it wasn't easy for you to grow to this level. You don't want to die just like that, right?"

Duan Ming looked at the five powerful Night Devil standing around him. Their bat wings could be stored inside their bodies, but they were currently wearing a set of black furry clothes. It was unintentional for them to be thrown into the sea of people, making it difficult to tell that they were Night Devil.

Duan Ming used the Thunder power, which even the evil demons were afraid of. At this moment, the top of Duan Ming's tightly clenched fists were flashing with purple electric threads, the berserk Thunder power made people feel that he was like the Mother of Lightning, able to release extremely terrifying lightning.

These powerful Night Devil who had caught up only surrounded Duan Ming, because Duan Ming was the strongest. Now that they had surrounded Duan Ming, they regretted it a little, because Duan Ming's strength was much stronger than they had imagined.

Dragon Emperor and the rest had already returned along the same path, and disappeared from Chen Xiang's sight, causing Chen Xiang to feel extremely unhappy. He really hoped that group of people would all die.

"Are you going to approach our territory?" A strong Night Devil suddenly said, his voice was gentle, but his tone was gentle, as though he did not want to fight with Duan Ming.

None of them were stupid. If they were to fight with Duan Ming here, they would be the ones to die.

"No, we were just about to leave. Can't you see that we are escaping?" He was afraid of trouble. If he killed these few strong Night Devil, maybe those Hell Night Devil outside the gates of hell would come out. The consequences would be unimaginable.

"Then what are you doing here? Isn't your purpose not to enter our territory?" Their territory was equivalent to their own sacred grounds, if anyone approached them, no matter what price they had to pay, they would have to stop them.

"We came out from another place. We really did land in your territory, but it was only us. That group of people that ran away were not us. They had a map, and they came in accordance to that map." Duan Ming told the truth to the Night Devil s.

"Don't tell me you came from the forbidden area?" After the Night Devil finished speaking, he anxiously took a few steps back, as though he was facing a great enemy.

"You know the forbidden area." Duan Ming asked curiously.

"That place has caused the deaths of many of our most outstanding companions. How could we not know about it?" The Night Devil had a stern expression. All the people that could come out of the forbidden grounds were powerful, so they were even more afraid of Duan Ming.

Duan Ming laughed: "Now you can let us go, I do not want to become enemies with you guys, we have stayed in the forbidden grounds for too long, I just want to leave quickly."

"One more thing. I hope you can answer me." The Night Devil said.

"Ask. If I can answer, I will." Duan Ming said.

"Is Ten Heavens Supreme Lord's tomb inside?"

Even Chen Xiang was curious about that Night Devil question, because that Samsara Valley was too powerful. With Duan Ming's current strength, he wouldn't be able to enter.

Duan Ming frowned and sighed: "I don't know either, I once suspected that it was the Samsara Valley in the forbidden grounds, but I can't confirm, that year, the Great Emperor calculated that he would die, and so he prepared everything long ago. At that time, I was still too weak, so I was unable to find out the core secrets."

"You may leave." When the Night Devil heard that Duan Chong was a person who survived that period of time, he did not dare to stop them for too long and immediately let them go.

These Night Devil s' duty was to guard this place, but they usually stayed deep underground. It was because when Duan Ming killed the big heads from the traitorous powers, those big heads' death caused a huge amount of resentment, which then alarmed these Night Devil s.

The four Night Devil s had called the other strong Night Devil back. They could not leave this place, they only wanted to ensure that the strong humans did not approach.

She didn't expect that everything would be fine so quickly after Mu Qianxiang came out of the ring.

"They didn't dare to provoke me, so they let me go. It looks like these Night Devil are afraid of death." Duan Ming laughed.

Duan Ming and the others quickly caught up to the people in front of them. They were just the Imperial Feather Race, but when they saw that Duan Ming was not stopped by the Night Devil, they used a secret technique to escape, afraid that Chen Xiang would order Duan Ming to attack them.

"Are you guys okay?" The Phoenix Princess asked.

"It's fine for now, but I have to leave this place as soon as possible. The strongest Night Devil in here is very scary." Chen Xiang replied.

Seeing Chen Xiang and Phoenix Princess talking like this, he knew that they knew each other, and that they were more familiar with each other.

"Thank you." If not for Chen Xiang and the others, they would not have had much luck.

"You're welcome." Duan Ming said: "It's rare for your Imperial Feather Race to have two phoenixes, to both die here at once, which is a loss to Jiu Jiu. Although you guys have the ability to rebirth, it's not feasible to live in that place, unless you guys are very strong."

That place was a Gates of Hell, and the Night Devil there were all experts in the power of death. The two phoenixes of the current Imperial Feather Race were so young, those Night Devil s could prevent them from rebirth and exterminate them immediately.

The Phoenix King was silent. After thinking for a moment, he turned into a huge phoenix and used a few escape techniques to escape, taking his group of Imperial Feather Race comrades with him.

"Their ancestors were trying to harm them by making them come to this place to die. If the Night Demon Emperor was really born there, perhaps he wouldn't even dare to act rashly in Great Yan Jing for ten days." Duan Ming shook his head and laughed, "That fellow from the Imperial Dragon Clan actually called himself the Dragon Emperor. Truly shameless, the real Dragon Emperor had once defeated the Ten Heavens Supreme Lord."

This was the first time Chen Xiang had heard of this.

"Really, why is the Dragon Emperor not as famous as the Ten Heavens Supreme Lord?" Chen Xiang asked anxiously.

"That Dragon Emperor is more stupid. After being poisoned by their own sinister dragon, the Dragon Emperor bloodline was massacred." Duan Ming said.

"Your whole family is idiots." Long Xueyi scolded from inside the ring.

Chen Xiang had already guessed that the Dragon Emperor should be the ancestor of the White Dragon Clan, which was why the current Long Xueyi hated the current Imperial Dragon Clan so much. The current Imperial Dragon Clan was equally afraid of Long Xueyi's revenge, and they were well aware of the White Dragon's potential, which was precisely because the White Dragon had extremely terrifying potential and innate strength.

It only took more than ten days to get out of Night Devil Hell. On the way, they actually saw that silver-white mountain, which was the Devil-killing Summit.

#### [Chapter 1400](#)

Chen Xiang had asked Duan Ming before, but he did not know anything about the Devil-killing Summit.

This Immortal palace was very close to the Night Devil Hell. The group of powers that entered the Night Devil Hell earlier all returned with heavy casualties, especially those Heavenly Master Immortal Countries and sage realm Immortal Countries. There were actually no survivors, and Chen Xiang had also entered the Night Devil Hell.

After Mu Qianxiang entered the immortal palace, she felt a sense of novelty when she saw the outside world., who had changed his appearance, was currently shopping with her, and in order to not attract attention, Chen Xiang asked Mu Qianxiang to cover his face with his veil, because even the powers in Imperial Dragon Clan and the others had seen him together with Mu Qianxiang.

Chen Xiang knew that Mu Qianxiang liked to eat, so he brought her to a street that was filled with food shops on both sides. He ate from the end of the street to the end of the street, and then he ate again when he was back, which made Mu Qianxiang very satisfied.

After Duan Ming came to the Immortal Palace, he asked Chen Xiang for two million Spiritual crystal as the teleportation fee, and then left. Before leaving, Chen Xiang had ordered a set of communication scrolls with him, which he could leave behind in some conspicuous places in the large immortal palaces for communication purposes.

"Elder Brother Shen, do you have a lot of Spiritual crystal? They left really quickly." In the past few days, Mu Qianxiang had bought a lot of things, wore the most, and ate the most. Furthermore, they were all very expensive.

"We'll earn it after we go there. I'm from Alchemist, so I can just patiently refine a few pills, but I need to save some teleportation fees. It's easy to earn Spiritual crystal only by going to those great immortal palaces." Chen Xiang said.

Mu Qianxiang allowed him to obtain the Phoenix Fruit, the divine cauldron's lid and the Ground killing, so no matter how many Spiritual crystal he spent on her, he wouldn't feel heartache.

The strange new feeling of eating, drinking, and playing had already started to fade in these few days. Now, she also planned for her own life, and she didn't want to always cling on to Chen Xiang, especially since she knew that Chen Xiang was a big name in the Heaven Realm. She gradually began to understand that if she followed Chen Xiang, she would only implicate him.

"I want to go to the Hundreds of Flowers Immortal Country to take a look. I wish to join a force in order to earn my own Spiritual crystal. I also wish to have a good place to stay." Mu Qianxiang said. At this time, they were enjoying a sumptuous meal in the hotel room.

"Alright, but before you go to Hundreds of Flowers Immortal Country, I need to help you get a good Immortal Sword. I promised you that I would." Chen Xiang smiled as he looked at Mu Qianxiang, who was currently devouring his food.

Previously, Mu Qianxiang thought that it would be easy to obtain high quality Immortal Swords in the Heaven Realm, but after coming here, she had the concept of Spiritual crystal, so she knew that those high quality Immortal Swords were extremely precious. This was because when Chen Xiang brought her to a few weapons shops, those average Immortal Swords were all sold very expensive.

"There shouldn't be many Spiritual crystal left." asked softly. Previously, she didn't know that Spiritual crystal were hard to earn, so she spent it like flowing water, but now, she had a certain concept, and knew that over the past few days, she had used a lot of Spiritual crystal, especially in food.

Hearing that Mu Qianxiang was going to leave, Long Xueyi was a little reluctant, because she had eaten very well these few days.

"You don't have to worry about that." Chen Xiang did not have many Spiritual crystal now, but he was not worried either. He had already thought of a way to prepare the Spiritual crystal.

"Then what immortal palace are we going to next?" Mu Qianxiang asked.

"To the Human King Immortal Country, my wife is there. Furthermore, she is a refiner and wants to buy immortal swords or something like that. Of course we have to find someone who knows where to find them. She should have her own skills." Chen Xiang laughed: "Didn't you say that you really want to see my wife?"

"Really? Aren't you afraid that she'll be jealous?" Mu Qianxiang mischievously smiled.

"Not afraid." Chen Xiang was very confident, because Xue Xianxian had a good temper and was very open-minded. Furthermore, he and Mu Qianxiang did not have that kind of relationship, but their relationship was very good, like a good friend and good brother.

"Oh yeah, I heard that you have a little sister, and she's a white-haired beauty. Is she in Human King Immortal Country as well?" This was what Mu Qianxiang had heard from others when they were talking about Chen Xiang.

"She's my recognized sister, she's not in the Human King Immortal Country right now." Previously, he had let Long Huishan borrow Leng Youlan's sword because he was worried that the Imperial Dragon Clan would find out that Leng Youlan had White Dragon Vein.

"recognized sister, can I also be your recognized sister?" Mu Qianxiang's beautiful eyes flashed, and asked anxiously.

Seeing Chen Xiang hesitating, Mu Qianxiang hurriedly said in a spoiled manner: "Elder Brother Shen, I've already called you big brother ... Besides, I don't have any relatives right now. "

"You wild girl ... I have three little sisters now, it would be too boring if you were to become my recognized sister again. " Chen Xiang laughed.

Mu Qianxiang chuckled, "Being your recognized sister can also be your wife ... So it turns out that you had no good intentions in accepting recognized sister. "

"Stupid girl, don't let your thoughts run wild." Chen Xiang glared at her, and said: "You've already called me big brother, how can I not recognize you as my little sister? When the time comes, I'll bring you sisters together."

Mu Qianxiang also knew that Chen Xiang would not reject her, and she was also very happy at this moment: "Brother, other than Sister You Lan, who else? No one else seems to know."

My other two younger sisters are all very gentle. One of them is called Dongfang Jing, and is currently with her aunt, I don't know where she is now, and the other is called Shen Lingling, currently she should be at the Dragon Immortal Palace with You Lan ... Oh right, the Female Dragon King of the Long family is my big sister. If you have any difficulties in the future, you can go and find her.

"Definitely." Mu Qianxiang laughed. She would definitely return if she had anything to eat, not to mention that there were three sisters who he had never seen before.

"You have to give me some of the keepsake, or else if they don't believe me, I might meet them in the future." Mu Qianxiang said.

Chen Xiang took out a jade tablet, and placed his own mental imprint on it. "If they don't believe me, I can just let them see."

"Brother, and that crazy master of yours, I've also heard others mention him before, I heard he's very powerful." Mu Qianxiang asked curiously.

If you can find him, then tell him that you are my recognized sister and eat him ruthlessly. My cooking skills are taught by him, and he always carries a lot of precious beast meat with him, all of which are very rare, so dragon meat is nothing to worry about. Chen Xiang laughed.

Subsequently, Chen Xiang told Mu Qianxiang about the special characteristics of the sword when he was in hiding in detail.

Chen Xiang was worried that Mu Qianxiang would clash with some of his friends and acquaintances in the future, so he told her about it to some of the people he knew so that she wouldn't cross the line with them. After all, the title of Mu Qianxiang as a wild girl wasn't for nothing.
