

## Dan God 1431

### [Chapter 1431](#)

Just a while ago, a dragon had died here, and the people from the Imperial Dragon Clan came here was also something that Chen Xiang and the others had expected. With Duan Ming here, Chen Xiang was nothing to be afraid of.

Imperial Dragon Clan had also entered the Evil Divine Palace. They had come here with a lot of dragons, around thirty of them. After Chen Xiang kept the divine cauldron, he saw a group of benevolent dragons running over, with Dragon Emperor right inside.

They saw Chen Xiang, and also saw Duan Ming.

Back then, when they were still in Night Devil Hell, Dragon Emperor had witnessed Duan Ming's strength and knew that Duan Ming was a very powerful human. However, he was not afraid now, because this time, an old dragon from the Imperial Dragon Clan had followed them here.

That old dragon was very strong. Long Xueyi and Long Huishan immediately sent a sound transmission to Chen Xiang, telling him to be careful of that old dragon.

A dragon had died here, and Chen Xiang and the others were also present. When Dragon Emperor arrived, he immediately thought that Chen Xiang and the others had killed it, and became furious.

"Chen Xiang, it's you guys again." Dragon Emperor roared, the golden armor shook, and an angry dragon qi surged out from the cracks in the armor, releasing waves after waves of golden light.

"So what if it's us? Could it be that this Evil Divine Palace is yours, and doesn't allow us to appear here?"

Long Huishan and the rest had already rushed to Chen Xiang's side, to prevent conflicts from breaking out, so that they could take action in time.

"Did you just kill a dragon here?" Dragon Emperor asked angrily.

"No, before we came, that dragon was already dead. Can't you see how gray the ground is? It should be that dragon's ashes." Chen Xiang said.

But Dragon Emperor did not believe him. The dozens of dragons were filled with righteous indignation, and it seemed like they were going to attack him.

"This is real. There were originally nine suns in the sky, and one of the profoundyang Fire Crow turned into that of us. When we came here, we were attacked by the profoundyang Fire Crow, so that dragon of yours should have been killed by the profoundyang Fire Crow." Yan Shan said as he walked out. His Sacred Source Ancient Realm was a neutral power, so his words had quite the weight.

"In the end, the profoundyang Fire Crow was sealed by Chen Xiang's divine cauldron, and all of you saw that divine cauldron just now."

The Dragon Emperor and the others thought that Yan Shan's words were not wrong. Their dragon had died a long time ago, but there was an intense battle just now, and there were still remnants of ice energy at the scene. They also discovered that Long Huishan also had a very powerful old ice dragon.

The Imperial Dragon Clan's dragon was only slightly weaker than the Dragon Emperor. If one wanted to kill it, there was no need for Duan Ming and the old ice dragon to join hands and attack it.

However, with Chen Xiang here, no matter what, they had to get back at him for something. Furthermore, they saw Chen Xiang's divine furnace just now.

The Divine Cauldron had the functions of defense, attack and smithing. This sort of multi-purpose Divine Equipment was extremely precious, it could even be said to be more precious than Green dragon demon-slain broadsword s, maybe the Green dragon demon-slain broadsword was also refined from this Divine Cauldron.

"Then hand over the profoundyang Fire Crow. We need to avenge our fellow countrymen," Dragon Emperor said as he looked at Chen Xiang.

"Why should I give it to you, I finally managed to catch it. Moreover, this profoundyang Fire Crow is so precious, even if you say that you will give it to me, you guys might still be able to tame it."

Chen Xiang snorted, although he was currently unable to handle the profoundyang Fire Crow, but he would eventually think of a way to unearth the value of the profoundyang Fire Crow.

"If I don't give it to you, do you want to rob it?" Long Huishan laughed coldly: "If you have the guts, come at me. I want to see if you have the ability to snatch the profoundyang Fire Crow away."

Duan Ming had already revealed his divine sword, "I have no enmity with Imperial Dragon Clan, but if you want to deal with my friends, don't blame me for being rude."

Dragon Emperor took a few steps back and came to the side of the old holy dragon. It seemed that they were communicating with each other through sound transmission, but what worried Chen Xiang was that the old holy dragon, Dragon Emperor and a few dragons would look at Leng Youlan from time to time.

Chen Xiang had the help of the White Dragon and also obtained a lot of Dragon Clan's inheritance. This was a matter that everyone knew, but no one knew where the White Dragon was.

However, after their investigation, they felt that Leng Youlan was very good, because a long time ago, there was an example of a person with white hair being born after the fusion of a white dragon and a human.

Leng Youlan was Chen Xiang's recognized sister. If she had the inheritance of knowledge from the White Dragon clan, passing it down to Chen Xiang was a very normal thing.

The White Dragon was the Imperial Dragon Clan's nightmare. Even the humans who possessed White Dragon Vein posed a huge threat to them.

Chen Xiang clenched his fists tightly. He felt that Leng Youlan was already under threat, but he didn't have the absolute strength to fight against the Imperial Dragon Clan.

"Let's go." After Dragon Emperor and the others left, Chen Xiang and the others heaved a sigh of relief. If they were to fight, this battle would definitely be very tragic and fierce. Now that they were still in Evil Divine Palace and danger lurked everywhere, both sides did not want to suffer any losses.

"Sis, they should be able to see that there's White Dragon Vein in Youlan's body now. You should pay more attention in the future, don't let Youlan run around." Chen Xiang whispered to Long Huishan.

Long Huishan had also detected it just now, so she replied: "I understand, looks like I have to make You Lan stronger quickly so that she can be safer."

Duan Ming said, "This group of Emperor Dragons are not stupid. They know that fighting here is not good for anyone. Right now, the most important thing is to leave this damned place."

Everyone hurried, they said that the direction they were going, was closer and closer to the sun, and the sun was formed from an ancient beast, so it was very powerful, and Chen Xiang's divine cauldron could not be opened either, if not the profoundyang Fire Crow would run out.

"If I still encounter those powerful ancient beasts, I'll have to fight to the bitter end." Duan Ming had already made his preparations. He was a Scattered Immortal, and although he was strong, the Ancient Beasts were existences that could become Holy Beasts in the Ancient Era. They were already very strong, so it was not bad that he could fight them evenly.

As they were talking, everyone suddenly felt the temperature drop a little bit. They looked up and saw that a sun had disappeared.

This situation meant that the sun had turned into an ancient beast and was currently in battle.

Who fought with that ancient beast?

"Is it the Imperial Dragon Clan's group, but they don't seem to be heading in this direction." Long Huishan said: "Seems like quite a few powerful forces have entered the Evil Divine Palace."

"Who knows, maybe everyone who enters the Evil Dragon Mountain Range will enter." Yan Shan said, he frowned as he looked at the bright light ahead, that should be the place to fight.

Everyone was puzzled. There must have been a huge commotion from the intense battle in front, but it seemed so calm now.

"I seem to have seen that before ..." Yan Shan muttered.

"What is it?" Chen Xiang asked anxiously.

"That glowing object seems to be a divine tool used by our Sacred Source Ancient Realm's Domain Lords. Its name is the Evil Suppressing Pagoda of the Nine Suns, and it was left behind by the ancestor of our Sacred Source Ancient Realm." Yan Shan said.

### [Chapter 1432](#)

The Sacred Source Ancient Realm also had a long history. Otherwise, they wouldn't have become a very powerful force, and even established a good relationship with many powerful forces.

Just when Yan Shan was unsure, a strong golden light flashed from far away. A giant golden pagoda appeared, and pressed down fiercely.

"It really is the Domain Lord, this is the Nine Yang Suppressing Evil Pagoda. I didn't expect it to force the Domain Lord to use his strongest power, I wonder what kind of ancient beast he encountered." Yan Shan said.

"Come, let's go take a look. It seems like that ancient beast isn't easy to deal with either. Let's go and help." said. He was quite excited to meet a strong human warrior, although the old ice dragon was very strong, it was not a human after all. It was not easy to compare the two.

Duan Ming was the fastest, he disappeared in the blink of an eye. The old ice dragon did not leave, he wanted to protect the people here and follow the group.

"There's someone ahead." Long Huishan saw a group of people walking towards them and immediately stopped.

"Isn't that Luo Yitao?" Long Xueyi said: "This guy recovered so quickly, looks like your punch isn't heavy enough."

That day, Chen Xiang's punch had completely disfigured Luo Yitao, and he hated Chen Xiang to the core.

"Brother, this fellow is Luo Yitao, right? Master is already engaged to him, I heard about what happened last time you were outside the Divine Sword Palace, this kind of fellow is asking to be beaten up, I've long heard that he's not a good guy, and he still wants to marry Master."

Leng Youlan had always been complaining about this matter, and she had also asked about Luo Yitao's matter.

Luo Yitao's cultivation was much higher than Chen Xiang's, he was at the late stage of Immortal Monarch, but he was beaten up by Chen Xiang until the ground was covered in teeth. This matter had already turned him into a laughingstock, when he saw Chen Xiang from afar, his anger surged, and he rushed over with killing intent.

Chen Xiang also saw Liu Zongyu and Song Ying. Liu Meng'er and Xue Xianxian did not stay by their side, causing him to worry.

Seeing that Luo Yitao had such a strong killing intent, Yan Shan immediately walked forward and stood in front of Chen Xiang. He was not afraid of Luo Yitao, Sacred Source Ancient Realm and Heaven Sword City both had a large amount of refining materials, but the people of Sacred Source Ancient Realm were much older than him and their strength was also much stronger.

Seeing Yan Shan suddenly standing out, Luo Yitao knew that Sacred Source Ancient Realm was protecting Chen Xiang.

"Yan Shan, get out of the way." Luo Yitao roared: Chen Xiang, come out and fight with me fair and square.

Chen Xiang said: "I also want to fight him fair and square, but I am only at the Late period of human immortal and you are at the late stage of Immortal Monarch.

"Brother, I'll go out in your place. I'm already a Immortal Monarch, if I go out to fight, I'll castrate him and see if he still dares to marry my master." Leng Youlan took out her large sword and stabilized the armor on her body.

After Luo Yitao heard this, his anger rose even higher. This was because a woman actually arrogantly said that she wanted to castrate him, and if he didn't take it out on her, how would he meet others in the future?

"Where's Xianxian and the Elder Sister Meng'er?" Chen Xiang did not care about Luo Yitao, and anxiously asked Liu Zongyu and Song Ying.

Song Ying knew that Chen Xiang was worried about him and smiled with gratitude. "They have met Warm Moon and that foolish girl, so they did not plan to come.

Dongfang Xinyue and Dongfang Jing were together, and Chen Xiang had also heard of their whereabouts in the hall before, but he didn't receive any news as they had never thought that they would also be here. He really wanted to meet Dongfang Xinyue and Dongfang Jing.

"It's good that they didn't come. This Evil Divine Palace is very dangerous." Chen Xiang let out a light breath.

After Leng Youlan, who was shouting about fighting at the side, heard this, he said with a face full of regret: "It's such a pity, I also want to refine equipment with them. I really want to quickly leave this damned place."

"It's alright. After we get out, we, the Sacred Source Ancient Realm, can provide you with some ingredients to refine." Yan Shan laughed.

"Your senior brothers haven't come yet, but they said that they would come here to take a look. I really hope they don't come in." Liu Zongyu said.

Luo Yitao, who was ignored by the masses, was enraged to the extreme. He stayed in the Heaven Sword City all day as if he was a star but here, he did not even have a single root. No one even looked at him directly.

"Chen Xiang, I was unprepared that day, so I fell for your trick. Luo Yitao shouted in anger.

"I remember that you were the one who sat there foolishly and let me beat you up, that's why I had the chance. But if I were to fight face to face right now, I wouldn't be able to beat you, and I wouldn't be able to admit defeat here." Chen Xiang didn't have the mood to fight him right now, he needed to preserve his strength to deal with the sudden critical situation inside the Evil Divine Palace.

"I can beat him, bro, just let me beat him up." Leng Youlan pleaded. Even though she was very reckless, she was very obedient in front of Chen Xiang and did not dare to be rash.

Leng Youlan stood at Chen Xiang's back and shouted at Luo Yitao: "Come and fight me, you can't even beat me, so don't even think of defeating my brother, and don't even think of marrying my master."

Chen Xiang looked at Long Huishan, and Long Huishan nodded to him. had stayed with her for a period of time, and had received Long Huishan's training for the Draconians, so her potential had been stimulated a lot.

"Then she can go. I also want to see how strong she is right now, and how well she's mastered the White Dragon's inheritance." Long Xueyi said: "With me here, I can guarantee that not a single hair on her head will fall off. She is also my good sister."

"Little girl, shut up. Not to mention you, even you siblings along with Liu Meng'er and his disciple are not my match." Luo Yitao said very arrogantly.

The Dragon Emperor is also here, so if you have the guts, go and chop off his arm. The Dragon Emperor even brought a few small dragons with him, if you have the guts, go and kill an old lady.

"Forget about the Imperial Dragon Clan, even if it's the Fire Divine Palace and the Devil-suppressing Divine Palace, my brother would still kill a strong Immortal King and you could try to kill him. Even if you can kill him, your father, your grandfather, and your grandfather won't be able to protect you."

"My brother doesn't want to fight with you, because in his eyes, you are just a pile of dog shit. Whoever has nothing better to do will fight with a pile of dog shit."

Chen Xiang secretly sighed, Leng Youlan's ability to scold had always been valiant, furthermore, she could not do it often, so she could only move her mouth.

"You ... "Damn girl, good, you, you're very strong aren't you? Fine, I'll defeat you today and let you see my strength. If I lose to a little girl like you, I'll give you the newly forged Holy Sword."

Luo Yitao took out his divine sword, which was crafted by the Divine Sword Palace, of the type that was slim, Leng Youlan naturally looked down on it. But as a Refiner, she naturally knew that this divine sword was the most expensive one.

#### [Chapter 1433](#)

"Bro." Leng Youlan yelled in a spoiled manner.

"Go. Be careful. Also, you must win back his holy sword. Otherwise, don't say that you're my sister from now on." Chen Xiang smiled and pinched her face.

Leng Youlan immediately said with excitement: "Don't worry, I will definitely teach him a lesson and let him know that he can't accompany Elder Sister Meng'er."

When she was speaking, Leng Youlan looked at Chen Xiang with a gaze that carried a deeper meaning. She already understood the relationship between Liu Meng'er and Chen Xiang.

Song Ying and Liu Zongyu helplessly looked at each other, then stood far away. They knew Leng Youlan's personality very well, Leng Youlan had stayed in Human King Immortal Country for a period of time, but she never thought that Leng Youlan's strength would increase so fast, to the point he even dared to challenge Luo Yitao.

Amongst the people who came with Luo Yitao just now, there were a few elders and youths from Heaven Sword City. Dai Yongcheng from Divine Sword Palace was also here.

"Hmph. You only have a middle-grade Immortal Sword right? Doesn't your sworn brother have many powerful weapons? He won't even give you a single one. It seems like he really doesn't care about you." Luo Yitao looked at the big sword in Leng Youlan's hand. Although it looked very domineering, it was only a middle grade immortal equipment.

Don't you know that I am a Refiner, a weapon that was forged by Refiner himself. Although the sword in my hand is not a high-grade weapon, it was created by me using my own blood and sweat, and in my heart, I feel that it is stronger than any divine weapon.

Leng Youlan said sarcastically, "From the collection of materials to the production of the cauldron, they were all completed by me alone, and I have never relied on anyone. So what if you have the Holy Sword, and it was not bestowed to you by the person behind you, what kind of ability is that, your life is just good, not to mention that you can't bring out the power of the Holy Sword, in my eyes, you are just slightly stronger than those pieces of metal."

"You sharp-tongued girl, I'll see if your strength is as strong as your mouth right now." Luo Yitao's entire body was originally filled with rage, he could not win against Leng Youlan in a bickering match, but in terms of strength, he had absolute confidence.

Luo Yitao stomped her foot, and fiercely jumped forward, the Holy Sword in her hand released a cold Qi, bringing an extremely strong killing intent, she pierced towards Leng Youlan's neck like lightning.

"You foppish little b \* tch, let's see how long you can be so arrogant for." Seeing Luo Yitao's sharp sword coming towards him, Leng Youlan slapped his hand in disdain, causing the holy sword to emit a buzzing sound.

Luo Yitao was of the late stage of Immortal Monarch. Although he was a little arrogant, he and He Feng were pretty much the same in terms of strength, so when he got serious, he was still very scary. And the power of that sword also proved that Chen Xiang could still think about it, but it was very powerful.

However, Leng Youlan casually opened it with a palm. Leng Youlan, who usually looked rather crude, did not think that he would be so focused, because the place she had struck just now was just enough to disperse the energy that had condensed on top of the Holy Sword.

From the very beginning, Leng Youlan had been carefully observing the [Holy Sword] in Luo Yitao's hand, and had even delved deep into its internal parts to analyze the [Holy Sword]'s weakness, and had indeed been found by her. After all, she had read that "Divine Book" before with Liu Meng'er and Dongfang Xinyue, and there was a large amount of profound formations and refining related things inside, moreover she herself had the White Dragon inheritance so digesting those things wasn't too difficult for her.

Luo Yitao felt the power on his own Holy Sword being scattered by a palm. The remaining power was not enough to break Leng Youlan's defense, and he anxiously took a few steps back, just in time to avoid Leng Youlan's heavy sword. If he did not dodge quickly, he might have been struck in the throat.

Leng Youlan's sword was very long, almost as tall as her, and she was also wearing armor, making her look more imposing and sturdy. Although that Luo Yitao was as tall as her, when compared to her, he looked somewhat small and small.

"Haha ..." I didn't expect you to cultivate the Innate Qi of Ice Magic. " Leng Youlan laughed.

"So what?" Luo Yitao laughed coldly, "Don't think that just because you used your flames that you can suppress my frost Innate Qi. The cultivation method I cultivate is close to the existence of a divine art, it's a Saint-rank cultivation method."

"So what? My cultivation technique is still Icewind magic kungfu, but I never brag about it with others." Leng Youlan's large sword suddenly trembled, and waves of frost appeared on it.

Leng Youlan could cultivate the cold energy of ice and fire at the same time, and she seemed to have reached the stage where she was compatible with ice and fire.

Song Ying also understood the Icewind magic kungfu, which was something she had passed on to Liu Meng'er.

"Don't be complacent." Luo Yitao blamed himself secretly, he did not understand the people around Chen Xiang, he never expected Leng Youlan to be so powerful.

Leng Youlan took a step forward, but he suddenly disappeared, while the spectators in the distance only felt a gust of cold wind blowing in all directions, and at the place of the battlefield, the wind was extremely chaotic.

"This is the Divine Wind Steps. I didn't expect her to master it so quickly." Song Ying chuckled.

Bai Youyou said: "The Divine Wind Steps is a very profound type of stride, it comes from inside the Icewind magic kungfu. When used, it causes a chaotic gust of wind to appear, so no one can catch her movements."

Everyone had heard of the Icewind magic kungfu, but the more famous Divine Wind Steps usually required the strength of a late stage Immortal Monarch or even an Immortal King to master it, because it required a large amount of Innate Qi and divine sense to be used.

However, Leng Youlan could now use it very easily, causing many of the older generation to be amazed.

Luo Yitao's forehead was covered in sweat. He obviously knew how powerful the Divine Wind Steps were, he cultivated the Ice Cold Innate Qi and understood the Icewind magic kungfu very well. The reason he wanted to marry Liu Meng'er was also so that he could obtain the Icewind magic kungfu.

"It's here." Long Xueyi said softly.

Suddenly, there was a blizzard, blowing fiercely towards Luo Yitao. In the moment of the blizzard, Leng Youlan had also appeared behind Luo Yitao, and before anyone could see how she appeared, they noticed that the snow on the ground was dyed red, and Leng Youlan's sword had pierced through Luo Yitao's back, going through her body, and blood was dripping from the sword.

"Hmph, with just this bit of ability, you still have the nerve to act so arrogantly in front of my brother." Leng Youlan quickly snatched away the Holy Sword in Luo Yitao's hand, then kicked his butt and sent him flying.

The snow quickly melted. After all, there were still seven suns in the sky. However, the group had cooled down a bit just now.

How did Leng Youlan appeared, and how did he break through Luo Yitao's defense, with a sword, he pierced through Luo Yitao's body, causing many of the experts spectating at the side to not understand, because all of this was too sudden.

Luo Yitao had armor on his body. As the genius young master of Heaven Sword City, his protective armour was definitely strong, but Leng Youlan had effortlessly stabbed through it.

"It's the power of the Ancestral Dragon." Dai Yongcheng said softly, and glanced at Chen Xiang.

Long Xueyi laughed: "Just now, we used a transformation technique on her, turning her into a snowstorm, those who are enveloped by the snowstorm are equivalent to being locked on by her. As long as she finds that fellow's gap, with a thought, she can immediately appear and attack.

"Little Naughty Dragon, don't spout nonsense. I have never done such a wicked thing, but you have always instigated me to do it. Also, you have taught me how to use the Transformation Techniques. Chen Xiang said snappily.

#### [Chapter 1434](#)

There were still many elders from the Heaven Sword City here, so Leng Youlan did not try to kill them. Otherwise, there would be a conflict between her and the Heaven Sword City right now.

Leng Youlan had only pierced Luo Yitao's body and injected a very strong Ice Innate Qi into his body, freezing the blood in his body, which did not cause him any serious injuries, but Luo Yitao had to at least rest for a good period of time. Right now, he was supported up by the elders and trembled with anger at Chen Xiang and Leng Youlan.

Luo Yitao and Liu Meng'er had an arranged marriage, he had been extremely arrogant in front of Liu Meng'er previously, but he couldn't even defeat the other party's head disciple, and had even lost to him because of a holy sword. Just thinking about it made him feel that he wouldn't be able to raise his head in front of Liu Meng'er in the future, let alone marry Liu Meng'er.

Leng Youlan proudly waved the holy sword in front of Chen Xiang, and laughed: "Brother, do you want some, I'll give it to you."

"Keep it for yourself." Chen Xiang patted his head and laughed.

Dai Yongcheng sighed helplessly. They had forged this holy sword, but not long after it had appeared in Luo Yitao's hands, it had changed masters, causing him to feel extremely moved.

"I will exchange some Holy level materials with Sacred Source Ancient Realm. This sword is too small, I am not happy at all with it." Leng Youlan danced a few times as he curled his lips.

Furthermore, he could tell that Leng Youlan had hidden quite a bit of his strength, no wonder she was so confident. Long Huishan seemed to know about it too, which made him feel at ease to let her come out and fight.

In the distance, Duan Ming and the Sacred Source Ancient Realm's Domain Lord were battling with an ancient beast. At this moment, the aura coming from that direction was getting weaker and weaker, as though one of the parties was being suppressed by them.

Indeed, when everyone saw two people walking over from afar, they surprised Chen Xiang. He did not expect that the Sacred Source Ancient Realm's Domain Lord would actually be as strong as Duan Ming.

In these nine days, there were still many hidden Rankers, but they were not known. Someone had told Chen Xiang before.

Now that there were only seven suns in the sky, Chen Xiang was very curious about what the Ancient Beast looked like.

"It's a wolf, probably a Heavenly Flame Wolf. In ancient times, a meteorite fell into the Sacred Beasts Ancient Realm, and there was a wolf inside, namely that Heavenly Flame Wolf. Although it can't be considered bad, it still likes to cause trouble, and in the end it disappeared, never expecting it to become the Evil God's servant." Long Xueyi said.

"Is it a Saint Beast?" Chen Xiang asked.

"Not really, but if he was a little more obedient, he might have become a Saint Beast."

"These are all from your inheritance of memories. Your inheritance of memories is increasing in number." Chen Xiang said. Originally, Long Xueyi did not know these secrets of the ancient times, but now she seemed to know more and more.

"I have a lot of inherited memories. I'm slowly awakening." Long Xueyi said.

But Chen Xiang felt that it was not that simple. He kept having the feeling that Long Xueyi had a lot of things to hide from him.

After the ancient beasts were subdued, other than Luo Yitao, all the others had faces full of joy, waiting for the Domain Lord and Duan Ming to come over.

Just as everyone revealed a relaxed smile, the world suddenly shook. Not only did the earth shake, but even the seven suns in the sky were shaking. It was as if the entire space was shaking.

"Youlan, hurry over." Long Huishan anxiously grabbed Leng Youlan, because the tremors were getting more intense, and the sky started to turn dark.

Chen Xiang raised his head to look at the sky, only to see that the space in the sky was slowly collapsing, and the space around him was collapsing. He could already see Leng Youlan and Long Huishan, the space they were in, seemed to be struck by a powerful force, and was split into many parts.

"What's going on?" Chen Xiang stood where he was and didn't move because the space around him had started to collapse. He didn't know how to escape this predicament.

"Be careful, this power seems to be directed at you. Someone is deliberately separating you from the others." Long Xueyi said: "I felt it just now, that the spatial energy around you was more intense, I don't know who could actually use this kind of energy to control the slicing space from afar, and move it."

"Besides my enemies, who else would target me?" Chen Xiang snorted, he frowned and tensed up.

Not long after, the space he was in gradually stabilized. The tremor had already disappeared, leaving only a slight shake. However, it was dark in all directions.

"The area you are in is beginning to merge with the other spaces. It seems like the space in the Evil Divine Palace is formed piece by piece and can be moved however you wish. Only by controlling the spatial teleportation formation in the Evil Divine Palace can you do that." Long Xueyi said.

Chen Xiang clenched his fists, the area started to be covered in a hazy light, he knew who it was that was attacking him.

The surroundings started to become clear, but Chen Xiang was suddenly unable to move, the Innate Qi in his body was simply unable to circulate from his dantian, he was actually sealed by a profound technique in his dantian, and even the Divine Sense Sea in his mind was sealed by an extremely strong God Power.

The person who could use this technique must be very strong, not weaker than Duan Ming, and he was a Divine Cultivator.

"Haha ..."

Chen Xiang heard a burst of laughter, and it was a lot of people laughing, following that, a group of people appeared in front of him, and amongst these people, there were quite a few that he had seen before.

Fire Divine Palace, Xie Family, Devil-suppressing Divine Palace and Heaven Sword City.

Luo Yitao, who had previously fought with him and had also lost to him the Heavenly evil sword and the devil slayer holy sword, was present as well, laughing sinisterly.

"Chen Xiang, you won't be able to escape this time." A handsome man sneered. Looking at his clothes, he looked like he belonged to the Fire Divine Palace, and had a scorching aura around him. He suspected that this person might be the head disciple of the Fire Emperor.

"He really is a Divine Cultivator. Fortunately, he was able to suppress his Divine Sense Sea. Otherwise, he might have been able to use some Divine Powers to escape." An old man said. This was from the Devil-suppressing Divine Palace.

An elder from the Xie Clan said solemnly: "Don't be in such a hurry to divide up the things you have on him. We did not capture him for his belongings."

That old man from the Xie Clan was very strong, probably the kind of old man with the same strength as Duan Ming. Chen Xiang could immediately sense that part of the power that imprisoned him came from that old man.

There was also a middle-aged man from the Heaven Sword City, the head disciple of the Fire Emperor, and a golden-robed elder from the Devil-suppressing Divine Palace.

### [Chapter 1435](#)

The furious Luo Yitao didn't care about all that. He went over to Chen Xiang and punched him hard, but Chen Xiang's body was extremely strong, causing him to feel pain in his fist.

"Ancestor, why didn't you bring that white-haired girl over as well?" Luo Yitao said as he clenched his teeth. He never thought that Chen Xiang's fleshly body would be so terrifying.

"Bringing this brat over will consume a lot of our energy, and we can't use it a second time. The Sacred Source Ancient Realm's Domain Lord and that Duan guy are both there, and if they break us, we will be affected by the backlash." The middle-aged man from the Heaven Sword City said.

The muscles on Chen Xiang's face twitched. Luo Yitao actually had the idea of hitting Leng Youlan, he furiously glared, and said in a low voice: "Your Heaven Sword City, especially you, Luo Yitao, I will definitely kill you with my own hands."

"You won't be able to live for long. After using you, I'll force you to hand over some things, then you can die." Luo Yitao sneered.

"You can either kill me now or I will definitely make you pay a heavy price if you let me escape." Chen Xiang coldly looked at the group of people.

"Don't be stubborn, you don't have the chance to make a comeback right now." The disciple from the Fire Emperor sneered: "You should have a decent Fire Soul on you. At that time, I can enjoy myself."

"All of you must die." Although he had fallen at the hands of these people, he still had a chance of escaping. This was because these people still wanted to use him to do something that they did not dare to do.

They searched all over Chen Xiang's body, but they could not find any Storage magic treasure. An old man pinched Chen Xiang's neck, and said angrily: "Take out the Heavenly evil sword. If you cooperate, we might not kill you.

Although Chen Xiang's Divine Sense Sea was sealed, he could still use a bit of his power to open the ring, and take out the Heavenly evil sword.

The Heavenly evil sword dropped to the ground and the old man from the Xie Clan picked it up and laughed: "This thing will belong to us sooner or later. As long as we open up the Emperor's Tomb s and obtain his item, our strength will definitely increase by a large amount.

"The Nine Heavens will be ours, haha ..."

Chen Xiang looked around, this was a stone room, he never thought that Evil Emperor's tomb would actually be inside Evil Divine Palace, the appearance of Evil Divine Palace, must have been caused by the Xie Clan, and they had long found the key to entering Evil Emperor.

"Yi Tao, take him and lead the way."

Luo Yitao replied as he walked to Chen Xiang's side with a face filled with viciousness. At this time, Chen Xiang was already tied up by a golden rope and his feet were not tied up.

"Hurry up and leave." Luo Yitao hated Chen Xiang to the bones, he kicked Chen Xiang hard, causing him to fall to the ground.

The elder from the Xie Clan took the Heavenly evil sword and walked to a wall. He placed the Heavenly evil sword into a hole in the wall, and suddenly, a sound came from the wall.

"Let's go in." Luo Yitao lifted Chen Xiang up and threw him into the passage inside the stone door, to see if there were any traps.

Chen Xiang was furious in his heart, but he could only endure it for now. In front of these strong warriors, he had no way of resisting, much less escaping.

"Take out your Green dragon demon-slain broadsword. Your blade is needed here." The middle-aged man from the Heaven Sword City coldly said: "It's best if you cooperate. If you don't want your wife to have any big matters in the future ..."

Chen Xiang secretly clenched his teeth, he guessed that this person must be the person in charge of the Heaven Sword City, and should be the legendary old City Lord without a doubt. But now, he actually used Xue Xianxian to threaten him, which caused him to be extremely furious, he swore that as long as he could escape, he would pay any price to destroy the Heaven Sword City.

"His wife is not bad. When the time comes, I'll make sure she marries me." Luo Yitao laughed sinisterly.

Chen Xiang turned her head and shot him a furious glance, then said to the old man: "If you want something, then keep this bastard's foul mouth in mind, or else I'll kill myself and show you, and you won't get anything in the end."

"Old Luo, tell this brat to be more obedient. If Chen Xiang dies, we will die here in the end." The old man from the Devil-suppressing Divine Palace said coldly.

"Yi Tao, restrain yourself." The old City Lord scolded.

The Fire Emperor disciple said to Chen Xiang: "Quickly take out the Green dragon demon-slain broadsword, stop nagging."

Chen Xiang said: "If you can help me slap that brat, I will immediately give you the Green dragon demon-slain broadsword."

"Really." Although the disciple of the Fire Emperor asked that, he had already slapped Luo Yitao's face, causing him to fly towards the wall. His hand was lighter, but it only slapped Luo Yitao's face until it was swollen.

"You ..." The old City Lord was furious, "Fire Divine Palace Lord, are you saying that you don't exist."

"He's just a descendant of yours, he almost ruined our plans. If you bring him here for something as big as this, we have the power to teach him a lesson if he makes a mistake." Although they were cooperating, their relationship was not good.

Chen Xiang looked at Luo Yitao's face full of anger and laughed heartily. Then, he took out the Green dragon demon-slain broadsword and threw it at the Fire Divine Palace Lord.

When the others saw this, they regretted that they did not hit Luo Yitao the same way. Otherwise, they would have been able to obtain the Divine Blade.

The Fire Divine Palace Lord was the disciple of the Fire Emperor and was very strong himself. Even if all the other strong warriors joined hands, they would still not be able to take him down, not to mention that he still had the Green dragon demon-slain broadsword with him.

"So heavy... Haha, the divine blade is mine now. " The Fire Divine Palace Lord laughed crazily, but he could not keep the Divine Blade into the Storage magic treasure. He just felt that it was normal for him to not have a good Storage magic treasure and not be able to keep the Divine Blade.

Chen Xiang laughed coldly in his heart, because the Green dragon demon-slain broadsword was still his. With just a thought, this divine blade would immediately return to him.

This was the secret of the Green dragon demon-slain broadsword, even if he wanted to give it to others, he might not be able to give it to them.

The old City Lord from the Heaven Sword City glared at Luo Yitao. Because of Luo Yitao, he felt that Chen Xiang would not give them any benefits.

The Fire Divine Palace Lord held the Green dragon demon-slain broadsword and stabbed it into a hole. Then, he started to spin, and finally opened a door.

After the door opened, everyone saw a wide hall. There were many black chairs, the floor and carpet were all black, and only the pearls hanging in the hall emitted white light. Everything else was pitch black, making it look extremely strange.

"This is the great hall of the Evil Emperor back then. An ancestor of our Xie Clan had a meeting here with the Evil Emperor. The Emperor's Tomb should be under that chair." The Xie Clan elder said.

#### [Chapter 1436](#)

"Go, sit in that chair." The old man from Xie Clan pushed Chen Xiang.

Chen Xiang now had no choice but to walk towards the black gigantic chair in the hall.

Stepping on the black carpet, he felt extremely soft, and traces of evil energy seeped into his body.

The chair in front was placed on a high platform, and required one to walk up the eighty-one steps to reach it. With every step Chen Xiang took, his heart secretly jumped, afraid that he would trigger some mechanism to kill him.

They didn't even dare to go over there, because this was something left behind by the Evil Emperor. It was extremely dangerous, and no one dared to try it with their own life.

"After the Evil Divine Palace s took control of the Evil Divine Palace, they became the palace of the Evil Emperor s. It's no longer as frightening as before, but it's still very easy to kill us." The Fire Divine Palace Lord said.

Chen Xiang had already reached the 70th step. After hearing the Fire Divine Palace Lord's words, he understood what was going on. He was actually being controlled by the Evil Emperor, which meant that the Evil Emperor was a very powerful individual, but why would he have a tomb?

After arriving at the top of the stage, Chen Xiang stood in front of the black colored chair. Even though he did not have any aura, he gave off a kind of indescribable feeling of fear, as if it would end his life if he were to continue on.

"Hurry up and do it." The elder from Xie Clan said. He seemed to know something and urged Chen Xiang to sit down.

Chen Xiang clenched his teeth and sat down. In that instant, the entire hall trembled violently, and Chen Xiang also felt the energy in his body wildly flow away, making him shocked that his own life force was also being quickly devoured.

In the middle of the hall, a huge stone door suddenly rose from the ground. There were two holes on the door, one needed to insert a Green dragon demon-slain broadsword, and the other was a Heavenly evil sword.

"This kid just died like that." The old man from the Devil-suppressing Divine Palace said in surprise.

Everyone saw Chen Xiang retreating to the side. His face was covered with wrinkles and he looked lifeless.

"It's a pity, he still has many good things on him, especially that Heaven Earth Killing Method." The Xie Clan elder shook his head and sighed: "Let's go, as long as we enter the Emperor's Tomb, we will be safe. At that time, we can leave the Emperor's Tomb from the Transmission array."

The Xie Clan elder took the Heavenly evil sword and stabbed it into the stone door that appeared in the great hall. The stone door slowly opened on both sides and revealed a dimensional door.

"I can't pull it out." The Fire Divine Palace Lord used a lot of strength, but the Green dragon demon-slain broadsword seemed to be embedded inside that hole.

"The same goes for the Heavenly evil sword." The Xie Clan elder frowned, "Let's go in first, no one can come here."

The Fire Divine Palace Lord looked at the Divine Blade reluctantly, sighed, and stepped into the Space Gate.

When everyone followed in, the door slowly closed, and Chen Xiang who was seated on the black chair suddenly opened his eyes, the withered muscles on his face slowly expanded, and in a few blinks of an eye, he returned to his original appearance.

"This bunch of idiots." Chen Xiang cursed. Then, in a flash, Long Xueyi ran out from inside the ring and broke the rope on his body.

"You were almost finished this time." Long Xueyi chuckled.

"Can you undo the seal in my body? These guys really have some skills." Chen Xiang immediately ran to the door and took down Green dragon demon-slain broadsword s.

When he was seated on the chair just now, he had felt his lifespan running out quickly. At that time, he had thought of a clever plan, which was to feign death, and let Long Xueyi use his supernatural powers to seal a part of his lifespan, causing him to die of old age, and deceive those people. And those people did not dare approach, fearing that they might end up like Chen Xiang.

"I need some time." Long Xueyi inspected his body, his expression heavy: "The fastest is going to be a few days, I wonder if those guys will come out."

Chen Xiang found a place in the Main Hall to hide and asked Long Xueyi to help him undo the seals.

... ..

At that time, when space collapsed, Chen Xiang and the people from the Heaven Sword City had disappeared, and Duan Ming and the Region Lord had anxiously released their powers to protect everyone.

They had always been shouting and shouting here, searching for Chen Xiang. However, when the people from those few forces stepped into the spatial gate, people who were beneath the seven suns suddenly entered a green forest.

When they sensed the dense immortal Qi and the refreshing air, everyone knew that they had left Evil Divine Palace. However, they did not understand, because they did not know why it was like that.

"My brother didn't come out. What's wrong with him?" Leng Youlan was extremely worried. She looked around for Chen Xiang's figure.

"The fellow from Heaven Sword City is also not here." Long Huishan said in a low voice: "The people from the Imperial Dragon Clan are also here, and they were not with us at the time. It seems that all the people trapped inside have all come out."

"The people from the Fire Divine Palace and the Devil-suppressing Divine Palace have also yet to come out." Yan Shan said: "Back then, when we met them, they did not appear here."

"What's going on?" Long Huishan felt that there must be some sort of secret within.

The Sacred Source Ancient Realm's Territory Lord took a light breath, "If my guess is not wrong, it should be them who captured Chen Xiang."

"Why did they want to capture Chen Xiang, could it be because ... about the Heavenly evil sword. " Duan Ming suddenly thought of something, and the Xie Clan did not appear, and the Xie Clan had already arrived.

"The Heavenly evil sword can open the ruins left behind by the Evil Emperor. If I'm not wrong, then the Evil Divine Palace might have already been controlled by the Evil Emperor a long time ago. I heard that the old City Lord's and the first disciple of the Fire Emperor, as well as the ancestor of the Xie Family and the Old Hall King of the Devil-suppressing Divine Palace were all dispatched here for this matter."

Chen Xiang has been captured by these four old ghosts and is almost guaranteed to die. If they can enter the Emperor's Tomb s and obtain the legacies left behind by the Evil Emperor, you should be clear about what will happen next. Go back and prepare well. "" Alright!

Dragon Emperor gave a cold snort, glanced at Leng Youlan, and quickly left with their dragon.

The domain lord's tone was serious, "Everyone should hurry back and make the arrangements. If they succeed, nine days definitely won't be peaceful."

"Then what about my brother?" Leng Youlan asked anxiously.

The Domain Lord shook his head and then left with Yan Shan and the others.

"You Lan, that kid will be fine. Let's go back first." Long Huishan pulled Leng Youlan, but she did not expect such an unforeseen event to occur.

Leng Youlan was worried. He nodded and looked around, then followed Long Huishan and the others.

Duan Ming had already left a long time ago, and Liu Zongyu and Song Ying had also realized that something big was going to happen soon. They hurriedly left to search for Liu Meng'er and Xue Xianxian, and then, they returned to the Human King Immortal Country.

### [Chapter 1437](#)

Someone had entered Evil Emperor's tomb chamber, so those trapped outside were also released, but Chen Xiang was still inside, he did not know what had happened, and even more so did not know what the people inside had obtained.

"Wait until the seal on my body is removed, do you want to go in and take a look?" There were several strong seals on Chen Xiang's body, sealing his dantian and Divine Sense Sea;

"We'll talk about it when the time comes. Let's see what happens in the next few days." Long Xueyi said.

In a few days, the seal on Chen Xiang's body was released. At this time, he was carefully inspecting the hall, wanting to see if there was any way for him to enter the tomb.

"I wonder if they will be able to come back here." Chen Xiang looked at the place that originally had a huge door and felt very uncomfortable in his heart. He had come here with great difficulty to look for the Evil Emperor's mausoleum, but had instead been found by someone else in the end.

"There's movement." Long Xueyi suddenly shouted, and Chen Xiang immediately used his transformation technique, transforming into a small worm, hiding on top of the ceiling of the hall.

The disturbance that Long Xueyi was talking about was a very strong spatial fluctuation. From above, Chen Xiang could see that on the black carpet below, a stone door was slowly rising. It was the stone door that had disappeared earlier.

This made Chen Xiang somewhat unable to understand, because the stone door required Heavenly evil sword s and Green dragon demon-slain broadsword s to open. The two keys were currently on him.

"They must have obtained something from the tomb, so they can control this stone door. There are Heavenly evil sword and Green dragon demon-slain broadsword here, even if they went out, they would think of ways to come back." Long Xueyi said.

The Space Gate shook for a moment, and then people started walking out, all of them being the people who entered earlier. The Fire Divine Palace Lord was full of smiles as he said: "Fortunately we can return, we should be able to take down the Green dragon demon-slain broadsword s and spirit beasts now. Without them, we simply cannot open the black coffin in the Evil Emperor."

"Although we have obtained many good items and cultivation techniques, the strongest should be inside that jade coffin. For those top-grade immortal equipment and Holy level cultivation techniques we have obtained, compared to the reputation of the Evil Emperor, they are still too inferior." The old man from Devil-suppressing Divine Palace said.

Just as he finished speaking, he saw that the others' faces were strange, and then suddenly changed, because the Green dragon demon-slain broadsword above the stone door and their faces disappeared.

Chen Xiang who had died an old death on the stage had also disappeared.

They were not stupid, and immediately guessed that Chen Xiang was not dead. They regretted not striking out with their palms, but they did not dare to do so.

"Chen Xiang should have already left. The seal in his body is still there, he definitely won't be able to make it out far. If we go out now, we might be able to catch him." The Xie Clan elder said.

"When we entered the tomb, those people that were trapped outside should have left already. I wonder if Chen Xiang will meet them, we should hurry up and teleport out, capture Chen Xiang and then enter to open the black coffin."

Soon after, they hurriedly entered the Space Gate. Right now, the stone door would not close either, unless they controlled it from the inside.

Chen Xiang hid up there, waited for more than two hours, and then entered the spatial gate.

Passing through the Space Gate, he arrived at a spacious stone room. The four walls were pitch-black, and there were red light beads emitting an evil red glow at the top. There were many cabinets and chairs on the four walls, and they were all in a mess.

The stone room was about one hundred and fifty meters wide, and there should be a lot of things placed inside. Thinking of this, Chen Xiang was inwardly angry, because he could have obtained these things originally.

In the middle of the stone room, there was a very ordinary black coffin. It seemed like it was made out of wood, and on top of the black coffin was a huge pearl of red light.

Chen Xiang looked behind him. The dimensional door was still open, so he anxiously walked over, inserting the Green dragon demon-slain broadsword's handle and the Heavenly evil sword's body through the two holes and closed the door, preventing them from entering.

"There's a Transmission array over there. It should be able to be teleported out." Long Xueyi said.

Chen Xiang looked towards a corner where a circular formation that emitted a faint white light was located. Because someone had used it just now, the condensed energy had not dissipated yet.

"I wonder what will be inside. Once I open it, I wonder if it will be dangerous in the future." Chen Xiang came to the side of the black coffin. There were two holes on the side of the coffin lid, one look and one could tell that it required Green dragon demon-slain broadsword s and Heavenly evil sword s to open it.

"I don't think so. Those bastards came here to mess things up, and they all lived quite well. There was a key hole left behind for the Green dragon demon-slain broadsword and the Heavenly evil sword, so there must be something that they want to pass on." Long Xueyi urged her: "Hurry up and open it to see, it might not only be Evil Emperor's things, there are also the things that Evil Emperor obtained from here after he took control of the Evil Divine Palace."

The existence of the Evil Divine Palace was even more ancient than the strong warriors of this era in the Ten Heavens Supreme Lord.

... .... The original appearance of the Evil Divine Palace was not grand and grand, instead it was a little dilapidated. Its entire body was pitch black and one of its palace was devoid of any life, lying tightly in a forest near the Evil Dragon Mountain Range.

When Chen Xiang closed the door, Evil Divine Palace suddenly disappeared into thin air. After sensing the presence of the Xie Clan, Devil-suppressing Divine Palace, Fire Divine Palace and Heaven Sword City, he immediately used his fastest speed.

"He's gone." The old man from the Xie Clan shouted, "Someone must have closed that door, which was why the Evil Divine Palace disappeared."

"So you're saying, Chen Xiang is still inside." Fire Divine Palace Lord clenched his teeth and said.

"Not necessarily. Even if it's inside his body, Evil Divine Palace shouldn't be able to disappear." The old man from the Xie Clan took out a black disk and frowned: "The Evil Divine Palace has disappeared completely. We will know the location of the Evil Divine Palace with this disc."

"Let's first look around and see if we can find Chen Xiang, since we have obtained a lot of things, which can allow us to gain even more power, and when we go back and digest those things, we'll then contend for the position of Ninth Heaven." The Fire Divine Palace Lord said.

Even though they did not obtain the items inside the black coffin, the large amount of treasures inside the tomb was enough to satisfy these ancient experts.

Chen Xiang stood by the side of the black coffin and was able to hear the conversation between the people outside. He was very curious about what the treasures in the coffin contained, to actually be able to give them so much confidence.

The Evil Divine Palace did not completely disappear. Instead, he floated in the air, becoming transparent.

"Quick, open it and take a look, you are in urgent need of increasing your strength right now." Long Xueyi urged.

Chen Xiang did not hesitate anymore, he took out Green dragon demon-slain broadsword s, placed them into the two holes, and only saw that the red light inside the tomb suddenly turned into white light, while the black coffin also became a white jade coffin.

#### [Chapter 1438](#)

Chen Xiang looked around in shock. Originally, this was a terrifying tomb filled with bloody light, but now it looked so comfortable. The black coffin in front of him didn't look like a coffin, but more like a snow-white jade chest.

He slowly opened the heavy lid, and what entered his sight was a golden liquid. The entire box was filled with these items.

The pale golden liquid released waves after waves of light fog that assaulted his face. Chen Xiang only absorbed a bit of the light fog before he suddenly felt a large amount of Innate Qi entering his body.

"This is the Holy Elixir. Only Emperor level characters can condense this Holy Elixir. There's actually so much of it, it should be something left behind by the Evil Emperor." Long Xueyi was so excited that he ran out to grab the light golden liquid with his hands.

"How should I use it?" Chen Xiang also touched it, his face changing greatly. His arm was in extreme pain, because a large amount of energy was crazily surging into his body, his current body could not handle all of these things.

"The Holy Elixir of this chest... More than that, you should be able to convert all of the Innate Qi in your body into holy energy. If you were to cultivate normally, you would need to undergo the nine transformations of the Immortal-becoming realm to fully transform into holy energy." Long Xueyi said excitedly.

Chen Xiang was also excited, "There's so much, if we want to completely absorb it, it will take a long time. Do you want to absorb it together with me?"

"No need, I'll leave it for you. sister Meiyao and Sister You You don't need it either, you have to become stronger quickly." Long Xueyi said.

"Right now, I am only at the Late period of human immortal. Once I completely refine it, I will be able to step into the realm of immortal kings. Will that affect me in the future?" Chen Xiang did not dare touch the Holy Elixir again, as it was simply too dangerous.

And Long Xueyi had just fished a few more times, but nothing had happened, showing just how strong her physical body was.

"There must be something else for you at the bottom of this jade box. Moreover, you don't have anything else that can contain this sacred liquid, unless you use the divine cauldron." Long Xueyi said: "If you pour a little, it will immediately fuse with the world. This jade chest is specially made to contain this sacred liquid."

There was a profound yang Fire Crow sealed inside the divine cauldron, so they definitely could not release it.

"Looks like I'll have to spend a lot of time here." Chen Xiang decided that he would never leave this place unless he absorbed this pool of sacred liquid.

"This Holy Elixir is extremely precious, it allows you to convert the Innate Qi into Holy Energy in advance." Long Xueyi said.

"After the Immortal King Realm is the Immortal-becoming realm, you will need to undergo nine transformations before the Immortal Qi can be converted into Saint Force. Wouldn't that mean that I have completed the Ninth Cycle of the Sacred Transformation?" Chen Xiang asked.

"No, in the process of the transformation into nine cycles, you will still need to constantly increase the power within your body, and at that time, all you need to do is to strengthen your body while transforming your Saint Force into a higher form." Long Xueyi said excitedly: "This way, your starting

point will be very high, and with the Heaven Earth Killing Method and Four Symbols Divine Weapons you control, you will definitely be very strong in the future."

"This Holy Elixir is much more precious than other things." Bai Youyou said: "Anyways, you have time here, so why not train with the pills, cultivate with the Heaven Earth Killing Method, and increase your divine soul?"

In addition, as long as the Sacred animal Dan and the God-eclipse powder were to be properly awakened, they could also become mid-grade Heaven level s. As for the high grade Heaven level medicinal ingredients, he also had them, so he could cultivate in seclusion here for a long period of time.

"After that group of fellows leave, it'll definitely take a long time to digest the treasures they've obtained. Hopefully you'll be able to make it up to that time." Su Meiyao said.

"I'll do my best." Chen Xiang extended his hand into the chest and soaked it in the pale golden liquid. Using his Qi Method, he absorbed and refined the power.

... .... The matter of the Xie Family, Fire Divine Palace, Devil-suppressing Divine Palace, and Heaven Sword City in the Evil Dragon Mountain Range had already been found out by the higher-ups of many major forces.

The big powers had arranged a few spies amongst the four great powers, and now they had received some information. The four great powers had truly obtained some things left behind by the Evil Emperor, and there were even a lot of them.

But by doing so, they offended the Imperial Dragon Clan, because it was their territory and the Xie Clan did not go to look for the Imperial Dragon Clan. Instead, they went to Devil-suppressing Divine Palace and the Fire Divine Palace, and a dragon even died there.

He used to have a good relationship with these four great forces, but after some probing, he realized that these four great forces did not have the intention to share the harvest with their friends, but instead wanted to control them, causing the other Immortal Country Immortal Palaces to clash with the four great forces.

Inside one of the palaces in Human King Immortal Country, Wu Canghong's face was gloomy, at the moment, the Human King Immortal Country was discussing how to deal with this situation, in this conference hall, all of the other palace masters were palace masters, most of them were Immortal Kings.

"Amongst the Nine Emperors, we only know that the Fire Emperor still exists and is in control of the Fire Divine Palace, but back then, the Fire Emperor was heavily injured by the Ten Heavens Supreme Lord and has not recovered yet. Even now, he is not as strong as before, but in the Nine Heavens, he is still a top-notch existence. This was what Wu Canghong was most worried about.

"If Fire Emperor did not stop us, the ones to suffer should be us Immortal Country, right? He will definitely exterminate or subdue the ones in charge of all of the Immortal Country, and then, he will take action against those super powers." Liu Zongyu sighed, "I don't know who will be able to stop him. Amongst the Nine Emperors, his Ice Emperor had already been killed by Chen Xiang, and the whereabouts of the others are unknown."

"It's fortunate that the Ice Emperor died, otherwise we would be in an even more miserable state. Although we wouldn't tolerate each other's actions, these two emperors had done many embarrassing things." An old man said.

"Looks like I have to invite those old ancestors out, and go discuss them with the other Immortal Country s." Wu Canghong said.

In just a few short days, many rumours were causing panic among the people. This was because everyone felt as if a great battle was about to break out at any moment. It was just like the great war from ancient times.

However, there were also those who remained calm. They felt that this matter did not concern them at all. If they were to fight, it would be because of the great powers. There was no way that they would have a good show to watch.

Chen Xiang had also disappeared during this period of time. Some of his friends were looking for him, but they couldn't find him. There were no clues, but they knew that he went missing in the Evil Divine Palace.

At first, Liu Meng'er was very worried about Chen Xiang, but after seeing Hua Xiangyue, she felt a lot more at ease. This was because Hua Xiangyue had a contract with Chen Xiang, so if Chen Xiang died, Hua Xiangyue would also die, but Hua Xiangyue was still fine now.

#### [Chapter 1439](#)

Chen Xiang had already stayed in Evil Divine Palace for ten days, he tried to use his hands to dig out the bottom of the jade box, but he could not find anything, it did not seem to be anything, but he could feel some lines, he guessed it was Spirit grain or something like that.

Every time he absorbed the sacred liquid for a period of time, he would refine one or two mid-grade Heaven level pills using the God purification. Right now, he had extremely strong flames and divine soul, so he could use the God purification rather easily. It wasn't as difficult as before, but the consumption rate was still as fast, especially when using the Rainbow Heaven Fire.

"I need to refine more God-eclipse powder, this thing will work best with the Drunk god magical poison." Chen Xiang said, wanting to use creation divine liquid s to mature the Broken Soul Tree, the older the Broken Soul Tree, the higher the quality of the God-eclipse powder that was refined.

"No, I need to first refine a middle Heaven level Sacred animal Dan. Right now, I also need to raise my strength urgently, I have a bad premonition." Long Xueyi said very seriously, he wasn't as coquettish as before.

"Alright, wait for me to successfully refine the Manifestation Pill." Chen Xiang said. Long Xueyi being able to raise his strength was a very important matter.

Chen Xiang still had one thing that made him uneasy all day, and that was that Luo Yitao had an engagement with him, and the Luo Family also had a very strong old City Lord. If Luo Yitao lost to Leng Youlan that day, he would definitely hold a grudge, and adding to the fact that he was heavily injured by Chen Xiang with a punch earlier, he didn't know if Liu Zongyu and his wife could suppress the Luo Family and prevent Liu Meng'er from marrying Luo Yitao.

"You don't have to worry too much, the Divine Craftsmen's descendants still have strength. Liu Meng'er's parents' master must be very strong, if not Divine Sword Palace would not be so respectful to them." Su Meiyao said.

"In our era, the descendant of the Divine Artisan was a legendary expert. Although they rarely came out to travel, their prestige always remained. If the Heaven Sword City wanted to fight against them, he would have to pay a heavy price." Bai Youyou said.

Although they said it like that, Chen Xiang was still worried. He could only speed up his cultivation, as long as he was strong enough, he would be able to fight against the Heaven Sword City.

Time flew by, and in the blink of an eye, a hundred years had passed. A hundred years was just a blink of an eye period for nine days, but in the eyes of many, this period of time was extremely important, especially after knowing that the four great powers had obtained the Evil Emperor's inheritance.

Coupled with the fact that Di Tian was slowly growing up, the rhythm of the nine heavens was much faster.

A great era was coming, and if one did not quickly possess strength in these nine days, then one would be eliminated when the great era arrived. If one wanted to stand firm at that time, then they must work hard right now.

Chen Xiang had been missing for a hundred years, and in these hundred years, there had been no news of him. There were rumors that he was killed by the four great forces in Evil Divine Palace, and Luo Yitao had often bragged about how he treated Chen Xiang that day.

When Chen Xiang was in the Evil Divine Palace, he was indeed captured by the four great forces, but they didn't say anything about him escaping later on. Chen Xiang hadn't appeared for a hundred years, and they truly believed that Chen Xiang died because with Chen Xiang's surname, as long as he was alive, it was impossible for him not to cause any big ruckus.

Without Chen Xiang causing trouble, the nine heavens were indeed much calmer than before. However, this tranquility was like before the arrival of a storm, brewing with torrential rains that could descend at any time.

For example, Luo Yitao, ever since he came back from Evil Divine Palace, his strength had increased by leaps and bounds, and he often challenged some young experts, and even He Feng was defeated by him. Now, he had already become a Immortal King.

He Feng and him became Immortal Kings at about the same time, so when the two fought with the strength of the Immortal King, in the end, He Feng still lost.

Luo Yitao's achievements were plentiful, everyone believed that the reason he had such strength was because he had obtained the Evil Emperor's inheritance, and other than that, the Xie Clan's Xie Kang was also doing the same.

Currently, the four youngest Immortal Kings were all from the four great powers, and they all had the legacies of the Evil Emperor s.

Luo Yitao frequently went to the Long family's immortal palace to challenge Leng Youlan, but Leng Youlan never came out to fight. Over time, everyone thought that Leng Youlan was afraid, after all, Luo Yitao was the Immortal King, although Leng Youlan had defeated Luo Yitao before.

If he did not defeat Leng Youlan within a day, the hatred in Luo Yitao's heart would not be eradicated.

Ever since Chen Xiang went missing, Luo Yitao had replaced him and became the young man with the greatest reputation. Although the things he did were not as world-shaking as Chen Xiang, and he even relied on the Heaven Sword City behind him, but everyone could not help but admit that's strength was indeed strong, and now, even some old Immortal Kings did not dare to compete with him.

However, on this day, a shocking piece of news spread out. The disciple of the Divine Artisan's descendant was actually going to be married to Luo Yitao.

Many people knew that Liu Meng'er and Luo Yitao had enmity, and there were rumors that the Divine Artisan's descendant had gone to the Heaven Sword City to discuss on how to rescind the engagement, but who knew that it would turn into a war and the Divine Artisan's descendant would lose in the end, so they could only agree.

Holy Pellet Region, Long family's Immortal palace, Xue Xianxian was in the Long family's huge mansion. When Leng Youlan, who was cultivating behind closed doors, heard that Xue Xianxian had arrived, he immediately rushed to the hall.

"How is Master?" Leng Youlan asked anxiously, she had also heard about the marriage between Liu Meng'er and Luo Yitao.

"A Divine Artisan descendant sent a few strong warriors to watch over Elder Sister Meng'er, preventing her from escaping. Furthermore, her parents were also closely watched by that Divine Artisan descendant." Xue Xianxian's face was filled with helplessness as he looked towards Long Huishan for help: "Big sister Long, we definitely cannot let Elder Sister Meng'er marry that bastard. With Youlan and my strength, we simply cannot stop him.

Furthermore, when the time comes, Fire Divine Palace, Devil-suppressing Divine Palace and the Xie Clan will help the Heaven Sword City, they have long wanted to make a move against us." Long Huishan frowned as he considered the pros and cons.

"Big sister, Elder Sister Meng'er is my brother's woman, you have to take action." Leng Youlan said, revealing the relationship between Chen Xiang and the two of them.

"What?" Long Huishan was shocked as she looked at Xue Xianxian and Leng Youlan. Although she had known that Chen Xiang and Liu Meng'er were relatively close, she had not thought that it would develop to such an extent.

Xue Xianxian nodded, "When I was in Di Tian ... In short, it's already very early. This little scoundrel has secretly helped my master many times, and he was the one who helped to create my master's Fire Soul."  
"

"This brat, this is my master and my disciple ..." Long Huishan didn't know whether to laugh or cry as he looked at Xue Xianxian and Liu Meng'er.

"Alright, looks like we can only fight. If it wasn't for this kid helping me back then, the current Long family wouldn't exist either." Long Huishan sighed, "It's because of him that the other old dragons of the Ice Dragon bloodline have gathered together."

#### [Chapter 1440](#)

and Wu Kaiming were currently in the same hotel. Although a huge table of luxurious and expensive dishes were placed on the table, the two of them did not eat anything. They had already waited here for more than two hours.

"Is that old lunatic playing with us on purpose? Or did he forget the time? He hasn't come for so long." Wu Kaiming rubbed his bald head and said impatiently.

"Probably not. This time, he looks very anxious." Gu Dongchen shook his head.

They all knew that Huang Jintian called them over to stop Luo Yitao from marrying Liu Meng'er. Gu Dongchen and Wu Kaiming both knew about the relationship between Chen Xiang and Liu Meng'er.

If Chen Xiang hadn't disappeared for so long, they definitely wouldn't have worried, because Chen Xiang himself would definitely be able to handle it. But at this crucial point, when Chen Xiang still hadn't appeared, Huang Jintian was already somewhat anxious.

Huang Jintian came, wearing a bamboo hat and disguised himself as a hunchbacked old man. After entering, he first cleaned up the dishes on the table, burped, and then said slowly: "The two of you have grown up quite fast, both of you are Immortal Kings, but you guys are too stingy, don't call it a bigger table."

"Martial Ancestor, we can order another table of food over right now." Gu Dongchen said with a smile.

Huang Jintian did not find Wang Wei and Shao Profoundyun because their relationship with Liu Zongyu was too good and Chen Xiang did not want them to know about his and Liu Meng'er's relationship.

At this time, a person pushed open the door and walked in. It was a lady in a purple dress with an elegant figure, she took off her veil, revealing a beautiful and enchanting face, she was truly Hua Xiangyue.

"Master Ancestor, shouldn't you call Master and Mistress over? They are both very strong. If you ask, they will definitely agree." said. In the Hundreds of Flowers Immortal Country, she had received Huang Jintian's notice and quickly rushed over.

Huang Jintian shook his head: "Wei Quan and Xuan Yun originally had a female child, and now there is an extra brat, we are not only fighting against the Heaven Sword City, there are also a few big powers, and they are currently a whole family, we cannot involve them, because that female child and that brat have not grown up yet."

"As for us, we are all free and unconcerned. Even if we get into trouble, we will not drag our family down. We can slip away by ourselves."

Hua Xiangyue nodded his head, "Master Ancestor is right, even though we are all already Immortal Kings, but when the time comes, we will not only be facing the Heaven Sword City, maybe I will use the pills in my hands to recruit more helpers."

"No need, although Chen Xiang is missing, his group of little ghosts are still around. Although they are not Immortal Kings, if they are playing dirty, the Immortal Kings will all fall at their hands, and they have followed Duan Chong for so many years ... And there's also the mysterious expert who snatched the divine sword from you. " Huang Jintian lowered her voice and said, "That little girl Xianxian has already escaped Divine Artisan Mountain Villa, and should be at the Ice Dragon Family right now."

Wu Kaiming, Gu Dongchen and Hua Xiangyue were all secretly surprised in their hearts. They never thought that the power to help Chen Xiang would be so robust.

"You three brats, at that time, if your identities are exposed, you will immediately distance yourselves from your master and say that you joined the Dragon Subduing School. This way, it won't implicate your master's family." Huang Jintian warned.

Gu Dongchen said: "Why do you say that we are joining the Dragon Subduing School."

Huang Jintian laughed, "What's wrong with joining the Dragon Subduing School, Chen Xiang is extremely rich. When Di Tian appears above the Nine Heavens in the future, his dragon vein will be enough to make many big guys jealous, let alone those precious herbs he has."

Wu Kaiming sighed: "Looks like I have to leave the Wu Family, but there's no other way, right now Human King Immortal Country does not dare to offend Divine Artisan Mountain Villa, let alone the great powers like Heaven Sword City and Fire Divine Palace."

Hua Xiangyue angrily snorted: "This Divine Artisan Mountain Villa is really something, it's fine if they don't stop him from marrying out, but they even trapped Meng'er. Even her parents are being watched by those people, what exactly did they eat wrong."

Wu Kaiming and Gu Dongchen were also confused, they had only heard that the Divine Artisan's successor had lost to someone from the Heaven Sword City, so they had to keep their promise.

"Master Ancestor, this is just as the rumors say, the descendants of the Divine Craftsmen will lose to the Heaven Sword City." Gu Dongchen asked.

In the eyes of Gu Dongchen and the other two, Huang Jintian was an almighty existence, whose strength was always unknown, and furthermore, it rarely lost out to them.

"Nope." Huang Jintian snorted, looks like he knows the inside information as well. "There are a few old fellows in the Divine Artisan Mountain Villa who would only agree to marry Liu Meng'er because they covet some things in the Heaven Sword City."

"They exchanged Liu Meng'er for some very precious things, which were taken out by the Heaven Sword City from the Emperor's Tomb, I don't know the specifics."

Hua Xiangyue frowned: "Although Meng'er's Inherent Skill is not bad, she isn't worth Heaven Sword City exchanging with such a precious thing, right?"

Liu Meng'er now had the strength of an Immortal King, and there were also many women who were better than Liu Meng'er. Just based on the temptation of the Evil Emperor's inheritance, it was possible for a few female Immortal Kings to marry into the Heaven Sword City's Luo Family.

"Liu Meng'er has one of the Four Symbols Divine Weapons s." Huang Jintian said in a low voice: "I heard that this thing had always been on Liu Meng'er's body and they were unable to take it off. Even so, Heaven Sword City still intends to first marry Liu Meng'er and then try to take it away."

When Hua Xiangyue heard this, he was instantly enraged. "This bunch of bastards, this is a deal, what do they take Meng'er to be?"

Wu Kaiming said: "That Suzaku Divine Weapon can't even take it down from the Divine Artisan Mountain Villa s?"

Gu Dongchen said: "If we were to obtain it, they would not hand Liu Meng'er over to the Evil Emperor for some inheritance. I wonder what would happen if Junior Martial Uncle knew about this."

Huang Jintian sneered: "If that brat knew, both Heaven Sword City and Divine Artisan Mountain Villa would not have been spared. Although that brat isn't that strong, when it comes to tricks, even I am ashamed of myself and can't kill them.

"That's enough, now we'll go to the Long family and reunite with the others before discussing the process of the wedding."

After Huang Jintian finished speaking, he added: "Help me pay the teleportation fees, I'm a little tight with money."

Xue Xianxian had initially been imprisoned like Liu Meng'er, but now that they suddenly escaped, it caused the Divine Artisan Mountain Villa to be cautious, but they thought that Xue Xianxian would not be able to create too much of a commotion.

As for Chen Xiang, he was still in the Evil Divine Palace, and he had to use a hundred years to absorb and refine the box of sacred liquid.
