

## Dan God 1441

### [Chapter 1441](#)

Chen Xiang was currently trying to break through a bottleneck, he had not yet become an Immortal King, but was only at the peak of the later stages of Immortal Monarch. He could only break through when he was cultivating five times more than others, so during this period, many geniuses could only break through to the Immortal King Stage because of the abundant resources provided, and even if he had Holy Elixir and divine arts, it would still be very difficult for him to break through due to his special cultivation method.

However, it was very rare for him to have five times the strength of others.

His dantian was still the same as it always was, covered in a layer of grey mist, and it was difficult to see through his dantian, and the five translucent Beast statue s inside, the originally Heavenly Pellets contained Sacred Energy, his Heavenly Pellets had already been formed, and they had all transformed into very small and exquisite Beast statue s.

"As long as you become an Immortal King, the Innate Qi in your body will basically be able to complete its transformation and become sacred energy. However, in the future, you only need to fuse your holy energy with the divine power in the Divine Sense Sea, strengthening it into an even more powerful form, and will be able to unceasingly break through." Long Xueyi said.

While Chen Xiang cultivated, he also cultivated his own divine soul. In the area of alchemy, he was already able to refine Tier 1 immortal pills and become a Dan Immortal. The Sacred animal Dan that Long Xueyi ate right now were all Tier 1 immortal pills.

Although Su Meiyao and Bai Youyou were heavily injured and didn't have their original strength anymore, with Long Xueyi's help, they had slowly strengthened their divine soul and also used the Holy Spirit Rabbit's blood to strengthen their bodies. If Chen Xiang was able to refine a Holy Pellet to help her recover in the future, their strength would definitely have a huge breakthrough.

didn't know anything about Liu Meng'er. Previously, he thought that Liu Meng'er's parents had very strong powers behind them, so he wouldn't let Liu Meng'er marry the Heaven Sword City. But now that the Divine Artisan Mountain Villa had facilitated the marriage, if he knew about it, he definitely couldn't stay here and cultivate in peace.

Right now, it was the key to Chen Xiang's breakthrough and Long Xueyi had always been paying attention to him.

Suddenly, Long Xueyi heard a burst of "gege" sounds come out of Chen Xiang's body. It was as clear as firecrackers, which continuously sounded out.

"Is he about to become an immortal king? After becoming an immortal king, I wonder how powerful he'll be." Long Xueyi smiled slightly and said: "Looks like my bones are starting to change. Signs of me mastering Body of Heavenly Sage, that Holy Elixir really is a good thing."

Originally, she had only predicted that Chen Xiang's Body of Heavenly Sage would reach the middle or high levels, but this had already happened ten years ago.

"Large success of his Body of Heavenly Sage, he should be able to transform into a golden bone. I wonder what stage his jade bone is going to reach." Su Meiyao came over to Long Xueyi's side.

"Jade bones are just like the Dan Emperor. They will still need a period of time before he can complete the Ninth Cycle of the Sacred Transformation." Long Xueyi said, "It's very easy for you guys to cultivate your bodies, you just need to use the Jade Rabbit Blood, but you can't use it. If he wants to refine the Jade Bone, he must torture himself."

Chen Xiang's body emitted waves after waves of golden light, and his skin seemed to be covered with a layer of gold foil.

At the current stage, there was already no Power of giving, and everyone was the same. At this level, it would be even harder to obtain great power, and one would need to rely on large amounts of medicinal pellets.

"When he becomes an Immortal King, everything changes very quickly. He should wake up soon." Su Meiyao said.

Sure enough, after she said that, Chen Xiang opened his eyes. He was currently very calm in his heart, and every time he broke through in the past, he would be extremely happy, excited by the immense power he had just obtained.

The power he gained from breaking through this time was even stronger. However, he knew that in the nine heavens, there were many people stronger than him. With his current strength, he could not be considered to be much.

"I've finally become an Immortal King."

Chen Xiang only clenched his fists, and felt the power of the Immortal King. The power of the Immortal King, gave him a sense of kingship.

"Look at the bottom of the box." Long Xueyi said.

This was something that Chen Xiang had known about before. And all these years, when he had touched these Spirit grain everyday, he had already memorized every single one of them.

"Only the Spirit grain, nothing." Chen Xiang said, but he was not disappointed, because the Holy Elixir had brought him great benefits.

"Hold on..." He carefully looked at those Spirit grain, and suddenly discovered that there were a few very, very small ancient characters inside one of the tiny lines.

Right now, his eyesight was extremely terrifying. Even if it was a speck of dust, it could still be enlarged like a pellet in his eyes.

"What's written on it, does it have anything to do with these Spirit grain?" Long Xueyi asked anxiously.

"Gate of the Qing-Yun Realm." Chen Xiang muttered: "Using the Spirit grain s to set up the array, it will form the Transmission array to enter the Heavenly Evil Realm. I will be there."

"What is the Realm of Flame Heaven?" Chen Xiang said in shock: "Evil Emperor is actually there."

After Long Xueyi heard it, he frowned. It was clear that he knew something.

"Xue Yi, I've heard about the matters of the Heavenly Realm before. It's said that the various powers required to form the Nine Heavens Dictum all come from within the Endless Heaven Realm. My little master said so." Su Meiyao said.

"I remember my master saying that the Endless Heaven Realm is very scary, but many experts will go." Bai Youyou continued.

Long Xueyi nodded: "Endless Heaven Realm... It is indeed very frightening. The powers that make up the Nine Heaven World all come from within the various Heaven Realms. "

"Originally, the Nine Heaven World did not exist, but tens of thousands of realms leaked all kinds of energy, and after that, the energy gathered together, continuously merging and compressing themselves. Finally, the point exploded, forming this Nine Heaven World.

"In the end, when these creatures reach a high point, they will be taken over by the Heavenly Realm. As for why they're going there, I'm not sure either."

"In short, Endless Heaven Realm had tried to control the entire operation of the Nine Heaven World many times, but to no avail."

Chen Xiang put away the jade chest and said: "Looks like Nine Heaven World isn't that simple. The matter regarding Ten Heavens Supreme Lord back then, might have something to do with this Endless Heaven Realm."

"Leave quickly. I wonder what has happened to those guys who obtained the things here in the past." Long Xueyi said.

Chen Xiang came to the corner, activated the Transmission array and teleported to the outside, which was the Evil Dragon Mountain Range.

Evil Divine Palace was still here, but he was hiding in a space high above in the sky. If he wanted to come again, he could go through it using the power of the spatial laws.

Right now, he was still in Long Tian's presence. As soon as he came out, he immediately rushed to the Golden Dragon Immortal Palace to inquire about what had happened in the past few years, to see if there was anything worth his attention.

## [Chapter 1442](#)

After Chen Xiang arrived at the Golden Dragon Immortal Palace, he immediately found out about Liu Meng'er's situation. After knowing that Liu Meng'er was going to marry Luo Yitao, he did not have any other intentions to ask about anything else. All he wanted to do was to kill his way to the Heaven Sword City and destroy the entire Heaven Sword City.

"That bastard Luo Yitao."

Chen Xiang thought back to when he was captured by those strong warriors, and how Luo Yitao had dealt with him, and made him extremely angry. At that time, he swore that if he had enough power, he would destroy Heaven Sword City first.

He didn't know what actions Huang Jintian and the others were taking, nor did he know why the Divine Artisan Mountain Villa handed Liu Meng'er over. He also didn't want to know either, as far as he was concerned, the most pressing matter at hand right now was to eliminate the Heaven Sword City.

"There's still one more day. Fortunately, I came out quickly." Chen Xiang stepped into the Transmission array, and came to the Human King Immortal Country.

As soon as he arrived here, he saw many eye-catching places with messy records. They were all left to him by Huang Jintian, and he had followed those records to find a message jade token, only that he wasn't able to contact Huang Jintian.

"Why does Divine Artisan Mountain Villa have to be placed under house arrest? Could it be that they have steeled their hearts to marry that Luo Yitao? This has nothing to do with them; no matter what, it is her parents' fault."

Chen Xiang had heard some information from them, he had contact with Liu Zongyu and Song Ying and knew that the couple was considered enlightened. Although they had set up a marriage agreement with Liu Meng'er back then, they now knew that Liu Meng'er did not like him at all, and after knowing his character, they would definitely not push him into a pit of fire.

But now, this matter was under the control of the Divine Artisan Mountain Villa.

"Divine Artisan Mountain Villa, I'll go and save Elder Sister Meng'er now." Chen Xiang immediately stood up and headed towards the Divine Artisan Mountain Villa. This Divine Artisan Mountain Villa was right there, and Chen Xiang had already understood that more than half of the Human King Immortal Country were controlled by the Divine Artisan Mountain Villa.

Human King Wu Canghong was just a puppet, if he did not listen, there would be a lot of trouble.

Outside Divine Artisan Mountain Villa, Chen Xiang was waiting for some important figures to come out. He was already an Immortal King and although they were only early stage Immortal Kings, if a Immortal King of the same level were to meet him, it would only take a single look from him to get rid of them.

The Divine Artisan Mountain Villa was built in the wilderness. The entire villa was very huge, and there should be a lot of people there. Moreover, their security was very tight right now, and the formation to protect the entire villa was even more powerful.

The array Spirit grain they used was passed down from a Divine Craftsman in the past.

Chen Xiang was extremely tight on time, he had waited for more than an hour, but even then, he still did not see an Immortal King, so he could only take action against a Immortal Monarch.

He knocked the Immortal Monarch out, then used the Soul Absorbing Devil Spell to search the Immortal Monarch's memories. After understanding some things about the Divine Artisan Mountain Villa, he turned into the Immortal Monarch and swaggered into the Divine Artisan Mountain Villa.

The Immortal Monarch looked to be a middle-aged man called Jiang Tong. From the memories that Chen Xiang had searched, he knew that Jiang Tong was not the core member of the Divine Artisan Mountain Villa, but he knew where Liu Meng'er was being placed under house arrest.

Liu Meng'er was placed under house arrest in a mountain in the Divine Artisan Mountain Villa. There was a cave in that mountain, and Jiang Tong was involved in the construction of it.

Chen Xiang activated Heaven Tour and floated high up in the sky. He quickly found the mountain, which was located in the east of the center area of the villa.

"It seems like only the Immortal King can enter that area."

Just now, Chen Xiang was outside the Divine Artisan Mountain Villa. He knew that those great formations would be extremely difficult to break through, even if he used the power of the Ancient Code.

Divine Artisan Mountain Villa was like a small city, there were many houses, although he met many people along the way, they were not very strong, he just wanted to find an Immortal King to impersonate them, that way he could enter the.

Chen Xiang arrived outside that area and finally met an old Immortal King walking out. According to Jiang Tong's memories, this Immortal King was called Wang Rong, and two years ago, he was still a Immortal Monarch. Because he had become an Immortal King, he was immediately recognized by the Divine Artisan Mountain Villa and was able to enter the core region.

Chen Xiang followed behind Wang Rong, but Wang Rong only glanced at him once, and then walked away. There were so many people in this place, it was normal to have people following him.

However, after Wang Rong walked for a distance, he realized that there was something wrong with the people behind him. However, at this time, his sea of consciousness was attacked and he fainted.

Chen Xiang had cultivated in seclusion for a hundred years, and had put a lot of thought into the Heaven Earth Killing Method, which made his mental attacks even stronger.

The moment Wang Rong fainted, Chen Xiang immediately used his transformation technique to produce Wang Rong, and he placed the real Wang Rong into the square cauldron.

Under the watchful eyes of the crowd, he completed this move. His speed was so fast that in the eyes of the crowd, Wang Rong almost fell over and did not see what Chen Xiang did.

As he grew stronger, Chen Xiang's skill in changing techniques became more profound. After searching Wang Rong's memories, he walked towards the central region. It was as if he needed to enter a city, and enter through a huge gate.

After verifying his identity, Chen Xiang successfully entered the core region and immediately ran towards the cave that was locked down by Liu Meng'er.

"There are so few experts in the Divine Artisan Mountain Villa, even Wang Rong is confused. He doesn't know why there are so many experts missing either. It seems like he still cannot come into contact with the real core of the secret." As Chen Xiang walked along the road in the center of the city, he realized that there were very few Immortal Kings around.

If it was his first time in here, it would have been fine. However, Wang Rong, who had stayed here for two years, also felt that it was strange. Furthermore, this was within a few days' time.

Chen Xiang had a bad premonition, he anxiously rushed towards the cave. There was no one guarding the cave, so he easily entered, but there was no one inside, leaving only the faint fragrance on Liu Meng'er's body.

"Dammit, they should have left long ago. What is it exactly for, for Divine Artisan Mountain Villa to be so secretive, that it is worth it for them to do so?" Chen Xiang sat on the bed that Liu Meng'er had slept on and thought about this problem.

"Suzaku Divine Weapon, Suzaku silk, this should be worth it for Divine Artisan Mountain Villa to make such sacrifices, right? Liu Meng'er's Suzaku silk can be used, her parents definitely know about it, and her parents might have even told the people inside the Divine Artisan Mountain Villa about it." Su Meiyao sighed.

Bai Youyou laughed coldly: "They must have thought of ways to take the Suzaku silk from Liu Meng'er, but they are unable to do so. Then, they must have told Heaven Sword City that she has a Suzaku silk on her body, and this way, they can use Liu Meng'er to exchange her for many precious things. It must be known that the Heaven Sword City is extremely rich right now, and also inherited from the Evil Emperor."

"There's still time. They definitely won't change the time of their wedding because they have invited many great powers. Right now, they are only secretly heading to Heaven Sword City." Long Xueyi said.

Chen Xiang laughed sinisterly: "Divine Artisan Mountain Villa, today I will let you all have a taste of how powerful the legacy of your Divine Artisan Grandmaster is."

He took out the Hammer of God, as well as the divine cauldron that sealed the profoundyang Fire Crow.

#### [Chapter 1443](#)

Chen Xiang quickly walked out of the cave. It was extremely quiet in the Divine Artisan Mountain Villa, especially in the center area. There were very few people here.

Although this was the core region of the Divine Artisan Mountain Villa, there were not many people here right now. Chen Xiang suspected that those Rankers went to the Heaven Sword City, although on the surface they looked like they were going to drink wedding wine, they were actually going to make a trade and use Liu Meng'er to exchange for the valuable items left behind in the Evil Emperor.

"The fewer people, the better." Chen Xiang flew into the air, causing the divine hall to become as big as a huge mountain, and fiercely smash into the small mountain that imprisoned Liu Meng'er.

With a thunderous boom, the heavy divine cauldron released a force that pressed down fiercely and crushed the small mountain into pieces.

The rocks that flew out were like a raging tide as they completely destroyed some of the houses in the surroundings.

Boom! Chen Xiang controlled the divine cauldron and it once again smashed onto the ground. The ground violently shook and cracked, releasing a violent earthquake, causing the ground to rise and fall, and a large portion of the houses to collapse.

Chen Xiang had already heard the angry shouts of many people. The Divine Artisan Mountain Villa had an extremely strong defense against the outside world, but if the inside of the body was damaged, he would have no way of resisting it.

At this moment, the people outside the Divine Artisan Mountain Villa were all able to see a three-legged cauldron that was like a giant mountain floating in the air, and then fiercely falling to the ground.

There was a profound yang Fire Crow sealed inside the divine furnace, and now, Chen Xiang was releasing all of the hot air inside it. The heat wave spread out in all directions and set off bursts of fire, in the blink of an eye, the center area of the Divine Artisan Mountain Villa turned into a sea of fire.

Before the Immortal Kings guarding this place could recover, more than half of it was destroyed.

"Our Divine Artisan Mountain Villa has always been at peace with the world. One of the Immortal Kings roared angrily, flying towards that enormous divine cauldron.

The more he looked at the divine cauldron, the more it looked familiar. When he recognized it, his entire body shivered and he shouted out in shock: "This is the divine cauldron of the Divine Craftsman Ancestor, and it even has a lid, isn't this divine furnace in Chen Xiang's hands?"

"Scram far away from me, who would believe that you two are not fighting in this world." Chen Xiang bellowed, controlling the gigantic divine cauldron, pressuring the group of experts that was rushing over.

"Quick, dodge."

Sensing the terrifying heat emitted from the divine cauldron, the immortal kings were all terrified, and they immediately dodged away.

The fire raged and surged towards all four directions, the ground was burned into lava, all the houses were burnt down, all the Immortal Kings were floating in the air, staring angrily at the gigantic divine cauldron that was bombarding the entire central region.

"Where's Liu Meng'er?" Chen Xiang only used a moment to destroy the entire central area, but not a single expert came out to stop him, which made him slightly surprised. He did not believe that the Divine Artisan Mountain Villa did not have an expert like Duan Ming, who had not made a move yet, must have gone to the Heaven Sword City.

Could it be that the things that the Heaven Sword City had given them were really so important to let those strong warriors go all out?

"You really are here to save her. She has already gone to the Heaven Sword City." Previously, when Xue Xianxian escaped from this place, they expected that Xue Xianxian would come find them, but now, it was as they expected.

However, who would have known that Chen Xiang would appear here for no reason. If they relied on those big arrays, even an expert like Duan Ming would find it difficult to break through in a short period of time.

"Her marriage is not something that your Divine Artisan Mountain Villa can meddle in, right? Since all of you are being nosy, then I must intervene for once." Chen Xiang sneered, and rushed forward with the divine hammer.

"He's coming over. Disperse quickly. Don't take him head on. This guy's strength is extremely terrifying." A stronger Immortal King shouted. Chen Xiang had the Green dragon demon-slain broadsword in his hands, and now that he had the strength of a Immortal King, even a late stage Immortal King would not dare to fight him head on.

Everyone only saw Chen Xiang rushing over, but in the next moment, he appeared beside them. He threw out the small divine cauldron in his hands.

The divine cauldron flew out from his hands, and in the blink of an eye, it became like a small mountain as it charged towards the group of immortal kings. In just a split-second, the rampaging divine cauldron had already caused the group of immortal kings to cough up blood.

"Chen Xiang, our Divine Artisan Mountain Villa has always kept to himself. Furthermore, Wu Canghong of the Human King Immortal Country has always wanted to befriend you. If you continue, you will definitely become sworn enemies with us." The old immortal king avoided the impact of the divine furnace, but he was still scalded by the heat exuding from the divine furnace.

It looks like you are the ones who forced her to marry to the Heaven Sword City. Don't think that I don't know that you are using Liu Meng'er to exchange for some important things. Liu Meng'er is my wife's master.

Chen Xiang's cold voice was filled with killing intent, he appeared in front of one of the Immortal Kings in a flash, waved the Godly Hammer in his hand, and smashed it onto the Immortal King's head.

Seeing how strong Chen Xiang was, the Immortal King had already lost his will to retaliate. He raised his sword to block, but who would have known that Chen Xiang's Divine Hammer was extremely terrifying, when his Immortal Sword was smashed by the Divine Hammer, it instantly shattered, and he was even sent flying by the Divine Hammer's force.

"Chen Xiang, we escorted Liu Meng'er to the Heaven Sword City in advance. We also sent a group of experts there, causing the defense here to be weak. Do you know the reason?" The old immortal king was still relatively calm, he knew that he shouldn't fight with Chen Xiang head on.

Chen Xiang did not question them, but rushed towards the Immortal King Immortal Monarchs who were fleeing in all directions, raised the Divine Hammer in his hands, and smashed one by one into the sea of fire on the ground.

"Because we knew that someone was stopping us on the way to save Liu Meng'er and in order to catch them all, we sent out many experts. If I am not mistaken, the Long family would definitely go, along with your master and the others. The old immortal king said angrily.

Hearing that, Chen Xiang's face changed, the old immortal king saw this and was happy, but when he saw Chen Xiang take out the Green dragon demon-slain broadsword, the previously calm him suddenly became anxious.

"Thanks for the reminder, I'll be right over."

After Chen Xiang finished speaking, he threw the Green dragon demon-slain broadsword high into the sky. A wave of cyan light, accompanied by the earth-shaking dragon's roar, rumbled through the sky.

The green light disappeared, and the Green dragon demon-slain broadsword became extremely huge, over a hundred thousand meters long. The tip of the blade was pointed at the ground, and cut straight down.

Roar ... The divine blade fell to the ground without a blade hilt, revealing a blade hilt that was as tall as a mountain. The entire Divine Artisan Mountain Villa was currently shaking violently, and waves of oppressive dragon roars came from deep underground.

It was as if the gigantic Divine Artisan Mountain Villa of a city had suddenly cracked open amidst the roars of tens of thousands of dragons, forming countless deep, bottomless crevices. Waves of murderous intent rose from the depths of the earth, like a dragon's roar, and soared high into the sky.

With just a single slash, the entire Divine Artisan Mountain Villa was torn into several pieces. The foundations of many large formations were destroyed, and violent energies continuously surged out from within the cracks.

#### [Chapter 1444](#)

The Immortal Kings were all shocked. This Divine Artisan Mountain Villa had many powerful formations of various sizes, with a history of many years, and they would maintain it meticulously every year. However, it had been destroyed by the Green dragon demon-slain broadsword s that Chen Xiang casually threw out.

To Divine Artisan Mountain Villa, this was a calamity.

Chen Xiang had already disappeared, he was rushing to the Heaven Sword City, and just now he did not use his true strength, it was only the power of his flesh, if he used his holy energy, the entire Divine Artisan Mountain Villa would have turned to dust.

The Heaven Sword City was located on top of a mountain. It was huge, almost like a city floating in the sky, filled with dense immortal qi.

Once Chen Xiang arrived, he immediately knew that a huge battle had broken out here, and on top of that, it was at the Transmitting Square s of the city.

That was more than two hours ago, and now that the Transmission array had been repaired, the efficiency of the Heaven Sword City was extremely high.

However, when Chen Xiang teleported here, he was still able to see that the entire plaza was in ruins. After asking around, he found out that it was the Divine Artisan Mountain Villa that brought Liu Meng'er here, and a large group of experts surrounded them.

In order to prevent the battle from spreading to the entire city, the great array formation of the Transmitting Square was immediately activated. It was obvious that it was already prepared.

However, the result made Chen Xiang feel very disappointed, because that group of people still hadn't snatched Liu Meng'er away, and since the Fire Divine Palace and the others were all here.

"They fell for it, who would have thought that Devil-suppressing Divine Palace and Fire Divine Palace were also involved in this matter." Chen Xiang clenched his fists and asked Long Xueyi to look for the person who was hiding here.

Because the Transmission array was destroyed at that time, Long Huishan and the rest must have only escaped, they were still hiding in the city, and now the people from the Heaven Sword City are looking for the whereabouts of those people.

Xue Xianxian and Leng Youlan had both appeared, because they were Liu Meng'er's disciples. What made Chen Xiang even more surprised was that Huang Jintian, Gu Dongchen and Wu Kaiming were all present, and even Yun Xiaodao and the other little ghosts were participating in the battle.

Although Liu Meng'er was not taken away, the Heaven Sword City and Divine Artisan Mountain Villa had suffered heavy losses. This was because Duan Ming had also come, so with Duan Ming here, both Heaven Sword City and Divine Artisan Mountain Villa felt a certain amount of pressure.

"Found it, they're hiding in the cave at the bottom of the mountain." Long Xueyi said.

Liu Meng'er's big wedding was tomorrow, so there was still some time left. Right now, Chen Xiang had to go and take a look at Long Huishan and the others' situation.

Chen Xiang was very grateful that they were able to come. He had concocted many healing pills in the past few years, so he should be able to help them.

Chen Xiang quickly found the cave they were hiding in. They were extremely vigilant, sensing that someone was approaching.

Sensing that the auras on their bodies were not weak, Chen Xiang secretly heaved a sigh of relief, which meant that their lives were not in danger.

"It's me." Chen Xiang used his powerful God Power to penetrate their formation, and his voice reached everyone's minds.

The concealment of the cave entrance immediately disappeared, and Xue Xianxian and Xue Xianxian who came out first, became teary the moment they saw that it was really Chen Xiang, because they had already tried their best to save Liu Meng'er, but they did not succeed.

"Let's go in first." Chen Xiang rubbed their heads as he watched them walk out.

Everyone sat on the ground, there weren't many people inside, other than Chen Xiang's friends, Long Huishan had also brought ten experts from the Long family, which was considered very large in the nine heavens.

"Damn brat, we thought you had died." Long Huishan placed his hammer on Chen Xiang's chest, but a smile still appeared on his face, but he helplessly sighed: "What's left is up to you. We were almost unable to take Liu Meng'er away even after losing our lives, those fellows had already predicted that we would come, and would join forces to ambush us."

"If it wasn't for Senior Duan, we might have been captured alive." Xue Xianxian looked at Duan Ming gratefully. Duan Ming was indeed strong, even though he was surrounded by a few experts with strength equivalent to his, he was still able to help them escape.

Huang Jintian said: "Brat, where have you been in these past hundred years? Could it be that you have been sealed within the Evil Divine Palace by those fellows?"

In these past hundred years, Chen Xiang had not changed at all. He still looked the same as before, and did not feel that he had become stronger. Only Huang Jintian, Duan Ming and the old ice dragon could see anything.

"It's a long story." Chen Xiang heaved a long sigh, he saw that the rest of them had also become very strong, and felt pleased in his heart, they were just slightly injured, and the seriously injured ones had all taken immortal pills.

Hua Xiangyue said: "Meng'er is currently in Heaven Sword City, what do you plan to do? It will be difficult to get into that place."

"Just like the Divine Artisan Mountain Villa, back then it was difficult even for me to enter the outskirts of the Divine Artisan Mountain Villa." Huang Jintian shook his head: "I need to hurry up and think of a way, if not it will be too late, and tomorrow will be my wedding day."

Xue Xianxian thought about how Liu Meng'er was going to marry Luo Yitao tomorrow, and said with some distress: "The great formations of the Divine Artisan Mountain Villa are all made up of Holy level formations, and there are a total of seventy-nine of them combined. Especially in the central region, which is the hardest to enter, and the defenses of the Heaven Sword City seem to have been reinforced by the Divine Artisan Mountain Villa as well."

Chen Xiang caressed her face and laughed: "Divine Artisan Mountain Villa has already been destroyed by me. After I found out about it, I immediately rushed to Divine Artisan Mountain Villa. I never thought that Meng'er wasn't in there, and there weren't any other powerful fellows."

"Elder Brother Shen, are you joking? Senior Duan already said that Divine Artisan Mountain Villa is very aggressive." Yun Xiaodao doubted.

"Why don't you go take a look now?" Chen Xiang laughed: "Who said that if we want to break through, we just have to sneak in, these arrays are normally just for defense on the outside, but if we are messing around inside, it's impossible to defend against them."

Everyone was startled, they wanted to immediately run over to see what Chen Xiang had done to the Divine Artisan Mountain Villa. Although they did not know what happened, after hearing it, everyone was secretly pleased.

"Then you're planning on going alone, why don't I go with you?" Duan Ming said: "It'll be safer this way. Right now, there are a few guys with strength equivalent to mine in Heaven Sword City. If I meet them, I can delay them for a while."

"Those fellows? It was them who sealed me back then. Fortunately, I broke their seal, otherwise, I would have already been killed by them." Chen Xiang clenched his fists and said, "Tomorrow is the wedding day, today we are going to break this mountain, since we have already formed enmity with the Heaven Sword City, there is nothing to be afraid of."

This mountain was very big, but breaking it was not difficult, especially for strong people like Chen Xiang.

Everyone inhaled a breath of cold air. Originally, they had only planned to cause a ruckus in the Heaven Sword City, but Chen Xiang had actually wanted to destroy the entire Heaven Sword City.

Chen Xiang laughed sinisterly: "Not only will we destroy this mountain, we will also need to pull out the Immortal meridians beneath it. That is the foundation of Heaven Sword City.

#### [Chapter 1445](#)

When Chen Xiang was in the Divine Artisan Mountain Villa, he used the Green dragon demon-slain broadsword to destroy the Immortal meridians in the ground, which was why it caused such a huge amount of damage.

"If we destroy this mountain, the Heaven Sword City will not fall down. I have observed that there are still many large formations at the bottom of the Heaven Sword City, and when the time comes, they can be suspended in the air. But if we destroy the Immortal Meridians, they will definitely cause some of their large formations to die." Xue Xianxian said.

Duan Ming said: "Then everyone please quickly leave this cave and leave the matter of this mountain to me."

Chen Xiang laughed: "Let's destroy them first, the rest of you who are injured, leave this place first."

Duan Chong nodded his head: "I'll take these brats and leave first."

Yun Xiaodao and the others were also injured, but their powers were relatively weaker. After Chen Xiang bade them farewell, he quickly brought them and left.

... .... In a large hall in Heaven Sword City, Divine Artisan Mountain Villa, Fire Divine Palace, Xie Tian and Xie Tian, and other important figures of Heaven Sword City were all sitting here.

"Chen Xiang, this little bastard, has actually destroyed our Divine Artisan Mountain Villa. I will tear him apart alive." An old man said angrily: "In his hands, the Green dragon demon-slain broadsword forged by our Divine Craftsman Ancestor is an insult to our Divine Craftsman Lineage."

Chen Xiang, who had disappeared for a hundred years, suddenly appeared and even annihilated the Divine Artisan Mountain Villa in a few breaths, causing the several forces present to be secretly shocked.

"What's going on with Chen Xiang? Didn't you guys say that he was sealed by you? He can't be unsealed without ten thousand years, and now that he has appeared, and he's so strong too, if not we wouldn't be careless." An old man from the Divine Artisan Mountain Villa looked at the higher-ups angrily.

The Fire Divine Palace Lord said coldly, "If I'm not mistaken, he was still inside the Evil Divine Palace. After we all came out, he opened the black coffin."

When the Immortal-becoming realm Rankers from the Heaven Sword City, Devil-suppressing Divine Palace and the Xie Family heard that, their bodies shivered, and their hearts immediately became envious and resentful. The thing inside the black coffin was extremely important to them.

"The Green dragon demon-slain broadsword and the Heavenly evil sword are both in his hands. Only he can open the black coffin. We don't know what's inside, but it's very important." Fire Divine Palace Lord

let out a long sigh, "At that time, my master personally made a trip to the Evil Dragon Mountain Range, but he was unable to find Evil Divine Palace."

"Then what do we do now? The reason why Chen Xiang is here is definitely because of Xue Xianxian. The old man from the Heaven Sword City said: "We had previously agreed that this marriage would definitely be successful."

Otherwise, our Divine Artisan Mountain Villa will have lost them all for nothing. At that time, we must capture Xue Xianxian and force him to surrender. The old man from Divine Artisan Mountain Villa said fiercely.

Everyone had always wanted to do this, but previously, because of the protection from the Divine Artisan Mountain Villa s, they did not take action. Now, the only one protecting Xue Xianxian was the Long family, but if these big powers joined hands, they had the confidence to exterminate the Long family.

"There are already quite a few people who came to attend the wedding. Let's start today, so as to not create unnecessary trouble ..."

Just as he finished speaking, the entire hall suddenly shook. Following that, a deafening sound rang out, shattering many things.

The entire Heaven Sword City was shaking violently, and the houses were collapsing crazily.

"The mountain is broken." A Immortal Monarch ran over while shouting in shock, "Someone broke the mountain!"

The experts were startled, then immediately understood that this must be a good thing for Chen Xiang and the others, they did not expect them to actually plan to destroy Heaven Sword City.

"The floating array has been activated, and it is now slowly descending to the ground." The Immortal Monarch said again.

The Heavenly Sword Peak was destroyed just like that, but Heaven Sword City was worried about not that, rather, it was the Immortal meridian underneath Heavenly Sword Peak. Now that the energy was being transferred to that point, the great array of the Heaven Sword City was being maintained using Spiritual crystal s as backup, but it would not last long as there were so many great Holy level Arrays, and countless Spiritual crystal s would be consumed in an instant.

The few elders from the Divine Artisan Mountain Villa felt a little better, because the Heaven Sword City wouldn't have any good days ahead of them. This caused them to feel much better in their hearts.

Just as the experts left the hall, they saw a flash of green light, followed by a huge green sword as big as the Heavenly Sword Peak falling down, as if coming from a star domain far away from the ancient times.

Hearing the waves of stunning dragon roars, the experts immediately understood that this was the Green dragon demon-slain broadsword in front of them, and it had even been made extremely huge by Chen Xiang.

"Immortal meridians ...." The old man from the Heaven Sword City roared.

However, the Green dragon demon-slain broadsword had already inserted itself into the Broken Peak. At the same time that it cut the Immortal Meridian, it also released a strong force that broke all the Immortal Meridians.

Just as the experts were about to fly over, Duan Ming suddenly appeared in front of them, holding onto a divine sword.

"It's you again." The Fire Divine Palace Lord's face sank, because Duan Ming was very hard to deal with. Not only was his cultivation technique powerful, he even had a divine sword in his hands.

"I advise all of you to attack together. If you're missing one, it's possible that all of you will die here." Duan Ming sneered, he had already slashed out his sword, a light sword strike, yet it caused a large space to tremble, the spatial shockwave caused the hall below to instantly crack and be neatly sliced apart.

With the Divine Sword and the fact that he was a Scattered Immortal, Duan Ming had been tempered by the through tribulations many times and the Innate Qi and body within his body were both exceptionally terrifying.

The Chen Xiang who had disappeared for a hundred years had suddenly appeared and exterminated the Divine Artisan Mountain Villa. Now, with such a huge commotion happening in the Heaven Sword City, using his knees to think about it, he knew that Chen Xiang had already arrived here.

Right now, many of the people in the Heaven Sword City had already fled, not wanting to be affected.

"Chen Xiang is over there. Quick, stop him." The old man from the Xie Clan roared, but he could not escape. If he did not care about everything and went to intercept Chen Xiang, he would only be attacked by him.

"Leave it to me." The Fire Divine Palace Lord frowned, he immediately rushed forward, but an ice mountain suddenly smashed down, causing him to fall to the ground.

"Hurry, we have to stop him." A middle-aged man from Heaven Sword City shouted.

The expert of Divine Artisan Mountain Villa roared, he rushed towards Chen Xiang, who saw it and wanted to stop him, but was stopped by the other experts.

"Chen Xiang, I will skin you alive! How dare you destroy my Divine Artisan Mountain Villa!" The old man roared.

"I'll wait for you here." Chen Xiang was not afraid in the slightest as he took out the divine furnace.

"Ignorant little beast." The Divine Artisan Mountain Villa's elderly person was very strong, and he was also a Divine Artisan's descendant. He took out a golden sword, with one glance, he could tell that it was the Holy Sword, and slashed at Chen Xiang.

Chen Xiang anxiously opened the lid of the divine cauldron, and the profound yang Fire Crow inside rushed out, just in time to be struck by the Sword Qi of the Divine Craftsman.

The sudden appearance of the profoundyang Fire Crow surprised all the strong warriors, but Duan Ming and the old ice dragon all secretly laughed. They had all experienced the strength of this profoundyang Fire Crow before, it was enough for that Divine Artisan descendant to get humiliated.

In order to allow Chen Xiang to find Liu Meng'er smoothly, Huang Jintian, Long Huishan and the others felt that they had joined the battle, fighting against a few powerful Immortal Kings.

In the blink of an eye, many experts started fighting in the sky above the grand palace in the middle of the Heaven Sword City.

"Chen Xiang, I never thought that you would still be alive. Xie Kang suddenly flew over, holding a black large sword in his hand, releasing an evil aura. One look and one could tell that it was related to the Evil Emperor.

Chen Xiang recognized Xie Kang with a glance. Xie Kang had grown very fast by relying on the Evil Emperor's inheritance, and was already in the middle stage of the Immortal King Stage.

Xie Kang flew over, the pitch-black sword in his hand flew out, transforming into a ray of black light that shot towards Chen Xiang.

"Is this also a sacred sword?" When Chen Xiang felt the powerful Evil Force from the sword, he could not help but be shocked, and took out the divine cauldron.

He enlarged the cauldron and aimed the gap towards the incoming black broadsword. The broadsword entered the cauldron and he immediately closed the lid. Then, he kept the cauldron.

"You ..." Xie Kang was startled, he had initially had confidence in his sword strike, even if he was unable to attack Chen Xiang, he could still probe Chen Xiang's strength, but who knew that Chen Xiang would actually use the divine furnace to receive his sword.

"Thank you once again for sending me the sword." Chen Xiang chuckled, and continued to rush towards the palace, where Liu Meng'er was now.

He had already gifted three Holy Swords to Chen Xiang. Originally, he had planned to find a chance to repay the favor, but now, he had even given him a Holy Sword.

"Don't look down on others. I definitely won't let you succeed today." Xie Kang roared, his hair suddenly started dancing wildly, both of his eyes turning red, both of his fingers suddenly became very long, as though there was a small blood sword growing out.

"Evil God Palm." Xie Kang growled, the Evil Qi on his body gushed out, suddenly a black thick cloud appeared in the sky, transforming into a black gigantic palm that pressed down towards Chen Xiang.

"Such insignificant skill, break it for me." Chen Xiang made a grasping motion in the air, and all the immortal energy around him surged, condensing into a faint golden energy ball in his palm.

When the black Evil God Palm pressed down, Chen Xiang threw out the ball of Holy Spirit Qi.

The golden ball of energy was only the size of a grain of rice compared to the black Evil God's Palm. Upon seeing it, Xie Kang couldn't help but sneer.

However, the moment the ball of energy came into contact with the Evil God's palm, it suddenly exploded, flashing with an extremely intense golden light. It was as glaring as the sun, and the Evil God's palm formed from a large amount of Evil Qi was instantly purified.

"This... How is that possible? " Xie Kang and Luo Yitao had been using it a lot. Every time they used it, it would cause a huge commotion, but it was destroyed by Chen Xiang in an instant.

When the other experts saw Xie Kang unleashing the Evil God's Palm, they knew that Chen Xiang was about to be suppressed. Although the power of the Evil God's Palm was still very strong even when it was used by a middle stage Immortal King, Chen Xiang was stronger.

What Chen Xiang had just used was the true Devil-suppressing holy power. Originally, the Devil-suppressing holy power only carried the power of a sacred spirit, but now, it was the holy power of a genuine expert of the Holy level.

"Although you gave me three Holy Swords, and I am very grateful to you, you can go and die now." Chen Xiang knew that if he did not kill this Xie Kang, he would definitely be pestered.

"Come on, I want to see how you will kill me. Green dragon demon-slain broadsword, I'm sorry, I don't have that blade with me, we have already found a way to restrain it." Xie Kang laughed coldly, on his blood red hand, a green light suddenly appeared, the sharp nails on it flickered with a purple light, it looked like it was extremely poisonous.

"To deal with trash like you, I don't even need a Green dragon demon-slain broadsword."

Xie Kang, who was in the distance just a moment ago, suddenly appeared above Xie Kang's head. Xie Kang sensed an oppressing power in the sky that caused him to feel fear and trepidation. He wanted to dodge, but the evil energy in his body seemed to have already lost its power, causing him to be unable to move.

Chen Xiang appeared above Xie Kang, his palm diving down towards the ground while his palm had a very small golden word. The Holy Devil-suppressing seal appeared in his palm and released waves after waves of vigorous Devil-suppressing holy power, forming a simple yet imposing gigantic word.

"Die." Chen Xiang shouted, and the gigantic character immediately released a burst of killing intent, at that moment, Xie Kang screamed in despair, it was too late for the Xie Family experts in the distance to rush over.

**BOOM!**

The clear and loud sound shook the entire space, as though it was ripping apart the heaven and earth, and the moment the word 'suppress' came out, the entire world seemed to collapse. Xie Kang's entire body was filled with Evil Qi, but facing the word 'suppress', all that was left was ashes and smoke, and his soul scattered all over.

"An evil being is an evil being, with just that bit of strength, you want me to reveal my Green dragon demon-slain broadsword, hmph."

With that palm strike from Chen Xiang just now, a large building in the middle of Heaven Sword City was destroyed, and the ground seemed to have been flipped several times.

"Kang'er." The old man from the Xie Clan roared, and started to fight even more crazily with Duan Ming.

He had already suffered some injuries on his body, so he could only hope that Chen Xiang would hurry up and rescue Liu Meng'er and let him leave this place as soon as possible.

Even after Xie Kang died, he was still killed by Chen Xiang's palm strike. It was as simple as killing a dog, he didn't even use his weapon.

Although Luo Yitao had always been addressed as the youngest and strongest Immortal King, Xie Kang was also about the same as him.

Chen Xiang was not worried about Liu Meng'er, because Liu Meng'er had the Suzaku silk on him, it was a divine weapon that could attack and defend.

Along the way, there were a few Immortal Kings who wanted to stop Chen Xiang, but were all killed by Chen Xiang using the divine cauldrons one by one. When he controlled the divine cauldrons to fly out, the people who were attacked were as if they were facing an incomparably heavy mountain.

In the Heavenly Sword Hall, Chen Xiang saw Luo Yitao holding onto a red long sword and wearing a set of clothes that emitted a strange red light. In his hand was a purple ring, one could tell that he had obtained this equipment from the tomb.

Luo Yitao was not the least bit nervous as he looked at Chen Xiang with a smile.

#### [Chapter 1447](#)

Xie Kang is dead, this guy really isn't. After obtaining the Evil Emperor's inheritance, he's still so weak, and was even killed by you with just one palm. To think that the people outside are even comparing him to me, this is simply a kind of humiliation to me. The fight outside was in full swing, but Luo Yitao was extremely calm, as if nothing had happened outside.

"It seems that if I want to save Elder Sister Meng'er, I have to kill you first." He had a connection with Liu Meng'er's Suzaku silk, as long as they were in the vicinity, he would be able to sense that Liu Meng'er was currently in the great hall.

"Don't be naive, even if you could kill me, you wouldn't be able to save Liu Meng'er. Do you know who is there, do you really think that the Divine Artisan Mountain Villa is making a deal with our Heaven Sword City? Do you really think that we would all go out to fight you, and not leave a single expert behind to keep an eye on the important Liu Meng'er?" Luo Yitao laughed coldly, although he still had his arrogance from before, he had matured a lot, and was not as impulsive as before.

Chen Xiang thought about it, and felt that it made sense. The fact that the Heaven Sword City and the Divine Artisan Mountain Villa were willing to bear such a huge loss to prevent Liu Meng'er from being saved, and that the Fire Divine Palace, Devil-suppressing Divine Palace and the Xie Clan were all here, made the trade behind the scenes unimaginable.

"In that case, the Fire Emperor is looking at her." Chen Xiang took a small breath and asked.

"You're quite smart. You were able to guess that this lord is here, so you will definitely lose today." Luo Yitao's lips curled into a disdainful smile: "After a hundred years, you have become much stronger, but today, you will die here."

"I'm not dead yet. There is no absolute in this world." Chen Xiang smiled indifferently: "I have indeed killed the Ice Emperor, so even if the Fire Emperor is here, I do not need to be afraid. Also, no matter what, you will definitely die before me, because I will immediately send you on your way."

The Fire Emperor was indeed here, but Long Xueyi had already sensed it. Chen Xiang could only take one step at a time, and get rid of the ones who were blocking the road first.

"The one who will die will be you. In the end, I will marry Liu Meng'er over, haha ..." Luo Yitao laughed out loud, transforming into a red shadow, flashing towards Chen Xiang.

This Luo Yitao was much more powerful than Xie Kang, who knew how he managed to cultivate such a terrifying Evil Force.

Originally, Chen Xiang thought that Luo Yitao would appear to his left, so he immediately dodged to the side, but that Luo Yitao also had extremely fast movement speed, he actually appeared on his right side right away, unexpectedly slashing towards Chen Xiang's neck, if he did not dodge quickly, his head would have been cut off already.

"Are you still not taking out the Green dragon demon-slain broadsword s? Otherwise, you will have no chance of survival at all." Seeing Chen Xiang being frightened by his own sword, Luo Yitao was a little pleased with himself and rushed forward again, this time his sword attack was much stronger than last time.

The moment the sword was unleashed, the surrounding space was immediately shaken by the powerful evil power that suddenly surged out from his body. Black cracks appeared in the space, and tyrannical space power gushed out from the inside.

"I don't need a Green dragon demon-slain broadsword to kill you." Both of Chen Xiang's hands flashed with a white light, and a pair of white gloves appeared. The killing intent in the hall suddenly became stronger, and completely suppressed Luo Yitao's Evil Qi.

The blood-red sword hacked over. He reached out to grab it, wanting to grab it. Unfortunately, the sword's body was extremely sturdy, but he still held onto it tightly, kicking out at the same time.

Luo Yitao wanted to pull the sword out, but he used a lot of strength but he was unable to do so. It was as if he was connected to Chen Xiang's palm, he predicted that Chen Xiang would kick him, so he also kicked Chen Xiang.

"Hmph."

Chen Xiang circulated most of the Holy Spirit Force in his body and poured it into his thigh. Immediately, golden light overflowed from all directions, and fiercely kicked at Luo Yitao's leg, stepping on it. The strong Holy Spirit Force and the strength of his Body of Heavenly Sage combined, causing his kick to be extremely overbearing and violent, forcefully ripping Luo Yitao's leg apart.

"Ahh ..." Luo Yitao screamed out, and the moment he released his hand, the blood red sword was immediately pulled away by Chen Xiang.

The strength on Chen Xiang's thigh had yet to dissipate. He raised his leg and swept past Luo Yitao's chest, forming a large chunk of flesh.

Luo Yitao retreated a few steps, his entire body shivered, he could not believe that Chen Xiang's strength was actually this terrifying, his entire body was like a divine weapon, a large chunk of flesh and blood on his chest seemed to have been scooped out, even the armor on his body had difficulty defending.

This was the terror of holy power. Adding to the Body of Heavenly Sage, Chen Xiang could use this kind of terrifying power without restraint, making his entire body as strong as a holy weapon.

Chen Xiang put away the Holy Weapon that he had just snatched away and rushed over to the side of the shocked Luo Yitao. His fist was brimming with holy energy, as he fiercely smashed it onto Luo Yitao's face.

A "peng" sound was heard.

A chunk of flesh, along with a piece of bone, was thrown out from Luo Yitao's face.

Bang bang bang.

Chen Xiang's fists were like rain, fiercely smashing Luo Yitao's body.

"You can't die that easily." Chen Xiang laughed coldly, his fists and legs were so ferocious that they wreaked havoc on Luo Yitao. At this moment, a few Immortal Kings had already rushed in, and seeing that Chen Xiang could strike out with his flesh and blood, they could not help but shiver.

"Chen Xiang... "Ah ..." Luo Yitao screamed out, that scream was filled with endless hatred and fear, and it resonated throughout the hall. That despair made everyone who heard it tremble.

"I've said it before, you will definitely die before me. Evil demon, go to hell." Chen Xiang's palm burned with fire, with a flash of rainbow colored light, it flew towards Luo Yitao.

The fire was no longer a heavenly fire, but a holy fire.

The Rainbow Sacred Flame was extremely terrifying. Even before the flames even touched Luo Yitao's body, just that aura was already enough to burn Luo Yitao's bloody body into ashes.

After Chen Xiang killed Luo Yitao, he took a deep breath, because the enemy he would be facing next, was possibly the strongest enemy he had ever encountered, the Fire Emperor, one of the Nine Emperors.

Outside the great hall, the fighting was still in full swing, but inside the great hall where Chen Xiang was, there was a kind of suffocating silence. Those Immortal Kings who had just recently entered the hall had now retreated.

Chen Xiang followed the reaction between him and the Suzaku silk and took a heavy step forward. He didn't know what would happen next, but he had to go.

"Maybe we can talk about this guy. You have more precious things than Suzaku silk." Long Xueyi said.

Chen Xiang shook his head: "There's nothing to talk about with this person, I have already prepared for the worst."

[Chapter 1448](#)

The stone room was very bright, and on top of the room hung a few large white pearls. When he came in, the door was opened, and in the middle of the stone room sat a middle-aged man wearing a fire-red robe. Liu Meng'er, who was trapped in a forbidden area in the corner.

"Are you alright?" Chen Xiang looked at Liu Meng'er and smiled.

"Not bad." Liu Meng'er said softly.

Chen Xiang walked towards her as if he did not see the middle-aged man who sat on the stone chair in the middle.

The middle aged man was tall and sturdy, although the stone chair was very big, he looked crowded sitting there. His face was covered with a black beard, and his eyes stared blankly at the ground, as though Chen Xiang had never come in, and stared blankly at the floor.

The formation that trapped Liu Meng'er was not that complicated, he broke it open in a few steps and released Liu Meng'er out. Liu Meng'er could not believe it, because the person sitting there did not stop Chen Xiang.

Although Chen Xiang looked very calm, his heart was thumping hard. He did not dare believe that the Fire Emperor would let him save Liu Meng'er just like that.

"Let's go." Chen Xiang pulled Liu Meng'er and walked towards the door. He did not look at the Fire Emperor but he felt that it would not be that easy.

As expected, just as he was about to bring Liu Meng'er out of the stone room, the Fire Emperor spoke.

"You have the White Tiger Divine Weapon in your hands, right? The Green dragon demon-slain broadsword, the killer's hand, the Suzaku silk is right here. I didn't expect to encounter three of them at the same time." Fire Emperor's voice was calm as he raised his head and looked at Chen Xiang.

When Chen Xiang was fighting with Luo Yitao outside earlier, although Fire Emperor was not outside, he could see everything clearly.

Chen Xiang said: "That's right, even though you encountered it, you were unable to, you should have seen the Suzaku silk, the moment Four Symbols Divine Weapons identifies the person, you would not be able to shake him off even if you wanted to, and even if you die, you would not be able to shake him off.

"I've heard of this before, back then Qi Shi used half his life to cut off the connection between him and the Green dragon demon-slain broadsword, I'm afraid you guys can't do it now, but I never thought that over the years, so many people would come to find trouble with you in order to snatch your divine weapon, but they didn't know that these weapons were not theirs, and would never be theirs to own."

Fire Emperor's face revealed a ridiculing smile. He was ridiculing those people who tried to steal the divine weapons, but in the end, most of them had died in Chen Xiang's hands.

"You seem very naive." Fire Emperor laughed: "You think you can bring him away just like this? You should know who I am."

Chen Xiang laughed: "Of course I know, you must be the famous Fire Emperor, I have heard about your matters a long time ago. Back then, you and Ice Emperor were beaten so badly by Ten Heavens Supreme

Lord that you ran away clutching your head like a rat, half dead, and your partner Ice Emperor was even killed by me without leaving anything behind."

Liu Meng'er was stunned for a moment, and then, he forcefully squeezed Chen Xiang's hand. He clearly knew that it was Fire Emperor, yet he deliberately said such words to enrage everyone.

Fire Emperor was startled and then laughed out loud. "Since you know, why are you so naive, do you really believe that you can run away and bring a person along?"

Don't you think you're also very naive? You really think you're powerful, although you're relatively stronger in the nine heavens, that doesn't mean you can control everything in the nine heavens. You're not a Ten Heavens Supreme Lord yet, and you don't have the strength you once had. Chen Xiang also laughed out loud.

Liu Meng'er pinched his nails together with Chen Xiang, she was very worried that Chen Xiang would be smashed into pieces by the Fire Emperor's palm.

I really admire you. You can kill the Ice Emperor and destroy his corpse and soul, I don't know how you did it, but you can also obtain the Green dragon demon-slain broadsword and Slaughter God's Hand, and you can also obtain the Ground killing, and you can also master the divine cauldron left behind by a Divine Craftsman.

"However, you must understand now, although I do not have the strength I had back then, I am still alive. I am not half dead like the Ice Emperor, and my strength is much stronger than those fellows outside."

Fire Emperor paused for a moment, before continuing, "On what basis do you think you can escape in front of me?"

Chen Xiang said, "That's right, you were once one of the Nine Emperor's. Although you did not have the strength you had before, a skinny camel is still bigger than a horse. There is indeed no possibility for me to escape with a person in front of you."

"Since that's the case, why did you still anger me? Could it be your last moments of struggle? However, you should know that I will not kill you. You have what I want on you, especially you." The Fire Emperor said.

Chen Xiang was an ancient treasury, and the things he had, even the experts of the Primordial Era would risk everything to snatch it.

"Just based on this." A Chaos Fire Token appeared in Chen Xiang's hands. Seeing the Chaos Fire Token, Fire Emperor's face changed, and at that moment, the Chaos Fire Token released a protective divine light that stopped Fire Emperor from moving.

Chen Xiang stored Liu Meng'er into the ring, and Long Xueyi's power suddenly surged into his body, allowing him to unleash the most powerful of the laws of space and travel a greater distance.

Chen Xiang disappeared from the stone room, while Duan Ming and the rest who were fighting outside also received the notice, and went to his side.

In a short period of time, they had all retreated to Huang Jintian's side, blocking the incoming attacks.

"Let's go." Huang Jintian immediately activated his technique and brought everyone to disappear from the Heaven Sword City.

Just as Huang Jintian and the rest were about to leave, a huge pillar of fire suddenly spewed out of the huge palace in the middle of the Heaven Sword City, causing the entire hall to be destroyed by the Fire Emperor.

"Chen Xiang." The furious roars of the Fire Emperor could be heard for thousands of miles around. When the experts heard it, they knew that Chen Xiang had successfully saved Liu Meng'er.

To actually be able to bring her away in front of Fire Emperor, the many experts could not imagine how Chen Xiang did it. After that furious roar, Fire Emperor also quickly left the messy Heaven Sword City.

Chen Xiang and Liu Meng'er were walking hand in hand in the middle of a beautiful forest, it was very warm and cozy.

"Little Scoundrel, you scared me to death, I didn't expect you to really be able to escape." Liu Meng'er pinched Chen Xiang's cheek and laughed.

"Someone like the Fire Emperor would inevitably act so arrogantly. If he had taken me down as soon as I entered, there wouldn't have been so many problems. After all, he didn't want to show off and he didn't have absolute strength."

Chen Xiang grabbed onto Liu Meng'er's jade hands, then wrapped his arms around her slender waist and hugged her fragrant lips.

Just as the two were kissing passionately, Long Xueyi shouted, "They're here."

Chen Xiang was unwilling to part with Liu Meng'er, and there were also many people in front. Even though they looked exhausted, they were not severely injured, and every one of them had smiles plastered all over their faces. To be able to successfully save Liu Meng'er from the Heaven Sword City, made everyone feel a great sense of accomplishment.

#### [Chapter 1449](#)

They had successfully saved Liu Meng'er, but everyone was in a bad situation. They had offended several strong powers, and Chen Xiang had angered the Fire Emperor.

"Don't worry about Fire Emperor. Ice Dragon Race isn't someone to be trifled with." Long Huishan smiled and patted Chen Xiang's shoulder. She was very proud that her brother was able to save her from Fire Emperor.

Everyone had already left the Heaven Sword City and returned to the Frozen Dragon Asgard. At this moment, they were celebrating in the great hall of the Long family.

As they ate and chatted merrily, a few hours passed. At daybreak, everyone left one after another.

Huang Jintian brought Gu Dongchen and Wu Kaiming along, and did not say where he was going. He only said that he was going to bring them to wander the Heaven Realm, and Duan Ming and the others continued to bring the young people around Yun Xiaodao to train them, because during this mission, Yun Xiaodao and the others were all injured and did not have enough strength.

Chen Xiang bade farewell to everyone, sending them off while he stayed behind in the Long family's residence.

In a small courtyard in the Long family's residence, Chen Xiang, Liu Meng'er and the other girls were present.

"Elder Sister Meng'er, where are your parents? Will they be alright?" Seeing Liu Meng'er's worry, Chen Xiang asked softly.

"They will be fine, they should have left the Divine Artisan Mountain Villa. At that time, disagreements appeared within the Divine Artisan Mountain Villa regarding my matter, my parents' master was against exchanging with me, but he was not a match for the masses, so he could only bring my parents away, worried that my parents would do something stupid." Liu Meng'er sighed softly, "He said that he would come and save me. Perhaps because he saw you all make a move, he didn't make a move."

"Master, are you going to look for them now? You should stop running around and avoid the limelight." Leng Youlan said with a face full of mirth: "I'm already very powerful right now, I might be able to beat Master and Big Sister."

Liu Meng'er chuckled as he caressed her silky white hair affectionately and said: "You Lan, thank you for coming to save me."

"Don't be so polite with me. You can be considered my brother's wife and my master. Of course I want to go." Leng Youlan laughed and even pushed Liu Meng'er over to her, causing her to blush.

Seeing that, Hua Xiangyue laughed: I still have some things to do, I'll go get busy.

Long Huishan had also followed Hua Xiangyue and left. She also knew that Hua Xiangyue and Chen Xiang had that kind of relationship, and it was very deep as well. The last time Hua Xiangyue and Chen Xiang had lived in the Long family for a period of time, they had been sleeping together every night at that time ... Seeing Long Huishan and Hua Xiangyue walking out of the small courtyard, she casually found an excuse and followed Hua Xiangyue and the others.

Xue Xianxian was also present, and the atmosphere was a little awkward. Just as she wanted to leave, Liu Meng'er pulled her back.

"Xianxian... "Don't go, or else this little scoundrel will bully me." Liu Meng'er said with a rosy face.

Xue Xianxian laughed. "Elder Sister Meng'er, then you mean for me to bully this little scoundrel together with you."

Chen Xiang took a deep breath. Looking at the situation, he knew that he would have a hard time tonight.

"How about I call the little girl, Xiang Yue? She's my slave, so she can serve us." Chen Xiang laughed as he rubbed his hands.

Xue Xianxian laughed mischievously: "Should we also call You Lan over?"

"This... "Of course." Chen Xiang laughed.

"What are you guys doing?" Liu Meng'er asked with furrowed brows. She had a bad premonition, she knew that although Xue Xianxian looked as gentle as water, he would become very mischievous when he was with Leng Youlan all day, not to mention Chen Xiang's wife, this little scoundrel.

"Heh heh." Chen Xiang smiled mischievously as he opened his arms and embraced Liu Meng'er and Xue Xianxian, then walked into the house.

Inside the bathroom, mist swirled around and within the bath, a man and a woman could be seen. Chen Xiang and Liu Meng'er were soaking in the bath.

Xue Xianxian wasn't together at all, she was just feeling a little awkward because of the atmosphere. After all, this was the first time for Liu Meng'er, and she was so shy.

"Elder Sister Meng'er, do you remember the first time we met?" Inside the bathing pool, Chen Xiang was in the warm water. Pavilion Master Liu Meng'er's snow-white body, felt the lubrication and gentleness of her body, and used one of her hands to caress the most impressive and wonderful part of her body.

"Of course I remember. At that time, you were still a little ghost. You were only that big. At that time, I never would have thought that my man would be such a person." Liu Meng'er kept on shouting as she squeezed Chen Xiang's chest softly.

"Were you looking down on me back then?" Chen Xiang laughed sinisterly, and wrapped her arms around Liu Meng'er's waist to let her flawless jade body be completely exposed. At the moment, it was dripping with water, and her moist yet beautiful snow-white body looked even more captivating.

"Stinky brat, what are you doing?" Liu Meng'er screamed as she kicked her slender legs, making it even harder for Chen Xiang to control her.

"I want to eat you." Chen Xiang laughed sinisterly, his eyes greedily looking at the beauty that was in his embrace, the endless evil flames in his eyes, as though he wanted to melt this beauty and fuse her with him.

Liu Meng'er knew that this would happen sooner or later. She felt that this kind of situation was very complicated in her heart, and she felt fear in her heart, but there was also anticipation, and when she felt that Chen Xiang's breathing had become hurried, she could not help but reach out her jade hands and gently stroke Chen Xiang's chest. She wanted to calm his restless heart, but her heart was beating at a pace not slower than Chen Xiang.

Chen Xiang placed Liu Meng'er onto the bed, and the two of them looked at each other in deep love, their lips unknowingly moving closer, then touching together.

The moment Chen Xiang stuck out her tongue, she felt Liu Meng'er's tongue tremble a little. She was clearly a little excited, and unlike before, she became very proactive. Her soft and fragrant tongue seemed to want to tightly wrap around Chen Xiang, becoming wild and excited.

During the kiss, Chen Xiang was actually suppressed by the other party, and was completely in a passive position. However, he also felt extremely satisfied with it, and turning around, he allowed Liu Meng'er to lie on his body. A big hand slowly slid down from his back to his waist, and placed on that abundant \* \*, pinching gently.

Following the continuous teasing of Chen Xiang's hands, Liu Meng'er's breasts were completely hooked, and her breathing became hurried. Just when she felt that her body was burning from emotions, a tearing pain suddenly came, causing her to scream out in pain.

"Elder Sister Meng'er, leave it to me." Chen Xiang whispered into her ear.

"Un, be more gentle. I'm afraid of pain ..." Liu Meng'er was a little afraid of the pain she felt just now, but she knew that in that moment, she had become Chen Xiang's woman.

After that, the room was filled with one charming spring scene after another, accompanied by beautiful, soft moans ...

### [Chapter 1450](#)

Before the sky brightened, Liu Meng'er had already woken up. She went to the bathroom, and washed the traces of happiness on her face.

"So that's what Xiangyue meant when she said dual cultivation. There really are many benefits. No wonder this little demon is so concerned." Liu Meng'er, who had just tasted it, was completely immersed in its indescribable beauty.

She was wearing a simple and plain white dress, but she looked refined and refined, with every movement she made, she revealed her charm. Seeing the sweet and elegant smile on her face, Hua Xiangyue laughed: "That kid still hasn't come out, as expected, Meng'er is really strong, making him unable to get out of bed."

Liu Meng'er pouted coquettishly, her face immediately flushed red: "Little demoness, you know that brat's abilities much better than me."

Long Huishan coughed dryly: "I didn't expect this little brother of mine to be so bad. In the future, I must make the girl from the Long family stay away from him."

"Big Sis Huishan, I think you'd better keep your distance from this little scoundrel. He has a long hand." Hua Xiangyue intentionally or unintentionally glanced at Leng Youlan who was drinking his fruit wine.

"Little demoness." Long Huishan snorted, of course she knew what Hua Xiangyue meant.

Xue Xianxian chuckled: "You Lan, quickly go call your brother up. We have something important to discuss with him."

Leng Youlan finished the fruit wine in the cup in large gulps, then quickly walked towards the small house. When she went in, Chen Xiang had just finished showering and had come out.

"Brother, Sister Xianxian told me to come and call for you because she has something important to discuss with you." Leng Youlan said.

"Since it's something important, let's go now." Chen Xiang and Leng Youlan immediately entered the hall.

At this time, many people were already seated in the hall, especially those old people, they were all very strong old dragons. Chen Xiang had even seen Long Peirong, as well as Long Peirong's father, the mysterious very high Elder.

After Chen Xiang entered, he bowed to each and every one of these seniors.

"Is there something important?" Chen Xiang was a little worried that the Long family would not accept Liu Meng'er and the others, because after the incident with Heaven Sword City, it had a huge impact on them. It was equivalent to slapping the faces of a few major forces, which would definitely not let things go, especially Fire Emperor.

Long Huishan took out the Ice dragon sword and handed it over to Chen Xiang: "I'll return this to you."

"Oh, why did you give it back to me? This was originally part of your Ice Dragon bloodline." Chen Xiang was a little confused, so they took it.

You once used this Ice dragon sword to summon the Ice Dragon Grandmaster, and you and the Ice Dragon Grandmaster have also interacted before, so even if this sword is in your hands, we feel that it's nothing much. The very high Elder said.

Chen Xiang accepted it, then asked: "Just what is the important matter, please speak directly."

Those old Ice Dragons looked at Long Huishan. They wanted to make Long Huishan speak.

"Little brother, you can't stay in the Long family for too long, sigh ..." Long Huishan sighed helplessly, "We have already done our best to communicate with Fire Emperor, but he still wants to make a move against you. If our Ice Dragon lineage wants to receive you, then Fire Emperor will immediately attack."

Chen Xiang nodded, he had already expected this would happen. She looked at Xue Xianxian and the others: "What about them?"

"Don't worry, they will continue to stay here. Fire Emperor is only targeting you right now." Long Huishan said, "Among the nine emperors, only the Fire Emperor has shown himself. With his current strength, he has an extremely strong rallying power. Even if the other powers do not cooperate with the Fire Divine Palace, they would definitely not interact with us."

"Your Long family has already given me a lot of help. I alone cannot drag down the entire Long family. I understand." Chen Xiang sighed.

Leng Youlan, Xue Xianxian and the others had already known about this matter from a long time ago, but they didn't think much of it. This was because they had been used to Chen Xiang roaming about outside everyday, but they felt that it was a pity that they didn't have enough ability to be together with Chen Xiang, otherwise it would only implicate him.

When you get stronger and destroy Fire Emperor, there's nothing to be afraid of. You leave this guy with Meng'er right now, making him angry and making him use all his power to deal with you. This is a very normal thing, it will be fine after a while. Long Huishan patted Chen Xiang's shoulders and smiled at him.

"Yes, I'll leave tonight." Chen Xiang said.

Chen Xiang, Xue Xianxian and the others reminisced for quite a while before they quietly left the Long family.

"Where are you going now?" Su Meiyao asked with a voice filled with jealousy, because her little man had fallen in love with another woman.

"We need to go to a very safe place and kiss sister Meiyao's lips." Chen Xiang laughed sinisterly.

"Don't be so talkative, just be serious. Where are you going next? Fire Emperor isn't that easy to deal with. He might be able to find you anytime." Su Meiyao said seriously.

Chen Xiang thought for a moment, then said: "I plan to make a trip to Hundreds of Flowers Immortal Country, Flower Emperor might have a Alive Slain Method, if I want to quickly obtain its power, to defeat Fire Emperor, I need to gather all of it."

"A hundred years have passed, I wonder how strong Flower Emperor is now. If she really becomes strong, then she might have a Alive Slain Method." Su Meiyao said.

As for whether or not the Flower Emperor had the Alive Slain Method, Chen Xiang was not completely sure, but it was very possible that he did, so he had to make a trip to the Hundreds of Flowers Immortal Country to have a secret discussion with the Flower Emperor.

Chen Xiang had teleported from the Ice Dragon Immortal Palace to the Hundreds of Flowers Immortal Country's main palace. This was also a great immortal palace, because there would often be many precious strange flowers and herbs appearing, so the Hundreds of Flowers Immortal Country was also where many outstanding Alchemists gathered.

This made Chen Xiang even more suspicious of the fact that the Flower Emperor possessed the Alive Slain Method, and had used it to duplicate precious spirit herbs.

Although Flower Emperor was already a certain age, according to what Su Meiyao and Bai Youyou knew of her, Flower Emperor was merely a little girl compared to the old fellows of the large forces. However, she was called Flower Emperor because of the speed at which she was growing up.

Chen Xiang guessed that the Flower Emperor knew a series of precious medicinal ingredients, which was why she was able to use those precious medicinal ingredients to exchange for high level pellets. Or, she could get a few high level Alchemists to help her refine the pellets, which was why she was able to quickly improve.

Chen Xiang's youngest recognized sister was precisely the Flower Emperor's disciple, so he felt that it shouldn't be too difficult to meet the Flower Emperor.

"Little Ling is in closed door training. I'm sorry I didn't see her. I should have a chance next time." When Chen Xiang was at the Long family, she wanted to see Shen Lingling. However, this little girl was very hardworking, spending all her time in seclusion to break through the bottleneck. Because she had some flaws in her body, she worked very hard the day after tomorrow.

Within the Hundreds of Flowers Immortal Country's main palace, in a few of the bounty halls, there was already a bounty on Chen Xiang. Moreover, the latest news was that Chen Xiang had already left the Long family.

Chen Xiang was forced to leave the Long family because the Fire Divine Palace was already pressuring them. If Chen Xiang continued to stay there, the Fire Emperor would personally go over, and even if he couldn't capture Chen Xiang, he would definitely exterminate the Long family.

If Chen Xiang left the Long Family, where would he go? Previously, Chen Xiang had gone missing for a hundred years, but after appearing, he actually had an extremely strong power, annihilating two powerful young Immortal Kings in succession, and even saved Liu Meng'er from the Fire Emperor. What was most unbelievable was that Chen Xiang destroyed the Divine Artisan Mountain Villa by himself.

And at this time, there was a rumor that Chen Xiang had been staying in the Devil-killing Summit for the past hundred years, so he could be considered to be one of the Devil-killing Summit's people.

"If only Di Tian could appear above the Nine Heavens, then that would be great. With the White Tiger here, there's nothing to be afraid of in the Fire Emperor." Chen Xiang sighed, because many of the major powers were already famous enough to help the Fire Divine Palace catch Chen Xiang.

Furthermore, Chen Xiang himself was an enemy of many great powers, plus he had the treasures, he would definitely be able to capture him.

Chen Xiang had also asked about the profoundyang Fire Crow. After he let the profoundyang Fire Crow out, the Heaven Sword City caused a huge ruckus, but just as he was about to make a move, he slipped away. He did not know where the profoundyang Fire Crow was now.

Heaven Sword City was also placing a bounty on the profoundyang Fire Crow. As long as there were any clues, he would be able to receive the bounty.

"What a pity. If this profoundyang Fire Crow had been sealed within the divine furnace all this time, perhaps one day, I might be able to tame it." Chen Xiang secretly sighed, and went to the entrance of the Hundreds of Flowers Palace.

There were two gigantic red flowers at the entrance of the Hundreds of Flowers Palace, and there were a few big men on top of the petals, they were all at the Immortal Monarch's level of strength.

Furthermore, there was a very powerful barrier around the gate. Only those who had opened it could enter. Otherwise, it would be very difficult for even an immortal king to charge in.

"You should leave. Last time you were this rude, our Palace Master will not meet you again." The gatekeeper said to an old man.

"I know that I was wrong. I beg for your help and help me pass down the message to the Flower Emperor. Tell her that I have thought it through." Seeing that he was only a Late period of human immortal, the Flower Emperor actually dared to meet him.

That large man shook his head: "The Palace Mistress has said that she will not see you again. Please leave."

Seeing how determined the big man was, the old man let out a long sigh and left dejectedly. Chen Xiang immediately followed behind him, leaving the entrance of the Hundreds of Flowers Palace far behind before he entered the old man.

"Old mister, why do you want to see Flower Emperor?" Chen Xiang asked directly.

The old man trembled. When he saw that the one who had asked the question was a handsome Xiao Huo, he was no longer as vigilant. His face darkened as he said, "You actually followed me?"

Chen Xiang immediately smiled apologetically: "I'm just curious, there are people in Hundreds of Flowers Palace, maybe I can help you."

"Hmph, even if you have people, it's useless. Unless your people are disciples of the Flower Emperor, it's useless, because I angered the Flower Emperor last time." The old man said.

Chen Xiang would never tell him that his recognized sister was Flower Emperor's disciple.

The old sir is really powerful, to be able to meet the Flower Emperor, and furthermore it is fine to anger her, the old sir must be a famous Ranker. Chen Xiang said, he was truly curious why the old man wanted to see the Flower Emperor, because no matter how he looked at it, the old man did not seem to be a Ranker.
