

Dan God 1461

[Chapter 1461](#)

Zhao Zhen was helped off by an old man who had jumped onto the stage. Before, he had arrogantly said that he would defeat the other party in one move, but in the end, he was carried away with swollen red eyes, which made people feel that it was a bit funny. However, everyone was more surprised at the strength of this "Hundreds of Flowers Heavenly Emperor".

"What's the next test? Don't send this guy to fight with me again. You're wasting my time. I thought he was very powerful, but it's just a matter of two punches." Chen Xiang rolled up his sleeves as he asked. From the looks of it, he was planning to fight to his heart's content.

"Brother, the real assessment will be in a few days. I wonder what relationship you have with the Hundreds of Flowers Immortal Country?" An elder asked, his attitude towards Chen Xiang had improved a lot, for such a person to be able to join the Devil-suppressing Divine Palace was a good thing for them.

"I also wanted to ask you, did the Hundreds of Flowers Immortal Country eat the wrong pill, to actually shout out such a name? A group of ladies, what nonsense are you doing, why did you waste such a nice name? I don't have any relationship with those women, and I still wanted to smash the Hundreds of Flowers Immortal Country to pieces, to actually have the same name as me."

Chen Xiang purposely shouted angrily, causing everyone to secretly sweat for him, this was going against the Flower Emperor, who didn't know how powerful the Flower Emperor was, the woman inside the Hundreds of Flowers Palace was not an ordinary girl.

Chen Xiang walked off the stage with big strides and left shamelessly. He walked with such an arrogant manner that others would want to beat him up.

In this Demon Suppressing Palace, the four little immortal kings were extremely famous, because they had a lot of potential. With their handsome appearance, they were also very strong, but the most powerful Zhao Zhen was actually defeated by an arrogant guy who called himself Hundreds of Flowers Heavenly Emperor. Furthermore, he suffered a terrible defeat, and did not even have the chance to retaliate.

Chen Xiang's current appearance was that of an ordinary youth, but his current appearance had already been memorized by others. Furthermore, he was currently in the most luxurious hotel in the Demon Suppressing Palace, hugging two beauties, letting them feed and drink.

He had always kept a low profile, he was so high-profile this time, just to annoy Lv Qilian, he never thought that being cocky would have such a huge benefit, coming to this hotel, reporting his name, and he could just eat and drink for free, now he understood why those young masters were so arrogant.

Of course, one had to have the ability to be arrogant, or else he would end up like Zhao Zhen, getting beaten up like a dog.

This matter would quickly spread, and the Palace Master selection was something that would normally garner some attention, but now that there was such a person, and even had a relationship with the Hundreds of Flowers Immortal Country, a good person would immediately spread this matter to the

Hundreds of Flowers Immortal Country, and add fuel to the fire with Chen Xiang's arrogant words, making it so that it reached the ears of the Hundreds of Flowers Palace's girls.

At this time, the powerful female immortal kings in the Hundreds of Flowers Palace all hated this "Hundreds of Flowers Heavenly Emperor" to their bones. Many female immortal kings had already consulted the Flower Emperor to suppress this arrogant person.

... ..

Inside the great hall of the Hundreds of Flowers Palace.

"Mistress, this fellow is too arrogant, he has obviously provoked our Hundreds of Flowers Palace, and no one has dared to do so for so many years. Let us make our move, we can only teach him a lesson, let him know the power of our Hundreds of Flowers Palace, and let him change his name at the same time." A female immortal king said.

"This man indeed deserves a lesson, but his own strength is not weak, seems like he is a rare opponent among the Immortal Kings, if we, the Immortal Kings, were to take him down, it would truly be a joke, not to mention that he is currently in Devil-suppressing Divine Palace, and is participating in the Palace Master selection, if we attack him, isn't that just giving the Devil-suppressing Divine Palace an opportunity?" Lv Qilian said, she had also suspected that it was Chen Xiang, but she couldn't understand why Chen Xiang would do such a thing.

"Asgard Master, what should we do? Don't tell me that we won't be able to take this lying down?" Another female Immortal King asked with a face full of anger, she looked as though she wanted to swallow Chen Xiang whole.

"Anyone can participate in the Devil-suppressing Divine Palace's Palace Master selection. I normally pass down the Devil-suppressing method to you guys and send one of your strongest people out to participate. At that time, there will be a competition for the Devil-suppressing method.

Lv Qilian swept his eyes across the girls: "But, this person is very strong. If all of you do not have absolute strength, then others will laugh at you."

"Mistress, let me go." A relatively small girl walked out. She had shoulder-length hair and a delicate and pretty face. She did not look like a lady who was dancing with sabers or playing with swords.

"Little Lizhi, it's rare for you to take the initiative. If you go, wouldn't it be bullying?" A tall female immortal king chuckled.

"Just in case, that guy should have retained quite a bit of his strength. If we send the other sisters, it would be a bit risky." Little Lizhi said: "This guy is really infuriating, even if palace master does not agree, I will definitely secretly teach him a lesson."

Lv Qilian smiled slightly: "Alright, let's go now, I will personally go and see how powerful this guy is."

"Mistress, where's Little Xiang? If she makes a move, she should be fine too, right?" Little Lizhi asked.

"She is in closed door cultivation, the Devil-suppressing Divine Palace's assessment does not allow her to use weapons, if she does not use a sword, her strength will be greatly reduced, you should go, Devil-suppressing method is what you learn best."

Lv Qilian was the daughter of the Devil-suppressing Heavenly Venerable, so her Devil-suppressing method was the purest. Furthermore, she had the experience of learning the Devil-suppressing method from many of the Devil-suppressing Heavenly Venerable's core disciples. Her learning skills were not worse than the Devil-suppressing Divine Palace's, but they were all hidden and rarely used.

... ..

Chen Xiang was eating and drinking in a hotel when the hotel suddenly ran in precious. He said worriedly: "Master, Flower Emperor brought a few disciples over. It seems like they are here for you."

"It's great that you're here. I'll let those ladies see who's really strong." Chen Xiang's face did not show any care, which made the shopkeeper admire him a lot.

Two hours later, the shopkeeper ran over again.

"One of them, Little Lizhi, has registered, and defeated the second of the four little immortal kings in one move. It looks like they will fight with you in the future, and they will use fair and square methods to defeat you."

Chen Xiang was drinking tea, watching a group of beautiful women dance, and asked: "Is that Little Lizhi very strong? Is there any relevant information?"

Leader immediately replied: Yes, I heard that she is the leader of the five great flower kings under Flower Emperor, and she may have already broken through the realm of Immortal King, entering the Immortal-becoming realm. Usually, she doesn't make any moves, and the moment she makes her move, there will definitely be someone who will be in trouble, the last time she did so was two thousand years ago.

[Chapter 1462](#)

Just as the shopkeeper finished speaking, Su Meiyao spoke in a serious tone: "This Little Lizhi is very powerful. Back then, we already became very strong when we were in the same period of time, when I joined hands, I am afraid I was no match for her. Even now, it has been a long time since I have seen her grow up, I think you have truly angered the Hundreds of Flowers Palace."

"Ji Meixian had once fought with her before. It is said that the battle was one between extremely rare women, causing many men to feel ashamed." Bai Youyou said.

Chen Xiang couldn't sit still any longer. He didn't think that he would explode with the name of an old granny, and even call her Little Lizhi. Such a cute name, was unexpectedly a devil lady.

"Don't worry, I'll beat her until she cries." Chen Xiang was a little worried in his heart, but he had to continue being arrogant. After all, other people did not know that he was Chen Xiang, so what if he lost?

Originally, Devil-suppressing Divine Palace was happy because of the powerful Chen Xiang, but now that there was a female Demon, they started to curse Chen Xiang secretly. Of course, they knew that Hundreds of Flowers Heavenly Emperor was Chen Xiang, so they cursed him even more.

Just as Chen Xiang was sipping his tea, the shopkeeper ran in again: "Master, Hundreds of Flowers Palace's people are here."

Chen Xiang leaned on the chair, looking at the beauties dancing in the hall, and said disapprovingly: "It's normal, they hate me so much, they definitely know where I am."

Not long after, Chen Xiang sensed a strong killing intent accompanied by a unique fragrance approaching him. He did not even need to look to know that it was the people from the Hundreds of Flowers Palace that had walked into the hall.

Lv Qilian brought over ten girls in. Although they all had a veil over their face, the moment they came in, the dancers on the stage immediately became sad. In terms of temperament, the Hundreds of Flowers Palace women were far better than the dancers.

There were many people in the hall, but when they saw Flower Emperor, their hearts inexplicably jumped. They did not dare look straight at the people of Hundreds of Flowers Palace, worried that they would get beaten up.

Only Chen Xiang was there alone, and he acted like nothing had happened. He drank his tea and shouted, "Why did you stop, continue jumping, I gave the Spiritual crystal to him."

Chen Xiang turned his head and glanced at the girls from the Hundreds of Flowers Palace.

"That short haired girl is Little Lizhi, she hasn't changed at all." Su Meiyao said.

Chen Xiang saw a beauty with short hair with a round face. She looked very petite, and her eyes couldn't even reach his chest.

Little Lizhi walked over, and everyone did not even dare to breathe loudly. They knew that the people from the Hundreds of Flowers Palace were definitely here for the Hundred Blossom Emperor who was crazy.

Sure enough, Little Lizhi arrived in front of Chen Xiang and asked in a delicate voice, "You are that bastard."

Chen Xiang glanced at her a few times and said: "Women who call me a bastard usually do so on their beds, hehe."

The men present immediately understood and laughed in their hearts, but they did not dare smile. Little Lizhi was known for being ruthless, it was as if they had already seen Chen Xiang's head being cut off by Little Lizhi.

"You ..." Little Lizhi's face turned cold, and the faraway Lv Qilian also released a threatening pressure.

"What are you doing? I didn't provoke you. Why are you running in front of me and asking if I'm that bastard? I'm already being polite not to scold you, stop causing trouble for no reason." Chen Xiang felt killing intent coming from all directions, but he remained calm. This made many people secretly admire him, if it was anyone else, they would have peed their pants in fear.

"You are the one who called himself Hundreds of Flowers Heavenly Emperor." Little Lizhi was more restrained and did not lose control of the situation.

"That's right, I am the Hundreds of Flowers Heavenly Emperor. Is there a problem?" Chen Xiang leaned on the chair, his legs swinging, looking extremely arrogant.

"It's good that you're right. Just you wait." Little Lizhi gritted her teeth and turned to leave. She could already tell that the person in front of her was a hooligan and definitely would not speak reason with her.

The people of Hundreds of Flowers Palace also stayed in this hotel, this made Chen Xiang a little uncomfortable, but he did not want to move out either, if not others would say that he was afraid of Hundreds of Flowers Immortal Country.

"Just now, Flower Emperor used her divine power to look at you a few times, but she didn't see through it. Furthermore, I even camouflaged your dantian a bit, so she must have suspected that you were Chen Xiang. Long Xueyi said.

"Not necessarily, this woman is very shrewd. She knows that I have gone to find Grandma Lv, and may come back during this period." Chen Xiang said: "It doesn't matter if she knows, I won't admit it even if I die. It won't be that easy for her to kill me either."

"That Little Lizhi looks quite handsome." Chen Xiang returned to his room, rubbed his chin and laughed.

"It's not bad, it's quite tasty." Long Xueyi laughed.

"They are here for you. Little Lizhi is much stronger than before, you should think about how to defeat her." Bai Youyou said: "Flower Emperor is Devil-suppressing Heavenly Venerable's daughter, so she will definitely have more Devil-suppressing method than Devil-suppressing Divine Palace. When the time comes for us to exchange pointers, she will need to use the Devil-suppressing method, so for Little Lizhi to have such a battle skill in the Demonic Realm, he must have an extremely strong control over the Devil-suppressing method."

"If worst comes to worst, I'll just reveal my identity, use my true sacred power plus the power of the Holy seal. If worst comes to worst, I'll just fuse the Devil-suppressing method and the Devil-suppressing method together." Chen Xiang said.

"If it doesn't work, then there's still me. Defeat her." Long Xueyi laughed.

Chen Xiang laughed. Just as he was about to take a good bath, he suddenly heard a voice in his mind.

"You are Chen Xiang, I can already see it. Stop pretending, what are you doing?" The voice in Chen Xiang's mind, was precisely Lv Qilian's voice.

Chen Xiang's heart jumped a few times. He did not reply and walked into the bathroom.

"Who are you? Don't think that just because your spiritual sense is strong that you can peek at other people bathing, female hooligan." Chen Xiang used a different voice to respond: "I think you recognized the wrong person, what does Chen Xiang matter, he came to me to be arrogant, I will still beat him down."

Flower Emperor had been using her divine sense to monitor Chen Xiang this whole time, who knew that Chen Xiang would suddenly take off her clothes. She had indeed seen some things that she shouldn't have seen, causing her face to immediately turn red.

Chen Xiang was soaking in the bath as he said unhappily, "It was really lucky to have her."

"It seems like she is still suspicious." Long Xueyi laughed, "Why don't you reveal your identity now and then accuse her of peeking at you while you shower?"

Chen Xiang shouted: "You female rogue, who the hell are you, you actually peeked at me bathing in the middle of the day?"

The entire restaurant heard his voice, and it immediately caused everyone to imagine.

"Shut up." Lv Qilian immediately sent a sound transmission to him and shouted in anger.

"Let me shut up, wow ..." It's better if you kill me and silence me. The female hooligan peeked at me while I was taking a bath. Furthermore, my spiritual sense is very powerful, so I don't know who it might be. " Chen Xiang continued to shout.

The faces of the Hundreds of Flowers Palace's girls were filled with surprise. Of course they knew who was stealing glances at that bastard.

"I'll cut his tongue off." Little Lizhi said.

"Forget it, I'll go rest first." Lv Qilian closed his eyes, sucked in a small breath of air, and then, walked into the room.

[Chapter 1463](#)

Chen Xiang was soaking in the bath, whistling as he scrubbed his body. It seemed that he was in a very good mood.

"Chen Xiang, I know it's you. What the hell are you doing?"

Suddenly, a sound came from outside the bathroom, it was Lv Qilian who was outside, giving Chen Xiang a big fright.

"How did she get in?" Chen Xiang immediately asked Long Xueyi.

"She came across space, they live above you. She's so strong now, it's too easy for her." Long Xueyi said.

Chen Xiang told himself to be calm.

"Are you done yet, or are you trespassing in my territory? If you don't leave now, I'll be calling for help." Chen Xiang shouted impatiently.

"There might be some misunderstanding between us. We should talk about it." Lv Qilian had already determined that he was Chen Xiang, so he said this in an amiable tone.

"I'm not the Chen Xiang you mentioned, but if you want to talk about it, that's fine. But I don't think there's anything we need to talk about." Chen Xiang suddenly chuckled: "I'm having a really comfortable bath now, I don't want to go out. How about you come in, maybe we can have a nice chat this way."

"You have met the Grandma Lv." Lv Qilian asked.

"What? I don't quite understand what you're saying." Chen Xiang said in an extremely impatient manner, "I already said, don't take me for someone else."

Lv Qilian secretly gritted her teeth as she wished she could rush in and beat him up badly. She did not treat him as anyone else, but in her eyes, this Hundreds of Flowers Heavenly Emperor was Chen Xiang.

"If that's the case, then we really have nothing to talk about, looks like you don't want to obtain the Alive Slain Method." After Lv Qilian finished speaking, he sighed lightly and then disappeared.

Chen Xiang secretly sneered in his heart when he heard this. This Lv Qilian had indeed seized on his weakness to make use of him, and he truly wanted to obtain the Alive Slain Method, but he would not be led away by the nose by this woman just because he wanted to obtain the Alive Slain Method.

"From now on, I will no longer be controlled by a woman like you. I will obtain the Alive Slain Method, but I will definitely not lower my head to you."

Chen Xiang's face became gloomy and cold.

"Her control is so strong, she hopes that everything is under her control, but she did not expect you to be so disobedient, and even resist her. If not for Mu Qianxiang, I'm afraid you would have suffered a lot." Su Meiyao said.

"If it wasn't for that wild lass Xiao Xiang, this woman would have suffered even more. Just you wait, I know her weakness now as well." Chen Xiang sneered.

Lv Qilian wanted to find her father, but Holy Devil-suppressing seal was the key. If he could win in the end and had the right to open up the Devil-suppressing Heavenly Venerable's treasure trove, then he could obtain the clues left behind by the Devil-suppressing Heavenly Venerable and make a deal with Lv Qilian.

Using this method to obtain the Alive Slain Method made him feel more dignified.

But the condition was that he had to defeat the powerful Little Lizhi.

When Chen Xiang walked out of the bathtub, Long Xueyi suddenly shouted in surprise, "This is trouble, there are rumors circulating outside that the Hundreds of Flowers Heavenly Emperor was Chen Xiang. It should be the Flower Emperor who released her, this woman really has some skills."

Although the Palace Master examination had yet to begin, Chen Xiang and Lv Qilian were already secretly sparring.

"Interesting, seems like this woman is worried that I will use the clues from the Devil-suppressing Heavenly Venerable to make a deal with her, and is hoping to stop this opportunity." Chen Xiang understood after thinking about it, he was no longer being respectful to the Flower Emperor, so he would retaliate and would not show any signs of weakness.

"Xue Yi, spread the news that she is the daughter of Devil-suppressing Heavenly Venerable, you have to add fuel to the fire, say that she wants to find a place in Devil-suppressing Divine Palace, it would be best if you say it with reason, but the matters of Grandma Lv must be kept a secret." Chen Xiang laughed: "Then, I'll release a rumor that Flower Emperor has a miraculous seed in his hands."

"Isn't that seed yours?" Long Xueyi said: "You and him have an agreement not to tell anyone about this."

"When I made an agreement with her, I treated her like a good person. Who would have known that she would be so sinister?" Chen Xiang chuckled, "If you have to delay the release of the seed for a period of time and even obtain the identity of that old man from the Ancient Starry Sky Region, you can just become that old man and spout nonsense when the time comes."

Chen Xiang sat in his own room, and he could clearly feel that Lv Qilian's divine sense, which were spying on him, was actually watching him at all times.

"Isn't this giving too much face, Flower Emperor is personally watching me." Chen Xiang laughed secretly in his heart, he guessed that Lv Qilian wanted to see his reaction.

Lv Qilian was sure that Chen Xiang was in the room below. In order to let him know the news, she had told the shopkeeper to go inform him, but Chen Xiang didn't have any reaction, he only smiled.

Not long after, Lv Qilian took out a communication jade tablet, and an urgent message came over.

At this time, Little Lizhi also returned from the outside. She said, "Asgard Mistress, I will try to find out who was spouting nonsense as soon as possible, and then I will cut off his tongue."

The Flower Emperor was the daughter of the Devil-suppressing Heavenly Venerable. The people from the Hundreds of Flowers Palace were all powerful when using Devil-suppressing method, so this was no longer a secret, so when this news came out, it made people secretly suspicious.

Although Little Lizhi said that, she was still a bit suspicious in her heart, because some of the Devil-suppressing method that they had mastered were things that not even the Devil-suppressing Divine Palace s had.

"Seems like that brat really isn't Chen Xiang." Lv Qilian paced back and forth in his room, pondering over something. She was now certain that Chen Xiang had already gone to see the Grandma Lv, otherwise, he would not have known about this.

Lv Qilian kept staring at Chen Xiang, she was sure that Chen Xiang did not have any divine energy undulations nor did he do anything, but the news had spread, but she was still suspicious that the Hundreds of Flowers Heavenly Emperor might be related to Chen Xiang, and Chen Xiang might just be behind the scenes.

"Alright, the entire city is talking about this matter now. Everyone has the heart of a gossip, especially those related to the Flower Emperor, haha." Long Xueyi laughed. With her bragging abilities, she would be able to describe her as square, let alone something that was true.

"What's next, are you sure you want to spread the news about the seed?" Long Xueyi asked.

Chen Xiang sat on a rocking chair and said, "Mn, I'm going somewhere else to spread this news."

Just when Chen Xiang was thinking with his eyes closed, both he and Long Xueyi were suddenly shocked. Because other than Lv Qilian who was using his divine sense to stare at him, there was another person who was also very powerful.

"It should be an antique from the Devil-suppressing Divine Palace. Seems like the Devil-suppressing Divine Palace suspects me."

It could be said that the hatred between him and Devil-suppressing Divine Palace was as deep as the ocean. If the Devil-suppressing Divine Palace thought that he was Chen Xiang, not only would he not be allowed to participate in the Palace Master assessment, he would even make a move against him.

"You think of a way to go to Xie Tian's Xie Family by yourself, infiltrate into the Xie Family and use the Heavenly dragon seal to exterminate them. Then, you can sneak into the Fire Divine Palace in this Heaven Realm and you can also find a Heavenly dragon seal. Chen Xiang said: "Can you do it?"

"No problem, I can totally use my telekinesis right now and mix with you for the sake of eating more." Long Xueyi laughed.

"Then you must be careful." This was the first time Chen Xiang asked Long Xueyi to do something like this, and he was a little worried.

[Chapter 1464](#)

Right now, many people were already suspicious of him. Even if he did not admit it, it would affect his following plans, so he had to get rid of the suspicion and gain the Devil-suppressing Divine Palace's trust.

So he had no choice but to let Long Xueyi take action.

At night, it was still very lively outside, but Chen Xiang was only inside the house, sitting cross-legged on the bed, quietly resting, while two powerful spiritual senses enveloped his room, monitoring any movements in the house.

The Rankers in the Devil-suppressing Divine Palace noticed that Lv Qilian was monitoring him. He felt that it was very normal, because that person had appeared using the name "Hundreds of Flowers Heavenly Emperor" and even arrogantly looked down on the Hundreds of Flowers Immortal Country. This person had real ability, but it was very mysterious.

Of course, Lv Qilian had also discovered the Rankers in Devil-suppressing Divine Palace, this was exactly what she had expected. Her original goal was to expose the identity of the "Hundreds of Flowers Heavenly Emperor", but right now her heart was shaken, maybe she had admitted her wrongs.

However, Lv Qilian would rather kill wrong than let him off, not to mention that this person even used the title of "Hundreds of Flowers Heavenly Emperor", so she definitely would not let this person successfully participate in the assessment.

Deep into the night, Lv Qilian and the expert from the Devil-suppressing Divine Palace suddenly received an urgent message. Chen Xiang appeared in Xie Tian and went to the Xie Family by himself.

Tens of thousands of dragons appeared in the air above the Xie Family's Evil Palace, and with the roar of ten thousand dragons, just the sound alone was enough to destroy a large portion of the Evil Palace, and in the end, several tens of thousands of dragons rained down, covering the entire Evil Palace, and flattened it.

"The Ten Thousand Dragons Slaughter the Heavens inside the Heavenly dragon seal. That Chen Xiang brat is really too frightening. This is the ultimate technique of the Sky Dragon Empire." Lv Qilian took a deep breath, and stopped paying attention to the "Hundreds of Flowers Heavenly Emperor" below, because Chen Xiang had just destroyed the Xie Clan and the one below was definitely not.

When the experts of the Devil-suppressing Divine Palace received the message, they immediately rushed back to the Devil-suppressing Divine Palace, because back then, when they were there, the Devil-suppressing Divine Palace also captured Chen Xiang. The Heaven Sword City had long been destroyed, and now it was the Xie Family.

"Little Naughty Dragon moved so quickly." When Chen Xiang felt that Lv Qilian and the expert from Devil-suppressing Divine Palace had retreated, he was secretly shocked.

Little Lizhi also received the news, and frowned: "Since that fellow below is not Chen Xiang, then I will go down and finish him off."

"No, we can't kill him recklessly. Although he hates us, we just need to teach him a lesson. Against this kind of person, only if we use the most legitimate method to slap his face will he remember his last name."

Lv Qilian's heart was currently in a mess, because she discovered that Chen Xiang had already completely escaped her control, and did not follow along with her plan. She had always been very confident in her own plans, and over the years, she had already used many facts to prove it.

Chen Xiang not following the path she predicted made her feel a little uneasy. Only if everything was in her control would she feel at ease, not to mention that Chen Xiang was such an important person who was related to her father.

"Is Myriad Dragon Massacring the Heavens really that strong?" asked curiously. She was very confident that she could kill Chen Xiang previously, but now, Chen Xiang was not as weak as she had imagined.

"It's very strong, there are many types of seals inside the Heavenly dragon seal, but there aren't many of them. This Ten Thousand Dragons Massacre the Heavens is one of them, because only Sky Dragons can use it, and normally only dragons that have undergone the Sky Dragon Calamity can use it. When a dragon enters the Immortal-becoming realm, it needs to undergo nine Sky Dragon Tribulations, a total of nine times, which is equivalent to a human's Nine Nirvana Tribulations.

"That is to say, the power within Chen Xiang's body has at least already reached the Immortal-becoming realm.

"Fortunately, that idiot Sky Emperor is not his match. Otherwise, you probably wouldn't even be his match." This made Lv Qilian heave a sigh of relief.

Little Lizhi was a little unconvinced in his heart. No matter what, she had lived for many years, and in the past, she was still a famous strong lady.

When the sky was almost bright, another shocking piece of news came. One of the more important branch halls in the Fire Divine Palace had been destroyed, and it was Chen Xiang who had done it again.

When the Xie Clan was destroyed, the center of the Demon Imperial Palace was in an uproar. It was so lively outside, and Chen Xiang did not rest, as he walked out.

When everyone saw him, it was as if they had seen a ghost.

"You're back so soon." When the shopkeeper saw him, his face turned green, thinking that he was here to destroy Devil-suppressing Divine Palace.

The others immediately moved out of the way, worried that he would start a fight.

Chen Xiang said snappily: "I have never left this place before, okay? Now do you know, I am not Chen Xiang at all, that is just a rumor."

"You guys are so gullible that you even believe rumors without a basis." Chen Xiang shook his head and smiled, before ordering some dishes.

Everyone thought for a bit, then scolded the one who spread the rumors. Little Lizhi, who was upstairs, stomped her feet in anger, because she was the one who came out to release the news.

Right now, the most nervous person was the Devil-suppressing Divine Palace, all of the defensive arrays had already been activated, the Xie Clan and the Fire Divine Palace were under Chen Xiang's revenge, and the Heaven Sword City had already been taken care of, so it was definitely the Devil-suppressing Divine Palace's turn.

Chen Xiang sat on the first floor of the hotel and chatted with the rest. He felt that he should also give the Devil-suppressing Divine Palace a break since this would remove any suspicions towards the people here.

Long Xueyi was very smart, although Chen Xiang did not say anything, she still went to find the Devil-suppressing Divine Palace and caused trouble, blowing up a few branch halls instead of coming to the Demon Imperial Palace's headquarters.

In the palace master's assessment, all of the Devil-suppressing Divine Palace's power was concentrated in the Demon Suppressing Palace, so it was normal for Chen Xiang to not come here to cause trouble.

Chen Xiang did not expect Long Xueyi to be so powerful in battle, and that he could settle such a simple matter so easily. He decided that once the Palace Master's matters were resolved, he would go and collect the Tianlong Dan's medicinal ingredients and give them to her in the future.

Long Xueyi made one last trip to the Myriad Dan Immortal Country, and spread the seed matter there. She then set fire to the Flower Emperor's body.

"Little Naughty Dragon, well done. After I settle all the issues here, I will go and collect the Tianlong Dan's ingredients and refine them for you." Chen Xiang laughed.

"You have to keep your word, don't lie to me." When Long Xueyi heard that there was something delicious, he immediately became excited.

Chen Xiang laughed: "Definitely, Flower Emperor has already lost a match, moreover she lost in a strange way, she does not know that she has lost, in the future she will definitely know, who told her to betray my sincerity, see how I will punish her."

[Chapter 1465](#)

She had recognized the wrong person, but in reality, she had not recognized the wrong person, and that was Chen Xiang. Furthermore, right now, Chen Xiang had secretly slashed her with his knife in reverse, even she herself did not realize it.

"All of you stay here. Don't act rashly. You must teach that guy a lesson in broad daylight. I have something to do." Lv Qilian returned to the Hundreds of Flowers Immortal Country and headed towards the Hundred Flowers Mountain Range.

Although Grandma Lv knew that Lv Qilian had come, she did not come out. Although her own daughter did this for her own good, and did not let her go around randomly, she was still a little angry. She hid inside the house, not wanting to see.

"Mother." Lv Qilian shouted lightly from outside the door. Of course she knew that the Grandma Lv had purposely not seen her. It had been like this for many years.

"At this time, you should be at the Demon Suppressing Immortal Palace. You might soon be able to find your father." The Grandma Lv sighed, she already knew everything that Lv Qilian had arranged.

"That brat did not participate in the Palace Mistress' assessment. He did not do as I expected. Instead, he attacked his enemies, and one of them was the Devil-suppressing Divine Palace." This was the first time Lv Qilian felt this defeated, so she could only come to Grandma Lv to pour her heart out.

The Grandma Lv opened the door and walked out. Lv Qilian walked over and sat on a stone stool.

"Sigh ..." Grandma Lv slowly walked down and sighed.

"Have you thought about why he didn't follow your plan?" She already knew the reason why. The last time Chen Xiang was here, she could already see that Chen Xiang was dissatisfied with what he had done.

Lv Qilian thought for a while with a frown, then shook his head: "I don't know, I don't understand. If you had already told him about me, he would have gone to the Devil-suppressing Divine Palace. He's in a hurry to obtain the Alive Slain Method."

The Grandma Lv caressed Lv Qilian's head affectionately and sighed: "He was not someone who was willing to be controlled. You made a mistake from the start."

"What was my mistake?" Lv Qilian still did not understand, because in her eyes, everyone was the same. Even her mother had lost to her, let alone a man like Chen Xiang.

"All wrong." "Your surname is just like that, you are too arrogant, and you look down on him a lot, even if he is useful to you, even if he is a very powerful person."

I don't think anything's different about him. Greedy, lustful, dissatisfied, and he likes to play around with small tricks, even bribing people's hearts, liking to make enemies everywhere, fighting everywhere. Right now, he's making enemies everywhere, he probably needs the Alive Slain Method very badly. Lv Qilian said.

Grandma Lv shook his head and sighed, "From the very beginning, you had been full of prejudice against him. Have you ever thought about his strengths?"

"In my opinion, he's not bad. He's not that bad. Perhaps you should be more sincere towards him and not always think of a plan to control him. He is not someone you can control."

Lv Qilian snorted: "I've already told her my name and told him to come find you. Now, he already knows my greatest secret and he's even blabbering about my father being the Devil-suppressing Heavenly Venerable.

"Isn't it fine if you just tell him about these things? He wholeheartedly wants to cooperate with you, but you want to manipulate him as if he's playing chess. Do you think he can't see that he's brainless? He has so many enemies, and he died a long time ago." Grandma Lv shook his head.

"But he had to listen to me in the end. Only I can help him obtain the Alive Slain Method." Lv Qilian said.

Look at you, can't you hold him in a higher light? You've never fallen down before, but that doesn't mean you won't fall down in the future. Now that this kid is out of your control, he might have to retaliate. Grandma Lv laughed: "I hope he can beat you."

"That's impossible. He has a request from me. Sooner or later, he will lower his head to me." Lv Qilian said.

"Then you won't need his help anymore, he has the Holy Devil-suppressing seal in his hands, he has the ability to play with you, and he is no longer your chess piece, but your opponent. What you need to do now is not to control him, but to deal with him on the board, or to reconcile with him." After Grandma Lv finished speaking, he stood up and walked into the house without saying a word.

Lv Qilian was angry in her heart, she had never thought that Chen Xiang had the power to change from a chess piece to her opponent. In her proud heart, she had never treated Chen Xiang as her opponent, although he had great potential, she was now the Hundred Blossom Emperor, and her power was growing stronger and stronger.

She had returned to the hotel in the Demon Suppressing Palace, and the moment she returned, she heard the news of the seed. She was angered to the point that she was gnashing her teeth, but she was unable to find Chen Xiang.

"Give me this matter and then ask me to take back the seed. In the end, others will only pay attention to me. What a good method." Lv Qilian really wanted to throw away the seed in her hands, but she was a person with principles, and she was also a bit worried that she would fall out with Chen Xiang.

What surprised Chen Xiang the most was that not long after the news regarding the seed had spread, the people from the Starry Sky Ancient Region had spread the news, hoping that the Flower Emperor would exchange it in time because it was a treasure of the Starry Sky Ancient Region.

In this way, what had originally been a rumor had now become a reality.

Flower Emperor had a miraculous seed, if this seed was grown, it could open up a path to a place filled with Holy level medicinal herbs.

The Ancient Starry Sky Region had long suspected that the Flower Emperor had obtained that seed, and now that the news was out, they were even more convinced.

Lv Qilian really wanted to tell everyone that Chen Xiang had given her this seed, but she felt that no one would believe her words, because no matter what kind of rubbish it was, they could blame it on Chen Xiang.

"Send a message to the palace, tell them to quickly find Chen Xiang, I need to talk to him." Lv Qilian closed her eyes and inhaled deeply, restraining the rage in her heart. It had been a long time since she was this angry.

"Mistress, about the seed ..." Little Lizhi did not know about this.

"It's true. Right now, the leaders of the various big powers are all paying attention, so our Hundreds of Flowers Palace will probably be surrounded and annihilated, but don't worry, I can hold on, the most important thing right now is to find Chen Xiang." Lv Qilian didn't think that he would actually be forced to admit defeat. She didn't think that Chen Xiang would actually resist her so strongly.

Chen Xiang was right below her, happily eating and drinking to his heart's content.

"Right now, it's just the beginning, the good show is yet to come. Do you really think I'm some weakling that's easy to pinch? I previously respected you and truly wanted to cooperate with you. Yet you came to play with me and refused to accept my offer."

Chen Xiang was ecstatic. The examination would officially start tomorrow, and because of the matter of the seed, many people would probably come here to stare at the Flower Emperor.

[Chapter 1466](#)

There were many records about the Endless Heaven Realm in the ancient books of the great powers. It was a place that many top rankers in the Nine Heavens yearned for and spent many years searching for.

Right now, Flower Emperor had a seed in his hand that could clear one of the Heavenly Regions. Furthermore, it was filled with all kinds of Holy level medicinal herbs.

And what worried those big shots of the powerhouses the most was that if Flower Emperor could truly reach such a place, then the strong rise of the Flower Emperor would be unstoppable. They did not want to be suppressed by a woman, especially those few big powers.

"Chen Xiang, since you like to play, I'll play with you until the end." When Lv Qilian heard that there were a few strong warriors that she was more wary of, she thought secretly in her heart.

The reason the Flower Emperor was here was purely because of that Hundreds of Flowers Heavenly Emperor. He even sent that Little Lizhi out was to teach that Hundreds of Flowers Heavenly Emperor a lesson in public, but who would have known that the Flower Emperor would be surrounded and surrounded?

Chen Xiang was not worried about overplaying himself, because he knew that Lv Qilian was well-hidden, and that just with her parents, she would be able to scare off many people. Regarding the matter of her being the daughter of the Devil-suppressing Heavenly Venerable, the big shots of the powers had already sent people to investigate, and if it really was so, they would have some misgivings, because the Devil-suppressing Heavenly Venerable did not die, he had only gone missing, and if something were to happen to his own daughter, he would definitely come out.

If Lv Qilian did not have that many powerful Devil-suppressing method, those big shots would not have believed her. However, she did have some Devil-suppressing method that even the Devil-suppressing Divine Palace did not have, so people felt that it was probably true.

Chen Xiang knew precisely this point, so he knew that the Rankers would not do anything to her. Furthermore, the Grandma Lv was not gone yet, so if anything happened to Lv Qilian, this wicked woman would definitely jump out immediately.

"Dong, dong, dong."

Chen Xiang laid on his bed, thinking of some tricks. Hearing that someone was knocking on the door, he shouted, "Now is not the time to eat, isn't it too early to bring food over?"

"I'm not here to deliver food. I'm here to deliver snacks." An old voice came from outside.

Chen Xiang stood up to open the door, and saw a very spirited old man standing there, holding a plate in his hands. There really were some snacks on the tray.

"Bring it in." Chen Xiang felt that there was something wrong with this old man, because he could not see through the old man's strength. Moreover, this old man gave him a very familiar feeling.

"Old madman." Chen Xiang transmitted to the old man.

"Shameless little bastard, you actually call you master." Huang Jintian scolded her with a sound transmission.

This was indeed Huang Jintian. Chen Xiang didn't know why he came here, and even knew that he was here.

"Master, how did you know I was here?" Chen Xiang immediately asked.

Huang Jintian did not directly speak with Chen Xiang either and just stood behind him, watching him eat the snacks. He said with sound transmission: "There are some rumors outside saying that you are Chen Xiang right? Although I do not know how you managed to get rid of the Xie Clan, I believe that this Hundreds of Flowers Heavenly Emperor must be a little brat like you."

"Hehe, did Flower Emperor offend you? First, the name 'Hundreds of Flowers Heavenly Emperor' insulted her, then 'Devil-suppressing Heavenly Venerable' was her father, and finally, it was 'the seed that caused this. With one look', you can tell that someone was trying to do something to her." Huang Jintian laughed.

"That's right. This woman likes to play tricks, so I'll play slowly with her. Master, you better not expose me." Chen Xiang said.

"Then the matter of her being the daughter of the Devil-suppressing Heavenly Venerable, is also true." Huang Jintian asked in surprise.

"Really." Chen Xiang replied.

"What about the seed?" Huang Jintian asked again.

"It's also true, but the seed is mine. If she succeeds in planting it, then we will split fifty percent, but I will take it back in the future." Chen Xiang quickly finished all the food.

Huang Jintian sighed: "You brat, this time you are too much, you have caused that woman so much trouble, I heard that the powerful Night Devil are already on the way, and even people from Devil-killing Summit would come."

Oh, that's not scary, her father is Devil-suppressing Heavenly Venerable. Chen Xiang chuckled, "Furthermore, her mother is also a ruthless person."

"Just what relationship do you have with her that even her parents know about it? This is definitely not something she told you, right?" Huang Jintian was very curious as to who the mother of the Flower Emperor was.

"Who is her mother?" he asked.

"I can't say, but her mother is pretty good, so you'll probably know about it in the future." Chen Xiang laughed.

"What? You've even seen her mother?" Huang Jintian looked at Chen Xiang strangely.

"What are you doing here?" Chen Xiang asked.

"I'm here for the seed. I also want to go to the Heaven Realm to have a look." Huang Jintian said: "All those almighty beings are eyeing us covetously, I just want to see if I can take advantage of them."

If you can't do it in a short period of time, it won't be good. However, when you can go, I'll call you. Oh, right. Master, help me spread these records. Chen Xiang deftly handed Huang Jintian a piece of paper.

"What a kid, he's actually treating Master as his subordinate." Huang Jintian knew that Chen Xiang would probably be watched, so he was also very careful.

"You're just a snack giver. Hurry, this is your reward." Chen Xiang gave Huang Jintian a few Spiritual crystal, urging him to leave quickly.

The next day, Chen Xiang woke up early and walked on the streets. He could still feel the oppressive feeling coming from the people around him.

He strode towards the Devil-suppressing Divine Palace. Although he was angry at Lv Qilian, he wanted to see what kind of things the Devil-suppressing Heavenly Venerable had left behind and whether or not there were any clues to the whereabouts of the Devil-suppressing Heavenly Venerable.

Lv Qilian acted as if nothing had happened and sat on the big carriage with a dozen or so women who were heading towards the Devil-suppressing Divine Palace. Since she was already here, she would definitely watch the fellow who called himself Hundreds of Flowers Heavenly Emperor get the lesson he deserved.

"Asgard Mistress, I will definitely deal with this annoying bastard as soon as possible and leave this place. Right now, our situation is not looking good." This was also the first time Little Lizhi felt a lot of pressure, and it was not because of the Hundreds of Flowers Heavenly Emperor but the experts here.

I'm not afraid of them anymore. Although they are strong, I am not weak either, not to mention that they will not casually attack me. I think they just want to talk to me about giving them a chance to enter the Heavenly Realm. Lv Qilian was more calm, but she didn't want to share the Heavenly Realm with

anyone. Furthermore, she wasn't on good terms with Chen Xiang right now, so maybe Chen Xiang would take the seed back.

The Immortal Kings who passed the test were all inside the main hall of the Devil-suppressing Divine Palace, and some experts were allowed to come in and watch.

As long as one cultivates the Devil-suppressing method, they can become the hall master of the Devil-suppressing Divine Palace. In order to attract more Immortal Kings, the restrictions on the hall master have been relaxed and there is no need to separate from the original power. However, they have to come and help when the Devil-suppressing Divine Palace is in a critical situation.

[Chapter 1467](#)

A few powers wanted to form alliances with the Devil-suppressing Divine Palace, so they would send some Immortal Kings to participate in the assessment.

Lv Qilian and Little Lizhi were both staring at Chen Xiang, but Chen Xiang was observing the others. The Immortal King of the Fire Divine Palace had also come.

"Divine Devil Cult, are you finally going to make a big move." Long Xueyi said.

"Looks like this test isn't easy, and there's also that fellow from the Fire Divine Palace ... Remember, this guy cultivates the divine way. Chen Xiang said.

When he was in Di Tian, the powerful spirit cultivator of Fire Divine Palace had fought with the Divine Devil Cult before. In the end, when Chen Xiang attacked the main headquarters of the Fire Divine Palace, he also met the spirit cultivator.

"There are a total of fifty people who will be participating in the palace master examination. As long as we complete the examination, we will be able to become hall masters and receive our Devil-suppressing Divine Palace's supreme Devil-suppressing method." An old hall master said loudly.

Chen Xiang had already understood that for this type of test, only those who passed could become hall masters, and there was no limit to the number of people. But this time, there were only fifty Immortal Kings that participated, which was considered very few.

"The assessment is definitely dangerous. Although all of you are immortal kings, it's inevitable that there will be some mistakes and you will lose your life." The old Hall Master said again.

Those who dared to participate had their own strength, so of course they wouldn't be afraid of this.

"Let's talk about the content of the assessment first. Each batch is different." This was what everyone was more concerned about.

Lv Qilian was a little worried that there would not be a battle during the assessment, thus Little Lizhi came here for nothing.

"The main purpose of the assessment is to see how well you all have mastered the Devil-suppressing method, so we will send you to a place filled with evil spirits." The old Palace Lord paused before continuing, "But before that, you must choose a partner because in that sort of environment, it would be safer if the two of you work together."

The old Palace Master looked at Chen Xiang and said: "Hundreds of Flowers Heavenly Emperor, you should first choose a partner. According to the rankings you have passed, only the top twenty-five have the right to decide."

Chen Xiang was overjoyed as he shouted excitedly, "I want to be in the same party as Little Lizhi."

Hearing his shout, everyone was stunned. The reason the Flower Emperor sent Little Lizhi was to teach him a lesson, he obviously knew this, but he actually had the gall to ask to be in a group with him.

"I object." Little Lizhi immediately shouted coldly.

"You're the twenty-sixth, so you don't have a veto." The old Hall Master chuckled.

"Then I'll leave." Little Lizhi glared at Chen Xiang fiercely. He might as well let her die since he wanted her and Chen Xiang to work together.

"According to the agreement, leaving requires you to give us one billion Spiritual crystal. Either you finish the examination, or you pay us one billion Spiritual crystal." The old Hall Master laughed even more happily.

"Hmph."

Although Hundreds of Flowers Palace could take it, they would definitely not be willing to give it to her for no reason. Little Lizhi could only bite the bullet and walk to Chen Xiang's side.

Soon, everyone had made their choice. Most of them chose people they were familiar with and were on good terms with.

"Next up, everyone needs to spar with your partner. You need to try your best to use the Devil-suppressing method, and the best thing to do is to use your full strength. Only by doing this can you understand each other's strength, and only then will you have a tacit understanding when cooperating." The old Palace Lord chuckled and said, "If the one who loses must obey the winner's command."

This time, it was Chen Xiang who was dumbfounded. He wanted to beat up the old Palace Master, how could he arrange things like this?

Little Lizhi's heart was filled with joy. His cold face revealed a sweet smile, but in Chen Xiang's eyes, it was extremely terrifying. He knew that his battle with Little Lizhi was unavoidable, and might even expose his secret, allowing others to know that he was Chen Xiang.

"Hundreds of Flowers Heavenly Emperor, Little Lizhi, you two begin."

Everyone had already dispersed, and the formations and enchantments in the center of the hall were completely activated. A battle of their level would result in the center area being razed to the ground without any formations or enchantments blocking the aftermath.

She actually chose Little Lizhi as her partner. However, she now felt much better in her heart, at least she could give Little Lizhi a good lesson.

Chen Xiang could not let others see through him, so he had to preserve his own strength. In this way, his strength would be greatly restricted, which was extremely disadvantageous for him.

"Looks like I can only use Devil-suppressing method and Holy Spirit. I can't use anything else, but once my identity is found out, all of my plans will be for naught."

There were already many archenemies of Chen Xiang, giants of the four great forces, and Lv Qilian, who was in such a bad mood with him. He was still at the base of the Devil-suppressing Divine Palace.

"Even if I lose, I am not afraid. At most, I will listen to Little Lizhi's commands, but I will lose a lot of face." Su Meiyao said.

If he lost, it wouldn't be too big of a loss, and even if he lost face, he would lose the face of the Hundreds of Flowers Heavenly Emperor.

"If you lose, you can't use the name Hundreds of Flowers Heavenly Emperor anymore." Little Lizhi shouted angrily.

"Why should I listen to you, even if I lose, I will not stop me from using my Hundreds of Flowers Heavenly Emperor name, I will still use it, what can you do to me?" Chen Xiang laughed without a care for his life. His arrogant appearance made everyone who saw him want to beat him up.

"Then I'll beat you until you don't dare to use it." In the next moment, he was right in front of Chen Xiang, with his palm holding onto the illusion, he slapped Chen Xiang's face.

Chen Xiang cursed, this Little Lizhi actually hated him so much, from the beginning it was like he was slapped in his face. His reaction was extremely fast, in that moment of danger, he jumped again and again, to avoid that palm.

Little Lizhi's arms trembled as the Devil-suppressing holy power surged outwards. Chen Xiang was startled, because that type of Devil-suppressing holy power was extremely strong and violent, and if he did not cultivate Saint Force now, he would not be able to compare to her kind of powerful Devil-suppressing holy power.

"Don't only know how to dodge, you should be as powerful as that mouth of yours. Hurry up and counterattack." Little Lizhi sneered. Seeing Chen Xiang's terrified expression, he felt even more disdain in his heart.

"Devil-suppressing fist." When Chen Xiang saw Little Lizhi's punch coming at him, he felt a holy figure behind him. That kind of pressure made it hard for him to breath, and a giant golden fist came smashing over.

"So powerful." Chen Xiang had only just dodged when he suddenly felt that terrifying Devil-suppressing holy power coming from behind him. Little Lizhi had already predicted that he would dodge, so he came behind him and quickly blasted out a Devil-suppressing fist, hitting him in the back.

After being fiercely punched, Chen Xiang was sent flying and crashed into the barrier while spitting out blood.

[Chapter 1468](#)

Chen Xiang now completely understood that this Little Lizhi was not cute at all, but was instead very berserk. He felt that there was a need to teach her a lesson in the future.

"Aren't you very powerful? That's all you have." Little Lizhi was a little disappointed. She did not expect the other party to be so weak.

Chen Xiang licked the blood on the side of his lips, then used his hand to wipe his mouth and said: "As expected of the authentic Devil-suppressing method, it is indeed powerful."

"It's good that you know this, I'll give you one more chance. If you apologize to us obediently and promise to stop using the name of Hundreds of Flowers Heavenly Emperor, I can let you off." Little Lizhi said with his hands on his waist.

She thought that Chen Xiang was just like the reeds on the wall, with the thickest and most pointed skin without any real ability.

Originally, she thought that Chen Xiang would immediately agree. Unexpectedly, Chen Xiang had actually dashed forward frantically, and from the looks of it, it seemed like he was going to fight to the death with her.

"Little girl, don't be arrogant. My Hundreds of Flowers Heavenly Emperor is invincible." Chen Xiang revolved the Holy Spirit Force in his body, although he did not lose out, but he still wanted to fight to see, he would carefully hide himself, and would not be exposed.

Little Lizhi frowned, her heart becoming cold. She knew that there was no room for negotiation with the other party, so she could only give up and use her own strength to subdue him.

"Immobilize." Little Lizhi waved both his hands, a gold light flashed, and a large amount of Devil-suppressing holy power surged out, only to see a few gold runes appearing at Chen Xiang's feet, forming a gold array, Chen Xiang stood on top of it and was incapable of moving.

"Devil-suppressing qi array." Chen Xiang looked at the Devil-suppressing qi array at his feet. This Devil-suppressing qi array was something he was more skilled at, he never thought that there would be a day when someone else would use it to deal with him.

"Kneel." Little Lizhi suddenly came to Chen Xiang's side and kicked at Chen Xiang's knee. She used a very strong force to kick him until he roared in rage.

"Kneel your ass."

The holy energy in Chen Xiang's body was like a raging wave, rushing into his meridians.

Little Lizhi never thought that Chen Xiang's bones would be so hard. If she had kicked another Immortal King, she would have been able to turn his entire leg into meat.

Just as she was about to kick a second time, Chen Xiang who was frozen in place by the Devil-suppressing qi array suddenly moved, she suddenly bent down with one leg, and used her powerful hands to tightly grab onto one of Little Lizhi's legs.

As Little Lizhi was in great shock, he only felt an extremely berserk wave of Devil-suppressing holy power enter her body from her legs, causing the Devil-suppressing holy power in her body to become very unstable.

After Chen Xiang grabbed Little Lizhi's leg, he crazily flung her to the ground. From the looks of it, she was like a snake that had been grabbed, and had been beaten up mercilessly. This was the most shameless attack Little Lizhi had ever faced in his life.

Lv Qilian and the others were all dumbstruck, they did not understand how Chen Xiang managed to struggle free from the Devil-suppressing qi array. Although he could struggle free, that would still take some time, because the Devil-suppressing qi array wouldn't last long, but Chen Xiang had only been frozen for a short while before he could move, causing him to be caught off-guard.

"Enough." Little Lizhi was so angry that he could finally use Devil-suppressing holy power. He kicked Chen Xiang's chest with his other foot, forcing Chen Xiang to let go of her.

He now clearly knew that Little Lizhi was very difficult to deal with and had a very terrifying power. No wonder her name had spread throughout the Heaven Realm many years ago and she was on the same level as Ji Meixian. Even Su Meiyao and Bai Youyou from back then could only join hands to suppress her.

And right now, Chen Xiang had just become an Immortal King. That Little Lizhi had already surpassed the Immortal King, so he could clearly feel that within Little Lizhi's Devil-suppressing holy power, there was a trace of true Holy Energy, the same as his.

"It should be the first transition of the Immortal-becoming realm, she's not easy to deal with, although your body is made of holy energy, it's too thin, although this girl's holy energy is not as pure as yours, but her other powers are very strong." Long Xueyi said.

Little Lizhi was in a bit of a mess, this was the first time she was being grabbed by the legs and struck fiercely towards the ground. She did not have the experience to deal with this kind of situation, but she still escaped.

"You've angered me. There are no conditions to discuss right now." Little Lizhi's face was cold, his entire person becoming more vicious, his body releasing a strong killing intent, causing Chen Xiang to be slightly worried.

Little Lizhi's cultivation was much higher than Chen Xiang's, and she could even use her full strength without any scruples. Chen Xiang was weaker than her in the first place, so in order to not be seen through, he had to suppress a bit of his strength.

"Come on, I won't change that name even if I die. If you have the guts, then kill me." Chen Xiang was still very arrogant, he also wanted to see how good his resistance against blows was. Even though it would be very painful, this was a rare opportunity.

Little Lizhi had only used Devil-suppressing holy power and Devil-suppressing method, she had also suppressed a portion of her strength previously, but now that she saw that Chen Xiang was still so stubborn and had even beaten her up, she had no choice but to use all of her strength.

"Be careful, this woman has released all the suppressed energy in her body. She is much more terrifying than I imagined." Long Xueyi replied.

Little Lizhi had attacked at that time, and his speed was much faster than Chen Xiang's, so he instantly appeared in front of Chen Xiang. Just as Chen Xiang smelt the delicate fragrance off Little Lizhi's body, he

took a heavy punch on his face; it was that terrifying Devil-suppressing fist, coupled with the power of the second level of the Devil Subduing Method.

"It hurts."

Chen Xiang shouted loudly, his fist struck out, releasing nine thunderous sounds, which coincidentally struck the jade palm that Little Lizhi struck, the fist and palm clashed together, with the power of the Devil Subduing Method, it was not weak, it erupted with a shockwave, causing Chen Xiang to be blown away, while Little Lizhi was forced back a few steps.

"This bastard." Little Lizhi never thought that her opponent would have such power. Just as she was about to attack, Chen Xiang had actually disappeared from her sight.

"Be serious, woman."

Just as Little Lizhi was about to turn around and look to her left, Chen Xiang suddenly appeared out of nowhere and released nine thunderous booms. He used the Devil-suppressing fist and fiercely punched Little Lizhi's beautiful face, knocking her head to the side.

saw that she had succeeded and shouted crazily. Her fists started to move extremely fiercely as she punched Little Lizhi's head, and in an instant, dozens of punches landed on Little Lizhi's head. Her shoulder-length short hair started to dance around due to the impact.

The spectators frowned, because Chen Xiang was too ruthless, he used such a powerful fist technique to attack Little Lizhi's head, everyone could not help but to be worried that Little Lizhi's face would be destroyed.

"Scram for me."

After Little Lizhi was punched for over a hundred punches, he finally reacted, and kicked at Chen Xiang's abdomen, but Chen Xiang cleverly dodged it, and stayed away from her at the same time.

"This woman's skin is really thick, she's actually a little red." Chen Xiang shouted in his heart. His berserk punch did not cause much damage to Little Lizhi.

[Chapter 1469](#)

Little Lizhi was fine, it was just that her face was a little sore from the beating, but she was very angry in her heart, her beautiful eyes were already slightly red.

"That's for sure, for a powerhouse of her level, she could use all the strength in her body as she pleased, and for the moment she was only using her head to block most of your attacks. Furthermore, you used the Devil-suppressing holy power, she also used it, so she might have even absorbed some of it. Long Xueyi said.

Seeing Little Lizhi's calm and furious expression, Chen Xiang was a little afraid. If there were not that many people watching them, only he and Little Lizhi were there, he could use some underhanded tactics to make the other party suffer.

I'm just an Immortal King, and you have already entered the Immortal-becoming realm. I heard that you're already an old man that's lived for ten thousand years, and I'm only a few dozen years old. Chen

Xiang suddenly said, and then looked towards the old Palace Master at the side, as if he was begging for help.

The old Hall Master shook his head and smiled, "Moreover, she is your partner. The stronger she is, the better. This is not a comparison. It's just that you two understand each other's strength."

"Can you admit defeat?" Chen Xiang asked.

"No, admitting defeat is equivalent to giving up the examination. You need to compensate for your loss, and the outcome of winning or losing is losing your fighting prowess..."

Just as Chen Xiang was about to curse, he saw Little Lizhi's furious and beautiful face right in front of him, and a jade fist had already arrived and landed on his face. In that moment, he felt as if his teeth were going to shatter and shatter, and his body was already floating in the air.

Then, Little Lizhi followed suit, grabbed his feet and began to beat him up crazily. It was just that it did not match with her small body, but it did not stop her from using this method to beat Chen Xiang up.

After being tossed around for a while, Chen Xiang threw him into the air, and then, another fierce punch landed on his head, instantly causing him to see stars.

"Do you want to change your name?" Little Lizhi's jade fists made many of the surrounding Immortal Kings feel numb. If it was them, they would not be much better off than Chen Xiang, they respected him even more, but Chen Xiang was still as stubborn as before.

"If you marry me, I'll change it."

When Chen Xiang said this, blood was still coming out of his mouth, and everyone admired his complete cheap bones even more.

"You're courting death."

It was the first time that someone dared to speak to Little Lizhi in such a frivolous manner. Currently, Little Lizhi only treated Chen Xiang as a lunatic.

Little Lizhi could not use too much strength, because she was worried that she would lose to Chen Xiang, and at that time, would not be able to force Chen Xiang to change his name.

Chen Xiang could not remember how many punches he had received or how many kicks he had received. In short, an hour had passed and he had only been abused while he was inside the cave. He had suppressed his strength with his abilities and now that Little Lizhi had unleashed his full power, his survival could already be considered as his abilities.

"You are no longer allowed to use the name of Hundreds of Flowers Heavenly Emperor." Little Lizhi held onto Chen Xiang's neck, and at the moment, Chen Xiang's entire body was covered in blood, which was vomited out from his mouth.

"You're not allowed to hit your hubby again." Chen Xiang laughed as if he was being tickled by the wind, and then suddenly threw out a punch which landed heavily on Little Lizhi's face. It was the power of the 9th level of Devil Subduing Method, but this punch was much stronger than the previous ones.

"You ..." Little Lizhi threw a punch back, but Chen Xiang suddenly disappeared, completely disappearing inside the barrier.

Originally, everyone thought that the idiot Hundreds of Flowers Heavenly Emperor was done for and would definitely be oppressed to the end. Who knew that after counterattacking with a punch, he would suddenly disappear without a trace?

"It's here." Someone suddenly shouted, seeing that Chen Xiang was at the edge of the enchantment, Little Lizhi was just about to go over, but Chen Xiang suddenly punched in the distance, causing her to retreat a few steps.

Chen Xiang wiped the blood off his mouth and laughed.

It was a hundred steps away, but he had struck Little Lizhi with his fist.

"It's space. That punch of his just now crossed space. Just how did this guy do it? He can so easily break through space's restrictions, not to mention he's in a stable spatial enchantment." An old man exclaimed.

Even a strong Ranker like Flower Emperor would need to use a lot of power to break through the space restriction, but Chen Xiang didn't seem to use it.

"I never thought that my Space Laws would suddenly break through. Is it because I've fallen into a dilemma?" Chen Xiang tried again, with a thought, he punched forward, striking Little Lizhi's knee that was rushing towards him.

All of the power flowed through space and accurately landing on Little Lizhi's knees, causing her to stumble forward, both hands supporting herself on the ground, not wanting to get down, but she suddenly felt the movement of space, and it was too late for her to dodge, and a burst of power struck her face, making her tumble in the air.

It was not a wave of energy, but rather a fist carrying a strong power. She was sure that it was Chen Xiang's fist.

"Little Lizhi, hurry up and defeat him. We can take care of him in the future." Lv Qilian sent a sound transmission to her: "Stop delaying, in case some other accident happens. That brat is very evil."

A churning golden fog suddenly surged out of Little Lizhi's body, forming into an air shield. Even while Chen Xiang was attacking from afar, he was actually unable to break through the air shield.

"I've endured enough." Little Lizhi said in a deep voice, and walked towards Chen Xiang step by step.

Just as Chen Xiang was about to travel through space to avoid her, he realized that the stage was filled with runes and space had stabilised many times, while Little Lizhi had already arrived before him, a pair of jade fists with an extremely dangerous aura was approaching him.

The first punch came, but Chen Xiang only saw the jade fist suddenly turn into a word 'suppress' with holy power pressing down on him. Then, everything turned dark, and an intense pain poured into his body.

"It's the Demon Suppressing Fist, how could she use it? It's said that the highest power she can unleash is 10 times that of her own. Is she trying to kill that brat?" An old man from the Devil-suppressing Divine Palace shouted.

Seeing that Chen Xiang had not fallen, Little Lizhi frowned. The other party's terrifying physical body had already shocked her deeply, because even the Immortal-becoming realm that was as strong as her was unable to withstand this punch.

When the second punch came out, Chen Xiang spat out a mouthful of blood, which splashed onto Little Lizhi's body. At this moment, Chen Xiang felt as though his entire being had sunk into darkness, and his body was on the verge of collapse.

"Lie down." Little Lizhi bellowed, and smashed the third heavy punch forward.

Just as the fist rushed forward with an unstoppable force, Chen Xiang suddenly extended his palm, wrapping Little Lizhi's small jade fist with it and catching it.

Chen Xiang, who was about to stop his attack, had actually performed such a strange action, and actually grabbed onto Little Lizhi's extremely powerful Subduing Demon God Fist.

The people watching the battle from outside the barrier, especially the big shots, all felt that it was unbelievable. Because Chen Xiang did not have any other energy on him, the holy power in him had dissipated a long time ago.

What was shocking was not only this, but also Chen Xiang's strange strength. Everyone could see that after Little Lizhi managed to grab Little Lizhi's fist, it could not be pulled away, and was firmly held by Chen Xiang.

"You ..." Little Lizhi gave Chen Xiang a few kicks, trying to get him to let go. But what surprised her was, she felt as if she had kicked a very hard thing, causing Chen Xiang's body to suddenly become very hard.

"Cluck, cluck ..."

Everyone suddenly heard the sound of bones rubbing together, Little Lizhi frowned, she felt as though her fist was going to be crushed by Chen Xiang, she kept transferring all of her power to the fist, trying to restrain her energy, if not her fist would be crushed by Chen Xiang.

Chen Xiang closed her eyes, then suddenly fell down head first, still tightly grabbing onto Little Lizhi's fist. Little Lizhi was also pulled down by the energy, and laid down on top of Chen Xiang's body, causing her to be extremely embarrassed and angry.

When she stood up, her jade fist was still being held tightly by Chen Xiang, but she did not shrink it any further, as Chen Xiang had already fainted.

"You win." The old hall master anxiously walked in, and Lv Qilian appeared beside Little Lizhi in a flash. She first checked on Chen Xiang's body, and realised that he was not dead.

Because she was starting to suspect that the Hundreds of Flowers Heavenly Emperor was Chen Xiang again, but after looking around, she dispelled her suspicions.

"What is going on? Why is this guy so powerful?" Little Lizhi couldn't even pull out his fist with all his might.

"This body... It should be the stage where my Body of Heavenly Sage has reached perfection. " Lv Qilian said in shock. She released her energy to investigate Chen Xiang's body, and discovered that his body was of an extremely high quality. His bones were all gold.

With Body of Heavenly Sage at full mastery, many people expressed their disbelief, but they had already seen how terrifying Chen Xiang's body was. Even though he had suffered such punches and kicks, he was still fine.

However, it was inconceivable that an immortal king could cultivate such a body.

It took Lv Qilian a bit of effort but managed to get Chen Xiang to let go of her hand. As for Little Lizhi's jade hand, it was already swollen red from being squeezed, and the energy caused her to feel a lingering fear, because she knew that an extremely terrifying power was still hidden in Chen Xiang's body. It was just that it had not been released.

"Take him away." Lv Qilian looked at the old Hall Master and asked, "When will the true examination begin?"

"About three days. After the others have fought their partners, we can rest for another three days." The old Palace Master looked at Chen Xiang and said, "You guys won't take revenge on him, right?"

"Would our Hundreds of Flowers Immortal Country do such a thing? He lives right below us, we are just sending him back." Lv Qilian said coldly.

Chen Xiang was carried away by the two women and brought back to the hotel by Lv Qilian and the others, where he rented a room for them.

After two days, Chen Xiang finally woke up. By now, he had completely recovered and was in an unprecedented good state. He laid on his bed and looked at the familiar roof.

"Why am I here? Am I not fighting with Little Lizhi?" Chen Xiang suddenly sat up, he looked at the injuries on his body, and all of them had already disappeared.

"You lost, and were carried back by them and thrown here." Long Xueyi said.

"Did they do anything to me?" Chen Xiang said in fear.

"No, but I was not careful, and let the Flower Emperor find out that you have cultivated the Large Success of your Body of Heavenly Sage." Long Xueyi said.

"It doesn't matter." Chen Xiang looked at his palms. He didn't know why, but he felt that his strength had increased by a lot, especially that of his flesh.

"What happened?" Chen Xiang did not know about what had happened.

"You don't remember." Long Xueyi immediately told him about his astonishing grab.

Chen Xiang frowned as he thought about it, "At that time, I only felt that I had fallen into a pitch-black abyss, and then I lost consciousness. When I woke up, I was right here."

"Could it be that mysterious soul inside the Killing-god heart again?" Chen Xiang took a deep breath. Previously, when he was competing in swords with other people, it was the Killing-god heart's mysterious soul that controlled his body and unleashed an astonishing sword strike.

Even though he was now an Immortal King, he was still unable to fully unleash that sword attack. He knew that he still hadn't completely used his full strength, so this shouldn't have anything to do with cultivation techniques.

He felt that he needed a certain level of cultivation and cruel training. Combined with his comprehension, he might be able to be like the mysterious soul inside the Killing-god heart, able to completely understand the power in his body and control it according to his will, making himself stronger.

"How did that guy manage to do that? I clearly have very powerful strength, but I am unable to unleash it. I am truly trash." Chen Xiang often thought about this problem. He would never forget that one sword strike, and he would sometimes try it as well, but he was still far from reaching that state.

"Little Lizhi is here, outside the door." Long Xueyi said.

Just as she reminded Chen Xiang, he heard someone knocking on his door.

Chen Xiang walked over to open the door, seeing Little Lizhi's displeased face, he laughed: "Good partner, thank you so much. You didn't have to worry about me after sending me back, I'm fine now."

"Ha! Who's worried about you? I'm only here to ask you one last time, do you want to change your name?"

Although she had won, she did not feel a trace of happiness from winning. Instead, she felt that the other party had given in to her, and she would probably never forget Chen Xiang's last strike. That kind of overwhelming power made her feel that there was a terrifying demon hiding in Chen Xiang's body.

"Why should I change my name? I think this name sounds nice, but aren't all of you being a bit too nosy?" Chen Xiang chuckled. "If you become my wife, I will change."

"You ..." Little Lizhi looked at him angrily, her jade fists were already clenched tight enough to make a "ge ge" sound, and she couldn't wait to smash Chen Xiang's teeth with one punch.

"Is there something wrong with you, bastard?" Little Lizhi shouted.

"Yeah, can you cure it?" Chen Xiang's face was full of smiles, as if he deserved a slap.

Bang, Little Lizhi forcefully closed the door, stomped his feet and left.
