

Dan God 1491

[Chapter 1491](#)

The people that went in were divided into two groups. The first group went in for over 500 people, and the second group went in for over 500 people. Because there was a huge formation covering that area, not even their spiritual sense could penetrate inside, so they couldn't know the strength of those that went in.

"What's the point of being so cautious? With just their powers alone, what's there to worry about? With the two great powers of both the evil and good here, who would dare to scheme against them?" Chen Xiang snorted.

"Who else but you?" Long Xueyi laughed.

Chen Xiang waited from morning until night, but he did not see anyone enter the Heaven Realm's door again. At this time, the Heaven Realm's door was still open, and had not been closed.

"There must be an expert guarding this place. Otherwise, if someone destroys the door to the Heavenly Realm, they won't be able to come back. It's time for you to take action." Long Xueyi said.

Chen Xiang nodded, following the mark on the map to look for the array base.

At this time, it was deep into the night, and a meteor shower actually appeared in the sky. The moment the meteor landed, it was bright and resplendent, and that beauty was enough to make people sigh with emotion. The people who were originally planning to spectate here all became excited when they saw the meteor shower appear.

Chen Xiang quickly arrived at the top of the array base. According to his discovery from the Array, the array base should be at this place, but he did not discover anything.

"I found it. It's really deep, at least 10,000 feet deep." Chen Xiang said: "Looks like I'll need quite a bit of time to dive into the depths of the lake."

Chen Xiang sucked in a light breath of air, released the power of the spatial laws, and punched the ground. Attacking through the air, he created a hole in the ground, then traveled back to the ground and entered that space, where he repeated his attack.

He wasn't too far away, so he couldn't take one step at a time. This was already considered fast, otherwise, it would be extremely difficult to dive thousands of feet deep into the ground without being discovered.

"There's an underground palace below. It looks quite large. I wonder who built it." Long Xueyi was surprised. She originally thought that she was an array base that could absorb energy, but she never thought that there would be an underground palace here.

After a few hours, Chen Xiang finally reached the underground palace. There was an empty hall, but in the middle of the hall there was a trapezoidal shaped stage, with several tens of steps.

"Just who built it?"

Chen Xiang was filled with curiosity, he felt that this matter was not as simple as it seemed, because it was related to that Divine Book, and that Divine Book was found in the's Sacred Grounds. That Sacred Land was filled with all kinds of dangers.

Stepping onto the stairs leading to the platform, he could immediately sense that the interior of the platform was filled with power.

"It's very ancient. I wonder how many years it has been built for. It seems to have appeared even before the time of the Ten Heavens Supreme Lord." Long Xueyi said in shock: "Look at those Spirit grain below, they are all ancient abandoned Spirit grain, and some very ancient words."

"Do you understand those words?" Chen Xiang asked in shock. He could understand the ancient characters from the Ten Heavens Supreme Lord's era, but he never thought that these words would be even older than this.

"I understand a little bit, but it says that this is called the Sacred Transformation Platform. Continue walking, I want to see if there are these ancient characters on every step." Long Xueyi urged.

Chen Xiang walked up. Some did, some did not, and those ancient abandoned Spirit grain were useless.

"This altar can lead to a heavenly domain that nurtures Saint Force. That world is extremely vast and full of danger. Many powerful individuals went inside and disappeared. I'm one of the few that can return." Long Xueyi said as he tidied up the messy ancient characters.

"Did you mention who he was?" Chen Xiang asked.

"No, he said he was a blacksmith."

, the blacksmith, was surprised: "Could he be a Divine Blacksmith? This guy is also very mysterious. To be able to create so many Divine Weapons, this Divine Book must be related to him, because the Divine Book contains the refining plans of the Suzaku bow."

"It's very possible that he is, but the Spirit grain that he passed down to his descendants are completely different from the ones that he has mastered the deepest parts of. It's possible that he modified it to refine it into an emasculated version, and I don't know why this is so, but what he really learned should be in the Four Symbols Divine Weapons and that Divine Book." Long Xueyi said: "Let's go to that Heaven Realm first."

Chen Xiang came to the top of the stage and stood inside a circular array. In the middle of the Transmission array, there was actually a slot, and it looked like it was placed inside a Green dragon demon-slain broadsword.

"If this place was not built by Divine Craftsmen, or was modified by Divine Craftsmen, I feel that the Ten Heavens Supreme Lord has come to this place before, the relationship between Divine Craftsmen and Ten Heavens Supreme Lord should be very good."

Seeing that hole, Chen Xiang knew that it was a keyhole, and Green dragon demon-slain broadsword was the only key.

Chen Xiang took out the Green dragon demon-slain broadsword and inserted it into the hole, but there was no reaction. He pressed the button again and realized that the Green dragon demon-slain

broadsword could turn, and after spinning, the Green dragon demon-slain broadsword would come out by itself. The Transmission array's runes started to absorb the energy that had been gathered here for many years, and the runes started to emit multicolored light bit by bit.

... When that group of people entered the Saint Realm, they didn't immediately see a large amount of heavenly and earthly treasures. They only came to a world that emitted a faint golden light.

The flowing energy here was filled with holy spirit energy. After absorbing it into their bodies, they would be able to refine it into holy energy immediately, causing the experts who were struggling in the Immortal-becoming realm to be extremely excited. This was because it would allow them to save a lot of time to convert the energy within their bodies.

The moment they entered, they saw a golden trapezoidal shaped stage. When everyone wanted to enter, they were blocked by a very powerful force, unable to enter it. Even if a few Immortal-becoming realm Rankers joined forces, they were unable to break through the barrier.

Everyone flew high up in the sky. Seeing that there was an array pattern on the stage, they immediately understood that this was a Transmission array.

"A lot of people haven't come in yet. It seems like there's a way in from the Ninth Heaven, but we can't find it." An old man said.

"The stones here are all ordinary stones, the interior does not contain holy energy, but from the dense holy energy here, some Holy stone with holy energy must be born." The old man from Divine Artisan Mountain Villa said as he crushed a rock and looked around.

The Fire Divine Palace suddenly said, "Look at the Transmission array, is there a crack in it that can be used to insert items?"

Hearing his words, everyone looked at the center of the Transmission array carefully.

His disciple immediately frowned. "This ..." It seems to be inserted into the Green dragon demon-slain broadsword. We have seen such a mechanism in the Evil Divine Palace. "

"The Transmission array lit up." One of them suddenly shouted,

[Chapter 1492](#)

Just as he was about to lose his patience, the Transmission array suddenly exploded with a burst of white light. He subconsciously closed his eyes, and the moment he opened his eyes, he saw that he was being watched, and all of the people who were watching him, were strong experts that he was familiar with.

What made him greatly shocked was that Fire Emperor was also here. However, when he saw Flower Emperor's face full of shock, he did not know why he suddenly felt refreshed.

Although Chen Xiang did not use his appearance, everyone knew that he was Chen Xiang. Because only Green dragon demon-slain broadsword was able to activate the array, instantly, countless pairs of eyes were filled with thick killing intent, causing Chen Xiang to feel as if he was being sliced into pieces by the eyes of these people.

Chen Xiang's expression was extremely ugly. Although he was somewhat pleased that he could enter using the Transmission array, he was actually surrounded and looked at by an inhumane crowd.

Fire Emperor was stunned at first, then he raised his arm and smashed it down. It was actually a huge flaming palm, the ultimate technique of Fire Divine Palace, the Fire cloud palm.

Chen Xiang was shocked, he immediately channeled all the energy within his body to defend himself. That thick profoundwu cover hood was like a huge water ball, wrapping around him.

Under the huge pressure of the fire palm, everyone could not help but suck in a breath of cold air. They knew that Fire Emperor was still heavily injured, but he was still so strong.

The only ones who could resist would probably be the Flower Emperor.

However, the moment the Fire cloud palm touched the barrier protecting the teleportation station, it instantly collapsed. Seeing this, Chen Xiang heaved a sigh of relief, and almost collapsed to the ground.

"Haha ..." Fire Emperor, you are the only emperor level person that has appeared in front of everyone. Look at you right now, hanging out with a bunch of bastards, the more you mess around the worse it gets. No wonder you were beaten like a dog by the Ten Heavens Supreme Lord when you teamed up with them. " Chen Xiang knew that the barrier was extremely powerful, so he taunted the Fire Emperor without restraint.

Although Fire Emperor was furious, he looked calm on the surface. He knew that Chen Xiang was purposely provoking him.

"Oh yeah, why did you come to the Sky Region? You used irregular means to get here, you better be careful not to get punished. When I came in, there were a lot of ancient words written all over the place, people who enter the Sky Region through irregular means will all be miserable." Chen Xiang laughed, this was all his nonsense.

Long Huishan and the mysterious very high Elder had both come. The old ice dragon that had entered the Evil Divine Palace with them last time did not come, and then it was Huang Jintian and his eldest senior brother and youngest junior sister.

The Phoenix King s and Phoenix Princess s were obviously here as well. They didn't feel too disgusted with Chen Xiang being able to enter this place, but they were just a little moved by Chen Xiang's abilities.

Flower Emperor's face was calm, but her heart was in displeasure. She had thought of ways to prevent Chen Xiang from coming in, but Chen Xiang had still came in, and they had to expend a great deal of effort to open the door, even though they spent a huge amount of Spiritual crystal s, but Chen Xiang's entrance seemed to be effortless.

Everyone was very curious how he found the other Transmission array. Many people immediately associated it with the Green dragon demon-slain broadsword and thought that it was a secret hidden inside.

Chen Xiang sat cross legged on the Transmission array, with the Green dragon demon-slain broadsword at his side. He laughed: "Quickly go and search for the treasure, why are you staring at me?"

Huang Jintian suddenly regretted it, because he had restricted himself too much to follow this group of people. If he had followed Chen Xiang, it would have been much easier for him to use underhanded methods.

"We made a deal before, everyone just go your own way. It's fine as long as you pay attention to the danger. Moreover, you can't fight with us here, otherwise, it would be a violation of our previous agreement." The Flower Emperor said solemnly.

"What if someone attacks us? We should be in an alliance. We should be in the same situation." The expert of Heaven Sword City said as he looked at Chen Xiang.

The Fire Emperor said coldly: "According to our previous agreement, as long as we are attacked, our allies have the duty to help us. Otherwise, we will be surrounded and attacked."

"That is to say, if I attack you all and you attack me but nothing happens, then I will also be ganged up on, right?" Chen Xiang laughed.

"If you're afraid, you can hide inside." An old man said coldly.

He came here for the treasure. Although he was an uninvited guest and the enemy of many people, as well as the target of many people's desire, but everyone was watching him closely. They needed to seize every moment to explore this mysterious Saint realm.

Not long later, they were all gone, but Chen Xiang had not walked out of the enchantment.

The divine power and consciousness outside could not penetrate through, so those who wanted to communicate with him could not do so. However, the divine powers of him and Long Xueyi could penetrate through.

"This group of idiots really have separated. This place is really very dangerous, don't tell me they don't know about the group. Or is it that the Imperial Avian Race is smart and wants to follow the Flower Emperor." Long Xueyi said.

"Thunder Tao Double Venerables is also following them, making a move on them will be difficult. But forget it, I came here to look for something to increase my strength, hopefully my trip wasn't in vain."

Chen Xiang waited for the rest of the people to walk far away before walking out of the barrier. Then, he walked into the barrier;

"This Heaven Domain is of the same color, moreover, the Holy Spirit Qi is very dense everywhere. It should be very difficult to find treasures from it." Chen Xiang walked for a while, before swearing, "And here I thought it was a treasure."

Looking at the pale golden sky, occasionally letting out a silvery white mist, he asked, "What are those white mist clouds?"

"I don't know. There are no energy fluctuations. It's just a special kind of mist." Long Xueyi said.

Suddenly, a gale blew past, lifting up a large area of silver-white fog. Then, a frightening beast roar exploded. That roar was shocking and terrifying, as if it was going to tear apart the sky.

"Judging from this sound, it should be a very powerful fellow." Chen Xiang endured his curiosity and did not walk towards that direction.

"Although they are powerful, where there are these kinds of powerful fellows, there will usually be treasures." Long Xueyi said.

"Many people should be able to pass, but I have the Transformation Technique. If I'm careful, I should be able to hide." Hearing Long Xueyi's words, Chen Xiang turned his head and rushed towards the direction of the beast's roar.

When he was on his way, the beast's roar came again. It sounded even louder, as if it was filled with anger. It must be that they had started fighting with the humans that entered this place.

[Chapter 1493](#)

The commotion in front was huge, and the sounds of fighting could be heard. Although the ground was trembling crazily, there were no cracks. The things in the sky domain were very sturdy.

"Logically speaking, there should be a lot of people rushing over to take a look, but why isn't there anyone here?" Chen Xiang carefully walked forward.

"They should have an agreement not to steal their prey. It should be like this, I sensed a few auras pass by, but did not approach." Long Xueyi said.

In front of him was a basin. Chen Xiang was high up, hiding beside a few rocks, looking at the direction where the sounds of fighting came from.

"What's going on?"

Chen Xiang saw a faint golden light screen that seemed to connect the heaven and earth, splitting space into two parts.

Beside the screen of light, there was a giant, golden lion-shaped beast. Golden armor covered its body as it spat out golden light, and its enormous tail was like an iron whip as it lashed at the ground.

"Why are they fighting? That person seems like he wanted to pass through the light barrier, but he was stopped by the lion." Chen Xiang thought, he carefully observed his surroundings to see if there were any treasures, but he felt that even if there were, it should be in the world inside the light screen.

"This is someone from the Heaven Sword City, and they aren't the strongest either. I remember there are five of them, and there's only one of them left. Could it be that he is trying to stall this savage beast?" Long Xueyi said, "Inside that light curtain, it should be the true face of this Heaven Realm. The place we are in should be responsible for nurturing the Holy Spirit's power."

Chen Xiang suddenly saw a circular array beneath the lion-shaped beast, which could stand around ten people.

"That should be the Transmission array. He should have entered it." Long Xueyi said.

"It seems like this person is in charge of luring this giant lion away and has the other four to go in first." Chen Xiang suddenly laughed sinisterly: "Let's go help that big lion."

Chen Xiang quietly sneaked over, it was too easy for him to not get noticed if he wanted to get close.

Although the golden lion was very strong, he had to protect the Transmission array and not let anyone near it.

However, the old man from the Heaven Sword City tried to lure the golden lion away. The big lion was angry, but it still stood firm.

"Bastard, get out of the way!" The old man shouted, controlling a celestial sword and hacking at the golden lion's body. Seeing the golden scales, it let out a "dang dang" sound and did not cause any harm to the golden lion.

When Chen Xiang got closer, he could see through the huge screen of light that there was a mountain and a lake, like a paradise, and inside, there were also a few figures. They should be from the other experts of the Heaven Sword City, but they did not come, because the Transmission array was being sat on by the giant golden lion.

"Dragon Bind."

Chen Xiang used a sacred art, the sacred and divine powers in his body merged together, forming a powerful Dragon Power. After using a divine art, a few small dragons suddenly jumped out from the ground below the old man, and like thick ropes, instantly tied him up.

The old man was tied up and hung in the air. The Golden Flame Lion took the opportunity to shoot out a huge beam of light that struck the old man's body, causing him to scream miserably.

Chen Xiang stopped his cultivation, and the old man fell to the ground, his entire body covered in blood. Chen Xiang now had a certain understanding of the Golden Lion's power, if this attack landed on his body, he would not be able to withstand it.

The people on the other side of the light screen saw that the old man was heavily injured and were immediately enraged. They knew that someone was nearby and had made the old man lose his ability to dodge, which was why they were injured by the golden giant lion.

In the Heaven Realm, only Chen Xiang would do such a thing. They were immediately sure that it was Chen Xiang, and then they were even more sure that it was Chen Xiang because suddenly Chen Xiang had jumped out and took away all the old man's heavenly pellets and Storage magic treasure. Then, he slashed a few times at the old man's body and disappeared.

"Chen Xiang." The old City Lord of the Heaven Sword City roared, but his voice could not reach Chen Xiang's side.

Chen Xiang kept the Heaven Pellet, and since the Storage magic treasure forbade it, other than the old man, no one else could get their hands on it. Chen Xiang could only throw it away, and right now, he was right beside the light screen.

The light screen was very long. Even after running for over an hour, he could not see the end of it, as if it was a curtain that fell from the sky to the ground.

Chen Xiang used a lot of methods but none of them were able to pass through, so he could only honestly look for the Transmission array's spell formation.

"There's someone ahead." Long Xueyi shouted lightly: "It's Flower Emperor and the rest."

Thunder Tao Double Venerables, Phoenix King and the others were all with Flower Emperor. The overall strength of this group of people was extremely powerful. In this kind of unknown place, it was the best way to guarantee their safety.

After knowing that it was the Flower Emperor's party, Long Xueyi did not dare to continue investigating, because it was very easy for the Flower Emperor to discover him.

Chen Xiang could only hide and use the Chaos Divine Eye to observe from afar.

"They found the formation." Chen Xiang said in shock: "But they didn't teleport over, could they be thinking about something?"

Chen Xiang was quite far away from the group of people, and he couldn't use his divine soul to look, so he could only rely on his eyesight. However, he could still see that on the other side of the light screen, there was a group of gigantic beasts walking around.

"They have the most people, there are ten in Hundreds of Flowers Palace, fifteen in Imperial Avian Race and fifteen in Divine Thunder Immortal Country. They can only teleport ten people at a time." Chen Xiang said: "They are discussing who will be sent to the first batch. Moreover, they do not know the strength of those huge beasts."

"Has the Golden Roc King arrived yet?" Long Xueyi laughed.

"It seems like the first batch has arrived." Chen Xiang said: "The first batch chose the strongest. Flower Emperor, Phoenix King, Thunder Tao Double Venerables, Little Lizhi and that Golden Roc King, along with a few other strong fellows, should be to go over and test the strength of those huge beasts."

"The Transmission array has opened."

In the blink of an eye, Flower Emperor and the other ten Rankers suddenly appeared on the other side of the light screen. The moment they appeared, the ten of them immediately started attacking the huge beasts.

Chen Xiang reckoned that there were at least a hundred of them, and they were all powerful, if not they would not have just been flung out. After being flung out, they would still be able to stand up and charge at the beasts, their bodies extremely powerful.

With Flower Emperor and the rest leading the way, the rest of them would be teleported one by one. They were sure that all the good things in the Realm of Flame Heaven would be hidden in the light screen.

[Chapter 1494](#)

After everyone had gone through, Chen Xiang turned into a little mouse and carefully crawled towards the Transmission array. The battle on the other side of the light screen was extremely intense, but Chen Xiang's side was extremely quiet.

"So many huge beasts, all of them are giant golden lions." Long Xueyi shouted: "They look very strong, even the Flower Emperor's swords cannot pierce through their bodies."

Chen Xiang did not teleport over. He only needed to use his mind to teleport over, but right now he was watching a good show.

"What a powerful Golden Lion. Although its attack power is not strong, its defense is very strong. It was even able to stand up when it found the Flower Emperor's attack." Chen Xiang was extremely shocked. Fortunately, the Golden Lion didn't chase after him just now.

"Look, they are all very fast. Although they are big, they are not bulky at all." Long Xueyi said, "There seems to be something related to it within my inherited memories. I'll think about it."

After a while, Long Xueyi said: "These guys are called Holy armoured lion, our White Dragon Ancestor once met one, and it was an adult one at that."

"The underage Holy armoured lion are all crazy, crazy, but as long as they are well-tamed, they listen to their master's words and when they attack, they go crazy. It seems like these Holy armoured lion have received orders to protect the Transmission array." Long Xueyi said.

"So these guys are little lions." Chen Xiang said.

"That's right, he hasn't reached adulthood yet. If he had, then he would be a Saint Beast." Long Xueyi said in a serious voice: "These Holy armoured lion were already very strong when they were born, and they become even more powerful with this body size. It should be very rare, but here they are only guarding the door, and this Heavenly Realm is not simple, there must be adult Holy armoured lion here."

"Do these guys have any weaknesses?" Chen Xiang asked.

"I'm not sure." Just as Long Xueyi finished speaking, the group of Holy armoured lion suddenly stopped their attacks and ran in one direction as if they had received an order to retreat.

Long Xueyi said, "There are adult wild lions' roars over there. Although I can't hear them, I can see the mountains shaking in the distance. Their roars are very powerful."

When it became quiet, Chen Xiang immediately turned into a rock, preventing himself from being discovered by Lv Qilian.

If not for the fact that Thunder Tao Double Venerables was with Lv Qilian, Chen Xiang would not have been afraid of Lv Qilian and the others. He dared to shake around in front of them, but he had injured Thunder Tao Double Venerables's son earlier.

"This group of idiots, not only did they not teleport back, they even kept walking forward. They are dead." Long Xueyi sneered.

The fully grown Ferocious Lion was a Holy Beast. Although Lv Qilian and the others were all very powerful, they were all weak in front of a Holy Beast, unless they had the power of the Nine Emperors.

Not long after, Lv Qilian and his group left, Chen Xiang could no longer see them through the screen of light. At this time, he had activated the Transmission array, and used a teleportation method to pass through the screen of light.

The place they were at before was a light golden color, but after coming over, it became just like the Heaven Realm. It was clear and beautiful with blue skies and white clouds.

Looking ahead, there was a verdant field of life. It was completely different from the lifeless field on the other side of the light screen. There was a huge contrast.

"This place is filled with Holy Spirit Qi, which is much denser than that place. Beasts that grow up in this environment can't not be powerful. No wonder the Divine Craftsmen said that this is a dangerous world." Long Xueyi said, "This Heavenly Realm is a high level world to begin with. It is possible that some of the creatures here have just been born and are already comparable to the strong in the human world."

Chen Xiang nodded. "So this kind of world is separated from the human Nine Heaven World, but there are still people who have found the way.

Looking at the traces of fighting in the surroundings, those intense battles were not enough to shatter the rocks here. Besides being strong, those rocks were useless, but one could see how powerful the world was.

Chen Xiang carefully followed Lv Qilian and the others. Long Xueyi believed that they would be attacked by the Holy Beasts and he wanted to see what the real Holy Beasts were like. Although he had seen the White Tiger before, he didn't think that the White Tiger was one of them.

"The Sacred Beasts Ancient Realm that White Tiger and the others were in back then could also be a Heaven Realm. It was just that there was a sudden change later on." Long Xueyi said.

"It's possible."

Chen Xiang maintained a certain distance from Lv Qilian and the rest, as they had already entered an ancient forest. Not long after they had entered the forest, the birds and beasts seemed to have been shocked by something, and flew away one after another.

"The sacred beast has appeared. Hurry up and hide." Long Xueyi said.

Chen Xiang immediately turned into a bird and flew up to a tree, hiding in a hole in the tree, and inside the hole there were two small rodent like animals, trembling and cowering inside.

In order to not be discovered, Chen Xiang had also become this kind of rat. Leaning on the tree entrance, he looked at the group of people in the distance.

The Saint Beast had appeared, but not in the shape of a mad lion. It was a middle-aged man with two whiskers and golden robes, and behind him was a man and a woman. The man was young and handsome, and wore a golden robe.

"Humans." The middle-aged man looked at Lv Qilian and the others. Even though he asked this question, he was not sure because the Phoenix King and the others were all beasts.

"No, those fifteen are all little birds, and these two seem to be phoenixes." The man said.

Long Xueyi said: "Holy armoured lion are not the good kind, although it seems that they have not acted yet, I feel that Flower Emperor and the rest are in trouble this time."

"This is my territory. Not only have you injured our members, you have also entered our territory. Now, you have pulled out your weapons and are full of hostility towards us. I give you two choices, the first is

to obediently follow us and become our slave. The second is to commit suicide." The middle-aged man squinted his eyes, looking at Flower Emperor, because he knew Flower Emperor was the strongest.

"Absolutely impossible." A big sized man immediately shouted, this was one of the Thunder Tao Double Venerables, his name was Lei Jian.

The middle-aged man smiled, "Then you guys want us to take action."

"If you have the guts, come at me." As Lei Jian spoke, he swung his blade forward, but the Flower Emperor did not stop him.

"You're courting death." Chen Xiang said in his heart.

When Lei Jian swung his blade over, the middle-aged man did not make a move, but the man behind him did. He waved his hand and released a golden beam of light, which struck the blade and created a small hole.

Even though that blade wasn't a holy saber, it was still a pretty good top-grade immortal weapon. The other party had pierced through it with just a single strike. From this, it could be seen that the other party was very strong.

[Chapter 1495](#)

After the large blade in Lei Jian's hand was pierced, the man had also arrived in front of him. He lightly struck the man and a golden light shone from the center of his palm.

The man flashed back to his original position, standing together with the woman in the gold skirt. Lei Jian had also been pushed back by a palm, but there was a basin sized hole in his chest.

In the nine heavens, Lei Jian was an expert who had a 4-5 revolution in the Immortal-becoming realm, but that man had almost killed him with just a casual palm strike. The most terrifying thing was that man's precise control over his own strength, he had only pierced through Lei Jian's chest, but not his heart.

"This couple should be the children of that middle-aged man. They are both mature Holy armoured lion, so that young couple should be considered young holy beasts." Long Xueyi said.

This Heaven Realm was much more terrifying than what Chen Xiang had imagined. Not long after they had entered, they met three Holy Beasts, although two of them were Lesser Holy Beasts.

Even the normally very confident Lv Qilian was now sweating profusely. How could she not see through the strength of the three people in front of her?

However, she refused to follow them back to become their slave.

"Now you know how weak you are." The middle-aged man laughed coldly, "Hurry up and make your choice. Since you are able to come here, it means that you have some power. It should be of some use."

Lv Qilian's face suddenly became gloomy, and said to the people behind him: "Hurry up and run, leave this place to me."

"Asgard Master ..." Little Lizhi shouted.

"Hurry up and leave." Lv Qilian's voice was cold and carried a sense of majesty, causing everyone to flee.

Seeing that everyone had suddenly run away, the young man and woman suddenly flew out to chase after those people. However, a golden grass appeared beneath their feet. The grass tightly wrapped around their feet, making them unable to move.

"Hmph." Lv Qilian's body trembled, and a burst of golden mist surged from her body. Her hair and dress danced wildly like a witch.

As for the man and woman who had been entangled by the grass tendrils, just as they were about to break free, they were suddenly pulled down deep into the ground by the grass tendrils, leaving only two pits behind.

"You're pretty good." The middle-aged man's eyes became ice-cold. He waved his hand and a golden light wave was sent out, engulfing everyone who was trying to escape.

Lv Qilian said in a cold voice: "Even though I'm not your match, it's still possible for me to stop you."

Her hair was scattered all over her shoulders. With a light brush of her sleeves, a burst of white light suddenly surged out from all around the forest, forming a wall of light, blocking the middle-aged man's released attack.

"This woman is amazing." Chen Xiang said in surprise: "I didn't expect her to be this strong. No wonder she looked down on me."

"Indeed, I'm afraid that she's much more powerful than that crippled Fire Emperor. No wonder she was the one to contribute the most when opening the gates to the Heavenly Realm." Long Xueyi never thought that Lv Qilian was actually able to fight against the three-headed berserk lion.

"Although this Ferocious Lion is a Saint Beast, it isn't at the level of a White Tiger. It isn't weak at all. Could it be that she's already past the Nine Revolutions Saint realm?" Chen Xiang was shocked.

"It's possible, but she also has a lot of pressure when facing this mad lion." Long Xueyi said: "Quickly go. If you continue to stay here, you will also die. A battle of this level, it's best to stay far away."

Chen Xiang ran out of the tree cave and quickly escaped through the trees. At this time, the young man and woman who had been dragged into the deep forest by Lv Qilian had already escaped from Lv Qilian's trap.

Chen Xiang knew that they were all running in the direction of the Transmission array, and returning was the safest option. Now, Chen Xiang started to understand why there was such a powerful barrier around the teleportation desk.

"Try to capture them alive so that they can be of use." the woman in the golden dress shouted.

Chen Xiang followed behind them. He was curious about the purpose of these Holy armoured lion capturing people.

In a short moment, intense movements came from within the forest. The battle between Lv Qilian and the Wild Lion had already begun, although Lv Qilian and her had some conflicts, Chen Xiang did not wish

for her to be in trouble. This was because she was Mu Qianxiang's master, and also the daughter of the Grandma Lv.

The commotion in front was not small as well. The man and woman were extremely fast and had already caught up to the group of people who were trying to escape. They were even fighting fiercely.

"He's dead." Long Xueyi used his divine soul to observe, "Several of them died at once."

It was normal for them to have this kind of fighting strength, and those who were running away also retaliated. Phoenix King changed into his original form, and started to fight fiercely with the man, one of them was already heavily injured, and the other one was unlucky. He was injured in just two moves, there were no longer any strong experts left in the panicked crowd.

The forest gave rise to waves of air currents. Chen Xiang was blown away, but he did not know what was happening in front of him. As a squirrel, he could only shake in the aftermath of two battles.

However, this didn't last long as the lion cub and tiger cub were both small Saint Beasts and extremely powerful.

"Dozens of them were captured, Phoenix King and Phoenix Princess escaped, and the severely injured Thunder Tao Double Venerables were captured." Long Xueyi said as she watched him with her divine soul.

"Hai." Chen Xiang sighed, and asked: "Where's Little Lizhi?"

"He was also taken away and heavily injured." Long Xueyi said: "Only Little Lizhi is still alive in the Hundreds of Flowers Palace, everything else is already dead. We don't know why the female berserk lion killed them."

Chen Xiang sighed helplessly.

"Little Lizhi was captured by the man, so she didn't die. If she fell into the hands of the female berserk lion, she would be dead for sure." Long Xueyi said: "I think that it might be because the Hundreds of Flowers Palace's women are fighting back too fiercely, moreover, they are beautiful, that mother mad lion is jealous."

Chen Xiang said: "Follow them, I want to save Little Lizhi. Although she is a little arrogant, she is still a good person."

"This is equivalent to breaking into a Holy armoured lion's nest." Long Xueyi said: "But we can try. Maybe there is something good in the Holy armoured lion's nest. With your methods, if you are careful, you should be able to steal some."

Chen Xiang had already escaped far away from the crippled forest, but the commotion inside was still very loud. Lv Qilian and the big berserk lion were not done fighting yet.

Long Xueyi used his divine soul to carefully follow the pair of little sacred beasts, and Chen Xiang followed behind them slowly. He had already been prepared for a long time on entering the Heavenly Realm's terror, because even the powerful Divine Craftsmen said it was very scary inside.

[Chapter 1496](#)

Chen Xiang secretly followed the two little holy beasts, and after going through a large part of the forest, they entered a valley. Seeing that many Holy armoured lions were there, they bent down to greet the two little holy beasts when they saw them.

and the others who were captured had ropes that looked like it was made from hair on their bodies, it was extremely sturdy, it was extremely difficult to break free. Furthermore, if they struggled to break free, the ropes would even give off multicolored light, and a few people on the road wanted to struggle free, but were killed after being discovered by the man.

Therefore, there were only nine people left in Little Lizhi's group. Their bodies were covered with injuries and they looked to be very serious.

"This gorge is their lair." Chen Xiang turned into a bird and stood on top of a tree in the canyon, observing carefully.

At this time, there were a few Holy armoured lions in the shape of a human, but they were not completely human. They also had many beast characteristics, their hair was golden yellow, their bodies were majestic, and they had a tail, arms, and chest were all covered with golden armor.

At the very least, they had the strength of Immortal-becoming realm. The man and woman who gave Little Lizhi and the others to the Ferocious Lion Beastmen were brought into a cave.

There were many caves in the canyon, some of them extremely large, so this place should already be the resting place of the Holy armoured lion. Chen Xiang saw many Holy armoured lions drinking water and playing around beside the river in the canyon, and there were also many smaller berserk lions.

Just as Chen Xiang was about to move to save Little Lizhi, a golden light suddenly shot down from the sky.

"Father." The pair of small Saint Beasts immediately shouted.

The Great Berserk Lion Holy Beast that was fighting with Lv Qilian had returned, and it was bringing Lv Qilian along with it.

Lv Qilian's entire body was filled with scars as he was thrown to the ground by the berserk lion. He looked at Lv Qilian and laughed in disdain: "Humans are weak."

Chen Xiang looked at Lv Qilian whose entire body was filled with shocking wounds, and couldn't help but sigh in his heart. Lv Qilian had lost, and lost so miserably, but it was normal for Lv Qilian to be defeated by an emperor.

"How many are captured alive?" Wild Lion Emperor asked.

"Nine... Big Sis killed a lot of women." Wild Lion Emperor said unhappily.

"Hmph, if we don't kill these human girls, they will confuse the men of our Kuang Lion tribe and bring us disaster." Wild Lion Princess was a little angry because her brother was scolding her.

Wild Lion Emperor said, "Alright, lock this woman up. Then, heal the injuries of the nine people."

"Father, what do we need these weak humans for?" Wild Lion Princess asked, her heart filled with doubt.

"Although they are weak, their brains are still pretty good. For example, those mysterious formations and things like that, we spent a lot of time but still found it difficult to understand them, but humans are proficient in these and keeping them here would be beneficial for us. But before that, we have to see if they understand the path of formations. The Wild Lion Emperor said: "Only by knowing formations better than us will they be useful."

When Chen Xiang heard it, she did not worry about it anymore. At least for now, she would not kill him.

"Then we have to test them now. If they don't pass, then there's no need to treat their wounds. Just kill them or eat them." The Wild Lion Princess looked at Lv Qilian who was on the ground and said fiercely. If she wasn't here, she might have killed Lv Qilian.

Wild Lion Emperor nodded his head: "But for things like formations, they need to have sufficient mental energy to go through. Right now, they are all injured, at least wait for them to recover a bit before they can go through with it. You can supervise them when the time comes."

Lv Qilian was taken away, but was imprisoned in another cave. Seeing Lv Qilian who was taken away, Wild Lion Emperor licked his lips and laughed wickedly: "I wonder how it will be like when human girls play, I really want to give it a try."

"Hmph." The Wild Lion Princess snorted and entered a cave.

Initially, Chen Xiang wanted to immediately go and save her, but he had another thought in mind, because the Wild Lion Emperor had returned. This was a Holy Beast, and the other Holy armoured lion here were all powerful, so if he was discovered, it would be troublesome.

"Go and check their treasury. They shouldn't have anything like Storage magic treasure. Therefore, the good things they got should also be here." Chen Xiang said, "Be careful."

"Got it. They are all Saint Beasts, so their food must be pretty good. Hehe." Long Xueyi was indescribably excited, he immediately used the Heaven Tour to search for treasures.

Chen Xiang moved further away from the ravine and hid inside a cave. Using the creation divine liquid he had accumulated and made a large amount of Drunk god flower s, he refined them into Drunk god powder s. His strength was far inferior to those holy beasts, but if he used poison, it might be possible to save his life in the nick of time.

"I found a place that leads deep underground. There should be something deep underground. However, it is enveloped by an energy and I am unable to penetrate that protective barrier." Long Xueyi said.

"Is it something like a spirit formation or something?" asked. It was already late at night, Long Xueyi had only gotten anything after searching for a long time.

"No." Long Xueyi said: "If we go, it should be very easy to enter. Although these Ferocious Lions are very strong, the formations and things like that are very weak."

If the Wild Lion Emperor wanted to capture humans alive, it was for the sake of someone helping them set up a formation.

"Not good, they are starting to attack." Long Xueyi suddenly shouted.

"Do what." Chen Xiang immediately thought of this the moment he asked this question.

"I wonder how they healed? Little Lizhi and the others recovered very quickly and began to assess their mastery of formations. A few of them died and were thrown out to feed Kuang Shi." Long Xueyi said.

Hearing that, Chen Xiang immediately let Long Xueyi look at Little Lizhi, he did not want him to die, he set aside the things at hand and rushed to the canyon, he was at the side of the mountain, waiting for Long Xueyi's orders.

"Little Lizhi has mastered the array quite well, she has passed." Long Xueyi said, "It seems that of the nine people present, only Little Lizhi is able to survive. The few old Ferocious Lions of the Kuang Shi Clan are quite proficient in the art of formations."

Originally, Flower Emperor and the rest were the strongest and seemed to be the safest. However, now that Flower Emperor and Little Lizhi were caught and the others fled, even if Chen Xiang did not see this scene with his own eyes, he would not be able to believe it.

"Where's Lv Qinlian?" Chen Xiang asked.

Little Lizhi has not completely recovered either. What plans do you have now, not only do you want to save them, you have to empty their treasury as well? Long Xueyi asked.

[Chapter 1497](#)

"I still don't know. I need to get more Drunk god magical poison. I will need another two to three days."

Although Chen Xiang had a plan, he still had to consider it carefully because the guy in front of him was much stronger than him, much stronger than the half crippled Fire Emperor. He had to be careful and consider his plans thoroughly, otherwise, if he took one wrong step, he might really die here.

In the past few days, Chen Xiang had been concocting this strange poison, and observing the life habits of the Holy armoured lions.

There were a total of more than three thousand Holy armoured lions, which was what Chen Xiang had observed. Amongst them, there were only fifteen that could become Beastmen.

As for Little Lizhi and Lv Qilian, they were's responsibility.

"Their situation is much better now, Lv Qilian also passed the formation array test. Furthermore, she is extremely proficient in formation arrays, causing those old monsters to be shocked and excited, hence she received very good treatment. Although her internal and external injuries are heavy, she recovered even faster than Little Lizhi." Long Xueyi said: "The fruit they used to heal their injuries was a type of red fruit, it looked like a small tomato."

"Blood Linglong Fruit, the lowest quality is immortal, but it can evolve into Holy level. The immortal Blood Linglong Fruit is red, while the saint fruit has a golden liquid flowing from it. The red flesh of the fruit emits a faint golden light." Su Meiyao said in shock: "We must definitely get hold of something like this. This is a good thing for healing injuries."

"They only squeezed out some light golden colored fruit juice for Flower Emperor to eat, but they did not give the fruit meat." Long Xueyi said: "These guys are so big, but very small."

"We can't blame them for that. It takes thousands of years for one Blood Linglong Fruit to grow. At least tens of thousands of years for one of the saint rank fruits to grow." Su Meiyao said.

"Is it delicious?" Long Xueyi kept his saliva and asked.

"I've never eaten before and haven't even seen one before, but it should be very tasty." Su Meiyao laughed.

As long as it had something to do with eating, Long Xueyi would always be very serious. She had already locked onto the location where the Blood Exquisite Fruit was stored, it was in a cave with some vines growing inside. The Blood Exquisite Fruit was formed from those vines, some were green, and there were only a dozen red vines growing inside.

"Little Scoundrel, hurry up and move." Long Xueyi could not wait any longer.

"There are too many things to do. First we have to save those two women, then we have to take away the Blood Linglong Fruit, and finally we have to plunder that treasury." Chen Xiang said: "My Drunk god powder is more or less done, I just don't know if that plan will work."

"Tell me about it." Long Xueyi said.

"I might need your help when the time comes." Chen Xiang put away the refined Drunk god powder and said: "First, I need you to create a big commotion and lure the Wild Lion Emperor away. If I cannot do it, the plan will not work, because the Wild Lion Emperor is very powerful and with him here, I am worried."

Long Xueyi thought for a moment, then said: "No problem, I will use my Transformation skill to create something out of thin air, and lure him away, but I will first use my Heavenly dragon seal in the distance, and only when powerful enough energy fluctuations appear in the Wild Lion territory, will he pay attention to it."

"Mm, then let's begin. It'll be evening soon. When the time comes, the berserk lions will all be drinking water. I want to poison them." Chen Xiang snickered.

Long Xueyi began to move, while Chen Xiang waited at the upstream of the river.

It seemed as if tens of thousands of dragons were roaring crazily at the same time. Although there was no energy fluctuation coming from them, but after hearing that sound, Chen Xiang felt very shaken.

"Ten Thousand Dragons Slaughtering the Heavens." Hearing that voice, Lv Qilian who was trapped inside the cave spoke in a low voice.

"It's Chen Xiang, he's in here too, looks like he's in trouble." Little Lizhi sighed: "If we bring him along, we might be a little safer. This guy is extremely cautious."

Lv Qilian did not say anything. She knew that they shouldn't have come in so arrogantly, otherwise they would not have landed in such a state. Moreover, it would have been safer for Chen Xiang to travel alone.

Once Long Xueyi was done, he would be back very soon. "Wild Lion Emperor hasn't left yet.

Wild Lion Emperor was in the canyon, looking at the sky above, he could see countless glowing dragons soaring, struggling, roaring, and that kind of dragon aura made him, the Wild Lion Emperor, feel a bit of pressure, following that, countless dragons dove down from the sky and crashed into the ground, causing the earth to shake violently, waves after waves of energy gales blew over.

"Father, it seems like quite a few powerful humans have entered. Let's go take a look." The Wild Lion Princess said.

"Mm, I'll go take a look now. These powerful humans will definitely become our slaves. Victory, you follow me." The Wild Lion Emperor said to the Wild Lion Emperor.

"No, big sister will kill those two women if she stays here." Wild Lion Emperor said in a hurry.

"If you stay here, you will definitely possess those two women." Wild Lion Princess shouted in anger.

"Stop being so noisy. Kuangyun, come with me." Wild Lion Emperor's face was one layer, that pair of small Divine Lions did not dare to say anything, but Wild Lion Emperor was full of smiles.

Chen Xiang started to panic. He knew that Little Lizhi and Lv Qilian might be in trouble.

When the Wild Lion Emperor and the Wild Lion Princess left, Chen Xiang immediately put the refined Drunk god powder into the water. After the Wild Lion Emperor left, many of the Holy armoured lion came out to drink.

Chen Xiang guessed that the water might contain a lot of Holy Spirit Qi, which was why they drank it regularly, but not too much.

Seeing Wild Lion Emperor walk into the cave, Chen Xiang was burning with anxiety. The effects of the refined Drunk god powder were pretty good, and very quickly, many of them fell, but some only fell after returning to the cave.

Chen Xiang anxiously went over to one of the Beastman Ferocious Lions and used Soul Absorbing Devil Spell on it. The Beastman Ferocious Lion was extremely poisoned, and looked intoxicated, as if it didn't even know that someone was doing anything to it.

After obtaining a few memories, Chen Xiang immediately changed into the Beastman Berserk Lion's appearance, and quickly entered the cave that held Lv Qilian and Little Lizhi, and from inside, he could already hear Wild Lion Emperor's unpleasant laughter, as well as Little Lizhi's angry and despairing curses.

Seeing that there was an Orc Ferocious Lion inside, the Wild Lion Emperor was unhappy. However, he was very respectful to the old orc Ferocious Lion, because he knew how to gather and refine herbs.

"Elder, I want to talk to them in private. I want to know what the human world is like. You will scare them if you stay here." This Wild Lion Emperor said with a smile, while Lv Qilian and Little Lizhi's bodies were currently tied up.

Chen Xiang suddenly had a plan in his mind, and said: "Prince, I know that you want to taste the taste of a human girl, but they seem to be very loyal, so if you force them, they will end their own lives. At that time, your royal father will also blame you."

[Chapter 1498](#)

After all, his big sister was too domineering here, and had to be in charge of everything. Many of the old wild lions were very unhappy with his big sister, and if he were to take charge of the Wild Lion Tribe in the future, these old wild lions would definitely be very happy.

"Elder, do you have any way to make them agree?" Wild Lion Emperor said excitedly.

"Yes." Chen Xiang took out two bowls. One of them was a bowl of white fruit juice while the other bowl was red.

"You drink white, they drink red." Chen Xiang laughed wickedly: "When they drink red, they will be unable to stop themselves, at that time, they will even beg you and them "Heh heh."

Chen Xiang said as if he knew it, "I stepped on this from the wild. I've done experiments on two big black pigs before, this method will definitely work."

There were a lot of these evil drugs in the human world, so Lv Qilian and Little Lizhi were very angry at the elder who offered them up, wanting nothing more than to kill him.

"Don't you dare kill yourselves." As Chen Xiang spoke, he pinched Little Lizhi's mouth and poured the red juice into the bowl. Then, he pinched Lv Qilian's face and poured the rest of the juice into the big bowl.

"Haha ..." The taste of human women must be very good. Moreover, the beauty of these two girls is top-notch. Even Big Sis is so jealous to the point of wanting to kill them. " Wild Lion Emperor laughed and drank the bowl of white liquid.

However, just as he finished drinking, Wild Lion Emperor was stunned, and immediately fell limply to the ground, unable to say a single word.

Lv Qilian and Little Lizhi drank the bowl of fruit juice, both of them were extremely worried, but seeing that, Lv Qilian suddenly thought of something.

"Quickly kill him! There is something in his body that is rapidly expelling the poison. Furthermore, that ball of extremely strong power is currently exploding!" Long Xueyi said.

Chen Xiang immediately took out his Green dragon demon-slain broadsword and sliced off Wild Lion Emperor's head, then cut off a few times on his body, took out the beast core, and placed the corpse inside the divine furnace.

Seeing the Green dragon demon-slain broadsword, Little Lizhi and Lv Qilian knew it was Chen Xiang.

Lv Qilian thought back to the Ten Thousand Dragons Slaughtering the Heavens, who was deliberately luring the Ferocious Lion Emperor away.

"I don't have any time to untie it right now, so you guys can temporarily take it with you in this cauldron." Chen Xiang didn't care about all that as he threw Lv Qilian and her into the divine cauldron together. He quickly rushed into a cave and harvested all the green and red Blood Exquisite Fruits.

"I have to hurry, my external body will not be able to hold for long, the Wild Lion Emperor is really too fast." Long Xueyi said.

"Got it. Hold on a little longer. It will be done very soon." Chen Xiang rushed into another cave and entered the treasury underneath the ground from this cave.

That treasury was a stone room, and when Chen Xiang approached it, he felt a very strange energy.

"Be careful if there are any Holy armoured lion guarding this place." Long Xueyi said.

Chen Xiang rushed into the stone room, and saw dozens of silver white stones of different sizes piled up in one corner. The amount of energy was coming from the inside of the rocks, and on the other side, there were over a hundred egg sized beast cores.

Chen Xiang took all of them and left the treasury. He ran in the opposite direction from the Wild Lion Emperor without looking back, and not long after he left, the Wild Lion Princess had returned. Because that strand of Long Xueyi's divine soul was moving extremely fast, and only the Wild Lion Emperor could catch up, she had to return first.

Chen Xiang used his fastest speed to run in one direction without leaving a trace. He was very far away from the ravine, but he could still hear the terrifying lion roar.

"Wild Lion Emperor has returned. It seems that Wild Lion Princess's roar has a lot of meaning. Wild Lion Emperor isn't chasing after me." Long Xueyi said.

Chen Xiang had originally planned to run to the light barrier that isolated the Heavenly Regions and return to the teleportation station. However, that place was very far away from the canyon, and when the time came, Wild Lion Emperor would also chase in that direction.

Chen Xiang took a direction and did not rush towards the inside of the Heaven Realm. It was just that in the outer circles, after he used Soul Absorbing Devil Spell on the wild lion, he found out a few things, the Heaven Realm was much more terrifying than he imagined. He thought that the Holy Beasts were stronger than other Holy Beasts, but there were more than the Holy Beasts, and the Raging Lion Tribe's position was not high, they could only own territories outside.

Chen Xiang ran frantically for ten days and ten nights, still using spatial travel and Shrinking step. He was already far away from that canyon, but he was still very worried.

The place he had come to was a mountain forest with many large stone mountains. Along the way, he did not encounter any powerful beasts, so he suspected that this was still the territory of the Berserk Lion Tribe.

Only when he met a group of huge white wolves did he feel a lot more relieved. This was because this territory belonged to a group of white wolves of holy light, and this group of wolves had the same strength as the Holy armoured lion.

Chen Xiang found a tall mountain, opened up a very deep cave at a place close to the mountain peak that was concealed. After that, he dove straight into the belly of the mountain, carved out a relatively large stone room in the middle of the mountain, and embedded a few large glowing stones into the mountain, causing the stone room to become extremely bright.

"So tired." Chen Xiang had been running for more than a month, and he had also taken more than ten days to open the gate.

After all of this, he took out the divine cauldron and released Lv Qilian and Little Lizhi who were inside.

Although they were tied up and couldn't get anything to add on, they were fine. After all, they were all strong warriors, but being with Wild Lion Emperor's corpse made them feel very uncomfortable.

They could all see that Chen Xiang was exhausted, but he still used a lot of energy to help them untie him. After he was done, Chen Xiang immediately laid on the ground, gasping for breath.

"Eat it."

Lv Qilian took out a snow-white pellet and placed it near Chen Xiang's mouth. Even though she was originally very arrogant, after experiencing all these, she had already changed a lot. At the very least, she understood that she wasn't invincible under the heavens.

Chen Xiang opened his mouth, and then placed the pill into his mouth.

"No need to thank me. I am only taking you guys for Grandma Lv's sake. Otherwise, I wouldn't take such a risk." Chen Xiang said.

Lv Qilian understood the danger that Chen Xiang had to bear in order to save them. She secretly thought in her heart, if it was Chen Xiang who was caught, she would definitely take this risk, and whether she could save Chen Xiang. Now, she began to understand why Little Lizhi felt that Chen Xiang was a good person.

"Thank you." Lv Qilian said softly, "Rest well."

For many days, she and Little Lizhi had been tied up by those ropes and were unable to move. The power in their bodies was completely restrained, and now they could eat their own pellets, allowing them to completely recover from their injuries.

[Chapter 1499](#)

Chen Xiang slept soundly. Although he had two women who hated him the most, he still felt at ease.

When he woke up, Lv Qilian and Little Lizhi's injuries had already completely healed.

"This is in return for your gratitude." Lv Qilian threw a Storage bag to Chen Xiang, and inside it, there were three hundred sets of ingredients needed to refine Yuxian Dan.

"You're so generous." Chen Xiang accepted Lv Qilian's thanks with a smile: "I didn't save you for nothing."

Then, he looked at Little Lizhi and smiled: "What about you?"

Little Lizhi gently clenched her teeth. She was not surprised by Chen Xiang's question, previously in the Evil Killing Forest, she already knew what kind of person Chen Xiang was.

"I've just given her a share." Lv Qilian immediately said, she did not expect that after Chen Xiang saved her, he would actually ask for a gift of thanks.

"It's normal for me to get so much after saving a mighty Hundred Flowers Emperor. Think about it, if I don't save you, what would happen to you guys?"

Chen Xiang laughed. If it was someone else, he would naturally not take advantage of the opportunity. But this Lv Qilian was different.

"Hmph." Lv Qilian harrumphed, and had nothing to say. If Chen Xiang did not save them, they felt that it would be even worse than death. To be violated in their chastity, was something they could not tolerate even in death.

"It's just a joke, don't be angry." Chen Xiang giggled. He liked to tease women like Little Lizhi and Lv Qilian the most, so seeing their current expressions made his heart feel good.

"All of you have suffered heavy losses. Do you plan on taking revenge?" Chen Xiang asked.

If it was Little Lizhi and Lv Qilian first, the other girls in Hundreds of Flowers Palace would all die.

"Of course, I must kill all the Berserk Lions, especially that lioness." Lv Qilian said as he grinded his teeth.

"About my matters, you must keep it a secret. Do not tell anyone that I was the one who rescued you from the Ferocious Lion's den." Chen Xiang seriously warned the two girls.

Lv Qilian looked at Chen Xiang, and lightly snorted: "You're afraid that the matter regarding the Drunk god magical poison will spread, right? I didn't think that you would actually have such a thing in your hands."

"This is only one of the reasons, no matter what, I am your savior, and can't possibly not accomplish this right? I am more assured with Little Lizhi, because I have saved her once before, and she was able to keep her promise, I was only worried for you." Chen Xiang said: "Right now, you are my sworn enemy."

Lv Qilian glared at him and said: "If I really want to get rid of you, you simply cannot continue staying in Devil-suppressing Divine Palace."

"So, the relationship between you and me is quite good, or else I wouldn't go all out to save you." Chen Xiang looked at Little Lizhi and laughed: "Little Lizhi, are you scared by those wild lions? Hurry up and let me hug you."

"Hmph." Little Lizhi rolled her eyes at him. She was already used to Chen Xiang teasing her like this often.

"Who has a good relationship with you? Don't think too much about it." Lv Qilian was a little angry, as if she had a deep relationship with Chen Xiang.

Chen Xiang snorted: "The Hundred Blossom Emperor's life and control are so cheap, it's only worth three hundred sets of Yuxian Dan's medicinal herbs."

Lv Qilian took a few deep breaths. She had indeed almost forgotten that Chen Xiang was her savior.

"I won't say anything about you. When I return, I will provide you with sufficient medicinal ingredients to repay you in a good manner." Lv Qilian said, his attitude became much more gentle.

"What about the Alive Slain Method?" Chen Xiang was more concerned about this matter, she also knew about it, but she had never mentioned it.

Lv Qilian was quiet for a while, then sighed: "I will help you, but in the end, whether or not you can obtain it will depend on your own strength."

"That's right. If it was earlier, we wouldn't have been in trouble. Leave your father's matters to me. Even if I can't find any clues left behind, I will think of a way to help you find him." Chen Xiang laughed and extended his hand.

Lv Qilian looked at Chen Xiang's big hand and thought for a while. Then, he reached out his hand as well to shake hands with Chen Xiang, but Chen Xiang firmly held onto her hand and did not let go.

"If you don't let go, I will cut off your arm." Lv Qilian was slightly angered, and said coldly: "Don't push your luck."

Chen Xiang released his hand and laughed: "I am only checking to see if your injuries have truly recovered, I do not wish for you to drag me down."

"Why don't you all stay inside the divine furnace and I'll deal with the corpse inside." Chen Xiang said.

"I don't want to stay in that place. We promise we won't implicate you." Right now, she also wanted to follow Chen Xiang. At least, at the time when she and Little Lizhi were at their most desperate, Chen Xiang had saved them.

"What plans do you have for the future? If you kill the Wild Lion Emperor, they will frantically search for you." Little Lizhi finally spoke with a somewhat gentle tone.

"When you're almost done, we'll head back to the Violent Lion's Lair. They have all been poisoned by my Drunk god magical poison, and the quantity is very large, so it will take them some time before they can be exorcised. Moreover, this is their weakest moment, so if you want to take revenge, you have to seize this opportunity as well." Chen Xiang looked at Lv Qilian and said, "Otherwise, I will have to wait until you have truly become a saint before I can take revenge."

Seeing Lv Qilian lower his head to think, Chen Xiang continued, "This is probably the most disastrous loss your Hundreds of Flowers Palace has ever suffered. If you don't take revenge, I'm afraid that the two of you will definitely be affected in the future."

"That's right." Lv Qilian nodded.

"You have fought with the Wild Lion Emperor before, you should be clear of his strength." Chen Xiang said again.

Lv Qilian nodded, Chen Xiang already had a series of plans, she could tell that if she wanted to take revenge, she had to listen to Chen Xiang humbly.

However, they have all been poisoned by Drunk god magical poison, their strength is very strong, but it will take them a very long time to cure the poison. As for the other little berserk lions, they are even more harmless, and the main reason is that Wild Lion Princess and Wild Lion Emperor did not get poisoned.

Chen Xiang looked at Little Lizhi, and asked: "If you were to fight against that Wild Lion Princess, how long would you be able to last?"

"At most three moves, she has already completed the Nine Revolutions Saint Beast. She is a Saint Beast." Little Lizhi sighed.

"If it was me, I could deal with that Wild Lion Princess." Lv Qilian said: "But killing her isn't easy either."

Chen Xiang shook his head: "You are mainly dealing with the Wild Lion Emperor, you fought with him for a long time last time, you need to delay him again, give us more time, and let us kill the Wild Lion Princess."

"How many Drunk god magical poison do you have?" Lv Qilian guessed that Chen Xiang wanted to use this kind of thing.

[Chapter 1500](#)

"Drunk god magical poison aren't the problem. The most important thing is how to poison them. They aren't stupid." Chen Xiang said, then took out a Drunk god flower. "Do you dare to touch this thing?"

Seeing the Drunk god flower, Lv Qilian's eyes lit up, she understood what Chen Xiang wanted her to do, and accepted it: "How much do you need?"

"In ten days, the more you do, the better." Chen Xiang said.

"Can you tell me your plan first?" When Little Lizhi saw that flower, he knew that you must be the legendary Drunk god flower.

"I will work with you to finish off the Wild Lion Princess. Your Palace Master will go and stall the Wild Lion Emperor by herself. If she uses poison well, she might be able to capture the Wild Lion Emperor." Chen Xiang said: "And these Drunk god magical poison are the most important."

Lv Qilian's mother was the, the Poison Elder, so Chen Xiang felt that their chances of winning were very high.

"Don't steal my flowers." Chen Xiang smiled and said, "If you want to marry Little Lizhi to me, I'll give you one."

"Don't even think about it." Lv Qilian immediately said: "I don't want your poison flowers."

"Whatever, I'll give you one. Give me a kiss. That should be fine, right?" Chen Xiang said, he had already moved his face closer, but Lv Qilian wanted to slap him.

Chen Xiang curled his lips: "Then, I'll give you one."

"Thank you." Lv Qilian revealed a cunning smile on his face, then took out a small jade bottle, poured out some crystal clear liquid, and even brought out a very enchanting fragrance, similar to the scent of Lv Qilian's body.

Chen Xiang only gave Lv Qilian one petal, but Lv Qilian carefully pulled off a petal. After a drop of the petal came out, the other parts of the petal gradually grew longer, and soon formed a whole one.

This was very similar to Chen Xiang's creation divine liquid, but much more powerful. It was because his creation divine liquid would need at least dozens of drops to be able to produce one.

"Continue talking about the plan, Little Lizhi, did you manage to cultivate the Devil-suppressing Golden Body?" Chen Xiang asked.

"No, it's very difficult to reach that level. I wonder how you managed to cultivate it?" Little Lizhi asked, she had wanted to ask Chen Xiang for guidance a long time ago.

"What about you?" Chen Xiang looked at Lv Qilian.

"I can't cultivate it either, although my father is the Devil-suppressing Heavenly Venerable." Lv Qilian shook his head.

Chen Xiang said: "I found a stone tablet in Di Tian with Devil-suppressing kungfu written on it. I memorized the chants on it and somehow managed to cultivate the Devil-suppressing Golden Body, so I don't know the trick to it. Don't you have the chants for the Devil-suppressing kungfu?"

"Of course there are. There are a lot of incantations, and they are very hard to understand. My father did not leave any explanation, so to this day, I still do not understand it." Lv Qilian frowned: "Looks like your luck isn't bad, you have obtained my father's true inheritance."

"Yeah, although I've never seen your father before, I feel that he will definitely admire me a lot and might even marry you to me." Chen Xiang chuckled: "But I already have a wife, so when the time comes I will definitely reject him."

"Be more serious." Lv Qilian suddenly became angry.

Chen Xiang came over to Little Lizhi's side and smiled: "Little Lizhi is still the best, I love him a lot more than you."

However, I will easily be poisoned. I don't cultivate the Devil-suppressing Golden Body, and if I were to deal with other poisons, I would be fine, but this is a Super Old poison. "Su Yun said. Little Lizhi asked seriously.

Chen Xiang really wanted to pinch her round face, but he didn't dare do so.

"Don't worry, I will concoct some antidote for you. If you are poisoned, you can immediately bite into it and cure it." Chen Xiang said.

"Impossible, although Drunk god magical poisons are not very scary among Super Old poisons, they are very difficult to cure. Without several years or dozens of years of time, it would be very difficult to force out the poison, and they also need to rely on external strength to force out the poison." Lv Qilian said

with certainty. She had already made more than thirty Drunk god flower and the mysterious liquid in her bottle was used up.

Chen Xiang said in a low voice: "My blood can cure the hundred poisons, you all better not speak of it randomly, or else it'll kill me."

Lv Qilian and Little Lizhi looked at each other in shock, then nodded.

At this time, Lv Qilian closed her eyes, as if she was channeling her powers. Her body was shrouded in white mist, and she had a relaxed expression, and looked extremely beautiful, as if she was a goddess.

Chen Xiang and Little Lizhi did not speak anymore, quietly watching Lv Qilian. Not long later, Lv Qilian opened her eyes and slightly opened her cherry lips, only to see droplets of sparkling and translucent white light floating out. When these droplets fell into the small jade bottle, there were more than ten of them.

"I really want to kiss your mouth." Chen Xiang laughed, Lv Qilian only glared at him, and did not say much, it seemed that she was already accustomed to Chen Xiang's actions, furthermore, there were only Little Lizhi's, and no outsiders present.

Chen Xiang also took out a small jade bottle, and said: "This is mine, I don't know what will happen if I mix it with yours."

He took out a jade bowl and dripped a drop into it. It was a pale golden liquid that emitted a faint golden splendor.

"Isn't it the Dragon cohesion kungfu? I remember that it's green." Lv Qilian was a little surprised: "You should be cultivating the improved Dragon cohesion kungfu."

As she spoke, she dripped a drop of the mysterious liquid that she had created and mixed it with Chen Xiang's.

Little Lizhi also came over to take a closer look. She had already known that Lv Qilian had this kind of ability, and Lv Qilian had even taught her before. It was just that she found it very difficult to learn it, since she wouldn't be the one to personally comprehend the Alive Slain Method.

"Can they be fused together?" Chen Xiang was very much looking forward to the two drops of golden-white liquid colliding with each other, but instead of fusing with each other right away, they seemed to conflict with each other. But a moment later, they suddenly started to fuse together.

Lv Qilian also opened his phoenix eyes wide, looking carefully, the two drops of liquid suddenly turned silvery-white the moment they fused together, and also flickered with a very strong light.

The three people inside the stone room immediately sensed a strong life force. That drop of liquid seemed to contain boundless life force, as if it could rebirth a withered forest.

"Quick, give it a try." Chen Xiang urged.

"What kind of test? If it's just Drunk god flower, I'm afraid we won't be able to see its effects." Lv Qilian said, she was also very curious, she did not expect such a strange thing to happen.

Chen Xiang took out a Sacred animal fruit and said: "Let's try it, this is a first stage Immortal Grade Sacred animal fruit."

Lv Qilian took the jade bowl and dripped the small drop of the mystical liquid into the Sacred animal fruit. The Sacred animal fruit was immediately surrounded by the silvery-white light and its quality was gradually improving.

After he was done, Lv Qilian picked up the Sacred animal fruit, his face full of surprise: "The quality has increased by a lot, if you drip another hundred or so drops, you can turn this Sacred animal fruit into a second stage Immortal Grade."
