

## Dan God 1501

### [Chapter 1501](#)

"If you don't fuse with mine, how many drops would you need?" Chen Xiang asked anxiously.

"Over a thousand drops. What about you?" Lv Qilian asked, because it was rare for both of them to be able to condense such a miraculous liquid, and even fuse together.

"I don't remember. In short, I need at least a month." Chen Xiang said: "What is yours is the genuine one, so it is much faster than me. You can make more than a thousand drops and finish it in a few days.

"It will be completed in three days." Lv Qilian said.

took in a deep breath. Now that he knew how many medicinal ingredients Lv Qilian had, it was no wonder why her Hundreds of Flowers Palace was so powerful.

"But now, I can complete it in two hours. The spirit liquid you condensed must have something special about it. It's not as different as before I fused it with you, but after I fused it it's shortened by so much." Lv Qilian said.

Chen Xiang thought for a while, then said: "It might be related to my physique, this is my secret, I cannot say more."

Then, Chen Xiang laughed: "These are all things that we condensed from our mouths, don't you think it's the equivalent of us kissing indirectly?"

When Lv Qilian heard this, her jade face suddenly flushed red, and she snorted lightly: "If your mouth isn't that cheap, then you're not a bad person."

Little Lizhi didn't know why, but she suddenly had the urge to laugh, but she didn't laugh, so she couldn't hide the smile on her face.

"We'll work together to get more Drunk god magical poison. That Wild Lion Emperor, it's precisely because he drank a big bowl of this stuff that he's softer than cotton." Chen Xiang chuckled.

"Leave everything to me." Lv Qilian said.

Chen Xiang gave his own creation divine liquid to Lv Qilian, but he didn't have much left either.

"Go ahead, Little Lizhi and I still have other things to do." Chen Xiang said.

"What are you doing?" Little Lizhi asked.

"Help me pick out these Heavenly Beast Pills and place them in a pile." Chen Xiang took out a huge pile of Heaven Beast Pills, all of which he had accumulated for many years.

There were a total of hundreds of them, causing Lv Qilian and Little Lizhi to be secretly speechless. Especially those Heaven Pills, which required one to kill a few Immortal Kings to obtain. There were even some even more powerful Beast Pills.

"What are you doing?" Lv Qilian saw Chen Xiang taking out all these things, and asked in shock: "You want to use these to increase your strength, that's not good, right?"

Chen Xiang said: "Of course not, using these things to raise my strength is definitely not good. I am a Alchemist, so of course I use pills to increase my strength. I want to use these Beast Pills to create a terrifying object, just in case."

He took out the beast core from the Wild Lion Emperor inside the divine cauldron and said to Little Lizhi: "Let's start to pick."

"What are you refining?" Lv Qilian was very curious.

"The Destruction Heavenly Pill is the kind of pill that would explode if thrown out, but if one is too weak, I want more of them to fuse together. Only then would the power be great, and the compression would be very small. While the other party isn't paying attention, I'll stuff them into their mouths, haha." Seeing Chen Xiang's mischievous smile, Little Lizhi and Lv Qilian could not help but shiver.

When self-destructing, it was usually just self-detonating heavenly pills. The power of these pills was great, after fusing together, they would be compressed to a small degree to raise the quality of the energy and then thrown into someone else's mouth. Just thinking about it would be terrifying.

The refining process sounded simple, but it was extremely difficult. Little Lizhi and Lv Qilian were also very clear that the energy within the Heaven Pellet Beast Pill was already very violent, and had mutually repelled each other. If they were to fuse multiple pellets and compress them, it could be said to be extremely difficult.

"Their abilities are quite easy to fuse together."

Chen Xiang seemed to be very experienced, he picked out a pile of the things and threw them into the divine cauldron, while he placed the Wild Lion Emperor's corpse inside the ring, giving it to Long Xueyi to deal with. That was the corpse of a Holy Beast, other than its flesh and blood being poisoned, the bones and the Holy Armor outside were all extremely valuable and useless.

"This pile is the weaker one." Little Lizhi said.

"There's actually so many of them, and quite a few of them are immortal kings. How disappointing. The immortal king only has a tiny bit of power left." Chen Xiang grabbed one of them, which was very small, and discovered that there were more than a hundred of them in the pile.

Lv Qilian and Little Lizhi immediately suspected that Chen Xiang's Sky Pellet was definitely very strong, there might even be more than one. Otherwise, he wouldn't be so powerful.

Chen Xiang placed all those Heaven Pills into the divine furnace. Even if it exploded inside the divine furnace, there would not be much reaction.

If it was anyone else, it would be very difficult to obtain, but he had mastered Heavenly Alchemy, so refining this kind of thing was like a normal occurrence for him, he had refined countless mountains and swallowed a large amount of land to refine pills.

It was not the White Tiger that warned him not to continue. It was likely that many continents had been refined by him, so he would definitely be punished by the heavens.

The treasure in Chen Xiang's hands also made Lv Qilian jealous, especially the divine cauldron, it could be used for defense, attacking, refining medicinal pills for Divine Weapons, and it could also be used to store things. If necessary, it could even capture powerful beasts or seal people inside it.

"Do you want to take it away?" Chen Xiang, who was seriously refining the Destroying Sky Pill, suddenly turned his head and smiled at Lv Qilian.

"Yes." Lv Qilian said: "But it's not easy."

Chen Xiang laughed: "Of course, whoever steals from me, I will fight with their life on the line. I can still remember the matter of the Thunder Tao Double Venerables, they stole my Leihun fruit."

"I'm really sorry about that." Lv Qilian said softly, "I didn't think that it would affect your friends."

"Forget it, I just hope that Thunder Tao Double Venerables is still alive and going back. I want to hide back my Leihun fruit with my own hands." Chen Xiang said.

"The Leihun fruit has already been merged by Zheng Rong." Lv Qilian said: "You should still have more."

When he thought about how Chen Xiang could possess a large number of Leihun fruit, Lv Qilian's heart trembled again. The hidden potential of Chen Xiang was truly terrifying.

"It doesn't matter, I have a way to get it back." Chen Xiang opened the lid of the divine furnace and took out a small golden ball.

Little Lizhi had seen Chen Xiang draw Fire Soul before, she had no doubts about it, but she had never mentioned these things to Lv Qilian, because she had promised Chen Xiang.

With just a glance, it was obvious that he often did this sort of thing. Lv Qilian and Little Lizhi were both thinking about just how many times Chen Xiang had used this kind of Heaven Decimating Pellet on other people.

## [Chapter 1502](#)

Although many of the beasts in the Realm of Flame Heaven were powerful, they were far behind humans in some aspects, such as formations and pills. However, when powerful beasts grasped such things, they would become much more powerful.

Chen Xiang had only refined five Heaven Decimating Pills, and the many days of pills and beast cores that he had picked up had not been refined. The main reason was that he did not want to drag this out for too long in order to avoid those Holy armoured lion unlocking the Drunk god magical poison.

Lv Qilian's spirit liquid merged with Chen Xiang's creation divine liquid, increasing the speed at which he copied the Drunk god flower. Within a few days, there were more than a thousand of them, and Chen Xiang had to admit that Lv Qilian's copying speed was much faster than his.

"And now?" Lv Qilian passed the batch of Drunk god flower to Chen Xiang, and she stopped copying the Drunk god flower.

"I will refine it to become a Drunk god powder. It can strengthen my poison ability." Chen Xiang said: "Give me some spirit liquid, I don't have any more on me."

If it was someone else, Lv Qilian would definitely not agree to it. But Chen Xiang was different, she did not have any objections and focused on condensing her spirit liquid.

Chen Xiang took out the pill furnace and placed the Drunk god flower inside. If he burned the Drunk god flower directly, it would produce a fragrance, which was a Drunk god scent. Although its poison was strong, it was far from being as strong as the Drunk god powder that was refined into powder.

Lv Qilian watched by the side as he refined the Drunk god powder. She would definitely be able to duplicate a lot of the fruit given to her by Chen Xiang before he gave her one, so she would definitely not tell anyone about this matter.

"Where did you get this Drunk god flower?" Lv Qilian was extremely curious. Her mother, the Grandma Lv, had been looking for her for a long time, but she couldn't find her mother. At this time, she had already condensed a bottle of spirit liquid.

"Inside the Chaotic Mountain." Chen Xiang said: "That place is very mysterious. Although I have entered before, but I am still unable to see through it.

Lv Qilian nodded, she had heard of the legends of the Chaotic Mountain. The Chaos fire that Chen Xiang had grasped was closely related to the Chaotic Mountain, and there were even more related terrifying legends.

They had already prepared here for ten days. Chen Xiang refined a large amount of Drunk god powder and gave a large portion to Lv Qilian.

"These are ten Poison Cleansing Pills, all refined with my blood. They can be used to remove Drunk god magical poison s. Don't use those Drunk god powder s unless you have no other choice." Chen Xiang said: "When dealing with Wild Lion Princess, I will use poison. You just have to guard against it carefully."

Lv Qilian lightly patted Little Lizhi's shoulders and nodded, indicating that she should listen to Chen Xiang's arrangements. In truth, even if Lv Qilian didn't remind her, she would still listen to him, because in the past few days, she had experienced Chen Xiang's capabilities. If not for Chen Xiang, they probably wouldn't know what they could do to avenge their dead sisters.

The current loss was one of the most tragic losses that Hundreds of Flowers Palace had suffered in many years, so these few days, Little Lizhi was feeling a little sad and she spoke very little. Even if Chen Xiang was teasing her, she did not pay attention to him.

After preparing everything, Chen Xiang and the two girls left the mountain. Chen Xiang took the two girls back to the Raging Lion's nest according to his memories.

They took close to a month's time to finally arrive at the side of the ravine. Now, Chen Xiang was instructing Long Xueyi to go and investigate, as his cultivation in the divine way was relatively high, so it was difficult to find him.

It had already been two months since their last fight, and Chen Xiang was still a little unsure. He was worried that those berserk lions would be saved, if that was the case, he would have to start with a new plan.

That Wild Lion Emperor knows how to use his powerful strength to force the poison out of their bodies. However, the poison is somewhat deeper, so no matter how strong Wild Lion Emperor is, it would still take a few years to completely remove the poison from their bodies.

Long Xueyi quickly scouted out everything. "Don't worry, those Beastmen Ferocious Lions are all lying inside the cave, while the other Ferocious Lions who haven't been poisoned yet are not very strong. Don't worry, only the Wild Lion Emperor and the Wild Lion Princess pose the greatest threat."

When Chen Xiang told them what he had found out, both Lv Qilian and Little Lizhi were secretly happy. This was because on the journey back, Chen Xiang had told them that if those berserk lions had dissolved the Drunk god magical poison, they might have to come up with a new plan.

But now it was useless. They could go according to their original plan, but that did not mean they would succeed. The risks were great, and they were already mentally prepared.

"Remember, survival is most important." Chen Xiang said: "Let's go to the canyon now."

Little Lizhi's expression was calm, although the enemy she faced was very strong, she still maintained her calm, and even planned to fight to the death.

"Little Lizhi, remember our battle plan." Chen Xiang asked: "At that time, don't be so stubborn."

"Got it." Little Lizhi nodded. On the road here, Chen Xiang and her discussed a fighting plan aimed at the Wild Lion Princess.

As for Lv Qilian, she had to face the Wild Lion Emperor alone. Both Chen Xiang and Little Lizhi were worried for her.

"He's coming." Chen Xiang said in a heavy voice.

They did not restrain their auras, as they wanted to attract Wild Lion Emperor and himself over.

Ever since the Ferocious Lion nest was ambushed by Chen Xiang, Wild Lion Emperor and Wild Lion Princess were extremely sensitive to any movement in their surroundings.

And this time, they felt a very familiar aura. It belonged to Lv Qilian and Little Lizhi.

"There are three of them. I didn't expect them to dare to come back." Wild Lion Emperor roared, and all the birds and beasts were startled, and started fleeing in all directions.

"Kill my son! I will tear you apart!"

The Wild Lion Emperor's angry roar sounded out like thunder, shocking Chen Xiang and the others. This kind of might made them feel powerless, and made them want to retreat. Although the other party was an unranked Holy Beast, he was still a Holy Beast, and his strength was not something they could compare to.

Following the roar, a huge lion claw suddenly pressed down.

"Leave it to me." Lv Qilian shouted as she raised her jade palms high up into the air. Her jade body was surrounded by white clouds as light flew around her.

Boom.

The gigantic lion claw swatted down, but it did not press down, and was rebounded by the power of Lv Qilian's palms.

Lv Qilian's throat felt sweetness. Although she could block that palm, her body had been shaken by a very strong power and she had almost vomited blood.

Chen Xiang had already left with Little Lizhi, leaving far behind the battlefield where Lv Qilian and the Wild Lion Emperor were. Just as they had predicted, the Wild Lion Princess immediately chased after them.

### [Chapter 1503](#)

"You little slut, I should have killed you long ago. Otherwise, our Ferocious Lion race wouldn't have ended up like this." The Wild Lion Princess shouted coldly.

"If you don't capture them, nothing will happen to them. This is all your fault." Chen Xiang replied: "Wild Lion like you, your Wild Lion race's old wild lion hates you to death. You know that no one wants you, that's why you chose to lay your hands on other girls who were prettier than you."

"I'm going to eat you." The Wild Lion Princess roared, Chen Xiang signaled Little Lizhi with his eyes, signalling that he could make his move.

Wild Lion Princess who had caught up, had a set of golden scales on his arm that turned into a lion claw with sharp claws. His body moved like lightning and rushed to Chen Xiang's side.

Wild Lion Princess was not afraid of Little Lizhi, because last time she had seen Little Lizhi's strength, he was very weak. She did not want Little Lizhi to die that easily, but she wanted to quickly get rid of that annoying man.

Chen Xiang and Little Lizhi stood one in front and one behind, separated by three hundred meters, while Wild Lion Princess stood right in between them. At this moment, from the forest in the distance, angry lion roars sounded out, and their auras were extremely oppressive.

"Begin."

Chen Xiang sent a sound transmission to Little Lizhi and he saw that the two of them had simultaneously stepped on the ground with very strong Devil-suppressing holy power s beneath their feet. In that instant, they released a Devil-suppressing qi array's Demon Sealing Array.

When Wild Lion Princess saw the floor covered with a large array of profound Spirit grain s, she was immediately shocked. She felt that her body could not move, and she could not mobilize the power in her body.

Just as Chen Xiang was about to rush over and stuff the Drunk god powder into the Wild Lion Princess's mouth, the Devil-suppressing qi array suddenly collapsed.

Originally, Chen Xiang and Little Lizhi thought that it would at least be enough to trap a few seconds, and be sufficient for Chen Xiang to use the Drunk god magical poison.

Seeing that, Chen Xiang immediately threw out a huge monument.

The giant monument became as big as a small mountain and smashed down, releasing a wave of cold Qi that pressed onto Wild Lion Princess's body.

"Xue Yi." Chen Xiang shouted in his heart, asking Long Xueyi to borrow his strength.

Long Xueyi immediately channeled all of his prepared power into Chen Xiang's body. Receiving Long Xueyi's power, Chen Xiang helped the Heaven-suppressed immortal monument to become even stronger, pressing the Wild Lion Princess down onto the ground.

This Wild Lion Princess was after all a little Holy Beast with a terrifying power. The moment she got suppressed, she immediately stood up again, and Chen Xiang immediately released his Divine Cauldron, allowing it to strike fiercely against her body. As for Little Lizhi, he was in the distance, constantly releasing balls of powerful energy which attacked Wild Lion Princess's knees.

Wild Lion Princess, who had just stood up, immediately knelt down. However, her strength was still strong, and she fiercely punched the Heaven-suppressed immortal monument on top of her, causing the Divine Stele to almost fly away, causing Chen Xiang to have no choice but to channel an even stronger power into it.

Seeing Wild Lion Princess stand up little by little, Chen Xiang immediately shot two Heaven Decimating Pills at the Wild Lion Princess's head.

The explosion that was produced almost caused the Divine Stele to fly out. That heaven shaking explosion made Chen Xiang and him lose his sense of hearing in an instant. At this moment, both he and Little Lizhi were shrouded by the shockwave from the explosion.

Taking this chance, Little Lizhi stepped forward and used all his strength to stab the back of Wild Lion Princess's neck. Because this was Kuang Shi's weakness, the Holy armoured lion's body had such strong scales, even a holy weapon would have difficulty injuring them.

A sword pierced the throat, and blood spurted out from the sword when he pulled it out. Wild Lion Princess roared in pain, and a huge tail suddenly appeared on his waist.

"She's going to transform into her original form. It's best if we quickly finish her off, otherwise it'll be very troublesome." Long Xueyi anxiously shouted.

Chen Xiang continued to inject, using the Heaven-suppressed immortal monument to pressure the Wild Lion Princess, preventing her from moving as she wished, slowing down the speed of her transformation. At the same time, he threw the Hammer of God out and struck her abdomen.

The divine hammer that was as heavy as a mountain carried Chen Xiang's and Long Xueyi's strength. The power generated from its flight was extremely terrifying, and even the ground was torn apart by the force of its impact. It smashed onto Wild Lion Princess's abdomen, causing her to scream in pain.

When Wild Lion Princess opened his mouth to roar, Chen Xiang hastily threw his Drunk god powder out. It was a ball of powder formed from Drunk god powder s, and the quantity was extremely large. Just as it was about to enter Wild Lion Princess's mouth, a golden light suddenly surged out from Wild Lion Princess's mouth.

The golden light struck the Drunk god powder and destroyed it. It then shot towards Chen Xiang and struck his body, causing him to fly and smashing apart a few trees.

If not for the fact that Chen Xiang had profound Wu diamond armour, that golden light would have long ago entered his body and exploded inside his body.

Seeing Chen Xiang's Drunk god powder being destroyed, Little Lizhi knew that she was the only one who could use her Drunk god powder now. She had been hit by Wild Lion Princess's tail and had used up all her strength just now, but now, if she wanted to kill this Wild Lion Princess, she had to rely on her own Drunk god powder.

Little Lizhi clenched his teeth, and used the last bit of energy he had in his body to rush towards Wild Lion Princess.

Seeing Little Lizhi move, Chen Xiang immediately understood and shouted to Long Xueyi: "Give all of your power to me, don't worry about it anymore. You must let Little Lizhi succeed, otherwise, both she and I will be finished."

Long Xueyi transferred most of the suppressed energy to Chen Xiang without reservation.

Seeing that Chen Xiang had been sent flying, Wild Lion Princess secretly heaved a sigh of relief. Even if she knew that Little Lizhi had rushed over, she was not that worried.

Just as she was about to attack Little Lizhi, the Heaven-suppressed immortal monument suddenly flashed with a white light. Chen Xiang poured all of the energy that Long Xueyi had just channeled into the Heaven-suppressed immortal monument, letting the Heaven-suppressed immortal monument release a wave of extremely strong icy energy which then poured into the Wild Lion Princess's body. At the same time, the divine hammer, divine cauldron, and divine blade, under the control of all of Chen Xiang's divine power, all smashed towards Wild Lion Princess's body.

After suffering such a violent and sudden attack, Wild Lion Princess immediately knelt down, while Little Lizhi had already come behind her. She took out a piece of Drunk god powder and used her hands to insert into the bloody hole on the back of the Iron Lion Princess.

Wild Lion Princess roared, wanting to use his tail to sweep Little Lizhi away, but the power suddenly disappeared. His entire body was paralyzed and he couldn't even make a sound.

#### [Chapter 1504](#)

Little Lizhi, who had used all of his strength, took a few steps back before collapsing onto the ground. On the other hand, Chen Xiang used the remaining strength he had left to rush over with the Green dragon demon-slain broadsword.

Wild Lion Princess's head rolled to the ground, her expression full of grief, anger and unwillingness. It was because the two people she fought were like ants in her eyes, yet they still killed her.

Seeing the head, Little Lizhi closed her eyes and took a deep breath. Because she had already avenged the deaths of her sisters, she bit the antidote pill in her mouth when she fell to the ground, because she had come into close contact with the Drunk god powder before. Furthermore, she had stuffed her hand into the Wild Lion Princess's wound.

The battle in the distance was still intense, but Chen Xiang and Chen Xiang did not have any more strength left, causing Chen Xiang's body to be in extreme pain. This was due to borrowing Long Xueyi's strength, and the golden light spewed out from Wild Lion Princess's mouth, causing him severe injuries.

Chen Xiang took out one Jade Dragon Flower. When Jade Dragon Flower was ripe, he had nine petals, and previously Chen Xiang used two, but now there were only seven. He gave Little Lizhi one, and he ate one himself.

With some energy, he placed Wild Lion Princess's corpse into the divine cauldron.

Little Lizhi didn't recover as quickly as he did, and she also didn't have his kind of terrifying flesh. She was incredibly weak right now, so Chen Xiang picked her up and held her in his arms.

Chen Xiang initially wanted to struggle, but in the end, decided to give up. Closing her eyes, she quickly refined the medicinal power within the Jade Dragon Flower's body and as she laid in Chen Xiang's embrace, she felt an inexplicable sense of security.

"It's all thanks to her. Otherwise, we really wouldn't have been able to deal with that mad lioness."

Chen Xiang gently pinched Little Lizhi's beautiful face and used his fingers to adjust her shoulder-length hair, but Little Lizhi leaned on her as if he was asleep and hugged his waist. Seeing her captivating look while she was sleeping, Chen Xiang couldn't help but to move his lips over and kiss her cheek.

Little Lizhi noticed it, but she did not say anything. She only slightly opened her eyes, glared at him with a gaze that carried a hidden bitterness, and then closed her eyes, allowing Chen Xiang to stroke her hair and jade face. It was unknown if it was because she was enjoying this gentle caress, or because she did not have the strength to resist.

Chen Xiang's heart suddenly started to beat with ferocity. His injuries were severe, and the remaining pain from borrowing Long Xueyi's strength was still there, and had become even more severe; he was not able to recover for a short period of time. If the one who lost was Lv Qilian, then it would not be good for him and Little Lizhi.

Her heart was also beating very quickly. She leaned on Chen Xiang's chest and could very clearly feel Chen Xiang's heartbeat, which made her feel very uneasy, but she was very tired, and she could not even lift up her eyes.

"It's fine. Believe her. She will definitely come back alive." Chen Xiang gently stroked her back, because he felt the muscles on Little Lizhi's body slightly tense up.

After it had quieted down for a while, Chen Xiang saw a white figure standing in front of him. It was Lv Qilian, her hair was dishevelled, her face haggard, her clothes tattered.

Chen Xiang let out a sigh of relief and said softly to Little Lizhi who was in his embrace, "She's back. She's fine now."

Lv Qilian's arm had a shocking crack on it, the flesh on it was ripped apart, the fact that there was such a wound on a beauty's body made people's hearts ache for her, it was obvious that her arm was temporarily crippled, while her other hand was dragging something.

On closer look, it was Wild Lion Emperor's body. It looked like he was dead and had not changed into his original body yet.

When Lv Qilian saw that Chen Xiang and Chen Xiang were both here, she and Little Lizhi were both feeling the same way.

She walked in front of Chen Xiang and sat on the ground, exhaling. "Can you store your divine cauldron inside?"

"Sure." Chen Xiang handed the unconscious Little Lizhi over to Lv Qilian. Lv Qilian took her over and gently caressed her face: "Little Lizhi, everything's alright. We have already avenged the sisters."

Chen Xiang's eyelids moved a little, and then he slightly opened his eyes, revealing a beautiful smile. Chen Xiang placed the Wild Lion Emperor's corpse into the divine furnace, he took a look at it, and discovered that there was a bloody hole in the Wild Lion Emperor's neck and eyes.

To deal with such powerful beasts, just absorbing them into his body was not enough. He had to use this method to let a large number of Drunk god powder infiltrate into his body.

Chen Xiang had used Soul Absorbing Devil Spell on a wild lion before, so he knew the weakness of the Holy armoured lion, it could attack those places.

"Is your arm okay?" Chen Xiang passed the Jade Dragon over: "Eat the entire one. I'm afraid your best medicine can't compare to this Jade Dragon Flower."

Looking at the Jade Dragon Flower, Lv Qilian took a deep breath, "Can I leave a petal behind?" She was going to use it to make copies.

"Of course." Chen Xiang smiled at her, then looked at her arm and asked with concern: "Is your hand alright?"

"It's fine. It'll be fine very soon." Lv Qilian said softly as she received the Jade Dragon Flower. She knew that Chen Xiang had definitely fed it to Little Lizhi before, because there were a few less petals on it.

Lv Qilian took a piece of the Jade Dragon Flower's petals, placed the whole flower into his mouth, chewed it for a while, and swallowed it.

"We need to leave this place as soon as possible." Chen Xiang looked around and took out a flying discs.

Lv Qilian was also extremely weak at the moment. If not for the fact that she succeeded in detoxifying the poison at the critical moment, she would have been torn to shreds by the Wild Lion Emperor.

After boarding the flying discs, Lv Qilian's entire body was already exhausted, but even more so, he was mentally exhausted.

Only Chen Xiang was still quite spirited. He sat in the middle of the flying discs, with Little Lizhi and Lv Qilian both in his embrace, and he was not only rude to the two girls, but he also made them pinch him softly a little, across his thin clothes. If Lv Qilian still had any strength left, he would definitely scream out loud.

The pain on Chen Xiang's body had already receded, and he was still hugging two great beauties. One of them was Flower Emperor, and the other one was his most capable subordinate.

The speed of the flying discs was not fast. They slowly flew through the forest, taking the three of them away from the battlefield filled with ruins.

Although Lv Qilian was currently very weak, he did not go overboard. He only embraced her waist, touched her face, and blew at her earlobe.

### [Chapter 1505](#)

Chen Xiang recovered the fastest, he rode the Frisbee and carefully headed towards the Holy armoured lion's nest.

When they were near the canyon, Long Xueyi sighed in disappointment, "There are a lot of wolves there. Don't go there, that place has already been occupied by a pack of wolves."

"It's the White Wolf Tribe of the Holy Light. Damn it, with so many Holy armoured lion, this group of people got lucky." Chen Xiang sighed, they no longer had the energy to fight against such a strong herd of beasts.

"Why don't you go over? Those lions should have lost their ability to resist. You can put them into the divine furnace." She had already recovered some of her strength, but her body was still soft.

"There's a pack of Holy White Wolves. It's likely that Saint Beasts have come as well. Our battle results have all been swallowed by them." Chen Xiang said in a low voice: "Let's find a place to hide for the time being, we'll talk after we completely recover."

"Then hide well, these wolves' sense of smell must be very sensitive." Lv Qilian said softly.

Chen Xiang slightly exerted force to hug her close enough to let her body lie against him. That kind of feeling made him secretly praise her in his heart, especially that soft and gentle chest of Lv Qilian ... Little Lizhi saw that was taking advantage of him and cursed at him in his heart. At the same time, he used his weak strength to pinch Chen Xiang's flesh, but as if he was scratching an itch for him, Chen Xiang continued to laugh.

"Large success Body of Heavenly Sage plus Devil-suppressing Golden Body, how did you refine your body?" Seeing that Chen Xiang recovered so quickly, Lv Qilian was extremely jealous in his heart.

"I was only able to cultivate it after suffering quite a bit. However, if you want to strengthen your physical body, I can find someone to help you." Chen Xiang said: "They are all women, but they have enmity with some forces, I don't know if you dare to accept them or not."

Lv Qilian lifted her head slightly, her beautiful eyes were flashing with light as she looked at Chen Xiang: "Did you use Holy Spirit Rabbit blood? I've heard of this matter before, when Yu Xuelian stole those jade rabbits, I didn't think that you would actually participate in it."

"I've been looking for Yu Xuelian, it's just that I haven't been able to find her. If you can contact her, then let her come to the Hundreds of Flowers Palace. The Divine Saber Immortal Palace doesn't dare to do anything to me."

Chen Xiang said: "At that time, there were four Holy Spirit Rabbit, and other than me, there was also Mu Jialan and Yao Shumei. They both had a Holy Spirit Rabbit in their hands, so they should all be together.

"There are a lot of women who are related to you." Lv Qilian snorted lightly, "There's still another Holy Spirit Rabbit. A man will turn into a woman when using Jade Rabbit Blood, you can't be planning to keep it for yourself, right?"

After he finished speaking, Lv Qilian's face revealed an enchanting smile, "The characteristics of the man on you is still there."

"Pei pei pei, I was a man doing well, why must I become a woman? Moreover, there are two beauties by my side right now, even if I don't want to, I would not do such a foolish thing ..." The Jade Rabbit in my hand was sold by me and I exchanged some things with someone else. "

Chen Xiang lowered her head and looked straight into Lv Qilian's beautiful eyes. Right now, he was hugging her with one hand and they were so close to each other, which couldn't help but give rise to bold thoughts in his heart.

The disc was slowly flying, but Chen Xiang and Lv Qilian just stared at each other in silence.

"You want to kiss me?" Lv Qilian's face revealed a playful smile, and when she saw Chen Xiang retract his gaze, she lightly snorted: "Even you wouldn't dare to measure it."

Chen Xiang took a deep breath, bared his fangs and laughed: "I was originally hesitating, but now I am going to give it my all."

Hearing Chen Xiang's words, the sneer on Lv Qilian's face changed, and he said coldly: "Try it."

Chen Xiang had already moved his mouth closer to hers, and had even let go of the unconscious Little Lizhi.

Lv Qilian wanted to resist, but her entire body was soft. She wanted to bite Chen Xiang's tongue hard, but Chen Xiang's tongue carried a suction force that pulled her tongue out of Lv Qilian's mouth.

"Bastard, do you want to die?" Lv Qilian sent a sound transmission to Chen Xiang, "Let go of my hand quickly, or else you'll be in trouble."

"It was clearly your tongue that sucked me in. What are you blaming me for?" Chen Xiang was secretly shocked in his heart: "Don't devour my power, I'm very weak and isn't worth it for you to devour."

"Could it be a problem with my cultivation technique?" Lv Qilian immediately realized: "Do you have the habit of condensing spirit liquid anytime and anywhere?"

"Yes, but I don't have any skill right now." Chen Xiang said.

"This is troublesome. We use our tongues to condense spirit liquids. After so many years, our tongues have become stained with the special characteristics of those spirit liquids. That's why we are merging together now." Lv Qilian scolded him: "It's all because of you, I won't forgive you."

"If that's the case, then we'll just follow the will of the heavens and enjoy ourselves." Chen Xiang laughed, greedily sucking on Lv Qilian's soft and fragrant tongue, causing him to feel extremely satisfied.

This was the first time Lv Qilian had experienced such a thing and could not resist, so she could only obey Chen Xiang, but in her heart, she continuously cursed at Chen Xiang. However, gradually, her face blushed a little, and a kind of indescribable wonderful feeling made her feel a little comfortable. She began to cater to Chen Xiang a little. With the help of the Jade Dragon Flower, she recovered very quickly. She opened her eyes, and when she heard some sounds coming from the side, she turned to look, and was immediately stunned.

At first, Little Lizhi had thought that she was dreaming, because this was simply too outrageous. The Asgard Mistress, who in her heart was a lofty existence, was actually hugging Chen Xiang, like a pair of hungry and thirsty lovers asking for each other's love.

At first, she thought that Chen Xiang was the one who forced Lv Qilian, but when she saw that Lv Qilian was enjoying himself and was even taking the initiative to kiss him, she felt that they were getting closer to each other.

Little Lizhi closed her eyes and continued to pretend to be asleep, but her heart was like a roaring sea. She found it hard to accept this fact, even though Chen Xiang had mentioned before in front of her that he wanted to conquer Lv Qilian ... "Brat, let's circulate our energy together to condense that spirit liquid." Lv Qilian whispered to Chen Xiang.

"Hehe, it must be great to kiss someone's mouth. You haven't even tried it at your age, you're so lucky. This old cow will eat tender grass." Chen Xiang laughed.

"Hmph, I'll show you sooner or later, don't be too proud."

Lv Qilian had already accepted it, she had enjoyed it before and tried it before. This kind of thing was very mysterious to her, and now that she had tasted it, that feeling of novelty was no longer there. She just wanted to quickly separate from Chen Xiang so that she wouldn't be seen by him.

"Hurry up and circulate your energy to condense the spirit liquid." Lv Qilian urged, she also wanted to see what kind of effect this would have.

#### [Chapter 1506](#)

Chen Xiang gently embraced Lv Qilian's body, the two of them continued to hug each other and started to channel and condense spirit liquid.

Very quickly, Chen Xiang felt a cool sensation from Lv Qilian's tongue, but his tongue became warm, because when he was condensing the creation divine liquid, he had to use the Fire Soul in his body. His creation divine liquid was born because of the Heaven fire soul, so it contained heat.

Lv Qilian felt that Chen Xiang's tongue was a little warm. In the next instant, she suddenly felt a strange energy seep into her body, quickly healing the injuries in her body. She clearly felt that her crippled arm was quickly healing.

Chen Xiang's body felt slightly numb, and all the creation divine liquid formed by his tongue had been absorbed by Lv Qilian. He realized that the difference in cultivation level between him and Lv Qilian was just too big.

In just a few moments, Lv Qilian's injuries had recovered by a lot. At this time, the suction force on their tongues had disappeared, causing Chen Xiang's body to go limp. Lying on the Frisbee, he panted heavily, enjoying the wonderful feeling.

Lv Qilian looked at him and frowned, she raised her jade hands and really wanted to slap him a few times, but she licked her lips and sucked the creation divine liquid liquid into her mouth, merging with her spirit liquid and swallowed it.

Lv Qilian's seductive look greatly broadened Chen Xiang's horizons.

"Get up." Lv Qilian coldly snorted, "Quickly get far away from here."

Lv Qilian never thought that she would be able to recover from majority of her injuries so quickly. Although she did not slap Chen Xiang, she had pinched the flesh of his arm so hard that Chen Xiang almost cried out in pain.

"I've been sucked dry by you. I'm about to die." Chen Xiang said, he was truly powerless, he laid beside Little Lizhi, and when he wanted to flip over and embrace Little Lizhi, he was stopped by Lv Qilian.

Lv Qilian carried Little Lizhi over and laid him down in his embrace. He glared at Chen Xiang: "Stop pretending, hurry up and get up."

Chen Xiang sat up and asked curiously, "How did you recover from your injuries so quickly?"

"Perhaps your spirit liquid contains some kind of strange energy. When it is fused with my spirit liquid, it will become even more powerful, so it can quickly heal my injuries. However, it's only recovered by a little bit, so my strength hasn't recovered much." Lv Qilian lowered his voice: "This time, I will let you go, do not tell Little Lizhi about this, no one is allowed to say it, if not I will kill you and silence you."

"You can bear to kill me. No matter what, I'm the man that kissed you for the first time." Chen Xiang smiled mischievously, not afraid at all.

"Actually, Little Lizhi has already woken up. She is just pretending to be asleep." Chen Xiang looked at Little Lizhi with a smile. This was what Long Xueyi had told him.

Just as Chen Xiang had finished speaking, Lv Qilian, who was in her embrace, felt a very faint tremble. She lowered her head and saw that Little Lizhi's eyelashes were slightly trembling.

"Why don't we pull Little Lizhi into the water? You two have a deep affection for each other, we can share good fortune together." Chen Xiang laughed sinisterly.

"Don't even think about it." Little Lizhi and Lv Qilian shouted at the same time.

Little Lizhi was awake after all, and her eyes were communicating with Lv Qilian, as if they had reached an agreement through sound transmission.

Lv Qilian and Little Lizhi had already recovered a bit, and were no longer as weak as before. He could not take advantage of them anymore.

Regarding the matter just now, neither Lv Qilian nor Little Lizhi mentioned it, as if it had never happened.

"Leave the Wild Lion Emperor's corpse to me." Lv Qilian said: "I will give you half of the sacred armor and bones, the beast core will belong to me." Lv Qilian said, she was worried that Chen Xiang would take it for himself.

"When the time comes, send the things to the Long family in the Ice Dragon Immortal Palace and give it to Xue Xianxian. Chen Xiang said: "I should be able to refine some Holy Armor, and those bones can be used to refine Saint Weapons."

Lv Qilian nodded his head: "The things on the Holy Beasts are good materials for refining the Holy Armor."

"Then I will also give half of what Wild Lion Princess has to Little Lizhi." Chen Xiang said.

"I don't want it, you can have it. This is what I owed you before." Little Lizhi said.

"That won't do, you also put in a lot of effort. Give the beast cores to me, and I'll give you some of the scales and bones." Chen Xiang said.

"Up to you."

She had guessed that Chen Xiang had forced it, but Lv Qilian did not seem to blame him too much. This was what made her feel that something was amiss.

After flying for a long time, Chen Xiang and the others suddenly noticed some footprints on the ground.

"Someone is nearby." Chen Xiang said: "I don't know if it's those mutated sacred beasts or those people from the Ninth Heaven."

"These footprints belong to the Thunder Tao Double Venerables." Little Lizhi laid on the Frisbee, carefully looking at the footprints on the ground, and recognized them with a single glance.

Chen Xiang said worriedly: "This couple and I have a grudge, it's better to stay away from them."

Lv Qilian nodded. "Start now."

Little Lizhi was still weak, although he could speak and move, but Lv Qilian had only recovered some of his strength, and was probably the only one who was stronger.

Chen Xiang controlled the flying discs to fly in the direction of where there were no footprints, but there was a sudden movement from behind him.

"Haha ..." I never thought that Flower Emperor and Chen Xiang would actually be together, and their relationship is not bad. " This was Lei Jian's voice. He had initially been injured, but over two months had passed by now, and by relying on a high grade medicinal pellet, he had already recovered.

Lei Jian and Zheng Rong, this couple, were known as the Thunder Tao Double Venerables, and they were extremely powerful. They had brought the Divine Thunder Immortal Country along to war long ago, and were decisive people in their killing.

Zheng Rong laughed coldly: "Flower Emperor is indeed Flower Emperor, and he actually wasn't killed by that Holy Beast. Little Lizhi is indeed well-deserved of his reputation, he was able to escape even after being captured, could it be that brat secretly saved him?"

"That's right, Chen Xiang saved me. As long as you're in front of me, I won't allow you to touch him." Lv Qilian stood up and said coldly to the Thunder Tao Double Venerables.

Lei Jian laughed out loud: "Flower Emperor, oh Flower Emperor, if it was the past, we would definitely be very afraid of you, but now ... Since you and Little Lizhi were able to escape from death, you must be severely injured. Otherwise, you wouldn't rely on this brat.

Zheng Rong also laughed out loud, after that, his figure flashed, and actually grabbed Little Lizhi, and a short blade appeared in his hand.

"Zheng Rong, what are you doing?" Lv Qilian was furious, she looked at Zheng Rong with killing intent. With her intelligence, she could definitely imagine that he would use Little Lizhi to threaten her.

Zheng Rong laughed wildly: "What can we do, with such a good opportunity to take you down, I will not let you go so easily. First, obediently take out the high levelled pills, saint artifacts, and other treasures inside your Storage magic treasure, if you want to make us happy, we can let this girl go."

Lv Qilian's delicate body trembled with extreme anger. "Aren't you afraid that I'll take revenge on you in the future?"

#### [Chapter 1507](#)

Lei Jian and Zheng Rong looked at each other and started to laugh maniacally.

"Revenge, how could we allow that to happen? Don't you know that there is a thing called Master-servant Contract, hand it over quickly, or else I'll strip this girl naked and let my husband in front of you ... "Haha." Zheng Rong laughed sinisterly.

Asking Lv Qilian to hand over all his treasures and then using the Master-servant Contract to control Lv Qilian in such a way would allow him to control the entire Hundreds of Flowers Palace.

Chen Xiang was startled, he thought that this couple would be the first to take care of him, but who would have thought that they would actually take care of Little Lizhi and Lv Qilian first.

Now, Lv Qilian understood these four words even more. Previously, she had cooperated with Divine Thunder Immortal Country many times, but she never thought that she would actually bite his hand.

Little Lizhi's expression was ice-cold. His eyes carried a kind of resolute light as he looked at Lv Qilian, as if he had already made a decision.

Lv Qilian had already seen that when Little Lizhi was about to commit suicide, her heart was filled with extreme despair. Thunder Tao Double Venerables's condition was already at its peak, so no matter how hard she and Chen Xiang tried, it would be useless.

Zheng Rong could feel Little Lizhi's abdomen heating up, so she let out a cold snort, "You want to commit suicide? No way, I'll let you live, and watch how Flower Emperor is enslaved by us, haha ..."

Just as Zheng Rong was laughing out loud and wanting to stop Little Lizhi's pills, he flicked his finger and released a ball of transparent mist that shot into Zheng Rong's mouth. His other hand also released a ball of invisible mist that instantly enveloped Lei Jian's body.

"Little bastard, you're courting death!" Lei Jian felt Chen Xiang attacking him, and immediately became enraged, flying over, smashed Chen Xiang's body with a palm, and sent him flying.

It was at this time that Zheng Rong suddenly shouted loudly, "Ah ... I've been poisoned. This is an incredible poison... It's the Magical corruption gas. "

She could not care about Little Lizhi anymore and immediately let go of Little Lizhi, channeling her energy to resist the Magical corruption gas.

Chen Xiang had just injected a lot of Magical corruption gas into her mouth. It had been compressed and had entered the inside of her body, causing it to explode inside.

As for Lei Jian, he was also hit by a ball of mist. Because the ball of mist was colourless and lacked any energy fluctuations, the barrier on Lei Jian's body did not appear. Instead, it allowed the Magical corruption gas to attach itself to his body and infiltrate it from his skin into the inside of his body.

"Magical corruption gas, damn you little bastard, I want to ..."

Just as Lei Jian finished speaking, his expression suddenly changed, because he felt that he was poisoned as well. He had already arrived beside Chen Xiang and brandished a large blade.

Chen Xiang was lying on the ground, his body that had not fully recovered, was severely injured, and he no longer had any strength left.

"No one can save you." He was not deeply poisoned, so he could still use some of his power to attack Chen Xiang.

Just as the big blade was about to slash onto Chen Xiang's body, Lv Qilian suddenly flew over and lay on top of him.

With regards to Chen Xiang, she owed him far too much. Chen Xiang had saved him time and time again, so how could she watch him get killed?

"Go away." Chen Xiang clenched his teeth and roared, he kicked Lv Qilian away, the big blade already slashed out.

This was the first time she cried for a man. In that instant, her emotions were mixed to the extreme, sadness to the extreme; she did not wish for Chen Xiang to die, and in the depths of her heart, she felt as if the most important person was going to leave her.

When the large blade landed on Chen Xiang's body, a golden light suddenly flashed from Chen Xiang's body. A suit of armor that glimmered with golden light actually appeared and blocked the violent and furious blade.

When Lei Jian's big blade slashed at Chen Xiang's profoundwu diamond armour, it was repelled by a burst of energy, while Chen Xiang also felt a shock, which caused him to be unable to refrain from spitting out a large mouthful of blood, but at least he managed to preserve his life.

"This is ..." After Lei Jian was pushed away, it was already too late for him to make up for the poison in his body. Because the poison was spreading and his strength was gradually weakening, he immediately channeled his energy to expel the poison.

The profoundwu diamond armour on Chen Xiang's body was put away again. He painfully groaned a few times on the ground before climbing back up. Seeing the tears on Lv Qilian's face, he smiled and said, "I never thought that you would shed tears for me too."

"You failed to repay my kindness. I came to save you, yet you still kicked me." Lv Qilian said angrily, changing the topic, she was wearing a white dress with Chen Xiang's footprints on it.

Little Lizhi had already ran over, she was already crying from anxiousness, and thought that Chen Xiang would be killed just like that. Although Chen Xiang was a little hateful, she didn't want to die from this, and in order to save her.

"Little bastard, you will definitely be cursed by the heavens for using such a strange poison like Magical corruption gas." Lei Jian's face was ugly, as he sat there detoxifying the poison.

"This matter will spread out sooner or later. Don't think that you can hide it from us." Zheng Rong was not far away, and her expression was even more unsightly, because she was the one who was the most poisoned.

Chen Xiang and Little Lizhi were already surprised to have Drunk god magical poison, they never thought that Chen Xiang still had such a strange, even more terrifying poison like Magical corruption gas, and they didn't know how he had stored it up. Furthermore, he had stored it in such a large quantity, otherwise, he wouldn't have been able to poison this powerful Thunder Tao Double Venerables.

"You're about to die and you're still so stubborn." Chen Xiang licked the blood off his mouth, took the recovery pill from Lv Qilian and consumed it, then walked over to Lei Jian.

Walking to Lei Jian's side, Chen Xiang held onto Lei Jian's head with one hand and unleashed Soul Absorbing Devil Spell.

"Bastard, beast, bastard ..." You actually know Soul Absorbing Devil Spell ... " Lei Jian's face had already distorted and he was crazily cursing at Chen Xiang.

"Curse you, curse you! You're going to die anyway, haha!" Chen Xiang laughed, then activated Devouring magic kungfu, pulled out the Thunder soul from his body and placed it into a bead.

Just as he finished extracting the Thunder soul, Lei Jian turned into a pool of purplish black blood.

Seeing this scene, Zheng Rong's heart trembled. Chen Xiang immediately ran over and used Devouring magic kungfu, directly pulling out the Thunder soul from her body. The process of extracting the Thunder soul was extremely painful, causing Zheng Rong to let out a burst of miserable cries, after that her entire body exploded into a purplish black liquid.

Little Lizhi held onto Lv Qilian's hand tightly, her palm was drenched in perspiration, because Chen Xiang was truly too terrifying in her eyes, and her methods made people's hair stand up.

Lv Qilian held Little Lizhi's hand tightly, she had the same thought in her heart. She had originally thought that the Drunk god magical poison was Chen Xiang's greatest reliance, being able to help Chen Xiang kill many experts stronger than him. But now, she was wrong, because Chen Xiang still had something even more terrifying.

Zheng Rong and Lei Jian were not worth sympathizing with, so Lv Qilian and Little Lizhi did not have the slightest bit of mercy towards them. Chen Xiang had now taken back his things.

### [Chapter 1508](#)

After Chen Xiang finished taking care of the remnants of the Magical corruption gas, he and Little Lizhi quickly left the place. Regarding the matters of the Magical corruption gas, Chen Xiang had always been cautious, otherwise he would be in even more trouble in the future.

They arrived at a large mountain, found a naturally formed cave, and entered it to reform it. Only then did they feel at ease and begin to heal their injuries.

"How did you get your Magical corruption gas? This poison is not easy to deal with, you seem to have a lot." Lv Qilian asked. She was also an expert in the use of poisons, but she rarely used them because she was strong enough.

"I did it when I was in Di Tian. That place has something to do with your dad." Chen Xiang said. The place where he had obtained the Magical corruption gas was the place where the Devil-suppressing Heavenly Venerable had suppressed the Poisonous Beast Devil God.

"Looks like you still have some secrets on you ..." If I am not wrong about your armor, it should be one of the Four Symbols Divine Weapons's profoundwu diamond armour. " Chen Xiang said, his heart filled with jealousy. Chen Xiang himself already had the divine blade called the Green dragon demon-slain broadsword, and now he also had the divine armor. He had both offense and defense, so he would definitely be a strong figure in the future.

Little Lizhi said: "I heard that Liu Meng'er has Suzaku Divine Weapon with him. Right now, there is still one more White Tiger Divine Weapon that has yet to leave."

The White Tiger Divine Weapon was very special, but it was already in Chen Xiang's hands.

"Don't you guys go around talking nonsense, it's not good to spread this around." Chen Xiang said, "Especially regarding the Magical corruption gas."

"I know, how could we possibly speak of such nonsense?" Lv Qilian took out a Drunk god flower and muttered: "I really want to give a mother. She was looking everywhere before, Qilian is also really looking forward to it."

Chen Xiang chuckled: "I've already given quite a few to your sister. Not only that Drunk god magical poison, I've also given her some of her defenses, but she probably won't need them."

Hearing Chen Xiang's words, Lv Qilian immediately looked at him vigilantly. "You probably won't give it to her for no reason at all. What you did to her, did you do anything to her before?"

Chen Xiang looked innocent and said unhappily: "I only exchanged a few things with her, she gave me two Holy Lotus Seeds, and we are good friends. I have always called her Big Sister, and we have helped each other many times, don't tell me I look like that kind of person."

"Hmph. No matter how I look at it, you don't look like a good person." Lv Qilian did not believe what Chen Xiang was saying. Chen Xiang even dared to scheme against her, what's more, although Lv Qilian was not related to her in blood, in her heart, he was her own sister.

Chen Xiang curled his lips, and muttered in a low voice: "If I wasn't a good person, the two of you would have already been my people."

After saying that, Little Lizhi and Lu Qi immediately glared at him with a faint killing intent.

Chen Xiang immediately laughed dryly, "Little Lizhi, I have already saved you many times, don't you have any objections?"

Lv Qilian was worried that Little Lizhi would harm him and she quickly replied, "You saved Little Lizhi, and I will help her repay you. You don't have to worry about that."

"Are you going to give your life for her?" Chen Xiang laughed out loud, but when he saw Lv Qilian's ice-cold gaze, he restrained himself.

Lv Qilian glared at him: "You better not let me find a chance to beat you up. You bastard, you really deserve a beating."

"How fearsome, no wonder you've been single for so many years, Little Lizhi is still the best, and she's so cute and lovely. Although she's a bit naughty, I still like her a lot." Chen Xiang came to Little Lizhi's side and shamelessly said.

"Put the Wild Lion Emperor's corpse into this thing." Lv Qilian tossed over a big square chest to Chen Xiang. It should be a storage artifact that had a lot of space inside.

Chen Xiang used his divine power to check it out, and said in shock, "There are so many Spiritual crystal, and it's so big."

"Don't just take it." Lv Qilian said.

Chen Xiang moved Wild Lion Emperor's corpse into the big box. The inside of the box was indeed very large, and could fit a hundred Wild Lion Emperor inside without any problem. One must know that the Wild Lion Emperor's body was as big as a mountain.

"Do you still have this kind of box? Where did you buy it from?" Chen Xiang returned the chest back to Lv Qilian and asked.

"Let your wife refine it. As long as you have the materials, she should be able to refine it." Lv Qilian said.

Chen Xiang said in a low voice: "You're so stingy, can't you give me one?"

Lv Qilian said in a tender voice: "You have even more things stored within that divine cauldron of yours, and you still want mine. You're truly greedy."

The one with the most severe injuries was Chen Xiang, but the one who talked the most was him.

"Sit down and take off your clothes." Lv Qilian could not bear to see him covered in wounds, so he teased them with a mischievous smile.

"What are you doing?" Chen Xiang looked shocked: "You want to help me wash my body?"

"So long-winded." Lv Qilian frowned, she reached out her hand and grabbed Chen Xiang's shirt, using her strength to pull on it, causing it to disintegrate, revealing Chen Xiang's upper body.

Chen Xiang shouted in shock, "What are you doing?"

"I'll help you heal your injuries, stop talking nonsense."

Lv Qilian's jade-like hand had already pressed on Chen Xiang's lower abdomen, channeling a warm and comfortable power into Chen Xiang's body, causing him to let out an extremely silvery egg's groan.

"Little Lizhi, come closer. I'll help you heal your injuries too." Lv Qilian smiled at her.

Little Lizhi was right beside Chen Xiang. She approached him, lifted up her clothes, and revealed her slim waist that had a bit of muscle on it.

Lv Qilian pressed his hand on Little Lizhi's abdomen, channeling a kind of strange energy into Little Lizhi's body, helping her to recuperate her injuries.

"Mistress, are you not going to heal yourself? If you help us heal our wounds, it will slow down your recovery." Little Lizhi asked softly, looking at Lv Qilian with a concerned gaze. He could tell that their relationship was extremely good, like sisters.

"It's fine, I'm recovering very quickly right now. Even if I don't heal, I'll be able to recover completely in two days or so." After Lv Qilian finished, he glanced at Chen Xiang.

Chen Xiang laughed: "This is all because of my kissing you, why don't we kiss again, maybe you will recover immediately."

Little Lizhi looked at Little Lizhi with a face full of helplessness. Little Lizhi was the same, they were not the kind of people who could casually make jokes, so they could only ignore him.

Three days later, the three of them had completely recovered from their injuries. Lv Qilian used the method in the Alive Slain Method to treat them, and the effects were so great that Chen Xiang was envious of them and wanted to obtain the Alive Slain Method even more.

"We're going back. What about you? Do you have any plans? You should come back with us." Lv Qilian asked.

Chen Xiang looked at the luminous pearl at the top of the stone room and thought for a while before saying, "I still need to stay here for a period of time. This is the Heaven Realm, it contains a lot of treasures and precious herbs."

"Then you have to be careful." Lv Qilian pinched his face tightly, her voice was filled with gentleness and gentleness.

Little Lizhi winked at him and smiled mischievously: "Don't die, if you lose a little demon like you in the Nine Heavens, you will become lifeless and lifeless."

"In order to see Little Lizhi and your Mistress, I will definitely live." Chen Xiang laughed. "You guys must be careful on the way back."

Lv Qilian and Little Lizhi had already left. They had already realized the terror of this Heaven Realm.

[Chapter 1509](#)

Chen Xiang had searched the memories of an old berserk lion and understood the Heaven Realm. Furthermore, he had traveled alone and his concealing skills were strong, so he believed that there shouldn't be much of a problem walking around here.

After Lv Qilian and Little Lizhi left, he suddenly felt a little lonely.

"This thing is called Holy stone, the holy energy inside is really dense." Chen Xiang took out a piece of silver white stone the size of a brick.

They were only a few dozen. According to the old mad lion's memories, these Holy stone were very precious, they were usually used to reward wild lions with meritorious services. Even if the Wild Lion Princess or the Wild Lion Emperor wanted them, they wouldn't be easily rewarded.

"There's very pure holy energy inside. According to the Old Ferocious Lion's memories, this place is only the outermost area of the Realm of Flame Heaven. Holy stone are very rare outside, but there are a lot more inside."

Chen Xiang gently caressed the Holy stone, he used his Spirit Qi to absorb a bit of the Holy Spirit Qi inside, then took a deep breath: "This thing can help me quickly raise my cultivation, looks like I can reach the intermediate stage Immortal King here."

He stayed in this secret room for more than ten days and gathered a large amount of Drunk god powder s before he began to walk deeper. Although this was the weakest place outside, there were many groups of beasts here. The kings of the beasts were holy beasts, and although these holy beasts were not as strong as the white tiger, they were extremely strong for Chen Xiang.

He understood that the beasts here were very hostile towards humans. This was because the strongest region in the Realm of Flame Heaven was ruled by humans.

However, Chen Xiang suspected that the humans here did not really like people from the Ninth Heaven. The humans here must be very strong, they only recognized strong people, and if the humans from the Ninth Heaven were weak in their eyes, they would only be looked down upon.

Chen Xiang became a bird and carefully flew in the air. This kind of small animal would usually not be attacked, unless one was very unlucky and met with some bored and despicable person.

He flew for a few days, traversing a very large river along the way. It took him half a day to get there. The river was very fast that day, so it was a sight to behold from high above. Occasionally, he would see some huge beasts leap out of the river, causing waves.

Along the way, most of the beasts he met were huge beasts. After he crossed that large river, many beasts were smaller in size, just a little bigger than normal beasts. Not to mention the mountainous beasts from before, even some immortal beast s from the Ninth Heaven were much bigger than those beasts.

"Strange, there is such a huge difference between the two sides of this river. The group of blue tigers below feel even smaller than the wild beasts I killed when I was young." As Chen Xiang flew in the air, he saw a group of blue colored ferocious tigers on the ground, running wildly through the sparse forest.

The trees in this forest could be considered relatively large, but they were separated by a great distance, so from high up in the sky, they could see the gaps between the trees.

"This group of tigers is chasing a person." Long Xueyi said.

"I saw it. This guy's speed is so fast. I have to say, although that group of tigers is small, their speed and strength are very strong." Chen Xiang saw an elder wearing a black robe fleeing in a sorry state.

"This old man's running posture is a bit familiar." Chen Xiang was suddenly shocked, "Could it be my master?"

Chen Xiang increased his speed and could only barely catch up. If he had slowed down a little, he would have lost a long time ago, "This crazy old man runs really fast, it must be him. Didn't he come in with Big Senior?"

"It's a bit strange. Did you notice it?" Long Xueyi asked.

"Yes, there are no energy fluctuations. They are all using the power of the fleshly body." Chen Xiang frowned: "What's going on?"

Chen Xiang dove down. When he was very close to the ground, he suddenly seemed to have entered a barrier.

He immediately turned back into his human form and struck out with his fist, releasing a large amount of Saint Force. However, the moment the Saint Force left his body, it immediately dissipated.

"As I thought, any energy that is used here will be absorbed. This might be the true form of the Realm of Flame Heaven. The absorbed energy might converge somewhere." Long Xueyi said.

Chen Xiang landed on the ground and took in a deep breath, "I didn't expect Master to be so amazing. Even if you don't use the energy in your body, you can still run so fast.

Chen Xiang started running wildly on the ground. Although he could not use his energy, he could use his divine power, so he was not too worried about the problem of him running for his life.

With the help of the Shrinking step, Chen Xiang ran very quickly and quickly caught up to the group of blue tigers. The moment the tigers noticed him, they immediately turned around and pounced over, but they were all avoided by him.

"Brat." When Huang Jintian saw Chen Xiang, he shouted in pleasant surprise, "I knew you would come to this place, hehe."

"What are you laughing at, come and help us, these beasts are too annoying." Chen Xiang punched out with both of his fists, hitting the tiger that was pouncing towards him.

However, those tigers were all very strong, even after receiving his heavy punch, they only roared a few times, stood up and pounced towards him once again.

Seeing Chen Xiang take out the Green dragon demon-slain broadsword, Huang Jintian immediately shouted, "Don't kill them, otherwise we will be in deep trouble."

"Why?" Chen Xiang only used the back of his blade to hit them, but did not kill them, but the pain made the tigers howl out.

"These are just a group of small tigers. The Blue Tiger tribe has a Saint Beast. If one dies, then the Saint Blue Tiger will personally make a move. We just need to think of a way to get rid of them." Huang Jintian immediately explained: "We are here to make money, not to eat meat, be careful."

Chen Xiang took out the weaker Destruction Ice seal Dan, jumped into the air, and threw it towards the ground, then shouted: "Run!"

Huang Jintian could immediately tell that the ball Chen Xiang threw was powerful, he immediately ran, then felt a burst of cold Qi approaching him from behind. He turned his head to look, and saw a large patch of ice land behind him.

"Those tigers won't die. They can leave once the ice melts." Chen Xiang said as he followed Huang Jintian and ran off.

"Where's eldest senior brother? Aren't you with them?" Chen Xiang asked.

"They went back. Although the strength of the couple is pretty good, it's not enough for them to stay here. Even the old ghost of Divine Sword Palace was almost killed. Huang Jintian sighed: "It seems that the only ones who dare to go deep in here are the two of us."

Chen Xiang asked in shock: "You guys also encountered a strong herd of beasts."

"Don't mention it. We've met a bunch of bird people who can go up to the heavens and dig holes in the earth. We're so unlucky. Just a single encounter and we've already suffered so many casualties." Huang Jintian sighed.

### [Chapter 1510](#)

Just as Chen Xiang understood, there were many strong beast herds in the Heaven Realm. There were large numbers of them both inside and outside, and the deepest area was controlled by a group of strong humans and beasts.

It's a good thing that we met Ice Dragon Race, they are really the most reliable. We used a strong frost power to freeze those Avians and then escaped together, Ice Dragon Race is stronger, although there were a few serious injuries, but none of them died. Huang Jintian said again.

"What about the casualties among the other forces?" Chen Xiang asked. He was very curious about the situation with the Fire Divine Palace and the other big powers.

"I don't know. If we meet a herd of beasts or a Holy Beast, they will most likely be wiped out. I heard that the Hundreds of Flowers Palace's army was annihilated, and all of them died. Only the father and daughter of the Phoenix King can survive."

Chen Xiang guessed that Huang Jintian had met Imperial Feather Race, otherwise he would not have known about it so clearly.

"Master, then how did you survive?" Chen Xiang asked.

"Do I look like the kind of person who would be killed so easily?" Huang Jintian looked at him in annoyance, "If you can survive, then I can as well. You didn't come here without a hitch did you?"

"Nope, I met a Saint Beast. Because it was strong, I took some time to kill it." Chen Xiang said lightly.

Huang Jintian slapped his head hard. "Don't brag about it, this isn't something you can brag about easily. Don't take me for an idiot."

"Hmph, I'll take out the evidence. Do you want to call me grandpa or not?" Chen Xiang snorted.

"Nope." Huang Jintian was shocked: "Alright, I believe you, show me the evidence."

The two of them stopped in their tracks as Chen Xiang took out a sealed beast core and laughed, "This is a beast core from a Holy Beast."

Then, he took out another piece of sacred armor. This was the piece of the Wild Lion Emperor's armor, and it was the size of a blanket.

Huang Jintian used a dagger to stab it. He frowned: "This quality is indeed Holy Beast. But this Holy Beast seems to be very young."

"Yes, it's a small Saint Beast. I killed it." Chen Xiang kept the piece of Holy Armor.

"Hey, that Saint Beast should be huge. It's as big as a plate of armor. You must have a lot more bones and flesh. Don't you want to show me some respect?" Huang Jintian reprimanded: "You don't know how to respect your teacher at all."

"I used Drunk god magical poison, so I can't take any flesh." Chen Xiang laughed: "Master, since you are so powerful, you will definitely be able to hunt Holy Beasts yourself."

"Bastard." Huang Jintian cursed in a low voice: "Give me ten pieces, and a bone."

"Fine." Chen Xiang placed it inside a Storage bag and gave it to him.

Huang Jintian laughed and patted his head: "Since you have the Drunk god powder, then we should use this as an opportunity to kill some Demonic Beasts. If we, the master and disciple combined, we will definitely be able to kill one or two of them.

Chen Xiang said: "If there's a good opportunity, I would naturally want to take action, but to be honest, Master, what are you here for?"

Huang Jintian took out a silver white rock and said seriously: "I caught a half-dead Beastman and got this from him. Then, he told me that there are a lot of these things here.

"I know, this is the Holy stone, I also came for this." Chen Xiang also took out a piece, it was as big as a brick, but Huang Jintian's piece was only a little,

"There's no justice, how did you make it so big? Do you know that your Holy stone can be exchanged for a gigantic mountain of Spiritual crystal." Huang Jintian looked at the Holy stone in Chen Xiang's hands passionately: "These things are what the Immortal-becoming realm needs the most. With this, it can be raised even faster."

"Then we'll look for these Holy stone. We'll split the profits 50/50." Chen Xiang said.

"No problem."

Chen Xiang and Huang Jintian clapped their hands and laughed, "Go and get rich."

The two of them continued on their journey. They had no destination, so they decided to head to some big mountains and rocky areas. In those places, it would be easier to find the Holy stone's mines.

"Master, I used the Soul Absorbing Devil Spell to search the memories of a holy beast and found out that there was a group of extremely powerful humans and beasts in the Heaven Realm." Chen Xiang continued: "You won't tell others the secret that I possess the Soul Absorbing Devil Spell, right?"

Huang Jintian said: "You little demon, when did I reveal your secret?"

"If there really is a group of extremely powerful humans in the depths of this Heavenly Region, then that group of humans is very likely to be related to the matter of the Ten Heavens Supreme Lord.

It had always been a secret but Chen Xiang had already heard from many big shots that this was a power from another higher realm.

"Will these guys move out again and head for the ninth day? With how powerful they are here, there shouldn't be any problem for them to rule the ninth day with their strength." Chen Xiang said.

There are Holy stone everywhere, it's enough for them to rule here. But if they are too strong, threatening their rule here, then they will have to intervene, do you see, now that group of experts from the ninth heaven have arrived at this place, they are as weak as a group of lambs, with just a few steps they have already been exterminated.

Huang Jintian sneered: "If it was that group of people from back then or during the Nine Emperors and Five Venerables's complete victory period, then we might really be able to take down this place and fight over the rich cultivation resources here."

Chen Xiang said: "It seems that we should keep a low profile, in case we get killed."

Huang Jintian nodded. "Mn, I don't know if it's possible to go deeper in to take a look, it should be the place with the most treasures."

Although there was a limit to the energy inside, there was no spiritual energy inside. Both Huang Jintian and Long Xueyi suddenly felt a large group of things approaching from all directions.

They were still in the forest, and being surrounded like this showed that they had stepped into the territory of a horde of beasts.

"Let's get rid of them before we lure the sacred beasts out." Huang Jintian looked at Chen Xiang: "Do you still have that kind of thing?"

"And, but not much." Chen Xiang took out a destructive Ice seal Dan. "If we do this, we might lure out a sacred beast. This is their territory."

"Let's run first. If we can't, we'll throw them away." Huang Jintian continued to run.

Not long after, a large group of grey wolves suddenly ran over. Although they looked no different from ordinary wolves, Chen Xiang felt that they were the strongest wolf he had ever encountered.

Seeing that wolves were blocking their path in front, Chen Xiang and Huang Jintian immediately flew over. At this time, a few grey wolves that were slightly larger than them pounced over like lightning, with just the strength of their bodies, they were already so terrifying, causing Chen Xiang and Huang Jintian to be shocked.
