

Dan God 1511

[Chapter 1511](#)

and Huang Jintian's reactions were very fast. They kicked away the two wolves, jumped over the pack of wolves, and continued to run madly in the forest.

"These wolves are not easy to deal with. Quickly throw out those ice balls and you will be caught." Huang Jintian had thought that killing a few would give him a taste of wolf meat and more so made him want to kill one or two Holy Beasts.

However, this group of wolves were much stronger than the previous group of Blue Tigers. Under the situation where they were unable to use the Innate Qi in their bodies, it was difficult for them to do so.

Chen Xiang took out a small Ice seal Dan and shouted, "Jump high."

He threw the Annihilation Ice seal Dan behind him, then jumped into the air with Huang Jintian while the group of grey wolves below were already sealed by ice.

Chen Xiang and Huang Jintian had gotten rid of the pack of wolves, but they did not relax because of this, because they did not know how many more of these beasts existed in the forest.

"This Heavenly Realm is truly strange. After crossing this river, there is a world of difference. Especially for those beasts, they cannot use elemental energy, but their bodies are extremely terrifying. I wonder just how strong these Saint Beasts are." Huang Jintian said: "If it's a Holy Beast, it should also rely on the power of the fleshly body."

"If my flesh body had that kind of power, my Drunk god magical poison would be useless. That guy is too scary, it's best not to meet him." When Chen Xiang thought about those beasts that could rely on their bodies to obtain the power of the Holy level, he could not help but feel chills down his spine.

Huang Jintian ran frantically while looking at the sky, "I don't know if the strange barrier here thinks that we can only rely on the power of the fleshly body to seal the elemental energy, but this is our weakness."

"Master, are you afraid?" Chen Xiang laughed.

"I'm not afraid. I know that your physical body is very strong, but don't be too complacent. I'm not weak either." Huang Jintian snorted.

Chen Xiang and Huang Jintian became very careful and observed their surroundings carefully along the way. Whenever they saw any traces of beasts, they would analyze it and then go around it.

After a few days, they finally passed through this vast forest and arrived at a large mountain range.

"Does this look like a place with Holy stone?"

Chen Xiang looked carefully at the desolate mountains around him. On top of them were weathered giant rocks, this mountain range that spanned several kilometers was devoid of any life, it looked lifeless and lifeless.

"Even if there is, it would be hard to find. It seems that you need a bit more time. Do you have any special methods to find these heavenly treasures?" Huang Jintian asked. Looking at the boundless mountain and sea, he felt his head hurt.

Chen Xiang shook his head: "No, I thought you did. Don't you have some Heaven extended method, can you calculate it with that?"

"If I could, I'd be rich." Huang Jintian sighed: "Are we just going to look around blindly?"

"So now you're rich." Chen Xiang looked at him with contempt. "Master, don't tell me you don't have some skills in this aspect."

"I'm not going to waste words with you, let's go in and look." Huang Jintian immediately entered the mountains. The sky was dark and night was approaching quickly.

Chen Xiang had no other choice, but he had a direction, and said: "Master, if there really is a Holy stone here, there should be a herd of beasts there."

"That's right, although it's impossible to use attribute energy, absorbing the holy energy from the Holy stone can strengthen our bodies, especially for those holy beasts, so we have to go find the beasts." Huang Jintian nodded his head: "It's just that it's going to be very dangerous. If there were a few Holy Beasts, we might just die."

"If you're afraid of death, then hurry back." Chen Xiang laughed, he was not worried at all, he did not believe that Huang Jintian would be that weak. He dared to barge in alone, he must definitely have something to rely on, furthermore, his strength had always been a mystery in Chen Xiang's eyes.

Entering deep into the mountains, it was already night.

In the Heaven Realm, there were also the sun, moon and stars. Chen Xiang thought that this Heaven Realm wouldn't be able to break free from the Stellar Transposition of Heaven and Earth.

The stars in the sky were exceptionally bright, as if they were very close to those stars. Some of the stars even looked very big, like pearls hanging in the sky. The countless beautiful stars in the sky dazzled everyone's eyes.

Chen Xiang and Huang Jintian strolled aimlessly in the deep mountains, looking for the traces of beasts at the same time.

The sky was bright, and Huang Jintian had discovered something right after dawn. He had found the traces left behind by a few beasts, and they were all on the flat ground beneath a mountain.

"Look at these footprints, they look like sheep's footprints. They're not big, could they be goats?" Chen Xiang said.

"It should be right, and there are only a few of them. It looks like they are out on patrol. Let's follow these footprints and see if we can find the lair of that herd of beasts." Huang Jintian was excited as he followed the footprints.

"Goat Beast..." "I wonder if it's powerful or not." Chen Xiang muttered a few words, then followed along.

Huang Jintian was walking in front and didn't stop until noon because there were suddenly no more footprints.

"What's going on, could it be that these guys can't fly?" Huang Jintian carefully looked around, but he couldn't find any traces at all.

"Maybe he was captured by the birds in the sky." Chen Xiang picked up a feather. This black feather was very long and very stiff, it should be a type of huge and powerful bird.

"Flying in the air is also very dangerous." Huang Jintian received the feather and sighed.

Just as they were about to cut off the clues, they suddenly heard a faint cry coming from afar.

"Those smelly birds should be over there. Let's go take a look." Huang Jintian immediately became spirited and quickly ran over.

After that roar, there was another roar.

"Aha, that's great. It should be two powerful Saint Beasts fighting. Let's go watch." Huang Jintian laughed happily.

Huang Jintian ran in front excitedly, he told Long Xueyi to pay attention to his surroundings so that he could follow carefully behind Huang Jintian.

When they got closer, the commotion became even more intense, as if the heavens were collapsing and the earth was cracking. The mountains shook and trembled, and boulders tumbled down.

Huang Jintian and Chen Xiang were at the top of a tall mountain, looking at the battle that was stirred up by the dust. They did not see what was happening inside, but they had already determined that it was a battle between two Holy Beasts, otherwise, there would not be such a large commotion.

"One should be a bird. The other doesn't look like a goat." Just as Huang Jintian finished speaking, a big fellow whose entire body was covered in blood ran out frantically. Behind him followed a youth who was only wearing shorts.

The big man ran very quickly and with a swoosh, he passed through several large mountains. The young man could also follow closely behind and with a leap, he threw the big man onto the ground. He sat on the big man's back and swung his fists at the big man's head.

"This is a fight between Saint Beasts. It looks just like a fight between thugs." Huang Jintian frowned.

[Chapter 1512](#)

Without a doubt, these two were Saint Beasts. Their bodies were extremely strong and their strength was terrifying as well. Every time the youth punched out, the force emitted from his fists would shake the earth.

"Why are these guys so primitive? They don't even have proper clothes and aren't even as fashionable as those holy beasts outside." Chen Xiang said. The Wild Lion Emperor and his children that he had met all dressed quite well, but the two Holy Beasts in front of them, were like barbarians.

"I understand. These holy beasts were originally like this. They have yet to integrate into the human society. Perhaps the deepest region of the Heavenly Realm is the civilized society, and this is only the wilderness. They are even restricted by a powerful barrier." Huang Jintian said.

"In other words, this place is the wilderness of our human world, specially used for hunting." Chen Xiang took a deep breath.

"That's right, these Saint Beasts should be rather precious prey." Huang Jintian nodded his head: "Seems like the youth is more powerful than the big size man."

Chen Xiang nodded his head. The big sized man had escaped after being beaten, but he was still chased by the young man. Now that he was beaten badly, he was completely restrained by the young man.

"We're going to be beaten to death. If only we could go collect the corpses." Huang Jintian was ready to make his move, but he knew that he could not beat the teenager. Although he looked like a teenager, the teenager's body was like a Holy Beast.

Just like that, the big man was knocked unconscious by the youth's fists. His head was already split open, and following that, the youth ruthlessly stepped on the big man's body.

It wasn't until the burly man turned into a giant black hawk that the youth stopped. He actually didn't want the corpse, making Huang Jintian and Chen Xiang extremely happy.

Just as Chen Xiang and Huang Jintian were planning on how to get the giant hawk's corpse, the young man suddenly looked over. Although the distance between them was still more than three kilometers, the young man's murderous gaze still made Chen Xiang and Huang Jintian feel a chill on their backs.

"We've been discovered, hurry up and run." Huang Jintian secretly sighed, just as he was about to run, the young man had already jumped over.

Just as Chen Xiang and Huang Jintian turned around and took a few steps forward, their bodies were struck by a heavy palm.

"You are a human." This young man actually understood human language. Looking at Chen Xiang and Huang Jintian who were lying on the ground, he frowned: "You two are so weak."

The young man had short hair, thick eyebrows, and a handsome face. His skin was dark, and his eyes were slightly green. He looked like a cat.

"Sorry, we accidentally entered your territory. We didn't do it on purpose, we were just curious and wanted to take a look." Chen Xiang anxiously said, because the young man did not have any intention to kill.

"This is not my territory, there is no need to apologize." The youth said, "You guys are not humans from Tiandu. It's impossible for humans from Tiandu to be that weak. I was only nudging you a little just now."

Chen Xiang and Huang Jintian both stood up, feeling great shock in their hearts. That was only a light push, but in their eyes, it was a very terrifying strike.

"The sky is where the humans gather." Huang Jintian asked.

"That's right. There's a very strong Celestial Emperor there. He's a human. His strength is very strong, and the humans there are all very strong." The youth nodded. "Where did you all come from?"

This Holy Beast youth did not have any malicious intent, allowing Chen Xiang and Huang Jintian to heave a sigh of relief.

Chen Xiang explained: "We come from the ninth day, you probably haven't heard of it."

The youth said, "I've heard of the Nine Heavens Great World, right? Many years ago, it was a prosperous world. However, it declined and now it should be gradually recovering. However, it will still take a long time."

"How do you know all this?" Huang Jintian asked curiously: "You went to that Sky Capital."

"I've never been there. The only way for me to get in is to die. They will kill me and take my beast core." The youth shook his head.

This kind of strong Holy Beast, only death awaited them when they entered. and Huang Jintian did not dare believe it.

"Don't you want to go and take a look? Or perhaps kill one or two of the experts inside?" Chen Xiang asked.

"I think, but not now." The youth sighed. "Every once in a while, they would send some people to hunt us down. I've caught a few, and I've heard many things from them."

The teenager asked: "Why did you come here? You guys also want to go to Tiandu. I heard that the heavens reject the humans of Nine Heaven World, and they even intend to rule over them."

"It's not that easy, Nine Heaven World is not weak as well. Are there no beasts in there?" Chen Xiang asked.

"There used to be, but now there's none. All the beasts have been killed." The teenager said,

Huang Jintian said: "We are here to find this thing, it can help us quickly increase our strength, and it might be useful to you guys."

"This is a Holy stone. There are indeed some here, but most of them are controlled by the humans in Sky Capital. It's not easy for you to think of obtaining them." The youth shook his head. "Even if it's us, it would be difficult to snatch it away from us. The only result is death."

Chen Xiang and Huang Jintian were both very surprised. The humans in this place were just too strong, this kind of Holy Beast was actually afraid of them to death.

"What's your name, little brother?" Huang Jintian asked.

"Cat." The youth said, "I'm just a wild cat. Because my luck is good, I was able to grow to this state."

Although the other party was a Holy Beast, it was not a very fierce one. This made Chen Xiang and Huang Jintian feel a lot more at ease.

Chen Xiang took out a Sacred animal fruit and handed it over to Mao'er. "This is for you, consider this as a little gift."

Just as Chen Xiang had guessed, this cat liked it a lot. After receiving it, it smelled it and took a bite.

"Cat, is there any use for that big bird? If it's useless, then sell it to me. I will use the fruit from before to exchange for it." Chen Xiang pointed to the big black hawk in the distance and asked.

"You guys take it. It's useless for me to come. I don't like meat." And the cat said,

Previously, Lv Qilian had given Chen Xiang quite a bit of the spirit liquid that she had condensed. Chen Xiang used a bottle of over ten Sacred animal fruit s to give it to Mao'er, and then placed the big black hawk into the divine cauldron.

The cat was very happy to have gotten a dozen or so Sacred animal fruit, and it immediately ate them all.

"Cat, your strength should be pretty good. Otherwise, you won't be able to kill that big black hawk. Do you have a grudge with that big black hawk?" Chen Xiang asked.

"That big black hawk worked hard for the human race in Tiandu, hunting down mild beasts that were well-cooked. After that, I was targeted. He attacked me, so I fought with him." As the cat spoke, he led Chen Xiang towards that distant green mountain.

[Chapter 1513](#)

Chen Xiang had a rough understanding of the Heavenly Realm. On that day, all of them were human beings and they were very strong, often hunting the strong beasts here. Even the Holy Beasts were very afraid of those humans.

They followed the cat into the lush green mountain forest and entered a cave. The cat lived there, and in order to rope in the powerful cat, Chen Xiang had spent all his capital and would give him some Sacred animal fruit s from time to time.

His Sacred animal fruit s were too low leveled, but cats liked to eat them. Only high leveled Sacred animal fruit s were useful to cats.

"This is where I live. I'm considered half a vegetarian beast. Since I can't find a vegetarian food to satisfy my hunger, I also eat meat." Mao'er was extremely grateful that Chen Xiang had given him Sacred animal fruit s to eat, so he treated Chen Xiang and Huang Jintian very well.

Huang Jintian said: "Little Brother Cat, is that Holy stone useful to you?"

Mao'er immediately replied: "It's useful. If I can obtain a large number of Holy stone, I can become stronger."

"You've lived here for so long, you should know that there are these kinds of Holy stone. Can you bring us there as long as you take us there?" Chen Xiang said.

Mao'er frowned. "That is the territory of the Heaven Man. They controlled many powerful Saint Beasts. The ones protecting that place are all very strong. You guys are courting death. You guys can't even beat me."

Chen Xiang laughed: "You don't have to worry about that, we are not going to fight, we are just going to secretly grab a bit of it and leave. If we can get it, we will give you one of it."

Mao'er thought about it, he felt that both Chen Xiang and Huang Jintian were not simple. Even though they were very weak, they were able to come to this place from the ninth day, and the humans in Sky City, if they were weak, would not even dare to leave Sky Capital.

"Okay, but I want to go with you. I don't want you to die, maybe I can help you when the time comes." The cat thought for a moment and said,

Chen Xiang had already decided that he would go and face some terrifying Rankers and Holy Beasts. He had to make sufficient preparations and let Mao'er create a secret room for him in order to refine even more Drunk god powder.

Ten days later, they set out,

"Cat, are there goats?" Huang Jintian suddenly thought of the goat footprints he had been following before.

"Yes, but it's very weak, but it was very strong in groups. If these goats were alone, they would basically become food, I heard that most of the goats were captured by the gods, they should be used to dig Holy stone." The cat said, "The beasts here call the people of the heavens the humans of the heavens."

The humans here were simply too powerful. If they wanted to steal the Holy stone, they had to first observe them, and if they did not have absolute confidence, they would not throw their lives away.

A clear and melodious cry suddenly sounded in the air. They had travelled for more than ten days and were finally about to arrive.

"Black Hawks with Saint Claw, their claws are very powerful. Right now, they're patrolling the area, so if they accidentally hide and get discovered, they'll immediately attack. Many Saint Beasts get attacked when they get near this place." The cat brought Chen Xiang and the others and quickly entered a big tree.

This large forest was filled with many trees, but in front of them, there was a piece of bare land. Dozens of gigantic mountains were covered with dug marks, and the trees on top were all destroyed.

"There's no formation." Chen Xiang said in a low voice.

"It's very troublesome to set up the formation, so they let some of the eagles patrol. They have plenty of these eagles themselves, so they can also catch some of them." Cat replied, "Saint Beasts are just too ordinary here. Only the Saint Beast Emperor can contend against the humans in Tiandu, but it's very rare. Even if they are used, they won't become enemies with the gods."

"Are there any dragons here?" Chen Xiang asked, asking this question on behalf of Long Xueyi,

"There are, very few. I've never seen them, but I've heard of them before. They don't appear once every ten thousand years, but they are very powerful. They should be our Beast King." Cat looked at the black hawk in the sky and said in a low voice, "The black hawk has left. Let's continue."

Seeing how familiar the cat was with this place, Chen Xiang suspected that he had been here before, and not only that, he had come quite a few times.

When they were near the Holy stone mine, Mao'er brought Chen Xiang and into a deep crevice. There was a cave inside, and within the cave, there were a few vines that could go all the way to the top of the mountain.

"I once wanted to steal a Holy stone, but I didn't do it in the end because I've been here for more than ten years and have seen too many Saint Beasts being killed." And the cat said,

They climbed along the vines and arrived at a stone room near the summit. There were a few holes here where they could observe the Holy stone's mining area.

"Why don't we dig a tunnel in from the bottom? There's no formation here." Chen Xiang said. At this time, he had a panoramic view of the Holy stone mine area, and there were actually some exquisite houses built inside. He did not see anyone, but he did see many goats jumping around in the barren hills inside.

If you are discovered, you will definitely die. You may not have seen the power of those fellows, but after staying here for a few years, you will definitely be able to see how they kill Saint Beasts. "Jian Chen smiled." And the cat said,

Chen Xiang told Long Xueyi to be more careful in order to not get discovered. Long Xueyi had also made quite a bit of progress, and wouldn't be like the last time when he was discovered by Lv Qilian.

Through the caves in the stone room, Chen Xiang and Huang Jintian overlooked the Holy stone mine area. They had to first observe and then prepare their plan of action.

"There are ten of them, and I've already killed one of them. As for Heaven Man, I don't know. They are hiding inside, and it's hard to guard against them." The cat whispered, "They mainly use some low level beasts to dig up and find those Holy stone s. They are very lazy themselves."

Chen Xiang asked: "If you were besieged by nine black eagles, how long would you be able to hold them off for?"

The cat thought for a moment. "I'm not sure, but it's fine if I don't die. Maybe I can kill a few of them. The Black Hawks aren't a threat, mainly because of the people inside."

Long Xueyi had not investigated them thoroughly yet, and he did not know how many of those powerful Heaven Realm beings were inside.

After a few hours, Long Xueyi finally came to a conclusion. It could be seen that she was extremely careful.

"There are a total of six of them, but they are all very strong. These guys are all people that have surpassed the Nine Emperors and Five Venerables, and with their powerful Saint Armors, they are probably even stronger. No wonder these little Saint Beasts are so afraid of them." Long Xueyi was also

very surprised. "It seems that a lot of the experts in Nine Heaven World are probably in these Heaven Regions."

[Chapter 1514](#)

The powerful humans of Tiandu caused a Holy Beast like Cat to tremble in fear, so Chen Xiang had to be cautious. Otherwise, he would be in great danger.

"We don't even know how many humans there are in the sky, and they are all very cunning. Some of them are even hidden, making it difficult to find them." Mao'er said seriously, "There were a few holy beasts that joined hands to attack this place, but they have broken through the defense, repelled a few men, and exterminated the enslaved holy beasts. Just as they were about to start digging for the Holy stone, a dozen of them suddenly appeared and took them out."

Huang Jintian said: "As long as you know how many Heaven Realm people are inside, then everything will be fine."

Seeing him say that, Chen Xiang asked: "Do you have any ideas?"

Long Xueyi had yet to investigate the situation inside clearly, he felt that if the Heaven Realm people were to hide, Long Xueyi would definitely not be able to do so. If he spoke like a cat and asked more than ten of them suddenly, all three of them might not be able to survive.

"Of course, but it will take some time." Huang Jintian chuckled: "In the past, there were a few people who chased after you and used some ancient methods to calculate your position. I also know this method, the only difference now is, I want to calculate how many people are inside."

"That counts. Previously, I told you to go and calculate where the Holy stone was, but didn't you say that you couldn't calculate it?"

Huang Jintian patted his head: "That's a Holy stone, and there's not a single direction to go. Now I know a range, and use the Heaven extended method to calculate how many creatures there are, to calculate how long those guys can live, so this is relatively easier. You guys wait here, I need some time."

came over to his side and asked: "Mao'er, do you want to leave this place and take a look at Nine Heaven World?"

"I don't want to. That place isn't suitable for me." Cat shook his head, "My goal is to enter Tiandu. There is a deep ground at the center that is very suitable for increasing my strength. That place originally belonged to the beasts like us."

Chen Xiang asked: "The humans here are all outsiders, or are all native to this place."

The cat was silent for a moment, as if thinking,

"I'm not sure. In short, a long time ago, humans and beasts were allowed to cultivate in that sacred land. But then, for some unknown reason, they were chased away and a great war broke out. Many Saint Beast Emperors were either seriously injured or killed."

Chen Xiang suddenly felt that this might be related to the changes in the Ten Heavens Supreme Lord during that era. He continued to ask, "Can you tell me the specifics?"

"I don't know. Those are just legends. In the Qing-Yun Realm, only those beasts with inherited memories know about it."

Chen Xiang, who was sitting on the ground, suddenly shouted. Chen Xiang and Mao'er immediately looked over and saw that Huang Jintian's body was actually covered with a red glow, looking extremely evil.

The Heaven extended method was also a Divine Arts, and only existed in legends. There was a big drawback to using the Heaven extended method, and that was that his lifespan would be shortened, but Huang Jintian was from Undead Race and had an unlimited lifespan. Thus, he could use the Heaven extended method to pry into the secrets of heaven without restraint.

Chen Xiang and Mao'er both looked at Huang Jintian with wide eyes. Huang Jintian gave a low shout, and a blood-red fog suddenly appeared above his head. It started to spin slowly, forming a red eight trigram diagram with specks of starlight on it.

"This is the Heaven extended method?" Chen Xiang muttered.

"That's right. Look at his master crazily losing his lifespan. After absorbing his lifespan, the Yin Yang Birds above his head are gradually becoming stronger." Long Xueyi said.

Cat took a deep breath. "Is he committing suicide? His life force is being drained from him."

The scarlet and evil array formation above Huang Jintian's head slowly rotated, and in the middle of the array was a relatively large red bead. Just as Chen Xiang and Mao'er were still in shock, the red ball suddenly broke open, turning into a blood-red eye.

When the eye opened, a red light shot out. Huang Jintian immediately raised his head, his eyes also shooting out a red light which connected with the red light of the array eye.

was extremely worried, but this situation continued for a few more hours and Huang Jintian was still fine. He felt a lot more at ease.

Huang Jintian also had a lot of methods, but Chen Xiang felt that he still wasn't very familiar with his own master. For example, Huang Jintian was from the Devil-killing Summit, was also very strong, knew a lot of secrets, and no matter how he looked at it, he didn't seem like a simple person.

After an entire day and night had passed, Chen Xiang and Mao'er were both staring at Huang Jintian. The blood red Heaven's Divination formation suddenly exploded, turning into a red fog that dissipated. Huang Jintian laid on the ground with his eyes wide open, looking somewhat sinister.

"Master, did you figure something out?" Chen Xiang asked.

There are a total of fifteen people. Eight of them are hidden in secret rooms to train, and the other seven are in some of the buildings on the outside. After Huang Jintian finished speaking, he let out a long breath, closed his eyes, and started snoring.

Long Xueyi withdrew the divine soul he released and said: "I found three people, I never thought that there would be so many people hiding inside, I wonder what kind of position this kind of person has in the capital now."

"Cat, is the man of heaven that came to guard this place high up in the sky?" Chen Xiang was also very curious about this. If its status was very low, but it had such a strong power, then it meant that the humans inside the Sky Capital were just too strong.

Mao'er said: "Look at the heavenly beings guarding the Holy stone mine, most of them are of very high status, because they are equivalent to having the power to cover the sky with one hand, even if they were to take a large amount of Holy stone, no one would know about it."

Chen Xiang felt that it was true as well. After all, this was a fat job, and if one had status and strength, they would definitely use all means possible to fight for it, then bring a group of trusted aides and the like.

"It would be great if we could find the one that's strong. It seems like it's very difficult to get Holy stone from this mining site." Chen Xiang frowned, he looked at the place where they were dug up which was now filled with holes, and was extremely unwilling.

Huang Jintian could have slept for four hours, he took out a piece of paper and described the mining grounds. Then, he marked the locations of the hidden spots of the Heaven Realm people, and they were actually hiding in the mountains.

"They should be cultivating behind closed doors. They have a large number of Holy stone and will definitely make good use of them. They only have a limited amount of time to look after the mines." Huang Jintian said, "The places where these eight people have cultivated in seclusion are all inside the caves, so there aren't any formations or anything of the sort. We will first take care of them, then deal with the seven outside."

Huang Jintian looked at Chen Xiang, because only Chen Xiang's Drunk god magical poison could do this, but there was still a huge risk.

[Chapter 1515](#)

Cat looked at the area where the Sky people were, shaking his head and said, "Let's go. We have no chance of winning at all. Once we alert one of them, the other Sky people will know. We won't be able to survive if they join forces with just two or three of us."

"Don't worry, without absolute confidence, we won't send you to your death. If you want to go, we'll go too." Huang Jintian said: "We plan to kill them one by one."

Chen Xiang nodded his head, "Those eight who have hidden themselves for closed-door training should not appear all year round and only appear in times of danger. This is a good thing for us."

Huang Jintian laughed: "You really plan to take action, do you need my help?"

Chen Xiang shook his head: "No need, I am fine by myself, I need a large number of Drunk god flower, so I will need you to use this time to observe the movements of the Sky Realm people."

In order to obtain a large amount of Holy stone, Chen Xiang was willing to give it his all. Furthermore, he wasn't going to throw his life away, even if he was discovered, he could still escape.

Mao'er did not know about Chen Xiang and Huang Jintian's plans, but he was not too concerned about it.

Chen Xiang was refining his Drunk god powder at a place far away from Huang Jintian and the cat, because this time, the target of the poison was those Sky people. Chen Xiang did not know the power of those Sky people, so he could only deduce it from the cat's description.

In order to have enough Drunk god powder, Chen Xiang spent three months to prepare it. Huang Jintian and Mao'er were not in a hurry either, and they also needed to investigate the movements of the Sky Men guarding outside.

Seeing that Chen Xiang had come out, Huang Jintian did not waste any words, and directly said: "We have almost finished our investigations. Of the eight people that went into closed-door training, these three have not moved, and the other seven, are respectively guarding at seven different locations with some distance between them. If we were to quietly remove one of them, it should not attract the attention of the others;"

"If you're going to get it, you have to be very careful." Huang Jintian said.

"I understand. If I make a move and something happens to me, all of you should leave immediately. Don't think about saving me or worry too much about me. I have a way to protect myself." Chen Xiang seriously warned Huang Jintian and Mao'er.

Huang Jintian and Mao'er both nodded their heads.

"Don't just agree, you must catch them. Otherwise, you will all die. Do not doubt my ability to escape." Chen Xiang said. He was more worried that Huang Jintian would go and save him if something happened to him.

Afterwards, Huang Jintian told Chen Xiang in detail about the movements of the seven people guarding outside. One of them should be the leader, because that person did not need to walk around, but would occasionally come out to take a look. Furthermore, their position was pretty good.

Chen Xiang thought about it again in his mind. After confirming the locations of those heavenly people, he started to move, turning into a bird and entered the mining area at night.

These few days, Long Xueyi had also observed that in the Holy stone mine, she had discovered some small animals or something of the sort. Therefore, when Chen Xiang became those small animals, he would not be discovered.

According to Huang Jintian's description, those people were very lazy, they only came out once in a while to collect the Holy stone s. Other than that, they did not pay much attention to the matters outside, and handed over the matters of guarding the mines to the Sacred Claw Eagles.

The people that harvested the Holy stone were all a group of beasts that had yet to take form. They were all enslaved by those heavenly people, and all of them were very obedient. Those that were disobedient had already died.

Borrowing the starlight from the night sky, he could see that there was a very large ravine between two mountain peaks, and below it, there were many beasts. All of them were digging around the mud people, and when Chen Xiang found the Holy stone, they would be caught on both sides of the ravine. With just a glance, Chen Xiang could see that there were over ten bigger ones, but he did not take them because it was very easy to find them.

"Seems like Holy stone are very rare. After digging for an entire day, there are only about 10 or so of them." Long Xueyi said: "These Holy stone should be very important to those heavenly people."

Chen Xiang was crawling towards the closest man, who was inside a cave in the middle of a mountain.

When he was near the cave, he became a small flying insect. It was the most common flying insect here. This way, it would not arouse any suspicion and he would fly into the cave.

The cave was rather simple and crude, but it was very quiet inside. Absorbing Holy Spirit Qi here was also not bad, because this was the heart of a mountain. The mountain could cultivate and absorb Holy Spirit Qi, so this was the best location.

Thinking about this, Chen Xiang remembered that the Mountain Spirit in the Chaotic Mountain was a very magical spirit body.

Chen Xiang entered the depths of the cave and saw the so called Heaven Man, it was a middle-aged man, his body was covered in dust, as though he was sleeping, he was breathing evenly, and around him, there were tens of dark colored Holy stone s, he was absorbing the energy from the Holy stone.

"He must have been sitting here for many years, not moving at all." Chen Xiang exclaimed in his heart. This person's current cultivation state was the best, even Chen Xiang was a little envious.

These past few days, they had been extremely confident. They firmly believed that no one would come and disturb them, which was why they were so at ease in their cultivation here.

Chen Xiang did not have a good impression of the people in the past few days. He felt that the people here had always suppressed the Nine Heaven World, preventing it from growing up and threatening their situation.

In order for her to absorb a large amount of Drunk god magical poison in one go, Chen Xiang compressed a large amount of Drunk god powder into rice sized pills. At this time, he took out two and placed them into her mouth and nose, and she took a deep breath and swallowed them. Then, he opened his eyes.

A large number of Drunk god powder were compressed to the size of a grain of rice, it was an extremely refined Drunk god magical poison, and its poison was extremely terrifying.

In order to prevent the heavens from using divine sense to send out messages, he immediately appeared. He took out the divine cauldron and placed the heavens inside.

The Divine Cauldron itself was a very good seal, whoever was sealed inside it could not communicate with the outside world, and Chen Xiang did not kill this person either.

"I've settled one." Chen Xiang gasped for breath, he found it hard to believe, he did not expect to easily kill one of them.

"Yes, this guy was hit by a large number of Drunk god magical poison and was unable to break it apart in a short period of time. However, they might have other methods, so you have to be careful." Long Xueyi warned.

"It's alright, they're all inside the divine furnace. It won't be easy for them to come out with something like that." Chen Xiang was more confident about the God Furnace Lord Haas, because the Fire Ravens that had been locked down were still fine.

Right now, Chen Xiang felt that those Super Old poison were terrifying, the fewer he had, the more terrifying he would be.

"The Drunk god magical poison are really powerful, they can even defeat the people from the past few days." Chen Xiang laughed in his heart, although those heavenly people were powerful, but in his eyes, they were like stupid pigs.

"Of course, even gods can be put down, let alone these people." Bai Youyou said: "If you have the time, you better try to see if you can help those Drunk god flower level up. If you can create higher level Drunk god flower, maybe you won't need to refine so many in the future."

Chen Xiang also had the same idea. He decided to try it out in the future.

He did not take away the Holy stone in the cave because it had already been used. Moreover, it would attract his attention, and if he was too greedy, it might cause his efforts to fail.

After leaving the cave, Chen Xiang turned into a bird and flew towards another mountain. There were still seven more things that he needed to settle.

If these powerful Emphyrean knew that the person who plotted against them was only a little kid, they would probably go crazy from anger.

In the beginning, he did not have much confidence, because those were Heaven Men who could kill Holy Beasts after all. They would definitely be very cautious, but he did not expect that all of them would sleep like pigs, and be thrown into the Spirit Cauldron the same way.

The most difficult ones would be the ones that he would have to deal with. Those that he could deal with were those that had not yet entered their best state of cultivation, so they would remain clear-headed.

Chen Xiang followed Huang Jintian's investigations and arrived at a farthest place from the other Heaven. There was a small courtyard there, and the houses inside were made of stone. It was night now, but the interior of the house was lit up.

Chen Xiang who had transformed into a little bug flew in through the window. Inside, there was a young man sitting on the bed, circulating his Qi to cultivate, which made Chen Xiang extremely happy. Previously, Huang Jintian had also said that these people stayed in the house all day, but he never expected that they were cultivating.

"In this kind of wilderness, other than training, they have nothing else to do. Moreover, this is the best way to kill time." Long Xueyi said: "But we still have to be careful."

"Yes." Chen Xiang released two pellets that the Drunk god powder condensed out and shot it into the young man's nose.

What surprised Chen Xiang was that, just as he bounced out, the man opened his eyes. However, the two pills had already entered his nose, and they were even sucked into his mouth.

"This will alarm him. That was close." Chen Xiang saw that the man's face was filled with shock and anger as he collapsed on the bed.

"I have to finish it tonight. Otherwise, I won't have another chance."

Chen Xiang seized this opportunity and took action, as he was getting closer and closer to success, causing him to be excited.

In the middle of the night, in the mining area, there were thousands of beasts digging, making all kinds of noises. The forest around the mining area was filled with all kinds of birds and beasts, and from time to time, there would be a few Sacred Claw Black Hawks flying in the sky. Chen Xiang had heard the cat talk about it before, those Sacred Claw Black Hawks had been protecting the mine for many years, and nothing had happened.

There were six people left to deal with, and time was also a little tight, causing Chen Xiang's heart to become a little flustered.

[Chapter 1516](#)

Huang Jintian and Mao'er who were waiting outside saw that Chen Xiang had not made any movements even after such a long time, so their hearts became a lot more at ease. Because there were no movements, which meant that Chen Xiang's stealth was progressing smoothly.

Chen Xiang's progress could be considered smooth as he had met many heavenly beings in his previous life, and they were all cultivating. Although two of them detected danger, they were still struck by Chen Xiang's Drunk god magical poison, and were ultimately taken into the divine cauldron by Chen Xiang. Now, there was only one more.

Even if this one failed, Chen Xiang didn't think that it would be a problem. Of course, success was for the best, so there was no need to directly clash with Heaven.

What made Chen Xiang disappointed was that there was not a single woman inside, only a few men. And the eight people that were hiding in the cave, were stronger overall, and looked older in appearance. The ones that were guarding the outside were all young men.

The last one was actually a young man.

"This kid should be the weakest, right?" Chen Xiang said, he who had turned into a fly, had already flown in through the gap below the door. Inside, there was a handsome young man sitting on a table, the floor and chairs beside him were filled with dim silver white stones.

"The people who are guarding this place can use these Holy stone without restraint. No wonder people say that only powerful people can come to this place. This is indeed a good place." Long Xueyi said.

Chen Xiang inserted two Intoxication Pills into the youth's nose. Just as he was about to succeed, the youth suddenly opened his eyes, turned his head and avoided the two pills.

"Who is it?" "Poison?" the youth immediately shouted, before looking at the two pills on the ground. He did not immediately recognize them as strange poison.

Chen Xiang secretly cursed in his heart. He was just a bit away from succeeding, he had already expected such a situation to happen, so he had a backup plan.

The youth stood where he was, not moving as he looked around vigilantly. He felt that the thing that had done this to him was within the room.

"Brat, take this."

Chen Xiang secretly laughed in his heart. Using the power of the Ancient Code, he had a large basin of water suddenly fall on top of the youth's head.

That youth was indeed very strong, but he didn't expect the youth to splash him with water. After he was drenched, he activated his martial arts and completely evaporated the water on his body.

Seeing this scene, Chen Xiang's heart blossomed with a smile, because the water contained a large amount of Drunk god powder s and the liquid was refined by him. At this moment, with the addition of the heat from the opponent, the water vapor would become even more poisonous, and all the poison would be absorbed into his body.

He wanted to shout for someone to save him, but he did not expect that he would be so weak that he could not even speak. When he wanted to use his spiritual sense, someone threw him into a dark place, and he felt a dozen or so familiar auras from them. He was suddenly terrified, because they were all people from the heavens who were guarding the mine with him.

After taking care of the Sky Man, the next thing to do was to take care of the nine black eagles in the sky. He took out a piece of jade and sent a message to Huang Jintian to let Cat take care of the black eagles.

Cat had already observed them before, so when he made his move, he only used a sneak attack, just like how Chen Xiang used his sneak attack on the Sky Realm people.

Cat had killed one of the Sacred Claw Eagles before, so if he were to launch a sneak attack now, it would be easier for him to get away with it. He would be killed three at once, and eventually attract the attention of the other six Sacred Claw Eagles.

Huang Jintian took this opportunity to enter the mining area. These days, he had already figured out where the Holy stone were and he easily picked up all the Holy stone s that were dug out by the beasts as soon as he entered.

Long Xueyi released a few divine soul s to search for the Holy stone. According to Long Xueyi's guidance, he picked up dozens of them that were as big as bricks.

The Holy stone here were quite special. When they were dug out, each piece would have a weight of around one Jin.

Chen Xiang quickly picked up more than five hundred Holy stone s. At this time, the fight between the kitten and the six black eagles was extremely intense, with loud sounds coming from their bodies. The ground was shaking and the mountains were trembling.

"What's going on?"

It was actually a woman. What made Chen Xiang and Huang Jintian alarmed was that this person who had just arrived should be a very powerful man in heaven with a strong holy spirit aura around him. Moreover, he should not be restricted by that restriction, he could use holy power.

At this time, Chen Xiang had already picked up more than a thousand pieces, and Huang Jintian was the same. These Holy stone had all been piled on the side for a while, so it was very easy for them to pick them up.

"Hurry up and leave." Huang Jintian shouted in shock at Chen Xiang and was about to rush over to take Chen Xiang away, but who knew that a burst of silver white light would suddenly flash in front of Chen Xiang. A tall lady wearing a yellow skirt held a sword in her hand, which was lowered down to Chen Xiang's throat.

Chen Xiang did not dare to move, because he could feel that the space around him was sealed by the powerful energy released by the woman.

The young woman wore a silver mask that covered the upper half of her face. Judging from her small mouth, it was obvious that she was very beautiful.

"Master, you guys leave first. Don't worry about me." Chen Xiang said: "I will think of a way. If everyone gets dragged into this, it will be even more troublesome."

Huang Jintian sighed in his heart. In this place, he could not use the Innate Qi, so doing anything would be useless.

When Mao'er sensed that a heavenly being had appeared, she immediately got rid of the six black eagles and rushed towards the meeting point set by Huang Jintian.

The lady did not chase after Huang Jintian and Mao'er, because she believed that the Ranker hiding inside the mountain would appear, and that the strong pressure she had just released could wake up the man in the cave.

However, after she waited for a while, no one came out. This made her slightly frown and shout angrily, "Why haven't you come out yet? My father didn't send you here to let you sleep, but to guard this place."

Chen Xiang did not dare move, if not his head would immediately say goodbye to his body, and the Holy Sword hanging on his throat was not a joke, the woman's strength was even more terrifying, and before he had met her, he did not expect that the owner of the mine was a girl, and also very powerful. From her tone, there should be an even more powerful father.

"Come out." The woman angrily shouted. Her voice was still very pleasant to the ears, but it carried a powerful force.

"Bang, bang, bang."

Just a simple shout from the woman caused all the mountains in the mine to explode. Waves after waves of explosions could be heard as huge rocks were shot out one after another.

However, other than the six black eagles in the shape of Saint Claw, there was still no sign of those fifteen people.

[Chapter 1517](#)

When the woman realized that the fifteen of them could have been killed or captured, her eyebrows knitted together in thought. None of the fifteen could be considered shrimp soldiers or crab generals; they were all experts that her father had arranged.

She looked at Chen Xiang, her beautiful eyes behind the silver mask revealing a hint of surprise.

"Where did they go? You guys killed them." That woman was very calm. Judging from her tone, she wouldn't be too surprised even if those fifteen people died.

Chen Xiang wanted to splash a bucket of Drunk god magical poison's water on her, but he felt that this girl was different from the others. Furthermore, there were six Holy Beasts surrounding her, it would probably be difficult for him to escape now.

"I don't know. I heard the order, so I came in to pick up the stones. I don't know anything." Chen Xiang pretended to look innocent, but there was still a trace of fear on his face. He knew that the girl was surprised at how weak he was, so he had to try his best to make the girl feel that he was of no threat.

"Where are the stones? How many have you picked up?" the woman asked.

"Only a little more than ten." Chen Xiang obediently took it out and threw it on the ground.

"Don't worry, I won't kill you. I'll bring you back, or else I won't be able to explain myself." Her eyes flashed with a smile, that cunning gaze, gave Chen Xiang a bad feeling.

"You six, follow me back. When the time comes, tell me everything that happened here in detail. I guarantee that the elders will not hold you responsible."

"Yes, Eldest Miss." The six men shouted together.

Chen Xiang was tied up. Although the rope binding him was powerful, he still had a way to struggle free, but the six black eagles had their eyes on him, even if he struggled to free himself, they would not be able to do it, let alone the powerful "Big Miss".

Chen Xiang was brought to a valley very far away from the mining site. If he had known earlier that there was a woman here, Chen Xiang would have definitely come here to get rid of her first.

In this valley, there was actually a Transmission array, which was only enough for ten people, and it looked like it was the type that only needed to be used once, and once used, the Spirit grain would disappear.

Chen Xiang was a little nervous, because he could already tell that this woman was going to bring him into that Heaven Realm. He didn't want to go there, since there were many strong warriors there, and all of them were very powerful.

"We can't go to the Heavenly Domain, or else things will be even more difficult." Chen Xiang decided that when the Transmission array opened, he would fight it out. That would be the best time for him to escape.

Just as he was thinking of this, a seemingly soft, jade-like hand was placed on his shoulder. Following that, a surge of power surged into his body, causing him to feel an incomparable heaviness and a splitting headache.

"Ah!" He shouted and fainted.

After Chen Xiang fainted, the woman smiled lightly and activated the Transmission array, then appeared in a large hall. In this large hall, there were many small and large Transmission array, but this was actually a teleportation place.

"Get up." The lady lightly patted Chen Xiang's face and smiled: "I know you want to escape, but if you do, I'll be in trouble."

Chen Xiang felt a stream of cold energy gush into his brain, and woke up. After hearing what the lady said, he secretly cursed in his heart, he had gone through great difficulty to deal with such a strange woman like Lv Qilian, and now, an even more powerful one had appeared.

"Eldest Miss, there are still a few months until the appointed time. Why did you come back earlier?" An old man in charge of managing the Transmission array rushed over and asked with a smile.

"My territory has been destroyed. All of them have been copied out. The fifteen people my father sent have all gone missing. Go and see if their Power Jewels have shattered." The young miss sighed, then looked at Chen Xiang: "This is a guy I caught on the spot, although he's very weak, he's a little strange."

Chen Xiang was looking around. Seeing so many Transmission array s in this huge palace, he knew that this Heaven Realm wasn't small, and this place was definitely within a large power.

"Oh, those fifteen people are all pretty strong. How did the mine you were guarding get breached?" The old man said in surprise,

"Who would have thought that those fifteen people would suddenly disappear? Those six birds didn't discover anything, and four of them died. They were suddenly attacked by a cat. When I arrived, I saw an old man and this little demon. I only caught him."

"No need to say anymore, I need to hurry up and meet my father and the elders. I will be scolded by them later, maybe I will even be punished later." Then, she grabbed Chen Xiang's shoulders and brought him away from the great hall.

She had already sent someone to report this. After hearing the news, everyone in this place was very shocked because this young miss' strength was not bad. The people she brought to guard this place were all famous experts, and there were also ten excellent black eagles with Saint Claw.

Chen Xiang never thought that an ant-like figure like him would be surrounded by a group of saints that surpassed the Immortal-becoming realm. On his body were some white colored iron chains, and on the chains, were Spirit grain s.

The one sitting at the head of the table was the youngest, but he also looked like a middle-aged man. He wore a white robe with tiger skin, and sat on a dragon throne. He looked very domineering.

"We've already sent people to check the scene. It's indeed very strange, the people I sent, seemed to have disappeared into thin air. The used Holy stone are all there." The mighty middle-aged man said,

"Father, the majority of the Holy stone that have been mined for the past hundred of years are on those fifteen people. They have already disappeared, and I only have a little more than a hundred thousand kilograms on me." The woman took out a silver ring and handed it over.

Chen Xiang finally understood the lady's intention. All the Holy stone s that she had plundered in the past hundred years were definitely with her, but now that the fifteen people had disappeared, she could push all of them onto her body. That way, she could monopolize all that she had plundered in the past hundred years.

"That mine has an annual output of 30,000 Jin, and in the past hundred years, it has weighed at least 3 million Jin. Hmph, losing that much. How are you going to take responsibility?" An old man said angrily. It seemed like he was a rather powerful elder.

Chen Xiang was shocked in his heart. He never thought that the woman would take all three hundred thousand kilograms, and he nearly peed his pants because of fear. What kind of quantity was that, with such a large number of Holy stone, he didn't even dare to imagine it.

"Ji Ling'er, even if you sell it, you won't be able to get that many Holy stone s back. You need to be clear, the mine can only be excavated for 120 to 130 years at most, it has already been a hundred years, and its lifespan is almost gone. Do you want to know how long we have fought over a mine?" An old man's voice trembled.

"Ling'er is willing to accept punishment. I am willing to accept the most severe punishment from Ji Clan." Ji Ling'er knelt down and took off her mask, revealing her beautiful and exceptional face, and said seriously:

Chen Xiang knew that this Ji Ling'er had made up her mind to swallow that three million kilogram Holy stone. Although he did not know the penalty, Ji Ling'er was sure that she would do it.

At this time, the various elders were discussing among each other, and only a few elders spoke up for Ji Ling'er. Ji Ling'er's father, the patriarch of the Ji Clan, obviously cannot side with his own daughter at this moment, otherwise, he would have to step down from the stage.

Chen Xiang immediately sent a sound transmission to Ji Ling'er: "Woman, I already know about your plan. You probably want to take all three million Holy stone s for yourself, or you must protect my life. Otherwise, your plan will definitely be ruined.

Hearing Chen Xiang's words, Ji Ling'er's face did not show any signs of shock, but her heart was full of astonishment. Previously, she had truly believed that Chen Xiang was a small fry that her big brother had abandoned, which was why she dared to do such a thing.

"This kid is very weak, but his body is very strong. He has already reached the large success stage of Body of Heavenly Sage. All of you elders, why not interrogate him first? Maybe he can even recover his losses." Ji Ling'er suddenly said: "This person is very strange, I can't see through him."

An elder snorted angrily and said, "Even if you can recover the damage, you will still be punished."

At this time, Ji Ling'er sent a sound transmission to Chen Xiang, "I won't let you die, I will also save you. But in exchange, you have to hand over those fifteen people to me, or let them die."

Just as Chen Xiang had guessed, Ji Ling'er wanted to take all three million Holy stone for himself.

"Those fifteen people are not dead yet. Their Power Jewels are still intact and their vitality is still very strong. They should just be caught. We must find them quickly." The patriarch of the Ji Clan said.

Chen Xiang had already been surrounded by over a dozen elders, and various types of powerful holy energy flooded into his body, as well as into the Divine Sense Sea, causing him to feel incomparable pain all over.

What made him even more baffled was that the gray mist surrounding his dantian was very strong. It could actually prevent these old men from spying on him, and Long Xueyi had long concealed his Divine Sense Sea using a secret technique.

"His dantian is very strange, it seems like a dead dantian, but it contains a strong amount of Saint Force. With his current cultivation level, he shouldn't be able to cultivate Saint Force." An old man said with a frown.

"This person is from the Nine Heaven World, the clothes he is wearing is not from here."

That's right, we have already heard that the Nine Heaven World's humans have invaded this place. We did not expect that they would be able to take down a mine.

"This brat is indeed strange, but he is still very weak. He shouldn't be some important fellow. Use torture to interrogate him and see if you can find anything."

Hearing the words of these old men, Ji Ling'er felt that something was wrong. If Chen Xiang was tortured, maybe he would reveal something.

Then she turned to the elders and said, "Please don't. This person should be an important person because he ... He has something very strange with him. Although he is not very strong, there must be something extraordinary about him being able to sneak into the mine. If we torture him, he might not be able to endure and die. "

"Why not spare his life? Maybe his accomplices will come and save him."

[Chapter 1518](#)

"Ji Ling'er, have you lost your mind in the last hundred years? Tens of thousands of years ago, the people from their Nine Heaven World were already beaten so badly that they couldn't get over it, and now, they still dare to come."

"This is different from the past." Ji Ling'er said, "Right now, we need to minimize our losses and let him live ... Maybe he can be used to exchange for those fifteen of us. It's very likely that the three million kilogram Holy stone would return."

Just based on your words, how can we believe that the brat's status is very high, the Nine Heaven World's people will risk their lives to save him, if we don't torture him earlier, what if we miss the best opportunity to do so? The elder sneered.

Chen Xiang suddenly said: "As long as I live well, my comrades will come. Although I am very weak, I have a very important thing on me that is worth them taking risks."

"You don't even have a single Storage magic treasure on you." An old man said in disdain,

"Good things can be hidden within the body." After Chen Xiang finished speaking, he released the Green dragon demon-slain broadsword, allowing it to float in the air.

Seeing this godly weapon, those old men immediately sucked in a breath of cold air and let out a low sigh.

"Green dragon demon-slain broadsword... I never thought that I would be able to see the legendary Divine Blade in my lifetime. "

"It's really the Green dragon demon-slain broadsword, those Spirit grain look too familiar, only that person can create them."

"This kid really has a strong background."

"I heard that the Green dragon demon-slain broadsword recognized a person and fused with his soul, causing him to die. Back then, that Qi Shi fellow paid a huge price in order to separate himself from the divine blade."

Ji Ling'er's small mouth gaped as she looked at the Green dragon demon-slain broadsword's divine gaze. She had heard of the legend of this divine blade when she was very young, she never thought that this brat would actually have such a thing. Previously, she was even tricked by Chen Xiang, thinking that he was just a small fry.

Chen Xiang never thought that the Four Symbols Divine Weapons's fame would have such an effect.

"This matter cannot be spread out. Ling'er, you will be in charge of watching over him. You will not allow him to speak or interact with him. Both of you will be placed under house arrest in the Heavenly Pavilion. You will not let this news leak out." The patriarch of the Ji Clan said solemnly.

"Yes." Ji Ling'er hurriedly replied as she felt relieved. She knew that the Ji Clan wanted to get her hands on the Green dragon demon-slain broadsword. Three million Holy stone might be a lot, but it was nothing compared to the Green dragon demon-slain broadsword.

Chen Xiang and Ji Ling'er were brought to the top of a tall tower.

In the room at the top of the tower, there was no window, only a thick, pitch-black wall that was ice-cold and hard, and a few small holes that could let light in.

"This is the Pavilion of Heaven, how terrible."

Chen Xiang stood on top of a stone stool and looked outside through the ventilation hole. He could only see a large mountain faintly discernible in the clouds.

"Be quiet." Ji Ling'er called out softly before sending a sound transmission to him, "I am thinking of a way to save you. The situation has already developed beyond my expectations."

"So it's hard for me to run away." Chen Xiang sat down. From his expression, he was not really that worried.

"Who asked you to have a Green dragon demon-slain broadsword? Otherwise, you wouldn't be locked up here. This is an important place to our Ji Clan, even if we ran out of the Heaven Pavilion, it would be very difficult to escape from this place." Ji Ling'er sat on the ground while hugging his knees, his face filled with helplessness.

Chen Xiang asked via sound transmission. "You really have three million kilograms of Holy stone."

Ji Ling'er glared at him grudgingly: "If it wasn't for those Holy stone s, I wouldn't even bother to pay attention to you."

Chen Xiang curled his lips: "It was you who grabbed me to face the consequences first, I can't let you succeed in this."

"Don't be in such a hurry. Even though we're locked up in this place, we still have a way to get out. Let me think about it." Ji Ling'er's attitude was very good, making Chen Xiang feel that she was rather pleasing to the eye.

Right now, the one who was panicking was Ji Ling'er, she was worried that Chen Xiang would reveal her.

"If your plan goes smoothly, you will also be punished. For the sake of the three million kilogram Holy stone, you aren't afraid of the Ji Clan's torture."

Ji Ling'er smiled slightly: "You don't know this, they have at most locked me up for one to two thousand years. Although my mistake is big, it isn't enough to get me tortured."

"Son and son, how about this? I'll rescue you and you give me one million kilograms of Holy stone. What do you think?" Chen Xiang said.

Ji Ling'er's beautiful eyes immediately widened until they were round, "Help me get out, then I'll give you another million kilograms of Holy stone."

Chen Xiang smiled and nodded his head.

Ji Ling'er frowned slightly as her eyeballs moved about, "But I should be the one who saved you, so you can hand those fifteen fellows over to me."

Chen Xiang laughed: "I have a way to get out, but you don't have any good methods right now."

Ji Ling'er snorted: "Are you trying to extort me? If I don't agree, then tell me about me monopolizing the Holy stone, right?"

"No, we are cooperating. Think about it, it's because of me that you have the chance to plan to take all three million catties of Holy stone. It's just that you are not progressing very well in the future, but with my help, I can help you escape." Chen Xiang snickered: "I see that you don't have any feelings for this Ji Clan, so you're willing to escape from him right?"

"You can assume that, with my cooperation, you will be able to obtain two million kilograms of Holy stone without paying anything, and have even left the Ji Clan as well."

Chen Xiang understood Ji Ling'er's current situation. From the attitudes of the elders, they could tell that she was not very popular in the Ji Clan, and adding that she wanted to monopolize a large number of Holy stone s that the Ji Clan owned, they knew that she had some resentment towards the Ji Clan.

"That's right, because of your appearance, I have this plan." Ji Ling'er thought about it carefully before deciding to work with Chen Xiang. As there was not much time left for Chen Xiang, someone would come to take him away soon. Then, they would conduct research and isolate the Green dragon demon-slain broadsword from his body.

If Chen Xiang had told her about it when she was taken away, then she wouldn't be as simple as someone who had been imprisoned for thousands of years. She would be tortured to death by the Ji Clan.

"Bring out that one million catties of Holy stone. I can be considered to be more courteous than you. I didn't want to take more than half of it." Chen Xiang extended his hand: "Don't worry, I will definitely bring you out. Right now, we are only ants on a string."

Ji Ling'er bit his lips in pain and quickly handed over the ten Storage bag s to Chen Xiang. Chen Xiang used his mind to check the amount inside and confirmed with satisfaction.

They were secretly communicating with each other, so the people guarding the door wouldn't hear anything.

"Hurry up, those old men are going to invite some experts. It'll be too late by then." Ji Ling'er urged.

[Chapter 1519](#)

Chen Xiang took out a square cauldron. "Don't resist me, I want to put you inside this thing. This thing isn't very powerful, even if you enter, you can break free, so don't be afraid."

"No, I'm worried." Ji Ling'er immediately rejected it: "I gave you five million kilograms of Holy stone, to let you relax and cooperate, but you have to let me enter this thing, what if you don't take it with you? I'm stronger than you, you must be worried that after we leave, I will kill you."

Chen Xiang nodded: "You do have reason to worry."

Suddenly, a faint tremor came from inside the room, Ji Ling'er's face changed: "Quickly think of another way, it's impossible for me to hide inside that thing, they already opened the door, and will be here very soon."

Chen Xiang was afraid that she would silence his worries, so Chen Xiang placed her inside the square cauldron, and then left the square cauldron here.

"Alright, then you have to cooperate with me." Chen Xiang said in a serious tone.

"No problem, as long as you don't put me in that crappy furnace." Ji Ling'er had already seen that Chen Xiang was a cunning guy. She was worried that she had been set up.

Chen Xiang took a deep breath, released a surge of divine power, and enveloped Ji Ling'er's body. After that, he sent a sound transmission to Ji Ling'er, "Relax your body, relax all of the power in your body, don't resist me."

Ji Ling'er evenly took a deep breath and followed Chen Xiang's instructions. After that, she felt a strange feeling in her body, as if her body was gradually shrinking. When she was surprised, the strength in her body instinctively resisted.

"Relax." Chen Xiang drank,

Ji Ling'er suppressed her power, and at this moment, she felt that Chen Xiang was getting bigger and bigger, and she herself was getting smaller and smaller, and all the small things in the house previously became big in her eyes.

"Alright." Chen Xiang looked at the cute little bird on the ground and smiled. Then, he turned into a bird himself.

Seeing Chen Xiang, such a big guy, suddenly turn into a bird, Ji Ling'er immediately understood that he had also been turned into a bird by Chen Xiang. He also understood why those fifteen people had quietly disappeared.

"In your mind, you are thinking of flapping your wings, but when you fly, use the same method, use the power within your body to lift up your body and fly." Just as Chen Xiang finished speaking, Ji Ling'er flew up towards the hole.

Ji Ling'er laughed and followed along. Ji Ling'er had mastered it very well, her flying speed was extremely fast and even Chen Xiang was unable to keep up with her. After all, her strength was far too inferior to Ji Ling'er's.

"You are a dragon." Ji Ling'er sent a sound transmission to Chen Xiang. She was very curious, she had heard that only dragons had such a profound ability, and Chen Xiang had Green dragon demon-slain broadsword s.

"No, I am a human. Quickly bring me away from here."

Chen Xiang was not in the mood to look at the scenery of the Sky Capital at the moment, because he had already sensed a berserk aura coming from the tower.

Can you teach me? I train in the Dao of the Gods. Ji Ling'er was very interested in this transformation technique: "Don't be afraid, I think we'll be safe very soon."

"I can teach you, but whether you want to learn it or not will depend on you. But I can't teach you for no reason, you're not my person."

Chen Xiang sensed that there were a few auras behind and anxiously said: "They are catching up."

"Go down and hide in the forest. Right now, they are only splitting up to search for us, they didn't discover us." Ji Ling'er said, then flew towards the forest below.

was standing right beside her. At this time, a few spiritual senses swept over them, but they could not find anything. All the birds in the forest numbered in the hundreds, with many different types, and they did not know that Chen Xiang and Ji Ling'er had become birds.

"This is an important place of the Ji Clan, it's all here. Let's leave this place first." Ji Ling'er flew up, and the elders who came to search for them had already flown far away.

was familiar with the place, so Chen Xiang could only follow her. They had traveled through the night, and by the time dawn broke, Chen Xiang and Ji Ling'er had already left the Ji Clan's important grounds. But Ji Ling'er did not stop, because this was still the Ji Clan's territory.

Along the way, Ji Ling'er did not see any time. Chen Xiang felt that she was a little excited and continued to fly madly. It was only on the third day that she finally slowed down when she saw a small town.

"Turn me back." Ji Ling'er said: "We are safe now."

Chen Xiang had transformed her into a human. As his strength increased, he became more and more proficient in the art of transformations. This art was something that Ji Ling'er yearned for.

"It's really safe here." Chen Xiang asked. At this time, Ji Ling'er began to take out a few things to disguise herself, her movements were extremely proficient, and it was obvious that she did this kind of thing often.

Yes, this is the territory of the Zhao Clan, there is enmity between the Ji Clan and itself, they do not dare to casually enter the territory of the Zhao Clan, if not there will be a conflict. Ji Ling'er disguised himself as a middle-aged woman and laughed: "Can you recognize me?"

"Your eyes are still beautiful." Chen Xiang laughed: "Keep looking."

Ji Ling'er stuck out his tongue at him, took out a tool to disguise his eyes and muttered: "Who asked you to not teach me that transformation technique?"

"I'm not familiar with you, so why should I teach you?" Chen Xiang said.

"What do I need to know?" Ji Ling'er realized that Chen Xiang wanted a little something more. "With your current strength, that one million kilogram Holy stone is already a lot more than enough for you, do you still want it?"

Chen Xiang laughed: "No one will think that there's too much of this stuff, but with my current state, a million catties is indeed enough, so even if you give me the Holy stone, I will not consider teaching you."

"Let's cooperate happily. Let's part ways here."

Just as Chen Xiang turned around and was about to leave, Ji Ling'er flashed forward and appeared in front of him, blocking his path as she said: "You can't leave ... You didn't give those fifteen to me. Even though I escaped from the Ji Clan, I didn't want the Ji Clan to know that I had cheated them of their Holy stone.

Chen Xiang said: "After we finish cooperating, you won't kill me right?"

Ji Ling'er rolled her eyes at him: "Do I look like that kind of person? Moreover, it won't be easy for me to kill you, right?"

Chen Xiang released the fifteen people who had died. At this moment, they had not recovered from the poison, but they still had consciousness and could open their eyes. When they saw Ji Ling'er, their faces were filled with shock.

Ji Ling'er took out her sword, shua shua, in a few breaths, all fifteen of them were killed. Then she released a black flame and burned all the bodies.

Chen Xiang had already ran far away, Ji Ling'er had said that he wouldn't kill him, but he had to be wary.

Ji Ling'er looked at Chen Xiang's back figure, snorted lightly, and chased after him.

"She's catching up." Long Xueyi shouted in shock: "This woman should really want to learn the Seventy-two changes."

"Of course I know, but I don't want to teach her." Chen Xiang did not run far before he was stopped by Ji Ling'er.

Chen Xiang sighed: "Don't tell me you want to kill me."

Ji Ling'er looked at him in annoyance and stuck out her tongue, "I want to kill you. Are you still able to stand here and speak?"

She could already tell that Chen Xiang had poisoned the fifteen people.

"Follow me for a while, at least get familiar with this place. With me here, no one will dare to bully you." Ji Ling'er smiled sweetly. "That way, we can get familiar with each other, and then you can see if I have the conditions to learn your transformation techniques."

Although Ji Ling'er had disguised herself before, her current smile was still very sweet and gentle. Chen Xiang understood Ji Ling'er's strength, although she was under the control of the elders in the Ji Clan, but compared to him, her strength was still very strong.

"The best way to get used to it is to take off all our clothes and sleep in the same bed." muttered in a low voice. He had already planned to stay with Ji Ling'er in Tiandu City for a period of time.

Ji Ling'er giggled: "I would like to use my body to exchange for your transformation technique, but I'm afraid that you won't be able to take it, with your body, in a few moments you'll be sucked dry by me."

"Are all the women in Tiandu so open-minded?" Chen Xiang was startled and asked.

"Of course not. It's just that I feel that you're quite good and have grasped so many powerful things. If your strength is on par with mine, then I'll be determined to deal with you for the rest of my life." Ji Ling'er laughed, "Do you wish you could become stronger now?"

Previously, Su Meiyao and Bai Youyou had told Chen Xiang that when strong women and men combined, if the man wasn't strong enough and couldn't suppress the woman, he would be devoured by the woman.

Conversely, when a man was stronger than a woman, their combination would benefit the woman, because the man would channel his power into the woman's body ...

Thinking up to here, Chen Xiang could only sigh helplessly in his heart.

No way, when I was in Nine Heaven World, the women around me were no worse than you, no matter what kind of woman I wanted, I didn't care about you.

Chen Xiang's face was full of indifference. What he said was the truth, he had two unparalleled beauties in his Serene Jade Ring along with Long Xueyi, this beautiful dragon.

"How about this, I'll help you increase your strength. When you feel that's about right, teach me that transformation technique, okay?" Ji Ling'er shook Chen Xiang's arm and asked.

"Just how far can you help me? How long will that take? I can't possibly wait for hundreds of thousands of years, right?" Chen Xiang said.

"A thousand years at the fastest. Even if you can't reach my level, you can still possess my body." Ji Ling'er smiled charmingly, with a deeper meaning behind it.

Chen Xiang gulped down his saliva. He had never met such a woman, only he had been able to make her have good feelings towards him. But now, this woman actually wanted him to have enough power to kill her.

"Could it be that there's no man today?" Chen Xiang subconsciously asked, "Is it worth it for the sake of that transformation technique?"

"Of course it's worth it, that's a sacred art, and you also have a Green dragon demon-slain broadsword on you, you are someone who was recognized by the God's Saber, you must have some great achievements in the future, and you are already very powerful, otherwise how could you help me get so many Holy stone." Ji Ling'er laughed tenderly: "Of the women around you, there aren't many that are stronger than me. Don't worry, I won't bully them in the future."

Chen Xiang was speechless: "Is there something wrong with your head? Forget it, you can help me quickly become stronger, I will definitely teach you the Changing Technique."

However, Chen Xiang thought that if he could bring Ji Ling'er back and let her teach him a lesson, who he thought was very powerful, it would be great.

Ji Ling'er held Chen Xiang's arm: "I will definitely make you stronger, but I need to leave this place first, I want to bring you to a place."

Chen Xiang didn't know what Ji Ling'er was planning, but he thought that Ji Ling'er was definitely not that simple. He must have some other purpose.

Ji Ling'er brought Chen Xiang into the small town, and asked around. There were no Transmission array here, only the closest city had one.

"Where are you going?" Chen Xiang asked.

"A very safe place."

Ji Ling'er did not tell Chen Xiang in detail that she had bought a Black Hawk mount. Instead, she sat on it with Chen Xiang and flew away from the town.

After flying for half a day, they arrived at a city.

There were very few people in the city, and it looked very lifeless, but there was a Transmission array.

Ji Ling'er brought Chen Xiang into the Transmission array, and after paying the teleportation fee, said in a low voice: "I'll take you to the most bustling place in the Sky Capital, that place is the safest place."

After he finished speaking, the Transmission array flashed, and a ray of light flashed past Chen Xiang's eyes as he was teleported to another place. He saw countless large Transmission arrays lined up neatly in a row, with many of them flashing.

Suddenly, a shadow attacked. Raising his head, he saw an incomparably large ship flying through the skies. In the distance, there were also many large and small ships.

At this moment, his eyes were wide open as he looked around. Looking at the numerous giant towers that rose from the ground, as well as the giant holy beasts and ships that flew past from time to time in the sky, he was extremely shocked.

"He must be scared. This is the Super Old Sacred City, he has existed for a long time." Ji Ling'er chuckled: "Let's go, it's very safe here. Even though Ji Clan is a huge clan, they don't dare to cause trouble here, and they can't just randomly capture people."

Walking on the road, Chen Xiang understood why the strong Holy Beasts were being pressured so badly by the humans of heaven. The people here were truly powerful, of course, there were humans like him, but they were all existences at the bottom.

"Do you not want to go back?" Ji Ling'er saw that Chen Xiang was looking left and right, her eyes filled with shock, and laughed.

"Don't worry, I heard my father say that the Super Old Sacred City seems to be plotting something, that this city is going to descend to the top of the Nine Heaven World."

Ji Ling'er secretly pulled Chen Xiang out of the wide teleportation area, and walked towards the bustling scene in the distance.

"That's not a good thing for me." Chen Xiang frowned.

"But if you become strong, that's good news for you." Ji Ling'er's beautiful eyes sparkled as she said meaningfully.
