[Chapter 1551](#)

Feng Yujie did not expect Chen Xiang's pill refining skills to be so strange, she did not use the Foreseeing Alchemy, and had even refined the ingredients in an instant. This sudden change put a lot of pressure on her, because she was very sure that Chen Xiang would not be able to win against her previously, but she was very confident of winning, because she was a Pill Saint, and in terms of quantity and quality, she would definitely not be able to compare to a brat like Chen Xiang.

Even if Chen Xiang was faster than her, if the quantity of pills dropped was less than the quality, he would still be unable to defeat her. In the end, he would still lose and win.

Chen Xiang was currently only releasing a weak Sacred Flame to maintain the temperature of the Magic method furnace, allowing him to steadily enter the final stage of the Core Formation stage.

Just like what Chen Xiang had done just now, she had also refined that Jasper gourd. She was just a bit slower than Chen Xiang, so her speed was considered very fast now.

The process of condensing the pellet was somewhat difficult, so the two of them did not make any further movements. Both of them allowed the lump of Medicine aura and medicinal powder to fuse, and then stabilize ...

"It's about time to start." Chen Xiang looked at the Magic method furnace's dark green ball of air, with a thought, he released a burst of God Power, preparing to cut that ball of mist.

Seeing that Chen Xiang could split the mist, Feng Yujie knew that Chen Xiang could also refine the Multicolored Biyuan Dan, but she still felt that she would not be able to surpass Chen Xiang.

Just as he was about to cut open the barrier, Chen Xiang suddenly released a burst of flames that covered the entire Magic method furnace and covered its interior. Feng Yujie cursed at him while gritting his teeth.

Chen Xiang didn't want Feng Yujie to see the number of pills he had taken out, in case Feng Yujie would make a move.

Feng Yujie also started to cut that ball of air. Just like Chen Xiang, she also released a white flame to wrap it up, carefully carrying it out from the inside.

Chen Xiang anxiously used Chaos Divine Eye to look, but Feng Yujie used some strange power to prevent him from peeping.

Feng Yujie suddenly felt an inexplicable pressure. Although the news of her and Chen Xiang competing in pill refining here would not spread out, but if she really lost to Chen Xiang, this would definitely be an unerasable stain in her heart.

But when she thought about how she had won, and obtained a Phoenix Fruit, she didn't lose anything, and her heart became much more balanced. No matter what, the one losing was Chen Xiang.

Chen Xiang didn't think so. If he could win against Feng Yujie, he could tease this naughty mature woman from time to time.

"You seem to be faster than me, but you didn't open the pill furnace. Are you waiting for me?" Feng Yujie said.

"No, I'm letting you win. You are sister Meiyao and Sister You You's mother, I don't want you to lose that badly." Chen Xiang smiled slightly.

Feng Yujie cursed inwardly. In order to make her lose so badly, he had purposely increased her speed a little. If she still lost, he would make her feel ashamed.

"In that case, I will make your loss difficult." Feng Yujie controlled the ball of white flame above her to slowly descend and hover in front of her.

"Watch carefully, don't be scared." Feng Yujie smiled confidently and withdrew the white flames that were wrapped around the Biyuan Dan. The three Biyuan Dan s floated quietly in the air, surrounded by a faint green mist, like bright green stars in a nebula.

Chen Xiang deliberately revealed an extremely shocked expression and shouted in an exaggerated manner: "Amazing, as expected of a Holy Pellet, a Jasper gourd can actually refine three Biyuan Dan, undefeatable."

"Brat, stop hiding, hurry up and let me see the result." Feng Yujie frowned and shouted. Chen Xiang praising her in such an exaggerated manner made her feel like he was belittling her. It made her suddenly feel uncertain.

Chen Xiang chuckled: "I still need a bit more time, I'll be fine soon."

He closed his eyes and took a few deep breaths, then with a groan, he retracted the flames that had been wrapped around the pill furnace. Inside, four Biyuan Dan s appeared, but what was surprising was that these four Biyuan Dan s all released a strong light, just like the sun, it was hard for people to look straight at them.

It was actually Pill Light.

's face was filled with shock. Even without using a pill furnace to concoct pills, she could produce four pills, and there was even a pill glow. At this moment, she was severely injured, because she had lost, although there was only a single pill difference, but whether it was in strength or the time of concocting pills, she was much stronger than Chen Xiang, and was actually lagging behind Chen Xiang by a single pill.

Chen Xiang waved his hand and let the four Biyuan Dan floating in front of Feng Yujie. He laughed proudly: "Taste it, let's see how good the quality is."

Feng Yujie exhaled, reached out, grabbed the four Biyuan Dan s, and looked at Chen Xiang with an unwilling face.

Su Meiyao and Bai Youyou were not too surprised. They had already expected such an outcome.

"You lost." Chen Xiang laughed: "How are you? Are you sad?"

"Damn brat, don't be cocky." Feng Yujie looked at Chen Xiang with hidden bitterness, and was slightly angry in his heart. This was because Chen Xiang clearly wanted to see her make a fool of herself.

Chen Xiang said with a serious face: "Aunt Feng, you are a Pill Saint, even if I went out and told everyone that I defeated you, they would not believe me, so don't worry, I won't go around and ruin your reputation."

He tossed the phoenix fruit in his hand and laughed: "This fruit is not that easy to obtain."

Seeing Feng Yujie's defeated expression, Chen Xiang laughed loudly before walking out of the cave and entering the Transmission array.

When Luo Qi saw Chen Xiang smiling so happily, he did not know what had happened. He did not ask further, but rather, activated the Transmission array and left.

"Meiyao, You You, what method did that damn kid use, do you know?" After Chen Xiang left, Feng Yujie anxiously asked, the displeasure on her face had disappeared, as though she did not lose just now, she revealed a brilliant smile.

"This... Of course I do, but it's a bit difficult to learn. " Su Meiyao said. She had studied God purification before, but her divine power was too weak, she was still unable to learn it.

"Can you teach me?" Feng Yujie held Su Meiyao's hand and said softly, "Do you want to get the little demon's consent?"

Su Meiyao laughed tenderly: "Of course not, but he is the creator of this pill refining technique. If you use it, he will definitely have something to say in the future when he opens his mouth, saying that you are his successor or something."

Feng Yujie chuckled: "This time, I'm not afraid. I've lived for so long, I'll lower myself to the same level as that brat, and just did what I did for him a moment ago to make that little brat feel proud, I didn't lose anything."

Chen Xiang left. If he knew Feng Yujie had such a state of mind, he would not be in a good spot.

"Little Naughty Dragon, they're not here anymore. We can do whatever we want from now on." Chen Xiang said to Long Xueyi with a smirk on his face.

"Who's with you? Quickly go to that new house and go with those two holy girls." Long Xueyi laughed: "If you eat them, I won't tell anyone else."

[Chapter 1552](#)

Chen Xiang wandered around the central area and found the address that Hong Xia and Ji Ling'er gave him. He came to a relatively quiet area.

"This is the place. Not bad." Chen Xiang took in a deep breath of the fragrant air, absorbing a lot of the Holy Spirit power. The Holy Spirit power in this place was really much denser than in the cave.

Chen Xiang knocked on the door. Previously, Hong Xia and Ji Ling'er had said that they had their eyes on this place. If there were enough Holy stone, they would buy it.

Red Cloud, who had opened the door, smiled joyfully. "Big Boss, please come in. This place is ours from now on."

Chen Xiang smiled as he walked in. The moment he stepped into the door, he sensed that there were a lot of powerful formations, which made him even more at ease. He could not help but worry that there would be people intruding, so he didn't need to worry that the commotion inside would attract too much attention.

"Have you seen that Leader?" Ji Ling'er asked anxiously.

"Yes." Chen Xiang nodded his head: "She is a woman, a pill saint."

Hong Xia knew a little about the relationship between Su Meiyao and Bai Youyou. Chen Xiang had told her before that she needed a Holy Pellet to help heal her two benefactors.

"Then wouldn't it be easy for them to come over?" Ji Ling'er said happily.

"En, but they will be with that Pill Saint for a while now. I might not be able to return with them, but they should be able to come back for you guys once they recover." Chen Xiang laughed. He was very happy that Su Meiyao and Bai Youyou could recover.

Red Cloud asked, "Your wish has almost been fulfilled. What's next?"

Chen Xiang stood in the yard and looked at the endless blue sky. He thought for a moment and said: "Continue to refine pills, I will continue to refine Tier 4 immortal pills, and at that time, I will bring back 20 million jins of Holy stone. You guys can tell me how much you want."

"This..." Hong Xia and Ji Ling'er were a little hesitant. They obviously wanted a lot of things, but they knew that Chen Xiang was in a hurry to return.

"Twenty million kilograms each should be enough for you guys to use for a long time, and you must make good use of these Holy stone to raise your strength. Who knows when I will need your help." Chen Xiang helped them talk about a certain number.

"This is too much." Originally, they thought that Chen Xiang would only help them get a few million jin Holy stone at the most, because he had even helped them buy this mansion. Although they still had 10 million jin of Holy stone, that was Chen Xiang's property, so they did not dare to take it for themselves.

The more the merrier, right now, through the Divine Feather School, you guys should think of ways to buy as many Tier 4 immortal pills and herbs as possible, preferably at a cost of one pill. Also, buy some Heavenly Dragon Grass and Sacred animal fruit and bring them back as well.

Right now, Chen Xiang was not afraid of doing too much, because with the help of the Divine Feather School, and with his relationship with that Feng Yujie, he thought that if he met with any trouble, Feng Yujie would definitely help him out.

"Let's talk about this after we familiarize you with the house." Ji Ling'er held Chen Xiang's hand, and led him to walk around this relatively large house.

Red Dawn followed behind them and started to think about how they could complete Chen Xiang's request. Right now, they had five million Holy stone s, so they had to make good use of them.

Chen Xiang played with the beautiful Holy Maiden for an entire day before letting them go to do something. At this moment, he came to a relatively large secret room underground.

"It's not a problem to accommodate a hundred Magic method furnace." Chen Xiang estimated that if it were not for the dense Holy Spirit Qi inside the Holy stone that he had his eyes on, he would have gone back a long time ago. That batch of Holy stone was very useful to him, so if he took back the Nine Heaven World, it would definitely be a large amount of wealth.

"I wonder how Nine Heaven World is doing now." Long Xueyi muttered, "Right now, the Nine Heaven World's tempo is very fast. Maybe the sky and earth have already turned upside down, maybe Di Tian has already returned."

Chen Xiang replied, "I haven't gone back for more than two hundred years, so I don't need this bit of time."

Red Dawn and Ji Ling'er had been out for three days and she had brought back a lot of Sacred animal fruits, but there were less Heavenly Dragon Grass. However, it was already enough for Long Xueyi to eat.

In the next few days, Chen Xiang spent all his time refining Sacred animal Dan and Tianlong Dan. Hong Xia and Ji Ling'er traveled all over the large sky, buying Jasper gourd and Tier 4 immortal pills as medicine. Everyone thought that there might be another power that was born like the Super Holy School.

Ji Ling'er and Hong Xia went out for more than a month before returning. They bought a large amount of Biyuan Dants and herbs, as well as some fourth grade immortal pills.

"Seventy-five thousand Jasper gourd, if you count them against four in one furnace, you would probably be able to sell them for sixty million kilograms." Red Cloud said,

Chen Xiang took the Storage bag and looked at it.

"Mm. From now on, all of you should train well and wait for a while." Chen Xiang was a little excited. As long as he finished refining these, he would be able to return to the Nine Heaven World very soon.

Arriving at the secret room, Chen Xiang looked at the spacious place and said with a smile: "This is a better place to start, as it will allow me to release even more Magic method furnace."

He did not plan to refine any Tier 4 immortal pills. After selling the Biyuan Dan, he would immediately return to the Nine Heaven World. He was worried that there would be a huge change and that his friends would be in danger there.

During this month, when he was refining the Tianlong Dan and Sacred animal Dan, he had gotten used to refining them with a hundred Magic method furnace. He could control them, but if he continued refining, he would be very tired.

Once he stepped into the Immortal-becoming realm, he would have to rely on concocting pills to gradually stabilize his cultivation. If he was not in a rush to return, he still wanted to increase his strength here.

Refining a hundred batches of Biyuan Dan in two hours, refining for twenty hours every day would make it a thousand batches. Even if there were more than seventy thousand Jasper gourd, at his current pace, it would not be long before they were refined into Biyuan Dan.

Three months later, he came out of the secret room. All those Jasper gourd had been turned into Biyuan Dan by him, and right now, he was already proficient in the Godfire Flash Technique. If he met any suitable pills, he could very quickly produce them.

Ji Ling'er and Red Dawn were both cultivating in the secret room. After Chen Xiang came out, he did not disturb them, but went to take a bath himself. After sitting in the hall and waiting, he thought about what he had to do after returning to the Nine Heaven World.

He must obtain the Alive Slain Method! From Heaven Sacred District, he had already understood that even if there were high level medicines, they were all extremely expensive and there weren't many of them. If there was a Alive Slain Method, like Lv Qilian, who could make the spirit liquid and fuse with his creation divine liquid, then he would be able to quickly replicate a large number of high level medicines, or even Holy level medicines.

[Chapter 1553](#)

Chen Xiang waited for half a day before Ji Ling'er and Red Cloud came out. When they saw Chen Xiang sitting in the hall and leisurely drinking tea, they knew that he had already refined all of the Jasper gourd into Biyuan Dan.

On the small table beside Chen Xiang, two Storage bag were placed.

"I won't be going this time. You guys should be able to settle it, right?" Chen Xiang looked at the two Storage bag s on the table.

Because Chen Xiang was about to leave, they did not expect him to refine so many Jasper gourd. The time it took for this to happen was so fast, they had thought it would take even longer than the last time.

The two ladies did not say anything, picked up the two Storage bag s and quickly left.

Chen Xiang waited for more than two hours before they returned. They handed over a Storage bag to Chen Xiang, inside it were thirty million kilograms of Holy stone.

"Are you leaving today?" Ji Ling'er's face was filled with reluctance.

"En, the faster the better. What Transmission array do you have here that can teleport me to the outermost realm?" Chen Xiang nodded and pulled Ji Ling'er into his embrace, "We will meet again in the future."

The red clouds also came over and hugged Chen Xiang. "Take care."

"The same goes for all of you." Chen Xiang laughed.

Hong Xia told him that there was a Transmission array inside the Divine Feather School that could be teleported to the border regions of Tiandu. After Chen Xiang bid the two girls farewell, he rushed to the Divine Feather School.

He had originally planned to greet Su Meiyao and the others, but he did not go. He felt that it wouldn't be long before he would return.

The relationship between Chen Xiang and Divine Feather School was not bad. Feng Yujie, the Leader, had also told him to treat them well, so he came to the Transmission array very easily.

"This is a one-way transfer, so you should think about it properly. At that time, with your current strength, coming here will not be easy." Luo Qi laughed. He already knew that Chen Xiang was someone from the Nine Heaven World.

"Let's begin. If I want to come back in the future, there's nothing that can stop me." Chen Xiang cupped his fists towards Luo Qi.

"Take care." When Luo Qi activated the Transmission array, a flash passed Chen Xiang's eyes and he felt his body quickly falling. He actually appeared high in the sky, but he could already see the faint golden screen of light.

Back then, Chen Xiang had passed through a layer of and arrived here, then he had encountered those Holy armoured lion.

After arriving on the surface of the ground, Chen Xiang immediately rushed towards the light screen, and followed the light screen to search for the Transmission array. After finding it, he teleported to the other side, where the light curtain covered the light golden light.

"He's coming." Chen Xiang followed his memories and ran towards the teleportation station that only he could use.

There wasn't much change in this place, the teleportation station was still standing, enveloped by a powerful barrier. He took out the Green dragon demon-slain broadsword, only then was he able to step into the barrier that protected the teleportation station.

Just as he was about to go back, he suddenly saw a stone tablet next to the barrier. There were a few words on it, he took a look and silently cursed, because this was the message that Huang Jintian had given him.

"This old lunatic, looks like he couldn't make it back in time. He's trapped here. He can only go back when I show up." Chen Xiang threw the stone tablet to the ground and sat on the teleportation platform, waiting helplessly for Huang Jintian. He guessed that Huang Jintian would come here every so often to take a look.

Long Xueyi laughed: "In the two hundred years that he's trapped here, he might be able to fish up a lot of good stuff. This old lunatic is just like you, cunning and scheming."

"My patience is limited. If I can't wait, I'll let him stay here temporarily. After all, there are less Nine Heaven World here, so he won't mind." Chen Xiang said in annoyance.

Just as he was about to go back, he saw Huang Jintian's message, making him have no choice but to wait here. It was as though he was about to piss off when he was suddenly stopped.

Chen Xiang was bored, he could only take out the pill furnace to concoct the pills, and at the same time, condense more creation divine liquid s. He had some Immortal Grade Four medicinal ingredients, but not many of them, and he did not know when he would return, so he had to look for Lv Qilian to retrieve her spirit liquid and duplicate some Level Four Immortal Medicinal Herbs.

He waited for a month, and finally, Huang Jintian.

Huang Jintian was very spirited, when he saw Chen Xiang sitting on the high teleportation altar, he started to laugh maniacally even from far away.

"It's been more than two hundred years. I thought a little kid like you had died." Huang Jintian stood outside the barrier and laughed out loud: "Not only are you not dead, you've even become very powerful, and entered the Immortal-becoming realm."

Chen Xiang looked at him in annoyance, "Master, aren't you dead yet? How have you been all these years?"

Huang Jintian laughed: "I am together with Mao'er. With the help of this little cat, I can barely survive."

Chen Xiang snorted, "You must have ordered him to help you kill Holy Beasts all day long, right?"

"Let's not talk about this anymore. Hurry up and bring me in." Huang Jintian shouted, "I originally came here every few months, and every few years, it just so happened that you ran into me at the time I came back. Otherwise, you would have waited for a few more years."

Chen Xiang walked down the teleportation platform, curled his lips, and said, "Don't worry, I'll only wait two months at most and then leave. Who has the patience to wait here for so many years?"

"Damn brat, I'm your master." Huang Jintian really wanted to ruthlessly hit Chen Xiang on the head, but he was helpless as there was a powerful barrier separating them.

Chen Xiang walked out of the barrier and took out his divine tripod. He said, "This is the only way to get you out of here."

Huang Jintian knew that Chen Xiang, this divine cauldron, was specially used to store corpses and so on. His expression became a little unnatural.

"That's decent enough. It'll only take an hour at most." Chen Xiang said: "Hurry up, if I wasn't in a rush to return to the Nine Heaven World, I would have continued to stay in Tiandu."

"What? You're actually in Tiandu City? You brat, you've been living there for over two hundred years. I'm being chased and beaten up by Saint Beasts all day. There are many times where I almost died. This is too unfair." Huang Jintian scolded as he jumped into the divine furnace.

Chen Xiang shrunk the Spirit Cauldron and walked into the enchantment. He climbed onto the teleportation platform and pierced the Green dragon demon-slain broadsword through the hole, opening Transmission array and returned to the stone room at the bottom of the Meteor Mountain Range.

After coming to the surface, Chen Xiang looked around, and did not feel any changes. The only difference was that the flowers and plants here had increased, so he released Huang Jintian.

"Master, is there any big change in the Nine Heaven World? Why do I have a bad feeling about it?" Chen Xiang looked around him and felt an indescribable pressure in his heart.

Huang Jintian pinched his fingers, as if he was calculating something, and his face became extremely serious.

"I didn't expect it to be so fast. Di Tian has already returned to his position. Dammit, we teacher and disciple have missed that day." Huang Jintian scolded: "I wonder what kind of bird it is now."

[Chapter 1554](#)

Di Tian really came back, although Chen Xiang had expected it, but he never expected it to be so sudden.

"What will happen now?" Chen Xiang asked, "Originally, would the powers in Nine Heaven World think of a way to take over Di Tian?"

I wonder how long the Evil Dragon Graveyard with your dragon fountain can hold on for, Di Tian will return to his position, and the immortal qi there will be the same as before. The dragon fountain will become a Spiritual crystal, and it's more likely to be a celestial jade. Huang Jintian said: "I wonder how strong that Dragon Subduing School of yours is as a whole, after all, it's only been two hundred years."

Chen Xiang and Huang Jintian hurried towards the closest immortal palace to find out more detailed information.

After entering one of the immortal palaces, Chen Xiang and Huang Jintian learned a lot of shocking news.

Originally, many of the major powers of the Nine Heavens had moved their headquarters to Di Tian because the evolution there was extremely strong. It wasn't immortal energy, but holy spirit energy.

Di Tian had returned more than twenty years ago, and many conflicts had already broken out up there. Among them, the Dragon Subduing School of Chen Xiang had been attacked a few times, and the entire Dragon Subduing City had been destroyed, but the Evil Dragon Graveyard was extremely sturdy, and had not been broken through. There were still many experts from great powers buried in the Evil Dragon Graveyard, and right now, the place had already become a place filled with an aura of death.

"This bunch of bastards, sure enough they attacked my Dragon Subduing School, it was hard to escape from them being outside the Evil Dragon Graveyard." Chen Xiang was furious.

"Don't worry, we're not weak right now. When we go back, we'll deal with it. Damn it." Huang Jintian patted Chen Xiang's shoulder.

The Hundred Flowers Immortal Palace had already moved to the Di Tian. The Demon Empress Lv Qinlian had already set it up on the top, and with the return of Di Tian, the Hundred Flowers Immortal Palace would be able to easily make it up.

The main force that attacked the Dragon Subduing School were Chen Xiang's previous great enemies, such as Imperial Dragon Race, Fire Divine Palace, and so on.

After knowing that the Evil Dragon Graveyard was very sturdy, Chen Xiang felt more at ease. However, he did not go to Di Tian immediately.

"I still have things to do here. Master, go to Di Tian first and help me investigate who attacked me. Wait for me to return, then we can launch a huge counterattack." Chen Xiang said.

"Alright." Huang Jintian used the Transmission array to teleport to Di Tian.

Chen Xiang suppressed the anger in his heart and teleported to the Demon Imperial Palace and the Devil-suppressing Divine Palace's headquarters.

"This ancient Devil-suppressing Divine Palace is unable to migrate to Di Tian. The things left behind by the Devil-suppressing Heavenly Venerable should be here." Chen Xiang walked into the Devil-suppressing Divine Palace and took out a signboard to prove his identity as hall master.

"Hundreds of Flowers Heavenly Emperor... Isn't it the hall master who went missing two hundred years ago? When a hall master that was left behind saw that jade tablet, he felt his heart shake. This was a hall master that was over 200 years old, and his status was much higher than his.

Chen Xiang said: "I was cultivating in seclusion, I did not expect that it would be two hundred years. Furthermore, I have made a big breakthrough, I am here to challenge the Divine Palace Protectors."

There were only a few ancient Devil-suppressing Divine Palace s left to guard this place. When they heard that there was a Hall Master challenging the Divine Palace Protectors, they all took a deep breath, because the Divine Palace Protectors were all very strong.

"What, aren't they here?" Chen Xiang asked.

"This... They are all in Di Tian, you should be going to that place. " The hall master here said,

Chen Xiang secretly said to Long Xueyi: "Help me inspect this Devil-suppressing Divine Palace. That place is the most secretive and has powerful restrictions. I am too lazy to look for that Divine Palace Protectors."

"Are you planning to barge in? I like it. Wait a minute." Long Xueyi laughed, and immediately went to investigate.

Seeing Chen Xiang standing there motionlessly with his entire body brimming with fighting intent, the few old fellows here all perspired. Chen Xiang entering the Immortal-becoming realm, merging the God Power and Saint Force, adding the powerful Body of Heavenly Sage, his strength was deep and unfathomable. The moment he stood there, just releasing his aura, it would cause them to be unable to breathe.

The experts that were guarding this place were all gathered in Di Tian. Although the ones that were left here were all powerful Immortal Kings, they were all nothing in Chen Xiang's eyes.

"This Devil-suppressing Divine Palace has one hundred floors in total, but the upper part is added at the end, probably to cover up the things that are hidden in the middle. It should be on the fiftieth floor." Long Xueyi said: "Let's take the stairs, there is a powerful array outside protecting us, it is more difficult to enter from the outside."

Chen Xiang nodded and then rushed up the stairs. Seeing Chen Xiang suddenly going in, those elders were shocked and hurriedly tried to stop him, but Chen Xiang was already nowhere to be seen.

"It is forbidden land up there. Quickly inform Divine Palace Protectors and the Lord Hallmaster that this fellow is crazy." An old man shouted.

The lower floors were all normal, and there were many rooms of various sizes. But when Chen Xiang reached the fiftieth floor, it was completely empty, and in the middle, there was actually a black metal chest.

"This thing looks very familiar." Chen Xiang saw the coffin-like black chest, and couldn't help but exclaim: "I've seen it in the Evil Divine Palace, the boxes that the Evil Emperor left behind are exactly the same."

In a flash, Chen Xiang arrived beside the black box. There was a groove there, from the lines on the groove, Chen Xiang could clearly see that it was possible to put the Holy Devil-suppressing seal down.

There were many people rushing over from below, Chen Xiang did not care about them, he took out the Holy Devil-suppressing seal and placed it into the groove, only seeing a black box flash, and became a jade box.

"It's exactly the same as what Evil Emperor left behind. Back then, there was a method to go to Heavenly Evil Realm's box. Could it be that Devil-suppressing Heavenly Venerable also went to a Heavenly Realm?" Chen Xiang opened the lid and inside there was a seven story golden pagoda. At the bottom of the box, there were many Spirit grain s and some ancient characters.

"The Demon God's Suppressing Pagoda should also be a good item that the Devil-suppressing Heavenly Venerable has. Why didn't he want it after he went to the Heavenly Realm?" Chen Xiang was extremely suspicious. He kept the jade box, but at that moment, a group of people had already rushed over.

"So fast." Chen Xiang looked at a middle-aged man dressed in golden armor and laughed: "You must be Divine Palace Protectors."

As the Divine Palace Protectors here, he obviously knew that there was a black coffin in the middle of this place, but it had disappeared now. This caused him to be shocked in his heart, because the black coffin was very difficult to move, and the strongest among them had once tried to lift it, but they were unable to do so.

But now, it was missing. This could only mean that this person had something to open the black coffin.

As for the thing that opened the black coffin, it was only the Holy Devil-suppressing seal. Because of how powerful the black coffin was, the experts of the Devil-suppressing Divine Palace thought that the powerful treasures left behind by the Devil-suppressing Heavenly Venerable were inside. Now that they saw the black coffin being snatched away, their hearts were filled with jealousy and anger.

"What about the black coffin?" The Divine Palace Protectors asked angrily.

"Among my Storage magic treasure, I originally planned to first challenge you guys before taking them away, but I was too lazy to look for you guys at Di Tian and there weren't any powerful people guarding this place. Thus, I came up myself." Chen Xiang smiled. He actually laughed when he took away such a precious thing in this place.

There was only one Divine Palace Protectors that had arrived, and his strength was only at the First Cycle of the Sacred Transformation Realm.

"How did you open it?" Divine Palace Protectors had already taken out a sacred sword and his face was ice-cold. To dare to charge in and take their sacred artifact, this was a great humiliation to them.

Chen Xiang took out the Holy Devil-suppressing seal, changed back to his own appearance, and laughed: "It's precisely used to take away this thing. I have the Holy Devil-suppressing seal, but it's the hall master of the Devil-suppressing Divine Palace, it's just that you guys won't admit it."

"Chen Xiang." The old men behind him were all incomparably shocked. They had always thought that Chen Xiang was hiding inside the Evil Dragon Graveyard, but he actually appeared here.

"That's right, I'll give you guys a chance. As long as you recognize me as the Lord Hallmaster of the Devil-suppressing Divine Palace, I can spare your lives." Chen Xiang said seriously.

"Humph, if you hand the Holy Devil-suppressing seal over, I can leave you an intact corpse." When the Divine Palace Protectors saw the Holy Devil-suppressing seal, his eyes burned with passion. Obtaining this was equivalent to obtaining the inheritance of the Devil-suppressing Heavenly Venerable.

Chen Xiang's expression turned cold and said in a cold voice, "Since you want it, I'll give it to you."

He threw the Holy Devil-suppressing seal in his hands with all his might. When the Holy Devil-suppressing seal flew over, it suddenly became big, bringing along a terrifying wave of Devil-suppressing magic power, causing the entire Devil-suppressing Divine Palace to shake as well.

Chen Xiang was using God Power now, and it was Immortal-becoming realm, which was many times stronger than the previous Holy Energy. Now, the Holy Devil-suppressing seal was flying towards him, bringing with it a strong pressure, as if it could crush everything.

Sensing the terrifying power, the Divine Palace Protectors's face changed, as he anxiously slashed at the incoming Holy Devil-suppressing seal.

The word "subdue" suddenly flashed out and pressed towards the Divine Palace Protectors, crushing him with a majestic power.

The word Zhen pierced through Divine Palace Protectors's body, without making any sound, the Divine Palace Protectors turned into a cloud of smoke, causing the entire place to become deathly silent, only the crisp sound of the holy sword hitting the ground resounded.

Chen Xiang opened his palm and the Holy Devil-suppressing seal slowly surfaced from his palm, as if it had fused with his body.

Seeing this scene, the elders knew that the Holy Devil-suppressing seal had already accepted Chen Xiang and had fused with him. One of the old man anxiously shouted: "Greetings Lord Hall Master, I am willing to follow you."

Following that, a group of people started to shout out.

No one else wanted to die, although they were considered strong in the Ninth Heaven, but Divine Palace Protectors, which was much stronger than them, had already died to the point where not even dregs remained. At this moment, they were extremely afraid of Chen Xiang.

Chen Xiang picked up the holy sword, and then said indifferently: "I remember all of you. In the future, if I see you together with that group of impostors, it would be equivalent to betraying me, and your fate would be the same as that guy."

[Chapter 1555](#)

Chen Xiang had the Holy Devil-suppressing seal in his possession, and also received the majority of the Devil-suppressing Heavenly Venerable's inheritance, but he did not want to take over the Devil-suppressing Divine Palace. In his eyes, this was equivalent to a mess, the Devil-suppressing Divine Palace was not the one that was created at the beginning, and had long deviated from the original intention of establishing the Devil-suppressing Heavenly Venerable.

However, he felt that it might be Lv Qilian who would take over in the future. After all, this was something that her father had left for her, and she had learned even more Devil-suppressing kungfu.

When this news spread out, it immediately caused a huge uproar. Very soon, it reached the ears of Di Tian, who was a gathering of experts.

Chen Xiang was the master of that dragon vein, and right now, the dragon vein was being fought over by many great powers. Now that Chen Xiang had appeared, and he even easily killed a Divine Palace Protectors, it could be seen that his strength had increased by a lot, causing the great powers to feel some pressure.

Because of Di Tian's reappearance, the other nine days were relatively desolate. Many great powers all moved to Di Tian, who possessed the Holy Spirit Qi, and occupied their own territories there, taking over some of the large and small sects that were originally on top of Di Tian.

Chen Xiang headed towards the original Hundreds of Flowers Immortal Country and came to the Hundred Flowers Mountain Range, searching for the mountain peak that the Grandma Lv lived in. He wanted to find Bai Ziqian and tell her about Bai Youyou's current situation, but that mountain range was no longer there and had been destroyed by someone.

"Could it be that Grandma Lv also went to Di Tian?" Chen Xiang looked at the endless sky. He knew that Di Tian was right above him, but he was too far away from here, so he couldn't see him with the naked eye.

"Go to Di Tian." Long Xueyi said: "It's so lively over there, how can I leave you behind. Besides, it's about time for me to complete my mission."

Chen Xiang came to a hundred flower palace and stepped into the Transmission array.

"You need to find the Imperial Dragon Race for revenge." Chen Xiang was one of the few Bai Long. Her mission was to take revenge on the Imperial Dragon Race, and she had grown up extremely fast following Chen Xiang over the years.

"That's right. Maybe your sister is already waiting for me." Long Xueyi said.

"Youlan as well." Chen Xiang suddenly became a little worried, "I also have a grudge with the Imperial Dragon Race. Why don't I go with you guys?"

"No need, Youlan and I are just going to teach the Imperial Dragon Race a lesson first so they can prepare themselves. Don't worry, I won't let anything happen to Youlan." Long Xueyi said: "You still don't believe in my strength?"

When the Transmission array opened, Chen Xiang and a few other people were teleported to Di Tian. Those people all had the strength of Immortal King, after collecting the Spiritual crystal, they immediately rushed to Di Tian to take a look at Di Tian's eyes.

The place he had come to through the Transmission array was a relatively ancient city and was not newly constructed. However, to have such a large scale Transmission array, it must have been taken over by a powerful force. He asked around and found out that this was the Flower Emperor's Di Tian.

"From the Hundreds of Flowers Immortal Country to Di Tian, you have come to the territory of the Hundreds of Flowers Palace. Looks like the Hundreds of Flowers Palace has occupied quite a lot of land. They should be the Demon Realm of Di Tian. Sister Lian has already taken control of this place." Chen Xiang walked onto the street and saw a group of people walking past.

Long Xueyi said: "We will separate for now, this is a place that you are familiar with, and you are also a Immortal-becoming realm now, I do not need to worry about you."

Chen Xiang laughed and scolded: "So it turns out that in your eyes, I have always been a child. Speaking of that, I'm actually worried about you."

Long Xueyi and Chen Xiang had interacted with each other for so long, and the two of them had even dual cultivated with the Gods join method before, so their relationship could already be considered to be rather deep since they were husband and wife. Now that they suddenly had to leave each other's side for a period of time, they couldn't bear to part with it, and they were also extremely worried about the other party.

"I'll be back at one o'clock. You have so many delicious things here, how can I bear to leave you?" Long Xueyi laughed and suddenly left the ring. He turned into a wisp of smoke and floated away.

There was no one inside the Serene Jade Ring now. Looking at Long Xueyi who had disappeared into the distance, Chen Xiang suddenly felt lonely.

"Only myself." Chen Xiang looked at the majestic palace at the end of the street.

Chen Xiang was currently using his own appearance to walk amongst Di Tian. He was very confident in his current strength, he didn't need to change his appearance to look like anyone else.

It had been a long time since he left Di Tian, but many of the older generation still recognized him. Looking at his face, they initially felt that it was hard to believe, because right now, Chen Xiang did not have any kind of aura nor any kind of might.

After knowing that it was Chen Xiang, everyone immediately opened up a path, causing the people on both sides of the street to be in discussion. They did not know why Chen Xiang wanted to go to Hundreds of Flowers Palace.

There were many reasons why Chen Xiang went to the Hundreds of Flowers Palace. One of them was to find the location of the Grandma Lv, so he could quickly find Bai Ziqian. The other reason was that he wanted to find Lv Qilian and find out where the Alive Slain Method was.

When Chen Xiang arrived at the main door of the Hundreds of Flowers Palace, he immediately walked in. The guards did not stop him, probably because they had received Lv Qilian's orders.

When he appeared on the main street, the news had already spread to the Hundreds of Flowers Palace. Not long after Chen Xiang entered the Hundreds of Flowers Palace, he saw Little Lizhi and Lv Qilian walking out.

Lv Qilian was Lv Qilian's younger sister, so the two of them had a very good relationship. The Little Demon Empress had long since gone to Di Tian to lay a good foundation, so after Di Tian returned to his position, the Hundreds of Flowers Palace moved up very easily.

In the beginning, because of Lv Qilian's battle with a powerful Evil Snake King, she was poisoned by the strange poison and was severely injured. In the end, she could not allow her own Demon Charming Association to retreat, and secretly developed all over again.

Although Lv Qilian was a Spirit Demon who had transformed into a lotus flower, she did not have a trace of Spirit Demon Qi on her body. She was elegant, sweet, gentle and lovely, with an aura that was not from the mortal world.

Little Lizhi, who was beside Lv Qilian, had a cold face as usual. She did not have a smile and had a head full of short hair that fell to her shoulders.

"Sister Lian, I missed you so much." When Chen Xiang saw Lv Qilian, she quickly walked forward and hugged Lv Qilian, allowing her delicate body to stick close to him. Especially Lv Qilian's well-developed chest, which was squeezed tightly onto his body.

[Chapter 1556](#)

Lv Qilian did not expect that Chen Xiang would be so passionate the moment he saw her, holding her tightly and wanting to merge her into his body. Sensing Chen Xiang's deep thoughts, Lv Qilian was moved, her face flushed red as she pouted: "Brat, don't forget about the reflection of my body."

Back then, Chen Xiang and Lv Qilian had been together for a period of time, and many of the time, the two of them had been intimate with each other, both having feelings for each other. However, once they started to get emotional, Lv Qilian's body would emit a very powerful Poisonous scent, and even Chen Xiang's Devil-suppressing Golden Body would not be able to resist it.

"I'm very powerful now, I'm not afraid. Besides, Sister Lian, you can definitely control those Poisonous scent." Chen Xiang said while grinning. At this time, he was still carrying away Lv Qilian's fragrant and soft body, unwilling to let go.

Little Lizhi had already witnessed Chen Xiang kissing with Lv Qilian before, and now that Lv Qilian's sister seemed to have done something bad to Chen Xiang's evil hands, she actually looked to be in such a good relationship.

"Let go!" Lv Qinlian whispered to herself in a sweet voice as she pinched Chen Xiang's waist, letting him go from her warm embrace.

Chen Xiang laughed while looking at Little Lizhi, "Little Lizhi, you look alright. After coming back from that Sacred Domain, you have improved quite a bit.

As he said that, he was about to embrace Little Lizhi, but Little Lizhi avoided it very quickly.

"Brat, stop messing around, quickly go see my sister. She is often praised by me with great difficulty, and I have heard about you saving her and Little Lizhi." Lv Qinlian pulled Chen Xiang's hand and walked towards the great hall in front.

Little Lizhi walked in front and asked softly, "You have stayed in that Sacred Domain for more than two hundred years."

"Yeah, I got a lot out there."

Lv Qinlian replied. At this moment, he was holding Lv Qinlian's soft and jade hands and massaging them lightly, Lv Qinlian did not feel repulsed by it, a woman like her who was covered in poison could only be suppressed by Chen Xiang's Devil-suppressing Golden Body. Lv Qinlian knew this, even though she was a Spirit Demon, but after transforming, she still had human feelings, she needed men.

Entering the great hall, Flower Emperor Lv Qilian sat on a large jade chair, inside the great hall she was the only one.

When Lv Qilian saw this, she could not help but frown, especially when she saw Chen Xiang gently rubbing Lv Qinlian's jade hands. She immediately scolded in her heart, she did not expect that this little scoundrel Chen Xiang, would actually already have acted against her little sister.

Seeing her sister's gaze that was off, Lv Qinlian snorted lightly and flung away Chen Xiang's hands. Then, he stood beside Little Lizhi and kept his distance from him.

Chen Xiang raised her head and looked at Lv Qilian who was seated at the top of the great hall. She was dressed in a luxurious and dignified golden robe, and unconsciously released a strong pressure, her expression was solemn and full of might.

"You have been to the Devil-suppressing Divine Palace." Lv Qilian asked. She had heard about the matter of the Divine Palace Protectors being killed.

I've been there before. I've already opened the thing left behind by the Devil-suppressing Heavenly Venerable. Chen Xiang took out the jade box and placed it in the middle of the hall.

Lv Qilian left the chair and with a flash, he arrived beside the jade box. He carefully examined the profound and ancient patterns on the box.

"Is that the only thing inside the black coffin?" Lv Qilian frowned, feeling a little disappointed.

Chen Xiang took out a small pagoda and smiled: "There's still this, but I won't give you this. I promised to help you find the whereabouts of the Devil-suppressing Heavenly Venerable, but I never promised to give you the treasure that I found."

"No trace of him."

Lv Qilian had to desperately save her and Little Lizhi time and time again, but she had yet to repay his gratitude. No matter how presumptuous Chen Xiang was in front of her, she could not bring herself to be angry at him.

Little Lizhi and Lv Qilian also looked at the jade box. They were familiar with formation Spirit grain, but could not understand what those Spirit grain meant. They were closest to Lv Qilian, and they already knew that Devil-suppressing Heavenly Venerable was her father.

"You don't understand. The Spirit grain above can actually set up a Transmission array and teleport them to a Heaven Realm. I just don't know what kind of Heaven Realm it is." Chen Xiang caressed the Spirit grain above, pointed to the small ancient characters and said: "When I was trapped inside the Evil Divine Palace by those bastards, there was a jade chest left behind by the Evil Emperor, which also pointed to the Heaven Realm. That Heaven Realm is called the Heavenly Evil Realm."

Chen Xiang said, "You should all know how terrifying the Heavenly Realm is. Take the Sacred Domain for example, the central region is much more terrifying than what you imagine."

Little Lizhi said, "Right now, there are two Sky Regions that have opened their doors to Di Tian and are trying to rope in some of the big powers., Heaven Sword City and the others have all pledged their allegiance to the Di Tian and we have also received the invitation.

"I've found the clue, Flower Emperor. Now it's your turn to fulfill your promise, right?" Chen Xiang said: "This jade chest is for you. Whether or not you want to go to that sky region to look for the Devil-suppressing Heavenly Venerable, you decide."

Lv Qilian took out a Storage bag and said: "This is the Immortal Grade's medicinal ingredient that I had promised to give you initially. It's mainly the first and second stage of Immortal Grade's Yuxian Dan."

When Chen Xiang returned from the Sacred Domain, he brought along a large group of Immortal Grade Three Yuxian Dan and Immortal Grade Three Biyuan Dan. However, since it was given to him by the other party, Chen Xiang could only smile and accept it.

"Right, where is the Grandma Lv? Do you two sisters know." Chen Xiang asked.

"I don't know. When our agreement arrives, she leaves by herself. I also want to find her." Lv Qilian shook his head helplessly: "I think she should make a move against the higher ups of Devil-suppressing Divine Palace."

"What about the Alive Slain Method, can you tell me now?" Chen Xiang asked anxiously, the Heaven Earth Killing Method, he was only lacking by this much.

When Lv Qilian heard this, he was slightly surprised. "Sis, you want to pass the Alive Slain Method to him?"

Lv Qilian nodded: "This is an agreement between him and me, and he is also very suitable to learn it."

"Brat, your Evil Dragon Graveyard is being attacked everyday, aren't you in a hurry to go back and take a look?" Lv Qilian smiled at Chen Xiang, as if he was congratulating him in advance for obtaining the Alive Slain Method.

"Of course I will go back. When the time comes, I will let those guys have a good time." Chen Xiang clenched his fist, his face full of hatred.

This was the first time Lv Qilian and the other two girls saw him in such a state. However, they were sure that the big powers that had attacked the Evil Dragon Graveyard were going to suffer.

"Follow me, I will pass the Alive Slain Method to you." Lv Qilian kept the jade chest, and lightly called out to Chen Xiang.

[Chapter 1557](#)

"The Alive Slain Method is with you." Chen Xiang was a little surprised: "So you have been lying to me."

"It's not on me. You'll know soon enough." Lv Qilian walked towards a secret room, but Little Lizhi and Lv Qilian did not follow him, and only Chen Xiang went in.

Arriving at the secret room, Chen Xiang saw a Transmission array. Lv Qilian took off her shiny golden gown and wore only a waist tied to a skirt. Her light attire made Chen Xiang feel like she was going to fight.

"Where's Xiao Xiang? Isn't she by your side?" Chen Xiang walked into the Transmission array and asked.

"She is in the midst of breaking through to the Saint Soul stage. The number of Sword Emperor inheritances in her body is increasing. She is currently immersed in those profound sword techniques every day."

Lv Qilian opened the Transmission array and went into a valley. There was a cliff and carved on it was the profound formula of the Alive Slain Method.

Her voice was gentle as she said, "How are you doing in the Heavenly Domain? Why have you been here for 200 years?"

Lv Qilian was very curious about the depths of the Heavenly Region. She had the ambition to become an emperor, and she knew very well that there were extremely terrifying existences in the Heavenly Region.

Chen Xiang looked at the chants on the cliff, then looked at Lv Qilian. Seeing her red lips, he couldn't help but recall the feeling she had when she violently kissed him.

"I have been doing very well in the Heavenly Realm. I met a pill saint, and I even got a lot of these things." Chen Xiang took out a piece of Holy stone and threw it to Lv Qilian.

Lv Qilian received it and looked at it, then sighed: "As expected, it's this kind of Holy stone. Back then, the people from the two Heavenly Regions used this kind of thing to win over many great powers. Back then, they said that they would give me two million kilograms every hundred years.

Chen Xiang laughed, "How could we, the Hundred Flowers Emperor, want you? After we take you we will have their subordinate strength, and in order for them to prevent you from getting rid of them, they will also properly suppress your powers, leaving you all with no choice but to rely on him in the future."

"That's right, what if it's you? I heard that they plan to use ten million jin to exchange for your dragon's vein, will you agree? With these Holy stone, you can break through the Immortal-becoming realm and become even easier. You will soon become a Saint." Lv Qilian stared at Chen Xiang with her beautiful eyes. She was very curious about Chen Xiang's answer.

Chen Xiang laughed out loud: "Didn't I say before, I have gotten hold of a lot of these Holy stone, and my dragon vein, may become a saint someday, when that time comes, I will have endless Holy stone, these mere five million jin Holy stone want to bribe me, they are too naive."

"Let's not talk about that anymore. Hurry up and get this Alive Slain Method for me. It's up to you, you won't be able to learn it." Chen Xiang urged.

Lv Qilian pointed to a flat rock, telling him to sit there so that he could face the cliff face.

"I don't know if you'll be able to learn it. In short, I spent a lot of effort to get it back then, but my father placed some restrictions on this cliff and only his relatives will be able to get hold of it easily. It should be easier for you to obtain most of his inheritance."

Chen Xiang sat on top of the rock, looking at the dense and obscure incantations, listening to Lv Qilian's light and beautiful voice, and breathing in the spiritual aura of the mysterious valley, allowing him to gradually enter into a strange state.

"You are a Divine Cultivator, and I will allow my soul to enter your Divine Sense Sea. You can resist me as much as I can." Lv Qilian's voice had already resounded in Chen Xiang's mind.

"Yes." Chen Xiang replied, then asked: "Big Sis Qilian, were you a divine cultivator before you became a saint?"

"No, I only managed to cultivate God Soul after becoming a Saint. Most people do so after becoming a Saint. Have you entered the Saint realm yet?" Lv Qilian was very curious about Chen Xiang's current strength. She knew that Chen Xiang was very strong and could completely restrain his aura, causing her to be unable to see through him.

"It's just that the Immortal-becoming realm has been changed." When Chen Xiang finished speaking, he had already sensed that Lv Qilian's soul had begun to enter his Divine Sense Sea. He immediately closed his eyes and relaxed his entire body, as he really didn't want to resist Lv Qilian at all.

Lv Qilian cried out in alarm: "In that case, for your sacred energy to fuse with the divine power, that kind of power is extremely terrifying."

Lv Qilian had already known that Chen Xiang possessed a terrifying amount of Holy Energy before he had turned into a Holy Emperor.

"Hehe, now that you know how powerful I am, you can relax. I will definitely treat Little Lizhi and Qinlian well in the future." Chen Xiang laughed sinisterly: "If Qinlian the Little Poison Demon wants to find a man, I'm afraid in this world, only I am suitable for her."

"Say it again." Lv Qilian scolded: "You really are a bastard, what kind of bewitching soup did you actually throw at Qinlian?"

Lv Qilian had already entered Chen Xiang's Divine Sense Sea and saw that the vast ocean was emitting a silvery white radiance that undulated up and down, looking extremely vast.

Lv Qilian, who was inside the Divine Sense Sea, had a face full of astonishment. Especially when she saw the five beast-shaped Heavenly Pellets in the Divine Sense Sea, she was extremely shocked. She did not expect Chen Xiang to actually cultivate five of them.

"Your Divine Sense Sea and soul are actually so powerful." Lv Qilian's soul was currently in Chen Xiang's Divine Sense Sea and her soul was weaker than Chen Xiang's. She was in a strong Divine Sense Sea and it made her feel terrified.

Chen Xiang's soul floated up from the ocean, and he had the same evil smile as his main body. "Now, pass the Alive Slain Method to me."

Lv Qilian's expression was full of vigilance. Although her main body was powerful, her soul was not as powerful as Chen Xiang's, let alone the fact that the five beast-shaped Heavenly Pellets contained a very powerful force. She was very weak in this place.

"What's wrong?" Chen Xiang asked.

"I... Your soul is as strong as the Divine Sense Sea's, you control everything here. I can't pass down the cultivation technique to you in peace, so you should use another method." Lv Qilian said.

"So it's like this. If you want to leave, then leave." Chen Xiang sighed.

"I can't leave." Lv Qilian tried it out and his face suddenly became terrified, "You definitely don't want me to leave in your heart. This Divine Sense Sea is controlled by your will, so no matter how you think about it, it will still affect me greatly."

Chen Xiang was shocked, and asked: "Really?"

Just as he finished asking, Lv Qilian screamed because the clothes on her body suddenly disappeared, and her jade body that was radiating holy light, was revealed without reservation. Chen Xiang opened his eyes wide, took a deep breath, and greedily looked at this flawlessly beautiful body.

"Bastard, what are you thinking?" Lv Qilian's face was filled with anger, she jumped into the silver-white sea water and hid her jade body.

Just now, Chen Xiang had only tried it a little, and as he thought to himself, he saw that Lv Qilian was not wearing any clothes at all.

[Chapter 1558](#)

After fusing with his dantian, he obtained the power of the Heaven Pellet, causing the entire Divine Sense Sea to become stronger. As a result, Lv Qilian, who had a weaker cultivation in the divine way, could only allow himself to be manipulated by Chen Xiang the moment he entered the Divine Sense Sea.

"Do you still want to learn Alive Slain Method?" Lv Qilian was soaking in the Divine Sense Sea, preventing his body from being exposed. He even covered his upper body with his hands, preventing the spring light from leaking.

"I didn't do it on purpose. I'm sorry, but wait for me to calm down." Chen Xiang took a deep breath, he had a strange smile on his face.

"You did it on purpose." Lv Qilian clenched her teeth, she wanted to teach Chen Xiang a lesson in her heart.

Chen Xiang laughed: "You don't have to be so angry, this is only your divine soul. After checking it with my eyes, I can tell that it's slightly different from the size of your physical body."

"Shut up and let me out." Lv Qilian regretted entering Chen Xiang's Divine Sense Sea very much.

Just as she finished speaking, she felt herself floating. There was actually a force that lifted her up, allowing her to surface, allowing her to once again be seen by Chen Xiang.

"You ... Stop thinking so much and turn your head away. " Lv Qilian shouted anxiously, he did not care about being angry anymore.

Chen Xiang anxiously turned his head, but Lv Qilian immediately floated in front of him, allowing him to once again see her beautiful and naked body.

"I really didn't mean to." Chen Xiang looked helpless, seeing Lv Qilian who was so angry that he had nothing to say, he immediately explained. "Once I calm down my mind, it will quickly be over."

Chen Xiang closed her eyes and breathed in deeply. She no longer looked at Lv Qilian's alluring body, no longer imagined some unbearable scenes, and she controlled her mind. Before long, a set of clothes appeared on Lv Qilian's body.

Lv Qilian was also relieved, she was afraid that if this continued, she would cause trouble, and she could understand Chen Xiang's dirty thoughts. Right now, she could only blame herself for telling Chen Xiang those things, if not Chen Xiang would not have those thoughts.

"Stop thinking about it. I'll just pretend that what happened just now never happened." She didn't dare to be too strict with Chen Xiang right now either. She was worried that Chen Xiang would have an even more preposterous idea and that it would become her worst nightmare.

Chen Xiang hurriedly nodded his head: "Hurry up and pass the Alive Slain Method to me."

"Relax a little, I'll try to see if I can impart my Alive Slain Method into your soul." Lv Qilian placed her jade hand on Chen Xiang's forehead.

Chen Xiang closed his eyes. Unknowingly, something new had appeared in his memory, causing him to be extremely happy: "It worked."

"Yes, while looking at the chants above the cliff, compare them to the chants that I sent into your soul, this way, you should be able to completely integrate them into your soul. If you want to master the Heaven Earth Killing Method quickly, there's no such stone tablet, so you can only use this method." Lv Qilian said.

"There's a lot of content. It looks like it'll take a long time." Chen Xiang said: "Will it delay your business?"

"It's nothing, it's more important that I pass on my skills to you." She sincerely wanted to repay Chen Xiang. Although she was a high and mighty Flower Emperor, she was also a loyal person.

"Sister Qilian, why is your soul so weak?" Chen Xiang should have been cultivating his soul for a period of time, but he was actually inferior to him.

"Your soul is too strong. Under normal circumstances, my soul can be considered very strong. I really don't know how you cultivate it." Lv Qilian snorted, thinking back to what happened earlier, she felt embarrassed.

's soul had already started cultivating since a long time ago. Cultivating the Divine Arts was the Imperial Dragon Race's powerful Nine-turn dragon god mantra, especially when he was in the nine transformations, the power of the Nine-turn dragon god mantra could be seen from it. In addition, Chen Xiang often trained with Long Xueyi inside the Divine Sense Sea for dual cultivation with Long Xueyi's powerful soul.

"Sister Qilian, I have a spiritual cultivation method. I can guarantee that it can help your soul become stronger quickly." Chen Xiang said.

"I've been practicing my current cultivation technique for a very long time. Suddenly changing my cultivation technique to another one wouldn't work." Lv Qilian was somewhat regretful.

"This... My cultivation technique is called the Gods join method, and is a duo cultivation technique ... "

"Stop talking." When Lv Qilian heard the name, she had already guessed it. She had heard of it before and thought that it was just a legend, she didn't think that there would actually be such a thing.

"Then forget it, isn't it just a soul? What's the big deal? It's not like it's the main body." Chen Xiang curled his lips: "If you want to become a real Flower Emperor, then the strength of your soul is a must. Your current soul is too weak, so that half-crippled Fire Emperor is definitely stronger than you, and you still have Imperial Dragon Race's dragon."

Lv Qilian scoffed, "What good is this to you? Your soul is so strong, even if you practice that technique, the one who will suffer is you, right?"

"This is for your own good. Kindly treat her like a donkey's liver and lungs." Chen Xiang sighed.

Three days had passed and Chen Xiang finally obtained the Alive Slain Method. The next thing he needed to do was to integrate all of the parts of the Heaven Earth Killing Method and circulate them together.

"Hmph, why can't I go out yet?" Lv Qilian wanted to leave Chen Xiang's Divine Sense Sea, but after trying for a while, he was unable to do so. "You don't want me to leave at all from the bottom of your heart, hurry up and control your mind."

Chen Xiang was startled, then said with a face full of grievance: "I don't have that kind of thought, I really do."

Lv Qilian clenched his teeth: "You definitely do, and moreover, that kind of thought is very strong, it has already entered your heart, this is going to be troublesome."

"Then what do we do? I really don't want to do this." Chen Xiang's face was full of innocence. He also wanted Lv Qilian to hurry up and leave his Divine Sense Sea so that he could start training in the Heaven Earth Killing Method. He had gathered everything now and really wanted to try it out.

"How should I know? This is the first time you've encountered something like this, and it might be because of something in your heart. If you don't remove that desire, it will be difficult to dispel that desire in the depths of your heart, hmph." Lv Qilian thought about something, and an ugly face and a blush appeared on his face.

With regards to matters like the soul, without Long Xueyi, Chen Xiang wouldn't be able to understand it at all. At this moment, he started to miss Long Xueyi.

Chen Xiang said: "Then can we wait a few more days? I'll cultivate on my own and see if it can make me forget about some things while I cultivate. That way, you can go out when the time comes."

Lv Qilian was very helpless. When she came, she had expected that it would take a lot of time, so she could only wait and see.

Chen Xiang didn't have any evil thoughts right now, he just wanted to quickly cultivate the Heaven Earth Killing Method.

[Chapter 1559](#)

In order to not make Lv Qilian feel lonely, Chen Xiang did not hide his soul. He started to organize the incantations for the Alive Slain Method, looking for the common ground among the five sets of Heaven Earth Killing Method, but he could not find anything, because the content was too complicated, too obscure.

"I wonder if the Philosophic stone is useful." Chen Xiang took out the Philosophic stone, and then began to comprehend the Heaven Earth Killing Method. Before long, the Ground killing, Celestial Slain Method, God slain method, Beast Slain Method, and all the chants in his mind started to disperse, and then merged together.

With the help of the Philosophic stone, the scattered Heaven Earth Killing Method started to reform and fuse together.

Lv Qilian's body was currently seated on a stone beside her, and her soul was still in Chen Xiang's Divine Sense Sea. Since her soul could not return to her, her physical body was equivalent to having no soul.

At this moment, she felt that something was wrong within Chen Xiang's Divine Sense Sea. Chen Xiang's soul had suddenly disappeared, and the entire Divine Sense Sea had started to churn. She had no choice but to float high in the sky to avoid being splashed by the sea water inside the Divine Sense Sea.

"This little brat, I wonder how he cultivated his Heavenly Dan to the beast form, and he even has a spiritual nature."

Lv Qilian floated in the air, a White Tiger that looked like a little kitten suddenly ran to her side. Although it was emitting killing intent all over, its appearance was extremely adorable, causing her to be unable to resist lifting it up and stroking it gently.

"These are all Heavenly Cores in the state of the soul." Lv Qilian felt that the little white tiger in his arms had a very strong divine soul and couldn't help but exclaim, "If I were to become stronger in the future, by releasing this divine soul, I can quickly condense a body. I wonder how terrifying that would be."

Chen Xiang's Divine Sense Sea only had Hai He Tian, the sky was covered in a layer of white mist, at this time, she was like the Divine Sense Sea, crazily churning and surging, the beast type Heaven Pills inside the Divine Sense Sea were jumping around in excitement, it made Lv Qilian's heart jump. She had cultivated for hundreds of thousands of years, but this was the first time she saw someone's cultivation method being so strange.

"This... Isn't that the Green dragon demon-slain broadsword?" Lv Qilian suddenly saw the Divine Sense Sea below him. A huge green blade suddenly floated in the air, flickering with green light.

"It's not a Green dragon demon-slain broadsword, it's a Green dragon demon-slain broadsword's soul blade." Lv Qilian took a deep breath: "As expected of a divine weapon, just that the soul of the blade is so much stronger than my soul, if the Green Dragon Celestial Pill had also entered the divine blade, the blade would probably be even more powerful."

Soon after, the profoundwu diamond armour also appeared in the Divine Sense Sea, hanging in the sky like a golden curtain in the sky.

When Chen Xiang was in the Absolute Monarch Sanctuary, she had revealed the profoundwu diamond armour in front of Lv Qilian and Little Lizhi. was not surprised at this moment, but seeing a pair of relatively smaller white gloves floating in front of the little white tiger, she immediately guessed what it was.

Lv Qilian had seen this pair of hands many times, but she had never thought of it in that way, and now she was sure that it was the White Tiger Divine Weapon, the Slaughter God's Hand.

All three of the Four Symbols Divine Weapons's treasures were actually on Chen Xiang.

Could it be that it is related to him? Right now, he is only missing the Qilin Divine Weapon, but this doesn't exist, right? "

Lv Qilian didn't know what Chen Xiang was doing to cause the Divine Sense Sea to become like this, but after that, the sword spirit of the Green dragon demon-slain broadsword merged with the Azure Dragon Celestial Pellet, and the sword spirit of the profoundwu diamond armour wrapped around the Black Tortoise's body, causing the Black Tortoise's stiff armour to shine with a golden light.

It was all because of Chen Xiang cultivating the Heaven Earth Killing Method that this happened, Chen Xiang did not expect it to happen like this.

"Why is it like this?" Chen Xiang's voice resonated within the Divine Sense Sea.

"What kind of cultivation technique are you cultivating? The changes in the Divine Sense Sea are usually all related to cultivation techniques. This situation wouldn't happen for no reason." Lv Qilian said.

The Divine Sense Sea had already calmed down, but continued to pour in a huge amount of God Power, continuously opening up the Divine Sense Sea, causing it to grow bigger and bigger. At this point, the Divine Sense Sea was no longer visible, and it was still expanding.

Chen Xiang was still channeling his Heaven Earth Killing Method, but suddenly there was a big movement inside the Divine Sense Sea, the dense white mist in the sky suddenly spread out, revealing a vast blue sky.

Lv Qilian looked up with a face full of surprise.

Following that, there was a huge commotion as well. More than ten mountains appeared, standing tall on a flowery island. As soon as the five beast shaped Heavenly Cores saw the island appear, they immediately charged down, each occupying a region.

Seeing that, Lv Qilian took a deep breath and exclaimed: "Heaven, Earth, Beast, God Power, Life Force, could it be that you have all gathered Heaven Earth Killing Method."

"This... Un, this is all thanks to you passing the Alive Slain Method to me in the end. " Chen Xiang did not want Lv Qilian to know that ...

"You were lying to me before, saying that you only have control over the Ground killing. Heh heh, so it turns out that you have already collected the four parts of the Heaven Earth Killing Method."

"That's right, but it took a lot of my effort to collect it." When Chen Xiang saw the elementary form of a small world inside his Divine Sense Sea, he became excited and continued to operate the Heaven Earth Killing Method, hoping that the small world would become stronger.

"That's the only way." Chen Xiang tried for a day but to no avail. The little world inside the Divine Sense Sea was alternating between night and day, just like outside. Right now, it was night inside, and there were only dozens of dim stars in the sky.

"It's already enough that all the power that has been gathered within your Divine Sense Sea has been able to nurture this small world. If the small world inside your Divine Sense Sea becomes stronger in the future, there will still be divine power being born within it. You don't have to cultivate at all."

Lv Qilian was extremely envious. Back then, Ten Heavens Supreme Lord was able to dominate the Nine Heavens and even those Heavenly Realms were willing to admit defeat because of this state he was in.

Chen Xiang's Divine Sense Sea suddenly loved to be strong again. When Lv Qilian was still unable to go out, it made both her and Chen Xiang very confused.

"Sister Qilian, how about I pass some Heaven Earth Killing Method to you right now?" Chen Xiang said: "I might be able to let you out."

"There's no need. With my current strength, I should specialize in cultivation techniques. Cultivating too much would affect my progress. When I need it in the future, I'll come back to find you. I just want to go out now." Lv Qilian sat on the shore of the island, hugging his knees, looking at the Divine Sense Sea undulating on the ground with a sad face.

Chen Xiang's divine soul appeared by her side, his face was filled with guilt. "I'm sorry, I didn't think that things would turn out like this."

"I was wrong, too. I was too careless." Lv Qilian faintly sighed.

"Why don't we go cultivate the Gods join method? It shouldn't have any effect on you." Chen Xiang suddenly said.

"Hmph, so you've always had this thought in your heart. No wonder I couldn't get out." Lv Qilian glared at him, and said resolutely: "No, don't think too highly of yourself."

He looked at Lv Qilian, and his expression became serious: "Then what do we do? If you don't leave my Divine Sense Sea, I won't be in the mood to do my thing, and I will even delay you."

"Think of it slowly, but I can't do it that way." Lv Qilian's attitude was extremely firm. Even though it was only a union of the soul, she definitely could not tolerate it, even though she did not hate Chen Xiang very much.

Chen Xiang took a light breath, as if he had decided on something, and said to Lv Qilian: "Even if I can't, I can't tolerate you."

"If you want to be strong, come at me." Lv Qilian immediately jumped up and distanced himself from Chen Xiang: "Chen Xiang, there were some contradictions between you and I in the past, but didn't we resolve it later on? Furthermore, we get along well now, I have long regarded you as my good friend and you are also my savior. In the future, I will continue to repay you."

When Lv Qilian said these words, it proved that she was terrified. She didn't want her own soul to be violated by Chen Xiang.

"Forget it, then let's just wait like this." Chen Xiang sighed, laid on the ground, and looked up at the sky.

Lv Qilian heaved a sigh of relief, she had almost been scared to death by Chen Xiang, because in here, she had no way of resisting.

"The Gods join method that you mentioned, can only be kissed, right?" After Lv Qilian asked this question, his face was slightly red.

"I think we can, let's give it a try. Anyway, we've already truly kissed on the body." Chen Xiang suddenly became spirited, causing him to curse a few times in his heart.

Thinking back to that previous feeling, Lv Qilian still cherished it a little. This time, it was she who walked closer to Chen Xiang, whispering: "Only engaged ones, don't act recklessly, don't be so rough."

Having just finished speaking, Chen Xiang pulled her into his embrace. Looking at her beautiful face, he lightly touched it, then lowered his head and grabbed her sweet, fragrant lips.

The last time Lv Qilian had kissed her, she wasn't as immature as before. Under Chen Xiang's guidance, she became extremely proficient, her sweet tongue pandering to Chen Xiang's teasing, as she wriggled her lips and sucked ...

After a while, Lv Qilian wanted to struggle free, because Chen Xiang was not training at all, but taking advantage of her. What made her afraid was, she did not know why, but she had that desire.

"We can't continue."

Lv Qilian suddenly felt his body heating up. It was the same for Chen Xiang, it was a little hotter than her.

"Brat, let me go." Lv Qilian's clothes had already disappeared. Under the control of Chen Xiang's mind, her soul turned into the original state.

"It's over."

Lv Qilian felt her body being petted greedily by Chen Xiang and knew that Chen Xiang had already fallen into the abyss of evil desire. She did not know why, but her heart was also filled with desire and she suspected that it was because she was in Chen Xiang's Divine Sense Sea and was affected by Chen Xiang's strong evil will.

"I'll kill you." Lv Qilian clenched his teeth and said, then cried out in pain, although it was his soul, but the feeling was extremely real.

Chen Xiang and Lv Qilian laid on the beach, entangled together. The waves that kept on crashing into her body gradually weakened, their souls merged with each other and in a very wonderful state, their minds were relaxed, causing the two of them to sink into the sea.

Chen Xiang started to revolve the Gods join method, because in this state, it was best to do so.

Ten days passed just like that, but Chen Xiang and Lv Qilian felt like two hours had passed. That kind of wonderful feeling made them forget about time.

Chen Xiang looked at the dried up Divine Sense Sea, covered his head and said. "I never thought that I would lose so much divine power in one go."

Divine Sense Sea had become very shallow, and at first glance, he could see a dry, cracked ground. The blue sky had already been covered by a layer of filth, and the mountain peaks on the island were originally green, but now they were completely barren.

Lv Qilian's face was rosy, her entire body was filled with spirit energy and surrounded by holy light. At this moment, she could release her clothes by herself, and she was no longer under the control of Chen Xiang's divine will. She did not expect the Gods join method to be so powerful.

"Your foundation has not wavered. You just need to absorb some Saint Force and you will be fine." At this moment, her relationship with Chen Xiang had become very subtle.

Chen Xiang chuckled: "You should be able to leave now, right?"

Lv Qilian nodded, her current appearance was as though something had never happened between her and Chen Xiang. After that, she turned into a ray of white light and disappeared within Chen Xiang's Divine Sense Sea.

Inside the valley, the water flowed, birds cried, and the fragrance of flowers wafted. Lv Qilian finally came out from Chen Xiang's Divine Sense Sea.

Looking at the real world, she couldn't help but think of the illusory world inside Chen Xiang's Divine Sense Sea. However, the things that happened inside were incomparably real, especially the bone-eating infatuation she had with Chen Xiang when she was at the seaside, which made her feel like she was experiencing it firsthand.

"Didn't you say to kill me?" Chen Xiang said smilingly when he saw the intoxicated red on Lv Qilian's face, as if he had seen through her thoughts.

"Hmph." Lv Qilian said crisply, then took out a Stage Four Immortal Yuxian Dan: "Quickly eat it, you are extremely weak right now."

Chen Xiang laughed and opened his mouth, indicating that Lv Qilian should feed him.

"Damned brat, I truly want to kill you." Lv Qilian cursed as she placed the Yuxian Dan into his mouth.

"As expected of the Hundred Flowers Emperor, he was almost squeezed dry by you." Chen Xiang swallowed the pellet, smiled, and said: "You probably can't bear to kill me now, right? Let's do it a few more times, with your cultivation speed, your soul will quickly catch up to mine."

Lv Qilian turned his head, turned his face towards Chen Xiang, and said faintly: "Is this really no harm to you?" That kind of increasing speed made Lv Qilian worry for Chen Xiang.

"No, if our souls are equal, then it will be beneficial to both of us, and we will need to train with the two souls to be able to unleash the Gods join method, if one side has too much of a difference, the stronger side will quickly help him make up for it." Back then, after Long Xueyi had cultivated with him a few times, Long Xueyi would occasionally look for him.

Lv Qilian did not say much.

"Let's go back." She brought Chen Xiang up to a Transmission array, then activated it and returned to the secret room in Hundreds of Flowers Palace.

After Chen Xiang ate that piece of Yuxian Dan, the Divine Sense Sea seemed to have gotten better and became more spirited.

"You're in a hurry to get back. You need my help." Lv Qilian asked.

"No need, your Hundreds of Flowers Palace better not be involved in this matter too much. I don't want you and your Ten Heavens Supreme Lord to be targeted by some powerful people." Chen Xiang caressed her face and laughed: "I can handle my own matters."

Lv Qilian slapped his hand away and said in a low voice: "Then when you use poison, you should be careful. Right now, the Sky Region are already involved."
