

Dan God 1671

[Chapter 1671](#)

Chen Xiang left the Flowing Water Tower, and when he walked out, he saw the Floating Life Inn. In order to see the people from Hou Clan, he could only stay here temporarily.

Just as he entered the inn, the shopkeeper smiled and asked, "May I ask if you are Shen Dafei?"

"I am." The shopkeeper knew that he came, so he was not surprised. It must have been the Water Instant Tower that notified him.

The shopkeeper called for a waiter and arranged for Chen Xiang to stay in a very luxurious room upstairs. This was provided by the Water Instant Tower for free and could last for 10 days.

Issuing a bounty order was enough to enjoy such a good treatment, which gave Chen Xiang a good impression of the Floating City. This was also because he had one billion Holy stone.

To release the bounty tokens and attract attention, Chen Xiang would need to wait for around three to four hours at the fastest. During this time, Chen Xiang could only wait for the people from Hou Clan.

"This inn should be the best inn here, quickly order some delicious food." Long Xueyi quickly urged Chen Xiang on.

"Don't you have a lot of Golden jade fish to eat inside?" Chen Xiang laughed: "It couldn't have been finished by you, right?"

"How could there be such a delicious dish? How could it be eaten in an instant? The pearl and little peacock also ate a lot." Long Xueyi scoffed: "Hurry up and get all the delicious delicacies here, you have too many Holy stone s to spend all of them."

Chen Xiang very quickly brought over a large table, which filled up the hall's round table.

Just as the person who brought the food over left, Long Xueyi appeared and sat on the chair. Her delicate hands were already holding onto something as she quickly stuffed it into her mouth.

Kong Bailing and the pearl also came out from the ring. The pearl was the same as Long Xueyi, it wolfed down food like a tiger, and it did not look like a girl that should eat at all. Kong Bailing who was at the side had always been graceful and gentle when he was eating, it looked like a type of enjoyment to him, a sharp contrast to the two evil spirits beside him.

"Little Peacock, don't try to imitate them in the future. Just keep doing this." Chen Xiang laughed.

"Elder Brother Shen, are you not going to eat?" Kong Bailing smiled sweetly to Chen Xiang and picked up an exquisite fish for him.

"Thank you." Chen Xiang laughed.

Most of the dishes on the table were fish. There was very little land here, and even if there was land, there were very few beasts on the table.

After eating their fill, when Chen Xiang paid the bill, the inn actually did not want his Holy stone, and said it was free.

"We just ate over a hundred thousand Holy stone, for this inn, it's definitely not a small amount. If we ate that much every day, it would be over a million Holy stone in ten days. I had them issue a bounty order, it's only eight hundred thousand Holy stone." Chen Xiang knew immediately that this inn must have some other purpose for doing this.

Long Xueyi laughed: "Free is the best, then I will not be polite even more, tomorrow we will continue, the old man inside the Flowing Water Flowing Tower must have informed the boss earlier, it must be due to the orders from above, that they should properly receive you."

"This kind of advantage, I'll just take it for granted."

Chen Xiang felt that he wouldn't stay in this place for too long. As long as he could find Dongfang Xinyue, he would immediately leave this place.

Only more than two hours later, Chen Xiang's bounty was announced, and it caused a huge uproar. By now, the entire Floating City already knew about the high bounty.

It was the same situation when the Hou Clan had released the bounty. However, it was only a short while since the last time someone had issued such a large bounty and it was still targeting the same person.

Dongfang Xinyue had already become a famous person in the Floating City. Although she had never appeared here before and no one knew her name, her beautiful appearance was deeply engraved in many people's minds, especially those hunters.

At this time, all sorts of fake information about Dongfang Xinyue were spread widely, and there were many versions.

Chen Xiang was resting on the bed when he suddenly heard someone knocking on the door.

"A Saint Lord? Judging from his aura, he isn't any ordinary Saint Lord. He's rather powerful." Long Xueyi said.

After Chen Xiang opened the door, he saw a young man dressed in a black robe. He had a resolute face with a confident smile, his eyes shone with a sharp light.

Just as Long Xueyi had said, he was not an ordinary Holy Lord.

"I'm Hou Zhongming." The man smiled at Chen Xiang: You are Shen Da Fei, right?

Hou Zhongming gave Chen Xiang a good impression, but if Hou Clan wanted to kill Dongfang Xinyue, then it meant that he was Chen Xiang's enemy, but there were no conflicts right now, so Chen Xiang would not rush to make a move.

"Tell me inside." Chen Xiang invited Hou Zhong Ming inside.

"Long story short, why did you capture this woman alive?" Hou Zhongming took out the portrait of Dongfang Xinyue, "I've already heard it, and you also want to know the reason why we killed this woman."

"That's right, I really want to know why you want to kill her. She is very important to me, and she definitely cannot die." Chen Xiang said, "Can you tell me why you want to kill her?"

This was the reason why the Hou Clan sent people to discuss the matter so quickly. The fact that eight hundred million Holy stone were going to capture Dongfang Xinyue meant that Dongfang Xinyue was extremely important to them.

"Because she crippled the future successor of our Hou Clan, we must kill her." Hou Zhongming said with a trace of killing intent in his eyes, "And I am the person in charge of this matter."

Chen Xiang was not too surprised. Although Dongfang Xinyue looked as gentle as water, but he was not a pushover when it came to heart. He was definitely the future heir of the Hou Clan, who was overbearing and forceful enough to be killed by Dongfang Xinyue.

I never thought that it would be like this. Your Hou Clan's successor has been crippled, this should be a huge matter. Chen Xiang was curious, if it was kept a secret, Hou Zhongming would not reveal it.

"This was over half a year ago, and now the young master has completely recovered. Before this, he was unconscious all the time, so I don't know who was the culprit. When he woke up a while ago, we found out about the culprit." Hou Zhongming calmly said, "I hope that you can keep this a secret for us."

"Definitely." Chen Xiang smiled apologetically, the successor of the Hou Clan was crippled, this was not a glorious matter.

This Hou Zhongming called the future successor as young master, showing that Hou Zhongming did not possess the Hou Clan's bloodline, and was only loyal to the Hou Clan.

"Then why did you capture this girl alive? How much do you know about her? We are willing to exchange our Holy stone for her." Hou Zhongming said.

"To be honest, she is my slave. She stole something that is very precious to me, so I want to capture her alive so that she can return that thing." Chen Xiang said: "I understand her very well. Although she is usually a little mischievous, she would not casually hate someone;

[Chapter 1672](#)

When Hou Zhongming came, he had assumed that Chen Xiang had wanted to capture Dongfang Xinyue alive for many different reasons. However, he had never thought that Dongfang Xinyue was actually Chen Xiang's female slave.

Their young master's strength was extraordinary, if not, he would not have been designated as the successor. However, he was instantly crippled by the seemingly young Dongfang Xinyue, and if not for the arrival of the Hou Clan's Holy Master, the young master of Hou Clan would have been killed long ago.

Back then, when the Hou Clan's Holy Saints chased after Dongfang Xinyue in that ocean, the two Holy Saints could sense him but were unable to catch him. In the end, Dongfang Xinyue even managed to escape, proving that Dongfang Xinyue was very strong.

To have such a powerful female slave, the master must be even more powerful.

The young master of the Hou Clan was groomed using a very large amount of resources, but he was no match for a female slave of another person. It would be fine if Dongfang Xinyue was a Saint, but Dongfang Xinyue's cultivation seemed to be lower than the young master's.

"So, it's fine if you want to kill her, but it's best to hurry and find her before I find her. Otherwise, once she returns to my side, I'll be sorry. Also, if she steals my things and falls into someone else's hands, I'll snatch them back without a care." Chen Xiang took a light sip of tea.

Hou Zhongming's aura was already strong to begin with, but the formless aura that Chen Xiang was exuding right now was actually causing Hou Zhongming to feel a lot of pressure, especially the fact that Chen Xiang did not release even a bit of his aura. He looked just like an ordinary person.

Based on his many years of experience, he was very sure that Chen Xiang's strength could rival the Holy Master, so this kind of matter was not something that he could handle.

"Goodbye." Hou Zhongming cupped his fist at Chen Xiang, then quickly left the room.

Chen Xiang sighed: "I need to hurry up and find Warm Moon. Previously, Hou Clan only wanted to take care of her with a low profile, but now, with me here, it won't be long before Hou Clan makes a move."

Legend has it that the Vermilion Bird was inside the Life Forest, and the Hou Clan was controlling the region of the Life Forest. Chen Xiang guessed that Dongfang Xinyue and the young master of the Hou Clan had a conflict there.

Right now, the young master of the Hou Clan was fine, but he would not let Dongfang Xinyue go.

Chen Xiang waited here for five days but there was no news.

On the ninth day, the people of the Flowing Water Tower came over to ask Chen Xiang if he still wanted to continue giving out bounties.

Of course Chen Xiang continued, and he also added a few Holy stone s, telling Water Instant Tower to spread the news as much as possible, especially that life force. Other than that, he also added two hundred million Holy stone s, making it one billion.

"There are a lot of people monitoring this Division Chief outside. It should be the people from the Hou Clan." Long Xueyi said, "Do you want to play with them?"

Chen Xiang shook his head: "No matter who they are, they are not a threat to us. Now, we can already see the attitude of the Hou Clan, no matter what, they want to kill the Warm Moon girl. They have also considered that the Warm Moon would come find me, so they have been keeping watch here."

At night, Chen Xiang suddenly woke up and smiled: "The Warm Moon girl is here, she has worried me for so long, looks like she is quite relaxed."

Chen Xiang and Dongfang Xinyue had Master-servant Contracts, so as long as they were close enough, they would be able to sense where Dongfang Xinyue was at.

With a thought, he circulated his spatial energy, causing the space around him to fluctuate slightly. He then disappeared from the room of the Floating Life Inn.

Chen Xiang appeared in a cluster of buildings within the Floating City. The buildings here were relatively simple and crude, and were not as luxurious as the bustling areas. There were many streets of various sizes here, and Dongfang Xinyue was currently in an unmanned alley.

Chen Xiang followed the weak sensation and quickly arrived behind Dongfang Xinyue.

Dongfang Xinyue sensed that someone was around and immediately started to run, but she suddenly heard Chen Xiang's sound transmission in her head.

"Auntie, it's me."

Dongfang Xinyue stopped, she turned and ran towards Chen Xiang, lightly hitting Chen Xiang's chest, and pouted: "You scared me to death, I risked my life to come here."

Dongfang Xinyue was dressed in a black robe and a conical bamboo hat.

"Aren't I here to protect you?" Chen Xiang held onto her jade waist, letting her come closer, and hugged her tightly: "I was worried about you. If I knew earlier, you wouldn't have come here alone to take the risk."

Dongfang Xinyue changed her appearance, revealing her charming and gentle face, she smiled charmingly: "You're underestimating me, I'm so fierce now ..."

Before she could finish her words, her alluring mouth was suddenly blocked by Chen Xiang. Under the moonlight, in a deserted alley, a girl who was offered a five hundred million Holy stone by the Hou Clan was kissing Chen Xiang ...

"You've really become stronger." Chen Xiang rubbed Dongfang Xinyue's face, then looked at her beautiful face and asked, "You saw the Vermillion Bird?"

Dongfang Xinyue stuck out her tongue that she had entangled with Chen Xiang a while ago, smiled and nodded: "She helped me a lot and taught me a lot of abilities."

"Look at this." She took out a fiery-red bead and said, "This is the inheritance fruit given to me by the Suzaku. I ate one before, so this is for Jingjing."

Chen Xiang told Dongfang Xinyue to keep the Inheritance Fruit carefully, then pulled her through the dimension to return back to the inn.

When Dongfang Xinyue saw this beautiful room, she snorted and said, "You sure enjoy it. I've suffered a lot in this period of time."

"Then I'll make it up to you." Chen Xiang laughed, just as he was about to do something, Long Xueyi suddenly appeared.

When Dongfang Xinyue took Leng Youlan away, she had seen Long Xueyi and knew that he was very powerful.

Right now, Dongfang Xinyue's strength had increased by so much, but in her eyes, Long Xueyi was still very strong.

"Warm Moon, we've met before, there's no need to introduce us any further. It's good that you're fine." Long Xueyi giggled at Dongfang Xinyue. She had followed Chen Xiang for a long time, so she understood the people around Chen Xiang very well.

"Un, Xue Yi, thank you for your concern. You follow him all day, what is your relationship with him?" Dongfang Xinyue asked.

"Well... "For the time being, I'm not sure. In short, I've been with him for a long time, so I know a lot about him." Long Xueyi laughed: "You can just treat me as a good friend or sister. Oh right, is the Vermillion Bird in the Life Forest?"

Seeing Long Xueyi's exquisite and beautiful face, Dongfang Xinyue could not help but reach out to touch her. "You guys want to see her."

Long Xueyi nodded. "Of course, she's an old friend of mine, a very long-winded woman who has affairs with the White Tiger."

"Really?" Chen Xiang and Dongfang Xinyue anxiously asked.

"Wasn't she killed by the White Tiger? She's still brooding over the White Tiger even when she mentions it. Although she said that she hated the White Tiger, she didn't reveal too much of her hatred." Dongfang Xinyue said.

"Go and ask her, and she'll know. Since she's able to create something like an Inheritance Orb, it looks like she's recovering pretty well." Long Xueyi ran to the back of Dongfang Xinyue and played around with his long black hair.

With regards to Long Xueyi's identity, Dongfang Xinyue was even more shocked. Anyone who knew the Vermillion Bird must be an expert from the Ancient Era, she didn't think that Chen Xiang would hide such a woman by his side.

"Oh right, how did you start a fight with the Hou Clan's Young Master?" Chen Xiang asked.

"That guy is courting death. It's already merciful for me to spare his life. If I knew earlier, I would have taken a heavy blow and dealt with him." Dongfang Xinyue said with slight anger: "I met him in Life Forest, said that my appearing in his territory, belongs to him. This guy isn't lecherous, he just wants to snatch all the things on my body."

[Chapter 1673](#)

"Could it be that when we enter the Life Forest, if this guy discovers us, we will all be robbed clean?" Chen Xiang's face revealed a trace of anger, no wonder Dongfang Xinyue was so ruthless.

"I don't know. In short, that was what he said, and even now, others still think that I have offended Hou Clan, but they don't know that it was the young master of Hou Clan who made the mistake. I think that

there must be a lot of people who had been robbed by that guy, that's why Hou Clan hid the reason." Dongfang Xinyue said.

Long Xueyi laughed: "How about we spread the news that the Hou Clan loves face. Although it doesn't have much of an impact on the Hou Clan, it can make their image worse."

"I want to do the same, but it's a bit difficult to control, and it's not easy to spread it, especially to damned places like the Sacred Water Heavenly Realm."

Dongfang Xinyue laughed tenderly: "Oh right, how many Holy stone did you spend on me?"

"If you had appeared a little earlier, I could have spent less, and called over fifty thousand kilograms of Holy stone each day. I had previously called for ten more days of Holy stone." Chen Xiang pinched her pill and asked: "When did you hear this news? Why did you come nearly ten days ago?"

"I was in another city all along, and I only found out two or three days ago. At that time, I also didn't have any Holy stone on me, so the transportation fee here was very expensive. That's why I'm here now." Dongfang Xinyue laughed: "You must have a lot of Holy stone, can you help me buy some things?"

Chen Xiang had a lot of Holy stone and he didn't know how to spend them yet.

"I have a lot of Holy stone, over a billion, but I don't know how to spend them." Chen Xiang said: "What do you want to buy?"

"There are a lot of materials related to refining here in Sacred Water Heavenly Realm. I want to buy a lot of them." Dongfang Xinyue took out a golden stone, handed it over to Chen Xiang, and said: "This is called Saint Golden Stone, it is extremely sturdy, and is a good thing in refining saint artifacts."

Chen Xiang took it, and wanted to crush it, but he used a lot of strength to just squeeze it until it deformed, making it more flexible.

"There are a lot of Holy Golden Stones like this here. At the very least, Di Tian wouldn't find them so easily, but they're very expensive. One catty of these Holy Golden Stone requires one to pay ten thousand Jin of Holy stone, and a hundred kilograms would require one million Jin of Holy stone."

Chen Xiang said: "I remember that I gave you guys a lot of Holy Beast Bones, can't I use those to make Saint Weapons?"

"Of course you can, it's just that those bones aren't as good as these stones. If you have a lot of Holy Golden Stones, they can be smelted into divine Golden Stones." Dongfang Xinyue said, "To refine a Suzaku bow, although having the Vermillion Bird bone is enough, adding some other materials would make the Divine Weapon even more powerful."

"In other words, if I want to refine a Divine Golden Stone, wouldn't that require a lot of Holy Golden Stones?" Long Xueyi asked: "Does the Sacred Water Heavenly Realm really have that many Saint Golden Stones?"

Long Xueyi also knew that the Holy Golden Stone was a good tool to refine Holy Weapons, this was the first time she had heard of it.

"Although there aren't many refiners in the Sacred Water Heavenly Realm, there are a lot of guys here who know about the value of Saint Golden Stones, so their prices have always been very high. However, I think their prices should be much lower than those in the other Heavenly Regions, because there are merchants that are buying them."

"Roughly five thousand kilograms of Saint Gold Stone can be refined into one kilogram. The process is a bit complicated, but I can do it."

Previously, Chen Xiang thought that he had a lot of Holy stone, but after hearing that Dongfang Xinyue wanted to refine the Divine Golden Stone, he suddenly felt that his one billion Holy stone was nothing.

A thousand kilograms of Holy Golden Stone would require a hundred million Holy stone to get a single kilogram of God's Golden Stone. His one billion Spar could only get a few dozen kilograms of God's Golden Stone.

It can be used to refine divine artifacts, and it also requires a very high level of refinement. Fortunately, that divine book has records on it, and Xianxian and the others know it, when the time comes, we can refine it faster and better. "

Dongfang Xinyue stuck out his tongue: "Forging a Divine Weapon would at least take thirty to fifty kilograms, and that's billions of Holy stone."

"That's right, the Holy stone are the problem. I wonder how many of these Sacred Water Heavenly Realm's Holy stone have been mined over the years." Chen Xiang wondered if he could quickly obtain a large number of Holy stone if he were to sell the pills here.

Dongfang Xinyue said: "Most of the Holy stone here are in the hands of some large powers, and the elixirs here are scarce, most of them require those from the outside. If you have a large number of high level immortal pills, and the price is a little lower, you should be able to obtain the Holy stone that the big powers have been storing for many years."

Chen Xiang nodded his head, and started to have a plan. He was planning to obtain more Holy Golden Stone before leaving.

"Yes." Long Xueyi suddenly frowned: "What a strange feeling."

"What's wrong?" Chen Xiang suddenly became vigilant. He was the one who had been offered a bounty of two Divine Deity by the Hell Devil Emperor, and even though he had left the Sacred Domain where the Holy Emperor was gathered, it did not mean that he was absolutely safe here.

"Hurry up and enter." Long Xueyi's expression became extremely serious, "In that instant just now, all the space in this area was sealed off."

Long Xueyi anxiously pulled Dongfang Xinyue into the ring. There was only Chen Xiang left, it would be more convenient for him to escape.

Chen Xiang immediately tried to travel through space, but he found that it was extremely hard. Even when he used a very strong force of space, he was unable to create a single crack.

"As expected, this bunch of guys have found a way to deal with you. Let's see how they deal with you based on the situation." Long Xueyi said, "They first approached this place while concealing their presence, before setting up this spatial sealing restriction."

Chen Xiang was just a little shocked, but he was still very calm. He anxiously walked out of the Floating Life Inn and towards the Water Flowing Tower, but when he saw that there were a lot of people standing at the entrance of the tower and some of them were complaining nonstop, he knew that the power of the spatial seal had invalidated the Transmission array.

This kind of sudden blockade, definitely did not have the Floating City's permission. The people who sealed the space around them were all Saint realm experts, so they naturally did not fear the Floating City.

Those who were able to use Transmission array were usually those who were stronger. Now that they saw the space suddenly being strengthened by an invisible force, they couldn't help but be startled, because the person who attacked them was definitely very strong.

Many people suspected that it was the City Lord who did it. In all of the Sacred Water Heavenly Realm, only the City Lord would dare to do it.

However, the Floating City Lord's voice suddenly sounded. "Everyone, what does this mean? I don't think I've ever offended you before."

"Just to capture the person. If there is any loss, we will compensate you." The answer was like a clap of thunder. It resounded from the horizon and carried with it an extremely powerful aura. One could tell from the voice that it was from an extremely powerful expert.

Chen Xiang thought, "This is the Thunder Emperor. Other than him, I wonder how many more people will come."

[Chapter 1674](#)

"This is my territory. If you had told me in advance, we might have discussed. But you guys were so sudden, you didn't even put me in your eyes." Floating City Lord was one of the Three Water Overlords, so he was definitely not weak. He was not in a good mood because someone had casually barged into his territory and even laid such a powerful barrier around him.

He knew that the other party was from Thunder Emperor, but that did not mean that he was afraid of the Floating City.

Dongfang Xinyue had already found out about Chen Xiang being wanted by the Hell Devil Emperor from Long Xueyi and the others in the Serenity Ring, so she was very surprised about it.

After coming into contact with the Vermillion Bird, Dongfang Xinyue had a good understanding of many rankers and knew that the Hell Devil Emperor was able to use two Divine Deity to place a bounty on Chen Xiang, which was enough to make many Sky Region Emperors take action.

"Liu Fusheng, you are deliberately making life difficult for me, aren't you?" Thunder Emperor's voice carried a trace of anger, because he had already felt the barrier they had set up start to shake, and a power was currently destroying his barrier.

"Lei Hongyuan, you should be the one who can't go against me. Floating City is my territory, how can you just casually block it off?"

Liu Fusheng roared: "Break for me!"

After he roared, thunder rumbled in the sky, and the ocean around Floating City surged over. All the people in the city could see the overwhelming amount of seawater pouncing towards them, but the Floating City had a natural barrier, if the seawater did not fall, it would be blown away by a transparent light barrier.

At the same time, the powerful restrictive space that sealed it was also shattered.

"I really didn't expect that, looks like I have to thank this Liu Fusheng when I have the chance in the future." Chen Xiang sensed that the seal had broken, and immediately channeled his spatial energy, leaving Floating City, arriving at a place very far away from Floating City.

After knowing that Chen Xiang had left, the Thunder Emperor was furious. "Liu Fusheng, do you know who you're going against?"

Liu Fusheng laughed coldly: "Of course I know, it's better to go against the Hell Devil Emperor than to be his dog."

... ..

After Chen Xiang left the Floating City, he guessed that a huge battle might happen there. That Thunder Emperor did not have a good temper, and Liu Fusheng seemed to have a grudge with him.

"The Vermillion Bird Ancestor said that the Liu Fusheng in the Sacred Water Heavenly Realm is a good person. He has an upright and righteous personality, and is one of the few heroes of the Primordial Era. Dongfang Xinyue heaved a sigh of relief, "Let's go to the Life Forest now. With the Vermillion Bird Ancestor there, you should be safe."

Chen Xiang and Long Xueyi had wanted to go see the Vermillion Bird from the start, this was for the best.

"Warm Moon, how is the Vermillion Bird's current strength? If she were to regain her previous peak strength after her rebirth, she would probably go to Di Tian. After all, that is her roots." Long Xueyi asked.

"She said that she has completely recovered and is in the process of condensing her Divine Deity. She might have to wait until she possesses the Divine Deity before she can return." Dongfang Xinyue said, "She told me before that her final goal was the Gods Realm. The Azure Dragon and Black Turtle from that year both went to the Gods Realm."

"Only she and the White Tiger fell and were reborn. They fell behind those two fellows by a huge margin." Long Xueyi laughed: "This means that they are somewhat fated to be together, and might go to Gods Realm together in the future."

Dongfang Xinyue asked with some curiosity, "Xue Yi, what kind of identity do you have exactly?"

Long Xueyi coughed dryly, cleared his throat and said: "I am the Heavenly Dragon Supreme Lord, and the strongest one among all of Nine Emperors and Five Venerables, if it wasn't for the fact that I don't have any ambitions, there definitely wouldn't be anything wrong with that Ten Heavens Supreme Lord."

"This... Is this true? " Dongfang Xinyue was in disbelief.

"Of course it's true. You don't believe me when I ask this little scoundrel." Long Xueyi curled his lips: "For this little scoundrel to have such strength right now, I definitely have contributed greatly."

Chen Xiang laughed: "I didn't believe it before, but I did."

She and Kong Bailing knew that Long Xueyi was the same dragon, but they never thought that he was the Heavenly Dragon Supreme Lord from the legends of the Primordial Era.

"The Vermillion Bird Ancestor said that back then, you were one of the very few people who could condense Divine Deity. After you lent your Divine Deity to Qi Shi, you were ambushed by other powerful dragons, and you died from then on." Dongfang Xinyue said.

Back then, the dragon that plotted against me was inside the Heavenly Dragon Realm, and it is the new Heavenly Dragon Supreme Lord. They are also dogs of the Hell Devil Emperor, so they should come here to catch the little scoundrel. Long Xueyi's face was full of anger: "That group of shameless bastards, after dividing up the Ice Dragon's Supreme Dragon blood, they actually ran off to be other people's lackeys after obtaining such great power, I spit on them."

"Then can you still condense Divine Deity?" At this time, Dongfang Xinyue had even more respect for Long Xueyi. Although Long Xueyi looked like a naughty girl who had not grown up, it gave her a very good impression.

"Of course you can. It's only a matter of time." Long Xueyi said: "When I see this great lion, Qi Shi, I will definitely let him compensate me with Divine Deity."

"The Ten Heavens Supreme Lord has been resurrected." Dongfang Xinyue was shocked again.

"Of course he revived. It was this little scoundrel who resurrected him. He no longer has the power he used to have, but according to his temperament, he will definitely become cocky everywhere." Long Xueyi said.

... ..

and Jiang Sheng were walking amidst a pile of ruins within the Sacred Water Heavenly Realm's Floating City. An extremely intense but short battle had just occurred here.

"We came too late and missed a good show." Jiang Sheng looked at the mess in front of him and sighed.

"It's all your fault. You even made a mistake with your Transmission array and sent us to such a damned place as the Endless Sand Region." Qi Shi complained: "That little bastard Chen Xiang, he escaped so fast, it's hard to find him."

Jiang Sheng curled his lips: "You still dare to go look for him? Don't you know that he has a little gluttonous dragon by his side? When the time comes, he'll definitely bore you to death."

"What's there to be afraid of? We've all been resurrected. When the time comes, let's see who's stronger." Qi Shi disapproved: "Hurry and take out all of your methods, find Chen Xiang as soon as possible, and then kill a Demon General of Hell along the way."

"Oh right, call my master over as well. Chen Xiang's current situation is extremely bad, if this goes on, he might be taken away by others to exchange for Divine Deity."

The group of experts that had been chasing and killing Chen Xiang in the Sacred Region had already arrived in Sacred Water Heavenly Realm, and Qi Shi and Jiang Sheng had also followed closely behind. Now that they called the White Tiger over and the Vermillion Bird was hidden here, it would definitely be very lively.

[Chapter 1675](#)

Chen Xiang had previously drawn up a map for the Life Forest, and with Dongfang Xinyue's guidance, his journey to the Life Forest would be much faster and much smoother.

Although the Hell Devil Emperor could control the change in Chen Xiang's position and inform the Sacred Masters in time, those people couldn't instantly reach Chen Xiang's side. Therefore, even if they had a profound concealment method, they wouldn't be able to catch Chen Xiang that easily.

As long as Chen Xiang did not stay in one place for too long and continued to travel through space, it would not be so easy to be caught. Right now, he had to go to the Life Forest to search for the Vermillion Bird.

Chen Xiang arrived at a city on the surface of the water. There were no Transmission array s here, so the group of Thunder Emperor s wouldn't have arrived here so quickly.

"Warm Moon, I heard that the inside of the Life Forest is an extremely dangerous place. How did you find the Vermillion Bird?" Chen Xiang entered this small city. As he walked, he rested and traveled through space many times. He was also quite tired.

"It was indeed very dangerous inside, and I met danger quite a few times. Luckily, Ancestor Vermillion Bird just happened to be out for a walk, so I was able to see her. Otherwise, I would have given up even then." Dongfang Xinyue said, "The Vermillion Bird Ancestor said that the Life Forest is more mysterious and she has never gone in to see it herself."

"The various elemental energies in the Nine Heaven World come from these Endless Heaven Realm s, and the energy in these Endless Heaven Realm s come from other places as well. As the source of life energy, the inside of the Life Forest is not simple."

Chen Xiang said: "I had thought that the Hou Clan controlled the entire Life Forest, I didn't expect that it was just outside the Life Forest."

"With their strength, not to mention the inside of the Life Forest, even the more external Purple Leaf Forest s would not dare to casually sneak in." Dongfang Xinyue snorted: "When I crippled whatever young master of the Hou Clan, a few Hierarchs came to chase me down. After I entered the Purple Leaf Forest, they no longer dared to continue chasing me."

"Purple Leaf Forest, how powerful is this place?" Chen Xiang was extremely curious, there were many secrets inside Life Forest, he wanted to investigate them thoroughly.

"The plants and trees in that area are all purple in color, so they're called Purple Leaf Forest. The things in this area are all very strange, like bird beasts or insect, most of them are purple. The more powerful parts of Purple Leaf Forest should be the sacred beasts inside."

"Saint Beast. A human with the strength of a Saint realm expert. Isn't it easy to deal with Saint beasts?" Chen Xiang had met many Holy Beasts. Although their strengths were not bad, they were all weak in the face of a Holy Human.

"The main reason is that there are a lot of Saint Beasts inside, and they are very small in size, making them easy to attack in groups. The scariest part about these purple Saint Beasts is their strange purple Saint Force, which can easily break through the defense of others and then launch fatal attacks. The Saint Masters should be afraid of this." Dongfang Xinyue explained.

"Warm Moon, are you not afraid of that place? How dare you barge in." Long Xueyi asked.

"Of course I'm not afraid. I have the bloodline of the Vermillion Bird in me, and the aura I emit would cause the Saint Beasts inside to mistake me for the Vermillion Bird Ancestor. The Vermillion Bird Ancestor is also quite formidable." Dongfang Xinyue said: "Purple Leaf Forest is just the outermost barrier of Life Forest, and the second barrier is Cold Wind Forest. That kind of wind is extremely cold, and the majority of the Holy Beasts that live here understand profoundhan poison, so I don't dare to enter here by myself."

This Life Forest was not as simple as Chen Xiang had imagined, just the two protective barriers outside were already so terrifying.

"Then where is the Vermillion Bird located in the Life Forest?" Long Xueyi asked.

"The next barrier in the Cold Wind Forest is called the Divine Fire Forest. The trees inside are all special and can continuously burn all year round, releasing very strong flames. Only the stronger holy beasts in the Cold Wind Forest can walk in this area, and even the Purple Leaf Forest's holy beasts don't dare to enter as they please. The flames in that place are extremely terrifying." As Dongfang Xinyue spoke of the flames there, his voice revealed a trace of fear, "Fortunately the Vermillion Bird Ancestor brought me in. If I had entered by myself, I would have been burnt to ashes."

Chen Xiang was not afraid of fire, he was filled with anticipation.

"What about the areas after Divine Fire Forest?" Chen Xiang asked. To him, Purple Leaf Forest, Cold Wind Forest and Divine Fire Forest didn't have any challenges.

Dongfang Xinyue shook her head, "I am not too sure. I asked the Vermillion Bird Ancestor and she only said that it was in the Dark Forest. I asked if she had been there before and she did not answer me directly."

Long Xueyi laughed, "The Vermillion Bird is a very spicy guy, even she wouldn't dare to enter such a place, it must be very powerful."

After Chen Xiang rested for a while in the small city, he stood up and headed towards Life Forest. Not long after he left, Thunder Emperor and the rest arrived.

The Hell Devil Envoy that followed Thunder Emperor to this place had also just received news from him.

"Chen Xiang has already left this place. It looks like he is going to the Life Forest." The Hell Devil Envoy said.

"Life Forest." The person who asked was the new Evil Emperor from Heavenly Evil Realm. His face was full of seriousness: "I heard that place is very strange, if Chen Xiang escaped inside, it would be very troublesome."

The Hell Devil Envoy nodded his head, "The Great Emperor said earlier, he will teleport some Demon Generals from hell to stop Chen Xiang for a period of time. We need to catch Chen Xiang before he enters the Life Forest, otherwise we will be in big trouble."

... ..

Jiang Sheng and Qi Shi also came to the city. Thunder Emperor and the others had also just left.

"We know where this place is. If that brat really runs away, then we old bones would almost be crushed by him." Jiang Sheng sighed.

"Let's just wait here for Master to come over for now. He might have a way to catch up to the little ghost." These past few days, Qi Shi had been chasing after him and felt very helpless. Originally, they were somewhat worried that Chen Xiang would be caught, but now, their worries were unnecessary.

Qi Shi and Jiang Sheng were in an empty pool, waiting for the White Tiger.

"The water has turned black." Jiang Sheng suddenly shouted in alarm. Just as he and Qi Shi were about to dodge, the black pool of water suddenly spewed out a ball of black Qi, which then quickly condensed into a person.

"Master." Qi Shi anxiously shouted.

"Big flowery cat, you don't have any Killing-god heart, you're still that strong." Jiang Sheng was extremely shocked when he saw the hand the White Tiger had shown him.

"This is all thanks to Chen Xiang." The White Tiger laughed. The fact that he could obtain the Darkness Rule spiritual bead and control the power of the Darkness Laws had caused his current strength to be even stronger than before.

[Chapter 1676](#)

"Do you know where Chen Xiang is now?" The White Tiger asked.

Jiang Sheng took out a long stone board and injected some energy into it. The stone board suddenly floated up.

"This is the location of a Hell Devil Envoy. They are currently heading in this direction." Jiang Sheng then took out a map of the Sacred Water Heavenly Realm, and compared it with the others: "This direction is towards the Life Forest."

When the White Tiger heard Life Forest, its expression suddenly changed.

"Master, what's wrong? Are you afraid of something else?" When Qi Shi saw the White Tiger's expression, he knew that it was worrying about something.

"The Vermillion Bird should be in there." The White Tiger said, "If she was reborn, only the Life God Fire in the Life Forest would be able to help her recover to her peak strength. When she was born in the Nine Heaven World, it was all because of the Life God Fire."

Qi Shi and the sword blade were very clear about the conflict between the White Tiger and the Vermillion Bird, they knew that the Vermillion Bird was very dilapidated. If the Vermillion Bird resurrected inside and possessed the power of the past, the White Tiger would very likely be in trouble.

"Could it be that that brat knew that the Vermillion Bird was inside, so he purposely went there?" Jiang Sheng said.

The White Tiger shook its head and sighed, "If this kid really went to find the Vermillion Bird for protection, then he was completely wrong. With the White Tiger Divine Weapon on him, if the Vermillion Bird saw him, it would definitely eat the consequences."

The Vermillion Bird hated the White Tiger to no end, and the White Tiger himself was well aware of this.

"Master, I heard that this Life Forest is very scary, is it true?" Back then, when he had travelled a bit through the heavenly regions with Jiang Sheng, he had also heard a bit about this Life Forest.

It's true, there is a dark area there, it is said that no one knows what is inside, I have never been there, maybe the Vermillion Bird has been there before, a long time ago, I have been outside the Life Forest, I only went to a forest of fire, it was hard to advance further, because there is a layer of darkness in front of me, it is hard to penetrate. The White Tiger recalled the past and said with a solemn face, "If Chen Xiang has nowhere else to go, maybe he will barge in. With his abilities, it won't be difficult for him to get in, but it won't be easy for him to get out."

"Then let's hurry up. It's best if we find him quickly." Jiang Sheng said.

... ..

Chen Xiang, who was heading towards the Life Forest, felt a bit of excitement in his heart. He really wanted to explore the Life Forest, especially the dark area that even the Vermillion Bird was unwilling to talk about.

What he did not know was that at this time, there were many people who did not want him to enter the Life Forest, let alone the dark area that caused people to talk about changes in their expressions.

Chen Xiang used his spatial energy and quickly arrived at the Life Forest. This Life Forest was located at the bottom of the ocean, it was very vast, occupying a large area, and what was miraculous was that the area covered by the Life Forest was completely blocked by a natural barrier that blocked the seawater from seeping into the forest. Furthermore, the natural barrier could even project sunlight from the water into the forest.

When he dived into the sea, Chen Xiang could only see the luxuriant trees outside, but some of the trees inside were all blocked by the mystical power released by the natural barrier.

"The area outside is not small. It's very vast." Chen Xiang exclaimed.

"This is Hou Clan's territory. I met the young master of the Hou Clan in the forest outside last time." Dongfang Xinyue said.

Chen Xiang entered the natural barrier and arrived inside a forest. Taking a deep breath of the fragrant forest, he couldn't help but exclaim.

He raised his head and did not see the natural barrier. What he saw was the blue sky shining down from the water surface. While he was admiring the beautiful scenery, he suddenly saw a mass of black gas rushing over from the sky.

"Is he on the surface of the water or did he really appear in the forest?" Chen Xiang immediately released his divine power to sense, but he did not sense any sort of evil Qi.

"No, it directly appeared here. This aura has been dealt with, and it came from the Infernal Realm." Long Xueyi suddenly exclaimed: "It's Hell Devil Troop!"

"What?" Chen Xiang looked at the mass of black Qi that had suddenly become very large, and immediately activated his spatial energy, preparing to leave. However, he discovered that the surrounding space was actually sealed up.

"The Hell Devil Troop is made up of ten Hell Demons, leading a million Hell Demons, Demon Soldiers and Demon Generals. All kinds of demons have come, and this can be said to be an army that the Hell Devil Emperor has meticulously cultivated. Long Xueyi had already appeared by Chen Xiang's side, and his expression was extremely heavy. "Hell Devil Emperor wants to stop you from entering the Life Forest, so he has paid a very painful price when he dispatched this army.

The sky above Life Forest was covered by a large amount of black qi. What was terrifying was that the black qi suddenly turned red, just like blood, it gave off a truly bewitching and evil light, enveloping a large part of the forest.

"You can't run anymore?" Chen Xiang looked at the trees around him, all of them were blood red, the space enveloped by the blood light had already been sealed.

Back then, he did not have this scale when dealing with the ten days of the Great Yan Jing. You must know, he was only using this army to delay you, and let the people from the Thunder Emperor behind catch up to you, and then take you down. " Long Xueyi said with a cold expression, "There's only one big battle now.

Red light shrouded the area and the sky was covered with dense blood clouds. The rolling blood clouds suddenly moved away, and a large group of dense black creatures covered the sky like countless locusts. However, these things that were flying over were all Demon Soldiers and Demon Generals from hell.

"Hmph, ha, hmph, ha."

The millions of demon soldiers released waves that shook the sky and earth, causing the water surface to ripple. Their evil auras spread to almost every corner of the Sacred Water Heavenly Realm and filled with the desire to kill, causing the entire Sacred Water Heavenly Realm to look like a battlefield.

The rhythmic cheers rang out unceasingly, filling the heaven and earth and causing everyone to feel fear and trepidation.

"This ..." Qi Shi and the rest suddenly stopped.

When Qi Shi recalled his memories back then, many scenes of him fighting and killing Hell Devil Troop appeared in front of his eyes. Back then, he was defeated by this Hell Devil Troop, but of course, those times were mainly because of his Iron Lion Army being cursed.

"It's the Hell Devil Troop, the Ten Kings, the Hundred Generals, and the million strong army of hell that's being commanded." This kind of scene, was something Qi Shi would never forget for the rest of his life.

Jiang Sheng let out a long sigh: "Hell Devil Emperor has already learned to be obedient. He knows that if he doesn't kill Chen Xiang now, there will be endless troubles in the future."

... ..

When the people of Thunder Emperor heard the shouts, they stopped, and the Hell Devil Envoy who was following them started laughing loudly.

"It's the Hell Devil Troop. The Great Emperor's Hell Devil Troop is invincible in this world, invincible and invincible." The Hell Devil Envoy said proudly.

Of course they knew that this was the Hell Devil Troop. Back in the days, this army was the one who killed the Ten Heavens Supreme Lord's business, so they felt that there was nothing to be proud about, because now the Hell Devil Emperor was actually using this army to deal with a single person.

At that time, Ten Heavens Supreme Lord took control of the Nine Heaven World, he had numerous experts under his command, and he also had a few Emperor Level friends. He was worthy enough to be attacked by Hell Devil Troop, but now, Chen Xiang alone received such treatment.

[Chapter 1677](#)

Long Xueyi saw that Chen Xiang was still secretly trying to use the power of space and sighed, "It's useless, there are ten Hell Demon Kings in the Hell Devil Troop. These Hell Demon Kings' strengths are all as strong as the Thunder Emperor, and those Hell Demon Generals are only a little weaker.

Chen Xiang knew that the Hell Devil Troop was extremely terrifying, but he didn't expect it to be of such a scale.

"No wonder Great Yan Jing was defeated that year. The army of Hell Devil Emperor is indeed very strong." Chen Xiang exclaimed: "Even if I had the inheritance of the Devil-suppressing Heavenly Venerable, I'm afraid it would still be difficult to deal with them."

Long Xueyi said in a serious tone, "We do not need to completely suppress them, we just need to clear a path. Although there are ten Hell Demons, they will not act together, and this red barrier is created by them working together. In order to prevent you from escaping, we just need to take down one Hell Demon King, open a path, leave this barrier, and enter the depths of Life Forest."

"Hell Devil Emperor definitely knows that you and I are together, but he definitely did not expect that your power and mine could be merged."

Like a sandstorm, they swept in from all directions. These demons were commanded by a hundred hell devils, causing the devils in hell to not be very strong, but the number was extremely large. Just the visual impact alone was enough to give people a very oppressive feeling.

As long as we quickly open up a path, we will be safe inside the Life Forest. If we delay it, and give the Ten Demon Kings time to deal with you, that will be troublesome, that was what happened to Qi Shi back then. Long Xueyi suddenly turned into a ball of white light and entered the ring, while his soul entered Chen Xiang's Divine Sense Sea.

Long Xueyi's soul was inside Chen Xiang's Divine Sense Sea, and the Dragon God's power that was channeled into her was compatible with Chen Xiang's divine power.

Chen Xiang was startled by the sudden surge of energy, the muscles on his body tensed up, he bellowed, and a green light shone from his body as the Green dragon demon-slain broadsword appeared.

The divine blade appeared, releasing a divine light that resembled dragons. Following the divine power that Chen Xiang had poured in in an instant, the divine blade released a furious dragon's roar, suppressing the millions of demons' qi and roars.

The Green dragon demon-slain broadsword was trembling, the green light coming out from the swords and sabers turned into a huge green dragon. It roared again and again and spewed out green lightning as it charged forward as fast as lightning, striking towards the countless sinister demons.

This was only the aura of the divine blade, but it could transform into a dragon and attack the evil spirits.

The green dragon formed from the blade aura crashed into the countless demons that swarmed over like a tidal wave, exploding out with a blinding green lightning, the lightning was like a net that covered the sky, enveloping everything, causing countless demons to immediately howl out in rage. The green lightning net descended, covering a large group of demons, which howled a few times before turning into a cloud of black ash.

In the blink of an eye, the large group of demons in front of Chen Xiang turned into black smoke and filled the entire hellish battlefield.

"There are five Infernal Generals up ahead." Long Xueyi reminded them, "Be careful, these Demon Generals are not here to throw their lives away. They are all trained people who are subordinates of the Hell Devil Emperor and are highly valued."

Chen Xiang held his blade and dodged a ray of terrifying red light that was flying towards him from afar. At the same time, he arrived beside a mountain like demon and slashed with his blade. Borrowing the power of the endless divine power, he unleashed a golden blade light that instantly turned the Mountain Giant Demon into a broken piece.

Following that, a huge seal appeared in the sky, enveloping the entire sky. Chen Xiang moved to the top of the print in a flash, stepped onto it and imbued his Devil-suppressing magic power, causing the Holy Devil-suppressing seal s to glow like fire, illuminating all the directions. The demons that were hit by the light instantly vaporized.

And right below the Holy Devil-suppressing seal, there was a powerful Demon General of Hell. This Demon General of Hell was hidden inside that Mountain Giant Demon's body just now.

"You don't even have the chance to go to hell. Destroy."

Chen Xiang let out a long roar as the Holy Devil-suppressing seal suddenly pressed down and released an earth-shattering rumbling sound. Holy light flashed, causing the originally blood-red barrier to become extremely scorching, and a large portion of the blood-red fog that emitted a bloody light to be cleansed in an instant.

Roar!

The Demon Generals that were pressed under the Holy seal roared and then disappeared forever.

The all-out Chen Xiang, combined with Long Xueyi's Dragon God power, was currently the bane of demons. He had unleashed the Holy Devil-suppressing seal and Green dragon demon-slain broadsword to the fullest.

"More than ten Infernal Generals have surrounded us. We can't let them hit us." Long Xueyi said: "Even though their defense is very weak, their attack power is not weak."

The black Qi looked like sinister claws, as it flew through the divine light released by the Holy Devil-suppressing seal with an extremely fast speed and rushed towards Chen Xiang from all directions, bringing with it sets of evil Qi, it was extremely overbearing and terrifying.

More than ten attacks from Hell Demon Generals arrived in an instant. had no way of dodging them, but at this time, a golden light suddenly shone out from Chen Xiang's body. It was actually a set of bright golden armor.

On the indestructible profoundwu diamond armour, there were layers of protection from the Devil-suppressing magic power, and when those claws of Hell struck the Holy Armor, they instantly disappeared without harming Chen Xiang at all.

"Chen Xiang, you won't be able to escape." A hoarse voice came from afar. It should be the Infernal King's voice.

The gigantic Holy seal beneath Chen Xiang's feet suddenly disappeared, and the Green dragon demon-slain broadsword in his hand also disappeared. He floated in the air, and the surrounding demons kept on attacking him from below, like a huge wave. They were all condensed from energy and continued to attack Chen Xiang's Demon Suppression Barrier.

"All of the Infernal Generals have arrived." Long Xueyi anxiously said.

"Don't worry, I have a way to deal with them." Chen Xiang suddenly closed his eyes. Although he kept the Holy Devil-suppressing seal s, it did not mean that he had to give up.

... ..

"We made it, wasn't that the profoundwu diamond armour? It was actually with Chen Xiang, that bastard." An old man said in jealousy.

Thunder Emperor and the rest were already outside the Life Forest, but they were currently outside the barrier that was enveloped in red light, unable to enter. From the distance, they could see Chen Xiang floating in the air, dressed in golden armor and radiating holy light.

"Why can't I go in? This is a great opportunity." Thunder Emperor asked anxiously.

"The ten great demon kings are currently stabilizing the barrier. They can't enter or leave. Once they stabilize the barrier, they can control it at any time. When that happens, we'll be able to enter." A Hell Devil Envoy replied.

"What is Chen Xiang doing, does he not plan to fight back?" The Dragon Emperor of the Heavenly Dragon Realm frowned, "Could it be that he has an even more powerful move?"

[Chapter 1678](#)

The current Chen Xiang did not look like he was going to fight, but the energy that was gushing out from his body was extremely powerful, and those Demon Generals were unable to approach him.

When Thunder Emperor, Dragon Emperor and the rest arrived, Bai Hu, Qi Shi and Jiang Sheng followed closely behind.

"It's all of you." Thunder Emperor saw Qi Shi rushing over. He was not a White Tiger, but he recognized Qi Shi and Jiang Sheng as two familiar faces.

On the other hand, Dragon Emperor was staring at the White Tiger. He remembered the aura on the White Tiger, he never thought that after the White Tiger revived, it would become so terrifying.

"Heavenly Dragon Supreme Lord, haha... You are just a joke, the real Heavenly Dragon Supreme Lord is fighting against a million Hell Demon Generals inside, yet you are acting like a lackey of the Hell Devil Emperor." Jiang Sheng laughed unrestrainedly, causing the Dragon Emperor's expression to turn ugly.

Qi Shi did not care about them, he punched the red enchantment, causing a huge lion head to burst out, the roar shook the air, causing the Qi and blood of some of the young Holy Masters to churn, this Ten Heavens Supreme Lord who had been reborn, although not as strong as back then, was still very powerful. Seeing his punch, Dragon Emperor, Thunder Emperor and Evil Emperor all three of them secretly wondered if they were Qi Shi's opponents.

"How could the Spirit Formation laid by the Ten Kings be so easy to destroy?" A Hell Devil Envoy sneered.

Qi Shi snorted, he looked around: "If it was only the combined power of the ten kings, I might be able to break through, but right now there are not only the ten kings that are secretly setting up a barrier, right?"

Jiang Sheng laughed: It seems like there are quite a few Demon Masters, these fellows are still the same, and do not have much confidence in themselves.

Right now, the three of them have no time to fight with Thunder Emperor and the rest, and Thunder Emperor and the rest did not want to fight with them either. Although they have a lot of people on their side, if they were to fight, it would be a tough battle.

The White Tiger arrived in front of the Spirit Formation and slightly raised its hand. Suddenly, his arm became a lump of black gas that permeated into the Spirit Formation.

"This ..."

Seeing this scene, everyone was stunned. Not only had they never seen a White Tiger's ability before, but they had never even heard of it.

Just as the White Tiger was about to enter the barrier, a bolt of red lightning struck down from the sky, striking the White Tiger's body. The White Tiger instantly turned into a ball of black fog and disappeared, appearing above the barrier.

"Law of Darkness, I never thought that you would actually grasp the Law of Darkness." A middle-aged man wearing a blood-red cloak appeared. His two tightly clenched fists were covered in a layer of flowing, blood-colored liquid. It seemed to be an extremely fresh blood.

"Move out of the way." If he didn't quickly enter the barrier, and the ten kings finished their barrier, Chen Xiang would be in deep trouble.

There were not only ten powerful Demon Kings here, there were also several powerful Demon Masters. These Demon Masters were the overlords of a region in the Infernal Realm, and their strength was above that of the Demon Kings. They were the right-hand men of Hell Devil Emperor.

The Demon Lord also felt a lot of pressure when facing the White Tiger. However, he didn't need to defeat it. All he needed to do was to stall for time.

"Leave this kind of stuff to me." Qi Shi shouted, and was about to fly up, but Thunder Emperor and Dragon Emperor suddenly stopped him.

The remaining Jiang Sheng, on the other hand, was facing the Evil Emperor and a large group of Holy Master.

"Hmph, you won't have a chance." A Hell Devil Envoy said, but his voice sounded very familiar to Qi Shi. This was his Hell Devil Emperor's voice, and he was speaking through this Hell Devil Envoy.

Just as the White Tiger and the rest were a little nervous, they were suddenly enveloped by a white light, which was being emitted by Chen Xiang.

Chen Xiang opened his eyes and the multicolored light emitted from his body enveloped countless demons and Hell Demon Generals. After a few laughs, the white light turned into a large expanse of flames.

"It's the Heavenly Alchemy." The White Tiger frowned.

"That's right, but I've never seen that move before. This kid's comprehension ability is much higher than mine, and he came up with so many different techniques." Qi Shi laughed and said to the Thunder Emperor: "You guys be careful, this brat is even more crazy than me, don't be eaten by him like a pill."

Qi Shi had also done this back then.

What was funny was that the blood-colored barrier that sealed Chen Xiang had now turned into a gigantic pill furnace. Those Hell Demons and powerful Demon Generals were currently being burned by the flames that Chen Xiang had released, crying miserably over and over again.

"Refine."

Chen Xiang shouted. The millions of demons that were not very strong suddenly turned into pitch black charcoal, with red flames burning on top of them. Waves of purifying powers floated out from the red flames, and gathered above Chen Xiang's head.

"Fuse." When Chen Xiang said the second word, all the Hell Demons instantly turned into black ashes, and only white energy mist remained. This energy mist slowly floated into the air, and converged into a huge white ball of light above Chen Xiang's head.

All of the flames were concentrated on their bodies, burning until pieces of blood-colored objects fell out of their bodies. The strong evil energy in their bodies, when being burnt by Chen Xiang using the Heavenly Alchemy, turned into extremely pure energy and floated in the air.

"Ning." Chen Xiang suddenly roared out, the struggling Demon Generals suddenly disintegrated and turned into energy, gathering into the gigantic ball of white Qi above Chen Xiang's head.

The ball of air rapidly rotated and became very small in the blink of an eye. It actually condensed into a white ball in such a short amount of time.

They thought that Chen Xiang would still need a period of time to complete the barrier enchantment, even if he lost the Underworld Demon Generals and those millions of demons, they would still be able to complete it. But as long as the Demon Lord made a move against them, even if White Tiger and the others were here, they would still be able to take Chen Xiang down.

Chen Xiang laughed coldly, he had just refined a pill and ate it, white flames instantly spouting out of his body, making him look extremely powerful. The moment he consumed the pill, he used its power to rush towards Life Forest.

He could clearly sense that there was a Demon King of Hell there.

Following the burst of a dragon's roar, the instant Chen Xiang's Green dragon demon-slain broadsword appeared, it fiercely chopped down towards a hidden Demon King of Hell.

As the saber slashed down, one side of the crimson barrier suddenly vanished.

"Quick, stop him!" The Hell Devil Envoy that was being controlled by the Hell Devil Emperor roared, causing the few Demon Masters to rush over, but Chen Xiang had instantly disappeared into the space.

"Let's go, we will enter the Life Forest as well." The White Tiger laughed loudly and turned into a ray of black light, shooting towards Life Forest.

Qi Shi and Jiang Sheng cursed the White Tiger in their hearts and hurriedly ran away. There were a few Demon Masters, ten Hell Demon Kings, Thunder Emperor and the rest of them.

[Chapter 1679](#)

Thunder Emperor and the rest were all at their original spots, looking at the black smoke in front of them, which were the demons that was being refined by Chen Xiang.

Hell Demon Yan Jing had already sent out his Hell Devil Troop, but he did not stop Chen Xiang.

Chen Xiang's strength was not the strongest, otherwise, he would not have left so quickly. However, his abilities were extremely terrifying, especially the Heavenly Alchemy that he had grasped right now, it had greatly expanded the horizons of Thunder Emperor. Now, they understood why the Hell Devil Emperor did not hesitate to eliminate Chen Xiang at all cost, because Chen Xiang's potential was very great, if he grew up, it would definitely affect the control of the Hell Devil Emperor over the Nine Heaven World and the Endless Heaven Realm.

"No more chasing?" Thunder Emperor saw a Hell Devil Envoy.

"Is there any use in chasing after him? Even if it's a normal place, we wouldn't be able to catch him, much less this complicated Life Forest." The Hell Devil Envoy shook his head and said, "The Demon Kings and Demon Masters won't be able to stay here for too long. They definitely won't be able to enter."

"If you guys want to go in, I'll ask the Emperor and see if I can give you some communication treasures so that he can tell you where Chen Xiang is at any time."

As for the situation inside the Life Forest, this group of people had only heard of it and had never personally entered before, so they were not too afraid. On the contrary, they were extremely curious, and since they were already here, the bounty on Chen Xiang's list would definitely increase again.

In the eyes of the Dragon Emperor and the others, killing Chen Xiang to obtain the Divine Deity was much easier than refining to obtain, and it was even faster.

The Divine Deity bestowed to them by the Hell Devil Emperor were still the same type of Divine Deity that had been formed. Even if they condensed their Divine Deity, it would still take them a very long time to cultivate it to the point of perfection, so this bounty had an extremely huge temptation.

"How long do you need? We need to quickly enter the Life Forest." The Thunder Emperor said.

"The fastest is three days. You can all wait here."

Hell Devil Envoy and the Demon Kings and Demon Masters suddenly turned into black smoke and merged into the fluctuating space, returning to hell.

It was not easy for the Hell Devil Emperor to transfer to the Sacred Water Heavenly Realm, and he had to pay a huge price. It didn't matter if he could kill Chen Xiang, but not only did he not kill Chen Xiang, all of the demons and hundred of Hell Demons were killed, not even his soul remained.

Chen Xiang left the battlefield and came to a place that was surrounded by purple light. This was the Purple Leaf Forest that Dongfang Xinyue was talking about, the leaves of the flowers and trees here, were all purple.

"What a strange Life Forest." Chen Xiang stood on top of a huge leaf on a big tree. A single leaf of this tree could build a small mansion and it was even emitting a purple colored glow. There was a special energy inside the light that could be absorbed and refined into divine power.

Chen Xiang had eaten the pellet that was refined with the Heavenly Alchemy and received a very rich amount of energy. The majority of it was beneficial to the strength of his soul, because the demons and devils that came from hell were all very powerful soul forms.

"How did you make it just now? It was done so quickly." Long Xueyi was also shocked by Chen Xiang's methods just now. How could a million demons and a hundred Hell Demons be instantly refined by Chen Xiang?

"This is a technique from the Heavenly Alchemy, called the Demonic Refinement Art. It is mainly used to refine large amounts of demonic energy into pure energy." Chen Xiang said, "Just now, it was not easy for me to execute this move, and it took me a while to prepare. Luckily, those Demon Kings did not attack me when we first started, otherwise we would not have been able to unleash it."

Long Xueyi laughed: "That group of idiots, but you can't blame them. If they didn't work together to lay down the barrier, you would have escaped, and this time, Hell Devil Emperor will definitely increase the bounty. It might even be three Divine Deity s."

This Life Forest is a very safe place for me, I hope that I can cultivate Emperor soul here, at that time, I will not need to hide here, those who want to kill me, I will send them to see Hell Devil Emperor.

Chen Xiang began to refine that pellet. Although he had a Divine Deity to assist him in refining it, the pellet contained a lot of soul energy, and he needed to focus on cultivation.

"Even the Vermillion Bird doesn't know about what just happened. Could she be cultivating?" Long Xueyi had thought that the Vermillion Bird would appear.

"She is at the third barrier, which is very far from the outside. She must have blocked many auras, and the commotion caused by those Hell Devil Troop can be spread throughout the entire Sacred Water Heavenly Realm, but it definitely won't be able to reach the Divine Fire Forest." Dongfang Xinyue said.

"Hehe, perhaps because the White Tiger is there, she didn't appear. I never would have thought that the White Tiger would really dare to come here to find her. I really want to see how they looked when they met." Long Xueyi laughed, "I don't know if the Vermillion Bird will hate the little scoundrel, but the little scoundrel has White Tiger Divine Weapon on him and he also cultivates Heaven Earth Killing Method, which left a bad impression on the Vermillion Bird."

"Probably not, I mentioned this to her before, she even said that she wanted to meet Chen Xiang." Dongfang Xinyue chuckled. "The Vermillion Bird Grandmaster treats me very well, and she knows that Chen Xiang is my master. I've explained this to her, so she definitely won't harm Chen Xiang when the time comes."

Long Xueyi curled his lips: "She definitely won't hurt little scoundrel, but she will still make things difficult for you. But you don't have to worry, I'll deal with her later."

Chen Xiang sat on that leaf and cultivated for two days and two nights before he finally refined that pellet.

The Purple Leaf Forest hid dangers everywhere, but with Long Xueyi here, she could clearly feel that it was safe there, so Chen Xiang could stay here for two days.

After he finished cultivating, Chen Xiang jumped around on top of these big leaves, looking at the special purple scenery inside the Purple Leaf Forest. There were all kinds of strange plants here, all of which could release purple light at night, and at night, this was a purple ocean.

Chen Xiang had been wandering around here all day, and was preparing to go inside the Cold Wind Forest, when suddenly there was a roar coming from inside the Purple Leaf Forest, it sounded like the roar of a huge beast.

"No, it's not a giant beast roaring. It should be a group of beasts." Chen Xiang frowned.

"Could it be the Purple Leaf Forest's Holy Beast roaring?" Long Xueyi said: "I'll go take a look."

"The beasts in the Purple Leaf Forest are all formed by Saint Beasts. Most of these Saint Beasts evolved to adapt to the forest. They can change to the human form, but most of the time they maintain their beast form." Dongfang Xinyue said: "Listening to this roar, it should be something like an ape or something."

Sure enough, Long Xueyi quickly probed: "It's a large group of monkeys. There are a lot of of them and their entire bodies are covered with purple hair."

"They are chasing three people... It's actually those three fellows. "

[Chapter 1680](#)

The three fellows that Long Xueyi spoke of were White Tiger, Qi Shi and Jiang Sheng. They quickly flew in the huge forest, avoiding the huge branches and leaves, and headed towards Chen Xiang.

"Run, these three guys lured the monkeys over here." Long Xueyi said.

Chen Xiang originally wanted to travel through space to hide, but White Tiger and the others must have come all the way here to help him, so he felt embarrassed and decided to just run.

"Chen Xiang, quickly use your spatial energy and bring us away. This group of purple monkeys is too troublesome to deal with." The White Tiger had already sent a sound transmission to Chen Xiang from very far away.

Chen Xiang took a small breath and channeled his spatial energy. At this moment, he could already see White Tiger and the other two, releasing his spatial energy to envelop them.

The White Tiger and the others sensed that Chen Xiang was releasing the spatial energy, but did not resist. Instead, they relaxed.

Qi Shi saw Chen Xiang and laughed. He patted Chen Xiang's shoulders and said, "It's good to be able to grasp the spatial laws, you really can run. Even Hell Devil Emperor's Hell Devil Troop can't do anything about you."

Just as Qi Shi finished speaking, Long Xueyi flashed out from within the Serenity Ring. He glared fiercely at Qi Shi and said angrily: "Hurry and repay me with my Divine Deity."

Qi Shi was very calm, because he had already expected such a reaction from Long Xueyi. He laughed: "There definitely isn't any Divine Deity, but there is one that can kill you, if you want it, you can have it."

"This life of yours, what use is there for me to come here? How can it be as precious as this old lady's Divine Deity?" Long Xueyi grabbed Qi Shi's collars, she was extremely furious, when she mentioned this

matter with Chen Xiang, she did not have such a reaction, but now that she saw Qi Shi being such a rascal, she was even more angry.

"Bai Long, forget it." He would have expected such a thing to happen.

"How can we let it go like this? We must get him to compensate us." Long Xueyi snorted and released Qi Shi. He placed his hands on his hips, "You can't give me back my Divine Deity, there's no other compensation."

Seeing Long Xueyi like that, Chen Xiang shook her head and laughed. Long Xueyi had a Supreme Dragon blood, it was the same as Divine Deity. Furthermore, her Emperor soul's sleeping ability can allow her to easily condense her Divine Deity, so she did not put Divine Deity in her heart right now.

"Okay, this is for you." Although Qi Shi was thick-skinned, he knew that if he lost someone's Divine Deity, he still had to compensate them. He took out a large box, and after he opened it, a pale white glow immediately shone from inside, bringing along the scent of fresh fruits.

This was actually a big box of green fruits, looking sweet and tasty, Long Xueyi almost couldn't hold it in and wanted to jump over to eat it happily.

"This is the Holy Snow Pear, but Old Jiang and I went inside the profound Cold Ancient Realm to find it. There are a hundred of them, that should be enough compensation right?" Qi Shi still understood Long Xueyi very well, as long as he could get the delicacies to stop Long Xueyi's mouth, he would be able to turn the small issue into something small.

"It's barely enough." Long Xueyi snorted and quickly kept the box. She loved to eat Holy Snow Pear the most, it was sweet, crisp and fragrant.

The White Tiger laughed, "Bai Long, you're still the same as ever."

Long Xueyi scoffed, "The reason you hid so many things from me before was because you were worried that I would bring this kid to hell to search for Divine Deity."

The White Tiger nodded its head: "That's Divine Deity, so it's very important to you, and I'm very worried, it's normal. Even if Chen Xiang has cultivated a Emperor soul, it's still not enough to rush into hell."

Long Xueyi laughed: "Big white cat, you are underestimating me. It's just a set of Divine Deity, I can condense it out, and I can do it again in the future."

"So you've recovered well." The White Tiger looked at Long Xueyi, but could not see anything.

Jiang Sheng laughed: "The three of you have all died before, and are now reborn. Why don't you fight a bit, and see who is stronger."

"I'm not going to fight, master has the power of the law of darkness, little crazed dragon has Chen Xiang, and it seems like she's hiding something, I can't beat them." Qi Shi immediately shook his head.

The White Tiger asked: "Chen Xiang, did you run all the way to the Life Forest to avoid being hunted down by the Hell Devil Emperor, or to find a Vermillion Bird?"

"Well, there are all of them." Chen Xiang said.

"Big white cat, the Vermillion Bird is here. You really dare to come. Aren't you afraid she'll beat you up?" Long Xueyi had a gloating expression.

"It was my fault. I had to apologize to her." The White Tiger sighed, "Now that everyone can be revived, let's gather together."

Qi Shi shook his head, "I don't think that the Vermillion Bird would forgive you. Even this little gluttonous dragon is easier to deal with than her."

Jiang Sheng nodded. "The Vermillion Bird entrusted its feathers to me that year, and I refined it into a Suzaku silk. Afterwards, it gave me a subtle emotional connection between the Suzaku silk and myself, so if she knew, she definitely would not have let me off."

"At most, I would just be scolded by her. What kind of consequences would there be? I'm even afraid of this." Long Xueyi laughed, "The Vermillion Bird is about to condense its Divine Deity now, the best thing is for it to scold her before she condenses her Divine Deity. Otherwise, if she's stronger than you guys in the future, it won't be scolding, but a beating."

"How do you know?" The White Tiger hurriedly asked.

"The little scoundrel's slave girl told us that the scoundrel's slave has the bloodline of the Vermillion Bird, and she's been at the Vermillion Bird's place all this time." Long Xueyi said.

Qi Shi suddenly opened his eyes wide, his face filled with admiration: "A woman with the Vermillion Bird bloodline, you actually dared to take her in as your female slave, and now you are even coming here, aren't you looking to die? If she knew that killing you would allow her to obtain two or three Divine Deity, you would definitely be out of luck."

Jiang Sheng pulled Qi Shi and laughed: "Don't forget, the fighting strength of this little gluttonous dragon is not inferior to that of the Vermillion Bird. You think that she will see Chen Xiang getting bullied by the Vermillion Bird."

Thinking about how close Long Xueyi and Chen Xiang were, Qi Shi let out a long sigh.

Jiang Sheng laughed: "This brat relied on conquering women to conquer the world. If you had done the same in the past, you might still be Ten Heavens Supreme Lord now."

Long Xueyi felt very uncomfortable when he heard this. He immediately said, "If you had conquered the Mei Emperor back then, you would have been even more powerful than a lion. The current Ten Heavens Supreme Lord might even be you!"

"Don't mention it." Jiang Sheng admitted defeat. Right now, what he feared the most was people mentioning the Mei Emperor, that was his dark history.

The White Tiger and Qi Shi both laughed, they knew about Jiang Sheng's situation.

"Although I don't want to tear apart Old Jiang's scars, I still have to say, Mei Emperor has already appeared in Di Tian. Her current abilities are even stronger than before, you guys have to be careful." The White Tiger said seriously.

"I have nothing to be afraid of. Mainly, it's Old Jiang and Chen Xiang." Qi Shi chuckled: "Especially that brat Chen Xiang."
