

Dan God 1751

[Chapter 1751](#)

There was a very large space under the You Ming Deep Abyss. When Chen Xiang arrived at the bottom of the You Ming Deep Abyss, he immediately walked towards the huge cave.

Entering the cave, Chen Xiang saw more than ten small houses!

When Chen Xiang arrived, he purposely activated a defensive array and woke up the people inside the small hut. Qi Shi, Jiang Sheng and Huang Jintian immediately ran out.

"Little brat, you're really back! I thought I'd never see you again. " Seeing Chen Xiang, Huang Jintian laughed out loud.

Qi Shi and Jiang Sheng also laughed as they hurriedly brought Chen Xiang to a relatively small hall.

"Is that all you guys here? "What about the others?" Chen Xiang asked.

"The Dragon Subduing School has already dispersed. If the others continue to follow us, they would definitely be affected greatly, so I told them to leave and join another force! Rest assured, their background is not bad, and those who go are all recommended by me, they are mainly concentrated in the Floating Holy Nations and Demon Suppressing Holy Nations. "

Huang Jintian sighed: "Little brat, I'm really sorry I couldn't protect your Dragon Subduing School! And I will also dissolve the Dragon Subduing School! "

Long Xueyi came out of the ring, smiled coquettishly, and said: "Where did you disband? I am the very high Elder of the Dragon Subduing School, and Dragon Subduing School is also here! "

Long Xueyi sat beside Chen Xiang, looked at him and laughed: "I heard that you were almost killed by the Fire Emperor, is that true?"

Qi Shi curled his lips and said: "Can you not mention this matter? The main thing is that I was too careless! "

Chen Xiang asked: "Master, where did Xiao Dao and the rest go?"

"Xiao Dao and the rest respectively went to the Floating Life and Demon Suppressing Holy Nations, Duan Sanchang followed them for a stroll. Li Baojun and his master, Li Tianjun, left, while Yan Yanran and Lan Lan traveled everywhere ... In short, they are doing very well, so you don't have to worry too much about them. " Huang Jintian patted Shen Chen Xiang's shoulder, "If you have time, go and chat with them!"

Chen Xiang nodded his head, then asked: "Didn't you guys go to the Chaos Realm as well?"

"After knowing that you have returned, I will immediately return here to wait for you! Mainly to see how powerful the two of you have become in the past five thousand years. " Jiang Sheng looked at Long Xueyi, and laughed: "This little gluttonous dragon doesn't seem to be that strong!"

Long Xueyi scoffed, "We only stayed in that damned place for a year or two, and that place has only been here for five thousand years. If you really give me five thousand years, I can go with Little Scoundrel and take care of that bullshit Divine Nations."

"Is this true? Where are you going? The time difference is actually so huge! " Huang Jintian was in disbelief.

"Of course it's true. We even met the old cyan bug! That place is called Divine Prison, mainly ... " In one breath, Long Xueyi narrated the many things they did in the Divine Prison, causing them to exclaim in shock.

"I never thought that the green dragon would become so powerful!" Sigh, but I still can't save Old Bing! " Jiang Sheng sighed: "The Azure Dragon has also been sent into Divine Prison, Old Bing will have a hard time taking it."

Huang Jintian said, "It must be because something went wrong when the green dragon was opening the time space tunnel, so while you guys were inside the time space tunnel, five thousand years passed!"

Qi Shi laughed, "You guys are equivalent to instantly reaching five thousand years from now, this is not bad!"

"Not bad, your head!" Long Xueyi felt that his current strength was so much weaker than Qi Shi's and Jiang Sheng's, and felt extremely uncomfortable in his heart.

"Where are the seniors White Tiger and Vermillion Bird?" Chen Xiang asked: "Aren't they here?"

"They went to the Gods Realm, they just left not long ago! Back then, he had participated in too many of Nine Heaven World's business, and in the end, after Dragon Subduing School was disbanded, Nine Heaven World became very calm, and they also left. "

Qi Shi said: "We had originally wanted to leave as well, but it's just that ..."

Long Xueyi interrupted: "It's just that you all do not have the ability, otherwise you would have left long ago!"

"This... You can't say that. If we had any intention of leaving, we would definitely be able to leave now! Now, we can just barely make it to Gods Realm. " Qi Shi laughed: "Don't underestimate us."

Long Xueyi said with a look of despise: "You guys are really awesome, you won't let Dragon Subduing School disband."

"This was all Old Yellow's idea. We had originally planned to fight to the bitter end." Jiang Sheng immediately looked at Huang Jintian.

Huang Jintian let out a long sigh, "You are all people that have experienced the battle at the Nine Heaven World back then. This kind of great battle should be handed over to a new generation of youths, not to old bones like us! What's more, if a great battle had broken out at that time, who would be the happiest? Of course it is the Hell Devil Emperor, he can harvest a large number of good dead souls, and make him stronger. "

Qi Shi laughed: "So, if we do not have Chen Xiang to participate in this big battle, using the Heavenly Alchemy to take away those dead spirits, it will definitely benefit the Hell Devil Emperor."

"Alright! The strongest Dragon Emperor from back then had already been destroyed by us! If Dragon Subduing School is disbanded, then disband! But, that dragon vein cannot be given to them just like that! " Chen Xiang's voice was filled with killing intent: "At the beginning, I was the one who obtained it first, it was something that belonged to me."

"Fine, we waited for you to come back so that we could fight with you!" Qi Shi strongly patted Chen Xiang's shoulder: When do I make a move?

Huang Jintian said: "If it were just us attacking, then there wouldn't be too many deaths. To be honest, I can't bear to see the imps that I have personally nurtured die in Dragon Subduing School."

Jiang Sheng said: "Oh right, there's one more thing! It was five thousand years ago, when the Ice Emperor of the Heavenly Sacred Region used a profoundhan poison to attack Wu Qianqian. She nearly died from poison."

"Is he the Ice Emperor of the Ice Country?" Chen Xiang clenched his fists tightly and asked angrily.

"It's this guy. Because he has pretty good strength, the profoundhan poison is not a Super Old poison now." Jiang Sheng said.

Chen Xiang said: "Let's go, we'll head to the Holy Ice Nation first!"

Qi Shi anxiously pulled Chen Xiang along: What's the rush? It's not easy for them to find them and wait for that guy to be alone in Holy Ice Country before we go over to get him. All you need to do now is to wait for news from us! "

Chen Xiang took a deep breath and nodded. Then, he took out a Storage bag and tossed it to Jiang Sheng.

"This... Did you get it from the Divine Prison? I really want to go and take a look! " Of course, Jiang Sheng knew what the Top stone was and immediately became extremely excited.

"Qi Shi, Old Yellow, the two of you go and inquire about the whereabouts of the Ice Emperor. I will refine a Divine Weapon here and you will have your share as well!" Jiang Sheng laughed.

"I haven't gotten rid of Hell Devil Emperor's Tracing mantra yet, so I'll be leaving first. When Ice Emperor returns to Holy Ice Nation, inform me!" Chen Xiang opened a spatial tunnel and arrived outside the Hundred Flowers Holy Nations. Then, he used the Transmission array here to teleport to the Divine Feather Holy Nations.

[Chapter 1752](#)

Su Meiyao and Bai Youyou were both at the Divine Feather Holy Nations. They had separated for a long time and missed Chen Xiang very much. They had originally planned to go to the Hundreds of Flowers Palace immediately after leaving, but Feng Yujie told them to return to the Divine Feather School first. This way, they would be safer.

It was because five thousand years after Chen Xiang had disappeared, he had returned once again. Furthermore, the Hell Devil Emperor had also received news that the bounty order was still valid.

However, they also knew that it would be hard to kill Chen Xiang after five thousand years, so they did not immediately seek him out. There were many strong warriors who were killed by Chen Xiang back then, including the Strong of Lord Stage. If Chen Xiang could kill them five thousand years ago, there was no need to even mention five thousand years later.

Chen Xiang came to the Divine Feather Holy Nations and rushed straight to the Imperial Palace!

Thinking that he had to face such a mysterious and powerful woman like Feng Yujie again, Chen Xiang suddenly felt a huge pressure in his heart. Especially since Su Meiyao and Bai Youyou had always been following her, he was worried that they would be affected by Feng Yujie.

Other than Bai Youyou and his wife, Hong Xia and Ji Ling'er were also present. Originally, Chen Xiang had wanted to make Hong Xia and Ji Ling'er learn alchemy from him, but who knew that they would become his disciples later on? Chen Xiang felt that they would most likely follow him in the future.

When Chen Xiang came here, he directly reported his name, but he did not change his appearance, because he felt that Feng Yujie was very strong, and was not afraid of trouble.

Very quickly, Chen Xiang was invited into the dazzling palace. He arrived at a garden and found Feng Yujie sitting on a stone chair in the pavilion, pouring some tea.

Chen Xiang walked over quickly, sat on his butt, and directly sat in front of Feng Yujie. Then, he fearlessly looked at Feng Yujie's ordinary appearance;

"Where's sister Meiyao and elder sister You You You?" Chen Xiang looked around, but did not see the two girls, and asked anxiously.

"Five thousand years? Do you not miss me?" Feng Yujie laughed and gave Chen Xiang a cup of fragrant tea: "I am their godmother, if you want to see my daughter, of course I have to check!"

Chen Xiang drank the cup of tea in one gulp, curled his lips, and said, "You are their godmother, how can I miss you? I say, Aunt Feng, let them come out and see me! "

"That won't do. I want to see how much you've improved in the past five thousand years!" Feng Yujie played with the ends of her hair, a pair of lively eyes flickering with a mischievous gaze.

Chen Xiang was very gloomy. Every time he met someone he knew, he would have to explain that it had only been a year or two, and he himself did not know where the five thousand years had gone to.

"I only spent a year or two in that place. I've already explained it to a lot of people." Chen Xiang explained everything that had happened to him in the Divine Prison with the fastest speed of speech.

"Thus, you don't have to test me anymore. Quickly, let me see them. Otherwise, I'll look for them myself!"

The beauty that he had not seen for many years was here, and she was one of the two women that were most important to him. Chen Xiang was extremely anxious at this moment.

Feng Yujie, on the other hand, was not in a hurry at all. He continued to whet Chen Xiang's appetite and laughed: "Meiyao is already one of your people, what are you in a hurry for? Once you've arrived, you don't need to ask me about my matters. You always need to find them urgently, so I'll be very sad and very disappointed. "

"This... Aunt Feng, you are their godmother, I can't get too close to you! This is not good! " Chen Xiang said in a low voice: "Stop messing around, alright!"

The first time Chen Xiang had met this Feng Yujie, she was this mischievous.

"Why? I am just their godmother, and I am not related by blood... So what if we're closer? Besides, you have so many women by your side, and none of them are jealous. Feng Yujie continued to incite Chen Xiang, causing him to wish that he could strip her of her clothes and punish her severely, letting her know how anxious he was right now.

"Do you think I'm too old?" Feng Yujie saw that Chen Xiang did not speak and continued to laugh. Of course she did not know that she had been stripped naked in Chen Xiang's mind.

"That's right!" You're too old, and I'm not interested in you! "Of course, since you're interested in me, I will take care of it and satisfy the emptiness in your heart!" Chen Xiang slowly said. He could already tell that Feng Yujie was doing this on purpose.

The more Feng Yujie wanted to play tricks on him, the more he couldn't let him succeed.

"Aunt Feng, you have never slept with a man before!" Chen Xiang calmed down and started retaliating.

"That's right!" Feng Yujie smiled slightly and said: "What, you're beginning to be interested in me?"

"Of course not, I have so many women by my side, no matter what, I will not be interested in you." Chen Xiang laughed.

When Feng Yujie saw that Chen Xiang had started to talk nonsense with her, he originally wanted to tease her a little.

"Meiyao and You You are both very powerful now! With my help, they have already condensed their Divine Deity and cultivated Emperor souls. The bones in their bodies are also crystal bones! I treat them like my own daughters, and they plan to follow you in the future. I've painstakingly nurtured these two beautiful daughters of mine, and I feel very sad to follow you like this. " Feng Yujie purposely pouted, his face filled with resentment.

"Why don't you follow me as well! In that case, you can stay with them. My Dark Dragon Ring is very large, so even if there are ten more of you, you won't be a problem." Chen Xiang chuckled, but in his heart, he was actually very grateful to Feng Yujie. Not only did he help Su Meiyao and her to treat the injuries she had suffered for so many years, he had also helped to make them so powerful.

"Humph!" I'm talking business with you right now. " Feng Yujie scoffed, "You're not allowed to talk nonsense!"

"I was talking business with you too! Seeing you alone, I was suddenly interested in you. " Chen Xiang purposely revealed a sinister smile.

Feng Yujie clenched her jade teeth, and silently cursed Chen Xiang. She was really discussing serious matters with Chen Xiang right now, but who knew that Chen Xiang would actually take the initiative and tease her.

"Aren't you afraid that I'll beat you up? How powerful I have become in the past five thousand years, you can't imagine! Yet you have lost five thousand years of your lifespan. If I want to take you down, it will be as easy as flipping my hand. " Feng Yujie suddenly became serious.

"That's right, but you are still a loser under my hand. Back then when we competed to refine pills, you did indeed lose to me." Chen Xiang laughed: "How about we compete again, and play something bigger this time?"

"Great!" Although I, Feng Yujie, do not focus on refining pills, I can still beat you brat. Last time, it was only because I was too careless and did not understand you, and because I was a Pill Saint, I deliberately did not use my highest level, so do not think that I really lost to you. "

Feng Yujie was also a very strong woman, and when she heard Chen Xiang mention the matter of her last crushing defeat, it was even more true.

Back then, you could only concoct Immortal pills, and you even lost five thousand years there. I was already a pill saint, and during the past five thousand years, even if I didn't really progress in the Dao of alchemy, my progress was enormous.

Even though Feng Yujie had said that, in the past five thousand years, she had worked hard on refining pills. It was only because she lost to Chen Xiang that she had to win it back.

"So you have a lot of confidence?" Chen Xiang said while beaming: "Since that's the case, let's play a little! If you are familiar with my affairs, you should know that I have two female slaves by my side. "

"I know, one of them is called Hua Xiangyue. She had come here before and learned some Alchemy from me. And there's also Wu Qianqian, she's also a good sapling, she seems to have been harmed by you, you little bastard. " Feng Yujie said: "Why are you bringing up your female slaves?"

"Since we're competing, then we have to be heroic and heroic. There's no need to gamble our lives, we don't even like gambling on Holy stone s, so it's more fun for me to gamble on them. If you lose, then you are mine! If I lose, I'll be yours. " Chen Xiang laughed: "Do you dare to come?"

"This is not fair! What do I want you to do? However, your words are extremely useful! It's not that I don't dare, it's just that the conditions are not equal. " Feng Yujie snorted. She didn't think that this little bastard Chen Xiang would actually want to take her as a female slave. She felt that she had still underestimated Chen Xiang's guts.

Chen Xiang said: "Then forget it, it's not fun at all! Anyway, you've already lost to me! Alright, quickly let me see sister Meiyao and Sister You You! "

"No, I have to compete again!" Feng Yujie said resolutely, "We can discuss the aspect of the wager."

Chen Xiang said very casually: "My request is not big, I only want you to ... If that doesn't work, you can stay in the same secret room as me and then, within two hours, no matter what I do to you, you can't resist at all. "

As he finished speaking, Chen Xiang smiled evilly.

"Little Scoundrel!" Feng Yujie gritted his teeth and snorted, "I am Meiyao and the quiet mother, aren't you afraid that they will find out?"

Chen Xiang laughed: "Didn't you say it earlier? You aren't related to them by blood, so it's fine even if you get closer! "

"Forget it, I have plenty of time anyway. It's impossible for sister Meiyao and Sister You You You You to be stared at to death by you for your entire life, I will have a chance to meet them one day! After I return, I have a lot of things to do, so I'll be leaving first. "

After Chen Xiang stood up, he anxiously shouted out: "What are you anxious about? It's not like I said no! "

"Alright, let's talk about the wager now! "I can agree to your dirty conditions ..."

Chen Xiang interrupted her and laughed: "What condition do you have to agree to my request?"

"That's right... "After you win, I'll give you two hours of time. It doesn't matter what you do to me ..." Feng Yujie lightly bit her lips, stared at Chen Xiang, and said.

"This isn't a joke, is it!" Chen Xiang was a little surprised.

"I'm serious! However, this matter cannot be known to Meiyao and You You You, because once they find out, they will definitely stop your vulgar actions. " Feng Yujie said with a serious face. It looked like he was not joking

"But, if you lose to me! Then you will have to be my servant for a hundred thousand years! "

[Chapter 1753](#)

After losing, she would become a slave for a hundred thousand years. Chen Xiang carefully thought about it, Feng Yujie was not joking around right now.

Of course, Chen Xiang was also very confident in himself, it was just that Feng Yujie had already agreed to his shameful conditions, it could be seen that Feng Yujie definitely had some tricks up her sleeve.

"What is it? I've already agreed to it, why are you dawdling? It can't be that you're scared! " Feng Yujie laughed in disdain, and stuck out her tongue proudly.

"Well... It's a bit unfair that you put forward such conditions! " Although Chen Xiang was confident in himself, he had to prepare for the worst. What if he lost?

"What do you think? If I lose, then I will be your servant for 10,000 years. That should be fine, right? I am, after all, someone who has been offered four Divine Deity s by the Hell Devil Emperor, and you don't know this yet, but in order to capture me in the Divine Prison, I suffered an even greater loss.

What Chen Xiang said was true, the two War Gods sent by the Hell Devil Emperor had already spent around this amount.

Against Chen Xiang's expectations, Feng Yujie actually agreed very straightforwardly. "Alright, in order to prevent you from being shameless, we need to get a contract or something like that.

"It can't be better!" Chen Xiang chuckled: "If you lose, I can do whatever I want with you, you promised me! Also, I can't let sister Meiyao and Sister You You know about this, otherwise, I won't do it! "

When Feng Yujie saw that Chen Xiang had hardened his heart to do such dirty things to her, he cursed in his heart and spat lightly, "You don't have to be too proud, you'll soon be my servant!"

"Of course I have to be proud, because I will soon ... "Cough, cough." Chen Xiang said with an evil smile.

After signing the contract, both Chen Xiang and Feng Yujie sinisterly laughed a few times, because they believed that the other party would definitely lose.

"I really want to know, little devil, don't talk about losing five thousand years, you aren't too strong yourself." "Even if you have a Heavenly Alchemy and a pretty good perception, you are too arrogant. I am a pill saint for hundreds of thousands of years, and I can refine high quality pills now!" Feng Yujie looked down on Chen Xiang. At this moment, she was truly looking down on him.

"You should know that I can refine Shangpin holy Dan now! "Even if you are able to concoct a low grade saint pill, you and I are on two completely different levels." Feng Yujie was filled with confidence, as if she had already won.

"We already said before when we signed the contract that we would choose a pill that both parties could forge during the competition!" Therefore, even if you could refine a divine pill, it wouldn't be your advantage! "You know how to concoct mid-grade saint pills, but I can't even concoct a Tier 7 or 8 immortal pill, so I might as well defeat you."

Chen Xiang laughed faintly and struck back.

"Tell me while touching your chest. Did you really lose to me at that time?"

Feng Yujie admitted in her heart that even if she had used all her strength, she would have still lost to Chen Xiang. But now, she was different.

Although she was very confident in her heart, she would not underestimate Chen Xiang. For Chen Xiang to dare to bet with her, it showed that he had his own trump card.

"Alright, in order to make you convinced of your defeat, you can decide on the pill you want to refine!" Two out of three! " Feng Yujie said: "A round to determine the victor, and luck is also a factor, in order to display your strength, I have to compete a few more times."

Chen Xiang nodded: "I agree with you! Let's refine a Tianshen Dan of the ninth level of the Immortal Realm first! "

"No problem, I will pay for the ingredients!" I have one here. " was still rather surprised in his heart. Tianshen Dan were extremely difficult to refine, but Chen Xiang had actually chosen this from the beginning, and refining Tianshen Dan would have been very difficult, to the point where he would have to split the burden between them. Other Alchemist wouldn't normally choose this, and Chen Xiang had only stayed in the Divine Prison for a few years, yet he was able to refine this Tianshen Dan.

However, Feng Yujie was very confident in herself refining the Tianshen Dan, because she had often refined Tianshen Dan before to raise her level.

When he refined the Tianshen Dan, he could produce 12 pellets at the highest. He felt that no matter how strong this Feng Yujie was, it would at most be a few pellets, which would definitely not be able to surpass him.

Seeing the confident and beautiful smile on Feng Yujie's face, Chen Xiang laughed to himself: "Don't be too happy yet, I will use the most ruthless method to defeat you later!"

Feng Yujie said: "Don't tell me we do not need a judge? After all, during the process of refining pills, there will inevitably be some special circumstances which will need to be evaluated by the judge."

"Which referee should I choose?" Chen Xiang asked: "I don't have a good candidate!"

"Liu Fusheng, Bai Guang Yao, Lv Zhen, Grandma Lv, Lv Qilian, you don't have any objections, do you? I can call them now." Feng Yujie said.

These people were all acquaintances of Chen Xiang, so he naturally did not have any objections. Although their relationship was not bad with him, but at that time, these five people would definitely be very fair.

"Alright, then you can wait. I'll give you another hour to prepare so that you won't have to come up with all sorts of excuses when you lose."

Feng Yujie placed great importance on this competition, she stood up and left the garden, looking for the judge she was talking about.

Not long after she left, Chen Xiang saw two beautiful figures appear in the distance. Upon closer inspection, it was actually Su Meiyao and Bai Youyou! And behind them, there were also three equally beautiful women, namely Bai Ziqian, Hong Xia and Ji Ling'er.

Seeing Chen Xiang, these girls were also very excited, especially Su Meiyao who had confirmed their relationship with him, who flew over from afar and landed in his arms.

"Little Scoundrel, I missed you so much!" Su Meiyao hugged Su Meiyao tightly and looked at him with alluring eyes. She extended her jade hands to caress Chen Xiang's handsome and determined face.

"I miss you too!" Chen Xiang kissed Su Meiyao's face, then giggled while looking at the other women: "I miss you guys too!"

"Sister You You, Sister Ziqian! You all wear the same clothes, and standing together is so beautiful!"

Bai Youyou and Bai Ziqian were both dressed in the same light white cheongsam. The two girls both had ice-cold yet incomparably beautiful faces and the same cold and proud temperament. However, they both gave Chen Xiang a beautiful short-lived smile.

"It's been five thousand years and you, little scoundrel, still haven't changed. Your eyes are still so dishonest!" Bai Youyou chuckled. "Where's Xue Yi?"

"I'm here! I don't want to go out right now. " The reason why she didn't want to go out was because she was worried about Bai Yaowei, Lv Zhen and the other Rankers. This was because she currently had too many people behind her.

This was the Imperial Palace of the Divine Feather Holy Nations, so Chen Xiang didn't dare to stay here too casually.

Chen Xiang and the few girls sat in the pavilion, narrating what happened to him once more. Hearing Chen Xiang's words, the girls were all very surprised.

When they heard Chen Xiang say that he would compete with Feng Yujie in pill refining, these few women were even more surprised.

"This... "You should be mentally prepared to lose if you compete with your mother in pill refinement!" Su Meiyao said: "All these years, I have been learning alchemy with her, I am now a pill saint, I can concoct low grade saint pills! Of course, the refining technique that I am using is your God purification, Mother made many improvements in the God purification, so she has improved a lot. "

"You won't blame me, will you? I passed the God purification to her! " Su Meiyao was a little worried that Chen Xiang would blame her

"Of course I won't blame you. Since she used my God purification, then this means that she received inspiration from me. Only then will she be convinced after losing." Chen Xiang laughed, he did not feel like it at all.

He was happy that Feng Yujie was able to use his pill refining skills, because he could use this method to provoke Feng Yujie's prideful heart anytime in the future.

"It looks like you've won!" Mother is now capable of refining Shangpin holy Dan. Although her main cultivation path is not to refine pills, to have such high attainments is not something that can be easily defeated. " The one who spoke was Bai Ziqian.

"What is it? Sister Ziqian, you also became that woman's daughter? " Chen Xiang looked at Red Dawn and Ji Ling'er who were at the side. "I think you two are the five sisters now, right?"

Su Meiyao laughed and pinched the flesh on Chen Xiang's arm: "Have you started to let your thoughts run wild?"

"Where is it?!"

Chen Xiang anxiously pulled away from Su Meiyao's delicate hand that was filled with power. Feng Yujie was a powerful Pill Saint, although Su Meiyao and the others were her adopted daughters, but to them, she was like their biological daughters, giving them the best resources, training them.

"Chen Xiang, you must be thinking about something evil." Ji Ling'er giggled and said: "Over these years, Hong Xia and I have gained a new understanding of you."

"Humph!" Bai Ziqian coldly snorted. The few of them had been together for more than a thousand years, and Su Meiyao had already told them about those perverted matters he had several times.

"You guys aren't kind, you're discrediting me everywhere!" Chen Xiang had a wronged expression on his face, "I really didn't think that way. I've always been very honest!"

Long Xueyi originally wanted to speak up for him, but when she thought about how Feng Yujie would give him whatever two hours he wanted her to do if he lost, she still felt that it was better to let it go.

Being stared at by the few girls with such looks of contempt made Chen Xiang feel weak in his heart, but he thought to himself, "Wait till I take care of your godmother, I'll see how you guys can continue being cocky then!"

"Oh yeah, have you guys fought against the Mei Emperor before?" Chen Xiang quickly changed the topic, and it was a success.

"Yes!" They had beaten her twice, but they had not been able to kill her each time. She had many experts protecting her, especially the emperor of the Ten Great Holy Nations. As long as she spoke, he would never refuse her request! I heard she's still in Chaos Realm. "

"Xiang Yue and Qianqian are also in Chaos Realm. Will they be alright?" Chen Xiang had heard Lv Qilian say before that Hua Xiangyue and Wu Qianqian were searching for precious Holy Medicine in the Chaos Realm.

"Don't be too worried, Xiangyue and Qianqian have obtained the inheritance of the Dan Emperor, it's definitely not ordinary." Su Meiyao said: "They are also often with us, discussing the art of refining pills."

[Chapter 1754](#)

Chen Xiang remembered that someone once said that after Wu Qianqian and Su Meiyao found out about the whereabouts of the Dan Emperor, they went to look for the Dan Emperor.

Long Xueyi felt even more uncomfortable now, because Wu Qianqian and Hua Xiangyue had also made great progress. This made her even more determined that she would eat and sleep more in the future, and become stronger.

"When Qianqian was poisoned by the Ice Emperor, I will definitely avenge her." When Chen Xiang brought up this matter, he was still very angry in his heart.

"Ice Emperor of the Holy Ice Nation are not easy to deal with! Their Ten Great Holy Nations was one entity, and there were even many strong warriors who had infiltrated the Hell Devil Emperor in the dark! Aside from that, there is also another huge threat, and that is the mighty Night Devil s in the Night Devil Hell. They are also now quite a strong force. " Su Meiyao said.

Chen Xiang almost forgot about Night Devil Hell!

"Then how is Devil-killing Summit now? Have you found your Young Master? " Chen Xiang asked.

"The Devil-killing Summit has already been destroyed. The Gods inside the Devil-killing Summit originally could not withstand the pressure from the Gods Realm and all retreated. As a result, the Devil-killing Summit was annihilated after a few waves of attacks!" Su Meiyao sighed helplessly: "Looks like this Nine Heaven World is a place that Gods Realm left alone in. Moreover, this Gods Realm hopes that this place will be a mess all day, which is why this Hell Devil Emperor is here doing whatever he wants."

So many years had passed, and the things that happened in the Gods Realm were no longer secrets. As long as one was an expert of the Nine Heaven World, he or she would more or less know a little.

"What about you? Dragon Subduing School has been dissolved, and the dragon veins have been occupied. Bai Youyou asked.

"Of course not! Sooner or later, I will take back what belongs to me! " Chen Xiang said firmly.

"We'll go together then!" Su Meiyao sat by Chen Xiang's side, hugging Chen Xiang's arm, like a docile little kitten sticking to Chen Xiang, especially when he felt her soft and soft chest rubbing against him, it made Chen Xiang feel that he couldn't take it anymore.

"We're going too!" Bai Ziqian looked at Red Cloud and Ji Ling'er.

"I have long hated that Ten Great Holy Nations!" Bai Youyou said. In her eyes, Chen Xiang's matter was her own.

Chen Xiang shook his head: "None of you are to go, and obediently stay here to help me increase my strength, although I lost five thousand years of time! But I feel that it won't be long before I enter the Gods Realm, so when the time comes, you all can enter the ring with me, but what I hope for is that with your true strength, you all will be able to pass through the road to the Gods Realm! "

The Azure Dragon and Chen Xiang had said before, that the road to enter the Gods Realm was very important, if one did not enter the Gods Realm through that method, it would be a huge loss.

"Mother also told us that whether we can get along well after entering the Gods Realm depends on what we can get from that road." Ji Ling'er said: "I thought you were a lot behind us, I didn't expect you to say that you want to go to Gods Realm so early in the morning!"

Feng Yujie's understanding of the Gods Realm made Chen Xiang even more suspicious, he suddenly felt that Feng Yujie was someone from the Gods Realm.

Before an hour had passed, Feng Yujie had returned with a few people chatting happily behind her. Other than Lv Zhen, Bai Yaowei, Grandma Lv, and Lv Qilian, there were also two other unfamiliar faces.

Chen Xiang remembered that the aura of that handsome big man was from the Floating City Lord, Liu Fusheng. Back then, when Chen Xiang was surrounded by Thunder Emperor and other experts, it was Liu Fusheng who helped him break that barrier and gave him the chance to escape.

"Floating City Lord, I did not have the time to thank you for saving me all those years ago, but now I am here to make up for it." Chen Xiang immediately cupped his hands and laughed, and said some words of thanks.

"He is the Great Floating Emperor!" Feng Yujie chuckled, and then introduced another person Chen Xiang did not know, it was a graceful and elegant beautiful woman wearing a purple dress, she was very compatible with Liu Fusheng.

Chen Xiang could already tell that this beautiful woman should be Liu Fusheng's partner.

"This is Great Emperor Ruo Meng, the master of Holy Nations Ruo Meng, and also the floating wife!"

Feng Yujie introduced the beautiful woman, which surprised Chen Xiang greatly. This Great Emperor Ruo Meng was very powerful, it gave others a feeling that they couldn't see through her.

Bai Yaowei was the Ruthless Devil Venerable back then, he was Bai Youyou and Bai Ziqian's father, Su Meiyao's master. He also knew a bit about Chen Xiang and his daughter, and now he said with a smile: "I also spent some time with a pill master. Although I cannot refine pills, I can still be used as a evaluation!"

"Chen Xiang, we already heard about you from the Divine Feather Emperor on the way here. You lost for so many years, and he still dared to challenge her. This really surprises us. Lv Zhen laughed.

Lv Qilian did not say anything. The feeling she gave others was that they were not very close, but the truth was that her relationship with Chen Xiang had already progressed to a point where even Su Meiyao and Bai Youyou did not know about it.

"I really hope that you can refine some powerful poison. Let's see who can poison an old woman like me to death." Although she had a head full of white hair, she was very young and did not look like an old lady at all.

"Grandma Lv, if I poison you to death, a few people here will immediately come and fight me." Chen Xiang laughed.

"Mom, stop messing around!" Lv Qilian was really worried that Chen Xiang would poison Grandma Lv to death.

Liu Fusheng laughed, "This little brother dares to challenge the Divine Feather Emperor, he should be very confident. I wonder if the two of you made any bets?"

"No!" Feng Yujie immediately said, she did not want others to know, that she actually agreed to Chen Xiang's shameful conditions.

Su Meiyao asked: "What pills are all of you competing?"

"Three rounds and two victories. The first is the Tianshen Dan, and the second is also his." Feng Yujie looked at Chen Xiang and asked: "What pill do you want to compete in the second round? Let me feel reassured! "

"Dragon Blood Saint Dan! "I have the ingredients." Chen Xiang chuckled: "As for the third round, it shouldn't be necessary anymore!"

Feng Yujie also chuckled: "It's indeed unnecessary, I can defeat you in two rounds!"

Although Feng Yujie had a smile on her face, her heart secretly jumped. Chen Xiang was actually able to refine Holy Pellets, if Chen Xiang had lived for five thousand years, that would be normal, but Chen Xiang had only stayed in the Divine Prison for a short period of time.

"Don't say it so early. I will make you lose to shame in the first round. My beautiful Divine Feather Emperor, haha ..." Chen Xiang suddenly laughed out loud, causing everyone to frown.

The clash between Feng Yujie and Chen Xiang just now made people feel that they had a irreconcilable feud.

"One cauldron isn't enough to compete in, but many batches to compete in!" This is up to you! I heard that he's also very good at controlling multiple pill furnaces at the same time. " Feng Yujie suddenly said as he saw Chen Xiang taking out the Yanlong furnace.

"Ten batches, how about it?" Chen Xiang said directly without even thinking.

Right after he finished speaking, Feng Yujie gently waved his sleeve, and like smoke, ten purple nine-legged pill furnaces appeared in front of her. Each of them was as tall as a person and extremely large.

"Ten batches of Purple Skies!" This is one of the famous pill furnaces in the Gods Realm. It is said that all the ingredients are made from a purple sky that has collapsed. " Lv Zhen took a deep breath, "This is a top-grade divine furnace!"

In order to defeat Chen Xiang, Feng Yujie no longer hid his strength, and wanted to reveal his true strength.

[Chapter 1755](#)

Feng Yujie concocted ten batches of pills at the same time, which was also inspired by Chen Xiang previously. Su Meiyao had told her many things about Chen Xiang's concocting of pills, and Feng Yujie was really impressed by his pill refining skills.

However, Feng Yujie had not released the Magic method furnace like Chen Xiang did, in her opinion, it was not safe, and it also consumed a lot of spirit energy. It was better to use a good pill furnace to concoct the pill, so she did not need to worry about the instability of the Magic method furnace, it would allow her to control multiple pill furnaces more easily.

Chen Xiang had never tried to refine ten batches of Tianshen Dan before, but he felt that it wouldn't be difficult.

"My Yanlong furnace is only a sacred device, and your ten pill furnaces are divine furnaces. Even if you win against me, that is not something to be proud of! However, once you lose, hehe ... " Chen Xiang felt that the more Feng Yujie displayed his true strength, the more he would feel a sense of accomplishment when defeating her.

"When we competed previously, we didn't talk about the limitations of the pill furnaces!" If you need me to change to a more ordinary pill furnace, that's fine too. " Feng Yujie took out 20 Tianhun fruits and told Su Meiyao to send 10 to Chen Xiang.

"I didn't pay too much attention to the pill furnace when I was refining pills, so of course I wouldn't restrict you. If you still lose to me in this way, then I'll be even more happy." Chen Xiang checked the Tianhun fruit, he was worried that Feng Yujie would do something to them.

Feng Yujie originally thought that his ten Purple Deity Furnace would be able to scare Chen Xiang, but who would have thought that Chen Xiang was actually so calm!

"Now we have to refine ten batches of ninth stage Immortal Tianshen Dan at the same time, and we also have to refine ten batches of Dragon Blood Saint Dan in the second round, right?" She was a woman, so she hoped that Feng Yujie could win. In her eyes, Feng Yujie was her senior.

"Not bad. Everyone, wait a bit and watch carefully. Don't let that brat cheat." Feng Yujie chuckled: "Even I am starting to suspect if he used up all his divine power by refining two batches of Dragon Blood Saint Dan at the same time."

Chen Xiang snorted, nine balls of mist suddenly gushed out, translucent and hazy. They formed nine pill furnaces that were half a man tall, arranged on both sides of the Yanlong furnace, in a straight line.

Everyone present who understood Chen Xiang knew that this was the pill furnace he created with his divine power!

Feng Yujie placed the ten bubbling Tianhun fruit s into her Purple Sky Ten Furnace separately, and Chen Xiang didn't fall behind her. Using his divine power, he controlled the Tianhun fruit to enter the nine transparent Magic method furnace s and the Yanlong furnace s respectively.

It had to be said that Chen Xiang's refining technique was extremely eye-catching. Even Feng Yujie had been carefully staring at Chen Xiang's nine Magic method furnace, she also wanted to see with her own eyes how Chen Xiang refined the Tianshen Dan. She wanted to see how it was different from her refining technique, or if she had learnt something from it.

Feng Yujie had already started to release flames. Her flames were extremely strong, and even though they were inside the divine furnace, Chen Xiang could feel the terror of those flames from the weak heat they emitted, causing him to suspect Feng Yujie's identity even more!

From Chen Xiang's point of view, Feng Yujie should have long been a Ranker who entered the Gods Realm, but she had not left this place all these years.

Chen Xiang released flames. His flames did not have a trace of warmth, looking very ordinary, they surrounded the Tianhun fruit.

"Tai chi Divine Arts!"

Chen Xiang released a small Taiji array from the bottom of the Tianhun fruit from the very beginning, producing a suction force that prevented the Tianhun fruit from releasing its special powers.

Seeing that he had revealed this move, Feng Yujie frowned slightly and looked more carefully, her heart also becoming heavier. Of course, she could see that the terrifying divine power inside the Tianhun fruit had already been contained and did not leak out any further after the appearance of the Taiji array. This way, Chen Xiang could refine all of the divine power within the Tianhun fruit into an Immortal Pill.

When ordinary Alchemist refining Tianshen Dan, they would always let the Tianhun fruit lose 90% of its medicinal power, and in the end, could only use 10% of its difficulty to condense it into a pill, but its effects were still much stronger than eating the Tianhun fruit alive.

Even if it was Feng Yujie, it would still be hard to prevent this kind of thing from happening. She had only done a better job than the other Alchemist, as she could minimize the loss of medicinal power.

"What kind of flame is that? Could it be that it wasn't Sacred Fire? Logically speaking, Chen Xiang should already be able to use the Rainbow Sacred Flame, isn't his God purification mainly focused on powerful flames? " She and Ji Ling'er both possessed the kind of mystical Holy Spirit Fire s, and were on the path of pill refining.

Su Meiyao had passed Chen Xiang's God purification to them, they were only at the initial stage of mastery, but now Chen Xiang was not using the God purification that they were familiar with.

"I'm not sure either! His flames are very strange!" Su Meiyao frowned slightly as she looked at Chen Xiang's pill furnace seriously.

"What kind of flame is this?" Lv Zhen also felt that it was very strange, because that type of flame did not have a unique flame characteristic.

Liu Fusheng shook his head, he did not know.

"Creation Flame!" Just when everyone was feeling puzzled, Feng Yujie said in a low voice, "It is also called a Chuangzao fire, a Fire of Chaos ... In short, I have only seen him once, and the Chuangzao fire he is using right now is extremely weak."

"This ..." Ji Ling'er said in surprise, "Can my Holy Spirit Fire replicate this kind of flame?"

The strength of Holy Spirit Fire's was that they could copy the special natures of other people's Fire Soul and flames.

"No!" This is not just a simple flame. I don't know how he cultivated it either. In short, this type of flame is extremely mysterious and strange.

This kind of flame, was precisely released by Chen Xiang using his life force. The Azure Dragon had also mentioned it before!

"What good eyesight, you can actually recognize this kind of flame!?" Are you afraid?" Chen Xiang laughed.

"So what? Your flame is so weak, yet you still have not started to refine the Tianhun fruit, while I have already refined thirty percent." Feng Yujie smiled slightly: "If you rely on this kind of flame, then you still won't be able to defeat me!"

In Chen Xiang's pill furnace, there was only one Taiji array under every Tianhun fruit, and the Tianhun fruit was also wrapped by his, without any changes.

"Don't be happy too early!" Chen Xiang snickered, only to see that the fiery red ball of light from the nine Magic method furnace's was suddenly enveloped by a layer of white light.

Alchemist who had refined Tianshen Dan before knew that this was the pure medicinal power that leaked out of the Tianhun fruit when it was refined.

The amount of white light outside the red ball of fire grew more and more, while Chen Xiang's ability to use it also grew stronger and stronger. The reason he was so slow was because it was his first time refining ten batches of Tianshen Dan, and he needed some time to get used to it.

Now that he had gotten used to it, he could begin to use his supernatural power to quickly decompose and refine the Tianhun fruit.

The light grew brighter and brighter, like nine white suns, constantly emitting blinding white rays that were constantly rotating!

The white brilliance was actually the divine energy within the Tianhun fruit. After being refined, it was like falling into a whirlpool, spinning around the upper level of the pill furnace and condensing into a pill there.

Looking at the endless flow of medicinal power gushing to the top of the furnace, Su Meiyao who had refined Tianshen Dan before knew very clearly that the amount of pills Chen Xiang produced would be extremely terrifying.

Ji Ling'er exclaimed: "This little brat is too scary!"

In the past, Ji Ling'er and Red Cloud had specially helped Chen Xiang by selling a large number of high grade pellets. Now, they had finally seen with their own eyes how Chen Xiang had concocted high grade pellets in bulk.

Feng Yujie's face turned a little ugly. She no longer said anything, slightly gritted her teeth, and became a little nervous. She couldn't understand why Chen Xiang always had such a strange method of refining pills! However, she felt that she could still win, because she felt that the medicinal power she had refined from the Tianhun fruit would not be less than Chen Xiang's.

But not long after, when Feng Yujie saw that Chen Xiang was still madly squeezing out the medicine from within the Tianhun fruit, she became even more nervous. This made her feel like she was about to lose, but she quickly calmed her restless heart.

"Infinite refining! Destroy them all! "

Chen Xiang was also a little nervous, but that was because he was too excited. Back then, when he was refining the Tianshen Dan, one furnace was enough to tire him to death. Now, when he was refining ten batches at the same time, he was still full of energy.

The Infinite refining was a method to strengthen the foundation of Tai Chi. At this moment, the Taiji array at the bottom of the nine Magic method furnace could be seen with the naked eye constantly emitting lines and lines of runes.

The nine Tianhun fruit inside the Magic method furnace instantly exploded as a huge golden light shone out, enveloping a radius of several tens of kilometers. With the nine Magic method furnace as the center, an extremely thick light pillar appeared and shot high into the sky!

Feng Yujie's residence was currently enveloped in a huge, semicircular golden light barrier!

Lv Zhen, Liu Fusheng, Bai Yaowei and the rest were all enveloped by the golden light, unable to see anything, but they were all using their powerful divine powers to feel the changes happening inside Chen Xiang's pill furnace.

The shocking golden light gradually faded, causing everyone to be surprised. And at this time, Chen Xiang had formed the nine Magic method furnace s, they were condensing a white ball of air, as if they were being kneaded by snow, releasing a sparkling and translucent multicolored light.

With just a glance, one could tell how many Tianshen Dan could be condensed!

Seeing this scene, Feng Yujie almost could not continue, but she still held onto a glimmer of hope that Chen Xiang would fail at the last moment!

Chen Xiang smiled as he looked at Feng Yujie. At this moment, Feng Yujie was completely naked in front of him!

With a thought from Chen Xiang, the balls of Qi inside each pill furnace were split into twelve small balls, which then quickly converged and merged together, eventually forming into a bubble like pellet.

"I'm done refining!" Chen Xiang took out a relatively large jade box. With a wave of his hand, the Magic method furnace disappeared and all of the Tianshen Dan fell into the jade box!

Ten batches, twelve pills per batch, a total of 120 pills. All of them were of high quality. All the experts in the refining process had witnessed the entire process without any cheating whatsoever!

"Monster!" Lv Zhen exclaimed: "If a sacred pill could be used to refine such a method, wouldn't it be overturning the heavens?"

[Chapter 1756](#)

Feng Yujie knew that she had lost, no matter how hard she tried, she was unable to surpass Chen Xiang. However, she did not give up on concocting the pill, she only exhaled lightly and continued to focus on concocting.

Chen Xiang also patiently waited for Feng Yujie to win this match. Originally, he could have mocked Feng Yujie, but he felt that something was wrong, because Feng Yujie had appeared very calm and collected, giving him a bad premonition.

"Sister Qilian, do you have more spirit liquid with you?" Chen Xiang sent a sound transmission to Lv Qilian who was at the side, "Meng'er and the others have followed me to the Divine Prison, and lost five thousand years of time. I plan to refine a few more Holy Pellets so that they can hurry up and catch up."

"Not much, I will give all my spirit liquid to Xiang Yue and Meiyao. It seems that I have to teach them the Alive Slain Method from now on."

Lv Qilian asked: "You can refine Holy Pellets now?"

"Alright, I'll refine some for you from now on!" We will take some time to refine some spiritual beads together and duplicate a large amount of divine medicine. At that time, I can refine a large amount of divine pellets. " Chen Xiang chuckled.

Lv Qilian was unable to reject Chen Xiang, and could only silently agree. Seeing how amazing Chen Xiang had been concocting pills just now, she also hoped that Chen Xiang would be able to concoct a large amount of Holy Pellets for her in the future.

After less than an hour, Feng Yujie had already succeeded in condensing her pellets. Her ability in refining eight Tianshen Dan was already stronger than many of the Alchemist s, but she still lost to Chen Xiang.

"Seniors, please evaluate the outcome of this match." Chen Xiang stood up and laughed.

"You win this round!" Feng Yujie immediately said, but her expression was extremely serious, causing the smile on Chen Xiang's face to disappear.

Su Meiyao and the others were all surprised to see their own mother revealing such a serious expression. Usually, Feng Yujie was called a mischievous girl who spent her days laughing merrily.

What they did not know was that Feng Yujie no longer had that much confidence in her victory. If she lost, she would be crippled by Chen Xiang for two hours.

"Rest for two hours before the second match!" After Feng Yujie finished speaking, she walked into the house. The first time she lost to Chen Xiang, there was no one by her side, but now, with so many people watching, what made things worse was that after she lost ...

"Chen Xiang, can't you just let her go?" Su Meiyao sent a sound transmission to Chen Xiang. She did not know about the bet between Chen Xiang and him.

"This... If I give it to her, she'll be even more upset. " Chen Xiang said: "Right now, I am also testing my own strength!"

Liu Fusheng walked over and asked with a smile: "Little brother, what is the highest level of Holy Pellet you can refine now?"

"Low grade saint pill!" Chen Xiang replied: "I can just concoct, and it might take a while for a mid-ranked Holy Pellet."

Liu Fusheng wanted Chen Xiang to help him refine a Holy Pellet, but that was a mid-ranked Holy Pellet.

"If you can concoct a mid-grade saint pill, would you be able to help me?" Liu Fusheng asked.

"Of course, it's fine. This is pretty good for me to learn how to forge a phone." Chen Xiang laughed: "Welcome!"

The Grandma Lv said: "The next step is to refine Dragon Blood Saint Dan right? This kind of pellet with a strong body is not easy to refine either, and it's even using the Holy level Dragon Pellet, it would definitely take a lot of time."

"It will take a long time!" Chen Xiang nodded. If it was just refining one furnace, to Chen Xiang, it would only take two to four hours. After that, he would have to concoct ten batches, which would definitely take a longer time.

Chen Xiang talked for a relatively long time, but that was only for a few hours. In the eyes of the strong in Grandma Lv and the others, it was just a few days, but for people like them who had lived for so many years, waiting for a few dozens of days was nothing.

"Do you have any gains in the Chaos Realm? Because I am truly sorry for coming back, for making all of you gather here. " Chen Xiang said somewhat guiltily.

"It's fine. We will be back in a while anyway!" The next time we enter, it should be soon. When that happens, you should come along as well. Lv Zhen laughed.

"The Chaos Realm is a little mysterious, but there are a lot of resources inside. Right now, we have yet to encounter any dangers inside, but that does not mean that there aren't any. Bai Yaowei said.

Just as Chen Xiang was chatting with the rest, Su Meiyao suddenly shouted out: "Mother! "This is..."

Everyone was stunned immediately. Chen Xiang turned his head and saw an unfamiliar yet beautiful woman walk out from the house. Her face was covered by a thin pink veil, and she was wearing a light pink dress that revealed her enchanting collarbone, as well as her small breasts.

Chen Xiang's heart skipped a beat. He knew that this unfamiliar woman was indeed Feng Yujie, but she was using her own appearance!

Feng Yujie revealed her true face and wore that light pink long skirt, making the charm of her body even more oppressive.

Chen Xiang looked at her pair of mysterious and charming eyes, and almost lost in thought!

The slowly approaching Feng Yujie had smiles in her beautiful eyes as she strode forward with An Na's graceful steps. Her entire body was filled with an uncontrollable charm.

Even Lv Zhen, Bai Yaowei and Liu Fusheng, who had a certain level of resistance against this kind of power, had no choice but to silently circulate their powers to resist it.

Su Meiyao and the other goddaughters were naturally alright!

Feng Yujie had not fully revealed her features when she arrived in front of the Purple Sky Ten Furnace. She gracefully sat on the ground and stared at Chen Xiang with her beautiful eyes that were brimming with magic.

The moment Feng Yujie came out, Chen Xiang's eyes went straight. He had seen Feng Yujie's portrait before, but that portrait was too powerful, causing him to instantly fall into a muddled state. He had been immersed in it for many days, and had even forgotten about its appearance.

Seeing Feng Yujie's captivating eyes, Chen Xiang almost sunk into them. Luckily he reacted in a hurry and closed his eyes, but Feng Yujie's half-covered face and eyes that were filled with enchantment, kept on appearing in his mind.

"This woman actually wants to use this invitation to interfere with me. This way, I won't be able to refine pills peacefully. What a good method!" Chen Xiang cursed in his heart, only after activating the Demon Subduing Heart Art was he able to erase the illusory image in his mind.

Seeing that Chen Xiang was distracted and almost captivated by her, Lv Qilian, Su Meiyao and the other girls were secretly gloating in their hearts.

Chen Xiang said as he sent a sound transmission to Feng Yujie, "You are being shameless ... Also, didn't you say that you would show me your true face when I take down the Mei Emperor? "

"Didn't you want to see me back then? What's more, I haven't finished reading it yet! In the bet that we signed, there seems to be no one who doesn't allow me to use my true face! " Feng Yujie responded with an extremely happy laugh.

In order to not lose to Chen Xiang, Feng Yujie was already going all out!

[Chapter 1757](#)

Feng Yujie's technique was very powerful, she had used her inherent strength to attract others' attention and disturbed Chen Xiang's mind. This way, Chen Xiang would definitely be affected while concocting pills, and if she was unable to use her strongest ability, she would be able to win against Chen Xiang.

did this because she was acting a little shamelessly, and in front of so many people at that. It seemed that in order to not be ravaged by Chen Xiang for even an hour, she did not even care about her reputation.

"Let's rest a bit longer and start refining the Dragon Blood Saint Dan. This time, we'll continue with another ten batches." Feng Yujie chuckled, looking at Chen Xiang who had his eyes closed, his smile became even sweeter.

Even if Chen Xiang did not open his eyes, he could still refine pills. In order to prevent Feng Yujie from using his charm to disrupt his state, he decided to refine pills with his eyes closed.

As long as she did not read it, everything would be fine. Chen Xiang thought so! But who knew that after he closed his eyes and meditated for a while, Feng Yujie's half-covered face, as well as her beautiful body that was dressed in a light pink dress, were still unforgettable in his mind. He had already used the Demon Subduing Heart Art, but the effects were not too obvious.

"How could this be?" Chen Xiang was a little anxious. If this continued, he would definitely not be able to focus on concocting pills.

"Your Demon Suppressing Heart Mantra is used to deal with Mei Emperor, but Feng Yujie is different from Mei Emperor, she seems to be much more powerful! Right now, she is using her Charm to attack you. However, this attack is very strange and cannot be discovered by others, even you are unable to detect it. " Long Xueyi said.

Chen Xiang's beautiful and alluring body always appeared in Chen Xiang's mind, she was dressed even less, half of her breasts were exposed, her face revealed a mesmerising shallow smile, her entire body was filled with seductive charm, and even worse, she was currently performing a kind of seductive dance. When she changed her posture, she would always reveal a bit of a spring light, which made Chen Xiang unable to stop.

Chen Xiang had already closed his eyes at this time, but the captivating images kept flashing past his mind. Gradually, he heard Feng Yujie's coquettish smile, and from time to time, she would even let out a soft moan that captivated him.

At this time, in everyone's eyes, Chen Xiang seemed to be enduring a huge amount of pain, his head was covered in perspiration!

"Aunt Feng, you are pushing yourself into a pit of fire! Originally, I wasn't very interested in you, but now ... " Chen Xiang sent a sound transmission to Feng Yujie. He hoped that Feng Yujie would stop, otherwise he would not be able to refine those ten batches of Dragon Blood Saint Dan.

Feng Yujie did not reply, she just sat there cross-legged and stared blankly at Chen Xiang. She was rather surprised at Chen Xiang's calmness, she had already attacked for such a long time, yet Chen Xiang was still able to endure.

Seeing that it was about time, Feng Yujie immediately retracted his hand.

"You can start now!" Feng Yujie smiled sweetly. Her eyes were extremely enchanting as they flickered with Xia Bo, as if she was smiling.

Chen Xiang let out a long exhale, Feng Yujie's suicidal flirtatious dance finally stopped, and gradually disappeared from his mind.

The Blood ginseng was also out of Feng Yujie's possession, she seemed to have the ability to copy Holy level's medicinal herbs, but after Chen Xiang received the Blood ginseng, he realized that the quality of the Blood ginseng was not good, so he thought that Feng Yujie's copy of the Blood ginseng's spirit liquid was not as good as his.

"This might be copied by sister Meiyao." Chen Xiang carefully examined the ten Blood ginseng, then released the nine.

Just as he was about to begin, Feng Yujie suddenly threw a Meiyao towards him, causing his entire body to tremble.

"Is this woman planning to disturb me while I'm refining pills?" Chen Xiang's heart thumped. If that was the case, then the next test would be extremely harsh, and he might fail halfway.

Chen Xiang comforted himself in his heart. As long as he could endure through this ordeal, defeating Feng Yujie would be the time for him to take revenge!

"This woman clearly only used her powerful charm power on me, so no one else was affected." Chen Xiang did not start. Instead, he frowned and looked at Feng Yujie, both her beautiful and enchanting eyes, and her delicate body which was covered by a pink long dress. It was as if he wanted to carefully observe every inch of her body.

It was not the first time Chen Xiang looked at her in such an unbridled and unbridled manner. At this moment, she was still trying to please Chen Xiang, and would blink her eyes and smile charmingly at him from time to time.

"Is there any way to deal with this woman?" Long Xueyi also knew the reason why Chen Xiang had yet to begin. If Chen Xiang did not have a way to deal with Feng Yujie's enticing power, he would most likely lose in the beginning.

Chen Xiang said: "I am currently looking for a method from the Heavenly Alchemy, there is definitely a method in the Heavenly Alchemy, but I need to understand it myself, and that will take me some time!"

In order to successfully refine pills, Chen Xiang had to first find a method to cultivate and stabilize his mind through the Heavenly Alchemy.

Refining a Dragon Blood Saint Dan would require a bit of time, and it was the same even for Feng Yujie. But in Chen Xiang's eyes, it was something that could be refined very quickly, so he was still calmly searching for a method to counter Feng Yujie within the Heavenly Alchemy.

"Aren't you going to start? It's been an hour! " Feng Yujie frowned slightly and asked softly.

Chen Xiang really wanted to scold her for a bit. He still hadn't started it yet because he was worried that Feng Yujie would use that kind of enticing power on him midway.

Everyone frowned, because Chen Xiang was using perverted eyes to stare at Feng Yujie, as though he had fallen into Feng Yujie's seductive trap.

But everyone understood that if Chen Xiang had started, at the critical moment, when Feng Yujie had launched that formless charm attack, something would have definitely happened to him.

"It's more important to look at beauties. If you can take off the gauze covering your face, it would be even better!" Chen Xiang smiled faintly, although he looked like a miscreant on the outside, but he was rapidly analyzing the Heavenly Alchemy in his mind, searching for what he needed from the profound chants.

"Are you trying to deal with me? I am not a Mei Emperor, I am not that easy to deal with!" Feng Yujie laughed tenderly: "You can only blame yourself for being too weak. Look, everyone here is fine, you were the only one who almost lost to it."

Chen Xiang cursed in his heart. The other people were fine, it was because she did not concentrate her attacks on others but had instead used all her strength on him.

It had been two hours and Chen Xiang still hadn't started. Feng Yujie's progress on the other hand, was extremely smooth, because she was currently in a very good mood and was displaying it very well.

"Got it!" Chen Xiang finally found a way out of the Heavenly Alchemy.

"I wonder if this Soul-Lock technique will work. I can only try it out now." Chen Xiang immediately understood the incantation he had found and then began to circulate it silently.

Chen Xiang suddenly closed his eyes, but he was not refining pills, which caught his attention, as Chen Xiang had been staring at her the whole time, but now he was staring at her instead, as if he was training.

[Chapter 1758](#)

Refining Dragon Blood Saint Dan was also something that Chen Xiang was an expert at. If it wasn't for the fact that Feng Yujie would secretly trick him, he had a one hundred percent assurance that he could defeat Feng Yujie.

As long as he could resist Feng Yujie's enticing power, he would be able to defeat her quickly.

"The Soul-Lock Art can stabilize one's mind and prevent one's mind from being affected by external forces!" Beneath Chen Xiang's soul in the Divine Sense Sea, a set of Taiji array suddenly appeared.

"This is Taiji Protector!" I have already activated the Soul-Lock Art and am currently protecting my mind.

Chen Xiang was finally going to start refining. Waving his hand, ten Blood ginseng floated into the pill furnaces, and like refining Tianshen Dan, he released the Chuangzao fire, used the Tai Chi God purification, and started refining the Blood ginseng.

Just like before, when he used Yanlong furnace and the nine Magic method furnaces to refine pellets, everyone could also see the changes happening inside clearly from the Magic method furnace.

"Now I am going to refine Dragon Blood Saint Dan with all my might!" In order to catch up with Feng Yujie, Chen Xiang had immediately released a strong innate ability. The originally ordinary flames suddenly turned into a silver white color, wrapping the Blood ginseng inside the pill furnace.

It was the pure dragon blood qi inside the Blood ginseng. The blood contract continued to spill and floated upwards, converging at the top of the pill furnace. It slowly rotated and turned into a small cyclone that emitted a weak red light.

Other than that, in order to condense more pills, Chen Xiang had also secretly added a bit of the power of the Alive Slain Method, which could duplicate a bit of the Blood Qi. This way, he would be able to surpass his limits and condense even more pills.

Seeing how fierce Chen Xiang was from the beginning, with just a slight burn, he was able to turn the Dragon Blood Saint Dan into blood Qi, Feng Yujie was shocked, she could already tell that Chen Xiang was still hiding his strength, and Chen Xiang did not use that silver flame previously.

Feng Yujie blinked and gave Chen Xiang a flirtatious glance. At that moment, Chen Xiang's body trembled and he almost lost his consciousness.

"So powerful!" Chen Xiang never thought that after using the Soul-Lock Art, he would actually almost be defeated. He had just learned the Soul-Lock technique and hadn't mastered it enough, so his defensive power was limited.

In order to avoid being disturbed by Feng Yujie while he was refining the pills, Chen Xiang immediately used the power of the spatial laws to form a spatial barrier that enveloped himself and the ten pill furnaces.

This way, Feng Yujie's Charm attack wouldn't be able to penetrate his spatial barrier, and would become much weaker!

Feng Yujie's Charm Attack was extremely strange. Previously, Chen Xiang thought that it was a spiritual attack, but after he released the Spatial Barrier, he realized that Feng Yujie did not immediately use his divine power to attack him, but could continue to disturb his state of mind.

"A spatial barrier can still have some effect. At the very least, that sort of power isn't that great!" Chen Xiang heaved a sigh of relief. At this moment, he was under Feng Yujie's continuous attacks, but under his spatial barrier and the defense of his Soul-Lock Art, that kind of bewitching attack did not disturb Chen Xiang from refining the pellet.

"This kid actually found a way to defend himself in such a short amount of time. He's really amazing!" Feng Yujie thought, and clenched his teeth.

Just when Chen Xiang was relieved, Feng Yujie suddenly took off her pink veil, revealing her beautiful and alluring face, which could captivate the soul.

When he saw Feng Yujie's complete appearance, Chen Xiang almost couldn't breathe. It wasn't because he was bewitched by Feng Yujie's beauty, but that face was simply too bizarre. The unceasing bewitching power could penetrate space and directly attack his mind.

Feng Yujie was indeed very beautiful, and could be said to be even more beautiful than Lv Qilian and Su Meiyao who were at the side. But even so, it was simply impossible to confuse Chen Xiang.

Chen Xiang had seen a lot of beauties in the past few years, and there were also quite a few absolute beauties who were on good terms with him, so he would not be confused by the other party's beauty. Right now, it was mainly on Feng Yujie's beautiful face that there was a special kind of power.

The moment Feng Yujie took off the veil, Chen Xiang's ten pill furnaces started to tremble, and Chen Xiang felt a very strong and strange energy suddenly rushing towards him.

"Eyes!"

Chen Xiang immediately closed his eyes, he felt that Feng Yujie's face must contain some kind of mysterious power that was hard to explain. He then used her beautiful eyes to guide him, anyone who was stared at by her, would be attacked by her strongest charm.

When Su Meiyao saw that Feng Yujie had revealed her true appearance and used her most charming power to attack Chen Xiang, he realized that Feng Yujie was very focused on winning or losing, but this was not because of face.

If it was because of a face issue, Feng Yujie would not do such a shameless action. It was clear that it was for another reason.

No one present was stupid. They immediately understood that there must be some sort of bet between Feng Yujie and him, but they did not say it out loud.

Chen Xiang who had his eyes closed started to tremble, he looked extremely uncomfortable, but Feng Yujie did not seem to have the intention of stopping, because she could not lose.

"The Soul-Lock Art is also useless!" Chen Xiang's mind surfaced dozens of Feng Yujie's thin clothes. Their entire bodies were naked, and they twisted their chubby bodies that were drenched in thin clothes, dancing in a kind of enchanting dance that would make people intoxicated if they saw it.

The evil desire in Chen Xiang's heart was constantly being throbbed and crazily magnified. In order to prevent himself from collapsing, he was using an extremely extreme method to suppress it!

Now he understood why a person like Jiang Sheng would bow down under the Mei Emperor's dress all those years ago. Now, he had also experienced the power of this charm, and it was truly difficult for one to control it.

"This charm power must have entered through my eyes. Although I only took a glance, it has already entered into my soul. This is a power that will be tricked the moment I see it, surpassing the boundary of space and time."

Chen Xiang tried his best to maintain his calm, and at the same time, controlled the pill furnace to stabilize, and analyzed the powerful charm power of Feng Yujie.

As long as he had seen Feng Yujie's face, no matter how much time passed, as long as Feng Yujie was near him and worked, he would be confused.

Because from the moment he saw Feng Yujie's face, the charming power of Feng Yujie had already been deeply branded in his mind. Not only him, but everyone else had as well!

Before, Feng Yujie had also said that if Chen Xiang wanted to see her appearance, he would only harm himself!

"If you admit defeat, I will immediately stop." Feng Yujie's voice echoed in Chen Xiang's mind. She was also worried that if this continued, Chen Xiang would get damaged.

"We will never admit defeat!" Chen Xiang responded, and even laughed wildly, making it hard for Feng Yujie to understand.

Chen Xiang continued to endure, but he continued to randomly circulate the Heavenly Alchemy. This actually made him feel better, at least he did not immediately collapse.

Feng Yujie clenched her teeth, and continued to work hard at Chen Xiang. Originally, she thought that Chen Xiang would not be able to hold on for long, and that all the pill furnaces would be blown up, but who knew where the ten pill furnaces were, after an hour?

In order to deal with Chen Xiang, Feng Yujie had to slow down his pace of refining pills. At this moment, the two were not only competing on pill refining, but also competing on soul.

Time slowly passed, night and day alternated, and very quickly, a day had passed. The crowd by the side transmitted their voices to each other, they did not expect the pill refining competition to turn out like this, but they admired Chen Xiang's perseverance, to last so long.

Even Feng Yujie had to admit that Chen Xiang's perseverance was terrifying. She had heard from Su Meiyao and the other goddaughters that Chen Xiang was an extremely lecherous little demon, but when she used her beautiful illusions to attack him, he did not seem to be distracted at all. Instead, he managed to endure it and blamed Su Meiyao and the others silently, because Chen Xiang was not as shameless as she had imagined.

Chen Xiang only needed to continuously circulate the Heavenly Alchemy's Spirit Refinement Scripture to allow him to constantly stabilize his mind. However, this could only prevent him from being defeated by Feng Yujie. If he were to continue refining the pill, he would have to work even harder.

"Boundless Spirit Refinement!" Chen Xiang used the Infinite refining and the Godly Training Method to cultivate his own soul and keep it in an active and constantly increasing state.

His goal was to refine the charm imprint that Feng Yujie had branded in his soul so that he would not be able to escape from Feng Yujie's charm power.

However, this was not that easy. After trying for several hours, he was only able to gradually stabilize his mind.

He was still closing his eyes, but it was not as uncomfortable as before. It was just that he was still sweating profusely!

"It seems like there's no other way to get rid of her at this point. I can only continue on like this!" Chen Xiang's mind still held all sorts of flirtatious thoughts of Feng Yujie. This had appeared in the deepest part of his heart that was the hardest to defend against, a place that attracted the flames of evil in the depths of his heart, wanting to ignite it and cause him to collapse.

But now, Chen Xiang could only continue to suppress the flames and at the same time concoct pills. He knew that if he persevered, he would definitely not be able to suppress it, so he changed his strategy!

As long as he could refine ten batches of Dragon Blood Saint Dan, it would be the end!

In the bottom of Feng Yujie's heart, he was still wondering when Chen Xiang would be tortured to the point of collapse, but then he realised that the silver fire balls in the nine Magic method furnace, suddenly released waves after waves of blood-red fog, Chen Xiang had actually started.

The blood mist within the silver ball of fire leaked out at an extremely fast speed. This was the result of Chen Xiang exhausting all of his ability and urging the flames to quickly refine the Blood ginseng.

Under the silver flames, the rotation of the Taiji array became faster and faster, and many Spirit grain appeared. The blood mist that leaked out from the Spirit grain covered the silver fire ball, and like a tornado, it quickly gathered at the upper layer of the furnace.

Chen Xiang had been tormented by Feng Yujie for an entire day and night, causing him to slow down his concocting speed. However, he was still struggling to hold on, and keep the Blood ginseng from being burned by the silver flames.

"No, I have to increase my power!" If Feng Yujie didn't have to use her Charm Power to deal with Chen Xiang, she would refine Dragon Blood Saint Dan very quickly.

"You have no chance!" Chen Xiang felt that Feng Yujie's Charm was gradually increasing, when he suddenly roared, the nine Magic method furnace's blood light suddenly erupted. In that short moment, everyone could see the silver flames fiercely strengthen, and then wildly enter the Blood ginseng's body, exploding outwards.

The expanded Blood ginseng turned into pure Medicine aura and gathered at the upper layer of the pill furnace. It instantly turned into a cyclone, and then was quickly split into three balls!

"Three pills!" Lv Zhen could not help but shout in shock.

[Chapter 1759](#)

Feng Yujie also saw that Chen Xiang's nine Magic method furnace had three blood glowing Dragon Blood Saint Dan s, all of these happened very quickly. She never thought that Chen Xiang, who had been distracted by her all this while, would suddenly refine the Dragon Blood Saint Dan after stubbornly resisting for a period of time.

All of these things were done in an instant, so fast that Feng Yujie did not even have time to react!

Aside from that, condensing three Dragon Blood Saint Dan s was similarly shocking, because Feng Yujie's own limit was also only two of them!

Feng Yujie retracted her Charm attack, causing Chen Xiang to instantly relax, and his face revealed a pleased smile!

Twice, Feng Yujie lost so thoroughly, especially this time, she even used some underhanded methods, but she couldn't win against Chen Xiang at all.

"You win!" Feng Yujie bit her lower lip and snorted.

She was still refining her Dragon Blood Saint Dan, and had admitted his defeat twice, so the judge who was invited did not need to give any evaluation.

After two hours, Feng Yujie managed to condense the pellet successfully. She was able to refine two Dragon Blood Saint Dan s per furnace, and the quality was also not bad.

The reason why Chen Xiang came to the Divine Feather Holy Nations was to see Su Meiyao and Bai Youyou, and now that he had met them, and even defeated Feng Yujie, it could be said that the harvest on this trip was extremely plentiful.

Seeing that Feng Yujie's beautiful face revealed a trace of fear, Chen Xiang laughed and sent a sound transmission to him, "I'll let you fulfill your promise in a while! "Don't worry, I'm very gentle."

"Humph!" Furthermore, there was still a contract, and Feng Yujie could not go back on his words. Seeing the mischievous smile on Chen Xiang's face, Feng Yujie knew that Chen Xiang would not show mercy at that time.

Su Meiyao and Bai Youyou were still staying here. Although they were strong now, they were still unable to defeat the Mei Emperor. They were now the targets of the Mei Emperor, so they had to stay and raise their strength.

Chen Xiang, Lv Zhen and the others chatted for a while before they returned to You Ming Deep Abyss.

"Little Scoundrel, are you really going to ... take that Feng Yujie away ..." Long Xueyi laughed: "Aren't you afraid that sister Meiyao and the others will scold you to death?"

Chen Xiang said: "I'm not that stupid. Before I figure out Feng Yujie's true identity, I didn't bother to touch her, but when she seduced me previously, I really wanted to eat her."

"Feng Yujie is indeed mysterious, but she is not a bad person. At the very least, she treats sister Meiyao and the others very well, just that she is a little mischievous." Long Xueyi laughed.

Chen Xiang, Qi Shi and Jiang Sheng would arrive not long after he returned.

"Do you have the whereabouts of the Ice Emperor?" When Chen Xiang returned, he was full of anger. He had long wanted to kill one or two Strong of Lord Stage s who participated in the attack on Evil Dragon Graveyard.

"Yes, they have all entered the Chaos Realm, it is said that their people in the Chaos Realm have sent back news, and some things appeared in the Chaos Realm, so they have all rushed over." Qi Shi said.

"They have all gone to the Chaos Realm, isn't this the best time for us to attack them?" Long Xueyi came out of the ring, and said in surprise.

"This is definitely not the best time. After they return, they must have prepared a good plan to defend you. If we attack their Holy Nations, the forces they left behind will be able to resist us for a period of time. Then, they can quickly return!" Jiang Sheng shook his head.

Huang Jintian said: To capture the thief, we should first capture the king, why not also enter the Chaos Realm, and kill all those great emperors inside one by one, then go back and take off their Holy Nations! Furthermore, an important treasure has appeared in the Chaos Realm, we must go and take a look. Even if we cannot obtain it, we cannot let them obtain it. "

Qi Shi and Jiang Sheng agreed with what Huang Jintian said.

Chen Xiang considered for a moment, then nodded: "Alright, we will enter Chaos Realm right now. I also want to go in and see what's so miraculous about it."

"Then let's go now!" Jiang Sheng took out his boat, and they entered inside. He controlled the boat to quickly fly away from You Ming Deep Abyss.

"Have you guys explored the profound Cold Ancient Realm during this period of time?" Chen Xiang asked: "There should be many secrets hidden inside."

"I've been there. I almost couldn't come back that time!" Qi Shi immediately said with a trace of lingering fear on his face.

"What's going on?" Long Xueyi had rarely seen Qi Shi this scared.

There are many powerful evil spirits sealed in an area inside. After I did not want to enter that area, I was surrounded by those evil spirits, and then I hid in the east for over a year before finding the exit.

When Qi Shi thought back to this moment, his heart still palpitated with fear.

"I suspect that those Evil Spirits were formed from the deities who died in there back then. They're guarding that mysterious area, and I think there's something inside! That area was also covered by an extremely powerful divine technique. After entering, one would be able to leave, but it was extremely difficult! "None of those Evil Spirits were able to leave that Divine Seal."

Huang Jintian asked: "Are those Evil Spirits the same as the ones in Night Devil Hell?"

"It's not the same. The Night Devil Hell's are very weak. However, those evil spirits in the profound Cold Ancient Realm can kill me in an instant. If it wasn't for the fact that I'm lucky, I might not even have had the chance to go to hell. "

Chen Xiang asked: "Why are you going to the profound Cold Ancient Realm?"

"It's all because someone dug out a lot of good stuff during that period of time. They're all things that only the Gods Realm have, and I know that there are a lot of things inside that can make people stronger, so I went deeper in to take a look, who would have thought that it would be so deadly." Qi Shi sighed: "This has already been going on for thousands of years, I don't dare go again. If you want to go, you better prepare well!"

Jiang Sheng controlled the boat, and quickly flew to the entrance of the Chaos Realm. Just as they were about to enter, a figure suddenly appeared in front of them, and blocked them.

Feng Yujie knew that this was Jiang Sheng's boat, and that Chen Xiang was inside.

"Don't go in!" Feng Yujie shouted.

"Why can't I enter? The emperors of the Holy Nations have already entered to search for treasures, we cannot be left behind. " Jiang Sheng said.

"I just got the news that this Chaos Realm is about to close soon! Once it closes, this Chaos Realm will be completely destroyed. " Feng Yujie frowned.

"Is this true? "Xiangyue and Qianqian are still inside!" Chen Xiang immediately became anxious. For Feng Yujie to suddenly appear and stop them, it was definitely not because he had nothing to do.

"I've already found them inside. They are already on their way back!" Feng Yujie said: "Don't worry, many people have already left. The Ten Great Holy Nations's Emperor will be out soon, as long as you are inside, you can feel the unstable space."

[Chapter 1760](#)

Chen Xiang was extremely confused: "Didn't this Chaos Realm just appear? It's going to be destroyed so soon? "

"As Di Tian continued to grow stronger, he would need to absorb the energy from many of these kinds of worlds to become stronger. Not long later, even the Endless Heaven Realm would be devoured, not to mention this little world from before the Ancient Era!" Feng Yujie seemed to understand these things very well.

"If the Chaos Realm is destroyed, it means that the Chaos Realm cannot continue existing due to the power of Di Tian. In a few more years, the other Heavenly Realms will end up the same as the Chaos Realm, having their energy sucked dry by Di Tian and then swallowed!"

Qi Shi asked: "Didn't treasures just appear inside? Why is it about to be destroyed? "

"Isn't this because of the unstable energy inside the Chaos Realm? Originally, it was sealed but now, it is very dangerous. If you don't grasp the timing properly, the Chaos Realm will perish along with you." Feng Yujie said: "It's best if you all don't go in, it's really very dangerous."

Chen Xiang looked at the entrance that looked like a gigantic black curtain and sighed: "Looks like I'm not fated to meet this Chaos Realm!"

"So what are you still doing here?" Were you waiting for us? " Huang Jintian asked.

"Of course not, I'm just waiting here for the moment Chaos Realm is destroyed!" Just as Feng Yujie finished speaking, ten figures suddenly flew out from inside, as though they were dozens of rays of light shooting out, in the blink of an eye they disappeared into the distance.

"It's Ten Great Holy Nations and the rest. They all came out, looks like they know about the situation inside." Feng Yujie said.

Chen Xiang looked at the group of Holy Nations Emperors and snorted: "Why are you running so fast? I don't have any plans to kill you yet! "

At this time, the Chaos Realm door began to shrink and shrink. Waves of berserk energy and rumbling sounds came out from inside continuously.

"It's starting!" Feng Yujie said: "Once this Chaos Realm is destroyed, it means that something bad is about to happen."

"What's wrong?" Huang Jintian anxiously asked, everyone knew of Feng Yujie's mysteriousness, and now everyone was able to tell, Feng Yujie definitely knew a lot of things.

"Chaos Realm was a primitive world before the appearance of the Nine Heaven World in the past. It should have been called the Primal Chaos Realm, but it is now getting smaller and smaller. You should know the reason why, right?" Feng Yujie looked at the entrance that was unceasingly erupting with violent energy.

Qi Shi said, "This is because the Nine Heaven World is becoming more and more powerful, especially Di Tian, who is already far stronger than many of the Heavenly Realms."

"That's right, the destruction of the Chaos Realm is equivalent to being completely swallowed, and the next step is for the Endless Heaven Realm s, do you think that the Gods above the Gods Realm will just sit back and do nothing? Now, it is time for them to discuss on how to handle this Nine Heaven World." Feng Yujie said.

"Could it be that the Gods Realm is going to intervene and suppress the growth of the Nine Heaven World?" Jiang Sheng said: "What kind of method will they use? Destroy the Nine Heaven World? "

Feng Yujie shook his head: "It's already too late, because the Nine Heaven World and the Gods Realm are already linked. Once the Nine Heaven World is destroyed, the entire Gods Realm will become extremely unstable, and even hell will probably not be spared.

"How do you know that the Nine Heaven World and the Gods Realm are connected?" Huang Jintian asked, this was something no one expected.

The Chaos Realm's door had already disappeared, leaving only the berserk energy aura floating around.

Feng Yujie sighed: "It's progressing bit by bit! If the Chaos Realm was destroyed, the Endless Heaven Realm would also be annexed very soon! I'm not afraid to tell you that the reason the group of Gods established the Nine Heaven World back then was to eliminate the existing Gods Realm.

"So there is the existence of the Nine Heaven Devil Palace?" Chen Xiang took out a Chaos Fire Token, it was something to summon the Nine Heaven Devil Palace.

Feng Yujie immediately looked at the Chaos Fire Token in Chen Xiang's hands and nodded, "The gods above Gods Realm thought that with the death of the group of Nine Heavens Gods, Nine Heaven World would not have been able to achieve anything. Not to mention that the most important person in Nine Heaven World back then, Di Tian, was destroyed.

"But who would have thought that when that group of Nine Heavens Gods created the Nine Heaven World, they had put in a lot of effort and even blended themselves into this Nine Heaven World, so the Nine Heaven World had always been operating quietly, gathering energy and suddenly strengthening a while ago. Furthermore, a large half of the space had already fused with the Gods Realm."

Huang Jintian anxiously took out their ancestral book and recorded all of these important things.

"So you're saying, once the Nine Heaven World is destroyed, a gap will appear in the Gods Realm?" Qi Shi also felt that the situation was serious.

This was because for all these years, the reason why Hell Devil Emperor could not use too much of his power in the Nine Heaven World, was because of the restrictions imposed by the Gods Realm.

Seeing the serious look on Chen Xiang and the others' faces, Feng Yujie chuckled, and said: "It's not as scary as you think, all divine palaces would not be so rash as to let Hell Devil Emperor do whatever he wants here. To the many gods in all divine palaces, this Nine Heaven World is a good place, as long as they are not stupid, they would know that we have to occupy a piece of land here, and not let Hell Devil Emperor come here to destroy it."

Long Xueyi said: "Does the Gods Realm's influence have to extend to here?"

Feng Yujie nodded his head and said: "It's very possible, but they are still a group of people with more rules, so they shouldn't be able to disturb the original order of this place. After the Nine Heaven World becomes strong, excellent Gods will also be born in the future. For the Gods Realm's divine hall, this is a pretty good resource. "

"How do you know so much?" Chen Xiang suddenly asked.

"I just know, what can you do about it?" Feng Yujie stuck her tongue out at Chen Xiang. Her current appearance was already covered, and was only used to cover up her ordinary face.

Long Xueyi said to Chen Xiang in a low voice, "I'll go to the Hundreds of Flowers Palace to look for Meng'er and the rest. I won't be with you for the time being!"

Long Xueyi did this to give Chen Xiang and Feng Yujie space to talk alone. Only in this way would Feng Yujie be able to talk more.

Qi Shi and the others also realized something, and immediately said that they had something to do and wanted to leave.

Very quickly, only Chen Xiang and Feng Yujie was left.

"It's time to keep your promise." Chen Xiang chuckled.

"You ... Are you really going to do that to people? " Feng Yujie bit her lower lip with a bitter face as she spoke softly. She had actually acted like a spoiled child.

"Well... You can only blame yourself for seducing me so. Now I close my eyes and my mind is filled with the wet dance of your legs, your breasts, and your big, perky ass. " Chen Xiang laughed even more.

Feng Yujie felt a wave of bashfulness. She knew perfectly well how she had seduced Chen Xiang, and she also knew very well that her seductive powers were very strong. It was impossible for Chen Xiang to not think of her.

Chen Xiang laughed: "Since we have already signed the agreement, it will always be valid! "I remember that in order to prevent me from reneging on my words, the contract was extremely harsh, even the winning side could not give it up."

"That's right, but you just need to lock me up in the secret room for two hours. If you don't do anything, you'll be able to pass through, or you can even touch me a little. You can stop being like me." Feng Yujie looked at Chen Xiang with a pitiful gaze: "If I know my wrongs, then let me go!"

"If I let you go, what will I do? You should be clear about the depth of the poison you have inflicted on me. Unless you can help me get rid of your enticing power, I will be the only one suffering. " Chen Xiang also had a pitiful look on his face.

Feng Yujie bit her red lips. At that time, in order to allow herself to win, she had indeed lost her mind, and the seductive power she used on Chen Xiang was extremely powerful, and had already been deeply branded in the place where Chen Xiang's soul was the deepest. It could be said that every so often, she would act up again and again, and at that time, Chen Xiang would be tormented by that sort of evil desire.

There was still a need for someone else to remove the bell, so it was not unreasonable for Chen Xiang to be so certain of her!

"Can you give me some time? I'll think of a way to help you!" At that time, even if you don't do that to me, I can still deal with it! How about I make Meiyao be with you, so that when you are in a difficult situation, we ... " Feng Yujie was unable to continue.

"Alright, I'll give you a bit of time. I am a reasonable person to begin with." Chen Xiang laughed: "But you have to be quick, you should know, this mental poison is not something that sister Meiyao can cure, so I will endure for a while!"

Hearing Chen Xiang's words, Feng Yujie was immediately happy, and anxiously smiled gently: "You're really a good man, it's not as bad as what sister Meiyao says. In a while, big sis will definitely help you get rid of all these."

After saying this, Feng Yujie felt that something was amiss, and asked softly: "Are you really that kind to let me go just like that? I keep feeling that what you're doing is really stupid, that the ducks close to your mouth will just be let go like that! "

Feng Yujie was full of confidence in herself, and she had bewitched Chen Xiang before, so even now, Chen Xiang was still suffering from her bewitching power. Even if Chen Xiang wanted to do something to her, she couldn't say anything, and could only grit her teeth and endure.

"I told you I'm not that kind of person!" Chen Xiang curled his lips and said: "If you want, then let's quickly find a place to settle this matter. I don't really care anyway."

Feng Yujie's background was very mysterious, so Chen Xiang decided to figure out her background first. Furthermore, if Su Meiyao and Bai Youyou were to know of this matter, he would definitely find it very troublesome in the future, because they would already treat Feng Yujie as their own mother.

"Alright, I promise you, sister. As long as it's only one year, I won't be able to help you get rid of the charm power in your soul. At that time, I'll use myself to help you deal with it." Feng Yujie was very

grateful to see Chen Xiang giving her the chance to speak so easily. Therefore, she praised him by saying that he would make such an alluring promise.
