

## Dan God 1761

### [Chapter 1761](#)

Chen Xiang's current situation was not as serious as Feng Yujie had imagined. As long as the seal did not work on Chen Xiang, he could use the Spirit Lock Technique inside the Heavenly Alchemy to easily stabilize his mind and not be affected by her faintly discernable charm power.

It was just that Feng Yujie did not have such a strong Soul-Lock technique like Chen Xiang did, which was why she had mistaken Chen Xiang's situation as very bad. Thinking back to it now, she felt that she had gone too far, and felt extremely guilty.

"Aunt Feng, you seem to understand the matters above Gods Realm very well. Have you ever stayed up there before?" Chen Xiang had already suspected this a long time ago, but what made him even more suspicious was that Feng Yujie was probably a Ranker who could have entered the Gods Realm a long time ago.

"I won't tell you." Seeing that she avoided the question, Chen Xiang was sure that this Feng Yujie came down from Gods Realm, moreover, he had come down here a long time ago.

Chen Xiang curled his lips and said: "So petty."

Feng Yujie suddenly pulled Chen Xiang along, and flew him to a direction, where there was a large piece of Ancient Forest.

Along the way, Chen Xiang asked a few questions, but Feng Yujie didn't even answer them.

They continued to fly for more than two hours before finally stopping. At this moment, they were at the bottom of a mountain in the depths of the forest.

"What did you bring me here for?" Chen Xiang looked around at the towering mountains. The mountains here were all Chaotic Mountain s and he had been to this forest before.

"Didn't you want to know something about me? I brought you here and told you." Feng Yujie said.

"Can't you just send me a sound transmission?" Chen Xiang laughed: "There's no need to come to this kind of place, there's no need to be alone ... .."

Feng Yujie scoffed, and her expression became serious: "That's because I have something that I want to show you, and that thing cannot be seen by others."

She extended her jade-like palm with a transparent pearl on it. It didn't seem to be some kind of mysterious object.

"What is this thing? There's nothing special about it." Just as Chen Xiang finished speaking, the transparent pearl started to shine, and there was a silvery-white glow inside. In the center of the pearl, there was even a sliver of flickering silver flames.

"Do you feel that it's a little familiar?" Feng Yujie said in a low voice: "Now you know what this is."

The silver light that the pearl emitted became brighter and brighter, and Chen Xiang also felt a very strange burning sensation. This burning sensation was not because his body was being burned, but because of his soul.

Just being struck by this silver light made one feel as though their soul was being roasted.

"This is a Chuangzao fire." Chen Xiang also opened his palm, releasing a small silver flame that looked exactly like the one inside the pearl.

It was just that the flames Chen Xiang released trembled for a few moments, then immediately extinguished.

Back then, a large portion of the lives and energies of Nine Heaven World and the Endless Heaven Realm were burned out by this flame. As for mine, this is the Primal Chaos Fire Soul, which is also my life's Fire Soul. " Feng Yujie put away the pearl, and said in a low voice: "That pearl from earlier, was my life's Divine Deity."

"What?" Chen Xiang said in surprise. Feng Yujie could actually casually take out his own Divine Deity.

"Why would I lie to you? Do you know how powerful I am now?" Feng Yujie saw Chen Xiang's surprised expression and chuckled: "Don't think about bullying me."

Chen Xiang said snappily: "I've always been bullied by you, but I've never said anything, and I've always let you go. Also, right now, you haven't told me where you're from."

Feng Yujie lightly tapped Chen Xiang's head, and laughed: "You idiot, you still can't guess my identity, it's already very obvious."

Chen Xiang thought about it, then shook his head, he really could not figure out where Feng Yujie came from.

"The fact that I possess the Primal Chaos Fire Soul shows that I am extremely skilled in controlling this type of flame." Feng Yujie chuckled: "I've given you a hint now, you should be able to guess it."

With this hint, Chen Xiang thought for a bit, then her face became startled as she looked at Feng Yujie who was giggling.

"One of the creators of the Nine Heaven World." Chen Xiang was stunned for a long time before shouting in shock. This was something he had never thought of before, and if it was really so, then what kind of identity did the Mei Emperor have?

Feng Yujie stuck out her tongue, and laughed: "Did I get scared? Actually, I am not really one of the creators, I was just a little girl in Nine Heaven Divine Palace back then."

Chen Xiang said: "Then what about Mei Emperor, didn't you say that she came to this world together with you?"

"That's right, we weren't born in a normal way. I've told you before that I was born in the same crystal ball as you. It's just that she was born in a black crystal ball and the ones that created us are the Nine Heavens Divine Palace."

Feng Yujie sighed: "Meiming Yan Jing and I are not finished products, we are just existences that were discovered, but that group of gods treated us very well, and treated us like disciples, and trained us, and when we possessed decent strength, they would bring us to create this world, and at that time, I would have already grasped the Chuangzao fire and would have helped a lot."

It was only then that we realized that I had heavily injured her, causing her to sleep for a very long time. However, when she woke up, she had caught up to the incident at Ten Heavens Supreme Lord, and because of some things, I was unable to stop her, and that caused the destruction of Di Tian. At that time, my master's and the others' plan failed, so I never thought that Di Tian would be reborn, and that it would be so perfect.

Recalling the past, Feng Yujie's expression was complicated, the emotions of happiness, sadness, longing and loneliness all suddenly surfaced in his heart.

Chen Xiang still did not believe him, and shook his head: "Didn't that group of Gods all die inside the Nine Heaven Devil Palace?"

"That's right." Feng Yujie lamented: "Only I survived. Even to this day, I still don't understand why before they died, they used all their power to send me out of the Nine Heaven Devil Palace."

"They exhausted the last of their strength and sent me out. However, I also had a hidden disease at that time, and I'm much better now."

Chen Xiang stared at Feng Yujie. If what Feng Yujie said was true, then Feng Yujie was a genuine and powerful goddess.

"I can't believe it, doesn't that mean the Mei Emperor is very powerful?" Chen Xiang suddenly started to worry, there was such a powerful woman causing trouble in the Nine Heaven World, this was a disaster.

## [Chapter 1762](#)

Chen Xiang thought back to something that Lv Zhen had mentioned before. It was that the cultivation methods Feng Yujie and the Mei Emperor used were all very rare in the Gods Realm, and they were all very dangerous because the two of them had been instructed by the Ninth Heaven God since they were young.

"You still won't believe me." Feng Yujie looked at Chen Xiang's suspicious face and laughed.

"Of course I don't believe it. The reason why I'm here is because that group of Nine Heavens Gods created this world back then, and you also participated in it. Doesn't that mean that my existence is related to you?"

Feng Yujie immediately let out a string of light and delicate laughter.

"Yeah, you still have to thank me right now, so I might as well accept Meiyao and the others as my goddaughter." Feng Yujie pinched Chen Xiang's face: "Little brat, before, you still had those evil thoughts of mine, are you afraid now?"

"Hmph, wasn't it all because of you enticing me? Why don't you go to the depths of your heart to ask yourself? It's already pretty good that I was able to endure until now." Chen Xiang slapped Feng Yujie's tender jade hands away.

In order to further verify that Feng Yujie was one of the Gods that had participated in the creation of the Nine Heaven World, Chen Xiang kept asking for more details.

"Aunt Feng, you have even told me these things. Aren't you afraid of telling me something even more secret?" Chen Xiang asked.

"Call me big sister, and I'll tell you." Feng Yujie mischievously smiled.

"Elder sister, you can ask now, right?" Chen Xiang even took out a very comfortable big chair for Feng Yujie to sit on.

"Good girl." Feng Yujie said with an extremely happy smile: "Go ahead and ask now, I'll tell you everything I know."

"You should know about the God Graveyard, right? My dad is still guarding it right now." This had been a mystery in Chen Xiang's heart for many years.

"Of course I know. That tomb was built by me. What do you think?" Feng Yujie said: "I just didn't think that it would actually be your family guarding the tomb."

Chen Xiang was immediately dumbstruck. The damned God's Tomb was actually made by this goddess who liked to pretend to be young.

"This... What exactly is happening? Weren't you still alive, what kind of tomb are you talking about? " Chen Xiang had already made many conjectures before, that such a powerful divine tomb was definitely made by an old fellow.

"My second soul and Divine Deity are both buried inside, and I almost died. However, there is a dragon vein underneath that, after so many years, I can quickly recover. At that time, I can become even stronger." Feng Yujie said: "If I had continued sparring with you at that time, you would have definitely lost to me. That is my true strength."

Feng Yujie possessed the second divine soul and Divine Deity, which meant that she was a god.

"When can my father ever be." Chen Xiang took a deep breath. This Feng Yujie was much stronger than he had imagined.

In any case, they are doing very well up there. After all, there is a dragon vein there, and there is also the creative power that I left behind in there. It can produce a large amount of high level medicine materials and if they can find some of the divine arts that I left behind, they will definitely become stronger. Feng Yujie said.

"You are an Empyrean God; you are only capable of concocting panacea. You are too weak." Chen Xiang curled his lips: "You're so amazing, yet you still lose to a small fry like me. You're too disappointing."

"That is... That's because I didn't pay too much attention to the dao of pills and I don't have much time. I've been recovering from injuries for many years." Feng Yujie pouted and said: "Just you wait, one day I will definitely win against you. Once I find the divine medicine, I will be able to refine a divine pill, and when my second soul recovers, I will recover my original strength, and winning against you will be a piece of cake."

Chen Xiang laughed out loud: "Even if you win against me, what sense of accomplishment do you have? I'm not even a god, unless I'm also a god who has the same kind of strength as you, otherwise, even if I lose, I won't feel sad."

Feng Yujie puffed her cheeks and scoffed a few times.

"Also, I want to ask about the Seven Dragons Sword, as well as the Four Symbols Divine Weapons, the Azure Dragon and other sacred beasts. Chen Xiang asked.

"Yes, White Tiger, Vermillion Bird, Black Tortoise, and Green Dragon were all divine beasts from the ancient times of the Gods Realm, and were all extremely powerful. However, they were all killed later on, and even the slightly more powerful dragons were all killed as well.

"The Seven Dragons Sword s are actually the Nine Dragons Holy Sword, as well as the Poison Dragon Sword and the Jade Dragon Sword."

Feng Yujie was curious, as he knew quite a few things.

"I have Seven Dragons Sword. If that's the case, then I'm still two ways off. Poison dragons and jade dragons are extremely rare. I don't know how to gather them all." Chen Xiang now understood why the objects that were displayed were still so blurry when Seven Dragons Sword were gathered together.

Feng Yujie said, "There are nine Divine Kings in the Nine Heaven Divine Palace, and they are all very powerful Gods back then. When the Gods Realm was called the Nine Divine Kings, after those powerful divine beasts were massacred, the nine of them charged straight into hell and retrieved all of the seven spirits and six spirits of those divine beasts. In the end, they established the Nine Heaven World, and when they gave birth to those divine beasts, they injected all of them into it."

"In other words, when the first batch of Holy Beasts first appeared, they all had a past life, but when they created this world, the conditions were very bad, and they were constantly interfered with by external forces, so there was a huge problem. Until now, they have yet to awaken the memories of their past lives, and we originally thought that after they awakened their memories, they would protect this world, make this world stronger, and eventually eliminate the Gods Realm."

Chen Xiang said: "But most of them are still quite united, it could be that they subconsciously urged them to do so."

Long Xueyi, Azure Dragon, Ice Dragon, Qi Shi, White Tiger and the others. Back then, they were all part of the Sacred Beasts Ancient Realm and their relationship was very good.

Chen Xiang took out those Chaos Fire Token and said: "A long time ago, there was a legend that after all these Chaos Fire Token recognize their masters, they would be able to summon out the Nine Heaven Devil Palace, so the Nine Heaven Devil Palace must still be hiding something."

"Yes, that's right. Originally, he was going to create nine Chaos Fire Token because he had nine Divine Kings. However, due to time, he only refined seven Chaos Fire Token." Feng Yujie received the Chaos Fire Token, her jade hands trembling. With tears still in her eyes, Nine Divine Kings was comparable to her elder brother.

"Are they really dead?" Chen Xiang asked: "They call themselves the Divine Kings, they shouldn't die that easily."

"I don't know, just don't go in that place. Even if they are still alive, they have already turned into evil spirits." Feng Yujie returned the Chaos Fire Token to Chen Xiang and wiped away the tears on his cheeks.

Chen Xiang kept the Chaos Fire Token and asked while frowning: "In the end, who attacked them, God of Fortune."

Feng Yujie shook his head: "It's not the God of Fortune, the God of Fortune's strength is not enough yet. The Gods Realm is far bigger than the Nine Heaven World, and also much more complicated than what you seem to understand on the surface."

"Of course, you do not need to know much about Gods Realm now. If you have the chance to go there in the future, you will be able to experience it for yourself. I will tell you so much mainly because of your good behavior." Feng Yujie stood up, and suddenly appeared in front of Chen Xiang in a flash, gently patting Chen Xiang's handsome face, and smiled gently.

"Chaos Realm has already been devoured by the Nine Heaven World, so it's definitely going to be difficult for Endless Heaven Realm to survive. Therefore, it won't be long before the various divine halls of the Gods Realm send people down here to seize territory. I think that the all divine palaces up there will begin to release their restrictions to allow a few deities to descend, just like the Devil-killing Summit."

Chen Xiang suddenly grabbed Feng Yujie's hand and rubbed the back of her hand. She laughed sinisterly and pulled her hand back.

"Sister, you should make a shrine too. I will definitely follow you." Chen Xiang laughed.

"I don't have that kind of free time on my hands. I have somewhere to go in Gods Realm." Feng Yujie said: "There is a Divine Female Palace in Gods Realm, and it is filled with women. If they send their people down later, I will be the hall master of the Nine Heaven World."

Chen Xiang sighed, "It's such a pity. Looks like I can only create one divine hall. I've already thought of the name, so I'll call it the God Slaughtering Palace. It's quite domineering."

Feng Yujie laughed tenderly, "You used to be the Dragon Subduing School and now you're even a shrine to the Slaughter God Realm. You always had such a murderous aura around you, so I feel that you should create a shrine focused solely on refining pellets. At present, the Gods Realm doesn't have one."

"Refining pills is my main business, killing gods is my side business. Through refining pills, I can become stronger, and at the same time, I can also become a Deities Templar. If there's nothing else to do, I'll make a move on the Deities Templar that I dislike, not as good as the God of Fortune and the Fire God." Chen Xiang laughed: "Don't worry, I won't do anything to your Divine Female Palace. I will specifically kill that kind of evil god."

Feng Yujie tapped Chen Xiang on his forehead with his finger, "All you know is to cause trouble everyday. If you really do that, Penalty Heavenly God will definitely kill you."

It won't be long before the shrine arrives. When the time comes, the emperor of the Ten Great Holy Nations will seek refuge there too, so when the time comes, your dragon vein will be controlled by multiple shrines. I've told you so much just so that you can pay attention to it.

Chen Xiang replied: "I'm not afraid, the dragon fountain is mine to begin with. If I can't get it, no one can, I don't care what kind of divine hall it is."

"In that case, you're going to have to contend with the shrines now." Feng Yujie was very worried about this.

Chen Xiang nodded, "I'm not a soft persimmon."

Feng Yujie sighed lightly. "When my second divine soul completely recovers, I will give you the dragon vein for the divine tomb. That way, you won't have to contend with those divine halls anymore."

Chen Xiang shook his head: "Even if you give it to me, those fellows would definitely come to snatch it away. When the time comes, I will also have to clash with them."

"In Nine Heaven World, who didn't know that the dragon vein belonged to me, Chen Xiang. Now that the Dragon Subduing School has been forced to disband, the dragon vein has been seized, and I have already returned, to this day I have not made a single movement. Others might think that I am afraid, they might think that I am afraid of the Ten Great Holy Nations, but I am not afraid."

### [Chapter 1763](#)

After Chen Xiang learned so much from Feng Yujie, he had already decided that no matter what, he would have to do something. Right now, it was the best opportunity to deal with the Ten Great Holy Nations, and if this continued, when the all divine palaces sends people down to take care of the Holy Nations, it would not be that easy for him to make a move against them.

Seeing Chen Xiang's resolute expression, Feng Yujie could tell that he was already prepared to take action.

If the all divine palaces comes to a conclusion, once the restrictions on the Nine Heaven World are lifted, many shrines will send down their deities. At that time, you will have to restrain yourself a little, and those deities will be hard to deal with. Feng Yujie sighed.

"Hmm, are you going back now?" Chen Xiang suddenly thought of something, and asked: "If you go back, can you help me check on my father's condition?"

"No problem, come find me in a while." Seeing Chen Xiang turning around, Feng Yujie suddenly grabbed Chen Xiang's arm, took out a golden talisman, and stuffed it into Chen Xiang's hands.

"In times of crisis, it might be useful to you. Be careful." Feng Yujie smiled at Chen Xiang and stuck out his tongue.

This was a divine talisman, and previously, when Chen Xiang was at Divine Prison, he had been given one by Yu Fan, so the effect was very good, but the one that Feng Yujie gave him now, seemed to be much better than the one that Yu Fan gave him.

"Thank you elder sister." Chen Xiang laughed and kept it.

Feng Yujie warned once again, then floated away, in the blink of an eye, she was gone, only the enchanting fragrance on her body remained.

Chen Xiang then took out the divine talisman that Feng Yujie had given him earlier, and looked carefully at the Spirit grain on it. The talisman was bright gold, as if it was gold leaf, and with one look, one could tell that it was stronger than Yu Fan's.

"In the future, we have to let the Elder Sister Meng'er and Xianxian study how to refine these things. It would be good for us to refine more of these things to protect ourselves." Chen Xiang kept the divine talisman, then opened a spatial passageway. After stepping in, he arrived outside a city with tall walls.

The place Chen Xiang came to was the original Evil Dragon Graveyard, it was just that the Evil Dragon Great Formation had already been destroyed, and the Ten Great Holy Nations had constructed a Great Holy City on top of it. If he wanted to obtain the qualifications to enter and leave the city at any time, he had to pay five million kilograms of Holy stone s.

The Great Saint City was located on top of a dragon vein, and the Holy Spirit Qi inside it was extremely dense. If it was directly absorbed, it would be like absorbing the Holy Spirit Qi inside a Holy stone.

Chen Xiang still had the Hell Devil Emperor's Tracing mantra on him, but because Chen Xiang was stronger, the Hell Devil Emperor had temporarily slowed down in her pursuit of Chen Xiang.

Hell Devil Emperor had planned to send people down from Gods Realm to deal with Chen Xiang after all divine palaces had released the restrictions. However, at that time, he would also be quite competitive, because he was not the only one who wanted to capture Chen Xiang and get his hands on the Heavenly Alchemy, the God of Fortune would already be involved.

Without the Hell Devil Emperor's notification, the emperor did not know that Chen Xiang was outside the Great Sage City and that Yan Jing of the Ten Great Holy Nations was also inside the City.

Chen Xiang didn't pay five million kilograms of Holy stone. Using the transformation technique, he turned into a little bug and easily followed a few people inside.

After entering, he first went to the Transmission array Plaza in the city and teleported to Holy Ice Swallow City, where the Ice Emperor was located.

Chen Xiang came here by himself, he did not call for Qi Shi and the others, because when the time came for him to fight, he might use some methods that would have a greater killing range.

After arriving at Holy Ice Swallow City, Chen Xiang went straight to the grand palace.

Holy Ice Imperial Palace looked as if it had been carved on a large expanse of ice, all snow-white, the carvings very exquisite. When they approached, the cold aura wasn't something that an ordinary person could withstand.

"His defense is too weak." Chen Xiang used his divine power to test the formations protecting the palace. Compared to Lv Qilian's Hundreds of Flowers Palace, they were too lacking.

Chen Xiang stood at the entrance of the Holy Ice Imperial Palace. At this time, the guards at the entrance also frowned at him, but when they saw him standing there in a daze, they walked over fiercely, the guards were pretty strong, they were all just Nine Transformation Saint Masters.

The guards wanted to kick Chen Xiang out of the room, but after walking a few steps, they saw a ray of cyan light suddenly appear on Chen Xiang's right hand, followed by a mighty huge blade flashing out of the cyan light. Seeing the lifelike green dragon above, and hearing the trembling dragon cry, the guards all anxiously retreated.

With their strength, of course they knew what blade it was. It was the powerful Green dragon demon-slain broadsword, and the person who possessed it, was the original owner of the dragon vein, Chen Xiang.

Chen Xiang, who had not appeared for more than five thousand years, suddenly returned, and news of this matter had already spread two or three days ago. At that time, the Ten Great Holy Nations had already been on guard against Chen Xiang, because the dragon vein was originally Chen Xiang's, it was just that they did not expect him to actually come to the entrance of Holy Nations's Yan Jing Imperial Palace alone.

Chen Xiang raised the Green dragon demon-slain broadsword high up, the vast divine power surging and entering into the divine blade, causing it to shine brightly, surging out wave after wave of Spirit Qi, causing the ground to shake, the Raging Dragons roared again and again.

"This dragon fountain is mine." After Chen Xiang finished speaking, he chopped down at the ice palace with his blade. A shocking dragon's roar sounded and the blade energy transformed into a cyan rainbow of light.

A cyan light beam rushed out from the blade and instantly turned into a cyan dragon. The dragon's head spewed out bursts of terrifying energy which swept into the majestic ice palace in front of it. The seemingly sturdy and huge palace door was instantly smashed into pieces.

The furious dragon roared, and huge chunks of thick ice continuously flew out from the palace. The enormous and imposing ice palace had only been slashed by Chen Xiang, but most of the buildings inside had already been shattered by the powerful blade aura and the furious dragon's roaring sound waves. The interior of the entire ice palace had already been torn into pieces, and most of the tall buildings had collapsed.

The biggest hall in the Ice Palace was also Chen Xiang's main target. After being ruthlessly hit by the dragon head made from blade energy, the entire hall was smashed into pieces, and like splashes of water from the ground, scattered in all directions.

At this moment, the vast capital of the Holy Ice Country was enveloped by the lingering roars of the furious dragons, and the powerful pressure that accompanied the sudden trembling of the capital was even more terrifying. A haze had already drifted over from the skies of the capital of the Holy Ice Country, flashing with lightning and with a murderous aura that caused everyone in the city to clearly feel the terrifying killing intent that caused them to find it hard to breathe.

A fiery red huge bow appeared in the air above him as he pulled the bowstring. As he pulled the bowstring, flames suddenly spewed out of the bowstring and as he pulled the bow, a bright and eye-piercing long arrow appeared from the bow as well. There was always a large patch of ice with a pressing cold Qi below, but as Chen Xiang pulled on Gong Xuan and condensed an arrow, the

temperature of the surrounding area suddenly increased and the ice quickly melted, as streams of water formed and flowed out in all directions.

"Ice Emperor, come out and die. Don't hide like a turtle." Chen Xiang's roar was like rolling thunder, spreading in all directions and shaking everyone's ears.

Swoosh.

Chen Xiang loosened his bow, and the fiery red arrow shot out like lightning, striking the collapsed Main Hall and sinking deep into the ground.

Boom.

A loud sound came from the ground as cracks appeared in the surrounding thousands of feet radius around the main hall like a spider web. The most terrifying thing was that these cracks were emitting bursts of fire.

Boom! Boom! Boom!

Another few loud sounds came from the bottomless crevices, followed by an incomparably intense vibration. One after another, huge rocks were thrown into the air, and those crevices spewed out scorching flames.

The entire ice palace was completely destroyed, and the continuous explosions continued to come from the depths. Waves after waves of powerful flame energy surged up from the ground, forming a gigantic fire pillar that shot into the clouds, and filled the entire Sacred Ice Country with its intense flames.

The huge pillar of fire shot up into the sky, continuously spattering large and small balls of fire. Like a meteor shower, it fell onto the Holy Ice Country.

In the blink of an eye, this entire country had been set ablaze. Chen Xiang's flames were sacred flames, not just anyone could extinguish them.

"The dragon fountain is mine, Chen Xiang, if you continue to stay on the dragon fountain, no matter who it is, you will be killed without exception." Chen Xiang's ice-cold voice that was filled with heartless killing intent transmitted throughout the entire Holy Ice Country.

At this moment, everyone was desperately trying to escape from this place. They were regretting that they had spent so much money to steal the dragon fountain. Now that the main culprit had returned and even created such a huge commotion, they had suffered such heavy losses that they didn't even have a place to cry.

"Chen Xiang." A furious roar resounded like thunder.

A bone-piercing cold arrow suddenly appeared from all directions, enveloping Chen Xiang. The Ice Emperor of the Holy Ice Nation had come.

Chen Xiang's body trembled, and a set of golden armor appeared on his body. With the protection of the profoundwu diamond armour, the short arrows were immediately destroyed by the protective powers of the Divine Armor before they could even come close to him.

"You're finally here, you should spend more time hiding so that you can live a little longer. Don't think that just because you acted like a dog for Hell Devil Emperor you can live forever." Chen Xiang took a step forward and arrived beside Ice Emperor.

Ice Emperor was a middle-aged man wearing a white robe. He originally controlled the entire Sacred Ice Region and called himself Ice Emperor, and now that he established this Sacred Ice Nation and took over the Dragon Subduing School, he occupied a position here.

"You don't even have Divine Deity." Chen Xiang directly arrived in front of Ice Emperor and a burst of spatial energy rippled out like water, forming a Space Domain.

"You ... "You ..." Ice Emperor suddenly felt that he couldn't move, and was extremely shocked. He had already noticed at this time that Chen Xiang used a very powerful spatial energy to seal him in a very small space.

#### [Chapter 1764](#)

To be able to control such a powerful spatial energy, it must have the strength of a god or the power of laws. This Ice Emperor knew this, no matter which one it was, they were all considered very strong.

Chen Xiang grabbed at the air, only to see a bloody heart suddenly appearing in his palm. The heart was wrapped in a transparent spatial barrier, and it currently had a very strong life force, jumping crazily.

The heart belonged to the Ice Emperor. Seeing the speed at which the heart was beating, one could tell that the Ice Emperor was terrified.

Ice Emperor knew that his heart did not separate from his body. It was only because Chen Xiang used an extremely mysterious spatial energy to retrieve his heart, that his heart was still connected to his body.

"No ...." Ice Emperor saw Chen Xiang's sinister smile, and shouted like he was shouting.

A ball of silver white flame suddenly emerged from Chen Xiang's palm, enveloping the heart and splitting it into a ball of pure energy, dispersing outwards.

Ice Emperor cried out in pain. To a strong warrior like him, even if he did not have a heart, he would not die, but to make such a strong heart, it would take a very long time or he would need to eat Sacred Heart fruit to recover.

The most important thing the Ice Emperor was facing was not the repair of his heart, but whether or not he could survive.

The difference between someone without Divine Deity and someone with Divine Deity was just this large. Furthermore, facing a monster like Chen Xiang, Ice Emperor had already lost all hope.

"I heard that you use profoundhan poison and even used this poison to deal with Qianqian. Hmph, this is also the reason why I came to find you first." Chen Xiang did not immediately kill Ice Emperor. Instead, he took out a ball of white powder and stuffed it into Ice Emperor's mouth.

"Let me show you the power of a Super Old poison." Chen Xiang's Super Old poison was not one type, but several of them combined.

Ice Emperor who was unable to move could only allow himself to be slaughtered in front of Chen Xiang. After eating Chen Xiang's Super Old poison and being paralyzed by the Drunk god magical poison's power, he could only allow the other strange poison to continue to spread within his body.

Magical corruption gas, profoundhan poison, and Seven Night Devil Orchids were all strange, tormenting poisons, and Ice Emperor was also very knowledgeable, so he could recognize these strange poisons. At this moment, he was screaming nonstop, his expression incomparably sinister.

"I won't send you to hell, because I won't give you the chance to go to hell. I will just make you disappear from this world, not even giving you the chance to reincarnation."

Chen Xiang saw that it was about time, he struck the Ice Emperor's head with his palm, sucked out his soul, and then used the Fire of Chaos to purify the body that was filled with the strange poison.

Ice Emperor died so quickly.

Back then, when Qi Shi was still a Ten Heavens Supreme Lord, he was just as powerful and could easily deal with other Strong of Lord Stage. However, it was not that easy for him to kill those Strong of Lord Stage s.

It could be seen that the current Chen Xiang was much more powerful than the Ten Heavens Supreme Lord back then.

Chen Xiang swept his eyes across the area below, looked at the remaining people from the Holy Ice Nation, and coldly said: "You all use the fastest speed to spread the news of me killing the Ice Emperor to the entire Great Sacred City, and also told everyone here that the dragon vein is mine. If I were to die here, you all can't blame me."

Without needing those people to explain, Chen Xiang had already used his boundless divine power to form sound waves that covered the entire Holy City.

The experts of the nine kingdoms within the Great Sage City could all hear it.

The entire Holy Ice Country had been annihilated, and the Ice Emperor was easily killed. Everyone in the Great Sage City could already see that Chen Xiang's strength was extremely terrifying, and Chen Xiang would definitely have a great battle here next. If he continued to stay, he would only be affected.

"Hurry up and leave, the Ten Great Holy Nations did not take advantage of me earlier to snatch this dragon vein away, and now that she has returned, it would be normal to flatten this place. If you continue to stay here, you might not be able to keep your life."

"The other nine emperors have yet to appear. They will definitely be able to stop Chen Xiang."

Didn't you see, Chen Xiang exterminated the Ice Emperor with a raise of his hand, the difference between him and the Ice Emperor is not small at all, it isn't something that can be made up for with just a small number of people, forget about the Nine Emperor, even if the Ninety Emperor came, he would still be beaten like a dog.

"Let's go, let's go, let's not waste our time talking anymore. The Nine Emperors did not appear. They are clearly frightened. Didn't you all see the other nine Imperial Palace fellows running faster than anyone else?"

Everyone began to flee, because at this moment, another great commotion came from the direction of the Holy Ice Country.

Chen Xiang used his Suzaku bow to continuously shoot at the ground. At this time, he also sensed that there were tens of powerful auras surging over, which meant that most likely, the other nine emperors had brought their people over.

"Hmph." suddenly released a very strong Space Domain, wrapping himself up. With a domain of one hundred meters, all those Strong of Lord Stage that came would be like passing through a dimensional door, and would be unable to approach Chen Xiang.

Chen Xiang's Space Domain was extremely powerful. When attacking from outside, no matter if one touched a Domain, they would not be able to pass through the middle of the Domain and would always pass through the other side.

"Chen Xiang, are you going to destroy the dragon fountain?" They had cultivated here for many years, so they were able to deeply sense the benefits this dragon vein brought. Before long, it would be able to help them condense their Divine Deity.

Chen Xiang laughed coldly: "You all should be taking advantage of the time before I kill you all to recall all the good things from the past. I won't give you all another chance in a bit, of course, if you all escape, I won't even bother to chase down trash like you."

Chen Xiang continuously pulled on the bow, condensing powerful arrows one after another, frantically attacking the ground. At this time, a very huge pit appeared below, no matter how you looked at it, it looked like he was going to destroy the dragon vein.

"You've disappeared for five thousand years, and indeed, you've become very powerful. Back then, whenever you met us, you would flee in all directions. But now ..." Now, Chen Xiang actually disdained to kill them. It could be seen how strong Chen Xiang had become at this moment.

So even if Chen Xiang was worth ten Divine Deity s, they wouldn't be able to kill him now.

The Nine Emperor and the other experts were helpless outside of the domain, they could only watch as Chen Xiang slowly attacked the dragon vein.

In their eyes, Chen Xiang wanted to destroy the dragon vein so that no one could obtain it, but the dragon vein was the only way for them to condense their Divine Deity.

He cultivated the Heavenly Alchemy, had the Divine Deity, and had even devoured the Hell Prince's Divine Deity before. He had devoured a lot of the powerful divine souls, and although his body did not reach the Jade Bone, it was also extremely powerful. Adding the Four Symbols Divine Weapons into the mix, the Nine Emperor were not even able to withstand a single blow.

Now, even Chen Xiang was blaming Huang Jintian and the others, to think that they had boasted so much about the Nine Emperors.

"Yes." Chen Xiang suddenly stopped because he felt a wave of heat attacking him. If he guessed correctly, it should be the Fire Emperor of the Fire Divine Nations.

The Fire Emperor of the Fire Divine Nations did not join the Ten Great Holy Nations, but he controlled a large region above the dragon vein. The initially half crippled Fire Emperor, because of the support of the Gods Realm, became extremely powerful and almost killed Qi Shi.

When the Fire Emperor arrived, the Nine Emperor of the Ten Great Holy Nations was secretly happy because they felt an even stronger flame aura. However, that aura was not from the Fire Emperor, but it was stronger than the Fire Emperor.

#### [Chapter 1765](#)

It did not take long for this news to spread to all the big cities in Di Tian. It was extremely shocking, and many small and medium-sized forces were secretly worried, they were worried that something like the ancient Ten Heavens Supreme Lord would happen, and when the time came, they would be the ones to suffer when Di Tian was destroyed again.

Actually, their worries were unnecessary. Currently, Di Tian and the other nine days had become very stable and could not be disintegrated so easily.

When Long Xueyi was inside the Hundreds of Flowers Palace, she brought the Dragon Blood Saint Dan s that Chen Xiang and the others refined during the competition over. She, Liu Meng'er and the other girls were in a cool cave, watching them refine pills.

Not long after, Little Lizhi hurried over.

"What's going on? Chen Xiang went to the Great Sacred City alone and fought the Ten Great Holy Nations alone. I heard that the Sacred Ice Nation's Ice Emperor had already been destroyed, and now, Chen Xiang is frantically attacking the dragon veins, attempting to destroy them." Little Lizhi was also surprised to see Long Xueyi here. She thought that Long Xueyi would be together with him.

Long Xueyi frowned, "Where's Feng Yujie? She should be with Chen Xiang, is it only Chen Xiang who has appeared in the Great Sacred City?"

Little Lizhi nodded her head, "He's alone, there's nothing else. The latest news is that the Fire Emperor of the Fire Divine Nations is leading a group of experts there. The other emperors of the other nine Holy Nations s are unable to do anything to Chen Xiang."

When Liu Meng'er heard that Chen Xiang was fighting with a group of people, he became anxious immediately. "Let's hurry up.

Leng Youlan had already brandished his large sword a few times, ready to fight at any time.

At this time, Lv Qilian and Lv Qinlian walked over, seeing that Liu Meng'er and the other girls were already sharpening their blades, they said: "It's better if we don't participate, Chen Xiang did not even call Qi Shi and Jiang Sheng over this time, and Huang Jintian who was usually mixed in with others also did not appear. It's obvious that he wanted to make a big fuss himself, if we go, it would only get him in the way."

Lv Qinlian said: "We will only go to the side to spectate the battle. We definitely do not want to enter the battlefield, right now father, mother and the others are already rushing over."

... ..

On the other side, Huang Jintian, Qi Shi who had just parted ways with Chen Xiang not long ago, was already gathered together with Jiang Sheng.

"This little scoundrel, he actually doesn't call us when he's doing something like this. Does he think we're getting in the way? He's actually being treated as a burden. How hateful." Huang Jintian scolded.

This guy is really strong, he killed the Ice Emperor in one go, and we can't do anything to the other nine cities, it's just that I don't understand why he kept on attacking the dragon veins, could it be that he is determined to destroy them? Qi Shi frowned: "This dragon vein is a good thing. Even though it has been temporarily snatched away, but in the future, we have enough strength to snatch it back."

Jiang Sheng said: "If we were to destroy the dragon's vein, the Great Sage City above the dragon's vein, and even the entire area of several kilometers would be destroyed, I really wouldn't know what Chen Xiang is thinking."

The three of them were all on the same boat. As soon as Feng Yujie returned to his Divine Feather Holy Nations, he heard the news immediately. She had hurriedly brought Su Meiyao and Bai Youyou to the Great Sage City.

"Seems like he really wants to destroy the dragon fountain." Feng Yujie said.

Jiang Sheng knew that Feng Yujie was up there and anxiously opened a door, allowing Feng Yujie and the others to enter the small hall in the cabin.

"How can you be so sure?" Huang Jintian asked.

In these five thousand years, Su Meiyao and Bai Youyou had also frequently seen Huang Jintian and the others, and they were very familiar with them.

"Since the various shrines in the Gods Realm are coming down to take their territory, they must be aiming for the dragon vein first. When the time comes, with so many shrines watching, even if we join hands, it would not be easy to destroy the dragon vein, so Chen Xiang will make a move now." Feng Yujie said: "After I told him these things, he immediately went to the Great Sage City. I originally thought he would give up on the competition for the dragon's vein."

Su Meiyao shook his head: "You don't understand him, but if he knows, he will definitely go."

Bai Youyou sighed: "This is Chen Xiang, the more you think he should be afraid of something, the more afraid he will be. Even if all the great halls really came down, he would do everything in his power to prevent them from easily obtaining his dragon fountain."

When the experts learned that Chen Xiang had gone to the Great Sage City, they immediately rushed there. However, they did not approach the Great Sage City yet, as waves of energy were constantly surging from the inside of the city.

The Sacred Ice Country was relatively close to the center of the Great Sacred City. Chen Xiang continuously struck the ground, causing huge ripples that pretty much destroyed the Great Sacred City that was built by the ten nations.

Bai Yaowei, Lv Zhen, Grandma Lv, Liu Fusheng and the others had already arrived, gathered with Lv Qilian's group of women on top of Jiang Sheng's boat, and were arguing with each other at the same time.

"Old Jiang, go a little closer. You can only sense from here through your aura." Qi Shi shouted, "I heard that Fire Emperor brought some other god over, but a great battle has not started yet."

Jiang Sheng controlled the boat to move forward quickly, but he suddenly saw a large group of people flying.

"Isn't he a Nine Emperor? Why is he in such a sorry state?" Huang Jintian chuckled, flying off the deck and smashing his fist towards the Thunder Emperor.

"Huang Jintian, you are tired of living, I am not tired of living. I am too lazy to be bigger than you right now, and the dragon vein is about to be destroyed by your crazy disciple. Thunder Emperor dodged Huang Jintian's punch, leaving behind these words, he continued to escape.

Jiang Sheng anxiously stopped and said: "Let's not get any closer."

Lv Qilian turned his head to look at the group of people who had escaped earlier, and said: "Without Fire Emperor, could it be that Fire Emperor is fighting with Chen Xiang?"

Long Xueyi said: "Fire Emperor and ten fellows are surrounding Chen Xiang, but they did not attack him, so I do not know what they are doing."

Lv Zhen looked at the sky and said: "Let's go. Chen Xiang shouldn't be able to destroy the dragon veins. That thing isn't something that he can destroy right now."

"How so?" Feng Yujie frowned: "Then what is he doing?"

Lv Zhen laughed and said, "Won't you know once we go there? You should be more clear than me about the power of that dragon's vein. Until now, the Ten Great Holy Nations and the Fire Divine Nations still don't have complete control over the dragon's vein, and the dragon's vein had already fused with Chen Xiang that year."

"The Gods Realm of the Gods Realm should have an outcome. Someone will come down to stop Chen Xiang soon."

Other than the few people who knew that the all divine palaces would descend, the others were extremely shocked. They never thought that the all divine palaces would actually appear in the Nine Heaven World.

After that, Feng Yujie told everyone about the situation of the Chaos Realm after it had been swallowed, allowing everyone to resolve the doubts in their hearts.

Feng Yujie did not tell anyone else her identity, so even Su Meiyao and Bai Youyou did not know. Only Chen Xiang knew the secret right now.

The Fire Emperor had brought 10 experts here, but Chen Xiang turned a blind eye to them. He continued to pull the Suzaku bow, and shot arrow after arrow at the ground.

## [Chapter 1766](#)

At this time, Chen Xiang was extremely focused on shooting at the ground. The dragon vein's defense was extremely strong, and he had already struck the self-defense shield released by the dragon vein many times, but was still unable to move.

Of course he knew that the Fire Emperor was outside of his own Space Domain, but he wasn't worried at all.

Even if Fire Emperor and the others could attack and break his Space Domain, he would not fall into their hands.

had the same illusion at the start, but when he got closer, he realized that the other party was only a demigod.

It looked like he was stronger than the Fire Emperor, and was not much of a threat to Chen Xiang.

Jiang Sheng steered the boat closer. Sensing Chen Xiang's presence in the Space Domain, everyone understood why the Nine Emperor Palace was unable to touch Chen Xiang.

When Chen Xiang attacked the earth, many huge pieces of debris flew high into the sky and smashed into Chen Xiang's Space Domain, who passed through the spatial passageway. None of them smashed into Chen Xiang, no matter how strong the attack was, it was still the same.

"This dragon fountain is so powerful. It's been attacking for so long, but it's still unable to break through the defense." Xue Xianxian looked at the flames below him, which were ignited by the arrows released by the Suzaku bow.

The Suzaku bow was refined by Xue Xianxian and the others. She understood the power of the Suzaku bow very well.

"The quality of this dragon's vein has long been made up of high quality Holy stone. The dragon's vein was able to release a natural formation like the Evil Dragon Graveyard to protect itself a long time ago, and now, it has formed a stronger barrier at the bottom. I think even the people from the Ten Great Holy Nations have not entered the ground before." Lv Qilian said.

"Ever since the Dragon Subduing School moved, there has been a huge change in the dragon's vein. Even now, Chen Xiang is unable to establish a connection with the dragon's vein, so I feel that Chen Xiang is using his own method to awaken the dragon's vein, or to destroy it."

Before, Lv Zhen had already said that this level of dragon vein was no longer something that Chen Xiang could destroy.

Feng Yujie also never thought that Chen Xiang's Dragon Vein would become like this, and the one she used to possess, because she had absorbed a large amount of energy throughout the years, was not as good as Chen Xiang's.

Fire Emperor suddenly shouted to the people beside him: "You're here, quickly move away from here."

The Fire Emperor brought ten experts and quickly spread out. It was just that the Space Domain that was not that close to Chen Xiang, suddenly became engulfed in flames, which quickly spread out like a

sea of fire clouds covering the sky. The flames shone brightly, enveloping the sky above the dragon veins.

"This is the Fire God's Heaven Gate." Feng Yujie frowned: "The people from Fire Divine Palace are coming down, this is a genuine Fire Divine Palace."

Xue Xianxian asked anxiously: "Then what about Chen Xiang?"

Chen Xiang had also sensed the changes in his surroundings. He looked at Jiang Sheng's boat and said, "You guys stay far away from me. I'll be fine."

Chen Xiang's voice was calm, with a hint of excitement, and especially the confident light that flashed in his eyes, it made everyone feel at ease.

Jiang Sheng quickly controlled the boat and it left the area. A large vortex of flame appeared in the flame cloud in the sky and a large ball of fire descended from the vortex.

The fire cloud suddenly disappeared, and the flames outside the fire ball also gradually dissipated. Inside, a huge red Frisbee appeared, and on it stood three men and two women. The man was tall and handsome, the woman was young and beautiful, slim and graceful.

Among the five, the man standing at the front had a stronger flame between his eyebrows, while the other four had weaker flames. It was obvious that the man had the strongest strength.

Seeing these five people arrive, Fire Emperor and the rest immediately went up to pay their respects.

"I am Wan Huaiyan. From now on, all of you have to listen to my instructions." Wan Huaiyan extended out his fingertip and touched the center of Fire Emperor's forehead, reading through the memories of Fire Emperor.

Sensing that the Fire Emperor was resisting, he snorted coldly, "Cooperate."

Accompanied by that cold snort, an extremely strong pressure appeared, causing Fire Emperor's body to tremble.

Wan Huaiyan and the rest were also very calm, although they saw Chen Xiang, they did not immediately take action, but wanted to first understand what was happening.

"Hmph, you even dare to call yourself a Fire Emperor." After reading the memories of the Fire Emperor, Wan Huaiyan snorted disdainfully, his handsome face revealing a disdainful smile, then looked at Chen Xiang.

"Eldest senior brother, this man is Chen Xiang, someone who the Hell Devil Emperor couldn't even take away after losing billions of God Coins. It's said that the God of Fortune and a few other God of Heaven have also lost close to a hundred profound God s. In the end, he was able to escape." A lady said to Wan Huaiyan.

Hearing the woman's words, Lv Zhen and the others who had some understanding of the Gods Realm were all shocked. Because Lv Zhen had heard about the matters of the Gods Realm from the Devil-killing Summit, he had also told the others that he knew about the concept of and God's money.

Chen Xiang had never told them about this before.

"They have lost close to a hundred profound God s and have yet to be captured." Feng Yujie's face was filled with shock: "Just what did he do in Divine Prison?"

"It was done by the Old cyan bug. When the hundreds of profound God s came down, the Old cyan bug sent them away, but I never thought that they would be killed by the Old cyan bug. The Old cyan bug is really too powerful, I wonder what kind of outcome the Old cyan bug will have after killing so many profound God s." Long Xueyi sighed.

Lv Zhen and the others knew who the Old Cyan Bug Long Xueyi was referring to just by thinking about it. The strength of the Azure Dragon had also shocked them.

Wan Huaiyan placed his hands behind his back and stared at the Suzaku bow in Chen Xiang's hands, then said with a frown: "This is a Divine Weapon, it should have just been crafted not a few years ago. Although the refinement method is crude and the fire isn't enough, to the brats of this world, it is still considered not bad.

After Chen Xiang heard it, he sneered: "In the eyes of trash, everything is trash."

The lady behind Wan Huaiyan immediately shouted, "You arrogant brat, eldest senior brother is the eldest son of the great disciple of the Fire God, Deity Zi Huo. What you just said was enough for you to die a hundred times."

Chen Xiang laughed out loud: "So what, if he has the ability, he would send out over a hundred profound God s to deal with it. Even if it's his father, I'm afraid that he wouldn't be able to use this kind of power, much less use billions of divine money against me.

"Damn, this old man has been chased by the Hell Devil Emperor for so many years and had never been afraid of him, let alone being the eldest son of a god. At most, he would just be a stronger true god."

Wan Huaiyan suddenly clenched his fist, wanting to attack Chen Xiang, but at this time, an extremely charming laughter, like silver bells rang, causing people to be intoxicated, even if the woman heard it, her heart would not be able to describe the feeling, and she could not help but have a very good impression of the laughter.

When Jiang Sheng heard this laughter, his expression immediately became ugly, while Qi Shi snickered.

"Mei Emperor is here." Long Xueyi said softly, telling Liu Meng'er and Xue Xianxian who were beside him that they had never seen Mei Emperor before.

When Su Meiyao and Bai Youyou heard the laughter, they clenched their jade fists.

"The five of you are all disciples of the Ten Thousand Purple Mountain, right? Mm, you must be the son of Ten Thousand Purple Mountain. You look too similar to him, and are very handsome."

A white mist that emitted a light floated over, and turned into a beautiful woman wearing only a thin layer of muslin. Her chest was bare, and she was only wearing a slightly thick gauze wrapped around her waist, revealing some embarrassing things.

Mei Emperor's perfect body was covered under the long, muslin dress. She was extremely alluring as she walked over with graceful steps while barefooted. Her pair of long legs and slender jade waist were all swaying rhythmically, and her chest, which was wrapped simply, moved up and down.

The most amazing thing was her breathtakingly beautiful face. There was a very strange attraction on it that made it difficult for people to look away when they looked at her.

Chen Xiang could tell immediately that this was the Mei Emperor. He had originally thought that the Mei Emperor looked very similar to Feng Yujie, but now that he saw the Mei Emperor, he realized that the two of them had completely different faces.

Chen Xiang suddenly felt that it was worth it for Jiang Sheng to be tempted by this woman all those years ago.

When the originally cold and proud Wan Huaiyan saw the Mei Emperor walking over with a faint and charming smile, he couldn't help but be deeply attracted by her seductive figure. Although the two girls beside him were beautiful, he couldn't help but feel inferior in his heart, and at the same time, was a little jealous.

Mei Emperor looked like she was about to walk towards Wan Huaiyan, but who knew that she would suddenly turn and walk towards Chen Xiang.

There was a Space Domain outside of Chen Xiang, which Mei Emperor could sense, so she did not go in. Instead, she took a few steps in the air and slowly arrived in front of Chen Xiang.

Everyone was looking at this scene seriously. Everyone knew how powerful the Mei Emperor was, that the nine emperors who had just left had already returned. Seeing that the Mei Emperor had made his move, they all secretly calmed down, thinking that Chen Xiang would definitely be captured by the Mei Emperor.

Wan Huaiyan was extremely unhappy. He knew that the Mei Emperor was truly powerful and he liked such a powerful woman very much. Just a moment ago, she was still talking to him, but now, she had walked up to Chen Xiang and forced her way through.

Although Chen Xiang did not look at the Mei Emperor, he still carefully observed. He shockingly discovered that the Mei Emperor did not pay attention to Feng Yujie, so even if Feng Yujie was concealing his appearance now, they should still be able to sense each other.

"Chen Xiang, I've finally met you today, it's been a long time since I've last seen you." The Mei Emperor laughed.

"You should be the famous Mei Emperor. I have seen you too, and have heard of you for a long time." Chen Xiang actually laughed openly, as if he was truly flattering an expert.

Everyone was startled, for Chen Xiang to say such words to such a beauty was truly a disaster, even though what he said was the truth.

With just a slight raise of her eyebrows, she sweetly smiled and said: "As expected of a man whose name shakes the nine heavens, he is indeed extraordinary."

[Chapter 1767](#)

Chen Xiang had been struck by Feng Yujie's charm power before, so when the Mei Emperor appeared, he was extremely cautious. At the same time that he used the Soul Lock Technique, he also released a Taiji array outside his soul to protect it, and used the Demon Subduing Heart Formula to defend against the Mei Emperor's mental attacks.

This was because Mei Emperor and Feng Yujie were the same, created by the Ninth Heaven God King back in the day. Although they were heavily injured later on, it had already been so many years since they had recovered pretty well.

"Ninth Miss, this person was speaking ill of you earlier. Let me help you teach him a lesson." Wan Huaiyan suddenly came to Mei Emperor's side, he took out a golden sword and stared angrily at Chen Xiang, and was about to attack.

Mei Emperor shouted lightly: "Sir Wan, please wait, I would like to see what he is doing."

Wan Huaiyan frowned: "Of course he wants to destroy the dragon's vein, and doesn't let us obtain it. We better hurry up and take him down, and don't let him harm the dragon's vein."

Originally, she worked for the Hell Devil Emperor, but now that she seemed to be connected to other gods, her status was not low either. That Wan Huaiyan actually treated her with such respect, and even called her "Ninth Miss".

Just now, the Mei Emperor tried to seduce Chen Xiang, but she failed, Chen Xiang's heart was extremely firm, and it was difficult for her to do anything to him. Although she had failed before, at that time, her strength was relatively weak, and the people she wanted to seduce were all men who were not particularly interested in women.

But Chen Xiang was different. According to Mei Emperor's understanding of Chen Xiang, although there weren't many women by his side, there were a few, which meant that Chen Xiang was very interested in girls. Furthermore, those girls were all very playful in various aspects.

Furthermore, Chen Xiang had never seen her before, so Mei Emperor thought that Chen Xiang was very easy to obtain.

It was Chen Xiang's first time seeing the Mei Emperor, not bad, but he had been tempted by him before, and his cultivation was much stronger than the Mei Emperor's. Now, Chen Xiang was still unable to completely shake off the enticing power of Feng Yujie, so even if he did not defend now, the Mei Emperor would not be able to tempt him.

Chen Xiang sneered at the Mei Emperor and said: "I advise you to quickly distance yourself from me right now, because after I finish what I need to do here, I will kill you next."

"How dare you!" Wan Huaiyan, who was beside Mei Emperor, was immediately furious, but he did not attack, because Mei Emperor had used a tender jade hand to hold the back of his sword.

Chen Xiang was the eldest son of some kind of great disciple of the Fire God. Even if he wasn't the profound God, he was still a relatively powerful True God, and he was actually so easily bewitched.

"I have no enmity with you, why do you want to kill me?" Mei Emperor asked softly, her beautiful big eyes actually flickered with tears of grievance. She looked pitiful and delicate, but Chen Xiang didn't take it lying down.

"Don't worry, before you die, I will definitely tell you." Chen Xiang's voice had a trace of killing intent, it was obvious that it was not an act.

Mei Emperor was a huge threat to them in the first place, let alone their enemies.

Even though they were stronger than before, they still did not have enough confidence to defeat Mei Emperor. Furthermore, Feng Yujie had warned them repeatedly, that there was a huge gap between them and Mei Emperor now.

Seeing Chen Xiang's attitude towards Mei Emperor, Wan Huaiyan was even more furious in his heart. Seeing that Mei Emperor did not stop him, he was overjoyed.

"The weakest amongst the Gods is a True God and this Wan Huaiyan is a True God. In terms of Gods Realm, he isn't very strong, so Chen Xiang should be aware of this fact. Lv Zhen said.

Wan Huaiyan originally thought that he could kill Chen Xiang with a swing of his sword just as he charged over. Who knew that he would arrive at the other side of Chen Xiang's Space Domain?

Wan Huaiyan was alarmed and furious in his heart. He swung his sword and released a few waves of fire, but when it touched the exterior walls of the Space Domain, it was stolen from the other side of the Domain, as if it had passed through a spatial gate.

No one could even touch Chen Xiang now, not even close to him.

"This is the power of the spatial laws, unless you possess the power of the Upper True God, it will be difficult to shake him." Mei Emperor sighed lightly. "I didn't expect him to be this much stronger than I had expected."

"All of you come over here and attack him together. I don't believe that I won't be able to break through his defenses. He is just a small Saint. We are all gods." Wan Huaiyan shouted to his junior brother and sister who came with him.

In the blink of an eye, the flames in the air zigzagged horizontally and were covered densely in fiery clouds. From time to time, huge palms would appear and slap towards Chen Xiang from all directions.

With this attack, a thick layer of soil underneath was lifted up and burned into ashes. After the layer of dirt above the dragon vein disappeared, the dragon vein's head was clearly visible.

The silver white dragon's mouth slightly opened, and its eyes actually flickered with a faint green light, as if it had a sliver of spirit energy. Right now, it was only showing the dragon's head and its body was still buried underneath.

There was an energy barrier very far away from the dragon's head, and Chen Xiang was unable to break it. Just now, when Wan Huaiyan had accidentally struck that barrier, he was also unable to move.

"The dragon head is a lot smaller." Chen Xiang frowned. Back then, when this dragon vein was still at the immortal stone grade, it was like a huge mountain.

Qi Shi said: "What's going on, why has the dragon head become so small?"

Huang Jintian shook his head: "Even though the dragon head is small, it is still very powerful. With the current level of defense, even the gods would find it hard to move.

Seeing the dragon head, the Mei Emperor immediately dove down. Wan Huaiyan reacted and quickly followed.

However, when the two of them came into contact with that layer of defense, they were repelled by an extremely violent force. Even if they reacted, they weren't injured by the shockwave.

"Is this a dragon vein? If I can release divine power, then this dragon vein can also be considered a naturally formed divine artifact." A bolt of lightning suddenly flashed and descended, only to see a big sized man floating above Chen Xiang.

"The Temple of Thunder." Wan Huaiyan frowned: "This guy is not easy to deal with."

The man looked at Wan Huaiyan and laughed out loud. "Isn't this the son of Ten Thousand Purple Mountain?"

Just as Wan Huaiyan was about to answer, he saw Chen Xiang rushing towards the dragon vein below and shouted anxiously: "Stop him, don't let him enter the dragon's head."

Mei Emperor also shouted, "Liao Ming, quickly stop him."

The man named Liao Ming laughed and said, "Why should I listen to you?"

"He is Chen Xiang." Wan Huaiyan said anxiously. He couldn't do anything to Chen Xiang either, but he felt that Chen Xiang could enter the protection barrier around the dragon vein.

Liao Ming laughed out loud, "He is Chen Xiang, what does he have to do with me? Before I came down, Thunder God had already instructed me not to get involved with this evil sect kid at all."

At this moment, everyone's eyes were focused on Chen Xiang. Chen Xiang was getting closer and closer to the Dragon Vein's protective shield.

## [Chapter 1769](#)

Originally, it should have benefited the Nine Heaven World. However, right now, it has been coveted by the divine halls, and if it is taken over by those powerful forces and their control over the dragon veins, the rest of the Nine Heaven World will not benefit from it. "

Chen Xiang floated in front of the dragon's head, patiently waiting for the next change in the dragon's vein, while thinking about the formation of the dragon's vein.

He felt that the reason why dragon veins kept appearing was definitely not a coincidence. It must have been arranged by the Nine Divine Kings back then, and they had long since set it up here.

In the past, Qi Shi also obtained a dragon vein, but it was destroyed later on, and an even more powerful one developed. Other than this, there was another dragon vein that was occupied by Feng Yujie.

Feng Yujie knew that the place had dragon veins, obviously he had heard it from the Nine Divine Kings.

"What will happen next? According to my intuition, I should be able to fuse with this dragon fountain." Chen Xiang thought like this. The energy contained in this dragon vein was extremely strong, and he felt that he might not even be able to eat it, so when he thought about it, he felt that it was somewhat impossible.

Just as Chen Xiang was thinking about the matter regarding the dragon fountain, he suddenly heard a voice from inside the Divine Sense Sea.

"Of course you can't fuse with me with your current power. Even Empyrean Gods might not be able to subdue me."

This voice was somewhat tender, just like a youth's. Although Chen Xiang was shocked by what he heard, he immediately understood that it was the voice of the dragon vein.

The dragon vein had actually opened its spirit and gained its own consciousness. In other words, the dragon vein was no longer just like a stone. Soon, the purple monkey would turn into a living creature that could soar through the nine heavens.

"You are the dragon fountain." Chen Xiang asked in shock.

"That's right, you should have been my master originally. You should have merged me before I was even growing up so that I could make you stronger. I have been waiting for you for many years, but you just arrived now. I don't know why, but I am getting stronger and stronger now, and I don't want you to fuse with me." The dragon vein said.

Chen Xiang said: Don't worry, I won't force you, after all, you have helped us become strong for a period of time, I will remember this favor, as long as you do not fall into an evil trap, you were born from the Ninth Heaven, with your current strength, you should be the guardian of this place.

"I have nine fathers, and the consciousness they sent me was the same as well. However, they did not directly ask me to protect them, and instead wanted me to help a human that I approved of become stronger." Dragon Mai said, "But it seems like I can't do it now. I've violated them."

Chen Xiang knew how complicated the Dragon Bloodline was in his heart now that it had grown to this point. It was normal for it to have its own thoughts, and adding the yearning it had for the outside world, he would be able to understand it.

"As long as you can protect the Nine Heaven World, it doesn't count as going against them. This is your nine fathers final goal, it doesn't matter what the method is, as long as you can do it." Chen Xiang continued to instruct the young dragon.

"I understand now, thank you for understanding me. You are the first human I've seen since I've awakened. Before, when I was still sleeping, I vaguely recognized you. I'm not mistaken, why don't you give me a name?"

Chen Xiang thought for a moment, then said: "You can be considered a dragon now, that surname is Long, it's called Nine Heavens, hmm, I'll call it Dragon Nine Heavens."

If Long Xueyi was here, he would definitely argue with Chen Xiang because of the name.

"I know your name is Chen Xiang. A lot of people were shouting and shouting about you just now." Long Jiu smiled. "Although I can't merge with you, I can still help you become a little stronger. I'll have to separate from the earth later. At that time, the earth's core will spew out a power that can make your body stronger."

Chen Xiang's current physical body was not strong enough, only at the level of the purple-gold bone, but his goal was the jade bone. To have such a chance, it would be best if he could, if he wanted to become a True God, he would need to cultivate the jade bone.

"Alright." Chen Xiang nodded.

He had just agreed when Long Jiu suddenly roared and rushed into the clouds.

The entire body of the dragon suddenly shot out, and the deep hole spewed out a strong surge of heat, accompanied by a burst of intense flames.

Chen Xiang who was at the side, was immediately sucked in by the heat.

"The earth's core is repairing itself and absorbing the energy that is gushing out. Before entering the earth's core, you must hurry up and come up, otherwise, it will be very dangerous for you to go to the earth's core." Long Jiu's voice came from above.

It wasn't that Chen Xiang had never gone to the Core of the Earth before, it was just that the Core of the Earth was much weaker than the Core of the Earth now. The reason why Di Tian had become so strong now was mainly because the Core of the Earth was becoming stronger and stronger.

Therefore, right now, he was not sure if the profoundwu diamond armour on his body could still allow him to be like a fish in water in the heart of the earth.

"The Fire Dragon Sword was also created by the Nine Divine Kings in the past. No wonder when I was in the earth's core that year, after I took out the Fire Dragon Sword, all of the magma in the earth's core retreated. I wonder if it is still effective now."

Chen Xiang wanted to give it a try. Right now, the earth's core was also very mysterious to him. The last time he went to the earth's core, he killed a Earth tree.

"Alright, let's go to the Core." Chen Xiang was slowly being pulled down by a strong suction force inside the tunnel, and a strange kind of scorching energy was being continuously absorbed by his body.

"What's with this heat? Although it's very painful, but it also has a bit of a pain-relieving power."

Chen Xiang couldn't tell if he was in pain or not, he just felt a little numb in his body. Suddenly, he felt pain, but the pain quickly disappeared as it quickly changed places again.

A moment later, Long Jiu's urgent shout came from the sky, "Hurry up."

"I want to go to the Earth's core to have a look. It'll be fine, go take a look for now, if you can find someone called Huang Jintian, let him teach you something, he's my master." Chen Xiang said.

"The earth's core is very dangerous and very scary. If you stay below, you will die." Long Jiu was extremely worried, and Chen Xiang could also feel the energy undulations from his body. He was actually going to use that powerful force to pull him up.

"Don't worry, I have magical equipment to protect myself. I've been to the earth's core before." Chen Xiang said anxiously, he was afraid that he would miss this chance, if not, he would have to go to the center of the earth.

"Alright, I will look for Huang Jintian now." After Long Jiu finished speaking, he disappeared.

When the dragon veins left the ground, they created a huge sky ditch, and Chen Xiang also went into the center of the earth from the sky ditch.

When the Geocentric Eclipse closed the hole, a large amount of lava surged out, filling up the entire pit. There was even a large amount of fire that was multi-colored, even black and gold, that enveloped the entire Holy City.

If Chen Xiang saw this, he would definitely find this very familiar, because this was a Earth's Core Fire Realm.

#### [Chapter 1770](#)

Even though the God and Jiang Sheng, the boat that came down from Gods Realm was already far away from the dragon vein, they could still sense a scorching aura from there.

"This feeling is very familiar, very similar to the Earth's Core Fire Realm." Jiang Sheng said. He was very sensitive to flames, and he also had research on Earth's Core Fire Realm.

"Could Chen Xiang have taken away the dragon vein?" Qi Shi said, "How powerful are the dragon veins? Those gods are unshakable, if Chen Xiang that kid were to obtain them, wouldn't he be very strong?"

The beautiful woman from the Divine Female Palace said, "Chen Xiang's current strength is still insufficient to withstand the power of the dragon vein. Even I, or the God of Heaven, might not be able to."

Feng Yujie sighed: "The growth of this dragon vein is very abnormal, it has already surpassed the growth rate set by the Nine Divine Kings back then, I don't even know how it will change."

Lv Qilian suddenly shouted: "There's a very strong guy approaching us."

At this time, everyone had also sensed it and immediately became alert. Even the powerful beautiful woman from Divine Female Palace had a serious face, because this aura made her feel a lot of pressure.

Just as everyone was feeling extremely nervous, a silver-clothed youth with a jade-like face suddenly appeared in front of them.

"Do any of you know where Huang Jintian is?" This youth was Long Jiu.

Everyone was extremely astonished. This was merely a youth, yet his strength was this great. Fortunately, he did not have any enmity towards her, so he only came here to find her.

Huang Jintian racked his brains, but he didn't think that he would meet such a strong person. The cat he was familiar with was also a teenager, but it wasn't as powerful.

"I am. Do you have any business with me? Do we know each other?" Huang Jintian stood out and asked.

"I am Long Jiu, it was Chen Xiang who told me to come find you. Because I just arrived in this world for a few days, I don't understand many things, and I need to find someone to consult. He said that you are his master, so he let me come." The youth said to Huang Jintian.

The people on this ship weren't stupid. At the same time, they thought of one possibility.

"Your name is Long Jiu." Long Xueyi said: "Could it be that you are a dragon and I am also a dragon? But the aura on your body is different from mine."

"The name was chosen for me by Chen Xiang. My dragon body's structure is different from yours, my dragon body is mainly born from the core of the earth, and your dragon body should have been born from primal chaos energy." Long Jiu said.

Long Xueyi muttered: "The matter of me choosing a name should be left to me, Chen Xiang this guy."

Lv Qilian asked: "If that's the case, then what about Chen Xiang, why didn't he come along with you?"

Feng Yujie asked worriedly: "Did something happen to Chen Xiang?"

Dongfang Xinyue was right beside him. She said: "He's fine. If he's got anything to do, then I'll be fine as well."

This was because she and Chen Xiang's Master-servant Contract had not been removed, so if Chen Xiang died, she would die too.

"Chen Xiang is fine, he just fell into the center of the earth." Long Jiu's face was filled with suspicion, he did not know why these people suspected that something was amiss with Chen Xiang.

Everyone immediately cursed in their hearts. He was still calling himself fine after falling to the earth's core.

Jiang Sheng, Huang Jintian and Qi Shi all knew the current core of the earth very well, because they had already tried to enter the core of the earth when they were at the bottom of the You Ming Deep Abyss. However, those passages were already blocked, so even if they weren't blocked, the heat would not be something they could resist.

"What, Chen Xiang fell into the center of the earth?" This was Long Huishan's voice. Chen Xiang was her little brother, and she knew how powerful Geofruit was, so how could she not be anxious?

At this time, Long Huishan was rushing over with a large group of powerful ice dragons.

Seeing so many ice dragons arrive, Long Jiu suddenly felt a very warm feeling in his heart.

"He said that he was going to the earth's core. He was not willing to come up when I told him to." Long Jiu said.

"You guys really don't have to worry. Chen Xiang has Fire Dragon Swords and profound wu diamond armour s on him, enough for him to deal with Earth Heart's terrible environment. Although we are a bit stronger than him, without the Fire Dragon Swords, we might not be able to survive in Earth Heart." Feng Yujie said. She still had a certain level of understanding towards the Nine Dragons Holy Sword.

Long Huishan asked: "Just what happened?"

"Big sister, I'll tell you." Leng Youlan pulled Xue Xianxian and flew over, telling him everything.

Long Jiu listened on from the side.

At this time, everyone decided to go to the Divine Feather Holy Nations first before discussing their future matters.

... ..

After Chen Xiang fell into the core of the Earth, he took out Fire Dragon Swords and released them. Just like the last time, all the lava here avoided him and he did not sense any scorching power either.

"In that last moment, my body did indeed become much stronger, but I have not yet stepped past the level of the purple-gold skeleton. I need to cultivate in jade bones."

According to Long Jiu's estimations, that one blow just now should have been able to make Chen Xiang's body become very strong, but he did not know that Chen Xiang's body was very special.

"This core should be Di Tian's secret. I'll go deeper in and take a look." Chen Xiang dove deeper into the ground. He had yet to go deeper into the heart of the earth, so he took the opportunity to explore more.

After diving continuously into the depths of the earth for an entire day, Chen Xiang finally lost his patience. Just as he was about to give up, he suddenly bumped into something extremely hard.

There was actually a wall here? Chen Xiang was pleasantly surprised and immediately followed the wall.

He suspected it was more than a wall. It could be a building.

The building beneath this core was definitely not ordinary. Although it looked like ordinary blue bricks, they had not melted under this core for a long time. It was clear that these blue bricks were not ordinary bricks.

Chen Xiang went up and down the building a few times, and determined that it was an outer wall of a building, which was around a hundred metres tall. Now, he started to look for the entrance to the building.

This building was wrapped in lava and had been this way for a long time. This made Chen Xiang even more curious about who built this building and why they built it here.

He quickly guessed that the Nine Divine Kings was the one that was built by them all those years ago. It was very possible that they were the ones who created the Nine Heaven World.

It took him half a day to find a door.

"If I open the gate, wouldn't the lava flow in?" Chen Xiang was still considering whether or not he should open the door. After thinking about it, he felt that the creator of this building must have definitely considered this question before, so there definitely wouldn't be anything that he was worried about.

He considered this for a moment, then pushed open the door.

Although the door was big, Chen Xiang did not expend much effort to push it open, and very easily opened up a gap in the door.

Just as he had expected, after the door was opened a crack, a force emanated from within that could prevent the scorching lava from flowing in.

Chen Xiang did not completely open the door, he only opened a crack large enough for him to enter.

After entering, the door slowly closed. He was now in a large passage. On both sides of the passage, there were two neat rows of flame pillars that lit up the entire passage.

"It should have been built by the Nine Divine Kings. These things are all very ancient." The moment Chen Xiang entered, he could feel the ancient aura.

The interior of the mysterious palace that was hidden in the earth's core was unexpectedly very cool. Although it was very quiet and eerie here, Chen Xiang wasn't afraid.

Chen Xiang walked to the end of the path and saw another big door. After opening it, he came to a big hall, in the middle of the hall was a big round jade table, beside the jade table were nine jade chairs, this made Chen Xiang even more certain that this was the Nine Divine Kings that had built this place.

"Feng Yujie should know about this palace." Chen Xiang carefully observed the hall. Other than the jade tables and chairs, the rest of the things were ordinary things made of stone.

Chen Xiang did not open the box in the middle of the round jade table but instead walked around the round table. The fellow monk looked carefully at the nine chairs, and after he walked around, he realized that there was a groove on the back of each of the seven chairs, and upon seeing the groove, he subconsciously took out a Tianlong sword s, which could actually fit inside.

"In other words, there are two chairs here without grooves. Could it be that the Poisonous Dragon Sword and the Jade Dragon Sword are still here?" Chen Xiang's heart was beating wildly.

"When we first gathered, this Seven Dragons Sword was the one that guided me to a place, could it be here?" Chen Xiang immediately took out all the other Seven Dragons Sword s and inserted them into the grooves on each of the chairs.

"What happened? Why is there no reaction?" Chen Xiang waited at the side for a moment and realized that there was no movement.

"Could it be that each sword has a different slot?" After Chen Xiang pulled out the Seven Dragons Sword, he carefully observed those chairs, and finally found some clues. Every chair had a leg that had some ancient characters, similar to those on the Seven Dragons Sword.

"There shouldn't be a mistake this time." Chen Xiang compared the ancient characters, and once again inserted the Seven Dragons Sword s one by one.

When he put in the last sword, the nine jade chairs and the huge jade round table suddenly lit up with a pale white glow.

Chen Xiang anxiously retreated a few steps, because of the powerful force, he had no choice but to retreat.

The next scene caused Chen Xiang to widen his eyes. On the nine chairs, nine people with long hair that reached their waists appeared. They wore white robes, and their appearances were enveloped by a ball of faint white light, not allowing to see his appearance.

"Could this be the Nine Divine Kings?" Chen Xiang exclaimed in his heart, he had already seen that the people in front of him were just images, and were only conveying some information.

"If only Feng Yujie was here, she might have known more than me." After Chen Xiang thought about it, he wanted to open a spatial passageway and drag Feng Yujie over. Who knew that his spatial strength would be ineffective here?

The nine of them sat on chairs, not saying a word, as if they were waiting for something. Suddenly, a figure floated over, it was a woman, and it was none other than the Mei Emperor. She was standing behind a Divine King.
