

## Dan God 1771

### [Chapter 1771](#)

was just a little surprised to see Mei Emperor appear. He already knew from Feng Yujie that Mei Emperor had been with her since the beginning. At first, their relationship was very good, but later, they betrayed the Nine Divine Kings.

Until now, Chen Xiang still could not understand why Mei Emperor would betray her. Even Feng Yujie, was something she herself could not explain.

Chen Xiang continued to look at the commotion in front of him, only to see one of the Divine Kings wave his hand, signalling the Mei Emperor to retreat, the Mei Emperor was a little unwilling, so he snorted in a spoiled manner and walked out.

At this time, all the Nine Divine Kings opened their arms wide, as if they were arranging a barrier. Chen Xiang felt that they would have to discuss some very important matters in the future.

"Among the Younger Nine Girls, one of them must have been controlled and should have died a long time ago. Her spirit body has already been devoured." A God King sitting in the seat of honor said, his face revealing a trace of sorrow.

"Who do you think it is?"

The other eight Celestial Kings all had rather grim looks on their faces. Clearly, they knew about this as well, but they had yet to confirm who had betrayed them.

Da Jiu and Xiao Jiu were Feng Yujie and Mei Emperor.

"It's Xiao Jiu. Even if her performance just now was out of character for her, Elder Nine girl is very sensible and knows that we cannot enter this conference room. Xiao Jiu has been running here with us recently, obviously wanting to eavesdrop on our conversation." Another Godking said.

Feng Yujie was the Elder Nine girl. Chen Xiang had already found out why Mei Emperor betrayed him, and it turned out that Nine Divine Kings did not notice. The Mei Emperor was controlled by the enemy using powerful means.

"This is bad for our next plan." The leader of the Celestial Kings said, "It's already pretty good that we're able to reach this step. The rest is up to the nine heavens' luck."

Another God King nodded and said, "It's time for us to withdraw and end this boring dispute, allowing outstanding creatures to shine in this brand-new world."

A rather muscular Celestial King pointed to the jade box on the table and asked: "The Chicken Younger Nine Girl is not her anymore, so there is no need to give this Supreme god bone to her."

The other Godkings all nodded.

That Great Divine Lord said, "Elder Nine girl already possesses the Supreme Sacred Bone, I do not wish for her to protect this land in the future. I only hope that she can escape this calamity and live a good life."

Just as Great Divine Lord finished speaking, they suddenly stood up.

"It's time for us to face them."

Then, they started to shake, their chairs suddenly shot out seven rays of light, one was the Seven Dragons Sword flying out, the other was the Divine King throwing out a book, Chen Xiang recognized that book, it was the Divine Book that recorded all the refining methods and arrays.

The Four Symbols Divine Weapons was created from this divine book.

The image at the back was extremely chaotic, Chen Xiang only saw the Nine Divine Kings leaving in a hurry, the jade box with the Supreme god bone on the table did not move.

"Could it be that this is the last time the Nine Divine Kings talked to them? After they finished talking, they went to the Nine Heaven Devil Palace. Then where is this place? Could this be the legendary Nine Heaven Devil Palace?"

Chen Xiang shivered, but when he thought about it carefully, he felt that that wasn't the case. If it were the Nine Heaven Devil Palace, he would definitely be facing many dangers right now.

"What is a Supreme god bone? Feng Yujie also has this thing, it should be very strong." Chen Xiang walked over and pulled out all the nine dragon Sacred Swords.

Now, he already knew that the Nine Dragons Holy Sword's true function was to record the contents of the Nine Divine Kings's meeting here, but he could only see the last part of it.

"Let's see what this Supreme god bone is." Chen Xiang opened the jade box. There were no bones inside, only a mass of silver white "mud" that looked soft and emitted a multicolored light.

"This is the Supreme god bone, what exactly is it? It should have been stored for many years." Chen Xiang did not sense any Qi.

He poked it with his finger, and suddenly felt a sharp pain in his finger, as if it had been pricked with needles.

Feeling the great pain, he immediately retracted his finger, only to find that the silver-white ball of mud was tightly sucking him in. At the same time, he could feel a large amount of blood flowing out of his finger at lightning speed.

This sudden occurrence caused him to be extremely shocked. Originally, he only thought that it was bone or something like that, but who would have thought that it would actually be so deadly? Especially the speed at which the blood was being sucked, it seemed to be able to completely suck him dry.

Just when he wanted to cut off his fingers, he suddenly felt something drilling into his fingers and entering his body.

At this moment, the pain in his fingers had already lessened. He could also feel something entering his body, entering his bones, fusing into his bones at an extremely fast speed. In just a moment, it had spread throughout his entire body.

"Just what is this thing?" Chen Xiang looked at his fingers, and all the silvery-white mud had already drilled into his body.

He didn't take any more of his blood, and he didn't feel any more pain. He was relieved, but then something terrifying happened.

A layer of silvery white appeared on the surface of one of his hands, as if it was covered in a thin layer of ice.

At first it was only the hand, but then it spread all over him, freezing him as if he were frozen.

Even so, Chen Xiang did not feel any discomfort. His entire body was wrapped in this silver white layer of ice, and he stood there in a daze.

Chen Xiang could clearly feel that the bones in his body seemed to be shattering bit by bit. However, there was no pain, and only after shattering, they started to reform again, repeating like this over and over again.

"Don't tell me this is the benefit of the Supreme god bone. If I were to fuse with this, I would have that Supreme god bone. What exactly is this thing?" Chen Xiang really wanted to know what use the Supreme god bone had, but he knew that it was definitely something good.

The two sets of Supreme god bone were prepared by the Nine Divine Kings for Feng Yujie and the Mei Emperor. However, after the Mei Emperor was under the control of the enemy, one of them was left behind.

"This thing must be special, I have to ask Feng Yujie about it in the future." Chen Xiang was wrapped up by the strange silver white skin and could not move at all. Only his eyeballs could move.

What surprised him was that he actually saw a flash of red light. This red light was obviously from the lava.

After he had integrated with the Supreme god bone, the palace had actually lost its defensive capabilities and was crushed by the powerful lava.

"It's over." Chen Xiang shouted in his heart. At this time, he could not use any strength at all, and he did not know why the God Power hidden in the Divine Sense Sea was sealed.

Just as he was worrying, a red light flashed in front of his eyes. The entire palace had collapsed due to the impact of the lava, and he was surrounded by fiery red lava.

He did not use the Fire Dragon Sword and the profoundwu diamond armour, and was at a place very deep in the earth's core where he thought he was dead for sure.

Now that he was wrapped in some lava, he didn't feel any heat. The thin layer of silvery white was so powerful that it could block out such a degree of heat.

And so, Chen Xiang continued in this state for a month.

A month later, he suddenly felt that his skin was a bit loose, and he could also move it now. With just a little bit of force, he was able to break through that layer of silvery-white skin.

"It's scalded to death." Chen Xiang shouted in his heart, and then took out his Fire Dragon Sword, ordering the lava to retreat.

Chen Xiang was pleasantly surprised at this moment, because that one strike had let him know how terrifying his body was. After being scalded, he only felt a burning pain on his skin.

He immediately took out a set of clothes and put it on. After carefully examining his body, he discovered that all of his bones had turned silvery-white. They were no longer the purple-gold bones from before.

"What's going on? Could it be that the Supreme god bone is stronger than Jade Bones?" Chen Xiang was certain that his own bones had undergone a huge change, and his flesh had become extremely powerful.

He thought for a moment and suddenly understood that the reason he was able to break open the silver shell that had been covering him for a month was not because the shell had lost its effect, but because his strength had increased.

"My physical body has already surpassed the Jade Bone rank. In that case, I will soon become a True God." Chen Xiang was extremely excited. As long as he could become a True God, he would be able to go to the Gods Realm.

Chen Xiang activated the Fire Dragon Sword, allowing it to release even more power, allowing more space to surround him. This way, it would be convenient for him to use the power of space to open up a spatial tunnel.

"First, go back and ask Feng Yujie and see how Father is doing right now. Then, decide whether or not you should go and find Father." Chen Xiang opened the spatial tunnel and left Earth's Core, arriving outside the Divine Feather Holy Nations.

Chen Xiang, who had the Supreme god bone, felt a different kind of powerful force. Previously, the strong power he had came from the powers in the Divine Sense Sea, and it was supported by his soul, Divine Deity and divine power. However, he was prepared to condense a soul spark inside his soul so that he could combine all three of them together and become a True God.

After Chen Xiang entered the Divine Feather Imperial Palace, he found out that Feng Yujie was not there but had gone to the Divine Female Palace.

After inquiring about the people in charge of the Divine Feather Imperial Palace, Chen Xiang finally understood that in this past month, many shrines had descended from the Gods Realm. Many of the big shots in the great powers had all sided with these shrines.

Feng Yujie joined the Divine Female Palace.

"Feng Yujie should be a goddess of the Ninth Heaven, and she also possesses a Supreme god bone, she should be a god as well. If she were to also join the Divine Female Palace, Xianxian and Meng'er's decision to join might be a good one, since they would be very safe inside, and the power of the Divine Female Palace should not be small in the Gods Realm."

Even the God of Fortune had decided to make a move on him. If Xue Xianxian and the others could join a good shrine, it would greatly reduce his worries. Chen Xiang had never thought that he would be able to get his hands on such a strong person.

### [Chapter 1772](#)

The Divine Female Palace occupied a land that was the size of a city, and was surrounded by thick and tall city walls. In the middle, there was a ten story tall wooden tower, and that was the Divine Female Palace, it looked very ordinary on the surface, and did not give off the feeling of a palace. However, the defense of the entire palace was extremely strong, so Chen Xiang could sense the powerful array formation that enveloped the entire city from afar.

At the gate of the city stood two sturdy women in white armor. Their faces were cold and serious, and their auras were also very powerful.

"Men stop." Seeing Chen Xiang coming closer, one of the guards spoke up.

"I'm looking for Feng Yujie. Can you inform him for me?" Chen Xiang replied politely: "I'll just say it's Chen Xiang who is looking for her."

Although Chen Xiang had never been to the Gods Realm, he was already rather famous in the Gods Realm. The matter of Hell Devil Emperor and many other gods in the shrine joining hands to capture Chen Xiang had caused quite a sensation in the Gods Realm, as they had not captured Chen Xiang at that time and had suffered great losses. This matter was still unfathomable to date.

A female guard took out a communication treasure to send the message, and a moment later, Feng Yujie hurried out.

"Come, let's talk somewhere else." Feng Yujie seemed to have a lot of things to say to Chen Xiang.

At first, it was Feng Yujie who brought Chen Xiang flying, but behind, it was Chen Xiang who pulled her, opening a spatial passageway and arrived at the huge cave beneath the You Ming Deep Abyss.

"Where are Xianxian and the rest?" Chen Xiang asked: "I wasn't with you."

Feng Yujie laughed tenderly: "You're so concerned about your wife, don't you want to ask me about it?"

Chen Xiang curled his lips and asked: "What's there to ask? You're so powerful, what can possibly happen to you? Furthermore, you're the Nine Heavens Goddess, and this Nine Heaven World was created by your nine fathers."

"Alright, they're fine. They're all in Divine Female Palace, but they've already decided to join the Divine Female Palace. You don't have any objections, right?" Feng Yujie said.

"No objection." Chen Xiang would definitely not stop him.

"That's right, then what about that Lv Qilian, she shouldn't be joining the Divine Female Palace, right?" Lv Qilian asked. Deep down, Lv Qilian was a very strong woman, he felt that even if the shrine controlled the Nine Heaven World, Lv Qilian would still hold on to his own.

Feng Yujie shook her head: "She didn't join the divine hall. She made a very difficult decision to disband Hundreds of Flowers Palace."

"What? This is impossible." Chen Xiang understood Lv Qilian very well, the Hundreds of Flowers Palace was his root, and she had actually dissolved the Hundreds of Flowers Palace.

"You seem to be very concerned about her. You shouldn't have anything to do with her, right?" Feng Yujie looked at Chen Xiang strangely: "You are more powerful than I thought, even a strong lady like Lv Qilian is secretly related to you. You can't be like me, what powerful abilities do you have, and be specialized in bewitching women?"

"Don't you have something to do with me?" Chen Xiang chuckled.

"Who has anything to do with you? Don't spout nonsense." Feng Yujie scoffed, "Don't worry, I promised that I will definitely help you expel my enticing power within a year."

"I really hope you can't do it. That way, I can, hahaha ..." Chen Xiang laughed sinisterly.

Feng Yujie stomped his foot down, "Don't think too much about it. Even though I don't hate you, and even have a little good impression of you, it's impossible for you and I to be together."

Chen Xiang retreated a few steps, and laughed: "Continue talking about Lv Qilian, what about after she disbanded Hundreds of Flowers Palace."

"After that, she disappeared. The disciples that were originally in Hundreds of Flowers Palace were also accepted by the Divine Female Palace. Only she refused to join them, and she didn't tell us the reason." Feng Yujie shook her head and sighed: "With her talent, she will definitely be able to shine in the Divine Female Palace, and with my support, she can also wield a lot of power in the Divine Female Palace in the future."

Chen Xiang paced back and forth a few steps. He understood very well why Lv Qilian did not join the Divine Female Palace, because Lv Qilian had never been someone who settled down in another force.

Under the current situation, if the Hundreds of Flowers Palace was not attached to a divine hall, he would definitely be annihilated in the end. Lv Qilian was very clear on his current strength, so he had no choice but to make such a decision.

"Only Xianxian, Meng'er, Warm Moon and Jing Jing Jing are joining the Divine Female Palace." Feng Yujie said: "I advised Meiyao and the others, but none of them were willing to join Divine Female Palace."

"What's going on?" Chen Xiang thought that Su Meiyao and the others would join in as well.

"Meiyao, You You and Ziqian left together, and then it was Hong Xia and Ji Ling'er's match. Your two younger sisters, You Lan and Qianxiang's team, in short, many of the women did not join the Divine Female Palace at that time, and some of the women such as Lv Qilian and Little Lizhi from the Hundreds of Flowers Palace chose to leave to travel around."

Chen Xiang frowned, "You Lan and Xiao Xiang, these two troublemakers, are together, now it's really troublesome. After all, Xiang Yue and Qianqian are together as well."

"They are not delicate girls under your care. They need to be tempered. They are also worried that they will implicate you, so they are all using their own methods to strengthen themselves." Feng Yujie sighed: "But they should have chosen to join the Divine Female Palace because that is the safest and best way."

"Oh right, where's Long Xueyi? This guy is not with me, he definitely can't." Chen Xiang said.

"She... She left for the Path of Gods by herself. She said that she needed to quickly enter the Gods Realm, who knows what she was thinking. " Feng Yujie said.

Chen Xiang was stunned, Long Xueyi actually wanted him to go to the Gods Realm.

"And Long Jiu, he disappeared after spending ten days with your master and the others." Feng Yujie said: "You can ask your master and the others. They are all in the Devil-killing Divine Palace now, and as for whether or not they have joined, I am not too sure."

Chen Xiang nodded his head, "And you, when will you bring out your second divine soul? My father is still in the divine tomb."

"Soon, I will have my second divine soul and am about to go to the Gods Realm." Feng Yujie said.

Chen Xiang found it strange that Chen Xiang had suddenly set up a barrier.

"Do you know anything about the Supreme god bone?" Chen Xiang asked mysteriously.

Feng Yujie immediately wrinkled her brows, a look of shock on her face as she promptly nodded her head, "Of course I know, then how did you know. There are less than ten people in the Nine Divine Kings and I that do not know about this."

"Touch me and see if I have Supreme god bone too." Chen Xiang laughed as he rolled up his sleeves. After that, he began to circulate the power that was contained within the bones, causing a faint silver-white glow to emerge from within his flesh.

"Impossible, there's only one set of Supreme god bone, Nine Divine Kings said, only I have them." Feng Yujie looked at the silver glow on Chen Xiang's arms, and shook his head as he muttered.

### [Chapter 1773](#)

The Nine Divine Kings hid a lot of things from Feng Yujie, if not Feng Yujie would not have said such words.

"Do you know where I went this month?"

"Could it be the Nine Heaven Devil Palace? Didn't Long Jiu say that you went to the earth's core?" Although Feng Yujie asked this, he didn't believe it at all. If Chen Xiang really went to the Nine Heaven Devil Palace, even if he could return, he wouldn't return so quickly.

Chen Xiang laughed: "I went to the earth's core, and I found a palace there ... Inside, I saw a large round table made of jade and nine mighty jade chairs ... "

Hearing that, Feng Yujie trembled from head to toe, and shouted in shock: "It's that place, I have been with Nine Divine Kings for many years, but I have only been there a dozen times. If it wasn't for them

telling me to go in, I wouldn't dare to go in, because there was a time when Little Jiu Mei barged in and got scolded."

"Younger Nine Girl is probably Mei Emperor." Chen Xiang asked: "Guess what else I saw inside."

"You saw the Nine Divine Kings." Feng Yujie was not so surprised now, she seemed to have guessed something.

Chen Xiang nodded and then told her everything he had seen in the palace.

After listening, Feng Yujie sighed: "If something like this hadn't happened to Little Jiu, her relationship with me would have been very good. I also know that she would have died a long time ago, and right now, that evil spirit is only wearing her body."

"This evil spirit must have been ordered by someone. Moreover, to be able to place this evil spirit in her body, it definitely isn't an ordinary existence. Do you know who it is?" Chen Xiang asked: "Since I have obtained the Supreme god bone, then I have also received the Nine Divine Kings's favor, thus this matter is now related to me."

Feng Yujie shook her head: "I don't know, unless I can stay in Gods Realm for a period of time, I would have the possibility of finding out. When I was with Nine Divine Kings, I already knew that there were many objections and obstructions in the construction of Nine Heaven World, which was why Little Jiu was attacked."

I was scolded by them, and they rarely scold me in such a strict manner. It's clear that they were worried that I would know about the existence of those people, and he only told me that I should stay alive and well, and not care about all that, let nature take its course. "

Chen Xiang patted Feng Yujie's shoulders and sighed: "When they're talking, they want to live happily as well. They can also be considered your father, and even though they say that, I can understand your feelings, so you definitely don't want to live like this."

Feng Yujie raised his head and looked at Chen Xiang. After looking at Chen Xiang for a moment, he smiled: "That's right, I must avenge Little Jiu."

Chen Xiang laughed: "It seems like the relationship between you two sisters is very deep. Otherwise, with your strength, you would have already taken care of that Mei Emperor."

"I can't do it." A flash of grief passed through Feng Yujie's eyes.

"Then let me do it, you and Nine Divine Kings probably don't want that evil spirit to destroy your little sister's body." Chen Xiang said with a sincere face: "I can go and take care of her now."

Feng Yujie let out a long sigh, and didn't speak for a long time, as if he was considering something.

"Well, you took her. Don't tell me so soon after you kill me. " Feng Yujie thought for a moment and made his decision.

"But she has already gone to the Gods Realm. If you want to kill her, you have to go to the Gods Realm first." Feng Yujie added.

had already made his preparations to go to Gods Realm, but before he left, he had to see some old friends of his.

"I will leave soon. When are you going to Gods Realm?" Chen Xiang asked.

"I need a period of time to make sure that the Divine Female Palace here is functioning properly. As for Xianxian and the others ... You don't have to worry, I promise that when I go to the Gods, I will bring them along and give them the power to pass the Path of God. "

Feng Yujie was a Pill Saint, so he could be at ease.

"If possible, you'd better contact Lv Qilian. She concocted quite a few spirit liquids by herself, and is much more powerful than me, so maybe she can help you copy more Holy level ingredients. You can also help her refine some Holy Elixirs." Chen Xiang said.

Feng Yujie laughed heartily, "What relationship do you have with Lv Qilian? She seems to be cold to you, but from the looks of it, you have a very good relationship with her."

"She's my woman." Chen Xiang curled his lips: "Don't you dare spout nonsense. This is a secret between her and me."

Feng Yujie punched Chen Xiang on the chest: "Good heavens, you are truly loose. Do you and Meiyao faintly know about this? I never thought that such a cold and proud woman like Lv Qilian would be taken care of by you."

"I'm going to see Xianxian, Elder Sister Meng'er and the others. After that, I'm going to take a walk in Devil-killing Divine Palace and prepare to go to Gods Realm." Chen Xiang said.

Inside the gigantic cave beneath the You Ming Deep Abyss, there were some houses that Huang Jintian and the others had built before.

Feng Yujie looked around and also felt that this was a good place.

"Okay, wait for me here."

Just as Feng Yujie was about to leave, Chen Xiang suddenly called out to her. Find the Warm Moon alone first, and don't tell her that I'm looking for her, and don't let Meng'er and Xianxian know either. "

"Why?" She knew that Dongfang Xinyue was Chen Xiang's female slave, but was still a female. Just by thinking about it, she knew why Chen Xiang wanted to do this.

"Scoundrel." Feng Yujie snorted, then floated away.

Chen Xiang had a lot of trust in Feng Yujie. Although she was not told what he wanted, she still followed him.

Arriving at the bottom of the You Ming Deep Abyss and seeing that Chen Xiang was there, Dongfang Xinyue walked over. Frowning, he asked: "Sneaking around, if you want to find me, just say it. If you have anything to say, quickly say it, I still need to go back and help you refine that divine ship."

Chen Xiang suddenly hugged Dongfang Xinyue by his waist, and chuckled: "little maid, of course I want you to serve me."

Dongfang Xinyue struggled for a few moments, then looked at Feng Yujie. She did not expect Feng Yujie to actually do such a thing for Chen Xiang.

Feng Yujie stuck out his tongue, turned and left.

"Are you leaving?" Dongfang Xinyue walked into a room with Chen Xiang holding her head close to Chen Xiang's chest. Her jade hand had already reached into Chen Xiang's clothes, and gently caressed Chen Xiang's chest.

"Yes, before I leave, I must properly serve our master slave." Chen Xiang gently placed Dongfang Xinyue on a clean and soft bed.

"Humph, you have to use all means possible before leaving." Dongfang Xinyue scoffed, and took off the clothes on her body, revealing her beautiful and flawless upper body that was as plump as jade.

Chen Xiang's eyes shone with a brilliant light, greedily and happily admiring the beauty in front of him. At the same time, he fondled her lovingly, unable to let go of her hand, causing Dongfang Xinyue to laugh softly as he shrunk his body from time to time.

Dongfang Xinyue was not willing to lose out, he also took off Chen Xiang's clothes, and used all of his strength to pinch Chen Xiang's sturdy body. Afterwards, the two unreservedly embraced each other, and passionately kissed and caressed. Following a painful cry that was intermixed with various complex emotions, the two of them finally became one ...

#### [Chapter 1774](#)

Standing guard outside the cave, Feng Yujie stomped his feet in anger.

"Am I crazy? To actually help this bastard do such a thing." The more Feng Yujie thought about it, the more he felt that there was something wrong with his head. Not only did he help Chen Xiang call Dongfang Xinyue over alone, and let them enjoy the pleasures of being fish in water, he even helped them keep watch outside.

"This little bastard, he's purposely making such a big commotion so that I can hear him? Doesn't he not know how to casually lay down a barrier?" Feng Yujie had no choice but to turn off his own hearing, otherwise, all of the touching words that Chen Xiang and Dongfang Xinyue had said would have all entered her mind.

Feng Yujie, who was born with the power of seduction, had never been so close to a place where men and women were intimate with each other.

"How long are they going to play? There's no end to it." Feng Yujie waited for more than two hours, but after thinking about it, Chen Xiang and Dongfang Xinyue were not normal people, Chen Xiang possessed the Supreme Being Holy Bone and Dongfang Xinyue had the Vermillion Bird bloodline, the two of them could really do this together without end.

Feng Yujie wanted to leave immediately, but she had yet to get rid of the Tracing mantra on Chen Xiang's body. Furthermore, the Gods Realm was already very close to the Nine Heavens Divine Palace, so Chen Xiang could only continue to guard here.

"That should be enough. Sister Yu Jie is still waiting for us outside." Dongfang Xinyue leaned on Chen Xiang's chest in a soft and gentle voice. They had already trained for two hours, and when they rested, they would also open the windows to look at Feng Yujie outside.

"What's the rush? I'm going to the Gods Realm soon, we'll have to wait a long time before we meet again in the future." Chen Xiang rubbed Dongfang Xinyue's chest and laughed wickedly: "We still need to dual cultivate first, then take a bath and call Meng'er and Xianxian over."

Saying that, Chen Xiang laughed sinisterly.

"You still have to call Xianxian and Meng Er over? No, this is too embarrassing, definitely not." Dongfang Xinyue's face had already turned red.

Dongfang Xinyue wanted to continue speaking, but Chen Xiang had already lifted her up and jumped into a bath, then intensely kissed her in the bath ...

Feng Yujie predicted that Chen Xiang and Dongfang Xinyue would at most live happily here for one to two days. After all, the two of them were very strong, but she never expected Chen Xiang and Dongfang Xinyue to cultivate together, it would take them a lot of time.

Chen Xiang's body and soul were both very strong at the moment. This was the first time Dongfang Xinyue had dual cultivated with her, and he had received great benefits. Furthermore, he could also do such shameful and comfortable things during dual cultivation, causing her to suddenly be unwilling to leave Chen Xiang's side.

"Good elder sister, are you still outside?" Chen Xiang suddenly said to Feng Yujie.

"Is it because the Warm Moon girl can't satisfy you, and wants me to go in and serve you?" Feng Yujie's voice sounded, carrying a trace of resentment.

"I have this thought, but I don't know if you would be willing to ..." To tell you the truth, this is all because of you. Who told your charm to always torture me. " Chen Xiang chuckled.

"Don't even think about it. Finish it quickly." Feng Yujie scoffed.

I'm going to leave very soon. I don't know when I'll meet them in the future, and your seductive powers will continue to torment me. You can't help me get rid of them within a year, so quickly help me call Xianxian and the Elder Sister Meng'er over. Chen Xiang laughed.

Feng Yujie thought about how Chen Xiang had always been tormented by her seductive power, and felt very apologetic. He could only bite the bullet and summon Xue Xianxian and Liu Meng'er over.

Very quickly, Liu Meng'er and Xue Xianxian arrived at the bottom of the You Ming Deep Abyss, Feng Yujie merely allowed them to enter the house.

When the two girls opened the door and saw Chen Xiang and Dongfang Xinyue playing in the bath, they were immediately stunned.

Without a second word, Xue Xianxian threw a punch and a kick towards Chen Xiang at the side of the pool previously, but in the end, it had also turned into a fight, and after being dragged down the bath by

Chen Xiang, he was stripped naked. Even Liu Meng'er who was hiding far away could not avoid it, as he was swept away by the suction force from Chen Xiang.

Feng Yujie was already numb to it, she muttered: "Meiyao and the others have truly left very well, if not ... I can't imagine. "

She thought about how there were many women by Chen Xiang's side. If she were to be with Chen Xiang at this moment, she would definitely go even more crazy.

"This bastard has a conscience after all. He didn't extend his claws towards this naive and innocent girl, Jing Jing." Feng Yujie continued to let his imagination run wild as he waited for Chen Xiang and the others to finish.

After finding out that Chen Xiang was preparing to go to the Gods Realm, Liu Meng'er and Xue Xianxian could only sigh quietly. Previously, they had gotten along with Chen Xiang in the Divine Prison and it was the first time in many years that they had spent so much time together.

At this time, they were also very considerate and good when taking care of Chen Xiang, because they might need a very long time to see him again.

Chen Xiang wasn't doing this all for the sake of being happy with the three girls. At the same time, he was dual cultivating with them, transferring the power of his newly merged Supreme god bone into their bodies through dual cultivation.

When he was training with the three girls, Chen Xiang had consumed a large amount of his vitality, because he had also passed down some of the strange abilities in his body to them. For example, that poison resistance and some of his Fire of Chaos s, although they were very weak, they could still give them a start.

Feng Yujie had been waiting outside for more than ten days. When Chen Xiang and the three women saw his haggard appearance, they rejoiced at his misfortune and at the same time, guessed a few things, because Xue Xianxian, Liu Meng'er and Dongfang Xinyue who walked out with Chen Xiang were extremely spirited at this moment. There were also big changes as well, which showed that Chen Xiang had used some kind of secret method to channel a lot of energy to them.

"You have that kind of bone, there shouldn't be a need for you to act this way, right? What exactly did you do?" Feng Yujie was still very curious about why Chen Xiang had become like this.

"You'll know once you try." Chen Xiang laughed.

"Hmph." Feng Yujie snorted unhappily.

After eating a Dragon Blood Saint Dan, Chen Xiang's complexion gradually recovered. He opened a spatial tunnel and brought Feng Yujie and the others to the forest outside of the City of Goddess.

"Sister Yu Jie, call Jing Jing out. Before Chen Xiang goes to the Gods Realm, play with this little girl. She would like to be able to hang out with you." Dongfang Xinyue laughed.

"We won't be going, we still have to hurry. We just hope that when we get to the Gods Realm, we can hand over that ship to you." Xue Xianxian kissed Chen Xiang's cheeks: "Be careful."

Liu Meng'er also kissed him on the other cheek, "Don't be too stubborn, you still have us to remember."

Feng Yujie, the three women returned to the Divine Female Palace, and then, they called Dongfang Jing out. "Do you want me to accompany you?"

"Yes." Chen Xiang nodded.

Dongfang Jing was very happy that she could go play with Chen Xiang, so when she came out, she was even wearing a light pink dress. At this moment, her innocent and innocent face was brimming with joy.

"Big brother, I've known you for so long, yet you've never brought me out to play. Qianxiang said before that you've brought her out to play before, and you've even eaten a lot of things." Dongfang Jing walked up to Chen Xiang's Frisbee and leaned on his arm.

"Qianxiang, seriously, left with You Lan just like that. These two girls are both crazy brats, wild girls who like to fight." Chen Xiang was still very worried at the moment.

"Brother, don't worry about them, Qianxiang is a new Sword Emperor now, Sister You Lan is also very strong, it's fine." Dongfang Jing laughed: "Let's go look for Lingling, she should be at big sister's place."

Feng Yujie said: "Long Huishan also went onto the Path of God, and she even brought Shen Lingling. I heard that Shen Lingling had hidden problems when she grew up, but never would I have thought that with the help of the Ice Dragon lineage, she would actually become so powerful, and increase by leaps and bounds. Right now, she is going to the Gods Realm with many of the older people from the Ice Dragon bloodline."

"This is not a good thing. Seems like I need to hurry up and go to the Gods Realm." Chen Xiang thought about the Ice Dragon's experience in the Gods Realm and began to worry about the Ice Dragon's bloodline.

"Xue Yi gave the Ice Dragon's Supreme Dragon blood to the Ice Dragon's Lineage. I think it should be fine." Feng Yujie said.

"Lingling is really working hard, he has already passed the Path of Gods. In the future, I need to work hard too, I also want to pass the Path of Gods with my own abilities." Dongfang Jing said with a resolute expression.

Chen Xiang pinched her cheek, and laughed: "It will definitely work if you keep quiet."

Feng Yujie also laughed, "There is nothing to be afraid of on the road to the God Realm now. Since Di Tian has become so powerful, the people training in Di Tian will become much stronger than before. Back then, very few people entered the Gods Realm from the Ninth Heaven.

"Sister Jie, you are also a god, right?" Dongfang Jing asked Feng Yujie with his eyes wide open.

"Yes." Feng Yujie smiled slightly and caressed Dongfang Jing's face, "In the future, I will guide you and make you stronger. You possess the Vermillion Bird's bloodline, so your foundation is extremely good."

Chen Xiang brought Dongfang Jing on a tour around Di Tian's mountains and rivers, and also went to some bustling cities, and even went to some Endless Heaven Realm s. He brought Dongfang Jing and

Feng Yujie to taste all kinds of delicious food, and bought many strange things, to play for close to ten days.

Dongfang Jing was already very satisfied, and did not cry when he bid farewell to Chen Xiang.

Chen Xiang teleported to the vicinity of the Sacred Beasts Ancient Realm. Because the Devil-killing Divine Palace was right here, that group of Gods back then could now oppress the Hell Devil Emperor in broad daylight.

Lv Zhen and the Grandma Lv were both inside the Devil-killing Divine Palace, so the person who had a huge grudge with the Hell Devil Emperor was definitely also here.

Bai Yaowei himself was also a member of the Devil-killing Summit and now he also chose to join the Devil-killing Divine Palace. Huang Jintian, Jiang Sheng, along with his old friends Gu Dongchen, Wu Kaiming, Yun Xiaodao, and the others were all brought here by Huang Jintian.

After Chen Xiang came to the Devil-killing Divine Palace, he drank with these old friends of his for a few days and nights before making an agreement to meet them again in the Gods Realm in the future.

#### [Chapter 1775](#)

It was said that there were two paths to the Spirit Realm in the Gods Realm, the easiest one to reach was the Gods Realm. The path to get there was not going to be tested, but it was equivalent to courting death, so even if the path to reach the Spirit Realm was easier to pass, no one would choose it.

The other path to becoming a deity was in the Divine Realm, which was the holy land of the Continent of the King back then. Currently, that place had already been exposed.

Chen Xiang had gone to that place a few times, but he had never gone deep there. The only time was when he went in with Liu Meng'er, and got the Divine Book.

There, Chen Xiang also had an old friend who was a blue dragon.

Lv Zhen had gone to the God Realm before, he did not succeed in passing through the God Realm Road, but right now, there shouldn't be any problems. However, he still wanted to do some things against the Hell Devil Emperor s in the Di Tian region.

Chen Xiang entered the Spirit Realm, but he did not know of it.

"This guy should have already gone to Gods Realm." Chen Xiang looked at the ruins here, and then walked forward.

The Path of God was a difficult path for many experts back in the day. But now, it had become relatively easy, mainly because the experts now were all relatively strong.

Originally, Chen Xiang wanted to see Hua Xiangyue and Wu Qianqian, but there was no news of them. They were travelling all over, disguised, Nine Heaven World and many other Endless Heaven Realm, it was not easy to find them, he could only give up.

"Xue Yi, this little gluttonous dragon, what kind of madness is this, to go to the Gods Realm alone. What if she doesn't have anything to eat there?"

Chen Xiang was suddenly a little worried about Long Xueyi, she needed to eat a lot of good things to become strong, and she had always relied on him to do so.

Chen Xiang followed Feng Yujie's instructions. After arriving at the God Realm, he ran in the direction of a faint golden light. That place was the location of the God Realm road, the place where he could enter the Gods Realm.

On the way to the Heavenly Mystery Road, Chen Xiang encountered all sorts of naturally formed powerful illusions, and he was able to bypass them all. On the road, he saw many corpses, and all of them died on the road.

Chen Xiang was currently in a boundless desert, on that road which was emitting a faint golden light, giving people the illusion that he was not too far away. On the other hand, Chen Xiang had already been walking for more than ten days, but he still had not seen the so-called road to becoming a god.

"What's going on? If I had known earlier, I would have asked him more carefully. He hasn't arrived yet." Chen Xiang looked around to make sure he did not fall into the array.

He continued to walk in the desert for three more days, which made him feel strange. Along the way, more and more corpses appeared, but he didn't encounter any danger. Most of the corpses were dried up, and the cause of death didn't come from their physical bodies.

"Is that the entrance to the Path of All Gods?" Chen Xiang could already see a pale golden vortex in the sky in front of him, which was a spatial passageway.

Chen Xiang looked at the corpse at the side and frowned: "Could it be that all of these bodies fell out from the Path of God?"

It didn't work. This was the same way death worked, which made Chen Xiang a little worried.

"This Path of God is really dangerous." Chen Xiang looked carefully at a relatively fresh corpse. This corpse's bones were supposed to be very strong, but now they were very weak, and its dried up flesh was the same. It was as if all the strong energy in its body had been sucked out.

Chen Xiang rushed to the entrance of the Path of Divine, observed carefully, then jumped in, and entered the whirlpool.

"It really is a spatial passageway, and it's very unstable." In order to prevent himself from having problems during passage, Chen Xiang used the power of the spatial laws to reinforce the spatial passageway.

Otherwise, a chaotic and tyrannical spatial energy would occasionally appear in this tyrannical spatial passageway. This power was extremely terrifying, and if one could not block it, then if one was lucky, they would be able to leave their corpse outside in the desert.

If one was unlucky, they would most likely be torn into pieces by the powerful energy and scattered around the Path of God.

The spatial energy here was a strong power of law. This kind of power of law maintained the operation of countless dimensions, such as Gods Realm, Nine Heaven World, and so on. It was strong and mysterious.

"This Path of God is indeed difficult to walk on. If I don't control the power of space then I will at least suffer a lot of torture if I want to pass it. This is also a test for humans."

Chen Xiang could be said to be extremely relaxed on the way here, but when he tried to retreat, he discovered that the spatial energy would become even more berserk, and he nearly lost control of it.

"It seems like this Path of God can only be taken forward and not backwards. This is a one-way path." Chen Xiang sighed: "In the future, if you want to return from Gods Realm, it seems that you need to at least have the strength of a Super profound God."

If it was an Empyrean God, it would definitely be very easy for them to return. Those Deities Templar had sent down so many Deities, all sent down by the Empyrean God himself.

Now, Chen Xiang suddenly felt that the Gods Realm's rules were not bad, they could restrain so many gods, if not it would be too easy for the Hell Devil Emperor to come to the Nine Heaven World.

But now, he was actually worried about how long the rules of the Gods Realm would last, and that there were many rules that could be changed, such as when the Nine Heaven World grew up, they would change the rules so that everyone could fly away the Nine Heaven World that was created by the Nine Divine Kings.

"The Nine Heaven World will definitely be stronger than the Gods Realm in the future. Otherwise, the Nine Divine Kings will not be persecuted." Chen Xiang had a premonition that the strength of the Nine Divine Kings was much stronger than the gods, but the reason why none of the nine of them were able to survive was because they had created a Nine Heaven World with unlimited potential.

The Path of Gods was very long, Chen Xiang had never thought that a spatial passageway could actually be this long. In the past, the spatial passageway he opened had always been able to arrive at his destination in an instant.

But this also meant that there was a huge difference in time between the space where Nine Heaven World was located and the space where Gods Realm was located. There might even be a time difference, or there might be a possibility of there being some sort of gap between the two spaces.

Right now, Chen Xiang did not dare to mess around in the spatial tunnel, it would be extremely difficult for the spatial tunnel to be so stable.

"To pass the Path of God by oneself is also a proof of oneself." Chen Xiang thought back to what Xue Xianxian and the others had said to him, that they wanted him to pass through the Path of Gods.

Chen Xiang who was extremely sensitive to space had already sensed that there was an exit in front of him. When he reached the last section of the road, the space became much more stable.

"In front of us is the Gods Realm." Chen Xiang suddenly tensed up: "The Hell Devil Emperor still has the Tracing mantra on me, maybe he already knows that I entered the Path of Gods. If that's the case, then maybe he will send people to guard outside."

Chen Xiang slowed his pace and was thinking about how to safely enter the Gods Realm.

When the Hell Devil Emperor sent someone with blood to the Divine Prison previously, he did not manage to capture Chen Xiang. Now that he found out that Chen Xiang was going to the Gods Realm, the Hell Devil Emperor felt that Chen Xiang had walked into a trap.

"The Hell Devil Emperor will definitely come secretly. If possible, he doesn't want to share the Heavenly Alchemy with others either. He definitely didn't tell the other gods that I have already come to the Gods Realm."

If that was the case, Chen Xiang did not need to worry about too many gods attacking him.

If that's the case, it would be too eye-catching, and would definitely be suspected. Previously, when the God of Fortune cooperated with him, he also channeled a lot of manpower into his body, causing him to lose a lot of profound God s, so the God of Fortune would definitely not let me off.

Thinking that the God of Fortune, who was stronger than even the Hell Devil Emperor, would want to capture him, Chen Xiang felt a lot of pressure right now.

"Looks like I have to leave as soon as I get out. I wonder how the Gods Realm's space is like, with my current strength, how long can I open up a spatial tunnel?"

Chen Xiang had already been secretly operating his energy, but at this time, he was getting closer and closer to the exit.

The moment he stepped out, a bright light pierced him. This was a normal sunlight, but it carried a strong aura of divine force.

"As expected." Chen Xiang only needed a glance to know that there were a lot of strong Warriors hiding around. A few of them even belonged to the profound God.

Chen Xiang had already used his superb transformations, turning himself into a small, old man whose entire body was riddled with wounds.

The people waiting for him here were definitely going to be killed in one strike, so once they identified the person, they would immediately make their move. If it wasn't for Chen Xiang coming, they would have probably missed the opportunity to make their move.

But they had already missed the opportunity. The moment Chen Xiang came to the Gods Realm, the space around him began to fluctuate like water patterns before he even breathed in much air.

The group of assassins had also received a message from the Hell Devil Emperor, saying that Chen Xiang had already appeared in the Gods Realm.

The group of killers had been waiting for a long time, seeing an old man covered in blood, they subconsciously thought that it was not Chen Xiang, so they gave him a very short and precious time.

Just this little bit of Chen Xiang was already enough for Chen Xiang to use his spatial energy to escape this ambush point.

Just as Chen Xiang had guessed, the Hell Devil Emperor only knew that he had entered the path of the gods, and did not know when he would come out.

The Gods Realm's space was much stronger than Di Tian's, so Chen Xiang was unable to travel too far. However, it was still able to help him escape from his most dangerous moment.

Chen Xiang had shuttled to the limit several dozen times consecutively, and was already far away from the exit of the road.

After arriving at the Gods Realm, he had not even seen what the Gods Realm was like before he crazily ran away. Who was resting thought back to the murderous intents from the profound God, he had a lingering fear in his heart.

#### [Chapter 1776](#)

Chen Xiang could not stay in one place for too long, so when he had entered the Gods Realm, he had already made preparations to hide here.

"If I can't get rid of the Tracing mantra, I won't be able to settle down." Chen Xiang only rested for a short while before he used his spatial energy to travel back and forth.

Before, when he was at Di Tian's Devil-killing Divine Palace, he had asked around about the gods there, and found out that there was a relatively safe place in the Gods Realm. For example, the Divine Citys that were established by some shrines all had very strict rules inside, and the majority of them were not allowed to have conflicts inside.

What Chen Xiang needed to do now was to find a Divine City like this, and cultivate inside for a period of time until his spirit was strong enough to break away from the Hell Devil Emperor's Tracing mantra.

Although the Devil-killing Divine Palace was not the strongest Divine Palace in the Gods Realm, it was still relatively strong. Its main target was the Hell Devil Emperor, so Chen Xiang chose to enter this Divine Palace.

The Gods Realm was extremely vast, and just as Lv Zhen had said, it was many times bigger than the Nine Heaven World and the other Endless Heaven Realm combined. It was said that the Gods Realm was growing up on its own every day, and every day it expanded.

Chen Xiang was running around randomly. He just wanted to quickly find a living person and ask him how to get to the nearest Divine City.

He could not run around in the Gods Realm. If he met some powerful God level Beasts here, it would not be a joke, so Chen Xiang would be extremely careful.

More than ten days later, he finally met people by a lake. They were two old men. They were squatting by the lake and staring at the lake intently.

These two old men were both True Gods. Chen Xiang reckoned that they were probably only Demigods or Gods in strength.

Sensing that someone had arrived, the two elders became vigilant. Seeing that it was a young man of later generation and that the aura he revealed was not very strong, they both relaxed a lot.

"Seniors, I am lost. May I ask how can I get to the Divine City?" Chen Xiang asked respectfully.

These two old men looked somewhat similar, Chen Xiang felt that they were brothers.

"The nearby Divine City are very far away, so it's obviously the fastest way to go directly. However, there are a lot of dangerous places blocking the way, so you need a God's Disc to point the way." An old man took out a palm-sized black disk with a golden needle on it.

The old man threw the divine disc to Chen Xiang, and said: "Inject the divine power into it, and you will know the route of the Divine City. My divine disc only has ten odd paths to the Divine City, and the closest ones are also here."

After Chen Xiang expressed his thanks, he poured his God Power into them and immediately the images of ten over Divine City appeared in his mind. They were all surrounded by tall, golden walls, releasing a light as bright as the sun, extremely majestic and shocking.

The closest Divine City was called Tong Tian Divine City, Chen Xiang suspected that this city was very close to the entrance of the Path of God, that's why it was named this way, because there was no shrine inside.

Although he did not have a shrine, he still had the Transmission array. That was enough for him to be teleported to the Devil-killing Divine City.

After Chen Xiang memorized all the routes on the Divine Compass, he returned it back to the old man and thanked him again. Then, he chatted with the others for a while and bid his farewell.

Chen Xiang had originally planned to go to the Tong Tian Divine City, but after thinking about it again, he was worried that there would be an ambush there. Because the Tong Tian Divine City was not inside the Divine Palace, the rules he formulated could not restrict the Hell Devil Emperor.

Therefore, he decided to go to the Divine City s that were a bit further away. The Divine City s were called the Flowing Light Divine City s.

In order to prevent the Hell Devil Emperor from figuring out where he was going, Chen Xiang spent a lot of effort and strolled around. In the end, he went through dozens of spatial jumps in one breath and entered the Flowing Light Divine City.

Chen Xiang did not like this city very much. He quickly found out about the teleportation location here and after a short while, he teleported away using a hundred God Coins.

Devil-killing Divine City was a famous city. When Chen Xiang arrived, he immediately felt that the Divine City was much worse than this place.

No matter the style of the buildings, or the strength of the people inside the city, none of them could be compared with the Sword of Radiance Sect.

At least the Hell Devil Emperor did not dare make a move here, he did not need to worry about being chased and killed by the profound God who were much stronger than him.

"Where the hell did that girl Xue Yi run off to?" Chen Xiang felt that it was boring for him to be alone too. In the past, it was good to have Long Xueyi to chat with him by his side.

Chen Xiang did not have much divine money on him, but the divine money was extremely important here. He had already understood it from the Divine Prison, although he did not have much divine money, he had many things that could be exchanged for divine money, such as his Divine Deity and those sacred pills.

He had two battle God level s, other Divine Deity, and two ordinary Divine Deity with him. Both of them could be exchanged for a large amount of divine money, but he was not too familiar with the Gods Realm, so he did not have any intentions of making a move right now.

"My current physical body is already very strong, I only need to cultivate my soul. It seems that I need to purchase some Holy level ingredients that can help my strong soul refine pills."

Chen Xiang didn't know much about Holy level's medicinal herbs. When he was in Nine Heaven World, he only knew a little, but in Gods Realm, there were a lot of types of Holy level's medicinal herbs, even some Divine Medicines.

In the Gods Realm, there were still four ancient Four Symbols Divine Weapons s, and they were the most powerful ones. Chen Xiang also wanted to find them quickly, but he was currently very weak in the Gods Realm, and he was also affected by the Tracing mantra.

As long as he could get rid of the Tracing mantra, he would be able to start searching for the four ancient Four Symbols Divine Weapons s.

Chen Xiang bought a pearl at a place that was specially used to sell medicinal pellets. Inside the pellet, there was a lot of knowledge related to sacred medicinal pellets.

The price of this pearl was not low either, using up the last bit of's divine money.

After Chen Xiang understood from experience that it was not easy to earn divine money from the Gods Realm, as long as one was not too lazy, one could earn two thousand dollars in a month. However, while earning the divine money, one would also have to spend money on cultivation, such as buying pills to support their cultivation, or hiring people to cultivate the Divine Armor, and also having to spend a lot of money to stay in the Divine City.

In addition, there were also some relatively large expenses. Some low-level True Gods would occasionally rent a sparring field to practice on, in order to increase their combat experience.

In order to travel to other Divine City, one would also need to pay a teleportation fee. Thus, most of the Gods here were relatively poor.

"There are a lot of people who have just entered True God Stage, and most of them will be stuck at the Demigod Stage, followed by the SemiGod Stage. As long as one is not too bad, as long as they can endure for a period of time, they will be able to reach the True God Stage." Most of the people Chen Xiang saw on the road had this kind of strength.

There were also True Gods and Upper True God s, but not many of them existed. Chen Xiang had met a few in the Devil-killing Divine City s, but they were all first-rate places like the medicine shop he went to previously, where profound God was located.

Chen Xiang could only refine low grade Holy Pellets now, but Dragon Blood Saint Dan s with strong bodies would only be worth fifty divine coins here.

To Chen Xiang, this was selling for a bit less, but he knew very well that the low rank Holy level s would grow easily here. Furthermore, the cultivation method of the Gods Realm was very clever, it allowed these ingredients to grow very quickly, and those who needed low rank Holy Pellets would not be very strong, but they would be the poorer kind. Therefore, the low rank Holy Pellets only cost this much.

But a medium-grade saint pill was different. Its price was five to ten times higher than a low-grade saint pill.

### [Chapter 1777](#)

Chen Xiang had not refined a Medial Grade Holy Pellet yet. After all these years, he could only refine a Medial Grade Holy Pellet, so the process would definitely not be easy.

In the Gods Realm, there were many types of low grade Holy Pellets. He felt that it wouldn't be too late to refine all the low grade Holy Pellets.

In order to earn a lot of money by refining pills here, Chen Xiang had to first find a place to stay in the city, then condense spirit liquid, duplicate a large amount of medicinal herbs, and then start refining pills.

If he did not have the Tracing mantra, he would have definitely opened a cave in the forest deep in the mountains, and hid inside the cave to refine pills. That would have saved him a lot of money.

Now, in order to be safe, he could only choose to stay in the Divine City, this way he could peacefully concoct pills without worry. However, in the Divine City, finding a place to stay required a lot of money.

According to what he heard, the Divine City did not sell any residences, they were just renting. The better areas were expensive, the cheaper places were cheap, but the environment was not good, which was also a method for Divine City to amass wealth.

He could buy a house, but the price was too high for an ordinary person to bear.

If he only stayed in the Divine City for a short period of time, he would normally choose to stay at inns or hotels, but Chen Xiang planned to stay for a long time, so he could only find a place to stay. The cost of going to the inns and hotels was too high, and these places were not suitable for refining pills.

"I don't have much money left on me, so I can only temporarily sleep on the streets." Chen Xiang looked at the sky. It was almost dark, and he had just asked around, it was a normal small house, the monthly rent was 2000 gold coins.

Most people only earned two to three thousand dollars per month, so the rent was considered relatively high. Generally, only a few people would rent it together.

"If only I had known earlier, I would have asked the Elder Sister Meng'er and the others to give me some of the Top stone. I can sell them here for a lot of money, which is enough for me to last past the beginning."

Chen Xiang was walking on the street, looking for a good place to spend the night.

Just as Chen Xiang was about to sleep on the streets, he suddenly saw a familiar face in front of him.

"Tai Qiang." Chen Xiang hurriedly transmitted to the middle aged man in front.

When Chen Xiang was in the Divine Prison, although some unpleasant things had happened between him and Tai Qiang, in the end, they still reached an agreement. Moreover, it was only because Tai Qiang had helped that Tai Qiang was able to leave the Divine Prison.

Tai Qiang heard the familiar voice in his mind, and was pleasantly surprised, he never thought that he would meet Chen Xiang again.

"Chen Xiang, it's really you." Tai Qiang still couldn't believe it, he thought that Chen Xiang was in deep trouble, after all, not just anyone could avoid Hell Devil Emperor and the other gods from capturing Chen Xiang.

"Manager Tai, I didn't expect that we would meet so soon." He had now changed his appearance, but according to his sound transmission, Tai Qiang knew where he was.

"It wasn't very fast either. It's been five thousand years." Tai Qiang sighed, he had already arrived by Chen Xiang's side.

Tai Qiang was a Upper True God, and compared to the majority of the people here, his power was not bad.

"I just came to the Gods Realm, when I came, I was chased by a large group of experts, fortunately, I managed to escape quickly." Chen Xiang sighed, he followed behind Tai Qiang.

Tai Qiang said: "No wonder I heard that there were many experts gathered at Divine City's side. So they were there to deal with you."

"Old Tai, do you have a place here? I just came here, so in order to teleport to this Divine City, I used up my last bit of divine money. Can I stay there for a while?"

Chen Xiang was Tai Qiang's benefactor, so Tai Qiang was very willing, and said straightforwardly: "No problem, my place is considered quite big."

Chen Xiang and Tai Qiang chatted along the way. After learning that Tai Qiang had come out of Divine Prison, he came to Devil-killing Divine City, and because Devil-killing Divine City was mainly dealing with Hell Divine Palace, and Tai Qiang seemed to have grudges with Hell Divine Palace, he found a job in Devil-killing Divine City.

Tai Qiang was the strongest under the profound God, so he was currently working in the Devil-killing Divine Palace and was mainly responsible for killing the Evil Demon.

As long as someone provided information and confirmed where the strong Evil Demon was, the Devil-killing Divine Palace would send someone to kill them. Tai Qiang was now the leader of a small team and he could get tens of thousands of God's money every month.

Therefore, Tai Qiang's residence was not bad. In a villa with a mountain and water, a beautiful scenery, and a house that was built halfway up the mountain.

"Old Tai, it's a good life for you." Chen Xiang sat on a comfortable chair, drank a mouthful of the good wine Tai Qiang took out, and praised: "This mansion should be very expensive right?"

I am renting it right now, because everything here belongs to the Devil-killing Divine Palace, and I am a citizen of the Devil-killing Divine Palace, so it was very cheap when I rented it, it costs 2000 God's Coins per month. "

"People like me live in this villa. As long as it's not a holiday, once you receive the notice, you will have to leave immediately. Sometimes, it's also dangerous, and a few days ago, those guys from the mountain beside me went to see the Hell Devil Emperor." Tai Qiang sighed: "This is also a day when one licks blood on a blade, earning money is not easy."

Chen Xiang laughed: "It's easier to earn than in Divine Prison."

"Of course, back then in the Divine Prison, it was hard to earn even a single fortune." Thinking back to how he had wasted so many years in Divine Prison, Tai Qiang sighed.

"Brother Shen, why don't you join the Devil-killing Divine Palace as well. Right now, you have the biggest conflict with the Hell Devil Emperor, and the God of Fortune and the God of Flame are just joining in for the fun of it. Once you join the Devil-killing Divine Palace, the God of Fortune and the Fire God will definitely stop, and as for the Hell Devil Emperor, there's no need to worry.

Chen Xiang had also considered this matter before, but he was worried that after joining the Devil-killing Divine Palace, his freedom would be restricted, and he didn't want to be restricted too much.

saw through Chen Xiang's worries and immediately said: "Actually you don't have to worry, Devil-killing Divine Palace is different from the other shrines, they won't tie you up to death. As long as you don't want to stay in Devil-killing Divine Palace anymore, you can leave anytime you want, but most of the people who enter the Devil-killing Divine Palace will choose to stay behind.

"Of course, if it was you, it would be easy for me to think of it. Devil-killing Heavenly God might even come out to talk with you personally."

If it was really just as Tai Qiang had said, then he wouldn't be restricted too much and could leave at any time. Then, entering the Devil-killing Divine Palace right now was indeed a good choice, and also, he had another goal, and that was to see if the Devil-killing Heavenly God could help him get rid of the Tracing mantra that annoyed him.

The Devil-killing Divine Palace had always given Chen Xiang a good impression, because Lv Zhen was the one who came out of Devil-killing Summit, and his master Huang Jintian was also from Devil-killing Summit. Even Su Meiyao and Bai Youyou had some connections with him, so this Devil-killing Divine Palace gave him a sense of familiarity.

"Alright." Chen Xiang nodded his head: "When you have time, bring me to the Devil-killing Divine Palace, I hope that the matter of me joining the Devil-killing Divine Palace is temporarily kept a secret."

Chen Xiang wanted to join the Devil-killing Divine Palace. Tai Qiang was very happy and laughed: "Now, I will bring you to directly find the head disciple of the Devil-killing Heavenly God. That guy is also my current master."

Even though it was already dark, Tai Qiang was fine with what he said, and still brought Chen Xiang to the giant tower in the middle of Divine City.

In the darkness of the night, this three thousand meter tall giant tower released a silver light, enveloping the entire center of the Divine City in this kind of divine silver light. This was the Devil-killing Divine Palace, a grand and sacred building, and there were even gods in it.

Chen Xiang had already informed his master, who was also the head disciple of Devil-killing Heavenly God. His name was Ren Tianyong, and he was a Super profound God, at the same time he had the qualification to become a Martial Immortal, and was one of the top ten War Gods in Devil-killing Divine Palace. He was very famous in the circle of Martial Immortals in Gods Realm.

This kind of strong War God gave Chen Xiang a feeling that he was full of killing intent and that he was a big man. However, when Chen Xiang saw Ren Tianyong, he was caught off guard.

Ren Tianyong looked very refined, wearing an old robe, holding a fan in his hand, which had a few words written on it. On the fan, it seemed to be written by a lady, although he looked delicate, he was not weak, because he was very tall, although his body was not very tall, but he was not very thin either, very even.

When Ren Tianyong saw Chen Xiang, he smiled faintly, but it did not give off a feeling of superiority.

"It's a wise decision for you to come here. Little Tai told me about your worries. I can guarantee that the things you're worried about will never happen." Ren Tianyong went straight to the point and got straight to the point.

"Since I have joined the Devil-killing Divine Palace, I will follow the rules of the Devil-killing Divine Palace." Chen Xiang nodded, and smiled: "However, I do not wish for Hell Devil Emperor to know that I have joined the Devil-killing Divine Palace at the moment."

Ren Tianyong chuckled, "You have the Tracing mantra and you are also here. Even if you didn't tell him, he would have guessed it already, and we will also help you solve your final wish later on. As long as Hell Devil Emperor isn't a fool, he will be able to think of your choice."

Chen Xiang was ecstatic, this Devil-killing Divine Palace could actually help him unravel the damned Tracing mantra.

"Then what do I have to do now, can be considered as me officially joining the Devil-killing Divine Palace." Chen Xiang had decided to join them temporarily.

"If it's anyone else, we will follow the procedure that the Devil-killing Divine Palace has followed. As for you ... With the exception of us, let the Main Heavenly God come directly. "

Tai Qiang was shocked: "Since Main Heavenly God is here personally, this means that he wants to accept a disciple."

Ren Tianyong laughed: "That's not true, I heard that it's an exception ... Main Heavenly God knows that Chen Xiang doesn't want to become his disciple anymore, so he didn't have that thought. He did it to stop the God of Fortune, Fire God and the other God from staring at Chen Xiang. "

[Chapter 1778](#)

Chen Xiang followed Ren Tianyong to the top of the Devil-killing Divine Palace. He did not know how many floors there were, but this place was not the top, but it was a huge and empty circular plaza.

"You just need to sit in the middle. Next up, my master will help you complete the ceremony to enter the palace, and also help you remove the Tracing mantra."

After Ren Tianyong finished speaking, he left through a stone door.

Chen Xiang sat down in the middle of the hall and relaxed his mind. Not long later, the Spirit grains in all directions started to light up.

"Relax, don't resist, otherwise you will suffer." An aged voice came from inside Chen Xiang's mind. This was the voice of the Devil-killing Heavenly God.

"Understood." Chen Xiang immediately relaxed his body. Not long later, he felt a mark appearing on his Divine Deity.

"Yi, your physical body is very strange, very powerful. With your current cultivation, you shouldn't have such a powerful physical body."

Devil-killing Heavenly God's voice sounded in Chen Xiang's mind.

"Main Heavenly God, this is my secret, I hope that you help me keep it a secret and not leak it out." Chen Xiang said.

Devil-killing Heavenly God was very easy to talk to and immediately agreed.

"Relax, I won't say anything. I'm just curious, the reason your body is like this is because of the Supreme god bone. Only the Nine Divine Kings can create something like this, but it's said that only the Nine Heavens Goddess has a Supreme god bone." The Devil-killing Heavenly God said, "Back then, there was another reason why the Hell Devil Emperor destroyed Di Tian: he wanted to capture the Nine Heavens Goddess and seize the Supreme god bone. Now, it's actually with you."

Chen Xiang remembered that Feng Yujie had said it before, that she was the only one who knew about this Supreme god bone.

"I got this unexpectedly, not the Nine Heavens Goddess." Chen Xiang asked: "Other than strengthening the body, does the Supreme god bone have any other uses?"

"You must have this to become the God King, and your Supreme god bone is not the strongest type, you still need to grow, but this can help you avoid working so hard to cultivate this Supreme god bone in the future." Devil-killing Heavenly God sighed: "This is something that we gods have always wanted to cultivate."

"Main Heavenly God, do you know why Nine Divine Kings disappeared so mysteriously all those years ago?" Chen Xiang asked.

"I am not too sure. At that time, although I was already a god, I did not know much about it. The Nine Divine Kings was also my most respected expert, unless you can find another God King, they would probably know a lot about what happened back then." Main Heavenly God said: "For all these years, I have been focused on dealing with Hell Devil Emperor. Once Hell Devil Emperor's scheme succeeds, a

great disaster will befall Gods Realm. It is true that god like us will not be a big deal, but other people will not know."

Following that, Devil-killing Heavenly God told Chen Xiang to continue relaxing his body and help him get rid of the Tracing mantra. It took him a full ten days, showing just how stubborn the Tracing mantra was.

"Even though you don't have the Tracing mantra on you, you still have to be careful, because the Hell Devil Emperor or other gods might still be able to get something like that from you." Devil-killing Heavenly God said, "This Tracing mantra is still the weaker kind. If it was made by a god who specializes in cursing divine arts, even I would have a hard time deciphering it."

"Is there any way to guard against it?" Chen Xiang could not help but be worried.

"Unless you possess the strength of a profound God, it will be hard to guard against you. What I told you to be careful of, is that once you discover that you are down on the Tracing mantra, you need to pay attention to one thing." Devil-killing Heavenly God said: "Since Hell Devil Emperor has spent so much effort on you, I feel that he won't let this go easily."

Although there was still the possibility of being trapped in the Tracing mantra, Chen Xiang was still relatively happy. As long as he had a bit of time, and could become profound God, he wouldn't have to worry about him anymore.

"Will I bring you guys trouble if I join the Devil-killing Divine Palace?" Chen Xiang was also a little worried about this.

Devil-killing Heavenly God laughed a few times: "I am actually worried that you will join Devil-killing Divine Palace. In the future, you will encounter even more troubles, and the thing that our Devil-killing Divine Palace is least afraid of is trouble. We have been fighting against Hell Devil Emperor for so many years, so there is no need to be afraid of him."

Chen Xiang did not see Devil-killing Heavenly God, but being able to communicate with him was considered good, because Devil-killing Heavenly God was currently training, so he could only share a part of his consciousness.

Walking out of the building, Ren Tianyong immediately welcomed him with a smile and gave him a jade token and a Storage bag.

"From now on, we are on the same side. If you need anything, just say so." Ren Tianyong patted Chen Xiang's shoulder.

Just as Ren Tianyong wanted to say something, he frowned and anxiously took out a jade tablet. Someone was sending a message to him.

"A powerful demon god has appeared. I'll go deal with him first. We'll talk another day." After Ren Tianyong finished speaking, he quickly left.

In the past few days, Tai Qiang had been here all along and he had been waiting for Chen Xiang to come out. When he saw Chen Xiang, he chuckled and said, "Brother Shen, your freedom is much higher than ours, so what plans do you have for us? If you have nothing else to do, you should just join my team."

Chen Xiang thought for a while, "No problem."

Chen Xiang followed Tai Qiang to an old man in the divine hall to register and join Tai Qiang's team. The old man in charge of registration had obviously found out that Chen Xiang was a new member of the Devil-killing Divine Palace.

"This little brother, even if you join Tai Qiang's party, you'll still be paid a thousand divine coins every month. Because you're more free, you don't have any objections right?" The old man asked with a smile.

"Nope." Chen Xiang did not rely on working here to earn money, it was too slow for him. He was only temporarily together with Tai Qiang, and also wanted to get to know Gods Realm.

Chen Xiang not only only only had a thousand dollars per month, he also didn't have a place to stay.

"Old Tai, how many people are in your team?" Chen Xiang asked: "If I join your team, would I drag you down?"

Now that he had a place to settle down, Chen Xiang was not in a hurry to refine pills to earn some money. Furthermore, the Tracing mantra had already been removed, he planned to relax for a while and then draw up a map to look for the Four Symbols Divine Weapons.

"Including you, we already have three people." Tai Qiang laughed: "Previously, we only had two."

Chen Xiang thought that Tai Qiang's group had eight members, he didn't think that it would only be two people.

"Don't underestimate my team. Although there were only two of us previously, our results were still pretty good. Our completion rate is very high, and we are ranked in the top fifty of the entire Devil-killing Divine Palace." Tai Qiang said proudly.

#### [Chapter 1779](#)

Tai Qiang's group only had two people, and judging from his tone, being able to get this rank seemed to be an extremely amazing thing. It could be seen that his partner's strength was not bad.

"In the Devil-killing Divine Palace, how many teams like yours are generally formed?" Now that Chen Xiang no longer had the Tracing mantra, he wanted to follow him around everywhere and carry out the missions distributed to them.

"There are a total of more than three hundred teams with the most people, and all of them are in the top ten, basically having dozens of people in a single team. That's a large team, and they carry out very dangerous missions. Tai Qiang said.

Ren Tianyong actually had a team. As the strongest War God in the Devil-killing Divine Palace, it was normal for the team he led to be the strongest.

"Let's go, I'll bring you to meet my partner right now. We've only been on the same team for a few months, so our results are very good because of our good cooperation." Tai Qiang smiled and said: "In the past, when I just joined the Devil-killing Divine Palace, I was also part of a party with another person.

Tai Qiang brought Chen Xiang to wander around the Villa, and arrived at a relatively old building. Outside, he shouted: "Brat, our team has a new member."

Just as Tai Qiang was about to open the door and enter, he heard a dissatisfied voice sound out from inside: "Our team can't let other people join as they please. They have to at least pass my test."

Chen Xiang frowned, because this voice was a little familiar, very similar to someone he knew, but a little different.

After opening the door, Chen Xiang saw a somewhat tanned bald man standing at the door. He was very tall and his body was very uniform.

"Xiao Chou." Chen Xiang shouted in shock, the bald man in front of him was his disciple, it was just that at that time, he was a young lady, and now he had grown up, and his appearance had not changed much.

"Who are you? Do we know each other?" Because Chen Xiang was still disguised, Xiao Chou could not recognize him.

Tai Qiang could tell that Chen Xiang recognized him with a glance, because he did not tell Chen Xiang his name, yet Chen Xiang actually knew his name.

What happened next made Tai Qiang's heart jump, was that Chen Xiang actually jumped up, and fiercely patted on Xiao Chou's head.

Slap! With a crisp smack, Tai Qiang was stunned. He couldn't understand why Chen Xiang did such an abnormal action. If he patted someone's head when he had nothing to do, other than Chen Xiang having a cheap hand, Tai Qiang couldn't think of any other reason.

Just as Xiao Chou was about to explode in anger, he saw that the person in front of him had a very familiar smile, and that look in his eyes. He immediately recalled that ever since he was young, there were only a few people who dared to hit his head like that, and that Chen Xiang was one of them.

"You bastard, you actually came to Gods Realm so early." Chen Xiang laughed as he spoke, and even reached out to touch Xiao Chou's head.

"Master, it's really you." Not only was Xiao Chou not angry, he was instead overjoyed and struck Chen Xiang with his fist: "You irresponsible master, how many years have you left me behind?"

Chen Xiang laughed, "But you are still growing up quickly. Xiao Dao and the others, aren't they with you?"

"These fellows are too slow, they can't keep up with my tempo. I am the most outstanding person in Great Strength Race all these years, and I possess the purest bloodline and inheritance of the Herculean God. They can't compare to me." Xiao Chou laughed complacently: "I didn't think that you would know Tai Tou too, Master. This guy actually didn't mention anything about you to me."

Tai Qiang laughed: "Didn't you say that your master was Chen Xiang?"

Because Chen Xiang was also a relatively sensitive person in the Gods Realm, both Tai Qiang and Xiao Chou would not mention him.

"You two fellows should be afraid of knowing me and causing trouble for you two, that's why you did not say anything, right?" Chen Xiang scolded.

"That's great, you guys are all in our team now. We might be able to push the rankings even further forward."

Xiao Chou was from the Great Strength Race, so his growth rate had always been astonishing, and now, he was leading the way for many people entering the Gods Realm. Chen Xiang was still a little surprised, for just a moment ago, Xiao Chou said that he had the bloodline of the Herculean God, which made him even more surprised.

Xiao Chou brought Chen Xiang and to his house and brought out many good things to entertain them, at the same time, he wanted to discuss his plans for the future.

"What's up with this team's ranking, could it be that ranking is very important?" Chen Xiang had just joined the Devil-killing Divine Palace, so he didn't really understand much about this place.

"Of course it's important. As long as we can get one of the top rankings, the amount of God's money we receive every month will double, and the difficulty of the missions we receive will be even higher." Tai Qiang said.

"Then what is the ranking?" Chen Xiang asked again.

According to the points, the more missions we complete, the higher the points we get, and the harder the missions, the more points we will have. According to the points, the more missions we finish, the higher the points we get, and the harder the missions we will have. Tai Qiang said.

Xiao Chou laughed heartily: "You underestimate my master. With him here, the top ten shouldn't be a problem, maybe we are the only team that don't have a wargod. And it's only three people, yet can squeeze into the top ten."

Tai Qiang took a deep breath, "If they can enter the top ten, the team can get three middle grade Divine Equipment. The worst middle grade Divine Equipment would cost several millions in divine money."

"Isn't it so? I'm still using the worst Inferior Grade God Equipment and a stall with tens of thousands of gold coins." Xiao Chou took out a spear.

Tai Qiang also took out his own Divine Weapon, it was a huge pair of scissors. "This one is much worse than yours, it's only worth thirty thousand God's Coins."

Chen Xiang curled his lips and said, "When I was in Di Tian, my Green dragon demon-slain broadsword were at the peak of existence. Even here, they couldn't compare to you guys."

Chen Xiang took out Green dragon demon-slain broadsword and Suzaku bow.

"It should be worth tens of thousands of dollars." Tai Qiang picked it up and looked at it: "Only those who enter the top ten will receive rewards, let's work hard."

Xiao Chou laughed: "Master, you are so good at refining pills, staying here for eight or ten years, you can easily buy a set of middle grade Divine Equipment."

Chen Xiang had the thought of refining pills to earn some money, but his goal was not to buy Divine Weapons, he just wanted to find the ancient Four Symbols Divine Weapons.

"Then let's move out now. We don't need to rest, we can just go and find a mission." Xiao Chou said: "Right now, we are already group 50. We do not need to wait for them to be allocated, we can directly go and claim them."

In order to obtain the divine mid grade divine tool that he dreamed of, Xiao Chou and Tai Qiang were both filled with motivation.

Chen Xiang followed behind them and arrived at the top of the Devil-killing Divine Palace. Chen Xiang counted: The floor they were on should be level 20.

There were many people here, and also many profound God s.

Back then, when Chen Xiang was in the Divine Prison, the Azure Dragon had said that after the profound God carried out the examination, he would receive a silver divine tablet with the word "profound God" written on it.

"Why are there so many people? What happened?" When Xiao Chou saw twenty or thirty Inferior profound God here, he did not dare to be so arrogant. After all, he was just a small True God.

"Super profound God." Chen Xiang suddenly saw a skinny man. He was wearing a silver mask with two hands behind his back and a silver divine badge hanging from his waist. There was a "Upper" written beside the profound God.

"Second senior brother ..."

"Second teacher..."

The group of people immediately started greeting the Second Senior Brother. profound God would usually call this person Second Senior Brother, and the others would call him Second Uncle. He should be the Second Disciple of Devil-killing Heavenly God.

Before, Ren Tianyong and this Second Senior Brother should be the stronger disciples of the Devil-killing Heavenly God, but they were not god's disciples. As for the outstanding disciples of the God of Fortune, they were already gods' disciples.

They were all disciples of the Devil-killing Heavenly God, and one of them was a woman who was called Ninth Martial Uncle by many disciples. The other disciples would call her Ninth Junior Sister, who was the most eye-catching, because she was the only female Super profound God here, and who was she followed by other lower profound God.

Chen Xiang secretly counted, there were more than fifty profound God here, the power of this Devil-killing Divine Palace was still very strong.

"Ten, how many times have I said this? You have to keep your wargod badge" At that moment, a large person who looked simple and honest walked in. When he heard the second senior brother's words, he hastily put away the bloody jade token on his waist.

Chen Xiang looked at it and saw the word war god written on it, and there were three words on the side.

"This guy, he's actually a level three wargod. The last time I saw him, he was only at the second stage. He grew so fast." Old Seven said.

"Tsk, Ninth Junior Martial Sister is amazing. She's already a Fourth Stage Martial Immortal. If we old guys were a bit slower, we would've been caught by the younger generation. You guys shouldn't be slacking off." The one who spoke was a fatty with a face full of smiles, many people had serious expressions, but he laughed, this fatty was just called number five by someone, he was Devil-killing Heavenly God's fifth disciple.

Previously, Tai Qiang had mentioned to him that there were ten great wargods in the Devil-killing Divine Palace. They should all be the ten disciples of the Devil-killing Heavenly God, and the strongest one among them was Ren Tianyong.

"Everyone is quiet. Let's get down to business." Second senior brother stood in front and floated in the air so that everyone could see him clearly.

At this moment, there were more than two hundred people gathered on this floor, and the strongest was undoubtedly this Second Senior Brother. The other people were the captains of the small teams, who had received the message just now from Tai Qiang to gather here quickly.

This group of demons are not the product of our Gods Realm, they should be from some other place. They are rather strong, and it is said that they have the Heavenly Demon Kings of the Heavenly God level, our mission this time is to completely block them, so that the Divine City has enough time to prepare our defenses, so as to prevent them from being captured by the Divine City.

To think that it was to prevent the Divine City from being captured, the crowd went into an uproar.

#### [Chapter 1780](#)

"Second brother, are you sick? Our Divine City is about to be captured, in my memory, we never encountered such a thing. If those demons are so powerful, then the all divine palaces must have sent people over." The smiling Fifth Brother said.

"This matter is related to the Hell Devil Emperor. According to the rules of the all divine palaces, before the Divine City is threatened, the all divine palaces will not intervene. I never said that the Divine City would be captured. Second Senior Martial Brother said, 'If we can get rid of the powerful monsters, we will definitely have points. We won't be able to kill the small ones, but we still have to kill the small ones. Master said that if the monsters reach the city walls, we will deduct all the points.'"

"How can this be? How can we take back the spilled water?"

"That's right, Main Heavenly God can't be like this."

"I've already used up all my divine money, he won't be able to take it back."

Everyone began to complain.

Didn't I say just now that the precondition to withdrawing is that we can't let the demons get below the city walls? As long as you guys don't laze around, there's no problem with it, it hasn't even started, you already think you can't do it. If Eldest Senior can hear it, then you will definitely lose your points.

The one who spoke was the Ninth Junior Sister. After being reprimanded by her, everyone shut up.

Chen Xiang felt that this Devil-killing Divine Palace was rather united, and the strong warriors weren't strict with their words, so they spoke in a friendly manner.

"Second Martial Uncle, can you give us some information about those monsters? This is beneficial for us to fight." Chen Xiang asked, although he did not acknowledge anyone as his master, but seeing that others called them that, he called them that too.

Chen Xiang had joined the Devil-killing Divine Palace. The other War Gods of the Devil-killing Divine Palace did not know, and not many people knew either. It was clear that the Devil-killing Heavenly God was intentionally hiding this from them.

"For the time being, we don't have any information on him. If you can collect it then you can just pass it on to the Third Elder and have him pass it on to everyone." The second senior brother thought for a moment and said, "We're ready to go. We're directly in front of the city gate. We can see dozens of huge spatial rifts. The demons came out from inside."

Everyone immediately dispersed. Chen Xiang's group wasn't in a hurry, allowing the ten great squads to take the lead was something the other team leaders agreed on.

"Did this Hell Devil Emperor come up with all this to vent his dissatisfaction?" Chen Xiang kept feeling that it was because of him that the Hell Devil Emperor had done this to the Devil-killing Divine Palace.

The captains of the top ten squads were all disciples of the Devil-killing Heavenly God s. These squads had dozens of people, and each of them had several profound God s within them.

I heard that the current Ten Great War Gods in the Devil-killing Divine Palace are only the third batch of disciples in the Devil-killing Heavenly God, and the strongest is the first batch of disciples. There are also ten of them, but their whereabouts are unknown, and the second batch has always been in the Devil-killing Divine Palace. Tai Qiang whispered into Chen Xiang's ears: "Devil-killing Divine Palace is not that weak."

The doubt in Chen Xiang's heart was dispelled because the God of Fortune's prized disciples were all gods, and the Devil-killing Heavenly God s were considered strong in the Gods Realm, so it was impossible for the disciples to be on the profound God level. So the current ten disciples were actually on the third batch.

Although there were only a thousand of them that had left the Devil-killing Divine City, their overall strength was extremely terrifying. Walking on the streets, they scared many people, especially the nine war gods in front, whose aura alone was enough to scare them.

"Master, with your current identity, it's best not to reveal it. Wait a moment, don't use the Green dragon demon-slain broadsword either." Xiao Chou whispered to Chen Xiang.

Chen Xiang nodded.

"Then do you have a good weapon?" Xiao Chou asked.

"No, I don't need you right now. If I can't do it, you will still be here." Chen Xiang, on the other hand, was not nervous.

He had just joined the Devil-killing Divine Palace and Chen Xiang had not yet learned the Devil-killing Divine Palace's techniques. Furthermore, he was not a True God yet, so Xiao Chou was a little worried.

Chen Xiang possessed the Supreme god bone, so he was very confident in his own strength. Furthermore, he also had the spatial energy and the Heavenly Alchemy.

When everyone left the city gate, they sprinted for more than two hours, and then saw several black cracks in the sky in front of them, one after another, large and small monsters of all shapes and sizes kept coming out. There were many different colors, and they all had a common characteristic, which was that they were very ugly, and they all oozed out some stinky mucus, the biggest was like a huge mountain, and the smallest was flying in a group like a swarm of locusts.

These monsters were all gathered together and didn't attack immediately. They were waiting for the number to be sufficient before attacking.

"What world is this from?" It was not the first time that Chen Xiang had encountered such a scene. In the past, he had also encountered many Demonic Beasts, but now, he was much stronger.

"Some of the deformed worlds were formed naturally, while those worlds were tainted by the power of evil, resulting in the development of this kind of demon. Their consciousness was filled with brutality and slaughter, this isn't the first time Devil-killing Divine Palace encountered this kind of thing, moreover, the original intent of the Devil-killing Divine Palace was to deal with this kind of thing." When Tai Qiang saw this, he also frowned, "Because only the Infernal Realm has such a strong evil power, so Main Heavenly God has always suspected that it was the Hell Devil Emperor who did it."

"It's very likely that the Hell Devil Emperor is conducting some sort of experiment. He wants to nurture a large number of powerful demons and monsters so that he can obtain even more power."

At this time, Ren Tianyong's voice suddenly came out.

Everyone, pay attention, if it is not profound God, do not go against the monsters that are condensed at the top of your head. Especially those that are crystal bright, those demons are all very strong.

Everyone immediately searched for monsters that had condensed crystals on their foreheads, looking for those Ren Tianyong mentioned.

With just a quick glance, everyone was shocked. This was because there were quite a few of these demons.

The heads of the demons and monsters were all places with eyes. Although there were a dozen or so eyes, they were still able to see where the heads were, making it easy for the monsters with crystals on their heads to see through them. The monsters with gems seemed to be close to their eyes, which was what Ren Tianyong warned them to do.

"I am a middle True God, Old Tai is a Upper True God, Master ..." Even though you are not a True God yet, you have many evil methods, if we add them all up, you can barely match up to a lower profound God, and you should be able to fight against a monster that has condensed crystals. " Xiao Chou said.

Chen Xiang and Tai Qiang also wanted to try and kill those strong demons, but Chen Xiang was more concerned with those condensed crystals.
