

Dan God 1821

[Chapter 1821](#)

The originally furious Fire God had calmed down because they were in the wrong and had their evidence tightly seized. The divine hall gods here all knew the Penalty Heavenly God's temperament, if the Penalty Heavenly God were to investigate, then even the divine hall gods would suffer, not to mention the divine hall gods that were imprisoned in the Divine Prison s.

Penalty Heavenly God and Devil-killing Heavenly God were walking in front, leading Ren Tianyong's group of exhausted disciples towards the highest level of the Devil-killing Divine Palace. Devil-killing Heavenly God seemed to be indifferent to the reward of first place, as if he knew what the reward was.

Walking on the road, Wang Jinshi said to Chen Xiang, "What happened just now, when did you learn how to use the God Murdering Sword Techniques? You are learning it too quickly, right?

"I don't know either. In short, I used it in a moment of desperation." Chen Xiang responded. He was also extremely shocked by that sword strike, because the effect had already exceeded his expectations. If he still wanted to use it now, it might not be possible to perfectly unleash it.

Wang Jinshi continued to send a sound transmission to Chen Xiang, and she was unable to understand Chen Xiang's words, "How could you not know, I understand the God Murdering Sword Techniques the best?

Chen Xiang also felt that it was very strange, at this time, he suddenly remembered that he could unleash an extremely powerful sword technique just because of the sword, and that it was all because of the Divine Deity.

The Divine Deity that the White Tiger used to create Killing-god heart was still very mysterious to this day. Although he had asked Feng Yujie before, Feng Yujie still could not say that the Heavenly Alchemy came from that Divine Deity.

was a little worried, previously, Qi Shi had already told him that he had completed refining the Divine Deity, but now that the Divine Deity was able to produce such power, allowing him to suddenly unleash the powerful God Murdering Sword Techniques, it seemed like a good thing, but if he did not know what was going on, in Chen Xiang's eyes, it was a hidden threat.

"Could it be that within the Divine Deity, there is still the God Murdering Sword Techniques? Who exactly is the owner of the Divine Deity, to actually cultivate two types of Taboo magic at the same time?" Chen Xiang felt that he needed to understand this matter clearly. Otherwise, the first Divine Deity he had fused with would be a hidden danger that could even destroy him.

"We'll talk about it in the future, but I still have to thank you. If you didn't act just now, I would have been exposed. At that time, I might even drag out my Sword God father's story." Wang Jinshi was extremely grateful to Chen Xiang.

"Hehe, no need to thank me. Anyway, I'm already used to this kind of thing." Chen Xiang didn't feel anything, and now, the time to start the war with the Hell Divine Palace was getting closer and closer. Previously, the Devil-killing Heavenly God had already declared war on him twice, and it wouldn't be long before he declared war on him thrice.

Chen Xiang and the others arrived at the highest level. There was nothing here other than an empty, huge stone room. There was also a huge skylight window.

"What's the reward?" The fat fifth looked around, there was nothing, this reward was not what he expected.

Devil-killing Heavenly God suddenly became serious and said: "You may not be able to accept this reward, and at that time you may choose not to accept it."

Seeing the faces of the disciples filled with disdain, the Devil-killing Heavenly God said in a stern voice: "All of you listen carefully, the outside world rumors say that there are ten disciples in the first batch, and all of the four of you see now are the youngest disciples. The other six are all dead, and because of this reward, the strength of the six disciples is similar to mine, but ..."

"They... Father, didn't you say that they went out to train and went to the Super God Restricted Area? They were carrying out your mission there, and they are much stronger than us, so how could they possibly die?" Zu Chao looked as if he had been struck by lightning. They were all junior brothers and junior sisters.

Devil-killing Heavenly God let out a long sigh. "The four of you are the second batch. They are only the first batch.

Penalty Heavenly God patted Devil-killing Heavenly God on the shoulder: "My sons have also gone to do the same. It seems like young people have more courage than us."

Seeing Penalty Heavenly God's lonely and sorrowful appearance, Ren Tianyong and the others were even more shocked. The sons of Penalty Heavenly God were definitely very strong, but they had never heard of them.

"The first prize is to send us to our deaths." Xiao Chou suddenly clenched his fists, and became excited: "I understand, that must be some kind of test."

The Penalty Heavenly God stared at Xiao Chou, "That's right, do you know why the Gods Realm didn't have the Hall of Hercules?"

Wang Jinshi suddenly said in a low voice: "Could it be the Supreme Divine Palace's training exercise?"

Regarding the Supreme Divine Palace, Zu Chao and the others had all heard about it, probably only Xiao Chou did not have it.

The Penalty Heavenly God nodded his head: "You all have a chance to enter the Supreme Divine Palace, but you have to pass the trial. If you fail, you all will die."

Devil-killing Heavenly God turned around with his back facing Chen Xiang and the others, "If you guys were to go with your current strength, honestly speaking, you would definitely be courting death. Last time, the ones going to the competition would be the divine hall disciples that were in the top ten.

"So you guys have to consider this carefully, there is only this one chance, otherwise, if you want to enter the Supreme Divine Palace in the future, it will be difficult for you to have the chance."

Xiao Chou asked: "Why do you want to enter this Supreme Divine Palace? I don't understand, could it be that after entering, you become very strong?"

The Penalty Heavenly God said, "The Supreme Divine Palace is also known as the Supreme God Hall, and only by entering the Supreme Divine Palace can one become a god. As for why, I'm not too sure, but in these past few years, no matter how hard we've tried, we have been unable to become a god.

"I'm not going." Wang Jinshi immediately shook her head, and looked at Chen Xiang. Looking at her eyes, she did not wish for Chen Xiang to go, and she knew that Chen Xiang had the Supreme god bone, Chen Xiang definitely had this thought, because he would be able to quickly become a strong warrior after entering the Supreme Divine Palace.

Even such powerful gods would die if they were to go, let alone profound Gods who had yet to become gods, so Ren Tianyong and the others immediately expressed their intentions and did not plan to do anything. This was because they were only profound Gods now.

Right now, everyone looked at Zu Chao and his wife. They had already discussed about it through sound transmission and shook their heads, just now, they had seen Penalty Heavenly God and his son feeling sad because of losing their disciples, so they did not plan to go anymore.

Other than Chen Xiang and Xiao Chou, he had already decided to not go.

"I'll go." Chen Xiang and Xiao Chou suddenly shouted.

"No." Xiao Chou possessed the Titan God's bloodline, while Chen Xiang had trained in the Heavenly Alchemy and God Murdering Sword Techniques, both of them were good seedlings, if they were to go, there was no possibility of survival. Although Chen Xiang possessed the Supreme god bone, his current strength was too lacking.

Xiao Chou curled his lips: "I still thought that we could make our own decisions."

Chen Xiang said with a resolute expression: "We want to give it a try."

"You are trying with your life, you must not go." Devil-killing Heavenly God glared at Chen Xiang.

Just as Devil-killing Heavenly God finished this sentence, the entire all divine palaces suddenly shook. The Penalty Heavenly God frowned and said softly: "Devil Slayer, if Supreme Divine Palace knows that you have stopped my disciple from going there to train, you should be well aware of the consequences."

Devil-killing Heavenly God snorted, his face full of anger. He did not expect that Chen Xiang and Xiao Chou, the two weakest among them, would actually decide to go to that kind of place.

Penalty Heavenly God took out two golden colored insignia and handed it over to Chen Xiang and Xiao Chou: "You two should drip blood, after that, the trial will begin. If you two are unable to go to the trial grounds within ten years, you will die."

Xiao Chou smiled as he received the order badge. He immediately dripped with blood and chuckled, "There are still ten years. That is enough time."

There were still ten years. In the eyes of these god who had lived for many years, it was just a blink of an eye, but it was enough time for Chen Xiang to make preparations to challenge the Supreme Divine Palace for his trial.

After Chen Xiang dripped blood on the golden order badge, he would be able to use his consciousness to look at the map inside it. He and Xiao Chou were going to go to the training field within ten years.

"Your training field is not the same. Don't think that you can join hands. When the time comes, you will have no one to rely on and you can only charge in by yourself." The Devil-killing Heavenly God said.

Xiao Chou gave an "ah" look, his face full of disappointment. He had thought that he could go with Chen Xiang.

"Hai, the first place reward is too boring." Originally, he thought that he could get something good.

Yuan Baibing laughed, "No wonder Master wants to bet with the God of Fortune. So it turns out that first place is simply not going to get anything good."

"Don't be happy too early, we still need to fight with the Hell Divine Palace. We don't have much time left, quickly go back and rest." Devil-killing Heavenly God glanced at Ren Tianyong and the others.

"Yes." Chen Xiang and the others answered in unison.

After returning to the Devil-killing Divine City, the disciples there had already made preparations to attack the Hell Divine Palace at any time. This time, they would be able to obtain first place and increase the morale of the Devil-killing Divine Palace.

Chen Xiang and Wang Jinshi were called to his floor by the Devil-killing Heavenly God, wanting to talk to them alone. Obviously, they wanted to talk about killing Huo Liao and Huo Lie.

The most important thing was the God Murdering Sword Techniques, Chen Xiang was more worried about it, he was worried that the Devil-killing Heavenly God would force him to tell them that the God Murdering Sword Techniques was something that Wang Jinshi had taught him.

Wang Jinshi and Chen Xiang fearfully sat in the living room of the Devil-killing Heavenly God. The Devil-killing Heavenly God put on a set of grey robes and slowly walked out to sit at the leader's seat.

"You all ... This time, he performed very well. He was able to obtain five pearls and even killed two of the Fire Divine Palace's outstanding War Gods. Devil-killing Heavenly God's face sank. "You guys were not efficient at all, you actually exposed the God Murdering Sword Techniques."

[Chapter 1822](#)

Chen Xiang and Wang Jinshi thought that the Devil-killing Heavenly God would blame them for learning the God Murdering Sword Techniques, but who would have known that the Devil-killing Heavenly God would say such things?

"The consequences won't be too serious, right?" Chen Xiang asked softly. He was worried that the Devil-killing Heavenly God would kick him out of the Devil-killing Divine Palace because of this.

Devil-killing Heavenly God replied, "That's for sure. It's just like how the Hell Devil Emperor went to all over the place to kill you. However, it's not only the divine gods that want to catch you.

Wang Jinshi felt guilty, because she knew very well how serious the consequences would be.

Chen Xiang sighed helplessly: "Why is the attraction of this God Murdering Sword Techniques so great?"

Devil-killing Heavenly God looked at Wang Jinshi and smiled: "Just ask her and you'll find out."

Asking Wang Jinshi, Chen Xiang and Wang Jinshi were both shocked. The reason the Devil-killing Heavenly God said such a thing must be because he knew about Wang Jinshi.

"Master, you already know. Who told you? When did you know?" Since it was like this, Wang Jinshi could only admit it.

"I knew about it the day you became my disciple. Don't think that I don't know anything, I just didn't expect you to pass this God Murdering Sword Techniques to Chen Xiang. Devil-killing Heavenly God snickered: "In other words, your relationship is not ordinary."

Wang Jinshi blushed and changed the topic, "Chen Xiang, the greatest attraction of the God Murdering Sword Techniques is not just its ease of cultivation, but rather, cultivation of the God Murdering Sword Techniques to step into the realm of the Supreme God. Although this is a legend, many Empyrean Gods believe it without question."

The Devil-killing Heavenly God nodded his head: "Back then Wang Hao had told me that he would quickly become the Supreme God. However, this fellow is too good at causing trouble, and after being informed that he would soon become the Supreme God, many Empyrean Gods teamed up to send him to hell. I participated in the punishment at that time, even though we were once good friends with Wang Hao."

Wang Jinshi sighed softly, "I know, because father's cultivation went berserk, looking everywhere for a powerful god to train in the sword, however ... He didn't hurt those Empyrean Gods. "

Devil-killing Heavenly God said: "Penalty Heavenly God and I had fought with him before. Even though we lost to him, we were not hurt by him, at that time he was still very rational, but later on, for some reason, he suddenly changed and became crazy. In order to prevent him from bringing disaster to Gods Realm, we decided to do so."

"It's because he's about to become too divine very soon. If he was still in that state back then, it would have been very difficult to stop him."

Devil-killing Heavenly God stood up, and gently stroked Wang Jinshi's head: "The one who used the God Murdering Sword Techniques to kill Huo Lie, should be you, right?"

Penalty Heavenly God and Devil-killing Heavenly God were actually acting before. Penalty Heavenly God was watching what was happening inside.

"Although God Murdering Sword Techniques belongs to the Ancient Art of the Supreme Realm, it is easy to go berserk to the extreme. For example, Wang Hao is an example." The Devil-killing Heavenly God looked at Chen Xiang with furrowed brows and said solemnly: "The Four Great Taboo magic s, they are

all primordial divine arts, these are all unorthodox techniques that flowed out of the Supreme Divine Palace. They are powerful, but not many have learned them."

"It's easy to be bewitched with Heavenly Alchemy. Chen Xiang, you train in two such cultivation techniques. This will make it easier for you to be bewitched with these techniques."

Devil-killing Heavenly God laughed: "My Seven devil-slain kungfu is also considered a primordial spirit art, as long as I can comprehend what's after, I can also enter the realm of the primordial spirit with the Seven devil-slain kungfu, and I won't become bewitched."

"Master, I want to rescue my father. What do I need to do?" Wang Jinshi suddenly said: "He has been in there for a long time, he should have already recovered."

When Wang Jinshi asked about this, the smile on Devil-killing Heavenly God's face suddenly disappeared.

"He's imprisoned in the Divine Prison, and even the Penalty Heavenly God doesn't know how he is right now. How can you guarantee that? If we save him, he'll be in a state of madness, so who can be responsible for it? Although the Supreme Divine Palace will intervene, a guy on the level of the Supreme God can cause serious harm just by messing around here for a moment." This was what the Devil-killing Heavenly God was worried about.

Wang Jinshi sighed lightly, "I only found out after seeing him because of some things regarding my mother. As long as I can help him get rid of the knot in his heart, he can return to his original appearance."

The Devil-killing Heavenly God shook his head: "It's very difficult for you to see him, even the Penalty Heavenly God does not have that power. Back then, he had sealed a Supreme God into the Divine Prison, unless you had a way to find that Supreme God.

Chen Xiang and Wang Jinshi had thought that as long as they had enough divine money, they would be able to redeem the Sword God.

"Then where is the Supreme God?" Wang Jinshi asked.

"Supreme Divine Palace." The Devil-killing Heavenly God patted Chen Xiang's shoulder, "If you can enter the Supreme Divine Palace, you might be able to meet that Primordial God. Whether he can undo the seal or not, I don't know."

When Wang Jinshi had first passed down the God Murdering Sword Techniques to Chen Xiang, he had made her promise to save the Sword God, so Chen Xiang would definitely do this.

"I will definitely enter the Supreme Divine Palace." Chen Xiang was filled with confidence in himself.

Devil-killing Heavenly God paced back and forth a few steps, then sat down and sighed: "Even though you possess the Supreme god bone, it's still hard to say. Unless you're a god, it might be easier to pass."

Chen Xiang still had ten years left, it was impossible for the gods to do that, but it was still possible for him to become the profound God.

"No matter what happens now, I can't turn back." Chen Xiang smiled, he did not feel any pressure at all.

With things having escalated to this point, Devil-killing Heavenly God could not say anymore. He could only give Chen Xiang and Xiao Chou the greatest help within these ten years, making them even more powerful in these ten years.

The reason the Devil-killing Heavenly God called Chen Xiang and her here was to talk about the God Murdering Sword Techniques, he wanted Wang Jinshi to continue to keep the matter of her being the daughter of the Sword God a secret, so he had no choice but to use the God Murdering Sword Techniques.

This was all to prepare for war with the Hell Divine Palace, and the third declaration of war would be carried out very soon. At that time, regardless of whether the Hell Divine Palace accepted it or not, the Devil-killing Divine Palace would still be able to call him over.

Chen Xiang was looking forward to this big battle, but Devil-killing Divine Palace had something else to ask him to do, and obviously didn't want him to participate in it.

You go to the all divine palaces to find the Penalty Heavenly God. After you find him, he has something he wants you to do.

However, Devil-killing Heavenly God's tone was very resolute, so Chen Xiang could only follow his plan.

... ..

When Chen Xiang came to all divine palaces himself, he changed his appearance and came. However, Penalty Heavenly God recognized him immediately.

After Penalty Heavenly God saw that Chen Xiang had bowed to him, he only nodded slightly and had Chen Xiang follow him into a Transmission array inside the all divine palaces and transfer him to a wooden house in the forest.

"This is my residence. It's very safe." Although his face was solemn, his tone was very calm.

"I have something that I want you to do. The Devil Slayer should have told you." Penalty Heavenly God took out a black box and placed it on the table beside him.

Chen Xiang said: "He only said that he wanted me to come find you, and didn't tell me what I wanted to do."

Penalty Heavenly God opened the black box. Inside was a black dagger.

"There are some hidden things within this black dagger. Only by cultivating the Heavenly Alchemy can I see the hidden information within. Help me take a look and see exactly what's inside." Penalty Heavenly God handed the box over to Chen Xiang with difficulty.

Chen Xiang picked up the black dagger. He didn't feel anything special about it, it couldn't even be considered a Divine Equipment.

"If you can help me, I will repay you. You might need some time, so stay with me for this period of time." After Penalty Heavenly God finished speaking, he did not care if Chen Xiang agreed or not, and quickly left.

Chen Xiang shook his head and sighed. It was hard for him to reject it even if he wanted to, so he repeatedly looked at the black dagger, and even probed into it with his divine power, but there was no reaction at all. He felt that he was playing with a rock picked up from the side of the road.

"Don't tell me I have to use the Heavenly Alchemy to refine this short sword." Chen Xiang could only speculate like this, because Penalty Heavenly God had previously said that only by cultivating the Heavenly Alchemy would one be able to see the hidden secrets.

Although Chen Xiang had this thought, he didn't dare because he was worried that he would not be able to find the hidden secrets inside if he failed to practice it properly.

He had tried hard for an entire day but to no avail. It was already dark now and he was resting on a comfortable chair in the hall.

On the morning of the second day, when Chen Xiang heard Penalty Heavenly God's voice, he opened his eyes and saw that Penalty Heavenly God had brought a plate of fruits and placed it on the table beside Chen Xiang's chair.

"Let that girl out." The Penalty Heavenly God said.

"You know that." asked in shock. Penalty Heavenly God was indeed talking about Long Xueyi, and Long Xueyi immediately came out of the ring.

"Of course I know. The Azure Dragon is my friend." The plate of fruits that Penalty Heavenly God had brought was obviously prepared for Long Xueyi.

Long Xueyi sweetly smiled as she thanked him, then unceremoniously started to eat.

When Penalty Heavenly God talked about the Azure Dragon, Chen Xiang and Long Xueyi also wanted to know about his situation inside the Divine Prison.

"Did you get anything yesterday?" Seeing that Chen Xiang wanted to speak, the Penalty Heavenly God interrupted him.

"No, I think I'll have to use the Heavenly Alchemy to refine it before I know. I'm worried that I might have broken it, so I didn't dare to make a move." Chen Xiang handed the black dagger over to Penalty Heavenly God.

The Penalty Heavenly God did not receive it, saying, "Don't worry and refine it. This short sword looks like it was made from ordinary black stone, but it's not afraid of the flames burning it. I have used my flames to burn it for decades, but still unable to incinerate it."

[Chapter 1823](#)

Even using fire, the Penalty Heavenly God was unable to incinerate it. This black stone sword was actually so sturdy, Chen Xiang had thought it was just an ordinary black stone.

"How is the Azure Dragon in the Divine Prison? I only know that he was sent to hell and then sent to hell, then locked up in the Divine Prison." Chen Xiang had heard it all from Yang Yan, but Yang Yan did not know the specifics either. Penalty Heavenly God was in charge of the Divine Prison, so he must be very clear about this matter.

This kind of matter is something that not even the devil slayer knows about. You might not understand the consequences of wreaking havoc in the Infernal Realm, and normally, when you act recklessly in the Infernal Realm, you will be killed or tortured by the Hell Devil Emperor for tens of thousands of years. However, in the end, the Azure Dragon was still brought back to the Divine Prison.

Chen Xiang said: "I heard that the Sword God was like that back then."

The Penalty Heavenly God nodded his head, "The reason why the Azure Dragon was brought back to the Divine Prison was not because of my interference, but because the Infernal Realm was unable to suppress him, just like the Sword God back then."

Chen Xiang and Long Xueyi were shocked. If even hell could not suppress the Azure Dragon, didn't that mean the Azure Dragon's strength was extremely strong?

You should have heard that there were some extraordinary people locked up in the Divine Prison, and they were not sealed by me, they were all sealed inside by the Great God of the Supreme Divine Palace. The Azure Dragon is currently in such a situation, if you want to save him, it won't be easy, and you have to use divine money to redeem him. Penalty Heavenly God knew what Chen Xiang and Long Xueyi were thinking at the moment. He was also Azure Dragon's friend, if he had a way, he would definitely say it.

Long Xueyi, who was eating sweetly, suddenly looked pained and a little dejected. Previously, she had found out from the Yin Yao Ring that the Sword God was sealed by the Supreme God, and the difficulty was the same as saving the Azure Dragon.

"Is there really no other way?" Long Xueyi asked somewhat sorrowfully.

"There is a way. I also hope that we can save the Azure Dragon. I'll go ask around and see if there is any good way."

Penalty Heavenly God's words gave Chen Xiang and Long Xueyi a trace of hope.

"Play with this dagger properly, I'll come back in a few days." The Penalty Heavenly God left after he finished speaking.

With Penalty Heavenly God's consent, Chen Xiang dared to use the Heavenly Alchemy to refine the short sword.

He took out the pill furnace that Yuan Baibing had given him, and placed the black stone dagger inside. Then, he used the method he had used to refine the medicinal ingredients, and the Infinite refining began to burn.

It was not easy to smelt the black stone dagger. Chen Xiang used the fiercest of firepower and continued to burn for more than two hours. The black stone dagger did not show any signs of melting at all.

"Just what is this thing made of? Even if it is a very sturdy Top stone, it would not be completely silent if it was burned by me like this." Chen Xiang stopped his smelting process and took out the blackstone short sword. What made him even more surprised was that the blackstone short sword was not hot at all.

"What's going on?" Chen Xiang suddenly felt that this black stone sword was like a bottomless pit. The powerful firepower that he had released just now should have been absorbed by this black stone sword.

Previously, Penalty Heavenly God had also attempted to burn the blackstone short sword for a long time. Penalty Heavenly God's firepower was even stronger, but it was all absorbed by the blackstone short sword.

"I can't use a normal method. There is a way to solve this problem in the Heavenly Alchemy." Chen Xiang closed his eyes, and began to study this method. Whenever he had nothing to do, he would go look for the many methods inside the Heavenly Alchemy, so he had the impression that he could immediately figure them out.

After half an hour, Chen Xiang found the technique and familiarized himself with it.

"In this situation, I need to use the Heavenly Refining Flame."

There were two types of Heavenly Refining Fire, the first was to borrow the energy of the world, Chen Xiang had already used this type of Heavenly Refining Fire before, and it was usually used when his own flames were not strong enough, so this type of Heavenly Refining Flame was not easy to control.

The other type was the genuine Heavenly Refining Flame. It was formed by fusing one's own flames together with the energy circulation method in the Heavenly Alchemy.

Chen Xiang's Chuangzao fire was very strong, he wanted to try and see if using this kind of flame could turn it into a Heavenly Flame.

He opened his palm and stared at his palm, concentrating to circulate the chant within the Heavenly Alchemy. A cluster of silvery-white Chuangzao fire appeared in the center of his palm, originally extremely calm, but as Chen Xiang gradually added in the divine power that was circulating in the Heavenly Alchemy, the flame became extremely restless, violently jumping up and down, as if it was trying to break free from Chen Xiang's grasp.

Not long after, the silver-white flame suddenly burst into a burst of purple light. The flame turned purple as well, and the flame was shrouded in purple mist.

At this time, the flame was being released by Chen Xiang using his own divine power, and the flame itself was absorbing the energy of heaven and earth.

Chen Xiang had successfully released the Heavenly Flame. Although it did not emit any heat waves, it was a Heavenly Alchemy which had a very strong smelting ability.

He placed the black stone short sword into the pill furnace, and then released the Heavenly Flame. After pouring it into the pill furnace, he discovered that he had underestimated this purple Heavenly Flame, because after the pill furnace was burnt down by the Heavenly Alchemy, a change had already occurred.

Chen Xiang did not dare to use this furnace to continue refining, he could only use his bare hands to refine more, in other words, he used the Magic method furnace.

Furthermore, it didn't consume too much divine power either. Chen Xiang planned to use this flame to refine pills in the future to see how effective it would be, because this Heavenly Alchemy also contained the special characteristics of Chuangzao fire s.

Within the Magic method furnace, the black dagger was being burned by the purple flames of the Heavenly Smelting.

"There's a reaction. This short sword has finally started to deform. I wonder what exactly is hidden inside." Chen Xiang was secretly delighted as he continued to use his flames to burn.

The short sword started to deform. Chen Xiang had not controlled it much as it was being burned by the purple flames of heavenly refinement. The short sword became a very thin black paper, and it was so big that Chen Xiang had no choice but to enlarge the Magic method furnace further so that it could fit the big piece of black paper.

Chen Xiang had refined it for two whole days before the changes in the Magic method furnace's contents finally stopped. Originally, it was a black dagger, but after it was refined, it became black paper, and in the end the black paper faded away and became white paper, like a picture scroll hung on the wall.

"It's not changing anymore, but there's nothing on it." Long Xueyi watched carefully from the side. She tried using her divine power for a bit, but could not find anything.

"Let's wait until Penalty Heavenly God comes." Just as Chen Xiang finished speaking, the Penalty Heavenly God arrived.

When Penalty Heavenly God arrived, he took out a plate of Holy Fruits and placed it on the table. Looking at the white paper, he asked, "Have you made any progress?"

Penalty Heavenly God did not know that the obsidian dagger he had given to Chen Xiang had become a piece of white paper.

"You probably don't believe that the black dagger has become like this." When Chen Xiang said this, Penalty Heavenly God did not react. He did not understand what Chen Xiang had said.

Chen Xiang picked up the piece of white paper and said: "After I refined it with the Heavenly Alchemy, it became a piece of white paper."

Penalty Heavenly God frowned. He had already guessed many different results, but he never thought that the black dagger would be refined into a piece of white paper.

"When I was refining it, the dagger transformed on its own. I had no control over it." Chen Xiang spread his hands.

Penalty Heavenly God forced out a drop of blood from his fingertip and dripped it onto the white paper.

"Ah!" Penalty Heavenly God suddenly roared, his face was in pain, but only for a short period of time, following that, some words gradually appeared on the paper, these were all ancient characters.

Chen Xiang was able to understand these ancient characters. Although it was different from the ones he knew, the words that he was familiar with right now were somewhat similar to these ancient characters.

"It's a cultivation technique." Chen Xiang's eyes opened wide as he looked at the three types of words that were gradually appearing in the last row.

"Heavenly Body." Long Xueyi shouted in shock.

Penalty Heavenly God nodded with a serious expression. "Heavenly Body, one of the Four Great Taboo magic s."

Long Xueyi had some of the memories of her past life, so she knew about the Sky Body.

The content of the Heavenly Body wasn't much because there were only a few hundred words on the paper. He quickly memorized them all.

"You can't learn." Penalty Heavenly God looked at Chen Xiang sternly and shouted.

"Why?" Chen Xiang had a face full of doubt. He had already learnt two of the Four Great Taboo magic s, so there was no difference between this and them.

Long Xueyi sighed: "Heaven's physique, as its name implies, is able to allow living beings to cultivate bodies that are as strong as the heavens."

Chen Xiang curled his lips and said: "What's wrong with that?" He was just worrying that the Heavenly Alchemy would not be able to strengthen his Supreme god bone, so with this Heaven Body, it would be even better.

"That's great, but you have to go refine it with your life on the line. If you refine it, then you'll be in great danger. The divine tribulation will never stop. It's not as simple as just being struck by lightning." Long Xueyi had some understanding of the Heavenly Body, and looking at her expression, it was obvious that she did not recommend Chen Xiang to cultivate it.

Penalty Heavenly God said in a deep voice, "That's right, the most dangerous thing about a heavenly body is that heavenly tribulation, as well as the various tests that cause one to lose their rationality and self-control. If you fail, you won't die, but you will be even more terrifying than dead."

Seeing that Chen Xiang was still doubtful, the Penalty Heavenly God continued to speak, "As long as you cultivate the true Heavenly Body, you can break through all the restrictions of the Ancient Code, because all sorts of Ancient Code powers are useless against you, because all of the Ancient Code powers are created by the heavens. If you cultivate the Heaven Body, if you are unable to overcome the heavenly tribulation, you will become the nourishment of the Ancient Code's power and will be tortured for a long time before your soul enters hell."

"My father was like that. He left this short sword for me, so you'd better not cultivate, or else you'll have to prepare yourself. Other than that, you might also have to implicate the people around you."

[Chapter 1824](#)

The short sword was left behind by the father of the Penalty Heavenly God, but it required the use of the Heavenly Alchemy in order to unravel the secret inside.

"You have helped me solve my many years of doubts. I will thank you." Although he looked very serious, but when he spoke, it gave off a very intimate feeling.

Chen Xiang said: "Devil-killing Divine Palace wants to start a war with Hell Divine Palace, but Main Heavenly God told me to come here to find you. Why is this?"

Penalty Heavenly God put his hand on his shoulder, as he said with a stern expression, "Do you really think it's that simple to slay a devil? He has had too many opportunities to declare war on Hell Divine Palace over the years, but he has chosen to do it now, not just because of the matter with Devil Yang Valley."

Chen Xiang indeed thought so, because back then, when he saw the Devil-killing Heavenly God, he was extremely furious and wished that he could exterminate him. But now, hearing the words of the Penalty Heavenly God, he seemed to have another story behind it.

"He told you to come find me. Not only did he ask you to help me, he also asked you to do something. Only you were able to accomplish it." Penalty Heavenly God looked into the distance and sighed, "You have pretty much learned the first style of his Seven devil-slain kungfu, so he has very high expectations for you."

"He wants me to do something." Chen Xiang realized that the war between the Devil-killing Heavenly God and the Hell Divine Palace might just be a pretense.

"To the Infernal Realm." Penalty Heavenly God's words startled Chen Xiang. Seeing Chen Xiang's shock, he added on: "There's something scary hidden in Hell Devil Emperor's hell. He originally arranged for Zu Chao to go there, but now he has a better candidate."

Going to hell to look for things, Chen Xiang suddenly felt apprehensive, that was Hell Devil Emperor's territory.

"Don't worry, when the time comes, Hell Devil Emperor will definitely bring his strongest power to fight, so there won't be anyone that is too powerful in hell, you can handle them." Penalty Heavenly God took out a large piece of paper and spread it on the ground.

This is the map of the Infernal Realm. When the time comes, you need to go to the residence of the Hell Devil Emperor in the Infernal Realm. You need to find a black Hexagonal disk around the size of a palm in his residence.

The Penalty Heavenly God pointed to a certain place, which was the residence of the Hell Devil Emperor, then he took out a disc with a pointer on it. He passed the disc to Chen Xiang: "Go to the residence of the Hell Devil Emperor, and walk around. As long as you see the array turning, the Hexagonal disk will be around."

After Chen Xiang received it from him, he said: "Can't we just directly have Zu Chao go there? He's so strong, he'll definitely be successful. I'm not even a profound God."

"Your camouflage and concealment skills are better than Zu Chao's, and because your cultivation is not high, you can easily hide your presence, preventing the gods in hell from discovering you. Moreover, you know how to test your spatial strength, so you're better than Zu Chao." The Penalty Heavenly God said: "Zu Chao is very strong, when fighting with the Hell Divine Palace, you can also reduce the number of casualties."

Penalty Heavenly God actually colluded with Devil-killing Divine Palace to do such a thing. One could tell with one look that this wasn't something Devil-killing Heavenly God wanted Penalty Heavenly God to do.

"Just what is a Hexagonal disk? Is it very important?" Chen Xiang was very curious about this.

Penalty Heavenly God nodded his head: "It's very important, and also very dangerous. This is exactly what Hell Devil Emperor is using to find a lot of space amongst the demons, and then using this thing to control those demons. Other than that, there are also some other frightening powers that cannot be left in his hands, otherwise, Gods Realm will be in great danger."

Chen Xiang had seen those demons before, he never thought that the Hell Devil Emperor used this kind of thing to get it. Now, he understood why the Devil-killing Heavenly God and the Penalty Heavenly God teamed up with each other.

"Alright, when can I set off?" Chen Xiang suddenly felt that his mission was too difficult. Only by taking that thing would he be able to prevent the Hell Devil Emperor from possessing powerful strength.

Penalty Heavenly God said, "Stay here for a few days. As long as there is a war, I will send you to hell. Although Hell Devil Emperor will lead his powerful subordinates to war, there will definitely be guards in hell, so you must be careful."

After Penalty Heavenly God left, Long Xueyi said in a low voice: "I have an impression of that Hexagonal disk. It was a terrifying divine weapon refined by a god and had been banned in the past. I didn't expect it to be in the hands of the Hell Devil Emperor.

The godly weapon used by the Supreme Being, would definitely be even more terrifying.

In the next few days, Chen Xiang familiarized himself with the first stage of the Seven devil-slain kungfu. He originally wanted to cultivate the God Murdering Sword Techniques, but he did not expect that he was not able to do so right now.

The God Murdering Sword Techniques was extremely profound, and it was not something that could be released by chance, so he firmly believed that it was related to his fusion of Divine Deity.

Since the Penalty Heavenly God came, it meant that the war between them had started.

"It's starting. I'll send you to hell now. Be careful. You should be familiar with the map." Penalty Heavenly God took out an array disc. He was a Penalty Heavenly God and could freely enter hell.

"Bring that Hexagonal disk back with this formation plate." Penalty Heavenly God made Chen Xiang stand on top of the small formation plate.

Long Xueyi had already entered Chen Xiang's Serene Dragon Ring and since she wanted to go with Chen Xiang, Penalty Heavenly God was not opposed to it.

"I'll wait for him." Penalty Heavenly God opened the array disc, sending Chen Xiang away.

Chen Xiang disappeared along with the Transmission array plate and appeared in a dark place. This place was filled with evil energy and black fog.

"Fortunately, I didn't come here because I was dead." Chen Xiang looked at the surrounding terrain, and quickly confirmed his location, following the route on the map, he passed through a few tall mountains full of bones, and saw a blood red ocean.

This was the Blood Sea of Hell, the residence of the Hell Devil Emperor was located on an island in the Blood Sea.

Chen Xiang stood at the shore and took out a pearl that emitted a white light. The control pearl floated above the blood, the blood that rose and fell was extremely thick, and there were even many skeletons trying to grab it.

"Only bones are left, and he can still move." Chen Xiang withdrew the pearl of light and it seemed as if it had risen into the sky as it flew above the sea of blood.

Long Xueyi said: "Penalty Heavenly God said before, the most dangerous place is Hell Devil Emperor's island. It would be best if you don't go up there directly, you should go near first, and observe for a while before you enter the island."

Chen Xiang had the same plan, but he had to hurry up, because he did not know how long Hell Devil Emperor would fight for. If he dragged things out too long, it would be troublesome if Hell Devil Emperor suddenly returned.

Several hours later, he finally cautiously flew to the small island. When he came, he met several waves of Infernal guards patrolling the island. It wasn't that he couldn't beat them, but he was afraid of alarming them, so he had to carefully avoid them.

After seeing the island from afar, he immediately activated Heaven tour method to observe the situation on the island. What made him more happy was that the Infernal guards on the island were all wearing an iron mask, so he couldn't see anyone.

Chen Xiang used the transformation technique according to the size and the items that the Infernal guards had on their bodies. He made himself look exactly like the Infernal guards, imitated the aura of the Infernal guards, and then flew towards the island.

The majority of the Hell Demons were patrolling alone, and only when there was a sea of blood would they have a small party. Therefore, when Chen Xiang landed on the island, he did not attract much attention.

Now, Chen Xiang was bravely approaching the Hell Devil Emperor's palace, that was a huge square structure built from huge black rocks. It was about three hundred meters tall, and located in the middle of the island in all four directions.

Chen Xiang circled around the Demon Palace a few times, and after finding an opportunity, he turned into a wisp of black mist and entered through the gap in the door.

This hell was originally dark, so Chen Xiang thought that the interior of the Underworld Palace was dark as well. Who would have thought that the interior was very bright?

"Hell Devil Emperor doesn't like this pitch black hell either, so he ended up like Gods Realm in his own palace." The moment Chen Xiang entered, he saw a large green plain, in front of him was a clear river that flowed slowly, and not far away was a forest of pavilions.

Chen Xiang released a few divine souls to investigate and found out that there were not many people inside, so he was relieved to fly towards the group of pavilions.

"Isn't there anyone guarding this place? Hell Devil Emperor was careless." It was impossible for Chen Xiang to pretend to be a guard even if he wanted to. It was because he couldn't find them after searching for a few times.

For safety's sake, Chen Xiang had once again become a Demon Guard, and then took out the disk with a pointer given by the Penalty Heavenly God.

He had just taken it out when the finger formation began to move. No matter which direction he turned in, the finger formation would always point in one direction.

Everything went smoothly, but Chen Xiang was not happy. This was the residence of the Hell Devil Emperor, he would not be able to get ahold of it so easily.

He could only follow the direction of the needle vigilantly.

Chen Xiang shuttled through the group of pavilions. He originally thought that he would find someone from the tallest pavilion in the center, but that was not the case.

"Halt." Chen Xiang suddenly heard a cold shout, it was actually a woman's voice.

What surprised him was that his Spatial Perception was actually unable to sense it.

"What are you doing here? The Infernal guards aren't allowed to enter so they aren't allowed to enter. Who allowed you to enter? Show me your proof." the woman who was hiding somewhere asked.

Chen Xiang did not answer, he did not know how to reply. Just as he was thinking of a way, a woman in a black robe appeared in front of him.

"You trespassed into the Demon Palace. Go down to the eighteenth level of hell." The lady did not wait for Chen Xiang to explain as a long spear suddenly appeared in her hands and pierced towards Chen Xiang's chest.

Chen Xiang immediately teleported away, distancing himself from this dangerous woman.

"If you aren't a Infernal guard, then who the hell are you?" The lady said coldly, but she could no longer feel Chen Xiang's Qi.

Chen Xiang felt that being discovered by the woman just now was because he was too obvious, that was why she was able to see him from afar. Now that he had hidden himself, the woman could no longer discover him.

[Chapter 1825](#)

After Chen Xiang hid himself, he stood there motionlessly. The black-robed woman was extremely sensitive, otherwise, he would have already turned into a fly and flew away.

"I have released the Space Domain. As long as I don't move, I will definitely not be discovered." Chen Xiang did not even dare to release his consciousness to investigate, in case the black-robed woman discovered him.

Originally, he had planned to wait for this woman to leave this place for a period of time before making his move. Who knew that he would suddenly be caught?

"Hmph, don't think that I can't discover you."

When Chen Xiang heard the black gowned woman's cold shout, he knew who had grabbed him. He never expected that there was actually someone who could pull him out from his Space Domain.

He didn't understand what was going on. The most important thing right now was to get rid of this woman, or else he would fail this mission.

He immediately channeled his extremely strong spatial energy and broke free from the woman's imprisonment. He discovered that this woman used a strange spatial energy. Fortunately, he had used a large amount of spatial energy to break free earlier, otherwise he would have definitely failed.

Just as Chen Xiang teleported, he sensed a very violent power rushing towards him. He was not in a hurry to dodge, and his chest was struck by that power, causing him to feel pain all over.

"Who exactly are you? What are you here for?" The black robed woman didn't take out a weapon as she appeared behind Chen Xiang like a ghost. She didn't try to grab Chen Xiang now because when she attacked him earlier, she had already determined that Chen Xiang wasn't very strong.

If she was very strong, then that move of hers simply could not injure Chen Xiang at all. At the very least, Chen Xiang's strength was below hers.

Chen Xiang did not reply. All he wanted to do now was to quickly escape from the black-robed woman, and after taking that palm, he stabilized his body before teleporting away.

Now he felt like a mouse being played with by a cat.

"You won't be able to escape. With your tiny bit of spatial energy, you think you can escape from me?" The woman in black smiled in disdain.

Chen Xiang had already broken through spatial power before, and was already very strong. He could even break through the powerful spatial seal, but in front of the black-robed woman, he seemed so powerless, which caused him to be extremely shocked in his heart.

Since he couldn't escape, he could only go all out.

Chen Xiang immediately threw out an Explosive Flame Pill from behind him. With a "bang" sound, he could sense that the woman in black was not by his side. He immediately teleported again, but his vision suddenly went black.

"Hmph, you angered me." The black-robed woman stood in front of Chen Xiang, her body emitting an imposing manner, as a large hole appeared in the black robe that she was wearing. This was what Chen Xiang had exploded with with the Explosive Flame Pill.

Chen Xiang glanced inside the big hole, and saw a small piece of snow-white skin with an extra faint red colour. It should have been caused by the Explosive Flame Pill.

"Can it be that this fellow is a Empyrean God? How can he be so powerful?" groaned in his heart. If he fell into the hands of a Heavenly God and was proficient in spatial techniques, it would be hard for him to escape.

Seeing that the lady was about to go berserk, Chen Xiang thought of something, and anxiously bowed: "Big sister, please calm your anger. I was just curious for a moment, I came in to take a look, but I did not expect to meet such a strong expert who is proficient in spatial techniques, and a woman at that, I am so competitive, that I want to try and see if I can escape from big sister's hands."

Chen Xiang saw that everything around him was pitch black, and knew that he had fallen into her Space Domain. In her Space Domain, he was even more weak.

The black gowned woman had wanted to raise her hand to help Chen Xiang, but after hearing Chen Xiang's words, she stopped and kept her Space Domain.

Chen Xiang was very weak, but she could use spatial energy quite well. This also attracted her interest, because she rarely made any achievements in the field of spatial energy.

"Don't think that you can deceive me just like that. You must have other motives for sneakily barging in. It's only for the sake of curiosity, I can't do this kind of nonsense." The black gowned woman walked to Chen Xiang and tore off his mask. She only saw a very ordinary face.

Chen Xiang had long since changed his appearance. If the woman in black knew that he was Chen Xiang, he would be in even more danger.

The black gowned woman looked at Chen Xiang's face carefully and let out a few sneers before patting him on the cheek. Her jade hand released a soft purple light and gently caressed Chen Xiang's face and released waves after waves of white light.

"Chen Xiang, it's really you." The woman in black chuckled, then took off her mask. "I didn't expect you would deliver yourself to me."

"It's you." Chen Xiang shouted in shock, the lady in front of him was none other than Mei Emperor.

Why was the Mei Emperor here, and why was she so powerful, he could not understand why the current Mei Emperor was completely different from the one he had seen before. Although they had the same face, their temperament and strength were completely different.

"You know me." The black-robed woman's question also confused Chen Xiang.

If she wasn't Mei Emperor, why would she have taken off her mask? And if she was, why did she ask that?

Now, Chen Xiang realized that the Mei Emperor in front of him did not have that kind of strong charm power. It was indeed not the Mei Emperor that he knew before.

"I've seen a woman who looks exactly like you ... I thought it was her." Chen Xiang said: "Why are you taking off your mask? Although your face is beautiful, it isn't enough to turn my divine soul upside down."

The black clad woman replied, "The woman you're talking about, is she called Mei Emperor?" She saw Chen Xiang nod his head and said, "That useless thing, using my appearance, will be so useless. I will bring her back to the furnace later."

He suddenly felt that the black gowned woman in front of him was not simple at all. Mei Emperor was something that was created by the Nine Divine Kings back then, could it be that this black gowned woman was related to the Nine Divine Kings?

"You probably aren't one of Hell Devil Emperor's subordinates. What's your relationship with him?" Chen Xiang asked.

Of course I'm not one of the subordinates of the Hell Devil Emperor. With just trash like him, he's not even worthy enough to bring me shoes. The black gowned woman laughed contemptuously, her face was full of arrogance, she suddenly grabbed Chen Xiang's arm and walked towards a pavilion.

In just a few moments, Chen Xiang was brought inside the pavilion by her, and fiercely thrown onto a chair.

Chen Xiang suddenly thought of something, and then boldly asked: "Are you the real Younger Nine Girl?"

Because Younger Nine Girl was invaded by the evil consciousness that year, he was abandoned by the Nine Divine Kings, and later on, it became a disaster that was everywhere in the Mei Emperor.

[Chapter 1826](#)

The mysterious woman in front of him had said that the Mei Emperor was a useless thing that could be turned around at any time. This meant that the Mei Emperor was a substitute that she had created, and a substitute that had self-awareness. Normally, she wouldn't control the Mei Emperor, but the substitute's subconscious had its own mission to complete.

The Elder Nine girl was indeed Feng Yujie and Feng Yujie had said that she was also very powerful back then. Her second Divine Deity and divine soul were also located in that grave and her peak strength should be at the level of the gods, maybe even stronger.

The girl in front of Chen Xiang was very strong, and she called Hell Devil Emperor trash.

"That's right, even big sister doesn't know about this. How could you have guessed it?" A sliver of surprise appeared on the woman's charming face. "It seems that the useless thing has bewitched her for many years. Elder sister is still that stupid."

Chen Xiang felt a lot more at ease. At least, the Younger Nine Girl in front of him was not as evil as he had imagined.

"Since you called her Big Sister, why did you use a double to give her trouble? Every time she mentions you, she's very sad, don't you guys have any feelings for each other?" Chen Xiang believed that there must be a secret behind all of this.

Younger Nine Girl's expression changed, becoming extremely vicious as he said angrily: "You don't need to care about this matter, I can't let her know my situation yet, so in order to keep it a secret, I won't let you go back."

Chen Xiang curled his lips: "Wouldn't it be even more straightforward if you killed me?"

"I will kill you, but not now. You are the biggest hindrance to my plan, and if not for you letting that trash Hell Devil Emperor fail so many times in a row, my plan would have succeeded a long time ago."

Chen Xiang scrunched his legs, he realized that he was still the most important person to Younger Nine Girl, if not he would have been killed a long time ago.

He laughed: "What plan? Since I can make the Hell Devil Emperor lose so much, maybe I can make you succeed, why don't I help you? From how anxious you are, your plan should have started when the Nine Divine Kings disappeared, Younger Nine Girl."

"Younger Nine Girl is not something you can call me, just call me one more time and I'll cut off your tongue." Younger Nine Girl glared at Chen Xiang.

Regarding Chen Xiang's previous suggestion, she was also considering it now. Although Chen Xiang's strength is very weak, his ability is not small, and he has already grasped the two Taboo magic s, the God Murdering Sword Techniques and the Heavenly Alchemy.

"What are you doing here? Isn't it the battle between the Devil-killing Divine Palace and the Hell Divine Palace right now? How can I let you go? Even if the Old Demon Destroyer wanted to destroy this place, he should have called his son here. He shouldn't have brought you here." Younger Nine Girl was very curious about this. She folded her arms across her chest and walked back and forth in front of him. She was already moved and wanted to cooperate with Chen Xiang.

Chen Xiang was secretly delighted. Obviously, Younger Nine Girl did not know that there was a powerful Hexagonal disk in Hell Devil Emperor that was working with her on this, and there was definitely a reason why he was hiding things like this from her.

"I came here to look for something. I know that the Hell Devil Emperor has a very powerful treasure, so I pretended to go into closed door cultivation for the next few days. The moment they started fighting, I would sneak over."

Chen Xiang planned to tell Younger Nine Girl about the Hexagonal disk, but he would never say that it was Devil-killing Heavenly God and his wife who had sent him here.

"What treasure?" As expected, Younger Nine Girl didn't know.

"You don't know, I thought this treasure had something to do with you." Chen Xiang purposely revealed a face of surprise, he felt that the good days in Hell Devil Emperor were coming to an end.

"Speak." Younger Nine Girl shouted.

Chen Xiang anxiously said: "It's a Hexagonal disk, I heard that he used this stuff to get a lot of demons, and can control them, other than that, the Hexagonal disk has many other powerful effects."

When Chen Xiang was speaking, Younger Nine Girl's delicate body started trembling, with an angry look on her face. She took out a drawing of a Hexagonal disk, and angrily said: "Is it this?"

Chen Xiang had never seen the Hexagonal disk before, but it was very clear that this was the picture. He nodded immediately: "It's this, you actually don't know that it is in Hell Devil Emperor's hands, and normally Hell Devil Emperor cannot bring it away, so it should be here."

"This bastard already obtained the Six Realms mirrors, he actually intends to keep it for himself." Younger Nine Girl was furious to the extreme. "I must eliminate him."

Seeing the Younger Nine Girl so angry, joy blossomed in Chen Xiang's heart, and he hurriedly said: "Big sister, don't be angry, the Hell Devil Emperor should be afraid of you, but since he dared to take such risks, I think he must have someone to rely on."

The Younger Nine Girl quickly calmed down. "How do you know that the Six Realms mirrors is in his hands?"

"I found out about it when I got the God Murdering Sword Techniques. That guy said that it's very likely that the Six Realms mirrors is in hell, so I took the chance to come over now." Chen Xiang casually made up a reason. Only now did he know that the Hexagonal disk was called the Six Realms mirrors, and it seemed to be very powerful.

"That's right, the Six Realms mirrors is already damaged and needs to absorb a large amount of the Six Paths of Reincarnation to repair it. As such, the Hell Devil Emperor is usually unable to take it away either, as long as the Six Realms mirrors is far from the Six Paths of Reincarnation, it will quickly be damaged. He should have been secretly repairing it for a long time." Younger Nine Girl gave a cold laugh, then asked Chen Xiang in a loud voice: "Who transferred the God Murdering Sword Techniques to you?"

"This... I also don't know who that guy is, but he said that he and I are fated to meet, so he passed it down to me. Right, this guy is very strong, and he even knows about Heavenly Alchemy s and Heaven Earth Killing Method s. " Chen Xiang said.

Younger Nine Girl immediately fell into deep thought. She thought for a while, then shook her head: "I have never heard of such a thing, the Four Great Taboo magic, in the history, you are the only one who has ever owned two sects."

Chen Xiang chuckled: "Sister Xiao Jiu, my relationship with Sister Feng is also very good. As long as you don't do any evil deeds, I am very willing to cooperate with you. Oh right, you have been here for so many years, could it be that you want Hell Devil Emperor to help you find the Six Realms mirrors."

Younger Nine Girl nodded: "I wanted him to help me find the Six Realms mirrors. I promised him, as long as he could help me find it, I would give him three pieces of Upper Heavenly God's Divine Deity."

Chen Xiang curled his lips: "This guy has already found him, but he said that he didn't, and said that I had obstructed him multiple times, and that the Six Realms mirrors is right here, if it wasn't for me, you wouldn't even know, you would have found it soon, and it's all thanks to me, look, you haven't even said that you want to cooperate with me, and I've already found half of it for you."

The Six Realms mirrors was here, but she didn't know where Younger Nine Girl was. She had already sent out her consciousness to look around.

The Younger Nine Girl snorted and said, "You can talk after you find one. I won't treat you unfairly."

Chen Xiang shook his legs and laughed: "Three pieces of Upper Heavenly God's Divine Deity."

[Chapter 1827](#)

Now that there was such a good opportunity to earn Divine Deity, Chen Xiang would naturally not let it go. Of course, he did not forget that his goal here was to retrieve the Six Realms mirrors, so the Penalty Heavenly God did not tell him its name.

Now, he could no longer bring the Six Realms mirrors back. The Younger Nine Girl in front of him was unfathomably strong, he could control him with a single finger, and there was no chance for him to do so.

As long as the Six Realms mirrors did not fall into the hands of the Hell Devil Emperor, he could be considered to have completed most of his mission.

"What, you're willing to pay Hell Devil Emperor, but you're not willing to give it to me? What's more, Hell Devil Emperor betrayed you." Chen Xiang saw that the Younger Nine Girl was hesitating, and urged: "Hurry up and make your decision, that Six Realms mirrors is extremely important to you, what is there to be reluctant about, furthermore, you and I are not mortal enemies, we are just having a little conflict."

Younger Nine Girl said in a deep voice, "Don't think that you know a lot by yourself. You actually don't know anything, do you think that my matter will be that simple?"

Chen Xiang had already been thinking about this issue a while ago, and from the looks of it, it really wasn't controlled by the Younger Nine Girl. Back then, the reason the Nine Divine Kings decided to seal the Supreme god bone away should also be because the matters of the Younger Nine Girl were too complicated.

"In other words, the Six Realms mirrors is not something that you need." Chen Xiang wanted to know more. It was clear that the power behind the Younger Nine Girl was the one that caused him to disappear all those years ago.

Younger Nine Girl's attitude towards Chen Xiang became much better, and he said: "That's right, with my current strength, it's not easy to obtain three Upper Heavenly God's Divine Deity s that I can use whenever I want."

Chen Xiang could tell that Younger Nine Girl had a lot of things he wanted to say, but he couldn't say them.

Seeing Chen Xiang's regretful expression, Younger Nine Girl said, "Even though I can't give you three Divine Deity s, I can give you other rewards."

Chen Xiang chuckled: "You can threaten me easily, if I don't help you find it, you'll kill me, wouldn't that be even easier?"

The Younger Nine Girl said coldly: "Do you think I am that kind of person? A lower god's Divine Deity, I won't do it."

Chen Xiang spread out his hands: "Of course I do, do I have any choice now? I just want to quickly leave this damned place."

With that, Chen Xiang stood up and brought her outside, walking towards a direction. Originally, he planned to look at the mysterious faces of the people who controlled the Younger Nine Girl, but after

thinking about it, that was a powerful force that could even bring down the Nine Divine Kings, if he continued to be curious, that would be courting death.

Chen Xiang followed the direction of the finger formation and arrived at a place at the edge of the Demon Palace. There was an old and old mansion here, he pointed inside: "It should be here."

Younger Nine Girl opened the door, and just as he stepped in, he immediately retreated, his face was extremely serious as he shouted at the door: "Who is inside!"

After a short while, an old voice that was neither hurried nor slow came from within, "Younger Nine Girl, you really did find this place. Hell Devil Emperor is still unable to hide anything from you."

Hearing the voice, the Younger Nine Girl said in shock, "Big ... Eldest senior brother, how could it be you?"

Chen Xiang was also surprised. The old man inside was Younger Nine Girl's big senior brother, that meant Younger Nine Girl should have a master, wasn't that master a very powerful old monster?

"The Six Realms mirrors is still in recovery period. Master told me to come here and guard it. I guarantee that nothing will happen to them." That old voice carried a few sneers. "You should know what's going on by now."

Younger Nine Girl immediately shook his head and shouted involuntarily: "I don't understand, since you all have already found the Six Realms mirrors, why didn't you tell me, and even allowed me to continue searching, why are you all hiding this from me?"

Chen Xiang felt that something was wrong. When he wanted to leave quickly, he found that his surroundings and the Younger Nine Girl's were all red. They had fallen into the old man's domain.

"We don't trust you. If you find the Six Realms mirrors, you definitely wouldn't give it to us. So we did it."

Chen Xiang suddenly saw an old man appearing in front of Younger Nine Girl. He was an old man with a head of red hair and a face covered in wrinkles.

The old man looked at Chen Xiang, then said to Younger Nine Girl: "You don't need to care about this matter, just treat it as our test to you. You being unable to find the Six Realms mirrors for so long also proves that you're not much of a threat."

Chen Xiang was standing behind Younger Nine Girl, and when she suddenly clenched her jade fists, she couldn't help but take a few steps back. Younger Nine Girl was extremely angry, because she had spent a lot of time on this matter, but did not expect it to turn out like this.

"What, you dare to be angry with me?" Seeing Younger Nine Girl's killing intent, the old man frowned and his voice became gloomy.

At this time, Younger Nine Girl was looking at the old man with a vicious gaze, her tightly clenched jade fists slightly trembling.

"I hate that look." The red-haired old man shouted angrily as he raised his old, skinny hands, and slapped Younger Nine Girl on the face.

Hearing the clear slapping sound, Chen Xiang knew that the situation was bad and retreated quickly.

Sure enough, Younger Nine Girl was already so angry that she could not hold back anymore. Her beautiful body released waves after waves of terrifying aura, and her black hair started to dance about, venting out her endless anger.

"Old bastard." Younger Nine Girl shouted hoarsely. His fist shot out like lightning, striking the red-haired old man's face and releasing a deep purple glow.

"I'm going to smash your face today." Younger Nine Girl waved his hands, and a few purple light rattans appeared, binding the red haired old man who was rushing over.

The red-haired old man's red domain instantly shattered, turning him into the Younger Nine Girl's purple Space Domain.

"Little bitch, what are you doing?" The red-haired old man did not expect the Younger Nine Girl to be so powerful, he was shocked.

Younger Nine Girl gnashed his teeth and said: "You have beaten me for so many years, I will return it to you now."

As she spoke, a long whip filled with black thorns appeared in her hand. With a few 'shua shua' sounds, she whipped the red-haired old man's face a few times.

"You're dead. Master will be here soon." The red-haired old man grinned fiendishly, "It's too late for you to kill me now. Although your strength has exceeded my expectations and is even a lot stronger than mine, it won't be that easy for you to kill me. If I were you, I would run far away right now."

"Hurry and take the Six Realms mirrors away." Younger Nine Girl anxiously shouted to Chen Xiang. Her hands slapped the old man's face back and forth, and in that instant, she had whipped him hundreds of times.

Chen Xiang anxiously walked into the house, Younger Nine Girl formed a seal with his hands, as though he was going to use a powerful technique.

[Chapter 1828](#)

"The Six Realms mirrors has already consciously absorbed the six divine powers and is repairing itself. Let alone this little demon, even if Master were to come, it would not be easy to take away." The red-haired old man was very calm. Although he was very angry in his heart, when he thought about how the Younger Nine Girl would not be able to escape, and how he would definitely be captured and fiercely retaliated, he felt a lot more at ease.

Chen Xiang did not listen to his nonsense. After rushing into the house, he saw a black hexagonal mirror floating above a pool that was flickering with white light.

That pool of sparkling white light should be the six streams of divine power.

Chen Xiang floated over, he grabbed onto the Six Realms mirrors with both of his hands, but he could not move it even an inch.

He became extremely anxious and asked Long Xueyi, "What do we do? This thing is not easy to take away. The red-haired Old Demon's master is coming over, it must be a god."

"Quick, drip some blood." Long Xueyi said anxiously: "It's not ordinary blood, this blood was forced out from your Supreme god bone."

Chen Xiang immediately did as he was told and immediately forced out a drop of blood from the inside of his skeleton. This drop of blood was not red in color, but rather silvery white, and contained a very dense amount of energy.

After the drop of God's Bone landed on the Six Realms mirrors, a silver white light flashed explosively. Seeing this kind of light, Chen Xiang was shocked, because this light was the same as the Protector God's light emitted by the Chaos Fire Token, it was even stronger than the Protector God's light.

"Quickly use the Devouring magic kungfu, help Six Realms mirrors absorb the six divine powers." Long Xueyi said again, all of these things suddenly appeared in her mind.

After Chen Xiang sensed the connection between him and the Six Realms mirrors, he was ecstatic. At the same time, he channeled his Devouring magic kungfu and quickly absorbed the six streams of Divine Powers.

When absorbing, it was not completely used to repair the Six Realms mirrors, but to store a large amount of the Six Paths of Divine Powers into the Six Realms mirrors, and then wait for the Six Realms mirrors to absorb the stored Divine Powers in order to repair itself.

Chen Xiang had to admit that this Six Realms mirrors was indeed very mysterious, and was not an ordinary divine tool. With his assistance, the speed at which the Six Realms mirrors was absorbing the six divine powers was extremely shocking, like swallowing the ocean, and he could clearly feel its speed.

"Have you taken it out yet? If you can't, then hurry up and leave. The Highest Devil God is coming." The Younger Nine Girl outside shouted anxiously. She did not plan to abandon Chen Xiang and run away by herself, this made Chen Xiang feel very touched.

Chen Xiang shouted, "Give me some more time."

The red-haired old demon laughed savagely. "Stop struggling. Just obediently wait for Master's arrival. By then, you'll know what it means to rather die than to live."

Just as he finished laughing, Chen Xiang teleported in front of him. He had already succeeded, the Six Realms mirrors had already fused into his body, even the red-haired old demon could not see it.

"Don't you want to kill him?" Chen Xiang asked, the red-haired old demon had already been tormented by the Younger Nine Girl to the point of being insatiable, but he did not die.

"It's very difficult to kill, he has the Highest Devil God's spirit energy to protect his body, his bones are very firm and hard to break, his divine soul are even more so tightly protected ..."

Just as Younger Nine Girl finished speaking, Chen Xiang took out his God Slaughtering Sword and sliced the grinning red hair into eight pieces, then sprinkled a large amount of God-eclipse powder towards the head.

"It's actually the Supreme Divine Sword ... And there's also the God-eclipse powder, ah ... " Chen Xiang had already activated Soul Absorbing Devil Spell and Devouring magic kungfu on him, taking away his Divine Deity in large numbers, then used his spatial energy to seal it up and keep it in the ring.

Chen Xiang never thought that things would go so smoothly. He had done this before, he never thought that it would be so easy to deal with the red-haired old demon.

When Younger Nine Girl saw this scene, he was shocked and anxiously shouted, "It's too late, Highest Devil God is here!"

A majestic and vast power suddenly appeared. The entire Infernal Realm suddenly trembled. The Infernal guards outside were so intimidated by this pressure that they were unable to stand up and they all knelt on the ground.

"I can make it." Chen Xiang anxiously took out the formation plate that the Penalty Heavenly God had given him, pulled the Younger Nine Girl to his side, then opened the formation plate. In the blink of an eye, he left hell, and arrived in the forest garden where the Penalty Heavenly God was.

Chen Xiang heaved a long sigh, he was not worried about bringing trouble to the Penalty Heavenly God, he was sure that the Penalty Heavenly God knew the origins of the Six Realms mirrors, and maybe even knew that some Highest Devil God would have a way to deal with this Six Realms mirrors.

"This is the Punishment Hall." Younger Nine Girl asked in a deep voice, "Was it Penalty Heavenly God who teleported you to hell?"

"We'll talk about it in the future. Hide yourself first..." Just as Chen Xiang finished speaking, the Penalty Heavenly God appeared.

"There's no need to hide." Penalty Heavenly God looked at Younger Nine Girl, he seemed to know a few things.

Younger Nine Girl snorted, because she knew Chen Xiang had deceived her.

Penalty Heavenly God pointed to a stone chair to the side and indicated for Younger Nine Girl to sit down: "I was the one who sent him to get the Six Realms mirrors. You have been waiting in hell for Hell Devil Emperor to find the Six Realms mirrors, but you did not know that Hell Devil Emperor had already found the Six Realms mirrors."

Chen Xiang curled his lips: "With such a powerful red-haired old demon watching us, and you still telling me to go, I was almost killed by that guy ... And that whatever Highest Devil God is also here. "

Penalty Heavenly God said: "Aren't you back now, and have taken away the Six Realms mirrors."

Chen Xiang had already obtained it, but he wanted to buy it himself. That Six Realms mirrors was no ordinary divine tool, he lied: "I didn't get it, so it's not easy to take that thing away."

Penalty Heavenly God sneered: "Don't lie to me, Highest Devil God's anger has already reached all divine palaces, and only when the Six Realms mirrors is taken away would he act like this."

Younger Nine Girl glared at Chen Xiang. "You actually got it, hand it over."

Chen Xiang stuck out his tongue: "No, this is mine."

With Penalty Heavenly God here, he was not afraid of her.

I miscalculated, I really did not know that the red-haired old demon was guarding there, moreover he could call Highest Devil God over at any time, and almost caused your death, luckily you were lucky.

Penalty Heavenly God arrived in front of Chen Xiang and extended his hand out, saying, "The Six Realms mirrors is yours, I just wanted to take a look."

Chen Xiang was helpless, he could only take it out. It was only a silver hexagonal mirror, there was nothing special about it.

After looking at it for a bit, Penalty Heavenly God gave it back to Chen Xiang, "As long as you don't fall into the hands of Hell Devil Emperor and Highest Devil God, you can keep it safe."

Younger Nine Girl gritted his teeth: "This is mine, I spent so much time on this Six Realms mirrors, in the end, I actually let you kid, quickly give it to me."

Penalty Heavenly God pressed his hand on Younger Nine Girl's shoulder: "You don't have a Supreme god bone, and are unable to control it, so it is useless for you to come here. Right now, the Six Realms mirrors has not been repaired, and he needs Chen Xiang's help to continue repairing it."

[Chapter 1829](#)

Penalty Heavenly God knew so much, and even knew so much about this Younger Nine Girl in front of him. This made Chen Xiang wonder if this Penalty Heavenly God was related to him.

"I can't let it go. I've wasted so much time and effort just for this. I'm not willing to give up." Younger Nine Girl flew fiercely, looking as if he was about to swallow Chen Xiang whole.

Chen Xiang anxiously hid behind Penalty Heavenly God and laughed: "You are useless, the Six Realms mirrors is fated to be with me, I just merged it with just a drop of blood. Now, even if I give it to you, the Six Realms mirrors is not willing!"

Younger Nine Girl clenched her teeth as she stared at Chen Xiang. She didn't really want the Six Realms mirrors, but she was very angry now, because after running around for so many years for the Six Realms mirrors, she was finally played like a monkey. All these years, she had endured much humiliation before being slapped by the red-haired old demon many times.

Although the red-haired old demon had already been killed by Chen Xiang, Younger Nine Girl still did not calm down.

"Right now, you have to consider the matter before you. Highest Devil God has already come out, and he already knows that you betrayed him. Penalty Heavenly God said in a serious tone: "Fortunately Highest Devil God doesn't dare to disobey Supreme Divine Palace now, so he won't act recklessly. But towards you, he doesn't need to worry!"

Younger Nine Girl was even angrier now: "It's none of my business, the red-haired old demon was killed by this brat, the Six Realms mirrors is also in his hands, why would Highest Devil God want to capture me!"

Chen Xiang anxiously said: "Young mistress Xiao Jiu, please do not tell anyone, help me keep this a secret, at least I helped you kill the red-haired old demon, and did not let the Six Realms mirrors fall into the hands of the Highest Devil God, for you, this should be a very venting of your anger!"

Younger Nine Girl snorted. She thought about it, and felt that she might be satisfied, but the benefits were already taken by Chen Xiang.

Penalty Heavenly God said: "Do you need my help? I will do my best to protect you so that you won't be found by Highest Devil God. But you have to listen to me.

Chen Xiang asked: "Can't she stay here? I think it's good here!"

Younger Nine Girl shook his head: "Highest Devil God can easily find me. If I stay here, it will only bring him trouble!"

Penalty Heavenly God nodded his head, "That's right, for your safety's sake, I can only send you to that place. Highest Devil God is unable to reach that place, and he won't be able to find that place either!"

Younger Nine Girl frowned. She already knew what kind of place it was and nodded her head helplessly.

"It can't be... Divine Prison. " This place suddenly appeared in his mind. That place was indeed very safe inside the Divine Prison, and there was even the power of the True God that was affecting that place.

Younger Nine Girl stared at Chen Xiang: "That's right, do you want to go there to accompany me!"

Chen Xiang curled his lips and said: "I'm not very familiar with you, why should I accompany you!"

Younger Nine Girl appeared beside Chen Xiang in a flash and kicked him hard on his butt. "You're still saying that you're not familiar with me, if it wasn't for me, can you even obtain the Six Realms mirrors and the Divine Deity of the red-haired old demon? These are all good stuff, you heartless bastard!"

Chen Xiang rubbed his bottom, and laughed heartlessly: "This is all because of my luck, and it has nothing to do with you. If it wasn't for me, you probably would have already been captured by that Highest Devil God, you should be thanking me!"

Penalty Heavenly God frowned, and said in a deep voice: "Stop being so noisy, I'll send you to Divine Prison right now. Cultivate properly inside, as long as you enter the realm of the Supreme God, you will no longer be afraid of Highest Devil God!"

The Younger Nine Girl snorted, he closed his eyes and took a deep breath, then relaxed his entire body, only to see the Penalty Heavenly God taking out an array disc. He controlled the array disc to float above the Younger Nine Girl, and the array spun, releasing a silver light beam to envelop the Younger Nine Girl.

Chen Xiang asked: "Penalty Heavenly God, what the hell is wrong with her? Didn't she betray Nine Divine Kings back then? I had thought that she was the Mei Emperor.

Penalty Heavenly God said: "She didn't betray Nine Divine Kings, she just wanted to help Nine Divine Kings ... That's why she did it, it's just that she never succeeded, and instead wasted a lot of things searching for Six Realms mirrors. That's why she's so angry right now! "

Chen Xiang said in shock, "Doesn't that mean Nine Divine Kings and Feng Yujie misunderstood her?!"

The Penalty Heavenly God nodded her head, "This is exactly the effect that she wants. Only then can she successfully approach the Highest Devil God and gain the trust of the Highest Devil God. does not truly trust her! "

Chen Xiang suddenly felt extremely guilty, because the Supreme god bone in his body was prepared by the Nine Divine Kings for the Younger Nine Girl, it was just that at that time, the Nine Divine Kings thought that the Younger Nine Girl had been devoured by the Evil Spirit, and did not hand the Supreme god bone over to the Younger Nine Girl.

"Does she have a name?" Chen Xiang asked again.

"No, she would only approve if Nine Divine Kings gave her a name, so for all these years, she has always been called this way." A look of guilt flashed across Penalty Heavenly God Xiang's face as he said: "You don't have to feel guilty. You have obtained the Supreme god bone.

Chen Xiang curled his lips: "How do you know that?! Where exactly do you come from!"

Penalty Heavenly God's face sank, with a stern look on his face: "One of the Divine Kings is my grandfather!"

"This ..." Chen Xiang was stunned, no wonder the Penalty Heavenly God was so powerful and knew about such a thing.

He suddenly suspected that the Devil-killing Heavenly God might also be related to the Divine King, if not why would his relationship with the Penalty Heavenly God be so good.

His father cultivated the Heavenly Body and Heavenly Alchemy, so his whereabouts were unknown. His grandfather was also a Divine King, and he was also an outstanding Divine God.

"Penalty Heavenly God, do you know what happened inside the Nine Heaven Devil Palace now?" Chen Xiang felt that Penalty Heavenly God should know something.

"I don't know, not even my father." Penalty Heavenly God shook his head: "You must not try to enter Nine Heaven Devil Palace now!"

Now Chen Xiang understood why the Azure Dragon that year was only profound God's, and was willing to make Penalty Heavenly God his friend. It turned out that this Penalty Heavenly God knew that the Azure Dragon was a powerful Divine Beast from that year, and in the future, the Azure Dragon would awaken its memories, possessing the strength of its previous life.

"I never thought that the great battle would end so soon. From today onwards, the reputation of the Hell Devil Emperor will forever disappear." Penalty Heavenly God closed his eyes, as if he was there.

"Hell Devil Emperor is dead." Chen Xiang said in pleasant surprise. The battle between Hell Divine Palace and him had not been held long ago, yet there was actually a conclusion to the battle.

The Penalty Heavenly God shook his head: "No, it's just that the Hell Divine Palace is heavily injured, all the gods are injured, and I am going to take over the Infernal Realm. This is something that the all divine palaces has already tacitly approved."

[Chapter 1830](#)

The Hell Devil Emperor was still alive, so Chen Xiang had to be on his guard. Although the Hell Devil Emperor had lost, that did not mean that he would decline, and perhaps rise again. After all, the Hell Devil Emperor had been here for so long, and was connected to the Highest Devil God behind the scenes.

With regards to the matters of the Highest Devil God, the Penalty Heavenly God did not reveal too much. It was clear that he did not want Chen Xiang to know too much about this matter.

"You can continue to stay here. After I've confirmed the situation outside, I'll let you out. I don't know what Highest Devil God plans to do yet, and I don't know if he has already found out that the Six Realms mirrors was obtained by you."

After Penalty Heavenly God said this, his body became blurry and then disappeared.

Only the Penalty Heavenly God and the Younger Nine Girl knew that the Six Realms mirrors was in Chen Xiang's hands. The red-haired old demon also didn't know that Chen Xiang had already gotten the Six Realms mirrors.

However, Penalty Heavenly God was still worried. If she knew that the Six Realms mirrors was in Chen Xiang's hands, then Chen Xiang would probably go and hide in hell.

Right now, Chen Xiang could only stay here. He had to properly plan out what he had to do in the future, there were simply too many things he had to do, the most important thing right now was to become stronger in ten years, and then go to the Supreme Divine Palace to train.

"Xue Yi, does your incomplete memories have anything to do with this guy? Is this guy really the grandson of a Divine King, then who is his father? He actually cultivates two Taboo magic s, Heaven's Body and Heavenly Alchemy." Chen Xiang hoped that Long Xueyi could retrieve something from her memories.

Previously, when they were collecting the Six Realms mirrors, Long Xueyi had told Chen Xiang how to do it.

Long Xueyi shook his head: "I don't know, if I had it in my memories, the moment I saw him, it would have popped out of my memories."

Memory is like this. Perhaps you can remember the names of many acquaintances, but it is very difficult to say the names of all those acquaintances in a short period of time. However, after seeing that group of acquaintances, you can easily say them one by one.

Chen Xiang did not dare to take out the Six Realms mirrors, afraid that the Highest Devil God would sense it.

"But I know the background of that Highest Devil God, he is also one of the Supreme Divine Palace, he is mainly responsible for the devilish way of the six paths, I do not know the specifics, in short, he is very powerful, he is one of the six Divine Kings in the Supreme Divine Palace."

Hearing Long Xueyi say that, Chen Xiang anxiously asked: "Then what is this Six Realms mirrors, could it be that it was created by the six Divine Kings?"

Long Xueyi said: "No, the Six Realms mirrors seemed to be formed naturally, I don't know of its specific usage, maybe after I recover some of my memories, I will know a bit."

Helping Long Xueyi to recover his memories from his previous life was also a very important matter.

Not long after, Penalty Heavenly God returned. He nodded at Chen Xiang: "You can go back now."

... ..

Chen Xiang returned to the Devil-killing Divine Palace, but was not heavily injured, because the battlefield was the Hell Divine Palace, and inside the Devil-killing Divine Palace, he saw many injured disciples. In this battle, none of the disciples died, and the majority of them were the Devil-killing Heavenly God and more than ten powerful Divine God disciples.

Devil-killing Heavenly God was currently resting. In order to reduce the number of casualties, he had used his full strength from the very beginning, so Chen Xiang could only see Devil-killing Heavenly God's avatar.

After finding out that Chen Xiang had returned, the Devil-killing Heavenly God sent him to a secret floor. He had already found out from the Penalty Heavenly God that the Six Realms mirrors had fallen into Chen Xiang's hands.

"Before the Six Realms mirrors is completely repaired, you must not let this space out. Once the Highest Devil God senses it, the consequences will be severe." Devil-killing Heavenly God warned Chen Xiang the moment he saw him.

Chen Xiang nodded his head: "Main Heavenly God, just what uses does this Six Realms mirrors have? I have obtained the Six Realms mirrors, how can I make good use of it."

The Devil-killing Heavenly God sighed: "The Six Realms mirrors is a divine object raised by six paths, I don't know its true purpose. Back then, the Six Realms mirrors had once fallen into the hands of the Highest Devil God, and was then snatched away by the Nine Divine Kings. Before the Nine Divine Kings went missing, it was used by one of the Divine Kings of the Nine Divine Kings to battle, and after being heavily injured, its location is unknown.

Chen Xiang was very curious about the power of the Six Realms mirrors, he could only wait for the Six Realms mirrors to repair itself before he could take it out and research it.

"I have already sent Xiao Chou over to a friend's place. This is to let him have a greater confidence in passing the Supreme Divine Palace's trial. You need to carefully consider this matter in the future." The Devil-killing Heavenly God said: "In terms of your cultivation, I have nothing to guide you in. It is all because of your own comprehension.

Devil-killing Heavenly God instructed a few more things before letting Chen Xiang leave.

When Chen Xiang came out, he immediately went to find Wang Jinshi, who was also waiting for him.

"Senior Sister, are you hurt?" Chen Xiang saw that Wang Jinshi's face was pale white, and couldn't help but be worried.

"Of course I'm fine. You don't even know whose daughter I am." Wang Jinshi laughed tenderly: "You don't have to worry about Hell Devil Emperor bothering you anymore. This guy should be recuperating right now, his shrimp soldiers and crab generals, our Devil-killing Divine Palace will continue to hunt them down."

Chen Xiang smiled and nodded: "Thank you so much. I will be more relaxed in the future."

Wang Jinshi patted Chen Xiang on the head: "You can rest in peace and prepare to take on the Supreme Divine Palace's trial. I will be going into closed door cultivation soon, when you see me again, I will be a god."

After that, Chen Xiang and Wang Jinshi headed to the hotel in the Divine City, and continued to drink with Zu Chao and the others, all the way until dawn.

After daybreak, Chen Xiang left Devil-killing Divine City alone.

When Chen Xiang arrived, he directly rushed to Yang Yan's hotel. At this moment, the place was still talking about the great defeat of the Hell Divine Palace.

Although the God of Fortune had a cooperative relationship with the Hell Devil Emperor, the God of Fortune did not help out in the previous great war. It was the same for the other halls that had some connections with the Hell Divine Palace, as they were obviously afraid of provoking the Devil-killing Heavenly God. Furthermore, the Hell Devil Emperor had secretly done a lot of shady things in the past few years.

Yang Yan was already the profound God, and looked like he was a playboy. But in Chen Xiang's eyes, this Yang Yan was a terrifying person who hid his strength well, fortunately, he was not his enemy.

This time, it was not easy seeing Yang Yan, because Yang Yan was not in the hotel, he was already out, so Chen Xiang could only wait patiently.
