

Dan God 1911

[Chapter 1911](#)

After Jiu Hanrou got up, he looked at Chu Yunhui and chuckled, "Yunhui, you're still the same. You must be feeling conflicted right now."

With that, Chu Yunhui hugged Jiu Hanrou tightly in tears. Just a moment ago, she looked extremely fierce, but now, she was as weak as a little girl.

"Hurry up and explain, your explanations are not good, I will still kill you." Chu Yunhui cried.

Chen Xiang rubbed his back, curled his lips, and said: "I'm already in so much pain, and no one cares about me, I didn't even cry."

To make a long story short, Jiu Hanrou told her idea of choosing to be a spy and infiltrate the enemy ranks.

"But in the end, I was still wrong. I didn't get anything from the Highest Old Devil and spent a lot of time helping him search for the Six Realms mirrors." Jiu Hanrou softly sighed as he hugged Chu Yunhui.

Chu Yunhui had already stopped crying and nodded: "This is not your fault. At that time, the Nine Divine Kings's influence had already disappeared, so it's understandable that you thought of a way to redeem yourself from doing such a thing. As long as you don't betray Nine Divine Kings in your heart, it's fine."

It was only then that Chu Yunhui remembered Chen Xiang, who had helped Jiu Hanrou block a sword strike, and asked: "Who is this man, and why are you together with him? Furthermore, he has a profoundwu clothing."

When Chen Xiang stepped out to block the sword at this critical moment, he could see that had a good personality and was very concerned about Jiu Hanrou. It was obvious that the relationship between the two was not ordinary.

"Nine Heaven Devil Palace was summoned by me ..." When Chen Xiang said this, he was interrupted by him: "It's Deities Templar, Nine Heaven Divine Palace."

Jiu Hanrou immediately told Chu Yunhui about Chen Xiang, as well as her naming him Jiu Hanrou.

"This guy actually stole what belongs to you." Chu Yunhui frowned as he looked at Chen Xiang, "But he's not bad, he's trying to save you with his life."

Chen Xiang chuckled: "Actually, I have a good relationship with Sister Yu Jie. She has always been taking care of me."

Chen Xiang also found it very interesting that the grave keeper was such a woman. Furthermore, their relationship was very good, just like two sisters.

"Yunhui, I thought you were already ... I didn't expect to see you again. " Jiu Hanrou gently hugged Chu Yunhui again.

I have been here the entire time. Even though the divine hall has been sealed, it has not affected me here. Back then, the Nine Divine Kings told me to stay here and not run around. After all these years have passed, I am still very happy that you suddenly came back. Chu Yunhui giggled.

It had been many years since he last saw a living person, and hearing these words made Chen Xiang feel weird, as if he was hearing a ghost.

The two girls had a lot of things to say. Chen Xiang sat at the side and played with the God Slaughtering Sword, but this Chu Yunhui had stayed here for so long, everything was fine. This showed that this damned place was very safe, so Chen Xiang didn't need to be on guard.

Chu Yunhui found out from Jiu Hanrou that he owned the map, she looked at the map that Chen Xiang drew and frowned: "This is the map of the Divine Palace at the beginning, it was altered in many other places after that, I have never been to the marked places, I only know that there is a cave there, and there are not many people who know about this cave, even you do not know, it was just by chance that I know about it. At that time, the Nine Divine Kings told me not to go out, and I can't go in either."

Chen Xiang said: "How do we get there, the road here has changed greatly."

Jiu Hanrou was puzzled: "I have lived in the Divine Palace for many years, but I did not know that there was a mountain at the back of the Divine King's Hall.

Chu Yunhui said: "At that time I was also confused, and only found out later on that there was an extremely profound illusion array, that's why I couldn't see it, I was just able to see through it."

"I know the way, let's go now." Jiu Hanrou said.

Chen Xiang was already impatient, he felt that he could go to that place and maybe find a way out. He did not want to be trapped in the Nine Heaven Devil Palace, if he did not have the map or Jiu Hanrou to lead the way, he would have been eaten long ago.

"Yunhui, come with us." Jiu Hanrou pulled Chu Yunhui's hand.

"No, I will continue to guard this place. I believe that the Nine Divine Kings will definitely return." Chu Yunhui shook her head and said to Chen Xiang: "Your sword does not have Divine Deity, let me give you one, this is the most suitable for a divine sword."

Chu Yunhui took out a light green Divine Deity and handed it over to Chen Xiang. She also knew that Chen Xiang was not an ordinary person and had summoned the Nine Heaven Devil Palace.

Chen Xiang received it and fused with it with his blood, allowing it to enter the interior of his body. Then, it would pass through his body and fuse into the God Slaughtering Sword.

The process of fusion had gone extremely smoothly. When the Divine Deity entered the God Slaughtering Sword, the divine soul inside the sword would be awakened. In this way, the God Slaughtering Sword would be complete.

"Haha ..." Chen Xiang poured the Six Realms' Power into the God Slaughtering Sword, causing both Jiu Hanrou and Chu Yunhui's expressions to change greatly.

"The six Divine Lords ..." The two girls shouted in alarm.

Long Xueyi, who was inside the ring, was also shouting in shock, because the aura Chen Xiang was releasing right now was just too similar to the six Divine Lord s.

"Six Divine Lord s? Who is that?! Is it the six Divine Kings?" Chen Xiang retracted his power, as he was completely confused.

"The six Divine Lord s are the same as the Heavenly Divine Lord, they were all exterminated, and the six Divine Lord s have also preserved their own small force, namely the Six Realms Divine Palace s. The Six Realms Divine Palace s have six Divine Kings, the Highest Devil God is one of them and the head of the six Divine Kings is the son of the six Divine Lord s, he's already gone missing." Jiu Hanrou explained.

Chu Yunhui nodded her head, "The six Divine Lord s, six Divine Kings, and six Divine Monarchs are all three generations old but they are all missing now. Their most obvious features are the God-killing sword and the Six Realms' Power.

Jiu Hanrou sighed: "What a pity, the Six Realms Divine Palace has basically been controlled now, and there is no hope for the six Divine Nations s to return to their country."

Chen Xiang said: "There's no hope for us to restore our country, we can just eliminate the other Nine Gods Nation and build them back then."

"How could it be that easy? Even if we don't talk about the Nine Divine Kings, the Nine Nether God Yan Jing couldn't do it back then." Jiu Hanrou shook his head: "Let's continue walking, we should first go to that place to see what clues Nine Divine Kings has left."

After bidding farewell to Chu Yunhui, Chen Xiang continued to follow Jiu Hanrou forward. They quickly walked out of the mausoleum group and arrived at a brand-new building group. The buildings here were all made from red wood and there were thousands upon thousands of them.

"Xue Yi told me that back then, there were only ten Divine Nations s. Why would another six Divine Nations appear now?" Chen Xiang looked at the gate of the city gate tower at the very front of the group of buildings.

[Chapter 1912](#)

Jiu Hanrou walked under the city gate tower, pushed open the red wooden gate and said: "The six Divine Nations s were the first to have been annihilated, and at that time, the Heavenly Divine Lord took the opportunity to quickly rise while the other nine nations were severely injured, and thus became the new tenth Divine Nations. But not long after, we will be like the six Divine Nations s."

Long Xueyi said: "Right now, there might already be a new tenth Divine Nations that has risen up, and the other Nine Gods Nation are repeating what happened back then, so the Nine Gods Nation does not pay attention to the Gods Realm right now, and should be preparing to eliminate the new tenth nation."

When Chen Xiang and Jiu Hanrou walked through the city gate, they saw all sorts of buildings. However, they were empty and cold, like a ghost city.

... ..

Outside of Nine Heaven Devil Palace, a man dressed in a golden robe suddenly appeared. He held a golden folding fan in his hand, and slowly landed on the pathway that led to the main entrance, step by step, he walked towards the main entrance of the Nine Heaven Devil Palace.

"As expected of something created by the Heavenly Divine Lord. It has some skill. Even though it was sealed, it was still able to produce such a strong backlash." The man was walking on the road in the middle of the army of skeletons and was actually able to wave the folding fan in his hand. When Chen Xiang and the others had entered the house, they had not listened to him at all.

After the golden robed man entered the Nine Heaven Devil Palace, he quickly found the God of Fortune and the others.

Only the God of Fortune, the Fire God, the Goddess Palace Leader, the War God Shrine's master, the Hell Devil Emperor, and the others were still alive.

"I miscalculated." The Hell Devil Emperor said to the golden-robed man: "I don't understand, why Chen Xiang can summon the Nine Heaven Devil Palace, only Feng Yujie should be able to."

The gold gowned man nodded his head: "I also thought it was strange, that's why I came to take a look. Let's go to the Heavenly Divine Palace, the higher ups ordered me to go there to investigate."

For the golden-robed man to be able to enter so easily while also having them be called over, he must be extremely powerful. The War God and the Fire God didn't dare to say anything. They had no choice but to follow.

The God of Fortune, the Goddess Palace Leader, and the Hell Devil Emperor clearly knew who this golden-robed man was. After all, they were all puppets.

In the future, the three of you, listen to my orders. I will take over the affairs of the Highest Old Devil. The gold gowned man said: "After a while, those fellows from the Divine Prison will come out, it's time to suppress the power that this place has dug up, and those fellows from the Divine Prison are the best fighters, needless to tell them, they can suppress the power that has risen up here."

The strongest power that rose up from the Gods Realm was only from the Upper Heavenly God, so it was very difficult for them to even give birth to a Supreme God. This was all because of the suppression from the Divine Nations which destroyed all the cultivation techniques to the Supreme God, and only the Supreme Divine Palace, Beast Divine Palace and Six Realms Divine Palace possessed them, but these three shrines were also infiltrated by the Nine Gods Nation to such an extent that they were not passed down to outsiders.

"The devil slayer has a very good chance of entering Super God Realm, so we must stop him. If he becomes too divine, it would be difficult to deal with him."

The golden-robed man walked in front. He was actually very familiar with this place. He didn't walk on the path of tombs, but on another path instead.

"I'll take care of it after I check this out." The golden robed man looked at the buildings in the distance and said, "We are still too late. Someone has already entered the Heavenly Divine Palace."

The God of Fortune replied, "It must be Chen Xiang. Chen Xiang this guy summoned the Nine Heaven Devil Palace, and he seems to be very familiar with the place."

... ..

After Chen Xiang and Jiu Hanrou entered the Heavenly Divine Palace's buildings, they went straight to the God King's Main Hall, the place where the Nine Divine Kings normally gathered the various hall masters for their meetings.

The mountain that Chu Yunhui was talking about was the garden at the back of the Divine King's Hall.

"This is that garden, why haven't I seen that mountain? Could it be that we have to break that illusion formation?" Jiu Hanrou walked in the middle of the garden and gently caressed those colorful flowers. She could smell the fragrance that the flowers released, and no matter how she looked at it, it was very real, and it was hard to imagine that this was all released by the Illusory Formation.

Chen Xiang suddenly remembered, after he had merged with all the Chaos Fire Token, other than the map that had rushed into his mind, there were also a large number of Spirit grain and Array.

"Those Spirit grain." Chen Xiang immediately told Jiu Hanrou about this.

"You should be able to break the illusion array if you use those Spirit grain s to form a formation." Jiu Hanrou asked: "Can you do it?"

Chen Xiang nodded his head: "No problem, I just need a bit more time."

Jiu Hanrou said: "Alright, this place is safe, you can rest assured."

However, just as she finished speaking, her expression changed. She shot to Chen Xiang's side in a single stride, grabbed hold of Chen Xiang, and then hid behind a fake mountain.

"Stop hiding, I know you are here." The golden robed man arrived quickly, bringing the God of Fortune, Hell Devil Emperor and the others with him.

Someone actually appeared here, and it was someone that Jiu Hanrou was very afraid of, Chen Xiang cursed in his heart. Just as he was about to break the array and see the mountain, such a person suddenly appeared.

Chen Xiang sent a sound transmission to Jiu Hanrou: "What is this fellow, trapped inside the Divine Palace in the first place?"

Jiu Hanrou shook his head and replied with a sound transmission: "No, he came in from the outside. Although his strength is not as strong as the Highest Old Devil's, but his status is very high, and he has the Emperor's bloodline in his body. The Highest Old Devil must listen to him."

Chen Xiang replied: "So it's a noble. How strong is he?"

Jiu Hanrou did not answer but chose to think of a way to escape. However, she knew that it would be difficult to escape now: "He can't win, he is a god with more than ten Divine Deity s. To have such strength at such a young age, only the royal families of the Divine Nations can do it."

Chen Xiang said: "I will start setting up the array now, I will set up the array formation inside the Six Realms mirrors. After it is done, I will control the Six Realms mirrors to shine out."

Jiu Hanrou nodded his head: "As soon as possible, even though this guy is strong, he also wasn't able to see through the illusion array."

He released the Six Realms mirrors in the middle of the Divine Sense Sea and started to merge with Long Xueyi. Four divine soul were helping him to set up the array inside to break through the illusion array.

The golden robed man led Hell Devil Emperor and the others and gradually approached the fake mountain. When they came to the rear, Chen Xiang and Jiu Hanrou saw them.

However, they did not see Jiu Hanrou and Chen Xiang. This was all because of the treasure in Jiu Hanrou's hands.

"gave me this treasure. It can only make us invisible for a period of time. We can't hold on for much longer, you should do it as soon as possible." Jiu Hanrou was very anxious in his heart, because once they were discovered, they would be finished.

[Chapter 1913](#)

Seeing that there was no one here, Hell Devil Emperor asked: "Young Noble, did they already leave?"

The golden-robed man shook his head. "They haven't left. Their auras are still here, but they've suddenly disappeared. They must have used some sort of magic treasure. If they move, I can sense them."

The God of Fortune asked, "Aren't Chen Xiang the only one among them?"

The golden-robed man's eyes were closed, but he had sensed the surroundings. He said: "No, there's still the Younger Nine Girl, I never thought that she had also entered the Nine Heaven Devil Palace, she probably came in very early, she has always known where the Nine Heaven Devil Palace is."

Hell Devil Emperor also knew about the Younger Nine Girl, and they were very familiar with each other as well. Now that the Younger Nine Girl and Chen Xiang had teamed up, he felt angry just thinking about it.

"This woman, she was the one who lost the Six Realms mirrors back then. If not for her, the Six Realms mirrors would not have fallen into Chen Xiang's hands." Hell Devil Emperor said fiercely.

The golden-robed man closed his eyes and said indifferently: "Don't be angry, the Six Realms mirrors will return to us soon. At that time, both of them will die, and we just need to find them now."

Chen Xiang and Jiu Hanrou could hear their words and became even more anxious. This golden-robed man was truly powerful, and was still able to remain calm even now. It was as if he was extremely confident in capturing them.

Chen Xiang was speeding up her construction of the array, she had completed a lot of the array, and although Jiu Hanrou was anxious in his heart, he did not urge her. She was worried that this would delay Chen Xiang's progress.

"Alright." Chen Xiang suddenly heaved a sigh of relief: "I can start using it now, but I wonder if it will work."

Jiu Hanrou also let out a sigh of relief in her heart, but whether or not she could succeed was one thing, so she immediately became nervous again.

Chen Xiang summoned his Six Realms mirrors, instigating it, he shot out the runes carved into it, and at that moment, the golden-robed man opened his eyes, and the fan in his hands swept out a burst of metal wind towards Chen Xiang and Jiu Hanrou.

Jiu Hanrou's reaction was also extremely fast and nimble. She pulled Chen Xiang and immediately jumped towards the white light emitted by the Six Realms mirrors, avoiding the golden-robed man's attack.

The golden-robed man had also seen the world within the white light and shouted out, "This is an illusory magic array! There's a place in the East Hidden Province where they've broken this illusory magic array!"

... ..

After and Jiu Hanrou deciphered the illusion array, they arrived at a patch of grass. They were lying on their backs in the grass and could see the tall green mountain in the distance.

"So dangerous, it's safe now." Chen Xiang sat up and laughed out loud: "That guy should be unable to break this illusion array, maybe this was set up by the Heavenly Divine Lord."

Jiu Hanrou also revealed a charming smile, "It must have been set up by Heavenly Divine Lord. Nine Divine Kings's method of laying out the array is not like this."

They had finally come to this mysterious place, but Chen Xiang and Jiu Hanrou were still worried. There was a powerful Supreme God outside, and they didn't know if they could find a way out from this place.

"First, let's see what the Nine Divine Kings is hiding here. No matter how powerful that guy outside is, without a Spirit grain that can break the formation, he won't be able to enter for a while." Jiu Hanrou had been extremely nervous just now, and she had almost been caught red-handed. The consequences were unimaginable.

Jiu Hanrou walked towards the big green mountain in the distance. There was a cave there.

As Chen Xiang followed behind her, he looked at the scenery around him. He felt that this was not just an illusion array, it could be considered a dimension, because this place seemed to be even larger than the entire Heavenly Divine Lord.

Deep inside the cave, Chen Xiang and Jiu Hanrou only saw a small formation plate, and there was nothing else. This formation plate was densely packed with formation patterns, and it was extremely profound and complicated.

Jiu Hanrou said: "Let me try and see if I can activate this array disc. Maybe this is the Transmission array disc."

Whether or not they could get out depended on this small formation plate, otherwise they would be trapped here.

Jiu Hanrou placed her jade hands on the array disc, secretly activating the Mysterious power, but there was no reaction from the array disc. She gradually strengthened the Mysterious power, allowing Chen Xiang to clearly feel the Mysterious power in her body surging out crazily, and pouring into the array disc.

A moment later, Jiu Hanrou frowned her eyebrows and exclaimed: "This formation plate is actually like a bottomless pit. My Divine Sense Sea, and the powers from several Divine Deity were all channeled inside, but there's actually no reaction at all."

Chen Xiang walked over and tried injecting the Six Realms' Power into it, but there was no reaction. He frowned and said: "Could it be that a special method is required to activate this array disc?"

Chen Xiang tried to drip some blood, but there was no reaction.

"Chaos Fire Token, take out your Chaos Fire Token." Jiu Hanrou said, "After all seven Chaos Fire Token have been merged by one person, they can all be fused together."

Chen Xiang took out seven Chaos Fire Tokens, and under his control, they indeed became one. The Chaos Fire Token immediately released a burst of white light, and the multicolored light shined on the array disc. A small hole appeared in the center of the array disc, just enough to fit the Chaos Fire Token inside.

Chen Xiang looked at Jiu Hanrou and nodded at him. Then, he inserted the Chaos Fire Token into that small hole.

The formation disk immediately showed a great reaction as it spat out a ray of white light. What made Jiu Hanrou excited was that within the white light appeared the silhouette of a middle-aged man. This middle-aged man had a peaceful expression, with long white hair hanging down to his waist.

When Chen Xiang was in the palace in the earth's core, he had seen people dressed in such attire, this was one of the Nine Divine Kings.

"Great Divine Lord." Jiu Hanrou shouted in excitement.

Great Divine Lord smiled at her. "You should know how foolish your plan is right?"

Jiu Hanrou was a little hesitant: "You guys actually know about it?"

Great Divine Lord laughed out loud. "We didn't know at first, but the guy who replaced you is too stupid. She doesn't even know that we stole her memories."

Back then, when Jiu Hanrou left the Nine Heaven Divine Palace very early on, she pretended to be on Highest Devil God's side. In order to gain Highest Devil God's trust, she arranged for that fake "Mei Emperor" to follow him and look for useful information.

Furthermore, we deliberately allowed the Nine Heaven Divine Palace to become like this. After the Nine Heaven Divine Palace fell, we were also able to clearly see what those seemingly loyal disciples were

thinking in their hearts. We were not surprised at all that they had betrayed us. Great Divine Lord reached out her hand that was made of light and caressed Jiu Hanrou lovingly.

Jiu Hanrou suddenly understood many things, and anxiously said: "Yunhui is still outside, could she be in danger?"

[Chapter 1914](#)

Great Divine Lord said, "Don't worry, Yunhui is still a child, there's no need to worry about her."

Jiu Hanrou was very worried, "But ... "The one outside is too godly. Yun Hui is not their match, and there will be more in the future."

Great Divine Lord laughed. "Silly child, do you really think that those corpses buried in those short mountains are the punishment? Do you really think that they are only in seclusion, and that when they wake up after so many years, they will always look at this Yun Hui kid.

Chen Xiang and Jiu Hanrou were shocked, it turned out that it was not a group of tombs, but a large number of training rooms.

After knowing the truth, Chen Xiang's heart was even more afraid.

Jiu Hanrou finally understood now that the fall of the Nine Heaven Divine Palace was a trap set up by them.

"I was just surprised that when someone opened the array disc, I could actually see the Younger Nine Girl."

Great Divine Lord looked at Chen Xiang with a benevolent smile on his face, but Chen Xiang felt very uncomfortable in his heart. Even though this Great Divine Lord was only in the state of Divine Sense, he was extremely formidable, and had already seen through him thoroughly.

Jiu Hanrou stuck out her tongue, "Great Divine Lord, the Chaos Fire Token that you left behind was obtained by this little demon, and both big sister and I know this little demon."

The Great Divine Lord said: "I left my Chaos Fire Token for fated people, he has worked hard to gather them, and has even come here, this has already proven his ability, and you and the Elder Nine girl are both friends with him, that's for the best. But I didn't expect that even the Supreme god bone I originally left for you, would all be obtained by him ... Oh, and the profoundwu clothing was also on him, it's a pretty good kid. "

Chen Xiang laughed and asked: "Great Divine Lord, where are you now?"

Great Divine Lord sighed: "We also want to come out now, but we were sealed. Luckily you all came here, otherwise our plans might have been delayed for many years, and we might even have to start from a new plan."

"At that time, our Ninth Heaven's Divine Nations was destroyed, but a portion of it was preserved by our royal father and was refined into this Nine Heaven Divine Palace. In order to protect the foundation of the Divine Nations, royal father refined this Nine Heaven Divine Palace very firmly, but he was still worried. Even royal father is at the ninth level. "

Jiu Hanrou and Chen Xiang were both shocked that Heavenly Divine Lord was not dead yet, not only that, he was still alive!

Back then, when the two Divine Lords joined forces, they were only able to change the structure and layout of the divine hall, and even added a few traps, with the intention of trapping us in here to death. "Feng Xue'er said." The Great Divine Lord continued, "Right now, the only way to contact the outside world is through this formation plate."

Nine Divine Kings could not come out now, which showed how scary this Ninefold Space was.

"After royal father suffered a great defeat, he was severely injured, in order to preserve his foundation, he ignored the injuries on his body and refined a Ninefold Space so that we could avoid all the other Divine Nations and kill them. At this time, royal father is still asleep, and we were forced into a corner by the other Divine Nations, so we had no choice but to enter this final safe zone and wait for royal father to wake up.

Hearing Nine Divine Kings's words, Chen Xiang and Jiu Hanrou both understood that if Nine Divine Kings wanted to come out of the first Ninefold Space, only Heavenly Divine Lord would be able to do it.

"Great Divine Lord, are you saying that we help you all out?" Jiu Hanrou was a little confused. Even the Nine Divine Kings couldn't come out, how could they?

Great Divine Lord shook his head: "No, he's the one who came in and brought us out."

The corner of Chen Xiang's mouth twitched. How powerful were the nine Divine Kings? They couldn't even come out, so how could he possibly bring them out?

I mean, you should go find the other three divine weapons first, and then come here. When you enter again, with the help of the fifth divine weapon that I gave you, we will be able to open the gate to the first level of space, and then we can leave. "

There was actually a fifth divine weapon, but in the hands of the Great Divine Lord, these were all refined by the Heavenly Divine Lord, and could be used as keys at critical moments.

"When the time comes, I will give you the Fifth Godly Weapon as compensation." The Great Divine Lord said.

Chen Xiang immediately agreed, if not Jiu Hanrou would never end this. He had obtained Jiu Hanrou's Supreme god bone, he should shoulder this responsibility and help the Nine Divine Kings, he had been waiting for this kind of thing to happen, if not he would feel guilty.

Jiu Hanrou asked: "Great Divine Lord, how do we leave this shrine? The shrine is currently sealed by a wave of energy, so we can only enter and not exit. Only the people from Divine Nations would know how to leave."

Nine Divine Kings looked at the formation plate below him: "You can teleport out using this formation plate or you can teleport in at any time. But you can only teleport in the vicinity of the shrine.

Chen Xiang nodded, and said: "After I go out, there might be some trouble, because I have passed Supreme Divine Palace's trial, Supreme Divine Palace wants me to join."

Great Divine Lord was very surprised: "So powerful, your current strength actually passed Supreme Divine Palace's suicidal trial, this is not a problem, when you join Supreme Divine Palace first, after your strength rises to a certain level, you can then pass through their other trial and leave Supreme Divine Palace, you should be able to do it."

Jiu Hanrou patted Chen Xiang's shoulders and said: "Great Divine Lord, I pretended to rely on them at that time and was arranged to be under Highest Old Devil's command. They told me to look for Six Realms mirrors, what use do they have of Six Realms mirrors?"

Hearing that, Great Divine Lord's face changed, and asked anxiously: "Did they find it, this Six Realms mirrors must not fall into their hands."

Jiu Hanrou glanced at Chen Xiang, "They have already found the Six Realms mirrors, but when it was being repaired in hell, it was taken away by this little demon."

Chen Xiang laughed. He still had yet to figure out the main uses of Six Realms mirrors, but it had brought him great benefits.

Great Divine Lord also laughed, "Now that's good, let's put the matter of the six Divine Lord s being saved onto your shoulders. At that time, maybe we, Jiu Xiao and the six s can join hands and come out to fight against the other nine Divine Nations s."

Chen Xiang laughed, "Alright, I will do my best. Who asked me to obtain these treasures."

Great Divine Lord laughed out loud: "But you have to get us out first, and then we will settle the matters regarding the Six Paths, in short, after you leave, try your best not to reveal your whereabouts, even if Nine Gods Nation knows that you have Six Realms mirrors, the Supreme Divine Palace will try his best to protect you, the Supreme Divine Palace has the power of us Jiu Xiao and the Six Paths Formation."

[Chapter 1915](#)

Back then, the six Divine Nations s were the first to be annihilated, and then the position of the six Divine Nations s at the peak of the Ninth Heaven was immediately destroyed as well.

Chen Xiang was still a little worried: "I heard that Supreme Divine Palace has the power of infiltration, I'm worried that I will be harmed inside."

The Great Divine Lord said, "There are other Divine Nations s in the Supreme Divine Palace, but you don't have to worry, there are also several factions within the Supreme Divine Palace. You may not know this, but after the six s and Jiu Xiao were eliminated, a new Divine Nations appeared and took over the position of the tenth Divine Nations.

So it turns out that the inside of the Supreme Divine Palace was really complicated. Hearing Great Divine Lord's words, Chen Xiang became a lot more relieved, he could peacefully stay inside the Supreme Divine Palace for a while.

"Once you enter the Supreme Divine Palace, if you have the chance to go to the tenth Divine Nations, it would be best if you could connect with that Divine Nations." The Great Divine Lord warned again, "When you enter the Supreme Divine Palace, be careful of fellows with black dragon tattoos on their

faces. That is the Black Dragon Divine Nations and the main force that seals the Nine Heaven Divine Palace out."

Outside of the main entrance of the Nine Heaven Divine Palace were those two-headed black dragons.

"Alright, we'll talk about the rest when we meet in the future. Put away the array disc and leave some power to transfer out." With that, the Great Divine Lord disappeared and the array disc closed.

At the same time, Chen Xiang also had a reaction with the array disc, allowing it to activate.

"Little Jiu jie, let's go. After I get out, we'll go to Supreme Divine Palace. You go look for Sister Feng." Chen Xiang said.

Long Xueyi suddenly shouted: "I will go with her, and Ziqian is also going. You can go to Supreme Divine Palace by yourself."

Chen Xiang wanted to leave, but Chen Xiang was naturally reluctant, but he was in favor of it. Long Xueyi's strength was not bad, and being with Lv Qilian and the others, they could help each other, and going to the Supreme Divine Palace was not too dangerous.

"How is Ziqian now?"

After Bai Ziqian obtained the inheritance of the Ancient Poison God King, as long as he could control the Ancient Poison in her body properly, she would become very strong.

"It's much better now, and she can already control the ancient poison." Long Xueyi said: "Take care of yourself in the Supreme Divine Palace."

Of course Chen Xiang could take care of himself. He smiled, opened the array disc, and brought Jiu Hanrou out of Nine Heaven Devil Palace.

After he left the Nine Heaven Devil Palace, because he, who had the Chaos Fire Token, was not inside, the Nine Heaven Devil Palace immediately disappeared. As for the God of Fortune and the golden-robed man, they probably had to work a bit harder to get out.

"Little Jiu jie, protect them well." Chen Xiang warned Jiu Hanrou repeatedly because Jiu Hanrou was very powerful and Long Xueyi and Bai Ziqian were weak at the moment, especially against gods of that level of power.

Jiu Hanrou knew that Bai Ziqian had the inheritance of the Ancient Poison, and she was impressed with him as well. He actually dared to touch such a thing, and as for Long Xueyi, she was already very familiar with him, because he was also one of the Ancient Divine Beasts that had been resurrected in the Nine Divine Kings.

Just as Jiu Hanrou, Long Xueyi and the others left, Huang Jintian's Sky Spill Transmission array appeared and Huang Jintian teleported over.

"Master, you came so quickly." Chen Xiang was a little surprised.

I was using the Heaven extended method all day to calculate whether you had really died or not, but I didn't expect to find out that after you finished calculating, you actually left that damn place, how did

you get out, that's impossible, ah, I heard that after entering that place, even if you don't die, you won't be able to come out for thousands or even tens of thousands of years. Seeing Chen Xiang standing in front of him, Huang Jintian was also very happy as he laughed.

Chen Xiang laughed: "Master, it's not like you don't know that I'm not an ordinary person, so it's not strange for me to be able to come out now, right?"

Huang Jintian chuckled, "Not bad, not bad, what's there after entering?"

Chen Xiang shook his head: "I didn't get anything, I almost died."

Huang Jintian curled his lips and said: "You answered it so straightforwardly, you must have lied to me. You must have gotten a lot of rewards from this, worried that I would ask for it, right?"

"Alright, there are, but only some Divine Deity. For example, that Unwearying Fighting Dan God's Divine Deity is in my hands, hehe." Chen Xiang laughed sinisterly: "Even if I gave you these Divine Deity, you wouldn't dare to take it."

Huang Jintian snorted: "Of course I dare, it's just that I don't want to cause trouble, so I'll leave these Divine Deity for you to enjoy."

Chen Xiang immediately asked about the details: "After I summoned the Nine Heaven Devil Palace, did it make any big movements?"

Huang Jintian sighed: "Of course there is, it was extremely fierce, and the first was when the Divine Prison was destroyed, a large group of villains ran out, Devil-killing Heavenly God and the Penalty Heavenly God teamed up to rebuild the Devil-killing Divine City, the Penalty Heavenly God did not manage the all divine palaces, but a strange thing happened to the Divine Female Palace, and their Goddess Palace Leader also ran out from the Nine Heaven Devil Palace."

Speaking of the Divine Female Palace, Chen Xiang remembered that he had trapped the group of girls that the Goddess Palace Leader had brought with him inside the Six Realms mirrors, and now he had let the girls out.

Chen Xiang said to the women: "Your true Hall Master should be back."

The girls did not say anything to Chen Xiang and quickly left.

Huang Jintian continued to speak: "I've already checked, after the ice and snow in the Super God Restricted Area has subsided, it really can lead to the Nine Heaven World. Right now, all the halls are getting restless, planning to divide up a bit of the Nine Heaven World's territory, but Feng Yujie and the other girls are actually in the Nine Heaven World."

"Furthermore, Feng Yujie has a special power which allows him to control the operation of the Nine Heaven World. He gathered all of his divine power in one place, which resulted in the shrines in the territory of the Nine Heaven World not having any divine power at all. The scariest thing is that many of the resources can be moved and all gathered in Feng Yujie's territory."

Chen Xiang laughed: "Feng Yujie is after all, the Nine Heavens Goddess, the master of the Nine Heaven World. It seems that she has already reached a certain realm and can control the Nine Heaven World."

Huang Jintian took out his ancient book, and began to record some things in it. He recited: "Not long after Chen Xiang entered the Nine Heaven Devil Palace, he came out"

Just as he finished recording these, a white light appeared in the sky above him, and an old man slowly descended. This was the elder that Chen Xiang met when he first entered the Supreme Divine Palace.

"Enough, it's about time to enter the Supreme Divine Palace. You can also hide inside." The white robed old man said.

After the white robed elder finished speaking, he looked at the ancient book in Huang Jintian's hands and said in shock, "Tianyan god record ... "Are you really an old man who won't die?"

Huang Jintian was indeed an old fool, he said: "You also know Heaven extended method, how could you find this brat so quickly, who exactly are you, you know me."

The last time Huang Jintian and Devil-killing Heavenly God were outside Super God Restricted Area, they had met the white robed old man. At that time, the white robed old man did not have such an expression.

"Of course I recognize you. Have you always carried this book with you?" The white robed elder anxiously asked, obviously Huang Jintian's identity was extraordinary, to actually be able to cause the elder of the Supreme Divine Palace to be so surprised.

[Chapter 1916](#)

In the past, Long Xueyi had said that Huang Jintian's identity was extremely special and mysterious, because that ancient book of his had recorded many important matters from a long time ago.

And now, the elder of the Supreme Divine Palace had revealed the name of this ancient book, Tianyan god record.

However, Huang Jintian seemed to have lost his memories. There were some things that he couldn't remember at all, and had to use that Tianyan god record book to recall some things.

The white robed old man came to Huang Jintian's side, but Huang Jintian quickly kept his Tianyan god record.

"I don't even know you, how did you know me?" Huang Jintian continued to ask: "Are you trying to deceive my Tianyan god record?"

The old man looked at the blue sky, his eyes full of memories, "The first time I saw you, you were still a young man. I was very young then, and you are also one of my most respected warriors."

Chen Xiang was secretly surprised. The white robed elder was an important elder in the Supreme Divine Palace, his power must be very strong, and he must have reached an age where he could easily respect Huang Jintian. The origins of this Huang Jintian had already exceeded Chen Xiang's expectations.

Back then when he met Huang Jintian, Huang Jintian was merely a strong, old madman who had an unlimited lifespan. At that time, no one knew where he came from.

Huang Jintian frowned: "How come I don't have an impression? Was I really that awesome in the past? My amnesia was actually that serious."

The white robed old man laughed, "Senior, you are not losing your memories right now, it is only the curse of your clan. Every so often, your clan will encounter a calamity, and if you fail to pass this calamity, your memories will be lost, and even your cultivation will be scattered. However, the Tianyan god record and Heaven extended method will always remain in your mind."

"So long has passed, according to your current strength, after at least ten more trials and tribulations, Undead Race will never die, and his divine soul will not disperse. Even if his body is destroyed, his divine soul will self-activate the Heaven extended method to recreate his body and then rebirth."

Huang Jintian was surprised: "You're right, I thought that only I knew about this kind of thing. I was very excited before, because I thought that I would be facing my first tribulation, but I didn't expect that I had already experienced it more than ten times."

The old man in white said doubtfully, "That's not right. I remember back then when you didn't go through the tribulation, you were close to the God King. At that time, I guessed that you started your tribulation at the realm of the God King and you are now just a God."

Chen Xiang thought as if he were looking at Huang Jintian. He never thought that this crazy master of his would actually be a Divine King, and have experienced the kind of tribulation that would force him to go back to his original world more than ten times.

Huang Jintian saw Chen Xiang's look of despise and looked over, and shook his head: "That's impossible, how could I not get over it ten times in a row, I'm not that bad, you must have recognized the wrong person, don't call me senior."

The white robed old man said anxiously, "I will not be wrong. You are the only one left in Undead Race, but Undead Race cannot reproduce. At that time, there were only five of you, and the other four are already dead."

Huang Jintian laughed: "I already said that the Undead Race was eternal and indestructible, and now that I said that the other four are all dead, what nonsense are you spouting?"

Huang Jintian found it hard to accept his failure over ten times in a row, especially in front of Chen Xiang, his disciple. Although he would usually do many shameless things, he was extremely shameless when it came to this matter.

The white robed old man shook his head and sighed: "Senior, although the people of the Undead Race are immortal, there is a prerequisite, that is, when the Undead Race is only one person, because only the Undead Race can use the Heaven extended method to kill the Undead Race."

Chen Xiang immediately thought of something extremely cruel, his heart jumped as he anxiously asked: "Are you saying that I killed the other four clansmen?"

The white robed old man shook his head: "No, you only killed one. Because one of the five Undead Race suddenly went crazy and planned to kill all four of you so that he would never die. So he first killed the other three, then found you, and then you killed him."

Huang Jintian was still able to accept such a result, and nodded: "This feeling is really bad, my past is actually being told to me by someone else, sigh."

The white robed old man laughed, "Senior, I heard my master say that if Undead Race fails multiple times during tribulation and there is a chance for it to succeed, then all the memories and a portion of the power would return. Furthermore, there won't be another tribulation like this in the future."

Chen Xiang patted Huang Jintian's shoulder, and laughed: "Master, you're so weak, you can't even pass over ten times. Serves you right for coming back so many times, hahaha ..."

Huang Jintian's face immediately darkened as he angrily knocked on Chen Xiang's head. However, he discovered that Chen Xiang's head was actually extremely hard, to the point that his hands were hurting: "Brat, I'm about to pass my tribulation. Once I pass it, you'll know how powerful I am."

"Younger generation, how should I address you? Were we familiar with you in the past?" Huang Jintian had already accepted his identity. Although he was not as strong as the white robed elder in front of him, he could only reluctantly admit it since the other party had already called him senior.

"Junior Yi Bidong, I wonder what senior's name is?" This Yi Bidong actually still didn't know Huang Jintian's name.

Huang Jintian asked: "Did you not know my name in the past? What was my previous name?"

Yi Bidong shook his head: "I don't know, you were always so secretive before, we all called you the Old Immortal."

Chen Xiang laughed: "Old Undying Senior, that's a good title."

Huang Jintian immediately glared at him, causing Chen Xiang to laugh and say: "My master's name is Huang Jintian, he is nicknamed Old Madman. It looks like he is often crazy because of the confusion in his memories."

Yi Bidong said to Chen Xiang: "You and I have an agreement to stay in Supreme Divine Palace. Right now, it's about time, come back with me."

The fact that Chen Xiang possessed a Six Realms mirrors was already known by the Hell Devil Emperor, and it quickly spread to the Highest Old Devil.

"Alright, let's go now." Chen Xiang could no longer wait to go to the Supreme Divine Palace.

Yi Bidong looked at Huang Jintian and asked: "Senior, do you want to go to Supreme Divine Palace for a seat? I can make the decision to let you stay there for a while."

Huang Jintian laughed: "Since you have kindly invited me, I will not refuse. Let's go."

[Chapter 1917](#)

Huang Jintian was very curious about the Supreme Divine Palace. He had wanted to go in to take a look a long time ago, so he said to Chen Xiang proudly: "Brat, you risked your life to enter the Supreme Divine Palace. I only needed a few words to get in."

Chen Xiang curled his lips and replied: "Master, as long as you don't continue to fail in the upcoming calamity, or else you'll have to go back and reconstruct it. But since you've come back so many times, it's not like you're lacking this time."

Huang Jintian grabbed Chen Xiang and gave him a few more blows, but they always made his hands hurt, and he had to brave all the way to catch up with Chen Xiang, the little pervert. He thought that only by passing through the tribulation successfully would he be able to quickly surpass Chen Xiang, and only then would he be able to make Chen Xiang cry out in pain.

Seeing that Huang Jintian was able to return with him, Yi Bidong was extremely happy. He then laughed and watched as the Master and disciple played around, took out an array disc, and brought Chen Xiang and Huang Jintian to Supreme Divine Palace.

The Supreme Divine Palace was located in a different space than the Gods Realm. Only the array disc or someone who was familiar with the location could open the spatial tunnel and teleport here.

Huang Jintian and Chen Xiang appeared in a huge hexagonal plaza. The plaza was currently empty, with only a few pieces of broken weapons.

The gigantic plaza could hold hundreds of thousands of people, so Chen Xiang and Huang Jintian could feel quite a few remnants of powerful auras from the plaza.

The plaza was surrounded by a large number of stone buildings. There were an extremely large number of them. It was a city that could not be seen at a glance.

Chen Xiang had already seen Heavenly Divine Palace before, one that was even more shocking and grandiose than this, so he didn't feel anything, because this place was much worse than the Heavenly Divine Palace.

"Chen Xiang, go and understand the halls here first, then consider which one to join. Once you've decided on it, you can tell me, I'll arrange it for you."

Just as Yi Bidong finished speaking, Chen Xiang immediately asked: "Are there any Dan Hall s?"

He had already known that there was a Supreme Sword Hall here, he thought that the Supreme Sword Hall was probably one of the strongest halls here.

"Yes, but we need to know how to refine Shangpin holy Dan before we can join. Furthermore, everyone can only join one hall, and the number of people in Dan Hall is the fewest." Of course Yi Bidong knew that Chen Xiang had Heavenly Alchemy and knew how to refine pills.

Chen Xiang laughed: "No problem, just let me join the Dan Hall."

Yi Bidong nodded his head and took out a jade talisman to send a message. Soon enough, a hunchbacked old man came out, he was leaning on a blue walking stick, laughing as he looked at Chen Xiang: "Come with me, welcome to Dan Hall."

Chen Xiang asked with some doubt: "Do you not need to take any tests?"

The hunchbacked old man laughed: "No need, you have cultivated the Heavenly Alchemy, even if you are still unable to refine a Shangpin holy Dan, we will definitely be able to teach you how to refine it in the future."

Yi Bidong said: "He's the hall master of the Dan Hall, you should follow him."

Chen Xiang followed the hunchbacked old man and left with Yi Bidong.

"You just came to the Supreme Divine Palace, so you're not familiar with the rules here, but don't worry, the rules here aren't too complicated. First, you can't fight in private, and secondly, you can't steal the divine hall's property.

The hunchbacked old man laughed: "I am the hall master of the Dan Hall, and one of the elders of the Supreme Divine Palace. My name is Luo Tianjun, you can just call me hall master."

Chen Xiang nodded: "Hall Master."

Luo Tianjun brought Chen Xiang and entered the buildings. After walking for a while, they arrived at a large courtyard, and upon entering, Chen Xiang immediately sensed the thick smell of sultry medicine, especially that wave of pure fire energy, he could tell that there were quite a few Alchemist s refining pills.

Chen Xiang said: "Hall Master, right now, I can already refine Shangpin holy Dan s, but I can only refine a few. I have concocted the pill formulas myself, and I can only use my own method to do so."

Luo Tianjun was a little surprised, and said: "When you use the Heavenly Alchemy to refine pills, the method is indeed different. This way, I can only teach you a little about pill refining, because I do not know about the Heavenly Alchemy. Back then, I had the chance to learn it before, but because the beginning was too difficult, I gave up.

Chen Xiang laughed: "Hall Master only needs to provide me some pill formulas."

After arriving at the Supreme Divine Palace, Chen Xiang could concentrate on concocting pills. Shangpin holy Dan s were of little use to him, and it would be much easier for him to refine a Holy Core King like the Purple profound Dan now.

"You really can refine Shangpin holy Dan." Even though Luo Tianjun asked this, he believed completely in his heart, he just wanted to see how Chen Xiang used the Heavenly Alchemy to refine Shangpin holy Dan.

Chen Xiang had refined it many times. Back then, most of the Shangpin holy Dan in Lv Qilian's shop were refined by him, and he had become extremely familiar with them.

"Hall Master, do you want to take a look?" Chen Xiang laughed lowly: "I can refine a cauldron for you to see now."

"Alright, I believe you, don't refine it now, wait for the time when you will compete with the other halls before refining it, I will help you fight for a spot in the competition, at that time, I will help you fight for a place in the competition, and then you will have a good performance, and also, try your best not to speak of all the interesting things that happened outside, the little imps in Supreme Divine Palace do not know."

Luo Tianjun pointed to a room in the courtyard: "That's your residence. You can stay here and chat with the other Senior Brothers;

After the hall master left, Chen Xiang walked into a room with the thickest medicinal smell. There were three white-haired old men concocting pills inside.

Now, Chen Xiang understood why Luo Tianjun said that there was only senior brother here. So it was all here to refine pills, all of them were old men like him, and their strengths were also strong, all of them were middle or Upper Heavenly Gods.

"Seniors... I'm new." Chen Xiang shouted softly. These elderly people looked very similar to each other. Their hair was as long and as white as usual.

"You're a newcomer. Do you need to clean the floor or do you need to do some chores? I'll give you a few pills after we finish concocting the pills. I'm the best here." An old man said.

The other two elders immediately refused to accept this and began to argue with him. Soon, they began to argue with each other.

"Are you guys refining a divine pill?" Chen Xiang's eyes lit up, "Laughing, I haven't consumed a divine pill before, I really want to try it immediately."

They seemed to be the three brothers. The elder brother had three rings, the second brother had two, and the youngest brother only had one.

The boss replied, "I must be the fastest to refine it. I'm the fastest to refine a supreme dan bead in this hall. You guys are way too lacking compared to me."

It wasn't that Chen Xiang hadn't consumed a Divine Pellet, it was just that the Divine Pellets he had consumed before were made using Divine Deity and not this kind of traditional Divine Pellet.

He wanted to see how much effect these godly pills had on him.

[Chapter 1918](#)

Chen Xiang waited patiently in this simple and crude pill refining room. Although the three brothers always seemed to like to quarrel, they had an extremely good relationship with each other. Otherwise, they wouldn't have spent so much time together.

Through questioning, Chen Xiang found out that the three brothers were surnamed Gu and didn't have a name. They all called them oldest Gu, Gu Lao Er and Gu Lao San.

Brat, I really didn't know that you were concocting pills. You should be going to a Supreme Palace like the Sword Hall at such a young age. Coming to the Dan Hall is simply a waste of life, you can only concoct pills all day. oldest Gu laughed: "When we were young, we had requested for the hall master to recruit a few girls. It's just that this guy doesn't have any charm, so this has always been the case for us here."

Chen Xiang smiled speechlessly and asked, "How many Alchemists do we have?"

Second Brother Gu laughed heartily, "How many do you think there are? Out of the three of us, including the pavilion master and you, there are only five."

This was outside of Chen Xiang's expectations. Back then, when he was competing with Song Peng in the sword competition, the disciples in the profound God were more or less, they dressed in uniform and lined up in an orderly manner.

And this Dan Hall only had them.

Seeing Chen Xiang's expression, Gu Lao San said: "The two of you aren't young anymore, so stop teasing this little fellow. You're called Chen Xiang right? To tell you the truth, there are a total of twenty Dan Hall s and we are the tenth hall of the Supreme Dan Hall. However, our strength is second.

Chen Xiang was still a little surprised. There were twenty in the Dan Hall, but there were only five people in their tenth hall.

"Are the other Dan Hall in the same situation?" Chen Xiang asked. After all, there were too few who knew how to refine pills, and the requirements to enter the Dan Hall were very high.

"We have a medium number of people. There are at least two old ghosts in the 20th hall, and there are at least 10 old ghosts in the hall." The oldest Gu said, "Usually, those who enter the Dan Hall are from Sword Hall, Boxing Hall and Soul Hall. In the later stages of the examination, they are interested in refining pills, and since this path is rather smooth, they are able to enter it through the trial."

Chen Xiang still did not understand much about the division of the Supreme Palace in the Supreme Divine Palace, so he asked: "Are there only these four in the Supreme Divine Palace?"

Generally speaking, it is said that the Sword Hall, Boxing Hall, Soul Hall and the Dan Hall are the four Supreme halls. And in order to join the Hall of Elders and the Hall of Protectors, one would normally have to achieve great things in the Four Great Supreme Hall, and obtain the information of the elders and the Protectors. Only then would one have the qualification to enter the trial.

Chen Xiang was extremely clueless about Supreme Divine Palace, and the three brothers could see that they were very patient in explaining themselves. To them, it was better than wasting their time arguing.

"Sword Hall and Boxing Hall can be said to be the strongest, with the largest number of people. Sword Hall mainly cultivates the way of the sword, while Boxing Hall mainly cultivates fist arts.

Hearing about the Soul Hall afterwards, Chen Xiang was very interested. He could actually change the powerful beast soul into his own life divine soul, which could save him the time to condense his soul.

Chen Xiang was full of curiosity, and asked closely: "Doesn't that mean that Soul Hall will be able to condense more divine soul very easily?"

Sword Hall nodded his head: "That's right, Sword Hall and Boxing Hall, including the gods of our Dan Hall, will go talk to them about divine soul when it's about time, give them a certain compensation, and then hunt for beast spirits himself, get the Soul Hall to help them change them, and help them integrate into the Divine Sense Sea. This way, they will only need to condense one Divine Deity to break through."

To enter the Sky God Realm, one would need to condense a lot of divine soul to break through. Right now, Chen Xiang had two souls and two Divine Deity, which was only the lower gods.

Possessing ten Divine Deity, he would be able to become a god.

Although our Dan Hall s normally don't feel any presence, when the disciples of the other halls need to go out, they have to find us to buy healing pellets to cure their wounds and detoxify. Otherwise, none of them would dare to walk around rashly. Gu Lao San said.

Chen Xiang would never regret joining the, because staying here would allow him to calm his heart and refine pills. Just refining a high level divine pill would allow him to have a certain amount of power and position.

"Seniors, what divine pills are you refining?" Chen Xiang also took a look at their pill furnaces. Inside, there was a strange Qi, that kind of Qi could only be felt by beasts, he suspected that the three brothers were using their divine beasts to refine pills.

It is called the Spirit-Transformation Divine Pill, and it is something that you will refine with the divine soul of a divine beast. After you eat it, you will be able to turn your divine soul and Divine Deity into the divine beast's for a period of time, and also possess the divine beast's innate divine ability. "

"What we are currently refining is this kind of pellet, this is the material given to us by the people from Soul Hall. At most, they will have this kind of lower quality God Beast's soul and Divine Deity."

Chen Xiang replied: "No wonder there's the aura of a beast. I thought you guys were using divine beasts to refine pills."

Old Gu smiled, "When we're done, I'll let you have a taste of all of them. I'll let you try out the wonders of this pill. This is a divine pill recipe that our hall master just created."

Chen Xiang asked: "Do you want to eat all three of them at once? I only have two Divine Deity s."

oldest Gu nodded: "Yes, eat it all in one go. If someone's pills are good, then their divine soul will temporarily become a beast spirit. Also, at that time, it would be best if you can sense the person's pills."

They had started refining before Chen Xiang came here. The three of them were all Pill Gods, but they had all mocked themselves as unranked Pill Gods. In their eyes, only hall masters were considered as Pill Gods.

"What I'm refining is a wolf, second brother is refining an eagle, and third brother is refining a bear." The oldest Gu said, "We are about to finish refining it, you should write it down."

Chen Xiang nodded, he was secretly looking forward to it in his heart, this kind of pill was indeed very interesting.

After half a day passed, oldest Gu was indeed the first to be made. He had said a few times before that he would definitely be the first to complete it. When he opened the pill furnace, he looked at his two younger brothers with disdain.

"Although this is a Xiaping Dan, there are times when it can be compared to Zhongpin Dan, and the difficulty of refining it is also lower than Zhongpin Dan. Little junior brother, look at my Soul Transformation pill, its quality is high. It is much better than the furnace that the hall master used last time." oldest Gu handed the grey pill in his hand to Chen Xiang.

Chen Xiang took the pill and scrutinized it closely. The quality was indeed very good, and he had only refined this divine pill for a day and a half.

[Chapter 1919](#)

oldest Gu told Chen Xiang not to eat it first. After his two little brothers finished refining the pills, they would eat three of the pills together. Only then would they be able to differentiate the effects.

Chen Xiang was secretly pleased, he had only just joined the Tenth Dan Hall and he had already received such a great treatment, so he was prepared to eat three divine pellets.

More than two hours later, Gu Lao Er and Gu Lao San also successfully refined a Soul Transformation Pill. The quality was the same as the oldest Gu's, high quality, but their speed was much slower than the oldest Gu's.

oldest Gu was extremely proud: "It looks like the quality is the same, but as long as I'm even a little stronger than you guys, I will show it to this little brat. You guys just wait and admit defeat."

Both Gu Lao San and Gu Lao San did not think much of it. They thought that the oldest Gu's speed would be inferior to theirs in terms of quality.

"Chen Xiang, quickly eat it and have a look, make this oldest Gu accept his defeat wholeheartedly." Old Gu said to Chen Xiang.

Chen Xiang was actually using his Spirit Essence to look at these three pellets. He was surprised to see a huge ferocious wolf, a huge blue hawk, and an enormous black bear the size of a mountain.

If it was in the past, Chen Xiang would definitely think that the quality of these three pellets was not good, otherwise he wouldn't have clearly seen so many things with his Source Spirit Eyes. However, he was sure that the quality of these three pellets and the pellets were of high quality, in the past, he definitely wouldn't have been able to see those things with his Source Spirit Eyes.

After he becomes a god, the methods he use inside the Heavenly Alchemy will also increase greatly. Chen Xiang was also very happy at the moment, he felt that he can almost refine this God Transforming Pellet as long as he had sufficient ingredients.

"I'll eat it. Don't lie to me." Chen Xiang was still a little worried about taking three of these divine pellets in one go.

Don't worry, I won't lie to you. Last time, there was a fellow with seven souls who ate eight pills at once. oldest Gu laughed: "Hurry up and eat it, I want to see the expressions of these two guys who have lost. Although I have already seen them many times, I can't get tired of looking at them."

In a single breath, Chen Xiang swallowed all three of the Soul Transformation Pellets, allowing the effects to quickly show up. A burst of wolf and hawk sounds suddenly sounded out from inside his body, which meant that his two souls had merged with wolves and eagles, while Xiong's did not fully manifest.

"Oi 'Three lost." oldest Gu laughed heartily. Old Gu San curled his lips and said: "But you haven't won yet. Don't be happy."

Immediately after, Chen Xiang felt his arms heat up and even swell. He looked down, and almost cursed out loud, because a layer of fur had appeared on his arms and his hands had become the claws of a wolf. Even his chest had started to grow gray fur.

Chen Xiang felt that he was about to turn into a werewolf, and the sudden burning sensation behind his back made his heart jump again. He felt that something had popped out from the two bones behind his back, it was actually a pair of blue wings.

"How could this be?" Chen Xiang never thought that he would undergo a transformation. He thought that he would only be able to obtain the innate abilities of these Divine Beasts, but his body had actually turned into this.

"Don't be afraid, it's not like you can't change back. Wait until the effects of the pill come back, don't you think that it's a lot better than dying?" oldest Gu laughed: "You have more wolves on you, and the falcon only has a pair of wings, so I won again this time."

Chen Xiang's upper body had changed a lot, while the lower half of his body only had changes to his calves.

"Their strength has indeed increased by a great deal. These God Beasts don't have the power of their innate divine abilities, right? Why can't I feel it?" Chen Xiang looked at his own divine soul and realized that his divine soul had also become like his own body, with a portion of his wolf body and a pair of blue eagle wings.

"Head." Seeing Luo Tianjun coming back, Three Gu Brothers shouted together.

Chen Xiang turned around and saw the hunchbacked old man Luo Tianjun had a smile on his face. He laughed bitterly: "Hall master, I have turned out like this."

Luo Tianjun laughed: "It's alright, don't you have that cultivation technique? If you can't use it, I will help you with it."

Chen Xiang understood what Luo Tianjun meant and immediately used the Heavenly Alchemy to refine the medicinal force. His body quickly recovered, which surprised Three Gu Brothers, and she curiously asked Chen Xiang what technique he used, but Luo Tianjun said that it was a secret.

Luo Tianjun did not want too many people in the Supreme Divine Palace to know Chen Xiang's identity, so he would try his best to keep it a secret.

"Looks like you guys got along pretty well. You three old brats, don't bully the young. He's pretty good at alchemy, you guys have to help each other in the future." Luo Tianjun laughed.

The oldest Gu immediately patted Chen Xiang's shoulder and said: "How could we bully him. Although the Soul Transformation Pellet that we refined earlier was a Xiaping Dan, it was still quite expensive."

"It's been so many years since our tenth hall only had a single brat join. Of course, we wouldn't bully him." Second Brother Gu laughed.

Luo Tianjun nodded: "Then I won't worry anymore. In the future, just leave the matter of buying medicinal ingredients to Chen Xiang and let him familiarize himself with the Sovereign God Realm."

Gu Lao San asked in shock: "Chen Xiang is not from our Sovereign God Realm."

Luo Tianjun nodded his head, "He came in from outside. Although he is younger than you, he has more experience and knowledge than you. You can ask him about the matters outside."

Chen Xiang had already guessed that this Supreme Divine Palace was in a small world, and there were many ordinary people in this small world. and Penalty Heavenly God had lived in this Sovereign Divine Realm for a while.

When Three Gu Brothers heard that Chen Xiang had come in from the outside, he immediately looked at Chen Xiang with eyes of admiration. They all clearly knew how terrifying that trial was and how no one had ever passed it before.

"Little junior brother, this is something that we have to do tomorrow. There is a map and Shen Yuan stone inside, if you want to walk around these places, see if any mortals in the Sovereign God Realm have found any divine medicines." Gu Lao San gave a Storage bag to Chen Xiang.

Chen Xiang asked: "Are you using a Shen Yuan stone to buy it? How's the price normally? I don't understand these things."

Luo Tianjun said: "Usually, these mortals only possess low-grade divine medicine, normally speaking, out of the five thousand Shen Yuan stone, if there is a middle-grade one, it would be increased by ten times."

Chen Xiang nodded his head, "How did you get these Shen Yuan stone?" He took out one pellet from the Storage bag that was the size of a corn seed. It was golden in color, and each pellet was the same size.

Luo Tianjun opened his palm, there was also a stone in his hand that was the size of a corn seed, it was just that it was transparent, he said: "When there is this kind of stone, I will use the secret method to pay attention to the Mysterious power, but when there is enough Mysterious power, it will turn golden, and I can use it to buy things."

"We can also use this kind of Shen Yuan stone, because it's filled with pure Mysterious power, and it works the best when used in combination with pills during closed door cultivation. As for ordinary people, eating this kind of Shen Yuan stone, they can also strengthen their body, allowing them to live longer."

[Chapter 1920](#)

Chen Xiang felt that he wouldn't be able to create this Shen Yuan stone because he didn't have a Mysterious power.

"Alright, I'll go tomorrow." There was a map in his mind. Tomorrow, he would leave the Supreme Divine Palace and go out to investigate. He would ask the villagers on the map to see if they had managed to get any divine medicines.

"The growth rate of the divine medicine inside the Sovereign God Realm is still very fast. Sometimes, it's just like a mushroom that these villagers are unable to cultivate. Usually, they rely on harvesting the divine medicine and selling it to us in exchange for Shen Yuan stone to extend their lifespan." oldest Gu

said: "You should be a bit more polite when you go. Don't be like these guys, who are always ferocious, or else the next time you go, they won't sell it to you."

Luo Tianjun added: "Other than the twenty Dan Hall s, other Sword Hall s, Boxing Hall s and Soul Hall s will also frequently be bought, so sometimes, even if you go out for a trip, you won't be able to obtain much. If you have a good relationship with the villagers, they will leave it for you and won't sell it to anyone else."

Chen Xiang was extremely happy in his heart. The fact that the divine medicine within the Sovereign God Realm could grow so quickly was a heavenly blessing to him.

"The villagers do not have much strength. If they were to go harvest these divine medicines, wouldn't they encounter danger? Here, the number of Zhongpin medicine are not many." Chen Xiang had already memorized the map, at that time he would have to go to three villages and visit over ten families. These three villages were all near the Supreme Divine Palace, perhaps because he had just arrived, he did not plan for him to go to any further places.

Luo Tianjun said: "Only those Zhongpin medicine s who are harvested are in danger, those divine beasts usually do not care about the low grade divine medicine, and we will sometimes buy clues about the middle grade or Shangpin medicine from the villagers, you do not need to do this right now."

"We've just concocted a batch of pills, we're going to take a break. We still have to deal with the rest of the people in the other halls tomorrow. We have to get up our spirits tonight and scold them to death tomorrow." oldest Gu yawned and went back to his room.

After the Three Gu Brothers left, Luo Tianjun smiled and said, "Tomorrow, they will actually go to discuss about the Dao of alchemy with the other Dan Hall s, but they will generally all turn into scolding battles. It has been like this for so many years, go and rest, you will have to go through a lot of trouble tomorrow."

Chen Xiang nodded and returned to his room to rest.

He took out the Shen Yuan stone. He felt that those Divine Nations should be constructed in a space that was cut off from the Gods Realm just like the Sovereign God Realm.

... ..

On the second day, Chen Xiang left the Supreme Divine Palace very early. When he was about to leave, the Supreme Divine Palace gave him a plate, upon his return, he needed to return the plate to prove his identity.

The Supreme Divine Palace was built in the middle of the forest. The moment he walked out of the Supreme Divine Palace's gate, he saw a large road that led straight to the forest in front of him. On both sides of the road, there were green trees and birds chirping on them, adding to the tranquility of the morning.

Chen Xiang took a deep breath of the morning air, and with a cheerful heart, he sprinted towards the first village.

Even though this village was close to the Supreme Divine Palace, it took Chen Xiang at least an hour to sprint. If it was an ordinary person walking, it would take at least two to three days.

The village had a few thousand people and it was not considered small. Furthermore, there was a small market in the village, and it was also the busiest time in the morning. Here, Chen Xiang saw extremely ordinary mortals, and they were not even immortals.

However, they lived a very long life because they had harvested divine medicine in exchange for Shen Yuan stones. This allowed them to have a lifespan of over a thousand years, or even over ten thousand years.

Chen Xiang arrived at the first house on the map, but there was no one at home. He waited for less than an hour before deciding to head to the next house.

When he came to this house, he was told that they had already sold the things he had stepped on the previous day. Luo Tianjun had already told him of this earlier, so he was mentally prepared as he continued to move on to the next house.

Very quickly, he passed by several households in this small village, but failed to find anything. He could only go to the next village.

When it came to the second village, they also didn't find anything.

When he arrived at the third village, he had only asked the first household for good news. The old man told him to wait a bit longer. His son had already left and was going to return very soon.

Not long later, Chen Xiang saw a young man returning in high spirits. When he saw the aura coming off Chen Xiang's body, he knew that he was from Supreme Divine Palace.

"This is called the Purple Spirit Grass. Look at the root of this plant, it has already formed a Purple Spirit Fruit so it can be used to refine pills. I must have matured this morning, so I went to pick it early in the morning." The young man smiled and showed the Purple Yuan Divine Grass to Chen Xiang.

These villagers were relatively familiar with the divine medicine, which surprised Chen Xiang. He nodded: "Five thousand Shen Yuan stones."

Very quickly, Chen Xiang made a deal. He did not come here for nothing today, after all, his Storage bag still had 45,000 Shen Yuan stones left, so he had to find the remaining families. He had come to the village anyway.

Chen Xiang came to the fence of a wooden house. Inside the fence, there was a cute seven or eight year old little girl farming the vegetable fields, and when she saw Chen Xiang, she could also tell that Chen Xiang was from Supreme Divine Palace.

"Big brother, are you here to buy some divine medicine?" The little girl used her clear and melodious voice to shout. It was extremely pleasant to hear.

"Yes, does your family have one?" Chen Xiang asked with a smile.

The little girl opened the gate of the fence and invited Chen Xiang in very politely. This well-behaved and sensible little girl was very charming, Chen Xiang took out a fruit and gave it to her.

"Eat, it's just an ordinary fruit." Chen Xiang saw that the little girl wanted to refuse and immediately laughed: "Where is your master?"

The little girl smelled the fragrance from the fruit and couldn't help but to say, "Thank you big brother, my grandma went out to buy things for me to eat, she will be back soon."

At this time, it was already noon, and she had been busy the whole morning's farming work. The little girl was also extremely hungry, as she held the fruit that Chen Xiang had given her and nibbled on it, while smiling and saying that it was very sweet.

The little girl's skin was somewhat dark, and she looked to be extremely healthy. She was dressed very simply, and as she helped braid a long braid, it fell onto her chest, and her little face was round and cute. At this moment, as she ate the fruit, she looked at Chen Xiang with her beautiful eyes that carried a sweet smile, as if thanking him for giving her such a delicious fruit.

Just as the little girl was eating sweetly, a few people suddenly came from outside the fence. The little girl was extremely scared and quickly hid behind Chen Xiang, exposing her head.

When Chen Xiang saw these people, he was slightly shocked, because he recognized them, and one of them was Song Peng. Other than this, there was also the Sword Hall's Hall Master that he had provoked previously.

The little girl clearly disliked them, and she was also a bit scared, so she didn't sell them the medicine. They must have done something bad to the family of the little girl, or else this simple and sensible little girl wouldn't have such a reaction.

Chen Xiang's heart was immediately set ablaze. The villagers here were all simple and honest people, but in order to obtain the divine medicine, these people must have secretly intimidated the villagers, which made him extremely angry.
