

## Dan God 1931

### [Chapter 1931](#)

There were also many beautiful women in the Supreme Divine Palace, but there were the least in the Dan Hall and there were a lot of other halls, especially the Sword Hall, where the most beautiful women were located.

After Feng Yujie entered the Supreme Divine Palace, she had restrained herself quite a bit. Right now, she could already control her kind of mysterious and enticing power, and at the same time, dress herself up simply, so she was not too eye-catching in the Supreme Hall, because there were a lot of beautiful women dressed up here.

After Chen Xiang entered, he came to the counter. He saw a few men mumbling to themselves, saying that the old man was very black-hearted and something like that.

Now, Chen Xiang finally understood why there were so many people in Supreme Hall, but why there were so few people who came to the counter to question him.

"Old sir, I am from Dan Hall Tianjun." Chen Xiang immediately reported his background, in case he was scammed later on.

The old man at the counter was tall and thin. He had a head of short white hair and a small goatee. His skin was very white and tender without any wrinkles. He looked very energetic.

"Show me your jade tablet. If you pretend to be one of Camel's men, then you'll be out of luck." The old man laughed sinisterly, causing Chen Xiang's heart to tremble. He quickly took out his identity plate and handed it over.

After the old man read it, he returned it with a smile. "As expected, it's just like what Old Luo said, a young fellow. Why did you look for me? I won't take your Shen Yuan stone."

"Then, I will thank Senior first. I want to find a person who has entered the Supreme Divine Palace in these past few decades. He is bald, and he is ... I came in after passing the trial. " Chen Xiang lowered his voice and said, "Can you find it?"

The old man immediately said, "There is one baldy, but he didn't pass the trial to come here ... So far, only you have passed the trial to come in. You are sure that your friend has passed the trial. "

Chen Xiang was immediately suspicious. Could it be that Xiao Chou had not passed, but he had sought Feng Yujie out after the deadline? If he had not gone for the trial, he would have died, he would not have been able to find Feng Yujie.

"Are there any portraits of that baldy?" Chen Xiang asked again. After entering the Supreme Divine Palace, he had never met a baldy, so he looked around with the only hope in hand.

The old man took out a piece of paper from the Storage magic treasure and gave it to Chen Xiang.

He has been in the Soul Hall for decades, and has gone out with their hall master. He has already been out for a few months, and should be back very soon, so he should be the first hall of the Supreme Soul

Hall Divine Hall. This bald head is very outstanding, and might become the first hall master. The old man said.

Chen Xiang couldn't understand why Xiao Chou didn't go through any trials, but still went into the Supreme Divine Palace, and did it so well.

He had originally guessed that Xiao Chou was going to the Boxing Hall, but he hadn't thought that it would be the Soul Hall. This was also pretty good, when he needed beast divine soul in the future, he could go and find Xiao Chou.

Chen Xiang thanked the old man once again and strolled around Supreme Hall. He quickly found Feng Yujie, who was currently looking for a place to post her purchase notice.

"Sister Feng." Chen Xiang patted Feng Yujie's shoulder and laughed.

Feng Yujie turned his head and saw Chen Xiang approaching, he smiled: "It's great that you're here, help me find a good place."

The notices that were posted in the Supreme Hall were all bought from the counters, and were valid for ten days. After ten days, they could be torn down, and if they did not expire, the counters would know, that if they caught one, they would be punished by many Shen Yuan stone.

In the lower right corner of the announcement, there was a countdown, such as seven days, six days, five days ... If it was not displayed, it meant that time was up. The spirit energy on the notice paper had also disappeared, and tearing it down would not result in any punishment.

Chen Xiang released many divine soul s, and quickly found over twenty outdated announcements, which he could tear.

"I found more than 20 locations. How many pieces of paper do you have?" Chen Xiang asked.

"One ... Every piece of paper is worth two hundred Shen Yuan stone, it can only be used for ten days. That old man is very evil, buying twenty of them would cost more than four thousand and it would be done in ten days. Last time I went to ask him something, and he actually charged me a thousand Shen Yuan stone. " When he talked about the black-hearted old man at the counter, Feng Yujie got angry.

Chen Xiang couldn't help but laugh, then pulled Feng Yujie's hand and walked away.

"Brat, where are you going?" Feng Yujie asked.

"Take out the notice paper, you only need to paste one. It's hard to find." Chen Xiang said: "You have to post more, or else who knows how long you will have to buy it for."

"How could I have so many Shen Yuan stone s? Buying twenty of them at once would only take ten days, and if we were to split them up, it would take two hundred days. It would be more worthwhile, since I have the time." Although Feng Yujie did a good job in the Gods Realm, with a lot of good money, but in this place, money was useless as scrap metal, so she was very thrifty right now.

Chen Xiang had already pulled Feng Yujie to the counter. Feng Yujie did not want to come here, because she felt a shadow over the black-hearted old man.

"Old mister, I want to buy some notice paper, can it be cheaper?" Chen Xiang said to the old man.

When Feng Yujie heard this, he thought to himself, "If you know how to be cheap, then I'm dead. The old man from the Supreme Hall is the number one bandit in the Supreme Divine Palace."

When the old man saw that it was Chen Xiang, he immediately took out a stack of paper and laughed: Take it.

Feng Yujie was immediately stunned, this made her feel like what she was seeing was an illusion. This black-hearted old man actually gave Chen Xiang so many pieces of paper for free, there seemed to be at least fifty of them, and he even told Chen Xiang to use them before taking them.

Chen Xiang hurriedly thanked her, then pulled Feng Yujie to a place where they could stick some more, and stuffed the stack of papers back to Feng Yujie: "Take it."

Feng Yujie was still in a state of shock. After taking the medicine, after confirming that it was usable, he took a deep breath and asked: "What relationship do you have with him?"

"Nothing, because I'm from the tenth hall. Oh right, do you want to transfer halls? My hall master said he can let you transfer there." Chen Xiang laughed proudly.

"It's really possible, of course I want to go over. I have long heard that many Alchemist want to transfer over, but he doesn't accept them." Just with the advantage of being able to take the notice paper for free, how could it not move Feng Yujie's heart?

With Chen Xiang's help, Feng Yujie had quickly put up fifty pieces. When the two of them returned, passing by the counter, they saw a few middle-aged men dressed in Sword Hall attire talking to the old man with a serious expression.

"Zhang Zhuo is dead. Also, Song Peng, and the three hall masters who were on good terms with Zhang Zhuo are all dead. Help me release a message and search for relevant clues."

Chen Xiang was holding onto Feng Yujie's jade hand as he walked out. When he heard these words, he was shocked but at the same time, he couldn't help but increase his strength by a little. Feng Yujie could clearly feel it and was also shocked in his heart.

## [Chapter 1932](#)

Feng Yujie secretly scolded Chen Xiang. Not long after he entered, he had already killed a few Supreme Divine Palace disciples, and a few of them were of the hall master level.

Of course, she wasn't the least bit surprised that Chen Xiang would do such a thing, otherwise, it wouldn't be Chen Xiang at all. Furthermore, she knew that Chen Xiang wasn't the last resort, and definitely wouldn't kill people.

Although Feng Yujie and Chen Xiang were secretly shocked in their hearts, they calmly walked out of the Supreme Hall.

"I'll go look for my hall master first. When I transfer to another hall, I need to greet him. You just have to wait for me in the tenth hall." Feng Yujie said. She did not ask Chen Xiang about killing Zhang Zhuo and the others, because this was not a suitable place to do so.

Chen Xiang's face became gloomy, he was not afraid, he was only worried that it would be found out, he nodded, and returned.

"Kid, how is it? Have you found your friend?" Seeing that Chen Xiang had returned, Luo Tianjun shouted loudly.

"Yes, but he's already gone out with his hall master and won't be back for some time. That's why I can't see him for the time being." Chen Xiang laughed: "Hall Master, you are indeed very capable. That old man from Supreme Hall confirmed that I am from the tenth hall, and thus gave me a lot of convenience."

Luo Tianjun laughed proudly: "Of course I, Luo Tianjun, am capable. I will let you experience me more in the future."

Chen Xiang said: "My friend from the 9th hall has already agreed to come over, maybe she will come looking for me later."

Right after she finished speaking, Feng Yujie appeared at the courtyard entrance. When she saw Chen Xiang, she ran in while laughing.

"Head, this is the friend I was talking about." Chen Xiang never thought that Feng Yujie would be so fast.

"Greetings, hall master." Feng Yujie greeted politely with a sweet smile on his face.

Luo Tianjun laughed: "There's no need to be courteous, bring your plate over, I will help you change it, from now on, you are part of our tenth hall."

Feng Yujie walked up and handed over her identity jade tablet to Luo Tianjun. After receiving it, Luo Tianjun muttered: "Feng Yujie, lowly divine pill god ..."

After reading some information from Feng Yujie's jade tablet, Luo Tianjun branded the tenth hall into the jade tablet.

"Haha, before, those guys always said that no female disciples would come into our tenth hall. Let's see what they will say now." Luo Tianjun was very happy as he returned the jade token to Feng Yujie.

Luo Tianjun had always hoped that there would be an outstanding female Alchemist in the tenth hall, but the young female Alchemist s would usually choose those Dan Hall s who were ranked in the top few, and the conditions offered by those Dan Hall s were also very good.

Not only his tenth hall, but many other Dan Hall s did not have any female disciples.

"Yu Jie, wait a minute, let me see how I can expand this place. I will build a house and an underground alchemy room for you." Luo Tianjun had a headache, because he did not know that his own Dan Hall would suddenly increase by so many people, he converted many empty rooms into a huge pill refining room, the one where the Three Gu Brothers had competed together to refine pills.

Right now, he could not change the pill refining room, because the Three Gu Brothers had been competing in that place for many years. If it suddenly disappeared, they would feel very sad, and in order to make the Dan Hall harmonious, Luo Tianjun planned to expand this house.

Chen Xiang suddenly said: "No need, Sister Feng can stay in the same room as me."

Feng Yujie was startled, but of course she would not agree. She was just about to reject him, but she felt that it would be better this way, because she and Chen Xiang both had some secrets to share, so living in the same house was not bad.

"This... You've developed that relationship. " Luo Tianjun was very surprised. He stared blankly for a while, then laughed with an "I understand" expression.

Feng Yujie quickly explained, "No, we are only at the same level ... We are siblings, and we used to often play together. The rooms are very big, we can separate them, I don't mind that, but this way, you won't need to trouble yourself with the hall master's work. "

Although Feng Yujie explained it this way, Luo Tianjun still laughed mischievously. "Then it's settled, or else I would have to get the approval of a few elders and hall masters for the expanded construction. It would be somewhat troublesome."

At night, Chen Xiang, Feng Yujie and Luo Tianjun were having dinner in the living room. Luo Tianjun personally cooked many delicious dishes.

"Third senior brother hasn't come back yet." Chen Xiang asked: "I haven't seen them for a day."

Luo Tianjun held onto the food and laughed: "Ignore them. Quickly eat, eat, and try out my dishes. Those three fellows probably went to look for other halls to make a bet."

Chen Xiang and Feng Yujie both picked up their dishes, but just at this time, the Three Gu Brothers returned. They walked to the door of the living room, and when they saw that there was a woman there, they couldn't help but be shocked, as if they had seen something shocking.

"This... "Who is it?" The oldest Gu asked in surprise.

"This little girl Feng Yujie greets her three senior brothers." Feng Yujie immediately stood up and saluted the Three Gu Brothers gracefully.

Luo Tianjun immediately said: "Why are you being so polite to them, quickly cook, continue eating, ignore them."

Three Gu Brothers seemed to have understood that this woman was their junior sister, and one that had just joined them, but they still did not dare believe it.

"That doesn't make sense." Gu Lao Er was stunned for a long time as he spat out these words.

Yu Jie was originally in the Ninth Hall, so they knew each other since a long time ago. When they bumped into each other here, they told her to turn around, and it was rude of the three of you, especially with your current appearances ... Luo Tianjun shouted.

Three Gu Brothers sat down quietly with a smile on his face. This was because their tenth hall finally had a female disciple.

"That's right, where does Junior Sister live now? Why don't we destroy that large alchemy room?" oldest Gu asked.

"No need, she lives with Chen Xiang." Luo Tianjun said.

"Oh." oldest Gu was startled, and then understood.

Feng Yujie was too lazy to explain anymore, but when she saw Chen Xiang's smiling lowly appearance, she secretly stepped on Chen Xiang's leg.

"Eat, eat, eat ..." We have more people now, and not long from now, we will let them see how powerful we are in the Dan Hall. " Luo Tianjun was extremely happy.

After eating, they chatted for a while before returning to their own rooms.

Chen Xiang's room was relatively large, even with two beds, it was still spacious.

"Brat, don't mess around tonight, otherwise, you'll be out of luck." Feng Yujie pouted and warned as she entered the tight bathroom to take a bath.

There was also a bathtub in the room. After Feng Yujie entered the bathroom, he was soaking in the bathtub, snorting for a bit as he washed his body.

After Feng Yujie finished showering, he couldn't help but stamp his feet when he saw that Chen Xiang was actually washing his body in front of her.

### [Chapter 1933](#)

Chen Xiang saw that Feng Yujie was a little angry and laughed: "I don't mind if you see me, what do you mind about?"

Feng Yujie lied down on the bed, covered her delicate body with a thin blanket and snorted at Chen Xiang: "Wash faster, I still need to rest."

"Turn your head, I'm going to stand up." Feng Yujie laughed sinisterly, Feng Yujie immediately turned over, and Chen Xiang quickly stood up and put on her clothes.

After he laid on the bed, Feng Yujie sent him a sound transmission, "Did you really kill those guys?"

"I was the one who killed them. In that situation, I had no choice but to kill them, or else the one who would be in trouble in the future would be me. Don't worry, they won't find out. I did very cleanly at that time." Chen Xiang said.

"Tell me what happened." Feng Yujie was a little curious. Not long after Chen Xiang came in, he started to make enemies with others.

Chen Xiang told Feng Yujie everything about how he went through the trial to enter the Sword Hall, and how he had a conflict with Zhang Zhuo and the others when he was picking the herbs.

"These guys really have to kill them." Feng Yujie had already known about the divine lotus root. "So you're saying that you have a divine lotus root in your hands?"

Chen Xiang said: "Of course, but back then when I copied it, I used up many of my spirit pearls, so if I wanted to duplicate it now, I would need to condense a lot of spirit liquids myself. If I had spirit pearls, it would be a lot faster."

Feng Yujie was also clear that the effects of the [Alive Slain Method] 's dual cultivation would be many times greater than that of the spiritual liquid he condensed alone.

"We're not in a hurry to get the Spirit Lotus right now. We need to learn how to concoct more divine pills first." Feng Yujie said: "You will start refining the Yuxin Dan tomorrow, I will continue to purchase my medicine and help you pay attention to the movements of the Sword Hall."

"You have to prepare for the worst yourself. If by any chance you don't find out, you will immediately leave the area under the jurisdiction of the Supreme Divine Palace."

Chen Xiang had thought of this since long ago, but now he felt that they wouldn't be discovered, otherwise they would have found clues long ago, because with the death of the five important Sword Hall disciples, they wouldn't just disappear, it was enough for the Sword Hall to send out a lot of power to investigate.

"Sister Feng, do you want to learn my Heavenly Alchemy? Right now, your focus is mainly on refining pills. If you were to learn Heavenly Alchemy, there would be more pills produced." Chen Xiang said.

"Of course I do. When I first saw Xiang Yue and the rest concocting so many pills, I was already envious of them. Is this hard to learn? Xiang Yue and Qianqian both have a Heavenly Alchemy foundation, so I'm worried that it will be difficult for me to enter the sect." Feng Yujie said. Even though she had received guidance from the Divine King at a young age, she had never trained in the Heavenly Alchemy, so she did not understand it at all.

"It's not that difficult because your foundations are not bad. Let me enter your Divine Sense Sea and I will pass on to you the Heavenly Alchemy that I've learned." Chen Xiang and Feng Yujie's relationship was so close that he wasn't stingy at all.

"Don't mess around when you enter my Divine Sense Sea." Feng Yujie scoffed.

Chen Xiang laughed: "As long as you don't do anything to my divine soul."

The last time Feng Yujie had entered Chen Xiang's Divine Sense Sea, he had seen Chen Xiang's Divine Sense Sea World, and now Chen Xiang also wanted to see Feng Yujie's Divine Sense Sea.

Chen Xiang walked up to Feng Yujie's bed, and gently tapped the center of Feng Yujie's brows with his finger, and a thin layer of mist leaked out.

Feng Yujie relaxed his body and allowed Chen Xiang to enter her Divine Sense Sea World.

Very quickly, Chen Xiang's divine soul arrived at a magnificent palace. Looking at this palace, Chen Xiang could not help but be shocked.

"Isn't this Heavenly Divine Palace?" Just a moment ago, he really thought that he had appeared in the Ninth Heaven of Nine Heaven Devil Palace.

"Pretty much, my Divine Sense Sea World is just like that, because I really want this Heavenly Divine Palace to appear anew." Feng Yujie's divine soul gradually appeared in the air, and appeared in front of Chen Xiang's face. (TL:

[illegible]

Chen Xiang followed her into a beautiful and quiet garden.

"You can pass on your skills to me now." Feng Yujie sat on the grass in the garden.

Chen Xiang also sat down, and began to pass his Heavenly Alchemy to Feng Yujie.

It was already morning and Chen Xiang had already finished transmitting his skills. Because Feng Yujie did not have the same cultivation base as Wu Qianqian and Wu Qianqian, imparting the techniques to him would be extremely difficult as well. Fortunately, Feng Yujie had a very high comprehension and under the method of transferring his skills through the divine soul, he quickly comprehended a few things.

"No wonder you always make pills that can shake the sky and earth, these methods are way too magical." Feng Yujie gasped in surprise.

"The few types of cultivation techniques that you have obtained are the ones that I have currently comprehended. After you become familiar with them, you can go and comprehend your own cultivation techniques. Everyone will be able to comprehend different types of cultivation techniques from them." Chen Xiang laughed: "Do you want me to pass the Alive Slain Method to you?"

Feng Yujie lightly snorted: "No need, I've known this for a long time. Qilian passed it down to me."

The strongest part of the Alive Slain Method was the dual cultivation. When Feng Yujie saw Chen Xiang smile so mischievously, she knew that he had that kind of idea, and just as she was thinking that, the clothes on top of Chen Xiang's body suddenly disappeared.

Chen Xiang was immediately stunned. His divine soul was weaker than Feng Yujie's, so in Feng Yujie's Divine Sense Sea World, he could directly control his own divine soul.

The clothes on his upper body suddenly disappeared, which must have something to do with Feng Yujie's thoughts. This also caused Chen Xiang to think about it, he never thought that the beautiful and pure Nine Heavens Goddess would actually treat him like this ...

Very quickly, Chen Xiang was forcefully sent out of her Divine Sense Sea, and Feng Yujie buried his face in the blanket. Although Chen Xiang did not see it, he knew that it must be extremely red.

"It's daybreak. Hurry up and do what you need to do." Feng Yujie covered her head, and softly said in a pout: "Little Scoundrel, don't come near me."

Chen Xiang had a wronged expression on his face, but he did not do anything wrong. "Nothing happened just now, I won't bring it up again in the future."

"You still said it? It's all your fault, it's all your fault." Feng Yujie shouted out. Although her voice was loud, it was hard to hide her embarrassment.

Chen Xiang chuckled: "Alright, then it's all my fault, I'll leave now."

He immediately ran to the bottom of the secret room to study the Yuxin Dan.

Feng Yujie only dared to reveal her head after a long time, but her face was still red. She never thought that she would suddenly have such an idea towards Chen Xiang, and when she thought back, her face immediately flushed red.

Feng Yujie left for Supreme Hall very early in the morning. She was going to fix her notice, because she was already at the tenth hall.

When she arrived at Supreme Divine Palace, she saw the few middle-aged men in charge of investigating the incident with Zhang Zhuo. There were also many bounty orders pasted on them, all of them had clues related to the bounty.

"We've just gotten some clues. On the day before Zhang Zhuo and the others disappeared, they went to purchase medicinal herbs. We've checked one by one, and a family has also gone missing." The middle-aged man said to the old man behind the counter, "In the end, we searched around and found traces of a fight, but the scene was very cleaned up and there weren't any clues left behind. However, we learned that the missing family members are a young lady and little girl. We need to find them."

#### [Chapter 1934](#)

When Feng Yujie heard this, he was worried in his heart. She had already learned from Chen Xiang that the grandfather and grandson pair were going to the Heavenly Divine Profound Lake. If they were stopped halfway and asked about something, Chen Xiang would be in danger.

After hearing what she said, Feng Yujie did not continue modifying her notice and immediately went back to look for Chen Xiang.

Chen Xiang had not started to refine pills yet, but had used his spirit essence to look at the Spirit blood inside the ingredients. When he heard someone approaching and sensed Feng Yujie's aura, he immediately stood up and walked over to open the door.

"Brat, the people in charge of investigating the situation have found some clues. They are going to look for the old lady and little girl. This is their only clue." Feng Yujie said: "I heard it from the Supreme Hall."

Right now, Chen Xiang was not worrying about himself, but worried about the ancestor and grandson. He didn't know where they had gone to right now, or else he would have chased after them immediately.

Seeing Chen Xiang's worry, Feng Yujie said: "We have been waiting patiently."

Chen Xiang nodded.

"Refine well, wait until we accumulate enough strength, then we'll go take a look at the Mysterious Sky Deity's Lake." Feng Yujie comforted Chen Xiang.

After Feng Yujie left, it took Chen Xiang half an hour to calm down.

"Yuxin Dan requires three types of Inferior Grade Divine Medicines, and these are Xiaping Dan that use fewer divine medicines. It's no wonder that they're not welcomed, since the effects are not strong. If I were to add another Inferior Grade Divine Medicine to enhance the original abilities of the Yuxin Dan, then it would definitely be very popular." Chen Xiang was rummaging through the low rank divine medicine in his memory, looking at the suitable ones to go with the Yuxin Dan.

The Spirit Orb used to copy the medicinal ingredients was almost used up, and using the spirit liquid slowly, Chen Xiang felt that it would be better to refine the pills to exchange for Shen Yuan stone, and then purchase the medicinal ingredients faster.

Chen Xiang looked at the three divine medicines on top of the jade basin. These were all low grade divine medicines used to refine Yuxin Dan s.

felt that the effects of the pellet that was refined from the Crescent Moon Divine Fruit should not be too bad. The Yuxin Dan, on the other hand, was much weaker, and it must be because of some other reason that the effects of the Crescent Moon Divine Fruit could not be unleashed, and it was suppressed.

The last type was the jade-green tree roots, something that many divine trees had. When some divine trees grew to a certain age, the roots would turn into jade-like jades that could be used to concoct pills and also have good healing effects.

"The jasper root and the purple beard are both things that grow only when they have reached a certain age. They can be considered very common, but the Crescent Moon Divine Fruit is not the same as these two elixirs." After Chen Xiang carefully analysed these medicinal ingredients, he fell into deep thought, "If I want to add another medicinal ingredient, then I need to have the same special name as the Crescent Moon God Fruit. At the same time, I need to be able to combine the medicinal ingredients together with the Jadeite Tree Root and the Jadenflower Purple Bee to form a line and fuse these three types."

The fourth low rank divine medicine that was added was extremely important. Not only did it have to have a strong enough healing effect, it also had to be able to reconcile the other three divine medicines.

"What is suitable?" The knowledge that Feng Yujie had imparted to him was constantly flashing through Chen Xiang's mind.

Two hours had passed and Chen Xiang had finally found something that was more suitable for him. The specifics would need to be tried first before he could confirm whether or not they perfectly fused together.

"Let's first refine a cauldron first." Chen Xiang had yet to start concocting pills, and the reason he was concocting pills now was only to familiarize himself with the true specialties of the Yuxin Dan's various medicinal ingredients.

He only had two sets of Yuxin Dan s' ingredients in his possession. After refining this batch, he would have to make a copy which would consume all of his spirit liquid.

After a day's time, he successfully refined a batch of Yuxin Dan. His Original source refining on top of refining divine pellets also had a very good effect, allowing him to quickly finish refining them.

The first time was not going to be easy. It would take a long time and a lot of patience.

"Four pellets, if I sell one for a hundred thousand Shen Yuan stone, I wonder if I can sell it a little faster." In Chen Xiang's hands were four divine pellets that looked like purple jade beads. These were Yuxin Dan s.

If it was in the Supreme Hall, then it would need ten thousand Shen Yuan stone. The three types of Yuxin Dan's medicinal herbs were all relatively common, and if thirty thousand Shen Yuan stone could be received, then even if it was only selling for sixty thousand one pellet, it would still be worth a lot.

Of course, this was only true for Chen Xiang, because he was extremely fast in refining Yuxin Dan using the Original source refining. After familiarizing himself with it, he was able to refine one pot in half a day and could refine four pills at a time.

If it were any other Alchemist that had just touched the divine pellet realm, then it would at least take ten days, and at the most, half a month.

"This is the first divine pill that I will concoct after I become a Pill God." Chen Xiang sighed deeply as he looked at the four Yuxin Dan s.

He wanted to refine that Bone level Dan even more. He desired Bones very much, because it would allow him to have even more power.

It was night when Chen Xiang came up from the secret underground room. Seeing Feng Yujie quietly sleeping on the side of the bed, that beautiful posture of hers made Chen Xiang reluctant to move his eyes away.

Feng Yujie suddenly opened her eyes. Although she was fast asleep previously, a strong warrior of her level would immediately catch her if she made a sound, then quickly wake her up. When she heard Chen Xiang opening the stone door of the secret room, she immediately woke up.

"I'm going to take a bath." Chen Xiang laughed and immediately went into the bathroom to wash his body. He had concocted pills for a long time and was sweating profusely.

Feng Yujie snorted lightly and used the blanket to wrap herself up tightly. Hearing the splashing sound of the water in the bathtub, she couldn't help but think about it, and quickly remembered that Chen Xiang was in her Divine Sense Sea, making her feel embarrassed and embarrassed.

"With such a big bed, don't you feel empty sleeping on your own?" Chen Xiang walked out from the bathroom and said while laughing.

"None of your business. Hurry up and go to sleep." Feng Yujie's jade face was flushed red, but because of the dim light in the room, Chen Xiang did not see it.

After Chen Xiang laid on his bed, he said: "I have already successfully refined four Yuxin Dan s. Sister Feng, tell me, if I were to buy one hundred thousand Shen Yuan stone s, would it be possible for me to sell it quickly?"

At this point in time, Feng Yujie already had an extremely deep understanding of the Heavenly Alchemy. She was not surprised at all that Chen Xiang had refined four Yuxin Dan.

"It's still a little difficult. The eighty thousand Shen Yuan stone should be able to be sold very quickly." Feng Yujie said. At this time, she was also stirred up, wanting to test the Yuxin Dan with her Heavenly Alchemy, to see if she could refine four pills herself.

Chen Xiang asked: "How many herbs did you purchase?"

When he asked about the present, Feng Yujie was a little helpless, and sighed: "I was going to buy the same one today, but that guy's asking price is too high, one hundred thousand Shen Yuan stone, I didn't ask for it."

### [Chapter 1935](#)

She only had the few Shen Yuan stone that Chen Xiang had given her. If she were to buy this portion, she wouldn't have much left ...

"Buy his tomorrow, and sell these four Yuxin Dan as well." Chen Xiang said: "Since you have learnt the Alive Slain Method, you should be able to condense more spirit liquid in the next few days."

Feng Yujie suddenly felt that it was somewhat useless. She was stronger than Chen Xiang, and had even inherited the Nine Divine Kings's legacy, and now that she urgently needed the Shen Yuan stone, since she felt so powerless, she couldn't wait to let Chen Xiang help her.

"Brat, I heard Qilian say that ... You can condense Spiritual Beads just by kissing, right? " Feng Yujie suddenly asked with a voice as soft as a mosquito's. It was obvious that he was shy.

After Chen Xiang heard this, he did not immediately reply, but sunk into silence, while his heart thumped rapidly. Feng Yujie obviously had this kind of plan, for him, asking this question was way too unexpected.

"Yes." Chen Xiang was silent for a moment, before calming himself down and saying indifferently: "I've heard that this method of condensing Spirit Orbs has a pretty good effect. After all, the two of us are both powerful Gods."

Feng Yujie grabbed onto his blanket tightly and bit his lower lip lightly. He was carefully considering whether or not he should do that.

Just like this, the room sank into an extremely emotional atmosphere and was silent the entire time. Only after an entire hour had passed did Feng Yujie finally call out in a low voice: "Come over here."

"So it's like this ... Is it really okay? " Chen Xiang did not go over immediately, which made Feng Yujie a little angry. She did not want to discuss this matter so much, so she hoped that Chen Xiang could hurry up and finish this matter quickly by kissing her.

"If you don't want to, then forget it." Feng Yujie scoffed.

"You don't know the process. We'll be going on for a long time." Chen Xiang kindly reminded him. It was not that he did not want to, it was just that he was worried that Feng Yujie would feel awkward in the future and distance himself from him.

"Damn brat, if you don't come over, I'll ignore you." Feng Yujie scolded. The moment she finished speaking, Chen Xiang appeared on his bed.

Feng Yujie had still wrapped himself in the blanket, tightly and only his head was exposed.

Chen Xiang lit up the Night Illumination Pearl above and chuckled, "Is this how it starts?"

Feng Yujie pouted. "Then what do you want?"

Seeing Feng Yujie's red face, Chen Xiang also didn't know how to make his move. He smiled and replied: "Indeed I want you to just take the blanket away, it will feel better if you hug me like that. I won't lie to you, after all, we need to continue doing this until dawn."

Feng Yujie had already decided to throw caution to the wind. After kicking away the blanket, he acted as though he was "at your mercy". He gently pouted, "Damn brat, hurry up!"

This was the first time she had played this game. Although she had teased Chen Xiang before, she really felt that it was too childish to let such a thing happen. She did not want such a thing to really happen to her.

"Sister Feng, you are Sister You You You and sister Meiyao's mother, do you think that's good?" Chen Xiang laid beside Feng Yujie, using his fingers to caress her white and tender earlobes, laughing wickedly next to her ear: "You should already know that sister Meiyao is dead set on me, she's already my woman, and she's your goddaughter."

Feng Yujie really wanted to roll over and give Chen Xiang a fierce slap. These words at such a critical juncture was clearly meant to tease her.

"Stinking brat, stop pretending with me." Feng Yujie flipped his body and pressed Chen Xiang down backwards, then directly put his own sandalwood mouth under Chen Xiang's body. That fragrant tongue had already entered Chen Xiang's mouth and was moving around randomly, a little crazily at that.

In that moment, Chen Xiang's mind was blank. He never thought that Feng Yujie would suddenly be so intrepid, forcefully kissing him, this was the first time he had experienced this.

At that time, Chen Xiang was just a little brat that she could do whatever she wanted, while she was the empress that could not. Thinking back how soft she had been to Chen Xiang just now, even she felt ashamed of herself. Now that she had the upper hand, she felt really happy in her heart, because she had recovered the confidence that she had in front of Chen Xiang in the past.

Chen Xiang did not allow himself to be outdone, and fiercely embraced her. With a flip, he pressed her down below.

Just like this, the two of them turned and turned, both of them wanting to be on top, but their lips were tightly pressed together to kiss, and they did not start cultivating the Alive Slain Method. It was obvious that they had already been captivated by this wonderful feeling and were unable to extricate themselves, and were deeply intoxicated in it.

The two who were kissing each other unknowingly released the feelings they had hidden deep within their hearts. At this moment, they realized that they liked each other quite a bit, but they hadn't said it out loud in the past.

The reason why they had such a deep attraction towards each other, was because they thought that after coming to this place far away from the Gods Realm, they would rush over here even more thoroughly. This was because they had left their familiar environment and came to this unfamiliar and helpless place.

Of course, they did not know that because they had entered each other's Divine Sense Sea before, and to let others enter their own Divine Sense Sea, it meant that they had an incomparable trust in that person. Faintly, this trust also strengthened the feelings in their hearts.

At first, the two were very arrogant, but as time went on, they gradually became entangled, and soon after, they also entered the state of cultivating Alive Slain Method with great tacit understanding.

... ..

In the morning, Feng Yujie woke up and sat up. He spat out a light blue Spirit Race pellet, which was different from the color that Chen Xiang had condensed when he had kissed Lv Qilian.

Chen Xiang giggled as he looked at the snow-white breasts that were exposed on the side of Feng Yujie's body.

Feng Yujie spat lightly, rolled his eyes, and pulled off his clothes. Although they had done something very intimate, they had not broken through the last line of defense yet, because Chen Xiang could feel that Feng Yujie was still unwilling. He was very experienced with this feeling.

"I want to keep it." Feng Yujie laid on Chen Xiang's chest and said softly and sweetly, "Let's come back tonight. We can still condense a lot more."

"It's up to you. You formed it anyway." Chen Xiang caressed her long black hair and laughed: "Sister Yu Jie, you are so beautiful."

"Brat." Feng Yujie laughed and pinched his face: "Give me those Yuxin Dan, I'll go sell them."

Chen Xiang passed the Yuxin Dan to Feng Yujie, and after Feng Yujie received it, he tidied up his clothes and combed his hair, then rushed to Supreme Hall to issue the notice.

### [Chapter 1936](#)

Chen Xiang stretched his back, washed up, and then went to find Luo Tianjun.

Luo Tianjun was originally resting, but the moment he heard Chen Xiang call for him, he immediately opened the door and walked out.

"You're up so early. What's the matter?" Luo Tianjun held a bottle gourd in her hand. This bottle gourd was emitting traces of a very strong divine soul energy.

When Chen Xiang saw the bottle gourd, he knew that it was one of Luo Tianjun's more important divine tools.

"Hall Master, I would like to ask if it is easy to acquire Zhenyang gold ginseng s here." Chen Xiang wanted to improve the Yuxin Dan, he said that the Zhenyang gold ginseng that he needed to add are Zhenyang gold ginseng.

Luo Tianjun thought for a moment, then said: "There are some, but it's not common, if you want to buy it, you have to prepare at least one hundred and fifty thousand Shen Yuan stone, or even two hundred thousand. Although this kind of divine medicine is very strong, the healing effect is very strong, and some Zhongpin Dan would even add this kind of medicine."

As long as there was it, Chen Xiang believed that as long as he bought it patiently, he would be able to get it.

Returning back to the pill refining room, Chen Xiang took out the Yuxin Dan's medicinal ingredients and used the remaining spirit liquid he had to replicate.

What surprised him was that he could only replicate two portions of the elixir. He had expected him to replicate at most one portion of the elixir.

"Eight Yuxin Dan s. If they are sold at a low price, they should be sold out very quickly." Chen Xiang took a deep breath and started concocting pills.

Although the spirit liquid was already used up, Feng Yujie was willing to cultivate Alive Slain Method with him, and would condense the blue bead. When the time came, he only needed to purchase enough ingredients, and he would be able to use this bead to replicate.

After refining two batches of Yuxin Dan, it was already afternoon. Chen Xiang walked out of the pill refining room and saw Feng Yujie sitting at a table.

Chen Xiang saw that Feng Yujie's face was filled with a sweet smile, and asked: "Is there any good news for me?"

"Those Yuxin Dan have been sold. One pellet of the eighty thousand Shen Yuan stone, we now have another three hundred thousand Shen Yuan stone." Feng Yujie laughed, "Besides, I've also acquired two of the divine medicines that I need. I'm just short three of them."

Chen Xiang laughed: I also have some good news for you.

After he finished speaking, he took out an exquisite jade box and opened it. There were a few jewel-like Yuxin Dan inside.

"Eight pills." Feng Yujie shouted.

"Today, I copied a portion of the Yuxin Dan's medicine. Oh right, when you go tomorrow, help me paste a notice that I want to purchase the Zhenyang gold ginseng. I plan to merge the Zhenyang gold ginseng into the original Yuxin Dan's medicine." Chen Xiang sealed the jade box and placed it in Feng Yujie's hands.

Feng Yujie nodded his head: "This way, we will be able to gather the required divine medicines very quickly. At that time, we can use the spirit pearl to duplicate them."

Chen Xiang laughed: "We will begin now. By tomorrow morning, we should be able to duplicate two pills."

Feng Yujie's seductive eyes lightly glanced at Chen Xiang, and chuckled: "What a naughty little brat ...  
"Then let's start now."

... ..

On the second day, Feng Yujie indeed condensed two light blue Spirit Orbs from her small mouth, she gave them to Chen Xiang, because the first one she condensed yesterday, was left as a souvenir, so she did not use it for Chen Xiang to copy.

"Today, I'll go with you to the Supreme Hall to take a look. I don't have much to do today either." Chen Xiang said.

Feng Yujie nodded, then walked out of the room and left the courtyard hand in hand with Chen Xiang. When they were walking out, they were coincidentally seen by Luo Tianjun.

Luo Tianjun shook his head and laughed: "These two youngsters love each other so much, and even said that they are just ordinary friends.

"Hall Master, should we register them for the Sovereign Conference?" oldest Gu hurriedly ran back from outside. They had been away for the past two days so they went to prepare. As they were the main forces of the tenth hall, the competition of the Dan Hall was about to begin.

Luo Tianjun already knew that Feng Yujie knew how to refine Yuxin Dan, and he could be considered a pill god. Although Chen Xiang had the divine pill formula, he couldn't use it for the competition since he was a Bone level Dan, so he was not a pill god yet.

"We'll talk about it when he gets back. He definitely has to participate. If he can't participate in the competition, then help him register for the sacred pills." Luo Tianjun said: "Now, I can help your junior sister register to participate in the Xiaping Dan's competition."

and Feng Yujie arrived at Supreme Hall and asked the old man at the counter for a few notices. The old man was very willing to gift them this notice to save them a lot of Shen Yuan stone s.

"Why are there so many people here today, especially at Sword Hall?" Chen Xiang said softly, with a single glance, he saw disciples dressed in Sword Hall robes.

Of the Four Great Supreme Palaces in the Supreme Divine Palace, only the Dan Hall didn't have uniform, so you could tell at a glance that they were from the Dan Hall s.

The old man behind the counter laughed: "The competition of the Supreme Palace that occurs once every hundred years is about to begin. The outstanding disciples in the various halls have all come back one after another, because this is a great opportunity for them to come into contact with the Divine Nations, especially with those from the Heaven Realm."

Luo Tianjun had said before, as long as they could get into the top three, they would have the chance to have a meal with the members of the royal family in the Divine Nations, and even enter the imperial palace to communicate with the outstanding royalty.

Chen Xiang was still not sure what group she was going to join, and Feng Yujie was definitely going to join. She came to the Supreme Divine Palace because she wanted to find a way to contact the Divine Nations.

After Feng Yujie finished writing the contents of the notice, he and Chen Xiang went to look for a place to post. As soon as they entered the crowd of people, it attracted the attention of many.

Seeing that Chen Xiang and Feng Yujie did not have any uniform attire, and the notice that was posted was for purchasing medicinal herbs, he confirmed that they were disciples from Dan Hall.

I never thought that there would be two more young Alchemists. I wonder where they came from, all the young faces of the Alchemists can be counted with one hand, and they all have deep backgrounds. A man wearing a black cloak said. On the back of his black cloak was drawn a very imposing fist.

"He definitely doesn't have a backer. Otherwise, he wouldn't have come here to purchase medicinal herbs." A middle-aged man sneered.

The man from before said: "Look, the people from the first Sword Hall have gone over. This guy from the first Sword Hall always likes to cause trouble, and he also really likes to tease the female disciples who just entered the Supreme Divine Palace."

Chen Xiang and Feng Yujie never thought that they would be watched by someone like that, they only felt that it was weird. After all, they were people who had experienced many things, especially Feng Yujie.

"Little girl, did you just join the Supreme Divine Palace? Which hall are you from?" A handsome man with long hair that fluttered in the wind walked over with a very annoying smile on his face.

#### [Chapter 1937](#)

Feng Yujie burst out in laughter and someone actually called her little sister. She replied softly, "I'm from the tenth hall..."

Although the tenth hall brought a cross, their overall strength was still at number two. When Chen Xiang heard about it from the Three Gu Brothers, he thought that they were just bragging, but he found out later on that it was true.

"The tenth hall." Knowing that Feng Yujie was from the tenth hall, the man let out a hollow laugh. The tenth hall's Luo Tianjun was extremely famous, he definitely knew of him.

Suddenly, someone shouted: "Isn't he the person who defeated Song Peng with one sword strike, he went through the trial and entered the Dan Hall, I never expected to enter the Dan Hall, his sword arts are very terrifying, I thought he would enter the Sword Hall."

Song Peng's miserable defeat was a very famous event in the Sword Hall. Many disciples thought that the one who defeated Song Peng was someone who excelled in the way of the sword, but who would have thought that they would actually join the Dan Hall.

"You defeated Song Peng and you still want to challenge Zhang Zhuo, but looking at your current state, you shouldn't be such a crazy person." The long-haired man sized up Chen Xiang. He had developed a very strong interest towards him.

Chen Xiang and Feng Yujie were both worried, because he and Zhang Zhuo had their own contradictions, and now that Zhang Zhuo and Zhang Zhuo were both dead, if someone connected them together, Chen Xiang might be in trouble.

As long as there was no conclusive evidence, Chen Xiang would never admit it no matter what. He was confident that he had done it cleanly and would not leave any traces behind, unless Xu Lingfei and her grandmother exposed him.

Chen Xiang slightly smiled: "I wasn't crazy in the first place, but if someone was crazy in front of me, I would be more crazy than him."

With that, Chen Xiang pointed to the notice paper, and asked: "Senior brother, I wonder if you have seen this divine medicine before."

"I've heard of it, but not seen it." The long-haired man shook his head slightly, then returned to his own junior and junior brothers. Originally, he had wanted to find some fun, but he knew that the disciples of the tenth Dan Hall were not to be trifled with, and the two young disciples in particular were extremely important to Luo Tianjun.

Just as everyone turned to look at Chen Xiang and his group, they suddenly heard a trembling not too far away.

"F \* ck off." A thunderous roar exploded, shaking everything endlessly. Someone was actually fighting here, and there was even such a large commotion.

The old man behind the counter was also surprised and a bit angry. He immediately went over.

Chen Xiang and Feng Yujie also went to watch the commotion.

He saw that the floor had already been broken into pieces. The thick and solid stone floor had been broken into pieces. A middle-aged man was lying on top of the broken pieces. This middle-aged man's chest had been stepped on.

"Xiao Chou." Chen Xiang was ecstatic. Xiao Chou had returned, he did not expect that he was the one who did it, if not for the urgent arrival of the old man at the counter, Xiao Chou might have continued to step on him.

"What's going on?" The old man behind the counter asked with a dark expression.

Xiao Chou was still the same as before, with a shiny skull. Currently, he looked very mature, he did not seem like someone who would get angry casually, so there must be a reason why he was so angry right now.

Chen Xiang saw a red-clothed female standing not far from him. Her face was filled with worry, but when she saw that the old man standing at the counter had arrived, she anxiously walked over and timidly said, "The elder is .... This man is the one who bullied me... He was in chaos... "Feel free to touch me."

Seeing the lady, Chen Xiang could not help but laugh, he never thought that Xiao Chou had finally awakened, and that he already had someone he liked.

Xiao Chou was Chen Xiang's disciple, and also the descendant of the Herculean God. Xiao Chou had a very powerful Divine Veins legacy, his strength was very scary, and like Chen Xiang, he was also a very abnormal guy. Now, he even entered the Supreme Divine Palace, becoming an outstanding disciple amongst the Soul Hall.

The old man looked at the middle-aged man whose chest had been broken by Xiao Chou, and asked coldly: "Is this true?"

"Elder ... "I was careless..."

The old man frowned as he saw the flash of light in the middle-aged man's eyes. He said in a cold tone: "Be quiet."

"Yes." As soon as the middle-aged man admitted to it, the old man waved his hand and the middle-aged man disappeared.

The Supreme Divine Palace's space was extremely sturdy, even a few elders who used the power of space could not easily travel through space. However, the old man had already made them disappear with a wave of his hand.

"I'll let you go this time. There won't be a next time." The old man said to Xiao Chou who was sweating profusely. He did not know if it was because Chen Xiang was Chen Xiang's friend that he would let him go.

"Little fellows who have just returned, please do not cause trouble at my place. The one who disappeared after making trouble here over the years is not the same guy from before."

With these words, the old man returned to his own counter, leisurely reading a book.

"Xiao Chou, wait for me in the tenth hall of the Dan Hall." Xiao Chou's sound transmission suddenly came to Xiao Chou's mind. He was pleasantly surprised, and then, while dragging the red-clothed female, he hurriedly left the Supreme Hall.

After Chen Xiang and Feng Yujie finished posting, they returned to the tenth hall.

Returning back to Hall 10, Chen Xiang already saw Xiao Chou and the pure red clothed female in the hall.

"Master, it's really you." Seeing Chen Xiang, Xiao Chou anxiously walked out of the hall and grabbed both of Chen Xiang's arms, he was extremely excited.

"What, do you think I died in that trial?" Chen Xiang laughed and patted Xiao Chou's head, "You have become so powerful, maybe I can't even beat you anymore."

"Master, let me introduce you. This is my wife, Zhu Siqing ... "Qing'er, quickly call for Master." Xiao Chou pulled Zhu Siqing over. "He's the master that you and I have been talking about often."

"Qing'er greets Master and Mistress." Although Zhu Siqing was a little shy, she was very meticulous and noticed Feng Yujie who was walking over with Chen Xiang.

"Mistress, isn't that the Goddess of the Nine Heavens? Master, you and her ..." Xiao Chou saw that Feng Yujie's face had changed, and did not continue the topic. It looks like Xiao Chou knew a lot of things.

Xiao Chou laughed dryly: Qing'er, you have a lot of masters, I don't think this is the case.

Feng Yujie purposely pretended to be fierce: "Why can't I be your mistress? Don't tell me that you think I'm not worthy of your master."

"This... "Well, you really are." Xiao Chou did not dare believe it, he knew how powerful Feng Yujie was. He knew that Feng Yujie was a powerful existence who had inherited a large portion of the Nine Divine Kings's power, and was actually on good terms with his master.

Feng Yujie held onto Chen Xiang's arm, and laughed tenderly: "What do you think, why aren't you looking at Qing'er, I could tell at a glance."

"Alright, disciple pays his respects to Mistress." Xiao Chou scratched his head and shouted as he pretended to bow.

### [Chapter 1938](#)

Chen Xiang had many questions for him. Especially how did he manage to enter the Supreme Divine Palace, but he did not go through the trial.

Xiao Chou could already tell what question Chen Xiang was going to answer from his expression.

invited Xiao Chou and Zhu Siqing to sit in the hall and pour them some tea, causing them to feel extremely flattered. As a junior, especially Zhu Siqing, she was a little nervous at being treated by her master like this.

"Master, how long have you been here? I've been waiting for you for so many years, but I haven't even seen you. I thought you died during the trial." Xiao Chou chuckled: "You are indeed resilient, you still won't die even like this, and you even came in."

Hearing Xiao Chou's words, Chen Xiang really wanted to go over and slap his head hard.

"What a joke, how could I have died so casually?" Chen Xiang took a deep breath, then asked: "What exactly happened to you that you came in without going through a trial. During the trial, I was worried about you all day, thinking that you would die during a trial."

Xiao Chou laughed: "To be honest, if I am allowed to undergo this trial, I might really die inside. After I enter, I can only hold on until the second round, and I won't be able to hold on anymore, so right now I really admire you, Master, for being able to pass this damned trial."

Chen Xiang laughed complacently: "Otherwise, would I have been your master? Quickly tell me, how did you come to this Supreme Divine Palace? I am very jealous that you entered without going through the trial."

Thinking back to that trial, Chen Xiang felt like vomiting.

"That's because I suddenly encountered the ancestors of the Herculean God Tribe during the trial. Because of his accommodation, the Supreme Divine Palace's Palace Master made an exception and allowed me to live, so I couldn't be considered to have passed through the trial." Xiao Chou laughed somewhat embarrassedly.

Chen Xiang was a little confused. He took a sip of tea and asked, "Is your Giant God Clan ancestor very powerful? To be able to make the Supreme Divine Palace Palace Master make an exception, you need a very high status."

He's an elder in Supreme Divine Palace, he's also my hall master, he's the hall master of Soul Hall's first hall. A while ago, I went out with him to gain experience, and after seeing this Super God Realm, Qing Er is his granddaughter. Xiao Chou looked at Qing'er and smiled, from their eyes, one could tell that they had deep feelings for each other.

"So that's how it is." Chen Xiang nodded.

Feng Yujie laughed: "Chen Xiang, your disciple already has a wife, are you not going to give Qing Er a present?"

Chen Xiang thought about it carefully. He didn't have anything that was suitable for Zhu Siqing, because Qing'er's grandfather was a very powerful hall master, and also a Supreme God of the Herculean God Tribe.

"Qing Er, here." Feng Yujie saw that Chen Xiang was startled, and took out a small red wooden case.

"Thank you Mistress, Master." Zhu Siqing stood up and quickly thanked him.

Chen Xiang did not have anything he could take out, but Feng Yujie did have something he could take out. Chen Xiang was very curious about what it was, and laughed: "Open it and take a look."

Zhu Siqing's face was flushed red. She did not expect Xiao Chou's master to be so easy to talk to, to give her a present the moment they met. Just now, he had even poured her a cup of tea.

He opened the small red wooden box. Inside was a pill.

"This is ..." the Zhongpin Dan. " Xiao Chou was a little surprised. He had originally thought that they were just Xiaping Dan, but to him and Zhu Siqing, Xiaping Dan's gifts were already considered good. After all, they were not like Chen Xiang and Feng Yujie who could easily sell their pellets and quickly earn Shen Yuan stone.

Feng Yujie laughed: "Just a little kindness, Qing'er, you must use it well."

Zhu Siqing nodded immediately and thanked Feng Yujie once again.

"Xiao Chou, have you learned anything in Soul Hall?" Chen Xiang was rather curious about the matters in the Soul Hall because the Soul Hall could hunt powerful divine beasts. After suddenly refining the divine soul of the divine beasts, they could allow humans to integrate into the beast's soul as their innate divine soul, and could also obtain the unique and powerful innate ability of those divine beasts.

The Bones needed to be fused with this type of beast's divine soul, so Chen Xiang wanted to understand more about this matter right now. When he had the Bones in the future, he would ask Xiao Chou to help him create a good beast's divine soul.

Xiao Chou scratched his head and laughed: "There is a lot of knowledge to learn in Soul Hall, especially the Soul Refining Soul Refining technique, it is very difficult, Qing'er is better at this than me, I have learnt everything from her now, Master, if you need beast divine soul right now, Qing'er and I can maybe work together to help you get one good."

Chen Xiang laughed: "I do not need it now, but when I need it, I will look for it myself. When I find it, I will then let you guys refine it, when that time comes, it will be very easy for me to fuse it, right?"

Xiao Chou nodded his head: "As long as you refine a secret method, you will be able to perfectly integrate it into your Divine Deity, and will be able to unleash a very strong power. So Master, it would be best if you could find a superior one when you are searching for a beast's divine soul."

"I will." Chen Xiang was currently only a lower god with two souls. If he wanted to become the Supreme God, he would need eight souls and eight Divine Deity.

In addition, he still had to cultivate Bones, so that his own body would have Divine Deity as well, and then merge with the divine soul, so that the strength possessed by his fleshly body would be as strong as that of his divine soul.

"Master, how strong are you now? It's been so long that I can't tell. Do you think you're a god?" Xiao Chou suddenly asked, his face full of curiosity.

Chen Xiang smiled and said, "What about you? The feeling you give me is that you're a three soul three Divine Deity intermediate god, right?"

After I entered the Supreme Divine Palace, with the help of Qing'er's grandfather, I used the bloodline of my Herculean God Tribe to grow at a very fast pace. Of course, the main thing is that Qing'er's grandfather gave me two sets of very good divine soul for me to fuse with, I only managed to cultivate two sets of Divine Deity. "

Xiao Chou could not be considered to have advanced by leaps and bounds, because he had already been in the Supreme Divine Palace for dozens of years, and because Chen Xiang was in the trial grounds, he had lost all these decades of time.

"Right now, I am just a Lesser Empyrean God." Chen Xiang sighed: "I am not your opponent."

"No no, Master has always been very powerful. Although he is not as strong as me now, he will be able to catch up very soon. I believe in Master's strength." Although Xiao Chou said it modestly, he had a complacent smile on his face.

"Master, how long have you been training? I heard from the hall master that it's extremely scary inside. Especially at the end, it's almost impossible to pass that test." Xiao Chou asked. He found it hard to understand why Chen Xiang had passed, because he understood the rules later on. Especially those countless traps, as long as he fell in once, he would be able to start anew.

"It wasn't too long ago, just a few years. Compared to the time I spent outside, the time inside was quite ludicrous. After I finished the trial, decades had already passed outside." Chen Xiang said: "The only reason I can pass was due to luck."

Xiao Chou did not believe it, he knew that it was impossible to pass by just by luck, and that it required a large amount of strength.

Chen Xiang was indeed relying on luck. If not for the fact that he met Yue'er, the little kitten from Beast Divine Palace, he didn't even know how he would have died.

[Chapter 1939](#)

The reason that Xiao Chou rushed back from the outside was to participate in the hundred year large competition of the Supreme Palace. This was also to broaden the horizons of the Divine Nations, and Xiao Chou also wanted to go to those places.

Chen Xiang was only creating Yuxin Dan now, in his opinion, it was not enough for him to use this pill to participate in the competition, unless he could purchase a Zhenyang gold ginseng and improve it. If he could refine a Xiaping Dan much better than the Yuxin Dan, he was confident that he would win.

Xiao Chou and Chen Xiang chatted for a while before he and Zhu Siqing finally left.

"Sister Feng, what pill did you give to Qing Er earlier?" Chen Xiang knew that it was a Zhongpin Dan, but he didn't know its name.

"I refined it some time ago. It cannot be considered a very good Zhongpin Dan, but it is much better than a Xiaping Dan. Now, I am also prepared to use your method to improve this pill." Feng Yujie laughed. She was familiar with the techniques of the Original source refining, and knew that using this method, one could fuse the medicinal ingredients that were difficult to fuse.

Chen Xiang laughed: "That brat Xiao Chou was so cocky in front of me earlier, I cannot lose to him, if not the little guy will quickly become arrogant to the heavens."

Feng Yujie laughed, "Then let's work harder."

Because they had nothing else to do, Chen Xiang and Feng Yujie had long since went into the house to practice the Alive Slain Method's condensing spirit pearl.

... ..

Early the next morning, Chen Xiang and Feng Yujie were still wrapped up in bed when they suddenly heard Luo Tianjun shouting outside.

"Brat, little girl, there's someone looking for you. They're here to sell divine medicines."

Usually, it was Chen Xiang's turn to call them Luo Tianjun, but today, it was Luo Tianjun's turn to call them.

Feng Yujie got up from bed in a hurry, simple enough to tidy up his clothes, then walked out of his room to the hall, where a black and white haired middle-aged man sat.

Chen Xiang walked in at this time, and when he saw this middle-aged man, he had a very strange feeling.

This middle-aged man gave off a very ancient aura. Wearing a black robe, he was the Boxing Hall's uniform.

"Zhenyang gold ginseng, two hundred thousand Shen Yuan stone." When the middle aged man saw Chen Xiang and Feng Yujie walking in, he immediately raised the price, and did not say anything unnecessary.

On Feng Yujie's notice, it said that he bought it with a hundred and fifty thousand Shen Yuan stone, so it was normal for the middle aged man to come here to bargain.

"Quite a few." Feng Yujie asked, he knew that it would be a little less.

When Feng Yujie asked this question, the middle aged man immediately stood up and prepared to leave.

"Alright, 200,000 is 200,000." Feng Yujie immediately shouted out. Although it was a little expensive, as long as they could purchase it, she and Chen Xiang could make an unlimited copy.

The middle-aged man took the Storage bag from Feng Yujie and counted it carefully before taking out the Zhenyang gold ginseng.

The Zhenyang gold ginseng seemed to have been carved out of gold, it emitted a kind of gentle sunlight, and when held in the hand, it also felt a burning sensation.

"This is a Zhenyang gold ginseng." Outside the courtyard, Luo Tianjun saw Chen Xiang and Feng Yujie appraising, and shouted.

With Luo Tianjun's words, Chen Xiang and Feng Yujie were not as determined as they were before as they immediately reached an agreement.

The middle-aged man quickly walked out of the tenth hall.

"A price of two hundred thousand is considered normal. Right now, even a hundred and fifty thousand Shen Yuan stone is hard to accept." Luo Tianjun laughed. He did not ask what Chen Xiang wanted this Zhenyang gold ginseng to do, because Chen Xiang had told him before that he wanted to create a divine pill formula to participate in the competition at Dan Hall.

"Brat, you can now register to participate. Which group do you think you should join?" Luo Tianjun asked.

"This group of Xiaping Dan." Chen Xiang replied: "How many days do we still have left?"

"Three more months." Luo Tianjun gave Chen Xiang and Feng Yujie a fruit each. "Most of the disciples that leave will be back in these three months."

Three months was more than enough for Chen Xiang.

Feng Yujie asked: "Hall Master, when can we register, is it us who should go?"

Luo Tianjun laughed: "Little girl, I've already gotten the oldest Gu to help you register. The one who is participating in the Xiaping Dan group is us, tenth hall, other than you and me, everyone else has already registered to participate."

"Hall Master, can you change it? I want to join the Zhongpin Dan group." Feng Yujie smiled sweetly, "You guys are underestimating me."

Luo Tianjun was startled, then chuckled: "Of course you can change it. We have indeed underestimated you, we are truly sorry."

Chen Xiang was also surprised, but thinking about the Zhongpin Dan that Feng Yujie gave to Zhu Siqing yesterday, coupled with the fact that she had obtained the Heavenly Alchemy, refining the Zhongpin Dan was extremely easy for her.

"Hall Master, did you prepare the medicinal ingredients yourself?" Chen Xiang asked.

"Of course I'm preparing it myself, so if you can't find the medicinal ingredients, then don't participate." Luo Tianjun laughed: "I think all of you will be preparing the ingredients needed, at that time, I will need to prepare a set of ingredients for the pill formulas that I am most familiar with, and the other pills will be provided by the Dan Hall."

"I'll join when the time comes. I'm not sure which group I'll be joining." Luo Tianjun sighed: "If I participate, I would have to bring out the things that can be lowered."

Chen Xiang was puzzled, and asked: "Hall Master, aren't you guys the only ones who are in the Shangpin dan group?"

Feng Yujie shook his head: "Of course not, above the Shangpin dan, there is still the Supreme God Pellet, and after the Supreme God Pellet, there is the King grade, Heaven Grade, Saint Grade, and finally, there is the Sovereign Profound Pellet which is extremely difficult to refine."

Luo Tianjun laughed: "Little girl is right, I am considering whether I should join this group of Shangpin dan or not."

Chen Xiang did not know that there was still such a high levelled pill in the Shangpin dan. If it was really like that, then what kind of divine medicine and pill formulas would be required to refine it?

Luo Tianjun being able to refine a Taipin Dan caused Feng Yujie to be secretly shocked, because she knew the level of being able to refine this kind of pill.

The herbs that Feng Yujie had purchased were all from Xiaping Dan, but she had to register to join the group of Zhongpin Dan.

After Chen Xiang and Feng Yujie entered the room, Chen Xiang asked: "Sister Feng, the low grade divine medicines that you bought are for refining Xiaping Dan s."

Feng Yujie laughed tenderly: "Originally, but not now. All the medicinal ingredients can evolve, after buying them all, and then use the Spirit Orb to give birth to them, and then evolve to a Zhongpin medicine, at that time I will directly use it to refine a Zhongpin Dan. Of course, refining this pill requires over 600 other Shangpin holy Dan s, I have already gathered all of them."

Chen Xiang felt that it was very troublesome, because he felt that when he refined a large amount of Zhongpin Dan in the future, he would first need to refine a large amount of Shangpin holy Dan.

Therefore, he planned to find a way to solve this problem from the Heavenly Alchemy.

#### [Chapter 1940](#)

Chen Xiang placed the Spirit Orb into a bowl of water and let the Spirit Orb dissolve it, causing the water in the bowl to turn light blue. Then, he cut the Zhenyang gold ginseng in half and placed it inside the bowl.

The Zhenyang gold ginseng quickly reacted and began to absorb the blue substance in the water. New parts of the Zhenyang gold ginseng began to grow out of the wound, just like a gecko with a short tail.

Feng Yujie was not unfamiliar with this scene. She had often seen Lv Qilian and the others do this before.

The originally light blue water quickly became transparent, and the cut off Zhenyang gold ginseng did not completely grow any broken parts.

"Seems like I need two of them. This Zhenyang gold ginseng is different from the other low rank divine medicines, it absorbs a lot of energy." Chen Xiang placed another blue Spirit Orb into the water and the Spirit Orb released a blue energy. It quickly melted, and the blue energy was absorbed by the two Zhenyang gold ginseng.

In a few blinks of the eye, the two halves of the Zhenyang gold ginseng in the bowl turned into two complete halves, emitting a dazzling light.

"Not bad, you earned two hundred thousand Shen Yuan stone so quickly. I wonder if the refined pellets could be sold at this price, don't lose out." Feng Yujie saw that the Zhenyang gold ginseng was copied out of her own spirit pearl, giving her a sense of accomplishment.

"I still have two Spiritual Beads. Let's try and see if I can replicate the three types of low rank divine medicine from the Yuxin Dan." Chen Xiang took out other Yuxin Dan's medicinal herbs and began to refine them.

With just a try, they had seen how big of a difference there was between the three medicines of Yuxin Dan and that of Zhenyang gold ginseng.

Two spirit pearls could actually be duplicated into two.

"If the Zhenyang gold ginseng successfully fused with the Yuxin Dan's medicinal ingredients, then the effects of this pellet should be considered the best in the healing category of Xiaping Dan." Feng Yujie exclaimed: "Are you going to start now?"

"Yes." Chen Xiang nodded, he could not wait any longer.

Just as Chen Xiang was about to enter the underground chamber to concoct pills, he suddenly heard Luo Tianjun's shout: "Two young men, come out quickly. There's something urgent."

Chen Xiang and Feng Yujie had no choice but to go out immediately.

"Hall Master, what is the matter?" Chen Xiang asked.

"oldest Gu is in trouble, let's go take a look. This was sent by Gu Lao San just now." Luo Tianjun shook the Communication jade Symbol paper in his hand: "I heard that he had a conflict with some fellows from the other Dan Hall. He told us to go over and support him, and especially wanted us to let you go."

"Then let's hurry up." Chen Xiang laughed, "So it was because of some trouble with the other Dan Hall. I had thought that something big had happened."

This made Chen Xiang and Feng Yujie a little worried.

"What big thing can happen to my, Luo Tianjun's disciple? Even if something bad happens, I can help them deal with it." Luo Tianjun said heroically as he strode out of the door.

Chen Xiang and Feng Yujie anxiously followed.

Walking on the road, Chen Xiang said: "Isn't this the path to Dan Heart Pavilion? Could it be the Dan Heart Pavilion?"

Luo Tianjun laughed: "I guessed it, those three brothers are inside the Dan Heart Pavilion these days. Of course, the other old brats from the other Dan Hall s will also be gathered there, waiting for those fellows who return from the outside world, and scold each other whenever they meet one another. This is an event that happens once every hundred years."

The corner of Chen Xiang's mouth twitched: "Damn it, it's so boring."

Luo Tianjun laughed out loud. "If you had lived as long as them, you would also have done such a silly thing."

Sure enough, when he approached the Dan Heart Pavilion, Chen Xiang heard his scolding voice.

"Old Turtle, you're a turtle who has been cowering for several hundred years. Now that you've appeared, not only can you bite people with your mouth, you can also fart. Are you hiding in the turtle shell, or do you only know how to fart on your buttocks and mouth?"

This was the voice of the oldest Gu, it sounded very energetic, as though he was using all his strength to curse. After he finished cursing, a burst of laughter followed, it seemed like there were a lot of bored people watching the battle.

"You old bastard, have you forgotten about the matter that you lost to me three thousand years ago? Back then, when you lost, you called me grandpa, and many people present heard it." Old bastard Gu, have you forgotten about the matter that you lost to me three thousand years ago? The person that was scolded by the oldest Gu immediately replied.

Chen Xiang and Feng Yujie couldn't help but laugh. This oldest Gu actually had such a dark history.

oldest Gu immediately roared out, "Old turtle, two thousand years ago, when you lost to me, you knelt down and kowtowed to me, calling me ancestor. Everyone present also saw this, but now, even if you want to recognize me as your ancestor, I will f \* \* king reject unfilial descendants like you."

Chen Xiang found it hard to imagine that Three Gu Brothers had scolded him like this for a few days while participating in that Pill Dao Debate. Normal people could not do such a thing.

"oldest Gu, what did you ask us to do?" Luo Tianjun brought Chen Xiang and Feng Yujie to the cursing grounds. The crowd who were originally laughing, immediately quietened down.

After all, Luo Tianjun was a top existence amongst the Dan Hall. Even in the entire Supreme Divine Palace, he had a very high position.

"This bastard said that there are no young people in our tenth hall. I want to let them see the young people in our tenth hall. Not only young people, but also young girls." When the oldest Gu saw Chen Xiang and Feng Yujie had arrived, he anxiously pulled them over.

"You two, quickly show your tokens. Let this old turtle, who has shrunk his head for hundreds of years, see if there are any youngsters in our tenth hall." oldest Gu pushed Chen Xiang and his sister into the middle of the cursing ground, leaving Chen Xiang and his sister extremely speechless.

This Three Gu Brothers told them to come due to an urgent matter, it was actually using them to slap someone else's face.

"Did you see that, this is our tenth hall's new disciple." oldest Gu proudly swept his gaze across the other disciples of the Dan Hall, then arrogantly shouted: "If you have the guts, pull out your young people and let's see who's the strongest."

"Hmph, our young disciple is currently in closed-door training, how could he have the time? I admit that there are young people in your tenth hall, but that doesn't mean they are powerful. Our young man has the ability to suppress them." The old man who was scolding oldest Gu earlier was not one to be outdone.

Luo Tianjun laughed, "The little imps from your group have never called you senior brothers before, right? Furthermore, they are so arrogant that they don't even put you in their eyes. Although they are a bit skilled, their hearts are simply too terrible.

Second Brother Gu laughed, "You can't even call all of you as trash, but we can call all of you our brats over. What are you all so proud of? That brat probably hasn't even looked at you."

The old man had no way of refuting him. He took a few deep breaths of anger and said unhappily, "That guy has the ability, he has the right to be arrogant. Your boy is very obedient, but he has no ability."
