

Dan God 1951

[Chapter 1951](#)

"Yeah, in the human world, the number of people killed by humans is no less than the amount of people killed by beasts. It's almost the same no matter where they go." Chen Xiang laughed: "Big Brother Crocodile, how many Shen Yuan stone can you earn in a day?"

"I made at most five hundred thousand Shen Yuan stone a day. I was just running around and occasionally shouting. It was very easy, much happier than fighting and killing outside." The White crocodile laughed.

These Shen Yuan stone were all condensed out of very pure Mysterious power. They could also be quickly absorbed by beasts and then refined for cultivation.

"Big brother crocodile, are you free to enter the main hall?" Chen Xiang looked at the palace in front of him that was surrounded by tall walls.

"You are not allowed to enter as you wish, unless someone from inside leads you in." The White crocodile said: "Human child, just take a look. If you barge in randomly, you will die."

Chen Xiang had already seen that many of the beasts that were flying in the sky would avoid this enormous palace that was in the center and would not even come close. This was the Beast Divine Palace of the Beast God Mountain, it was said that there was a powerful All-beast Divine Lord hidden within.

"Big Brother Crocodile, is All-beast Divine Lord really inside?" Chen Xiang asked, he had heard the conversation of the people on the road and knew of the existence of the All-beast Divine Lord.

"Of course he's inside, otherwise our Ten Thousand Beast Mountain would have been pushed down a long time ago. Although the All-beast Divine Lord did not show himself, and even said that he would always be sleeping under this mountain, his divine might will never be extinguished. Whenever our Beast God Mountain is in trouble, the Emperor will show his divine might." The White crocodile said.

They had already reached the city wall's entrance. Chen Xiang got down from the White crocodile's back, and looked at the open city gate. Inside, there were two very large Silver lion s walking out, and behind the two Silver lion s, there was even a large carriage, the carriage was as big as a house.

Seeing the two Silver lion s, the White crocodile quickly moved out of the way.

"How impressive." Chen Xiang said softly, the aura of the two Silver lion were very terrifying, the moment they walked past him, they pressured him to the point that he almost suffocated.

"That's right, the one on the carriage is the son of the Divine Lion Race's Lion King, he has special privileges in the Beast God Mountain." The White crocodile looked in the direction of the carriage with envy.

"Human child, you still don't have a place to go, do you want to go back to my nest? My place is big, and you're too young, it wouldn't take up too much space. Even staying in this hotel would take hundreds of Shen Yuan stone a day." The White crocodile blinked its huge eyes and asked.

"Big Brother Crocodile, don't eat me when you're hungry at night." Chen Xiang laughed and said, he was already on the body of the White crocodile.

Many humans had ridden on him before, but none had ever chatted with him like Chen Xiang did. Even some of the more benevolent beasts had done, so he treated Chen Xiang very well.

Because Chen Xiang frequently came into contact with beasts, he did not conflict with beasts. Back then, the Four Great Divine Beasts, Qi Shi, Long Xueyi, the Ice Dragon, and the others ... These were all beasts, and they all had a good relationship with him.

As long as the beasts didn't hurt him and didn't have any enmity towards him, he could still befriend them.

The White crocodile's nest was indeed very big, and it was also open-air. It was right next to a lake, far away from the market, and its environment was very good.

Chen Xiang leaned against a tree. The small lake was illuminated by the bright starlight, and with a gentle breeze, it sparkled and sparkled, making it look extremely beautiful.

The White crocodile was already resting. Chen Xiang was enjoying the beautiful scenery and fell asleep not long later.

Aooo ...

Early in the morning, Chen Xiang was awakened by this loud roar. The White crocodile also opened its eyes wide and turned to look at the center of the city.

"It's the howl of the Silver lion. Something has happened. Come, let's go take a look. We shouldn't be afraid of anything big just to watch the show." The White crocodile chuckled.

Chen Xiang was completely speechless, this White crocodile also had the Heaven Ranked Spirit Beast that humans liked to watch from the sidelines. He jumped onto the White crocodile's back, and in a few blinks of an eye, the White crocodile arrived at a large road, sprinting towards the center of the city.

Aooo ...

This time, it was two Silver lion roaring together. This was the other Special god beast of the Great God level, just the roaring sound itself was already very terrifying, the power from the roar caused many weak beasts to lie prone on the ground.

To emit such a commotion, it was as if something major had occurred. Moreover, it was located in the center of the city.

On the road, many people and beasts were fleeing in a hurry. Only a small number of the more powerful God Transforming Beast statue, Chen Xiang and the others were rushing over to watch the commotion.

When Chen Xiang went back yesterday, he had chatted with the White crocodile about a lot of things. He was very curious about the Divine Lion Race, so he asked around.

Of course, only Prince Divine Lions who used these two Silver lion to pull the carriage were arrogant.

Not long after, they arrived at the side of the entrance to the great hall. In front of the entrance to the divine hall was a very spacious plaza. They didn't even need to walk to the entrance to see what was happening.

"Why does this guy look so familiar?" Chen Xiang saw a man wearing a white fur coat standing in front of the two Silver lion, wielding a huge white blade. The blade in his hand emitted a terrifying white flame, causing the two Silver lion s to be extremely angry.

"Isn't this Qi Shi?" Chen Xiang was extremely shocked in his heart. Qi Shi was different from how he was in the past, he used to look like a sloppy boy, but now, Qi Shi's clothes were very clean and decent. His hair was combed neatly, and his handsome face was full of seriousness.

It was precisely because of this that Chen Xiang was unable to recognize him instantly. In the past, when Qi Shi did not care about appearance, he would wear shoes with one foot and not even one shoe on the other. His hair was messy like a chicken nest, and there were even times when he was so wretched.

However, the Qi Shi in front of him looked to be like a jade tree swaying in the wind, giving off a very imposing aura. Right now, even Chen Xiang suspected that this fellow was not Qi Shi, the legendary Ten Heavens Supreme Lord, but someone else instead, because he didn't seem like him at all.

"Go away, don't block the way." A Silver lion roared with a voice as loud as thunder. Although it was hoarse, it was filled with power.

It was obvious that he had been standing here for a period of time. What was strange was that there was no movement from inside the shrine, and it did not seem to care about such a big matter. The Prince Divine Lions who was sitting in the carriage did not come out either, and had the two Silver lion s face off against Qi Shi.

Qi Shi just stood there with his blade held horizontally, without saying a word, it was obvious that he was waiting for the Prince Divine Lions s inside the carriage to come out, and because they were at the entrance of the shrine, the two Silver lion s did not dare to attack. They roared a few times, and did not dare to roar anymore.

[Chapter 1952](#)

Chen Xiang really wanted to go over and ask that person if he was Qi Shi, but he didn't. He didn't, and if he randomly went over without figuring out the situation, then it might disrupt Qi Shi's plans.

Qi Shi was also a powerful divine beast in the Beast Divine Palace back then, so he should have died before being reborn. If he were to regain his former memories and regain his former strength, it wouldn't be weird. " Chen Xiang saw with his own eyes the changes in Long Xueyi's memories that year, and it gave him a fright.

"Who are you? Why are you blocking my way?" The voice came from the carriage that looked like a house. It was a very gentle male voice. Although it was gentle, it carried the might of a king. The power within it made one feel an indescribable pressure.

"Answer me, did you kill a Fiery Divine Lion three years ago?" Qi Shi's voice was cold and filled with anger. His killing intent was leaking out bit by bit, and it seemed like the anger in his heart was preventing him from retracting his aura.

"Heaven Earth Killing Method, this killing intent belongs to Qi Shi." Chen Xiang's heart became even more certain, that the person in question was really Qi Shi, to think that he would actually come to Super God Realm as well.

From Qi Shi's words, Chen Xiang had already guessed a few things. For some unknown reason, a wave of sorrow rose up in his heart;

Chen Xiang had interacted with the Super Old Fire Beast many times and received favors from the Super Old Fire Beast before. In his eyes, the Super Old Fire Beast was just a strict elder, yet it was killed right now. He finally understood why Qi Shi was so angry, because he was also furious in his heart.

"I killed him. His divine soul is still here. If you want me to give it to you, you might even be able to revive him." Prince Divine Lions's voice was very calm, like before, his tone was very gentle. The moment he said that, a ball of light flew out, shining with a fiery light.

Qi Shi immediately extended his hand and grabbed the pearl. What was inside was the divine soul of the Super Old Fire Beast, the brother who had risked his life to kill.

The Prince Divine Lions unexpectedly did not think killing the Super Old Fire Beast was a big deal, as his voice sounded again, "You can get out of the way now, right?"

Qi Shi's anger had already completely erupted, the pure white fur clothing he was wearing was covered with a black killing intent, the white blade in his hand had turned black.

"Is this guy crazy? Should we start fighting in the Ten Thousand Beast Square?" The White crocodile said in shock and quickly retreated.

"Ice him up, or he'll cause trouble." Prince Divine Lions said softly, only to see a Silver lion spitting out a white light from its mouth, which instantly struck Qi Shi's body and sealed him.

In that instant, all the killing intent on Qi Shi's body disappeared. It seemed like the difference in strength between Qi Shi and the two Silver lions was too huge.

"The consequence of blocking our path, and not only that, he even prepared to attack us. This is his end." As the Divine Lion spoke, Qi Shi who was frozen by ice suddenly flew up and smashed towards the distance.

If it fell on the ground, Qi Shi would shatter. Chen Xiang was very clear on how terrifying the icy cold power that gushed out of the Silver lion was.

Chen Xiang groaned, and used a teleportation technique to teleport Qi Shi, who had leaped into the air, to his side. He then used a spatial splitting technique to separate the frozen ice and Qi Shi.

"Yes." The Prince Divine Lions let out a faint sigh.

"Senior." Chen Xiang immediately channeled the creator's fire into Qi Shi's body.

Qi Shi, who had been unconscious, quickly regained consciousness, but he was severely injured. Chen Xiang used his mind to probe, and immediately discovered that the internal organs of Qi Shi's body had been severely injured.

"The Beast Divine Palace made a rule that if he wants to kill us, we can kill him. Let him die." The Prince Divine Lions said.

A Silver lion had already looked over. Its eyes shot out a silver light that flew towards Chen Xiang.

"You want to kill me?" The White crocodile roared, it opened its mouth and spat out a white light, directly attacking back: "If you want to kill me, I can also kill you."

The White crocodile roared in anger, even though he was usually shouting and shouting on the streets, his roar was still very terrifying.

Chen Xiang never thought that White crocodile would be so strong, he felt extremely guilty, causing trouble for the White crocodile.

"Let's stop here. If there is a grudge, settle it 10,000 li away from the mountain." From inside the shrine came a calm and aged voice. The gigantic Silver lion that was about to attack suddenly trembled and retracted its head.

had become very strong, but he was still not too powerful. It was already considered fortunate that he was still alive. Chen Xiang was also very angry in his heart.

The two Silver lions had already pulled the huge carriage through the gate.

"Oh White, right, I've troubled you." Chen Xiang said as he jumped down from the White crocodile's back, carrying the incomparably weak Qi Shi.

"Don't go, go to my place. I don't like that guy either. It's safer for you to follow me now." The White crocodile said: "In any case, I've already gotten into trouble, so I'm not afraid to go any further, quickly come up."

Just like this, the White crocodile carried Chen Xiang and the others and quickly returned to his lakeside nest.

Chen Xiang healed Qi Shi and dispelled the cold energy in his body. Circulating his Alive Slain Method, he released a type of regeneration ability that entered Qi Shi's body. He even ate a small chunk of the divine lotus root for him.

After being busy for half a day, although Qi Shi looked much more spirited, his divine soul and body still suffered heavy injuries.

"Ah, I almost died just like that. I was too impulsive, and my experience is quite rich as well. I should have been a calm person and almost died here." Qi Shi looked at Chen Xiang with a grateful expression. He did not need to thank him because he knew Chen Xiang would feel his gratitude at the moment.

"You little brat, I didn't think I would meet you in this sort of place." Qi Shi smiled: "Brother Crocodile, thank you for helping us out."

The White crocodile laughed: "You don't need to be courteous, that guy also wants to kill me. Although I am afraid of the Divine Lion Race, but I do not place these two fellows in my eyes."

Qi Shi suddenly sighed: "of Divine Lion Race is actually so virtuous. If I had the strength from back then, even if this brat's father came, I would still be able to make him kneel down."

Chen Xiang was shocked in his heart: "Big Brother Qi, you are also from Divine Lion Race."

The White crocodile had also seen some things from Qi Shi's aura before, especially that kind of aura. Even the two Silver lion that were much stronger than Qi Shi were intimidated by her.

"Of course, if I hadn't died back then, I would be King Leonis now, and Qi Yan and I would both be princes of the Divine Lion Race then." After Qi Shi finished speaking, he lamented and took out the divine soul of the Super Old Fire Beast. The Super Old Fire Beast should be the Qi Yan he mentioned.

This was his true brother, someone who was related by blood. Only after he had regained his memories did he know that the few princes of Divine Lion Race must have had another dispute back then, which was why such a thing would happen now.

[Chapter 1953](#)

Qi Shi's background was actually so huge, and he possessed the Divine Lion Race's royal bloodline. It was no wonder that he was able to become the emperor of the Nine Heaven World back then.

The White crocodile said in surprise: "So that means you are one of the seven sons of the Lion King, what place are you at?"

"I'm the boss." Qi Shi looked at the pearl which was used to seal the divine soul of the Super Old Fire Beast in his hand and continued to speak: "Qi Yan is number seven, he is the youngest, and we are both the same mother. The others both have their own mothers, so we have a very good relationship."

Seeing Qi Shi's face filled with grief, Chen Xiang patted his shoulder. "His divine soul is still there, we can revive him."

Qi Shi sighed: "The Nine Divine Kings that resurrected us, but now, even the whereabouts of the Nine Divine Kings is unknown, we do not have that ability."

The White crocodile had some understanding of what happened that year and said, "Back then, during the fierce battle at the Divine Beast Mountain, countless outstanding divine beasts were lost. If not for Nine Divine Kings rushing over in time, more would have died."

Qi Shi looked at the White crocodile and asked: "Old Bai, you have lived for so long, can't you change into the human form? Your entire body is white, and from your beast profound energy, you should be considered a different person."

"Cough cough ..." The White crocodile laughed: "I can change my form, but the moment I transform my form, I will lose some of the privileges Special god beast has here. In any case, I have been like this for so many years, I am already used to it."

"I was still a little crocodile during the great battle of the Beast God Realm. I heard these rumors while I was in the river. I didn't expect so many years to have passed in the blink of an eye. I even saw the seniors who participated in the great war back then." All those years ago, when they were fighting, they, the little ghosts, would listen to stories all day, which was why they had a lot of respect and admiration for people like Qi Shi.

Qi Shi laid down, put his head on his arms, raised his head and looked at the sky that he was once very familiar with, and let out a long and sorrowful sigh.

Chen Xiang said: "Big Brother Qi, the injuries on your body are still very serious. Don't act recklessly during this period, I will think of a way to help you recover."

When Chen Xiang was healing Qi Shi, he had a clear understanding of how serious the injuries on his body were. Especially the injuries on his divine soul, they couldn't be healed in a day or two.

Qi Shi's body was very strong. Although his divine soul had already awakened the memories from that year, his divine soul was still very weak. After all, he had already been reborn twice.

"I cannot despair. Back then, I could exterminate a group of people with a lift of my hand. I absolutely cannot allow myself to lose my confidence like this." Qi Shi's eyes suddenly became resolute, causing him to heave a sigh of relief, he was afraid that Qi Shi would lose his will to fight.

The White crocodile said, "For an injury like Big Brother Qi, only magical pills can help him recuperate. There are many of these things only in human territory, and magical pills in this kind of place are poor and expensive."

Chen Xiang was a Alchemist, and the White crocodile was right. Qi Shi's injuries could only be cured quickly and thoroughly by using a divine pellet, but a high levelled divine pellet was required.

Even if it was a Zhongpin Dan, they would need many of them.

"Old White, can you bring me to a place? That place is very dangerous. With Chen Xiang's current strength, there's no way you can bring me there safely." Qi Shi looked at the White crocodile with a pleading look. He could tell that it was very important to him to go to that place.

The White crocodile said: "No problem, anyway I'm very free here everyday, it's time to go out for a walk."

Chen Xiang asked: "Big Brother Qi, what is that place?"

Qi Shi did not say, nor did the White crocodile ask. After the White crocodile agreed, Qi Shi jumped onto his back.

"Brat, you'll be very safe here. No one will dare to respond to you on the Beast God Mountain." The White crocodile laughed and then left with Qi Shi.

Chen Xiang was stunned. He said he would leave and then, Qi Shi's injuries had not recovered by much.

He thought that Qi Shi and the White crocodile might have secretly sent a sound transmission to him before. He suspected that the White crocodile also wanted to go to that place.

"This guy, where is he going? Why didn't he tell me?" Chen Xiang cursed as he sat by the lake.

"They should be heading to the Lion Emperor's mausoleum, the tomb of the Divine Lion Emperor." A clear and sweet girl's voice was heard. Although the voice sounded young and tender, it carried a sense of maturity.

When Chen Xiang heard this voice, he immediately knew who it was.

"Yue Er, Cat." Chen Xiang turned his head and saw a white kitten flapping its wings and flying towards him.

This caused Chen Xiang to be extremely happy, because he had always been looking for Yue'er. He knew that Yue'er was inside the Divine Palace, but not everyone could enter the Divine Palace.

"You ..." I didn't expect to see you so soon. " Yue'er flew over and landed on Chen Xiang's shoulder, but Chen Xiang grabbed her off and caressed her cute little head while smiling, causing Yue'er to meow.

"Why did you come here? I was thinking of a way to sneak into the shrine to find you." Chen Xiang laughed and rubbed her tail, causing her to grunt and fly out of his embrace to sit on his head.

I grew up here, so I'm very familiar with this place. After knowing that you left with Old Bai, I immediately rushed over, but fortunately, I was able to make it in time to see the First Prince. Although he was much weaker, his personality was still the same as before. Yue Er said.

"You little thing. You are indeed an old monster that has lived for many years." Chen Xiang laughed, "Right, what kind of place is the Lion Emperor's Tomb that you mentioned just now? Why do they have to hide it from me, and not let me know?"

Yue'er said: "The Lion King is an ancestor of the Divine Lion Race, he was once a beast race Divine Lord, and when he died, he was buried in that place, and that place was not some extraordinary place, it was just a large mountain, although there was no construction there, but a very terrifying natural formation there, when humans entered, it immediately turned into ashes, and before that, human God Kings died in there. It is said that the moment they stepped into that natural formation, they turned into ashes."

Chen Xiang now understood that Qi Shi understood him very well, that was why he did not tell him what kind of place that was.

"So powerful." Chen Xiang took a deep breath. He actually had the thought of wanting to try.

"Rumor has it that before the Lion Emperor died, he exploded with hatred for humanity. After touching the natural way, a powerful formation formed naturally to protect his body and prevent him from being harassed by humans." Although Yue'er was a little girl, she knew a lot of things.

Chen Xiang pulled her off his back, hugged her and caressed her skin. Then, he asked: "Then why did Qi Shi go to that place for?"

Yue'er meowed, "Of course, we are going to look for the Lion King's inheritance. I have looked for it there before, but I couldn't find it, if it was the first prince, then it would be very possible. That's why Old Bai agreed to go with him, because he wants to witness the birth of the new Lion King."

Chen Xiang took out a command medallion, which was the detailed content of the order he received. He passed it over to Yue'er and said: "I've received a job, I need to go into a mountain range to find a type of stone, I'll just need to find one."

[Chapter 1954](#)

Yue'er checked the contents of the jade token and let out a soft cry. She didn't say anything, only her eyes flashing with a white light.

Chen Xiang asked a few times but she did not answer, so she could only wait patiently.

After a full hour had passed, Yue'er slowly said, "This place is very dangerous."

"I know, that's why I came to find you. You should be familiar with that place." Chen Xiang was mentally prepared, because seeing Yue'er's current reaction, he knew that it was much more terrifying than he had imagined. If Yue'er wasn't willing to go, he wouldn't have barged in himself.

Yue'er replied, "I'm not familiar with it either, but I can give it a try. That's right, do you know what use those stones have?"

Chen Xiang saw that kind of stone on the jade tablet, but he did not know what it was used for, and the details of the mission token were not explained either.

He shook his head: "I'm not sure, but the person looking for this stone is very strong in the Supreme Divine Palace. It's said that he almost died inside."

Yue'er nodded. "The one looking for Shitou should be the descendant of the Herculean God Tribe. He is the chief hall master of the Soul Hall."

Yue'er was even clear about this, Chen Xiang was secretly shocked, the origin of this kitten made him more and more curious.

"Is there any use for it?" Chen Xiang asked.

As long as you have a small piece, you can form a dao heart. With a dao heart, you can directly absorb the power of the Great Dao. If you have a special cultivation method and your own comprehension, you can see through the Great Dao's Laws and obtain the power of the Laws. Yue'er said: "This Soul Hall's Chief Hall Master has always been wanting to find this kind of Dao heart stone and refine the beast's divine soul inside ... That's what he said, I don't know what he wants, but in short, he came to the Beast Divine Palace before and entrusted us to help him search, giving him a very generous reward. "

"I still haven't found it." Yue'er said: "I also want to see this Dao heart stone, although I am using the power of the spatial laws, I am unable to directly absorb the power of the Great Dao. You have the Six Realms mirrors, so you can directly absorb the Six Realms' Power through the Six Realms mirrors, but you are unable to see through the secrets of the Great Dao Laws, unless you have a dao heart."

Chen Xiang's heart skipped a beat and he anxiously asked: If I had a dao heart, then that means I can skillfully use the power of all kinds of laws.

Yue'er nodded. "That's right. You can absorb Dao energy and use many different types of Laws at will. This is something that many experts yearn for."

"If I find this good stuff, will I give it back to him?" Chen Xiang was conflicted. This was a priceless treasure.

"He just wants to get a small piece, and it's not easy to find either. If we can find it, giving him the size of a grain is enough for him to form a Dao heart. This chief hall master of the Soul Hall is still pretty good." Yue'er replied, "When do you plan on leaving?"

"The faster the better, of course. Let's go now." Chen Xiang said.

"Alright, let's go." Yue'er thought of working with Chen Xiang and had a kind of indescribable anticipation. This was because the last time she worked with Chen Xiang, she was extremely happy.

Yue'er took out a backpack from her Storage magic treasure and let Chen Xiang carry her inside.

"Yue Er, where did you come from? The reason you're hiding in this bag is because you're afraid of being recognized, right?" Chen Xiang asked: "You little thing, from the first day I saw you, you have been acting mysterious."

Yue'er tenderly snorted. "I have a big background. You only need to know this. Even if I told you now, you wouldn't understand."

Chen Xiang walked out of the city and arrived at the Heaven Stairway. He needed to struggle for a while longer to get there.

"A Special god beast like you that cannot morph should have the right to fly. Can't you bring me flying? That way, I can quickly reach the ground." Chen Xiang was running wildly on the stairs. When he saw people coming up, he would hurriedly stop and avoid them.

Just as Chen Xiang finished speaking, his backpack moved a bit. Yue'er was no longer inside, so when Chen Xiang raised his head, he saw a large white hawk appear above him. This white hawk used its claws to grab both his arms, and then brought him down to the ground.

Littlemoon also understood how to use the power of the Space Laws. After continuously shuttling through space, she was soon able to see the ground.

The big white hawk flashed with a white light and disappeared. Chen Xiang also felt that his small backpack was heavy, Yue'er had already changed back.

"Was that your original body just now?" asked. Just now, even when he used the Chaos Divine Eye, he was unable to see through it.

"Of course not, my main body is a cat. I just used the Transformation Technique." The cat replied in a low voice, "Let's go, we'll go to the mountain range outside first."

Chen Xiang already knew the way, so she didn't need Yue'er's guidance to directly travel through space to leave. Not long after, she left Beast God Mountain far away, and the enormous Beast God Mountain could no longer be seen.

After half a day, he arrived at a swamp, and it was already dusk. The blood colored sunset dyed half the sky red.

The purple smoke scattered in the air, and Chen Xiang could see it clearly from afar. This showed that this purple smoke was very thick.

Yue Er flew out from her backpack and said, "We're almost there. As long as we pass this Purple Smoke Volcano, we'll be close to the mountain range. Purple Smoke Volcano just appeared not long ago."

Chen Xiang touched the water in the swamp, feeling the warmth of the water, it unexpectedly contained a trace of firepower.

"This water can be ignited just by a little." Chen Xiang said: "Let's hurry up and leave this swamp. If this place burns up, it would not be fun."

Chen Xiang brought Yue'er and quickly walked out of the swamp. After he distanced himself from the swamp, he suddenly felt a weak cold air coming from behind them.

"What's going on?" Chen Xiang frowned, he felt that it was very strange, if it was suddenly ignited behind him, he would have felt that it was normal, but the cold Qi that came from behind him, made him feel as if he was being frozen.

He immediately released his divine soul, and his divine soul quickly floated up into the air. He only saw that the marsh behind him had actually been frozen.

"It's frozen." Chen Xiang shouted in shock, "I remember this cold Qi!"

Yue'er said in a low voice: "It's a Silver lion, there's only one. It's strange, why would you be targeted by the Prince Divine Lions, you should be chasing after Old Bai and the rest."

This morning, Qi Shi was frostbitten by this icy cold power, so he was extremely familiar with this type of cold energy.

This icy cold power was spat out from one of the Silver lion's mouth. Now that the Silver lion had appeared in this place, it was obvious that it had its eyes on them.

"Continue walking. If he wanted to make a move, he would have already done so. However, right now, he is only following you. He might have other motives." Yue'er said: "This Silver lion is not easy to deal with. With eleven Divine Deity, and only one coming now, the other one might go chase after Old Bai."

"This darn Prince Divine Lions, I only casually saved Qi Shi, but he actually sent a God Beast with such strength to deal with me." Chen Xiang cursed.

[Chapter 1955](#)

"Looks like the Silver lion could have transformed a long time ago. Right now, it should have taken the human form to follow you ..." Yue'er, on the other hand, was very calm. She panicked, "Don't think too much. We need to increase our speed and enter the mountain range. Next, you have to conceal yourself well."

Chen Xiang had not hidden his presence all the way back, but now he released a Domain to separate himself from the surrounding space. After a few long-distance teleportation, he arrived at a group of volcanoes that were emitting purple smoke.

"You're quite strong. If you don't enter this area, perhaps I won't be able to discover you."

Chen Xiang heard a cold laughter. Then, the surrounding volcanoes suddenly turned into ice mountains and a thick layer of ice quickly condensed on the ground.

In the blink of an eye, the entire area was covered in snow and ice. This kind of power was simply too terrifying. Furthermore, this was a hot volcano range.

Chen Xiang had already seen the Silver lion, its body was enveloped by a layer of faint mist, its silver hair was wildly dancing, its face was very white, its eyes were green, giving off a cold light, as it sized up Chen Xiang.

"Calm down. It's easy for us to leave this place if we work together." Yue'er transmitted a message to Chen Xiang. At this time, Chen Xiang suddenly felt a kind of indescribable power coming from his bag. Yue'er was releasing her own spatial energy.

"Just release your Spatial Force. Leave the rest to me." Yue'er replied, "Don't be afraid of him."

Chen Xiang immediately released his spatial energy with all his might. The strange thing was that his spatial energy did not leak out even a single bit of his aura, which had been completely absorbed by Yue'er.

"You're that Silver lion, and you've actually turned into this dog." Chen Xiang sneered: "Why didn't your master come personally? He sent you here, isn't he worried that you won't be able to go back."

The Silver lion's face suddenly twitched, Chen Xiang's words clearly angered him, he never thought that a weak human like Chen Xiang would actually dare to be so arrogant in front of him.

"The young master said that he would capture you alive, but I can tell him that he accidentally killed you." The Silver lion's voice turned cold, one of its arms suddenly turned into ice, releasing a burst of terrifying cold air, striking Chen Xiang.

"Let's go." Yue'er giggled, and Chen Xiang disappeared.

The Silver lion's face congealed. Just now, he had felt an extremely terrifying wave of spatial energy, and he had even heard the laughter of a girl. This made him suddenly remember something terrifying.

"You can't leave." The Silver lion sucked in a small breath of air, because he wanted to confirm who was with Chen Xiang and if it was that terrifying fellow.

... ..

Chen Xiang was also sweating profusely just now. Fortunately, Yue'er had acted in time and broke the Silver lion's spatial seal in an instant, bringing him to an ancient forest.

"So dangerous, what is this place?" Chen Xiang touched the trunk of a huge tree beside him, and after he lightly punched it, he discovered that the trunk was extremely sturdy.

"We're already in that mountain range. I intentionally left some traces for that guy to catch up to us." Yue'er smiled. "That idiot may already know that it's me, but he'll still come over."

Chen Xiang was originally very surprised that Yue'er left such a trace. After hearing what Yue'er said later on, he understood that Yue'er had other motives.

"We're going to set up a trap." Chen Xiang asked curiously.

"More or less, in short, he didn't dare to be so arrogant after entering this place. To most humans and beasts, this Silver lion is an extremely terrifying existence, but here, if he was a little careless, he would die even faster than me." Yue'er smiled. "If we're lucky, we might be able to help him collect his corpse."

Chen Xiang looked at Yue'er, who had stuck her head out from the backpack, and shivered. This little thing was too terrifying, it actually wanted to trick that Silver lion to death.

However, he still did not understand why this mountain range was so terrifying.

"Where is the danger?" Chen Xiang walked in the direction Yue'er pointed, looking around at the peaceful scenery. The flowers and plants here were all very good, there were very few beasts here, if not for them, the flowers and plants would all be stepped on.

Yue'er replied, "I've only heard that there's something called a Dao Spirit within this mountain range. It should be considered a Spirit Body, nurtured by the Great Dao's power, and can directly use the power of the Great Dao's Laws. It's extremely terrifying.

"Dao-spirit." When Chen Xiang heard Yue'er describe this thing to such a terrifying extent that it gave rise to goosebumps in his heart, he was worried that such a thing would suddenly appear and kill him.

"Yes, but you and I do not need to use things, we all have the power of the Great Dao, I have the power of the Space Path, and you are the Six Realms' Power. Although that Silver lion is powerful, but I could already feel that he did not control the power of the Ancient Code, so it would be very dangerous for him to enter." Yue'er smiled sweetly, "That's why he came here and frozen it like before. When the inspiration for the ice path arrives at the icy cold power, he'll come immediately."

Chen Xiang understood, that was why Yue'er said that this was a trap.

"However, we cannot be careless. Aside from the Dao Spirit, there are other dangers here, and these are basically all heaven's risks. Because things like Dao heart stone can be developed here, there are also many natural killing arrays or illusions. We cannot let our guard down." Yue'er immediately warned Chen Xiang as she saw his guard down.

Chen Xiang felt that finding Yue'er before he came to do this was extremely right. If Yue'er didn't tell him these things, who knows what dangers lay within.

Because this was the Dao-spirit's territory, Chen Xiang did not release the spatial sensing domain.

"Be careful in front." Yue'er suddenly shouted, causing Chen Xiang to immediately stop. In front of him, there was nothing.

In the forest that Chen Xiang was in, every tree had a straight tree trunk, and every tree had the same distance between them, which looked extremely accurate, but there were some large trees in front of him, so the distance between them was different. The biggest difference was at least three inches, and the smallest was even an inch.

Normally, it would be difficult to discover it, so she didn't pay much attention to it. However, in Littlemoon's eyes, this was a very important matter.

"There's a Killing Array in front of you. If you don't believe me, you can just throw something solid inside." Yue Er said.

Chen Xiang took out a small piece of Top stone, which was an extremely stiff piece of God level's artifact forging material.

Just as the Top stone entered, it turned into a cloud of smoke, causing Chen Xiang to open his mouth wide in shock.

"This is too scary." Chen Xiang just entered and he already encountered this kind of natural killing array.

These giant trees had grown for a very long time, and they had followed this rule from the very beginning until now, and naturally formed a killing array. The countless complicated tree roots that were underground were the Spirit grains that formed the killing array, and the Heaven and Earth powers that had been absorbed by each tree for many years were the source of the killing array energy.

[Chapter 1956](#)

When Chen Xiang was undergoing the Supreme Divine Palace's trial, it was because Yue'er had told him where the traps were, that he was able to smoothly pass through.

Yue Er, this mysterious kitten, was born with this mysterious and powerful spiritual sense, so she could discover these hidden traps.

"Looks like I can only go around it." Chen Xiang released his divine sense to sense the trees in front and discovered that a large area of trees was covered in this kind of situation. If he wanted to take a detour, he would have to travel a long distance.

In this sort of situation, he couldn't teleport either. If he did, he would fall into such a terrifying natural killing array in an instant, and then there would be no way for him to escape at all.

"Break it. These killing formations are very easy to break. The formation is created by the arrangement of the trees and the roots underground. As long as you break it, it shouldn't be hard for you." Yue'er flew back and forth a few rounds, carefully observing the outside of the killing array.

Chen Xiang tried and discovered that he could use his power to enter the killing array. Although a large amount of it had been absorbed, it was enough for him to break through the killing array.

The most effective and direct method was to use a strong force to blast down the trees in front of them, creating a path that they could pass through.

"This formation is very strange. Even if you destroy the roots, the roots will quickly grow back and continue to form the killing formation." Yue'er said, "It's best if you don't destroy the trees and just the roots. This way, you won't destroy the killing formation. I think it's better to maintain this state."

Chen Xiang finally understood and released his spatial energy to penetrate the ground and separate all the roots from the ground. That way, he would be able to cut them off easily.

This killing array was very big, it was formed by a large forest. Chen Xiang walked forward, destroying the roots underneath the ground. As long as the roots were not linked together, the killing array would be incomplete, unable to form the power to attack.

It took him half a day to get out of the killing array.

"I left quite a few footprints along the way. If that Silver lion caught up, it would be very easy for it to find out. I wonder if it could see through the mystery of this killing array." Chen Xiang said.

He turned his head to look behind him and discovered that the severed roots had already sprouted out from deep underground. He inwardly exclaimed in admiration at the regeneration ability of these trees.

"If I use the Heavenly Alchemy to refine these trees into pills, I should be able to refine a healing pellet." Although Chen Xiang had that thought, he did not attack it. He could not bear to destroy this kind of Ancient Forest, furthermore, he needed to use it to deal with the Silver lion.

Yue Er said, "We will be able to leave this forest very soon. The roots of the trees here aren't very strong, so this place is at the edge. The center of this forest is where a large amount of the divine energy can be gathered.

Although Yue'er confirmed that there were no traps ahead, he still didn't dare to use teleportation. He could only run on his two legs.

Indeed, he only ran for half an hour before exiting the forest. What he didn't expect was that after exiting the forest, he actually arrived at a beach.

The blazing sun hung in the sky, and the scorching sunlight shone down, causing even Chen Xiang to feel hot. He stood on the golden beach, and looked at the blue ocean wind in front of him.

He looked at the two sides of the beach, but he couldn't see the end. It was obvious that the coast here was very long.

"Why is there a sea here? Don't tell me we're inside an illusory magic array?" Chen Xiang was very suspicious about this, because the information he had gathered from the mission token was completely different from what he had encountered before.

Just as Chen Xiang was blowing the comfortable sea breeze, a loud roar came out from behind him.

"It's that Silver lion." Yue'er giggled with her tender and sweet voice. "Just by listening to the roar, you can tell that he's in great pain. He's been tricked. Let's hurry up and go along the shore."

Chen Xiang looked at both sides and randomly chose a direction, then started running wildly on the beach. He took off his shoes and stepped on the cold seawater, while playing and running, it didn't seem like he was running for his life.

Yue'er quickly flew a circle around Sea Mountain, licked her lips, and then returned to Chen Xiang's side and said: "It's not an illusory formation, this ocean should only be present later on. Furthermore, very few people have entered this place during this period of time, so it's just that I don't know how these seawater came about.

"This sea has only been formed not long ago, but the seawater is extremely ancient. What is going on? Isn't this a bit too strange?" Chen Xiang said.

"There is only one possibility, and that is that the water in this place came from another world. From the looks of the energy contained in the water, it's very likely that it's the Gods Realm." Yue'er's voice became serious, "There might be a path that leads to the Gods Realm."

Chen Xiang immediately became excited, he had wanted to return to the Gods Realm since a long time ago. If there really was such a passage, he could secretly return with Feng Yujie in the future.

"Yue'er, you met me last time in Gods Realm, then you went back to this Super God Realm. Chen Xiang stopped and looked at the vast ocean, as if he wanted to see through everything and find the path that leads to the Gods Realm.

Yue'er urged: "Quickly run. Although we don't know how is the Silver lion, in order to increase the distance between us, you must not stop."

Chen Xiang did not know how long he would have to run along the coast.

At night, the starry sky by the seaside was even more beautiful, and the moon was bigger. Yue'er stuck out her little head from her backpack and looked at the beautiful moon and stars in the sky. Her little eyes were filled with joy.

Chen Xiang was still running frantically. He knew that Yue'er liked the night a lot, because she was a Star and crescent beast. She loved the stars in the sky the most.

"Didn't you ask me in the day how I got to the Gods Realm?" Yue Er suddenly said. She giggled and said, "The stars and the moon helped me pass. This is the power of the stars and moon. I can only go pass by myself."

Chen Xiang was just about to say something when he felt the familiar cold energy. He was startled and looked behind him only to see that the water three kilometers behind him had been completely frozen, and was still continuing to stretch forward. They quickly arrived at his current location and continued to stretch forward.

"This guy is angry." Yue'er shouted, "Quickly run!"

Chen Xiang had already started sprinting, he was still using teleportation to increase his speed, he used his soul to fly up high to the sky to dive. Under the starlight, he saw a giant lion covered in silver light sprinting on the ice.

"This guy was worried that there might be a trap, so he froze the water surface, forming a path for himself to walk on." Yue'er urged Chen Xiang to increase his speed, because the Silver lion's speed was extremely fast. If he could reach a certain distance, he would be able to launch an attack at Chen Xiang from afar.

Right now, Chen Xiang was not a match for the Silver lion. If he was sealed in ice, he would be in danger.

[Chapter 1957](#)

The seawater along the shore was frozen over, forming a thick layer of ice. Silver lion began to run wildly on it, their speed was also very fast, and they were slowly shortening the distance between them and Chen Xiang.

"Run to the surface of the sea and see how much sea water he can freeze." Yue'er suddenly said, "Don't worry, I will use my utmost strength to sense the killing array on the sea surface."

Chen Xiang immediately changed his direction and charged towards the depths of the ocean. In the blink of an eye, he had teleported a few times and he could no longer see the shore anymore.

The Silver lion also knew that Chen Xiang had ran to the surface of the sea. He was also very surprised with this piece of sea.

When the Silver lion was trapped in the killing array in the forest, he knew that Chen Xiang had purposely lured him here, and made him suffer a huge loss. Therefore, he had to take Chen Xiang down, or else it would be difficult to dispel the hatred in his heart.

Chen Xiang did not know how much damage the killing array had done to the Silver lion, but he saw that the Silver lion's body had a lot of wounds.

"Littlemoon, that killing formation is made of trees. Wouldn't it be fine if we just flew over there?" Chen Xiang said: "I should have tried it before."

"You're courting death. That killing formation has covered the skies, so if you were to fly through it, you would be in an even more miserable state." After Yue'er finished her sentence, she suddenly shrieked, "Quickly stop!"

Seeing Yue'er's reaction, not only did Chen Xiang stop, he even teleported a distance away.

"How ..." Just as Chen Xiang said this word, a few white lights suddenly appeared on the surface of the water in front of him, emitting a very threatening cold aura.

White light surged out of the water surface, and the cold Qi caused a layer of frost to form on the exterior of Chen Xiang's body. That terrifying cold Qi directly penetrated through his profoundwu clothing and entered his body.

He even felt that his strong Supreme god bone was a little stiff, his entire body was frozen, unable to move, this kind of cold force was too terrifying.

Chen Xiang immediately released the power of the spatial laws, preventing the terrifying cold energy from invading him. He used the Chuangzao fire to expel the cold energy from his body, and only then, was he able to move.

The white light that shot out from the bottom of the sea had already turned into dozens of white blobs of light. These blobs of light were as tall as a person and floated above the sea, emitting waves of terrifying cold air with the white light.

Chen Xiang subconsciously thought of something.

"It's a Dao spirit that controls the Laws of Ice." Yue'er said in a low voice, "Don't move. Even if you wanted to escape, it won't be that easy when you encounter something like this."

Right now, Chen Xiang was personally feeling the power of these dao spirits. This kind of Ice Law Power was countless times stronger than the Silver lion that came over here.

Yue'er had also said before, if they made too much noise while they were in there, it was very likely that they would lure the Dao Spirits out. The Silver lion chased after Chen Xiang and sealed up the entire coastal waters, and now that he was out of the ocean, it was possible that it would release icy cold power all the way out into the open.

The ball of light in front suddenly exploded, even though Chen Xiang had strengthened his Space Domain, the cold Qi still penetrated through, causing him to shiver.

After dozens of balls of white light burst out, Chen Xiang was stunned. He originally thought that there was some kind of terrifying monster hidden within the ball of light, but he didn't expect it to be dozens of women.

These women were all completely red. They were naked, and these dozens of women were extremely beautiful. Their eyes were hollow, giving people a very pure feeling, although they were naked and naked, they did not have any of Chen Xiang's demonic desires, and he did not know why, but this feeling was very strange.

At this time, they were using their tender and beautiful feet to step on the water surface, gracefully walking towards Chen Xiang, while Chen Xiang was just standing there blankly. There was no time to think about the beautiful things that would happen, the bodies and looks of these girls were all excellent, causing him to praise them repeatedly in his heart.

The sea breeze blew gently, and the long hair of these women fluttered in the wind. Their chests stood straight in the cold wind, and their two cherry-red faces were even more beautiful.

The Silver lion had already arrived behind Chen Xiang, and he saw these women. Although he was shocked, he did not put them in his eyes.

The Silver lion took out a long sword, he came up behind Chen Xiang and swung it down.

Chen Xiang obviously noticed it, but Yue'er told him not to move, so he broke out in a cold sweat and followed Yue'er's instructions, standing there without moving an inch.

"Brat, if you had cooperated properly before, perhaps I would only have caught you and brought you back. Young Master would not have killed you, but now ..." "Too late." The Silver lion's face hardened, and slashed forward.

The sword slashed towards Chen Xiang's neck, but when it came into contact with his neck, it suddenly shattered.

The Silver lion was shocked. His divine sword was not weak, as it was a high grade divine weapon. But in the blink of an eye, it was frozen into ice shards by the cold energy that he was the most adept at.

The group of ladies in front of Chen Xiang suddenly disappeared.

"Ahh ..." The Silver lion suddenly roared in shock, Chen Xiang could not help but turn her head, and realised that the beautiful ladies were all behind the Silver lion, and in front of the group of girls, was a tall lady with a sword in her hand.

This woman was also completely red. Being naked, she was taller than the other girls, and in her hand was an ice sword. What made Chen Xiang astonished was that her face gave Chen Xiang a familiar feeling, she looked very pure and beautiful, but even though her body was releasing a terrifying cold aura, she still gave people a feeling of innocence.

It was because of this feeling that when Chen Xiang saw the beauty's jade body, he did not dare to have any ulterior motives.

The Silver lion was penetrated by the ice sword, and quickly melted into ice, before finally falling into the sea and disappearing.

Chen Xiang was so scared that he did not dare to move. He stared at the beauty and did not dare to look around either.

"You ... You are different from us. " Her voice was very sweet and light, and it was obvious that she did not speak very often. As for the girl behind her, she also suddenly disappeared.

Chen Xiang was startled, then took out a set of clothes and handed it over, and smiled at the woman: "You shouldn't be like this, if you want to wear a set of clothes, then a woman's body cannot be casually shown to others."

After Yue'er heard this, she whispered, "If you see it for yourself, then don't show it to others."

When the woman received the clothes, she accidentally touched her beautiful chest, causing it to slightly tremble, causing Chen Xiang to secretly cry out a few times.

"Clothes." When the woman said this word, she seemed to not know what it was.

"Like this." Chen Xiang tugged at the clothes on his body and said: "It's something that covers my body."

"Why should I hide it? Isn't that great? Being able to get close to the main road, you should be like me." She looked at her clothes and frowned slightly, then passed it back to Chen Xiang.

[Chapter 1958](#)

Chen Xiang groaned in his heart. He didn't know if he could continue to control this silly beauty even if she didn't put on her clothes. He really wanted to turn around and leave right away, but he was a little unwilling to part with this beauty.

"Men don't look good when they take off their clothes. Although you look good when you take them off, the more beautiful they are, the more they don't want others to see them. They only want the people they love the most." Chen Xiang was extremely depressed in his heart. He was actually teaching a fairy who had lived for god knows how many years to wear clothes right now.

Although he really wanted to see this beauty's naked appearance, because it was really too pleasing to the eye, he felt that doing so wasn't too ethical.

The girl blinked her beautiful eyes, she did not understand either, she did not understand what Chen Xiang had said, Chen Xiang never thought that these dao spirits would be so pure and terrifying.

The water surface had already been frozen into ice. The beautiful woman on the ice, who had a jade body and ice body, was naturally formed again and again, causing Chen Xiang to look at her absentmindedly.

"Alright, you'll look even better after you put on the clothes. Try it if you don't believe me." Chen Xiang said again.

The lady pulled on the light purple clothes, it seemed like she did not know how to put the items into her body, while she was fiddling with the clothes, Chen Xiang's thief eyes released sets of light.

The dao spirit was created by one's own cultivation. Moreover, it was so powerful that it was not too stupid. Soon, she knew how to enter it. Furthermore, she knew that there was a high level of comprehension over there.

After the woman's flawlessly beautiful body was covered by the purple dress, Chen Xiang felt a bit of contradiction in his heart. However, he felt that he had taken advantage of her a lot, although he had not had the pleasure of seeing it before.

"It did look a lot better." With a wave of her hand, a mirror made of water appeared in front of her. Her eyes that were filled with innocence flickered with a joyful light.

"Thank you for the gift." The lady was also very polite, thanking Chen Xiang with her beautiful smile.

Chen Xiang thought, wasn't it just a set of clothes, he also had some in his ring, which were all left behind by Bai Youyou and Su Meiyao in the past.

"You're welcome. Just now, you saved me. I can't even thank you in time." Chen Xiang then took out a few women's dresses with different styles and colors and handed them over.

The woman immediately received it, but what Chen Xiang did not expect was that as soon as she received it, she took off all the clothes on her body, and then put on another set of clothes. Seeing her take off her clothes, for Chen Xiang, it was an ornamental sight, causing his breathing to become slightly heavier.

"Thank you. I think I should wear this color today." In the end, the woman wore a long blue dress. At this moment, she was like a young girl wearing clothes on New Year's Eve, revealing a very bright and enchanting smile.

When she appeared, she was completely red. It was naked, Chen Xiang did not see what Storage magic treasure she had, but she had changed the rest of the clothes into nothing. Chen Xiang guessed that she must have had a Storage magic treasure that was hidden in the Divine Sense Sea, so she kept the clothes inside.

"Although it looks good, I'm still not used to it."

After the woman finished speaking, Chen Xiang who had just calmed down a little could not control herself anymore. The woman had actually taken off her clothes again, revealing her beautiful and tender body, and was even rubbing her chest.

"Damn it, are you done yet?" Chen Xiang secretly gasped.

The woman was very smart. She released a blue mist to cover the blue dress, then used her hand to stretch out her chest area to make it wider. When she got back to bed, she nodded her head in satisfaction.

"Remember, don't take off your clothes." Chen Xiang warned with a serious face.

Although the woman didn't understand why, she still nodded and didn't ask why.

"You humans have many rules, I've heard of them." The woman whispered, "I know you're human."

"You won't kill me, will you?" Chen Xiang laughed and asked, the lady looked purer than water, but she had only taken out one or two of the Silver lions.

"Of course not. It's not like you are messing around in my place. I'm not like the other Dao Spirits that are killing people randomly." The woman smiled gently. "And you even gave me such a good present."

Even though the woman was a Dao Spirit, she had heard about some human matters. This meant that in her world, there was knowledge to spread. However, it wasn't like humans. Otherwise, she wouldn't have known about the differences between men and women.

"I still have things to do, so I'll take my leave." Chen Xiang came here to look for the Dao heart stone, and even if he found the Dao heart stone, he had to rush back to Supreme Divine Palace.

Chen Xiang had just turned around and flew a distance away, when the woman appeared in front of him in a flash and stopped him.

"Where are you going? Can I come with you?" The woman's beautiful eyes were filled with anticipation and curiosity. Chen Xiang had read countless people, and with one look he could tell that although the woman was strong, she was inferior to those girls that had yet to reach the world. He actually wanted to take the initiative and walk with an unfamiliar man.

"This... I'm going to find a stone, and when I find it, I'm going to go back to my human world. "

After Chen Xiang finished speaking, the woman became excited: "Can I go with you to the human world to take a look?"

"Your family's adults don't object, right?" Chen Xiang was startled, he did not know why she asked this question, but if the woman really had an elder, and her elder knew that he had kidnapped this foolish beauty, he would definitely be hunted down.

"Milord." The lady was confused, she did not understand what Chen Xiang meant.

"That is to say, you will just come with me, your ... Would some of the same kind not object?" Chen Xiang explained step by step.

I've been told since I was young that when there's a chance, I have to go out. When there's a chance, I have to go into the human society to become stronger, but I stayed here for a very long time, sleeping for a very long time, and every time I woke up, none of my peers went out. Now that I've met you, this is just a chance. The woman spoke very seriously and was a little excited.

Seeing her like this, Chen Xiang couldn't help but think of Dongfang Jing, this little girl. She really wanted to do it, but the lady in front of him was much taller and stronger than him.

"Can you take me with you?" The lady's eyes were full of pleading, that kind of gaze was not something Chen Xiang could make a decision about.

"All right, but I have to find a kind of stone here to get back." Although Chen Xiang didn't think much on the surface, he was secretly happy in his heart. It felt good to be able to kidnap such a foolish beauty away.

"I'm Shui Bingyan, big sis, what about you?" The woman asked with her innocent and beautiful big eyes.

Chen Xiang almost vomited a mouthful of blood when he heard this, but Yue'er, who was inside his backpack, was smiling non-stop.

"Elder sister doesn't call me that ..." Chen Xiang spent some time to explain the situation above to her. In the future, if she wanted to go to the human world, she must master a lot of basic knowledge.

"Oh, so that's how it is. Thank you, Elder Brother Shen." After Shui Bingyan understood, he showed an apologetic smile to Chen Xiang.

Her comprehension ability was very high, she could understand it easily.

Although Shui Bingyan was older than him, she slept most of the time. If one were to talk about psychological age, Shui Bingyan was no different from a little girl.

Therefore, when Shui Bingyan called Chen Xiang a Elder Brother Shen, Chen Xiang shamelessly nodded.

"Elder Brother Shen, what are you looking for?" She had also noticed Yue'er. Although it was the first time she had seen Yue'er, she still felt Yue'er to be very cute, and lovingly stroked her in her arms while unable to let go of her hand.

Chen Xiang and Yue'er's hearts were moved. This Shui Bingyan was a very powerful Dao Spirit, she might even know where there were Dao heart stone s.

[Chapter 1959](#)

If Shui Bingyan had heard the name, he definitely wouldn't have known what kind of stone the Dao heart stone was. After that, Yue'er used her strength and transformed a rock into a rock on her little claws. Although it looked no different from a normal rock, if Shui Bingyan knew it, he would have immediately recognized it.

"It's this kind of stone. BingYan, have you seen it before?" Chen Xiang asked.

"I've seen it before, but I have two. I can give you one, but this stone is hard to find." Shui Bingyan said as he took out a white stone.

This stone was even bigger than what Chen Xiang had imagined. The Dao heart stone was white in color, and there were naturally Spirit grain formed on the surface of the stone, so Shui Bingyan could recognize it at a glance.

Shui Bingyan was a little shocked to see Chen Xiang, and said: "If you want to find them, it will still take a while to find them. I only found three after all these years, I have already used one for myself, this piece is for you."

"This... "It's too big, can it be broken?" Chen Xiang did not want to take such a big piece to complete the mission order, because the mission order said that only a small piece was enough.

"Of course you can. It's very easy to get rid of it." Shui Bingyan's jade-like hand moved forward like lightning and smacked the Dao heart stone, causing it to instantly shatter. It originally had an irregular shape, but after it shattered, it became many round granules.

Chen Xiang immediately caught it. There were one hundred and fifty pieces of these Dao heart stone, and each of them was as big as a thumb ball. After breaking them, they would naturally split into the shape of beads.

"That's good." Shui Bingyan laughed.

Yue'er asked for one pill, and gave Chen Xiang the rest to keep.

Shui Bingyan anxiously wanted to experience the human world. After she found the Dao heart stone for Chen Xiang, she immediately rushed towards the shore at a fast speed.

Seeing that, Chen Xiang anxiously teleported to catch up.

"BingYan, have you come to the shore yet?" Chen Xiang asked.

"I've never been here before. I once thought of leaving by myself, but they told me that there were a lot of powerful people who were unable to leave. They were all heavily injured or died on the way back." Shui Bingyan shook her head. After she arrived at the shore, she smiled at Chen Xiang: "Elder Brother Shen, you should be able to bring me out safely, right?"

Chen Xiang never thought that the natural array formations in this place would not only make powerful humans and beasts feel a headache, even the powerful dao spirits inside would also feel fear towards them.

"So that's how it is. The formations here should all be for Dao spirits. If the Dao spirits were to come into contact with these formations, they might become even more powerful." Yue Er said.

Chen Xiang laughed: "BingYan, don't worry. I'll bring you out soon enough. It was right that you didn't go out by yourself previously."

When he thought about how Shui Bingyan, this silly beauty, had ran out naked, Chen Xiang felt his heart ache.

"Yes." When Shui Bingyan reached the shore, he stopped running around, because she wanted to follow Chen Xiang. She knew that Chen Xiang was much weaker than her, but Chen Xiang gave her a feeling that he was very capable.

Chen Xiang turned around and looked at this mysterious ocean. Yue'er had said before that this place did not have any seas to begin with, and had only appeared recently.

"BingYan, has this sea existed since long ago?" Chen Xiang wanted to know if there was a tunnel that led to Gods Realm deep within the ocean.

"I wasn't this old before, but I suddenly grew up a while ago. At that time, I was sleeping, and after sleeping for a long time, I woke up and became very big." Shui Bingyan was also full of questions about this, but she had asked her own kind and couldn't get an answer.

Shui Bingyan's answer meant that she didn't know why, but it made Chen Xiang believe even more that there was a passage leading to the Gods Realm, because the seawater that appeared afterwards came from the Gods Realm.

Shui Bingyan was playing with Yue'er. Yue'er looked cute, but she was completely different. She was a very clever and mysterious Demon Cat.

"Yue Er, will you follow me back to the Supreme Divine Palace?" Chen Xiang asked.

"Sure, but can you get that ice face inside? Not everyone can enter Supreme Divine Palace." Yue'er seemed to like Shui Bingyan a lot, and Shui Bingyan was even more fond of this cute little cat.

"Not to mention one, I can even get ten inside."

said confidently. Although he had been targeted by the Divine Nations, as long as nothing bad happened to him in the near future, he was still doing pretty good in the Supreme Divine Palace, and adding the Dao heart stone he had obtained, as long as he gave the Dao heart stone to the Chief Hall Master of the Soul Hall, not only would he be able to get a portion of the Shen Yuan stone, he would also be able to get a good divine soul.

Chen Xiang brought Shui Bingyan and according to his route, he would return directly to the Supreme Divine Palace.

... ..

The Silver lion had already been dead for a period of time, so the Prince Divine Lions took out a pearl filled with cracks. His face was filled with confusion, because he could not understand why the Silver lion would die, and he gently crushed the pearl in his hand. He did not feel any pain even though the Silver lion had died, but he was very curious how the Silver lion had died.

He remembered that the reason he sent out his Silver lion was to capture Chen Xiang, the person who had saved Qi Shi. And the Silver lion should have returned a long time ago, because in his eyes, capturing Chen Xiang was an extremely easy task.

"I must investigate carefully. If it really was that human who killed him, I must make him pay." Prince Divine Lions immediately left the Beast Divine Palace.

One of them had been sent by him to capture Chen Xiang, and the other had been followed by the White crocodile and Qi Shi. Now, one had already died.

The originally confident Prince Divine Lions had already realized that Chen Xiang and Qi Shi were not easy to deal with, so he rushed back to his Divine Lion Race in the middle of the night. He was going to use his elite strength to investigate this matter.

... ..

Chen Xiang had come to the entrance of the Supreme Divine Palace, and after he had left the Supreme Divine Palace for a month, he had finally returned alive. Right now, he was staying outside the Supreme Divine Palace, he originally wanted to be a little faster, but in order to take care of Shui Bingyan who had entered human society for the first time, Chen Xiang played with her for a few days, allowing her to recognize some things she had never seen before.

Because Shui Bingyan could not enter the Supreme Divine Palace, he could only accompany Shui Bingyan outside. He was not at ease with Shui Bingyan and Yue'er outside, so Chen Xiang asked a

passing disciple of the Supreme Divine Palace to help him notify the old man of the Supreme Hall. For this, he paid two thousand Shen Yuan stone.

When the old man from the Supreme Hall came out, he immediately felt it was strange and unexpected. Chen Xiang had actually returned so quickly, and was even coming back alive, he suspected that Chen Xiang had went back to that place.

Until now, Chen Xiang still did not know the old man's name. He had asked Luo Tianjun for his name, but Luo Tianjun did not tell him anything.

"Brat, you have hands and feet, why didn't you go in to find me and instead let me out?" When the old man saw that Chen Xiang was perfectly fine, and that he was extremely spirited as well.

As an antique that had lived for many years, when he saw a beautiful woman beside Chen Xiang, he subconsciously understood something.

"Elder, can you bring her into Supreme Divine Palace?" Chen Xiang laughed and asked, he knew that this old man was very capable, walking to the back door or something shouldn't be a problem for him.

The elderly people in Supreme Hall often saw Chen Xiang and Feng Yujie together. He originally thought that Chen Xiang and Feng Yujie was a pair, but now, Chen Xiang had actually brought a woman back.

Shui Bingyan smiled at the old man, seeing her innocent and sweet appearance, the old man secretly cursed Chen Xiang in his heart, to actually trick such an innocent girl.

"You didn't go looking for that stone." Although the old man looked a little disappointed on the surface, he was still very happy in his heart. If Chen Xiang went to that place, even if he came back and let Luo Tianjun know about this, he would definitely be scolded.

Chen Xiang laughed: "Of course I went, I'm back now. Clan Elder, are you able to help me get her inside?"

The old man did not expect Chen Xiang to return so quickly and safe, and even brought a beauty back with him. He said in a low voice, "You must not tell Old Camel that I told you to go there. If you promise to help me, I will help you get her in."

"Alright, it's a deal." Chen Xiang immediately nodded in agreement.

The old man brought Chen Xiang, who was the best, into the door. The old man made an identity plate for Shui Bingyan, which was a disciple of Dan Hall, with the tenth hall written on it.

Just as Chen Xiang had guessed, this old man held a lot of power in the Supreme Divine Palace.

Upon entering the gate, Shui Bingyan saw the majestic buildings inside the Supreme Divine Palace, and couldn't help but to widely open his eyes and look around.

Chen Xiang held her small hand, worried that she would run around in too much excitement, or randomly release his frightening power of the laws of ice and water.

Shui Bingyan was a god, even if she was stunned, if he angered her, she would kill him in the blink of an eye.

Back then, Chen Xiang had told her to conceal the strong power of the Ancient Code in her body and not expose it. Shui Bingyan had done well now, even the old man had not discovered it.

"Elder, is the stone you're talking about this type of stone?" Chen Xiang took out an original bead. This was the Dao heart stone.

The old man who was walking in front was stunned at first, but when he turned his head, Chen Xiang had already thrown the Dao heart stone over.

The old man recognised the Dao heart stone, and he had not explained the use of the Dao heart stone to Chen Xiang previously because he was afraid that Chen Xiang would use it carelessly after finding it.

"This ..." The old man came back to reality and hastily kept the Dao heart stone s. He increased his pace and led Chen Xiang to turn left and right before entering a large manor.

"This is my residence. I'll go call that person over." The old man ran off in a hurry as Chen Xiang sat in the hall with his legs crossed.

Shui Bingyan and Yue'er, on the other hand, were playing in a garden outside the hall. Seeing that there were so many beautiful flowers inside, Shui Bingyan was extremely excited, jumping around like a cheerful bunny. Smelling the fragrance released by the flowers, she started to chase after them like a child when she saw the beautiful butterflies flying towards them.

"It's great to be satisfied so easily." lamented. Back then, when he was young, he was also easily satisfied.

Soon enough, the elder walked in with a burly old man wearing a purple robe.

"Chen Xiang." The moment the old man came in, he started to size Chen Xiang up, then patted Chen Xiang's shoulders and laughed loudly: "Good kid, you're not bad. I heard from Xiao Chou that you're even his master."

This old man was one of the Supreme Gods of the Giant God Clan, the commander of the entire Soul Hall. He was an elder with a high position and power in the Supreme Divine Palace, his name was Zhu Xiangyuan.

"Junior will be forever grateful to senior for taking so much care of Xiao Chou." Chen Xiang also said with a smile.

"I originally thought that no one had completed my mission for many years, and I was just trying it out myself. I didn't think that someone would deliver the item I was looking for so quickly, and a little kid at that, haha ..." Zhu Xiangyuan laughed brazenly: "This is a ten million Shen Yuan stone for you. I'll give you that good divine soul in a few days."

Chen Xiang received a Storage bag. Ten million Shen Yuan stone was received just like that, which was relatively easier for him.

"Senior, I think it's best not to spread this matter." Chen Xiang really wanted to keep a low profile.

"I understand. When I'm free, I often come to the First Soul Hall, and Xiao Chou is really a little brat. He has been back for so long, yet he didn't bring you, his master, to visit the Soul Hall." Zhu Xiangyuan happily left the old man's courtyard.

After the old man saw him leave, he then said: "Brat, if you knew what that was, you wouldn't have given it to him so casually. Honestly speaking, his ten million Shen Yuan stones and divine soul combined are not even as good as that little stone's.

Chen Xiang smiled and said, "Of course I know. That's called Dao heart stone, right?"

The old man was shocked, Chen Xiang actually knew about this.

"Elder, this is for you ... The Shen Yuan stone that I owe you, just write them off. These past few days, I have been very grateful to you for taking care of me and my senior sister. " Chen Xiang gave a Dao heart stone to the old man, he had a hundred or so of them, and gave one to the old man. In the future, when he meets with danger in the Supreme Divine Palace, the old man would not sit idly by and do nothing.

The old man stared blankly for a moment before taking a deep breath. "It seems like you have not only found one."

He accepted the Dao heart stone because to him, this Dao heart stone was a very rare treasure that could strengthen his strength. Forget about Chen Xiang owing him 4 million Shen Yuan stones, even if it was owing him 40 million, he would still not accept it.

"Hehe, then I'll accept it. Come and find me if you need anything in the future." The old man was overjoyed. He had originally wanted to express his gratitude, but he felt that Chen Xiang should not be lacking anything now. The reason Chen Xiang did this was to build a good relationship with him.

Chen Xiang walked out of the hall, and brought Yue'er and Shui Bingyan back to his tenth hall.

Yue'er would also tell Shui Bingyan about many of the rules of the human world. Shui Bingyan remembered all of those things in his heart, because she didn't plan to return to the boring and tedious ocean.

Chen Xiang left for a month, and upon his return, he actually brought back a woman.

Three Gu Brothers frowned. Chen Xiang had actually brought the woman back so blatantly, they felt that Chen Xiang should have taken Feng Yujie's feelings into consideration.

"Kid, which hall is she from?" oldest Gu asked.

"She's from our Tenth Dan Hall, but she doesn't know how to refine pills. You have to keep this a secret." Chen Xiang said in a low voice: "I let her join our hall to give us some face, right?"

Three Gu Brothers nodded.

Second Brother Gu said: "Indeed, our tenth hall has two great beauties. The other Dan Hall must not be jealous to death, haha ..."

Gu Lao San asked, "Where does she live? Don't tell me she lives in the same room as you?"

Shui Bingyan was obviously a little shy as he sat there quietly, stroking the smooth fur on Yue'er's body while listening to their conversation with a sweet smile.
