

Dan God 2061

[Chapter 2061](#)

Through the Transmission array, Chen Xiang was directly teleported to the Nine Heaven City. Although he did not see Xue Xianxian, Hua Xiangyue and the others, Chen Xiang was not in a rush, they were all rather busy, and when this big battle broke out, they urgently needed pills and array discs, as well as a large number of Divine Weapons. possession of these things was equivalent to having a few more lives, it was extremely important.

When Chen Xiang arrived at the Nine Heaven City, he discovered that waves of evil spirits were coming from outside. With a glance, he knew that the Devil Army had arrived, and that there were quite a few of them.

What surprised him was that the great demon army was outside the city, but the huge Nine Heaven City was not in a mess, the Transmission array here was already closed, and could not be transferred in, in case evil beings snuck in, but they could be teleported out, but there were still many people inside the Nine Heaven City, and the number of people inside did not decrease.

It could only mean that, the people inside had a lot of trust in the Nine Heaven City, and believed that the Nine Heaven City would not be defeated by the demons. Many of them even planned to go out to fight, and helped the Nine Heaven City repel the demons, which could be because many warriors could earn Shen Yuan stone s, and with the size of the city, many shops were rented, and those who could afford to live were not ordinary people, if the Divine City was destroyed, their shops would definitely be affected, and this affected their business, so of course they would have to go out and fight.

When Chen Xiang came to the City Lord's Mansion, the last time he saw Wu Kaiming, he had obtained a jade tablet that allowed him to enter and exit freely. When he entered one of the halls in the City Lord's Mansion, he immediately saw a familiar face.

"Little knife, old pig." Chen Xiang was pleasantly surprised.

"Elder Brother Shen."

"Chen Xiang."

Yun Xiaodao and Zhu Rong were excited and excited to see Chen Xiang too. After so many years, they finally met their good friend from back then.

Yun Xiaodao was no longer as childish as he was back then. He had become mature and steady, and also became a lot taller. Furthermore, his strength was very strong as well, to the point where he had five Divine Deity s.

Zhu Rong was the same, plump and harmless fatty. He looked like he had no fighting strength, but his strength was not weak either. Just like Yun Xiaodao, he had five Divine Deity.

"Old Pig, I didn't expect your cultivation to be the same as Xiao Dao's. Remember that he surpassed you in the past." Chen Xiang laughed.

, when can you remember better than me? Other than his eloquent mouth, how can he compare to me in other aspects? Zhu Rong laughed and said.

Yun Xiaodao scoffed, "Old Pig, you lost to me last time. You should know when to boast, don't boast too much."

Zhu Rong laughed: "I deliberately lost to you on purpose, who told your wife to be so powerful, every time I win against you, she would scold me endlessly, I purposely lost to you because of her."

"Are you saying that I won against you because I relied on my wife?" Yun Xiaodao was very unwilling to accept this.

"You said so yourself." Zhu Rong laughed, looking like he deserved a slap.

Chen Xiang could not help but smile. Although so many years had passed, they were still the same as before, constantly bickering over small matters.

"Alright, let's get down to business. Where did the little baldy go?" Chen Xiang did not see Wu Kaiming.

"He went to the Nine Heaven School, we are in charge of this place, because the people that came to attack the city are all shrimp soldiers and crab generals, the Nine Heaven School is the best." Yun Xiaodao didn't seem to be slow, because he felt that there wasn't much of a challenge in dealing with this little thing.

The timid Zhu Rong, on the other hand, was the opposite. He laughed: "That's right, we can easily settle this here. Chen Xiang, if you come, it will be even easier."

Zhu Rong now felt that he didn't even need to fight anymore. He knew that Chen Xiang was definitely very strong.

"I'm sorry, I only have three Divine Deity s right now." Chen Xiang purposely smiled bitterly: "I was still trying my best, and only managed to cultivate the third Divine Deity. The place I was previously at, has a different time zone compared to your place."

However, he still smiled: "It's alright, I won't look down on you. But Little Yun is different, he must be overjoyed, because he feels that he has two more Divine Deity s than you and he can overturn you with one hand."

Chen Xiang scolded jokingly: "Old Pig, this might be what you're thinking in your heart. From what I see, the one feeling overflowing with joy should be you."

Yun Xiaodao also laughed, "Damn fatty, don't think that Elder Brother Shen is as stupid as you and wouldn't be able to see through your dirty thoughts."

Zhu Rong chuckled: "Of course not, good, we have to formulate a plan to deal with those Evil Demons, although the Nine Heaven City has a big array to resist, but those Evil Demons are constantly attacking the city, making people's hearts in panic."

Chen Xiang said: "There's only the two of you."

"Of course not, just the two of them alone won't be able to complete the mission." He was dressed in gray tattered clothes and his face was full of beard, but Chen Xiang could still recognize him.

"Intestines." This person was Duan Sanchang, the little grave robber.

"There are no tombs here for you to dig." Zhu Rong curled his lips.

"I don't have a grave to dig, but I can dig a big one for those demons." Duan Sanchang chuckled, came to Chen Xiang's side and patted his arm: "Good fellow, you don't look weak. Although you have three Divine Deity s, according to your usual explosive strength, your strength should be at least five, or even six."

Chen Xiang laughed out loud. "The tomb robbing eye is the best."

At this time, another person walked in. Although he was handsome, his eyes were slanted, and it was Xv Weilong.

"Blinded Dragon, you've been thrown over as well." Zhu Rong laughed: "It's good that you came, that way I won't have to fight anymore."

Xv Weilong gave Chen Xiang a stiff smile, looked at his left arm and said: "Did I cultivate out Bones? I ate a few pieces of Bone level Dan, but I didn't manage to cultivate them."

Chen Xiang only smiled without saying a word.

Yun Xiaodao said: "Every one of us ate a few pills, but we did not manage to cultivate them. Leader said that we do not have the chance yet, so we will not take the opportunity to start training in Bones."

Chen Xiang felt that his Bone level Dan should be pretty good. Previously, Shui Bingyan had only eaten a few pills to cultivate to the first Bones, but Yun Xiaodao and the others had already eaten a few, but they did not.

"However, the Leader has been successfully cultivated. It seems that he only ate three pills." Duan Sanchang replied: "He has the strength of a god or above, it's easier to cultivate."

"This bastard is really amazing. He became a god so quickly." Chen Xiang sighed at himself for running to Super God Realm and then running back, missing too much time, back then he was even stronger than Gu Dongchen.

Yun Xiaodao said seriously: "Elder Brother Shen, you are the amazing one, you can even refine Bone level Dan."

Zhu Rong and the others all agreed with him. So what if he had three Divine Deity? As long as he could refine a high level pellet, it would suffice.

[Chapter 2062](#)

The Bone level Dan that the Nine Heaven School obtained were all refined by Feng Yujie, Hua Xiangyue and the others. They provided the Nine Heaven School with Bone level Dan and exchanged it for a lot of resources. The size of the Nine Heaven School was very big, they could easily obtain them for them.

The Nine Heaven School knew that had refined the Bone level Dan first, and that the relationship between Chen Xiang and the big boss of the Nine Heaven School was very good. Even Leader Gu Dongchen had to call Chen Xiang Junior Master, and it was because of this that Lv Qilian and the others would provide the Bone level Dan to the Nine Heaven School, allowing it to become stronger.

"Chen Xiang, you don't need to do anything this time, we can handle this." Xv Weilong said very seriously.

"Let's see!" Was it really that easy here? I feel that something is amiss, you guys should know that Devil-killing Divine City was ambushed previously, you guys should know about this! It is hard to say whether the Hell Devil Emperor has attacked near this Divine City. " Chen Xiang also had a serious face, the insect eggs near the Devil-killing Divine City were not simple objects.

He had never checked around Nine Heaven City before, and did not know if there were any, but he knew that there were patrols around Nine Heaven City, and it was unlike the Devil-killing Divine City where there was a large amount of Evil Spirit Force to cultivate bug eggs.

"I heard that back then, because of this incident, the Fire God, who was in charge of this matter at Hell Devil Emperor, became angry out of embarrassment, and threatened to turn Devil-killing Divine City into hell." Xv Weilong nodded.

Chen Xiang was about to speak, but his entire body suddenly tensed up as he looked at a corner in the hall with a face full of vigilance.

There was actually someone here! Zhu Rong and the others also jumped up from their seats, and when they looked towards the direction that Chen Xiang was looking at, they could hear the sound of giggling: "Chen Xiang is still the best, to be able to find out that I was here, although the few of you guys have more Divine Deity than Chen Xiang, but your reactions were so slow, if I had attacked you guys just now, you would all have been done for it."

The person who appeared was a cute girl wearing a blue skirt. Her small and beautiful oval face was filled with a mischievous smile.

"Lan Lan!" Chen Xiang was extremely happy, she anxiously walked forward and pinched her cute little face: "Lan Lan, you have not grown up yet, for so many years, you are still a little girl!"

Lan Lan was not convinced, he puffed out her full chest and said: "I am just a little short, with a baby face, I am already an adult."

The relationship between Chen Xiang and Lan Lan was extremely good. Back then, they had experienced danger together and were good friends. Although Lan Lan was older than him, he still treated Chen Xiang as a big brother.

Just now, Lan Lan had used her extremely unique Inherent Skill. She could make herself invisible, and the reason why Chen Xiang fought against her in the past was because she had hidden herself and beaten him up.

"That cat girl should also be here, right?" Yun Xiaodao suddenly trembled as he looked around: "Every time we meet again after a long time, the two of you always like to scare others."

Her body was extremely tough. Back then, Chen Xiang had beaten her up, but she was fine, she was as agile as a cat, and when she attacked, she liked to use cat claws. Chen Xiang had also interacted with her for a period of time, and had experienced a lot of things. She was taught by the White Tiger later on because she was a rare Nine Lives Demon Cat.

Yan Yanran was a very charming beauty. When Chen Xiang first met her, he was enchanted by her seductive charm.

Lan Lan chuckled: "She's already here, let's see who can find her!"

Chen Xiang released his Spatial Sensory Domain, but did not discover anyone else present. He pinched Lan Lan's face, "Lan Lan, don't tease us on purpose!"

Yun Xiaodao also said: "Little bastard, are you lying to us? The cat girl isn't here, right? She's purposely messing with us! "

Zhu Rong laughed: "If even Chen Xiang did not realize it, then this must be a lie. She isn't here from the start!"

Lan Lan laughed, "Old Pig, do you want to take a gamble?"

"If he wants to bet with Chen Xiang, he said that the cat girl isn't here." Zhu Rong would never bet with an acquaintance, he would be laughed at if he lost for a while.

Duan Sanchang also confirmed the change and said: "Based on my many years of experience, there shouldn't be anyone hiding here, the cat girl is definitely not here!"

"Are you sure? Do you dare to bet?" Lan Lan said with a smile. Although his smile was very sweet and looked very cute, it still gave off a very cunning feeling.

"Nope!" Duan Sanchang only believed in his own scouting methods, but back then in the Dragon Subduing School, they had worked together with Yan Yanran for a period of time. At that time, Yan Yanran was extremely terrifying and he trained extremely hard, to the point where even the few men present were unable to catch up.

After the Dragon Subduing School was disbanded, Yan Yanran and Lan Lan, who were like sisters, traveled all over the place. It was only after many years did they finally see Lan Lan.

After using the Dao heart Eye, he could see the flow of all sorts of elemental energy in this hall. Originally, it was distributed fairly evenly, but right now it was a little chaotic.

"I saw her!" Chen Xiang smiled slightly as he reached out his hand and gently touched a spot next to Lan Lan. He saw that in a flash, a charming woman wearing a red dress appeared.

"You're still so powerful, how did you discover me? I can use this method to hide from the elders and Leaders. " Yan Yanran asked with that gentle voice. She looked at Chen Xiang with her charming, silky eyes, her eyelashes flickered slightly, as though she was trying to hook Chen Xiang's soul.

Chen Xiang had touched her beautiful face just now, and he did not move away yet. He gently touched her face, and laughed: "It's just because you smell too good, I'm very familiar with the smell of your body."

"I'm afraid that Chen Xiang is the only one who can deal with this cat girl." Zhu Rong said softly. Yun Xiaodao quickly distanced himself from him, worried that Yan Yanran would attack him head-on.

Yan Yanran obviously didn't believe Chen Xiang's nonsense, but she didn't ask too much. She only glanced at Chen Xiang with autumn waves in her eyes, and gave him an intoxicating look of gentleness.

"You have been to the Nine Heaven School? Elder Wu asked you to come? " Xv Weilong asked.

Back then, when the Dragon Subduing School was still around, Yan Yanran and Lan Lan were specifically responsible for gathering information, and occasionally did some assassination missions. They had all done very well, and now that Wu Kaiming had asked them to come, it was probably because he wanted them to do something.

[Chapter 2063](#)

"Yes!" He and your Leader will be coming soon. " Yan Yanran nodded his head, walked to the door, looked at the gray Evil Qi in the sky outside the city, and sighed: "Nine Heaven City and Nine Heaven School face the same danger."

The expressions of Yun Xiaodao and the others changed. If Gu Dongchen and the others were to come personally, then this matter must be very serious.

"Oh yeah, did you say 'your Leader' just now? Don't the two of you plan to enter the Nine Heaven School?" Zhu Rong asked.

"We have already joined the Hundreds of Flowers Village!" Lan Lan laughed: "But you can rest assured, now we are here to help you, our village chief will also come."

Initially, Lv Qilian was very ambitious, she said that she wanted to establish a Divine Nations. However, her strength was limited now, so she only claimed that she was a village. However, she had developed secretly quickly, and with her dragon fountain, she would definitely become stronger and stronger in the future.

"Alright, since we are all in the same group, your village chief's parents are all in our Nine Heaven School." Yun Xiaodao said.

"That Grandma Lv is too scary, her two daughters are the same." Zhu Rong suddenly shivered: "The last time I went to look for her, I only smelled a plate of fruits on her table and almost took my life."

Devil-suppressing Heavenly Venerable Lv Zhen and Grandma Lv were's and his parents, and they were currently in the Nine Heaven School as well. After all, the Devil-killing Heavenly God was there as well and Lv Zhen could be considered his disciple.

"Luckily you didn't eat it, otherwise I would never see you again, you bastard." Yun Xiaodao laughed.

Xv Weilong asked: "Do you all know the situation outside the city? Didn't you say that the Nine Heaven City was very relaxed? Why are you suddenly paying attention to this? What exactly is the danger? "

Yan Yanran said: "I'm not too clear either, I just heard from Martial Elder that there are some bugs"

After Chen Xiang heard it, he took a deep breath abruptly: "This is troublesome, Hell Devil Emperor really did let this scary thing be born here. I hope it doesn't end up in a miserable state!"

Because Chen Xiang had heard Yue'er talk about the giant god world being destroyed by the Evil Worms, he knew about the dangers of those bugs.

"Is it really that scary?" Yun Xiaodao asked.

Chen Xiang nodded his head: "It should be, but the initial stages are easy to deal with, if it's later, then I'll be in trouble!"

"I have to go back and prepare." Yun Xiaodao said: "When I went back to get some good equipment, I thought it was just a small matter!"

Zhu Rong laughed: "I also need to prepare, go eat a good meal!"

Afterwards, the two enemies left at the same time. Duan Sanchang and Xu Weilong returned to rest and wait for further news.

"When did you join the Hundreds of Flowers Village? Why didn't I see you guys inside?" Chen Xiang touched the pair of translucent wings that Lan Lan released.

"They joined very early on, it was Sister Qilian who found us. We were also in the village often, but we just happened to have some matters to attend to." Yan Yanran chuckled, "Little scoundrel, I didn't think that you would have so many bad things that no one knows about ..."

Chen Xiang laughed, "Don't speak nonsense, this Little Naughty Dragon is discrediting me everywhere."

Lan Lan laughed, "I actually think that you, Elder Brother Shen, are very powerful. Those powerful older sisters all seem to have a good relationship with you."

Chen Xiang laughed: "Aren't you guys on good terms with me too?"

Yan Yanran and Lan Lan were both very clear that the reason the outstanding women in the Hundreds of Flowers Village were able to gather together was mostly because of Chen Xiang, and why they were able to become so strong, was also because they needed Chen Xiang's help.

"We are going back. Sister Qilian said that she will be here soon." Yan Yanran said.

"Return to the Hundreds of Flowers Village?" Chen Xiang asked.

"Of course not. We have a shop here, and Hundred Flowers Pavilion is our shop. Do you want to take a look?" If Sister Qilian comes, she will also be sent to the secret teleportation room of Hundred Flowers Pavilion. " Yan Yanran said.

"Let's go!"

Chen Xiang followed Lan Lan and Yan Yanran as they left the City Lord's Mansion, and soon arrived at the Hundred Flowers Pavilion. The size of the Hundred Flowers Pavilion was extremely large, with over a dozen large pavilions and more than ten stories tall.

Here, not only were pills sold, but there were also divine weapons and magical equipment. There were even array discs here!

"Business is not bad!" Chen Xiang followed them to a guest hall. This should be their private place, it was very quiet and cozy, the hall was filled with a faint female body scent.

"Sister Violet Orchid must have been here often!" Chen Xiang could feel it from the remaining fragrance in the air.

"Dog nose." Lan Lan laughed: "Did you really sniff out Big Sister Yanran's scent?"

Yan Yanran poured Chen Xiang a cup of tea and was extremely curious: "Definitely not, I've already hidden my smell!"

Chen Xiang took a sip of that fragrant tea and laughed: "That was what I saw with my own eyes. I had seen all the various types of gaseous energies in the hall at that time, and only the divine energy that was flowing around where you were standing wasn't natural enough!"

"Your method of concealment should be through invisibility and the release of divine energy from your body. This way, you will be able to blend into nature and it will be difficult to discover you." Chen Xiang said.

"Not bad, your Mind's Eye is really powerful. You can actually see it!" Yan Yanran had also gained a lot. Although not many people would be able to use Dao heart Eye in the future to improve herself, she had to pursue perfection.

"If I wasn't a little more careful, I'm afraid I wouldn't have been able to discover you. Your ability to conceal yourself is already very strong!" Chen Xiang said, "If you can increase your spatial power, isolating yourself from space, then you'll be able to conceal yourself very well."

"Using the power of space is easier said than done? I've tried. Although I can use it, I can't use it freely. " Yan Yanran shook his head and sighed.

"You will in the future. When you return to the Hundreds of Flowers Village, find Yue Er and she will teach you. She is very proficient in this aspect." Chen Xiang laughed, "Furthermore, you are all cats, we will definitely get along well."

"Yes, I heard Sister Feng talk about Yue Er." Yan Yanran nodded.

"Cute little white cat, I really want to go back and see her." Lan Lan really wanted to return right now.

Seeing her expression, Chen Xiang laughed: "You are also very cute, you big elf ... Now that a group of little elves from Hundreds of Flowers Village have wings like yours, you can go back and play with them. "

Yan Zilan who was wearing a white dress suddenly walked in and saw Chen Xiang and the others chatting.

"Sister Zi Lan, you don't look nervous either." Lan Lan walked over, held her jade hand, and asked: "What is the situation outside? Is it serious? "

"Don't worry, the defensive power of the formations on the Nine Heaven City is very strong, and with the support of the dragon veins, they can at least hold on for over a hundred years. Those group of Devil Army do not have enough resources, so they will not last long. Yan Zilan looked at Chen Xiang, and this

matter was the latest discovery of Chen Xiang's. After Yue'er told everyone about the origins of the Evil Worms, she had already spread them around, telling everyone to pay attention.

[Chapter 2064](#)

Lv Qilian came over, and the moment she entered the shop, Chen Xiang immediately felt her Qi! She seemed to be in a hurry as soon as she entered the store.

"You're here too?" Lv Qilian said the moment he saw Chen Xiang.

"Sister Qilian, is there something important? You look like you're in a hurry. " Chen Xiang felt that Lv Qilian seemed to have something very urgent to do, and furthermore, he seemed to be rather happy that he had appeared here.

Lv Qilian nodded his head and said, "Right now, we already have information on those Evil Insects. The information we have gathered is that the Evil Insects all have a Queen, and this Queen has only recently nurtured it for a short period of time. Furthermore, a large number of Evil Insect Eggs will be born everyday, just like ants and bees."

"So how many bugs are there now?" Yan Zilan asked anxiously, if there was a large group of Evil Insects, then it would be hard to imagine.

"I only found five, it's not easy for Hell Devil Emperor to cultivate these five bugs! Previously, there were ten outside of Devil-killing Divine City, which he had been raising for a long time. After Lv Qilian sat down, Yan Yanran had already brought her a cup of tea.

Lv Qilian took a sip and continued: "Right now, there are three that are near the Nine Heaven City, and the other one is with the Nine Heaven School. These evil insects are all very strong, so they must have been born a long time ago!"

"Looks like all of these demonic insects are controlled by the Hell Devil Emperor, otherwise, they would definitely not be obedient." Chen Xiang frowned: "Looks like their main target this time is the Nine Heaven City!"

Lv Qilian said: "It is not controlled by the Hell Devil Emperor, but by a mysterious power behind the Hell Devil Emperor! Previously, we had always thought that the Hell Devil Emperor had been abandoned by the other Divine Nations s. Because they knew the Nine Heaven World's potential. If the Nine Heaven World consumes the Super God Realm, then the Hell Devil Emperor will definitely be in charge of suppressing us at that time. "

"Don't worry, there's still the Heavenly Divine Lord! Great Divine Lord and the rest should have already gone into hiding, and their target should be those Divine Nations s. Chen Xiang said.

Yan Zilan asked: Sister Qilian, how did you suddenly know about this? Our spies shouldn't be able to find out about these things, and the Nine Heaven School s aren't good either. It's clear that only the people hiding in the depths of hell would know about it, and their positions aren't low either!

Lv Qilian nodded his head: "Indeed, it wasn't us who investigated about it, but a force called Fu Tian School who provided it to us. Gu Dongchen, Ren Tianyong and the others were also present at that time."

"Fu Tian School? I have heard that this is a very well-hidden sect, and it has been developing in secret for a long time!" Yan Yanran suddenly said, she looked at Lan Lan, who also nodded.

"After Dragon Subduing School was disbanded that year, Yanran and I traveled all over the place and heard about this Fu Tian School." Lan Lan frowned slightly: "But the impression this Fu Tian School gives us is not very good."

Lv Qilian immediately asked: "What do you mean? Gu Dongchen, Ren Tianyong and the rest do not know anything about this sect, much less me."

Yan Yanran lightly snorted: "Then the cultivation method Fu Tian School s cultivate is When Lan Lan and I first passed that small city, nearly half of the women inside harbored hatred towards that Leader, and the men of the small city hated the fact that they couldn't wait to kill that Leader."

Lan Lan also said angrily: "We just arrived at the small city, but somehow the news spread out, we were invited by a group of people to the Fu Tian School, all day long, after knowing about this, we wanted to teach that Leader a lesson, but who would have thought that the Leader and a group of elders were all very strong, we are no match for him, so we can only leave."

"After Lan Lan and I increased our strength, we found out that the Fu Tian School was missing, and that the small city beside the Fu Tian School was also destroyed." Yan Yanran said: "That Leader is so hateful, they are definitely not some good stuff."

Chen Xiang laughed: "Chief beauty village head, you have to be careful of that guy!"

Lv Qilian rolled her eyes at him. "You should pay attention to him!"

"Sister Qilian, did you see that fellow being Leader?" Lan Lan said: "I heard that he has a very young appearance!"

"Not the Leader, he said he's the son of the Fu Tian School! I don't know how he found out about my Hundreds of Flowers Village's matter, but he repeatedly mentioned that he wanted to come in and take a seat, and even said that he wanted to give us a big gift." Lv Qilian glanced at Chen Xiang: "Up till now, there is only one man who has entered our Hundreds of Flowers Village."

"What an honor!" Chen Xiang laughed.

Although Long Xueyi and the others would always tease Chen Xiang about how bad he was as a little kid, they knew very well what Chen Xiang's bottom line was.

"Qilian... Qilian... Are you here?" A weak shout came from outside the window. The voice was very familiar.

"Hui Shan?" After Lv Qilian recognized the voice, he immediately sent a sound transmission to the people below, asking them to bring Long Huishan up.

"It's Big Sis Long!" Chen Xiang was a little excited: "I haven't seen her for a long time, haven't you been with her all these years?"

"No, after the ice dragon returned, Ice Dragon Race handed it over to the ice dragon. She and Lingling also frequently went into seclusion to cultivate! According to what I know, the ice dragon is the one that

found a vein of ice, and its entire Ice Dragon Race is there! Of course, we have often provided them with medicinal pills over the years, and they would also provide us with quite a few ice-cold medicinal herbs and refining materials." Yan Zilan said. She had always been in charge of this kind of exchange.

lv Qilian said, "You Lan and Qianxiang still have some peace and quiet as they frequently go to look for them! A few years ago, I got You Lan and the others to help me deliver a message, and asked her if she and Lingling were willing to come to Hundreds of Flowers Village. We also have a dragon vein here, and the formation plate Xianxian and the others refined can also convert the dragon vein's energy into ice attribute."

Long Huishan was led up by a young lady. She was dressed simply and wore a bamboo hat.

The first time Chen Xiang had met Long Huishan, she was a gentle and beautiful woman. After receiving the inheritance of the ice dragon, with a shake of her body, she transformed into a mighty and domineering Female Dragon King. Right now, she was much stronger than before. She hadn't even put on the dragon armor, so she already looked quite powerful.

"Big Sis Long ..." Chen Xiang anxiously stood up and walked over. At this time, he also noticed Shen Lingling behind Long Huishan, the little girl was already very pitiful at first, but Chen Xiang felt that it was fated for him to help her, and even accepted her as his recognized sister. After being nurtured by Long Huishan, she had already escaped from that tragic fate.

"Brother!" Seeing Chen Xiang coming over, Shen Lingling screamed excitedly and threw herself into Chen Xiang's embrace, sobbing. It could be seen that she missed Chen Xiang a lot.

[Chapter 2065](#)

"Lingling, you have become stronger. Chen Xiang rubbed her head and looked at her mature and beautiful face. In the past, when she was still very young, Chen Xiang would often be busy outside, and she would also undergo closed door cultivation all day. It had been many years since they last met.

The Shen Lingling after growing up had a very charming face, but although she was charming, she was not like the enchantress Su Meiyao, Hua Xiangyue, and Yan Yanran. With every frown and smile, her every action was extremely charming, captivating people's hearts, Shen Lingling was different from the rest.

"It's been so long since we last met, Lingling has also become a little beauty." She nodded towards Long Huishan. Back then, she had also helped Long Huishan to manage his business for a period of time, so the two of them were very familiar with each other.

"Damn brat, you are always running all over the place. Why aren't you coming back to see me and your little sisters?" Long Huishan mercilessly hit Chen Xiang's head. "You, Lingling, are already so old, but I've never seen you do it a few times. All you know is that you've been stuffed in my place."

Yan Yanran walked to Shen Lingling's side, caressed her face and smiled seductively: "Lingling is a beauty that can seduce all living things now, and her strength seems to be not bad either."

Lan Lan was a little envious. She pouted and said, "Why can't I grow up? Back then, Lingling was only slightly taller than me.

As Shen Lingling and Yan Yanran stood together, and wore the same bright red cheongsam, it made them seem even more charming and gorgeous. Walking on the street just like that, it must have been very eye-catching, especially under circumstances where they were equally charming, but gave off a completely different feeling to others, it was even more eye-catching.

"Sister Lan Lan, this is also very good." Shen Lingling was naive and innocent, but she had a charming face that could bring calamity to a nation. She always felt that this would be more eye-catching, and she did not like it.

"Hui Shan, have you decided to stay with us?" Lv Qilian asked: "You Lan and the others should have told you guys before."

After all, Youlan and the others are all there. However, the Ice Dragon Ancestor needed some time to teach me the things he could teach. When Long Huishan sat down, he leaned forward and grabbed a fruit by the side and began to eat, "Frozen Dragon Ancestor originally planned to go to Super God Realm, but when he heard that Chen Xiang had returned, he did not go as well. He had mentioned to me earlier that Heavenly Divine Lord's Great Divine Lord was summoning him."

Back then, the ice dragon had received Chen Xiang's great help to awaken its memories, allowing it to shake off the God of Fortune's bondage. Thus, when he found out that Shen Lingling and Long Huishan were sisters that had been sworn brothers of Chen Xiang, they took special care of them and gave them everything they had.

"We are going to the City Lord's Mansion for a meeting later, Chen Xiang, you and Hui Shan will follow me, you guys stay here, the Fu Tian School will also participate." Lv Qilian said: "Lingling, you can return to the Hundreds of Flowers Village with Purple Orchid first and familiarize yourself with the environment inside. The battles here aren't suitable for you."

Shen Lingling nodded, she stood up on her tiptoes and kissed Chen Xiang on the cheek, then followed Yan Zilan and left.

"Truly a good little sister. You Lan and Qianxiang, these two wild girls, think of defeating me everyday." Chen Xiang touched the place where Shen Lingling kissed, and laughed.

"Yanran, Lan Lan, you guys will be in charge of collecting information related to the Fu Tian School. A large group of people will be coming here, so it's impossible for them to all go to the City Lord's Mansion for meetings. Lv Qilian warned them, "You must be careful of them. If anything goes wrong, run back to the Hundred Flowers Pavilion.

Yan Yanran had experienced Yan Yanran's and his concealed abilities before, but she herself was unable to see through it. Furthermore, the few big shots of Nine Heaven School had also tested it, but it still wasn't working, and only Chen Xiang was able to do it.

"Now let's go, Hui Shan. I will tell you some important things on the way, so that you can understand the situation." Lv Qilian felt that the Fu Tian School had other purposes. If their current Leader was really the one that Yan Yanran and Lan Lan met, then the Fu Tian School would definitely not be a good person.

Lv Qilian brought Chen Xiang and the others and walked onto a caravan. This carriage did not have a horse to drag, but it could move by itself, its speed could also be fast, and it could even fly outside.

"This car is so nice, and it has such a big bed." After Chen Xiang climbed up, the room was very big. There was a bed and a low table, the floor was covered with a snow-white soft fur, the decorations were very beautiful, and Chen Xiang was rolling around on top of it.

This carriage was about the same size as the carriage, but its interior was about the size of a hall. It was arranged using spatial runes.

"Brat, be more honest. This is Qilian's chariot, it's not a dog's nest." When Long Huishan saw Chen Xiang rolling around impolitely to lie on Lv Qilian's bed, she felt that he must be enduring his anger.

Chen Xiang laughed, "She will not mind, right Sister Qilian."

Of course, she wouldn't mind. She and Chen Xiang had already passed many sweet dreams, and her heart had long been conquered by Chen Xiang. If Long Huishan wasn't here, she would have been sweet and intimate with him.

"Big Sister Hui Shan, don't you feel that you're a bit in the way here?" Chen Xiang snorted, his face filled with a dubious expression.

Lv Qilian glared at Chen Xiang, her face turning slightly red. Only now did Long Huishan finally understand, she did not expect Lv Qilian to be so close to Chen Xiang.

"Brat, alright, you've even taken care of Qilian, you're amazing." Long Huishan praised her wholeheartedly, but she also knew about Chen Xiang's playfulness.

"How is it amazing? If I can deal with Big Sister Hui Shan, that would be amazing." Chen Xiang laughed sinisterly.

Long Huishan laughed and said to Lv Qilian: "Qilian, aren't you going to do something now? Your man is teasing me."

Chen Xiang laughed and said: "Originally, I wanted to do something with me, but since you are here ... "Cough, cough."

"You can completely ignore me. You don't have to care about what I feel. You can do whatever you want with me." Just as Long Huishan finished speaking, she regretted it. She did not expect Chen Xiang to suddenly flash and appear by his side.

The moment Lv Qilian saw Chen Xiang coming over, she threw herself onto the soft carpet, and her sandalwood mouth was violently blocked by Chen Xiang. Although her body was struggling, for some reason, her power had started to gradually weaken, and after that she had obeyed Chen Xiang and kissed him in front of Long Huishan.

Long Huishan scoffed, "This little bastard is getting more and more presumptuous. If there's a chance, I'll teach him a lesson." She had seen a big scene before, but she had never seen this scene of a man and woman kissing passionately before.

[Chapter 2066](#)

"We're here!" Long Huishan strongly patted Chen Xiang's back. All along the way, she kept looking at them, but since Lv Qilian was unwilling, it was obvious that Chen Xiang had done it on purpose to make her look bad. Thinking of this, Long Huishan became even more furious.

"Humph!" Lv Qilian pushed Chen Xiang away and gently wiped her red lips with the back of her hand. Her cheeks were red and bashful, as she did not dare to look at Long Huishan directly.

"Let's go, it's no big deal!" Long Huishan chuckled and helped Lv Qilian tidy up his clothes that had been messed up by Chen Xiang, then got off the car with her first.

Chen Xiang licked his lips and laughed as he followed behind them.

Once he got out of the car, Lv Qilian regained the aura of a female superior, which was a huge difference from her previous bashful and flirtatious attitude.

After entering the City Lord's Mansion, Lv Qilian brought Long Huishan and the others into a secret meeting room. There were already a lot of people inside.

Most of these people were people that Chen Xiang was very familiar with, such as Gu Dongchen, Devil-killing Heavenly God and Penalty Heavenly God. These were all old acquaintances of Chen Xiang.

There were only two people here whom Chen Xiang did not know, a handsome man in white and a tall, powerful, one-eyed man. Once Chen Xiang came in, he paid attention to the two people. He noticed that when Long Huishan and Lv Qilian came in, the man in white clothes's eyes lit up, and Chen Xiang was sure that the man in white was the son of Fu Tian School.

"Miss Long, are you here on behalf of the Ice Dragon Race?" Gu Dongchen said with a smile. Of course they knew that the ice dragon had returned, and it even possessed extraordinary strength. It occupied the dragon vein, and was an extremely powerful force in the entire Ice Dragon Race.

"No, I have already joined the Hundreds of Flowers Village." Long Huishan also returned the greeting with a smile, and then sat down.

The white clothed man stood up and smiled: "I am an elder of the Fu Tian School. As my father is a Leader, he has a lot of things to do, so he cannot come.

Everyone nodded their heads, indicating that they understood. Other than Chen Xiang and Long Huishan, everyone else had a good impression of this man in white, because he was extremely polite and polite.

"This must be a famous Female Dragon King of the Ice Dragon Race. I am Fu Tiangao, and am honored to meet you." The white clothed man cupped his hands towards Long Huishan.

Long Huishan only nodded his head, his expression indifferent.

For Lady Lu to be able to obtain such a great general like Female Dragon King, your Hundreds of Flowers Village will definitely become more powerful in the future. This is truly a cause for celebration. " Fu Tiangao said to Lv Qilian.

Everyone could see that Fu Tiangao had other motives towards Lv Qilian and Long Huishan, because even though they had been in the sect for a long time, they had not seen this brat flattering them like this.

"Right, who is this brother that came in with you?" Fu Tiangao looked at Chen Xiang. Although he had an extremely amiable smile on his face, Chen Xiang could catch an extremely strong hostility in his eyes.

"Chen Xiang!" Chen Xiang said indifferently, then sat down right beside Lv Qilian. One glance was enough to tell that his relationship with Lv Qilian was pretty good.

"So it's the once famous Chen Xiang, I've heard a lot about him." Fu Tiangao saw that Chen Xiang was very casually sitting at the seat beside Lv Qilian, and he was a little jealous. He said: "All of us are here today to represent a certain force.

"He can represent my Nine Heaven School!"

"There's also the Devil-killing Divine City!"

Gu Dongchen and Ren Tianyong immediately expressed their intentions. They were telling Fu Tiangao to understand his position here.

Fu Tiangao immediately smiled apologetically: "As expected of a famous person, amazing, admiring!"

Fu Tiangao had just suffered a setback and felt even more unwell in his heart.

Just as he sat down, Lv Qilian said, "Chen Xiang can also represent my Hundreds of Flowers Village."

Gu Dongchen and the others were secretly laughing in their hearts. That group of terrifying women in the Hundreds of Flowers Village were basically all very close to Chen Xiang, so of course Chen Xiang could represent the Hundreds of Flowers Village.

"Brother Shen is truly worthy of my admiration." Fu Tiangao still had a gentle smile on his face, but he was bleeding with hatred in his heart. He did not expect Chen Xiang and Lv Qilian's relationship to be so good, and knew that they had also entered the Hundreds of Flowers Village before.

For someone like him who trained in the Yang Recovery Art, the Hundreds of Flowers Village was a sacred place to him. Which one of the girls inside wasn't talented and outstanding, and if he could get them, not only would he be able to improve his cultivation, but he would also be able to satisfy his desire to conquer her.

However, right now, someone had already beat him to it, which was why Fu Tiangao hated Chen Xiang so much. Of course, Chen Xiang's status also made him jealous.

"Young Master Fu, how much do you know about those Evil Insects? Do you know their weaknesses?" Gu Dongchen asked, because Fu Tian School could be considered a rather strong sect, as long as they were not enemies, they could be allied with them, having more people and more strength.

Fu Tiangao said: "For the time being, we don't know. There are disciples hiding in the Underworld Sect who only know about the Evil Insects. The news that we just received was that there are still some in the Underworld Sect, and these Evil Insects are all under the control of the Hell Devil Emperor! However,

the Hell Devil Emperor only has temporary control, and the one who can control the Evil Insects in the end is the mysterious Divine Nations. "

"But everyone, don't worry, the insects that are attacking are all in the first batch, they're not very strong!" If the insect army wanted to be strong, then they had to have a lot of strength first! The queen bug was newly born, so the first batch that the queen bug produced was very weak. What we need to do now is to kill the queen bug and kill her. The queen bug will die and the other demonic insects will commit suicide in despair because the queen bug has a huge mental impact on them! Those evil insects were born by the insect Queen, so the thought that they imparted to the insect Queen was that she was alive. "

The Devil-killing Heavenly God asked, "If the insect queen wants to become stronger, does it mean that she has to rely on these demonic insects to bring her strength to them?"

Fu Tiangao nodded: "Yes, the evil insects will go out to hunt and absorb the blood and energy of humans or beasts. They will condense a type of evil bead, and after it is formed, it will be fed to the queen bug. The insect queen eats a large amount of evil beads and becomes stronger continuously. The stronger the insect queen is, the faster she can lay her eggs, and the more powerful the demonic insect will be when she grows up. "

Chen Xiang and the others understood why Yue'er said that a powerful Giant God World would be destroyed by these Evil Worms. Once the insect had grown to a certain level, it would be very difficult to control.

"Do you know where the queen bug is now?" Wu Kaiming asked: "If we knew, we would have immediately gotten rid of the insect! Of course, the thing that worries us the most are the bugs secretly raised by the Hell Devil Emperor. This is the greatest threat. "

Chen Xiang really wanted to know which Divine Nations raised this thing, they were simply playing with fire. If they really lost control of these insects, then that would be playing with fire.

[Chapter 2067](#)

The information that Fu Tiangao provided was not important at all. They were all ordinary information, and could only be used to kill bugs. But now, they had to know where the bug queen was hiding before they could kill it.

"Everyone, don't worry, the disciples of our Fu Tian School will be able to find the location of the Queen very soon. When that time comes, we will work together and definitely kill a few of them." Fu Tiangao laughed: "Right now, I wonder if we can arrange for the disciples of our Fu Tian School to be transferred over?"

The Nine Heaven City's Transmission array had already been closed and could not be transferred in.

"We, the Fu Tian School, have already selected three thousand elite disciples to lend a hand. We wish to express the sincerity of our Fu Tian School, and we truly wish to ally with everyone to eliminate this evil demon that is a scourge to the common people." Fu Tiangao stood up and said seriously.

Wu Kaiming nodded his head, "We will think about it again. If we want to open the Transmission array, it will take a few days, and it won't be activated that quickly. The Transmission array that we receive is very special, it needs to penetrate the Great City Barrier Formation."

"Understandable. If you have made a decision, please inform this one and I will contact my father immediately!" When the time comes, I will ask him to send some more disciples over, and when I arrived at Nine Heaven City, I found out that the situation here was much worse than what I had expected. " Fu Tiangao nodded and sat down, then smiled at Lv Qilian: "Miss Lü, I wonder what plans your Hundreds of Flowers Village has for the battle at that time."

"It hasn't been decided yet!" Lv Qilian replied a little flatly.

"What about the seniors?" Fu Tiangao looked towards Gu Dongchen and the others.

"Our Nine Heaven School has already sent an elite team over. When the time comes, they will bring ten thousand of their elite disciples to assassinate the night sky, reducing the number of evil beings." Gu Dongchen replied.

"Devil-killing Divine City will cast a long-ranged spell on the city walls to attack the approaching demon army." Ren Tianyong said.

Devil-killing Heavenly God looked at Penalty Heavenly God and said, "The punishment will be infiltrating the demon army and killing their leaders."

Fu Tiangao nodded, "It's all good strategies I will use my secret treasure to contact the disciples hiding in the Underworld Sect now.

Everyone in the meeting room stood up. Although they did not understand Fu Tiangao, but they still needed to be courteous.

Fu Tiangao anxiously left the City Lord's Mansion, he brought a few people with him and stayed at the nearest inn.

...

After Fu Tiangao, Chen Xiang said, "How can you guys say the plan of action?"

Devil-killing Heavenly God laughed: "That was nonsense."

Gu Dongchen also laughed: "I was just casually saying it, how can this kind of plan be known by someone who is half a lifetime away? God knows he wasn't arranged by the Hell Devil Emperor. "

The Penalty Heavenly God said, "We definitely can't open the teleportation channel to let the disciples of the Fu Tian School come here. I don't trust this guy! to talk about things that are not worth talking about. "

The people sitting here were all sly old foxes, and it wasn't easy to fool them.

"Seems like this guy is here for my Hundreds of Flowers Village." Lv Qilian said: "You all didn't feel it, that guy seemed to want to eat me alive."

Wu Kaiming chuckled: "Junior master, you don't seem to be satisfied with this guy. It's the first time you've met, but he hasn't offended you yet! "Could it be ..."

Wu Kaiming gave Lv Qilian an ambiguous look, as if everyone present could see through their relationship. Although Lv Qilian looked clean and pure, and had some conflicts with him in the past, but after reconciling with him, Wu Kaiming and Wu Kaiming started to interact more and more, and now that they were here together, their relationship could even be seen to the extent where their eyes were blind.

"It wasn't there in the beginning, but Yanran and Lan Lan mentioned some terrible things about the Fu Tian School ..." Chen Xiang told her what Yan Yanran and Lan Lan had learned from the Fu Tian School back then.

Penalty Heavenly God said: "I have heard of such a cultivation technique! If the Fu Tian School wants to join hands with us, it should be the Leader himself, but I keep on having the feeling that he doesn't dare to come and that those excuses are insufficient. "

Devil-killing Heavenly God took a deep breath, "From what you said, it is possible that you know Fu Tian School's Leader? And he's afraid of you? "

"Yes, back then I personally went to chase down a person who specialized in cultivating this method. This has caused a lot of harm to a lot of women, and coincidentally, I went to a city to find out about this. I fought with him before, and he's very strong, so the power he uses is also very strange!" He was seriously injured by me, but I didn't catch him. " The Penalty Heavenly God said.

Chen Xiang said: "Someone that even the Penalty Heavenly God cannot catch, he must be very cunning!"

Gu Dongchen laughed: "The punishment now is too godly."

"No worries, I still prefer the name Penalty Heavenly God. After all, he has been called for too long, I can't even remember my own name." Penalty Heavenly God laughed.

Devil-killing Heavenly God asked: "Punishment, you have hunted that guy for a period of time, you should know him well, right?"

Penalty Heavenly God nodded: "Not only him, I also have a deep understanding of his cultivation technique! Hearing Chen Xiang say that, I also feel that they are here for the Hundreds of Flowers Village, they have already reached a bottleneck in their cultivation, and the weak girls are no longer able to satisfy them! Thus, they needed to find an even more outstanding and powerful woman ... "This martial art is very strange. The woman who gets her Yin Qi from her body is like someone who is poisoned. She will die from the poison in her later years. She will die miserably."

Lv Qilian frowned, his anger rising: "If the situation is true, I will personally kill this group of beasts that are inferior to me. "Now you're actually targeting us."

"Now, let's see how Yanran and Lan Lan are doing ..." Just as Chen Xiang finished speaking, Lv Qilian took out the trembling jade talisman, someone had sent a message to him.

"It's Yanran. I didn't expect her to have an outcome so soon!" Lv Qilian said: "Elder Wu, they are outside."

Wu Kaiming opened the door and walked out, bringing Yan Yanran and Lan Lan in. After the two girls came in, they paid their respects to the senior here.

"You two little girls, don't be so polite, sit down!" Back then, Gu Dongchen was also in the Dragon Subduing School, so he was very clear about Yan Yanran's and Lan Lan's abilities.

"This group of people are really not good people. As soon as they arrived in this city, they locked onto a few powerful women. They were planning to attack, and one of them was from our Hundred Flowers Hall." Yan Yanran was extremely angry, "Their main target is our Hundreds of Flowers Village, they plan to give us a large amount of precious divine medicine as a gift, in order to obtain our good impression, and then slowly pull us closer."

Chen Xiang was also very angry, "My god, we definitely can't let this brat die too easily."

[Chapter 2068](#)

Fu Tian School's scheme was already very obvious, but Chen Xiang and the others felt that other than this, Fu Tian School must have other motives.

"They definitely did not find out that the Fu Tian School was able to obtain information related to the Evil Worms." Gu Dongchen said: "Now we already know that the Fu Tian School has ill intentions. On the surface, he wants to ally with us, but he secretly wants to harm us."

The Devil-killing Heavenly God snorted: "Don't even think about it, they definitely have an alliance with the Underworld Sect. The reason they told us this kind of news is to gain our trust, then when it's more or less time, they will scheme a bit more, and catch all of us Nine Heaven School and us, the Nine Heaven School, in one fell swoop, and then they can deal with the Hundreds of Flowers Village as well."

Penalty Heavenly God said, "What a good plan! Wouldn't it be too easy for them if it was just to kill the fellows here? "

Fu Tiangao still didn't know that he had angered these old cunning foxes, and it wasn't as simple as him dying in anger!

Gu Dongchen said: "Let's do it, didn't they say they want to send a group of elite disciples? I didn't believe him before, but now I do. "

Lv Qilian said coldly: "That group of elite disciples should have already reached the bottleneck, they are here to look for cultivation resources!"

The Fu Tian School's so-called resources for cultivation were to use their evil techniques to obtain strength by gathering Yang and replenishing Yin.

"I support the Gu Leader's strategy of letting them send the so-called elite disciples over, and then we'll kill them! "The condition is that we have to ensure that the people they teleported to us do not cause any harm to this place. Otherwise, this place would be a little dangerous." Long Huishan said.

Devil-killing Heavenly God nodded his head, "That is indeed the case, but don't worry about that. We can set up a powerful killing array in advance, and when the time comes, we can just place a Transmission array Plate inside the killing array for them to teleport in, and then we can eliminate them in one fell swoop."

Chen Xiang said: "Hell Devil Emperor knows that we can't force our way out, so we decided to use a clever method. Fortunately, they didn't succeed."

"I'm in charge of communicating with him. Let him think that we have already trusted him." Wu Kaiming said.

"I'll go back and get the killing formation." Lv Qilian said. She hated this Fu Tian School very much.

"We will be prepared to welcome the Fu Tian School when the time comes." Gu Dongchen laughed: "I haven't started a massacre in a long time."

"Since everyone has something to do, I can't stay idle either. I will be in charge of investigating the position of the queen bug and also see if I can kill these bugs." Chen Xiang said, although his cultivation was not high, but the big heads here all did not doubt his strength, especially his detection and concealment skills.

Lv Qilian said, "Why don't you let Yanran and Lan Lan go with you!"

"No need, they still need to keep an eye on that Fu Tiangao here, I can go there myself." Chen Xiang said.

"Alright, then let's begin." Wu Kaiming said and then dispersed.

Chen Xiang did not move. He wanted Lv Qilian to notify Hundreds of Flowers Village and ask Yue'er to come over. He wanted to move together with Yue'er!

Yan Zilan brought Yue'er over, gently and worriedly warned Chen Xiang to be careful, and even kissed her cheeks.

... ..

Chen Xiang used a secret array inside the City Lord's Mansion to teleport to a place outside that did not have any Evil Demons. This was originally a dense forest, but after being passed by by the Evil Demons, it had turned into a forest filled with endless death aura.

"Yue Er, if you encounter a sudden danger, what would you do?" Chen Xiang wanted to communicate with Yue'er about the use of spatial energy. When Yue'er was in danger, most of her time was spent relying on her spatial energy.

"If I didn't awaken my memories in the past, I would have used long distance teleportation to escape. But now, when I use Spatial Escape to hide myself in other spacial faults, the ancestors who didn't use their spatial powers won't be able to find me." Yue'er smiled. "So, when you use your transformation technique, you don't have to worry about me. I can hide at any time!"

Furthermore, her own foundation was very solid as well, and her entire family was extremely terrifying. She seemed to have inherited the inheritance of her family, which was why Chen Xiang felt that she would definitely become an extremely terrifying person in the future.

"Other than using Spatial Escape, I can also use the Space wind." As she spoke, Yue'er suddenly disappeared. When she reappeared, Yue'er was already in front of them.

"There is a difference between this and teleportation! Only by being extremely sensitive to spatial energy will I be able to sense the Space wind. Just now, I followed the Space wind and floated forward, and didn't even need any spatial energy at all to let the Space wind take me running, allowing me to travel for a long distance in space! " Yue'er had thought that Chen Xiang had used spatial energy extremely well, but she later found out that Chen Xiang didn't even have a spatial technique.

Hence, she felt that it was necessary to guide Chen Xiang in using his spatial energy.

Yue'er carefully guided Chen Xiang in the use of these spatial arts. The Star Shifting Technique that Chen Xiang taught her already had a certain amount of foundation, and she was able to easily learn it now.

In the past, he had used a similar method of spatial escape, however, he had hidden in the tyrannical spatial turbulence. In the past, he had used a similar method of spatial escape, however, he had hid in the tyrannical spatial turbulence, which had hidden in the tyrannical spatial turbulence.

As for Spatial Escape, it was the most stable place in both space and space. Yue'er was simply like a fault or crack; as long as one could control it well, they could instantly find it and then hide inside it.

"This Space wind is pretty good to use!" Chen Xiang spent more than half a day's time to learn how to use the Space wind. With just a thought, he discovered that his body could be merged with the Space wind and moved quickly by a surge of energy.

"This way, when you run, you can just directly use the Space wind. You don't need to continuously teleport to move fast." Yue'er smiled and replied, "Although the speed will be a little slower."

Right now, Chen Xiang was using the Space wind with Chen Xiang, and in the blink of an eye, they had already distanced themselves from the forest. Chen Xiang could only see the scenery on both sides of him flashing rapidly to the back, and he couldn't see anything at all.

After leaving the forest, Chen Xiang quickly arrived at the top of a barren mountain, and looked at the demonic army that was densely covered in black clouds!

"Yue Er, do you know the characteristics of that insect? "How do we find the bugs? This thing is the biggest threat." Chen Xiang said.

After a moment of silence, Yue Er replied, "I can't ask now, but I can only find out at night. At night, the light of the stars and moon can reach the earth, and as long as the insect is hit by it, or if it is just a breath of air, I can find it."

[Chapter 2069](#)

Yue'er's ability to communicate with Xing Yue really made Chen Xiang jealous. He had asked Yue'er if she could learn this skill, and Yue'er had said that this skill was innate, even if it was in the Star Moon Divine Race s, no one would know of this skill.

The demon army did not attack the city, and the ones leading them should be the Hell Devil Emperor and the rest, they were very clear about the Nine Heaven City's defensive power, and they were currently guarding the city gate, obviously waiting for the moment the city's defenses were broken.

Dusk fell. The sky had turned dark, and the demon army seemed to be extremely excited. They hated the feeling of the sun shining down on them during the day, so when they crowded together, they would release some dark energy to protect themselves from the sun's rays.

As the sky gradually darkened, the demon army in front became more and more spirited, noisy, and noisy. These evil demons all looked like humans, but they were all clad in beast skins, looking tall and powerful.

"These guys aren't idiots who are controlled. They actually know how to chat and laugh. Don't tell me that they were transformed by humans?" Chen Xiang had seen the army of the Hell Devil Emperor before, they were all raised by him in the Infernal Realm and used a large amount of undead energy. But now, he lacked the resources, if so many of these armies were cultivated by humans, then he would need to carry out a great slaughter and obtain a large amount of power from the bodies of the dead.

Evil Devil Cultivator's way of doing things was to massacre them, and after that, the souls and bodies of the dead would be of great help to them! But now that the Nine Heaven World had annexed the Gods Realm, the number of humans was very large, especially the weak humans, for the Evil Demons, this was a very rich source of cultivation resources.

After all, there are so many humans and there are definitely many scum. And since the Hell Devil Emperor has provided them with a shortcut cultivation technique, they will naturally follow the Hell Devil Emperor! This kind of fellow who obtained power through killing innocent people must be exterminated. " Yue'er said: "You Nine Heaven World will have to prevent this guy from appearing on a large scale in the future because of your prosperity. Back then, our Star Law Divine Realm also appeared once ..."

Speaking of Star Law Divine Realm she had trusted before, Yue'er couldn't help but sigh. Star Law Divine Realm's top ranker who wanted to live forever, to find a reason to persecute Undead Divine Race, was no different from these demons in front of her! The only difference was that this group of Evil Demons was weak, while the group of "Evil Demons" in Star Law Divine Realm were very strong.

After dark, the sky was filled with stars. Yue'er began to communicate with the stars and the moon. It took her a full four hours before she discovered something.

"I found it. The nearest bug queen is still some distance away, let's go take a look now." Yue'er said as she sneaked into Chen Xiang's backpack.

After Chen Xiang sensed the direction of the wind, he immediately used the Space wind and headed towards the location of the nearest insect empress.

Not long after, Chen Xiang arrived at a mountain range. He was hiding at the top of a mountain peak, making him feel that this mountain range was brimming with vitality.

"Is that it?" Chen Xiang was at the top of a mountain, and he could clearly see the several large mountains in the middle surrounding it. There was a huge pit there, and when he told divine soul to go over to take a look, he could not see the bottom of it.

"Yes, the queen bug hid in the ground. She dug this pit herself. The queen bug's body was very large, like a mountain," Moon Child said.

The deep pit that Chen Xiang saw was even larger than the mountains around him. Furthermore, it was so deep that he couldn't even see the bottom of it.

"Looks like I have to explore deeper. I wonder if it will be dangerous if I get close to the insect?" The purpose of Chen Xiang's visit was to find out the position of the insect Queen, and then to estimate her strength.

"It's best not to get too close. The Bug Queen has a large body. Although moving is inconvenient, its defensive and offensive power is extremely strong! The Insect Empress didn't want to be disturbed by humans, so there are no Hell Devil Emperor people guarding this place. As long as she senses even a trace of human aura, she will be angry." Yue'er said, "Try exposing your aura if you don't believe me!"

Chen Xiang really revealed his Spirit Qi, but after just a few breaths of time, the mountain started to shake and shake, all the tall mountains around the pit started to crack and collapse, and from the deep pit, a red mist formed tentacle that reached towards Chen Xiang.

"Hurry up!" Yue'er shouted in alarm, Chen Xiang anxiously hid his presence, using Spatial Escape to hide in the crevices of space.

Even though he had hidden himself in the spatial crack, he could still feel a very powerful ripple transmitted over. He sensed the Space wind in the spatial crack, and only ran out after bringing Yue'er some distance away.

When he came out, he was immediately stunned!

The mountain range that he had entered earlier had already been razed to the ground. The deep pit on the ground was where the Queen of Bugs resided. The forest that was originally surrounded by trees and trees had now been turned to rubble.

"Too terrifying, I can't kill this guy by myself!" Chen Xiang never thought that the insect empress would be so terrifying. Just as he finished speaking, the deep pit suddenly released a strong suction force, absorbing all the shattered rocks around the big pit. There were a lot of crushed stones and soil, and in a short moment, all of them entered the deep pit.

The deep pit had disappeared. Clearly, the queen bug had intentionally hidden herself!

"The queen bug should be lurking in the depths of the earth. It actually ran around everywhere. It's too scary. We have to get the news back to them and let them strengthen their defense so that the dragon's vein won't be damaged." Yue Er said.

Chen Xiang had only been out for one night, and he already had astonishing gains. He took out an array disc, and after entering the array disc, he was teleported to the Hundred Flowers Hall.

"Sister Qilian doesn't seem to be here!" Chen Xiang came out of the teleportation room, looked around, it was very quiet here, when he arrived at the hall, he heard someone humming a cheerful little tune.

Chen Xiang looked towards the little hall at the other side. It was a bathing room, and the door was wide open. Chen Xiang told himself in his heart that he had important things to attend to, and that he definitely did not have any other goals.

Littlemoon stuck out her head and laid by the side of her backpack, as if she was waiting for something.

Chen Xiang arrived at the bathroom's door and saw Long Huishan soaking in a bath. She leaned on the side of the bath and faced Chen Xiang, but her chest was submerged in water, and all Chen Xiang could see was her jade white beautiful collarbone.

Long Huishan was still humming a little song. Even though she had seen Chen Xiang, it seemed like nothing had happened.

"Good little brother, you've been busy all day so you should be tired. Do you want to bathe together?" Long Huishan giggled.

"Yes!" Chen Xiang said shamelessly, he had already stepped into the shower room, but when he entered, he discovered that something was wrong!

Although the water in the bath was foggy, it gave Chen Xiang an extremely cold feeling. He felt that there must be a trick to it!

[Chapter 2070](#)

Chen Xiang only came to the side of the pond and stopped. He did not plan to go down, he only felt a bit of cold air and knew that the water was definitely not hot water.

"Why aren't you coming down?" Long Huishan chuckled, Chen Xiang's eyes were currently fixed on her chest, only that place was covered by a red petal, he could not see anything.

"Big Sis Long, I have something important to do. After I found a bug, she ran away." Chen Xiang arrived at the edge of the bath where Long Huishan was leaning on and looked down without restraint. However, Long Huishan and the others could hide themselves well, causing him to be unable to see anything that he wanted to see.

"I remember that Fu Tiangao said that the queen was very big, so it was not convenient to move her, but she actually ran away." Long Huishan frowned slightly as he thought it was a little surprising. "Could it be that you've attacked the insect?"

"Of course not, I don't dare to attack. I just went near that place and exposed a bit of my aura, which would cause the queen to be alert. After she went into a rage and razed the entire mountain range to the ground, she drilled away from the ground." Chen Xiang thought back to it with a tinge of fear, "The Bug Queen is so powerful, I am no match for her."

Long Huishan's long legs stuck out of the water, and then, she gently rubbed it with her jade hands before putting it down again. Watching her, Chen Xiang secretly gulped a mouthful of saliva, while Long Huishan just chuckled lightly.

"Help me rub my back." Long Huishan laughed.

"Oh." Chen Xiang answered, his hands seemed to be unable to control himself as he reached towards Long Huishan's back and gently rubbed her shoulders.

Long Huishan murmured in great enjoyment: "I didn't think that a thick-headed old man like you would actually be able to do such a meticulous thing."

Chen Xiang only chuckled twice. At this time, he was indeed very serious as he rubbed Long Huishan's back and shoulders, and used his Chuangzao fire to secretly make his hands feel warm. For an ice dragon like Long Huishan, who trained in the icy cold power all year round, it was also very comfortable to occasionally feel this kind of warmth.

"I'll inform Qilian, Gu Dongchen and the others right now." After Long Huishan took out the Communication jade Symbol paper, he asked Chen Xiang to explain the details to her, and then she passed them on to the big shots in the conference room one by one.

Long Huishan laughed: "Good little brother, you are always so tired. Are you really not going to come down and wash up together with me?"

"No more." Chen Xiang looked at the cold energy that leaked out from the water surface and shook his head.

"Hmph, are you that afraid of me?" Long Huishan pouted: "Earlier on that carriage, you said you wanted to take care of me, but now you're trying to take care of me."

Seeing Long Huishan's playful expression, Chen Xiang took a deep breath. Both of his hands moved like lightning deep into the water and pressed on Long Huishan's chest.

Long Huishan was truly unexpected, she had only planned to tease Chen Xiang a little, but she had never expected that the desire for Chen Xiang to possess her would be so strong.

"Little bastard, stop messing around." Long Huishan hurriedly shouted as he placed his hands perfectly on her chest, preventing her from escaping. Furthermore, he even rubbed her hands lightly, this feeling, would not be forgotten even if she died.

Just as Chen Xiang was feeling satisfied, there was someone standing at the door. It was Lv Qilian who was there, and she was a little surprised to see him.

Of course she could tell that Chen Xiang had forced it, because Long Huishan was struggling slightly.

After knowing that Lv Qilian had come, Chen Xiang hurriedly stopped and let go of Long Huishan. She only saw Long Huishan looking at Chen Xiang with a blushing face, although her face was filled with anger, there was still a trace of gentleness in her eyes.

"Damn brat." Long Huishan scolded. The water that was condensed from ice had already been thrown heavily into Chen Xiang's face. After being hit, Chen Xiang flew out and crashed into the wall.

Seeing Chen Xiang getting beaten up, Lv Qilian's face was also filled with joy. He then said lightly, "Quickly come out and get down to business."

Chen Xiang rubbed his face and curled his lips. Then, he walked out of the bath and sat on a chair in the hall outside. His face was a little red.

After that, Long Huishan also came out of the bath, and dressed in an ice armor, looking extremely domineering. Adding that her jade face was covered in frost, Chen Xiang felt a little afraid.

"I've already gotten the array disc, and will go find Gu Dongchen and the others later to discuss how to deal with Fu Tian School. Chen Xiang, you said that the insect empress ran away." Lv Qilian asked.

"He ran away, but don't worry. Yue Er will be able to find him, and right now I also have some understanding of the Bug Queen. Right now, I can't deal with her by myself, at least not with the strength of a god." Chen Xiang said.

Long Huishan said from the side, "I'll go with him. If you can't come back and call for help, you guys must stay here and defend the city."

Chen Xiang didn't even dare to look at Long Huishan, because that fierce gaze that Long Huishan used to look at him with earlier had already made him somewhat afraid.

"This... "Fine." Just a moment ago, she had personally witnessed how Chen Xiang had taken advantage of Long Huishan, and now, Long Huishan had actually suggested that she go with him, causing Lv Qilian to suddenly worry about him.

Long Huishan stood up, glared at Chen Xiang, and said: "What are you afraid of, I will bring your little lover back safely."

"Hmph, he's your little lover now as well, and he's even your little brother." Lv Qilian snorted, but his eyes were filled with laughter.

Chen Xiang coughed dryly twice, then said: "Let's go, let's take advantage of the fact that it's still night time, to make it easier to find the insect Queen."

Long Huishan looked at Yue'er who was in Chen Xiang's bag, nodded, and followed Chen Xiang into the teleportation room, teleporting out of the city.

Just like last time, they appeared in that forest that was filled with evil aura. After arriving here, Long Huishan had also put away the snow white ice dragon armor on her body and changed into a set of black tight clothes.

"Big Sis Long, I'm really sorry for what happened just now. I don't know why my head started burning ..." I can't control it. " Chen Xiang said with a face full of guilt, because after Long Huishan's intense reaction, he was extremely uneasy.

"Damn brat, it's been so long since you last touched a woman." Just now, Long Huishan had felt Chen Xiang's deep feelings for him.

"It's been a long time, even though I have many women by my side ... But I can't find the right time. " Chen Xiang laughed dryly.

Long Huishan punched him in the chest, and scolded him with a laugh: "You're really so afraid that I'll get angry, but I never expected you to be so brave, to actually dare come. If it wasn't for Qilian who just happened to come, maybe you would have gotten hit by it."

Seeing the carefree smile on Long Huishan's face, Chen Xiang secretly calmed down and laughed: "I'm just afraid that you will ignore me in the future, I don't want to lose you But come to think of it, did Big Sis Long think that Sister Qilian did not come at the right time, and felt a little disappointed? "

"Stop being so smelly." Long Huishan patted his head. Long Huishan was also very tall, reaching Chen Xiang's forehead, he was almost as tall as Chen Xiang.

"Oh."

Chen Xiang was actually very disappointed, but right at this moment, something unexpected happened. Long Huishan suddenly hugged him, and then used the sandalwood mouth to block his mouth, and actually took the initiative to kiss him. But what was even worse, Long Huishan's hand suddenly grabbed onto his chest with great force.
