

## Dan God 2111

### [Chapter 2111](#)

Zhou Sheng had defeated both of them in such a short period of time, and he had even lost in such a pathetic manner. If Zhou Sheng didn't have the time and energy to heal his injuries, he would probably be even more injured than Mu Qianxiang right now.

Mu Qianxiang had already consumed a pill and was teleported back to the city. She stood on the city wall and looked at Fu Tiangao who had recovered from his injuries.

"This fellow is simply a demon! I hope nothing will happen to your brother. " Mu Qianxiang had clearly felt the difference between her and Fu Tiangao just now. She had used the power of the Devil Slayer, but the effect wasn't obvious, and she was still forcefully suppressed by the opponent.

"Big Bro will definitely be able to beat him! His opponents are the two fellows from Divine Nations. " Leng Youlan said.

Chen Xiang walked up the stage and slowly walked to the center, saying: "I didn't expect you to actually do such a disgusting thing in order to get power, I really admire you for that."

"What did you say?" When Fu Tiangao saw Chen Xiang, his anger surged for some reason, especially when he thought about how Chen Xiang was hugging so many beautiful and outstanding women, his heart almost exploded with rage.

"The only reason you can become so strong is because of that demon! I know that your Fu Tian School cultivates a type of nourishing evil technique. Are you trying to pick up nourishment for that kind of demon? Otherwise it would be impossible for them to fuse so well with their powers. " Chen Xiang smiled faintly.

Chen Xiang had only just stared into Fu Tiangao's eyes, yet he could directly see his Divine Sense Sea, which was filled with demons. Originally, Fu Tiangao was a good girl, but in order to obtain power, he stayed together with the demon. Currently, he was gradually being affected by the demon, so his Divine Sense Sea should have had all kinds of beauties, but now he was actually a demon!

What made Chen Xiang feel the most saddened was that Fu Tiangao did not wish to do so. He could no longer control his own Divine Sense Sea.

"Say a little more, because you won't have a chance to say more in the future." Both of Fu Tiangao's hands had already become devil claws, and as his face gradually turned black, his eyes suddenly grew larger, becoming half human and half demon. The demonic aura that continuously surged out from his body was also extremely terrifying, to the point that the stage was shaking.

Chen Xiang had already walked to the middle and lightly said, "That's right, you won't have a chance to hear me speak anymore in the future, because you're going to die very soon."

Hell Devil Emperor could not wait any longer and shouted loudly, "Begin!" He had not seen Chen Xiang for many years, and now, he also wanted to see just how strong Chen Xiang was. Of course, he wished to see Chen Xiang die a horrible death even more, and Fu Tiangao's methods would definitely cause Chen Xiang to die a miserable death.

But now, Fu Tiangao's attacks were even more ferocious, as the spectators were looking at Fu Tiangao who seemed to have gone berserk, they were even more shocked. Seeing Fu Tiangao attacking, they almost shouted out, afraid that Chen Xiang would be instantly killed.

"You ..." Fu Tiangao suddenly perspired profusely, his hands that were filled with immense amounts of Demonic Qi was actually immobilized, and was grabbed tightly by Chen Xiang.

Chen Xiang raised his right leg and swept towards Fu Tiangao's thick waist, breaking the body that had turned into a demon from the waist!

This was the right leg of the Double bone level that Chen Xiang condensed, and the divine soul of two powerful Earthly beast had also fused inside. Chen Xiang did not use the Meteor immortal power, he only poured the fire god energy that was transformed from the four fire god Divine Deity into his legs, the power could be said to be extremely terrifying, and without the divine armor, it was simply impossible for him to resist.

B00M!

This kind of strength didn't seem like the power of the six Divine Deity at all! It had to be known that Fu Tiangao's strength had already far surpassed the ordinary six Divine Deity. Mu Qianxiang and Zhou Sheng were both outstanding divine gods of the six Divine Deity, but they could only retreat in defeat against Fu Tiangao!

Just how strong was Chen Xiang? No one had been able to find out, but the Primordial Gods present actually doubted whether they could defeat such a terrifying Chen Xiang with the power of the Primordial God.

"You ... "You ..." Fu Tiangao crawled on the ground with both hands. He wanted to lie down and fight, but Chen Xiang would not let him succeed, he jumped over, and when he landed, his feet congealed into strong Flame power s, and stepped on Fu Tiangao's body.

B00M! A wave of flames surged from under Chen Xiang's feet and spread in all directions.

This stomp of Chen Xiang's used a very strong fire divine power. After all, it was the upper half of his body. With Fu Tiangao's Divine Sense Sea, he wanted to destroy it once and for all.

The stage was covered in blazing fire, but it disappeared very quickly as if Chen Xiang had just absorbed it. Fu Tiangao had already disappeared, but there was only black dust on the ground!

Everyone looked at the smoldering ashes, and could not help but shiver. The terrifying Fu Tiangao from just a moment ago was done for!

"So there was such a huge gap between us. It seems like he was only playing around with me the last time we competed." The astonished Leng Youlan said in a heavy tone.

"Chen Xiang this bastard ... "Damn, that's scary." Zhu Rong had fought with Chen Xiang before, so when he recalled that he wasn't injured when he lost, he felt extremely lucky.

The ones who were most shocked were of course the Supreme Gods who had maintained the barrier the most. Just now, Gu Dongchen and the others could clearly feel that the aftershock was extremely strong. They only had six Divine Deity and felt very suspicious of Chen Xiang. Although Fu Tiangao was strong, the intensity of his power was still within their range of power, and Chen Xiang was simply too terrifying.

He looked at Nie Lin and Dong Lijun, the two men whose faces were still filled with arrogance. They had come from the Divine Nations, and were even connected to some Great National Master.

"Nie Lin, Dong Lijun, who will go up first? You should have seen Chen Xiang's strength. " The Hell Devil Emperor hesitated for a moment, then said: "If you can't beat him, then forget it, Chen Xiang will not show mercy at that time."

"Don't worry, the one who died was him! Even though I, Nie Lin, am not very strong in Divine Nations, I have more than enough to kill him." Nie Lin walked up the stage.

## Chapter 2112

On the city wall, everyone was suspicious of Chen Xiang's power, but Nie Lin felt that he was stronger than him.

"How's the fight going?" Long Xueyi ran over in a hurry, and pulled Mu Qianxiang along as he asked: "Why are you here, did you leave?"

Mu Qianxiang nodded, then quickly and simply told Long Xueyi about the battle.

Long Xueyi looked at Nie Lin and said, "This guy has a sickness, see how Little Scoundrel will torture him to death later."

Yue'er said: "Nie Lin is not in the fighting stage, so I am unable to feel Chen Xiang's strength! Furthermore, he looked down on the Fu Tiangao who was killed, so he felt that Fu Tiangao was not that strong.

Chen Xiang stood in the middle and watched Nie Lin walking over. He stared fixedly at Nie Lin's eyes, and immediately saw that Nie Lin's Divine Sense Sea, was actually a Divine Sense Sea that was filled with lightning. Nie Lin's Divine Sense Sea, which was filled with lightning of various colors, was constantly striking at the violently surging ocean waves.

"So he was using the Thunder power." Chen Xiang could only see all of this from his opponent's Divine Sense Sea, he guessed that Nie Lin did not have much ambition, and was only focused on training his thunder god powers.

Hell Devil Emperor was anxious to see Nie Lin's strength, he was not afraid of Nie Lin dying, he was even more excited, because if Nie Lin died, the Divine Nations would definitely be more furious.

"Begin!" Hell Devil Emperor saw Nie Lin walking in the middle and anxiously shouted.

Nie Lin made his move very quickly, he had only raised his hand slightly, and made a quick swatting motion. A flash of lightning appeared in his arm, and he released a lightning whip towards Chen Xiang.

Chen Xiang also did not expect that the other party's casual slaps would be so fast and that his strength was frightening, hitting him in the face with a whip.

"Pfft!" The moment Chen Xiang's face was struck, he felt an extremely vast force hitting his face, as though it was going to shatter it. When he flew out, he spat out a mouthful of blood.

Chen Xiang was sent flying. Lying on the ground, there was a whip mark on his face. He did not expect his opponent's attack to be so fast, causing him to be unable to prepare in time.

"Hmph, he's much weaker than I imagined!" Nie Lin snorted in disdain. When he spoke, he immediately waved his hands and lashed out dozens of times at the same time, all of them striking Chen Xiang's body.

The moment Chen Xiang laid on the ground, he only wanted to get up, but he was immediately pressed down by the incoming pressure. Soon after, he felt his body was struck by several tens of fierce and violent attacks, which made him spit out a large mouthful of blood. The opponent's strength was truly too strong, and coupled with his extremely fast speed, he simply did not have any time to defend.

Just a moment ago, Chen Xiang had easily killed Fu Tiangao and displayed an extremely terrifying strength. But now, he had been ruthlessly beaten by Nie Lin from the start.

Mu Qianxiang bit her lips, and said softly: "Brother, quickly get up!"

Chen Xiang looked like he had been beaten badly, as he lay on the ground unable to get up. He laughed out loud, full of disdain.

This time, Nie Lin had only whipped Chen Xiang twice and Chen Xiang had already turned into smoke. This made Nie Lin frown, because he did not plan to kill Chen Xiang this quickly.

The moment Chen Xiang turned into smoke, Chen Xiang's friends all started to shout, but after seeing that cloud of smoke floating to a certain place and turning into Chen Xiang, they all calmed down.

"I won't die that easily!" Chen Xiang wiped off the blood from the corner of his mouth. He had just used the Cloud Sky Sculpture, this was his innate ability and had a very unique power. It could turn his strong body into smoke to avoid attacks.

The moment Chen Xiang appeared, Nie Lin had already lashed out at him ruthlessly a few times. However, after hitting his body, the places where Chen Xiang's four matches were held would scatter like mist and then reform.

"Is this an innate ability of the body?" Nie Lin finally left his original position, and at the moment he disappeared, waves of electric currents suddenly appeared around Chen Xiang, and at the moment, he looked as though he was trapped in a cage made of electric wire.

"Trapped?" Chen Xiang struck the electric threads once, and a strong electrical current entered into his body, causing his entire body to tremble.

"This cage was created by him?" Chen Xiang was shocked, at the same time, a strong pressure came from all directions, causing the cage to gradually shrink.

"Goodbye!" Nie Lin suddenly appeared and punched at Chen Xiang. When his fist struck the stage, the resulting force tore apart the stage, causing lightning to dance around.

Nie Lin's fist was covered with thick layers of electric threads. Just now, he had used a lightning cage to trap Chen Xiang, preventing him from escaping.

"It's still too early to say such words!" Chen Xiang's left hand appeared in an extremely strange manner, and as it emitted flames, it grabbed onto Nie Lin's fist, which was filled with a violent and violent energy.

Nie Lin was startled, he was extremely clear about the power of his fist, he had used this level of power several times before, and could kill his opponent easily, but this time, his fist was caught, and what made him extremely shocked was, when the Thunder power struck Chen Xiang's palm, Chen Xiang was actually fine!

's left arm condensed with Bones, it was incomparably powerful and was not something Nie Lin could compare to. Even if Nie Lin's arm also had Bones, it was only a single Bones, which was simply too far away from Chen Xiang's two Bones s.

Nie Lin had six Divine Deity s, and the power of his punch could possibly be the power of four Divine Deity s. But the power Chen Xiang was currently using, was indeed the six Divine Deity s in his body and the two Divine Deity s on his arms, as well as the two energies constantly surging from his right leg, it was equivalent to ten Divine Deity s. Among them, four were Bones s that were still difficult to cultivate.

Chen Xiang suddenly increased his strength, causing Nie Lin's fist to clench into a fist, Nie Lin's face suddenly contorted and warped, the sudden pain was something he was not prepared to endure.

"Ahh ..." Nie Lin screamed in pain, his fist was actually crushed by Chen Xiang, blood spurting out.

Everyone watching felt their scalps go numb. Just what kind of power was this, to be able to forcibly shatter another person's fist? And the frightening power that Nie Lin unleashed, was actually blocked by one of Chen Xiang's arms.

"Goodbye!" The moment Chen Xiang's voice fell, his right foot had already swept towards Nie Lin's head.

Nie Lin's head was gone, he fell to the ground, his neck still smoking, obviously his head was wiped off by the scorching energy.

Nie Lin who was extremely arrogant a moment ago was only left with a headless body on the stage.

### [Chapter 2113](#)

The young Ranker from Divine Nations was already dead, and even more so so died so straightforwardly, he was killed by Chen Xiang in a few moves. Previously, he talked about how strong he was when he got on the stage, but now, he was killed by Chen Xiang just like that Fu Tiangao.

When Hell Devil Emperor saw that the strength that Chen Xiang had displayed was even stronger than before, he became even more furious and wished that he could go up on the stage and slap Chen Xiang to death now. Previously, he thought that Chen Xiang's strength was still far from his level, but if this continued, it wouldn't be long before Chen Xiang surpassed him.

From the beginning till the end, his expression had never changed, and even when Nie Lin was killed, he did not feel anything. It seemed that Nie Lin's death did not allow him to see Chen Xiang's strength in a new light, and at the moment, he was looking at Chen Xiang with the same expression of disdain as before.

"Dong Lijun, you are the only one left. Whether or not you can turn the tide depends on you." The Hell Devil Emperor said that if he lost the competition here, not only would he not get the Shen Yuan stone, they would also not be able to cause trouble for a long period of time.

Although Dong Lijun did not speak as arrogantly as Nie Lin, he seemed to be even more arrogant. When Hell Devil Emperor was speaking to him, he did not even spare him a glance as he lazily walked onto the stage. In his eyes, the battle was not important, he did not even put him in his eyes.

"Are all these Divine Nations people seriously ill? "Each one is more arrogant than the last." Long Xueyi scoffed, "However, this guy seems to be quite calm."

Although Dong Lijun had a stern and arrogant face, he was still extremely cautious at the moment. Once he got on the stage, he became extremely vigilant.

Seeing Dong Lijun being so serious, Chen Xiang was also very interested in him, and immediately looked into his eyes. Dong Lijun's Divine Sense Sea immediately appeared, and to his surprise, there was nothing inside Dong Lijun's Divine Sense Sea.

Chen Xiang had seen a lot of Divine Sense Sea, so even if he saw a lot of strange Divine Sense Sea, he would not be surprised. But this time, seeing this Divine Sense Sea that was like the ocean in reality, he was very shocked!

It was because this Divine Sense Sea was very similar to him, and his Divine Sense Sea looked the same. It was just that there was an additional island, and his divine soul was also on that island!

"I can't see it at all. Could it be that he possesses the ability to conceal the true face of the Divine Sense Sea?" Chen Xiang was very suspicious in his heart. If this wasn't the case, then he felt that this Dong Lijun might be the same as him, hiding a mysterious Second Divine Sense Sea.

Dong Lijun did not directly walk to the center of the stage, but walked around Chen Xiang. He was actually examining Chen Xiang at the bottom of the stage, and then looked at the broken parts on the stage.

"Although Nie Lin is very arrogant, he possesses a certain level of strength. He himself possesses six Divine Deity and one Bones, yet he died so easily. Dong Lijun said lightly: "From the Qi that you are participating in, you must have used the power of Bones."

Dong Lijun had finally walked in the middle. This meant that he was already prepared, and even though Hell Devil Emperor was shouting "begin", Dong Lijun and Chen Xiang didn't move.

"In other words, you possess three Bones?" Chen Xiang frowned. was different from Nie Lin, although he looked arrogant on the surface, he was actually so cautious in his way of doing things. It seemed like this was his habit, no matter who the opponent was, he would first check the opponent's strength.

Dong Lijun was unable to sense Chen Xiang's power from outside, so he was unable to accurately judge Chen Xiang's strength. However, after he walked onto the stage, he had a rough estimate that he would need to pay attention to his opponent.

"How many Bones I have is not important. The important thing is that I can defeat you!" Dong Lijun took a deep breath, a gold light suddenly flashed past his eyes, and they instantly turned gold.

Chen Xiang retreated a few steps back. It was as if Dong Lijun had become a completely different person, the strength of his body seemed to have increased by many times, the pressure he was releasing was already enough to crack the stage, causing the bricks to shatter.

"This... What exactly is going on? " Chen Xiang did not understand how this Dong Lijun in front of him used such a powerful skill to suddenly become so strong. His eyes were still gold, and the light in his eyes made Chen Xiang feel an indescribable heat.

"Be serious!"

In a flash, he arrived beside Chen Xiang and kicked him in the left arm. His leg shone with a golden light, as if it contained an endless amount of power, and when he kicked Chen Xiang's left arm, the extremely fast speed and terrifying power caused space to ripple, and black cracks actually appeared on it.

"To think that... I can't move! " Chen Xiang was shocked, he immediately channeled all the energy in his body to move, seeing that the kick was about to come over, Chen Xiang finally moved his body slightly to the side, but he was too slow. Even though he was able to move, his left arm was kicked, causing a large chunk of flesh to fly out!

It was just a single kick, but it was as if he had been cut by a blade. Chen Xiang looked at the shocking wound, and saw that there was actually that kind of golden light on it.

Dong Lijun could not hold Chen Xiang still for too long, after kicking him, Chen Xiang immediately felt his entire body relax, and then distancing himself from Dong Lijun, he began to circulate the Alive Slain Method to repair his injured arm, at the same time using the Heavenly Alchemy to refine the gold light on his arm, to prevent it from seeping into his body, and causing fatal injuries.

"This is a Pure Yang Divine Body, Chen Xiang, you must be careful of his Pure Yang energy!" The Devil-killing Heavenly God suddenly shouted, "This power is like a sharp blade, if it enters the body, it can grind the organs into pieces."

Chen Xiang didn't have the slightest understanding of the Pure Yang Divine Body, but after knowing the characteristics of this power, he secretly became nervous. If he had not refined that power just now, then it would have definitely infiltrated into his body and wreaked havoc there. The consequences were unimaginable.

"This kind of power has a numbing power. It's to prevent one from feeling pain when entering the body, but why is it that the moment it enters the body, the muscles will not tighten and it can directly enter. It's too terrifying." Chen Xiang looked at the Dong Lijun who was currently laughing coldly, and his heart still had lingering fear.

He looked at the piece of flesh on his arm that was kicked out. It had actually been twisted into a liquid by that power.

#### [Chapter 2114](#)

It could be seen that Dong Lijun had only lightly used the blade-like pure Yang divine power just now! At this time, Chen Xiang already had a shadow over that power. He did not want to be hit by that power again, and he would definitely suffer serious injuries.

What he did not understand was how the other party was able to stop him just now!

"It's here again!" Just as Chen Xiang was pondering about how he was frozen, he once again felt his body unable to move.

"This is actually caused by the power within my own body. The power within my body is actually controlled by him." Chen Xiang's face was filled with astonishment. He looked at Dong Lijun, who was standing afar, and saw that Dong Lijun was smiling complacently, but he had suddenly disappeared.

Chen Xiang was panicking. This Dong Lijun had already attacked, and right now he could already feel the terrifying pure Yang energy coming from Dong Lijun!

"He only controls the power within my Divine Sense Sea, I cannot use the Six Realms' Power inside!" Chen Xiang immediately controlled the Six Realms' Power to return to the Divine Sense Sea!

Originally, in order to erupt with a very strong power at any moment, Six Realms' Power would gather in his limbs and bones. The reason he was frozen was because no one knew what these Six Realms' Power were controlled by Dong Lijun.

After taking back the Six Realms' Power, Chen Xiang's legs slipped and he activated the Shrinking step. In the blink of an eye, he was already at the side of the stage, avoiding Dong Lijun's swift punch that was made with the pure Yang Divine Spirit.

"So close! If my reaction was a bit slower, I wonder what would have happened to me!" "I wonder if my Art of Breeding Heavenly Elephants will be able to stop this guy's Pure Yang energy?" Chen Xiang was not clear about this, but he did not dare try. If he was unable to resist, then without the help of a profoundwu clothing, his body would be punched bloody holes.

Dong Lijun was also a little surprised, he never thought that Chen Xiang would actually discover that he could control the Mysterious power so quickly!

"This guy must have some sort of ability, to be able to control other people's Mysterious power. I never thought that even my own Six Realms' Power would be controlled, what kind of ability does this guy possess? No wonder he was so confident in himself. With the Pure Yang Divine Power in him and this ability to control other people's Mysterious power, even if it were the nine Divine Deity s against him, they would probably not be able to survive past thirty moves. " Chen Xiang kept on looking at Dong Lijun's eyes, wanting to clearly see the other party's Divine Sense Sea, but he did not reap any benefits.

"Do you plan to use only the strength of your fleshly body?" Dong Lijun taunted while sneering: "This means that you have to give up your Six Divine Deity and only use your body to fight me. Do you think you have any chance of winning?"

The six Divine Deity were fundamental. If one did not use the six Divine Deity nor the power of the Divine Sense Sea, then their strength would be greatly restricted, and even if Chen Xiang had the Bones, it would be useless.

"Let me see how long you can last!" His palm exploded with waves of terrifying rays of pure Yang energy, completely covering the direction of Chen Xiang. Other than running off the stage, Chen Xiang could not dodge at all, and using the Six Realms' Power, that level would immediately be frozen, making it even more dangerous.

"Got it!" Chen Xiang's mind flashed, he immediately used a transformation technique and created many mirrors on the surface of his body, because he only sensed rays of light, they were not very strong, but the light that the Pure Yang Spirit Qi turned into was like extremely sharp blades.

Just as Chen Xiang had expected, all of the light beams shot back!

Dong Lijun was very afraid of this light and immediately circulated his body to absorb it into his body, if not his body would also be cut off.

Chen Xiang took this opportunity to rush forward. When he was using Shrinking step, his speed was also extremely fast, in a blink of an eye he was already in front of Dong Lijun, and kicked him out!

BOO! Although he did not have the support of the Six Realms' Power, his strength was still very frightening. He kicked at Dong Lijun's abdomen, causing him to spit out a mouthful of blood.

At the same time that Dong Lijun was kicked, his palm imbued with pure Yang energy, swept towards Chen Xiang's neck. Chen Xiang raised his head and barely dodged it, a streak of blood appeared on his neck, and his head was almost chopped off.

After the two exchanged one move, they both sensed that the other side was in extreme danger. They did not dare to use the second move and retreated!

"So dangerous!" Mu Qianxiang almost shouted out just now.

"Big Bro seems to have his strength restricted." Leng Youlan said.

"This fellow from the Divine Nations is not ordinary. With his Pure Yang Divine Body, he is definitely highly valued! Even Chen Xiang, who possess such a terrifying Mysterious power, is controlled. It can be seen how terrifying this Dong Lijun is. He is definitely a top genius among the Divine Nations. " Yue'er said: "Now let's see if Chen Xiang has a way to break that strange divine ability of the other party."

From the kick that Chen Xiang gave him, Dong Lijun was able to deduce that the strength of Chen Xiang's body was much stronger than he imagined. He was also certain that the leg Chen Xiang gave him earlier contained Bones, so he understood the terrifying strength of Bones very well.

Previously, when he was watching from below, he had suspected that Chen Xiang's left and right leg possessed Bones. So when he first attacked Chen Xiang's left arm, it was only to test him.

"So what?" Dong Lijun spat out blood in the air, and it looked like nothing had happened. It was true that Chen Xiang's leg did not cause any damage to him, but it was too sudden, and the blood flow in his body was suppressed to his internal organs, which caused him to vomit blood. However, it did not harm him too much.

Although Chen Xiang was expressionless, he was secretly pleasantly surprised, because when he had attacked earlier, he had been paying attention to Dong Lijun's eyes. Just as Dong Lijun was about to cut his head off, he suddenly saw a divine soul appearing inside Dong Lijun's Divine Sense Sea.

Dong Lijun's divine soul was actually hidden within the Divine Sense Sea! As for the divine soul that appeared just now, it was releasing its innate ability, wanting to control his Six Realms' Power, just in case, but Chen Xiang did not use it, so its ability power was not used on him.

Chen Xiang wiped away the blood on his neck. Because it was only a very shallow wound, it could quickly recover. The piece of flesh that was kicked out earlier had already grown out.

"I can only wait for an opportunity. I have to be more careful next. I've angered this guy." Chen Xiang saw that Dong Lijun's expression was already equipped with a lot of equipment. Previously, it was cold and heartless, but now it looked to be filled with a tinge of anger.

Just like before, he used the Shrinking step to approach Dong Lijun. However, he did not attack, but pretended to attack from the front, and then dodged to Dong Lijun's side.

He released a bit of Six Realms' Power and emitted a bit of Qi. When Dong Lijun sensed it, he immediately turned his head and used his strange divine ability to control Chen Xiang's Six Realms' Power. At the same time, he flew over.

## [Chapter 2115](#)

This way, he could once again see the opponent's divine soul jumping out of the Divine Sense Sea. He was confirming that the opponent had to release their divine soul out of the Divine Sense Sea in order for them to be able to use their innate ability on him.

Now, he was sure that after seeing a divine soul jump out from the other party's Divine Sense Sea, the little bit of Six Realms' Power he released had been controlled.

Chen Xiang did not want to attack Dong Lijun immediately, but to probe him out. Therefore, after he succeeded in doing so, he used the Shrinking step to distance himself from Dong Lijun.

Dong Lijun's prediction was wrong, Chen Xiang did not attack him, causing his two punches to miss. However, the air shock wave that exploded out, still carried along an extremely terrifying power as it wreaked havoc on the stage.

After the stage was covered by this power, it was like tofu being slashed by a sharp blade. There were many pieces of broken bones jumping about on the stage, which had a smooth surface. It was just like what Devil-killing Heavenly God said, this Pure Yang Spirit Power was as sharp as blades.

"This guy's power is so terrifying. As long as he releases this power, his body will be like a sharp blade, and he won't be able to attack his body at all. Right now, his body is covered in that kind of light." Wang Jinshi said.

"Chen Xiang is unable to use his Mysterious power. Otherwise, that Dong fellow would not be his match." Bai Youyou said. If Chen Xiang had used Six Realms' Power, his strength would definitely not be weak, and he would not be forced to such a state by the opponent.

Even the experts of the Devil-killing Heavenly God's side were trembling in fear as they watched the battle. If there was no barrier to protect them from the Pure Yang Divine Spirit, once they flew out, they would definitely cause a lot of damage.

They couldn't guide Chen Xiang either, because this was what was required of them under the contract.

"We can end it this time." Dong Lijun did not want to drag it out either. He already had some fear towards Chen Xiang in his heart, since Chen Xiang was a powerful enemy to him after all. He could not help but wish to quickly kill him.

Chen Xiang immediately released the Six Realms' Power, and at the same time, stared at the other party's eyes. This time, he was still able to see the other party's divine soul jump out from the Divine Sense Sea, and release a burst of white light;

When he saw the opponent's divine soul jump out, his eyes suddenly flashed with a white light, which was extremely weak, and not obvious at all. However, in a flash, Dong Lijun suddenly stopped, and even cried out in pain, as his divine soul was under attack.

The Bones in Chen Xiang's eyes also possessed special powers. Just now, he had released all of the power of the Bones in his eyes to attack the divine soul in Dong Lijun's Divine Sense Sea.

"Now." Chen Xiang's Divine Sense Sea that had been suppressed for a long time suddenly erupted into an uproar, the waves surging, the Six Realms' Power was like a torrent as it rushed towards the four flame Divine Deity s inside his Divine Sense Sea.

After the flame Divine Deity had turned it into a Flame power, it flowed into his left arm and right leg that possessed the Double bone level.

Dong Lijun was unable to suppress Chen Xiang's Six Realms' Power, he knew that he would be in danger, and his divine soul being attacked caused him endless pain. However, he still released a very strong Pure Yang energy to cover his entire body.

Chen Xiang's fist did not directly hit his fist, it stopped five to six inches away from Dong Lijun's face, but it released a strong burst of force, which caused an earth-shaking explosion, and violent fire energy exploded out of his fist like a fiery-red spring, rushing towards Dong Lijun's face.

Dong Lijun's entire head was hit so hard that it crooked, and all the teeth and bones in his mouth shattered.

After the punch, he then kicked Dong Lijun's abdomen, causing the Meteor immortal power to explode and create a bloody hole.

The layer of pure Yang energy protecting Dong Lijun's body had already been scattered by the shockwave. Chen Xiang's fists continued to violently strike at Dong Lijun's head. At this moment, the other party's entire head was in a miserable state.

Hell Devil Emperor saw that Dong Lijun was about to be beaten to death, and anxiously said: "Chen Xiang, he is the most important person to Divine Nations ...."

"So what?" Chen Xiang's fist flashed with fire as he condensed some Divine Deity and Bones. It struck Dong Lijun's chest and turned the upper half of his opponent's body into dust.

Chen Xiang had almost been killed a few times, so he would definitely not be merciful. Although the other party had not been fully prepared when he got on the stage, it was not his turn now.

A Pure Yang Divine Body could release such a terrifying Pure Yang energy, but it was still destroyed by Chen Xiang.

Dong Lijun only had half of his body remaining, without even looking, he walked down the fighting stage. The entire place was in complete silence, even after three consecutive rounds, he still looked so energetic, though he had not expended much energy.

This showed that Chen Xiang was still hiding an extremely terrifying power, but it had not been revealed yet.

"Since you have already lost, go ahead and follow the agreement. Withdraw your troops and let the Nine Heaven World recover its peace." Chen Xiang said. Chen Xiang's strength had already exceeded his expectations, and made him feel that he might not be able to defeat Chen Xiang. What made him incredulous was, Chen Xiang only had six Divine Deity.

"Don't be happy too early, Chen Xiang has killed two outstanding people from the Divine Nations, he is just waiting for the Divine Nations to come take revenge, maybe he will drag you guys into it." The Hell Devil Emperor laughed coldly and flew away with his men.

Seeing that the Hell Devil Emperor had left, the spectators on the city wall immediately cheered.

"Are you alright?" Devil-killing Heavenly God hurried over to Chen Xiang's side.

Chen Xiang shook his head and smiled, saying: "Another round shouldn't be a problem. That guy just now was really dangerous, and almost died in his hands."

The Penalty Heavenly God said, "That guy should have Bones as well. Coupled with his Pure Yang Divine Body, that's why he's so powerful, even if I go up against him, I have to be careful. Otherwise, it'll be very easy for him to kill me."

"There shouldn't be many Pure Yang divine bodies, right?" Chen Xiang already had a shadow over this kind of power, luckily it had already been extinguished by him.

"There are very few Nine Heaven World s, almost none of them. However, I am not sure about that, but Dong Lijun has used his Pure Yang energy quite well, he is obviously being guided, I'm afraid he still has more." The Devil-killing Heavenly God said, "Right now, we still have to be careful and watch out for the Divine Nations. We hope that the internal affairs of the Divine Nations and the others are getting more and more chaotic."

Chen Xiang clenched his fists tightly and thought: "Divine Nations, I need to become stronger before their internal conflict dies down. Otherwise, when facing such huge beings like them, I don't even have the strength to counterattack."

How much time was left for him to prepare? He was not sure, he only knew that he had to work hard to cultivate in the future.

#### [Chapter 2116](#)

Hell Devil Emperor had already brought the army and left. At that time, not only did Hell Devil Emperor and Gu Dongchen agree to the contract, the elders who were in charge of the demon army also participated as well, in order to prevent Hell Devil Emperor from being shameless.

Chen Xiang returned to the Hundred Flowers Pavilion and directly went into his room to rest. Chen Xiang and the others were not surprised at all that he had won three rounds, it was because the Chen Xiang they were familiar with was one of them.

After this competition, many people who had always thought that they had some power would feel fear in their hearts, because the strength of the Divine Nations was truly frightening. The people from the six Divine Deity were already so strong, and amongst them, excluding Chen Xiang, no one could defeat Nie Lin!

Even Gu Dongchen and the others had a complete understanding of the Divine Nations's strength, the elite experts of the Divine Nations were truly terrifying, if they were at the same level, it would be difficult for them to defeat him!

Hence, the people who came after the match were all very heavy, especially the disciples of the big powers. If Chen Xiang was not present today, they would have definitely lost! At this moment, everyone had the same thought as Chen Xiang. If the Nine Heaven World were to swallow the Super God Realm in the future, and the internal strife of all the Divine Nations s settle down, they wouldn't have enough strength to do anything, and could only allow themselves to be eaten by the Divine Nations.

Although Chen Xiang did not consume much energy, and wasn't too tired either, he still felt an exhaustion that came from his mind — that was an enormous pressure! To actually kill Nie Lin and Dong Lijun, meant that not long later, the strong power from the Divine Nations would come looking for him

for revenge. If he did not have enough strength to resist, then not only would he be threatened by the life, even the people around him.

"I want to become stronger!" After resting, I'll start my cultivation! " Chen Xiang closed his eyes, allowing himself to enter a state of meditation.

Chen Xiang had only rested for a short while, he felt that it would only take around two hours, but he was suddenly woken up by Yan Zilan.

"Chen Xiang, something big happened! Xianxian and the rest were taken away!" Once Yan Zilan rushed in, he grabbed Chen Xiang's shoulder and shook it.

When Chen Xiang heard that Xue Xianxian had something on his mind, he immediately opened his eyes.

"Who took him away?" Chen Xiang bellowed, he was extremely furious, looking at him, it was as if he was prepared to start a massacre, a few people suddenly appeared in his mind, such as the Hell Devil Emperor, and the Fu Tian School.

"Divine Nations!" Yan Zilan said: "Sister Qilian and the rest have already caught up. Those fellows are all very strong, they managed to crack the array formation of our Hundreds of Flowers Village, directly charged into the manor of Xianxian and the others, sealed them in a Storage magic treasure that can pretend to be human, and then ran away!"

"Do you know what Divine Nations it is?" Chen Xiang told himself to calm down as much as possible. This time, the Divine Nations didn't cause any harm, but directly grabbed him, with a purpose in mind. They directly rushed to the manor Xue Xianxian and the others were in, and took away all their smithing teams.

"It's the Divine Cauldron Nation!" Looking at her expression, it was obvious that she did not bring Xue Xianxian and the others back. Her face was filled with guilt, and behind her were Feng Yujie, Long Huishan, and Jiu Hanrou.

Xue Xianxian was Chen Xiang's wife, a childhood sweetheart. Their relationship was deep, and now that they were captured, Lv Qilian, who had promised Chen Xiang many times before to protect Xue Xianxian and the others, felt extremely guilty right now as his head drooped.

"How did you know it was Divine Cauldron Nation?" Chen Xiang took a deep breath, trying his best to suppress his emotions.

"The ones who took them away were several women. When we were chasing them, one of them told me! They are all very strong, and we are not their match at all. However, they did not attack us, but instead told us that if we wanted to save Xianxian and the others, we should go to the Divine Cauldron Nation to look for clues. " Lv Qilian said: "When are you planning to go? I'll go with you! "

"I'll go too!" Jiu Hanrou said: "I have some understanding of the Nine Gods Nation, and my strength is not weak either!"

"No need, Yue Er and I will go now. Given the current situation, Hundreds of Flowers Village cannot miss you two!" Chen Xiang thought for a while, then said: "Qilian, quickly go back and pacify the women in

your Hundreds of Flowers Village, so as to not cause them to panic. Moreover, this matter must be kept a secret, and you absolutely must not leak it out."

"Sister Feng, you need to refine more Bone level Dan, and you also need to refine these Bone level Dan according to the person who eats them! After eating the Bone level Dan, it would be best to control the refining time to be around six hours, so that the opportunity to condense Bones would appear easily. " Chen Xiang said: "When you refine, you can use the compressed method. It is not exposing the Medicine aura, but the quality of the Bone level Dan that has been compressed and adjusted. "

Feng Yujie nodded his head, "I will remember. I will tell Xiangyue and the others when I get back!"

"When condensing Bones, the body must also be strengthened appropriately! Whether or not Hundreds of Flowers Village can be strong in the future will depend on you Alchemist s. " At this time, Chen Xiang was extremely serious. The Divine Nations had already begun to act against them, and their goal was unknown, to the point that they could just casually snatch them away.

"I have the latest news for you. I will think of a way to notify you guys. First, focus on cultivating and increasing your strength!" Chen Xiang had originally planned to go to the Earth Core to cultivate, but he had to go to Divine Nations to do so.

Xue Xianxian and the others were also a very important group in the Hundreds of Flowers Village. They were mainly responsible for refining and arranging arrays, as well as refining array discs. Previously, Chen Xiang relied on the Time Formation's array disc to buy himself a lot of time.

Chen Xiang left Hundred Flowers Pavilion and headed towards Heavenly Divine Lord to search for Great Divine Lord!

Great Divine Lord was still in the simple wooden house. He seemed to be living a very quiet life, and he looked like he had aged a lot.

Great Divine Lord remembered that the last time he had met Chen Xiang was only a few days, but this time, he felt that Chen Xiang had become much stronger.

"I've heard about your three battles. Amazing!" Great Divine Lord laughed: "You aren't here specifically to tell me this, are you? If you have something to say, just say it! "

"What kind of Divine Nations is he?" Chen Xiang sighed helplessly, "My wife was kidnapped by the Divine Cauldron Nation!"

"Oh?" Great Divine Lord frowned, the smile on his face had already disappeared, and his expression became very serious: "Are the people who took them away women?"

"Younger Nine Girl told you?" Chen Xiang asked: "How did you know, Great Divine Lord?"

"It wasn't Xiao Jiu who told me, I guessed it!" The Great Divine Lord said, "All the great Divine Nations are fighting amongst themselves now because they want to fight for the throne! The nine Divine Lord s all have a tacit agreement to leave together. Furthermore, before leaving, they did not appoint anyone to take over the throne, as it was to allow the most capable children to ascend to the throne. "

The nine Divine Lords all had countless imperial harem and groups of women. Because they had inherited the bloodline of the Divine Lord and also because they were the royal family of the Divine Nations, they had a lot of resources. Thus, there were a lot of powerful princes and princesses.

Great Divine Lord continued, "Back then, before our Ninth Heaven's Divine Nations was annihilated, I already knew about Divine Cauldron Supreme Lord's secret. This was naturally what my royal father had told us! The reason why it was called Divine Cauldron Nation was because Divine Cauldron Supreme Lord had obtained a very mysterious cauldron. Of course, the cauldron that he showed others to look at is one that he has refined himself. Although it is also very strong, it is still far inferior to the cauldron that he had mysteriously obtained. "

"Back then, my royal father had a secret battle with him. Back then, in the distant starry sky, other than the two of them, no one else knew about this matter. During the battle, because my royal father's strength was too strong, he forced Divine Cauldron Supreme Lord to use the cauldron he obtained from his secret. "

"And the last? Has Heavenly Divine Lord won? " Seeing that Great Divine Lord had stopped, Chen Xiang anxiously asked.

My royal father lost miserably, but it was difficult for even the Nine Furnace Great Emperor to win, so his mysterious cauldron was destroyed by my royal father using his Heavenly magic sword! You must know that the Heavenly magic sword is my royal father's strongest divine weapon, because when it fought against the divine cauldron, the divine sword was completely destroyed! Back then, it was precisely because of this divine sword that my royal father made the other Divine Lord apprehensive! Therefore, after the news of his divine sword being destroyed spread out, we, the Divine Nations of the Ninth Heaven, had begun to embark on the road of annihilation. " Great Divine Lord looked at the sky and sighed: "Originally, my royal father and my Divine Cauldron Supreme Lord were good friends, but in order to maintain that attitude, they ended up like this."

Chen Xiang never thought that there would actually be such a story behind the destruction of Divine Nations of the Ninth Heaven.

"Because the cauldron was destroyed, Divine Cauldron Supreme Lord harbored hatred within his heart and told me about the Heavenly magic sword being destroyed, right?" Chen Xiang asked.

"That's right!" The Heavenly magic sword was completely destroyed, but that divine cauldron of his was not completely destroyed. My royal father had also promised to repair it, so my royal father travelled everywhere, even went to the Star Law Divine Realm, searched for materials, and then went into closed door cultivation day and night just to fix that cauldron! But who would have known that the Divine Cauldron Supreme Lord would reveal the destruction of the Heavenly magic sword for some reason. " Great Divine Lord said this with a face full of anger.

"Great Divine Lord, are you sure that this was leaked from the Divine Cauldron Supreme Lord?" Chen Xiang asked.

"My royal father said, other than the Divine Cauldron Supreme Lord, no one else knows about this matter. They had previously agreed to keep it a secret." Great Divine Lord suddenly took a deep breath: "This is not right!"

"What's wrong?" didn't join in to besiege you guys? " Chen Xiang was going to the Divine Cauldron Nation right now, so he needed to know a few things about there.

"I did, but he did not attack!" You can see that he doesn't really want to destroy our Heavenly Divine Palace. Could it be that there is another story behind this? It's a pity that I don't have the chance to ask any further, nine Divine Lords should be searching for the way of immortality. " Great Divine Lord looked at Chen Xiang, "If you have the chance, investigate me thoroughly."

Chen Xiang nodded.

"Get down to business! Divine Cauldron Supreme Lord's cauldron is broken, it has lost its strongest power, and is no different from a piece of trash. But my royal father said before, as long as we repair that small damaged area, the cauldron would recover its original strength! " The Great Divine Lord said.

"Could it be that the reason they took Xianxian away was to repair that cauldron?" Chen Xiang suddenly exclaimed, Xue Xianxian and the others mastered the refining techniques of the Heavenly Divine Lord.

Back then, Chen Xiang had told Great Divine Lord that his profoundwu clothing had been repaired by his wife. That was why Great Divine Lord had immediately thought of this when Chen Xiang mentioned that his wife had been taken away.

"They came from the Divine Cauldron Nation, they should have told you! So, your wives are in no danger now. " Great Divine Lord patted Chen Xiang's shoulder.

"Then how did you know they were women, Great Divine Lord?" Chen Xiang asked.

"Because I know that the young girl who was chosen by Divine Cauldron Supreme Lord's first wife dotes on this little girl, and this little girl also has outstanding abilities. Forget about her power, she also has good relationships with other people, if not, just based on the fact that she was doted on by the Divine Cauldron Supreme Lord, she would be able to cause many women in the harem to be jealous.

Great Divine Lord laughed at himself, "Back then, my royal father also had many wives, but in the end, not many could survive. My mother also died in obscurity, while my royal father silently allowed this kind of struggle, and us nine brothers have always known how to unite, so we were the only ones who could survive to the end."

Now that the Great Divine Lord was the last prince of the Ninth Heaven, and he couldn't return to his country, and his brothers had all died, Chen Xiang inexplicably felt that he was very pitiful.

"Divine Cauldron Supreme Lord's daughter obtained this cauldron, but she doesn't know where it came from. I had seen her play with it before, at that time I also didn't know, but it was my royal father who told me later! Divine Cauldron Supreme Lord was probably the last one to tell her, and she found out from who knows where that the reason why your wives took them away was because they received my royal father's inheritance of artifact forging! " The Great Divine Lord said, "It's very obvious now. She wants to fight for the Divine Cauldron Nation's throne, but her strength is not enough. If she can repair this cauldron, then the Divine Cauldron Nation's throne would be confirmed."

Chen Xiang said, "Regardless of who it is, all the great Divine Nations s cannot avoid a bloodbath!"

Great Divine Lord nodded his head: "This is inevitable, the one who inherits the throne, in order for the throne to be stable, must be rid of his potential enemies. Even if these people are very outstanding, they must be cleansed.

"If you want to survive in the nine Divine Lords's imperial harem, you have to depend on the prince or royal daughter, or even some of the Divine Lord's wives! Over time, many forces will be formed, and if you go to the back and stand in the wrong line, you will be purged. " He understood this kind of thing very well, because he had also snuck in like this back then. As the Great Divine Lord, the eldest son of the Heavenly Divine Lord, he naturally held a very strong force in the imperial harem, and his enemies were often his blood-related brothers and sisters.

"Great Divine Lord, what do you know about this daughter of Divine Cauldron Supreme Lord? "What kind of person is she?" Chen Xiang started to worry about Xue Xianxian again. Those who grew up in the harem, which one of them were not vicious and merciless people? This was all honed, otherwise it would have been impossible for him to grow at all.

"I'm not sure. When I met her, she was very good at hiding her personality! Furthermore, many years have passed in such an environment, so it is not strange that a person's character would undergo such a great change. " Great Divine Lord shook his head.

#### [Chapter 2118](#)

The relationship between Divine Cauldron Supreme Lord and him was not bad, so it was normal for their children to know each other! Chen Xiang felt that the Great Divine Lord must know a lot about the Divine Cauldron Supreme Lord's daughter.

"I'm going to find her!" Chen Xiang said: "I want to make sure that my wife is safe."

"To the Divine Nations? You will first have to go to the Super God Realm, and then use the Super God Realm to head there. The White Tiger is probably in Super God Realm, so I'll just let them help you when the time comes! " Great Divine Lord took out a shabby looking stone and said: "This thing might be useful, so I'm not afraid of your jokes. Back then, I tried to pursue her."

Chen Xiang took the stone, and it seemed as if there were some Spirit grain carved on it. He laughed: "Did you not succeed in the end? Is it sad? "

After all, the reason why I pursued her was only to increase my power. After all, she was also the famous royal daughter of the ten Divine Nations back then, and regardless of whether or not she liked it, as a man, he wanted to capture an outstanding woman like her. This was equivalent to displaying his own strength.

Great Divine Lord laughed sinisterly, Chen Xiang could tell that he was an expert in this field with a single glance.

"Although she didn't succeed, we still have a bit of friendship. Hopefully, she still remembers it." Great Divine Lord sighed: "This is something that happened a long time ago and can only be remembered by me now. She should be much stronger than me now, and I ... "He will soon disappear from this world with the passage of time." " ... ..  
... ..

"Great Divine Lord, you must find a way to live forever. Don't give up!" Chen Xiang said.

Great Divine Lord smiled calmly: "I don't have any lingering feelings for this world anymore. The biggest reason I want to create this Heavenly Divine Lord is to remember this memory."

"Don't you want to return?" Chen Xiang's voice was a little loud and his emotions stirred.

"I do, but time does not spare me. I cannot defeat time." Great Divine Lord sighed, "My eight brothers have placed all their hopes of restoring their country on me, but I am unable to do so."

"I'll help you!" Chen Xiang pressed down on his shoulder and firmly said those three words. Although he was not strong at the moment, he felt that he was qualified to say it.

"I will tell you about this when I save my wife!" Chen Xiang stood up. In the process of his growth, he was inextricably linked to both the Nine Divine Kings and himself. He could not just watch the Great Divine Lord sink into depression like this.

Great Divine Lord didn't say anything, he only looked at Chen Xiang with a grateful gaze. He was very clear what kind of heavy pressure Chen Xiang would have to bear if he said those two words.

"Do you want to know why I care so much about this woman? I don't love her, I don't like her, I even hate her. " Great Divine Lord looked at the stone in Chen Xiang's hand. This stone was obviously a keepsake from him and the Divine Cauldron Supreme Lord's daughter.

"Yes!"

Great Divine Lord laughed at himself: "Because she is a woman that I am unable to take down, I have a deep impression of her. However, I can't remember a single one of the women that threw themselves at me, this is truly ironic."

"Great Divine Lord..." Chen Xiang was interrupted by Great Divine Lord raising his hand.

"My full name is Jiu Canghai. Even though I don't like this name, it was given to me by my royal father. Even if I don't like it, I can only accept it." Jiu Canghai laughed, "You can call me Big Brother Canghai, but if others are here, you can't call me that."

Even Feng Yujie and Jiu Hanrou didn't know his name, so it could be seen that he really didn't like it much, so he didn't say it.

"I'll send you to the Super God Realm! If you stay there for too long, you should be able to see the Nine Heaven World annexing the Super God Realm very quickly. " Jiu Canghai channeled his energy and opened a dimensional door.

"Let's go!" You must be careful when you head to the Divine Cauldron Nation, and don't expose the Taboo magic on his body. " Jiu Canghai said.

"I got it!" Chen Xiang said: "I'm going to find Yue'er. I'll be more at ease with her by my side!"

Chen Xiang immediately teleported to the Hundreds of Flowers Village, found Yue'er, returned here, and stepped into that spatial gate.

In the blink of an eye, Chen Xiang had once again arrived at Super God Realm!

"Yue Er, where is the God Beast Mountain?" Chen Xiang asked as she looked at Yue'er, who was in her arms. Yue'er, who was sleeping soundly, was suddenly grabbed by him, and before she could even understand what was happening, she was already in Super God Realm.

"This... What happened?" Yue Er's nose twitched, as if she had already sensed that this was the Super God Realm.

"A lot of things have happened, I want to make a trip to the Divine Nations, so I have to go to the God Beast Mountain. I need the help of White Tiger and the others to send me over."

Just as Chen Xiang finished speaking, a group of Spirit grain s appeared above him. After they quickly gathered in a large formation, an elder fell.

"Master!" Just as Chen Xiang finished shouting, he realized that he had admitted his wrongs. This was not his master Huang Jintian, but her brother, Huang Yantian.

The two of them looked very similar to each other. They looked exactly the same, and they also had similar personalities!

"Uncle!" Chen Xiang shouted again. Although he was not Huang Jintian, he was still pleasantly surprised. "Why are you here?"

"Isn't it easy to find you, kid? I already know where you are by the count of one. I did have something to talk to you about, but since you were at Nine Heaven World before, I was too lazy to go over. So the moment you appeared here, I came over immediately." Huang Yantian said.

"It's definitely not a big matter. Otherwise, you wouldn't be waiting for me." Chen Xiang curled his lips, "You must have waited for me for a long time here..."

As he spoke till here, Chen Xiang finally remembered that the time there was different from here. It shouldn't be long here.

It's only for a few days, I was considering whether or not I should go to Nine Heaven World, I didn't expect you to come! Right, what are you doing here? Isn't that a good place to stay?" Huang Yantian asked, and then touched Yue'er. Right now, he already knew that Yue'er was related to him.

"I'm going to the Divine Cauldron Nation, can you take me there? Senior Master must be stronger than my Master, so such a small matter must be really easy for you." Chen Xiang laughed.

"Bullshit, this kind of thing is as easy as breathing to me, isn't it just going to a Divine Nations? How hard it was! "That good-for-nothing brother of mine definitely has to go through a lot of trouble to get there." Huang Yantian immediately snorted, and said proudly.

"Okay, to go to Divine Cauldron Nation, it will take about five hours!" Huang Yantian took out a big basin. It looked like a wooden shed for bathing, it was big enough for a few people to sit in.

"What is this?" It doesn't seem that powerful! " Chen Xiang jumped in.

"Not powerful? "This is the Sky Spill Divine Plate. It looks a bit strange, but it's actually very powerful!" Huang Yantian said proudly: "Settle down, get ready to go!"

He then activated the divine disc. Once the disc formed an air shield, it slowly rose up and then flew up into the sky!

### [Chapter 2119](#)

As Chen Xiang sat inside the basin-like object, he had the urge to fill it up with water to soak in a bath.

"Is Divine Cauldron Nation very far from here? With Senior Master's strength, you actually took such a long time to get there! " While Chen Xiang was speaking, the surroundings became pitch black, and in the distance, there was a huge fireball releasing a strong light, it was the scorching sun, and they were already far away from the ground.

"A few hours is considered fast. If you go to Divine Cauldron Nation yourself, you might not even make it in a few days." Huang Yantian pointed to a small dot of light in the sky and said, "Divine Cauldron Nation is right on top of that huge star.

Chen Xiang turned his head to look in the direction he was pointing. He simply did not know that he was talking about that star, because there was such a large, densely packed star over there.

"Senior Master, do you understand Divine Cauldron Nation? Didn't you go to Heavenly Fire Divine Country before? " Chen Xiang asked. Since Huang Yantian knew how to go to the Divine Cauldron Nation, then he must know more about the divine cauldron.

"I've only been there once, and it's no different from Super God Realm. The only difference is that there are more experts there, and they have a lot of resources. This is better than Super God Realm." Huang Yantian said: "Why are you going to the Divine Cauldron Nation?"

Huang Yantian did not ask before, but when he saw that Chen Xiang was in a hurry to go to the Divine Cauldron Nation, he took out his powerful Sky Spill Divine Plate. Now, he was somewhat curious as well.

"My wife has been taken away. I'm going to save them." Chen Xiang said with a face full of helplessness and anger, "These fellows are casually taking away my wife, I'm not done with them."

"So serious! Can you tell me the details? " Huang Yantian asked: "Do you know who took your wife away? There has to be a direction, the Divine Cauldron Nation is so big, and has many big and small forces. "

"It's a woman, and should be one of the daughters of the Divine Cauldron Nation's Great Emperor. I heard that she has quite a decent power and has the chance to fight for the throne of the Divine Cauldron Nation." Chen Xiang said.

"Oh?" Huang Yantian frowned: "If that's the case, then it's also a useful clue, but you need to be clear, people like them cannot be easily approached. To be able to fight for the position of Emperor, all of them are existences close to the pinnacle, the weakest would be the God King."

Yue'er asked, "How many Divine Deity does the Divine King usually have?"

Huang Yantian thought for a while, "At least seventy Divine Deity! But don't think that the Divine King is already very strong. In the Divine Nations, below the Divine Lord, the Divine King is not the strongest.

"The Divine Kings are usually sealed within the Divine Nations. There are a total of two types of Divine Kings, one is related to the Divine Lord by blood, after reaching a certain level of strength, one can pass the Divine Lord's personal assessment and obtain the title and territory, and become the Divine King! The other option was to be loyal to a Divine Nations once one reached a certain level of strength, and pass the Divine Nations's examination to become a Divine King. There wasn't much difference between these two types of Celestial Kings. Generally, they were divided into the first, second, and third ranks! Among them, the first tier Divine King is the strongest, and has to have at least ninety Divine Deity.

Chen Xiang never thought that Jiu Canghai, this Great Divine Lord, would be so powerful that he already possessed ninety Divine Deity. This was because Jiu Canghai was a person who was close to the peak of a hundred Divine Deity, but even so, he was still so depressed, and felt that it was impossible to restore his country.

"Reaching the 90th Divine Deity is going to be very difficult, and there are many old people who would die at this stage in Star Law Divine Realm." Yue'er replied: "Other than that kind of powerful world, wanting to reach the peak of Hundred gods level is extremely difficult."

Huang Yantian nodded. "After nine Divine Lords leaves, it will be the world to the Divine Kings within all the Divine Nations!"

"Don't we still have Great National Master s?" Chen Xiang had heard Jiu Canghai say before that the ones who had caused the deaths of the eight Divine Kings were the Great National Master s from the Divine Nations.

"If the Great National Master does not participate in the struggle, the ones to obtain the throne must be the descendants of the Divine Lord. The Great National Master does not matter who the Divine Nations is, they will always be loyal to the Divine Nations. The Great National Master is also the last guarantee for the latter." Huang Yantian said: "For example, if there are some fellows that want to split a Divine Nations, then the Great National Master will make a move, because this is already a threat to the life and death of the Divine Nations."

Yue'er said, "If they can fight for the throne, they must be a first-tier Divine King!"

"That's right, only with this kind of strength will he be able to suppress it. After becoming a Divine Lord, gather the resources from a country and rush to the peak of the Hundred gods level. At that time, his position will be even more solid!" Huang Yantian said: "Of course, the greatest benefit is obtaining the thing left behind by the Old Divine Lord. As for what it is, I don't know, in short, making the successor stronger, suppressing the Great National Master!"

Chen Xiang never thought that the succession of Divine Nations would be so complicated, and now, this was the first time these nine Divine Nations s had experienced such a thing, which coincidentally happened to be the case.

As they spoke, they had already passed through many small stars. There weren't any resources on them, and the environment was very vile. Those who possessed resources had long since been taken over.

"The Heavenly Fire Divine Country that I went to previously was terrible. They have already started fighting there. A few level one Divine Kings are leading a large group of people into a chaotic battle. It's

very bloody." Huang Yantian looked at Divine Cauldron Nation, "According to the information I gathered from Heavenly Fire Divine Country, the situation in Divine Cauldron Nation is the best.

"Senior Master, if you go to Heavenly Fire Divine Country, you will definitely earn a lot of wealth for the dead." Chen Xiang laughed.

Huang Yantian laughed, "That's right."

Just like Huang Jintian, if a huge battle were to break out there, his figure would appear!

Several hours later, Chen Xiang finally saw a gigantic blue star in front of him. Under the intense sunlight, it reflected a beautiful blue light, which was extremely huge.

"It's just an Earth Stage Star. In the Star Law Divine Realm, this Star is everywhere!" Yue'er replied, "If I can reach the star realms of Heaven Stage in the future, I can compete with Star Law Divine Realm."

Huang Yantian laughed and said: "This is a new world, we need to take it slow! Nine Heaven World is a very special existence. It is not a star, but a giant floating square continent. When I was in Star Law Divine Realm back then, I had never heard of such a spatial composition. "

Chen Xiang asked, "Is an Earth Ranked star not good? "Are there many in this place?"

"It's the best in this star field! There are three levels of stars that can be inhabited, the Heaven-stage Stars are the highest, then the Earth Stage, and the worst are the Profound Ranked Stars. However, in this kind of place, Profound Ranked Stars are extremely rare. " Yue'er surveyed her surroundings. "Most of them are those kind of dead stars."

## [Chapter 2120](#)

When the Sky Spill Divine Plate approached the Divine Cauldron Star, one could see that a transparent barrier was covering the entire Divine Cauldron Star. This was definitely to prevent the other stars from colliding with it.

Huang Yantian controlled his Divine Compass to fly around the stars for a distance and found an entrance. There was a huge door at the entrance, and at the moment, there were many people lining up on their flying treasures to enter the Divine Cauldron Star.

"These are all from other planets. Most of them are merchants." Huang Yantian said.

"Strange, to be able to create a barrier that can cover such a huge star, it shouldn't be too difficult to create a Transmission array, right?" Chen Xiang said.

"It's very difficult. The distance between the stars is different from when you're on the ground! Look at how big this Divine Cauldron Star is, you will need many years to complete a circle if you were to run at full speed on it! So, can you imagine how far away the Divine Cauldron Star is from the other stars? Even if you look at this Divine Cauldron Star from afar, it will only be a small dot. " Yue Er said. She was a law enforcer from the Star Law Divine Realm, and she often traveled between various stars, so she was the most knowledgeable about these things.

Huang Yantian smiled and said, "The distance between here and the Super God Realm can be separated by thousands of such huge Earth-stage Stars s, and this is the smallest estimate, so you can imagine how far it is."

Now, Chen Xiang finally understood why Huang Yantian said that his Sky Spill God Plate was so powerful. Chen Xiang thought about it and confirmed that it was very powerful.

Huang Yantian looked at the people in front of him and couldn't help but shake his head, because he still had to wait for a while. He said, "When I was in Heavenly Fire Divine Country, I heard a legend.

Chen Xiang had previously heard that the relationship between the Heavenly Divine Lord and the Divine Cauldron Supreme Lord was not bad, so he felt that this legend was very believable.

Finally, it was Chen Xiang's turn. The guard took a look at the Sky Spill Divine Plate and said, "Three hundred thousand Shen Yuan stone!"

"Why three hundred thousand?" There's only two of us! " Huang Yantian immediately said in dissatisfaction.

"This cat counts. Are you going to give it to me?" If you don't hurry up and get out, there's still a lot of people waiting in line behind us. " The big guy said impatiently.

Although Huang Yantian was very unhappy, he still took out three hundred thousand Shen Yuan stone and gave it to the other party!

As long as there are Shen Yuan stone s, there won't be any hindrances in entering these Divine Nations. Yue'er tenderly snorted: "Isn't it just an Earth Stage Star? The price is so expensive, if it was in Star Law Divine Realm, I wouldn't even be bothered to go. "

"Forget it, isn't it just a little Shen Yuan stone?" Huang Yantian caressed Yue'er, chuckling.

"Senior Master, you're so much more generous than Master. That guy is always calculating." Chen Xiang said, he did not think that Huang Yantian was actually not as stingy as him.

Huang Yantian laughed proudly: "That guy is still the same, I wonder how he is now!"

Landing on the ground, Huang Yantian brought Chen Xiang to the nearest city. After entering the city gates, he paid the twenty thousand Shen Yuan stone, and then walked towards the Transmission array.

"To the Divine Tripod Imperial City? The transfer fee for the two of you to enter the city would total to four hundred thousand, and this cat would cost a hundred thousand, a total of five hundred thousand! " The old man looked at Yue'er, who was in Chen Xiang's embrace, and shouted.

Huang Yantian took out five hundred thousand Shen Yuan stone, and only after handing them over to the old man was he allowed to step into the Transmission array.

Chen Xiang never thought that Shen Yuan stone would be exhausted so quickly in this kind of place. They had only just arrived and Huang Yantian had already used eight hundred thousand!

Huang Yantian seemed to be already used to it, so he didn't complain about it. However, Yue'er was very unhappy, as she saw it, this kind of crappy place basically did not require any fees.

When the Transmission array opened, in the blink of an eye, Chen Xiang and the others had already arrived at the Nine Tripod Imperial City. After arriving at the place, Chen Xiang finally understood how peaceful it was and that the other Divine Nations s had all gotten into an uproar. That was why all the merchants of the other Divine Nations s had come here, because it was now peaceful in the Divine Cauldron Nation.

However, an extremely tense atmosphere enveloped the entire Divine Tripod City. Everyone here was very clear that battles were unavoidable. They only hoped that when fighting for the throne, it wouldn't bring about too much of a disaster.

Chen Xiang came here to save others, so he did not have the time to wander around.

"Kid, can you do it by yourself? If it's possible, I won't accompany you any longer. After you're done with this matter, come find me again. I have some things to tell you. " Huang Yantian passed Chen Xiang a piece of Communication jade Symbol paper.

"Yes, Martial Uncle, I'm very grateful that you brought me here. You have your own matters to attend to, so go and busy yourself first." Chen Xiang said.

Huang Yantian patted Chen Xiang's shoulder, then stepped into the Transmission array and left. He was still in the Divine Cauldron Star, looks like he had other things to do here.

As Chen Xiang walked out of the Transmitting Square, he looked at the bustling streets and couldn't help but sigh. This place was indeed stronger than the Super God Realm and the Nine Heaven World;

He swept his eyes across the entrance of the Transmitting Square and found a few youths. These youths were usually there as guides to guide the people who had just arrived and provide them with some information about the Divine Tripod Imperial City.

Just then, a skinny boy noticed him and Chen Xiang immediately waved at him. Just as that skinny boy was about to run over, a few youths near him ran over like a swarm of bees, running in front of him.

Seeing that his business had been snatched away, the skinny boy could only hang his head in disappointment and return to his original spot.

Chen Xiang did not pay attention to the group of youths who came first, but instead walked towards the skinny and weak youth. He could tell that even though this youth looked small and skinny, he was still extremely quick-witted, otherwise, he would not have discovered that he needed a guide the first thing.

"How much will it cost?" Chen Xiang asked after walking over.

Seeing Chen Xiang walking over and even asking for the price, the skinny young man immediately stood up and spoke with strength: "Ten Shen Yuan stone s a day, ninety in ten days!"

"Ok, deal!" Chen Xiang smiled at him slightly.

"I am Ah Dong, how many days do you need me to take for?" The teenager politely smiled back.

When the other teenagers saw this, they immediately ran over, one of them was a bit stronger and dressed well, and one of them said: "Ah Dong, what are you doing here, you don't know anything about Divine Tripod Imperial City, get lost quickly, don't embarrass yourself here, the fee is so low, at least one

hundred Shen Yuan stone a day, do you want others to think that the guides of our Divine Tripod City are all cheap?"

This youth scolded at Ah Dong, and just as he was about to slap Ah Dong, Ah Dong dodged immediately. His reaction was extremely fast! Chen Xiang moved very quickly, grabbing onto the youth's wrist, and said with a cold face: "Don't go too far, what if I want Ah Dong to be my guide? I give him one thousand Shen Yuan stone a day, what can you do about it? "
