[Chapter 2121](#)

The young man was grabbed by Chen Xiang very painfully, his face was flushed red, and he was also in shock, but he shouted instead, "You, a foreigner, don't know our rules? Attacking in front of the street is courting death! "

"Big brother, let him go!" Ah Dong anxiously pulled on Chen Xiang's clothes: "He is Murong Tian's man, it would be bad if Murong Tian did not find him."

When Chen Xiang let go of the youth, he had even strongly pushed him, causing him to fall on his butt. The youth instantly cried, his face full of hatred, and even clamored for someone to take care of Chen Xiang.

Chen Xiang hated people who relied on others the most.

"Ah Dong, take me to this pill shop to take a look." Chen Xiang said, then handed over a Storage bag, with three thousand Shen Yuan stone inside.

When Ah Dong saw it, he was so shocked that he couldn't move anymore. He never thought that Chen Xiang would really give him this many Shen Yuan stone!

"This... Brother, didn't you overdo it? I only accept ten Shen Yuan stone for one day. " Ah Dong said: "How many days did you give them to me?"

"Three days!" Chen Xiang smiled at him, then patted his head: "Hurry up and go, I'll give as much as I can previously, you better not refuse me. This is equivalent to forcing me to lie, I will be angry."

Ah Dong was extremely moved. When he saw Yue'er who stuck her head out from Chen Xiang's backpack, he couldn't help but reach out to touch her: "Thank you Big Brother, you are really a good person. This little kitten is so cute and beautiful, I have never seen such a pretty little kitten."

Yue'er was extremely happy to be praised. She mewed a few times, then returned to her backpack.

Ah Dong brought Chen Xiang and headed towards the medicine store. He knew that Chen Xiang was definitely very powerful and of high status, but he never thought that this kind of person would actually be so approachable, unlike those famous aristocrats he had encountered.

"Ah Dong, what's the situation in the Divine Cauldron Imperial City?" Chen Xiang asked. He had originally only been asking casually, and didn't really expect this kind of youth to tell him anything useful. However Ah Dong's following words caused him to be slightly shocked.

"Not bad!" The dozen or so first-tier Divine Kings in the Divine Cauldron Nation have all made a preliminary agreement. They are going to find the smallest way to determine the ownership of the throne. At that time, there will be no bloody purges, and no cruel battle for the throne will erupt before the bloody purges. " Ah Dong said.

"Is that true?" Chen Xiang asked. If that was really the case, then after the decision to become the emperor of the Divine Cauldron Nation was made, the power that the Divine Cauldron Nation retained would be the strongest.

"It's true, this is something released by the general director of Imperial Nine Palace, it must be true." Ah Dong said: "Don't underestimate me, I'm very well-informed!"

Ah Dong looked at Chen Xiang's bag and asked softly: "Big brother, that kitten is very special, and very powerful. I can feel it, but to be honest, I have a special ability that allows me to communicate with all kinds of small animals, so I can get the latest news from these small animals! Because Big Brother is a good person, that's why I told you. "

Chen Xiang suddenly felt that his 3000 Shen Yuan stone s were not for nothing. Ah Dong's abilities were indeed very strong, because when he was walking on the road, he already saw many little birds and monkeys scattered all over the place. These small animals were not expelled, and that whatever Imperial Nine Palace must have some of these little animals.

"What kind of place is the Imperial Nine Palace?" Chen Xiang asked.

"It's precisely the Imperial Palace. There's a total of nine great palaces, and the Imperial Nine Palace's general director is a Third Rank Divine King. The words he says are definitely true." Ah Dong said, "And all the first-tier Divine Kings who had the power to fight for the throne are within the Imperial Nine Palace. Originally, there were fifteen, but for some reason, more than half of them retreated.

Chen Xiang nodded. "Did those retreating Divine Kings secretly support the other Divine Kings?"

Ah Dong shook his head: "No, the reason they left was to prevent their own people from getting settled. When they withdrew, they all said that they would be loyal to the new Divine Cauldron Supreme Lord."

Suddenly, Chen Xiang felt that this Divine Cauldron Nation was different from the others. The other Divine Nations s had started to fight, fighting to the death with each other, but this Divine Cauldron Nation was able to sit down and talk about who should hold the throne. He felt that this might be related to the influence of the Divine Cauldron Supreme Lord. The Divine Cauldron Supreme Lord had many secrets, and it was still a mystery whether or not he had told everyone the secrets of the Heavenly Divine Lord.

"Amongst these seven first-tier God Kings, are there any Goddess Kings?" Chen Xiang asked.

"Yes, this Goddess King is amazing!" Big Brother, you must have heard of her, right? Her name has shocked the entire Nine Gods Nation, and after so many years, this time, many people think that she might very well become a female Divine Lord. " Ah Dong said.

"This... I came out of the mountains. I've never heard of it. " Chen Xiang smiled awkwardly: "Can you tell me how powerful this Goddess King is?"

"Her name is Xiao Yulan, she has a very powerful Heavenly Jade Divine Cauldron, so her Divine King title is also called Jade Cauldron Divine King. Although she has a very powerful Divine Cauldron, her Divine Cauldron isn't for refining nor refining pills, it's for killing people." Ah Dong said: "What she did shocked the most was during the competition between Divine Nations and Divine Nations's princes and daughters. Because she was taken advantage of by the other party, she became so angry that she directly blasted the other party to death."

"The person who was killed was a first-tier Celestial King, and one that was extremely famous. He was a heavyweight of a major power. Although the Divine Lord s of the two great Divine Nations knew about

this matter, they would not interfere in matters concerning the younger generation! After that, Xiao Yulan had a conflict with the Divine King's power and he destroyed all of them by himself. Yes, that Divine Nations is called Divine Nations Jiuyang. "

"How powerful!" This meant that she had a great advantage while fighting for the position of emperor, but why did she need to capture Xue Xianxian and the others to repair that damaged cauldron?

Chen Xiang thought about it carefully and he couldn't help but be shocked. He felt that there was only one possibility, and that was that Xiao Yulan wanted to borrow the cauldron left by the Divine Cauldron Supreme Lord to fight against the other Divine Nations s.

The other Divine Nations s were currently in a state of chaos. Even if a new Divine Lord was created, one of them would be severely injured, and the one who was more difficult to deal with would be the other party's Great National Master. However, if she was able to repair that cauldron and increase Xiao Yulan's power, it was not impossible for her to eliminate the other Divine Nations s.

"What a scary woman!" Chen Xiang felt that he could guess correctly.

[Chapter 2122](#)

Ah Dong brought Chen Xiang to a pill shop that had a smaller shop. The decorations of the shop were very normal, but very lively. Chen Xiang went in to take a look, and found out the reason why the shop was bustling, because the pills that were sold here were all of a lower quality and of a lower quality, but the price was very cheap, and were welcomed by some of the poorer people.

Chen Xiang judged from the pills being sold here that Divine Pills were relatively expensive even in the Nine Gods Nation, especially those with good quality. As for the high quality Divine Pills, even if the shop didn't have them, he couldn't refer to them.

"Ah Dong, is there any way to enter the Imperial Nine Palace? I want to meet that Xiao Yulan. " After Chen Xiang walked out of the shop, he said to Ah Dong in a low voice.

Ah Dong was slightly shocked as he shook his head, "It's very difficult to find a Divine King like him would only show up once or twice! Many powerful Supreme Gods would find it hard to even meet this sort of Godking, much less us! Unless a Divine King level expert introduces her, it is impossible to see her. "

As Ah Dong was speaking, he saw a few youths bringing a large group of people as they aggressively walked forward. These youths were the ones that were bullying Ah Dong earlier, and one of them had even been forcefully grabbed by Chen Xiang by the arm.

"It's Murong Tian!" Ah Dong said as he pulled Chen Xiang along, "Big Brother, let's quickly run. Murong Tian is not someone to be trifled with. With his nine Divine Deity, all he is missing is a Supreme God Pellet to condense the tenth Divine Deity and step into the realm of the Supreme God."

"We didn't do anything shameful, why do we have to run? They are bullying people, yet they are still looking for a backer. This is completely unreasonable, so there is no need for us to be afraid of them. " Chen Xiang looked at Murong Tian. This Murong Tian was a youth, he had a white and delicate pointy face, the clothes he was wearing all looked to be very good materials, it was the more expensive type, I could tell that he was relatively rich.

"That's him!" The youth whom Chen Xiang had caught pointed at Chen Xiang from afar and loudly shouted, "Boss Murong, this guy is extremely arrogant and does not place you in his eyes at all."

Chen Xiang wore a very simple set of black clothes. His skin was a little black, and he looked tall and wide. Even though his face was extremely handsome, in Murong Tian's eyes, he was far less handsome than himself.

"Ah Dong, I heard that you broke the rules again, so your asking price is lower than ours! Is my skin itchy? Come over here and let me teach you a lesson, so that you can remember better. " Murong Tian walked over quickly and said fiercely to Ah Dong.

Ah Dong clenched his teeth, and was about to walk over, but Chen Xiang suddenly stopped him on his shoulder, and after being pressed down, he was unable to move, he wanted to walk over, but was unable to do so: "Big brother, let me"

"Ah Dong, I remember you have a grandmother who is about to enter the coffin ..." A youth said with a sneer, "Do you want her to die faster?"

Chen Xiang frowned, anger rising, these people actually threatened Ah Dong!

Ah Dong was weak to begin with, and he could not snatch away other youths. In addition, if he wanted to earn Shen Yuan stone s, he would have to be a lot lower than others! But Murong Tian did not allow his price to be lower than these youths.

"Big brother ..." My grandmother is my only family, so just let me go, and I will return the Shen Yuan stone to you. " Ah Dong said as he clenched his teeth. He knew that Chen Xiang was a good person, but he didn't want Chen Xiang to offend Murong Tian for him. After all, Chen Xiang had just arrived at this unfamiliar place, provoking the evil bullies here would only harm him for the future.

Chen Xiang still pressed him down, and did not let him walk over. She coldly swept a few of the youths with her gaze, and then looked at Murong Tian. How did Ah Dong provoke you guys? Why did you bully him like that? If you are human, you should help him, not bully him like this. "

"When Ah Dong works in my territory, if he broke the rules, he would be punished! It's none of your business! " Although Murong Tian saw the ice-cold expression on his face, he wasn't afraid at all. This was because he felt that he had some face here, and furthermore, he had brought a few people with him.

"Get Ah Dong to come over and beat us up, or you will be beaten to a pulp!" A young man shouted. It was obvious that they often bullied people and were already used to being domineering.

Chen Xiang coldly snorted and used the power of space. He teleported the speaking youth right in front of him and then sent him flying with a slap to the face. Chen Xiang's body struck the other youths and knocked them all down!

"I never talk nonsense when I want to hit people, especially people like you who want to hit me." Chen Xiang's voice carried a tone filled with anger. The teenager who was slapped by him did not faint, but his entire face was ruined. He covered his face and screamed in pain.

"You ... You hit my people, you're courting death. " Murong Tian felt that his dignity had been tamed, and he actually dared to hit his subordinates in front of him.

Just a moment ago, they saw that Chen Xiang had revealed a move and felt that Chen Xiang's skills were not bad, and the people who had been around often also had a better understanding of Murong Tian, they were very curious, who exactly was so reckless, and dared to provoke Murong Tian.

Just as Murong Tian took a step forward, his vision suddenly darkened, and he appeared in front of Chen Xiang! He was very clear that Chen Xiang was using spatial energy, but he did not expect that he would actually be so easily controlled by someone else. It could be said that the other party had quite the strength, and he originally thought that the youth was too weak, so he was taken over by Chen Xiang, but he did not expect him to be like this.

Murong Tian also possessed quite a good consciousness. He discovered that when he was in front of Chen Xiang, he had immediately activated the powerful Mysterious power in his body. Just as he was about to strike out with his palm, he discovered that his body was surrounded by a few water dragons and could not move.

"You like to bully people, don't you? Today, I will bully you! " When Chen Xiang was speaking, he had already slapped him over ten times. The "pa pa pa" sounds were clearly heard by everyone on the street and every slap was enough for blood to fly out of Murong Tian's mouth.

Ah Dong was completely dumbstruck, he did not think that Chen Xiang would actually make a move, and a very heavy one at that, he had already reached the point where there was no room for mediation. After Murong Tian had slapped him more than ten times, although his heart was filled with rage, he could not retaliate.

"Get the hell out of my way!" Chen Xiang fiercely stomped his foot on Murong Tian's abdomen, and leaped towards the group of people brought along. When those people caught Murong Tian, they all felt a strong burst of force, and almost fell to the ground.

"Ah Dong, quickly bring me to see your grandmother." Chen Xiang said to Ah Dong, to prevent them from taking revenge on Ah Dong.

[Chapter 2123](#)

Ah Dong who was in a daze reacted, hurriedly nodded, and then started to run.

Ah Dong did not have any residences in the Divine Tripod City, so he built a small hut in a forest near the city. When Chen Xiang followed him to the small cabin, he saw an old granny lying on the bed.

"Grandmother, I've stirred up trouble. I need to leave this place as soon as possible." Ah Dong said to his grandmother with a face full of helplessness and guilt.

This elder opened her eyes and her eyes were incredibly bright. Although her hair was white, the skin on her face was as tender as jade. It was obvious that she was an elder with a certain cultivation base, but for some reason, she was bedridden.

"Did Ah Dong damage anything you do? How much do I have to lose? " The old granny's voice was very weak, as if she was using all the strength in her body to speak.

"She's poisoned!" Yue'er stuck her head out from her backpack and said softly.

When Ah Dong saw Yue'er speak, he was shocked. "Little Cat spoke!"

Chen Xiang smiled at him slightly: "She knows how to speak to begin with, heal your grandmother first! This isn't a serious illness, it's just that she was infected with a powerful poison! "

Chen Xiang took out a blood-red pill. This was an antidote pill refined with his blood, it could cure many different poisons, he didn't know whether it was effective or not.

"Let your grandmother eat it!" Chen Xiang passed the antidote pill to Ah Dong.

When Ah Dong passed it to the old man's mouth, she did not open her mouth and said weakly: "Ah Dong, who is this person? Could it be to harm me! "

"No, he saved me. Otherwise, I would have been beaten to a pulp by Murong Tian and the others." Ah Dong said, he was certain that Chen Xiang was a good person and would never harm him. "Grandma, believe me, just eat this!"

The old granny looked at Chen Xiang with her pair of eyes that were filled with doubt and brightness. Chen Xiang smiled at her slightly, "Senior, just eat it! All these years that Ah Dong had been bullied around, if your poison was cured, he wouldn't have to go through so much trouble. "

Chen Xiang was sure that this old granny had extraordinary strength!

When the old granny saw the frail Ah Dong, her eyes filled with tears. How could she not know that Ah Dong had been bullied? She was just powerless as she opened her mouth and swallowed Chen Xiang's antidote.

Not long after, she regained her spirit and her face had regained its color. Moreover, there was black smoke coming out from her body. The antidote pill had already taken effect and was rapidly detoxifying.

"Thank you. My poison has finally been dispelled. After more than ten years, I had thought that I would die just like that." The old granny sat up, could use her own energy to cooperate with the detoxification.

"What did you do?" the grandmother asked.

"Beat Murong Tian up. I was worried that he would send people to take revenge on you, so I asked Ah Dong to bring me here!" Chen Xiang said: "If you're well, you shouldn't be afraid of Murong Tian, right?"

"Of course not!" The old granny looked at Chen Xiang, "Who the hell are you? I have never seen that Detoxification Pill before, and it can even dispel the strange poison in my body. "

"I'm from somewhere else, and you don't know the name." Chen Xiang smiled blandly: "I am actually quite curious about Senior's identity. Senior's strength is definitely not weak, if not, if you were to be poisoned, you wouldn't have persisted for so long."

Chen Xiang patted Ah Dong's head and laughed: "In the future, Ah Dong will not have to suffer, it's still not too late for him to start cultivating."

"I am sorry, Ah Dong!" The old granny let out a long sigh as she looked at Ah Dong lovingly. At this time, Ah Dong's face was full of tears.

This old granny had recovered very quickly and was now able to stand up. She took out a few godly pills to eat and was able to restore the vitality she had expended over the past ten years.

"Thank you so much, you saved my, Yin Ting's life." After Yin Ting recovered, she immediately thanked and bowed to Chen Xiang. Although she was an old lady, her actions were extremely elegant, and it was obvious that she was an extremely beautiful woman when she was young.

"There's no need to be polite, it's just a small matter." Chen Xiang laughed.

"Grandmother, big brother wants to see the Jade Cauldron Divine King. Do you have a way?" Ah Dong could feel that Chen Xiang was heading towards the Jade Cauldron Divine King, he was very sensitive in this regard, although Chen Xiang seemed to be speaking casually.

Just as Yin Ting wanted to answer, he suddenly frowned and said coldly: "Someone is approaching, so it should be Murong Tian's father. It's time to settle the score with them."

Chen Xiang looked through the window and saw Murong Tian, as well as a middle aged man who looked very similar to him. There were a lot of people coming, some were even a few dozen.

"Ah Dong, I know you're inside, there's also that bastard who injured me, hurry up and come out, I can spare your lives!" Murong Tian roared.

When he finished roaring, the door opened, but the ones who came out were not Ah Dong and Chen Xiang, but the white-robed Yin Ting!

Seeing Yin Ting flying out, the face of the middle-aged man beside Murong Tian immediately changed. He seemed to know Yin Ting's strength and also know about the matter of Yin Ting being poisoned.

Although Yin Ting was old, he was extremely agile. After flying, he arrived beside Murong Tian in the blink of an eye and struck him with her palm. With a thunderous explosion, Murong Tian's body exploded into a burst of light and then disappeared, while the air was filled with the smell of burnt flesh.

Murong Tian was actually killed by Yin Ting's palm strike! Chen Xiang and Ah Dong were shocked, Yin Ting's strength was stronger than what Chen Xiang had imagined!

"Murong Hua, long time no see!" "Your son has become quite amazing. He looks like he misses you as well. What a good seedling." Yin Ting sneered.

Murong Hua was infuriated. So what if he was a good seedling? He had already been killed.

"You ... How did you cure yourself of the poison? " Murong Hua took a few steps back, but he suddenly couldn't move. At this moment, the group of people that came with him started to run, but before they got far, they were all charred black by the lightning and fell to the ground dead.

"My poison was poisoned by you, I really didn't expect it! "You're so vicious, aren't you trying to threaten my old man so that you won't kill us?" Yin Ting immediately slapped his palm towards Murong Hua without waiting for him to reply. Using his powerful lightning divine power, he struck Murong Hua dozens of times consecutively, turning him into dust.

Chen Xiang never thought that this seemingly elegant old man would be so violent and decisive when he attacked!

"After lying down for more than ten years, she has become much weaker." Yin Ting looked at the charred corpses around him, let out a soft sigh, and then, gently flew back.

"Grandmother, you're so awesome!" Ah Dong opened his eyes wide, and said with a face full of worship.

"Kid, you'll be even stronger than me in the future!" Yin Ting laughed and led Chen Xiang and his sister into the house.

After Yin Ting entered the room, he looked at Chen Xiang with a serious expression: "Why do you want to see Jade Cauldron Divine King?"

[Chapter 2124](#)

Chen Xiang's origins were very mysterious, and Chen Xiang could see it. Furthermore, she had a very strong wife, but she didn't return, so Murong Hua poisoned her in order to force her and Ah Dong to hand over whatever it was that threatened her.

"I found out from Ah Dong that she was strong because I wanted to personally witness her elegance! Of course, this is just something I said casually, I can't take it to be true." Chen Xiang said with a smile. He had considered this for a while, and before he understood Yin Ting's identity, he could not tell anyone about Xue Xianxian and the others being taken away.

He felt that Xiao Yulan wanting to repair that mysterious cauldron should be a secret. If this was known to others, perhaps even Xue Xianxian and the others would be in danger, because they were the only Refiner who could repair that cauldron.

"Grandma, big brother came out from deep in the mountains. He's very curious about everything here! Let alone him, even I want to see the true appearance of Jade Cauldron Divine King." Ah Dong laughed.

Yin Ting also didn't ask about Chen Xiang's origins, she also felt that Chen Xiang was very mysterious, but she could clearly tell that Chen Xiang was a good person. This was all a great favor to her.

"If you really want to see her, I can try, but I can't guarantee that you'll be able to see her! Of course, if you want to talk to her, that's going to be difficult. Yin Ting said: "I used to be a female servant by her side, but this has happened a long time ago. I wonder if she still remembers me."

"Oh?" Chen Xiang never thought that Yin Ting would actually be a female servant by Xiao Yulan's side. No wonder he was so powerful.

"Princess really needs someone by her side right now, I can see that. If you are really outstanding, you might be able to stay by her side and work for her! The princess has always been very good to her own people, I can guarantee that." Yin Ting said.

"She is a first-tier Celestial King, and those around her are at least Third Rank Divine King!" Chen Xiang replied, "I don't have that capability, I'm not even a god now."

"If you want to be by her side, you have to at least be a king level expert, not to mention a god." Yin Ting replied: "As female servants, we didn't have too high of a requirement for strength back then. Yin Ting said.

Yin Ting looked at Chen Xiang who was completely confused and immediately knew that Chen Xiang was not aware of the difference in strength. She explained: "After condensing ten Divine Deity, one would become a god, twenty would become a god and thirty would become a god. I am now a god with twenty Divine Deity."

Chen Xiang was secretly shocked, this Yin Ting was actually an expert with twenty pieces of Divine Deity, and this was just a maid by his side!

"This is the jade token the princess gave me back then, she said that if I had any problems in the future, I could come and find her, but I've never used it, after all, I feel that after leaving her side, I shouldn't bother her, not to mention the things that I did provoke, I'm even more unwilling to find her." Yin Ting passed over the jade tablet to Chen Xiang: "Many years have passed, I don't know if this jade tablet will still be of use to you, but you should give it a try first. If it doesn't work, then take the second method."

"The second method?" Chen Xiang took the jade tablet. This Yin Ting had a lot of connections, after all, he had followed Xiao Yulan around for so many years.

"You can think of a way to find the Imperial Nine Palace's general director. He's my old lover, so tell me my name. Yin Ting caressed Ah Dong's head, Chen Xiang suddenly understood that this Ah Dong could very likely be the grandson of the Imperial Nine Palace's Great General Manager.

"I want to bring Ah Dong and leave this place. If fate wills it, we'll meet again in the future." Yin Ting looked at Ah Dong with a complicated expression. When she looked at Chen Xiang, she thanked him yet again.

After Yin Ting and Ah Dong bid farewell to Chen Xiang, she brought Ah Dong and disappeared into the forest.

Chen Xiang was a little troubled, he did not know what he should do first. After thinking about it, he decided to follow Yin Ting's instructions and contact him with his jade tablet.

He sent his divine sense into the jade tablet, and said: "I was introduced to you by Senior Yin Ting, I want to follow Jade Cauldron Divine King!" After the message was sent out, he strolled around the city by himself. He wasn't sure if he would be able to get a response to that.

Although that jade tablet was given to Yin Ting by the Jade Cauldron Divine King, Xiao Yulan, he felt that it was definitely not something that Xiao Yulan would personally return.

Chen Xiang was currently very weak, especially in front of a strong expert like Xiao Yulan who possessed eighty percent of his Divine Deity. If he wanted to save Xue Xianxian and the others, he could only try to get to Xiao Yulan's side first and look for an opportunity.

Chen Xiang only waited for more than two hours before he received a reply. It was a woman who wanted him to head to the Jade Cauldron Pavilion in the Divine Tripod City tomorrow morning!

Chen Xiang asked around and found out that this Jade Cauldron Pavilion was a shop that specialized in selling Divine Pills and Divine Cauldrons. He didn't even say what his specialties were when he told him to go to such a suitable place.

He found an inn to stay in and bought some decent looking clothes. After that, he tidied up his appearance to make himself look a bit more neat and handsome.

"I haven't seen such a person in a long time." Chen Xiang looked at himself in the mirror and laughed.

"I wonder if you can bring me in when the time comes. If not, then I'll wait for you outside." Yue'er said. Chen Xiang's goal was definitely to enter the Imperial Nine Palace. Xue Xianxian and the others must be in a secret location inside.

"Definitely, Ah Dong said that there are a lot of small animals inside." Chen Xiang patted her head, and laughed: "Furthermore, it is not so easy to enter now, I will definitely have to stay outside for a period of time to observe."

On the second day, Chen Xiang went to the Jade Cauldron Pavilion!

This shop named after a Jade Cauldron must have received a lot of attention from Xiao Yulan. Just by looking at the front, Xiao Yulan could tell that this row of shops occupied the entire street, and were even over a hundred floors tall.

After Chen Xiang came inside, he took out the jade tablet once again and said that he had arrived at the Jade Cauldron Pavilion.

The one who came out to greet him was a short woman. She looked somewhat fierce, and her expression was cold, but she was very beautiful. Her tone of voice didn't cause any discomfort, probably because that was how she was born.

"Was it introduced by Yin Ting? Show me your jade tablet!" The tender Xiao Linglong girl said.

Chen Xiang passed over the jade tablet. The other party checked it and nodded his head, then took the jade tablet and put it away. It seemed that the jade tablet was already invalid.

"Follow me!" The woman turned and brought Chen Xiang to a door in the hall. There was a staircase there.

When Chen Xiang came in, he saw that there were a lot of people here, most of them came to buy divine pellets, but the hall was empty, there was nothing inside.

[Chapter 2125](#)

Just as Chen Xiang had expected, it was impossible for him to see Xiao Yulan even if he took the jade tablet that Yin Ting had given him. In the past, there used to be a group of people responsible for this kind of thing to receive his old subordinates, and Xiao Yulan would usually not ask about it, unless it was something very special.

Chen Xiang followed the petite girl to a secret room. There was a set of seats and the woman invited Chen Xiang to sit. Then, she politely poured him a cup of tea.

"Don't be so nervous." Her face was ice-cold, but the tone and voice she used was very gentle, giving people a strange feeling from now on.

After the lady saw Chen Xiang take a sip of tea, she asked: "What's your name?"

Just as Chen Xiang wanted to answer, he found out that his mind was a little dizzy and his mind was in a daze. He had wanted to say a fake name, but in his heart, he strongly requested for him to say his real name, and after he suddenly sensed it, he immediately activated the Heavenly Alchemy to refine the special power that did not belong to him.

"Shen Fei!" Chen Xiang said this very naturally. The woman also believed him and nodded.

Chen Xiang secretly sighed in his heart. He did not think that the tea that he had just drank would contain such a powerful object that could make him speak the truth.

This was also understandable, because the people who were recruited had to be absolutely loyal. After all, they might be able to get close to Xiao Yulan in the future, and had to be strict with him.

Chen Xiang drank another mouthful of tea. This was to prevent the opponent from becoming suspicious, after he drank it, he would refine the mysterious power, and this way, it would not disturb him.

"Why do you want to follow Jade Cauldron Divine King?" She gazed into Chen Xiang's eyes. This gave Chen Xiang a lot of mental pressure, and Chen Xiang, after all, was someone who had experienced great trials, so this sort of simple method was not difficult for him.

"Because I feel that the Jade Cauldron Divine King will become the new Divine Lord. As long as I follow her now, I will definitely soar to greatness in the future. I also heard that she has an unparalleled beauty in the world, so following such a beauty is also not a bad thing." Chen Xiang said.

"What is your relationship with Yin Ting? Why would she hand over such an important jade tablet to you?" The woman asked again, she had to know Chen Xiang's origin, the reason Chen Xiang said he wanted to follow the Jade Cauldron Divine King was also very reasonable, the woman did not suspect anything.

Her grandson is called Ah Dong, and he was bullied by someone called Murong Tian! After I helped Senior Yin Ting cure the poison, Senior Yin Ting killed Murong Tian and his son. She knew that I wanted to become a subordinate of the Jade Cauldron Divine King, so she gave me the original skin for the sake of increasing my strength greatly. " Chen Xiang was not lying.

The girl seemed to know about this too. She nodded and asked, "Where are you from? It shouldn't be from the Divine Cauldron Nation, because you don't know anything about Murong Tian. "

In just one day, the woman had investigated many things, so she knew about this point. When she attacked Chen Xiang, she had even attacked in front of so many people, it was very easy to find out.

I came from a mountain range, I grew up inside until my grandfather said that the outside world might become a chaotic world. He let me take this opportunity to go and gain some experience, and then he left the mountain range by himself. Chen Xiang definitely wouldn't say that he came from the Nine Heaven World, because Xue Xianxian and the others were people who had just been kidnapped in the Nine Heaven World.

The woman thought about it and felt that there was nothing suspicious about it. It was normal for a man who came running out from the mountains to worship the Jade Cauldron Divine King after hearing about her.

"Who is your grandfather? "What's your name?" The woman asked again.

"Shen Tianyuan!" Chen Xiang randomly made up a name.

The woman had never heard of this name, but she would check if there were any hidden experts, so it was not strange for Chen Xiang to say that he came out from deep inside the mountains.

"What are you best at?" The woman asked, "If you tell me, I'll arrange something for you."

"Pill refining and killing demon beasts!" It's fine to kill people, you're just like a demon beast. " Chen Xiang said, but at the same time, he raised his cup again, and was about to drink the tea inside, when the lady snatched the cup away.

"This tea is cold, I've just poured it for you." The lady changed a pot of tea and poured Chen Xiang another cup. After Chen Xiang finished drinking it, he knew that there was nothing else in the cup of tea.

"What rank pill will you refine?" The woman was a little surprised. If they were hiding deep in the mountains, the resources needed to concoct pills would not be much. The path of alchemy was very difficult, and without the pill formulas, it would be difficult to grow.

"Zhongpin Dan!" Chen Xiang said: "I'm almost able to refine a Shangpin dan."

She thought that Chen Xiang was just a brat, she didn't think that he could actually refine Zhongpin Dan s! This kind of young Alchemist was always very popular wherever he went. Even if it was the large groups under the Jade Cauldron Divine King's command, there were still less young Alchemist.

"Is that true?" The lady was a little doubtful, because Chen Xiang did not drink the tea that was filled with the truth. The one that he drank previously was already dead.

"Then Big Sis, do you have any Zhongpin Dan s' ingredients? I will try to refine a cauldron for you to see. If you fail, I will use the Shen Yuan stone to compensate you with your divine medicines. " Chen Xiang said confidently. When he was refining the Zhongpin Dan, he had even comprehended a "Spirit Strengthening Technique".

When the other Alchemist s were refining Zhongpin Dan, they would normally need a large amount of Holy Pellets as support, but Chen Xiang did not. This was all because of the Spirit Strengthening Technique that he had comprehended from the Heavenly Alchemy.

"Alright!" The woman took out five different coloured fruits from a Storage bag and asked: "Do you know these divine fruits? Do you know what kind of divine pill this is? Do you have a pill formula? "

"Five Elements Divine Fruits can be used to refine Five elements Dan s, and it is one of the most beloved Divine Pills for Divine Cultivators of the Five Elements with ten Divine Deity and higher. I don't have the recipe, but can you give it to me?" Chen Xiang said. Actually, he did not need a pill formula to concoct one, he just wanted to hide this heaven defying ability.

"This is a pill formula!" The woman passed Chen Xiang a jade token. "Even if you don't become one of us in the future, this pill formula will still belong to you."

After all, it was Yin Ting's jade tablet. This could be considered as help to Chen Xiang.

Chen Xiang took the jade tablet, pretended to read the contents seriously, and asked: "Big sister, if I am outstanding in pill refining, will I be able to see Jade Cauldron Divine King?"

[Chapter 2126](#)

"If it was in the past, it would definitely not be possible! But right now, there might be a possibility that the Jade Cauldron Divine King needs an outstanding Alchemist. If you are able to refine Shangpin dan, I can tell you with absolute certainty that even if you cannot immediately see the Jade Cauldron Divine King, you can still enter the Imperial Nine Palace and meeting the Jade Cauldron Divine King is only a matter of time. " The woman understood Chen Xiang's feelings very well, because she had also walked over like this back then. She was a woman herself, and she worshipped such a powerful woman like Xiao Yulan.

"I don't have the Shangpin dan's pill formulas, if not I could let you see it right now." Chen Xiang said.

"I don't believe it! If you don't have a pill refining method, then you must have never refined a Shangpin dan before, how could you succeed? Usually, when you are learning to refine higher level divine pellets, you will have to go through a process of failure. This process is very long. " The woman said.

"Wait till I refine this Zhongpin Dan! I'll definitely think of a way for you to believe it when the time comes. " Just as Chen Xiang wanted to take out his pill furnace, he immediately thought that this furnace was refined by Xue Xianxian and the rest, and such a method was easy to see through, when Xiao Yulan finds out, he would not be able to reveal his identity. Before he was certain whether Xiao Yulan had any ill intentions towards Xue Xianxian and the others, he could not reveal his identity.

"Why haven't you started?" the woman asked.

"I don't have a pill furnace!" Chen Xiang's answer made the woman's ice-cold face even colder.

"Sorry, I sold the pill furnace because I was too poor! Elder sister, you can give me any pill furnace as long as it's not too bad. I just want to borrow it. I don't need yours. " Chen Xiang said in embarrassment.

The woman snorted: "Alchemist normally sees a pill furnace as his second life, but you sell your own pill furnace. Are you still a Alchemist?"

Chen Xiang grinned: "My master said that the real Alchemist uses the heaven and earth as its furnace, as long as there is a furnace in your heart!"

The woman was a little angry. She took out an ordinary pill furnace and wanted to smash it onto Chen Xiang's little face. She really wanted to shout at Chen Xiang: "Without a pill furnace, what the hell are you going to be?"

After Chen Xiang received the pill furnace, he immediately expressed his thanks. If not for the fact that he did not want to scare the girl in front of him, he would have immediately used the Magic method furnace.

After taking the pill furnace, Chen Xiang lit a fire inside the furnace, then took the five Invisible Divine Fruits and started to refine pills.

"Do you even know how to forge pills?" What nonsense! "You didn't follow the instructions in the pill formula at all, and you didn't prepare the commonly used supplementary sacred pills?" When the lady saw that Chen Xiang's steps in refining the Zhongpin Dan were messy, she could not help but say it.

"Sister, what's your name? You should have a lot of power in this Jade Cauldron Pavilion!" Chen Xiang asked.

"Xiao Baifeng, I am not working in the Jade Cauldron Pavilion. I am just borrowing this temporarily." Xiao Baifeng looked at the Five elements Dan's pill formulas, and the steps for Chen Xiang to refine the pill did not follow the instructions on the board at all: "One Five Elements Divine Fruit costs five hundred thousand Shen Yuan stone, these five are worth two million and five hundred thousand, you even sold the pill furnace, are you worthy?"

"I can't afford it!" Chen Xiang laughed, "Big Sister Baifeng, are you a phoenix?"

"Humph!"

Xiao Baifeng did not expect Chen Xiang to answer her in such a way. She felt that it was like a meat bun beating a dog, and thought that these five Divine Fruits had been wasted. She silently berated herself, if Chen Xiang had continued to drink that tea, which was spouting truths, Chen Xiang would not casually brag about it.

"I am human! The princess gave me the name. She raised me." Xiao Baifeng said: "If you fail, I will not blame you. Just consider it my misfortune, and give this pill furnace to you."

"Thank you, Elder Sister Bai Feng!" Chen Xiang giggled and then took out a jade bottle. He controlled the flames with one hand and poured the delicious juice with the other. This was what Huang Jintian gave him back then, and he copied a lot of it later on.

"I'll give it to you to drink!" Chen Xiang handed it over.

"Are you refining pills?" Xiao Baifeng could feel the flames inside the pill furnace, but Chen Xiang was currently smiling mischievously and even poured wine for her, it did not seem like a pill refining at all. Previously, when she had brought Chen Xiang in, Chen Xiang had given her a good impression and looked very serious, but now ... But it blew her up.

"Of course! I will begin now!" Chen Xiang immediately closed his eyes. Then, with a stern face, he did not say a word.

When refining Zhongpin Dan, one would need the Spirit blood within the various divine medicines to reach a very uniform level of fusion. Otherwise, if the Spirit blood was a little unstable, it would cause an explosion! When the other Alchemist s refined these divine medicines, they would use some of the supplementary sacred pills to increase the quality of the divine medicines, allowing them to balance out several of the divine medicines.

Chen Xiang didn't need it either. He used the Heavenly Alchemy's method to mobilize the power within the Divine Sense Sea to directly enhance the quality of the Spirit blood. At the same time, he also increased the quality of the divine medicine itself! In this way, he wouldn't need the help of such a cumbersome Holy Elixir.

Right now, what he wanted to strengthen was the five element Spirit blood, which was simply too easy for him. This was because the Six Realms' Power contained the energy of the five elements the most, so he quickly allowed the five Spirit blood to reach a balanced level. At the moment, only an hour had passed.

Seeing Chen Xiang becoming serious, Xiao Baifeng was not as angry as before. She even picked up the juice Chen Xiang poured for her to drink, and after taking a sip, she felt that it tasted good, and finished it all without realizing it.

Two hours later, Chen Xiang had already begun to condense the pellet. He was just casually refining, to be able to condense four pellets, if he was serious, he himself would not know how many pills he could condense, but it was definitely more than what he could condense now.

"Elder Sister Bai Feng, I heard that those around Jade Cauldron Divine King are at least twenty years old. How about you?" Chen Xiang was very curious, he knew that Xiao Baifeng was strong, but he was unable to see her strength accurately.

"I am a thirty Divine Deity Great Saint!" Xiao Baifeng's face darkened: Continue to refine your pill!

"So powerful!" If I pass your test, will I become your subordinate? This is good too, I'm not afraid of being bullied. " Chen Xiang laughed.

"That may not be so. There are many Divine Monarchs around the princess who possess forty to fifty Divine Deity s, but I was raised by the princess so I was taken care of by her." Xiao Baifeng glared at Chen Xiang: "Even if you become a subordinate, if you cause trouble, I won't help you take care of it. Hurry up and refine your pills!"

Just as Xiao Baifeng finished speaking, Chen Xiang took the lid off the pill furnace.

"Is it time to add an auxiliary Holy Elixir?" But this is not the time! " Xiao Baifeng was curious.

"No, I'm done!" Chen Xiang took out five colored pills from the furnace and threw them to her, smiling as he asked, "What's the quality? If you sell it, how much can you sell it for!?"

"This ..." When Xiao Baifeng saw the four colored pills fly over, she reached out her hands in disbelief and scanned them. When she held all of them in her hands, she could clearly feel the warmth of the pill being transferred into her hands.

[Chapter 2127](#)

Chen Xiang clapped his hands and laughed: "How is the quality?"

Xiao Baifeng opened her palm and looked at the four Five elements Dan s. Her face was filled with disbelief, and she was shocked speechless, and she was currently thinking about what tricks Chen Xiang could do, but she had been staring at Chen Xiang the entire time, and the pill furnace was also given by her!

Furthermore, these four Five elements Dan had also just come out, so she could be sure of this! However, a Alchemist like Chen Xiang who could even sell her pill furnaces, who was sloppy about concocting pills and did not follow the pill formulas when concocting pills, had now refined four Five elements Dan s!

"I only know that in the Divine Cauldron Nation, only the Great National Master is able to produce four Five elements Dan, but it seems that their speed is not as fast as you!" Xiao Baifeng looked at Chen Xiang from a new angle. She had already confirmed that these four Five elements Dan were refined by Chen Xiang, and he had refined them while chatting with her.

"This... Doesn't that mean I'm very powerful? " Chen Xiang pretended to be surprised.

Xiao Baifeng nodded, "Very powerful! Amongst the middle ranking Alchemist, you alone can match up to eighteen of them. You only need one set of medicinal ingredients and in two hours, you can refine four Five elements Dan s, while the other Alchemist need four sets of medicinal ingredients. Of course, there are a small number of young genius Alchemist s who are still inferior to you. "

"Oh!" Then can I become your subordinate now? " Chen Xiang laughed. Although this Xiao Baifeng did not know how to laugh, he knew that this little beauty had a very good heart.

Xiao Baifeng clenched his teeth and said: "Yes, you can follow me into Imperial Nine Palace! Once you're inside, you must listen to me and not run around inside. Otherwise, it's very easy for you to cause trouble. "

In Xiao Baifeng's eyes, Chen Xiang was a young, talented Alchemist, and her potential to grow up was very high. She might very well become a famous Pill God in the future, which would be of help to herself.

Chen Xiang followed Xiao Baifeng and entered a large carriage pulled by several lions, and then entered the Imperial Nine Palace that was like a city in a city.

This is your identity jade token! If someone asks you, show your jade tablet, and you will know that it's my, Xiao Baifeng's, people, and they will not do anything to you! Remember, don't cause trouble in there. Even I can't protect you if you provoke the royal daughter. Besides that, there are many royal relatives too. There are simply too many people who cannot be offended. For example, the subordinates of some of the Godking, and the disciples of some of the Godking ... "

Following that, Xiao Baifeng listed a lot of people that he could not offend, and sometimes, he might not even mess with some cats and dogs, because it was very possible that they were the pets of some royal girls.

"What a dangerous feeling, is there any trouble stepping on a flower?" Chen Xiang sighed.

"Not bad, accidentally trampling an expensive flower to death will cause trouble." Xiao Baifeng nodded seriously.

"Elder Sister Bai Feng, I really admire you for being able to stay in there for so long." Chen Xiang cupped his hands towards her, then took out his own backpack and grabbed Yue'er out: "Elder Sister Bai Feng, can I bring this kitten in? This is my little pet. It has been with me for many years. "

Yue'er was only a little bigger than a palm, and her entire body was completely white. Her neck was being pinched by Chen Xiang, and at this moment, she was waving her four short legs, meowing and calling her cute and adorable. Even the cold looking Xiao Baifeng couldn't help but to reach out and carefully hold Yue'er up.

"Of course you can!" Xiao Baifeng caressed Yue'er's palm affectionately.

Chen Xiang secretly despised Yue'er's cute little thing. He knew this little kitten's background;

"But you have to be careful not to let anyone else see! Especially those aristocratic ladies who like small animals. If they want to rob you, it will be troublesome. " At this moment, Xiao Baifeng was reluctant to return Yue'er to Chen Xiang.

"Elder Sister Bai Feng, why don't I temporarily hand it over to you? Those royal women wouldn't dare to ask for it from you, since you are one of the people by the Jade Cauldron Divine King's side." Chen Xiang said: "She is a special cat, you can't enter the Storage magic treasure, otherwise, you will die ... And she will say something. "

"Little thing, say a few words!" Chen Xiang used his finger to poke Yue'er's face. After Yue'er meowed a few times, she shouted, "Little Scoundrel, don't touch me!"

When Chen Xiang saw Xiao Baifeng laughing so happily, he also giggled: "Elder Sister Bai Feng, take good care of this little thing. She has been with me for many years."

"Don't worry!" Xiao Baifeng took out her own small backpack, looking much better looking than Chen Xiang's black bag. Yue'er, who was inside, also felt very comfortable, she understood Chen Xiang's intentions.

After Chen Xiang entered the Imperial Nine Palace, he definitely could not run around randomly, and Yue'er, who followed Xiao Baifeng, could get close to him.

The Imperial Nine Palace was surrounded by a nine-sided city wall. The inside of the wall was extremely huge, like a few huge cities.

When the car entered the gate, it stopped for a while. Someone then opened the car and checked inside to confirm the identity before letting the car continue on.

"Elder Sister Bai Feng, what do I need to do after I enter?" Chen Xiang asked.

"Stay at my residence for the time being. After that, I'll do my best to help you obtain the pill formula so that you can forge pills!" Xiao Baifeng said: "We are going to the Jade Cauldron Palace, one of them! Previously, it wasn't called Jade Cauldron Palace, but was now occupied by the princess, so its name was changed. "

"Since I'm in Jade Cauldron Divine King's territory, then am I not very safe? What are you worried about? " Chen Xiang laughed.

"Hard to say, there are a lot of women and children in the Divine Lord. His weaker children would usually join the princess, a first-rate Divine King. Hence, the princes and royal girls were all very strong, having the blood of the Divine Lord, adding on to that, their status and resources would make it impossible for ordinary people to compare to them. And you must know that people with such esteemed statuses normally look down on outsiders. "

"I understand. I've met many of these fellows as well!" Chen Xiang laughed. What he did not say was that after this guy provokes him, most of them will be killed by him.

Chen Xiang felt that the carriage sped up, and before long, Xiao Baifeng let him off.

"The environment is pretty good!" Chen Xiang looked around, it was a medium-sized courtyard with a pond and an arch bridge. The pavilion was right beside a garden, and although the green and soft lawn was the most, the courtyard was very big, but the houses were relatively small, it was only a hall and a few rooms.

"This is already the Jade Cauldron Palace, you must not leave this courtyard. When I have time, I will bring you around to familiarize you with this place." Xiao Baifeng brought Chen Xiang into one of the rooms: "There's a secret room inside. It's good as long as you refine pills inside, my place is very quiet, no one will come here."

[Chapter 2128](#)

Chen Xiang was a person who was very curious. He had come to the Imperial Nine Palace but was locked in this courtyard not able to leave, which made him very bored. Furthermore, he didn't know what he should do here.

"Elder Sister Bai Feng, can you find something for me to do? For example, if you can get me a better Shangpin dan's formula, it would be best if it can help with condensing Divine Deity!" Chen Xiang felt that Xiao Baifeng's position was not as low as she claimed it to be. Otherwise, she would not so casually give him a portion of the Five elements Dan's medicinal ingredients.

Xiao Baifeng said: "I will do my best to help you get it, the good pill formulas are all in the hands of the Great National Master, if I want to obtain the pill formulas from him, I need to pay a large amount of Shen Yuan stone s. But you don't have to worry, I will do my best to fight for it from the princess!"

"Elder Sister Bai Feng, tell me honestly, what is my alchemy level?" Chen Xiang asked: "I just want to know if I have the qualifications to see Jade Cauldron Divine King!"

"It's still not over yet. Wait till you refine the Shangpin dan, and the speed and number of pills you refine will be the same as the Five elements Dan. Then, I can assure you that the princess will definitely meet with you!" Xiao Baifeng said: "I can also tell her the pill refining ability that you have displayed and see if she will be interested in you, or if she will help you get a good pill formula."

Chen Xiang hurriedly nodded his head. If he had a good Shangpin dan, then he wouldn't have to work so hard to create it. At that time, he would also be able to rely on this divine pellet to make himself stronger.

His previous plan was to become stronger as soon as possible, because once the Nine Heaven World succeeded in evolving, he would face a huge danger. If he had enough strength to fight against the strong enemies that were eyeing him covetously, then he wouldn't need to be on guard and hide.

"Elder Sister Bai Feng, when will you be back?!" Chen Xiang saw that Xiao Baifeng had just turned around, and immediately grabbed her hand.

Xiao Baifeng suddenly flung Chen Xiang's hand away and looked at Chen Xiang in anger. Her hand had never been pulled by a man before.

"I'll be back tonight! You better not run around! " Although Xiao Baifeng was angry from the bottom of his heart, he did not express it.

Chen Xiang watched as Xiao Baifeng left with Yue'er, and laughed: "This woman seems to have never been touched by a man before, her reaction was so intense!"

There was a period of time between now and night, so Chen Xiang could not waste time. He anxiously took out some spirit liquid and started to copy the Bone level Dan's ingredients, which was one of the ways to quickly obtain more strength, and it was to cultivate more Bones.

When Chen Xiang entered the Imperial Nine Palace, because he was locked in this courtyard, he did not sense just how powerful the Imperial Nine Palace was.

However, he knew that Xiao Yulan was very strong. The female servant by his side had thirty Divine Deity and a lot of level 1 Divine Kings as subordinates. Chen Xiang believed that this Jade Cauldron Divine King would only need a small portion of power to completely annihilate all the powers in the Nine Heaven World.

"Qilian, you must become strong as soon as possible. These Divine Nations are really too scary!" Chen Xiang went over to the window and looked at the blue sky.

If he wanted to quickly obtain power, he could only constantly refine a large amount of high level pellets, and right now he lacked a good pellet of Shangpin dan. If he had a good pellet of Shangpin dan, he also had a goal, and he felt that collecting any pellets here was not a difficult matter, as long as he had Shen Yuan stone s, it would be fine.

At night, Xiao Baifeng returned, and Yue'er followed her. Initially, Chen Xiang was still a little worried that Yue'er would be sent out, since Yue'er was a very likeable little kitten.

"I have good news to tell you. It can help you gain the attention of the princess quickly!" Xiao Baifeng carried Yue'er out of the backpack and allowed her to freely fly. She felt that Yue'er, who was trapped inside that backpack, must be very uncomfortable.

"Elder Sister Bai Feng, drink!" Chen Xiang quickly brought her a cup of fruit juice.

After Xiao Baifeng sat down and took a big gulp, he said, "You should already know the reason behind the civil war in our Divine Cauldron Nation?!"

Chen Xiang nodded. "I do, but this is because the various great powers all want to fight for the throne with the least possible losses. This is a method that is based on peace."

"That's right, this point was suggested by the princess, and it's not that her strength is insufficient, but she's very clear, as if fighting to the throne through a very bloody means, this Divine Cauldron Nation will also lose greatly in strength, which is very disadvantageous for the entire Divine Cauldron Nation!" Xiao Baifeng drank all the remaining juice in one gulp. This fruit juice was extremely delicious.

"Therefore, Princess, you should go to those Great National Master s to have them come forward and mediate, and find a peaceful way to fight for the throne." So, Princess, you should go to those Great National Master s to discuss, and for those Great National Master s to come forward to mediate, and find a peaceful way to fight for the throne.

Chen Xiang said anxiously, "Elder Sister Bai Feng, quickly tell us the good news!"

Xiao Baifeng reached out his hands to catch Yue'er, and said: "The good news is that the seven first-tier Divine Kings will decide who will be the Divine Lord by competing with each other!"

"Oh? "How is this good news for me?" Chen Xiang did not understand.

"This competition is a contest of strength!" and also the Great National Master who will select the future, this will test the young generation! " Xiao Baifeng said: "A few Great National Master s are proficient in this aspect, and the most proficient are the Great National Master s who concoct pills! And in the future, Great National Master would definitely leave just like the other Divine Lord, and search for the path to longevity. So, there would have to be someone who would inherit the position of Great National Master. "

Chen Xiang suddenly understood, but there were some things he did not understand.

Xiao Baifeng continued, "And this competition is a test of seven level one Divine Kings by those Great National Master s. This is because in the future, one will have to be known as the, and not only will they have to have a strong Divine Lord, they will also have to have a Great National Master."

"At that time, the subordinates of the Seven Great Divine Lord s will conduct all sorts of competitions, and I will recommend you to participate in the alchemy competition. If you perform well, you might be groomed as a future Great National Master." Xiao Baifeng said: "But according to my current understanding, during the competition, Shangpin dan s and Supreme God Pellets should be refined, and you might be able to ..."

Xiao Baifeng frowned, "The Supreme God Pellet is impossible... But you don't have to worry, as long as you perform well while refining the Shangpin dan, the princess will see through your potential. "

The Supreme God Pellet was of a higher grade than the Shangpin dan. Chen Xiang had never even seen medicinal ingredients of the highest quality, let alone refined it.

"How much longer?" Chen Xiang was a person who liked to challenge others. He did not know how to refine the Supreme Pellet, but he planned to give it a try.

[Chapter 2129](#)

"In these three days, you can compete in the Central Divine Palace of Imperial Nine Palace. Other than refining pills, there are also competitions, refining weapons, setting up formations, and other sorts of competitions. As for your main task, Pill Refining, you don't have to worry about anything else."

Chen Xiang never thought that it would be this fast. If he had had one or two months, he might be very confident in breaking through to the Supreme Pellet, but he felt that it was impossible now.

"Don't worry. Three days later, the preliminary round will be held. It will be a simple test or competition, and the candidates with more qualifications will have to be chosen. The time has yet to be set." Xiao Baifeng said: "I have already reported what happened regarding you to the princess. She didn't seem to be too concerned about it, but she still gave me a pill formula ..."

"Is this the Shangpin dan's pill formula? That's enough! " Chen Xiang immediately became overjoyed, "Quickly give me the medicinal formula... Could it be that he didn't have any divine medicines? Or is it that divine medicine is hard to find? "

Seeing Xiao Baifeng's expression, Chen Xiang was also extremely worried. If the pill formulas that Xiao Baifeng asked for were not good, he could only think of a way himself.

"That's not it... This is because this pill formula is very difficult to make. Although many pill gods have this formula, they have never refined it before! " Xiao Baifeng sighed: "To put it bluntly, these pill formulas are usually used to send people away, these Broken Pill Formulae are everywhere on the streets, but there is not a single person who succeeded in forming a pill."

"That's alright, do you have any medicinal ingredients?" Chen Xiang liked to refine things that were difficult to refine. This was a very good challenge for him, as long as there were ingredients, it would be fine.

"Divine medicines aren't a problem. This type of medicinal pill only requires two types. Moreover, they are quite common, and the price is also relatively cheap." Xiao Baifeng took out a jade tablet and gave it to Chen Xiang.

Chen Xiang took it and looked, and penetrated his mind, he immediately frowned: "This is indeed a little troublesome, let me try it first!"

"Do you know what the difficulty is?" When Xiao Baifeng was refining the Five elements Dan, he knew that Chen Xiang did not follow the pill formulas, but there must be some strange method.

"The difficulty lies in these two divine medicines!" Chen Xiang said: "These two divine medicines are famous for being incompatible fire and water. The Three disasters destroy flower and the merciful divine fruit, one is killing while the other is life! The Three disasters destroy flower contains the 'Nine Yang Divine Flame', while the merciful fruit contains the 'Nine Yang Divine Flame'. This is the energy of the elements, and the energy of the consciousness is also very strong. "

Xiao Baifeng nodded: "Just like how I understood it, I heard that this pill formula was just another person's playbook and was used to fool others. There is no such formula, there is no way to refine a divine pellet ... The reason Princess gave me this pill formula was to send me off! However, this cannot be blamed on her. After all, what she needs now is someone that she can directly use! "

"Help me buy these two herbs, a hundred apiece." Chen Xiang said. He felt that he could give it a try as he was also very interested in it.

"I'll help you get ten portions temporarily!" After Xiao Baifeng finished, he quickly left.

Yue'er flew to Chen Xiang's shoulders and said: "I saw that Xiao Yulan, he's a great beauty!"

Chen Xiang snorted, "So what if you're a great beauty? Was she as beautiful as Xianxian and the others? The person who took my wife, no matter how beautiful she is, is as ugly as shit in my eyes. "

"Hee hee ..." Yue Er immediately laughed tenderly: "Don't let her hear that. If this woman gets angry, she can burn half of Imperial Nine Palace!"

"Oh right, Chen Xiang, are you really planning to refine this Nine Yin and yang Dan?" Yue Er asked.

"Of course, have you heard of this kind of pill in Star Law Divine Realm?" Chen Xiang was very curious about this pill, especially regarding the effects of the Nine Yin and yang Dan. After consuming it, the medicinal effect would trigger the Nine Transformations of the body, and during the process of the Nine Transformations, the Nine Transformations Qi would be released, which could quickly condense Divine Deity.

"I've never heard of them, but I've heard of those two divine medicines. There are Alchemists in the Star Law Divine Realm who can specially refine these two divine medicines into two high quality divine pellets. Once they collide, they can create a very strong explosion." Yue'er said, "You should have Baifeng prepare a better pill furnace for you!"

"She should have helped me prepare it. This woman has a good heart!" Chen Xiang stroked his chin and laughed: "Although I don't know how to laugh, but it's a very good female slave embryo."

"Little Scoundrel!" Yue'er laughed and scolded him, "When I went to see Xiao Yulan with her, I didn't hear anything about Xianxian and the others."

Chen Xiang took out a mirror, and laughed: "My appearance has already been slightly changed, when the time comes, even if someone here recognizes me, they will only think that I look like one! I just don't know if my Chen Xiang's name has reached this Imperial Nine Palace or not."

Xiao Baifeng returned very quickly. As expected, she had helped Chen Xiang prepare a set of pill furnaces, and there were three of them. She did not concoct any pills, but she knew the effects of the two divine medicines clashing together.

"I've asked the person who sold the pill furnace, he said that even if the Three disasters destroy flower and the merciful fruit collided, it would not cause any harm to the Alchemist!" Xiao Baifeng passed Chen Xiang three very small pill furnaces.

"Here are ten vials of divine medicine. It's already late at night so I can only get these ten vials. Tomorrow, I will help you get more!" Remember, don't go into closed-door training for too long. You will be participating in the preliminaries in three days. At that time, you only need to refine Zhongpin Dan. Xiao Baifeng gave everything to Chen Xiang, she also hoped that Chen Xiang could grow up, this was the first time she trained him.

Chen Xiang laughed: "Elder Sister Bai Feng, I heard that Three disasters destroy flower and merciful fruit are divine medicines that can be grown. There shouldn't be just high quality ones, go and find out if there are any high quality ones!"

"Alright!" Xiao Baifeng nodded.

"Oh right, Elder Sister Bai Feng, do you know the Bone level Dan's pill formula?" Chen Xiang asked.

"This... Amongst the nine Divine Nations, only the Great National Master and his disciple know how to refine it. His disciple is also a prince, and although he only has the strength of the Third Rank Divine King, he is considered to be someone who can compete for the throne. However, he disdains to compete for it." Xiao Baifeng shook his head: "Don't think about Bone level Dan's."

's heart also skipped a beat. The Bone level Dan was something that he accidentally obtained in the Supreme Divine Palace, but he didn't expect it to be passed down from the Divine Cauldron Nation, and

it was even set up by the Great National Master himself. He felt that the Great National Master did it on purpose, to see if anyone else could obtain it, and then successfully refine it.

"What a powerful prince, Third Rank Divine King, and he's the disciple of Great National Master as well!" Chen Xiang exclaimed. He did not know that, at that time, this prince had secretly competed against him.

Previously, the entire Imperial Nine Palace thought that he only possessed twenty to thirty Divine Deity, but even so, they felt that he was still able to compete for the throne. It was said that when someone wanted to make a move against him, he revealed his true strength. At the same time, he also declared that he would not struggle for the throne! "Xiao Baifeng also admired this prince, not just anyone could resist the temptation of power.

[Chapter 2130](#)

Chen Xiang took out a piece of paper, wrote down the names of the several divine medicines, and gave it to Xiao Baifeng.

"Elder Sister Bai Feng, go and check for me tomorrow. If you have any of these divine medicines, sell them to me! Remember, you must come in secret! It's for you to investigate, not ask, so you can't use your current identity." Chen Xiang said seriously.

The petite Xiao Baifeng was shorter than Chen Xiang by two heads. When Chen Xiang became serious at this moment, he gave off a kind of presence.

"Alright!" Xiao Baifeng looked at the divine medicine on it. She didn't know what pill it was used to refine, but she felt that it was a little familiar.

These were all divine medicines used to refine Bone level Dan, Chen Xiang only had low quality divine medicines, while the middle quality ones required a large amount of spirit liquid to ripen them, he was currently unable to cultivate with the girls to condense spirit pearls, he only needed to rely on his own spirit liquid to make them mature quickly, if they were to sell here, it would be extremely difficult, and if they were to use it, it would be the best.

Chen Xiang took the two divine medicines and excitedly went into the secret room to concoct pills!

Deep into the night, Xiao Baifeng slept soundly. Yue'er flew out from her embrace and sat by the window, shaking her cute tail as she looked at the stars and the moon in the sky.

"Only the stars of the moon can live here. The moon here is quite big." Yue'er looked at Xing Yue, secretly using her power to communicate with Xing Yue, asking her if she had seen Xue Xianxian, Liu Meng'er and the others.

"Bam!" A muffled sound rang out, jolting Xiao Baifeng awake.

"This kid blew up the furnace!" When Xiao Baifeng heard the voice coming from Chen Xiang's secret room, he let out a sigh of relief and then continued to lie down.

She looked at Yue Er who was squatting at the window and softly asked, "Yue Er, what are you looking at?"

Yue'er mewled a few times, "I miss home!"

"Where is your home?" Xiao Baifeng did not know about the matters of the Star Law Divine Realm, nor did he know about the matters of the Star Moon Divine Race.

"Far, far away!" Yue'er said three things that were very far away, but that was because they were truly very far away.

"Did that brat capture you?" Xiao Baifeng suddenly became angry: "If you miss your home, I'll send you back, it's just that the other Divine Nations are in a mess right now, so it's not safe to go back."

Xiao Baifeng only thought that Yue'er was brought here by Chen Xiang from another Divine Nations.

Yue'er shook her head. "No, that little scoundrel saved me and helped me greatly. He also promised me that he would bring me home in the future."

Yue'er had already sent a message to Starmoon, so the result would be revealed very soon. If Starmoon had seen Xue Xianxian's and his figure before, she would definitely tell her.

Just then, another "bang" sound came out, and Chen Xiang's pill refinement exploded again!

Several hours had passed, and before the sky brightened, Chen Xiang had already refined all ten batches of medicinal ingredients. When he walked out of the secret room, he was in a sorry state;

Xiao Baifeng only had a little bit of information, but after hearing Chen Xiang explode ten times, she immediately rushed over. There were many broken pieces of the pill furnace inside the secret room.

"As expected, this Nine Revolving God Pill doesn't even exist. I wonder which bored fellow caused this." Xiao Baifeng looked at Chen Xiang's dirty body, and said: "Quickly go wash and rest. I will think of a way to help you look for the Shangpin dan's pill formula, don't try to refine the Nine Reverse Divine Pill again, it will take your life."

"No, continue buying the divine medicine for me... How many Shen Yuan stone s do you need? " Chen Xiang had asked for thousands and thousands of gold from Lv Qilian, so he felt that it should be enough to buy a lot.

"3 million a portion, 30 million yesterday." Xiao Baifeng sighed lightly: "The Shen Yuan stone is not a problem, I have accumulated some over the years! The most important thing was whether he could concoct pills! Many famous Alchemist have tried to concoct the Nine Revolving God Pill, but none of them succeeded, so don't be stubborn about it. "

Chen Xiang took out ten million Shen Yuan stone and said: "Help me buy three servings!"

Xiao Baifeng took it and looked at Yue'er helplessly, because he did not hear what she said before.

"I don't need the cauldron anymore!" Chen Xiang added, and then entered the secret room, after that he heard the sound of water splashing inside, he took a bath, and at the same time washed the ground clean.

"There's really nothing we can do about it!" Xiao Baifeng sighed, returned to his room and washed up, put on some clothes, and walked out of the courtyard, wanting to help Chen Xiang buy the Nine Yin and yang Dan's medicinal ingredients.

Yue'er teleported into the secret room. It was very bright and spacious inside, Chen Xiang took out a bathtub inside, and at this moment, he was underwater.

"Hey, is there a chance for the Nine Yin and yang Dan?" Yue Er asked.

He must have succeeded, but he thinks that only he can succeed, which is why he released the pill formula. After so many years, no one has succeeded, so he is even more pleased with himself. Chen Xiang came out from under the bathtub: "The one who created the pill formula is declaring war to others, I must beat him."

"Who would be so bored?" Yue'er was curious about this.

"It should be Divine Cauldron Nation's. This guy is the best at refining pills, he must have spread the news about the pill formulas!" Back then, Bone level Dan were also obtained by this fellow. Other than him, I can't think of anyone else who would be that bored. " Chen Xiang chuckled: "Since that's the case, I will accept his challenge. I must refine this Nine Yin and yang Dan!"

Xiao Baifeng left early in the morning. She returned at noon, and Chen Xiang was already waiting for her in the hall.

"This is the Tianhuo Dan's pill formula, I bought it!" Xiao Baifeng threw a jade tablet to Chen Xiang: "This is the Shangpin dan's medicinal formula, even though it is a common product, at least it will allow you to become a Alchemist capable of refining Shangpin dan!"

"The Tianhuo Dan's divine medicine, a total of ten of them!" Xiao Baifeng placed a Storage bag on the table. When she saw the disappointment on Chen Xiang's face, she could not help but snort: "And this, thirty pieces of the Nine Reverse Divine Pellet's divine medicine."

Seeing the ingredients for the Nine Reverse Divine Pill, Chen Xiang finally revealed a smile, he was secretly moved in his heart. Xiao Baifeng must have used a lot of Shen Yuan stone to get all these for him.

"Elder Sister Bai Feng, you are really good to me, just like you are to your own little brother. I will not let you down." laughed, taking those things, the thing he cared about the most was Nine Yin and yang Dan.

Xiao Baifeng glanced at Chen Xiang snappily, because it was as if Chen Xiang was possessed by a demon in her eyes.

"In order to obtain these items, I have already expended more than half of my savings. Work hard!" After Xiao Baifeng finished speaking, he hurriedly ran out again. This was because Chen Xiang had told her last night to help her check if any Bone level Dan were being sold.
