

Dan God 2141

[Chapter 2141](#)

"She's sick, she has to be cured!" Chen Xiang said casually, making Xiao Baifeng even angrier, but she didn't say that she really wanted to, but was thinking about it. Previously, Chen Xiang did indeed want to see Xiao Yulan a lot, but now, she looked like she hated Xiao Yulan, and even said such shameless words!

After all, he was still in the Jade Cauldron Palace. Just based on the words that he had said earlier, it was enough for him to die several times! Now, Xiao Baifeng also felt that he was unable to see through Chen Xiang, to think that he actually had such guts!

"Elder Sister Bai Feng, that girl just now was called Hongque. You are Bai Feng. Chen Xiang laughed.

"We're both female servants, there's no difference in status. I'm just a bit older than her!" Xiao Baifeng said with a sad sigh: "But my innate talent is not as good as hers, she currently possesses forty Divine Deity and is a Monarch. She is highly valued by the princess! As long as the princess does not go into seclusion, she will basically always be by her side. "

"So powerful!" Chen Xiang laughed out loud: "Luckily she didn't beat me to death earlier, otherwise, even you wouldn't have been able to stop her!"

"Mm, you really don't want to die!" Xiao Baifeng glared at him reproachfully.

"Now that I have obtained the qualifications to participate in the competition, what I need to do next is to earn some Shen Yuan stone! You can go and buy some Five elements Dan's medicine and I will refine them into a divine pill. Then, you can sell them for a good price. Chen Xiang said: "From the looks of it, your princess most likely does not value me anymore."

Xiao Baifeng nodded, this was her plan before, good quality Five elements Dan were easier to sell! Most people could afford to buy it, but if there were a lot of them, they would be able to earn Shen Yuan stone very quickly.

"If you are not tired, then go and purchase the Five Elements Divine Fruits. I will concentrate on concocting pills now since I have nothing else to do. I haven't used that move for a long time!" Chen Xiang stretched his back, then said with a smile: "Elder Sister Bai Feng, can your secret room be expanded a little?"

"You can dig a secret chamber in the underground. What do you need such a big secret chamber for?" Xiao Baifeng was a little confused.

"Secret!" Chen Xiang smiled mysteriously.

Xiao Baifeng hurriedly ran out to purchase some ingredients and he quickly returned.

"Two million a serving of medicinal herbs. There are only ten sets here." Xiao Baifeng passed a Storage bag to Chen Xiang: "I have used all of my Shen Yuan stone, if you still need more, I can go borrow ..."

Chen Xiang laughed: "There's no need, just help me create a big secret room. I know Elder Sister Bai Feng has never borrowed Shen Yuan stone before, you don't want to do this either."

Indeed, Xiao Baifeng had never done such a thing before. She was just like Xiao Yulan, both had this kind of bad temper, but she was forced to do it. She nodded slightly, secretly grateful to Chen Xiang for being able to understand her.

Very quickly, Xiao Baifeng created a very large space in the ground. Now, she took out a piece of specially made stone bricks and wanted to build a stone room.

Chen Xiang was also helping.

"How many Shen Yuan stone can be sold for a high quality Five elements Dan?" Chen Xiang wanted to estimate how much he could earn by refining a cauldron of Five elements Dan.

"4 million!" Under normal circumstances, a high quality Zhongpin Dan would cost twice as much as a portion of medicinal ingredients. " Xiao Baifeng said: "If you can successfully produce six pills, you should know how much you can earn."

"The Zhongpin Dan is so expensive too?" Chen Xiang didn't think that it would actually be twice the price of a single set of medicinal ingredients.

"This is the price of a high quality product. If it is of low quality, it would be great if someone wanted it!" You have to understand that for Alchemist s like you who can concoct six pills in a single go, and furthermore, are of high quality, only someone of Prince Ping's level can produce one. In the entire Imperial Nine Palace, other than you and Prince Ping, there are probably not many other young Alchemist! " It was also why Xiao Baifeng bet everything on Chen Xiang.

"To be able to refine two or more high quality Five elements Dan within six hours, there are not many Alchemist s who can do it, even within the Imperial Nine Palace s. Alchemist s who are able to do it are also completely carefree, and they would definitely not refine such pellets to earn Shen Yuan stone s." Xiao Baifeng said: "For example, Prince Ping and his master, as well as those Alchemist with the same strength as his master, would they be lacking this little bit of Shen Yuan stone?"

"They are not lacking, we are not lacking!" "That's great, we can make a ton of money now, haha!" Chen Xiang laughed: "Once I'm done with the secret room, I will go and concoct the pills. With your ten sets of ingredients, I can at least give you fifty Five elements Dan pills."

Xiao Baifeng smiled lightly and nodded. This was the benefit of meeting a strong Alchemist, so she felt that her investment just now wasn't a loss at all.

After the big secret room was built, Chen Xiang told Xiao Baifeng to go out and find a good place to sell. He said that he would sell it when she came back.

Even if Yue'er were to stay here, she didn't know why Chen Xiang needed such a large secret room.

"Don't you want to build a bath or something? This secret room is as big as the courtyard house above us. " Yue Er said.

"If it isn't that big, how can it be forged so quickly?" Chen Xiang laughed.

"What does this have to do with producing pills quickly?" Yue'er did not understand.

Chen Xiang laughed and did not speak, he took out the ten sets of divine medicines and checked them. There were no big problems, he just released the ten sets of Magic method furnace!

Ten sets of medicinal ingredients would be fifty Five Elements Divine Fruits, and under Chen Xiang's control, they would fly into the ten Magic method furnace s!

This was the Dawan refining method, Chen Xiang had never used it to refine a divine pellet, and this time, he was very confident that he would be able to complete it smoothly.

"You want to refine ten batches of Zhongpin Dan at once?" Yue'er was stupefied. She couldn't believe that Chen Xiang was actually going to do such a crazy thing.

"That's right!" This is a challenge to my limits, and at the same time, it is a cultivation that can squeeze out my potential. " When Chen Xiang finished speaking, the ten Magic method furnace's insides lit up with flames, and began to burn the divine fruits inside.

This time, he was using the Dawan refining method differently, because he was going to use the on ten of the pill furnaces at the same time.

Yue'er now understood why Chen Xiang wanted to own such a large secret room. It was very likely that Chen Xiang would not only need to simultaneously control ten pill furnaces, he might even need to control more.

The ten Magic method furnace were burning the ten sets of Five Elements Divine Fruits, and each pill furnace released a dazzling, five-colored light. The light was extremely beautiful, filling the entire room, making Yue'er feel as if she was in a five-colored space, while the ten Magic method furnace were like ten five-colored stars.

"How long will it take?" Furthermore, previously, when Chen Xiang was refining his Five elements Dan, the fastest thing he could do was for it to be more than an hour. Even if he were to refine a cauldron, it wouldn't be slow, so she felt that there was absolutely no need for Chen Xiang to do this.

[Chapter 2142](#)

Chen Xiang was still very safe in the Jade Cauldron Palace, and right now, no one dared to harass him, even the previous Ming Prince, didn't know why, but he still hadn't come to find Xiao Baifeng! Of course, if Xiao Yulan wanted to kick him out, he was afraid that he would have to leave in a hurry.

"Are you really not afraid that Xiao Yulan will chase you away?" Yue'er replied, "If she chased you away, what would you do?"

Yue'er saw that it was very easy for Chen Xiang to control ten pill furnaces, so she tried to see if Chen Xiang could still talk to her in this kind of situation.

"If she sends me away, I will go find that Prince Ping and have him shelter me for a period of time. I think he will." Chen Xiang laughed: "At most, I'll agree to fight with him and refine all kinds of divine pellets. This guy is a battle maniac, he likes competition a lot!"

"You can control ten pill furnaces right now without any pressure?" Yue'er was extremely surprised.

"A little! Using my refining method to refine this Five elements Dan is relatively easy, I would be able to learn it very quickly the first time I refine it. In addition to today's competition between Xiao Ping and I, I am more familiar with it! Of course, if I were to refine Tianhuo Dan, I would not be able to last past two batches. " Chen Xiang said. He tried it and found that it was rather strenuous, but the consumption was not bad for him.

It was just like when he was a child tempering his body. Although his body was very tired, he felt indescribably comfortable. Sometimes, if he didn't temper his body, he would feel uncomfortable instead.

Yue'er could now clearly see the movement of the Magic method furnace. After the five divine fruits in the pill furnace had turned into five different colored masses of air, they were then compressed and fused together by a force.

The process of fusing them wasn't long. It was obvious that everything was going smoothly! After the fusion, it turned into a five-colored ball of light that constantly flickered.

After the balls rotated for a short while, they were all split into six parts by Chen Xiang. Each of the Magic method furnace had six small balls of air.

As it shrank, the light it released was also the strongest. Littlemoon felt a stabbing pain in her eyes. As the mass of air shrunk, the light also weakened, becoming a five-colored pill!

"All six!" Yue Er exclaimed, "This should take about eight hours. If you were to refine it in one furnace, it should take about six hours!"

She saw that Chen Xiang's head was covered in sweat, and said: "If you go to concoct the pill in one furnace, the consumption would definitely not be that severe!"

Chen Xiang nodded his head, "That's right, but this kind of consumption is helpful to me. If I had been honed like this many times, I wouldn't be so tired.

After he finished, he came out of the big secret room. It was already dark now, so Xiao Baifeng sat on the chair, holding his head, with his eyes closed, as if he was resting.

"Elder Sister Bai Feng!" Chen Xiang gently shouted. He had told Xiao Baifeng before that he should not disturb him while he was refining pills. On one hand, he did not want Xiao Baifeng to see his Dawan refining method.

"Mm, how many batches have been refined?" You must be very tired! " When Xiao Baifeng saw how exhausted Chen Xiang looked, she also felt a little guilty. Other people who nurtured the Alchemist would never let the Alchemist risk his life to earn the Shen Yuan stone, but now she wanted the Alchemist to nurture her instead.

"I've finished refining them all. There's a total of 60 pills!" Chen Xiang took out a jade case and laughed complacently, "Have you found a market yet? Very soon, we will be making a huge profit! "

Xiao Baifeng could not believe it. She knew that Chen Xiang had entered the secret room much earlier than she had expected, and had been able to steadily produce six pills from every furnace!

She took a deep breath when she saw the five brilliant Five elements Dan s inside the jade box. She felt that the amount of Shen Yuan stone Chen Xiang had earned in a few days time was probably more than what she had accumulated over the years!

"If we are to compete like this, even the Prince Ping cannot compare to you! You are indeed stronger than him. If you had a master like him, you would be even more amazing! " Xiao Baifeng received the jade box. She was very curious about Chen Xiang's master, but she didn't know the name when Chen Xiang said it.

"Elder Sister Bai Feng, finish selling these tomorrow morning and buy some Five Elements Divine Fruits. I want to try to refine a Five elements Dan with the Spiritual Light." Chen Xiang said: "I should be able to sell this for more!"

"If you can refine it, selling it for 6 million will not be a problem, but you need to keep the quantity to make a profit. Also, the refining process will be more complicated, is that alright?" Xiao Baifeng no longer dared to doubt Chen Xiang's strength, but she still felt that it was somewhat impossible. If Chen Xiang wanted to maintain his profits, then he would have to maintain the amount of Divine Light Pill he used to refine.

"Have you forgotten about Tianhuo Dan? The refining process of the Tianhuo Dan was even more complicated, and it had changed before! So, this is definitely not a problem, I'll try it and then I'll know. " Chen Xiang laughed.

"Alright, go and rest!" Xiao Baifeng's petite jade face revealed a smile and nodded.

... ..

Xiao Baifeng had already found a selling place, and they were all large pill stores in the Jade Cauldron Palace, the price had already been agreed upon. These large pill stores were distributed in a few large cities in the Divine Cauldron Nation, and Xiao Baifeng had currently delivered them to his doorstep.

In just a single morning, she had sold all of these Five elements Dan. Now, she already had over two hundred million Shen Yuan stone, and she had only used twenty million Shen Yuan stone to buy divine medicine before, but now, she had increased it by ten times!

Xiao Baifeng was currently very excited. Shen Yuan stone were useful to her as well, but she had been accumulating resources over the years. How could she be able to earn as fast as she was earning now? She felt that she had placed her bet correctly. Thus, her current mood was akin to that of a gambler who had won a gamble. It had been a long time since she had such a good mood.

... ..

"Hongque, are you sure Bai Feng is going to sell sixty Five elements Dan this morning?" When Xiao Yulan heard the news, his fingers couldn't help but tremble, and she, who was playing a zither, also went into chaos, while her fingers were trembling.

"Absolutely true! And yesterday, she had coincidentally bought ten batches of Five elements Dan's divine medicine. During the competition between that guy called Shen Fei and the Prince Ping, she had produced six pellets in a single furnace. Xiao Hongque was also very surprised. She had initially thought

that Chen Xiang being able to refine six Five elements Dan was just a flash in the pan, but she didn't think that he would be able to steadily produce them, and ten batches at that.

"Princess, do you want to personally meet this Shen Fei fellow?" Xiao Hongque asked in a low voice.

"I will think about it! You saw him yesterday. What do you think of this man?" Xiao Yulan continued to play and asked softly.

"This person... Not bad, just a little crazy. " Xiao Hongque did not dare to say what Chen Xiang had done yesterday. She was worried that Xiao Yulan would drive him out of the Jade Cauldron Palace in a fit of rage, causing him to hate her.

"You lied!" Xiao Yulan let out a soft sigh, "Tell me the situation where you met him directly. I promise you, I won't make things difficult for him and Bai Feng."

[Chapter 2143](#)

Xiao Hongque thought that she pretended to be right, but he was still able to see that she was lying!

"You and Baifeng have been by my side since you were young. How could I not notice?" Xiao Yulan chuckled: "Are you worried that I would kick Shen Fei out?"

Xiao Hongque nodded his head: "Princess, that guy is quite arrogant" She then told him the story of her encounter with Chen Xiang.

"Princess, it seems like this fellow treats Elder Sister Bai Feng rather well, it's just that he has a mysterious background!" Xiao Hongque said.

It looks like he has a good idea on how to earn the Shen Yuan stone, so we don't need to worry about him and Baifeng lacking in help! For the time being, we must be fully prepared to fight for status. " Xiao Yulan's expression became serious: Go and see how Xue Xianxian and the others are doing. They are a very critical part of our plan. If they can succeed, then the chances of me getting the throne will be even greater. "

... ..

After Xiao Baifeng sold all those Five elements Dan, she had quite a few Shen Yuan stone. She bought thirty batches of Five elements Dan's medicinal ingredients and then returned to the Jade Cauldron Palace.

When she returned, Chen Xiang was still asleep, and Yue'er was the one who woke Chen Xiang up.

"Elder Sister Bai Feng, do you know when the Large Competition will begin?" Chen Xiang really wanted to fight Xiao Ping once more. He felt that he could win against Xiao Ping.

"I still don't know. The exact time was decided by the seven first-tier Celestial Kings! You should rest for a few days. We already have a few Shen Yuan stone. " Xiao Baifeng did not take out the Five elements Dan s that she had bought. She was afraid that Chen Xiang would not be able to resist refining them.

"No need, I can recover pretty much after sleeping. Have you bought the Five elements Dan's medicinal ingredients? I want to try to refine a Divine Spiritual Pill. " Chen Xiang asked. He was excited, this was

the highest quality pill, if he could successfully refine it and produce a lot of pills, he would be able to earn a lot more.

"Are you really not tired?" Xiao Baifeng was now very concerned about her, and she saw that Xiao Baifeng was very worried about her.

Chen Xiang felt a warm feeling in his heart, and he chuckled: "What's there to be tired about? You're underestimating me! "

Right now, he was full of passion, so even if he was tired, it didn't really matter.

Xiao Baifeng took out thirty batches of Five elements Dan s' medicinal ingredients and gave them to Chen Xiang.

"I'm going to find the princess. Little Cat, are you coming with me?" Xiao Baifeng touched Yue'er who was standing on Chen Xiang's shoulder.

Yue'er shook her head. She wanted to see Chen Xiang refine pills, and to her, this was equivalent to opening her eyes.

Yue'er flew behind him, and Xiao Baifeng headed towards the most restricted area of the Jade Cauldron Palace.

"Chen Xiang, are you going to refine thirty batches this time?" Yue Er asked, she really wanted to see what would happen then.

"Of course not, the Shen Yuan stone is not that powerful now. I need to try another method!" For example, refining a Five elements Dan with Spiritual Light! "Also..." Chen Xiang blinked his flaming eyes.

Seeing his eyes, Yue'er couldn't help but shiver. This was Chen Xiang's very mysterious and powerful place, there were two Bones in his eyes!

Previously, when Chen Xiang was inside the Time Formation, Yue'er had personally witnessed Chen Xiang using this pair of eyes to refine a Bone level Dan!

If Chen Xiang could use this method to refine pills, then it would be much faster than his Great Thousand Refinements Art!

"I'm currently refining a Zhongpin Dan, and I'm not too familiar with this Five elements Dan yet, so using my eyes to refine pills will definitely not be easy!" Chen Xiang said: "But I will have to give it a try to know."

He took out a portion of Five elements Dan's medicinal ingredients and placed it inside the Magic method furnace. Then, he concentrated the power of Bones in his eyes and two beams of fire shot out from his eyes towards the Magic method furnace.

"Did it work?" Yue Er anxiously shouted.

"No!" Chen Xiang sighed: "I didn't control it well enough, I failed!"

Even though he had successfully refined one part, the other part had become extremely tyrannical because he had not successfully refined it, causing the interior of the Magic method furnace to be in

chaos. In order to prevent excessive power from exploding, Chen Xiang increased the power in his eyes and burned the lump of Medicine aura.

"What reason?" Although Yue'er saw that Chen Xiang had failed, she knew that Chen Xiang could succeed. It was just that he was still in the process of learning and groping.

"s medicinal properties are different from Bone level Dan's, Bone level Dan are easier to refine, and all of the Five elements Dan's medicinal ingredients are middle tier, so their resistance is also stronger." Chen Xiang said.

"I will first slowly refine two batches, and when I'm familiar with the process, I will then start to refine with the Bones of my eyes!" He needed to get more familiar with the Five elements Dan's herbs and understand the degree of heat he received per inch. Only by doing this would he be able to release the appropriate amount of heat the next time he used his Bones to refine the ingredients and fuse them.

With his previous experience, he could now concoct a cauldron very quickly, entering the Core Formation stage in an instant. He had already divided the largest ball of air into two. He was using a normal pill furnace now, so without that light, Yue Er wouldn't be able to see it.

"You want to refine a divine pill with spiritual light?" Yue'er hurriedly hid to the side. Previously, when Chen Xiang was refining the Tianhuo Dan, it had already exploded, so in order to not affect her, she immediately hid far away.

Chen Xiang nodded, and then controlled the six small masses of air to collide into one!

Although there was a strong shock wave from the impact, it was not as strong as the Tianhuo Dan from before. This pill furnace could withstand it, but it did not explode!

After engaging in such a collision, the quality of the Medicine aura had become even higher. At this time, he divided the group of Medicine aura into five groups, and then quickly formed a core!

Not long after, the Five elements Dan he formed was enveloped in a faint golden light.

"It's a success, a Five elements Dan with Spiritual Lights!" Chen Xiang heaved a long sigh.

"One hour!" If you had refined these five Divine Spiritual Pills during your match with Xiao Ping, you might have been able to determine that the total value of these pills is higher than his six pills. You were too careless. " Yue'er chuckled. "But don't worry, you still have a chance to defeat him. As long as the Large Competition starts!"

Chen Xiang nodded, and then continued to refine the second furnace! In the previous batch of high-quality six pellets, one pellet could sell for four million Shen Yuan stone, and six pellets could sell for twenty-four million! And now, a pot of it with spiritual brilliance could be sold for thirty million! More than before.

Of course, if he were to use the Ten Thousand Refinements Method to refine ten batches of Five elements Dan with spiritual light, it would be very difficult, so he did not plan to do so.

The second batch of Five elements Dan's that were able to refine five pellets of Spiritual Light were still successfully completed. Now, he was going to use his eyes to refine Five elements Dan's for the second time!

[Chapter 2144](#)

When Xiao Baifeng arrived at Xiao Yulan's palace, he was currently very nervous. This was because he had once said very arrogant words to Xiao Hongque.

"Hongque already told me! Don't worry, I won't chase him away. Although I don't trust him yet, I don't want him to join any other powers. Based on his current performance, once he leaves Jade Cauldron Palace, the other Divine Kings will definitely come to recruit him immediately. " Seeing the worry on Xiao Baifeng's face, Xiao Yulan smiled lightly.

"Princess, don't you want to see him? Maybe there are some things he's only willing to tell you? " Xiao Baifeng said.

"I'll think about it!" Xiao Yulan sighed softly, "You need to understand that before I understand him well enough, I won't place too much resources in his body. I'm worried that I'll raise tigers and cause trouble."

"I understand, Princess. You've always been cautious!" Xiao Baifeng sighed helplessly. He already understood Xiao Yulan's current attitude, and was unwilling to help him.

"Go back!" If he wins the tournament, I'll talk to him alone, and if I act very serious about him right now, it will be very dangerous for him! At this stage, for the sake of obtaining the throne, those guys can do anything. " Xiao Yulan said: "You can rest assured, I will not chase him away."

... ..

Chen Xiang now believed that there was no chance for him to save Xiao Yulan, so if he wanted to save Xue Xianxian and the others, they could only think of another way. But Yue'er had already helped him get hold of a map, and Xue Xianxian and the rest were hidden inside a mountain.

That place was heavily guarded, and was also protected by many powerful array formations. It would be difficult even for him to activate Heaven Tour to check that place.

Inside the secret room, Chen Xiang placed the Five elements Dan's medicinal ingredients into the Magic method furnace. Two lines of flames shot out from his eyes, causing the five Five Elements Divine Fruits to burst out with a ray of red light, before turning into balls of air.

"Done!" Yue'er shouted in surprise, "How did you manage to refine and fuse it in such a short period of time?"

"In that instant, several steps were completed, and these were all conceived according to my memories! When I release the divine power in my eyes, this divine power will do as I please, and I will be able to refine and fuse it in an instant. " Chen Xiang said: "So when my eyes release the divine power, I will consciously and quickly extract a large amount of Six Realms' Power."

"What kind of training method is this?" Moon Child could hear the clouds and mist, but she still felt that it was very powerful.

"Heart Training Dharma!" Chen Xiang laughed: "According to what I have in mind, I shall complete multiple steps in an instant! There are also these in the Heavenly Alchemy. "

"Next up, I only need to complete the final step of refining the Divine Spiritual Pill by myself. This can be completed very soon."

Chen Xiang consecutively refined ten batches, three batches in two hours, and ten batches in six hours!

"Including the previous two batches, there are now a total of 60 pills!" Chen Xiang looked at the Five elements Dan inside the jade box that were shining with spirit light and revealed a satisfied smile.

Walking out of the secret room, Xiao Baifeng who was practicing his sword techniques in the courtyard immediately walked over!

"Did you forge another ten batches?" Xiao Baifeng saw that Chen Xiang was even more tired than before, and immediately wiped off the perspiration on his face.

"It's nothing. To me, this is a type of cultivation." Chen Xiang laughed and took out a jade box to give to her: "I will sell it. I will sell it in a high profile so that the Prince Ping will know that I can refine that many Divine Spirit Five elements Dan."

Xiao Baifeng seemed to have understood Chen Xiang's intention. Chen Xiang wanted to tell Xiao Ping that he still had a lot of power.

"As expected of Five elements Dan with Spiritual Lights, you really did what you said! How many sets of medicinal herbs are used here?" Xiao Baifeng saw that the inside of the box was filled with spirited and sparkling Divine Pills. She only revealed a surprised look in her eyes, but she was not as surprised as she was previously, she was already used to it.

"Twelve, I failed in my previous attempt!" Chen Xiang said: "And your speed is not any slower than before. After selling these, can you help me buy some of the medicinal ingredients that I entrusted you to investigate before?"

Those were all the Zhongpin bone level Dan's medicinal ingredients!

"Sure, those medicinal herbs aren't too expensive!" Xiao Baifeng was curious to know what kind of divine pill that was used to refine. It was because Chen Xiang seemed to care a lot about it.

It was still early, so Xiao Baifeng immediately went out to sell the Spirit Soul Five elements Dan that Chen Xiang had just refined, and Chen Xiang continued to refine. He needed to help Xiao Baifeng earn a large amount of Shen Yuan stones, and that would allow him to buy the Bone level Dan's ingredients.

If he wanted to continue condensing Bones, he would need a middle ranked Bone level Dan. This was the only way he could increase his strength quickly.

Before long, the Alchemists of the Imperial Nine Palace would know that a large number of Divine Spirit Five elements Dan had appeared on the market, and that these Five elements Dan were all being sold by Xiao Baifeng!

When they found out that Xiao Baifeng was selling the Spirit Soul Five elements Dan, many people thought that Chen Xiang had refined all of them!

It had to be known that Five elements Dan s could only be refined to raise the quality of divine pellets by sacrificing a large amount of pellets. But now that Chen Xiang had sold so many lotus seeds, it was not worth it at all.

... ..

"Young master, what do you think of the quality of this Five elements Dan?" Xiao Ping's old follower also obtained one from who knows where: "This was refined by that brat Shen Fei."

Xiao Ping took out his divine tool, which was specially used to test the quality, and placed the Five elements Dan with spirit light into the hole, the numbers immediately showed up.

"One hundred and ninety!" Xiao Ping said with a frown: "The Spiritual Light Five elements Dan I refined is also only one hundred and seventy, but he is actually ten times higher than me. I just don't know how many pills he can produce!"

"It's definitely only one pellet. Young master, you're so powerful, but even after using all your strength, you're still only using two pellets. He's much weaker than you." The old follower said.

"No, Xiao Baifeng just sold a lot of high quality Five elements Dan this morning, and now he's selling another sixty Spirit Soul Five elements Dan!" Xiao Ping took in a deep breath, "This pill was just made not too long ago. Could it be that he was able to refine sixty Divine Spirit Five elements Dan in a day?"

"How is this possible?" The old follower shouted in shock, "Young master, to refine a cauldron, you will need at least an hour and a half! Furthermore, even if he is able to refine one pellet in two hours, it would still take him sixty hours to refine sixty pellets. "

"Nothing is impossible, he has the Heavenly Alchemy!" Xiao Ping said, "Last time, he didn't use his true strength because he was worried that his identity would be exposed! Furthermore, looking at Xiao Baifeng's speed at selling the Five elements Dan and earning the Shen Yuan stone, the one billion she lost will be back very soon. "

"This fellow really looks down on people. He actually didn't bring out his true strength to compete with you, Young Master. I will go and teach him a lesson." the old follower raged.

[Chapter 2145](#)

"There must be a reason! Furthermore, he must have other reasons for sneaking into our Imperial Nine Palace, but I wonder what he wants from us? However, this is a matter of the Jade Cauldron Palace, he is now also one of royal sister's subordinate. " Xiao Ping said.

"But from what I heard, Jade Cauldron Divine King didn't place too much importance on Chen Xiang and didn't go to see him for a long time." The old follower said.

"The royal sister has always been very cautious. She might be trying to find out where Chen Xiang came from now, she wanted to find out why Chen Xiang is here! However, Xiao Baifeng was with Chen Xiang because he liked Chen Xiang's ability to refine pills. It must be said that Xiao Baifeng had indeed picked up a treasure, and as long as she could become friends with Chen Xiang, Chen Xiang would definitely take care of her in the future. " Xiao Ping sighed.

"Xiao Baifeng is not an easy little girl either. She was originally the big sister of the female servant under the Jade Cauldron Divine King, but she was stuck at the bottleneck of the thirty Divine Deity for so many years, unable to break through. This caused her to have no choice but to distance herself far away from the core forces of the Jade Cauldron Divine King, and a lot of people who came later than she did. " After all, he was the same as Xiao Baifeng, they were both servants, so he had some sympathy for Xiao Baifeng.

"Young master, should we tell Jade Cauldron Divine King that this Shen Fei is Chen Xiang?" the old follower asked.

"No need, this is his problem, we cannot interfere!" Based on our understanding of Chen Xiang, he wouldn't do something like that for no reason. It must be because royal sister had something to attract him, or because she did something to attract him! "If he really is after my royal sister, then I can't help but admire his guts. With his current strength, he actually isn't afraid of my sister." The royal sister Xiao Ping spoke of was Xiao Yulan, he was very clear of Xiao Yulan's strength.

"Young master, this Chen Xiang is indeed a genius, and he is also a good person. Don't you want to talk to him alone?" The old follower laughed.

"I had intended to do just that. Originally, I had planned to be a bit later, but who would have known that this guy would actually refine so many Divine Spirit Five elements Dan. I'm very curious, so I could only go and find him ahead of time!" Xiao Ping chuckled. "I'll go find him now. There's no need for you to accompany me there."

The old follower also knew Xiao Ping's strength. Although he had followed Xiao Ping for many years, Xiao Ping had been hiding his strength for a long time.

... ..

As Chen Xiang was refining the Spirit Soul Five elements Dan, Yue'er suddenly sensed Xiao Ping's aura and shouted: "That Prince Ping is here."

"He actually came here by himself? This guy is really impatient! " Chen Xiang laughed, this was within his expectations.

Chen Xiang immediately walked out of the secret room, while Xiao Ping and Xiao Baifeng stood in the hall.

When Xiao Baifeng saw Xiao Ping come, she was very surprised. In her eyes, Xiao Ping and Xiao Yulan were as respected as Jade Cauldron Divine King!

"You don't seem surprised at all!" Xiao Ping saw Chen Xiang walking in with a smile on his face.

"You seem to know I'm waiting for you." Chen Xiang sat down with a smile. At this moment, he and Xiao Ping seemed to be old friends.

Xiao Baifeng suddenly understood that Chen Xiang was not afraid of the reason why she kicked him out. If Xiao Yulan wanted to kick him out, he could immediately rely on Prince Ping.

"You're concocting pills?" Xiao Ping asked.

"Un, I have just forged a cauldron, would you like to try it?" Chen Xiang took out a jade box, inside it were five Spirit Soul Five elements Dan.

Xiao Ping took it and looked at it. Although he appeared very calm, he couldn't conceal the surprise in his eyes.

"You can produce five pills in one furnace?" Xiao Ping didn't dare to believe it.

Chen Xiang smiled faintly and agreed.

Xiao Ping frowned, "If you had competed with me like this back then, you would have definitely won. Now it seems that I have lost quite a bit in terms of refining Five elements Dan."

"Prince Ping, you do have talent and talent, but... You're stuck in a rut. " Chen Xiang said: "Your control of fire is much better than mine."

"Are you saying my master didn't teach me well? Or am I too stupid? " Xiao Ping laughed bitterly and returned the jade box to Chen Xiang.

Xiao Baifeng did not say anything. She did not understand where Chen Xiang got his confidence from, to actually dare instruct the Prince Ping.

"That's not it. It's just that you lack the spirit of exploration!" Your method of refining pills is very traditional, but my alchemy techniques are very different from yours. I've explored it at great risk. " Chen Xiang said.

"Can we talk alone?" Xiao Ping looked at Xiao Baifeng.

Chen Xiang nodded and brought Xiao Ping into the room. After Xiao Ping entered, he immediately set up a few enchantments to prevent everything here from being leaked out.

"What is important to talk about? "So cautious?" Chen Xiang felt that it was a little strange.

"I know your identity. You are Chen Xiang, right!?" Xiao Ping's words, made Chen Xiang's body slightly tremble.

Xiao Ping smiled, "Don't worry, I will keep this a secret. I won't tell anyone else!" I just want to ask you about the Heavenly Alchemy. I know that you cultivate the Heavenly Alchemy, so your area of alchemy is very different from ours. "

Chen Xiang nodded his head, "The Heavenly Alchemy is very mysterious, my pill refining skills were all comprehended from there! If I can succeed, it has a lot to do with the Heavenly Alchemy. "

"Don't worry, I don't want your Heavenly Alchemy. I just want to know how to break the rules and explore new alchemy techniques. My master has also said this before, but he cannot do it himself. " Xiao Ping asked for advice with a sincere expression.

"Okay, then let me tell you. These are some of the things that I learned from my exploration. I hope that I can give you a direction." Chen Xiang was not trying to pass his Heavenly Alchemy to Xiao Ping, it was already too late for Xiao Ping to learn it.

They talked for a whole four hours, which was extremely important to Xiao Ping. He felt that the various theories that Chen Xiang had spoken of had completely overturned his understanding towards pill refining and had created a huge impact.

"I have truly benefited greatly from it. I have a general direction now!" Xiao Ping took out a jade tablet and handed it over to Chen Xiang. "This is the Heaven god fire Dan's pill formula, and can be considered as thanking you for teaching me so much."

"You must accept it, and you can also refine it! My master has already agreed to let me do whatever I want with this pill recipe." Xiao Ping threw the jade tablet to Chen Xiang.

Although Chen Xiang did not pass on the Heavenly Alchemy to him, he told him his own experience in comprehending techniques, which was more or less useful to Xiao Ping.

Chen Xiang accepted the pill formula because he needed it a lot right now.

"Chen Xiang, there's something I want to ask you, you don't have to answer!" Xiao Ping replied, "You must have come to the Jade Cauldron Palace with a reason. Are you here for my royal sister? Can you tell me why? Maybe I can help you! "

Chen Xiang thought about it, and shook his head! He believed that Xiao Yulan's restoration of the cauldron must be extremely secretive and definitely did not want others to know about it. If he told Xiao Ping about this matter and Xiao Ping went to find Xiao Yulan, something might happen. He would even be a threat to Xue Xianxian and the others, so he planned to do this secretly. Right now, he wanted to confirm the situation that Xue Xianxian and the others were in.

[Chapter 2146](#)

Since Chen Xiang was unwilling to reveal his purpose for coming here, Xiao Ping had no other choice. The fact that he was willing to give the Heaven god fire Dan's pill formula to Chen Xiang meant that he was willing to believe in Chen Xiang.

"I'm going back. I need to prepare for the upcoming Large Competition. It will be held in a month. At that time, we can have another big competition!" And you better not underestimate your opponent. In Imperial Nine Palace, the ones you need to watch out for are not only me, but the other few as well! Basically, the Divine Kings who are still fighting for the throne are all very powerful. " Xiao Ping removed the enchantments, and walked out of the room with Chen Xiang.

When Xiao Baifeng saw Chen Xiang and Xiao Ping walking out while talking and laughing together, she immediately heaved a sigh of relief. In the few days that she had spent with Chen Xiang, she knew that Chen Xiang's personality was sometimes more arrogant. She was worried that Chen Xiang would anger this Prince Ping.

You better not be first, although you have beaten me in refining the Five elements Dan, but during the Large Competition, it is not certain. I hope that you will improve a little this month, and at that time, I can see your even more powerful strength. Xiao Ping patted Chen Xiang's shoulder, then looked at Xiao Baifeng and said with a smile. "Baifeng, are you really not going to return with those one billion Shen Yuan stone?"

"I admit defeat!" Xiao Baifeng said.

"Then, I'm leaving!" Xiao Ping tossed a Storage bag to Chen Xiang. Chen Xiang didn't even need to look to know that it was a billion Shen Yuan stone.

After Xiao Ping left, Xiao Baifeng and Yue'er were both extremely curious about what they had said after staying inside for such a long time.

"What did he give you?" Xiao Baifeng looked at the Storage bag curiously.

"You'll know when you see it, won't you?" Chen Xiang laughed and handed the Storage bag over to her.

"One billion Shen Yuan stone! "No, I have to return it to him. He said that he will admit defeat if he's willing to gamble..." As Xiao Baifeng spoke, he suddenly thought of something.

"Not bad, I admit my defeat. This guy thinks he lost to me, so not only did he give me back the one billion Shen Yuan stone, he also has this!" Chen Xiang raised a jade tablet, and laughed: "This is the Heaven god fire Dan's pill formula!"

"This Prince Ping is really not bad!" Yue'er exclaimed in admiration, "He's much better than your princess."

Xiao Baifeng had to admit that Xiao Ping's actions were highly sought after. Now, she understood why so many people had stood up and supported Xiao Ping to become the new Divine Lord. However, Xiao Ping did not have this intention.

Now that Xiao Ping was able to put down his stance of being on equal footing with Chen Xiang, Xiao Yulan wouldn't be able to sit on this level! Of course, this had a lot to do with his personality as well. If Xiao Ping wanted to fight for the throne, he would definitely be as cautious as Xiao Yulan.

"We don't really need Shen Yuan stone anymore! But I still have to refine all of the remaining Five elements Dan s into pills, I am prepared to try to refine this Heaven god fire Dan. " Chen Xiang had already sent his consciousness into the medicinal herbs and exclaimed, "It's not easy to find even these medicinal herbs, maybe even Prince Ping doesn't have that many himself."

Chen Xiang wrote an order for Xiao Baifeng. After Xiao Baifeng read it, he frowned: "I have only heard of one of these four divine medicines, and they are extremely rare ones too. It seems that the Heaven god fire Dan's divine medicine is not easy to find!"

The combination of the Heaven god fire Dan's divine medicine had always been kept a secret. For Chen Xiang to be able to casually show it to Xiao Baifeng, it showed that he trusted Xiao Baifeng a lot. It was precisely because of this trust that Xiao Baifeng became even more determined to believe that Chen Xiang was not an evil person.

"Go and try to buy it first, but first get ten portions of the Zhongpin medicine that I told you to buy before! It's the Divine Flower of Blood Bone, the Heavenly Tendon Grass, and the Seven Love Godly Flowers! " Chen Xiang planned to use this month to properly improve his own strength. His current strength was extremely weak in the Imperial Nine Palace.

In the next two days, Chen Xiang refined two hundred Spirit Soul Five elements Dan and sold them all to Xiao Baifeng. The sales of these pills were not bad, and they were all sold out very quickly! Right now, other Divine Nations s were gathering to seek refuge in the Divine Tripod City with rich people. Most of

these rich people were merchants who sold everything they had, but when they saw this rare divine pill, they would not hesitate to make their move.

Right now, Xiao Baifeng had more than three billion Shen Yuan stone in her hands. All the Shen Yuan stone that she had previously used on Chen Xiang in these short few days, she had pretty much earned all of them back then.

Chen Xiang brought Chen Xiang in. Even though he was not allowed to see Xiao Yulan, Xiao Baifeng had been very good to him, and even poured a large sum of money into his body to help him improve.

"Ten of them, for a total of one and a half billion Shen Yuan stone!" After Xiao Baifeng bought the Zhongpin bone level Dan's medicinal ingredients, she couldn't help but exclaim in surprise. Previously, she only asked him to prepare the ingredients for her, at that time she would definitely want them.

"It's this price!" Chen Xiang looked at the divine medicines, they were all of good quality, and he himself was very satisfied: "How did you get them? Did you get them all from the same person? "

"No, I bought them from three different people. Each of them has a divine medicine like that, but they are all from the same power." Xiao Baifeng said: "I don't know if they colluded to bid the same price!"

Three sets of ingredients for the Bone level Dan, each one was priced at fifty million Shen Yuan stone, adding up to a total of one hundred fifty million. This was so expensive that Xiao Baifeng almost gave up and ran back, but she saw that Chen Xiang was very concerned about it and gritted her teeth as she bought them.

"Oh? From the same faction? Could it be that they were responsible for growing the divine medicine? You didn't let them know your identity, right? " Chen Xiang said: "Don't mind it too much, this medicine is worth this price. It seems that in the entire Divine Cauldron Nation, there is only such a power that can sell it!"

"That's right, it's from the Great National Master's medicine shop. Normally, these three divine medicines are not publicly sold, but I found them through some underground channels." Xiao Baifeng was even more curious now: "Just what kind of divine pill's medicinal herb is this? Why is it so expensive, much more expensive than some Shangpin dan's divine medicine? "

"It's from the Bone level Dan!" Chen Xiang said in a low voice, "Don't be too shocked, I got the pill formulas a long time ago, and Prince Ping knows that I have them too."

When they were chatting in the room, Xiao Ping had mentioned about the Bone level Dan to Chen Xiang.

"You ... You can refine Bone level Dan? " Xiao Baifeng's beautiful little face was filled with surprise.

"Shh ..." I have known it for a long time, during this time, you should go and buy the Five elements Dan's divine medicine, and wait for me to finish refining a cauldron of Bone level Dan before coming out to earn the Shen Yuan stone's money. " Chen Xiang said. Ten batches of Zhongpin bone level Dan's medicinal herbs, had used half of the Shen Yuan stone he had earned just now. Therefore, he had to continue refining the Five elements Dan to sell.

Xiao Baifeng was the same as Xiao Yulan right now. They both wanted to know where Chen Xiang came from and what his motive for coming to the Imperial Nine Palace was! A person with great pill refining skills must have an extraordinary background, but why did he sneak into the Imperial Nine Palace?

[Chapter 2147](#)

Seeing Xiao Baifeng's doubtful expression, Chen Xiang laughed: "Elder Sister Bai Feng, I had indeed come here to take a look at the Jade Cauldron Divine King, but who would've known that she wouldn't like me, so I gave up on this idea! Originally, I felt that it was a pity, but afterwards, I felt that encountering Elder Sister Bai Feng was not a bad thing for you, as you didn't come here in vain! I'll leave after the Large Competition. I promised that Prince Ping that I would compete with him. "

Yue'er replied, "If it wasn't for you, Elder Sister Bai Feng, this little scoundrel would have left long ago. You've invested so much in him, if he didn't help you earn it back then he would have left with a guilty conscience."

Xiao Baifeng nodded his head: "I was overthinking it, sorry!"

"It's okay! That's right, how many middle tier Five elements Dan are you selling here? " Chen Xiang asked.

"This... A lower tier Shen Yuan stone could sell for up to three billion, if it was middle tier, seven to eight billion was not a problem! Furthermore, one or two of these pills will only appear after a long time, so a single pill is hard to come by. " Xiao Baifeng thought of something and asked in shock: "Are you trying to sell this Bone level Dan?"

"Not bad, just sell a middle-rank one." "Moreover, this matter must be kept a secret. If you are unable to do so, then let me do it." Chen Xiang said.

"That's not too good, right? Bone level Dan are so rare and precious, it would be best if you don't sell them. Would it be better to keep them for yourself?" Xiao Baifeng said: "It's better if you go and train yourself with Five elements Dan. I don't have the heart to watch you sell such rare and precious Bone level Dan, refining Five elements Dan would also earn you Shen Yuan stone."

"Alright!" Chen Xiang nodded his head: "Elder Sister Bai Feng, have you never eaten a Bone level Dan before?"

"What have you eaten is low-grade, something that the princess bestowed to me. You have only eaten two pills, but you have not succeeded in condensing Bones!" Xiao Baifeng sighed: "It's all because my innate talent isn't good enough and I wasted my Bone level Dan."

Yue'er really wanted to tell her that Chen Xiang eating Bone level Dan was like eating beans, but if she were to say it like that, her strength would be exposed.

"When you were eating the Xiaping bone level Dan, how long did you take to refine the medicinal strength?" Chen Xiang asked.

"You ... You condensed your Bones? " Hearing Chen Xiang's question, Xiao Baifeng seemed to have a lot of experience.

"Hurry up and answer me!" Chen Xiang laughed, and did not directly answer her.

"It only took eight hours." recalled and said, but now she was sure, Chen Xiang had Bones.

But according to her knowledge, cultivating Bones meant that one had to condense ten sets of Divine Deity, something that one would only do when reaching the realm of the Supreme God.

Of course, even if he lent her a few heads, she would never have imagined that Chen Xiang had six Bones now!

"I think there's a problem with the quality of the Bone level Dan. You should go and purchase low rank Bone level Dan s now, and according to your circumstances, I will help you refine a few batches of them. If you can't eat the appropriate Bone level Dan, you won't be able to condense even if you eat a thousand." Chen Xiang said. It could be said that he had a lot of experience with eating Bone level Dan.

"Is this true?" Xiao Baifeng could not believe that there was actually a Alchemist that could refine Bone level Dan for her based on her circumstances. This was something that was difficult to come by, something she could not even imagine in her dreams before this.

At this moment, she was extremely excited. Even though she was stuck at a bottleneck, if she could condense Bones, then her strength would increase and maybe even allow her to break through a bottleneck.

Ever since she left Xiao Yulan's core strength, she had not acquired any Bone level Dan. Previously, she had also planned to buy one for herself, but it was very expensive and she also needed to buy one quickly.

"Of course it's true. You still don't believe in my strength? Refining low grade Bone level Dan is a piece of cake for me, the problem is that I don't have any medicinal herbs, so you should go and buy them. They should be much cheaper than middle grade Bone level Dan. Chen Xiang said.

Xiao Baifeng nodded excitedly, then immediately ran out. Chen Xiang had also gone into closed door training to refine his Zhongpin bone level Dan, he did not expect that his Bone level Dan would be controlled to such an extent.

It was no wonder that so many people would support Xiao Ping. Furthermore, even Xiao Yulan did not dare to do anything to Xiao Ping, because they needed to cultivate their Bones and rely on Great National Master to refine Bone level Dan for them.

"It looks like you can't sell that Bone level Dan like you are selling fruits, it will affect Xiao Ping. Besides, you don't need to earn Shen Yuan stone so quickly right now." Yue Er said.

"Yes, if I sell Bone level Dan like crazy, the Great National Master will attack me." Chen Xiang laughed: "It doesn't matter if I don't sell, I can still earn a lot selling Five elements Dan s."

Yue'er stuck out her tongue. In his eyes, the Five elements Dan that others were crazily trying to buy was not a big deal.

... ..

"Hongque, do you have anything to report in the next two days?" Xiao Yulan had stayed in the secret room for two days already, so when she was inside, no one dared to disturb her.

Although Xiao Yulan was a noble princess and possessed the strength of a first-rate Divine King, she didn't give off the kind of domineering feeling. However, her elegance and nobility still made others feel that she was too high and too high to be desecrated.

"Yes, Prince Ping went to look for Shen Fei, Elder Sister Bai Feng sold two hundred Five elements Dan with spiritual lights!" Xiao Hongque said. This was not only a big matter for Xiao Yulan, it was also true for other forces.

The other forces had only found out that Xiao Yulan did not come into contact with Chen Xiang, so they believed that Xiao Yulan did not value him highly!

"Also, when Elder Sister Bai Feng goes out, she would be invited by other powers to converse with her in detail, but she rejected them all." Xiao Hongque was also very anxious, "Princess, all the major powers want this Shen Fei right now. However, because Shen Fei is still in the Jade Cauldron Palace, they cannot directly come to find him."

"It's time to see him!" Xiao Yulan sighed. In such a short period of time, Chen Xiang had refined so many Spirit Soul Five elements Dan, and even allowed Xiao Ping, the Prince Ping, to visit him.

Right now, she was secretly grateful to Xiao Baifeng. If not for Xiao Baifeng, he might have definitely been taken away by the other party under the generous conditions offered.

Xiao Yulan sat in the carriage, living with Xiao Baifeng who Xiao Hongque had come to live in!

"The Elder Sister Bai Feng is out, that guy is probably concocting pills inside. Should we go in?" Xiao Hongque got off the car, went to knock on the door, but no one came to open it.

was a little depressed. Previously, both Chen Xiang and Xiao Baifeng wanted to see Xiao Yulan very much, but now that Xiao Yulan had come, no one bothered with him.

Yue'er and Chen Xiang remained in the secret underground room. Yue'er had detected Xiao Yulan's aura and exclaimed, "The Jade Cauldron Divine King is here! Hehe, she can't sit still anymore either."

[Chapter 2148](#)

"Let her wait outside, hmph!" Chen Xiang was furious in his heart, if not for the fact that Xue Xianxian was kidnapped by the woman, he would have long since cultivated in peace, there was no need for him to run all the way to this place.

"For the sake of Xianxian and the rest, you cannot hold your breath." Yue Er said.

"She has now left her residence. The mountain where Xianxian and the rest were imprisoned in is right near to her residence." Chen Xiang asked.

"Right, you want to go now?" Yue'er was a little surprised: "If you want to go, then so be it. My usage of space is better than yours, even if I am discovered, as long as it's not an expert of Xiao Yulan's level, I can escape."

"Mm, be careful. It's best if you don't get discovered." Chen Xiang warned.

Now that Xiao Yulan had left her most secure place, Yue'er also dared to go ahead and inspect. Xiao Yulan's strength made her most fearful, so as long as Xiao Yulan wasn't around, she would definitely dare to go.

Chen Xiang was currently refining a middle tier Bone level Dan, although he had a lot of experience in refining Xiaping bone level Dan, but the middle tier herbs were different now. In order to not waste this divine medicine, he had to be careful in the beginning and refine it quickly.

Right now, he released a strand of divine soul and floated in the air. He saw Xiao Yulan sitting in that elegant jade carriage.

Not long after, Xiao Baifeng returned. She had rushed back in a hurry, and it was very clear that Xiao Hongque had called her back using a messenger.

Xiao Yulan was Xiao Baifeng's master after all, and had raised her since she was young. To Xiao Baifeng, Xiao Yulan was her savior, so he came back the moment he found out that Xiao Yulan had come.

After Xiao Baifeng returned, he opened the door, and Xiao Yulan's car entered the courtyard to stop. At this time, Chen Xiang also saw Xiao Yulan getting off the carriage.

Xiao Yulan's appearance was exactly the same as Yue'er's; she was indeed very beautiful, and she didn't look like a cold yet strong Overlord, but on the contrary, she looked very gentle. When she looked at Xiao Baifeng, she even revealed a sweet and loving smile, and wore a light, elegant, and white dress that was holy and beautiful.

Chen Xiang had seen several women like this, but the reason why this Xiao Yulan had such a temperament was even more majestic than the ones he had seen before, was because Xiao Yulan was much stronger.

"Hmm?" Chen Xiang was still using his divine soul to keep watch, but that divine soul was instantly erased, "As expected, it was only released by releasing a little of your aura, and already dispersed my divine soul."

"Baifeng, I tried to urge you to stay, but you still resolutely left my side. Now, it seems that you're right!" You've had a pretty good encounter today. " Xiao Yulan looked at the cave, then looked at the room that led to the secret room, as though she could sense something.

"Princess, I know my own strength. With my current strength, staying by your side will not help you in any way. Furthermore, it will be a waste of your resources." Xiao Baifeng lowered his head and said.

"If I let you stay by my side, I don't necessarily have to make you work for me. Can't you treat me as a friend, a big sister?" Xiao Yulan laughed blandly: Oh right, you should still have a friend here, is it inconvenient for him to come out?

"He... "He's concocting pills!" Xiao Baifeng looked at the room. She really hoped that Chen Xiang would come out now. Previously, when she saw that Chen Xiang was a little disgusted with Xiao Yulan, she was very conflicted because she knew Xiao Yulan was very good to her.

"Princess, can you wait for him? "How about I bring him to find you after he's done concocting pills." Xiao Baifeng said. She also knew that for a princess like Xiao Yulan, who had the qualifications to receive the throne, to wait here was definitely impossible.

"I will wait for him!" "He concocts pills really quickly!" Xiao Yulan smiled lightly.

"This... Princess, you can go back first. When he comes out, I'll talk to him and take him to see you. " Xiao Baifeng didn't dare say that Chen Xiang was refining Zhongpin bone level Dan, he had told her before that she must keep it a secret, so even if it was in front of Xiao Yulan, she had to keep it a secret.

"He must have been waiting for me for a long time. What's the harm in me waiting for him now?" Xiao Yulan's face also held a trace of guilt. "Baifeng, are you sure he's trustworthy?"

Xiao Baifeng nodded his head: "If my judgement is wrong, I am willing to die to apologize!"

Xiao Hongque laughed: "Elder Sister Bai Feng, please don't make it so scary. Our princess hopes that you can find a good man to marry. With your personality before, she is worried that you will live your entire life by yourself."

"Yeah, don't be like me, you're still single after so long." Xiao Yulan chuckled, she was still easy to talk to, but now she realised that Xiao Baifeng's character had changed greatly.

Xiao Baifeng blushed slightly, but she smiled back.

"Women are just like that, they get together and never end!" Although Chen Xiang treated Xiao Baifeng quite well, he still couldn't go out immediately. He had to wait for Yue'er's return. At the same time, he wanted to see how much patience Xiao Yulan had and how long she could wait for him.

He now had ten portions of Bone level Dan, and he was going to refine one for each portion. As he cultivated and concocted, he would be spending a lot of time here.

Six hours later, Yue'er returned! And she had come back in secret, because she was tired to be absolutely secretive.

"That woman is too terrifying. She actually set up a mental barrier. Anyone who enters her mental barrier would be discovered." Yue'er said, "It wasn't this hard for me to get to that mountain!"

"She's waiting for me to leave, hehe!" Chen Xiang laughed: Let her wait outside! Have you seen Xianxian and the others? "

"I saw them, and I was even talking to them! Just as Great Divine Lord had said, Xianxian and the others were confident that they could repair that mysterious cauldron, so they were very safe now. " Yue'er said: "Although this Xiao Yulan's method of kidnapping them was not good, he treated them very well, and provided them with many good things."

"How did Xiao Yulan know they could repair that cauldron? The only one who should be aware of this matter is the Great Divine Lord, could it be the Great Divine Lord? " Chen Xiang frowned.

"It wasn't Great Divine Lord who told her, but she had people use a kind of fortune-telling method to find Xue Xianxian and the others. They don't know much about Hundreds of Flowers Village!" Yue'er

replied, "This technique is much more powerful than the Heaven extended method, but it also uses up a lot of your lifespan. I just don't know who is casting it."

"They should be safe by now!" Chen Xiang heaved a sigh of relief.

"Not bad, I think you should explain to Xiao Yulan why you're here. This woman is still very good to women, but to the outside world she is very strong, and this is what Xianxian told me." Yue Er said.

Chen Xiang laughed: "Then let's wait until after this round, let's see how long she can wait!"

If Xiao Yulan, who was outside, knew that Chen Xiang had purposely made her wait, he would definitely be furious. She, a dignified princess of the Divine Nations, was actually deceived, and forced her to wait!

Xiao Baifeng was also very anxious. The reason she advised Xiao Yulan to leave was because she knew that Chen Xiang needed some time to refine the Zhongpin Dan.

[Chapter 2149](#)

Chen Xiang took twelve hours to refine the first batch of Zhongpin bone level Dan, which was considered relatively slow for him. When he had first started learning Five elements Dan, he had done it much faster than this.

"This Zhongpin bone level Dan is so difficult, but you'll have to get used to it in the future!" Chen Xiang heaved a sigh of relief when he saw the four divine pellets he had condensed.

The current ingredients were extremely precious, one serving was worth a hundred and fifty million Shen Yuan stone, unlike the divine medicines that were easily copied out previously, which did not require Shen Yuan stone s.

"Do you want to eat it now?" Yue'er asked, "If you trigger the opportunity to condense Bones, you will have to cultivate for several days."

"Mm, that's for sure!" Chen Xiang seemed to have forgotten that there was a princess waiting for him outside.

If it was before, Yue'er would definitely not have asked such a question, because Chen Xiang condensing Bones one after another was already extremely heaven opposing. She had personally seen it twice, so she felt that it wasn't strange for such a thing to happen to Chen Xiang.

is still outside! She's been waiting patiently for most of the day and she doesn't intend to leave. " Yue'er reminded Chen Xiang.

"Now that the godly pills have been refined, I want to give it a try right away." Chen Xiang looked at the Bone level Dan and said: "It doesn't matter if she goes first, Elder Sister Bai Feng can bring me to see her in the future anyways."

Now, he knew that Xue Xianxian and the others were already safe, so he was not in a hurry to meet Xiao Yulan.

Chen Xiang ate a Bone level Dan and then began to refine it ...

When he woke up, it had been more than sixteen hours.

"To actually need such a long time to refine it, it seems like my physical body's strength is not enough!" Chen Xiang said. If his refining speed was too fast, then the quality of the divine pellet would not be able to match up to his fleshly body. Right now, the refining time was more than six hours, and his body couldn't keep up with the quality of the divine pellet.

"Xiao Yulan was still outside. This woman was really patient, she waited here for you for more than 10 hours." Yue'er yawned: "Now you need to strengthen your body, allowing yourself to refine one Zhongpin bone level Dan every six hours, so that you can trigger the opportunity to condense Divine Deity."

Chen Xiang nodded, took a bath, and walked out of the secret underground room.

Xiao Yulan had said that she would wait until Chen Xiang finished refining the pill. Although it was a long time, she and Xiao Hongque could still rest in Xiao Baifeng's room.

When Chen Xiang came out, she looked very calm and collected. However, when he saw this peerless Jade Cauldron Divine King with his own eyes, he still felt that she was very stunning.

"Shen Fei, she is my princess, the legendary Jade Cauldron Divine King." Xiao Baifeng was worried that Chen Xiang would spout such arrogant words, so he anxiously walked over and pulled on Chen Xiang's sleeves, because Chen Xiang had previously displayed that he hated Xiao Yulan.

"Greetings, Princess Yulan." Chen Xiang bowed politely.

"That's right!" It's even more outstanding than what I imagined! " Xiao Yulan smiled with praise on his face and nodded his head. Chen Xiang was neither humble nor arrogant, with a determined look on his face, he gave off a very stubborn feeling, as though he would never lower his head to anyone.

"Princess Yulan is more beautiful than I thought as well, and much different from what I imagined." Chen Xiang laughed, and stared at Xiao Yulan's beautiful jade face.

Xiao Yulan was currently dressed in a luxurious purple dress, looking very noble, but she did not have that kind of unapproachable feeling. She gently smiled, "There might be some misunderstandings between us, or it might be my actions alone that made you have a bad impression of me!"

Xiao Yulan could guess the impression that Chen Xiang had of her before, and the feeling Chen Xiang gave her was also not bad. Amongst the people she had met, if a man like Chen Xiang, who wasn't even a god, saw her, he would probably be intimidated by the pressure that was being emitted from the dozens of Divine Deity in her body.

However, Chen Xiang didn't seem to feel any pressure as he continued to stare at her face unscrupulously. His gaze was a little mischievous, as if he wanted to see her entire body.

"This is also my fault. It's normal for you to be angry! Now I hope to be able to dispel this little contradiction that we are seeing and to have a better time with each other in the future. " Xiao Yulan walked closer to Chen Xiang, allowing him to clearly smell the refreshing fragrance from her body.

Chen Xiang observed the jade-like skin of Xiao Yulan's face from a close distance. Seeing her pair of beautiful eyes that flickered with a strange color and exuded charm, he couldn't help but be secretly surprised in his heart.

"Can we talk alone?" Chen Xiang looked at Xiao Baifeng and Xiao Hongque behind her. Even though they were both extremely beautiful women, the two of them had become much dimmer by Xiao Yulan's side.

"Don't you think you're acting a little too arrogantly in front of me? If you want to talk to me alone, even other second rate Third Rank Divine King would not dare to raise this kind of request to me. Xiao Yulan said this with a smile. He didn't know if she was angry, but Xiao Hongque and Xiao Baifeng were extremely nervous.

Just now, Chen Xiang could feel a trace of power from Xiao Yulan. He immediately understood that Xiao Yulan had hidden it very deeply, the power that she had displayed just now was the power a Monarch should have.

Chen Xiang said very seriously: "Right now, I am the same as you, both of us only want to eliminate the small misunderstanding between us that shouldn't exist. There are some things that we need to talk about alone, it's not that I don't respect you."

At this time, he took out the stone that Jiu Canghai, the Great Divine Lord, had given him. Because he could already feel her attitude towards him from Xiao Yulan's words just now.

Xiao Baifeng and Xiao Hongque had the same thought, that it was impossible for Xiao Yulan to agree to Chen Xiang's words, but when Xiao Yulan saw the stone, he frowned slightly and nodded: "Let's talk inside!"

Chen Xiang suddenly thought of such an important thing, if not Xiao Yulan would definitely not talk about it with him alone, he followed Xiao Yulan into Xiao Baifeng's room.

Xiao Yulan set up a barrier and took the stone over, then asked softly: "How is he now?"

"It's not bad, the Nine Divine Kings only has him now, and he thinks it's hopeless to rebuild the country, so I hope he'll be able to pull himself together!" Before Chen Xiang left, he had once encouraged him.

"You are Chen Xiang?" Xiao Yulan laughed at himself: "I should have known it was you, it's just that recently I've been troubled by so many things, I've been muddled."

"Princess Yu Lan actually heard this kid's name. What an honor." Chen Xiang said these words with a trace of displeasure. At the same time, he was also very worried. So it turned out that the big shots of Divine Cauldron Nation knew of his existence. Being targeted by so many strong people was not a good thing.

Xiao Yulan returned the stone to Chen Xiang and laughed lightly: "Since you let this guy out, it would be hard for you not to know! Do you know how many people hated you to the bone for releasing Jiu Canghai? "

"I don't know. You probably won't hate me, right?" Chen Xiang kept the stone and sat on a chair, while Xiao Yulan was still standing.

When others were talking to her, she was the only one sitting and others standing!

"Can't you be a little polite?" Although Xiao Yulan said that, she had already sat down. She shook her head and laughed, indicating that she had no way to deal with Chen Xiang.

"I don't hate you, but I'm beginning to hate you." Xiao Yulan sat opposite to her, and used her enchanting and beautiful eyes to look straight at Chen Xiang, giving him a lot of mental pressure.

Chen Xiang was currently suppressing his curiosity and did not directly look at her Divine Sense Sea. He was worried that if he were to be discovered by Xiao Yulan, then he might be kicked out.

"Speak, why did he ask you to come to me?" It is not bad that he has you as his subordinate. Although it is very difficult to restore his country, it is not impossible. Xiao Yulan said.

"You're wrong. He didn't ask me to come here. I came here myself!" Chen Xiang frowned, the other party did not know of his relationship with them.

"Oh? Are you really going to join me? Of course, with your strength, I will certainly accept you and give you very good treatment. " Xiao Yulan chuckled: "I thought you were completely loyal to Jiu Canghai, did you think that he was too weak and weak?"

Chen Xiang sighed: "You're wrong again! Firstly, Jiu Canghai and I are not master and servant, we are friends, he is weak but I promised him that I would do everything in my power to help him restore his country! Secondly, I am not here to rely on you! Can't you think of any other reason for me to come here? "

Xiao Yulan frowned slightly. She was distressed because she had guessed wrongly, but her face revealed a depressed look, looking a little cute and mischievous.

"Then tell me the real reason why you're here. I don't want to be wrong again." Xiao Yulan said with a smile on his face.

"You sent people to capture my wife, sister, and slave. I came here to save them, but after coming here, I found that I was too weak." Chen Xiang said with a trace of anger on his face.

Seeing that Xiao Yulan was still confused, Chen Xiang continued: "Xue Xianxian and Liu Meng'er are my wives, Dongfang Jing is my sisters, Dongfang Xinyue is my female slave, you should know them."

Xiao Yulan suddenly came to his senses, but he was still a little doubtful. "How could Dongfang Jing be your little sister? Dongfang Xinyue is her aunt, and according to seniority, she should be your aunt as well.

"Jingjing is my recognized sister, and Warm Moon became mine because he lost the bet!" You took them. " Chen Xiang snorted softly.

"It might be inappropriate to bring them out, but I do not have any bad intentions towards them. I just want them to do something for me. When I'm done, I will send them back and heavily reward them! They are doing very well here, but for the time being, I can't let you see them. They are doing very important things. " Xiao Yulan understood the reason why Chen Xiang came here, and what made her surprised was that all four of their outstanding women actually had such a close relationship with Chen Xiang.

"I definitely won't lie to you. I, Xiao Yulan, have never told a lie before." Xiao Yulan said very seriously, at the same time he looked at Chen Xiang with an apologetic gaze: "I am truly sorry for causing so much trouble for you, I am truly sorry, I hope you can understand!"

Of course, Chen Xiang was clear of the reason why Xiao Yulan didn't let him see Xue Xianxian and the others, which was because he was worried that if the matter regarding her cauldron were to leak out, it would affect her plans.

"Forget it!" I have often heard the Elder Sister Bai Feng speak of you and I believe in her, so I believe in you too! You must take good care of Xianxian and the others. " Chen Xiang sighed. Xiao Yulan's attitude was also not bad, causing the anger in his heart to dissipate quite a bit.

"You're so good to your wife. You dared to take such a huge risk to enter this place." Xiao Yulan chuckled: "You don't have to worry about them, it's Hongque taking care of them now, they are living a good life here, I wish that they could stay here in the future."

Chen Xiang said: "Our misunderstanding should have already been resolved!"

"Hm!" If you want to join me in building a great cause with me, I will welcome you at any time! " Xiao Yulan said. She now understood the reason why Chen Xiang came here, and was relieved when the doubts in her heart were solved.

"I definitely won't join you, you won't be qualified to become a Divine Nations Monarch just by looking at it." Chen Xiang laughed.

"Oh? Why do you say that? " Hearing this, Xiao Yulan actually did not get angry.

"He told me himself!" Chen Xiang said: "I just feel that this isn't what you're thinking, and that this is what you're trying to force out."

Xiao Yulan was silent for a moment, then asked: "How do you know?"

Chen Xiang was startled: "You really are that way?"

Xiao Yulan nodded his head, "Mn, although I have always been scheming since I was young, and have cultivated the kind of imposing manner that a Monarch should have, this is indeed not what I had hoped for. "How did you know?"

"Because I know a woman who really wants to become a female Divine Lord. Although her strength is much weaker than yours, she has always wanted to be called an emperor. So the feeling you give me is completely different." Chen Xiang was precisely talking about Lv Qilian.

"Oh? If I have the chance, I would like to meet this woman that you have mentioned. Perhaps, I can learn something useful from her. " Xiao Yulan waved her hand and removed the barrier, then smiled sweetly at Chen Xiang: "What we talked about earlier, must be kept a secret!"

"Of course!" As Chen Xiang walked out of the room, both Xiao Hongque and Xiao Baifeng, who was outside, were extremely nervous, especially Xiao Baifeng.

"Hongque, let's go back!" When Xiao Yulan came out, his face was filled with a happy smile, allowing Xiao Baifeng's worried heart to calm down.

After Xiao Yulan left, he slumped onto a chair. "You're worried to death about me.

"How would I dare? Your princess isn't a child, how could I dare to bully her? A single glance from her can kill me, who dares to be disrespectful to her? " Chen Xiang laughed.

Not long after Xiao Yulan left, Xiao Baifeng said in a low voice: "I've bought the low grade divine medicine from the Bone level Dan, only ten of them!"

Dong, dong, dong! Suddenly there was a knock at the door. It sounded hard.

"Xiao Baifeng, you little slut, come out!" A shout came from outside. It was Ming Prince.
