

Dan God 2271

[Chapter 2271](#)

Although Chen Xiang and Dai Donggong had only chatted for a short while, they had already understood that Dai Donggong and the Dan God Institute's Elder's Hall was not on the same side.

"Senior, how did they threaten you? Maybe I can help you!" Chen Xiang said.

"No one can help me. For many years, for my own selfish reasons, I have caused Everlasting Mountain to become more and more crooked, and I have disappointed the great hopes that he had placed on me back then! Now that I have decided to give up on certain things, this is the only way to change the Everlasting Mountain." Dai Donggong sighed.

Chen Xiang said: "Senior, to be honest, the real reason I came to find you was to rope you into the power I created!"

When Chen Xiang came, he did have such thoughts, but at that time, he did not decide either, so he wanted to see what kind of person the Eternal Leader was first.

Dai Donggong never thought that Chen Xiang would actually have such a goal. He really wanted to know why Chen Xiang had such confidence to win him over.

"Everlasting Mountain's current environment is hopeless." Chen Xiang said: "You should know this better than me. No matter what you do next, you will become Everlasting Mountain's enemy!"

"They've already gotten used to being lazy over the years, suddenly telling them to risk their lives to do something is equivalent to taking their lives! And the strongest power in the Everlasting Mountain is precisely this group of people. If you force them to hunt Special god beasts, they will definitely work together to resist you."

"That's right!" Dai Donggong sighed: "But... Was the Everlasting Mountain going to end like this? If this goes on, in the future, if there will be a conflict, Everlasting Mountain will definitely die. Even if I know the result, I still have to try."

The majority of the inner sect disciples of the Everlasting Mountain could not compare to the outer sect disciples, but the outer sect disciples were always forced to do dangerous things. For many years, the majority of the outer sect disciples could not compare to the outer sect disciples of the Everlasting Mountain, but the outer sect disciples were always forced to do dangerous things.

Hearing Dai Donggong's words, Chen Xiang was secretly shocked. This Dai Donggong seemed to know what kind of calamity was going to befall the Star Law Divine Realm, it was as if the Star Law Divine Realm had been peaceful for many years.

Chen Xiang laughed coldly: "Why would you make the inner disciples of the Everlasting Mountain listen to you? You can give them a godly pill? I'm afraid even the outer sect disciples won't listen to you, because you can't bring them any benefits. They were full of yearning to enter the inner sect, so how could they know about all the things that happened and all their dreams! The only reason the outer sect disciples still stayed was to get some divine pellets, and only the Dan God Institute's were the core of the entire Everlasting Mountain! As for you, you're just a relatively strong fighter."

Dai Donggong frowned, but Chen Xiang had stabbed him right in the heart. Even though he was a Leader, he truly did not have much appeal in Everlasting Mountain, and the inner sect disciples did not like him, but he could not improve the treatment of the outer sect disciples. The outer sect disciples could only say that he was a good person, but would absolutely not listen to him.

Chen Xiang chuckled, "The current accusation of the elders is to protect the Dan God Institute and obtain the divine pellets! And if you want to change the Everlasting Mountain, you must first control the Dan God Institute, but the Dan God Institute will definitely not let you succeed, he will let the Elder Hall deal with you! or even join together to fight you. "

Dai Donggong was speechless, his current situation was extremely awkward. He clenched his fists tightly, and his body kept on trembling.

"The reason why you became like this is because of your weakness! You were threatened by the Dan God Institute a long time ago, right? Therefore, you should have made your move earlier, and now that you want to, you realised that the Dan God Institute is not someone you can go against, you have already missed your chance. " Chen Xiang said again. This caused Dai Donggong's face to be filled with pain, because Chen Xiang had hit the mark again.

"If it were you, what would you do now?" Dai Donggong sighed: "I'm indeed not suitable to be in charge of a large power, because my heart is not dark enough, not fierce enough, and because I have too many concerns, that's why I'm like this."

Chen Xiang said: "I am already doing it, I have already gathered over ten outstanding disciples from the outer sect examination, there are already more than ten people following me! You should be well aware that I have gained a lot of prestige among the outer sect disciples due to my massacre in the Everlasting Mountain. "

"I really failed. I was dug out of a wall, yet I didn't even know about it." Dai Donggong laughed bitterly.

"Indeed. Because you are indecisive. Even if you have a strong power, what's the use?" Chen Xiang said: "If you know what's wrong, you can change. You still have time to change your mind!"

Dai Donggong didn't think that a little ghost would actually lecture him, but he was unable to refute Chen Xiang.

"Senior, the inner sect of Everlasting Mountain has already decayed, we can only exterminate them! You can start over when the time comes. " Chen Xiang said.

"I just want to know, how in the world are you able to win over so many outer court disciples? This isn't something that can be accomplished with just prestige!" Dai Donggong asked.

"Based on my status as a pill god, is that enough?" Chen Xiang laughed blandly: I gave each of them a few Zhongpin bone level Dan, what reason do you think they have to not follow me and stay in Everlasting Mountain?

A pill god that could refine Bone level Dan, that was enough! Dai Donggong was already a little moved by what Chen Xiang had said.

"Senior, do you want to join me?" Chen Xiang once again extended an invitation: "If you also join my side, then go and rope in all of Everlasting Mountain's inner sect disciples and elders, and then let Everlasting Mountain face his own destruction."

Dai Donggong hesitated, he was thinking!

"Senior, now that I know how to refine Taiping bone level Dan, the King grade God Pellet is not a problem, even if you do not join us, in the future, when you seek me to refine the pellet, I will not refuse." Chen Xiang laughed.

"Do you really know how to refine King grade and divine pills?" Dai Donggong never thought that Chen Xiang, who looked so young, would actually have this kind of ability.

"Of course!" Chen Xiang said, he had previously refined a Three lotus Dan.

"Alright, as long as you agree to help me refine a batch of King grade's divine pellets, I will join you!" Dai Donggong actually agreed to it, which was something that Chen Xiang did not expect.

"So you're saying, the reason why Senior was threatened by the Dan God Institute was because of the matter of refining pills?" Chen Xiang guessed.

"Yes!" Dai Donggong nodded his head: "My daughter has been poisoned, and needs Three lotus Dan to cure the poison. She has already been asleep for tens of thousands of years, and I have only been able to find Qingxin spiritual lotus for a few years. I handed the Qingxin spiritual lotus over to the Dan God Institute, and had them take care of it. but they sold the Qingxin spiritual lotus. "

[Chapter 2272](#)

Speaking till here, Dai Donggong was extremely agitated and angry, "They actually found an excuse to say that they sold the Xiaping bone level Dan because they did not have enough Xiaping bone level Dan! They knew that I was going to change Everlasting Mountain's current situation and that it would affect them when the time comes, so they wanted to show their might to me before selling the Qingxin spiritual lotus. "

Chen Xiang was secretly happy, at the same time he understood why Dan God Institute took out Qingxin spiritual lotus to sell. Dan God Institute definitely did not lack Xiaping bone level Dan, but he still auctioned off this precious Qingxin spiritual lotus, so it was all on purpose.

"Senior, it seems like you and I are fated to meet! To be honest, I came to Star Law Divine Realm from very far away places just to find the Three lotus Dan's divine medicine and refine it into a Three lotus Dan to cure my beloved wife's poison! Not long ago, I happened to be able to refine a batch of Three lotus Dan, and now, I have already ordered someone to send them back! " Chen Xiang said.

Dai Donggong immediately became agitated. He grabbed Chen Xiang's shoulder and asked: "Three lotus Dan only needs to be refined using a lotus seed. The divine lotus you obtained, should also have at least two lotus seeds.

Chen Xiang nodded his head: "That's right, when I return, I will immediately go into seclusion and refine Three lotus Dan for Senior's beloved daughter."

"Good, good, good!" Dai Donggong was extremely excited at the moment. He knew that it was fated for Chen Xiang to bring back his son's remnants, and he would be able to refine the Three lotus Dan to cure his daughter's poison soon. At this moment, he was even more determined to join Chen Xiang and the others.

Chen Xiang and Dai Donggong then chatted for a while in detail, gave Dai Donggong his Villa's address in Cang Cloud City, and even gave him a few Bone level Dan. This was to allow him to win over outer court disciples for himself.

Now, Dai Donggong had already given up on the inner sect disciples. Previously, he was also threatened by the Dan God Institute, which made his heart even colder, and Chen Xiang was able to quickly refine Three lotus Dan for him, even if it was only to thank Chen Xiang, he still wanted to join Chen Xiang.

Dai Donggong returned to the Everlasting Mountain, while Chen Xiang returned to Cang Cloud City's Villa, where he started refining pills in the secret room.

"When I was at Star Law Divine Realm back then, Dai Donggong still hadn't taken over. So many years have passed, and he has already stepped into the peak! At that time, within the Everlasting Mountain, he was not the strongest, but when the old Leader saw his kind heart, she passed down the position of the Leader to him." Yue'er said, "With him joining us, our side's strength will also be much greater. This way, we won't need to fear the other Heavenly Star Realm's forces."

"The other heavyweights of the other Heavenly Stars are all of the older generation?" Chen Xiang asked.

"It should be, otherwise they wouldn't kill all of Undead Divine Race to extend their lifespan." Yue Er coldly snorted and said, "Those guys actually want to make a move against all the God Tribes. They will get their retribution sooner or later."

"Then where did Everlasting Mountain's old Leader go?"

"I don't know, it's worth it for Dai Donggong. Everlasting Mountain's Old Leader is also not a bad person." Yue'er sighed: "It's a pity that after he left, the Everlasting Mountain turned into such a bird."

Chen Xiang took out three lotus seeds and began to refine a Three lotus Dan. Dai Donggong's current weakness was his daughter, who had already been asleep for many years.

With his previous experience, he refined Three lotus Dan much faster this time, and it was done in more than a month. When he walked out of the secret room, he had already found out that Huang Jintian had received over ten outer court disciples from the Everlasting Mountain s, and the ten people who had went into seclusion previously had already come out by now. They had all successfully condensed their Bones.

More than twenty powerful outer court disciples had already gathered in this villa! After Chen Xiang saw these disciples, he chatted with them for a while and gave each of them a few Zhongpin bone level Dan s.

"Hua Lang, help me arrange something. Send a message to the Eternal Leader and have him meet at the same place." Chen Xiang said. At that time, Hua Lang had already won them over, and they did not believe it at all. Only after Dai Donggong had over ten outer sect disciples come over, did they dare believe it to be true.

Hua Lang hurriedly nodded, then left the Villa.

"Feng Hao insists, you stole Feng Clan's Bisheng immortal lotus, and for some reason, the other elders of Feng Clan believed it. Right now, Feng Clan is looking for you everywhere!" Feng Wu said: "Earlier, you told me to warn Feng Hao, not only did he not listen, he even continued to spread the news of you selling a large number of divine pellets privately."

"Yes, we don't need to bother with the Feng Clan right now. We will take care of them when we are ready!" Chen Xiang said: "Feng Clan is just a small fry, don't worry about it! Feng Wu, if you have time, help me find a place. It would be best to stay in the wild, where there are mountains and water, a beautiful place, a place that is large enough, and there are no Special god beast s. "

"Alright!" Feng Wu did not know why Chen Xiang wanted to come, but it sounded like a place used to build villas.

... ..

When Chen Xiang arrived at the place where he met Dai Donggong last time, Chen Xiang immediately took out two Three lotus Dan s and handed them over to him.

"There are two of them. If one is not enough, take another!" Chen Xiang said.

"All these years, I've only been able to find Qingxin spiritual lotus and you found three types of Divine Lotuses so quickly!" Dai Donggong exclaimed: "Looks like your alchemy skills are even more outstanding than what I imagined. You only managed to concoct a batch of King grade divine pellets in a month's time, and you only produced two pellets, which is much more powerful than those fellows in Dan God Institute."

Chen Xiang only smiled faintly: "Senior, you should be a bit careful within the Everlasting Mountain. If you remove the poison from your daughter, and you don't trust her to stay in the Everlasting Mountain, you can let her come to my villa. I can guarantee her safety."

"Alright!" Dai Donggong: "I will also leave the Everlasting Mountain and enter the Villa in a while. Afterwards, I will be at your command."

Dai Donggong was very grateful to Chen Xiang, these two Three lotus Dan s were both very precious, if he was going to use Xiaping bone level Dan s to exchange for them, then he would need a lot more, and all these years looking for three types of Divine Lotuses, he had been bankrupt, so right now he was also short on money.

Dai Donggong obtained the Three lotus Dan and quickly left. He wanted to cure his daughter's poison, he was his only family.

Chen Xiang had become a lot more relaxed now, and he did not have many Zhongpin bone level Dan left either. He had been hoping for Teng Yong and Jing Ze to return quickly so that he could have divine medicine and not have to replicate it himself.

"Yue'er, has the Bone level fruit been copied yet? First, I'll make one, then I'll use it to try forging a pill! " Chen Xiang asked.

"Not yet! You need to condense more purple pearls, and with the help of Spirit seed, you will be able to condense more purple pearls very quickly! I wonder what grade of divine medicine that Bone level fruit is at." Yue'er replied, "Although it looks like a King grade, it requires many purple pearls to duplicate it, even more than those divine lotuses."

[Chapter 2273](#)

Chen Xiang could only wait for Teng Yong and Jing Ze to return then try to refine the Bone level Dan s. At that time, they would definitely be able to bring back a large amount of divine medicines. They would have over a hundred Shangpin bone level Dan s on their hands and after being sold, they would be able to obtain a large number of Shen Yuan stone s.

"Big brother!"

Just as Chen Xiang was about to enter the secret room to condense purple pearls, he heard someone shouting.

Huang Jintian anxiously jumped out, only to see him support a big man whose body was full of scars.

"It's Li Qi!" One of the disciples inside the Villa said: "Big Brother, he has a good relationship with Hua Lang, and he had wanted to join us since a long time ago, but in order for the inner court to help Hua Lang, that's why he didn't come to the Villa."

"It's serious!" Chen Xiang anxiously took out a Divine Pill and placed it in Li Qi's mouth. Then, he took out a jade bottle and dripped some white liquid onto the wounds on his body.

Li Qi had fainted when he entered the room. After taking Chen Xiang's divine pellet, he quickly woke up, and the wounds on his body had healed by a lot.

"Slow down!" Chen Xiang smiled at Li Qi: "Who hurt you?"

"Yes ..." In the Clan Elder's Courtyard, they found Hua Lang and us. Since Leader wasn't on the mountain, they attacked us and captured Hua Lang. " Li Qi said angrily, "These bastards of the Elder's Hall, they actually forbid us to leave! Fortunately, we have already sent a letter to all the outer disciples. If they believe us, they would be here very soon. "

"Hua Lang was captured and brought back to the Everlasting Mountain?" This was what Chen Xiang was most concerned about right now. His expression became very serious.

"I don't know. The ones who did it weren't people from the elders' courtyard, nor were they inner court disciples. We don't recognize that group of people, but their strengths are very strong." Li Qi said, "We only know that they were sent by the Elder's Hall. Moreover, they have some enmity with you, Big Brother."

Chen Xiang thought for a moment, then immediately understood: "I know who it is! Great Heaven School! "

Great Heaven School often did things like stealing chickens and dogs, and there was nothing wrong with it. This was definitely under the protection of the Dan God Institute and the Elder's Hall.

The death of Dai Donggong's son was related to the Great Heaven School, if not the Heavenly Aquarius would not be in the Great Heaven School, and if the elder's courtyard could call for the Great Heaven School to make a move, then it meant that they were secretly plotting something. Chen Xiang suspected that the elder's courtyard and the Dan God Institute were the ones who had ordered the to kill Dai Donggong.

"Master, you stay here to receive the disciples that have come over. I will make a trip to Great Heaven School!" Chen Xiang said.

"Big brother, we'll go too!" One of them shouted, and the other twenty odd people also started shouting, they wanted to follow Chen Xiang to the Great Heaven School to save Hua Lang.

"No need, you all stay here!" Right now, I am not completely sure that Hua Lang is in Great Heaven School, so it would be more convenient for me to travel alone! And you guys also have things to do here, if there are other outer sect disciples here, you guys have to receive them and convince them to stay here. "

With Huang Jintian here, Chen Xiang did not need to worry. When Dai Donggong got the Three lotus Dan, he immediately went to treat his daughter's poison. For a moment, he did not know what would happen, so he could only take care of it himself.

... ..

Chen Xiang came to the city where the Great Heaven School was, and after he came, he went straight to the Villa where the Great Heaven School was! At this time, the lights and decorations were on outside the big door of the Great Heaven School. Outside the door stood a few handsome youths, smiling as they welcomed the people who had walked in.

"Congratulations, today is the day of the alliance between Great Heaven School and myself, and it's a hundred thousand years' worth of celebration on top of that." An old man laughed as he came to the door.

"Thank you for coming to support us. Please come in." A man outside the door smiled apologetically.

Chen Xiang felt that he guessed right. Although the Great Heaven School and the Great Heaven School were in an alliance, it was equivalent to becoming a subsidiary power of the Everlasting Mountain, and it would be more convenient to mobilize the Everlasting Mountain in the future.

No matter who it was, as long as one wore a decent attire, they would be able to enter. Chen Xiang changed his appearance to make himself look very noble, then swaggered in.

After Chen Xiang entered, he immediately released more than a hundred threads of divine soul, searching for traces of Hua Lang. At this time, the Great Heaven School was in high spirits, full of cheers and laughter.

"Found it!" Chen Xiang's thread of divine soul sensed a trace of Hua Lang's aura, which was located rather far away from the Great Heaven School's plaza at the center.

This was Great Heaven School's territory, and the Great Heaven School had just allied with the Everlasting Mountain, so there were many experts from Everlasting Mountain here today. As such, the

Great Heaven School was not afraid of anyone coming to cause trouble, and so their guard was relatively loose. They still hoped that someone would cause a ruckus and teach those who had come to make a lesson. After all, Great Heaven School's previous reputation was not very good.

Chen Xiang easily arrived at the back of the mountain. There was a dungeon here, he determined Hua Lang's location, and then immediately teleported there.

Hua Lang was locked in a secret room with four walls of array barriers. The short and short was up all over, his hair was messy, and the face that had been laughing and laughing all day was swollen and purple, but his eyes were still very clever. When he saw Chen Xiang suddenly appear in front of him, he was so shocked that his eyeballs almost fell out.

"Big... "Big brother!" Hua Lang never thought that Chen Xiang would come after he was locked in here for only a short while.

"Kid, you're quite spirited!" Chen Xiang patted his head and laughed.

"My life is tough, I won't die." Hua Lang laughed mischievously. "Looks like Li Qi successfully escaped, I was worried that he would die on the way."

"He didn't die, but he was heavily injured." Chen Xiang looked at the sturdy green chain in Hua Lang's hands and tried to pull it apart but to no avail.

"This chain is too powerful. Is it a high-grade divine tool, refined by the Leader?! Back then, Leader refined many things for the sake of the Dan God Institute and the Elder's Hall. " Hua Lang said: "It's not easy to open it!"

"Who said that?" Chen Xiang took out the Heavenly magic sword. He controlled the Heavenly magic sword to become as big as a dagger and gently cut across. It was as simple as cutting a rope.

"So powerful!" Hua Lang's eyes widened: "Slicing a high grade divine tool is like cutting vegetables, big brother your broken sword is too awesome!"

Chen Xiang took out some medicinal liquid and divine pellets, allowing Hua Lang to take them to make a breakthrough.

"How did they find out?" Chen Xiang felt that it was extremely strange. "Did someone betray you?"

"Yes, there's a guy who went in through the outer sect examination, but he has a thick skin. As long as he sees an inner sect disciple, whoever he sees would kneel, and his kneeling posture and methods are first-rate. So he is deeply liked by the inner sect disciples!" This fellow was the one who found out about us. " Hua Lang said: "It's all our fault for being careless. I never thought that this guy would actually please some outer sect disciples, so he knows quite a few things."

[Chapter 2274](#)

Although Chen Xiang didn't expect such a thing to happen, sometimes things would inevitably go wrong with the plan. Right now, the matter of him secretly trying to rope in the inner disciples of the Everlasting Mountain had already been discovered by the Dan God Institute and the elders. Baidu Search for Title + 800 Tale Net

Chen Xiang felt that there was a high possibility that the next person would be the Feng Clan, because the Feng Clan hated him very much as well. Now that the Everlasting Mountain had started the alliance with the Great Heaven School, if they could give the Great Heaven School a lot of benefits, then the other powers would be happy too.

"There is nothing good about allying with the Everlasting Mountain ... Of course, this is only for the low and low disciples of the other powers. As long as you form an alliance with the Everlasting Mountain, those people will be the same as the outer disciples of the Everlasting Mountain. " said. Everlasting Mountain allying with other small and middle-sized forces, this posed no threat to him.

Thank goodness they did not know that the Leader was already with you, even if they did, it would be nothing, they can't do anything to the Leader. Hua Lang said.

"Then do they know that I possess a large number of Bone level Dan?" Chen Xiang asked.

"I know, and they are very sure that the person who bought the Qingxin spiritual lotus was you, Big Brother. Who knows where they got the Bone level Dan that Big Brother refined from. It was determined through comparison." Hua Lang could hear a lot of news within the inner sect, and he could even hear some of the more secretive things.

"Ah Lang, I will send you out of the city right now, you should know how to get back, right?" Chen Xiang said as he saw Hua Lang's injuries turning better.

"Big brother, are you going to continue staying here and ruin their good fortune?" Hua Lang smirked: "I also want to stay and watch."

"No, you should go back first. Your injuries haven't completely healed yet." Chen Xiang shook his head: "Now they already know that I am able to refine a large number of Bone level Dan, which can endanger their position and interests. They will definitely hate me for sure next."

Hua Lang nodded, his power was limited, if they were to fight, he would not even be able to run.

Using the power of space, Chen Xiang carefully opened a spatial tunnel and sent Hua Lang away from the Great Heaven School.

They did not know that Hua Lang had already left. At this moment, they were celebrating to their heart's content!

Chen Xiang felt it was funny. Great Heaven School was so happy now, he completely didn't know that Everlasting Mountain and the elder's courtyard had allied themselves with the Great Heaven School in order to find new slaves. The disciples at the bottom level of Great Heaven School had thought that fawning on the Everlasting Mountain was a good thing, so they had followed to celebrate.

The only thing that would benefit from this would probably be the higher ups of the Everlasting Mountain, and they had worked for the Everlasting Mountain for a long time, so now they could only join the Everlasting Mountain in name only, and sell out all the disciples at the same time.

When Chen Xiang arrived at the plaza at the center of the plaza, he had already heard someone say that they would celebrate for a few days and nights. The amount of banquets here grew more and more, and the entire plaza was enveloped in the thick aroma of wine and joyous sounds.

Suddenly, the people in the center of the plaza all stood up and moved the tables away, creating a huge space. An old man walked over and waved his hand to release a seemingly strong and sturdy Contest Ring, and then, a few other old people came, took out many array discs and laid down a barrier.

An old man walked onto the stage and said loudly: "I am the clan elder of Everlasting Mountain, I have matters to attend to and have not come to Leader yet, so I am in charge of forming the alliance between Everlasting Mountain and Great Heaven School! Thank you so much for coming here, so we decided on the spur of the moment to add another show to our fun. "

"Our Everlasting Mountain and Great Heaven School will each choose a disciple. First, the disciples of the Great Heaven School will guard the stage. After defeating the disciples of Great Heaven School, will be the time for the disciples of my Everlasting Mountain to come on stage, and if the disciples of my Everlasting Mountain are to be defeated, then they will be able to obtain the Shangpin bone level Dan. "

If they won, they would be able to obtain Zhongpin bone level Dan, and they might even be able to obtain Shangpin bone level Dan. Many of the old fellows had already decided to go up on stage and try their luck.

The old man saw the excited look on everyone's faces and laughed: "I see that everyone is very interested in this. There will be a lot of people attending and it will be difficult to arrange for them to come over!" How about this, let's have our disciples hold a secret made box, and as long as we can grab the black pearl from the box, we will be able to go up on stage and challenge our defending disciples. "

Chen Xiang looked around, and sure enough, there were a hundred disciples carrying boxes and walking amongst the crowd, and many people were trying to reach into the boxes to grab the pearls.

When it was Chen Xiang's turn to use the Dao heart Eye, he easily saw the black pearl and grabbed it out. After observing it carefully, he discovered that out of the beads, there was only one black pearl out of the one hundred, and there were several thousand people present who participated, but in the end, only a few dozen people obtained the black pearl.

Although there were many people who complained that they did not have a chance, they understood that if a few thousand people took turns to challenge the gavel, those on the stage would definitely be exhausted to death. And if several dozen people took turns to challenge, that made sense.

"Friends who have received the black pearl, please line up here to register." When Chen Xiang heard the elder's voice, he immediately stood up and walked over.

Not long after he left, he was stopped by someone. It was a fierce and big man.

"Brat, give the black pearl in your hand to me, I'll give you a hundred thousand Shen Yuan stone." When the big rough hand pressed onto Chen Xiang's shoulder, it actually grabbed onto Chen Xiang's shoulder.

"Humph!" Chen Xiang snorted, he used the Hail magic wind and used a burst of cold Qi from his shoulder and poured it into the big sized man's hand.

When he wanted to curse Chen Xiang, he couldn't make a sound because his entire body was being infiltrated by the Hail magic wind, causing him to retreat a few steps, and then sit down on his own chair.

This burly man only had seventy Divine Deity, a single palm from Chen Xiang could kill him, yet he dared to threaten Chen Xiang! And Chen Xiang had also taught him a painful lesson!

When Chen Xiang arrived at the registration place, he discovered that he was the last one there. He secretly cursed the burly man earlier in his heart, if it wasn't for the burly man blocking him for that little bit of time, he definitely wouldn't have been there.

"What's your name?" An old man looked at the black pearl that Chen Xiang had given him, and after confirming that it was real, he asked.

"Qi Tian!" Chen Xiang made up a fake name.

"Alright, you are the fifty-third and last place respectively! Young man, you're not smart enough, or you wouldn't be so far behind the line! But you don't need to worry too much. Perhaps after they exhaust all of their disciples' power, it just so happens that it's your turn. The old man laughed and gave the black pearl back to Chen Xiang.

[Chapter 2275](#)

Chen Xiang had just finished registering and someone was already challenging the disciples of Great Heaven School!

An old man had introduced this disciple named Huo Yang, who was an expert in the use of the divine power of ice and lightning. He was the youngest and most outstanding disciple of the Great Heaven School and was quite handsome. The old man had even told everyone that Huo Yang possessed ninety percent of Divine Deity, but he didn't say how much of it he possessed.

"Ninety-three Divine Deity, four Bones! This kind of strength, for the more than fifty guys in front of me, you have no chance of winning at all! " Chen Xiang thought, and at the same time told Yue'er. He had the Dao heart Eye, so if he focused his mind to observe, he could vaguely see the Bones of other people's bodies, but Divine Sense Sea's Divine Deity was something that could be seen by using the Bones in his eyes.

And sure enough, the first person to go up only had eighty percent of his Divine Deity left. He was sent flying by a single palm from Huo Yang, and he vomited blood as he flew.

Huo Yang's attacks were not light. The elders of the Everlasting Mountain had said before that it was extremely likely for one of them to be severely injured, or even killed, during the battle.

Seeing that the people on the ground were dying and there were more than fifty people in the line, more than thirty of them immediately left the line. They thought that the people fighting today would show mercy and they themselves would be able to compete with their luck, but who knew that this wouldn't give them the chance to fight. They knew very well that they didn't even have the chance to put their lives on the line, so they all consciously withdrew.

Those who continued to queue up had confidence in themselves. Even if they couldn't beat him, they wouldn't be seriously injured!

The second challenger went up on stage. He was an old man, and after he started, he released a raging flame that engulfed the entire Contest Ring, and he too disappeared within the sea of fire.

"He has some skill, to actually be able to merge himself into the fire, this looks like he's using the Space wind! I just want to merge my own body into the Space wind and move with the wind." Chen Xiang said.

"It looks like this person has studied many ways to use fire. It seems like he's quite formidable!" Yue Er said.

Huo Yang bellowed, both his fists hitting the ground, causing the ground to shake. When his fists touched the stage, a burst of cold Qi accompanied by a burst of berserk power rushed out, in the blink of an eye enveloping the entire stage, the flames suddenly extinguished, the old man who had merged with the flames had no choice but to appear, but the moment he appeared, he was sealed by ice.

Following that, Huo Yang took a big stride forward and punched the old man sealed in ice with his fist. Instantly, thunder roared and his fist was like a blood lightning bolt in the darkness, penetrating straight through the old man who had been frozen into an ice cube.

B000M!

The block of ice instantly shattered into ice. The old man also turned into ice and scattered. Under the rays of the hot sun, the ice quickly melted.

Everyone secretly frowned. This person had come to congratulate them, but had actually killed them with a single punch. Furthermore, today was a joyous occasion for both Everlasting Mountain and Great Heaven School.

"This is the Great Heaven School demonstrating, telling others that they want to take advantage of them!" Chen Xiang sneered in his heart.

Seeing that the Great Heaven School was not merciful at all, more than ten people left, and there were less than ten people in front of Chen Xiang! In the eyes of these people, those who still dared to queue up and go up were all suicidal.

B000M!

There was a clap of thunder, and an old man was knocked off the stage. The old man was not heavily injured, and when he landed, he was able to stand still, spitting out a large mouthful of blood.

Those who dared to stay behind, sure enough, all had some ability. Although they couldn't win, they were not dead yet, and the strongest actually exchanged more than ten moves with Huo Yang, which made everyone admire him.

Not long after, there was no one in front of Chen Xiang, which meant that it was his turn to go up on stage!

"Everyone, if you all were to join the Great Heaven School, you would also become as strong as the disciples on our stage! And the Great Heaven School has a passageway that can lead to the inner sect examination." The elder from Everlasting Mountain suddenly shouted: "All of you need to know, disciples who enter my Everlasting Mountain's inner sect will be groomed by us to become this powerful in a short amount of time. This disciple named Huo Yang is like that, he previously couldn't even kill a Special god beast with sixty Divine Deity."

Chen Xiang cursed the elder's shamelessness in his heart, to actually say such words to trick people into entering the inner sect!

"The competition in the inner sect of our Everlasting Mountain is very cruel! Everyone should have heard a lot of rumors! But where was there no competition? How could he become strong without competition? Could it be that eating lazily could make one stronger? The losers in the inner sect resent the heavens and the earth, so they spread rumors about the poor environment in the inner sect of Everlasting Mountain, please do not listen to them." The elder said loudly.

Chen Xiang found it extremely funny, because the inner disciples of the Everlasting Mountain were lazy to eat and become stronger, and in order to continue, they would continue to lure more people into the inner sect, and become their slaves.

"This guy is still talking nonsense!" "It's my turn, you bastard!" Chen Xiang had not been called up to the stage yet because the elder of the Everlasting Mountain was taking the opportunity to brag about Huo Yang's terrifying strength. The elder had also said that Huo Yang had only cultivated in the inner sect of the Everlasting Mountain for three years.

Chen Xiang looked at the crowd, and saw that many of them were looking forward to it, and were deceived by the elder's words.

After the elder finished persuading, he walked off the stage, and when he passed by Chen Xiang, he laughed: "I'm so sorry, I thought you were planning to quit! You look so young, and you really have the guts. If you had entered the inner sect of Everlasting Mountain to study for a few years, you would definitely have made great achievements.

Previously, the ones in front of Chen Xiang were all elderly, so everyone thought that Chen Xiang, this young man, would definitely not be as strong as those old men, but now, he actually dared to run up, and felt that he would most likely die.

Chen Xiang nodded, but he still walked up the stage!

Huo Yang seemed to be impatient. He saw that Chen Xiang had overestimated himself and ran over, and said: "You have guts, but this is also the last time in your life that you have balls, from the start I am going to use my strongest power to fight you."

He was the last one. Moreover, he looked so weak, yet still dared to run over. This kind of person who didn't know his own limits disgusted Huo Yang.

Chen Xiang laughed: "I'm so scared, you don't have to attack, you nearly scared me to death! If you say any more scary words, I might be so scared that I'll vomit blood and fly away."

Everyone never expected that Chen Xiang would actually dare to say such provocative words! When they saw Huo Yang's sudden outburst of anger, everyone saw what happened to Chen Xiang.

He was enraged by Chen Xiang's words. The people who trained in the Thunder God's power were extremely irritable to begin with, and would easily be angered by a few words from others.

[Chapter 2276](#)

"This guy is worried that he will die too quickly, which is why he angered Huo Yang and allowed Huo Yang to torture him to death little by little?" One of them laughed, "Is this person crazy!?"

"No, Huo Yang is so angry now, he must have been taken care of in an instant."

"That might not be true. Although Huo Yang is arrogant, if he is able to control himself against such a person, he will definitely torture him to death."

Everyone felt that Chen Xiang was definitely going to die, but there was only one person who didn't think the same, and that person was the burly man who stopped Chen Xiang previously! He was trembling from head to toe, he simply did not know what Chen Xiang had done to him to turn him into such a state!

"Begin!" An old man shouted, his voice was filled with anticipation, he wanted to see how Chen Xiang died.

"Useless bugs, go to hell!" Huo Yang held back his fury and the berserk Thunder power, and after it started, it punched out like lightning towards Chen Xiang's head.

"You're the useless bug!" Chen Xiang actually laughed, he also punched out, his speed was extremely fast, even people with good eyesight could see that Chen Xiang's punch was actually faster than Huo Yang's.

However, Chen Xiang's fist did not carry any kind of frightening power, and appeared to only be an ordinary punch. What was shocking, however, was that Chen Xiang's fist actually struck towards Huo Yang's Violent Lightning Fist.

The two fists collided, but it was not as everyone had expected! They had thought that it would be deafening thunder claps, and then, Chen Xiang's arm would be torn apart by the berserking Thunder power.

However, what happened now was far beyond everyone's expectations and they couldn't believe it! After the two fists clashed, it was unexpectedly calm, as if two fists had lightly bumped into each other without the slightest fluctuation of power.

However, Huo Yang was sweating profusely and his face was filled with fear. He could clearly feel that his powerful thunder god powers had disappeared without a trace after coming into contact with Chen Xiang's fist, like a stone sinking into the ocean.

Moreover, Chen Xiang's fist also surged with a strange power that poured into his arm!

Huo Yang screamed in shock, and retreated a few steps, touching his own arm, because his arm was itchy right now!

"My bones ... where is your Bones? " Huo Yang was extremely shocked. All the bones in his arm were gone, and the Bones was hidden within the bones.

Just now, Chen Xiang had used the Bone-melting magic palm, so the devil arts that Bai Youyou had imparted to him were still extremely powerful!

It didn't matter if Huo Yang's arm was crippled, but the Bones that he painstakingly condensed out was gone, and this was a huge blow to him.

The few elders at the side had already seen that Chen Xiang's strength was extraordinary, and thinking back to the provocative words he had said previously, they knew that Chen Xiang had deliberately come to cause trouble.

Just one move was enough to scare Huo Yang into a dog, causing everyone to be dumbstruck, and all the elders were aware that there was a difference in strength between Huo Yang and them.

Just as the elders reacted, Chen Xiang jumped up, his palms were filled with lightning and fire, the berserk Thunder power was much stronger than Huo Yang's palm strike.

Chen Xiang's palm materialized into a palm that was like condensed bolts of lightning, smashing down fiercely, enveloping Huo Yang!

"AA
AAAAAAAAAAAAAAAAAAAAAAAA!" Huo Yang screamed.

Everyone watching the scene on the stage felt their scalps go numb, as Huo Yang's body was actually ripped into pieces by the violent Thunder power.

B000M!

Chen Xiang waved his sleeves, releasing a fierce gale filled with raging flames that swept towards Huo Yang's torn body, burning the shattered pieces to ashes!

Huo Yang is dead! Those who were severely injured by Huo Yang felt that this retribution arrived a little too quickly, and rejoiced in their hearts. At least they were still alive, but Huo Yang was already dead.

"I have already defeated Huo Yang. Where is my Zhongpin bone level Dan?" Chen Xiang smiled towards an elder.

Everyone immediately cheered in their hearts. This was such a big joke!

Originally, the Everlasting Mountain and the Great Heaven School had allied together to create this combat arena program, and it was meant to make the Great Heaven School and the Everlasting Mountain show their might.

What Chen Xiang was doing now was to brazenly slap Everlasting Mountain's and Great Heaven School's face.

There were many people present, over 10,000 of them. Although most of them were rogue cultivators, there were also representatives from other forces! If the Great Heaven School and the Everlasting Mountain did not give the Bone level Dan to Chen Xiang, then it would be breaking their promise. This was a matter that would ruin their reputation, and even though they were absolutely unwilling, they still gave Chen Xiang a Zhongpin bone level Dan.

"Now, I can challenge that Everlasting Mountain disciple, right? Zhongpin bone level Dan is not of much use to me, I am here for the Shangpin bone level Dan. " Chen Xiang said while laughing.

No matter how you looked at it, you would feel that he was here to create trouble, not for the Shangpin bone level Dan!

"No need to be anxious. You should rest first. We have already sent someone to notify that disciple. He will be here very soon." His face was gloomy, his voice low and deep, looking very terrifying. Everyone could see that he was angry, but due to face, he was unable to kill Chen Xiang with a palm.

Chen Xiang actually hoped that he would attack her, so that she could kill him justifiably.

"Why aren't you here yet?" Chen Xiang sat on the fighting stage, feeling impatient.

"That's because our strongest disciple is still in closed-door training, and only our Everlasting Mountain's number one Successor Disciple is fit to fight you. Calm down, it's too late for you to leave." The old man smiled sinisterly.

The number one true disciple in the Everlasting Mountain! One could tell that it was very powerful!

"This guy's done for. The first Successor Disciple is a guy from the Hundred gods level. He possesses quite a few Bones."

"Not necessarily, he did not use his full strength just now. Maybe he is also from the Hundred gods level."

"What is the background of this Qi Tian fellow?" Everlasting Mountain is the strongest power in the Wang Ancient Heavenly Star, he definitely knows about it. But to provoke it, could it be that the other Heavenly Star Sect are here to ruin it? "

Everyone began guessing!

Chen Xiang sat on the stage, and realised that there were over 10 elders surrounding the stage, afraid that he would run away! He guessed that the Everlasting Mountain wanted the number one true disciple to kill him, save face, and vent out his anger at the same time.

The bored Chen Xiang took out the Zhongpin bone level Dan he received as a reward. He sniffed and frowned: "Isn't the quality of this Zhongpin bone level Dan too terrible?"

As he spoke, Chen Xiang threw the divine pellet outwards: "I don't want this kind of trash, whoever wants it will have it. For a dignified Everlasting Mountain to be known as the strongest in terms of pill refinement, he actually used this kind of trash to fool people. "

The Zhongpin bone level Dan could be lost at any time, even if it was of low quality, it was still very expensive!

[Chapter 2277](#)

The Zhongpin bone level Dan that the elder of the Everlasting Mountain had just given to Chen Xiang was indeed of a lower quality. Seeing Chen Xiang throw away the Bone level Dan, everyone secretly cursed him in their hearts.

The Bone level Dan that Chen Xiang threw away was caught by a big sized man, he nodded: "The quality is indeed not good!"

"We never said what kind of Bone level Dan we would reward, right?" was a disciple with great potential and could be killed by Chen Xiang just like that. This was a huge loss to both the Great Heaven School and the elder.

"That's right, you didn't say what quality you wanted to give, so you couldn't say anything. I just felt very surprised that the Alchemy God of your Everlasting Mountain could actually refine such a low quality Bone level Dan." Chen Xiang laughed: "This is a bit different from the propaganda your Everlasting Mountain has."

Just now, this Clan Elder was bragging about how impressive the Everlasting Mountain was, but now that Chen Xiang was going to expose them, he was going to show everyone what kind of power the Everlasting Mountain was!

The elder no longer paid any attention to Chen Xiang. Instead, he closed his eyes and endured the anger in his heart, waiting for the arrival of the first true disciple of the Everlasting Mountain.

Just then, an old man flew over from afar and landed beside the stage, right beside the Everlasting Mountain Elder.

"It's the Leader of the Great Heaven School, Mingguang!" Chen Xiang had heard Feng Wu talk about the Great Heaven School before, so he recognized the old man.

"Was it you who killed Huo Yang?" Ming Guang's voice was filled with anger as he asked in a low voice.

Huo Yang was a young and capable disciple of his Great Heaven School. Even the dead Yu Zhen was weaker than him, but now, he had actually been killed by someone.

"That's right!" Chen Xiang nodded his head, his voice was calm, as though killing Huo Yang was not a big deal, it made Ming Guang even angrier, he wanted to rush forward to take care of Chen Xiang, but he controlled his emotions, he was clear about the situation, and Huo Yang had also killed people before.

If Huo Yang did not kill before, Chen Xiang would have been lenient, and the Great Heaven School and Everlasting Mountain that were in charge of organizing this competition, thought that Huo Yang was very strong, so they did not set any rules. To be able to kill the other party was just reaping what they had reaped.

Many of them were representatives sent by the big powers, so if Ming Guang were to run up and attack Chen Xiang, they would definitely laugh at him.

Chen Xiang smiled blandly: "If the number one true disciple of Everlasting Mountain doesn't come, I don't mind sparring with him. This way, everyone can see how strong he is."

"If I win, just give me a Zhongpin bone level Dan!"

If he could defeat Great Heaven School, he only needed one Zhongpin bone level Dan. This was equivalent to looking down on Ming Guang, which angered Ming Guang to the extreme. He really wanted to go up there.

"Bright Light, wait!" The clan elder of the Everlasting Mountain shouted: "Don't go up, the number one true disciple of our Everlasting Mountain can take care of him. If you go up and beat him, how will the true disciples of our Everlasting Mountain perform?"

"Alright!" Ming Guang calmed himself down and thought. He was a dignified Leader; if he were to make a move here, it would definitely lower his status.

"Why do I feel that the Leader is weaker than the true disciples of the Everlasting Mountain?" Chen Xiang chuckled: "If I defeat Everlasting Mountain's Successor Disciple, then can I challenge Leader?"

"You won't win, the first Successor Disciple of our Everlasting Mountain isn't just for show." The elder said coldly, "You should still recall the good times before you die. You will die very soon."

Chen Xiang's goal was to turn the world upside down here, and destroy the matter of the Everlasting Mountain allying with him, so the more he could do it, the bigger it would become.

"You should have told your Successor Disciples not to come here. Since he came here, there's only death waiting for them. I won't let you leave here alive." Chen Xiang laughed: "To kill a Everlasting Mountain's Successor Disciple only has one Shangpin bone level Dan, this is also quite profitable, if only every single one of the Everlasting Mountain's Successor Disciples were killed, then all that would be left would be the Bone level Dan as well."

"Before I die, if I say a few more words that are courting death, it will only make my death worse." The elder glared at Chen Xiang coldly, but Chen Xiang was smiling, not afraid of him at all.

Everyone was maintaining a distance from the stage at this moment. They were worried that they would be affected by the huge battle that was about to erupt, and the scene of Chen Xiang killing Huo Yang just now was still clearly played back in their minds. Everyone could see that Chen Xiang was very strong, and he did not even use all his strength to kill him.

Chen Xiang had a fairly good understanding of the Everlasting Mountain, right now there are no Leader s in the Everlasting Mountain s, they have already been dug out by him, and although there are experts at the peak of the Dan God Institute s and clan of elders, without the Leader s, their strength is still at the bottom among the super powers of the Star Law Divine Realm s.

"He's here!" Someone suddenly shouted.

In a few blinks of an eye, this golden light landed on the stage and exploded with a golden light. A handsome man wearing a white robe appeared on the stage.

Chen Xiang immediately used the Dao heart Eye to look at the other party's Bones. The Hundred gods level and the Six Bones were very close to the peak. No wonder he was called the number one true disciple of the Everlasting Mountain!

However, Chen Xiang felt no pressure at all. He had fourteen Bones, and adding the Six Realms' Power that he had condensed from the Six Realms magic kungfu, he was much stronger than other people's divine powers.

"This is the famous Golden Light God King of Everlasting Mountain, he's really powerful. I don't even know how he got here, and the golden light he was emitting was very hot. When I was hit by this kind of golden light, the Divine Sense Sea became very unstable."

"The golden divine light is his most powerful technique. It's said that the golden divine flame he uses is even more terrifying, since he's a disciple from the Dan God Institute who can concoct pills and fight!"

"He himself is a Pill God and possesses a powerful body. This Everlasting Mountain's number one inner disciple does indeed live up to his name."

Chen Xiang heard the discussions of the crowd, and understood the so-called number one true disciple in the Everlasting Mountain, his name was Jin Xiongyao, his father was an elder who was strong in the Dan God Institute, thus he was able to refine pills since young.

"It is said that he has another name, the Evil Heaven Pill God. He has taught himself a very evil art of alchemy, using living people as support materials. It is said that he will sometimes use a lot of people's hearts ..." This was especially true for the pure hearts of a boy and a girl. He loved to use them! In the Dan God Institute, there is a group of people who are in charge of collecting this kind of material. "

[Chapter 2278](#)

"Isn't it too vicious for him to use this method?" What about the rules of the Star Law Divine Realm? "

"Those rules are useless against him. After all, no one could say where those hearts came from. There are so many stars in the Star Law Divine Realm, anyone could easily find a pile of stars. No one would care if those weak mortals were killed."

Chen Xiang heard someone discussing about this matter again, he had actually never heard of it before. Now, many people were talking about it in whispers, it seemed that most of the people near the Everlasting Mountain knew about this matter, but not long after, many people had a very bad impression of Jin Xiongyao.

"Xiongyao, kill him. His corpse is yours to dispose of." The elder said.

When Jin Xiongyao saw Chen Xiang, his eyes also lit up. He seemed to have used some sort of secret technique, allowing him to see that Chen Xiang's body was extremely strong.

"You are not fit to be an Alchemist." Chen Xiang said coldly.

"Whether you are worthy or not, it doesn't matter what you say. Moreover, you are already a dead person! Being used by me as a material to refine pills is a blessing that you won't be able to cultivate even in eight lifetimes. Dying by my hands can be considered your luck. " Jin Xiongyao laughed coldly, "Your physical body is not bad, no wonder you could easily kill Huo Yang."

The clan elder of the Everlasting Mountain suddenly shouted: "Begin!"

Chen Xiang was originally planning to say a few words, but Jin Xiongyao had already turned into a golden light and flew over. From afar, his body looked like a golden sword, fiercely thrusting towards Chen Xiang's throat.

"Humph!" Chen Xiang did not avoid them. Instead, he extended his hand and used two fingers to poke at them. These two fingers of his carried a terrifying heat;

Jin Xiongyao was very clear about flames, at this moment he felt a sudden anger coming from ahead, he was about to get close to Chen Xiang, but he stopped in time, and in a flash, he arrived at the side of the fighting arena. He was shocked, he could not imagine what would happen if he was poked by the two fingers!

With regards to the fear of the flames, Jin Xiongyao could not hide it at all. His face was filled with fear, which made everyone puzzled, because they only saw Chen Xiang jabbing his finger two times without doing anything, which scared Jin Xiongyao to the point of forcing him to retreat.

Even the elders and Leaders of the Everlasting Mountain found it hard to understand. This was because none of them had sensed just how terrifying the flames Chen Xiang's fingertips were! Only Jin Xiongyao could clearly feel that the coercion that was released by the flames was causing the flames in his body to tremble, as if he was seeing the emperor within the flames.

"You ... How did you manage to cultivate such a flame! " Jin Xiongyao looked at the motionless Chen Xiang in the distance and roared loudly.

This fear was something only he himself knew. It came from the fear in his soul!

When Jin Xiongyao saw Chen Xiang standing there in a daze, he felt strange in his heart. That kind of flame that made his soul tremble suddenly appeared again, and right in his vicinity. Chen Xiang had actually come to his back!

"You're dead!" Chen Xiang's finger lightly tapped at the back of Jin Xiongyao's head and Jin Xiongyao felt as if everything in his Divine Sense Sea was ignited. After his Divine Deity was combusted, they all exploded one after another.

The flames Chen Xiang used, could burn everything, including anything within the Divine Sense Sea! Jin Xiongyao's Divine Sense Sea was merely injected with that flame by Chen Xiang, and in a few short moments, it was completely destroyed!

Jin Xiongyao felt a splitting headache, but he had already seen the Chen Xiang who was previously standing far away from him.

This attack of Chen Xiang's was using the Chuangshi god furnace to release a strong flame, and then using a method inside the Heavenly Alchemy, it transformed into an illusory fire, attacking into Jin Xiongyao's Divine Sense Sea.

Towards Jin Xiongyao, this kind of vicious pill god, Chen Xiang had always been able to kill as much as he wanted. The moment Jin Xiongyao fell to his knees, the elders of the Everlasting Mountain and the Leader who had wanted to give him light all realized that Jin Xiongyao had been defeated. They all made their moves, and the elders at the side of the fighting stage immediately rushed over.

However, the moment they charged over, they saw Chen Xiang's fist transform into a roaring fire dragon, and punch towards Jin Xiongyao's head. The instant the fire dragon roared, it released a burst of surging flames, shrouding Jin Xiongyao who was kneeling on the ground.

Roar ...

's Fire Dragon Fist brought along the flames released by the Chuangshi god furnace, turning Jin Xiongyao's entire person into smoke, not even ashes remained!

"Kill him!" Right now, they did not care about being scolded by others anymore. After having two outstanding disciples killed consecutively by Chen Xiang, they had already been laughed at.

Chen Xiang was still very calm up till now. Seeing the balls of light and the divine tools around, he teleported into the sky and formed a seal with his hands, causing the ground to suddenly shake.

"Heavenly dragon seal, Ground Dragon Sacrifice!"

Roar! Roar! Roar!

Everyone heard a muffled dragon roar that seemed to come from the ground. At this moment, the area around the fighting stage was slightly protruding!

"Run!" Someone shouted.

Roar!

A deafening roar suddenly exploded out. It came from the ground. A moment ago, a huge gash had appeared in the ground, and several huge, flaming dragons had shot up from below.

"Myriad Dragons Sacrifice the Heavens!"

Chen Xiang then used his Heavenly dragon seal, and all kinds of angry dragons suddenly dropped from the sky, like thunder, like the wind, or like the surging river, constantly striking the elders below.

"This guy is from Divine Dragon Race!" An old man shouted in fear.

"The death of the Divine Dragon Race!" Ming Guang's hair was in a mess right now, he had actually ran up into the sky, holding onto a large sword, he slashed out at Chen Xiang, instantly producing a myriad of red sword qi, like a tidal wave that swept up the ocean, enveloping Chen Xiang.

"Cloud and Sky Constellation!"

Chen Xiang used his Heavenly Vision Technique, his body suddenly turned into mist, and although the Sword Qi pierced through his body, it was not able to harm him.

Following that, he teleported behind Ming Guang, the Heavenly magic sword was already in his hands!

"Die!" Chen Xiang swung out his sword, causing Ming Guang's body to split into two. Chen Xiang immediately grabbed his head, then violently unleashed Devouring magic kungfu, devouring Ming Guang's memories.

"So that's how it is!" After Chen Xiang found what he wanted from Ming Guang's memories, he threw a Fire cloud palm towards Ming Guang's body which was now hanging in the air.

Ming Guang's body, upon coming in contact with the huge palm, instantly vaporized. The big palm fell to the ground like a mountain, a wave of fire spread in all directions, the entire Great Heaven School was immediately engulfed by the sea of fire.

[Chapter 2279](#)

Everyone floated in the air, staring at the calm and composed Chen Xiang, their hearts overwhelmed with shock. Chen Xiang simply wasn't here to ruin everything, but was here to annihilate the entire clan. The entire Great Heaven School, including the entire Leader, were all killed by a single palm strike just now!

Many disciples of the Great Heaven School had escaped this calamity as well, but their Leader and a few elders had already died, and the entire Great Heaven School had been burnt to ashes.

"He actually ran away? For a dignified elder of the Everlasting Mountain to abandon his allies and flee, that is truly funny, let me see who among the Wang Ancient Heavenly Star would dare to form an alliance with you?" Chen Xiang looked at the few human figures that had disappeared and laughed coldly: "They are just some shrimp soldiers and crab generals anyway, so you all won't be able to recall anything even if you live. You all will die sooner or later."

Chen Xiang used the Space wind to leave, and everyone kept their distance from Great Heaven School!

What happened today made many people feel that the Everlasting Mountain had declined. The elders of the Everlasting Mountain were beaten to the point of fleeing, while the allies that had just been allied with them were destroyed without any reaction at all!

No one could understand that the Everlasting Mountain was one of the great powers in the Star Law Divine Realm, to think that they would be provoked in such a way.

But no one knew, that the inner sect of the Everlasting Mountain had already decayed, those inner sect disciples were all very precious, even going to beat the Special god beast is afraid of death, not to mention encountering an expert's siege! Therefore, they only dared to bully people weaker than them.

As for Leader, the only one who had the strength and wanted to accomplish great things in the sect, he had been tricked until his heart turned cold when he saw that Dan God Institute and the elder's courtyard had joined together to fight against him. Now that he had pledged his allegiance to Chen Xiang, Everlasting Mountain had indeed fallen quite a bit.

When Chen Xiang returned to the Cang Cloud City's Villa, there were actually a lot more people here, over a hundred people. These people were all disciples who had once entered the inner sect through the outer sect examination.

Here, Chen Xiang even saw the little clan elder that brought him to Wang Ancient Heavenly Star, Lin Shuyi!

Lin Shuyi was also surprised. He did not expect that the person he had recruited would now be his big brother. Other than that, there were also the few elders in charge of taking care of the affairs of the outer sect, such as the old man in charge of supervising the killing of Special god beast, these were all outer sect disciples with relatively strong abilities. They did not want to stay in the inner sect, so they ran over to do some work in the outer sect.

From chatting with them, Chen Xiang found out that they were all brought here by Dai Donggong. Back then, they owed Dai Donggong a favor and Dai Donggong had promised them that he had enough Bone level Dan s to help them.

Chen Xiang never expected that so many people would come so suddenly. He distributed the Zhongpin bone level Dan s and finished them all very quickly, it was just enough for now.

"There are only these godly pills for now!" I have already sent people to collect the divine medicine. As long as they come back, I can immediately refine the pills. Presumably, everyone already had their own

residences here, so they would first return to cultivate Bones. It might not be long before we start to enter the battlefield. " Chen Xiang said.

Chen Xiang had distributed quite a number of Bone level Dan, and everyone was very satisfied. They had only just arrived, yet they had already obtained quite a few, and the quality was even better! When they were in the inner sect of Everlasting Mountain, they were bleeding and sweating for many years.

Speaking of entering the battlefield, the people here weren't the least bit afraid. They had already experienced life and death situations who knew how many times over the years, so this was just a common occurrence for him.

When the Great Heaven School was exterminated, the elders of the Everlasting Mountain fled in panic. Not only was this news spread throughout the Wang Ancient Heavenly Star, even the most well-informed stars in the entire Star Law Divine Realm knew about it!

As one of the big shots of the Star Law Divine Realm, the one who dominated the entire Heaven-stage Stars, how could he be so embarrassed!

After a few days, Dai Donggong was finally back, and was even bringing a cute girl with a round face. This girl had a long braid, and was nervously playing with the long whip in front of her chest.

"This is your daughter?" Chen Xiang laughed, and extended his hand to touch the girl's face, and she immediately blushed.

"Dai Xiao Rou, this is the name her mother gave her." Dai Donggong lovingly caressed his daughter's head. With one glance, one could tell that she was only fourteen or fifteen when she was poisoned, but now, she had actually slept for such a long time.

"Big brother, thank you for the antidote pill." Dai Xiao Rou raised her head to look at Chen Xiang, and realized that Chen Xiang was very handsome, with a slight smile on his face.

"There's no need to be polite. It's fine now." Chen Xiang laughed: "From now on, it's like you're at home."

"Feng Wu!" Chen Xiang called Feng Wu over, and then, he told him everything simply so that this was Dai Donggong's daughter. After all, there were many men here, and only Feng Wu was a woman.

"Xiao Rou, I'll bring you around to get familiar with this place." Feng Wu knew that Chen Xiang and Dai Donggong had something to say, so he left while holding onto Dai Xiaoru's hand.

Dai Donggong was still worried, as he watched Feng Wu and Dai Xiao Rou leave.

"Senior, you don't have to worry about that. Our location is very hidden and there are quite a few powerful people here. This place is very safe." Chen Xiang said.

Dai Donggong sighed and nodded, "When she was poisoned earlier, it made a shadow in my heart!"

Chen Xiang and Dai Donggong entered the hall.

"On my way back, I already found out about what happened in the Great Heaven School. Dai Donggong laughed: "It seems like your strength is stronger than I expected."

"Senior, most of the outer sect disciples are already here, there is no need for you to return to Everlasting Mountain! Of course, if we have the chance in the future, we will return to the Everlasting Mountain, but we need to drive away that group of people first. " Chen Xiang said: "You can continue to be a Leader here, and my main job is to concoct pills."

"Leader, it's better if you do it, I will be the Great Clan Elder! "It will make me feel better." Dai Donggong laughed: "Looks like you're going to be a shopkeeper after all, this is good too. After all, you're a Pill God and you need to concoct pills all day."

"That's right. Although we don't have many people left, we still need to consume a lot of supreme dan beads!" When the divine medicine arrives, I will have to go into seclusion to refine it. " Chen Xiang said: "Great Clan Elder, do you know of any formation masters? For now, this place will be our resting place. We need to prepare our defenses. "

Dai Donggong frowned, then stood up and walked to the entrance of the great hall, and spoke with a serious tone: "There is, but it depends on whether or not I can invite him here. He's also in Cang Cloud City, I'll go look for him now, wait a moment. "

[Chapter 2280](#)

After Dai Donggong left, Chen Xiang pondered for a while. To think that there would be such an expert hidden in the Cang Cloud City, and a familiar face suddenly appeared in his mind.

Feng Wu and Chen Xiang had asked him about many things, and each time, they would have a huge harvest. Chen Xiang suspected that the person Dai Donggong was looking for was this old man!

Originally, his relationship with the Everlasting Mountain s were not bad. However, later on, a few conflicts occurred and they did not even meet each other anymore.

Yue'er thought of that old man. "This guy had held that trade fair before. It seems like people often ask about things from him. That's why he brought these people together!" But how did he know? "

"He seems to know a lot of things. This requires a lot of manpower to collect these things. Could he be ... " Chen Xiang was suddenly surprised: "There is only one possibility, this guy is from the Undead Divine Race!"

The Heaven extended method of the Undead Divine Race was very powerful, and could be considered a lot of things. When using it, one would lose their lifespan, but the lifespan of the Undead Divine Race was almost limitless, so they were not worried about using it recklessly.

"He should be one of the more powerful Sky Spill Masters in the Undead Divine Race, if not he would not have been so easily killed. Although Huang Jintian and the others are all Heaven extended method s, they are still much weaker than the old Sky Spill Grandmasters in the Undead Divine Race." Littlemoon said, "This Heavenly Evolution Master's technique can calculate a lot of things with a single finger pinch. It doesn't take a very long time."

Chen Xiang had previously seen Huang Jintian and Huang Yantian using the Heaven extended method to calculate, but they both required the support of a treasure.

"Let's go. Won't we know if we go and take a look?" Yue'er smiled.

Chen Xiang had the same thought, but he did not immediately take action. He went to find Huang Jintian and told him about it.

"Really? I have calculated it several times with that stupid big brother of mine, but I could not calculate that there is a clan member of the Undead Divine Race above the Wang Ancient Heavenly Star." Huang Jintian was a little surprised. "But from what you're saying, it's very likely that he's actually our Undead Divine Race's Grandmaster, Sky Spill. This kind of guy can also avoid us from searching for him, but why would he hide from us?"

"Master, let's go take a look!" Maybe this guy thinks it's safer this way. He's one of the few who survived the disaster. "Chen Xiang laughed: What's more, it's just our guesses, maybe not?"

Huang Jintian followed Chen Xiang out of the Villa, and headed towards the alley where the old man was. The reason why Chen Xiang pulled Huang Jintian along was to make it easier for Huang Jintian to confirm! Although Yue'er possessed the bloodline of the Undead Divine Race, she didn't have much of a bloodline power, so she couldn't sense it. However, Huang Jintian was different.

Not long after, Chen Xiang and Huang Jintian arrived at the small alley, and Chen Xiang could already feel Dai Donggong's aura. This was just as he had guessed before, the formation master Dai Donggong wanted to rope in, was indeed the old man who did everything.

"Master, can you feel his aura?" Chen Xiang asked.

"I can't sense him. If he's really a Grandmaster, then I can't easily sense him. Furthermore, I haven't met him yet." Huang Jintian said: "But I can actually feel Dai Donggong's Qi."

When they reached the end of the small alley, Chen Xiang and Huang Jintian entered the small house and saw Dai Donggong sitting opposite of the old man.

Dai Donggong was surprised to see Chen Xiang here, but the old man did not. Obviously, he knew that Chen Xiang and Huang Jintian would come here.

"Is this the God of Pills you spoke of?" The old man looked at Chen Xiang.

"Hello, old sir. We meet again!" Chen Xiang laughed: "I never thought that I was actually right."

"His name is Wu Zhi, and our master is a good friend." Dai Donggong sighed, a trace of shame could be seen on his face, it was obvious that he felt guilty about Wu Zhi's master.

Chen Xiang nodded. At this time, Wu Zhi looked at Huang Jintian, but it was only a very dull look.

"Senior Wu, compared to the Elder Dai, I think you should have heard a lot of things." Chen Xiang said: "If Senior Wu is to join us, we will definitely have great accomplishments in the future."

"You can refine the King grade God Pellet?" Wu Zhi asked directly.

"I also only know how to refine Three lotus Dan, because my wife was poisoned and required this kind of divine pill to cure her illness. I came to the Star Law Divine Realm from a long way away." Chen Xiang said truthfully.

"Then do you know how to refine Taipin bone level Dan?" Wu Zhi asked again, he was obviously moved, but he wanted to confirm if Chen Xiang was really that great at pill refining.

He was very clear about what Chen Xiang had done during the trade fair, and he was very curious about Chen Xiang a long time ago.

"If senior has the Taipin bone level Dan's medicinal ingredients, I can refine a cauldron for you to see." Chen Xiang was extremely confident. He could have refined it a long time ago, but the Taipin bone level Dan's divine medicine was rather hard to obtain.

"I'm not a pill god, how would I know the recipe for Bone level Dan? Where can I go to get the Bone level Dan's divine medicine?" Wu Zhi laughed.

"This is the Taipin bone level Dan I refined!" Chen Xiang took one and threw it over.

Wu Zhi had asked Chen Xiang for the Bone level Dan before, but it was only low quality. He still had the Bone level Dan with him now, so it wasn't hard for him to tell that the Taipin bone level Dan was refined by the same person as the Xiaping bone level Dan.

"Alright, I'll join you!" However, you must first agree to the treatment that you are going to give me. " Wu Zhi returned the Bone level Dan back to Chen Xiang.

"Please speak!" Chen Xiang lacked people as powerful as Wu Zhi right now. His intelligence was especially important to him.

"Only you and I know about this treatment!" Wu Zhi looked at Dai Donggong and Huang Jintian.

Dai Donggong immediately stood up and walked out of the small house. Huang Jintian also left at the same time.

Wu Zhi was a formation master. He slammed the table and the table immediately released a ray of light, turning into a barrier that enveloped the entire hall.

"What condition?" Chen Xiang asked.

"First of all, I have to ask you, do you know the identity of that old man who just walked in with you?" Wu Zhi asked solemnly, causing Chen Xiang to be secretly shocked. He was certain that the elder had already seen through Huang Jintian's identity as a Undead Divine Race.

"He's my master, and we've been together for many years. If it weren't for him, I wouldn't be where I am today." Chen Xiang said as he frowned.

"You really don't know him?" Wu Zhi continued to ask: "I'm not concerned about your relationship with him, I'm only concerned about whether or not you understand him."

"Alright, he's from the Undead Divine Race, and he's also a Sky Spill Master!" Chen Xiang said.

"You actually know about it!" Wu Zhi was a little surprised.
