

## Dan God 2301

### [Chapter 2301](#)

Chen Xiang was the first human that Long Peijin had ever seen, and she was also very strong, much stronger than her. She also had many strange things on her body, and she felt that bringing Chen Xiang back to the clan would definitely cause a lot of trouble, and she knew about all the old antiques in the clan very well.

"That's right. If you follow me back, you might end up in conflict with those arrogant fellows!" Long Peijin sighed: "But you yourself are also in danger of going to the outer sect. If you go to the Evil Spirit Race's side and get caught by them, it will be even more troublesome.

"Then do you know about the Evil Spirit Race? Why are your dragon race and Evil Spirit Race on top of this star?" Chen Xiang asked.

"Evil Spirit Race is a group of Eating Corpse Ghost. They specifically wanted to eat the dead bodies of those powerful Heavenly beasts. Their beautiful names said that they were helping to build a mausoleum, but their goal was to devour the Heavenly beast's divine soul and body." Long Peijin replied, "Those fellows just want to eat our Dragon Clan's Green Dragon Protector."

"So, the Azure Dragon died here?" Chen Xiang was sure about it long ago, it was just that he did not know where the Azure Dragon was buried at the moment.

"What is it? You are also interested in our Azure Dragon Ancestor? Even though his mausoleum was constructed by the Evil Spirit Race, it was fortunate that our dragon race arrived quickly, so we were able to snatch it away in time! The Azure Dragon Tomb is currently guarded by our Dragon Clan's strongest ten old dragons. If you feel that your strength is strong enough, you can go try it out." Long Peijin said.

"How strong are the strongest old dragons in your Dragon race? Is there your Dragon Emperor inside?" Chen Xiang asked.

"They are all as strong as our Dragon Emperor. They are only responsible for matters outside, so if you want to enter the Azure Dragon Tomb, you have to first defeat the Dragon Emperor and the rest of us." Long Peijin crossed his arms across his chest, and said: "You wouldn't really be thinking of entering the Azure Dragon Tomb, right?!"

Chen Xiang originally thought that the Azure Dragon Tomb had been occupied by the Evil Spirit Race, but didn't expect that the dragon race had already completely taken control!

"I'm just curious and want to go in and take a look. However, after hearing you say that, I feel that it's better to just forget about it." Chen Xiang did not want to barge in, because Long Xueyi was her woman and the Azure Dragon in Nine Heaven World was his good friend, so he did not want to offend the Divine Dragon Race here.

He planned to sneak in. He was very confident in his own abilities!

"Miss Long, why is there such a strong barrier around this star? It wrapped up the entire sky star! Isn't it a bit of a waste for such a large planet to be in the center of Star Law Divine Realm? The biggest star in

the outside world is much smaller than this one. " Chen Xiang asked: "Was that enchantment created by the Evil Spirit Race?"

"Of course not, this is the birthplace of the Azure Dragon, this star is the home given to him by the heavens, it can also be considered the hometown of our Divine Dragon Race! Not only the Azure Dragon, even the White Tiger, Vermillion Bird, and Black Tortoise have similar stars. However, they do not have their own species, so when the mausoleum is not protected, they are all occupied by the Evil Spirit Race. " Long Peijin said.

"Is there such a thing? Wouldn't the mausoleum of the other three divine beasts have already suffered?  
" This way, he would have to think of a way to find the divine soul of the other three Divine Beasts.

"I don't know either. In short, all the divine beasts will think of ways to protect their own bodies before they die!" Long Peijin shook his head: "I'm going back, if I'm a little late, I'll be scolded again. Actually I think it's better if you come back with me to take a look, if you're rejected by them, you can come out again."

Chen Xiang considered for a moment, then nodded his head: "Alright, I'll follow you back to take a look."

Long Peijin warned him again, "When the time comes, do not use that Evil Spirit Race's power. I don't think it's anything important, but those old fellows don't think so."

"Alright!" Chen Xiang promised Long Peijin. He knew that he couldn't let the dragon race know that he was in control of the Counter Power, as it would bring him a lot of trouble.

Chen Xiang followed Long Peijin back to the Dragon Clan. On the way, he found out that Long Peijin had a lot of complaints about the Dragon Clan, because she was looked down upon in the clan and was often bullied by both men and women. Otherwise, she wouldn't have been able to cultivate out the ninety-five Divine Deity.

"Why do they want to bully you?" Chen Xiang said, "Is there a problem with you? Otherwise, there's no way women of the same race would be like that. Furthermore, you are also very beautiful, so you should be in a better group. "

"This is related to my father. My father committed a grave mistake and was executed when I was just born. My mother committed suicide out of love." Speaking of this matter, Long Peijin didn't reveal any sort of sorrowful expression. Chen Xiang wasn't able to capture anything from her expression, so it was hard to tell what she was thinking at this moment.

"When I was young, I performed very well. I could often win in battles, and those who lose to me wouldn't be convinced. I would often take my parents as an example. "Because of this, I was often locked up, and as time went by, I became a bad kid, and no one played with me anymore." Long Peijin could only sigh.

What made Chen Xiang admire her more was that although she did not have a good treatment in the clan, she had a very strong sense of responsibility towards her family. From the way she fought with Chen Xiang just now, she could tell.

Since Long Peijin was able to cultivate to the ninety-fifth Divine Deity, she must have received some care, otherwise, it would be very difficult. It was just that she was not favored by the older generation, while the younger generation had enmity with her, which caused them to not be in the same group.

Chen Xiang followed Long Peijin for more than two hours, and finally saw the empire that the Divine Dragon Race was building. It was huge, and from afar, it looked like a huge city.

"Do you have a lot of dragons here?" Chen Xiang asked: "Isn't this city too big?"

"It's just over 10,000, compared to the Evil Spirit Race, we are considered to be very little." Long Peijin said.

"There are so many dragons!" When Chen Xiang thought about the tens of thousands of Giant Dragons dancing in the air, he felt very scary. This was another branch of the Divine Dragon Race, and one that was very strong.

Long Peijin brought Chen Xiang to the entrance of the city. There was a small door there specially for entering and exit!

Seeing that Long Peijin had brought back a very unfamiliar person, those grey haired old guards were all very surprised. They were also very vigilant, and took out a transparent pearl one after another.

"Who is he?" Of course they would not let Long Peijin bring Chen Xiang in.

"He's a human, he accidentally broke into the barrier. I was worried that he would be killed outside by the Evil Spirit Race, so I brought him back. I've confirmed his identity, he's not a Evil Spirit Race." Long Peijin said.

Seeing that Long Peijin did not tell him that he knew about the Arts of Change, Chen Xiang thought that Long Peijin must be thinking of him. After all, this was a more precious technique of the White Dragon bloodline, and it had already been spread when the White Dragon bloodline went to the Nine Heaven World.

## [Chapter 2302](#)

"He really is a human from the outside." The two gatekeeping elders were still hesitating. They held the transparent pearl and circled it around Chen Xiang, and even moved it closer to Chen Xiang's forehead.

"My two grandfathers, do you think that the Evil Spirit Race will have Bone level Dan? This guy has it, and his Bone level Dan is different from the ones I have seen before." Although Long Peijin looked carefree on the outside, she was extremely meticulous right now. She didn't say that Chen Xiang was the Pill God, she definitely had her own reasons for doing so.

"Take it out and take a look." Evil Spirit Race did not know how to refine pills, because Evil Spirit Race's cultivation method was different from theirs, so he did not need the assistance of divine pellets.

"Greetings seniors. This is for you. Please take care of me in the future. After all, I still don't know when I'll be able to leave this damned place." Chen Xiang took out two Shangpin bone level Dan s and handed them over to the two old dragons.

One of the elderly men took the Bone level Dan and stroked its beard, exclaiming: "This is a Shangpin bone level Dan, and the quality is very high as well, high quality, very rare, the Dragon Emperor himself refined high quality, they were all given to the best quality."

Long Peijin never thought that Chen Xiang would actually gift her two pellets of Shangpin bone level Dan. This was extremely precious to her, even low rank Bone level Dan was an extravagant hope for her, she had never eaten one before.

"Seniors, you two truly have good eyesight. You can tell with a single glance." Chen Xiang laughed: "Please accept this."

Chen Xiang, Leng Youlan and Long Huishan, as well as the Azure Dragon, were all unsettled people. He guessed that the Dragon Emperor must have been forced to do the same, so he could only obediently refine the pills, otherwise, the Dragon Clan would not be able to develop.

"It's really for us." One of the elders was already secretly excited.

"Of course, I mean it." Chen Xiang laughed: "However, this matter cannot be spread out for the time being, otherwise too many people would ask me for it. I only have a few pills right now, the two seniors will be guarding the city gate, the mission is extremely difficult, my strength is definitely very strong, in the future, please give me some convenience or something."

Chen Xiang was not just talking about flattery, he could already tell that these two dragons were Thunder Dragons with Hundred gods level and five Bones. This kind of dragon was definitely stronger than the other dragons, otherwise they would not have used it to guard the gate.

"As long as you are a true human, we welcome you. Don't worry, our words are quite useful within the clan." An old man laughed and kept the Bone level Dan: "It's not like that from the outside. I've long heard that there are many outstanding alchemists outside the barrier, and the divine pills that are refined are all of good quality."

Evil Spirit Race didn't even know how to refine pellets, let alone take out two pellets of high quality Shangpin bone level Dan. Therefore, these two old dragons already believed Chen Xiang's words.

Just like this, Chen Xiang easily bribed the two old dragons guarding the gate and Long Peijin entered the city.

For example, the things that Long Peijin went out to hunt were distributed to everyone here.

They all noticed Chen Xiang and asked him who he was one after another, but Long Peijin did not say a single word. Previously, she had said that she was not very popular here, so she was too lazy to bother with him as long as he could pass the two old dragons guarding the door. As far as she was concerned, she did not need to explain any further.

"Fifth Master, can you give me a few days of vacation for the two things I killed this time?" Long Peijin said.

"Alright, alright. You can rest for a month. Come back and report to me in a month." Then, he looked towards Chen Xiang. "Who is this young lad? Why have I never seen him before?"

"Of course not. He was a human who accidentally entered the Spirit Formation. I brought him back." Long Peijin replied. She had talked so much with the old man, it could be seen that her relationship with him was not bad.

"So it's like that, I'm sure he's not Evil Spirit Race." Fifth Elder had just asked, and knew that he had asked too many questions. If he was not sure, Chen Xiang would not be able to come in.

Because there were many dragons on the road who saw Long Peijin bringing in an unfamiliar man, they were very curious, so they asked Long Peijin and Long Peijin did not reply. Thus, they all ran to the door to ask the two old dragons, who were guarding the door.

Chen Xiang felt that there was a high possibility that the Azure Dragon's mausoleum was in this city, so he did not plan to barge in. Right now, he could only stay here for a few days to see if there were any other ways to smoothly enter the mausoleum.

Long Peijin brought a genuine person back, and this matter quickly spread across the entire Dragon Clan.

There were constructed stone houses within this city, and there were also many mountains and rivers, and Long Peijin was in the middle of a field far away from the stone houses, which was a cave.

At this time, outside Long Peijin's cave, there were a lot of dragons watching. They all wanted to meet this so called human, and most of the dragons had never seen this kind of person before. Actually, they were more curious about what the outside world looked like.

"Little Flame, don't hide the treasure. Quickly let him come out and meet with everyone." This was the voice of a woman. It was charming and full of power.

"That's right, that's right. Quickly, tell him to come out and tell us what happened outside. Little Flame, we have never offended you before, right? How could those people who have enmity with you dare to come out with a thick face? They're all not here."

Chen Xiang who was inside the cave laughed: "Seems like I'm really popular huh."

"It's only a little bit of warmth. Once they satisfy their curiosity, you might get a little bit of advice from them." Long Peijin said.

Afterwards, she walked to the entrance of the cave and shouted, "You bunch of bored bastards! If you have the time, why are you slacking off here? Humans are just like that and there's nothing to be surprised about.

"Get out of my way, don't disturb my rest."

Very quickly, everyone had left, and they knew Long Peijin's personality. Usually, they would not care about Long Peijin, but now that they were suddenly so attentive, it was not strange for Long Peijin to be like this.

"Pei Jin, what mistake did your father commit to receive such severe punishment?" Chen Xiang asked, he knew that Long Peijin did not avoid matters like this, so he boldly asked.

[Chapter 2303](#)

"Kill your own kind!" "There is a rule in the clan that no matter how much conflict there is, we cannot kill him. My father is the only dragon here that violated the clan's rules." Long Peijin was busy pouring out various types of fruit juice from two gourds and was concocting something, although it was not done, the fragrance was already wafting everywhere.

That's why I was thought to have inherited my father's bloodline since I was young. I was worried that I would make the same mistake, so no one dared to come close to me, and the stronger ones were not afraid of me. They even intentionally angered me. Long Peijin handed a bowl of fruit juice over.

Chen Xiang took a sip, and laughed: "Not bad, I didn't think a strong, burly Fire Dragon Girl like you would actually know how to make this fruit juice."

"I like the taste, there's more here!" Long Peijin poured another cup for Chen Xiang and she felt that she was pretty good.

Chen Xiang downed the cup in one gulp, and just as he picked up the other, he heard someone shouting from outside, "Long Peijin, hurry up and bring that human out, my father wants to see him." This voice was very unfriendly and carried a very arrogant tone.

"Scram!" Long Peijin roared, the sound of her roars was accompanied by the sound of a dragon's roar, showing how angry she was.

Chen Xiang had also received a huge shock, and just now, he had clearly felt Long Peijin's killing intent! Previously, Long Peijin said that they were not allowed to kill one another in the clan, but she had such a strong killing intent.

"Little girl, don't not know what's good for you. No matter what, I am still considered to be an elder. If you are to be rude to your elders, you will be punished." It was an aged voice with a hint of coldness and threat.

"Scram!" Long Peijin shouted again.

"Long Peijin, I am, after all, the holy grandson of the Dragon race, and my father is an elder of the Dragon race.

Long Peijin no longer paid attention to them, he only took out a large piece of meat and cut it into small pieces, preparing to roast it for Chen Xiang to eat.

Very quickly, the father and son left the room. Chen Xiang asked, "Peijin, why do you hate this guy so much? Do you want me to help you take care of him? "

"No need! This father and son pair are extremely hypocritical. Only I know how evil and malicious they are. My mother would never have committed suicide back then, but they slandered her, saying that she was also involved in the massacre of her own kind ... Also, that Long Yingyi plotted against me in the past, fortunately, I knew that they were all villains since I was young, thus I paid great attention to my own strength, otherwise, I would have been tainted by that bastard. "

Chen Xiang frowned: "This is too bad, this is an irreconcilable hatred! Perhaps the matter of your father killing your own clan members is related to that elder! "

"I don't know, and I don't have any evidence either. Anyway, there are some guys in the family who are uneasy and kind." Long Peijin said: "If Dragon Emperor wants to see you, I can relax and let you go. For all these years, it was the elderly Dragon Emperor who secretly helped me. Now that Dragon Emperor is in closed door cultivation, if he comes out, he will definitely meet you. "

Chen Xiang nodded his head, "Pei Jin, why didn't you tell everyone about the father and son duo? Haven't you told Dragon Emperor? "

"No one would believe it even if it was spread out. The father and son duo here have a very good image. They have won the respect and trust of many people! I also told Dragon Emperor before, but every time Dragon Emperor heard me say this, they would always avoid me. "

After Chen Xiang heard this, he said: "It's obvious that Dragon Emperor knows what kind of people they are, but he did not attack them. Was it because they are very strong? Or did they have any weakness within the Dragon Emperor s? "

Previously, the Everlasting Mountain was controlled by the Dan God Institute because of him.

"I'm not sure!" If he wanted to understand, he would have to capture the father and son duo and interrogate them fiercely before he could find out. However, this required strength! Long Yingyi is one of the Sacred Sons, and he isn't weak either. But Long Jinrong is an elder with Hundred gods level and seven to eight Bones s, I am no match for him. " Long Peijin actually had the thought of capturing this pair of father and son.

"If they are truly that bad, I can actually help you. I can even figure out what other wicked things they have done. I have the ability to search other people's memories." Chen Xiang laughed: "We can't stay here for the time being right? Why don't you take me out for a walk?"

"We'll go out tomorrow morning. We'll rest today." Long Peijin pointed to a stone room. "You can rest here tonight! "I'm a bit tired now, so I'll go rest first!"

... ..

After the sky turned dark, Chen Xiang did not rest. Instead, he laid on his bed, quietly released a wisp of his divine soul, and floated in the air as he observed the entire city.

There were no stars in the sky, and Chen Xiang did not know where the moon had come from either. He felt that the moonlight was different from the one he was familiar with.

There weren't any enchantment formations or anything like that in the city, so Chen Xiang's divine soul could be used as he wished. Right now, he was looking for the location of the Azure Dragon Tomb, and at the same time, wanted to see where the father and son duo, Long Yingyi and Long Yingyi, were.

Very quickly, Chen Xiang found Long Yingyi. As he walked along the road alone, his clothes were a little messy, and his face was even full of intoxication.

Long Yingyi was living in a big house in the stone hut area. Right after he returned, Long Jinrong anxiously jumped out and said sternly: "You went out again to enjoy life, why are you still not being obedient!"

"Father, am I not in a bad mood? That slut, Long Peijin actually dares to treat us in such a manner. If she falls into my hands, I will definitely make her suffer a fate worse than death. " Long Yingyi said with a face full of viciousness.

"Sooner or later, she will be yours. Why are you in such a hurry? "Let's talk inside!" Long Jinrong said in a serious tone.

Chen Xiang thought, this father and son pair were really the same as what Long Peijin had said, they were both bastards that were very bad, and they were even plotting something right now.

"Father, as long as I gain the qualifications to enter the mausoleum, I will definitely be able to find what we want." Long Yingyi sneered: "At that time, even the Dragon Emperor would have to kneel before us."

"I've already contacted the Evil Spirit Race! That way, you will be able to use the treasure that I have refined to bring the Evil Spirit Race to the grave. " Long Jinrong said: "During this period of time, you must definitely cultivate properly, don't make any mistakes at critical moments."

"Right now, I am the number one Saint Sun in the family, who can be my opponent?" Long Yingyi said with complete confidence.

"I know, but this is very important. Once we succeed, we will be able to rule this planet. The entire dragon race will have to listen to us." Long Jinrong said sternly: "You must stay here obediently for this period of time. If you make a mistake, I won't forgive you."

"Alright, I'll go rest now!" After Long Yingyi finished, he went back to his room.

After that, he ran to Long Peijin's stone room in the middle of the night. These stone rooms had no doors, so he directly entered them.

Long Peijin was extremely vigilant, upon sensing someone entering, he immediately jumped up from the bed and shouted angrily: "What are you trying to do?"

"Pei-Jin, don't misunderstand, I have something important to tell you!" Chen Xiang said softly: "It is very important. If I am to do anything to you, do you think you can stop me?"

#### [Chapter 2304](#)

"What's important? Speak! " Long Peijin snorted, she did not completely trust Chen Xiang either, so she was careful when she rested.

"Long Yingyi and his father have secretly allied with the Evil Spirit Race! They are currently scheming to help the Evil Spirit Race enter the Azure Dragon's mausoleum. " Chen Xiang said.

"How is that possible? Although they are despicable, they wouldn't collude with outsiders, right? " Long Peijin was a little surprised, and said: "What's more, it's not easy to enter the mausoleum, even if it's the Dragon Emperor s themselves, it's very difficult to enter."

"Is that so? I heard them say that as long as you get any qualifications, you can enter the Azure Dragon Tomb! Also, who does Long Yingyi think he is, he is very confident in himself. " Chen Xiang asked: "Does your Dragon clan have such a matter?"

Hearing Chen Xiang's question, Long Peijin was greatly shocked, and hurriedly said: "There is indeed such a thing, and every once in a while, the Azure Dragon Tomb will be opened for a while! Only dragons with the right to enter are allowed, and there is only one spot at a time. "

"Now do you believe me? I only found out when I eavesdropped on them! What kind of consequences would there be if the Evil Spirit Race were allowed to enter the Azure Dragon Tomb? " Chen Xiang asked.

Right now, the Evil Spirit Race is about the same as us. Once they enter the mausoleum and devour the Azure Dragon's body, their strength will increase greatly. At that time, we will not be a match for the Evil Spirit Race. Long Peijin frowned: "This is troublesome!"

"How do I qualify? At that time, wouldn't it be fine if we obstruct him and prevent him from obtaining the qualifications to enter? " Chen Xiang laughed: "This is not difficult, or you should go and tell the other elders. Reveal the plot of the father and son duo. "

"No, the father and the son are very prestigious in the family. The other elders will not believe me." Long Peijin said: "And because I am a girl, I cannot participate in the qualification test, otherwise I will definitely stop him."

"What qualification test is it?" Can I participate? " Chen Xiang laughed: "I actually want to go to the Azure Dragon Tomb to take a look."

"You ..." Long Peijin looked at Chen Xiang, his eyes lighting up: Maybe, but whether you can participate in it or not will have to depend on Great Clan Elder. Our Dragon Emperor is currently in closed door cultivation, at that time, he might not be able to come out, furthermore, he is not normally responsible for such things, he is usually handed over to the Great Clan Elder.

"If you want to participate, you just need to take care of Great Elder. Although Great Elder is usually rather strict, he is still quite good to us juniors in private."

Chen Xiang understood what Long Peijin meant, it was to let him use the Bone level Dan to let the Great Clan Elder take control of the situation.

"Speaking of which, I'm a human. If I successfully obtain the right to enter, would you dragons feel indignant?" Chen Xiang laughed. The dragon race lacked a lot of divine pellets, and Chen Xiang just so happened to have a lot. He felt that he would be able to take care of that Great Clan Elder.

However, he was a little worried. If he obtained the right to enter, then the Long family would make a ruckus and not allow him to enter. Then, all his efforts would be in vain.

"In the end, whether or not we can enter depends on the Azure Dragon's consciousness. Although the Azure Dragon is already dead, he still left behind a bit of consciousness. When that time comes, as long as we can step through the door of the mausoleum, our Dragon clan will not say anything." Long Peijin said: "You have to know that quite a few dragons passed the qualification examination and obtained first place, yet in the end, they were unable to enter that door! Once every hundred years, however, there aren't many who are truly qualified. "

"Alright, tomorrow, bring me to see your Great Elder." Chen Xiang nodded, he did not know if he would be able to step through the door in the end. If he succeeded, it would be the easiest way for him to enter the Azure Dragon Tomb.

At dawn, Long Peijin cooked some food for Chen Xiang. She wasn't very familiar with humans, but she had to eat something everyday in order to feel comfortable, so she believed that humans also needed to eat something in the morning.

It was true that ordinary people had to eat it, but with Chen Xiang's cultivation, eating a pill was enough! Of course, he was only addicted to eating and trying out the taste.

"Let's go, I'll take you to see the Great Elder. Don't talk too much on the way, and ignore them." Long Peijin said.

Chen Xiang followed Long Peijin out of the cave, arriving at the bustling group of stone houses.

"This is a human! It's not anything special, but it seems to be a lot more spirited than the one that Evil Spirit Race is impersonating. "

"Their faces are pretty good too. Those bastards from the Evil Spirit Race are really too ugly to look at, why did so many idiots believe them back then?"

"Little fire girl, did you torture him all night last night? Otherwise, why is he not saying anything now, he probably got very tired from all the work. " The man laughed out loud.

In the eyes of these dragons, being able to spend the night with Long Peijin in the same cave was very capable. Although Long Peijin did not belong to any group, there were many male dragons that wanted to conquer her.

Chen Xiang only felt that he was speechless, he dared to say whatever they wanted to say, and now he understood why Long Peijin did not want to bother with them.

Long Peijin brought Chen Xiang to the exterior door of a large stone house. She knocked on the door and shouted: "Great Clan Elder, are you free right now?"

A white-haired old man with a serious expression opened the stone door, his eyes filled with sternness.

"Pei Jin, is this the human you picked up?" The Great Clan Elder looked at Chen Xiang, then took out a transparent pearl and waved it in front of Chen Xiang. Seeing that there was nothing strange with the pearl, he nodded his head, "It is not Evil Spirit Race."

On the way here, there were quite a few dragons holding these pearls walking around him in order to see if he was truly Evil Spirit Race.

"Come in and speak!" Although the Great Clan Elder looked to be fierce, he was easy to talk to. He invited Chen Xiang and Long Peijin into the house.

After entering, Long Peijin went straight to the point, and said: "Great Clan Elder, his name is Chen Xiang, and he himself did not know the reason to enter the enchantment, so he did not have anywhere to go. I was worried that he might be captured by the Evil Spirit Race, so I brought him back!"

The Great Elder nodded. "It is indeed very dangerous outside. Bringing him in is also not bad, it will allow us to understand the world outside the Spirit Formation. Little guy, can you tell me something? "

"Of course you can! What kind of things do you want to hear? " Chen Xiang asked.

"Listen to about Divine Dragon Race. Divine Dragon Race is one of the Four Divine Races and also the strongest race of the god race. The Great Elder was a little excited. He was the one sent by the Divine Dragon Race to guard the Azure Dragon Tomb, and so many years had passed in the blink of an eye.

"Divine Dragon Race is still alright, their clan wasn't exterminated, but they are still hiding now, they have been hiding for a long time, so I do not know much about the situation in Divine Dragon Race recently!" Chen Xiang sighed.

The Divine Dragon Race was actually planning to hide, which made the Great Clan Elder and Long Peijin extremely suspicious of Chen Xiang's words.

### [Chapter 2305](#)

Chen Xiang saw their expressions and said, "I only know that the strong warriors in the Divine Dragon Race were mostly infected by Black dragon flower poison, and that it was all done by those Heavenly Star Great Leaders in the Star Law Divine Realm!"

"What the hell is going on? How could such a thing happen in Star Law Divine Realm? Could it be that the humans are too jealous of our Divine Dragon Race, so they exterminated us all? " The Great Elder said angrily.

"Of course not, your Divine Dragon Race is considered good! The entire Undead Divine Race has been wiped out, and only a few scattered undead remain. Chen Xiang then explained everything he knew about this matter.

After hearing it, the Great Elder lamented, "The human heart is not the same! The Star Law Divine Realm has actually turned out like this. Back then, our Azure Dragon Ancestor clearly knew that his lifespan was coming to an end, didn't he also make the decision? "

Chen Xiang replied, "Divine Dragon Race should be able to regain his vigor soon. At that time, Star Law Divine Realm will definitely fight. If the Divine Dragon Race and the other two God Tribes join forces, they should be able to obtain decent strength. "

"Great Elder, Chen Xiang also wants to participate in the qualification examination, and he also wants to see the Azure Dragon's mausoleum." Long Peijin said. This was the reason they had come to find the Great Clan Elder today.

"This, I'm afraid, is a bit inappropriate. After all, he's a human." The Great Elder shook his head.

"Great Clan Elder, Chen Xiang being able to come here will be of great help to our Dragon Clan." Long Peijin continued: "I am only giving him the right to participate in the qualification examination. In the end, whether or not he can enter the Azure Dragon Tomb, will be decided by his Azure Dragon consciousness."

Chen Xiang immediately took out two high grade Bone level Dan s and smiled: "Great Clan Elder, I heard from Pei Jin that you guys are lacking this kind of divine pills, please do not be polite."

When the Great Clan Elder saw the two divine pellets, his old eyes went wide with shock as he exclaimed, "Taipin bone level Dan!"

"Truly, this is only a little bit of kindness from this junior. Great Elder, there's no need to be so polite." Chen Xiang giggled as he passed the Taiping Dan over. "To be honest, I have another reason for participating in the Qualification Examination, and that is to see how much stronger I am compared to the geniuses of your Dragon Clan."

Long Peijin had previously hinted at Chen Xiang to use a few Bone level Dan to bribe the Great Clan Elder. At that time, she had thought that Chen Xiang only knew how to use Shangpin bone level Dan.

The Great Clan Elder felt that Long Peijin's words were reasonable, it was just letting Chen Xiang participate in the assessment, and it was not certain if he would be able to enter in the end.

If Chen Xiang could really enter the Azure Dragon Tomb, then their entire clan would have nothing to say, since they had obtained the recognition of the Azure Dragon.

"Since this young lad is so enthusiastic, I'm too embarrassed to refuse. Thank you very much." The Great Clan Elder remembered that the last time he saw this Bone level Dan with good quality, it was a long time ago. Furthermore, the majority of the pills that Dragon Emperor refined were rather bad, even if he could get them, they would not be of much help to him.

But the quality of these Taiping bone level Dan were different. Perhaps they could help him condense Bones.

"In twelve days, you can come and find me. I'll take you to participate in the qualification examination." The Great Elder said.

After settling this matter, Chen Xiang and Long Peijin felt much more relaxed. They thought that it wouldn't work if they did, and had to think of another way then.

Returning to Long Peijin's cave, Long Peijin said: "You actually know how to refine Taiping Dan. It looks like your pill refining skills are much higher than Dragon Emperor's, you can see it from Great Clan Elder's expression."

"Do you want to eat Bone level Dan to cultivate your Bones now?" Chen Xiang laughed: "Your foundation isn't bad, and it's relatively easy for you to start cultivating your Bones, it's just that you have to endure quite a bit of pain, you might not have ever experienced this kind of pain before."

"Didn't you say you don't have many Bone level Dan? You should keep it for yourself!" Although Long Peijin wanted it, she thought that she should leave it for Chen Xiang, since he would need to use the Bone level Dan to please the elders of the dragon race.

"I do not have many Bone level Dan, but I have some divine medicine that I can refine at any time!" Chen Xiang took out a few middle ranked Bone level Dan and gave them to Long Peijin.

Long Peijin now had ninety-five Divine Deity, so her body must be very strong as well, so when she was training her first Bones, using Xiaping bone level Dan s was not possible.

"Take it!" Chen Xiang stuffed it into Long Peijin's hands and then explained the main points of condensing Bones to her.

Long Peijin remembered this in her heart, because if she wanted to become stronger, cultivating Bones was something she had always been hoping for.

After she entered her stone room, Chen Xiang went back to concoct pills. He had time now, and with the many Bone level Dan s' divine medicines in his possession, if he wanted to concoct more now, he would have to give out a large amount when he returned to Cang Cloud City.

After a few hours, Chen Xiang could hear the faint moans of pain, causing him to be secretly shocked.

"To actually be able to condense the number one Bones after only eating one pellet, it's pretty amazing!" Yue'er also heard it, and smiled: "It seems that with your help, she will be able to condense a lot of Bones very quickly."

"If I can successfully refine the Bone level fruit into a pill, maybe my Bones will increase even more." When Chen Xiang thought back to his experience of condensing the eighth Bones, he felt extremely refreshed.

Chen Xiang continued to refine pills, he might need Bone level Dan s here too. He felt that it would be easy to use them to bribe the divine dragons, he even wanted to kidnap a group of them.

A day quickly passed. Chen Xiang arrived at the entrance of Long Peijin's stone room and saw the splashing sound of water coming from inside. He knew that Long Peijin was washing his body. He knew that Long Peijin was almost violated by Long Yingyi in the past, so he tactfully ran off. Long Peijin was extremely sensitive in this aspect.

Chen Xiang was fiddling with the jars in the living room. There were some fruit wine inside, and he had made some to drink.

Not long later, Long Peijin came out from the stone room. She had condensed her Bones and was in a very good mood, so she looked much prettier.

Even Long Peijin was addressed as the Little Flame Girl, he knew that she had a very hot personality. Chen Xiang didn't feel anything from her, but seeing the gentle side of Long Peijin when he was carefully making the fruit wine, he felt that she was very pleasing to the eyes.

"How do you feel? Do you think that you've become more powerful?" Chen Xiang laughed.

"Mn, the process of condensing Bones is indeed very painful, but it's nothing to me." Long Peijin brought a jug of fruit wine over and poured Chen Xiang a full cup.

Just as Chen Xiang wanted to shout, a dragon's roar resounded like thunder, shaking the entire cave.

Long Peijin's face changed greatly. "It's the Evil Spirit Race's invasion, I'm going out to fight now, you stay here!"

Chen Xiang immediately felt that it was strange. Didn't the father and son pair, Long Yingyi and Long Jinrong, want to help the Evil Spirit Race sneak into the Azure Dragon Tomb?

## [Chapter 2306](#)

Chen Xiang didn't want to stay here, so he said: "I'll go with you, I also want to see Evil Spirit Race."

He found out from Wu Zhi that the Evil Spirit Race was a rather simple person, but he had never personally told him about it. The people he had seen before were only Starry Sky Blood Devils that he had created.

Long Peijin only felt that Chen Xiang was a guest and should not have gone out to fight and kill with her. However, since Chen Xiang had requested for it, she did not reject.

Chen Xiang followed Long Peijin, holding the bottle of fruit wine in his hands, he drank from it as he walked.

"Grand Elder, what happened?" Long Peijin met the Great Clan Elder on the way, and this Great Clan Elder actually ran towards them.

"Chen Xiang, don't go out. The Evil Spirit Race came for you, and when they found out that a real human had come in, they came to capture you." The Great Elder said.

With how well-informed the Evil Spirit Race was, it must have been revealed by Long Yingyi and Long Jinrong. Both Long Peijin and Chen Xiang could immediately guess who had leaked the news. They did not expect that this pair of father and son had such close ties with the Evil Spirit Race.

"When they came, they said they were here to capture me? For what reason?" Chen Xiang asked, he felt that this matter was definitely not that simple.

"They said that when you arrived at this planet, you picked up their important treasures. As long as they saw you, they would demand you back. Thus, they wanted you to leave." The Great Elder replied, "It doesn't matter if this matter is real or not. You must not go out to prevent them from plotting something."

Chen Xiang nodded, and said to Long Peijin: "Pei Jin, be careful, I will return to your cave and wait for you!"

"Don't worry about me. The Great Elder is here!" Long Peijin said as he and the Great Clan Elder ran towards the main door.

When Chen Xiang was speaking just now, he purposely spoke very loudly just for the guy hiding at the side to overhear.

When he returned to the cave, Chen Xiang felt that something was amiss.

"Who are you?" Chen Xiang looked around and said indifferently.

At this time, there was no one around, Long Peijin, Great Clan Elder and all the experts ran out of the city.

Chen Xiang knew immediately after thinking that it was Long Jinrong who had asked the Evil Spirit Race to cooperate and then attacked him in the chaos. What he did not understand was why this father and son pair wanted to capture him.

Shua shua shua, a few black figures suddenly appeared. They were all people wearing black!

"It's not a dragon!" Chen Xiang was extremely shocked. Unexpectedly, the dragon race had a Evil Spirit Race Evil Spirit mixed in.

Without a word, these Black Costume Evil Spirits s charged towards Chen Xiang from four different directions.

"You want to deal with me with such little strength?" Chen Xiang sneered in his heart, he teleported to the back of one of the Black Costume Evil Spirits s and took out a Chuangshi god furnace. He quickly covered the and burned it into ashes.

When the three Black Costume Evil Spirits saw it, they were secretly shocked! However, they did not think that Chen Xiang was strong. Their eyes were filled with greed as they stared at the Chuangshi god furnace in Chen Xiang's hands.

"Stop right there!" Chen Xiang groaned, and suddenly a few water dragons appeared on the ground, trapping the three Black Costume Evil Spirits s.

Chen Xiang teleported over, and in the blink of an eye, he sent two of the Black Costume Evil Spirits s back into the Chuangshi god furnace to train them to death.

"These guys are so weak!" Chen Xiang looked around, but didn't leave any traces, and then entered the cave.

"Is it that father and son pair?" Yue Er asked.

"Not bad, they indeed brought quite a few Evil Spirit Race s! I wonder where they got this treasure, which allowed the Evil Spirit Race to stay inside without being discovered, like my Dark Jade Ring. " Chen Xiang said: "The four guys just now came here because of their jobs."

"Why did they want you?" Yue Er asked.

"Long Jinrong knows that I have Bone level Dan. Looks like their spies are everywhere here, I wonder how they found out! It is because Long Peijin and I have a very good relationship that they knew that the Bone level Dan in my hands would never be given to them, and that's why they used this tactic. " Chen Xiang said: "This is what I gathered from the Evil Spirit's memories."

Long Jinrong's position in the Evil Spirit Race is very high, equivalent to the person in charge of the second power. He joined the Evil Spirit Race very early on, and even learned the Evil Spirit Race's method. If he had the chance to enter the Azure Dragon Tomb, the consequences would be unimaginable.

"I really didn't expect this father and son pair to be so terrifying. They also have quite a good reputation here." Yue Er said.

"They actually want to play with me. This is good as well, I'll play with them. No one is afraid of me!" Chen Xiang sneered.

The Evil Spirit Race s were easily discovered, and Long Jinrong had only released four of them to capture Chen Xiang. They had greatly underestimated Chen Xiang's strength, so when the four evil spirits tried to capture Chen Xiang, they were all killed by Chen Xiang.

Chen Xiang waited in the cave for four hours, but Long Peijin also returned. She looked exhausted, but she looked very excited.

He had often seen this kind of situation happen to Leng Youlan before.

"They're fighting?" Chen Xiang laughed.

"Mm, they don't want to fight, but since they've all come to our door, we'll definitely beat them up." Long Peijin said, then took out the fruit wine and began to drink.

Chen Xiang took out four red pearls, and laughed: "Pei Jin, do you know what this is?"

After Long Peijin saw it, he immediately swallowed the fruit wine in his mouth and said: "Evil Spirit Blood Bead, how did you get it? This is the equivalent of an Evil Spirit's Bones, it's very precious, it's filled with pure energy! "

"Oh? This is equivalent to a Bones, seems like the Evil Spirit with this kind of thing is pretty strong! " Chen Xiang did not expect that, but those Evil Spirits were not strong enough, and died under his Chuangshi god furnace's protection.

"Of course, Evil Spirits are different from us! Evil spirits need to cultivate to the peak in order to condense this kind of blood bead, which is equivalent to us cultivating Hundred gods level s to cultivate Bones, so they all possess the strength of Hundred gods level, where exactly did you get this? " Long Peijin asked, she had only seen these Evil Spirit Blood Beads a few times, although she had killed many evil spirits, but she had never encountered such Blood Beads, if she ever met one, she would most likely be killed too.

"On the way back, I was surrounded by four evil spirits!" Chen Xiang told Long Peijin what happened, and then told him what he found in the Evil Spirit's memories that he told him as well.

"Chen Xiang, you are so powerful! I always thought humans were very weak. " Long Peijin couldn't help but sigh with emotion. In her eyes, those four evil spirits were very strong, yet Chen Xiang had easily killed them. He even complained that the evil spirits were too weak.

## [Chapter 2307](#)

Chen Xiang played with the four Blood Beads of Evil Spirits in his hands. He thought that he could not use the Dragon Blood Beads previously, but he did not expect that the Dragon Clan would place such high importance on this kind of Blood Bead.

"How do dragons usually use these Blood Beads of Evil Spirits?" Chen Xiang asked.

Eat! Although Evil Spirits are called Evil Spirits, their powers are extremely pure. For example, this kind of Evil Spirit Blood Bead will help us raise our Divine Deity cultivation greatly, because it contains pure blood energy. Long Peijin said.

"Do you want to try?" Chen Xiang handed one over.

"There's no need. I've cultivated up to the ninety-five Divine Deity, and my physical body is already very strong. If I continue to eat, my requirements towards Bone level Dan will also be extremely high." Long Peijin said.

After Chen Xiang ate one pellet, the Evil Spirit Blood Bead immediately melted into his body, and like a gust of cool wind, it flew all over his body, quickly fusing with his flesh and bones.

"What a mystical Evil Spirit Blood Bead. I even thought that I was going to refine it for a while." Chen Xiang exclaimed, and then ate the remaining three pellets.

"This is the equivalent of you fusing four Bones." Long Peijin said: "You did not sense any changes in your body."

"There is. I never thought that the speed of fusion would be so fast. If there was even a little more, it might have been able to help me condense the Bones." Chen Xiang laughed, he was just casually saying that because he was going to condense the ninth Bones, it would be the last, and very difficult.

Long Peijin said: "As long as we can destroy Long Jinrong and the others' plans this time, when Dragon Emperor comes out, I will tell him about this matter."

As long as they could get it, they would be able to disrupt Long Jinrong and the others' plans. Even if Chen Xiang couldn't enter the Azure Dragon Tomb in the end, as long as they could get a placing, the Long Jinrong father and son's plans would still fail.

Originally, Chen Xiang only hated this father and son duo, but before this, they actually sent an Evil Spirit to capture him. This made him have a murderous heart, because he hated people who treated him like this the most.

Long Peijin did not know the exact details, but she knew that the qualification test was held outside of the Azure Dragon Tomb.

She still had the Bone level Dan that Chen Xiang had given her, and she hated Long Jinrong and his son to the extreme. Although the dragon race forbade killing each other, she did not care, as long as she had enough strength to kill Long Jinrong and his son, she would definitely make a move.

Very quickly, ten days or so had passed, and the Great Clan Elder had also arrived at Long Peijin's cave. In these days, Long Peijin had cultivated another set of Bones, and now that she possessed the second Bones, she often went out to hunt Special god beast s.

"Grand Elder, you're really early." Chen Xiang laughed: "Can you really make it so that I can successfully take the qualification examination?"

"Don't worry, I'll take your Taipin bone level Dan. I promise to let you go smoothly." The Great Clan Elder's serious face revealed a smile, as he could tell that the Bone level Dan had given him a lot of rewards.

Chen Xiang thought that it was weird. The dragon cultivation Bones was way too fast, in these ten days, Long Peijin had been able to cultivate till two. And this Great Clan Elder in front of him seemed to have just trained up one, if not, he would not be smiling with a serious face.

Long Peijin was the same as well. Although she did not laugh, one could see that she was in a very good mood. She accompanied Chen Xiang to the examination hall with the Great Clan Elder.

The direction he was heading in right now was in the middle of the city. Chen Xiang was already familiar with the environment inside, but he still did not know where the Azure Dragon's tomb was.

In the middle was a relatively dilapidated house that Chen Xiang had previously used his divine soul to look at. He never expected that the Azure Dragon Graveyard would actually be nearby.

Long Peijin had said before, the examination location was outside the Azure Dragon Tomb and this dilapidated house was the examination location. This meant that the Azure Dragon Tomb was nearby.

The courtyard was rather large, and there was a small lake inside the courtyard as well. In the middle of the lake, there was a small stone house with a blue brick structure that looked very fine.

"Grand Elder, why did you bring them here? This is a qualification test, women and outsiders are not allowed to participate." The one who spoke was Long Yingyi, and his eyes were cold as he looked at Chen Xiang and Long Peijin.

As an elder, Long Jinrong was also present. He said, "Great Elder, if you ask them to come watch the show, I have no objections ... If you allow them to participate, I will oppose it. "

The Great Clan Elder personally called Chen Xiang and Long Peijin over. With one glance, one could tell that this was not a simple invitation, and was most likely to let them participate.

The Great Clan Elder said coldly, "Our Dragon Clan does not have any rules saying that outsiders are not allowed to participate. Pei Jin is just here to watch the show, and the one participating is this young brother. His arrival let us know what is happening outside, and he has the protection of the Evil Spirit Race, weakening the Evil Spirit Race's power."

Chen Xiang had never obtained the protection of the Evil Spirit Race, and that was only because Long Jinrong had purposely asked the Evil Spirit Race to give him trouble. He did not expect that it would actually become the reason behind the Great Clan Elder allowing Chen Xiang to participate in the qualification examination.

"Great Elder, you ... I will not allow him to attend. " Long Jinrong felt that Chen Xiang was not simple, if not he would not have quietly died after sending out his four Evil Spirit experts.

"Long Jinrong, don't you think that's too kind? Within the Dragon clan, I have never asked you about any of your responsibilities, but I am responsible for the assessment. If you want to change my decision, you can only kill me, or else, no matter what, I will let him participate today. The Great Elder's tone was firm and firm. His originally serious face now looked even more frightening.

The Great Elder had quite a bit of prestige here. At this moment, several elders stood up for him. After all, his strength was there.

No matter how unwilling Long Jinrong was at this moment, there was no other way. The only thing he could do was to allow Chen Xiang to participate in the qualification examination.

Adding Chen Xiang, there were a total of ten dragons and one human, those ten dragons were all Holy Sons, and their strengths were all strong. Long Peijin had told Chen Xiang in detail about their strengths before.

"Alright, the exam is about to begin. I'll explain the rules to you all first. When the time comes, you will need to jump into the Azure Dragon Lake." The Great Elder pointed at the lake in front of them, "Don't

just look at this, this is a small lake. After you guys jump in, you will enter a secret realm, which was established by the Azure Dragon. After three days, you will be automatically sent to the surface."

And the test you guys will face to enter is to find the most Dragonscale debris, which is a fragment refined by the Azure Dragon using its own dragon scales. Three days later, whoever has more dragon scales will get first place.

It sounded simple, but if they were to enter the secret realm together, there would definitely be a conflict.

### [Chapter 2308](#)

Chen Xiang looked at Long Yingyi and felt a thick killing intent from him when he made contact with his gaze.

The Great Elder shouted again, "Also, you must not kill anyone inside. You can injure them. If you kill them all, not only will you be disqualified, you will also be executed by the clan rules. You must remember this."

The Great Clan Elder looked at Chen Xiang and said solemnly: "Chen Xiang, when the time comes, don't kill them, or else we will kill you too. Of course, they can't kill you either, if they do, I will make them pay with their lives."

Chen Xiang nodded, "Great Elder, I will remember."

"Very well. However, if you enter, you will most likely not be able to find much dragon scales because you are not a dragon." Very well, but if you enter, you will likely not be able to find much dragon scales because you are not a dragon. The Great Elder said.

After hearing what the Great Clan Elder said, Long Jinrong also secretly felt more at ease. He knew that the Great Clan Elder was right, if they were to search for dragon scales, their dragon race would definitely be faster than humans.

"Then start to enter the Azure Dragon Secret Realm right now. There are many trials waiting for you there. Dragon scales are not easy to obtain. Even if you can sense them, it would require many difficulties to obtain them." The Great Elder said.

After that, Chen Xiang and the other ten Sacred Sons all jumped into the Azure Dragon Lake one after another.

Just as he touched the lake water, a white light shone out from Chen Xiang's eyes, and then, he discovered that he had fallen into a quagmire and was covered in dirt.

"Sense the dragon's scale, seems like it's a little difficult to qualify, this kind of rule seems to require a bit of luck, even if I'm not here, Long Yingyi might not get the only placing."

Chen Xiang got up from the quagmire, released a water attribute divine power, and floated above his head. He washed the quagmire on his body quickly, and then released some hot air to dry his body.

"Are you able to sense the dragon's scale? Else, you'll be coming here for nothing." Yue'er replied, "In short, I can't sense it."

Chen Xiang took out the Heavenly magic sword and said: "I have come into contact with many of the Azure Dragon's descendants. Right now, I can only check to see if there's any reaction from the Azure Dragon part of the Heavenly magic sword."

The Heavenly magic sword was also refined from the body of an Azure Dragon, but it was the descendant of an Azure Dragon, so its strength was not as strong as the Star Law Divine Realm.

"There's a reaction." Chen Xiang raised the Heavenly magic sword and turned in a circle. When he turned in a direction, the Heavenly magic sword suddenly trembled.

"Hehe, as long as there is any reaction, I will have the chance." Chen Xiang kept his Heavenly magic sword and instantly teleported in the direction of the sword finger.

Inside the Azure Dragon Secret Realm, the sky was a vast expanse of white, there was no sunlight and the temperature was very balanced. From time to time, there would be a breeze blowing, Chen Xiang thought that there was no night inside.

"The green dragon secret area sure is huge." Chen Xiang teleported for a moment and he could feel that if he was outside, he would have long since left the Dragon City.

Chen Xiang arrived at a small mountain and saw a cave in the distance. He then took out the Heavenly magic sword and discovered that it would only tremble when he pointed at the cave.

"Could it be inside?" Chen Xiang was extremely cautious, he released a strand of divine soul and entered the cave to investigate, but the moment his divine soul touched the cave entrance, the restrictions immediately dissipated.

"There's a formation and a formation." When Chen Xiang arrived at the cave entrance, he used the Dao heart Eye to look inside, but other than the multicolored light emitted by different types of Spirit Qi, there was nothing else.

The Heavenly magic sword would only tremble when they pointed at the cave, so they would only know if they entered the cave.

"Seems like I can only find out if I enter personally." Chen Xiang used Teleportation and successfully passed through the barrier around the cave entrance. After entering, he released another wisp of divine soul, allowing the divine soul to float to the end of the cave. Very quickly, he saw a table there, on it laid a fingernail-sized piece of cyan armor.

"Dragonscale debris." Chen Xiang said in surprise and then walked over. However, he did not expect that when he had just reached the table and grabbed the Dragonscale debris, he heard a "kacha" sound, as if he had triggered some kind of mechanism.

"There's trouble." Chen Xiang frowned and immediately teleported out of the cave. When he ran out of the cave, Chen Xiang did not see the small mountain again, but what made his scalp go numb was that the small mountain had turned into a huge toad.

"I was in the innermost area just now." Chen Xiang thought, and his body could not help but tremble.

"This guy is coming over." Yue Er hurriedly shouted.

Chen Xiang had also seen how the giant black-colored toad jumped over three thousand meters with a single leap, directly jumping over.

"You're too ugly, I don't want to fight you." Chen Xiang took out his Heavenly magic sword s and the giant toad that was jumping over released a few waves of Sword Qi. Then, it concealed its presence and quickly teleported away.

"Who exactly placed these Dragonscale debris, they are so deceitful, I have to be careful next time." Chen Xiang thought about how he had once entered the mouth of a disgusting giant toad, and his heart felt very uncomfortable.

Not long after Chen Xiang entered, he received a piece of Dragonscale debris, and while holding the Heavenly magic sword, he spun in a circle, and when he felt the Heavenly magic sword tremble, he immediately stopped, and teleported in that direction.

"It's a forest. The trees are very dense, so there shouldn't be anything disgusting like before." Chen Xiang entered the forest and would occasionally take out the Heavenly magic sword s to confirm their discovery.

Not long after, he arrived under a huge tree. This tree was ten times bigger than the surrounding trees, and the Heavenly magic sword was referring to this tree.

Chen Xiang walked around the big tree once and didn't find anything abnormal. He used the Dao heart Eye to look around, but he couldn't find anything.

He also thought it was strange, why couldn't he see the giant toad with the Dao heart Eye just now.

In order to ensure that he would not get into the monster's mouth, he stabbed the tree a few times with the Heavenly magic sword but did not react. The tree sap that flowed out was filled with life force.

"Brother Yi, you said that one Blood Bead of the Evil Spirit could be exchanged for one of the Dragonscale debris, right? I'll take you to the Dragonscale debris I sense now, as long as I take it out, you will immediately give it to me."

Suddenly, Chen Xiang heard a voice, he immediately went into hiding.

and the other Sacred Sun are here. Listening to what the Sacred Sun said, they should be making a deal.

The reason why Long Yingyi used the Evil Spirit Blood Bead to exchange for the Dragonscale debris was to ensure that he could enter the Azure Dragon Tomb. As long as he could enter the Azure Dragon Tomb, their plan would succeed.

"That's right. Hurry up and take out the Dragonscale debris you sensed, I'll give you the Evil Spirit Blood Bead." Long Yingyi said: "Only if you are lucky enough to meet me will you be able to exchange for the Evil Spirit Blood Bead. You should know very well, with your strength, it is very difficult for you to obtain that position, why not use the Dragonscale debris s to exchange with me?"

## [Chapter 2309](#)

Chen Xiang never thought that Long Yingyi would actually use such a method to obtain more dragon scales. That Sacred Sun flew above the tree, there was a tree hole on it, he very bravely ran inside.

"So it's inside the tree hole." Just as Chen Xiang wanted to go closer, he sensed an aura's fluctuation. He was greatly alarmed in his heart, because this was the same as the giant toad he encountered just now.

He only saw that Sacred Sun suddenly ran out, and at the moment he ran out, this tree actually turned into a huge black python.

"It has changed." Chen Xiang exclaimed in his heart, he felt that it was extremely inconceivable. Just now, he had stabbed at this tree a few times, and he was very sure that it was a tree, but now, it had turned into a gigantic black python in the blink of an eye.

The black python swept its tail and broke all the trees around it. It even breathed out a black mist. One look was enough to tell that it was highly toxic.

"Brother Yi, save me!" That Sacred Sun was swept up by the poisonous python's long apricot bush and held tightly together, and the Brother Yi he spoke of had long since run away without knowing what was going on. When the big tree's Qi suddenly changed, Long Yingyi ran away with his fastest speed, and with a single glance, could tell that he had made preparations.

Chen Xiang immediately teleported over, just as the black python was about to retract its tongue, Chen Xiang returned to the Heavenly magic sword and cut off the snake apricot. Then, he grabbed the Sacred Sun and continuously teleported away.

Right now, Chen Xiang's main goal was to find the Dragonscale debris, so he was too lazy to bother with those huge beasts.

He of course knew that Chen Xiang was the one who saved him. He looked around, and then, saw that they were in a field, he heaved a sigh of relief and fell to the ground.

"Thank you, human." Although this Sacred Sun was already heavily poisoned, he didn't forget to be grateful to Chen Xiang.

"Eat it." Chen Xiang took out a Poison Cleansing God Pill. Although the black python's poison was highly toxic, it wasn't as terrifying as the Black dragon flower poison's, plus this Sacred Sun was a dragon, with the help of the Detoxification Pill and his own power, he could force the poison out of his body. He didn't need the Three lotus Dan's help to cure it.

Very quickly, this Sacred Sun's face turned red.

"I am truly grateful, that Long Yingyi is too despicable, he truly misjudged him." The reason this Sacred Sun agreed to exchange Dragonscale debris s with Long Yingyi was also because Long Yingyi had a good reputation back then, but now, his image of Long Yingyi had crumbled in his heart.

"It's nothing. Although I, Chen Xiang, am a human, I have many beast-like friends, and I know a few dragons. In the outer sect world, I only have one dragon as my wife." Chen Xiang laughed.

"I am Long Lin. If Brother Shen does not mind, I also want to be your friend." Long Lin said with a grin. He looked like a simple and honest young lad.

"Of course not." Chen Xiang laughed: "From now on, we are friends."

Long Lin had already determined that Chen Xiang was his savior. Although they were human, they were so friendly, he had not expected them to be so, he was secretly grateful to the Great Clan Elder in his heart. If not for the Great Clan Elder allowing Chen Xiang to enter, he might have been eaten by the snake long ago.

"Long Yingyi really isn't anything special. He usually acts so well, but in times of crisis, he actually has such a moral character. It seems like we were deceived by him." Long Lin said angrily: "I'll definitely tell the other dragons when we get out."

"Long Lin, you should know about the matter with Pei Jin. She said that her mother was forced to death by Long Yingyi and her son, and that Long Yingyi had almost violated her." Chen Xiang said.

"If you had told me about it in the past, I definitely wouldn't have believed you and would even have fought against you. But now, I believe you, no wonder Long Peijin hated this pair of father and son so much, it was also because this father and son pair had always been righteous and noble, guiding us to distance ourselves from Long Peijin." Long Lin said: "I have to apologize to her when we leave."

Chen Xiang also did not expect that Long Peijin being rejected by the other dragons, was actually related to Long Yingyi and the others.

"Long Lin, did you get the Dragonscale debris?" Chen Xiang asked.

"Got it. The moment I picked it up, I could feel a very strong beast's killing intent. Then, the tree turned into a giant python." When Long Lin thought back to it, he felt a lingering fear.

"I was already by that tree. I even stabbed a few times at that tree, but there was no reaction." Chen Xiang frowned: "I had entered a small mountain before. I had gotten the Dragonscale debris from inside, and that small mountain had turned into a very big toad."

"This could be a teleportation formation. Move that beast over here. That giant python is not made from a tree, nor is the toad made from a mountain." Long Lin was also slightly surprised: "Brother Shen, I never thought that you would actually be able to sense Dragonscale debris, and it's even faster than me. If you acted a little faster, maybe you would have already gotten two pieces."

"Long Lin, I hid myself when I heard your voice. I know you wanted to use the Dragonscale debris and Long Yingyi to exchange for the Evil Spirit Blood Bead." Chen Xiang said.

"Brother Shen, do you really need Dragonscale debris? I'll send you off." Long Lin immediately took out the cyan Dragonscale debris and passed it to Chen Xiang.

"Aren't you worried that I, a human, would enter the chaos in the Azure Dragon Tomb?" Chen Xiang laughed, and did not accept it.

"What's there to worry about? Didn't the grand elder say it already? If you really can enter the Azure Dragon Tomb, it will also be because of the Azure Dragon Ancestor. Our Dragon clan has quite a few outstanding dragons that have obtained the qualifications, but in the end, didn't we all not manage to enter?" Long Lin laughed.

Chen Xiang took the Dragonscale debris. He really wanted to enter the Azure Dragon's Tomb to see if there was anything he could find.

"I won't take you for free. I'll give you this in exchange." Chen Xiang passed over a Shangpin bone level Dan. He had refined many of these things, and was not lacking at all, but they were extremely precious to Long Lin.

"This is ..." The Bone level Dan, seems like it's still high-grade. " Long Lin shouted in shock: "Brother Shen, this is too precious, I don't want it, my life was saved by you, giving you the Dragonscale debris should be done as well."

Chen Xiang immediately stuffed it inside his clothes, and laughed: "This isn't really too precious to me, I'll just treat it as a small gift for you. Don't forget that I'm a human from the outside, I have some with me."

"Thank you, Elder Brother Shen." Long Lin said with a grin, then carefully put away the high grade Bone level Dan.

"Big brother, there are a few brothers among the Sacred Sun that are better off with me. I'll see if I can contact them, I'll get them to give the Dragonscale debris to you." Long Lin said.

"Better hurry, maybe Long Yingyi already found them." Chen Xiang said, it was not bad for him to be able to obtain the Dragonscale debris, he just needed to use the Shangpin bone level Dan to exchange for it.

Two dragon horns suddenly appeared on Long Lin's head, his dragon horns shook, and after a while, he said: "Fortunately, they were not found by Long Yingyi, I have already told them about Long Yingyi's lack of help, they will be back soon."

### [Chapter 2310](#)

Not long after, Chen Xiang could feel a few auras approaching. Long Lin's face was filled with joy as he said: "Big Brother, my brothers are here."

Chen Xiang never thought that this simple and honest Long Lin would have such good connections. His brothers immediately came when they heard him, and they also seemed to believe his words.

Not long after, a few tall figures suddenly appeared. They were three tall and sturdy men, taller than Chen Xiang by a head, just their outer appearance alone was extremely terrifying.

"Brother Lin, the message you sent over was real. Long Yingyi did not care about your life and death, he just directly ran away." A large man came over and asked with a boorish voice like thunder. It was obvious that he was extremely angry.

If not for this Elder Brother Shen who saved me in time, I would have been eaten by the strange beasts long ago. Long Yingyi is truly a bastard, he can totally save me just with his own strength alone, but he's worried that if he was targeted by the strange beasts, he would have ran away. " Long Lin said angrily: "And what this guy did to Long Peijin ... .."

Long Lin then told the brothers that Long Yingyi wanted to violate Long Peijin.

Thank you, Elder Brother Shen, for saving my brother. Long Lin's brothers thanked Chen Xiang one after another. They were all like different animals, but with Long Lin's personality, he also had such a brother and friend.

Long Lin asked: "Did you all get the Dragonscale debris, did you all encounter danger like me?"

The three big men shook their heads and then recounted their experiences. Some of them had encountered arrays, and after breaking them, they had obtained Dragonscale debris s, and some of them had even killed Special god beast s.

They were not ambushed by Special god beast like what Chen Xiang and Long Lin had encountered.

"Looks like we're unlucky." Chen Xiang laughed bitterly.

"Oh right, Long Yingyi had contacted us before, he said that he was willing to use the Evil Spirit Blood Bead to exchange for the Dragonscale debris. We wanted to promise him, but after hearing about your situation, we rejected." A large man said.

"Good. Even if a person like him wins this exam, he won't get the approval of the Azure Dragon. At the end, he will not be able to enter the Azure Dragon Tomb." Long Lin said: "I have already given my Dragonscale debris to Elder Brother Shen, and he can also give yours to. He is my savior."

Chen Xiang was startled, Long Lin was too direct with his words, and what made him surprised was that his three brothers all listened to him, and actually took out their Dragonscale debris s, maybe this was a trust and love between them, and Long Lin's life was taken back by Chen Xiang, if not for Chen Xiang, they might not be able to see Long Lin again.

After Chen Xiang received the Dragonscale debris, he took out three high grade Bone level Dan and gave it to him, while smiling: "I do not want your Dragonscale debris for nothing, this is a little gift from me, you guys should accept it as well."

"Take it." Long Lin's generosity also surprised him, at this moment, he understood that Chen Xiang did not lack these Bone level Dan.

The Bone level Dan was much more precious than the Evil Spirit Blood Bead in Long Lin and the others' hearts, and it was a very good quality Shangpin bone level Dan at that.

"Elder Brother Shen, how about this, we will split up now, we will go look for more Dragonscale debris, and meet up at a rendezvous after that, at that time, we will give you the Dragonscale debris, and then you can bind it with blood, and that will be yours. Only then will you be able to win against Long Yingyi." Long Lin said, and his three brothers did not have a single one.

"Alright." Chen Xiang said: "Based on our calculations, we will meet here for the next two hours before the assessment ends."

"No problem." Long Lin and the others nodded.

Long Lin and the others rushed in four directions, while Chen Xiang also teleported in one direction. This Green Dragon Secret Realm was still very big, as long as they ran a little further, they would not meet each other.

At that time, Chen Xiang would not want their Dragonscale debris for nothing. He would exchange with the Shangpin bone level Dan, and he was not lacking in Shangpin bone level Dan.

After teleporting for less than an hour, Chen Xiang took out the Heavenly magic sword, and once again looked in the direction of the Dragonscale debris.

"I think that the giant toad and black python appeared because of you. You arrived at the tree before Long Lin, so the formation inside the tree had already sensed you, which resulted in the test of your strength." Yue'er replied, "Because when you entered, the Great Elder didn't say that there was such a dangerous situation."

Chen Xiang frowned: "Could it be that the giant toad and the big black python appeared for my sake, that's reasonable, then we can deal with the big black python by ourselves, but it will be troublesome, if it is Long Lin, I'm afraid it will be difficult to deal with."

"I wonder how many Dragonscale debris in there, there should be quite a few. Who placed them here, could it be that Azure Dragon isn't dead yet?" Chen Xiang was very suspicious. The various examinations in the Azure Dragon Secret Realm required a very large consumption of energy to maintain them, he did not think that the dragon race could complete them.

"I don't know. In short, this kind of Heavenly beast's power is very scary. Even though they have been dead for a long time, their power has still been preserved for a very long time." Yue'er replied, "You'll know once you enter the Azure Dragon Tomb."

Chen Xiang's Heavenly magic sword had already found the direction, so he immediately teleported. Not long after, he arrived in a desert and teleported a few more times.

"Let me guess what kind of beast this boulder can turn into." Chen Xiang circled around the huge boulder, holding the Heavenly magic sword, he was sure that there was a Dragonscale debris inside.

"Yue Er, what kind of Special god beast do you think he is?" Chen Xiang asked.

"I can't guess. If you want to obtain the Dragonscale debris, then you must first destroy this huge boulder. If this huge boulder is shattered, the Special god beast should not appear anymore, right?" Yue'er replied, "Maybe you won't meet those Special god beast again this time."

"It's hard to say. Based on the situation from the previous two times, I'm sure I would have encountered it. Even that big tree was stabbed by me a few times, but in the end, wasn't there still a big snake popping out?" Chen Xiang waved his Heavenly magic sword, chopping the giant boulder into many fist-sized pieces.

The moment the huge rock was smashed into pieces, Chen Xiang immediately locked onto the Dragonscale debris inside, and then used his spatial technique to retrieve it.

"Seems like I'm lucky this time." Chen Xiang laughed lightly, but he could not laugh immediately. The gigantic boulder suddenly flashed and turned into a gigantic blood coloured wasp.

"What the hell?" Chen Xiang immediately teleported away from the Giant Bees. Just when he thought he could get away from the Giant Bees, he saw that the Giant Bee was right beside him.

"What's going on?" Chen Xiang immediately teleported again, but when he teleported, he suddenly felt pain in his arm, making his heart ache.

His body was very strong, and he also trained in Heavenly spirit kunfu, so as long as his body could feel any threat, he would defend himself.

But now, he could clearly feel something piercing through his left arm.
