

Dan God 2311

[Chapter 2311](#)

Chen Xiang was not only shocked by this, but also by the fact that the Giant Bloody Bees were unable to get rid of him. He himself had teleported a few times, but the fact that the Giant Bees could still follow him meant that the Giant Bees had the ability to teleport as well.

"I remember now, this is the Space Ghost Bee. It's extremely poisonous, are you okay?" Yue'er exclaimed, "Hurry up and kill them all! These fellows are reproducing very quickly..."

Yue'er had just finished speaking when Chen Xiang saw the Space Ghost Bee, which had died because of stabbing him with a needle, suddenly explode. When it exploded, saw more than ten blood colored beads instantly, and after the beads shattered, more than ten blood colored bees came out.

"Damn it..." Seeing this scene, Chen Xiang was surprised at the reproducing ability of the Space Ghost Bee. At the same time, he was using the Heavenly Transformation skill, Scorching Sun Heavenly Elephant, to turn his body into a blazing fire.

"Little thing, don't even think about growing up!" Chen Xiang took out the Chuangshi god furnace and allowed the Chuangshi god furnace to grow bigger. He faced the dozens of Space Ghost Bees that were just born and smashed the bottom of the divine furnace with his palm, causing the Chuangshi god furnace to spew out a terrifying, spring-like flame that enveloped the group of Space Ghost Bees that were about to attack him.

What he did not expect was that the Space Ghost Bees would have the ability to manipulate space as soon as they were born. They would teleport behind him and use their poisonous stinger to pierce him at an extremely fast speed.

Chen Xiang turned his body and slashed with his sword, the Heavenly magic sword turned into several, the sword images blotting out the sky and covering the group of flying Ghost Bees, slicing them into many blood colored pieces.

"You still want to reproduce?" Chen Xiang controlled the Chuangshi god furnace to spew out flames, submerging the group of Space Ghost Bee pieces and turning them into ashes.

More than a hundred dead at once!

"There are thousands of them here!" Yue'er said: "Quickly use your Space Domain. As long as your Space Domain is strong enough, they won't be able to use Spatial Force to avoid you."

Chen Xiang immediately released his Space Domain, enveloping all of the spatial ghost bees within himself. Then, he absorbed the Chuangshi god furnace's flames into his body, jumped into the air, and struck a Fire cloud palm onto the ground.

When Chen Xiang fused with the Chuangshi god furnace, the strong flames released by the Chuangshi god furnace could not harm him at all. When they entered his body, it was like his blood.

The Fire cloud palm transformed from Chuangshi god furnace flames shot down, emitting a light that was even more intense than the scorching sun, as though even space itself had collapsed from the heat!

The Fire cloud palm pressed down and the Space Ghost Bees flew everywhere. The moment they touched the Fire cloud palm, they instantly turned into smoke! When the huge fire palm touched the ground, all the Ghost Bees were killed, while the Fire cloud palm burned the ground, leaving a bottomless gigantic palm print.

"Are there many of these people in the outer sect?" If you do not have any tricks up your sleeve, you will only die when you encounter such a group of people. " Chen Xiang heaved a sigh of relief, he looked at the black bloodied hole on his arm, then released a ball of flame from the Chuangshi god furnace and poured it in, burning and refining all the poison in the wound.

"It's just a small wound!" Chen Xiang shook his arm. He only felt a bit of pain now and nothing serious had happened.

"Only you can deal with it easily. If it was the outer sect, Peak Divine Lord would be troubled even if they met with such a large group! This spatial wasp is ranked at the top of the Star Law Divine Realm's Beast Ranking, it seems to be ranked third. " Yue'er said, "But then, for some reason, it suddenly disappeared. It seems that all of it was taken by the Azure Dragon! The green dragon is also one of the guardian beasts of the Star Law Divine Realm, so it is not strange that he would do such a thing. "

Chen Xiang laughed bitterly: "Looks like it's aimed at me. In order to test me, you actually took out such a terrifying thing! I feel that there must be a very powerful fellow hiding somewhere to watch this assessment, and he even made some changes at the last minute. "

Chen Xiang's suspicions were not without reason, it looked like someone was manipulating it!

"Do we continue?" Yue'er asked, "What we encounter next should be more and more powerful!"

"Of course we have to continue. I want to see what kind of powerful things there are. If you have the guts, release them all. I'll exterminate him in one breath." Chen Xiang was not afraid.

At this time, he had six Dragonscale debris in total, which was more than the amount he had now. But there was still quite a bit of time before the end of the examination, so in order to ensure that there were no mistakes, the more the better.

He used the Heavenly magic sword to find a direction and immediately teleported.

Inside the Azure Dragon Secret Realm, he used spatial energy to teleport without any resistance, so his movement speed was very fast. Not long after, he got close to the Dragonscale debris.

"It's Long Lin's brother, I think his name is Long Qing!" Chen Xiang immediately recognized Long Lin's brother. That tall and sturdy figure, coupled with the beard on his face, was extremely recognizable.

"And Long Yingyi, what are they doing?" Yue Er asked.

"He's fighting for the Dragonscale debris, and the Dragonscale debris is currently in Long Qing's hands!" Chen Xiang lied in the grass and watched quietly.

Long Qing held onto the Dragonscale debris tightly, held onto his gigantic blade and said angrily: "Long Yingyi, you really are what Brother Lin said, truly a despicable and shameless person. After being tricked by you for so many years, if you have the guts, then kill me, otherwise if I am to leave here alive, don't even think that you can live a good life."

The arm that Long Qing used to lift the blade had been left with dazzling golden blood, which was the more powerful dragon blood!

"You don't need to worry about me. If I can enter the Azure Dragon Tomb, the things you said would be nothing to me." Long Yingyi laughed sinisterly: "The Great Clan Elder only said that killing is not allowed, but he never said that serious injuries are not allowed. The Dragonscale debris in your hand is mine now."

Long Yingyi turned into a black shadow and flashed past. Chen Xiang also saw his movements clearly.

Chen Xiang immediately used spatial teleportation and pulled Long Qing over to his side.

"Brother Longqing, are your injuries serious?" Chen Xiang looked at his huge arm. The top of his arm was already cracked, and there was even a piece of black and purple colour.

"There's poison on that bastard's sword." Long Qing said angrily, "He actually used such a sneaky move!"

Chen Xiang took out the detoxification divine pellet, turned it into powder, and sprinkled it onto Long Qing's arm. After that, he took out two detoxification divine pellets and gave it to Long Qing.

"It's you, human! Long Lin didn't die because he saved you, right?! "Hmph, you really do have some strength. It seems like that day ..." Long Yingyi realised that he blurted out something, and quickly shut his mouth.

Long Qing was not an idiot either. From Long Yingyi's words, he could already tell that Long Yingyi had actually secretly attacked Chen Xiang before.

Seeing that Long Qing's condition had stabilized, Chen Xiang walked towards Long Yingyi and laughed: "Those four little trash were sent by you, right? You guys are underestimating me too much! I have to say, the four Evil Spirit Blood Beads that you sent to me are quite good, how should I thank you? "

The four evil spirits that they had sent out were all good fighters, but they were actually treated as trash by Chen Xiang. What made him angry was that they actually gave Chen Xiang four drops of Evil Spirit Blood Beads.

[Chapter 2312](#)

Long Yingyi shouted angrily: "Don't think that you can be arrogant just because you can't be killed here. Don't forget that you can still fight.

Long Yingyi really wanted to kill Chen Xiang right now, but he knew that he must not do so. He believed that as long as he could enter the Azure Dragon Tomb and carry out their plans, they would ultimately obtain a strong power and control the dragon race and Evil Spirit Race.

"Elder Brother Shen, leave quickly! Long Yingyi definitely has a lot of evil tricks up his sleeve. " He had experienced it just now, that in order to obtain the Dragonscale debris, Long Yingyi was willing to use any means possible.

"It's fine. I just don't feel good about not being able to kill this bug right now. He really is no different from a bug in my eyes. I can crush him to death with ease." Chen Xiang took out his Heavenly magic

sword s. As long as he controlled himself and did not kill the other party, he would be able to make his move appropriately.

As long as he could cripple Long Yingyi and make it impossible for Long Yingyi to continue searching for the Dragonscale debris, then the only place would be his.

"Hmph, isn't it too arrogant to just use a broken sword?!" A small human, with flesh like mud, dares to clamor in front of a thunder dragon like me! Although you can kill those four people, they did it for the sake of capturing you. We also gave an order that we could not let them kill you, so if they did not use their full strength, you would have succeeded. " Long Yingyi swapped for a dark purple long sword, the dragon patterns engraved on it flickered with purple lightning.

"Elder Brother Shen, this is the Azure Dragon Ancestor's Purple Dragon Lightning Sword. To be able to turn the sword qi into the extremely terrifying Purple Dragon Divine Thunder, you have to be extra careful." Long Qing reminded him seriously.

Chen Xiang nodded his head, then walked towards Long Yingyi step by step. Long Yingyi secretly held onto the Purple Thunder Lightning Sword, he never thought that Chen Xiang would actually walk over like this, he thought that Chen Xiang would suddenly attack him from afar, or perhaps attack him from afar.

"I told you to be arrogant." Long Yingyi aimed at Chen Xiang's shoulder and swung his sword. A furious dragon's roar followed by thunder could be heard, the divine sword in Long Yingyi's hand released a burst of purple light, the terrifying lightning attribute divine dragon energy struck towards Chen Xiang's shoulder.

In that instant, one could clearly see that it was an angry purple dragon formed from lightning. It opened its huge mouth, as if it was going to bite Chen Xiang's shoulder to pieces.

Aooo!

Chen Xiang's shoulder was struck by the Sword Qi, causing an ear-splitting dragon's roar to echo in the sky.

"Haha ..." "You reckless fool." Long Yingyi laughed out loud, and when the purple light started to dissipate, his laughter suddenly stopped, his expression was filled with shock.

Chen Xiang's shoulder had indeed been struck, and there was a charred black hole that was still smoking at the place where Chen Xiang's shoulder had landed. The clothes on his shoulders and arms had already been burnt to ashes, so it was possible to see that the charred black spot on Chen Xiang's shoulder was only the surface of his skin.

Long Yingyi's attacks were very accurate. If he hit his shoulder, it would break his entire arm!

However, Chen Xiang's arm was still there, and that strike just now had not caused much damage to Chen Xiang. Just as Long Yingyi was startled, Chen Xiang had already rushed in front of him with a stride, his sword slashed towards his shoulder, chopping off one of his arms.

"You coward, if you want to break someone's arm, you have to do this, not hide at a distance." Chen Xiang laughed coldly, the arm that fell to the ground turned into a huge dragon claw, with a gold armor on it. This Long Yingyi was wearing an extremely sturdy set of divine armor.

Long Yingyi's face turned green, he was furious and frightened. Just as he was about to run, Chen Xiang swung his sword towards his other shoulder and cut off his arm.

"You just wanted to cripple all of my limbs and then smash my body into mud, right?" Chen Xiang saw Long Yingyi's expression full of fear and despair. He swept his sword across Long Yingyi's legs and cut them in half.

"You ... My father will kill you. " Long Yingyi's anger reached its peak, and he could only say that out loud.

"Is that so? Your plan has failed, how can your father kill me? " Chen Xiang chuckled, then heavily stomped his foot on Long Yingyi's chest, breaking his breastbone.

Even though it was a dragon's body, in front of Chen Xiang who possessed sixteen Bones, a weak Long Yingyi was no different from tofu.

Long Yingyi, who was about to speak, spat out blood when he heard Chen Xiang's words.

Long Qing, who was watching from the side, was completely stunned. He was the same as Long Peijin, he had never thought that the legendary weak and small human beings would actually have such terrifying strength.

"I think your dad won't be able to sit still after leaving this time. He's going to activate his evil spirit army and start a war!" Chen Xiang fiercely kicked Long Yingyi's body, sending him flying far away.

Long Yingyi was speechless, he knew very well how terrifying Chen Xiang's strength was. If it were not for the fact that they could not kill him here, he would have been killed by Chen Xiang a long time ago.

"Brother Longqing, are you feeling better?" Chen Xiang walked over and helped Long Qing up.

"It's much better, Elder Brother Shen is really powerful!" Long Qing exclaimed, "Even his father is not your match! Here, this Dragonscale debris hasn't even taken up my blood, it can still be used. "

Chen Xiang received it, and then, he took out a Shangpin bone level Dan. However, Long Qing refused to give it to him no matter what, and in the end, Chen Xiang forced it to him.

After Chen Xiang crippled Long Yingyi, he and Long Qing headed towards the plain, waiting for Long Lin and the other two dragons.

Three days of time was more or less up to the point of passing. After Long Lin and the others returned, they were able to find one, and gave it all to Chen Xiang while also understanding that it was Long Qing who said it, so Long Lin and the others naturally believed it.

"What exactly did Long Yingyi and his son send to deal with you?" Long Qing asked. This was what Long Yingyi had said himself, it was definitely true.

"Evil spirit, and there's even the Evil Spirit Blood Bead! That day, when you all ran out of the city, the Great Elder told me to stay in the cave of Pei Jin. On my way back, I met an ambush. " Chen Xiang said: "Long Yingyi and his son are connected to the Evil Spirit Race. However, it would be best if both of you leave alone, and inform the Great Clan Elder in secret. In order to avoid being silenced by them. "

"They actually colluded with the Evil Spirit Race!" He still could not believe it, but when he thought back, this was something that Long Yingyi himself had admitted to.

Chen Xiang said: "This is not strange, furthermore, Long Jinrong has a very high position in the Evil Spirit Race! If Long Jinrong can take down the dragon clan and destroy the elders who are in the way of Dragon Emperor, he would be the most powerful on this planet. "

[Chapter 2313](#)

When the time came, Chen Xiang, Long Lin and the others immediately felt a strong suction force. Their vision swayed, and then, they felt a chill as they floated on the surface of the water. They left the Azure Dragon Secret Realm and arrived at the Azure Dragon Lake above.

Long Yingyi was also floating on top of the Azure Dragon Lake. When Long Jinrong saw him, he was extremely angry and immediately flew over and fished Long Yingyi out.

Even though Long Yingyi had chopped off four of his limbs, Long Yingyi was still very clear-headed. When he saw his own father, he immediately roared in hatred and told him about Chen Xiang slashing four of his limbs.

There were quite a few Dragon Clan elders and young outstanding dragons surrounding the Green Dragon Lake. After hearing about this, they all looked at Chen Xiang furiously.

Long Yingyi had only told him part of the truth, but he did not mention anything about how he treated Long Lin and Long Qing.

"Everyone, don't listen to this bastard! He could have saved me when I was in danger, but he was worried that I would be implicated and he ran away on his own! It was Elder Brother Shen who saved me. " Long Lin said angrily: "Long Yingyi, when you fought with Long Qing, you used poison, why didn't you say so?"

Long Qing hurriedly walked out and rolled up his sleeves. Although his poison had already been cleansed, the wound was still black. With a glance, it was obvious that there was a trace of poison involved.

Chen Xiang didn't even need to speak. As Long Lin and the others shouted, they revealed all of Long Yingyi's ugly deeds, including the fact that he almost violated Long Peijin.

The dragon clan members were stunned. They couldn't believe that this father and son duo who had a very positive image over the years was so hypocritical.

"You're talking nonsense. This foreign human has a lot of divine pills in his hands. You must have taken his divine pills to slander us." Long Jinrong said angrily, refusing to admit it even at death. He knew that if he was determined to collude with the Evil Spirit Race, then it would be very troublesome for him and his father.

"Great Elder, this test does not count. It's all because of this alien human breaking the rules, and this was originally a matter of our dragon race. " Long Jinrong shouted, looking unconvinced.

"The examination is over, take out your Dragonscale debris." The Great Clan Elder ignored him. He heard that Long Peijin was almost violated by Long Yingyi, and this made him extremely angry.

As for the relationship between Long Jinrong and the others with the Evil Spirit Race, because there was no evidence, he could not believe it either. He could only wait until the Dragon Emperor came out of closed door cultivation before discussing about it.

Chen Xiang took out ten pieces of Dragonscale debris, Long Yingyi also had three, but he did not have the others! It seemed like Long Yingyi had also exchanged the Dragonscale debris s from the other dragons.

The person who passed the examination was a human! Those old dragons understood why Chen Xiang had so many, it had to be from Long Lin and Long Qing. and Long Qing had said just now that Chen Xiang had saved them, and these brothers of theirs were all very loyal, it was not strange that they would give it to Chen Xiang.

"Chen Xiang has passed the examination. He can enter the Azure Dragon Tomb now!" The Great Elder pointed to the small green brick house on the small island in the Green Dragon Lake.

That was actually the entrance to the Azure Dragon Tomb!

"Open the door. If you can enter successfully, you will receive the approval of the Azure Dragon." The Great Elder said, "You can go now."

The other elders did not say anything either. Whether Chen Xiang could enter or not, all of this had nothing to do with them! On the other hand, Long Jinrong was very angry, because he felt that his son should have entered.

"Wait!" Long Jinrong saw that Chen Xiang wanted to go over, and immediately shouted.

"Great Clan Elder, my son also obtained three Dragonscale debris, he is considered the largest among the Dragon Clan! He should be qualified to enter. " Long Jinrong's palm was on Long Yingyi's chest, no one knew what technique he used, but Long Yingyi's broken four limbs suddenly grew out.

Long Yingyi looked much more energetic now!

"Great Elder, I remember that the rule to enter the Azure Dragon Tomb is to only allow one dragon to enter, but I have never said that humans and dragons are not allowed! So I think that dragons and humans can enter at the same time! " Long Jinrong said: "This did not break the clan rules."

The Great Clan Elder frowned and nodded, "That's right, we have indeed not broken the clan rules. We can try!" Whether you can enter or not will depend on your own good fortune! "

As long as he doesn't break the clan's rules, he will agree to it.

Long Jinrong heaved a sigh of relief, patted Long Yingyi's shoulders and said: "You can go in first, since you are of the dragon race, you definitely have to give priority to the human race. Go in!"

Just now, Chen Xiang had noticed what Long Jinrong had given to Long Yingyi earlier. That thing must have contained Evil Spirit Race, he wanted Long Yingyi to bring him into the Azure Dragon Tomb.

As long as Long Yingyi could enter, they could still carry out their plan. At that time, he would be able to call the wind and summon the rain in this heavenly planet.

He was secretly excited in his heart. As long as he entered the Azure Dragon Tomb, he and his father would quickly obtain great power, and thinking about this, he wanted to laugh out loud. At that time, he would be able to torture Chen Xiang, Long Lin, and the others to death.

Long Lin and Long Qing both clearly understood Long Yingyi's character, and also knew of the consequences of his entering the Azure Dragon Tomb. They were currently very angry, but Chen Xiang had actually sent a sound transmission to them, telling them to calm down!

At this time, everyone was looking at Long Yingyi on the small island. Long Yingyi walked towards the green brick hut and opened the wooden door.

"As long as you pass through the azure light, you will be able to enter the Azure Dragon Tomb!" The Great Elder shouted.

Long Yingyi was now more excited. He took a deep breath and stepped into the door, but who would have thought that the moment he touched the green light, he would be flung away by a very powerful force!

"Ahh ..." Long Yingyi screamed in pain, blood spurting out from his mouth as he flew straight back to the shore.

"How is that possible? My son is the strongest Saint Sun, why can't he get the recognition of the Azure Dragon?" Long Jinrong anxiously walked over and hugged Long Yingyi and shouted.

"Those who were sent flying all those years ago all thought so!" An elder sighed, "Back then, I was also sent flying out. As for why, I also want to know!"

Long Lin and the others immediately laughed out loud. This Long Yingyi was actually unable to enter the Azure Dragon Tomb, and had even displayed such confidence before.

"Chen Xiang, it's your turn!" The Great Elder said, "You have to be careful in a bit. If you don't obtain the green dragon's acknowledgement, you'll be sent flying and will suffer heavy injuries."

Chen Xiang nodded his head, then flew to the front of the small green brick house at the center of the lake. Everyone's eyes were focused on him, he was the first human to enter the Azure Dragon Tomb in many years, many dragons thought that it was impossible for him to enter! Even an outstanding young dragon like Long Yingyi was unable to enter, much less a human.

Chen Xiang was also very nervous, if he was unable to enter, then he would have to think of another way to enter the Azure Dragon Tomb.

Long Peijin was extremely nervous at the moment. She hoped that Chen Xiang could enter the Azure Dragon Tomb, as long as he could, she would receive many benefits. She had already treated Chen Xiang as her only friend.

Chen Xiang's foot had already stepped into the green light, and the green light that he had touched earlier, wasn't bounced back like Long Yingyi was previously!

Chapter 2314

Seeing that Chen Xiang could go in, Long Yingyi who was heavily injured in Long Jinrong's arms spat out a mouthful of blood. The hatred in his heart was so strong that it caused blood to spurt out.

He wasn't the only one who couldn't understand, the Elders present couldn't understand why a human could obtain the recognition of the Azure Dragon!

Chen Xiang had already entered the Azure Dragon Tomb, upon seeing that his plan had failed, he immediately carried Long Yingyi and left, planning out another plan, he was not willing to give up!

After Chen Xiang entered through the door, he saw a very spacious hall, with a green stone coffin in the middle, on it were many lifelike dragons, all of them had different postures and expressions. <>

"Is this the Azure Dragon's sarcophagus? was buried in human form?" Chen Xiang walked over, and touched the green sarcophagus, suddenly feeling that it was trembling, he immediately pulled his hand back in shock.

The sarcophagus shook, and the lid moved away on its own!

After opening the coffin, Chen Xiang immediately looked towards the direction of the coffin, only to see that it was filled with cyan mist, which was currently flashing and emitting multicolored light.

"This is the Azure Dragon Tomb?" Chen Xiang looked around, he did not know what was the point of entering the Azure Dragon Tomb through the assessment.

"That's right, this is my tomb!" Chen Xiang suddenly heard the voice and was shocked. Pride of the World, Alchemy God 23 (TL:

[illegible]

The green mist inside the sarcophagus suddenly surged, forming a mist-like green dragon that was looking at Chen Xiang with its red eyes. 5

"Senior ... Aren't you dead?" Chen Xiang said in surprise, he never thought that he would actually be able to see the Star Law Divine Realm's Azure Dragon.

"My body has already died, and my divine soul is about to disappear. Although I am a Heavenly beast, I cannot live for ever, my mission in Star Law Divine Realm has been completed, and the Heavenly Energy is gradually dissipating." The Azure Dragon's voice was filled with sadness. "I know your purpose for coming here. I have also tested you."

The corner of Chen Xiang's eyes twitched. When he was in the Azure Dragon Secret Realm, it was actually this Azure Dragon that was controlling the various tests.

"Senior, your test is truly deadly. Even the Space Ghost Bees have appeared." Chen Xiang curled his lips: "How did you do that? So quickly, you brought out those huge beasts and Spatial Ghost Bees to deal with me."

"The so-called Azure Dragon Secret Realm is my Divine Sense Sea. The Azure Dragon said, "The reason why you are looking for me, is because you want to devour my divine soul. Right!"

"This... I only wanted to devour your unconscious divine soul. You still have consciousness right now, so I don't plan on doing that anymore. " Chen Xiang said. He thought that the Azure Dragon had died, and after its flesh had died, its consciousness would disappear along with it.

"Don't worry, swallow me. I have no objections. I am quite satisfied with having such a home to return to." The green dragon said.

Chen Xiang was surprised again, and asked doubtfully: "You know my goal? Why are you willing to be devoured by me? Although you only have this divine soul left, I can still sense your powerful strength."

"It's your second Divine Sense Sea's Azure Dragon that's summoning me. You might not even know it yourself, but you've created your own Azure Dragon. Besides that, your Divine Sense Sea has three other beasts, right!" The green dragon said.

Chen Xiang indeed didn't know, he only knew that his second Divine Sense Sea had concealed himself for a long time and had always been following him! He even more never thought that his second Divine Sense Sea would be so powerful, to be able to make the Azure Dragon's divine soul submit to him.

"Senior, looks like you understand the Second Divine Sense Sea very well? Haven't you cultivated it?" Chen Xiang asked.

"If I could cultivate it out, I wouldn't have died. Being able to cultivate to become the second Divine Sense Sea is an extremely difficult thing to do, but you seem to have done it long ago." The green dragon replied, "If I parasitize in your second Divine Sense Sea, my consciousness will not disappear."

"I don't know anything about my second Divine Sense Sea. I remember before, the divine elephant in the middle of my second Divine Sense Sea turned into a Fire unicorn, and not long ago, I saw my second Divine Sense Sea turn back into a divine elephant!" Chen Xiang asked, he could not understand no matter how much he thought about it.

The Azure Dragon did not speak. He was silent.

Pride of the World, Alchemy God 23 (TL:
UUUUUUUUUUUUUUUUUUUUUUUUUUUU -
UU)

Chen Xiang asked: "Senior, do you know what's going on?"

The green dragon replied, "I know, but I'm not very sure! I can only tell you that the divine image is extraordinary and the Qilin that evolved from it is still in your second Divine Sense Sea. It's just that you do not know much about your own second Divine Sense Sea, so you did not see it. "

"Hurry up and swallow me!" The green dragon said, "Long Jinrong that bastard has joined hands with the Evil Spirit Race and is preparing to attack the dragon clan."

"Huh?" Chen Xiang was shocked and asked: "How do I devour you?"

"Devour me the same way you usually devour divine soul." He had already made up his mind, because if he entered Chen Xiang's Second Divine Sense Sea, he would be able to extend his life.

The Azure Dragon's divine soul had urged Chen Xiang to swallow him a few times, so Chen Xiang felt too embarrassed not to devour him right now, so he immediately used the Devouring magic kungfu and absorbed the Azure Dragon's divine soul into one of his head Bones. He wanted this Bones to merge with the Four Beasts' divine soul.

"What a powerful divine soul!" Chen Xiang felt very pained at the end, "Just how does this guy train himself?"

When Chen Xiang assimilated with the Azure Dragon's divine soul, he also learned quite a few things about the dragon race from the Azure Dragon's memories! What made him even more surprised was that the Evil Spirit Race was also a god!

It's just that Evil Spirit Race is a very evil race of gods, their existence is just to devour the corpses and divine soul of other god races, so that they can become stronger.

Evil Spirit Race knew that the Azure Dragon's powerful divine soul was still around. As long as they engulfed this divine soul, their strength would become even stronger and they would be able to break through the barrier of this star!

This star's enchantment was also laid out by the Azure Dragon in the past using its powerful strength. Chen Xiang could not help but exclaim in admiration at the Azure Dragon's strength back then, it was indeed worthy of being at the peak of its existence. However, he was helpless as he was unable to win against time, and had to die in the end.

Right now, the Azure Dragon was only living in another way, he did not want himself to disappear from this world just like that. Even though he had become Chen Xiang's power, he was still the Azure Dragon and could only live in a different way.

Fusing with the Azure Dragon's divine soul took a lot of time, and after Chen Xiang finished, more than ten days had already passed!

He walked out of the green brick house. It was very quiet outside, and he had thought that there would be some sort of battle.

"Chen Xiang, you're out!" Long Peijin suddenly flew over, his entire body was covered with fiery red dragon armor, he looked like he was ready to fight.

"What's wrong? Something has happened?" Chen Xiang asked quickly.

"Long Jinrong and Long Yingyi have released a large number of their Evil Spirit Race s. These Evil Spirit Race s are all hiding in the city right now, we are currently looking to kill them!" Long Peijin said.

"Crap, they're diverting your attention. Their goal is to destroy this city's barrier!" Chen Xiang frowned, "Quickly go and find the Great Clan Elder ..."

Just as he finished speaking, Long Peijin fiercely looked towards the sky and let out a long sigh: "Too late, the Dragon City's barrier has been destroyed!"

[Chapter 2315](#)

All of this was done by Long Jinrong. He had many plans and destroying the barrier was one of them!

"We still have to find the Great Elder!" What about now, Long Jinrong and his son? " Chen Xiang asked.
<>

"They have already left the Dragon City. What's strange is that the Dragon Emperor has not come out yet, I don't know why!" Long Peijin was a little worried, "The Great Clan Elder went to notify the Dragon Emperor a long time ago, but he did not receive a response."

Chen Xiang said in a low voice: "Dragon Emperor is probably dead!"

Long Peijin immediately shook his head: "Impossible, Dragon Emperor is already the strongest, he already possesses the Hundred gods level and nine Bones, so he reached the peak very early on, and it is impossible for him to die ..."

"Even an Azure Dragon might die, so why is that impossible? He was sent here very early to guard the Azure Dragon's mausoleum, and his death was most likely caused by the depletion of his longevity. " Chen Xiang said.

This was what Chen Xiang had learned from the Azure Dragon's memories. Although the Dragon Emperor was powerful, he could not withstand the destruction of time.

When Chen Xiang and Long Peijin found the Great Elder, the Great Elder was also burning with anxiety as he walked around the room.

Great Clan Elder, forcibly open the Dragon Emperor's secret room, call him out! Long Peijin came over and said quickly: "If Dragon Emperor doesn't come out, we will be exterminated by him! Evil Spirit Race knows us very well and has the power to restrain us. Furthermore, they can hide and there are a lot of them. "No advertising, no writing, no writing."

At this time, there were a few elders in the Great Clan Elder's room. When they saw that Long Peijin had arrived, they all frowned, because such an important matter didn't need the participation of a little girl like Long Peijin.

At this time, they were also very concerned about Chen Xiang. After all, Chen Xiang had obtained the approval of the Dragon Emperor, if they did not see him here, they would have scolded him.

"Dragon Emperor might already be dead! When I entered the Azure Dragon Tomb, the Azure Dragon mentioned this to me. He said that the Dragon Emperor's lifespan was almost used up as well. "Haha, the fastest and most stable)," Chen Xiang said.

When the Great Clan Elder heard Chen Xiang's words, he could not help but exclaim: "Seems like it is true. Not to mention the Dragon Emperor, even my old bones are about to be put into a coffin."

The Great Clan Elder and the Dragon Emperor were the main pillars of the Dragon Clan! Especially the Dragon Emperor, he had to refine many divine pellets over the years in order for the Dragon clan to grow. Now that there was no Dragon Emperor refining pills, how could they improve?

"Is the dragon clan finished?" The Head Elder sat on a chair and said, "It doesn't matter if I die, but what about the Dragon race?"

Chen Xiang shouted, "Great Clan Elder, the dragon race will not end here! "You are the only pillar of the dragon clan. You cannot despair or the entire dragon clan will be finished!"

"Right now, the first thing we need to do is to gather all the dragons. Don't let everyone spread out so that the Evil Spirit Race won't be able to take action! The most troublesome thing about the Evil Spirit Race was that he could hide. However, the Dragon Emperor has refined a type of pearl for all of you, so you can sense it. If everyone gathers together, they won't dare to come close! If it was spread out, even if a single dragon could sense a hidden Evil Spirit Race, they would still be killed. "55"

Chen Xiang was very calm at the moment, much calmer than the Old Dragon in the house.

"This... Have you received instructions from the Azure Dragon?" The Great Elder said.

"Yes, the Azure Dragon has told me a lot of things." Chen Xiang said: "I hope that I can help you pass through this obstacle!"

"Alright, we'll listen to you now!" The Great Elder excitedly said, as if he was grabbing onto a lifeline. He was no longer as desperate as he was before.

The Great Elder had obtained Chen Xiang's Supreme God Pellet before, so he had a very good impression of Chen Xiang.

Chen Xiang felt that since he had obtained the Azure Dragon's divine soul, he would definitely help the dragon race. Furthermore, the dragon race also had their friends.

The other elders all agreed to listen to Chen Xiang! Pride Pill Deity 235

"Peijin, go find Long Lin, Long Qing and the others, let them be in charge of gathering all the dragons by the Azure Dragon Lake." Chen Xiang said.

"I'll go right now!" Long Peijin immediately ran out of the house and into the city.

"Great Clan Elder, let's go open the Dragon Emperor's secret room and confirm that he is dead." Chen Xiang said: "If he's not dead, that's for the best!"

Then, he and a few elders brought Chen Xiang to the Dragon Emperor's residence and entered the secret underground room. With their combined strength, they opened the secret room of the Dragon Emperor, and saw the Dragon Emperor sitting cross-legged on the ground. His expression was extremely natural, and it could be seen that there wasn't any pain when he died.

"Dragon Emperor!" After all, this was an old friend that he had spent many years with. Yet, he had left just like that.

The other elders also began to cry bitterly!

"Now is not the time to cry!" Chen Xiang said, he walked over to take a look at Dragon Emperor's body. Dragon Emperor was not like the green dragon, who could keep their divine soul intact, Dragon Emperor's divine soul had already dissipated, and Divine Sense Sea was already present, his entire body was filled with the scent of death.

It was his first time seeing a Peak Divine Lord Ranker die after running out of his lifespan. Thinking about it, he felt a little sad.

"Do you have any objections if I burn his body?" Chen Xiang asked.

"Please!" Right now, the Dragon Clan was in danger. If they did not deal with it well, the Dragon Emperor would not be able to rest in peace even if he died.

Chen Xiang took out the Chuangshi god furnace, released a flame and burned Dragon Emperor's body to death, then said: "You guys wait a bit, don't look too sad, instead pretend to be very confident, don't hurt your morale!"

"We will understand." The Great Elder said.

"Don't tell anyone else about the Dragon Emperor's death. It will make the dragon race even more depressed!" Chen Xiang then continued, "As for the divine pellets, you all do not have to worry. I will provide them for you.

"This is ..." "Really?" The Great Clan Elder asked in shock. Even though he asked this, he already believed it in his heart, because Chen Xiang had given him a very good Supreme Bone level Dan.

Chen Xiang took out a few Tai Bone level Dan and distributed them to the elders, saying, "These are for you! "Of course, this is not for you to eat. It is to have you wait a bit and reward the dragon in your clan for your best performance. This is up to you all to decide, and it is also to motivate them."

These elders were also unwilling to part with a few Tai Bone level Dan s, but since Chen Xiang had already said so, they could only do as he said, since it would be beneficial to the situation before them.

After knowing that Chen Xiang was a pill god, the few elders heaved a sigh of relief. As long as they still had a divine pill to provide, they would be filled with confidence towards the future of the dragon race.

When Chen Xiang and the others arrived at the side of the Azure Dragon Lake, there were already many gathered dragons, but all of them were camped out by the lake. After the Great Clan Elder and a few elders arrived, they let them come out for a meeting, and then said many impassioned words.

Long Lin, Long Qing and the others had obtained one pill, which immediately boosted the morale of the entire dragon clan!

[Chapter 2316](#)

Because the Great Clan Elder was with Chen Xiang, this pill god, he became much more confident. At this time, he had also recovered his previous dignified appearance, but he was sighing with emotion in his heart. Dragon Emperor, who had been with him for many years, did not bid him farewell and just quietly passed away like that.

He also felt helpless as he was about to embark on this path. Although he didn't want to, but there was nothing he could do. He wasn't afraid as he couldn't let go of the dragon clan.

Dragon City's array formation had been destroyed, but with Chen Xiang's secret help, the Dragon City was relatively stable.

The sky gradually darkened, Chen Xiang, the Great Clan Elder and the others were discussing in the same tent.

"If nothing unexpected happens, the Evil Spirit Race will be moving tonight. The Dragon City's array formation has been destroyed and cannot be repaired immediately. They will definitely make good use

of this time to launch a surprise attack." Chen Xiang said: "They may land from the sky, at that time, they will need to send more experts to patrol."

The Great Elder nodded and sent an elder to give the order.

Chen Xiang then said: "We cannot sit still and wait for death right now. Since the Evil Spirit Race that is being led by Long Jinrong plans to destroy this place, we should also take the initiative to attack, but we need to go investigate first, I will handle this."

"Is that okay? Let us go." The Great Clan Elder anxiously said, Chen Xiang was a gold pill god, if something happened to him and he was unable to provide the dragon race with the divine pellets, they would all be worried.

"Don't worry about me." Chen Xiang laughed: All you need to do is stay here and capture the rats, the people of the Evil Spirit Race must come in by themselves, if they were to launch a large-scale attack, it would be a huge loss, but you must not relax, the people that the Evil Spirit Race sent to ambush and assassinate, should all be elite Evil Spirits.

Chen Xiang had already obtained the Azure Dragon's divine soul, so he had to quickly settle the matter here, and then leave this heavenly star to search for the divine soul of other divine beasts. Thus, he planned to go kill off the Evil Spirit Race by himself.

The Evil Spirit Race was still quite far away from the Dragon City, Chen Xiang guessed that the elite evil spirits that the Evil Spirit Race had sent out were definitely on their way, he wanted to take this opportunity to sneak an attack on the Evil Spirit Race, he believed that with the strength of the dragon race, they would definitely be able to resist this attack, furthermore the dragon race had already made sufficient preparations.

At night, Chen Xiang teleported out of the Dragon City, and even used the Counter Power to make himself invisible. Although this was the power of the Evil Spirit Race, after he used it, the Evil Spirit Race was still unable to sense it.

When he entered this star, he saw that the Starry Sky Blood Devil was constantly coming out, and that was the lair of the Evil Spirit Race. According to his memories, he was constantly teleporting in that direction.

Not long after, he arrived at the place where he met Long Peijin last time. After using the Dao heart Eye here, he could see the Starry Sky Blood Devil that kept appearing.

Chen Xiang understood from the Azure Dragon's memories that the reason he built the Azure Dragon Tomb back then was also because of these Evil Spirit Race s, only that those Evil Spirit Race s had already been under his control. After he finished constructing them, those Evil Spirit Race s would accompany him in death, and the reason why the Evil Spirit Race was constantly producing the Starry Sky Blood Devil s was so that they could absorb the energy from the outside.

"It's just over there, try your best to get rid of the Evil Spirit Race tonight. Let's see if there's any way to control the barrier around this Heavenly Star. Such a good Heavenly Star can't be abandoned." Chen Xiang was very satisfied with the Heaven-stage Stars, but it was very dangerous here, if the Evil Spirit Race was destroyed, the Heavenly Star would be perfect.

"Chen Xiang, you plan to take root in this heavenly star in the future." Yue Er asked.

But before that, I plan to have the Star Moon Divine Race, Divine Dragon Race and the Cat Race all gather here, and at that time, the Nine Heaven School and the Hundreds of Flowers Village would come over and join forces. With my power in the Everlasting Mountain, it would be much easier to deal with the other Heavenly Stars. Chen Xiang said.

Chen Xiang felt that as long as he could find them and negotiate with them, it wouldn't be too hard for them to migrate here.

"We'll talk about it when we get out." Yue'er replied, "I can explain to Star Moon Divine Race and the others, it shouldn't be that difficult."

Chen Xiang nodded his head and teleported to Evil Spirit Race's territory. At that moment, he was getting closer and closer to Evil Spirit Race.

The Evil Spirit Race was inside a black colored forest. Chen Xiang used the Counter Power to make himself invisible, and then floated in midair. He saw that there were many dots of red light in the black colored forest below.

They looked no different from humans, but their actions were similar to beasts. Right now, they were just like monkeys sitting on trees, only those Evil Spirit Race with high intelligence would have the behavior of humans, this was also a very strong Evil Spirit, the other Chen Xiang were not afraid at all.

"These fellows are definitely afraid of my Chuangshi god furnace's flames." Chen Xiang took out Chuangshi god furnace and imbued it with Six Realms' Power.

Chen Xiang instilled the Chuangshi god furnace for more than an hour, then allowed it to grow bigger, and controlled the flames inside the Chuangshi god furnace to erupt outwards. The Chuangshi god furnace's flames poured down from the sky like a majestic flaming waterfall.

The flames suddenly attacked and instantly fell to the ground, spreading to the surroundings. The black forest evil spirits below were flying everywhere, but they could not escape the sea of fire. In the blink of an eye, more than half of them were submerged in the sea of fire.

"These are just small ants. Long Jinrong and the others are my true targets." Chen Xiang began to search, the flames here had been burning for a long time, but no strong Evil Spirit had come out, which meant that the strong Evil Spirits were not here.

Chen Xiang was shocked: "It seems that not only are the elite evil spirits heading to the Dragon City, Long Jinrong and the rest have also gone. It seems that they can't wait anymore and want to control the Dragon race as soon as possible."

Starry Sky Blood Devil did not continue to be born, because the blood altar that was used to create Starry Sky Blood Devil had already been burnt by Chen Xiang's flames.

"Hurry up and go back. If Long Jinrong and the others plan to finish it by tonight, then it is very possible that they will go all out." Yue Er said.

Chen Xiang immediately teleported back. The dragon race did not have the Dragon Emperor protecting them. Long Jinrong and the Evil Spirit Race's strongest Evil Spirit Emperor had always been able to attack the dragon clan, but the Great Clan Elder and the others could not.

Fortunately, Chen Xiang was able to teleport far away, and not long after, he arrived at the Dragon City. When he appeared in the air above the Azure Dragon Lake, he suddenly heard loud noises from below, and there was a huge commotion below.

"As expected, Long Jinrong and the others came over." Chen Xiang looked for the Great Clan Elder and the others, only to see that the Great Clan Elder was fighting against Long Jinrong.

[Chapter 2317](#)

Chen Xiang had locked onto dozens of elite Evil Spirits. When these Evil Spirits used the Counter Power, although those dragons had a lot of power, it was still a headache to deal with them.

In order to reduce the casualties of the Dragon Clan, Chen Xiang anxiously took action. He took a deep breath, and used the spatial Divine Deity inside the Divine Sense Sea to absorb the Six Realms' Power, allowing himself to release a strong force of spatial energy to control space.

After converting the Six Realms' Power into spatial energy, Chen Xiang punched out in front of him, striking out with an extremely terrifying Meteor immortal power. This wave of Meteor immortal power was split into dozens of strands, and under the guidance of the spatial energy, it shot across space, striking towards the dozens of evil spirit elites that he had locked onto.

From below, he heard a series of explosions, and those Evil Spirits were all scattered by the strong Meteor immortal power, and died.

After the battle, Chen Xiang teleported towards Long Peijin and the others who were with him to deal with the berserk Long Yingyi.

Long Yingyi had been thinking about Long Peijin for a long time now, but he had been unable to get his hands on him even after a long time.

Long Peijin had only just cultivated two sets of Bones and was not her match, but with the help of Long Lin and the others, she was unable to be defeated by Long Yingyi.

Long Jinrong was currently fighting with the Great Clan Elder with all his might. The Great Clan Elder was indeed very strong, causing Long Jinrong to have no choice but to join hands with a Evil Spirit Race Elder, otherwise he would definitely be killed by the Dragon Clan Elder.

"What happened? We suddenly lost more than 60 elites?" The elder of the Evil Spirit Race said in a shocked voice, "Quickly get the Evil Spirit Emperor to act, the Dragon Clan's Dragon Emperor has appeared."

Long Jinrong laughed coldly: "Dragon Emperor will never appear again, because he is already dead, I am very clear on this point. It seems like the one who is acting in secret should be the human called Chen Xiang, he does indeed have some skills, we just need to find him, and there is no need for Evil Spirit Emperor to do that."

The Great Clan Elder was shocked, this Long Jinrong actually knew that the Dragon Emperor had died, this was what he had just heard.

"Grand Elder, you have to be careful not to get ambushed. There is an elder who is a traitor. You must take note of him later." Chen Xiang was also paying attention to the situation with the Great Clan Elder. When he heard Long Jinrong's words, he immediately sent a sound transmission to the Great Clan Elder.

"Long Lin, all of you retreat. Leave it to me." Chen Xiang suddenly appeared and used his bare hand to strike the sword that Long Yingyi was about to slash on, breaking it in half.

When Long Yingyi saw Chen Xiang, he thought about his four limbs being crippled by Chen Xiang and he instantly became furious. However, he was also clear that he was not Chen Xiang's opponent.

"Father, Chen Xiang is here." When Long Yingyi shouted, he was already gone, he used the Counter Power to hide himself.

"Don't think I can't see you." Chen Xiang laughed coldly, and Long Yingyi actually went behind Long Peijin, wanting to ambush him. Chen Xiang teleported over and struck Long Yingyi's head with his palm, dispersing the Counter Power inside the Divine Sense Sea.

Long Yingyi immediately revealed his body.

"This time, I won't forgive you, bastard." Chen Xiang held Long Yingyi's head with one hand and released Soul Absorbing Devil Spell while at the same time, his other hand clenched his fist and fiercely punched Long Yingyi's sternum, causing him to scream miserably.

"So that's how it is. I know who the traitor is now." Chen Xiang immediately told the Great Clan Elder the traitor's name so that the Great Clan Elder could be on guard. The traitor was also currently in a chaotic battle, pretending to be fighting with the Evil Spirit.

It was not long before Long Jinrong finally broke away from the Great Clan Elder and rushed over. From afar, he saw Chen Xiang grabbing onto Long Yingyi's head, and in the split second that he had seen Chen Xiang's hand, which was covered in flames, strike at Long Yingyi's head, turning into a huge palm of fire that enveloped Long Yingyi.

The moment the fire palm enveloped the area, Long Yingyi was also burnt to ashes by the intense flames.

"Chen Xiang." Long Jinrong roared, he rushed forward as fast as lightning, the Divine Sword in his hand danced crazily, releasing waves after waves of roaring dragon like Sword Qi, flickering with bursts of red light, enveloping Chen Xiang.

After releasing the wave of berserk Sword Qi, Long Jinrong suddenly disappeared as well, and used the Counter Power, but he did not know that Chen Xiang had the Dao heart Eye, and was able to see through his movements easily.

After Long Jinrong disappeared, he circled around behind him from a high altitude and was prepared to ambush him, but he did not expect that Chen Xiang would suddenly disappear too, causing him to be alarmed. This was a Counter Power that he was extremely familiar with, and it took him a lot of time to learn it back then.

However, Chen Xiang had only been in this Heavenly Star for a few days, and he actually already knew about it. Furthermore, he had grasped it extremely well, as Long Jinrong had been through hundreds of battles, and although he was shocked the moment Chen Xiang disappeared, he quickly reacted and dodged it.

"Old Turtle, accompany your son." Chen Xiang teleported to Long Jinrong's side and used God Murdering Sword Techniques, speeding up his own time and allowing him to strike a sword attack that was so fast that Long Jinrong was unable to dodge.

Long Jinrong was hacked into two halves by Chen Xiang, and his body turned into two gigantic red dragon bodies that struggled on the ground. He did not die, he never thought that Chen Xiang's strength was actually this terrifying, much more than his.

Chen Xiang locked onto Long Jinrong's Dragon Heart, and two fiery-red rays of light spurted out of his eyes. The instant the two rays of light penetrated Long Jinrong's heart, they also pierced through Long Jinrong's Divine Sense Sea.

"Be my ashes." Chen Xiang used the Chuangshi god furnace to collect the two huge pieces of dragon's bodies.

Long Jinrong had already been killed, adding on the dozens of Evil Spirit Elite Warriors that had been killed by Chen Xiang, the Evil Spirit's surprise army had become extremely weak, and the Great Clan Elder had successfully killed the enemy's Evil Spirit Elder.

Seeing that they were not a match, the elders of the Evil Spirit Race ordered for them to retreat. As they were retreating, they realised that they could not move at all, as they were already using the Counter Power to hide, and they would not be seen.

"They have all been locked down by me. Take out the things on your bodies and see through them. Quickly kill this group of Evil Spirits." Chen Xiang shouted. It was extremely difficult for him to hold on to hundreds of elite Evil Spirits.

When the dragons of the dragon clan brought this small crystal closer to their eyes, they could see that there was an evil spirit hidden inside. This was refined by the Dragon Emperor, and when they saw that the evil spirits were frozen in place, they all picked up their divine weapons and rushed forward to kill them.

Very quickly, only a few of the Evil Spirits that came this time were able to escape. The others were all killed, including some elders.

This time, the dragon race had won a great victory, and several dragons had died.

"There are hundreds of Evil Spirits and none of them are weak. It seems that they are mainly trying to assassinate us and then control the entire Dragon clan. It's just that their plan failed." The grand elder laughed coldly. He arrived behind an elder and his hand suddenly turned into a dragon claw. It pierced into the elder's chest and grabbed the heart.

[Chapter 2318](#)

"You traitor, don't think that I don't know about you colluding with Long Jinrong." When the Great Clan Elder heard Chen Xiang's sound transmission, he started to pay attention to this traitor. This traitor Elder was only pretending to be fighting, and looked extremely relaxed.

Thus, the Great Elder was even more certain that this was a traitor.

"Great Clan Elder, you ... "How vicious." The spy elder raised his head and laughed out loud, "The Dragon Emperor is already dead. Although the sneak attack failed, they still have the Evil Spirit Emperor. The dragon race can only submit to the Evil Spirit Race to prevent their clan from being exterminated.

When the dragons and dragons of the dragon race heard that the Dragon Emperor had died, they couldn't believe it. However, when they saw the sorrowful expression on the Great Clan Elder's face, they believed it all.

"Grand Elder, is this real?" Long Lin anxiously walked up and asked.

"It's true, but everyone doesn't need to be sad, Dragon Emperor exhausted his lifespan and died, he has done too much for our Dragon clan, he has worked hard for us all these years, causing himself to die of old age without even having the time to cultivate. We cannot let him down, we must pull ourselves together, even if we die, we must not surrender to Evil Spirit Race, and definitely not be a traitor." The Great Elder's voice was shaking as he spoke passionately. After he finished speaking, he killed that traitor Elder with a single palm strike.

The entire dragon race had fallen into silence. Although they were grieving, they did not show it because they wanted to be like what the Great Elder said. They could not become passive and cheer up.

"The Evil Spirit Race's lair has already been destroyed by me, so the biggest threat that the Evil Spirit Race has to us right now is that Evil Spirit Emperor. Leave this to me, I will do my best to kill him. Chen Xiang said to the Great Clan Elder.

"You really can deal with Evil Spirit Emperor. That's a demon that even Dragon Emperor is very afraid of." The Great Clan Elder asked in shock. The power of the Evil Spirit Race was extremely harmful to the God Tribes, which was why they were afraid.

But Chen Xiang was different, he had the power of the Evil Spirit Race on him, and he also had the both of them. He felt that he could fight against the Evil Spirit Emperor himself.

"Don't bother looking for me, I didn't expect a foreign human like you to have such abilities. If you submit to me and help me subdue the dragon race, in the future, we can easily dominate the entire Star Law Divine Realm." A voice came from the sky.

The originally pitch-black sky turned red at this moment. Evil Spirit Emperor had arrived.

The arrival of the Evil Spirit Emperor was accompanied by an endless amount of fear. The red infernal energy in the air undulated up and down, as if countless evil spirits had gathered together.

If it was before, when the Dragon Emperor was here, the dragon race would not be afraid, but now that the Dragon Emperor was dead, and now that the entire Evil Spirit Race was almost exterminated, the Evil Spirit Emperor came here filled with anger, bringing with him an evil killing intent. At this moment,

every dragon felt that there was a huge mountain pressing down on their shoulders, the pressure of the Evil Spirit Emperor was extremely strong, causing these powerful dragons to feel deeply afraid.

"You want me to submit to you? What a wishful thinking." Chen Xiang carried his Heavenly magic sword and flew up directly. The group of dragons below couldn't help but admire him, to think they would have the courage to fly up against such a terrifying Evil Spirit Emperor.

Evil Spirit Emperor had already appeared, he was a tall and sturdy middle-aged man with a face full of red lines. When he saw Chen Xiang rushing over, he immediately disappeared, and following that, a red flash of lightning struck down from the sky, striking Chen Xiang's body.

Chen Xiang was struck by the red lightning. After the red lightning struck him ruthlessly, he fell to the ground.

"Disperse!" The Great Elder shouted.

This was the Azure Dragon Lake. If they were to fight, the Azure Dragon Tomb would also be destroyed. However, what they didn't know was that the Azure Dragon in the tomb was no longer there.

Although Chen Xiang was struck by a few red lightning bolts, the moment he landed on the ground, he immediately flew back up, and the Evil Spirit Emperor had already used Counter Power to hide himself.

I, Chen Xiang, am not afraid. After being sealed in this damned place, I will definitely not get promoted after all these years. From the looks of it, I am just like the Black Stone Divine Venerable. Chen Xiang floated in the air. Using the Dao heart Eye, he could already see the invisible Evil Spirit Emperor.

The blood colored lightning that fell from the sky earlier was released by the Evil Spirit Emperor. From the strength of the lightning, Chen Xiang could determine the Evil Spirit Emperor's strength.

Evil Spirit Emperor was also secretly surprised in his heart. He had fought with the Dragon Emperor of the dragon race a few times, and because they were on par with him and he had even defeated him twice, he believed that he was the strongest among the Heavenly Stars. If it wasn't for him worrying that the Dragon Emperor would perish together with him, he would have taken down the dragon race long ago.

But he never thought that Chen Xiang would suddenly appear. Not only did he burn down his Evil Spirit Race's nest, he even killed a few of Long Jinrong's capable assistants, and he was the only one left in Heavenly Star Realm, but he was more optimistic about the result, because the Dragon Emperor was already dead. He was the strongest out of all of Heavenly Stars, and although he was almost all destroyed, as long as he could enslave the dragon race, his Evil Spirit Race would definitely grow stronger.

After the previous attack, Evil Spirit Emperor was not as optimistic as he thought. Chen Xiang's strength was beyond his imagination.

Evil Spirit Emperor was the same as the dragon race, they both thought that human beings were weak, so he did not put humans in his eyes. He only thought that Chen Xiang was a relatively outstanding human being, which was not enough to defeat him.

Chen Xiang saw through Evil Spirit Emperor's thoughts immediately, he felt that it was funny, Evil Spirit Emperor had been trapped here for so many years, he did not even know how strong Star Law Divine Realm was. Forget about the other God Tribes, even the big shots of Star Law Divine Realm's forces, that group of Peak Divine Lords, were enough to make this Evil Spirit Emperor suffer.

Just as Evil Spirit Emperor was about to attack again, Chen Xiang suddenly disappeared without a trace.

Chen Xiang used the Counter Power and even hid inside the spatial crack. Although the Evil Spirit Emperor had a lot of combat experience, it was only against the dragon race, and he had never fought with a human like Chen Xiang.

"Weak chicken." Chen Xiang suddenly appeared as two beams of golden light shot into the eyes of the Evil Spirit Emperor and into the eyes of the Divine Sense Seas. A violent wave of Meteor immortal power passed through the Bones in Chen Xiang's eyes and flowed into the Divine Sense Seas through the two rays of golden light.

Evil Spirit Emperor let out a wild howl. His Divine Sense Sea was already trapped, and was no longer able to use Counter Power to hide himself.

"With a guy like you, you still want me to submit to you?" Chen Xiang sneered: "You still want to dominate the Star Law Divine Realm? In the Star Law Divine Realm, there are many humans that are much stronger than me. What right do you have to dominate the Star Law Divine Realm, just with your little tricks of disappearing."

Chen Xiang's words not only shocked the Evil Spirit Emperor, but the entire Dragon clan was incomparably shocked. Chen Xiang being tyrannical against the Evil Spirit Emperor meant that Chen Xiang's strength was very strong, but Chen Xiang had said that there were numerous powerful humans in the Star Law Divine Realm.

This completely overturned their understanding of humans. If there were one or two humans as powerful as Chen Xiang, they would still be able to accept it, but there was a large group of them ... They could not imagine.

[Chapter 2319](#)

Not long after Chen Xiang entered the Dragon Clan, he knew that the Dragon Clan had been trapped in the Heavenly Star Realm for too long, and had already disassociated themselves from the entire Star Law Divine Realm. The Evil Spirit Race was the same as well, because they were unable to find out about the matters regarding the Star Law Divine Realm after a long time, causing them to only focus on him.

After the Evil Spirit Emperor was broken by Chen Xiang, she lost all her power. Chen Xiang slowly descended from the sky, holding onto the Heavenly magic sword.

"You ... How did you defeat me just now? Impossible, you cannot possibly attack my Divine Sense Sea directly." Even now, he still could not accept the fact that he was defeated by a human. He was the Evil Spirit Emperor of the Evil Spirit Race, and they had the power to restrain the god race.

"There's nothing that's impossible. This world is so vast, you can guarantee that you will understand everything, right? I won't waste my breath with you, go see your Evil Spirit Race, and continue to be it."

Chen Xiang waved the Heavenly magic sword in his hand, and with a 'shua' sound, he cut Evil Spirit Emperor's body into many pieces.

Chen Xiang then released the fire of the Chuangshi god furnace, and burned it all in one go. Through the fire released by the Chuangshi god furnace, it was most suitable for burning this kind of powerhouse who had died and resisted.

Great Clan Elder and the rest of the dragons watched as the Evil Spirit Emperor was burned to death.

It was late in the night, and the blood clouds in the sky had already scattered. The world had become very quiet, but all the dragons present could feel the miserable cries that came from the long-dead Evil Spirit Emperor when he was burnt to death. They could not believe that such a powerful Evil Spirit Emperor had been killed just like that.

Indeed, Chen Xiang did not feel that the Evil Spirit Emperor was that powerful. It was because he was not from the ancient times of the Four Divine Races, but rather, the Evil Spirit Emperor was born to restrain him.

"Grand Elder, let's go to the earth's core to take a look." Chen Xiang said: "Only by going to the core of the earth can you find the location of the formation that controls this Heavenly Star. At that time, you can enter and leave freely."

The Great Clan Elder immediately nodded his head. Right now, he believed even more firmly that Chen Xiang was their Dragon Clan's, and understood why Chen Xiang was able to obtain the green dragon's acknowledgement and enter the Azure Dragon Tomb. From their point of view, Chen Xiang must have received the green dragon's instruction to enter the Azure Dragon Tomb, which was why he helped their Dragon Clan.

Chen Xiang had a portion of the green dragon's memories, so he only knew how to control the Heavenly Star's formation.

There was no need to go to the center of the earth either. On the way to the center of the earth, Chen Xiang found the mechanism that controlled the Heavenly Star Barrier, it was a small formation. He took out the Six Realms mirrors and copied the formation onto the Six Realms mirrors, then he could sense it through the Six Realms mirrors.

"How is it?" The Great Elder asked. Although he had not reached the earth's core, he still felt that it was extremely hot within this passageway that led to the earth's core.

"Under my control, the seal enchantment has already been unsealed, but there are still a few layers of barrier protecting this Heavenly Star. I will help you get two Transmission array s later so that you can leave this Heavenly Star through teleportation." Chen Xiang said.

Previously, Chen Xiang was unable to teleport in using the spatial energy, but he had already removed the barrier that sealed the space, allowing him to enter and exit freely. Of course, he also told the Great Clan Elder the method of controlling the barrier.

There were only dragon race on this planet, it was best for the dragon race to stay here and develop themselves, and going out would just be to increase their knowledge. Furthermore, it was not convenient for their dragon race to run around Star Law Divine Realm.

"Great Clan Elder, you guys stay here for now, I will bring the Divine Dragon Race outside here again later. Your Dragon Clan is currently very weak, and you guys are lacking in other areas, so you guys shouldn't mind that the Divine Dragon Race is here, right?" Chen Xiang asked.

"Of course not, they had better come faster." The Great Clan Elder said that after Dragon Emperor died, this place would definitely be taken care of by him, and he knew that he did not have much time left to live.

"Alright, I'll leave now. I'll come back as soon as possible." Chen Xiang teleported to the outer barrier of this heavenly star and then looked for the Starry Sky Blood Devils. Using the Chuangshi god furnace, he began to hunt them down crazily, and in the future, there would be god race enemies coming and going around this heavenly star.

After using a few days of time, Chen Xiang continued to hunt along with the long line from the Starry Sky Blood Devil. Furthermore, he was still wandering around the vicinity and found the group of Starry Sky Blood Devil.

He did not return to the Wang Ancient Heavenly Star. That place had already been occupied by the Purple Yuan Sect, and without his formidable strength, he was unable to fight against the Purple Yuan Sect.

When he arrived at Emperor Dragon Villa, Ge Long personally came out to welcome him. They had cured quite a few of the poison from the powerful divine dragons because they had Chen Xiang's Three Lotus Dan.

"Brother Ge, do you know that when the Azure Dragon died, it took away a portion of the Divine Dragons to guard the tomb?" Chen Xiang asked.

"I've heard of it before. Could it be that Brother Chen is interested in our Azure Dragon's mausoleum?" Ge Long laughed.

"Of course not, I've already found the Azure Dragon's tomb, and I've also discovered a big secret. Where is a very large Heavenly Star" Chen Xiang roughly told Ge Long where the Heavenly Star Academy, where the Azure Dragon's necropolis was located, was located.

Although Ge Long was a half human half dragon, he was still a part of the Divine Dragon Race and possessed considerable power.

"How is it, has your Divine Dragon Race ever thought of moving to that place?" Chen Xiang laughed: "To you, that is a good place. Of course, I wish you and the other two members of the God Clan to go together."

"If it's just me, of course I'd be happy to stay away from this area. This area isn't peaceful at all, those old fellows who are about to die are going crazy everywhere. In order to extend their lives, it's best to stay away from them." Ge Long said, "I still need to discuss this with those old dragons. Of course, I can tell you this with certainty, it doesn't matter if the other two great God Clans go. Such a big planet is enough for us three God Clans."

"However, we don't know where the two god clans are right now." Ge Long said: "I can still train them before, but after I train them, I will no longer be able to contact them. It will be difficult to find them."

"Don't worry about that, I'll go find them." Chen Xiang said: "I'll tell you the way to get to that Heavenly Star first, when I get back, I'll set up some Transmission array s along the way"

Ge Long memorized the route Chen Xiang told him and said, "It doesn't matter if we go to that Heavenly Star or not, we will still send people over to take a look."

"Alright, I'll go look for the other two god race now." Chen Xiang left the Earth Dragon Star and entered the endless starry sky.

[Chapter 2320](#)

"Yue'er, it shouldn't be hard for you to find Cat Race and Star Moon Divine Race." Chen Xiang asked. He was currently flying in the starry sky.

The Moon Clan did not reply. What were they thinking?

"It's not difficult, but I feel that it would be better if you go collect the other divine soul first. Star Moon Divine Race and Cat Race are hiding themselves so well right now, so there definitely won't be any danger. Yue'er replied, "If you were a little stronger, you would have been able to ensure your migration by then."

Chen Xiang respected Yue'er's suggestion, and then he flew in one direction towards the information that Wu Zhi had provided to him, to search for the divine soul of other divine beasts.

After using half a year's time, he finally found the divine soul of the Black Tortoise. The Black Tortoise Tomb was located in a very safe place, unlike the Azure Dragon, which was guarded by the dragon race, and also not watched by the Evil Spirit Race.

The Profound Ranking divine soul was no longer conscious, so Chen Xiang easily fused with the Bones on top of his head.

One of them needed a total of five divine soul to merge with the Beast elephant corresponding to his second Divine Sense Sea, while the other required a life and death divine soul that had merged with the fire attribute, acting as the core of the real world.

After fusing with the Black Tortoise's divine soul, Chen Xiang returned to the Earth Dragon Star. Ge Long was still here, and told Chen Xiang a piece of good news.

Ge Long continued to be in charge of gathering resources and sending them to the Heavenly Star Realm. Now, the Divine Dragon Race had secretly moved over, and Ge Long had also gone over to see the Great Clan Elder.

Chen Xiang was currently more busy, so he didn't have time to go over to take a look. After going to the Earth Dragon Star, he returned to the Wang Ancient Heavenly Star, and returned to the Villa in Cang Cloud City. After giving Dai Donggong the various quality Bone level Dan he refined, he set off to search for the divine soul of the Four Divine Beasts.

Right now, he was still lacking the divine soul of the White Tiger and Vermillion Bird, as well as the middle phoenix.

Searching for the White Tiger and Vermillion Bird's mausoleum had gone smoothly, which also surprised Chen Xiang, because he had spent a lot of time before entering the Azure Dragon Tomb. He also heard that the Evil Spirit Race had specially gone to eat the corpses of powerful beasts, so he thought that the White Tiger and Vermillion Bird's mausoleum would also have Evil Spirit Race.

These mausoleums were built by the Evil Spirit Race, and the Azure Dragon died last. Furthermore, the Azure Dragon helped the other three divine beasts build the mausoleum that year, so after the death of the Azure Dragon, it lured the Evil Spirit Race to the surface, allowing the Dragon clan to fight against the Evil Spirit Race. "Chen Xiang had merged with the Vermillion Bird's divine soul in the pitch-black mausoleum. This was also the last of the Four Divine Beasts, so he still lacked the mysterious divine elephant in the middle.

In order to fuse with the White Tiger and Vermillion Bird, he had searched everywhere for over half a year, so it was relatively easy for him.

"Where do I have to go to find the divine soul of the last divine elephant? If it's a Qilin beast, it would be much easier." Chen Xiang stood on top of a dead star and looked at the four divine soul inside the Divine Deity, attempting to communicate with the green dragon's consciousness.

A few hours later, Chen Xiang finally heard the Azure Dragon's voice. The Azure Dragon had told him before that after fusing with it, he would have more time to sleep.

"Senior, I have gathered all the divine souls of the Four Divine Beasts, but where are we going to find the Divine Constellation's divine soul? Also, you mentioned that the Qilin Beast elephant is also in my second Divine Sense Sea, where exactly are they hiding?" Chen Xiang asked.

When he was cultivating a long time ago, the middle divine elephant had already turned into a Fire unicorn. However, right now, the second Divine Sense Sea was still a divine elephant, but the Qilin was nowhere to be seen.

"Your second Divine Sense Sea was gradually ignored by you later on. At that time, you changed your cultivation method, and it was also when you separated the second Divine Sense Sea that you came across. The second Divine Sense Sea was still by your side, and later on, your second Divine Sense Sea also started cultivating as well, albeit at a very slow pace." After fusing him into the Bones on his head, he had also understood the cultivation situation on Chen Xiang's body.

Chen Xiang was secretly surprised in his heart. He did not know about this kind of thing, and what surprised him the most was that his second Divine Sense Sea had his own consciousness.

"While your Second Divine Sense Sea was cultivating, the Qilin transformed from a divine elephant went to the sky, and the deity you saw before was a newly born divine elephant that held power over the earth. It could maintain the stability of the land, while the four divine beasts ruled over the four directions." The green dragon said.

"Then, will this newly born divine elephant become a qilin in the future?" Chen Xiang asked.

"No, the divine elephant is equivalent to the spirit of the earth. As long as you absorb the energy of the earth, you can develop a divine elephant's divine soul. There's no need to search for it." The Azure Dragon replied, "Right now, all you need to do is to find the divine soul of a Qilin."

When Chen Xiang returned to the Wang Ancient Heavenly Star, the easiest way for him to obtain the divine soul of a Qilin was to return to the Nine Heaven World to find Huo Lin and have Huo Lin give him a gift immediately. This was definitely not a problem, it was just that it would take a very long time for him to return.

"Elder Wu, where does this Star Law Divine Realm have the divine soul of a Qilin?" Wu Zhi asked. Wu Zhi also knew about Chen Xiang's cultivation, and when he saw Chen Xiang asking about the whereabouts of the Qilin divine soul, he knew that Chen Xiang had already gathered all four of the divine beasts.

"The earth's core." Wu Zhi said, "It's easiest for Earth's core to produce a Qilin."

Now, Chen Xiang also understood a little why the divine elephant in charge of the earth would turn into a Qilin.

"The Earthly beast here must be very powerful, right?" Chen Xiang asked.

"Of course, that's a guy that not even the Peak Divine Lord would dare to casually provoke, but you have your ways in detail." Wu Zhi laughed, he no longer felt that it was strange for Chen Xiang to have done so many shocking things.

Chen Xiang thought about it, and decided to cultivate the Ground-suppressing immortal elephant's divine soul first. He felt that since the Qilin was bred by a divine beast, it would definitely be able to restrain the Qilin.

"Elder Wu, I need to absorb enough auras to cultivate my divine soul. It would be better if I can go there to cultivate." Chen Xiang asked again. He was not in a hurry to find the Qilin's divine soul yet.

Wu Zhi pondered for a while, then said: "Go and ask Elder Dai, after staying in Everlasting Mountain for so many years, he has the best understanding of Everlasting Mountain."

Chen Xiang immediately understood that if he wanted to absorb Earth Qi inside the Wang Ancient Heavenly Star, he would have to go to the Everlasting Mountain. The reason why the Everlasting Mountain was built on top of it was definitely related to the gigantic Everlasting Mountain.

Chen Xiang went to look for Dai Donggong, who was giving lessons to his disciples. Chen Xiang waited outside the hall for a while, and then finished teaching his disciples.

"Tell me inside." Dai Donggong brought Chen Xiang into a secret room.
