

Dan God 2321

[Chapter 2321](#)

Chen Xiang had just sent a sound transmission to ask Dai Donggong about the matters of the Everlasting Mountain because he wanted to secretly enter the Everlasting Mountain to cultivate.

When Dai Donggong found out about this matter, his expression immediately became heavy. Then, he brought Chen Xiang into the secret room.

"Elder Dai, could it be that there is some huge secret hidden inside Everlasting Mountain?" Chen Xiang smiled and asked. He was only joking, but Dai Donggong nodded.

The peace was actually real, the Everlasting Mountain actually had a big secret.

"What's that?" Chen Xiang frowned and asked. Seeing Dai Donggong's expression, he knew that this matter was not simple.

"This matter can only be passed to the Leader s. Our Everlasting Mountain s are different from the other sects in the Heavenly Star Realm, we have our own missions, but when it comes to my generation, we were reduced to such a state." Dai Donggong heaved a long sigh, "Under the Everlasting Mountain, there is a mysterious passage that has already been sealed. I don't know who sealed it, but I asked my master, and he also didn't tell me."

Isn't the sect called Everlasting Mountain created by your master? Other than him, who else would it be? Chen Xiang asked.

"That seal is very strong. It is most definitely not something my master wrote. Although I am not a formation master, I am able to tell." Dai Donggong said: "But I think that it was the Undead Divine Race who did it. I asked Elder Wu before, but he did not know about it."

"Should we call Elder Wu over to tell us about this?" asked. There was actually a passage beneath the Everlasting Mountain, and it was sealed up by a strong seal.

Dai Donggong nodded, took out his Communication jade Symbol paper and sent a message to Wu Zhi. Wu Zhi quickly rushed over and entered the secret room.

"What's the matter? Why are you in such a hurry?" Wu Zhi asked as soon as he entered.

"There is something about the bottom of Everlasting Mountain ..." Dai Donggong briefly told the truth to Wu Zhi.

"To think that there's such a thing, I am clear about most of the Undead Divine Race's matters, there is no reason why I would not know such an important matter." Wu Zhi said in shock.

Yue'er suddenly transmitted to Chen Xiang, "When I was very young, I seem to have heard my grandfather and grandmother talk about a seal or something like that. They said that it would not last long and said that the Four Clans would have to unite to reinforce the seal again."

"Could it be that the Four Divine Races placed a seal here?" Chen Xiang said in shock.

"I don't know. I need to see that seal before I can be sure." Yue Er said.

Chen Xiang told Yue'er to him and both Wu Zhi and Dai Donggong were very surprised. If the Four Divine Races joined forces to seal it, then there must be a very big secret hidden within.

"I know that when my master passed to me, she had once instructed me several times to pay attention to that barrier. If anything went wrong, I would go find Undead Divine Race ... He also said that if Star Law Divine Realm faces annihilation one day, it would start from Everlasting Mountain." Dai Donggong said again.

"I am from the Undead Divine Race, don't tell me that I am not qualified to know." Wu Zhi laughed bitterly: "It seems that I can only go and find the elder of my Undead Divine Race."

"Elder Dai, did you notice anything wrong with the seal?" Chen Xiang asked.

"No, before I left the Everlasting Mountain, I went there once, but I didn't find anything abnormal. It was still the same as before, only I could enter the mysterious sealed area underneath the Everlasting Mountain, I would visit it every once in a while." Dai Donggong said: "Tonight, I will bring all of you to have a look."

Chen Xiang originally wanted to go to the Everlasting Mountain to cultivate, but who would have thought that such a thing would occur.

The only elder left in Undead Divine Race was Yue Er's grandmother, this elder definitely knew a lot about the seal.

At night, Chen Xiang used the power of space to open a spatial tunnel and arrived near the Everlasting Mountain with Dai Donggong and the others.

Dai Donggong brought Chen Xiang and Wu Zhi and walked through an extremely secretive tunnel. This was the path to the bottom of Everlasting Mountain, and only the Leader knew that he did not pass on his position when he left the Everlasting Mountain, so only he knew of these secrets.

"Purple Yuan Sect sent a guy, and now that he has become Everlasting Mountain, he has even brought a group of disciples to place them in Everlasting Mountain." Dai Donggong laughed and said, "Disciples of the Purple Yuan Sect are not weak either. They think that since the Everlasting Mountain has been taken over by the Purple Yuan Sect, the Everlasting Mountain must listen to them. Right now, they are even more unreasonable than the people in the Dan God Institute and the elder's courtyard."

"Those inner court disciples have had a hard time." Chen Xiang laughed.

At the end of the passage was a door. Dai Donggong said, "This place can also be considered to be a part of the barrier. My master said it before, even if it is him, it would be difficult to enter.

Chen Xiang nodded, touched the door, and then used the power of space. He wanted to teleport in, but he encountered an extremely strong resistance.

"Truly powerful, the space is tightly sealed." Chen Xiang used the Dao heart Eye to look and couldn't help but take a deep breath. In front of him, there were actually over a hundred enchantments, layer after layer, arranged extremely ingeniously and profound.

Dai Donggong took out a multi-colored bead and used it to lightly knock on the stone door. The position and number of times he knocked were all different, and it took him a short while to finish it.

"Going in is very complicated. Even with your bead, I don't know the steps of knocking on the stone door, but I can't open it." Chen Xiang said.

"Yes, we can go in now." Dai Donggong gently pushed, and the stone door opened. This method of opening was also very mysterious.

After entering, Dai Donggong hastily closed the door and said: "Right now we are at the bottom of Everlasting Mountain, in front of us is the great sealing formation."

This was a very spacious underground world, around the size of ten plazas. In the middle, there was a huge circular platform that was half a meter tall, and on it, there were all kinds of colorful clouds, which were emitted by the Spirit grain sealed above.

As he approached, Wu Zhi, who was proficient in formation techniques, immediately exclaimed: "It's actually this seal, it's too terrifying."

"Elder Wu, what kind of seal is this? You know it." Dai Donggong asked quickly.

"I've read a simple description in the ancient books in my clan. It's about the same as this." Wu Zhi said: "This seal was not set up by our four clans, but was set up by the Earth's Core Divine Spirit."

Earth's Core Divine Spirit, Chen Xiang was not unfamiliar with this Earth's Core Divine Spirit, it was just a guy who raised Earthly beasts everywhere, it was an extremely mysterious and extraordinary existence.

"This seal is no trivial matter, there must be some powerful object sealed below. Maybe the mission of the Four Divine Races is to protect this seal, and reinforce it regularly, not allowing the power of the seal to weaken." Wu Zhi sighed: "But there aren't many clan members in our Undead Divine Race anymore. For such a powerful seal, we need to use the power of our entire clan."

[Chapter 2322](#)

Chen Xiang and the others did not know what this mysterious seal was, but they were certain that it was extremely dangerous. If they were to release it, it would definitely become dangerous, otherwise the Four Divine Races would not specially look after it.

"My master said that a passageway is sealed inside. If that's the case, then something powerful must have escaped from this passageway." Dai Donggong said: "If this thing were to come out, it will bring destruction to the Star Law Divine Realm."

Chen Xiang frowned: "Undead Divine Race is already in this state, can you still reinforce the seal?"

Wu Zhi shook his head: "I don't know, but it looks like I have to find the elders of our Undead Divine Race. Only they know about this."

"Okay, go ahead. Leave everything in the villa to me during this period of time." Dai Donggong said: "Leader, if you want to absorb Earth Qi for cultivation, I am afraid this place is not suitable for you. Elder Wu, you should know a place that can absorb Earth Qi better right?"

"Every single Heavenly Star has their own best place to absorb them. For example, the Wang Ancient Heavenly Stars are all Everlasting Mountains, and the Purple Yuan Heavenly Stars are all occupied by

the major powers in the Purple Yuan Sect." Wu Zhi said: "Leader, if you want to absorb it faster, then you can only go to Purple Yuan Heavenly Star, it is impossible for Everlasting Mountain now."

There was such a terrifying seal at the bottom of Everlasting Mountain, of course Chen Xiang wouldn't dare to mess around here.

"To the Purple Yuan Sect? It would be good to go there and see if there is a chance to learn more about the Purple Yuan Sect. This might be the big enemy that appeared on the day we established our sect." Chen Xiang said, he was currently preparing himself, as long as he could train to a certain level of strength, he would definitely be able to give them a higher profile when he has a few Peak Divine Lord s on his side.

Dai Donggong still had a lot of Bone level Dan, so there was no need for it right now. For the time being, he did not need to refine any more, and could go to Purple Yuan Heavenly Star to cultivate in peace.

Elder Dai, you have to discipline your disciples and do not let them cause trouble everywhere. Everything has to be done in a low-profile, and if Jing Ze and Jing Ze are free, you have to let them walk around and see if they can purchase some valuable divine medicine. " Chen Xiang said.

"Alright, don't worry. I will take care of this place." Dai Donggong nodded.

... ..

After Chen Xiang returned with them to the Cang Cloud City, they used the Cang Cloud City's Transmission array to travel to the distant Purple Yuan Heavenly Star.

had previously asked Wu Zhi and his sister for some Shen Yuan stone s to buy some jade plates before entering the Purple Yuan Heavenly Star.

The Purple Yuan Heavenly Star was much more lively than the Wang Ancient Heavenly Star. When Chen Xiang arrived at a city called Zi Yuan Tian City, the people inside were much more powerful than the Wang Ancient Heavenly Star, and it was also very crowded. From this, it could be seen that the Purple Yuan Heavenly Star was much more powerful than the Wang Ancient Heavenly Star.

Although the pills here were similarly under the control of the Purple Yuan Sect, the Purple Yuan Sect often sold all kinds of common divine pills. Because there were many people in the Purple Yuan Heavenly Star, the Bone level Dan s here would often be sold as well. Wu Zhi had also told him before that the small and medium-sized forces in the Purple Yuan Sect Alliance would always get their hands on the Bone level Dan s to provide them with pills.

"Purple Yuan Sect is near this Zi Yuan Sky City. If you head out from the other city gate, you will see a large mountain shrouded in purple mist. That mountain should be the Purple Yuan Sect." Yue Er said.

After Chen Xiang strolled around Zi Yuan Sky City for a while, he headed towards the mountain range. When he walked over, it was exactly noon, and after the purple mist in the mountain range absorbed the strong sunlight, it turned into a purplish-gold color. It looked extremely beautiful and mysterious, causing people to constantly sigh in admiration.

These mountains should have absorbed a special and powerful energy, and then were released through a formation formed by nature by the Great Dao. Only then did they become like this, the Violet Yuan

Mountain is also a treasure land for cultivation, but the entire mountain range is occupied by the Purple Yuan Sect, and it is said that there are still some genius treasures that have yet to be discovered. Yue Er said.

"There really is a treasure inside." When Chen Xiang heard this, his eyes immediately lit up, and he laughed: "Looks like this time I am not only going to cultivate the soul of the Subduing Earth Divine Beast, I am also going to look for a treasure."

"I just heard about it, that's all. I even heard about it when I was in the Star Law Divine Realm. So many years have passed now, is there still anyone here?" Yue'er laughed. "If you can't find it, then won't you say that I lied to you?"

After Chen Xiang teleported a few steps, he arrived at the barrier enchantment outside the mountain range. The entire huge mountain range was covered by the Purple Yuan Sect's powerful barrier, preventing outsiders from entering.

"This Purple Yuan Sect is pretty amazing, this formation can actually seal space, I can't teleport in."

Outside the invisible barrier, Chen Xiang looked at the purple cloud floating in the air. He had to use other ways to enter the mountain range.

The Purple Yuan Sect was quite strict and this barrier was also very stable. It could be seen that the Purple Yuan Sect had a very solid foundation that allowed them to have a grandmaster of setting up such a powerful formation.

"These powers are still very strong. Otherwise, they wouldn't be able to destroy the Undead Divine Race." Yue'er said: "You must not underestimate this Purple Yuan Sect. If the entire Divine Dragon Race were to fight with him, it is not certain who would win. Although I am not human, I must say that when humans reach the late stage of cultivation, I will be much stronger than us god race beasts."

"Humans were born weak, and we, the god race and the beasts, had great strength the moment we were born, so it is relatively easy for us to advance in cultivation. And every time we make a breakthrough, every bit of increase in strength requires us to work a lot harder than we do, so when we reach the later stage of Peak Divine Lord, the strength that humans displayed was extremely terrifying."

Humans had a tough time cultivating, which made them very strong. In addition, there were a lot of humans and a lot of strong warriors. They were not as few as those gods or beasts.

In order for humans to be strong, they had all sorts of methods, and the most powerful one was pill refining. The god race was born with great strength and their cultivation speed was extremely fast, so there was no need in this aspect. Humans were different, so they were forced to refine pills.

In the later stages of the game, the god race would become weaker, but the humans that walked up step by step would become very scary, and the mad humans would become even more scary. For example, the Peak Divine Lord that sought to live forever, exterminated them.

Chen Xiang did not need to teleport into the Zi Yuan Mountain Range, he could only go in through the main entrance. When he arrived at the main entrance, there was a very spacious plaza, and many people were selling things there.

Chen Xiang had wanted to go over to pick up a loophole, but who knew that when he walked over, he would see that the people who set up the stalls had all packed their stalls.

"What's going on? I was like this the moment I came here. Could it be that the word 'god of pests' is written on my face?" Chen Xiang laughed bitterly.

[Chapter 2323](#)

Although Chen Xiang saw that the people had packed up their stall, they did not leave. Chen Xiang knew that something must have happened, they must have stayed here to watch the show.

He walked over to ask around and found out that Purple Yuan Sect's new Leader daughter was having a match at the Groom Search Competition. After all these people packed up, there were immediately people from Purple Yuan Sect who came out to build a Contest Ring.

"Isn't it Purple Yuan Sect's daughter that is competing in Groom Search? Where's the sis?" Chen Xiang looked around, but did not see Purple Yuan Sect's daughter coming up.

"Brother, stop looking, the daughter of Leader Zi Yuan will not come out. The person who comes out to accept the challenge is the eldest disciple of Leader Zi Yuan. One of them said, "I can tell that you have just arrived at Purple Yuan Heavenly Star."

"This Zi Yuan Leader actually brought out his own daughter, in order to increase his prestige. Although this old man has never seen him, I heard that his daughter is extremely good. She has over ninety Divine Deity, and her beauty is like that of a flower and jade; she is very attractive." An old man laughed and said, "However, don't even think about going up on stage. Not everyone is qualified to challenge us."

"Why?" Chen Xiang asked: "Isn't he supposed to be facing everyone? If that's not the case, then he shouldn't be putting on such a show."

"Of course it's for everyone. Merely, there are conditions for one to challenge others. Every day, there are only three challenge slots. All of them will be obtained through bidding." The old man said.

"That's fine too. Is there anyone who would like to participate in the auction?" Chen Xiang laughed.

"Of course there are. Furthermore, all of them are auctioned with Zhongpin bone level Dan s. These past few days, the highest bidder was over fifty pellets. Of course, those participating in the Groom Search Competition are the young masters of the noble families." The old man laughed, "If we can defeat the head disciple of the Purple Yuan Sect, he would be worthy of being the daughter of Leader Zi Yuan."

Chen Xiang touched his chin. He was the one who killed the former Zi Yuan Leader, the weak one was not him who killed the old Leader, when was there a need for the new Leader to come on stage? He felt that he was the benefactor of the new Leader, but in order to establish his might, the new Leader had issued the order to kill him no matter what it took.

"Right now, I am Purple Yuan Sect's greatest enemy. If I become Zi Yuan Leader's son-in-law ... Just the thought of it makes it feel good. " Chen Xiang laughed in his heart, and then squeezed into the crowd and headed towards the auction area. There were many luxurious tables and chairs, and on top of them were dishes and wine.

Now, there were also some handsomely dressed young masters in succession. If they could become kin with Zi Yuan Leader, their power and status would instantly increase by a lot.

"Which family are you from?" The area was surrounded, and someone stopped Chen Xiang at the entrance.

"I am... I'm not from any family, you don't seem to have any rules about having a sect or family to participate in it." Chen Xiang laughed.

"We do not have any rules, but you must have the ability to participate in the auction." The guard said.

"Is that enough?" Chen Xiang took out twenty Zhongpin bone level Dan s.

"Come in." The guard saw the twenty Zhongpin bone level Dan and immediately let Chen Xiang in. A person who could take out twenty Zhongpin bone level Dan s was definitely not an ordinary person.

Chen Xiang sat on a very comfortable chair, picked up the food on the table, and started to eat. On top of the table, there were many delicious fruits, fruits and dishes.

"He really is a talent with the newly ascended Zi Yuan Leader. He actually used his own daughter to earn quite a lot of Zhongpin bone level Dan." Yue'er praised, "Look at the horny students around us. I can't wait to step on that big disciple and marry that Ziyuan Leader's beloved daughter."

Chen Xiang laughed: "Generally, there are young faces, and strength is only that, looks like there are rules stating that participants must have young looks, someday I will get a pill formula, and concoct a divine pill that can recover young looks, it will definitely be easy to sell, but it will be difficult to change those old fellows' powerful bodies."

In the past, he had also refined pills to restore his youthful appearance, but that only applied to the weaker cultivators, while the strong bodies of the people in Star Law Divine Realm had aged over time. Furthermore, their bodies were extremely strong, and it would not be easy to reverse the situation.

Of course, if it was possible to refine it, then those old men who couldn't bear the time and age would definitely buy it.

"Are you really going to marry this Zi Yuan Leader's daughter?" Yue'er smiled. "You already have quite a few wives."

"It's not like I can't have any other wives. Which one of the people sitting here isn't a group of wives?" Chen Xiang looked at the young masters who came to participate in the auction.

When everyone was almost full, they started bidding for the Groom Search Competition.

This time, the first name list was forty-five Zhongpin bone level Dan, the second was forty, and the third was seized by Chen Xiang, it was only twenty of them.

Chen Xiang also did not expect it to be that little, but after hearing the discussions of the young masters around, he immediately understood, because the two fellows who snatched the spots were very strong, if one of them could win against the head disciple of Purple Yuan Sect, then the third spot would go to waste, and Zhongpin bone level Dan would not retreat either.

Therefore, no one felt that Chen Xiang had earned it, because it was very likely that he wouldn't even have the chance to go up the stage.

After the three spots were confirmed, he announced some rules for the competition and the competition began immediately.

The head disciple of the Purple Yuan Sect was called Fang Zitian, and he knew that Fang Zitian had a lot of secrets regarding Divine Deity, he only knew that Fang Zitian was very strong and that he was a genius on the surface. Everyone thought that the Zi Yuan Leader should marry his daughter, but the Purple Yuan Leader wanted to use this opportunity to get some Zhongpin bone level Dan.

During a battle, the barrier would not only prevent the aftermath of a fierce battle from being revealed, but at the same time, it could also prevent the opponent from falling out. Thus, during a battle, the opponent would not fall off the stage, and the only choice was to beat him until he admitted defeat or to knock him out.

Of course, if it was a bit more serious, it would be wasted.

The first person to snatch the seat was the famous Qin family in Purple Yuan Heavenly Star. His name was Qin profound, and he was the eldest son of the Qin family's patriarch.

Now that the first round of battles had begun, Chen Xiang also wanted to take advantage of this to see Fang Zitian's strength. Earlier, he used the Perception Demon Eye to look at it, and only saw that Fang Zitian had a hundred Divine Deity, which was very blurry, that if the other party used the power of his Bones in battle, he would be able to see it more clearly.

"Purple Yuan Heavenly Star is indeed strong. The two young fellows both have Hundred gods level s, I wonder how high their Bones are. I am still unable to see it clearly." Chen Xiang also looked at it very seriously.

[Chapter 2324](#)

The moment the battle started, Qin profound's fists released a golden divine power, but Fang Zitian used his extreme speed and instantly appeared in front of Qin profound, throwing out a palm strike. Qin profound also threw out a punch, striking Fang Zitian's palm.

Boom.

The clash between the two had been very intense. Even with the barrier, it was obvious that they could still feel the vibrations.

"Qin profound lost." Chen Xiang had already seen how much Bones Fang Zitian and Qing Xuan had just now.

"Why are you so sure that it looks like they are only evenly matched?" Yue Er said.

"His arm which struck out, had all of the bones inside broken. Right now, his arm can still move, which is supported by the divine power, Qin profound is also very strong, possessing eight Bones. However, that Fang Zitian has nine Bones, he is a Peak Divine Lord." Chen Xiang said to Yue'er.

"What, I never thought that after leaving Star Law Divine Realm, I would develop so quickly, there are so many young people like him." Yue'er exclaimed in surprise, "Looks like Leader Zi Yuan is intentionally making this up to swindle Zhongpin bone level Dan out of this Groom Search Competition. I wonder how his daughter would feel."

"His daughter grew up with Fang Zitian and the two of them have a pretty good relationship. It's very likely that he will marry Fang Zitian in the future, Leader Zi Yuan is truly sinister." Chen Xiang laughed.

"Then do you have confidence in defeating Fang Zitian? If you win, won't they go back on their words?" Yue Er asked.

"I don't know. In short, I've won. The Zi Yuan Leader's daughter is my woman. If she goes back on her words, I'll lock her up." Chen Xiang laughed.

Although one of Qin profound's arms had been crippled, he had used his divine power to support himself for so long, which was already considered not bad. This allowed Chen Xiang to understand how strong the small and medium-sized forces of the Purple Yuan Heavenly Star were, for the son of a Patriarch to be so powerful, the Patriarch must be the Peak Divine Lord.

"I've lost." Qin profound suddenly said, his forehead was full of perspiration, his Bones had been broken in many places, and all his internal organs were injured, but he was just holding on, and did not vomit blood nor scream, which was why the others did not know about the situation.

However, Chen Xiang knew that he could see quite a bit of things through his Dao heart Eye, there wasn't the slightest injury on Fang Zitian's body, and the fight between him and Qin profound just now was merely a warm-up. Although he was only able to see one more Bones compared to Qin profound, his strength was actually a lot stronger.

Qin profound seemed to already know that Fang Zitian was Peak Divine Lord, which was why he gave up so decisively. Otherwise, if they continued to fight, he would lose even more.

Now it was the second time for him to go up on stage. This time, he was the son of a Leader from a stronger sect, named Wei Zhanqing, who was also from the Hundred gods level.

After all, he had personally witnessed how Qin profound lost, and he felt that his strength was about the same as Qin profound's. Even when Qin profound lost, the other party did not bring out their true strength.

After Qin profound walked down the stage, he took a few divine pellets, but he did not leave, he sat down and watched the battle. On one hand, he wanted to digest the divine pellets to heal his injuries, and at the same time, he wanted to see how strong Wei Yanzhi was.

In the beginning, Fang Zitian had the chance to make the first move, but he did not move.

When he attacked, Chen Xiang was also shocked. Wei Yanzhi looked like he was afraid and cowardly, but the way he attacked was extremely quick and violent, without a trace of what he looked like just now. This caused many people to curse in their hearts.

His pair of eyes became extremely sharp, he released many shadows, and like a gust of wind, he blew towards Fang Zitian. On his hands, rainbows flowed out, as if sword qi was spewing out, making people feel as if he had turned into a sword.

"Hmph." Fang Zitian was a little angry, possibly because the forward guard pretended to be weak, which was why he was angry.

Wei Yanzhi had only just approached Fang Zitian when he was sent flying by the divine strength of Fang Zitian's palm strike, crashing into the barrier and spitting out a large mouthful of blood.

"Admit defeat." Seeing that Wei Zhanqing was admitting defeat, he immediately retracted his palm power. Just as the palm power was about to strike Wei Zhanqing's body, it was suddenly repelled.

At this point, they had more or less guessed Fang Zitian's strength. After all, today's battle between Fang Zitian and Wei Anqing were both relatively strong.

There was only one possibility for Fang Zitian to be so much stronger than them, and that was that Fang Zitian was Peak Divine Lord.

Wei Yanqing took a deep breath, and his face was filled with fear. If he had been hit by another palm just now, he would have surely needed a very long time to recover from his injuries.

His injuries were much heavier than Qin profound's and he couldn't go back for a while. He hurriedly swallowed a few healing pellets, which would make him look much more energetic when he went back home.

It was Chen Xiang's turn. Here, Chen Xiang was the first to know how strong Fang Zitian was, but he still walked over.

When Chen Xiang came here, he did not hide his cultivation level, because the ninety-five Divine Deity on him was nothing in the eyes of many, within the Purple Yuan Heavenly Star, there were many Hundred gods level s.

Thus, everyone could feel the energy fluctuations from the ninety odd Divine Deity on Chen Xiang's body. Everyone knew that he only had ninety odd Divine Deity on him, and the aura fluctuations on their bodies were all exposed when Wei Bingqing and Qin profound battled, so there were over a hundred of them.

Since the two of them were not able to beat Qin profound, then there was no point in thinking about the 95% of Divine Deity that Chen Xiang had. Everyone only felt that since Chen Xiang had won the placing with the Zhongpin bone level Dan, he would have to go up and try even if he lost.

Of course, Chen Xiang was just a nobody, and those who had participated in the competition just now were all more or less famous. The only thing they had never heard of was Chen Xiang.

"Who are you?" Fang Zitian asked, because he recognized all the young masters below, but this Chen Xiang looked unfamiliar.

"I am Yun Fei from the Nine Heaven School." Chen Xiang said with a light tone.

"Nine Heaven School, where are you?" Fang Zitian asked. In his opinion, a power that could take out twenty Zhongpin bone level Dan was definitely not simple.

"On a very distant Earth-stage Stars, right now, it's just a small sect." Chen Xiang laughed, "It's normal for you to not have heard of it."

At this moment, Chen Xiang was also a bit pressured, because he could not use Heavenly magic sword s during battles. This would greatly weaken his strength, and he had previously used these two things to easily harvest the lives of many strong people.

Chapter 2325 - Fire Heaven and Ice Land

When Fang Zitian saw that Chen Xiang only had ninety odd Divine Deity, he felt a lot more at ease. He had only fought three matches a day and he could already earn quite a lot of Zhongpin bone level Dan s, he felt very satisfied.

Chen Xiang stared at Fang Zitian's eyes. Using the special power of the Bones in his eyes, he could see that among Fang Zitian's Divine Sense Sea, there was a purple colored land of ice and snow.

"Fire Heaven Ice, this guy cultivates the Fire and Ice God Power, and he also used the Purple Yuan Sect's power technique to make the God Power contain a bizarre and powerful purple energy." Chen Xiang was secretly surprised, this Fang Zitian was not weak at all.

Fang Zitian was also the new chief disciple. His master had just become a new Purple Yuan Sect and he immediately went to challenge the chief disciple.

Before he became the chief disciple, he was also quite famous. It was just that those young masters did not know that he had hidden his skills so deeply and actually had the cultivation level of the Peak Divine Lord.

Chen Xiang currently only had ninety-five Divine Deity s, which was slightly less than the opponent's, but his Bones was actually sixteen, so he felt that he would definitely not be weaker than the opponent. He had seven more Bones s than the opponent, and he had only fought against Peak Divine Lord with his bare hands before.

Therefore, this was a good opportunity to see his own strength.

"Begin." A middle-aged man below the stage shouted.

Chen Xiang had already accumulated his divine power a long time ago, so he immediately charged over. He did not use any spatial energy, but rather used the strange Shrinking step.

The stage was not big, and using the Shrinking step allowed them to teleport. Seeing his terrifying speed, everyone could not help but be shocked, they had initially thought that Chen Xiang would lose from the start, but they never expected that Chen Xiang would not be weak either.

Fang Zitian originally planned to let Chen Xiang attack first while he took the hit himself, but when he saw Chen Xiang's speed, he couldn't help but be secretly surprised. He also hurriedly moved forward and felt that Chen Xiang was a threat to him.

This all happened in a very short period of time, so it looked like two people moving at the same time.

His palm was filled with purple energy, and a ball of purple light appeared at the center of his palm. After flashing explosively for a moment, he appeared in front of Chen Xiang.

"It's ice, the Scorching Sun Heavenly Elephant." Chen Xiang felt a cold energy approaching him, his body started to circulate Heavenly spirit kunfu as fast as possible, unleashing the Scorching Sun Heavenly Elephant, causing his body to glow with fire, becoming extremely hot.

The ball of purple cold air that Fang Zitian had released did not hit Chen Xiang. Although Chen Xiang had used the Scorching Sun Heavenly Elephant, he still stepped on the Shrinking step and tried his best to avoid it.

Although Chen Xiang dodged it, his arm was still touched by the ball of purple light. He had already used the Scorching Sun Heavenly Elephant, but when the purple energy passed by, he still felt a bone-chilling coldness.

This guy definitely hasn't become a Peak Divine Lord for a day or two. He has already become a Peak Divine Lord for a very long time. " Chen Xiang was shocked. The other party's Ice God power was transformed from the Divine Deity in his body at the same time, and when the God power rushed out from the Divine Sense Sea, it smoothly and quickly transformed into this kind of terrifying Icy cold power.

After entering the realm of Peak Divine Lord, it was difficult to increase it, and the only way to increase it was to continue purifying the power inside the Divine Sense Sea. The purer the power of Divine Sense Sea was, the stronger it would become after it was transformed.

Chen Xiang had fought with a lot of strong warriors before anyways, so he understood a little about it.

"He actually dodged it." Fang Zitian never thought that Chen Xiang's reaction would be so quick. Only by knowing that he would attack in advance would he be able to avoid it, which seemed to be something that could only be done with a keen intuition and accurate judgement.

Everyone was shocked, Fang Zitian's sudden attack just now was unexpected, but Chen Xiang had expected it and avoided it dangerously.

In reality, the sudden attack just now was also Fang Zitian's sudden decision. That was why his attack seemed to be very sudden and his angle of attack was also strange, but he could still attack accurately, only that Chen Xiang dodged it.

After the ball of purple light that Fang Zitian shot out landed on the ground, it turned into purple mist, and did not erupt with any large fluctuations, because when Fang Zitian saw that Chen Xiang had dodged the attack, he immediately retracted his power, showing how rare and powerful he was.

"It's a little tricky, I met an old fox." Chen Xiang thought. He took a step and appeared behind Fang Zitian in the blink of an eye. When he was using the Shrinking step, it was as if he had teleported, but this time, he was even faster.

In just half a blink of an eye, Chen Xiang had flashed behind Fang Zitian and struck out with his fist at the same time.

Everyone saw that at the same time Chen Xiang suddenly flashed behind Fang Zitian, a ball of flame suddenly shot out from Chen Xiang's fist. The aura was like a falling star in the sky, the immense pressure and scorching power released by him through the barrier on the stage was extremely shocking.

This was because Chen Xiang clearly only had ninety odd Divine Deity, yet the power he displayed was actually this terrifying, causing people to have to suspect whether or not he possessed Bones.

It was not impossible, it was just that there were very few of them, and there had even been no records of them. Usually, only after cultivating to the Hundred gods level, one would be able to cultivate the nine Bones, but it was not impossible.

Everyone felt that if Chen Xiang truly had nine Bones, then his strength would not be too far off from Fang Zitian's. In the later stages of the competition, the difference in Divine Deity being only a few would not be a big deal, but the difference in Bones by one would be like heaven and earth.

The instant that Chen Xiang unleashed the Meteor immortal power, it smashed onto Fang Zitian's body. Although Fang Zitian was unable to dodge it, his body had self-made the defense.

Boom.

Countless numbers of purple colored ice crystals flew in all directions. In that instant just now, Fang Zitian's body had congealed into ice, and he wanted to use this place to block Chen Xiang's attack.

After the purple light exploded, the purple ice crystals splattered all over the stage, but Fang Zitian's arm had actually disappeared.

Fang Zitian's face turned ugly, just now, Chen Xiang's punch had struck his shoulder, and he had frozen his body into ice, so when his arm received the fierce attack, it instantly exploded.

Qin profound, who was at the peak of Peak Divine Lord, actually suffered such a loss, to actually have one of his arms broken by a nameless cripple.

Chen Xiang used the Dao heart Eye to look at Fang Zitian and discovered that a purple object had suddenly appeared on his shoulder.

"Could it be..." When Chen Xiang saw it, he raised both fists and released two Meteor immortal power s that roared forward like dragons and tigers.

[Chapter 2326](#)

Chen Xiang's two waves of Meteor immortal power instantly passed through, when they struck Fang Zitian's body, they only heard a roar from Fang Zitian, followed by a purple light that flared up from Fang Zitian's body. Chen Xiang was suddenly hit by a burst of purple aura, such a strong guy, he is going to risk his life! Chen Xiang was shocked, it would be best if he prepared with all his strength. <>

"Don't even think about winning against me!" Fang Zitian's body flickered with a purple light. His broken arm had actually been reborn, and this was what Chen Xiang had seen with the Dao heart Eye.

Fang Zitian actually had such a terrifying regenerative ability. Everyone exclaimed repeatedly, this was Fang Zitian's true strength.

Fang Zitian's body flickered with a purple light, as though he was wearing a purple armor, he looked extremely mighty, his face was gloomy and he looked extremely angry, because no one had ever forced him to do something like this.

Fang Zitian knew that if he lost today, the daughter of the Zi Yuan Leader would marry into someone else! He had taken a fancy to it long ago, he definitely could not let anyone else steal it.

"Quite impressive!" Chen Xiang chuckled, "He can actually block two of my punches, and nothing will happen to him!"

"Hmph, the more formidable ones are yet to come!" Fang Zitian sneered, then suddenly shot two purple lights at Chen Xiang's chest.

"This fellow actually knows such a move!" Chen Xiang was shocked, and the two scorching rays of purple light pierced through his chest. Pride Pill God 2326

After his heart was penetrated, Fang Zitian laughed madly. Blinking his eyes, he continuously shot out purple rays of light that penetrated Chen Xiang's head, abdomen, legs, and arms ...

Everyone watched dumbstruck, the move that Fang Zitian used just now was too sinister, he actually released such a terrifying penetrating power from his eyes! Everyone felt that Chen Xiang was very pitiful. He originally had a bright future, but now that his body had been turned into a hornet's nest, all of the Bones on his body had definitely been destroyed.

"Didn't you say that it is forbidden to kill people? This fellow has even made a hole in my head, aren't you afraid of killing me? "

"No, I don't think so. Even such a scary guy with his head chopped off on one side would be able to live like this!" Look at this Yun Fei, his eyes are still rolling. "

"This guy isn't using the Bones of the eyes, he is only using a cultivation technique like the Permeable Heart Demon Eye. Even though it looks scary, it won't be that easy for it to pierce through my body." Chen Xiang could immediately tell that this Fang Zitian was more powerful, hiding such a powerful move, just to catch him off guard.

Earlier, everyone had seen Chen Xiang's body being penetrated by the beams of purple light, but now, everyone could see that he was fine.

This was because Chen Xiang had just used Cloud and Cloud Constellation to make his body look like clouds. Even if he was beaten into a hornet's nest, he wouldn't be harmed.

"You ... You're fine! " Fang Zitian saw through it and was immediately shocked. He could see that Chen Xiang had used some kind of sacred art and altered the structure of his body to block this kind of attack.

The Heavenly spirit kunfu was one of the Four Great Taboo magic s, of course it wouldn't be inferior to him!

The hole on Chen Xiang's body was repaired quickly, the scattered mist only needed to return.

"Of course I'm fine!" After Chen Xiang finished speaking, his eyes suddenly flashed with red light as countless threads of red light burst out, penetrating Fang Zitian's body.

Fang Zitian let out a blood-curdling scream. The thread that was released from Chen Xiang's eyes earlier had broken all the meridians in his body. His bones, organs, and even his internal organs had been pierced through and squeezed out.

"Just you wait!" Fang Zitian's body flickered with a purple light. He was using the regeneration ability, but Chen Xiang would not give him the chance.

Chen Xiang was also very shocked by Fang Zitian's regeneration technique, but with Fang Zitian's body being damaged so heavily, it would take some time to regenerate!

When Chen Xiang teleported over, Fang Zitian was still using the power of regeneration to repair his body. He knew that Chen Xiang had arrived, but he wasn't worried, because he knew that he just needed to endure. Right now, he was condensing a large amount of power of regeneration, as long as he wasn't beaten to death, he could quickly regenerate. Pride Pill God 2326

"I would like to see how much power you have to regenerate!" Chen Xiang laughed mischievously as both of his palms struck forward violently. These were all Bone-melting magic palm s, and he struck Fang Zitian's body multiple times in an instant.

Fang Zitian immediately collapsed to the ground, the bones in his body were all gone!

Seeing Fang Zitian on the ground, everyone's scalps went numb, to think that there was actually such a strange technique that could directly remove all the bones in a person's body!

Now was the time when Fang Zitian was at his weakest, he was about to lose! But because the rules forbid killing, he felt that as long as he didn't admit defeat, Chen Xiang wouldn't be able to do anything to him. As long as he released the power of regeneration he stored up, he could recover.

"I won't give you a chance!" Chen Xiang said indifferently, then he stared into Fang Zitian's eyes and used the Bones in them to accumulate power, and infiltrate into Fang Zitian's Divine Sense Sea s.

The attack was formless, no one could see, it was an extremely terrifying Divine Sense Sea attack! Because Chen Xiang had the Bones in his eyes, he could store a very strange power. As long as he was at someone's most relaxed, he could use this power to attack someone else's Divine Sense Sea.

"AA
AAAAAAAAAAAAAAAAAAAAAAAA!" Fang Zitian screamed and fainted.

Chen Xiang did not do anything to him either, he had only attacked the divine soul inside the Divine Sense Sea, causing him to temporarily lose consciousness.

"I knocked him out, I won!" Chen Xiang said to the elder in charge of the competition.

Many of the elders from the Purple Yuan Sect walked onto the stage. No matter how they tried, they could not wake Fang Zitian up.

"Stop shouting, even if he wakes up, I can make him lie down again." Chen Xiang laughed: "Your Purple Yuan Sect won't go back on his words? I will beat this guy, and quickly marry Purple Yuan Sect's daughter to me. "

Even if Purple Yuan Sect went back on his words, there was nothing he could do. Right now, he just had to see whether Purple Yuan Sect would care about his reputation, if he was thick-skinned enough, with his strength, he could just drive Chen Xiang away and nothing could do about it. However, his reputation would definitely be greatly affected, because there were many young masters who used many Bone level Dan to participate in the challenge.

If they knew that they wouldn't be able to marry the daughter of Leader Zi Yuan even if they won, they would definitely be extremely unhappy in their hearts.

Originally, Purple Yuan Sect thought that this Groom Search Competition would be a foolproof game, because Fang Zitian was very strong. Not only the Peak Divine Lord, but he also had many powerful skills.

But now, they had actually been defeated by Chen Xiang. This kind of accident was something they had never expected before!

"This... Young master, you should go to our Purple Yuan Sect to rest first. We have also notified the Leader, and he will be coming to take care of this matter very soon. " The elders were also dumbfounded. This kind of accident shouldn't have happened.

[Chapter 2327](#)

Chen Xiang was brought into the Purple Yuan Sect, and at this time, he also began to inspect the inside of the grounds. His goal in coming here was to cultivate the soul of a Ground-suppressing immortal elephant. <>

Fang Zitian had been defeated, and he had been utterly defeated! This matter quickly spread throughout the entire Purple Yuan Heavenly Star. At this moment, everyone was guessing whether or not Zi Yuan Leader would marry his daughter to a nobody.

Chen Xiang laughed as he drank tea in a large hall in Purple Yuan Sect. At this moment, there were two beautiful female disciples attending to him.

"The Leader is here!" A lady suddenly spoke out, reminding Chen Xiang.

Chen Xiang also sensed a strong Qi, and the newly ascended Zi Yuan Leader was called Xu Dazhong. He was very surprised when he heard about this, then went to see the unconscious Fang Zitian, and discovered that Fang Zitian's Divine Sense Sea had received a very clever attack, causing him to faint, but it did not cause too much damage.

Xu Dazhong had never encountered such a profound attack from a Divine Sense Sea before! He was not too worried about Fang Zitian's injuries either. He knew that Fang Zitian possessed a terrifying regeneration ability, and as long as he regained his consciousness, he would be able to recover very quickly.

After meeting Fang Zitian, Xu Dazhong went to find his daughter again, and told her about this matter ... Then, he came to look for Chen Xiang.

"Good morning, Leader!" Chen Xiang stood up and said while grinning.

"Hello, hello! That's right, even though your Divine Deity hasn't reached a hundred, you're already so powerful. Your future is limitless, your future is limitless! " Xu Dazhong was like a middle-aged man, which also surprised him a little. He thought that these powerful big shots would all have white hair. 3. Pride Pill God 2327

Therefore, he immediately thought that this Xu Dazhong should be from the second generation of Peak Divine Lord, which was why he was so young. This meant that this Xu Dazhong's strength might not be as strong as the Purple Yuan Leader from before!

When the previous Purple Yuan Leader shouted for Dai Donggong, he was always shouting for a little kid, but he was also killed by Chen Xiang, which was why Chen Xiang had such a feeling. "Little brother, there's one thing that is difficult for me!" Xu Dazhong patted Chen Xiang's shoulders. Xu Dazhong had a fat head and big ears, he did not look like someone threatening them, but instead was kind. He did not look like a Leader.

"Is it because your daughter doesn't want to marry me?" Chen Xiang laughed.

"Almost... But, I, Xu Dazhong, will definitely not go back on my words, even if she doesn't want to marry, I will still marry her to you. " Xu Dazhong laughed.

Chen Xiang's eyebrows twitched, hearing Xu Dazhong's words, he felt that his daughter might not be so good, or that she might have some other flaw.

"Haha ..." Xu Dazhong laughed: Young man, what are you afraid of? Are you worried that my daughter is a monster? "

"You agreed so readily, I'm really worried!" Chen Xiang laughed. Chen Xiang being so easy to talk with caused Chen Xiang to be a little surprised.

"You don't have to be afraid! You know that brat Fang Zitian is also not bad, he really likes my daughter.

" Xu Dazhong lowered his voice and said: "However, if you can defeat him, my daughter will be yours."

Chen Xiang rubbed his chin, and said: "I keep having the feeling that your father is unreliable, how can you make such a trade with your daughter?"

Xu Dazhong sighed: "That's not what I wanted! In fact, it was my daughter's wish. She wanted Fang Zitian to challenge all the heroes of Star Law Divine Realm, and if he could not lose, she would marry Fang Zitian. If anyone agreed to Fang Zitian's request, she would marry that person! I was just fishing for a bit. "

"Then what are we waiting for?" Call your daughter out, she's mine! " Chen Xiang snickered.

"But now she's gone back on her word! How about this, if you wait more than ten or twenty years for me to give you another daughter, then I won't be breaking my promise. " Xu Dazhong's words stunned him.

Chen Xiang was stunned for a while, then said: "No, I want this one now! Is there no other way? "

Xu Dazhong shook his head and sighed: "No, I didn't know that she was just saying that back then, and Fang Zitian and I took it seriously, I was tricked by this girl! Little brother, just promise me that I'll work

hard and give birth to two of them. I guarantee that they will be my daughters! I don't want my reputation to be ruined! " Pride Pill God 2327

"A woman like Fang Zitian isn't simple. I'm going to take her." Chen Xiang did not make any concessions.

Xu Dazhong thought for a while, then said: "There is still a way! You said it earlier, the woman that Fang Zitian has his eyes on, is definitely not an ordinary woman! Fang Zitian was raised by me, so my daughter is not weak either. If you can defeat her, maybe she will follow you! I'll talk to her again. "

Xu Dazhong let out a silent sigh, and sat down to drink his tea. He never thought that the newly ascended Purple Yuan Leader would actually be such a wonder.

"Hey, don't forget what you're doing here! Are you really determined to take that fellow's daughter away? " Yue'er laughed.

"Of course, I spent twenty Divine Deity and even defeated Fang Zitian in broad daylight! So Xu Dazhong's daughter is mine! Even if I have to flatten Purple Yuan Sect, I will bring her away! This is a matter of principle! " Chen Xiang drank his tea and waited patiently.

An hour later, Xu Dazhong came back again. He said with a beaming smile: "My daughter agreed, she said that as long as you pass her three tests, she will agree to marry you! Of course, if you fail, I will give you two daughters. It's rare to see a good son-in-law like you, I think you're much better than Fang Zitian! "

"Of course, I'm much more handsome than him. What part of him can compare to me?" Chen Xiang laughed shamelessly, "Quickly, bring me to find your daughter."

The Purple Yuan Sect was huge, and there were purple flowers everywhere, making it look extremely beautiful. Chen Xiang followed behind Xu Dazhong for a while before arriving at the entrance of a house.

"My daughter is inside. You can go in by yourself! I won't go with you. " After Xu Dazhong finished speaking, he was about to leave, but was pulled by Chen Xiang by the back of his collar.

"Why don't you come in with me?" Chen Xiang asked.

"I'm afraid her test for you began when you came in the door! It was you who wanted to marry her, so of course you had to face her test yourself. Xu Dazhong laughed.

"Hey, you seem to be afraid of your daughter!" Chen Xiang said: "I do not know anything about your daughter, I want me to become your son-in-law, at least you have to help me,"

"She is a ... She was born with this kind of terrifying and mysterious power, it was called the power of a curse! For example, if she says you will die, you will die! When she says that you're a turtle, you become a turtle. Other than that, she also knows some strange formations, and once you enter her formations, you will be very unlucky. I had already stepped into a formation before I became a dog, and had to change into a human for more than a month. " When Xu Dazhong talked about this matter, his eyes were filled with fear. "That's why I felt that you had to accept my other suggestion. Wait a while for me, I'll give birth to two normal ones for you."

Hearing Xu Dazhong's description of his daughter's ability, Chen Xiang was also filled with curiosity. This kind of ability could be considered very terrifying.

"No, I want her!" Chen Xiang immediately went to push the door, but Xu Dazhong was already gone.

[Chapter 2328](#)

Chen Xiang was only curious now, wanting to see how terrifying Xu Dazhong's daughter was. To him, this challenge was just too exciting.

"Curse? It's not like I've never been cursed before, so there shouldn't be anything to be afraid of!" Chen Xiang had been forced to use the Tracing mantra by the Hell Devil Emperor before, and after tormenting him for a while, he managed to endure through it.

After pushing open the door, a burst of fragrance drifted in the air, accompanied by the melodious chirping of birds. Before Chen Xiang even saw the inside, his mind was filled with a beautiful scenery.

"Miss Xu?" Chen Xiang called out softly, then looked at the inside of the courtyard, which was filled with beautiful flowers and jade-green trees, it looked like a small garden.

Hearing Chen Xiang's voice, the little birds that were chirping away on the trees flew away, the butterflies that were dancing in the flowers also flew away in fright.

Chen Xiang did not get a response, and lightly shouted again: "Miss Xu, are you here?"

After entering the house, Chen Xiang gently closed the door, and then carefully walked on the cobblestone path in the garden. Just now, he had heard from Xu Dazhong that his daughter liked to set up a curse array in this place.

"I'm here!" The voice came from a pavilion not far away. There was a woman wearing a long, green dress there.

Her back was facing Chen Xiang, and Chen Xiang could only see her beautiful long hair that was like a waterfall. Her hairpin had a golden butterfly ornament on it, when she strummed the zither, this golden butterfly ornament would flutter its wings, which was extremely eye-catching.

"His back is not bad!" Chen Xiang immediately evaluated.

"Oh right, I noticed this pavilion when I came in. No one was here just now! This woman suddenly appeared out of nowhere? I'm sure I'm not mistaken, it's just too weird in the middle of the day!" When Chen Xiang came in, he had observed carefully. The pavilion's construction was extremely exquisite, and he was more concerned with it, which was why he felt that it was strange.

He immediately walked towards the pavilion. He did not sense any formation magic power here, so there was definitely no illusion formation or anything of the sort! Then how did this woman appear? If he were to use Spatial Force, then there would definitely be a slight fluctuation in space and he would definitely be caught.

Chen Xiang kept walking and thinking along the way! It was as if this woman had appeared out of thin air, but seeing her playing the zither seemed like she had been here for a long time.

Chen Xiang arrived at the pavilion on his journey here safely and did not encounter any unusual happenings. He walked around the woman and carefully looked at her delicate and pretty face, which was just as Xu Dazhong had said. His daughter was a rare beauty, and had a unique charm.

The lady was playing the zither seriously with her head down. What made Chen Xiang surprised was that although she saw the girl playing the zither, she couldn't hear anything.

"I heard your name is Yun Fei?" She raised her head and looked at Chen Xiang, her eyes flowing with electricity, causing Chen Xiang's heart to thump loudly.

When the woman spoke, she had a warm and beautiful smile on her face. It wasn't as strange as her father had said.

"En!" Chen Xiang was not confused by the lady's expression just now, the other party's tricks did not have much effect on him, he was extremely vigilant, otherwise, he would be at a disadvantage.

"Miss, what about you?" Chen Xiang asked again.

"Xu Youqing!" She smiled sweetly and said: "I'm afraid you are not called Yun Fei? "You're being dishonest!"

"How do you know my name is not Yun Fei? You don't even know me, how can you be so sure! " Chen Xiang laughed.

"You lied! People like you are used to lying, so it's hard to see where you're going, but I happen to see that you're lying. " Xu Youqing chuckled: "If you want to marry me, but you aren't even willing to tell me your real name, your sincerity isn't enough."

"It doesn't matter if I'm called Yun Fei or not, no matter what my name is, I defeated Fang Zitian, so I'm your man." Chen Xiang laughed.

"Didn't my father tell you? I have to accept three small tests from me before I can marry you. " Xu Youqing laughed faintly: "The first test I'm giving you is to be honest with me, can you do that?"

Chen Xiang thought for a while, then nodded: "That won't be difficult!"

Xu Youqing chuckled: "Then can you tell me your real name now?"

Chen Xiang scratched his head, and said puzzledly: "Just because of this, you wasted a test? My name is Chen Xiang! "

When Xu Youqing heard Chen Xiang's name, he chuckled, but it was unknown if she was surprised or what she was doing.

"Is my name that funny?" Chen Xiang asked.

"I just think that you are a very funny person, and your way of doing it is also very funny! Don't think that we don't know, the death of our previous Purple Yuan Sect is related to you. We have long known about your alliance with Dai Donggong. " Xu Youqing said: "You are the great enemy of our Purple Yuan Sect, but you want to marry me?"

"But that's not contradictory, is it? You and your father don't have any deep grudges with me, so your father still has to be grateful to me. If I didn't kill your former Leader, how could your father have his current status? " Chen Xiang curled his lips: "What's the second test?"

"The second test is a bit difficult!" Xu Youqing stood up, she was shorter than Chen Xiang by a head, her eyes flashed with a mischievous light, and she laughed: "Go tell my father, you are Chen Xiang! Hmm... It would be better to bring him here and tell him that I want to see his expression for myself. "

"This... It's really a little difficult! " Chen Xiang was startled, and laughed.

"But now, isn't it difficult for you?" Xu Youqing saw that Chen Xiang was still smiling, and frowned slightly.

"I just felt that it would be a bit more difficult to bring him here because he was afraid that you would die of fear. He heard that the last time he mistakenly touched your formation, he became a dog. There is a shadow in his heart." Chen Xiang said in a solemn voice, "I am thinking about how I can bring him here."

Xu Youqing stared blankly for a while, and then let out a chuckle. "The last time did indeed leave a deep impression on him ... It seems like it will be a little difficult for you to get him to come here.

After Chen Xiang left the courtyard, he immediately went back the way he came and found Xu Dazhong who was singing loudly on top of a small hill.

"Like father, like daughter. Not a normal guy." Chen Xiang walked over, grabbed Xu Dazhong, and without saying a word, dragged him using the Shrinking step to rush to Xu Youqing's courtyard.

"Kid, what's wrong?" Xu Dazhong asked in shock: "Before I finish singing ... What had happened? You couldn't have been cursed by him to kill me, right? "

"Your daughter wants me to take you to her place. This is a test." As Chen Xiang spoke, he teleported to the pavilion where Xu Youqing was.

[Chapter 2329](#)

When Xu Youqing saw that Chen Xiang and her father suddenly appeared, and was even talking nonsense, she immediately understood that Chen Xiang had forcefully dragged his father here. She did not expect that Chen Xiang would arrive so quickly, and had only left for less than an hour.

"Father!" Seeing that his father had arrived, Xu Youqing stood up and greeted him.

"Girl, why did you get him to bring me here? Your father is already old, and can't bear the torment any longer, so don't make things difficult for me anymore. " Xu Dazhong laughed bitterly.

Xu Youqing glanced at Chen Xiang with a smile in his eyes, and shot him a meaningful glance.

"Senior Xu, actually, my real name is Chen Xiang, I am not Yun Fei." Chen Xiang said seriously.

"What?" Chen Xiang? is he the one who killed our previous Leader together with Dai Donggong? " Xu Dazhong was shocked: "You little bastard, I'll kill you right now!"

Even though Xu Dazhong said this, he did not make a move! Because he saw that Chen Xiang was extremely calm.

"Why didn't you run?" Xu Dazhong asked.

"Because I want to ask you, how did you know that I killed your former Leader?" Chen Xiang felt that this matter was pretty secretive and that the Purple Yuan Sect wouldn't know about it. At most, they only knew that it was Dai Donggong who did it.

"That guy's Power Jewel is a little special, and some images of him dying appeared in his Power Jewel. I saw them, and when I went to Everlasting Mountain to ask around, I knew it was you." Xu Dazhong replied seriously.

"I killed that guy, aren't you Leader now? Even though your previous Leader looked very old, he could still hold on for a while. If he didn't die, would you have reached where you are today?" Chen Xiang said.

"That's right. If he doesn't die, then it's not my turn to go up on stage." Xu Dazhong nodded.

"I really don't understand. Purple Yuan Sect is such a big sect, how did you manage to become a Leader?" Chen Xiang laughed: "You don't look like a Leader."

"That's because you don't understand me well enough to underestimate me!" Inside the Purple Yuan Sect, there are a few factions, but I am the strongest. Although those fellows are all Peak Divine Lord of the older generation, their overall strength is still inferior to mine. Xu Dazhong said proudly.

"Father... Didn't you just want to kill him?" Xu Youqing reminded.

"Yes!" As Xu Dazhong said this, he rolled up his sleeves, and then said: "This guy doesn't look that bad either? I'm quite satisfied with him. It's also not bad to be my son-in-law! Even though it's someone I want to kill! "

"I say, uncle, for you to be able to get to this kind of position, you definitely won't have such a short lifespan. Since I was able to kill your former Leader and even bring Dai Donggong down with me, what do you think of my potential?" Chen Xiang patted his shoulder and asked.

With his bad temper, it would be difficult for him to join other powers, not to mention that he had to give up his position as Leader, betray the Everlasting Mountain, and go against the sect his master created! It looks like I've been cursed! " Xu Dazhong said.

"This is my ability!" Chen Xiang laughed: "Uncle, since you have yet to form a deep hatred with me, you shouldn't think about me anymore! Cooperation is the way of development. Didn't you say that earlier? Your Purple Yuan Sect has a few factions, and the leaders of those factions are all the older ones, they can only fight you one on one, if they were to join hands, do you think you can handle them? "

As Xu Youqing listened from the side, he secretly praised Chen Xiang's methods. He actually wanted to rope in her father! Thinking about it, she also felt that Chen Xiang was very strong. To be able to defeat this arrogant Fang Zitian and even rope him in, she must have some kind of extraordinary place. If you offended such a person, then you must get rid of him as soon as possible. Otherwise, there would be endless troubles in the future. If you didn't offend him, then don't provoke him.

"You need an ally! If I marry your daughter, I will be your best ally! " Chen Xiang laughed.

"Sounds good! I'll spare your life! " After Xu Dazhong thought it through, he laughed out loud and patted Chen Xiang's shoulder: "Continue working hard. After you pass the test, my delicate daughter will be yours."

"I'm leaving, you guys continue!" Xu Dazhong walked very quickly, and after he walked out of the courtyard, he was still in a state of shock.

"The second test has been passed." Chen Xiang laughed: "What's the next one?"

"The last one is hard. You have to catch me!" Xu Youqing said.

"Simple!" Chen Xiang walked over, and just as she was about to grab onto Xu Youqing's clothes, she unexpectedly grabbed empty air, and Xu Youqing also turned into a cloud that scattered away.

"Yuqing, where are you? If you don't appear, how can I capture you? " Chen Xiang shouted. This Xu Youqing actually had such a powerful ability, wanting to capture her was not easy.

"This is a test. If you want to overcome the difficulty, do not worry. I will not run around in this courtyard." Her light voice echoed in Chen Xiang's ears, but he was unable to determine where Xu Youqing was.

Chen Xiang immediately used the Dao heart Eye, he felt that Xu Youqing must have grasped some powerful technique, if not he would not have allowed her to have the power of the curse as well as such a technique.

"She should not know that I have the Dao heart Eye!" Chen Xiang was overjoyed, because he saw Xu Youqing, who was currently in a patch of flowers in the courtyard.

After seeing Xu Youqing, Chen Xiang immediately used Counter Power and also suddenly disappeared!

Ever since he came back, this was the first time he used the Counter Power, he also wanted to see if anyone in this Star Law Divine Realm could see through him!

After Chen Xiang unleashed her Counter Power, Xu Youqing who was wandering in the flower bush was like a startled bird, suddenly flying up, she did not expect Chen Xiang to actually know such a technique that could make her disappear, it was rather similar to her ability first.

"I wonder if she can see me!" After Chen Xiang used the Dao heart Eye to catch Xu Youqing, he immediately chased after him.

Xu Youqing floated in midair, as if she was looking for Chen Xiang's trace. She was unable to see Chen Xiang, and she was currently using all kinds of abilities she possessed to check where Chen Xiang was.

"Space seal!" Using the power of space, Chen Xiang sealed the small space around Xu Youqing.

Just when Chen Xiang thought that he had succeeded, he realised that Xu Youqing, who had turned into a transparent mist, had actually escaped through his spatial seal!

Xu Youqing was secretly shocked in her heart, Chen Xiang's spatial energy was far stronger than she had expected.

"I understand!" Chen Xiang suddenly thought of something, and felt that he would have to grab onto Xu Youqing very soon, because he could see through the method that Xu Youqing had used.

[Chapter 2330](#)

Xu Youqing was currently flying around randomly, and she completely followed her own set of rules of the game. She said that she wouldn't fly out if she didn't run out of the courtyard, and she was flying around randomly right now, just to avoid being locked on by Chen Xiang! Because she already knew that Chen Xiang could see her tracks.

"Understand what?" Yue Er curiously asked.

"This isn't her true body, it's just her divine soul! and it's even a very strong divine soul, looking exactly the same as the original body. " Chen Xiang said: "The divine soul can be controlled as and when the user wishes, and can transform into various things according to the user's wishes. It's just that this can only be accomplished within the Divine Sense Sea."

"The reason why she can do it now is because she has mastered a secret art. As long as her divine soul does not stray too far from her main body, she can also change as she pleases within the Divine Sense Sea." Chen Xiang said: "Right now, she has already turned into a pile of fallen leaves, hiding inside of the pile of fallen leaves."

Yue'er replied: "That's actually divine soul? I didn't see it either! Is there any way to catch her? "

"Of course there is. The best way to capture divine soul is to use the Divine Sense Sea s themselves! Looks like I have to get her into my Divine Sense Sea. " Chen Xiang chuckled.

At the same time, he was also thinking about Xu Youqing's movements. After Xu Youqing transformed into a fallen leaf, he floated along with the wind into a patch of grass, and then, he quietly turned into a small blade of grass.

She thought that Chen Xiang would retreat in the end due to the difficulties he faced, but she didn't expect him to have so many methods, otherwise she would have set a time limit. That way, if Chen Xiang wasn't able to catch her within the time limit, she wouldn't be able to pass.

This move was also her greatest reliance, so after Chen Xiang had passed her two tests earlier, she was extremely calm and collected! Of course she didn't want to marry Chen Xiang, or even more importantly, she didn't want to marry anyone. Otherwise, she wouldn't have to stir up so many troubles and create so many troubles for herself, but she felt that it was extremely dangerous now. If Chen Xiang really managed to pass her third trial, she would have no choice but to brace herself and marry Chen Xiang.

Although Xu Youqing was unwilling, she had her principles and kept her promise. She had never gone against what she had said before! Moreover, Chen Xiang's overall conditions were pretty good. She felt that she could endure it.

Just as Xu Youqing was thinking, her eyes suddenly flashed, and she appeared in a unfamiliar place. This was not her own small courtyard!

She came to a beach, and in front of her was a beautiful blue sea. White clouds floated in the blue sky for thousands of miles, and behind her was a beautiful sea of flowers.

"I got you!" Chen Xiang smiled as he looked at her shoulder.

"I... Why did you change back? " Xu Youqing looked at her body. She had actually changed into a human form, and it was not something she could control.

"What exactly is this place?" "Could it be ..." Xu Youqing was shocked: "I'm in your Divine Sense Sea?"

Xu Youqing looked around. She was currently on a beautiful small island, and in front of her was Lan Hai, who looked as far as she could see.

"Is this really your Divine Sense Sea?" Xu Youqing did not dare to believe that a strong person like Chen Xiang, could actually be so calm, that this kind of person, would actually be someone who pursued a peaceful life.

Chen Xiang nodded! Of course he would not tell Xu Youqing that he still had the second Divine Sense Sea. In a sense, his second Divine Sense Sea was his real Divine Sense Sea.

"I've grabbed your divine soul. Does this count as having passed your test?" Chen Xiang laughed: "After all, I did not catch your true body!"

Xu Youqing hesitated for a moment, then nodded: "It's considered a pass! How the hell did you see me? And how did he find out that I used divine soul? Even my father couldn't tell! "

"I accidentally learned a secret technique that allows me to see any form of energy, so I can see you!" I didn't realize that you were using divine soul at the beginning, but your divine soul is indeed very unique. It is exactly the same as a real person's and there are even some fluctuations of Divine Deity on your body! " At this moment, Chen Xiang still could not understand how Xu Youqing did it, because he could see that Xu Youqing's divine soul contained a Bones within.

If divine soul could produce a physical body, and then cultivate a Bones within the flesh body of the divine soul, wouldn't that be equivalent to him breaking through the limits of nine Divine Deity?

"Then how did you figure it out?" Xu Youqing was very curious about this kind of secret technique that she had accidentally learnt. She planned to ask Chen Xiang about it in the future since she could be considered Chen Xiang's wife now.

"I know you are changing, but when you are changing, there are no energy fluctuations. Furthermore, I can see that your energy is always in the same form! This is a phenomenon that only happens in Divine Sense Sea s, so I saw it. Once your divine soul leaves the Divine Sense Sea, you can do whatever you want within the Divine Sense Sea. Chen Xiang praised.

Under Chen Xiang's control, Xu Youqing's divine soul had also left Chen Xiang's Divine Sense Sea.

Xu Youqing's divine soul had also disappeared. Then, a house not too far away opened up, and Xu Youqing walked out. Her main body looked exactly the same as her divine soul!

"The main body has eight Bones and five Bones! I wonder if she can use these Bones at the same time. If she can, then her strength is not weak either. Chen Xiang was shocked, he suddenly became cautious, this was the person with the most Bones he had met.

"You're suddenly afraid of me?" Xu Youqing caught Chen Xiang's expression and frowned: "Are you afraid of my power of curse? Or are you afraid that I'll go back on my word and kill you? You don't have to worry, I, Xu Youqing, will do as I say. You have already passed my test, and I have also agreed to marry you.

"This... "You Qing, I have several wives already. I need to explain them to you." Chen Xiang coughed dryly and said.

"It's alright, I saw it earlier!" Even though Xu Youqing said this, she merely snorted softly and asked, "Are all of them very strong?"

"He shouldn't be as strong as you, but he isn't weak either ... I've been separated from them for a period of time. The next time I see them, they should be even stronger than before. " Chen Xiang said.

Xu Youqing walked over, circled around Chen Xiang, looked at him carefully, and said: "You're still wary of me! "Why?"

"I feel that you are the strongest person I have met since I came to the Star Law Divine Realm. This is purely my instinctual reaction." Chen Xiang said truthfully.

"Why do you think so? Because of my power of curse? But when you saw me before, it wasn't like this. Did you discover something on my body? " Xu Youqing asked, she cared more about this. That seemed to be her big secret.
