

## Dan God 2331

### [Chapter 2331](#)

Chen Xiang had already passed Xu Youqing's three tests, and Xu Youqing had just expressed that he would abide by his promise to be his wife. However, the two of them did not have any feelings for each other, and there was a gap between the two of them so they lacked understanding each other.

So when Chen Xiang saw that Xu Youqing was hiding a very powerful strength, he was secretly vigilant. Xu Youqing was also very sensitive, and could clearly feel that Chen Xiang was wary of her.

"Do you really want to say it?" Chen Xiang laughed and took two steps back.

"I'm already your wife. Killing a husband is something I can't do." Xu Youqing snorted: "There is a lack of trust between us, we need to communicate properly!"

"Alright, I just saw that your divine soul also contained Bones, the amount of this Bones is different from your body!" Chen Xiang said: "In other words, the number of Bones you now possess far exceeds the limit of nine Bones. That's why I'm a little scared. This is purely an instinctive reaction. I'm not familiar with you right now either."

Chen Xiang was actually a little worried that Xu Youqing would kill him because she didn't want to marry him, which was why he had been on guard.

"Sure enough, I didn't expect you to be so powerful that you could see this." Xu Youqing chuckled: "Don't tell me you think that just because my Bones has surpassed nine Divine Deity, I am already very powerful? So you're worried that I will kill you and break the engagement?"

Chen Xiang nodded, "I did indeed think so!"

Xu Youqing suddenly pulled Chen Xiang's hand, and laughed: "If I want to kill you, there are many ways! Furthermore, that kind of barbaric way of killing isn't something that I'm good at. To be honest, I really hate seeing blood and dead people. If I want to kill you, I'll definitely let you die in secret."

Chen Xiang forced a laugh: "My little wife, you are really scary!" Although he said that, he still held Xu Youqing's jade hand lightly, and felt its softness and softness.

Xu Youqing pouted playfully, then dragged Chen Xiang into the house.

Chen Xiang was a little surprised, but this Xu Youqing actually didn't dislike him at all, and seemed to easily accept the matter of marrying him. He thought about it for a bit, and felt that he was pretty good, so it didn't matter if Xu Youqing took a fancy to him.

Just as he was about to become narcissistic, Yue'er suddenly said, "This place is very scary!"

Chen Xiang immediately used the Dao heart Eye to look around. He discovered that the surroundings were filled with a silvery-white energy, floating around everywhere, and there was a lot of it.

"Could it be the power of that curse?" Chen Xiang was shocked.

Xu Youqing told Chen Xiang to sit, then took out something to eat and give it to him. Seeing Chen Xiang being a little unnatural, Xu Youqing smiled and asked: "Did you see something else?"

"This place seems to be filled with a strange energy. What exactly is this place?" Chen Xiang said, he was not sure if that was the power of Xu Youqing's curse.

Xu Youqing extended her jade palm in front of Chen Xiang and said: "Watch carefully!"

Chen Xiang looked at her palm and saw a ball of silver white light surging out from her palm. Feeling the light coming towards him, Chen Xiang didn't know why, but he suddenly felt an unspeakable pain. Unknowingly, he actually stood up, and after feeling that he had lost control of himself, his body instinctively released a force of resistance, allowing him to sit down.

Just as he sat down, the white light aura around Xu Youqing's palm also disappeared.

"What happened just now?" Chen Xiang came back to reality with a face full of shock.

"You were just cursed by me! "You are indeed powerful, to be able to break my curse!" Xu Youqing laughed, his eyes filled with praise: "That was a puppet curse, as long as you touch the power of it, you will be under my control! If it was someone who was weak, he would not be able to discover it! Furthermore, after I removed the power of the curse, he only thought that he had dreamt it and would not realize it. "

"And you discovered it right after you started, so you were able to break through my power of curse!"

Chen Xiang said: "That means, this is the curse power inside your house?"

Xu Youqing laughed heartily: "This is only a method of self-defense, you don't have to worry, I will not hurt you, furthermore, if I use the power of the curse on a person with a strong power like you, I will also lose a lot of energy."

Chen Xiang was a lot more relaxed, although this Xu Youqing looked calm and refined, but Chen Xiang could feel the mischievousness deep inside her bones, which was why he was a little worried.

"Did you cultivate this kind of power yourself? I have been cursed before, and that kind of curse didn't hurt me much, but it annoyed me a lot. What's called the Tracing mantra, it meant that the person who used that curse on me will know where I am at any time. " Chen Xiang said: "I heard that that guy used this curse to cause great harm to himself."

"Of course, he doesn't have the power of the curse. He needs to sacrifice himself to obtain the power of the curse and place a curse on you!" He should be using his own cultivation base or something else to make a sacrifice! I was born with the power of the curse, so I don't need to sacrifice myself. " Xu Youqing said: "I normally won't use it carelessly. If I use some powerful curses, I'll need to damage my own lifespan ... It might even have to do with the consumption of Divine Deity or Bones. "

"What a strange power!" Chen Xiang exclaimed: "Then what exactly is going on with the Bones inside your divine soul? Can you get great power from that? "

Xu Youqing shook his head: "My disappearance cannot link divine soul and physical body's Bones, and cannot be linked, which means that my strength cannot be shared and the overlapping effect cannot be achieved! When I was cultivating it, I accidentally cultivated my divine soul to that state. Furthermore, my divine soul is equivalent to the avatar I have outside, so I can directly use my Hundred gods level! And later on, I realized that this divine soul can even cultivate Bones on its own! "

"I have tried many times, but I am still unable to fuse my physical body and the Bones within the divine soul. If I can do it, my current strength should be able to surpass the peak."

Xu Youqing had a unique cultivation method that allowed her to step onto a path that was different from the others. Although it allowed her to become strong, it also caused her to become extremely lonely, because she was the only one who walked this path, so no matter what difficulties she encountered, she would have to resolve them herself.

Chen Xiang was very impressed with this, because he had also walked on an unusual path.

Xu Youqing saw that Chen Xiang was thinking, so she did not disturb him. She could tell that Chen Xiang was the same as her, searching for a different path. Chen Xiang's Divine Deity had not even reached a hundred, but if he was able to defeat the Peak Divine Lord Fang Zitian, then he must have cultivated up to some kind of terrifying strength.

After a while, Chen Xiang took a sip of tea and softly asked: "What do you think about this? If I can fuse the Bones and the physical body together, my strength will be able to surpass the Peak Divine Lord. "

#### [Chapter 2332](#)

Chen Xiang put down the teacup and said, "I only thought of one idea, but I don't know if that would work!"

Chen Xiang had a lot of experience in cultivation, so right now, he already had the second Divine Sense Sea. Moreover, he trained in Double bone level, so he could think of a lot of things.

"What way of thinking?" Xu Youqing asked anxiously, her eyes filled with urgency.

"Have you ever tried to cultivate a Divine Sense Sea inside that unique divine soul of yours? If you manage to cultivate it, you will have two Divine Sense Sea s and both of them will be yours. When the time comes, you just need to fuse them together and your divine soul will be able to absorb the power of the Divine Sense Sea for your main body to use. " Chen Xiang said.

"I've thought about it, but is that possible? The second Divine Sense Sea, this kind of thing is very mysterious! " Xu Youqing said: "I've never tried it before, it's just too difficult."

"It's not difficult. As long as you focus all your attention on your divine soul and focus on it, like you did in the past, you will definitely be able to cultivate a second Divine Sense Sea. With your divine soul independent second Divine Sense Sea, you can then continue to cultivate your Divine Deity." Chen Xiang said: "To cultivate the second Divine Sense Sea, this is the only way to break through to the Peak Divine Lord."

Xu Youqing's eyes lit up, and asked softly: "Did you manage to cultivate up to the second Divine Sense Sea? How else do you know so much? My father never told me about the second Divine Sense Sea, and he's also been trapped in the Peak Divine Lord for a long time. "

Chen Xiang did not directly answer her, he only laughed: "Cultivating the second Divine Sense Sea requires a certain amount of luck, for example, you have a chance! As for how to cultivate to the second Divine Sense Sea, I don't know either, but when I have time, I will go and study it. "

After that, Chen Xiang and Xu Youqing discussed about the Second Divine Sense Sea, he asked about how Xu Youqing used divine soul to cultivate his Bones, which gave him a lot of inspiration, because he felt that he could try if he succeeded in training Xu Youqing.

Chen Xiang came to the door and looked at the full moon in the sky. Only now did he remember the reason why he was here, he wanted to cultivate the soul of a Ground-suppressing immortal elephant!

"Where are you going?" Seeing that Chen Xiang was about to walk out the door, Xu Youqing anxiously stepped forward and stopped him.

"I'm going to look for your father!" Chen Xiang said. He wanted to talk to Xu Dazhong and let him cultivate in the place with the densest Earth Qi.

"Why are you looking for him in the middle of the night?" I'm the one who married you, not him ... Since I'm your bride now, shouldn't you do something to her ... " Xu Youqing said softly, her face slightly red.

"This... I forgot. " Chen Xiang turned around and laughed.

"Hmph, since I've agreed to marry you, I will of course give myself to you completely." Xu Youqing said.

"Let's go take a bath first!" Chen Xiang laughed, and then, he hugged Xu Youqing. At this moment, he also became extremely anxious.

Xu Youqing initially did not plan to take this step so quickly, but after she came into contact with Chen Xiang, she realized that Chen Xiang was much stronger than she had imagined, and hence, she relied on him in a rather difficult manner. Furthermore, she felt that she would give this to Chen Xiang sooner or later, so she decided to simply rely on him.

In the morning of the second day, Chen Xiang looked at Xu Youqing who was sleeping soundly with his back facing him.

"Aren't we having a big wedding?" Chen Xiang asked as he saw Xu Youqing waking up and kissed her on the cheek.

"No need, I don't like the liveliness. It's fine as long as it's like that!" Xu Youqing's cheeks flushed red, and she also kissed Chen Xiang's cheeks. "Didn't you have some matter to attend to? "Hurry up and go!"

Chen Xiang anxiously stood up and donned his clothes, he did not think that it would be so easy to subdue this strange lady, he looked at her flawless jade body, and could not believe that Xu Youqing would obey him so easily.

"Didn't you see enough last night!" Xu Youqing pouted as she put on her clothes, then laughed: "What, do you still think I will harm you?"

"I just can't believe it." Chen Xiang laughed.

"Hurry up and get busy! I'm already yours, are you afraid that I'll run away? " Xu Youqing chuckled, "It's too easy to obtain it, don't you feel a sense of conquest?"

"Of course not!" Chen Xiang kissed Xu Youqing's cherry lips and laughed: "My beautiful lady, I just think that it's too surreal. A girl like you, unexpectedly followed me so easily."

"Don't you have too little confidence in yourself? Can't you see the advantages of yourself? I only decided to follow you after much deliberation. Otherwise, I would have already run away, and you wouldn't have been able to do anything to me." Xu Youqing helped Chen Xiang organize his clothes.

"What a good wife." Chen Xiang caressed her face and laughed.

"Oh right, are your wives as good as I am to you? Will they bully me?" Xu Youqing asked with a worried look on his face.

"Just don't bully them! They are all very easy-going people. Although they don't have your strength, they are outstanding in other areas. For example, refining pills, they are very powerful!" Chen Xiang laughed: "They will be coming over soon, when that time comes, I need you to help them get familiar with this place!"

Xu Youqing nodded, although she had grasped the power of the terrifying curse, but she was still rather gentle and kind, only a little mischievous from time to time.

Chen Xiang left Xu Youqing's house and found Xu Dazhong. This fellow had been singing that unpleasant song since early morning, if he wasn't Leader, with this kind of singing that sounded like the wailing of ghosts and the howling of wolves, he would have been smashed to death by those smelly shoes long ago.

"You're still alive? You've passed the examination?" When Xu Dazhong saw Chen Xiang, he immediately ran over and patted Chen Xiang's body, "Miracle, a miracle! You stayed in that damn place of hers for the whole night, and nothing happened!"

Chen Xiang shrugged his shoulders, and said: "Father-in-law, you're underestimating me too much!"

Xu Dazhong stared blankly for a moment before wrinkling his nose. He was even more shocked when he smelled the fragrance of his daughter's body from Chen Xiang's body.

"Good boys, did you get married?" Xu Dazhong asked with a face full of shock.

Chen Xiang laughed but did not say a word, with an expression that said 'you understand'!

Xu Dazhong gave him a thumbs up, "Good son-in-law!"

"Father-in-law, I'm already your son-in-law, and as the Leader, do you mean that you should give me a present or something?" Chen Xiang laughed.

"I already gave my precious daughter to you, what else do you want? It's good enough that I don't ask you for a present!" Xu Dazhong said snappily.

Xu Dazhong dragged Chen Xiang into a secret room and asked: "What exactly do you plan to do in the Wang Ancient Heavenly Star?" "We agreed to join hands. You have to tell me, or we will clash."

After Chen Xiang came into contact with Xu Dazhong, he felt that he was a pretty good person. They were both very interesting, and now that he was his father-in-law, they were naturally worthy of his trust.

[Chapter 2333](#)

Xu Dazhong had previously said that there were several factions in the Purple Yuan Sect. The reason he could become the Leader was because his overall strength was stronger! However, this did not guarantee that he could sit down peacefully. Even if he could sit down peacefully in this position, the entire Purple Yuan Sect was not completely in his control.

Chen Xiang also understood that for a power like the Purple Yuan Sect, there were also cases where people were scheming and scheming internally, but they were not very obvious and came from the shadows.

Now that Xu Dazhong had won over Chen Xiang, he was naturally very happy. After all, this was his kin and was the most trustworthy.

"Our current plan is to first strengthen ourselves, cultivate a few Peak Divine Lord, and then secretly get our hands on them! Oh right, the Everlasting Mountain is currently being taken over by your Purple Yuan Sect." Chen Xiang said: "Father-in-law, when the time comes, you must cooperate with me a little. If you let Everlasting Mountain out, I will definitely give you a lot of benefits."

"I don't care about the Everlasting Mountain, it has been taken over by two factions, this is a piece of meat! If I were to once again swallow the Everlasting Mountain, it would definitely incur the wrath of the masses, and I would also have no choice but to give up the Wang Ancient Heavenly Star." Xu Dazhong said helplessly, although he was sloppy, he still had a lot of brains.

Giving the Wang Ancient Heavenly Star to another faction was just a matter of exchanging interests. Only then would he be able to sit in the position of the Leader.

"That's not good, Wang Ancient Heavenly Star is different from the other Heavenly Stars, this Wang Ancient Heavenly Star has a lot of potential, they had been secretly developing it over there, maybe they will fight back and force you to abdicate." Chen Xiang said: "The reason why you are able to speak calmly now is because everyone's strength is equal."

"Of course I understand! My overall strength is stronger, but they are all the same, so I was isolated from the group. You might not know this, but I did not want to become a Leader at the start, so the benefits I gained from becoming a Leader are not small. However, this also means that those guys have to be more wary of me, and at the same time, I have to sacrifice more benefits for their safety, otherwise, they would join forces to deal with me."

Xu Dazhong was in a passive state the entire time. He could only brace himself to become a Leader because even if he did not do it, he would also be isolated. It would be better to go up and fish for a bit first.

"Father-in-law, what you mean is ... I can freely attack Everlasting Mountain now?" Chen Xiang asked.

"Mm. You can come at will, but you must not expose yourself. You must not let them know that you are my son-in-law or else I won't be able to survive here." Xu Dazhong patted Chen Xiang's shoulder: "If you were to stall them at Wang Ancient Heavenly Star, you would be able to shoulder a lot of burden for me! The fellows who went to Everlasting Mountain all wanted to get rid of me, and are currently developing in secret."

"How many sects do you have in total in Purple Yuan Sect?" Chen Xiang asked.

"Including me, there are a total of seven factions. Two of the stronger ones went to the Wang Ancient Heavenly Star, two of them are the fence-sitters, and two of them are even at the Zi Yuan Villa ... The other half of the Purple Yuan Heavenly Star is also a part of the Purple Yuan Sect. The other half of the small and middle-sized forces in the Purple Yuan Heavenly Star have been won over by them, and they are developing very quickly. " Xu Dazhong said.

Chen Xiang also never thought that it would be so interesting. The inside of the Purple Yuan Sect was actually also a piece of loose sand, he had thought that the Wang Ancient Heavenly Star was like this before! But it had to be said that even though the Purple Yuan Sect was strong, they were still the leaders of various factions.

I'll help you deal with the fellow from Everlasting Mountain. When the time comes, give me the Everlasting Mountain! Chen Xiang replied, "Everlasting Mountain is more important to me."

There was a mysterious and terrifying seal at the bottom of Everlasting Mountain. Chen Xiang had to protect it, otherwise, if anything powerful were to appear, the entire Star Law Divine Realm or even the entire Nine Heaven World would be in trouble.

"Oh right, Father-in-law, is there a place with dense Earth Qi in the Purple Yuan Sect?" Chen Xiang asked.

"Of course, why?" Xu Dazhong asked.

"Are you in charge?" Chen Xiang asked again.

"Yes, are you going to cultivate?" Xu Dazhong laughed: There is nothing good to cultivate in absorbing Earth Qi, although it is very useful, but it is not good to use it for cultivation, I have tried it, it is useless!

"Let me in for a while, I want to give it a try!" Chen Xiang said, he was not sure if he could cultivate the Ground-suppressing immortal elephant's soul by absorbing the Earth Qi.

"Follow me!" Xu Dazhong did not say much. Chen Xiang was his good son-in-law and could help him a lot, so of course he had to treat him well.

Chen Xiang followed Xu Dazhong down a flight of stairs that led to a deep underground cave.

"After this earth energy is released through the earth, it will become divine energy, an endless stream of it. This is also the foundation of the formation that our Purple Yuan Sect maintains." Xu Dazhong said: This is the place with the densest Earth Qi, and also where we set up the array foundation, so we made a stone room here, you can cultivate here.

To be able to release such dense Earth Qi, there must be something below to convert the Core of the Earth. Chen Xiang only thought about it, he could not mess around in Purple Yuan Sect.

After Xu Dazhong left, he left Chen Xiang here to cultivate, he was completely at ease with Chen Xiang.

"This guy is not bad. Next time, ask him if he knows anything about the Undead Divine Race! A Peak Divine Lord as young as him would probably not get involved in that sort of thing. " Yue Er said.

"Un, I will definitely go and ask!" Chen Xiang began to absorb Earth Qi and cultivate.

After cultivating for a long time, he realized that there was no effect. Just as Xu Dazhong had said, there was no point in absorbing the Earth Qi.

"I don't believe it!" Chen Xiang took out the Chuangshi god furnace. He planned to refine all this Earth Qi, and after using the Heavenly Alchemy to refine it, it would increase the quality of his body a lot. With so much Earth Qi, he felt that he could use it to refine a Jingshen Dan.

Using the method inside the Heavenly Alchemy, Chen Xiang absorbed a large amount of Earth Qi into the Chuangshi god furnace. After continuously absorbing for an entire day, it was only until a large ball of viscous liquid was formed within the Chuangshi god furnace did Chen Xiang stop.

"These items are much more tame than divine medicine, so refining them shouldn't be too difficult!" After Chen Xiang used the flames to refine it for a period of time, he would remove the impurities inside it and then use the collision method to improve its quality after a period of time.

He was already very familiar with these techniques, moreover, he did not learn how to refine the King grade God Pellet, so refining the Earth Qi into a pellet was not difficult for him.

After concocting for an entire day, he took out a black pill from the furnace.

"It's a Jingshen Dan, how can it be black?" Chen Xiang frowned: "This should be considered a King grade God Pill! Hmm, let's call it Earth Yuanshen Dan! "

#### [Chapter 2334](#)

Chen Xiang ate the Earth Yuanshen Dan that was just refined, and the refined Earth Qi erupted from his body. He immediately channeled this wave of Earth Qi into the Bones on his head, and gathered there.

In less than a day, he had completely refined all of the earth energy into his Bones, but the Ground-suppressing immortal elephant's soul had not formed yet.

"Are we going to succeed or not?" Chen Xiang didn't have any confidence now, forming the Ground-suppressing immortal elephant's soul in the air was extremely difficult. Fortunately, he had clearly seen this Ground-suppressing immortal elephant in his Dantian before, so he felt that it was possible.

In the following days, he refined ten Earth Yuanshen Dan, ate them one by one, and continued to cultivate the Ground-suppressing immortal elephant's soul. Now, he refined faster and faster, in just half a day's time, he could refine one soul!

Very quickly, he had refined six of them, but there was only a black object inside his Bones, and the Ground-suppressing immortal elephant's soul had not appeared yet!

"Keep eating, I don't believe it!" Chen Xiang had finished eating and refining all of the remaining Earth Yuanshen Dan, but he still had not refined the Ground-suppressing immortal elephant's soul.

However, he had made a lot of progress. When he was refining the Ground-suppressing immortal elephant's soul, he used the Heavenly Alchemy. Now, he could already see the elementary form of the Ground-suppressing immortal elephant's soul, but it was still a very vague outline.

Even so, it allowed Chen Xiang to see hope! It let him know that his hard work had not been in vain, and gave him the motivation to continue cultivating.

"Seems like I need quite a number of Yuanshen Dan s to form this Ground-suppressing immortal elephant's soul, it is not easy!" Chen Xiang was frantically absorbing the Earth Qi here, pouring it into the Chuangshi god furnace, he wanted to refine more Earth Yuanshen Dan.

Right now, the speed at which he refined the Earth Yuanshen Dan had increased by a lot as well.

This time, he had concocted 100 pills, which took him more than 20 days! He had been closed up here for more than two months!

... ..

In the blink of an eye, Chen Xiang had closed up for more than half a year!

"This boy is truly amazing. After being in closed-door training for so long, he has completely forgotten about my delicate daughter. Is he even a man?" Xu Dazhong was walking around the outer sect disciples, because Xu Youqing had already come to look for him twice, but Chen Xiang was still meditating below.

"Dad, forget it!" He's busy with his training, I just have some things I want to ask him! " Xu Youqing on the other hand, completely understood Chen Xiang's unique cultivation method. Right now, it was definitely a critical moment. However, she felt that after being separated from Chen Xiang for two months, she missed him a lot. This was the first time she missed a man so much.

Xu Dazhong nodded his head: "You are quite ambitious, not bad young lad! Oh right, did Fang Zitian look for you? His injuries have already healed quite a bit. Chen Xiang this guy knows his limits very well, and did not leave him with any hidden ailments. "

Xu Youqing shook his head: "No, he still hasn't given up on me? I am now a married woman! "

Xu Dazhong sighed: "I am just a little worried, since childhood, he has always liked you. Moreover, in order to cultivate to Peak Divine Lord, he sacrificed a lot ... I'm even getting a little obsessed, and I'm afraid that he might get a blow from this! "

Fang Zitian was, after all, a disciple that Xu Dazhong had single-handedly brought up, and his strength was also not bad. He had helped Fang Zitian with a lot of good words, but Xu Youqing was unwilling to marry Fang Zitian.

"Father, this fellow Fang Zitian is sick. He never smiled at me when he was with me! I know he's your disciple, and you've also said a lot of good things for him, so I tried to get along with him, but this guy is so boring! " Xu Youqing scoffed.

"How come you never told me?" Xu Dazhong frowned: "You've really tried to date him before? He didn't tell me, he said you were being unkind to him! "

Xu Youqing immediately snorted: "Bullsh \* t, I've always treated him with kindness and cold butt. If it wasn't for the fact that he's your disciple, I would have cursed him a long time ago! This guy is really going too far! "

"Father, the main reason why I don't like him is because he looks down on me! He thinks that I have to respect him, worship him and admire him the same as I do, putting my Peak Divine Lord's strength on the table all day long. I really can't take it anymore and have never seen him again. "

Xu Dazhong asked in shock: "There's such a thing? Although Zi Tian is a bit arrogant, he has never been so impudent in front of me before! "

Xu Youqing snorted: "Fang Zitian doesn't even like me, he just wants to take me, and use this to raise his prestige, so that he can show off in front of others! So what if it was the Peak Divine Lord? Wasn't he still beaten fiercely by Chen Xiang? Chen Xiang is a hundred times better than him. "

"Who am I a hundred times better than?" Chen Xiang's laughter suddenly came over, he had already condensed the Ground-suppressing immortal elephant's soul, and at this moment, his Bones had become extremely peculiar, as though it had life, and from time to time, it would release a burst of vitality.

"Husband!" When Xu Youqing saw Chen Xiang, she immediately ran over and hugged Chen Xiang's arm sweetly. It was obvious that she missed Chen Xiang a lot.

"Brat, you're finally out!" "But you don't seem to be improving that much!" Seeing that Chen Xiang and Chen Xiang's relationship was that good, Xu Dazhong was relieved.

Chen Xiang only laughed, he did not improve at all, after all, he was only preparing for the Second Divine Sense Sea.

"Oh right, you have to be careful of Fang Zitian, he will hold a grudge!" Xu Dazhong said seriously: "I will find him for a chat, and tell him not to find trouble with you!"

Chen Xiang nodded, he was not afraid of Fang Zitian at all.

"Let's go back!" Xu Youqing held Chen Xiang's hand and ran out of his place.

After walking out, Chen Xiang used teleportation to bring Xu Youqing to her house.

"So fierce, I didn't expect you to be so good at using the power of space!" Xu Youqing said in pleasant surprise, and then pulled Chen Xiang into the house.

"Young lady, what's the matter? So hasty! " Chen Xiang laughed as he gave Xu Youqing a kiss on the cheek. Xu Youqing also turned her head to his side and kissed him.

After a while, Xu Youqing bit her lips, her face slightly red, she muttered: "You actually had the heart to abandon me, and have closed up for such a long time!"

"Hehe, I'll make it up to you now!" Chen Xiang carried Xu Youqing and walked into the room ...

After she finished speaking, Xu Youqing's face was flushed red, and she looked extremely delicate and pretty, causing Chen Xiang to be unable to resist taking a light bite on her pretty face.

"What are you cultivating in seclusion?" Xu Youqing asked in a small voice as she cuddled up in Chen Xiang's embrace.

"Cultivating the Ground-suppressing immortal elephant's soul, even if I told you, you wouldn't understand." Chen Xiang said.

"The soul of the Ground-suppressing immortal elephant? I truly do not understand, but I have heard of Ground-suppressing immortal elephant! " Xu Youqing asked in surprise: "Your cultivation is related to Ground-suppressing immortal elephant?"

### [Chapter 2335](#)

Xu Youqing was very curious about the matters regarding her cultivation. Her cultivation only carried the spirit of exploration, so she knew a lot of things, and this was something that she had accumulated from going to other places to search for ancient books. It was because she knew that her own way of cultivation was unique, so she wanted to see if there were any situations similar to hers that she could learn from.

"The Ground-suppressing immortal elephant s don't seem to have much to do with each other. Where did you hear that from?" Chen Xiang asked anxiously.

"Legend has it that Ground-suppressing immortal elephant were very scary. They not only suppressed the earth, but also the hell! Quite a few people have seen the Four Divine Beasts that we are more familiar with, and Fire unicorn s of the common type are also very common! But only Ground-suppressing immortal elephant s have appeared, and not many people have witnessed it. " Xu Youqing said. At this time, Chen Xiang's hand was rubbing her chest, allowing her to gently spit.

"I heard that Ground-suppressing immortal elephant can transform into a Fire unicorn as well. What's going on?" His second Divine Sense Sea was in a similar situation. Previously, his Ground-suppressing immortal elephant had already transformed into a Fire unicorn, but now, it was hiding in the sky and there was one more Ground-suppressing immortal elephant.

"A Qilin transformed from a Ground-suppressing immortal elephant is not simple at all. It's called a heavenly Qilin, or a heaven suppressing beast, or a heaven suppressing Qilin! There are some in the Star Law Divine Realm, but they are rarely seen. It is said that their strength is extremely terrifying, and they are existences that have surpassed the Peak Divine Lord. " Xu Youqing sat up and dressed himself.

That was what the Azure Dragon had told Chen Xiang. The Fire unicorn's transformation was to become the master of the heaven, which meant that Xu Youqing's words were very reliable.

"I've read about it in an ancient book. If a Ground-suppressing immortal elephant can transform into a Heavenly Kylin, then that means they have comprehended the Heavenly Dao, become a Heavenly beast, and guard the Heavenly Dao!" Xu Youqing said, "And Ground-suppressing immortal elephant s in reality guard the hell of an entire world, so they are rarely seen. But generally speaking, the Heavenly Qilin and the Ground-suppressing immortal elephant exist at the same time, and they can also be fused together. "

Chen Xiang nodded his head, "So there are so many stories behind this!"

Xu Youqing laughed tenderly: "I did according to what you said, I am now starting to gain some insights from cultivating the second Divine Sense Sea, because this method is feasible!"

"No wonder you're so happy!" Chen Xiang brought her over and kissed her again.

"Yuqing, come with me. I can't bear to see you!" Chen Xiang said as he held her in his arms.

"Well, I don't want to leave you either!" Xu Youqing had already accepted Chen Xiang, and she was even more reluctant than Chen Xiang to part with him now.

Chen Xiang and Xu Youqing finished dressing themselves, and went to look for Xu Dazhong.

... ..

"Are you bringing it to the Wang Ancient Heavenly Star? I am worried that she will be exposed there. The two old fellows of Wang Ancient Heavenly Star are extremely fearful of me, if my daughter were to appear there, she would definitely come to argue with me again." Xu Dazhong said.

"Father-in-law, you don't have to worry, they will not find you!" Chen Xiang laughed.

"Alright, you guys have to be careful!" Xu Dazhong nodded and agreed.

"Oh right, father-in-law, do you know about the matter of Undead Divine Race being killed?" Chen Xiang also wanted to know more about this matter.

"Of course I know, but I did not participate in this kind of thing. This is not a good thing, it's the doing of those people who are about to die!" This bunch of bastards, do they really think that Four Divine Races is a pushover? If Four Divine Races comes in the future to take revenge on me, I might have to hide." When this matter was mentioned, Xu Dazhong was extremely furious.

"Oh? Four Divine Races is very strong?" Chen Xiang never thought that Xu Dazhong would actually think this way.

"Of course it's strong. To tell you the truth, these god clans already existed before the Star Law Divine Realm even appeared, what do you think? However, I know that there are many branches in these God Tribes, and the Star Law Divine Realm is just one of them. They were sent here a long time ago, so they should have a mission." Xu Dazhong said.

Chen Xiang immediately thought of the seal below the Everlasting Mountain. Only the Four Divine Races could reinforce the seal together, could this be the Four Divine Races's mission?

After telling Xu Dazhong what to do, Chen Xiang brought Xu Youqing and left. He let Xu Youqing enter his Serene Jade Ring, and he had Yue'er inside to accompany her. She would definitely not be alone.

Cat was the same as Chen Xiang, they both liked beautiful girls, and when they saw beauties, they would want to get close to them. In addition to her cute acting, Xu Youqing quickly liked her.

Chen Xiang left for half a year, and finally returned to the Cang Cloud City's Villa. Wu Zhi also returned!

The reason Wu Zhi left earlier was to look for the elders of the Undead Divine Race. Now, it seems like he had already found them and brought back a lot of important information.

When Chen Xiang returned, he even found out that Ge Long was also looking for him. had even waited for three months, and was currently waiting for him at the hotel in the city.

After returning to the Villa, Chen Xiang also allowed Xu Youqing to come out, and even allowed her to take him for a walk around the place. At the beginning, Xu Youqing had thought that Feng Wu was Chen Xiang's wife, and called him big sister instead.

Feng Wu also didn't think that Chen Xiang would actually marry the daughter of the Zi Yuan Leader after going to the Purple Yuan Sect for a trip!

When Chen Xiang returned, he immediately went to find Wu Zhi and Dai Donggong. Soon after, Huang Jintian and Huang Yantian also came, and they all gathered together for a meeting.

"Let that little cat out!" Wu Zhi said, and Yue'er came out of the ring.

"Did you see my grandma?" Yue'er anxiously asked, as Dai Donggong knew a lot about Yue'er's situation, it was all told to him by Wu Zhi.

"I've seen her. She's doing very well right now. She might come here after a while, but that's only a possibility." Wu Zhi said: "This was given to you by her. If you want to see her, there's a way to find her on this list."

Wu Zhi passed Yue'er a pearl, which Yue'er nodded and stored into her own Storage magic treasure.

"Elder Wu, how is the matter regarding the seal?" Chen Xiang asked.

"Regarding that seal ... Very troublesome, because there are too few Undead Divine Races, at that time we might not be able to complete the strengthening seal! Right now, the elder is already thinking of a way. It is said that she wants to call a group of people from other places. " Wu Zhi said.

"Don't tell me this is just a branch?" Huang Jintian said, he took out the Tianyan god record and flipped through it, frowning: "My Tianyan god record is actually not complete, and there are still less in front! I only found out about it today! "

"We should have ancestors. We can only wait for the elder to succeed." Wu Zhi said: "The elders have told us that we must protect that seal well, because that seal is very weak."

Dai Donggong said: "Then do you know what's underneath the seal?"

Wu Zhi shook her head: "The elder is unwilling to say, she only said that if the seal is not there, the Star Law Divine Realm will become hell."

### [Chapter 2336](#)

Previously, when Chen Xiang asked Xu Dazhong about Four Divine Races, he already knew that Four Divine Races was only a branch family.

"Looks like the Everlasting Mountain is very important right now!" Chen Xiang had originally planned to take down the Everlasting Mountain, but if there was a conflict, it might affect the seal, causing him to have no choice but to give up his original plan.

Wu Zhi and the others also decided to continue their development until they found a chance to take down the Everlasting Mountain. Since they had such a seal, of course they had to grasp it by themselves.

After the meeting, Chen Xiang immediately ran to a hotel in Cang Cloud City to look for Ge Long.

Ge Long's position in the Divine Dragon Race was very high, he could decide many things!

"Brother Shen, we've finally found you!" When Ge Long opened the door, he saw Chen Xiang, and immediately pulled him in.

"What's so urgent?" I actually made you wait three months! " Chen Xiang said in shock.

"It's that big heavenly star! Something incredible is happening there!" Ge Long said with a worried look on his face, "After the Divine Dragon Race moved to that place, a very terrifying person appeared. He sealed the entire Divine Dragon Race, and as long as it was a dragon, it would be trapped by him.

"There's actually such a thing!" Chen Xiang frowned: "Is it really that urgent? I have something to take care of here. If you are not in a hurry, I will make arrangements to go over with you to take a look! "

"It's not urgent, it's just that it's very comfortable for Divine Dragon Race to be trapped in one place!" Ge Long said: "It was a little girl called Long Peijin who told me that only you could save them! I must say, Brother Shen, your charm is truly not small. "

Chen Xiang laughed dryly, he was the one who suggested the move over to Divine Dragon Race, now that there are problems up there, he had to go and help.

He returned to the Villa, bid his farewells to Xu Youqing, and then left to refine pills. Just now, Dai Donggong had also reported to him about the speed at which disciples were improving, which was extremely fast, especially in terms of Bones! In the past half year, he had used up most of the Bone level Dan, so he needed to refine some of them now.

After he refined it for more than ten days, he gave a small batch to Dai Donggong, and then went to find Xu Youqing.

"You Qing, are you used to this place?" asked. He had just come back and was busy concocting pills, he felt somewhat ashamed of Xu Youqing.

"Not bad, with Feng Wu accompanying me, you don't have to worry about me!" Xu Youqing only found out in the last ten days that Chen Xiang was actually an extremely heaven-defying Pill God, who could easily refine Bone level Dan, so she understood that Chen Xiang could not accompany her, and she did not blame Chen Xiang either.

She only thought that Chen Xiang's way of cultivation was unique and had the strength of the Peak Divine Lord, but she never thought that Chen Xiang was actually a very terrifying Pill God. He alone could provide many people with the required Bone level Dan, and could even refine King grade s and pellets!

This was what Feng Wu had told Xu Youqing!

"I'm really sorry for leaving you alone!" Chen Xiang kissed her forehead and sighed: "I'm going to run to another place after a while. Do you want to enter the ring and come with me?"

"Mm, I'll go with you!" Xu Youqing held Chen Xiang, and lightly snorted. "You're actually a Pill God, and you didn't even tell me!"

"I... I forgot! " Chen Xiang laughed.

"So powerful... Husband, are the other women used to you not being with them? " Xu Youqing asked softly.

"Hmm, I'm not by their side often, and it's hundreds, or even thousands of years!" Chen Xiang said: "I'll bring them over after a while. When the time comes, you won't be so bored when you're together with them!"

"Alright!" Xu Youqing stood up on his tiptoes, kissed Chen Xiang on the mouth, and then kissed on the bed ...

After a few rounds, the two of them soundly slept. The next day, Chen Xiang woke up and allowed Xu Youqing to enter his Serene Jade Ring, before he went to look for Ge Long.

Ge Long often went back to the Great Heavenly Star, so he was very familiar with it as well.

"Brother Ge, is that guy human or beast? to actually be able to trap the entire Divine Dragon Race! " Chen Xiang said, the Divine Dragon Race was not weak, those Peak Divine Lord were stronger than human beings, but their numbers were few, so they were unable to fight against the Peak Divine Lord that the Star Law Divine Realm had teamed up with.

"I don't know. What I saw was a person. He casually released a very powerful Spirit Formation." Ge Long said: "This barrier is also very special, it seems to have been specially created for us Divine Dragon Race. It only seals the dragon, so humans will not be affected and can easily enter and exit."

In merely three days, Chen Xiang and Ge Long arrived at the Great Heavenly Star, the place where the Divine Dragon Race was trapped.

Chen Xiang had also met with many older dragons. The Dragon Clan's Clan Chief and a few Dragon Clan Peak Divine Lord s did not dare to underestimate Chen Xiang, because the Black dragon flower poison among them was undid by Chen Xiang himself. Furthermore, he had even killed the Evil Spirit Emperor that had pained them greatly, and obtained the recognition of the Azure Dragon.

"That fellow's flames are extremely terrifying, and they also have a type of great Dao power. He should be able to grasp the laws of fire." This was a very amiable old man.

"Could it be the Earthly beast?" Chen Xiang frowned: "The flames are so powerful, I should only be able to use Earthly beast s!"

"We don't know either. In short, we didn't even have the chance to fight him before he trapped us here. He didn't even say anything to us!" Divine Dragon Race let out a long sigh: "His strength is very scary, I think we've met a guy who surpassed the Peak Divine Lord realm."

Although Divine Dragon Race was trapped inside a barrier, they normally were not affected at all. They just felt a little depressed, and at the same time, they were extremely worried that they would be killed.

"When he released this Spirit Formation, it never appeared again. No matter how we shouted, he never appeared." The Divine Dragon Race leader said.

On the way here, Xu Youqing had also heard a lot of things about the Great Star Realm from Yue'er. She was also very happy when she found out about Chen Xiang's adventure, as long as it was something related to Chen Xiang, she would like to hear them. On the way there, she would also listen to them with interest, this would allow her to understand Chen Xiang better.

Now that she heard about the enchantment from the Yin Yao Ring, she was suddenly curious and said to Chen Xiang: "Husband, can you let me see the enchantment! If the Spirit Formation can be broken through, that guy might just appear. "

Xu Youqing possessed the power of the curse, and was extremely familiar with enchantments. Since he was not in Star Law Divine Realm, Chen Xiang did not need to worry about Xu Youqing being discovered when he was together with him, so he could feel at ease and allow Xu Youqing to come out.

When Xu Youqing came out, he immediately asked the Divine Dragon Race to bring her to the edge of the barrier.

Knowing that the woman was Chen Xiang's wife and had to look at the enchantment, they all thought that Xu Youqing could break through the enchantment, hence they were all respectful towards him.

Xu Youqing opened her jade palm, releasing a ball of pale white mist. Closing her eyes, she allowed the ball of white mist to float at the side of the barrier.

"Chen Xiang, is she your wife?" Long Peijin suddenly said to Chen Xiang, because she saw that Xu Youqing had used the white power, and looked like Xu Youqing was very powerful too.

"No, she's a human! My white dragon wife isn't that quiet. " Chen Xiang replied with a smile.

Not long later, Xu Youqing's white mist suddenly turned purple, and then exploded!

"What's going on?" Chen Xiang anxiously walked over and protected him.

"No problem, I was just trying to see what the energy source of this enchantment is!" I never thought that it would be the power of a curse, moreover it's the power of a purple profound curse, this is an extremely terrifying power, and the scope is so large, the ones being cursed are even so many powerful divine dragons! " Xu Youqing said, "So after he placed this curse on himself, his body's damage was also very serious. He had been resting during this period of time, and that's why he did not appear."

### [Chapter 2337](#)

The old dragons of Divine Dragon Race had also heard of the power of curses. They immediately understood that the other party was only cursing them, the dragons, so the draconians like Ge Long were not affected at all.

Why did you have to deal with these dragons? The dragon race that guarded the Azure Dragon Tomb had arrived here a long time ago, but the enemy was only the Evil Spirit Race, they had never encountered this kind of thing.

They met the Divine Dragon Race not long after they moved to this place, and during this period of time, no one else entered the Great Heavenly Star. Because the formation switch that enveloped the Great Heavenly Star was in the hands of the Divine Dragon Race, it was not easy for anyone else to enter.

In other words, the person who used the power of the curse to trap the Divine Dragon Race was within this Great Heavenly Star, and he had been hiding here for a long time.

"Little miss, then do you have a way to remove this curse?" The head of the Divine Dragon Race asked. "Could it be that this Great Heavenly Star already has a master, and it has only awakened during this period of time?"

This Divine Dragon Race was more good-natured, and didn't have the domineering aura of a Divine Dragon. It was no wonder that they were poisoned, these old dragons were probably used to living a life where there was no conflict, thus their vigilance was greatly reduced, and they were poisoned by the Black dragon flower poison.

"I'm not sure yet, but I have to give it a try!" Xu Youqing shook her head, she didn't dare be sure either.

She closed her eyes and opened her palm, releasing a white mist. This mist floated out and emitted many threads of white light that touched the invisible barrier.

Chen Xiang only knew that Xu Youqing knew how to cast all kinds of strange curses, but he didn't know that she also knew how to remove curses.

When the Divine Dragon Race saw the power Xu Youqing had released, he said in a low voice in shock, "This seems to be the power of a curse, this is an extremely strange power! Generally speaking, when using the power of the curse, one would have to sacrifice to obtain it! But with the Heavenly Sacred Art and the Great Curse Technique, it would be extremely easy to use the power of the curse, and the power of the Divine Sense Sea could be converted into it. "

Chen Xiang frowned and asked, "What's wrong with that? Your Divine Dragon Race is also considered to be a Heavenly God Tribe. Your dragon is a Heavenly beast, you don't have that kind of ability?"

"Yes, but not everyone can have it! For example, I have one, so I am currently the Clan Leader. The Azure Dragon also has a Heavenly Dao technique, so he became one of the Four-sided Divine Beasts. " The Divine Dragon Race leader said.

Chen Xiang thought about Yue'er, that little kitten. She also had that kind of Inherent Skill, which was extremely powerful.

Not long after, the ground shook slightly and Xu Youqing let out a light sigh. His face was covered with sweat and he looked extremely exhausted.

"It broke open!" Xu Youqing laughed lightly: "I never thought that it would actually succeed, this curse is really powerful."

No one knew what Xu Youqing had done, but they all knew that she had done wrong. <http://www.qingkan5.com> What are you going to do about it? br/>

"You've worked hard, rest well!" Chen Xiang allowed her to enter into the ring.

The curse has already been broken, the person who placed the curse on him will definitely know that he will appear soon, and then he will know who he is, and why he has to deal with Divine Dragon Race.

Just as Xu Youqing entered the ring, he sensed a scorching Qi, causing the Divine Dragon Race to change his expression, and said solemnly: "They're coming, get ready to fight!"

Chen Xiang clenched his fists tightly and took out the Heavenly magic sword. Once the curse was broken, the one who placed the curse on him came immediately, it could be seen that the other party was also very surprised and curious, wanting to see how his powerful curse was broken.

"Yue'er, do you know where this guy comes from?" Chen Xiang hurriedly asked Yue'er, to see if he could detect her presence.

Yue'er said: "If I'm not mistaken, this guy could be a Qilin, and might even be one of the Earthly beast here!"

The Great Heavenly Star is so huge, there are even more of them than the Star Law Divine Realm's Heavenly Star Realm, so of course the Earthly beast here are also very strong!

However, when Chen Xiang was merging with the Azure Dragon's memories, he never knew that there was a Earthly beast here!

Although the other party's aura had already spread over, it had not appeared for a long time. Chen Xiang and the others were all anxiously waiting.

Chen Xiang also took the opportunity to communicate with the Azure Dragon divine soul inside his Divine Deity, but the other party did not give him any response. The Azure Dragon had previously said, he would sometimes fall into a deep sleep and it would be difficult to wake him up.

"It really does look a little like Huo Lin's aura. Could it be that this guy really is a Fire unicorn?" Chen Xiang thought to himself.

"Senior, have you guys come into contact with the Fire unicorn before? I feel that this aura is a little like the aura of a Qilin!" Chen Xiang said.

"This... It's a little, but I was very familiar with a Heavenly Star Earthly beast. That guy is a Qilin, and I'm quite familiar with its aura! Right now, this guy only has a bit of the aura of a Qilin, but it's not completely the same. " The Divine Dragon Race leader said.

Yue'er also only felt that it was a little Qilin, but it was only that much. If there was a very strong Qilin aura, then they would not be able to accept it. <http://www.qingkan5.com> "Tatarget =" blank" > [www.qingkan5.com](http://www.qingkan5.com). " br/>

Chen Xiang's expression became gloomy, he looked at the direction that the Qi was coming from, and sensed the Qi, feeling shocked in his heart, because the opponent's strength was increasing nonstop, and was releasing a terrifying pressure.

"Humph!"

A low groan suddenly came from the sky as Chen Xiang's knees suddenly bent and he almost kneeled down. The patriarchs of the Divine Dragon Race and the few other Divine Dragon Race s beside them all kneeled down, while Long Peijin, Long Lin, Long Qing and the other juniors struggled on the ground.

This terrifying pressure suddenly attacked, causing the blood in Chen Xiang's body to churn, he almost vomited blood. The old dragons beside him who were stubbornly holding on all had blood flowing out of the corners of their mouths.

Right now, only Chen Xiang could stand!

"This guy ..." It seems that someone who has surpassed the Peak Divine Lord realm has finally met with such a guy! "

Chen Xiang looked at the sky and saw a middle aged man dressed in black armor, with a red cape fluttering behind him. He had his hands folded across his chest and floated in the air, his handsome and imposing face had a tinge of anger, he was staring straight at Chen Xiang.

"Chen Xiang, how did you enrage this guy?" The voice of the green dragon suddenly sounded in Chen Xiang's mind, waking the sleeping green dragon up.

"He cursed the Divine Dragon Race. I broke his curse and became like this!" Chen Xiang said: "Senior, do you know who this is? Why are they so terrifying?!"

### [Chapter 2338](#)

Just now, when the Azure Dragon said that, he knew that the Azure Dragon must have recognized him. His voice just now contained a trace of fear.

"I do. He is born from the combination of the Heavenly God Dragon and the Heavenly Dao Kirin. The Earthly beast of this great sky star is a heavenly qilin, it's a female. It was because a Heavenly God Dragon had come here by chance and fallen in love with the Heavenly Kylin at first sight! However, they angered the Earth's Core Divine Spirit by doing so. " The green dragon said.

Chen Xiang was extremely shocked in his heart. The extremely rare Sky Kylin was actually this Heavenly Star's Earthly beast!

"And then?" Chen Xiang asked.

"Later on, they were both sent to the Heavenly Dao Hell. However, before that, they gave birth to a son. It was this fellow!" The green dragon replied, "Originally, he was going to be punished, but for some reason, he is safe and sound. I thought he had hidden away, but I never expected that he has always been on this planet."

"How strong is he?" Chen Xiang asked again.

"Very strong. It has already exceeded my knowledge." The Azure Dragon said, "Be careful!"

Chen Xiang took a deep breath, and said to the Dragon kylin in the sky: "Senior, how have we offended you? I made you so angry! "

"You are all lackeys of the Heavenly Dao. I can kill you all just because of this. However, I have never liked killing people. I only wanted to imprison you for a lifetime. Who would have thought that you would dare to resist me and break my curse?" The middle-aged man's voice was cold and emotionless.

Because he knew about the other party's background, Chen Xiang immediately understood that his parents had been sent to hell by the Dragon kylin!

Chen Xiang simply did not know what the Heavenly Dao was. The Azure Dragon only knew a general idea.

"Senior, you misunderstand!" Chen Xiang said. The Dragon kylin's pressure was still not reduced at all, and the other little dragons were being pressured very hard.

"You're not from the Heavenly Dao God Tribe, you're just a human?" The Dragon kylin knew that Chen Xiang was not simple, otherwise it would be impossible for him to stand. Those old dragons beside Chen Xiang were all from the Peak Divine Lord, but they could only kneel now.

"Senior, if you have something to say, we can talk about it. You don't want to think that the Heavenly Dao is so unreasonable, right?" Chen Xiang said. He himself found it hard to persevere, this Dragon kylin was indeed very terrifying.

"Humph!" The Dragon kylin withdrew her power and the group of Divine Dragons immediately felt much more comfortable.

"This is my place, get out!" The Dragon kylin swept his gaze over the group of dragons and said coldly: "Otherwise, I will kill all of you!"

The Dragon kylin's heart was not bad, if not he would have started killing long ago. He had said before that he did not like killing!

"Could it be that our Divine Dragon Race has offended senior?" Divine Dragon Race heaved a long sigh.

"That is true. However, you all are born of the Heavenly Law. As for the Heavenly Law, it is my enemy." The Dragon kylin said.

"Who is the Heavenly Dao?" Chen Xiang said: "I'm afraid I have never seen these dragons before. If we say that they are born from the heavens, then among all the living beings in the world, who are not born from the heavens?"

"That's right. I was also born from the heavens' law, but since the heavens' law owes me, I will destroy it!" The Dragon kylin said.

"In that case, you should not use the power bestowed to you by the Heavenly Law to deal with us. As long as you are here, the power you use will be inextricably linked to the Heavenly Law." Chen Xiang said. Just as he finished speaking, the Dragon kylin grabbed his throat.

Fortunately, Chen Xiang's neck was very hard and did not break in an instant!

"I'm not talking nonsense with you guys, are you guys going or not? "If you don't leave, I will start a massacre!" Dragon kylin could not win against Chen Xiang, and shouted angrily.

"You should think about it carefully. Your parents were punished, so how are you still alive? Furthermore, to possess such frightening power, if the Heavenly Law is truly as cold, heartless and bloodthirsty as you think, you should have already died long ago. " Chen Xiang said, he was not afraid, so he decided to reveal everything he knew.

"You ... Just who are you? You actually know about this? Are you also a lackey of the Heavenly Dao? " The Dragon kylin released Chen Xiang, and was a little surprised. Chen Xiang was indeed a little special, she was already a little strong, and knew a lot of things.

Chen Xiang also felt that the things that had happened to Dragon kylin's parents were a little strange. Because he had experienced many such mysterious things, he was able to piece together many parts of the story.

Just now, the green dragon had said that Dragon kylin's parents had been sent to hell, and as far as he knew, the qilin in hell would turn into a Ground-suppressing immortal elephant, able to suppress hell itself! The Heavenly Kylin was originally a Ground-suppressing immortal elephant, but because hell was calm, it decided to retreat and become a Heavenly Kylin, becoming a Earthly beast on this big sky star.

That was why the Sky Kylin was sent to hell. At that time, the Sky Kylin had already fallen in love with a Sky God Dragon, and because of that, they went together, making the Dragon kylin a Earthly beast. No one knew who told him that his parents had been sent to hell by the Heavenly Dao, but no matter what, he must have received the wrong information.

Chen Xiang suspected that the information obtained by the Azure Dragon was probably the same as the Sky Kylin.

"Let me ask you this. Who told you that your parents have been sent to hell by the Heavenly Dao?" Chen Xiang asked immediately.

"All in all, I just know. I don't need anyone to tell me!" Before answering, the Dragon kylin paused a little, and it was obvious that he had thought about it at that time.

The green dragon then told Chen Xiang: "This was something that a mysterious old man told me. Back then, he also told me that there was a Heavenly Star here, and even the formation to seal this Heavenly Star was taught to me by him!"

Chen Xiang immediately understood that the old man was the key!

"Hmph, if they are not the lackeys of the Heavenly Dao, why would they seal me here? Imprisoning me for life? I was already sealed in the earth's core. If it wasn't for the fact that the seal's power was weakened, I wouldn't have been able to come out. " The Dragon kylin bellowed.

The seal weakened? Chen Xiang and the others had been to the Core of the Earth before, but they had never touched any kind of seal!

"Could it be..." Chen Xiang thought of the Evil Spirit Race. The presence of the Evil Spirit Race had given rise to a certain power to seal this Dragon kylin, and the Dragon kylin must have been sealed for many years. Furthermore, it had existed in the heart of the earth.

"Did an old man run to the center of the earth to tell you all this?" Chen Xiang asked.

The Dragon kylin stopped talking. He was thinking, how did Chen Xiang know?

"Firstly, the formation that sealed you was not set up by the Divine Dragon Race, but the one that sealed the Heavenly Star. This is also to protect the Heavenly Star from being discovered, and it can be unsealed anytime now." Chen Xiang said: "The reason why you were able to break open the seal and exit was because we had previously killed a clan called the Evil Spirit Race.

Chen Xiang quickly settled the matter!

When the Azure Dragon was first called to this place by an old man, this old man definitely knew that the Azure Dragon was going to die, so he let the Azure Dragon die here. At the same time, he also taught the Azure Dragon how to control the Evil Spirit Race and help him build a mausoleum. It was just that this old man did not expect the Azure Dragon to call a group of dragons to watch over his mausoleum, and the Azure Dragon had also relied on an extremely powerful force to support his divine soul.

The Evil Spirit Race here must have been called here by the old man, and the mysterious old man thought that if the Azure Dragon died here, the Evil Spirit Race would be able to devour the Azure Dragon's soul and become stronger. This way, the Evil Spirit Race he reared would be able to become extremely powerful, and would be able to control the Dragon kylin that he sealed here!

When the Dragon kylin was young, it was definitely sealed by this old man. Furthermore, it had been instilled with negative thoughts by this old man since young, causing the Dragon kylin to hate the heavens!

When the strength of the Dragon kylin reaches a certain level, the mysterious old man will come to save the Dragon kylin and then fight against the Heavenly Dao together with it. This also means that this mysterious old man and the Heavenly Dao have a very deep grudge!

#### [Chapter 2339](#)

The more Chen Xiang thought about it, the more he felt that it was terrifying, because he thought about how the Star Law Divine Realm s were about to die, how they knew that the Undead Divine Race could be used to increase their lifespan, there must have been someone secretly informing them.

The mysterious old man's plan went very smoothly. It could be seen that the Heavenly Dao was powerless to stop him. Something must have happened.

After that, Chen Xiang revealed his speculations, he did not have time to think about the secrets beneath the Everlasting Mountain, and secretly used a black hand to break the seal below the Everlasting Mountain, furthermore everything was going smoothly.

After hearing what Chen Xiang said, Yue'er and Xu Youqing who was in the ring were extremely shocked. Undead Divine Race's clan being exterminated, there was actually such a shady scene.

"Do you understand now? The seal here was laid down by the mysterious old man in the Azure Dragon School. I've also described that old man's appearance, and it should be exactly the same as the one you saw." Chen Xiang said: "The Evil Spirit Race was placed here by him, the power of the Evil Spirit Race can strengthen the seal on you, if we did not eliminate the Evil Spirit Race, you would not be able to come out now."

The Dragon kylin was not stupid, he did not completely believe Chen Xiang's words, but he was still filled with doubts towards the old man.

"I will find out about this matter. I will go ask the old man right away." The Dragon kylin said, then disappeared in a flash.

Chen Xiang's expression became serious, and said: "The mysterious old man is still here, but it looks like it's just a strand of divine will, if not he would have killed us already."

"The seal below Everlasting Mountain ... Without the Undead Divine Race, our four clans will not be able to work together to strengthen them. Previously, when we were strengthening them, we had many powerful elders, but it was all very difficult. Only he and a few of the prison elders knew about this.

"Is your mission in the Star Law Divine Realm to guard that seal?" Chen Xiang asked.

"Yes, we don't know when the seal will be released either. If it is released, all of Four Divine Races will be able to sense it." The leader of the Divine Dragon Race said: "The person who should understand the seal the most should be the patriarch of the Undead Divine Race, but he is already dead."

The important clan elders of Undead Divine Race were still around, which was Yue Er's grandmother. However, she didn't know much about it, and the only clan head who knew many secrets was captured and refined.

Suddenly, Chen Xiang shouted: "That guy is coming again."

The Dragon kylin really did come, and it was not by himself either, but with an old man. This old man was wearing a grey robe, his hair was a bit yellow, his face was full of wrinkles, and he was short and thin, just like the green dragon described.

Seeing this old man, Chen Xiang was extremely vigilant. It was just as he had guessed, this was just a strand of divine soul, but it was not weak at all.

"Who are you? Did that guy send you? It's been a long time since I've seen such a powerful human." The old man looked at Chen Xiang for a long while before he spoke.

"No, I just experienced a lot of things, so I saw through your schemes." Chen Xiang said.

"Ren Xin, kill this human." The old man said, "He was sent by the Heavenly Dao. If you want to see your parents, you have to break the seal on the Everlasting Mountain before you can enter the Heavenly Dao Hell. That is your only way.

"The human in front of you, as well as this group of dragons, must protect that seal. Only by killing them will you be able to save your parents."

The Dragon kylin's name was actually Ren Xin. It was unknown if it was given to him by his parents or not.

If you open the seal, it might affect her. Whether or not your parents get sent to the Heavenly Law Palace is only a one-sided story of this old man. He can't come up with any evidence, so don't fall into his trap. Chen Xiang said, he had already secretly activated the Chuangshi god furnace.

Ren Xin looked at Chen Xiang, and at the same time, Chen Xiang was also looking at him. For some reason, Ren Xin suddenly felt a very intimate aura from Chen Xiang's body.

Chen Xiang's heart moved, he anxiously controlled the Ground-suppressing immortal elephant's soul inside his Bones and released waves after waves of weak Qi, through the Bones in his eyes, it was transferred to Ren Xin's Divine Sense Sea.

Not knowing why, Chen Xiang suddenly felt that he had lost control of himself. The Ground-suppressing immortal elephant's soul inside his Bones continued to roar, and of course, only he and Ren Xin could hear it.

Ren Xin's fist suddenly burned with fire, and after the old man saw it, his mouth curved into a smile, because Ren Xin was about to make his move.

Chen Xiang also summoned out his Heavenly magic sword, and the palm holding onto the sword hilt started sweating. Ren Xin's strength was very strong, so of course he wasn't his opponent.

"Ren Xin, kill him." The elder shouted with a pleased look on his face.

Ren Xin fiercely punched out, smashing onto the body of the mysterious elder, turning the lower half of the elder's body into pieces.

Chen Xiang and the others were stunned, the target of the Dragon kylin was not Chen Xiang, but the old man.

"Ren Xin... "Why are you ..." Before the old man finished speaking, Ren Xin had already pinched his head.

"Because you've lied to me for so many years. Go and die. Don't worry, I will definitely attack your lair and destroy your real body." Ren Xin suddenly knew a lot of things, he sneered, and with a grab, he crushed the old man's head.

Chen Xiang heaved a sigh of relief. He guessed that his Ground-suppressing immortal elephant's soul might have had a reaction to Ren Xin's mother, and that the Heavenly Kylin had passed the truth to his son. That was the reason why Ren Xin changed so much.

"Senior, did your mother tell you a lot of things?" Chen Xiang asked.

Ren Xin nodded, and patted Chen Xiang's shoulders: "Thank you, otherwise I would have been tricked by this old thing."

"Can you tell me what you know?" Chen Xiang asked.

Divine Dragon Race and the others were relieved, the misunderstanding had already been resolved, and they could continue staying here.

"The Heavenly Dao is dead, the Heavenly Dao is in chaos, and the only way out of the Heavenly Dao is under the Everlasting Mountain." Ren Xin's expression became serious.

"What's beneath the Heavenly Dao hell?" Chen Xiang sighed, he was afraid that he would not be able to keep the seal.

"My mother didn't tell me. He just told me to stay far away from the Star Law Divine Realm." Ren Xin shook his head.

"The Heavenly Dao actually died?! Why haven't we been affected?!" Chen Xiang said.

"We have already been affected for many years by the Heavenly Dao to maintain order. However, once the Heavenly Dao dies, order begins to become chaotic. For example ... The Undead Divine Race that

you spoke of earlier was exterminated, and with the seal broken later on, the ghost from hell escaped. " Ren Xin said.

#### [Chapter 2340](#)

Chen Xiang did not know what kind of existence the Heavenly Dao was, so he did not understand the concept of the Heavenly Dao dying. However, he felt that the Heavenly Dao should not die, it had already become a power, living forever within the six paths.

"Senior, what are your plans after this?" Chen Xiang asked. Ren Xin was so powerful, he could be said to be an invincible existence in the Star Law Divine Realm.

"I want to continue cultivating, my strength is not enough, if one day, the seal below the Everlasting Mountain is broken, then the things that come out will be extremely terrifying, with my current strength, there is no way to deal with them." Ren Xin said, "You guys are the same too. Although you are part of the god race, when that group of people come out, you will be their first target."

Even the Divine Dragon Race's Dragons were shocked. If even Ren Xin had said that he was very weak, then their Divine Dragon Race would have no way of resisting those things.

"Senior, I have a request." Chen Xiang suddenly said.

"What is it?" Ren Xin was extremely grateful to Chen Xiang in his heart. He knew a lot of things, otherwise, he would have definitely helped since he was still in the dark.

Chen Xiang sent a sound transmission to Ren Xin, and said, "I still lack the Heaven Kylin's divine soul, I wonder if Senior has a way to help me."

Of course, it was not impossible for him to cultivate the Heavenly Qilin's soul, it was just that it would take a lot of time. If Ren Xin could help him, it would save him a lot of time and trouble.

After Ren Xin pondered for a while, a ball of red fire suddenly condensed out from his palm. With a roar, the ball of fire turned into a red bead.

"Take it." Ren Xin passed it to Chen Xiang, then patted his shoulder. "You are not simple, I hope that you can grow to my level, it will be difficult for a human to cultivate to your level."

"I will." Chen Xiang laughed and kept the fiery-red pearl. That was the Heaven Kylin's divine soul.

"Alright." After Ren Xin finished speaking, he transformed into a ray of fiery light and rushed into the sky, disappearing without a trace.

Ren Xin was still inside this Heavenly Star, but he was hidden at the bottom of the heart, where he could quickly obtain rich energy to cultivate.

The matter was successfully resolved, but Chen Xiang and the others were not happy. The seal underneath the Everlasting Mountain worried them greatly.

Chen Xiang had originally planned to build his own force in Everlasting Mountain, but now it seems that it was extremely dangerous. Divine Dragon Race's mission was to protect the seal, if it was released, he would ally with the other God Tribes and strengthen them.

Previously, Wu Zhi had brought back some news, saying that the other branches of the Undead Divine Race had already rushed over, and would help strengthen them when the time comes. However, this was only a possibility, because Wu Zhi was not sure if he would actually come at that time.

In order to thank Chen Xiang, the Divine Dragon Race had asked Ge Long to gift him many of those Bone level fruit. Now, Chen Xiang had a total of a thousand.

Refining the Bone level fruit into a pill was also a big goal for Chen Xiang, but he was busy right now and did not have the time to worry about it.

When Chen Xiang and Ge Long returned to the Star Law Divine Realm, Yue'er asked Chen Xiang to bring her to find the elder of the Undead Divine Race, who was her grandmother.

"That place is pretty secretive, but with me leading the way, you'll find it easily. When you enter, you should be a bit more polite, so as to avoid any conflicts." Yue Er said.

Only a small portion of the scattered Undead Divine Race s managed to escape the calamity of having their entire race destroyed.

Under Yue'er's guidance, Chen Xiang spent an entire month before finding the hiding place of the Undead Divine Race, which was actually in the middle of a small dead star. Moreover, this dead star would even move regularly, and only Yue'er, who was familiar with the trajectory of the stars, could roughly guess where the stars would fly to.

"It's right on top of this planet. You should go up and take a look." Yue Er said.

Chen Xiang landed on this small star. The light here was extremely dim and the ground was filled with ice-cold broken stones without any signs of life. Undead Divine Race was actually hiding in this kind of place.

"I'll try to contact my grandmother first." Yue'er flew out from the ring, using her method to communicate with her grandmother.

Not long after, Chen Xiang felt a trace of a weak aura, and he immediately became vigilant.

"It's my grandmother." Yue'er hurriedly said to Chen Xiang.

Just as she finished speaking, an old granny wearing a black robe with a benevolent expression appeared in front of Chen Xiang.

"Grandmother." Yue Er excitedly shouted and flew over. The old granny immediately hugged her and tenderly caressed the fur on her back.

Yue'er's grandmother was currently the strongest elder in Undead Divine Race, her name was Lu Lianyin, and she seemed to be a very robust old granny.

"Grandma, are you alright?" Yue'er caressed Lu Lianyin's face and asked worriedly.

"As long as you're fine, you don't have to worry about grandma." Lu Lianyin chuckled and said: "It's really good to be able to see you again. I have them help you calculate using the Heaven extended method every now and then, and seeing that you're still here, I'm worried to death."

Yue'er laughed. "I also have the bloodline of the Undead Divine Race, how can I die so easily."

Lu Lianyin pinched her little head, then looked at Chen Xiang and smiled amiably: "You must be Chen Xiang, I have heard Little Wu mention you before."

"Grandma, I was only able to come back because Chen Xiang helped me. He treats me so well, and he's also very powerful." She did not wish for Undead Divine Race to be prejudiced against Chen Xiang.

"Yes, Grandma knows. Let's go somewhere else to talk." Lu Lianyin carried Yue'er as he brought Chen Xiang to the deepest part of this small star.

When Chen Xiang came down, he realized that there were only about 10 people here, all of them were old people, and the Undead Divine Race only had so few people left.

"Grandma, will any other Undead Divine Race come here to help? I heard that if we don't reinforce the seal, the things inside will come out and be destroyed." Yue Er said.

"I only contacted them. Although they responded, they were not certain whether they would come or not, nor did they give a very definite answer." Lu Lianyin sighed: "Now we can only wait, furthermore, if our Four Divine Races appears in Everlasting Mountain, those fellows will definitely come and fight us."

"Hmph, it seems like the seal on the Everlasting Mountain will not be strengthened any longer. Let the things inside come out and punish those fellows." Yue'er tenderly snorted. "We'll protect ourselves."

"Protecting that seal is our mission, and the only thing doing harm to us is that group of fellows. There are many innocent and kind people in the Star Law Divine Realm, there were also many people who tried to help us secretly back then." Lu Lianyin said as he touched Yue'er.

"Senior, it's not good for you to stay in this sort of place. Have you considered changing places?" Chen Xiang said, then he asked Yue'er to tell him about the Great Heavenly Star that the Divine Dragon Race was on.

Yue'er had talked about a lot of things, including the matter with Ren Xin.
