

## Dan God 2341

### [Chapter 2341](#)

After Lu Lianyin finished listening, he was pleasantly surprised, and laughed: "This place is not bad, we have stayed here for many years, and had already wanted to change to a better one, only that we did not find a suitable one."

The Divine Dragon Race and the rest were also very bored on top of the Great Heavenly Star. Although there were only a dozen people on the continent, they would still be happy if they could get there.

"Grandmother, all of you should go over to take a look first. If you think it's good, contact the Star Moon Divine Race and the Cat Race and bring them there as well. That way, I'll be able to see you guys when I go to that place in the future." Yue'er laughed. "That place is really big."

"Alright." Lu Lianyin said. She alone was able to make decisions about such matters.

"Senior, is this all the Undead Divine Race has?" Chen Xiang asked in a low voice.

"Of course not, there are still some youngsters outside. In total, there are only about a hundred of them." Lu Lianyin lamented, "There will be a day that we will get our revenge."

Under Chen Xiang's arrangements, Ge Long and Lu Lianyin met. For safety's sake, Ge Long even ordered a few powerful elders of the Divine Dragon Race to help the Undead Divine Race complete the migration.

In such a safe place, Lu Lianyin didn't need to worry all day, because she was the strongest in the Undead Divine Race. Usually, she wouldn't dare to leave her clan, so she could finally act alone.

Yue'er was actually able to see her grandmother again, which made her feel at ease. Originally, she could have stayed on the Great Heavenly Star Realm, but she still decided to follow Chen Xiang.

Lu Lianyin was currently also the patriarch of the Undead Divine Race, and was currently in a discussion with the Divine Dragon Race Elder.

In order to make sufficient preparations in the future, Lu Lianyin planned to tell the Divine Dragon Race Elder and Chen Xiang what she knew. This was because she already knew that Chen Xiang was active in the Everlasting Mountain and was even prepared to snatch the Everlasting Mountain back.

"Before our previous patriarch of the Undead Divine Race died, he didn't tell me much, I only knew that it was a passage to the Heavenly Dao Hell, the Heavenly Dao Hell was built by the Natural Law Divine Spirit, the things sealed inside were all extremely terrifying demons. As for what exactly was inside, I'm not too sure, but in short, those things in the Heavenly Dao Hell are much weaker, so Ground-suppressing immortal elephant can suppress them." Lu Lianyin said.

"What if they come out?" Chen Xiang asked.

"If we run out, all ten Ground-suppressing immortal elephant will be helpless against them." Lu Lianyin said: "Previously, when Ren Xin said that the Heavenly Dao was dead, it was actually not like that."

"Oh." Chen Xiang said: "I also think that the Heavenly Dao cannot be destroyed."

It's possible that the Heavenly Dao is a type of law. As for how it was born, even I don't know. This type of law maintains the circulation of various types of energy, such as the common five element energies, as well as time and space, etc. Lu Lianyin said as he released lightning in one hand and flames in the other.

Chen Xiang nodded his head, "If I can grasp the laws, I can more easily control this power."

Lu Lianyin said, "That's right. Think about it, if the Heavenly Dao were to be destroyed, all of the energy that we use right now is not something that we are familiar with. Even beings that are born from the Heavenly Dao like us will disappear, because we were born from Natural Law Principles."

"In that case, if the Heavenly Dao is destroyed, wouldn't we be destroyed?" Chen Xiang frowned, his expression becoming serious.

Right, but the Heavenly Dao is not easy to destroy. This is a very difficult thing to do, but it allows one to control the Heavenly Dao and alter the Heavenly Dao. Currently, the one who has died is the Natural Law Divine Spirit, as for how he died, I do not know, there is also a place called the Heavenly Dao Realm.

Lu Lianyin continued to speak: "These divine gods are all extremely powerful. With them protecting all kinds of Natural Law Principles, it won't be that easy to change."

"So that's how it is. In that case, what we need to pay attention to is the seal underneath the Everlasting Mountain, who is plotting this?" The mysterious old man appeared in Chen Xiang's mind. It was this old man's wisp of divine soul that had almost bewitched Ren Xin.

"I'm not sure. We also want to know, our Undead Divine Race's clan being exterminated, could very well be caused by the mastermind behind this." Lu Lianyin said angrily.

Chen Xiang now had some understanding of the matters of the heavens. It was not of much use, but it could only let him understand the current situation more clearly.

The Undead Divine Race had already settled down here, and Lu Lianyin would also be leaving the Great Heavenly Star Realm to discuss with the Star Moon Divine Race and the Cat Race. She wanted to gather the Four Divine Races to discuss on how to deal with this matter.

Chen Xiang was someone who had returned to the villa in the Wang Ancient Heavenly Star. He needed to make the best use of his time to cultivate, and even someone like Ren Xin, who had surpassed the Peak Divine Lord, would find it difficult to deal with the things that came out of the Everlasting Mountain, let alone the current him.

"You Qing, how is your cultivation progress?" Chen Xiang asked. It was only a matter of time before Xu Youqing could train to become the second Divine Sense Sea.

"If everything goes well, I should be able to cultivate the second Divine Sense Sea within a year." Xu Youqing replied: "I'm confident."

"En, then do you need some sort of magical pill to assist you?" Chen Xiang asked again, Xu Youqing was already his woman, he would never be stingy towards his own woman.

"For the time being, I do not need it. If I successfully cultivate the second Divine Sense Sea, I might need a lot more. My current Bones is not full yet." Xu Youqing said, "At that time, not only will I have to

cultivate the Divine Deity of the Second Divine Sense Sea to one hundred, I will also have to cultivate the Bones of my fleshly body to nine."

Alright, you can cultivate the second Divine Sense Sea first. When the time comes, you don't have to worry about Bone level Dan s or anything like that, I will only help you solve your problem. Chen Xiang said. Xu Youqing found out a lot of things from the ring.

Chen Xiang took out the Sky Qilin divine soul that Ren Xin had given him. His other Bones still lacked this divine soul, and the other Divine Deity only required one to cultivate a Life and Death divine soul.

The fusion with the Heavenly Qilin's divine soul was very easy, Chen Xiang only used one day to complete it, and the moment the fusion happened, the Bones on his head suddenly disappeared.

"Could he have gone to the second Divine Sense Sea?" was shocked. Originally, he had two Bones s in his head, but the Bones that had merged with the five beasts suddenly disappeared.

"Right now, the Bones in my head only requires the God Killing divine soul to be cultivated as the real world core of my Divine Sense Sea." Inside the secret room, Chen Xiang took out the Chuangshi god furnace and began refining the high-quality Nine Yin and yang Dan pellet.

Cultivating [Life Death divine soul] and eating this Nine Yin and yang Dan is for the best.

#### [Chapter 2342](#)

Chen Xiang spent a few months to duplicate quite a few of the high quality Nine Yin and yang Dan's divine medicine, and then refined many of them. After eating them, he finally condensed a hundred Divine Deity inside his own Divine Sense Sea.

Right now, he did not know whether he could be considered a Peak Divine Lord or not, because he had only condensed Bones eight times. Although there were eight times, they had allowed him to have sixteen sets of Bones.

It was not easy to condense the ninth Divine Deity, Chen Xiang only ate a Taipin bone level Dan and refined it in an hour. This meant that he needed a higher quality Bone level Dan, and he could only go ahead to refine it.

As for the Bone level Dan, they required Six Realms God Cup s to improve their quality. After upgrading the quality of the best pellets to the King grade, they would need to duplicate a large amount of divine medicines so that they could be mass-produced.

"If only Meiyao and the others were here, I wouldn't have to go through so much effort to copy it." Chen Xiang spent a month's time to finally mature the high quality medicinal ingredients to the King grade.

As for copying King grade's medicinal herbs, he would need a lot of purple pearls, and at the same time, he would also need to cooperate with the Spirit seed and use them.

If it was in the Hundreds of Flowers Village, Chen Xiang would not need to work so hard, because Lv Qilian and the group of women who knew how to refine pills mostly cultivated their Life-Killing Divine Deity. Their speed of condensing purple pearls was much faster than Chen Xiang's, and the quality was also better than Chen Xiang's.

Furthermore, many of the women in Hundreds of Flowers Village understood that the Alive Slain Method would help faster with them.

Right now, Chen Xiang had no other choice but to patiently condense the purple pearl.

After using more than three months of time, he finally managed to refine a batch of King grade s and refine five pellets out of one furnace. After consuming one pellet, he actually used four hours of time to refine it.

"Could it be because I have too many Bones s on me?" Chen Xiang frowned, this meant that he needed higher level Bone level Dan s, Heaven grade ones.

Previously, when he was at the seventh Bones, he had eaten a Bone level Dan to condense the eighth Bones. Therefore, now that he was condensing the ninth Divine Deity, the Bone level Dan required a very high level.

Chen Xiang still had four King grade s, he did not plan to eat any more, it would just be a waste if he ate them.

After coming out of seclusion, Chen Xiang called the few elders over.

"Each of you, give me two pills." Chen Xiang gave two King grade s to Wu Zhi, Huang Jintian and Huang Yantian.

"This is great, this is the Bone level Dan s. If I am lucky, I can rely on these two Bone level Dan s to step into the Peak Divine Lord." Wu Zhi said excitedly. If there were no King grade s, then he could only eat low quality ones, which required a lot.

Chen Xiang gave the remaining Bone level Dan to Dai Donggong, and had Dai Donggong distribute them to the other disciples who were preparing to condense the ninth Bones.

Of course, he would also give Huang Jintian and the others a Bone level fruit. As long as he could condense the seventh Bones, he would be able to eat the Bone level fruit to condense the eighth Bones, and then eat the Bone level Dan's Bone level Dan to rush to the peak of the realm.

Chen Xiang was more envious of them because the King grade s were of great use to them, but not to him.

"I will concoct a few more divine pills for all of you. After that, I will have to go into seclusion for a very long time." Chen Xiang said.

Right now he had to speed up their progress, this was to make it easier to take down the Everlasting Mountain, so they needed more Peak Divine Lord s.

Yue'er had been following Chen Xiang during this period of time, especially when she was cultivating inside the Time Formation with him. She had also made rapid progress, and was now preparing to charge into the ninth Bones as well.

He gave it to Dai Donggong. Originally, he planned to go into closed door cultivation to research on how to refine Bone level fruit, but after thinking about it, he suddenly had the idea to go back to Nine Heaven World.

Just as Chen Xiang was walking on the road to look for Huang Jintian, Huang Jintian had actually come to look for him in a hurry.

"Brat, that little girl has come to find you." Huang Jintian said.

"Which little girl? I know a lot of little girls." Although Chen Xiang asked this, after thinking about it for a moment, he couldn't think of who came to find him.

Of the little girls that he knew in the Star Law Divine Realm, only Long Peijin could possibly come to find him, but he felt that it was not possible. If Long Peijin came to find him, he would definitely not come himself.

"Who is it?" Chen Xiang asked.

"Imperial Concubine Lian." Huang Jintian said: "This little girl used her Heaven extended method quite well, to think she would have us here."

"Why is she here? Did she come alone?" Chen Xiang said in pleasant surprise: "Quickly bring me to see her."

Chen Xiang and Huang Jintian quickly arrived at a hall and saw a purple dressed Imperial Concubine Lian sipping tea. Her movements were extremely graceful and beside her sat a charming woman who looked similar to her.

They were the Imperial Concubine Lian and her daughter Xiao Jin'er, and on the other side, there were two beautiful women who looked like. They were both wearing black tight-fitting clothes, and although their appearances were not alike, their figure and expression were extremely similar.

These two petite girls were Little Lizhi and Xiao Baifeng. Chen Xiang had mentioned this to her many times before, but she was very similar to Little Lizhi. After Xiao Baifeng went to the Hundreds of Flowers Village, he spent most of his days together with Little Lizhi.

"I really didn't expect that you two would actually come." Chen Xiang walked in happily. Xu Youqing, who was inside the Quiet Jade Ring, was extremely sensitive and immediately asked if she was Chen Xiang's wife.

Before Chen Xiang could even answer her, Yue'er chattered about the relationship between Chen Xiang and these few women, as well as how they had met each other before, and how they had met each other before.

"You're pretty honest, to think that you didn't even eat them." Xu Youqing laughed.

When Chen Xiang walked in, Xiao Baifeng and Little Lizhi immediately stood up. They were extremely respectful to Chen Xiang.

"Elder Brother Shen." Xiao Jin'er politely shouted.

However, when she lowered her head to drink the tea, her beautiful eyes that contained an endless amount of charm, lightly glanced at Chen Xiang, and sent out a gentle gaze, causing Chen Xiang's heart to thump in his chest. This Imperial Concubine Lian was always seducing him from time to time, causing him to almost be unable to control himself.

"Qilian and the others, including me, are currently in the Hundred gods level and Nine Bones. They got tired of staying in the Nine Heaven World and wanted to come here to take a look, so I had to scout ahead." Imperial Concubine Lian put down his teacup and said with a charming smile.

"So fast, how did you do it, using the Time Formation?" Chen Xiang asked quickly.

### [Chapter 2343](#)

Chen Xiang originally wanted to go to the Nine Heaven World and bring back the Bone level fruit, so that the people there could raise their Bones a little faster. He didn't expect them to become Peak Divine Lord so quickly.

Right now, Chen Xiang was only a step away, because of his own cultivation method, it was extremely difficult for him to reach the last step, but once he does, he would obtain extremely strong power.

Of course, if it was under normal circumstances, he would already have the power to surpass Peak Divine Lord. After all, he had sixteen Bones and Hundred gods level, his strength definitely far surpassing Peak Divine Lord's.

Seeing Chen Xiang's question, Imperial Concubine Lian giggled. "What, you still haven't condensed your ninth Divine Deity?"

"There really isn't any. This step is really difficult, but how did you guys manage to advance so fast?" Chen Xiang asked.

"Time Formation, coupled with Qilian's Alive Slain Method, we can only cultivate so fast. Qilian managed to gain some insights from the Alive Slain Method, but, this method is only suitable for women." Imperial Concubine Lian laughed: "You are doing quite well here, there's such a big place."

Imperial Concubine Lian and the rest were not new to this place, they had been here for more than a month, and during this period of time, they had learnt a lot about the Star Law Divine Realm.

"I'm doing fine everywhere." Chen Xiang laughed, he was the Pill God, and as long as he knew how to refine pills, he would be able to get along well wherever he went.

"That's true. Are there any good places for us here?" Imperial Concubine Lian squinted her bewitching eyes, causing Chen Xiang's mind to waver.

"Don't worry, I've already made arrangements." Chen Xiang called Feng Wu over.

Seeing such a valiant girl like Feng Wu coming here, the Imperial Concubine Lian secretly snorted. Chen Xiang would get along well wherever he went, and also take advantage of the opportunity to stir up trouble.

"Feng Wu, from now on, you shall be with them. Let them familiarize themselves with this Star Law Divine Realm." Chen Xiang said.

had also told Feng Wu about the Hundreds of Flowers Village before, so these women that had come from the Nine Heaven World must definitely all be from there. Feng Wu immediately nodded, and then politely smiled towards the Imperial Concubine Lian and the others.

"Leader, was the place you told me to find last time arranged for me?" Feng Wu asked.

"Originally, but not now." Chen Xiang suddenly frowned: "Wang Ancient Heavenly Star isn't safe, but don't worry, I've already found a very safe place."

had long told Huang Jintian and the other elders about the Great Heavenly Star.

"Master, Senior Masters and Senior Masters, if you have the time, contact Ge Long, and then bring Imperial Concubine Lian and the others to the Great Heavenly Star to choose a suitable place. You are all from Undead Divine Race, and so are Imperial Concubine Lian and Jin'er. Chen Xiang said.

"Alright, there's no time to lose, let's start our journey now. At that time, not only will Hundreds of Flowers Village be here, maybe even Nine Heaven School will be here." Huang Jintian laughed, "It would be best if the Four Divine Beasts came as well.

The Four Divine Beasts of Star Law Divine Realm were already dead, and although the Four Divine Beasts of Nine Heaven World had experienced many life and death situations, they were still steadily growing. If they really came here, it would be extremely lively.

"Ge Long can be reached at any time, we can set off immediately." Huang Yantian said.

"Imperial Concubine Lian, you should go with them. Choose a place first, build a Transmission array, and then migrate over here." Chen Xiang said.

"Hmm, I'll be able to see a little scoundrel like you when the time comes. It's been too long since I last saw you, so I feel uncomfortable." Imperial Concubine Lian chuckled.

The fact that the Imperial Concubine Lian was teasing Chen Xiang in front of all these people also caused them to laugh involuntarily. Chen Xiang really wanted to punish this demon spirit, to actually tease him like this.

Huang Jintian and the others brought the Imperial Concubine Lian girls and left. As Chen Xiang was about to return to the secret room to refine pills, he met Wu Zhi on his way.

"Leader, your father-in-law has received news." Wu Zhi sent a sound transmission to Chen Xiang. He had only told Wu Zhi about Chen Xiang marrying him, because Wu Zhi had many clones. Even if he did not tell Wu Zhi, he would still know about it.

Now, it was Wu Zhi in charge of the communication between him and Xu Dazhong.

"Oh, is there something important?" Chen Xiang frowned and asked.

"Yes, he said it was urgent, so he told you to go to the Purple Yuan Sect immediately." Wu Zhi said.

"Alright, I'll go now." Chen Xiang nodded and left the Cang Cloud City.

After a few teleports, he finally arrived at the outskirts of the mountain range. He changed into his original appearance, took out a purple jade tablet, and easily entered the Purple Yuan Sect.

The moment he entered the Purple Yuan Sect, he felt that something was amiss, as if something was staring at him.

"It seems like something is happening in Purple Yuan Sect, to think that someone would pay so much attention to me." Chen Xiang had already sensed that someone was secretly staring at him. As long as they did not do anything to hurt him, he did not take them seriously.

He came to the pavilion where Xu Dazhong lived. When he saw Xu Dazhong, he realized that Xu Dazhong was walking back and forth in the hall, as if he was troubled by something.

"Father, what's going on?" Xu Youqing came out of the ring and asked anxiously.

"It's not a good thing, Fang Zitian, this brat, actually betrayed me after failing to marry you. I don't know what those two old turtles did, but the few people under my command who could beat them the best betrayed me." Xu Dazhong said angrily: "I treated them so well, but they actually left just like that. And looking at the situation, they might even want to beat me up."

Xu Dazhong treated others well, there were rumors even in the Purple Yuan Heavenly Star, but now that there was actually someone who betrayed him, and even so much, it must be because the other party used some methods or offered a very generous treatment.

"Father-in-law, don't worry. There's still me." Chen Xiang laughed: "It's not a bad thing for them to betray you. At least, it's better to be able to see what kind of people they are than to stab you in the back."

What you say is correct, but they want to join hands and kill me, I don't know what kind of medicine those two old fogeys ate, they actually wanted to drive me away so quickly, can't they be convinced that Purple Yuan Sect is being controlled by a brat like me? The more Xu Dazhong spoke, the angrier he got. The most important thing was that so many people had betrayed him.

He had carefully nurtured them over the years, and he had always trusted these people.

"There are still two factions in Purple Yuan Sect, right? It's just those two fence-sitters, did they do it?" Chen Xiang asked.

"It's them. I always thought they were fence-sitters. Only now do I know that they are corner shovels that specifically dig into the corners. What makes me feel more comfortable is that Zi Yuan Villa's side has also been dug out." Xu Dazhong said.

#### [Chapter 2344](#)

Chen Xiang now understood why Xu Dazhong was so anxious. The two factions in the Purple Yuan Sect were gathering power, and their goal was very clear, so they were going to deal with Xu Dazhong first and take down the Leader first. They felt that as long as they could take Xu Dazhong down, most of the people who followed Xu Dazhong would miss them.

When the time comes, as long as the energy they gathered is about right, they would go to the Zi Yuan Villa and take control of the Villa. As for the two factions on the side of the Wang Ancient Heavenly Star, they would definitely not return, and at that time, they would be able to firmly occupy the Purple Yuan Heavenly Star.

"Father, there should be people from the Zi Yuan Villa looking for you. They should be able to see through the schemes of the two fence-sitters." Xu Youqing said.

I have experienced their shamelessness. If they were to fight, they would definitely think of a way to push me to the front and wait for me to heavily injure them before attacking. Even if I were to win, I would have been obediently eaten by them. Xu Dazhong said.

"Father, then how many Peak Divine Lord and Pill God do you still have?" Xu Youqing asked again.

"I am the only one in Peak Divine Lord, the three Pill Gods have all passed, sigh ... This bunch of bastards, just where have I mistreated them?" Xu Dazhong sighed.

"Looks like there's only one reason. They think you have no future." Chen Xiang laughed.

"My good son-in-law, you're still teasing me." Xu Dazhong said snappily: "Quickly tell me, is there any way to help me turn the situation around?"

Xu Youqing was not too worried. She knew that Chen Xiang was very strong, especially in the area of alchemy.

"Father, he is a Pill God. Moreover, he can refine a Bone level Dan. He will definitely be able to help you take care of it." Xu Youqing laughed: "You guys go ahead, I'm going to cultivate." With that, she entered the ring.

Although Xu Youqing was inside the Serene Jade Ring, she didn't feel bored at all. When Chen Xiang was in closed door cultivation, she would come out from time to time to get intimate with Chen Xiang.

"You're actually a Pill God, and a Bone level Dan that knows how to refine King grade. Why didn't you fucking tell me earlier, haha ..." Xu Dazhong was suddenly excited, he laughed and patted on Chen Xiang's shoulder.

"Don't try to rope the Peak Divine Lord in. How did those two wall turtles do it? Don't tell me they have something that would attract the Peak Divine Lord's attention." Chen Xiang asked. If it wasn't Pill God, or Peak Divine Lord, they were all people who were not lacking in Bone level Dan s.

"Do you still remember when they hunted Undead Divine Race, they extracted some power from him, which could help them extend their lifespan for a period of time. To Peak Divine Lord, this is the most alluring of all, and those Pill Gods are all old people. They knew that they did not have much time left, so when they heard the conditions from him, they immediately went over." Xu Dazhong said: "Of course, these are all my guesses, but I think that's about it."

"Doesn't that mean that the Bone level Dan I'm most proficient in is useless?" Chen Xiang laughed bitterly.

"It's not that it's useless, at least I can cultivate quite a few Peak Divine Lord s. I have quite a few of them on my side. Xu Dazhong said.

Father-in-law, can you find those Peak Divine Lord with better luck, those who are about to die, they should be waiting for death right now. If I can extend their lifespan, would they come and help you? Chen Xiang asked.

Xu Dazhong's eyes lit up. The former Leader s of the Purple Yuan Sect were killed in order to go to that Tianyu God melon. That Tianyu God melon could extend their life.

"They will definitely help, but the question is, how long can you extend their lifespan for?" Xu Dazhong asked: "You don't have many Tianyu God melon, right?"

"Don't worry about that, I'm not using Tianyu God melon s to extend their lifespan. They can probably continue for around a thousand years." Chen Xiang planned to refine Tianyu God melon into divine pellet, and Tianyu God melon was a Heaven grade divine pellet. Moreover, one of them was quite big, he felt that if he were to refine it into a divine pellet, there would be a lot of them.

"They didn't come so quickly to mess with me. I'm going to find those old guys. You have to make sure that your pills are useful, or those old guys will risk their lives to drag me down with them." Xu Dazhong said.

"I'll stay here for the time being. If anything happens, I can block it as well." Chen Xiang said.

Xu Dazhong was more assured with Chen Xiang's strength, Chen Xiang being able to defeat Fang Zitian so easily was enough to prove that he was extremely powerful.

"Time to start concocting pills." Chen Xiang entered the secret room and sat down on the ground, smiling bitterly.

"Who asked you to be such a powerful Pill God." Xu Youqing laughed, "In this Star Law Divine Realm, there aren't many handsome and young powerful Pill Gods like you. It just so happens that I met one of them.

"My good wife, now that you mention it, I'm suddenly in high spirits." Chen Xiang laughed, as though he was filled with energy.

Chen Xiang had two Tianyu God melon in his hands, and these were Heaven Grade Divine Medicines. Now that he was going to use this Tianyu God melon to refine the pellet, he did not know what the result would be. Furthermore, this would be his first time refining a Heaven Grade Divine Pellet.

"Yue Er, you guys need to plant more Spirit seed inside. If you succeed, I might need to use a lot of Spirit seed." Chen Xiang said.

Chen Xiang took out the Chuangshi god furnace, placed it into the divine furnace, and then began to use the various methods of the Heavenly Alchemy to create this Tianyu God melon.

Four hours later, the originally somewhat worried Chen Xiang heaved a sigh of relief. Tianyu God melon was not that kind of stubborn divine medicine, unlike the Three lotus Dan that was previously refined.

Of course, even if it wasn't a stubborn divine medicine, it was still possible to use it. Furthermore, it could also increase the speed and decrease the difficulty.

The Tianyu God melon was not stubborn, but it was still a Heaven grade divine medicine, so it required a lot of time to refine. Chen Xiang had to use more than one day to refine the Tianyu God melon into a lump of solid medicinal paste.

After the King grade's divine medicine was refined, it became a very viscous medicinal liquid. Now that the Heaven grade divine medicine had been refined, it made the soil feel slightly wet.

"If it is refined, it will definitely be able to condense crystals. As expected of a Heaven rank divine medicine." Chen Xiang exclaimed, he was very confident in his ability to condense a pill, it was just that he suddenly wanted to try using the Crash method.

Although the Crash method was extremely dangerous, it could greatly enhance the quality of the divine pellet. Previously, when Chen Xiang used the Shangpin medicine to refine the pellet, he could use the Crash method to refine the Jingshen Dan.

#### [Chapter 2345](#)

After Chen Xiang thought about it, he decided to use the Crash method to try to refine this Tianyu God melon. Because he was currently in need of Tianyu God melon, he couldn't copy that many Tianyu God melon in a short time.

However, if he were to use the Crash method, he would be able to improve his quality and increase the effect. However, there would be a huge risk.

Chen Xiang had already made up his mind. He now divided the white, jade-like clump into five parts, and at the same time, started to circulate the pure energy condensed by the Divine Deity within his body into five parts. He was going to use these five parts to push the five medicinal clumps forward violently later.

After making his preparations, Chen Xiang took a deep breath, and with a stuffy sound, he saw the five jade balls inside the pill furnace colliding against a single point in a short distance with extreme speed and ferocity.

Boom.

Chen Xiang had to use his mind to control it from the beginning to the end, and the moment he collided with it, the explosive power spread to his mind. It followed his mind and shook his Divine Sense Sea, causing him to suddenly spin.

"Not bad." Chen Xiang quickly recovered and controlled the many golden-white stones inside the pill furnace. They looked like shattered pieces of gold and jade.

"Motherf \* cker, they've turned into rocks. If they were to fuse together, they would definitely become the highest quality jade crystal." Chen Xiang exclaimed.

Of course, if he were to take these pieces out to eat, it would have quite a good effect, but Chen Xiang was a person who pursued perfection, so he had to refine them one at a time.

To fuse with these pieces of debris was a very troublesome task. Chen Xiang controlled the Chuangshi god furnace and released a strong flame. He refined almost all of the energy contained within the pieces to reach a balance.

With the help of the Chuangshi god furnace, Chen Xiang completed this step with ease. It only took half a day or so.

Now he began to combine all these fragments into a large bead. It took another half day and the quality of the Golden Jade Pellet had increased by a lot.

"This place can be divided into twenty pills." After calculating it, Chen Xiang used the Heavenly Alchemy's method to turn the Golden Jade Pellet into twenty little beads.

"Just press it a bit more and it will succeed." The twenty little beads were still relatively large, and if they were continued to be compressed, the quality would increase by quite a bit.

This step was rather difficult because he needed to suppress twenty of them. It took him two full days.

"I finally succeeded." Chen Xiang took out twenty golden jade colored pellets from the Chuangshi god furnace. They were extremely beautiful, like jade beads.

"Twenty, ah. It's not even that much when laying eggs." She even ran out of the Netherworld Udumbara Ring and carefully looked at the Heaven grade divine pellet that Chen Xiang had just refined.

Yue Er also flew out from the furnace. This was the first time she saw a Heaven grade divine pill that had just come out of the furnace.

"Hehe, I'm amazing, right?" Chen Xiang laughed proudly.

"Formidable." Xu Youqing was also very happy that she had such a strong man. She kissed Chen Xiang on the lips.

Seeing Chen Xiang and Xu Youqing passionately kissing, Yue'er knew that they were prepared to do something shameful, so she quickly entered the ring.

As expected, Chen Xiang and Xu Youqing had already become entangled together, overturning the rain and overturning the clouds, carefree and happy ...

... ..

Chen Xiang came out of the secret room and walked to the living room of Xu Dazhong's pavilion, only to see six old men sitting there. These old men all had wrinkled faces and their mouths agape, one look was enough to tell that they were dying of old age.

Chen Xiang had to admire Xu Dazhong for being able to invite these Peak Divine Lord who were about to die of old age.

"Brat, you've finally come out. Where's your Divine Pellet? Hurry up! If you don't hurry up, they will be hiccuping all the time." Xu Dazhong desperately tried to send a sound transmission to Chen Xiang.

Chen Xiang thought so too, these elders' bodies were filled with death aura, the skin on their bodies was completely lifeless, their eyes that were quietly creasing were dim and gloomy, as though they could die at any time.

Chen Xiang took out the divine pill he had just refined and smelled the aroma. The six elders opened their eyes wide.

"What divine pill is this?" An old man asked. His body was so old that he couldn't even speak, so he used his divine force to condense sound waves to ask. His voice was very loud and clear.

"This is ..." "Heavenly Life Pill." Chen Xiang said: "Quickly eat it."

Chen Xiang gave Xu Dazhong a few pills, and told him to give them over.

Very quickly, the six old men had all consumed the Life Bestowal Divine Pill, and they were currently closing their eyes to absorb the medicinal effects.

Xu Dazhong's heart was very perturbed. He was worried that these divine pellets would be useless, but he was incomparably shocked afterwards, because after these elders ate Chen Xiang's Heavenly Life Divine Pellet, in the process of refining, their skin began to quickly undergo a tremendous change.

Chen Xiang and Xu Dazhong could immediately see that their originally shrivelled and wrinkled faces had gradually turned rosy and white, as tender as a baby's. Not long after, these six elders' faces were completely red.

Originally, they were all hunchbacked and had small statures, but now they had all become robust and robust old men, and they had yet to completely refine the medicinal strength.

"Good boy, you're too awesome." Xu Dazhong was extremely excited in his heart. He pinched Chen Xiang's hand with all his might and sent a sound transmission to Chen Xiang, "I really want to give birth to a few more daughters to reward you."

"You better not let Yuqing know about this." Chen Xiang said with a voice transmission and laughed.

After Xu Dazhong and Chen Xiang waited for more than two hours, the six elderly men suddenly opened their eyes, their eyes emitting light. Although they had heads full of white hair, their bodies were filled with vitality, and compared to before, they were like the difference between heaven and earth.

"Six seniors, how do you feel right now?" Chen Xiang hurriedly asked. This was also the first time he had refined the Life Bestowal Divine Pill, so he did not know how strong the effects were.

"Very good, I feel that I can live for another five thousand years. The Tianshu Divine Pill is truly magical. Not only can it extend our lifespan, it can also restore our physical bodies to their peak." The old man said excitedly.

The other elders were the same as well. Even though they were all from Peak Divine Lord, when they looked at Chen Xiang, they gave him respectful gazes. They wanted to kneel down and thank him for giving them a chance to be reborn.

"Thank you very much." One of the elders had an excited expression and immediately thanked Chen Xiang. The other elders also thanked him.

Of course, they also knew what they had to do in the future. Xu Dazhong had told them before, that it wouldn't be difficult for them at all.

#### [Chapter 2346](#)

Then, Chen Xiang started to chat with the elders and knew that they were all big shots of some powerful forces. It was just that because they were too old, they decided to stay hidden and seek for breakthroughs.

There were many small and medium-sized forces in the Purple Yuan Heavenly Star, and these powers would easily give birth to this kind of Peak Divine Lord. Xu Dazhong knew a few of them, and before

these few elders went into seclusion, when they were still rather energetic, Xu Dazhong would often go find them to ask them many questions.

Now that they had consumed the Life Bestowal Pill, they had recovered almost all of their strength. However, they did not plan to return to their own factions, as they knew very well that if they wanted to extend their lifespan, staying here was the best option.

Xu Dazhong heard someone knocking on the door, and after he opened it, a middle-aged man spoke anxiously.

"Leader, Fang Zitian has come. Furthermore, he brought a large group of people with him.

If it was before, Xu Dazhong would definitely be very nervous, but now, he was not afraid, the six Peak Divine Lords were all strong, although everyone was a Peak Divine Lord, there were strong and weak points, the few elders here have already been in the Peak Divine Lord for many years, their god powers were refined to a very pure state, amongst the Peak Divine Lord, although they were not the strongest, but they were stronger than many of the other Peak Divine Lords.

"Come, let's go out and meet them. I want to see what these two fence-sitters and a group of traitors can do." When Xu Dazhong was betrayed by those people, he was so angry that he almost rushed over to kill him.

"Seniors, I'll need your help soon. Thank you for your hard work." Xu Dazhong said to the six elders.

"It's fine. We have just recovered and wish to see if we are truly younger than we were back then." An old man chuckled.

Xu Dazhong walked in front, followed by the six elders.

Outside Xu Dazhong's pavilion was a relatively spacious small plaza, and the moment they walked out, they saw that small plaza was filled with people.

Chen Xiang saw Fang Zitian, he stood at the very front, and Fang Zitian was also staring fiercely at him at that moment, because back then when Fang Zitian lost miserably to Chen Xiang, it was a great humiliation to him. He did not care about whether he could marry Xu Youqing, he only cared about his own reputation.

"What are all of you doing?" Xu Dazhong coldly swept his eyes across this group of people. Now that he was fully confident, he was not afraid of them.

"Nothing much, we just feel that you are not worthy to be the Leader, so we wanted to ask you to give us your seat." The one who spoke was Fang Zitian.

"Oh, how am I not fit to be a Leader?" Xu Dazhong laughed.

Seeing that Xu Dazhong was still so calm, Fang Zitian and the elders beside him were extremely confused. They knew very well that Xu Dazhong no longer had any power left at his side.

With one look, it was clear that they did not have much time left to live. Chen Xiang immediately determined that the two elders should be the Third and Fourth Elder, who in turn was the fence-sitter that Xu Dazhong had mentioned.

"The Leader needs to possess a very strong power, and not only do you have this power, you also need to have an expert capable of supporting the entire Purple Yuan Sect. You do not have any prestige in the Purple Yuan Sect, and even the experts of the Purple Yuan Sect do not listen to you. Fang Zitian said.

Xu Dazhong laughed: Who said I am called the Unmoving Expert, do you want to compete? Your people are stronger, or my people are stronger.

"Relying on him?" Fang Zitian looked at Chen Xiang.

"What, is he that bad? I remember that you were defeated by him." Xu Dazhong said.

"If he can defeat us, we can forget about it. However, right now, he can't even defeat me." Fang Zitian sneered: "Back then, I only made a mistake, and because I could not use weapons, my overall strength weakened by a lot. That's why I lost to him."

"You can defeat him with a weapon." Xu Dazhong laughed.

"I possess a powerful divine weapon, and this is also a part of my strength. He can use weapons as well, but he must also find a powerful divine weapon." Fang Zitian said, and took out a purple blade.

Seeing the big blade, Xu Dazhong's face changed, he became gloomy: "No wonder you went along with them, so that's how it is."

"Divine Weapon, Purple Divinity Saber. This is the Divine Weapon used by the Great Emperor of the Purple Yuan Heavenly Star when he was still alive." An old man behind Xu Dazhong said.

Generally speaking, King grade s were considered relatively rarer, but Peak Divine Lord s generally had them, and if they were above that, they would have Heaven grade Divine Equipment. Above Heaven grade were saint rank artifacts, which were extremely rare, and this Purple Yuan Heavenly Star only had a few.

Having a powerful divine tool could indeed raise one's strength by a lot. If such a powerful divine weapon couldn't be used, then it would indeed become much weaker.

Chen Xiang didn't know whether he was in a strange state, but when he saw such a good thing, he couldn't help but want to use his Heavenly magic sword to hack at it a few times to see if it could be hacked apart.

"Xu Dazhong, if you pass this position to Fang Zitian, we can let you leave the Purple Yuan Heavenly Star safe and sound. If you are not willing, hmph, then we can only fight." The third elder said in a strange tone.

Fang Zitian thinks that since he is able to become the Leader, he must be very confident in his own strength. If we can accept his challenge and defeat him, wouldn't you agree with my father-in-law's strength? " Chen Xiang stood up and said.

"You aren't afraid of death." Fang Zitian laughed coldly: "That's fine too, today we will compete once again, and this time I will definitely be able to cut you down with my blade."

"Brat, let me fight him. This Purple Divinity Saber is not easy to deal with." Xu Dazhong pulled Chen Xiang and said.

"Father-in-law, trust me." Chen Xiang smiled at him.

Xu Dazhong thought for a while, then nodded: "Then you be careful." He felt that since Chen Xiang was able to concoct the Heavenly Life Divine Pill, he must have had a lot of power. He didn't need to worry.

"Do you have the heart to let Xu Youqing be a widow?" Fang Zitian mocked: But you don't have to worry, I will take good care of him, haha. "

Chen Xiang's face suddenly turned cold, it would have been fine if they were targeting him, but the person he loved the most was involved, it was also the person he was the most enraged with.

"Can we start now?" Chen Xiang's voice was ice-cold.

"Wait, it would be better to create a barrier. From now on, it is mine. I don't want this place to become ruins." Fang Zitian said.

The enchantment was quickly set up, and Chen Xiang and Fang Zitian entered into it.

At this moment, Fang Zitian was filled with confidence, because he had the powerful Purple God Blade in his hand. He felt that even if his master Xu Dazhong took action, he would still be able to kill Xu Dazhong with ease.

#### [Chapter 2347](#)

Last time when Fang Zitian was fighting, he didn't expect that Chen Xiang's eyes would also release such a strong attack. This time, he was already prepared;

"Don't you need a weapon? Of course, even if you use it, it will only be a waste. In front of the Purple God Saber, your divine weapons are nothing but trash. " Fang Zitian said haughtily as he brandished the Purple God Blade in his hand.

Of course Chen Xiang wanted to use it, but he wouldn't show off his powerful divine weapons like the other party!

"Begin!" This was what Xu Dazhong had shouted.

From the start, Fang Zitian had immediately stepped forward and viciously slashed at Chen Xiang. He had instantly unleashed hundreds of slashes to completely cover Chen Xiang, sealing off all avenues of retreat for him.

However, when the Purple Deity Blade struck Chen Xiang's body, a clear "dang dang" sound was emitted. It was as if the blade was hitting steel, and was actually unable to strike Chen Xiang!

Fang Zitian was startled, he did not know what was going on, but Chen Xiang's body was extremely sturdy, as if there was a strange layer of energy on the surface of his body that was able to block his Purple God Blade!

Everyone present were all experienced and knowledgeable, and at this moment, they were equally shocked, to think that Chen Xiang's body was actually so terrifying!

In fact, Chen Xiang used the Diamond Heavenly Elephant of the Heavenly Elephant to make his body as sturdy as the stars!

"I don't believe it!" Fang Zitian immediately went up again. This time, he channeled a very powerful force into the Purple God Saber, causing the blade to release a blinding purple light.

"Humph!" Chen Xiang suddenly took action, a cold light flashed in his hand, and the Heavenly magic sword appeared.

He and the Heavenly magic sword had already reached one with the sword, and as if the Heavenly magic sword was connected to his flesh and blood, he instantly transferred his immense power onto the Heavenly magic sword, and hacked towards the Purple Divinity Saber that was slashing towards him.

Ding! The moment the Purple God Blade touched the Heavenly magic sword, it was cut off!

The moment the tip of the blade was broken, a force was sent flying out, crashing into the barrier!

After the Purple Divinity Saber that was glowing with a purple light was chopped in half, purple gas continued to pour out from within. In the blink of an eye, the broken half of the Divine Saber had turned dull, as though it was made of scrap metal.

"This... This is not true! " Fang Zitian's body shook violently. He could not believe that such a powerful divine weapon could actually be cut apart by a sword without a sharp point.

Fang Zitian had used quite a few methods to test the strength of the Purple God Blade before, if not he wouldn't have been so confident before!

Not just Fang Zitian, even Xu Dazhong was stunned. The few elders behind him took deep breaths, because they had all seen how terrifying the Purple God Blade was. But now, it had been cut in half by a single slash.

"Compared to Divine Weapons, you will only die faster!" In the instant that Fang Zitian was lost in thought, Chen Xiang had teleported to meet with his sword, before Fang Zitian could even react, his head was chopped off by Chen Xiang.

The moment Fang Zitian's complicated looking head landed on the ground, a ball of flame shot out from his palm like a flaming meteorite!

B000M! After Fang Zitian's head was hit by the ball of fire, it turned into a ball of fire and exploded!

Xu Dazhong took a deep breath. He felt that he and the few elders behind him did not need to do anything, Chen Xiang alone could solve all the problems here, because even if it was him, he would not be able to kill Fang Zitian so easily!

Fang Zitian had personally groomed Fang Zitian, so Xu Dazhong's strength was extremely clear to him. Even if he were to personally make a move, with Fang Zitian possessing the Purple Deity's Blade, defeating him would be extremely difficult.

"Let's get rid of this kid first!" The Third Elder shouted: "All of you, go and stall Xu Dazhong!"

With that, the Third Elder and the few elders rushed forward, wanting to kill Chen Xiang!

The six elders behind Xu Dazhong also left their original places, and in the blink of an eye, they arrived beside Chen Xiang. An extremely powerful aura erupted from their bodies, causing those who had rushed over to attack, and they couldn't help but tremble with fear.

"Kill them all, don't leave a single one alive!"

Xu Dazhong shouted, he himself also took out a divine sword, rushed towards the enemy and started killing. He had long wanted to get rid of those who betrayed him. The anger that he had suppressed for so long had finally been vented out. In just a few moments, a few of them were killed by him.

"Old thing, so what if you killed Undead Divine Race for your longevity? Now you have to die too!" Chen Xiang caught the sword of the Third Elder with his empty hand, and two red beams of light shot out from his eyes into the other party's Divine Sense Sea.

"AA  
AAAAAAAAAAAAAAAAAAAA!" The Third Elder screamed as his Divine Sense Sea was attacked by Chen Xiang.

"I'd like to see who ordered you all to do so!" Chen Xiang chopped off the Third Elder's head, then pinched the head and used the Soul Absorbing Devil Spell, searching through the memories in his head.

As expected, he quickly found the mysterious old man's memories! This group of big shots of forces who were about to die due to the instigation of the mysterious elder secretly planned to kill Undead Divine Race.

"Killing one another in the same sect... Xu Dazhong, you will die a miserable death ..." The Fourth Elder screamed miserably. His body was already badly mangled by the.

"Humph, I'm just cleaning up the place!" After Xu Dazhong settled this matter, he jumped over to the fourth clan elder and hacked off his throat.

In just a few moments, all the people they brought with them were killed, and this small plaza was covered in blood!

"Fortunately, this formation was laid earlier. Otherwise, my little pavilion would have been destroyed." Xu Dazhong laughed, his group of Peak Divine Lord were in an incredible battle, if this were to continue, the barrier would not be maintained, and most of the Purple Yuan Sect would be flattened.

"These guys are really weak!" Chen Xiang faced the corpses on the ground and continued to shoot out balls of flame. Seeing his flames, Xu Dazhong and the few elders felt chills down their spines, as they quickly distanced themselves from Chen Xiang.

"It's not that they are too weak, it's that you are too strong!" If not for you killing the Third Elder, things would not have ended so quickly. " Xu Dazhong said.

"Have you already surpassed the Peak Divine Lord realm?" An old man asked.

"Well... It's hard to say! " After all, he had only condensed the eighth Divine Deity now.

"I can go and take down the Everlasting Mountain now. If I don't kill those two fellows up there, I'll be worried." Xu Dazhong said, "Everlasting Mountain is still quite strong. After all, there are still Dan God

Institute and the clan of elders up there. Adding on the people brought by the Great Elder and Second Elder, they are much more powerful than those two wall grasses."

Xu Dazhong did not know about the matters of the Everlasting Mountain, so he felt that he should go and try. However, Chen Xiang shook his head and said, "We cannot make a move against the Everlasting Mountain now, we must obtain absolute strength before we can strike!"

### [Chapter 2348](#)

The matter regarding the Purple Yuan Sect had already been settled by Chen Xiang. When he was searching through the Third Elder's memories, he had found out that there was some information regarding that mysterious old man.

As the Peak Divine Lord s who were about to die of old age, they knew how to contact that mysterious old man. After they killed the Undead Divine Race, they would take its corpse to that old man to extract its power!

Chen Xiang also knew how to find the mysterious old man!

"Father-in-law, are you alright now?" Chen Xiang said: "If not, then I will go back to work!"

"No, sometimes I'll look for you again." Xu Dazhong patted Chen Xiang's shoulder, and laughed: Go and busy yourself!

Chen Xiang was now going to look for the mysterious old man! He had seen this mysterious old man's divine soul before, and that divine soul had been smashed to death by Ren Xin in a fit of rage! However, that mysterious old man should have a lot of divine soul.

When Chen Xiang told this matter to Yue'er, Yue'er was extremely excited, and said: "We must find this bastard, the one who caused the death of so many people in Undead Divine Race!"

"If only it was his real body! Of course, if it's divine soul, I would also try to use the Soul Absorbing Devil Spell on him. If I want to know more about the Heavenly Law and Hell, I can only find out from him. " Chen Xiang said.

"Mm, where is he hiding now?" Yue Er asked.

"I'm on top of a Xuan grade star, I'll go find him now!" Chen Xiang immediately left the Purple Yuan Heavenly Star, and after teleporting for a few rounds, he arrived on top of one of the Earth-stage Stars s and flew away.

Since the Profound Ranked star did not reach the Transmission array, it could only go to the nearest Earth-stage Stars and then fly through the air.

Chen Xiang used the power of space to teleport, so he quickly went to the Profound Ranked Star!

Although this place was a Profound Ranked Star, there were a lot of people here. It was just that most of them were mortals, and the spirit energy here was very sparse. The mysterious old man must have his own ulterior motives for hiding in this place.

Once Chen Xiang arrived here, he immediately hid his presence and disguised himself as a mortal, heading towards the mysterious old man's hiding place.

Very quickly, he arrived beside a big house. There was a long queue here, and the people queuing up were all strong and sturdy youths. Chen Xiang used the Third Elder's memories and confirmed that the mysterious old man lived inside.

"What are you guys waiting here for?" Chen Xiang asked a young man who looked simple and honest.

"We are going to learn the Soaring Sky Technique from God." The young man said.

Chen Xiang immediately understood who the mysterious elder was trying to find, but why was that so? The mortals on this planet only had a very shallow understanding of the path of cultivation. Many of them were unable to leave this planet. Naturally, no one knew about the matters of the outer sect. Occasionally, some powers would pass by and check if there were any good seedlings that were rarely seen.

In order to meet the mysterious old man, Chen Xiang had to line up as well!

After waiting in line for half a day, it was finally his turn. The person responsible for the assessment was not the mysterious old man, but a middle-aged man! When Chen Xiang saw the middle aged man, he could not help but frown, because the middle aged man gave off an aura that he was extremely familiar with.

"Counter Power!" Chen Xiang said in shock.

The only one who possessed such power was the Evil Spirit Race, and the Evil Spirit Race had already been annihilated by him. At this time, he thought that the Evil Spirit Race was related to the mysterious old man, and he suspected that the Evil Spirit Race was from another world.

"What's your name? You're in pretty good shape!" The middle-aged man used a type of stone to tap back and forth on Chen Xiang's body, and the stone occasionally trembled a little.

"Shen Fei!" Chen Xiang said.

"Alright, you've passed. Please head over there!" The middle-aged man pointed to a room in his mansion.

When Chen Xiang walked over, he smelt a very faint scent of blood, and then he used the Dao heart Eye to look, only to see that the interior of the house was a mass of blood red, it was extremely similar to the Starry Sky Blood Devil that he had seen previously!

Starry Sky Blood Devil and Evil Spirit Race were extremely good at devouring powerful bodies. Chen Xiang was shocked, there was clearly a very terrifying guy in the room, a youth who was continuously devouring his own body!

Now Chen Xiang understood that the mysterious old man was not accepting a disciple, but was looking for a youth with decent flesh.

"This fellow is truly malicious!" Although Chen Xiang knew that something extremely terrifying was happening inside, he still walked over because he wasn't afraid in the slightest.

When he walked into the room, he saw an old man sitting on a chair. His white hair was dyed red by blood, and his mouth was covered with blood.

Seeing this old man, Chen Xiang was overjoyed, because this was the mysterious old man. He was the one who instigated the powerhouses to kill Undead Divine Race, and even Dragon kylin Ren Xin was misled by him!

"Young man, come over here. I can help you learn the Soaring Sky Technique very quickly." The old man chuckled. His current appearance was very scary. His white hair was all sticky with dried blood.

However, he pretended to be benevolent and pretended to be so. If Chen Xiang had not known about his situation, he might have been tricked too.

After Chen Xiang walked over, the Heavenly magic sword appeared in a flash. Without saying a word, he chopped off the old man's head with his fastest speed!

"It's you!" Even after the mysterious old man's head was chopped off, there was no blood. Furthermore, he was still talking. Just now, when Chen Xiang had used his power, he had recognized him from his aura. Chen Xiang was the human who had awakened the Dragon kylin that day.

Chen Xiang grabbed onto the old man's head, he sensed that there was a force surging towards him, his eyes immediately shot out two rays of gold light, and entered the old man's Divine Sense Sea.

The elder's Divine Sense Sea was a field of blood red, the sky was filled with blood mist, but this did not stop Chen Xiang from attacking his Divine Sense Sea.

The old man screamed again and again as he angrily said, "If you fight against us, there won't be a good result. You have to understand that even an old Heavenly Dao creature like us has died in our hands. Our strength is not something you can imagine."

"I only know that you guys are not good people. No matter how strong you are, I will still fight you!" After Chen Xiang finished attacking the old man's Divine Sense Sea, he used the Soul Absorbing Devil Spell and started to search through his memories.

This was also the old man's real body, but his power had been sealed by the Natural Law Divine Spirit, so he could only use the extremely weak Counter Power, while his body continuously aged and relied on evil techniques to maintain it.

"It seems like you don't know much!" Chen Xiang took out his Chuangshi god furnace.

"Why is the Chuangshi god furnace in your hands?" The old man exclaimed.

"Enter!" Chen Xiang threw the old man's head into the Chuangshi god furnace and burned it to ashes. Then, he walked out of the house and killed the middle-aged man in charge of testing. This was a Evil Spirit Race.

## [Chapter 2349](#)

Chen Xiang had already heard some things about the death of the Natural Law Divine Spirit and the Infernal Realm of the heavens from the mysterious old man's memories.

Just like he had speculated, the reason why the Undead Divine Race was exterminated was because the mysterious elder had purposely incited the big shots of the other powers to do it. The reason was because the Four Divine Races was unable to join forces to reinforce the seal, thus the power of the seal would be weakened, and when the time came, the things inside the Heavenly Dao of Hell would be able to break open the seal and escape.

"Chen Xiang, what exactly is in that hell?" Yue'er was extremely curious.

"The strongest power in the Evil Spirit Race is all inside. This group of people all wanted to disrupt the circulation of the Natural Law Principles, so they were all sent into the Heavenly Law Hell by the Natural Law Divine Spirit." Chen Xiang said: "That old man also belongs to Evil Spirit Race!"

"Why didn't the Natural Law Divine Spirit just kill them all?" Yue'er asked, puzzled. "Natural Law Divine Spirit is so powerful, they should be easy to kill."

"This involves matters above Natural Law Divine Realm. There are gods protecting those Evil Spirit Race above, that's why they stopped Natural Law Divine Spirit!" Chen Xiang said: "Natural Law Divine Spirit's death should be related to the Divine Spirit protecting Evil Spirit Race."

"I really don't understand how these gods were born, and why they protected the Evil Spirit Race." Yue Er said.

For example, the Evil Spirit Race is a technique that specializes in restraining and restraining Natural Law Principles. Those spirit beasts are protecting the Evil Spirit Race, and they probably want to destroy the other Law Gods so that they can control the other Laws and thus control the Heavenly Dao. " Chen Xiang said.

Now, Chen Xiang already knew how terrifying the Evil Spirits were in the Heavenly Mystery Realm. They were suppressed by the power of the Heavenly Mystery in the Heavenly Mystery Realm, if they ran out, no one could save them!

"I can only wait for the Undead Divine Race from another world to come!" Chen Xiang said: "If they do not come, we will not be able to reinforce the seal!"

If the Evil Spirit Race inside were to run out, they would definitely destroy the Natural Law Principles and burn the entire Star Law Divine Realm to ashes. When that happens, no one would know what would happen.

Chen Xiang returned to the Cang Cloud City, and immediately began cultivating pill refining in seclusion. He had to reach the peak of quickly, and only then would his second Divine Sense Sea appear!

He was very clear that the Peak Divine Lord was only the peak of Star Law Divine Realm, but to the Heavenly Dao, the Peak Divine Lord was just too weak. Chen Xiang now understood why Ren Xin, this powerful Dragon kylin, was able to say that even he was unable to resist the thing that came out of hell.

"The strength of the Peak Divine Lord is simply unable to contend against the evil spirits of the heavens!" Chen Xiang frowned: You Qing, how is your cultivation progress?

My second Divine Sense Sea has already stabilized. I will now begin to try and connect the Divine Sense Sea within the divine soul with my own Divine Sense Sea! At that time, if I can simultaneously use the

Bones within my divine soul, then I can consider it as me successfully breaking through the realm of Peak Divine Lord. " Xu Youqing said, she knew that Star Law Divine Realm was facing a huge potential crisis.

"Good, if you succeed, you should be able to try out this kind of cultivation method!" Chen Xiang said: "With my pill refining support, cultivating the divine soul to the same level as training the body should not be a problem!"

Even the experts of the Peak Divine Lord s for all these years were unable to overcome that slash, but Xu Youqing's cultivation method was more suitable for that.

"Only by cultivating two Divine Sense Sea s, cultivating two Hundred gods level s and eighteen Bones would I be able to finally merge Divine Deity and Bones into my body! This way, you will step into the first level of Heavenly Law, the Dao Ti realm! " Chen Xiang said, this was something he had learnt from the memories of the old man he swallowed.

After the Peak Divine Lord, was the Heavenly Dao Realm. After condensing the first stage of the Dao Body, one could obtain one or even two kinds of Natural Law Principles!

Right now, Chen Xiang was still far from the Dao Ti realm, he had never seen his second Divine Sense Sea, so after he appeared, he still had to condense his own Hundred gods level!

"I have to work hard to cultivate as well. I can't fall behind now!" She knew that she was currently too weak. Chen Xiang, who was originally much weaker than him, had now greatly surpassed her.

Chen Xiang was currently refining pills, he did not need to worry about the divine pellets that could condense Divine Deity, the Nine Yin and yang Dan s were the best! Currently, the most difficult thing was to condense a divine pellet with Bones!

Although he could refine King grade s, Bone level Dan could not condense Bones just by eating them. Therefore, he had to use the Bone level fruit s as an experiment, because if he could dig out the energy of Bone level fruit s that could condense Bones after eating them!

After trying many different refining techniques, Chen Xiang was still unable to successfully refine them. Those were techniques he had comprehended from the Heavenly Alchemy!

"Why can't I succeed?" Chen Xiang looked at Bone level fruit in a daze, this was the hardest pill he had ever seen.

The Bone level fruit was very brittle. It's divine fruit could be easily bitten open with a single bite, which also increased the difficulty of refining it!

"Am I not allowed to use conventional techniques?" Chen Xiang said as he looked at the Bone level fruit.

"The training you're doing right now is not just a regular training!" Xu Youqing came out of the ring, laid on Chen Xiang's back and gently rubbed his shoulders. She knew that Chen Xiang had worked hard these past few days.

Chen Xiang held her jade hand, pulled her into his embrace, and then tenderly caressed her back: "What I mean is, I can't use my current method, I have to boldly try other methods."

Xu Youqing snuggled up to Chen Xiang's chest in an extremely intimate manner. Her jade-like hands slid across Chen Xiang's chest as she gently asked: "Then, what method does it have that you can use to try it? You seem to have tried a lot! "

Chen Xiang caressed her face and laughed: "Then do you think I can still try to be bold? It's pretty whimsical! "

Xu Youqing's beautiful eyes turned. At this time, Chen Xiang's bad hand had already seeped into her clothes, and she, who was thinking, immediately pouted, slapping Chen Xiang's arm.

"Scoundrel!" Xu Youqing yelled with a tender smile, and then, she struggled out of Chen Xiang's bad hands. "You always use flames to refine pills, and even though you can control your flames very gently, they are still flames! You might be able to use other powers to refine it, such as gentle water! "

"Even water can be used to concoct pills?" Chen Xiang laughed: "That is truly wishful thinking!"

"I'm just talking nonsense, don't take it seriously!" Xu Youqing kissed Chen Xiang's face and just as she was about to return to the Youyao ring, she felt Chen Xiang's embrace of her waist. Sensing that Chen Xiang's current emotions were burning, her face blushed and she fell into Chen Xiang's embrace ...

After Chen Xiang finished being happy, his entire body became extremely relaxed, and Xu Youqing returned to the Yin Yao Ring to cultivate!

"How can I use water to refine pills?" Chen Xiang laid on the ground as he rummaged through the various methods of Heavenly Alchemy in his mind. He wanted to see if there were any alchemy in the water.

### [Chapter 2350](#)

Chen Xiang didn't have any other ways now, so he decided to follow Xu Youqing's instructions and try it out! The Bone level fruit was a very special type of divine medicine. Although it was made by a King grade, it was very weak and would require very gentle power to ensure that it would not be destroyed.

When the various methods in the Heavenly Alchemy were combined, it would also be a new method, so Chen Xiang needed more time to find it.

"Got it, Water and Fire Refinement!" Chen Xiang who was lying on the ground suddenly jumped up, looking extremely excited.

"How's the fire and water refining?" Xu Youqing heard Chen Xiang shouting and immediately asked.

"I don't know yet, but I'll give it a try!" After Chen Xiang took out the Chuangshi god furnace, he did not place the Bone level fruit inside.

Instead, he released a large amount of his Divine Sense Sea's power into the Chuangshi god furnace. He did not trigger the Chuangshi god furnace to produce flames!

He continued like this for half an hour before he finally threw a Bone level fruit into the Chuangshi god furnace!

The Chuangshi god furnace's interior was already filled with liquid. This was all condensed out of Chen Xiang's God Power, and it was even icy cold water.

Only after the Bone level fruit was soaked in the water did he release the flames. Through precise control, he kept the God Power Water inside at a certain temperature!

In this way, not only would it become hot, but it would also not directly burn the Bone level fruit.

After a few hours, Chen Xiang said joyfully: "There's hope. The Bone level fruit had already started to be refined and fused into the water because it was squeezed by this heat!"

When he was refining the pill, he had told Xu Youqing about the process of refining the water and fire. Xu Youqing did not expect his nonsense to give Chen Xiang such great inspiration.

"After the black Bone level fruit was refined, it actually became white. Even the clear God Power water was dyed white!" Chen Xiang said, he was not afraid that the Bone level fruit was not pure enough, because the water of the God Power itself was very pure.

After the Bone level fruit was refined, it would just turn into a medicinal liquid, which meant that the quality of the fruit itself did not reach the level of a King grade.

When the Bone level fruit showed signs of being refined, not long after, the entire Bone level fruit melted, and the clear God Power Water became silvery-white!

"As long as I combine and compress all of this water, I should be able to condense a pill!" Chen Xiang immediately strengthened his flames, and slowly burned the Chuangshi god furnace's medicinal liquid.

As he skillfully incinerated the water, it gradually turned into a silvery white mist of light, forming a large cyclone within the pill furnace.

"I should be able to condense a few. But, if I can condense one then the best and the highest quality will be obtained!" At this moment, Chen Xiang was extremely excited, because this Bone level fruit that was difficult to refine was finally going to be conquered by him.

The balls of energy inside the Chuangshi god furnace gathered together and were compressed by Chen Xiang's consciousness into a ball of medicinal liquid, releasing a dazzling silver white light!

"This step is easy!" Chen Xiang started to condense the pellet just like how he had concocted the other pellets.

He kept compressing the medicinal liquid, but what he did not expect was that although the medicinal liquid was small, after compressing it once, it became extremely sturdy, which meant, if he were to continue, he would be able to successfully refine a Jingshen Dan.

"It's just a weak fruit. After being refined, it becomes a Jingshen Dan. Seems like its quality will increase a lot." Chen Xiang thought.

The first time he ate Bone level fruit, he only needed to eat one to condense one Bones. If he wanted to cultivate second time by eating Bone level fruit, he would need to eat five hundred, and the third time for a thousand ... Five hundred at a time! The limit of condensing eight Bones was the ninth Bones, which could not be condensed at all.

This was what Ge Long had told Chen Xiang! Chen Xiang felt that if he refined a Bone level fruit into a pellet, its quality would increase by a lot, and he wouldn't need to eat so many Bone level fruit. If he succeeded, he felt that if he ate the pellet refined by a Bone level fruit, he could condense the Eight Bones very smoothly! which allowed them to cultivate a group of experts with eight Bones very quickly.

Of course, his final goal was to refine the Bone level fruit into a pellet and eat it until it reached the ninth Bones!

"It's a success, it's a Jingshen Dan!" Chen Xiang quickly took out the silver pill from the furnace.

"What kind of divine pill is this?" There are already Bone level Dan here, so you can't use that name anymore. " Chen Xiang looked at the divine pellet and laughed: "You Qing, you can choose a name. I refined this all because of your inspiration."

"I'm here to name it?" Xu Youqing came out from the Serene Demon Ring, took the divine pellet and carefully examined it. With furrowed brows, she pondered for a moment, then said: "Let's call it the Nine Bone Divine Pellet. I believe this kind of divine pellet will allow people to condense the ninth Bones!"

"Alright, let's call it Nine Bone Divine Pill!" Chen Xiang nodded his head, "Yuqing, I remember that your divine soul only has five Bones s!"

"Hmm, what's wrong? "Do you want to use me to test the pill?" Xu Youqing laughed.

"Only you are more suitable!" Chen Xiang took out a Bone level fruit and passed it to her: "Try and see if you can condense the sixth Divine Deity after eating this Bone level fruit. If you can condense the sixth Divine Deity, then you can eat this Nine Bone Divine Pellet again!"

was also a little excited, to be able to eat the divine pellet that Chen Xiang had just created, she was, after all, the first person to eat the Nine Bone Divine Pellet!

Xu Youqing immediately gave it a try. After she let her divine soul eat the Bone level fruit, she said: "It should take a day or two!"

Chen Xiang nodded, he took the opportunity to refine a few Nine Bone Divine Pills.

A day had passed, and Xu Youqing ran out of the Quiet Dragon Ring, happily laughing: "This Bone level fruit is also useful to my divine soul, it has allowed my divine soul to condense the sixth Bones!"

"Then just let your divine soul eat the Nine Bone Divine Pellet right now. If one pellet is not enough, then eat another!" Chen Xiang said: "Oh right, did you sleep soundly after eating the Bone level fruit with your divine soul?"

"Hmm, after she falls asleep, my main body won't be able to get her up!" Xu Youqing nodded. "After she wakes up, she will have condensed the sixth Bones!"

"I won't fuse with divine soul first. I'll first eat this Nine Bone Divine Pellet and see if I can condense the seventh Divine Deity." said. She was very happy to be able to help Chen Xiang test his pills.

Chen Xiang kissed her, then let her begin.

After Xu Youqing entered the ring, he had also eaten a Nine Bone Divine Pill but there was no reaction.

"As expected, it's useless!" Chen Xiang did not feel any medicinal power being emitted either. He waited for four whole hours, but there was no reaction at all.

"My divine soul has fallen asleep, I think I've succeeded!" Xu Youqing shouted in surprise.

"Oh?" Chen Xiang laughed: "We'll talk about it after we successfully condense the seventh Bones!"

Chen Xiang planned to use five hundred Bone level fruit to refine a Nine Bone Divine Pill.
