

Dan God 2441

[Chapter 2441](#)

Xie Qiaoyan had seen everything clearly just now, and the process was still being repeated in her mind.

"Just now, you injected a lot of your own pure energy into the eight masses of medicinal liquid. That way, you could make the process of the medicinal liquid colliding become even more violent, and also because of this violent collision, the energy you injected into the eight masses of medicinal liquid scattered, and the moment it dispersed, because of the strong impact pressure, it could merge with the tiny medicinal liquid."

"In the end, it will produce a very high temperature that will melt everything. With your control, your powerful strength will be able to fuse with the medicinal liquid, and because of this tempering, the quality of the medicinal liquid will soar."

Xie Qiaoyan looked at those tiny particles inside the Magic method furnace, they were all tiny crystals, the same as medicinal liquid, but the medicinal liquid had solidified.

"That's right." Chen Xiang said. He did this so that Chu Hongqing could see it, because Chu Hongqing was very interested in this kind of extreme refining method.

Chen Xiang released flames, completely enveloping the tiny Medicine crystal inside the pill furnace. As it burned, these crystals emitted a faint golden light, and then, under Chen Xiang's immense pressure, they all gathered together into a ball. This process was extremely quick.

After he finished this, Chen Xiang used the Heavenly Alchemy to refine this large lump of crystals into eight little round beads. This also caused Xie Qiaoyan to be extremely surprised, as he obviously knew of some method to make this happen.

"The second time." Xie Qiaoyan said in a low voice. She could tell from Chen Xiang's serious expression that he was under a lot of pressure right now.

Chen Xiang took a few deep breaths, and after relaxing a lot, he started the Second Crash.

The moment the eight balls of crystals collided with each other, they exploded with a strong flash and a loud explosion at the same time.

Because it was too strong, the sound penetrated the space defense.

The light produced by the collision of the strong powers was extremely scorching, and Xie Qiaoyan had no choice but to cover her eyes with her hands, if not her eyes would be injured.

But when she shifted her gaze, she saw that Chen Xiang's Magic method furnace was glowing with an extremely strong golden light.

After a while, the light gradually dimmed down, and many of the particles that had melted into water droplets started to solidify, and just as they were about to solidify, Chen Xiang gathered all of them together and condensed them into a ball.

This Medicine crystal was the same size as the one just now. Chen Xiang had originally planned to condense a core at this time, even though the quality would be a little worse, but he felt that he could control it pretty well. Therefore, the Third Crash shouldn't be a problem.

Xie Qiaoyan thought so too, she thought that Chen Xiang was about to start condensing the pill now.

"We still have an hour, right?" Chen Xiang asked.

"Yes." Xie Qiaoyan had just finished answering.

Chen Xiang then used the technique in the Heavenly Alchemy to refine a large group of eight small balls, and then poured a very vigorous Daoyuan immortal power.

"Are you really going to continue?" Xie Qiaoyan immediately shouted.

"Don't worry, nothing will happen. Get ready." As Chen Xiang finished speaking, he saw the eight crystals within his Magic method furnace once again turn into lightning and fiercely charge towards the center from eight directions.

After the fierce collision, the entire secret room was enveloped by the strong light. However, this time, there were no sounds of explosions, only the low shouts from Chen Xiang.

After the light gradually dissipated, Chen Xiang's sleeves started to swell and tear, his arms swelled up very big, and at the moment, Daoyuan immortal power was gushing out continuously, suppressing the Magic method furnace.

Then he let out a long breath and took advantage of the heat to fuse the particles together.

"The final stage." Chen Xiang shouted loudly. A Taiji array appeared at the bottom of the Magic method furnace.

These Spirit grain turned into chains, enveloping the huge crystal ball and beginning to retract it.

Xie Qiaoyan looked at the continuously spinning Yin Yang Taiji array below Chen Xiang, and was so shocked that she couldn't even speak. After a while, she said in a serious voice, "This is the refinement method from the Infinite Dan method, your technique is called the Limitless Divine Congealing Method."

"You ... How did you learn it? I took a long time to understand this technique, but you... Even with guidance, it's not that easy to learn, and you can use it so skillfully, almost in one go. "

Before, Chen Xiang also called this move Infinite refining, he laughed and said: "I accidentally comprehended this technique myself, but I have not used it for a long time. Of course, the current use of it is very different from the past, because I have also grown a lot later on."

Now, Chen Xiang also understood that the Infinite Dan method was definitely related to the Heavenly Alchemy, because the Infinite refining was something that he had comprehended from the Heavenly Alchemy, but he rarely used it afterwards.

Right now, he couldn't use Six Realms mirrors to help him condense the pill, so he thought of this move.

Many of the Life-Killing Divine Deity that Chen Xiang cultivated had yin and yang energies, so when using this Infinite refining, it would also increase by a lot, and the speed at which the pellet was condensed was extremely fast.

Xie Qiaoyan had already completed it, so she knew that she would definitely lose if she refined five pills, because Chen Xiang had actually gone much more smoothly than when she used the pill furnace last time.

"I never thought that after entering the Dao Dan realm, my strength would increase by so much." The last time he competed with Xie Qiaoyan, he was only at Dao Yuan realm.

This time, not only did he step into the Dao Dan realm, he was even more familiar with using such methods from the Dao mark Dan, which was why his use of the Magic method furnace was so smooth.

When the two hours were almost up, Chen Xiang's Magic method furnace finally condensed a light gold pill.

"It's finally healed." Chen Xiang chuckled, then wiped off his sweat and kept the Magic method furnace and the Xuanwu.

"I've lost." Xie Qiaoyan said, she was now convinced, because she had witnessed with her own eyes how the pills were made here.

Chen Xiang was only at the level of Dao Dan realm, yet he was able to refine such a high quality Dao mark Dan.

"Why don't you test your quality?" Chen Xiang laughed.

"Alright." Xie Qiaoyan took out the testing disk and took Chen Xiang's Dao mark Dan s.

The number was quickly displayed. Although Xie Qiaoyan knew that the quality would be very high, even higher than the pill that Chen Xiang had refined last time, he did not expect it to be as high as two vials.

"The last one was defective, this one is finally perfect." Chen Xiang wiped away the sweat on his forehead. Refining this furnace was not easy for him either.

"Can you sell it to me?" Xie Qiaoyan asked: "Name your price."

"Here, I know you want to keep it." Chen Xiang laughed.

"Yes, to me, this is a priceless treasure. It is the crystallization of the dao of pills." Xie Qiaoyan stared at the pellet, his ice-cold eyes shining with a fiery light.

"Thank you." Xie Qiaoyan said: "You should be tired, you rest first, I will not go back on my words, next time I come to find you, I will pass on the Infinite Dan method to you."

"Alright." Chen Xiang smiled at her, then sent her out the door.

[Chapter 2442](#)

Chen Xiang was only curious about the Infinite Dan method, he felt that his own Heavenly Alchemy would definitely be better than the Infinite Dan method, because the Infinite refining he had just used, was something he had comprehended from the Heavenly Alchemy.

Furthermore, he wanted to know who the Heavenly Alchemy was. This man must be powerful, even if he was in the Big Chaotic Times, the Alchemist would not know of its existence.

Chen Xiang rested properly for two days, refining such high quality pills was only because he wanted to challenge himself, but he was extremely tired. He had to rest for two days to recover.

Now that he had the Creator's Well, he didn't need to condense purple pearls to copy the medicinal ingredients. He made Chu Hongqing try it out, and when he added purple pearls to water the medicinal ingredients, the rate at which the medicinal ingredients grew would increase even more.

Right now, he already had a lot of Qingyuan Dan's medicinal ingredients. As long as he meditated for a period of time, he would be able to refine a large amount of Qingyuan Dan.

He wanted to see when he could live in that house he bought. After finding the old man from last time, he knew that he could go now, but that city was not completely built, and it would take a few more days to finish.

The old man didn't recommend that Chen Xiang go there immediately. The three native banks had built these cities to let the group of cultivators gather together to discuss about it, and it was for the fun of it.

But Chen Xiang did not care, because he planned to go to that place to refine a batch of Qingyuan Dan, and at that time, it would be up for sale.

The reason the Three Great native banks created this kind of city was partly to take back the Jade money from a large group of rich people, so all the houses here would be sold at a high price. Billions of Jade money could be considered a large amount of wealth outside, but it was definitely not much here.

And Chen Xiang wanted to buy more pill formulas and ingredients here, so he needed to prepare more Jade money.

Chen Xiang passed through the Eternal Life Native Bank's Transmission array and arrived at the city. It was indeed very quiet there, and the construction was almost complete.

Chen Xiang followed the map and soon arrived in front of the house he had bought. In front of him were ten large shelves with sixteen floors, and behind them was a huge villa with many houses built inside.

The houses that were being sold were already equipped with defensive formations and all kinds of formations. This was to ensure that the interior would have a better environment. For example, the soundproofing array was used to isolate sound from the outside and to keep the interior quiet.

Chen Xiang used a jade tablet to open the door of a shop, and walked in. The interior was well decorated, and after he closed the door, he walked through the shop and arrived at the villa at the back, then chose a house for himself.

Right now, he was the only one left, but he felt that it would definitely be very lively in the future.

"Refine the Qingyuan Dan for a few more days, and this city will be completely built. It's just that I don't know how many people will come." Chen Xiang was a little worried, if this city was deserted, it would be difficult for him to earn Jade money by selling pills here in the future.

"Are you ready to sell the Qingyuan Dan?" Chu Hongqing asked.

"Of course not, we have nothing better to do anyway, we can just make some ingredients, and the Qingyuan Dan can also be eaten by us." Chen Xiang laughed.

Chu Hongqing and Yang Xiangyin also came out from the You Yao Mountain Villa, looking at the place that Chen Xiang had bought.

"It really isn't small." Chu Hongqing praised: "The scenery around here is also not bad. I wonder if this city has any city walls, behind this villa is a large mountain."

Chen Xiang laughed: "Could it be that you're worried about some savage beasts over there?"

Chu Hongqing stuck out her tongue, then took out her pill furnace and started refining pills in the courtyard. Since there were only the three of them here, no one would disturb them.

Chen Xiang also took out his pill furnace and started to refine his Qingyuan Dan. He had to get used to refining this kind of pill quickly, as long as he was familiar with the pill to a certain degree, he would be able to use his eyes's Bones to refine it, and it would be completed very quickly.

In the blink of an eye, a few days had passed. Chen Xiang and Chu Hongqing had refined over five hundred Qingyuan Dan.

Yang Xiangyin came back from the outside and said: "There are already a lot of people here, especially in the central region, it is said that there are shops and houses in the city, and the majority of them are from the big sects and big families. Some have even moved the entire sect or family's core here."

That was why those forces had spent so many Jade money s to move to this place. Of course, they had only brought the core personnel here, so that way, even if they were attacked by the enemy, their foundation would not be shaken.

Chen Xiang thought back to what the Natural Law Divine Spirit had said. Previously, the three great native bank s had displayed too much power, and had already destroyed the balance in the world, which was why they had been annihilated.

Right now, Chen Xiang could already see how strong the powers of the three great native bank were. To be able to gather such a large group of powerful forces, if it were to be controlled by them in the future, it would be difficult to imagine.

"Master, that Jiang Xian seems to be looking for you everywhere. He wants to invite you to participate in the Jiang Clan's Patriarch's birthday celebration." Master, that Jiang Xian seems to be looking for you everywhere. Yang Xiangyin said: "The Jiang Clan also has a large manor here."

Chen Xiang almost forgot about this and laughed: "I will go look for him now, his strength is still very scary."

The big cities built by the Three Great native banks were occupied by many large powers, many of them harboring grudges, but under the laws of the Three Great native banks, they did not dare to act recklessly, and could only fight after leaving this place.

Chu Hongqing had also joined the You Yao Mountain Villa and had already fused the space inside the Serene Jade Ring into the Divine Sense Sea World.

Chen Xiang walked out of his house, and not long after, he found Jiang Xian.

Previously, Jiang Xian had told Chen Xiang that there would be a very large battle arena in this newly built city. If they were to fight in this new city, they would be able to obtain a lot of Jade money, and even more so, place their bets on the Three Great native banks.

It was in this fighting arena that Chen Xiang found Jiang Xian.

Jiang Xian was currently looking at the battle arena which was three hundred meters wide, below it were ten people fighting chaotically. These ten people's strengths were all in the Dao Dan realm, they released their own energy from their Dao marks, and when they fought, they released five different colored Daoyuan immortal powers, which made people's eyes dazzled.

"Brother Jiang." Chen Xiang patted Jiang Xian's shoulder and laughed.

Jiang Xian was so engrossed in watching that he did not notice when Chen Xiang came to his side. It was only until Chen Xiang patted him.

"It's brother Shen." Jiang Xian was surprised and said: "I was looking for you everywhere previously, but you really came out of nowhere and I couldn't find you when I was looking for you, but now you have found me."

[Chapter 2443](#)

Seeing how engrossed Jiang Xian was, Chen Xiang laughed: "Brother Jiang, do you want to try next time?"

Jiang Xian nodded his head: "Of course I want to, but I can't do it now, in a few days it will be the Jiang Family's competition, I cannot be injured here, if not it will be too troublesome, those guys will definitely laugh at me."

Jiang Xian was also worried that he would run into a monster that he couldn't beat, and that he would be injured. When the time came, he, the Patriarch of the Jiang Family, would definitely be ridiculed by others when he appeared on the stage with an injury on his ten thousand year birthday celebration.

Jiang Xian could only look on with an itch in his heart, but he couldn't fight on stage.

"Brother Shen, you must go when the time comes. You are a famous person here right now. If I can invite you here, I would have a lot of face in the Jiang family." Jiang Xian laughed.

"Don't worry, I'll be there in a few days. In two days, I'll come find you. Where are you staying?" Jiang Xian asked.

Chen Xiang told Jiang Xian his address. When Jiang Xian found out that Chen Xiang had bought it himself, he was shocked.

"Brother Shen, you're quite wealthy. Buying such a large place by yourself is enough to accommodate a sect. Right now, you're the only one living inside." Jiang Xian asked.

"Of course not, I still have two female slaves." Chen Xiang snickered.

Only now did Jiang Xian remember that Chen Xiang had used four billion to buy Yang Xiangyin before, and then won five billion from Ning Quan. Chen Xiang was by himself, but he possessed so many Jade money, which made him quite wealthy in Three Money Divine City.

Of course, if it was the wealth of a sect or a great clan, Chen Xiang would be far inferior to them. After all, he was just a single person.

"Keep reading. I'll go around for a while." Chen Xiang said. Just as he was about to leave, a voice came out from the competition arena that made him stop.

"Now, let's invite Huang Jintian and Ji Yong out. Both of them are at the second level of the Dao Dan realm."

Chen Xiang stared blankly at him, then opened his eyes wide and looked at the white hair on the fighting arena. It was indeed Huang Jintian, and he was still smiling.

"This old madman." Chen Xiang was very surprised about this, because he never thought that Huang Jintian would actually appear in this city and was even at the second level of the Dao Dan realm.

"Brother Shen, what's wrong?" Jiang Xian asked quickly.

"Nothing, that old man is an acquaintance of mine." Chen Xiang laughed bitterly, he had originally planned to explore the city, but seeing that Huang Jintian had come on stage, he did not plan to leave.

"Is he a friend of yours, is he? That Ji Yong is at Ji Clan, your friend might not be able to beat him, but he's really good at fighting." Just as Jiang Xian finished speaking, Chen Xiang saw Ji Yong transform into a ball of flame that quickly flew towards Huang Jintian.

After Huang Jintian dodged it, although he didn't know why, he still used the same attack method as Ji Yong, turning into a ball of fire to attack Ji Yong.

Just like this, no matter what moves Ji Yong used, Huang Jintian would use exactly the same. This not only astonished Chen Xiang, even the thousands of people watching the battle were extremely surprised, they were basically mimicking Ji Yong's moves.

"This friend of yours is truly strange. Many of Ji Yong's methods require Dao marks to be able to use. However, this friend of yours can learn them as well. In addition, their power seems to be even greater than Ji Yong's." After Jiang Xian finished speaking, he said again: "No, he's not completely model acquired. There are some areas that are still very rough, and he's learning them."

Right now, Chen Xiang could only wait for Huang Jintian to finish fighting before asking Huang Jintian what exactly he had experienced that caused his speed of breakthrough to actually be so much faster than his own.

Although that Ji Yong was strong, he was not a match for an old madman like Huang Jintian. This was because Huang Jintian's fighting style was completely unpredictable, because at the start, Huang Jintian had always been imitating Ji Yong's moves, but later, Huang Jintian used his own moves to defeat him, and with a few moves, he completely stunned Ji Yong.

After Huang Jintian won, he also received ten million Jade money, but Chen Xiang hurriedly sent a sound transmission to Huang Jintian and shouted, "Master."

"I've finally found you brat. I know you're here, but I don't know where you're hiding." The moment Huang Jintian entered the city, he heard of Chen Xiang's great name. Originally, he wanted to look for Chen Xiang at the Immortal Life Restaurant, but he found out that Chen Xiang had already moved out.

In order to find Chen Xiang, he could only use this method to attract his attention.

Chen Xiang hurriedly walked out of the fighting arena. Jiang Xian also followed Chen Xiang because he wanted to have a match with him and also want to get to know him.

"Brother Shen, that old man is some acquaintance of yours." Jiang Xian followed behind Chen Xiang and asked.

"My master." Chen Xiang said.

"What, he's only at the second level of Dao Dan realm, he's your master." Jiang Xian had thought that Chen Xiang's master was one of those extremely powerful old fogeys.

"Don't underestimate him." Chen Xiang chuckled: "But he shouldn't be as strong as me. Back then, when he accepted me as his disciple, I was indeed very weak, but later on, I passed him."

Huang Jintian also came to the entrance of the competition arena and laughed: "Little brat, I just won against ten million Jade money, I'll treat you to a drink ... "No, you have billions of yuan, you should be the one treating me."

"Let's go." Chen Xiang laughed, he had also called Jiang Xian over, but Jiang Xian had suddenly received a notification from the Jiang Family, telling him to return quickly, so he had no choice but to accompany him.

Huang Jintian was extremely tasty, and now that he knew that Chen Xiang had made so many Jade money, he would definitely eat Chen Xiang up until he was done.

Chen Xiang brought Huang Jintian to the best hotel in the place, while eating and drinking, he answered Chen Xiang's question.

"It's a long story. After the two eras merged, our Everlasting Mountain appeared in the same valley. Also, there was a change in the seal below the Everlasting Mountain. Two Earthly beast ran out." Huang Jintian said.

Chen Xiang knew what kind of Earthly beast they were, and they were also Ren Xin's parents.

After that, they stayed in Everlasting Mountain for a period of time. From time to time, they would go out to bring us some food to eat. Huang Jintian laughed: "Afterwards, we brought the people from the Everlasting Mountain to a small city and inquired about your information."

"It's not easy for you guys either. I was going to look for you guys." Chen Xiang said, then took out a map that he obtained from the Natural Law Divine Spirit, which Chen Xiang told him about him encountering the Natural Law Divine Spirit.

Hehe, we also met that guy. This old man even helped us quite a bit, and he seems to know your relationship with us. He treated us pretty well, and most importantly, he gave us quite a few Jade money. Huang Jintian said.

"This guy actually didn't mention this to me." Chen Xiang snorted.

[Chapter 2444](#)

"He also told us not to tell you. I think he was worried that you would think too much ..." In short, this guy isn't really bad. " Huang Jintian said, "That's right, then what about Hundreds of Flowers Village, Dragon Clan, Nine Heaven School and a few other God Tribes?"

"They're all hidden..." Chen Xiang briefly described the situation with Long Jiuxiao, allowing him to feel more at ease.

"What about Wu Zhi and the rest? Senior Master, did they come in? " Chen Xiang asked.

"No, I've used up all of my Jade money ... I was dissolving it just to get in here. " Huang Jintian laughed: "I came here to look for you. Although we improved very quickly, we levelled up with the help of the two Earthly beast s, now that they have left, our days have become a bit difficult."

"How many of you are there?" Chen Xiang asked.

"It's been several hundred people already. Along the way, we met many powerful savage beasts and some of them died." Huang Jintian sighed.

"It's impossible for all of you to come in. If there isn't enough Dao Dan realm s, it would take a lot of Jade money s to get in!" Chen Xiang said: "How about this, I'll give you a billion Jade money. You should think of a way to bring them to the Southern Wasteland Demon Forest s.

"It shouldn't be a problem. One billion is enough for us to use for a very long time." Huang Jintian nodded his head: "You want us to go to Nine Heaven School?"

In Nine Heaven School, for them to be able to obtain the required pellets, the Alchemy team of Hundreds of Flowers Village was extremely strong.

Chen Xiang took out a billion Jade money and gave it to Huang Jintian.

"Oh yeah, we also found Xu Dazhong. This bastard's luck is really bad, his Purple Yuan Sect appeared in a demon beast nest." Huang Jintian sighed: "It's a good thing that he's lucky, that he was able to escape alive, but the others aren't so lucky!"

Chen Xiang heaved a sigh of relief: "Luckily he is still alive, otherwise, it would be difficult for me to report to You Qing. He is a smart person, with their advice, you guys will be safer on the road."

Huang Jintian laughed: "Indeed! Oh yeah, little brat, did you meet Undead Divine Race when you came here? "

Chen Xiang also wanted to ask Huang Jintian about this matter, and said: "Your Undead Divine Race is rather evil in this era, I had already killed one before! And that guy is also very strong! "

"Indeed!" Huang Jintian took out his Tianyan god record, opened it and said: "When I came here, many of the missing records have appeared."

"What did they say?" Chen Xiang hurriedly asked, only Huang Jintian himself could see the Tianyan god record.

"Our Undead Divine Race has two factions, one of which wants to cooperate with the Red Spirit Race ... Red Spirit Race is also Evil Spirit Race! " Huang Jintian said: "But the other faction does not agree, and it will take many years for them to fight and cause a ruckus like this ... Finally, after the Natural Law Divine Realm was established, many of the powerful evil spirits of the Evil Spirit Race were suppressed in hell. "

"After that, the Four Clans would seal the entrance to hell. At that time, the Undead Divine Race above Natural Law Divine Realm would send a large group of people to guard the entrance of the Star Law Divine Realm to strengthen the seal. And I am a descendant of those people, and those Undead Divine Race that were sent to the Natural Law Divine Realm were also killed. "

Chen Xiang nodded his head, "I can guess later on, Natural Law Divine Spirit said that after meeting Undead Divine Race, they can break through the restrictions of the Ancient Code and gain great power, resulting in their balance being destroyed. That's why the gods and spirit race of Natural Law Divine Realm can only come back here."

Huang Jintian laughed and said, "The powerful Divine Spirit Race and Undead Divine Race have also returned after the merging of the two eras, and the current opponents for the Divine Spirit Race and Undead Divine Race are the three great native bank s.

Chen Xiang did not expect himself to be able to strike a balance so easily, he suddenly felt that this must have been arranged by the Heavenly Daos, because the Natural Law Divine Spirit had said before that it would be difficult to fuse the two eras, but he did it so easily.

"Master, I heard that the Undead Divine Race here cannot be counted as my existence? Right? I killed a Undead Divine Race last time. " Chen Xiang asked.

"That's right, but the Undead Divine Race that came with us can calculate it! Of course, since you are in this city now, you don't have to be afraid of them. According to what I know, the Undead Divine Race and the Three Great native bank s don't have a good relationship. " Huang Jintian said: "So if you leave this city in the future, you must be careful."

"Natural Law Divine Spirit seems to have told me before that because of their long lifespans, many of them lived from this era to the Star Law Era! And now the two ages are blending together, so they won't have two batches of them in this era, will they? But why are there Undead Divine Race s here? " Chen Xiang really couldn't understand why.

"He doesn't quite understand. As long as they can survive to the Age of Star Law, they will only be themselves when they come back. They don't even exist in this world, and those that can survive to the Age of Star Law will not live to see the Age of Star Law, so there must be a Undead Divine Race here." Huang Jintian said.

Following that, Huang Jintian ordered many more dishes, but he could not finish them all.

"I will bring them to the Nine Heaven School before I return! It is really too fast to earn Jade money here, there are tens of millions just by fighting!" Huang Jintian laughed.

Chen Xiang had originally planned to run into other wastelands to look for the Everlasting Mountain, but now it was unnecessary, and the situation wasn't too bad.

Chen Xiang sent Huang Jintian to the Eternal Life Native Bank in the city and told him to teleport away.

Right now, Chen Xiang also had to cultivate his own forces, so that the three great native banks wouldn't be able to defeat the Undead Divine Race and the Evil Spirit Race in the future.

"There are only two days left before the Jiang Clan's grand gathering. I'll go watch the show then." Chen Xiang returned to his shop, and when he reached the door, he found Xie Qiaoyan waiting for him there.

"How did you know I was here?" Chen Xiang laughed.

"It won't be a problem for me. Let's talk inside!" Xie Qiaoyan said.

Chen Xiang opened the door and followed her in, bringing him to the villa at the back.

"In two days, I will be participating in the Jiang Clan's Patriarch's birthday celebration. I am currently living in this city as well." Xie Qiaoyan said: "I am here to pass on the Infinite Dan method to you."

"What a coincidence, I want to participate as well! Right, is the Jiang Clan that powerful?" Chen Xiang asked.

"Of course it's powerful. The Jiang Family's Patriarch and the Infinite Divine Mountain's Leader are good friends ... His relationship with the Ning Family was not bad. In short, as long as these families and sects are not enemies, the relationship between them is fine." Xie Qiaoyan asked: "Who invited you to go?"

"Jiang Xian, we are friends now." Chen Xiang laughed: "Do you know who this boy is? I keep feeling that he's very mysterious!"

"It's actually him!" Xie Qiaoyan frowned: "This guy was kicked out by Limitless. He was originally at the tenth level of the Dao Po realm, but because of his actions in the Limitless Battlefield, he was kicked out after crippling a portion of his cultivation."

[Chapter 2445](#)

Hearing Jiang Xian's past, Chen Xiang was surprised, Jiang Xian had never told him about this matter, but Jiang Xian was still a good person, he felt that there must be a secret behind Jiang Xian's expulsion.

"Jiang Xian is still considered not bad, he's just a little aggressive. When we fought in the Infinite Divine Mountain, nine out of ten people who competed with him were heavily injured, and the reason why he was expelled was mainly because he heavily injured the son of an elder." Xie Qiaoyan said, "But we can't blame him for that."

"Yeah, I even had a fight with him last time." Chen Xiang laughed, he felt that if he wanted to win against Jiang Xian, it shouldn't be a problem, it would just require him to go all out.

Xie Qiaoyan's jade-like finger gently touched Chen Xiang's forehead, passing down the Infinite Dan method to Chen Xiang. There were a lot of content, which added to her comprehension of the Infinite Dan method.

"You promised me, don't spread this matter, or else both of us would be in trouble. Also, tell me what kind of comprehension you have towards the Infinite Dan method." Xie Qiaoyan felt that Chen Xiang's pill techniques were much more powerful than hers, so she was not worried about this matter.

Right now, she was only doing so to allow herself to better grasp the Infinite Dan method.

"This Infinite Dan method doesn't seem to be complete!" Chen Xiang quickly found the problem.

"Why do you say that?" Xie Qiaoyan hurriedly asked: "I had the same question before, but I've asked the elders of the Limitless Pill Dao, and they all said that my comprehension ability was not good enough, which was why they felt that way."

"It's all bullshit!" Chen Xiang said: "You have many incomplete mental cultivation methods in this Infinite Dan method, and only a part of it, so when you use these methods, no matter how you try, you would never succeed."

Xie Qiaoyan nodded his head: "I didn't expect you to finish digesting it so quickly. It's true, what's going on?"

"Those elders definitely did not give you the complete version. They must have been careful." Chen Xiang said. There were very few methods in the Infinite Dan method, so it was much less than his own.

Chen Xiang felt that this Infinite Dan method was extremely familiar, and it was obvious that it was created using a part of the Heavenly Alchemy, so after Xie Qiaoyan passed down the mental cultivation method to him, he could immediately feel that there was a huge problem.

"Have you tried using all of your hearts?" Chen Xiang asked.

"I tried, but at most, I could only use it with all my heart. I felt that it was too ethereal, maybe it was just an exaggeration, that's why I wrote it like that." Xie Qiaoyan said.

"That's fine!" Chen Xiang said: "This mental cultivation method of yours has been simplified before, but when it is simplified, go to the most important place! Thus, I guess controlling five pill furnaces at the same time would be extremely taxing. Furthermore, not to mention the slow speed, the quality of the pills you produce wouldn't be high either! "

"That's right, how do you know it's been streamlined? I can't tell! " Xie Qiaoyan thought for a while, then asked, "Do you have the complete version?"

"I've given you the rest of the broken parts, take a look yourself and see how big of a gap there is between you and the original! As I said before, I am only curious about the Infinite Dan method. " After Chen Xiang finished speaking, he tapped the center of Xie Qiaoyan's forehead with his finger, and then giggled as he looked at her pair of ice-cold yet beautiful eyes.

Being looked at by Chen Xiang at such a close distance, Xie Qiaoyan let out a light snort, and then, closed her eyes to look at the Infinite Dan method Chen Xiang had passed on to her.

She had even thought that Chen Xiang was only trying to make up for his lack of talent, but he had actually made up for all the other areas. She had already studied the Infinite Dan method many times, there were many areas that she did not understand previously, and she had not even succeeded in using any of the techniques.

But now that she saw the complete version that Chen Xiang gave her, all those difficult problems were easily solved.

Chen Xiang only filled in all the missing mental cultivation methods in the Infinite Dan method for her, and then added a little of his own annotation.

Right now, Chen Xiang was very sure that the Infinite Dan method was copied from the Heavenly Alchemy, although it was so, Xie Qiaoyan had used it extremely well, allowing her to have a very high attainments in pill refining. This was something that Chen Xiang was extremely impressed with.

"Why can you help me fill in the gaps?" Xie Qiaoyan was very curious about this.

Chen Xiang smiled as he shook his head, telling Xie Qiaoyan that he could not tell her this.

"That is my secret! In the future, I might be able to tell you, your Infinite Dan method is already complete, I hope that you can improve your pill techniques a little, and at that time, we can compete with you again. " Chen Xiang laughed.

"Thank you!" Xie Qiaoyan was extremely glad for her decision back then. Otherwise, she would have to continue bitterly study the incomplete Infinite Dan method.

Chen Xiang giving her the complete Infinite Dan method was too useful to her.

"Do you mind if I stay here for the next two days?" Xie Qiaoyan asked.

"How could I possibly mind if you were able to stay with me, a beauty like you?" Chen Xiang laughed, he felt that it was enough to deal with girls, especially those that were obsessed with pill refining, it was a piece of cake for him.

Xie Qiaoyan merely snorted, and did not say much. This meant that she had kissed Chen Xiang yet again, and that Chen Xiang had spoken that way just now to probe her.

"Qiao Yan, are you going to forge a pill now?" Chen Xiang asked.

Yes, I want to try to see how the complete Infinite Dan method looks like. Xie Qiaoyan took out a pill furnace: I will concoct pills here, I prefer to concoct pills outside.

Chen Xiang and Xie Qiaoyan were in the same garden, Xie Qiaoyan sat cross legged on the soft grass, surrounded by beautiful flowers, the environment was indeed good, and when refining pills, he did not feel bored either.

"I have the Qingyuan Dan's medicinal ingredients, do you want to refine them? I will only let you refine it, but the pill will be mine. " Chen Xiang took out a few portions of Qingyuan Dan's medicinal ingredients.

"Why do you have so many?" Xie Qiaoyan instantly recognized the Cyan Flower and Primordial Fruit of the Qingyuan Dan.

"I'm really capable! It would be a piece of cake to get some ingredients for this kind of pill. Do you want to refine it?" Chen Xiang said while grinning.

"Of course!" It had been a long time since Xie Qiaoyan last refined a Qingyuan Dan. She was already very surprised that Chen Xiang had a complete Infinite Dan method, but with this kind of medicine, she felt that Chen Xiang's abilities were much more than normal.

"Qiao Yan, I'll have my maid accompany you in refining. She is also a pill refiner!" After Chen Xiang finished speaking, he let Chu Hongqing and Yang Xiangyin come out.

Xie Qiaoyan knew that Chen Xiang had bought Yang Xiangyin, but he did not know how to refine pills.

"Hello, Sister Qianyan!" Chu Hongqing and Yang Xiangyin sweetly greeted Xie Qiaoyan.

"Hongqing, you and Qiao Yan will compete. Let's see who is stronger." Chen Xiang laughed.

[Chapter 2446](#)

Chu Hongqing came to Chen Xiang's side and asked in a low voice, "Didn't you say you were going to accompany Big Sister coincidental Yan to refine pills?"

"It's fine." Xie Qiaoyan's tone became much more gentle. She was worried about Chen Xiang's servant because she knew her own personality.

Chu Hongqing nodded, and then came to Xie Qiaoyan's side.

"Just refine the Qingyuan Dan. Within four hours, the highest quality person will win."

Chen Xiang was the referee. He was currently lying on the lawn with his head on Yang Xiangyin's bed, looking at the blue sky with great enjoyment. He would occasionally pinch Yang Xiangyin's face or touch Yang Xiangyin's tender jade hands.

Four hours was still relatively long for Chen Xiang, so he let Yang Xiangyin hum a small tune for him to listen to while he closed his eyes and waited for the results.

Chu Hongqing was also very hardworking. She clearly understood that the reason Chen Xiang wanted her to compete with him was to squeeze out her potential.

Xie Qiaoyan could guess that Chen Xiang must have passed his pill techniques on to the servant girl beside her, causing her to be a little envious. A servant girl could actually obtain a pill technique as high as Chen Xiang's, this servant was simply too lucky.

It had been a long time since Xie Qiaoyan last refined a Qingyuan Dan, she had some experience, but since she had a solid foundation, she refined very quickly. She opened the pill furnace in just an hour and took out five Qingyuan Dan s that were glowing with a blue light, the quality seemed very good.

Chu Hongqing had not completed it yet, but she was extremely stable. Chen Xiang had a better understanding of her strength, he felt that even if Chu Hongqing lost, it wouldn't be too embarrassing.

After four hours had almost passed, Chu Hongqing was finally done. She opened the pill furnace and took out seven Qingyuan Dan s.

"So many." Xie Qiaoyan exclaimed.

"I need to test my quality." Chen Xiang laughed.

Xie Qiaoyan took out the testing disc, and placed all five of his Qingyuan Dan s onto it. Each pellet was of four hundred quality, the quality was considered very high, the total value of five pellets was two thousand.

During Chu Hongqing's test, the highest pellet was three hundred, and the lowest was two hundred and sixty. Her seven pellets had a total quality of one thousand eight hundred and seventy, which wasn't too far off from Xie Qiaoyan's.

Chen Xiang smiled and pinched Chu Hongqing's jade face: "If you refine another pellet, you will win."

Chu Hongqing stuck out her tongue, and said tenderly: "I can't, this is my limit."

Xie Qiaoyan said: "Hongqing, you are considered very powerful. I don't know many female Alchemist s, but none of them are as powerful as you."

"This is all thanks to Master's guidance." Chu Hongqing smiled sweetly, "Big Sister Qianyan definitely hasn't put her full effort, right? If you use your full strength, the gap between you and I will definitely be very large."

Chen Xiang allowed Xie Qiaoyan and her to refine pellets together, so that they could exchange their experiences, while Chen Xiang brought Yang Xiangyin to stroll around the villa.

"Xiang Yin, what do you think about this woman, Xie Qiaoyan?" Chen Xiang asked.

"Not bad. She's strong and has great alchemy skills. She's pretty and has status. Although her appearance is cold on the surface, her character isn't bad." After Yang Xiangyin finished speaking, he asked her in a low voice, "Master, you're interested in her."

"It is indeed a little interesting. I only wanted to get her to the Hundreds of Flowers Village, but I was still a little worried because I am still not very familiar with her." Chen Xiang pulled Yang Xiangyin's small hand and shook it.

"Then how can I be at ease with her? She's so strong, it's very difficult to take her in as a female slave." Yang Xiangyin also understood Chen Xiang's worry, she knew that the women in Hundreds of Flowers Village were extremely important to Chen Xiang.

Chen Xiang looked at Yang Xiangyin with a smile, then covered her cherry lips. This sudden event caused Yang Xiangyin to not be prepared in the slightest, moreover, for such a thing, it was very awkward for her. Of course, she didn't reject it from the bottom of her heart, and she had been waiting for this since a long time ago.

Slowly, Yang Xiangyin became a little familiar, and they began to kiss once more. This kind of feeling made her heart feel an inexplicable sense of sweetness, and her body felt a little hot ...

Chen Xiang laid on the grass with Yang Xiangyin in his arms, and asked: "Xiang Yin, are you happy with me?"

"Of course I'm happy. Master has been so kind to me, spending so many Jade money to buy me to be safe from poison. I'm very grateful to you." Yang Xiangyin gently caressed Chen Xiang's chest and said sweetly.

"That's good. I was worried that you wouldn't be happy." Chen Xiang laughed, and then, he kissed Yang Xiangyin on the cheek.

... ..

In the evening, Chen Xiang and Yang Xiangyin returned to the garden. Xie Qiaoyan and Chu Hongqing were still concocting pills, it seemed that their communication was not bad, and they even tried to concoct two batches of pills.

Chen Xiang looked at their results and realized that Xie Qiaoyan had actually managed to refine six pills. This must have been due to Chu Hongqing giving her some pointers, and the quality of the pills Chu Hongqing refined had also increased by a lot, becoming more stable.

"Don't get tired." Chen Xiang laughed.

"En, Hongqing, you should rest first and come back tomorrow." Xie Qiaoyan knew that Chu Hongqing's cultivation was not high, and her training was difficult for her, but it could help Chu Hongqing improve her quality.

Xie Qiaoyan had already promised Chen Xiang that he would stay here for two days, and then, he would participate in the Jiang Family Patriarch's birthday banquet.

The next morning, when Chen Xiang opened the door, she saw Xie Qiaoyan and Chu Hongqing drinking tea and eating dim sum in the hall. Yang Xiangyin had made these, although she did not know how to refine pills, she was very good at it.

"I won't be refining the Qingyuan Dan today. There's a guy who wants to challenge me. He knows that I'm here." Xie Qiaoyan said.

"Oh, could it be that he also has a recommends divine pill in his hands?" Chen Xiang took out the pill Xie Qiaoyan gave him last time. As long as there was a pill here, he could challenge the Alchemist s above at any time.

"Yes, he knew that I was here, and the person in charge of Dan God List of Eight Wastelands also sent a message to me, asking me to accept his challenge today." Xie Qiaoyan nodded.

"Looks like this Dan God List of Eight Wastelands is very troublesome. I better not go." Chen Xiang curled his lips.

"It's troublesome occasionally, but there are quite a few benefits as well. However, those benefits should not be much to you." Xie Qiaoyan said: "Will you come with me to take a look?"

"Of course I'm going. If you lose to that guy, then I can help you get back at him." Chen Xiang laughed.

"I won't lose." Xie Qiaoyan snorted.

"Weren't you as confident as me last time?" Chen Xiang laughed.

"I refuse to believe that I will be so unlucky as to encounter two monsters in such a short amount of time." Xie Qiaoyan scoffed, "You wish for me to lose that much, what kind of mentality do you have?"

Chen Xiang laughed: "Of course I don't want to, you can only lose to me, you can't lose to anyone, especially other men."

Xie Qiaoyan frowned, and said: "Why do these words sound a little strange to me?"

[Chapter 2447](#)

Chu Hongqing and Yang Xiangyin entered the You Yao Mountain Villa, they did not like being in front of everyone right now. Then, Chen Xiang followed Xie Qiaoyan to the Three Lives native bank.

This was the first time Chen Xiang had entered the Three Lives native bank. This Three Lives native bank was extremely luxurious, no matter if it was the outside or the inside, they were all decorated brilliantly with gold and jade. When he entered the Three Lives native bank's great hall, he was pierced by the golden light in his eyes.

The ground and top were paved with gold, and the decorations were magnificent.

"The Eternal Life Native Bank is lacking a lot in this area!" Chen Xiang lamented.

"Eternal Life Native Bank is still considered normal, the worst should be the Lifeless native bank. You probably have never been to the Lifeless native bank." The moment Xie Qiaoyan entered, he took out the Communication jade Symbol paper and said: "We're on the sixth floor, let's go up."

Usually, they would compete in pill refining on the floors above native bank, because there were many Alchemist that were gathered there, and there was also native bank that guaranteed fairness.

When Chen Xiang and Xie Qiaoyan arrived, many people were surprised, their focus was also on Chen Xiang, because Xie Qiaoyan had lost to Chen Xiang, so everyone thought that Xie Qiaoyan would definitely resent him for that. They never thought that they would actually come together, and even walk so close, their relationship seemed to be not bad.

When Ning Quan saw that Chen Xiang had such a good relationship with his own master, he felt extremely uncomfortable. Huang Tian, who was beside Ning Quan, was even more jealous, he never thought that Chen Xiang would not only specially take in female slaves, but also have a hand in this kind of strong and cold beauty.

Ning Quan was not surprised, he had definitely come here to place his bet on the Jade money, but he did not know who he was betting with, and this Three Lives native bank would definitely open the competition for this competition.

"Martial Uncle, why are you with him?" Ning Quan immediately asked: "This guy is not a good person!"

Chen Xiang immediately laughed: "Your Junior Master is currently living in my villa, and your relationship with me is not bad. Don't carelessly slander me."

Ning Quan originally wanted to say something, but after coming in contact with Xie Qiaoyan's ice-cold gaze, he did not dare to say anymore. Xie Qiaoyan was actually in Chen Xiang's villa! He thought about it and felt that it was understandable. Xie Qiaoyan had been defeated by Chen Xiang.

"Was it you who challenged me?" Xie Qiaoyan looked at a man dressed in luxurious blue clothes.

"That's right!" the man said, looking a little haughty. Of course, his eyes were burning with passion. With one look, one could tell that he had ulterior motives towards such a noble and cold woman like Xie Qiaoyan.

"Xie Qiaoyan, he is the grandson of the Sky Harmony Sect's Leader s, his name is Qiao Yu, and the recommended divine pellet in his hands is given by the Sky Harmony Sect's Leader s. But don't think that he got the recommended divine pill because of his grandfather. " An old man said.

Chen Xiang guessed that the old man was the person in charge of the Dan God List of Eight Wastelands, so it was obvious that there would be such a person by his side.

"It doesn't matter, we just need two billion Jade money!" Xie Qiaoyan said.

On the way here, Chen Xiang had also understood that if he were to lose, he would need to pay two billion Jade money, but if Xie Qiaoyan lost, he would only give up the position of Dan God List of Eight Wastelands.

This was one of the benefits of being in the Dan God List of Eight Wastelands, as there would be people who would challenge him often. As long as he was not defeated, there would be Jade money to fight with, and it would also increase his reputation.

"How about Dao Gu Dan s?" Qiao Yu asked.

"A high-grade king level martial artist, are you actually quite confident?" Xie Qiaoyan said: "The time limit of six hours is the highest in terms of overall quality. Should I use my own pill furnace or native bank's?"

"Use your own furnace." Qiao Yu said. After all, when refining pills, his own pill furnace could help him stabilise and be a part of his strength.

"I heard that a high-grade king level Dao Gu Dan is extremely difficult to refine. It will be refined in six hours!" Chu Hongqing said from within the You Yao Mountain Villa: "I wonder how high the overall quality will be!"

Xie Qiaoyan was using the mysterious wooden pill furnace, so Chen Xiang felt that it shouldn't be a problem for her to use the pill furnace.

"Chen Xiang, you are also a gambler now, aren't you going to bet?" Ning Quan who was standing opposite of him asked.

"Betting?" Isn't this betting on Xie Qiaoyan winning? Even if I win, I will lose very little. " Chen Xiang shook his head: "He's too young, it's not fun."

"No, there are very few people who can win against Junior Master this time, because they all think highly of Qiao Yu! If you win, it'll be 1: 50. " Ning Quan said.

"Oh? Then did you buy it?" Chen Xiang asked again.

"No, my judgement isn't that good." Ning Quan shook his head.

This villa was opened by the Three Lives native bank, and they actually did not think highly of Xie Qiaoyan, it must be because Qiao Yu had some tricks up his sleeves.

Chen Xiang anxiously ran over to an old man and said: "I bought two billion Jade money, if I bought the right one, it would be ten billion, right?"

Everyone was shocked, Chen Xiang actually bought that many in one go! Just now, Ning Quan had already told them that there were not many people who bought Xie Qiaoyan, which meant that they did not have high hopes for him!

"Yes, are you sure you want to buy it?" the old man asked.

"I'm sure!" Chen Xiang took out two billion Jade money and obtained a piece of jade. If Xie Qiaoyan won, he would be able to receive ten billion Jade money from this piece of jade.

Xie Qiaoyan frowned his eyebrows, and sent a sound transmission to Chen Xiang: "You are too reckless, this Qiao Yu has some skills, and his Sky Sect is also skilled in pill refining, it is said that his grandfather once defeated the number one pill god of our Limitless Pellet Dao."

"Qiao Yan, I have confidence in you. You have obtained the complete version of the Infinite Dan method." Chen Xiang laughed: "Don't lose, I bought two billion Jade money s from you."

"Then let's begin!" The old man said.

Chen Xiang secretly used the God's Eye Dao to observe inside the pill furnace. He wanted to see what kind of skill this Qiao Yu had, to actually have so many people thinking that he could defeat Xie Qiaoyan.

Ning Quan came to Chen Xiang's side, and said in a low voice: "Chen Xiang, you definitely do not understand the Sky Sect!"

Chen Xiang nodded, then laughed: "Not bad, but I know your Junior Master very well, that's enough!"

Ning Quan scoffed, "You and my Junior Master are so close, you should be careful."

"What's there to be careful about? I don't need to worry about getting revenge here." Chen Xiang looked at Huang Tian, and laughed: "Otherwise, that bastard would have already killed me! On the other hand, you, you don't have that much confidence in your own martial uncle, but you really are trying to take advantage of the enemy! You must have bought that guy to win, right?"

"Qiao Yu's grandfather is the number two in Dan God List of Eight Wastelands. Previously, the number two in Dan God List of Eight Wastelands was the Limitless Pill Dao's Great Elder. But Qiao Yu's cultivation is the same as my Senior Master, he must have obtained his grandfather's inheritance, and it's hard to say whether my Senior Master will be able to obtain the entire inheritance of the Limitless Pill." Ning Quan was actually quite familiar with the matters of the Limitless Pill Dao.

That was why she had previously said that Chen Xiang was reckless, because even she wasn't sure if she could win now.

Chen Xiang realised that when he was refining high level pellets and was inspecting the other party's pill furnace, he placed the ingredients inside. As such, no one knew what kind of ingredients were used to refine the pellet, but it was also to prevent the ingredients from leaking out.

"The pill techniques of the Skypiercing Sky Sect are also not simple!" Chen Xiang immediately understood something. When Qiao Yu was refining pills, he was actually using a light golden flame.

This flame was not his original flame, but rather something he had used to change it.

Chen Xiang could only see that the fire was pale golden, but he did not know what benefits it had for refining pills.

He continued to observe, and an hour later, he discovered that the herbs in Qiao Yu's furnace had already been refined into a very viscous liquid, it was much faster than Xie Qiaoyan's.

"Qiao Yan, what is the name of the Skypalace Sect's alchemy technique?" Chen Xiang asked.

"Yes, it's called the Crossroads Dao Technique. You won't be able to tell anything from the name!" Xie Qiaoyan was relatively relaxed now.

"Oh!" He has already refined all of the medicinal ingredients, so you are much slower than him. "Chen Xiang said: "And from his appearance, it seems that the quality of the medicinal liquid he refined was very high. The golden flames he used made the medicinal liquid he refined look very special and contained a very strong energy."

"He used golden flames? Can you really see inside his pill furnace?" Xie Qiaoyan asked in surprise.

"Really, do you know anything about these golden flames?" Chen Xiang asked as he became more serious.

"Yes, it is said that this type of flame has a very special power. When burning medicinal herbs, it can raise the quality of the medicinal herbs by a lot!" "This flame was produced from their Unhindered Pill Arts." Xie Qiaoyan said: "Seems like I won't be able to relax this time!"

"Qiao Yan, at this rate, you will definitely lose. I don't have any more than two billion Jade money." Chen Xiang said.

"Who asked you to be so reckless, I will do my best to defeat him!" Of course, Xie Qiaoyan didn't want to lose that two billion, which gave her a lot of motivation.

Chen Xiang thought for a while, then sent a sound transmission to her: "Qiao Yan, looks like you can only take the risk right now. I will pass on two techniques to you, so that you can refine higher quality pills ... "Of course, I don't know if it's suitable for you to use. You can see for yourself whether you can use it in combination with your pill techniques!"

"Alright!" Xie Qiaoyan immediately replied. Naturally, she was very willing to learn the pill techniques that Chen Xiang had taught her.

After that, Chen Xiang imparted to Xie Qiaoyan the two relatively easier techniques within the Heavenly Alchemy, as they were mainly used to help her improve her quality when concocting pills.

One of them was to merge one's power into the flame while refining the medicinal herbs. When one was being burned and refined by the flames, one's power would seep into the medicinal herbs, increasing the quality of the medicinal herbs.

This was also the reason why Chen Xiang was able to maintain his high quality when refining the pellets for many years. Furthermore, it was also because of the special method of Heavenly Alchemy to release fire around the time the pellet was condensed.

It was merely two small techniques for Chen Xiang, but it was extremely important to Xie Qiaoyan as it was extremely difficult for her to raise even a little bit of quality in her current situation. However, the two techniques that Chen Xiang had passed down to her could actually greatly improve the quality.

"It should be helpful. Your pill forging skills are indeed brilliant!" Xie Qiaoyan praised. She also knew that Chen Xiang didn't really like her, if not he would not have casually passed it down to her.

Right now, it was useless for Chen Xiang to teach her his superior refining skills. He would need some time to digest them.

"Hehe, then how are you going to repay me? "The two alchemy techniques that I've passed on to you are extremely precious!" Chen Xiang laughed.

"If I win, I can make a lot of money. Isn't that enough?" Xie Qiaoyan said.

"Of course it's not enough, I don't lack Jade money now!" Chen Xiang laughed.

"Wait till I win. If your two pill concocting skills are of great help, I won't owe you anything." Xie Qiaoyan replied: "I need to concentrate. We'll talk about it when it's over."

Chen Xiang continued to use the power of the God's Eye to look at Qiao Yu's furnace, the medicinal liquid in the furnace had already turned a thick gold, releasing a strong gold light, at one glance it was clear that the quality was extremely high.

"What kind of flame is this? It can actually continuously improve its quality when it's being burned. It seems that its quality has increased exponentially. No wonder so many people don't think too highly of her beauty." Chen Xiang exclaimed in his heart.

Time flew by quickly; it seemed like there was only an hour left before the end. However, Xie Qiaoyan and his team had already completed their mission and it looked like they were in a rush as well.

After about an hour, Qiao Yu finally opened the pill furnace.

"Four pills!" Chen Xiang had seen Qiao Yu condensing four pills just now, and when he was condensing the pills, the quality had increased yet again.

The reason why Qiao Yu was able to refine such a high quality pill, was mainly because of his strange flame. This made Chen Xiang's heart itch, if he had this flame, then maybe the quality would have increased even more when he was refining the pill.

"It seems that Brother Qiao has improved a lot. It is obvious from one look that your four Dao Gu Dan s are of a much higher quality than the ones you refined before." A middle-aged man laughed.

"I'm not too sure either, but in short, I have decided to win today. Although the Infinite Dan method is strong, Xie Qiaoyan has not learned the essence, otherwise, he would not have lost to Chen Xiang." Qiao Yu smiled faintly, and then looked at Chen Xiang with some disdain.

Qiao Yu was very satisfied with the Dao Gu Dan that he had refined today. He felt that today's exceptional performance was much better than when he had practiced before.

"Three thousand points!" Qiao Yu nodded with a smile: "Looks like challenging the higher rankings on Dan God List of Eight Wastelands isn't a problem. The records of the Pill Gods in the Dan God List of Eight Wastelands are way too poor compared to me right now."

Qiao Yu saw that he could get 3000 HP per pill, which made him even more proud. He actually looked down on the God of Pills above Dan God List of Eight Wastelands.

"Don't we allow him to improve?" Chen Xiang laughed: "It's hard to say whether or not you can enter Dan God List of Eight Wastelands!"

Qiao Yu laughed and placed the second Dao Gu Dan into the well.

"According to what I know, Xie Qiaoyan's highest quality Dao Gu Dan was only one thousand five hundred! Although there are five pills, the total quality is not as high as what I have now. " Qiao Yu then placed another three thousand quality pellets into the Dao Gu Dan in his hands.

That was a total of 12,000 points, this was indeed very high quality!

Ning Quan immediately laughed: "Chen Xiang, in order to win over my Junior Master, it doesn't matter if you eat something or lose two billion, just keep up the effort!"

"It's fine if you lose 5 billion, but if I lose 2 billion, it's definitely nothing!" Of course, your Junior Master has not managed to refine the Dao Gu Dan yet, so you came to a conclusion too early. Chen Xiang also laughed.

Mentioning the fact that Ning Quan had lost five billion, Ning Quan's face became ugly. He had always kept this matter in his heart.

[Chapter 2449](#)

Seeing Xie Qiaoyan's calm expression, Chen Xiang was secretly relieved. Although Xie Qiaoyan had just learned how to refine pills, she had used it extremely well now and her quality had increased by a lot.

"Chen Xiang, if you don't accept it, why don't you compete with Qiao Yu and refine a cauldron? Huang Tian also thought that Qiao Yu would win for sure. When Huang Tian came to this city, he started to understand the alchemy gods above Dan God List of Eight Wastelands, and all of them knew the overall quality of those alchemy gods.

So now that he saw Qiao Yu concoct a total of 12,000 points in quality, and a high grade king level pill at that, he immediately believed that Qiao Yu had won.

"Indeed, I will not compete with him. He is not qualified." Qiao Yu said with a cold smile, at this moment, his face was full of arrogance, as though he had already defeated Xie Qiaoyan.

"You are not qualified in my eyes. If I were to refine a Dao mark Dan, I will definitely not lose to you!" Chen Xiang smiled faintly: "The last time I fought with Xie Qiaoyan, what I refined was a failure, but the quality was already that high, and now I can successfully refine a pill!"

Chen Xiang's single pellet's quality was over ten thousand, which really made many Alchemist exclaim in amazement. Qiao Yu only snorted coldly, he had no choice but to admit that Chen Xiang still had some ability.

"To be honest, if I knew how to refine Dao Gu Dan, defeating you wouldn't be a problem at all." Chen Xiang laughed: "I simply do not put you in my eyes, because you can't even win against Xie Qiaoyan."

Chen Xiang would not lose to his opponent in a bickering match. Qiao Yu did not say anything now, he did indeed want to compete with Chen Xiang in refining the Dao mark Dan, but he was worried that he would lose. Although he was arrogant, he was not stupid, and knew clearly what it meant for Chen Xiang to refine a single Dao mark Dan with over ten thousand points of quality.

Time was almost up, Xie Qiaoyan had also opened his pill furnace!

"Only three pills? Senior Master, this is not your true strength! " Ning Quan immediately shouted in shock.

Everyone present had heard that Xie Qiaoyan had refined five Dao Gu Dan s in a single pot. Although they only had three pills that glittered with golden light, they did not think that she had a higher quality than Qiao Yu.

Qiao Yu's Dao Gu Dan s had a single quality of three thousand, and that was the highest one in the history of the Dao Gu Dan. Even if Xie Qiaoyan had a single quality of three thousand, her three pellets only had a total quality of nine thousand.

Xie Qiaoyan didn't know how high the quality of the three Dao Gu Dan he had refined were either. He only knew that she had improved a lot, because she had used the two small techniques that Chen Xiang had taught her.

Xie Qiaoyan's pill furnace had always been a great help to her quality, and with her Infinite Dan method, and her current pill techniques, she felt that she wouldn't lose.

Xie Qiaoyan carried the three Dao Gu Dan s that she had just refined and walked to the side of the testing board. At this moment, everyone held their breaths as they watched, if Xie Qiaoyan lost, she would be kicked out of Dan God List of Eight Wastelands, and in the pill refining circle, this was explosive news.

As one of the few women in the Dan God List of Eight Wastelands, Xie Qiaoyan had attracted a lot of attention over the years.

Under everyone's gazes, Xie Qiaoyan placed a Dao Gu Dan on the pit.

"Five thousand!" Chen Xiang smiled faintly: "The quality of a single grain is five thousand, this is over two thousand more than Qiao Yu's!"

Everyone started to pant, the quality of the single pill was much higher than Qiao Yu, it was almost twice as high, causing Qiao Yu's expression to instantly become ugly.

The second pill also cost 5000! Everyone exclaimed once again. Two pills was already over ten thousand!

The third time, it was six thousand! Qiao Yu's face was ashen. He who was previously so proud was now like a man who had been slapped dozens of times in public. His face was almost green.

"Two billion, give it to me!" Xie Qiaoyan coldly said to Qiao Yu.

At this moment, Qiao Yu was a little unsteady, he did not expect Xie Qiaoyan to actually improve so much in a short period of time, he looked at the smiling Chen Xiang beside Xie Qiaoyan and immediately understood that it was Chen Xiang who had given him the pill techniques.

"Humph!" Qiao Yu tossed a Storage bag to Xie Qiaoyan. After Xie Qiaoyan finished counting the items, he gave it to Chen Xiang.

"For me?" Chen Xiang was a little surprised.

"You trust me so much, consider it as me thanking you!" Xie Qiaoyan said.

This caused everyone to be extremely jealous. Chen Xiang bet two billion just now, and now he could receive ten billion, and Xie Qiaoyan gave him another two billion.

Of course, the thing that attracted the most attention was the relationship between Chen Xiang and the two hundred million Jade money.

After Chen Xiang obtained ten billion from the native bank, when he was about to leave with Xie Qiaoyan, he was suddenly called back.

"Wait!" The one who spoke was a middle-aged man wearing a luxurious yellow robe.

"Qiao Kun, are you here to avenge your son?" Xie Qiaoyan sneered.

"Not bad, he was unwilling to lose." Qiao Kun smiled faintly, "He felt that your performance today was a bit abnormal, but he couldn't find any problems, so I planned to compete with you again."

"He means my left arm?" Do you think everyone around you is blind? If he really said that, then let him come out. I will properly take care of him, and actually slander me like that. " Xie Qiaoyan was instantly enraged.

Everyone was slightly shocked that Xie Qiaoyan actually wanted to take action. In this city, private battles were not allowed.

"Miss Xie, don't be angry. This is only an excuse for that boy to refuse to accept your loss. That's why I've come to challenge you. Regardless of whether I've lost or won, he has nothing more to say." Qiao Kun laughed.

"I'm tired today. If I were to compete with you again, my performance would be terrible. How about this? Why don't you compete with him?" Xie Qiaoyan said: "But he only knows how to refine Dao mark Dan!"

Xie Qiaoyan looked at Chen Xiang and said: "He has once defeated me. If you defeat him, it's equivalent to winning against me!"

Chen Xiang laughed out loud: "If Uncle Qiao, you don't think there's anything good about winning against me, I can bet with you, I just won 10 billion, so why don't we bet 10 billion?"

Chen Xiang was completely confident in his ability to refine a Dao mark Dan. He could even refine a Dao mark Dan of extremely high quality with a Magic method furnace, what would happen if he used a Chuangshi god furnace?

There were a lot of people around, and they were all stunned. Chen Xiang had just won ten billion, now he actually wanted to take it out to gamble?

Of course, it didn't matter if Chen Xiang lost, as he could easily win 10 billion.

"What is it? You don't dare? or do you not have that many Jade money? " Xie Qiaoyan's tone was filled with ridicule, as if he was saying, if you don't have that many Jade money, get lost already.

Qiao Kun didn't know what to do now either. If he turned around and left, others would say that he couldn't afford to bet. If he bet with Chen Xiang, and was worried about losing, he could only take out five billion Jade money.

Last time, Ning Quan lost five billion to Chen Xiang, and he was scolded to death by a large group of his ancestors. It was because that money belonged to the Ning family that gave him his business, but he did not expect to lose it all instantly.

"Uncle Qiao, it doesn't matter if you don't want to bet. We'll spar again next time." Chen Xiang laughed, his face full of ridicule.

Everyone was secretly laughing, Qiao Kun originally wanted to help his son regain back his dignity, but who knew that it would be so difficult for him to do it now.

"How about this?" Qiao Kun was startled for a moment, and finally thought of a plan to slow down the fighting, and said: "Tomorrow is the Jiang Clan's patriarch's birthday, we will compete at that time, and it will add to the excitement of the birthday banquet."

"Ten billion? If you don't want to bet, then forget about it." Chen Xiang said as his mouth twitched.

"If you can't afford to bet then just say so. Everyone will laugh at you. Who doesn't know that 10 billion isn't something you can casually take out." Xie Qiaoyan said coldly.

Although Chen Xiang was not lacking in Jade money, someone had delivered some to him so he would definitely not refuse. Xie Qiaoyan had a very good relationship with Chen Xiang now, and she also hated this Qiao Kun.

"10 billion is 10 billion. How about we compete in the Jiang Clan tomorrow?" Qiao Kun said loudly.

He was a man, and was even ranked above the Dan God List of Eight Wastelands. He actually did not dare to accept the challenge of a Dao Dan realm Child, and would definitely be laughed at, so he gritted his teeth and accepted the challenge.

"See you tomorrow then. It doesn't matter if you don't come, everyone will understand you." Chen Xiang chuckled, with Xie Qiaoyan already walking in front. After Chen Xiang finished speaking, he hurriedly chased after him.

Chen Xiang and Xie Qiaoyan returned to the Villa and chuckled: "This Jade money is earning money too fast, I don't even need to sell these pills to earn more Jade money."

"It's not so easy to meet someone who's so stupid. If Qiao Kun loses to you, everyone will be more cautious next time." Xie Qiaoyan said. As soon as she came back, she sat on the chair. It was obvious that she was exhausted.

"Luckily it went well today. I was almost defeated by that guy." Xie Qiaoyan sighed softly.

"I've already said it before, you can only lose to me, you can't lose to others." Chen Xiang took out a glass of fruit juice and gave it to her, then smiled: "You said that you would give me some benefits, could it be that it's those 2 billion?"

"Two billion is still not enough, it's a huge amount. If it's a person, it would be very difficult to take it out. Ning Quan's five billion and Qiao Yu's two billion, are all from the powers behind them." Xie Qiaoyan said.

Chen Xiang laughed: "Then I don't need it, I'll return it to you, I want your other repayment."

Xie Qiaoyan frowned: "What can I repay you with, the pill formulas?"

Chen Xiang rubbed his chin, and looked at Xie Qiaoyan with a strange expression. This made Xie Qiaoyan immediately understand.

"Little bastard, don't you have too much guts? We've only known each other for a short period of time, and you already have this kind of idea?" Xie Qiaoyan coldly snorted.

"Although we've only known each other for a short time, don't you think we're very suitable? Think back on it, there are a few men that can interact with you like this." Chen Xiang laughed.

Chu Hongqing and Yang Xiangyin who were inside the You Yao Mountain Villa were also shocked by Chen Xiang. Chen Xiang had this thought about Xie Qiaoyan, and even attacked so quickly.

However, they didn't think much of it when they thought about it. They were just taken down easily by Chen Xiang, who was even his female slave.

"Then what do you want?" Xie Qiaoyan looked at Chen Xiang's handsome face and asked after hesitating for a moment.

"Just let me kiss your little mouth." Chen Xiang laughed sinisterly.

"No." Xie Qiaoyan immediately rejected it: "I'll at most give you a kiss on the cheek."

"I want a kiss." Chen Xiang shouted.

"If you keep making trouble, I'm leaving." Xie Qiaoyan glared at Chen Xiang with hidden bitterness.

"Alright, let's kiss on the cheek." Chen Xiang said.

"Hurry up." Xie Qiaoyan's ice-cold face slightly blushed, and then, he closed his eyes.

Chen Xiang looked at Xie Qiaoyan's slightly pursed lips, then moved his head over and hugged Xie Qiaoyan at the same time, and actually forcefully kissed Xie Qiaoyan's lips.

Xie Qiaoyan was shocked, and immediately shouted out. She was fine if she did not scream, but when she shouted, Chen Xiang's attack succeeded, she really wanted to send Chen Xiang flying, but she was worried about injuring Chen Xiang, so she quickly retreated, struggling, but did not succeed.

"Little Scoundrel, I can't go around you." Xie Qiaoyan sent a sound transmission to Chen Xiang; he was very angry.

At first, Xie Qiaoyan was very uncooperative, but since she didn't have much experience with it, the process wasn't going smoothly for her. However, Chen Xiang had a lot of experience in this field, not long after, Xie Qiaoyan fell and kissed him ...

Of course, it was only for a short period of time, and Chen Xiang's goal had been achieved. When the lips parted, Chen Xiang immediately defended himself.

"Hmph, return 2 billion to me." Xie Qiaoyan pinched Chen Xiang with all his strength and shouted.

Chen Xiang took out two billion, licked his lips, and said with a smile: "It's only a kiss and it's two billion, it's really a bit expensive."

"Don't bring this up again. Just now, it was as if nothing had happened." When Xie Qiaoyan thought back to this matter, she also had a complicated feeling. She had never experienced something like this before, and even though she was very angry, her anger towards Chen Xiang was also only a bit heavier.

If it was anyone else, they would have been killed by her earlier.

"Here you go." Chen Xiang passed over the two billion Jade money, then said with a smile: "Big Sister Qiaoyan, would you hate me?"

"I hate you." Xie Qiaoyan took it and fiercely glared at him.

"Since you've been single for so long, you should at least make do with me." Chen Xiang laughed.

"Hmph, don't think that I don't know you're a romantic one. You have two female slaves by your side, who knows where a large group of them might be hiding." Xie Qiaoyan was so angry that he scrunched his face.

"Qiao Yan, do you have the Dao Gu Dan's medicinal ingredients?" Chen Xiang asked: "Give me one."

"Take it." Xie Qiaoyan passed Chen Xiang a set of Dao Gu Dan's medicinal ingredients. There were only three ingredients: "Do you need a pill formula?"

"No need, I don't have any plans to refine Dao Gu Dan yet." Chen Xiang laughed, then went to touch Xie Qiaoyan's face, and Xie Qiaoyan opened his hands.

But Chen Xiang did not give up, and continued to play with Xie Qiaoyan, as if he was an angry child. After Xie Qiaoyan could not bear it any longer, he pinched the flesh of his body.

"Don't think I'm easy to bully." Xie Qiaoyan coldly snorted.

"I'm tired, so I'm going to rest first. Little bastard, don't act recklessly. Don't force me to beat you up." After Xie Qiaoyan finished speaking, he hurriedly returned to his room.

Chen Xiang laughed, licked her lips, and thought back to that feeling just now. was so angry at heart, she wanted to slap him, but she did not do anything. She did not know why she did not do anything.

After Xie Qiaoyan returned to his room, he laid on the chair and looked at the methods inside the Heavenly Alchemy. He felt that many of the powerful pill techniques in this era should be related to the Heavenly Alchemy.
