

Dan God 2461

[Chapter 2461](#)

Huang Xiaotian already knew about his father's situation. His father, Huang Tian, needed a cultivation cauldron, and Chu Hongqing and Yang Xiangyin were the best candidates.

Now it's good, Chen Xiang was hung there, this made Huang Xiaotian very excited!

"The elders of the Fire Reverent School are also here. One of them is from the Dao Po realm." Chu Hongqing said again. Both she and Yang Xiangyin were extremely anxious.

Huang Xiaotian threw a stone over, and after triggering the array around the big tree, the stone was immediately blown away.

"Looks like it wasn't easy for us to go over. This Chen Xiang has some skills, to actually be able to pass through such a formation." Huang Xiaotian carefully observed his surroundings. He also noticed a naturally formed array beside the big tree.

Chen Xiang did not say anything. He wanted to see how Huang Xiaotian would capture him, and he really hoped that Huang Xiaotian and the others would be able to pass through the array.

"Break the roots!" The elder from the Dao Po realm said, and then he started to attack the ground, followed by ten or so Fire Reverent School people doing the same.

In just a short while, many of their roots had been snapped. Huang Xiaotian tried again and found that the stone could hit Chen Xiang.

"Everyone, be careful when you go over there! Furthermore, do not kill him. We still have to force him to hand over the two Heavenly artifacts and lure Chu Hongqing and Yang Xiangyin out." Huang Xiaotian laughed sinisterly: "Everyone pay attention to the ground below you, the tree vines should have come out from the ground."

Huang Xiaotian observed very carefully and discovered that there were traces of tree vines breaking out from the soil beneath Chen Xiang's hanging. Of course, he also discovered the little blue flower inside the small tree hole.

"Ming, your reaction is the most sensitive, you go take a look, if possible, cut the vines and bring Chen Xiang here! He has twenty billion Jade money on him, if you can make him hand it all over, I can give you one hundred million." Huang Xiaotian said to a young man behind him.

Ah Ming hesitated. He also knew that this was a very dangerous situation, but he still walked over. To him, a hundred million Jade money was a huge amount.

Ah Ming very carefully went underneath Chen Xiang. His entire body tensed up, it would be best if he could prepare to escape at any time!

Huang Xiaotian and the rest looked at Ah Ming. After a while, he was not tied up by the tree vines.

"Ah Ming, break the tree vines and throw Chen Xiang over." Huang Xiaotian was extremely careful. Although Ah Ming was fine, he and the others did not go over.

Ah Ming nodded his head and took out a long sword. Then, he floated in the air and chopped at the thick vine. Even after several chops, he was still unable to cut it.

Huang Xiaotian and the rest also made their moves, controlling their weapons to fly over and hack at the tree vines that was hanging on Chen Xiang's body.

"It's working. We can cut it in half after a while!" Huang Xiaotian saw that the thick tree trunk was slowly being split open, and shouted in joy.

After a while, the tree vines indeed broke, and Chen Xiang who was wrapped up by the tree vines also fell to the ground. Ah Ming immediately released a golden net and wrapped Chen Xiang up.

Just when Huang Xiaotian and the rest were extremely excited, they suddenly felt something wrapped around their feet. In a flash, they were inexplicably hung on the big tree, they were also wrapped by the tree vines!

Although Chen Xiang's entire body was bound tightly by the tree vines, the tree vines connecting him to the big tree had already been cut off, so with a jolt of his body, the tree vines were immediately burst open, and with the power of the White Tiger Dao mark, he executed a spatial jump, escaping from this strange big tree!

"Thank you for saving me!" Chen Xiang floated in mid air and laughed loudly.

Huang Xiaotian and the others were so angry that they spat out blood. They had worked hard to help Chen Xiang cut off the tree vines, but when they thought that they were going to catch Chen Xiang, they were all wrapped up by the tree vines.

Chen Xiang now knew that this tree had intelligence. The big tree took advantage of the moment when Huang Xiaotian and the others were slashing down on the tree vines to secretly release the tree vines underground.

This big tree's wisdom and methods made Chen Xiang secretly admire it, and he almost fell for it too!

"Chen Xiang, quickly save us, we can disregard the past grudges and respect you as the distinguished guest of our Fire Reverent School!" At this moment, they had discovered that the strangest thing about this large tree was its extremely fast speed in absorbing the Daoyuan immortal power.

"AA
HHHHHHHHHHHHHHHHHHH!" Ah Ming suddenly cried out miserably. The tree vines that bound him suddenly tightened, crushing all the bones in Ah Ming's body. Even the blood that leaked out was absorbed by the tree vines.

Immediately after, the rest of the Fire Reverent School s started screaming out miserably, even the elder was constantly shouting, because the tree vines binding them were shrinking, they were extremely powerful, and their strengths were not weak, they were all from the Dao Dan realm, and the elder was even from the Dao Po realm!

However, like cotton, they were easily crushed into a small ball by the tree vines!

Chen Xiang's scalp went numb, and he still had some lingering fear. In the blink of an eye, more than ten people were strangled to the point where not even their bones were left, their flesh and blood

completely sucked. Not a single drop of blood fell to the ground, and they were all sucked dry by the tree vines.

Huang Xiaotian had not been strangled to death, and now he was the only one left!

This caused Chen Xiang to be even more shocked, the big tree was planning to use Huang Xiaotian as its bait! Just now, he was being used by the big tree as bait, which was why he had attracted Huang Xiaotian and the others over ten people.

"This killing tree is too terrifying!" Chen Xiang could not help but shiver, he did not know what would happen if he was restrained.

"Chen Xiang, quickly save me!" Huang Xiaotian roared, and continued to shake his body, he was like a pitiful worm trapped in a spider web.

"Why should I save you? You guys wanted to capture me just now, snatch my Heavenly artifact, and even wanted to capture my female slave, hmph! " He took out the Six Realms mirrors, sat on it and flew next to Huang Xiaotian.

Huang Xiaotian was also one of the higher ranked trees, but he could not do anything about it. He saw that when Chen Xiang rode on the Six Realms mirrors, the vines wanted to attack Chen Xiang, but they were all blocked by the Six Realms mirrors.

"As long as you save me, I'll promise you anything. I don't want to die!" Huang Xiaotian cried. He knew Chen Xiang had the ability to save him.

"I don't believe a guy like you!" Chen Xiang showed no mercy towards this kind of person who wanted to kill him. He took out his Heavenly magic sword and swung it towards the head that Huang Xiaotian revealed.

Huang Xiaotian didn't even have time to scream before his head fell to the ground.

At this moment, the big tree was trembling, as if in fear, because the flames Chen Xiang had released just now were extremely strong, able to threaten the tree.

Chen Xiang came to the side of the tree, touched the tree trunk and smiled: "Little one, don't be scared. I know you're very strong, but you're afraid of my fire, right?"

The tree trunk trembled again. It actually understood human speech.

[Chapter 2462](#)

"Then I'll let you go. Next time you see me, you can't do this again!" Chen Xiang caressed the tree trunk, then closed his eyes and focused on communicating with the mysterious tree.

"I don't dare to. Lord, don't burn me with fire!" His voice was actually very young, as if he was only a few years old.

"What flowers are in that tree hole?" Chen Xiang asked: "What's the use of it? I want it! "

"Blue Phoenix Flowers. If humans and savage beasts eat the petals, the injured areas on their bodies will immediately recover. This kind of flower contains the miraculous Phoenix Blood." The big tree said, then used the vines to pick the flower and gave it to Chen Xiang.

"If you give me this flower, won't you have no bait in the future?" Chen Xiang laughed.

"Don't worry, my lord, it will grow back out of the small tree very soon!" Right now, he was extremely afraid of the creator's flame that Chen Xiang had just released. He was afraid that he would be burnt, and that was the only flame that could threaten him.

Chen Xiang was worrying about not understanding this place, and was secretly happy to be able to communicate with this Small tree fairy.

"I know there's a phoenix here. What kind of existence is she here?" Chen Xiang asked, he felt that the Small tree fairy must know something about this place.

"She is the new Emperor of All Birds, who has just come here! There have been phoenixes in the past as well, but for some reason, they have disappeared. " The Small tree fairy said.

"So that's how it is!" Chen Xiang frowned. The phoenix that had just arrived was now the Xue Ying of the Hundreds of Flowers Village s.

"What exactly is this place?" Why did they suddenly appear here, and why are there so many Heavenly artifact here?! " Chen Xiang asked again.

The Small tree fairy replied with her young and tender voice: "Our name is Spirit Wasteland, and it is one of the ancient desolate lands! Spirit Wasteland has always been floating in different times, it's just that there's only an era left now, and we'll be back soon. Spirit Wasteland is also the youngest. "

Chen Xiang was stunned, the era of the Eight Desolations was actually the new Eight Desolations, and there was actually an ancient Eight Desolations! He felt that he had completely changed his past. What this world had developed into was completely different from what he knew. He did not know if it was a good thing or a bad thing.

"Are there any humans in the Spirit Wasteland? I mean, there were humans, and they're not the ones who just came in! " Chen Xiang asked again.

"Of course there is. Although our Spirit Wasteland is the youngest in the Ancient Eight Desolations, we have everything. Sir, you have to be careful walking around here." Then, a small hole appeared on his tree trunk as a tiny green bead floated out of the small hole.

"Lord, keep this thing. As long as you carry it with you, you won't be attacked by plants and flowers."

After Chen Xiang received the small green bead, the green bead quickly fused into his body.

"Looks like there are many man-eating trees like you hidden in here!" Chen Xiang laughed.

"What I'm eating are all bad people. I didn't plan to eat yours from the beginning. I only used you as bait!" The Small tree fairy was unconvinced.

"How do you know I'm not a bad person? How do you know those guys are bad people?" Chen Xiang chuckled, "I'm actually going to pick that Blue Phoenix Flower."

"Then my intuition ... Anyway, you're not too bad, or you'd have burned me to death a long time ago." The Small tree fairy said.

"Right, what else do we need to pay attention to here?" Chen Xiang decided to probe the wonders of the Spirit Wasteland: "Are there any stronger people here?"

"There is! Especially the beasts, they are a very terrifying threat to you humans! And then there was the evil spirits, which were also very deadly. Of course, the beasts are not around, they are deeper in the Spirit Wasteland, if you want to enter there, you only need to pay attention to evil spirits and some poisonous things along the way." The Small tree fairy said.

Chen Xiang nodded, "Then goodbye. We'll have a good chat when we have the chance!"

"Sir, your flame can't be used carelessly in this place. We are most afraid of this flame!" The Small tree fairy said: "Right now, I also plan to go deeper in and catch some beasts to eat. Why don't we work together? I can protect the adults!"

Chen Xiang didn't react for a moment, and asked: "How are you going to go into such a big tree? Do you want me to move you in?"

"Hee hee, of course not, I will leave!" As the Small tree fairy spoke, it actually began to move. After walking a few steps, its speed was actually pretty fast.

"Hurry and enter my tree hole, you'll be safe inside." The Small tree fairy said.

"You're not planning on eating me, are you?" Chen Xiang had seen the methods of Small tree fairy s.

"How would I dare!?" I have already given you that green bead. With that thing, none of us can devour you. If you are worried, you can just sit on top of that thing and not come down." The Small tree fairy said.

Chen Xiang sat on top of the Six Realms mirrors and flew into the tree hole.

"Small tree fairy, are you just going to walk in? You are very big and very conspicuous!" Chen Xiang said. Such a big tree moving about in the forest would definitely be very scary.

"Of course not, I will turn into a little ginseng and advance from the ground." The Small tree fairy said: "Don't think that only you can change, I can too!"

"Isn't it too slow for you like this? I can enter much faster by myself." Chen Xiang felt that if he rode a Six Realms mirrors, perhaps the use of Space wind would be even faster.

"You'll find out when you get deeper in. The environment inside is very complicated. If you were a little stronger, perhaps it would be fine, but your current cultivation is too low. Although you have a lot of tricks up your sleeve, entering this place is very dangerous." The Small tree fairy said.

"Wait, you've turned into a little ginseng, and I'm still inside your body ..." Chen Xiang suddenly thought of this.

"You are in my Divine Sense Sea World." The Small tree fairy laughed: "Relax, I often go into the depths of Spirit Wasteland to play, I can definitely bring you in safely."

He never thought that he would fall in love with a human, and right now, he was shuttling across the ground with Chen Xiang.

"Small tree fairy, can you do me a favor? I want to find a person! " Chen Xiang asked: "Can you help me ask your demon friends if they have seen this person before?"

When Chen Xiang was at Demon Forest, he had a good relationship with the Treant Race. He felt that the Small tree fairy could be considered their kind, but it was much stronger than the Treant Race.

"Okay, release that person's image!" The Small tree fairy said.

Chen Xiang released Xie Qiaoyan's image. Seeing it, the Small tree fairy laughed: "Is this your woman?"

"No, she's my friend! "Don't ask anymore, help me find her. She has been here for quite some time, I'm a bit worried about her." Chen Xiang said.

[Chapter 2463](#)

Before Chen Xiang encountered the Small tree fairy, he felt that this part of Spirit Wasteland was relatively safe. However, after seeing how the Small tree fairy ate people, and finding out about the hidden powerful existences of this part of the Spirit Wasteland from the Small tree fairy's mouth, he was extremely worried for Xie Qiaoyan.

The Small tree fairy had already started to help Chen Xiang search for traces of Xie Qiaoyan, he was connected to the flowers and trees here, if they were looking for Xie Qiaoyan, it wouldn't be difficult, as long as Xie Qiaoyan was still here.

"This may take some time, just wait patiently!" The Small tree fairy said: "I never thought that there would be more and more humans entering the Spirit Wasteland, I just wonder how many of us can survive."

Chen Xiang had previously heard that there were no dangers here, but the Small tree fairy did not say so.

"Small tree fairy, there were two Heavenly artifact here, and it seemed like humans could easily get their hands on them. Furthermore, before I came in, I understood that there would not be any danger, so many people came in." Chen Xiang said.

"Heavenly artifact? "Some of them are pretty easy to obtain if you're lucky!" The Small tree fairy said: "The place where there is no danger in Spirit Wasteland is outside. The area where you meet me is relatively safe! Of course, this is only temporary. "

"Why is it temporary?" Chen Xiang did not understand.

"This is because the Spirit Wasteland has just descended onto this land, and many beasts and various items have been gathered in the center area. After a period of time, they will try to go outside to take a look, and at that time, the entire Spirit Wasteland will no longer be safe." The Small tree fairy said: "With your cultivation, if you don't have any tricks, you will most likely die!"

Chen Xiang was also almost eaten by the Small tree fairy, when he thought about it, he felt a little afraid, because the Small tree fairy did not seem to be the most terrifying thing here, but was able to kill Huang Xiaotian and the rest.

"Master, as long as you are with me, you will be safe. The beasts and humans in the Spirit Wasteland would not dare to offend us plants and flowers. They are relying on us to live! The reason why Spirit Wasteland is called Spirit Wasteland is because after all living things here opened up their spirit, they all became unusually strong. This is the special characteristic of Spirit Wasteland. " The Small tree fairy laughed.

"Of course, we are also afraid of people like you. Especially those flames you released, they would have great destructive power towards us spiritual flowers, plants, and trees."

Chen Xiang said: Don't worry, I will not use it carelessly, this Spirit Wasteland is not bad, I do not want to destroy this place!

"You said that there are humans here, then are the humans here strong?" Chen Xiang asked.

"Of course I'm strong!" Humans and beasts are natural enemies here, and they often fight. But now that so many humans have come from the outside, it poses a greater threat to the beasts here. Therefore, if any humans were to be targeted by the powerful beasts, they would definitely be attacked. " The Small tree fairy said.

"The beasts here aren't weak, right?" Chen Xiang said, he had actually seen something like the phoenix here.

"Of course not! The biggest characteristic of the beasts in Spirit Wasteland is that none of them are stupid, and most of them can transform. Do you know how dangerous it is for humans now? " The Small tree fairy said.

Beasts that could take human form, and had a high level of intelligence, would be easily ambushed by these beasts if humans were unable to differentiate between them.

"Of course, not all beasts frequently attack humans. Many beasts are relatively gentle, such as those that don't eat meat, some birds, or fish in the water ..." The Small tree fairy suddenly said: "We found your friend, her situation doesn't seem to be good, she has been tied up."

"What?" Chen Xiang shouted in shock, "How can that be? She was pretty strong. Even if she was beaten black and blue, she wouldn't be tied up so easily ... Is she hurt? "

"No!" The group is in a small valley, and only she is tied up. For some reason, I'll bring you there right now, it's not too far away. " The Small tree fairy said.

Chen Xiang was clearly caught by his own people, and should be captured by the people from the Infinite Divine Mountain, but why? Xie Qiaoyan held a relatively high status within the Infinite Divine Mountain's Boundless Pill Dao, and had even gifted a Beauty Pellet to the Jiang Family Patriarch a while ago!

Chen Xiang asked the Small tree fairy to pass on what he could see. The Small tree fairy also managed to vaguely see something through his connection with the other flowers, plants and trees.

Chen Xiang had also only seen Xie Qiaoyan's face in a daze, but he could still confirm that it was Xie Qiaoyan. After that, it was a few people that he was more familiar with, and among them, Ning Quan was suddenly Huang Tian ... Other than them, there were also Infinite Masters of the Limitless Pill Dao, as well as Leader Qiao Wushuang of the Skypiercing Sect and Qiao Kun ...

After half an hour, the Small tree fairy arrived at the small valley.

"They are all very powerful humans, how do you plan to save that woman? She was also quite strong, but she could only submit to this group of humans. Had she offended this group of humans? Why were you captured!" The Small tree fairy asked.

At this time, Chen Xiang could clearly see the things inside the valley. There were more than two hundred of them, and their overall power was extremely strong. Forget about Xie Qiaoyan being tied up by a special rope, there were also three overlapping array discs at her feet.

"Xie Qiaoyan, you still have an hour!" The one who spoke was the Infinite Master, he was the Great Elder of the Limitless Pill Dao and had an extremely high position in the Infinite Divine Mountain.

"Even if I die, I will not compromise with you bastards!" Xie Qiaoyan said angrily.

"The three Longevity Fruits in your hands are useless to you, you can still be considered to be very young, and we old fellows don't have very long to live. As long as you hand them over, we guarantee that we won't make things difficult for you in the future." The Infinite Master said.

"Humph!" Xie Qiaoyan merely snorted coldly, then closed his eyes and no longer looked at this group of people.

Huang Tian suddenly said: "Three seniors of Infinite Divine Mountain, you should leave Xie Qiaoyan to me as soon as possible! This way, you can obtain the three Longevity Heavenly Fruits in my hands a little more easily. If Xie Qiaoyan dies, you won't be able to get anything else. "

Chen Xiang immediately understood what was going on!

Xie Qiaoyan and Huang Tian had gotten their hands on three Longevity Heavenly Fruits respectively, and this matter had been known to the Leaders, the Limitless Battle Dao and the two elders of the Limitless Pill Dao. They were already a little old, so they naturally needed the Longevity Heavenly Fruit to increase their lifespans.

Of course Xie Qiaoyan would not give it to them. The moment Xie Qiaoyan knew that the Limitless Pill Dao was hiding something from him and gave her the broken Infinite Dan method, she secretly hated the Infinite Divine Mountain.

Therefore, she was naturally unwilling to hand over the Heavenly Longevity Fruit!

When Infinite Divine Mountain's Leader and the two elders saw her attitude, they were extremely furious and used unyielding methods. This further stimulated the already extremely arrogant Xie Qiaoyan.

Xie Qiaoyan was cold and arrogant, the more he forced her, the more she wouldn't compromise!

[Chapter 2464](#)

Huang Tian also had three Longevity Heavenly Fruits, and right now Huang Tian needed a girl with a high cultivation as the cultivation furnace. So when he saw that Xie Qiaoyan was captured and sealed, he suggested a condition, and used the three Longevity Heavenly Fruits in exchange for Xie Qiaoyan!

But they still gave Xie Qiaoyan the last chance. If Xie Qiaoyan was willing to hand over the Longevity Heavenly Fruit in his hands, they wouldn't need to use her to exchange with Huang Tian.

"Stop dreaming, even if I die, I will not lower my head to you bastards!" Xie Qiaoyan's voice was ice-cold and his eyes were filled with stubbornness, but there was also despair.

Xie Qiaoyan was extremely suitable for his cultivation, if he were to dual cultivate with Xie Qiaoyan, his cultivation would definitely increase even faster!

Right now, he had a very high chance of obtaining Xie Qiaoyan, because those three big shots of the Infinite Divine Mountain all wanted the Longevity Heaven Fruit very badly. For the sake of the Longevity Heaven Fruit, they actually used a strong method to force Xie Qiaoyan to hand it over.

"Huang Tian, you don't have to worry. We won't let her die. We also know that after she dies, we won't get anything!" Infinite Master said, "We have already sealed all of her power, it won't be that easy for her to die."

"Pill Dao Elder, you should exchange with Huang Tian now in case something else happened." The one who spoke was an old man with a lot of wrinkles on his face.

"Elder Zhan Dao, what do you think?" Infinite Master asked.

"We'll do as Leader says! It's not like we don't know Xie Qiaoyan's personality. " The fighting elder sneered. This was also an old man whose face was covered in layers of wrinkles.

Chen Xiang was also very angry in his heart. They actually sold Xie Qiaoyan to Huang Tian just like that, for their own selfish ends, they were actually able to do such a shameless thing.

Huang Tian took out a jade box, laughed and said: "The three seniors are straightforward indeed, I will give you two Longevity Fruits first, and when Xie Qiaoyan gets to me, I will give you the remaining one!"

Just as Huang Tian finished his sentence, a hand appeared in the air!

This was Chen Xiang's hand. He used his spatial energy and had his hand reach out to grab the jade box.

"Who is it? Quick, catch him! " Huang Tian immediately shouted in alarm as a powerful aura surged out from his body.

Ning Quan was also looking around vigilantly, but he did not see anything.

Limitless Leader's voice was cold as he said: "Who is the expert? Don't sneak around, hurry up and come out. The consequences of harming our Infinite Divine Mountain are extremely serious! "

"You scoundrels, are just a joke in my eyes, haha ..." Chen Xiang's voice suddenly came out, shocking both Ning Quan and Huang Tian.

"Quick, look at Xie Qiaoyan ..." Huang Tian reacted and quickly shouted.

Xie Qiaoyan was located in the middle of the Infinite Divine Mountain's three Great Leaders, but when Huang Tian shouted, Xie Qiaoyan and the three array discs disappeared.

"It's the Space Laws!" Chen Xiang, if you know what's good for you, hand over Xie Qiaoyan and the Heavenly Longevity Fruit immediately, or else you'll definitely suffer a terrible end. "

"This daddy has heard too much of these bullshit. It's you old bastards who are about to enter their coffins that even left behind a curse before you die!" You all better not enter the Divine City created by the three great native banks. I guarantee that after you all enter, there will be a lot of words that will scold you all until your heads will be drenched in dog blood. "

Chen Xiang's appearance was unexpected, and the three big shots of the Infinite Divine Mountain did not understand. They had clearly sealed the space, but Chen Xiang was still able to bring Xie Qiaoyan away through the seal.

This group of people in the valley weren't weak either, but Chen Xiang's cultivation was extremely low. He was actually saved by Chen Xiang in front of so many people, and Huang Tian nearly vomited blood.

What made him so angry that he almost fainted was that he was about to get the beauty Xie Qiaoyan right away, but Chen Xiang appeared again, ruined his plans!

"Brother Huang, are you alright?" Ning Quan immediately went to support Huang Tian.

"I... "I'm fine..." Huang Tian took a deep breath and covered his chest with one hand.

"Huang Tian, your son Huang Xiaotian has already been killed by me!" Chen Xiang's voice came from the sky, indicating that he was still in the vicinity.

Huang Tian had already caught his breath, but after hearing this news, he couldn't help but spit out a mouthful of blood.

"Chen Xiang, I must kill you, I must!" Huang Tian's voice was filled with hatred and anger.

"Split up and search, he must not find it, he still has two Heavenly artifact on him!" Infinite Master shouted, and then everyone split up and moved.

Chen Xiang was currently hiding inside the Small tree fairy's Divine Sense Sea World. He had already pulled Xie Qiaoyan out from within the seal and the seal formed by the three array discs was still very strong.

"Thank you!" Xie Qiaoyan heaved a long sigh of relief, but her face was currently pale white. When she was sealed, Divine Sense Sea's power was also suppressed, but she had already gradually recovered, and her face had regained its vitality.

"It's good that you're fine!" Chen Xiang chuckled, "You should be more considerate in the future!"

"What is this place?" Xie Qiaoyan nodded her head, seeing the smile on Chen Xiang's face, she felt more at ease. Previously, she thought she was done for.

"Inside a tree. We're safe now." Chen Xiang had already ordered the Small tree fairy to leave the valley.

Chen Xiang took out the jade box that he had bought from Huang Tian. Inside the box were three fist-sized fruits that looked like emeralds.

"This is the Eternal Heaven Fruit!" Chen Xiang praised: "As expected, it's a good thing. Don't you have three as well?"

Xie Qiaoyan nodded her head as she took out a small tree and said, "I had discovered the fruit tree long ago. When I was fighting with a savage beast, Huang Tian came over immediately.

"Hehe, it's all ours now!" Chen Xiang laughed: "Those bastards must be very sad right now."

"En!" Xie Qiaoyan smiled slightly, she was truly very happy, and this was the first time Chen Xiang had seen her smile.

"Take the fruit and give me the little tree, okay?" The Small tree fairy suddenly said.

"Who is it?" Xie Qiaoyan suddenly became alert.

"Qiao Yan, he is the Small tree fairy, we are currently in his Divine Sense Sea World, we are extremely safe here! Just give him that tree. " Chen Xiang said.

Xie Qiaoyan was saved by Chen Xiang, and after knowing that the Small tree fairy also saved her, she gave the tree to the Small tree fairy without hesitation.

[Chapter 2465](#)

Xie Qiaoyan handed over the three Longevity Heavenly Fruits in his hands to Chen Xiang ...

"For you!" At this time, she was extremely grateful to Chen Xiang. If not for Chen Xiang, she would not have known what would happen right now.

"No need, I have three myself!" Chen Xiang laughed.

"You really don't want it?" Xie Qiaoyan asked in a low voice: "This is very precious! Besides, I don't need it now! But even without these Longevity Fruits, I think those old fellows would still use me to threaten you! "

"Threatening me?" Chen Xiang laughed.

"Hmm, you have two Heavenly artifact s with you, and they are skilled in superior pill techniques! It's all very useful to them, and they know I'm very close to you! When I went back to the Infinite Divine Mountain, they asked me how my relationship with you was progressing! "

Xie Qiaoyan's eyes moved, and she asked softly: "If they were to use me to threaten you, would you compromise?"

Chen Xiang laughed: "If I cannot save you, of course I will compromise, I don't want to lose you!"

Xie Qiaoyan lowered her head slightly. She had kissed Chen Xiang previously, and she knew then that Chen Xiang wanted to take over her. At that time, she was also forced to take over half a step and was forced to be kissed by Chen Xiang.

"This group of fellows are really greedy. They seem to already have Heavenly artifacts, but they still want more!" Chen Xiang laughed.

Xie Qiaoyan only sighed lightly. She also didn't think that the Infinite Divine Mountain would actually treat her like this. This was even more cruel than abandoning her.

"Qiao Yan, come with us!" Chen Xiang suddenly pulled Xie Qiaoyan closer to him, allowing her to lean into his embrace. Xie Qiaoyan also just struggled a little.

Chen Xiang embraced her proud and aloof but extremely soft body. He was secretly pleased in his heart, feeling that he had almost conquered this woman.

He placed his hands on Xie Qiaoyan's jade face and gently caressed it. Then, he used his hands to hold her jade face and made her raise her head.

Xie Qiaoyan's gaze was filled with complexity as she avoided Chen Xiang's gaze. She didn't know why, but her heart inexplicably jumped very quickly as her cheeks flushed red. She was also secretly looking forward to something from the bottom of her heart ...

This time, Chen Xiang didn't even need to forcefully kiss Xie Qiaoyan; instead, he just passively and easily kissed her.

After a while, Xie Qiaoyan leaned bashfully on Chen Xiang's chest.

"When I found out that you entered this mountain range, I was extremely worried. I even planned to look for you and take you with me! I never thought that you would be the one to save me from behind the scenes. " Xie Qiaoyan sat on Chen Xiang's thigh, leaning into Chen Xiang's embrace.

Chen Xiang caressed her face and laughed: "How could I be captured that easily? Right, how did you know that I entered this mountain range? "

"Leader suddenly said that someone sent a message to him. At that time, he secretly sent a message to the other disciples of Infinite Divine Mountain, telling them to go look for you." Xie Qiaoyan said.

Chen Xiang kissed her forehead and asked: "How are you recovering now?"

"It's about time!" Xie Qiaoyan left Chen Xiang's embrace and arranged his clothes.

Chen Xiang kept the Small tree fairy staring at Huang Tian. He asked: "Small tree fairy, how is Huang Tian now?"

"He's together with another guy. That guy seems to be called Ning Quan." The Small tree fairy said.

"Get close to them ... Right, where are those three old fellows? Where did they all go? " Chen Xiang asked again.

"They said they were going to find someone who can figure out where you are." The Small tree fairy made Chen Xiang frown. That person was definitely from the Undead Divine Race.

"Who is it?" To think that I would be able to find out where you are! " Xie Qiaoyan was already impressed by Chen Xiang's concealed strength, he had approached them secretly, but the three big shots of Infinite Divine Mountain did not know about it.

"Undead Divine Race's!" Chen Xiang said: "These people are truly lingering around like ghosts. If I had the strength, I would have shoveled them out first!"

Xie Qiaoyan had told Jiang Xian to be careful of Undead Divine Race before, because she was looking for him everywhere.

"Undead Divine Race and I have a grudge, but it won't be so easy for them to catch me either! Looks like I'll be safer in the cities of the three great native banks in the future." Chen Xiang sighed: "Without great strength, it's best not to run around."

The leaders behind the three native banks were all very powerful as they controlled the order of the entire Wasteland. If there were people causing trouble in the city they built, they would act and even the Undead Divine Race would fear them.

"Huang Tian must be related to the Undead Divine Race!" Chen Xiang said. The Huang profound that Chen Xiang had killed earlier belonged to the Undead Divine Race, while Huang profound had to help Huang Tian.

They were all surnamed Huang, so there had to be a branch of the Huang Family in the Undead Divine Race, and this was exactly the case for Huang Jintian.

The Small tree fairy was now close to Huang Tian and the others.

"With my strength, I can deal with these two. I don't need any of you to do anything." The Small tree fairy laughed.

"Alright, try it first. If it doesn't work, then we'll make our move." Chen Xiang said. Although Xie Qiaoyan was not a match for the Infinite Divine Mountain's Three Great Leaders, dealing with Huang Tian was not a problem. Her strength was still much stronger than Huang Tian.

When the Small tree fairy was still a distance away from Huang Tian and the others, it came to the ground and turned into a big tree.

This flower was the Blue Phoenix Flower from before. It was able to release a trace of an extremely peculiar fragrance, and was currently luring Huang Tian and Ning Quan.

"Will that work?" Chen Xiang asked.

"Definitely. According to my observation, those two fellows are very greedy. They will definitely take the bait. Just watch." The Small tree fairy was very confident.

Sure enough, before long, Chen Xiang and Xie Qiaoyan who were inside the big tree could pass through a curtain of light. They saw two people quickly walking over, it was Huang Tian and Ning Quan.

"This mountain range is truly surprising!" Ning Quan excitedly went over, just in front of Huang Tian.

Seeing these strange flowers and herbs, he did not want to miss it. There was only one flower in front of him, and he was afraid that Ning Quan would take it all for himself.

In just a few blinks of an eye, they had all arrived underneath the big tree. Ning Quan reached his hands into the hole in the tree, just as he was about to grab the Indigo Phoenix Flower, the hole in the tree suddenly shrank back and clamped onto Ning Quan's hand.

"Brother Huang, please do me a favor and chop down this tree. This strange tree should be intelligent to actually know how to protect this flower." Ning Quan anxiously said.

Huang Tian walked over and grabbed Ning Quan's arm with all his might. He wanted to pull Ning Quan's hand out, but Ning Quan had to shout loudly.

"Stop bullshitting, it hurts! Just cut down the big tree, hurry up! " Ning Quan shouted. He could feel that the hole in the tree was tightening;

Huang Tian had no other choice but to take out a knife and hack at the big tree. The moment he swung his sword, his feet were entangled by tree roots. Then, many tree vines appeared from the big tree, instantly entangling Huang Tian tightly.

[Chapter 2466](#)

After Huang Tian was entangled, he saw Chen Xiang and Xie Qiaoyan suddenly appear. Ning Quan, whose hands were still stuck in the tree hole also shouted out in shock, at this time, he was also tied up by the tree vines released by the Small tree fairy.

"All of you did this?" Ning Quan shouted anxiously, "Senior Master, quickly save me ... I know Huang Tian has always wanted to have you, but I have always been against him! "

Hearing that, Xie Qiaoyan's face turned cold: Don't think that I don't know that you were the one who suggested this to Huang Tian, saying that you wanted to use the Longevity Heavenly Fruit to exchange, don't call me Junior Master, I am no longer from Infinite Divine Mountain!

While talking, Xie Qiaoyan had already taken out a long sword, seeing the cold gleam on the sword, Ning Quan's entire body shivered, the cold expression on Xie Qiaoyan's face showed that she would not show mercy. Ybdu.

"Uncle-master ..." Martial Uncle... "Huang Tianzhen and I are not on the same side. If you want to kill him, I have never harmed your interests." Ning Quan wailed.

"Hmph, don't think that I don't know about your scheme with Huang Tian. I won't believe your lies!" Xie Qiaoyan was not a gentle and kind girl to begin with. She had already wielded her long sword and cut down Ning Quan's neck, and decapitated him.

As Huang Tian saw this, his already terrified heart turned cold. He knew that he was dead for sure!

Xie Qiaoyan had been so decisive in killing Ning Quan that she had never hesitated for sure.

Chen Xiang came to the bottom of the sky and smiled: "Didn't you say you wanted to kill me or something? Now it seems like you are going to be killed, haha ... "

Seeing Chen Xiang's current taunt, Huang Tian was once again angry in his heart. He wanted to slap Chen Xiang to death, but he had already been bound tightly, to the point that he couldn't even move a finger.

"Qiao Yan, do you want to come or should I?" Chen Xiang asked.

"It's better if you do it! You and him have had a conflict, I don't want to kill this kind of guy! "" You ... you ... Xie Qiaoyan passed the long sword in his hand to Chen Xiang.

Chen Xiang took the longsword, and said to Huang Tian with a smile: "Both father and son have died in my hands. If there is a next life, you can also become father and son like this!"

"Chen Xiang, you little beast ..." Before Huang Tian could finish cursing, his head was chopped off by Chen Xiang.

Huang Tian and Ning Quan's cultivation were relatively high, and to the Small tree fairy, this was a huge feast!

Following that, Xie Qiaoyan saw how a tree was able to absorb two corpses, and he even told her about Huang Xiaotian and the others who were devoured by the Small tree fairy before.

"Although the taste of this guy is not good, the energy is still quite strong. I am quite satisfied with it!" The Small tree fairy laughed: "Do you guys still want to follow me deeper in?"

"Of course I want to go in, maybe I can even find Heavenly artifact inside!" Chen Xiang said, and then he and Xie Qiaoyan went back into the Small tree fairy's Divine Sense Sea World.

Although the voice of the Small tree fairy was like that of a young child's, it was extremely refined, so Chen Xiang did not need to worry that something bad would happen while he was in the deeper parts.

"That group of old fellows are also going to enter deeper. They seem to know what is in the depths, and they understand this Spirit Wasteland quite well!" Xie Qiaoyan suddenly said: "I don't know what basis they have to find the Heavenly artifact, but it's not that simple!"

This reminded Chen Xiang of the Undead Divine Race. Not long after he entered the Spirit Wasteland, the Ning family already knew about him entering there. It was definitely what the Undead Divine Race had told them!

Chen Xiang immediately understood that the Undead Divine Race was trying to rope in these forces because he knew that there was a gap between them and the three great native bank.

"It should be the Undead Divine Race!" Chen Xiang said: "If the Undead Divine Race is able to form an alliance with these powers, then they might have to deal with the three great native bank s."

"The power of the three great native bank s is extremely terrifying. Does the Undead Divine Race really have the power to shake them?" Xie Qiaoyan shook her head, she felt that it was not possible.

"Hard to say, Undead Divine Race is very mysterious!" Chen Xiang still did not have a thorough understanding of Undead Divine Race, but he knew how ambitious Undead Divine Race was.

Now that the Undead Divine Race was together with the Evil Spirit Race, their powers would definitely become stronger, and with the sudden appearance of the Spirit Wasteland, Chen Xiang felt that the situation was not so simple.

"Small tree fairy, didn't you say that there is the Ancient Desolation? Could it be that other than the Spirit Wasteland, there are seven other Ancient Wastelands?" Chen Xiang asked.

"Yes!" However, our Spirit Wasteland's strength is at the top ... As for the other seven wastelands, they have always been hidden here. " The Small tree fairy said: "Your New Eight Wastelands is definitely not as strong as the ancient Eight Desolate Land."

Chen Xiang shook his head. At this point in time, even he did not understand the New Eight Wastelands very well, let alone the ancient Eight Desolations.

"Right now, there's no need to think too much into it. The most important thing is to improve your own strength." Xie Qiaoyan said.

When Xie Qiaoyan had been captured earlier, it made her even more aware that her own strength was too weak and she had almost allowed herself to be slaughtered. Thus, ever since that incident before, she became even more determined to work hard to increase her strength in the future, so as to prevent such a thing from happening again.

"Ah... "It's so cold, there's some tough guys fighting up there, it looks like a dragon!" The Small tree fairy suddenly shouted.

"Are you okay?" Chen Xiang asked anxiously.

"I'm fine!" I have seen dragons before, so I know the aura of dragons. However, this dragon seems to be a bit tender, but it is also considered a rather rare species in the Spirit Wasteland. " The Small tree fairy said.

"Is an ice dragon a rare species in the Spirit Wasteland?" Chen Xiang asked. Most of the dragons that could use the power of the cold were ice dragons.

"Of course not, there are still some ice dragons. However, this one doesn't seem like an ice dragon. Although it can use the power of the cold, it has a unique aura." The Small tree fairy said.

If that was the case, then there could only be one possibility. The dragon that was standing on the stage was a White Dragon!

"Let's go up and take a look!" Chen Xiang told Chen Xiang that in this era, Long Shuangru was the only White Dragon. Long Xueyi came from another era, so it could not be counted.

The Small tree fairy immediately came to the ground and revealed what she had seen in her own Divine Sense Sea World for Chen Xiang and Xie Qiaoyan to see.

A white-robed woman was in the midst of battle. She held a long white sword in her hand as she battled against two black clothed men.

"It's Shuang Ru!" Chen Xiang immediately shouted.

"You know this woman?" Xie Qiaoyan asked anxiously. Chen Xiang was her lover now, and although she knew Chen Xiang was a playboy, she was still a little jealous.

"Long Jiuxiao's daughter!" Chen Xiang said.

Xie Qiaoyan had already known that Chen Xiang had a Heavenly furnace previously, and that it was a pill furnace created by Long Jiuxiao. Therefore, she immediately thought that the Heavenly furnace was a gift from Long Jiuxiao, and the relationship between Chen Xiang and her daughter was definitely very good.

"Qiao Yan, how is your strength compared to the two men in black? Can you help Shuang Ru? She's my friend." Chen Xiang said.

[Chapter 2467](#)

Chen Xiang didn't know why Long Shuangru had appeared in this Spirit Wasteland either, and why he had entered so deep all of a sudden.

"No problem, big sister Qiao Yan is only stronger than them!" The Small tree fairy laughed.

Xie Qiaoyan nodded: "Leave it to me!"

The Small tree fairy telling Xie Qiaoyan to go out, the sudden appearance of Xie Qiaoyan on the battlefield surprised both Long Shuangru and the two black clothed men.

At first, Long Shuangru was worried that Xie Qiaoyan was the helper of the two black-robed men, but when she saw that Xie Qiaoyan had appeared, she immediately attacked the two black-clothed men, causing her to heave a sigh of relief.

After that, Long Shuangru and Xie Qiaoyan joined hands, and with the help of sound transmission, they quickly killed the two men in black. It was only at this time that Chen Xiang came out from the Divine Sense Sea World of the Small tree fairy.

"Shuang Ru, why are you here?" Chen Xiang laughed: "Is Hundreds of Flowers Village alright?"

"Not bad!" Long Shuangru immediately understood, the woman who had come to help her just now, was precisely called over by Chen Xiang. She smiled and said: "Who is this big sister? Could it be your new wife?"

"This... "I guess so!" Chen Xiang coughed dryly.

"Not yet!" Xie Qiaoyan said anxiously, afraid that Long Shuangru would misunderstand.

Under their cooperation just now, Long Shuangru knew that Xie Qiaoyan was very strong, much stronger than Chen Xiang. However, she was not surprised at all by Chen Xiang being able to be on good terms with such a woman.

"You guys hurry up and come in, it's too dangerous outside!" The Small tree fairy shouted: "You guys have a great battle here, it's very noisy, let's leave here first!"

Then, Chen Xiang and the two girls entered the Divine Sense Sea World of the Small tree fairy.

After Xie Qiaoyan and Long Shuangru introduced themselves, Long Shuangru was extremely shocked, "Xie Qiaoyan, this is a master above the Dan God List of Eight Wastelands and the only female Alchemist of the Limitless Pill Dao!"

Long Shuangru knew that Chen Xiang's alchemy skills were extremely high, it was normal for Chen Xiang to be so close to him.

In order to cure his father, Long Shuangru had a deep understanding of the art of alchemy, especially the Alchemist above Dan God List of Eight Wastelands.

"I no longer belong to Infinite Divine Mountain!" Speaking of this matter, Xie Qiaoyan couldn't help but let out a faint sigh, and then, Chen Xiang briefly explained the matter of Xie Qiaoyan being arrested.

"Sister Qiao Yan, why don't you join our Hundreds of Flowers Village? The ones who are really in love with each other are all women!" Long Shuangru held onto Xie Qiaoyan's jade hand, and said with a light smile.

Long Shuangru stayed in the Hundreds of Flowers Village for a while and felt a sense of belonging towards the Hundreds of Flowers Village, even though she was a dragon.

"Hundreds of Flowers Village?" Xie Qiaoyan looked at Chen Xiang.

"Didn't you tell her?" Long Shuangru asked in surprise: "She's not your woman?"

"I just said it, not yet!" Xie Qiaoyan said with a bit of a blush.

Long Shuangru pinched Chen Xiang: "You were right earlier, how dare you lie to me!"

Chen Xiang was pinched to the point of pain, he cried out, "Shuang Ru, you must have learnt bad things from those crazy girls back in Hundreds of Flowers Village! You actually know how to pinch me!"

After that, Long Shuangru informed Xie Qiaoyan of the existence of the Hundreds of Flowers Village. After hearing about it, Xie Qiaoyan was also very interested and decided to go take a look.

"Oh right, Shuang Ru, why are you here?" Furthermore, it's you who is doing it, it's too dangerous!" Chen Xiang asked again, although he asked earlier, Long Shuangru did not answer.

"I came to look for Xue Ying. She had just formed a Dao pill and left without a sound. Imperial Concubine Lian used the Heaven extended method to calculate that she was here, so I came!" Long Shuangru said. She was considered strong in the Hundreds of Flowers Village, that was why she was allowed to take a look.

Xie Qiaoyan was shocked, she never thought that there would actually be women from the Undead Divine Race in there. She knew that only the Undead Divine Race knew about Heaven extended method.

"Is Xue Ying also a female from the Hundreds of Flowers Village? She just came in here alone with her Dao Dan realm, it's very dangerous!" Xie Qiaoyan said.

"I actually saw her!" Chen Xiang frowned. Xue Ying was the Phoenix Princess, and he was sure that the phoenix he saw earlier was Xue Ying.

"What?" Then why aren't you with her?" Xie Qiaoyan looked at Chen Xiang reproachfully.

"No ..." I wasn't sure it was her then!" Chen Xiang sighed: "Xue Ying is a phoenix. When I saw her before, I did not dare confirm that it was her because I felt that she should be inside the Hundreds of Flowers Village."

"Phoenix ..." Phoenix! " Xie Qiaoyan was stunned: "When we entered deeper inside, we also met a phoenix, could it be that she is Xue Ying?"

Chen Xiang nodded his head, "It's all my fault for being too careless ... However, I was planning to ask her about it, but she flew too fast and someone was trying to catch her! "

Xie Qiaoyan never thought that not only was there a dragon in the Hundreds of Flowers Village, there was even a phoenix. She wanted to know what kind of woman there was in the Hundreds of Flowers Village.

"Don't worry, she's very strong now ..." I don't know why! " Chen Xiang patted the ground and said: "Small tree fairy, didn't you say you were talking about the Phoenix before?"

"There's nothing much to say. She's one of the Heavenly beast, the emperor within birds. Of course she's very strong ..." The phoenix that was previously missing in the Spirit Wasteland has disappeared for a long time now, the strength of this new phoenix is not any weaker than the old phoenix. " The Small tree fairy said: "Master, you are really awesome, you know so many female Heavenly beast"

"Small tree fairy, quickly find that phoenix!" Chen Xiang said.

"Alright, if she turns into her human form, then it might be difficult to find her!" The Small tree fairy said: "Can you give me her human form?"

Chen Xiang immediately released Xue Ying's shadow, looking extremely beautiful with a braid hanging on his chest, looking very pretty when he smiled.

The Small tree fairy was immediately found. He said: "She is currently very safe, she is currently in a forest. I will bring all of you to find her now."

"Alright, hurry up!" Chen Xiang said. After knowing that the phoenix was Xue Ying, he was even more worried.

"Chen Xiang, I heard your master say that you are living well outside, is that true?" She had heard all kinds of legends about Chen Xiang from the Hundreds of Flowers Village, so from the bottom of her heart, she also hoped to be able to travel with Chen Xiang.

"Nothing, didn't I tell you before?" "I am a troublemaker!" Chen Xiang laughed: "Up till now, I have only offended Infinite Divine Mountain ... Of course, there's also the Undead Divine Race here. They have started to look at me. "

"Then aren't you in danger?" After Long Shuangru finished speaking, he smiled and said, "I forgot about the Divine City that the three great native banks established. When you returned earlier, you told us about it."

"He is very safe in the Three Money Divine City, there is no need to worry, it is just that sometimes he will run out, just like now." Xie Qiaoyan said.

"If I don't run out, who will save you?" Chen Xiang chuckled, and then, he caressed Xie Qiaoyan's face.

Long Shuangru could already tell what Xie Qiaoyan was thinking from his expression.

"Where's Hongqing and Xiang Yin? You're not going to let them do all the work for you, are you?" Long Shuangru asked.

"Of course not, they are doing very well now!" Chen Xiang was extremely worried that the women in the Hundreds of Flowers Village would forcefully take the two beautiful women away.

"We're here!" The Small tree fairy suddenly said: "But besides the phoenix, there are other things here!"

[Chapter 2468](#)

The Small tree fairy did not let Chen Xiang go out because he sensed danger and could tell from his voice.

"Then how is Xue Ying now?" Chen Xiang asked anxiously: "What other things are here?"

"Two... I don't know what it is that I can't see, but I can feel it. Phoenix seems to have sensed it too, but she is currently very calm! "

"Something invisible?" Chen Xiang was shocked, only the Evil Spirit Race had such a ability: "Let me out!"

The Evil Spirit Race was not easy to deal with. Chen Xiang was very worried, the Small tree fairy originally did not plan to let Chen Xiang out, because it was too dangerous. It was the same for Long Shuangru and Xie Qiaoyan.

"All of you enter the You Yao Mountain Villa first. You can come out when you are needed!" Seeing his serious expression, Xie Qiaoyan and Long Shuangru could only listen to him.

This was Xie Qiaoyan's first time entering the You Yao Mountain Villa, but she already knew that Yang Xiangyin and Chu Hongqing were here.

Chen Xiang used the Counter Power to make himself invisible, and then left the Small tree fairy's Divine Sense Sea World.

Coming outside, he immediately used the Dao heart Eye and saw two red figures. He was extremely careful and did not get discovered by the two powerful Evil Spirits.

Xue Ying was dressed in white, her long hair hanging in front of her chest, her face was cold and beautiful, her body carried a faint amount of might, her beautiful eyes were filled with a sharp light, exuding a domineering aura, after all, she was a phoenix! Among the Heavenly beast, the number of phoenixes was even less than that of dragons!

The current Xue Ying looked mature and cold. The first time Chen Xiang saw her, there was a huge difference!

"It seems like you came here specifically for me?" Xue Ying's voice carried a trace of disdain, "Do you really think you have the power to swallow me?"

Chen Xiang used the Dao heart Eye to stare at the two red figures. He did not know why Xue Ying had become so strong, but he felt that it had something to do with this Spirit Wasteland!

"What about me?" A yellow-haired old man suddenly appeared, causing Chen Xiang to be startled, because he did not know how this old man appeared.

The moment the yellow haired old man appeared, Xue Ying released a strong wave of heat, but the heat wave was concentrated on the two Evil Spirit Race s and the yellow haired old man.

"You are just a little girl who has just obtained the power of an old phoenix. Do you think we are that easy to deal with? We will definitely be able to take you down today! " The yellow-haired old man laughed loudly.

"Hmph, you all are too arrogant!" As Xue Ying spoke, a flaming sword appeared in her hand, and she instantly appeared beside one of the Evil Spirit Race.

She could actually see the invisible Evil Spirit Race!

"Can she see me?" Chen Xiang was suspicious, but he was sure that the yellow haired old man and the two Evil Spirit Race did not know that he was here.

Right now, Chen Xiang was sure that the yellow-haired old man was from the Undead Divine Race. They should be here to capture the phoenix, not for Chen Xiang.

Chen Xiang knew that even if he could get close, he would not be able to successfully launch a sneak attack. Even though his Heavenly magic sword was sharp, but because the difference in strength between him and his opponent was too great, it was unable to break his opponent's defense.

However, he was extremely worried for Xue Ying. He sent a sound transmission to the Small tree fairy and asked, "Small tree fairy, do you think that together with Shuang Ru and her, they would be able to deal with that yellow-haired old man?"

Xue Ying had already started to fight with the two invisible Evil Spirit Race s, but the yellow-haired old man did not do anything, it was clear that he felt that there was no need to do anything now.

"The yellow-haired old man isn't weak. If those two women join hands, then it would be very difficult for them, unless they have a way to divert his attention." The Small tree fairy said.

"If I seal him for an instant, will he succeed?" Chen Xiang asked.

"If you cooperate well with Shuang Ru and you can seal the yellow-haired old man for an instant, then taking him down shouldn't be a problem." The Small tree fairy said.

Chen Xiang immediately sent a sound transmission to Xie Qiaoyan and Long Shuangru, telling them to prepare their moves, that they had to be fast, and that they wanted to kill Xie Qiaoyan in one shot!

Xie Qiaoyan and Long Shuangru both had a lot of battle experience, so they were confident that they could succeed and cooperate with Chen Xiang to make a beautiful sneak attack!

Chen Xiang secretly activated the Daoyuan immortal power and Natural Law Principles that he had at his disposal, he was prepared to use the entire strength of the Six Realms mirrors!

There were many powerful sealing formations inside the Six Realms mirrors!

"Get ready!" After Chen Xiang finished speaking, he used his spatial energy to move the Six Realms mirrors below the yellow-haired old man, and then activated the Six Realms mirrors to release the formation.

In that instant, he teleported next to the yellow-haired old man and summoned Xie Qiaoyan and Long Shuangru out of the You Yao Mountain Villa.

When the yellow-haired old man sensed a spatial ripple, he immediately became alert, but when he was alert, he found that he could not move at all, following that, Chen Xiang appeared beside him, accompanied by two aggressive looking women.

Long Shuangru and Xie Qiaoyan activated an extremely strong Daoyuan immortal power at the same time. Although it was just one Ice and one Fire, they were very skilled in using the Laws, being able to fuse ice and fire, and then thrusting the Daoyuan immortal power into the yellow-haired old man's head!

The yellow-haired old man's mind shook from the strike, the Daoyuan immortal power that he was using was also scattered, while Chen Xiang continued to summon his Six Realms mirrors, at the same time throwing his Heavenly magic sword over to Long Shuangru!

Long Shuangru took the Heavenly magic sword and hacked at the yellow-haired old man. In a moment, dozens of swords slashed across, chopping the Heavenly magic sword into many small pieces!

Chen Xiang took out the Chuangshi god furnace and stored all the pieces into the Chuangshi god furnace!

"Done!" Chen Xiang said excitedly, then used the power of God's Eye to transmit what he saw into Long Shuangru's and Xie Qiaoyan's eyes.

This way, they could see the Evil Spirit Race and go help Xue Ying!

"Sister Shuang Ru, Chen Xiang! "Why are you guys here?" Xue Ying was very happy, without the yellow haired old man, the pressure on her was greatly reduced, she also noticed that although she did not know Xie Qiaoyan, but from her understanding of Chen Xiang, she knew that he was the woman that Chen Xiang knew.

With Long Shuangru and Xie Qiaoyan joining the battle, the three girls quickly killed the two powerful Evil Spirit Race s and ended the battle.

"Xue Ying, you left without saying anything. We are worried to death about you!" Long Shuangru scolded as she pinched Xue Ying's jade face.

"At that time, I was also in a daze. I came here based on my senses, and then I experienced some things. I obtained the inheritance of the Ancient Phoenix ... "I also know a few things. After flying around here, I met those guys." Xue Ying was also somewhat guilty: "I'm really sorry for making you worry!"

"It's good that you're fine!" Chen Xiang laughed: "I'm not used to your current appearance, but you look a lot better!"

"Am I not good-looking to begin with?" Xue Ying smiled sweetly and then walked over to Chen Xiang's side.

Xue Ying was alright now, Long Shuangru and Chen Xiang also could feel at ease! This was not the first time Chen Xiang saved her, so she could clearly remember the scene back then when Chen Xiang saved her.

"Let's go back now!" Long Shuangru said: "I keep having the feeling that it's not safe inside this place. There's danger at any time. "YBdu."

"This is indeed the case, there are dangers everywhere, let's hurry up and get out!" Xue Ying nodded, then looked at Chen Xiang and smiled: "It can't be that you want to stroll around here!"

"Alright, I'll send you out, then I'll come back." Chen Xiang nodded, he truly wanted to explore this Spirit Wasteland.

Xue Ying was Lv Qilian's disciple and was often together with Little Lizhi and the others. Naturally, she understood Chen Xiang's personality, so she could guess it.

Using his spatial power, Chen Xiang brought the three girls out of the Spirit Wasteland, arriving at the city outside.

"Qiao Yan, go back to the Hundreds of Flowers Village with them!" Chen Xiang said: "If you get tired of staying inside, you can also come out for a walk."

Xie Qiaoyan looked at Xue Ying and Long Shuangru, and then nodded. Xue Ying and Long Shuangru, one dragon and one phoenix, were on par with her, and even a little stronger than her.

Chen Xiang took out a piece of jade talisman, and left some words she had said to Lv Qilian in there. She then asked her to arrange things for Xie Qiaoyan, and tell him about some things related to Xie Qiaoyan.

"Be careful on the way!" Chen Xiang warned repeatedly. These three women were very powerful, so Chen Xiang was not too worried.

After watching them leave, Chen Xiang returned to the Spirit Wasteland and found the Small tree fairy.

"We can't just walk around aimlessly here. We need to have a target!" The Small tree fairy said.

"I'm very curious about this human world inside Spirit Wasteland." Chen Xiang thought for a moment, then said, he wanted to see what was different about this ancient Spirit Wasteland.

"I only brought you to that area. I don't dare to go deeper in. If those humans discover me, I'll be in danger." The Small tree fairy said.

Chen Xiang nodded, and then entered the Small tree fairy's Divine Sense Sea World.

Six hours later, Chen Xiang came out from Divine Sense Sea World.

"The human world is just ahead. There is a big city inside. You are a human, so there shouldn't be any problem entering. If there is a threat, you can just run away." The Small tree fairy said: "I'm going hunting, I need to eat something."

"Alright, then we'll meet again someday!" Chen Xiang smiled at the Small tree fairy.

"Goodbye!" Small tree fairy didn't win in a flash.

Chen Xiang looked at the large mountain in front of him. After going over those mountains, he would be able to reach the city where the Spirit Wasteland's humans were gathered.

Looking down from the top of the mountain, the houses in front of him were as far as he could see. It was an extremely densely packed human city, and standing at the peak, Chen Xiang could even faintly hear the noise of the city.

"This Spirit Wasteland is not simple, there is a very strong protective array. I wonder if I can enter with the White Tiger Leap?" Chen Xiang teleported to the foot of the mountain, then arrived at the long city walls. There were many people queuing up at the city gate to enter.

Chen Xiang queued for a short while before he was finally able to enter. What made him curious was that this ancient Spirit Wasteland actually used Jade money too!

His Jade money could be used here, which meant that the influence of the Three Great native banks also affected this city, which made him very surprised!

The three great native banks actually had such a strong influence during the ancient era of the Wasteland.

Chen Xiang asked while he was lining up. A lot of people who entered the city came from other cities, but there were also people from New Eight Wastelands outside. The entry fee was a hundred thousand Jade money, so it wasn't very expensive.

After entering the city, Chen Xiang found out that the biggest characteristic of this place was that many things were ancient, but the strength of the things here was not weak at all.

Chen Xiang took a look around the streets. Although there was a pill shop, the pills sold there were all of a very low quality.

He also found that this city was different from the others. It was inside the city as well as the city. When he was shopping, he saw that there were walls inside. The enclosures were huge, but he could not enter.

After asking around, he quickly understood that in order to enter the innermost city, one would need to have a cultivation base at the third level of Dao Dan realm. He also heard that even with a cultivation at the third level of Dao Dan realm, there were many restrictions to entering.

Now Chen Xiang understood why he did not see any good stuff to sell outside, but what made him curious was that there were quite a few people above the third level of Dao Dan realm outside as well. But why were they outside?

When Chen Xiang was eating at a hotel, he asked a waiter about it. The waiter told Chen Xiang that because he worked too hard inside, with too many restrictions, many people who were at the third level of the Dao Dan realm chose to stay outside.

"Why is it so hard?" Chen Xiang was a little puzzled. Someone in the third level of the Dao Dan realm would definitely not be poor, even if they were poor, it wouldn't be too arduous for them.

"You don't understand. If you enter the inner city, you will have to do something if you don't have a higher cultivation base!" For example, you must join the army and become a soldier. " The waiter said,

"This means that even if you don't want to fight, you still have to go! Right now, it's a war between humans and beasts. Furthermore, there are times when conflicts occur.

"Why did you let me go? If a powerful cultivator were to make a move, he would be able to kill off the enemy's small soldier at any time. This way, you don't have to sacrifice your small soldier. " Chen Xiang said.

"The enemy has a general too. If we have a general on our side, they will have someone with the same strength to tie us down." The enemy has a general, if we have a general on our side, they will have someone with the same strength. The waiter said.

Chen Xiang currently had not reached the third stage of the Spirit Core Formation Stage, so he was unable to enter the inner city. However, he planned to cultivate for a period of time as well, so he wanted to enter the inner city to take a look.

Although the living environment in the inner city was rather harsh, it was very interesting to Chen Xiang. Furthermore, he wanted to understand the roles that the three great native banks played in this place, to think that he could see their native bank wherever he went.

Chen Xiang asked for a room in the inn, then ate his Qingyuan Dan and started cultivating. He needed to quickly break through to the third level of the Dao Dan realm, as this way, he could enter the inner city as soon as possible.

... ..

While Chen Xiang was cultivating, a group of people suddenly came outside of the city. They were extremely aggressive, but they still had to obediently line up.

"White Spirit City Master, you're not dead yet! "What a cheap life!" A yellow-robed old man sneered as he saw a middle-aged man walk out of the city gate.

"You look more like a dead person. Why should I die if you're not dead?" He is the City Lord of this White Spirit City City.

[Chapter 2470](#)

This group of people the White Spirit City Lord was facing were indeed from Undead Divine Race and his group.

They only came here with one goal in mind, to find Chen Xiang!

"You and I won't die, it's not like you don't know!" The yellow-robed old man harrumphed.

"You just won't die of old age, but that doesn't mean you won't be killed. The White Spirit City Lord laughed, "What brings you all to this city? I don't really welcome you all! "

"So what if you don't welcome us? Can you stop us from entering the city? What are we doing here? It's none of your business. " The yellow-robed elder's attitude was extremely bad, causing the White Spirit City Lord to furrow his brows.

The White Spirit City Lord sighed, "If I do not welcome you all, it means that I do not wish for you all to enter this city. The current me can indeed stop you all from entering! You don't need to queue up, I won't let you enter the White Spirit City. "

"Yan Guang, you are not the head of this city, even though you are a City Lord, you are only managing this city. You are breaking the city's rules, aren't you afraid that your position in the City Lord will be lost?" The yellow-robed old man said coldly.

"That's right, this city is not mine. I am just a manager!" Even if the position of the City Lord is not preserved, I will not allow you to enter the city. " Yan Guang laughed, "You guys are not convinced? Come beat me up, I'm not afraid of you hitting me! "

The yellow-robed old man was so angry that his entire body was trembling. He truly did not dare to make a move!

Yan Guang laughed out loud, then took out a chair, and just sat at the city gate, not allowing the yellow-robed elder and the others to enter the White Spirit City.

"Yan Guang, wait for the three Dao Sovereigns of White Spirit City to return. We'll see what you'll do!"
"Okay, we'll wait here. If they were here, they wouldn't let you do anything rash." The yellow-robed old man said angrily.

Seeing their flustered and exasperated expressions, Yan Guang could guess that they had important matters to attend to in the city, and that Yan Guang had grudges with them before, so he stopped them from entering. Seeing their appearances, he was secretly satisfied.

... ..

Chen Xiang was currently training, so he did not know that the people chasing him from the Undead Divine Race were already outside the city gate. However, because he saw that the three great native banks were inside, he was not too worried, and felt that this city definitely had something to do with the three great native banks.

In the blink of an eye, two months had passed. Chen Xiang had eaten quite a few Qingyuan Dan before breaking through the third level of Dao Dan realm.

Chen Xiang came out of his room and ordered a table of good dishes. While he was eating, he suddenly heard someone talking about the things outside the city.

"The rarely seen City Lord is actually sitting guard outside of the city for an entire two months. I heard that this is to prevent the guy that I hate from entering Bai Ling."

"Those fellows seem to be from some Undead Divine Race. There were conflicts between the City Lord and them, and when they were at the city gate, they were extremely arrogant. It would be the best if they were not allowed to enter."

"I'm just afraid that the three Dao Sovereigns will return. If we pursue this matter further, the position of City Lord will definitely not be preserved."

After Chen Xiang heard this, he never thought that such a thing would actually happen. There were actually rankers who became enemies with the Undead Divine Race. Although he had never met Yan Guang before, he immediately felt that Yan Guang was traveling the same path as him.

He hastily finished all the food and drinks on the table and then headed to the entrance of the city. Sure enough, he saw thirty to fifty people sitting on chairs he had brought along with him outside the city.

Yan Guang sat on the left wall of the huge city gate. He was dressed in white, leisurely drinking tea and humming a song.

"Chen Xiang!" Just as he was about to rush over, Yan Guang looked at him and immediately stopped in his tracks.

The yellow-robed elder was from the Undead Divine Race, moreover, he came from the same generation as Chen Xiang, so he could calculate where Chen Xiang was.

Chen Xiang had changed his appearance, but the other party was still able to see it. When he saw the yellow-robed elder not daring to enter, he understood that the city had very strict rules. If they were not allowed to enter, they would not dare to enter.

Yan Guang also looked at the person standing behind him. At this time, he was shocked to realize that this person's appearance was changing.

Chen Xiang changed back to his original appearance, then looked at the yellow-robed elderly man outside, and laughed: "Not bad, you dog dogs, you guys, are really just like dogs. To be able to follow me here and bark twice, I still haven't heard what a humanoid dog's bark looks like!"

"You ..." The yellow-robed elder's face and eyes twitched, he was extremely furious and wanted to slap Chen Xiang to death.

"Oh right, you guys were just killed three times, right? One of them belonged to the Undead Divine Race, and the other two were from some Evil Spirit Race. They died quite miserably, and their bodies were not complete. Chen Xiang laughed. The more furious the other party was, the happier he would be.

"I will kill you!" The yellow-robed old man had a ferocious expression as he angrily shouted. However, he did not dare to enter the city gate.

"Come on, come on, kill me if you dare!" If he didn't come, it would be a puppy. Right, you're an old dog now! It should be said that if you don't come, you're a turtle, little turtle! " Chen Xiang laughed.

Yan Guang was also stunned, he did not even dare to provoke the other party, and Chen Xiang, this little kid from the Dao Dan realm, actually did not care about his life! However, he seemed to have guessed something. The death of three Undead Divine Race s was definitely related to Chen Xiang.

The three elders of the Infinite Divine Mountain were also furious at this moment. The Infinite Master shouted angrily, "Chen Xiang, quickly hand over the Heavenly Longevity Fruit or else, if you are caught by us, I guarantee that you will suffer a fate worse than death."

"You three old bastards, if you have the guts, come and capture me. Do you want me to live a life worse than death? I'm right in front of you, but you guys don't dare to come over ... Of course, if even this old

dog in front of you doesn't dare to come in, then you three old bastards will even more so. " Chen Xiang placed his hands on his waist and laughed out loud.

As he said that, Chen Xiang took out a Heavenly Longevity Fruit and crushed it while laughing. This made everyone curse in their hearts;

Yan Guang also took in a deep breath. This Heavenly Longevity Fruit was extremely expensive, to actually be crushed like this.

Seeing this scene, Infinite Master had the urge to vomit blood.

"Brat, it's more or less enough for you. If you anger them to death in front of the White Spirit City's entrance, then our White Spirit City would be very unlucky." Yan Guang laughed.

"That's right, I am a kind-hearted person. Who knows, I might have to help them collect their corpses when the time comes!" I'll leave it to you. I'm going to take a look around the inner city. " Chen Xiang laughed.

"You want to enter the inner city? This may not be good, especially for you right now! " Yan Guang said.
