

## Dan God 2601

### [Chapter 2601](#)

After getting rid of the Evil Dragon People, the remaining Black Hairs Human s did not pose much of a pressure to Chen Xiang. After shooting a few arrows, he killed all the Black Hairs Human s in one breath, then destroyed the huge net and saved the Fire Dragon.

After the giant net was destroyed, the Fire Dragon's body flashed with a burst of flame and then gradually shrank, becoming a handsome youth!

"Thank you, Big Brother, for saving us!" The Fire Dragon anxiously thanked Chen Xiang. Ybdu.

"It's nothing!" Chen Xiang laughed, then patted his head: "My name is Chen Xiang, what about you?"

"Long Run!" He looked at the dead Black Hairs Human. He was extremely afraid of that kind of Black Hairs Human, but he was killed by the human in front of him just now and the Evil Dragon Man that flew over.

"Elder Brother Shen, you're really strong. Those guys are very scary, but you can easily kill them all. I didn't think that there would be a strong human like you in our world." Long Run looked at Chen Xiang with reverence.

"Is that so? I have been in seclusion for too long, so I do not know much about this world. Chen Xiang asked. Although Long Run looked like a teenager, he must have lived for a long time and knew a lot of things.

"Let's move somewhere else to think about it. They just died here, so it won't be long before someone comes to check." Long Run was extremely vigilant.

Soon after, Chen Xiang followed Long Run and flew a long distance, arriving in a forest. Long Run was very cautious throughout the entire journey, but he was very worried, as though he was afraid that some strong guy would catch up to him.

However, after arriving at the forest, he let out a sigh of relief.

The environment of this forest was very good. The ground was covered with soft grass, and there were many beautiful flowers blooming in the forest. A burst of fragrance wafted through the air, refreshing one's mind.

"Right, the dragon clan should be very powerful. Why would you be afraid of them?" Chen Xiang asked, he felt that as long as there was a dragon with Long Jiuxiao's strength, it would not be as miserable as it was now.

"Our Dragon God has already died. He died from poison." Long Run sighed.

"Poisoned to death?" Chen Xiang's heart jumped, previously, Long Jiuxiao was also poisoned, but he was saved by him.

They are the most outstanding existences in the Dragon race. Ever since they died, our Dragon race's days have not been good, and up till now, it is the Evil Dragon race that ruled over the entire world, and

most of us have been captured and killed. There are already very few of us left. Long Run said sorrowfully.

If the dragon race still had powerful dragons, then they wouldn't have been captured and killed by a small dragon like him. This showed just how weak the dragon race was right now.

Now, Chen Xiang already knew that the strongest in this world was that Evil Dragon race.

"Is that fellow I killed a member of the Evil Dragon race?" Chen Xiang asked, he did not expect that not all of the life forms in this so-called Heavenly Evil World were evil.

"Yes, it's an Evil Dragon Man. It has the blood of an Evil Dragon and a human." Long Run said: "They are very strong ... The Dao Qi is becoming more and more powerful, so these people who train in the Evil Dao are becoming more and more powerful, and because many people accidentally absorbed the Evil Qi from the Dao, they gradually became Evil Demons. "

Chen Xiang did not realize that the dao energy here contained any Evil Spirit Force. He did not know if it was because of his Nine Yang Profound Heart, or if it was because of it, he was able to purify the Evil Spirit Force.

"What about the humans here?" Chen Xiang asked: "I saw a lot of humans being driven to a lake before, and there were Dragon Blood s everywhere in the lake."

"Ai!" Long Run sighed: "This world has been completely ruled by the Evil Dragon race, they now need a group of warriors, so they just have to kill the dragons everywhere, using our Dragon Blood to create some Evil Warriors, which is the group of humans you saw. They all sold their souls, and are at the mercy of the Evil Dragon race!"

"We can't blame them, after all, they are doing it for their own families ... However, what they do not know is that right now, under the control of the Evil Dragon race, their families are slowly walking down the evil path, and not long after, they will become an evil demon. "

Chen Xiang was sure that this world was not like this in the first place, it should be the same as the Natural Law World.

And the person who intervened in this world was obviously the God of Heaven's Path!

"Elder Brother Shen, there is another place here called Divine Spirit Place. There is a group of very powerful humans, but they are all very arrogant and do not care about the matters of this world! I heard my Dragon Clan's elders say that these humans have an agreement with some fellows, they won't interfere in the Evil Dragon Clan's atrocities. I went to Divine Spirit Place once before, but was chased out. They used all kinds of ways to make things difficult for us and didn't let us stay in there. "

When Chen Xiang heard the word "god," he immediately thought of Natural Law Divine Spirit and his group of people. He felt that the person inside Divine Spirit Place was the same.

"How many members of the dragon clan do you have left?" Long Run asked. Long Run also looked pitiful at this moment, as he had almost been beheaded.

"Not much, and it's all us small dragons. I'm the big brother now, and in order to protect them, I had to lure away those fellows who came to search for them. In the end, they were arrested. They should be fine now!" Long Run was very worried about the other members.

"Take me to them, I'll take you to a safe place." Chen Xiang smiled at him: "You should trust me."

"My life was saved by the Elder Brother Shen, of course I believe in you. They are nearby, I will bring you there right now." Long Run said.

Chen Xiang followed Long Run to a huge tree and entered a tree cave. From the tree cave to the underground chamber, there were more than twenty children, both male and female, all of them being small dragons.

"Big brother, you're finally back! Those bad guys didn't hurt you, right?" A cute little girl ran over and said in her childish voice.

"I was almost killed, it was all this Elder Brother Shen who saved me!" Long Run touched the little girl and laughed.

"Ah... Elder Brother Shen is so strong, thank you for saving our big brother. " The little girl raised her head and looked at the tall Chen Xiang.

Chen Xiang chuckled, and rubbed her little face. At this time, the other small dragons were also babbling with gratitude to Chen Xiang.

Chen Xiang let all these children enter the You Yao Mountain Villa, and had Chu Hongqing and Yang Xiangyin take care of them. When they return to the Natural Law World in the future, he would take them there.

"Long Run, take me to Divine Spirit Place." Chen Xiang said, he wanted to go there and see, the Divine Spirit Place must know a lot of things, and seeing as what was happening here, it must be under the orders of the God of Heaven.

Long Run treated Chen Xiang as a strong Ranker that had hidden himself. Furthermore, he was very respectful to Chen Xiang, and was also curious why Chen Xiang wanted to go to Divine Spirit Place. However, he did not dare to ask.

## [Chapter 2602](#)

Under Long Run's guidance, Chen Xiang used teleportation to quickly arrive outside of Divine Spirit Place!

"This place has a very powerful barrier!" Chen Xiang only had to be outside to feel the strong force of the barrier in front of him. The force of expulsion was so strong that no one dared to get close to him.

"Yes, that enchantment was created later on. Before the evil dragon race ran amuck, there was no such enchantment at all, and once they set up that enchantment, the evil dragon race would come out. I wonder if they had anything to do with it." Long Run didn't have any good impression of the Divine Spirit Place.

Chen Xiang could guess a few things, but this matter was too complicated, and it would be difficult for him to tell Long Run that he allowed Long Run to enter You Yao Mountain Villa, hence he had suffered some heavy injuries before, and needed to rest.

Long Run had told him before that he did not need to force his way in. There was a door that he could go through, but when he went in, someone would question him, and they would even ask him for some things to enter.

Chen Xiang would definitely not enter from the door, he immediately used a White Tiger Leap to enter the Divine Spirit Place, and was not discovered by anyone.

After entering, he found that it was still a forest, but the Spirit Dao Qi did not contain any Evil Spirit Qi, this was what Long Run said, using the Dao heart Eye, Chen Xiang could see that it was not as dark as before.

"Divine Spirit Place? Could it be that the people here are all the same as Natural Law Divine Spirit? " Chen Xiang thought, after all the two worlds were similar, there was a dragon and a human, and this place was called Divine Spirit Place, there must be a Divine Spirit.

As he walked quickly through the mountains, he soon saw a bustling market. There was a very large city inside.

"This place is indeed different from the outside world!" Chen Xiang entered the city and walked on the streets. Everyone here was living a good life and was not threatened at all.

Chen Xiang inquired about it but he did not find out how he would be able to see the powerful gods inside.

But he had heard that the Evil Dragon Prince of the Evil Dragon race was already here, and they were even preparing to auction a small dragon. It was said that this small dragon was a princess of the dragon race, and its appearance was that of a ten year old little girl!

Once Chen Xiang found out about this, he would definitely take action, let alone the Evil Dragon Prince who was doing this!

"The Evil Dragon Prince is actually here messing around. The guy in charge of this place must definitely be one of the scumbags with the Evil Dragon Clan." Chen Xiang was secretly angry in his heart.

The currency used to trade here was a medicinal herb called the "Profound Opening Fruit". Eating this fruit would help open up the Tao profound Door, and every household had planted this fruit tree, so they would need to use their dao energy to cultivate it before they could grow it quickly.

It was said that as long as one ate enough, they would be able to open up the Tao profound Door, and this fruit could only grow in the Divine Spirit Place!

Chen Xiang had already used some of his pills to exchange for a few Profound Opening Fruits for Chu Hongqing and Yang Xiangyin to cultivate!

In order to enter the auction house, Chen Xiang hurriedly refined a Dao god emperor Yuan Dan and sold it to the shops inside the divine tower, letting the people inside know that he was of noble status and

that he was a Alchemist. Only then did he gain the qualifications to enter, and that the Dao god emperor Yuan Dan was also exchanged for a hundred thousand profound fruits.

However, buying a Dragon Clan princess was far from enough. He asked some people, and it was said that they could sell it for tens of millions, or even hundreds of millions.

The auction would start soon, and Chen Xiang would definitely not be able to get that many Open Profound Fruits in a short amount of time, so he planned to use a strong and unyielding method to save the Dragon Clan's little princess.

"Let me see if I can lure the big shots of Divine Spirit Place out during this operation." Chen Xiang had this plan.

The reason the Evil Dragon Prince came here to sell the Little Princess was obviously to collect more Profound Opening Fruits, so that his Tao profound Door could grow even larger, so that he could become stronger.

On the second day, Chen Xiang successfully entered the auction house. Upon entering, Chen Xiang sensed a lot of Evil Qi!

One of them was only owned by an evil dragon, he could distinguish it, but he did not know the others, other than that, he also found that there were a lot of other evil people here!

"It's really chaotic to see such an evil guy in the Divine Spirit Place! From the looks of it, all the forces of the evil way are hidden here, what exactly is going on? " Chen Xiang was very suspicious in his heart, he decided to stay here for a while longer, to properly clean up the evil forces inside.

This auction was not only afraid of selling the little princess of the dragon clan, but it would also sell other things. Chen Xiang also had an auction book, but he was not interested in anything!

After an hour, it was finally the turn of the Dragon clan's little princess!

The little princess was currently sealed inside a round crystal ball. She was dressed in white as she hugged her knees and curled up. Her cute face was filled with sadness. Her eyes were already red from crying.

She looked like she was only a little over ten years old and could be considered a little dragon. Moreover, her parents had died horribly and had been taken away. This was a nightmare for her.

Chen Xiang had already sensed that the Divine Spirit Tower had a few strong auras, all of them were Dao Sovereigns' cultivations, so they were not worried about people stealing things here. Once they stole something, it would be very difficult to leave the Divine Spirit Tower.

At this time, the bidding began. Many people were very interested in this little princess of the dragon race, and there were evil experts and righteous experts that bid. The competition was fierce, and soon it rose to 70 million.

Soon after, it broke through to 100 million!

Chen Xiang noted that the person who kept increasing the bid from beginning to end was a young man, and was not evil, but from the looks of it, it seemed that this Divine Spirit Place had a very high position, otherwise he would not be able to take out that many Profound Fruits!

Over a hundred million! That's a lot of hoarding!

"If they are the descendants of gods, opening more profound fruits is useless because their Tao profound Door s have all been restricted." Chen Xiang guessed that the man was a descendant of the Divine Spirit.

"130 million, deal!" the host shouted.

Everyone felt a little regretful. Such a delicate Dragon Princess would definitely be ruthlessly destroyed in the future, and Chen Xiang also saw the youth, who had slapped the Dragon Princess, revealing a very sinister smile. It was easy to guess what he was thinking at this moment.

However, just as the young man went up and took out a Storage bag to trade with, Chen Xiang secretly channeled a strong burst of spatial energy, which was released by the Ten Great Tao profound Door s. The energy directly broke through the barrier above the auction stage, passed the crystal ball that sealed the Dragon Clan's little princess, and teleported the little princess into the You Yao Mountain Villa!

After Chen Xiang finished, he was sure that he had not been discovered! At this moment, the entire venue exploded into a flurry of discussions. The little princess had actually disappeared!

#### Chapter 2603 - Evil God Mountain

Chen Xiang planned to walk outside Divine Spirit Place to check on the situation inside. Evil Dragon Prince had suffered greatly, and even the Thunder Cauldron had been injured by him, he did not know how it was currently.

The two Strong of Divine Wasteland s were not someone he could deal with, but he felt that he could still deal with someone at the level of the Evil Dragon Prince s.

As he was flying through the air, he suddenly saw two black dots below him!

Below was a green grassland, with two abrupt points that were easy to discover, and Chen Xiang's vision was very good, so he was able to immediately see that those two points were the Strong of Divine Wasteland that injured him earlier.

"They are actually here!" Could it be that they stopped halfway to cure the poison? " Chen Xiang was shocked, and was considering whether or not he should go down and take a look.

Because he had been severely injured by these two extremely strong fellows before, Chen Xiang felt a shadow in his heart, and was a little afraid.

"Go down and take a look. These two fellows have injured me. Right now, they are operating their martial arts to detoxify the poison. This is a good opportunity to kill them. I want to seize this opportunity!" Chen Xiang took a deep breath and decided to take a look.

When he went down, he saw that the expressions of the two Strong of Divine Wasteland s were not good.

"Elder Sister Xiao Ling is really amazing, the poison they refined actually caused these two fellows to be half-dead." Chen Xiang was praise towards the two poisons in his heart, but he had used up all of them. He planned to look for Du Xiaoling for more after he returned.

"Big brother, what should we do? After being afflicted with both the Drunken Heaven Powder and the Heart Devouring Bone Poison, it would be difficult for him to cure them! Especially that Drunken Sky Powder, which paralyzes the soul, thus making it difficult to mobilize the Dao energy in the Divine Sense Sea. It took a lot of effort to mobilize some of it, but a lot of it was swallowed up by the Bone Devouring Poison, causing it to only be able to control a small amount of Dao energy to resist the poison. "

"You have to be patient. The poison has already been suppressed by me, if it was anyone else, they would have already become a pool of blood!" Just wait a few more days, and when the third and fourth brothers who went to Evil God Mountain come back, we will be saved. They can help us force out the poison. "

"What is the background of that guy?" There's actually such a poison, and the power of space is being used extremely well! "

"I don't know, but we've investigated it clearly. This guy is definitely a scourge."

Chen Xiang secretly sneered when he heard their conversation, then took out his Heavenly magic sword and quickly rushed down.

"Not good, something is approaching." One of the middle aged men shouted in shock, Remember that right after he shouted, Chen Xiang chopped off his head.

He had to admit that these Strong of Divine Wasteland were indeed powerful, to the point where they could actually sense his approach.

Chen Xiang threw the head into the Chuangshi god furnace and burned it. The body that had lost its head did not have enough Dao Energy to resist the poison, so it quickly melted!

This was another body of the God level, but it was melted by the poison just like that.

"You stupid dog, you were so cool when you hit me!" Chen Xiang revealed his true form, grabbing onto the middle aged man's neck, he sneered: "It should be sent by the God of Heaven. Bastards like you, you always make a mess in this world!"

"You ... You are Chen Xiang! " The middle aged man suddenly thought of this name, it was something that the people from Heaven Wasteland Aristocratic Family had mentioned to him before, because Chen Xiang knew about the Heavenly Alchemy, he had been more concerned about it previously, he had planned to look for Chen Xiang to obtain the Heavenly Alchemy from him in the future.

Thinking back to this matter, the middle aged man secretly regretted it a lot, because they should have recklessly killed Chen Xiang back then.

"Yo, you actually recognize me!" Chen Xiang immediately used Soul Absorbing Devil Spell on him to look through his memories.

However, this time he didn't succeed. His opponent's soul had a special power protecting his memories.

"You want to check my memories? No way!" The middle-aged man grinned and said, "You're dead for sure. If you kill me, Master will definitely know. He can see everything through my eyes at any time."

"I'm not afraid of him!" After Chen Xiang finished speaking, he waved his sword and cut off the middle aged man's head.

Both heads were thrown into the Chuangshi god furnace, this was the head of the Strong of Divine Wasteland, the Divine Sense Sea contained a very vast amount of energy, he anxiously refined it, he wanted to preserve that power ...

After two days of refinement, he had refined an energy ball the size of a watermelon. If he were to throw it out, it would result in a very violent explosion.

"The power that the two Strong of Divine Wasteland s have refined is definitely not small." Chen Xiang kept this thing, who knows when he would be able to use it.

He had already found out from those two just now what kind of Evil God Mountain the other two went to, and they wouldn't be able to return for a period of time.

So he could safely enter the Divine Spirit Place!

Not to mention the fact that the Evil Dragon Prince and the Thunder Cauldron had been robbed, the Thunder Cauldron had also been severely injured, and the Thunder God had also appeared here in a fit of rage.

However, Chen Xiang had not merged with it yet, because there was still the consciousness of the lightning god inside. He planned to wait for a while and erase the consciousness inside, then turn it into his own after.

Previously, when he went to take a look, the name of the plate was "Five Thunder Roar", it was a Heavenly artifact, and when used in battle, it could awaken a very strong Thunder power.

The Thunder Cauldron was heavily injured, especially his flesh, it was practically crippled, and would need a large amount of medicinal pellets to repair it.

"Long Run, do you know where the Evil God Mountain is?" Chen Xiang asked, that place sounded very evil.

"Of course I know. This is an extremely terrifying place, a place where many heavyweights of the evil sects go into seclusion to cultivate. I heard that there is an Evil God from there who specifically bestowed power to those heavyweights of the evil sects." Long Run who was inside the You Yao Mountain Villa answered.

"Then wouldn't it be dangerous inside?" Chen Xiang had originally planned to go over to take a look.

"Mn, it's very dangerous. Elder Brother Shen, don't take the risk." Long Run warned repeatedly. He already knew that Chen Xiang was an extremely bold guy.

was hiding inside an inn. He was currently inquiring about the location of the Evil Dragon Prince, and after a round of questioning, he finally found out where the Evil Dragon Prince was.

At night, when Chen Xiang was drinking in the tavern, a person suddenly came to his table, this person was specially to help Chen Xiang gather information.

Chen Xiang had snatched a lot of Profound Opening Fruits from the lightning cauldron, so it was easy for him to find someone to help him with his work.

"One of the latest news is that Evil Dragon Prince will be leaving the city in ten days and hunting beasts with a group of heavyweight sons. This is because a Swordwing Tiger appeared in one of the mountain ranges within Divine Spirit Place!"

Chen Xiang opened a piece of paper, saw the contents inside, and nodded his head, then handed over a box to the man, which contained some Profound Opening Fruits.

"What is a Swordwing Tiger?" Chen Xiang asked.

Seeing that the young man was startled, Chen Xiang secretly rejoiced in his heart. He then used his spatial energy to retrieve the Storage bag in the young man's hand.

This caused everyone to be shocked. Someone was actually so audacious to have done such a thing in a row. Not only did he snatch away the Dragon Clan Princess, he even took away another person's Profound Opening Fruit!

"Who did it, are you not afraid of our Evil Dragon race taking revenge on you?" A mass of black fog suddenly appeared on the auction stage, turning into a young man wearing a black robe. His face was filled with rage, and waves of evil aura leaked out from his face.

At this time, Chen Xiang also pretended to be shocked, and continued to discuss with the people beside him. As he expected, no one discovered that he was the one who did it.

Soon after, many experts from the divine towers arrived one after another. They were all sweating profusely because after such a thing happened, they did not have any clues at all, making them lose all their face. They were also very curious, because someone actually had this kind of method to quietly take away the Dragon Princess.

Especially the crystal ball that sealed the Dragon Clan's princess, that thing was extremely powerful. Previously, the Dragon Emperors of the Dragon Clan were sealed inside, and were unable to leave, but now, they were easily taken away by someone from inside.

The Dragon Clan Princess entered the ring. Upon seeing Long Run, she immediately cried and threw herself into Long Run's embrace!

Long Run also never thought that he would actually be able to meet the Dragon Princess.

"Little sister, it's okay, don't cry!" Long Run actually called the Dragon Clan Princess Sister, it was clear that he was one of the descendants of the Dragon Emperor.

After that, Chen Xiang sent a sound transmission to Long Run, telling him how he could save his sister.

Although he had the blood of the Dragon Emperor, he did not have the vigor that the Dragon Emperor possessed. However, Long Run had inherited quite a bit of knowledge in this area, and he was very brave. It was obvious from the time he sacrificed himself to lure his enemies to protect the dragon.

"Everything is fine now, it seems like this Divine Spirit Place is not a safe place. I will bring you guys to a very safe place after a while." They were most suitable to go to the Heavenly Dragon City, there were many dragons there, and Long Jiuxiao would definitely not mind cultivating Long Run.

"Thank you, Elder Brother Shen!" Other than being grateful to Chen Xiang, Long Run could also not say anything else.

Chen Xiang planned to stay here, he had heard earlier that the Evil Dragon Prince stayed in the Divine Spirit Place for a long time, and stayed here for a long time.

At this moment, the people in the auction house were not allowed to leave because they were certain that the person who took the Dragon Clan's princess away was inside. Thus, they had to make a thorough examination of each and every one of them.

Suddenly, Chen Xiang sensed four powerful auras, his heart was startled: "It's Strong of Divine Wasteland!" He had killed a Strong of Divine Wasteland before, so he was very familiar with these auras.

Seven Rankers came from the Divine Wasteland. Two were already dead and one was with the Sacred Wasteland. Four of them were missing, while the Great Landlord guessed that they had gone into the Devil Wasteland to open the gates to the Evil Heaven Realm.

The four Strong of Divine Wasteland s that Chen Xiang had seen so far should be the ones who had opened the door to the Evil Heaven Realm. From the looks of it, they were also living in the Divine Spirit Place.

Chen Xiang was a little worried. After all, these four Strong of Divine Wasteland were all very powerful.

"Everyone, quiet down." A young man suddenly shouted, because the four Strong of Divine Wasteland s could not figure out who did it.

This young man was the person who had planned to buy Long Xiaolian's fruit. He had lost more than a hundred million Profound Opening Fruits, so it was impossible for him to not be angry right now.

When Chen Xiang chatted with others just now, he already knew who this young man was. This young man was called Lei Ding, and was rumored to be the descendant of a Thunder power cultivator from Divine Spirit Place.

Chen Xiang guessed that they were the descendants of the Thunder God and could tell at a glance that they were bad stuff. He had heard Du Xiaoling say before that some of the Gods were also very evil and very selfish.

The gods and evil forces in the Divine Spirit Place were working together, this matter was extremely obvious, Chen Xiang was certain of it!

When the Lightning Cauldron shouted, everyone quieted down.

"I have a God Equipment which is especially effective against oaths. As long as everyone queue up and place their hands on this God Equipment and swear that you didn't do it yourself, you will be able to leave the venue." The Thunder Cauldron said as he took out a larger disk.

"They should be the descendants of the Thunder God. Only the Thunder God has this sort of thing!" Chen Xiang snickered in his heart, because when he swore the oath, many people would say that he was struck by lightning or something like that.

However, this divine artifact was not working properly right now, and the lightning god had returned it to his children!

Although everyone was unhappy, they had no choice. After all, the Evil Dragon Prince and the Thunder Prince's things had been stolen, so even if they were unwilling, they had to wait in line obediently.

This auction was very bad for many people. After they swore in the queue, many people quickly left and found a place to complain to others.

Chen Xiang's seat was pretty close to the front, so he was also in front. He carefully looked at that black disc, and didn't know if it was really what the Thunder Cauldron said.

The four Strong of Divine Wasteland s were all around him, guarding him. Furthermore, they had released an extremely strange barrier, causing Chen Xiang to not know if he could escape or not.

"Calm down!" There were still more than ten people in front, but Chen Xiang started to channel his Dao Energy secretly, and prepared to use his second hand.

Now it was his turn. He placed his palm on the disk and swore ... Just as he was speaking halfway, he felt a strong wave of Thunder power condensing within the disk. He was immediately shocked in his heart.

"This thing is still gathering energy. I think if I let go of it, I'll have a chance to attack me!" Chen Xiang was a little anxious, and he mumbled his oath when he said it.

"Mine!" He immediately moved the disk that was about to explode into the Chuangshi god furnace, and at the same time, threw out a palm strike towards the Lightning Cauldron with lightning speed.

B000000000000000000000000000000000000000000000000000000000M!

The four Strong of Divine Wasteland s and Evil Dragon Prince were also shocked. They didn't even have time to react before the lightning cauldron was severely injured and the divine tower collapsed!

## Chapter 2605

"What's going on with these fellows? They actually chased me so closely? I used my full strength to teleport!" Chen Xiang quickly teleported away from the Divine Spirit Place but the two Strong of Divine Wasteland s behind were still in hot pursuit. They both used teleportation to chase after him.

At this time, Chen Xiang and the two Strong of Divine Wasteland were engaged in a fierce chase in space, causing him to feel extremely pressured, especially being unable to get rid of them no matter what. If the other party was only slightly stronger than him, he had nothing to worry about.

"This is trouble, these fellows are all here to open the Gate of Heavenly Evil, they must be very skilled in using Spatial Force, now that they are eyeing us, it is not a good thing." Only now did Chen Xiang

remember that the Strong of Divine Wasteland that came here was different from the three that were in the Heaven Wasteland Aristocratic Family.

Suddenly, Chen Xiang felt the surrounding space tremble violently, in the midst of the intense trembling, Chen Xiang's speed suddenly slowed down by a lot!

"This is bad!" Chen Xiang suddenly felt a spatial ripple coming from the front, and a Strong of Divine Wasteland appeared in front of him.

Although he was attacked from the front and back, there were still some that he could move to the left and right. However, when he wanted to use the White Tiger to escape, he did not succeed.

The space he was in had been sealed, and it was an extremely powerful seal.

The White Tiger Leap that Chen Xiang used was very strong. It could easily cross many strong barriers and had never failed before.

Two middle-aged men appeared in front of him. Although they were expressionless, their eyes revealed a trace of surprise.

"Who exactly are you? To actually be able to grasp such a powerful spatial law, allowing us two brothers to chase after it for so long. " A middle-aged man asked with a cold and solemn expression. When he spoke, his voice was very loud, giving off a very intimidating aura.

Chen Xiang was sweating profusely. Being surrounded by two Strong of Divine Wasteland s with no way out, this was a very dangerous situation, and he was trying to think of a way to escape, so he had already secretly released Drunken Sky.

Smelling the fragrance, the two Strong of Divine Wasteland s' faces changed. They clearly knew what poison it was!

"Drunken Sky Powder, you're courting death!" The middle-aged man who spoke just now was enraged, he instantly teleported behind Chen Xiang and fiercely smashed his palm at Chen Xiang's back.

Chen Xiang's chest suddenly exploded, and a bloody hole appeared, allowing him to see his golden heart beating. The opponent only used a palm to make him lose his head, the difference in strength was too great.

"You ... And there's also the Heart Devouring Bone Poison! "

The other middle aged man bellowed and struck a palm on Chen Xiang's head., who was already injured, had no time to defend at all, and after getting his head smashed in, he almost fainted.

Chen Xiang fell onto the ground, while at the same time, the two boxes on his body fell apart. The Drunken Sky Powder and the Heart Devouring Bone Poison were scattered all over.

The two Strong of Divine Wasteland s did not expect Chen Xiang to actually throw out so much poison just now. After one of them gave Chen Xiang a palm, they both inhaled quite a bit, because Chen Xiang had used his own body to release so much poison just now.

"Hurry up!" A middle aged man's expression changed, the poison aura was getting stronger and stronger, and Chen Xiang was severely injured, so the poison aura was strong, and he would not be able to live for long.

They were all infected by a lot of poison. This poison did not need to breathe, and as long as one touched it, they would be able to immediately seep into the body. Moreover, it would quickly spread, so they just got hit a little bit and they would have to be careful.

Chen Xiang lied on the ground. The poison that he had released just now was completely useless, because when the two Strong of Divine Wasteland s touched a bit of the poison, they had already started defending and used space to separate themselves. However, it was able to scare them off.

"It's really dangerous, I was almost killed!" Chen Xiang was lying on the ground at the moment. Even though his chest had a large hole, his Mysterious Heart of Nine Suns was extremely strong and did not shatter due to the palm strike.

After lying on the ground for a while, he had recovered a bit. It was enough for him to stay awake and control the Primordial Profound Gate to release a large amount of Primitive Tao Power s.

The recovery power of the Primitive Tao Power was extremely strong, at the moment he had continuously taken it out from the Primordial Dao Gate, using it to repair his own wounds!

Of course, Divine Sense Sea was also severely injured, his head was hit, and he directly struck Divine Sense Sea!

"Master, are you alright? Do you want us to leave?" Chu Hongqing asked. Just now, when Chen Xiang's head was hit, the You Yao Mountain Villa was also shocked.

"It's not a big problem, please don't come out!" Chen Xiang had thrown out two boxes of strange poison just now.

If Chu Hongqing and the others came out, they would definitely be poisoned.

An hour later, Chen Xiang had only recovered a little, and the large hole in his chest had already been repaired, but he was still very weak.

The barrier that sealed him did not have the power of the two Strong of Divine Wasteland s to maintain it, and gradually dissipated as well!

Without the spirit formation that sealed him, he would be able to quickly leave this place. However, he would not be able to go too far.

Chen Xiang's body had already recovered quite a bit, and his Boundless Daoqi also had an extremely strong recovery power. Combined with the Primitive Tao Power, his self-healing speed was very fast.

Now that Chen Xiang was using the Primitive Tao Power to heal the Divine Sense Sea, his injuries were relatively severe. If he did not recover well, the power inside the Divine Sense Sea would be affected a lot.

After Chen Xiang left the place where he had been injured, he entered a cave to heal his injuries.

"This place should be safe. We can peacefully heal our injuries!" Chen Xiang closed his eyes as the Primitive Tao Power s continued to surge out from the Primordial Profound Gate. They swam around the Divine Sense Sea, infiltrated inside the Divine Sense Sea and healed his severely injured soul.

In the blink of an eye, ten days had passed. Chen Xiang opened his eyes, which were shining brightly.

"The Primitive Tao Power is so powerful!" Chen Xiang praised in his heart before stretching his waist. "I thought I was going to die!"

Once again escaping from death, Chen Xiang was finally relieved. He walked out of the cave, used the Counter Power to conceal himself, and then carefully flew in the air.

Right now, he did not dare to use his spatial energy. The two Strong of Divine Wasteland s used their spatial energy, so he could sense any kind of fluctuation.

### [Chapter 2606](#)

Chen Xiang planned to walk outside Divine Spirit Place to check on the situation inside. Evil Dragon Prince had suffered greatly, and even the Thunder Cauldron had been injured by him, he did not know how it was currently.

The two Strong of Divine Wasteland s were not someone he could deal with, but he felt that he could still deal with someone at the level of the Evil Dragon Prince s.

As he was flying through the air, he suddenly saw two black dots below him!

Below was a green grassland, with two abrupt points that were easy to discover, and Chen Xiang's vision was very good, so he was able to immediately see that those two points were the Strong of Divine Wasteland that injured him earlier.

"They are actually here!" Could it be that they stopped halfway to cure the poison? " Chen Xiang was shocked, and was considering whether or not he should go down and take a look.

Because he had been severely injured by these two extremely strong fellows before, Chen Xiang felt a shadow in his heart, and was a little afraid.

"Go down and take a look. These two fellows have injured me. Right now, they are operating their martial arts to detoxify the poison. This is a good opportunity to kill them. I want to seize this opportunity!" Chen Xiang took a deep breath and decided to take a look.

When he went down, he saw that the expressions of the two Strong of Divine Wasteland s were not good.

"Elder Sister Xiao Ling is really amazing, the poison they refined actually caused these two fellows to be half-dead." Chen Xiang was praise towards the two poisons in his heart, but he had used up all of them. He planned to look for Du Xiaoling for more after he returned.

"Big brother, what should we do? After being afflicted with both the Drunken Heaven Powder and the Heart Devouring Bone Poison, it would be difficult for him to cure them! Especially that Drunken Sky Powder, which paralyzes the soul, thus making it difficult to mobilize the Dao energy in the Divine Sense

Sea. It took a lot of effort to mobilize some of it, but a lot of it was swallowed up by the Bone Devouring Poison, causing it to only be able to control a small amount of Dao energy to resist the poison. "

"You have to be patient. The poison has already been suppressed by me, if it was anyone else, they would have already become a pool of blood!" Just wait a few more days, and when the third and fourth brothers who went to Evil God Mountain come back, we will be saved. They can help us force out the poison. "

"What is the background of that guy?" There's actually such a poison, and the power of space is being used extremely well! "

"I don't know, but we've investigated it clearly. This guy is definitely a scourge."

Chen Xiang secretly sneered when he heard their conversation, then took out his Heavenly magic sword and quickly rushed down.

"Not good, something is approaching." One of the middle aged men shouted in shock, Remember that right after he shouted, Chen Xiang chopped off his head.

He had to admit that these Strong of Divine Wasteland were indeed powerful, to the point where they could actually sense his approach.

Chen Xiang threw the head into the Chuangshi god furnace and burned it. The body that had lost its head did not have enough Dao Energy to resist the poison, so it quickly melted!

This was another body of the God level, but it was melted by the poison just like that.

"You stupid dog, you were so cool when you hit me!" Chen Xiang revealed his true form, grabbing onto the middle aged man's neck, he sneered: "It should be sent by the God of Heaven. Bastards like you, you always make a mess in this world!"

"You ... You are Chen Xiang! " The middle aged man suddenly thought of this name, it was something that the people from Heaven Wasteland Aristocratic Family had mentioned to him before, because Chen Xiang knew about the Heavenly Alchemy, he had been more concerned about it previously, he had planned to look for Chen Xiang to obtain the Heavenly Alchemy from him in the future.

Thinking back to this matter, the middle aged man secretly regretted it a lot, because they should have recklessly killed Chen Xiang back then.

"Yo, you actually recognize me!" Chen Xiang immediately used Soul Absorbing Devil Spell on him to look through his memories.

However, this time he didn't succeed. His opponent's soul had a special power protecting his memories.

"You want to check my memories? No way!" The middle-aged man grinned and said, "You're dead for sure. If you kill me, Master will definitely know. He can see everything through my eyes at any time."

"I'm not afraid of him!" After Chen Xiang finished speaking, he waved his sword and cut off the middle aged man's head.

Both heads were thrown into the Chuangshi god furnace, this was the head of the Strong of Divine Wasteland, the Divine Sense Sea contained a very vast amount of energy, he anxiously refined it, he wanted to preserve that power ...

After two days of refinement, he had refined an energy ball the size of a watermelon. If he were to throw it out, it would result in a very violent explosion.

"The power that the two Strong of Divine Wasteland s have refined is definitely not small." Chen Xiang kept this thing, who knows when he would be able to use it.

He had already found out from those two just now what kind of Evil God Mountain the other two went to, and they wouldn't be able to return for a period of time.

So he could safely enter the Divine Spirit Place!

Not to mention the fact that the Evil Dragon Prince and the Thunder Cauldron had been robbed, the Thunder Cauldron had also been severely injured, and the Thunder God had also appeared here in a fit of rage.

However, Chen Xiang had not merged with it yet, because there was still the consciousness of the lightning god inside. He planned to wait for a while and erase the consciousness inside, then turn it into his own after.

Previously, when he went to take a look, the name of the plate was "Five Thunder Roar", it was a Heavenly artifact, and when used in battle, it could awaken a very strong Thunder power.

The Thunder Cauldron was heavily injured, especially his flesh, it was practically crippled, and would need a large amount of medicinal pellets to repair it.

"Long Run, do you know where the Evil God Mountain is?" Chen Xiang asked, that place sounded very evil.

"Of course I know. This is an extremely terrifying place, a place where many heavyweights of the evil sects go into seclusion to cultivate. I heard that there is an Evil God from there who specifically bestowed power to those heavyweights of the evil sects." Long Run who was inside the You Yao Mountain Villa answered.

"Then wouldn't it be dangerous inside?" Chen Xiang had originally planned to go over to take a look.

"Mn, it's very dangerous. Elder Brother Shen, don't take the risk." Long Run warned repeatedly. He already knew that Chen Xiang was an extremely bold guy.

was hiding inside an inn. He was currently inquiring about the location of the Evil Dragon Prince, and after a round of questioning, he finally found out where the Evil Dragon Prince was.

At night, when Chen Xiang was drinking in the tavern, a person suddenly came to his table, this person was specially to help Chen Xiang gather information.

Chen Xiang had snatched a lot of Profound Opening Fruits from the lightning cauldron, so it was easy for him to find someone to help him with his work.

"One of the latest news is that Evil Dragon Prince will be leaving the city in ten days and hunting beasts with a group of heavyweight sons. This is because a Swordwing Tiger appeared in one of the mountain ranges within Divine Spirit Place!"

Chen Xiang opened a piece of paper, saw the contents inside, and nodded his head, then handed over a box to the man, which contained some Profound Opening Fruits.

"What is a Swordwing Tiger?" Chen Xiang asked.

#### [Chapter 2607](#)

"It's a very powerful beast, the feathers on its wings were made from swords, if these swords were here, they would grow back quickly. If one could get a Winged Sword Tiger, it would be equivalent to possessing many swords, able to provide a large group of extremely powerful swords."

Chen Xiang immediately thought of the evil blood warriors that had come out from the Dragon Blood Lake. The weapons in their hands were all very weak, if they were equipped with a large number of Divine Swords, their fighting strength would definitely increase by a lot. Ybdu.

Evil Dragon Prince caught the Blade Wing Tiger because of this matter.

After that person left, Chen Xiang began to plan on what to do tomorrow. He had only told that person that he wanted to curry favor with the Evil Dragon Prince, so he entrusted him with the task of investigating the movements of the Evil Dragon Prince.

Chen Xiang headed towards the mountain range overnight, and he was quite a distance away from the city, but he was still within the boundaries of the Divine Spirit Place.

"There are still ten days, I'm only at the third level of the Dao Shi realm. I need to break through as soon as possible and cultivate more profound entrances to the Ancient Code!" Chen Xiang closed his eyes, took out a few Primitive Tao Powers from the Primordial Profound Gate, and used them to refine a pellet.

Last time he used the Primitive Tao Power to refine pills, he only used that one strike to injure him heavily. This time, he did not dare to come!

"The two profound gates of law that I've previously trained in are the flame profound door and the spatial profound door, while the third is the primordial profound door!" Chen Xiang was considering the distribution of the ten rules and profound doors.

"The Primitive Tao Power should be able to strengthen the fire dao, I'll give it a try!"

After Chen Xiang released the fire dao energy, he added some Primitive Tao Powers. As expected, the fire dao energy suddenly increased by a lot!

"This way, all I need to do is to train and create a Mysterious Space Gate and a Mysterious Flaming Gate. The other eight will be to practice the Primordial Mysterious Gate." Chen Xiang tested using his spatial force. As long as he added a little Primitive Tao Power, his spatial force would increase.

This was the power of the Primitive Tao Power. It could actually strengthen the other dao powers of the Laws!

It was very easy for Chen Xiang to cultivate in the Primitive Tao Power. He could eat pills refined using the Primitive Tao Power, or he could absorb the Primitive Tao Power from the Primordial Profound Gate to temper those Tao profound Door s.

Right now, he planned to use two methods to refine pellets at the same time. One was to use the Primitive Tao Power of the profound laws to temper the Tao profound Door, and the other was to use the Primitive Tao Power to refine pellets.

The Dao Shi realm and the Dao Zong realm were relatively easy to cross over for Chen Xiang, especially the current Dao Shi realm. As long as he had enough attribute energy to guide his cultivation in the Tao profound Door, he would be able to refine a profound door with the Code very quickly.

Only by reaching the Dao God Realm quickly would Chen Xiang feel safe, especially when facing off against experts from the Divine Wasteland. He didn't have enough power, like how he almost turned into ashes before.

There was one more thing that was important to Chen Xiang, and that was to cultivate his own flesh. Otherwise, his Primitive Tao Power would not even be able to strengthen itself through the profound door!

He could barely pass through the first layer of the Gate of Heavenly Mystery, let alone the tenth layer!

If he had a strong enough fleshly body to bear it, then the might of his Primitive Tao Power would be boundless!

"It seems that I have to cultivate to the Dao god gold body in order to be able to pass Tenfold Door."

When Chen Xiang thought about how his Primitive Tao Power was unable to strengthen itself through the profound door, he felt extremely unreconciled. It was equivalent to having a full body of strength, but he was worried that his body would break down after using it.

Chen Xiang had cultivated here for eight days, he had already cultivated up to two of the Ancient Code Mysterious Gates, both of them being Primal Daoists. At the moment, he was already at the fifth stage of the Dao Shi realm.

If it was anyone else, their power would not increase much no matter how fast the Dao Shi realm was raised. However, Chen Xiang was different, as all ten of his profound doors had been opened, the current him was restricted from having a strong physical body.

"Try opening the three ancient profound doors!" Chen Xiang had completely opened the three primordial profound gates. Three vast waves of Primitive Tao Power rushed out like a raging river and gathered together, causing his Divine Sense Sea to tremble.

"Very strong. It seems that even my physical body is unable to withstand it!" Just thinking about it, Chen Xiang felt that it was a little scary. If he could force the Primitive Tao Power through the ten levels of profound doors, it would definitely be very scary.

"They should be here in two days. I'll go find that Swordwing Tiger first!" Chen Xiang was also very interested in the Swordwing Tiger. To think that there would be such a bizarre beast type existence, that it could grow its own sword, just by thinking about it, he felt that it was very powerful.

This mountain range was very big, and there were many beasts. It was probably because the environment here was not bad, that was why it became Divine Spirit Place.

Chen Xiang had been searching here for two days already, but there were only some clues. He realized that there were some traces of sword thorns, and most of them had actually been pierced by many swords.

"There are no footprints left by a Swordwing Tiger!" Chen Xiang carefully checked the area, just as he was pondering, a black figure suddenly flashed past in the sky.

He raised his head to look around, but he did not see anything. As he looked around, he suddenly realized that there was a gigantic golden tiger in the distance.

When this giant golden tiger swept past the skies of a forest, it only flapped its wings once before exploding out with Sword Qi, crushing many of the huge trees below it.

"He seems to be looking for something. What a powerful attack power!" Chen Xiang was secretly shocked. He did not know if he would be able to handle the sword qi properly.

He used the Counter Power to conceal himself, so the Blade Winged Tiger did not see him. He kept a distance behind him, as long as he followed this Blade Winged Tiger, he would be able to meet the Evil Dragon Prince.

"I wonder what his strength is, to think that he would be so powerful!" Chen Xiang followed behind the Winged Sword Tiger, and along the way, they had already killed a few stronger beasts, but they were all killed by the sword qi released by the Winged Sword Tiger, and they were all far away.

Chen Xiang followed them for a long time before he suddenly saw a lot of people in the distance.

"Evil Dragon Prince!" Chen Xiang's heart trembled. The Evil Dragon Prince had indeed come, and they had even brought a large group of very strong youths. It seemed like they were all at the tenth level of the Dao Sect.

"I'm relieved now that there's no Dao Sovereign Realm cultivator." Chen Xiang planned to kill all of Evil Dragon Prince's people.

"Crown Prince, look, I didn't lie to you, right? There are Sword wing tiger in this mountain range!" One of them smiled and said, "We can begin now."

"Everyone, be careful. Sword wing tiger is not weak, and be careful of his sword qi. His sword qi is comparable to those of experts in the way of the sword." Evil Dragon Prince said. As a beast himself, he understood Sword wing tiger very well.

Chen Xiang who was hiding himself was sharpening his blade, preparing to take the opportunity to make his move. Right now, he wanted to see how Evil Dragon Prince and his group of people would capture the Sword wing tiger alive!

The Evil Dragon Prince would definitely not kill this precious Sword wing tiger, otherwise he would not be able to obtain an endless stream of divine swords from the Sword wing tiger.

The evil way did not know how to forge weapons or refine pills. They were very poor in terms of equipment, so Sword wing tiger s were very precious to them.

### [Chapter 2608](#)

There were dozens of people from Evil Dragon Prince, and all of them were powerful, so Chen Xiang did not dare to rush over.

When the Sword wing tiger saw that humans were approaching, it did not immediately attack, but ran away. This Sword wing tiger was not stupid, it actually knew how to avoid these strong humans.

"Oh my god, he actually ran away." Chen Xiang was shocked, and quietly followed him. As long as he followed the Sword wing tiger, Evil Dragon Prince and the others would catch up sooner or later.

As expected, Evil Dragon Prince and the rest caught up very quickly. Sword wing tiger were extremely important to him, and since he had discovered them, he would definitely not give up.

"Quickly use a spirit formation to seal that guy up and prevent him from escaping." After Evil Dragon Prince finished speaking, a few people threw out a few formation plates, and then released a barrier, instantly enveloping a large area.

Chen Xiang was also trapped inside the enchantment, but the enchantment did not pose much of a threat to Chen Xiang, so he could easily escape. The enchantment of the two Strong of Divine Wasteland s from before made him afraid, but only those who knew the way of space could lay it down.

The Sword wing tiger was sealed behind the barrier, so it was hard for them to escape. Right now, there was only one way left for them, and that was to fight to the death with these humans.

Of course, humans did not pose a big threat to the Sword wing tiger, what he was afraid of was that Evil Dragon. The dragon's aura was already capable of intimidating many beasts, let alone the Evil Dragon Prince with its dense Evil Qi.

Chen Xiang hid in the air and watched. He wanted to see the strength of this group of people, if they were too strong, he would need to change his plans.

"Do it." Evil Dragon Prince shouted and everyone immediately surrounded the Sword wing tiger. Then, they released their spirit energy that had passed through the ten layers of profound doors, and smashed towards the Sword wing tiger from all directions.

In the blink of an eye, the Sword wing tiger was struck by many of the attacks. With a boom, waves of Qi undulated through the ground, causing the soil on the ground to turn over and over.

The Sword wing tiger was only a beast after all, so even though it was very strong, it could not withstand so many people attacking it. With the current injuries on its body and the destroyed wings, it was only the sword on top that fell to the ground. Those swords were very sturdy and were not damaged at all.

"Use the net." Evil Dragon Prince shouted as a large net fell down, trapping the Sword wing tiger within.

Chen Xiang had thought that Evil Dragon Prince and the others would fight with the Sword wing tiger, but who would have thought that they would be taken care of in such a short time.

"I really didn't expect these guys to be so powerful, taking care of the Sword wing tiger in one go." Chen Xiang could not help but exclaim in his heart, he had seen the strength of this Sword wing tiger before.

"We can't let them succeed." A plan immediately surfaced in Chen Xiang's mind, then returned to normal.

A person suddenly appeared inside the barrier, Evil Dragon Prince and the rest quickly noticed it, but because it was right above them, they immediately became cautious.

"Who are you?" A middle aged man shouted to Chen Xiang: "Come down."

When the middle aged man spoke, some people started attacking Chen Xiang, but they were all avoided by Chen Xiang.

Normally, if Chen Xiang was attacked like that, he would definitely beat him back without saying a word. But now that he had a plan, he could only endure it.

It was only when he reached the ground that the others stopped attacking him.

"I was also here to look for the Sword wing tiger. I have been following this Sword wing tiger all this time, but I never thought that it would be so popular, and actually be caught by you guys." Chen Xiang said, he did not reveal his true appearance, but rather took on the appearance of a middle-aged man.

"Sorry, the Sword wing tiger is mine now." Evil Dragon Prince's face turned cold: I'm in a good mood today, so I don't mind how sneaky you are, otherwise you would have already been killed by us.

Chen Xiang wasn't afraid though. He swept his eyes across the people behind Evil Dragon Prince and then said: "The Sword wing tiger is extremely useful to me. I don't know if this friend here will be able to cut it off.

Chen Xiang did not have many Profound Opening Fruits, so he was only testing the Evil Dragon Prince.

"Nope." Evil Dragon Prince was very determined.

"I will use the Heavenly artifact to exchange." Chen Xiang said again, and then took out his Six Realms mirrors, and then explained the uses of the Six Realms mirrors.

As long as they were hit by the mirror, their power would be reflected and they would have a strong defense. Just this point caused many people behind Evil Dragon Prince to reveal an expression of wanting to take advantage of them.

And when Chen Xiang said that Six Realms mirrors could easily copy formations, it made people exclaim repeatedly.

Chen Xiang had even demonstrated to copy the enchantment that they had set up using a few array discs, but the Six Realms mirrors had shined for an instant and copied it down.

"How about it? This is a good item." Chen Xiang laughed: "Do you want to trade?"

"No, you can leave, but leave this thing behind." The Evil Dragon Prince sneered, he felt that Chen Xiang was too naive, to actually come to negotiate with him, and take out such a good thing to show off.

This was exactly as Chen Xiang had expected. He had already kept the Six Realms mirrors.

"Hand it over and I'll let you leave this place alive." The other people had already surrounded Chen Xiang.

"You all ... "How can you all do this." Chen Xiang pretended to be angry and purposely revealed a terrified expression.

"Are you giving or not?" A sword was already at Chen Xiang's neck.

"Here, I'll give it to you." Chen Xiang anxiously took out the Six Realms mirrors. The Six Realms mirrors had already been turned into a small mirror by Chen Xiang.

When Evil Dragon Prince took the Six Realms mirrors, he said: "You still haven't cut off all contact with this Heavenly artifact, looks like you can only destroy your soul."

With that, the Evil Dragon Prince was about to make his move, but the Six Realms mirrors in his hand suddenly grew big, he immediately looked at the mirror of the Six Realms mirrors, and saw that a black liquid suddenly surged out.

"Poisonous." The Evil Dragon Prince was terrified.

Puff.

The Six Realms mirrors's mirror suddenly spewed out a large ball of black juice, scattering everywhere. The dozens of people nearby were drenched in the black venom.

As for the Sword wing tiger at the side, it was protected by Chen Xiang's spatial barrier. Although Chen Xiang himself was also in the rain, he was completely fine.

"Heaven's Divination. Who exactly are you? Only the Undead Divine Race has this kind of poison, and that much too." The Evil Dragon Prince's voice was filled with fear.

Chen Xiang did not answer him. Instead, he took his Heavenly magic sword and walked towards the people who were meditating to expel the poison.

Swoosh, swoosh, swoosh.

Chen Xiang beheaded all those who were poisoned with the Sky Spill Poison, leaving behind the Evil Dragon Prince.

Even a Dao Sovereign Realm Xia Bailing couldn't do anything against this kind of poison, much less a tenth stage Evil Dragon Prince of the sect.

## [Chapter 2609](#)

"You, quickly cure me. The Sword wing tiger is yours, and from today onwards, you are my Evil Dragon Prince's brother." Evil Dragon Prince's voice trembled, he felt that he was powerless to resist the strong poison.

"Who do you think you are? Are you even worthy to be called my brother?" Chen Xiang sneered, and then slapped Evil Dragon Prince's evil and handsome face, unexpectedly producing some scales. The Heaven's Birth Poison had made his body extremely weak, as though it was made of mud.

"My father is the Evil Dragon Emperor and his master is the Evil God. If I die, you will not have a good ending." Evil Dragon Prince cried out in pain. The poison entered his body, making him wish he were dead.

"I'm so scared." Chen Xiang laughed as he cut off Evil Dragon Prince's arm, then stepped on the wound on his arm. The Evil Dragon Prince screamed again and again in pain.

At this time, Chen Xiang took out the Heavenly artifact of the Thunder God, which was also known as the "Five Thunder Blast."

Seeing the disk in Chen Xiang's hands, Evil Dragon Prince immediately understood that the person who snatched the Dragon Clan Princess away was the person in front of him.

His heart was filled with hatred. This was all because he had grabbed hold of the Sword wing tiger and ecstatic it to the point that his head was about to faint. Otherwise, when he saw Chen Xiang, he would have already made his move.

"Just who are you?" The Evil Dragon Prince roared.

"The one who sent you on your way." Chen Xiang laughed as he activated the disk called the Five Thunder Roar. The disk floated above the Evil Dragon Prince and continued to rain down lightning, causing the Evil Dragon Prince to scream out in pain.

Evil Dragon Prince was a dragon after all, and the quality of his body was not bad.

When Chen Xiang saw that the Evil Dragon Prince had been ravaged to the point where he was about to turn into a dragon, he immediately went forward and used the Soul Absorbing Devil Spell to search the memories in the Evil Dragon Prince's mind.

Very quickly, he got a lot of information about this world from the Evil Dragon Prince's mind, as well as some big plans for the future.

"This guy can't die for now. If he dies, then the trouble won't be small." After Chen Xiang found out about some things from the Evil Dragon Prince's memories, if the Evil Dragon Prince died, then whatever Evil Dragon Emperor would definitely go crazy.

He immediately extracted and sealed Evil Dragon Prince's soul inside a pearl. As long as Evil Dragon Prince's soul was not destroyed, the Pearl of Life that was connected to him would not shatter.

Chen Xiang often did this before.

He cleaned up the place, and had used most of his poison. It had indeed made things much easier for him, especially after he got rid of the two Strong of Divine Wasteland s.

When he planned to let the Sword wing tiger go, he found that the Sword wing tiger that was covered in wounds had already recovered.

Sword wing tiger's recovery ability was already strong, and the Evil Dragon Prince also valued this point, because they could obtain a large amount of divine swords from the Sword wing tiger.

"Well, you may go." Chen Xiang pulled open the net and said to the Sword wing tiger.

The Sword wing tiger growled at Chen Xiang twice, and then the tiger head rubbed against Chen Xiang, showing that it did not have any hostility towards Chen Xiang. This was a very intimate action.

"You want to follow me?" Chen Xiang laughed.

The Sword wing tiger nodded, this Sword wing tiger was also a rather peculiar beast, it could not transform into human form, and could not speak, nor did it send Chen Xiang a sound transmission.

"If you follow me, I might take your divine sword often." Chen Xiang patted the Sword wing tiger's head.

The Sword wing tiger growled, from the looks of it he was not opposed to Chen Xiang doing that.

Chen Xiang took out the Six Realms mirrors and allowed it to enter the inner space of the Six Realms mirrors. For the time being, he didn't dare to place the Sword wing tiger inside the You Yao Mountain Villa.

After leaving the mountain range, Chen Xiang flew high up in the sky towards the south of the city.

At the southern side of the city was a gigantic mountain that reached into the clouds. Chen Xiang followed the memories of the Evil Dragon Prince and headed towards one of the mountains.

This mountain was home to the most powerful deities here.

The entire mountain was enveloped by a powerful barrier, but it was not enough to stop Chen Xiang. He jumped in with a White Tiger, and then teleported to the top of the mountain.

At the top of the mountain there was a large house, and Chen Xiang was currently in the courtyard inside. He sat on a stone bench and played with a bird on the table, causing the bird to chirp non-stop.

A room's door suddenly opened, and an old man walked out. When he saw Chen Xiang in the courtyard, he could not help but scream.

This old man was Natural Law Divine Spirit.

Chen Xiang had seen this Natural Law Divine Spirit from the Evil Dragon Prince's memories. At that time, he was very surprised, he never thought that these gods would actually hide within this Heavenly Evil World.

They had known many things from the beginning, but they had concealed them.

"Shen ... Chen Xiang, why are you here? Could it be that everything that happened was done by you?" The Natural Law Divine Spirit was surprised, and came to Chen Xiang's side.

"I did it. Quickly go and tell that lightning god that I injured his son." Chen Xiang laughed: "You are too terrible, you should have long guessed that I was the one who did it."

"I didn't expect you to come here." When Natural Law Divine Spirit looked at Chen Xiang, his eyes were evasive and he felt guilty.

"Don't be afraid of me, I understand your situation." Chen Xiang said: "You Gods have weakened so much, it is not easy to be able to live a peaceful life here, you will definitely not be involved in other things."

"It's good that you understand. You also know that these matters are not something that I can control." Natural Law Divine Spirit sighed helplessly.

"But... You fellows are colluding with those evil forces in the Evil Dragon Prince, which is really something you shouldn't do. " Chen Xiang snorted, from the Evil Dragon Prince's memories, he knew that there were a few deities that served the Evil God Mountain.

"Things are rather complicated ... Of course, I didn't do that sort of thing. " Natural Law Divine Spirit said: "I originally wanted to tell you, but right now, I also have no choice."

Natural Law Divine Spirit knew that he was unsatisfied in his heart, because once the evil forces entered the Natural Law Divine Realm, they would definitely carry out a massacre. Although the evil forces might not be able to defeat the Natural Law Divine Realm, but even if they could not, there would still be heavy casualties.

"Is it because of Natural Law Divine Lord's restrictions?" asked. This was what Chen Xiang had learned from the Evil Dragon Prince's memories.

"Yes, although he did not control us, he did not allow me to do anything that went against him. We were abandoned by him now, and he weakened us because he was afraid that we would betray him in the future, just like the Great Landlord." The Natural Law Divine Spirit replied, "The restrictions he places on the Great Landlord are not very big, to the point where he is unable to retract the power of the Great Landlord. He can only restrict the entry of the Great Landlord, and limit the increase of the power of the Great Landlord."

#### [Chapter 2610](#)

As for Natural Law Divine Spirit and the rest, they were restricted even more, and some of their power was even taken away, causing them to only have the cultivation of Dao Sovereigns.

"So, you guys are unable to level up?" Chen Xiang asked. Although the Natural Law Divine Spirit was useless, he had at least given him the World Creation Divine Well before. Therefore, Chen Xiang was fairly certain about the character of the Natural Law Divine Spirit.

"No, unless we can erase some of the imprints left by the God in our souls." Natural Law Divine Spirit shook his head.

"Do you need to use the Primitive Tao Power?" Chen Xiang asked.

Natural Law Divine Spirit was shocked: "Who told you this, Great Landlord? He doesn't seem to know about this either. At that time, Heaven Wasteland Aristocratic Family and the others will know.

"Why didn't they succeed?" Right now, Chen Xiang had a lot of Primitive Tao Power.

"The Primitive Tao Power is not enough, I need a lot." The Natural Law Divine Spirit said, "If I can remove those restrictions, I'll be able to live like a human."

Chen Xiang suddenly grabbed Natural Law Divine Spirit's arm, and injected a bit of Primitive Tao Power.

"This is ..." This is the Yuanshen Dan, you can release the Primitive Tao Power, what exactly is going on? Natural Law Divine Spirit was shocked again.

"What do you think? I think I can help you remove those restrictions, but I need you to help me with something." Chen Xiang said.

"Speak. As long as I can do it, I will definitely do it." Natural Law Divine Spirit was ecstatic because he felt that he would be able to remove the restriction very soon.

"Alright, let me ask you first. Amongst all of these gods, who do you trust the most?" Chen Xiang asked.

"Earth's Core Divine Spirit, you should understand this guy's personality. He is a good person, and there are quite a few spirits who colluded with Evil God Mountain, only Earth's Core Divine Spirit and I did not participate. The other gods all plan to help Evil God Mountain attack Natural Law Divine Realm." The Natural Law Divine Spirit said.

"I can help you and the Earth's Core Divine Spirit remove that restriction, but I want you to kill the other gods. Chen Xiang said.

Earth's Core Divine Spirit was not bad, he had already helped Huo Lin build a secret realm in the Earth's Core.

"No problem, as long as you provide us with enough Primitive Tao Power, we will immediately act once we remove that restriction. Without the restriction, I don't have any more worries, because when we are created, we are not allowed to kill each other." The Natural Law Divine Spirit said.

Chen Xiang took out two Primitive Tao Power Pills and said: "These are pills I refined using the Primitive Tao Power, I think it should be enough."

Natural Law Divine Spirit did not accept it, but said: "I will go find Earth's Core Divine Spirit, wait for me here."

Not long after Natural Law Divine Spirit left, he brought the Earth's Core Divine Spirit over. On the way, he had already told the Earth's Core Divine Spirit about this matter.

Of course the Earth's Core Divine Spirit was willing to get rid of the other Gods, those gods were traitors in his eyes, he had wanted to take action since long ago, but due to the restrictions the Natural Law Divine Lord placed on them, he was unable to do so.

Natural Law Divine Spirit and Earth's Core Divine Spirit ate the pills he gave them and then entered the secret room to cultivate. He needed to control the Primitive Tao Power to erase the energy Natural Law Divine Lord left in his body.

While Chen Xiang was waiting outside, he was also concocting pills. He was only at the fifth level of Dao Shi realm, so he needed to hurry and level up.

He had to be ready for those guys right now.

Two days later, Natural Law Divine Spirit and Earth's Core Divine Spirit came out happily. One look was enough to tell that they had broken free from that restriction.

They were all deities, and were once the managers of this world. They definitely had quite a few good things on their hands, and now that they no longer had any restrictions, they could cultivate.

"Now we can go and attack. Let's get rid of that guy Lei. This bastard has been shouting at me all day. I've been wanting to kill him for a long time." The Natural Law Divine Spirit said.

Chen Xiang felt that it was funny, since the Natural Law Divine Spirit's heart was also very dark. After removing the restrictions, she would think about taking revenge.

"In the future, I will no longer be the Natural Law Divine Spirit. I am Yuan Feng." The Natural Law Divine Spirit replied, "This is the name I gave myself. I thought about it for a long time."

Natural Law Divine Spirit looked at Chen Xiang. He was very satisfied with this name.

"Nothing much, just an ordinary name." Chen Xiang laughed: "Why not use my surname?"

"I won't do it." Yuan Feng was very disappointed. Chen Xiang actually said that this name was very ordinary. He looked at Earth's Core Divine Spirit and said: "Your name?"

They didn't have a name, so of course they had to give it a name before turning back into a human.

Earth's Core Divine Spirit thought for a moment, then said: "Yuan Xin ... .. After all, you are our big brother, and the new means that I have started my life anew. "

"Right, when you get rid of those gods, remember to plunder all the things on their bodies." Chen Xiang said.

"I don't need you to teach me that, I understand." Yuan Feng laughed. Right now, he looked really happy, as if he had just come out from a prison.

The two of them were in a good mood and were in a good mood. If they took this opportunity to do something, they would definitely be able to achieve twice the results with half the effort.

Chen Xiang was concocting pills here, waiting for them to return. Once he settled the matters here, he would return to the Natural Law Divine Realm, and at that time, he would bring Yuan Feng and Yuan Xin over to look for Long Jiuxiao.

"Great Landlord should be troubled by those restrictions right now. I'll give him two more pills, then help him when the time comes." thought, refining the Primitive Tao Power pills was relatively easy for him, but it could help the Great Landlord a lot.

In only half a day's time, Yuan Xin and Yuan Feng returned with faces full of smiles.

"So fast, did he fail?" Chen Xiang asked, just as he finished speaking, Yuan Xin threw him a lot of heads.

"This is a lightning god, this is a wind creature, this is an ice and snow god, this is a flame god ..." Yuan Feng pointed to each and every head.

With that, he threw out another pile of things and said, "All of them are Heavenly artifact s, I'll give them to you."

"If you really want all of them, just give them to me. You don't need them." Chen Xiang looked at the messy, strange-looking Heavenly artifact and took a deep breath.

"We all do." Yuan Feng laughed.

Chen Xiang anxiously kept it all, although he had quite a number of them, but the more of these things, the better.

"If we still had the cultivation of the Dao Gods, we would have definitely gone to the Evil God Mountain and flattened that place." Without the restriction that the Natural Law Divine Lord had placed on him, he looked much more domineering than before.
