

## Dan God 2631

### [Chapter 2631](#)

Chen Xiang himself did not dare to go down, because these beasts were all very strong, especially those white wolves. With their large mouths full of sharp teeth and claws, it would only take a few seconds to tear a Dragon beast apart.

"He looks much more terrifying than those Steel arm ape. "Ybdu!" Chen Xiang watched the hundreds of savage beasts fight to the death and felt extremely satisfied. However, when he looked at the black shadow that would occasionally appear, he felt very uncomfortable.

"Who is this guy? His speed is too fast, I can't see what he looks like at all!" Chen Xiang just saw the black figure appear, but not long later, the black figure disappeared again. When there were more corpses, the black figure would appear and quickly retrieve the Barbaric Beast's corpse.

"This bastard really has a bountiful harvest! If I can use the power of space, it won't even be this guy's turn! " Chen Xiang thought, this time he focused all his attention on the black figure.

He could finally see where the black shadow was hiding. It was right beside a large rock!

Chen Xiang immediately rushed over carefully. When he arrived next to the boulder, he saw the black shadow just in time to pick up the corpse.

He had only waited for a short while before the black shadow returned!

Chen Xiang could clearly see what the man looked like. He was actually a skinny old man, except that his hair was black.

"Hello, Senior!" Chen Xiang asked politely.

"En!" "Yes." The old man replied before disappearing again. He dashed toward the battlefield at an extremely fast speed, and found an interesting corpse of a savage beast.

"Elder, can you give all of those beast cores to me?" Chen Xiang asked.

"No way!" The elder smiled at him before taking out a beast core. "Fine, I'll give you one. If it wasn't for you, I wouldn't have had such a rich harvest today!"

Chen Xiang took the beast core, his heart becoming even more surprised. This old man clearly knew the uses of the beast core, and he was definitely not from a tribe.

What shocked Chen Xiang the most was the strength of this old man. It could be said to be the kind of thing that was extremely powerful!

After a while, the battle was about to come to an end. The Dragon beast had been defeated miserably, and even though the white wolf had won, it had lost more than half of its members!

As for the corpse, it had been picked up by the black-haired old man!

"Hurry up!" The old man chuckled, then ran off. Chen Xiang immediately followed, and the group of wolves also noticed them and chased after them.

This old man specifically picked up the steep mountains that were connected to each other, climbed a few mountains, and then left those huge white wolves far behind.

At this moment, the elder was on a mountain, brewing a savage beast soup. The top of the mountain was extremely cold, and it was unknown where the cold air came from.

Chen Xiang knew that the old man had slowed down, otherwise, he would not be able to catch up!

"Elder, you are incredible. Why didn't you kill the savage beast yourself?" Chen Xiang gasped for breath as he climbed up, and asked.

"I never do it when I don't have to." The elder chuckled, "Brat, you're quite powerful yourself. To be able to follow me here, you shouldn't be a primitive man!"

"Neither are you." Chen Xiang said as he sat beside the pot of soup and took a sniff. The pot of soup was very fragrant, making him want to drink it.

"Did you fall from Heavenly Evil Abyss?" the old man asked.

"Mm, Senior, you too, right?" Chen Xiang finally met someone from a different world. Previously, Yuan Feng did not count, because he knew the person and he fell down together, but the old man in front of him had obviously been here for a very long time and was very familiar with the terrain.

"No!" The old man's words surprised Chen Xiang.

"If it didn't fall from Heavenly Evil Abyss, then where did it fall from?" Chen Xiang asked quickly.

"Even if I told you, you wouldn't know." The old man was also very interested in Chen Xiang, because it was not easy for him to meet a powerful human here.

"Come to think of it, I have seen a lot." Chen Xiang said.

"I fell from Myriad Gods Abyss." When the old man finished, he saw Chen Xiang's expression and laughed: "That's right, I knew that you had never heard of it before."

"Is the Myriad Gods Abyss above the Divine Wasteland?" asked. Even though he had never heard of it, he had heard it from the memories of a Strong of Divine Wasteland he had devoured before.

"Yes, you've heard of it?" The old man was surprised.

"I've heard rumors!" Chen Xiang was shocked, this old man was actually an expert of Divine Wasteland.

"The Myriad Gods Abyss said that a place where many powerful God Realm cultivators died." Chen Xiang said.

"How do you know?" It's not like you've ever been to the Divine Wasteland. " The old man was a bit curious.

"A guy from Divine Wasteland told me before." Chen Xiang said: "Senior, do you know how to leave this place? "I have something important to do outside. I'm in a hurry to get out."

The old man took out two bowls and made a bowl of soup for Chen Xiang.

"Young man, finish your soup first. It's cold here." The old man chuckled.

Chen Xiang took it and drank two mouthfuls. It was very tasty, and after drinking it all in one go, the old man filled it up for him.

"Tell me why did you fall from Heavenly Evil Abyss." The old man asked: "I do have a way to help you leave Heavenly Evil Abyss, but it's a little difficult."

Chen Xiang explained about the Heavenly Evil World briefly, telling the old man that he was taken down by a guy called Natural Law Divine Lord.

After the old man finished listening, his face turned serious. He seemed to know something.

"Natural Law Divine Lord... Natural Law Divine Lord..." The old man recited these words repeatedly, then lost himself in his memories.

A moment later, the old man said, "I really did not expect this!" This fellow is exactly as Master said! "

"Senior, do you know anything about the Natural Law Divine Lord?" Chen Xiang never thought that this Strong of Divine Wasteland actually had a very good understanding of him.

"There are ten Divine Masters in the Heavenly Dao. There should only be one left now and my master is one of them. Back then, I made a mistake and was sent to this place. I can't leave this place forever." The old man sighed, "I don't know how many years I have stayed here. When I was sent here, there were only two out of the ten Divine Masters left, one was my Master, and the other one ... It's the guy now. "

This was actually a Divine Master's disciple, Chen Xiang was dumbstruck!

"Senior ... Who did you get here? is he the only God? " Chen Xiang asked.

"Yes, and he intentionally framed me. At that time, even my master couldn't do anything about him, and originally, my master wanted me to stay here for a while before getting me out. He also told me that if he didn't come to save me, that would mean he was already dead."

The old man drank a bowl of soup and let out a long sigh. Grief could be seen in his eyes; after all, that was his master.

"Even though he is only a Natural Law Divine Lord, this Natural Law World is still not completely under his control. The other nine Divine Masters' power of law is still within the Natural Law Divine Realm, so he cannot control this Natural Law World completely. That's why he intends to destroy the entire Natural Law Divine Realm and then absorb the power of law that erupted when the Natural Law Divine Realm was destroyed, so he can use it for himself." The old man revealed the purpose of the Natural Law Divine Lord.

## [Chapter 2632](#)

Chen Xiang knew that this was Natural Law Divine Lord's goal, and he was in a hurry to go back and stop the evil forces inside the Heavenly Evil World.

"Senior, you said you can go back. How can you go back?" Chen Xiang said: "The evil forces in Heavenly Evil World, should be nurtured and developed by that Natural Law Divine Lord. As long as we exterminate you, maybe we can stop them."

"Killing off the evil forces is only temporarily alleviating the destruction of the Natural Law Divine Realm. If I want to stop them all, I have to kill the Natural Law Divine Lord." The old man shook his head: "But you don't have to worry, the Primitive Land will not be affected, it is relatively safe here."

"No, Natural Law Divine Realm has my family and friends, I want to go back." Chen Xiang said: "Can you tell me how I can go back?"

The old man sighed, "I've said it before. There is a way to go back, but it's rather difficult and very troublesome. I can't guarantee that I won't be able to."

"I want to try no matter how difficult it is." Chen Xiang said very firmly.

"Alright, I'll tell you!"

After the old man finished drinking the bowl of soup, he slowly said, "There is a path that leads to Primitive Land. You should already know that! Other than that, there is also some Heavenly Evil Abyss that has the same situation, it's just that the Heavenly Evil Abyss's path is one-way, while the Myriad Gods Abyss's path is two-way. "

Chen Xiang immediately understood that it was possible to return to the Myriad Gods Abyss from the Primitive Land!

"Senior, you mean to go back through the passage to the Myriad Gods Abyss?" Chen Xiang asked.

"Yes, in the middle of the Myriad Gods Abyss's passageway, there are many passages that lead to spaces similar to Natural Law Divine Realm's. Furthermore, it's extremely difficult to reach the center, and only Primitive Emperor Race's people can go there." The old man shook his head.

"Primitive Emperor Race? What the hell is this?" asked. It sounded a little fierce, but from the meaning of the words, he could understand that this should be a tribe from the Primitive Land, similar to Ji Yuelan's tribe.

"In the Primitive Land, there are three types of humans. The strongest is the Primitive Emperor Race, then the Primordial Spirit Race, and finally the Primordial Mortal Race! The royal family and the spirit race are both together, and after the Transcendents evolve, they can also find the Primitive Sacred Land and become a primordial spirit race. "

"You should have seen the Transcendents before, those primitive people."

Chen Xiang thought about Ji Yuelan's group of tribes. They were indeed very primitive, and should be the Transcendents.

"The Myriad Gods Abyss's passageway is located in a forbidden area in the middle of the Primitive Sacred Land. With the Primitive Emperor Race guarding that place, it would be extremely difficult for me to enter, at least not as far as I can go." The old man said.

To think that there was such a powerful existence in Primitive Land, the old man in front of him was someone from the upper echelons of Divine Wasteland!

"Senior, didn't I heard that the Primitive Land will be destroyed? In order to maintain its primal state, why is there such a strong existence?" Chen Xiang asked.

"Heh heh, that was all in the past, this Primitive Land had been through a lot of destruction, and the destructive powers came from the people at the top of the Divine Wasteland! That Myriad Gods Abyss is the tunnel that the destructive power had come through ... " The old man laughed: "The fellow above Divine Wasteland is very worried that the imperial clan in Primitive Land would be able to kill their way out, and the Primitive Land is indestructible. It is the start of the Myriad Realms, no matter what, humans and all kinds of powerful beasts will be born here."

"Right now, the Primitive Emperor Race has already developed very quickly, and the Divine Wasteland has also missed the best opportunity to destroy them, resulting in them being unable to do so from the Myriad Gods Abyss, unless they are willing to come here and fight with their weapons."

The old man's words surprised Chen Xiang, the Primitive Emperor Race inside was actually so terrifying, and could directly threaten the existence of the Divine Wasteland.

"What kind of existence is the Primitive Emperor Race exactly? It's actually that terrifying!" Chen Xiang sighed.

"Primitive Emperor Race is a human ancestor, the most primitive and most terrifying human being born from this Primitive Land. They were born with extremely terrifying strength, and were able to withstand all kinds of disasters without being extinguished. In the end, they spread the seeds of the humans throughout every world and every space."

Chen Xiang listened carefully, this was something that many people did not know about.

"The first batch of humans bred by the Primitive Land were the Primitive Emperor Race, then the Primordial Spirit Race, and finally the Primordial Mortal Race! The Primal Mortal race is the most numerous, but their strength is also extremely terrifying. In the end, they were able to produce a large number of savage beasts. "

"After the destruction and rebirth of the Primitive Land, this procedure is followed every time! Of course, the Primitive Land will not be destroyed in the future, because the strength of the Primitive Emperor Race here can defend against any power that wants to destroy this place. "

Chen Xiang looked to the sky and asked: "Where do you want to go, Primitive Sacred Land? I want to see, I want to return to Natural Law World! "

The old man pointed in a direction and said, "Over there is where it is. Walk all the way until you see the many tall mountains illuminated by the golden light. That is the Primitive Sacred Land."

"Thank you for the guidance, senior!" Chen Xiang immediately thanked him and prepared to leave.

"Sigh... Wait, why are you in such a hurry? This road is not easy to tread on. When I was walking on it, I saw many human corpses of savage beasts. " The old man immediately pulled Chen Xiang.

"By the way, what's your name?" The old man chuckled and asked.

"Chen Xiang, where's senior?" Chen Xiang said.

"Wan Yuxiong! If you want to go to Primitive Sacred Land, I can tell you more about it! I went to that place and almost died there. The humans there are extremely against us, they were born with the ability to tell that we are from another world. " Wan Yuxiong said.

"Why?" Chen Xiang did not understand, "I've met people from the Primordial Common Clan before, so I can get along with them."

"The Transcendents are different! The Primitive Emperor Race and the Spirit Race are of a higher level. They think that the alien race like us are here to destroy them, so they are wary of us. If we were to make a mistake in the Primitive Sacred Land, the consequences would be severe. Wan Yuxiong said.

Chen Xiang guessed that Wan Yuxiong must have also tried to escape to this place before, so he went to Primitive Sacred Land.

"I was going to the forbidden grounds in the middle of Primitive Sacred Land to be captured. Luckily, I was able to run fast, otherwise I would have died a long time ago." Wan Yuxiong sighed: "Those guys are really strong, if they can go to Divine Wasteland, they can definitely turn Divine Wasteland upside down."

Just as Wan Yuxiong finished speaking, the earth suddenly shook, his expression changed, and he said: "It's that group, quickly run, follow me closely!"

With a sou sound, Wan Yuxiong ran away and disappeared. Chen Xiang could only barely catch him, he anxiously followed along!

At this moment, an intense pressure was pressing down on him. After all, that pressure caused his heart to palpitate with fear. That kind of power was extremely terrifying.

"Senior Wan, what's going on? Is the Primitive Emperor Race chasing you? " Chen Xiang asked.

"It's not the Primitive Emperor Race, it's the Primordial Spirit Race. A noble Imperial Clan would not do such a thing! "F \* ck, these guys have been chasing me for more than a thousand years. Are they annoying?" Wan Yuxiong scolded.

Chen Xiang took a deep breath. To think that they had been hunted for a thousand years, these Primordial Spirit Race were really patient.

### [Chapter 2633](#)

Chen Xiang asked from the back, "Senior Wan, how did they discover you? Is it because of me? "

Wan Yuxiong said, "I don't blame you. My guess is that those beasts had some connection with them, and the Primordial Spirit Race was able to communicate with the dead spirits of the beasts. That's why they knew I was nearby."

Chen Xiang suddenly felt that there was no need to run with Wan Yuxiong, because he did not offend Primitive Sacred Land.

"Senior, can I not run? I didn't offend them! " Chen Xiang said.

"No, quickly follow me!" Wan Yuxiong said: "If you are caught by them, it will be very troublesome, even if they do not do anything to you, they will still catch you and interrogate you for hundreds, or even thousands of years.

Hearing Wan Yuxiong's words, Chen Xiang ran even faster, he did not want to be caught, he wanted to rush back to Natural Law Divine Realm to fight the evil demon.

"Wan Yuxiong, you won't be able to escape this time." When a voice transmitted over, Chen Xiang felt himself enveloped by a golden light. And when he was certain that it was a golden light, he discovered that his body could not move.

"It's over, we've been captured." Wan Yuxiong sighed, he was currently unable to move, and as he was jumping, he stopped in mid air.

That golden light was clearly a strange power that could make people unable to move even if they were suspended in the air.

Chen Xiang and Wan Yuxiong were currently unable to move, and could not even use their strength!

He never thought that the power of the Primordial Spirit Race was that much stronger than the Primordial Fan Clan. Especially this method of converting the Primitive Tao Power into a miraculous power, it was something that the Primordial Fan Clan could not compare with.

"I've finally caught you!" A handsome middle-aged man wearing white armor laughed, he waved his hand and threw out a golden cage, locking Wan Yuxiong inside.

At this moment, another five handsome white-armored youths walked over. One of them said, "Captain, this is also an alien. How should we deal with him?"

"He's not very strong, but let's take him back first." Then, he also took out a golden cage and placed Chen Xiang inside.

These cages were all made out of those strange golden things. Chen Xiang tried to use the power in his body if he wanted to touch them, or go near the golden steel bars.

"Lin Ting, this brat has nothing to do with me. Don't make things difficult for him, let him go." Wan Yuxiong shouted.

Lin Ting was the middle-aged man, the captain of Wan Yuxiong's team who was in charge of chasing after them.

"How do you prove it has nothing to do with you? He's with you, and he's from another world, so it's possible that he's your comrade after you escape. " Lin Ting said.

Chen Xiang allowed himself to remain calm, because those few white armored men were very strong. They could easily capture Wan Yuxiong, and even if he could escape from this cage, it would be useless.

"Bring them back to the Sacred Land!" Lin Ting shouted, and then shrunk the cage, placed it on his waist, and started running.

These primitive spirit race people were truly powerful. To be able to refine such a powerful magical equipment, not only could it easily trap a person, it could also shrink and enlarge them.

What made Chen Xiang the most curious was that golden power. He felt that it was extremely similar to the power of space, which was why he couldn't move at all.

"There is something in the cage that can quickly absorb power. As long as I touch it, my power will be quickly consumed, causing me to feel completely powerless." Chen Xiang pondered. As long as he could figure it out, it would not be difficult for him to escape.

Of course, he was not planning to escape now, but to try again when he got to Primitive Sacred Land. He was not sure if he could escape.

At this time, Chen Xiang could only see a patch of gold around him. The cage had already shrunk to a small size and he was trapped in the space inside the cage, unable to see anything outside.

After lying inside for a few days, he felt a bit shaky. He opened his eyes and found that he was surrounded by many people in a large hall.

The cage had become larger, and he could now see outside as well!

"These guys are all from the Primordial Spirit Race?" Chen Xiang saw that the people around were all dressed in armor, looking very sturdy.

"It's been a thousand years, you've finally managed to capture this old fellow Wan Yuxiong. Lin Ting, you've done a great service this time! I have to say, these cages are really useful!" An old man wearing blue armor laughed.

"Not only are these cages useful, but this Empyrean God Bestowal Mirror is also extremely useful. It can cause a person to be unable to move at all." Lin Ting took out a golden mirror.

Chen Xiang finally saw what made him unable to move. It turned out to be an extraordinary treasure.

"Right, isn't this Wan Yuxiong an old guy? "How can it be that after a thousand years, you have become so young?" a man asked.

"This is not Wan Yuxiong! It's just that I have already passed Wan Yuxiong, the person from a foreign land, to the people of the Imperial Family. " Lin Ting patted the cage, and laughed: "The Di Clan says that I will handle this guy, I don't know how to handle him right now!"

Chen Xiang suddenly said: "Wan Yuxiong and I have only known each other for a short while, I do not know about his matters, furthermore I have never offended any of your Primitive Sacred Land, let me go!"

"That won't do, Wan Yuxiong looked like a good person back then, but he sneaked into the forbidden grounds, at least we found him in time." Lin Ting said.

"You guys are so strong, are you worried that I would barge into that forbidden place? Furthermore, with Wan Yuxiong's previous example, do you not know how to strengthen your defense? " Chen Xiang said, he felt that these people were all alike, and could not be considered to be bad, but they were somewhat stubborn.

Lin Ting ignored him and said: "If I let you out and you cause trouble here, I'll be responsible for it."

There were more than a hundred people in the hall, and they all agreed with Lin Ting's words, and nodded their heads.

Chen Xiang really wanted to curse, but he could only hold it in, or else these people might torture him.

"Lin Ting, why don't you sell him off! Didn't those Imperial clan disciples really like raising this kind of foreign country bumpkin?" An old man said.

"That's right, this kind of guy might even sell for tens of thousands of demon crystal coins." Lin Ting patted his head and said: "Let's go, throw him into the auction and sell him."

Just like that, Chen Xiang was sent to an auction house. He had participated in many auctions before, but had never participated in one like this before.

"Everyone here have Storage magic treasure s, I wonder what those demon crystal coins are." Chen Xiang thought, right now he could only wait and see, he hoped that the person who bought him was someone easy to talk to, or at least not be mistreated.

The auction started, Chen Xiang realised that not only was he being sold, he was also selling some other savage beasts.

"Damn it, who gave you the authority to sell me out?" Chen Xiang suddenly roared.

#### [Chapter 2634](#)

"Weak alien, if you continue to roar, I'll cut off your tongue." (dot) 23 wx. " The man in charge shouted sternly and waved his hand, sending a Thunder power in.

Chen Xiang was struck by this power until his entire body trembled, his heart was filled with fear, with a casual wave of his hand, he was able to produce such a terrifying force.

He tightly clenched his fists. His strength was too weak, otherwise, he would have definitely destroyed this cage and caused a huge ruckus here.

"All of you, just you wait. I'm just temporarily weak. When I become stronger, I'll definitely make you pay ten times the price." Chen Xiang roared fiercely in his heart, and then kept silent.

After a round of bidding, he was finally bought by someone for 11,000 demon crystal coins. The one who bought him was a middle-aged man from the Imperial Family!

Chen Xiang sat inside the cage, closed his eyes and continued to cultivate, constantly taking in Primitive Tao Power s from the primordial profound door in his body.

Passing through the two profound gates was his limit, but passing through the three profound gates caused his entire body to be in extreme pain, and what he did, was all for the sake of using the powerful Primitive Tao Power to temper his own body!

He endured the pain, the muscles on his face twitching, the berserk Primitive Tao Power wreaked havoc in his body, tearing apart his muscles and smashing into his bones!

After his muscles were torn apart, under the nourishment of the Primitive Tao Power, they quickly recovered. The shattered bones also recovered in the same way, being destroyed and then being ravaged by the violent Primitive Tao Power that was circulating within his body.

Chen Xiang had no way to refine pills, and could only strengthen his own body through such a brutal and painful method!

At this moment, his body was in a state of being damaged, healed, damaged, and healed, constantly alternating between each other. And the pain within, was something that only Chen Xiang himself knew the best!

Although it was painful, in order to teach these people who had recklessly auctioned him a lesson, he had to endure. Even if his body was smashed into smithereens, he still had to punish these people!

"I am weak, but I will grow! Primitive Sacred Land also speaks with their fists, so I will make myself stronger. I will speak with my fists to make you all kneel and beg for forgiveness, I will make you all do my best. "

Chen Xiang's heart was burning with burning fury, this anger had turned into endless motivation, urging him to endure the torments of pain nonstop, and temper his own body.

During Chen Xiang's brutal training, he suddenly felt a change in his body, and a ball of something appeared in the middle of the Divine Sense Sea, which looked like a soul!

"This is ..." The soul of law! What is the law? " When Chen Xiang saw that bundle, he was ecstatic. Cultivating the soul of the Ancient Code meant that he had stepped into the Dao Zong realm.

"With the Law Soul, I will be able to cultivate the Tao technique and the Profound Body!" Chen Xiang stopped using such crude methods to refine his body, and went to check on the newly formed soul laws.

The soul of law could create its own power of law. In other words, after obtaining the soul of law, one could cultivate their soul of law to the Great Perfection. Once they could cultivate a profound body of law, they would not need to absorb the power of law from the heavenly dao, but could instead absorb it from their own body!

"The soul of this Law contains the power of many different laws ..." "Currently, I can feel the Fire Laws, Space Laws, and also a strange power. Could it be the Primordial Laws?" Chen Xiang was a little doubtful, he had absorbed a bit of that strange power from the soul of the Ancient Code.

"That's right, it is indeed the Primitive Tao Power, but it is extremely weak. It might be because my soul of laws is still too low leveled!" Chen Xiang was still able to absorb the power of the Natural Law Principles from the Tao profound Door.

If one cultivated to the Great Circle of the Dao Zong realm, the dao energy absorbed by the Law Soul would be much stronger than what they absorbed from the Heavenly Dao. After all, that was their own Law Energy!

Chen Xiang looked around him. He was currently thrown into a dark basement, took out a small stone, and then, secretly extracted the power of space within the Code Soul. He used the spatial technique to grab that small stone.

The small stone beside the cage disappeared with a grab from Chen Xiang's hands. It reappeared in Chen Xiang's palm.

"This Primitive Land doesn't have the spatial laws, but after I cultivate the soul of the laws, I can release my own spatial laws, and I can release the Space Domain. In my Space Domain, I can freely use the power of space." Chen Xiang was secretly delighted.

But now, his Law Soul was too weak. If he was strong enough, he would be able to break out of this cage.

"Continue to cultivate the body. The Dao Zong realm mainly cultivates the body, using the power of Natural Law Principles to temper the body! The stronger the physical body, the stronger the Law Soul is." Chen Xiang clenched his fists and activated Primitive Tao Power. He passed through the three layers of profound doors and continued to temper his body.

When Chen Xiang was brought back by a middle-aged man, he had always been thrown in the secret basement, it was just that that person would occasionally throw him some raw beast meat, he completely treated him like a wild beast and kept him in captivity, which caused the suppressed hatred in Chen Xiang's heart to grow!

Chen Xiang had been stuck in this environment for three months, and currently, his body could already bear the weight of having passed through the fourth layer of profound entrances!

And now, he was using the Primitive Tao Power of the fifth stage of the profound art to temper his body. Although it was very painful, in order to leave this place, in order to trample on the person who trampled on him, no matter the price, he was willing!

"Of course, I must let these guys feel my pain." Chen Xiang's body was overflowing with blood, all because of the explosion of the berserk Primitive Tao Power s that had passed through the fifth layer of profound entrances.

His Law Soul had also grown by a size, which was equivalent to the second stage of the Dao Zong realm. At the moment, he could absorb power from both the Law Gate and the Law Soul at the same time.

"These are beast cores. Delicious. In ten days, you will be competing. When that happens, don't embarrass me." The middle aged man who bought Chen Xiang walked in. He was from a Primitive Emperor Race and was very strong.

Now Chen Xiang finally understood that the reason these Primitive Emperor Race bought him was to compete and fight, and was similar to a beast.

Chen Xiang took the beast core silently. This beast core was not an ordinary beast core, it contained a burning hot and powerful energy, after he ate it, he felt his entire body burning hot, the power contained in the beast core suddenly erupted.

"What a terrifying Primitive Tao Power, just what beast core is this?" Chen Xiang anxiously went forward to refine it, he guided the energy to quickly flow through his entire body and wash over his body.

Seeing Chen Xiang had entered a state of cultivation, the middle-aged man nodded his head in satisfaction and left the underground chamber.

"My current strength is still too weak. Even if I were to refine this beast core, it would still be far inferior to that middle-aged man!" "It seems I'll have to endure for a while longer. I'll soon reach the Dao Sovereign Realm, and then I'll turn this place upside down!" The resentment and hatred in Chen Xiang's heart had not receded.

Ten days later, under the effect of the beast core, his physical body had improved by a lot. After the Primitive Tao Power gushed out of the five primordial profound gates, he did not feel the slightest of pain!

#### [Chapter 2635](#)

In the dark stone room, the door suddenly opened, and a middle-aged man dressed in luxurious gold walked in. This was the middle-aged man who bought Chen Xiang previously.

The moment he entered, he looked at Chen Xiang, and also felt that Chen Xiang's blood energy was much stronger than before. He nodded his head in satisfaction.

"You have to win today, or else I'll torture you for a month." After the middle-aged man finished speaking, he began to shrink the cage.

Chen Xiang's surroundings were shrouded in darkness. He closed his eyes, relaxed himself, and at the same time, tried to sense the soul of the Law.

"I wonder if I can extract the power of space from the law soul and let me escape from this cage?" Chen Xiang did not dare to try, because he was not completely confident.

Otherwise, if he failed, or if he didn't run far enough and was caught, the consequences would be very serious.

"This guy should be sending me to fight right? This is a test of my progress." Chen Xiang planned to endure for a while longer. Once he could come out, he would have to take care of this middle-aged man first.

Then, he would go find that Lin Ting. Back then, it was Lin Ting herself who had made the decision to sell him off.

Chen Xiang, who was in the darkness, was suddenly exposed to the strong light. At this time, he arrived at a very large plaza, through the cage, he could see the several hundred metres wide plaza.

The plaza was circular, and there were seats at the highest points. There were a lot of people on top, and most of them were wearing armor. It was obvious that they were all from the primitive spirit race.

In the plaza, there were a total of ten cages. Some were holding humans, while others were holding beasts.

Chen Xiang observed for a bit and discovered that in one corner of the audience seating, there were hundreds of people wearing luxurious clothes. All of them had the same temperament as the middle-aged man who bought him, and they were all from Primitive Emperor Race.

At this moment, the audience was cheering loudly ...

"How strong is this alien?" Was it too weak? To be able to defeat a savage beast with his bare hands? "

"That's right, they look really small and small. Who knows, they might not even be able to beat the Transcendents."

"A descendant of an Imperial clan shouldn't be stupid. This alien definitely has a certain level of strength."

Everyone began to discuss Chen Xiang!

Chen Xiang also saw that out of the ten cages, he was the only alien Outsider. The other six cages were filled with roaring beasts.

"You want me to fight against a savage beast?" Chen Xiang was more concerned about the Di Clan's area. When he was in the cage, he could feel waves of powerful aura coming from there.

"Those fellows from the Imperial Bloodline Clan are truly powerful. Even someone like them, who came to join in on the fun, is so powerful!" Chen Xiang exclaimed in his heart. He felt that only by stepping into the Dao Sovereign Realm would he be able to defeat Primitive Emperor Race.

Suddenly, two cages were opened!

They were the black tiger and the cage of the ancient Transcendents!

After opening it, the black tiger began to fight fiercely with the mortal. Not long after, the fight became very intense. The mortal was not allowed to eat a large chunk of flesh, and the bones could be seen from his thighs.

Chen Xiang frowned. It was obvious that the Black Giant Tiger was the strongest one among them. It had killed the Transcendent Mortal at one go and its corpse was also eaten by the Black Giant Tiger!

Everyone began to hiss because it was too weak and not something to watch.

Next, he released the remaining two Transcendents to deal with the black tiger!

These two Transcendents were relatively strong, and after trembling with the black tiger for less than an hour, they finally managed to kill the black tiger. However, they also suffered heavy injuries and were carried away in their cages.

"As everyone knows, these Black mysterious tiger's strength are terrifying, just like us Spirit Race soldiers! Right now, there are still five Black mysterious tiger s, this alien will bet with Five Tigers! "

Hearing the voice of the host, the 100,000 plus people who were watching were all shocked as they let out cries of disbelief!

Chen Xiang immediately guessed that there must be someone willing to use him to make a bet!

As expected, the host announced the bet. Many people betted that he would not be able to win five Black mysterious tiger, and even many rich people of the Imperial Family bet that he would lose!

Chen Xiang's pressure was not small, if he lost, even if he did not die, he would definitely be tortured to death by the middle-aged man who bought him, he guessed that the middle-aged man might be the one who started the business.

Of course, if he won, that person would be able to earn a lot! Although he did not want to make a huge profit for that person, in order to preserve his life, he had to win.

In the royalty area of the spectator stands, a man wearing blue clothes said, "Where does Ling Yuanguan get his confidence from? Did he just buy a very strong alien this time? But the Wan Yuxiong we just captured is still in our clan! "

"I heard that this brat was captured together with Wan Yuxiong, but he's rather weak. I wonder what Ling Yuanguan sees in him? "To actually place so much pressure on him, if we lose, this guy will go bankrupt."

"In short, I don't think that this guy will win. Even our Imperial clan's young warriors do not dare to guarantee victory in front of five mature Black mysterious tiger."

"Never mind, I will lose if I buy this guy."

was also the middle-aged man who bought Chen Xiang. It could be seen that he was quite famous in the Imperial Family.

Chen Xiang was considering whether or not he should use the Heavenly magic sword s, otherwise it would be difficult for him to defeat the five Divine Tigers. These five Divine Tigers were much stronger than the previous Steel arm ape s.

He secretly tried it and found that it could turn the Heavenly magic sword into liquid and then flood into his fists. It flowed in his blood and covered his bones, causing his fists to turn into extremely stiff steel fists.

"This is the Slaughter God's Hand?" Chen Xiang was secretly happy, this was just him thinking, that the Heavenly magic sword could actually fuse with his body and do the same.

With the help of the Heavenly magic sword, Chen Xiang was a lot more at ease now. As long as he could defeat these five Black mysterious tiger, he would be able to get through a difficult situation!

Only by living on would he have the chance to become stronger, and make those who abused him pay the price.

"The cage is about to open!" Ling Yuanguan reminded Chen Xiang.

Just as he finished speaking, all the cages opened and five Black mysterious tiger rushed towards Chen Xiang!

Chen Xiang only saw five black figures flash over, and then, he smelt a foul stench. He hurriedly jumped out of the cage, and the five Black mysterious tiger threw themselves into the air.

"So dangerous. These guys can't attack from afar and only use brute force. This is still easier to deal with." Chen Xiang had previously observed the fighting methods of these Black mysterious tiger.

He could tell that these Black mysterious tiger had been trained, and had some fighting skills, but now that they had missed, they quickly moved their bodies and pounced towards Chen Xiang!

This time, one of the Black mysterious tiger pounced over, and the moment Chen Xiang dodged, the other Black mysterious tiger pounced over. Its claws suddenly revealed its sharp claws, pressing Chen Xiang to the ground, the jaws bit towards Chen Xiang, while the other Black mysterious tiger also rushed over, ready to tear Chen Xiang apart.

Previously, when everyone saw that Chen Xiang had dodged pretty well, they were still a little worried that he would kill the five Divine Tigers. However, now that they saw Chen Xiang being pushed to the ground, they felt a lot more relieved.

"Go to hell!" Chen Xiang roared angrily in his heart as the Primitive Tao Power condensed in his arms suddenly erupted. He brought his Slaughter God's Hand's five fingers together and fiercely thrust towards a divine tiger's abdomen!

### [Chapter 2636](#)

Chen Xiang's entire arm sank into the stomach of the Black mysterious tiger that was pressing him down, then his other hand stabbed in again. Pulling with great force, he tore the Black mysterious tiger apart alive.

At the same time, his body erupted with a wave of energy that came from the Primitive Tao Power that passed through the fifth layer of the profound door, pushing all of the Black mysterious tiger that was charging at him away!

Seeing this scene, everyone was stunned. The entire arena had become extremely quiet!

A seemingly weak foreign cultivator was actually able to tear a Black mysterious tiger apart alive. Even if it wasn't a foreign cultivator, even a Spirit Race wouldn't be that violent.

Chen Xiang who had ripped apart the Divine Tiger was covered in blood, he looked like a blood-soaked war god!

He held a golden beast core in his hands, which he grabbed from the divine tiger. He put the beast core into his mouth and ate it, then he thrust his palm at the Black mysterious tiger that was pouncing towards him.

When he held his palms together, there was nothing he could not do!

The Black mysterious tiger that was flying over had its head pierced by Chen Xiang's palm and died on the spot. Chen Xiang let out a loud roar and tore apart the Black mysterious tiger, grabbing the beast core inside.

At this time, there were only three Black mysterious tiger left. Every time they wanted to attack together, they would be blasted away by the Qi waves emitted from Chen Xiang's body.

These Black mysterious tiger were still relatively weak in Chen Xiang's eyes, especially when he was using the Slaughter God's Hand.

"The power of the Primitive Tao Power that passes through the fifth layer of the profound door is actually this terrifying, it far surpasses my expectations!" Chen Xiang sighed in his heart. Before this, he only had a rough estimate, but he had never fought in actual combat before.

At this moment, the Primitive Tao Power s of the five profound gates continuously surged, and rushed out of the five profound gates. They became extremely berserk, and this berserk energy, combined with Chen Xiang's, allowed him to easily poke his palm into the Black mysterious tiger's body.

Both of the Black mysterious tiger had been killed by Chen Xiang in just a few moves, which made many of the people who bought it for Chen Xiang to be stupefied, especially those Imperial Clans, they were all pressured. If Chen Xiang won, then Ling Yuanguan would become the biggest winner.

Ling Yuanguan was also very surprised, he knew that Chen Xiang was powerful, because he found out from Lin Ting that Chen Xiang was able to keep up with his speed, then his strength would definitely not be weak.

But now, it far surpassed Lin Ting's estimation of Chen Xiang's strength back then!

Of course, the current Chen Xiang was much stronger than when he was captured. Although he was surprised, Ling Yuanguan had a very happy smile on his face.

Before, it was all the Black mysterious tiger's attacks, but now it was Chen Xiang's turn.

Without waiting for Black mysterious tiger to fly over, he immediately rushed over and ruthlessly smashed his fist onto a divine tiger's head. When his fist landed, there was a loud 'bang' sound as the divine tiger's head was smashed into the ground, with blood and flesh splattering everywhere.

[illegible]

Chen Xiang violently punched a few times consecutively, smashing the entire Black mysterious tiger's head to pieces. Then, he barely avoided a Black mysterious tiger that pounced at him.

When the Black mysterious tiger pounced at Chen Xiang, its claws were still trying to grab him, but Chen Xiang dodged it!

There were two more left!

It was getting easier and easier for Chen Xiang. Now, everyone could see that Chen Xiang was becoming more and more valiant as he fought, and the more he fought, the stronger he became.

Chen Xiang's Primitive Tao Power continued to pour into his fists. That was the White Tiger's Slaughter God's Hand, and that kind of aura was exactly what the Black mysterious tiger was afraid of.

[illegible]

Chen Xiang rushed over, a pair of explosive fists continuously smashing at the Black mysterious tiger, in a few moments, a Black mysterious tiger was smashed out of the meat, and the remaining Black mysterious tiger was already terrified!

The Slaughter God's Hand that Chen Xiang was currently using was just too terrifying, and that kind of White Tiger Qi was extremely powerful against Black mysterious tiger s.

"Humph!" Chen Xiang ran over and threw a punch across the air, releasing a burst of fist force that shattered the leg of the Black mysterious tiger.

The Black mysterious tiger's thigh broke as it roared crazily. Chen Xiang rushed over and unleashed a series of crazy punches!

After finishing the punch, the Black mysterious tiger was already badly mutilated, and Chen Xiang's body was also covered in flesh and blood.

At this time, he was suppressed to the point of incomparable anger. If he had the strength now, then he would exterminate all of those Imperial Clans!

He obtained another beast core, and all of these beast cores were eaten on the spot!

Just when he had killed five Black mysterious tiger, a cage suddenly appeared and enveloped him. Chen Xiang was also extremely tired, he had been frantically venting and using his most powerful strength.

Ling Yuanguan laughed as he walked in, and even gave a beast core of that kind to Chen Xiang. Right now, he had won a lot of treasures, and the excitement in his heart was clear, his laughter made many people angry.

"This alien is quite powerful. However, he's just like that. He's just beating up a savage beast." a man's voice sounded. His voice carried a hint of sourness, and it was obvious that he was jealous that Ling Yuanguan had such a strong helper.

"Beating up a savage beast? Give me three more months and this guy can beat you. " Ling Yuanguan's arrogant voice echoed in the plaza.

"Beat me? I am a warrior of the royal family, why would I be afraid of such a guy? " That man sneered, then floated in front of Ling Yuanguan.

"Zhao Qirun, after three months, how about we fight with this outsider? Do you dare to come? If you lose, I don't need anything from you. Be my follower for ten years. " Ling Yuanguan said: "If you win, I will give you everything I won today. You should know how much I won today, right? This will make me into one of the ten richest people in Primitive Sacred Land."

"Three months is three months!" Zhao Qirun looked at Chen Xiang who was covered in blood: This guy can't even take a single blow, it's just that those Black mysterious tiger are too weak.

Chen Xiang merely glanced at Zhao Qirun coldly. If he really could fight with Zhao Qirun in three months, he had to kill off this imperial clan!

Ling Yuanguan brought Chen Xiang and left, leaving Chen Xiang in the secret room. Furthermore, he washed Chen Xiang clean with some water.

"You have to win three months from now. Although your performance today is not bad, you don't need to be arrogant. "Don't look at me like that." When Ling Yuanguan saw Chen Xiang's cold and murderous gaze, his expression suddenly darkened. He took out a stick and used it to viciously hit Chen Xiang.

"AA  
HHHHHHHHHHHHH!" Just a single strike from the rod caused Chen Xiang to feel extreme pain. He felt as if every inch of his body was being torn apart, ignited, and pierced through.

The pain slowly faded as Chen Xiang collapsed to the ground, gasping for breath. The hatred in his heart grew even stronger!

"Now do you know how powerful I, Ling Yuanguan am! "I have a lot of slave fighters, and they are all beaten up like dogs by me. They never dare to look at me like that." Ling Yuanguan gave a cold laugh, "Eat these three beast cores. These are all inner cores of the Sovereign Barbaric Beast, and one is worth hundreds of millions of beast crystal coins! "Of course, you won tens of billions of demon crystal coins for me today. This is what you deserve."

## Chapter 2637

Chen Xiang laid inside the cage and kept quiet, cursing Ling Yuanguan in his heart. He swore that if he ever had the strength, he would use that rod to ruthlessly hit Ling Yuanguan a hundred times, a thousand times!

When Ling Yuanguan left, he took in a small breath. At this moment, he already had four beast cores of that kind of Sovereign Beast. When he won the previous match, Ling Yuanguan gave him another one.

"Eating this kind of beast core directly would be too wasteful!" Chen Xiang closed his eyes, and in a concealed place within the Divine Sense Sea, a real body was formed.

"I want to refine pills in the Divine Sense Sea, and I want to use the Crash method to do so!" Chen Xiang summoned his Six Realms mirrors, and the Six Realms mirrors could guarantee that if it lost control, its power would not affect the Divine Sense Sea.

There were still some small dragons in his Divine Sense Sea. If his Divine Sense Sea collapsed, it would affect them!

Chu Hongqing and Yang Xiangyin were not aware of what was happening outside, but Chen Xiang had already sealed off the connection between the You Yao Mountain Villa and the outside world, so they could not see it directly.

Chen Xiang did this for the sake of them not being so worried!

Inside Divine Sense Sea, he could teleport at will and catch the materials needed to refine Dao god emperor Yuan Dan. He wanted to refine the beast cores of the four Supreme Barbarian Beasts into a pill.

This would mean advancing into the Taoist Emperor Dan!

He took out the Chuangshi god furnace and immediately began to refine it. In order to quickly obtain power, he had spent a very precious amount of time.

If the Chuangshi god furnace s had the medicinal ingredients and the Supreme Beast Pill, although the power of the Supreme Beast Pill was extremely strong, Chen Xiang could still control it.

Right now he had already stepped into the Dao Zong realm, and his physical body was even stronger than before;

He still had about three months. Previously, when he was refining that pill, it only took him one day. Now, it would definitely be faster!

Taoist Emperor Dan s were very helpful to the strengthening of the body, especially when refining the Venerable Barbarian Beast Pill. At this moment, Chen Xiang could clearly feel it!

"The imperial family in the Primitive Sacred Land are just a bunch of primitive people. They probably don't know how to refine pills, right? To actually treat Alchemist like me like this, I must definitely teach them a lesson. "

After a month, Chen Xiang was already strong enough to refine seven Crash Taoist Emperor Dan s. The current him was concocting pills that were becoming more and more terrifying, and he was refining them inside the Divine Sense Sea.

"Fine, my Law Soul is getting bigger and bigger, but it's still not strong enough. I still have two more months, at that time, my Law Soul will definitely be even stronger, and I'll be able to maintain enough Spatial Force to allow me to undergo the White Tiger Leap!" Just you wait, you arrogant Primitive Emperor Race, this old one will show you what the might of an Emperor is. "

Chen Xiang took a deep breath and continued to refine pills ...

Three months of time was almost up, and it had not even been a few days, but the Ancient Code Soul inside Chen Xiang's Divine Sense Sea had already grown to become as strong as a white sun hanging in the sky.

Even he didn't think that he would become so big. Of course, this was a good thing.

"Primitive Tao Power s that have passed through the tenth layer of the profound door!" Chen Xiang clenched his fists tightly, feeling the berserk energy, as though the entire world was in his hands.

He had already successfully transported the Primitive Tao Power out of the ten layered profound doors, and did not let his body feel any pain. This meant that his current physical body was extremely terrifying as well.

"Is this the Dao god gold body? "Seems like I have successfully cultivated it!" Chen Xiang looked at the golden blood flowing under his skin, and could feel how powerful this blood was.

"The Infinite Dao power is still very strong, and after fusing with my Primitive Tao Power ... That is the Limitless Origin! " Chen Xiang experimented and fused the Primitive Tao Power that had passed through the ten stages of the profound door with the Infinite Dao power that had congealed in his body.

At the moment of the fusion, an even more powerful force exploded out, but the aura caused the entire cage to shake. If it wasn't for the fact that he had retracted that force, the basement would have already collapsed.

"I am already at the tenth stage of the Dao Zong realm, and have also cultivated it. Now it is time to cross Tao Doom!" Chen Xiang closed his eyes, and tried to sense the Robbery power.

As long as he could lure the Robbery power, and pass through the Tao Doom, he would be able to step into the Dao Sovereign Realm, and at that time, his strength would definitely increase even more. As for

how much it would increase, he was unsure, but he knew that was the only way, to have sufficient strength to kill that Primitive Emperor Race Cultivator!

"How do I attract the Robbery power?" Chen Xiang pondered, because he had already tried it but was unable to feel the power of the Tao Doom, so he did not know how to trigger it.

"Attack all of our powers together and see if we can succeed. I remember Sister Bai Ling telling me that the Tao Doom is very strange." Chen Xiang thought.

The Void Holy Man he had met back then was just a child. He was an example of the Tao Doom's failure, but he had not lost much of his power.

### [Chapter 2638](#)

Chen Xiang focused all of his energy into the Divine Sense Sea, causing the Divine Sense Sea to tremble non-stop. As he continued to increase the intensity of his energy, he suddenly felt very sleepy, he endured his sleepiness, and continued to release energy. But slowly, he became more and more sleepy, and the energy he gathered also gradually dissipated.

He was already asleep in the cage, sleeping soundly.

Chen Xiang's body had fallen asleep, but his soul was able to sense that he was currently in a very strange state.

"Where is this place?" Chen Xiang was surrounded by a vast expanse of whiteness. He shouted a few times, and his voice resonated layer by layer.

As his voice echoed, three huge mirrors formed in front of him, the first of which flashed with images.

He carefully looked at the mirror. The scene inside was actually very familiar to him, making him miss it a lot.

The scene in the mirror depicted him and Xue Xianxian playing together when they were young. The two of them were having fun without any worries.

"Xianxian..." Seeing Xue Xianxian's cute look, Chen Xiang could not help but laugh, he wanted to pinch her, but just when he had that thought, he already arrived in front of the mirror.

When he came to the front of the mirror, he suddenly remembered that Xue Xianxian was not the person he was familiar with.

"That was close!" His hand had almost touched the mirror, and he shook his head to clear it of the strong thought that he had almost lost.

Just now, there was a power that affected his mind, causing him to almost walk into the large mirror. He quickly turned around and ran.

After running for a distance, he saw a huge mirror in front of him!

Inside the mirror, there was also an image and a voice. It was the sound of a group of women playing!

Inside the mirror, it was a scene and figure that Chen Xiang was familiar with, it was the Hundreds of Flowers Village. He saw Xue Xianxian, Liu Meng'er, Lv Qilian, Feng Yujie ... These peerless beauties of the Hundreds of Flowers Village were soaking in a pool of hot water, each and every one of them naked.

These girls were all women that Chen Xiang was very familiar with, women who he had interacted with before, and were currently in the Hundreds of Flowers Village.

"Little Lizhi, Yao Shumei, Mu Jialan ... And there was also the mother and daughter pair, Imperial Concubine Lian and Xiao Jin'er ... "This..." Chen Xiang suddenly took a deep breath, and looked especially at Su Meiyao and Hua Xiangyue who were twisting their bodies on the shore, dancing that enchanting dance that could captivate souls.

The lust in the bottom of Chen Xiang's heart suddenly surged, causing him to walk towards the mirror step by step. The alluring images made him sink into it, as if he would be able to share the happiness and bliss with these girls if he went in.

Just as his fingertips were about to touch the mirror, he saw that Xue Xianxian was smiling at him. Although her smile was very beautiful and sweet, it was not Xue Xianxian's real smile.

Chen Xiang shuddered and was jolted out of his stupor!

"This is another trap!" Chen Xiang closed his eyes and took a deep breath, "These women will all be mine sooner or later.

He turned and ran, away from the mirror.

Just like before, he ran for a long distance before being blocked by a huge mirror. This time, he kept his head and stared at the mirror.

The mirror suddenly went black and a gush of black gas surged out from within, transforming into a black pole!

Looking at the rod, Chen Xiang was extremely terrified. Previously, he was struck by Ling Yuanguan's pole and the pain went down to his bones, as though his soul was being torn apart.

Just as he was about to knock the stick away, it suddenly flashed behind him and hit him in the back.

"Ahh ..." Chen Xiang immediately screamed in pain and fell to the ground.

This kind of pain, was exactly the same as when Ling Yuanguan hit him before!

After hitting Chen Xiang down, the pole also hit him a few times, making Chen Xiang scream in pain!

He endured the pain and stood up, but just as he turned around, the rod had disappeared. In front of him were two mirrors, one of them depicting the happy scene when he was playing with Xue Xianxian when he was young.

As for the other, all the girls within the Hundreds of Flowers Village were having fun at the edge of the pond. Those jade bodies were extremely alluring, as long as one looked at the mirror, Chen Xiang's Evil Flame would constantly surge up.

This Tao Doom was testing his willpower. He himself was very clear about this!

After receiving hundreds of blows, Chen Xiang finally arrived in front of the black mirror. When his hand touched the black mirror, he was sucked into the black mirror ...

#### [Chapter 2639](#)

After Chen Xiang was sucked into the black mirror, everything became pitch black.

"What the hell is this? Is there going to be an end to it!? " Chen Xiang cursed in his heart as he looked around, but he could not see anything. Everything was pitch black. The top point says 3w. 23wx

While he was cursing in his heart, the darkness gradually began to fade away. He could see the golden light all around him, which was as warm and comfortable as the morning sun.

This caused his mood to immediately improve. He felt that if he was sitting on the grass, he would definitely be able to have a good night's sleep.

Just as he was thinking this, the ground turned into grass, and he immediately lay down and quickly fell asleep!

"You're awake. You've already slept for many days. Tomorrow you will have to fight on stage." Ling Yuanguan shouted loudly, hitting the cage, producing a "Dang Dang" sound.

Chen Xiang suddenly sat up and immediately saw the stick. This was the stick that hurt him the most, the kind of pain was something that he would never forget.

If it had been before, he would have been terrified of this stick. But now, for some reason, he was not afraid of it at all, even though he remembered being beaten hundreds of times in his dreams.

After Ling Yuanguan woke Chen Xiang up, he snorted and left.

Chen Xiang had not regained his senses yet, but he could still remember the three mirrors.

"Could it be that I've passed through the Tao Doom? Isn't this Tao Doom too strange?" Chen Xiang immediately closed his eyes and went to check on his own Divine Sense Sea. He discovered that his Divine Sense Sea's soul of the Ancient Code had turned golden, and was hanging in the sky like a scorching sun, shining down on his own Divine Sense Sea World.

"Could this be the Dao god soul? It's something that only Dao Sovereigns can do! " Chen Xiang was ecstatic, this meant that he had already stepped into the Dao Sovereign realm.

"When I cultivate the Dao god gold body, in addition to this Dao god soul, that also means that even if I don't pass through the profound door of laws, I can directly release an extremely strong power of law from the Dao god soul!"

Chen Xiang immediately released a Space Domain!

Formless spatial energy immediately spread out in all directions, and he immediately sensed that he was imprisoned under a mountain.

"Done!" Chen Xiang was overjoyed. Then, he used the White Tiger to jump, smoothly jumping out of the cage, and then jumping back.

He still had to fight with Zhao Qirun tomorrow, and he planned to kill Zhao Qirun then escape. Then, he would come back to find Ling Yuanguan and kill him!

In the end, he turned Primitive Sacred Land upside down.

"Now that I've stepped into the Dao Sovereign Realm, I'm much more powerful. Ordinary Dao Sovereigns definitely aren't a match for me!" "Sister Bai Ling is probably not as strong as me now ..."  
Chen Xiang could not help but recall the scene in the mirror when all the girls were bathing together.

Chen Xiang was in a great mood. He closed his eyes and opened a small spatial tunnel, then used the Vermillion Bird's Dao mark and let the Vermillion Bird fly out. At the same time, he opened the Divine Eye on the Vermillion Bird's Dao mark.

The insect-like Vermillion Bird flew extremely fast, giving Chen Xiang a rough understanding of the entire Primitive Sacred Land. At this moment, he was looking for Wan Yuxiong.

"I wonder how Senior Wan is doing now?" He should be imprisoned in the territory of the Imperial Bloodline Clan! "The Vermillion Bird that Chen Xiang controlled could fly without being restricted by the pressure.

It had to be known that it was impossible to fly here. If one flew up, they would be suppressed by a wave of energy, and Chen Xiang also noticed that there were no flying beasts here.

But now, his little Vermillion Bird could!

"Primitive Emperor Race is also quite far behind, the formations are simple too. When Xianxian is bored, anything he does would be better than them." Chen Xiang easily broke through a formation and entered the area of the Primitive Emperor Race.

In this area, he quickly found out where Wan Yuxiong was and immediately flew towards the underground room that held him.

Wan Yuxiong was the same as Chen Xiang, in that kind of cage.

"Senior Wan!" Chen Xiang used the Little Vermillion Bird to send a sound transmission to Wan Yuxiong.

When Wan Yuxiong heard Chen Xiang's voice, he was startled, but following the flow of the divine intent, he gave Chen Xiang a reply.

"Little brother, where are you now? How did you communicate with me? How are you now? I heard you were sold to be a slave, and I was worried about you! If anything happens to you, I will be very sad. "

"You can send me a sound transmission now ..." Are you dead? Is this your soul? "

Wan Yuxiong suddenly said many things.

"Of course not, I'm fine now! I'll come and save you in a while! Right, Senior, why did they want to capture you? This is definitely not as simple as you entering the forbidden area. " Chen Xiang asked, he was confused about this.

"The main reason is because I got an item in their forbidden area that is extremely important to them. That's why they came to capture me." Wan Yuxiong said.

"What is it?" Chen Xiang asked anxiously.

"I don't know either. I only know that they call that thing the Emperor seal s, but that thing is just a rock." Wan Yuxiong said. He looked around and finally saw a Vermillion Bird that was the size of a mosquito.

"Chen Xiang, did you get this? It seems to be a Vermillion Bird! " Wan Yuxiong said in surprise, "The Vermillion Bird is also a divine bird in the Divine Wasteland. This kind of bird is used to protect divine beasts in many worlds."

"It's the Vermillion Bird ..." Right, Senior, did you give that Emperor seal to them? " Chen Xiang asked, he was extremely curious about that thing.

"No, I won't give them even if I die..." Wan Yuxiong sighed: "Of course, this is my previous plan, but now, I plan to give the Emperor seal to them and let them let you guys go."

"Don't give it. If you delay it any longer, I will definitely come and save you." Chen Xiang said: "Can you give me the Emperor seal when the time comes?"

"If you can save me, I'll definitely give it to you." Wan Yuxiong said.

"Alright, let's leave it here. I want to stop cultivating!" After Chen Xiang finished speaking, he summoned the little Vermillion Bird back.

"Emperor seal, what exactly is this thing? It must be very important to Primitive Emperor Race! " Chen Xiang was extremely curious, he wanted to save Wan Yuxiong immediately, but now was not the time.

There were many Rankers guarding the place where Wan Yuxiong was imprisoned. If he went over now, he might be discovered. He had to create an opportunity to lure those Rankers away.

"Even if I have to kill a few strong ones, this is how I, Chen Xiang, do things." Chen Xiang thought in his heart, and then looked at the "Sky Cracking Tree" that was planted in the You Yao Mountain Villa.

"I'll make some of these while I still have time!" Chen Xiang sent Yang Xiangyin and Chu Hongqing to pick some.

## [Chapter 2640](#)

Refining the God-eclipse powder required it's leaves, roots, juice, and many other things. Under the use of Chen Xiang's Creation God's Spring, the Heaven Eclipsing Tree had already become very robust, turning into a sky-high tree. % Top% Point% Fiction [www.xstxt.org](http://www.xstxt.org)

"Even if the age is not enough, if I use the Crash Technique to refine it, it will definitely be enough." Chen Xiang made Chu Hongqing and the others do a lot of things, then he refined them inside the Divine Sense Sea.

The poison Du Xiaoling gave him was all used up by him, otherwise he would have been able to use it against the barbarians!

Of course, if the quality of God-eclipse powder was good enough, it would be better than using poison.

The process of God-eclipse powder refining could be considered as very simple. When Chen Xiang was refining, he was able to proceed with the refinement of the ten Crash, and at the very end, he would directly grind it into a fine powder.

"It's only a small box, I wonder how powerful it is!" Chen Xiang looked at the crystal clear powder inside the box and really wanted to try it out.

The sky had already lit up, so Ling Yuanguan also came to the stone room and brought Chen Xiang out.

Just like last time, Chen Xiang came to the plaza once again, but this time, he was the only person in the plaza.

"Zhao Qirun is not allowed to use weapons in this competition, you need to be clear about this." Ling Yuanguan said: "After all, you are the son of the best family to forge a weapon here, if you use a weapon, no one can beat you."

"No problem, defeating this alien with bare hands is too easy!" However, don't blame me for killing your outsider. " Zhao Qirun laughed sarcastically: "After all, you asked for it, and when I am fighting, I might not be able to control myself."

When Zhao Qirun was discussing the rules with Ling Yuanguan, a commotion suddenly occurred in the plaza. Hearing the crowd's discussion, Zhao Qirun and Ling Yuanguan were surprised, they anxiously looked at the area where the Emperor Seat was located, only to see two people, causing all of the Di Clan members to stand up, and everyone present also stood up.

From this, one could see just how high this person's status was!

"Primitive Supreme Lord!" Ling Yuanguan said in a low voice: "Zhao Qirun, did you call him here?"

Zhao Qirun was also very surprised, and said in a low voice: "Of course not, I am also very surprised, and I thought you were the one who called them over!"

Chen Xiang also saw that Primitive Supreme Lord was a very young handsome man wearing luxurious golden clothes, and beside him was a very noble and elegant woman wearing a red skirt, her face had a cold and arrogant expression.

From the surprised looks of the crowd, Chen Xiang knew that the red dressed woman was the Primitive Supreme Lord's fiancée!

The Primitive Supreme Lord was the second Great Emperor of the Primitive Emperor Race and the woman had an extremely good bloodline. The Primitive Supreme Lord had only just risen up and the old Great Emperor had already went to the Divine Wasteland through the Myriad Gods Abyss's tunnel.

Therefore, the current Primitive Supreme Lord was very young.

"Hurry up and stand up." Ling Yuanguan growled angrily at Chen Xiang.

The entire audience was standing, and only Chen Xiang was still sitting inside the cage. He only glanced at Ling Yuanguan indifferently, and didn't move a muscle after that, and continued to sit.

Primitive Supreme Lord and his fiancée sat down, and at this moment, everyone saw that Chen Xiang was still sitting in the cage!

It was just a slave, but he was still sitting there like the Primitive Supreme Lord. This made everyone feel extremely angry, especially the Primordial Spirit Race.

However, a sloppy-looking alien slave actually dared to look down on the Emperor!

Ling Yuanguan slashed his pole forward, and bellowed: "Quickly stand up!"

Chen Xiang said as he swung the stick, causing him to be secretly happy. This was because it wasn't a lot of pain, but he still pretended to be in pain.

"What a bold slave. Even if he wins, he must accept my punishment." When the Primitive Supreme Lord's voice sounded, he was very angry in his heart that Chen Xiang dared to disrespect him.

After all, he was a new Primitive Supreme Lord. It was one thing for those old fellows to be disrespectful to him, but now a mere slave dared to do such a thing, which made him very angry.

"Rong'er, how do you think we should punish this slave?" His voice was calm, but everyone in the plaza could hear him.

"This slave is quite special. It would be a waste to kill him, so why don't we let him pull the carriage for us?" The lady in the elegant and cold red dress said with a cold smile.

This girl was indeed very beautiful, but many people present did not dare look her straight in the eyes, as they were afraid of infuriating Primitive Supreme Lord.

"Of course, only by winning can he be qualified to pull the carriage for us. If he loses ... He will definitely die." Primitive Supreme Lord laughed out loud.

Ling Yuanguan was extremely furious in his heart, he wanted to give Chen Xiang a few blows, but he didn't, because if Chen Xiang lost, he wouldn't be able to get anything. If Chen Xiang won, although he would be taken away by the Primitive Supreme Lord, but Ling Yuanguan would still be his follower for the next ten years.

Chen Xiang still did not stand up, so everyone thought that he would stand up.

"Ling Yuanguan, hurry up and open the cage. We came here today specially to watch the competition." Even though she was very far away from Chen Xiang, she could see Chen Xiang staring directly at his head. Furthermore, there was an extremely strong desire to conquer the world in his eyes, as if he was telling her that he was going to ride her fiercely.

Ling Yuanguan glowered at Chen Xiang, and then opened the cage.

After opening the cage, Chen Xiang slowly stood up and walked out. Right now, he was in a tattered state, but his body had a certain might.

After the cage was opened, Ling Yuanguan anxiously retreated to the side!

"Begin!" After Ling Yuanguan shouted, Zhao Qirun suddenly disappeared. In the blink of an eye, he was behind Chen Xiang and kicked his back fiercely.

Chen Xiang's back was kicked and he was sent flying by the powerful impact, crashing into a wall some distance away.

The plaza was surrounded by a thick, high wall, and on the high wall was the audience seating. Just now, Chen Xiang had flown over from the other side of the plaza and crashed into the wall beneath the Di Clan's seats.

Although Chen Xiang crashed into the wall, he wasn't injured. He only crawled back up and patted off the dust on his body.

When he sensed Zhao Qirun's attack from behind just now, he decided not to dodge and deliberately allowed Zhao Qirun to hit him.

Zhao Qirun was still far away and he was extremely shocked in his heart. This foreign cultivator was actually fine even after he ruthlessly gave him a kick, and was still able to stand up safe and sound, with an indifferent expression.

"He must be pretending to be okay, it must be like this. How can such a weak guy take a kick from me? He must be internally injured! " Zhao Qirun was very sure as he charged towards Chen Xiang.
