

Dan God 2651

[Chapter 2651](#)

"Yes... Is the place of refuge special? So we can't go in there. " Chen Xiang asked, Ji Yuelan had also gone in, he had planned to bring Ji Yuelan away.

The Guardian God looked at the sky and sighed: "After they enter, they will gradually sink into a deep slumber. They will wake up when the destructive power of the Primitive Land is back to normal and at that time, I will modify their memories and make them forget something."

"Lord Guardian God, I promised a friend of mine that I would bring her to my world, and she has already agreed." Chen Xiang said again: "Can you let her follow me out of Primitive Land?"

"Oh, if she really wants to, I won't stop her. What's her name?" the Guardian asked.

"Ji Yuelan."

After Chen Xiang finished speaking, the Guardian God closed its eyes and Ji Yuelan soon appeared by Chen Xiang's side.

"Chen Xiang." Ji Yuelan immediately pulled Chen Xiang's hand. She was extremely worried that she did not see Chen Xiang when she went to the place they had taken refuge.

"Senior, why are you in Primitive Land? Are you from there?" Wan Yuxiong asked.

"No, I am the Primal God, and also the guardian of this place. I am responsible for protecting the most primitive race here." The Primordial Goddess replied, "I will not interfere in other places' matters."

"What about the Primitive Sacred Land? There are a lot of primitive people in there too." Chen Xiang asked.

The majority of them are descendants of people exiled from the Divine Wasteland many years ago, which is something that happened many years ago. Therefore, these people have always been thinking about counterattacking the Divine Wasteland, which has a huge conflict with the Divine Wasteland, and the Divine Wasteland has also periodically taken care of this group of people. It's just that, during this period of time, I don't know what problems have occurred in the Divine Wasteland, but the effort to clean them up has weakened.

When Chen Xiang and Wan Yuxiong heard it, they were very surprised. They never thought that it would be like this, no wonder the Di Clan and Spirit Clan were so different.

"Alright, you guys better take care of yourselves. It's best for you to quickly leave the Primitive Land, because a great disaster will soon befall this place. Even the Primitive Sacred Land might not be able to withstand it." With that, the Guardian God disappeared.

"What a mysterious fellow."

Chen Xiang looked at Wan Yuxiong and the others, and said: "I am now preparing to enter the Primitive Sacred Land's forbidden grounds, preparing to return. Have you guys made your preparations yet?"

Yuan Feng and Yuan Xin both took out a golden chest and laid inside it.

It's ready, we just need to lie here, chance will fall into a deep sleep, you just need to load the box into your Storage magic treasure, if necessary, throw us out. After Yuan Feng finished speaking, he closed the lid on the box.

Wan Yuxiong also had a box like that, they said the people of Natural Law Divine Lord, these things looked very sturdy, as though they were used to protect their lives.

Chen Xiang placed the three chests into a quiet place in You Yao Mountain Villa.

"Yue Lan, you can enter my Divine Sense Sea World. Inside, my little maid will accompany you and there are also some children. You can play together with them. When you can come out, I'll let you out." Chen Xiang said.

Ji Yuelan nodded, and then entered the You Yao Mountain Villa. Chu Hongqing and Yang Xiangyin immediately received her, since there were many small dragons inside, and Ji Yuelan wouldn't feel lonely.

Of course, Chen Xiang had sternly warned Lin Xirong before to tell her not to bully Ji Yuelan.

Seeing Chen Xiang letting a woman in, Lin Xirong was secretly surprised in his heart. Chen Xiang actually could even get hold of this kind of woman from the Primordial Clan.

Xue Ying had already rested well. She wanted to be together with Chen Xiang. Her current strength was not weak.

"Let's go to the forbidden area now." Chen Xiang said, and then, holding onto Xue Ying's jade hand, they teleported into the Primitive Sacred Land.

Under Xue Ying's guidance, he quickly approached the forbidden grounds.

The barrier of the forbidden grounds was getting stronger and stronger. What made Chen Xiang alarmed was that there were many strong auras here, and these auras were what he sensed when he killed Zhao You.

"Those old guys are all here. Why are they here?" Chen Xiang immediately asked Lin Xirong who was inside the You Yao Mountain Villa.

Lin Xirong was chatting with Ji Yuelan, but hearing Chen Xiang's question, his face changed uncontrollably, and he said: "If it's really like this, then there's only one possibility, it's that the Myriad Gods Abyss is preparing to send down the destructive force, it should have arrived long ago, I did not expect that I would be here right now, and have to leave quickly, if not it would be troublesome."

Suddenly, a strong pressure came over. Chen Xiang was startled and immediately teleported Xue Ying to You Yao Mountain Villa.

"Who is it?" With an explosive shout, a powerful golden light shot out.

With a thought, the Six Realms mirrors gushed out of his chest. Facing towards the front of the mirror, the lump of golden light hit the mirror and rebounded back.

Although Chen Xiang was not hit, that ball of power was extremely terrifying. After being hit, his entire body was sent flying, and luckily he could use his spatial energy to teleport.

Right after he teleported, several balls of light shot out and several experts attacked him at the same time.

"That was close." Chen Xiang used the White Tiger to jump and entered the enchantment. At this time, the strong warriors were all outside the enchantment of the forbidden grounds, Chen Xiang guessed that they would not come near.

After Chen Xiang entered the barrier, a few old men suddenly appeared outside, looking inside with a serious expression.

"Just what is the background of this person? He is able to use Spatial Force under the seal of the Primitive Land's Code."

"It should be that guy who killed Zhao You. Otherwise, he wouldn't have been able to escape our range the last time."

"No matter who he is, if he enters the forbidden area now, he will undoubtedly die. We need to quickly reinforce the Spirit Formation, otherwise, if that power is used, we will also die."

After Chen Xiang entered the barrier, he did not immediately release Xue Ying because the environment inside was extremely vile. Waves after waves of powerful and destructive energy continuously flooded over.

This power came from the same direction.

"Could it be that someone came down from Myriad Gods Abyss?" Chen Xiang was currently approaching that direction, and with the protection of the Six Realms mirrors, that energy was unable to do anything to him, but in order to defend against the terrifying energy, the Six Realms mirrors had absorbed a large amount of Primitive Tao Power from his body.

An hour later, he finally saw the passage to Myriad Gods Abyss. It was a gigantic black vortex in the sky, flickering with grey light.

The huge whirlpool was like an evil beast opening its mouth, wanting to swallow everything on the ground. Chen Xiang could not help but exclaim in surprise, Xue Ying had come down from the inside, so it could be seen how much pain she had to endure.

Chen Xiang tried to move his spatial energy.

"Could it be that because the environment is too harsh, only Xue Ying can fly up?" Chen Xiang could not bear to see Xue Ying flying up through the air under that attack.

[Chapter 2652](#)

Xue Ying kept requesting to come out because she knew that Chen Xiang was already in Myriad Gods Abyss.

Chen Xiang had no choice but to release Xue Ying.

He saw that Xue Ying's entire body was emitting a golden light, as he was about to turn into a huge phoenix.

"Wait!" Chen Xiang immediately shouted.

"We have to hurry. We can't drag it out any longer." Xue Ying also knew that he had to leave the Primitive Land quickly or else he would be affected by the energy.

"Xue Ying, can you release a pair of wings and fly up while in human form?" Chen Xiang asked.

Xue Ying frowned, then said: "I'll try!"

She did not turn into a phoenix, but instead released a pair of gigantic and beautiful phoenix wings from her back. She flapped her wings, and was able to withstand the immense pressure as she flew up.

Chen Xiang took out the Six Realms mirrors and said, "Sit on this piece of stone and fly up, then fly up."

Xue Ying and Chen Xiang sat on the Six Realms mirrors, while the Six Realms mirrors released a protective shield around them.

"I wonder if we can fly smoothly." Xue Ying was also unsure, but after she flapped her wings, she could slowly fly.

In order to increase her speed, she had allowed her wings to grow bigger. Right now, she was only using them outside the Six Realms mirrors's protective shield.

Her body was the one that was directly harmed the most, and right now her body was being protected by the Six Realms mirrors, she was completely fine.

Just like this, Xue Ying fluttered his enormous phoenix wings, and flew into the enormous black vortex with Chen Xiang.

The purple colored lightning and tyrannical flame energy swirled around the vortex, but it had no effect on Xue Ying.

This caused Chen Xiang to be extremely shocked. Xue Ying's defensive power was strong, and even he did not dare to face such an injury. Her wings were continuously attacked, but it did not affect her flying speed at all.

"If we go up directly, will we be able to reach the Divine Wasteland?" Chen Xiang asked.

"Yes, but my current strength is not enough. When we're halfway there, we will rush out and return to the Natural Law World." Xue Ying smiled sweetly at Chen Xiang. "I thought that I would have to go through a lot of trouble when I went back, but I didn't expect it to be so easy.

"Of course!" Seeing Xue Ying's sweet smile, Chen Xiang could not help but kiss her beautiful lips.

Halfway through the flight, Xue Ying's expression became serious: "Prepare to rush out from here!"

After she said that, she flew to the lightning wall at the side of the whirlpool. After she rushed over, Chen Xiang felt that they were falling.

"What is this place?" Heavenly Evil World? " Chen Xiang was shocked, he immediately absorbed a bit of the Qi, and as expected, he extracted a bit of Evil Spirit Force from it, and they entered the Heavenly Evil World.

And when they came in, they made a lot of noise. Such strong spatial fluctuations must have alarmed the evil spirits inside.

"Xue Ying, are you alright?" Chen Xiang saw Xue Ying's pale face and asked anxiously.

"I'm fine. I was injured when I came in, so I'll be able to recover soon." Xue Ying shook his head, and revealed a smile: "It's good that I can bring you back."

Chen Xiang felt a few waves of evil aura approaching and he immediately threw out the three golden boxes.

"Hurry up and come out. There's a fight going on." Chen Xiang shouted.

Yuan Feng and Yuan Xin were not weak, and with Wan Yuxiong, who came from the Divine Wasteland, it would be easy for them to deal with the strong Evil Demons here.

"Kid, go back to the Natural Law World first. We'll play here first." Yuan Feng shouted. With Wan Yuxiong as his new little buddy, he was completely confident, and wished that he could drag the Evil God Mountain out with him.

Xue Ying was severely injured, and Chen Xiang was in a hurry to bring her out of Heavenly Evil World. He rode on the Six Realms mirrors and used the power of space to quickly teleport away.

After the Heavenly Evil World and the Natural Law Divine Realm merged together, the space became even more sturdy and the entire world became even more vast. Chen Xiang had teleported for less than half a day and yet, he still hadn't teleported to the Hundreds of Flowers Village. Chen Xiang could not help but scold, but he had already reached a place without Evil Spirit, where the scenery was beautiful.

"Great Landlord said that Natural Law World is constantly expanding, and every day it is growing bigger. Furthermore, I have now swallowed all of Sacred Wasteland, that's why it is so big." Xue Ying's face regained some color, allowing him to feel more at ease.

"Chen Xiang, there is a fire attribute mountain nearby. Quickly, bring me there." Xue Ying pointed in a direction.

"Alright!" Chen Xiang rode on his Six Realms mirrors and quickly reached the mountain.

The trees on this mountain were all red leaves, brimming with a fire attribute aura.

"This mountain must have obtained a lucky chance. That's why I was able to cultivate the Fire Laws. The rocks on this mountain contain a rich amount of fire dao energy. If I were to dig a cave here, I would be able to heal my wounds a bit faster." Xue Ying was a phoenix that could be reborn from the fire.

Chen Xiang immediately dug a cave and carved a stone room inside.

Xue Ying sat inside, and then closed her eyes. In just a moment, she was enveloped by a large blaze that burned her.

Chen Xiang watched from the side. Xue Ying was currently very hot, but he did not sense any heat at all.

"Heavenly beast are indeed different. These talents are all natural." Chen Xiang sighed to himself. Xue Ying was not only recovering from his injuries, he was also cultivating.

After half a day, the flames on Xue Ying's body gradually disappeared, and at this moment, her body was completely white, her body was shining with a sacred light, her clothes had already been burnt to ashes, revealing her beautiful jade-like body, causing Chen Xiang to secretly take a deep breath ...

"Little Scoundrel, what are you looking at!" Xue Ying blushed and pouted. With a flick of her finger, she shot a ball of flame at Chen Xiang.

Chen Xiang's entire body was set on fire, all his clothes were burnt!

"You're really smart to take off my clothes like this!" Chen Xiang laughed.

"Where did I get that... I just wanted to..." She was indeed only trying to tease Chen Xiang with her flames. She did not expect Chen Xiang to not dodge but instead let her clothes be burnt by the flames.

While Xue Ying was speaking, Chen Xiang had already teleported in front of her, hugged her, and kissed her.

The bashful Xue Ying released a ball of flame, wrapping Chen Xiang and her inside it. Then, the two of them started to become intimate.

After he was done, although Xue Ying's face was red from embarrassment, she was elated from the bottom of her heart.

"Chen Xiang, aren't you letting Yue Lan and Sha Rong go outside? They have never seen this world before." Xue Ying said.

[Chapter 2653](#)

Right now, Chen Xiang did not know if this place was safe, so he did not dare let Ji Yuelan out.

"Let's talk about it after we return to the Heavenly Dragon City!" Chen Xiang replied: "I don't know what's going on either."

Xue Ying put on his clothes and nodded: "I really want to go back quickly. Right now, I am the stronger one among the Hundreds of Flowers Village!"

"Heh heh, this Little Naughty Dragon must be in a bad mood!" Chen Xiang laughed.

"Yes, that's why she has been in seclusion all these years. It's very rare!" Xue Ying laughed.

It was rare that she would go into seclusion to cultivate. It could be seen how much she didn't want to fall behind Xue Ying.

... ..

After teleporting for less than half a day, Chen Xiang finally returned to the Heavenly Dragon City. The changes in the Heavenly Dragon City were huge, and there were a large circle of city walls on the outside.

The Hundreds of Flowers Village was located in an area in the outer circle, and the defenses there were very strong as well. Chen Xiang could feel the terrifying barrier just by standing in the air.

"Xue Yi, bring Yue Lan and Ji Rong to the Hundreds of Flowers Village first. I'll go look for Senior Jiu Xiao first." Chen Xiang said. He still had many small dragons in the You Yao Mountain Villa that he had to give to the dragon race to raise.

"Alright!" Xue Ying nodded.

Ji Yuelan and Lin Xirong came from the You Yao Mountain Villa, and entered this new world. They looked around curiously, especially when they saw the towering city walls.

When they were in the You Yao Mountain Villa, Yang Xiangyin and Chu Hongqing had told them many things about this place. This could also allow them to quickly integrate into the world.

"Yue Lan, you will be safe in Hundreds of Flowers Village. Don't worry." Chen Xiang smiled at Ji Yuelan and caressed her dark face.

"En, I heard from Xiang Yin and the rest, you don't have to worry about me!" I still need to learn a lot of things to go to Hundreds of Flowers Village. I look forward to it. " Ji Yuelan smiled lightly.

Lin Xirong also couldn't wait. She really wanted to fly ...

Xue Ying brought the two of them and flew to the Hundreds of Flowers Village, while Chen Xiang headed to the inner region, the core region of the Heavenly Dragon City.

Long Jiuxiao was very happy when he found out that Chen Xiang had returned. He was laughing non-stop in the grand hall of the Nine Clouds Dragon Manor.

"Senior Jiu Xiao, I've brought these brats back from Heavenly Evil World's side." Chen Xiang asked Long Run and the other small dragons to come out.

Long Jiuxiao was able to tell that these were all small dragons with a single glance, and he was pleasantly surprised by Long Run's ability to see through Long Run's potential.

"No problem, I will arrange them right now. I will train them well in the future." Long Jiuxiao rubbed the children's heads, then called for an old man to bring the little dragons away.

"It seems like the situation here wasn't as bad as I thought when I left." On the way here, Chen Xiang saw that this city was extremely prosperous.

"That's only because we have enough power. Evil God Mountain and the rest of the Heaven Wasteland Aristocratic Family wouldn't dare to come, go take a look at the other cities ... Many are ruined. " Long Jiuxiao sighed: "Of course, that was because the two worlds were suddenly opened dozens of years ago, and the demons that came over at that time had clashed with us, and we had to expend a lot of energy to suppress them."

The three great native banks were well-prepared, and had joined forces with Long Jiuxiao and the forces in the Spirit Wasteland, which was why they were able to suppress the evil forces of the Heavenly Evil World.

"Although the current situation is stable, there will occasionally be some small conflicts. For example, if the evil spirits suddenly lose control, they will go around killing and plundering ... "So many people don't dare to leave the city right now, because if they meet a demon in the wilderness, they will most likely be attacked."

Chen Xiang said: "Senior, how is your cooperation with Great Landlord going? Is he okay? I want to see him later. "

"Not bad, this guy is very strong. He has suppressed the group of Evil Gods several times." Long Jiuxiao laughed: "He's also worried about you, there were a few times where he really wanted to look for you himself, but in the end, he was stopped by that Little Poison Woman."

Du Xiaoling was also inside the Hundreds of Flowers Village at the moment, and it was a very important higher ups there. Xue Ying had told her about this, and that she would come down, it was also Du Xiaoling's suggestion.

After that, Long Jiuxiao chatted with Chen Xiang for a while and told him that the Heavenly Dragon City had improved a lot over the past few years. There were many people whose strength was improving especially quickly, and this was mainly thanks to the Hundreds of Flowers Village.

On the other hand, Chen Xiang knew that these girls had comprehended a method from the Heavenly Alchemy, called Heart Connecting Refinement, which could let multiple girls combine into one, and then work together to refine a set of extremely difficult pills!

Chen Xiang had heard Xue Ying say before that these women could use [Heart's Connecting Refinement], being able to get seven or eight Crash s, was already considered strong.

Just as Chen Xiang and Long Jiuxiao were chatting, Huang Jintian suddenly walked in.

"Heh, brat, you've returned. You look like you're blushing, and with a glance, you can tell that you've been through a lot of things." Huang Jintian laughed. He was truly worthy of his clever plans, and he was right.

"Old Yellow, is something the matter?" Long Jiuxiao asked.

"Yes, yes, there is. Heavenly Evil World and the others are here again. They are having a good time outside the city. Xiao Dao and the others' hands are itchy too. They have already started working with them." Huang Jintian said: "Little demon, and those wild girls of yours, I think they are going to attack too."

"What's going on? Heavenly Evil World's forces frequently come to attack the city? " Chen Xiang asked.

"That's not it either. They're just making trouble for nothing. All they say is that they want to negotiate with us, but we don't believe their nonsense!" Huang Jintian said.

"Let's go out and take a look!" Long Jiuxiao said.

Chen Xiang and Long Jiuxiao arrived at the top of the city gates of the outer city and saw that there were a lot of people gathered on the empty field in front of the city gates.

"That brat Huo Lin is also here!" Chen Xiang laughed. Huo Lin's personality was definitely very compatible with Yun Xiaodao and the others.

Yun Xiaodao suddenly shouted: "Old Zhu, the opportunity just now was enough to cripple his cultivation. It's such a waste, what a pity!"

"Although they are evil, I am a righteous person and have never used such underhanded methods!" Zhu Rong said righteously as he hit her.

"What nonsense are you saying!?" It's fine if you are pretending in front of these little girls, but what are you pretending in front of these evil spirits? " Yun Xiaodao laughed.

After all, he was an old friend of Chen Xiang's. Furthermore, he had always been very hardworking, and had received a lot of pills. At this moment, Chen Xiang could not tell what cultivation level he had, but from the strength he was at the tenth level of the Dao Sect.

[Chapter 2654](#)

The one fighting Zhu Rong was a middle-aged man, and he couldn't gain the upper hand for Zhu Rong.

Suddenly, due to a moment of carelessness, the injured left shoulder of the middle-aged man reacted slightly slower, and was grabbed by Zhu Rong and ripped off.

"I've lost!" the middle-aged man shouted before hastily retreating from the battlefield, returning to the group of people behind him.

"Do you have any Dao Sovereign Realm experts on your side? Come here and have a fight with your older sisters!" The one who spoke was Mu Qianxiang, she was actually in the Dao Sovereign realm, which surprised Chen Xiang.

"Qianxiang, I'm also a Dao Sovereign, it's my turn now, you were the one who fought last time." Yun Xiaodao suddenly shouted.

"You lost last time, so you have to make a move every two rounds. Didn't we already say that?" Mu Qianxiang laughed.

"Xiao Dao, if your hands are itchy, then you can just fight with me. I can guarantee that you'll have a good fight." Leng Youlan laughed and was about to make his move.

Yun Xiaodao anxiously hid behind Gu Dongchen and said: "Forget it, I will just fight with the little baldy instead. I will not fight with you!"

Xiao Chou laughed: "Xiao Dao, you are even afraid of my master's sister, how are you going to compete with my master in the future? Didn't you say that you would beat him? "

"Who can win against the abnormal Elder Brother Shen? I was just saying that. " Yun Xiaodao curled his lips.

Mu Qianxiang held onto a slender sword, slowly floating to the battlefield, waiting for the opponent to come out and fight.

Chen Xiang had already arrived at the top of the city walls, but he was concealing his presence, so Yun Xiaodao and the others did not know of his arrival.

Chen Xiang took a look, and saw that it was actually Jiu Hanrou and Long Huishan leading the team, as well as Little Lizhi, Xiao Baifeng ... Xue Ying, who had just returned, brought Lin Xirong and Ji Yuelan to watch the show. In addition, there were Feng Wu, Wang Jinshi, Bai Ziqian, Lv Qilian, Xiao Yulan and the Imperial Concubine Lian.

These were all members of the Hundreds of Flowers Village's War God Squads. They were all dressed in battle attire.

"The Heaven Wasteland Aristocratic Family is here!" Long Jiuxiao suddenly said: "Seems like we have to play big this time, we just need to watch."

"I just came back and it's already so lively? Could it be that Heaven Wasteland Aristocratic Family knows that I'm back?" Chen Xiang said. Yuan Feng and the other two should still be inside Heavenly Evil World fighting.

"Heaven Wasteland Aristocratic Family is very concerned about you, and it seems like it's because of your Heavenly Alchemy, you should not show yourself for the time being!" After Long Jiuxiao finished speaking, he immediately teleported over. Heaven Wasteland Aristocratic Family was Long Jiuxiao's old enemy, he had to personally step in.

Gu Dongchen, Wu Kaiming, Jiu Canghai, Devil-killing Heavenly God and the other Rankers from the Heavenly Dragon City also came out. It seemed that they had experienced this kind of thing before.

"Master, where is Uncle-Master?" Chen Xiang looked around.

"This guy is in closed door training. Hehe, it's all because he lost to me last time." Huang Jintian laughed: "Your Little Naughty Dragon is also a bird. He has been in closed door cultivation for many years, it is truly rare!"

"The old dragons of the dragon clan have come out!" It was Yue'er, she could sense Chen Xiang, and at this moment, she was already in Chen Xiang's embrace.

Chen Xiang pinched her two times, then laughed: "Yue'er, did you miss me!"

"I missed you so much, Little Scoundrel!" Yue'er giggled. "You've been missing for dozens of years, aren't you bored that you lost me?"

In the past, when Chen Xiang had gone into closed door cultivation, Yue'er had always been by his side.

"Of course!" Chen Xiang laughed.

Yue'er laid on top of Chen Xiang's head, looked down at the group of people, and used her little claws to point at the two of them as she said: "That's my father, that's my grandfather ..."

They were all experts from the Star Moon Divine Race, so Chen Xiang rarely saw them. Although there was still some distance between them, the white haired old man had a very dense amount of star power.

Littlemoon's father was not weak either, and the energy of the stars in his body carried a very arrogant aura!

"How is it? They are all very powerful, right?" Yue Er said.

"Yeah, it's very powerful, but it feels a bit weaker than mine." Chen Xiang laughed.

Yue'er and Huang Jintian were slightly surprised. Chen Xiang had gone missing for dozens of years, so according to Chen Xiang's speed, his improvement must be extremely fast. However, Yue'er and Huang Jintian could not feel any strong aura undulations from his body.

Although Chen Xiang had only just entered the Dao Sovereign Realm, his physical body was extremely strong, capable of obtaining the divine golden blood of the Dao, and capable of opening all ten levels of profound entrances. There were still eight Primordial Profound Gates, which could release Primitive Tao Power through all ten of them.

"Just how strong are you?" Yue'er licked Chen Xiang's cheeks. "I can't tell!"

"I just stepped into the Dao Sovereign Realm!" Chen Xiang said: "Alright, I'll simply tell you all about the matter of me being in the Primitive Land ..."

When Chen Xiang told Yue'er and Huang Jintian, they were extremely shocked. It was because Chen Xiang had not stayed long down there, and already had such a cultivation.

The time differences between different worlds were also very different, and they were all very familiar with this.

"Dao Sovereign Realm?" Many women in Hundreds of Flowers Village had already reached that level ... For example, Bing Yan and Jin'er, who rarely fought, were in the Dao Sovereign Stage ... "After all, the Pill Fragrance Garden belongs to our Hundreds of Flowers Village, and pills are our priority." Yue Er said.

Fragrant Pills Garden was where Feng Yujie and the others refined their pills. It was a very important place in the Hundreds of Flowers Village and there were over a hundred outstanding Alchemist that had already been developed.

"That's right. I'm also in the Dao Sovereign Realm. The pills I have right now are simply too terrifying. It's easy to get there. That shouldn't be too difficult. However, I can't guarantee that I'll be able to beat that kitten's father and grandfather." Huang Jintian said.

Xue Ying had actually told Chen Xiang these things before. Because of the multiple refining methods the medicinal power of the medicinal pellets were very strong, they were not like him who sought to open all the profound entrances, thus it was much easier to advance.

The people of Heaven Wasteland Aristocratic Family had also arrived, the disciples of the Heaven Wasteland Aristocratic Family were born with profound entrances and were born with profound entrances, thus they were strong, and the evil cultivators of Heavenly Evil World were also like this, all because of the Natural Law Divine Lord.

"I say, aren't you all annoying? Come here and cause trouble every few days." Long Jiuxiao bellowed, the voice was filled with deterrence, causing the weaker evil cultivators to all retreat.

The Heaven Wasteland Aristocratic Family had already allied with the Heavenly Evil World, and was now on one side.

At this time, Fan Shixin had also rushed over through the Heavenly Dragon City's Transmission array.

A middle-aged man from Heaven Wasteland Aristocratic Family laughed: "Nothing much, I just feel that you all are living a peaceful life. This is not good for you guys, we are only here to add some liveliness to your life, this is our good intentions."

Yue'er replied: "This guy is Heaven Wasteland Aristocratic Family, the strongest Dao Sovereign of the Jin family, his name is Jin En!"

"I did kill two of the Heaven Wasteland Aristocratic Family's Holy Son of Heaven Wasteland. I wonder if they remember?" Chen Xiang laughed.

"Of course!"

Just as Yue'er finished speaking, Jin En continued, "Speaking of which, has Chen Xiang really died? For all these years, there hasn't been any news at all. He killed two of our Holy Son of Heaven Wasteland s, and even poisoned our Divine Wasteland's envoys.

[Chapter 2655](#)

Hearing this, Chen Xiang could not help but laugh: "How did they manage to poison those Divine Wasteland's envoys to death?"

Huang Jintian made a fortune-telling motion with his fingers, and said: "They came to Undead Divine Race to calculate ... "It's those evil Undead Divine Race, I am a good Undead Divine Race."

"Why didn't they count me back yet?" Chen Xiang said.

"Forget about them, I can't even calculate it now. Last time, Imperial Concubine Lian and Xu Youqing, the Cursed Witch, teamed up together to figure out which Primitive Land you were in." Huang Jintian said: "This is truly strange, why can't I calculate it out now?"

Chen Xiang felt that this was probably because he was getting stronger and stronger.

Although Huang Jintian and the others knew that Chen Xiang had stepped into the Dao Sovereign Realm, they were not clear about the terrifying situation inside his body. Only Chen Xiang himself was clear about what was going on.

Long Jiuxiao sneered: "Your Holy Son of Heaven Wasteland s deserve death. If you have the guts, pick a few more. I'll kill them all too.

Jin En laughed: That's right, we did pick out a few Holy Son of Heaven Wasteland s, so we came to find your little brats to practice, I heard that your little brats are itchy too, I think you guys won't refuse, right?

Holy Son of Heaven Wasteland had to choose after a period of time, and he could only choose one at a time. Later on, with Natural Law Divine Lord's help, he was able to choose two, but now he was able to choose a few within a short period of time.

"Are all of them Dao Sovereigns?" If not, I'm not interested. " Mu Qianxiang said.

"Of course he's at the Dao Sovereign Realm. You're Chen Xiang's recognized sister, right? Your power should be pretty good, are you willing to fight?" Jin En laughed sinisterly.

"Of course." Mu Qianxiang was already impatient to take action.

"Qianxiang, pay attention, don't get injured." Long Jiuxiao had only warned them once, and then, they retreated together, as well as setting up a barrier around them.

Xue Ying looked around but she did not see Chen Xiang. She frowned slightly as she thought that Chen Xiang would come.

Leng Youlan already knew that Chen Xiang had returned, and she was also looking around. She even asked Xue Ying about it secretly, and Xue Ying did not know where he was right now.

Mu Qianxiang had already started fighting with the Holy Son of Heaven Wasteland.

"Xiao Xiang is actually using the God Murdering Sword Techniques, it's pretty powerful!" Chen Xiang frowned: "Doesn't this require the inheritance of the God-killing sword to be used?"

"Wang Jinshi used a secret technique to teach it to her, that is not a problem, but come to think of it, Xiao Xiang has mastered it very well." At this moment, she was also dazzled by what she saw.

"Brat, won't you go up? You should be able to beat this kind of guy, right? " Huang Jintian said.

"This guy, I can kill with a finger." Chen Xiang smiled slightly.

"Don't boast! This is the Holy Son of Heaven Wasteland, after all. Yue'er replied, "Furthermore, they have that inheritance of Heavenly Desolate Force. That's the most terrifying thing. Even my father would not dare to underestimate a disciple of the Heavenly Desolate Clan who has stepped into the Dao Sovereign level."

However, in his eyes, it was very weak. He felt that as long as he used the Primitive Tao Power, he could directly kill the Holy Son of Heaven Wasteland with the Devil Subduing Method and the profound Gang Finger.

If Yue'er and Huang Jintian still felt that Chen Xiang was trustworthy after passing through dozens of years, but he was only in Primitive Land a few months, he would need at least the cultivation of a Dao God to instantly kill a Dao Sovereign.

Chen Xiang also mentioned that he had just stepped into the Dao Sovereign Realm.

Although Mu Qianxiang was using the God Murdering Sword Techniques, he could not gain the upper hand. The Heaven Wasteland Aristocratic Family's foundation was still very thick, and with the addition of her strong dao ability, she was able to open the very wide profound door, so she was very strong.

Although Mu Qianxiang's sword technique was sharp, it was very difficult to injure the opponent. There were several chances, but all of them were because of the lack of strength, unable to break through the opponent's defense.

After a fierce battle, Mu Qianxiang finally managed to make her spit blood, while she herself was not much better off. Her face was slightly pale, obviously she was injured from the backlash from her opponent's strength.

Jin En never thought that a female like Mu Qianxiang would actually be so strong that she would be at the same level as their Holy Son of Heaven Wasteland. He immediately told the Holy Son of Heaven Wasteland to come back because he was worried that he would be killed again after the tragedy had occurred.

"I'll do it this time!" Huo Lin suddenly walked out, and rubbed his fists together. He was a Earthly beast, and was born with a big opening.

The other party's Heaven Wasteland Aristocratic Family did not know of Huo Lin's background, and only knew that he was Chen Xiang's good brother.

Heaven Wasteland Aristocratic Family sent out another Holy Son of Heaven Wasteland, this one looked a lot bigger than the previous one, but after a few moves, he was engulfed by Huo Lin's fire fist and burned black, his arms were even destroyed by Huo Lin's berserk fire fist.

"Earthly beast is really strong." Huang Jintian exclaimed, he had almost killed that guy.

The other party's Holy Son of Heaven Wasteland also ran away quickly, or else he would definitely be killed by Huo Lin!

Jin En's face was extremely ugly, the other side was stronger than the last. Although they were on par with Mu Qianxiang previously, they still could not get any benefits from him, and if they continued to fight, one more from their side would definitely die.

There were three more in Holy Son of Heaven Wasteland, but Jin En did not dare to send them out. He was worried that they would die, and he had underestimated the strength of the Heavenly Dragon City.

"It's not good to always be a little kid. How about we old guys fight a few moves too?" Jin En laughed.

A cold faced man dressed in black suddenly walked out from Heavenly Evil World. Sensing the aura on his body, Chen Xiang felt that he was familiar.

Long Shuangru and Long Huishan looked at each other, and Long Shuangru nodded at Long Huishan, signalling for her to make her move. Just as Long Huishan walked out, Long Jiuxiao suddenly stopped him and said: "You are not a match for him, he is in the tenth stage of the Dao Sovereign realm, and he is even in the first stage of the Evil Dragon Emperor. From his bloodline, he should be the brother of the Evil Dragon Emperor."

The black clothed man smiled indifferently: "Long Jiuxiao, could it be that you want to make a move?"

Long Jiuxiao was the manager here, under his management, the Heavenly Dragon City developed very well, if he was injured, it would definitely be an impact to the Heavenly Dragon City.

"I'll do it!" Chen Xiang took Yue'er with him and teleported to Long Jiuxiao's side.

Chen Xiang's sudden appearance shocked everyone. They were happy that Chen Xiang was back, but to have Chen Xiang fight against such a strong Evil Dragon surprised them.

"Chen Xiang!" Jin En's face changed as he shouted.

"Who are you? How do you know me? " Chen Xiang smiled slightly: "Although I do not recognize you, but I do know that you are from the Heaven Wasteland Aristocratic Family, are you tired of living?"

"Evil Dragon Holy King, this is Chen Xiang ... He should have been sent to Heavenly Evil Abyss, but who would have thought he would be able to get here! " Jin En said.

Evil Dragon Holy King summoned a black sword and looked at Chen Xiang: "You really want to fight me? You have the ability to do so? Or are you tired of living? "

Long Huishan walked up, originally wanting to pull Chen Xiang back, because she had just gotten back from danger and wanted to fight with such a powerful fellow. However, after thinking for a bit, she didn't pull Chen Xiang back.

Although she was not clear about Chen Xiang's abilities, she understood Chen Xiang, and never did anything without confidence!

[Chapter 2656](#)

The people of Heaven Wasteland Aristocratic Family were instantly enraged, they wanted to kill Chen Xiang immediately. They still remember very clearly that Chen Xiang had killed their two outstanding Holy Son of Heaven Wasteland s back then.

Evil Dragon Holy King had heard of many of Chen Xiang's stories and were very interested in him. Although Chen Xiang was very famous, he didn't think that Chen Xiang had the power to defeat him.

Although dozens of years had passed, Evil Dragon Holy King had a deep understanding of the Primitive Land below. He had calculated the time just now, and the time Chen Xiang spent below was not even a year yet.

It was impossible to have any improvement in one year, let alone the fact that dozens of years had passed!

"Right, who are you in Evil Dragon Prince?" Chen Xiang suddenly asked, Evil Dragon Prince had already died in his Chuangshi god furnace.

"You ... Could it be that you were the one who killed him? " Evil Dragon Holy King was instantly enraged. When he went to hunt for Sword wing tiger back then, he had never returned.

Hearing Chen Xiang's question, Evil Dragon Holy King's face changed, it was actually Chen Xiang who killed them!

"That's right. I originally thought that he was very strong, but I never expected him to be so weak. Right now, you look just like that guy." Chen Xiang summoned his Heavenly magic sword, although the Evil Dragon Holy King in front of him was of the tenth stage of the Dao Sovereign realm, he was an Evil Dragon, and his body was filled with Evil Demon power.

And Chen Xiang's power in training was precisely used to restrain this power, so he held the upper hand in this aspect.

"Originally, I was very interested in you and didn't want to kill you. Since you killed my nephew, today, I must take your life. Unless you dare to fight with me, I will definitely kill you." Evil Dragon Holy King enunciated every word, filled with rage.

"Then let's not waste time, I want to see how strong you are, boasting shamelessly here!" Chen Xiang held the Heavenly magic sword, and teleported to the battlefield where the barrier was located.

Many people behind Chen Xiang were secretly worried. They knew that Chen Xiang was strong, but the opponent was after all, a Evil Dragon Holy King, and he was the younger brother of the Evil Dragon Emperor. Furthermore, he was favored by the Natural Law Divine Lord, and was very strong.

Although they were worried about Chen Xiang, they were very confident in him!

"Evil Dragon Holy King, if possible, try not to kill him!" Jin En suddenly said: "No matter what, we will capture him today, you should know how important he is."

Evil Dragon Holy King took a deep breath and nodded!

The importance of Chen Xiang lay in the Heavenly Alchemy that he was cultivating. That was a divine art that even the Divine Wasteland s had gone extinct in, and that was what Natural Law Divine Lord wanted right now!

If they could bring Chen Xiang back and interrogate them about the Heavenly Alchemy, they would all get rich rewards. Although the Evil Dragon Holy King was angry, he did not lose his reason.

As long as they could capture Chen Xiang and force him to reveal the Heavenly Alchemy, it would not be too late to kill him in the future!

"So even if I win today, do you guys still want to fight here?" Chen Xiang looked at Jin En. If it was in the past, he would definitely be very wary of a powerhouse like Jin En who was at the ninth or tenth level of the Dao Sovereign Realm.

But now, he wasn't afraid at all!

This was all because he had gained another powerful strength, causing him to be filled with confidence.

His words just now, contained a faint, powerful aura that caused even Jin En to feel somewhat terrified.

After all, it has been a long time since we and the Heavenly Dragon City have had a head-on battle. Today, everyone is here, so it's not a big deal if we have a big fight. Jin En looked at Long Jiuxiao and the others, there were quite a few people, and they were all experts.

What's more was that at the entrance of the Heavenly Dragon City, there were still many Rankers that had yet to come out, so Jin En was not very confident at the moment. He had already secretly sent word to get the Rankers on his side to come and reinforce them.

In terms of aura, their side was inferior, which was very disadvantageous for their side. In order to increase their aura, Jin En boasted.

"Don't think that just because you have more people, I will be afraid of you? We are from the Desolate God Clan, and although you guys are stronger than us humans, compared to us, the noble race of the

Desolate God Clan, you guys are just bullsh * t. " Jin En sneered, then looked towards Evil Dragon Holy King and said: "Brother Xie Long, although we can't kill this brat, but let him suffer a bit, just use all of your tormenting methods on him!"

Chen Xiang stretched his back and said: "Are you done yet? Luo Li, just wait a while. Even if you don't attack us, I will definitely exterminate this prideful Heavenly Desolate God Clan of yours. Let's see who's the one that isn't right! "

As Chen Xiang was speaking, the Evil Dragon Holy King suddenly turned into a black mist, and in the blink of an eye, it had enveloped Chen Xiang.

After the black mist that shrouded Chen Xiang dissipated, there were a few black vines wrapped around his body. It looked like many skinny dragon claws that were entwined together, tightly locking Chen Xiang up. Evil Dragon Holy King's voice suddenly came out, his long sword had already reached Chen Xiang's chest.

Everyone was shocked, they thought that Chen Xiang's chest was going to be pierced, but when Evil Dragon Holy King's sword touched Chen Xiang's chest, the black sword tip was covered by a layer of golden mist.

"You want to stop me with such little tricks?" He is underestimating me too much! " While Chen Xiang was speaking, his body flashed, and all of the black vines wrapped around his body disappeared, the Heavenly magic sword s in his hands had already pierced out.

Although Evil Dragon Holy King was shocked, his reaction was extremely quick. His body turned into black mist, dodging Chen Xiang's sword, and then suddenly appeared beside Chen Xiang, slashing horizontally at Chen Xiang's waist.

"You want to defeat me like this?" Chen Xiang's body shook for a moment, then eight Primitive Tao Powers from the Primordial Profound Gate surged out, and then, passed through the ten layered profound gates, and poured into his body.

B000M!

Chen Xiang's body erupted with a burst of rumbling thunder, the power was exploding in Chen Xiang's body, coming out from the pores of his body, forming a powerful force, which surrounded Chen Xiang's body.

When Evil Dragon Holy King's sword touched the force, it was immediately repelled away and flew out of his hand.

"Evil Dragon Holy King, there are so many evil forces inside your body, and I just so happen to be your nemesis. You still want to catch me alive, you are simply boasting shamelessly." With a teleportation, Chen Xiang arrived behind Evil Dragon Holy King. His Heavenly magic sword had already been absorbed into his body, flowed to his two fists, and transformed into Slaughter God's Hand!

The shock in Evil Dragon Holy King's heart, the burst of energy that Chen Xiang had just released had truly scared him. He did not dare believe that Chen Xiang would actually become so strong under the Primitive Land.

At that moment, Chen Xiang immediately used the strongest sound transmissions he had on Long Jiuxiao, Jiu Hanrou, and the others, telling them to set up an enchantment so that they could defend themselves against the power that would burst out later. Otherwise, the waves that would come later would destroy the outer city of Heavenly Dragon City.

"What are you doing?" Jin En had also detected the movements of Long Jiuxiao and the others, and had actually set up a large barrier to protect the Heavenly Dragon City behind them.

Chen Xiang used all his might to grab onto the Emperor seal and imprint onto the group of people who were being poured with the stinky Dragon Blood.

A crazed dragon's roar suddenly exploded, shaking the earth and causing it to shake violently. The surrounding mountains were not destroyed by the shockwave, but were directly smashed to pieces by the sonic wave!

A dragon roared without end, its entire body shining with golden light. It was solemn and solemn, carrying an incomparable might as it charged downwards!

As the huge dragons pressed down, many people spat out blood from the pressure. Some even fell onto the ground, and as they were torn apart by the pressure, the earth rumbled and split into pieces.

The colossal dragon collided with the ground, and a powerful golden light burst out, like a raging roar of the blazing sun. The heavens collapsed, as if thousands of stars had gathered and crashed into each other.

Miserable screams rang out unceasingly. Although the cries were loud, no one heard them. Furthermore, the screams did not last long before those people were completely gone.

Everyone's faces turned white. Even though they were experts here and even though they had powerful enchantments to protect themselves, they were still intimidated by the boundless might.

It was as if the world was flipped upside down. The area that was originally flat ground was now filled with huge rocks. The mountains that were originally continuous before were now completely razed flat ground. Some places even had deep cracks on them.

The people from Heaven Wasteland Aristocratic Family were all gone, they were all dead!

Chen Xiang slowly descended, his clothes fluttering with the wind, his face carrying a faint smile, at the moment he still had a calm and relaxed appearance, he did not look like he had just killed a group of strong Evil Demons!

"This fellow..." Lin Xirong looked at Chen Xiang, not knowing what to feel. She felt that even she was not a match for Chen Xiang right now.

At this moment, everyone was shocked speechless by Chen Xiang's power. This power had already far surpassed them. In the entire Natural Law World, he was definitely an existence which seemed to be an overlord.

"Everyone can go back now, I'll go talk to Great Landlord!" Chen Xiang said, then disappeared with a teleport.

Long Huishan laughed out loud, "This brat is still the same as before. When he attacks, he's always so shocking.

"Anyway, with him here, we are not afraid of the Evil God Mountain attacking us."

"He should be worried about the Evil God Mountain!"

"..."

Everyone returned to the Heavenly Dragon City. The defenses of the Heavenly Dragon City were still very strong, and in the undulations just now, she was still safe and sound. The people outside the barrier of the Heavenly Dragon City were completely unrecognizable.

Chen Xiang had already arrived at the Sacred Wasteland and found the Great Landlord!

The Sacred Wasteland was originally an independent space, but now, it had already fused with the Natural Law World.

"Great Landlord, long time no see!" Chen Xiang suddenly appeared in Great Landlord's study room. At this time, Great Landlord was also reading an ancient book.

"Chen Xiang!" Great Landlord laughed heartily and stroked his beard, "I knew that you would definitely be able to return. Right, there was quite a commotion just now, what exactly happened? Fan Shixin didn't ask me for help.

"It's nothing, I was just killing a bunch of bastards that come to the Heavenly Dragon City's gate all day long to cause trouble." Chen Xiang smiled slightly.

"This... It's all gone?" Great Landlord was shocked. "It seems your strength has increased quite a bit, I really can't tell what kind of people you've killed?"

"He's a guy who claims to be a Evil Dragon Holy King, and he's also called Jin En. Since they're all dead, it doesn't matter what they call him anymore." Chen Xiang waved his hands, he sat on a chair and started flipping through an ancient book.

Great Landlord took a deep breath, "Good boy, you have annihilated them all! "Fine, since these guys are always here every two or three days, and since Jiu Xiao and the others can't do anything about it, if they really fight, it won't be good for Jiu Xiao and the rest either. This is also because they don't have enough strength."

"But now... You probably don't have to be afraid of them anymore. Later, you and I will go to the Evil God Mountain and level that mountain. "

Chen Xiang laughed, "Why don't we go now!"

A voice suddenly came from outside: "No need to go, Evil God Mountain is already flat, haha ..."

The Yuan Feng who spoke!

Great Landlord was shocked, and after sensing a bit, said. "Isn't this Natural Law Divine Spirit and Earth's Core Divine Spirit? What's wrong with all of you? You actually dare to flatten the Evil God Mountain! "

Of course they didn't have that kind of strength, but Wan Yuxiong did, and Wan Yuxiong was one of the disciples of one of the Natural Law Divine Lord s back then, so he was very strong.

[Chapter 2658](#)

Chen Xiang knew that Yuan Feng and the others had gone to the Evil God Mountain to cause trouble, but he never thought that it would be settled so quickly.

"Don't call me Natural Law Divine Spirit, I'm Yuan Feng now. Old Qian, are you enjoying your life now?" Yuan Feng walked into the study room and laughed.

"I'm Yuan Xin!" Yuan Xin cupped his hands towards Great Landlord.

"Wan Yuxiong!"

Great Landlord looked at Chen Xiang, as if he understood what was going on.

"Alright, how did you manage to escape the restraints of that kind of power?" The Great Landlord said.

The restrictions on the Great Landlord wasn't that strong, but it prevented him from being promoted and he couldn't leave the Natural Law World. That was why he had been trying to find a way to do so these past few years.

Now that he saw that Yuan Xin and Yuan Feng could get rid of them, he really wanted to know why. He had also went to find Du Xiaoling and had asked him to help him before, but he couldn't succeed.

"That brat helped me. If we didn't suddenly get dragged into the Heavenly Evil Abyss, he would have come back to help you." Yuan Feng laughed.

Chen Xiang took out a few pills condensed from Primitive Tao Power and threw them to Great Landlord, saying: "This is the pill they are using!"

The Primitive Tao Power was extremely hard to obtain for the people here, but Chen Xiang had an endless number of them.

"Primitive Tao Power... This is a pellet condensed from the Primitive Tao Power! " Great Landlord's body trembled, his body was shaking, this was too rare for him.

And the seal within his soul, required a large amount of Primitive Tao Power to be unsealed!

"This kid has Primitive Tao Power all over his body, if not he would not be so terrifying. I really don't know how he cultivates." Yuan Feng sighed.

"I am a Alchemist ... When I was cultivating the Gate of Heavenly Mystery, I collected a large amount of Primitive Tao Power from those Black Hairs Human s and then used my alchemy skills to refine a pellet that contains a large amount of Primitive Tao Power. After consuming the pellet, I would cultivate up to the Primordial Profound Gate and then have an endless supply of Primitive Tao Power. " Chen Xiang laughed.

Hearing Chen Xiang's words, the Great Landlord thought about it carefully and then shook again, "I remember that your profound door was completely opened. If you use the Primitive Tao Power to pass through the profound door, then wouldn't it be very strong ...? "No, it requires a very strong physical body. Could it be that your physical body is also very strong?"

Chen Xiang smiled and nodded: "Now, all I need to do is cultivate my Dao god soul to the Great Perfection level and I will be able to step into the Dao God Stage."

Great Landlord sighed and nodded: "You know how to refine such a strong pill, that's how great it feels!"

"Oh right, what conditions do you need to go to Divine Wasteland for?" Chen Xiang asked: "Although our current strength can suppress the forces of evil, but if we do not take care of it completely, we will come back in the future."

Everyone here understood what Chen Xiang meant. If they wanted to solve the problems of this world, they had to go to the Divine Wasteland and kill the only person that was in charge of this world!

Killing Natural Law Divine Lord required a lot of strength, but Great Landlord felt that Chen Xiang was qualified!

"To go to the Divine Wasteland, you have to first wait. Wait patiently until the moment of solar eclipse. At that time, you can open the tunnel and enter the Divine Wasteland." The Great Landlord said: "Although we can enter from the Myriad Gods Abyss, that road isn't easy."

"That's right. When I first came down, I was already half-dead and had yet to recover. So I had no choice but to not take the Myriad Gods Abyss route." Wan Yuxiong said.

Great Landlord still doesn't know Wan Yuxiong's identity. He looked at Wan Yuxiong curiously, and Chen Xiang immediately introduced him to Wan Yuxiong.

"Looks like we'll have to wait for now." Chen Xiang said: "That's right, I am only a Dao Lord now, can I go to Divine Wasteland?"

"With your strength, this shouldn't be a problem." Great Landlord said, "But ... You need to understand clearly that when you go to a world of higher levels, you will always be at the middle and lower levels. "

Wan Yuxiong understood this point very well, and said: "It is indeed so, but you don't have to worry. The Divine Wasteland is also filled with powers, you can just find someone to rely on, and at that time, I will go with Chen Xiang."

"Alright, while we wait for the eclipse, let's clean up the evil forces here." Chen Xiang said.

"Leave it to us!" Yuan Feng laughed: "Anyway, I have been very idle these days."

Yuan Feng dragged Wan Yuxiong along with him and went to find the evil forces to destroy everything. If he couldn't beat them himself, Wan Yuxiong would help him.

Great Landlord would go into seclusion to refine the Primitive Tao Power Pill!

Under Yuan Feng's guidance, Chen Xiang found the island his father was on.

Shen Tianhu was the Island Master now, so he managed this island well. Furthermore, the power of the Island Spirit was becoming more and more terrifying.

Previously, Feng Yujie was the one who brought Chen Xiang here, and later on, Feng Yujie himself came many times, as he came to collect medicinal ingredients.

"This island is very stable now, not like how it used to be!" Shen Tianhu entertained Chen Xiang. He was Chen Xiang's father, so Feng Yujie and the others frequently brought pills here. Therefore, Shen Tianhu's cultivation was also very high.

"Dad, your life is pretty good. This island is so magical. It's almost like a kingdom, and it can fly all over the place. The plants here can grow quickly." Chen Xiang laughed.

"Brat, is Yu Jie really your woman? Does Xianxian have any objections? " Shen Tianhu asked softly. Because the people on the island did not go out much, Shen Tianhu did not really understand much about the matters outside, especially the matters regarding Chen Xiang.

"That's what she told you?" Chen Xiang asked.

"Yes!" She brought a few girls and called me daddy. They are all so beautiful, did you use some underhanded method? " Shen Tianhu drank the wine with a face full of doubt.

"No, you don't have that much confidence in your son?" Chen Xiang curled his lips.

"Hehe, looks like this is true? But then again, you have so many women, why don't you have any children? " Shen Tianhu continued: "It's been so many years, I really want to hug my grandson!"

Chen Xiang picked his ears and laughed: "Father, what are you so anxious about? "It's not a peaceful time right now. Wait till I settle down. Hehe, I'm worried that you won't be able to come over with me when you carry me."

"With these words of yours, I can feel at ease!" Shen Tianhu laughed.

Chen Xiang took out some medicinal ingredients and told them to give them to Shen Tianhu to grow. All these years, the Pill Fragrant Garden in Hundreds of Flowers Village was created because of the large amount of medicinal ingredients obtained from there.

Only now did he return to the Hundreds of Flowers Village to look for Xue Xianxian. Every time he returned to the Hundreds of Flowers Village, he would first go find Xue Xianxian and the others.

"You Qing, this girl, she has created so many curse traps!" Chen Xiang accidentally stepped on a trap and his leg became a block of wood. Luckily his Primitive Tao Power was strong enough to directly force out the curse.

"I knew you would come at this time." Xu Youqing walked out of the house, and laughed: "This is I trying to test your little test!"

In the past, the moment Chen Xiang entered the courtyard, he could feel the busy atmosphere. But this was not the case now, as he had seen several women quietly reading in the hall, he did not know what they were reading.

Chen Xiang took out the Emperor seal s, wanting Xue Xianxian and the others to study them and see what secrets they were hiding.

[Chapter 2659](#)

After Chen Xiang used the Emperor seal to eliminate those who came to cause trouble, Leng Youlan ran over excitedly to tell Xue Xianxian about them.

So when Chen Xiang took out the Emperor seal, Xue Xianxian and the others immediately walked over.

"Is it this little seal? It can release such a powerful force and easily kill so many experts." Liu Meng'er received it and looked at it carefully.

She looked at it for a while as if she could not see anything, then passed it to Xue Xianxian.

Dongfang Xinyue and Dongfang Jing came closer to observe Little Seal's exterior, but did not discover any Spirit grain, in the end they could only use their consciousness to observe the inside.

Chen Xiang then carried Xu Youqing and sat on a chair, allowing her to sit on his lap while teasing her.

"Little Scoundrel." Xu Youqing felt that Chen Xiang's hand was naughtily reaching over, so he smilingly slapped it away and then jumped down from the bed and ran over to Liu Meng'er's side.

Liu Meng'er pouted at Chen Xiang and then walked over to pinch Chen Xiang's ears. Chen Xiang held her in his arms, feeling around and feeling that she had eaten a lot of tofu.

"There's something." Xue Xianxian suddenly shouted: "Elder Sister Meng'er, come take a look!"

Liu Meng'er hurried over, only to see Xue Xianxian's finger condensing a golden dewdrop, which dripped onto the Emperor seal.

"What is this, is it blood?" Chen Xiang was shocked, the blood looked extremely similar to the golden blood of the god.

"Of course not, this is a special kind of energy ... This seal requires an ability to activate ... Even if I told you, you wouldn't understand. Xue Xianxian said, after that she condensed a few more golden dewdrops, and placed them on top of the Emperor seal.

Chen Xiang watched carefully from the side, only to see a faint light leaking out of the Emperor seal, and slowly, the entire Emperor seal was enveloped by this light.

The golden glow grew brighter and brighter, becoming denser and denser, causing Xue Xianxian's jade hands to seem as if they were holding a gold-shiny jewel.

After a moment, the golden light outside the Emperor seal disappeared, and the Emperor seal became transparent like a crystal.

"What's going on?" Chen Xiang saw that there was a golden pearl in the middle of the transparent Emperor seal.

"What is that bead?" Dongfang Jing frowned and asked: "There is such a frightening power."

"I don't know. It looks like something that's been sealed inside ... The outer layer of the crystal is also very profound. Although there is a very strong thing sealed inside, it can control that thing very well and let it release a very strong power." Liu Meng'er said.

"It seems like we need to take a closer look and see if we can get a wisp of divine soul to infiltrate inside." Xue Xianxian said.

"I'll go with you and have a look. Two wisps of divine soul can help each other." Liu Meng'er said.

Xue Xianxian nodded, then they sat down and placed the Emperor seal on the table. Her jade-like fingers lightly touched the Emperor seal, closed her eyes, and released a wisp of divine soul to probe inside.

"Jing Jing, stay here and look at Xianxian and Elder Sister Meng'er ..." Chen Xiang snickered, then pulled Dongfang Xinyue and Xu Youqing along as they teleported into the room.

Dongfang Jing muttered coquettishly, "Big Brother Scoundrel ..." Of course she knew what Chen Xiang was doing, and her face couldn't help but turn red.

Xu Youqing and Dongfang Xinyue were brought into the room, and they lightly punched Chen Xiang, but their clothes had unwittingly fallen off, and started to turn the tables with Chen Xiang ...

... ..

When Liu Meng'er and Xue Xianxian woke up, they both shook their heads.

"Jingjing, where are your brother and your aunt?" Liu Meng'er had just finished asking this question, when she thought of something and scoffed at him.

"This little scoundrel is really something. Come, let's go teach him a good lesson." Xue Xianxian let out a charming snort, and walked into the room while pulling Liu Meng'er along with her ...

Dongfang Jing had kissed her before, and even seen her body before. Although he had accepted her as his recognized sister, she actually liked Chen Xiang a lot.

She was at a loss for a moment, bit her lips, and walked out of the small villa to look for Leng Youlan and Mu Qianxiang.

"Quiet." Leng Youlan and Mu Qianxiang were discussing about battle skills in the same courtyard when Dongfang Jing suddenly walked in.

"Right, have you seen your brother yet?" Mu Qianxiang asked.

"I see it, this guy is currently with... I'm sleeping on a bed with Elder Sister Meng'er and the others." Dongfang Jing stuck out his tongue.

Hearing that, Leng Youlan snorted: "Damn it, he helped us little sisters to no avail."

Mu Qianxiang laughed: "Then what about it, why don't the three of us ... take him down? "Done."

"Alright, let's do it. Jing Jing, do you dare?"

Leng Youlan said, she did not hide her feelings for Chen Xiang, at that time, Chen Xiang had also kissed her a few times, but back then she did not understand, now that she knew, she kept it in her heart.

"Do you really want to do this?" Dongfang Jing said in a low voice.

"We are not his blood related sister. When this scoundrel took us in as his recognized sister, he was already uneasy and kind, bullying us for being simple." Leng Youlan said.

"Okay, second sister, you plan." Dongfang Jing's face was flushed, but Leng Youlan and Mu Qianxiang didn't look anything like before.

... ..

Chen Xiang did not know when he would return to the Divine Wasteland, so he planned to warm and nurture his beloved woman before he left.

After an entire night, Chen Xiang was already satisfied. He hugged Xue Xianxian in one hand and the Emperor seal in the other, as he looked at the golden pearl inside.

"Just what is this? Could it be a pill?" Chen Xiang frowned.

"You'll know once you use your divine soul to look inside. In short, we ... We can't say for sure, but our divine soul seeped in, and we didn't discover anything." Liu Meng'er said.

Xu Youqing received it and said, "I will use my curse power to see."

After a moment, Xu Youqing's face revealed a look of confusion.

"This seems to be a pill, but there are a lot of strange powers on top of this pill, including the power of the curse. Anyway, the thing inside is sealed, so there's no mistake about it." Xu Youqing returned the Emperor seal back to Chen Xiang.

"Looks like I have to test it myself." Chen Xiang said. He kept the Emperor seal and planned to find a quiet place to try it himself.

Dong dong dong. Suddenly, someone knocked heavily on the door.

"Are you guys done yet?" It was Leng Youlan's voice. "Brother, I have something to talk to you about."

Chen Xiang hastily put on his clothes, and then teleported to the hall. Looking at Leng Youlan, he smiled: "You Lan, what's the matter?"

"It's been a long time since our little sisters have gathered with you. Qianxiang has made a lot of delicious food, let's hurry up and go." Leng Youlan pulled Chen Xiang and ran towards their house.

Chen Xiang was naturally very willing to be with his few pretty and cute little sisters. He felt that it was true as well, as he hadn't played around with them much these past few years.

[Chapter 2660](#)

Chen Xiang followed Leng Youlan to their house and entered a pathway.

"Will a dinner be held in the secret chamber?" Chen Xiang was a little doubtful.

"Here's a surprise for you." Leng Youlan said casually, although she was the same big and tall, but she had a lot of experience in the human world, and a lot of clever ideas.

"If you tell me there's a surprise, then won't you let me know? Then what's a surprise?" Chen Xiang laughed.

"Brother, I can assure you that you won't be able to guess what kind of surprise this might be!" Leng Youlan smiled mysteriously, and his smile was very cunning.

Chen Xiang was already prepared to be tricked, he felt that being teased by these girls did not matter, as long as they were happy, he would not lose anything.

Just like this, he followed Leng Youlan into a secret room. Inside was pitch black, and the moment he entered, he could feel a few auras.

"Qianxiang and Jingjing are here ... And Lingling!" Shen Lingling was also a very doting person. He would usually follow Long Huishan, so it was impossible for him to see her often.

However, she was also very happy that Leng Youlan was able to get her to come.

The dark secret room suddenly lit up!

A white figure pounced over. It was Mu Qianxiang, and he was not wearing any clothes!

Chen Xiang was immediately stunned. Before he could even react, Mu Qianxiang had already thrown him onto the ground, and the ground was extremely soft.

"What are you guys doing!" Chen Xiang didn't know why, but his body suddenly became powerless, as though he was poisoned.

However, he possessed the body of impenetrable, so it would be difficult for him to be poisoned.

Only now did he realize that the delicate fragrance was very familiar, it was actually Lv Qinlian's love poison!

However, he had never known that emotional poison could have this kind of effect. It could make his entire body weak and evil.

"Brother, hehe ..." Leng Youlan kissed his earlobe, and continued to tease him while Leng Youlan took off her clothes.

"Little Scoundrel!" Shen Lingling laughed, she was extremely charming, she was not like this in the past, but she was obviously affected by the Goblins.

"It's over!" When Chen Xiang saw the clothes on Dongfang Jing's body sliding down, he sighed in his heart. When he saw Leng Youlan and Mu Qianxiang's tiger-like expressions, he knew that even if he said anything, it would not be able to stop what happened next.

Sure enough, Chen Xiang was tormented like this for an entire day and night!

... ..

The next morning, Chen Xiang took great pains to recover his vitality. He was glad that he managed to cultivate the Dao god gold body, otherwise, it would not be tormenting.

"All of you are really messing around!" Chen Xiang snorted.

"Hmph, acting good even after getting a bargain." Leng Youlan ruthlessly pinched his soft waist.

"But... However, this is rather useless for a man like me. If I were to say it out loud, I will be laughed to death." Chen Xiang rolled his eyes at her.

"Alright, we promise not to speak of it!" Leng Youlan said while laughing, and then he helped Chen Xiang up.

"You damn girls, you're underestimating me too much. I can still leave." Chen Xiang scolded her with a smile.

After walking out of the secret room and arriving at the top of the stairs, they had all been busy with their own matters, as if nothing had happened, while Chen Xiang had come to Lv Qilian's place.

"Sister Qilian, you're here too!" Chen Xiang suddenly thought back to yesterday's incident with the love poison. The love poison in Leng Youlan's hands was very strange, he had forgotten to ask even if it made his entire body weak.

Lv Qilian's nose wrinkled, as if he had smelled Chen Xiang's scent. His face was also filled with an ambiguous smile, as if he knew something.

Lv Qilian didn't know, but she already knew about the relationship between Chen Xiang and Lv Qilian, so she didn't say anything.

"Little Scoundrel, were you happy yesterday?" Lv Qilian smiled and asked.

"Very happy!" Chen Xiang purposely revealed a happy smile.

Lv Qilian stuck out his tongue at him and then left.

"Oh right, Sister Qilian, have you guys cultivated the Ancient Code and Mysterious Gate yet?" Chen Xiang asked.

"Hmm, what's wrong?" Lv Qilian nodded his head, "I have long since cultivated it. I am already at the ninth level of the Dao Sovereign but I am definitely not your match."

"That's right, I've already opened all my doors. How many have you opened?" Chen Xiang asked again.

"So it's like that, no wonder your Dao power is so frightening, I can only use this kind of skill for seventy percent of the time," Lv Qilian said as she faintly smiled, "I'm not as strong as you!"

"Sister Qilian, do you think that we can change the profound laws here?" Chen Xiang said: "What I am using is not any ordinary dao power, but a Primitive Tao Power. The reason why I am so strong is not only because my profound door is completely open ..."

Chen Xiang picked Lv Qilian up and allowed her to cuddle in his embrace. Then, he told Lv Qilian about his cultivation situation.

After hearing it, Lv Qilian immediately understood Chen Xiang's intentions. If he wanted to become stronger, then he would have to change the Ancient Code's profound door that she had cultivated right now, into the Primordial Profound Gate.

"For you guys, you don't need to be like me, eight Primordial Mysterious Gates. One is enough, it can allow you to crush your opponents at the same level." Chen Xiang caressed her pretty face and laughed: "You are the big sister, so you have to try it yourself. If you succeed, then let your little sisters cultivate first."

"Hmph, return my little sister. Don't think that I don't know that you are secretly eating in my Hundreds of Flowers Village. My Hundreds of Flowers Village is your big harem!" Lv Qilian pinched Chen Xiang and pouted: "Damn little scoundrel, I know everything."

Lv Qilian was taking off Chen Xiang's clothes, but after seeing that Chen Xiang was not taking the initiative anymore, he chuckled: Have you guys been tormented by those girls? Now do you know fear! "

"Alright, it's worth it even if I die!" Chen Xiang laughed bitterly.

... ..

Chen Xiang gave Lv Qilian quite a few Primitive Tao Power Pills. She wanted to see if she could cultivate a Primordial Profound Gate, and if she succeeded, let her teach Su Meiyao and the others, and then let all the Alchemist in the Pill Fragrance Garden learn it. Then, they would be able to extract and refine a large number of Primitive Tao Power Pills on their own, and spread them throughout the entire Heavenly Dragon City.

Chen Xiang took out the Emperor seal from Lv Qilian's secret room.

If not for Leng Youlan and the rest delaying him, he would have tried to enter the Emperor seal.

"Maybe only I can go in and take a look, because I have already fused with the Emperor seal." Chen Xiang closed his eyes and released a strand of divine soul, allowing the divine soul to enter the pearl in the middle of the Emperor seal.

After entering, he quickly found the problem!

"The defense of the outer layer of the crystal is very strong. No wonder Meng Er and the others couldn't enter. It was blocked by a very strong barrier. That barrier must have come from the bead." Chen Xiang guessed, and then he used the White Tiger to jump, instantly crossing the barrier.

After passing through the barrier, he could clearly feel how powerful that bead was!

The golden pearl in front of his eyes was like a huge golden sun, emitting waves of intense light and scorching power.

"Come in!" Suddenly, a voice resonated, causing Chen Xiang to be shocked, his divine soul was almost scattered.
