

Dan God 2721

[Chapter 2721](#)

In order to prove that he was someone who was willing to work hard and had great ambition, everyone was also fighting recklessly. They all talked about what they had experienced.

Of course, Xue Yunxiong was not stupid, he would not believe his words.

Everyone be quiet, if you want to follow Xue Yunxiong, you have to prove yourself, I have to find a way to see if you are willing to work hard.

Xue Yunxiong said as he took out a golden item and threw it into the forest outside the village.

With a swoosh, a golden platform suddenly appeared on the other side.

This high platform had a hundred steps. Everyone had already guessed that it would not be easy to climb these steps.

"You'll be considered to have passed the test for climbing this flight of stairs." Xue Yunxiong shouted, at the same time, a group of people rushed up, but after reaching more than 10 steps, they retreated.

Not knowing why, Chen Xiang and Xue Qing were also baffled, because they did not try.

"Head Xue, isn't this a little too difficult?" A middle-aged man asked, "It's impossible to go up these stairs. There's something wrong with the stairs, they just can't be moved."

"This high platform is called 'Heart Refining Platform'. It does not look at a person's strength, but at their heart. If your heart is determined to follow me, you can naturally easily walk up." Xue Yunxiong said.

Sure enough, at this time, there was a very young man who suddenly reached the 80th step, and then, under the gazes of everyone present, ascended to the top of the platform.

"Little brother, quickly come down and register." The old man laughed, with one glance, he could tell that he was Xue Yunxiong's old subordinate.

Back then, Xue Yunxiong's group of brothers did not need to walk on this stage, as Xue Yunxiong trusted them greatly.

Soon after, more and more people began to climb up the stairs. Many of them had already climbed more than ten levels, so it was impossible for them to climb any further.

"Your heart is not sincere enough." The old man shook his head and sighed when he saw that some people were unable to climb it.

After that, another group of people left, and more than half of them passed. Chen Xiang carefully observed, and saw that most of the people that walked up looked to be old, but their cultivation levels were actually higher.

These people were the ones who previously said that they were bullied a lot, but now they knew that only Xue Yunxiong could stop them from being bullied. Thus, they decided to follow Xue Yunxiong wholeheartedly, because they trusted Xue Yunxiong a lot.

Those who couldn't make it up were mostly those with high cultivation bases. These people were all dressed decently, and looked like they were having a good time.

Chen Xiang guessed that this kind of people all had other motives in their hearts. It was because there were always rumors that the experts that came back from the Myriad Tao Mausoleum had many good divine arts and treasures in their hands.

At this time, Chen Xiang was also asking if he could go over there. He wasn't really serious about hanging out with Xue Yunxiong, he just wanted to work together with him and under Xue Yunxiong's protection, if he could avoid being bullied by the ancestor of the Eastern Dragon Mountain Villa. If he earned his own Dao crystal, he would also give Xue Yunxiong some.

"I'll try." Xue Qing patted Chen Xiang's shoulder, and then quickly ran up the stairs. In just a few breaths, he had already reached the top, and could be considered as having passed.

After Xue Qing came down, the old man praised him: "You little punk, look at you, you seem to be that kind of pampered young master, and your cultivation is also not bad. I didn't think that a person like you would actually sincerely want to follow this group of people."

"What's your name?" He wanted to register with Xue Qing, as long as he passed, this old man would know a brand.

"Xue Qing."

"Xue Qing, right?" After the old man finished speaking, he suddenly frowned: "This name is so familiar ..." Xue Qing, could it be ... "

The old man was shocked, he finally understood why such a young man could rush up to him, it was because Xue Qing was Xue Yunxiong's grandson.

"Shh." Xue Qing smiled at the old man.

The old man immediately understood and nodded, then patted Xue Qing's shoulders.

Xue Qing pushed Chen Xiang and laughed: "Why aren't you going."

Chen Xiang spread out his hands and said: "Forget it, I don't think I can go."

Hearing Chen Xiang's words, Xue Qing was a little shocked, and asked: "Why? Didn't you say you wanted Head Xue to protect you?"

"That's right, but I don't want to follow him. I came to find him to do business with him." Chen Xiang said.

"Doing business." The old man was a bit curious. "What kind of business?"

"Old grandpa, you probably came out from Myriad Tao Mausoleum with Head Xue." Chen Xiang asked.

"Yes." The old man nodded, because he was Xue Qing's friend, he still cared a lot about him.

"Do you guys still lack Dao crystal s?" Chen Xiang asked again.

"We don't need it right now, but we will definitely need it in the future. Don't tell me you can help us earn a lot of Dao crystal?" The old man said.

I'm just a small figure, how could I suddenly make a profit, and you guys will definitely have to build up a force in the future. When that time comes, your business will be diverse, and you will be able to earn Dao crystal s from many aspects, right? Chen Xiang said.

"That's good. If you really want to do business with us, you'll have to take the stairs as well." The old man laughed, "We do not wish for hostile forces to sneak in."

"Then can I really climb it?" Chen Xiang looked at the stage. Many people had tried to go up many times, but none of them were able to, as they were all blocked by a strange force from the very beginning.

Once they were able to cross the first ten levels, the rest were basically fine.

"If you are sincere, you can definitely do it." The old man said, "Only in this way can we trust you."

"Hurry up and go." Xue Qing urged her, because he felt that Chen Xiang was a bit more mysterious and had a strange secret technique to change his appearance. Furthermore, he had to look for his grandfather to do business and even form enmity with the Eastern Dragon Mountain Villa.

"Fine."

Chen Xiang had no choice but to give it a try. He walked to the bottom of the stage and followed the group of people up the wide staircase.

There were a lot of people, but it did not take long for Chen Xiang to feel that there were very few people around him.

He found that he could actually make it through the ten flights of stairs, and then he forced himself up, and soon he was at the top, which meant he had passed.

"How unbelievable." Chen Xiang was very curious about the Heart Refining Platform, it actually had such a strange power.

After Chen Xiang came down, he came to the side of the old man.

"Looks like you don't have any intentions towards our Head Xue. You really came here to do business. What's your name?" the old man asked.

"I'm only doing business, yet I have to register?" Chen Xiang said in a low voice: "I don't plan to ... "I'm used to hanging out with all of you. If I can earn enough, I might just leave."

"As you wish. When you leave, we will not oppose you. After you register, it will be convenient for you to contact us. Moreover, this jade token will allow us to trust each other." The old man laughed, "Quickly say your name."

"Chen Xiang."

Upon hearing the name, Xue Qing took a deep breath: "So you are Chen Xiang, you should just be a little kid."

"I am no brat. Although my cultivation is low, I am no younger than you." Chen Xiang chuckled.

Of course, Xue Qing had heard about Chen Xiang in the Myriad Tao City. He also knew that Chen Xiang was now being targeted by the Eastern Dragon Mountain Villa, and the Eastern Dragon Mountain Villa wanted to completely control Chen Xiang.

Because of this, the Eastern Dragon Mountain Villa also pressured the Phoenix Mountain Villa not to protect Chen Xiang, so Chen Xiang no longer cooperated with the Eastern Dragon Mountain Villa.

Many well-informed people in Myriad Tao City knew about this.

[Chapter 2722](#)

Xue Qing and Chen Xiang hadn't known each other for long, but he didn't know where Chen Xiang's true origins were. Now that he finally knew, he was exceptionally happy.

His grandfather had just returned from Myriad Tao Mausoleum and was preparing to make a comeback. He also lacked a few capable people to help him, and Chen Xiang was such a powerful Alchemist, even if he was only doing business with his grandfather, his grandfather wouldn't lose out.

When they were in Myriad Tao City, many people knew that Chen Xiang had earned a lot from working together with Eastern Dragon Mountain Villa.

Now that Chen Xiang had nowhere to go and was willing to rely on Xue Yunxiong, he would definitely allow Xue Yunxiong to earn money as well. Xue Qing was sure of this, but he also knew that Chen Xiang had previously sold Tianhun gold Dan and Gumai Dan through Tai Bo and Feng Ruxue, and they had earned a lot from this trade.

If anyone worked with Chen Xiang now, they would definitely earn a lot.

Very quickly, they selected people who wanted to follow Xue Yunxiong. There were more than 500 of them, and another 200 to 300 old subordinates of Xue Yunxiong.

Of course, compared to the seven great villas and the three great gates, there were only a pitiful few people.

It was difficult at the beginning of everything. Furthermore, as a strong Ranker, Xue Yunxiong would definitely have a way to expand his influence in the future.

"Fellow brothers who have ascended to the Heart Refining Stage, please follow me!" Xue Yunxiong shouted as he flew towards the little village.

Since Xue Yunxiong was able to fly, he must have trained to reach the Flying Path. Experts like him usually trained in a few rare Rule Dao line.

However, flying meridians were something which many experts had to train in.

Anyone who ascended the Heart Refining Stage would be able to obtain a jade plate, and those people with jade plates were all following Xue Yunxiong towards the little village.

Xue Yunxiong did not plan to bring them into the village at all. Instead, he wanted to pass through the village and head towards the forest at the back.

After passing through the forest, they saw a huge city built on a wide plain.

"This is the Cloud Heaven City, from now on, this is our home." Xue Yunxiong laughed loudly, then flew towards the Cloud Heaven City.

The Cloud Heaven City was very big, it was square shaped like a city with walls on all four sides. Furthermore, there was a wall inside the wall, which should be the inner region.

Chen Xiang guessed that the outside world of the Cloud Heaven City must be open to the public. Otherwise, they would not have built it so big, nor would they have built a separate inner region in the center.

"In the future, the outside will be a market or something, and in the middle will be our old lair." Xue Yunxiong said, and this was exactly what Chen Xiang had guessed.

Chen Xiang felt that this Xue Yunxiong must have a way to attract a large group of people here!

The reason why Myriad Tao City was able to gather a large group of people was because there was a Myriad Tao Divine Stele in the middle, and if Cloud Heaven City wanted to gather people here, they would need something similar, if not why would they come here.

Chen Xiang estimated that the Cloud Heaven City was about ten times younger than the Myriad Tao City and could be considered very big for a Villa.

"Could it be that this was created from a divine artifact?" Chen Xiang could only guess, that at this time he had already followed the rest of the people into the Cloud Heaven City, running on the wide and empty streets, and headed towards the center region.

In the center, there was also a small square city. Just now, Xue Yunxiong had said that it would become their gathering place.

"In the middle is the Cloud Sky Villa, which is our foundation. Everyone can live there." Xue Yunxiong said, and then he opened the door. There were actually a few people inside, all of them seemed to be very strong.

"Head Xue, what must we do to attract people to this city in the future? The reason why the Myriad Tao City is able to gather billions of people is because the Myriad Tao Divine Stele is located there. " Someone suddenly asked, which was why Chen Xiang was so curious.

Xue Yunxiong laughed: "You don't have to worry about that, I have my own ways. As for the Myriad Tao's Divine Stele ... We will have one here in the future! "

This place will also have the Myriad Tao Divine Stele in the future!

Everyone could not believe that the Myriad Tao Divine Stele was an extremely mysterious existence!

If a force could gain control of the Myriad Tao's Divine Stele, then exchanging Dao crystal for Law beads would be much cheaper!

For example, Rare Principle Beads, could only be purchased from powers that required a hundred million Dao crystal s, and after being sold off, would still cost ninety million, moreover, they would only

be sold off if they were bought in large quantities, and sometimes even after being sold off, it would cost ninety-five million more.

However, it was said that those powers who controlled the Myriad Tao's Divine Stele could actually use eighty million or even seventy million Dao crystal to refine a Law beads from the Myriad Tao's Divine Stele.

No one knew the specifics of the process, because refining Law beads was a very secret, and it was all the responsibility of the strong warriors in the big powers.

Chen Xiang also found it hard to believe that this would be true. If Xue Yunxiong could really do it, then it would undoubtedly be able to quickly increase the overall strength of Cloud Sky Villa!

He immediately thought about the mysterious Myriad Tao Mausoleum that Xue Yunxiong had gone to before and maybe found out some secrets about the Myriad Tao's Divine Stele from her.

"Everyone, let's find a place to rest first and pick whatever you want! "Oh right, don't think that this is just a small matter. No internal fights are allowed here, the moment you discover it, you will be severely punished." Xue Yunxiong said in an extremely strict tone.

The majority of the people here had been humiliated and bullied in the Myriad Tao City. They would not fight, but only fight against the people who had bullied and bullied them before.

"Brother Wang, you stay here and watch. I'll be right back!" Xue Yunxiong's face suddenly became serious, and looked towards a direction.

That old man nodded: "Go!"

Xue Yunxiong immediately flew into the air, towards the direction he was staring at, and when everyone looked towards the sky, they only saw bursts of electric light.

"They're fighting?" Xue Qing said: "Isn't that Myriad Tao City over there?"

"Head Xue should be going to fight for the control of the Myriad Tao's Divine Stele!" Although he looked like an old man, Xue Yunxiong was extremely respectful to him.

"Is that okay? He's the only one who went there? " Chen Xiang was a little surprised. He alone was going to fight for the control over the Myriad Tao Divine Stele.

"Of course this isn't a problem, there are a lot of fellows who came back from the Myriad Tao Mausoleum. In addition, those three gates haven't been controlled by the Myriad Tao's Divine Stele yet, so everyone is working together to force the seven great villas to release their power, otherwise, it'll be a fight to the death." Wang Ge chuckled and said: "Let's see if the seven great villas dare to fight with us."

Previously, the Seven Great Villa only had three gates. Although the three gates were young and talented and were quite powerful, even if they worked together, they still wouldn't be able to suppress the Seven Great Villa, which was a far cry from the strength of the Seven Great Villa.

Now that Xue Yunxiong's group of ancient experts had returned, the pressure on the seven great villas was huge. Even if they could stop the three great gates, Xue Yunxiong and the rest of the strong experts, they themselves would suffer huge losses.

"The seven great villas have controlled the Myriad Tao's Divine Stele for so long, it's time for other people to have a taste of their sweet spot." The seven great villas have controlled the Myriad Tao's Divine Stele for so long, it's also time for the others to have a taste of their sweet spot. Xue Qing laughed, "It seems that we will be able to control the Myriad Tao Divine Stele very soon."

[Chapter 2723](#)

Chen Xiang felt that it was not as simple as controlling it, because Xue Yunxiong had already tried it himself. This Cloud Heaven City would definitely own his own Myriad Tao's Divine Stele, and only then would he be able to attract others over.

And now that Xue Yunxiong had gone to fight for control of the Myriad Tao's Divine Stele, he reckoned that it was for something inside the Myriad Tao's Divine Stele.

"Could it be that the Head Xue is trying to extract something from the Myriad Tao's Divine Stele and create its own?" Chen Xiang suddenly said, his words that Brother Wang and the other experts from the Myriad Tao Mausoleum were secretly surprised.

Seeing their reactions, Chen Xiang knew that he had guessed right.

"Not bad, I didn't expect you to actually think of it." Brother Wang patted on Chen Xiang's shoulder and smiled: "Our Head Xue has just returned, yet you have come to look for him to do business. Your actions are different from the masses, it seems like you will definitely do something in the future."

Xue Qing curled his lips and said: "He's already a bit accomplished right now."

"Senior Wang, did Head Xue learn about the Myriad Tao's Divine Stele from the Myriad Tao Mausoleum?" Chen Xiang asked again. The appearance of the Myriad Tao Divine Stele had always been a mysterious matter.

"That's right, but only the Head Xue has it. The old man from the Eastern Dragon Mountain Villa will become a huge obstacle now." Brother Wang said.

"Then wouldn't Head Xue have to fight with that old fellow? Right now, fighting with someone whose strength is comparable to yours is not a wise move." Chen Xiang said.

"Of course not, Head Xue would not do such a difficult thing." Brother Wang mysteriously smiled, his smile was extremely sinister.

Chen Xiang rolled his eyes as he thought of something, and started chuckling as well.

Xue Qing looked at them in a daze and asked softly: "What are you laughing at?"

"Head Xue should have reached an agreement with some big shots to help them build the Myriad Tao's Divine Stele in their own territory, and would even cooperate with a few of the powers in the Seven Great Villa. After all, moving the Myriad Tao's Divine Stele to one of their own homes was the dream of many powers." Chen Xiang laughed: "This way, everything will go smoothly."

"Although the ancestors of the Eastern Dragon Mountain Villa are strong, they are outnumbered. If they were to be attacked by a few powerful forces, the days of their Eastern Dragon Mountain Villa s could be considered to be over."

Brother Wang nodded with a smile: "That's right, that's what Head Xue planned to do. Of course, Head Xue only wants to join hands with those villas that have enmity with Eastern Dragon Mountain Villa."

"Where are the three gates?" Xue Qing asked.

"The three great doors are not good people. As soon as Head Xue returned, he had already investigated the three great gates, and in order to exert pressure on the Eastern Dragon Mountain Villa, he had only cooperated with the three great gates. In order to obtain control of the Myriad Tao's Divine Stele, the three great gates had also agreed to cooperate with us."

"They didn't know that our Head Xue had that sort of ability. Head Xue only agreed to help the Southern Bird Villa and the Qilin Villa build the Myriad Tao's Divine Stele because those two villas had conflicts with the old ancestor of the Eastern Dragon Mountain Villa."

"Everyone is tired, let's go in and choose a place to rest." Brother Wang said to the crowd.

Xue Qing patted Chen Xiang's shoulder, and laughed: "Brother Shen, let us live together, I am curious about some of your matters."

Xue Qing was Xue Yunxiong's grandson, and the only descendant of Xue Yunxiong, if he could get to know Xue Qing well, Chen Xiang's future here would be very good, and Xue Qing was also not bad, so he was very willing to be friends with Xue Qing.

There were mountains, water, and gardens. The environment was very beautiful, and Chen Xiang and Xue Qing chose a small courtyard by the lake.

"Brother Shen, I heard that you are very close to that Feng Ruxue, did you take advantage of her?" Xue Qing asked while grinning.

"Nope." Chen Xiang laughed and scolded him: "You look serious, I didn't think."

"I'm a man too." Xue Qing curled his lips: "I won't hide it from you. Right now, I'm quite familiar with a little Vermillion Bird in the Southern Sparrow Villa. Now that my grandfather has returned, I'll have him help me propose marriage."

Chen Xiang had never interacted with people from the Southern Sparrow Manor before, so he did not know much about it either.

"Quite the skill." Chen Xiang praised.

"Don't be modest, you're stronger than me. Those twins are also very good ..." Of course, those young disciples of the Villa all want to conquer such a noble and cold beauty like Feng Ruxue. "

"Don't spout nonsense, Mei Jing Sisters and I are only friends." Chen Xiang shook her head: "Feng Ruxue and I are just cooperating, we are no longer in contact."

"Could it be that you plan to give up just like that? You and Feng Ruxue are so close, it's a rare opportunity, and many people can't even try to get close to her. Xue Qing said: "I think you should abduct her and have Phoenix Mountain Villa cry."

"I don't have that kind of energy now, I plan to earn some more Dao crystal and make myself stronger. Previously, I almost got enslaved by the Eastern Dragon Mountain Villa's old turtle. Chen Xiang laughed: "What's more, I have a lot of women, it's just that you don't know about them."

"My goodness, I can tell that you have quite a few women just by looking at how smirked you are." Xue Qing laughed: "Oh right, what are you using that appearance for now?"

Chen Xiang immediately changed back to his handsome and youthful appearance. Upon seeing it, Xue Qing nodded his head: "This face is pretty good, but it's still worse than mine."

"Stop being so smug, I'm going to rest first. Give me the biggest secret chamber here, I'm going to use it to concoct pills." Chen Xiang said: "The Cloud Heaven City is open for sale, when the time comes, I will take out my pills to sell."

"Oh yeah, why do you have so many pills? There are hundreds of thousands of them, and they can't even grow beans that fast. Did they fall from the sky?" Xue Qing was very curious about this.

"I have my own secret art of alchemy. I can refine many pills as fast as possible. This is my secret." Chen Xiang said: "Go and ask Senior Wang, I want to get a better shop."

"No problem, I'll go right now." Xue Qing immediately went to find Brother Wang, and Chen Xiang entered the secret room.

He would first rest for four hours, then begin to refine Gumai Dan.

He could refine fifty thousand Gumai Dan in a day, and he could spend a day to refine fifty thousand in a day.

These pills were extremely suitable for the group of cultivators that had just joined the Cloud Sky Villa. Chen Xiang planned to use these to exchange for a better storage space.

After he exited the secret room, Xue Qing who was outside immediately rushed in.

"Chen Xiang, my grandfather has already successfully constructed the Myriad Tao Divine Stele here, I have also met with him. I also told him that you wanted to do business with him, and I will handle the matter regarding him. Xue Qing laughed.

[Chapter 2724](#)

Directly cooperating with Xue Qing was naturally not bad, but Chen Xiang felt that he had to ask Xue Yunxiong about some things.

"Your grandfather is really amazing. It's only been two days, how did he manage to get a Myriad Tao Divine Stele back?" Chen Xiang said, "Can we go take a look at the Myriad Tao's Divine Stele?"

"Of course you can. He said that as long as you are a brother of the Heavenly Cloud Villa, you are free to use Dao crystal s to refine Law beads." Xue Qing laughed: "When the time comes, we can also sell the Law beads and earn a bit of difference in prices."

This was precisely the benefit of having the Myriad Tao Divine Stele. However, Chen Xiang understood that the seven great villas before only allowed the higher ups to use the Myriad Tao's Divine Stele.

However, Xue Yunxiong was very generous to everyone so the seven great villas could not compare to him at all.

The cheaper Fire rule beads required 10,000 to be able to be bought, but if he was the one using the Heavenly Dao, he could use seven or eight thousand Dao crystal.

This meant that the people in the Cloud Sky Villa could use the Myriad Tao Divine Stele to earn a little bit of Dao crystal.

In order to become a tens of millions or hundreds of millions of Law beads, one would need to have a lot of Dao crystal to sell, so ordinary people would not easily do it.

"Grandfather has a secret technique that can extract the soul of the divine tablet from the Myriad Tao's Divine Stele and then use it to construct the Myriad Tao's Divine Stele. The Myriad Tao's Divine Stele is currently located in the middle of this Cloud Sky Villa." Xue Qing said: "I'll bring you to see it now."

"What about your grandfather?" Chen Xiang wanted to meet Xue Yunxiong.

"He went to the Southern Bird Villa and the Qilin Villa, and is helping them build the Myriad Tao Divine Stele ... At that time, he will also help me propose to the little Vermillion Bird of the Southern Sparrow Manor, hehe. " Xue Qing was smiling extremely happily. To be able to recognize his grandfather, to have such a strong and powerful grandfather love him so dearly, made him, who had lost both his parents for so many years, feel very happy.

Chen Xiang had already seen the Myriad Tao Divine Stele, he saw that a lot of people were queuing up, using Dao crystal s to exchange for Law beads s.

The Myriad Tao Divine Stele was very small, it looked like a very ordinary stone tablet.

To condense a Law beads, all one needed to do was to place it in a very large storage space inside the Myriad Tao's Divine Stele. The Myriad Tao's Divine Stele would very quickly condense a Law beads and place it at the top of the stone tablet.

"Grandfather said that in order to attract more people to the Cloud Heaven City, he would sell cheaper Law beads s, for example, Fire rule beads s would sell for 10,000 in the Myriad Tao City, but here, they are selling for 8,000." Xue Qing said: "The Myriad Tao Divine Stele that Grandfather condensed is more stable, seems like it is stronger than the Myriad Tao City. We only need seven thousand Dao crystal to condense it into a Fire rule beads, and it is very stable."

"Sometimes, Myriad Tao City's Myriad Tao Divine Stele requires seven thousand, sometimes it needs seven thousand and five hundred. Sometimes it needs eight thousand. It's very unstable."

Chen Xiang stood at the side and watched curiously, saying, "Since Head Xue has extracted the soul of the Divine Stele, it will definitely affect the quality of the Divine Stele."

"It's possible, but isn't that a good thing?" Xue Qing laughed.

This was indeed a good thing. If the quality were to fall, then Cloud Heaven City would be able to develop. After a while, Cloud Heaven City would replace Myriad Tao City.

Furthermore, Xue Yunxiong needed to have enough strength to withstand the blows from the other forces.

"Chen Xiang, do you want to get some Law beads as well?" Xue Yunxiong said, "It's very simple. As long as you put the Dao crystal in, and then place your hand on top of the Divine Stele, you will be able to feel the various rules inside. You can just choose the Law beads that you need to condense."

"Not now." Chen Xiang shook his head, of course he wanted to try, but he was worried that it would be too scary, because what he needed to do were all very expensive types, and would be at the 100 million level.

Chen Xiang observed that the majority of the people here were just going to condense very cheap Law beads, and the most expensive one was only at level 100,000. After all, these people were not that rich.

But since they could sell the Law beads, they would definitely get rich slowly in the future. It was just a matter of time.

"I need to return to Myriad Tao City." Chen Xiang said to Xue Qing.

"Alright, be careful." Xue Qing nodded: "When my grandfather returns, I will tell him that you have something to discuss with him."

Xue Qing could tell that Chen Xiang was anxious to see his grandfather.

Chen Xiang left the Cloud Heaven City, and then quietly went to Myriad Tao City's shop.

"Why did it close?" Chen Xiang looked at the sky, it was only the evening now, in the past, there were no shops in Grandma Jiang.

Chen Xiang continued to knock on the door, but no one replied him.

Just as he was about to forcefully retreat, he suddenly felt Feng Ruxue moving towards him. Because he had encountered Feng Ruxue when he used the Flight rule beads that Feng Ruxue had condensed to cultivate his flight path.

Feng Ruxue knew that he was rushing over to look for Grandma Jiang as fast as he could, and at the same time, was telling Chen Xiang that he had something to talk to him about.

Chen Xiang had already changed his appearance. He felt that he would not be recognized, so he sat at the entrance of the shop and waited.

Not long later, he saw a carriage approaching, and Feng Ruxue was inside.

"Beauty told me to tell you that the two sisters followed Grandma Jiang and left Myriad Tao City. She said that the Grandma Jiang was going to bring them to a place, I don't know the specifics." Feng Ruxue whispered to Chen Xiang.

"Did she say anything else?" asked again. Grandma Jiang was already very mysterious, and now that he had left in such a mysterious manner, he was not surprised.

"The sisters are very grateful to you. They hope to meet you again in the future." Feng Ruxue sighed lightly. Of course she knew how much Chen Xiang had helped the Mei Jing Sisters.

"It's a pity I couldn't say goodbye to them. I hope we meet again in the future." Chen Xiang stood up and sighed.

Just as he was about to leave, Feng Ruxue sent him a sound transmission again, "The change in the current situation is too great and it has already exceeded everyone's expectations. I feel that the old ancestor of the Eastern Dragon Mountain Villa is no longer a threat to you."

"I am clear about this, I might not be able to walk around the Myriad Tao City anymore." Chen Xiang said.

"Are we going to the Cloud Heaven City?" Feng Ruxue also knew about the news from the Cloud Heaven City, and she had also advised Chen Xiang to look for Xue Yunxiong.

"Yes." After Chen Xiang finished speaking, he quickly left.

Feng Ruxue sighed quietly in the carriage. She could only blame herself for being powerless back then, and at the same time, blamed their seniors in the Phoenix Mountain Villa for being short-sighted, because she understood Chen Xiang's potential, especially his method of refining Law beads. If she could withstand the pressure from everyone and work together with Chen Xiang to sell those refined Law beads, she would be able to obtain even more Dao crystal.

She had promised Chen Xiang that she would not tell anyone else about this, so she did not inform the higher-ups in Phoenix Mountain Villa.

Chen Xiang came here to find the Mei Jing Sisters, but now that they had followed him away, he didn't know where they were going, which made him a little disappointed.

When he returned to the Cloud Heaven City, Chen Xiang saw that there were already many people there, all lining up to pay the rent to Brother Wang.

The shops here were only for rent and not for sale, this allowed him to obtain Dao crystal s endlessly. After all, the Cloud Heaven City still needed a long time to grow.

[Chapter 2725](#)

After Chen Xiang returned to the Cloud Sky Villa, he found that there were less people here, mainly because the old subordinates of Xue Yunxiong were not there. Those people were all stronger, and if they stayed here, many people would feel safer, but now that they were gone, Chen Xiang was a little worried.

But luckily, he saw that Brother Wang was still here. Brother Wang was the strongest person under Xue Yunxiong, and was also the manager here.

"Elder Wang, where are all these people? Xue Qing is not here either. " Chen Xiang walked over and asked.

"You don't know?" Wang Ge pointed at the sky in the distance and said, "Can you see anything?"

Chen Xiang looked in that direction, saw nothing, and then used his Dao heart Eye to look.

After using the Dao heart Eye, Chen Xiang could see a golden line. He didn't know if this line came from underground or descended from the sky, connecting the heaven and earth.

"Over there... It seems like there is something connecting heaven and earth! " Chen Xiang said.

"I knew you could see it." Brother Wang laughed: "That's the Dragon beast Forest over there. In the depths of the Dragon beast Forest, there is a Myriad Tao Lake. This lake has been frozen all year round for many years, and as to why it has been frozen for so long, no one knows."

"Just now, the lake suddenly burst open! The strange ice layer above this Myriad Tao Lake is extremely difficult to break. Back then, both we and the Head Xue had tried many times, but failed to break through. "

Chen Xiang looked at the golden silk thread and asked, "Did the power come out of the Myriad Tao Lake? You can't see it with your eyes. "

"Yes, we can only see it through special means, Head Xue has already brought people over, Xue Qing is also going to join in the fun." Wang Ge laughed.

"Over there is the Dragon beast forest. There are so many of them, it will be very dangerous." Chen Xiang had traversed the forest of Dragon beast before, so he was well aware of how terrifying the forest was, not to mention that there was such a huge commotion happening at the Myriad Tao Lake.

"With Head Xue here, nothing will happen. Although the Dragon beast in the Dragon beast forest are strong, if they meet any human experts, they will give way. Right now, the experts from the other villas might rush over too, since the Myriad Tao's lake is the same as the Myriad Tao Mausoleum's, it has always been a mystery."

"Not only have we tried to break through the layer of ice on the Myriad Tao's Lake, the experts from the other villas have also tried.

Right now, Chen Xiang was also very curious and wanted to take a look.

"Elder Wang, how long have they been gone for?" Chen Xiang asked.

"It's been a while. Do you want to go as well?" As Brother Wang spoke, he took out a cape and gave it to Chen Xiang, saying: "This is a Flying Divine Robe refined using the Flight Laws.

Chen Xiang took it and nodded.

As long as they could fly, it would be very safe in the Dragon beast forest. No matter how strong the Dragon beast was, they could not cultivate or fly without any Dao crystal that could condense and train themselves through the Myriad Tao Divine Stele.

Chen Xiang thanked Big Brother Wang and rushed towards the Myriad Tao Lake.

... ..

Chen Xiang didn't even need the cape to fly, he could just use the Counter Power to make himself invisible, and then fly in the air. While flying, he could use his Mind's Eye to see that the golden light was getting thicker and thicker.

"What exactly is this power?" It looks like it is just an aura, but it is unusually strong. What exactly is hidden under the Myriad Tao Lake? " Chen Xiang flew quickly, carrying many questions.

During the flight, he could see that there were many people frantically rushing towards the Myriad Tao Lake below the Dragon beast forest. Rumors were definitely going around inside the Myriad Tao City, saying that there were treasures under the Myriad Tao Lake.

"Aren't these guys worried about the danger inside?" Chen Xiang was more afraid of the strong Dragon beast inside the Dragon beast. For example, those Heavenly Spirit Dragon beast were all in human form, as strong as the three profound practitioners.

Chen Xiang was able to fly in the air, and also had a fast speed, so he was much faster than many people who entered this place earlier.

Even so, it took him half a day to reach the vicinity of the Myriad Tao Lake. He could already see the lake.

Looking down from the sky, the Myriad Tao Lake was a huge octagonal lake. It was tens of thousands of metres wide and extremely vast.

The lake was covered in white frost, with only a small opening in the middle. There were many spectators by the lake who didn't dare to go forward.

"What's going on with this lake?" It's obvious that this shape was deliberately made to look like this. Could it be that someone built it? " Chen Xiang looked at the Myriad Tao Lake in the sky, while looking for Xue Qing and the others.

B000M! Suddenly, a muffled sound rang out from the lake as a crack appeared on the surface of the lake's ice!

"Hurry and retreat!" An old man suddenly shouted, "There's danger!"

From high up in the sky, Chen Xiang could see the black aura being emitted by the cracks.

"This is ..." This is a seal, something that's been sealed below is about to come out. " When Chen Xiang saw the black smoke, he had a bad premonition.

Chen Xiang was also slowly retreating at this moment. From within the crevices in the frozen lake, a dense black aura continuously emitted out.

But strangely, there was a wave of very pure Qi coming out from the center of the lake!

After a while, a black object appeared in the middle of the room.

"This thing... It seems to be the top of a tower! " Chen Xiang felt that he could often see this thing.

As expected, not long after the peak of the pagoda appeared, it once again appeared at the top of the pagoda!

There was actually a gigantic tower at the bottom of the Myriad Tao Lake!

The lake was originally octagonal in shape and extremely wide. Although this circular tower was only in the middle, it was at least 100,000 feet wide!

Soon after, the black tower gradually floated upwards, layer after layer appearing. In just a short period of time, the entire tower was revealed, and there were actually 1,000 floors.

"So high!" Chen Xiang was currently at a height parallel to the top of the tower. When he looked at the golden bead at the top of the tower, the pure power was emitted from the bead.

The ice on the Myriad Tao Lake had also completely melted and there was a clear lake water. However, in the middle of the lake, there was a black tower that emitted bursts of black aura.

Although the pagoda had a thousand floors, they were all sealed. There was no way to find the entrance to the pagoda!

Chen Xiang had already seen many people swimming towards the black tower.

The door at the bottom level was wide open!

"These guys have guts." Chen Xiang was impressed, this strange tower was clearly dangerous, but they still dared to go in.

When Chen Xiang came down, he suddenly sensed that Feng Ruxue was approaching. Feng Ruxue had also come, and he was flying over.

"Ru Xue, I'm just around here. Don't tell anyone else." Chen Xiang hurriedly sent a sound transmission to Feng Ruxue. If it was a normal situation, if Chen Xiang did not have the intention to sense it, he would not know where Feng Ruxue was.

[Chapter 2726](#)

When Feng Ruxue came over, she had already felt Chen Xiang here, so she quickly replied: "I know, what happened here just now? I just came over with my elders! "

Chen Xiang told Feng Ruxue about the strange tower and warned him repeatedly not to go in.

"I've heard of this tower!" She was currently by the lakeside, and Chen Xiang had already seen her. Who was she with, who was she with?

"Tell me about it!" Chen Xiang looked down and also found Xue Yunxiong, Xue Qing and the others. They were currently by the lake.

"This tower is called the Myriad Tao Divine Pagoda, but it shouldn't be here. It should be inside the Myriad Tao Mausoleum, and it shouldn't be black either. Feng Ruxue said: "Many of the people who have entered the Myriad Tao Mausoleum know about this tower, and the majority of the treasures are obtained from inside."

This tower has been sealed for many years, and it only appeared now! But we can be sure that this tower is related to the one in Myriad Tao Mausoleum. " Chen Xiang said, many people wanted to know why this tower was sealed here.

"We're going in. What about you?" Feng Ruxue asked.

"Do you really want to go in? There might be danger in there. " Chen Xiang couldn't use his spatial power now, so he didn't plan to enter this kind of dangerous place.

"The elders said that nothing had happened, but the people from his villa have already entered." Feng Ruxue said.

Chen Xiang had also seen it earlier. There were a few groups of people rushing in, their speed was extremely fast.

"Mm, I'll go in later as well. I want to observe, so you have to be careful." Chen Xiang warned.

"Alright!"

Xue Yunxiong then brought the people around him inside. Not long later, many powers who were spectating entered the super tower.

Chen Xiang slowly descended. At this moment, he was still using Counter Power Stealth, which at least ensured that he wouldn't be discovered. If he was discovered, he would run over to Xue Qing's side.

The door to the tower was a huge dark curtain, so it was not possible to see what was inside directly. After Feng Ruxue entered, he suddenly lost contact with the person inside, which surprised him, as the situation that usually happened usually meant that Feng Ruxue went to another space.

"What exactly is inside? Such a big tower, could it be used to house people? " Chen Xiang passed through the black curtain of light and entered the giant tower.

Although it was not bright inside, it was not completely dark. It was just that it was dark inside, and one could see things and the people in front of it.

After entering, Chen Xiang did not expect that, inside this place, there was a wasteland that was filled with huge rocks, the rocks were scattered randomly on the ground and the stones were all very sturdy. Chen Xiang saw an old man striking the stone, but the stone was not broken into pieces and it had even absorbed the old man's energy.

"This place is really strange!"

Chen Xiang saw a few people who wanted to take out something to illuminate the place, but none of them were successful. There was a force within that could devour the strong light, allowing the place to maintain its darkness.

Chen Xiang carefully followed behind that group of people. Those people were all powerful warriors, and as long as they were close, there was no need to worry too much.

Roar!

A beast's roar suddenly came out, causing Chen Xiang to curse in his heart. This was the roar of a Dragon beast, he had stayed in the forest of Dragon beast for a long time and was very familiar with this sound.

A large group of Dragon beast rushed in!

"It's the Dragon beast, everyone be careful!" A middle-aged man shouted.

Chen Xiang immediately floated. Although it was a floor, it was still very tall, and there was a space for him to float, it was not as short as it seemed.

Being able to use the flight rule here made Chen Xiang feel a lot more at ease.

From above, he could see that a lot of Dragon beast had rushed in, over twenty to thirty thousand of them, but these Dragon beast were only roaring and did not immediately attack the human.

"You guys wait, don't recklessly attack us. We don't have the mood to fight you right now." A man riding a mighty dragon lion shouted to the group of people that were preparing to charge over.

When this man was in the same group as the Dragon beast, he was obviously a Heavenly Spirit Dragon beast in human form.

"Then what do you want to do?" An old man walked up and asked. The clothes on the old man's body had a picture of a Qilin embroidered on it. It was from the Qilin Villa.

"I would like to ask what you guys are doing!" The Dragon beast Forest is our territory, so this tower can be considered our jurisdiction. You trespassed into this place, and actually have the nerve to ask us why ... Over the years, you fellows have killed so many of our Dragon beast. Every time we enter the Dragon beast Forest, have we asked you what you want to do? " The man's voice was filled with anger.

"Hmph, since you brought so many Dragon beast in, of course we have to get to the bottom of this." The old man said.

"I made it quite clear that this tower belongs to us. From now on, we will use this place as our territory. It's best for you to leave this place as soon as possible." The man said, "I'll give you guys time!"

"When this tower existed, the trees in your Dragon beast Forest didn't even sprout! What makes you think it's yours? " Another old man from the Manor said.

"To tell you the truth, the reason why we Dragon beast appeared was greatly related to this tower. You will know about it in the future, so you must be very curious about the appearance of us Dragon beast!" The Dragon beast man said: "It's not that I'm trying to scare you guys, if you stay here for too long, you might end up like us, turning into Dragon beast s."

Everyone was secretly shocked, but they did not completely believe the Dragon beast man's words.

"Let me tell you, there is nothing good on the first level. All the good things are on it!" The lowest ten floors are all places where we, the Dragon beast, were raised. If any of you are strong enough, you can blast apart those large rocks and take a look at what's inside. " The Dragon beast man said again.

Although the stones did not look regular, they were scattered all over the ground. Hearing the Dragon beast man's words, they felt like they were scattered eggs!

There were actually so many Dragon beast eggs inside, and they were so huge, each of them were as big as a small mountain. If there really were Dragon beast inside, then they would be much bigger than the many Dragon beast eggs in the Dragon beast forest.

Xue Yunxiong suddenly bellowed, and threw a punch at a boulder nearby. Just as he punched out, the shockwave caused the people around him to retreat more than 10 steps, and the people far away, to have difficulty standing firm.

This power shocked everyone. This was the power of one of the three heroes of Myriad Tao, it was so terrifying that even the Dragon beast man was drenched in sweat from the power!

[Chapter 2727](#)

Xue Yunxiong's punch blasted apart that rock. Originally, everyone thought that he would be able to shatter a real rock with his immense power, but this rock did not completely shatter. It was just that the outside layer had shattered, and there was actually a gigantic transparent crystal inside.

Inside the giant crystal, there was the corpse of a Dragon beast soaked in blood!

This was a dragon and tiger!

This dragon and tiger weren't small either. They were the size of a cow, but this dragon and tiger were only cubs!

However, the baby was already so big. If it fully matured, wouldn't it become extremely huge?

"Sure enough!" Xue Yunxiong's expression became serious.

"I just said it already, I didn't lie to you all right, this is where we Dragon beast were born! The first one to ten floors were filled with this kind of stuff! Of course, I don't know much about the details either. " The Dragon beast man said.

"Is the Dragon beast inside alive or dead?" Xue Yunxiong asked.

"It's alive, but it hasn't hatched yet! There was a thousand floors here, and the bottom ten floors had the weakest Dragon beast, but on the tenth floor and above! All the way to the Thousand Floors, every ten floors are of one type of Dragon beast and the highest level is the strongest, but the number is also the lowest. "

"Didn't you just say that there are only ten floors? And now you're saying that every thousand levels is the same? " In the blink of an eye, Xue Yunxiong had already arrived in front of the Dragon beast man, scaring the man so much that his body shivered.

A: Book: Read: Fiction 3w.ybdu

"I can only confirm that the bottom ten levels are where Dragon beast s that have yet to hatch, and I'm not sure if the ones up there are already shelled out. In short, those that hatch from below can all climb levels, go through layers after layers of experience, and finally reach the top." The Dragon beast man said timidly.

There were more than a thousand levels, and each level was equal to a hundred levels. How strong would one need to be to reach the highest levels?

"Every floor here is a different environment, moreover it is very vast, it is as vast as our Dragon beast Forest, every floor has a perfect ecological environment, if you are not afraid of death, you can go to the

top to take a look." The Dragon beast man said: "Most of us Dragon beast are bred by those who came from the top."

There was actually a Dragon beast that could come out from the top floor. It must be very strong, everyone present was very worried, if they were to meet it, they didn't know if they could beat it.

"Don't worry, most of the Dragon beast that came out from the top floor died in Myriad Tao Mausoleum!" The Dragon beast man sighed: "As long as it is a Dragon beast that is born from here, it would require many levels of experience before it can leave. The Dragon beast that is born from here have no way to return, we do not care about it, even if we meet with danger up above, we can immediately retreat."

Chen Xiang finally understood that all the Dragon beast that were born in this tower would have to go through training before they could come out. The outsiders, on the other hand, did not need it.

The Dragon beast knew a lot of things, it must have come from his inherited memories.

"Then what is the name of this tower? Why did it suddenly open and floated from the Myriad Tao Lake?" Xue Yunxiong asked again, he was very curious, he had been to the Myriad Tao Mausoleum before, and there was a similar tower there, but it was very different from this one.

"As long as you reach the top, you will be free. Moreover, you can soar through the heaven and earth with great power! If we Dragon beast want to become strong, we need to go through this tower to gain experience. Our goal here is to gain experience and at the same time, hatch the Dragon beast here. " The man from the Dragon beast said: "Don't cause trouble here, although my strength is not as good as yours, there are old Dragon beast s from the Flying Dragon Pagoda in our forest."

Now, everyone firmly believed the Dragon beast man's words!

The Dragon beast had existed for so many years, this Flying Dragon Pagoda was even older. It was not impossible to have a strong Dragon beast.

"Grandfather, do you want to go up now?" Xue Qing asked.

"No, let's go back." Xue Yunxiong didn't think much of it, and brought his men to the entrance of the Flying Dragon Pagoda.

Even someone as powerful as Xue Yunxiong did not plan to go up. It could be seen that he had some concerns, but the other rankers had all decided not to go up the tower for the time being.

Very quickly, the experts from the various powers brought the juniors out of the Flying Dragon Pagoda!

After Feng Ruxue followed her senior out, she turned and looked at Flying Dragon Pagoda, because Chen Xiang was still inside, she could sense that Chen Xiang was in the tower, she thought that Chen Xiang would come out, but after she came out, she had lost that feeling with Chen Xiang.

This meant that Chen Xiang was still in Flying Dragon Pagoda!

Now, Chen Xiang really wanted to go up and take a look. He had a nagging feeling that the Dragon beast man was hiding something, and that there were quite a few people who had rushed in just now, before disappearing without a trace.

Chen Xiang sat on top of a huge Dragon beast egg, and then sent a sound transmission to the Dragon beast man: "Hey, were you deceiving them just now?"

"Who are you?" The Dragon beast man was shocked, he looked around, but did not see anything, and could not sense anything.

"I am a human, but I have no ill intentions. I am just curious! I think you must be hiding something. " Chen Xiang said.

"What I just said is the truth. As for the things I'm hiding, that's our secret, there's no need to tell you." The Dragon beast man was extremely vigilant, he was worried that he would be ambushed.

"Then can you tell me? My mouth is very tight, and I won't say a word. " Chen Xiang laughed.

"You humans can't be trusted the most. You're already sneaking around, what right do you have to make us believe you?" The Dragon beast man said.

"Okay, I'll show myself, but don't hit me. I can't beat you." After careful consideration, Chen Xiang revealed his real body.

"What's your name?" Chen Xiang asked, he actually wanted to come into contact with these Dragon beast. After all, Dragon beast and Myriad Tao Mausoleum were both very mysterious existences.

"Longhua Lion, what law did you use just now? I have never heard of such a law that allows people to be invisible, and also allows one to not be exposed at all. " The Longhua Lion was filled with curiosity towards Chen Xiang's ability.

"This can't be considered a rule... However, I think that it can become a Law, and that it seems to require some sort of activation through the Myriad Tao Divine Stele. For example, the Spirit Transformation Law is just like the previous some kind of law refining. " Chen Xiang laughed: "I don't know much about that either, it's all nonsense."

When he walked into Chen Xiang, Chen Xiang seemed to be extremely vigilant, because his strength was far inferior to the Longhua Lion. After all, the opponent was a Heavenly Spirit Dragon beast, which was the strength of Three profound realm.

"It seems like you're quite weak!" The Longhua Lion couldn't help but laugh: "Don't worry, even if I wanted to attack you, I wouldn't waste my breath on you. I'm just rather curious about you."

"My name is Chen Xiang. Even though you and I aren't of the same species, we don't have any conflicts ... Oh right, I have killed Dragon beast before. Chen Xiang said.

"I have killed Dragon beast and humans before. You are a human, you must have killed humans before, what's wrong with that? " The Longhua Lion laughed: "The Dragon beast world is also a world where the strong preys on the weak!"

[Chapter 2728](#)

The law of the jungle in the Dragon beast world was much simpler and more brutal than the human world. In order to survive and become stronger, the Dragon beast had to directly kill and devour the other party.

"That's true! Since you can transform into a human, you must have experienced the most." Chen Xiang said.

"Of course, becoming a Heavenly Spirit Dragon beast is not that easy." The Longhua Lion sighed as she recalled her many years of experience.

Chen Xiang looked at the stairs, and said: "Previously, many humans entered, but most of them went to the floors above, are there really good things there?"

Every floor of this thousand floor high tower was a very large place. Moreover, it had existed for many years, so the environment inside was no different from the outside. There was still extremely rich dao qi being absorbed.

"Yes, but they are all in the upper echelons. If you want them ..." I'm afraid that it will be very difficult. You have to go to at least the 100th floor in order to be able to see a relatively good world." The Longhua Lion said: "Generally speaking, with a human being at the tenth level of the Heaven realm, going to the Hundred Floors shouldn't be too difficult. Only with bad luck would he die on the way."

Chen Xiang did not come for the treasures, he just wanted to know what was hidden inside.

"Brother Long, you must know some of the secrets of Flying Dragon Pagoda. It can't be a coincidence that Flying Dragon Pagoda suddenly appeared here, right ... Previously, the Dragon beast of the Dragon beast Forest attacked the Myriad Tao City on a large scale." Chen Xiang said.

The Longhua Lion lowered its head as if it was thinking about something. After a while, it said, "I can tell you! Of course, you'd better not speak carelessly about things like this, because the fewer people who know about it, the better it is for you!"

"Tell me about it!" Chen Xiang said.

"The Flying Dragon Pagoda has ten unique Myriad Tao Divine Stele, every hundred floors has one, and each one is stronger than the last, especially the one at the top! I do not know the specifics, but I know it from my inherited memories." The Longhua Lion said.

This aroused Chen Xiang's curiosity. His current goal was to cultivate even more powerful Rule Dao line, and he would need to rely on the Myriad Tao Divine Stele to do so.

This Flying Dragon Pagoda actually had ten special Myriad Tao Divine Monuments. If it was really like that, then the power of the laws within these Divine Monuments must be very rare and special.

"Then, can you guess what's so special about the Myriad Tao's Divine Stele?" Chen Xiang was very curious about this. If he was sure now, he would go back to stock up the Dao crystal and prepare to go up to take a look.

"There must be a way to use the power of the Spirit Transformation. According to what I know, a lot of Dragon beast that came out of the Flying Dragon Pagoda turned into human forms when they were at the hundredth floor. At that time, there were a lot of Dragon beast whose cultivation was very low and they were far from being able to reach the Three profound realm Realm." The Longhua Lion thought for a bit and said.

"What else?" The Spirit Transformation Law was of no use to Chen Xiang.

"Then I don't know. In short, the power of law that exists within the Myriad Tao's Divine Stele exists even in this Flying Dragon Pagoda." The Longhua Lion said: "Right, the Myriad Tao's Divine Stele does not need Dao crystal to be able to condense and produce Law beads. This should be the biggest characteristic of it!"

"Although we do not need Dao crystal, when we condense Law beads, we definitely need some other things. However, these things will definitely be easier to obtain than Dao crystal, because many Dragon beast can cultivate out rare laws from the Flying Dragon Pagoda's Divine Stele."

They could condense Law beads even without using Dao crystal!

That was actually not bad, just that Chen Xiang did not know what kind of Ancient Code could be found here!

"So you're going in here now?" Chen Xiang felt that they could become friends with the Longhua Lion.

"Yes, we are preparing to head to the tenth floor and guard the stairs leading to the eleventh floor. From the eleventh floor onwards, the Dragon beast are all stronger." The Longhua Lion said.

"Then the next time I come, I'll directly go to the tenth floor to find you!" I'll bring some wine next time.
" Chen Xiang snickered.

"Anytime!" The Longhua Lion cupped his hands towards Chen Xiang.

"Farewell!" Chen Xiang left the Flying Dragon Pagoda.

The Longhua Lion watched Chen Xiang leave and muttered to himself, "This Chen Xiang is indeed an extraordinary person. He is a mysterious and powerful Alchemist within the Myriad Tao City, and there are no experts protecting him from behind, causing him to hide in all directions. He was recently targeted by the Eastern Dragon Mountain Villa's Wang Long, and the Eastern Dragon Mountain Villa's ancestor actually wants to enslave him.

This Longhua Lion actually knew about Chen Xiang's situation. It could be seen that he had been hiding in the human world for a long time, and knew a lot about the human world.

"This person is an interesting person. I hope he can live a little longer!" When the Rankers from the Myriad Tao Mausoleum returned, none of them were good stuff. " The Longhua Lion sighed.

When Chen Xiang was about to fly out of the door, he used the Counter Power to make himself invisible and it looked like he would fly out.

So he heard the Longhua Lion's words!

"None of the treasures that came from the Myriad Tao Mausoleum are good? Could it be that Xue Yunxiong is the same? " Chen Xiang didn't dare believe it, because he himself had come into contact with Xue Yunxiong before.

"You need to be more careful!" Chen Xiang had only seen Xue Yunxiong from afar, but he had never spoken to him before.

"What if Xue Yunxiong is with the other experts from the Myriad Tao Mausoleum?"

Chen Xiang could not help but worry. He did not know why, but he believed more in the Longhua Lion!

On the way back to the Cloud Sky Villa, Chen Xiang had been thinking about this the entire time, because his current situation wasn't too good. Xue Yunxiong was the only one he could rely on!

Furthermore, his relationship with Xue Yunxiong's grandson was extremely good. Previously, he had already trusted Xue Yunxiong very much, and believed that he would be able to go about with a smooth sailing under Xue Yunxiong's protection and earn a large amount of Dao crystal s!

"There must be something wrong with that, but unfortunately, I can't find the Grandma Jiang right now!" Chen Xiang had already arrived outside the Cloud Heaven City.

He did not know if it was because of the Longhua Lion's words that made him feel that the Cloud Heaven City had suddenly become terrifying.

"Let's sneak in first!" Chen Xiang allowed himself to become invisible, then he entered the Cloud Heaven City and headed towards the Cloud Sky Villa.

Arriving at the Cloud Sky Villa, Chen Xiang saw Xue Yunxiong. At this moment, he was drinking happily and talking loudly with many people, becoming part of everyone else.

None of them noticed Chen Xiang. After all, Chen Xiang was very proficient in using the Counter Power now, and this was all cultivated by him when he was crossing the Dragon beast forest.

They drank until it was night before Xue Yunxiong went to his room to rest. When Chen Xiang saw that Brother Wang also went in, he immediately floated over and turned into a grain of sand that rolled into the crevice on the ground.

"Brother Wang, that brat Chen Xiang did not follow me over today?" Xue Yunxiong asked in a low voice.

"That's strange. I clearly gave him a flying cloak, so he should be coming." Wang Ge frowned.

When Chen Xiang heard their conversation, he had a bad premonition. Furthermore, he also saw that Xue Yunxiong seemed to have changed into a different person, his expression filled with evil.

[Chapter 2729](#)

Chen Xiang felt that there must be something wrong with this Xue Yunxiong. He was no longer like how it was said in the legends, nor was he as good as Grandma Jiang had said!

There was definitely a problem with Xue Yunxiong still acting so well right now!

This made him think of the ancestor of the Eastern Dragon Mountain Villa, Wang Long. When Wang Long came back, he injured the original owner of the manor and directly seized the position.

Chen Xiang then thought about what the Longhua Lion had said before. The people that came back from Myriad Tao Mausoleum were not good people, this made him believe all of them even more.

"How is Xue Qing, that brat, doing?" Wang Ge asked in a low voice.

"I've already successfully placed Ox Devil's soul inside. If nothing goes wrong, after tonight, Ox will successfully possess his body." Xue Yunxiong's words stunned Chen Xiang.

He had already thought of something!

The Xue Yunxiong in front of him, was not the Xue Yunxiong from back then!

"Would Old Demon Ox scold you?" After all, you are now his grandfather! " Wang Ge laughed.

"It's good enough that he has a body that can be found, but Xue Yunxiong doesn't have many bodies like this one. He had originally planned to give that brat Chen Xiang's body to him! But Chen Xiang is very useful, and he has a lot of secrets, we have to keep him for now. With him around, we will be able to get a large number of Dao crystal soon. " Xue Yunxiong said in a low voice.

"Eastern Dragon Mountain Villa is really a scoundrel. If you get too anxious, it will actually benefit us. As long as he comes back and is controlled by us, we can control him however we want. " Wang Ge laughed loudly.

"Don't be too happy too early! Just right now, the Flying Dragon Pagoda is a great disaster. Sooner or later, the existence of the Flying Dragon Pagoda will threaten us, and above us are ten ancient tablets, the secrets contained within them all relate to the Myriad Tao Mausoleum. "

Xue Yunxiong said with a grave expression on her face, "We were previously trapped in the Myriad Tao Mausoleum, and if it wasn't for our good luck, we wouldn't be able to come out for the rest of our lives! Fortunately, these guys came. Even if we succeeded in seizing their bodies when our souls were about to be destroyed, with their bodies, we could survive for so many years. "

Brother Wang nodded his head: "That's right, we all know about their memories, it seems that if we continue to pretend to be them for a period of time, we will be able to successfully gather a lot of people, when that time comes, even if Eastern Dragon Mountain Villa and the other old devils reveal our identities, we can also say that they are purposely pouring dirty water on us."

"That's right, if that's the case, then we can have a good status here and control the Myriad Tao City." Xue Yunxiong laughed out loud.

"Boss, the Myriad Tao City's Myriad Tao Divine Stele won't be able to hold on for long. At that time, what are we going to do?" Brother Wang asked worriedly.

"Don't worry, the Myriad Tao's Divine Stele above the Flying Dragon Pagoda can be replaced, and the Myriad Tao's Divine Stele above us also requires an even smaller number of Dao crystal. The most important thing to do next is to gather a large number of Dao crystal before the Myriad Tao's Divine Stele runs out." Xue Yunxiong said: "Chen Xiang is the key, wait for him to come back, we will attack together!"

Hearing that, Chen Xiang's heart jumped, these people who just came back from the Myriad Tao Mausoleum were truly strange, he was extremely grateful to the Longhua Lion, if not he would really be screwed!

What frightened him the most was that these bastards from the Myriad Tao Mausoleum were all a group of old devils who brought along a large amount of souls to help them revive!

Brother Wang opened the door and left Xue Yunxiong's room. When Chen Xiang opened the door, he turned into sand and followed the wind and flew out.

When Brother Wang had walked far away, he floated into the air towards the Snowy Pavilion!

Chen Xiang had heard Feng Ruxue say that there was also an old fellow who had returned from the Myriad Tao Mausoleum. Now, within the Myriad Tao City, he felt that only Feng Ruxue could trust him!

And if he went now, he would have to make sure that Feng Ruxue had not been possessed. If he were to be possessed, his whereabouts would be known by Feng Ruxue.

At night, when looking from the outside, the Snow Pavilion was extremely quiet. After Chen Xiang flew in, he heard a few sounds.

"Vermillion Bird, why are you so late? What's the matter?" When I'm dressed, I'll go out! " Feng Ruxue shouted softly, "I'm bathing!"

"No need to wear it, I'll go in now." The cyan sparrow's lewd laughter came from outside.

"Bluebird, what's wrong with you..." Feng Ruxue shouted in panic, as he had already donned a red robe.

"What a tender little phoenix ... To tell you the truth, I was an ugly and old Toad Demon before, but now that I have attached myself to this Cyan Sparrow's body, I can be considered a phoenix, and am extremely compatible with you, haha ... " The cyan sparrow laughed sinisterly.

Feng Ruxue was shocked by the sudden turn of events. She couldn't understand what was going on but she was sure that the sparrow wasn't the original bluebird. She was related to the sparrow by blood, so something like that must not happen.

"Humph!" Feng Ruxue saw the sparrow pounce towards it, and kicked towards the sparrow's abdomen. She had a lot of strength, but when her leg kicked out, the power inside the Divine Sense Sea was unable to flow out.

"Hehe, you were poisoned by our toad poison just now ... Although I have taken over the Cyan Bird's body, my soul has poison, so it is impossible for you to use the power of the Divine Sense Sea. "

In a moment of desperation, Feng Ruxue thought of Chen Xiang. When she tried to sense where Chen Xiang was, she found that Chen Xiang was in the room right next to her.

But she could not see Chen Xiang!

, who could not use the power of the Divine Sense Sea, simply could not move at all. Just as the Cyan Sparrow was about to kiss him, she suddenly felt a cold Qi approaching, bringing along a very scary killing intent.

This killing intent only lasted for a moment, a very short moment!

Just as the killing intent appeared, Feng Ruxue also felt the cyan sparrow's hands slowly loosen. She immediately broke free from the cyan sparrow, and at this moment, she saw that there was an additional bloody hole in the cyan sparrow's chest and throat!

"Chen Xiang... Is that you? " Feng Ruxue knew that Chen Xiang was in the room and shouted anxiously.

"It's me!" When Chen Xiang appeared, he took out the Chuangshi god furnace and put the cyan sparrow inside. He knew that this fellow's soul was extremely powerful and it was very likely that he would run away.

When Feng Ruxue saw Chen Xiang, he heaved a sigh of relief and walked into the room, hurriedly putting on his clothes.

"Thank you, that was close!" Feng Ruxue looked at Chen Xiang tenderly, she did not think that Chen Xiang would come in time, what made her most surprised was that Chen Xiang's cultivation was so low, to actually be able to kill the sparrow in an instant.

The Cyan Sparrow had the same strength as her, they both belonged to the Heaven realm, and Chen Xiang was only from the Tai Dao realm!

"There's no need to stand on ceremony. I came here immediately because I sensed that something was amiss!" Chen Xiang sighed, "I was almost attacked as well, I feel scared just thinking about it!"

[Chapter 2730](#)

Feng Ruxue poured a cup of fragrant flower tea for Chen Xiang and took a few sips to calm her mind. She had been completely scared out of her wits just now.

At this moment, the poison in her body had gradually dissipated. It did not last long.

"What the hell is going on? Who was the first to make a move on you? Xue Yunxiong from the Heavenly Cloud Villa is so strong, you should be very safe inside. " Feng Ruxue thought back to the Cyan Bird from before, and also thought of something.

The blue sparrow's body was already occupied by the other souls!

"Looks like your Phoenix Mountain Villa has suffered too. I just wonder how many of your Phoenix Mountain Villa s' bodies are occupied by the evil spirits." Chen Xiang said: "In the Phoenix Mountain Villa, right now, you can't even trust the person you are closest to. It's very possible ... Your parents are the same as the Cyan Sparrow! "

Hearing Chen Xiang's words, Feng Ruxue's face changed greatly, and she lowered her head, gently biting her lips. She knew that Chen Xiang was not lying to her, because she had seen the Cyan Sparrow's appearance just now.

If Chen Xiang had not arrived in time, she did not know what would have happened to her. When she thought about that terrifying outcome, she could not help but shiver.

If her parents did the same thing to her back in Phoenix Mountain Villa, it would be extremely painful for her!

"The group of people that the Myriad Tao Mausoleum has returned to are all bad people. Their bodies are still the same, and they also have the memories of their original owners. And they took a copy of the novel with them.

Come back to a group of evil souls and help them find a good body! This is how the Cyan Sparrow suffered. "

Chen Xiang told Feng Ruxue everything in a simple manner, "Xue Yunxiong is the same ... And the friend that I just made, Xue Qing was also murdered by his so-called grandfather just like that, sigh! "

"Then... "Then how can I confirm that my parents have suffered too?" Feng Ruxue's heart couldn't help but hurt when he thought of his parents being possessed.

"We will go to Phoenix Mountain Villa to see your parents now. Only by meeting them can we confirm it." Chen Xiang said: "Use the fastest speed you can take me to the outskirts of the Phoenix Mountain Villa, then I can use my secret technique to make us invisible, stealthily sneak into the villa, and go take a look at your parents' situation."

Right now, her heart was extremely heavy. If Chen Xiang wasn't by her side, she would have definitely collapsed, and she didn't wish for her parents to become such a demon.

When they arrived outside the Phoenix Mountain Villa, Chen Xiang pulled Feng Ruxue, displayed the Counter Power, made the two of them hide themselves, and then quietly entered the Villa.

Now, Feng Ruxue also knew that this kind of mysterious technique was very powerful. She was also like the Longhua Lion and thought that this was a very rare rule.

"What's going on?" After Chen Xiang entered the Phoenix Mountain Villa, he saw that there were many people everywhere, and the place was brightly lit. It was still late at night, but it was bustling with noise and excitement.

"Something has happened!" Feng Ruxue sent a sound transmission to Chen Xiang, "They seem to be looking for something! Go to the Phoenix Main Hall and take a look! "

Feng Ruxue pulled Chen Xiang, and carefully walked to the vicinity of the Phoenix Main Hall. When they approached, Chen Xiang felt a few powerful auras, and immediately stopped Feng Ruxue.

"We have to be careful, otherwise we'll be discovered." Chen Xiang said in a low voice.

Feng Ruxue looked at the ceiling. The ventilation hole in the Main Hall was open, so she brought Chen Xiang to float in through the window and stood on a beam inside the Main Hall.

There were a few elders in the hall.

"Grandpa, grandma, dad, and mom are not here!" Feng Ruxue became even more worried, holding Chen Xiang's hand tightly, she had already mentally prepared herself on the way here.

"Hmph, how many times have I told you not to alert them? Now, they've found out and they've all run away!" One of the elders in the lead shouted in anger as he reprimanded the other elders.

"Lord Demon Master, all four of them were injured by us, and Feng Ruxue is their descendant. I have already sent toads to deal with him, so as long as we ambush near the Snow Pavilion, we can wait for the four of them." A middle-aged man said.

Hearing that, Feng Ruxue was extremely excited, she only had four elders and all of them could escape!

Just as she was getting excited, Chen Xiang pulled her out of the air window and sent her a sound transmission: "Hurry up and fly back to the Snow Pavilion. Your elders must have already gone over there."

Feng Ruxue anxiously carried Chen Xiang and used all his strength to fly towards the Snow Pavilion! Her family's condition was still considered good, and Chen Xiang was happy for her.

The moment Feng Ruxue returned to the Snow Pavilion, he saw his four elders in her room. The agitated Feng Ruxue was about to rush over, but he was grabbed tightly by Chen Xiang.

"Wait, let's see what's going on first!" Chen Xiang was extremely cautious now, and Feng Ruxue listened to her, although Chen Xiang's cultivation was not higher than hers.

"It's a mess here, and there is still a trace of terrifying Sword Qi left, and there is also a poison that can penetrate Divine Sense Sea, looks like they have already sent people to deal with Sour Snow." An old man's voice was filled with anger.

"Let's go, even if our lives are on the line, we still have to save Ru Xue." The old woman beside the old man was trembling in anger, and waves of energy surged out from her body.

"I want to perish together with those demons!" A middle-aged woman's face was covered in tears, and the middle-aged man beside her had already walked towards the window, preparing to fly back to Phoenix Mountain Villa.

"Grandpa, Grandma, Dad, Mom, and I are fine!" Feng Ruxue anxiously shouted, while Chen Xiang released her hand, allowing her to appear.

Feng Ruxue was also crying loudly, she threw herself into the middle aged lady's embrace, it was her mother.

Her seniors were all severely injured, but they were all phoenixes and could quickly recover. This place was no longer safe, so Chen Xiang followed them and left the Myriad Tao City.

Chen Xiang saved Feng Ruxue and the other elders were extremely grateful. Now Chen Xiang also understood why they did not protect him back then, because their situation back then was extremely dangerous as well.

"Looks like I can't stay here any longer!" Feng Ruxue's grandfather sighed: "Little brother, do you want to leave this place with us? The Divine Wasteland is so big, even if they are not here, they would still be able to live a good life. "

Chen Xiang shook his head: "No, I still have some private grudges that I haven't resolved. I won't leave, and I have other important matters to attend to."

"Then you must be careful, we will leave here at dawn!"

Chen Xiang nodded.

Feng Ruxue asked softly: Chen Xiang, leave with us. It's too dangerous for you here, your grandfather and grandmother are both strong, and with your pill cultivating techniques, we can live a good life.

"I will find you in the future. I can protect myself." Chen Xiang laughed.

Regarding this, Feng Ruxue could not deny that Chen Xiang's ability was indeed brilliant.

After that, she ended the cooperation with Chen Xiang, making her feel very sad. After Chen Xiang had saved her, her feelings towards Chen Xiang had increased by another level, she felt that even if she was together with Chen Xiang, her elders would not object.

However, Chen Xiang was unwilling to leave with them!

"You must keep your promise and come to me." Feng Ruxue said in a low voice. She and Chen Xiang had a secret, and it was that they had a very strange feeling about each other. As long as they were in the same space, they would know the direction and position of each other.

"Mm, definitely!" Chen Xiang laughed heartily: "Alright, I still have other things to do now. Seniors, farewell!"

Feng Ruxue watched Chen Xiang leave reluctantly. She also wanted to be with Chen Xiang, but she felt that she wouldn't be able to help him with anything.

Chen Xiang bade farewell to Feng Ruxue and the others, and immediately headed to Flying Dragon Pagoda. He felt that it was the safest place, and Longhua Lion was also extremely trustworthy.
