

## Dan God 2831

### [Chapter 2831](#)

Chen Xiang spent more than half a day to carry out various kinds of investigations. He wanted to know what kind of ingredients and pills were the most expensive. For pills, healing and raising one's cultivation was the most common, as well as the one that had to be used the most often. The demand was the greatest, so the price was relatively high!

There were many types of ways to increase strength, such as making the 'Profound Door' open wider, making the 'Dao God' stronger, allowing the Three profound Divine Junctures to open faster, making the Six yuan god stronger, and so on!

For example, there were more than ten types of pills that could help Three profound realm step into the Six Gods Stage. However, these pills would usually need to be consumed in large amounts in order for the effects to be obvious, and not necessarily allow a person to step into the Six Gods Stage.

Just like the Six-gods Guiyuan Dan that Chen Xiang had eaten before.

Although this pill only had a very slight effect, its price was still very high. Many people could only take this pill when they had no hope of breaking through. It was better than not being able to break through and die.

"When my medicinal ingredients mature, it will be time for me to show off my skills here."

After walking for a day, Chen Xiang returned to the old house in the middle of the lake to rest. At this time, the Great Clan Elder also returned.

"How was it, did you play well in Heavenly Alchemy Divine Sect?" The Great Elder smiled.

"Not bad, it's quite lively. There are indeed a lot of pills here and many of them are unique. It has really broadened my horizons." Chen Xiang said, "For a Alchemist like you, the environment here is very good."

"Inside the Heavenly Alchemy Divine Sect, there are disciples who possess Heavenly Alchemy Dao line. Although there are, they are not as outstanding as you, so I believe that even if you do not have the Heavenly Alchemy Dao line, your pill refining ability is still far superior to many disciples of our Heavenly Alchemy Divine Sect." The Great Elder said.

"Great Clan Elder, do all of the disciples here understand Heavenly Alchemy?" Chen Xiang asked: "Complete?"

"The disciples of the Four Great Divine Sects all possess a complete set of four great divine arts ... But everyone's comprehension of the Four Great Sacred Techniques is different. " The Great Elder said, "Different people will display different results after cultivating."

"For example, Heavenly Alchemy, some are used to refine pills, some are used to refine artifacts, some are used to set up arrays, and some are used for battles. These are all used in different directions!"

"Every disciple has a complete Heavenly Alchemy!" Chen Xiang did not expect this. "I thought a complete Heavenly Alchemy had already been lost in the Myriad Tao Mausoleum."

"If you want to be more accurate, this argument is indeed reasonable." The Great Clan Elder's words puzzled Chen Xiang.

"We have Heavenly Alchemy and Heavenly Alchemy art! And the other one is lost. " The Great Elder said.

"I even lost one of them!" Inside the Myriad Tao Mausoleum? What's the third part? " Chen Xiang was immediately very curious, because he mainly trained in Heavenly Alchemy.

"Legend has it that the third part is inside the Myriad Tao Mausoleum. I don't know what it is, but that was what the Heavenly Alchemy Venerable Ancestor said back then. He had seen the third part before, it was carved on a wall inside the Myriad Tao Mausoleum. The Great Elder sighed, "What a pity!"

"How can this be? If it is carved onto the wall, with his ability, he can remember everything with just a glance and then pass it back to you guys so that you can comprehend it! " Chen Xiang said: "This way, it won't be lost!"

"Things are not as simple as you think! Heavenly Alchemy Venerable Ancestor once said that the wall only has one word, "Heavenly Refining". But after he had comprehended these two words, these two words were extremely vague, and he did not see it, as he said that he had to use the Heavenly Alchemy in order to see it clearly. Yet, he had used ten thousand years to comprehend those two words. "

The Great Clan Elder looked at Chen Xiang, "Do you understand now? So even if we see that wall, we won't get anything out of it. "

This made Chen Xiang extremely curious, he wished he could immediately look at the wall!

"You should be making your move tomorrow, right?" The Great Clan Elder laughed: "Let us, the Heavenly Alchemy Divine Sect's disciples, see how strong the Heavenly Alchemy you have mastered is! You learned the Heavenly Alchemy by yourself, cultivated the Heavenly Alchemy Dao line, obtained the Flying Dragon Palace to steal our Heavenly Alchemy art, and can grow so strong. Not only me, but many of the old fellows in our Heavenly Alchemy Divine Sect are very interested in you! "

Although the disciples of the Heavenly Alchemy Divine Sect all had Heavenly Alchemy s, they had all more or less been guided by someone. On the other hand, Chen Xiang had only climbed over the river using his own hands, which was why the Great Clan Elder was extremely interested in him.

"Yes, there will be an operation tomorrow. I plan to sell the Six Shenprofound Dan that we created." Chen Xiang said: "There shouldn't be any problems with that right?!"

"This is a good thing. This will allow the Heavenly Alchemy Divine Sect to have a new batch of disciples very soon." Right now, there were more and more Dragon Demons in the Dragon Devil Dead Land. He also hoped that his own disciples could quickly level up.

Chen Xiang said: "It's such a pity, there are many unique medicinal ingredients here that have been treated and unable to cultivate!"

The Great Clan Elder laughed: "The ingredients sold are all like that, but you have enough Dao crystal s, you can go look for them to buy the seeds, as long as you promise them not to sell the ingredients, they

will agree to sell them to you, but it will require a lot of Dao crystal s, which are usually ten times, dozens, or even a hundred times the price of the ingredients!"

There were hundreds of millions of these special medicines. If he wanted to buy seeds, wouldn't he need billions of billions of dollars to buy a single one?

This was indeed very expensive, but Chen Xiang didn't have many Dao crystal, and he had to prepare to enter the Myriad Tao Mausoleum, which required a lot of Dao crystal.

Chen Xiang still did not make any movements on the second day. He planned to wait until there were more ingredients before starting to refine Six Shenprofound Dan s and selling them in batches.

He continued to stroll on the street. As he walked, he suddenly saw a man riding a handsome white lion. This man was also quite handsome.

"Isn't that Zhao Kunxin?" Chen Xiang immediately turned his head. He had beaten this Zhao Kunxin before and had even ruthlessly trampled on his pride. He was worried that there would be a conflict, so he did not plan to meet Zhao Kunxin.

Zhao Kunxin was currently conversing happily with his friends. Riding on a handsome white lion, he headed towards the hotel on the street, which was a place many noble people frequented, so it was normal for them to meet rich people like Zhao Kunxin on the street.

"I heard this Zhao Kunxin just got a Dragon magic herb. This Dragon magic herb can be used to refine Dragon Magic Dan." A person whispered after seeing Zhao Kunxin leaving far away.

"Dragon Magic Dan? What is this for? " Curious, Chen Xiang asked.

### [Chapter 2832](#)

Dragon Magic Dan s had a lot to do with Dragon Demons from their names, so Chen Xiang was very curious. Before this, he had never heard of this kind of pill, and now that the problem of Dragon Demons was right in front of him, suddenly producing this kind of pill was indeed very eye-catching.

Someone heard Chen Xiang's question and agreed, "That's right, what is this Dragon Magic Dan? "I've never heard of it before. Is it really that powerful?"

"You might not know this, but Dragon magic herb existed a long time ago. It goes back to the time when the Heavenly Alchemy Venerable Ancestor and the Dragon Devil Emperor Venerable were at war.

"Access:." A person said with his mouth full of saliva, "In that period of time, in order to find a way to deal with the Dragon Demon, we found a strange grass, called the Dragon magic herb."

"You guys don't know anything about Dragon Demons. Back then, when many people fought with Dragon Demons, although they were able to repel Dragon Demons, after fighting with them, they would fall into a tired-looking state. All day long, they weren't in the mood to fight, and even had a sense of fear towards Dragon Demons."

"Later on, I realized that when fighting against Dragon Demons, I would accidentally inhale a strange poisonous gas released by Dragon Demons. That kind of situation would suddenly occur! Then, someone found this grass in the Dragon Devil Dead Land and brought it back to refine it into a pill.

Chen Xiang had never fought with a Dragon Demon before, so he did not know if he would be poisoned by this Dragon Demon Poison, nor did he know if he would be poisoned. Although there were many powerful poisons that had no effect on him, he still had to be wary of this Dragon Demon Poison.

"The Demonic Dragon's poison does not cause one to die, but it causes one to fall into a muddled state. During battle, it is very easy for one to die." The man continued: "If we were to fight the dragon demon in Dragon Devil Dead Land, we would have to eat a Dragon Magic Dan, this way we can prevent the dragon demon's poison from invading our body."

"If Zhao Kunxin obtains the Dragon magic herb, doesn't that mean he's earning himself a great death?" One of them said unhappily, "If this thing falls into his hands, he will definitely make a fortune with it."

"This is for sure!" But when that time comes, Leader will probably force him to release the price a bit, otherwise, many people will not be able to afford it. "

Chen Xiang also wanted to 'get' some Dragon magic herb to 'get back, but after asking around, although there were people who had heard of the Dragon magic herb, they all appeared somewhere.

"Where did Zhao Kunxin 'get' it?" Chen Xiang thought, while walking on the street, he felt that the Dragon Devil Dead Land might have Dragon magic herb.

"If you have the chance, ask the Grand Elder!" Chen Xiang strolled around for another day, and at this time, he also found the few medicinal ingredients he needed. These medicinal ingredients to refine pills could allow him to improve rapidly in the Six Gods Stage, it was just that they were all low grade Supreme God pills.

Even if he wanted to successfully refine the pill, he would need to eat a lot of granules. This meant that he would also need a lot of ingredients, and he couldn't grow a lot like before.

If he were to directly buy the seeds, he would need even more Dao crystal.

"Seems like I can only use the old method!" Chen Xiang's old method was to use the Alive Slain Method to condense the purple pearl and then duplicate the medicinal ingredients.

The Supreme Divine Medicine was an extremely high-grade Divine Medicine, and even with Chen Xiang's current cultivation, if he were to use the Alive Slain Method to condense the purple pearls, there would be a lot of purple pearls, which meant that it would take a very long time.

Chen Xiang returned to the small island in the lake and looked at the herbs grown in You Yao Mountain Villa. They were all the ingredients to refine Six Shenprofound Dan s and would ripen soon.

The Six Shenprofound Dan could let people at the peak of the Late period of Three profound realm to easily step into the Six Gods Stage, and there were many disciples at the peak of the Late period of Three profound realm.

"All we need to do is wait patiently."

Chen Xiang closed his eyes, and looked at the Six yuan god in the Divine Sense Sea. This Six yuan god was currently very weak, he was only in the early stages of Six Gods Stage, but luckily his previous foundation was very solid. Therefore, even though his Six yuan god was in its weakest state, if he used his full strength, he could still compete with those in the middle stages of Six Gods Stage or later stages.

After a few days, Chen Xiang did not see the Great Clan Elder return either. He guessed that the Great Clan Elder had gone to the Dragon Devil Dead Land to investigate.

"It's already matured. High-grade Heavenly God medicine is relatively easy to cultivate ..." It's just that I don't know if the Primordial Divine Medicine will be hard to cultivate. "

Cultivating medicinal herbs was a method for Chen Xiang to obtain endless pills and earn more Dao crystals. Currently, in many of the shops here, there were many rare medicinal herbs that he could not grow, and this caused his head to be injured.

"There must be a way, I will start refining the Six Shenprofound Dan now!" Chen Xiang took out the medicine for the Six Shenprofound Dan. He used the dao energy of the Heavenly Alchemy Dao line to refine it.

"The fastest speed is three batches in two hours, and I can produce eighteen pills!" After Chen Xiang refined for two hours, he took a small breath and relaxed his mind.

"Now that I have the Heavenly Alchemy soul, I wonder if it will be of any help in refining pills."

Chen Xiang's heart stirred, and then he started to refine pills again. This time, he released the Heavenly Alchemy immortal power, urging out the flames, which ignited the medicinal ingredients before they even touched the flames.

When the Divine Might Torch wrapped around the medicinal ingredients, it suddenly flashed and caused a small and weak explosion. The medicinal ingredients were already gone and had turned into many tiny crystal particles.

"So fast!" Chen Xiang himself was shocked. Using this divine fire to refine pills was much faster than before.

When using the Heavenly Alchemy Dao line, the speed at which the ingredients were refined was already fast enough. Now that the divine flame was added, the speed had increased by a lot.

Releasing the Heavenly Alchemy immortal power would require a Heavenly Alchemy Dao power, if not, the Heavenly Alchemy immortal power would have become much weaker. Now that Chen Xiang had fused the two together, the effect was unexpectedly good.

After the medicine had turned into a crystal grain, Chen Xiang once again released the divine flame to refine the crystal grain. Once the Heavenly Alchemy immortal power was out, the crystal grain immediately melted and then merged together by Chen Xiang, turning into a large lump of medicinal crystal.

Chen Xiang split it into seven parts, and separated them into different pellets!

When he was condensing the pellet, he also used the Heavenly Alchemy immortal power to wrap it up, which suddenly made the originally difficult condensing the pellet much easier!

"Seven pills!" Chen Xiang refined one more pellet than before. Before this, he never thought that the Heavenly Alchemy immortal power would bring such a huge advantage in refining pellets.

"It will be even easier to refine pills in the future. Currently, I'm only lacking medicinal ingredients!" Chen Xiang's own body being able to fuse with the Heavenly Alchemy soul was a matter that had never happened before. Previously, the people from the Heavenly Alchemy Divine Sect who possessed the Heavenly Alchemy soul had all thought of using the Heavenly Alchemy immortal power to refine pills, but none of them succeeded.

### [Chapter 2833](#)

Using the Heavenly Alchemy immortal power to release the Fire of Heavenly Alchemy power made Chen Xiang's refining speed seem like he was flying, it was even faster than before.

Now, in just two hours, he had refined ten batches of Six Shenprofound Dan, all of which were of extremely high quality, and each batch could produce seven pellets!

He already had nearly ninety pills, which meant that he could help around ninety people who had been stuck at Late period of Three profound realm for many years to break through to Six Gods Stage!

As for how much he wanted to set a price, he did not think it through. He planned to ask Elder Dan about it, but the Great Clan Elder had not come back yet.

He continued to refine Six Shenprofound Dan for a few more hours. He had finished refining the necessary ingredients, and now that he had more than three hundred Six Shenprofound Dan s, he could start selling them.

He looked at the fish swimming around the lake and waited for the grand elder to come back. He had some things he needed to ask the grand elder.

"The Heavenly Alchemy immortal power is very helpful in refining pills, I really didn't expect that! I wonder if it can be used to condense purple pearls?" As Chen Xiang thought of this, he immediately closed his eyes and concentrated on condensing the purple pearls.

When he was using the Heavenly Alchemy immortal power to condense the purple pearl, he encountered a situation he had never encountered before.

But now, after cultivating for half a day, he was still unable to successfully condense a purple bead!

"Using the Heavenly Alchemy immortal power will allow you to condense purple pearls, but it will take a long time. Could this mean that the quality of the purple pearls you condense will be of high quality?" Chen Xiang was extremely curious, so he decided to condense a purple pearl.

Just like that, he sat by the shore, completely focused on condensing the purple pearl while calculating the time.

"We finally succeeded! It took us three days!" Chen Xiang spent three days to condense a purple pearl. The purple pearl was also very strange, its exterior was glowing with a golden light, and the vitality it contained was extremely strong.

After he had condensed the purple bead, he was about to give it a try when he discovered that the Great Elder had already returned.

"Grand Elder, when did you return?" Chen Xiang saw the Great Clan Elder drinking tea in the courtyard and immediately walked over and asked while grinning.

"I've been back for over a day. I saw you cultivating there, so I didn't disturb you. The Great Clan Elder poured Chen Xiang a cup of tea, and said with a smile.

From his expression, one could tell that he was in a good mood.

"Great Clan Elder, you went to the Dragon Devil Dead Land and came back?" Chen Xiang asked: "How's the situation over there?"

"It's not as bad as I thought. It's just that a lot of these people had their bodies invaded by the Dragon Demons, and the majority of these Dragon Demons are currently gathered in the area controlled by the Flying Dragon Palace. " The Great Clan Elder said, "We have previously captured a few Dragon Demons. After using a secret technique to search their souls, we found out that these Dragon Demons had obtained an order to search for the Flying Dragon Experience Place!"

The Flying Dragon Experience Place was being controlled by the Flying Dragon Palace, so a large portion of the Dragon Demons were gathered in the Flying Dragon Palace, and the Dragon Demons were going to look for the Flying Dragon Experience Place.

"Great Elder, what are the Dragon Demons planning?" Chen Xiang thought about it, but he also didn't understand why.

"Dragon Devil Emperor Venerable wants to use Flying Dragon Experience Place to increase his strength, this is our guess right now. Although Dragon Devil Emperor Venerable is already very strong, Flying Dragon Experience Place is still very helpful to him." The Great Clan Elder said, "Which is to say, he is not in the center of us, but in the Flying Dragon Palace."

"The one unlucky is the Flying Dragon Palace!" Chen Xiang laughed. Flying Dragon Palace had always been a hateful person, and was not a good person either.

"Yes!" Now that the Flying Dragon Palace has realized the severity of the problem, he has begun to request for our Four Great Divine Sects's help. " The Great Elder said.

"Then do you help Flying Dragon Palace?" Chen Xiang asked: "How strong exactly are Flying Dragon Palace? But I heard that the Yuan Shi Tao School was once on par with the Flying Dragon Palace. "

"Behind the Yuan Shi Tao School are six Divine Sects s. Back then, when the Yuan Shi Tao School and the Flying Dragon Palace were fighting, the six Divine Sects s used a lot of their power! That's why the Flying Dragon Palace is an existence as powerful as our Four Great Divine Sects. The one who called himself the Ancestor Flying Dragon is actually very strong. "

The Great Clan Elder heaved a long sigh. After drinking two sips of tea, he continued, "Supreme Lord Flying Dragon was originally an existence similar to the Heavenly Alchemy Venerable Ancestor. Only he survived!"

"We will definitely help Flying Dragon Palace now! We cannot let the Dragon Devil Emperor Venerable pass the Flying Dragon Experience Place, this will make the Dragon Devil Emperor Venerable stronger,

and the Flying Dragon Palace has also promised us, if we help, the Flying Dragon Experience Place will help us at that time. "

Chen Xiang didn't understand, and asked again, "Why does Dragon Devil Emperor Venerable want to go to the Flying Dragon Experience Place?"

"He wants to become stronger! He doesn't want to be sealed anymore!" The Great Elder replied, "Everyone wishes to become stronger."

"I feel that this has something to do with the Myriad Tao Mausoleum. The Myriad Tao Mausoleum is about to open, but the Dragon Devil Emperor Venerable suddenly has an attribute, and broke the seal." Chen Xiang curled his lips: "There's no connection that's impossible."

"That's right, we had the same idea! The Myriad Tao Mausoleum is extremely attractive to powerhouses like the Dragon Devil Emperor Venerable. Right now, what we need to do is to stop him from successfully passing through the Flying Dragon Experience Place, otherwise, once he passes through the Flying Dragon Experience Place, his strength would increase greatly, making it difficult for him to do so. "

Chen Xiang took out the Six Shenprofound Dan he refined before, and asked: "Great Clan Elder, I am preparing to sell this kind of pill now, how many Dao crystal do you think are more suitable?"

"You have been investigating in our Heavenly Alchemy Divine Sect for the past few days, right? You decide! " The Great Elder chuckled, "You don't need to ask me. No matter how much you sell, it's all your freedom."

Chen Xiang nodded his head, and had a count in his heart.

"Great Clan Elder, is the Dragon Magic Dan useful for anything? Zhao Kunxin obtained a stalk of Dragon magic herb, I wonder where he obtained it from. " This was also what Chen Xiang really wanted to know.

"Dragon Magic Dan indeed have a great use, especially when you are fighting against the Dragon Demons ... According to the Dragon Demons that we captured alive, this batch of Dragon Demons now have even stronger Dragon magic poison s that are still effective in suppressing this poison. " The Great Elder said, "Don't underestimate the Dragon magic poison. Although this kind of Dragon magic poison is not fatal and would not cause anyone any pain, the most powerful thing is that it can easily cause people to be poisoned."

"Even some people with impenetrable would find it difficult to escape from this poison! Zhao Kunxin had this kind of Dragon magic herb, which was passed down from their Zhao Clan ancestors! At that time, there were three families in Heavenly Alchemy Divine Sect that possessed this kind of Dragon magic herb, but the other two families all separated themselves from Heavenly Alchemy Divine Sect, went out and became independent, and were ultimately exterminated.

Even with his impenetrable, he would be poisoned, which made Chen Xiang a little unbelievable. His resistance to poisons was very strong, hearing the Great Clan Elder's words, made him really want to try and see if the Dragon magic poison could really poison him.

"Great Clan Elder, do you have a Dragon magic poison? I want to try! " Chen Xiang heard that the Dragon magic poison would only cause people to enter a very bad state for a short period of time.

## [Chapter 2834](#)

The Great Clan Elder was very curious as to why Chen Xiang wanted the Dragon magic poison.

"You want to poison someone else?" The headmaster then asked, "Even if you poison it, it won't immediately flare up. It will only flare up after a period of time. This usually depends on how poisoned the person is and how their physique is."

"I want to try. My resistance to this poison is impenetrable." Chen Xiang laughed: "Great Clan Elder, you definitely have it, quickly let me try!"

Then, he took out a black bottle and poured a drop into Chen Xiang's cup of tea. "This is the Dragon magic poison, I extracted it myself. Don't worry, at most, the ones that won't kill you with poison will only result in you being very negative for a period of time. "

Chen Xiang picked up the cup of tea and drank it. After that, he focused on feeling the Dragon magic poison, but he could not sense anything. This made him even more baffled.

"Alright, you should go back to your room to rest. I think you'll have a fit soon." The Great Elder couldn't help but smile, "After you experienced it, you knew how powerful this poison is. I also tried it back then."

Chen Xiang nodded, then returned to his room and waited for the poison to strike.

He suddenly felt that he was very funny, actually doing such a stupid thing.

The next morning, Chen Xiang laid on the bed, feeling weak all over, his mind was in a mess and he was yawning non-stop.

"Am I really poisoned?" Shen, Shen and Xiao said that Xiao Xiang had just gotten out of bed not long ago. He then laid back on the bed, not wanting to get up. He was very tired.

"No, I must resist this poison!" Chen Xiang had already experienced the poison's power, so even if he fused with the Heavenly Alchemy soul, he would not be able to escape.

He struggled to get up from the bed and staggered into the courtyard. He looked listless, as if he had not slept for many days.

"Not bad, you can actually get up." The Great Clan Elder was surprised and laughed, "I had thought that you would need to sleep for a few days! At the very least, I took that drop of poison, so I wouldn't be able to get up by the next morning.

Chen Xiang sat down heavily on his butt, yawned, and said lazily: "This poison is indeed powerful ... Is it really only the Dragon Magic Dan that can be unraveled? "

"There's only the Dragon Magic Dan, the Zhao Clan is rich now." The Great Clan Elder said, "After Zhao Kunxin was taught a lesson by you the last time, he became much more obedient.

"No, I can't take it anymore. I'm very tired!" After Chen Xiang finished speaking, he fell asleep on the table.

When he woke up, five days had already passed!

"Motherf \* cker, what a powerful poison. I haven't experienced the feeling of being poisoned for a long time!" The Dragon magic poison in Chen Xiang's body had already been eliminated, and he once again recovered his fierce and energetic state.

Chen Xiang had been lying on this table for five days already. When the Great Clan Elder saw him wake up, he smiled and said, "This is the Dragon Magic Dan I just bought.

"Of course. Right, how much is this Dragon Magic Dan? " Chen Xiang asked.

"Five thousand Myriad Tao Crystals for one pellet. This time, this Zhao Clan has some conscience!" The Great Clan Elder passed the pellet to Chen Xiang: "This is my gift to you!"

Five thousand Myriad Tao Crystals is still a conscience! This made Chen Xiang secretly despise him in his heart.

"I'll try!" Chen Xiang drank another drop of Dragon magic poison.

He waited until the morning of the second day and started feeling sleepy again. He immediately ate that piece of Dragon Magic Dan.

"The Dragon Magic Dan is really good!" Chen Xiang walked out of the house, and in order to test for this poison, he also wasted several days of time.

"That's true. Right now, this kind of pill is also very popular. Furthermore, eating one would be able to resist the Dragon magic poison for a month." The Great Clan Elder said, "If you go and buy them now, you will definitely not be able to buy Dragon Magic Dan. Not only our Heavenly Alchemy Divine Sect needs them, all the other Divine Sects's people will also come and buy them."

"Great Clan Elder, are Zhao Clan and the rest selling the Dragon magic herb?" Chen Xiang himself also wanted to save up some Dragon Magic Dan s, if he wanted to refine it himself, he would be able to refine more out of it.

"Of course I'm selling it. A Dragon magic herb's one hundred million, this is the supreme divine medicine." The Great Elder said.

"A hundred million Dao crystal, why is it so expensive? Dragon Magic Dan s only have five thousand Myriad Tao Crystals each! " Chen Xiang shouted in shock.

"One Dragon magic herb is able to refine two or three, so the price is this. If you think that you can steadily refine three Dragon Magic Dan with one Dragon magic herb, you can directly buy three." The Great Clan Elder said: "But to use Dragon magic herb s to stabilize and produce three pellets, it is not easy, the Dragon magic herb itself is extremely special, I can only guarantee that it can produce two pellets, and most Alchemist s can only produce one pellet."

Chen Xiang decided to try refining the Dragon Magic Dan. He left the small island and went to Zhao Clan's shop. He spent five hundred million Dao crystal and bought five of them.

"Chen Xiang?" Just as Chen Xiang left the store in Zhao Clan, he saw Zhao Kunxin.

Zhao Kunxin rode on his beautiful white lion, and he was also surprised to see Chen Xiang, although he already knew that Chen Xiang came to Heavenly Alchemy Divine Sect at the invitation of the Great Clan Elder, he did not expect him to appear in their family's shop.

"Hello, Young Master Zhao!" Chen Xiang politely smiled at Zhao Kunxin.

Everyone here had heard of Chen Xiang's name, but they had never seen him before. Now that they knew who he was, many of them came over to take a look.

After all, Chen Xiang was someone of the Heavenly Alchemy soul, and he had even defeated Zhao Kunxin ruthlessly. Now, they had actually met Zhao Kunxin in Zhao Kunxin's shop.

"Hello, I didn't expect to see you again, in Heavenly Alchemy Divine Sect! "What kind of medicinal herbs did you buy?" Zhao Kunxin smiled at Chen Xiang, it seemed that he did not hate Chen Xiang.

"Dragon magic herb!" Chen Xiang would not hide it, Zhao Kunxin would find out sooner or later anyway.

"Do you want to refine your own Dragon Magic Dan? This is a Taizun Dan, you are only at the early stage of Six Gods Stage now, so it will be quite difficult for you. On the surface, Zhao Kunxin did not reveal any expression of hatred towards Chen Xiang, but everyone could see that this Zhao Kunxin really hated him.

"Young Master Zhao doesn't need to worry about that!" Chen Xiang also didn't want to have any conflicts with Zhao Kunxin, so he hurriedly left the shop.

"Chen Xiang, do you still have more Six Shenprofound Dan? I want to buy it, the price is easy to negotiate with you! " An old man suddenly shouted when he saw Chen Xiang walking out.

This old man was from the Late period of Three profound realm, his face had many wrinkles, if he did not break through, he would die of old age.

"Yes, one hundred million Dao crystal!" Chen Xiang said.

"One hundred million Dao crystal pills? "Don't tease me, you're too much of a bully." The old man said angrily.

Chen Xiang was suspicious, and said: "How did I bully you?"

"100 million Dao crystal is so cheap, you must be lying!" The old man continued.

"Exactly!"

Young lad, don't think that just because you concoct pills that you are strong that you do not respect the elderly. You are in the wrong.

Zhao Kunxin began to laugh coldly, "Chen Xiang, even though you are the guest invited by the Great Clan Elder, it is not right for you to look down on people this much!"

"Old sir, you have misunderstood, I really want to sell one hundred million Dao crystal s for one pill!" As Chen Xiang said this, he took out a piece of Six Shenprofound Dan and gave it to me. "This is the Six Shenprofound Dan, you can eat it first and then give it to me."

The old man was stunned for a moment, and then received it: "Is this really a Six Shenprofound Dan?"

Only he was sure, that it was the Six Shenprofound Dan, and Chen Xiang was actually selling it for a hundred million each. This made him extremely pained, if it was sold to him, he was sure that he would kill the other party for a few billion or so.

### [Chapter 2835](#)

Six Shenprofound Dan's reputation was great, partly because this pill had defeated Zhao Kunxin, and partly because many Late period of Three profound realm s regarded this pill as very sacred.

To many people who were stuck in Late period of Three profound realm, no matter how expensive they were, they would think of ways to earn Dao crystal s to buy them. Because to this group of people, if they did not break through, they were as good as dead!

Therefore, Chen Xiang selling them at one hundred million Dao crystal for one pellet made many feel that it was impossible, it was simply too cheap!

"Is this really a Six Shenprofound Dan?" When the old man received the pill, he still didn't dare to believe it.

"You'll know when you eat it." Chen Xiang laughed: "If I can't let you break through, I don't want your Dao crystal!"

"Alright!" The old man suddenly became excited, and after consuming the pill, he immediately felt the strong force of the pill entering his Divine Sense Sea, entering the Spirit of the Dao gods.

Sensing the medicinal power, the old man was so excited that his entire body was trembling. He immediately gave Chen Xiang a Storage bag and said: "There are two hundred million of them, your pill is real, thank you very much!"

With that, the old man left in a hurry. He wanted to find a quiet place to cultivate and break through.

After Chen Xiang received the two hundred million Dao crystal, he was secretly overjoyed. He never thought that the disciples of the Heavenly Alchemy Divine Sect would become so rich.

Zhao Kunxin saw Chen Xiang doing a business at the entrance of his shop. The novel ybdu. He didn't feel good about it at all. What he felt most was jealousy and an inexplicable sense of anger!

"Chen Xiang, how many Six Shenprofound Dan do you have? I want them all! " Zhao Kunxin suddenly said, because he had already seen many people getting restless, wanting to buy the Six Shenprofound Dan from Chen Xiang.

Only Chen Xiang and the Great Clan Elder had the Six Shenprofound Dan's medicinal ingredients, and back then, Chen Xiang had taken a lot of them from the jade vat. Zhao Kunxin also knew, so he determined that the Six Shenprofound Dan in Chen Xiang's hands were all made from those medicinal ingredients, which meant, that the Six Shenprofound Dan in Chen Xiang's hands did not have much, if he could buy them and sell them, then he would definitely be able to earn a lot by that time.

Chen Xiang could already guess Zhao Kunxin's plan with his knees.

"Great Clan Elder said that selling the Six Shenprofound Dan is beneficial to Heavenly Alchemy Divine Sect, as it can let the disciples of Heavenly Alchemy Divine Sect enter the Six Gods Stage even faster." Chen Xiang said.

"That's fine. Sell the pill to me, and we'll help you sell it. This way, you'll be able to save a lot of trouble." Zhao Kunxin laughed, "I guarantee that you'll be satisfied with the price I gave you!"

Everyone was cursing at Zhao Kunxin in their hearts. Everyone knew that the Zhao Clan was very evil, if not for the pressure from the Leader and the rest, the Dragon Magic Dan would definitely have made a huge profit this time, raising the price. But if they did this, they would have angered the higher ups of the Heavenly Alchemy Divine Sect.

Chen Xiang thought for a moment, then nodded: "Alright, if the price is satisfactory, I can let you help me sell it."

Of course, Chen Xiang was very clear that he hated at the moment, it was just that he did not reveal it, he could already feel Zhao Kunxin's killing intent.

When he was fighting with Zhao Kunxin previously, Zhao Kunxin had tried his best to cripple him, and he had never forgotten about this.

Zhao Kunxin smiled slightly: "Come in!"

Chen Xiang followed Zhao Kunxin to the living room inside the shop, after entering, Zhao Kunxin went straight to the point, and said: "Five hundred million pills, how much do you have, how much do you want?"

"The price is good, but..." I'm worried that you won't be able to finish it! " Chen Xiang shook his head and laughed.

"How many do you have?" Zhao Kunxin did not know how many medicinal herbs Chen Xiang had taken from the jade vat at that time. Although he did not have the precious medicinal herbs of the Six Shenprofound Dan, he knew that the medicinal herbs would not be easy to cultivate.

"Three hundred pills!" Chen Xiang said: "Do you want to finish it?"

Even though Zhao Kunxin was already mentally prepared, he couldn't help but take a deep breath. Three hundred pills, five hundred million would be a hundred and fifty billion Dao crystal s!

However, with his current abilities, he really couldn't afford it!

He never thought that Chen Xiang would actually be able to obtain so many medicinal ingredients from the Great Clan Elder, and was able to refine three hundred Six Shenprofound Dan.

"Fine, give me some time. Wait for me here, I'll be back soon." Zhao Kunxin felt that this was a very good opportunity. If he were to buy the only batch of Six Shenprofound Dan, he would be able to sell them twice more.

There were a lot of people from the six Divine Sects and Chen Xiang did not know how many, but when he investigated the shops these few days, he realized that the disciples were all very rich. After all, this was a big Divine Sects and all the disciples in the Divine Sects had ways to earn a lot of Dao crystal s.

Moreover, not only were the six Divine Sects's pellets sold internally, they were also sold externally. The disciples of the other three Divine Sects s would often come here to buy large amounts of pellets.

"150 billion should not be much to Zhao Clan, he seems to be very rich!" Chen Xiang thought to himself, if he could get his hands on this set of Dao crystal, he could buy the Seeds for the Supreme God Pellet.

Zhao Kunxin said that he would be back soon, but Chen Xiang had waited for an hour and Zhao Kunxin had not appeared yet. He could understand that a hundred and fifty billion was not a small amount and it would take some time.

"Master Wang, I'm already in Heavenly Alchemy Divine Sect. The Great Clan Elder of Heavenly Alchemy Divine Sect is a good person, if you reform your body quickly, I think you should seek his help." Chen Xiang said: "Maybe you can even stay in the Heavenly Alchemy Divine Sect!"

Heavenly Alchemy Divine Sect was like a sacred place to the Master Wang.

"Can Grand Elder really make people feel at ease?" Master Wang was moved.

"I can definitely make you feel at ease. I think people are always very accurate." Chen Xiang said.

"Alright, then you can help me talk." Master Wang had already made her decision.

Of course, Chen Xiang could also help the Master Wang, but at this rate, he did not know when the Master Wang would be able to reconstruct his true body.

Zhao Kunxin came, he came by himself.

Chen Xiang had thought that Zhao Kunxin would bring a senior from their Zhao Clan, but he didn't.

"It's done?" Chen Xiang asked.

"Three hundred pills, right? Don't lie to me, I'm very serious. " Although he did not manage to obtain the Heavenly Alchemy soul at the Heavenly Refining Conference, Zhao Kunxin was still a top-notch genius within the Heavenly Alchemy Divine Sect.

Therefore, when the matter of the Great Clan Elder favoring Chen Xiang was found out by the people of the Zhao Clan, the elders of the Zhao Clan denounced the Great Clan Elder one after another.

The Great Clan Elder did not say anything. As an elder, he wanted to maintain harmony in the Heavenly Alchemy Divine Sect, so he could only accept it. The power of the Zhao Clan was rather strong in the Heavenly Alchemy Divine Sect, so he did not want to provoke them.

"I'm serious too!" Chen Xiang took out a jade box and opened it. Inside, many Six Shenprofound Dan s shining with white light appeared, causing Zhao Kunxin to stare blankly.

## [Chapter 2836](#)

Zhao Kunxin took a few deep breaths. He was extremely excited at the moment, he felt that once he bought these Six Shenprofound Dan and sold them off, he would be able to make a huge profit.

There were so many people in this thousand story floor, and the Dao crystal's resources were very abundant. As long as he had some time, he would be able to sell them sooner or later.

"Go count for yourself the one hundred and fifty billion Dao crystal." Zhao Kunxin passed Chen Xiang a Storage bag.

Chen Xiang took a moment to count them all, even when using his own consciousness to count, he still needed a lot of time to count them all.

"Enough, let's have a happy cooperation!" Chen Xiang laughed, "I still have things to do, so I'll be taking my leave first!"

Chen Xiang hurriedly left, he was worried that Zhao Kunxin would go back on his words, and Zhao Kunxin was also worried that Chen Xiang would go back on his words.

Zhao Kunxin felt that Chen Xiang did not know how to make use of Six Shenprofound Dan to earn Dao crystal, he could understand why. After all, Chen Xiang's medicinal ingredients came from the Great Clan Elder, and the Great Clan Elder hoped that Chen Xiang would lower the price so that the disciples of Heavenly Alchemy Divine Sect could benefit from it.

Chen Xiang was an outsider, coming to Heavenly Alchemy Divine Sect, even if he wanted to sell it at a high price it wouldn't be easy, but he, Zhao Kunxin, was different.

"This guy made me a fortune, but I won't thank him for that! I have to destroy him, I can't let this guy step on my head. " Zhao Kunxin rode on the White Lion and looked at the distant streets. Chen Xiang's eyes flickered with a sinister light.

... ..

Chen Xiang laughed to himself as he walked along the road: "Does this guy really think he can profit from me so easily? Just you wait! "

He hurriedly returned to the small island, and then closed himself off to focus on growing the Six Shenprofound Dan's medicinal ingredients. He planned to refine a batch of Six Shenprofound Dan and sell them at a low price at that time, so that the Six Shenprofound Dan in Zhao Kunxin's possession would be hard to sell.

"I never thought that the Heavenly Alchemy immortal power would be so useful. The Creation God's Spring that was refined with divine power will grow medicinal ingredients even faster!" The purple pearls Chen Xiang had condensed using the Heavenly Alchemy immortal power were also very special.

However, he had yet to use those purple pearls, so he didn't know how effective they were.

Ten or so days later, Chen Xiang already had a thousand Six Shenprofound Dan in his possession. He felt that if he sold these Six Shenprofound Dan, he would be able to gather enough Dao crystal for a period of time.

Walking out of the secret room, Chen Xiang saw the Great Clan Elder.

"Grand Elder, there's something important I need to talk to you about." Chen Xiang said, he wanted the Great Clan Elder to help the Master Wang rebuild its body.

"Chen Xiang, you sold the Six Shenprofound Dan to Zhao Kunxin?" The Great Clan Elder said, he was somewhat dissatisfied with this matter, but he could not say anything, since Chen Xiang lacked Dao crystal.

Chen Xiang nodded his head: "Zhao Kunxin started selling?"

"Not yet, he's been building up his momentum all this time. It seems like he wants to sell the Six Shenprofound Dan s for one pill for two billion. Even if they can't get it that high, it's at least worth one and a half billion." The Grand Elder sighed.

"Hehe, when the time comes, he'll be waiting to cry!" Chen Xiang couldn't help but laugh. Zhao Kunxin helping the Six Shenprofound Dan create momentum was also a good thing for Chen Xiang.

"How much did you sell it to him?" How much did you sell it for? " The Great Elder asked. He was also very curious about this.

"Five hundred million Dao crystal pills, I sold three hundred to him."

The Great Clan Elder was also shocked by the number. It was not 500 million pills, but 300 Six Shenprofound Dan s.

"When the time comes, he will prepare for the auction. He has invited other Divine Sects s and some sect's big shots recently because he wants to sell them at a good price. At this time, many people are already gathered in Heavenly Alchemy Divine Sect who want to buy this pill." The Great Clan Elder felt that Chen Xiang was not worth it and sighed, "If you were to sell it, you would definitely earn a lot.

"I understand Zhao Kunxin, although he doesn't hate you on the surface, he definitely hates you to death deep in his heart, you shouldn't have teamed up with him." The Great Clan Elder looked at Chen Xiang with a helpless expression.

"I know that!" I have competed with Zhao Kunxin before, and I already felt his hatred for me at that time, as if he had several lifetimes of deep hatred for me. " Chen Xiang smiled indifferently: "So I plan to make him hate me to the end."

"You ..." The Great Clan Elder quickly understood what Chen Xiang was planning. But if this is the case, then we can indeed suppress Zhao Clan a little. Zhao Clan took out a hundred and fifty billion Dao crystal, and gave it his all. "

Great Clan Elder, when the time comes, you will anger the entire Zhao Clan, so you must help me hold on! Chen Xiang said.

"Don't worry, at that time, if Zhao Clan dares to act recklessly, I can openly exterminate them." "If they violate the rules of the Heavenly Alchemy Divine Sect, I will definitely punish them severely."

"That's good!" Chen Xiang heaved a sigh of relief, then told the Great Elder about the Master Wang.

Great Elder had also heard of the Master Wang before, and was slightly surprised to learn that the Master Wang had always been with Chen Xiang.

"Leave this matter to me. I will definitely restore the Master Wang to her original state." The Great Clan Elder patted his chest and promised, he also took out a container and allowed Master Wang to enter it.

After settling this matter, Chen Xiang felt much more relaxed.

"I'm busy now, I'm going out to sell Six Shenprofound Dan." Chen Xiang laughed and then he hopped away from the small island.

In the streets of Heavenly Alchemy Divine Sect, many people knew that Zhao Kunxin was preparing to open an auction and sell a Six Shenprofound Dan every day.

Previously, when many people heard that Chen Xiang had sold a few Six Shenprofound Dan for a hundred million, they all became overjoyed. However, after hearing that Chen Xiang had sold a few Six Shenprofound Dan to Zhao Kunxin, everyone could only sigh helplessly.

Just as the Six Shenprofound Dan's name was famous, a lot of people recognized Chen Xiang as he walked on the street.

"Chen Xiang, do you still have more Six Shenprofound Dan?" After one of them recognized Chen Xiang, he hurriedly walked over to ask. He was also the person who wanted to buy the Six Shenprofound Dan.

"Yes, 100 million pills!" Chen Xiang said with a smile.

The middle-aged man was shocked. He thought Chen Xiang was joking, after all, Zhao Kunxin was building up momentum for the Six Shenprofound Dan, which meant that Zhao Kunxin had all the Six Shenprofound Dan under his control.

But now, Chen Xiang had suddenly popped up and even sold it for a hundred million, then what was going on with Zhao Kunxin?

Therefore, that middle-aged man did not expect to receive such a shocking response from him!

#### [Chapter 2837](#)

"Do you want it?" Chen Xiang laughed: "I don't want to go."

"Is it, is it the real Six Shenprofound Dan?" the middle-aged man hurriedly asked.

"Of course it's true! You are also a disciple of the Heavenly Refining Divine Sects, so even if you don't know how to refine pills, you can still recognise pills right?" Chen Xiang took out a Six Shenprofound Dan.

"It should be true. This pill energy can let my Three profound God s clearly sense it." The middle-aged man quickly took out a hundred million Dao crystal and bought it.

After he ate it on the spot and felt the strong medicinal strength, he immediately dashed out and looked for a place to refine it.

Chen Xiang walked while selling them, and very quickly, he sold more than a hundred, the news spread like wildfire, and many people who came to the Heavenly Refining Divine Sects rushed to the street where Chen Xiang was at to buy Six Shenprofound Dan.

They had originally prepared many Dao crystal, and were already the best prepared to be slaughtered, but never would they have thought that Chen Xiang would suddenly sell them at a hundred million each.

When they first heard this news, no one believed it because it was simply impossible.

However, later on, when more and more people bought Six Shenprofound Dan, they had no choice but to believe it, and all went to find Chen Xiang to buy it.

Chen Xiang only walked half a circle on the streets of the Heavenly Refining Divine Sects, and already sold over three hundred Six Shenprofound Dan s.

When Zhao Kunyun heard the news, he immediately turned green from anger and almost spat out a mouthful of blood. He also suppressed his anger and rode on his White Lion to where Chen Xiang was.

From far away, he saw that Chen Xiang was surrounded by many people waiting to trade with him.

"Take your time, I still have some left. Everyone is limited to one pill." Chen Xiang laughed and shouted. There were many people who needed Six Shenprofound Dan, and they were very happy to see many people buying it. He was also very happy.

"Zhao Kunyun is here!" A person suddenly shouted.

Originally, it was noisy here, but after knowing that Zhao Kunyun had arrived, everyone immediately quietened down and looked at Zhao Kunyun who was riding on a strong white lion.

Zhao Kunyun's face was extremely gloomy, the muscles on his face twitched, he was currently enduring a great amount of anger and was unable to vent it, as though he was about to explode from the anger.

"Brother Zhao, do you still want the Six Shenprofound Dan?" Chen Xiang smiled and shouted to Zhao Kunyun: "Six Shenprofound Dan s are for sale, just one hundred million Dao crystal s!"

"You ... Wait and see! " Zhao Kunyun was so angry that his entire body was trembling, his voice trembling with anger, as he shouted at Chen Xiang while gritting his teeth.

With that, Zhao Kunyun rode on his White Lion and quickly left the place. He needed to find a place to vent his anger, if not he would really explode in anger.

"Why did he leave just like that?" Chen Xiang couldn't help but laugh. Seeing Zhao Kunyun's expression earlier, he sincerely laughed heartily.

Then, he would continue to sell his Six Shenprofound Dan!

After Chen Xiang sold himself for two days, he had finally sold out all of the Six Shenprofound Dan s. He was very satisfied with the thousand Six Shenprofound Dan being sold for a hundred billion.

Everyone was aware that Chen Xiang had tricked Zhao Kunyun, first selling a batch of Six Shenprofound Dan to him at a high price, then selling them here at a low price, causing Zhao Kunyun to poop out his pants.

Everyone felt that Zhao Kunyun did not die from anger, and was very impressive.

When Chen Xiang was done selling, he said that he would continue selling after a while. He said that he had a large number of Six Shenprofound Dan, and was afraid that no one would be able to buy them.

Therefore, many people were waiting for the next time Chen Xiang appeared. Many of the people who were invited by Zhao Kunyun earlier were also waiting for him.

Zhao Kunyun held an auction as scheduled, but no one took interest in it. It could be said that he had suffered heavy losses, and the entire Zhao Family viewed Chen Xiang as their enemy.

Of course, the Heavenly Refining Divine Sects had also spread that the Six Shenprofound Dan in Chen Xiang's hands were all provided by the Great Clan Elder, because the Great Clan Elder had previously been oppressed by the strong Zhao Family before.

Although there was such a saying, there were also people who jumped out to refute. This was because many people who bought the Six Shenprofound Dan had the same unique aura, and all of them had a faint divine might of heavenly refinement.

Everyone felt that it was not strange for Chen Xiang to be able to use the might of the Heavenly Refining Spirit to refine pills, so they were sure that the Six Shenprofound Dan that Chen Xiang was selling were all refined by him.

This way, Chen Xiang's reputation grew even higher. To be able to make the mysterious Heavenly Refining Divine Power Pill concoct pills, make the divine pellets have a unique Heavenly Refining Divine Spirit Aura, and sell the divine pellets at such a cheap price to benefit the masses, this caused many people to be filled with respect and awe.

"The Heavenly Refiner's soul has chosen the right person. As expected of the Heavenly Refiner's soul of our Heavenly Refining Divine Sects, it has even benefited many disciples of our Heavenly Refining Divine Sects."

"That's right, it's too smart for the Heavenly Refiner's soul to choose Zhao Kunyun. That guy always wants to scam us, not choosing him, and he's still not convinced."

"Chen Xiang is from the, and to be able to come to our Heavenly Refining Divine Sects as a guest, it is all thanks to the Great Clan Elder. Looks like the next time we choose Great Clan Elder, we must give him a vote."

The Great Clan Elder sat in the carriage, his heart feeling happy when he heard everyone's conversation. He was the same as everyone else, the Heavenly Refiner's soul had not chosen the wrong person, and now Chen Xiang was bringing the good news to the Heavenly Refiner Divine Sects.

Right now, Chen Xiang lived on the Great Clan Elder's small island, quiet and safe. The reason he dared to scam Zhao Kunyun was also because he had the support of the Great Clan Elder.

"The refining methods of the Heavenly Refining Divine Sects are really amazing. Even though I have used this technique to duplicate the medicinal ingredients, I am still unable to reproduce them."

Chen Xiang had thought that after using the purple pearl to duplicate those medicinal ingredients that had undergone special treatment, they would be able to grow again, but he still could not succeed.

"It seems like I can only honestly buy seeds. I already have 250 billion, so there shouldn't be much left to buy."

However, the effects of the purple gold bead were very strong. One pellet could replicate a kind of supreme divine medicine, but the refining time was quite long, and it was not as fast as growing it with the World God's Spring.

"I'll condense the purple gold bead when I have time, and with the assistance of the Creation Divine Spring, I'll be able to quickly obtain a large amount of the supreme divine medicine."

Chen Xiang's current goal was to quickly level up to the Tai Zun realm. The Heavenly Refining Divine Sects had a lot of ingredients and the pills made from these ingredients could allow a person to progress rapidly in the Six Gods Stage, but it would take a lot.

Chen Xiang walked out of the courtyard. Seeing that the Great Clan Elder had returned, his expression became heavy.

"Grand Elder, what's wrong?" Chen Xiang hurriedly asked, the Great Clan Elder had been understanding about the Dragon Demons.

"The Four Great Divine Sects is preparing to hold a conference, which will be held at the Heavenly Refining Divine Sects. At that time, the Flying Dragon Palace will also be here, so this meeting should be to discuss about the Dragon Demons." The Great Elder replied, "This meeting is extremely urgent. Moreover, there will also be an audience with the High Ancestor!"

#### [Chapter 2838](#)

Chen Xiang understood the current situation of the Great Clan Elder. These kind of urgent meetings were usually held when the situation was extremely serious.

He had always been inside the Heavenly Alchemy Divine Sect, so even though he had some information on what was going on outside, he did not know the specifics, and did not ask Grand Elder about the matters of the Dragon Devil Dead Land.

"Is the situation outside very serious?" Chen Xiang asked. The Dragon Demon's matter was related to the Myriad Tao Mausoleum, because the Dragon Demons wanted to enter the Myriad Tao Mausoleum, he did not know what they wanted to do there. In short, it was not a good thing.

"Yes, right now we both have a lot of information, and we will be able to communicate at that time. We will have to wait until then to find out the specifics." The Great Elder said, "You don't have to worry about this kind of thing. There's no use worrying about it. Just focus on concocting pills!"

The Great Clan Elder patted Chen Xiang's shoulder, then returned to his room.

Chen Xiang anxiously ran to the medicine street and bought three types of herbs. These three types of herbs, together with the two that the Master Wang had given him, he would be able to refine a low levelled Taizun Dan called "Taiji Yuanshen Dan". This kind of pill was very helpful to the Six Gods Stage, it could quickly raise the level of the Six yuan god.

Chen Xiang only bought three types of herbs, he did not directly buy the seed, because he still did not know how effective the Taiji Yuanshen Dan was.

If the effect was not good, then the seeds he bought would also be expensive. One must know that the seeds here were worth tens of billions of dollars each.

The three types of medicinal herbs that he had bought were all flowers while the herbs that the Master Wang had given him were herbs. Chen Xiang had long heard of the refining methods of the Taiji Yuanshen Dan from the Master Wang, and it was deeply engraved in his mind.

"I will first refine it, and then use the Crash method for the second batch." Chen Xiang planned to familiarize himself with them before he went on a rampage.

The quality of the pellets refined from Crash method had increased by many times, which saved a lot of medicinal ingredients and time.

Now that he was using the Heavenly Alchemy immortal power to refine pills, the difficulty would decrease greatly.

Ever since he discovered that he could use the Heavenly Alchemy immortal power to refine pills, he had not tried to use it to refine pills. Now that he thought about it, he was filled with anticipation.

Taiji Yuanshen Dan were only low tier Taizun Dan, but this type of pill could be raised based on the grade of the medicinal ingredients.

Most of the Supreme Force Divine Medicines on the market were of low quality, while the price of medium quality was at least ten times, or even a hundred times higher than the lower quality ones.

The majority of Taizun Dan could evolve, which meant that for the same type of pill, the grade of the medicinal ingredients would determine the grade of the pill.

"If the effects of this Taiji Yuanshen Dan are not bad, then the herbs I grow in the future will be of high quality." Chen Xiang knew clearly that it was not easy to reach the peak of Six Gods Stage. If he wanted to be fast, even using the Crash method to refine it would not be enough.

This required a higher grade of pills.

It was Chen Xiang's first time refining a Taizun Dan, and he did not feel the strain, but it was a little relaxing. This was because he had used the Heavenly Alchemy immortal power, otherwise, even if he had the Heavenly Alchemy Dao line, it would not have been so easy.

The price of Taizun Dan being sold in the Heavenly Alchemy Divine Sect was considered expensive in Chen Xiang's eyes, mainly because it was difficult to refine.

Buying it outside of Heavenly Alchemy Divine Sect would be even more expensive!

There was a heaven and earth difference between Taizun Dan and previous Natural Law Dan, especially when it came to the difficulty of refining them, just refining the medicinal ingredients was enough to hurt one's mind.

Chen Xiang had used no less than two days, and was still using the burning of divine might released by the strongest Heavenly Alchemy immortal power. If not for this support, he felt that he would need at least ten times more time.

"As expected, the Supreme One Divine Medicine is very difficult to deal with. The Master Wang had said before that he would need at least fifteen days to deal with it. If I do not have the Heavenly Alchemy

Dao line and the Heavenly Alchemy immortal power, I would need at least twenty days to complete them! "

Chen Xiang thought that if he wanted to use the Crash method, it would be extremely difficult!

"Taizun Dan are indeed hard to refine. They can no longer refine several batches in two hours like they did in the past. Refining one batch a day is already very fast."

Just as Chen Xiang came in contact with the Taizun Dan, he felt that the refining process was a little difficult.

Even so, it gave him hope.

Pills that were difficult to concoct tended to have excellent effects.

Someone like him, who was in the early stages of Six Gods Stage, would find it difficult to eat this kind of precious Taizun Dan without the support of a powerful force.

Even a genius like Zhao Kunxin would only be able to eat one pellet every month.

"After the collision, the quality will definitely be better! The effects of such a difficult pill to refine would definitely not be weak. " Chen Xiang was filled with anticipation.

The next step after being refined by the medicinal ingredients was not easy either. Fortunately, he used the divine flame to easily burn down all the scattered Medicine crystal and then merge them together.

In order to refine high quality pills, Chen Xiang did not refine many pills. These pills were mainly for his own consumption, and when refining many pills, he would usually sell them.

From start to finish, Chen Xiang took five days to refine a single Taiji Yuanshen Dan!

He did not eat them immediately, but refined a batch of Six Shenprofound Dan. There were five hundred in total, and after selling them, he sold them for another fifty billion.

He had been concocting pills in seclusion for a few days, but no one saw him. They were worried that he would not sell any more Six Shenprofound Dan, and that he would go out to buy Zhao Kunxin's expensive Six Shenprofound Dan.

Therefore, he needed a long time before he could sell some Six Shenprofound Dan, in order to maintain his mobility. Only then would others go to Zhao Kunxin to buy some.

After fishing for tens of billions, Chen Xiang returned to the small island and ate a Taiji Yuanshen Dan.

"This is something that I have spent five days refining. Just buying the medicinal ingredients requires six hundred million Dao crystal. It must have good effects." The three kinds of flowers Chen Xiang bought from here were all two hundred million Dao crystal, and a seed required two hundred times the price, which was forty billion seeds.

With Chen Xiang's current financial power, buying the seeds of the three kinds of flowers was very easy. Adding them all up, it would only be sixty billion Dao crystal s.

After eating the Taiji Yuanshen Dan, Chen Xiang attempted to use the Heavenly Alchemy immortal power to refine the medicinal power. However, the effect was very good, the speed of refining the medicinal power was very fast, if not, he did not know how much time he would need to refine it.

"According to this speed, I'll be able to finish refining it in one night." During the process of refining, Chen Xiang was relaxing his entire body and resting. At this moment, he could feel that the Six yuan god was increasing in strength after being refined at a rapid pace.

Although the improvement was obvious, he still needed to consume more of these pills in order to achieve a breakthrough!

At daybreak, Chen Xiang exhaled lightly: "The effect is still satisfactory. According to this speed, I would be able to breakthrough after eating around a hundred more pills or so! This kind of pill is very helpful to Six Gods Stage, even a seed is worth buying! "

### [Chapter 2839](#)

Before Chen Xiang bought the seeds, he had already understood that usually, buying the seeds was a big deal. Although the shop had a price tag, selling them or not was one thing.

Chen Xiang was worried that these shops had a good relationship with the Zhao Clan, because he would not sell them to him if he found out that he was the buyer. Hence, he changed his appearance and used a lot of identity to purchase the three flower seeds.

The process of buying the seed was very complicated, it required them to sign a blood contract. Chen Xiang had to promise them that if they were to grow a large amount of this flower, they definitely could not sell it in the Heavenly Alchemy Divine Sect. Furthermore, the other party had guaranteed that the seed would definitely sprout and grow.

"I'm too lazy to sell medicinal herbs, selling pills is the way to go." Chen Xiang was secretly happy. To be able to buy these three flowers, he felt a lot more at ease. What he needed next was time before he could break through.

These few days, he had refined 600 Six Shenprofound Dan and sold it off. Previously, he had spent 60 billion on buying medicinal herbs, but now he had earned it back.

This batch of Six Shenprofound Dan that he refined had been sold out for a relatively long time, and it was much longer than the last two times. The main reason was because there weren't as many people who needed Six Shenprofound Dan as before.

Chen Xiang felt that he could still sell two to three batches. At that time, if the time was right, he would sell the Taiji Yuanshen Dan.

He also needed a large number of Dao crystal to enter the Myriad Tao Mausoleum. In order to make it more convenient, he needed to prepare a lot of Dao crystal.

The Great Clan Elder had said twenty days ago that the Four Great Divine Sects was going to hold a meeting, and the meeting was about to begin soon. The people of Four Great Divine Sects and the Flying Dragon Palace had already gathered at a reception area in the Heavenly Alchemy Divine Sect.

Chen Xiang was also invited to that place by the Great Clan Elder, and it was extremely lively inside. At this time, Chen Xiang also saw that the other Divine Sects were all extremely strong, and many of the young people there were in the mid to late stages of Six Gods Stage.

Many of the houses in the manor were filled with people, all of them were from the other three Divine Sects and Flying Dragon Palace. Chen Xiang never thought that there would actually be so many, adding up there would be more than a thousand.

While Chen Xiang was wandering around, he suddenly saw a familiar face.

"Uncle Lin!" Chen Xiang immediately sent a sound transmission to Lin Jitian. Lin Jitian had finally come out of seclusion.

After Lin Jitian came out of seclusion, he found out about many things related to Chen Xiang. He was extremely shocked and impressed by Chen Xiang's current achievements.

"Brat, you're really amazing! Speak from the inside!" Lin Jitian also used sound transmission to communicate with Chen Xiang. He knew that Chen Xiang's current identity could not be revealed.

After Lin Jitian came out from closed door cultivation, his strength had increased a lot.

For Lin Jitian to be able to follow the six Divine Sects to this meeting, it could be seen that he had a certain amount of strength, and that he even had a room of his own here.

"Uncle Lin, just what is going on?" It's just a meeting, but there's actually so many people here! " Chen Xiang said: "Could it be that we are going to start a war?"

"More or less! Now it's time to discuss how to fight!" Lin Jitian said, "The situation outside is not very serious, because the Dragon Demon did not attack the humans on a large scale. Instead, they took over the ancient Transmission array to head to the Myriad Tao Mausoleum."

There was only one Flying Dragon Pagoda that had access to the Myriad Tao Mausoleum, and that was because many experts from the Four Great Divine Sects and the Four Great Divine Sects were guarding it to prevent anyone from destroying it.

But now, it was occupied by the Dragon Demons. It was obvious that the Dragon Demons had used a very powerful force at that time to seize it. Who knows, an intense battle might have broken out there.

"Brat, you are now in Six Gods Stage right? You can come with me to the Myriad Tao Mausoleum now. It's said that the reason for this meeting is to kill off the Dragon Demon and then enter the Myriad Tao Mausoleum." Lin Jitian laughed, "Don't worry, when you are with me, I guarantee that you will be fine. I am now using the Late period of Tai Zun realm, not only did I recover my strength, I even broke through a level."

"Really? That's great!" Chen Xiang was also very happy. "When the time comes, I will go with you! But I'm worried that the Dragon Devil Emperor Venerable will cause trouble in the Myriad Tao Mausoleum."

"There will be that group of reverends to settle this, we don't need to worry about that. We just need to enter the Myriad Tao Mausoleum and take whatever we see." Lin Jitian was actually very optimistic, he patted Chen Xiang's shoulders and laughed: "I didn't expect you to be so good at refining pills, to have collected so many Dao crystal in the Heavenly Alchemy Divine Sect."

Chen Xiang only laughed, the Dao crystal he earned was something many late stage Overlords found difficult to earn.

Chen Xiang and Lin Jitian chatted idly, talking about his encounters in the Super Origin Dan Hall. Lin Jitian sighed that he was in closed door cultivation, if not for that, he would definitely beat the crap out of Yu Jinggong.

Just as they were chatting, Chen Xiang suddenly sensed a very weak yet familiar Qi.

Seeing the change in Chen Xiang's expression, Lin Jitian anxiously asked: "What's wrong?"

"There's a very strong guy approaching us." Chen Xiang said: "Let's go out and take a look!"

"What guy?" Your enemies here? As long as they are not your ancestors, I can fight with them. " Lin Jitian had six Divine Bars in his hands, these weird Divine Tools could turn a person into a pig, a cow, or a sheep at any time.

"No, this guy is my friend ..." You might have heard of his name, his name is Bat Super Venerable. " Chen Xiang said.

He was very familiar with the aura of the Bat Super Venerable. Back then, when the Bat Super Venerable made a move to kill a large number of Dragon Demons, the shock he felt was hard to forget.

"This guy!" I have indeed heard of him, but I heard that he's just a little brat, and is indeed very powerful. However, if I were to fight with him, I might not necessarily lose. " Lin Jitian was very confident in his own strength. He followed Chen Xiang out and sure enough, they saw a person in a black robe and wearing a black mask on his face.

Because Bat Super Venerable's cultivation technique was a bit special, he was only a child in his teens right now, so he wasn't too tall.

However, everyone recognized this ghost mask. After they saw him arrive, they all stepped aside, worried that he might kill them.

No one dared to breathe too loudly. No one expected that the person who had a grudge with the Heavenly Alchemy Divine Sect would actually come to the Heavenly Alchemy Divine Sect.

"Little Bat, this way!" Chen Xiang transmitted to the Bat Super Venerable.

Bat Super Venerable immediately walked over. He was also here to look for Chen Xiang. After he entered Lin Jitian's room, he asked: "Is this guy reliable?"

"He's my elder, of course he's reliable." Chen Xiang hastily invited Bat Super Venerable to sit.

"People of the Six Paths of the Divine Sects! A very strong Primordial Six Realms' Power and six Primal Law Veins, pretty strong. " Bat Super Venerable could tell at a glance.

"Little bat, you have good eyes!" Lin Jitian laughed: "You and I are both Late period of Tai Zun realm, how about a match?"

"I'm not here to fight." Bat Super Venerable took off his mask. "Although I want to fight with you, now is not the time. I have something important to discuss with Chen Xiang."

## [Chapter 2840](#)

Lin Jitian poured tea for Chen Xiang and the Bat Super Venerable, and said: "You must be here to look for Chen Xiang, you little demon! Do you want me to avoid it? "

Bat Super Venerable said: "No need to evade! The Myriad Tao Mausoleum being is ready to open up, which means we can go there. But before we do, we have to find a good companion, and I am here to find Chen Xiang as my companion. "

Back then, if not for Chen Xiang, he definitely would not have been able to escape from the terrifying Sky Cavern in Dragon Devil Dead Land, but Chen Xiang could have even brought him along to escape.

"Can I go with Uncle Lin?" Chen Xiang said: "How about we go in groups of three?"

Chen Xiang felt that with these two late stage Overlords by his side, he would definitely be much safer. Lin Jitian and Bat Super Venerable were not ordinary late stage Overlords.

"Alright!" Lin Jitian and Bat Super Venerable said in unison. They trusted Chen Xiang so much that even though they had only just met him, they did not suspect him.

"But the Transmission array has already been occupied by the Dragon Demons. So, we should first chase those Dragon Demons away, right?" Chen Xiang said: "Furthermore, when we enter the Myriad Tao Mausoleum, what will happen to the Dragon Demons here?"

"Your esteemed ancestor will be guarding this thousand floor, so we can go to the Myriad Tao Mausoleum! This honorable ancestor level fellows have all been to the Myriad Tao Mausoleum many times, which is why they are able to reach the honorable ancestor's level of cultivation. However, this time, you have assured us that if we are able to return alive, most of them will have advanced by leaps and bounds. " The Bat Super Venerable said.

"Speaking of which, all of you are in the late stage of the Ancestor Realm. Wouldn't you be able to become Ancestors very soon?" Chen Xiang laughed: "If that's the case, then it's fine, but when the time comes I'll have two backers that I can depend on."

"How difficult!" Lin Jitian sighed.

"That's right, it's extremely difficult!" Four Great Divine Sects's Leader and many of the powerful elders are only at the late stage of the Supreme Realm. Both he and Lin Jitian were of the late stage of the Overlord, so they had a deep understanding of this matter.

"Little bat, you've also been called here. Are you preparing to start fighting the dragon demon?" Chen Xiang asked.

"That's right, we will be leaving in a few days at the earliest. At that time, all of us disciples will be going out to fight against the Dragon Demons at the Ancient Transmission array." Bat Super Venerable said, "Don't go and join in the fun. This time is extremely dangerous."

Now, the most important thing to do was to take back the Transmission array.

Flying Dragon Experience Place has already been besieged by the Dragon Demons, and a portion of the Supreme Elders have already rushed over. This time, there are least people from the Flying Dragon Palace, and I'm the only one in the later stages of the Supreme Realm. "

The Flying Dragon Experience Place was also a crucial place, and also the target of the Dragon Devil Emperor Venerable. Once the Dragon Demons attack, the Dragon Devil Emperor Venerable would head towards the Flying Dragon Experience Place, but through the Flying Dragon Experience Place, its strength was unimaginable.

Once the Dragon Devil Emperor Venerable obtains great power, they would definitely go to the Myriad Tao Mausoleum!

This was something all the upper echelons of Four Great Divine Sects wanted to know. Dragon Devil Emperor Venerable was an existence on the same level as the ancestors of the ancient times.

Although there were a lot of good things in the Myriad Tao Mausoleum, but they shouldn't have attracted that much attention!

But now that the Dragon Devil Emperor Venerable had been resurrected, a plan to go to the Myriad Tao Mausoleum had been made!

"Alright, I will do my best to increase my strength when I head to Myriad Tao Mausoleum." Chen Xiang said. He was still weak in the early stages of Six Gods Stage, in order not to drag things down, he had to quickly level up.

Lin Jitian and the Bat Super Venerable had already agreed that they would get to know each other when they fight the Dragon Demons in the legends. It was fortunate that they would be able to cooperate better when they enter the Myriad Tao Mausoleum in the future.

Chen Xiang walked out of Lin Jitian's house as he calculated his next move.

"To deal with the Dragon Demons, I still need Dragon magic herb. The last few Dragon magic herb that I have are all processed, so I am unable to grow them." Chen Xiang just knew that Lin Jitian and Bat Super Venerable were enough to buy the Dragon Magic Dan, and he made a huge profit this time.

Walking out of the villa, Chen Xiang suddenly saw two women dressed in plain clothes, but they had extremely beautiful faces, and their appearances were all exactly the same.

"Beautiful!" Chen Xiang was pleasantly surprised, he never thought that he would meet the two sisters Jiang Simei and Jiang Sijing here, and one of them was in the early stages of Six Gods Stage.

They were originally taken away by the mysterious Grandma Jiang, but who would have thought that after their separation, they would also advance by leaps and bounds. Chen Xiang was even more curious about the identity of the Grandma Jiang.

He quickly transmitted his voice to the two girls. They were also very happy.

Chen Xiang had already changed his appearance, so they couldn't recognize him. However, when Chen Xiang sent a sound transmission to them, they immediately knew where Chen Xiang was.

"We went out to look for you, but we couldn't find you. I didn't expect you to be here." The two girls hurried over to Chen Xiang's side.

"Follow me!" Chen Xiang immediately brought the two girls to the mansion on the small island.

The disciples of the Four Great Divine Sects had all heard of his name before, and many of the disciples of the Four Great Divine Sects had already eaten the Six Shenprofound Dan that Chen Xiang had refined before.

"Grandmother and I are both at the Heaven's Mandate Divine Sects. Grandmother's master and elders are all elders of the Heaven's Mandate Divine Sects, so it was very easy for us to enter." Jiang Simei laughed, her attitude towards many people was extremely crude, but she was the only one who was gentle with Chen Xiang.

Jiang Sijing aside, she was a gentle, beautiful and quiet woman to begin with. She was very happy to be able to meet Chen Xiang.

"Heavenly Fate Divine Sects! Cultivating Heavenly spirit kunfu, right?" Chen Xiang laughed: "It's great to be able to see you all again!"

"We missed you a lot too. We were all very worried about you when you met with trouble in the Myriad Tao Divine Tablets Formation back then." Jiang Sijing said.

"I urgently need your help right now, but I don't know if it's convenient for you guys." Chen Xiang knew Jiang Sijing's ability, he could grow medicinal herbs.

"Of course we can, we were only here to watch the show, the fighting was done by the middle and late stages of Six Gods Stage, we can stay by your side." Jiang Simei said: "I'm so bored to death in Heaven's Mandate Divine Sects, and all kinds of cultivation are very dangerous, I don't even have any pills to eat!"

Jiang Simei chuckled: "If I follow you, there will definitely be a lot of pills to eat!"

"Of course! However... The herbs here are all special and have been treated, so there's no way to grow them. However, I have the seeds and they are all supreme divine medicines. If you want to grow them, it will take some time." Chen Xiang said.

Jiang Sijing immediately understood what Chen Xiang meant, he wanted her to help him cultivate the medicinal herbs for him.

"That's no problem. With my sister and I helping you, you'll be able to grow a lot soon." Jiang Sijing smiled sweetly.

"Beauty can grow flowers?" Chen Xiang laughed in disbelief.

"That's because we are twins. With the help of an elder, we can obtain each other's dao veins and abilities. Now that I think about it, it's truly amazing." Jiang Simei said.
