

Dan God 2891

[Chapter 2891](#)

Although Dragon Devil Princess was stronger than Chen Xiang, Chen Xiang was not afraid of her at all. Dragon Devil Princess looked very serious and fierce, but it made people not afraid of her, as if she was born to be close to others. No matter how fierce she looked, it was not like she could not make people fear her.

Chen Xiang guessed that Dragon Devil Princess's current performance was not her real self. She was probably just "putting on an act".

"How about this, you enter my storage divine tool ... I promise I won't do anything to you. " Dragon Devil Princess said, "Your strength is weaker than mine, so it's not a problem for me to store you in my spatial divine tool! It's not good for me to go to your Divine Sense Sea. If something happens, I'll kill you. "

However, Chen Xiang was not afraid. He felt that since the Dragon Devil Princess had entered his Divine Sense Sea, he had a way to suppress her.

"Sure, we have to make a blood contract." Chen Xiang thought for a while, then said: "However, if the Flying dragon bead is going to be mine, I will only temporarily give it to you to use."

"Alright!" Dragon Devil Princess was also very straightforward and agreed immediately.

Very quickly, Chen Xiang and the Dragon Devil Princess established a blood contract. The Dragon Devil Princess took out a small house and said: "This is a stable, my white Dragon horse is inside. You can feel aggrieved.

Chen Xiang nodded his head and then hurriedly wrapped himself with spatial energy. Just when he thought he was about to enter the stable, he heard the Dragon Devil Princess exclaim in surprise.

"Strange, you are at least in the middle stage of the Tai Zun realm, so I should be able to catch you, but I didn't succeed." Dragon Devil Princess was puzzled.

After all, Chen Xiang had cultivated the Myriad Tao's Golden Body, and his body had been fused with the Heavenly Alchemy soul, so a normal storage divine tool would not be able to keep him.

Dragon Devil Princess's sweet face was filled with suspicion. She stared at Chen Xiang and asked: "Who are you exactly? You are definitely not an ordinary guy, are you hiding your true strength? "

"I've already made a blood contract with you, so it doesn't matter who I am!" Chen Xiang laughed, "Let's hurry up and go to the Second Flying Dragon Experience Place. I'll take you there when you enter my Divine Sense Sea World."

"Hmph, let's establish a blood contract!" Dragon Devil Princess also did not ask further. Chen Xiang was indeed very mysterious, which made her very curious.

After Chen Xiang and the Dragon Devil Princess had made a blood contract, he brought her to a quiet place in the You Yao Mountain Villa and told her not to wander around.

Chen Xiang carried the Flying dragon bead and followed the Flying Dragon Palace Leader's instructions, quickly flying towards the sky and heading towards the second Flying Dragon Experience Place.

He flew for an entire day and finally arrived at the bottom of the huge platform. Then, he used the Flying dragon bead to touch the stone wall above and was sucked into the suction force.

After being absorbed, he arrived at a forest with fallen leaves. The ground was full of fallen leaves, so he quickly released Dragon Devil Princess.

"There shouldn't be any Flying dragon bead that could cause this!" Chen Xiang asked.

"Sure, I just need to use a bit of strength." Dragon Devil Princess stayed in Chen Xiang's Divine Sense Sea World for a day, he was extremely curious about Chen Xiang's cultivation. Logically speaking, Chen Xiang was only at the middle stage of the Tai Zun realm, so the Divine Sense Sea World was unable to contain her, this Ancestral Dragon Demon.

However, it was possible for Chen Xiang, and she stayed in Chen Xiang's Divine Sense Sea World in a stable and steady state.

"That's good! I feel that this place is not enough, I plan to go to the upper level, how about we go find the Flying dragon bead together? With one more person and one more power, it would not be so easy for you to capture that Flying dragon bead if the two of us did not join hands. " Chen Xiang said. He had already experienced the speed of the Flying dragon bead and found it difficult to capture it alone.

"Alright!" Dragon Devil Princess didn't even think before she agreed. It could be seen that she also had the same plan.

Chen Xiang had known this Dragon Devil Princess for a few days. Although he did not understand her well enough, he felt that she was a kind-hearted and kind person. It was hard for him to understand why the Dragon Demon was so human.

Of course, Flying Dragon Palace Leader hated Dragon Devil Princess to death, because the princess' father was the one who killed Flying Dragon Palace Leader.

When Flying Dragon Palace Leader heard that Chen Xiang was very close to the Dragon Devil Princess at the moment, he did not object. Instead, he allowed Chen Xiang to get hold of the princess ...

"Dragon Devil Princess, did you mean to say that Flying Dragon Experience Place is open to the public?" Chen Xiang asked, many people had speculations about this matter, but could not confirm their suspicions.

"Bucuo!" "My father is currently one of the big shots of the Dragon Demons, and the Dragon Demons have three big heads. Every Dragon Lord's child has the right to use the Flying Dragon Experience Place once, and now that it's my turn to use it, I'll open it for everyone." Dragon Devil Princess nodded. After being in contact with Chen Xiang for a period of time, she was no longer as cold as she was before.

"So it's like that! Dragon Devil Princess you are so kind, different from the Dragon Demon that I imagined. " Chen Xiang laughed: "The dragon demon in my memory is very ferocious."

"There are these kinds of Dragon Demons. None of them have completely evolved, or haven't evolved enough. These Dragon Demons are about 20% like us, the Dragon Clan." Dragon Devil Princess

continued: "As our strength increases, we Dragon Demons will become more and more like humans ... We used to laugh at the lack of unity in the human race, but now we too. "

"Human nature is changeable, good and bad, not as bad as you think! Humans can stand forever, and love and hate are inevitable entanglement, which can form a colorful world. " Chen Xiang said with an open-minded smile.

"You seem rather open-minded!" Dragon Devil Princess took out a map and looked at it intently.

Chen Xiang moved closer to take a look, and asked: "What map is this? Looking for Flying dragon bead s?"

"My father gave it to me." Dragon Devil Princess pointed to the red areas on the map: "These are all places where Flying dragon bead have appeared."

"It's quite far from here." Chen Xiang said: "Let's hurry up!"

Dragon Devil Princess kept the map and said: "This time, when I opened Flying Dragon Experience Place, I didn't know if it was a good thing or bad thing. In short, this is something I have been wanting to do for a long time, although my father did not oppose me, the other Dragon Demons did."

"No matter if it's a good thing or bad thing, you've already done it. It's too late to go back on your words now!" Chen Xiang laughed: "Let's hurry up and go, I'm in a hurry to go to the Third Flying Dragon Experience Place."

Dragon Devil Princess let out a light sigh, and then, with agile footsteps, he flew to the front in the blink of an eye, while Chen Xiang immediately gave chase.

They had flown for two days, and arrived in a world of ice and snow. There was currently a snowstorm, and even though the Dragon Devil Princess was a revered ancestor, the snowstorm was extremely violent and difficult to walk on.

Chen Xiang took out the Six Realms mirrors, but it was to no avail. The environment of the Flying Dragon Experience Place was really bad, they could only wait until the blizzard stopped before starting to search for the Flying dragon bead.

A few days passed and once the snowstorm stopped, Chen Xiang and Dragon Devil Princess would be searching for Flying dragon bead in this world of ice and snow.

After they walked for a while, they suddenly heard someone shout, "The Flying dragon bead is hidden inside this ice mountain. Take a good look.

After Chen Xiang and the Dragon Devil Princess looked at each other, they withdrew their auras with great tacit understanding and then quietly walked over. It was clear that the two elders and the dozen or so middle-aged men were discussing how to get the Flying dragon bead out of the ice mountain.

"It's the people from the Zhao Clan!" The Dragon Devil Princess sent a sound transmission to Chen Xiang, "They are the strongest out of the human race today. Those two elders are all revered ancestors, so it would be difficult for me to go against them!"

"Didn't they join your Dragon Clan? Are you going to make a move against them? " Chen Xiang asked.

"They have pledged their allegiance to the enemy camp of my father. If I have the chance to make a move against them, of course I won't miss it. It's just that right now, it's very difficult!" The Dragon Devil Princess said.

[Chapter 2892](#)

Chen Xiang looked at Zhao Clan's group carefully. Since he could not handle the two Venerable ancestor realms, the rest were not a problem.

The Dragon Devil Princess herself definitely belonged to the Venerable ancestor realm, it was indeed difficult for her to deal with the two Ancestors.

"How did they come to the second Flying Dragon Experience Place?" Chen Xiang asked: "There are more than 10 of them, could they have come here like us?"

"It should be, he definitely has a Flying dragon bead, otherwise he would not be able to come here." Dragon Devil Princess said, "Let's wait for the chance! We cannot defeat them, but we must definitely snatch the Flying dragon bead from their hands. "

Dragon Devil Princess looked at Chen Xiang, and warned him: "Wait a minute, don't make a move recklessly. They have two ancestors on their side, and their strength is equal to mine.

"I know!"

Chen Xiang felt that it wouldn't be a problem to deal with the middle aged men with Tai Zun realm. If it was before, he might not be confident, but after obtaining the Rat emperor beads, he could control thousands of strong rats.

For a person from the Zhao Clan to possess a Flying dragon bead, they should be valued very highly. Chen Xiang had previously suspected that the Flying dragon bead was accidentally obtained by the people from the Zhao Clan, and was not given to him by the Dragon clan leader.

But then, an old man took out a round disk. Dragon Devil Princess was obviously very excited as he sent a sound transmission to Chen Xiang, "This is the item to capture the Flying dragon bead.

"From the Demonic Dragon Violet Emperor? How can he have this kind of thing, do you Dragon Demons have that much understanding of Flying dragon bead? It can actually refine this kind of thing. " Chen Xiang was very suspicious.

Dragon Demon Sovereign is my father, Dragon Demon Violet Emperor is one of the reinforcements of the Zhao Clan, and the other one is the Blood Dragon Demon. These three strongest Dragon Demons are all of similar strength, but my father is slightly more powerful than them, mainly because my father has a powerful weapon in his possession.

Just as the Dragon Devil Princess was speaking, the round disc in the old man's hand suddenly lit up, and a black bead suddenly flew out. It was the Flying dragon bead!

Chen Xiang could not use the power of space here, if not he would definitely use the spatial energy to retrieve the Flying dragon bead.

Seeing that the Flying dragon bead was about to land on the round disc, the Dragon Devil Princess was clearly very anxious. He wanted to take action, but he had concerns.

Just as the Flying dragon bead was about to land, a black shadow suddenly jumped out. It was a huge rat that swallowed the Flying dragon bead in one gulp.

Following that, Chen Xiang released a few dozen terrifying rats that bit at the ten plus middle-aged men from the Tai Zun realm. In an instant, these rats bit into their flesh and entered into their bodies.

Your two ancestors had just reacted when those ten middle-aged men were eaten up by those rats!

"This... "What is this?" The old man shouted in anger and immediately started his attack. However, these rats ran very fast and immediately drilled into the ground, disappearing in the blink of an eye.

The rats were all let out by Chen Xiang, but he never thought that these mice were actually so strong. He remembered that when he caught these mice before, they were not that powerful.

Dragon Devil Princess was even more shocked to the point that her charming little mouth gaped open. She was also completely dumbstruck by the scene from a moment ago. She, as a member of the Dragon Clan, had man-eating Dragon Demons, but they were not as terrifying.

Previously, Chen Xiang had heard from others that this kind of rat could quickly eat one Tai Zun realm, let alone several of them eating the same person at the same time.

"Such a powerful mouse, let's call it Heaven devouring rat!" Chen Xiang secretly gave this rat a name.

Chen Xiang and Dragon Devil Princess did not dare make a sound, because the two Ancestors were looking for the rat that had just disappeared.

"Can you deal with these two guys together?" Chen Xiang said to the Dragon Devil Princess through sound transmission: "Now is the best chance to get rid of them."

"I can at most tie with them!" Dragon Devil Princess shook his head: "Even though their Zhao Clan has claimed to have already destroyed the Dragon Magic Dan, I can't be sure if they have it or not. If they did not have Dragon Magic Dan s, they would not be my match at all. "

Only now did Chen Xiang remember that this Dragon Devil Princess could use very powerful Dragon magic poison. Luckily, he already had the Dragon Magic Dan he refined.

"So it's like that!" Chen Xiang frowned as he thought of something: "Get me some Dragon magic poison, I want a small bottle!"

"What are you doing here?" asked. Dragon magic poison normally do not give it to others easily, and to a human at that.

"If they have Dragon Magic Dan, they can resist your Dragon magic poison! But if your Dragon magic poison is to be added with other poisons and change the characteristics of the Dragon magic poison, it will be impossible for the Dragon Magic Dan to defend. " Chen Xiang said: "Next, you have to keep an eye on them, wait for me to finish concocting the poison, then make a move on them."

Chen Xiang still hadn't told Dragon Devil Princess that he had released those Heaven devouring rat and he was hesitating on whether he should tell her or not.

"You really can?" This was the first time Dragon Devil Princess heard such a thing. She felt it was very magical, but she also had a suspicious attitude towards it.

"You already know what kind of sh * t it is!" Chen Xiang said: "I will enter your Divine Sense Sea World to refine it. You just need to follow the two of them."

The two great Patriarchs did not separate. They had the feeling that there were people nearby, and they were worried that if they split up, they would be killed one by one. After all, they had advanced quite a bit.

In the end, the Dragon Devil Princess still gave Chen Xiang a small bottle of Dragon magic poison and let Chen Xiang enter her Divine Sense Sea World.

Chen Xiang originally thought that he could find out how the Divine Sense Sea World s of the Dragon Devil Princess were like, but he didn't think that he would be brought to a wooden house so easily.

Chen Xiang had a lot of different poisons in his hands. Back then, he had also learned a lot of refining methods from Du Xiaoling, and also, Lv Qinlian and Bai Ziqian were his women.

Even if he was not very good at it, he was confident that he could change the characteristics of the Dragon magic poison, making it impossible for it to guard against him.

Very quickly, Chen Xiang picked a few poisons that were similar to Dragon magic poison s from the various poisons, and mixed them with the Dragon magic poison s to refine.

He only used half an hour's time to refine a completely new poison, which maintained the characteristics of the Dragon magic poison. At the same time, he also changed some aspects of the Dragon magic poison so that the Dragon Magic Dan had no effect on it.

Chen Xiang himself also knew how to refine Dragon Magic Dan, so he knew this the best!

"Princess, I'm done!" After Chen Xiang finished refining, he placed the small bottle of venom on the table and said: "When you use it, if you are also poisoned, you only need to use the Dragon magic poison in your body to cure the poison."

Dragon Devil Princess didn't dare be sure if this poison was really effective right now, as even she could be poisoned.

"You can see just by looking. If you don't succeed, you can just run away." At this time, Chen Xiang was still in her Divine Sense Sea World, and the moment he finished speaking, he was released by her.

[Chapter 2893](#)

Chen Xiang had even planned to stay in her Divine Sense Sea World for a little longer.

"Is that really useful?" Dragon Devil Princess asked: "Why does it look no different from my Dragon magic poison!"

"You should know just by looking!" Chen Xiang felt that it wasn't too difficult to change this poison slightly, especially the Dragon magic poison s.

Dragon Devil Princess ate a small drop and immediately felt drowsy. After that, she hurriedly urged the Dragon magic poison in her body to resist the poison that invaded her body, waking her up.

"I'm not lying to you, right?" Chen Xiang chuckled.

Dragon Devil Princess looked at Chen Xiang in astonishment. She had already tested the poison just now and was sure that it could be used.

"Alright, I will go and fight them now. In battle, I will secretly release this poison." The Dragon Devil Princess said.

The two reverends were resting right now. During this period of time, they had been searching for the mysterious mouse. They had heard that there was this mouse inside a barrier, but they didn't expect it to be here as well.

It was daytime now, but the two ancestors were still on guard. They would occasionally fly into the sky and use their divine senses to scan the area.

Just as they were searching, the Dragon Devil Princess suddenly flew into the air.

Dragon Devil Princess had changed into a set of gold coloured armor just now to cover her sexy and sexy figure, as well as a helmet. Right now, she was not sure if she would win or lose, if she were to lose, she could still run, and her identity would not be discovered.

Chen Xiang was watching the battle from afar. He knew that Dragon Devil Princess's attack speed was extremely fast, and almost killed the old man with a single sword strike, but just as she was about to succeed, the other old man quickly shot out a ball of red light from the ground. If she did not dodge, she would have been severely injured.

"Who are you?" An old man asked, but Dragon Devil Princess did not reply her, she only brandished her sword and continued to attack, in the blink of an eye, a few of the mountains around her were destroyed by her sword force.

"Isn't this the God Murdering Sword Techniques? "So awesome, she actually learned it!" Chen Xiang never thought that the Goblin would actually be able to learn the Four Great Divine Arts.

Very quickly, the old man on the ground also flew up, and the two attacked Dragon Devil Princess together.

"These two old fellows are very strong!" Chen Xiang could immediately tell that Dragon Devil Princess was no match for him.

Just then, the Dragon Devil Princess released the Dragon magic poison. When the two ancestors sensed the Dragon magic poison, they were immediately shocked.

"Dragon magic poison, you're a Dragon Demon?" One of the elders sneered. It was obvious that he had been prepared for this.

"You must be Dragon Devil Princess! Haha... Your father is going to be finished. Do you think that by killing us, your father will be safe and sound?" Another old man started to talk.

"We all have Dragon Magic Dan, you can't really be naive enough to think that we destroyed all of their medicine ingredients, right? Furthermore, the Dragon Demon Violet Emperor has allowed us two Dragon Magic Dan to defend ourselves." The old man sneered.

At this time, Dragon Devil Princess did not fight anymore. If she continued, she would only be injured, and quickly escaped.

The two elders didn't let her go and followed closely behind her.

However, just as they wanted to chase him, a wave of sleepiness suddenly came over, making them immediately become listless and extremely tired. The sleepiness rising up made them want to have a good night's sleep.

"This is ..." What was going on? The Dragon Magic Dan is no longer working? " An old man cried out in surprise, then he let out a loud roar. His body suddenly shook, and a black mist surged out.

The other old man did the same, and their bodies spewed out a black mist.

"These two old fellows actually forced more than half of the blood out of their bodies in order to alleviate the poison that invaded their bodies." Chen Xiang did not expect them to be so experienced in dealing with this poison.

Just then, that poison was effective, and she had just started rejoicing in her heart, but then they eased the situation. Although her strength was greatly reduced, she was still not a match for them.

"Humph, Little Witch, you're dead meat!" They knew that since the Dragon Devil Princess could use this kind of Dragon magic poison, they wanted to get rid of him even more.

At this time, they had already used all their strength to chase after the Dragon Devil Princess, one in front and one behind.

"Get off the ground, don't be in the air." Chen Xiang anxiously transmitted to Dragon Devil Princess, this way, the Dragon Devil Princess would definitely be killed, this was one of Chen Xiang's strong teammates, he could not watch helplessly as his teammates died.

He just did not expect that the strength of these two old fellows was actually so terrifying. Even after sacrificing half of their blood to expel the poison, they were still so powerful.

The Dragon Devil Princess could only follow Chen Xiang's instructions and hurried to the ground.

The ground was just a piece of barren land, she didn't know what Chen Xiang wanted with her.

"I'll try my best to delay the two of them, divert their attention, and leave the rest to me." At this time, Chen Xiang had already hidden himself and sent a sound transmission to the Dragon Devil Princess.

After the Dragon Devil Princess heard Chen Xiang's sound transmission, he immediately took off his helmet and looked at the two old men who were about to attack.

If they could get some useful information from the Dragon Devil Princess, they might be able to find a way to dispel this poison.

"You were the one who tried to kill us first, now we have to capture you!" The two elders had already decided to capture Dragon Devil Princess and use some other method to create the origin of the Dragon magic poison.

The Dragon Devil Princess immediately took a deep breath, there were actually over a thousand of those mice that suddenly appeared, she immediately thought, there was a high possibility that these mice were released by Chen Xiang.

Dragon Devil Princess immediately scattered all of the Dragon magic poison Chen Xiang had refined before. At this moment, the bodies of the two old men were riddled with thousands of wounds caused by the rats.

Your Ancestor, after all, is your Ancestor. Thousands of Heaven devouring rat are unable to instantly eat them, and only bite over a few wounds on their body.

However, Dragon Devil Princess had already released a large number of Dragon magic poison!

Although Dragon Devil Princess had successfully killed them, they did not have the time to react. What happened just now was still vivid in their minds, especially those terrifying rats!

Chen Xiang walked over while giggling, and she was finally able to heave a sigh of relief.

"Those rats are yours?" She was a little unhappy because Chen Xiang had already let out a rat to snatch the Flying dragon bead away, but he did not tell her.

"Sorry, that is my secret. I was still considering whether I should tell you or not." Chen Xiang laughed as he released his flames to burn down everything on the ground.

Right now, Dragon Devil Princess was very cautious towards Chen Xiang, because the rats that Chen Xiang released were too terrifying. She thought about how if she were to be continuously bitten by thousands of these rats, she would have a chill down her spine.

"Don't be afraid of me, if I wanted to deal with you, I would have already done it!" Chen Xiang laughed.

Thinking back to what happened before, the Dragon Devil Princess blamed herself for being too negligent, especially when Chen Xiang told her to try out the Dragon magic poison, it would be the most dangerous of them all. If Chen Xiang didn't tell her how to interpret it, she would be at Chen Xiang's mercy.

Right now, she also knew that if Chen Xiang wanted to make a move against her, there were indeed many opportunities, so she could see that Chen Xiang did not have any ill intentions towards her.

"We have the third Flying Dragon Experience Place's Flying dragon bead in our hands. We can kill it now!" Chen Xiang took out the Flying dragon bead and threw it in his hands.

"Un, let's go!" Dragon Devil Princess really wanted to know Chen Xiang's origin, but she knew that no matter how she asked Chen Xiang, he would not tell her.

Dragon Devil Princess once again entered Chen Xiang's Divine Sense Sea World and was brought by Chen Xiang to the third Flying Dragon Experience Place.

Before, Flying Dragon Palace Leader had already said that as long as he could get to the Third Flying Dragon Experience Place, he would have some sort of effect on Chen Xiang. Now that he had arrived, he could feel that the Third Flying Dragon Experience Place was indeed different.

When he arrived, he felt that it was extremely difficult for him to lift his hand. It was as if his arm had been entangled by a force, making it very difficult for him to lift it.

At this moment, it was extremely difficult for him to walk or stand. This would be of great help to his body's cultivation.

Although Chen Xiang had cultivated the Myriad Tao's Golden Body, his Myriad Tao's Golden Body was still very young, and he needed to go through this training to become more mature and stable.

Chen Xiang called Dragon Devil Princess out. After Dragon Devil Princess came out, his footsteps were actually much faster than his.

"You aren't very strong, but you have so many methods." As sat on the ground, he knew that Chen Xiang could not withstand the pressure and could only sit.

"I will soon be able to walk freely here, just like you." Chen Xiang curled his lips and then forced himself to stand up.

Seeing this, Dragon Devil Princess could not help but laugh lightly, he went in front of Chen Xiang and pushed him down to the ground.

"Ah... What are you doing! "

Chen Xiang could not help but shout out. When he fell, he was suppressed by a powerful force, but as if he had fallen from the sky, his entire body was in extreme pain.

Right now, it was very difficult for him to get up. Not to mention the pain in his body, the worst thing was that the invisible pressure was very unstable. The pressure in every part of his body was different, and it was constantly changing.

For example, the force pressing down on his thigh was very strong, while the force pressing down on his back was a bit weaker. But after a few moments, the force pressing down on his back suddenly increased, making him want to get up, but was suddenly pressed down by the pressure.

It was as difficult for Chen Xiang, who was lying on the ground, to stand up as it was for a tortoise to roll over on its own.

Dragon Devil Princess was after all her ancestor, she was stronger than Chen Xiang in every aspect, so her resistance to the pressure here could still be considered strong. Chen Xiang struggled on the ground like a turtle, and couldn't help but laugh.

Chen Xiang said snappily: "Hurry and get me up!"

"Just who are you? Tell me and I'll help you up. Otherwise, I won't let you get up." Dragon Devil Princess sat on Chen Xiang's back, using the tips of his hair to play with Chen Xiang's ears as he smiled mischievously.

"Damned witch!" Chen Xiang could not help but scold. Previously, Dragon Devil Princess's face was ice cold and serious, but now, she suddenly turned into a mischievous girl.

Sensing her extremely flexible and big bottom, Chen Xiang couldn't help but exclaim in admiration in his heart, and then laughed wickedly. "Lady Princess, your butt really has a fleshy feeling, I really like it!"

"You ... "You are a hooligan!" When the Dragon Devil Princess heard it, she blushed and suddenly stood up.

"To be honest, I haven't played rogue in a long time, don't give me a chance, or else ..." "Heh heh." Chen Xiang laughed sinisterly, he was finally able to stand up, but Dragon Devil Princess walked over and slapped him with a palm, allowing him to lie on the ground once again.

"Humph!" Dragon Devil Princess squatted beside Chen Xiang and said: "Who exactly are you? Someone like you cannot be a nobody. "

"I'm telling you, you don't know who I am, but when the time comes, you will say that I lied to you." Chen Xiang said. He felt that ten thousand years had passed and many people had already forgotten about him.

"Tell me about it first." The Dragon Devil Princess said.

"Alright, my name is Chen Xiang. I was originally a disciple of the Yuan Shi Tao School ..." Just as Chen Xiang said this, he saw that Dragon Devil Princess's face was filled with shock.

"Are you really Chen Xiang?" Dragon Devil Princess asked anxiously.

"You know me?" Chen Xiang immediately revealed his true appearance and sighed, "It's already been many years, and there's still someone who remembers me ... Not a human, but a dragon demon that remembers me! "

"You are too modest, many people remember you now, especially those Dragon Clan Leaders, they are always worried about your return from the Heavenly Alchemy stone wall s in Myriad Tao Mausoleum. I didn't expect you to really come back now. Although you aren't strong enough, your ability is indeed not small. " Dragon Devil Princess helped Chen Xiang up, and then asked. "What did you find inside the Heavenly Alchemy stone wall? You have been missing for ten thousand years! "

"I've only been in the Heavenly Alchemy stone wall for about a year ... But ten thousand years have passed outside, and I haven't found anything inside. " Chen Xiang sighed: "I managed to cultivate the Myriad Tao's Golden Body inside."

[Chapter 2895](#)

Chen Xiang's biggest gain from this was the Myriad Tao Divine Arts, even though he had not cultivated it yet, he knew how powerful the Myriad Tao Divine Arts were.

Inside the Myriad Tao Mausoleum, many Rankers wanted to get their hands on the Myriad Tao Divine Arts, and only by cultivating the Myriad Tao Divine Arts, would they be able to obtain more powerful power and escape from the Heaven Prison that had trapped them for many years.

"Is he really only capable of producing the Myriad Tao's Golden Body? "Don't lie to me, although I have never tried, I know it's not that simple." Dragon Devil Princess's face was filled with suspicion.

"I'm not lying to you!" Chen Xiang spread out his hands. Although the Dragon Devil Princess gave him a bad feeling, he did not dare take the risk and tell him about the Myriad Tao technique, which was an important matter.

"I don't believe it!" Dragon Devil Princess snorted.

"Okay, I also got a bead inside. Because of that bead, I can control a bunch of powerful rats." Chen Xiang took out the Rat emperor beads and summoned a few of them.

What surprised him was that these Heaven devouring rat could actually maintain a very fast speed in the third Flying Dragon Experience Place.

It was extremely difficult for Chen Xiang to even walk if he wanted to, but under his command, these Heaven devouring rat were still as fast as lightning.

Even the Dragon Devil Princess was stunned. Although she moved quite freely, her speed was still affected.

"These rats are terrible!" The Dragon Devil Princess did not seem to know about the things inside the barrier, so she secretly believed that Chen Xiang had obtained these mice from the Heavenly Alchemy stone wall.

"Apart from these benefits, is there anything else? I keep having the feeling that the inside of the Heavenly Alchemy stone wall is not that simple. " The Dragon Devil Princess said.

"Also... Furthermore, my Heavenly Alchemy has improved a lot. You know that I am a Alchemist, and my alchemy skills are even better now. " Chen Xiang laughed: "The best thing is that I can learn to refine a type of pill that can help people cultivate the Golden Body of the Myriad Tao. It's just that it will take some time to refine, how powerful is that!"

Although the Dragon Devil Princess was a dragon demon, she still trained in the Myriad Tao's Golden Body, so of course she knew that it was extremely difficult to cultivate. It was easier for them to cultivate in the Myriad Tao's Golden Body than it was for humans, but she felt that it was very difficult.

At the very least, they, the Dragon Demons, would not need to rely on the Flying Dragon Experience Place to cultivate the Myriad Tao's Golden Body, but it would be a little difficult, and once they enter the Flying Dragon Experience Place, their cultivation of the Myriad Tao's Golden Body would be even faster!

"Is this true?" Dragon Devil Princess was in a state of disbelief. If Chen Xiang could get this kind of medicinal formula and method of refining from the Heavenly Alchemy stone wall, then that would truly be a great harvest.

"Of course it's true! Not only will it allow you to cultivate the Myriad Tao's Golden Body, it will also allow you to strengthen the Myriad Tao's Golden Body, allowing your body to grow stronger nonstop. " Chen Xiang laughed.

He had only just started cultivating the Myriad Tao's Golden Body, and he would need to continue to strengthen the Golden Body. Only then would his body be able to withstand the attacks, and be able to contain even more power.

The reason Dragon Devil Princess entered the Flying Dragon Experience Place to cultivate was also to strengthen the Golden Body of the Myriad Tao.

"I don't believe you. Give me one to have a taste." Dragon Devil Princess pouted and said.

"Ten billion Dao crystal pills!" Chen Xiang took out the Jinzun Dan, and laughed: "This is a kind price for you, if you want to sell it, it would at least cost me tens of billions!"

"He cultivated the Myriad Tao's Golden Body just by eating one pill?" Dragon Devil Princess wanted to snatch it away but Chen Xiang did not give it to her.

"Of course not, I have to eat twenty pills!" Chen Xiang said, this was a Jinzun Dan that he refined using the Crash method, the quality was high.

"Wouldn't it need hundreds of billions, or even trillions, to cultivate the Golden Body of the Myriad Tao?" As the Dragon Devil Princess spoke, she took out the ten billion Dao crystal s. She wanted to see the effects of this pill, Chen Xiang.

"But it's worth it! Even if we enter the Flying Dragon Experience Place, there is no guarantee that we will be able to cultivate the Golden Body of the Myriad Tao. Chen Xiang received the ten billion Dao crystal, passed the pellet over, and said: "This is called a Jinzun Dan, look at it. Even though there is only one pellet, you can definitely feel its obvious effects."

After Dragon Devil Princess ate it, she closed her eyes and concentrated on refining it. In just a moment, she felt a strong medicinal effect, which made her very surprised. She never thought that there would actually be such a pill.

Chen Xiang would never tell her that these pills were made from mice.

What made the Dragon Devil Princess most curious was that this pill could still be refined by itself. She did not need to worry about it too much, she could still quickly refine it and fuse it into her body, strengthening the Myriad Tao's Golden Body!

"Hehe, this ten billion definitely isn't in vain." Chen Xiang asked with a smile. Her beautiful face was filled with astonishment.

"How much do you have left?" Dragon Devil Princess asked.

"There's nothing else, just that pill just now!" Chen Xiang truly only had one pill left, and this was all refined in the Myriad Tao Mausoleum.

When Dragon Devil Princess opened her Flying Dragon Experience Place this time, she also received a lot of Dao crystal, so she definitely did not lack Dao crystal.

"Dragon Devil Princess, do you guys really need Dao crystal s?" Chen Xiang suddenly asked: "Previously, the Divine Ghost Imperial Country was also lacking Dao crystal, why is it so? Your father is the leader of the Dragon Demons; he definitely knows something. "

Chen Xiang had accumulated a lot of Dao crystal, so he wanted to know the most important use of Dao crystal.

"I don't know either, my father didn't tell me, but he did divulge to me that the Dao crystal he had amassed over the years was about to be used in the Myriad Tao Mausoleum, once he enters the Myriad Tao Mausoleum, he won't be able to come out again, as for how he is going to use it, I don't know." The Dragon Devil Princess said: "In short, it's of great use, otherwise he and the Ghost Emperor would not have accumulated so many Dao crystal."

Chen Xiang only had two to three trillion Dao crystal right now, so the Dragon Demon Sovereign and the Ghost Emperor must have accumulated a lot of Dao crystal over the years.

"And what about yourself? "Is there even a little bit of it?" Chen Xiang asked.

"I do have a lot on me. This time, when I open the Flying Dragon Experience Place, all the Dao crystal that I have obtained will belong to me. I don't know whether or not I'll be able to come out after I enter the Myriad Tao Mausoleum." Dragon Devil Princess replied, "Even though I'm a Dragon Demon, I haven't done anything bad."

Chen Xiang smiled and said: "I already know when I see you. If you can't come out, I will bring you out. I think there shouldn't be any problems with that."

"Alright, the next time Myriad Tao Mausoleum opens, I will bring you there." Dragon Devil Princess said, "Alright, I am going to start my cultivation now. Let's part here, Flying Dragon Experience Place will only be open for ten years. I hope that the next time I see you, you will become stronger."

Ten years of time was extremely short for people of the Tai Zun realm, but as long as it was not too bad, they could all cultivate the Myriad Tao's Golden Body here. Chen Xiang did not know how much he could improve in ten years!

The Dragon Devil Princess left very quickly, so Chen Xiang didn't know what kind of cultivation she was going to do, but at this moment, he was still walking slowly in the direction the Flying Dragon Palace Leader pointed in.

[Chapter 2896](#)

The Flying Dragon Palace Leader was extremely familiar with the place, and the place he was guiding Chen Xiang to was also beneficial to him, so Chen Xiang did not doubt him at all. <>

"Palace Lord Old Man, do you think that Dragon Devil Princess really came here to cultivate? I keep having the feeling that she should go to the Fourth Flying Dragon Experience Place. "

When Dragon Devil Princess left just now, her footsteps were so fast that it felt like flying. Chen Xiang was very surprised to see that the third Flying Dragon Experience Place was not suitable for her.

"I have stayed in the Third Flying Dragon Experience Place for a very long time, there shouldn't be any secrets, what is her purpose in coming here?" When Flying Dragon Palace Leader heard Chen Xiang's description, he was also very confused about Dragon Devil Princess's purpose in coming here.

Chen Xiang was also unable to follow Dragon Devil Princess because his current speed was too slow, he was only running a little faster than normal people, but Dragon Devil Princess was as fast as wind and lightning. He was completely unable to catch up, and here, he had restricted his spatial energy.

Even so, Chen Xiang still had a way to follow them. Long ago, he had already sent out a few rats to secretly watch Dragon Devil Princess.

Not only were Heaven devouring rat fast, they had strong attack, and their tracking abilities were also top-notch. At this moment, they were digging more and more holes underground, and at the same time, they could feel the aura of the Dragon Devil Princess.

"That's the only way!" Chen Xiang took out the Six Realms mirrors. Normally, if he used the power of the Law of Flight, the Six Realms mirrors would easily be able to fly.

But now, he didn't know why, but his own power of the Law of Flight was too weak. Even if he could make the Six Realms mirrors fly, it couldn't fly too high, its speed was extremely slow and it had to consume its strength very quickly.

Right now, Chen Xiang did not take out Six Realms mirrors to fly, but to let those Heaven devouring rat sprint around below them instead. This way, his speed would be extremely fast.

Right now, he only needed to activate the Six Realms mirrors's array to withstand the pressure as he moved forward at a high speed.

"These rats are so precious, so versatile!" could not help but laugh. Heaven devouring rat could refine Jinzun Dan, could track and sneak attack, and now could even carry him to fly. He could not help but exclaim at the strength of Heaven devouring rat.

Chen Xiang did not dare to let the Heaven devouring rat get too close to the Dragon Devil Princess, so he could only allow the mouse to follow him on the ground.

"This girl must be hiding something from me, I have to go and take a look." Chen Xiang was also an extremely curious person.

A few days passed, and Chen Xiang complained: "This Flying Dragon Experience Place is really big, even after running for so long, I still can't see the edge!"

"There is space in Flying Dragon Experience Place, it was very large to begin with, but that brat still hasn't stopped?" The Flying Dragon Palace Leader said.

"Not yet!" At the same time, Chen Xiang told Flying Dragon Palace Leader the surrounding terrain.

Flying Dragon Palace Leader had been here for a long time and was very familiar with this place. He also wanted to know where Dragon Devil Princess had been before.

Chen Xiang had been informing Flying Dragon Palace Leader about the situation around him these past few days, but he could not say anything either.

"Strange, these places are all very ordinary places!" At this time, Flying Dragon Palace Leader was also very curious, he really wanted to know the purpose of Dragon Devil Princess's visit.

Chen Xiang could only continue his chase, only then would he know the mysterious purpose of Dragon Devil Princess's visit.

In the blink of an eye, a few days had passed. Dragon Devil Princess finally stopped, and it was at the front of a large mountain.

Although the mountain was very big, there were many of these mountains here. It was very common.

Dragon Devil Princess stood in front of that huge mountain. No one knew what she was doing, but the Heaven devouring rat Chen Xiang had sent out could only watch her from afar.

planned to let the mouse dig into the mountain and have a look, but who knew that mouse would suddenly lose contact with him!

This usually happened because the Heaven devouring rat died. This meant that the Heaven devouring rat had lost contact with him.

Chen Xiang was extremely clear about how powerful the Heaven devouring rat was, but it had actually died in an instant.

"There's something strange about that mountain!" Chen Xiang immediately told Flying Dragon Palace Leader about his discovery.

Flying Dragon Palace Leader carefully recalled the terrain around him, but he did not know if there was anything special about this place.

"I feel like that mountain is protected by a powerful enchantment. When my mouse touched that enchantment, he instantly died!" The other rats that Chen Xiang had sent out had already arrived at the underground cave. When they saw the dead body of the rat, they turned to dust.

"Could someone have done something to the Third Flying Dragon Experience Place after I was defeated?" Flying Dragon Palace Leader could only reach this conclusion.

"It's possible! has not made any moves yet. " Chen Xiang said: "She must know the situation here."

Dragon Devil Princess stood there for an entire day and night before he made a move.

At this time, Chen Xiang had also arrived at a forest far away from the big mountain. He was standing on a big tree and was looking at the Dragon Devil Princess.

Dragon Devil Princess waited for a day before a black screen of light suddenly appeared on one of the walls of the huge mountain. Dragon Devil Princess immediately walked in and the screen of light disappeared!

"There really is something hidden here. What is it?" Chen Xiang immediately told Flying Dragon Palace Leader what he saw just now.

Flying Dragon Palace Leader was also attracted by this matter, he was the most familiar with Flying Dragon Experience Place, but he did not know what was hidden here.

"This must have something to do with the Dragon Demon!" Flying Dragon Palace Leader replied, "These Dragon Demons existed a long time ago. The main reason why we built the Flying Dragon Experience Place was to suppress these Dragon Demons. Could it be that there are Dragon Demons on top of the Flying Dragon Experience Place?"

Chen Xiang used an Invisibility Spell, and approached it bit by bit. Currently, he was very busy with his walking speed, so he did not reveal any kind of aura.

"Let's see if we can go in and investigate." Chen Xiang took half a day to get to the front of the huge mountain. At this moment, he could sense that there was a powerful barrier in front of him.

Previously, one of his Heaven devouring rat would turn to dust the moment it touched the barrier, but he didn't dare to mess around now as he was worried that he would turn to dust.

"Is there any way to get in?" At this time, he knew that Chen Xiang was facing a difficult problem.

"I don't know!" Chen Xiang pulled down a strand of hair to try it out and saw that it was not lost at all. He was so shocked that he quickly retracted his hand.

This made him even more afraid of making a ruckus. He could only walk around this big mountain and see if there was any other way to get in.

A few days had passed since he could not enter the mountain, and it made him very mad. However, when he was about to go crazy, he suddenly felt a few auras approaching him.

"It's a Dragon Demon! A very powerful Dragon Demon!" Chen Xiang was immediately sure that these auras were all Ancestral Rank Dragon Demons. He immediately concentrated his mind on concealing himself.

Very quickly, he saw three young men arrive. They were all standing in the same place and waiting, just like how they were before Dragon Devil Princess.

"I've got it. When the black light screen appears, I'll follow you in." Chen Xiang decided to take the risk.

[Chapter 2897](#)

Chen Xiang inched closer and closer to those three Dragon Demon youths, but none of them noticed Chen Xiang, who continued to stand there in a daze. <>

"Could it be that they are the same as the Dragon Devil Princess, the descendants of the great Dragon Demons? What are they doing gathered here right now? " Chen Xiang was currently only thirty meters away from the three Demonic Dragon youths, which was extremely close.

Considering how slow he was, he had to move even further forward. He had to calculate the time and step into the black light screen with the three men.

He remembered that the moment the Dragon Devil Princess entered, the black light screen disappeared.

"They actually didn't discover me!" My current strength is too weak. If not for this distance, coupled with the fact that I can use my normal speed and strength, they would have definitely died. " Chen Xiang was standing about a hundred meters in front of the three youths, waiting for the mountain to open.

The three young men waited for a day and a night before a black screen appeared on the mountain wall.

After the black light screen appeared, Chen Xiang immediately walked over, and maintained his pace. When he reached the front of the light screen, the three youths were already by his side, and then he and the three youths stepped into the black light screen at the same time.

After entering, Chen Xiang breathed a sigh of relief, and at the same time maintained his vigilance so that he wouldn't be discovered by the three youths.

It was dark inside, and he could not see anything. However, he could feel that there were two paths here!

The three youths walked towards one of the paths. Chen Xiang didn't want to walk with them, so he chose the other path.

"Didn't those three say anything?" Flying Dragon Palace Leader asked.

"No, they didn't say a word!" Chen Xiang hoped that they would be able to speak, so they would know a little about the situation, but they did not.

Chen Xiang could only follow the path forward.

Although this place was very mysterious, when Chen Xiang entered, he realized that he could actually use the power of space.

Chen Xiang really wanted to find the Dragon Devil Princess quickly so he could see the reason why she came in here, so he sped up his pace and went forward as well.

After he walked for two hours, he arrived at a spacious hall. The ceiling of the hall was covered in blood-colored stones, causing the entire hall to be enveloped in a demonic red glow. It looked very uncomfortable.

After Chen Xiang entered the hall, he saw many people sitting there. All of them were young people, there were a total of around a hundred people.

There were rows and rows of chairs in the hall, with the Dragon Devil Princess sitting right at the front.

Soon after, he saw the three young men from before walk in through another tunnel. Now, he understood that both tunnels would lead to this place. The main reason why there were two tunnels was because of the man and the woman.

Chen Xiang immediately saw that the location the Dragon Devil Princess was at was near the exit of his passage, which was why he had made such a conjecture.

"These must be the descendants of the giant Dragon Demon. I didn't expect them to be so powerful, they must all be at your ancestor's level." Chen Xiang was currently near the entrance of the passage. If anything went wrong, he would be able to leave the hall in time.

These young Dragon Demons must be waiting here for something, Chen Xiang guessed secretly.

Just like this, the Dragon Devil Princess and the group of young powerful Dragon Demons sat there blankly for a few days.

After a few days, they suddenly stood up, and Chen Xiang, who was waiting impatiently, also became alert.

He saw a man whose skin was glowing red walk out. He looked very scary!

"Next, I will choose ten of you as my offerings. Granny Long has been hungry for several days, and you are all nurtured by her. You should also feel the beauty of this world. It's time to repay her." The red Dragon said.

Demonic Dragon Grandmother!

When Chen Xiang heard these four words, he was scared senseless. Other than the three giants, there was still such a powerful existence among the Dragon Demons!

And the Dragon Devil Princess was actually born of this Dragon Grandmother!

Chen Xiang quickly told this to Flying Dragon Palace Leader.

"So that's how it is. It seems like the dragon-kind's ecology should be like the bees. Inside the beehive, the queen ant is responsible for the reproduction. It's probably the same for Grandma Dragon. However, she usually doesn't do anything, so the other matters are handed over to the three giant Dragon Demons. "

"Something must have happened to Grandma Dragon. I need to eat something even more powerful."

Chen Xiang looked at Dragon Devil Princess. The relationship between him and Dragon Devil Princess was not bad, he did not wish for this beautiful princess to be eaten.

After the red dragon closed his eyes for a while, he suddenly opened them and said, "I've already chosen. Grandma Long Mo told me that she needs your ten ..."

The red dragon ordered ten young Dragon Demons, Dragon Devil Princess was actually among them. Dragon Devil Princess, like the other nine Dragon Demons, were trembling because they were about to be eaten by the Dragon Demon Grandmother!

"Follow me!" The red dragon said, then opened a stone door and walked in.

Although Dragon Devil Princess and the rest were filled with fear and despair, they still had to follow. If they did not go, they would die in the end.

Chen Xiang immediately teleported and followed behind them. He wanted to see what the Dragon Grandmother looked like.

The tunnel was very long. After walking for half a day, they finally reached the end. At the end of the tunnel was a very big cave that emitted a faint white light.

After entering, Chen Xiang did not see the Demonic Dragon Grandmother above him. Instead, he saw a very large crystal pearl, which could accommodate a few people. Inside the crystal ball, there were many floating specks of light. These specks of light were swimming around merrily like small fish.

The red dragon grabbed a young man's neck and released a red light that enveloped the young man. Then, with a powerful palm strike, the young man threw him into the huge crystal ball. The fish-like dots immediately came back and crazily devoured the young man's body.

When the Dragon Devil Princess and the others saw this, their bodies trembled because it was their turn to fight next.

"How cruel... Is this thing really the Dragon Devil Grandmother?" Chen Xiang was confused, but the red dragon demon released a red light that enveloped Dragon Devil Princess and the others, preventing them from escaping.

"Haha ..." The red Dragon Demon suddenly laughed sinisterly, and then threw a young Dragon Demon into the crystal ball, letting the thing inside devour it.

Chen Xiang suddenly felt that this crystal ball was not some Demon Dragon Grandmother, but rather something the red Goblin was raising.

The position of the red dragon demon was definitely not ordinary, so no matter what he said, those dragon demons would believe him and would not dare to disobey him. In addition, he was very strong, so even the dragon demon didn't dare to do anything to him.

[Chapter 2898](#)

Chen Xiang thought this was very strange. He heard that the Dragon Demons were raised by those Dragon Demons previously, but now, there was this so-called Dragon Demon Grandmother.

"Could it be that the Dragon Devil Princess and the other high level Dragon Demons are all nurtured by this Dragon Devil Grandmother?" As Chen Xiang looked at the crystal ball, he suddenly thought of his Rat emperor beads.

Very quickly, the first nine young Dragon Demons were all thrown inside, all of them devoured. This is the Dragon Demon of the Ancestor's cultivation level, all of them were very strong, they melted after entering the crystal ball. "

Now that it was Dragon Devil Princess's turn, her face was filled with despair, just like the other young Dragon Demons. She never expected that this would be the end result.

Chen Xiang felt that the Dragon Devil Princess was still useful to him, so he wouldn't just watch as the Dragon Devil Princess was thrown inside.

Just as the Blood Dragon Demon was about to attack, Chen Xiang suddenly used the power of space and teleported the Dragon Devil Princess into the Tianchuang furnace.

Seeing that the Dragon Devil Princess had disappeared, and also feeling that there was a huge movement outside the stone room, the Red Dragon Demon immediately chased after him. He did not expect the Dragon Devil Princess to actually escape. The young Dragon Demons in front of him didn't dare to disobey him. Even if they were to die, they would die obediently. Even though they had a lot of complaints in their hearts, they didn't dare to speak them out.

And now, one of them had run away. This kind of courage was admirable to the Blood Dragon!

After Chen Xiang saw that the Blood Dragon Demon had left, he immediately took out the Six Realms mirrors and enlarged it. Then, he covered the huge crystal ball and placed it inside the Six Realms mirrors.

"Success, this thing is way too easy to obtain!" Chen Xiang originally only wanted to give it a try to see if he could take away this "Dragon Demon Grandmother", but he didn't expect it to succeed so quickly.

After Chen Xiang succeeded, he had consecutively teleported away from the belly of the mountain. After arriving outside, his speed had slowed and he could not use his spatial energy. Fortunately, he had a group of powerful Heaven devouring rats.

He used a group of Heaven devouring rats to bring him far away from this place, and then made a tunnel deep into the ground at a hidden location.

If the Demonic Dragon Lady was stolen by him, the Blood Dragon Demons would definitely go crazy. At that time, even Chen Xiang did not know what they would do.

Dragon Devil Princess did not expect herself to be suddenly stuffed into a space. It was a little hot inside, and there was also a terrifying Heavenly Alchemy immortal power.

She had some understanding of Chen Xiang, she knew that Chen Xiang's body had merged with the Heavenly Alchemy soul, she had previously seen it from the Zhao Clan, so she understood it a little.

"Is it Chen Xiang who took me away, or is it someone from the Zhao Clan?" The Dragon Devil Princess suspected that it was Chen Xiang. In her impression, Chen Xiang had the most methods up his sleeves and was quite bold.

"Just who took me away!?" Dragon Devil Princess shouted. She did not get a response and started shouting inside.

"It's me, stop arguing!" Chen Xiang replied, "I'll let you out when it's safe."

She was isolated from the outside world within the Tianchuang furnace. With this, no matter how many methods the Demonic Dragon had, it would be difficult to find her.

Chen Xiang was currently hiding underground in order to avoid being tracked by the Dragon Demons. At this moment, he only left more than ten mice to scout the surroundings.

"It really is you!" Dragon Devil Princess had already guessed that it was Chen Xiang long ago, but she was still very surprised that Chen Xiang could actually enter that place and rescue her without anyone knowing.

Chen Xiang did not know how powerful the red dragon demon was, but this Dragon Devil Princess did know, to actually get rid of her in an instant under the eyes of the red dragon demon, she couldn't help but be impressed, if Chen Xiang were to fail, then the consequences would be dire.

"Where am I? is it in your Divine Sense Sea World?" Dragon Devil Princess asked.

"Of course not, you're in my furnace. I was worried that you would go crazy and mess around with my Divine Sense Sea World, so I threw you in." Chen Xiang laughed.

He also needed that person's cooperation to move him away, especially when that person possessed great strength. He also needed to relax his entire body.

Dragon Devil Princess had already relaxed his entire body at that time, which was why Chen Xiang was able to smoothly succeed.

"Sigh..." "He's in big trouble. I wonder what will happen to the High Priest." Dragon Devil Princess sat with his back against the wall, hugging his knees, very worried.

"Worried that he would attack your father?" Chen Xiang asked, he could already guess this kind of thing.

"Yes, I hope my father is alert enough to avoid the High Priest's retaliation." The Dragon Devil Princess said, "Only by entering the Myriad Tao Mausoleum can you hide from the High Priest."

The Red Dragon was the High Priest. Chen Xiang was extremely curious about the High Priest's situation.

"Is the High Priest very powerful?" Chen Xiang thought back to the fear he had towards the High Priest in the Dragon Devil Princess, and realised that the High Priest was indeed very powerful, causing the Dragon Demons that revered their ancestors to feel fear.

"Extremely powerful. He's the one who controls Grandma Dragon!" "Back then, when Grandma Dragon Demon gave birth to us, he wasn't even born. Later on, for some reason, he controlled Grandma Dragon Demon and was even able to use Grandma Dragon Demon's power. Through her, he was able to sense our lives and where we are."

Dragon Devil Princess suddenly said anxiously: "Don't stop now, he knows where I am."

Chen Xiang suddenly wanted to laugh, because the Dragon Devil Grandmother was in his hands.

"Then what is Dragon Devil Grandmother?" Chen Xiang asked again: "I saw that crystal ball too. I'm very curious about this kind of thing, I keep having the feeling that it's very similar to my Rat emperor beads."

"That's right, there are many similarities between us and your Rat emperor beads. After that, my father used his own strength to cooperate with Grandma Dragon to give birth to me. My father was the first generation of Dragon Demons, and all the previous Dragon Devil Emperor Venerable were of the first generation.

"As for us youngsters, we are the second generation of Dragon Demons. After that, my father and the others, this generation of Dragon Demons, will then use the power of their own Dragon Demons to nurture other Dragon Demons. That is the third generation.

"When a Dragon Demon is strong enough, they can cultivate something similar to a Dragon Devil Grandmother and use it to create their own Dragon Demons. These Dragon Demons weren't born strong enough to be comparable to humans."

Chen Xiang listened intently as he thought to himself, who exactly was the one who created this Dragon Demon Grandmother? No matter how he looked at it, she looked the same as the Rat emperor beads, except the Rat emperor beads gave birth to mice, and the amount of dao energy required to create them was not strong.

[Chapter 2899](#)

"Hey, are you still running away? "Don't ever stop!" Dragon Devil Princess warned. "No, I've stopped." Chen Xiang had already brought in the Demonic Dragon Grandmother, so the High Priest definitely could not find out the location of the Dragon Devil Princess through the Demonic Dragon Grandmother.

"You ... This is very dangerous. " Although she still had a lot of questions, she hoped that Chen Xiang could run now.

Chen Xiang laughed: What are you afraid of, I have the Demonic Dragon Grandmother! Could he possibly know where you are from, through the Dragon clan's grandmother? "

When the Dragon Devil Princess heard this from inside the Tianchuang furnace, he was shocked speechless.

Chen Xiang had guessed her reaction. Just as he was feeling pleased with himself, Dragon Devil Princess said: "Then you must run even more.

When Chen Xiang heard this, he immediately ordered the rats to bring him to the tunnel and run.

"Looks like this Dragon Devil Grandmother is a hot potato!" Chen Xiang cursed: "Why don't I throw this away?"

"We can't lose it. Grandma Dragonwitch has always been under the watch of the High Priest. My father and the others have always wanted to get it, but the High Priest never gave it to them." Dragon Devil Princess said, "This is a good thing ... "Oh yeah, why don't you try and fuse it?"

Fuse with a Dragon Devil Grandmother! After Chen Xiang heard this, he felt that he was going crazy, but he liked to do this kind of thing.

"Okay, I'll try! I feel that this thing can fuse with my Rat emperor beads. " Chen Xiang felt that this was pretty much the same as concocting pills. Rat emperor beads and Grandma Dragon were both of the same sex type, it wasn't difficult to fuse them, and there might even be a better effect after being merged with them.

Chen Xiang immediately took out the Rat emperor beads, and at the same time released the Dragon Devil Princess from the Tianchuang furnace, because he needed to use the Tianchuang furnace to refine it later.

"What is this place?" Dragon Devil Princess saw that it was pitch black.

"Deep underground, a basement opened by a mouse." As Chen Xiang said this, he threw the Rat emperor beads into the hole, and then he threw the Demonic Dragon Grandmother inside as well.

"Alright, let's see if we can fuse the two together." Chen Xiang observed the interior of the Tianchuang furnace and discovered that there were no movements. He then tried to squeeze the two together with his own strength.

However, when he squeezed it out, he discovered that it couldn't be fused at all, and it wasn't as easy as refining pills.

"With blood!" Seeing Chen Xiang's expression, Dragon Devil Princess knew that Chen Xiang did not succeed.

Chen Xiang immediately thought of the blood refinement method and immediately let out a large amount of blood, pouring a large amount of blood into the Tianchuang furnace, soaking it in the Rat emperor beads and Dragon Demon Grandmother.

"What are we doing? That's crazy." Dragon Devil Princess could not help but mock himself when he saw Chen Xiang tormenting them with their most supreme divine objects.

The reason why Chen Xiang had merged with the Demonic Dragon Grandmother was to escape the tracking of the High Priest. He did not care whether it would work or not, he did not want himself to be tightly entangled by the High Priest.

Very quickly, Chen Xiang's Blood Refinement Art was in effect. After being refined by with a large amount of his blood, the Dragon Devil Grandmaster had a reaction with him, and under his control, she slowly started to merge with the Rat emperor beads.

Now he could sense that Granny Dragon was in touch with something, and that something was approaching.

"It's the High Priest!" Chen Xiang suddenly shouted in alarm. At this moment, he could feel that the Goblin Grandmother was walking towards him.

"Then what should we do? I'll take you with me! " Dragon Devil Princess was very anxious, she knew the High Priest's true strength the best. She also knew that once the High Priest caught her, she and Chen Xiang were dead for sure.

"No need to run, I just need to cut off the connection between Grandma Dragon and the High Priest." Chen Xiang immediately severed the connection between Dragon Devil Grandmother and the High Priest.

Now that it was gone, he could no longer sense the High Priest. This made him feel much more at ease.

"Let's go, we need to stay far away from this place, the High Priest is near here," Chen Xiang let Dragon Devil Princess climb onto the Six Realms mirrors, then had them carry the Heaven devouring rats and quickly pass through the depths.

As the two things gradually fused, Chen Xiang became more relaxed. The High Priest no longer chased after him, and instead, he no longer felt pressured.

One day later, the Demonic Dragon Grandmother and the Rat emperor beads successfully merged together. The Rat emperor beads had already become transparent, but it was still so big.

He immediately let many Heaven devouring rats enter the Rat emperor beads.

The Rat emperor beads had already undergone a huge change, and Chen Xiang could clearly feel it himself. Now, he wanted to see what would happen after the Heaven devouring rat enters the Rat emperor beads.

He sent the Heaven devouring rat back into the Rat emperor beads and let it temper the rats.

"What about the rats?" Dragon Devil Princess asked curiously.

"I don't know either. It might take a lot of time, and this Demonic Dragon Beast is currently absorbing a large amount of my Dao energy." Chen Xiang said: "It should take a very long time to change this group of rats."

"You must have experienced many strange things. Based on your experience, what do you think will happen?" Dragon Devil Princess was also very curious.

"I don't know!" Chen Xiang had thought about it before, but he didn't know how to guess it.

"Right, how did you get into that mountain?" Dragon Devil Princess asked again, this was also something she was suspicious of, that mountain was constructed together with many strong Dragon Demons, and it was not something that could be casually entered, but Chen Xiang could still 'sneak in'.

After that, Chen Xiang told Dragon Devil Princess how he had snuck in and asked: "You Dragon Demons are really strange, do you want to rebel against that High Priest?"

"What can we do?" He would call us over every once in a while. Although he often fed Dragon Demons to Dragon Demons Grandmother, this is the first time he has fed a second generation of Dragon Demons like us. "The Dragon Devil Princess snorted: "In that situation, it's useless for us to resist. Our strength is far inferior to him."

"Why did he feed that Dragon Demon Grandmother?" Chen Xiang had already merged with his Draconic Grandmother, he only knew that she needed to absorb a large amount of Dao energy. He could provide it himself, and if not, she would be able to provide it with Dao crystals.

Just at this moment, he suddenly thought about the use of Dao crystal, feeding this kind of thing was really not bad.

"Grandma Dragon Demon can release a very powerful energy. After he absorbs this energy, he will become even stronger. You must know that when he was just born, he was much weaker than us! "However, I don't know why he was able to contact Grandma Dragon. He was able to absorb Granny Dragon's energy and was also able to control her to release energy." Dragon Devil Princess sighed: "After a period of time, he suddenly became very strong, and even controlled Grandma Dragon."

[Chapter 2900](#)

Chen Xiang's next opponent would be the Dragon Demon High Priest. He had to understand more about the Dragon Demon High Priest. Uncle ha-ha!

"Has the High Priest been invincible since then?" Chen Xiang said, "Why didn't your father and the other two great Dragon Demons join hands to deal with the High Priest?"

"You don't know, the relationship between the three giants wasn't like this at first. Although it can't be said that they are on good terms with each other, it's still passable that there aren't any conflicts. The reason for their hostility is because of the High Priest." The Dragon Devil Princess said, "The High Priest was also worried that the three giant Dragon Demons would join hands against him, so he secretly supported the other two Dragon Demons and let them fight against my father."

"In this way, the three of them won't be able to join hands, and my father has always been stronger than those two giants. Those two giants were worried that my father would destroy them, so with the help of the High Priest, they started to be hostile towards my father." The Dragon Devil Princess said.

Chen Xiang nodded his head, he did not feel that it was unexpected, the high priest was indeed playing quite well, this way he would be able to rest easy and borrow a knife to kill people.

Once the two Goblin Great Leaders finished off Dragon Devil Princess's father, the High Priest would be able to get rid of the other two Goblin Great Leaders easily.

"Well, then we'll see what happens to my little mouse." Chen Xiang laughed: "Maybe I can use these little mice to kill the High Priest."

Dragon Devil Princess also wished for Chen Xiang to succeed, but she felt that it was impossible. Previously, it was extremely difficult for Chen Xiang to use this kind of rat against the ancestor of the Zhao Clan.

The High Priest Dragon Demon was so much stronger than the ancestors of the two Zhao Clan!

"Why didn't you tell me when you came to the gathering? If it wasn't for me following behind you, you'd be feeding this to Grandma Dragon." Chen Xiang chuckled: "Hurry up and thank me."

"Humph!" Dragon Devil Princess lightly pinched Chen Xiang's arm: "You bastard, you're really 'messing around' ... "Thank you!"

"You're welcome!" Chen Xiang laughed complacently: "Oh right, don't tell me you're called Dragon Devil Princess, don't you have a name?"

"Of course there is. Although I am a Dragon Demon, but right now, there are people with a human nature too!" Dragon Devil Princess tenderly said: "My name is Long Qiumu."

"Someone with the surname Long!" Chen Xiang laughed.

"Of course the dragon's surname is Long." Long Qiumu said: "The title of Dragon Devil Princess was given to me by someone else. I have never thought about what kind of princess I am."

"Alright! Do you know where the Flying dragon bead on the flying platform are?" Chen Xiang said: "We need to go to the flying platform. We don't feel safe here."

It was already difficult for Chen Xiang to stay on the stage, so there was no need to go up to the stage.

"If you go to the 4th Ascending Platform, you'll probably only be able to crawl on the ground and won't be able to get up." Long Qiumu said: "You should stay here for a while before leaving!"

"Didn't you say that this place will only be open for ten years? I can't wait that long, let's just go up!

"When I get there, I'll be forced to become even more powerful." Chen Xiang said: "I am currently only in the middle stage of the Tai Zun realm, all of you Dragon Demons are ancestors or something, I simply cannot deal with them."

"Hmph, even the High Priest was fooled by you, and you still say that you can't handle him?" Long Qiumu lightly snorted, "If you were to become the next ancestor, what then!"

Flying Dragon Palace Leader also didn't recommend for Chen Xiang to go to the Fourth Flying Dragon Experience Place directly, but if Chen Xiang wanted to avoid the Dragon God, he could only do this.

Although Long Qiumu didn't recommend it, she had no choice but to go with Chen Xiang to look for the Flying dragon bead.

"There's actually no ten-year deadline here." Long Qiumu said: "All of this is a lie, if you want to continue staying here, no matter how long you stay, it will not be a problem. Although the Dragon Demons are strong, they are not strong enough to control so many Flying Dragon Experience Place."

"That's true!"

Chen Xiang and Long Qiumu had already reached the ground level, and headed towards the place where the Flying dragon bead might appear. Those Heaven devouring rat were still cultivating, they couldn't even be used now, which made it harder for him to walk.

Chen Xiang was currently in Long Qiumu's Divine Sense Sea World, so they asked Long Qiumu to bring him to the Fourth Flying Dragon Experience Place.

Two days later, they arrived at the Fourth Flying Dragon Experience Place. Even Long Qiumu found it difficult to stay there.

It was just as Long Qiumu had said. Chen Xiang could only lie prone on the ground, as he was suppressed by a strong pressure and was unable to get up at all.

"How are you going to cultivate like this?" Long Qiumu was still alright, at least he could still stand up and walk, but he was unable to even stand up.

"It will definitely work!" Chen Xiang used all his strength to support himself on the ground. He was barely able to hold on for a bit, but when he tried to get up, he was immediately pushed down by the pressure.

Long Qiumu watched from the side and said: "Seems like you will need many years to be able to stand up. There are many energies here that can strengthen your 'flesh', increase your 'Golden Body' of the Myriad Tao, and at the same time strengthen your Six souls, allowing your energy to become even stronger. At that time, you will have sufficient strength to stand up."

Chen Xiang did not know how long it would take, but he was frantically absorbing the energy here.

Long Qiumu was right beside Chen Xiang, and seeing how Chen Xiang's body was frantically devouring the energy around him like a whirlpool, she was immediately shocked, not at the speed at which he was absorbing the energy, but rather the speed at which he was quickly digesting the energy.

"You must have obtained some technique from the Heavenly Alchemy stone wall, right?" Long Qiumu suddenly said: "Don't try to deceive me, don't think that I am so easy to deceive. I did not know you well previously, so I did not question you further."

Long Qiumu was very familiar with Chen Xiang now, so she dared to ask.

"Nope." Chen Xiang denied it.

"Hmph, just by looking at the Heavenly Alchemy stone wall, one can comprehend powerful techniques, and not to mention enter! There are some extremely powerful experts who are able to see through the Heavenly Alchemy stone wall and see the cultivation technique deep inside the Heavenly Alchemy stone wall. By chance, they were able to obtain a small part and then, they can become strong. "

Long Qiumu lied on the ground and looked at Chen Xiang who was lying on the ground. Chen Xiang immediately turned his face away and did not look at her.

"What you 'obtained' inside is the Myriad Tao Divine Technique, right? That is the final form of the Heavenly Alchemy. " Long Qiumu continued: "I have heard of this cultivation technique before! Back then, the reason the Myriad Tao Mausoleum was so big was to encircle you so that you could obtain this cultivation technique. "

Chen Xiang still did not admit it, and said: "What did you say, I don't even know!"

"Give me back your act, I won't take your Myriad Tao Divine Arts, I also have my own cultivation techniques." Long Qiumu rolled his eyes at Chen Xiang, and then reached out to pinch the flesh on Chen Xiang's face: "Tell me, are the Myriad Tao's divine arts really that powerful?"

Just when Chen Xiang wanted to reveal a bit of the Myriad Tao's Sacred Art, Long Qiumu suddenly stood up and grabbed him, and started running frantically.

"The High Priest is here!" Long Qiumu sternly said to Chen Xiang: "He is in the vicinity!"
