

## Dan God 2901

### [Chapter 2901](#)

At this moment, Chen Xiang was the same as her, filled with curiosity. Why did the High Priest know they were here, why did she come so quickly?

Chen Xiang was very sure that he had cut off the connection between the Dragon Devil Grandmother and the High Priest, but he didn't expect that the High Priest would still be able to catch up to him.

"Does the High Priest have any other methods to track him?" Chen Xiang asked, he was also thinking of a way to escape.

"Using invisibility won't work. The High Priest was able to catch up from the third platform and determine their exact location. Clearly, he knows where they are."

No matter how he thought about it, the only thing he could do was to escape.

The High Priest was extremely powerful. Forget about Long Qiumu, even Long Qiumu's father was not a match for the High Priest, so right now, Long Qiumu could only madly run for his life.

"He has my Pearl of Life in his hand. Perhaps, he is trying to sense my location through this Pearl of Life. I had forgotten about it before." Long Qiumu scolded in a low voice: "It's all because of this bastard. At that time, he insisted on taking our Pearl of Life and had no choice but to give it to him. I never thought that he would be able to use the Pearl of Life to track my location."

Chen Xiang asked: "Is there no way to get rid of his tracking method?"

Long Qiumu frowned: "I do, but it will take some time, it's too late now!"

It was really too late now. Chen Xiang could already see that there was another big ball of red light behind him.

Just as Chen Xiang saw this ball of red light, the ball of red light suddenly exploded, and in the blink of an eye, countless little red lights exploded towards him like rain.

If the red ball of light landed on the ground, it would create a huge crater, which contained a very terrifying power. When rushing over, Chen Xiang anxiously took out his Six Realms mirrors to block.

However, the violent explosion that was produced sent him and Long Qiumu flying.

After they were sent flying, the huge red light ball exploded once again. This time, the light ball was even larger and fell towards Chen Xiang and the rest, like countless huge meteors descending, bringing with it a burst of oppressive Qi.

"You go!" Long Qiumu grabbed Chen Xiang and struck his chest with force, sending him flying.

Chen Xiang never thought that Long Qiumu would actually send him off so decisively. As he flew back, he saw a white light flash on Long Qiumu's body as he charged towards the High Priest!

Instantly, the two huge red and white masses of light clashed together, and two sets of red and white huge waves of Qi exploded out, as though a gigantic dome covered the ground, the impact from the

collision caused everything in the area to be razed to the ground, while Chen Xiang was also severely injured by the strong wave of Qi!

After Chen Xiang landed on the ground, he immediately used Counter Power to conceal himself. In the Fourth Flying Dragon Experience Place, he had already been under a huge amount of pressure, and now that he was injured, he simply could not move at all.

Fortunately, he was able to make himself invisible in time. As he lay on the ground, he saw a red-faced old man flying over from the sky. It was the High Priest!

"Then what about Long Qiumu?" Chen Xiang was very worried in his heart.

At this time, Long Qiumu was also considered his friend. Even though he was a Dragon Demon, he was a very good person.

Right now, Long Qiumu's life and death was unclear, and he was powerless to find out, so his heart was very sad!

"That damned High Priest!" Chen Xiang looked at the High Priest who was walking away, his heart filled with resentment.

Chen Xiang told Flying Dragon Palace Leader what happened just now. Right now, he could only tell Flying Dragon Palace Leader everything.

After the Flying Dragon Palace Leader heard this, he said, "Right now, you have to stabilize your own situation! That Dragon Devil Princess is still the daughter of the Dragon Demon Lord, and now that the whereabouts of Dragon Demon Grandmother is unknown, he will definitely not kill Long Qiumu. At most, he will just imprison her. "

"So you must become stronger as soon as possible. Only by doing so can you defeat the High Priest, otherwise the Dragon Devil Princess will suffer a lot."

The most important person to the High Priest was the Dragon Demon Grandmother. After he captured Long Qiumu and brought him back, if he couldn't find the Dragon Demon Grandmother, he wouldn't let her go easily. At the same time, he wouldn't kill Long Qiumu because the key to finding the Dragon Demon Grandmother was Long Qiumu.

"Alright, when my injuries recover, I'll start cultivating!" When Chen Xiang came to the Flying Dragon Experience Place, he did not cultivate properly since he had encountered so many things.

"That's right. When facing a powerful fellow like the High Priest, you can only negotiate with him by relying on your own strength. Otherwise, you'll just be walking into a trap looking for him." The Flying Dragon Palace Leader encouraged him.

Chen Xiang's life force meridian started to release an endless amount of power to repair his injured body!

The current Chen Xiang still had to overcome the pressure here, but the pressure of the Fourth Flying Dragon Experience Place was too strong, with his current strength, he was unable to stand up.

... ..

After a month, Chen Xiang's injuries had already completely recovered. He laid on the ground, channeled his energy to absorb the energy here, and at the same time, used the Heavenly Alchemy to refine the energy he absorbed from the Divine Sense Sea!

The energy of the Flying Dragon Experience Place could help people cultivate the Myriad Tao's Golden Body, it could also help the Myriad Tao's Golden Body become stronger, allowing the Six souls to become stronger. This way, it could constantly increase its strength.

And now, Chen Xiang was treating the Divine Sense Sea as a pill furnace, refining this kind of energy that was absorbed by him.

Because of his special body, he was able to quickly absorb the energy!

He gathered the large amount of energy he absorbed and used the Heavenly Alchemy to refine it. He gathered this energy to form a huge ball of energy and then divided the ball of energy into eight balls to further refine them using the Crash method!

His Six souls was the six Heavenly beasts, and these six Heavenly beasts were currently surrounding the place he was refining his energy.

When he was about to collide with it, the outburst of extremely strong energy would automatically be absorbed by his Six souls. One must know that the outburst of energy was even more intense than the outburst of the Six souls.

After the collision, the power of the Myriad Tao had become stronger, he channeled this power into his body, tempering his body, allowing his own Myriad Tao's Golden Body to become stronger.

In this way, he would be able to cultivate the Myriad Tao's Golden Body while cultivating the Six souls!

After the Crash method, the power of the Myriad Tao has increased by a lot. I am only going to use the first Crash, so I have to increase the next level of the Crash.

In order to become stronger quickly, Chen Xiang did not care about the risks that this method brought, because refining such a strong power of the Myriad Tao was extremely dangerous. If he lost control, it would cause great damage to his Divine Sense Sea World.

Not long after, Chen Xiang once again gathered a large amount of Myriad Tao energy and condensed it into a huge ball of light just like last time.

Every time they collided, the resulting shockwave would always be the most violent of Myriad Tao's powers. Chen Xiang was initially worried that the Six souls would not be used to absorbing his own energy, but what surprised him was that after absorbing the Six souls, it would become even stronger and more powerful.

## [Chapter 2902](#)

Chen Xiang could only execute three Crashes right now, if he continued, his Divine Sense Sea World would not be able to take it anymore. Refining the power of the Myriad Tao once, would take more than a month, and he would only be able to increase a little at a time...

He was now at the middle stage of the Tai Zun realm. It would only take him a day or two to break through, and many people who used thousands or even tens of thousands of years to break through might not be able to do so.

Chen Xiang was aware of this point, he also knew that if he continued to force himself to quickly break through, it would cause great harm to himself.

Right now, Chen Xiang could only maintain his calmness and patience, allowing himself to steadily improve!

In the blink of an eye, two years had passed. At this moment, he was already able to stand up and barely walk slowly.

It took him two years to step into the Late period of Tai Zun realm. To be able to stand up with such a cultivation, that was pretty good.

Flying Dragon Palace Leader had already said that many of the Late period of Tai Zun realm s could not even stand up, and could only barely run in the early stages of the Venerable ancestor realm. Only people like the High Priest who were at the peak of the Venerable Ancestor Later-stage could fly.

Even though Long Qiumu was a Venerable ancestor realm, she was only around at the early to middle stages. The peak of the late stage was the strongest, so she was basically unable to defeat the High Priest.

"Only by becoming your respected ancestor can I barely resist the High Priest. I don't even know where he took Long Qiumu to." Chen Xiang looked at the blue sky and clenched his fists.

Running in this place was extremely difficult, but it was also a way of cultivation, as it could make his Myriad Tao's Golden Body even stronger.

Chen Xiang kept on running, and when he was tired, he would lie down and absorb the endless energy of the Myriad Tao. After he recovered, he would stand up and continue running, and run for a year continuously.

He already possessed the Myriad Tao's Golden Body, and it was a very powerful and mature Golden Body, so stepping into the Venerable ancestor realm required him to cultivate the Myriad Tao's Golden Body.

So if he wanted to break through and become a revered ancestor, he only needed to strengthen his Six souls!

His Six souls was one of the six Heavenly beast, and it still looked rather 'small'. If he were to step into the Venerable ancestor realm, the six Heavenly beast would become even stronger.

"You should be able to try the Myriad Tao technique now!" Flying Dragon Palace Leader suddenly said: "If I can help you step into the Venerable ancestor realm, then you will be a brand-new beginning in the Venerable ancestor realm."

"What will happen after I cultivate the Myriad Tao Divine Arts?" Chen Xiang asked: "I thought the Myriad Tao Divine Arts was only an auxiliary type of cultivation technique, a technique that uses dao energy."

"Of course not, the Myriad Tao Divine Arts are a fusion of the Four Great Divine Arts. Although the Four Great Divine Arts are all support, the Myriad Tao Divine Arts after being merged isn't so simple. If you were to cultivate it, you will definitely feel the benefits of the Myriad Tao Divine Arts! "Of course, you'll have to figure out how to train by yourself. In short, you won't be disappointed."

"Everyone has their own differences in cultivation of the Myriad Tao Divine Arts, they have comprehended what is most suitable for them, it can be said to be a very spiritual cultivation technique."

The Flying Dragon Palace Leader paused to let Chen Xiang understand what he had just said, before continuing, "I have yet to start cultivating, but I have already tried to understand the Myriad Tao's divine arts. If there is anything you do not understand, you can ask me."

"Alright!" Chen Xiang closed his eyes and started to understand the short yet very obscure chants of the Myriad Tao Divine Arts.

These incantations were extremely hard for Chen Xiang to comprehend, and he himself had to chew it many times before finally understanding it a little.

Although he had already obtained the Myriad Tao Divine Arts, it would not be easy for him to understand and cultivate them.

Chen Xiang used two whole years just to understand this Myriad Tao Divine Technique, but he didn't feel like time was passing by!

After comprehending quite a few of the Myriad Tao Divine Arts, he was shocked to discover that the Myriad Tao Divine Arts actually also contained a supreme technique like the usage of space and time!

He was already able to use space, and thought that his control of space was extraordinary. However, after understanding the Myriad Tao Divine Arts, he realized that his control of space was only superficial.

The use of spatial energy within the Myriad Tao Divine Arts had already reached its ultimate form. Even in many places where spatial energy was restricted, spatial energy could still be used smoothly.

For example, in this Flying Dragon Experience Place, there were many barriers and formations restricting the power of space.

The mantra contained in the Myriad Tao Divine Arts also taught people how to use the power of space in a limited place.

What followed was the control of time!

The most important thing for the God Murdering Sword Techniques was the control of the power of time. Chen Xiang had also previously comprehended the 'essence' of the God Murdering Sword Techniques, which was to make his own time different from others'. This way, others' movements would be slowed down for a period of time while he himself would have to speed up.

Taking advantage of this time difference to attack or dodge would make others feel that it was inconceivable.

In the Myriad Tao Divine Arts, the use of time energy was the God Murdering Sword Techniques, while space energy was the Six Realms magic kungfu!

Of course, this was only the main point. Besides explaining how to use time, God Murdering Sword Techniques also had the ability to use fear and death. For example, when the God-killing sword was released, it would cause people to feel fear.

Furthermore, other than the Six Realms mirrors's ability to use space, it also had the power of life. This was a very profound realm, Chen Xiang was unable to understand it, but he felt that he could still use the power of life to do so.

As for the Heavenly Alchemy, that was the easiest for Chen Xiang. He himself had a very deep understanding of the Heavenly Alchemy, and the main purpose of the Heavenly Alchemy was to teach others how to use various types of energy to resolve the costs of everything in the Myriad Tao.

Finally, it was this part of the Heavenly spirit kunfu, which allowed one to cultivate a body as strong as the heavens themselves. This was also a very profound aspect that Chen Xiang was unable to understand.

The Myriad Tao Divine Arts included the Four Great Godly Arts. Although Chen Xiang had all four of them, there was no key part of them, and that was the part that combined the Four Great Godly Techniques, and that was the Myriad Tao Divine Arts!

Now that he had obtained the Myriad Tao Divine Technique, as long as he could comprehend the essence of the Myriad Tao Divine Technique, he could use the power controlling techniques from the Four Great Divine Arts with ease.

If it was before, he would need to learn all four techniques at the same time, which was extremely difficult, not to mention being easily distracted, it would also be extremely difficult to learn.

As for learning the Myriad Tao Divine Arts, it would suffice as long as one practiced a cultivation technique. After learning the essence, he would be able to master the other four techniques immediately.

This was all discussed out by Chen Xiang and the Flying Dragon Palace Leader during the past year.

"I understand a lot now, so I can try to cultivate it now!" Chen Xiang closed his eyes and started to absorb the Myriad Tao's power.

...

### [Chapter 2903](#)

Chen Xiang followed the method of using the Myriad Tao Divine Arts to absorb the energy of heaven and earth, and watched as the energy of the surrounding Myriad Tao suddenly condensed into water droplets, and entered his body. Access:.

To be able to directly condense the formless energy of the Myriad Tao into liquid state, even Chen Xiang himself was shocked.

The Myriad Tao's power entered his body, and continuously collided fiercely within his Divine Sense Sea World. After the collision, it merged together, then separated, and then continuously collided ...

At this time, his Divine Sense Sea World was in a state of constant rumbling. The power of his Myriad Tao had already been condensed into a rock, upon colliding with it, it released a deafening explosion of light.

It looked like this was his Crash method, but he did not have the ability to use it. It was just that when he was channeling the Myriad Tao Divine Arts, he wanted to increase the power of the Myriad Tao that entered his body, so he suddenly comprehended this technique.

As they continuously collided, waves of powerful Myriad Tao energy were created and absorbed by the six Heavenly beast in the Divine Sense Sea World.

Just like that, he continued to circulate the Myriad Tao's divine arts. The power of the Myriad Tao flowed into his Divine Sense Sea like a great river, and then continued to collide with each other, creating extremely powerful waves of air.

This wave of energy surged into his Divine Sense Sea, permeating every part of his body, and then rushed through his entire body.

At this moment, both his' flesh 'and the Divine Sense Sea were improving at an extremely fast rate!

At this moment, Chen Xiang was enjoying this cultivation state very much, because he could feel himself becoming stronger at every moment.

In just half a year, he could cultivate under this state. With just a thought, he could enter this state immediately!

Right now, he already had other thoughts to understand the usage of the spatial energy inside. The flying platform was greatly restricted, preventing him from using the spatial energy, making him feel that it was not safe. Therefore, he needed to grasp the method to use the spatial energy in this limited situation.

This way, the next time he entered the Myriad Tao Mausoleum, he would not have to worry about not being able to use the power of space and becoming afraid of those strong warriors.

In the blink of an eye, five years had passed. The six Heavenly beast inside Chen Xiang's Divine Sense Sea were already extremely strong, filled with an extremely strong power, and they all started to cheer within his Divine Sense Sea in a lifelike manner.

Along with the simultaneous roar of the six Heavenly beast s, an intense light flashed out from his huge body. Chen Xiang smoothly stepped into the Venerable ancestor realm, his tightly clenched fists were trembling, the moment he broke through, a berserk power continuously surged out!

"Ahh ..."

Chen Xiang roared out, the imposing aura he gave off was so mighty that even the Flying Dragon Palace Leader inside the Six Realms mirrors could feel it.

"I've broken through!" Chen Xiang looked at the Six souls inside the Divine Sense Sea World, it was flickering with light, emitting a powerful aura.

Chen Xiang stood up and then flew into the air. At this time, he could already fly freely.

After breaking through, the first thing he would do was to save Long Qiumu.

He took out the Rat emperor beads.

"What happened to the rats inside?" Chen Xiang had been cultivating for the past few years and hadn't seen this Rat emperor beads much. After taking it out, he released a mouse.

The rat was still as big as before, but its strength had increased by a lot. It was a Late period of Tai Zun realm!

Other than this, the most inconceivable thing was that the rat had become a human!

Following his will, this person could also turn back into a mouse.

"This... What exactly is going on!?" Chen Xiang was surprised, and immediately turned to look at Flying Dragon Palace Leader.

"It should be a good thing that he integrated the characteristics of the Demonic Dragon Transformation to become a human. After this kind of mouse becomes a human, it will be much easier to accomplish." Flying Dragon Palace Leader laughed: "Can you control their appearances?"

"I'll try!" Chen Xiang's mind moved, the muscles and Bones on Mouse Man's face suddenly moved, and instantly changed his appearance.

It was just that Mouse Man's expression was very blank, and he looked very stiff.

But following Chen Xiang's intentions, Mouse Man's face also had an expression, a smile, and he could even speak. Everything he said was in Chen Xiang's heart.

"This is equivalent to my external body. Furthermore, I am extremely powerful. It doesn't matter even if I die." Chen Xiang patted Mouse Man's body, and nodded in satisfaction.

Following that, he released many more of these Mouse Man s. There were about a hundred of them, making them line up and control them at the same time.

Chen Xiang wanted to familiarize himself with how to control so many familiar faces to do things for him. After that, the number of people he knew increased and finally reached 5,000!

As a result, he had the Mouse Man Army of Late period of Tai Zun realm, and was very powerful. He could even turn into a mouse.

"Great!" After Chen Xiang mastered it, he placed the Heaven devouring rat inside the Dragon Beast.

The reason why he took out the Rat emperor beads was to sense Long Qiumu's location. He felt that it would not be difficult for him to sense it, since it was already sensed by the High Priest when he was still a grandmother of the Dragon clan.

"Not in the Flying Dragon Experience Place?" Chen Xiang quickly sensed that the place was very far from here and it was not within the Flying Dragon Experience Place.

"Could it be in the Dragon Devil Dead Land?"

Although he did not know exactly where Long Qiumu was, he was certain that Long Qiumu was not dead, which made him feel a lot more at ease.

Although he had used several years of time to raise his strength, he was still very fast, reaching the Venerable ancestor realm from the middle stage of the Tai Zun realm.

"I'll leave the Flying Dragon Experience Place first. I can already use my space here, so it'll be easier next time." Chen Xiang tried and was successful in teleporting.

This was what he had learnt from the Myriad Tao Divine Arts.

After teleporting a few times, he suddenly felt more than ten auras approaching him. They were all Demonic Dragons.

Previously, when he had broken through, he had caused quite a big commotion, so it wasn't strange that he had attracted people over.

"Has the High Priest been sending people to find me here all these years?" Chen Xiang immediately turned invisible and quietly walked towards them.

"Those who are able to move freely here should be your ancestors. These ancestors should be quite precious to the High Priest." When Chen Xiang got closer, he saw that all the Dragon Demons were middle-aged in appearance, all of them were in the early stages of the Ancestor Realm.

The early stage of revered ancestor was still very difficult for Chen Xiang to deal with five years ago, but now he was not afraid at all.

"I should be able to find something from these guys' memories." Chen Xiang planned to capture two of them alive and use the Soul Absorbing Devil Spell on them.

These more than a dozen Dragon Demons were originally flying in the air, but now they were all landing on the ground.

"This power is very strong! It should be left behind by that comrade Long Qiumu. I never thought that he would actually break through here after a few years. " A middle-aged man looked at the place where Chen Xiang was sitting and sneered: "He is nearby. As long as we capture him back, the High Priest can help us advance to the middle stage of our Ancestor."

...

#### [Chapter 2904](#)

The High Priest had gained the ability to raise the power of the Dragon Demons. Chen Xiang finally understood why there were so many powerful Dragon Demons working for the High Priest.

It wasn't easy for the Dragon Demons to become strong, especially the weaker ones. They had to rely on a lot of external help, and the High Priest had a way to help them improve, which made them very loyal to the High Priest.

"I must get rid of this High Priest. Sooner or later, he will lead many of these Dragon Demons to turn the world upside down." Chen Xiang could foresee that.

Chen Xiang was planning how to kill all of the Dragon Demons. This required a thorough plan of attack.

Looking at this group of Dragon Demons, he coldly laughed in his heart, "That High Priest really has a good plan. He used the powerful descendants of the Dragon Demon Great Leader as sacrifices, but didn't use these ordinary Dragon Demons. Clearly, he is trying to weaken the power of the Dragon Demon Great Leader to increase his own strength."

The High Priest was definitely not someone who was easy to deal with.

Very quickly, Chen Xiang thought of an idea. He released over 10 Heaven devouring rats, turned them into a human, and then rushed out, running in all directions.

Those Dragon Demons who were flying in the air were immediately astonished when they saw so many people appear, and they all looked pretty strong.

"Quickly chase!" A Dragon Demon shouted, "Chase them separately! We must capture them all!"

Chen Xiang did not think that things would turn out like this. As expected, these Dragon Demons split up to chase after Mouse Man.

Although it was just the strength of the Late period of Tai Zun realm, Chen Xiang was not worried at all. He knew that these Mouse Man would definitely be able to stall these Dragon Demons for a period of time.

When Chen Xiang saw that the Dragon Demons were scattered, he immediately ran towards one of them. He just wanted them to separate so that he could defeat them one by one.

Very quickly, he caught up to that Dragon Demon. As he was invisible, he was not discovered, and at that moment, that Dragon Demon was already attacking the Mouse Man from afar.

Just as the Dragon Demon had condensed a powerful black ball of light, Chen Xiang's Berserker Sword suddenly appeared. With a flash, it shot towards the Dragon Demon's body.

With a single slash, the Dragon Demon was sliced into eight pieces, cleanly and cleanly.

Chen Xiang immediately threw all of these pieces of meat into the Six Realms mirrors, and then took out the head and used Soul Absorbing Devil Spell on all of these heads!

Very quickly, he obtained a large amount of information from the Dragon Demon's memories, and found out where Long Qiumu was.

"It is indeed in the Dragon Devil Dead Land, right in the middle of the abyss." Chen Xiang told Flying Dragon Palace Leader everything he knew, "The center of Dragon Devil Dead Land has already been occupied by the High Priest, that is his territory!"

Chen Xiang had been cultivating for the past few years, and many changes had occurred in the Flying Dragon Pagoda!

Long Qiumu's father had already entered the Myriad Tao Mausoleum and could not come out. The other two great Dragon Demons had already been recruited by the High Priest, who was the strongest in his entire family.

After the Flying Dragon Palace Leader heard about this, he scolded, "That Dragon Demon Lord is such a coward. He didn't even save his own daughter and hid inside the Myriad Tao Mausoleum. I actually gave myself to such a scumbag for nothing. This is such a great shame."

"Long Qiumu's current situation isn't too good. It's said that the place where she is being held is called Heaven's Punishment Hell. She would be tortured in any kind of way inside, so I have to hurry up and save her!"

He took out the Six Realms mirrors and entered the Six Realms Time and Space Door to see Long Qiumu's Wheel of Destiny. He discovered that Long Qiumu's Wheel of Destiny was extremely weak and seemed to be in extreme pain.

When Chen Xiang found out about Long Qiumu's situation, he was even more anxious.

Clenching his fist, he immediately teleported to the other dragon demon and killed it in an instant.

The Dragon Demons that had come to search for him were quickly killed by him and thrown into the Rat emperor beads to feed the rats.

"It seems like mice really like to eat this kind of dragon demon!" Chen Xiang laughed mischievously, and then left the Flying Dragon Experience Place!

... ..

Ten days later, he arrived at the Dragon Demon Imperial City in the Dragon Devil Dead Land. This was the most prosperous city in the Dragon Devil Dead Land, and it was home to many strong humans and dragon demons.

The so-called Dragon Demon Holy Land was the huge sky ditch right in the middle of it, and many powerful Dragon Demons were born there, so it was called the Dragon Demon Holy Land.

Now that Long Qiumu was inside, Chen Xiang had to take action quickly to save him from the torture.

He had entered the Six Realms Time and Space Door here, but was still unable to teleport there.

"Those fellows have never been to that sky ditch ... I have to sneak in myself. " When Chen Xiang flew above the sky of the Sky Cavern late at night, he was already invisible, so it was difficult for others to discover him.

As he neared the sky, he could feel the power of the barrier. If he were to touch it, it would definitely cause a great deal of commotion.

"What exactly is beneath this Sacred Land?" How did the Dragon come out of here? Wait until I save Long Qiumu, then we'll go and investigate. " After Chen Xiang had cultivated the Myriad Tao Divine Arts,

he had improved greatly in every aspect. His use of spatial energy, in particular, had reached an unprecedented level.

Even in a place like the Flying Dragon Experience Place where the spatial laws were restricted, he was still able to use the spatial laws.

Chen Xiang easily went through the barrier and used the White Tiger to jump instantly.

"These Dragon Demons have powerful array masters, and they also have a very profound understanding of the Space Laws. You have to be careful." He knew that Chen Xiang had grasped an extremely terrifying power of the spatial laws, but he was careful to not sail a ship for ten thousand years. He did not wish for Chen Xiang to be careless and cause grave harm to him.

"Got it!" Chen Xiang had always gone deep into the largest lair of the Dragon Demons.

The High Priest would definitely be more vigilant after losing his Dragon Devil Grandmother. There would definitely be many powerful Dragon Demons by his side.

Since Chen Xiang could think of this, he would definitely not be careless.

Not long after, he entered the depths of the Dragon Demon Holy Land. Below him was actually an extremely large underground palace, which was heavily guarded!

Above the underground palace, there were more than ten early stage Venerable ancestor realm Dragon Demons patrolling. Not long after they passed by, another one came, and there were actually several such teams.

What surprised Chen Xiang was that there were not only the Dragon Demons, but humans as well.

The powerful human ancestor had been turned into a patrol by a dragon!

"It looks like there is something important underneath this Dragon Demon Holy Land. Otherwise, it wouldn't be so strict." Chen Xiang arrived in front of the large entrance of the underground palace. Even though there were more than ten early stage Ancestor Dragon Demons standing there, they did not discover Chen Xiang.

The powerful invisibility that Chen Xiang used was something that these Dragon Demons had never heard of, let alone seen with their own eyes.

Chen Xiang, who was standing in front of the door, teleported in with a thought and entered the underground palace.

"Flying Dragon Imperial Palace?" After Chen Xiang entered, he stood inside a passage. On the side of the passage, there was a stone tablet with the words "Flying Dragon Imperial Palace" written on it.

This made him very puzzled!

...

[Chapter 2905](#)

Flying Dragon Imperial Palace didn't sound like they had anything to do with the Dragon Demon, but the Dragon Demon treated this place as a holy land, and so many Dragon Demons were born from this place.

"What is the Flying Dragon Imperial Palace?" Chen Xiang anxiously asked Flying Dragon Palace Leader, Flying Dragon Palace Leader must definitely know something.

"Are you sure you didn't see wrong? The words' Flying Dragon Imperial Palace 'are written on the stone tablet? " Flying Dragon Palace Leader shouted in shock when he heard it.

"I'm not blind, I'm definitely not seeing things!" Chen Xiang said: "Hall Master Old Man, do you know about the matter of the Flying Dragon Imperial Palace? Quickly tell me, if you understand this place, then you can help me find Long Qiumu faster. "

Flying Dragon Palace Leader did not speak, only after Chen Xiang shouted a few times did he hear Flying Dragon Palace Leader sigh.

Chen Xiang knew that there must be some sort of story behind it. Since the Flying Dragon Palace Leader didn't say anything, he had no choice but to continue forward and explore it himself.

Just after he walked a few steps, the Flying Dragon Palace Leader sighed and said, "Flying Dragon Imperial Palace was the first Flying Dragon Palace!"

"The earliest Flying Dragon Palace? Four Great Divine Sects seems to be here before your Flying Dragon Palace! " Chen Xiang said.

"Flying Dragon Imperial Palace was created immediately after Flying Dragon Pagoda was finished. Four Great Divine Sects only appeared after Myriad Tao's Mysterious Technique was split, and Flying Dragon Imperial Palace came out much earlier than Four Great Divine Sects. I originally came from Flying Dragon Imperial Palace, so I created Flying Dragon Palace later on." The Flying Dragon Palace Leader asked, "I never thought that the Flying Dragon Imperial Palace would still be here, but why did it become like this?"

Chen Xiang could speculate that the Flying Dragon Imperial Palace had disappeared very early on. At that time, not even the Four Great Divine Sects appeared, and when the Flying Dragon Palace Leader came out of the Flying Dragon Imperial Palace, he possessed a strong power that allowed him to survive the battle with the Dragon Devil Emperor Venerable.

As for him, he had fought a great battle against the Dragon King's Ancestor, and although he had received serious injuries, he had managed to survive. This was something that was rarely seen.

"Where do you think Long Qiumu would be?" Chen Xiang asked, he was extremely concerned about Long Qiumu.

"In the past, Flying Dragon Imperial Palace had a Heaven's Punishment Hall. If it was still there, then Long Qiumu should have been locked inside." The Flying Dragon Palace Leader immediately led Chen Xiang through the complex and complicated path inside towards the Heaven's Punishment Palace.

"There are all kinds of torture in the Heaven's Punishment Palace. This kind of torture is not something normal people can endure, even if it's Venerable Ancestor Later-stage s that enter, they would commit

suicide. But Long Qiumu is still alive, so she should be able to withstand it." Flying Dragon Palace Leader said, "You should hurry up! The Heaven's Punishment Great Formation in the Heaven's Punishment Great Hall will stop for an hour every day. This half hour is the happiest time of the day for those who enter. "

Chen Xiang had already walked very fast and was using teleportation as well. Along the way, he hadn't met anyone along the way. Although there were a lot of people patrolling outside of Flying Dragon Imperial Palace with the Dragon Demons, the interior was very empty.

"The High Priest must be here too." Chen Xiang had already arrived at the entrance of the Heaven's Punishment Hall. There was a signboard at the entrance with a few words written on it.

"Flying Dragon Imperial Palace is the most ancient existence in this Flying Dragon Pagoda. When I was still very young, I didn't know much about many things in the Flying Dragon Imperial Palace. The gigantic mountain that the Flying Dragon Imperial Palace is located on suddenly collapsed, and Flying Dragon Imperial Palace disappeared in one night."

"Fortunately, at that time, I already had a certain level of strength and I happened to be out, so I survived. After that, I created the Flying Dragon Palace."

This Flying Dragon Palace Leader actually didn't know what she was doing, so Chen Xiang was very speechless.

"I couldn't help it, back then this Flying Dragon Imperial Palace was already muddle-headed and didn't fall, that was already many years ago. I almost forgot about the existence of the Flying Dragon Imperial Palace, I didn't think that we would actually be in this kind of place." The Flying Dragon Palace Leader said.

Chen Xiang teleported into the Heaven's Punishment Hall, just as he entered, a bone-piercing cold energy suddenly attacked him, instantly entering his body.

"Ah... What the hell is that thing!?" Chen Xiang's entire body was in extreme pain, the cold force was like countless ice needles piercing into his body, the pain pierced into his bones and flesh, his internal organs, causing him to be in so much pain that he wished he was dead.

"The Heaven's Punishment Great Array is currently in operation ... With how cold the air is, if I'm not wrong, it should be the Twin Heavenly Layers of Ice and Fire. The next thing to do is to heat up and think of a way to defend. "

Just as Flying Dragon Palace Leader finished speaking, Chen Xiang felt as if he was being burnt, the cold energy that had just entered his body suddenly became scorching hot, as though needles were stabbing into his body. It was the same pain as before, but also a different kind of pain.

Intense pain came, constantly changing, and in an instant, Chen Xiang had experienced all kinds of pain!

Just when he was extremely disgusted with this feeling and felt very conflicted, for some reason, the Myriad Tao Divine Technique suddenly started to circulate. This method of circulation was one of the parts that he had never been able to understand.

The Heavenly Body Section of the Myriad Tao Divine Arts was one of the hardest parts for him to comprehend, but he could now operate it smoothly.

After remembering that he had smoothly circulated his energy, the pain suddenly disappeared. He, who had been rolling on the ground in pain, was now able to stand up.

"Is everything alright?" Chen Xiang looked around, only to realize that he was in a completely dark space, unable to see anything.

He immediately took out the Six Realms mirrors and entered the Six Realms Time and Space Door. He couldn't even come out from the Six Realms Time and Space Door before, but now that he and Long Qiumu were in the same dimension, he was sure that he could do it.

After finding Long Qiumu's Wheel of Fate, Chen Xiang immediately teleported over.

Just as he went over, he heard Long Qiumu scream in pain. He grabbed Long Qiumu and used a method to make him lose consciousness, and then placed Long Qiumu in the You Yao Mountain Villa for their care.

Long Qiumu's injuries were not light, she had been tortured to the point that she looked terrible. Fortunately, the Mei Jing Sisters had a strong regeneration ability which allowed her to recover quickly.

Chen Xiang did not leave the place. He found out that this place could help him cultivate the Myriad Tao's Divine Arts.

At the moment, the Myriad Tao Divine Ability was circulating on its own, so he had to take advantage of this situation to comprehend the reason. This way, he would be able to understand it in the future.

After staying here for ten days, he finally understood what was going on and quickly left. After all, the High Priest was here.

Long Qiumu did not wake up. She had already been tortured for a few years, this sudden relaxation would cause her to fall into a long period of cultivation to recuperate.

After Chen Xiang left the Dragon Demon Holy Land, he immediately went to look for Lin Jitian.

He had not seen Lin Jitian and the Great Clan Elder for a long time as well.

They were still hiding in the little bat's cave. Chen Xiang's sudden appearance here did not surprise them at all.

"You're finally back. I've been waiting for you for a long time!" Lin Jitian was still worried about Chen Xiang. Previously, Chen Xiang had left a note saying that he was going to the Flying Dragon Experience Place, but he did not come back, causing them to be worried to death.

"I'm fine." Chen Xiang patted Lin Jitian's shoulder, and laughed: "Uncle Lin, you are already an ancestor, hehe!"

Great Elder and Lin Jitian were both currently in the Venerable ancestor realm, but they were only in the early stages. Even though they did not know that Chen Xiang had already stepped into the Venerable ancestor realm, they did not dare to underestimate him.

## [Chapter 2906](#)

Chen Xiang told them about him going to the Flying Dragon Experience Place in a simple manner, and then asked them about their situation over the past few years.

"Right now, even the Dragon Demons are wildly plundering Dao crystal s. I don't know why, but ..." The Great Clan Elder replied, "Previously, the Dragon Lord had a conflict with two other Dragon Lord and have entered the Myriad Tao Mausoleum. He should be trying to avoid being hunted down."

"Then the Dragon Demon Sovereign also took a lot of Dao crystal. Does the Myriad Tao Mausoleum need a lot of Dao crystal?" Lin Jitian said.

The little bat was not here. Chen Xiang had not seen him for a long time, so at this time, Lin Jitian and the Great Clan Elder did not know much about the High Priest.

The High Priest had never shown his face and had always kept a low profile, secretly controlling the entire Demonic Dragon Corporation!

"The power structure of the Demonic Dragon is not that simple!" Chen Xiang said in a deep voice and then told them about the High Priest, surprising them greatly.

Especially when the High Priest was able to help the Dragon Demons level up their Venerable ancestor realm, it made their entire bodies tremble.

There were many things about the Dragon Demons that were extremely mysterious. For example, the amount of ancestors the Dragon Demons had, many humans did not know about them, but hearing Chen Xiang say this, the Dragon Demons had more ancestors than they could imagine.

"Then wouldn't it be too late for us humans to make a comeback?" Lin Jitian sighed.

"That's not right, what we need now is time. Sooner or later, the Dragon Demons will enter the Myriad Tao Mausoleum, the Myriad Tao Mausoleum must be hiding something to attract them." Chen Xiang said: "I'm not sure what is inside right now, but we need more Dao crystal!"

Right now, Chen Xiang felt that the billions of Dao crystal s left were too few. The High Priest must have sent so many powerful Dragon Demons to plunder the Dao crystal for the sake of entering the Myriad Tao Mausoleum as well.

Lin Jitian and the Great Clan Elder had also gotten a trillion Dao crystal in these few years. This could be considered to be pretty good.

Chen Xiang did not take their Dao crystal because it was very easy for him to earn Dao crystal.

"When are we supposed to enter the Myriad Tao Mausoleum?" The Head Elder asked, "We definitely can't let someone like the Dragon Demons get their hands on the good stuff inside."

"Of course!" Chen Xiang thought for a while, then said: "When our Dao crystal has enough, we will go in. Great Elder, I will give you some medicinal ingredients! Look and see if Master Wang and I can find a large group of Alchemist s to help refine it. If there are Alchemist s with Tai Zun realm s helping them, then I will help them raise it to the Venerable ancestor realm. "

Chen Xiang had a lot of medicinal ingredients in the past few years that were grown inside the Mei Jing Sisters. The medicinal ingredients refined into pills were extremely useful to many humans, allowing them to quickly break through, such as Huazun Dan s.

The Huazun Dan s were relatively easier to refine. The Master Wang and Great Clan Elder were definitely able to refine them, and Chen Xiang had the most number of medicinal ingredients to refine them.

When the Great Clan Elder took a look at those medicinal ingredients, he could not help but be shocked. He felt that if these medicinal ingredients were to be refined into pills, there would definitely be more than a trillion Dao crystal s.

"Alright!" The Great Elder nodded.

"Okay, I'll go rest first." Chen Xiang entered a stone room and now that he had rescued Long Qiumu, he could finally heave a sigh of relief.

When he entered the You Yao Mountain Villa, he saw that Long Qiumu was lying on a couch. She was dressed in very little, and only simply encircled her waist and chest, revealing her slender waist that had a few muscles in it. Her slender thighs were stretched out perfectly, making her feel even more comfortable.

"Qiu Mu, are you feeling better?" When Chen Xiang saw the enjoyment of Long Qiumu's sunbathing, his face was full of happiness. He knew that she did not leave any traces of shadow behind just because she stayed in the Heaven's Punishment Palace for a few days.

"Alright, there shouldn't be anything else." When Long Qiumu saw Chen Xiang, she smiled at him. Although she wore very little, she was not afraid of Chen Xiang looking at her with that fiery gaze.

"These past few years have been tough on you!" Chen Xiang said somewhat guiltily, he walked over and helped to comb Long Qiumu's long hair.

"It's nothing, it's just an experiential learning for me. Anyway, it's over now!" Long Qiumu laughed magnanimously. She was a very optimistic and straightforward woman to begin with, and it was already very good that she was still alive.

"You don't have to be guilty. You were the one who saved me from the High Priest. If you hadn't intervened at that time, I would have died a long time ago." Long Qiumu patted the back of Chen Xiang's hand and laughed: "Isn't it good now? The High Priest did not get his Dragon Grandmother, nor did he catch you, and you saved me. "

Chen Xiang looked at Mei Jing Sisters who was busy doing his work, and laughed: "Witch, do not bully these two sisters!"

"How dare I bully your woman? They are even so considerate to take care of me, I thank them all too late! " Long Qiumu laughed tenderly: "I didn't think that there would be two such good girls hidden in Divine Sense Sea World, and they are twin sisters."

"Don't spout nonsense, they are just my friends ... But speaking of my woman, hehe, that's a lot. " Chen Xiang laughed sinisterly.

He also sat on a stone stool and took out some delicious food. He felt that Long Qiumu, the female dragon demon, must have never eaten anything good before.

Sure enough, after Long Qiumu ate a little, he started to exclaim in admiration. Although it was just a normal fruit, the taste was extremely good.

"Where are your women? Flying Dragon Pagoda is in a very bad situation right now, it's not safe if you don't put them inside." Long Qiumu said. She understood human men very well, strong human men, there were definitely many women around them, and it was the same for them, the Dragon Demons.

"They're all in other worlds, and the situation there isn't too good either. The reason I'm getting stronger is so that I can return early." Chen Xiang sighed, the only way for him to stabilize Natural Law World was to defeat him.

"What's going on?" Although Long Qiumu knew that Chen Xiang was a genius Alchemist, he still did not understand him well enough.

"Do you know of the Natural Law Divine Lord in the Myriad Tao Mausoleum? This guy controls a lower world, and I came out of that world." Chen Xiang said.

Long Qiumu immediately understood. She understood the Natural Law Divine Lord quite well, after all, he was quite famous in the Myriad Tao Mausoleum, and was the number one Bone King among the Ten Great Bone Kings of White Bones Imperial.

"This fellow isn't easy to deal with. He should be a Zongshi realm advanced stage cultivator!" Long Qiumu suddenly grabbed Chen Xiang's hand, as she checked his current strength.

Just as she was investigating, she frowned. "Why are you ... "How is he so strong?"

Chen Xiang pinched her jade hand and laughed: "Isn't it all because I went to rescue you? I trained with my life on the line."

"He must be cultivating the Myriad Tao Divine Technique!" Long Qiumu could immediately guess.

Chen Xiang nodded his head, "Qiu Mu, do you really not know why the High Priest is gathering all these Dao crystal? Your father has already entered the Myriad Tao Mausoleum, and I heard that he has brought a large group of Dao crystal with him."

"I wasn't sure about that before, but when I was captured by the High Priest, he came to see me once and told me the specific uses of the Dao crystal." Long Qiumu said.

## [Chapter 2907](#)

Chen Xiang was the most curious about this matter, but to think that Long Qiumu would actually tell the truth.

"What is it for?"

"There are many mysterious Transmission array s left in the Myriad Tao Mausoleum. As long as we open these Transmission array, we can teleport to some places. I heard that there are many treasures left behind from the Myriad Tao Mausoleum's construction in those places." Long Qiumu said: "The reason

the Myriad Tao Mausoleum was created was to hide some things and it requires one to open those Transmission array s."

"What is it? Did your father tell you? " Chen Xiang asked again, for the Myriad Tao Mausoleum to actually have so many treasury, if it's true, then the things inside must be extraordinary.

"My father doesn't know either, but he only found out about this recently. It's said that many experts from the Divine Ghost Imperial Country, Flying Dragon Ghost Realm and White Bones Imperial have already found those Transmission array, and need a large number of Dao crystal to activate it. As for how many Dao crystal are needed, no one knows." Long Qiumu said: "If you want to go in and try, then you must stock up enough Dao crystal."

The Dao crystal was actually the key to opening the Transmission array, Chen Xiang actually wanted to go over to take a look. He had quite a few Dao crystal, but he felt that it was still not enough.

Right now, he had already told the Great Clan Elder and Master Wang to refine Huazun Dan. If they sold it, he would very quickly be able to obtain a sum of Dao crystal.

"Mn, I'll earn the Dao crystal first during this period of time. I must go in and take a look." If Chen Xiang were to enter the Myriad Tao Mausoleum again, he would not end up in such a sorry state.

Right now, he was at the early stage of the Venerable ancestor realm, and was also able to use the power of space at a high level, even in Myriad Tao Mausoleum.

"What about you? What's your next plan? " Chen Xiang looked at Long Qiumu's long hair and asked.

"I don't have any plans, I'll just stay here!" My Pearl of Life is no longer in the hands of the High Priest. No matter what he does, he won't be able to find me. " Long Qiumu lied on the couch, looking around at the calm and beautiful scenery, not willing to leave.

"Up to you!" This place is huge, even if ten of you were here, I would still be able to accept you. " Chen Xiang laughed: "I'll be going out first. I still have to refine pills to earn Dao crystal s."

"Alright, I'll help the two girls grow the medicinal plants. It looks like it's quite fun." When Long Qiumu stood up, the cloth in front of her chest accidentally fell down, but luckily she anxiously turned around and was not seen by Chen Xiang.

Instead, it was her beautiful jade back that was completely revealed in front of Chen Xiang.

"Cluck, cluck ..." Long Qiumu took out a robe and wrapped it around her body. She turned her head and saw the expression on Chen Xiang's face and couldn't help but laugh.

"You female dragon, don't tempt me. It's very easy for me to control myself." Chen Xiang purposely revealed a lewd smile.

Long Qiumu stuck out his tongue at Chen Xiang, then walked towards the Mei Jing Sisters's side.

Chen Xiang took a few ingredients needed to refine Huazun Dan and left his own Divine Sense Sea World.

Once he was outside, he took out the Tianchuang furnace and began to refine pills.

Huazun Dan were rather hard to refine in the first place, but now that Chen Xiang was using the Venerable ancestor realm and he had the Tianchuang furnace, refining them would be even easier.

In order to speed up the process of refining, Chen Xiang stuffed a large amount of medicinal ingredients into the furnace, refining around ten to twenty pills in one go.

One had to know that this kind of Huazun Dan only needed one pellet to allow Six Gods Stage to step into the Tai Zun realm, and he could refine twenty pellets a day. This was equivalent to allowing twenty Six Gods Stage to break through.

"I wonder how Master Wang and Great Clan Elder are doing in the process of refining?" Chen Xiang spent ten days to refine two hundred pellets, and then left his stone room.

At this time, only Lin Jitian was the most relaxed as he sat in the hall in a daze. He went out every day to learn more about recent events, so as to be able to understand the movements of the Draconians.

Just as Chen Xiang was about to speak with Lin Jitian, he suddenly sensed something in the hall. He raised his head and saw that the small bat was actually hanging upside down on the hall like a bat. Although he was called a small bat, he was not a bat.

"Little Bat, you're finally back. Where have you been all this time?" Chen Xiang asked.

The little bat did not answer. He just hung on top of it with his eyes closed.

Lin Jitian shook his head and said: "The little bat is in closed door cultivation, he said that he is preparing to step into the Venerable Ancestor Later-stage."

"Ancestor? Late stage?" Chen Xiang was shocked that the little bat had actually reached such a realm.

Lin Jitian nodded his head: "I don't know where he went, to be able to make my cultivation progress by leaps and bounds, and not even asking him about it, but he said that his cultivation method is different from mine, and telling me is useless."

"Uncle Lin, the Great Elder and Master Wang haven't come out yet?" Chen Xiang asked as he took out a jade box. Inside the box were Huazun Dan s.

"They asked me to investigate about the Huazun Dan three days ago and even gave me ten of them to sell." Lin Jitian said: "One pellet for 20 billion, I sold them all. Now, I have two hundred billion Dao crystal, I earn this very quickly."

Twenty billion Dao crystal s for one pellet, made Chen Xiang frown. Lin Jitian sold it very quickly, which meant that many people were getting richer and richer.

"Who bought your Dao crystal?" Chen Xiang asked, he was worried that the Huazun Dan would not sell out because it was too expensive.

"They are all ordinary people! I don't know what's the reason for this Flying Dragon Experience Place, but the floors down there contain more and more Dao crystal, and as long as they are willing to suffer a little, creating several billion Dao crystal s won't be a problem! Lin Jitian laughed: "But with the increasing number of Dao crystal, the current items are more and more expensive."

The Flying Dragon Pagoda had so many Dao crystal in these past few years, so Chen Xiang did not know what this meant.

"Uncle Lin, help me sell these. If you sell one, I'll give you one billion Dao crystal. How about it?" Chen Xiang handed over a jade box to Lin Jitian. Inside it was 20 billion Dao crystal.

"What did you say? If you still think that I am Uncle Lin, then don't give me the Dao crystal. Even if I wanted to come, it would be useless. " The reason Lin Jitian was able to become your ancestor at this time was all thanks to Chen Xiang.

"This... "Alright then!" Chen Xiang did not reject Lin Jitian's good intentions. Someone like Lin Jitian, he definitely would not take his Dao crystal.

Lin Jitian knew that there were Huazun Dan s in the jade box, but he never thought that there would be that many. One was 20 billion, but there were 200 pills inside, so the selling price was 4 trillion!

"Alright, I'll go and sell it now." Lin Jitian was also very excited. When he thought about how he could make such a big deal, he felt that he was really looking forward to it.

#### [Chapter 2908](#)

Just as Lin Jitian left the cave, the little bat above suddenly dropped down, causing Chen Xiang to scream out in fear.

"Little bat ..." Chen Xiang saw the little bat slowly climb up, its eyes releasing a strange green light.

"Old Lin left?" the little bat asked.

"He left. What happened to you?" Chen Xiang was quite curious about the little bat's movements in recent years, giving people a mysterious feeling.

"I have something to tell you." The little bat said, "This matter is very secretive, and no one else is to know about it."

Chen Xiang felt it was strange, and said: "Do you not trust Old Lin?"

The little bat said, "It's not that I can't trust him. I'm worried that I'll harm him, so I can't tell him."

"Alright, let's talk somewhere else then." Chen Xiang brought Little Bat into his stone room and closed the stone door.

After the little bat entered, it said, "I am now late stage Ancestor, but Old Lin does not know that I did not intentionally lie to him."

"What? You've already revered late stage Ancestor?" So fast! " Chen Xiang exclaimed: "How did you manage to level up?"

"It sounds rather tortuous ... In short, it was a fortuitous encounter I had in the Dragon Devil Dead Land. Weren't I always probing the Dragon Devil Dead Land before this? Afterwards, I stumbled into a mysterious place in the Dragon Devil Dead Land and was trapped inside for a long time. It was during that time that I made the leap forward. " The little bat said.

There was a Flying Dragon Imperial Palace at the bottom of the Sacred Ground in the middle of Dragon Devil Dead Land, so Chen Xiang was not surprised by Little Bat's words.

"I also went to a mysterious place in the Dragon Devil Dead Land called Flying Dragon Imperial Palace. Did you enter this place?" Chen Xiang asked.

"No, I've never been to the Flying Dragon Imperial Palace, but I know it's there." The little bat said: "The place I am going is the place where World Defying Stage Dragon Ancestor went into seclusion, it is very close to Flying Dragon Imperial Palace!"

"World Defying Stage Dragon Ancestor?" When Chen Xiang heard this name, he knew that this guy was truly impressive.

"Generally speaking, late stage Ancestor is already at the pinnacle. To reach this realm, one can only obtain greater power by increasing the Dao Meridian, strengthening the physical body, or through other means! To the extremely large number of people, this is the peak of the realm, but there are very few who can break through, and that is the world of pride, and World Defying Stage Dragon Ancestor is someone who can step into the world of arrogance. "

Chen Xiang had previously heard from the Flying Dragon Palace Leader that the Venerable ancestor realm was the end and that there was no more realm above it. However, during the time of the Venerable ancestor realm, one could still use various methods to bring their strength to the limit.

There were also a few Venerable Ancestor Later-stage s, and although the Flying Dragon Palace Leader was also a Venerable Ancestor Later-stage, he was exceptionally strong because he had stayed in the Flying Dragon Experience Place for a very long time.

But now, the little bat had told Chen Xiang that there was still an existence of the arrogant realm!

"You want me to go take a look at the Dragon's Ancestral Space, right?" Chen Xiang said.

"Yes, but it's a bit dangerous because when I go there, the space is very unstable." The little bat said, "I hope that you can go. Perhaps it will be of some help to you, because there are so many profound things in there that I don't understand! If you figure it out, you might be able to break through the bottleneck known as the Venerable Ancestor Later-stage in the future.

Chen Xiang also wanted to know the secret of the World Defying Stage.

"Allegedly, the Flying Dragon Imperial Palace back then was created by the World Defying Stage Dragon Ancestor. Other than the World Defying Stage Dragon Ancestor, there was also another World Defying Stage Tao Ancestor! The World Defying Stage Tao Ancestor created the Myriad Tao Divine Technique to build the Myriad Tao Mausoleum, creating the entire world. All of the worlds were evolved out of the power of his Myriad Tao bit by bit, and took countless years to become like this. "

"These two are amazing guys, they should still be here! Furthermore, there should be more than just the two of them in World Defying Stage, there must be some of them, I just don't know where they are at. " All of this was what he had learned in that space.

Afterwards, the little bat told Chen Xiang the location of the dimensional space in great detail.

After Chen Xiang remembered this, he immediately set off!

... ..

On the way, he told this matter to Flying Dragon Palace Leader, and when Flying Dragon Palace Leader heard about it, he was extremely shocked!

He had stayed in the late stage of the Ancestor Realm for many years, and had never known that there was actually a damned World Defying Stage above it!

"What kind of realm is that? Can we enter this realm? Just thinking about it makes me feel that it is hard to believe that a guy of that realm can create something like the Myriad Tao Mausoleum. If we can also step into that realm, then wouldn't we be able to build a Myriad Tao Mausoleum as well? " Flying Dragon Palace Leader knew how terrifying Myriad Tao Mausoleum was, and the person who created the Myriad Tao Mausoleum's and Myriad Tao's divine arts was even more terrifying.

"I don't know. If we could also enter the World Defying Stage, we would definitely be much weaker than those kind of Patriarchs." Chen Xiang said.

He quickly arrived at the Dragon Devil Dead Land and followed the little bat's instructions to arrive at an ancient stone forest.

There were huge stone pillars here, and they were scattered everywhere. Many of them had been destroyed by people, resulting in the appearance of many scattered boulders.

The mysterious space that World Defying Stage Dragon Ancestor had once resided in was here.

The little bat had made a mark on the stone pillars here. As long as one followed those marks, one would be able to find that space.

It took Chen Xiang more than two hours to follow the markings and finally reach his destination.

Here, there were many of these huge rocks that were left behind after the stone pillars were broken.

The little bat marked the stone, and there was a mysterious space inside.

Chen Xiang placed his hand on the huge boulder, and quickly felt the space inside. With a thought, he entered.

There was not even one book on the shelf, but there was a very thin and old one on the table.

"It's different from what Little Bat said. He said that there's only one piece of paper here, but when I came here, I actually saw a book. Could it be that someone had been here before?" Chen Xiang immediately became vigilant, and carefully observed the surroundings of the house.

After a moment, he was certain that there was no one else in the book. Only then did he relax a little and open the book.

After opening it, he found that it was filled with ancient words. Thankfully, he could understand them. Very soon, he was captivated by the contents of the letter and was extremely shocked!

There were many things that Little Bat had told him before, and some that Little Bat had not.

The little bat had previously said that he couldn't understand too much, which was why he asked Chen Xiang to come over. As for Chen Xiang, he didn't know why, but he could clearly see what was written on the book.

This was originally a person's record of what happened, and it was also recorded when the World Defying Stage Dragon Ancestor was here.

"This room is the World Defying Stage Dragon Ancestor's secret room. After the Flying Dragon Imperial Palace sank, this room left the Flying Dragon Imperial Palace, but it did not stay too far away from the Flying Dragon Imperial Palace."

Chen Xiang finally understood why this space would appear here. The book was written on it.

### [Chapter 2909](#)

Chen Xiang also found the answer why the little bat was looking at things that were different from what he had seen. The things that the little bat and he were looking at on the table were the memories of the World Defying Stage Dragon Ancestor using a special method.

Different people had different memories of being able to see it.

Because Chen Xiang had cultivated the Myriad Tao Divine Arts, he was able to see even more things.

"World Defying dragon demon... This is a great enemy of the World Defying Stage Dragon Ancestor, and he's actually sealed right in this Flying Dragon Pagoda. The World Defying dragon demon is unable to kill him, and even if the World Defying Stage Dragon Ancestor and the World Defying Stage Dragon Ancestor joined forces, they would still be unable to defeat him! "

Chen Xiang looked at the contents inside, and told Flying Dragon Palace Leader everything that he saw.

"Although it is impossible to kill the World Defying dragon demon, after they joined hands to seal the World Defying dragon demon here, a large amount of suppression was also placed on the World Defying dragon demon's soul. This way, it would be difficult for the World Defying dragon demon to break the seal. However, World Defying dragon demon s are extremely powerful, and can even cause some activity from time to time. For example, he used his own blood to create a large number of Dragon Demons. "

"And the reason why these Dragon Demons were extremely evil in the beginning, was mainly because the blood in the World Defying dragon demon's body carried an extremely evil power ... But in the end, as the World Defying dragon demon's evil blood gradually weakened, the Dragon Demons created by his normal blood became similar to humans. "

This could explain why all the Dragon Demons that appeared in recent years were so special, and not as vicious as they were in the past.

"Why didn't you seal this fellow inside the Myriad Tao Mausoleum?" Flying Dragon Palace Leader also understood a lot of things, but he was very confused about this.

"World Defying Stage Dragon Ancestor said that the Myriad Tao Mausoleum was originally a place where many strong evil beings were locked up, it is a place with a dense amount of evil energy. If the World Defying dragon demon were to absorb a large amount of it, the World Defying dragon demon

would become stronger, maybe the seal would be broken and the Myriad Tao Mausoleum would be destroyed."

Chen Xiang said: "And after sealing the World Defying dragon demon here, they would attract another group of humans here. Over time, the World Defying dragon demon's evil blood would decrease by a lot, and after the World Defying dragon demon's evil blood would decrease, the threat would decrease."

"Even though the World Defying dragon demon is sealed, he still wants to escape. That's why he would occasionally sacrifice his blood to create a Dragon Demon, wanting the Dragon Demon to turn the entire Flying Dragon Pagoda into an environment favourable to him."

"However, World Defying Stage Dragon Ancestor and World Defying Stage Tao Ancestor had long anticipated this, so they left a large amount of resources in the Flying Dragon Pagoda to attract a large number of humans. Humans can suppress the Dragon Demons created by the World Defying dragon demon through cultivation, and after a long time, they will weaken a lot of the World Defying dragon demon's power."

"Their plan is very long. It took countless years for the evil blood of World Defying dragon demon to become extremely thin."

Chen Xiang had indeed seen that many of the Dragon Demons were almost the same as humans, although there was blood from World Defying dragon demon s in their bodies.

"This World Defying dragon demon is inside the Flying Dragon Pagoda?" The Flying Dragon Palace Leader asked again.

"That's right, he's inside the Flying Dragon Imperial Palace, that's why the Flying Dragon Imperial Palace sank so deep. That's also because the sealed World Defying dragon demon's soul woke up, and he used his powerful strength to hide himself deep inside the Flying Dragon Imperial Palace." Chen Xiang saw all of these from the things that the World Defying Stage Dragon Ancestor left him.

"It's actually right under the Flying Dragon Imperial Palace!" When Flying Dragon Palace Leader thought back, he could not help but feel fear, he had actually lived in Flying Dragon Imperial Palace for a period of time, if that World Defying dragon demon suddenly broke the seal, they would all be dead.

"The World Defying dragon demon should be much weaker now ..." After Chen Xiang said this, his eyebrows suddenly tightened: "Damn it, the High Priest ... It is very likely that the High Priest was the one formed by the World Defying dragon demon using the last bit of its Evil Blood, so this bastard is very evil. "

Flying Dragon Palace Leader said with a solemn voice: "This is trouble. This guy can help the Dragon Demon become stronger, maybe it's because of the World Defying dragon demon giving us pointers from behind! He is definitely helping the World Defying dragon demon do something. "

Chen Xiang immediately told this to Long Qiumu who was inside the You Yao Mountain Villa!

Although Long Qiumu had the Dragon Demon's blood in her body, she was extremely kind. When she found out about this, she couldn't believe it either!

"Myriad Tao Mausoleum!" Long Qiumu took a deep breath and said: "Based on what you know, the World Defying dragon demon needs a large amount of evil energy to recover, and only the Myriad Tao Mausoleum has enough power ..."

"But the World Defying dragon demon is already sealed here. How is he going to head to the Myriad Tao Mausoleum?" Chen Xiang said: "As long as they enter the Myriad Tao Mausoleum, they will not be able to come out, and will not be able to bring out the evil power ... .."

As Chen Xiang said this, he suddenly came to a realization!

And there were also some humans from the Zhao Clan, as well as some humans who were trying to curry favor with the Dragon Demons!

If they were to bring some of the things that the Dragon Demons had created and enter the Myriad Tao Mausoleum to gather their evil energy, after accumulating it for a period of time, they would be able to restore the World Defying dragon demon to its original state of extreme evil.

"Zhao Clan!" Chen Xiang clenched his teeth and said: "These fellows will definitely help the High Priest!"

For example, White Bones Imperial and Flying Dragon Ghost Realm. The relationship between these two powers is pretty good with the Dragon Demon, so the High Priest must have arranged for people to talk to them. " Long Qiumu said: "It seems it's very difficult to stop them!"

"When the High Priest wanted to use me to feed the Dragon Demon Grandmother, he should have been reclaiming her energy. Because the World Defying dragon demon created us second generation Dragon Demons, but it was not evil enough, so he had to reclaim our energy. I finally understand now. "

The ultimate goal of the High Priest was to help the World Defying dragon demon come out!

"Chen Xiang, where are the World Defying Stage Dragon Ancestor and the World Defying Stage Tao Ancestor? Are they dead? The World Defying dragon demon is about to run out! The Flying Dragon Palace Leader was unable to stop this kind of thing, he was still alive.

"I don't know, but that didn't say where they were going!" Chen Xiang sighed: "They mentioned that there are some things in the Myriad Tao Mausoleum that they want to pass on, which should be those mysterious formations that require a large number of Dao crystal to activate!"

"Could it be that we can only hide in Myriad Tao Mausoleum? If the World Defying dragon demon comes out, this Flying Dragon Pagoda will definitely be destroyed by it. This is something that has suppressed him for many years. " The Flying Dragon Palace Leader said.

"If he wants to come out, it will take a long time, and maybe World Defying Stage Dragon Ancestor and World Defying Stage Tao Ancestor will come back later." Chen Xiang said.

"Then did you mention how one could step into the World Defying Stage?" Flying Dragon Palace Leader was very concerned about this, if he could step into World Defying Stage, he wouldn't have to be so afraid of World Defying dragon demon.

"Yes, just cultivate the Myriad Tao Divine Technique." Chen Xiang said: "World Defying Stage Dragon Ancestor cultivates the Myriad Tao Divine Arts himself! Although the World Defying Stage Dragon

Ancestor is named Dragon Tribe, he was also born from the evolution of the Myriad Tao's power, and was initially still the World Defying Stage Tao Ancestor's beast pet. "

## [Chapter 2910](#)

Flying Dragon Palace Leader's heart was currently filled with hatred! If he was not in such dire straits, maybe he would have already started cultivating the Myriad Tao Divine Arts and search for a way to break through to the World Defying Stage.

But right now, it was not easy for him to recover. First, it would take a lot of time.

"You said that the little bat can advance by leaps and bounds here ... Can you? " Flying Dragon Palace Leader suddenly asked: "Is there any method here that can help you increase your cultivation?"

Chen Xiang shook his head: "No, originally there was some residual powerful force that had already been absorbed by the little bat."

Although he did not have any gains in this area, Chen Xiang knew about the World Defying Stage and felt that it was just a big gain.

What worried him most was that the High Priest was causing trouble here.

"We have to be wary of the High Priest. He probably doesn't know that I was the one who took away the Dragon Grandmother to save Long Qiumu." Chen Xiang had asked Long Qiumu, but he did not reveal his situation to the High Priest. At this time, many people did not know that he had returned from the Myriad Tao Mausoleum.

Especially the people from the Zhao Clan, they had basically forgotten about the name Chen Xiang now. After all, ten thousand years had passed and Chen Xiang had never once appeared.

"Looks like I have to make a trip to the Myriad Tao Mausoleum. Inside the Myriad Tao Mausoleum, there are ways for me to buy more time." Chen Xiang had a good old acquaintance in the Myriad Tao Mausoleum, and that was the Time Ghost.

The Time Ghost's small room could change the flow of time. Chen Xiang felt that if he could give the Dao crystal s more, the Time Ghost might be able to change the flow of time even more. At that time, he would be able to buy more time.

Chen Xiang left this place and returned to find the little bat.

After going back, Little Bat hastily asked Chen Xiang. He too wanted to know how much Chen Xiang knew.

Chen Xiang told everything he knew to the little bat, satisfying the little bat's curiosity. After hearing all this, the little bat was also worried, he already knew about the existence of the High Priest.

"It seems like I have to find out which human powers the High Priest is cooperating with. If I find out, we'll kill these guys first." The little bat said.

"Alright, I'll leave it all to you." Chen Xiang knew that the little bats were extremely good at this sort of thing.

After the little bat left, Chen Xiang headed towards the Myriad Tao Mausoleum again!

Right now, it was even easier for him to go to the Myriad Tao Mausoleum. Although the door to the Myriad Tao Mausoleum was tightly shut, he could immediately teleport inside and arrive at the entrance to the stone room that the Time Ghost was in.

After entering, Time Ghost immediately greeted Chen Xiang while grinning. Chen Xiang was his very important guest!

"You're here again, you've become even more powerful!" Time Ghost was already very familiar with Chen Xiang. Previously, when Chen Xiang was concocting pills here, he would make a lot of noise.

"Time Ghost, can you make the time range change a bit larger?" Chen Xiang replied, "Dao crystal is not a problem!"

"My greatest limit is to allow this place a year, a day outside ... But, there must be more Dao crystal. " The Time Ghost said.

"How much do you want?" Chen Xiang never thought that the Time Ghost was that powerful, the Time Laws here were extremely difficult to control, the fact that the Time Ghost could change the Time Laws so greatly, was truly surprising.

"Two hundred billion Dao crystal going once. If I use it once, I need to rest for a few days. If we can make you stay here for a day, it will be a year outside. " The Time Ghost said, "Even a hundred billion Dao crystal is not expensive, right?"

"Alright!" Chen Xiang didn't think that it was expensive either. After all, time was very important now, he wanted to quickly gather more Dao crystal. Only by doing this would he be able to obtain more inheritance in the Myriad Tao Mausoleum.

The reason why Chen Xiang bought time was mainly to refine Huazun Dan.

There were a lot of people at the late stage of Six Gods Stage, so their strength could be considered not bad. They had enough strength to obtain a large amount of Dao crystal and could go to other floors to search for the Dao crystal's mine.

Generally speaking, these late stage Six Gods Stage s could accumulate several tens of billions of Dao crystal by their side in just a few decades or a hundred years.

Adding on to the fact that there were more and more Dao crystal in the Flying Dragon Pagoda, this group of people became even richer.

Chen Xiang did not wish for all of their Dao crystal to be taken away by the High Priest.

Right now, Chen Xiang not only wanted to refine Huazun Dan, he also wanted to refine Jinzun Dan for Mei Jing Sisters to eat. Their bodies were still too weak, and they needed to eat more.

In addition, he still had to help the Flying Dragon Palace Leader reconstruct his body, and this would require a large amount of Jinzun Dan s. He planned to use more than ten years to complete all of these. Of course, here in the Time Ghost, it would only be equivalent to ten days outside.

Chen Xiang first refined two thousand Huazun Dan. If he sold them, it would be four trillion!

He then started to refine Jinzun Dan and let Flying Dragon Palace Leader eat them. He also hoped that Flying Dragon Palace Leader would become stronger and be a strong partner in the future.

Just like this, Chen Xiang stayed in the Myriad Tao Mausoleum for more than a month, and completed all of the things that he planned!

If not for the Time Ghost needing rest, he would have been faster!

Flying Dragon Palace Leader had already recovered his original Myriad Tao Gold Body, but he was still a bit short. He planned to go to Flying Dragon Experience Place to cultivate once he returned.

And what Chen Xiang did not expect was that the Jinzun Dan's effects on the Evil Woman, Long Qiumu, were even better. Long Qiumu had already broken through to the Venerable Ancestor Later-stage, and her body had become extremely strong!

Originally, she only had around the initial and middle stages of strength. However, eating those Jinzun Dan had allowed her strength to increase so quickly, causing Chen Xiang to suspect that it was caused by the Heaven devouring rats that refined them.

After the Rat emperor beads fused with the Dragon Demon Grandmother, it had become a Dragon Demon Rat emperor beads. Long Qiumu, on the other hand, was a Dragon Demon, so the Jinzun Dan that was refined by the Dragon Demon Beast had a much better effect on her.

Chen Xiang left the Myriad Tao Mausoleum and returned to the Flying Dragon Pagoda, bringing him to the first Flying Dragon Experience Place.

The Flying Dragon Palace Leader had many Flying dragon bead, and he could directly head for the higher levels of the Flying Dragon Experience Place, so Chen Xiang didn't need to take him there.

In order to facilitate communication with the Flying Dragon Palace Leader, Chen Xiang had used his spatial power to refine two Communication jade Symbol paper. If he needed to search for the Flying Dragon Palace Leader, he could directly contact him.

"In a month's time, Uncle Lin should be able to sell all those Huazun Dan!" Chen Xiang had used two trillion of his Dao crystals at the Time Ghost.

If Lin Jitian sold it all, then he would have four trillion, how could he not be nervous?

When he returned to the small bat mountain cave, he saw the Great Clan Elder and Master Wang sitting inside. When they saw that Chen Xiang had returned, they all stood up.

"You're finally back, something happened to Old Lin." The Great Clan Elder hastily replied, "He was captured by the Zhao Clan."

When Chen Xiang heard this, he immediately clenched his fists so tightly that they creaked with sound, and then said in a deep voice: "Why did they want to take Uncle Lin away?"
