

Dan God 2911

[Chapter 2911](#)

"is jealous of the Huazun Dan that Old Lin is selling, but the relationship between Zhao Clan and the Dragon Demon is very good. <>

"You're playing this trick again, Zhao Clan is really too shameless, I definitely won't let them go, I had wanted to do something to them for a long time." Chen Xiang snorted: "I'll go look for them now!"

Chen Xiang was not afraid of the Zhao Clan.

"Zhao Clan intends to host a large assembly to try the pill thief. It will begin in five days." The Master Wang said, "By doing this, they are obviously trying to lure us out."

Chen Xiang nodded her head: "Don't be afraid of them, Zhao Clan and the rest should have already forgotten about me. When the time comes, I will change my appearance to another one and see what they have to say."

There were still a few more days before Chen Xiang headed towards the Flying Dragon Experience Place.

Flying Dragon Palace Leader was still here. Not long after he arrived, he received a message from Chen Xiang.

He was very 'excited' about Chen Xiang. He would definitely help him with this kind of thing, so he immediately left Flying Dragon Experience Place to meet up with Chen Xiang.

Although the Zhao Clan was strong, they were definitely unable to defeat the Flying Dragon Palace Leader. Furthermore, Chen Xiang's own strength was extremely terrifying, especially after cultivating the Myriad Tao Divine Arts!

His You Yao Mountain Villa also had a Dragon Devil Princess of the Venerable Ancestor Later-stage!

Although the little bat was not here, his relationship with Lin Jitian was already so close. Chen Xiang guessed that he had already gone to the Zhao Clan to save Lin Jitian.

A few days later, Great Zhao City!

Chen Xiang and the others gathered, and the little bat was indeed in the Great Zhao City. This was the territory of the Zhao Clan, and the entire city belonged to the Zhao Clan.

The little bat and Flying Dragon Palace Leader were both very strong. With the two of them, there was no need to be afraid of Zhao Clan's Venerable Ancestor Later-stage.

"When the time comes, you guys can make your move based on the situation! Because at the moment, we still do not know how much power the Zhao Clan is hiding." Chen Xiang said.

Zhao Clan has a total of two Venerable Ancestor Later-stage s, and 20 of them are in the early and middle stages of the Venerable ancestor realm. The little bat said, "But when the Trial starts, maybe some powerful Dragon Demons will come."

"That Huazun Dan is highly valued, this kind of pill can allow people in the later stages of Six Gods Stage to quickly become overlords, in a short period of time, it has already become a myth, some people can even earn a lot by buying and selling it." The little bat continued: "Old Lin is still not cautious enough, he was captured by Zhao Clan's scumbag."

Chen Xiang never thought that the Huazun Dan would receive so much attention from the Zhao Clan and the Dragon Demons!

"They definitely know that Uncle Lin isn't in charge of selling the Huazun Dan, but their goal is to uncover the identity of the person behind the pill refiner, and that is me." Chen Xiang said: "Looks like they really want the pill formulas."

Master Wang laughed coldly: "These bunch of bastards from the Zhao Clan, they might have the medicine for the Huazun Dan, but they don't know how to refine it, so they used this kind of despicable method."

When Master Wang obtained the Huazun Dan's medicine, he had tried for many years but to no avail. In the end, it was Chen Xiang who made it up and passed the method of refinement on to him, allowing him to succeed.

"Zhao Clan has always been like this." The Great Clan Elder sighed, "It is such a great shame to have been in Heavenly Alchemy Divine Sect with them."

Tomorrow will be the day when the Trial is held in the middle of Great Zhao City, publicly judging Lin Jitian!

At the same time, they were very angry at Lin Jitian's methods. A single Huazun Dan was actually only selling for twenty billion, if they were selling it for the Zhao Clan, they would sell it for at least two hundred billion!

Chen Xiang and the rest were in the hotel. On the morning of the next day, they would head to the plaza in the middle of the Great Zhao City. There were a lot of people there, as they came to watch the show.

The people here all felt pity for Lin Jitian, because Lin Jitian still had a lot of Huazun Dan, but he did not give them to the Zhao Clan.

When Chen Xiang arrived and saw Lin Jitian's injured body, he was so angry that he almost couldn't control himself!

Fortunately, even if the Great Clan Elder calmed him down, it was because Chen Xiang had come today to fix Zhao Clan up. Since the important figures of the Zhao Clan had yet to arrive, it would be hard for them to not alert him.

When most of the people had arrived, an old man from the Zhao Clan walked up onto the stage. This old man was at the early stage of the honorable ancestor, and was also the strongest out of the present Zhao Clan, the rest were at the middle and late stage of the Tai Zun realm.

The experts of the Zhao Clan's Venerable Ancestor Later-stage did not move.

"Everyone should know about this pill thief by now!" It was him who stole the medicinal formulas of our Zhao Clan's precious Huazun Dan. He has already sold a large number of medicinal materials and Huazun

Dan at a low price. " The old man said: "This caused our Zhao Clan to suffer grievous losses. Today, we will publicly punish him so that those who have ulterior motives towards us, the Zhao Clan will be kept under wraps."

"Hmph, did you refine the Huazun Dan? "Bullshit!" Lin Jitian immediately scolded: "Why don't you make a batch on the spot for everyone to see?"

Chen Xiang and the rest were also furious, the Zhao Clan was actually so shameless, turning white into black.

"The ingredients have all been stolen by you ..." It's difficult to mature Huazun Dan's medicinal ingredients, and we don't have enough medicinal ingredients to refine it in a short period of time. " The old man from the Zhao Clan said calmly.

Chen Xiang took a few deep breaths to relax himself, and then shouted: "This one also knows how to refine Huazun Dan, I have the ingredients to refine Huazun Dan in my hands, this senior from Zhao Clan, can you refine a batch of Huazun Dan on the spot for everyone to see!"

When Lin Jitian heard this voice, he also felt very confused, because it was not Chen Xiang's voice. He immediately looked at the crowd and quickly saw that the person who spoke just now, was a middle-aged man.

This middle-aged man was none other than Chen Xiang himself. At this moment, he was sending a sound transmission to Lin Jitian, "Uncle Lin, it's me! We're here to save you, you just have to be patient. "

"You guys hurry up and go! This is a trap, the Draconic Demons and Venerable Ancestor Later-stage experts of the Zhao Clan are all nearby. " Lin Jitian immediately tried to persuade them, he did not want to harm Chen Xiang and the others.

"Don't worry, we also have a powerful Venerable Ancestor Later-stage on our side." said. Flying Dragon Palace Leader, Long Qiumu and the little bat were not weak.

The Zhao Clan looked at Chen Xiang, he started to be cautious, he was worried that someone would suddenly rush in to save Lin Jitian.

Chen Xiang squeezed through the crowd and smiled: "Zhao Clan's pill techniques are excellent. I have known of it for many years and coincidentally have some Huazun Dan medicine ingredients.

The old man from the Zhao Clan had expected all sorts of things to happen, but he never expected such a thing to happen.

Zhao Clan did not know how to refine Huazun Dan, but they did have the ingredients and pill formulas, they just did not know how to refine.

[Chapter 2912](#)

Chen Xiang saw that the Zhao Clan elder did not know what to say, and smiled: "Does your Zhao Clan not dare to accept my challenge?"

"Or ... Your Zhao Clan cannot refine Huazun Dan! " Chen Xiang looked at Lin Jitian, and said: "This big brother does not seem to be a pill thief, if he was able to steal Huazun Dan from your Zhao Clan, he

definitely would not be weak, nor stupid, and definitely not be stupid enough to do something like sell Huazun Dan publicly, which would attract the eyes of others. <>

Chen Xiang saw that the old man still had yet to speak: "The Huazun Dan is not unique to your Zhao Clan, I can refine it just like that. On what basis are you saying that this big brother stole your pill formulas? Take out the evidence! "

Everyone started to discuss. The Huazun Dan could benefit many people, so its price was not too expensive. It was something that many late stage Six Gods Stage would accept.

Now that the Zhao Clan made such a move, it would be hard to sell this kind of pill in the future.

"Can you really refine Huazun Dan?" A golden-robed old man walked out and asked.

"That's right. To tell you the truth, the Huazun Dan in this big brother's hands was really refined by me." Chen Xiang said: "If you release him now and compensate some Dao crystal, this matter will be fine."

"Humph, your words have no basis. Why don't you try refining it?" His strength was not weak, he was from the Venerable Ancestor Later-stage and his status was also very high. Chen Xiang did not know who he was.

"What about you? You guys, let me have a look as well! " Chen Xiang laughed: "I don't think you guys know how to refine. You caught my friend and only want to lure me out!"

"Our Alchemist is in closed-door training. Otherwise, he would definitely let you experience the great pill techniques of our Zhao Clan." The golden-robed elder said: "Our Zhao Clan has indeed lost a batch of Huazun Dan's ingredients. If you really can refine a batch of Huazun Dan, then we can prove that your friend is not a thief or thief. At that time, we will also compensate you."

Chen Xiang was of course clear of the old man's motive. He wanted to confirm if he really could refine Huazun Dan s, and if he did, they would definitely make a move.

When Chen Xiang had just gone to the Heavenly Alchemy Divine Sect, he was also used by the Zhao Clan for this trick. He felt that it was extremely funny, the Zhao Clan had almost forgotten about him but he still remembered this move.

"Alright!" Chen Xiang took out his Tianchuang furnace.

The Tianchuang furnace had a huge change, the people of the Zhao Clan did not recognize them.

Chen Xiang took out the medicine needed to refine the Huazun Dan, which were the Twin Divine Fruits.

When the golden-robed elderly man saw these Twin Divine Fruits, he immediately confirmed that they were the ingredients to refine Huazun Dan s. His heart was secretly excited, after many years of unsuccessful attempts, there was actually someone who was able to refine them now.

He had already decided that no matter what, he had to get his hands on this method of refining.

After Chen Xiang took out the pill furnace, he immediately began to refine it. While he was refining, he quietly placed the Supreme Blood Coconut inside, which was the key to refining the Huazun Dan.

Chen Xiang's technique was extremely brilliant, the golden robed elder could not even see how he had managed to put in the Supreme Blood Coconut. In his heart, he was also very curious as to how the person in front of him managed to refine a Huazun Dan.

Chen Xiang refined Huazun Dan very quickly, and it was just two pills per furnace, it took him four hours to finish refining it!

"How is it, I've already finished refining it. Can you release him now!" Chen Xiang said.

"Let me see, I don't know if it's true or not, and I have to get someone to test it on me." Although the golden-robed elder's tone was extremely domineering, in his heart, he was filled with admiration for Chen Xiang, because he was unable to refine a Huazun Dan.

Afterwards, he called for a young man. This man was in the late stage of Six Gods Stage, he looked extremely arrogant, and when he came here, he even smiled disdainfully at Chen Xiang.

"If he can step into the Tai Zun realm after eating it, then it will prove that the Huazun Dan you refined is qualified." The golden-robed elder said.

After the man ate it, he sat down to cultivate. Not long after, he started to laugh maniacally because he had already stepped into the Tai Zun realm!

They had actually seen the Alchemist who refined the Huazun Dan. In their eyes, this was a supreme existence, especially for those in the later stages of the Six Gods Stage.

"We can release him now!" Chen Xiang said.

"No, our Zhao Clan's medicine has indeed been stolen. You have only proven that you can refine Huazun Dan now, but not that you didn't steal from our Zhao Clan's Huazun Dan."

Chen Xiang smiled slightly: "Then, what do you think we should do?"

"Come back to Zhao Clan with us and help us investigate. We only need to go for a few days." The golden-robed elder said.

Chen Xiang looked at the man who had just eaten a Huazun Dan, and said: "He ate one of my Huazun Dan, according to the price I'm selling, you guys need to give us twenty billion!"

"You gave it to him voluntarily. What does that have to do with us? If you really want twenty billion Dao crystal, you can ask him for them yourself. The gold robed elder laughed, "Even though he is my son, I am not responsible for the Dao crystal that he owes me."

Hearing that, the man laughed out loud: "Do you really expect me to spit out what I've eaten? You gave it to me by an idiot, and you still want me to give it back to you? Just eat shit! "

"I don't expect you to spit it out. I don't want you to return it to me. I only want your life!" Saying that, Chen Xiang opened his five fingers, releasing a burst of Heavenly Alchemy immortal power. A huge golden claw print appeared, grabbing towards the man.

Swish!

The man was grabbed by the upper half of his body. When the five golden claw images flashed by, they were like five sharp blades that cut the man into several pieces.

All of this happened very suddenly, and its speed was also unbelievably fast. Although the old man in gold was from Venerable Ancestor Later-stage, and was right beside the man, but all of this happened too fast, and he could not stop it at all!

"Only the dead have no need to pay back the debts they owe!" After Chen Xiang killed the golden-robed elder's son, he spoke in a calm and composed manner.

At the same time, everyone realized that Lin Jitian, who was tied to the stage just a moment ago, had disappeared! There were also a few more people on the stage.

Little Bat, Flying Dragon Palace Leader and Great Elder had already arrived at the stage.

"You ... Who exactly are you, to actually have such a terrifying Heavenly Alchemy immortal power! " After the old man recovered from his shock and looked at his dead son, he was so angry that his entire body trembled.

"You're a dead man, why are you asking so much!" As Chen Xiang spoke, Flying Dragon Palace Leader and Little Bat attacked the golden-robed elder from both sides.

When everyone saw this, they immediately scattered like birds and beasts, leaving this place that was about to erupt with a fierce battle.

[Chapter 2913](#)

Chen Xiang had saved Lin Jitian, so he could go and fight without worry now.

Although the current's Hall Master was a little weaker than when he was at his peak, he was still extremely frightening!

The little bat is also from the Venerable Ancestor Later-stage, but compared to the Flying Dragon Palace Leader, he is far weaker.

The golden robed elder was a Venerable Ancestor Later-stage in the art of alchemy, his battle power could only be considered average.

After he was attacked by the Flying Dragon Palace Leader and the little bat, he quickly discovered that the other party's strength was extremely strong. He immediately escaped into the air, and then released a ball of golden light in the air, as if sending some kind of signal.

"His companions will be back soon!" Chen Xiang sent a sound transmission to Flying Dragon Palace Leader and Little Bat, then teleported behind an old man from the Zhao Clan, waving his sword to kill him.

Facing Chen Xiang's sneak attack, the old man from the early stage of the Venerable ancestor realm could not even take a single blow!

The powerful late stage ancestor of the Zhao Clan was already in the vicinity with the Demonic Dragons, the golden-robed elder had already given the signal, they could quickly catch up.

Flying Dragon Palace Leader's strength and the attack of the little bat were both very fierce. With the two of them working together, they quickly caught the golden-robed elder.

The golden robed elder did not expect the person behind Lin Jitian to be so powerful, especially the power of the Flying Dragon Palace Leader. He could not imagine which other human within the Flying Dragon Pagoda was so terrifying.

He did not know that the Flying Dragon Palace Leader was still alive. He had never seen the Flying Dragon Palace Leader before, so he could not think of who it was!

"It seems like you are one of the stronger Alchemist?" Chen Xiang chuckled: "Alchemist s of the Venerable Ancestor Later-stage are extremely precious to Zhao Clan, what a pity!"

"Our Zhao Clan's reinforcements will arrive soon. You better let us go! Our Zhao Clan is different from the past, behind us, there is the powerful Dragon God High Priest as our backup, you are fighting against the Dragon Demons. " The golden-robed elder did not expect that a Venerable Ancestor Later-stage like his would be caught and pressed to the ground.

His body was being continuously injected with streams of power by the Flying Dragon Palace Leader, suppressing his explosive power, causing him to be unable to move at all ...

"So what if I want to fight against the Dragon?" Chen Xiang grabbed the old man's hair and pulled his head up. Then, he slapped his face dozens of times, causing his entire face to deform.

"Kill him!" Flying Dragon Palace Leader said, "There are a few powerful auras approaching!"

Chen Xiang took out the Demonic Dragon Beast, then, he nodded towards Flying Dragon Palace Leader, who then smashed his head against the golden-robed elder's head.

The gold robed elder was immediately shocked and shouted frantically. Chen Xiang and the others actually wanted to kill him.

"You all ... You won't have a good ending. " The golden-robed elder continued to scream.

"The one who will not end up well is you. Go and die!" Then, a touch of golden light leaked out of his palm and poured into the golden-robed elder's head.

B0000000000000000000000000000000000000000000000000000000M!

The golden robed elder's body trembled, the Divine Sense Sea collapsed, and then erupted with a terrifying power, Chen Xiang immediately kept the corpse back into the Rat emperor beads and fed it to the Heaven devouring rat.

Just as Chen Xiang and the others finished off the gold robed elder, two elders and two Middle-aged Man in Black Armour s flew over and landed in front of Chen Xiang and the others!

At this time, there were still many people watching from afar. With the sudden arrival of these four people, everyone's hearts were filled with fear, and then they all retreated far away. At this time, they had already retreated outside the city walls, floating in the air as they looked at the plaza in the middle of Great Zhao City.

Out of the four people who had just arrived, two of the old men were the extremely powerful Venerable Ancestor Later-stage s from the Zhao Clan, while the other two were famous generals from the Demonic Dragon Clan, whose strength was much more terrifying than the two old men from the Zhao Clan.

At this moment, the Flying Dragon Palace Leader was also feeling pressured. If he was going to fight against one, he did not feel pressured, but if he and the little bat were to team up, they would need to fight against four Venerable Ancestor Later-stage s that were as strong as they were.

Although Chen Xiang was strong, he was only at the early stage of the Venerable ancestor realm, so dealing with early or middle stage opponents should not be a problem for him. However, Chen Xiang was not able to deal with the powerful Venerable Ancestor Later-stage at the moment.

Chen Xiang also knew that the current situation was not good for them. They could have easily escaped, but he did not want to flee, because this was an opportunity to weaken the Zhao Clan and the High Priest's strength.

He immediately conversed with Long Qiumu from the You Yao Mountain Villa for a while and Long Qiumu agreed to come out to fight. However, Chen Xiang did not let her come out immediately.

"Wait for a chance. When I tell you to come out, come out. When that time comes, I will cooperate with you and let you complete your sneak attack." Chen Xiang said, then he sent a sound transmission to the Flying Dragon Palace Leader's Little Bat, telling them to hang on for a while.

"Ole Gold is dead!" A white robed old man from Zhao Clan said, his face was filled with anger as he looked at Chen Xiang and the others, "It was you who killed Old Jin, right?"

"Is that the old man in golden robes? After all, your Zhao Clan asked for it. Not only did you kidnap my friends, you even slander my friends and me for stealing your Zhao Clan's pill formulas. How shameless are you? Chen Xiang said.

Chen Xiang's words made the two elders of the Zhao Clan extremely angry. Without a word, they released their aura and rushed over.

The two black armored dragon devils attacked from the side, cooperating with their attacks and rushed up. In an instant, the four of them released a few violent energy waves, striking out with black and white balls of air, enveloping Chen Xiang and the rest.

Flying Dragon Palace Leader and the little bat had already made their moves long ago, waving both of their hands to create a wave of energy to block the incoming berserk energy.

When they were fighting, Chen Xiang had already teleported behind them and had simultaneously hidden himself. They did not discover Chen Xiang.

Chen Xiang's invisibility was something even the High Priest could not detect, let alone them!

Flying Dragon Palace Leader let out a loud roar at this time, and the little bat also let out a blood-curdling shriek, recovering its wound!

In the midst of the fierce battle, the entire square was destroyed. Dense sand and dust covered the battlefield, and in the thick smoke and fog, thunder and lightning continued to flash non-stop. The

Flying Dragon Palace Leader did not use any weapon, but the opponent was distracted for a moment, when the two palms struck the two elders, the dense Wyvern Dao Energy entered their bodies and exploded inside their bodies, causing their bodies to release crackling sounds, their bodies surface continued to explode, spitting out a ball of blood mist, it was extremely bloody.

After the little bats and Flying Dragon Palace Leader attacked, Long Qiumu released another wave of white lightning. In the blink of an eye, these four powerful Venerable Ancestor Later-stage s were beaten up beyond recognition by them, and they fell to the ground while smoking.

"We've finally gotten rid of him!" The little bat said. He also knew that someone had suddenly attacked just now.

On the other hand, the Flying Dragon Palace Leader did know that it was Long Qiumu, but the little bat in question did not.

"The High Priest is here!" Flying Dragon Palace Leader suddenly frowned: "This guy is very strong. We are not his match, and they even brought a group of Dragon Demons over.

"Then we have to get out of here!" Chen Xiang knew clearly that their current strength was not enough to fight against the High Priest.

Chen Xiang brought them to teleport and quickly left the heavily damaged Great Zhao City. They returned to the cave where they were hiding.

Lin Jitian's injuries were not really that serious. He had only suffered a little physical pain, and there were still a few Huazun Dan in his hands that had not been sold out.

"Looks like we have to be more careful next time we sell Huazun Dan. Right now, we must be very closely watched." Chen Xiang said, he had refined many Huazun Dan in the Myriad Tao Mausoleum, it would not be easy for him to sell them all.

"If there's nothing else, I'll be going to the Flying Dragon Experience Place first." Just as Flying Dragon Palace Leader wanted to leave, he looked at the little bat and said: "Brat, you are also my Flying Dragon Palace's. If you want to become stronger, follow me!"

"Can we bring Old Lin along?" The little bat had joined hands with Flying Dragon Palace Leader just now, so it naturally knew just how powerful the Flying Dragon Palace Leader was.

"Sure!" Flying Dragon Palace Leader knew that they needed a strong helper, and Lin Jitian's potential was not small.

Lin Jitian gave the remaining Huazun Dan and the Dao crystal he had obtained from selling the Huazun Dan to Chen Xiang, then he left this place together with the Flying Dragon Palace.

"Next up, we will have to hide for a period of time. Let me handle the matter of selling Huazun Dan!" Chen Xiang looked at the Great Clan Elder and Master Wang and laughed helplessly.

... ..

The Master Wang and the Great Clan Elder did not continue to refine pills, but chose to cultivate instead. They also needed to be strong, and now that they knew of the High Priest's plans, if the World Defying dragon demon broke the seal, they could only hide in the Myriad Tao Mausoleum.

And in the Myriad Tao Mausoleum, there was a need for an even more powerful force in order to survive!

Chen Xiang was in a hurry to sell all the Huazun Dan in his hands.

Now that the Flying Dragon Pagoda was already controlled by the Dragon Demon, and because he was surrounded by the Dragon Demon's spies, it wouldn't be easy for him to sell all those Huazun Dan.

Furthermore, he couldn't work with anyone, nor could he sell it publicly. This was truly a headache.

"Oh right, I have a Mouse Man!" Chen Xiang suddenly smacked his head and thought of the Mouse Man.

Mouse Man was equivalent to his clone. He could make these Mouse Man bring a single Huazun Dan and sell them everywhere. Even if they were discovered by the Dragon Demons, they could quickly escape.

If he could not escape, at most he would just be killed. The death of the Mouse Man would not be a loss to him, he could at least use the Dragon Beast Rat emperor beads to create them.

immediately tried releasing the ten Mouse Man s, separating them into different people. There were elderly, middle-aged, and young ... He told the ten Mouse Man s to each bring a few Huazun Dan to a few cities.

The Huazun Dan was very famous right now, and they were only in the late stage of Six Gods Stage, hoping to buy this pill.

However, after the battle in Great Zhao City, the people who sold Huazun Dan were wanted by the Dragon Demons and Zhao Clan, and they searched everywhere.

When the High Priest first arrived at the Great Zhao City, Chen Xiang and the others had already left, but the High Priest could still feel the aura that Long Qiumu had left behind!

If he did not feel Long Qiumu's aura, he would have thought that Long Qiumu was still locked under the Flying Dragon Imperial Palace.

So the High Priest immediately returned to Flying Dragon Imperial Palace, and he quickly found out, Long Qiumu was not inside!

Inside the Flying Dragon Imperial Palace, the High Priest held a blood colored bead and furiously shouted, "Who exactly is it? Not only did he take away my Dragon Devil Grandmother, he even rescued that damned girl Long Qiumu!"

"Every time, my defenses are so tight, but I was still shifted." The High Priest was very angry. He might not have done it once, but this was the second time.

Right now, he didn't know where Long Qiumu was, but he did know that Long Qiumu was definitely with that person with strong concealment abilities.

Furthermore, that person was related to the Huazun Dan, so the High Priest took this matter very seriously.

"This High Priest sure is ..." You want to put up a bounty on me with more than a billion Dao crystal? " Chen Xiang found it funny, he was hiding in a cave on the ground and was trying to sell his Huazun Dan.

In just a single day, he had successfully sold ten of them and earned two hundred billion Dao crystal!

People of the later stages of Six Gods Stage yearned for Huazun Dan very much, so they did not care who sold the Huazun Dan, and did not care about the enmity between the seller of the Huazun Dan and Zhao Clan and the High Priest.

Just like this, after Chen Xiang sold all the Huazun Dan he had brought with him, the ten Mouse Man s were teleported back to him using the power of space and the Dao crystal was then taken by Chen Xiang.

[Chapter 2915](#)

In the following month, Chen Xiang very smoothly sold more than half of the Huazun Dan, and at the moment, his Dao crystal had already reached thirty trillion!

"There are still some that can be sold off very quickly!" After selling it, I will focus on my cultivation to make myself stronger. <>

These days, Chen Xiang had controlled the Mouse Man to peddle the Huazun Dan. Although it attracted the attention of the Dragon Demons, he was still able to get rid of them.

However, today, one of the Mouse Man he controlled had been captured.

The city that the Mouse Man was in was called Tai Feng City, it was a relatively large city, and the person who caught the Mouse Man was a disciple of the Zhao Clan.

Chen Xiang controlled the Mouse Man to sell all the Huazun Dan, and most of them were looking for those late stage Six Gods Stage s. But this time, he didn't expect that the other party was a disciple of the Zhao Clan, so he directly sold some of them.

"Haha, I've finally caught one. Quickly hand over the Huazun Dan in your hands." This disciple of the Zhao Clan was a handsome man who only had the strength of the late stage of the Six Gods Stage. He looked very young and should only be around twenty years old.

Chen Xiang controlled the Mouse Man and asked, "Why should I give it to you? Your Zhao Clan is actually so overbearing, and should have been annihilated during the last battle. "

"Hmph, that's fine, I'll bring you back now." At this time, many people had already gathered around to take a look, and after hearing the words just now, they immediately understood what was going on.

A disciple of the Zhao Clan caught him selling Huazun Dan in the street!

Many people had heard that there were people secretly peddling Huazun Dan. Many people were able to successfully purchase them, and those who bought Huazun Dan were considered to be very lucky people.

Regarding the matter of the Huazun Dan, many people did not disagree. They all thought that if the Zhao Clan was not so tyrannical, the Huazun Dan would definitely be able to be sold publicly. Those who needed Huazun Dan s were easily able to buy them.

"You think you can take me back?" Mouse Man laughed coldly. Mouse Man was extremely powerful, especially after the Rat emperor beads and the Dragon Devil Grandmother Bead merged together, Mouse Man's strength had become even more powerful.

"I think that's the way you are. What, do you think you can beat me?" The disciples of the Zhao Clan felt disdain towards the other party just because they thought that he was a small fry.

But who knew that just as he finished speaking, Mouse Man's palm suddenly turned furry. It was a huge mouse claw.

However, his speed was too slow. Mouse Man's claws had already pierced through his body, leaving behind a few bloody holes on his body, which Mouse Man had pierced through with his claws alone.

As everyone realized this, they were shocked and quickly fled. He was afraid that a fierce battle would break out.

"Humph!" The Mouse Man snorted, transforming into a black light that drilled into the Zhao Clan man's body, and started to devour his power.

After he finished swallowing, the Zhao Clan man's body became dry and shriveled, while the Mouse Man also turned human, quickly leaving the place.

Chen Xiang planned to change this old acquaintance's appearance and then continue selling the Huazun Dan at other places. Just when he was about to teleport this Mouse Man back, he found that he was unable to control the return of the Mouse Man!

"What the hell is going on?" Chen Xiang, who was sitting inside the cave, suddenly opened his eyes and immediately teleported the other Mouse Man back.

The other Mouse Man s could come back, but only that one could not.

"Someone is attacking the Mouse Man." Through the Mouse Man, Chen Xiang could sense a trace of energy fluctuations. It was the fluctuations of space.

In this Flying Dragon Pagoda, there were very few people who could use the power of space, and if they could, they would be extremely powerful existences.

Chen Xiang tried a few more times, but realized that he was unable to bring Mouse Man back!

"What the hell is going on? My power of space has been restricted! " Chen Xiang felt this was inconceivable. His power of space was not what it was before, he could break through the restrictions, but it had still been restricted.

This could only mean that that person's use of the power of space was about the same as his.

He immediately had Mouse Man run away, but not long after, he blacked out and was covered by something.

Then, through the Mouse Man, Chen Xiang heard someone speaking.

"What a strange thing. I can feel that there's something controlling it. Hehe, let's catch it and talk about it when we get back." The man laughed.

"Who exactly are you people? Why are you capturing my clone?" Chen Xiang spoke through the Mouse Man with a very cold and angry tone.

"Oh? So this is your avatar. Your avatar is truly powerful, capable of devouring the power of others. " He knew that the Mouse Man had devoured the man from the Zhao Clan just now, so he was very curious.

"What does that have to do with you? It's not like I've offended you! " Chen Xiang said angrily: "Quickly release my clone, if not don't blame me for being rude!"

"Swallowing someone else's power is not right. I merely cannot bear to watch you do this kind of thing. I am only giving you a bit of punishment." That person said, "If you are unwilling, then come find me. Use your great strength to teach me a lesson."

This person was a man. Chen Xiang didn't dare to be sure of his strength, but he was sure that he wasn't an ordinary fellow.

"It seems that you are merely a decent fellow. You only took a fancy to my body splitting technique and wanted to lure me out so that you could obtain it." Chen Xiang sneered: "Just you wait, offending me won't end in a good way."

"I actually hope that you can come find me quickly. I want to know just how powerful you are, haha!" That person's laughter was filled with ridicule, as though he was not afraid of Chen Xiang at all.

Chen Xiang did not immediately teleport. He was worried that if he went over, his opponent's strength would be too strong. Furthermore, he would also know how to use the power of space.

His Mouse Man was locked in the same space and had no contact with the outside world, but Chen Xiang could still sense the location of his Mouse Man.

"This guy is leaving the city!" Chen Xiang had to teach this fellow who caught his Mouse Man a lesson.

After the other party left the city, Chen Xiang immediately teleported over and hid himself.

Soon, he knew that there were three people in the distant grass field. All of them were young and handsome men. Although their clothes were different, the patterns on them were all the same; they were all dragon patterns!

Chen Xiang was shocked. He had seen this kind of dragon tattoo before, in the one that was left behind in the World Defying Stage Dragon Ancestor.

"Are these guys related to the World Defying Stage Dragon Ancestor?" Chen Xiang clenched his fists: "If they are unwilling to return Mouse Man to me, even if it has something to do with World Defying Stage Dragon Ancestor, I will definitely not let them off!"

He immediately flew towards the three men.

After that, he heard them talking.

"Nothing, I don't know if I can lure that guy out. This body splitting technique is very special and strong, they have a very strong space connection, it can actually break through the space limit. As long as the opponent wants it, the clone can go back." He was number three.

Chapter 2916

Previously, he was worried that if he were to make a move against this man, he would be entangled by his opponent's Spatial Force. Now, he could stop worrying. If his opponent were to use a divine artifact, then the consumption would be extremely great!

B000000000000000000000000000000000000000000000000000000000M!

The blue clothed man immediately screamed miserably, spurted out a mouthful of blood, and the two men beside him were also blasted away by Chen Xiang's palm strike!

"Who is it!" The blue clothed man was furious and took out a golden disc. Even though he had suffered a heavy blow from Chen Xiang, he didn't receive any serious injuries!

He did not expect that Chen Xiang would actually come, and so quickly at that, and even sneak attacked him!

Chen Xiang actually wanted to kill him, this made him extremely angry!

"You ... You actually want to kill me! " The blue clothed man wildly danced about that disc. The disc shot out streaks of golden light towards the sky, randomly creating. He still did not know where Chen Xiang was at this moment.

The other two men were also surprised. They had already prepared themselves for battle, but they didn't know where Chen Xiang was.

"I'll give you one more chance, release my clone!" Chen Xiang said.

"Ha! I won't give it to you. What can you do to me?" The blue clothed man firmly believed that Chen Xiang was unable to do anything to him, because Chen Xiang's heavy blow earlier had not caused him any harm.

Chen Xiang was slightly angry in his heart, he did not expect this fellow to be so good.

Just as he was planning his next move, the blue clothed man suddenly took out his Mouse Man!

The blue clothed man took out the Mouse Man not to return it to Chen Xiang, but ... Instead, he used the golden disc in his hand to illuminate the Mouse Man.

The disc did not know what kind of divine tool it was, but when the golden light shined on Mouse Man's body, it caused the Mouse Man to suddenly turn into a golden liquid and melt!

"Are you sure? Your avatar has already been killed by me. If you have the guts then come deal with me!" Haha... "You are a coward, ha-ha, ha-ha....." After the blue-clothed man killed Chen Xiang's Mouse Man, he laughed maniacally with pride.

Chen Xiang took a small breath and silently took out the Heavenly Alchemy Emperor seal!

The Heavenly Alchemy seal had already been fused with his own Emperor seal, and its power was even more terrifying. He rarely used this Heavenly Alchemy Emperor seal because its power was extremely terrifying.

Right now, the angered Chen Xiang did not care about all that anymore. He just wanted to quickly eliminate this blue clothed man below him.

"Arrogant fellow, you're asking to die!" Chen Xiang shouted in his heart as his Dharma power surged out, passing through his body and instantly transforming into a terrifying Heavenly Alchemy immortal power.

At the same time, one of the Six souls's Azure Dragon Holy Spirit also roared and flew out from the Divine Sense Sea. As it passed through his body, an extremely strong Heavenly Alchemy immortal power was added on, and he entered the Heavenly Alchemy Emperor seal s!

Chen Xiang channeled his power into the Heavenly Alchemy Emperor seal. After a burst of Divine Seal, a single word appeared on the surface of the seal: "Refining", and this word was written by an Azure Dragon!

The blue clothed man and his two companions were stunned the moment the word "Refinement" appeared. This dragon's might was truly terrifying, they were from the World Defying Stage Dragon

Ancestor and were very familiar with dragon's might, but they had never encountered such a terrifying existence.

After the word "refine" appeared, the pressure that had been released caused the blue-clothed man to be unable to move. At this time, he felt as if he was tightly grasped by the five elemental hands.

After the blue-clothed man's protective divine tool felt the terrifying power, it started to move on its own. The word "refined" flashed and turned into a green dragon, with two red beams of light shooting out of its eyes. It spat out a green lightning that bombarded the blue-clothed man's body.

Then, with a loud sound, the Green dragon howler opened its huge mouth, and like a meteorite falling from the sky, its body combusted with cyan colored lightning energy flames. It crashed into the ground and swallowed the blue-clothed man whole, large mouth, and then, its entire body fell onto the ground with a loud thud.

At the same time, the ground began to rise and fall, splitting into pieces

Chen Xiang heaved a sigh of relief, and used the power produced by the Heavenly Alchemy Emperor seal. As he had expected, it was just a flat piece of land, but it had already turned into a hill and ravine everywhere.

"He didn't die?" Chen Xiang searched down below and suddenly found the blue clothed man. The skin on his body had been cut open, and he was missing an arm, his only remaining hand was holding onto a round plate that was split into two halves.

"What a powerful weapon. He actually saved his dog life!" Just as Chen Xiang was about to fly, he suddenly sensed an extremely powerful Qi.

"The High Priest? How terrifying! No, that's not right. This guy is stronger than the High Priest. Just as Chen Xiang had stopped, that person had already appeared, and arrived beside the blue clothed man.

It was an old man wearing a white robe. There were dragon markings on his clothes. Indeed, he was here to save the blue-clothed man!

"Grand master, someone is attacking us. That guy is in the vicinity. Quickly kill him." The other two men suddenly ran over and shouted.

When the blue clothed man was attacked, the two men were nearby. They knew that Chen Xiang's attack was extremely terrifying, so they ran away as fast as they could. The blue clothed man was locked on by Chen Xiang, they simply could not escape.

The white robed old man looked around him and frowned. Originally, he had a head full of white hair, but now that it had suddenly turned black, he looked young in an instant. This caused Chen Xiang to be alarmed and feel an indescribable fear!

"You possess such powerful strength, why did you attack such a junior?" The old man also knew that someone was nearby. If those two men didn't remind him, he wouldn't have noticed.

[Chapter 2917](#)

If he was not agitated by someone, Chen Xiang would not even bother to waste his energy to hit him. <>

"You think I want to kill him? You should have asked him what he did first, so I didn't bother to do anything to him. Chen Xiang said. He still had not appeared and after he finished speaking, he immediately teleported to another location.

The white robed old man could also feel that Chen Xiang was teleporting away. He was very curious about this kind of person, he never thought that there would be such a person in the Flying Dragon Pagoda.

"All of you, quickly tell me, what is going on?" The white robed old man looked at the two men and asked loudly. His tone was very strict.

"Yes ..." It was Ol 'Three who had captured the other person's avatar and sent him to return it. Not only did he not return it, he even melted the avatar right in front of the other person and then ... And then that's it. " When the red clothed man saw the white robed old man angry, he immediately replied while trembling.

"That's it!" Chen Xiang said, but the red clothed man was not lying.

"Humph, what a sin!" At this moment, the white-robed old man was also furious. He looked at the half-dead blue-clothed man and cursed, "Bring him back, and let your master teach him a lesson!"

With that, the white-robed old man flew away. They were in the wrong for this, and he did not know the strength of his opponent, so he did not dare to make a move.

Seeing that the other party had left, Chen Xiang secretly heaved a sigh of relief.

"The people of the World Defying Stage Dragon Ancestor are actually this powerful? Is the World Defying Stage Dragon Ancestor coming back to settle the World Defying dragon demon's problem?" Chen Xiang was only guessing.

He returned to the cave and continued to control his Mouse Man to sell Huazun Dan.

After a few months, he finally sold all of the Huazun Dan in his hands.

Although there were so many Dao crystal, Chen Xiang did not know if there were enough, but he was still a little worried.

"Forget it, I can only go in and take a look now." Chen Xiang planned to head to Myriad Tao Mausoleum now to search for the mysterious array.

With a teleportation, he left Flying Dragon Pagoda, and arrived in front of Myriad Tao Mausoleum's Gate of Heaven and Earth!

"It's him!" When Chen Xiang arrived, he saw the white robed old man. He stood in front of the 'door' of heaven and earth, not moving an inch and it was unknown what he was doing.

When Chen Xiang teleported over, the old man noticed a slight movement in space.

"It's you?" He did not see Chen Xiang, but he knew that he had met him a few months ago.

Chen Xiang appeared. He slowly descended to the ground and maintained a distance from the white robed old man as he said, "Do you want to enter the Myriad Tao Mausoleum?"

"As soon as the 'Gate of Heaven and Earth' is opened, I will immediately go in. What about you?" The white robed old man turned around, and asked Chen Xiang when he saw him.

He never thought that Chen Xiang would have such a young appearance. People who have such a young appearance usually cultivate very quickly.

"I can go in any time." Chen Xiang laughed: "Do you want me to bring you along and let you enter the Myriad Tao Mausoleum immediately?"

He himself could also use the power of space, but he could not enter the Myriad Tao Mausoleum. This meant that Chen Xiang's use of the power of space was much stronger than his.

In terms of strength, Chen Xiang was far inferior to him.

"Do you go in often?" The white robed old man asked.

"I went in a few times!" Chen Xiang walked a little closer and said: "What are you going in for?"

"To find someone!" After the white robed old man finished speaking, he let out a long sigh and turned around to look at the 'Gate of Heaven and Earth'.

"To whom? "You are very strong, much stronger than that High Priest!" Chen Xiang said. At this point, he was already in front of the old man, and could clearly feel his strength.

"Even if I told you, you wouldn't recognize me." The old man in white shook his head, "I am not much stronger than the High Priest. The High Priest is immortal, I can't kill him, but he has endless power of the Dragon and Demons. Although I won't lose to him in a short period of time, once I run out of energy, I will die!"

Chen Xiang didn't know much about the High Priest. Although Long Qiumu was at Dragon Devil Princess, she knew very little about the High Priest as well.

And yet, this mysterious white-robed elder knew so much about the High Priest. Clearly, he must have fought with the High Priest before!

"You fought against him?" Chen Xiang asked.

The white-robed cultivator nodded his head, "I cannot defeat him. Unless he is destroyed by the master, it would be very difficult to eliminate him. Even if we can kill him, the other High Priest will be born soon!"

"So that means, you entered the Myriad Tao Mausoleum to find the World Defying Stage Dragon Ancestor?" Chen Xiang had already guessed that the reason the High Priest was so hard to kill must be because of the World Defying dragon demon supporting him.

To exterminate the High Priest, he had to restrain the World Defying dragon demon.

When the white robed old man heard Chen Xiang's words, he was very surprised. He did not expect Chen Xiang to actually know about the World Defying Stage Dragon Ancestor and the World Defying dragon demon.

"That's right, the Dragon Ancestor is inside, but ..." It's just that I don't know where he's at in Myriad Tao Mausoleum either! " The old man in white sighed: "We can only go in. How did you know?"

"I once obtained a bit of memories left behind by the World Defying Stage Dragon Ancestor, so I know a bit." Chen Xiang laughed, "Even though we had a misunderstanding, I am not your enemy, furthermore, we have a common enemy. If possible, I will help you find the World Defying Stage Dragon Ancestor."

"Alright, can you bring me in now?" The white robed old man smiled at Chen Xiang.

Chen Xiang patted the white robed old man's shoulder, and then used teleportation to bring him in, walking into the wide passage inside Divine Ghost Imperial Country.

"What's your name? You should be around the middle stage Venerable ancestor realm! But the power of space is being used to such an extent, this is truly admirable! " The white robed old man asked.

"Chen Xiang! How about you, Senior? "

"Long Tengyun, World Defying Stage Dragon Ancestor can be considered my ancestor! I saw him once when I was very young. " Long Tengyun said: "At that time, when he left our secret realm, he said he was going to the Myriad Tao Mausoleum and he hasn't returned since."

"Why is he going to the Myriad Tao Mausoleum? Did he say anything? " Chen Xiang never thought that the World Defying Stage Dragon Ancestor would actually be inside the Myriad Tao Mausoleum.

"He said he was going to stay with his old friend. We don't know who his old friend is. " Long Tengyun was very suspicious about this, "He does have many friends, but many of the elders in our clan do not know who he is going to accompany, nor do they know who is in Myriad Tao Mausoleum!"

Chen Xiang immediately thought of a person!

There was only one old friend in the World Defying Stage Dragon Ancestor that could make him enter the Myriad Tao Mausoleum to accompany her, and that was the World Defying Stage Tao Ancestor. In the World Defying Stage Dragon Ancestor's memories, the World Defying Stage Tao Ancestor was his master, but he had always treated him as his best friend.

In other words, the World Defying Stage Tao Ancestor was also inside the Myriad Tao Mausoleum!

This kind of person, was actually in the mausoleum that he had constructed. Chen Xiang could not help but suspect that this mausoleum was probably built for him by the World Defying Stage Tao Ancestor! ;

[Chapter 2918](#)

Chen Xiang thought about it, and decided to tell Long Tengyun about this matter in the end.

"World Defying Stage Tao Ancestor? I have never heard of him! " Long Tengyun said: "Does our ancestor really have an old friend? We don't know! "

"Then what other friends does your ancestor have?" Chen Xiang was very surprised. He felt that the World Defying Stage Tao Ancestor should be very famous, especially someone like Long Tengyun. <>

"His friends are all beast-type friends. Phoenix, Green Ox ... You should not know. " Long Tengyun frowned: "Just what is the background of this World Defying Stage Tao Ancestor? Do you know? "

"I... I just know a little, I'll tell you what I don't know!" After that, Chen Xiang told Long Tengyun about the World Defying Stage Tao Ancestor. He did not tell him that the World Defying Stage Dragon Ancestor was once the World Defying Stage Tao Ancestor's tamed beast and was worried that Long Tengyun would not accept it.

"If it's true, then this World Defying Stage Tao Ancestor is too powerful. He actually created the Myriad Tao Divine Arts, and this Myriad Tao Mausoleum was also built by him." Long Tengyun was very surprised, he never knew of such a person, and couldn't help but exclaim in surprise.

Long Tengyun and Chen Xiang walked along the wide passageway, and their voices were not small as well. The echoes produced by their words echoed back to their surroundings.

However, at this moment, a voice suddenly rang out!

"Is the World Defying Stage Tao Ancestor really in the Myriad Tao Mausoleum?" This sudden voice gave Chen Xiang and Long Tengyun a huge fright.

They immediately became vigilant!

"Who are you?" Chen Xiang asked anxiously, this was the Myriad Tao Mausoleum, they had to be vigilant.

Although Long Tengyun was strong, he still felt a sense of danger that could threaten him was approaching. He was right beside Chen Xiang, and the aura of power he was releasing right now made Chen Xiang feel fear.

Long Tengyun was actually ready to fight to the death, Chen Xiang suddenly felt a lot of pressure, he did not know what kind of person his opponent was!

A mass of black fog suddenly appeared on one of the walls, and then a person walked out from it. It was a handsome man wearing a gorgeous black robe. He had a crown on his head and looked very noble.

"This is my territory." The man smiled.

"Ghost Emperor?" Chen Xiang said in shock.

"That's right, the Divine Ghost Imperial Country's Ghost Emperor is me. You don't have to be afraid, I'm not like the other fellows here who like to kill innocent people." The Ghost Emperor laughed, "You guys are pretty powerful. The 'Gate of Heaven and Earth' has yet to be opened, but you can actually enter!"

Chen Xiang had already entered and out a few times already, but the Ghost Emperor did not appear. This time, when he entered with Long Tengyun, he actually lured the Ghost Emperor out.

"This period of time should have been very quiet. It would be hard for the two of you to not be noticed while walking here and making a racket." The Ghost Emperor laughed, "I am very interested in your words and also very curious, so I couldn't help but casually ask."

"Since you heard our conversation, then you probably know. World Defying Stage Tao Ancestor being here is just my guess." Chen Xiang said.

The Ghost Emperor nodded his head, "We have been here for many years, but we have never seen the World Defying Stage Tao Ancestor, so we can't be sure! If I am sure that the World Defying Stage Dragon Ancestor is inside, then I think it is not too far away. "

The Ghost Emperor looked at Long Tengyun and said, "You should be able to confirm that, right?"

"I can only tell you this. That was what the Dragon Ancestor said when he left, but I can't be sure whether he came here or not." Long Tengyun said.

Chen Xiang also felt curious and laughed, "Ghost Emperor, you care so much about World Defying Stage Tao Ancestor, could it be that he is your old enemy?"

"Hehe, he was the one who locked me up here. What do you think?" The Ghost Emperor laughed, "But I don't hate him, I just want to find him and chat with him about the past. After all, I'm living quite well here, and he even sent a lot of my sworn enemies to accompany me.

The Ghost Emperor and the World Defying Stage Tao Ancestor had such a relationship, the Ghost Emperor's identity became even more mysterious.

"However, this matter must not be known to the other people. They wish they could eat the entire World Defying Stage Tao Ancestor alive." The Ghost Emperor lowered his voice and said, "If you are looking for the World Defying Stage Tao Ancestor, what direction do you have? Why don't we discuss it properly? I am more familiar with the Myriad Tao Mausoleum now. "

"Alright!" Chen Xiang and Long Tengyun both nodded.

The Ghost Emperor waved his hand towards a wall, causing a black curtain to appear on the wall. "Please!"

After that, Chen Xiang and Long Tengyun stepped onto the wall and entered into a magnificent hall.

Long Tengyun's strength should be at the peak of respect for his ancestors, even if he was not a match for the Ghost Emperor, but he was definitely not far off, so Chen Xiang was not too worried that the Ghost Emperor had any tricks up his sleeves.

"Chen Xiang, did you gain anything from entering the Myriad Tao's Divine Stele that day?" The Ghost Emperor suddenly asked. Previously, Chen Xiang and Long Tengyun had said his name when they were talking, but the Ghost Emperor had heard it.

"It's nothing, I managed to cultivate the Myriad Tao's Golden Body inside, and I just got some good stuff ... Furthermore, my understanding of the Heavenly Alchemy has deepened. " Chen Xiang said with a smile, he would never tell this Ghost Emperor Myriad Tao technique.

"Hur hur, really?" The Ghost Emperor laughed, from his expression, one could tell that he did not believe Chen Xiang's words at all.

Chen Xiang only smiled without speaking a word, the Ghost Emperor could understand him too.

"I thought you had died inside. I didn't think I would see you again ten thousand years later. Your strength is still so strong!" The Ghost Emperor praised.

"I've only been inside for over a year. The time inside is very different from the time outside." Chen Xiang laughed bitterly.

"Then that's even more amazing. It hasn't been too long, yet you've become so strong." The Ghost Emperor was even more surprised, and was even more sure that Chen Xiang had gotten something good from inside.

Only now did Long Tengyun know how powerful Chen Xiang was. He knew about the Ghost Emperor's matter, and his clan was relatively more knowledgeable about the Myriad Tao Mausoleum's forces. But now, this Ghost Emperor actually admired Chen Xiang to such an extent, which showed how capable Chen Xiang was.

"Ghost Emperor, can I ask you something? But there is something about the Natural Law Divine Lord, can you beat this guy? " Chen Xiang asked, if the Natural Law Divine Lord was not eliminated, he would only feel uneasy.

"Of course I know, I've fought with this guy before! I can defeat him, but it will not be easy to wipe him out completely. " The Ghost Emperor frowned, "I don't know why, but this guy is getting stronger and stronger. I heard that ... I heard that he secretly formed a gang, wanting to kill the Bone Emperor of White Bones Imperial and become the new Bone Emperor! "

"Really?" Chen Xiang's heart suddenly sunk. He had forgotten one thing, while he was becoming stronger, his enemies were also becoming stronger.

"It's just a rumor. Because he has a pretty good relationship with the Bone Emperor, when he heard that the Purple Blood Clan had insulted the Bone Emperor, he immediately personally went to the Purple Blood Clan and fought a great battle with them. He almost killed the Patriarch." The Ghost Emperor said, "That's why the rumors are unreliable!" ;

[Chapter 2919](#)

The Ghost Emperor could be said to be one of the first people to enter the Myriad Tao Mausoleum. When he first entered, his strength was already very strong.

Right now, the Ghost Emperor was telling Chen Xiang, if the World Defying Stage Tao Ancestor was really here, it was very likely that they were in a certain region!

"Will it be in Flying Dragon Ghost Realm? Is this true? That place must be very dangerous! " When Chen Xiang heard the Ghost Emperor's analysis, he could not believe it. <>

Although Flying Dragon Ghost Realm brought the word Flying Dragon and there was even a dragon inside, it was obviously not a good thing that Flying Dragon Ghost Realm was willing to accept.

Therefore, Chen Xiang did not believe that the World Defying Stage Tao Ancestor would be inside.

"First of all, the creator of the Flying Dragon Ghost Realm has a great relationship with the World Defying Stage Dragon Ancestor, which is why he used the name Flying Dragon." The Ghost Emperor looked at Long Tengyun and asked, "You should be clear about this matter as well!"

"That's right, Flying Dragon Ghost Realm's Wyvern Emperor is indeed one of World Defying Stage Dragon Ancestor's disciples, but because this guy is too evil, after he was brought in by World Defying

Stage Dragon Ancestor, he could no longer get out." Long Tengyun said: "This Myriad Tao Mausoleum has always restricted those with great strength, but their hearts are filled with darkness."

Chen Xiang coughed dryly, because the Ghost Emperor was also someone who could not come out after entering, and after Long Tengyun realized it, he felt a little awkward.

The Ghost Emperor did not care, and laughed, "It's fine, you are right. The reason I can't go out is because I have evil in my heart, but it's much better now. I think I can go out, but I don't dare."

"Then are we really going to the Flying Dragon Ghost Realm to look for the World Defying Stage Tao Ancestor now? Ghost Emperor, do you have any clues? Flying Dragon Ghost Realm is so big, you can't possibly go search aimlessly, so how long will it take to find it?" Chen Xiang said, he also wanted to find World Defying Stage Tao Ancestor and let him suppress the World Defying dragon demon that was about to revive.

"I don't know, that was just my guess. Myriad Tao Mausoleum is vast, it will not be easy to find them!" The Ghost Emperor sighed, "But you can rest assured that I will also send people to investigate. You guys come here regularly and ask me. If you have any good news, you will be able to find out in time."

This was the only thing that could be done now. Long Tengyun did not say anything.

"Oh yeah, I heard that there is some mysterious array inside the Myriad Tao Mausoleum, we can activate it with a large number of Dao crystal." Chen Xiang suddenly said, the Ghost Emperor must have known about this, the Ghost Emperor was just collecting Dao crystal.

"It's true. Did you come here for this as well?" The Ghost Emperor laughed: "But you might be disappointed, although there are many of these mysterious formations, but they are not everywhere, and you have to find them yourself slowly, even if you find them, you will need a large number of Dao crystal s to activate them."

"As for what is inside, I don't know."

Chen Xiang and Long Tengyun did not stay long at the Ghost Emperor's place, and went to Colorful Forest.

Previously, Chen Xiang was unable to use his spatial energy in the Colorful Forest, but now he could.

After entering, Long Tengyun suddenly said: "The Ghost Emperor is very cunning, I guess he knows the location of the World Defying Stage Tao Ancestor, it's just that he isn't willing to tell us."

"Senior, why do you think that?" Chen Xiang also felt that the Ghost Emperor was a little strange.

"This fellow is like this in the first place..." If the Myriad Tao Mausoleum was built by the World Defying Stage Tao Ancestor, then the World Defying Stage Tao Ancestor is still here. "He might already be dead." Long Tengyun coldly snorted. "He's plotting against the World Defying Stage Tao Ancestor, if such an existence really dies, the things left behind can be imagined, how can he let others have them all?"

"Also, when you asked him about those mysterious formations earlier, he clearly knew about it. However, he did not tell you in detail and even lied to you. I think he was worried that you would take away too much of the benefits, so he did not tell you."

Chen Xiang felt it was strange. How could he, the Ghost Emperor, not know about the mysterious array formation inside? I just didn't want to tell him.

"You can't get too close to him in the future. The people who are locked in this Myriad Tao Mausoleum are all bad people." Chen Xiang said.

Long Tengyun's strength had already reached its peak, and would be equally matched with the Ghost Emperor. If they were to fight, it was hard to say who would win and who would lose.

After Chen Xiang and Long Tengyun entered the Colorful Forest, they had been very calm the entire way. Long Tengyun had decided to go to a rather dangerous place in the Myriad Tao Mausoleum; that place was called Dead Land.

When Chen Xiang and Long Tengyun travelled, although they did not have time to enjoy the beautiful scenery of the place, they still enjoyed the tranquility that caused one's heart to be at peace.

However, this calm was quickly broken. Chen Xiang first sensed that something was approaching them, and the spatial sensing domain he used was extremely sharp. As long as something entered his perception domain, he could immediately sense it.

"There are more than ten guys approaching us. They're fast!" Chen Xiang's spatial realm could only sense what was moving within his domain; it could only tell the shape and size of that thing.

From his spatial domain, he could tell that the shape was the same as a human's. As for the strength, he couldn't even sense it.

"What is it?" Is it the Blood Race? " Long Tengyun asked, he immediately held his breath, and said: "We were extremely careful along the way, and was actually followed. What's going on?"

Long Tengyun was very confident in his concealment abilities, and Chen Xiang was not weak either, but he was still tracked. He immediately thought of something and frowned: "Could it be that the Ghost Emperor had arranged for people to follow us?"

Chen Xiang hurried over to Long Tengyun's side and pressed a hand on Long Tengyun's shoulder. Then, he used the Counter Power to hide himself together with Long Tengyun and teleported to a large tree.

Beneath the big tree they were at, there were over ten people dressed in light green clothes. None of them looked weak, as they were all in the early stage of the Tai Zun realm.

And judging from their characteristics, they were extremely good at concealment and tracking. If Chen Xiang didn't have the ability to use the spatial power, he wouldn't have been able to discover this group of people.

"It's a Dragon Demon!" Long Tengyun sent two sound transmissions to Chen Xiang. At this moment, he was even more confused, they were actually being targeted by the Dragon Demons.

"It must be the Ghost Emperor who exposed himself to these Dragon Demons." Long Tengyun sent a sound transmission to Chen Xiang, "The Ghost Emperor might have already been cooperating with the Dragon Demons. This is trouble, let the World Defying dragon demon know that the World Defying Stage Tao Ancestor is inside this Myriad Tao Mausoleum!"

Chen Xiang did not expect the Ghost Emperor to be so cunning, and this made him angry secretly in his heart. He was not easily tricked by others, but now, he was tricked. Chen Xiang thought in his heart. ;

[Chapter 2920](#)

Chen Xiang looked down at the ten odd Dragon Demons, his heart also filled with shock, there were so many Dragon Demons in Myriad Tao Mausoleum, and all of them were powerful.

He couldn't help but suspect that the Demonic Dragon had already formed a hidden force in the Myriad Tao Mausoleum. Although it didn't fight with the other great forces in the Myriad Tao Mausoleum, but it had developed in the darkness, and seemed to have a good relationship with other great powers.

"They should be here to kill me!" Chen Xiang said: "But they do not know of your existence, and do not know how strong you are, if not they would not have sent these Dragon Demons to their deaths."

Long Tengyun nodded his head: "This batch of Dragon Demons is very outstanding, their concealing skills are very high, and they are extremely good at assassinations, but they were still sent here. Ming Gui Emperor did not tell the Dragon Demons about my strength."

"Ghost Emperor, this bastard, could it be that he wants you to kill this batch of Dragon Demons? This way, he'll be able to make the Dragon Demons inside furious. In the end, you and the Dragon Demons fight?" Chen Xiang guessed the Ghost Emperor's purpose.

"It should be so, the Ghost Emperor told the Dragon Demons where we are, he must have obtained a lot of benefits. Now that the Dragon Demons are in the Flying Dragon Pagoda, I think the Ghost Emperor must have obtained a large number of Dao crystal from them." Long Tengyun took out a very short sword.

After throwing out the dagger, it flashed and became more than ten beams of golden light. If one looked carefully, these ten beams of golden light were all dragons of more than ten strands.

This ~ long ~ wind ~ The dragons flew out and instantly drilled into the heads of the ten or so Dragon Demons. They all held their heads as they frantically rolled on the ground.

Chen Xiang watched with wide eyes. His hands were very powerful, dealing with more than ten Dragon Demons at the early stage of Venerable ancestor realm so easily.

Just as Chen Xiang wanted to go down and kill these Dragon Demons, he saw that their bodies had suddenly swelled up!

After the Demonic Dragon's body swelled up, it suddenly exploded and died!

"These lackeys are just here to die." Long Tengyun waved his hand, and the powerful dagger appeared in his grasp.

"So powerful!" Chen Xiang could not help but exclaim.

Long Tengyun said: "The power of the Dragon Demons in here should have been developed by the Dragon Devil Emperor Venerable! It was all thanks to the World Defying dragon demon that he was able to remove the seal. It is possible that he entered the Myriad Tao Mausoleum to help the World Defying dragon demon inspect the situation inside. "

Chen Xiang had guessed before that the Dragon Devil Emperor Venerable was a very important existence in the Flying Dragon Ghost Realm, as they wielded a lot of power and influence. It was unknown whether or not the entire Flying Dragon Ghost Realm was already under the control of the Dragon Devil Emperor Venerable.

"We need to quickly go to the Dead Land. We need to find the both of them quickly! If World Defying dragon demon truly resurrects, the consequences would be unimaginable for us. Only the ancestors of two World Defying Stage can take care of him. " Long Tengyun had already seen through the trap the World Defying dragon demon had laid down long ago.

Chen Xiang nodded: "Where do you want to go, Dead Land? I'll use the power of space to teleport! "

Long Tengyun told Chen Xiang a direction, and then, Chen Xiang brought him continuously teleported. A few moments later, they arrived at the so-called Dead Land!

"It should be here!" Long Tengyun stood on top of a tall mountain, and looked at the pitch-black forest in front of him.

There were many large mountains in front, but all of them were black, without any plants. Chen Xiang even saw a very wide plain, which was also completely covered with black soil without any signs of life.

"It's very similar to White Bones Imperial!" said. This was the same as the White Bones Imperial, it was filled with death aura, but the White Bones Imperial had bones everywhere, and there were no bones here.

"If the Dead Land wasn't that dangerous, he would have been taken over by the White Bones Imperial a long time ago! Usually no one dares to come in, so you can't even see the bones. " Long Tengyun sighed, "If we enter, it will be dangerous! Chen Xiang, you better not enter. Although you are doing well in all aspects, I am still worried! "

Although the sun was shining brightly, there was black soil everywhere. Just a glance at it would cause chills to run down one's spine.

"Alright, senior, you go in yourself!" Chen Xiang took out a Communication jade Symbol paper and said, "If we're close, we can pass a message to me through this."

"Alright!" After Long Tengyun received it, he stared at it and said, "You should be more vigilant in the Myriad Tao Mausoleum. It seems like the several powers in the Myriad Tao Mausoleum are all related to the Dragon Demon, and you are now the number one enemy of the Dragon Demon."

"I understand, senior, you have to be careful too!" Chen Xiang smiled at Long Tengyun.

Long Tengyun then flew into the Dead Land, and after Chen Xiang saw his back disappearing, he immediately teleported out of the place.

Although he was curious about the Dead Land, he was more afraid, which was why he did not go in.

And he still had other things to do in the Myriad Tao Mausoleum.

He had originally entered the Myriad Tao Mausoleum to search for that mysterious array. He had entered with several tens of billions of Dao crystal in his possession just to see what was hidden within the mysterious array.

The Ghost Emperor had told him that the mysterious array formation inside was extremely hard to find, but Chen Xiang did not believe it.

"Seems like I can only go to Divine Ghost Imperial Country to try my luck!" Chen Xiang then quietly returned to the Divine Ghost Imperial Country, to look for his old friend the Time Ghost.

Although Time Ghost was a subordinate of the Ghost Emperor, he didn't seem to care about other things. He only wanted the Dao crystal.

Chen Xiang did not come to find him to buy time.

"Time Ghost, even though I'm not here to buy time from you, I'm still here to do business with you." Chen Xiang laughed. He was disappointed that Time Ghost was not here to buy time just now.

"What deal?" Time Ghost was someone who had opened his eyes when seeing money, and immediately asked after knowing that he still had some left to earn.

"There are so many of these rooms here, and they all have weird ghosts like you, right?" Chen Xiang asked.

"Yes, do you want to do business with them?" Time Ghost suddenly understood Chen Xiang's intention.

"I want to find a guy who knows a lot of things. If you tell me where I can find this guy, I'll give you a hundred billion Dao crystal." Chen Xiang said: "Isn't this easy to earn!"

A hundred billion Dao crystal wasn't really a lot to Time Ghost, after all, he had earned over two trillion from Chen Xiang.

Actually, even if you don't give me the Dao crystal, I will still tell you! However, since you're so passionate, then I won't be polite. " Time Ghost snickered.

Chen Xiang secretly cursed in his heart. After giving Time Ghost a hundred billion Dao crystal, he said: "You can tell me now!"

"I know a guy named Well-informed Ghost. He is well-informed, and as for why he is so well-informed, I don't know either, but if you want to know more, he will definitely tell you." Of course, you have to prepare enough Dao crystal. " Time Ghost said, and then told Chen Xiang the location of the Well-informed Ghost.
