

Dan God 2951

[Chapter 2951](#)

After Chen Xiang woke up, the Time Ghost immediately shouted, "You rascal, why did you suddenly come to my place to sleep? What was going on? "You scared me to death! I thought you were going to die here!"

"You're in Time Ghost, and you're afraid you'll be scared to death? You're a scary person yourself, okay? " Chen Xiang said snappily: "Oh right, how's Well-informed Ghost doing recently? I want to visit him. "

"He's been bored lately. You can go find him." Time Ghost said: "Right, are you going to make a deal with me this time?"

"Of course, but not now, I have to find Well-informed Ghost first!" Chen Xiang said: "I'll be going now, I'll be back soon!"

Chen Xiang teleported to Well-informed Ghost's room. Seeing that Chen Xiang had arrived, Well-informed Ghost was immediately overjoyed.

"Big Boss, you're finally here, hehe." The Well-informed Ghost laughed: "You aren't just here to see me right?"

"Of course not, it's not like I can't see you!" Chen Xiang laughed: "I just want to ask something. I want to give you two hundred billion Dao crystal.

Two hundred billion was not a small amount, Well-informed Ghost immediately agreed. It had been a long time since he had earned so many Dao crystal s and he was willing to pay the price.

"Have you heard about the Myriad Tao Dan God?" Chen Xiang asked.

"I've heard that this person is very mysterious. I've only heard of him before, but I'm not sure about his origins. I only know that our Ghost Emperor is very afraid of him, and is always very respectful towards him!" This Myriad Tao Dan God has built something called an Everlasting Pellet Academy in the Colorful Forest. " The Time Ghost said.

"What about the Yuan Family?" Chen Xiang asked again. The elders of the Yuan Family wanted to capture him and even wanted to take revenge.

"Yuan Family? This is a huge family, and one that is very close to the Dragon Devil Emperor Venerable. There are many outstanding Alchemist in the Yuan Family, and these Alchemist all seem to come from the prideful Pill Academy. " The Well-informed Ghost then continued, "In short, the Yuan Family is a huge family that is very close to the Flying Dragon Ghost Realm and the White Bones Imperial. The two of them are taking advantage of each other!"

"It's actually this powerful!" Chen Xiang never thought that the Yuan Family would have such a position.

"How much do you know about the Yuan Family?" The more useful it is! " Chen Xiang said: "The Yuan Family has pissed me off, I want to take revenge on them."

"This... "This is not a wise move. After all, the Yuan family is very powerful. Without absolute power, you can't act rashly." Although he understood Chen Xiang a lot, he knew that Chen Xiang still had a certain level of strength.

"I know, that's why I'm here to ask you about it. I'm here to find out about the Yuan Family!" Chen Xiang asked, "Is there anything else that's powerful in the Yuan Family?"

Well-informed Ghost thought for a moment, then said: "I heard ... I heard that the strongest person in the Yuan Family already belongs to the World Defying Stage. This was all because he obtained a half crippled World Defying soul with the help of the Dragon Devil Emperor Venerable. "

Chen Xiang had heard that the World Defying Stage Evil Ancestor was everywhere to cultivate his strength, but he didn't think that a power like the Yuan Family would be in his sights.

"This is not easy to deal with!" Chen Xiang sighed, now, only by entering the World Defying Stage would he be able to take care of the Yuan Family.

"Not bad, not easy to deal with." Well-informed Ghost replied, "Is there anything else you want to ask?"

"Is your Ghost Emperor also a member of the World Defying Stage?" Chen Xiang asked.

"Yes, this is all due to me obtaining a half crippled World Defying soul." The Well-informed Ghost sighed, "Our Ghost Emperor's life is not so good now. After all, the Half Crippled World Defying soul is someone else's, it's not something that he can get for nothing. He has to pay a certain price."

"I know that!" Chen Xiang could understand the feelings of the Well-informed Ghost. The Ghost Emperor was, after all, the strongest person in their hearts, but right now, he was being controlled.

Chen Xiang did not have a good impression of the Ghost Emperor, he had already sold them to the Dragon Demons.

"Well-informed Ghost, how much do you know about the Primordial Pill Academy? "For example, the Vice Principal of the Empyrean Pill Academy." Chen Xiang said: "Do you know him?"

"Of course I know that this Vice Principal is very famous. He claims to be the last disciple of the Myriad Tao Dan God, and the only disciple of the Myriad Tao Dan God as well." Of course I know that this Vice Principal is very famous, he claims to be the last disciple of the Myriad Tao Dan God, and he is also the only disciple of the Myriad Tao Dan God. Well-informed Ghost said: "This guy is not someone who is easy to deal with. He is very cunning, but on the surface, he looks very good."

"This guy is a bastard." Chen Xiang coldly snorted: "Sooner or later, I will let him know the outcome of offending me, Chen Xiang! Don't you dare spout nonsense like I'm hiding here. "

"Of course not, you are a big customer of mine and Time Ghost's! Furthermore, we have no interest in selling you out, so those guys never put us brats in their eyes. Well-informed Ghost said, as long as they did not say anything, no one would know that Chen Xiang was here.

"That's good! This 100 billion is for you, as long as I get stronger, I will earn even more Dao crystal, and I will definitely not treat my partner unfairly. " Chen Xiang gave the Well-informed Ghost another one hundred billion Dao crystal.

He felt that it was a great pity. If he could stay in the Ascendant Pill Academy, he might be able to earn even more. However, that place was already under the control of the vice principal.

"Oh right, Chen Xiang, I heard one thing, I don't know if it's true or not." Well-informed Ghost suddenly said: "You might be more concerned about this matter!"

"Tell me about it!" Chen Xiang said.

"I heard that the High Priest has entered." Well-informed Ghost's words shocked Chen Xiang.

Before the High Priest had helped the World Defying dragon demon to break the seal, he should not have entered this Myriad Tao Mausoleum, but now he had!

"Is this true?" Chen Xiang did not dare believe it.

If the High Priest came in, then the World Defying dragon demon might have already broken the seal.

"I just heard that... I'm not sure if it's true, but I'll ask around. Come and ask me later. " The Well-informed Ghost said.

"Alright!" Chen Xiang had thought that he could quickly step into the World Defying Stage and get rid of the High Priest.

When Chen Xiang returned to Time Ghost's room, he thought to himself, "Don't worry, this Well-informed Ghost has only heard of it, and has not confirmed it yet!"

Previously, when World Defying Stage Dragon Ancestor had counted, it was not easy for World Defying dragon demon to break the seal. However, he could not help but be worried, if the World Defying dragon demon came out, it would pose a huge threat to him.

Chen Xiang took a few deep breaths, then gave Time Ghost some Dao crystal. He wanted to buy some time, so that he could quickly refine a large number of Heaven and Earth infinite Dan that were refined using the Crash method.

[Chapter 2952](#)

Chen Xiang bought the Heaven and Earth infinite Dan for a year, then began to use the Crash method to refine the Heaven and Earth infinite Dan. Refining such a pill required time, especially the Crash method! Chen Xiang took two months just to refine one pellet of the Five Crash. However, the quality was extremely high. This kind of prideful mystical pill, after being refined with Crash method, would not only double the quality but would also increase by hundreds, or even thousands of times!

If he were to use an ordinary method to refine a two month old Heaven and Earth infinite Dan, the added quality would be far inferior to that of a Five Crash technique.

"The Five Crash Technique is my limit. I might need around a hundred pills to breakthrough." When Chen Xiang used the Crash method to refine pills, not only could he improve the quality, he could also save on medicinal ingredients.

Although Mei Jing Sisters and Long Qiumu could grow it inside, it was a prideful medicine, and its cultivation speed wasn't that fast, so he needed to save a bit of medicinal ingredients.

At that time, not only would he need to consume this pill, Long Qiumu would also need to eat it. If Long Qiumu could also enter the World Defying Stage and cultivate her own World Defying soul, then her strength would definitely not be something that the powerhouses who used the half crippled World Defying soul to break through would be able to compare to.

For him, hiding inside his You Yao Mountain Villa was an extremely good backup plan. For example, when he was poisoned at the Ao Shi Dan Academy, it was Long Qiumu who saved him. Otherwise, he wouldn't dare to imagine the consequences.

While Chen Xiang was refining the pellet, five years had unknowingly passed. He was only able to refine six pellets a year, and currently, he could only refine thirty of them! Fortunately, he was at Time Ghost's place. Adding the time spent there, it had only been a month outside.

"This speed is already very fast!" Chen Xiang had already completed quite a few of these, so he did not eat any of these pills.

"I've rested enough. I can start preparing now." The Time Ghost knew that Chen Xiang was refining pills, but he did not know what pill Chen Xiang was refining. As long as there was a Dao crystal, it would be fine.

After Chen Xiang passed the Dao crystal to the Time Ghost, he smiled and said, "Let's start now, I've been waiting very anxiously!"

Every time Time Ghost gave Chen Xiang a year of time, he would have to rest for a few days.

"Let's begin now!" The Time Ghost said.

Chen Xiang immediately felt the power of the Time undulation, but at that moment, the room he was in suddenly trembled, he was alarmed: "What's going on?"

He did not have a good impression of the Ghost Emperor, and it seemed like the Ghost Emperor and the Dragon Demon had cooperated together. Now, it was the World Defying Stage, and this was all because of the half crippled World Defying soul of the World Defying Stage Evil Ancestor.

That was why Chen Xiang was extremely vigilant of the Ghost Emperor. Now that he had sensed the Ghost Emperor's aura, he was secretly alarmed and immediately asked the Time Ghost: "Did the Ghost Emperor come? I will leave this place now! "

"Chen Xiang... "Ah ..."

Time Ghost's scream suddenly echoed in Chen Xiang's mind, causing him to be shocked, Time Ghost seemed to be suffering a torture.

"Time Ghost, what's wrong? Where are you and what can I do to save you? " Chen Xiang asked anxiously, he had frequently done business with the Time Ghost, and after such a long time, he had gradually begun to view the Time Ghost as his friend.

"I... I'm dead for sure, you can't save me, the Ghost Emperor is attacking me, he wants to swallow me ... " The voice of the Time Ghost was filled with sorrow, "This is my time and dao vein, make good use of it ... "Goodbye ..."

When Chen Xiang was in the Time Ghost's room, he suddenly saw a light white colored thread. He hurriedly grabbed it and placed it inside the Divine Sense Sea to fuse it.

"Time Ghost, how are you?" Chen Xiang didn't dare believe that the Time Ghost who was happily chatting with him would encounter such an accident in the blink of an eye, and it was all done by the Ghost Emperor.

The Time Ghost didn't answer Chen Xiang, but Chen Xiang could feel a dangerous aura slowly approaching. It was the Ghost Emperor's approach!

"Ghost Emperor, just you wait!" Chen Xiang used his spatial energy and teleported out of Time Ghost's room. At this moment, he felt grief and fury in his heart, the time he spent with Time Ghost was pretty good, he had accompanied him for many years and yet he was killed right now.

Chen Xiang came to the Well-informed Ghost with grief and anger.

The only one who knew that he was very close to Time Ghost was only the Well-informed Ghost.

"Well-informed Ghost, get out here right now!" Chen Xiang roared.

"What's wrong?" Well-informed Ghost immediately asked: "Oh right, there was a big commotion just now, what happened?"

Well-informed Ghost was also confused. Something was definitely wrong before, but seeing how furious Chen Xiang was, he became even more suspicious.

"The Time Ghost is dead. He was killed by the Ghost Emperor. Chen Xiang asked coldly, his killing intent was overflowing, he controlled his own Qi to not leak out, he was worried that he would attract the Ghost Emperor's attention.

He was still not the Ghost Emperor's match, the Ghost Emperor was the World Defying Stage's opponent, but he firmly believed that he could step into the World Defying Stage. At that time, any Ghost Emperor would just be trash in his eyes!

"Time Ghost... Die "Dead?" Well-informed Ghost's voice trembled. From the sound of his anger and sorrow, it could be seen that his relationship with Time Ghost was very good.

"Yes, he was killed by the Ghost Emperor!" Chen Xiang's tone had softened quite a bit. After all, he had also seen how sad the Well-informed Ghost was.

"Ghost Emperor!" Well-informed Ghost growled in anger, "This bastard, how dare he be so cruel to his own subordinates!"

"Didn't you inform him?" Chen Xiang did not dispel the notion of suspecting Well-informed Ghost because of this.

"How is this possible? My relationship with Time Ghost is so close, how can I harm him? It's definitely not from me, I can swear on my blood! " The Well-informed Ghost said.

Chen Xiang was currently in the Well-informed Ghost's stone room. It was originally dark in here, but suddenly it became bright, and Chen Xiang saw a pale old man with slightly red eyes appearing, he was Well-informed Ghost!

In order to make Chen Xiang believe it, Well-informed Ghost had indeed given him a very venomous blood oath!

"Then why did the Ghost Emperor attack the Time Ghost? Could it be that the Ghost Emperor knew about the matter between Time Ghost and me? How did he know?" Chen Xiang could not understand.

"The Ghost Emperor does not know about the matter between you and the Time Ghost. Although this is the Divine Ghost Imperial Country, but we have our own private space, the Ghost Emperor definitely does not know about it. Otherwise, if he knew you had run away, he would have sent people to hunt you down." Although his hair was white, his face was the same as a middle-aged man's. He did not look old, but his complexion was terrifyingly pale.

"What's the reason?" Chen Xiang thought about it, but still couldn't understand.

"Isn't that obvious? If the Spirit Emperor wants the power of the Time Ghost, then it is the power of law that controls the flow of time!" Well-informed Ghost's voice was cold and low, "Although we don't have any powerful strength, our ability is very special and powerful. Time Ghost's ability to control the flow of time is something that many people are jealous of."

[Chapter 2953](#)

Chen Xiang realised, so the Ghost Emperor wanted to possess the power of the Time Ghost!

Now he suddenly understood why the Time Ghost gave him the Time Dao Veins before his death. It was because he did not want the Ghost Emperor to obtain it.

At this time, the Ghost Emperor had already killed the Time Ghost, but he gave the most important time and dao vein to Chen Xiang, so the Ghost Emperor did not obtain anything!

"This is bad, if the Ghost Emperor obtains the time Rule Dao line, he can get stronger and stronger in a short time, and we will never be able to catch up to him, damn it!" Well-informed Ghost punched the wall, then closed his eyes.

A moment later, he opened his eyes and took a deep breath, "I just heard that the Ghost Emperor gave an order just now that the Time Ghost violated the rules of the Divine Ghost Imperial Country and was executed by him. As for the rule, the Ghost Emperor didn't explain! Now everyone knows!"

"The Ghost Emperor is such a bastard, I knew that he would only become more and more of a bastard. He followed the wrong person." The Well-informed Ghost said angrily: "With the current situation, it is impossible for us to avenge the Time Ghost. He has already obtained the Time Ghost's dao vein."

"Before the Time Ghost died, he gave me his dao vein." Chen Xiang sighed, although he had obtained this extremely precious dao vein, he was not happy, because he had lost a friend, and the dao vein was left behind by that friend.

After the Well-informed Ghost heard this, he anxiously said: "As long as it is not in the hands of the Ghost Emperor, it is fine. You must make good use of the Time Ghost's Dao Veins and avenge the Time Ghost!"

While Chen Xiang was refining the pellets, Well-informed Ghost already knew about the matter of Chen Xiang at the Primordial Pellet Academy, so he knew that Chen Xiang had a lot of potential.

"Although I have the Dao meridian in time, it won't be that easy for me to utilize the laws of time." Chen Xiang said. He was unable to use the Time Laws for a short period of time.

Fortunately, he had cultivated the Myriad Tao Divine Arts, so the Divine Arts contained the techniques to utilize the laws of time. He still needed some time to familiarize himself with how to use them.

As long as the time is not in the hands of the Spirit Emperor, then there is no need to worry about him leveling up too quickly. Right now, he has already merged with the half of the World Defying Stage Evil Ancestor's primordial spirit, he will be dispatched by the World Defying Stage Evil Ancestor within a short period of time and will be restricted for a limited period of time. " Well-informed Ghost was very clear about this kind of thing.

Previously, there were only a few people who heard of the World Defying Stage, but ever since the few big shots of the s stepped in, this news had slowly spread and more and more people knew about it.

"Is this true? Those fellows who have obtained half of a prideful soul, are unable to improve any further for a short period of time? " Chen Xiang did not know about this.

"It must be true! They want to help the World Defying Stage Evil Ancestor escape! Not just in a short period of time, they will be unable to escape the control that the World Defying Stage Evil Ancestor has over them. " The Well-informed Ghost said.

At this moment, he and Chen Xiang suppressed the grief and anger in their hearts and discussed on how they could eliminate the Ghost Emperor and take revenge for the Time Ghost!

"Now that the Divine Ghost Imperial Country is not safe, in which place is safer?" Chen Xiang asked: "I need to find a safe place to cultivate. I need to first learn how to control the Time Laws, which will allow me to have more time, and help me breakthrough in a short time."

"If you want to go to a safe place ... Let me think! " Well-informed Ghost frowned as he thought about it.

After a while, he said, "If you want to be safe, you can only go to the World Defying Stage Divine Mausoleum s inside the Myriad Tao Mausoleum s. There won't be much danger inside, but for those fellows in the World Defying Stage s, it's very scary."

"World Defying Stage Divine Mausoleum?" This was the first time Chen Xiang found out about such a terrifying place in the Myriad Tao Mausoleum.

"I just got the news too! I can already confirm that the people of World Defying Stage do not dare to enter, and I don't know the reason why, but as long as the World Defying Stage gets closer, he will crazily devour energy. As long as we enter for an hour, the power of the World Defying Stage's World Defying soul will immediately be devoured. "

"So terrifying!" Chen Xiang suddenly felt that this place was extremely dangerous for him, because he had to enter the World Defying Stage.

"Indeed, I will tell you the location. You can go in by yourself! Of course, if you want to charge into the World Defying Stage s, you cannot do so inside. " Well-informed Ghost warned him, "If you want to rush into World Defying Stage, you have to come out immediately."

Chen Xiang nodded his head, "I'll go in and learn how to control the power of time. I'll come out when I learn it, I won't be able to break through inside."

Chen Xiang wished that he had just stepped into World Defying Stage and his cultivation had regressed. Just thinking about it made him feel like this was a nightmare!

Well-informed Ghost told Chen Xiang the location of the World Defying Stage Divine Mausoleum.

"Will it be dangerous for you to stay here?" said. Well-informed Ghost was currently by his side.

"This should be possible, because the Ghost Emperor did not obtain the Dao Veins of the Time Ghost, he will definitely think of a way to snatch the abilities of others. The Well-informed Ghost said.

Chen Xiang gave the Well-informed Ghost a piece of Communication jade Symbol paper and said: "As long as we reach a certain distance, we can send a message. If you are in the Colorful Forest, and I am in the Colorful Forest, I should be able to send a message.

"Alright!" Well-informed Ghost took the Communication jade Symbol paper and kept it.

After Chen Xiang bid farewell to Well-informed Ghost, he immediately left for World Defying Stage Divine Mausoleum.

"I can't believe we have to pass through the Dead Land. This place is quite mysterious, I'll go take a look, and see if we can meet the soul of the Dragon Patriarch and ask him about some matters." Chen Xiang quickly arrived at the Dead Land and teleported to the underground stone room where the World Defying Stage Dragon Ancestor Soul Division was hidden.

"Dragon Ancestor!" Chen Xiang was very happy to see that the World Defying Stage Dragon Ancestor was still here.

"Brat, you're here again!" The World Defying Stage Dragon Ancestor's Soul Division was rather boring here, he was very happy to see Chen Xiang.

"Dragon ancestor, you want me to go find Myriad Tao Dan God? I didn't see this guy. When I get to his territory, I would almost die inside. " Chen Xiang said.

"What's going on? Quickly tell me! " Hearing that, the World Defying Stage Dragon Ancestor frowned and asked.

Chen Xiang told World Defying Stage Dragon Ancestor about his encounters at the prideful pill academy. After World Defying Stage Dragon Ancestor heard about it, he was a little angry.

"Looks like Myriad Tao Dan God is in closed door cultivation, his people can do whatever they want, don't worry, if Myriad Tao Dan God comes out and finds out about this, he wouldn't need you to do

anything, he would clean up his own house." World Defying Stage Dragon Ancestor said, "Of course, if you have the ability, you can go and kill those bastards right now!"

It seemed that the relationship between World Defying Stage Dragon Ancestor and the Myriad Tao Divine Pellet was pretty good, so after knowing that Myriad Tao Dan God's subordinates were working with the Dragon Demon, the World Defying Stage Dragon Ancestor was very angry!

"Dragon Ancestor, do you know of World Defying Stage Divine Mausoleum?" Chen Xiang asked again, he wanted to confirm if what Well-informed Ghost said was true.

"Of course I know. How do you know this place? I didn't tell you!" World Defying Stage Dragon Ancestor was shocked.

[Chapter 2954](#)

Chen Xiang felt a lot more at ease. Indeed, there was such a place, just that he did not know if it was the same as Well-informed Ghost's.

"A friend told me. This friend of mine is very well-informed!" Chen Xiang felt that the Well-informed Ghost must have a very special ability to know a lot of things. He didn't know what this ability of the Well-informed Ghost was either.

"Although the Myriad Tao Mausoleum was built by the World Defying Stage Tao Ancestor ... But before the Myriad Tao Mausoleum was built, there was already a World Defying Stage Divine Mausoleum here, that's why the World Defying Stage Tao Ancestor named this place Myriad Tao Mausoleum." World Defying Stage Dragon Ancestor said, "World Defying Stage Divine Mausoleum is extremely dangerous ... However, this is only for World Defying Stage like us. You are currently just a Venerable Ancestor Later-stage, so there is no problem entering it. Furthermore, you can avoid being attacked by World Defying Stage."

This was exactly as Well-informed Ghost said.

"However, you must not break through inside. Once you step into the World Defying Stage, the World Defying soul that you just formed will instantly return to the state of the Venerable Ancestor Later-stage." The World Defying Stage Dragon Ancestor said.

"Have you confirmed such a thing?" Chen Xiang felt that this trash was unfathomable.

"I got hit by the World Defying dragon demon. When I fought the World Defying dragon demon back then, I accidentally entered it and was beaten back into the Venerable Ancestor Later-stage. This is absolutely true." The World Defying Stage Dragon Ancestor said, "It's a good thing that I was only at the Primordial Profound Rank back then!"

The World Defying Stage had three realms. The first realm was the Profound Ranking, and cultivating the Primordial Profound Body would be the Profound Ranking, followed by the Sacred Ranking. This required cultivating the World Defying Holy Body, then the Divine Ranking, which was the final realm of the World Defying Stage!

"Then, Dragon Ancestor, what is your cultivation level right now?" Chen Xiang asked.

"The World Defying dragon demon was only at the level of an Ascendant, while I was at the early stage of the World Defying Holy Body, so I am much stronger than him, and he would be unable to break my seal for a while as well." World Defying Stage Dragon Ancestor said: "And World Defying Stage Tao Ancestor and World Defying Stage Evil Ancestor are both at the peak of the World Defying Holy Body!"

"None of them cultivated a divine body?" Chen Xiang had thought that World Defying Stage Tao Ancestor and World Defying Stage Evil Ancestor had already reached the pinnacle of World Defying Stage.

"It's easier said than done! My Saint Body has been in existence for many years, but it's already very difficult for me to reach the Large Success Stage, much less reach the Peak Stage! As for his divine body ... It's extremely difficult. It's hard to say whether or not we have a divine body." World Defying Stage Dragon Ancestor said: "So you must not break through inside the World Defying Stage Divine Mausoleum. Inside is the World Defying Stage's mausoleum."

"Mm, I will definitely remember." Chen Xiang nodded: "How is the situation in World Defying Stage Evil Ancestor now?"

"World Defying Stage Evil Ancestor uses a lot of energy to nurture the forces outside. If you were not here, he would have succeeded in this move! If you can step into the World Defying Stage and cultivate your own World Defying soul, you can definitely deal with those shrimp soldiers and crab generals that he has cultivated." The World Defying Stage Dragon Ancestor said.

As long as he cultivated World Defying soul, he would be able to step into the World Defying Stage, and his strength would increase by many times! If he could cultivate an arrogant Profound Body, then it would be even scarier, to have the strength of a World Defying Stage Dragon Ancestor!

And with the various things that Chen Xiang had on him, if he was able to cultivate an unrivalled profound body, then it would definitely be extraordinary, perhaps even a lot stronger than the World Defying Stage Dragon Ancestor.

"Dragon ancestor, do you have any way to help Senior Long Tengyun recover his cultivation?" Chen Xiang asked, he was very worried about this matter, if Long Tengyun were to continue like this, he would definitely be negative.

"Bring him to me after a while. Let me see if I can help him." World Defying Stage Dragon Ancestor said, "I will definitely do my best to help him, or even ... They even helped him to enter the World Defying Stage, but that would only mean using the World Defying Stage Evil Ancestor's method."

World Defying Stage Evil Ancestor's method was to provide a half crippled prideful soul, this was indeed a quick method.

"I wonder what the leaders of those evil forces are doing now. They are already part of the World Defying Stage." Chen Xiang said.

"He should be thinking of a way to help the World Defying dragon demon break the seal, and then have the World Defying dragon demon come in here to suppress me." World Defying Stage Dragon Ancestor said: "Or maybe they, who just entered the World Defying Stage, came in together!"

"At present, there is a rumor saying that the World Defying dragon demon had broken the seal because the High Priest had already entered." Chen Xiang had also asked Well-informed Ghost before, he was not sure if the World Defying dragon demon would really be able to break the seal.

"If the World Defying dragon demon could break through the seal, they would have definitely entered here to recuperate immediately, because there is a large amount of Evil Spirit Force inside! Once he comes in, there will definitely be a lot of commotion. It's impossible that there will only be rumors. " World Defying Stage Dragon Ancestor said, "When the High Priest comes in, I think it's because he has an important mission and must enter!"

That is to say, it is only a matter of time before the World Defying dragon demon will be able to break the seal. The High Priest has already completed all the work of breaking the seal, and after a period of time, the seal will be lifted. World Defying Stage Dragon Ancestor frowned, because this was not a good news.

Seeing the World Defying Stage Dragon Ancestor's serious expression, Chen Xiang also felt depressed. If the World Defying dragon demon came in, the situation would get worse!

"Dragon Ancestor, I will first go to World Defying Stage Divine Mausoleum for a period of seclusion. I need to refine some pills, it is the safest place inside." Chen Xiang said.

"Mm, you go first!" The World Defying Stage Dragon Ancestor nodded.

After Chen Xiang passed through the Dead Land, he saw a purple grassland. All the grass here was purple, and it just so happened to be night now.

Chen Xiang looked towards the direction where the purple grass was swaying in the gentle breeze. It was extremely beautiful, causing Chen Xiang to be able to see her beauty.

After passing through the Dead Land, I actually came to such a good place. I thought that only the Colorful Forest would be more beautiful, I never thought that this place would not be bad. Chen Xiang entered the purple grassland, and at this moment, he landed on the ground. He smelt a burst of fragrance, and that faint, delicate fragrance immediately made him absent-minded, and that fragrance was extremely refreshing, causing him to be instantly enchanted.

Just as he wanted to inhale a few mouthfuls, he was abruptly jolted awake and hastily released the power of space, isolating himself from the purple plains.

"It's too scary, I almost got hypnotized," Chen Xiang was unable to describe the feeling of danger he had felt just now. Although it was dangerous, he enjoyed the feeling of sinking into it.

Remembering the danger he was in just now, he couldn't help but break out in a cold sweat. What was terrifying was that when he entered, he still wanted to take a deep breath of that fragrance. This was actually a very strong need from the depths of his heart.

[Chapter 2955](#)

Chen Xiang had a bad feeling and couldn't help but want to take a few breaths of that wonderful fragrance. He knew very well that if he were to continue inhaling the fragrance, there would definitely be a huge problem, and this definitely wouldn't be a good thing.

"That's the only way!" Chen Xiang could not endure it any longer. He waved his hand and an invisible air whirl came out from his palm and struck the beautiful purple flower on the ground.

The cyclone fell to the ground and in an instant, the purple flowers turned to ash. What he released just now was the World Defying god fire!

The World Defying god fire is invisible and colorless, it does not even have a temperature, but it possesses a very strong burning power. At this moment, the purple flowers below are already being burned by the spreading World Defying god fire. "

Although he could not see the World Defying god fire, he could see those flowers being burnt to ashes!

As Chen Xiang watched these flowers turn into ashes in the air, the strong addiction in his heart gradually disappeared. After a while, all the purple flowers were gone, turned into ashes!

"This is much better!" Chen Xiang exhaled a breath of air, then continued to fly forward. At this moment, he was extremely cautious, not only did he use the Counter Power to make himself invisible, he even used the power of space to protect himself. He did not want himself to come into contact with this space, in case he encountered a situation like the one before.

Not long after he started flying, he saw the purple flowers that he had burned growing at an extremely fast speed. When he saw it, he could not help but be shocked!

"This... "Damn it!" Chen Xiang didn't know why, but when he saw these flowers, he couldn't help but feel a sense of addiction. He really wanted to remove his Spatial Barrier and take a deep breath to smell that fragrance.

"Right, distract yourself!" Chen Xiang immediately told this matter to the three women inside the You Yao Mountain Villa, telling them to think of a countermeasure. At the same time, he also chatted with them, trying to distract their attention.

After Long Qiumu heard about it, he frowned: "I seem to have heard about the things you've encountered!"

"What flower is this? Is there any way to deal with it? I feel like I can't help it. " Chen Xiang anxiously thought of Wen Dong, he felt that if he continued like this, he would definitely become immersed in it.

"These purple flowers seem to be called 'Self-Actualization Wonderful Flowers'!" Long Qiumu said: "It can be considered a type of poisonous flower, as long as you inhale the fragrance of this flower, it will be extremely dangerous. As long as you do not absorb the fragrance of this flower, your body will feel very uncomfortable, or even weak.

After Chen Xiang heard it, he broke out in a cold sweat. This was actually a type of poisonous flower, and it was extremely strange! It was a direct poison to the human psyche.

"Even if we set fire to it, it won't be able to burn it!" Chen Xiang closed his eyes, not allowing himself to look at the purple poison flowers below, if not he would definitely be unable to control himself. After closing his eyes, he had only released a Spatial Perception Domain to pay attention to his surroundings, and then he could chat with Mei Jing Sisters Long Qiumu. This way, he could distract his attention and not keep thinking about the comfort and beauty brought by that fragrance.

Chen Xiang did not smoke too much, and his perseverance was not bad either. He was able to get rid of that strong addiction in time, if not he would not be like this.

Two days later, he suddenly stopped because his Spatial Domain had sensed something here. When he opened his eyes, he could not believe that there was someone up ahead!

He couldn't see what the man looked like, but he could see that he was wearing a purple robe and had long hair.

"A woman?" Chen Xiang could not help but become curious. At this moment, he was already invisible, he felt that the other party would definitely not be able to see him, and then he slowly approached him. When he got near, that person suddenly turned his head!

"This ..." Chen Xiang was immediately shocked. He saw that the person's face was actually a snow-white skull, so he could not confirm if it was male or female. In short, it was very scary just now.

"He can see me?" Chen Xiang was secretly shocked, this kind of white bone like outfit, made him feel like it was related to someone from the White Bones Imperial.

"Who are you?" The white skeleton suddenly spoke. Although he was covered in bones, his hair was long and straight and black. His voice was that of a man and was quite pleasant to hear.

Chen Xiang never thought that the other party would actually be able to see him!

"What about you? Is it a human or a ghost?" Chen Xiang asked, he did not know how strong the other party was, but for the other party to be able to walk in this Wangwo flower sea, he was definitely not ordinary.

If someone was not strong enough to wander around, they definitely would not be able to resist the temptation and would not be able to reach here.

"What do you think?" Bai Gu said.

"Do I need to ask you if I know?" Chen Xiang said snappily: Then forget it, continue pretending to be mysterious here, I'll continue walking.

Chen Xiang still had to go to World Defying Stage Divine Mausoleum.

"You want to go to World Defying Stage Divine Mausoleum?" The white bone asked again.

"Hmm, it should be around here, right?" Chen Xiang felt that this white bone definitely knew about the World Defying Stage Divine Mausoleum.

"It's not far, but it's very dangerous inside now. There's nothing good for you if you go in, not like before." The white bone replied, "Look at the poisonous flowers around here, they've just grown up."

"These poisonous flowers don't seem to be of any use to you!" Chen Xiang said.

Who said it was useless. With my current appearance, I am made up of these poisonous flowers! Although this kind of flower will not let me die, it will let me become like this. Fortunately, this flower has another benefit, which is that it will allow me to become stronger. At the same time, it will also allow me to live an extremely happy life every day. " The white bone voice said.

Chen Xiang suddenly felt that it was very scary, because the addiction in his heart had appeared again. This fellow was obviously trying to seduce him!

"Do you want to try? The fragrance of these flowers is wonderful. If you take a sniff of them, you'll never forget the intoxicating smell and the beauty. " The white bones continued to giggle, making Chen Xiang's hair stand on end.

"Not interested!" Chen Xiang held back and said.

"Come and try it!" Bai Gu laughed.

"Try your grandpa!" Chen Xiang summoned his Heavenly Alchemy Emperor seal, using all his strength to fiercely suppress the white bones.

B000M!

The Emperor seal descended from the sky like a giant mountain, plummeting to the ground fiercely, causing a very strong shock wave.

"What an annoying fellow!" Chen Xiang kept the Heavenly Alchemy Emperor seal and just as he was about to leave, he heard the white bones that were cackling loudly again.

"Can't we kill him?" Chen Xiang saw that the white skeleton had crawled out from the ground, completely fine.

Chen Xiang took out the Heavenly magic sword. Just as he was about to attack, he saw a streak of purple light in the night sky.

"What is this?" When Chen Xiang saw it, he also felt a wave of pressure. It was actually a very strong aura!

As for that white bone, it was trembling uncontrollably from fright. It seemed as if it would break at any moment. He was actually very afraid of this fellow who had suddenly appeared.

Chapter 2956

At this moment, Chen Xiang also noticed that the purple-coloured meteor was extremely dangerous. He wasn't sure if it was a person or not, but the aura it gave off made him feel as if he was facing an expert from the World Defying Stage.

The purple meteor crashed into the white skeleton, causing a burst of purple light to erupt and create a cool breeze!

After the purple light disappeared, Chen Xiang saw a tall lady dressed in tight purple robes holding onto a sword, the sword tip had already pierced through the white bone's head, the sword tip was leaking out purple energy into the white bone's body!

"This woman is so powerful!" Chen Xiang looked at her seriously. She was very gentle and her face was round, although she was strong, her appearance did not give off a very overbearing feeling.

The girl had a head of long black hair. She wore a purple skintight garment that would occasionally flash with a purple brilliance, giving her a very noble and mysterious appearance.

After she injected a purple energy into the white bone, it instantly turned into a purple bone!

"We have to do this to deal with this kind of fellow!" The lady seemed to be talking to Chen Xiang, after she finished speaking, she lightly patted the purple bone with her jade palm, releasing a purple flash of light, the bone instantly dissipated the purple light.

Chen Xiang's mouth twitched as he said, "You are from the World Defying Stage, so wouldn't it be like pinching an ant to deal with this guy?"

Chen Xiang was still invisible now, he didn't know if the woman could discover him, but he thought it was weird that the woman wasn't affected by the strange flowers.

"Show yourself. I know you are here." The purple clothed lady looked at Chen Xiang who was floating in mid air and said.

Chen Xiang appeared, but he did not remove the spatial barrier. He was afraid of the strange fragrance that would appear if he breathed it in.

"Thank you, Big Sis, for helping me get rid of that annoying fellow. I, your little brother, cannot thank you enough." Chen Xiang immediately said with a mischievous smile.

"You're welcome, exterminating this kind of fellow is originally my mission." The purple-dressed woman also felt that Chen Xiang was special, his invisibility was truly powerful, she could only sense a faint Qi, but she could not see him directly. If Chen Xiang's cultivation was higher, she would definitely not be able to sense Chen Xiang.

Furthermore, she knew that Chen Xiang was wrapped in an extremely strong force of spatial energy and was separated from the space she was in.

"Big Sis, are the flowers here not affecting you? "I'm very afraid of those weird flowers ..." Chen Xiang said in a strange voice: "Look, these flowers have grown out!"

Although this place had been scarred from the battle just now, after the purple flowers grew, they released a beautiful purple brilliance, causing the place to once again become beautiful.

"This flower was planted by us, of course I don't care. As long as you have impure hearts, you can smell the fragrance of this flower and feel all sorts of desires." His hopes would be magnified endlessly! On the other hand, the fragrance released by the Wangwo flower could give people a strong sense of satisfaction, making them fall into an illusion to satisfy their intense desire. I can't extricate myself from it. " The purple-clothed woman looked at Chen Xiang with a disdainful gaze, because Chen Xiang would fall for this flower.

Chen Xiang secretly cursed in his heart. He admitted that he was not some kind of pure person, but he was always able to help to restrain those impure thoughts.

"If you stay here long enough, you will become that kind of a skeleton. You'd better hurry up and leave." The purple-dressed woman persuaded.

"Aren't I fine now? I want to look inside. I'm curious about this place. " Chen Xiang did not plan to retreat, and asked: "The World Defying Stage Divine Mausoleum is located inside, right?"

This kind of Wangwo flower had just been planted, and it was produced by the girl's race. This race was too terrifying, to think that they could actually grow this kind of flower!

"After crossing the ocean of flowers, you will reach the World Defying Stage Divine Mausoleum. Are you sure you want to go there? It's not as safe inside as it was before. " The purple-dressed woman said, "It might be more dangerous."

"Why?" Chen Xiang had heard about it from that bone before.

"I don't know. It was said by our clan's elders!" The purple-clothed woman shook her head.

Chen Xiang guessed that the purple-dressed woman had cultivated the World Defying soul, but she had not been able to cultivate the arrogant profound body. Even so, she was already very strong.

"Big sister, are all the people in your clan very pure? Are they not affected by these Wangwo flower? " Chen Xiang was extremely curious about this matter.

"No, there are a lot of impure people in our clan, so they don't dare to come close to this place!" The purple clothed lady said: "You will not be able to smell the fragrance here after you pass through the sea of flowers. Although you will not be affected by the Wangwo flower, but there are some very mysterious things around World Defying Stage Divine Mausoleum.

"Thank you for the reminder!" Chen Xiang laughed.

"I cannot enter the World Defying Stage Divine Mausoleum, and the elders in the clan are also the same, so our understanding of each other is limited." The purple-dressed woman warned again, "If you enter and encounter danger, it would be best for you to escape to this sea of flowers as soon as possible. If there are any other powerful ripples of energy, I will immediately sense that I will rush here in the shortest time possible."

"Alright, I understand. If I really meet with danger, I'll have to trouble sister then!" Chen Xiang liked the purple-dressed woman more and more. She was a good person indeed, kind and gentle.

The purple clothed lady smiled: "You're welcome!"

"Oh yeah, my name is Chen Xiang, what's my name?"

"Sun Lingxing!" As she said that, she took out a piece of paper and wrote her name down for Chen Xiang to see.

"Spirit Star ... When you appeared just now, you did look like a falling star. " Chen Xiang laughed.

After Chen Xiang and Sun Lingxing bid their farewell, they hurriedly left the field of flowers.

He spent a few days to cross the Sea of Wangwo flower and arrive at a forest. This was the region next to the Dead Land, and it was actually such a good environment!

"I wonder if there is anything as scary as the Wangwo flower here." Chen Xiang was afraid of that thing.

He didn't even dare to remove the spatial barrier!

"Sun Lingxing did not dare to enter this place, it must be because of his own cultivation in the World Defying Stage. said, and Chen Xiang had also mentioned to her about Sun Lingxing, this mysterious and powerful woman.

"It should be. She said that she and her clan's elders don't dare to enter." Chen Xiang said as he slowly walked in the forest. Even though he was already invisible, he did not dare let his guard down, and was extremely vigilant.

The only sound that could be heard was the chirping of birds. The environment was beautiful, and it did not seem like a dangerous place at all.

"Where exactly is the World Defying Stage Divine Mausoleum? Is this the World Defying Stage Divine Mausoleum?" Chen Xiang walked for the better part of a day, but he was still inside the forest.

Just as he was full of complaints, he suddenly heard someone singing. The singing sounded like it belonged to an old man. Although the singing sounded loud and clear, Chen Xiang felt that it was very strange.

[Chapter 2957](#)

Chen Xiang did not know what the old man was singing, but he was singing. There were no lyrics, and even though his voice was not bad, the song was very natural, but it was very weird.

"Who's singing?" Chen Xiang concentrated and discerned the direction the sound came from. He wanted to go and take a look.

Even if there was something dangerous in the World Defying Stage Divine Mausoleum, there definitely would not be any existence of the World Defying Stage, as the cultivation in the World Defying Stage would definitely fall back. Therefore, he had always been very at ease.

After identifying the direction of the voice, Chen Xiang immediately flew away.

Soon, he arrived at that place. It was a large tree, and a black-clothed old man was currently singing in a clear voice.

The old man's hair was a mess and he looked very messy, but his voice was loud and clear, his eyes were bright and full of life. His serious expression made him look very energetic, and there were no wrinkles on his face.

When Chen Xiang got closer, he did not feel the old man's Qi, nor did he know how strong he was, but since he dared to chant loudly in such a place, he must not be weak.

Chen Xiang quietly waited at the side. After an hour, the old man finally finished singing.

"There seems to be someone nearby!" The old man suddenly said to himself and looked around.

Chen Xiang felt that it was extremely strange. Ever since he entered this place, his concealing ability seemed to have decreased a lot.

"Senior, it's me!" Chen Xiang suddenly appeared and said.

"Who are you?" The old man looked at Chen Xiang and was surprised: "You just came here?"

Chen Xiang nodded, "Yes! Senior, is this World Defying Stage Divine Mausoleum? "

"This place can be considered the World Defying Stage Divine Mausoleum, no matter what, if they were to come here, their cultivation would definitely fall." The old man laughed: "That's why we are currently very safe. Without the World Defying Stage's threat, we can be very free and unfettered."

After all, he was already very strong, and was at the peak of the Venerable ancestor realm.

"Why did someone say it was dangerous when I came in?" Chen Xiang asked again. Sun Lingxing and that white bone had told him before.

"Did they tell you there was any danger?" The old man chuckled.

"No!" Chen Xiang thought back to what Sun Lingxing had said before, and he was indeed unable to explain the danger inside.

"That's right! The reason they called themselves dangerous here was because they felt like they didn't get much out of coming here! or maybe they are all from the World Defying Stage. " The elder laughed, "Little guy, come here. I'll teach you how to sing."

Chen Xiang came here for an important matter, he did not have the leisure to do so.

"Senior, I have an important matter on me, so I'm very sorry. I can't sing with you anymore." Chen Xiang scratched his head and said embarrassedly.

"That's right, a young and vigorous kid like you must not be like us, who are just waiting for death to come!" Understanding could be seen on the elder's face as he nodded his head.

"Senior, you came in just to die? Why don't you cultivate properly and step into the World Defying Stage? " Chen Xiang felt that this old man had a sense of superiority. It should not be difficult for him to step into the World Defying Stage, and the Sun Lingxing he met before was a World Defying Stage.

"This is a secret!" The old man smiled. "Oh right, what do you need to do here?"

"I want to cultivate!" Chen Xiang came here to train and learn to control the Time Laws.

"Are we going to level up?" The old man asked again.

Chen Xiang was extremely curious about the secret the old man just spoke of. It was very clear that the old man did not want to break through on purpose.

In order to achieve this goal, he had to suppress his cultivation so that he could not achieve a breakthrough and obtain immense strength! Thinking of this, Chen Xiang became even more curious.

"No, it's to cultivate some kind of ability." Of course, Chen Xiang knew that he would not be able to enter the World Defying Stage here, it would only be a waste of time.

"Fine, I'll tell you the secret!" The old man suddenly said in a low voice: "Many old guys like me have been waiting here for a long time, just to enter the World Defying Stage Divine Mausoleum!"

"This forest is called Primrose Forest, and is located in the middle of the forest. One day, World Defying Stage Divine Mausoleum will open it, and then, we can go in, but not World Defying Stage." The old man

chuckled: "Recently, there have been a lot of Ming World Defying Stage Divine Mausoleum who have been guarding the tomb and are preparing to open it."

"What's behind World Defying Stage Divine Mausoleum?" The place Chen Xiang was at was the Myriad Tao Mausoleum, and now there was another World Defying Stage Divine Mausoleum here. It was like a mausoleum in a mausoleum, it was extremely mystical.

"I don't know!" The old man said, "In order to solve this mystery, I've been waiting here for many years!"

Chen Xiang felt that this was a little mystical. Although the World Defying Stage Divine Mausoleum was mysterious, mysteries were often accompanied by danger.

"Then I will wait for the World Defying Stage Divine Mausoleum to open and cultivate at the same time." Chen Xiang said: "If we can make it in time, I will follow you in to take a look."

"Alright, this is my territory. Pick a tree and take a look at it." The old man pointed.

Chen Xiang felt that this old man was not bad and decided to stay here to cultivate. He picked a very big tree and built a hole in it.

He had just made a hole in the tree when the old man ran in.

"Brat, what's your name?" the old man asked.

"Chen Xiang, what about you, senior?"

"Tang Zhongjie!" The old man laughed. "I used to be very famous."

Of course, Chen Xiang didn't know this name. This kind of ancient ghost was one he didn't recognize at all ...

"Have you heard of the World Defying Stage Tao Ancestor then?" Chen Xiang asked.

"Of course I have. He was the one who built this mysterious Myriad Tao Mausoleum here, covering the entire World Defying Stage Divine Mausoleum, but this guy can't come here! When I was guarding here, his Myriad Tao Mausoleum wasn't completed yet." Tang Zhongjie said.

Chen Xiang's heart trembled, this Tang Zhongjie was actually so ancient, he did not even finish constructing the Myriad Tao Mausoleum and was just squatting here! They had actually guarded it for such a long time just to enter the World Defying Stage Divine Mausoleum to take a look?

"Senior, how much do you know about World Defying Stage Tao Ancestor?" Chen Xiang asked again.

"It's a pretty good little fellow. He created many worlds himself, and when the worlds revolved, they multiplied and multiplied many creatures, but it's a pity that he still died in the hands of a big devil in the end. That guy called himself a World Defying Stage Evil Ancestor or something." Tang Zhongjie said: "That World Defying Stage Evil Ancestor and World Defying Stage Tao Ancestor are twins, and their parents are said to be inside World Defying Stage Divine Mausoleum!"

"There's actually such a thing!" Chen Xiang was shocked yet again. He then looked in the direction of the World Defying Stage Divine Mausoleum, that place causing him to feel even more mysterious, as if everything that he had experienced before came from this place.

[Chapter 2958](#)

It seemed as if Tang Zhongjie hadn't boasted to anyone for a very long time. Right now, he wished he could bluster to Chen Xiang until the sky turned dark! Later, he also knew that he had disturbed Chen Xiang and thus, he hurriedly took his leave, allowing Chen Xiang to cultivate properly.

Chen Xiang was not annoyed at all, he rather liked the little old man. Now that he heard Tang Zhongjie's chanting, he did not feel weird anymore!

"I must make use of this time to achieve my training goals." The purpose of Chen Xiang's training this time is to master the Time Laws well. As long as he can use the power of the Time Laws, he can control the flow of time and gain more time for himself. "

He had come into contact with the laws of time very early on, but he only knew a little about them. For example, before he used the God Murdering Sword Techniques, he knew that there was a little bit of the power of time inside! He had also met people who were born with the ability to use the Time Laws! In the past, as long as the world wasn't strong enough, the time of that world could be controlled through a formation.

For example, and the other formation masters could set up a time array!

But it would not work here, here he had to control the Time Laws to reach a higher level, and that was not something anyone could do, if not the Ghost Emperor would not go kill the Time Ghost to obtain the Time Dao veins.

"I must make good use of the time and dao channels of the Time Ghost. I must become stronger quickly and avenge him." Although Chen Xiang knew nothing about controlling time, he possessed the Myriad Tao Divine Arts, and he firmly believed that as long as he focused on learning and comprehending it, he would definitely be able to comprehend the technique that controlled time.

Controlling time consumed a lot of energy, and Chen Xiang only used two months of time to finally find a way, but he still could not completely master it.

This was not bad at all. At the very least, he would be able to make some progress and have a direction!

"Every time Time Ghost collects so many Dao crystal, it's not without reason!" Chen Xiang had just successfully released the power of time to form a Time Domain that covered himself up.

In addition, he also found that the combination of time and space worked better.

For example, by isolating himself in a very small space, this space was created by him and completely isolated from other spaces. Then, when he uses the power of time, he will be affected too much by the power of space.

If he was not isolated from the time and space of the Myriad Tao Mausoleum, when he released the power of time, he would be affected to a certain extent, causing the power of time that he released to weaken!

Now, he also realized that the isolated space he had released also required a certain degree of isolation. If the isolation was not complete enough with the Myriad Tao Mausoleum, he would still be affected and the power of time would be weakened.

The weakened power of time was also quite strong!

Originally, he could have turned two hours into ten. However, after being affected, two hours could only be changed to three to four hours. This kind of influence was quite large.

"My goal now is to turn the time in here into a month!" Chen Xiang did not have the same level of power as the Time Ghost. Although he needed to rest for a few days to make the one day time period into one year, it was still quite good.

Now that Chen Xiang had the Time Dao Veins, he was extremely sensitive to the changes in time. He could differentiate between the time in this space and the time outside.

"Very well, I can turn one hour into twenty!" Chen Xiang felt that at this rate, he would be able to reach his target.

Another month had passed, and now he had already reached his previous goal. He only needed to use the Time Laws in his own domain, and only one month inside and one day outside.

"This should be called the Space-Time Domain!" As time and space mixed together, Chen Xiang couldn't help but think of the Six Realms Time and Space Door; this was also a very mysterious thing.

"I've been in closed door cultivation for a long time. Go out and see my old friend who I just met!" Chen Xiang stretched his back, he also needed to go out and take a breather.

Walking out of the tree hole, he saw Tang Zhongjie carving a stone with a small knife.

"Old Tang!" Chen Xiang shouted as he stood at the entrance of the tree.

"Little guy, you're finally out of seclusion!" Seeing Chen Xiang walking out, Tang Zhongjie anxiously laughed and shouted.

"If I'm not forced, I also don't want to be so bored." Chen Xiang laughed bitterly, then walked over to Tang Zhongjie's side and looked at his carving.

Tang Zhongjie had carved a dragon.

"Old Tang, what will the consequences be if the World Defying Stage Evil Ancestor breaks the seal?" What Chen Xiang was worried about was that the Natural Law Divine Lord would harm Natural Law World, he desperately needed to protect him.

"If he broke the seal and the World Defying Stage Tao Ancestor is still alive, then they would clash often." Tang Zhongjie laughed: There are no consequences, even if the Myriad Tao Mausoleum is destroyed, nothing will happen here. For people like us who are not the World Defying Stage, but are at the peak of the Venerable Ancestor Later-stage, this place is the safest place! Of course, it is not easy for other people to enter now, because of the barrier called Wangwo flower Sea. "

The Sea of Wangwo flower was very scary, Chen Xiang had experienced it before. Now that he thought about it, he still had a trace of addiction in his heart, and wanted to take a breath of that fragrance to experience that wonderful feeling again.

With that thought in mind, he suddenly trembled and then bit the tip of his tongue, completely waking up from the pain.

Tang Zhongjie seemed to have noticed something as he frowned and asked anxiously: "You smelled that Poisonous scent?"

Chen Xiang nodded immediately: "Yes! Old Tang, do you have any way to help me get rid of him? This is not a good thing, it's too scary! "

"Indeed!" Tang Zhongjie nodded his head, "There are many old fellows who have lived for ten thousand years who have already fallen into it, let alone a little brat like you!"

"Do you really want to buy a way out of that?" Chen Xiang was a little disappointed.

"Certainly not in the past! That's why we have already concocted a pill that can cure the poison. Wait for me for a while, I will help you refine it, and at that time, you just need to eat it. " Tang Zhongjie laughed: "After eating it, even if you see the poisonous flower again, nothing will happen to you!"

"Old Tang, you can concoct pills?" Chen Xiang was pleasantly surprised.

"I'm bored, so I might as well learn a bit of everything. I'm just not proficient at it." Tang Zhongjie laughed as he hurriedly headed towards his own tree hole to help Chen Xiang refine the pellet. "Just wait a few days, during this time, just help me pick up a few of those stones, I want to use them to carve."

Chen Xiang looked at the stones on the ground. All of them were collected by Tang Zhongjie and were very suitable for carving.

Afterwards, he searched for such stones in the forest. There weren't many, only one or two that would appear occasionally.

"It's been three days, but I only found five pieces!" Just as Chen Xiang was about to go back and find Tang Zhongjie, he suddenly felt a very weak Qi approaching, this Qi was very familiar to him.

Just when he had sensed the Qi, a purple light suddenly enveloped him, and in that moment, Chen Xiang was completely stunned!

[Chapter 2959](#)

After Chen Xiang was enveloped by the purple light, he only felt a large amount of rich fragrance assaulting him. The Poisonous scent was very dense, otherwise it would not have turned into fog of light!

Smelling such a dense amount of Poisonous scent, Chen Xiang only felt that it was a very scary thing. Even though his entire body was already feeling indescribably comfortable, in his heart, he knew that he was dead!

"Who is it?" Chen Xiang clenched his fists tightly, wanting to restrain the bizarre and wonderful sensation from entering his body, but he was unable to do so. At this moment, he had already sunk into it, and had lost all sense of the outside world.

Chen Xiang lied on the ground with her eyes closed. She was in a deep slumber under the peerless beauty of fantasy, and had lost all sense of life!

A few men dressed in purple surrounded him.

One of the purple-clothed men laughed, "This fellow is quite powerful. He has a very strong power over space. It seems that this fellow has a very profound understanding of the use of space!"

"That's right. If we had just given him a little more time, we would have missed!"

"But we did succeed. We didn't give him any extra time, so we should capture him and let him talk about the secret methods to cultivate the power of space."

A purple clothed man carried Chen Xiang on his shoulder and quickly left.

... ..

After these people carried Chen Xiang away, Tang Zhongjie slowly walked out of the tree trunk and said with furrowed brows, "These bastards, they actually captured my new friend in my territory, and are only bullying me because I'm by myself!"

Tang Zhongjie looked at the direction that the few purple robed men disappeared in and said: "They are quite strong. If I were to fight with them, I will only end up losing both of them, and I might even injure Chen Xiang. It seems that I have to infiltrate into the Forget-me Divine Race and save Chen Xiang myself."

"Chen Xiang, you don't have to worry. I can cure the poison for you, you have to hold on!"

After Tang Zhongjie finished speaking, he suddenly disappeared and headed towards the Forget-me Divine Race!

... ..

When Chen Xiang woke up, it was already ten days later. He looked around him, and saw a dark cave, there were arrays at the top of the cave and on the ground, and his hands were also tied up with a kind of grass. This grass released a faint fragrance, which, after smelling it, made Chen Xiang very comfortable.

"It's a set of grass made from Wangwo flower!" Chen Xiang frowned: "Looks like I'm already at the limits of my ability with poison. Just who is it that is ambushing me? I'm not done with you! "

Right now, he couldn't use any strength at all, and he could feel that his body was in a very poor condition. Although it was slowly recovering, the poison's effect on his body was very great, far surpassing his recovery speed.

"You're finally awake. You woke up pretty quickly!" An old man suddenly walked over. This old man was dressed in purple.

When Chen Xiang saw the purple robes, he thought back to the familiar aura and suddenly thought of Sun Lingxing!

Sun Lingxing's clothes were similar to the old man's, and his aura was also similar.

"Is it someone from Sun Lingxing's race?" Chen Xiang couldn't help but think about it. Sun Lingxing had a very strong race, and Sun Lingxing himself belonged to the World Defying Stage.

But only Sun Lingxing knew that he was going to the World Defying Stage Divine Mausoleum, and now that he had been captured by the people from the Sun Lingxing Clan, it was very clear that it had something to do with Sun Lingxing! And it was heavily poisoned!

"Why are you capturing me? I have never offended any of you!" Chen Xiang said, his eyes filled with the light of hatred.

"You don't have the right to ask this question, shut up! I ask, you answer!" His tone was extremely tyrannical, causing Chen Xiang to be even more enraged. He wanted to clench his fists, but he did not have the strength to do so.

"Do you grasp a cultivation method that uses the Space Laws?" The purple-clothed old man asked with an ice-cold voice.

Chen Xiang did not answer. He now completely understood why the other party wanted to capture him; so it was because of the spatial laws. Deep in his heart, he did not believe that Sun Lingxing would do such a thing.

"I want to see Sun Lingxing!" Chen Xiang suddenly said, the old man in front of him was just a Venerable Ancestor Later-stage cultivator, while Sun Lingxing was from the World Defying Stage, he must have a lot of power and influence.

"Are you randomly calling her by her name?" After the purple robed elder said this, a purple long whip suddenly appeared in his hand, the whip flickered with purple electric threads, he waved the whip towards Chen Xiang and whipped him dozens of times, causing Chen Xiang's body to be covered in black whip scars.

Although Chen Xiang was in pain, he did not scream. He was unable to circulate his dao energy right now, so he was naturally unable to resist. If he was not poisoned, his physical body and Dao Energy would not be so weak right now, and the old man in front of him was definitely not his match.

The other party had used extremely despicable methods to poison him, and only now did he allow himself to be slaughtered. He forcefully suppressed the fury in his heart, contemplating how he could escape.

"Did you capture me to use the Space Laws?" Chen Xiang asked.

"That's right. As long as you hand it over obediently, we will let you go to the Sea of Wangwo flower. You can be happy to death there." The purple-clothed old man said.

"Alright, I will hand over the cultivation technique to you, but I need you to promise me one condition first." Chen Xiang said.

"If you want to meet the proud goddess, then it's absolutely impossible." The purple robed elder seemed to know of some things, so he could not allow Chen Xiang to meet Sun Lingxing at all.

Chen Xiang only just found out that Sun Lingxing had such a high status in the clan, he didn't think it was weird, since Sun Lingxing was from the World Defying Stage, the old man in front of him didn't want him to meet Sun Lingxing, obviously, there was something fishy about it.

"I want to see someone. He's my friend!" Chen Xiang said: "I want to confirm if he is still alive, because when I was captured, he was in the vicinity."

"An old man?" The purple-clothed old man asked.

His name is Tang Zhongjie, and you guys also took him away? Chen Xiang was enraged in his heart as he coldly asked.

"No. On the other hand, it's because he came to save you and we caught him. You don't need to worry. Right now, he's fine, so we can arrange for you to meet him." The purple-clothed old man said.

"Okay, I want to see him now." Chen Xiang did not know whether Tang Zhongjie had managed to refine a pill that could cure poisons or not.

"Three days!" After the purple robed elder finished speaking, he took out a bottle and tossed it to Chen Xiang. "There's a Wangwo scent inside this bottle, you will erupt once every two hours, and as long as you smell a little bit, you will be fine.

Chen Xiang secretly clenched his teeth. If he lived his whole life like this, he felt that it would be better to die. He swore to himself that once he recovered his strength, he would repay his enemy tenfold.

He opened the bottle cap and took a sniff of the Poisonous scent.

After three days, Chen Xiang had recovered quite a bit, but he was still far from being able to reach his peak state. He knew that his body had already been ravaged by the Wangwo poison and it would be difficult to recover from it, unless he could completely cure this poison.

Tang Zhongjie came, and when he saw Chen Xiang, a glint flashed across his eyes. Chen Xiang saw the look in his eyes, and was secretly happy in his heart. He knew that Tang Zhongjie definitely had that kind of Antidote Pill.

[Chapter 2960](#)

Tang Zhongjie could not see Chen Xiang alone, there were a few elders behind him, all of them were powerful, and there were a few middle-aged men guarding the door, they were all at the peak of the Venerable Ancestor Later-stage, so Tang Zhongjie himself was not able to handle them.

"Chen Xiang, now that I have also been poisoned by the poison, I can only concoct one pill! You know how to use the power of space, so when the time comes, bring me with you to escape, you have to succeed. " Tang Zhongjie sent a sound transmission to Chen Xiang, and said: "The pellet is in my Divine Sense Sea World, can you directly enter my Divine Sense Sea World to retrieve it?"

"Fine, relax. Don't resist my power of space."

Chen Xiang looked at the two old men behind Tang Zhongjie, and then suddenly extended out and grabbed onto Tang Zhongjie's two old hands, and shouted: "Old Tang, are you alright! It's all my fault, I've harmed you! "

In that instant, Chen Xiang's spatial energy had already entered Tang Zhongjie's Divine Sense Sea World, and transferred the pellet in his Divine Sense Sea World to his own You Yao Mountain Villa. At the same time, he also asked Tang Zhongjie to give him some medicinal pellets.

Tang Zhongjie did not know what Chen Xiang wanted the medicinal herbs for, but he still gave them to Chen Xiang.

After Chen Xiang obtained the medicinal ingredients, he immediately instructed the Mei Jing Sisters to speed up the planting!

After he confirmed that Tang Zhongjie was fine, he was a little worried that they would kill him, so he said: "I will not give you the cultivation technique in one go. If you kill my friends, you will not be able to obtain it! When that time comes, the power of your Space Force will be greatly reduced. "

"Alright!" After the purple clothed elderly man brought Tang Zhongjie away, he said to Chen Xiang: "Now, you can give me the cultivation technique, right?"

Chen Xiang took out a jade talisman and injected some of his cultivation technique before handing it over to the purple-clothed old man.

After the purple-clothed elder saw this, he immediately became mad with joy. Although it was only a small portion, he felt that it was extremely useful, so he hurriedly left.

Of course, Chen Xiang would not give away the real technique manuals, they were just compiled by him at the last minute so they looked very similar to fake techniques.

After the stone door of the cave closed, only Chen Xiang himself was inside, there were still many experts guarding outside.

"Sijing, how soon will you be able to grow these medicinal herbs?" Chen Xiang asked anxiously.

"The fastest time is five days. Although they are all Ascendant level medicinal herbs, this kind of medicinal herb is very easy to grow. Patience, and so on." Jiang Sijing said.

"Chen Xiang, do you need my help?" Long Qiumu was already aware of this matter, and he was extremely anxious.

"There's no need for that right now!" Chen Xiang said: "They are controlling that Wangwo poison, so it's best that you do not come out first, wait until I refine a large amount of detoxification pills, as long as we are not affected by the poison, they will not be our match."

Chen Xiang patiently waited for five days, but today, the purple clothed elder had once again come to ask for his cultivation technique. Chen Xiang had also given him a lot, this time! Just like the last time, they were all unreliable and were all fabricated by him. However, it seemed like it was true, and he could not find out if it was fake for a short period of time, so he really needed time right now.

"We've already planted twenty!" Jiang Simei said.

"Alright!"

Chen Xiang immediately ate the antidote gave him. After eating it, he quickly untied the Wangwo poison.

After detoxifying himself, he recovered his strength very quickly and entered his own Divine Sense Sea World. He went inside the You Yao Mountain Villa and released a Time Domain that enveloped the entire You Yao Mountain Villa.

This way, in a day outside, there would be a month's time. Although the consumption was huge, it was fortunate that he had a large number of Dao crystal that he could consume. He estimated that he would need one trillion Dao crystal, and that was something he could afford.

As long as he could get a month's worth of time, he would definitely not lack medicinal herbs. Furthermore, he would also have a lot of antidote pills!

"These bastards, just you wait for my counterattack!"

Chen Xiang had chatted with Sun Lingxing before, so he knew from Sun Lingxing that there were a lot of evil people in this clan.

"This pill can still be considered easy to refine, much easier than the Heaven and Earth infinite Dan." Very quickly, Chen Xiang was able to refine one furnace full of pills. Even with five pills, he only took five hours.

His pill refining skills were much better than Tang Zhongjie's. Tang Zhongjie had only learned it because he was bored, and that was to pass the time.

In the blink of an eye, a month had passed in You Yao Mountain Villa. At the speed of ten pills per day, he had refined a total of three hundred antidote pills!

He came out of the You Yao Mountain Villa, and it had only been a day outside. He immediately released a Heaven devouring rat, made it very small, and then used the power of space to release the Heaven devouring rat.

This Heaven devouring rat went out to investigate the situation outside, and then he entered the Six Realms Time and Space Door to search for Tang Zhongjie.

He quickly found Tang Zhongjie's Wheel of Fate and teleported to where Tang Zhongjie was.

Tang Zhongjie was also locked up in a cave. After he arrived, Tang Zhongjie was shocked, he thought that Chen Xiang would need some time to get here, he did not expect it to happen so quickly.

"Shh!" Chen Xiang gave Tang Zhongjie a few dozen Poison Cleansing Pills and at the same time said: "I will send you out right now, I plan to start a massacre here!"

"A massacre? This Forget-me Divine Race is very strong, and they have four World Defying Stage s. " Tang Zhongjie said.

"Don't worry, I'm not afraid of them anymore!" Chen Xiang laughed.

When Tang Zhongjie saw the dozens of antidote pills, he suddenly understood. You used my medicinal herbs to grow a large amount of it before you forge it? This is way too fast! "

Because it had only been a few days, he did not believe that Chen Xiang could be so fast.

Tang Zhongjie was someone who was well-informed, and he quickly thought of it. Other than controlling the laws of space, Chen Xiang could also control the laws of time!

He could control space and time, this was an extremely terrifying existence, he realised that he had still underestimated Chen Xiang!

"I'll send you off now!" Using the power of space, Chen Xiang teleported Tang Zhongjie to a very far place. He felt that he should be able to get Tang Zhongjie to the Primordial Forest.

After sending Tang Zhongjie away, Chen Xiang returned to his own cave. Now, he too felt a lot more at ease, and he also consumed a few antidote pills, filling his body with medicinal power at all times. This way, he wouldn't be poisoned even if he met a Poisonous scent.

He tried to smell the fragrance of the jade bottle a few times, but there was no longer that infatuated feeling. He only felt that it was just an ordinary fragrance.

"What are people gathered outside doing?" The Heaven devouring rat that Chen Xiang released saw a lot of purple clothed people running towards a plaza, and very quickly, a lot of purple clothed people gathered in the middle of the plaza.

Chen Xiang suddenly saw that the familiar faces were the purple robed elder. The purple robed elder's position was not low, and was actually standing on a high platform in the plaza.
