

## Dan God 2971

### [Chapter 2971](#)

Chen Xiang had a lot of Heaven devouring rat, but these hundred were nothing to him.

Originally, he had planned to chat a bit more with Sun Lingxing, but then he heard from the You Yao Mountain Villa that Jiang Sijing had broken through!

"Elder Brother Shen, I have cultivated the World Defying soul, I can now condense the World Defying Stage Divine Power." Jiang Sijing shouted out emotionally. Previously, World Defying Stage's cultivation was too far away from her reach, but now that she had stepped into the World Defying Stage, how could she not be excited?

"Alright!" Chen Xiang was also very excited, the Heaven and Earth infinite Dan had succeeded.

If even Jiang Sijing could succeed, then he could definitely succeed too, but it would only take a little longer!

When Jiang Simei saw how powerful her sister had become, she also felt extremely happy. After that, she only needed to practice the Twin Life Mysterious Technique with Jiang Sijing and she would also be able to become a World Defying Stage.

Long Qiumu had long since entered the secret room and went into closed door cultivation!

"Spirit Star, I'm going to train in seclusion for a period of time. You must be careful!" Chen Xiang said: "Don't be captured by those fellows from Forget-me Divine Race."

"I'll be careful!" Seeing how concerned Chen Xiang was for her, Sun Lingxing smiled and nodded.

Chen Xiang anxiously entered a stone room, then entered the You Yao Mountain Villa. Upon seeing him, Jiang Sijing rushed into his embrace and hugged him tightly.

"Hehe, Sijing is now a World Defying Stage, stronger than me." Chen Xiang smiled and rubbed her head.

"It's all because of the Elder Brother Shen's incredible pill refining skills and the Myriad Tao's Divine Arts. Otherwise, I don't know when I would have been able to reach this realm." Jiang Sijing chuckled: "Elder Brother Shen, I can also protect you from now on .... Oh right, if I were to use the World Defying Stage Divine Power to grow medicinal ingredients now, I would definitely do so even faster. "

"Oh, right, Sijing, how many World Defying Stage Divine Power can you condense now? I want to try and see if I can refine some of them." Chen Xiang asked.

"I can condense quite a few!" Jiang Sijing said, then opened her jade hands, only to see her palm suddenly leaking out a ball of light.

He had previously seen Sun Lingxing's World Defying Stage Divine Power, but it was purple while Jiang Sijing's were green. He felt that this might have something to do with Jiang Sijing's dao veins, and Jiang Sijing's previously cultivated strength was related to regeneration and life. Furthermore, she had frequently come into contact with medicinal herbs, so it wasn't strange for her World Defying Stage Divine Power to be green.

"Try condensing a little more!" Chen Xiang said.

Jiang Sijing nodded and said: "This might take some time."

Jiang Sijing condensed for an entire hour, condensing a huge ball.

"Are you tired?" Chen Xiang asked, worried that she might have exhausted too much of her energy.

"I'm not tired, I'm a World Defying Stage now, and this place can absorb a lot of Myriad Tao's power, I don't even need to use up my own Dao power." Jiang Sijing said. At this time, she was still condensing the World Defying Stage Divine Power.

The World Defying Stage Divine Power that she condensed was extremely pure, and Chen Xiang could feel it from the side.

"Enough!" Chen Xiang felt that it was enough, he took out the Tianchuang furnace and let Jiang Sijing put this ball of World Defying Stage Divine Power into the cauldron.

Although this ball of World Defying Stage Divine Power was very strong, it did not give Chen Xiang any form of pressure. Instead, it gave Chen Xiang a very gentle feeling, it might have something to do with Jiang Sijing's personality.

This kind of World Defying Stage Divine Power was also the easiest to refine, it would not produce too strong of a resistance during refinement.

"Do you still need it? I can still condense a little more! " Jiang Sijing said.

"I'll give you ten beads, you just have to pour your World Defying Stage Divine Power inside." Chen Xiang said: "I will go refine it first!"

The Time Laws had already covered You Yao Mountain Villa, it would allow him to gain more time.

Inside the secret room, Chen Xiang was using the Heavenly Alchemy to refine Jiang Sijing's group of unparalleled powers.

"Sijing's World Defying Stage Divine Power is very gentle, but it is not weak at all! Could it be that Sijing's World Defying Stage Divine Power had its own intentions, and thus became very docile here? " Chen Xiang did not expect himself to be able to progress to the Five Crash in a single breath very successfully.

Even now, he still did not feel much pressure. This ball of World Defying Stage Divine Power was getting stronger and stronger, but Chen Xiang still felt like he was doing the same thing to the gentle Jiang Sijing. During the refining process, he did not feel any rejection.

Just like this, Chen Xiang kept rushing forward until he reached the tenth stage. This ball of World Defying Stage Divine Power finally gave rise to a strong pressure, but the main reason was that this ball of World Defying Stage Divine Power was simply too strong at the moment.

"It should be enough. Once I condense the pill, I will definitely be even stronger." Chen Xiang started to condense the pellet, he was already unable to rush any further, this lump of World Defying Stage Divine Power no longer had the kind of gentle emotion like Jiang Sijing, if he continued to rush forward, he would definitely be unable to control himself.

After a few days, Chen Xiang finally succeeded in condensing the pill!

He was sweating profusely.

"It's really not easy. It took me a full ten days to refine it!" Chen Xiang looked at the white pellet in his hand. After the Crash, it had become very pure, so it was white.

After Chen Xiang ate it, he felt a dense World Defying Stage Divine Power surging out, he anxiously suppressed the pellet, preventing the pellet from breaking through, if not the World Defying Stage Divine Power would fill his entire body.

He did not need to use World Defying Stage Divine Power at the moment, so he could not let the pellet open in his abdomen.

"I'm already full!" Seeing Chen Xiang coming out, Jiang Sijing immediately gave the God Power Beads to him.

After Chen Xiang received it, he happily thanked Jiang Sijing and then entered the secret room to refine it.

Two months later, he refined all ten of the divine power pearls into World Defying Stage Divine Power Pills, then left the You Yao Mountain Villa.

"The Spirit Star is not outside. Could it be that it went out again?" Chen Xiang's heart skipped a beat and rushed out of the stone room. Sure enough, he did not see Sun Lingxing there.

Although Sun Lingxing could control the Heaven devouring rat he gave her temporarily, he could still sense the location of those Heaven devouring rat through the Dragon Beast.

"Only two are still alive!" Chen Xiang's heart trembled. He had given Sun Lingxing over a hundred beasts, but now there were only two left. He immediately established contact with the two Heaven devouring rat.

"I saw it!" Through the two Heaven devouring rat s, he saw Sun Lingxing. Sun Lingxing was currently in an intense battle with five men in purple.

"This woman, why did she go out again?" Chen Xiang took a light breath, released the seal on the World Defying Stage Divine Power Pellet in his body, allowed the World Defying Stage Divine Power to flow out, and then teleported to the area where the fierce battle was taking place.

At this time, he was using the World Defying Stage Divine Power to go invisible and use the World Defying Stage Divine Power to release a spatial barrier to isolate him. He did not leak out any Qi, which was much stronger than before, at least Sun Lingxing did not sense him.

"I wonder if I can break away from the Tracing mantra Technique." Chen Xiang floated in midair, watching Sun Lingxing fight fiercely with the five Divine Grade Venerable Ancestor s, and couldn't help but exclaim in his heart. Sun Lingxing was actually able to fight one against five!

[Chapter 2972](#)

Chen Xiang did not immediately go down, because he sensed a few auras approaching. It seemed that they were not coming for Sun Lingxing, but for him.

"That's good too, since the Tracing mantra technique is still effective on me, then you will all come endlessly to die, and I will exterminate all of you one by one!" The World Defying Stage Divine Power that was boiling inside Chen Xiang's body could no longer be used to spew out.

Sun Lingxing could feel the auras approaching, causing her to suddenly feel an extremely strong pressure. Against five of them, she could only barely take them, if there were more than ten, she could only run!

"Don't even think about escaping!"

Seeing that Sun Lingxing wanted to escape, a man dressed in purple suddenly attacked ferociously, his hands waving around continuously, shooting out purple nails one after another, like a storm blowing towards Sun Lingxing.

Although a few Divine Grade Venerable Ancestor s were approaching, Chen Xiang was fearless. With a teleportation, he arrived behind the man dressed in purple who was attacking Sun Lingxing, and with a loud bellow, he unleashed a Heaven Blasting Palm!

B000M!

The power of the World Defying Stage Divine Power that turned into vibration shot into the purple clothed man's body like lightning, exploding out from within his body.

Following a burst of golden light, the purple-clothed man's body instantly exploded into specks of dust!

When Sun Lingxing saw it, he was alarmed, the power was too terrifying, in an instant it had destroyed a Divine Grade Venerable Ancestor's body!

Divine Grade Venerable Ancestor's body was extremely strong, but right now he had turned into ashes in an instant!

"Chen Xiang!" Sun Lingxing could feel a trace of Chen Xiang's aura, and couldn't help but feel surprise in his heart. The World Defying Stage Divine Power that Chen Xiang had just used, could only be displayed by a powerful World Defying Stage.

The other Divine Grade Venerable Ancestor s also started to panic. They had realized that this kind of expert was not someone they could handle!

"Hurry up!" One of the purple robed men shouted.

"I'll catch all of you in one fell swoop!" Chen Xiang sneered in his heart, then used the power of space to move Sun Lingxing to his side, and then released the prideful divine web that he previously obtained.

When he released the divine net, the few Divine Grade Venerable Ancestor s who were rushing over also entered the area covered by the net!

The sudden appearance of the proud divine network made all the Divine Grade Venerable Ancestor frightened. They recognized this proud divine net, it was very famous in the Forget-me Divine Race, but it had been snatched away by someone!

The person who took away this proud divine net was Chen Xiang, one of the people who they needed to find after entering the proud world of forest!

"It's Chen Xiang. The clan elders just sent us a sound transmission saying that Chen Xiang has appeared and told us to immediately rush over. They did not expect us to appear here and see this proud divine web." One of the Divine Grade Venerable Ancestor took out a long sword, and started to crazily hack out streams of Sword Qi at the gathered proud divine net.

Swordqi gushed out and filled the sky, but it was completely useless against the divine net.

"Just now, Chen Xiang killed one of our comrades." The Divine Grade Venerable Ancestor shouted in anger.

Chen Xiang had finally appeared, and he had even eaten a World Defying Stage Divine Power Pellet. He did not expect that controlling a World Defying artifact would consume the power of the World Defying Stage Divine Power so quickly.

"It really is Chen Xiang!" When the Divine Grade Venerable Ancestor saw Chen Xiang, he said angrily: "Let us go quickly, you have already killed one of our Divine Grade Venerable Ancestor. You should know the consequences if you stay together with Sun Lingxing."

"Consequences? Isn't it the same whether I kill or not? Now that I have killed a Divine Grade Venerable Ancestor and then killed trash like you, the consequences should be the same. Since the consequences are the same, then why should I let it go? "

Hearing Chen Xiang's voice that was filled with killing intent, all of the Divine Grade Venerable Ancestor felt a chill down their spines, after that they felt a terrifying sword force approaching them, three of them suddenly had their necks pierced by a sword.

"Are you really going to kill us?" One of the Divine Grade Venerable Ancestor s trembled, he never thought that Chen Xiang would be so decisive.

"Sun Lingxing, we are from the same clan, but now you are actually looking on helplessly as someone kills your own clansmen." Someone shouted at Sun Lingxing.

"When you attacked me just now, you didn't treat me as part of your family!" Sun Lingxing sneered.

"Go to ashes!" Chen Xiang felt that all of these Divine Grade Venerable Ancestor had pretty good World Defying Stage Divine Power s inside them, so he took out the Tianchuang furnace s and threw all of them inside.

Originally, they were still struggling inside, causing the Tianchuang furnace to sway continuously. However, as Chen Xiang released the World Defying god fire to burn, the Tianchuang furnace gradually quietened down.

"Are they all dead?" Sun Lingxing didn't know what Chen Xiang was doing.

"They're all dead, let's hurry up and leave!" Chen Xiang teleported back to the underground palace with Sun Lingxing.

At this moment, Sun Lingxing felt that the spatial techniques were very good. If she could grasp the spatial laws too, then those Divine Grade Venerable Ancestor s wouldn't be her match.

"It's only been a few days, but you've already become so powerful. How unbelievable!" Sun Lingxing sighed, "Furthermore, you seem to be much stronger than me."

"Hehe, that's because you don't understand me. Otherwise, you would have definitely gotten used to it." Chen Xiang laughed: "Seriously, so many of those Heaven devouring rat have died."

"Sorry, they found out about the Heaven devouring rat that I controlled, and I also found out about something that made me very angry, so I charged out." Sun Lingxing felt a little guilty. The Heaven devouring rat that Chen Xiang gave her had only been dead for a few days.

"What is it?" Chen Xiang knew that Sun Lingxing's temper was not bad, there was actually something that made her so angry that it made her want to kill him.

Sun Lingxing's jade face reddened, and she did not immediately say it out loud.

When Chen Xiang saw it, she could not help but chuckle. She laughed sinisterly, causing Sun Lingxing to sob, "Don't think too much!"

"Alright!" Sun Lingxing saw Chen Xiang's naughty smile and said: "Those fellows want to capture me so that the clan's outstanding male disciples ... .. To absorb the power of my proud divine body through dual cultivation! "

After Sun Lingxing finished speaking, his face flushed red again, as he was extremely angry!

"So disgusting, these guys really should be killed!" Chen Xiang frowned: "He can actually think of such a despicable thing ... But now, since they have lost more than ten Divine Grade Venerable Ancestor s, they will definitely feel the pain! "

"Yes, over a dozen Divine Grade Venerable Ancestor s suffered heavy losses for them!" This was the reason why Sun Lingxing rushed out before, even if he killed a few, the Forget-me Divine Race would still feel pained, let alone dozens of them.

"Let's see how strong they will send out next!" Chen Xiang laughed: "Now I am not afraid of them!"

Speaking of which, Sun Lingxing was extremely curious why Chen Xiang had suddenly become so powerful, especially the Heaven Blasting Palm that Chen Xiang had released, it made her heart tremble when she thought of it.

## [Chapter 2973](#)

Chen Xiang also gave Sun Lingxing a few Heaven devouring rat s, which could make it more convenient for him to investigate the situation outside.

"You want to go out?" Seeing how active Chen Xiang was, Sun Lingxing did not look like he was going to go into closed door cultivation.

"Let's go out and take a look, I want to go closer to the World Defying Stage Divine Mausoleum." Chen Xiang said: "Are you coming with us?"

"I'm not going. I want to rest." Sun Lingxing shook his head: "There's nothing to see at that place. You'll know once you go there."

Sun Lingxing had used up a lot of World Defying Stage Divine Power in her battle just now, so she needed to replenish it. At this time, she was no longer part of World Defying Stage, she needed more time to cultivate the World Defying Stage Divine Power than before.

"I'm just curious!" Chen Xiang laughed as he teleported out of the underground palace.

After Chen Xiang left the underground palace, he came to the forest on the ground. The surroundings were filled with a strong life force and full of vitality, even though there were often strong warriors fighting in this forest over the past few days.

However, the life force of the forest was extremely strong, and it was possible for trees to grow into towering trees at the fastest speed possible.

Although Chen Xiang was able to use the World Defying Stage Divine Power now, he still remained cautious. The Forget-me Divine Race was a very mysterious clan, he believed that they would definitely not be that weak.

After he had become invisible, teleporting through the forest would be safer.

He flew towards the World Defying Stage Divine Mausoleum in the middle of the forest. It had been a while since he came to the Everlasting Forest, but he had never seen the real World Defying Stage Divine Mausoleum before.

The Everlasting Forest was not that big, and he quickly arrived at the World Defying Stage Divine Mausoleum in the middle.

Just as Sun Lingxing said, this World Defying Stage Divine Mausoleum did not have much to look at, it was only the size of a small house and the stone door was very small.

This was an extremely ordinary looking mausoleum. The stones used to build the mausoleum were extremely old, as if they could shatter at any time. The surface was covered with moss, and there were obvious cracks.

The mausoleum also did not have any words.

"Could it be that the real World Defying Stage Divine Mausoleum is inside the tomb?" Chen Xiang only saw the entrance that was exposed to the outside, he did not see the real World Defying Stage Divine Mausoleum.

No one could answer his question because the World Defying Stage Divine Mausoleum had never been opened before.

Although that stone door looked extremely weak, it was very difficult to open. Chen Xiang walked in and tried it, but he couldn't leave any traces on it.

Even the power of space that he was most proficient in was unable to break through that mysterious barrier and enter!

"It seems like this place has been under attack a lot, but nothing has happened." Chen Xiang could imagine how many people who were eager to enter the World Defying Stage Divine Mausoleum would use such a violent method to enter. They would definitely bombard the little house ferociously, it was just that they would not succeed.

When Chen Xiang saw the World Defying Stage Divine Mausoleum, he himself had also tried to enter, but to no avail. If he did not have to face the Dragon Demons and the others, he would have definitely waited patiently. But now, he was beginning to wonder if he should leave the Primordial Forest, and find a safe place to break through and enter the World Defying Stage.

"Let's talk about it when we get back!"

Chen Xiang sighed and returned to the underground palace. He drank tea alone in the hall, and thought about other matters.

Sun Lingxing walked out from the room and asked: "You saw World Defying Stage Divine Mausoleum? You won't be able to enter even if you use your power of space! "

Chen Xiang nodded his head: "It is indeed not good to go in, we can only wait patiently! Right, how many more powerful Venerable Ancestor Later-stage were there in the Forget-me Divine Race? A few strong ones always pop up all of a sudden. You tell me first, because that way I can have some defenses as well. "

Chen Xiang had thought that Emperor Stage Venerable Ancestor was very strong at first, but after meeting him, he was easily killed and an even stronger Divine Grade Venerable Ancestor appeared later on. It was true that he was very strong, but if he wasn't able to use the World Defying Stage Divine Power, he definitely wouldn't be able to defeat it.

"Divine Grade Venerable Ancestor is already the strongest batch of Venerable Ancestor Later-stage in the Forget-me Divine Race, if there are still any stronger ones ... I do, but I don't know if Forget-me Divine Race is willing to send them. " Sun Lingxing said.

"There really are more!" Chen Xiang never thought that there would actually be one. From Sun Lingxing's expression, one could tell that the Venerable Ancestor Later-stage were very strong.

"Yes, but not in quantity. As far as I know, our Sun family only has two." Sun Lingxing said: "They are currently in closed-door training, and are preparing to rush to World Defying Stage. Their bodies are always immersed in the World Defying Stage Divine Power Pond, it is a kind of existence that intends to cultivate an unrivalled body to enter the World Defying Stage."

"Cultivate the 'Arrogant Body' first?" Chen Xiang was startled, he never thought that there would be such a cultivation method.

"Yes, most World Defying Stage cultivate their World Defying soul first, because it is extremely difficult to cultivate the body of the arrogant world! If I had the World Defying soul, cultivating the Primordial World would be much easier. " Sun Lingxing said: "And World Defying Stage who can first cultivate an arrogant body, is stronger than those who can use the World Defying soul."

"Of course, only by cultivating the World Defying soul and the Primordial Profound Body would one be able to reach the profound level of a World Defying Stage. This is a truly powerful World Defying Stage." Sun Lingxing said: "The Primordial Divine Pond is the most important existence in the Sacred Grounds where we forget ourselves, and it was also this Primordial Divine Pond that gave birth to our Forget-me Divine Race ... It is said that the Wangwo flower was born from the Primordial Divine Lake. " Sun Lingxing said.

"So this is the secret of your Forget-me Divine Race! Other than that, why are your Forget-me Divine Race staying in this place? Why was it born, do you know? " Chen Xiang still did not understand the Forget-me Divine Race well enough.

"I only know that we are here for the World Defying Stage Divine Mausoleum .... I heard that it is to protect the World Defying Stage Divine Mausoleum and to not allow others to enter. Of course, this was all told to me by my elders, I do not really believe their words. Sun Lingxing said: "As for what my true purpose is, I am not too sure."

Chen Xiang scratched his chin and said: "If Forget-me Divine Race really sends out that kind of Divine Body Venerable Ancestor, do you think I would have any chance of winning?"

Sun Lingxing stared at Chen Xiang, thought for a moment, and said: "It's hard to say, because I do not know your true strength either, but I feel that you have a 50% chance of winning, if you lose, you will not be killed, and even less so won't be taken away. That kind of spatial energy you have is not easy to deal with."

Chen Xiang laughed: "This way, I am relieved. I am still afraid of encountering them, it would be for the best if I don't come!"

Sun Lingxing nodded: "It's best if they don't come. If they come, then we must do our best not to let them go back!"

"Spirit Star, how did you know that the World Defying Stage Divine Mausoleum was about to open it?" He didn't ask Tang Zhongjie how he knew everything that Chen Xiang had told him.

"As long as you stay in the vicinity of World Defying Stage Divine Mausoleum for a long time, you will be able to sense that there will be some activity from time to time. This is something that has never happened before! Furthermore, the sound is very loud, to the point where people can hear some noise coming from inside the World Defying Stage Divine Mausoleum, as though it is calling for people to come in. " Sun Lingxing said.

#### [Chapter 2974](#)

Chen Xiang thought back to what Sun Lingxing had said before, that the people inside the Forget-me Divine Race did not allow her to enter. It was as if they were worrying about something, and when Sun Lingxing said that he could hear the sounds inside, Chen Xiang felt that it was very strange.

"Lingxing, can that sound be heard by you alone, or by someone else?" Chen Xiang frowned and asked: "When did you hear that sound last time?"

Hearing Chen Xiang's question, Sun Lingxing felt that it was a little strange, and said: "Could it be that you can't hear it? That sound just now appeared again! "

Chen Xiang looked around, and could not help but shiver because he did not hear anything, but Sun Lingxing did!

"I can't hear you!" Chen Xiang said in shock. He had thought that it was weird, he had come to the Ao Shi forest for a long time already, but he had never heard any sounds coming from the World Defying Stage Divine Mausoleum.

Sun Lingxing frowned: "Are you serious? I thought you could hear me! That's why I feel that the World Defying Stage Divine Mausoleum will open up very soon! "

"Could it be that you have some sort of relationship with the World Defying Stage Divine Mausoleum?" Chen Xiang said: "I didn't hear anything! Did you say before that your clan's elders did not allow you to enter the World Defying Stage Divine Mausoleum? Do they know something? "

Sun Lingxing finally understood that this voice was only heard by herself. She frowned and shook her head, she did not know what those elders were hiding from her, but she felt that her past must not be simple!

Chen Xiang felt that he should go and ask Tang Zhongjie. Tang Zhongjie also knew that the World Defying Stage Divine Mausoleum was about to be opened, but how did he know?

"I'm going out for a bit!" After Chen Xiang finished speaking, he immediately entered the Six Realms Time and Space Door, found Tang Zhongjie's Wheel of Fate, and then teleported to where Tang Zhongjie was.

Tang Zhongjie was currently inside a tree cave. When Chen Xiang arrived, he was eating a fruit and eating it very happily.

"Old Tang!" Chen Xiang shouted, scared to the point that the fruit in his hand almost fell out. When he saw that it was Chen Xiang, the energy that had just surged out also retreated.

"It scared me to death!" Tang Zhongjie laughed and scolded: "You little rascal, you're so elusive, trying to scare me to death, aren't you!"

"Old Tang, in this period of time, Forget-me Divine Race hasn't come looking for trouble with you, right?" Back then, Tang Zhongjie had been captured by the Forget-me Divine Race, so he was a little worried that the Forget-me Divine Race would know about the matter between him and Tang Zhongjie, and hence be implicated with Tang Zhongjie.

Tang Zhongjie shook his head: "No, they shouldn't have known about my relationship with you ... Almost all the people in Forget-me Divine Race who knew that I was captured are dead now. "

He was completely exterminated by Chen Xiang that time, and indeed, no one knew!

"Old Tang, I've come to ask you something important!" Chen Xiang asked: "How are you so sure that the World Defying Stage Divine Mausoleum is about to open?"

"Feel!" Tang Zhongjie smiled mysteriously.

"Feel?" Chen Xiang thought about Sun Lingxing before. He felt that it was perhaps because Sun Lingxing had felt it that he had heard that voice, "How did it feel? Are you sure? "

Tang Zhongjie said: "If it was only my own feelings, of course I would not be sure. But for those who have stayed here for so many years, right now, they all feel the same. It is a very strong awareness, that the World Defying Stage Divine Mausoleum is about to open. This feeling is very hard to understand, it is just like a sudden thought, and it makes us feel like the World Defying Stage Divine Mausoleum is about to open! "

"Didn't you hear anything?" Chen Xiang had thought that Tang Zhongjie was talking about something that made him feel like he heard something.

Tang Zhongjie felt that it was very strange. He thought for a moment, then shook his head and said: "Could it be that you heard some sound?"

"I didn't hear anything, I didn't feel anything, and I didn't hear anything either. But someone told me that during this period of time, she heard many voices from the World Defying Stage Divine Mausoleum, saying that they sounded like they were summoning her in, and she was very sure that the World Defying Stage Divine Mausoleum would open up soon." Chen Xiang said, this was what Sun Lingxing had told him.

Tang Zhongjie took a small breath and said, "Could it be ... Could she be from the World Defying Stage Divine Mausoleum? "

"What do you mean? Did you come out of World Defying Stage Divine Mausoleum? " Chen Xiang was frightened by these words. Someone ran out from the World Defying Stage Divine Mausoleum, and it was Sun Lingxing.

"It's not what you think, it's not that we directly ran out from the World Defying Stage Divine Mausoleum, it's just that ... It's the reincarnation of the person from the World Defying Stage Divine Mausoleum. " Tang Zhongjie said: "There has always been a legend here, that the World Defying Stage Divine Mausoleum has a few powerful World Defying Stage s. These World Defying Stage have all cultivated their divine bodies, but I do not know why they were sealed inside, and their souls are sealed, so even if they die, they cannot be reincarnated."

"However, every once in a while, their souls get the chance to reincarnate. However, there's only one quota, so they will fight for it." Tang Zhongjie said: "If they can get that position, they can be reincarnated ... However, after they were reborn, they did not have the strength of their previous lives, and needed the strength of their previous lives to return to the World Defying Stage Divine Mausoleum. Thus, even if they were very far away, they could still hear the voices from inside the World Defying Stage Divine Mausoleum. "

Sun Lingxing was the reincarnation of an expert from the World Defying Stage Divine Mausoleum?

Chen Xiang felt that this was not impossible, because Sun Lingxing's potential was extremely terrifying. To become a World Defying Stage at such a young age, this was something that was extremely difficult to come by! One must know that Sun Lingxing did not have such things as medicinal pellets to assist him in his cultivation, unlike Jiang Sijing.

The reason why Jiang Sijing was able to break through was because Chen Xiang had an extremely high skill in pill refining. She could refine many pills with extremely high quality, which was why she was able to quickly step in!

If Sun Lingxing also had the help of the pills, he would be able to enter the World Defying Stage much faster.

Chen Xiang didn't dare be sure now, he could only wait until Sun Lingxing entered the World Defying Stage to find out. He felt that the people inside the Forget-me Divine Race would definitely know something, if not, they would not restrict Sun Lingxing from entering the World Defying Stage Divine Mausoleum.

Dong, dong, dong!

Suddenly, someone knocked on Tang Zhongjie's tree cave door.

"I'll take my leave first!" Chen Xiang immediately turned invisible, and then Tang Zhongjie went to open the door.

After Tang Zhongjie opened the door, a familiar aura surprised him. It turned out to be the aura of a Dragon Demon!

"I wonder how the Dragon Demon is doing now!" Chen Xiang had been in this forest for a while, and the World Defying dragon demon was already preparing to break the seal. When he entered the Myriad Tao Mausoleum, it was possible that he would release the World Defying Stage Evil Ancestor.

Now that there was a Dragon Demon, Chen Xiang was pleasantly surprised. In this way, he could learn about the World Defying dragon demon s through this Dragon Demon.

"Who are you?" Tang Zhongjie saw a demon god's face and asked.

"Old Tang, he was the one who sent us the Dao crystal. As long as we join them, they would give us the Thousand Myriad Tao Crystals every day. Each month, it would be three hundred million Dao crystal." A short old man suddenly appeared and laughed.

## [Chapter 2975](#)

When Chen Xiang heard it, he was extremely confused. There were many powerful Venerable Ancestor Later-stage Dragon Demons in the Dragon Demon's team. These Dragon Demons all had decent strength, but they actually wanted to use so many Dao crystal to recruit people. Just what was the purpose of this?

Tang Zhongjie did not lack Dao crystal. He had lived here for many years and had not used Dao crystal for a long time, so he immediately refused because that Dragon Demon made him feel very uncomfortable.

Tang Zhongjie was not like most people, he was a very ancient being and knew many things about the past. Especially now that he sensed this Qi, he felt that it was very familiar, but he just couldn't recall it in a while, but he was sure that this Qi was filled with evil.

"I have to go into seclusion, so I'm sorry!" Tang Zhongjie said with a smile.

"What is it? Are you looking down on me?" The black armored Dragon Demon's face turned cold, his eyes flashed with a murderous light, releasing his killing intent without concealing it at all. He clenched

his fists, which contained an extremely powerful evil force, causing the leaves on the big tree to instantly wither, instantly dropping all over the ground.

The evil aura of this dragon demon was very scary, it instantly took away this big tree's life force.

But, Tang Zhongjie was not the least bit afraid, he faintly smiled: "Not bad, I really do look down on evil beings like you. For a mere Dao crystal, you actually hooked up with this kind of demon, working hard for this kind of demon, I was truly mistaken about you! "

Tang Zhongjie was blunt, not only did he scold the Dragon Demon, he also scolded his friend!

"Old Tang..." You. Forget it, since there are Dao crystal, I won't make a profit, so whatever you want to do is fine! " With that, that old Liang turned and left. He actually ran very fast, because he knew what would happen next.

Just as that old man left, the Dragon Demon's pair of demon claws suddenly extended out, like two sharp sword-like poisonous snakes, and pierced towards Tang Zhongjie's shoulders.

Tang Zhongjie was already on his guard, after dodging from the side, he waved his palm towards it, releasing a ray of white light that brought about a burst of scorching Qi, which cut towards the black demon claws, and instantly cut them in half.

Clearly, the Dragon Demon did not know that Tang Zhongjie was so strong, with his reaction speed being so fast.

Just as the Dragon Demon's arms were broken, Chen Xiang appeared and directly struck the Dragon Demon's head with his palm. Then, he channeled his Soul Absorbing Devil Spell and took away the memories of the other party's soul.

The Dragon Demon could not help but cry out miserably, the seven orifices of his body was stained with black blood that was filled with Evil Qi, the sound of his roars was extremely hair-raising. At the same time of struggling, his burly body that was wrapped in black armor started to tremble intensely, Evil Qi surging out in waves. He used all his strength to struggle free from Chen Xiang, but his body had already been sealed by Chen Xiang using the power of space.

"Why is the Demonic Dragon here?" Tang Zhongjie knew that Chen Xiang came from the outside, and he was not familiar with such matters, so he could only ask Chen Xiang.

"I don't know either right now, but the World Defying Stage Evil Ancestor will be coming out soon. The World Defying dragon demon has already broken the seal, they should be inside the Myriad Tao Mausoleum already." Chen Xiang said: "Right now, their goal is this World Defying Stage Divine Mausoleum, they are most likely looking for a method to cultivate the Primordial Divine Body."

Chen Xiang searched through the memories of the Dragon Demon and quickly found his own information. With a grave expression, he said, "Although the World Defying dragon demon has already entered the Myriad Tao Mausoleum, he did not go save the World Defying Stage Evil Ancestor. Instead, he actually gathered a large group of powerhouses to head towards this place!"

Tang Zhongjie said, "It seems that World Defying Stage Evil Ancestor is planning on doing this because if World Defying Stage Evil Ancestor escapes, it would also mean that Daofather and Dragon Ancestor

would be coming out. At that time, both of them would still be injured, and World Defying Stage Evil Ancestor wouldn't have that much confidence in defeating the Daofather!"

"That's why he allowed World Defying dragon demon to find a method to cultivate the Primordial Divine Body. This way, he would be able to step into the Divine level of the World Defying Stage, becoming far more powerful than Daofathers and be able to completely annihilate them." Chen Xiang added.

Tang Zhongjie laughed: This should be a good thing for you! This way, you don't have to go back and find them, you just have to stay here and stop them. "

Chen Xiang frowned: "I'm worried that they will join hands with the Forget-me Divine Race!"

Tang Zhongjie thought for a moment, then chuckled: "You just searched through this guy's memories, did they come in contact with the Forget-me Divine Race?"

Chen Xiang shook his head: "Not at the moment, they only sent thirty Dragon Demons, all of them are from the Venerable Ancestor Later-stage, their overall strength is not that strong, their main force is still behind, the reason they are recruiting for troops, is to prepare for the main force that will come later."

"So that's how it is, you impersonating a Forget-me Divine Race, killing a large portion of the Dragon Demons here ... Then, he pretended to be the Dragon Demon and killed the people from the Forget-me Divine Race, making them conflict with each other first. That way, they wouldn't have anything to talk about once they met. " Tang Zhongjie laughed.

Chen Xiang thought that this method was not bad, and nodded: "I will go and take action now!"

She wanted to control and skillfully control the Heaven devouring rat. She felt that these mice had a great use for them, and hoped that they could use them more in the future. They wouldn't die out like last time.

"Spirit Star, I have something to tell you ..." Chen Xiang quickly told Sun Lingxing about the Dragon Demon that came.

Sun Lingxing didn't understand much about what had happened outside, but hearing Chen Xiang's description of the Dragon Demon, she couldn't help but feel disgusted and said: "If you attack the people from the Forget-me Divine Race and they don't know where you are, it would be easy for them to find you ... If you want to frame a Dragon Demon, you have to do it with something that has the same aura as the Dragon Demon! "

Chen Xiang looked at the Heaven devouring rat and laughed: "Just let this Heaven devouring rat make its move!"

After that, he took out a Heaven devouring rat and made it transform into a human. This caused Sun Lingxing to widen her eyes in shock, and she anxiously asked: "Why didn't you tell me earlier that this mouse could transform into a human?"

"I... I forgot, because it's been a long time since I've used a mouse to turn into a human and it's not good for probing. " Chen Xiang scratched the back of his head and laughed.

"Teach me!" Sun Lingxing pouted and said.

"Alright!" Chen Xiang immediately told Sun Lingxing the method to turn into a Mouse Man.

After Sun Lingxing learnt it, she was very happy. Furthermore, those mice could still change into the people she wanted to change. She thought that it was very interesting, very fun.

"I'm going out to look for the Dragon Demons. Once I find them, I'll kill them. Then, I'll leave a few that I can't kill on purpose to let them go back and report to the sect." Chen Xiang said: "You are the one in charge of scouting out Forget-me Divine Race. If you encounter him, use Mouse Man as the Dragon Demon."

The Mouse Man s were all bred by Dragon Demons and Rat emperor beads, so they had the same aura as Dragon Demons on their bodies. Thus, there was no need to deliberately mimic the aura of Dragon Demons.

### [Chapter 2976](#)

Chen Xiang gave Sun Lingxing a piece of Communication jade Symbol paper so that they could quickly contact each other. Sun Lingxing was also very curious about this kind of thing, but this was the first time she knew that something like this existed.

Chen Xiang did not tell Sun Lingxing that she was possibly trapped in the World Defying Stage Divine Mausoleum in her previous life. After all, this sort of thing had not been confirmed, but what was certain was that Sun Lingxing must have a very close relationship with the World Defying Stage Divine Mausoleum. Otherwise, she would not have heard the voices coming from the World Defying Stage Divine Mausoleum and would have been restricted by the elders of the Forget-me Divine Race from entering the World Defying Stage Divine Mausoleum.

There were a lot of Dragon Demons that came to the World Defying Stage Divine Mausoleum, and the moment Chen Xiang came up from the underground palace, he met a few Dragon Demons flying around.

Chen Xiang had previously searched the memories of one of the dragon devils and knew that there were not many experts in this group. Furthermore, if they had entered the World Defying Stage Divine Mausoleum, their cultivation would have fallen by a lot, as if the World Defying Stage Divine Mausoleum was going to weaken their strength.

If the World Defying Stage Divine Mausoleum was activated, then the strength of the group of Dragon Demons that entered the World Defying Stage Divine Mausoleum would be greatly reduced. At that time, it would be even easier for him to take action.

The Dragon Demons were also worried about this danger, so after they came to this forest, they started to look for stronger humans, giving them Dao crystal s and letting them sign a contract. When they entered the World Defying Stage Divine Mausoleum, they would have to protect them with all their might.

This was how Tang Zhongjie's friends joined the Dragon Demons. Now, Tang Zhongjie was also looking for his good friends, telling them not to join the Dragon Demons' party.

Chen Xiang was in the forest, and as long as he could find Dragon Demons, he would immediately strike out, beating these Dragon Demons half dead. Most of these Dragon Demons weren't killed by Chen Xiang, they were only injured.

Furthermore, when Chen Xiang attacked, he even yelled about what kind of Forget-me Divine Race he was wearing, and the clothes he was wearing was also purple.

Just now, Sun Lingxing had already sent a sound transmission to him, and she was doing it very smoothly. He had made the Mouse Man ambush a few people from the Forget-me Divine Race, and these people were all not very strong.

Before Sun Lingxing had the Mouse Man take action, he had forced the Forget-me Divine Race to join the Dragon Demons. This way, the people of the Forget-me Divine Race quickly found out that the Dragon Demons were very rampant in the forest.

In just a few days, Chen Xiang and Sun Lingxing succeeded in sowing discord, because Chen Xiang had already discovered that there were real Dragon Demons and Forget-me Divine Race fighting, and even fighting to the death!

Seeing this scene, Chen Xiang couldn't help but laugh. This was exactly what he and Sun Lingxing were looking forward to.

Originally, Chen Xiang had been quite relaxed because he felt that the Dragon Demons and Forget-me Divine Race were unable to join hands. This would cause the Dragon Demon's power to become even weaker.

However, at this moment, the strength of the Dragon Demon wasn't weak either. Today, he suddenly felt the Demonic Qi of the Dragon Demon rush into the forest!

Sun Lingxing anxiously sent a message to Chen Xiang: "Hurry back to the underground palace. Your whereabouts have always been controlled by the Forget-me Divine Race.

Although Chen Xiang had not met any Divine Body Venerable Ancestors in the past few days, he was still extremely vigilant. He was prepared to fight at any time, and when Sun Lingxing suddenly sent a message to him, he felt a sense of danger.

"What happened?" Chen Xiang asked anxiously.

"I don't know. In short, Forget-me Divine Race sent a very powerful guy, this guy is right outside the forest. Sun Lingxing could feel the Qi, she was afraid that it was directed at Chen Xiang, so she anxiously asked Chen Xiang to come back.

"Alright, I'll go back now." Chen Xiang immediately teleported back.

After returning to the underground palace, Chen Xiang was a lot more at ease. When he was in the forest, he immediately felt that the atmosphere wasn't right.

"The World Defying Stage Divine Mausoleum may open soon, but there is a force coming from inside the World Defying Stage Divine Mausoleum." Sun Lingxing said.

"Is this true? Why didn't I sense it? " Chen Xiang indeed did not feel any aura from the direction of the World Defying Stage Divine Mausoleum.

"Maybe this is something only I can feel, so you have to be careful." Sun Lingxing said: "For this period of time, do not go out. If World Defying Stage Divine Mausoleum truly opens, we definitely cannot be the first to enter, because we do not know of the dangers inside."

"If we don't enter first, then if there is something good inside, won't it mean that others will want it?" Chen Xiang frowned: "At this time, Forget-me Divine Race and Dragon Demons are all gathered here. If they were to obtain them, it would be extremely disadvantageous for us."

Sun Lingxing had of course considered this issue before.

"When the time comes, we will need to secretly follow behind them ... Of course, it won't be easy for them to discover me and you are also being used by the Tracing mantra. " Sun Lingxing said.

"What level of cultivation is that guy who used the Tracing mantra Technique on me?" Chen Xiang's face darkened, he felt that as long as he killed this fellow, he would not be tracked anymore.

"The Venerable Ancestor Later-stage is still relatively easy to deal with, but the problem now is that it won't be easy for you to go to the Forget-me Divine Race ... ." As Sun Lingxing said this, he remembered that Chen Xiang could use the power of teleportation.

Of course, if Chen Xiang wanted to go to Forget-me Divine Race's tribe, it could be said to be extremely dangerous.

"I will use the Mouse Man!" Chen Xiang laughed.

"Although the strength of the Mouse Man is not bad, it's not easy to deal with him." Sun Lingxing shook his head.

"If we use Wangwo scent?" Chen Xiang laughed: "They have used this poison on me before, even if they have a way to cure it, they will definitely not be able to cure it within a short period of time."

Sun Lingxing thought that this method was not bad and said after thinking about it: "Alright, we can try. I'll tell you where that guy is located and then you can use the Heaven devouring rat to look for him."

After that, Chen Xiang used the power of space to pluck many Wangwo flower from the forest outside. Furthermore, he refined these Wangwo flower into Poisonous scent using the Crash method, and refined them using the Crash method.

"When Heaven devouring rat smells this kind of Poisonous scent, it can get poisoned as well." Sun Lingxing said, she had also tested them before.

"It's fine, just give the Heaven devouring rat an antidote pill." Chen Xiang still had a lot of antidote pills.

After everything was prepared, he released several hundred Heaven devouring rat s, all of which had Poisonous scent s as well as antidotes.

After Chen Xiang finished inspecting them, he teleported all the Heaven devouring rat outside the tribe of Forget-me Divine Race to look for the guy who used the Tracing mantra Technique on him.

Very quickly, he found the old man in a cave. Confirming that it was this guy who was using the Tracing mantra Technique on him, he let several hundred Heaven devouring rat rush into the cave.

After the Heaven devouring rat entered the cave, the old man also discovered it. He immediately waved his hands, releasing waves of purple light that struck the Heaven devouring rat's body.

However, he thought that it was just an ordinary mouse, so he didn't use much strength when he attacked. As a result, his attack didn't kill the group of Heaven devouring rat, but instead, he struck the Poisonous scent out.

When the old man smelled the Wangwo scent, he instantly turned pale from fright. He wanted to quickly suppress the Poisonous scent, but it was already too late, the poison power of the Poisonous scent that Chen Xiang refined was extremely terrifying. In an instant, he was immersed in the intoxicating feeling brought by the Poisonous scent, unable to extricate himself!

### [Chapter 2977](#)

Chen Xiang saw this scene through the Rat King and was secretly pleased. He had been poisoned like this before.

"Spirit Star, is there any way to cure the poison in Forget-me Divine Race?" asked. At this point, he had already succeeded, Sun Lingxing could tell from his expression.

"There is, but it's not easy. The detoxification pills you concoct are pretty quick and simple!" Sun Lingxing had seen Chen Xiang's antidote before, she didn't know much about pills. She felt that the antidote was extremely magical, especially when people learned that the antidote could make people stronger, she was shocked.

Chen Xiang looked at the old man who had fainted on the ground, and sneered in his heart: "These guys clearly know how terrifying these Wangwo poison are, but they're still being used on me. Now, it's your turn to suffer such a fate!"

Chen Xiang had another idea in mind, which was to use Wangwo poison s to deal with the Forget-me Divine Race!

In the Forget-me Divine Race, there were very few people like Sun Lingxing who would not be poisoned. At least, Sun Lingxing had never heard of anyone who could be like her.

Chen Xiang suddenly felt that the reason why Sun Lingxing was not poisoned was not because she was kind, but because of her relationship with World Defying Stage Divine Mausoleum.

"Old man, this is what happened to me after you used the Tracing mantra Technique. Being able to feel so comfortable before you died can be considered to be a blessing in disguise." Chen Xiang let the Swallowing Mouse move out and completely devour the old man.

After Chen Xiang took back the rat, he smiled at Sun Lingxing: "It's already succeeded, now we can go out and relax. It's already so long that we can travel for a long time. She is no longer afraid of being tracked by the secret techniques used by the Forget-me Divine Race. "

Sun Lingxing said: "Even so, you still have to be careful. I won't be going out, go outside and take a look!"

Since Sun Lingxing could use the Rats, she was too lazy to run out herself.

Chen Xiang actually wanted to find out more about the Dragon Demon's latest situation, so he left the underground palace and went into the forest.

Tang Zhongjie had already changed a tree hole, but it was still easy for Chen Xiang to find him.

"Old Tang!" Chen Xiang appearing in the hollow of Tang Zhongjie's tree startled him yet again.

Tang Zhongjie also laughed and scolded him, but that was nothing much.

"Old Tang, the atmosphere in these forests is very strange. Have you felt it?" Chen Xiang asked.

"Of course I sensed it. How could I not know about such an obvious change?" Tang Zhongjie started to act, his expression becoming more serious: "The powerful Dragon Demons have indeed come, they are currently outside the forest, moreover they are at odds with the Forget-me Divine Race, I wonder if the experts of the Forget-me Divine Race will appear!"

thought that they were fighting until their heads bled from the fight outside the forest.

"So what's the latest?" Chen Xiang asked again.

"Not at the moment, the forest is relatively safer. World Defying Stage's are not allowed to enter, and there are World Defying Stage's Dragon Demons outside, if we go out, we will be caught, so we do not dare to leave the forest to ask around." Tang Zhongjie shook her head: "On the other hand, there are some movements from the World Defying Stage Divine Mausoleum, and from time to time, there will be some weak energy fluctuations."

Previously, Sun Lingxing was the same, but his reaction to the energy fluctuation was much clearer than Tang Zhongjie.

On the other hand, he himself did not feel Chen Xiang's presence, nor did he know why.

"I'll go out and investigate, but those guys shouldn't be able to discover me." Chen Xiang said.

"Don't go, World Defying dragon demon are very strong ... Furthermore, other than the World Defying dragon demon, there are also some experts who have cultivated up to the World Defying soul. Tang Zhongjie understood the strength of this World Defying Stage very well, so he grabbed onto Chen Xiang and did not let him go.

"Fine, I'm not going out. I'm just going to watch from the edge!" Chen Xiang said: "That should be fine, they should be outside the forest now."

"It's just that it's fine to be at the edge of the forest. If you see them attacking you from outside, you have to be careful." Tang Zhongjie warned.

Although the people from the World Defying Stage could not come in, they could still attack from the outside if they were outside. That was why he was so worried.

As an elder, Tang Zhongjie was definitely worried about Chen Xiang. He also knew how dangerous the Dragon Demons outside were, that's why he told Chen Xiang to do this.

"You must be careful!" Tang Zhongjie was still worried, but he had just finished, and Chen Xiang had already teleported away.

After Chen Xiang became invisible, he arrived at the edge of the forest. When he was near, he could feel the evil and evil in this place, which shocked him.

"Is this the aura of a World Defying dragon demon? It's just too scary. " Chen Xiang couldn't help but break out in cold sweat, the strength of the World Defying dragon demon was far more frightening than he had imagined.

"I wonder if World Defying Stage Dragon Ancestor has such a powerful ability!" Chen Xiang had only seen the World Defying Stage Dragon Ancestor's clone before, but had not truly felt the aura of the World Defying Stage Dragon Ancestor.

"The World Defying dragon demon was sealed by the World Defying Stage Dragon Ancestor. The Dragon Patriarch's strength is definitely much stronger than him." When he arrived at the edge of the forest, he could also sense that there were a lot of people moving about.

"We know whether he's a Dragon Demon or a Forget-me Divine Race practitioner!" Previously, Chen Xiang only let the Swallowing Mouse enter the Forget-me Divine Race's tribe to search for the old man using the incantation. He did not investigate the situation inside because he was worried that the Forget-me Divine Race would find out.

After he released his Spatial Perception, as long as he felt something move, he would immediately teleport over.

"It's a Dragon Demon!" Chen Xiang came to the side of a Dragon Demon. Just as he was about to attack, he saw a human walking over.

The human was a middle-aged man. He shouted to the Dragon Demon, "After entering, you must focus your heart on Forget-me Divine Race. Forget-me Divine Race has already killed many of our members."

Quite a number of them were killed? Chen Xiang suddenly felt that it was strange, because he did not kill too many of them.

which was to say, the real Forget-me Divine Race was killing the Dragon Demon!

"So when do we strike back? Forget-me Divine Race is too arrogant! " The dragon demon said.

"When the proud Dragon Lord arrives ... As soon as he thinks it's okay, we'll go into the forest and start killing people. " The middle-aged man said: "Our White Bones Imperial has long since lost patience. We are only waiting for one word from Supreme Dragon ..."

As soon as the middle-aged man finished speaking, Chen Xiang immediately took action. The Heavenly magic sword had killed the Dragon Demon and the middle-aged man in an instant, and then used the Soul Absorbing Devil Spell on them.

"The World Defying dragon demon actually changed her name to the Arrogant Dragon Elder. How shameless!" After Chen Xiang devoured the memories of these two fellows, he found out some things about the Dragon Demons.

White Bones Imperial, Flying Dragon Ghost Realm and the others had all come, and they were all led by big heads. It was just that those big heads could not enter the forest, because they were all from World Defying Stage.

The High Priest was also there, of course. He had entered the Myriad Tao Mausoleum very early, how could he not be there!

...

## [Chapter 2978](#)

Chen Xiang suddenly felt that the enemy's strength was terrifying, he could not handle them at all!

"It's a good thing that the Forget-me Divine Race did not join hands with them, otherwise they would be even more powerful." This allowed Chen Xiang to feel more at ease. Fortunately he and Sun Lingxing had sown discord in the past, otherwise, they really might have teamed up.

Chen Xiang was currently using the power of space to pluck a large number of Wangwo flower.

His rat would also be poisoned, so he felt that this poison would definitely be effective against the dragon demon.

"They were not poisoned when they entered, it's mainly because the high priest, the Ghost Emperor and the others made the way for World Defying Stage. They had sent the Dragon Demons to investigate earlier, and found out that there was a bunch of poisonous flowers, so when they came in, they had already thought of a way to deal with it."

Chen Xiang learned all of this from Swallowing's memories.

After Chen Xiang harvested all the Wangwo flower, just as he was about to go back, he sensed a strong aura. His heart trembled: "Could this aura be that of an expert from the Forget-me Divine Race?"

He immediately used the Communication jade Symbol paper to pass the news to Sun Lingxing!

"Hurry up and come! It should be the negotiation between the Forget-me Divine Race's Patriarch and the World Defying dragon demon, they are not stupid, these two top rankers are also not stupid, and since they know about your matters, it is very likely that we are trying to sow discord." Sun Lingxing said: "Nowadays, the dead bodies of the Dragon Demons and Forget-me Divine Race are not really that important to them. If they really knew that we were the ones who picked on them, they would definitely not listen to us. If we break away from them, it is very possible that we will put them down and join forces!"

Chen Xiang thought back to what the middle-aged man from the White Bones Imperial had said. That middle-aged man, the World Defying dragon demon did not allow themselves to attack the Forget-me Divine Race on a large scale, and had clearly sensed something, which was why he had asked the patriarch of the Forget-me Divine Race to negotiate with him.

Chen Xiang could only return now. When he returned to the underground palace, he suddenly felt a weak vibration, followed by a voice.

"Chen Xiang, I know you're inside. Don't think that just by hiding you'll be safe and sound! Let me tell you something. Once the World Defying Stage Divine Mausoleum's power disappears, all of the barrier energy in this forest will no longer exist. This was a voice filled with power, and when the voice was heard, it carried a sinister aura.

"It's the voice of the World Defying dragon demon!" Although Chen Xiang had never seen World Defying dragon demon before, he was sure.

Following that was another voice.

"Chen Xiang, if you behave and come out now, and hand over all the techniques you have, we can let you go and let you live."

Sun Lingxing said: "This is the voice of the clan leader, you must not believe it!"

Chen Xiang was a little nervous at this moment, "If the World Defying dragon demon is real, then I might be in more danger."

Even if he stepped into the World Defying Stage, he felt that he could only barely hold off the World Defying dragon demon, but since the Head of Forget-me Race had also joined in, if he joined hands with the other big shots of the World Defying Stage, he would definitely not be able to block it.

"Don't worry, there will be a way." Sun Lingxing suddenly grabbed Chen Xiang's hand. Under the threat of so many Rankers, she could feel the fear in Chen Xiang's heart. If it was her, she would definitely be terrified too.

Chen Xiang nodded, and said: "Now we can only wait and see if there's any turning points after entering the World Defying Stage Divine Mausoleum."

"I'll definitely help you." Sun Lingxing said: "I feel that there is a very strong power waiting for me inside the World Defying Stage Divine Mausoleum. Even though it's just my feeling, I feel that it might make me very strong."

Chen Xiang was overjoyed. He thought that Sun Lingxing wouldn't be able to sense it, but he didn't think that she would actually be able to feel that there was power inside it from his previous life.

"I'll go refine the Wangwo scent first." Chen Xiang knew that this type of poison was extremely useful to him.

If he was surrounded, it would be of great help to him if he threw out this kind of Poisonous scent.

Just a moment ago, the two Head of Forget-me Race s and the World Defying dragon demon each spoke one sentence, and it was clear that they had joined hands. They believed that this would definitely create a lot of pressure for Chen Xiang, and now, they were also discussing how to capture Chen Xiang.

... ..

There were many tents in the Ao Shi forest, and one of them was a big red tent. World Defying dragon demon, Head of Forget-me Race and other big shots were all there.

"Chen Xiang has treasures on him, it would be a pity if he died." The Ghost Emperor said: "As far as I know, he possesses the Myriad Tao's Divine Arts. This is a cultivation technique used to achieve the World Defying Stage Tao Ancestor, even the World Defying Stage Evil Ancestor would want it!"

"Furthermore, there are spatial techniques and alchemy techniques. These are all extremely extraordinary. Although Chen Xiang's cultivation is currently not high, he has already reached the peak of perfection in this area." The High Priest said, "I was ambushed by him earlier when he used a spatial spell!"

The World Defying dragon demon sighed, "This Chen Xiang .... If they were allowed to live, it would definitely be a great disaster. However, it would be extremely difficult to capture them alive ... Is there any way to blackmail him? "

The Divine Master of the Dao World suddenly said, "If it was before, this wouldn't be a problem because he has many relatives and friends within the Dao world that I'm in charge of. But all his friends and family suddenly disappeared into my world. "

Hearing those words, everyone's eyes lit up.

The World Defying dragon demon said: "It's impossible for him to suddenly disappear, just check carefully, maybe they opened up a space inside the world inside, and when he's inside, you won't notice him. As long as we carefully find his friends and relatives, then we can use it to threaten him."

"I'll do my best!"

He didn't have much confidence in himself, because it would be extremely difficult for him to travel to the Dao World. Although the other nine Gods who had created the Dao World had died, the power of the Laws they had left behind was extremely powerful.

"Head of Forget-me Race, how much do you know about this World Defying Stage Divine Mausoleum? You are one of the very early races. " The World Defying dragon demon asked.

"We only know that there is a large group of World Defying Stage Divine level Rankers who managed to cultivate their Divine Bodies inside, and they all died inside. As for the other things, we do not know, but we can be sure that if we want to cultivate to the World Defying Stage Divine Bodies, we can only go in for a trip. Head of Forget-me Race said.

"Alright then!" Go look for Chen Xiang, and see if you can catch him alive. Although your cultivation will regress, you don't have to worry, I will help you two to break through to the next level. " The World Defying dragon demon said: "I will give you the complete World Defying soul!"

## [Chapter 2979](#)

To obtain a complete World Defying soul, this was equivalent to increasing a very powerful strength! Dragon Devil Emperor Venerable, Bone Emperor, and the High Priest were all envious. They wanted to do such a thing too, but since the World Defying dragon demon had already been given to the Ghost Emperor and High Priest, they couldn't do anything about it.

"Lord Supreme Dragon, we will definitely capture Chen Xiang alive." The High Priest was overjoyed and very confident.

"Although we have temporarily fallen back to the Venerable Ancestor Later-stage, our strength still far surpasses Chen Xiang's. We will definitely be able to complete it exceptionally well." He was very confident in his own strength. He felt that no matter how strong Chen Xiang was, he would not be able to defeat him and the High Priest.

The Head of Forget-me Race said: "How about we send someone to move with you guys? Chen Xiang knows how to use spatial techniques to teleport. It would be easier to catch him with more people."

The Ghost Emperor and High Priest did not understand the Forget-me Divine Race, but they knew that the Head of Forget-me Race was very powerful, so they nodded their heads. It was a good thing that someone helped them, it would reduce their strength and increase their chances of capturing Chen Xiang.

"Alright, when will you leave and enter the forest?" Head of Forget-me Race was very clear about the situation inside, and knew that Sun Lingxing would definitely be accompanying him. Sun Lingxing was very important to them.

"Let's go tonight!" The Ghost Emperor said.

"So, our people, we're studying for a long time," he said. c fw. Long Haochen, you will meet up with us here at night. " The reason the Head of Forget-me Race sent his own people to follow them was to prevent Sun Lingxing from getting accidentally killed by them. It was fine if they couldn't catch Chen Xiang, but Sun Lingxing had to be caught.

... ..

Chen Xiang and Sun Lingxing didn't know that the Forget-me Divine Race and the Demonic Dragon had allied themselves and were preparing to go inside to capture them. However, they were already extremely vigilant now, so they were very careful when they went out.

Now, Chen Xiang was also frantically refining Wangwo scent s, although this type of poison would not kill people, he felt that it was more terrifying than killing people. He had experienced it before, if Tang Zhongjie did not cure him with the antidote, he did not know what kind of torture he would have in the end.

Sun Lingxing was resting in her room. During this period of time, she had become more and more familiar with the World Defying Stage Divine Mausoleum, causing her desire to enter the World Defying Stage Divine Mausoleum to grow, but now was not the time.

The underground palace Sun Lingxing built was extremely secretive. At this time, there were many Dragon Demons and Forget-me Divine Race searching for them, but they couldn't find where they were.

Especially the patriarch of the Forget-me Divine Race, he felt hatred in his heart because the old man, who was in charge of tracking others, had been killed. In this way, they would need more time to find Chen Xiang and his group in the forest.

In order to increase their manpower, the Dragon Demons had even bribed many old fellows who were hiding in the forest. At this moment, they were also looking everywhere for Chen Xiang and Sun Lingxing, and if they found them, they would be able to obtain very generous rewards!

Although they knew that Chen Xiang had a lot of methods, they were more confident in their own strength. Even though they had already fallen from World Defying Stage to the Venerable Ancestor Later-stage, they felt that they could still take Chen Xiang down easily even if they met Chen Xiang.

Of course, they had brought some Venerable Ancestor Later-stage's underlings with them, so they were all very confident.

Although the big shots under the World Defying dragon demon's command looked friendly on the surface, they were all unwilling to work together. It was very difficult to get them to work together.

The Ghost Emperor and High Priest thought that if they could capture Chen Xiang, then the contributions would be the greatest, and the World Defying dragon demon would set their sights on them. Therefore, when they came in, they separated at the same time, and the Forget-me Divine Race and the other Divine Body Venerable Ancestor did the same, they would definitely not submit to these outsiders.

If they were to gather together, it would indeed be a very powerful force, but right now, it was just a piece of loose sand!

"This forest is not big, could it be that we have to dig open the forest to find Chen Xiang?" The Ghost Emperor was currently standing on a large tree. He was in a bad mood because after searching for two, he couldn't find any clues.

"Lord Ghost Emperor, I just found out that Chen Xiang also has a friend here. He has a friend named Tang Zhongjie, and it's right inside here, if we find him, we might be able to lure him out." A middle-aged man suddenly flew up and said to the Ghost Emperor.

Tang Zhongjie originally had a few friends who knew about Chen Xiang, and among those friends of his, there were a few who had forgotten about benefits and ties, thus the matter of Tang Zhongjie's good relationship with Chen Xiang was also known by the Ghost Emperor.

"Can you find that Tang Zhongjie?" Hearing that, the Ghost Emperor was secretly happy, and said quickly: "Dao crystal is not a problem, but this matter must be kept a secret, we cannot let the High Priest know!"

Now that the Ghost Emperor finally had some clues, he was worried that the High Priest would find out, so he had to move quickly.

"Go and ask the person who revealed this information. If he is able to help us find Tang Zhongjie, we can give him a trillion Dao crystal." If he could capture Chen Xiang, forget about a trillion, even a trillion was worth it.

... ..

As Chen Xiang was refining the Wangwo scent, Sun Lingxing suddenly took out the Communication jade Symbol paper and sent a message to him.

"Chen Xiang, are you in closed door cultivation right now? The situation outside is not good, the Divine Body Venerable Ancestor is here, I found three of them through the Rats, and they are all very strong, I am not their opponent, you have to be careful when you leave. "

When Chen Xiang received Sun Lingxing's message, he was only slightly surprised. He was not afraid of the Divine Body Venerable Ancestor s at all.

"I understand. If you go out by yourself, you must be careful. It's best if you don't go out." Chen Xiang immediately replied.

Of course, Sun Lingxing did not want to go out. She only wanted to wait here quietly for the World Defying Stage Divine Mausoleum to open, and then go in with Chen Xiang.

Chen Xiang thought so too, but things did not go as well as he had imagined. This was because not long after Sun Lingxing had sent the message, he had received a message from Tang Zhongjie.

"Chen Xiang, you have to hide. Those fellows have already gone insane trying to find you!" When Tang Zhongjie sent a message to Chen Xiang, he was extremely furious.

Chen Xiang immediately asked: "Old Tang, what's wrong?"

However, he did not receive a response even after waiting for a long time.

"Did they arrest Old Tang?" Chen Xiang immediately had such a guess, and then used the Six Realms Time and Space Door s to teleport to the vicinity of Old Tang's location.

Chen Xiang listened carefully and saw that it was Tang Zhongjie screaming in pain. He immediately teleported into the hollow of the tree and saw that the Ghost Emperor was beating Tang Zhongjie up with a chain that burned with black flames!

## [Chapter 2980](#)

Chen Xiang never thought that the Ghost Emperor would come to the Primordial Forest, the Ghost Emperor was from the World Defying Stage, if he appeared in the forest now, it meant that his cultivation had regressed, he belonged to the Venerable Ancestor Later-stage!

"Hurry up and tell me where Chen Xiang is, or else you'll be in a lot of trouble from now on." The Spirit Emperor stepped on Tang Zhongjie's old face, and asked sternly: "If you do not, I will not kill you, I will only make you wish you were dead!"

"Pah! Even if I were to die, I wouldn't do it. I don't want some people to betray their friends like they did." Tang Zhongjie looked at the old man behind the Ghost Emperor in anger. It was obvious that this old man had betrayed him.

"You're being stubborn, aren't you!?" "I'll smash your mouth right now." The Ghost Emperor sneered, then brandished the chain again. Just as he swung the chain, he suddenly felt a very weak spatial fluctuation.

Only Chen Xiang was able to use the power of space here, causing him to be overjoyed, because Chen Xiang had arrived and was just around the corner. He believed that he would be able to catch Chen Xiang soon, and when he obtains the complete World Defying soul, he would be stronger than the Bone Emperor and Dragon Demon Ancestor.

"Chen Xiang, I know you are nearby." The Ghost Emperor suddenly laughed sinisterly, and just as he was laughing wildly, he suddenly smelled an intoxicating fragrance, which immediately made him feel refreshed, but he quickly reacted.

This is the Poisonous scent!

When the Ghost Emperor came in, he was responsible for leading the way as well as the suppression of the Poisonous scent in the Sea of Wangwo flower. He had never smelt this kind of Poisonous scent before, but from the description of poison, he immediately knew that he had been poisoned with the Wangwo scent's poison.

Wangwo scent that had been refined by Chen Xiang using the Crash method were extremely terrifying, and the poison itself was extremely dense. If one could smell even a little bit of the poison, it would be extremely difficult to resist the spread of the poison.

The people inside the tree hole were all poisoned, Chen Xiang saw an old man taking out an antidote pill, he immediately teleported in and hit the old man with his palm, causing the old man's body to be covered in blood mist.

The old man had the Detoxification Pill, and the person that was clearly in the forest for a long time was the old man that sold Tang Zhongjie out.

"Chen Xiang... "You're so despicable." The Ghost Emperor was currently immersed in an indescribable beauty, but in his heart he clearly understood that he needed to resist this devilish feeling of relaxation, or else he would sink into it.

"A guy like you has the word despicable? I've never seen a man as brazen as you. " Chen Xiang took out a antidote pill for Tang Zhongjie to eat, then took out a jade box. With a cold expression, he walked in front of the Ghost Emperor.

At this time, the Ghost Emperor's expression was hideous, and waves of comfort were constantly assaulting his body, but he had to resist this feeling of comfort. At the same time, this feeling of comfort also made him infatuated, making him want to relax his entire body and let this comfortable feeling spread throughout his body, causing him to be in a contradiction of pain.

Chen Xiang opened the jade box. Inside were all some purple powder, he grabbed a handful and scattered them all over the Ghost Emperor ...

When the Ghost Emperor saw the purple powder, he knew that it was Wangwo scent s, but they had actually been turned into powder by Chen Xiang. When he saw the powder, he felt that he was going to be trapped in a situation where life and death were worse than death.

At this time, the other Dragon Demons had already given up on resisting, and were all intoxicated in the Poisonous scent.

"He's pretty good, he didn't faint right away." Chen Xiang stomped his foot on the Ghost Emperor's face, "You have killed Time Ghost, and now we shall settle this debt. Don't worry, I won't let you die immediately.

"Time Ghost... You actually know the Time Ghost, so his Time Dao Meridians are in your possession? " Although he was immersed in the Wangwo poison, he was extremely afraid. He was afraid that when the Wangwo poison flared up in the future, he would not be able to use it to cure the poison, and he would not be able to try it again. This would be a very painful thing.

"That's right, so I must avenge the Time Ghost! You fellow who worked for the Dragon Demon, today I will let you know how terrifying I, Chen Xiang am. " After Chen Xiang killed the other Dragon Demons, he looked at the Ghost Emperor from inside the hollow of the tree.

He took out the Six Realms mirrors and had the Ghost Emperor sit on top of it, and waited like this for the Ghost Emperor to wake up.

After the Ghost Emperor woke up, he had already recovered a bit of his strength. He could struggle crazily and wanted to escape from the Six Realms mirrors, but his strength was too weak.

"Chen Xiang, quickly release me." The Ghost Emperor knew that the Forget-me Divine Race had a way to cure the poison, so he hoped to be able to leave the forest as soon as possible the next time the poison appeared.

"Why should I let you out? "You are my enemy, and you mistreated my friend. Even if I were to be kicked in the head by a donkey, I would never do such a foolish thing as letting you go." Chen Xiang crossed his hands against his chest and leaned against the wall, looking at the Ghost Emperor.

had experienced it before, so he had a deep understanding of it. He also knew that torturing others using this method was the most cruel, and much more painful than torturing his body.

The Ghost Emperor started to curse, but Chen Xiang remained indifferent.

After being injured by the Ghost Emperor, Tang Zhongjie had gradually recovered. He was standing right beside Chen Xiang, waiting for the Wangwo poison on the Ghost Emperor's body to flare up. Their eyes were all filled with anticipation, as if they were waiting to watch a big show.

The Ghost Emperor felt hatred in his heart, he couldn't understand why he would be so unlucky to actually meet a guy like Chen Xiang.

Very quickly, the Wangwo poison on the Ghost Emperor's body flared up, and that addiction caused his body to tremble. He longed for the intoxication brought by the Poisonous scent s, as it could numb the pain on his body.

"Who else came in here other than you?" Chen Xiang asked, then took out a jade box. Inside the jade box was the purple colored Wangwo poison powder.

"Also... And the High Priest. " The Ghost Emperor's heart had already collapsed. He immediately told Chen Xiang everything he knew and told him all of their plans.

"The High Priest is here too! This is great!" Chen Xiang's eyes shone, he was extremely happy: "The World Defying dragon demon actually has a complete set of World Defying soul in its hands, but unfortunately, you won't be able to enjoy it anymore!"

Chen Xiang was anxious to deal with the High Priest, so he released a ball of fire and killed the Ghost Emperor.

Seeing the Ghost Emperor burnt to ashes by the World Defying god fire, Chen Xiang kept the Six Realms mirrors and brought Tang Zhongjie to Sun Lingxing's underground palace.

"The Spirit Star isn't here!" Chen Xiang was shocked. Sun Lingxing had actually left, and the outside world was extremely dangerous. Other than the few Forget-me Divine Race s, there was also the High Priest, who was an evil and vicious bastard.
