

## Dan God 2991

### [Chapter 2991](#)

Chen Xiang was wary of his surroundings, he was afraid that the black figure would be hostile, and would suddenly attack them. By now, they were already atop the Six Realms mirrors, and the protective shield released by the Six Realms mirrors could protect them.

The black figure suddenly appeared again, just before they flew past each other. Earlier, this black shadow was still inside the Heavenly Cauldron Pill Tomb, which was also the barrier. However, when he was flying just now, he was outside.

"Are you really the Myriad Star Goddess? I don't think so. My strength is too weak! " A voice rang out. It was the voice of a man, with a tone of contempt, as if it was very disdainful. "

Sun Lingxing knew that her cultivation was currently very low, but she did not care about how much that person looked down upon her, and only indifferently said: "That is also something that cannot be helped, it is extremely difficult for me to enter the World Defying Stage Divine Mausoleum from the outside, I cannot enter with my cultivation, you should know about this, right? When I entered the Primrose Forest, my cultivation had already regressed. " Sun Lingxing said.

"Are you willing to enter?" That person was a bit shocked and could not believe it either, because many people were unwilling to let their cultivation regress after so much effort.

"What is there to be reluctant about?" Sun Lingxing laughed faintly: "Now you can let us in, right? "As far as I know, any human who comes here can enter the Heavenly Cauldron Pill Tomb!"

Chen Xiang and Sun Lingxing were shocked that there was suddenly a living person, but this person was still very strong, and it seemed like he was protecting the Heavenly Cauldron Pill Tomb.

"You can come in, but after you come in, it's very likely that you won't be able to leave." The voice said, "Have you made your decision yet? Otherwise, don't blame me for not reminding them when the time comes. "

Chen Xiang and Sun Lingxing looked at each other. After entering, they were unable to come out, which made them a little unwilling in their hearts. They did not want to stay in there forever.

"Why can't I get out?" Sun Lingxing asked.

"You are here for the Myriad Tao Dan God's Dan god mystery, right? After letting you in, you can only leave after obtaining the Dan god mystery! In other words, it would not be so easy for you all to obtain the Dan god mystery after entering, because we, the disciples and disciples, have yet to find it. "

This person was actually Myriad Tao Dan God's disciple, no wonder he could be here!

"At first, we decided to follow the old man into this place to accompany him, and the Patriarch told us that we could only leave this place after obtaining his Dan god mystery. "Therefore, you must make a decision. If you are unable to leave, you will have to live a very difficult life here."

The Heaven Cauldron Pill Tomb seemed like a small mountain, but hearing this person's words, everyone felt as if there were a lot of people inside.

"How is it? Do you want to go in? " Sun Lingxing was looking for's opinion right now, because she brought Chen Xiang here for the sake of obtaining the Dan god mystery. She just did not expect it to happen in such a way.

was also considering, the Dan god mystery was indeed very important, because it could allow his pill refining skills to go a step further, and might even allow him to surpass a limit that no one else could.

However, there was a huge risk that he wouldn't be able to exit after entering!

Chen Xiang needed to think carefully about this!

"Enter!" Chen Xiang decided to enter. He believed that he would definitely have a way to find the Dan god mystery since he had many Heaven devouring rat in his possession. This would help him in his search for the Dan god mystery.

Sun Lingxing nodded his head, "We have decided to enter!" No matter what decision Chen Xiang made, she would not oppose it. The reason she came here was to help Chen Xiang, to make him stronger.

She knew about Chen Xiang's pill refining potential. Only by letting Chen Xiang cultivate the Dan god mystery would he be able to reach the pinnacle of his pill refining skills.

Sun Lingxing and Chen Xiang decided to enter the Heavenly Cauldron Pill Tomb at the end. The voice let out a cold laugh, "That's fine, if you can't find the Dan god mystery, then stay inside with us. After all, many of us have never seen an outsider before."

It was only the first time World Defying Stage Divine Mausoleum had opened it, so it was normal that they did not meet any outsiders!

A hole suddenly appeared in the barrier that had enveloped the small mountain. That person shouted, "You can come in now. Of course, there's still time to regret!"

Chen Xiang and Chen Xiang had already decided, so there was nothing to regret. The two of them quickly walked towards the entrance and stepped into the barrier.

The moment they went in, the entrance closed automatically. They knew that if they were unable to find the Dan god mystery, they would not be able to come out, so he had to find it!

Especially for Chen Xiang, he felt the greatest pressure. If he was unable to leave the place, and if something were to happen to the Natural Law World, he would not be able to save her.

Sun Lingxing didn't have anything to do with it, since she was already used to living here, she could only stay here for a little longer.

"I thought that only the guy in the lobby was the only person alive here. I didn't expect that there would be so many of them." After Sun Lingxing entered the enchantment, he sensed the aura of living people.

Chen Xiang also sensed it, and said while nodding: "It's on the ground. It seems like the Myriad Tao Dan God's mausoleum is right underneath here.

Just as Chen Xiang had thought, not long after he and Sun Lingxing had entered, he saw a stone door suddenly appear on the ground in front of them. The stone door was opened, and indicated for them to enter.

Although they had entered the barrier, they did not go near the small mountain and directly entered the passage to the underground palace.

Very quickly, Chen Xiang and Sun Lingxing arrived at the underground palace. Inside, there was actually a small town with a few thousand people.

The people here seemed to already know that outsiders were coming in. At this moment, they were all waiting at the entrance. They wanted to see what the people outside looked like.

As a result, after Chen Xiang and Sun Lingxing entered, they were immediately enveloped by the crowd's gaze that was as if they were looking at a rare animal.

Chen Xiang could sense that the people here were not weak, they were all extremely strong. He took a look at the sky above this place, and saw that there was actually a bright and beautiful sunlight and a blue sky above.

However, they were also trapped inside. They could not leave unless they obtained the Dan god mystery.

"This is a foreign human! It wasn't that powerful! Especially that guy. He looks pretty good, but why doesn't he give off a strong feeling?" An elder stared at Chen Xiang and asked curiously: "Could it be that the humans outside are getting weaker and weaker? Is there a growing shortage of resources? "

Chen Xiang had hidden most of his presence at this time, so he looked weak. He did not mind this point, as he had come here to search for the Dan god mystery.

Until now, Chen Xiang and Sun Lingxing had not seen the black shadow outside. When they came to this small town, they had a strange feeling being surrounded and watched.

## [Chapter 2992](#)

Sun Lingxing looked around, pulled Chen Xiang along, and quickly walked through the crowd towards the front.

At the end of the street, there was a forest. There did not seem to be any buildings, and the people here all looked unfriendly, so Sun Lingxing did not wish to be watched by them for too long.

"These guys are sitting in the well, watching the sky!" After Sun Lingxing brought Chen Xiang into the forest, he humphed lowly, "It's just that they don't have the experience, no wonder they were trapped in this place their entire lives, and it definitely won't be long before we can leave."

Sun Lingxing seemed to be very confident about this.

"Do you have any leads?" Sun Lingxing asked: "Do you feel that this place is strange?"

"No!" Chen Xiang shook his head: "After I came here, I just felt that the people here were all very strong, and most of them could concoct pills. They all had a faint smell of medicinal herbs, and every family had a medicinal field.

When Chen Xiang and Sun Lingxing were walking down the street, he saw that the houses inside were all around the same size. Even though there was a wall, he had released a few Heaven devouring rats to check and found that there were many fields of medicine inside the wall.

"I wonder what their alchemy standard is." Chen Xiang said: "I keep having the feeling that everyone here should know a little about Dan god mystery, it's just that it's not the most complete copy of Myriad Tao Dan God."

The people inside were all the disciples and juniors of the Myriad Tao Dan God. He was sure that the Myriad Tao Dan God had definitely passed them down to his disciples, and that his disciples had definitely passed them down to his juniors or descendants.

"Then what exactly is inside the Dan god mystery? If everyone here knows, why can't he leave this place?" Sun Lingxing asked.

As for what kind of comprehension it is, I'm not too clear. In short, it's extremely important, because not everyone can comprehend the Dao of alchemy, especially the kind of comprehension that Myriad Tao Dan God has towards the end of the dao. "Yun Che's eyes narrowed. Chen Xiang said: "That should be the real Dan god mystery."

"How can I find it?" Sun Lingxing did not know much about refining pills, but seeing that Chen Xiang had mentioned such a profound thing, she suddenly felt that Chen Xiang was very powerful.

"I don't think there's a need to look for it, but rather, I should know how to obtain it!" Chen Xiang laughed: "All we need to do is to find out where Myriad Tao Dan God is located, we just don't know where he is buried."

"You mean, it's on Myriad Tao Dan God?" Sun Lingxing saw that there were clues, and secretly rejoiced in his heart. This way, they wouldn't have to stay here for too long.

"It should be. The Dan god mystery is so important, so it must be him." Chen Xiang said: "Now, we will go and find out if there are any other clues regarding the Myriad Tao Pill."

Sun Lingxing nodded: "Let's go to the small town to take a look!"

Chen Xiang and Sun Lingxing came to the little town. Because they were strangers, many people left them and did not dare to approach them. Furthermore, most of the people here were very cold and indifferent, unwilling to approach them.

Sun Lingxing took the initiative to approach the few of them, but those people immediately avoided them, or said nothing at all.

Chen Xiang himself did not try to do so, let alone a beautiful woman like Sun Lingxing.

"These guys!" Seeing that the entire street had become empty, Sun Lingxing was angry, she snorted, and stomped her feet.

Chen Xiang laughed, "Don't worry, there will definitely be a way ... As long as these guys are still human, then they have a weakness. We just need to use a little trick to solve it! "

"What can you do? Why didn't you say so earlier? Sun Lingxing scoffed.

"The reason why these people treat us like this is mainly because we are unfamiliar with them. They also think that we are very weak and can't bring them any benefits ... They are all very arrogant, after all they are the disciples and grandchildren of the Myriad Tao Dan God. Chen Xiang laughed: "To deal with such a person, the best way is to tempt him. This is a very useful method in many situations!"

"What can you use to tempt them? The Dao crystal? They do not seem to need it, and this place is extremely strange. Their house has a huge array inside that can gather a large amount of Myriad Tao's power, allowing them to grow medicinal herbs. They do not need Dao crystal as the energy source for the formation. " Sun Lingxing had thought about it before, but felt that it wouldn't work, because they didn't have enough profits to move the hearts of the people here.

Sun Lingxing sighed lightly: "They do indeed have the right to be proud, after all, they are all descendants of the Myriad Tao Dan God, have unparalleled pill techniques, and have a large number of precious herbs. The Heaven Defying Formation that has already planted the herbs basically doesn't lack anything!"

"Although the people here all look very strong, but ..." There aren't many in their World Defying Stage, and most of them are just at the peak of the Venerable Ancestor Later-stage. " Chen Xiang said: "There might be a portion that has the strength of the Divine Body Venerable Ancestor, but most of the people here are not far from the Venerable Ancestor Later-stage outside." Chen Xiang said: "So, they did not have any pellet that would allow them to step into the World Defying Stage."

"You ... Do you really have one? " Sun Lingxing knew that there was a World Defying Stage girl in Chen Xiang's You Yao Mountain Villa, and she did not ask about the relationship between the girls and Chen Xiang. Hearing Chen Xiang's tone now, she suddenly felt that the woman was able to step into the World Defying Stage as if she had eaten his divine pellet to achieve a breakthrough.

"Yes, but it will take a lot. I only need a few pills and it will be enough for us to know what we want to know. Right now, we only need to find someone who has a better attitude." Chen Xiang said: "Let's continue wandering around here!"

Sun Lingxing did not think that it would actually exist, and this made her suddenly moved. She wanted to enter World Defying Stage as well, because she wasn't very confident that she would be able to recover the strength of her previous life.

"Alright!" Sun Lingxing nodded, knowing that Chen Xiang could concoct pills to allow people to enter World Defying Stage, she immediately felt reverence towards him, and the way she looked at him was a little different.

After strolling around for a long time, they finally met an old man who was walking very slowly. This old man had a head full of white hair, and although there were only a few wrinkles on his face, he gave off a very old feeling.

There was no light in the old man's eyes, it was gray in colour, as if the flames of his life had burned to the end. Thus, even though he knew that Chen Xiang and Chen Xiang were outsiders, he did not have any other emotions.

No matter how arrogant he was, no matter how strong he was, he was currently just an old man whose lifespan was about to run out. On the other hand, Chen Xiang and Sun Lingxing were two youths with vigorous lives, so how could he dare to look down on them?

### [Chapter 2993](#)

Chen Xiang felt that even if he did not gift the Heaven and Earth infinite Dan to the old man, the old man would have told them many things!

When they saw this old man, their reactions were the same as when they saw Chen Xiang and Sun Lingxing. Their faces were filled with disgust and disgust, after all, this old man was about to die, to them, he was just a weakling, and because they could not break through, they would die of old age.

"Old senior, can I come to your house for a visit?" Chen Xiang anxiously walked over and smiled, and asked politely.

The old man slowly raised his head, looked Chen Xiang up and down, and then slowly said: "Welcome!"

It could be seen how old he was right now. With a glance, one could tell that the reason why Chen Xiang and Sun Lingxing were in such a predicament, was because they did not understand it, and wanted to ask this old fellow about it.

Seeing how Chen Xiang's attitude was so good, the old man was very happy. After all, it had been a very long time since anyone was this polite to him.

After which, Sun Lingxing and Sun Lingxing followed the old man to a very remote, old and worn out hut.

After Chen Xiang and Sun Lingxing left the small town, many people came out to discuss. They did not think that this foreign person would actually pay attention to an old man who was about to die.

The people here were strongly against the old man who was on the verge of death. Even though they knew that they would do the same in the future, they still would not approach him.

"The World Defying Stage Divine Mausoleum has already opened!" The old man chuckled, "Looks like a new reincarnation is about to begin. It's not easy for me to live till now, I remember that I have seen Myriad Tao Dan God before, but unfortunately, I have yet to comprehend his profound Dan god mystery."

The old man seemed to have seen through everything, he was no longer afraid of death, it was just that it was a pity, a pity that he was unable to comprehend the profoundness of the Dan god mystery.

"If you have anything to ask, ask away. I will tell you! After all, you all have blood and flesh, and are much better than those guys. " The old man couldn't help but sigh.

"Senior, the people of the same generation as you have left?" Sun Lingxing asked: "Based on my understanding of the disciples in Myriad Tao Dan God, they shouldn't be like this!"

"I'm the only one left. It's also because I'm from the oldest generation and am unable to step into the World Defying Stage that they look down on me so much." The old man brought up this matter with sorrow: "Some of the younger generation are truly powerful, to be able to step into the World Defying Stage ... Of course, there are only a few, and most of them have no hope of breaking through.

However, she did not say it out loud. After all, she no longer had the cultivation that she had back then, so there was no use in saying it out loud.

"Lost in what way?" Chen Xiang was very curious about this and asked immediately. He also felt that it was strange, after all these years, the Pill God Clan that had such superior conditions should only have a few World Defying Stage s.

Of course, Chen Xiang did not know how difficult it was to enter the World Defying Stage, which was why he had such a thought!

There were World Defying Stage s in the World Defying Stage Heavenly Sect, but not many! Although there were Dragon Demons, they used unorthodox methods to advance, so they could not be considered a real World Defying Stage. And there were only a few Forget-me Divine Race s, none of them were very strong.

Chen Xiang had never experienced it himself, and adding the fact that he had already refined a divine pellet, such as a Heaven and Earth infinite Dan, that would allow him to make a breakthrough, he would not have that kind of experience in the future.

"In order to not get killed by the Myriad Tao, they all chose to rely on eating pills to raise their cultivation. Although this path is the right one, they went astray when they walked, which resulted in such a huge change in their personalities." The old man said, "Firstly, their improvement speed can be said to be extremely fast. In a short period of time, they will be able to reach the peak of the Venerable Ancestor Later-stage, so they have long looked down on old trash like me."

"Senior, do you know where the Myriad Tao Dan God is buried?" Chen Xiang asked, this was what he was most concerned about, "When we first entered, we were told that if we were unable to find the Dan god mystery, then we were unable to leave.

"That's right, we have mastered Dan god mystery, but we are not able to master the most important part, it requires us to comprehend it first." The old man said: "Only a few that have comprehended a little will be able to make a huge progress during pill refining. Then, through consuming the pills that they concoct, they will be able to step into the World Defying Stage!"

"Oh? Doesn't that mean someone can refine a divine pill to allow someone to enter the World Defying Stage? " Chen Xiang was shocked, and anxiously asked.

"Yes, but that requires a lot. They would definitely not refine it for an old piece of trash like me." The old man shook his head: "Of course, even their loved ones would not be able to eat their pills, they are all very selfish people, the moment they enter the World Defying Stage, they would immediately break away from their loved ones, if not they would have to refine a large number of pills for their loved ones to break through, which would take many years, and a lot of energy."

Seeing the old man's current expression, Chen Xiang and Sun Lingxing could guess that this old man had definitely experienced something like this before.

"My son has entered the World Defying Stage!" The elder let out a long sigh, "It has been many years since I last saw him. He would rather cultivate other youngsters than pay attention to me!"

The old man looked at Chen Xiang and said: "You want to go to the Myriad Tao Dan God's mausoleum? You want to learn Dan god mystery? "

Chen Xiang nodded.

"I'll pass the Dan god mystery to you now!" The old man took out a book and said: "The Dan god mystery are already inside. After you learn it, I'll bring you to see Myriad Tao Dan God's tomb."

Chen Xiang took the Dan god mystery and looked at it, and could not help but frown, the mental cultivation method and the Myriad Tao Divine Arts actually had some similarities, but there were also many differences, some even going in the opposite direction.

"Senior, this is your little gift that I expressed my thanks to. See if it's useful or not." Chen Xiang had already obtained the Dan god mystery, and he felt that it was very useful to him, so he gave ten Heaven and Earth infinite Dan to the old man.

The Heaven and Earth infinite Dan was given to him by the Half-ghost Old Man, it was a unique inheritance within the Myriad Tao Mausoleum. Even to this day, he did not know who the Half-ghost Old Man was, but he still felt that it was extremely mysterious.

Of course, there was also his World Defying god fire s, which were also extremely terrifying existences. Even Sun Lingxing, the Myriad Star Goddess, found it hard to believe that Chen Xiang could actually learn to use these flames.

"This... "What pill is this?" After all, the old man had been concocting pills for many years. Lust. The Spirit Dao Pill had been around for many years, he knew that the Heaven and Earth infinite Dan was different from the others when he saw it, and his hands could not help but tremble a little.

#### [Chapter 2994](#)

The quality of the Heaven and Earth infinite Dan that Chen Xiang refined was very high, he had used the Crash method to refine multiple times, and the Crash method was something that he comprehended by himself, no one else knew.

Refining Heaven and Earth infinite Dan was still very difficult, and Chen Xiang only succeeded because he knew many different methods.

"Senior, try and see if this will help you right now!" Chen Xiang laughed, the old man is a good person, he told them so many things and even brought them to the Myriad Tao Dan God's mausoleum, he is very different from the cold and detached people here. "

"It will definitely be useful!" The old man seemed to be able to tell at a glance how much the Heaven and Earth infinite Dan had helped him.

At this time, Sun Lingxing was also very curious about whether this kind of pellet was really useful. She tugged at Chen Xiang's sleeve and said softly: "Give me one too, I want to give it a try!"

When Sun Lingxing took one out and held it in her hand, she indeed felt that it was different from the rest, because the quality of this pellet was very high, it was vastly different from the pellets she had seen before. Especially when she felt the vast and boundless energy within the Heaven and Earth infinite Dan, she couldn't help but be shocked, as if she was holding a ball of pure energy in her hand.

Now she understood why the old man was so sure that this pill would work on him. Sun Lingxing felt the same way.

After she ate it, she very quickly felt the greatest benefit of this pill. Especially not long after she ate it, this pill released a very strong burst of Myriad Tao energy that was nourishing her body and the Divine Sense Sea.

The Heaven and Earth infinite Dan had been refined using many Crash techniques and had already developed a Spirit God, so after eating it, it would quickly refine itself. There was no need for him to refine it himself, all he needed to do was to guide the energy himself.

"He really is powerful!" Sun Lingxing could not help but exclaim in surprise. No matter how she thought about it, she could not understand why such a profound and vigorous Myriad Tao's power would be contained inside a tiny pellet. She was very sure that if there were enough of these Heaven and Earth infinite Dan, she would be able to break through to World Defying Stage.

"Senior, we just want to go take a look at that mausoleum. Can we go now?" Chen Xiang asked. He had only obtained the Dan god mystery, he had not gone to learn it.

Chen Xiang planned to go to the mausoleum first to see if he could find the legacies left behind by the Myriad Tao Dan God and if he could obtain the Myriad Tao Dan God's insights into the Dan god mystery. If he could obtain it, then he would learn the Dan god mystery again with twice the results and half the effort.

"Of course you can, but you will have to wait for two days!" The old man said in a deep voice, "Recently, there have been some fellows inspecting the place. They want to find something inside as well." We should be leaving in two days.

Chen Xiang felt it was a little strange, and asked: "Why would there suddenly be people going there? After all, you have been here for so long, you must have already searched for it.

The elder shook his head, "No, that place has already become extremely dilapidated. However, no one has ever been able to find anything there before. This is the old ancestor's mausoleum, but in order to have a breakthrough, everyone almost did not dig the mausoleum. Fortunately, the mausoleum itself also has a defensive formation, or else it would really have been dug out. "

"To think that something like this would happen. Isn't this too disrespectful to the Old Ancestor?" Sun Lingxing was very surprised. She thought that the people here would worship the Myriad Tao Dan God very much.

"Sigh... That's how those guys are. In order to achieve their goals, no matter what methods they use, Myriad Tao Dan God is indeed worthy of respect, but in the eyes of many people, they are just corpses.

To be able to find something useful to them from his mausoleum would make them happy. " The old man shook his head helplessly.

After that, Chen Xiang and Sun Lingxing chatted with the old man for a while longer. Sun Lingxing asked Xu Du about the things related to the Myriad Tao Mausoleum, although she knew a little about it, she still had some things that she did not know about, especially some things related to the Myriad Tao Dan God.

The old man's name was Fang Haoyun, he was the oldest person here, he did not have much lifespan left.

But now, Chen Xiang had given him some Heaven and Earth infinite Dan, which made him extremely happy, because he felt that he had hope. Once he broke through, he would be able to live for a longer time, and might even continue to break through in the future.

There were still two days before he could go to Myriad Tao Dan God's mausoleum, and Fang Haoyun had also eaten his Heaven and Earth infinite Dan s in these two days. He had only eaten two pellets, and after cultivating for two days, he walked out of the room with great vigor.

"We can start now. I hope we don't run into those guys." Fang Haoyun seemed to really hate those fellows, and the people he spoke of were just a small force that belonged to his son.

His son was able to break through to World Defying Stage and even accepted many disciples. Of course, he didn't take those people as true disciples. He only accepted them to help him with his work, and he didn't usually guide them.

When Fang Haoyun brought Chen Xiang and Sun Lingxing out the door, he saw a few black-clothed men blocking their way. They had their arms crossed and fierce expressions on their faces.

They were all very strong, and when they were facing them, Chen Xiang and Sun Lingxing felt like they were facing Divine Body Venerable Ancestor, so when they saw them, they immediately became alert.

"Geezer, you took these two in?" A leading black-clothed man asked. From the tone of his voice, it was obvious that these people were very arrogant.

"Yes, they are all my friends. I let them stay in my shitty house for the time being. Is that alright?" Fang Haoyun said, he was also a bit worried that these people were here to cause trouble, but he was not afraid, if they were to make things difficult for Chen Xiang and Sun Lingxing, even if he had to put his life on the line, he would not let them off.

Fang Haoyun had already told Chen Xiang and Sun Lingxing before, that he originally had the largest mansion here, but because he was growing older, more and more people began to despise him, and then chased him out of that largest mansion.

That house was currently occupied by his son. Back then, when Chen Xiang and Sun Lingxing heard that he had a son, they were extremely angry. His son was now in the World Defying Stage, and was one of the few strong warriors there.

The people in front of him also seemed like his sons. Apart from his son, no one else would dare to come and cause trouble for him. This was truly ironic!

"It's nothing. As long as they live in this town, they will have to pay us to settle down. What do they have in their hands?" If not, then come with us and be our slave for a thousand years to make up for it. " The black-clothed man's voice was extremely severe, but when he looked at Sun Lingxing, his eyes were filled with anger. Lust. Evil.

Chen Xiang said coldly: "Why would you want us to be your slaves?"

#### [Chapter 2995](#)

Fang Haoyun saw that Chen Xiang was enraged and knew that if this continued, there would be a high possibility of conflict. He immediately said: "Don't you guys go too far, this town has never had such rules!"

"Before, because no outsiders came in, there were no such rules, but now that there are outsiders, our Lord has set such rules. This time, he is the one who told us to come here and collect their house fees, if they don't have any, then we can only do things according to the rules." The black-clothed man has already walked forward and is preparing to make a move against Chen Xiang and Sun Lingxing. "

Chen Xiang and Sun Lingxing were already very strong, seeing that they were approaching, they all gathered their powers and prepared to attack!

"Wait a minute, how much money do they need for housing? I'll pay!" Fang Haoyun hurriedly said. Chen Xiang had given him a very precious divine pellet, and Chen Xiang and Sun Lingxing treated him extremely well. How could he let these two youths be taken away to be slaves?

"Elder Fang, you don't have to give it to them. These guys can't do anything to us!" Chen Xiang's expression was cold, her fists clenched tightly, and Sun Lingxing's jade face was also covered in frost.

"Why... Do you want to fight against us? " The black-clothed man suddenly laughed out loud: "This is too funny, you weak foreign chickens actually want to fight us! With just that little bit of strength of yours, not to mention us, even if we were to find a few youngsters, they would still be able to kill you! "

Fang Haoyun thought so too. Although Chen Xiang could refine divine pellets, it did not mean that he was strong. After all, he was not World Defying Stage yet!

At this time, many people had come to spectate one after another. When they saw the expressions that Chen Xiang and Sun Lingxing had when they looked at the black-clothed men, they could tell that they wanted to fight the black-clothed men!

"Old Man Fang, did you not tell these two foreign youngsters how strong your son is?" Let's not talk about the two of them, even if you included with that old fellow here, you still wouldn't be a match for these five Black Divine Guards! "

"An outsider who doesn't know his place, he actually dares to provoke Black Divine Guards!"

"Elder Fang, I originally thought that someone would collect your corpse. I didn't think that you would be helping them collect their corpse. What a joke!"

"No, no, no. If they were to fight with the Black Divine Guards, they would not even have a corpse!"

"Old Man Fang was already about to die, but he actually brought bad luck to others before he died. He really is a dead man."

"In the future, we have to stay away from old man Fang so that we don't get killed by him."

Everyone was discussing amongst themselves, all of them were actually talking about Fang Haoyun, causing Chen Xiang to not understand, why did these people hate an old man that makes people hate them?

He guessed that it must be Fang Haoyun's son doing something behind his back that made everyone here hate Fang Haoyun. This way, he wouldn't need to help this dying old man to break through, and would be able to relieve the pressure.

"Such a son is truly a scum!" When Chen Xiang thought about this matter, his heart was filled with anger.

At this moment, they heard that the people here were praising their strength, making them extremely happy, so they wanted Chen Xiang and Sun Lingxing to rebel against them, and at that time, they would be able to display their strength.

"Big brothers Black Divine Guards, this is my condensed Fast-Birth Pearl. I'll give it all to you, please let these two young people go." Initially, he also wanted to fight with these Black Divine Guards, but he thought that if he died, Chen Xiang and Sun Lingxing's fate would be very bad, so he could only endure for now.

The Black Divine Guards looked at the more than ten white pearls in Fang Haoyun's hands, sneered, and extended his hand to grab them: "Only ten beads, it's far from enough, I need at least a hundred beads!"

As Black Divine Guards said that, he took the ten pearls and actually wanted to take them for himself.

"This old geezer is about to die, how can he still have a hundred pills?"

"That's right, hurry up and bring the three of them away. Just looking at them is annoying!"

Chen Xiang was completely enraged. He looked at the Black Divine Guards and said solemnly, "Hand over all those quick birth origin orbs just now, and I'll spare your life!"

Hearing Chen Xiang's words, everyone was stunned, then burst out laughing. They actually wanted Black Divine Guards to hand over the Quick Birth Pearl, in their eyes, this was simply overestimating himself.

Using the Dan god mystery's method to cultivate it would allow the herbs to grow at a rapid rate. When planting the herbs, one only needed to bury them next to the herbs and use them as fertilizer!

"Brat, you actually dare to speak like that to me. You're courting death, right?!" The Black Divine Guards was fierce and harsh. As he spoke, he arrived in front of Chen Xiang, raised his palm and slapped Chen Xiang's mouth. Puchi!

He just saw that when his hand was about to swing out, a cold light flashed. It was Chen Xiang who suddenly summoned out his Heavenly magic sword, using the God Murdering Sword Techniques to slash at the Black Divine Guards's shoulder!

Ah...

Black Divine Guards screamed miserably, one of his arms was already on the ground, but his arm was actually cut off at an extremely fast speed. Unexpectedly, no one present saw whether Chen Xiang used a blade or a sword, because his speed was too fast!

Everyone looked at Black Divine Guards's bloodied arm on the ground and couldn't help but to be shocked. This seemingly weak young man actually had such a powerful strength and astonishing speed!

"You ... You. How dare you attack me! " The Black Divine Guards was also extremely frightened.

"So what?!" After Chen Xiang finished speaking, a cold light flashed again. Black Divine Guards's head had fallen to the ground, while Sun Lingxing waved his hand and released a white light that struck the black clothed man's head and body.

The corpse that was hit by Sun Lingxing's white light turned into a cloud of white ice crystals and dissipated. The powerful Black Divine Guards died just like that, which made everyone present dumbstruck!

The other four Black Divine Guards could already see that Chen Xiang and Sun Lingxing were extremely strong! However, they were not willing to be outdone. They felt that their boss had underestimated Chen Xiang and Sun Lingxing, and thus was successful in getting taken care of by Chen Xiang and Sun Lingxing. If they were more careful, they would definitely be able to take both of them down.

After all, they were from the Venerable Ancestor Later-stage, and their Black Divine Guards was very famous here. It was because they were the strongest Venerable Ancestor Later-stage!

They felt that even if Chen Xiang and Sun Lingxing were both powerful Venerable Ancestor Later-stage s, they wouldn't be that powerful. With four of them here, they would definitely be able to defeat Chen Xiang and Sun Lingxing!

Fang Haoyun knew that Chen Xiang and Sun Lingxing had already caused a great disaster, because killing the Black Divine Guards was equivalent to becoming enemies with the master of the Black Divine Guards, and there was no way to avoid it.

A Black Divine Guards took out a black long blade and suddenly flew over. But after walking a few steps, everyone saw a skinny figure flash out and rush towards the Black Divine Guards.

Fang Haoyun made his move, in that moment, the burst of power he released caused everyone to wake up, although Fang Haoyun was old, although he was close to death, but he was the oldest person here, his strength was definitely not weak!

### [Chapter 2996](#)

A battle between experts at the peak of the Venerable Ancestor Later-stage would usually cause quite a commotion!

However, Fang Haoyun didn't make any huge movements when he made his move. In a flash, he arrived in front of Black Divine Guards and extended his withered hand out like a poisonous snake, silently piercing into Black Divine Guards's chest and immediately crushing his heart. And after his hand had entered Black Divine Guards's body, another burst of strong force burst out, charging into Black Divine

Guards's limbs and bones, causing the Black Divine Guards's bones and muscles to be instantly destroyed, and turned into a bloody mist!

Seeing this scene, everyone was dumbfounded!

Fang Haoyun was not as weak as they thought, and was even stronger than they expected. He was so strong that they had never expected him to be, and they all thought that Fang Haoyun, who was about to die of old age, shouldn't have such strength!

But, the move that Fang Haoyun had just made had shocked them!

When Sun Lingxing saw that the remaining three Black Divine Guards s wanted to escape, she immediately released her power of frost and frozen the three Black Divine Guards s. Chen Xiang also cooperated very well and used his God Murdering Sword Techniques to kill one of them. "

Fang Haoyun, who was fuming, came to the back of a Black Divine Guards with a cold expression. His pair of powerful, skinny claws instantly pierced that person's back, and then released a strong power from within, ripping Black Divine Guards's body apart and turning him into a bloody mist!

It was at this time that Sun Lingxing unleashed a ray of white light on the remaining Black Divine Guards. Using an extremely strong Icy cold power, he completely froze the remaining Black Divine Guards in ice, and then smashed apart this block of ice, turning his body into countless of swift crystals.

Everyone's hearts were filled with fear, because Chen Xiang and the other two had actually killed the five Black Divine Guards s so quickly, and did not even cause much of a commotion. From this, it could be seen that their strengths were far above Black Divine Guards's!

Fang Haoyun looked at the dumbstruck people around him, and suddenly became furious. He shouted at them, and then blasted out a palm, the power of the palm exploding out like a monstrous wave, shaking out numerous black palm images. Countless palm images merged together, and like a black tide, they mightily rushed towards the group of people!

Crash! \*

Fang Haoyun's powerful palm strength submerged the entire group of people, causing waves and waves of shocking sounds to burst out, making the group of people fall flat on their backs, all of them were flung out, and blood gushed out of their mouths. The worst thing was, Fang Haoyun's palm strength was like a heart-piercing needle, continuously piercing into their bodies, causing them endless pain all over.

"Elder Fang, it should be like this. Since I'm going to die sooner or later, I might as well enjoy myself!" Chen Xiang laughed heroically, and then released a Heavenly dragon seal, blasting that group of people.

Those who had mocked and ridiculed Fang Haoyun earlier, were now all screaming in pain. Although there were quite a few of them with Venerable Ancestor Later-stage s, they didn't have the power to resist at all, and were severely injured by Chen Xiang and Fang Haoyun in an instant.

"Although I can't beat my son, but I can still deal with you guys!" The reason why Fang Haoyun could endure it before, was because he didn't have any hope for his own future. Furthermore, he was from the oldest generation, and relied on the principle of not fighting with the younger generation.

But now, Chen Xiang and Sun Lingxing were being bullied, causing him to explode, because right now, he was not doing it for himself, but for someone else, for the two young man who he had just met and was very polite to him!

Seeing Fang Haoyun's heroic spirit at this time, the people who were lying on the ground wailing felt as if Fang Haoyun had stepped into the World Defying Stage, the life force in his body was extremely vigorous, it did not look like he was going to burn out at all!

"Let's leave this place quickly. That little bastard will be here very soon. We have not stepped into the World Defying Stage yet, so we are not his match." Fang Haoyun said, then anxiously started to run.

Chen Xiang and Sun Lingxing followed behind him and very quickly entered into a forest!

... ..

After such an incident, this small town, which had been peaceful for many years, suddenly exploded. The people who were injured were all furious, they wished they could find Fang Haoyun and rip him to shreds!

Now that everyone had gathered, they were actually going to suppress Fang Haoyun, because at that time, there were a lot of people who were injured, and many houses were destroyed. In addition, they were very unhappy about how the old fellow whom they had mocked so many times had actually become so strong, which made them very unbalanced in their hearts!

Furthermore, no matter how Fang Haoyun was bullied by them, he did not utter a single word. This made them feel that they were extremely strong, and made them feel that the older generation was just a bunch of trash.

Fang Haoyun had told Chen Xiang before that everyone here could quickly enter the Venerable Ancestor Later-stage, but their foundation was extremely weak. Adding to that, they lacked contact with the outside world and simply did not know how powerful the outside world was.

That was why they were so conceited!

However, now that they saw the two young men who had entered from the outside, they felt that they were inferior to them, and fear arose in their hearts. They felt that Chen Xiang and Sun Lingxing were a great threat to them, and were afraid that they would be ruled.

In the largest mansion in the small town, a middle-aged man smashed a stone chair, his face full of anger!

"We should have killed him back then. But now, he has come back to life. If he had entered the World Defying Stage, all of us would not have a good time." There were still a few people beside the middle aged man. They all had the appearance of a middle-aged man, and were all in World Defying Stage.

"This place isn't that big, we can definitely find them!"

"That's right, as long as we can find them, we will immediately eliminate them all!"

Don't worry, he won't be able to enter the World Defying Stage, the pills that can be used to refine are already under our control, the little remaining medicinal ingredients in his possession have been

swindled away by you, if he were to suddenly become so powerful, he would probably be holding in his breath, not long after, he will die, we don't need to be so worried.

"I'm just afraid that those two youngsters might have some tricks up their sleeves!" Fang Haoyun's son, Fang Tianlei, had a face full of worry because once his father stepped into the World Defying Stage, his father would immediately eliminate him.

The people here were all from the World Defying Stage, and had all betrayed Fang Haoyun before. This was also what they were worried about, so right now, the most urgent matter was to find Fang Haoyun, otherwise, it would be too much trouble for them.

"They might even go to the Myriad Tao Dan God's Tomb!" A middle-aged man said, "The outsiders must have come because of this tomb. No matter what it is, they would only be willing to go and have a look."

Even they had gone there many times to investigate. Even though they did not find anything, they had always been unwilling to part with it. So every once in a while, they would go to Myriad Tao Dan God's tomb to search for something.

### [Chapter 2997](#)

The inside of the World Defying Stage Divine Mausoleum was just a small space, if there were people here who wanted to find Chen Xiang and the others, they would be able to find it very quickly, so Fang Haoyun was currently very worried. When he brought Chen Xiang and the others to the mausoleum, he was already very worried.

Chen Xiang and Sun Lingxing could both see that, and Sun Lingxing did not know why, so he was not too worried, because she knew that Chen Xiang was still hiding a woman from the World Defying Stage. Although she had only just entered the World Defying Stage, from Sun Lingxing's experience, that woman's World Defying Stage Divine Power was not weak.

Chen Xiang was not too worried, because Long Qiumu had already eaten his Heaven and Earth infinite Dan long ago and went into the secret room to train. Other than that, there was also Tang Zhongjie.

In order for them to make the best use of their time to break through, Chen Xiang had even secretly used spatial energy to cover the entire You Yao Mountain Villa, making the time in the You Yao Mountain Villa different from the time outside.

"The Myriad Tao Dan God's mausoleum is right here!" Fang Haoyun only used a little more than half a day to bring Chen Xiang and Sun Lingxing to the depths of the forest.

Chen Xiang could sense that there was a burst of spatial energy fluctuating in this place. Because he was at the edge of this space, he could feel it.

"This is the Myriad Tao Dan God's mausoleum!" Chen Xiang looked at an extremely old stone tablet. Although there were a lot of spots on it, one could still see some words on it.

It did not mention the name of the Myriad Tao Dan God, but there was a sentence written on it.

"Reversal of Yin and Yang, Dan god mystery, Myriad Tao will forever be!"

Chen Xiang read this sentence and began to think.

Sun Lingxing said: "Could it be, the real Dan god mystery is inside? After you obtain it, you will be able to live as eternally as the Myriad Tao? "

Fang Haoyun nodded his head, "Yes, that's why we have been coming here the entire time. We have been searching this place from time to time, but have been unable to find anything!"

There were trees all around the area, and on this flat ground, there was only a stone tablet about half the height of a person. Judging from the markings on the stone tablet, this stone tablet had been attacked many times before and had been cut down by weapons, but they did not destroy it.

"Alright, we'll start looking around now and see if we can find any clues." Chen Xiang released a lot of Heaven devouring rat, and he had a portion of them burrow into the ground to search for anything, to see if they were burying themselves deep underground.

Sun Lingxing also controlled his Heaven devouring rat to search everywhere. At this time, they had already separated and were searching the forest for clues related to the Alchemy God's Tomb.

Not too long after, a day had passed. The three of them had all gathered in front of that stone tablet, but they had all come up empty-handed.

"Nothing!" Chen Xiang frowned: "I have already looked underneath the monument, there isn't anything, but the monument is strange, as though it is connected to the ground, and I am unable to pull it out."

Chen Xiang tried with all his might, and indeed, he could not get the stone monument up.

"It's been so many years, and it has always been this way. If there was any clue nearby, it would have been discovered long ago!" "Looks like Pill God's Old Ancestor made a big joke with everyone." Fang Haoyun laughed bitterly.

Chen Xiang looked at the words on the tablet and asked, "Why do you need to write the four words' Reverse Yin Yang '? These four words should be very important, otherwise they wouldn't be placed at the very front ... If we look at it from the top, if we were to link together, we would first have to reverse Yin and Yang, in order to obtain the Dan god mystery, and then live forever together with the Myriad Tao! "

"Not good, someone is coming in!" Sun Lingxing suddenly shouted, her Heaven devouring rat noticed that someone had entered: "There are dozens, they are not weak!"

"Maybe my bastard son is here. Let's hurry up and leave!" Fang Haoyun anxiously said: "Let's wait for the next time, let's avoid them first!"

Chen Xiang frowned as he looked at the stone monument, he had just gotten his bearings.

"This place is so small, where can we escape to?" Chen Xiang asked...

"Anyway, let's get out of here first!" Fang Haoyun's expression suddenly changed, because he felt a familiar aura and coldly said: "That bastard Fang Tianlei is here!"

Sun Lingxing said: "Chen Xiang, come next time!"

"Elder Fang, when Myriad Tao Dan God came to this place, did he die? "Who set up this stone tablet?" Chen Xiang was indifferent, because he had already thought of some very important things.

"The monolith was set up by himself. In short, he knew that he was about to die, and then he entered this forest ... When we came here to look for him after a few years, we saw this stone tablet. And since then, he hasn't appeared again. " Fang Haoyun said.

"That should be it..." Chen Xiang placed his hand on the stone tablet, then released the power of time. Closing his eyes, he used the power of time to envelop the stone tablet, and control the time reversal of the stone tablet!

This was the reversal of yin and yang!

Seeing this scene, Sun Lingxing and Fang Haoyun were shocked to the core. They immediately understood what it meant to reverse Yin and Yang, and this was also the most important thing, to control the power of time, and reverse the flow of time!

If Chen Xiang was actually able to control the power of the Time Laws, then he could even reverse the flow of time!

Sun Lingxing knew that Chen Xiang could control the power of space, and that was already very strong. But now he could actually control time, which made her even more surprised.

"They are here!" Suddenly, someone shouted in excitement. As soon as his voice fell, a few people appeared, one of them being Fang Tianlei.

"Son of a bitch!" Seeing Fang Tianlei, Fang Haoyun cursed.

At this time, Chen Xiang had also stopped using the power of time, because many Spirit grain had already appeared on the monument. Now, all he needed to do was activate one of the Spirit grain to activate the array formation.

Fang Tianlei and the others did not notice the changes on the monument but Chen Xiang had already blocked it with his body.

"Haha, you guys are dead for sure today!" Fang Tianlei laughed maniacally, "Trash father, you're going to die anyway. Why are you struggling like this?"

"Isn't it all because of you bastards snatching our medicinal pill formula?!" Mentioning this matter, Fang Haoyun was immediately enraged: Sooner or later, you will all be met with retribution.

"You're about to die yet you still have so much to say!" Fang Tianlei waved his hand and said to the people behind him, "Capture those two foreign youths. I want to interrogate them about the matters outside!"

Just as the group of people were about to come over, the stone tablet suddenly exploded with a burst of intense light aura, enveloping Chen Xiang, Sun Lingxing and the rest!

Seeing that the stone tablet had such a large movement, Fang Tianlei was both shocked and jealous. This was because he did not expect the stone tablet, which had been devoid of any activity for so many years, to have such a reaction!

## [Chapter 2998](#)

After the white light from the stone tablet enveloped Chen Xiang and the other two, it also produced a very strong wave of energy.

"Quick, stop them!" After Fang Tianlei shouted, the white light suddenly disappeared, and Chen Xiang and the other two disappeared.

This made Fang Tianlei jealous and infuriated. He aimed a ferocious attack at the stone monument, but the force emitted from his attack was completely absorbed by the stone monument.

"Why... Why did they cause such a reaction on the stone stele!? " Fang Tianlei carefully examined the monolith, but he did not discover anything. The monolith had returned to its original state, full of spots.

It wasn't just Fang Tianlei, but several dozen people were extremely suspicious of this as they had already searched for many years, but they had never seen such a reaction from a stone tablet before.

Some people had even stayed here for tens of thousands of years just to wait for the stone tablet to move, but none of them succeeded in the end.

Now, just the two of them coming here was enough to cause such a strong reaction from the stone tablet. Furthermore, they disappeared from here as well, making the World Defying Stage like Fang Tianlei and the others go crazy.

At this moment, they were all gathered here, constantly bombarding the stone tablets!

They believed that even if they could not enter the stone stele, they had to destroy it! They were very worried that Chen Xiang and the others would become strong inside before coming out to take revenge on them.

"I must think of a way to destroy the monolith." Fang Tianlei fiercely punched the stone monument a few times. Although his power was very strong, it was all quickly absorbed by the stone monument, causing him to be extremely furious.

... ..

After Chen Xiang and the other two entered the stone monument, they arrived at a vast and white space.

Upon entering, Fang Haoyun shouted in shock, "Ancestor!"

Inside the white space sat a handsome young man with snow-white hair. He was sitting on a stone platform with his eyes closed. He looked very peaceful. His face was pale and devoid of any life.

"This is the Myriad Tao Dan God, Wan Yongcang! I never thought that he would die in the end. " Sun Lingxing couldn't help but sigh. When she came here back then, she had already heard the legend of Wan Yongcang never dying.

Fang Haoyun knelt in front of Wan Yongcang, and said in an extremely ashamed tone: "It's all because of the younger generation being useless, I'm only here now."

Even after Chen Xiang and his group walked over, they did not discover anything.

"Looks like it took Myriad Tao Dan God a long time to exhaust his lifespan after he came in." Chen Xiang said: "I wonder what sort of breakthrough he had made during this period of time!"

They did not discover anything here!

"Let's see if there's anything on the Royal Elder's body!" Fang Haoyun knew that Chen Xiang wanted to do it, but because Wan Yongcang was his ancestor, he could not say anything.

Chen Xiang nodded.

Fang Haoyun searched through Wan Yongcang's body, but did not find anything, and was a little disappointed!

"Forget it. At least we're safe now." Chen Xiang was rather open-minded.

"How about... Would you like to use your soul-searching technique to take a look?" Sun Lingxing said again.

looked at Fang Haoyun and nodded his head. They were currently in a difficult situation, so they had no choice but to do so. Furthermore, Fang Haoyun thought that his own grandfather's things needed to be passed down, and he felt that Chen Xiang was the best inheritor.

Chen Xiang took a deep breath, then touched Wan Yongcang's head. Just as he was about to use the Soul Absorbing Devil Spell, a large portion of memories instantly entered his mind. That was Wan Yongcang's comprehension of the Dan god mystery.

Other than this, Chen Xiang could also feel that someone else was in front of him.

"After waiting for so many years, someone finally came here!" The voice belonged to a man, and it was very magnetic.

"Is it Senior Wan Yongcang?" Chen Xiang was shocked, and then, he thought of what he had to say.

"Yes, do you think I'm dead?" Wan Yongcang laughed.

"So you're saying that you're still alive?" Chen Xiang asked in surprise.

"Un, I'm still alive ..." Of course, I almost died, but luckily I was able to break through in the end and the corpse that you saw was only a clone of mine. My original body had already transcended the Myriad Tao and was no longer restricted by all the restrictions of the Myriad Tao, so after you obtained my inheritance, I hope that you could cherish and cultivate well. Wan Yongcang's words caused Chen Xiang to be extremely shocked.

Wan Yongcang had succeeded!

"Mm, definitely!" Chen Xiang said solemnly: "Senior, I will definitely come and find you!"

"Alright, then we'll meet again someday, haha ..." Wan Yongcang laughed boldly.

Chen Xiang had also woken up!

"What's wrong?" Sun Lingxing asked anxiously.

Fang Haoyun looked at Chen Xiang, waiting for his answer.

"It's a success, I have already obtained Senior Wan Yongcang's inheritance." Chen Xiang's face revealed a smile, "He isn't dead, this is only his clone!"

Just then, Wan Yongcang's clone suddenly disappeared, the inheritance had been obtained by Chen Xiang!

"Good, good, good!" Fang Haoyun was very excited, tears couldn't help but fall from her eyes.

"Elder Fang, I'll share the Dan god mystery's insights with you right now. This is your ancestor's, after all." Chen Xiang laughed.

Fang Haoyun hurriedly nodded, and then Chen Xiang started to discuss Wan Yongcang's insights into the Dan god mystery with him, in order to save time, Chen Xiang had even released a power of time to envelop them all.

A month had passed, and outside, it had only been a day. Chen Xiang and Fang Haoyun both gained a lot of insights into the Dan god mystery!

Although there were some contradictions with the Heavenly Alchemy inside the Dan god mystery, they only appeared to be contradictions on the surface, but they were still the same!

Chen Xiang realized that the most powerful thing about the Dan god mystery was that it could thoroughly stimulate the potential quality of medicinal herbs. This was a little similar to the Crash method;

The method in the Dan god mystery was very gentle, allowing the medicinal herbs to grow and grow quickly. It was equivalent to having two lives in one, two lives in four, and a grain of rice quickly become a jar of rice and then merge together again.

"Derived Spell!" This was the name Wan Yongcang gave to this method of refinement, and was also the most important pill technique in the Dan god mystery.

Chen Xiang was considering whether he could fuse the two powers together. If he could, he would create an even more powerful training method!

"Did Senior Wan Yongcang mention the method to cultivate the Primordial Divine Body?" Sun Lingxing asked.

"No!" Chen Xiang shook his head: "But, there is a related medicinal formula within the Dan god mystery, and I should be able to find the medicinal ingredients here. Back then, he had brought in many medicinal ingredients for the seed."

"There are medicinal ingredients here, but they are extremely precious. Although only one is needed, it is very difficult to collect." Fang Haoyun said.

"Is it difficult to cultivate World Defying heaven fruit?" Chen Xiang asked.

"Yes, blossoming for a million years, fruiting for a million years, maturing for a million years!" Fang Haoyun sighed: "I had one before, but it was taken away by my evil son. Now, I am only left with the dying tree root!"

"Where are the roots?" Chen Xiang asked quickly.

#### [Chapter 2999](#)

Fang Haoyun gave the tree root to Chen Xiang, he knew that Chen Xiang could control time, if Chen Xiang used the power of time to plant it, it might be able to shorten the time, he suddenly understood why Wan Yongcang had to do such a thing on the stone monument!

This was mainly to pass down the inheritance to those who understood the Laws of Time. Only then would the greatest power of the inheritance be displayed. Otherwise, in the hands of others, it wouldn't be of much use!

Which is to say, Wan Yongcang also knew about the Time Laws!

Chen Xiang lost to Mei Jing Sisters, and then took out the remaining Heaven and Earth infinite Dan in his hands and gave it to Fang Haoyun: "Senior, you better try to see if you can enter World Defying Stage now. If you can break through, we'll be much safer too!"

Fang Haoyun still had a few Heaven and Earth infinite Dan in his hands, but it was not enough for him to break through.

"Alright!" Fang Haoyun never thought that Chen Xiang would actually refine so many pills, he knew that these pills would definitely not be easy to refine.

"Spirit Star, wait a moment. When I refine a new Heaven and Earth infinite Dan, I'll give it a try!" Chen Xiang was not in a hurry to break through, because he couldn't wait to try the magical refining method inside the Dan god mystery.

"En!" Sun Lingxing nodded his head, "If I can step into the World Defying Stage and search for the power that I left behind back then, I might be able to become even stronger."

Chen Xiang felt that Sun Lingxing should have been the same as the World Defying Stage Tao Ancestor back then, both of them who had cultivated the same kind of prideful profound art. However, this was still far from the point of being put to death, there might be a reason behind Sun Lingxing's death.

Chen Xiang took out the pill furnace, placed the Heaven and Earth infinite Dan's medicinal ingredients inside, and then used the derivation method to refine it.

The derived method was the same as the Crash method, they had to start after the Medicine crystal fused together!

He had fused the Medicine crystal into a very big crystal pearl. According to the description of the derivation method, as long as he used the derivation method, he would be able to make the big crystal pearl grow into a small bead!

After forming a small one, the smaller one would be fused into the larger one, and after that, the smaller one would be fused into the larger one, and after fusing it again and again, the quality would continue to improve!

"Quite fast!" Chen Xiang, in less than two hours, had that large Medicine crystal give birth to a small one.

However, this little one was not small at all. It was much larger than what Chen Xiang had imagined, half the size of his original body!

"Good, now fuse this small one into your main body, and let your main body's quality increase!"

When Chen Xiang saw that the Medicine crystal was so big, he was secretly excited. If he were to absorb it, the quality would definitely increase by a lot.

He released the World Defying god fire, burned the original body and the clone, putting both in a half-melted state, and then used the powerful World Defying Stage Divine Power to combine the two.

The process of fusing was very easy and fast. In just a moment, the original body was separated from the original body, so the process of fusing with the same root was naturally completed. The two didn't reject each other at all, and their fusing was very fast.

"The quality has increased by quite a bit. This is equivalent to me having a collision!" Chen Xiang didn't expect that just fusing with a big derivative would raise the quality by so much.

After fusing, the size would still be the same as before. Chen Xiang had already compressed this before, so the quality would rise by so much!

"How can I combine it with the Crash method?" Chen Xiang was deep in his thoughts, and very quickly, he had a clue.

"Make the main body give birth to nine clones, and then use nine clones to collide with the main body!" After thinking about it, Chen Xiang still felt a bit of excitement. If he succeeded, the quality would be beyond his imagination.

This was also a huge challenge for him. The quality of the body separation was very high. If he were to collide with them, he would definitely be able to unleash a very powerful force!

At this time, Chen Xiang had no choice but to release the Six Realms mirrors!

Even though his Tianchuang furnace were powerful, he was still worried that it would be damaged. He could imagine how terrifying the energy that would explode from that scene would be.

Chen Xiang released a barrier from the Six Realms mirrors at the bottom of the Tianchuang furnace, allowing him to feel more at ease.

After that, he used the derivation method and carried on for nearly eight hours, finally allowing the big Crystal eye to produce nine clones!

If the quality was very high before the Core Formation stage, then it would be extremely difficult to condense a core.

"As long as I successfully condense the pellet, the quality will definitely be very high. In the future, I only need to familiarize myself with this kind of refining method and increase my refining speed. I only need one set of medicinal ingredients to refine Heaven and Earth infinite Dan, and then I can achieve the effects of multiple medicinal ingredients to refine several pellets."

At present, Chen Xiang still needed a long time to concoct this batch of pills, but it was just that he was not familiar with it, and needed to concoct it carefully and slowly. As long as he was proficient in it and had accumulated a lot of experience, his refining speed would only become faster and faster.

Congeeing pellets was indeed not easy, Chen Xiang still needed the help of the Six Realms mirrors to complete it, but even so, the progress was still very slow!

"One would need at least half a month to refine one pellet. I wonder how many of them are equivalent to the ones I had before this."

As for the effects, even Chen Xiang was not able to guess, because when the two types of Refinement Arts were combined, the quality of the increase was extremely high, and it was impossible to estimate.

It took him three days to condense the pellet, and from start to finish, he had to use half a month to refine one pellet. One must know that he had used the World Defying god fire and the World Defying Stage Divine Power to refine this pellet, and had consumed a lot of energy to speed it up.

If he had used the World Defying Stage Divine Mausoleum s to activate the Heaven and Earth infinite Dan that he had refined before, then his speed would be extremely fast and definitely not be as slow as it was now.

However, to many Alchemist, his speed was considered good. Novels were often terrifying. After all, they were prideful pills.

The color of the black Heaven and Earth infinite Dan that Chen Xiang took out from the pill furnace was actually very different from the one that he had refined before.

"Spirit Star, try it!" Chen Xiang handed the pellet over to Sun Lingxing.

Sun Lingxing was someone who had once stepped into the World Defying Stage, and she had extremely rich experience there. She had also eaten the Heaven and Earth infinite Dan that Chen Xiang had refined before, so she could accurately determine just how much more effective this pellet was.

Sun Lingxing received the black pellet from Chen Xiang and frowned: "Is this also a Heaven and Earth infinite Dan?"

Chen Xiang nodded his head: "Yes, this is something that I refined using the methods inside the Dan god mystery, is there something wrong with it?"

"It doesn't have as much spiritual energy as the one you gave me earlier." Sun Lingxing said: "I do not know much about pills, you do not need to mind."

"Eat it, and compare it with the one I gave you before." Chen Xiang said.

However, as time passed, the medicinal power of the pellet continued to increase, like waves after waves, coming in wave after wave, it became more and more powerful in the end.

This surge of Myriad Tao power that surged out began to refine by itself, fusing into her body, entering her Divine Sense Sea, strengthening her soul!

Seeing Sun Lingxing's current expression, Chen Xiang knew that the effects of the Heaven and Earth infinite Dan were extremely good. At least, it was better than before, if not Sun Lingxing would not have such an excited reaction.

"How effective is the Spirit Star?" Chen Xiang asked.

"Very, very strong!" Sun Lingxing consecutively said two very strong, and said in disbelief: "I never thought that such a small pellet would be filled with such a dense amount of energy, my refining speed is already fast enough, but I feel like I will need a long time to finish refining the energy inside it."

"Can you estimate how much stronger it is compared to the previous pill?" Chen Xiang asked.

"At least ten times ... I'm pretty sure. " Sun Lingxing said in a serious tone: "I never thought that the Dan god mystery would be so powerful, entering will allow your pill refining to increase by so much!"

"Seems like you only need to eat a few pills to enter World Defying Stage." Chen Xiang was very surprised. He had thought that four or five times was already very good, but now, he was ten times stronger.

"I need some time to refine it!" Sun Lingxing said: "Continue with the pill refining!"

Chen Xiang nodded his head and continued refining the Heaven and Earth infinite Dan. He had already used his time and energy inside, even though they had been inside for a long time, not much time had passed.

Sun Lingxing seemed to be calmly cultivating, but his heart was full of emotions! Chen Xiang was right just now, she only needed to take a few pills to step into the World Defying Stage.

The Venerable Ancestor Later-stage troubled many people, and was extremely difficult to break through.

However, the Heaven and Earth infinite Dan that Chen Xiang was refining now only needed a few pills to break through. She understood why the Myriad Tao Dan God was able to get rid of the Myriad Tao and used the Dan god mystery to refine a pill that did not directly absorb the Myriad Tao's power.

Chen Xiang only used half a month's time to refine a single pill like this, Chen Xiang only needed a few months to refine a few pills, and that would allow a Venerable Ancestor Later-stage to step into the World Defying Stage!

This was what shocked her!

What she did not know was that Chen Xiang's refining speed would only get faster and faster, and it was even at a time where Chen Xiang's power was restricted!

"Spirit Star, I'll let you and Elder Fang enter the World Defying Stage first, then you guys can go out and take care of the fellows outside. Take over the Pill God's Space, and leave those people to you and Elder Fang. I don't want to see those guys." Chen Xiang said: "After you all leave, I will cultivate inside this tablet by myself!"

"No problem!" Sun Lingxing said.

Chen Xiang still did not plan to enter the World Defying Stage right now because he wanted to cultivate his body first, and then use his flesh to break through into World Defying Stage. He wanted to cultivate his arrogant profound body first, and then his World Defying soul!

This way, he would be able to directly reach the early stage of the World Defying Stage, and his strength would be much stronger than those who had only cultivated World Defying soul!

Chen Xiang's current speed had increased a lot, in ten days he could refine a Heaven and Earth infinite Dan.

It was only his second time using the derivation method and the Crash method, but he was already able to control it so well that his speed had increased by a lot.

In the blink of an eye, half a year had passed. Fang Haoyun was the first one to step into World Defying Stage!

Fang Haoyun, who looked like he had run out of oil, now looked a lot younger. He looked full of vigor, like a young man in his prime! And the biggest change was his powerful aura of superiority! This was the most obvious thing about the World Defying Stage.

"Congratulations, Elder Fang!" Chen Xiang laughed.

"It's all thanks to your help, I really can't thank you enough. The Dan god mystery was obtained by you, and this is also the best fate for me. Although I managed to learn a little, I am definitely far from you." Fang Haoyun said.

Even though he was training seriously, he knew about what was happening outside. He knew that Chen Xiang had refined a super high quality Heaven and Earth infinite Dan, and Sun Lingxing, who was cultivating not too far away, also had signs of a breakthrough!

Sun Lingxing's cultivation was around World Defying Stage's Sacred Level in her previous life, so she had some experience with it. Adding to that the fact that she had also stepped into World Defying Stage once before, she had abandoned it for the sake of entering the Primordial Forest.

Now that she had broken through once again, it would be much easier for her!
