

Dan God 3001

[Chapter 3001](#)

The reason why Sun Lingxing gave up her cultivation in World Defying Stage to enter World Defying Stage Divine Mausoleum was so she could regain her strength from her previous life, but she had no idea if she could find her own. If she couldn't, then it would be very difficult for her to step into World Defying Stage again!

She had not expected that she would be able to enter the World Defying Stage.

"I can finally feel that familiar strength again!" Sun Lingxing clenched her fists tightly, and a smile appeared on her face. At this time, she was able to release her World Defying Stage Divine Power once again, and did not need to use the World Defying Stage Divine Power Orb.

"He broke through?" Chen Xiang laughed: "Alright, now can you guys go out and take care of those fellows?"

Sun Lingxing looked at Fang Haoyun and nodded. If it wasn't for him waiting for Sun Lingxing, he would have gone out to kill his son.

"Wait, I was worried that you guys weren't strong enough, so I sent the two of you with me!" Chen Xiang laughed as he walked out of You Yao Mountain Villa.

Sun Lingxing had thought that it was Jiang Sijing, but she hadn't thought that it would actually be a girl that she had never seen before.

Other than Long Qiumu, there was also Tang Zhongjie!

Tang Zhongjie had been in the Venerable Ancestor Later-stage for a very long time, so his foundation was very solid.

"Is everything ready? I'll send you out now!" Chen Xiang? One? Ben? Read? He directly used the power of space to teleport them outside.

Ever since he entered the stone monument, he could use the power of space. The array inside the space couldn't restrain him.

Although there were a few World Defying Stage s outside, they did not have much strength. Long Qiumu was a Dragon Demon, so his strength was much stronger than normal people. Tang Zhongjie and Fang Haoyun were both raised up using Venerable Ancestor Later-stage s of the Ancient Rank, so it was naturally not a big deal.

Needless to say, Sun Lingxing was extremely powerful in her previous life!

"It's time for me to break through, I must become very strong, only then will I be able to swallow the Natural Law Divine Lord." Chen Xiang felt that even if he had the same power as the Natural Law Divine Lord, it would be difficult for him to snatch the control of the Natural Law World.

Unless he had a strength that was many times stronger than Natural Law Divine Lord's, then he would be able to obtain it easily. Otherwise, he wouldn't have enough strength to deal with Natural Law Divine

Lord at that time, and he wouldn't be able to stop Natural Law Divine Lord from perishing together with him!

"When I eat the Heaven and Earth infinite Dan, I need to channel my power into my body so that I can't enter the Divine Sense Sea to cultivate in the Six souls. Only then can I quickly strengthen my body!"

Chen Xiang knew the benefits of cultivating his body first! If he could first cultivate World Defying soul, then cultivate his body. This was a rare chance for him to grow a lot bigger, mainly because he wouldn't be able to control the World Defying soul to absorb energy and could not focus on cultivating his body!

Chen Xiang had also asked Sun Lingxing and Jiang Sijing before. When they were at the World Defying soul, if they were to cultivate their bodies again, more than half of the energy would be absorbed by the World Defying soul and would not be concentrated in their bodies. If it was absorbed by the World Defying soul, it could make the World Defying soul stronger, but the World Defying soul would not increase, and the energy absorbed would be used for unknown reasons. Until now, it was still a mystery.

Thus, in the World Defying Stage, if one had the World Defying soul, then cultivating their flesh and blood would be very difficult, and their speed would also be very slow. Especially after cultivating the World Defying Holy Body, it would be very difficult to make progress in the future.

It had to be known that the World Defying Stage Tao Ancestor created an enormous and boundless world based on the power of the Myriad Tao, and since he could not cultivate the Primordial Divine Body, it was no wonder that the World Defying Stage Tao Ancestor was stuck at the realm of the World Defying Holy Body!

And after cultivating the Primordial Divine Body, there was another realm which was even higher than that which the Myriad Tao Dan God had reached so far!

"This World Defying Stage Divine Mausoleum is very strange, it should have already appeared before the World Defying Stage Tao Ancestor even created this world, how ancient is that!" Chen Xiang had heard Sun Lingxing speak of before, that in their era, it was only a small world. Back then, it was extremely rich in resources and their cultivation speed was also extremely fast.

That was also the reason why the Myriad Tao exhausted so much energy and was executed in the end!

After being executed, this group of people's power returned back to the Myriad Tao, and the World Defying Stage Tao Ancestor also appeared at this time. They used their own power and the power of the Myriad Tao's power to create a large number of Divine Spirit, thus owning this enormous world!

The World Defying Stage Tao Ancestor was the descendant of a group of people who were executed in the World Defying Stage Divine Mausoleum, so he was able to use the power of the Myriad Tao very well in the later stages to create a beautiful and gorgeous world.

The majority of the descendants of this group of people who had been executed in the World Defying Stage Divine Mausoleum had gathered at the World Defying Stage Heavenly Sect.

"I wonder how World Defying Stage Tao Ancestor is doing now!" Chen Xiang's current improvement speed could be said to be extremely fast. Before, he was only at the Venerable ancestor realm, but now he was able to step into the World Defying Stage's Profound Rank.

The situation outside World Defying Stage Divine Mausoleum was very complicated. With the appearance of the World Defying Stage Heavenly Sect, the World Defying dragon demon had broken the seal and sent a large number of people into the World Defying Stage Divine Mausoleum.

"I need to refine twenty Heaven and Earth infinite Dan. This should be enough for me to be proud of being in the initial stages of the profound body." Chen Xiang thought, he had already told Jiang Sijing and Jiang Simei to cultivate the Twin Life Mysterious Technique, and had also told Jiang Simei to step into the World Defying Stage first.

Although Heaven and Earth infinite Dan s did not have many medicinal ingredients, they were already enough for Chen Xiang to use. He could use the derivation method and the Crash method, and only needed a small amount of medicinal ingredients to refine an extremely high quality pill.

It had only been three days since Chen Xiang last refined the pill, but he heard Fang Haoyun's voice from outside.

"Chen Xiang, the things on the outside have been resolved, I don't know why, but an entrance suddenly appeared outside, and some people ran out, but they had no way of coming out, looks like after you opened the stone tablet, you have control of the entire Dan God Mysterious Land!" Fang Haoyun said.

"Did you deal with all the World Defying Stage like that?" Chen Xiang said: "It's not that bad to kill someone from the World Defying Stage!"

"They were all killed by Miss Sun!" When Fang Haoyun said this, he was able to hear that was somewhat afraid, because he didn't know that Sun Lingxing had entered into such a terrifying place.

"Chen Xiang, when will you be out?" Sun Lingxing asked.

"It might take a while!" Chen Xiang thought about it, he was not sure how long it would take.

"I want to go for a walk with Qiu Mu." Sun Lingxing said.

Sun Lingxing was not weak at the moment, and World Defying Stage's cultivation was considered very strong here. After all, she had only been in the World Defying Stage for a few days, and she had already stepped into the World Defying Stage. Adding Long Qiumu into the mix, she felt that there shouldn't be a problem.

"Alright, be careful!" Chen Xiang agreed. Sun Lingxing and Long Qiumu's strength made him feel extremely at ease.

[Chapter 3002](#)

After Sun Lingxing and Long Qiumu left, Fang Haoyun had even told Chen Xiang that when the people inside saw that he, Old Man Fang, had suddenly entered the World Defying Stage, they were all extremely frightened and ran away fearfully. At that moment, the place they were in was already an empty city.

Chen Xiang felt that this was pretty good. He liked this Dan God Mysterious Land more as he planned to set up this place as his base of operations.

"I feel like this stone tablet is the body of the Dan God Mysterious Land, I want to see if I can move the Dan God Mysterious Land out of the World Defying Stage Divine Mausoleum." Chen Xiang said. It was definitely very dangerous outside, but the Dan God Mysterious Land was extremely safe and hard to break through.

Afterwards, he had Fang Haoyun and Tang Zhongjie grow medicinal herbs outside. The medicinal herbs in this Dan God Mysterious Land could grow very quickly, Chen Xiang suspected that the Myriad Tao Dan God used the power of the Time Code here back then.

After the things outside were settled, Chen Xiang could now refine pills in peace!

He had continuously refined Heaven and Earth infinite Dan for over seven months, and had refined twenty of them. This was enough for four or five Venerable Ancestor Later-stage s to enter the World Defying Stage! But he wanted to use so many Heaven and Earth infinite Dan to cultivate his own body!

Although it had been seven months, only seven days had passed outside.

"The longest training time!" Chen Xiang also didn't know how long it would take for him to step into the World Defying Stage. It wouldn't be easy to refine twenty of these super-high quality Heaven and Earth infinite Dan's energy into his body.

"I have to use a 'YBDU' World Defying god fire to complement my training." The body tempering technique in the Myriad Tao Divine Arts could do it.

At this moment, he felt that the Myriad Tao Divine Arts were not simple. Although it was created by the World Defying Stage Tao Ancestor, he had a feeling that the Myriad Tao Divine Arts was created by an even more powerful person, and was definitely not created by someone who had cultivated a Holy Body. This was just his current guess, he planned to ask the World Defying Stage Tao Ancestor about it in the future.

Chen Xiang ate two super-high quality Heaven and Earth infinite Dan s and then released them into his own body. After refining the medicinal power within his body, it made the medicinal power become extremely scorching, and seeped into the muscles and tendons in his body afterwards.

As a result, his body could quickly absorb the powerful medicinal force, and he could also control the power of the pill, so as to not allow the medicinal force to enter the Divine Sense Sea, otherwise, it would lose a large amount, and would be absorbed by the Six souls in large amounts. Over time, he would first cultivate out the World Defying soul, which was something he did not want to see.

"It will take a long time!" This was the first time Chen Xiang had eaten such an ultra-high quality Heaven and Earth infinite Dan, and he had even eaten two of them.

At this moment, he could deeply feel the medicinal power that Sun Lingxing had described back then!

It was just two small pills, but the medicinal strength that was not flowing out kept increasing. Each wave was higher than the last, and each wave was stronger than the last, like an endless supply of energy.

He spent an entire three months to slowly refine the two pellets of Heaven and Earth infinite Dan into his physical body. At this moment, he could also feel his physical body growing stronger!

"Good, just like that!" Chen Xiang believed that if he were to persevere on, he would definitely be able to cultivate the Primordial Profound Body. Although it was only at the initial stage, it was still much stronger than someone without the Primordial Profound Body.

Time passed quickly during training. In the blink of an eye, Chen Xiang had cultivated for almost three years. He only used eighteen super-high quality Heaven and Earth infinite Dan s to cultivate an arrogant profound body!

At this time, he was already a World Defying Stage! However, his Six souls had yet to be transformed into a World Defying soul!

"What's next is very important to me as well. When the Six souls transforms into a World Defying soul, my dao energy can immediately transform into a World Defying Stage Divine Power." At this time, Chen Xiang only released dao energy from the Six souls, but once the dao energy entered his body, it immediately turned into World Defying Stage Divine Power, which was also the benefit of being able to become a prideful profound body.

If he could cultivate the World Defying soul and release it from the World Defying soul, then the World Defying Stage Divine Power would at least increase his physical body by two to three times. This was also the reason why his profound experience was so strong.

After that, he would need to refine Heaven and Earth infinite Dan s too. After and Jiang Sijing who were in You Yao Mountain Villa to learn the Twin Life Mysterious Techniques, they had already stepped into World Defying Stage.

But now, they were mainly focusing their energy on the World Defying heaven fruit, the root had only grown a little green leaf, who knew when it would grow into a big tree, and then blossom and bear fruit.

World Defying heaven fruit s were the key to cultivating the Primordial Divine Body, Chen Xiang had to grow it!

He continued to concoct pills and cultivate. Although it looked extremely boring, Chen Xiang was actually full of motivation.

"If I can cultivate World Defying soul, then there definitely isn't just one!" Chen Xiang looked at the Six souls in his body. It was impossible for these six divine beasts to be combined.

"If all of them were to become arrogant soul beasts, then they would all be stronger. Who knows, maybe all of these divine beasts would be able to cultivate their bodies to the Primordial Profound Body." Chen Xiang thought back to what Sun Lingxing had mentioned before. It was about the lake that could produce World Defying soul s, which was extremely difficult to raise, so World Defying soul did not have any grading system.

However, the World Defying soul that Chen Xiang was training with right now was alive, a divine beast. Which is to say, even if his World Defying soul absorbed a large amount of medicinal power in the future, it would definitely not be a waste, and would only become stronger.

At this time, Chen Xiang couldn't wait to try and see if he could cultivate a powerful soul beast. This was his World Defying soul, his loyal divine beast!

"World Defying beast... These divine beasts will be the strongest group of Heavenly beast. " Chen Xiang was overjoyed, "On the other hand, I might just need to release these World Defying beasts to help me kill off my powerful enemies."

Although these were all his guesses, with his years of rich cultivation experience and his understanding of his own cultivation methods, he felt that this should be very likely to be true.

During this period of his cultivation, Tang Zhongjie and Fang Haoyun would occasionally come to talk to him. Although they were only two people outside, they did not feel bored. Tang Zhongjie was originally a guy who had seen a lot, so he told Fang Haoyun many stories outside, and the two of them had already become friends.

Chen Xiang just wanted them to wait outside, and when he finished cultivating, he would take them out of the Dan God Mysterious Land and investigate.

felt that there must be a mysterious group controlling this Myriad Tao. Otherwise, this World Defying Stage Divine Mausoleum would not appear out of thin air, and not a large number of super strong experts would be caught and brought in.

It had to be known that Sun Lingxing had not reached the peak of World Defying Stage yet, but he was still executed.

[Chapter 3003](#)

The small towns inside the Dan God Mysterious Land were now extremely deserted and desolate. Originally, the people here had all bullied Fang Haoyun before, but when they saw that Fang Haoyun had stepped into the World Defying Stage and even killed all the World Defying Stage here, they were worried that he would settle the accounts. Now, they all escaped from the Dan God Mysterious Land. After the Dan God Mysterious Land was controlled by Chen Xiang, they could leave, but they could not enter.

Previously, they could only enter and not exit, so this was also the reason why Chen Xiang felt that the Dan God Mysterious Land was relatively safe.

"I wonder if anyone else will come here. Within the World Defying Stage Divine Mausoleum, this Heaven Cauldron Pill Tomb should be rather famous. If someone heard about what happened here, they might be curious to come here, especially those fellows from the World Defying Stage Heavenly Sect."

Chen Xiang went into closed door cultivation inside the stone tablet. When he thought of the powerful existence World Defying Stage Heavenly Sect, he could not help but worry.

Inside his Divine Sense Sea World, a dragon's roar suddenly came. He had already succeeded in cultivating one of the Six souls to the World Defying soul.

The current Azure Dragon was just like this, possessing an extremely strong World Defying Stage Divine Power!

"Great, it's just as I thought!" Chen Xiang was very calm at the moment. He would be able to cultivate all the World Defying soul very soon, and at that time, he would be at the World Defying Stage's Profound

Rank. Even if he didn't have to worry about the World Defying dragon demon, he wouldn't feel any pressure.

Time passed very quickly. After Chen Xiang ate a large amount of Heaven and Earth infinite Dan, he suddenly flew into the sky. The Six souls in his Divine Sense Sea had all evolved into World Defying soul.

"It's a success, I'm already at the World Defying Stage's Profound Rank now." Chen Xiang closed his eyes and activated the World Defying soul to release the power of the world. After entering his Primordial Profound Body, the God Power suddenly increased, this feeling of obtaining such a strong power always made him excited.

When Chen Xiang came out from the stone tablet, he found that the forest was very quiet. This was a very peaceful place, he wanted to cultivate here for a period of time.

However, there were still many matters and powerful enemies waiting for him outside!

When Chen Xiang came out, he immediately went to look for Tang Zhongjie and Fang Haoyun!

When he walked out of the forest, he suddenly felt that something was amiss. The Dan God Mysterious Land's space suddenly fluctuated.

"Old Tang, Old Fang!" Chen Xiang anxiously shouted, the Dan God Mysterious Land was created by the Myriad Tao Dan God, it should be very sturdy, but right now, it seemed like he was being attacked, causing the space to fluctuate.

When Tang Zhongjie and Fang Haoyun heard Chen Xiang's voice, they knew that Chen Xiang had come out of closed door cultivation, and anxiously rushed over.

"What's going on? Why do I feel that the Dan God Mysterious Land is not stable?" Chen Xiang said, he was the most sensitive to the fluctuations of the spatial energy.

"There are experts from the World Defying Stage outside attacking. Although there are some unstable situations, the Dan God Mysterious Land will definitely be able to hold on." Fang Haoyun said, he understood Dan God Mysterious Land very well.

Because over the years, it wasn't as if those World Defying Stage s had never thought of destroying the Dan God Mysterious Land, but they had never succeeded.

"Who could be attacking?" Chen Xiang frowned: "Maybe I'm too sensitive to the energy fluctuations in space, that's why I thought I was going to be breached!"

"According to my experience, this should be an attack from the Venerable Ancestor Later-stage, it might be the attacks of those guys that came out from here before. Only they would be so bored to attack here." Fang Haoyun said.

"That's right, Elder Fang. When I came in with the Spirit Star, someone brought us in. Who is that fellow?" Chen Xiang asked.

He is the tomb guards here, but after you entered the stone tablet, he left. He left very early, his strength is quite strong, it seems like he is the cultivation of World Defying Stage, I do not know much about him.

Chen Xiang, Fang Haoyun and Tang Zhongjie came to the side of the stone tablet. Chen Xiang had previously said that he wanted to try and see if he could put this stone tablet away as he felt that this stone tablet was the foundation of the Dan God Mysterious Land.

Chen Xiang pressed his hands on the stone tablet, he wanted to keep the stone tablet. He had just had that thought, but then he suddenly felt a strong force in the air, and saw that he was in a blood red world!

This was the Wild Blood Land!

"The Heavenly Cauldron Pill Tomb is gone!" Chen Xiang looked at the small monument in his hand. He never thought that this would actually be a divine tool.

The interior of the Heavenly Cauldron Pill Tomb was the Dan God Mysterious Land, but he had already successfully kept it.

Fang Haoyun and the Tai Zun realm were currently inside the Dan God Mysterious Land, so Chen Xiang immediately let them out.

"The Wild Blood ... Are those guys before you the ones who just attacked Dan God Mysterious Land?" Fang Haoyun saw a few dozen people in front of him, and all of them were extremely shocked.

They had been crazily attacking the glittering Heaven Cauldron Pill Tomb, but the Heaven Cauldron Pill Tomb had suddenly disappeared!

"What kind of people are these?" Chen Xiang said: "They actually attacked so desperately, could it be that they want to enter?"

Chen Xiang took a glance and confirmed that these people were not the group that came from Dan God Mysterious Land. Although they all had the cultivation level of Venerable Ancestor Later-stage, their auras were not that strong.

"He's also not a fellow from the Dragon Clan or World Defying Stage Heavenly Sect." Tang Zhongjie said: "Could it be that there are people from the World Defying Stage Divine Mausoleum?"

Chen Xiang shook his head, because Sun Lingxing had said before that there was only one living person in World Defying Stage Divine Mausoleum. Although he had seen many people in the Dan God Mysterious Land later on, there was only one living person that was outside of the Dan God Mysterious Land, which was the black clothed middle aged man that Chen Xiang had met earlier.

"There are many tombs here, these tombs should be the same as the Dan God Mysterious Land, there are people inside, and all of them ran out! "I just don't know why he was able to run out. Normally, this sort of situation only happens when the tomb is opened up." Fang Haoyun said. Initially, they were involved in the construction of the mausoleum.

"I never thought that there would be other tombs in this Savage Sanguine Land!" Chen Xiang said: "Let's go and see if we can contact Spirit Star and the rest."

Sun Lingxing and Long Qiumu had long since left the Dan God Mysterious Land, and Chen Xiang had already given them Communication jade Symbol paper s a long time ago. He didn't know if he could use them here, since space itself had been restricted!

Thinking of this, Chen Xiang immediately tried to use the power of space, and discovered that he could actually use it!

"What's going on?" His heart was filled with surprise. Previously, he had tried a few times but to no avail. Now, however, he could.

"Could it be because I stepped into the World Defying Stage?" Chen Xiang immediately took out his Six Realms mirrors and entered the Six Realms Time and Space Door to check Long Qiumu's Wheel of Fate.

He could not see Sun Lingxing's Wheel of Destiny, but he could see Long Qiumu's. He had also used this method to find Long Qiumu before.

[Chapter 3004](#)

After Chen Xiang found Long Qiumu's Wheel of Destiny, he teleported there with Tang Zhongjie and Fang Haoyun.

Being able to teleport meant that Chen Xiang could go near Long Qiumu.

When they arrived, they were immediately shocked. Waves of Qi waves continued to erupt, the sound never stopped, lightning flashed and thunder roared. The three types of World Defying Stage Divine Power continued to collide!

This was actually an extremely intense battlefield, where three World Defying Stage s were fighting!

"It's the aura of the Spirit Star Sect and Qiu Mu. Who are they fighting against?" Although there are blue skies and white clouds here, the battle had created sand and dust and Long Qiumu and the others could not be seen directly.

"That person is very strong!" Those two girls should not be his match. " Fang Haoyun said.

"Yes, I just don't know what kind of guy he is!" Chen Xiang immediately teleported over, and quickly saw who it was.

It was actually the Middle-aged Man in Black Robe they met when they first entered the room, but Chen Xiang remembered that it was someone Sun Lingxing recognized, so why were they fighting so intensely right now?

"Spirit Star, what's going on?" When Chen Xiang appeared, the Middle-aged Man in Black Robe immediately stopped. He could already tell that Chen Xiang was not weak.

Sun Lingxing looked at the Middle-aged Man in Black Robe and said coldly: "This bastard stole all the things I had in my previous life, my previous life was inside a jade coffin. After we found it, this bastard suddenly jumped out and stole it!"

Sun Lingxing and Long Qiumu were very happy to see Chen Xiang suddenly appear here. They knew that Chen Xiang had definitely made a breakthrough and was very strong as well.

"Brother, it's not right to steal from a girl's house." Chen Xiang looked at Middle-aged Man in Black Robe, his tone carrying a trace of ridicule.

"She's already dead, so what does the things she had in her previous life have to do with her? Right now, she had reincarnated, so how could she want the strength of her past life? Isn't this letting her off easy?" Middle-aged Man in Black Robe's fists suddenly emitted black Qi: "No matter who you are, as long as you stand up for her, you will be my enemy!"

"Despicable fellow, you were jealous of me when you didn't get the qualification to enter reincarnation. Now that you're stealing from my past life, you're worried that I'll become stronger." Sun Lingxing was very angry: "Don't think that just because you're here, you're strong enough to guard the tomb!"

Sun Lingxing looked at Chen Xiang and she saw the confidence in his eyes. She knew that Chen Xiang could defeat this Middle-aged Man in Black Robe.

"Let me see just how strong this guy is. Even if he can break through, he won't be that powerful." The Middle-aged Man in Black Robe had seen Chen Xiang and Long Qiumu enter together, and the people who had entered from the outside only had the strength of Venerable Ancestor Later-stage.

Although the Middle-aged Man in Black Robe was surprised that both Chen Xiang and Sun Lingxing were able to enter the World Defying Stage, he had just experienced Sun Lingxing's strength, and knew that he was not as strong as him.

"You'll regret it later." Chen Xiang suddenly flicked his palm, and a weak white light appeared. A small white tiger appeared in his palm.

Chen Xiang released a proud soul beast, he also wanted to see how strong this proud soul beast was.

Middle-aged Man in Black Robe was not afraid at all when he saw the little white tiger in Chen Xiang's palm. Although he could feel that it was emitting waves of unparalleled power, he didn't think it was anything amazing.

"I want to see how you make me regret it." Middle-aged Man in Black Robe punched him from afar, releasing a ball of black Qi that rushed over and instantly landed on Chen Xiang's body.

However, Chen Xiang had already made his move at that time. After the little white tiger in his palm let out a wild hiss, it flashed with a blinding white light, and became extremely huge.

When the lump of black gas hit the White Tiger's body, it forced it back a few steps. However, that angered it greatly.

Instantly, it arrived behind Middle-aged Man in Black Robe and clawed at him viciously with its huge and separated claws. Its speed was extremely fast, and it left several deep scratches on Middle-aged Man in Black Robe's divine beast.

When the claws of the White Tiger emerged, it was like a dagger. If it grew a little longer, it might be able to grab Middle-aged Man in Black Robe and slice his body into pieces!

"It's actually the White Tiger Leaping! It actually knows how to use this ability!" Chen Xiang was very happy. When the White Tiger teleported, it did give him a huge shock, as the White Tiger Dao mark was the ability that he used the most.

"This... This is the World Defying beast!" Middle-aged Man in Black Robe dodged the white light that the White Tiger shot out and shouted in shock.

Sun Lingxing was as shocked as the Middle-aged Man in Black Robe, because she knew how terrifying the World Defying beast was. The White Tiger in front of her was able to release a very strong World Defying Stage Divine Power, so she was very sure that the White Tiger was a World Defying beast.

Beasts that could use the World Defying Stage Divine Power were World Defying beast!

The white tiger used the White Tiger's jump back and forth. This was an extremely fast spatial teleportation, the Middle-aged Man in Black Robe was unable to endure it and had difficulty dodging. In just a moment, one of his arms was sliced off by the tip of a claw.

"Hand over the jade coffin from Spirit Star, or else you'll undoubtedly die today!" While Chen Xiang was speaking, another small cyan dragon appeared in his palm. This was yet another proud world soul beast!

In the eyes of Sun Lingxing and the Middle-aged Man in Black Robe, this was a powerful World Defying beast!

"I'll give it to you!" The Middle-aged Man in Black Robe said as he waved his hand releasing a white light, flying towards Sun Lingxing.

Sun Lingxing hurriedly caught it and dripped blood on it.

After dripping blood, the jade coffin immediately opened and a white light shot out, enveloping Sun Lingxing's body. Then, Sun Lingxing entered the jade coffin.

After the jade coffin closed itself, both Chen Xiang and Long Qiumu were slightly stunned.

"And then?" Chen Xiang could not help but ask.

"I'll be out soon!" Sun Lingxing replied from inside the jade coffin.

"Then I'll send you to the You Yao Mountain Villa!"

Chen Xiang placed the jade coffin into the You Yao Mountain Villa, and used the power of time to speed it up!

At this time, the White Tiger had also not attacked Middle-aged Man in Black Robe, Middle-aged Man in Black Robe had already personally witnessed Chen Xiang's power, how could he still dare make a move, one White Tiger was enough for him to choke, let alone another Azure Dragon, at that time, the only thing that awaited him would be death.

If it was a World Defying Stage as powerful as him, he might not be afraid, because it would be very difficult to kill the World Defying Stage, especially for someone like him who could cultivate an unrivalled profound body.

However, he was very afraid of the World Defying beast, because the World Defying beast had a very strong digesting power. As long as he was eaten, he would be refined very quickly.

This was what the Middle-aged Man in Black Robe was very afraid of.

"We already said it earlier, you better not attack me!" After Middle-aged Man in Black Robe finished speaking, he immediately escaped. Seeing that Chen Xiang's white tiger did not chase after him, he felt at ease.

"This guy really runs fast." Long Qiumu curled his lips, then looked at Chen Xiang, and laughed: "This guy, after entering World Defying Stage, you're actually this powerful, with just a few casual moves, you scared him away."

"Let's go, we're going out right now. There are a lot of guys waiting for us outside for a long time, we can't let them wait too long." Chen Xiang snickered.

[Chapter 3005](#)

Chen Xiang took out his Six Realms mirrors and looked for the Dragon Devil Emperor Venerable's Wheel of Fate.

The Dragon Devil Emperor Venerable had already stepped into the World Defying Stage, but in order to enter the World Defying Stage Divine Mausoleum to find a way to cultivate the Primordial Divine Body, he had no choice but to reverse his cultivation. He had to enter on behalf of the Dragon Demons, otherwise there wouldn't be many good people left.

Long Qiumu had already entered the You Yao Mountain Villa, he was just bringing Tang Zhongjie and Fang Haoyun to look for the Dragon Devil Emperor Venerable.

Dragon Devil Emperor Venerable is also in a large tomb, looking for mystery. "

The environment inside this large tomb was not bad. The weather was very good, it was much better than the Wild Blood ground that Chen Xiang had seen before.

"Dragon Devil Emperor Venerable, long time no see!" Chen Xiang brought Fang Haoyun and Tang Zhongjie and suddenly appeared, scaring Dragon Devil Emperor Venerable out of her wits.

"Chen Xiang!" When Dragon Devil Emperor Venerable saw Chen Xiang, he was extremely shocked. At the same time, he laughed coldly: "You actually came here to seek death yourself!"

At this time, the Dragon Demons who were looking for something nearby all came closer. Chen Xiang was their master's bounty on him, the World Defying dragon demon hated Chen Xiang to the bones. They really wanted to capture Chen Xiang and eat him alive.

"Do you think I'm as stupid as you? I am not here to throw away my life, I am here to send you to your death. " Chen Xiang laughed as Dragon Devil Emperor Venerable threw a punch at him.

Tang Zhongjie groaned as he immediately reached out and grabbed Dragon Devil Emperor Venerable's wrist. Then, he forcefully pinched and pulled, forcefully ripping off Dragon Devil Emperor Venerable's arm.

When the other Dragon Demons saw it, they attacked one after another. Fang Haoyun also attacked! He turned into a white shadow, sweeping past the Dragon Demons, and their heads all fell to the ground. In the blink of an eye, all of the powerful Venerable Ancestor Later-stage Dragon Demons were killed by Fang Haoyun.

"World Defying Stage!" Dragon Devil Emperor Venerable finally realized that the two elders by Chen Xiang's side were both from World Defying Stage, and they were much stronger than him.

Previously, the Dragon Devil Emperor Venerable entered the World Defying Stage through the half crippled World Defying soul, but Fang Haoyun and Tang Zhongjie had both cultivated the complete and strong World Defying soul!

"You ... "Don't tell me you ..." Dragon Devil Emperor Venerable's body could not help but tremble, his teeth chattering.

Chen Xiang immediately used his own strength to tell him, and with a single punch, he left a large hole in Dragon Devil Emperor Venerable's chest.

"Even if you stepped into the World Defying Stage, you would definitely not be my master's match." Dragon Devil Emperor Venerable said fiercely: "Chen Xiang, once you step into World Defying Stage, you will still be a weakling in front of World Defying Stage Evil Ancestor. Don't be complacent!"

"Whether I'm weak or not, it's not up to you, a dying Dragon to criticize me." After Chen Xiang finished speaking, he waved his hand and released a formless World Defying god fire.

The World Defying god fire was like a gust of wind that blew past. When it blew past the Dragon Devil Emperor Venerable's body, it instantly turned him into a black mist and swept away.

The Dragon Devil Emperor Venerable was just a Venerable Ancestor Later-stage, it was as easy as cutting grass for Chen Xiang to deal with him.

"Chen Xiang, do you have confidence in dealing with the World Defying dragon demon?" Tang Zhongjie asked, "There are not only World Defying dragon demon outside, there are also those old fellows from World Defying Stage Heavenly Sect and those World Defying Stage s are also very strong."

"I know, now we only look at the Spirit Star." Chen Xiang hoped that after Sun Lingxing obtained the strength from his previous life, he would become even stronger.

"Let's clean up all the little things in here first." When they came in earlier, Forget-me Divine Race, World Defying Stage Heavenly Sect and Dragon Demon had all come in a lot, and they were all very outstanding experts.

Chen Xiang was currently inside with Tang Zhongjie and Fang Haoyun to search for this group of people. These people all had the strength of Venerable Ancestor Later-stage, and could be considered strong in the Venerable Ancestor Later-stage, but they were only ants in front of the World Defying Stage.

In less than a month's time, Chen Xiang had more or less cleaned up these people.

"After a period of time, the World Defying Stage Divine Mausoleum will close and they will never be able to enter again." Fang Haoyun said, he had already understood the situation outside from Tang Zhongjie, he only managed to breakthrough to World Defying Stage with Chen Xiang's help, which made it possible for him to live longer, so Chen Xiang needed help right now, so he would definitely do his best to help Chen Xiang.

"Other than the Myriad Tao Dan God technique, is there any other method to allow one to cultivate the Primordial Divine Body?" Chen Xiang asked.

"Of course there is, but it's not easy to find! Quite a few people in the World Defying Stage Divine Realm have died here." Tang Zhongjie asked something like that, because when Tang Zhongjie was outside, he knew that there was something inside, but he did not know how to find it.

"You want to look for it?" Fang Haoyun asked.

"Of course not! Even if there is another way, the difficulty must be high!" Chen Xiang said: "I think the method of refining pills is the fastest."

"Of course the difficulty is great. Back then, they were extremely abundant in resources, which was why they were able to succeed. However, it is different now. Even if we are able to find them, we might not necessarily be able to succeed." Fang Haoyun sighed: "It's also because they excessively consumed a large amount of resources, which was why they were executed, and allowed the energy to return to the Myriad Tao."

Chen Xiang nodded his head: "So we cannot use their method. We have to use them to refine pills, and pill refinement will only consume the medicinal ingredients, it does not waste any energy in the Myriad Tao."

"Yes, actually, the ones who consume the most Myriad Tao's power are the two stages of World Defying Stage's Sacred Stage and Divine Stage. If there are too many people in these two realms and they grow by absorbing the Myriad Tao's power, then in the end, the Myriad Tao's power will be completely used up.

As long as one was in the Myriad Tao, the mysterious Myriad Tao's Code would be the strongest, absorbing so much of the Myriad Tao's power, causing it to be completely exhausted, and also being unable to escape from the world under the Code of Myriad Tao. Even if one cultivated the prideful Divine Body, becoming a peak existence, in the end, one would be mercilessly executed like an ant in the Myriad Tao's Code.

Chen Xiang would definitely not walk this path, it was a dead end for him, especially if he did not turn back when he reached the World Defying Stage Sacred Stage.

"When we return, we must inform the World Defying Stage Tao Ancestor, he is in danger now, if he were to suddenly reach the Divine level of World Defying Stage, it would be dangerous, unless we cripple his own cultivation." Chen Xiang was still very respectful to the World Defying Stage Tao Ancestor. He felt that the World Defying Stage Tao Ancestor had contributed greatly to his life.

Chen Xiang, Fang Haoyun and the others continued to wander around the place, investigating the tombs inside the World Defying Stage Divine Mausoleum. Some of the tombs did indeed have secret realms inside them, and the descendants of the tomb master lived inside them.

only planned to go out after he came out from the jade coffin! It was because Sun Lingxing was already at World Defying Stage's Holy-ranked. Although he was at the early stage of the World Defying Holy Body, he was not weak because the World Defying dragon demon was also around this level!

[Chapter 3006](#)

In Sun Lingxing's previous life, her body had already decayed and turned into energy to be stored in the jade coffin. That was why the jade coffin was extremely important to her, it was the power of her previous life.

Right now, Sun Lingxing had already merged with the power inside the jade coffin, so her strength had risen by a lot. Chen Xiang felt that his Divine Sense Sea World was under a lot of pressure, all because of Sun Lingxing.

"How are things now?" Chen Xiang asked Sun Lingxing who was inside the You Yao Mountain Villa.

"I already have the power I had back then. I'm only at the initial stage of World Defying Holy Body now, but dealing with World Defying dragon demon shouldn't be a problem." Sun Lingxing said.

"To think that it would be possible to fuse with all these powers so quickly, and even raise its physical body to the World Defying Holy Body." Chen Xiang exclaimed. This was much faster than consuming pills.

"This is, after all, the power of my previous life, and I have already cultivated my physical body to a very good level. If it wasn't for me entering here, I would be able to cultivate World Defying Holy Body outside by myself." Sun Lingxing laughed.

"Mn, then I will leave the World Defying Stage Divine Mausoleum right now. At that time, I might have to fight with those guys." Chen Xiang said, he had already made his preparations.

"Alright!" Sun Lingxing originally had a lot of battle experience, and adding that her cultivation had already returned to what it was in her previous life, it made her even more powerful. She really wanted to leave this place quickly to find the Forget-me Divine Race and get revenge on them.

"Spirit Star, you don't have the cultivation level of the Primordial Divine Body, but why would you be executed?" Chen Xiang had always been very curious about this.

"I will die with you... Back then, the clan leader of my clan was too powerful and wanted to choose a few youths to die with him. Sun Lingxing sighed helplessly, "It's a good thing that I managed to win the quota for reincarnation, but after I was born, I was still in the Sun family ... In other words, the Sun family in the Forget-me Divine Race is passed down from my previous family. "

This was also why Sun Lingxing did not have a good impression of the Sun family after reincarnating!

Furthermore, the Sun family had killed one of her closest kin in order to capture her. This was something she hated the most. Now that she had recovered her former strength, she had to find the Sun family for revenge.

"Let's go out now!" Sun Lingxing felt the powerful energy in his body, and impatiently wanted to go out and take revenge on Forget-me Divine Race.

Chen Xiang was the same as well. For the past few days, he had been pressured by those forces outside, and now that he had become stronger, he was going to find those fellows to get revenge on.

The people outside might already know that he was dead, but they definitely would not know that Chen Xiang was the one who killed him, and they never thought that Chen Xiang would be so powerful!

There was initially a very mystical barrier around the forest, but the moment World Defying Stage entered the barrier, his cultivation would be pushed back and he would be able to return to the Venerable Ancestor Later-stage. However, when the World Defying Stage Divine Mausoleum opens, the effects of the barrier will disappear. In other words, the people from the World Defying Stage can go outside of the World Defying Stage Divine Mausoleum and enter the forest of the Everlasting Forest.

Ever since Chen Xiang and the others entered the World Defying Stage Divine Mausoleum, the doors to the World Defying Stage Divine Mausoleum had always been closed. At this time, even though there were experts from the World Defying Stage inside the forest, they were still unable to enter the Sacred Mausoleum.

... ..

An elder dressed in a golden-white robe from World Defying Stage Heavenly Sect had a stern expression. He and a few other elders from World Defying Stage Heavenly Sect were all outside the mausoleum, while the other elders' faces were extremely ugly. They had a few broken beads in their hands!

This pearl of life is the Pearl of Life, once bound to the Pearl of Life, as long as that person dies, the Pearl of Life will also shatter!

But now, the life orbs in their hands had all shattered, meaning that the people they sent in were all dead. Those people carried very difficult missions, and wanted to find a way to cultivate the Primordial Divine Body, so the people they sent in were all outstanding people within the World Defying Stage Heavenly Sect!

But now, all of them had died. This was a huge blow to the few seniors of the World Defying Stage Heavenly Sect s.

The World Defying dragon demon and the group of Dragon Demons all had cold expressions on their faces. They were very clear on what happened to the Dragon Demons they sent in.

They did not expect the World Defying Stage Divine Mausoleum to be so dangerous, they had heard that the situation was not like this, they knew that there were not many living beings inside, and even if there were, they would not be very strong, the truly strong ones were already dead.

"Seems like a lot of your people died as well!" The number of outstanding people that their Forget-me Divine Race had sent in was no less than the number of Dragon Demons and World Defying Stage Heavenly Sect s.

"Is it really that dangerous inside?" The World Defying dragon demon frowned.

"As far as I know, there should only be one person left alive!" An old man from the World Defying Stage Heavenly Sect said, "We shouldn't have caused so many Venerable Ancestor Later-stage to die!"

"Could it be that Chen Xiang was doing this inside?" The World Defying dragon demon's expression turned cold and said angrily: "This little bastard, only he has such strength!"

"But... But even he would not be able to defeat so many Venerable Ancestor Later-stage s so easily. "

"It's hard to say, let's continue waiting. Once Chen Xiang comes out, we will capture him." Head of Forget-me Race said, "Everyone, prepare your divine tools to catch this little schemer. He knows how to use the power of space and you can't let him escape.

Just as he finished speaking, two figures suddenly appeared in front of the closed doors of World Defying Stage Divine Mausoleum. It was Chen Xiang and Sun Lingxing.

Chen Xiang let Tang Zhongjie and Fang Haoyun stay in the Dan God Mysterious Land, so they don't have to do anything for now. Meanwhile, Long Qiumu and the Mei Jing Sisters were also preparing to attack inside the You Yao Mountain Villa.

When they were talking about Chen Xiang just now, Chen Xiang actually came out, and everyone did not have time to react!

Chen Xiang was also startled when she came out, but she was not. After all, she was once a figure, what kind of Myriad Star Goddess was that? She was extremely strong enough to cultivate the World Defying Holy Body.

"Attack!" When the World Defying dragon demon saw Chen Xiang and the others come out, it immediately felt that something was wrong. Sun Lingxing gave him a very powerful feeling, as if he was facing his own master, the World Defying Stage Evil Ancestor.

Head of Forget-me Race and the few World Defying Stage s felt the same way, which made them overlook Chen Xiang's existence. At this moment, Sun Lingxing was a huge threat to them.

The Forget-me Divine Race knew about Sun Lingxing's situation, and this was also the reason why they never wished for Sun Lingxing to enter the World Defying Stage Divine Mausoleum!

[Chapter 3007](#)

Sun Lingxing's beautiful eyes were filled with ice-cold killing intent, causing the Head of Forget-me Race and Sun family elders to tremble! As Sun Lingxing's gaze swept across the World Defying dragon demon, it originally wanted to attack, but at this moment, it didn't move an inch.

Previously, they had all hated Chen Xiang to the bones, but now they felt that Chen Xiang loved them more. At least Chen Xiang didn't have such terrifying strength to threaten them!

Chen Xiang originally wanted to sneak attack the old fellow in World Defying Stage, but Sun Lingxing did not do so. Instead, he sent a sound transmission to the old man to let him observe the situation.

Sun Lingxing was one of those ancient World Defying Stage. Even those who had managed to cultivate and master the World Defying Holy Body were not her match. They all felt fear towards her body of ancient World Defying Stage Divine Power.

As long as the World Defying dragon demon s could cultivate the World Defying Holy Body, he would be able to reach the early stage of Divine Body just like the World Defying Stage Dragon Ancestor. However, when he faced Sun Lingxing, he felt a sense of fear from the bottom of his heart!

"Spirit Star, why haven't you made your move yet?" Chen Xiang whispered to Sun Lingxing. He already knew that Sun Lingxing hated the Forget-me Divine Race to the core, but he was still not making a move now.

"If there were only these few people, the two of us together would definitely be able to deal with them. With Elder Fang, Old Tang, Old Tang, and those beauties, it wouldn't be a problem at all. But there's a guy around here I have to worry about." Sun Lingxing said: "From this guy Chen Xiang's Qi, he is also a World Defying Stage with an initial stage Sacred Body, his strength is on par with me."

There was actually a World Defying Stage with an initial stage Sacred Body nearby. This World Defying Stage was currently hiding and not showing himself, it was obvious that he was planning a sneak attack, so Sun Lingxing did not make a move.

Chen Xiang did not discover the World Defying Stage, but he was on guard. If the other party suddenly made a sneak attack and did not guard against it, he would definitely be in danger.

"Come out, you're a dignified World Defying Stage, yet you're actually hiding away like a coward." Sun Lingxing shouted coldly.

Sure enough, a faint golden light suddenly flashed past, and a handsome middle-aged man wearing a light gold robe appeared in front of Sun Lingxing.

"Allstar Goddess, I didn't expect you to be resurrected." The middle-aged man said with a smile on his face.

When the middle aged man appeared, Chen Xiang noticed that the people of World Defying Stage Heavenly Sect had relaxed. It was clear that the powerful middle-aged man who suddenly appeared was World Defying Stage Heavenly Sect.

"Luo Jianqing, you should be a member of the World Defying Stage Heavenly Sect right? Do you want to become my enemy?" Sun Lingxing looked coldly at this middle-aged man: "I don't have any hatred towards World Defying Stage Heavenly Sect right now, but of course, I don't mind making him my enemy!"

Luo Jianqing laughed: How can I be your enemy? Alright, I promise you, World Defying Stage Heavenly Sect will absolutely not interfere in the grudge between you two today. "

Previously, the people of World Defying Stage Heavenly Sect had a common enemy with the Dragon Demons and the Forget-me Divine Race, but suddenly said that they wanted to leave, which made the World Defying dragon demon and the Head of Forget-me Race curse in their hearts.

Chen Xiang stared at the World Defying dragon demon, because there was the Natural Law Divine Lord beside the World Defying dragon demon, and the Natural Law Divine Lord was his main target!

At this time, the Natural Law Divine Lord was also with the World Defying Stage, but he had cultivated it using the half crippled World Defying soul, his strength was very weak, Chen Xiang was not afraid of the Natural Law Divine Lord at all!

"Spirit Star, you deal with those fellows from the Forget-me Divine Race, leave the World Defying dragon demon to me!" At this time, Chen Xiang also communicated with Tang Zhongjie and Fang Haoyun who were inside the Dan God Mysterious Land.

Then, he told Long Qiumu that he was ready to make his move. As for Mei Jing Sisters, he didn't need them to do anything because World Defying Stage Heavenly Sect wouldn't participate. But Chen Xiang and Sun Lingxing would definitely guard against the World Defying Stage Heavenly Sect.

On the World Defying dragon demon's side, there were only the Natural Law Divine Lord and the Bone Emperor, the High Priest, the Ghost Emperor and the Dragon Devil Emperor Venerable that were killed by him. Compared to the Forget-me Divine Race, the strength of the World Defying dragon demon could be said to be very weak.

Although there were a few World Defying Stage s from the older generation in Forget-me Divine Race, Sun Lingxing had said that he could deal with them, and this was a grudge between her and the Forget-me Divine Race.

The World Defying dragon demon saw Chen Xiang staring at him, and laughed coldly: "Chen Xiang, don't tell me you want to attack me? Why don't you look at yourself first! Even my subordinates can kill you in an instant! "

Chen Xiang had hidden his strength too deeply, the people here were unable to see through his cultivation, and only Sun Lingxing knew how terrifying he was, "Just the two lackeys by your side who only know how to pick up trash to train, they can defeat me?" Chen Xiang looked at the Natural Law Divine Lord and Bone Emperor, and said with a sneer: "I remember that they all picked up trash's half broken World Defying soul to cultivate with, and this kind of dog can actually become your subordinate, do you really like trash like this World Defying dragon demon? Or are you just a piece of trash, so you can only let this kind of trash be your subordinate! "

"Chen Xiang, don't be too arrogant!" After Natural Law Divine Lord shouted angrily, he walked out and said to Chen Xiang: "Don't you think that you're very strong? Alright, I'll give you a chance. Fight against me, and I shall see just how strong you are to dare spout nonsense here. "

Natural Law Divine Lord is challenging Chen Xiang!

Seeing this, Sun Lingxing did not immediately take action against Forget-me Divine Race.'s men were here anyway, no matter what, they could not escape.

"Fight you?" Chen Xiang could not help but laugh, laughed with extreme contempt, and said, "You think you can compete with me? You are not qualified! "

"As long as that woman behind you does not make a move, you and I will fight and die without a doubt." Natural Law Divine Lord was very wary of Sun Lingxing, because Sun Lingxing's strength was so strong that even the World Defying dragon demon was afraid.

"I won't do anything!" Sun Lingxing said.

"Alright then!" Chen Xiang, I will allow you three moves. Within these three moves, I will only dodge and not attack. Natural Law Divine Lord had used his clone to fight Chen Xiang before, but he failed at that time.

"Take a look!" Chen Xiang had already arrived behind Natural Law Divine Lord.

The Natural Law Divine Lord turned pale with fright. He knew that Chen Xiang could teleport, so he had mentally prepared himself for it, but he never expected that Chen Xiang's speed would be so fast. Before Chen Xiang could even speak, Chen Xiang had already arrived behind him, so when he heard Chen Xiang's voice, he was already covered by Chen Xiang's Six Realms mirrors!

Yes, Chen Xiang had come to the back of the Natural Law Divine Lord, and directly took out the Six Realms mirrors, placing the Natural Law Divine Lord inside!

And inside the Six Realms mirrors were a large number of Wangwo scent that he had refined using the derivation method and the Crash method. In just an instant, the Natural Law Divine Lord was completely drunk on the Wangwo scent and fainted.

"I already said that this guy is no match for me!" After Chen Xiang finished speaking, he had already disappeared. When he arrived behind an old man, a huge palm suddenly appeared and pressed down on him.

A wave of shaking power surged out in all four directions, this was impressively the Heaven Blasting Palm!

"AAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAAA
AAAAAAAAAAAAAAAAAAAA!" The Bone Emperor gave a miserable scream and its body instantly shattered, turning into a cloud of black ash and disappearing!

Chapter 3008

Although Bone Emperor was a World Defying Stage, if one were to use the half crippled World Defying soul to cultivate it, it could not even withstand a single blow from Chen Xiang. Just a little stronger than the Venerable Ancestor Later-stage, and he would be able to kill it with a single palm!

When Chen Xiang took away the Natural Law Divine Lord, before anyone could react, the Bone Emperor was killed by him in the blink of an eye!

Everyone present was shocked, especially the World Defying dragon demon!

For Chen Xiang to have such strength, it meant that Chen Xiang was already a World Defying Stage!

It was understandable for Sun Lingxing to have stepped into the World Defying Stage. After all, Sun Lingxing had been in the World Defying Stage before, and she had also been in the World Defying Stage in her previous life.

But why is Chen Xiang also from World Defying Stage? Everyone here knew, it would be difficult to enter World Defying Stage, but Chen Xiang had always been a very young Venerable Ancestor Later-stage in their eyes, even if there were any opportunities, he should not have entered the World Defying Stage so quickly!

At this time, Sun Lingxing had already made her move, and rushed towards Head of Forget-me Race. She only released her power, but the entire forest suddenly trembled, and the mountains suddenly collapsed and the ground cracked!

"Old Tang, Old Fang, Qiu Mu, you guys go help out at Spirit Star. I'll deal with the World Defying dragon demon myself!" Chen Xiang said, and then Tang Zhongjie, Fang Haoyun and Long Qiumu immediately came out and rushed towards Sun Lingxing. "

The Forget-me Divine Race Sun Lingxing faced had several World Defying Stage s, and only one of them managed to cultivate and produce World Defying Holy Body. The others didn't, so Tang Zhongjie and the others were able to handle them.

With the outbreak of the war, the people of World Defying Stage Heavenly Sect floated high up in the air, trying to avoid the impact.

Although the World Defying dragon demon was shocked by Chen Xiang's strength, he was not afraid of him. Instead, he was excited.

"Little thing, I won't kill you. Your potential is much better than those trash." The World Defying dragon demon laughed out wildly, a black dragon head blade appearing in her hand, and her body also underwent a huge change.

Many stiff black scales appeared on his face, and his body became even bigger. His two arms were covered in thick scales, and both of his hands had turned into black dragon claws. Black evil aura surged out from his body, giving off a very powerful feeling.

A mass of black mist suddenly burst out from the World Defying dragon demon's palm, revealing a gigantic black dragon head blade. Meanwhile, his lower body had actually turned into a cloud of gas, making him look like it was floating!

"I want to take you as my slave!"

In the blink of an eye, he was already in front of Chen Xiang, the dragon head blade hacked out, bringing along waves after waves of evil black Qi, ripping through space, shaking the ground, and instantly erupting with a berserking pressure. Chen Xiang could not help but bend his legs, his entire body instantly suppressed by an extremely strong pressure, causing him to be unable to move.

"Demonic!" Chen Xiang saw the dragon head black blade slashing down and roared. His chest suddenly flashed with a green light and a small green dragon suddenly flew out, opening its mouth and biting towards the World Defying dragon demon's black blade.

When the World Defying Green dragon appeared, the Prideful Dragon's might shook the world. Following the little Azure Dragon's roar, the entire Prideful Forest was instantly enveloped by a green light, the little Azure Dragon instantly turned into a huge green dragon that covered the sky and floated in the air.

The World Defying dragon demon's gigantic dragon head had already been destroyed by the arrogant Dragon Power that flew out of its mouth when it flew out!

The World Defying Green dragon's body was incomparably huge, its entire body was shining with a dazzling green light, with a dragon's might that overflowed into the heavens, it was mighty, causing the World Defying dragon demon to tremble all over!

High up in the sky, the people from the World Defying Stage Heavenly Sect looked at the mighty green dragon and were all shocked.

"Sect Leader, this is a World Defying beast, and one of its Beast Emperors, the World Defying Green dragon! Could Chen Xiang have subdued this World Defying Green dragon inside the World Defying Stage Divine Mausoleum? " An old man said.

"I think so. It must be because he subdued the World Defying Green dragon that he became so powerful, and the World Defying Green dragon must have bestowed him with very powerful strength, allowing him to step into the World Defying Stage."

Luo Jianqing was the Sect Leader of the World Defying Stage Heavenly Sect, he was not clear about this matter, they never would have thought that the World Defying Green dragon they spoke of, was actually cultivated by Chen Xiang!

"Chen Xiang... As long as you are lucky, I'll let you live for a while longer. " The World Defying dragon demon's legs had already gone soft, this powerful World Defying Green dragon looked very scary. Although it was only an arrogant profound body, its overall strength was far stronger than his World Defying Holy Body, he did not know why.

"Can you run?" Chen Xiang sneered, the World Defying dragon demon in the air suddenly released a sharp dragon's roar, the sound wave turned into a ray of green light and struck down from the sky like a thunderbolt.

The powerful sound wave instantly pierced through the World Defying dragon demon's head, going from its head to the World Defying dragon demon's body, shaking the World Defying dragon demon until black blood was left all over.

The World Defying dragon demon did not die, it was only lying on the ground while screaming in pain. His eyes were filled with black Qi, and angrily looked at Chen Xiang: "Evil Ancestor will take revenge for me, Chen Xiang, you will definitely die a horrible death!"

"Kill him!" Chen Xiang said indifferently, the World Defying Green dragon swooped down from the sky, and when it landed on the ground, it suddenly turned into a ray of green light and entered the World Defying dragon demon's body.

B000000000000000000000000000000000000000000000000000000000M!

A crack appeared on the body of the World Defying dragon demon, and waves of green light emitted from the crack!

Roar!

The World Defying Green dragon roared, supporting and exploding the World Defying dragon demon's body. Along with the unceasing explosion of green light, the World Defying dragon demon's shattered body was also wiped out by the intense Dragon Power released by the Azure Dragon.

The World Defying dragon demon actually died just like that, causing the few elders of the World Defying Stage Heavenly Sect s to be shocked. They were all from the World Defying Stage, so they knew

that the World Defying dragon demon had a certain amount of strength, but they were actually killed by Chen Xiang!

"World Defying dragon demon s are evil beings themselves, but World Defying Green dragon s have a body full of righteous energy. Even if it's just a profound body, it can easily exterminate this kind of evil beings." Luo Jianqing said: "Even so, the strength of this World Defying Green dragon is indeed frightening, and it has a huge potential!"

"Sect Leader... Should we ... " An old man said in a low voice. He was trying to steal it.

Luo Jianqing shook his head: "Sun Lingxing has already taken down the Head of Forget-me Race ... If you were to let me deal with Sun Lingxing and the World Defying Green dragon, I don't have much of a chance of winning, but can you deal with Chen Xiang and the three World Defying Stage s? "

"But... That is a World Defying Green dragon! " An old man felt very regretful.

"Sooner or later, it will be ours, let's go!" With that, Luo Jianqing turned into a streak of golden light and disappeared into the sky.

Sun Lingxing had already heavily injured Head of Forget-me Race, while the other Forget-me Divine Race s were also captured.

Chen Xiang walked over and looked at the purple-robed elder. This was Sun Lingxing's uncle, and Chen Xiang had previously beaten the purple-robed elder up. The purple-robed elder had even mocked Chen Xiang for not being able to kill him.

"Old man, do you still remember me?!" Chen Xiang walked over, narrowed his eyes and said.

"Of course I remember. You are very strong now, but you are still unable to kill me. Haha ..." I am not as easy to kill as those demons. " The purple-robed elder laughed sinisterly.

[Chapter 3009](#)

Chen Xiang had also noticed earlier that although Sun Lingxing's strength was stronger than the purple-robed elder, she was still unable to kill the purple-robed elder, much less the Head of Forget-me Race.

Although they were unable to kill them, they were still able to injure them. At this moment, they were both heavily injured and could not recover for a short period of time. They had already lost all ability to fight.

Tang Zhongjie said: "These fellows sure have thick skin. It's indeed difficult to get rid of them!"

Chen Xiang looked at Sun Lingxing and saw that she had said softly: "It is indeed a little difficult to deal with them, but they are not impossible to kill.

Head of Forget-me Race laughed coldly: "Sun Lingxing, if you have the ability, why don't you kill us now? Even though you grew up in the Forget-me Divine Race, you still do not understand us well enough. Although our World Defying Stage Divine Power is not as strong as you are, the strength of our flesh is not something that you can imagine. "

Just a moment ago, Tang Zhongjie had also said that these people's skin was very thick, at the moment, they were only severely injured, their flesh did not sustain much damage, and the fact that their bodies could be so strong made Chen Xiang very curious.

"Oh, are you sure?" Sun Lingxing's voice turned cold. A cluster of black flames suddenly leaked out from her fingertip, and then, she pointed at Head of Forget-me Race's forehead.

This kind of black flame was extremely powerful, even from the side, Chen Xiang and the others could feel the heat waves of the flame being constantly released. Head of Forget-me Race's forehead was being burned by this terrifying flame, which showed how much pain he was in, but it was not worth sympathizing with.

"The skin of these guys is really thick." Sun Lingxing burned them for a while. Other than for crying miserably, the skin on their foreheads were not damaged at all. Their bodies were truly terrifying.

Chen Xiang asked curiously: "Spirit Star, do you know how their bodies are cultivated to such a degree?"

"This should be something that you obtained from cultivating in the sacred grounds of Forget-me Divine Race. As for the method, I'm not too sure. You can search their soul and see their memories." Sun Lingxing said.

Chen Xiang immediately pressed his hand on the top of Head of Forget-me Race's head and used Soul Absorbing Devil Spell, but he did not find anything.

"Haha ..." Don't waste your time. You can't do anything but torture us Furthermore, the more you torment us, the stronger we will become. " The Head of Forget-me Race laughed.

Chen Xiang took out the Wangwo scent s. This was a method that he had thought of that could torture them.

When the Wangwo scent appeared, Head of Forget-me Race and the purple-robed elder actually had a flash of excitement in their eyes. Sun Lingxing and Chen Xiang had both seen it.

Originally, Chen Xiang had planned to use Wangwo poison for them, but seeing their gazes just now, Chen Xiang kept the Wangwo poison.

Sun Lingxing sent a sound transmission to Chen Xiang: "They seem to be extremely fond of Wangwo poison, there must be a reason behind this. I guess they probably used Wangwo poison to cultivate such a strong body!"

When Sun Lingxing said this, Chen Xiang immediately thought of many things, and said: "That's right, for them to cultivate such a powerful body, they must have used a very cruel method to torture their own body ... But in order to cancel out the pain, they used Wangwo scent s to intoxicate themselves. This way, no matter how cruel the methods they used to cultivate their flesh and blood, they would not feel any pain. This way, their flesh and bones would also be refined, becoming increasingly stronger.

Sun Lingxing nodded. "That's right, they must have found a way up there, but this is a wrong path, and if they go on like this, it won't be long before they completely rely on Wangwo scent s."

"Looks like their bodies are filled with Wangwo poison. If the Wangwo poison flared up, wouldn't it be very difficult for them?" Chen Xiang was shocked.

"It's not that they're uncomfortable, it's that they'll become extremely terrifying. The Wangwo poison will unleash the strongest power from their bodies, and maybe even cause their powers to explode several times over." Sun Lingxing said in a serious tone, "We must get rid of them before the poison breaks out. Otherwise, they will escape this calamity!"

Chen Xiang finally understood why Head of Forget-me Race and the others were so calm now. So it turned out that they had a way out, and they themselves clearly knew that if they were struck by the poison, they would become extremely powerful.

Chen Xiang took out his Heavenly magic sword and hacked down at the purple robed elder, causing waves of tremors. However, he was still unable to kill the purple robed elder, only making him scream in pain.

Sun Lingxing was also using various methods to attack the Head of Forget-me Race!

"Damn girl, no matter what, we are still your seniors. Since you've treated us like this, just you wait. I will definitely not let you get away with it." The purple-robed elder's voice was filled with resentment.

The purple-robed elder was Sun Lingxing's eldest uncle and the old lady and middle-aged man were her eldest aunt and uncle. However, Sun Lingxing did not treat them as her family, because she could not feel any kinship between them.

"You won't have a chance." Sun Lingxing said, she was currently facing Head of Forget-me Race and was releasing punches nonstop, although the ground was trembling nonstop, Head of Forget-me Race did not sustain much damage.

"Just wait and see." The purple-robed elder laughed sinisterly.

Seeing that these Forget-me Divine Race were all looking forward to their revenge, Chen Xiang and Sun Lingxing was even more certain that they were waiting for the poison to act up.

"Haha ..." "Haha ..." Head of Forget-me Race suddenly laughed extremely crazily. His skin started to turn black, and his veins started to bulge out sinisterly, as though something was wriggling inside them.

Sun Lingxing anxiously took a few steps back, because at the moment, Head of Forget-me Race's body was releasing waves after waves of Qi, setting off waves after waves of astral winds.

Seeing that, Chen Xiang anxiously let Tang Zhongjie and Fang Haoyun enter the Dan God Mysterious Land, allowing Long Qiumu to enter the You Yao Mountain Villa.

"What should we do? Are we going to let them go just like this?" Sun Lingxing said as she clenched her teeth.

"No, there must be a way." Chen Xiang took a deep breath, he looked at the purple robed elder and the other two, and at the moment, when they saw Head of Forget-me Race's sinister look, they became excited, as if they could turn the tables immediately.

"Hurry up, or it'll be too late!" Sun Lingxing urged Chen Xiang, if he could not make a move, he had to leave quickly. At this time, the outburst of such a terrifying power from the Head of Forget-me Race had already scared Sun Lingxing.

Chen Xiang took a deep breath, let out a low growl, and then placed his palm towards the Head of Forget-me Race's mouth that was currently roaring wildly, and released a wave of World Defying god fire in!

The World Defying god fire gushed into the Head of Forget-me Race's body like a torrent. Chen Xiang immediately controlled the World Defying god fire to burn the exploding Wangwo poison in the Head of Forget-me Race's body!

[Chapter 3010](#)

World Defying god fire could burn many things, especially when activated with World Defying Stage Divine Power, the flames were even more ferocious, capable of burning away everything! Chen Xiang would now use the World Defying god fire to burn the Wangwo poison in Head of Forget-me Race's body.

The poison power within the Head of Forget-me Race had settled in too much, and after a while, it turned into a very terrifying poison power. Because of the Wangwo poison's characteristics, every so often, this poison power would burst out, making people lose their minds, becoming crazy and scary.

However, after being refined by Chen Xiang using his World Defying god fire, the Head of Forget-me Race that was originally preparing to explode, had already gradually withered away. The Wangwo poison in his body had been quickly burnt by Chen Xiang, and turned into bursts of black aura that gushed out!

Chen Xiang never thought that he would actually be helping this Head of Forget-me Race cure the poison, but it is indeed a very effective method, at least he will not be able to release such a strong and terrifying poison. Otherwise, if he and Sun Lingxing are unable to do anything at that time, he will be forced to escape in the end. "

When the purple robed elderly man saw that Chen Xiang actually had a way to dispel the poison's explosive state, he was extremely terrified. He knew that this was the only way to reverse the situation, but it had already lost its effect.

Sun Lingxing, who was originally very nervous, heaved a sigh of relief at this moment. Then, he looked at the purple-robed elder and the others, and coldly laughed. "Humph, it's nothing much!"

"You ... "So what, you still can't kill us, haha ..." The purple robed elder continued to provoke Sun Lingxing.

However, as Head of Forget-me Race let out a blood-curdling scream, the purple-robed elder's laughter also stopped!

They just saw Head of Forget-me Race's body slowly melting!

Chen Xiang also did not expect his World Defying god fire to be so terrifying, to actually be able to melt the Head of Forget-me Race's World Defying Holy Body that easily.

"Spirit Star, do it!" Chen Xiang smiled slightly: "This guy's body has become very weak now."

"Alright!" Sun Lingxing's eyes were filled with surprise and joy. He immediately waved his sword and cut off Head of Forget-me Race's arm.

"Who says we can't kill him?" Sun Lingxing was very happy, and then he stabbed out a few times. Head of Forget-me Race was extremely terrified right now.

"It's the World Defying god fire!" Head of Forget-me Race shouted in shock.

"Not bad, being burned to death by a World Defying god fire can be considered good fortune." Sun Lingxing raised his hand and summoned a meteor. Although this meteor was very small, it came down from the sky and struck Head of Forget-me Race's body, releasing an extremely strong pressure that crushed Head of Forget-me Race into white powder.

Seeing this, the purple-robed elder and the others' faces immediately turned ashen!

Head of Forget-me Race, who was so much stronger than them, was killed, let alone them!

Chen Xiang chuckled, then released a wave of World Defying god fire that enveloped the purple robed elder and the others!

The World Defying god fire could not see it, but they could feel it, especially the people who were targeted by the World Defying god fire, they were suffering from the pain of being burnt.

Just like before, Sun Lingxing summoned a few popular pills, exterminating all of these World Defying Stage s!

"We've finally gotten rid of these guys!" Sun Lingxing heaved a sigh of relief.

Chen Xiang nodded and said: "I still have something important to do!"

The Natural Law Divine Lord had already been captured by him, so he wanted to take back control of the Natural Law World from the Natural Law Divine Lord. Only by doing this, he could relax, he did not know how great of a change the Natural Law World would make, but he was sure that his friends and relatives were all good people, and that was what he had seen through the Fate Wheel in the Six Realms Time and Space Door.

Natural Law Divine Lord was knocked down by Chen Xiang using his Wangwo poison and was still inside the Six Realms mirrors, intoxicated from drinking too much!

After Chen Xiang let him out, he was still trembling on the ground with an intoxicated expression.

"How much poison did you use on that fellow?" Sun Lingxing laughed: "If we just kill him like that, wouldn't that be letting him off too easily? Let him die so comfortably! "

"There's no other way. Only in this way would I be able to prevent him from bringing the Natural Law World to their deaths." Chen Xiang helplessly spread out his hands, then placed them on Natural Law Divine Lord's chest.

"I plan to devour everything about him. This should be enough to allow me to take control of the entire Natural Law World." Chen Xiang activated his Devouring magic kungfu, then earnestly devoured everything within the Natural Law Divine Lord.

The Natural Law Divine Lord was not very strong in the first place, he was just a half-baked World Defying Stage. The power in his body was not very useful for Chen Xiang, what Chen Xiang needed was the contract power he had with the Natural Law World.

Not long after, Chen Xiang gradually sensed that a world had appeared before his eyes, and in a short while, he could clearly see that vast world.

"Success, is this the Natural Law World?" Chen Xiang couldn't help but become excited, and the worry in his heart for all these years was finally lifted.

The Natural Law World was developing very well now, he felt that the Natural Law World was not inferior to the Divine Wasteland. As long as he had enough time to grow, he would be able to nurture the Myriad Tao's power in the near future.

And what made Chen Xiang surprised was that after he had taken control of the Natural Law World, he could actually feel that there was a very strong power within the Natural Law World that he could use!

"It's a good thing that I can release the Natural Law Divine Lord. Otherwise, if he uses the power of the Natural Law World, it might cause the entire Natural Law World to collapse." Chen Xiang carefully sensed for a bit and discovered that the energy stored within the Natural Law World was extremely strong and abundant. Even though he had already cultivated the almighty profound body, he was still shocked by this energy.

Natural Law Divine Lord had already woken up. After all, the entire Natural Law World had been cut out by Chen Xiang, which caused him to suddenly sober up.

"Chen Xiang... "You shameless bastard!" Natural Law Divine Lord bellowed, all the energy in his body had also been devoured by Chen Xiang, and at that moment, he was just a cripple.

"I'm not as shameless as you!" Chen Xiang laughed, "Is the Wangwo poison satisfied? You'll find it even more satisfying later on. "

How could the Natural Law Divine Lord not know the power of Wangwo poison? Hearing Chen Xiang's words, he could not help but tremble, if the Wangwo poison flared up, he would definitely be in great pain.

"Lingxing, watch this guy. I have something to do first." Chen Xiang sat cross-legged on the ground and then looked carefully at the Natural Law World. He wanted to see if he could find Xue Xianxian and the others.

Very quickly, he found the valley where the Hundreds of Flowers Village was, but he couldn't see the Hundreds of Flowers Village inside.

"Did they change places?" Chen Xiang felt extremely puzzled.

He was sure that Xue Xianxian and the others were fine, but they were no longer in the same place as before.

Just as he was about to look for somewhere else, he suddenly saw a white figure appearing from the valley.

Behind Long Xueyi, there was also a little white cat following him. It was Yue'er, the little kitten.
