### [Chapter 3041](#)

Chen Xiang had already chased the stone all the way to the original location of the Heavenly Cauldron Pill Tomb. Access:. However, the Heavenly Cauldron Pill Tomb had already disappeared. The rock stopped there.

"Come in." Feng Ke'er shouted. The Six Realms mirrors flashed with a white light. The rock that was wrapped in red iron chains was finally taken back into the Six Realms mirrors.

However ... The instant it was collected. Myriad Tao Divine Mountain's two elders also appeared. When he saw Chen Xiang. They were all very surprised. They didn't expect someone to be faster than them. He even took away the stone.

And then there was that. That aura just now was extremely familiar to them. That was Feng Ke'er's aura.

"That's ours." An old man said. His eyes flashed like lightning. It hacked towards Chen Xiang violently. The dragon-like lightning was extremely terrifying. While flying over. The power tore the earth apart. Space itself was smashed apart.

Chen Xiang reacted very quickly. He saw the two old men appear. He immediately used Time and space power Teleportation.

It was just as he had thought. One of the two old men was attacking. The other one had already released the Space Domain's Confinement Dimension. To prevent him from escaping.

However ... His Time and space power could not be sealed. He ran away without a hitch. He hurriedly left this place.

"That was close. If only it was a little bit slower. I might have lost half my life. " Chen Xiang recalled the lightning that flashed from those two eyes. He shuddered. That was the power of a Divine Ranker in the World Defying Stage. If not for the fact that he had just mastered the Pride Realm's profound body. His reaction speed wasn't that fast either.

After the two old men saw Chen Xiang escaping. They glanced at each other. It was as if they were discussing something. No one knew what secret method they used. Quickly remove the remnant auras of Chen Xiang and her.

At this time. The two Original Ancestor s from the arrogant heaven's gate had also come.

"Where's that stone?" One of the Original Ancestor asked.

"It's gone. Suddenly gone. Very strange. We used the Space Domain Seal just now. In addition, he had also launched an attack. Just as the attack was about to hit. The stone suddenly disappeared. There is no more aura. " The old man from the Myriad Tao Divine Mountain said with a frown. He looked confused.

The Original Ancestor s of the arrogant Heaven Gate did not doubt it at all. This was because they could sense the residual energy in the air. They wouldn't think that it was Myriad Tao Divine Mountain either. Because that stone could not be stored inside Divine Sense Sea World or Divine Equipment at all.

The storage treasures of the Empyrean Gods Sect were at the Empyrean level. But it was impossible to put that stone in.

"Then we're going to send someone to search this place." The people from the Gu Shi Tian Sect did not know that Chen Xiang took it. But the people from the Myriad Tao Divine Mountain knew. However, they wanted to keep it for themselves. That was why he did not tell Ao Shi Tian Tian Sect.

No one would have thought that World Defying Stage Divine Mausoleum would be knocked away by a stone just like that. Therefore, no one doubted the power of the stone. Even if the Myriad Tao Divine Mountain and the experts of the Arrogant Heaven Gate worked together, they still wouldn't be able to accomplish it.

If not for Feng Ke'er. Chen Xiang was simply unable to take the stone away. Feng Ke'er took the stone away.

"How is it?" "Did you open it?" Chen Xiang excitedly returned to the Dan God Mysterious Land.

"Time." Feng Ke'er replied, "Don't worry. If I can't solve it. No one would be able to unravel it. I'm sure I can. I am the little essence spirit nurtured by this seal. I can't unravel it. "Who can understand it?"

"Then I am relieved."

An hour later. Chen Xiang had already returned to the Dan God Mysterious Land. Feng Ke'er had not undid the seal on the stone yet. This made Chen Xiang very anxious.

"It's almost done. "Just wait a little longer."

Chen Xiang did not know what Feng Ke'er was doing inside the Six Realms mirrors either. Ever since Feng Ke'er entered the Six Realms mirrors s. The interior was being occupied. He couldn't see inside.

Chen Xiang patiently waited for four hours. Only then did Feng Ke'er run out from the Six Realms mirrors.

"Lalalala ..." I broke the seal. " Feng Ke'er flapped his wings and flew around happily.

"Where's the Myriad Tao's treasure?" Chen Xiang asked quickly.

"Here." Feng Ke'er took out a jade box. After opening it. Inside, there was a pile of black mud.

This was the precious treasure of the Myriad Tao. It was the Myriad Tao's treasure that Chen Xiang had chased after with the experts of the Myriad Tao Divine Mountain.

"This... Is this really the most precious treasure of the Myriad Tao? " Chen Xiang did not dare believe it. He already knew that it was a lump of mud. But he didn't expect to see it. It was much worse than he had expected.

"Don't underestimate this Myriad Tao treasure. Take out your Tianchuang furnace. You'll soon find out how powerful this thing is... Immediately updated, "Feng Ke'er smiled mysteriously." Right. Take out your Heavenly magic sword too. "

"Alright."

Chen Xiang took out the broken Tianchuang furnace s.

"This treasure of the Myriad Tao is also known as the Myriad Tao Divine Soil. It can repair any divine artifact. " After Feng Ke'er picked up Chen Xiang's Heavenly magic sword s. He then took out her invincible golden needle. He poked the Heavenly magic sword for a while.

"What are you doing?" Chen Xiang saw that the Heavenly magic sword's body was pierced through like tofu. He immediately shouted loudly. His Heavenly magic sword is fine.

"It's going to be repaired anyway." It's nothing to spoil. " Feng Ke'er laughed. After that, he stabbed it more than ten times. It was as if he was enjoying himself. Chen Xiang shouted in his heart.

"What if that mud is useless?" Chen Xiang's heart was bleeding.

"It will definitely be useful." Feng Ke'er used his finger to 'get' a bit out of the jade box. He then smeared it on the surface of the sword.

Just for an instant. The small holes that had been pierced by the needles had all disappeared. Seeing this scene. Chen Xiang finally let out a sigh of relief. He also believed in the power of this Myriad Tao Divine Soil.

"After your Heavenly magic sword was smeared by that mud. He had become much stronger. Especially in the material. "If you don't believe me, you can take a look yourself." Feng Ke'er threw the Heavenly magic sword to Chen Xiang.

Chen Xiang received it. When he held it in his hand, he immediately felt a huge difference.

"A lot stronger." This was something that Chen Xiang could feel immediately.

"Now I'll help you fix the stove." Feng Ke'er took out some black colored divine earth and slowly smeared it on the parts of the Tianchuang furnace that had split open.

The Tianchuang furnace had many cracks. But after it was smeared. Then it gradually healed.

"The intensity is not enough. I need to use a little more. " Feng Ke'er then carefully rubbed the divine earth on the Tianchuang furnace. And when she was smearing it. It even released a thick gold-colored flame.

See that flame. Chen Xiang's brows twitched. It was actually a World Defying god fire. And it was cultivated to mastery.

"This is a World Defying god fire. And it's even at the Mastery Stage. " Chen Xiang said in shock.

"Yes." Feng Ke'er stuck his tongue out at Chen Xiang. Laughing, he said, "You can also use World Defying god fire, right? "It seems like you're only at the Small Success Realm."

Chen Xiang nodded. This was his first time seeing a fully mastered World Defying god fire. This was the same as the introduction for the mental cultivation method. Large success World Defying god fire s were extremely beautiful.

[Chapter 3042](#)

Chen Xiang's World Defying god fire was cultivated to Small Success. Only then would he be able to refine Tianyuan holy body Dan. He never thought that the little girl Feng Ke'er could actually use such a powerful flame. Even Luo Tianjun had not reached this stage of cultivation.

"With my current cultivation, cultivating the World Defying god fire to the Initial Stage is already pretty good, right?" Chen Xiang looked at the Tianchuang furnace. At this time, he had already smeared a change on the surface of the Tianchuang furnace.

In order to smear the Tianchuang furnace, Feng Ke'er used more than half of that material.

"It's finally done. Only a few days to go. This pill furnace of yours can become the Myriad Tao's Divine Equipment." Feng Ke'er said: "There is still half of it. Keep it for yourself. Now I have fulfilled my promise. Remember what you promised me."

Feng Ke'er wanted to find the hardest thing. It couldn't be pierced with her golden needle.

"Now will your needle pierce my stove?" Chen Xiang looked at the Tianchuang furnace that had a golden glow on its surface. He felt that the Tianchuang furnace had become a Myriad Tao Divine Equipment. It should be strong.

"Absolutely." Feng Ke'er said very confidently: "That's right. Your Six Realms mirrors must be modified as well ... However, there were really very few Myriad Tao Divine Soil s. It may not be enough."

"Wait. Don't use it yet. I'm going to try. Can you refine it for me?" Chen Xiang poked Myriad Tao Divine Soil with his finger. He only felt it was soft. Like soft mud. And he couldn't even stick his finger in.  
Update First Time

He just saw Feng Ke'er heating up his fingers to melt this Myriad Tao Divine Soil. When she was smearing it. It can only be done if the World Defying god fire melts into water.

"Refine." "How should I refine it?" Feng Ke'er was a little confused. He was also very curious about this.

"Just like refining pills ..." This is the way I often use it. Originally, it was a relatively small amount. After I refined it. The quality will improve. The amount will also increase." Chen Xiang said: "It was just something I refined before. They were all forms of energy. After I refine it. There would be more energy. I just wonder if this Myriad Tao Divine Soil can use my method."

Chen Xiang felt that the Myriad Tao Divine Soil was that powerful. It would definitely be quite difficult to refine it. Back when he was refining energy. Only by using Crash method could he improve by a lot. The Crash method was a very violent technique. If it was used to refine the Myriad Tao Divine Soil. That must be very inappropriate. He did not want the Tianchuang furnace that he had just repaired to be damaged again.

And the derived law was a very gentle method. He planned to use the derivation method to try it out. If he succeeded. He would be able to own an endless number of Myriad Tao Divine Soil. At that time, he would hand it over to Xue Xianxian and the others to refine some sort of formation. It must be very powerful. Just thinking about it excited him.

"If I have." "It's probably going to be like that." Feng Ke'er had seen a lot up there. However, he had never heard of such a method.

"If it succeeds. The Myriad Tao Divine Soil would have a few more. I can't use all of them. " Chen Xiang laughed: "I just don't know if it will succeed. But after the Tianchuang furnace was repaired. I'll try it. "

"If there are many Myriad Tao Divine Soil s. Isn't setting up a formation a lot more powerful? " Chen Xiang knew that the stronger the array disc was. The materials required were much more demanding. And formation plates were the most convenient items to carry. It was even more difficult to destroy an array formation using an array disc.

"Of course. But Myriad Tao Divine Soil was very rare. No one had ever used it to refine an array disc. There are too many Myriad Tao Divine Soil s that are needed. If he used too little. It's not like there's any effect. " Feng Ke'er shook his head and sighed, "If there were enough Myriad Tao Divine Soil s. "Try it and you'll know."

Chen Xiang placed the Tianchuang furnace into the Six Realms mirrors. Then, he would use the power of the Time Laws on the Six Realms mirrors. Let the time inside speed up. It had only been four hours. The Tianchuang furnace that would have taken a few days to repair had already been repaired.

"Very good. "The intensity has increased by a lot compared to before." Chen Xiang could very clearly feel the increase of his Tianchuang furnace. The surface of the Tianchuang furnace was covered with a layer of light golden colored skin. This came about because the Myriad Tao Divine Soil was smeared.

Myriad Tao Divine Soil was originally pitch black. After burning it with fire. Then it would turn golden.

"I can give it a try now." Feng Ke'er was very curious to know how Chen Xiang managed to refine the Myriad Tao Divine Soil.

"Yes." I'll start now. " Chen Xiang changed his location.

Chen Xiang was at a quiet and secret place in the Dan God Mysterious Land. There were a few women in Dan God Mysterious Land. These women were all responsible for growing medicinal herbs. They were all women taken in by the Hundred Flowers Village.

They were not surprised to see Chen Xiang here. Because they all knew Chen Xiang's identity. I've also heard various legends about Chen Xiang. In their hearts, they admired him a lot. It was just that Chen Xiang was running too fast. They hadn't seen it yet. Chen Xiang was gone.

Chen Xiang came to a place far away from the medicinal herbs in the Dan God Mysterious Land. He was worried that an accident would happen while he was refining the pill. It would not be good if he reached the medicinal field.

"If there is a large number of Myriad Tao Divine Soil s. Then, he began refining the Myriad Tao Divine Soil. then it's possible for me to refine the stone I'm looking for. " Feng Ke'er saw Chen Xiang take out the Tianchuang furnace. He also really hoped for Chen Xiang to succeed. Because it was very important to her.

Before. She did not think highly of Myriad Tao Divine Soil. Every time the Myriad Tao Divine Soil appeared, there would only be this little bit. Not enough for her. But now, Chen Xiang said that he could refine even more of it. It sounded incredible. But she had seen Chen Xiang's pill refining skills before. Deep down, he still felt that it was possible.

"Yes." I'll do my best. If he succeeded. It's a good thing for me, too. " Chen Xiang's expression was stern. At this moment, he became very serious.

He forced out a sliver of World Defying god fire on his finger. Then, he took a little bit from the ball of Myriad Tao Divine Soil.

In this aspect, Myriad Tao Divine Soil was only the size of a grain of rice. Although it looked small. But it was of great use. He smeared it on ordinary materials. It would be able to cause a tremendous change to the material.

This point was something that was extremely precious to Myriad Tao Divine Soil.

After Chen Xiang placed the Myriad Tao Divine Soil into the Tianchuang furnace. He then released the World Defying god fire to burn.

The pale golden World Defying god fire roared from within the Tianchuang furnace. They fiercely burned that little bit of Myriad Tao Divine Soil.

Myriad Tao Divine Soil would experience a huge change the moment they come into contact with World Defying god fire. The black one would immediately turn golden. And this was only under the circumstance of meeting a gentle World Defying god fire.

And now, Chen Xiang was burning even more fiercely. It was a scorching sun that made the Myriad Tao Divine Soil look like gold inside the furnace. A strong golden light was released from the sea of fire. It was flickering.

"Nothing has changed. When the Myriad Tao Divine Soil was being burned by the intense flames. It was always like this. Burn for a long time, too. Are you going to burn like this? " Feng Ke'er saw Chen Xiang burning Myriad Tao Divine Soil like this for a long time. Then, he told Chen Xiang that it was useless to burn them like that.

### [Chapter 3043](#)

"Really? "If this goes on, will there be any effect?" Right now, Chen Xiang was only using the most common method, directly using a strong flame to burn it. If he did not succeed, he would use another method to burn it.

Feng Ke'er nodded his head: "Yes, someone had already tried to burn it before, and it was even with the strongest complete World Defying god fire, but the results were all the same. They burned for a very long time, but there were no movements, and it just continuously emitted light like this."

"Even if this continues, the Myriad Tao Divine Soil will not be damaged. After cooling down, it will return to its original dark and unassuming state."

Chen Xiang immediately stopped burning. The amount of energy he needed to use his small success rate of World Defying god fire was still huge, and from Yue'er, he already knew that this method wouldn't work. He had to think of another way.

"If you don't believe me, I'll use my World Defying god fire to burn it for you to see." Feng Ke'er could immediately see the interior of the Tianchuang furnace and she knew about the changes that had

occurred inside. She thought that Chen Xiang would use different methods to refine it before, but she never thought that it would be the same as what she had seen before.

However, when others were burning it, they only wanted to see if they could burn the Myriad Tao Divine Soil into another form. Chen Xiang was burning it with the aim of increasing the growth of the Myriad Tao Divine Soil, and this was her first time hearing of such a goal.

"That won't be necessary, I'll think about it now."

Chen Xiang observed the little Myriad Tao Divine Soil and thought: "Looks like I can only use other methods, I can't just go and burn them."

When Chen Xiang was refining pills a long time ago, because he was lacking in various aspects, he was able to comprehend some powerful refining methods from the Heavenly Alchemy to burn some very stubborn medicinal herbs.

Right now, he was planning on using that method to burn and refine this stubborn Myriad Tao Divine Soil in front of him.

In one breath, he had tried several different refining techniques, but none of them worked!

"Next is the refinement of the illusionary fire!" Chen Xiang closed his eyes and took a deep breath.

Huanhuan Fire is mainly a method of self-immolation of medicinal materials. It is a very magical method of refinement, usually dealing with those medicinal materials that cannot be incinerated from the outside, letting the inner part of the medicinal materials burn by itself, allowing the medicinal materials to absorb the outer flame into the inner part, and then igniting from the inside to achieve the purpose of rapid incineration.

Chen Xiang had only used it for less than an hour, and already it had an effect!

Before, when that small piece of Myriad Tao Divine Soil was burned, it released waves of dazzling golden light, like golden rice grains shining brightly in the flames. No matter how much it was burned, it could not completely vaporize, at most turning into a drop of water.

However, when Chen Xiang was refining, he had to first destroy the original shape of the material, and then turn it into mist. After that, he would refine it using a method, and under the effect of the mist, he would change the quality and characteristics of the material.

If the Myriad Tao Divine Soil maintained this state throughout, it would be impossible to change it!

But now, after he used the Flame Illusion's refinement, the Myriad Tao Divine Soil had finally changed and began to emit white mist. Seeing this scene, the first one who was surprised was Feng Ke'er.

"There's movement! It's turned into a white mist!" Feng Ke'er anxiously shouted.

"Hmm, looks like this will most likely succeed." Chen Xiang was also excited. After all, the first step had already been taken.

"Refining it requires quite a bit of time!" He really wanted to see how long it would take for the white mist to completely dissipate from Myriad Tao Divine Soil. After calculating it, he felt that it would take at least a month!

"Quickly use the power of time." Feng Ke'er said.

Chen Xiang had already started to cover him with Time Formation.

The time it took to completely refine the pill was a bit faster than Chen Xiang had estimated, it took around twenty days.

What surprised both him and Feng Ke'er was that after such a small amount of refinement, the white mist from the Myriad Tao Divine Soil filled the entire inside of the Tianchuang furnace.

"What's next?"

Feng Ke'er had witnessed the process of Chen Xiang's refinement, and she had also asked Chen Xiang how he refined the Myriad Tao Divine Soil. Chen Xiang had told her the profound mysteries of the Illusory Flame Refinement Art, but she did not understand, as Chen Xiang had comprehended it himself.

"The next step is to gather these mist particles together and then use my pill technique to create them. After that, I will gather them together ..." Just like last time when you helped me suppress the Tianyuan holy body Dan, suppressing it to its smallest form could be considered as a success. " Chen Xiang said.

"Well, can we start now?" Feng Ke'er understood the great logic, but she felt that it would be very difficult to do it herself, as it required a lot of experience.

Chen Xiang then started to condense the white mist in the furnace, quickly condensing it into a larger crystal ball.

"Now, I will use the derivation method to make this crystal ball give birth to a small one." Chen Xiang closed his eyes, and said: "This may take a long time, the consumption to me will be greater, and this crystal ball will absorb my World Defying Stage Divine Power to create a new one."

Before, when Chen Xiang refined the Tianyuan holy body Dan, even though the consumption was quite large, it was within his expectations.

But when he was refining the Myriad Tao Divine Soil, he did not expect that he would be able to absorb so much World Defying Stage Divine Power from the very beginning!

When he was refining pills, the rate at which the crystal ball absorbed was like a small stream of water flowing through a small stream. Now, when the Myriad Tao Divine Soil absorbed the crystal ball, it was like a torrential river flowing endlessly!

In just an hour or so, ninety percent of the World Defying Stage Divine Power in Chen Xiang's body was drained, and only a little bit was left for him to maintain his body.

"Xiao Ke'er, lend me some World Defying Stage Divine Power!" Chen Xiang immediately shouted: "This thing is a bottomless pit!"

Feng Ke'er immediately passed his own World Defying Stage Divine Power onto Chen Xiang's body.

The pressure on Chen Xiang immediately lessened, and when Feng Ke'er transferred over, he was also using his cultivation to recover his World Defying Stage Divine Power, so he felt that no matter how many World Defying Stage Divine Power Feng Ke'er had, he would not be able to hold on for long.

"How long will it take?" It had only been six hours, but half of her World Defying Stage Divine Power was gone. She had never used up so much World Defying Stage Divine Power in her entire life before.

"Until this thing gives birth to a small one." Chen Xiang said: "Continue to persevere!"

Feng Ke'er could only last for six more hours!

Just like this, in the span of six hours, Feng Ke'er's vigorous World Defying Stage Divine Power was mostly used up, only 10% remained!

"It's my turn!" Chen Xiang had already recovered, he felt that he had to refine some World Defying Stage Divine Power Pills in the future, if he continued to refine like this, the consumption would be huge.

If the World Defying Stage Divine Power that he and Feng Ke'er had consumed were refined into a World Defying Stage Divine Power Pellet, after his method of refinement, it would be equivalent to several, or even ten times the original amount.

#### [Chapter 3044](#)

Feng Ke'er had almost drained her World Defying Stage Divine Power, but she was still very excited. This was an extremely miraculous experience for her, and the more it was like this, the more hope she had of Chen Xiang refining it.

"Your World Defying Stage Divine Power is so much more than me!" Chen Xiang had only taken two hours, but Feng Ke'er had endured for six!

"Of course, my cultivation is much higher than yours to begin with!" Feng Ke'er laughed, "You have to succeed, I paid a lot!"

"When will you recover?"

Although Chen Xiang had already recovered, he felt that he would definitely be drained in two hours.

"About six hours." Feng Ke'er thought for a while, then said: "If it can't be sustained, will it affect you greatly?"

"It's a little big! If it can continue, the effect will be the best. " Chen Xiang did not want to stop, after all, he had already worked so hard.

In the end, he had no choice but to let Feng Ke'er go to Hundreds of Flowers Village to call Sun Lingxing over.

Sun Lingxing was a Saint Ranker of the World Defying Stage. There were a lot of World Defying Stage Divine Power in his body, so he should be able to hold on for six hours.

Feng Ke'er quickly called Sun Lingxing over.

"What is it that I have to refine to consume so much energy?!" After Sun Lingxing arrived, he told her the details of the situation.

Previously, Feng Ke'er had played around in the Hundreds of Flowers Village for a while, but Sun Lingxing knew that Feng Ke'er was very strong, and she had used up all of her energy.

"For the time being, it's a secret. You'll know about it in the future. Quickly give me the World Defying Stage Divine Power." Chen Xiang smiled mysteriously.

Sun Lingxing scoffed, and placed her hand on Chen Xiang's back.

"Spirit Star, how are you doing inside?" Chen Xiang arranged for Sun Lingxing and her to stay in the Hundreds of Flowers Village to protect the Hundreds of Flowers Village, since there still weren't any in the Hundreds of Flowers Village.

"Very good, very happy ..." I know a lot of things about you, you little scoundrel! " Sun Lingxing chuckled.

Chen Xiang used his knees to think and know that it was Long Xueyi, the big-mouthed dragon, speaking ill of him.

"This Little Naughty Dragon really deserves a beating." Chen Xiang curled his lips and said, "Then you and Qiu Mu can stay here in the future. There's nothing between you and her anyway, and this place can be considered my home."

"Yes, Qiu Mu and I both have the same plan." She was very clear about Chen Xiang's talent in alchemy. She knew in the Hundreds of Flowers Village that Feng Yujie and the other girls also inherited Chen Xiang's pill techniques, although they were not as powerful as Chen Xiang, they were not weak either, allowing her to broaden her horizons.

It was not that she had exhausted her World Defying Stage Divine Power, but rather Feng Ke'er had shouted for her to come.

"Spirit Star, wait a little longer!" Chen Xiang did not know how long the crystal ball inside would last either.

"Alright!" In Hundreds of Flowers Village, Sun Lingxing did not have many important things to do, he was just guiding the girls inside the cultivation, or chatting with them, or telling them the stories of the past.

After Feng Ke'er continued to transport World Defying Stage Divine Power for five hours, the crystal ball inside the furnace finally gave birth to a small one!

"It's a success!" Chen Xiang heaved a sigh of relief. They had sent in a lot of World Defying Stage Divine Power s before and after, so even though it wasn't a lot of time, it was a lot of time.

"Remember to tell me this secret when the time comes. I'm going back."

Sun Lingxing hurriedly returned to the Hundreds of Flowers Village. After understanding the situation of the Natural Law World, she knew that the Hundreds of Flowers Village and her son were very weak when facing off against the Myriad Tao Divine Mountain and her. She was considered the strongest here, so she was extremely important to the Hundreds of Flowers Village.

"How much longer?" Feng Ke'er asked excitedly. Although she had used up a lot of energy, she was still very energetic.

"There's still some time left. I'll soon enter the suppression phase." Chen Xiang only felt that he was not strong enough right now, otherwise he would just run into them, or even give birth to a few more small crystals.

He then merged the small and large crystal clumps together. The process was quite easy, and it only took half a day to complete.

"Alright, you should recover now. We'll join hands!" Chen Xiang said: "Just like last time ... .."

Chen Xiang didn't have much confidence in compressing this large crystal ball at the moment. When he had finished fusing with it, he had a deep feeling that this crystal ball's strength was not something that he could complete with his current strength.

Feng Ke'er felt that it was extremely mysterious that such a small Myriad Tao Divine Soil could actually refine into such a big thing.

"Alright!" Feng Ke'er was very willing to do this. She was very happy to be able to participate in the refining process.

The process of suppression wasn't easy at all. Chen Xiang was simply unable to use his strength and it was Feng Ke'er who used the power of the seal to suppress it. Even Feng Ke'er was constantly gasping in admiration at the power of the crystal ball.

Feng Ke'er spent an entire ten days time to compress a large lump of medicinal crystal that was only as big as a pea! (TL:

[illegible]

"Success?" Feng Ke'er looked at the black pellets inside the Tianchuang furnace.

"Take it out and you'll see!" Chen Xiang took out the pea-sized little pill.

Feng Ke'er hurriedly received it and took a look. He was instantly ecstatic and couldn't help but fly around Chen Xiang.

"Success ..." "It's a success..."

Chen Xiang wiped his sweat and also revealed a smile. This time, if it wasn't for Feng Ke'er helping him, he wouldn't be able to succeed by himself.

At first, it was only the size of a rice grain, but it had now grown several times in size! Although it was still very little, Feng Ke'er was extremely happy. At the very least, they had a way to continuously obtain Myriad Tao Divine Soil, and it would just take a while, but that bit of time was nothing in her eyes. Some people would spend tens of thousands of years, or even hundreds of thousands of years, to obtain Myriad Tao Divine Soil.

"I've already determined that this method will work!" Chen Xiang laughed faintly: "But I have to concoct pills next, my cultivation is too low, as you can see, without your help, I would not have succeeded."

Chen Xiang wanted to refine Tianyuan holy body Dan to raise his cultivation, otherwise, it would be extremely difficult for him to refine the Myriad Tao Divine Soil!

"Mm, your situation isn't too good right now. You really need to raise your cultivation." Feng Ke'er knew that there would be an endless number of Myriad Tao Divine Soil s in the future, and he was elated. "I'll stay by your side and help you refine pills!"

"Alright, just be my alchemy boy." Chen Xiang pinched Feng Ke'er's face.

To him, Tianyuan holy body Dan was much easier than refining a Myriad Tao Divine Soil. Especially now that his Tianchuang furnace had levelled up, coupled with Feng Ke'er's help!

And before he began to refine, Chen Xiang made a trip to the air above the ocean where the Myriad Tao Divine Mountain was.

"Daofather, what's the situation between Myriad Tao Divine Mountain s?" Chen Xiang used the Communication jade Symbol paper to send a message, Luo Tianjun did not know that the Myriad Tao's treasure had been obtained by Chen Xiang.

"World Defying Stage Heavenly Sect suspects that Myriad Tao Divine Mountain has taken away Myriad Tao's treasure, but Myriad Tao Divine Mountain denies this with all his might ..." Luo Tianjun told Chen Xiang what the two elders from Myriad Tao Divine Mountain told everyone.

At that time, Chen Xiang was seen by the two elders from the Myriad Tao Divine Mountain, and they could even feel his Qi. They only needed to investigate a little, and they would know that he was Chen Xiang, but they did not tell the World Defying Stage Heavenly Sect, as it was clear that they were hiding this matter from him, and then, they would eat the Myriad Tao's treasure by themselves!

Myriad Tao obtained the Myriad Tao's treasure in the first place, but World Defying Stage Heavenly Sect was powerless to break it apart, so he asked Myriad Tao Divine Mountain for help. However, the whereabouts of the Myriad Tao's treasure was unknown, and World Defying Stage Heavenly Sect's heart was filled with hatred, which was why he suspected Myriad Tao Divine Mountain.

At first, the World Defying Stage Heavenly Sect was only suspecting, but later on, they decided that it was the Myriad Tao Divine Mountain who was hiding something and started arguing. However, they did not do anything because the World Defying Stage Heavenly Sect could not come up with any evidence.

The Myriad Tao Divine Mountain knew that he was the one who had participated in this matter, and the Myriad Tao Divine Mountain was obviously confident that he could obtain the Myriad Tao's treasure.

"We have to deal with the Myriad Tao Divine Mountain now, but they don't know where I am, so if they want to deal with me, there is only one way!" Chen Xiang pondered, then suddenly thought of something.

"Are they trying to take my friends and relatives from the Natural Law World to threaten me?" Chen Xiang laughed coldly, then hurriedly returned to the Hundreds of Flowers Village, told Lv Qilian about this matter, and told him to gather all the people who were going out, during this period of time.

Then, he went to the Heavenly Dragon City again. He told Long Jiuxiao about this matter and told him to quickly withdraw those who went to the Myriad Tao Divine Mountain to learn.

Fortunately, Chen Xiang had warned them before to pay attention to Myriad Tao Divine Mountain, so they had all been careful of him. If anything happened, they could quickly respond.

Therefore, in just half a day's time, they had already withdrawn all the people from Myriad Tao Divine Mountain.

Currently, both Heavenly Dragon City and the Hundreds of Flowers Village have Heaven and Earth infinite Dan. Even if they do not surrender to the Myriad Tao Divine Mountain, they can still enter the World Defying Stage.

Myriad Tao Divine Mountain and World Defying Stage Heavenly Sect didn't know that Chen Xiang was able to return to Natural Law World, especially so, they didn't understand it in the slightest, and furthermore, they didn't know where he was currently located.

The people of Heavenly Dragon City and Hundreds of Flowers Village were extremely tight-lipped, and did not reveal the location of these two places no matter what!

... ..

Within half a day, the people of the Hundreds of Flowers Village and the Myriad Tao Divine Mountain had quietly slipped away from the Natural Law World, which attracted the Myriad Tao Divine Mountain to give them a lot of attention!

It was also at this time that they received a mission from the upper echelons of the Divine Wasteland to capture the people from the Heavenly Dragon City and to force them to pinpoint the location of the Heavenly Dragon City and its location.

"Why did the Heavenly Dragon City and the Hundreds of Flowers Village receive the news? Even we only just found out about this!" An old man from Myriad Tao Divine Mountain was very angry and quickly told Myriad Tao Divine Mountain about the situation.

"It must be Chen Xiang, Chen Xiang can communicate with the people of Natural Law World!" The old man from the Myriad Tao Divine Mountain replied.

"Then what do we do now? These damned bastards ... I already knew that they were very unreliable before, and now that it's true, I just left as soon as I said. "

"Use everything you have to investigate, you must find out where they are, and no matter what means you use, you must capture their people. Only by doing so can you coerce Chen Xiang to hand over that Myriad Tao's treasure."

"Good!" For a mere Natural Law World, even flipping through it once wouldn't be a difficult task. "

... ..

Dan God Mysterious Land, Lv Qilian came to the outside of the secret room where Chen Xiang was refining pills, and said softly: "Yanran has just received the latest news, Myriad Tao Divine Mountain is searching for our whereabouts, and is even claiming that our Hundreds of Flowers Village and Heavenly

Dragon City's disciples are colluding with her, stealing away her Myriad Tao Divine Mountain's precious cultivation technique and divine pellets!"

"En, next, all of you have to be careful. Once my pills are successful, it will be time to counterattack the Myriad Tao Divine Mountain." The conflict between Chen Xiang and Myriad Tao Divine Mountain was not small. Previously, he had already been secretly dealt with a few times by the Myriad Tao Divine Mountain, and at that time, if he did not have the strength, he would endure it.

But now that the Myriad Tao Divine Mountain was so overbearing, once he possessed sufficient strength, he would definitely go and settle this score with the Myriad Tao Divine Mountain!

"Tell Yanran and the others to be careful, Myriad Tao Divine Mountain is still very strong." Chen Xiang warned repeatedly. Yan Yanran and the others were still responsible for gathering information like before.

"I got it!" After Lv Qilian left, Chen Xiang began refining the Tianyuan holy body Dan.

There were only a few batches of Tianyuan holy body Dan ingredients left now, but he did not need to worry about not having enough to use them, because he only needed to use the dual Time Laws' power to quickly grow them.

Feng Ke'er was currently helping Chen Xiang concoct pills very diligently. Only when Chen Xiang becomes stronger would he be able to quickly refine Myriad Tao Divine Soil s. At that time, she might even be able to refine the rocks she finds herself.

When he was refining the Tianyuan holy body Dan the second time, Chen Xiang had already felt much more relaxed. Firstly, the Tianchuang furnace had received a large upgrade, and when he used the World Defying god fire, it was able to increase his flames by a lot. Then, he had Feng Ke'er's help to suppress it.

Previously, when he refined the batch of Tianyuan holy body Dan, he allowed one Medicine crystal to give birth to nine, and then allowed these nine small medicinal crystal balls to collide with the largest one, and after that, he fused them together again. There were only two steps!

And now, he had added one more step, which was to fuse them together and then create them again. Furthermore, there were nine of them!

He did not charge at them after he produced the nine pellets, because he did not have enough power. Even with Feng Ke'er's help, he felt that it was very difficult, and with the current second attempt, he would be able to raise the quality of the pellets much higher.

If it wasn't for Feng Ke'er's help, he wouldn't be able to fuse all of the medicinal crystal balls this second time. Now that he had joined hands with Feng Ke'er, he could only barely succeed!

This made her exclaim endlessly, because she knew, if he had enough strength, then he would be able to create and clash continuously. After repeating this process a few times, the quality would definitely be unimaginably high!

Myriad Tao Divine Soil could do the same as well, on the premise that Chen Xiang had sufficient strength.

"The quality of this pellet is really high. Maybe it will allow you to cultivate World Defying Holy Body." Feng Ke'er and Chen Xiang were currently suppressing the pellets unceasingly. From the start to the end, more than twenty days had already passed.

"I don't know either, I have to eat some before I'm sure. If I succeed, the others would only need to eat two pills and they would be able to cultivate the World Defying Holy Body directly." Chen Xiang said.

In the end, they used almost a month's time to finally refine this pill. Both of them were exhausted, but they were able to recover after resting for half a day.

"Hurry up and eat." Feng Ke'er had also participated in this round of refining pills, so she was very curious about the effects of the pills here. After all, she had used a lot of her powers, if the pills here worked well, she would feel a sense of accomplishment.

After Chen Xiang consumed it and used his Time Power, it could save him a lot of time!

However, not long after he ate it, his body suddenly turned golden and rapidly expanded. Strangely, not long after he expanded, his body would return to its original state and then expand again ... This continued to change over and over again.

#### [Chapter 3046](#)

Seeing Chen Xiang's strange state, Feng Ke'er was so scared that her face turned white. She was worried that something bad would happen to Chen Xiang!

"How are you? Is there something wrong with this place?" Feng Ke'er asked quickly.

Chen Xiang did not speak. Even though his body was currently undergoing a strange transformation, he did not feel any discomfort.

"Say something! Chen Xiang, how are you right now!" Feng Ke'er became even more anxious and continued to shout lightly.

"I'm fine, the effects of the pills here are very good, they might really help me cultivate the World Defying Holy Body." Chen Xiang was sensing the bizarre changes in his body just now, so he did not hear Feng Ke'er's voice. Now that he did, he replied Feng Ke'er.

Feng Ke'er was finally relieved. She was worried that the problem with the pellet was because she had participated in the refining of the pellet this time! Knowing that Chen Xiang's situation was good, she was also happy in her heart.

"I should be considered a qualified pill refiner now." Feng Ke'er laughed.

Chen Xiang would definitely need time to refine the pellet, so he took the chance to run to the Hundreds of Flowers Village to find Yue'er, or to find Xue Xianxian and the others, and teach them some of the knowledge of Spirit grain.

Of course, she had only stayed outside for a single day, yet Chen Xiang had stayed in the Time Domain for a month and currently, he had already cultivated the World Defying Holy Body. Even though it was only at the initial stage, his current World Defying Stage Divine Power was several times stronger than before!

"After cultivating my body, my World Defying Stage Divine Power has actually gotten such a huge boost! This Tianyuan holy body Dan is truly extraordinary, if I were to use this method of refinement, I would be able to eat a peak Saint Body. "

After Chen Xiang came out of the Time Domain, he anxiously went to find Feng Ke'er.

Now, the Myriad Tao Divine Mountain was looking everywhere for the location of the Hundreds of Flowers Village s, so he had to hurry and increase the overall strength of the Hundreds of Flowers Village s.

Feng Yujie and the others were currently refining Heaven and Earth infinite Dan s, their progress was not small. Because they were refining pellets, and were extremely important to the entire Hundreds of Flowers Village and Heavenly Dragon City, a large portion of the Heaven and Earth infinite Dan Chen Xiang had refined were eaten by them, and they had used Time array s to quickly acquire time. Now, they had all broken through and stepped into the World Defying Stage.

After they could use the World Defying Stage Divine Power, it became much easier for them to cultivate their World Defying god fire. When refining their Heaven and Earth infinite Dan, it was also not as difficult as before.

"It's only a matter of time before they produce Heaven and Earth infinite Dan! It seems that the vast resources of the Hundreds of Flowers Village and the Heavenly Dragon City are all gathered here. " When Chen Xiang arrived at the Pills Fragrance Garden, he immediately sensed the dense power of the Time Code. It could be seen that all the girls inside were using Time array s.

Time array consumed a lot of energy, but everyone was very willing to concentrate a large amount of resources here in order to obtain more Heaven and Earth infinite Dan.

"They are all very serious, so I won't disturb them." Chen Xiang came to Xue Xianxian and the others' side, but there was no one there.

"Where did they go?" Chen Xiang hurried over to Lv Qilian's courtyard.

Lv Qilian was not there, but Chen Xiang saw Lv Qinlian!

"Sister Qinlian!" Chen Xiang walked over and asked: "Where did they go? I can't find them! "

"We're outside. We're setting up a great formation, and we'll need protection when we set up the formation!" The one who answered was Bai Ziqian: "We are also preparing to go out now! Hundreds of Flowers Village was scouted by the people of the Myriad Tao Divine Mountain, so we have to be prepared. "

"We've been discovered!" Chen Xiang felt that it had only been a few days, the Myriad Tao Divine Mountain was actually able to detect it.

"Natural Law World is only a very small world to a colossus like the Myriad Tao Divine Mountain. It's naturally easy for them to find it." Lv Qinlian walked in front of Chen Xiang and began to tidy up his clothes.

"Don't go out and refine pills here." Bai Ziqian said gently. She and Lv Qinlian, the two poisonous women, were Chen Xiang's women.

"How can that be? I need to go out and take a look." Chen Xiang felt that with his current strength, it would not be a problem even if he were to face people at the peak of the World Defying Holy Body.

"Alright then!" Let's go out together. "

Bai Ziqian and Lv Qilian held Chen Xiang's hands as they walked into the Transmission array in Lv Qilian's courtyard.

After arriving outside, Chen Xiang saw Dongfang Xinyue and Dongfang Jing flying around in the air, while laying out the array.

"Yuqing!" Chen Xiang saw Xu Youqing doing something, so he walked over: "What are you doing?"

"Curse Trap!" Xu Youqing chuckled: "If those fellows from Myriad Tao Divine Mountain were to step on this trap, hehe ..."

Xu Youqing was born with the power of the curse, and as her cultivation increased, her training became more and more intense, causing Chen Xiang to feel a little afraid.

Xue Xianxian and Liu Meng'er, on the other hand, were making array discs on the ground. Their array discs were not big, but there were a lot of them.

These formation plates were buried deep in the ground. Through many combinations, they could form a powerful formation.

"The scouts of the Myriad Tao Divine Mountain have found this place, and have been killed by us!" When Bai Youyou saw Chen Xiang, he flew over.

"Did you use the Soul Absorbing Devil Spell?" Chen Xiang asked.

"Of course I did!" Bai Youyou frowned: "Myriad Tao Divine Mountain already knows that we are here, but they don't know the location of Heavenly Dragon City, so they haven't acted against us yet. It seems that they plan to catch us all in one fell swoop after finding Heavenly Dragon City."

"However, after their spies die, they will definitely take action." Jiu Hanrou looked into the distance, where the Myriad Tao Divine Mountain was.

"How about this, I'll go to Myriad Tao Divine Mountain to take a look." After Chen Xiang cultivated the World Defying Holy Body, he truly planned to find some powerful people to try. Although this might reveal the fact that he could come to the Natural Law World, he felt that he shouldn't wait for the Myriad Tao Divine Mountain to attack him, as they needed to retaliate.

"Would that be dangerous?" Xu Youqing was a little worried.

"Don't worry, he has already cultivated the World Defying Holy Body. With his abilities, he will definitely be able to escape safely." Lv Qilian had already found out from Feng Ke'er that Chen Xiang was in closed door cultivation and just now, she found out from Sun Lingxing that his Qi had become stronger, so she was sure that Chen Xiang had broken through.

Chen Xiang rose into the air and said to Feng Ke'er and Sun Lingxing: "I'll leave this to you guys!" They were the strongest here. If Myriad Tao Divine Mountain or World Defying Stage Heavenly Sect truly took action, they could resist it too.

The Myriad Tao Divine Mountain was located on an island in the ocean, while the Myriad Tao Divine Mountain was at the seabed.

At this time, Chen Xiang was already floating above Myriad Tao Divine Mountain!

"The Natural Law World is mine. Myriad Tao Divine Mountain and the rest of the people came here to take control of the entire world? I will never let them succeed. " Chen Xiang teleported to the small island and landed at the bottom of the huge mountain.

...

### [Chapter 3047](#)

At this time, the Myriad Tao Divine Mountain was very lively. Because the Myriad Tao Divine Mountain had been selling various cultivation techniques and medicine for many years, many of the heroes gathered here.

Chen Xiang understood that the Hundreds of Flowers Village and the Heavenly Dragon City did not just learn from the Myriad Tao Divine Mountain for free previously, they paid a huge price to obtain them. The Myriad Tao Divine Mountain was also very greedy, and although they pretended to be good on the surface, they had also done many shameful things in secret.

"Myriad Tao Divine Mountain is pretty small, I think my full strength will be enough to destroy them." Chen Xiang stood on a street and looked at the tall and big mountain, and gestured.

However, when he got closer, he felt that there was a very strong protective formation around the Myriad Tao Divine Mountain, and felt that it would be difficult to destroy the entire mountain.

"You have some skill." Chen Xiang tried to enter the barrier, but it was unexpectedly difficult.

"The Time and space power should be able to do it!" Then, he tried out the Time and space power, and as expected, he easily entered.

However, he did not go up the mountain immediately. Instead, he went down to the city.

"Myriad Tao Divine Mountain will hold the Mountain Sacrifice ceremony in three days. I don't know what this is, but it will definitely be the most lively time for Myriad Tao Divine Mountain." This was what Chen Xiang had heard from him, and was something that was being held from top to bottom.

Chen Xiang guessed, after the sacrifice, he would probably have to attack the Hundreds of Flowers Village, and that would also be the best time for him to take action!

That night, Chen Xiang released the Time Domain in his room, allowing the power of the Time Domain to cover the herbs used to refine the Tianyuan holy body Dan. Furthermore, it had multiple domains.

He had only used the power of time in a small region, so the consumption of time was not too great!

"One day for thirty months. In these thirty months, combined with the divine water concocted by Mei Jing Sisters and the rest, it will be sufficient for those medicinal herbs to grow." Chen Xiang also wanted to see how many World Defying Stage Divine Power he would consume if he were to continue like this for one day.

Previously, his Time Domain covered an extremely large area, even covering himself, so his consumption was not small.

The area they had covered was very small and the consumption rate was very low! His recovery speed of World Defying Stage Divine Power could completely keep up with his consumption rate, which meant that he could use this method continuously!

"It seems that I can go deeper and more profound in my derivation. At that time, I will be able to grow World Defying heaven fruit even faster." Chen Xiang was very much looking forward to the World Defying heaven fruit. This kind of fruit would allow him to cultivate an unparalleled divine body.

A day had passed, and a dull sound suddenly woke Chen Xiang up!

"Is it coming from below?" Chen Xiang stayed at an inn, on the fourth floor of the inn, and quickly went down.

When he arrived at the first floor, he saw a lot of people watching. He thought it was two people fighting here, but he didn't expect it to be a competition.

"You're asking to be humiliated!" When the handsome man in golden clothes saw his opponent's pill furnace explode, he sneered and then stood up.

"Were you the one who secretly destroyed my pill furnace?" the battered old man raged.

Chen Xiang frowned and used the Dao heart Eye to look inside the damaged pill furnace. There were indeed traces of weak golden energy inside the furnace, which was exactly the same as the energy the golden-robed man emitted.

"Stop slandering me. You are only finding excuses for your own failures. I understand." The golden-robed man chuckled and then said to the crowd, "Everyone, do you think so?"

"Of course, this old man is overestimating himself. It's normal for him to fail when he challenges the disciples of the Myriad Tao Divine Mountain!"

"Losing to a disciple of the Myriad Tao Divine Mountain is nothing to be ashamed of, but finding excuses for your own failure would be very embarrassing."

It was actually someone from the Myriad Tao Divine Mountain. Originally, Chen Xiang only wanted to watch the show, but when he met a fellow from the Myriad Tao Divine Mountain, not only did he use underhanded means to bully people, he also had to teach him a lesson.

"You are competing in pill forging, right?" Chen Xiang had already become a middle-aged man, so he stood up and asked.

"If you aren't blind, you should be able to see it!" The golden robed man smiled.

"If this is a competition of pill forging, then the winner and loser depends on the result. If not, you would have won!" At the very least, you should have at least one result. If your furnace is also blown up, then it would be a tie, so you should continue refining. Chen Xiang also smiled slightly: "This way, I can also take a look at the Myriad Tao Divine Mountain's disciple refining techniques!"

"Yes!" It's indeed like this. The results haven't been decided yet, and the outcome hasn't been decided yet! "

"I wonder how the pills refined by the disciples of Myriad Tao Divine Mountain are like!"

The golden-robed man cursed at Chen Xiang in his heart. He had secretly destroyed the other party's pill furnace just now because he did not want to continue refining the pill. However, the person who had suddenly appeared had ruined his plan.

"In other words, I am on equal footing with the disciples of Myriad Tao Divine Mountain!" The old man that blew up the furnace calmed down, shot Chen Xiang a grateful look, and said with a sneer.

"I am a Alchemist of the Myriad Tao Divine Mountain, I definitely won't tie with a person like you. Just you wait, I'll continue refining it right now." The golden robed man harrumphed before hurriedly sitting down and continuing to control the pill furnace.

However, just now, Chen Xiang had poured a trace of berserk energy into it. Chen Xiang was patiently waiting for the best opportunity to detonate that thread of energy and use it on himself.

Very quickly, the golden-robed man's pill furnace started to vibrate. This was as though it was about to condense a pill, and all of this was within Chen Xiang's control.

"What a strong medicinal effect. I can feel it even through the pill furnace."

"Hmm, this pill fragrance is very rich. It seems like the quality of the pills here is very high!"

Everyone felt that this Myriad Tao Divine Mountain disciple was very good at concocting pills.

However, Chen Xiang felt that it was very ordinary. To be able to release such a dense pill fragrance while refining the pill meant that the Alchemist was unable to completely control the pill furnace, and could only release a portion of the Medicine aura. Otherwise, he would not be able to condense the pill.

"Everyone has good eyesight!" Seeing so many people praise him, the golden-robed man laughed calmly.

Just as he finished this sentence, with a "peng" sound, his pill furnace suddenly exploded!

He had been handsome and dashing a moment ago, but now he was covered in dust and dirt. When the old man saw the explosion, he couldn't help but laugh out loud.

"Amazing, this cauldron is exploding even more fiercely than the one I just had!" The disciples of the Myriad Tao Divine Mountain are indeed worthy of their reputation. Even the explosion of the furnace is more powerful than others, and it was so beautiful, that they even vomited blood. " The old man chuckled and said.

When everyone heard his words, they could not help but laugh.

"You ... You. Someone must be up to something. " The golden robed man was very clear on what had happened just now. He was clearly about to successfully form the core, but then he suddenly exploded. Furthermore, his technique was very clever and did not let him know.

...

#### [Chapter 3048](#)

This was at the foot of the Myriad Tao Divine Mountain, there was actually someone who dared to plot against him, a disciple of the Myriad Tao Divine Mountain. He glared at Chen Xiang furiously, looking flustered and exasperated, as if he had forgotten that he had also tricked someone else.

"It must be you two. You two are tired of living, aren't you?" The golden robed man pointed at Chen Xiang and the old man.

"So what if it's useful? "I'm just tired of living. If you have the guts, come and kill me. I don't think you have the ability to do so either." Chen Xiang chuckled: "Even though your furnace had exploded, you did not lose, and had only fought to a standstill with others."

"Bastard, I'm going to kill you!" The golden robed man shouted angrily, and in two steps, he had already stepped in front of Chen Xiang. His fist overflowed with golden flames, bringing along a scorching hot aura, he smashed his fist towards Chen Xiang's face.

However, Chen Xiang's attack speed was even faster, he raised his leg and fiercely stabbed into the golden-robed man's abdomen, although he did not use too much strength, the man was already kicked flying out of the wall.

"Let's leave this place." Chen Xiang said to the old man, and then he quickly left the place.

The disciples of the Myriad Tao Divine Mountain were known for being unreasonable, how could they be bullied like this? After that man was sent flying by Chen Xiang's kick, he laid on the ground for a long time without being able to stand up. In his heart, he was extremely furious, because he did not expect that Chen Xiang's strength was so strong, when that kick was sent over, the force behind it immediately rushed into his Divine Sense Sea and crippled his Divine Sense Sea. His body was ravaged by a terrifying power, and his tendons and bones were completely shattered.

After knowing about this, the people of Myriad Tao Divine Mountain came here very quickly and asked many people, drawing a portrait of Chen Xiang and the old man!

Although the golden-robed man's cultivation was not very high, he was a disciple of the Myriad Tao Divine Mountain, and the Myriad Tao Divine Mountain could allow his disciple to act unreasonably, because this signified the authority of the Myriad Tao Divine Mountain, thus he would not allow a disciple of the Myriad Tao Divine Mountain to be humiliated.

Regardless if it was because of their disciple's rudeness, they wanted to find Chen Xiang now, or else their Myriad Tao Divine Mountain would not let them off.

"Myriad Tao Divine Mountain and these fellows are really something. Looks like no one has ever made them suffer after being tyrannical here for so long. This is probably the first time they have been beaten up by a disciple."

After Chen Xiang changed her appearance, she was still leisurely walking up and down the street. No one could discover him.

In the past two days, Chen Xiang often saw disciples of the Myriad Tao Divine Mountain on the streets searching for them, holding portraits of himself and the old man in their hands.

"Could it be because of that Godly Mountain Sacrifice that they were so strict?" At this time, Chen Xiang was also waiting for the God Mountain Sacrifice to begin. He was very curious about the reason why the Myriad Tao Divine Mountain wanted to get such a God Mountain Sacrifice, and why it was so grand.

"We have to capture these two bastards, they actually dared to provoke our Myriad Tao Divine Mountain, tomorrow will be the Godly Mountain Sacrifice. If we still can't capture them, we will be blamed."

They are not stupid, and after doing this kind of thing, we will definitely not stay here anymore. Right now, we are only doing this to let others know that our Myriad Tao Divine Mountain does not allow others to provoke us.

"Forget it, just wait two more days, tomorrow will be the sacred mountain sacrifice, I heard that many powerful guys will come down from Divine Wasteland, I don't know why they are doing this."

Chen Xiang followed a few of the Myriad Tao Divine Mountain's disciples. After hearing this news, he suddenly understood the use of the Mountain Sacrifice.

"So that's the case. They got this Godly Mountain Sacrifice so that they can open a formation to receive people from the Divine Wasteland. Who knows how many people will come!" Chen Xiang thought about it carefully. At this point of time, it was clear that the Myriad Tao Divine Mountain was doing this for the Hundreds of Flowers Village and the Heavenly Dragon City.

The Myriad Tao Divine Mountain valued the Myriad Tao's treasure greatly, and they were sure that as long as they could capture those extremely important people of the Hundreds of Flowers Village and those of the Heavenly Dragon City, they would be able to threaten Chen Xiang, so they had to prepare thoroughly and even send people down from the Divine Wasteland.

"These guys did not underestimate Hundreds of Flowers Village at all!" When Chen Xiang returned to his room, he continued to grow his herbs. For the Godly Mountain Sacrifice tomorrow, he planned to cause a big ruckus for the Myriad Tao Divine Mountain to suffer a loss in this matter.

... ..

Early in the morning, Chen Xiang was alarmed by the noise. After he woke up, he found out that the Mountain Sacrifice had already begun before the sun had risen.

"The commotion is really big!" Chen Xiang could feel the ground trembling slightly. This was because there was a large amount of energy gathering in one place.

He quickly got up and headed towards the plaza at the bottom of the huge mountain. When he arrived at the plaza, the great formation suddenly opened and the huge mountain was enveloped by a white light.

"Are you coming down?" Chen Xiang frowned, if anyone from the Divine Wasteland came down, it would be extremely disadvantageous for him.

In a second, Chen Xiang made a decision. He had to stop this matter!

He took out a small imprint. Heavenly Alchemy Emperor seal!

Although the Heavenly Alchemy Emperor seal was not a Myriad Tao Divine Equipment nor was it a World Defying artifact, it had a strong effect that could strengthen Chen Xiang's power even more.

Due to the activation of the formation, the barrier that enveloped the giant mountain had been temporarily closed. The experts of the divine mountain were all around the divine mountain, protecting the deep mountains.

Many people on the island were watching. This was the first time they had seen such a scene.

Chen Xiang held onto the Heavenly Alchemy Emperor seal tightly, and began to condense his World Defying Stage Divine Power, the Spirit Qi he emitted was not small, but when the big formation was opened, the movement became even louder, and completely covered up his little Spirit Qi.

The ground shook even more violently as a golden light gradually appeared in the black vortex high up in the sky!

Chen Xiang was very clear that not long from now, the Natural Law World and the Divine Wasteland would temporarily appear at the same place. At that time, there would be a lot of people coming from the Divine Wasteland, and all of them would be Rankers from the Myriad Tao Divine Mountain!

"Kill them all!" Chen Xiang held the Heavenly Alchemy Emperor seal tightly, at the moment, it was trembling slightly. It was frantically absorbing his World Defying Stage Divine Power, and now it was only waiting for him to attack.

"It appeared!" Chen Xiang saw that the black whirlpool had suddenly turned gold, and was emitting a bright light. More than twenty people slowly descended from above.

When these people appeared, the spectators all sucked in a breath of cold air. This was because these people were all extremely powerful. The waves of pressure they felt were so oppressive that it caused them to feel suffocated.

Right at this moment, Chen Xiang teleported above the group of people, he teleported very easily!

The instant he appeared, the Heavenly Alchemy Emperor seal in his hand was fiercely smashed out, the Divine Seal flashed a burst of intense golden light, the Six beasts roared in unison, causing the experts of the Myriad Tao Divine Mountain s in the plaza to be extremely shocked, and they all flew up into the air!

### [Chapter 3049](#)

After Chen Xiang's Heavenly Alchemy Emperor seal was thrown out, the majority of the World Defying Stage Divine Power in his body was originally empty. The powerful energy that he released turned into golden light, forming a huge palm that fiercely smashed towards the group of people who had just descended from the Divine Wasteland.

That group of people didn't even have time to react before they were enveloped by the huge golden palm and pressed towards the mountain on the ground!

Rumble rumble rumble!

An explosive sound rang out. The golden brilliance flickered like the roaring of a blazing sun, and when everyone felt such powerful fluctuations, they all flew high into the air, lest they were caught up in it!

Although the experts of the Myriad Tao Divine Mountain were fast, when they went over, that huge handprint had already killed that group of people and even shattered that huge and deep mountain!

BOOM!

The tremors continued, and a huge black hole appeared in the middle of the island. Sea water crazily poured into this hole, as this place originally had a huge divine mountain.

However, it had been turned into ashes and was replaced with a huge lake!

"Gone, gone ..." An old man from the Myriad Tao Divine Mountain suddenly roared. He scanned the surroundings and wanted to find this person.

Amongst the people who came down from the Myriad Tao Divine Mountain, the strongest were two who had just cultivated and formed the World Defying Holy Body, the rest were all from the World Defying Stage, after obtaining these people, dealing with the Hundreds of Flowers Village would be as easy as flipping his hand.

However, these people had all been killed, and they had no idea who it was!

Chen Xiang had already used the Counter Power to hide himself, he did not expect the Six beasts's power that he had just borrowed to be so terrifying.

This was, after all, the power of six World Defying beasts, and it was equivalent to the power of six World Defying Stage's Saint Rankers. In addition to his own World Defying Stage Divine Power, it was unimaginably strong!

"The Six beasts is really too scary. No wonder the World Defying Stage Heavenly Sect and the Myriad Tao Divine Mountain both want to take my World Defying Green dragon as their own." This was the first time Chen Xiang released the power of a Six beasts. This kind of terrifying might was something even he was shocked by.

The Myriad Tao Divine Mountain was extremely important, because there were many array formations inside the Myriad Tao Divine Mountain. These array formations could allow the Myriad Tao Divine Mountain to absorb the energy from above the Divine Wasteland, and could also gather a large portion of the Natural Law World's energy.

But now, it was destroyed all of a sudden. This was something that they could not even imagine before, because they felt that in the entire Natural Law World, they were the strongest!

Even if it was the World Defying Stage Heavenly Sects, they would not be able to do such a thing!

However, they had their suspicions of World Defying Stage Heavenly Sect at the very first moment and rushed there furiously!

The island had been destroyed. The place where the divine mountain was located had been turned into a huge lake. The formation had completely disappeared. However, it had happened not long ago.

Chen Xiang left the God Mountain Island feeling very satisfied.

When he returned to the Hundreds of Flowers Village, the array had already been set up.

"Something big has happened to the Myriad Tao Divine Mountain. Did you do it?" Lv Qilian saw Chen Xiang walking to her room with a smile on his face, so she asked. She had already received the news from Yan Yanran.

"You're really well-informed. This is just something that happened a moment ago. You already know that now." Chen Xiang exclaimed.

"Myriad Tao Divine Mountain is currently our enemy, of course I have to pay close attention! It was the news that Yanran and the rest sent back, and it was indeed you who did it! " When Lv Qilian found out about this, he thought it was Chen Xiang, but she still could not believe it, because she felt that even if Chen Xiang had already cultivated the World Defying Holy Body, he should not be that strong.

But when she saw Chen Xiang's expression, she was sure it was Chen Xiang.

Chen Xiang immediately walked over, and happily picked Lv Qilian up, allowing her to sit on his lap. Then, he whispered to Lv Qilian as they got up.

"Little scoundrel ..." Lv Qilian saw and snorted softly.

... ..

After Chen Xiang had a sweet time with her, he went to find her.

Feng Ke'er was currently with Xue Xianxian and the others, she was extremely curious about the process of refining these girls. This allowed her to learn a lot of things, and at the same time, teach them some of her own experiences.

"Xiao Ke'er, quickly come and help brother refine pills!" Chen Xiang laughed: "Just now, I did something big."

"What's the big deal?" Dongfang Jing was extremely curious, she saw that Chen Xiang was smiling so much that she wanted to know what Chen Xiang had done that made him so happy.

"I flattened the Myriad Tao Divine Mountain, and took care of it all at once. Even I didn't expect that I would be so powerful." Chen Xiang pinched Dongfang Jing's cute little face in a complacent manner: "Brother's amazing, right?"

"Amazing, I've been to the Myriad Tao Divine Mountain, there is a strong barrier there, bro, you actually pushed it to the ground!" Dongfang Jing's face was full of surprise.

Chen Xiang was his recognized sister, and also his woman. He loved this little fool very much, so he really liked to show off in front of Dongfang Jing.

"Really? Myriad Tao Divine Mountain will definitely make a huge move next! " Liu Meng'er said worriedly, "Myriad Tao Divine Mountain's defenses are indeed not bad, but right now, with Xiao Ke'er's help, our Hundreds of Flowers Village and the Heavenly Dragon City have become very strong, and should be even stronger than him."

"No matter how big the Myriad Tao Divine Mountain's actions are, it's useless because they are unable to order the World Defying Stage's Divine Ranked people to come down. This is because if they want to descend from above, they need a very strong person to open up a spatial tunnel for them." Feng Ke'er said: "But they will definitely send out more Saint-rank experts."

"Oh right, what did you borrow the power of to flatten Myriad Tao Divine Mountain?" Feng Ke'er had seen many of Chen Xiang's divine tools.

"This!" Chen Xiang took out the Heavenly Alchemy Emperor seal and said: "This thing is very powerful, I wonder if it can be strengthened with the Myriad Tao Divine Soil?"

Heavenly Alchemy Emperor seal were Heavenly Alchemy artifact s, they had evolved from the fusion of Emperor seal from before.

Xue Xianxian immediately took it and looked, and quickly discovered the power of Heavenly Alchemy Emperor seal!

"Spirit grain is very profound, this kind of Spirit grain should originate from the Myriad Tao's Divine Arts!" Not long ago, Chen Xiang had passed down the Myriad Tao's Divine Arts to them, and there were quite a few Spirit grain recorded in it.

"Yes, the Myriad Tao Divine Arts is a very weird technique, I have heard of it before." Feng Ke'er said: "The Spirit grain inside are very special."

Chen Xiang did not understand all this, he was only concerned about the strength of the Heavenly Alchemy Emperor seal.

"I feel that this Heavenly Alchemy Emperor seal has a bottleneck, and the amount of World Defying Stage Divine Power it can bear has a certain limit." Chen Xiang said. The strongest attack he had released earlier, he sensed that the Heavenly Alchemy Emperor seal could not contain any more World Defying Stage Divine Power.

"You stay here and let us try using the Myriad Tao Divine Soil." Dongfang Xinyue said.

Feng Ke'er gave them some Myriad Tao Divine Soil s, telling them to use these Myriad Tao Divine Soil s in a suitable place.

They had tried it before, and knew how powerful the Myriad Tao Divine Soil was, but there were too few Myriad Tao Divine Soil s.

"Alright, Xiao Ke'er and I will refine pills!" Chen Xiang said: "We have to quickly become stronger, and at that time, we can fight against the Myriad Tao Divine Mountain above!"

Chen Xiang brought Feng Ke'er inside the Dan God Mysterious Land.

"There are already Heaven and Earth infinite Dan being refined in the Pill Fragrance Garden, there will definitely be more coming from there. At this rate, there will be a large number of World Defying Stage coming out soon." Feng Ke'er said: "At that time, even if World Defying Stage Heavenly Sect and the Myriad Tao Divine Mountain join forces and attack, they wouldn't be able to do anything to us."

"Of course, this is the power of pill forging!" Chen Xiang laughed.

Chen Xiang was going to refine twenty Tianyuan holy body Dan pills, so that both Hundreds of Flowers Village and Heavenly Dragon City would have ten World Defying Stage s each. This way, he wouldn't have to worry about the safety of this place.

One pill a day, plus rest time, he would be able to complete this task in a month. This was all completed with the assistance of his Time Laws!

As this place was very close to the Hundreds of Flowers Village, even if he had been refining pills for a long time, he wouldn't feel bored. When he felt bored, he went to the Hundreds of Flowers Village to find those beauties to relax, chat, brag, and play with them.

"I have to start concocting pills for myself now!" Chen Xiang planned to take advantage of this more stable period to cultivate to the peak of the World Defying Stage's Holy-rank.

He refined ten Tianyuan holy body Dan and ate them. He thought that he would be able to cultivate to his peak condition, but he couldn't even reach the large success stage of the Sacred Body!

"To think that reaching the Large Success of the Saint Body would be so difficult. I've truly underestimated it." Chen Xiang felt that he still needed to eat another ten pills, so he refined another ten pills.

Just as they were about to eat it, Little Lizhi and Xiao Baifeng arrived. They were Lv Qilian's right-hand men and were two women with similar characters, whom Chen Xiang admired a lot.

"I haven't seen you in a long time! "You guys look more and more like each other. Quickly, give me a hug!" When Chen Xiang saw that they had all stepped into World Defying Stage, he was very happy as well. He did not care if they agreed, and walked over to pick them up, and started massaging them.

"Be serious!" Little Lizhi snorted and used a bit of strength to struggle free from Chen Xiang's Demon Claw.

These two women were both the type that pampered Xiao Linglong, and looked easy to bully.

"What's the matter?" Chen Xiang also became serious, but he still looked at the two girls while grinning.

"News from the Myriad Tao Divine Mountain! Qilian told us to come here to tell you that the Myriad Tao Divine Mountain has appeared again, and at this time, she has gone to the Heavenly Dragon City to discuss this matter with Long Jiuxiao. " Xiao Baifeng said.

"She also said that you don't need to do anything this time, otherwise your situation here will be exposed! She felt that we should not let the Myriad Tao Divine Mountain know about you returning to the Natural Law World. " Little Lizhi opened up Chen Xiang's hands and pouted, staring at Chen Xiang.

"Un, I understand!" I also plan to go to Divine Wasteland to walk around and attract their attention so that they won't suspect anything. " Chen Xiang said.

He understood Lv Qilian's intention, because the strength of the Hundreds of Flowers Village and Heavenly Dragon City had already increased enough to go toe to toe with the Myriad Tao Divine Mountain, and not expose him. This was to prevent the Myriad Tao Divine Mountain from sending out his strongest power in the future, making it hard for them to guard against him.

Little Lizhi and Xiao Baifeng wanted to leave after they passed the information to Chen Xiang, but they couldn't leave that easily. In the end, they couldn't just take Lv Qilian out to suppress him, or else he would eat a lot of their tofu.

After Chen Xiang saw that they had left, he licked his tongue. He had known Little Lizhi and Xiao Baifeng for a long time, he liked these two beautiful girls that were like Xiao Linglong.

"Little Scoundrel is indeed not framing you." Feng Ke'er flew behind Chen Xiang and snorted: "I've finally seen the way you treat others badly."

"I'm called reminiscing about old times. It's indeed been a long time since we've seen each other. You little girl who has cultivated to a high level don't understand the feelings between us humans." Chen Xiang said in all seriousness.

"Don't try to fool me, I know you humans very well already." Feng Ke'er said in disdain, "Big Sister Xueyi told me a lot of things about you."

Chen Xiang did not bother with her, and said: "I am going to rush to the peak of the realm now, and after that, I will go to the Divine Wasteland. I want to see if I can communicate with the Myriad Tao Dan God from there."

Chen Xiang wanted to ask Myriad Tao Dan God something, because he felt that Myriad Tao Divine Soil was something that Myriad Tao Dan God got from above. Otherwise, he wouldn't have run over to the Heavenly Cauldron Altar.

"Alright, but you must remember, when you have time in the future, you have to refine more Myriad Tao Divine Soil s. This thing is very important to you and me." Feng Ke'er said.

"Got it!"

Chen Xiang entered the secret room and started his closed door cultivation. He needed some time to eat those ten Tianyuan holy body Dan s and refine them.

Feng Ke'er then went to find Xue Xianxian and the others. They were all from the World Defying Stage, and were able to use the World Defying god fire s to refine equipment.

With the help of the Heaven and Earth infinite Dan, the overall strength of the Hundreds of Flowers Village and the were raised quickly. They were able to fight against the World Defying Stage Heavenly Sect and the Myriad Tao Divine Mountain here, which made it a lot easier for Chen Xiang, as he was not as nervous as before.

Chen Xiang spent about ten days to refine the Tianyuan holy body Dan and was finally able to reach the large success stage of World Defying Holy Body.

"It's not easy to cultivate World Defying Holy Body. If I want to cultivate to its peak, I'll need at least a hundred Tianyuan holy body Dan!" Chen Xiang secretly calculated. Although there were many, it was not a problem for him.

"I need a bit more time. I'll do this for now, I'll go to Divine Wasteland to find the Daofathers and Dragon Ancestors and ask them about the situation of Myriad Tao Divine Mountain."

After Chen Xiang broke through, he brought Feng Ke'er to the great ocean around Divine Wasteland.

When he took out the Communication jade Symbol paper to send a message, he did not get a reply immediately. He then tried to send a message to Tang Zhongjie, but he still did not receive a reply.

"They're not here!" Chen Xiang calculated, it had already been a few days since he last contacted Luo Tianjun, according to the situation here, many things should have happened in the past few days.

Chen Xiang immediately used the Six Realms Time and Space Door to lock onto Tang Zhongjie's location, and arrived inside the Myriad Tao Mausoleum in an instant!

If Luo Tianjun had a conflict with the Myriad Tao Divine Mountain, then the only place he would go would be to the Myriad Tao Mausoleum.

"Daofather, are you here?" Chen Xiang took out the Communication jade Symbol paper to send a message.

"Yes, can you find us? If that's not possible, then we'll go out and fetch you! " Luo Tianjun replied:  
"Myriad Tao Mausoleum is also very dangerous, we are being chased by a Divine Level expert from the World Defying Stage!"
