

## Dan God 3051

### [Chapter 3051](#)

Chen Xiang could obviously find their location. Using the Six Realms Time and Space Door inside the Six Realms mirrors, he would very quickly lock onto Tang Zhongjie's location. Tang Zhongjie was also with them right now.

After Chen Xiang teleported over, he arrived at a stone hut, where Luo Tianjun, Tang Zhongjie and Fang Haoyun were gathered.

"Where's the Dragon Ancestor?" Just as Chen Xiang asked that, he saw a flash of sadness in Luo Tianjun's eyes, followed by anger on his face.

"It's here!" Luo Tianjun sighed and took out a pearl.

Chen Xiang looked at the shining golden pearl and immediately understood that this was the soul of the World Defying Stage Dragon Ancestor, to think that the World Defying Stage Dragon Ancestor would be in such a predicament!

"Who did it?" Chen Xiang immediately thought of the Myriad Tao Divine Mountain.

Previously, Luo Tianjun and the others stayed in the Myriad Tao Divine Mountain. At that time, they had planned to use the resources of the Myriad Tao Divine Mountain to cultivate, but now, they did not expect it to turn out like this.

"Is it the Myriad Tao Divine Mountain?" Chen Xiang asked.

"It's World Defying Stage Heavenly Sect ... Myriad Tao Divine Mountain wanted to force us to join them, but we refused, so they allowed us to leave! However, not long after we left the Myriad Tao Divine Mountain, we were noticed by the World Defying Stage Heavenly Sect. " Luo Tianjun clenched his fists, the muscles on his face twitching as he endured the immense anger.

It was actually done by the World Defying Stage Heavenly Sect, but Chen Xiang felt that the Myriad Tao Divine Mountain must have sold out their location, borrowed their strength to kill them, and made them ambush Luo Tianjun and the others!

"These Myriad Tao Divine Mountain fellows are really vicious!" Chen Xiang took a deep breath: "If I hadn't caused such a huge loss to them, they might not have been affected by the Dragon Ancestor."

With regards to this matter, Chen Xiang still somewhat blamed himself!

"It's none of your business ... Myriad Tao Divine Mountain had his eyes on Xiao Long a long time ago! because a little dragon has a very high chance of becoming a World Defying beast. " Luo Tianjun shook his head, then asked: "What did the Myriad Tao Divine Mountain lose? How come we didn't know? "

Luo Tianjun knew that Chen Xiang was able to return to the Natural Law World. There was also a Myriad Tao Divine Mountain in the Natural Law World, it wouldn't be strange if Chen Xiang could do something about it.

"The Myriad Tao's treasure is in my hands, and Myriad Tao Divine Mountain knows about this!" Chen Xiang said: "The reason they didn't tell World Defying Stage Heavenly Sect the truth was because they wanted to personally find me and seize the Myriad Tao's treasure ... In order to find me and force me to hand over the Myriad Tao's treasure smoothly, they planned to use their strongest powers to capture our friends and relatives in Natural Law World and use them to threaten me. "

"But I have long seen through their tricks, so we made our move against the Myriad Tao Divine Mountain ahead of time. When the Myriad Tao Divine Mountain sent their men down from the Divine Wasteland, we killed many of their World Defying Stage s and even destroyed their Myriad Tao Divine Mountain s. Furthermore, before this, I even killed a World Defying Stage of theirs. "

After hearing what Chen Xiang said, Luo Tianjun and the other two took a deep breath. It was almost enough to shake the foundations of the Myriad Tao Divine Mountain. No wonder the Myriad Tao Divine Mountain was in such a hurry to let them join.

"Well done!" Luo Tianjun could not help but praise him. He patted Chen Xiang's shoulder and said, "Don't blame yourself for being Xiao Long, if he knows about this, he would be very happy too! You have also become very powerful, and I might not even be your match! "

How could Luo Tianjun not see through Chen Xiang's cultivation? He did not expect that not long after separating from Chen Xiang, Chen Xiang's strength would actually surpass his. According to Chen Xiang's current progress, stepping into the cultivation world of the Primordial Divine Body was just around the corner.

"En, I will give you guys some pills to eat. At that time, you will also have the strength to fight against Myriad Tao Divine Mountain and World Defying Stage Heavenly Sect!" Chen Xiang said: "I will definitely avenge the Dragon Ancestor!"

At this time, the only thing that remained of World Defying Stage Dragon Ancestor's weak soul, was the hand that World Defying Stage Heavenly Sect used!

"En!" Even though Luo Tianjun had once reigned over this world, he had still missed out on a lot of time. During the period of time he was sealed, it was difficult for him to improve, otherwise, he might have already cultivated the Primordial Divine Body.

"Just give them two! Now that I have seen how powerful you are, I can rest at ease and go into seclusion. " Luo Tianjun said: "If they can cultivate the Primordial Divine Body, I can too!"

When Luo Tianjun returned to the Myriad Tao Mausoleum, he did it for the sake of closed-door cultivation in peace. Although the Myriad Tao Mausoleum was dilapidated and the large array was also riddled with holes, this place was after all something that he had spent a lot of effort to build, and he had even built a secret place to hide himself.

Chen Xiang had only reached large success in World Defying Holy Body now, but he had not reached its peak yet! He felt that he still had a lot of pressure when facing World Defying Stage's Divine Level Rankers!

Luo Tianjun went into seclusion very quickly, and Chen Xiang entered a secret room to refine Tianyuan holy body Dan!

He only needed to refine two pills to allow Fang Haoyun, Tai Zun realm and the others to step into the World Defying Stage's Sacred Stage.

He quickly finished refining the pill and fed it to them. Then, he continued to refine the pill!

The pill he refined this time was not the kind that could help people increase their strength, but it was one that had a strong offensive power!

Thinking about the World Defying Stage Dragon Ancestor, he was extremely angry. If he did not do something to the World Defying Stage Heavenly Sect, he would not be able to take this lying down.

"The Eclipse Tree is very old, the refined God-eclipse powder should have very good effects." Chen Xiang looked at the very old giant tree inside the You Yao Mountain Villa. He had grown this tree for a very, very long time.

Previously, he had used this kind of God-eclipse powder to attack many strong warriors.

Other than that, Chen Xiang also planned to refine an even stronger Wangwo scent!

"I wonder what will happen to the Wangwo scent that was refined using the derivation method and the Crash method!" Chen Xiang also wanted to see the results: "With the Wangwo scent added on, even I feel a little scared myself!"

There were many Wangwo flower in his You Yao Mountain Villa. He had instructed the Mei Jing Sisters for them to carefully cultivate and breed many high quality Wangwo flower!

"Let's try refining the God-eclipse powder first!"

Chen Xiang took a large amount of medicinal herbs from the Heaven Eclipsing Tree and began to refine it!

Those medicinal ingredients were not stubborn and were easily refined by him. After that, he began to refine them using the combination of the derived method and the Crash method!

"He should be able to carry out two rounds!" Chen Xiang estimated the strength of the medicinal herbs.

If it was used on Tianyuan holy body Dan, without Feng Ke'er's help, it would be difficult for him to complete even one round. However, the medicinal energy of the Heaven Eclipsing Tree was not that strong, so he could complete two rounds of the cycle without Feng Ke'er's help.

"Refining into powder or refining into a pill that can explode?" Chen Xiang asked Feng Ke'er. In the past, he had always refined them into powder and scattered them everywhere.

## [Chapter 3052](#)

Although Feng Ke'er didn't know much about Chen Xiang and she had never seen him before, she was still extremely interested in him and had already asked about his specific details.

"Refine the pill!" When the time comes, I shall see if I can add Sky Shattering Spirit grain to the pellet. When the pellet explodes, it will produce a strong impact force that will penetrate into the body of the person inside the pellet. " Feng Ke'er snickered: "After you suppress this kind of pellet, it would

definitely become extremely tiny particles. If these pellets were to be shot out by the Sky Shattering Spirit grain, they should be able to easily penetrate World Defying Stage's body!"

"Is it really that powerful?" Although it sounded powerful, Chen Xiang still did not dare believe it. He said, "If they have powerful defensive armor, then it would be useless!"

"What's more, World Defying Stage's defensive qi barrier is still very strong." Chen Xiang knew how powerful the God-eclipse powder was, but the prerequisite was that it could penetrate other people's defenses. Otherwise, it wouldn't be of much use.

"If you are this worried, with a little Myriad Tao Divine Soil, this way you might be able to easily pierce someone's armor." Feng Ke'er said: "After the Sky Shattering Spirit grain explodes, it will produce a very high temperature. Once the Myriad Tao Divine Soil ignites, it will also have a very strong penetrating power, and should be able to penetrate the other person's protective qi barrier, so the armor shouldn't be a problem."

"The Myriad Tao Divine Soil actually has such an effect!" Chen Xiang did not expect it and immediately took out a Myriad Tao Divine Soil the size of a rice grain and threw it into the furnace to refine it.

Chen Xiang also did not read the novel (. (yb) (d) (u)). He knew how to make the Myriad Tao Divine Soil fuse with the energy inside the pill, but that would not be difficult for him. He had mastered many refining techniques, and after thinking carefully, he quickly thought of a suitable one.

Finally, he successfully merged the Myriad Tao Divine Soil with the medicinal energy!

Time passed by quickly. Ten days later, Chen Xiang's pellet refinement was about to be completed as well. At this moment, he was asking Feng Ke'er to use the Sealing Power to condense the pellet, this would be faster, more stable and more stable.

Feng Ke'er had completed it exceptionally well, but she had only taken half a day to condense the pill completely. Just as the pill was about to be completed, she had even engraved Spirit grain s on the surface, and these Spirit grain s were the Sky Shattering Spirit grain that she had mentioned before!

"I really want to quickly give it a try!" Chen Xiang held the greyish white pellet in his hand and laughed sinisterly: "You look very powerful! This time, you've put in so much effort. You can come and choose a name, don't be too lousy! "

"Sky Destroying Pill!" Feng Ke'er chuckled: "You sure are domineering enough!"

"Not bad, I was even worried that you might have gotten too close with Xueyi and learned her bad habit." Chen Xiang nodded his head, "Next up, we will need to refine a Wangwo scent. This is an extremely dangerous item, much more frightening than that pellet of pellet!"

Chen Xiang had already suffered from this before, so he was most afraid of Wangwo scent s. Fortunately, he already had the antidote with him, so even if he was accidentally poisoned, he could cure it. However, when he thought about how he had been tortured by this poison before, he felt a sense of dread in his heart.

Chen Xiang had told Feng Ke'er about this poison before, Feng Ke'er wanted to try it, but he didn't let her!

"I wonder how Elder Sister Xiao Ling refined this poison. When I have time, I will ask her about it." Chen Xiang had given a lot of Wangwo flower to Du Xiaoling before, but Du Xiaoling was a poison expert, so Bai Ziqian and Lv Qinlian were her disciples now.

"Xiao Ke'er, what do you think about the Sky Shattering Spirit grain adding this poison into the pellet?" Feng Ke'er asked. He knew a large number of Spirit grain. As long as these Spirit grain were used in a suitable place, it would play a large role.

"Let me think... In short, it is not appropriate to use Sky Shattering Spirit grain, because your Wangwo scent's main function is not to make fatal attacks, but a type of Poisonous scent that can make people intoxicated." Feng Ke'er was already beginning to think of which Spirit grain would be suitable.

While Chen Xiang was pondering, he had placed a large number of Wangwo flower into the furnace. He also planned to use the derivation method and the charging method to refine it, this would definitely increase the poison power.

It had only been ten days, and he had already reached the later stages of the refining process. These Wangwo poison's refining process was rather easy, after all, their medicinal effects were not as strong as the Tianyuan holy body Dan's.

"Do you want to join any Spirit grain?" Chen Xiang had joined the Spirit grain while he was refining the pellet a long time ago, it was just that he did not know much about the Spirit grain and did not know what kind of Spirit grain it was suitable for him to join, so he did not continue to try it.

Now that Feng Ke'er was here, he didn't need to worry about this kind of thing, he could just leave everything to Feng Ke'er.

"Um... Join the Whirlwind Spirit grain!" Feng Ke'er said: "By joining this kind of Spirit grain, it will create a whirlwind when it explodes. This will allow this type of Poisonous scent to scatter more widely, but you must choose a good place when using it, don't harm the innocent!"

"Hehe, I know. I will leave the rest to you, my cute and beautiful little Dan Tong." Chen Xiang laughed slyly, the pill condensing part of the pill was done by Feng Ke'er, not to mention such an easy to refine pill, even the Tianyuan holy body Dan did not expend much effort on it in her eyes.

It had to be said that her unique sealing power was able to quickly turn a large crystal ball into a pill at an extremely fast speed. The most important thing was that she didn't need to expend too much energy on it.

If Chen Xiang were to condense the pellet, he would have to expend a lot of energy to do so.

"Let's call it 'Self-Acalanātha Divine Wind Pill'!" Feng Ke'er gave this pill a name.

"Two of these pills... It feels like it's not enough, since I'm using the Time Domain to refine it now, I'll be able to have a lot of time. Chen Xiang looked at the Wangwo flower in the You Yao Mountain Villa. There were still a lot left, he planned to refine more in one breath.

"Alright!" Feng Ke'er also liked seeing Chen Xiang concoct pills. Especially after seeing Chen Xiang use the derivative method and the enhancement from the Crash method, she felt really satisfied. And since

she could also participate in the condensing of the pills later on, it made her feel a sense of accomplishment.

Just like this, Chen Xiang and Feng Ke'er continued to refine these two pellets together. After two months, they finished refining almost all of the medicinal ingredients.

After withdrawing the spacetime domain, only two days had passed outside.

"Hurry up and give it a try!" Feng Ke'er was already impatient: "Myriad Tao Divine Mountain suspects that you are in Natural Law World, so you need to create something here to dispel their suspicions ... Un, let's go find trouble with World Defying Stage Heavenly Sect! "

What the World Defying Stage Heavenly Sect did to the World Defying Stage Dragon Ancestor made Chen Xiang furious. The reason he refined these two pills was to find the World Defying Stage Heavenly Sect.

"Of course! Let them taste our fruit. " Chen Xiang left the secret room.

After coming out, he suddenly felt a few auras nearby.

"It's those fellows from World Defying Stage Heavenly Sect!" Feng Ke'er immediately sensed it, and then released a sealing power that sealed the aura on Chen Xiang's body.

### [Chapter 3053](#)

Seeing Feng Ke'er being so cautious, Chen Xiang knew that the person who was releasing the Qi was not a simple person!

"These guys actually found us here." Chen Xiang did not expect the people from World Defying Stage Heavenly Sect to chase after him so fiercely.

"Luo Tianjun has enmity with them, they will definitely not let Luo Tianjun go, and they also want to find you! Only by finding Luo Tianjun will we be able to find you. " Feng Ke'er said: "Myriad Tao Divine Mountain sold Luo Tianjun and the others to World Defying Stage Heavenly Sect with the same intentions. They want to lure you out!"

"It's not that easy! By the way, what are their cultivations? Is there a World Defying Stage Divine Ranker? " Chen Xiang asked.

"There is one here, while the others are all of World Defying Stage's Holy-rank or Profound Rank. There are only four people in total. " Feng Ke'er said: "They should have been here for a while, but they were unable to find Luo Tianjun and the others."

"Alright, let's ignore them for now and head to World Defying Stage Heavenly Sect."

There were many people in World Defying Stage Heavenly Sect, and the two pills had a wide range of attack, only when used in there would they display the power of the pill.

... ..

The World Defying Stage Heavenly Sect was atop a thick cloud. Originally, the area below this thick cloud was empty, but now that Chen Xiang had arrived, he discovered that there was a city below.

"This city was probably built by the World Defying Stage Heavenly Sect! World Defying Stage Heavenly Sect also needs fresh blood to join, they must be the ones that are used to recruit disciples. " Chen Xiang entered the city.

Although Feng Ke'er was present, it was still rather difficult for Chen Xiang to break through the great array of the World Defying Stage Heavenly Sect. Even if he could enter, it would attract the attention of the experts inside.

"How can I sneak in?" Chen Xiang's target of attack was either the World Defying Stage's Profound Rank or the Sacred Rank. Moreover, they had gathered together, so finding such an opportunity required a certain amount of patience.

He came to this proud and arrogant Divine City, and after some investigation, he found out that the World Defying Stage Heavenly Sect was indeed here to recruit disciples, and it required Venerable Ancestor Later-stage. And the condition to join the World Defying Stage Heavenly Sect was actually very simple, it only required a hundred billion Dao crystal!

Of course Chen Xiang had a hundred million Dao crystal, he just did not want to take advantage of the World Defying Stage Heavenly Sect!

"Do you really plan to give them the one trillion Dao crystal?" Feng Ke'er saw Chen Xiang walking towards the place where the arrogant Divine City was in charge of recruiting disciples.

"Of course I don't plan to give it to them. I'm extremely stingy." Chen Xiang laughed, he already had another way.

"Then what are you going to do?" Feng Ke'er really wanted to know Chen Xiang's plan.

"You'll know in a moment!"

Chen Xiang came to a large hall and an old man came to receive him. When he found out that he had ten billion Dao crystal s, his attitude immediately became very good, and invited Chen Xiang into an even more luxurious hall with a face full of smiles.

The old man told Chen Xiang to wait here patiently for a while, so that he could be received by an elder of the World Defying Stage's Holy-ranked.

Not long after, that elder came over. What made Chen Xiang even more surprised was that this elder was actually Luo Jianqing!

Luo Jianqing was previously the Sect Leader of the World Defying Stage Heavenly Sect, but now he was actually in charge of recruiting disciples. It could be seen how sullen he was inside the World Defying Stage Heavenly Sect, this made Chen Xiang feel really good in his heart.

Luo Jianqing did not recognize Chen Xiang, and upon entering, he had a stern expression on his face, not giving Chen Xiang a good look. Even though he knew that Chen Xiang had a trillion Dao crystal, his expression was still the same.

Chen Xiang could understand Luo Jianqing's feelings. Luo Jianqing was the previous Sect Leader of the World Defying Stage Heavenly Sect, how impressive was that. However, because Luo Jianhao was crippled, he was demoted to this kind of place to do such despicable things.

"Hello elder, I hope to enter the World Defying Stage Heavenly Sect. I have already brought over a trillion Dao crystal." Chen Xiang pretended to be extremely polite and said respectfully.

"Take out the Dao crystal, then you can use this jade tablet to head to World Defying Stage Heavenly Sect. You can fly yourself, right?" Luo Jianqing said coldly, her tone also very aggressive, as if she wanted to kick him out.

Chen Xiang only pretended to be a little unhappy, but he still took out a billion Dao crystal and counted for Luo Jianqing.

After Luo Jianqing finished counting, he threw a jade tablet to Chen Xiang. "With this jade tablet, you can enter the World Defying Stage Heavenly Sect, and go up yourself!"

Luo Jianqing's attitude was still very bad. After all, the ten billion was not his, and he still had to hand it over.

After Chen Xiang took the jade tablet, he lightly smiled at Luo Jianqing, then hurriedly left, flying above the thick clouds. He arrived in front of a huge palace, and that was the World Defying Stage Heavenly Sect.

Chen Xiang went to the door and handed over the jade tablet to the guard. The guard then placed the jade tablet onto a round plate and after the round plate had passed the inspection, the guard returned the jade tablet to Chen Xiang.

"Brother, I'm new here ..." "After entering, how are we to survive?" Chen Xiang asked and even gave a small bag of Dao crystal s guarding the gate to him.

"Alright, since you already gave the Dao crystal to the World Defying Stage Heavenly Sect, then it's fine if I tell you! You turned in a trillion Dao crystal and joined the World Defying Stage Heavenly Sect is not what you think, you'll know once you enter it, it's just like a city inside, and if you want to obtain the inheritance of the World Defying Stage Heavenly Sect, you'll need even more Dao crystal! Otherwise, life here would be no different from living in other cities. " The guard said.

"Isn't that the same as buying a pass?" Chen Xiang had also expected that it would be more of a scam.

The only benefit of being able to purchase the inheritance of the World Defying Stage Heavenly Sect here is that you have paid a fee to enter. Otherwise, if you did not join the World Defying Stage Heavenly Sect, no matter how many Dao crystal you used outside, you would not be able to purchase the inheritance of the World Defying Stage Heavenly Sect. The guard shook his head. "Do your best!"

After Chen Xiang entered, he realized that there was indeed a big city inside, there were quite a few people, it could be seen how many people World Defying Stage Heavenly Sect had scammed.

"Were you cheated as well?" Feng Ke'er anxiously said.

"Of course not, I know how to use the Time and space power. The Dao crystal I gave Luo Jianqing was covered by a very weak layer of Time and space power, I transferred all of the one trillion Dao crystal back just now." Chen Xiang laughed sinisterly: "This bastard, he's going to suffer again!"

At that time, Luo Jianqing would not be able to get the Original Ancestor's trust. Even if he discovered that the ten billion Dao crystal disappeared, the Original Ancestor would not believe him.

If he was trying to cheat others, Chen Xiang might not have been as successful as he was now, but the culprit was Luo Jianqing, and it could be said that he would never be discovered, as Luo Jianqing had already lost his power within the World Defying Stage Heavenly Sect.

"This guy truly deserves it. Back then, he completely killed me like that, but now, it's also his retribution." Chen Xiang laughed and started wandering around.

At this time, he had already snuck into the World Defying Stage Heavenly Sect, and only needed to wait for a good opportunity to use the two pills he had concocted.

#### [Chapter 3054](#)

After Chen Xiang entered the World Defying Stage Heavenly Sect, he would be able to quickly blend in and familiarize himself with the environment here. This was because in order to live a good life in this city, he only needed to have enough Dao crystal.

The hotel he was staying in right now was the best one, and quite a few of them required the same amount of Dao crystal as him to use a lot of them to enter the World Defying Stage Heavenly Sect. What made him a little surprised was that most of the people here could only use a few trillion Dao crystal, or even one or two trillion Dao crystal, but he had used ten billion ... Of course, he still managed to get the hundred thousand back in the end.

Chen Xiang had heard quite a bit of news, and knew that the World Defying Stage Heavenly Sect had always been secretly fighting with the Myriad Tao Divine Mountain, but he didn't dare make any big moves right now. The main reason was that the World Defying Stage Heavenly Sect was still in closed door cultivation, and once all of these Original Ancestor managed to cultivate the Primordial Divine Body, they would definitely challenge the Myriad Tao Divine Mountain.

"Seems like it won't be so easy to wait for an opportunity." Chen Xiang walked on the street, continuously asking around for news of the higher ups of the World Defying Stage Heavenly Sect, but he did not find anything, he only knew that after Luo Jianqing was switched out, the higher ups of the World Defying Stage Heavenly Sect were all given to the later generations of the Original Ancestor to take care of.

"Uncle Lin!" Chen Xiang suddenly saw a middle aged man selling World Defying Stage Divine Power Orbs on the street.

The World Defying Stage Divine Power Orb was very useful to the Venerable Ancestor Later-stage. With this kind of World Defying Stage Divine Power Orb, one could use the World Defying Stage Divine Power and activate the World Defying artifact!

But now, Lin Jitian was actually selling the World Defying Stage Divine Power Orbs, which meant that he had already stepped into the World Defying Stage!

Chen Xiang had previously planned to look for Lin Jitian, but because of a few things he was delayed, he did not think of it later. After all, he had a lot of things to do during this period of time.

"Uncle Lin, I am Chen Xiang!" When Chen Xiang got closer, he immediately sent a sound transmission to Lin Jitian.

Previously, when he returned to the Hundreds of Flowers Village, he did not see Lin Xirong, so he did not think about it too. Now that he saw Lin Jitian, he felt guilty, because he had forgotten about this matter.

Now that he had already opened up a path back to the Natural Law World, allowing Lin Jitian to return and meet his own daughter, he had actually promised Lin Xirong before to help her find her father.

"Chen Xiang!" Lin Jitian was also surprised. He almost shouted out loud, but he was only excited inside.

Chen Xiang nodded at Lin Jitian. Back then, Little Bat, Long Tengyun and Flying Dragon Palace Leader were also with Lin Jitian!

"What about them? Is it in here too?" Chen Xiang walked over and asked.

"He's here too!" Lin Jitian nodded, he was extremely happy at the moment.

The World Defying Stage Heavenly Sect was also on the wanted list for Chen Xiang, so he knew about Chen Xiang's current situation. However, he never expected that Chen Xiang was actually in the city inside the World Defying Stage Heavenly Sect, which was truly out of his expectations.

I'm afraid that the World Defying Stage Heavenly Sect would not have expected Chen Xiang to be so bold as to directly sneak in.

"What's the cultivation level of the little bat now?" I haven't seen you guys for a long time after I left the Flying Dragon Pagoda. " Chen Xiang laughed: "That's right, how is Senior Long Tengyun Long now? Has he reconstituted his body? "

Last time, Long Tengyun was injured by the Dragon Demons of the Great Priest, he only had his soul left. However, Flying Dragon Palace Leader had promised Chen Xiang that he would think of a way to help him recover his body.

"It's done, now we are all from the World Defying Stage." Lin Jitian quickly packed up and brought Chen Xiang to an inn.

He saw Little Bat, Flying Dragon Palace Leader and Long Tengyun in the inn!

"Haha, I didn't expect to meet you here." Flying Dragon Palace Leader was very happy. They really wanted to see Chen Xiang, but they didn't know how to contact him.

Now that Chen Xiang suddenly appeared here, they still could not believe it!

"How did you all join the World Defying Stage Heavenly Sect?" Chen Xiang asked after greeting them for a while.

"Relax, we are not that stupid. When we first joined, we did not need Dao crystal s, and we were even from World Defying Stage! It's just that they look down on us, because we all use half of our World Defying soul to cultivate up to our level. " The Flying Dragon Palace Leader said.

"Oh? Where did you get the half broken World Defying soul?" Chen Xiang was very curious about this. They were already Venerable Ancestor Later-stage s before this, if they really had a half crippled World Defying soul, it would be very easy for them to step into the World Defying Stage.

"We found them under the Flying Dragon Imperial Palace." The Flying Dragon Palace Leader said, "But that also stopped us from moving forward!"

They knew that Chen Xiang was very powerful at the moment, otherwise, they wouldn't be valued so highly by the World Defying Stage Heavenly Sect, especially that World Defying Green dragon Chen Xiang.

"Right, has there been any grand gathering in World Defying Stage Heavenly Sect recently?" Chen Xiang asked. He had asked others before, but no one else knew.

Since the Flying Dragon Palace Leader and the rest were all from the World Defying Stage, they might know something.

"Yes, in another ten days or so right? At that time, World Defying Stage Heavenly Sect will hold an awakening ceremony for the God Child of Heaven Gate. " The Flying Dragon Palace Leader said.

"The Son of Heaven?" Chen Xiang was very interested in this. "What is this?"

"Isn't it a deceptive thing created by those fellows? During this period of time, the World Defying Stage Heavenly Sect really needs Dao crystal, they plan to use this method to swindle and obtain a large number of them! " Lin Jitian said: "In other words, after this ceremony, you can let the Venerable Ancestor Later-stage step into the World Defying Stage."

"However, based on our understanding, this is most likely not possible. It is merely a deep pit."

"Is that a lie?" Chen Xiang frowned.

"It is indeed fake, they are only here to swindle Dao crystal! Of course, when they demonstrate it, it will definitely be very lifelike. " The little bat said with a sneer:

"World Defying Stage Heavenly Sect and the rest have been swindling Dao crystal all along, talking about using Dao crystal to buy the inheritance. All of the items that we bought wanted to buy were trash, but we used a lot of Dao crystal s to enter, so we did not plan to leave. We wanted to see if World Defying Stage Heavenly Sect would give us something better."

Flying Dragon Palace Leader shook his head: "That's impossible! Now, we plan to go to Myriad Tao Divine Mountain to take a look after a while. At least, Myriad Tao Divine Mountain looks good right now, although the requirements are a bit higher. "

"Don't go to the Myriad Tao Divine Mountain. That place is just like the World Defying Stage Heavenly Sect, a very deceitful place." When Chen Xiang thought of Myriad Tao Divine Mountain, he felt a burst of anger in his heart.

"Why?" They obviously didn't know about the darkness of the Myriad Tao Divine Mountain. After all, the Myriad Tao Divine Mountain had always been publicizing their actions very well.

Chen Xiang looked at Long Tengyun, and told him how Myriad Tao Divine Mountain expelled him. Although World Defying Stage Heavenly Sect was the one who did it later, he didn't find any trace of Myriad Tao Divine Mountain selling him out, so World Defying Stage Heavenly Sect didn't have the chance to do anything.

## [Chapter 3055](#)

When Long Tengyun heard about the incident that had occurred in World Defying Stage Dragon Ancestor, he hated both World Defying Stage Heavenly Sect and Myriad Tao Divine Mountain to the bone. If not for Chen Xiang and the others stopping him, he would have immediately gone out to seek revenge.

"Senior Long, with your current strength, you will definitely not be able to deal with them. You should be clearer about how strong the World Defying Stage Heavenly Sect is than I do." Chen Xiang said. They had entered the World Defying Stage Heavenly Sect very early on, so they knew much more about this than Chen Xiang.

"Then... So what do we do now? Is this how World Defying Stage Heavenly Sect continues to be arrogant?" Long Tengyun was currently very angry, and when the fury surged, he released waves after waves of terrifying dragon aura. Luckily Feng Ke'er suppressed it, otherwise, if it was leaked, it would definitely be discovered.

"Don't worry, I have other arrangements for you all. In short, you all cannot continue to stay here, I have come here to teach the World Defying Stage Heavenly Sect a lesson." Chen Xiang said and then told them about the Natural Law World.

Chen Xiang had already planned to send them to the Heavenly Dragon City. Although they had to use the half crippled World Defying soul to cultivate, Chen Xiang had his Tianyuan holy body Dan, so they could still level up in the World Defying Stage.

"Alright, that won't be a problem." Lin Jitian was very happy because he had come from that place before. At that time, he would even be able to see his own daughter.

"There are also Myriad Tao Divine Mountain s and World Defying Stage Heavenly Sect s there, and they are relatively strong, so when you go there, your powers will be of use." Chen Xiang said.

"We know. When can we go?" The Flying Dragon Palace Leader didn't have any objections, they didn't want to continue staying here, because they felt that the World Defying Stage Heavenly Sect was extremely despicable. They were worried that if they continued to stay, the World Defying Stage Heavenly Sect would use some sort of method to force them to become his slaves.

"I can take you guys with me right now. Are we free to leave this city?" Chen Xiang asked.

"Of course, I can. I just want to go out normally and there won't be any problems. I don't want to stay here any longer. I'm worried that I won't be able to suppress the anger in my heart." Long Tengyun said.

"I can understand, but you better stay calm now, for the moment, we are not a match for the World Defying Stage Heavenly Sect." Chen Xiang patted Long Tengyun's shoulder.

After that, he brought Long Tengyun and the others to the Heavenly Dragon City and let them be under Long Jiuxiao's control. He even told Long Jiuxiao to inform Long Shuangru and told him to look for Lin Xirong.

After handling all of these matters, Chen Xiang immediately headed towards the World Defying Stage Heavenly Sect.

When he came to the World Defying Stage Heavenly Sect, he immediately heard about a huge matter. This matter was related to the Luo Jianqing from before!

What he did not expect was that Luo Jianqing did not use his own Dao crystal to fill the hole, and instead told them everything, but the Original Ancestor s did not believe what Luo Jianqing had said!

To World Defying Stage Heavenly Sect, this was an extremely huge loss!

When Chen Xiang arrived at the city, he could see that there wasn't even half of the world's most important pagoda in the distance. That was the place where the World Defying Stage Heavenly Sect was located, and he was the one who got knocked down by Luo Jianqing.

And in the end, Luo Jianqing was killed by the World Defying Stage Divine level Original Ancestor s, a very intense battle had erupted before.

"What a pity, I didn't see the process." When Chen Xiang returned, he could only hear this matter from others.

"This is also a good thing." Chen Xiang chuckled, because he had caused this matter to happen. If he did not trick Luo Jianqing, this conflict between Luo Jianqing and the World Defying Stage Heavenly Sect would not have happened, it was just that the World Defying Stage Heavenly Sect did not know about this matter, and thought that Luo Jianqing wanted to swallow the one trillion Dao crystal.

Although such a thing had happened, World Defying Stage Heavenly Sect still planned to hold that whatever Heaven Gate God Child Awakening Assembly.

And it was even very high-profile to advertise this conference!

"Is this true? As long as enough Dao crystal s are paid, one can step into the World Defying Stage! "

"It should be true. When the time comes, World Defying Stage Heavenly Sect will demonstrate it on the spot, I heard that there are already a lot of people registering, this would require a trillion Dao crystal, ah!"

"Although a trillion Dao crystal is a lot, it's worth it if I can guarantee entering the World Defying Stage."

"As long as we carry out the Heaven Gate God Child Awakening Ceremony, we can step into the world of the proud, it is said that this is not a method of using the half broken World Defying soul to increase our cultivation, but a method to directly cultivate the proud world Profound Body, and directly step into the World Defying Stage's Profound Ranking!"

"That powerful?" World Defying Stage Heavenly Sect actually hid this kind of method! "

"That's right, but we need to consume a large amount of Dao crystal!"

Chen Xiang and the others were discussing this matter, feeling that what Flying Dragon Palace Leader said was right, World Defying Stage Heavenly Sect was planning to lie to everyone about this Dao crystal, since their World Defying Stage Heavenly Sect was so powerful, even if these people wanted to resist, there was nothing they could do.

After World Defying Stage Heavenly Sect obtained this Dao crystal, it was enough for her to use for a long period of time!

Chen Xiang thought, he had initially planned to expose this matter, but from the reaction of the crowd, he could tell that they all trusted the World Defying Stage Heavenly Sect very much.

"These fellows all have low cultivation bases. They are not allowed to come into contact with the secrets of the World Defying Stage Heavenly Sect! It's not like those friends of yours who know so much, which is why they were deceived so much by World Defying Stage Heavenly Sect." Feng Ke'er said.

"Indeed, these fellows are too naive!" Have they forgotten how they entered the city? " When Chen Xiang entered this city, he felt that he had been deceived.

Although he could enter the World Defying Stage Heavenly Sect, but he did not have much status in the World Defying Stage Heavenly Sect, and could not obtain the inheritance of the World Defying Stage Heavenly Sect.

If he needed the inheritance, he needed to buy other items. Furthermore, the things he needed to buy were all very deceptive things.

"Son of Heaven, we'll see if it's true soon." Chen Xiang only needed to wait a few more days before the conference would begin. At that time, many of the higher ups of the World Defying Stage Heavenly Sect would gather.

Chen Xiang was waiting for this chance. As long as the many experts of World Defying Stage Heavenly Sect gathered together, he would be able to use the two extremely powerful pills that he had previously refined.

"Mn, then we'll see how terrifying my Feng Ke'er's Spirit grain is." Feng Ke'er could not wait any longer.

Time passed very quickly, and Chen Xiang spent five days here very quickly. A few days later, the awakening ceremony for the Heaven Gate God Children was also held in the large plaza in the middle of the city.

Chen Xiang was also spectating from the side. What made him sigh with emotion was that there were quite a few people in the city, and there were also many disciples in the World Defying Stage Heavenly Sect itself!

All of them were gathered at the surroundings of the plaza, but the space in the middle was very empty. In the middle, around a platform, a few old people stood, but Original Ancestor did not appear.

#### [Chapter 3056](#)

The reason the World Defying Stage Heavenly Sect created this ceremony was mainly to show that they had the power to let the Venerable Ancestor Later-stage step into the World Defying Stage. This way, they could make a large group of people with a lot of Dao crystal buy them the ceremony.

As for whether or not it would work, Chen Xiang was also not sure. In short, he felt that World Defying Stage Heavenly Sect would not be so kind.

When he first entered the World Defying Stage Heavenly Sect, he was scammed once, and at that time he even said that he could become the World Defying Stage Heavenly Sect's disciple as long as he gave the Dao crystal s. However, after giving the Dao crystal s to Yun Che, he could only obtain the qualifications to enter the World Defying Stage Heavenly Sect, and could not even be considered a disciple of the World Defying Stage Heavenly Sect.

In the end, those who entered this place could only fend for themselves. The World Defying Stage Heavenly Sect did not care at all, while they had obtained a large number of Dao crystal.

They could do a lot of things, but they did not need to pay a lot of money to be able to do so. If they could deceive someone, even if a lot of people were deceived, they could only swallow their anger when they saw that their World Defying Stage Heavenly Sect was so strong. They did not dare to say anything.

"Is everyone aware of the main purpose of our ceremony?" A golden-robed elder that suddenly appeared on the stage said loudly.

"The disciple you are looking at right now is the Venerable Ancestor Later-stage, he has been stuck in the Venerable Ancestor Later-stage for many years already ..." The old man looked at the green clothed man who had walked onto the stage and asked: "Little fellow, how long have you been stuck for?"

The light robed man had a delicate and pretty face. He didn't look like an ordinary person, but one that came from a great family above.

"It's been over ten thousand years." The green-clothed man's words caused many people to take a deep breath. Over ten thousand years was a very long time, but everyone was a bit puzzled. He had stopped for so long and still couldn't break through, yet he was still able to maintain his youthful appearance.

After hearing the questions from the crowd, the man in green said, "It's because I ate a pill that can preserve my looks, so I eat one every month. That's why I am so young."

Everyone believed that there was such a pill, but it was extremely precious!

Since this light robed man was able to consume so many of these pills, he must be extremely wealthy. Otherwise, he wouldn't be able to perform such a ceremony!

"This disciple is the first to accept our kind of ceremony. He comes from the Nan Gong Family of the Divine Wasteland, his name is Nangong Qi." The old man introduced the man.

When everyone heard this, they were all amazed.

"So it's the famous Nangong Clan of the Northern Wasteland. The Nangong Clan occupies many Dao crystal mines in the Northern Wasteland. No wonder he had so many Dao crystal."

"The Nangong Family of the Northern Wasteland have always been extremely wealthy, but they have still been stuck in the Venerable Ancestor Later-stage for such a long time. It can be seen how difficult it is to step into the World Defying Stage."

"Isn't it! Just that I do not have that much, looks like I have to work hard to find the Dao crystal. "

After Chen Xiang heard the discussions of the crowd, he knew that many people were desperate to enter the World Defying Stage, it was difficult for them to even enter the Venerable Ancestor Later-

stage previously, but now that the World Defying Stage Heavenly Sect and the Myriad Tao Divine Mountain had appeared, it provided everyone with cultivation methods, and after selling some quickly increasing pills, many people who did not have any progress previously, had broken through.

As long as one was not too poor, by buying enough pills from the World Defying Stage Heavenly Sect, he would be able to reach the Venerable Ancestor Later-stage's level of cultivation!

However, since he had reached the Venerable Ancestor Later-stage, it was even more difficult to climb up.

"Alright, now we will begin the ceremony for the Heaven Gate God Child. As long as we use this ceremony to awaken the World Defying soul, we will be able to step into the World Defying Stage and become the Heaven Gate God Child of our World Defying Stage Heavenly Sect. to be able to directly take an elder of the World Defying Stage Heavenly Sect as his master. " The old man said loudly.

When everyone heard this, they looked forward to it! Some of the people who had a large number of Dao crystal were already ready to move. Now they just needed to see how effective the Awakening Ceremony was.

Chen Xiang also waited by the side.

"The ceremony is about to begin. Nangong Qi, please enter the golden light array in the center." The old man's expression was solemn as he shouted with a solemn voice.

When Nangong Qi arrived at the golden light array in the middle, the old man made him sit down cross legged again.

"The awakening ceremony has begun!" The old man shouted, and only saw that the golden light array suddenly turned red, releasing a strange red light that covered Nangong Qi's entire body.

When the crowd saw this scene, they couldn't help but cry out in alarm. To them, this was extremely surprising, as Nangong Qi looked like he was in a red flame being refined by a red flame.

The old man on the side was chanting an incantation, and was holding an array disc in his hand. In addition, he was constantly pouring red liquid from a bottle onto Nangong Qi's head.

"What the hell is World Defying Stage Heavenly Sect doing?" Chen Xiang asked: "Can you understand those arrays?"

"I don't understand ..." It does not seem to be some formation array at all, it is just a magical equipment. Under the control of a person, it released this kind of red light and powerful aura, but it did not have any effect on the people inside. Feng Ke'er could immediately tell what that array was.

It was a specially crafted array disc that was releasing this kind of terrifying red light!

"Open the Gate of Heaven ... The soul of the Son of God has descended, and the World Defying soul is complete! " The old man let out a few loud roars. The red light suddenly turned golden and burst out into bursts of white light.

And at the same time that the white light continued to burst out, waves after waves of strong gales appeared. This gale even brought along a wave of World Defying Stage Divine Power, making people feel that the World Defying Stage Divine Power was bursting out from Nangong Qi's body.

"Such a strong World Defying Stage Divine Power, it actually didn't take Nangong Qi long to step into the World Defying Stage, and he has even released such a powerful World Defying Stage Divine Power."

"This ceremony seems to be true!"

"This is truly hard to imagine. This is actually real. If I didn't personally see it, I definitely wouldn't believe it!"

"This is unbelievable!"

Amidst everyone's surprise, the plaza gradually calmed down, and the formation plate's radiance also slowly disappeared. Nangong Qi's body was currently flickering with golden light, and his body was releasing the weak aura of the World Defying Stage Divine Power. Furthermore, his entire person seemed to have become more spirited, and was filled with might.

"Is this the power of the World Defying Stage? I never thought that the problem that had troubled me for thirty thousand years would be solved in such a short period of time. World Defying Stage Heavenly Sect is indeed worthy of being the strongest in the world, to actually possess such a mysterious and powerful technique. "

Nangong Qi clenched his fists tightly. With a flash of golden light, an extremely strong force of World Defying Stage Divine Power surged in all directions, forming a gust of astral wind, scaring everyone present into a cold sweat.

Many of the people here were only Venerable Ancestor Later-stage, they could not bear the Qi of the World Defying Stage!

Chen Xiang had been watching closely this whole time, and at this moment, he was sneering in his heart nonstop. Even though that aura looked terrifying, it wasn't natural at all, and it was clear that it was released from the World Defying Stage Divine Power Orb!

### [Chapter 3057](#)

When Chen Xiang looked carefully, he was shocked to realise that Nangong Qi was actually a person who had already stepped into the World Defying Stage.

This was indeed a scam!

Chen Xiang looked at the shocked expressions of the people around him, and knew that he had already achieved his goal. Although many people could not afford to pay for the Dao crystal, they would definitely spread the news, and they would also accumulate Dao crystal and use it to purchase the ceremony.

"These guys from the World Defying Stage Heavenly Sect sure have some tricks up their sleeves!" Chen Xiang heard the exclamations of the crowd and sighed in his heart.

On the other hand, Flying Dragon Palace Leader and the others had already seen through this scam.

"Now, the first Heaven Gate God Child of our World Defying Stage Heavenly Sect has been born!" The old man announced loudly and excitedly. At this time, the true disciples of their World Defying Stage Heavenly Sect also began shouting loudly.

The World Defying Stage Heavenly Sect had their own disciples, and these disciples were the ones that were sealed together with them a long time ago. They were very trustworthy, and they knew that this was a scam.

"I know there are a lot of people who are still somewhat dissatisfied after joining our World Defying Stage Heavenly Sect! You all must also understand our World Defying Stage Heavenly Sect, after all our World Defying Stage Heavenly Sect is too popular, many people have joined our World Defying Stage Heavenly Sect, and we are unable to find them, so I am very sorry, but I hope that everyone can understand us. " The elder said with a fake, guilty look on his face. It really did seem like that.

"And from today onwards, I guarantee to all of you that as long as you are willing to work hard, you will be able to obtain a certain reward! The biggest reward will be being able to become an expert of the World Defying Stage without using a Dao crystal, and with the help of the Heaven Gate God Children's Awakening Ceremony. "

The elder's words made many people go wild with joy. After all, not just anyone could afford the one trillion Dao crystal. If they didn't need it, then this would be the gospel of many people.

However, this definitely required a certain amount of conditions!

"As for how we can get this reward, we will definitely specify the standard for it within the next month." Seeing how excited everyone was, the elder couldn't help but laugh happily.

"I know that there are many World Defying Stage s who have joined our World Defying Stage Heavenly Sect, but we did not receive any good treatment or attention. This is because we treated you wrongly, this is our fault." That elder said: "Right now, you can become the inner sect disciples of our World Defying Stage Heavenly Sect, but you still need to pass some tests!"

"What test?" An old man from the crowd suddenly asked. This old man was from World Defying Stage, but he was not very strong.

There were quite a few half crippled World Defying soul in the World Defying Stage Divine Mausoleum. The last time the World Defying Stage Divine Mausoleum opened, it flowed out a lot, and now that the main entrance to the World Defying Stage Divine Mausoleum was destroyed, they could easily enter to search for it.

"As long as you can defeat us, the Divine Son of the Heaven Gate, who has just stepped into the World Defying Stage, you can immediately become our inner sect disciples." The elder smiled faintly, "This should not be difficult. After all, he just broke through recently."

At this moment, Chen Xiang couldn't help but praise the World Defying Stage Heavenly Sect's good methods. This way, it would make people even more convinced that Nangong Qi had awakened them through a ceremony.

However, Nangong Qi had already been a World Defying Stage for a long time, and he had even cultivated an arrogant profound body. Most of the World Defying Stage here were half crippled World Defying soul, and their strength was much weaker than Profound Rank World Defying Stage.

"It's indeed simple. I'll go meet him now." After the old man in red finished speaking, he rose into the air and gently flew to the wide platform in the middle.

No one thought that there would be a battle to watch, and they all became excited, many people had never seen a battle in World Defying Stage before.

"The God Child of the Heaven Gate is truly powerful, even I who stood here could feel the powerful World Defying Stage Divine Power in his body! However, it's not that easy to defeat him. I'm worried that I might accidentally injure him. The red-robed elder was extremely confident in his abilities. Although Nangong Qi gave off a very strong feeling, the red-robed elder was extremely confident in his abilities.

"You don't have to worry about that. After all, this is an all-out battle, and casualties are inevitable." That elder was looking at him with a great deal of interest as he smiled and said.

"Then I can let go and fight." The red-robed elder pulled at his red robe and took out a longsword. "Can I use a weapon?"

"Of course you can!" The patriarch of the World Defying Stage Heavenly Sect had already retreated to the wide round dueling platform in the middle.

When Chen Xiang saw a few elders from the World Defying Stage Heavenly Sect walking down the stage with a smile on their faces, it could be seen that they were extremely confident in Nangong Qi's strength.

"This old man is really courting death!" Chen Xiang had already seen the outcome of the black-robed old man. Nangong Qi was much stronger than him, it was just that he had hidden it well and not been discovered.

"Begin!" As soon as one of the elders shouted, a red light flashed from his body. Veins popped out on his forehead and a red mist began to emit from his feet. He looked very imposing.

The old man's body was covered in a bloody mist as he quickly rushed forward. The sword in his hand was also covered in a bloody liquid. It looked extremely alluring and exuded a demonic aura. It was evident that he was cultivating an evil art.

His speed was not very fast, but when he rushed over, he was very imposing!

But, just as he took a few steps forward, Nangong Qi's body suddenly flashed, and disappeared, in a blink of an eye, he was already in front of the red robed elder, and kicked the red robed elder's blood light sword.

With a few crisp dang dang sounds, that seemingly very powerful sword was instantly shattered into pieces by the kick!

"You overestimate yourself!" Nangong Qi sneered, then suddenly waved his hand, a cold light exploded out, in that moment, a short blade appeared in his hand, aimed straight for the old man's neck.

Plop!

The old man's head fell to the ground as blood spurted out!

When Chen Xiang saw this, he was secretly surprised in his heart. Nangong Qi's attack speed was very fast, and he did not emit much of the aura of the World Defying Stage Divine Power. His usage of the World Defying Stage Divine Power was very ingenious and concentrated, not even the slightest bit wasted.

Previously, when the World Defying Stage saw Nangong Qi's palm strike onto the heads of the people who were about to move, their hearts trembled. If they had gone up before the red robed elders, they would have been the ones to die!

"Victory has been decided, Nangong Qi, victory!" Although the elder's face was solemn, he could see that there was a complacent smile in the elder's eyes.

### [Chapter 3058](#)

Nangong Qi kept his dagger and then stood calmly on top of it. Even though the red-robed elder's corpse was being dragged away, he did not even spare him a glance as his entire body was filled with the Arrogant Morale of a Ranker, giving him a very strong demeanor.

"Are there any more who are willing to challenge me?" The elder continued to shout, because in his eyes, these World Defying Stage who had used the half broken World Defying soul to cultivate were all trash, if not they would have long been pulled into the inner sect of the World Defying Stage Heavenly Sect.

Hence, they did not feel that it was a pity how many of these World Defying Stage had died!

Now that they could use this kind of World Defying Stage to strengthen their position, they could trick more people to pay their Dao crystal to participate in their awakening ceremony.

No one dared to go up! At this moment, the square was completely silent!

The dead red-robed old man was rather famous here. Although there were a few World Defying Stage s in the outer sect of World Defying Stage Heavenly Sect, but there weren't many of them. They all knew about the World Defying Stage s here.

The red robed elder had been easily killed, and even if they were slightly stronger than the red robed elder, they would still be unable to defeat Nangong Qi.

When Chen Xiang saw that no one went up, he shouted, "Let me try!"

His current appearance was that of an unassuming middle-aged man, with a trace of a weak World Defying Stage Divine Power on his body. As long as he had the World Defying Stage Divine Power Orb, he would be able to release this level of World Defying Stage Divine Power's aura. So it didn't attract anyone's attention.

Chen Xiang walked slowly as he walked forward, and he deliberately walked past a few World Defying Stage Clan Elders. The reason why he was doing this was to test if these elders could see his current cultivation level. If they couldn't, then he would be able to go up the stage with a peace of mind.

When he walked onto the stage, those elders did not have any other reactions. This meant that he had concealed his true cultivation quite well and had not been discovered.

"You really want to fight?" Nangong Qi also did not pay much attention to them. In his eyes, these people were all extremely lowly and lowly.

"What!" Chen Xiang nodded his head, he did not want to say anymore, all he wanted to do was to quickly finish Nangong Qi off.

"Didn't you see how that old man died?" Nangong Qi suddenly felt a little admiration for the person in front of him. He knew that he was very powerful and actually dared to challenge him.

"I saw it." Chen Xiang's tone was calm, and he looked straight into Nangong Qi's eyes.

"Why are you so unafraid of death?" Nangong Qi smiled lightly: "I am a little impressed by people like you."

"I'm afraid of death." Chen Xiang said again.

Seeing Chen Xiang say that, the smile on Nangong Qi's face froze, because he had praised the other party, but the other party did not appreciate it.

"If you are afraid of death, then why did you come forward?" Nangong Qi had already summoned his dagger, releasing an invisible killing intent.

"Because you can't!" The corner of Chen Xiang's mouth curled up slightly, revealing a smile: "Against someone who can't kill me, of course I'm not afraid!"

"I want to see how powerful you are!" Nangong Qi didn't even wait for the elder to shout before he made his move. He disappeared in an instant, and the moment he appeared, he had already arrived behind Chen Xiang and slashed down fiercely.

Chen Xiang did not think that Nangong Qi would be so easily angered, when he brandished his blade he revealed a lot of World Defying Stage Divine Power, it was very different from the control he had previously.

Nangong Qi was not angry, but he felt that a person who was arrogant like Chen Xiang in front of him would die a little faster, and he seemed to have forgotten that he was also someone who would make others angry.

After Nangong Qi's blade slashed down, it actually cut through the air, because when it struck Chen Xiang's body, he suddenly teleported away!

Of course, the people here did not know that he had used Spatial Force. The fighting stage was enveloped by a barrier, and the Spirit Qi inside it could not leak out at all, not to mention that when Chen Xiang used the Spatial Force, the fluctuations of the spatial energy were extremely weak.

However, on the fighting stage, Nangong Qi realized that although he rarely saw anyone who used the power of the spatial laws, he knew that the energy was the power of space.

There were not many people who could use the power of space. There were strong warriors who knew how to use it in the Myriad Tao Divine Mountain, but those were all old monsters from many years ago! Although there were World Defying Stage Heavenly Sect s as well, their mastery of Original Ancestor s was not deep, and was far inferior to the people of Myriad Tao Divine Mountain s. Therefore, last time, when they were tracking down the Myriad Tao's treasures, they were slower by a lot.

Suddenly, a person appeared in Nangong Qi's mind, it was the person that World Defying Stage Heavenly Sect was looking for, Chen Xiang!

He had obviously heard of Chen Xiang's great name before, and it resounded like thunder in his ears!

After Chen Xiang disappeared, he did not appear immediately, but Nangong Qi could not help but feel fear in his heart, because he had not appeared for a very long time, and they did not know what his cultivation level was.

"No matter how strong he is, he can only cultivate an arrogant profound body like me." Nangong Qi quickly calmed down. At this moment, he had also caught a glimpse of Chen Xiang's aura, and immediately rushed over.

When he went over, he chopped down with a few violent and violent blades. The blade aura that burst out was like a huge net, sparkling with golden light, enveloping the place where Chen Xiang was standing just now.

But this time, Chen Xiang did not use teleportation, and could directly and smoothly dodge it!

Nangong Qi's heart was already, he suddenly suspected that he saw wrongly, because Chen Xiang had used teleportation previously, why did he not use it now? Just as he was hesitating, he suddenly realized that something was wrapped around his body.

It was the power of space!

At this moment, such a clear power of space surged towards him from all directions, enveloping him within. He was unable to move; this caused him to feel incomparable horror in his heart!

After Chen Xiang released the power of space to bind Nangong Qi, he unambiguously punched out, and a layer of faint golden flames surged out of his fist!

This is the World Defying god fire!

Of course, because the enchantment had blocked all the auras, the World Defying Stage Heavenly Sect Elders outside could not tell that it was a World Defying god fire!

Chen Xiang's fist contained an extremely powerful World Defying god fire and came out from his back smashing towards Nangong Qi. The fist directly pierced through his body and shattered Nangong Qi's heart!

Seeing this scene, everyone was stunned, dumbfounded like a wooden chicken!

When Chen Xiang punched out, they all thought that Nangong Qi would be able to dodge, but they didn't expect that Nangong Qi seemed to have frozen in place and didn't dodge. Instead, he gave Chen Xiang the chance to gather such strong power and punch him until his body was pierced through.

The onlookers had already run away when they saw that a great battle was about to break out.

Wangwo scent floated everywhere very quickly, and when the World Defying Stage who came from all directions came and absorbed these Wangwo scent, they felt their bodies floating, and a strange feeling of comfort suddenly spread throughout their body.

"It's the Wangwo poison. Quickly take the antidote." An elder roared.

Chen Xiang didn't expect that they would actually have antidote pills, and just as they were about to lose all ability to fight, he threw out the Sky Splitting God Slaughtering Pellet!

After he threw out the God Slaughtering Pill, he immediately teleported off into the distance. After that, he heard an extremely loud vibration, and when he looked over, that place had already been shrouded in golden light and thick fog.

Although he couldn't see what was going on inside, he could hear waves of horrifying roars coming from inside.

"Truly amazing!" Chen Xiang used his Dao heart Eye to look and discovered that the bodies of many people from the World Defying Stage were disappearing bit by bit.

The rate of corrosion was extremely quick. Very soon, most of the people were gone!

"The Original Ancestor is here, I have to go!" Chen Xiang finally felt the aura of the Original Ancestor s, then he teleported away.

... ..

How could Myriad Tao Divine Mountain not know about such a huge thing happening in the World Defying Stage Heavenly Sect? After they found out about this, they immediately rushed over to inquire about the details.

Although there was some conflict between the Myriad Tao Divine Mountain and him, they hated Chen Xiang to the bones because he had caused them a great loss. Of course, the Myriad Tao Divine Mountain did not know that Chen Xiang was able to return to the Natural Law World at the moment.

"We must get rid of this Chen Xiang!" An old man from the Myriad Tao Divine Mountain sniffed the dense waves of Wangwo scent and looked at those God-eclipse powder that could corrode World Defying Holy Body. His voice was cold and emotionless.

"Our World Defying Stage Heavenly Sect has suffered such heavy losses. Are you happy?" A World Defying Stage Heavenly Sect said coldly.

"Our Myriad Tao Divine Mountain's losses aren't any less than yours. It would be fine if we were to suffer such a heavy loss from fighting your World Defying Stage Heavenly Sect, but it isn't." Myriad Tao Divine Mountain had sent people to kill Chen Xiang before, but they were all killed by him.

The Original Ancestor s of the World Defying Stage Heavenly Sect also nodded. Chen Xiang killing the seven of them by himself, along with more than twenty of their profound practitioners, had already shaken the very foundations of their World Defying Stage Heavenly Sect.

"How do I get rid of Chen Xiang? Right now, we can't even find him, and he has already made a breakthrough. Judging from his remaining Qi, he has at least cultivated a World Defying Holy Body, don't forget that he still has a World Defying Green dragon! "

The old man from the Myriad Tao Divine Mountain sighed, "Yes, even us Divine s cannot do anything to him now. Looks like he has already grasped some method that can allow him to quickly step into the World Defying Stage, and he even spread this method to the Natural Law World!"

Following that, the old man informed World Defying Stage Heavenly Sect of Myriad Tao Divine Mountain's losses!

World Defying Stage Heavenly Sect also had territory in the Natural Law World, but they did not seem to know how terrifying the Hundreds of Flowers Village and its people were!

Before, Myriad Tao Divine Mountain had secretly fought with Hundreds of Flowers Village and Heavenly Dragon City, but in the end, Myriad Tao Divine Mountain had lost, moreover in an extremely miserable manner. What made them unable to accept the most was that the other party was not injured at all!

"The Natural Law World actually has such a terrifying force. It looks like only Divine s can deal with them." World Defying Stage Heavenly Sect did not expect this. They rejoiced in their hearts and did not go to find trouble with Hundreds of Flowers Village and the others. Otherwise, they would have suffered a huge loss.

"So you can rest assured now, our Myriad Tao Divine Mountain and your World Defying Stage Heavenly Sect have the same strength." The old man from the Myriad Tao Divine Mountain snorted, "Right now, we simply have no other choice. We don't have enough strength to open a spatial tunnel for the Saint-rank World Defying Stage s to head to the Natural Law World."

"Then what should we do? If this goes on, Chen Xiang will be unstoppable. " The World Defying Stage Heavenly Sect was panicking. Chen Xiang's powerful World Defying Green dragon caused them to be extremely terrified, they never thought that Chen Xiang would level up so quickly.

Once Chen Xiang managed to cultivate the Primordial Divine Body, with the strength of the World Defying Green dragon, no one would be able to stop him!

"Hmph, you mortals probably don't know about this!" The clan elder of the Myriad Tao Divine Mountain smiled, "We still have tricks up our sleeves!"

Hearing his words, all the World Defying Stage Heavenly Sect present were shocked. Myriad Tao Divine Mountain still had something to rely on!

"What is it?" They were all panicking. They had been sealed by the Myriad Tao Divine Mountain before, so they were afraid of him.

"World Defying Stage Clan! That is a branch of our Myriad Tao Divine Mountain, and the Myriad Tao Divine Mountain has existed for so many years, yet there are many disciples. These disciples created their own families a long time ago, and now, they are all hiding within the Divine Wasteland, and they are all favored by the laws of the Myriad Tao. They are the ones who truly control the Myriad Tao Divine Mountain, and someone like me is just a small part of the strong World Defying Stage Clan. "

"It's time for me to report this to them. Maybe they are interested in the World Defying Green dragon and will take action against Chen Xiang!" The old man from the Myriad Tao Divine Mountain looked into the distant sky and sighed, "It's not bad for World Defying Green dragon to fall into their hands, it's better than being in Chen Xiang's hands!"

The people of World Defying Stage Heavenly Sect did not know about the existence of World Defying Stage Clan, but hearing the tone of the person in front of them, they knew that this World Defying Stage Clan was extremely terrifying.

After Chen Xiang left the World Defying Stage Heavenly Sect, he immediately went to the Myriad Tao Mausoleum. Luo Tianjun was still there, he needed to find Luo Tianjun to discuss how he should deal with the World Defying Stage Heavenly Sect and the Myriad Tao Divine Mountain.

Through those Mouse Man s, he could see the people from the Myriad Tao Divine Mountain coming to the World Defying Stage Heavenly Sect. Now, the World Defying Stage Heavenly Sect and the World Defying Stage Heavenly Sect could be said to be enemies together, so they might join hands.

Luo Tianjun was closed up in Myriad Tao Mausoleum, Chen Xiang did not know if he came out, but even if he did not, he had to think of a way to discuss this matter with Luo Tianjun.

He was still a little worried that the World Defying Stage Heavenly Sect and the Myriad Tao Divine Mountain would do some very deadly things in their anger.

When he arrived, he saw Fang Haoyun and Tang Zhongjie chatting in the hall outside. The underground palace inside Myriad Tao Mausoleum was extremely secretive, so they were relatively safe here.

"Chen Xiang, you're finally here." Tang Zhongjie laughed: "Your pills are truly useful, we have already cultivated the World Defying Holy Body!"

"Where's the Daofather?" I have something important to discuss with him. " Chen Xiang did not bother to chat with them, and asked as soon as he arrived.

"What's important? Daofather, you've been in seclusion for so long, and you still haven't come out. " Fang Haoyun shook his head: "Of course, you can try to send a sound transmission to him. If he could hear it, maybe he would reply you."

Chen Xiang stood in front of the secret room that Luo Tianjun was in and sent a sound transmission to the inside.

"Dao Ancestor, I am Chen Xiang. I have something important to discuss with you, are you free right now?" Not long after Chen Xiang sent a sound transmission, he received a reply from Luo Tianjun.

"Conveniently, if there's anything, just discuss it with me via voice transmission."

Chen Xiang heaved a sigh of relief in his heart. He was still a little worried that Luo Tianjun would die.

After that, he told Luo Tianjun everything that had happened in this period of time, were all the conflicts between him, World Defying Stage Heavenly Sect and the other Myriad Tao Divine Mountain.

After Luo Tianjun found out about this, he stayed silent for a while, and then said: "World Defying Stage Heavenly Sect probably doesn't have any more tricks up his sleeve, but ... But it might not be the Myriad Tao Divine Mountain, since the Myriad Tao Divine Mountain was able to seal the World Defying Stage Heavenly Sect back then, he is definitely not weak! "

Luo Tianjun seemed to know some things about the Myriad Tao Divine Mountain.

"How can I guard against this?" Chen Xiang asked: "Will the Myriad Tao Divine Mountain and the World Defying Stage Heavenly Sect join hands? If they were to join hands, I don't think there would be too much danger as they won't be able to catch me here. "

Chen Xiang was extremely confident in his Time and space power.

"Myriad Tao Divine Mountain shouldn't be able to deal with you right now, because their Divine Ranked World Defying Stage won't be able to catch you, but they'll make even more people act." Luo Tianjun said in a stern voice: "You may not know this, but there is a very powerful force backing Myriad Tao Divine Mountain. I'm just not sure if it still exists, after all, it's been many years."

"There's actually such a strong power behind the Myriad Tao Divine Mountain?" Chen Xiang was a little surprised.

"Yes, I only heard of it!" An Xin is called World Defying Stage Clan, they were formed by many strong warriors back then. Later on, they would place their strong warriors in Myriad Tao Divine Mountain. " Luo Tianjun said: "It's just that we are very far away, I don't know if this World Defying Stage Clan is still here. If he is, then he would definitely be very terrifying."

"How terrifying?" Chen Xiang also felt that this matter was more serious, he never thought that the Myriad Tao Divine Mountain would have such a secret.

"They are all favored by the Myriad Tao, which means to say that there will be peak-stage Divine World Defying Stage s." Luo Tianjun also felt that the matter was serious as he walked out of the secret room.

"Under the care of the Myriad Tao?" Chen Xiang thought about a lot of things. Previously, many World Defying Stage s, who were at the peak of Divine level, had been executed, but Myriad Tao Divine Mountain s did not.

This was also their terror, as it allowed them to have a large number of World Defying Stage at their peak!

"She's even under the protection of the Myriad Tao ... They had all kinds of methods and rich resources, but in short, their strength was extremely terrifying. Even if a crisis were to befall Myriad Tao, they would still act! Back then, those people in World Defying Stage Divine Mausoleum were the ones who were forced by them to enter the World Defying Stage Divine Mausoleum to wait for their deaths. " Luo Tianjun said.

The strength of the Myriad Tao Dan God could be considered terrifying, but he was forced into the World Defying Stage Divine Mausoleum.

"It's actually that terrifying!" Chen Xiang took a deep breath, "Right now, I can't be sure if they still exist or not."

"Yes, but I think it will most likely exist! Furthermore, they will not die, and will not be executed by the Myriad Tao. It can be said that they possess eternal life and unrivaled strength, so they do not need to go to the Myriad Tao. " Luo Tianjun sighed: "I just wonder what they will do."

"I have to go investigate." Chen Xiang said: "Dao Ancestor, why don't you leave as well! When I came here earlier, I saw that there were quite a few fellows of the Myriad Tao Divine Mountain s and World Defying Stage Heavenly Sect s outside. "

"I will stay here temporarily. After all, I used a lot of my effort to build this Myriad Tao Mausoleum and I am reluctant to leave ..." I don't want to see it destroyed. " Luo Tianjun patted Chen Xiang's shoulder, and laughed: "You have already become very strong, so I don't need to worry about you. Right now, I just want to break through quickly and step into the World Defying Stage's Divine Stage."

Chen Xiang shook his head: "Dao Ancestor, if you continue to cultivate like this, there is a high chance that you will be killed by Myriad Tao!"

Luo Tianjun nodded: "There is indeed such a possibility, but I feel that there is still hope."

The closer they were to the peak of World Defying Stage, the more dangerous it was to cultivate, especially by absorbing the Myriad Tao's power.

"What hope?"

"I have made a great contribution to the Myriad Tao world. I feel that the Myriad Tao might give me some leeway." Luo Tianjun laughed: "Of course, if you want to execute me, I don't have any complaints, since I've lived enough! I was the one who created this world. Even if I were to die, the world that I created will continue to exist and there will be many different kinds of life coming from it. This is sufficient for me. "

Luo Tianjun was not afraid of death, he was very open-minded!

"En!" Chen Xiang's words made him admire Luo Tianjun a lot. Luo Tianjun's power was not at the top, but he had truly contributed a lot to this world.

Perhaps it was because of this that he was confident that after reaching the pinnacle, he wouldn't be executed by the Myriad Tao.

Chen Xiang looked at Tang Zhongjie and Fang Haoyun, wanting to ask them if they had any thoughts of going to the Natural Law World, since the Natural Law World lacked experts like them, and they did not have much to do there.

Just as Chen Xiang was about to speak, the underground palace suddenly shook and then quickly cracked. This extremely sturdy underground palace actually collapsed in an instant!

"What's going on?" Chen Xiang anxiously rushed out of the ruins. When he came out, he saw that the entire Myriad Tao Mausoleum was collapsing, falling into an extremely intense shockwave.
