

Dan God 3071

[Chapter 3071](#)

In the Well-informed Ghost's memories that he collected, there were the memories of the black clothed slaves that frequently entered here. It was also because of those memories that he found this place.

"Can you handle it?" Chen Xiang asked: "If possible, I will hide."

"Absolutely!" The strange beast was extremely confident, and then, Chen Xiang went into hiding.

Chen Xiang recalled the memories he had gathered here before in the Well-informed Ghost.

The Dao-heart boulder inside could allow the people of the World Defying Stage Clan to break through the control of the Myriad Tao. One had to know that the people of the World Defying Stage Clan were also under the control of the Myriad Tao at the same time. They could not break through the peak of the World Defying Stage or enter it.

Therefore, if the He Clan wanted to change this situation, they could cultivate a large number of these powerful black clothed slaves or gold clothed slaves, and let them come in here to search for useful things so that they could cultivate and break through.

"If we let so many people from the He Clan die, they might become vigilant. However, they are not afraid, and do not dare to enter." Chen Xiang secretly laughed in his heart. At this time, the arrogant strange beast had already rushed over, its frog-like mouth had grown very big, and Chen Xiang had thought that it would spit out a golden light or something.

Who would have thought that he would spit out so many giant wasps from his mouth!

These tens of thousands of wasps were like a huge black shadow that enveloped over, turning into a palm that directly slapped towards the ten black clothed slaves.

These black-clothed slaves didn't think that the wasp that had just appeared would arrive so quickly. This was the power of space!

After the black-clothed slave was covered by the wasp, his body was pierced through by the wasp's stinger, creating countless' holes'.

"He's already dead, so fast!" Before this, Chen Xiang had been chased around by these black clothed slaves, but he didn't expect that in the eyes of this proud and unusual beast, he was so weak that he couldn't even withstand a single blow.

The strange beast opened its mouth and spat out a long stone, then it sucked the bodies of the ten black clothed slaves into its mouth and ate them.

"This guy is really flowery!" Chen Xiang never thought that there would be so many strange beasts with the body of a toad gorilla.

"Toad Head, have you ever seen anything like this here before?" Chen Xiang returned back to the toad's head.

"I have. I've eaten them all." The toad head seemed to like the name that Chen Xiang gave it, and jumped up and down in excitement.

Now, he would bring Chen Xiang to the stone that he had discovered earlier.

"This is the place. I can feel a very strong energy in this rock." The toad said.

"What kind of energy is it? Do you know?" Chen Xiang flew on top of the round stone.

Round and large stones like these were very common here, but the square slab of stone that he had obtained was very rare here. He had thought that the stone slab was very rare, which was why he chose to 'mess' it up.

Chen Xiang took out the Heavenly magic sword, and pierced through it first, easily!

"The energy inside should be a type of energy that can make the body strong. I can feel it." The toad said, "A lot of this energy has already been lost. It should be in the middle."

This rock was three hundred meters high, and it would be difficult to reach the center. However, he still had a plan, he immediately released the World Defying god fire and burned a small path.

When he was about to reach the middle, he immediately felt a wave of energy seeping out.

"So powerful, quickly use your Tianchuang furnace to catch it." Feng Ke'er also felt it.

Chen Xiang had already taken out his Tianchuang furnace and channeled the energy that was gushing out from it into the Tianchuang furnace.

After the Tianchuang furnace was refined by the Myriad Tao Divine Soil, it had become very strong, and the space inside was also very stable.

"It should be able to hold a lot." Chen Xiang held the Tianchuang furnace up for a good three days and three nights, before finally taking away the energy within the stone.

"It's a very pure energy, it seems to be very useful for the body, I wonder if I can refine it with the Tianyuan holy body Dan." Chen Xiang looked inside the Tianchuang furnace, and the energy had already turned into liquid.

"Alright, this energy is enough for me to use." Chen Xiang said: "Toad Head, you are free now! Right, can you take me to a safer place? I don't want to be disturbed. "

Chen Xiang planned to start concocting pills as he wanted to reach the peak of World Defying Holy Body quickly.

Moreover, it would not be easy to cultivate the divine body. He would need other pills as well. When that time came, he could only use the Time Laws to stimulate the growth of those medicinal herbs that would take many years before they matured.

"The disciples of the World Defying Stage Clan are so arrogant, but they still haven't managed to cultivate their divine bodies. It seems like cultivating the Primordial Divine Body won't be easy." Chen Xiang knew the difficulty of cultivating the Primordial Divine Body. He had already worked hard for a long time, and now, he was only preparing to succeed.

"If that kind of pill is refined, then Natural Law World will be able to nurture a group of experts with unparalleled divine bodies. Then, Natural Law World will no longer have any fear." Chen Xiang looked at the World Defying heaven fruit tree and discovered that it had grown quite well.

Right now, he could only refine Tianyuan holy body Dan, so he could first cultivate the World Defying Holy Body to its peak.

The toad brought him to a relatively large round boulder. He let out a golden light and wrapped the boulder up, then let Chen Xiang inside.

After Chen Xiang went in, the inside was actually empty, and after that, the toad followed him in, and the moment he went in, he fell into a deep sleep.

"Toad head!" Chen Xiang called out softly. Seeing that he did not react, he could not help but smile.

Thereafter, he began refining the Tianyuan holy body Dan!

When he was refining it, he found that the energy he got when he first entered it could enhance the quality of Tianyuan holy body Dan s by a lot! Of course, it was also extremely difficult to refine it. Fortunately, Feng Ke'er had helped.

He used the Time Formation, and even after two months, he still could not refine a single pellet.

"Let me have a look!" How much stronger is it compared to before? It took me quite a bit of time. " After Chen Xiang ate it and began to refine it, he quickly felt that the effects of this pellet was actually several times better than the previous one.

"After the derivation method and the Crash method, that kind of energy has increased even more, which is why it has such a good effect." Chen Xiang only needed to eat one pill to feel a huge increase in strength. He felt that he did not need to eat too much to cultivate the World Defying Holy Body to its peak.

He quickly finished refining it and continued refining it!

"Refining fifty pills in one go will definitely allow me to reach the peak of World Defying Holy Body." Chen Xiang planned to try summoning that stone after cultivating to see if he could summon out the Scarlet Fire Dragon again. That was an extremely powerful thing, capable of killing the divine body of a Golden Slave.

[Chapter 3072](#)

When Chen Xiang was refining pills, he would use the power of time to release a Time Domain, and when he was in this domain, he could shorten the time he spent with the outside. Using the power of time required him to consume a lot of energy, but this consumption was nothing to him, with his current cultivation level, he could release the Time and space power while he was refining pills.

Refining fifty Tianyuan holy body Dan required a very long time. Even though he was very familiar with the process, he was only able to refine two of them in three months. If this was the case, he would need more than five years and sixty to seventy months.

However, sixty months had passed inside the Time Domain and only sixty to seventy days had passed outside.

Feng Ke'er was also bored while Chen Xiang was refining the pellet. She went out to wander around, wanting to see if she could discover something.

When Chen Xiang was refining pills, he did not feel the passage of time at all. Right now, he was always immersed in refining pills, which made him feel extremely happy.

Unknowningly, a period of time had passed. had refined fifty Tianyuan holy body Dan in such a manner, and the energy that he had extracted from the Dao-heart Giant Stone had already been used up.

"Did you find anything?" Chen Xiang asked as he saw Feng Ke'er returning.

"Not at all, but I sensed some auras of some black clothed slaves." Feng Ke'er said: "These guys aren't giving up yet, looks like they're extremely anxious to break through the control of the Myriad Tao. I wonder why?"

The black clothed female was groomed by the He Clan to look for this energy, and it was able to make the He Clan even stronger. Furthermore, quite a few of them had died recently, yet the He Clan still dared to send them over, which was why Feng Ke'er felt this way.

"I'm going to start eating these pills. After I finish cultivating the peak World Defying Holy Body, I'll be ready to cultivate my Divine Body." Chen Xiang felt that if he could cultivate World Defying Holy Body at its peak, and then summon his Red fire dragon, he could become very strong.

However, he did not know how to summon the Red fire dragon yet. After all, when the Red fire dragon appeared, it was through that Dao-heart boulder that he had kept inside the Six Realms mirrors.

"Alright, I will continue to walk around and see if I can catch a black-clothed slave." Feng Ke'er flew out again. Chen Xiang did not need to worry about her, she had controlled a large number of seal formations and barriers. As long as she wasn't an especially strong World Defying Stage, none of them were able to do anything to her.

After Chen Xiang ate the Tianyuan holy body Dan, he began to refine the medicinal power.

Fortunately, these pills all contained a Spiritual God, and he didn't need to spend too much time and energy to refine them. From the beginning to the end, he just let it happen.

Of course, there would also be some problems. For example, when refining the pill, he would encounter a situation where the medicinal energy was blocked and dispersed. This was mainly because there was too much medicinal energy left in his meridians, so he had to refine it himself.

"The further I go, the longer I can refine it!" Chen Xiang didn't know why, at the beginning, he could refine one pellet in half a day, but later on, it would take seven days.

Fortunately, he had plenty of time. Although a year had passed, only a dozen days had passed outside.

"Alright, I've finally cultivated the peak of World Defying Holy Body." Chen Xiang looked at the condition of his own body, then looked at the proud Six beasts inside the Divine Sense Sea.

"Xiao Ke'er!" Chen Xiang shouted. Not long after, Feng Ke'er returned.

"I met a type of Slave in Purple Costume outside. It seems to be very powerful." When Feng Ke'er returned, he told Chen Xiang about what he found outside.

"How many?" Chen Xiang asked quickly.

"There's only one. Slave in Purple Costume brought two golden-clothed slaves and twenty black clothed slaves to search for something inside this place. Moreover, it's extremely anxious." Feng Ke'er said: "If it wasn't for that Slave in Purple Costume, I would definitely have been able to capture everyone else."

"Okay, take me to them now." After Chen Xiang broke through, he had greater confidence in his own strength.

Feng Ke'er hurriedly brought Chen Xiang and left. Not long later, Chen Xiang saw a flash of purple light in the distance.

"That's the Slave in Purple Costume. I don't know what he's doing, but he's emitting this purple light. It's as if he's capable of searching for something." Feng Ke'er said: "Could it be to find a huge boulder that contains energy?"

"That's very possible!" Chen Xiang nodded, then used the Counter Power to make himself invisible, and approached her bit by bit.

When he was close to them, the Slave in Purple Costume's sturdy body suddenly trembled. Chen Xiang thought that he had been discovered and was about to escape, but Slave in Purple Costume let out a loud roar and his body burst out a burst of purple light.

After the purple light was released, it pierced through a circular huge rock. The circular huge rock was penetrated by the purple light and started to tremble. Soon after, it split open and there was nothing inside.

"They are indeed looking for boulders that contain energy." Chen Xiang decided to follow Slave in Purple Costume.

"This guy seems to be quite capable. Who knows, maybe he'll be able to find him." Feng Ke'er said: "That way you won't have to wake up the toad's head."

Chen Xiang nodded his head, he did not want to trouble the toad. Although the toad's head was powerful, it was still a little pressured to deal with Slave in Purple Costume, a human with powerful divine bodies.

A few days passed, Chen Xiang had always been following Slave in Purple Costume.

Slave in Purple Costume used the strange purple light on his body to break apart numerous stones, but to no avail.

"The reason they brought these black slaves was probably because they were worried about encountering beasts." Feng Ke'er was getting impatient as he entered the You Yao Mountain Villa to look for Mei Jing Sisters.

On the other hand, Chen Xiang was very patient. He needed to be patient in order to find the energy contained in the stone.

More than ten days later, Slave in Purple Costume suddenly discovered something. This made Chen Xiang pleasantly surprised, but he was disappointed afterwards, because there was an almighty beast inside the boulder, it was killed not long after it came out.

"How much longer do we have to follow them?" Feng Ke'er did not want to continue. To her, this was a very boring thing to do.

"Wait until they get something." Chen Xiang laughed: "These guys are all from the He Clan, especially that Slave in Purple Costume, they look extremely powerful. Maybe the people from the He Clan are controlling this purple robed man right now, too."

Chen Xiang did not guess it out of thin air, because he could feel traces of extremely weak fluctuations of the spatial energy.

Chen Xiang continued to follow Slave in Purple Costume's group of servants. Very quickly, another ten days passed, and this time, Slave in Purple Costume made another discovery.

"It's the Myriad Tao Divine Soil!" Chen Xiang suddenly roared. At the same time, he did not stay idle and immediately took action, using his Time and space power to grab that piece of the black Myriad Tao Divine Soil that jumped out.

This piece of Myriad Tao Divine Soil was very small, only the size of an egg!

However, having so many precious items was already quite good.

[Chapter 3073](#)

After Chen Xiang stole all the items, it immediately attracted the attention of the Slave in Purple Costume.

"We've been discovered. Goodbye!" Chen Xiang anxiously used Time and space power to teleport.

"I really did not expect that there was actually a Myriad Tao Divine Soil inside. If He Clan knew that something this precious was taken away, wouldn't he be very angry?" Chen Xiang sent this piece of Myriad Tao Divine Soil to Feng Ke'er.

After Feng Ke'er's appraisal, he confirmed that this was the Myriad Tao Divine Soil, it was already not bad to have so much.

"Indeed! How could there be a Myriad Tao Divine Soil in this kind of damned place?" Feng Ke'er also thought that it was unbelievable and laughed: "He Clan is definitely going to be angered to death."

"Oh no, the Slave in Purple Costume is coming!" Chen Xiang felt a trace of Qi approaching him and immediately recognized that it was the aura of the Slave in Purple Costume.

The Slave in Purple Costume was extremely fast, and only he came by himself, and he even used spatial energy.

"I wonder how he found this place!" Chen Xiang had used the Time and space power to teleport earlier on, so he did not leave behind any signs of presence or spatial ripples.

However, the Slave in Purple Costume still came, and at a very fast speed!

"This fellow's control over the power of space is quite good. It looks like I can only try this move." Chen Xiang closed his eyes and released a very strong Time and Space Domain.

The Slave in Purple Costume that was charging towards him quickly entered his space-time domain. After entering, the Slave in Purple Costume that was originally flying in the air suddenly dropped down.

"Sure enough!" Chen Xiang snickered.

This was just as he had guessed, the Slave in Purple Costume was controlled by someone, and after entering his spatial and temporal domain, the person controlling the Slave in Purple Costume had no contact with the Slave in Purple Costume.

As a result, the Slave in Purple Costume immediately dropped to the ground.

Chen Xiang became an old man and when he went down, he took out his Heavenly magic sword and chopped off the head of the Slave in Purple Costume.

"Look at this fellow's memories!" Chen Xiang used the Soul Absorbing Devil Spell, but did not succeed.

"Well-informed Ghost, I'll leave it to you!" Chen Xiang told Well-informed Ghost to come out from the Six Realms mirrors.

When the Well-informed Ghost came out, he found out the situation and said, "This guy's soul isn't dead yet, let's disperse his soul. Although the memory obtained isn't complete, at least we'll know something."

Chen Xiang did as he was told. He dispersed the Divine Sense Sea and the remnant soul immediately floated around.

"Finished collecting. Wait for me." After the Well-informed Ghost entered the Six Realms mirrors, Chen Xiang brought the corpse of the Slave in Purple Costume to the boulder where the toad was and ate it.

Chen Xiang was waiting here for the Well-informed Ghost to organize his useful memories. His Soul Absorbing Devil Spell could not be used on the Slave in Purple Costume, so he must have used some trick on the soul of the He Clan.

After half a day, Well-informed Ghost already had a result.

"More importantly, there are a total of ten experts at the peak of World Defying Stage. They are restricted by the laws of the Myriad Tao, so none of them are able to take a step forward. They only have the choice to find a way to escape from the control of the Myriad Tao."

"Also, the He Clan values the Myriad Tao Divine Soil a lot. They already heard from the Myriad Tao Divine Mountain that you snatched away the Myriad Tao's treasure, so they are going to think of a way to find you and get my body from you."

"Finally, the He Clan believes that Murong Honglian has already obtained the World Defying Green dragon, and they intend to use all means possible to snatch Murong Honglian's World Defying Green dragon, even if it means making the Murong Family their enemy."

"It's that serious?" Chen Xiang suddenly started to worry about Murong Honglian. If Murong Honglian only had the World Defying Green dragon, perhaps the He Clan would not be so jealous, but the appearance of the Red fire dragon and killing a few gold slaves had caused the He Clan to feel threatened.

"He Clan thinks that the World Defying Green dragon is able to fight against the Myriad Tao's laws and allow them to rule the entire Myriad Tao." The Well-informed Ghost said.

All of these information was gathered from Slave in Purple Costume, so it seems that Slave in Purple Costume was probably a substitute for some strong expert of He Clan, hence he had a lot of memories.

Chen Xiang took out the Six Realms mirrors, poured the Time and space power into it, and started to think about Murong Honglian.

He quickly saw Murong Honglian, and being able to see him meant that Murong Honglian had already left the Mu Rong family.

"Little Red Lotus Girl, what are you doing?" Chen Xiang saw Murong Honglian in a dark stone room. She was squatting in a corner of the stone room.

"Chen Xiang? Isn't this all your fault? What happened to the dragon? Even the elders of my family have determined that I possess a World Defying Green dragon, no matter how I explain it to them, they will not listen to me! And He Clan really wants this World Defying Green dragon. " When Murong Honglian talked about this matter, he was filled with anger.

"I don't know what's going on either! "That dragon was only released by me due to a misunderstanding between the two of us." " Chen Xiang had only done it once, and he had also tried it later on, but he did not succeed.

"I know about your situation, but why don't you stay in the Mu Rong family?" It's very dangerous for you to run outside. He Clan has already decided to use whatever means necessary to obtain the World Defying Green dragon from you. Chen Xiang said somewhat embarrassedly.

"What my World Defying Green dragon? It's clearly yours, I have never had a World Defying Green dragon before! " She was about to go crazy, even Chen Xiang, the culprit, said that the World Defying Green dragon was hers.

"This... Sorry, it is my World Defying Green dragon. I will think of a way to clarify it for you. " Chen Xiang laughed: "Continue pretending for a while, I am also worried that the He Clan is looking for me, it is your Mu Rong family that wants to obtain my World Defying Green dragon."

"I wanted it, but didn't I give it up later on?" Murong Honglian said while gritting his teeth, he had initially chosen not to be Chen Xiang's enemy, but he did not expect that he would be hurt so badly.

"Hurry back to the Mu Rong family." Chen Xiang said: "Once you return, I will think of a way to find trouble with the He Clan, at that time, I can let you have your innocence."

"Give me back my innocence?" You make it sound as if I've been tainted by you! " Last time, she was really almost done for by Chen Xiang.

"Hurry up and go back, I'm just worried about you!" Chen Xiang laughed.

"Alright, alright, I'll go back now."

After Murong Honglian finished speaking, she immediately teleported away, leaving the stone room. The only reason she came here was to get away from the Mu Rong family, because the Mu Rong family thought that she would forever be a World Defying Green dragon.

Then, just as she was about to teleport out, Chen Xiang saw that four Slave in Purple Costume s had appeared outside!

"He Clan... "You all..." Just as Murong Honglian finished speaking, the Slave in Purple Costume began to attack, even using extremely ruthless methods.

Murong Honglian immediately used the Time and space power to dodge it. She angrily cursed, "He Huang, you bastard, you actually sent the Slave in Purple Costume to deal with me!"

[Chapter 3074](#)

Seeing the appearance of the four Slave in Purple Costume s, Chen Xiang was a little anxious. In the distance, there was a very large flying discs in the sky, where the young master of the He Clan, He Huang, was currently standing, smiling as he watched the besieged Murong Honglian.

"Murong Honglian, don't you have a very powerful dragon? Quickly release it, don't hide it anymore! " He Huang laughed: "I want to see how strong your dragon is!"

"Your He Clan is truly shameless! How many times have I said that the dragon had nothing to do with me? " Murong Honglian shouted in anger.

"It has nothing to do with you? It was clearly you who released it last time? If it's not yours, then whose is it? " He Huang chuckled, and at this time, the four Slave in Purple Costume s were still attacking Murong Honglian with great ferocity.

"I'm too lazy to explain." Murong Honglian also did not say that it was her, and for some reason, she decided to hide this matter for Chen Xiang.

Murong Honglian wanted to teleport away, but this time He Huang took out an even stronger spatial sealing divine tool. Murong Honglian and the four Slave in Purple Costume s were inside the light barrier, so she couldn't leave the light barrier.

"He Huang right? "Don't be complacent, I will kill you sooner or later!" Chen Xiang saw that there were still three elders on He Huang's flying discs. The strength of these elders were unknown, so Chen Xiang did not dare to rashly release the World Defying Green dragon, otherwise, he would be severely injured.

"Let me try and see if I can get this daughter of mine over here!"

Chen Xiang immediately left the Myriad Tao Forest, because he could not enter the Ten Thousand Dao Forest.

After he left the Myriad Tao Forest, he took out the Six Realms mirrors and saw that Murong Honglian was still barely dodging. He Huang, who was watching from the distant flying disc was a little anxious, "Three Ancestors, please make your move quickly. If you didn't force her into a corner, she wouldn't have released the World Defying Green dragon."

"Alright, I'll go in now!" After a white robed old man finished speaking, he turned into a white light and shot into the huge golden light barrier.

"It's over!" Seeing the old man come in, Murong Honglian felt despair in his heart.

"This old guy is very strong!" Chen Xiang immediately used the Six Realms mirrors to sense Murong Honglian's aura. Then, with a thought, the Six Realms mirrors flashed and began to hover in the air. Then, Murong Honglian fell out.

Murong Honglian had originally thought that he should not be caught, but he did not expect that he would actually appear in a desolate mountain.

"Although I've saved you, you can rest assured that I won't let you repay me with your body." Chen Xiang laughed.

"This is all your fault!" Murong Honglian rolled her eyes at Chen Xiang in anger. She needed to be thankful to Chen Xiang to be able to escape this calamity.

"Alright, there's nothing else. You can go back to the Mu Rong family now." Chen Xiang said.

"You will go back with me. This is the only way to explain it!" Murong Honglian said: "My family will not ignore He Clan's actions against me."

Chen Xiang shook his head: "You are too naive, letting me go with you to the Mu Rong family? You will definitely be eaten by the old fellows in your clan to the point where not even bones will remain. "

"Absolutely not, I promise." Murong Honglian said: "I am quite prestigious in the clan."

"I will not go." Chen Xiang said: "Don't worry, I will use other methods to help you clarify things, as long as they know that the World Defying Green dragon is still in my hands, it's fine, right?"

"But... But I'm worried that the elders of my family still won't believe me. " Murong Honglian replied: "How about this, I won't let you follow me back to the Murong Sacred Grounds, as long as you follow me outside, I will invite the elders out."

Chen Xiang thought for a moment, nodded his head, and said: "Alright, I promise you, if they attack me, you have to protect me, I am very afraid of death."

"Hmph, are you afraid of death? "No matter how I look at it, it doesn't look like it. He seems like someone who would rather die!" Murong Honglian scoffed, then forcefully pinched Chen Xiang's shoulder and began to teleport.

After teleporting several times, Chen Xiang finally arrived outside the so-called Sacred Ground of their family with Murong Honglian.

"Wait a minute, they will be coming out soon. I've already informed them." Murong Honglian said, then led Chen Xiang into a forest. There was a lake in the forest, and beside it was a pavilion.

Murong Honglian made Chen Xiang sit on the stone chair in the pavilion and wait.

"Did you find anything when you entered the Myriad Tao Forest? There's nothing wrong with you inside!" Murong Honglian was very surprised.

"That's just because you don't know enough about it." Chen Xiang laughed: "You think it's scary inside, you must have heard about it. In fact, it's very safe inside, you World Defying Stage Clan can't go in and capture me."

"That's true!" Murong Honglian scoffed slightly, "How did you manage to get the World Defying Green dragon back last time?"

"They are all a piece of stone ..." Chen Xiang told Murong Honglian about the stone, but he definitely could not let World Defying Stage Clan know about him hiding the power of his other five beasts, otherwise they would definitely come to snatch it away like madmen.

"So strange!" Murong Honglian was also incredulous, she naturally believed in Chen Xiang's words a lot, because this was something that she had personally experienced.

"You ... Was it because of that stone that made that powerful big fire dragon?" As long as Murong Honglian closed her eyes, the Red fire dragon would reappear in her mind. She would never forget the scene of how powerful the Red fire dragon was.

"Yes!" Chen Xiang nodded. "I can't succeed on my own."

Suddenly, a spatial ripple came out, Chen Xiang was immediately on guard, it was definitely an elder from the Mu Rong family.

A middle-aged man and a dozen young men did not have that sort of extremely powerful old man.

"Greetings, Uncle-Master. Greetings, Seniors." Murong Honglian immediately bowed to them.

"This is Chen Xiang?" The white robed middle aged man looked at Chen Xiang, Chen Xiang had the Myriad Tao treasure in his hands, even without the World Defying Green dragon, the Myriad Tao treasure was still an extremely precious treasure.

"Yes, the World Defying Green dragon is still on him. Last time, because the red lotus was surrounded and attacked by the He Clan, he used a secret technique to release the World Defying Green dragon to help me escape. When the He Clan came to besiege me earlier, there were still three strong elders.

Murong Honglian formed the image of the old man from the He Clan. When the middle aged man saw him, he frowned: "He Clan and these guys are getting more and more excessive, they don't even put us in their eyes!"

"Chen Xiang, is the Myriad Tao Divine Soil in your hands? This sort of thing is of no use to you, and you probably don't know how to use it, so leave it to us. " A blue-clothed man said, his tone very rude and unreasonable.

"Murong Run, what are you talking about?" Murong Honglian was instantly enraged as he looked at Murong Run with killing intent.

"Things like the World Defying Green dragon and Myriad Tao Divine Soil were originally a waste on him." Murong Run sneered: "Teacher, don't you think so?"

The middle aged man did not speak. He could tell with a glance that Murong Honglian was very concerned about Chen Xiang, if not he would not have been so angry.

Chen Xiang watched quietly, if it was only the attitude of the younger generation, he would not care, but if the middle-aged man and the other elders were the same, then he would have to be wary of the Mu Rong family in the future.

[Chapter 3075](#)

Before, Murong Honglian had guaranteed to Chen Xiang that the Mu Rong family wouldn't have any hostility towards him, but now that these youths were treating Chen Xiang like that, she was deeply moved, and her heart was filled with rage.

"Listen up, he has already saved me twice. If not for him, I would have been killed by He Huang long ago." Murong Honglian said angrily, waiting for the man.

Thank you for saving us, but you better not get too close with Red Lotus. You are now a common enemy of us World Defying Stage Clan, so we will let you off this time. The middle-aged man said.

"Senior Master... Why did you say that! " Murong Honglian was startled, she never thought that their Mu Rong family would treat Chen Xiang with such an attitude, they obviously wanted to obtain the things on Chen Xiang's body.

She thought that since Chen Xiang had saved her life twice, her Mu Rong family would definitely be grateful to Chen Xiang and would even protect Chen Xiang and fight against the He Clan.

However, her Martial Uncle's reaction was out of her expectations. She had never expected that their clan's elder would be like this!

Chen Xiang was actually very calm, because this kind of situation was completely within his expectations. He understood this kind of power very well, and he had lived for a long time, meeting quite a few these kinds of families, and he had long seen through them.

"I'm leaving!" Although Chen Xiang looked very calm, he was still very angry in his heart. He had saved Murong Honglian twice, and the attitude of the Mu Rong family was actually similar to this.

Chen Xiang teleported away. Murong Honglian wanted to chase after her, but she was stopped by her Senior Master who pressed on her shoulders. He then released his spatial energy to imprison Murong Honglian, preventing her from following.

"Uncle, what are you doing!" Murong Honglian was a little angry, and her tone of voice had already become ice-cold towards her elders.

"You're not allowed to go!" After which, the two young men shot him a glance.

The two young men immediately teleported away, obviously to chase after Chen Xiang. When Murong Honglian saw them, he was enraged: "You guys want to kill him?"

"The World Defying Green dragon and the Myriad Tao's treasures are extremely important to our Mu Rong family. Since he is not giving them to us, we can only take them out ourselves." "This is related to the clan's interests, so don't let our family's growth be hindered by your children's relationship. As long as we have that World Defying Green dragon, it would be easy for us to destroy the entire He Clan. Furthermore, we can also break free from the control of the Myriad Tao's laws."

After Murong Honglian heard this, she was even more furious, but she was helpless now. She only hoped that Chen Xiang could use that secret method to contact her, and that way she could tell Chen Xiang that there were two people chasing after him.

"Aren't you afraid that Chen Xiang will use the World Defying Green dragon to kill your two disciples?" Murong Honglian calmed down and thought of Chen Xiang's ability. Chen Xiang was not weak.

"Don't underestimate them!" Although they did not cultivate to an unrivalled divine body, they were definitely not weaker than those golden slaves! You have to suffer, the He Clan's golden slaves are brainless idiots with only brute force, but my two disciples are much stronger than them! "Hong Lian, you must be very tired since you've been running around outside. I'll bring you back to rest." The Senior Master sneered, then took Murong Honglian and teleported away.

After Chen Xiang teleported a distance, he stopped at the top of a mountain and looked down at the beautiful scenery of the mountain range. The scene could calm down the anger he had accumulated just now, otherwise it would be very uncomfortable for him.

After he felt much better, he suddenly felt a trace of spatial energy fluctuations.

"Is it someone from the Mu Rong family?" Chen Xiang frowned, and turned to look.

Just when he turned around, a white light flashed. It was a huge net that appeared out of thin air and covered him. The net covered the entire mountain and then gradually shrank, causing the entire mountain to collapse.

Not long after, Chen Xiang was tightly wrapped by this huge net.

"Is that not the case? It seems like the Fire Dragon can only intimidate us, but it is still too weak to deal with idiots like the He Clan." A young man appeared in front of Chen Xiang. He was one of Murong Honglian's previous senior brothers.

"I didn't expect him to succeed so quickly. It won't take much effort to get here." Another man dressed in black laughed: "That little girl Hong Lian has done a great job this time. Bring that brat over to us and capture him. He Clan has gone crazy and wants to capture him."

"Your Mu Rong family is not as strong as the He Clan, but your shamelessly ability is still stronger! Do you really think that you would be invincible just because you're shameless? " Chen Xiang couldn't help but smile. He wasn't worried in the slightest.

"Even when you're about to die, you still have such a cheap mouth. Are you worried that your death might be too quick?" That black clothed man was immediately angered and laughed sinisterly: "Don't worry, I won't let you die comfortably. I like to torture people the most, even if I don't torture them to death there are at least eight thousand."

When Chen Xiang saw the Murong Family members' faces, the anger that he had just calmed down immediately ignited. He had indeed saved Murong Honglian twice, but the people from the Murong Family had repaid the debt of gratitude!

"I saved Murong Honglian before!" Chen Xiang said coldly: "Could it be that this is the result?"

"So what? Even if you don't save her, nothing will happen to her. Moreover, you saved her time and time again, and caused the relationship between our Mu Rong family and the He Clan to get worse and worse. "

"That's right, our Mu Rong family does not plan to become enemies with He Clan at the moment, but you deliberately used the World Defying Green dragon to help Murong Honglian secretly, causing He Clan to think that our Mu Rong family already has the World Defying Green dragon, and created a lot of enmity towards us."

"It seems that your Mu Rong family is just a bunch of cowards!" Chen Xiang mocked: But it's normal, you guys are born like this, why not a dog, at least a dog would dare to bark at He Clan, and you guys? They only know how to shrink their eggs! "

"How dare you insult our Mu Rong family!" "We, the Mu Rong family, don't even have the right to talk about people like you. You're courting death!" The black clothed man was enraged, his face was already fierce, he took out a rod and smashed it towards Chen Xiang.

The moment the pole flew towards Chen Xiang, Chen Xiang's body suddenly flashed with green light!

Crash! *

The net of white light that tightly wrapped around him was suddenly torn apart by the azure light. Following a dragon's roar, an azure light shot straight into the sky. The sky immediately surged with billowing clouds, lightning flashed, and thunder rumbled.

Chen Xiang had already escaped from the net, and quickly distanced himself from the two men, controlling the World Defying Green dragon to attack.

"Is this the World Defying Green dragon? Great, today we will personally capture this green dragon. " The black-clothed man was actually very happy.

However, just as he was about to attack, a ball of white light suddenly enveloped them. It was a seal released by Chen Xiang using his Six Realms mirrors.

Feng Ke'er's seal was extremely terrifying, even Divine Ranked World Defying Stage did not dare to look down on her seal!

After the two men from the Mu Rong family were hit by Feng Ke'er's sealing power, they, who wanted to attack, were suddenly unable to move!

[Chapter 3076](#)

The people from the Mu Rong family were still powerful. Although they were sealed by Feng Ke'er and could only move, they could use the power of space to teleport. The updates were quick.

This was something both Chen Xiang and Chen Xiang did not expect!

After the World Defying Green dragon in the sky released two bolts of lightning from its eyes, they teleported away to avoid it. At the same time, they were also struggling with the sealing power with all their might.

"They're about to break free." Feng Ke'er could feel the sealing power he had released weakening.

Chen Xiang immediately rushed over, let out a loud roar, and released an extremely strong space-time domain with all his might, enveloping the surrounding hundred Li.

Then, he would control the World Defying Green dragon to attack!

The World Defying Green dragon roared, this time it opened its mouth, and from it shot out an extremely huge blue lightning. That lightning, was like a huge river flowing down from the sky, and immediately enveloping the two men from the Mu Rong family.

After the green dragon lightning pierced through the ground, a violent power of lightning burst out from deep underground, causing the ground within a thousand miles radius to crack and churn. Lightning of all sizes spewed out from the ground, shooting high into the sky.

"The strength of the World Defying Green dragon far surpasses my imagination!" After Chen Xiang cultivated the World Defying Holy Body to its peak, this was the first time he used the full power of a World Defying Green dragon.

The two men from the Mu Rong family were lucky enough to survive, but they didn't die. Instead, they fell to the ground with their bodies charred black.

"You're still alive!" Chen Xiang came to their side and mocked: "I wonder who was the one who said they would torture me to death just now? You've all turned into a lump of carbon, so I can't recognize you! "

Chen Xiang used his foot to step heavily on a person's face and asked: "Did you say that? Did you say that? "

His stomps were very powerful, and his feet were emitting waves of lightning power.

"No... He said so. " The man from the Mu Rong family said while crying. They might have been arrogant before, but now that they knew he was about to be killed, they were scared to the point of peeing.

"Oh?" Chen Xiang stepped on another person's face and asked: "Did you say that?"

"He said it!" The man obviously wouldn't admit it, or else he would have died. Right now, both of them had been turned into charcoal, and because their throats were injured, their voices had greatly changed.

However, there was no change in their auras, so of course Chen Xiang could separate them from his aura. He only wanted to see how afraid these disciples of the Mu Rong family were of death.

"Looks like you're all going to smack the dog to death!" Chen Xiang laughed out loud, "I can't even tell the difference between you two, so I'll kill you all too!"

"Don't..." They had not thought that Chen Xiang's World Defying Green dragon would be so powerful. They had thought that the powerful net in their hands would be able to trap Chen Xiang, but something like this had actually happened.

"Don't worry. I don't hate you as much as you do. So, I will not torture you. I will let you leave in a great manner." After he finished speaking, a cold light flashed out from Chen Xiang's hand and the Heavenly magic sword had already appeared in his hand.

With a few swishes, he beheaded the two of them and burned them to death with the World Defying god fire.

"Mu Rong family, just you wait, don't think that just because Murong Honglian is on good terms with me, I won't do anything to you! In my heart, you two are much more despicable than the He Clan. "

Chen Xiang looked in one direction, which was the location of the Mu Rong family's hidden secret realm. He planned to go to the Mu Rong family the moment he cultivated the Primordial Divine Body, in order to let them know that he, Chen Xiang, was not a soft persimmon.

Two of the Mu Rong family's disciples had been killed, that was a very good thing! It was much more precious than the gold slaves of the He Clan. Although the gold slaves of the He Clan were powerful, they were all very stupid. They did not have their own battle awareness and did not know how to react in battle.

The two people who were like Chen Xiang and her, were both part of the younger generation that were hard to come by in the clan!

After such an incident, the entire Mu Rong family was shocked, especially Murong Honglian's senior uncle. He thought that he would be able to obtain the World Defying Green dragon and Myriad Tao's treasures very soon, but he never expected that he would be left with such grievous news!

Murong Honglian was being placed under house arrest in her own room, so she found out about this matter through a servant. She could only sigh helplessly as she was well aware of Chen Xiang's abilities, and this was something she had expected.

He Huang had almost been killed by Chen Xiang just now, let alone the children of the Mu Rong family!

"Senior Martial Uncle has suffered a great loss this time, those two senior Martial Brothers aren't good people either, they deserve it!" Murong Honglian remembered how that Senior Master had treated her and Chen Xiang, and now that he knew about this matter, he couldn't help but feel a little happy.

This event had alarmed the Mu Rong family's old ancestor. After all, these two young and outstanding disciples had consumed a lot of resources to nurture them. However, the future of the Mu Rong family was gone!

After half a day, that Senior Master came to find Murong Honglian.

"You should know by now." That Senior Master's face was gloomy and cold. He was extremely furious at the turn of events, and in his heart, he felt that this was caused by Murong Honglian.

"Of course I know." Murong Honglian whispered.

"The clan elders are all very supportive of my actions, they think that I am right, and that I have to ensure the clan's benefits. Therefore, no matter how merciful Chen Xiang is, for the benefit of the clan, we must obtain his World Defying Green dragon and Myriad Tao's treasures." That Martial Uncle's voice was cold as he suppressed the fury in his heart.

"Yes." Murong Honglian only replied once, but she had already seen through everything.

"Hmph, we've worked so hard to nurture you. Aren't you thinking for the benefit of your own family?" Seeing Murong Honglian's reaction, Senior Master became as angry as thunder and said sternly.

"Of course I'm thinking for the benefit of my family! I understand Chen Xiang a lot more than you guys, if we can rope him in, it will benefit the entire Mu Rong family, which is why I worked hard to persuade him to come and see you! Previously, he was very wary of you and refused to come over even if he had to. It seems like he was right. " Murong Honglian said.

"What benefits do we have to win him over? You are just a woman, and you have a short-sighted mind. " When Senior Master saw Murong Honglian use such a tone to talk to him, he became even more furious.

"Before, you accused me of not thinking about the family, but now that I've said what I think, you say that I'm short-sighted? What exactly do you want? " Murong Honglian was also enraged: "Everyone has their own thoughts, now you are forcefully instigating your own thoughts into my head! Besides, the mistake in this matter is with you. Do you want to push the blame onto me? "

"You ..." This Senior Master had already raised his hand, wanting to slap Murong Honglian, but Murong Honglian was not afraid of him.

[Chapter 3077](#)

"Red Lotus, I won't blame you this time!" This time, our family has suffered such a huge loss that we need to make up for it! As for you and Chen Xiang's relationship is not bad, I hope that you can invite him in. "How fast." The Martial Uncle said.

After Murong Honglian heard it, his mouth twitched. He then sat on a chair and said, "You can go now, I'm not going to do this kind of thing. You can all do ungrateful things, but I can't!"

"Even in death?"

Murong Honglian nodded very resolutely.

"Don't worry, of course I won't let you die. Two of our outstanding disciples have already died, so I won't let you die, but I can let the others die." Senior Master laughed sinisterly: "Although your master, this old trash, has lost all his cultivation, he did, after all, possess a powerful divine body and is still alive, but ... To our family, he's just a piece of trash. We can let him die. "

Murong Honglian suddenly opened her beautiful eyes, the flames of anger seemed like it was about to spew out.

"You bunch of bastards!" Murong Honglian was so angry that her body started to tremble, "My master once made such a huge contribution to the clan, can you really do such a thing?"

Murong Honglian had already given up all hope on her family. What they had done to Chen Xiang earlier had overturned her understanding of her own family.

"Maintaining him now consumes a lot of resources. Tell me, what is the purpose of him living?" Uncle sneered, "Of course, if you do well, we will let them live well!"

Murong Honglian was so angry that her entire body was trembling.

If you don't agree, I will immediately bring him here and kill him for you on the spot. At that time, you will blame yourself for your entire life. Don't forget, if it weren't for your master's careful care, you wouldn't be alive today. Uncle stroked his beard and laughed.

"I promise!" Murong Honglian said: "But you must promise me, once I finish this matter, you will let my master and I leave the Mu Rong family. This kind of family makes one's heart tremble, I feel that there is no need for me to continue staying here."

"No problem, I can sign the blood contract with you, and I don't need you to kill Chen Xiang directly, as long as you 'bring' him in."

Murong Honglian's expression was ice-cold. She nodded and said, "I will definitely trick him into coming here. Let's sign the blood contract now!"

Following that, Murong Honglian and her Senior Master signed a blood contract.

"Murong Kai, I want to ask you something!" Murong Honglian no longer called him Senior Master, but directly called him by his name.

"Ask away!" After Murong Kai signed the blood contract, he was very happy, because as long as Chen Xiang was brought in, with the strength of the Mu Rong family's ancestors, taking down Chen Xiang would not be a problem.

"Is our ancestor really that cold-blooded?" Murong Honglian said.

"We are not cold-blooded. We are doing this for the benefit of the clan." Murong Kai laughed: "Of course, this is not something you need to be concerned about in the future, because you have already decided to break off your relationship with our Murong family!"

"I think you all are doing this not for your families, but for your own benefits, to make yourselves stronger, to free yourselves from the control of the Myriad Tao! Don't think that I, Murong Honglian, am an idiot." After Murong Honglian finished speaking, he walked out of the room and quickly left the Mu Rong family's secret realm.

Chen Xiang had already returned to the Myriad Tao Forest. He took out the Six Realms mirrors, originally wanting to try and see if he could see Murong Honglian again, but he didn't think that it would actually be possible.

"Little Red Lotus." Chen Xiang laughed and shouted.

Murong Honglian also did not expect that not long after she left the Mu Rong family, Chen Xiang's voice would sound out in her mind. Previously, she did not know how to find Chen Xiang.

"I'm sorry ... "We, the Mu Rong family, are truly sorry to have treated you like that." Murong Honglian felt extremely guilty.

"It doesn't matter, since your Murong Family has suffered, I, Chen Xiang will not be easily bullied." After Chen Xiang killed the two fellows, he was in a good mood.

"Where are you? I have something I need to talk to you about. " Murong Honglian asked, she wanted to meet Chen Xiang.

"Did the Mu Rong family let you go to capture me?" Chen Xiang laughed. Seeing Murong Honglian's eyes flash, he was even more sure about this.

Murong Honglian never thought that Chen Xiang would actually be able to guess at something like this. She remembered all of the deeds that Chen Xiang had done before, and understood that Chen Xiang was definitely a person with a lot of experience.

"Yes, then are you still willing to see me?" Murong Honglian asked.

"Of course not, I'll wait for you outside Myriad Tao Forest." Chen Xiang was not afraid of Murong Honglian, but he had his own thoughts. Since the Mu Rong family was so ruthless, he would not let them go, but he did not know how he could enter into the Mu Rong family right now.

And Murong Honglian was the only break through!

Murong Honglian came very quickly, and when she saw Chen Xiang, she did not dare come close, for fear that she would scare him away.

"Come over here. You can't take me down right now." Chen Xiang laughed out loud: "The two idiots from your Mu Rong family who just died are much stronger than you, but wasn't they still killed by me?"

Murong Honglian approached and said: "I did indeed promise Murong Kai that I would bring you back to the Mu Rong family."

"Who is Murong Kai?" Chen Xiang guessed that it was that Senior Master.

"It's my senior uncle from before ... Now I don't recognize him. " Murong Honglian sighed: "I promised him that I would only be forced into a corner, so after I left the Mu Rong family, I wanted to talk to you about this matter, and now, only you can help me."

"Who did he use to threaten you?" Chen Xiang had also encountered this kind of thing before, so he was able to think of it immediately.

"My master... My master was once a Alchemist of the clan and had great contributions to our Mu Rong family. Because when he stepped into Myriad Tao Forest, this damned place, a strange situation had occurred in his body for some reason, causing his Divine Sense Sea to collapse. He can't use the World Defying Stage Divine Power now, but his Primordial Divine Body is still here. "

Chen Xiang finally understood why Murong Honglian was so afraid of this place.

"Your master is actually a Alchemist, and has also contributed greatly to the Mu Rong family. Now, the Mu Rong family is using him to threaten you, they are really quite evil." Chen Xiang was not surprised.

"Yes, so I made an agreement with them. Once I bring you to the Mu Rong family, they will let me leave with my master." Murong Honglian also knew that as long as he could catch Chen Xiang, it would be extremely difficult, and it would be even more impossible to swindle him.

"Is there a time limit?" Chen Xiang asked again.

"Not really!" Murong Honglian saw that Chen Xiang was thinking about something, so she did not pursue the matter further.

"I can follow you back to the Mu Rong family, but I need to prepare. How about giving me some time?" said, entering the Mu Rong family was something he needed, but he was not strong enough yet, and the Mu Rong family had a powerful ancestor that he could not handle right now.

[Chapter 3078](#)

Seeing Chen Xiang agree, although Murong Honglian was happy in her heart, but she was also worried. She was very clear about the strength of the ancestors of the Mu Rong family.

"You really promised to come back with me?" Murong Honglian didn't know why Chen Xiang agreed. Chen Xiang wasn't stupid, he could see through a lot of things.

"Yes, but I need some time. How about ten years?" asked. He wasn't sure how long it would take for him to cultivate the Primordial Divine Body, but he felt that there wouldn't be any problems within ten years. He could use the power of time to get even more things.

"Alright!" Murong Honglian felt that ten years wasn't a problem. For World Defying Stage Clan like them who had existed for an eternity, this amount of time wasn't anything at all.

"You can go back now." Chen Xiang needed to cultivate a World Defying heaven fruit in order to refine this kind of fruit into a World Defying heavenly Dan, and then cultivate this proud divine body.

"If I am ready, I will find a way to contact you! That's why you need to leave the Mu Rong family's secret realm from time to time, so that I can see you through my divine artifact. " Chen Xiang added.

"Well, if master and I can get out of the Mu Rong family, I would be very grateful to you." After Murong Honglian left, she also made up her mind to make herself stronger. Otherwise, she wouldn't know how she would face the Mu Rong family in the future.

She was afraid to take it off [a novel] [yb] [du]. After leaving the Mu Rong family, she would be hunted down by the Mu Rong family.

... ..

After Murong Honglian left, Chen Xiang hurriedly returned to the Myriad Tao Forest. He would be safer there, at least during the time he spent in the Myriad Tao Forest, he did not encounter any kind of fatal danger.

"Are you really planning to go to the Mu Rong family?" Feng Ke'er said.

"Yes, but before we go, you and I must cultivate the Primordial Divine Body!" Chen Xiang said: "In addition, I also need to grasp the trick to using Red fire dragon."

Chen Xiang took out the Six Realms mirrors and fused that strange stone inside. If he wanted to release the Red fire dragon, he could only do so through this stone, which he had never tried before.

"Let's try it now. We must succeed!" This Red fire dragon can bring you very powerful strength. " Feng Ke'er said.

"Of course I know!"

Chen Xiang penetrated the World Defying Stage Divine Power into the Six Realms mirrors and felt the energy from the stone inside. After feeling it, he poured into the Time and space power.

The Six Realms mirrors quickly lit up, and then he released the World Defying Green dragon and let it in.

After the World Defying Green dragon entered, it used the special Time and space power of the stone inside the Six Realms mirrors to teleport outside. The current situation was similar to the last time he was here, last time he let the World Defying Green dragon enter the square shaped board, letting it go to Murong Honglian's side.

"That's the feeling!" Chen Xiang was overjoyed, and released the power of the other five beasts.

The power of the five beasts continuously flowed into the Six Realms mirrors, through the strange stone inside the Six Realms mirrors and fused with it, entering into the World Defying Green dragon's body.

The World Defying Green dragon suddenly roared and flew high into the sky to dance. At this time, the air was already violently surging with clouds, and the World Defying Green dragon had changed, its scales had turned red, and on its back, two streams of flames spewed out a pair of gigantic Suzaku fire wing!

Not long after, the Red fire dragon reappeared, and it was much stronger than before. This was all because he had already cultivated the World Defying Holy Body.

"Red fire dragon!" Chen Xiang looked at the gigantic and mighty flame dragon in the sky and felt the scorching aura from this huge dragon. He couldn't help but become excited, because this dragon was his.

"It's a success!" After Feng Ke'er ran out from You Yao Mountain Villa, he was also very happy. "Truly powerful, and very beautiful at that.

Chen Xiang nodded his head, then quickly kept the dragon. There were hidden dangers inside the Myriad Tao Forest, and he was worried that he would attract some powerful beings.

After putting away the Red fire dragon, he immediately headed towards the huge rock where the toad head was and hid inside.

"Now we've finally succeeded, I have already grasped the secret of summoning Red fire dragon." Chen Xiang looked at the Six Realms mirrors, liking this Divine Equipment even more. The Six Realms mirrors had accompanied him for many years and had always been of great use to him.

"We will start growing the World Defying heaven fruit now." Chen Xiang looked at a small tree in the You Yao Mountain Villa, then concentrated and released the power of the Time Laws to form a small Time Domain, enveloping that small tree.

Right now, he was using the dual Time Domain, which could shorten a lot of time!

"I should be able to try the Triple time field now!" Chen Xiang had already increased his strength by a lot, he felt that this should not be a problem, it's just that the consumption would be huge, at that time, he would just have to rest for a while.

Chen Xiang calculated that if he were to use the Triple time field's coverage, then it would be equivalent to 75 years. This would be extremely fast, and with the Mei Jing Sisters's nurturing, he should be able to grow it very quickly.

"Teleporting will take a million years for the fruit to mature, but Sijing and Beauty have a special way of growing medicinal herbs, the time should be shortened by around a hundred times, and they should be able to mature within around ten thousand years."

Chen Xiang was calculating how long it would take for the Triple time field to grow.

"About 130 days. More than four months!" Chen Xiang felt that it was not considered slow now. Originally, it would take millions of years for the plant to mature and grow.

"You'll know once you try it. If the power of time is only used on a tree, then it shouldn't consume much energy." Feng Ke'er said.

Previously, when Chen Xiang was using the Time Domain, he had covered him inside, and even covered everything inside the Divine Sense Sea World, so the consumption was extremely huge.

This was because the power of the Time Domain had been scattered and absorbed by a large number of creatures. Now that he was only trying it on a single tree, he felt that it wouldn't consume much energy.

"I'll start right now. I can definitely do it!"

Chen Xiang very skillfully released the Time Domain, covering that tree and then released the second stage.

"As expected, the consumption is very small!" After releasing the second stage, Chen Xiang realized that he had consumed very little World Defying Stage Divine Power, so he continued with the third stage.

After the third stage, the consumption of World Defying Stage Divine Power was more obvious, but it wasn't very fast either.

"It's a success, and a very easy one at that." Chen Xiang's face revealed a smile. If this goes on, I will only need about four months before I can obtain the fruit of that tree.

The World Defying heaven fruit Tree was extremely rare, and this fruit was obtained from the Myriad Tao Dan God. Previously, Jiang Sijing and Jiang Simei had planted this fruit for a period of time, but it was growing very slowly.

"Meimei, I'll have to trouble you all for the next few months." Chen Xiang said, because the fruit tree was growing rapidly, it needed to absorb a lot of life force.

Fortunately, Chen Xiang had let them cultivate the World Defying Holy Body previously, so it was relatively easy for them to cultivate it now.

"It's nothing. We've been here for so many years, we've already gotten used to it." Jiang Simei laughed.

Chen Xiang often used Time Domain, and his You Yao Mountain Villa was also covered, so they stayed inside for a much longer time than they did outside.

Chen Xiang estimated the consumption of World Defying Stage Divine Power s, and discovered that the consumption was not too big, and he could recover on the way there, so he did not linger, and took the chance to refine Tianyuan holy body Dan.

Three months had passed and Chen Xiang was still concocting pills in the space inside the huge boulder, but he was suddenly awoken by the toad's head.

"Toad, didn't you sleep well? Why did you suddenly wake up?" Chen Xiang asked, he did not sense any movements.

"I feel a strong sense of deterrence." The toad solemnly said, "I'm going out to take a look!"

"Is there any danger?" \$1 \$Read \$Novels (. (yb) (d) (u).) "Wait a little longer, I will go out with you." Chen Xiang was on good terms with the toad now.

"No need. If there really is a danger, I will have a way to escape. You don't have to worry about me." As the toad spoke, it tore open a large hole and drilled out, then filled it up again.

Feng Ke'er said worriedly, "I also felt that threat. I wonder what it was sent out."

"He should be fine!" Chen Xiang could only continue refining pills, growing World Defying heaven fruit trees on one side.

"Mm, he's quite strong." Feng Ke'er loved him dearly.

The toad didn't come back even after going out for more than ten days, causing Chen Xiang to start worrying about him.

Just as he was about to stop and leave, the toad suddenly came back. However, it was covered in wounds and its body size had also become much smaller.

"Toad, how are you?" Chen Xiang immediately stopped and walked over to the toad. With a weak voice, he said, "When you go out, you must be careful. There's a very strong fellow coming from outside, I was almost killed by him."

"Is it a human?" Chen Xiang asked.

The toad nodded, then shook its head, "I'm not too sure either. He looks like a human, but he doesn't give off the impression that he's a human. You must not go out for now. If you are discovered, it will be very dangerous."

"Are you okay now?" Chen Xiang saw that the toad's head was severely injured, and all the injuries on its body were caused by sharp objects.

"I'll be fine after I sleep." The toad fell asleep as soon as it finished its sentence.

Seeing that the toad's condition had stabilized, Chen Xiang felt more at ease.

"The toad head is not weak, but he was injured this way. What kind of background does that fellow have?" Chen Xiang could not help but think of the He Clan.

He Clan often sent powerful servants to look for energy.

"It can't be He Clan." Feng Ke'er said: "The servants that He Clan has sent out, even Slave in Purple Costume cannot have a toad's head as heavy as this, and there is only one toad's head, so it is impossible for multiple Slave in Purple Costume's to surround and attack him."

Chen Xiang said: "Myriad Tao Forest is already very mysterious, maybe there are a lot of things hidden inside that we don't know about, wait until I refine the World Defying heavenly Dan, then we can talk."

Before, Chen Xiang thought that the Myriad Tao Forest was very safe, but now, this fellow that appeared out of nowhere made him feel uneasy.

After he calmed himself down, Chen Xiang continued to plant his World Defying heaven fruit. After more than a month had passed, the fruit tree had already ripened and ten World Defying heaven fruit grew out.

"I've finally succeeded." The time was similar to what Chen Xiang had estimated previously.

After he succeeded, he planned to go out and relax.

After he left the boulder, he immediately felt a powerful presence rush over from the distance.

"There's a very strong guy over there ..." Just as Chen Xiang wanted to go over to take a look, he sensed another similarly powerful aura coming from the other side.

Following that, wave after wave of powerful auras surged over from all directions, and many such powerful things actually appeared in the Myriad Tao Forest.

"Looks like I can't walk around here anymore." Chen Xiang immediately left the Myriad Tao Forest and returned to it.

He was only at Dan God Mysterious Land and did not head there. He was worried that the Myriad Tao Divine Mountain would be under strict surveillance by the Myriad Tao Divine Mountain and the World Defying Stage Heavenly Sect and that it would be troublesome if they found out that he was inside.

After all, with the appearance of the World Defying Stage Clan, those World Defying Stage Clan s would definitely hope to obtain his World Defying Green dragon and Myriad Tao's treasure.

"Qilian, are you alright here?" Chen Xiang took out his Communication jade Symbol paper and sent a message to Lv Qilian.

Everything is fine. We have fought with the Myriad Tao Divine Mountain and the other World Defying Stage Heavenly Sect a few times already, but they have always been unable to obtain any benefits from us. Lv Qilian responded: "They really want to capture us right now, but we won't let them succeed."

"That's good... Oh right, you sent someone over to help me refine some Tianyuan holy body Dan. " Chen Xiang replied: "I'm not going back to Hundreds of Flowers Village."

There was the aura of a World Defying Green dragon on his body, the He Clan had ways to use this aura to find him.

"Alright!" Lv Qilian said.

She told Little Lizhi and Xiao Baifeng to come over, and after Chen Xiang passed them a box of Tianyuan holy body Dan, they left the Dan God Mysterious Land in a hurry.

When Chen Xiang arrived outside the Myriad Tao Forest, he wanted to see if the He Clan was able to find out his whereabouts at any time.

"I will release the World Defying Green dragon to take a look!" Chen Xiang released the World Defying Green dragon and let it emit waves of Qi.

In less than an hour, he could already feel several auras appearing.

"It's the people from the He Clan, one of them even managed to cultivate the Primordial Divine Body, it's so strong!" Chen Xiang immediately teleported to the Myriad Tao Forest.

... ..

When an old man from the He Clan arrived, he snorted coldly, "How did this guy know that we are unable to enter the Myriad Tao Forest?"

He Huang said: "Murong Honglian's relationship with him is not bad, and the last time I released the aura of the World Defying Green dragon, Murong Honglian was already together with him! did not obtain the World Defying Green dragon, but her relationship with Chen Xiang was not bad, so Chen Xiang secretly released the World Defying Green dragon to help her! "

[Chapter 3080](#)

Last time, He Huang almost got killed by Chen Xiang. If it wasn't for him having a powerful protective divine tool, he wouldn't be able to stand here and talk.

"However, the attitude of the Mu Rong family towards Chen Xiang is not very good. I will be staying in the Mu Rong family to tell them that Chen Xiang killed two outstanding Mu Rong family disciples." The ancestor of the He Clan said, "And then Murong Honglian was placed under house arrest."

"This group of people from the Mu Rong family are really impatient for quick success!" You don't even know how to use such a good opportunity. " He Huang could not help but laugh, "I was worried that

Chen Xiang would ally with the Mu Rong family. If he enters the Mu Rong family and is nurtured by them, he might become a disaster in the future.

"That's why he had no choice but to hide inside the Myriad Tao Forest. We are currently unable to enter the Myriad Tao Forest, so we are unable to do anything to him." The ancestor of the He Clan looked into the depths of the Myriad Tao Forest, his gaze becoming deeper, "At this time, the Myriad Tao Forest is not peaceful either!"

"Then how can we capture Chen Xiang? The World Defying Green dragon on this fellow's body are very unusual. The last time he turned into a huge flame dragon, he almost killed me. I think that even Slave in Purple Costume would easily be killed. He Huang did not speak further. At that time, Chen Xiang's cultivation was still very low, and if Chen Xiang managed to cultivate the Primordial Divine Body, it would be a huge threat to them.

"Don't worry, he won't be able to cultivate the Primordial Divine Body that easily." The He Clan ancestor said: "Right now, what we need to do is to form alliances and subdue all the other World Defying Stage Clan that are hostile to us. If we cannot make them surrender, we must immediately eliminate them. We need to finish forming our own forces as soon as possible."

"Alright!" He Huang nodded: "Then what about Chen Xiang's side?"

"Continue to pay attention. He won't be able to escape." The ancestor of the He Clan replied, "Our top priority right now is to obtain the power inside the Myriad Tao Forest, so that we can get rid of the control of the Myriad Tao as soon as possible. Only then will I be able to wield even more power."

... ..

As soon as Chen Xiang entered the Myriad Tao Forest, he immediately felt that the atmosphere inside was not right. From afar, he could hear the sounds of explosions and the ground began to shake, as if there were super experts fighting inside.

"It's better to find the toad head as soon as possible!"

Chen Xiang didn't want to teleport into the boulder he was on, but after he arrived, the boulder had disappeared, and only the toad's head remained on the ground. There were already many huge boulders around him, and by now, the boulders had already turned into pieces.

"Toad head, toad head..." Chen Xiang walked over and shouted a few times. The toad opened its eyes.

"I'm fine. Luckily, I faked my death and escaped this calamity." The toad said, "I don't know why such a powerful person suddenly appeared here, but he's fighting for territory and fighting everywhere in here."

"Un, don't wander around for the time being. I will put you into our God Equipment." Chen Xiang threw the toad head into the Six Realms mirrors.

The toad's head was placed inside the Six Realms mirrors, and Chen Xiang even used the array inside the Six Realms mirrors to help him heal his injuries.

"Toad head, what kind of fellow is fighting here?" Chen Xiang asked: "Was it the one who injured you before?"

"No, it's the other two. They look like humans, but I don't think so. I don't know much about them either." The toad said, "But in my experience, they are the ones who occupy their own territory here. As for what they want to do, I do not know."

After Chen Xiang used Counter Power Stealth, he followed the remnant auras to continue his tracking. He wanted to see what kind of guy was fighting here, so he needed a safe and quiet environment to refine World Defying heavenly Dan.

It didn't take long before he sensed waves of energy coming from the front. These waves of violent energy were like a tornado that continuously surged toward him.

"He's really strong. Is this a battle between those with peak Divine Body?" At this time, Chen Xiang felt that he was inside a huge furnace. He was cultivating the World Defying god fire, so his endurance towards fire was extremely high, but it was all the same to him, causing him to perspire profusely as he felt a slight burning sensation on his skin.

It was basically difficult to move within the area of intense battles. The berserk energy caused the space to become extremely unstable, and even time and time again tore space apart. Chen Xiang could only see the light that continuously exploded in front of him, and could not see what was fighting at all.

"Even using Dao heart Eye, I can only see a ball of red and a ball of golden energy." Chen Xiang used the Dao heart Eye to try and see for himself, but he did not discover anything else, he could only wait here.

He saw an old man with a head of golden hair floating in the air. The old man was tall and sturdy, his upper body bare, showing off his strong muscles. His body was flowing with a golden brilliance, and below him was a pair of white pants.

"You've lost. From today onwards, this place is mine. Hurry up and scram." The bald man's body was filled with cracks, but his blood was indeed orange in color.

"I will definitely get my revenge!" After the bald man said this, he flew away dragging a red light behind him.

"Are they human?" When Chen Xiang saw these two strange fellows, he could not help but become suspicious. They looked extremely strong, and even though they looked like humans, Chen Xiang felt that they were actually not humans.

"Who?" The golden-haired Elder sensed that something was nearby and immediately became vigilant. He then punched towards the direction of Chen Xiang, striking out a gigantic golden fist shadow that moved forward like a mountain.

Chen Xiang only felt that when the huge golden fist arrived, the space in front of him continuously collapsed, and the surrounding space trembled.

"Let's go!" After becoming frightened, Chen Xiang reacted very quickly and teleported before the space had completely collapsed.

After Chen Xiang left, the golden-haired Elder frowned, "This guy is not very strong, but he is proficient in spatial energy. Truly bold. He should have already left my territory. If he were to enter again, I will definitely let him die here."

After Chen Xiang escaped, a cold shiver went down his spine. He almost died just now, although he had a very strong World Defying Holy Body and had cultivated to its peak, he felt like he would be torn apart in front of the golden-haired Elder at any moment.

"Xiao Ke'er, did you sense it just now? That guy was too terrifying! Why would such a fellow appear in the Myriad Tao Forest? " Chen Xiang gasped for breath, he was still inside Myriad Tao Forest, although it was already razed to the ground, it was quiet.

"Heaven Old Orcs!" Feng Ke'er replied seriously: "Why would this guy appear here?"
