

Dan God 3121

[Chapter 3121](#)

Chen Xiang was deliberately hiding his strength, it was not because he wanted to catch Chen Xiang off guard, but to stall for time!

He wanted to delay as much time as possible because it would take more than ten days for the battle to end. After all, they were all very strong people and everyone had similar strength, so it was normal for them to need a long time.

The battle continued for an entire day!

It had been a long time since Chen Xiang had fought in this kind of battle, and he purposely delayed for a long time, if not he might have killed Yuan Xufeng right from the start.

"This kid really consumes energy!"

"Is he trying to stall for time?"

"What is the purpose of stalling for time? Could it be to buy time for Ji Xingyuan? "

"Doesn't he know that once he breaks through, he will be directly sucked into the Myriad Tao? Even if Ji Xingyuan had broken through, he would not be able to deal with us, and in the end, he would have to hand over the Wudao spiritual Dan honestly. "

"Ji Xingyuan must have definitely told him before! So, it can be confirmed that he is not stalling for time. Rather, he is unable to use that sword. "

"That's most likely the case. That sword is so powerful, so there should be a limit to its usage. The last time he used it, not much time had passed, so he shouldn't be able to use it yet."

Everyone guessed, they did not think Chen Xiang was stalling for time, but Chen Xiang was stalling for time.

Soon, three days passed! One! Ben! Read! Chen Xiang and Yuan Xufeng had done their best in their battle, but the battle between Yuan Xufeng and Yuan Xufeng was no longer that intense. It could be seen how much energy they had expended.

"Brat, you really use energy!" Yuan Xufeng's old face was covered in sweat. Chen Xiang was also panting, but it seemed like he could still continue fighting.

"Hehe, it won't be that easy for you to obtain the Wudao spiritual Dan!" Chen Xiang laughed, he rushed out again and fought Yuan Xufeng barehanded.

His fighting style was very simple, he only used the combination of Meteor immortal power and Heaven Blasting Palm. He did not use any other powerful moves.

"Forget it, looks like I have to show my true abilities in order to qualify to obtain that Wudao spiritual Dan." Yuan Xufeng suddenly laughed sinisterly and took out a black whip.

This whip looked rather ordinary and very black. There was no aura emanating from it, and it was not as beautiful as the blue divine knife he had previously used.

"What is this?" Chen Xiang frowned and asked, seeing how confident Yuan Xufeng was at the moment, he was a little worried.

"I'm just changing my weapon. I should be allowed to switch my weapon midway, no?" The speed at which Yuan Xufeng replaced the weapon was extremely fast, he suddenly distanced himself from Chen Xiang, and then kept the divine blade inside his spatial divine tool.

The fact that he was able to use a storage divine tool meant that he definitely came from the Myriad Tao. It was just that he could only store a few things now, but it was enough for him to store weapons.

"There's no rule that we can't change weapons." Chen Xiang nodded.

No one present seemed to know why Yuan Xufeng suddenly switched the black whip. Yuan Xufeng was of the same generation as them, so they all understood each other better, but they did not know that Yuan Xufeng had such a whip.

The speed that he exploded out was actually faster than before, and it was obvious that he was still suppressing a portion of his strength. After all, he could not kill Chen Xiang, so he held back when attacking.

This was also what Chen Xiang had expected, he just did not know what use Yuan Xufeng's whip had!

Pow!

Yuan Xufeng lashed out with his whip from afar. Although it did not hit, it did not need to get too close to Chen Xiang to prevent him from attacking him from a close distance.

Thus, Chen Xiang had to avoid the attack from a distance. This would be beneficial to Yuan Xufeng's long-distance attacks.

The next two days, Yuan Xufeng fought with this whip against Chen Xiang, the result was similar to before, no one took advantage of anyone!

"This guy must be hiding something!" Chen Xiang was on guard the whole time.

It was already dark. The stars were obscured by thick clouds in the middle of the night.

Just like before, Yuan Xufeng continued to wave his whip to attack Chen Xiang.

The whip was originally black, so now that it had fused with the darkness, it was rather difficult to see with one's eyes.

Chen Xiang could only judge the distance between the whip and the sound, as well as the weak vibrations the whip made.

As usual, Yuan Xufeng brandished the black whip, after determining the range of the whip, he immediately dodged it.

However, this time, the long whip was different from before. It was as though a nimble snake was fiercely chasing after it, and the black whip had already left Yuan Xufeng's hand. In an instant, it flew onto Chen Xiang's body.

After Chen Xiang felt his body being tightly restrained, he immediately understood Yuan Xufeng's intentions.

After everyone saw this, they couldn't help but to admire Yuan Xufeng's skill. They secretly cursed Yuan Xufeng as an old cunning fox in their hearts.

"Do you want to admit defeat?" Yuan Xufeng said with a smile.

At this time, Chen Xiang's body was tied up by that black whip, leaving only his head exposed, which was still shrinking.

What Chen Xiang felt was terrifying was that this long whip was extremely strange. No matter how much strength he used, it was as if his power was being absorbed, causing him to be unable to struggle free from this long whip that seemed to have life.

Before, Chen Xiang had also used World Defying Green dragon to hold others down, and now, he was also being held down by someone else in the same way. It was just that this thing did not look like a beast, but a very magical thing.

"This guy really has a trick up his sleeve!" Looks like he's going to obtain a Wudao spiritual Dan. "

"Although he is a bit shameless, there is nothing much to say. After all, he did not violate the rules."

"That's right, his strange black whip can also be considered a weapon. It's just that it possesses a very strange ability."

The 17 old men all thought that Chen Xiang had lost for sure. Although Chen Xiang was still struggling, they all believed that he had no chance at all, unless he admitted defeat, there was no way to struggle free from this strange black whip.

Chen Xiang continued to struggle, at the moment, he was already on the ground, rolling like a bug, and releasing low roars continuously.

"I said it dozens of times. If you don't admit defeat, I will be sorry." Yuan Xufeng laughed coldly. Now that Chen Xiang was being controlled by him, it could be said that he could easily trample Chen Xiang, which was why he was so calm and collected.

The whip was used for self-defense. It could be seen that he was extremely cautious. Even though he was very strong, he did not let down his guard.

They had known Yuan Xufeng for a long time, they did not know that Yuan Xufeng had such a powerful thing. If they were to clash with Yuan Xufeng and suddenly Yuan Xufeng released this thing, they would not be able to hold on, and would only die in the end.

[Chapter 3122](#)

Yuan Xufeng was counting down, while Chen Xiang was still struggling to break free from the whip.

"Xiao Ke'er, is there any way?" Chen Xiang asked Feng Ke'er who was inside the You Yao Mountain Villa.

"This thing is pretty powerful, and it's naturally nurtured. I wonder where he got it from!" Feng Ke'er said: "Of course I have a way to help you break free, but once you use it, the whip will probably be destroyed, are you willing to destroy it?"

"Of course I don't want to." Chen Xiang laughed: "Once I get rid of this guy, this whip will be mine! So can you think of any other way? Let me break free and kill this guy! "

Yuan Xufeng had already finished counting ten times, and seeing that Chen Xiang did not admit defeat, his expression became sinister. He was already extremely agitated after being wasted by Chen Xiang for more than ten days, and now that Chen Xiang was being restrained, he was actually wasting time with him. This made him extremely angry, and he ruthlessly stepped on Chen Xiang's face.

"Little bastard, quickly concede! Otherwise, I'll definitely torture you so you'll know my methods!" Yuan Xufeng said ferociously, his old face was extremely terrifying.

Yuan Xufeng saw that the Wudao spiritual Dan was right in front of his eyes, and he could immediately obtain it, but Chen Xiang refused to surrender for a long time, which made him anxious. When he met with this kind of situation, even an old fellow like Yuan Xufeng, who had lived for a long time, would not be able to calm down, so he released all of his pent-up anger that he had suppressed for many days, and started to punch and kick Chen Xiang.

\$1 \$Read \$Novels (. (yb) (d) (u).) " "Old bastard, kill me if you dare." Chen Xiang sneered, he was not afraid of Yuan Xufeng using such a method, if Yuan Xufeng really dared to kill him, he would not be able to escape either.

When Yuan Xufeng saw that Chen Xiang was threatening him, he became even more furious. He raised his head and laughed wildly, then took out a small needle, and laughed sinisterly: "Alright, I'll give you one more chance.

Yuan Xufeng held Chen Xiang's head down, then slowly moved the needle in front of Chen Xiang's eyes.

At this time, Yuan Xufeng used one hand to push Chen Xiang's eyes away, and then stared straight into Chen Xiang's eyes. He laughed sinisterly, "Brat, let me see how much torture you can endure! "Don't worry, I won't kill you. I will only let you beg me to kill you, haha ..."

They all hated Chen Xiang more, because he didn't give them the Wudao spiritual Dan he knew. They felt that if they were in his place, they would definitely torture him the same way that Yuan Xufeng was doing.

"Old bastard, it's not certain who will win and who will lose!" Chen Xiang suddenly laughed, the eye that was bulged open suddenly shot out a red beam of light, aimed straight for Yuan Xufeng's eye, and shot out through his head.

After Yuan Xufeng's brain was severely injured, his head was in extreme pain, and he rolled on the ground.

Chen Xiang gasped for breath, he had just used his World Defying Stage Divine Power to release the Heart Piercing Demon Eye. If he used a World Defying Stage Divine Power that was very weak, it would have been melted by the Pathless Rules.

This was why he was able to release the World Defying Stage Divine Power. Even though it only appeared for an instant, it was enough for him to counterattack!

Yuan Xufeng had just gotten so close to Chen Xiang, and was not on guard at all, so he had no idea that Chen Xiang could use such a powerful World Defying Stage Divine Power! Yuan Xufeng had also come here from the Myriad Tao a long time ago, and for many years, he had already forgotten about the World Defying Stage Divine Power. Furthermore, when he was fighting with Chen Xiang, he knew that Chen Xiang's World Defying Stage Divine Power could not be leaked.

Just now, he had been looking straight into Chen Xiang's eyes, and was so close to him, that Chen Xiang only needed to release a short moment of Demon Eye Ray to pierce through Yuan Xufeng's eyes and head.

"I'm not that easy to deal with." Chen Xiang had already escaped from the black whip.

It could be seen that the black whip was controlled by Yuan Xufeng, who could control the whip through his spirit energy.

After Chen Xiang struggled free, he kept the whip inside the You Yao Mountain Villa, it was already his!

"I will kill you!" When Yuan Xufeng saw that Chen Xiang had taken his whip away, he was enraged. He immediately jumped up and rushed over.

Seeing him rush over, Chen Xiang immediately threw the Six Realms mirrors out. When Yuan Xufeng was about to punch him, he happened to hit the Six Realms mirrors in the mirror.

The mirror suddenly trembled, reflecting back the force that he had unleashed just now. Moreover, it was several times stronger!

Yuan Xufeng never thought that a mirror would suddenly appear, and even more so, he never expected that after his fist landed on it, it would reflect such a terrifying force, and shatter his arm!

Soon after, Chen Xiang fiercely rushed over and directly grabbed the Six Realms mirrors and poured a large amount of World Defying Stage Divine Power in, causing a large amount of strong World Defying Stage Divine Power to flow and activate the array formation inside the Six Realms mirrors, then he raised the Six Realms mirrors and crazily slapped Yuan Xufeng's head.

Both of Chen Xiang's hands grabbed onto the edge of the Six Realms mirrors, and continued to pound on Yuan Xufeng's head non-stop, and with a few blows, it was shattered to pieces!

"Old bastard, to make you treat me so maliciously." Chen Xiang stood up, gasped for breath, and kept the Six Realms mirrors.

The surrounding spectators were all stunned, not long ago Chen Xiang was still in a difficult situation, but not long ago, he who was extremely proud of himself was killed, and even his brain was smashed.

"I won!" Chen Xiang looked at the people and shouted: I need to rest for a while before I can continue fighting, do you all have any objections?

The seventeen people all shook their heads, their emotions were a little complicated right now. Firstly, they were happy, because they had lost another competitor because they did not give Chen Xiang's Wudao spiritual Dan out. At the same time, they were also more worried because Chen Xiang was not weak at all, and he had even obtained the black whip.

Especially the red light that was being emitted by Chen Xiang's eyes, it made them extremely shocked; to think that it could so easily penetrate Yuan Xufeng's head; they had never seen this kind of method before.

And Chen Xiang's Six Realms mirrors, in their eyes, was just a very powerful shield that could even reflect strength!

In battle, they could use weapons and divine artifacts, but now, Chen Xiang would be able to rely on these things to become even stronger, causing them to be secretly worried, worried that they would not be able to defeat Chen Xiang.

Everyone saw that Chen Xiang was extremely stubborn, even to that extent just now, he still did not admit defeat, so it would be extremely difficult for them to defeat Chen Xiang and make him hand over the Wudao spiritual Dan.

Chen Xiang sat on the ground to rest.

"How many days do you need to rest?" A red-clothed old man asked, "Can you draw a stone tablet first?"

The red-clothed old man was also extremely impatient.

"About three days. That shouldn't be a problem, right? You all have all seen my previous battle, right? I was very tired from it." Chen Xiang said: "Alright, I will take out a stone tablet now."

Chen Xiang exhaled, then took out the box and shook it, and very quickly a stone tablet came out. The 17 old fellows all anxiously looked at Chen Xiang and picked it up.

[Chapter 3123](#)

Everyone held their breath, they wanted to see who the next person fighting Chen Xiang would be!

"Hu Wenyun!" Chen Xiang shouted, only to see a red-clothed old man immediately overjoyed, as if he had already forgotten how powerful the strength Chen Xiang had displayed just now was. He believed that he would definitely be able to defeat Chen Xiang and obtain a Wudao spiritual Dan.

Everyone present believed in the effects of the Wudao spiritual Dan, because previously, Chen Xiang was still very weak. But now, he had become much stronger, able to fight evenly against an expert of the older generation!

At this moment, Hu Wenyun was also adjusting his condition. After being overjoyed, he remembered the battle with Chen Xiang not long ago, and felt that Chen Xiang still had some abilities. Furthermore, Chen Xiang had obtained a powerful long whip.

Chen Xiang was currently resting peacefully. He needed to rest for three days in order to recover, and at that time, he would be in his best condition to accept battle.

Hu Wenyun was currently discussing with the other red-clothed elders in a low voice. He did not know what kind of secret method they had used to prevent their voices from spreading.

"Chen Xiang, can you use that whip now?" Feng Ke'er asked.

"I can't for now, it contains Yuan Xufeng's remaining mental energy, I need to purge all of it before I can control it, this will take a period of time, why don't you try and see if you can purge the remaining mental energy inside." Chen Xiang said: "If you can clear it within three days, then when I fight with the red-clothed old man, my chances of winning will increase by a few points."

If Chen Xiang had not been able to use the Heart Piercing Demon Eye to attack Yuan Xufeng in time, he would have been tortured a little, and would not have been able to escape the bindings of the whip.

"Alright, I'll try!" Feng Ke'er said.

She tried it and soon came to a conclusion. "There is a lot of spiritual force inside, and it is fused together with the entire whip. It is not easy to understand. It will take you a long time to control the whip. You may not be able to use it in the near future! "

Chen Xiang thought for a moment, then said: "I still have a little strength, so I'll make a Time Domain for you, and you can remove the spirit brand inside it. Then, I'll see if I can directly fuse my soul with this whip inside the Divine Sense Sea, and at that time, my soul and whip will both be inside the Time Domain, and I'll be able to gain a lot of time."

"Alright!" Feng Ke'er said: "It should work!"

Chen Xiang had released the Time Domain in the You Yao Mountain Villa, and it was only used against Feng Ke'er alone. Therefore, his energy consumption was not very large, and his own recovery speed was already very fast, so it would not affect him much.

... ..

"You don't have to worry about that black whip, for Yuan Xufeng to control that whip so well, it must have been refined and refined by Yuan Xufeng's Spirit Force for a long time, even if he could remove the Spirit Mark inside, it would be difficult for him to fuse with the whip in a short period of time, wanting to control this kind of Divine Weapon like a fish in water is not easy, it would at least need two months of time." An old man in red said.

"This brat has a lot of methods, I need to be more vigilant. You don't have to worry that he will kill you, since he doesn't have that kind of strength yet, if Yuan Xufeng wasn't too careless, he wouldn't have killed you this way."

"I got it!" The red light that was released by his eyes a moment ago, I have already seen it, I will guard against it. " Hu Wenyun nodded his head, "I will be even more careful. I will definitely be able to get a Wudao spiritual Dan."

The red-clothed people started to seriously discuss, while Chen Xiang was busy with his own matters.

It had only been half a day since he had used the Time Domain to buy time for Feng Ke'er to successfully wipe away the mental energy within the black whip.

"Now that your Spiritual Force has been erased, try and let your divine soul enter the Time Domain and fuse with the black whip." Feng Ke'er said.

"Alright, I'll give it a try now!"

Chen Xiang controlled his own divine soul to enter a Time Domain, and then, he controlled the black whip to stay together with the divine soul. Afterwards, he released the mental energy from the divine soul, and at the same time, he concentrated his own mind, as if he was treating a green ghost stone.

Fortunately, he could keep up with his speed, allowing the black whip to absorb his psychic power. "If everything goes well, I'll be able to fuse with this whip in three days." Chen Xiang was secretly delighted. He looked at the red-clothed people, he guessed that these red-clothed people all knew of the characteristics of the long whip, and definitely thought that he wouldn't be able to control the whip in the short term.

"It's not a last resort. Don't use it." Chen Xiang made up his mind. Soon after, he heard the crowd of people in the distance talking about this matter, and actually felt that he would not be able to grasp this powerful whip in a short period of time.

This made him even more determined. This was not a critical moment, so he definitely could not use it.

The black whip slowly but steadily established a connection with Chen Xiang, and Chen Xiang could already gradually feel the close connection between this whip and himself, which made him even more at ease.

In the blink of an eye, three days had passed and Chen Xiang had recovered from his previously exhausted look.

"It's the same as before. We'll start after a hundred steps, with our backs facing each other." Chen Xiang said.

"Don't worry, we will allow you to use that black whip." Hu Wenyun laughed sinisterly: "We are very reasonable."

Chen Xiang cursed in his heart. If he was really being reasonable, he wouldn't have come to snatch him.

"En!" Chen Xiang only nodded his head. With a dull expression, it made people feel that he wasn't particularly happy, as if his heart was a little heavy.

"Alright, let's begin now!" Hu Wenyun and Chen Xiang had their backs against each other and after walking a hundred steps respectively, the battle had already begun.

What Chen Xiang found strange was that Hu Wenyun did not turn around, but stood still!

Just like last time, after taking a hundred steps, Chen Xiang suddenly turned around and charged out. After that, he punched across the sky at Hu Wenyun, blasting out a monstrous wave of fist force.

The fist force swept out, releasing a hualala sound, and instantly covered Hu Wenyun within it. However, Hu Wenyun stood very steadily on the ground, and only then did he slowly turn around.

He turned around and roared at Chen Xiang. An extremely terrifying sound wave rushed out, shaking the entire ground and causing some of the nearby boulders to shatter.

The spectators in the distance were so shocked that their ears hurt. They had no choice but to use their own strength to block this sound wave.

And when Chen Xiang was hit by the sound wave, his ears hurt. At this moment, his ears were still buzzing, and he could not hear anything at all.

[Chapter 3124](#)

Just when he was deaf, Hu Wenyun once again roared a few times. That sound wave was extremely terrifying, not only did it dissipate the power of his fists, it even pushed him back like a wave.

"My ear is damaged, Sijing. Beautiful, quickly release all the energy you have in your body." Chen Xiang immediately shouted out, at the same time, he used the World Defying Stage Divine Power to protect his ears, to prevent them from being attacked.

He didn't know that Hu Wenyun would use a sonic wave attack, and that he was extremely proficient at it, causing him to be caught off guard.

But Hu Wenyun knew of his strength, and had watched his battle with Yuan Xufeng before.

"I got taken advantage of by this guy." Chen Xiang was extremely unhappy, and he scolded himself. At this time he had gradually regained his senses, but Hu Wenyun was actually constantly running around him, occasionally attacking him with sound waves, and every time he roared, he would become extremely strong, able to shake Chen Xiang's heart, causing him to feel pain in his bones and muscles.

"Is this guy attacking from afar?" Chen Xiang clenched his teeth: "Fine, since I like to waste time, it's fine to delay."

Chen Xiang's goal was to stall for time, so the opponent had no intention to attack in a hurry.

It had to be said that Hu Wenyun's current methods were extremely powerful. Every time he roared, he would inflict a little bit of damage, causing his body to continuously feel pain.

It was a good thing that he had the power of regeneration that the Mei Jing Sisters provided him with, otherwise, his own recovery would not be able to keep up. If this went on for too long, his body would be crippled by the sound waves.

In the blink of an eye, three days had passed. When Hu Wenyun saw that Chen Xiang was still spirited, he couldn't help but to be suspicious. He felt that even if it were an expert at Yuan Xufeng's level, after being continuously attacked by the sound wave for three days, they would definitely be injured.

In these three days, it was not only Hu Wenyun who kept on attacking Chen Xiang, Chen Xiang kept on attacking him, so Hu Wenyun also needed to scatter Chen Xiang's power.

"Quite impressive!" Hu Wenyun laughed coldly: "Whatever, next I'll let you see my strongest."

The regenerative powers provided by the Mei Jing Sisters were extremely strong, and it was as if two great rivers had poured into his body, healing his injuries.

Chen Xiang crawled up from the ground. Feeling a burst of aura being used, Hu Wenyun attacked him again. He suddenly took a few steps back, and very dangerously avoided Hu Wenyun's attack.

Hu Wenyun never thought that Chen Xiang would actually be able to dodge it!

He immediately used that strange mental attack on Chen Xiang!

This time, Chen Xiang blocked it, but he pretended to be attacked as he laid on the ground.

Seeing Chen Xiang's current state, Hu Wenyun laughed out loud and immediately rushed over, wanting to directly slap Chen Xiang's face. Unexpectedly, the moment he struck out, Chen Xiang also sent out a palm, directly striking him.

What was worse was that Chen Xiang had used the Heaven Blasting Palm, and had even used the power of the Bone-melting magic palm, his palm strike power was much stronger than Hu Wenyun's. Hu Wenyun did not dare to kill him, so he had a sense of propriety when he attacked.

Therefore, after Hu Wenyun struck out, he did not expect that Chen Xiang would still be able to retaliate.

"My hand!" Hu Wenyun was panic-stricken, the bones in his arm were all gone, his arm dropped down.

Their bodies were the most powerful when cultivating without a path, and their bones were also incomparably tough. However, at this moment, they suddenly disappeared. They had never seen this kind of method before.

Chen Xiang stood up, and laughed mischievously, "The same trick, don't even think of using it on me a second time!"

As he said that, he walked over to Hu Wenyun with a few steps. Hu Wenyun was startled, and used his spirit attack on Chen Xiang again, but to no avail.

And Chen Xiang had already slapped his palm across, bringing along Heaven Blasting Palm power and Bone-melting magic palm power!

Pa!! Hu Wenyun's old face was struck hard by Chen Xiang, the wrinkles on his face immediately dropped, the bones on one side of his face had already melted, following that, Chen Xiang smashed his other arm, and melted the bones of that arm away!

"You ... "You ... " At this time, Hu Wenyun was already unable to speak clearly, let alone opening his mouth wide, even the bones in his mouth had been melted by Chen Xiang.

[Chapter 3125](#)

Chen Xiang did not stop his attack at this point in time and continued to attack Hu Wenyun's legs, melting away all the bones.

Hu Wenyun was already lying on the ground, and was unable to get up on his own, much less attack Chen Xiang.

They could not use the World Defying Stage Divine Power, so after their bones were melted, they could not use the World Defying Stage Divine Power to support themselves. To the Pathless Cultivators, the body was their foundation, so a heavy injury to their bones was fatal.

"Just admit defeat!" Chen Xiang said. He did not want to kill Hu Wenyun right now, because he was a member of the red-robed man. If he were to kill him, the consequences would be dire.

The few red-clothed people coldly watched from the side, as did the other people. None of them expected Chen Xiang to be so powerful, and his attacks this time were much faster than the previous ones.

"You think I will lose just like that?" Hu Wenyun laughed sinisterly, his eyes suddenly turned red, and his body started to leak gas.

Chen Xiang smelled a fishy smell and was shocked in his heart. This Hu Wenyun was actually burning the blood essence in his body, and when it burned, it would emit a very strong power.

"Damned brat, don't even think of defeating me." The blood mist on Hu Wenyun's body exploded, creating a burst of strong pushing force, his entire body turned into a red beam of light and struck towards Chen Xiang.

This power was extremely terrifying, and when it charged over, Chen Xiang felt that the space around him had become extremely unstable, as if it was going to be crushed. It was too late for him to dodge.

B000M!

Hu Wenyun's head struck Chen Xiang's chest, sending him flying!

Seeing him burn his blood essence, everyone felt that if they bumped into Chen Xiang, what Chen Xiang said would seriously injure him, but Chen Xiang had only flown out and landed on the ground.

Hu Wenyun however, was in a miserable state. He did not even have a head left, he had already died!

Chen Xiang touched his chest, where there was a small Six Realms mirrors, the Six Realms mirrors's mirror was for the outside world, and when that energy rushed over, the Six Realms mirrors would increase its power by a few times and bounce back.

Hu Wenyun had used his head to smash Chen Xiang's chest, so the rebounding force hit Hu Wenyun's head as well, causing him to lose his head!

"None of my business." Chen Xiang looked at the furious red-robed men and shrugged.

This really had nothing to do with Chen Xiang. He did not expect Hu Wenyun to actually attack him and he was not on guard at all.

The red-clothed person was very strong, causing the entire Pathless City to tremble in fear. But now, one of them had died, and the surrounding people were all scared speechless by Chen Xiang's strength.

"You killed our comrades." A red clothed man said angrily.

"Isn't that fine? There are five of you, but one of you has died, and I only have four Wudao spiritual Dan, which is just enough for you." Chen Xiang smiled faintly. Although his words were unpleasant to hear,

those red-clothed people thought that it was reasonable. Otherwise, if one of them could not obtain it, they would definitely hate the other.

When everyone saw the expressions of those red-clothed people, their hearts couldn't help but turn cold. Just a moment ago, these people were still angry over the deaths of their companions, but after thinking of their own interests, they unexpectedly had such cold expressions!

Chen Xiang saw their reaction, and it was expected. As long as they could break through, it wouldn't matter even if their loved ones died!

He had already heard that these red-clothed people had become crazy. In order to break through and eat people everywhere, they no longer had any humanity left. Just now, they were angry because they wanted to display their prestige.

"I will continue to draw the stone tablet. I need to rest for the day." Chen Xiang picked up the box and shook it, producing a stone tablet.

"Jia Gangyi!" Chen Xiang raised the stone tablet up for them to see.

Jia Gangyi was a red-clothed person!

The previous two times Chen Xiang had truly drawn his stone tablet, but this third time, it was done on purpose!

In this place, the people he feared the most were these red-clothed people. He wanted to get rid of them one by one, but he didn't know if he could proceed smoothly.

"You have some ability, but don't be arrogant." Jia Gangyi said: "This time, I will definitely defeat you."

There were only sixteen people left, and every time they fought Chen Xiang, one of them would die. They also felt that Chen Xiang's rules were too unreasonable, but his judgement on winning and losing was too strict.

If he wanted Chen Xiang to lose, he could only kill him, but if he wanted to kill Chen Xiang, he couldn't get the Wudao spiritual Dan! And if Chen Xiang wanted to win, he could only kill the other party.

Chen Xiang could not kill him, so he should not admit defeat.

The sixteen people felt as if they had jumped into Chen Xiang's trap. They started to worry, as they didn't know how many people they would still have left in the end.

He was still secretly putting the Six Realms mirrors on his body. After the Six Realms mirrors had been modified by Feng Ke'er, it had already become more and more useful, and this was a great divine tool for him to defend himself.

"When we have time, we must use the Myriad Tao Divine Soil to transform the Six Realms mirrors. This thing is too easy to use." Chen Xiang thought about how Hu Wenyun had smashed her head against his Six Realms mirrors and couldn't help but want to laugh.

Chen Xiang stealthily glanced at the four red-clothed people. They had already ran off into the distance, as if they were discussing something.

"We have to be careful of these guys." Chen Xiang did not believe that these red-clothed people would honestly carry on, so unless he had no other choice, he would not reveal his Heavenly magic sword and black long whip.

It's about time you leave this place. After you go up, you can absorb the World Defying Stage Fierce Power from the Pathless Origin inside your Divine Sense Sea World. When that time comes, you will have enough strength to fight your Heaven Old Orcs. Feng Ke'er said.

"Mm, when uncle breaks through, I'll think of a way to leave this damn place." Chen Xiang said: "Even though this group of people were invited to this No Tao Place, I felt that they seemed to be locked in this place on purpose. Although cultivating without a path could allow them to break away from the Myriad Tao and head towards the Myriad Tao, reaching the last step was simply too difficult, it is almost impossible."

Chen Xiang had heard that there were very few people who could cultivate to the end without relying on pills, that was why Wang Dao became a legend. It was because Wang Dao entered this place not long ago and could just rely on pills to break through.

"I don't know where this Chen Cai fellow is. When I go out, I have to find him and ask him to help me reform the Six Realms mirrors." Chen Xiang said: "When the time comes, I will need to get some Myriad Tao Divine Soil s."

[Chapter 3126](#)

While Jia Gangyi was discussing something with the other red-clothed elderly men, he also looked in Chen Xiang's direction from time to time. It could be seen that the things they were discussing right now were related to Chen Xiang.

"If only we could hear their conversation." Chen Xiang also wanted to know what kind of things they were discussing, but he had a nagging feeling that these red-clothed elders were not that honest.

"Ignore them. You just need to continue stalling for time. No matter how powerful they are, they shouldn't dare to offend others!" Feng Ke'er said: "Other than them, there are over ten other old fellows who are also very strong. They definitely won't let these red-clothed old fellows do as they pleased."

"Hopefully!" Chen Xiang sighed in his heart, "But I still have to prepare for the worst. If I knew earlier, I would have delayed for a bit longer."

When he was fighting with Yuan Xufeng previously, he delayed it for more than ten days, and when he fought with the red-clothed old man next, it only took a few days to finish the battle.

After a day of rest, Chen Xiang had already recovered very well. Jia Gangyi had already arrived beside him and said: "You can begin now, right?"

Chen Xiang looked at the sky, it was only the morning.

"Let me rest until noon. I feel like I haven't recovered much." Chen Xiang wanted to stall for as much time as possible. Right now, he felt that this group of people did not have much patience.

"Didn't we agree on a day? It's time now." Jia Gangyi was a little angry, and said with a cold face.

"I'm not fully recovered yet. I just need to wait until noon. I don't need that much time." The other party was anxious, but Chen Xiang remained calm.

"Humph!" Jia Gangyi snorted, and returned to the group of people.

Chen Xiang was secretly amused. He had already initially figured out that Jia Gangyi's personality was one of the most impatient ones, and now that he had delayed for a little more time, he felt that he couldn't sit still any longer. He almost started a quarrel with Chen Xiang.

"This guy looks really angry!" Chen Xiang quietly glanced at the distant Jia Gangyi.

At this moment, Jia Gangyi's face was flushed red. He was talking about something with the other red-clothed elders and it was obvious that he was holding back his anger with a single glance.

Chen Xiang didn't care, since he had successfully delayed for half a day.

"When the battle starts, I have to think of a strategy to stall for time. I have to delay this battle until Uncle comes out of closed door training." Chen Xiang closed his eyes and continued to rest.

Very soon, it was noon. When Chen Xiang stood up, he was already by's side.

"Is it okay now?" Jia Gangyi said coldly.

"Alright, it's the same as before!"

Chen Xiang and Jia Gangyi had their backs facing each other, and after the two of them walked a hundred steps out, they began to fight.

This time Chen Xiang did not choose to be the first to attack. His main goal was to defend and stall for time.

Jia Gangyi's reaction was just as Chen Xiang had expected. He was the first to attack, but his speed wasn't very fast.

"This speed doesn't seem like something that he should have. Could it be that he's deliberately hiding his strength?" Seeing Jia Gangyi slowly rushing over, Chen Xiang was secretly suspicious in his heart. He had already mustered his strength to seriously defend himself, so that the opponent would not be able to harm him.

"Admit defeat, brat!" When Jia Gangyi was still more than three meters away from Chen Xiang, his expression suddenly changed, and became as white as snow, as if he was covered in a layer of ice.

Chen Xiang immediately sensed an icy cold Qi approaching him, this bone-piercing coldness caused his body to ache. He was extremely shocked, this was another kind of strange power.

"This is bad!" Chen Xiang only felt that his legs suddenly lost consciousness, he immediately released his World Defying god fire and allowed it to flow into his thighs.

The World Defying god fire quickly entered his thighs, but the cold energy did not disappear. Instead, it became stronger, and the icy cold power extended from his legs all the way to his upper body.

"What's going on?" Chen Xiang was extremely anxious, both of his legs were already numb at the moment, and he could feel a chill spreading to his upper body.

"This is a very special kind of Icy cold power, it can even swallow flames to strengthen itself." After sensing it, Feng Ke'er anxiously said: "Right now, your situation is extremely dangerous, let me see if I can help you seal this power, now that I have already activated the array formation inside the Six Realms mirrors, quickly use Devouring magic kungfu and swallow the rich Icy cold power in your thigh, leave the rest to me."

Jia Gangyi was already standing in front of Chen Xiang. With a cold smile on his face, he said, "You can't move! [If you don't give up, I will castrate you on the spot ...] And then towards you, hehe ... "

Jia Gangyi licked his tongue: "I will bite off one piece of your flesh after another, I really like to eat tender skinned brats like you."

Hearing Jia Gangyi's words, the coldness that was sealed by Feng Ke'er once again surged into Chen Xiang's heart!

"This guy is too vicious." Chen Xiang secretly operated Devouring magic kungfu, and absorbed all the Icy cold power in his thigh into Divine Sense Sea.

When this power entered the Divine Sense Sea, his Divine Sense Sea instantly became a world of ice and snow. Fortunately, Feng Ke'er had a way to solve this problem, and he quickly recovered his Divine Sense Sea.

However, Chen Xiang had not stopped his devouring, because there were so many Icy cold power s in his thigh. He had no idea how Jia Gangyi had managed to do it, but in such a short period of time, he had poured so many Icy cold power s into his thigh.

"You're quite capable, to be able to dissolve my power of ice." Jia Gangyi could feel the power of ice on Chen Xiang's thigh slowly disappearing. Although he was secretly surprised in his heart, he was not in a hurry.

Jia Gangyi suddenly laughed sinisterly, his body releasing another burst of cold Qi, after feeling the cold Qi, Chen Xiang was secretly afraid, this cold Qi was rushing towards his chest.

Fortunately, he had placed a piece of Six Realms mirrors in front of his chest. This piece of Six Realms mirrors was able to block the incoming Icy cold power attack.

"This guy is very vicious, I definitely can't let him succeed." Chen Xiang's face turned cold, he suddenly moved his hand, which caused Jia Gangyi to be extremely shocked. He thought that Chen Xiang had already been frozen by his Yin Energy, but could still move even now.

Furthermore, a black long whip appeared in Chen Xiang's hand.

"Don't be afraid, he still can't control this long whip." Jia Gangyi told himself not to worry about Chen Xiang being able to use his powerful whip.

But, after Chen Xiang waved the long whip vigorously, the whip immediately left Chen Xiang's hands. Like a nimble black poisonous snake, it flew towards Jia Gangyi and tied him up tightly in the blink of an eye.

Jia Gangyi had never thought that Chen Xiang would be able to refine this black whip in such a short period of time.

Everyone present was extremely astonished. They were very clear about this type of divine weapon. If they couldn't remove the remnant soul imprint within, they wouldn't be able to carry out the refining process.

Chapter 3127

Refining a Divine Weapon will take a long time, and it will also take at least a month to remove the soul brand. But right now, it's not going to be that fast!

When the other three red-clothed elders saw that Chen Xiang had succeeded in using the black whip, they actually rushed over immediately. This was because they knew that if they did not go over now, their comrades would definitely die.

They wanted to save Jia Gangyi not because of their friendship, but because the number of red-clothed people among them was becoming fewer and fewer. If there were only two or three left, they wouldn't be as overbearing as before, and many would even come to take revenge on them.

"Use that!" Jia Gangyi shouted.

Jia Gangyi was the leader of the red-clothed men. He had discussed some matters with the other three red-clothed elders before, but now that he had suddenly yelled that out, Chen Xiang felt extremely uneasy in his heart.

The speed of the three red-clothed old men was extremely fast. They instantly arrived around Chen Xiang and surrounded him. Then, their eyes turned red and their bodies began to emit waves after waves of red mist.

"Just how many evil methods do these guys have?" Just now, Chen Xiang felt that it was extremely inconceivable for Jia Gangyi to be able to release that kind of power of cold and yin. He felt that this power should belong to the World Defying Stage Divine Power and could not be used by those who cultivated unscrupulously, but Jia Gangyi was still able to use it.

"The Six Realms mirrors can definitely block it!" Chen Xiang was very confident in the Six Realms mirrors. He had just said that the Six Realms mirrors had helped him withstand Jia Gangyi's extremely strong yin ice power, otherwise, his entire body would have been numbed and in pain.

After the three red-robed elders surrounded Chen Xiang, their eyes shot out dark red rays of light that struck Chen Xiang's mind. It was unknown what they were doing.

"AA
AAAAAAAAAAAAAAAAAAAA!" When Chen Xiang's head was hit by the red light, he suddenly felt a sharp pain, as if his head was going to be ripped apart.

"What are you doing!" Chen Xiang bellowed: You guys suddenly attacked me, this is not fair!

"Little bastard, I've tolerated you for a long time." One of the red-clothed old men laughed sinisterly, the red light in his eyes became even brighter, and Chen Xiang's head also started to glow brighter. More pain.

When the other dozen old men saw this, they hastily rushed over.

"What are you doing? Isn't this a fair fight?" An elder said angrily, "You two have joined hands to deal with him. Do you want him to escape?"

"Hmph, don't you know that Ji Xingyuan is cultivating in seclusion? He is only here to buy time for Ji Xingyuan to break through, the moment he breaks through, he will still be able to escape. " Jia Gangyi sneered when he was tied up on the ground: "You all have seen it too, this brat has many tricks up his sleeve, we are no match for him at all, and in the end, we get nothing, and furthermore, die in his hands.

At this time, Chen Xiang was still screaming nonstop. That power had entered his brain and caused him to feel extreme pain, causing him to be unable to say a single word.

"Then what are you going to do to him now?" An elder could naturally tell that it would be difficult for them to defeat Chen Xiang, especially since Chen Xiang had already refined that black whip.

"We are currently using a spell on him. If we succeed, we can make him listen to us, and make him obediently hand over the Wudao spiritual Dan." Jia Gangyi said: "As long as he hands it over, we can discuss how to split it. Or, everyone can study it together and see what kind of power the Wudao spiritual Dan contains to help someone break through."

Hearing their words, Chen Xiang's heart was filled with worry, but he had no way of getting rid of them.

He couldn't move at all, and the Six Realms mirrors couldn't resist the attacks of the curse.

Just as Chen Xiang was feeling extremely anxious, the huge mountain underneath his feet suddenly trembled!

They were worried that they would be affected by the explosion, and more or less, all of them guessed that this group of red-clothed old men would not honestly fight against Chen Xiang.

"What's going on?" Jia Gangyi, who was still lying on the ground, frowned and asked as he felt the mountain shake violently.

"I don't know, we're going to succeed soon." A red-clothed old man was extremely excited. If they succeeded, the Wudao spiritual Dan would be theirs.

Chen Xiang was still screaming. That painful sound was too scary, but hearing it made Chen Xiang feel extremely uncomfortable.

Everyone was focused on Chen Xiang, who was enduring the incomparable pain. None of them had any sympathy for him since Chen Xiang had the Wudao spiritual Dan but he didn't give it to them!

Just as everyone was secretly enjoying the scene, a deafening voice rumbled through the air like a thunderclap.

"I'm here!"

This was Ji Xingyuan's voice!

When Ji Xingyuan's voice came out, everyone was able to guess that Ji Xingyuan had broken through!

When they thought of this matter, their faces were filled with jealousy and hatred! They had been trapped here for so many years, but now Ji Xingyuan wanted to break through and leave this damned place!

After Ji Xingyuan's voice was heard, he suddenly appeared behind a red-clothed elderly man.

"Behind you!" Jia Gangyi shouted in alarm, but it was already too late. He only saw Ji Xingyuan's hands suddenly stab into the red-clothed old man's back, and then, alive, he tore the red-clothed old man into two halves.

After getting rid of the red robed old man, Ji Xingyuan's arm was like a blade as it slashed towards the other two red robed old men. His arm released a burst of golden energy that was extremely berserk and terrifying, when it struck the two red robed old men's bodies, it brought along an explosive shockwave, directly slashing a large portion of their bodies into bloody mist.

"It's the World Defying Stage Fierce Power!" Chen Xiang was shocked. At this time, he had already relaxed a lot and the force that caused him so much pain in his head had already disappeared.

Ji Xingyuan's body shone with a golden light, he looked at the dozen or so elders who were fleeing far away, then shouted loudly, rushed forward with a palm strike, causing his palm to fly forward like a thunderbolt, the dozen or so elders felt as though their backs were struck by a gigantic hammer, causing their backs to split open.

Ji Xingyuan made two more palm strikes, the palm force that was filled with limitless power rushed forward, the ten over elders were enveloped by the palm force again, their bodies immediately split into pieces!

The people who had been observing from afar had already run far away. They were running at the fastest speed ever!

"Uncle!" Chen Xiang saw that Ji Xingyuan was floating up bit by bit, and anxiously shouted.

"I have already successfully broken through, Chen Xiang, thank you very much, if not I would not know how long I would have to stay here!" Ji Xingyuan said with a smile on his face, "You are a person with great potential. We will definitely meet again in the future. Goodbye!"

"Take care!" Chen Xiang shouted to Ji Xingyuan who was floating in the sky, "Give my regards to Old Wang!"

[Chapter 3128](#)

After Ji Xingyuan floated high up in the sky, a very small black hole appeared there. Ji Xingyuan was sucked into the black hole and disappeared.

Chen Xiang heaved a sigh of relief, looked around, there were still a lot of people here, but now only he and Jia Gangyi was left!

"You're pretty lucky, you can live longer than your companions." Chen Xiang chuckled, "Furthermore, they will also be able to see uncle make a breakthrough and head towards the Myriad Tao. They won't have the chance to witness that."

"You ..." Jia Gangyi didn't know what to say at this time. He knew Chen Xiang's methods, and no one could save him now. The strongest group of people in this place had already been killed by Ji Xingyuan.

Jia Gangyi saw Ji Xingyuan's strength, but after breaking through, he was actually so powerful, and when he killed them, it was as easy as killing a chicken. When he thought about this, he became even more furious, because the one who broke through was not him.

Incomparable jealousy drove him mad. He roared, howled, vented out the jealousy and hatred that had been suppressed in his heart, and the endless fear that the impending death would bring him.

When Jia Gangyi roared, he could not help but spurt out a mouthful of blood in the air!

Chen Xiang took out the Heavenly magic sword!

Jia Gangyi finally saw Chen Xiang's Heavenly magic sword. They had previously believed that Chen Xiang's Heavenly magic sword could no longer be used, but now they seemed to have guessed wrongly that Chen Xiang's Heavenly magic sword could still be used. It was just that Chen Xiang had purposely hidden himself to delay time.

"Don't worry. After you die, your corpse will have a good home to return to. I will feed your corpse to the toad." When Chen Xiang finished, he waved his Heavenly magic sword and cut off Jia Gangyi's head, then threw the corpse to the toad to eat.

Finally, everything came to an end. Chen Xiang immediately ran to a place very close to the dark area where he could hide.

"All of this went well!" Chen Xiang looked up into the sky and couldn't help but say with a sigh, "Uncle finally succeeded. I hope he can live a better life with Half-ghost Old Man."

Thinking about Myriad Tao Dan God's death, Chen Xiang couldn't help but feel sad.

"Myriad Tao Dan God, after I go up, I will definitely avenge you." Chen Xiang secretly swore in his heart, and then started to rest.

When he had been attacked by the curse earlier, it had consumed a great deal of his mental energy. Now that it was over, he only felt exhausted. He only wanted to have a good rest and nothing more.

He rested for several days before he regained his spirit!

"It's time to go back!" Chen Xiang still had many enemies to deal with outside, so the people and Heaven Old Orcs were very strong.

Now that he had cultivated successfully in the No Tao Place, his strength had advanced by leaps and bounds. He felt that after going up there, the people of the World Defying Stage Clan would no longer be able to deal with him, unlike before, where he had to hide from the people of the World Defying Stage Clan.

"World Defying Stage Clan, just you wait. After I go back, I'll let you experience my power first." Chen Xiang entered the dark region; he previously came from here, but it's unknown if the way back is blocked. If it's blocked, then he might have to think of another way to return.

After walking in the dark for a few days, Chen Xiang finally found the crack in the ground. However, this crack was already extremely small, and was still shrinking bit by bit.

"We can still make it. If we're any slower, we might not be able to make it back." Chen Xiang walked to the bottom of the crevice and then floated upwards. The purple mist underneath had already disappeared.

"If you go up, that would be where the Heaven Old Orcs is. You need to be careful." Feng Ke'er said.

"Hmm, I just wonder how the upper management is doing now." Chen Xiang was a little worried about the Natural Law World.

Although the Natural Law World wasn't together with the Divine Wasteland, there were still people who were able to go to the Divine Wasteland.

When he was floating upwards, Chen Xiang finally saw the light after a few days of darkness. He returned to the Divine Wasteland from his new life.

"Is this still the Myriad Tao Forest?" When Chen Xiang arrived in the air, he looked down at the large forest.

Previously, this place had been ravaged by a large group of Heaven Old Orcs, but it had already become extremely desolate.

There were people in the Heaven Old Orcs who knew what to plant. Chen Cai had told him before, so he didn't know the purpose of growing these plants.

"If I am able to use the World Defying Stage Divine Power in combination with my immortal body, my strength is already extremely terrifying." Chen Xiang felt that if he were to face the Heaven Old Orc Emperor again, he would definitely not be in such a sorry state.

Chen Xiang rode on the Six Realms mirrors and used the Counter Power to carefully fly above the forest.

He was still a little worried about meeting the Heaven Old Orcs, since this was the lair of the Heaven Old Orcs. If he caused too much of a commotion, it would attract a large number of Heaven Old Orcs.

"Aren't we teleported back to the Dan God Mysterious Land?" Feng Ke'er asked.

"This place is a little strange. I'll check it out first, this place doesn't look like a place where barbaric things like the Heaven Old Orcs gather."

Chen Xiang flew in the sky and looked down. It was extremely beautiful below him, whether it was the jade-green Evergreen Tree or the lush green sea of the prairie. Many rivers flowed across the forest and under the light of the sun, the sparkling water emitted a golden radiance, looking extremely beautiful.

After Chen Xiang flew down, he could see groups of birds chirping as they flew past. On the grassland below, there were groups of ferocious beasts running around.

"Is this really the Divine Wasteland? Am I out of the way? " Chen Xiang tried it, and since it was still normal teleportation, it should be the Divine Wasteland that he was familiar with, but this Myriad Tao Forest shouldn't be like this.

After flying for less than half a day, the Myriad Tao Forest had undergone an earth-shattering change. He suspected that he had left this place for too long, otherwise there wouldn't have been such a huge change.

"Let me see if I can enter the Six Realms Time and Space Door." Chen Xiang took out the Six Realms mirrors, and looked at the familiar faces. They were all in good condition, and this allowed him to confirm that they were Divine Wasteland.

"Look to see if Murong Honglian is here." Chen Xiang's heart moved, he only saw Murong Honglian appearing inside the Six Realms mirrors, and when he saw Murong Honglian, he couldn't help but be startled. Murong Honglian was bathing in a hot water pond, and had even walked in from the pond.

Murong Honglian's body was seen clearly by Chen Xiang, and he couldn't help but swallow his saliva!

"Scoundrel!" Feng Ke'er laughed.

Chen Xiang anxiously kept the Six Realms mirrors away, and after a while, he took it out again. By now, Murong Honglian was already dressed.

"Little Red Lotus." Only then did Chen Xiang dare to send a sound transmission to Murong Honglian. Otherwise, if Murong Honglian knew about that, he would definitely be scolded.

"Chen Xiang, where did you go?" The last time she had parted ways with her master and with Chen Xiang, she had never contacted Chen Xiang again. She had been waiting for Chen Xiang for a very long time.

"I was chased by the Heaven Old Orc Emperor and fell into a damned place. Now, I've finally escaped." Chen Xiang sighed: "What is going on with the Divine Wasteland? How long have I been gone? Why do I feel like there's a big change here! "

[Chapter 3129](#)

Murong Honglian only knew that Chen Xiang had gone to the Myriad Tao Forest, but she did not know the rest. Now that she found out that Chen Xiang had actually been chased around by the Heaven Old Orc Emperor, she couldn't help but be worried.

"Heaven Old Orc Emperor is very powerful, you were able to escape his pursuit, you are truly powerful!" Murong Honglian exclaimed: "After you and I parted ways, you have already followed us for more than three years!"

"It's been three years!" Chen Xiang was a little surprised, but luckily it was not for a long time. He thought that the time inside the No Tao Place was the same as the time they were here, but it seemed that there were still quite a few differences.

"How is Heaven Old Orcs now? This group of people broke the seal and ran out, there's no chaos here right? " Chen Xiang was still in the Myriad Tao Forest at the moment. The scenery in the Myriad Tao Forest was not bad and there was no damage done, and to be able to become like this in three years was already very rare. There must be some kind of powerful force changing this place, otherwise there wouldn't be such a huge change.

Murong Honglian said: "After Heaven Old Orcs came out, they went everywhere to eat people, but it only lasted for half a year, and for some reason, they suddenly became well-behaved, and then a group of self-proclaimed Heaven Old Divine Race appeared, with extremely powerful strength. They teamed up with the World Defying Stage Clan, and wanted to subdue and conquer the Heaven Old Orc Emperor."

"Heaven Old Divine Race!" After Chen Xiang heard it, he could not help but think deeply. The sudden appearance of the Heaven Old Orcs and the Heaven Old Orcs was not a coincidence, they were all just people ...

"Yes, they are very strong, they should be humans. Although World Defying Stage Clan has a good relationship with them on the surface, they are actually following their orders." Murong Honglian said: "But what's strange is that they do not plan to find trouble with Heaven Old Orcs at the moment, but rather recruit warriors from all over, and say that they are going to war with a place called Natural Law World. They say that it is the holy land of the Heaven Old Orcs, a place where evil breeds!"

"What?" Chen Xiang was shocked, and shouted angrily: "This group of bastards ... It must be done by the World Defying Stage Clan! "

The one behind the Myriad Tao Divine Mountain was the World Defying Stage Clan, and the Myriad Tao Divine Mountain had been holding them in, so they suspected that Chen Xiang was secretly affecting the Natural Law World. That was why the people inside the Natural Law World were developing so quickly, and why they placed their attention on the Natural Law World after the World Defying Stage Clan found out about this.

They truly hated Chen Xiang to the bones. Now that Chen Xiang had disappeared for a few years, they had no way of taking revenge on him, and could only vent their anger on him, and furthermore, they had joined hands with the extremely powerful Heaven Old Divine Race.

"What's wrong?" Seeing Chen Xiang so angry, Murong Honglian immediately asked.

"It's nothing, this group of bastards!" Natural Law World is the world I was born in, don't you know? There are my family and friends in there. " Chen Xiang said: "They want to use this to threaten me."

"So that's how it is. No wonder they value it so much." Murong Honglian finally understood that she had a lot of doubts about this matter.

"How is your master now?" Chen Xiang asked, now he was prepared to head to Dan God Mysterious Land and tell Lv Qilian and the others about this matter.

"He has already recovered. He's in seclusion concocting pills." Murong Honglian said: "He is trying to refine a type of pill that will make the body of the World Defying Stage stronger, and the material is from the Heaven Old Orcs. If successful, he only needs to eat this pill, and he will be as strong as the Heaven Old Orcs."

"That's good. I have to go back quickly!" Do you know when Heaven Old Divine Race and World Defying Stage Clan are going to make their move? " Chen Xiang asked.

"Right now, they are only just beginning to recruit people. I don't know when they will begin!" Murong Honglian said: "I will go out and investigate, when that time comes, just contact me."

"Alright, then I'll be troubling you!" Chen Xiang nodded, then returned to the Dan God Mysterious Land.

Chen Xiang teleported back to Dan God Mysterious Land, and when he arrived there, he couldn't help but be shocked!

Previously, the Dan God Mysterious Land was empty and only had a few people from the World Defying Stage, who were the only ones there. But now, it had become very lively, and had turned into a city!

"What's going on?" Chen Xiang took out the Six Realms mirrors and tested it out. Soon enough, he saw Long Jiuxiao.

"Senior Ninedust." Chen Xiang asked: "Why did you come to Dan God Mysterious Land?"

After he confirmed Long Jiuxiao's location, he teleported over to the hall where he was waiting. When he arrived, he saw World Defying Stage Tao Ancestor and the others.

They were slightly shocked when they saw Chen Xiang had arrived before them, and then greeted him with a smile. They were also quite worried about the time that Chen Xiang had gone missing.

Qilian, you guys are here too. Chen Xiang saw that Lv Qilian and Long Huishan were also there.

"Hundreds of Flowers Village and Heavenly Dragon City have moved in here! Now, Heaven Old Divine Race and the World Defying Stage Clan are preparing to attack the Natural Law World." Lv Qilian asked: "Where have you been all these years that you've been missing?"

"I went to a mysterious place. I didn't stay there for long." Chen Xiang laughed: "It's good that everyone is fine now, I've just returned and heard about the matter of the Heaven Old Divine Race."

"Actually, we have enough strength to fight against them, but the result is only mutual damage. Right now, we only want stability, so we don't want to waste our efforts on them. After a while, I will break the communication between Dan God Mysterious Land and them." The World Defying Stage Tao Ancestor asked: "Chen Xiang, you and the Natural Law World have some connections, what do you plan to do now?"

Chen Xiang frowned, and asked: "How much do you know about Heaven Old Divine Race?"

Everyone looked at World Defying Stage Tao Ancestor. The only one who knew that there were many things here was the World Defying Stage Tao Ancestor.

World Defying Stage Tao Ancestor shook his head: "I don't know much, I only know that they are of the same origin as Heaven Old Orcs and that they have a certain degree of bloodline relationship with each other. Furthermore, their strengths are very strong. Oh right, they are the more overbearing kind of people, this point will be a little similar to Heaven Old Orcs."

"I keep having the feeling that the Natural Law World is hiding something. On one hand, they are going to the Natural Law World to ask for the other two, and on the other hand, they should be looking for something." Chen Xiang said: "If we are only going to deal with Hundreds of Flowers Village and the Heavenly Dragon City, just the World Defying Stage Clan and the people from the Heaven Old Divine Race would be enough. But right now, they are still planning to recruit a large group of people to the Natural Law World."

"This is obviously to send this group of people to their deaths and help them search for something in some dangerous places."

World Defying Stage Tao Ancestor shook his head and said, "We are all very familiar with Natural Law World ... You yourself are the same, what do you think the Natural Law World will hide? "

[Chapter 3130](#)

Chen Xiang was currently the equivalent of a manager of the Natural Law World, but he truly did not know much about the Natural Law World. He shook his head, "I don't know yet, but I might need to do some things to investigate the Natural Law World."

"If you are able to discover something from the Natural Law World, you must tell us as soon as possible so that we can make a plan in time, and then head to the Natural Law World to stop them." Lv Qilian replied, "Natural Law World isn't a big place. I've been looking around for a long time now, but I still haven't found a place to hide anything." Long Huishan said. She possessed the Ice Dragon Blood Veins, and had even been to the Core of the Earth many times.

"I'm not sure either. I just sensed that the Heaven Old Divine Race would not go to the Natural Law World because of this sort of thing. But right now, only the Heaven Old Divine Race has the ability to open a passage and head to the Natural Law World." Chen Xiang said: "Let's talk about this after I investigate more about it. I need to find a friend and ask him about some things related to the Heaven Old Divine Race."

"Alright, then let's continue discussing our matters and wait for your news." Long Jiuxiao said.

"Don't break the bridge between Dan God Mysterious Land and us. We might have to go back in the future." After Chen Xiang finished speaking, he quickly teleported away.

Heavenly Dragon City and Hundreds of Flowers Village had already been moved to the Dan God Mysterious Land and he heaved a sigh of relief.

"Do you want to go see Natural Law World yourself?" Feng Ke'er said: "Don't you only need to close your eyes to see what's inside Natural Law World?"

"That's right, that's not bad, but I can't see it clearly, and my perception of Qi isn't very clear either. I plan to make a trip to Natural Law World!" Chen Xiang had already arrived at the Divine Wasteland.

The Dan God Mysterious Land was hidden in an independent space. This space was built by the Myriad Tao Dan God, it was not easy to enter, and it would be extremely difficult to destroy it.

After Chen Xiang took out the Six Realms mirrors, through the special ability of the square boulder, he immediately saw Chen Cai.

At this time, Chen Cai was on the main street holding a skewer in his hand. He was eating it while smiling mischievously, looking like he was extremely happy.

"A twirl of a beard!" Chen Xiang shouted, he did not expect this fellow to still be so relaxed.

"Shen ... Chen Xiang! " When Chen Cai heard Chen Xiang's voice resounding in his mind, he was extremely shocked: "I thought you had died!"

"I have a tough life. Even if you die ten times, I still won't die once. I'll go find you right now!" After Chen Xiang confirmed Chen Cai's location with the Six Realms mirrors, he quietly teleported to the city that Chen Cai was in before running to his side.

His Six Realms mirrors could only lock onto the location of his acquaintances. If he could communicate with his acquaintances, it would be useless against strangers or even his enemies. He did not know why.

It was too easy for Chen Xiang to find him. Even if he could teleport, he had to at least ascertain his position no matter what.

"You, where have you been dying these past few years?" I've been looking for you! " Chen Cai took out a few skewers of meat and gave it to Chen Xiang, saying: "Eat, I just bought it not long ago, it's still warm."

Chen Xiang finished it in a few bites, and praised again and again: "What meat is this? Not bad! "

"Of course, the meat of a savage beast from ancient times isn't bad. It's expensive." Chen Cai laughed: "Come, I will bring you to drink alone."

"You actually learned how to drink!" Chen Xiang laughed with some surprise: "You're acting more and more like a human now, your days aren't bad!"

"Of course, I'm not as stupid as those guys." Chen Cai was referring to the Heaven Old Orcs, he felt that if the Heaven Old Orcs didn't come to the human world to enjoy, it would be a waste of his life.

Chen Cai brought Chen Xiang to a hotel and asked for a private room. From the private room, they saw a river and the scenery was pretty good.

"Have you heard of No Tao Place?" Chen Xiang asked.

"No Tao Place? I didn't hear of it. Is this the place you've been going to for the past few years? " Chen Cai looked at Chen Xiang, and then pinched Chen Xiang's shoulder, and immediately became shocked: "You have become so powerful!"

Chen Xiang's improvement was only an increase in his physical body. If he did not go and touch it, it was simply impossible to know that he would have such a huge breakthrough.

"Yes, I have cultivated for many years." Chen Xiang chuckled, and then explained the No Tao Place to Chen Cai, shocking him quite a bit.

"What an eye-opener! There's actually such a strange place?" Chen Cai sighed: "Doesn't this mean that your body is very strong?"

"It should be. At least right now, if we meet with Heaven Old Orc Emperor, we won't be as bedraggled as before." Chen Xiang drank a cup of wine, then asked seriously, "You should have a very good understanding of Heaven Old Divine Race, right?"

When he mentioned the Heaven Old Divine Race, Chen Cai's expression couldn't help but change, becoming serious as he sighed.

"I didn't want to say this, but who told you to be my only friend? I'll tell you! " After Chen Cai finished speaking, his serious face revealed a smile again: "Correction, I should have two friends, and Xiao Ke'er this little girl!"

Feng Ke'er immediately came out from the You Yao Mountain Villa and laughed: "You twerp, I thought you had forgotten about me!"

Feng Ke'er was also eating the dishes on the table. Even though she was just a little girl, she had a lot of food and could not stop.

"What is the background of the Heaven Old Divine Race?" Chen Xiang asked: "This seems to be related to your secret!"

"Do you know why I am an oddity of the Heaven Old Orcs?" Chen Cai asked.

"How would I know that you're a weirdo?" Chen Xiang curled his lips: "Hurry up and say it, don't keep me guessing!"

Chen Xiang was extremely curious!

"This is mainly because I am a descendant of the Heaven Old Divine Race and the Heaven Old Orcs." Chen Cai said: "This has also caused me to be mocked since I was young!"

"AA
HHHH!" I thought Heaven Old Orcs was born from a Heaven Old Divine Race or an ancient beast. "Feng
Ke'er said: "Looks like I guessed wrong."

"Little girl ..." This kind of thing is also possible. Let's not talk about this for now! " Chen Cai sighed: "My mother is Heaven Old Orcs, my father is Heaven Old Divine Race! In a situation like mine, not only will Heaven Old Divine Race not accept it, they will even kill me. In their eyes, I have tarnished the existence of their Heaven Old Divine Race bloodline, because that's why my parents were killed. "

"Truly pitiful... "Then which side killed them?" Feng Ke'er said.

"I was killed by Heaven Old Divine Race. Actually, Heaven Old Orcs doesn't care about this, which is why I grew up together with him." Chen Cai said, "Fortunately, I still have a bit of skill and inherited a bit of my father's memories, so I am able to have a good understanding of artifact forging."
