

Dan God 3151

[Chapter 3151](#)

Seeing that the other party was still not giving up, Chen Xiang gritted his teeth and released a person from the Six Realms mirrors!

This person was also from Heaven Old Divine Race, and was precisely the Shi Songkang who was poisoned by the Wangwo scent that he used previously. After Shi Songkang came out, she immediately told him that as long as he killed those two, he would be given a large number of Wangwo scent.

Of course, in order to allow Shi Songkang to focus on fighting, he gave Shi Songkang a sniff of the Wangwo scent, and that was just to let him feel comfortable for a short period of time.

Chen Xiang purposely starved for a while because he wanted Shi Songkang to experience his power. Shi Songkang only needed a short period of time to be tortured to death by the Wangwo poison, and now that he came out, he became very obedient. Even though he was of the same kind, his face was still filled with killing intent. Because only by killing these two people would he be able to obtain the Wangwo scent that would let him feel comfortable.

When Chen Xiang saw the killing intent on Shi Songkang's face, his heart skipped a beat, because his method already had an effect, and the result was very good. Shi Songkang had already started to be of the elementary level, fighting against the two Heaven Old Divine Race people.

Chen Xiang did not run, because he wanted to find an opportunity to launch a sneak attack!

"Shi Songkang, are you crazy?! It's us!"

"What the hell is going on?"

"Hurry up and tell us, you have violated the clan rules, and will make your life worse than death!"

The words "better than death" stung Shi Songkang, because he was feeling worse than death right now. Chen Xiang's Wangwo scent tormented him until he felt worse than death, causing him to be even more furious.

"I am already suffering a fate worse than death, yet you still want us to suffer a fate worse than death. The reason for my death is all because of you bastards, I want to kill you all, I want to destroy the entire Heaven Old Divine Race." Shi Songkang was currently filled with killing intent, his face was filled with rage, his expression was sinister, his hands continued to wave, releasing balls of mountain-like golden light balls, frantically attacking the two Heaven Old Divine Race people.

Chen Xiang watched the battle from afar. He never thought that Shi Songkang would actually be so strong, to actually be able to handle the two Heaven Old Divine Race people by himself.

"Fortunately, I can use the Wangwo scent to control this guy. Otherwise, I wouldn't know how the Natural Law World would act so recklessly." Chen Xiang heaved a sigh of relief.

Shi Songkang's current strength was much stronger than before, which Chen Xiang did not know, because Chen Xiang did not know of Shi Songkang's true strength, but the two Heaven Old Divine Race

who were fighting with Shi Songkang were able to do it. Shi Songkang's sudden increase in strength by so much made them extremely shocked and jealous.

But, Shi Songkang had suddenly become so much stronger, which made them feel that it was unbelievable.

"Shi Songkang, how did you suddenly become so strong, with such a secret technique that increases your strength so quickly, you did not report it to the clan, and now you still dare to go against us, you are truly bold." A Heaven Old Divine Race man said angrily.

Only now did he know that Shi Songkang had become much stronger. He immediately thought that this must be related to the large number of Wangwo poison, and the people inside the Forget-me Divine Race previously used Wangwo poison to quickly increase his own strength.

But now, after Shi Songkang had been used by him in such a large number of Wangwo scent, he had improved so much.

"Wangwo scent can indeed stimulate more potential, and Shi Songkang himself already has many potential that he has not developed yet. But now, after being used by me, in order to alleviate the pain, he has to enjoy that wonderful feeling, so he has to desperately defeat these two people, and then, he will be able to unleash his potential."

Chen Xiang speculated that the Wangwo scent was indeed a type of extremely miraculous poison that could actually strengthen one's body quickly.

Of course, he would not try.

Shi Songkang was doing his best to fight right now, all of these Heaven Old Divine Race people could use the extremely powerful World Defying Stage Fierce Power, and it was just that not long after the battle started, it was as though the world was being destroyed. The mountain range that was initially in good condition, had been turned upside down, and many huge mountains had been flattened.

"This won't do. We are simply no match for this madman. He looks like he's gone mad and has already lost his rationality. He is willing to ignore everything for the sake of victory. He doesn't even care about his own life. We can't even beat him." A Heaven Old Divine Race man said.

That was why they were unable to defeat Shi Songkang. Under the effects of the Wangwo scent, Shi Songkang had already improved a lot, and now that he had become such a madman, everyone felt afraid.

"Let's go back to report now and let the clan elders settle this issue. They will definitely be very interested in such a thing, because Shi Songkang's strength has suddenly increased by so much, this is something that we have been pursuing the entire time."

"Yes, let's go!"

Seeing that they were about to leave, Chen Xiang obviously could not let them go!

He was chased by these two Heaven Old Divine Race Cultivators before, so he didn't give them a very strong feeling, otherwise they wouldn't have run for their lives.

Chen Xiang had always been prepared, waiting for the right opportunity to attack. Now that he saw the two trying to escape, how could he let them go?

He immediately threw out the black whip, which flew out and tied the two of them up.

The black whips could not bind the people of Heaven Old Divine Race because they would turn into light and escape.

However, it was enough to make them pause for a while. Just as they stopped, Shi Songkang also had a chance to attack. Using his fastest speed, he rushed over and struck a Heaven Old Divine Race disciple in the chest with his palm.

The palm force formed by the World Defying Stage Fierce Power struck the Heaven Old Divine Race disciple like a monstrous wave, sending him flying through the air as he vomited blood. Chen Xiang immediately teleported over and stabbed the Heavenly magic sword in the back, killing the Heaven Old Divine Race disciple and throwing him into the Tianchuang furnace s.

After killing the spirit beast, he quickly returned to the Six Realms mirrors. At this time, Shi Songkang slammed the other Heaven Old Divine Race disciple to the ground and then fiercely punched out, turning the Heaven Old Divine Race disciple into a meat patty.

Chen Xiang quickly stored the body inside the Tianchuang furnace, because there was a World Defying mad source bead inside the corpse, it was a good thing.

"Well done, come in." Only after Chen Xiang entered the Six Realms mirrors did he heave a sigh of relief. He was still worried that Shi Songkang would not be controlled, but he didn't expect that it would actually be so bad.

After Shi Songkang entered a space inside the Six Realms mirrors, Chen Xiang immediately released a large number of Wangwo scent s, allowing Shi Songkang to absorb them!

He had also obtained two World Defying mad source bead s, which made Chen Xiang extremely happy, as he had only been invited to deliver them to his doorstep.

"These guys really know how to court death." Chen Xiang chuckled and looked at the Green giant worm above the Six Realms mirrors. At this time, the green fog started to leak out again, he immediately controlled the Six Realms mirrors to hide, and then absorbed the green fog.

"I have to be careful now." Chen Xiang was sure that the people of Heaven Old Divine Race had a way to find the Heaven Old Super Beast King.

[Chapter 3152](#)

Chen Xiang, who was absorbing the green mist, wondered if the Primordial God King he met before was like this gorilla, becoming like this after devouring the Myriad Tao's origin. If he was found by the people from the Heaven Old Divine Race, he would be in great danger.

"No, I have to go find that guy. Heaven Old Divine Race must have a way to find him." Chen Xiang rummaged through the Tianchuang furnace s. Its corpse had already been burnt to ashes but there were still a lot of things.

He quickly found a disk. There were three dots of light on it, one white and the other two green. He noticed that the white and green dots were overlapping.

After he left the Six Realms mirrors with the plate, he realized that the white light was moving!

"The white light spot is me, and the green light spot is Heaven Old Super Beast King. Just now, they overlapped each other because I was with Heaven Old Super Beast King, and the other green light spot should be the one I released. He hasn't moved, could it be that he has already become a Green giant worm?" Chen Xiang immediately controlled the Six Realms mirrors and flew in that direction.

Right now, he couldn't care about absorbing the green mist coming from the Green giant worm. He wanted to save the other Heaven Old Super Beast King immediately, otherwise he would be killed by him.

Several hours later, Chen Xiang arrived at the surface of a huge lake.

"Below, this guy really knows how to hide. It's just that he was discovered by the tools refined by the Heaven Old Divine Race." Chen Xiang immediately dived into the lake and quickly saw the huge cocoon that was releasing the green mist.

"Fortunately, the Heaven Old Divine Race did not find him first."

Just like this, another giant pupa appeared on top of Chen Xiang's Six Realms mirrors, which would release green mist at night.

He stayed far away from the lake, suspended in the air, and then absorbed the green mist released by the two Green giant worm.

"It feels good to be able to absorb so much in one go." In one night, Chen Xiang increased his World Defying Stage Fierce Power by even more.

"This guy has really wasted a lot of time." Feng Ke'er said: "That lake has been changed by the World Defying Stage Fierce Power that he released, especially the water beasts in the lake."

"Fortunately, I was able to get here in time and was not found by the Heaven Old Divine Race." Chen Xiang laughed, "This guy should be the first one to wake up. It's just that I don't know how long it will take."

"Oh yeah, you can use the Time Domain to help them move faster." Feng Ke'er said: "Why didn't you think of that before?"

"This... "Because I can't use the power of space with them, I feel that I can't use the power of time either, so I don't have that kind of thought anymore. Now that you put it this way, we can try it when the time comes." Chen Xiang patted his head and said.

"They are currently inside the Green giant worm, they must be digesting the Myriad Tao's energy. This will take a long time, you can't continue waiting like this, who knows how many more people Heaven Old Divine Race will send to chase after them." Feng Ke'er said: "When the time comes for you to deal with them, it will only become more and more difficult, they have already lost two Heaven Old Divine Race people, this kind of thing is enough to garner the greatest attention in the Heaven Old Divine Race."

"I know! I'll try and see if I can use the power of time to help them increase their speed. "

This kind of Green giant worm actually did not reject the power of time, and previously, he was unable to use the power of space on the Green giant worm.

"Let's do it together, dual Time Domain." Chen Xiang's dual Time Domain could be used to increase the speed by many times. Outside for one day, the Time Domain would be in for thirty months.

Although he wanted to absorb the green mist that contained the World Defying Stage Fierce Power, he did not have the chance to do so right now. The Heaven Old Divine Race was on his way, and he had to wake up a Heaven Old Super Beast King to save his life.

"So fast!" After sensing the two auras, Chen Xiang immediately controlled the Six Realms mirrors to fly.

He did not plan to let Shi Songkang go out and fight, because he was worried that Shi Songkang would be injured, the two Heaven Old Divine Race people looked to be powerful, if there was another wave of them during the battle, even Shi Songkang would not be able to handle them, and he would have lost the general, and Shi Songkang was still rather useful to him now.

Chen Xiang, who was constantly controlling the Six Realms mirrors to fly at high speeds, also unceasingly released double Time Domain to speed up the time. This way, he would be able to gain a lot of time while he hid.

After a few days, he suddenly saw one of the Green giant worm starting to tremble.

"Are they coming out?" Chen Xiang immediately retracted the power of time from the Green giant worm.

When the Green giant worm trembled, its surface suddenly cracked open, and a white light shone out from within.

With a "hua la" sound, an item ran out from inside, as if something had suddenly popped out of water. Chen Xiang looked up at the sky and saw a pure white young man wearing a set of green clothes.

"Thank you, brother." The young lad smiled lightly at Chen Xiang, then rushed towards the two Heaven Old Divine Race men who were chasing after him.

"It's the Heaven Old Super Beast King. He has successfully refined the Myriad Tao's Origin. Let's go!" Heaven Old Super Beast King was still unable to confirm it just now, but after Heaven Old Super Beast King arrived, they could then confirm it. However, it was already too late.

"No need to leave, because you won't be able to." The green clothed man sneered, he waved his sleeves and released a green light, the green light formed a huge net, surrounding the two Heaven Old Divine Race people.

When Chen Xiang saw that the two Heaven Old Divine Race Cultivators were trapped in the net, they immediately turned into white light. He wanted to use this method to escape, but he did not succeed, which caused Chen Xiang to be extremely surprised.

"What is it?" If my Black Edge was also able to do this, I would be able to deal with the people of Heaven Old Divine Race. " Chen Xiang looked at the green clothed man, planning to ask him about it later.

After the green clothed man caught the two Heaven Old Divine Race people, he dragged them over, because a hand was like lightning as he stabbed into the hearts of the two people and pulled out the World Defying mad source beads from their hearts.

"This is for you." With a flash, the green robed man arrived beside Chen Xiang and passed the two World Defying mad source beads that were trembling to him.

The World Defying mad source bead was very irritable, but the green clothed man could easily catch it, which made Chen Xiang impressed.

"You're so strong." Chen Xiang exclaimed: "Is this how you were originally supposed to look like?"

"Yes, we are humans to begin with!" The green clothed man looked at the other Green giant worm and said: "Did he tell you a lot of things about us?"

"Not too much, just a general idea." Chen Xiang threw the two World Defying mad source beads inside.

"That's good!" The green clothed man nodded his head, then touched the Green giant worm and laughed: "He is a little weaker than me, but that is not bad too. To be able to meet with his own kind back then, is a very happy thing."

...

[Chapter 3153](#)

When Chen Xiang met such a powerful fellow, he could be considered relieved. At least, he wouldn't need to worry about being chased by the Heaven Old Divine Race anymore.

"Little brother, how should I address you?" Last time, Chen Xiang brought him here from Natural Law World, if not he would not know when he would be able to find the source of the Myriad Tao.

"Chen Xiang, what about you, big brother?" Chen Xiang said.

"Song Yichen... "Oh right, how did you meet him?" Song Yichen patted the Green giant worm, he did not expect Chen Xiang to meet another Heaven Old Super Beast King after him.

& Chen Xiang was pleasantly surprised when he told Song Yichen about opening the Heaven Old Super Realm passage.

"Brother Song, you seem to be very happy." Chen Xiang asked.

"Mn, because this way I can return to the Heaven Old Super Realm." Song Yichen laughed: "That is my homeland. Although it is filled with miasma now, it is still my home. I need to go back and clean it up."

Chen Xiang looked at the Green giant worm at his side. The gorilla seemed to not want to go back, but Song Yichen wanted to go back.

"He doesn't seem to want to go back. Is there something very scary in there?" Chen Xiang asked.

"It's not very scary... The reason why we could become Tiangu beasts, was because the Heaven Old Divine Race was obstructing us from doing so. We have already been in beast form for many years and are extremely afraid of it, so we do not wish to return to that place." Song Yichen sighed: "But by

causing us to become like this, we can't let Heaven Old Divine Race go. Before, when he didn't want to go back, he felt that he would be very helpless in the face of all this by himself.

"If that's the case, then that's great, the one who made the Heaven Old Super Realm so smelly should be the Heaven Old Divine Race." Chen Xiang said: "Is the Heaven Old Divine Race very powerful in the Heaven Old Super Realm?"

"Yes, they are the most powerful ones in Heaven Old Super Realm. If they were to turn other races into beasts and not beasts, this world of Myriad Tao would probably become like that in the future." When Song Yichen recalled the evil deeds that the Heaven Old Divine Race had done, he became incomparably furious.

"I can't let them succeed here." Chen Xiang knew from the beginning that the Heaven Old Divine Race was not a good place.

Song Yichen nodded: "I will help you. Heaven Old Divine Race and the others very much need Myriad Tao Divine Soil ... The reason they used such a method on us in the Heaven Old Super Realm was also to obtain the Myriad Tao Divine Soil! "

Otherwise, they wouldn't need to open up a path for the Tiangu beast to enter this place for them to hunt. I have already been clueless about the matters of the Heaven Old Super Realm for many years, and don't know about the situation in the Heaven Old Super Realm.

Chen Xiang thought about it, and felt that it was possible.

"Brother Song, I heard that there are a lot of sources of Myriad Tao here, can you bring me to find one? I feel that if I devour one, I would become even stronger." said. Previously, he was absorbing the green miasma on the Green giant worm's surface to cultivate his World Defying Stage Fierce Power.

"This is not a problem. I've said that I would repay you, so I'll bring you to find him now. This is not a difficult matter." Song Yichen laughed and then, he began to direct the way for Chen Xiang to control the Six Realms mirrors and allow it to fly.

During the flight, Chen Xiang asked Song Yichen about matters related to the Heaven Old Super Realm.

"Is the Heaven Old Super Realm in a world above the Myriad Tao?" Chen Xiang asked.

"It can be said that it is, but it can also be said that it is not. The existence of the Heaven Old Super Realm is extremely special ... This is because the Heaven Old Super Realm needs to absorb the energy from the Myriad Tao world and at the same time, absorb the World Defying Stage Fierce Power above the Myriad Tao s to maintain it. It is between the two of them. Song Yichen looked forward, then looked at the Green giant worm.

"The Myriad Tao's origin ability can make us stronger, and when we become stronger, we will undergo a transformation, allowing us to get rid of this evil power that can turn us into Evil beast."

The Heaven Old Super Realm and the Myriad Tao world were inextricably linked!

"Heaven Old Super Realm has always been in a mess, there are many powerful humans or beasts in there, most of these fellows came from above Myriad Tao."

After Chen Xiang heard it, his eyes brightened and he asked: "You can go to the Heaven Old Super Realm from above the Myriad Tao?"

Song Yichen nodded his head: "Yes, it isn't very difficult, but going from Heaven Old Super Realm to Myriad Tao is extremely difficult.

Chen Xiang felt that when he ascended to Myriad Tao in the future, if he wanted to return, he could use Heaven Old Super Realm to return to Divine Wasteland.

Under Song Yichen's guidance, Chen Xiang arrived at the middle of a lake.

"It's right below us. This Myriad Tao Source has already sensed me and is preparing to escape. When the time comes, I'll be able to catch it." Song Yichen looked down and then let out a roar towards the enormous lake.

The powerful sound wave penetrated to the bottom of the lake, causing the lake to immediately churn. Not long after, a green blob of light rushed out.

"It appeared!" Chen Xiang shouted in shock.

Song Yichen immediately flew out. It was unknown what method he used to actually cause the Myriad Tao's origin, which was currently fleeing, to hover in the air.

"Put this thing away!" Song Yichen shouted to Chen Xiang.

Chen Xiang took out the Tianchuang furnace and stored the Myriad Tao's Origin inside.

There were still a lot of World Defying mad source bead inside the Tianchuang furnace. At this time, Myriad Tao Source had also entered the Tianchuang furnace, and actually did not interfere with the other World Defying mad source bead!

"This is also good." Chen Xiang was still worried that they would reject each other and destroy the Myriad Tao's Spring in the end, but such a thing did not happen.

"Thank you, Brother Song." Chen Xiang said while grinning: "Previously, when I absorbed the green mist released by the Green giant worm, I could feel that the World Defying Stage Fierce Power was increasing in strength, so I feel that this Myriad Tao Source is extremely helpful to me."

Song Yichen laughed: No need to be polite, I will repay you for this! The Myriad Tao's Origin is a form of the World Defying Stage Fierce Power, it is much more powerful than World Defying mad source bead. "

"If that's the case, that's great." Chen Xiang did not plan to absorb the energy now, because he did not know what actions the people of Heaven Old Divine Race would take. The people of Heaven Old Divine Race had lost a lot of people, and they already knew that two of the Heaven Old Divine Race's people had come to the Divine Wasteland.

[Chapter 3154](#)

Chen Xiang told his concern to Song Yichen, and when Song Yichen heard it, he frowned and thought deeply.

Chen Xiang saw that he was thinking seriously, so he did not disturb him and waited by the side.

An hour later, Song Yichen said, "Rather than waiting for them to come find me, I might as well come knocking on their door. It's just that I don't know where these fellows are hiding right now."

Chen Xiang looked at the Green giant worm, then took out a disc, and said: "Big Brother Song, using this disc will allow you to find the sleeping Heaven Old Super Beast King. Right now, you have already broken out of the chrysalis, so it is already impossible to investigate."

"I have a way to go to the Heaven Old Divine Race, but if I bring him there, I will definitely find out. If I don't bring him there, I'm not worried."

Only Chen Xiang could sneak into the space of the Heaven Old Divine Race, if he was allowed to, it would be hard for him to enter.

After Song Yichen received it and fiddled with it for a while, he smiled slightly and said, "I got it!" As he spoke, he released a light purple mist, shrouding the Green giant worm above the Six Realms mirrors.

After the Green giant worm was enveloped by the purple qi mist, the green light dot on the plate disappeared. When Chen Xiang saw it, he couldn't help but exclaim in admiration.

"What the hell is going on?" Chen Xiang was extremely curious about this.

"This thing can sense a trace of the Evil beast's aura. Back then, the people of Heaven Old Divine Race used this power on us, so they were very familiar with this power, and they were able to create this thing to sense us. The Evil beast's aura is the most special, so it's very easy to feel it."

"Now that I've used another type of energy to conceal this aura, they won't be able to sense it!"

Once this matter was resolved, Chen Xiang could be at ease and went to where the Heaven Old Divine Race was.

"Shi Songkang, where are the people of Heaven Old Divine Race?" Chen Xiang asked: "Quickly bring me there."

After that, Shi Songkang gave Chen Xiang a location.

Chen Xiang already knew that the people of Heaven Old Divine Race were inside the Myriad Tao Forest, that that place had already been modified to become extremely beautiful, it was their garden, but they would not live there, they would create their own space and hide inside it, this way they could avoid being discovered, and entering and leaving also became very easy to manage.

After arriving at the Myriad Tao Forest, Chen Xiang said to Song Yichen: "They are right here, so how are we supposed to sneak in quietly?"

Chen Xiang was currently carrying a Green giant worm with him, so it would not be convenient for him to sneak in.

"Then we'll wait for him to wake up. When he wakes up, we can also gain a bit more strength." Song Yichen said: "You used that power of time, to allow him to buy more time, so we won't have to wait too long."

"Alright!" If they allowed another Heaven Old Super Beast King to awaken, then when they entered the Heaven Old Divine Race's territory, even if they faced an expert, it wouldn't be too strenuous.

At this time, Chen Xiang concentrated and used the power of space on this Green giant worm, allowing it to break open even faster!

... ..

"What's going on? Could it be that both Heaven Old Super Beast King s merged with the Myriad Tao Source? That's impossible, they just came out not too long ago, so it would at least take one to two years for them to fuse with the Myriad Tao Source. An old man from Heaven Old Divine Race said. The other old men had serious expressions on their faces.

They were all extremely afraid of Heaven Old Super Beast King who had merged with their Myriad Tao's origin, because they knew very clearly how they treated this clan back then. If they had become strong, without even thinking, they would have known that they would definitely go all out to take revenge on them.

It would have been fine if they weren't strong, but they knew that if these Heaven Old Super Beast King fused with the source of the Myriad Tao, they would be even more terrifying than they were in the past.

"We were too careless. We shouldn't have made that array disc in the first place, otherwise, these Heaven Old Super Beast King wouldn't have come to the Myriad Tao and wouldn't have found the source of the Myriad Tao."

"Then what do we do now? If they were to really fuse with the Myriad Tao's Origin, it would definitely be very troublesome for us. "

"We haven't gotten too many Myriad Tao Divine Soil s yet, are we really going to fail like this? We are the most important people to this plan! "

Because the Heaven Old Super Beast King had fused with the Myriad Tao's origin, the upper echelons of the Heaven Old Divine Race were anxious. Their limited strength was only strong in the Myriad Tao world, if they were to go above the Myriad Tao, their current strength was not even worth mentioning.

And Heaven Old Super Beast King who had fused with the Myriad Tao's origin, had a strength equivalent to an expert above the Myriad Tao.

"Do you want us to withdraw?" A person said.

This won't do, we were sent here to execute such an important plan, and not only have we not succeeded, we have also allowed two Heaven Old Super Beast King s to successfully integrate with the Myriad Tao's Spring. If we return, we will definitely be punished if we do.

"Right, I must think of a way to solve this problem!"

"Don't worry, they won't be able to absorb the Myriad Tao's Spring that quickly!"

"I feel that someone is secretly helping these Heaven Old Super Beast King s. This was originally all part of our plan, but with so many variables, it's clear that someone is secretly opposing us. We must find this person."

They all had the same feeling. Previously, when a few of their clansmen died in the Natural Law World, they felt that this was a little strange, and later on, a large number of Tiangu beasts appeared in the World Defying Stage Clan's space. Clearly, someone obtained the formation plate they refined, opening up a spatial passageway for the Tiangu beast in the Heaven Old Super Realm to come out, and also released a Heaven Old Super Beast King at that time.

They were currently discussing about this matter, and did not know that Chen Xiang was the one who had secretly helped the Heaven Old Super Beast King.

... ..

Song Yichen saw the Green giant worm splitting open and release a white light. He could not help but shout excitedly, "It's out!"

A ball of white light flew out, and following it, a seemingly simple and honest middle-aged man landed on top of the Six Realms mirrors.

"Thank you for your help." The simple and honest big guy immediately thanked Chen Xiang.

"Gorilla, no need to be polite." Chen Xiang laughed: "What may I call you, Big Brother? My name is Chen Xiang! "

"Zheng profound!"

Song Yichen smiled slightly: "I am Song Yichen!"

Song Yichen and Zheng profound were originally humans, but they were different from ordinary humans. They were of a special race, like the people of Heaven Old Divine Race.

[Chapter 3155](#)

Zheng profound and Song Yichen conversed with each other for a while. Zheng profound agreed to head to the Heaven Old Divine Race's dimension now.

"These Heaven Old Divine Race people were just sent here to carry out their evil and malicious plans ... My guess is that, on one hand, they wanted to collect the Myriad Tao Divine Soils, and on the other hand, they wanted to turn the humans of this place into their slaves. "

Taking in Myriad Tao Divine Soil was equivalent to killing Tiangu beast, and then extracting them from the bodies of Tiangu beast. This was a very lowly job, and that was why a group of people with strength under the Myriad Tao would come and do it.

Those array discs were obviously made by the strongest people in the Heaven Old Divine Race, who were mainly distributed over Heaven Old Super Realm and the others.

Chen Xiang closed his eyes as he tried to sense the surrounding space. He spent an entire half a day before he could sense a trace of spatial undulation.

"Someone's coming out!" It was also because Chen Xiang was exiting the Heaven Old Divine Race's Secret Realm that he had sensed the location of that secret realm. error-free novel

Chen Xiang and the rest had all hidden themselves, and sure enough, they saw several people suddenly appear in the sky and fly towards a particular direction.

"They are all very powerful, different from the other fish that came to catch us." Song Yichen said: "Could it be that they are going to investigate some things? They actually sent out such a powerful fellow! "

After Chen Xiang memorized the appearances of those few people, he showed them to Shi Songkang who was inside the Six Realms mirrors. Upon seeing them, Shi Songkang immediately revealed their identities to Chen Xiang.

"Two of them are the strongest ones in this secret plane. If he leaves now, there will only be two left to guard this secret plane. This is a pretty good opportunity." Chen Xiang laughed.

"Okay, after you go in, immediately open the Tiangu beast's passage and let the Tiangu beast come out. At that time, we will be able to control these Tiangu beast and use them against the small fishes inside." Song Yichen said: "Zheng profound, after you enter, don't make a move. Let me fight with the two Rankers inside first. You just watch from the side and look at their strength.

"If I can deal with them, you can go and clean up some of the stronger ones."

Song Yichen began to draw up their battle plans. He did not allow Chen Xiang to fight, because Chen Xiang's strength was not very strong.

"No problem, I'll listen to you." Zheng profound was weaker than him, and Zheng profound did not have that type of leadership personality. Song Yichen was not bad in this aspect, maybe he was a leader in the past.

"Then we're going in now." Chen Xiang was already impatient. After entering, he would be able to cause chaos in the Heaven Old Divine Race Secret Realm.

"If everything goes well, after we finish dealing with the Heaven Old Divine Race, we will immediately head to the Heaven Old Super Realm. We have important things to do inside!" Song Yichen said: "Chen Xiang, when the time comes, you can come with us. We can help you get a lot of Myriad Tao Divine Soil for you."

"Alright!" Chen Xiang desperately needed Myriad Tao Divine Soil, as this was a treasure used to refine artifacts. His Heavenly magic sword was very sharp because he had used a large amount of Myriad Tao Divine Soil s to refine it.

It was not hard to open up a path to the Ancient Mystic Realm, but the hard thing was to enter and not be discovered. Chen Xiang felt that he wouldn't be able to do it, and Song Yichen didn't need him to, he only needed to bring them in.

Chen Xiang took a deep breath, then used the power of the Six Realms mirrors and Feng Ke'er to open a dimensional door. Then, he entered with Song Yichen and Zheng profound.

After entering, they came to a large plaza in a palace, and at that moment, there were many people there, all of them were from Heaven Old Divine Race, and they were all powerful experts, but all of

them belonged to the World Defying Stage. If this force was placed in the Divine Wasteland, it would definitely be considered the strongest there.

Now Chen Xiang understood why the Heaven Old Orcs had been forced to retreat. It was because the Heaven Old Divine Race wanted to be even more powerful.

Because someone had intruded in, they were discovered, and at the same time, bell sounds came out from everywhere, many Heaven Old Divine Race people surrounded Chen Xiang and the other two.

"I don't think we expected that." Chen Xiang looked at the fierce faces of the Heaven Old Divine Race people and said.

"Don't worry, Zheng profound will protect you when the time comes." Song Yichen looked at the two elders who flew over, they were dressed in gold and white robes, which released a piercing light aura, and a burst of might surged out, looking extremely powerful, causing people to feel a sense of pressure on them.

"There are only these two old fellows that I should be able to deal with." Song Yichen said: "Zheng profound, protect Chen Xiang well and let him complete his task. These two guys aren't very strong, I should be able to handle them."

"Alright!" After Zheng profound finished speaking, a very long black rod suddenly appeared in his hand, and Song Yichen's body started to shine with a white light, like a white comet, he flew into the air towards the two elderly men.

Zheng profound waved the rod in his hand, striking towards all the Heaven Old Divine Race people who were about to rush over.

Chen Xiang had already teleported to the side to hide, then he took out the array disc to open the passage to Heaven Old Super Realm.

After the passage was opened, the aura of the Heaven Old Super Realm suddenly appeared. All the people of Heaven Old Divine Race were very shocked, they were very familiar with this aura, especially the violent aura of the Tiangu beast, which made their scalps tingle.

"Who are you people?" An old man shouted angrily at Song Yichen. He felt that it was extremely strenuous, because when the two of them worked together, they were actually suppressed by Song Yichen.

"Vengeance!" Song Yichen said indifferently, his hand slapped over, condensing a gigantic palm print, the palm print was as big as a city, flickering with white light, enveloping the two elders.

With a loud boom, the huge palm landed on the ground, causing the entire Heaven Old Divine Race Secret Realm to shake violently. All of the buildings were destroyed, and the two elders became battered and exhausted.

Song Yichen was extremely satisfied with his current strength. He looked at the two escaping elders, clasped his hands together and shook his body, then opened up his palms. Two green lumps of light appeared in his palms, and he threw them out.

After the balls of light flew out, they instantly became extremely huge, like two blazing green suns, turning the entire secret plane green. What was even more terrifying was the two green balls of light exploding with a domineering might, which made people even more terrified.

Bang!

Two huge balls of green light enveloped the two elders, tearing their powerful bodies apart. They were actually killed just like that!

At this time, the wide open Heaven Old Super Realm passage also released waves of black wind. A large group of Tiangu beasts rushed out from within, and descended onto the Ancient God Clan's secret realm like a violent storm.

When they saw the situation in the secret realm, they couldn't help but become furious. They immediately thought that only the Heaven Old Super Beast King who had fused with the Myriad Tao's origin could have such strength!

[Chapter 3156](#)

Chen Xiang and Zheng profound did not attack, they just hid at the side and watched. Even if the three Rankers came back, Zheng profound did not have any intention of attacking them, because Song Yichen had told him before that he would only attack when he was about to lose.

Song Yichen's power was extremely terrifying, definitely surpassing the peak of the Myriad Tao. This power could only be found on top of Myriad Tao.

Although the three Rankers from Heaven Old Divine Race were furious at Song Yichen, they did not attack immediately. They were not stupid and knew the strength of the person in front of them.

They had three people on their side, but it was not certain that they would be able to defeat their opponent. Song Yichen's current imposing manner made the three of them feel extremely stifled.

"We do not have any enmity with you. Why would we want to kill you all?" An old man said angrily.

"Without enmity? "Pah, our race has been exterminated by you, and you even said that there are no grievances and no grievances. You yourself know this very well, don't pretend to be stupid in front of me." Song Yichen saw that the other party was actually using such an excuse, which made him extremely angry.

"This matter." They were afraid of death and had already lost the will to fight with Song Yichen, because they knew the strength of the person in front of them. Even if the three of them could defeat the opponent together, if they could not die, they would at least be heavily injured, and might even be crippled.

For selfish people like them, they would never take such a risk.

"Alright!" Song Yichen sneered.

"We truly do not know about the matter between our Heaven Old Divine Race and your clan. If we do wrong, we apologize to you here!" The old man from the Heaven Old Divine Race said, "As for the

crimes that you have committed here, we will not pursue them. If you still want to continue to make trouble here, don't blame us for being impolite, you are definitely not our match. "

"Pfft!" Song Yichen was furious, how could he not see through the other party's intentions? This kind of childish trick couldn't fool him.

There were already a large number of Tiangu beast in the secret realm and these Tiangu beast were chasing and killing the fleeing Heaven Old Divine Race people. If this continued, all of the Heaven Old Divine Race people in the secret realm would be killed.

The three elders of the Heaven Old Divine Race were extremely anxious, they could not wait any longer, but they did not dare face Song Yichen, and could only bluff, wanting to scare him away.

"What is it? Do you think you are our match? " The old man sneered.

"You are not worthy to be my opponents, you are nothing but wild dogs in my eyes!" Song Yichen suddenly roared out, he did not know when he released a large amount of World Defying Stage Fierce Power in the air, forming a huge golden palm.

As his angry roar came to a stop, a huge golden palm pressed down from the sky, shaking the entire dimensional space of the secret realm. Some of the dimensional spaces had already ruptured, and many people and Tiangu beast had fallen into the spatial rifts.

The might of that palm was extremely terrifying. As it pressed down, it made the three old men unable to move. When the palm enveloped them, they had no way of escaping. They could only powerlessly defend themselves.

The moment the palm landed, Chen Xiang heard any sound, it was mainly because the palm was too powerful, the sound wave was immediately dissipated by the force, and only a continuous intense vibration was transmitted over.

"He's here!" Zheng profound shouted and then released the World Defying Stage Fierce Power to form a protective shield around them. Following that, a cloud of smoke and dust swept over, which was the result of Song Yichen's palm strike.

"Brother Song is really amazing!" Chen Xiang sighed in admiration, only to see the three Heaven Old Divine Race Rankers' bodies cracking and floating in the air, their faces were no longer recognizable, and their bodies were filled with shocking wounds.

The surrounding Heaven Old Divine Race people and Tiangu beast were also killed by the shockwave!

Song Yichen had exhausted all of his strength when he attacked. The power of that palm strike had already destroyed the foundation of this Primordial Secret Realm. At that time, the entire Primordial God Clan Secret Realm would be violently shaking and crumbling, and would soon be annihilated.

"You three bastards, to be able to die in my hands can be considered a blessing of several lifetimes, hmph!" After Song Yichen finished speaking, he immediately brought the World Defying mad source bead of the three elders out to Chen Xiang, and then destroyed the three corpses.

"It's almost over here! Chen Xiang, hurry up and open a path so we can enter the Heaven Old Super Realm. " Song Yichen anxiously said.

"Alright!" Chen Xiang took out another array disc. At this time, Song Yichen had already passed the two World Defying mad source beads to Chen Xiang.

After Chen Xiang used an array disc to open the passage, Song Yichen and Zheng profound joined hands to prevent the Tiangu beast inside from running out, and then led Chen Xiang into the black passage.

It's just that right after entering, Chen Xiang felt a strong suction force that was absorbing them into the Heaven Old Super Realm!

They started to spin in the passage and only stopped after a while.

Coming out from the pitch black tunnel, Chen Xiang's eyes were suddenly stung by the light. He squinted at the sky, and noticed that there were three scorching suns!

"Is this Heaven Old Super Realm?" Chen Xiang felt that there was no difference between here and the Divine Wasteland, it was just that there were two more suns. Of course, the sun here looked a lot bigger than the one in the Divine Wasteland.

"Yes!" Song Yichen frowned as he looked into the sky and said: "Initially, there were seven suns here, four of them were purple red in color and the released Evil beast energy has changed us, causing our entire clan to fall into a crisis, the suns were all caused by the Heaven Old Divine Race."

"Only those with great strength like us can protect our souls from being penetrated by the evil energy." Zheng profound said: "Thanks to our combined efforts, we managed to recover from the four suns after they were extinguished."

"Was there originally three suns here?" Chen Xiang asked.

"Yes, that's normal." Song Yichen looked around at the desolate mountains and said: "A large area of Heaven Old Super Realm has been destroyed by the Heaven Old Divine Race, and only the areas they are in have a chance of survival."

"There are three great races here, each of the three suns conveying power to the three races! And after our clan was exterminated, the Heaven Old Divine Race occupied our sun. They obtained the power of one sun, which is much stronger than the other clan." Zheng profound said.

Chen Xiang looked at these suns and said in shock, "Are these three suns that powerful? I can release energy, but why can't I sense it? "

"We need a Super Yang Divine Alter, and our Super Yang Divine Alter has already been snatched away, it should be in his territory." Song Yichen said: "I just don't know how the other clan is doing, from the looks of it, they should not have been exterminated, it's very possible that they have already pledged their allegiance to Heaven Old Divine Race."

"You three races should all be very powerful, right?" One of them has been destroyed, while the other is definitely in for trouble. " Chen Xiang said: "If that race is still well, then there is only one possibility, and that is that they were also involved in this matter back then, and that is in the dark. After you all have been exterminated, they will secretly share in the benefits."

[Chapter 3157](#)

After Song Yichen and Zheng profound heard what Chen Xiang said, they also felt that there was a possibility. Even though they had been turned into Tiangu beasts by power, they had stayed here for a few years, and knew of the rest.

"I wonder if the Heaven Old Divine Race here knows anything about the Divine Wasteland." Chen Xiang said: "The Heaven Old Divine Race s that are heading to the Divine Wasteland have basically been annihilated. This should be considered a very big matter."

"Even if they know, they can't do anything. This time, they are able to send all of the people that they sent to the Divine Wasteland, so they won't be able to send that many people to the Divine Wasteland in a short time." Song Yichen said: "This is just a plan of theirs, to them, the people sent to the Divine Wasteland are all weak, and they have no future."

Chen Xiang nodded: "If that's the case, then we don't need to worry about them going to the Divine Wasteland to cause trouble anymore."

Although the Heaven Old Super Realm had three suns, Chen Xiang felt that the environment here was not bad. He tried the Spatial Force and discovered that he could also use it.

"Where are we going now?" Zheng profound asked, his understanding of the place was not as deep as Song Yichen, after all, it had been so many years, and the world had turned upside down.

"Let's go to the Ancient Divine Continent first. That is the territory of the Heaven Old Divine Race. We shouldn't be recognized as such right?" Song Yichen said: "Go there and ask around. Before, I was like a Tiangu beast and could not enter the human region. All I knew was that I was eavesdropping on passersby."

"The Ancient Divine Continent is right in the middle of that sun. It's very easy to get there." Song Yichen pointed to the one between the three suns and said to Chen Xiang: "At that time when we enter the place where there are a lot of people in the Ancient Divine Continent, you don't need to be with us anymore. We might be easily discovered, after all, we have all been invaded by that evil energy before, and there might be some lingering aura left behind."

By doing this, Song Yichen did not want to implicate Chen Xiang. In the Ancient Divine Land, their strength could be considered to be relatively weak.

"Alright!" Chen Xiang said: When the time comes, I will maintain a distance from you guys, I am unfamiliar with this place, it would be better to follow you, when that time comes, I only need to follow you from afar.

Chen Xiang did not want to wander around here alone, the Heaven Old Super Realm was a strange world, there were many strong warriors there.

"Let's do it like this. We will set off now." Song Yichen laughed, then began to run frantically towards the Ancient Divine Continent.

Originally, Chen Xiang had planned to use the spatial energy to teleport, but Song Yichen had told him that there were many people in the Heavenly Ancient Divine Region who knew how to use the spatial energy.

Thus, they could only run across the ground.

"Shouldn't there be a lot of Tiangu beast here? "How come I didn't notice anything?" When Chen Xiang came in, he was extremely suspicious of this matter. Previously, when he had opened the spatial tunnel, a large number of Tiangu beast had flown out.

"That tunnel leads to an area with a large number of Tiangu beast. If we enter through the tunnel, we won't be able to reach that place!" Song Yichen said: "This should be set up by the Heaven Old Divine Race. This way, when they return, they won't have to go to that place."

"Could it be that that area has been sealed?" Chen Xiang thought that it was very possible.

"Yes, it's sealed, our race is very strong, even though they have already turned into Tiangu beast, their strength is still very terrifying. If they do not seal us in, their two tribes might not be able to live so well." Song Yichen said: "Of course, there are also a small number of Tiangu beast that managed to escape by accident."

"That seal only forbids us from going out, but it does not allow outsiders to go in. That's why there are often people who aren't afraid of death who go in to hunt beasts. What we know is all through these bystanders." Zheng profound said: "And these people that went in to hunt beasts were all for the Myriad Tao Divine Soil."

"Is the Myriad Tao Divine Soil inside there too?" Chen Xiang was more concerned about this matter. His main purpose for coming here was for the Myriad Tao Divine Soil.

"Yes, it's in the sealed area!" Back then, when the Heaven Old Divine Race went in, they only took away one Super Yang Divine Alter, but the rest of the Myriad Tao Divine Soil s were unable to take them away. Even now, they do not dare to enter that region's depths. " Song Yichen said: "Only we would dare to go in."

Song Yichen and the others were extremely united inside, and it was true that there was no danger when they entered, but they could not go in yet, because once they went in, it would be very difficult to exit. They had some important things to do outside, and that was to investigate the situation with the Heaven Old Divine Race and another clan, and then think of a way to break the seal.

"Do you have any plans for revenge?" Chen Xiang asked, Song Yichen and the others hated Heaven Old Divine Race to death, they would definitely take their revenge.

"We are here searching for the Myriad Tao's origin." Song Yichen said: "There is also the Myriad Tao's Origin here, but it is better hidden, it is not easy to sense it! Find the origin of a large number of Myriad Tao, then think of a way to break that seal and let the Tiangu beast come out. "

"It's not easy." Song Yichen sighed, he did not know when he would succeed.

On the other hand, Chen Xiang felt that it was not that difficult. He could hand the matter of breaking the seal to Feng Ke'er, and the Myriad Tao Source Energy was even easier.

This was mainly a matter of time.

"I don't think there's too much of a problem with sealing. I have a friend who is extremely familiar with sealing formations, so I can ask her to help you. As for the Myriad Tao Origin, I'm not sure if it'll work." Chen Xiang said.

Heaven Old Super Realm was a very good world, if Song Yichen and the others could control this world, then in the future, it would become a way for him to retreat, and would not be restricted by the Myriad Tao world. In the Myriad Tao world, the laws of the Myriad Tao were quite annoying, especially in order to stabilize the order of the world.

No matter how strong he was, he was still too weak in the face of the Myriad Tao.

"Do you have any ideas?" Seeing that Chen Xiang was serious, Song Yichen anxiously asked, he believed in Chen Xiang's strength, after all, it was only because of Chen Xiang's help that he and Zheng profound were able to escape.

"The Myriad Tao's words... "I can use the method of concocting pills to make more pills, but this is just my assumption. I have never tried to concoct pills before, so I'm not sure if I can succeed." Chen Xiang said: "In short, I am able to successfully refine the Myriad Tao Divine Soil ... I only got a few Myriad Tao Divine Soil s previously, but with my alchemy skills, I can make a lot of them. "

[Chapter 3158](#)

Chen Xiang took out the Heavenly magic sword. The Heavenly magic sword was refined using the Myriad Tao Divine Soil.

Because, even if it was someone from the Heaven Old Divine Race, it would not be easy for them to obtain so many Myriad Tao Divine Soil s, yet Chen Xiang had so many, so they all believed that what Chen Xiang said was true.

"There are many alchemy experts in Heaven Old Divine Race, you must not let them know about this, otherwise they will go all out to capture you." Song Yichen said: "Heaven Old Divine Race is an extremely evil bunch to begin with. Even though our race has a large number of Myriad Tao Divine Soil s, we do not use this advantage to strengthen ourselves."

"However, the Heaven Old Divine Race was always worried that they would be annihilated by us, and they were very jealous as well. Jealous that we had a large number of Myriad Tao Divine Soil, they wanted to kill us. Song Yichen said, "The main reason is because we were too naive. We really thought that the three races could coexist harmoniously."

From a simple and honest guy like Zheng profound, it should be possible for their race to have many such honest fellows.

"Does your tribe have a name?" Chen Xiang asked.

"Darky ..." This is what the other two races call us. " Song Yichen said: "This is mainly because there are a large number of Myriad Tao Divine Soil in the area we are in. Although we do not use these Myriad Tao Divine Soil s much, we can absorb energy from them to cultivate. The Myriad Tao Divine Soil is like a mother to us, we were raised by the Myriad Tao Divine Soil, we are not allowed to be taken away by outsiders, the Myriad Tao Divine Soil is also treated as our sacred object."

"I wonder how the Heaven Old Divine Race found out about that method, turning us into Tiangu beast, and then after many years of absorbing the power of the Myriad Tao Divine Soil, all of us will grow into fur. All they have to do is capture us, seize the fur and refine it, and they will refine us into the Myriad Tao Divine Soil."

Even above Myriad Tao, Myriad Tao Divine Soil was still a treasure. However, this group of natives had a lot of them, so they didn't need to refine them into weapons or anything like that.

"What about the other race?" Chen Xiang asked.

"Beastmen." Song Yichen replied, "Heaven Old Orcs?" Chen Xiang shouted in shock.

He had previously known that the Heaven Old Divine Race and the Heaven Old Divine Race were born together, and that Chen Cai was born from the fusion of these two races.

"Yes!" "You know?" Then, Zheng profound, he thought that this was what Zheng profound had told him.

"Because there is a Heaven Old Orcs in the Divine Wasteland." Chen Xiang said: "I was originally chased by the Beastman Sovereign inside."

"What is Heaven Old Orcs's purpose in going to Divine Wasteland?" Song Yichen started to ponder.

"They said that they wanted to rule over the entire Divine Wasteland, but after the people from Heaven Old Divine Race came, they became more obedient." Chen Xiang said.

"It shouldn't only be this goal. It's very likely that they are thinking of ways to obtain the Myriad Tao Divine Soil, just like the people of Heaven Old Divine Race." Song Yichen said: "The matters of the wilderness have not been resolved yet."

The Heaven Old Divine Race people had already been exterminated, but the low key Heaven Old Orcs almost made them forget about him. It had to be said that their methods were pretty good, even Chen Xiang had almost forgotten about the existence of the Heaven Old Orcs.

"I have to go back quickly." Chen Xiang said.

"Don't worry for now, as long as we can break the seal, we can lead a large number of Tiangu beast to war on all four sides. At that time, their plans in the Divine Wasteland will also be doomed." Song Yichen said: "We're almost there."

In front of him was the Ancient Divine Province. An oasis appeared there, and a wave of dense life force assaulted his nostrils. It was very different from that deathly silent wasteland.

They had finally set foot on the land of the Ancient Divine Lands.

"Go to the nearby cities first," Song Yichen said. "There are not only people from the Heaven Old Divine Race here, there are also people who have retired from the Myriad Tao."

"There are also some Heaven Old Orcs s." Zheng profound added.

"The Heaven Old Orcs and the Heaven Old Orcs don't get along well. Did they actually join hands to deal with you two?" Chen Xiang asked, this was what Chen Cai had told him.

"I don't know. The Heaven Old Orcs and the Heaven Old Divine Race have indeed been at loggerheads all along, especially the Heaven Old Divine Race. If someone from their side is with the Heaven Old Orcs, they will capture him and sentence him to death." Song Yichen said: "It's very cruel ... Of course, a long time ago the Heaven Old Divine Race did not allow them to marry us natives.

"However, to be able to be together with humans is quite strange." Zheng profound said.

Chen Xiang never thought that there were actually many ordinary humans like him in the Heaven Old Super Realm. At this moment, they were already outside of a city, and the few people they met were humans.

When they entered the city, Song Yichen kept them at a distance.

In order to be able to contact them at any time, Chen Xiang had given them a piece of Communication jade Symbol paper and told them how to use it.

Song Yichen and Zheng profound were the first to enter the city. This city was extremely new, and should be a city that was just built.

After Chen Xiang entered, he found out that this city was merged together with the few other old cities, so it was very lively right after the construction.

"The pills are all in the Heaven Old Divine Race's hands. Without the Heaven Old Divine Race's permission, you can't refine pills. How overbearing." After Chen Xiang asked around, only then did he find out about the pills.

If they found medicinal herbs in the wilderness, they could only be sold to shops in Heaven Old Divine Race. If they found out about it in private, they would be executed.

In this place, the pill business could only be done by the Heaven Old Divine Race, the pills were sold very expensive, using a type of item called Wild source stone to trade, it was not easy to find Wild source stone, and it was also easy to find the people of Heaven Old Super Realm, which was why there were a lot of Wild source stone.

"Wild source stone can be used to grow medicinal herbs. The arrogant medicine of the times are all grown using Wild source stone, so things like the arrogant pill should be able to increase World Defying Stage Fierce Power." Chen Xiang asked around, there were only the Primordial Violent Pellets, there were no other tier pellets, and even the cheapest one would cost 10,000 Wild source stone.

Chen Xiang didn't have any Wild source stone now, so he didn't know what to do. He could only continue to scout and figure out ways to get his hands on the Wild source stone.

"As long as I can get one, I can try using the derivation method." Chen Xiang chuckled in his heart: "If it's successful, then I won't have to work so hard to find the Wild source stone."

Chen Xiang took out the Communication jade Symbol paper and sent a message to Song Yichen: "Brother Song, do you know how to get the Wild source stone?"

"We don't have such a thing now... But you can wait for a few days, I can go and rob some for you. There are so many Heaven Old Divine Race here, you can rob whatever you want from them without feeling guilty." Song Yichen replied.

[Chapter 3159](#)

Chen Xiang looked around, there were indeed many people from Heaven Old Divine Race, and all of them looked to be very rich.

"Alright, I'll see if I have a good goal." Chen Xiang did not need a lot of Wild source stone, he just wanted to try and see if he could refine it using the derivation method.

He walked along the main street, looking for a convenient target. He wandered around for a long time, but he could not find anyone suitable. The main reason was that this city was too bustling with activity.

"My current strength is only at the peak of World Defying Stage, and there are some people who have surpassed the World Defying Stage here." If Chen Xiang was making a ruckus here, all the Heaven Old Divine Race people inside the city would definitely rush over immediately.

With Chen Xiang's current strength, he was still not their match.

"Above World Defying Stage is the World Defying crazy realm. You should also be close to reaching this realm soon! As for a Alchemist like you, there are no bottlenecks at all. As long as you can calm your heart and refine pills, you will be able to break through sooner or later." Feng Ke'er said.

He had obtained a few World Defying mad source bead, but these World Defying mad source bead were difficult for him to absorb, and the World Defying Stage Fierce Power was very difficult to refine, so he did not know the reason.

He could actually use those World Defying mad source bead to strengthen the Natural Law World's spatial wall, but he could only use them in these aspects because he was unable to devour them.

"If you need Wild source stone s, you can sell them. I think you just need to sell one." Feng Ke'er laughed: "This can be exchanged for quite a few Wild source stone, but you can give it a try, whether or not it can be derived from your pill refining technique."

"Alright!" Chen Xiang immediately asked around for information regarding the World Defying mad source bead in high spirits. He quickly found out about it.

There was someone here who bought the World Defying mad source bead.

The World Defying mad source bead s were mainly from the dead humans or beasts, but the price of recovery was extremely low. Chen Xiang had thought that this kind of World Defying mad source bead was very precious.

"Damn, there's only one Wild source stone in five thousand, aren't World Defying mad source bead too cheap?" This was the price that Chen Xiang had heard of.

"It's indeed too cheap." Feng Ke'er never thought that the World Defying mad source bead s would contain such a dense amount of World Defying Stage Fierce Power. Although it couldn't be used for his own cultivation, it could still be used to set up a formation.

"However, thinking about it, it's understandable. Generally, these World Defying mad source bead are relatively weak! Within the Heaven Old Super Realm, there should be a lot of World Defying mad source

"Chen Xiang, we have already left the city. Zheng profound and I were accidentally discovered by the Heaven Old Divine Race and fought against them. Now that we have successfully escaped the pursuit of the Ancient Divine Weapon, you can rest assured."

Song Yichen's voice sounded. "You are a human, so you don't have to worry about them. If you stay here, you might be able to find a way for him to step into the World Defying crazy realm."

Chen Xiang did not feel that it was unexpected that Zheng profound and Song Yichen would encounter such a thing, he had guessed it beforehand.

"Ah, I will stay here for a while longer. I will come back later to find you." Chen Xiang said, he had a strong interest in the pills here, he wanted to see what kind of benefits the pills had.

He took out the Tianchuang furnace and placed a piece of it inside.

A Wild source stone was only the size of a rice, he was prepared to try and see if he could refine it.

The Wild source stone was being burned by the World Defying god fire and became mist not long after it was burned. Then, Chen Xiang condensed it into a very small ball and used the derivation method to refine it.

After forming the nine balls, Chen Xiang then used the Crash method to upgrade another layer of quality.

After the Crash method, Chen Xiang then combined all the broken pieces of the stone and formed a larger Wild source stone.

"This Wild source stone is not small!" Chen Xiang was very satisfied: "Now we need to use the method of equally dividing the big Wild source stone into small particles."

After Chen Xiang used it, the large Wild source stone quickly turned into thirty pellets!

Even he himself was surprised that one Wild source stone could be refined into thirty pellets. When he was guessing previously, he felt that being able to refine five was already quite good.

"Success, the quality is the same." Using this Wild source stone to compare it with the others that had not been refined, Chen Xiang discovered that there was not much difference.

"Alright, next, I'll start a large amount of refining."

It would take a lot of time to refine a large amount, but this was not a problem for Chen Xiang because he could use the power of time to buy more time.

[Chapter 3160](#)

Chen Xiang had only used an hour to refine that pellet earlier. That small pellet of Wild source stone simply did not have that much energy at all, he estimated that he would be able to refine a thousand pellets per day.

Very quickly, Chen Xiang had finished refining a thousand pills. It took twenty hours, and then he needed to rest for a bit before he could continue with the refinement.

In a month's time, he had refined thirty thousand pellets, and only then did he remove the Time Domain. This way, he would be able to obtain thirty thousand pellets of Wild source stone in a single day.

"How relaxed!" Chen Xiang laughed as he brought the Wild source stone into a shop.

Although the pills here were controlled by the Heaven Old Divine Race, there were still quite a few people who bought them. As they were a bit more expensive, there were still quite a few uses for them, and the people who bought the pills were not idiots.

Right now, he was planning to buy a Mad Arrogant Core that was worth thirty thousand Wild source stone.

"Brother, what pills do you need?" When a young man saw Chen Xiang coming in, he quickly welcomed him with a smile and asked.

"I need to buy the materials to strengthen the World Defying mad source bead." Chen Xiang said. Everyone here cultivates a World Defying mad source bead, absorbing the World Defying Stage Fierce Power would strengthen their own body, and would have a higher chance of breaking through the World Defying Stage and entering the World Defying crazy realm.

"It's best if it's cheaper." Chen Xiang added.

"No problem, take a look and see if this Strong strength Dan is suitable for you to use." This youth could judge the size of Chen Xiang's World Defying mad source bead from the World Defying Stage Fierce Power's aura that was emitted from Chen Xiang's body.

"How much?" Chen Xiang asked.

"Thirty-five thousand." The young man chuckled. "This is the lowest price. If it was anyone else, I would have charged him thirty-eight thousand."

"Can you make it cheaper?" Chen Xiang asked: "If it's thirty thousand, I want it!"

Chen Xiang immediately cut off five thousand, which was a very fierce cut.

The youth shook his head: "If I sell it at this price, I will definitely be cursed to death by three people."

Chen Xiang laughed: "Then tell me the lowest price!"

"34 thousand, I can't lose any less."

"Thirty-three thousand." Chen Xiang said: "If it's not possible, then forget it, I'll go look somewhere else."

Chen Xiang turned to leave, but the young man anxiously shouted: "Alright, alright, let's go with 30,000!"

They were responsible for selling the pills here. If they sold just one pill, they would also be able to obtain a certain reward.

After Chen Xiang bought a Strong strength Dan, he quickly returned to the tavern.

This pill had almost used up all the Wild source stone in his hands.

As soon as he entered the room, he immediately ate it, eager to experience the effects of the pill.

The Primordial Pill was something new to him, and he had never heard of it before.

The moment the pellet entered his abdomen, it immediately exploded, and a large amount of World Defying Stage Fierce Power surged out. These World Defying Stage Fierce Power were all extremely pure, and he did not know how it was refined, but it was much better than directly absorbing Wild source stone s.

"What a good thing!" Even if I were to directly use fifty thousand Wild source stone s, it would not be as effective as this pill. " Chen Xiang quickly refined the pill.

Although he did not see any obvious increase in strength in the World Defying mad source bead, but the effects of the pellet were still not bad, and the increase in strength brought to him was much better than the increase in World Defying Stage Fierce Power that he received through his Invigorated Meridian.

"There are a lot of types of 'Arrogant Mad Dan' ... It's just that I don't have many Wild source stone now, so I must eat other different arrogant pills in the future. " Chen Xiang only felt that it was new.

He took out the Myriad Tao Source and said, "I wonder if this thing can allow me to enter the World Defying crazy realm. If it is not possible, then I can only use pills."

Chen Xiang activated Time Domain and began to absorb the energy from the Myriad Tao's Origin.

Previously, when Zheng profound and his group had become Green giant worm, the green fog that had been released already contained a very dense World Defying Stage Fierce Power. After he had absorbed the green fog, he had felt his own World Defying Stage Fierce Power increase by leaps and bounds, so he had thought that the Myriad Tao's origin would definitely be of great help to him.

"This thing is very mysterious, so I don't need to use it to refine. If it was damaged, then it would be troublesome." Chen Xiang had plans to use the derivation method to refine the Myriad Tao Source, but after thinking about it, he gave up. If something were to go wrong, the Myriad Tao Source would become useless.

Right now he was using dual layered Time Domain, and this was the only way he could absorb the Myriad Tao's Spring in a short amount of time.

Zheng profound and Song Yichen had to spend a lot of time to refine the energy within the Myriad Tao Source.

... ..

Chen Xiang was very calm while absorbing the Myriad Tao Source energy, and it went extremely smoothly as well. Directly absorbing the Myriad Tao Source energy was much better than absorbing the green mist released by the Green giant worm.

More than 30 years had passed while he was absorbing it!

Chen Xiang had also just absorbed all of the energy within the Myriad Tao's Spring, but his World Defying mad source bead still hadn't reached the limit.

"There's still some time before the breakthrough!" Chen Xiang sighed helplessly.

He really hoped that the Myriad Tao would be able to help him break through, but he didn't expect it to be like this. He was not far from breaking through.

"You've only been training for a few days." Feng Ke'er yawned.

Chen Xiang's Time Domain did not cover the entire You Yao Mountain Villa, so Feng Ke'er's time was different from Chen Xiang's. More than thirty years had already passed.

"That's true, after all, this is the World Defying crazy realm, and even many people here would not be able to step into this realm." Chen Xiang nodded his head, "I can't be too impatient. I still have quite a bit of time."

Chen Xiang felt that if he absorbed more Myriad Tao's Origin, he might be able to break through. However, only Zheng profound and Song Yichen could find the Myriad Tao's Origin, and he couldn't contact them right now.

If he wanted to break through now, he could only do so through pills.

"Alright, I will refine a few Wild source stone and see if I can purchase them."

Chen Xiang had gone into closed door cultivation for a few days and refined more than a hundred thousand Wild source stone.

After leaving the inn, he hurriedly headed towards a pill shop. Just as he arrived, he discovered that someone had been thrown out of the shop.

The man was thrown out of the door, landing on the ground as he screamed in pain. His entire body was wounded, and his face was haggard and haggard. He looked extremely weak.

"This person is our store's Alchemist. However, he didn't abide by the rules when concocting pills and wasted our medicinal ingredients, which is why he was crippled by us." An old man walked out of the shop. He was from Heaven Old Divine Race and had a cold expression.

Chen Xiang looked at Alchemist who was half dead, and felt that it was strange. Alchemist was a human, but he could actually become the shop's Alchemist.

His eyes lit up, he anxiously asked: "Hello Shopkeeper, your shop just cleaned up a Alchemist, you are definitely lacking in manpower right? This boy also knows how to refine pills, I wonder if he can become your shop's Alchemist?"
