

## Dan God 3181

### [Chapter 3181](#)

Several other old Alchemist s had already jumped up on stage. When they heard the name fifteen, they also felt disbelief, but after they came up to take a look, they confirmed that it was real. The fifteen Huakuan Dan that Chen Xiang had refined were all fresh out of the furnace. Any Alchemist could tell that with a single glance, let alone the fact that these Huakuan Dan all had their own unique auras.

This kind of Qi was unique to the ingredients used in Heavenly Dan Mountain Villa. All of the medicines in Heavenly Dan Mountain Villa had this special Qi, this Qi was closely related to the time when the ingredients were being planted, so it was very easy to discern.

Therefore, there was no possibility of cheating. That was to say, Chen Xiang was really able to refine fifteen Huakuan Dan in one furnace. Although he had used two sets of ingredients, it was still very terrifying.

Even the Fierce-transformation Dan Spirit who made Heavenly Dan Landlord feel so proud only managed to refine seven pills!

"This is real!"

"How in the world did you refine it?" Has the derivation method been unleashed to the limit? "

"Old Yue, is your derivation spell incomplete? This human kid's control over derivation seems to be better than yours!"

"I don't know either!" Yue Yiran shook his head in the face of everyone's doubts.

Chen Xiang laughed: "I have already won, what about the rewards?"

Everyone suddenly recalled that getting first place would allow one to obtain a pill spirit. That was a very precious reward, and yet it was actually given to a human.

Many of the old Alchemist s who were watching the show were gloating at the side. Previously, Heavenly Dan Landlord had flaunted his skills in front of them, but now that he had failed secretly, they were extremely pleased.

"Human brat, you can rest assured. Heavenly Dan Landlord is a righteous and sincere person and you will keep your word."

That's right, the Heavenly Dan Landlord places a lot of importance on talented people. Even if you are a human, your current level is enough to make us old fellows admit defeat.

"Heavenly Dan Landlord, give the pill spirit to him. You can still refine it yourself."

"Yeah, you don't lack a pill spirit, do you? Don't tell me you want to go back on your word?"

"It doesn't matter if you go back on your word. No one will say anything. After all, a pill spirit is very precious. It's within reason that you don't want to do it!"

"Heavenly Dan Landlord, you are so powerful, we will definitely not speak ill of you on the surface. At most, we will only look down on you in our hearts."

These old guys jeered at him from the side. When Yue Yiran saw them, his heart blossomed with joy.

At this moment, Heavenly Dan Landlord's face had turned a little green. He was so confident that his Fierce-transformation Dan Spirit would be victorious that he would take out this reward. Who knew that this heaven defying guy, Chen Xiang, would actually refine fifteen pills in one go!

"Here!" Heavenly Dan Landlord glared furiously at Chen Xiang, and then passed the pill spirit to Chen Xiang.

Heavenly Dan Landlord snorted angrily, then left with his Fierce-transformation Dan Spirit.

After they left, the Yue Clan immediately rushed over and surrounded Chen Xiang and Yue Yiran.

"Yue Yan, what are you doing?" Yue Yiran's face was cold as he asked.

"Yue Yiran, you are a member of the Yue Clan, your shop is the Yue Clan's shop, this brat is the Alchemist of the Yue Clan's shop, the rewards you obtained from coming here to participate in the competition are also the Yue Clan's." Yue Yan said without a hint of hesitation.

Previously, they were worried that Chen Xiang representing the Yue Clan in the competition would cause the Yue Clan to lose face, and had even continuously tried to cut off their relationship with Chen Xiang, ridiculing him everywhere, telling everyone that the Yue Clan also looked down on this human kid.

However, now that Chen Xiang had displayed such talent and even obtained a pill spirit, their Yue Clan was extremely envious. Furthermore, they thought that Chen Xiang was just a member of the Yue Clan who wanted to obtain such a strong pill spirit.

"You all ... Do you all have any shame? " Yue Yiran said angrily: "All of you have a layer of skin on your faces. Do you want me to help you all take it off?"

"Yue Yiran, if you don't give it to us, don't blame us for using our family's law on you. This pill spirit belongs to our Yue family." Following which, he and the few elders from the Yue Clan took out an array disc.

Everyone could see what the array discs in their hands were used for, as they were used to trap Yue Yiran and Chen Xiang!

Although this was the Heavenly Dan Mountain Villa, the Heavenly Dan Landlord did not care about this matter. This was very satisfying to him as Chen Xiang had obtained his pill spirit and if the Yue Clan were to snatch it away from him, he would more or less feel better.

The most angry one was Chen Xiang. Previously, the members of Yue Clan were in a rush to get rid of their relationship with him, but now that they were trying to get rid of their relationship with him, they mocked and ridiculed him. Now that he had won, he dared to shamelessly claim that this pill spirit belonged to them!

"What if I refuse?" Chen Xiang had already kept the pill spirit, and said coldly.

"If you don't, you will die!" After Yue Yan finished speaking, the formation plate in his hand flashed with a red light. The other few elders also shot out their formation plates, enveloping the entire stage.

In the air above the stage, there were two array discs. One of them was above Yue Yiran's head, because the other was above Chen Xiang.

"You!" Yue Yiran roared in fury, and the berserk World Defying Stage Fierce Power on his body was suddenly released, causing the earth to suddenly shake. But that was only it, as Yue Yiran was already trapped.

Even Yue Yiran couldn't escape, let alone Chen Xiang!

"Yue Wei Gang, go ahead and let this human brat give you his Pill Spirit. If he doesn't give it to you, I will kill Yue Yiran." Yue Yan walked in front of Yue Yiran. Yue Yiran was enveloped by a red light and was unable to come out.

Yue Yan took out a sword, pointed it at Yue Yiran and said coldly, "In any case, you don't have any contributions to our Yue Clan, so there's no point in killing you!"

Yue Yan had already planned to break all ties with Yue Yiran. If he could get a pill spirit like this, it would be worth it even if he could kill Yue Yiran.

Yue Wei was the young Alchemist of the Yue family and could be considered a genius. Just now, when he was refining pills, he was able to refine three Huakuan Dan, and they were all of good quality.

More importantly, Yue Weigang was a young disciple who was preparing to step into the World Defying crazy realm. As long as he could step into it, he would be the strongest warrior in the Yue Clan.

"Trash, quickly hand over the pill spirit." Yue Wei was extremely satisfied at this moment, because a genius Alchemist was already controlled and could be stepped on by him.

When Yue Wei saw Chen Xiang glaring at him with a gaze filled with hatred, he immediately became furious. He punched towards Chen Xiang from afar, the power of his punch was like a beast pouncing on its prey, striking Chen Xiang's body.

Bang!

Chen Xiang was struck by a burst of energy, causing him to feel pain all over, but it was not a big deal, his body was still extremely strong!

Even though this fist did not hit Chen Xiang, it had thoroughly 'enraged' him!

## [Chapter 3182](#)

Chen Xiang glared at Yue Wei Gang. Although the man in front of him looked pretty handsome, he was extremely ugly in his heart. His expression was twisted by the negative emotions in his heart. The updates were quick.

"I never had any connections with your Yue Clan and have never offended any of you before. However, because of greed, I wanted to seize what I deserved. I have always treated you guys like ugly and dirty wild wolves."

Previously, the few elders of the Yue Clan had used a few array discs to envelop the entire sparring stage. It was not easy going in, and then used a single array disc to imprison Chen Xiang and Yue Yiran.

The reason why Yue Yiran was able to escape the imprisonment was because Chen Xiang had used the power of space to teleport out!

"Anger of the Madness soul!" Yue Yiran roared, black figures continued to fly out of his body, and countless of black figures were jumping up and down in the competition arena.

They all understood Yue Yiran very well, this kind of terrifying Madness soul caused people to tremble in fear. It was just that because Yue Yiran had been immersed in the dao of alchemy for a long time, and had not made a move for a long time, it made everyone forget about this kind of terrifying power.

The dancing black figures could actually easily penetrate a person's body, and they even noticed that as long as they were pierced by a black figure, the person's World Defying Stage Fierce Power would weaken, and there would be an additional trace of death on their face.

There was only empty space around him. Although those black shadows were flying around randomly, they did not approach him!

"Yue Yiran, the Yue Clan's bloodline flows in your body, you're killing each other."

"Bullshit, when you guys attacked me, how come you didn't expect me to have the Yue Clan's bloodline in my body?" Yue Yiran roared, he rushed forward and punched one of the old men in the eye, directly splitting his head in half.

Meanwhile, the Yue Clan members were all lying on the ground, half-dead. Some of them were very young previously, but now they were very old, like people on the verge of death.

This was all caused by his lifespan being sucked away. Chen Xiang watched in a daze, the black shadow Yue Yiran released just now was too terrifying!

"You ... You will die a horrible death. " A person spoke to Yue Yiran while holding in his last breath.

"The one who will die a horrible death is you!" Yue Yiran walked over and directly took out this person's World Defying mad source bead, and then, one after another, he took out the World Defying mad source beads of the other Yue Clan members.

This scene caused the spectating people's scalps to go numb. The World Defying mad source beads were dug out alive, and their bodies trembled just thinking about it.

"Yue Yiran is, after all, the number one figure in the Heaven Old Super Realm. It would be a wonder if he doesn't die after being treated so cruelly by these fellows." Heavenly Dan Landlord shook his head and sighed. His pill spirit had been obtained by Chen Xiang, how could he not have the thought of snatching it back? Seeing this scene, the thought in his mind was completely dispelled.

Yue Yiran was already considered an old guy in the Heaven Old Super Realm, and had been there before, so his strength was extremely terrifying. It was just that because he had been refining pills for so many years, many people had neglected his true strength!

After getting rid of the dozen or so people from the Yue Clan, Yue Yiran picked up the formation plates and controlled them to remove the seals. Then, he brought Chen Xiang and left the Heavenly Dan Mountain Villa.

... ..

After Yue Yiran left, the Heaven Old Prince said to the old man beside him: "Yue Yiran is still very strong, can you guarantee that you can take care of him?"

"Definitely! If it was before, we definitely wouldn't have expected that brat to know how to use the power of space, but we have already discovered it, so we can eliminate this kind of situation. You saw it just now, Yue Yiran was restricted tightly after he was trapped by an array disc. " The old man said.

"That's good then. We must get a pill spirit. If I can get a pill spirit, my position will be even higher in the future." Heaven Old Prince laughed coldly.

Amongst the Heaven Old Imperial Family, there were many princes and princesses, and he had failed once again in coming to the Heaven Pill Assembly. He was surpassed by Chen Xiang and the Fierce-transformation Dan Spirit, if he returned like this, he would definitely be laughed at.

And now, they were confident that they could capture Chen Xiang and Yue Yiran. It was worth the risk for them, and once they obtained the pill spirit, the benefits they would receive would be endless.

### [Chapter 3183](#)

After Chen Xiang received his Elixir. Yue Yiran brought him and quickly left this villa. They were well aware of the importance of a pill spirit. It was obvious that those people from the Yue Clan were willing to go all out to clash with him.

"Boss." We're going somewhere now. "Are you going back to the shop?" Chen Xiang asked.

"No. The shop is no longer a safe place to be. " Yue Yiran frowned: "Did you see Heaven Old Imperial Family and the others just now?"

"I saw it. "What's wrong?" When Chen Xiang just left ... He did pay attention to it. This was because Heaven Old Imperial Family was the strongest. Previously, he was worried that the Heaven Old Imperial Family would attack them.

"There's something wrong with these guys. When we left. They're looking at us very wrong. " Yue Yiran said: "They might catch up to us. Can you use the power of space? Get away from here. "

"No problem." Chen Xiang did not know how strong the Heaven Old Imperial Family was either. In short, he didn't want to be hunted down.

Chen Xiang had used the power of space ... Bringing Yue Yiran along, they teleported away. Moreover, it was continuous teleportation.

Chen Xiang was often hunted for many years. That was why he was very experienced in dodging. After he teleported, he would immediately be able to sense his aura. This prevents being traced.

"Boss." Are the people from Heaven Old Imperial Family very strong? " Chen Xiang had already brought Yue Yiran to a mountain range. He didn't know where this was either.

Yue Yiran floated high up in the sky. Investigate the surrounding situation. He didn't know where Chen Xiang had brought him to.

"Heaven Old Imperial Family is the strongest power in Heaven Old Super Realm. One of them. Unless the various great clans joined forces. Otherwise, no one can kill them. " Yue Yiran said. Even if Yue Yiran himself was very strong. But facing the Heaven Old Imperial Family. He was also very afraid.

Yue Yiran landed on the ground. He said to Chen Xiang: "This place should be temporarily safe now. We can't go back into the shop now. "

"Isn't that manager and the others in danger?" Chen Xiang stayed in the shop for a while. The shopkeeper was pretty good to him. If he was implicated in this matter. He would be very sorry.

"Don't worry. The grocer followed me for many years. Once there was any disturbance. He'll do something himself. " Yue Yiran said: "Look carefully at the pill spirit now. See if there's any problem. We were in too much of a hurry. Furthermore, Heavenly Dan Landlord seemed to be very straightforward. I very much doubt it. "

Chen Xiang took out his pill spirit. After a careful inspection. He said, "This is a real pill spirit ... " However, it was somewhat strange. The aura on it is very different from what I had refined myself. "

Chen Xiang passed his pill spirit to Yue Yiran. He still had a lot of trust in Yue Yiran.

After Yue Yiran received it. He only took a brief look. He then frowned, "This is a pill spirit that is not bad." There was an extremely terrifying amount of Huakuan Dan's medicinal power contained within. It was indeed the spirit of the Huakuan Dan. However, this was not something that was created in a short period of time. "

"No wonder I feel less alive. So it wasn't created during this period of time. " Chen Xiang finally understood why he felt it was strange, "When did you refine it?"

"At least thousands of years." Yue Yiran looked at this pill spirit carefully. Suddenly, he laughed coldly: "Heavenly Dan Landlord, this fellow ... He himself was unable to refine a Huakuan Dan's core spirit. These elixirs have existed for many years. It was made a long time ago. "

"Why is it like this?" Chen Xiang received the pill spirit. Then he carefully observed it. He did not discover anything.

"I don't know where he got it. Anyway, it wasn't something that he had refined himself. Or by chance. " The more Yue Yiran thought about it, the angrier he got. He scolded angrily, "This bastard. He actually claimed that he made it himself. He would use this to raise his prestige. And then through this, to belittle us. "Truly a villain."

"I really can't tell. This fellow was quite handsome. "He actually did such a thing." Chen Xiang also understood. Yue Yiran took this matter very seriously. Because the Heavenly Dan Landlord had been full of disdain towards him before. And let everyone think he was not as good as Heavenly Dan Landlord.

Thinking about this. Yue Yiran was even more furious now.

"This bastard. I'm going to kill him. " Yue Yiran coldly snorted.

Chen Xiang looked at the pill spirit in his hand. He said, "Can I start refining it with my blood now?"

Chen Xiang's You Yao Mountain Villa already had a pill spirit inside. However, that was the spirit of the Strong strength Dan. Although it was useful. But after all, it was an initial stage Primordial Desolate Pill. The pill spirit in his hand belonged to a middle stage Huakuan Dan.

"Not for now." We are not yet stable. " Yue Yiran was extremely cautious. He said, "I'll take you to a place now. I used to live in seclusion in that place for a while. "

Just as Yue Yiran made his move. A golden light shone down from the sky. A huge golden barrier of light appeared around them, enveloping them.

This golden barrier covered an area of a hundred miles. Chen Xiang was trapped inside. It was impossible to break out of this golden barrier.

"You fellow from the Heaven Old Imperial Family. "Get the hell out here." Yue Yiran roared towards the sky.

Chen Xiang used his Time and space power. There was actually no reaction at all. His Power of Space failed him.

"It should be useless. Those fellows have seen you use the Power of Space before. Therefore, this time, they will definitely have a way to deal with it. " Yue Yiran looked around. Looking for people from the Heaven Old Imperial Family.

Soon. A few beams of golden light shot down from the sky. Five gold armored old men appeared. Their serious faces were filled with murderous intent. That strong killing intent. It caused Chen Xiang's heart to thump wildly. These golden-armored old men were all terrifyingly powerful. Moreover, he was a war maniac who had been on the battlefield for a long time.

A young man dressed in luxurious golden clothes slowly walked over. There was a disdainful smile on his face as he said, "You guys ran quite fast. What a pity ... still can't escape my palm. "

He was Heaven Old Prince.

"How did you find this place?" Yue Yiran also felt that this was unbelievable. The people of the Heaven Old Imperial Family actually managed to find this place.

"It's just that you guys are underestimating our Heaven Old Imperial Family." Heaven Old Prince did not tell Chen Xiang and the others. He looked at Chen Xiang. With a cold expression, he said, "Human. Hurry up and give me the pill spirit. I can let you leave safely. "

"Nope." Chen Xiang also coldly said, "Why should I give it to you? What qualifications do you have to have this pill spirit? I'd rather destroy it than give it to you. "

"How dare you!" Teach him a lesson. " Heaven Old Prince was immediately enraged.

Actually, Heaven Old Prince's Inherent Skill is quite good. If it weren't for Chen Xiang and Fierce-transformation Dan Spirit, these two monsters who were suppressing him. He's the best.

Heaven Old Prince felt that being defeated by Fierce-transformation Dan Spirit was nothing much. But he was left far behind by a human. It made him very jealous. Now, he not only wanted to obtain the Core Spirit in Chen Xiang's hands. and he even had to ravage Chen Xiang. To make him feel comfortable.

## [Chapter 3184](#)

After Heaven Old Prince gave the order, the five golden-armored elderly men immediately attacked Chen Xiang without hesitation.

Yue Yiran's body also started to tremble as countless shadows emerged. This was the power of his Madness soul, a bizarre profound energy that could devour another person's life force and strength.

The interior of the golden light barrier turned dark, and there were shadows everywhere.

The black shadow lashed out at the golden-armored elders like a wave, preventing them from acting rashly. Meanwhile, Chen Xiang had also run off to the side.

Yue Yiran was very strong. Although it looked like the golden-armoured elderly men were much stronger than him, but after he used the power of the Madness soul, he actually had the ability to suppress his opponent!

Chen Xiang had already run to the side, while Heaven Old Prince chased after him.

"Don't think that just because you can kill a genius disciple from the Yue Clan, I can easily kill that guy from the Yue Clan." Heaven Old Prince took out a spear. The spear head was a gold color and it flashed with gold lightning.

After he changed into the long spear, he fiercely thrust towards Chen Xiang, directly towards Chen Xiang's heart, but he was actually grabbed by Chen Xiang with his bare hands!

Chen Xiang had gone through cultivation without a right path before, his' flesh 'was extremely strong. Clenching the long spear that was flowing with the vigorous World Defying Stage Fierce Power tightly, he only felt some pain.

"I can kill the Yue Clan's people, but I can also kill you!" After Chen Xiang caught hold of the spear, he fiercely 'pulled' and directly snatched the spear away, while Heaven Old Prince was also dragged over.

After the Heaven Old Prince was dragged over, Chen Xiang immediately lashed out with a black whip. This black whip was refined from the Myriad Tao Divine Soil and had a very terrifying binding force, trapping the Heaven Old Prince within.

The moment the Heaven Old Prince was entangled, his body suddenly shone with a golden light. He wanted to struggle free, but a Six Realms mirrors had already appeared above him.

The Six Realms mirrors's mirror surface released a red light, enveloping Heaven Old Prince within and preventing him from leaving the red light barrier.

This was the formation plate used by the Yue Clan to trap Yue Yiran previously. At that time, Chen Xiang had already used his Six Realms mirrors to quietly duplicate it.

When the Heaven Old Prince was enveloped by the formation, he was immediately shocked and anxiously shouted, "Golden-armored guard, quickly come and help me!"

"Help your grandpa! I wish you reincarnate into a dog in your next life ..." Chen Xiang laughed, the Six Realms mirrors had already pierced through Heaven Old Prince's heart, and directly went through it, following that Chen Xiang immediately took out the World Defying mad source bead.

However, the black shadow Yue Yiran released was too strange. Once it enveloped them, they became as immobile as if they were in water. Moreover, they would roll around with the waves of the water.

The black shadow that Yue Yiran released did not have any offensive power, but it was able to trap those few extremely powerful Golden Armored Divine Guards.

"Chen Xiang, hurry up and destroy the array disc above, I can't hold on for much longer, I'm not their match, I can only temporarily stall them." Yue Yiran sent a sound transmission to Chen Xiang.

"I got it, I'm going up now." Chen Xiang immediately soared up and quickly saw a small formation plate that was only the size of his palm.

After seeing the array disc, Chen Xiang immediately took out the Heavenly magic sword and pierced the sword.

That formation plate was not made by the Myriad Tao Divine Soil. Chen Xiang could easily pierce through it and destroy the formation that trapped them.

After the golden barrier of light disappeared, Chen Xiang immediately ran back to him. Yue Yiran said to Chen Xiang via sound transmission, "Use your spatial power and flee far away!"

Chen Xiang brought Yue Yiran and quickly teleported away.

"I wonder how they caught up to us." After Chen Xiang teleported a distance with Yue Yiran, he asked in confusion.

"There are many strange things happening in the Heaven Old Imperial Family, they must have some sort of plan, so we cannot let our guard down." Yue Yiran said: "Right now, I will bring you to a safe place."

Yue Yiran took out a flying discs and quickly flew away with Chen Xiang.

After three days and three nights, Chen Xiang could only see a dense gray fog in front of him. A large area in front of him was covered by this gray fog.

"What is this place?" Chen Xiang only saw it from afar and he already felt extremely pressured. He did not understand why Yue Yiran brought him to this kind of dangerous place.

"The Tiangu beast is sealed inside." Yue Yiran said: "It's inside that black fog, but once you go in, it's very difficult for you to come out."

"Then we are going in now? How do I get out of here in the future?" Chen Xiang did not want to enter, although he knew Song Yichen and Zheng profound, he might not be able to meet them inside.

Furthermore, there were many powerful Tiangu beast inside, which was very dangerous.

"It is a little dangerous, but Tiangu beast s are not as hard to deal with as Heaven Old Imperial Family's guys." Yue Yiran laughed: "You can go in by yourself, I'll give you an array disc, at that time, you only need to pass through this array disc and you will be able to come out."

Yue Yiran gave Chen Xiang an array disc. "After you come out, this array disc will guide you to me."

Chen Xiang kept the array disc and asked: "Then what about you, boss? Where are you going? Heaven Old Imperial Family and those fellows will not let you off. "

"You don't have to worry about this, I have a place to go!" If it really doesn't work, I will also enter this place. This is currently a relatively safe place among the Heaven Old Super Realm. " Yue Yiran sighed: "You are not from the Heaven Old Divine Race, so there won't be any danger if you enter. You should be able to handle those large Tiangu beast s, if they are beast kings, they are all very human, and probably won't take the initiative to attack you."

Yue Yiran knew that since Chen Xiang had two Pill Souls, once he grew up, his powers would become even stronger. When that time came, he would not have to worry too much about the Heaven Old Imperial Family.

"Then I'm going in. I'll definitely increase my strength as fast as I can."

Chen Xiang immediately rushed into the black mist in front of him. After passing through a barrier, his entire body shivered, because that barrier was extremely terrifying!

Previously, he had promised Zheng profound and Song Yichen that he would help them break this barrier, and let them lead his comrades to attack the people of Heaven Old Divine Race. Now that he was here, he wanted to let Feng Ke'er study the seal here.

"What a terrifying seal, the people of Heaven Old Divine Race are really powerful!" Feng Ke'er said: "This seal should have been created by the people of the Heaven Old Divine Race using all their strength, if not it would not have been so 'terrifying'."

Chen Xiang was still inside the black fog, so he could only continue forward. At the same time, he had to be cautious, as if there was a Heaven Old Super Beast King hidden inside.

Even though there was a dense fog that was constantly churning inside, the inside was extremely quiet. This kind of peace was able to make people not feel so stifled, but instead make them feel relaxed.

### [Chapter 3185](#)

Chen Xiang never thought that the more he entered, the safer he would be. Even though the surroundings were filled with dense fog, it was very rare to find peace in this place.

"What the hell is going on?" Chen Xiang continued to fly, but he could not see anything, nor could he sense any Qi.

He had originally thought that there would be many Tiangu beast that would fly out to attack him, but now, there wasn't even a single hair on their body.

"Don't you have the Message Jade Token? Take it out and see if you can contact Zheng profound and the others. " Feng Ke'er suddenly said.

"Yeah, why didn't I think of that?"

Chen Xiang took it out and sent a message to them.

After a while, Chen Xiang saw that the communication jade talisman was trembling, and was agitated.

"Chen Xiang, you're already here? "You entered the Ancient Forbidden Land?" The one who asked was Song Yichen.

"Yes, where are you? I'm surrounded by fog. " Chen Xiang said: "When did you come in?"

Once they entered, it would be very difficult for them to leave, and he had no idea what they were doing here.

"Make some arrangements." Song Yichen said: "After we found enough Myriad Tao Sources, we came in. It's just that many of the Heaven Old Super Beast King s here are in the process of fusing with the Myriad Tao Origin, and it will take a while for us to succeed. We are also waiting for your arrival."

It was because Chen Xiang had promised them before that he would come here to take a look, which was why they dared to take the risk and enter.

"Now I'll see if I can get to where you are." Chen Xiang took out the Six Realms mirrors, and thought about Song Yichen's appearance. Song Yichen then appeared on the mirror and sat on top of a huge tree, on top of a huge tree branch.

was very surprised to see such a huge tree inside. "I've already seen you, you should be able to get directly to your position."

Chen Xiang immediately used teleportation and appeared by Song Yichen's side!

Seeing that Chen Xiang had arrived so quickly, Song Yichen could not help but exclaim: "Chen Xiang, you're too powerful!"

"That's right!" Chen Xiang laughed: "What exactly is this place? Is this also in the Ancient Desolation Forbidden Land? "

Chen Xiang admired the beautiful scenery in front of them. He and Song Yichen sat atop a huge tree branch and looked at the beautiful lake in front of them. In the middle of the lake was a small island full of jade-green trees.

"Earlier, you were still lost in the fog. If you had gone through the fog, then you would have been able to enter this ancient forbidden area. This place was sealed long ago, and very few people dared to come here afterwards." Song Yichen said.

"I thought things were very bad here." Chen Xiang laughed: "I never thought that it would be so beautiful, I can cultivate here for a few days."

"Oh right, Chen Xiang, what have you been through outside?" Song Yichen was extremely curious.

"I've been through a lot." Chen Xiang sighed: "It's a long story!"

After that, Chen Xiang slowly told Song Yichen what had happened, shocking him greatly.

"My god, you actually killed a Heaven Old Prince right away!" Song Yichen was very 'agitated', because today, their entire clan was bestowed upon them by the Heaven Old Imperial Family. They truly hated the Heaven Old Imperial Family to the bones.

Therefore, Chen Xiang vented his anger greatly by getting rid of the prince of Heaven Old Imperial Family.

"Heaven Old Imperial Family is indeed powerful. I am far from being their match right now, so I need to go into closed door cultivation here." Chen Xiang said: "I want to become stronger even faster."

Chen Xiang was oppressed by the Heaven Old Imperial Family, and he was even made an enemy of him.

"Just make a 'hole' here. When you need it, I will bring you to find the Myriad Tao Divine Soil. There are a lot of them here." Song Yichen chuckled: "Myriad Tao Divine Soil should be very useful to you."

Chen Xiang nodded his head. Myriad Tao Divine Soil was indeed very useful to him.

"Are we going to start closed-door training now?" Song Yichen asked.

"The sooner the better." Chen Xiang walked towards the tree trunk, and after that, he dug a "hole" in the tree as he asked. "Where's Big Brother Zheng?"

"He went out to play. I'll help you." Song Yichen also helped Chen Xiang to create a 'hole' in the tree. The two of them worked together and completed the task very quickly.

Chen Xiang entered the tree cave and 'created' a few formations so that he would not be disturbed by the outside world. Then, he took out the pill spirit refined by the Huakuan Dan.

"I wonder if I can eat it directly..." Chen Xiang looked at the fist-sized crystal and could not help but laugh: "It's better not to eat it. Once I produce a pill spirit, I will have a lot of Huakuan Dan, and I don't need to refine it myself."

Huakuan Dan were still very useful, not to mention allowing people to quickly step into the World Defying crazy realm, after stepping into the World Defying crazy realm, they could also obtain more World Defying Stage Fierce Powers from consuming these pills, and increase their own cultivation.

Chen Xiang started to bleed, and the exquisite crystal was quickly dyed red by his blood, until Chen Xiang's blood could no longer be poured in, only then did he stop.

"So much blood." Chen Xiang's face had turned pale. The speed at which this crystal was sucking blood was too fast, he was unable to keep up with the speed at which he was recovering his blood.

"Beautiful, Sijing, how is the Strong strength Dan spirit inside?" Chen Xiang asked.

"The baby inside is about to mature. It seems like it's about to awaken." Jiang Sijing laughed: "This is a little girl! I had thought that Pill Spirit would be a man! "

"Is it a girl?" "The pill spirit that I saw growing up was a man!" Chen Xiang found it extremely interesting.

"Alright, now I have another pill spirit. I'll hand it over to you." Chen Xiang placed the Fierce-transformation Dan Spirit inside and 'handed' it over to the two sisters.

Chen Xiang had only been in the cave for three days, but it had already started to become quiet outside.

"Chen Xiang, something's wrong, there's trouble!" Song Yichen who was outside suddenly shouted.

"What trouble?" Chen Xiang immediately ran out. He didn't even need Song Yichen to reply to him because he knew what kind of trouble had come. Several huge crocodiles had appeared on the lake in front.

"What attracted them here?" Chen Xiang's heart skipped a beat. He suspected that the aura that the pill spirit had released had attracted these things.

"Are these guys all Tiangu beast s?" Chen Xiang asked.

"Of course, but they weren't transformed by a human. They were originally found in this area, and are quite powerful." Song Yichen said: "Let's leave this place!"

Chen Xiang nodded his head. Killing these Tiangu beast s was extremely tiring, and it would be better to go somewhere else.

### [Chapter 3186](#)

Song Yichen brought Chen Xiang and flew out of the lake, into a mountain forest. The environment here was not bad, and Chen Xiang was very satisfied.

"It seems to be quite large in here." Chen Xiang and Song Yichen had flown for a good half a day just now, but he did not see the boundary of this sealed land.

"Yes, it's very big. This place is a large area of Heaven Old Super Realm." Song Yichen sighed: "It's a pity that they were sealed up, all those fellows back then went all out in order to obtain the Myriad Tao Divine Soil, and now they are preparing to reap the rewards."

Not only was their race sealed inside, they had even become Tiangu beast s. Only a small number of their clansmen were able to retain their memories after turning into Tiangu beast. The other weak ones had all become wild beasts, and their memories had all been erased.

"Don't worry, you'll definitely get revenge." Chen Xiang patted Song Yichen's shoulder. If it was a natural disaster, then it would be fine as long as a clan encountered such a huge change. However, this was just a trap, another clan had persecuted them for the sake of obtaining the Myriad Tao Divine Soil.

"I'll continue my closed door cultivation." Chen Xiang had already heard the Mei Jing Sisters calling out to him, because the Strong strength Dan spirit had moved, telling him to quickly go take a look.

"Alright!" Song Yichen immediately opened up a tree hole for Chen Xiang to cultivate inside.

Chen Xiang walked into the tree cave and anxiously took out the Strong strength Dan spirit. After taking a closer look, he discovered that the Strong strength Dan spirit had already cracked, and although the fetus inside was small, it was filled with spirit energy. It had already opened its eyes and stared at Chen Xiang, as it began to cry out.

"Looks like I'll be able to grow up very soon!" Chen Xiang laughed and then handed the Strong strength Dan spirit over for Mei Jing Sisters to look after.

At this moment, the two sisters had already started to play with the large amount of life force being poured into the Fierce-transformation Dan Spirit.

Chen Xiang ate the remaining Strong strength Dan, and when he was refining, the Mei Jing Sisters called for him again.

"He actually came out! This is too fast, and he even grew so big!" Chen Xiang looked at the baby inside the You Yao Mountain Villa. It looked to be one or two years old, and not long ago, it was just a baby in a crystal.

"She was able to absorb all of the crystal energy. Now, she can start to refine it herself." Jiang Simei said: "I wonder how much energy these Medicine crystal are able to provide for her."

"Just wait and see." Chen Xiang laughed: "It shouldn't take long."

It was just as Chen Xiang had guessed, in just two days, she had grown into a slim and graceful girl.

Her beautiful eyes were filled with curiosity, making her look even more lovable. She had always used her clear and sweet voice to ask Mei Jing Sisters and the others some questions, which made the You Yao Mountain Villa even more joyous.

Mei Jing Sisters liked her a lot. After all, she was raised by the two sisters using the power of rebirth. This girl was born to be very close to them, and right now, they were like good sisters.

"Let's call it Jiang Lisi, Lili!" The name that Jiang Sijing had given her could not be called Strong strength Dan Spirit, right?

Jiang Lisi liked the name very much. She was also very lively, skipping and playing inside the You Yao Mountain Villa. Although she looked like a girl, she looked like a child.

"A pretty good pill spirit is much better than that man in Heavenly Dan Landlord." Feng Ke'er was playing with her inside.

Of course, Jiang Lisi knew that she had a master, she knew that she had to listen to her master's orders, Chen Xiang did not ask her to call him master, she only asked her to call him big brother.

"I'll send her some memories and let her understand some things about the pills." Chen Xiang entered You Yao Mountain Villa to meet the little girl Jiang Lisi.

After Jiang Lisi saw Chen Xiang, he was a little afraid, lowering his head and not daring to raise his head.

Chen Xiang caressed her face, at the same time passing over the memories of the medicinal pellets, allowing her to understand more about the medicinal pellets and her own origins.

After Jiang Lisi found out about all of this, he had no choice but to use a period of time to digest everything.

"I was actually that powerful!" Jiang Lisi could not condense Strong strength Dan now, but after obtaining the memories that Chen Xiang transferred to her, under Chen Xiang's guidance, she was able to condense Strong strength Dan.

To Chen Xiang's great surprise, she was able to condense over ten Strong strength Dan in two hours. Her speed was very fast and she did not consume much energy.

The Strong strength Dan she created was also for the Mei Jing Sisters and the others to eat. After they ate it, they praised the quality of the Strong strength Dan.

"Lili, try and see if you can form higher quality Strong strength Dan." Chen Xiang said: "It's just like the memory that I gave you, which was trying to concoct the super high quality pill. Try using this method, and see if you can condense it!"

"Elder Brother Shen, I'll start now." Jiang Lisi replied as he closed his eyes and began to condense the pellet.

Chen Xiang didn't want to disturb her now, so he patiently waited for Jiang Lisi.

"Alright!" Two hours later, Jiang Lisi managed to condense a Strong strength Dan.

Chen Xiang took it out to have a look and could not help but smile, "The quality is very high. It seems like she only needs time to condense something of higher quality!"

"Lili, are you tired?" Chen Xiang asked.

"Not tired at all!" Jiang Lisi said sweetly.

Although the quality of the Strong strength Dan was not bad, Chen Xiang felt that it was still not enough for him to use.

At this time, the three girls were in Chen Xiang's Time Domain, the Mei Jing Sisters and the others were using their power to nurture Huakuan Dan, while Jiang Lisi was refining his Strong strength Dan.

Chen Xiang asked her to control it for a bit. She would condense one pellet in the ninth heaven and then rest for a day.

Because the Time Domain he used only covered the three of them, after Chen Xiang waited outside for a day, a month passed.

"It's done!" Jiang Lisi held three bright white Strong strength Dan s in her small hands. Although they looked white, they emitted a white light, which was different from before.

After Chen Xiang received the three pellets, he carefully examined them and took a deep breath: "The quality is very high. If this continues, perhaps she will also be able to condense a pill spirit!"

He only had this thought, but for the time being, he did not plan to let Jiang Lisi do it.

He ate these three Strong strength Dan and then began to refine them. In order to prevent Song Yichen who was outside from waiting for too long, he used a Domain to envelop him.

Jiang Lisi also began to condense Strong strength Dan s. Chen Xiang instructed her to condense one pellet for nine days, and give it to the Mei Jing Sisters and the rest after she was done. This was extremely useful to them, it was about time for them to level up.

### [Chapter 3187](#)

A tiny fetus had already appeared in the Fierce-transformation Dan Spirit under the influence of a large amount of power of regeneration, and was slowly growing.

As Chen Xiang refined the three Strong strength Dan s, he carefully observed the Elixir Crystals in Mei Jing Sisters's hands.

"It's a girl again." Chen Xiang frowned and said: "Heavenly Dan Landlord's Pill Spirit is male ... "What exactly is the reason for the sex difference?"

"It should be related to the person who channeled the life energy. The life energy was all channeled by my sister and me, so all of the elixirs are women." Jiang Simei said: "This is also good, this way we can have a lot of sisters."

Chen Xiang did not mind, after all, no matter if it was male or female, they were all able to condense high quality pills!

Several days had passed and Chen Xiang had already refined those three Strong strength Dan, but he still had not stepped into the World Defying crazy realm!

"I still can't do it. Don't tell me I have to eat the Arrogant Core?" Chen Xiang felt that he was stuck in something, unable to rush to a higher realm.

At this time, he had no choice but to run out and find Song Yichen.

"Brother Song, I feel that it's very difficult for me to breakthrough by myself, and I'm unable to step into the World Defying crazy realm." Chen Xiang was very gloomy. He thought that eating the Strong strength Dan would allow him to quickly break through.

The World Defying Stage Fierce Power in his body had already reached its limit, and his body was very strong as well. If he was unable to break through, his' flesh 'and World Defying Stage Fierce Power would not be improved, and would instead be restricted.

"The World Defying crazy realm is still rather difficult to step into ... The problem you are facing right now is that you cannot condense the World Defying Stage Fierce Soul. To step into the World Defying crazy realm, you need to condense the World Defying Stage Fierce Soul. " Song Yichen said.

Chen Xiang had heard about the World Defying Stage Fierce Soul before. He had released the World Defying Stage Fierce Soul before, but he didn't know how he was supposed to condense it.

"Do I need to use a very strong World Defying Stage Fierce Power to condense it?" Chen Xiang asked, because when he previously trained with this kind of spirit body, it was always like this.

"No, you need to sense the World Defying Stage Soul River above Myriad Tao yourself and capture a World Defying Stage Fierce Soul. This doesn't require anything, the only problem is that whether or not you can 'obtain' a good World Defying Stage Fierce Soul, if you can't 'get it, your power in the future will be greatly restricted."

"It's really mysterious!" This was the first time Chen Xiang had heard of this.

"How do I sense the World Defying Stage Fierce Soul?" Chen Xiang's face was filled with thought, and asked again, "After love, how do you feel about that World Defying Stage Soul River? What is that thing?"

"World Defying Stage Soul River is high up in the sky above Myriad Tao. That place is very high up and even the strong World Defying Stage are unable to climb up there. There are three very long World Defying Stage Soul Rivers on top, and each is taller than the last. It is a soul river formed by the deaths of many humans, beasts and other living beings. This soul is made from the rebirth of those souls after they were destroyed, and it has lost all consciousness. It has been floating in the air above the Myriad Tao all year round and over time, it has become very strong and mysterious. "

"If you obtain the World Defying Stage Soul River, you will be able to step into the World Defying crazy realm." Song Yichen said: "This is the most difficult step to take to enter the World Defying crazy realm ... I heard that you can borrow pills to increase your sensitivity towards World Defying Stage Soul River and sense even higher soul rivers. "

"There's such a way!" Chen Xiang thought about it, until now, he still could not understand the use of Huakuan Dan, could it be that it can help people feel the Soul River?

"There are some people who are simply unable to sense their soul rivers, which is why they are unable to step into the World Defying crazy realm for their entire lives." Song Yichen said: "Three soul rivers. The World Defying Stage Fierce Soul of the first layer of the soul rivers is the weakest, and the World Defying Stage Fierce Soul of the third layer of the soul river is the strongest."

"Alright, I'll give it a try now." Chen Xiang once again entered the tree cave.

Chen Xiang's Divine Sense Sea had an Invigorated Meridian, which allowed him to easily sense the situation in the Myriad Tao. He focused his' spirit 'on the Invigorated Meridian, and then tested if he could send his' spirit 'along the' spirit 'to the Myriad Tao.

After a day, he suddenly felt that the spirit that was focused on his Invigorated Meridian had become relaxed, as if it had suddenly broken out of its confinement.

"Could this be above Myriad Tao?" Chen Xiang was ecstatic. At this time, he could only see darkness, but there were three silk threads.

"Could this be the legendary triple-layered soul river?" Chen Xiang controlled his own spirit to fly upwards. Even though he could fly, his speed was extremely slow and he could only go up bit by bit. He did not know when he would be able to reach World Defying Stage Soul River.

After an unknown amount of time, Chen Xiang finally arrived at a place inside a soul river. There were countless specks of light in his surroundings, and when these specks of light saw him, they all dispersed, like a flock of frightened birds.

Chen Xiang's Spirit was extremely slow. He had controlled his Spirit to chase after one of the light dots, but that light dot was flying very fast.

"Damn it, how can I catch these little things?" Chen Xiang was a little angered, he then controlled his spirit and continued to fly upwards.

It was only a single layer of Soul River. If he had spent a lot of effort to catch a Madness soul of the first layer, wouldn't his efforts have been in vain?

Just like that, his spirit continued to rise, and after a while, he finally reached the second layer of the soul river. After a while, his spirit continued to rise, and after a while, he finally reached the second layer of the soul river.

"I wonder how long it took ... Looks like I haven't made any preparations, even if I were to head to World Defying Stage Soul River s on the third floor, I would not be able to catch World Defying Stage Fierce Soul s. " Chen Xiang was extremely helpless and could only withdraw temporarily.

After his consciousness left the Myriad Tao, he anxiously asked Feng Ke'er, just how much time had he used!

"Three months!" Feng Ke'er said: "The Huakuan Dan have already grown up.

"That's right ... " Before Chen Xiang attempted to capture the World Defying Stage Fierce Soul, he had already used it on the You Yao Mountain Villa.

"Let me look at that little girl." Chen Xiang said while grinning. He then examined inside the You Yao Mountain Villa, and very quickly saw a young lady wearing purple clothes sitting on a patch of grass with her eyes closed, probably condensing a core.

This girl had a beautiful oval face, and her face was extremely delicate and beautiful. When her eyes were closed, it made people feel that she was very quiet.

"I'll go in and see her!" Chen Xiang immediately entered the You Yao Mountain Villa.

At this time, Jiang Lisi ran out from a room and shouted softly: "Elder Brother Shen, this is my sister, Jiang Si Hua, you can just call her Hua Hua Hua."

After Jiang Si opened his eyes, he saw Chen Xiang. Elder Brother Shen! "

Chen Xiang and Jiang Si had a conversation for a while, and after that, he transferred some of her memories to her, the two of them became very familiar with each other, and Jiang Si Hua revealed a beautiful smile on his face.

And during this period of time, under Jiang Lisi's guidance, Jiang Si 'flowers' had already formed quite a few Huakuan Dan, which made Chen Xiang very happy!

### [Chapter 3188](#)

It just so happened that Chen Xiang was lacking Huakuan Dan, he wanted to try and see if Huakuan Dan would help him capture the World Defying Stage Fierce Soul. Access:.

He obtained a few very good quality Huakuan Dan, then left the You Yao Mountain Villa, and began to sense the World Defying Stage Soul River s again.

After consuming the Proud Pellet, under the effect of the medicine, his spirit unexpectedly rushed into the Myriad Tao, and under his control, it was very easy for his spirit to fly up to the soul river.

"His speed is really fast!" Chen Xiang gasped in surprise, his heart was in ecstasy. It was because the use of Huakuan Dan was extremely important, no wonder it was useful in allowing people to step into the World Defying crazy realm.

Not long after, Chen Xiang arrived at the third floor of the World Defying Stage Soul River. Although the specks of light here were fast, with the help of the medicinal power of the Arrogant Pill, his spirit was able to fly very quickly.

"Haha, I finally caught one ..." Chen Xiang was very happy. After he caught a speck of light, he used his mind to control his own mind to sense the speck of light.

"This is ..." It's an arrogant dog's soul, what use is there for it to come here?

Chen Xiang was extremely unhappy, what he had painstakingly captured was actually a dog soul.

The Madness soul on the third floor weren't all that good either, because Chen Xiang had caught more than ten specks of light, and all of them were World Defying Stage Fierce Souls he was very dissatisfied with.

"It won't be easy to find a Madness soul that is satisfied with me, and I can't just casually find it either." Just as Chen Xiang was about to catch another light dot, he suddenly realised that his spirit had slowed down.

"I've used up all my medicinal energy!"

In order to continue, he could only eat another Huakuan Dan.

If this were to continue, he didn't know when he would be able to find a World Defying Stage Fierce Soul that he was satisfied with. If he couldn't find it, then he would need to consume a lot of Huakuan Dan.

Of course, he did not lack Huakuan Dan, he did not even need to refine them, and would be able to obtain high quality ones.

"What kind of World Defying Stage Fierce Soul do I need?" Chen Xiang kept searching. He felt that if he had the Divine Fire Soul he would definitely be more than happy to do so, but no matter what, he could not find it. It was just some stones, wood, flowers, grass.

Very quickly, he had eaten the fifth Huakuan Dan. At this time, he also used a month's time!

He was also very frustrated at this rate. Just when he was starting to get impatient, he caught a dot of light. This dot of light was not as peaceful as before and was actually struggling.

It was a good thing that Chen Xiang had eaten the Huakuan Dan. Otherwise, his spirit would not be strong enough and he would be broken free by this light.

"My god, what the hell is this thing?" Let me have a good look! " Chen Xiang laughed, but just as he was about to take a look, the light suddenly flashed and transformed into a sword, slashing at his Spirit God crazily, the speed of the hacking was extremely fast, in a moment hacking his Spirit God into a mess.

"This is good stuff!" Chen Xiang's ideal World Defying Stage Fierce Soul was something like a Fire Soul, but the sword spirit in front of him made him like it even more.

Although his spirit was hacked into pieces, he quickly gathered it back together.

"There are also quite a few Huakuan Dan's medicinal powers, go!"

After Chen Xiang sensed the remaining medicinal power in his body, he immediately used the remaining medicinal power in his body, allowing his spirit to have an even stronger power, and then wrapped this speck of light with it.

"I've already caught him. Don't tell me he's going to drag him into my Divine Sense Sea?" Chen Xiang only had this thought, but his' spirit 'had already returned to the Divine Sense Sea, and that extremely arrogant Sword Spirit had also entered his Divine Sense Sea.

"Coming to my territory, isn't it easy to deal with you?" Chen Xiang laughed sinisterly, then used his own most powerful 'divine power' to suppress the little sword-like World Defying Stage Fierce Soul.

He unceasingly released the World Defying Stage Fierce Power, allowing the World Defying Stage Fierce Power to wrap around the little sword layer by layer. After a period of time, the little sword had settled down and even established a connection with him.

Every vein in Chen Xiang's Divine Sense Sea had become one with the sword, and the sea water formed from the World Defying Stage Fierce Power was already churning in the Divine Sense Sea. The golden colored sea water continuously churned and whistled, and the light was getting brighter and brighter, as if it was evolving.

His World Defying Stage Fierce Power was becoming stronger, and other than that, he felt that his body had also changed!

... ..

Song Yichen, who had been standing guard outside the tree hole for a long time, could feel that there was quite a bit of movement coming from inside the tree hole. At such a short time! "

Because under normal circumstances, capturing World Defying Stage Fierce Soul was extremely difficult, especially for those who were able to capture the right one, it would take a lot of time! Ten thousand years isn't a big deal.

But Chen Xiang was only a few months old!

Just as Song Yichen was startled, Chen Xiang walked out of the tree cave with a smile.

"Haha, I have finally stepped into the World Defying crazy realm!" Chen Xiang laughed out loud.

"Amazing!" Song Yichen exclaimed: "What's your World Defying Stage Fierce Soul?"

"Um... It's a sword. " Chen Xiang said: "Is it considered good?"

Chen Xiang had not used the Sword Soul before, but he felt that it must be very powerful, because after the Sword Soul entered his Divine Sense Sea, it caused all of the World Defying Stage Fierce Power in his Divine Sense Sea to evolve and become stronger. Even his body became stronger than before, with a very huge increase.

"Of course, this is a weapon type World Defying Stage Fierce Soul!" Song Yichen said with a look of envy on his face, "Your luck is really good, to be able to catch such a good World Defying Stage Fierce Soul so easily."

What he did not know was that Chen Xiang's Primordial Sword Soul was actually from the third level of the World Defying Stage Fierce Soul!

"Brother Song, what's your World Defying Stage Fierce Soul?" Chen Xiang asked curiously.

Song Yichen shook his head and sighed, then opened his palm. A very small gorilla appeared in his palm, and when this gorilla appeared, it jumped up and down Song Yichen's body, and was very playful.

"Gorilla!" Chen Xiang couldn't help but laugh.

"Don't laugh at me, this World Defying Stage Fierce Soul is easier to find, and it belongs to the World Defying Stage Soul River s of the second floor. Zheng profound's World Defying Stage Fierce Soul is also a gorilla." Song Yichen curled his lips.

"So that's how it is. No wonder when you became Tiangu beast, you were all gorillas. Is this related to the World Defying Stage Fierce Soul?" Chen Xiang had previously captured many World Defying Stage Fierce Soul s on the third floor, and a majority of them were beast spirits. He had seen quite a few of them, but he had released them after.

"Yes, it has a great impact on the World Defying Stage Fierce Soul." Song Yichen nodded his head, "In the Heaven Old Super Realm, even if they are from there, most of their World Defying Stage Fierce Soul s are beast spirits, because beast spirits are easy to capture."

With no good conditions, many people would use the World Defying Stage Fierce Soul when they were capturing it, so people like Chen Xiang who had a unique sword spirit were rare.

Chen Xiang, on the other hand, had gone through many selections, mainly because he had very high quality Huakuan Dan s, all of which were condensed out from the Rivers and Flowers.

Chen Xiang had finally stepped into the World Defying crazy realm, and with his current strength, he could already move towards Myriad Tao. However, he felt that his current strength was not enough, and the environment above the Myriad Tao was even more cruel.

"Brother Song, what stage are you in right now?" asked. The World Defying crazy realm had four realms, which were the late stage of the early stage and the peak stage.

"Right now, I am only at the middle stage. I can only capture the second World Defying Stage Fierce Soul." Song Yichen said: "The time to capture the third World Defying Stage Fierce Soul has yet to come, and I don't know when it will come either. I can only continue to cultivate and wait for the opportunity to come."

"Can we still continue capturing World Defying Stage Fierce Soul?" Chen Xiang did not expect this.

"Yes, among the four realms of the World Defying crazy realm, every realm requires one to be captured. This can also allow you to obtain even more powerful strength." Song Yichen said: "Right, do you need a Myriad Tao Divine Soil now? I can take you to get it! "

Chen Xiang thought, he felt that his current strength could be considered very strong, and was unsure if he could return to the Divine Wasteland.

"Brother Song, do you think I can go back?" Both Chen Xiang and Chen Xiang were currently unable to use the Myriad Tao Divine Soil to forge artifacts, and only Chen Cai was currently in the midst of the Divine Wasteland.

"Of course, but it will be more troublesome." Song Yichen said: "Right now, Zheng profound and I are unable to go out. Although we have already changed back to our original appearances, we are still natives, so we are unable to go out unless we can break this seal."

Chen Xiang looked at the three suns in the sky. One of the suns was given to them by the natives, it had always been able to provide them with energy.

"Un, I will now bring me to get some Myriad Tao Divine Soil s. I need to refine some powerful divine tools, and with those things, dealing with Heaven Old Imperial Family will be much easier." Chen Xiang said: "Your enemy is the Heaven Old Imperial Family!"

"Yes!" Song Yichen suddenly clenched his fists: "The Super Yang Divine Alter is inside the Heaven Old Imperial Palace. If we can take him back, our clan might be reborn ... I just think it's possible. As for whether it's true, I don't know. "

"Have you guys tried to enter the Heaven Old Imperial Palace before?" Chen Xiang asked.

The moment Zheng profound and I got close to the imperial city, we were already discovered. After that, we had no choice but to flee to this place. Song Yichen said.

Of course Chen Xiang knew, if they weren't terrifying, they wouldn't have been able to exterminate a strong race.

"Let's go, I'll bring you to the Myriad Tao Divine Soil right now." Song Yichen was already floating.

Chen Xiang followed behind him, and under his lead, they flew into a patch of black mist in the distance.

"Is that the place to come in?" Chen Xiang asked. Previously, when he had entered this sealed region, he had encountered this kind of dense fog.

"No, that place is even more terrifying, but that is only for the people of the Heaven Old Divine Race and other races, for me, it is nothing, that place was once our tribe's holy land, our Super Yang Divine Alter is inside, and a large number of Myriad Tao Divine Soil is inside." Song Yichen said.

When Chen Xiang thought about how he would soon get a large number of Myriad Tao Divine Soil s, he became extremely excited and couldn't help but increase his speed.

He felt that if he could obtain a large number of Myriad Tao Divine Soil s, he must definitely thank Song Yichen and the others, so he planned to help Song Yichen and the others to take back the Super Yang Divine Alter s, and then help them to break the seal.

"Big Brother Zheng is so busy. I haven't even seen him before." Chen Xiang said.

"He is looking for his companions and giving them the Myriad Tao's Origin. He would also like to count how many of them can transform back into their human forms." Song Yichen said: "The Myriad Tao might not be enough, if the time is not right, I will need your help."

"No problem!" Chen Xiang laughed, it was not difficult for him, he only needed to use the derivation method to refine it, it would take some time.

"Then I'll thank you first." Song Yichen laughed. He was extremely glad that he was able to recognize a powerful human like Chen Xiang, who could be of great help to him ...

Song Yichen had already brought Chen Xiang out of the dense fog, but he did not immediately go in. Instead, he waited outside, not knowing why.

"Why aren't you going in yet?" After Chen Xiang waited for a while, and saw that Song Yichen was still watching, he was confused.

"It's a bit strange inside. The last time I came, it wasn't like this. What happened?" Song Yichen frowned.

"What's so strange about that? I don't feel anything!" Chen Xiang carefully checked the auras in his surroundings and didn't find anything wrong.

"This feeling is something that you can't discover. Only those who are very familiar with the interior can discover it." Song Yichen said, "I've grown up inside there since I was young, so I can immediately find out what changes there are."

"So what's happening inside now? Is it getting dangerous?" Chen Xiang asked, if he could not go in now, he would feel regret.

"I can't be sure, but something has changed! Are you afraid..." "How about you wait for me outside and I'll take a look inside." Song Yichen said: "If there's no danger, I'll come out again to find you."

"Let's go in together." Of course Chen Xiang wasn't afraid, he had just stepped into the World Defying crazy realm and he was extremely confident in himself. He felt that Song Yichen was only one realm higher than him, if he used his full strength, he might even be able to defeat Song Yichen.

"Alright, then you have to be careful!" Song Yichen knew that Chen Xiang was not weak, and he had even stepped into the World Defying crazy realm.

Just like this, he and Chen Xiang entered the Sacred Ground that was shrouded in black fog!

After entering, a domineering aura suddenly came over, scaring Chen Xiang and Song Yichen to the point that their faces turned pale.

"So strong!" Chen Xiang exclaimed in shock: "There is indeed a huge change here, what kind of powerful thing is hidden in your clan, to actually be so terrifying!"

"I don't know. This Holy Land is already very mysterious. Back then, all of the elders in the Holy Land died. I don't know how many of our juniors there are. Although I came here a few times, there was no such change." Song Yichen shook his head.

Chen Xiang felt a chill down his spine. It was obvious that there was something powerful hidden inside, and it was something that had just awakened during this period of time. He just did not know what it was.

"Do we still need to go in?" Although Song Yichen was also a little afraid, he was also very curious. After all, this was related to the secrets of their race. He really wanted to go in and see what exactly was so scary about this place.

#### [Chapter 3190](#)

"Since we're already here, of course we have to go in and take a look." Chen Xiang laughed: "Come, let's go in and see what it is!"

Song Yichen nodded.

Although this item was not very sturdy, with Feng Ke'er's continuous strengthening, it could release all kinds of arrays or seals. It would be of great help to Chen Xiang, and his defensive power could be compared to it.

Standing on the Six Realms mirrors at this moment, Song Yichen also felt an inexplicable sense of security.

"This divine tool of yours looks really amazing!" Song Yichen praised.

"Hehe, if I had used a little more Myriad Tao Divine Soil refining, I could become even more powerful." Chen Xiang laughed.

"Yes, if everything goes well this time, you will be able to obtain a large number of Myriad Tao Divine Soil s. By then, it will be enough for you to strengthen this thing." Song Yichen said: "I'm just worried that there might be some unforeseen events, at that time, it will be difficult to obtain Myriad Tao Divine Soil s."

"Don't worry, there aren't any unforeseen events here." Chen Xiang didn't think much of it. Although the aura from before was very scary, he didn't feel any sense of danger, so he was more at ease.

After entering, Chen Xiang saw that there were ruins everywhere. The buildings inside had already been destroyed, but even after so many years, they did not decay!

"The construction materials of this Sacred Land are quite good. After so many years, they should have already decayed." Chen Xiang exclaimed, because when this place was destroyed, it was already many thousands of years ago.

"The building materials here are all added into the Myriad Tao Divine Soil, so they won't rot so easily." Song Yichen's words rendered him speechless.

To actually use the Myriad Tao Divine Soil to build houses, this was simply extravagant. Even those experts above the Myriad Tao would not be able to imagine that! No wonder the Heaven Old Divine Race was so jealous. They wanted to eliminate this clan no matter what and snatch the Myriad Tao Divine Soil s here. It was just that they had been busy for nothing and did not manage to obtain many Myriad Tao Divine Soil s.

"Right, if you didn't bring me in, what kind of danger would you encounter?" Chen Xiang asked. Suddenly, a gust of cold wind blew over, causing him to feel a little gloomy and gloomy.

"I don't know..." Song Yichen thought for a while, and then said two words: "I know that the people from the other races, if they were able to get out of here, would either be crazy or be heavily injured."

"Back then, when the old experts from the Heaven Old Divine Race entered the place for the first time and took the Super Yang Divine Alter away, they thought that the mysterious power would be weakened. However, the second time they sent someone in, those people came out with their bodies covered in cracks and wounds, and they died miserably and miserably." Song Yichen said: "Back then, those Heaven Old Divine Race people were all in the middle stage of the World Defying crazy realm, some of them were even stronger than me!"

"Then will I be alright!?" Chen Xiang was shocked and worried.

"No, as long as I'm by your side, that power won't appear." Seeing Chen Xiang's pale face, Song Yichen could not help but laugh.

Although Song Yichen was very sure, but Chen Xiang was still a bit worried.

The Six Realms mirrors was flying rather slowly, so Chen Xiang didn't dare to increase his speed right now either.

This Sacred Ground looked to be shrouded by black fog from the outside, but after entering, it was not completely dark, it was just rather dark. If one looked carefully, they could see a lot of things, and Chen Xiang would be able to see many broken down houses.

"This place is the center of the Sacred Land!" Song Yichen suddenly pointed to a deep pit in front of them.

Chen Xiang looked ahead and said: "Was there originally a huge pit in the middle of your Sacred Grounds?"

The pit was very big and very deep. Chen Xiang felt that this didn't seem like the middle of a Sacred Ground at all!

"Of course not, that place was originally a square, but because of the outbreak of the battle and the Super Yang Divine Alter being taken away from the center, it became like this." Song Yichen said helplessly: "The Sacred Ground has been completely destroyed!"

Chen Xiang controlled the Six Realms mirrors to fly over. He originally wanted to go closer, but when he got closer, he felt that the Six Realms mirrors had suddenly lost control!

"Chen Xiang, don't go over there. Myriad Tao Divine Soil isn't over there." Song Yichen immediately shouted.

However, Chen Xiang's Six Realms mirrors still flew over, causing Song Yichen to be anxious.

"Chen Xiang, stop!" Song Yichen urged.

"I can't stop!" Chen Xiang was also worried. For some reason, his Six Realms mirrors was not under his control and it flew over directly.

"Why can't I stop?" After Song Yichen asked, he also received an answer, because he felt a suction force pulling them into the deep pit in the middle.

"Crap!" Chen Xiang immediately flew up, wanting to fly away from the suction force, but to no avail.

"You can't escape?" Song Yichen shouted in alarm, and then, he dragged Chen Xiang. He wanted to fly out, but no matter how hard he tried, he couldn't send him flying.

By now, they were halfway down the deep hole.

"Haha, all of you stop struggling. I'm going to eat all of you." A sinister laughter came from below. When Chen Xiang heard it, he flew up with all his might.

However, no matter how hard he and Song Yichen tried, they couldn't fly up. Furthermore, Chen Xiang also used the Time and space power, it was useless.

"Don't be afraid!" Song Yichen took a deep breath, and said: "We need to calm down!"

Chen Xiang nodded, "Mn!"

The two of them calmed down and did not continue flying upwards. Chen Xiang tightly held onto the Heavenly magic sword and its body, if anything were to happen, he would be able to react in time.

Very soon, they reached the bottom. This place was not dark at all, and there was even a dim golden light.

"This is the Myriad Tao Divine Soil!" Chen Xiang shouted in alarm, there were a lot of Myriad Tao Divine Soil here, and it was all over the ground.

"Haha ..." You can't take it with you, and I'm going to eat you. " The savage voice laughed again.

Hearing the sinister laughter, Chen Xiang and Song Yichen immediately looked over. On one of the stone walls, there was an old man with a few swords stuck to his body. It was these swords that had nailed him to the stone wall.

"It's someone from the Heaven Old Divine Race, and a member of the Heaven Old Imperial Family at that!" Song Yichen said angrily: "Why is this guy here!"

"All of you, come over here." The old man laughed out loud, his body suddenly leaking out a faint red light aura, a suction force suddenly appeared and sucked Song Yichen and Chen Xiang over.

When Chen Xiang and Song Yichen were sucked towards that old man, they attacked him, especially Song Yichen. Punches after punches of World Defying Stage Fierce Power continued to be thrown out, smashing into the body of the old man, but this old man was completely fine.
