

Dan God 3231

[Chapter 3231](#)

Blue Sky Poison King, Lan Lei and the rest of the young people had eaten a lot of food and wine, but they were still not satisfied.

"Seeing this, Chen Xiang had a plan. He, who was hiding outside the window, used the power of space to teleport a few Heaven devouring rat to this hotel, and suddenly made the Heaven devouring rat turn into the Mouse Man, arriving at their level. ≤,

After a few Mouse Man s came to this floor, they immediately began fighting, and started fighting in the hotel, causing a huge commotion and affecting the private rooms of the Blue Sky Poison King and the rest.

"What's going on? Let's go out and take a look!" Lan Lei and the rest had already stood up, while Blue Sky Poison King turned to look outside the door.

Just as their attention was about to shift to outside the door, Chen Xiang took out the White Bone Poison Blood that he had collected earlier and dripped a lot of it onto the dishes and wine.

Among them, the amount of poison blood Chen Xiang dripped into their wine cups with was the highest!

The Mouse Man outside had already been captured by the people from the hotel and thrown outside of the hotel. Chen Xiang took back the Mouse Man.

Blue Sky Poison King and the others started to eat and drink again, completely unaware that they had been poisoned.

"This Blue Sky Poison King isn't that good either. He actually doesn't know that there's no poison in his own cup. I just wonder if he can defend himself against the poison." Chen Xiang saw Blue Sky Poison King raise his wine cup and drink, but he did not realize it at all.

To Chen Xiang's knowledge, people who used poison generally had a physique that could resist poison, and moreover, was extremely sensitive to poison. However, this was not the case for the Blue Sky Poison King, as he had thought that the Blue Sky Poison King was very powerful.

"I wonder when the poison will break out." Chen Xiang wasn't very clear about the poison's power, but he felt that it shouldn't be a problem to poison Lan Lei and the other juniors.

As for the Blue Sky Poison King, he did not expect to win.

However, this was beyond his expectations!

The first one to be affected was Lan Lei. While he was eating and drinking, his body suddenly had a huge change, the flesh and blood disappeared, and all the bones in his body were exposed, he had become a set of white bones.

This was a very sudden change. After Blue Sky Poison King saw Lan Lei's change, his body also started to change, and very quickly, Blue Sky Poison King and a few of the young disciples' poison flared up.

"Ahh ..."

The room immediately became extremely chaotic. Amongst these people, the one who was the most shocked was the Blue Sky Poison King, because only he could handle this poison, he never thought that other people would have this poison, and even use it to poison him!

"Elder Blue Sky ..." Lan Lei saw that his hand was made of bones, and couldn't help but to tremble as he continued to whimper. He only had bones now, so Chen Xiang couldn't see the expression on his face, but it must be very interesting.

"Someone poisoned us." Blue Sky Poison King was the calmest because this poison could be cured.

As for the other juniors, they were not that calm. They did not seem to know that this poison was discovered by the Blue Sky Poison King, but they were currently shrouded in fear from the poison and had become desperate. Especially when they thought about how they would have to live like this in the future, they wanted to cry but had no tears.

Blue Sky Poison King was pondering about who poisoned them and when it was done. Based on his understanding of the poison, he quickly came to a conclusion.

"Elder Blue Sky, the waiter of this hotel must have poisoned them. I want to chop them into pieces." Lan Lei had already stood up and took out his mask and mask. He did not want others to see the appearance of his skull.

The Blue Sky Poison King immediately pulled him back, and said loudly: "It is definitely not a waiter, we have already eaten these dishes before, but they were just made just now. The moment we ate the poison, the speed of the poison is extremely fast, it must have been when we were fighting outside, someone came in and poisoned us, it was in a very short period of time, and their methods were very clever, even I did not sense them."

This city was the territory of the Lan Clan, and this restaurant had always been very safe. The Blue Sky Poison King had never been poisoned before, so he had never been on guard.

"Then... "Then what is his purpose?" Lan Lei did not understand.

"He should be challenging me. He must have just discovered this poison, and he is trying to brag to me about it. I have been doing this a lot in the past." The Blue Sky Poison King sneered: "But he's too naive. I found this poison a long time ago."

Chen Xiang didn't know why Blue Sky Poison King thought this way either, to the point where he didn't even think that it was his revenge.

"This is an antidote pill, you can recover after eating it." Blue Sky Poison King took out a few antidote pills. He first ate one and recovered before handing it over.

When Lan Lei and the others saw that the Blue Sky Poison King had recovered, they were also relieved, and just as they were about to get the antidote, a wave of spatial energy suddenly came forth. Chen Xiang used his spatial energy to retrieve the antidote at a distance.

"Got it, let's go!" Chen Xiang was also very surprised, he did not expect the antidote pill to be so easily obtained.

As long as he could get a pill, he could use his alchemy skills to dissolve it. After that, he could use the derivation method to refine a lot of the pills. He didn't need to know what herbs were used to concoct the antidote pill.

Chen Xiang had four antidote pills in his hands, which was enough for him to use!

"This guy ..." "I guessed wrong!" The Blue Sky Poison King roared, his palm striking the big table and smashing it into pieces, causing the entire inn to shake violently.

"Elder Blue Sky, what is going on?" Lan Lei panicked, because they had not recovered yet. Luckily, there were still a lot of antidote pills in Blue Sky Poison King.

The Blue Sky Poison King said angrily: "They should be people from the Bai Family. I never thought that there was such a powerful fellow amongst them! To be able to use the power of space so skillfully, and also to conceal such a great ability. "

"Someone from the Bai Family?" Lan Lei had already eaten a Detoxification Pill, and when he recovered, he immediately saw his pale white face.

"The three Alchemist s of Bai Family were poisoned by this kind of poison, they must have taken the blood of the three Alchemist s and followed me all the way to find an opportunity to poison me." Blue Sky Poison King stood at the window and looked into the distance. He strongly patted the window frame and said, "Bai Family, just you wait!"

Lan Lei was also furious. He was quite scared of him just now, and they even ate the blood of others. Just thinking about it made him feel nauseous.

"I want to return to Lan Clan immediately and let them send out the arrogant Fierce Fighting God. Bai Family has angered me this time." Blue Sky Poison King's voice was filled with anger.

Chen Xiang took the antidote, and immediately left the city, returning to the Bai Mansion.

[Chapter 3232](#)

Bai Ximing did not expect Chen Xiang to bring the antidote pill back right after he left, this made him admire her a lot.

Four antidote pills, three of them were used to detoxify the three Alchemist s, he kept one for derivation. He stayed in the Bai Mansion for a day and used the Time Domain to obtain more than a hundred antidote pills within a month's time.

The resulting detoxification pill had been verified by Chen Xiang using the Mouse Man, and the detoxification effect was the same as before. Now that he had so many detoxification pills, he was no longer afraid of being poisoned by the white bones anymore.

"I want to go back to Divine Soil Restricted Area to take a look." When Chen Xiang came out and saw Bai Ximing, he asked.

"Ah, if you're free, then come here. Now our Bai Family is about to rise from the ashes. We've already invited the two proud Fierce Fighting God s out." Bai Ximing said.

"What's that, Fierce Fighting God?" Chen Xiang had never heard of it before, but he felt that it must be a very powerful existence.

The reason they are able to become a proud Fierce Fighting God is mainly because when they were looking for the World Defying Stage Fierce Soul, they went out of their way to look for that kind of World Defying Stage Fierce Fighting Soul. Every realm has to fuse with this kind of World Defying Stage Fierce Soul, and in the end, they can become a powerful proud Fierce Fighting God. Bai Ximing said.

"So that's the case. That must be very powerful, right?" This was the first time he had heard of World Defying Stage Fierce Fighting Soul.

"Of course they're powerful. They are very powerful existences in a single power. They will only be dispatched when there are special circumstances. Of course, other clans have them as well." Bai Ximing said.

"Then they must be very old. Every single time, they have to search for the World Defying Stage Fierce Fighting Soul s from the World Defying Stage Soul River s. This requires a lot of time." Chen Xiang himself had searched for the World Defying Stage Fierce Soul before, so he thought so.

"Some are old, some are young ... It's actually not as difficult as you think, because it's their first time merging with the World Defying Stage Fierce Fighting Soul, so it will be easier for them to find the World Defying Stage Fierce Fighting Soul. " Bai Ximing said.

"If there's a chance, I must take a look. I'll be leaving first."

Chen Xiang left the Bai Mansion and returned to the Divine Soil Restricted Area. At this time, Chen Cai was still refining his cauldrons with the Spirit of Divine Alter, so in order to make them faster, Chen Xiang had released the Time Domain to envelop them.

Half a month had passed before Chen Xiang's Tianchuang furnace was completely transformed!

"The danger in Bai Family has passed, they are now our allies. If the Sword Clan makes any move, the Bai Family will help us stop them." Chen Xiang said to the Spirit of Divine Alter.

"That's good. Next, I will use the Myriad Tao Divine Soil Crystals with Chen Cai to refine some weapons for the Divine Soil Race people." Spirit of Divine Alter said, "I want to turn them into the powerful Sun War God, hehe!"

"How strong is it? How are you going to make it? " Chen Xiang was very curious, the Spirit of Divine Alter seemed to have a very good way to help the Divine Soil Race become stronger.

"I will melt the Myriad Tao Divine Soil and place them in a pool to let the Divine Earth people jump in and let them temper themselves in the pool." Spirit of Divine Alter said: "Even though the process won't be very pleasant, it's a method to make them strong."

Chen Xiang took a deep breath, how was this not feeling good, it was simply killing him!

"It's scary just thinking about it." Chen Xiang shook his head.

"Spirit of Divine Alter, have you heard of the arrogant Fierce Fighting God?" Chen Xiang asked: "Bai Family has two of these guys, they are very strong existences."

"Of course I know this guy. They are indeed very strong!" Chen Xiang, you are currently only at the early stage of the World Defying crazy realm, but if ordinary mid stage World Defying crazy realm meets you, it may not even be your match. " Spirit of Divine Alter said.

"Yes!" Chen Xiang was extremely sure of his own strength.

"However, if you meet a Fierce Fighting God at the early stage of the World Defying crazy realm, you will definitely lose." Spirit of Divine Alter said: "Of course, if you use that divine sword and Six Realms mirrors, you can still win."

"Since that's the case, why can't I compete with them in terms of strength?" Chen Xiang frowned, these proud Fierce Fighting God seemed to be more powerful than he had imagined.

"If it's a Fierce Fighting God of the middle stage of the World Defying crazy realm, I feel that even if you use your Six Realms mirrors and divine sword, it would still be difficult to take them down." Spirit of Divine Alter said: "This guy has a very high status, and it's also not easy to become a Fierce Fighting God ... If you want to have that kind of power, then you can only do it with Sword Blood s. "

"My Heavenly magic sword and Six Realms mirrors are very strong." Chen Xiang was a little unwilling, he felt that there were two things, even if they were to encounter late stage World Defying crazy realm, he would still dare to go against them.

"However, the arrogance of the Fierce Fighting God s themselves are extremely terrifying, moreover, they have a very high status, their own weapons are definitely not weak." Spirit of Divine Alter said: "If you don't believe me, you'll know if you meet a Fierce Fighting God."

"Alright, I'll go and have a look now." Chen Xiang was extremely interested in the Fierce Fighting God. He wanted to see if they were really as powerful as he was now.

Chen Xiang left the Divine Soil Restricted Area, and returned to the Bai Family.

"Chen Xiang, it's great that you're here!" Seeing that Chen Xiang had arrived, Bai Ximing was very anxious.

"What's wrong?" Chen Xiang asked.

"Something big has happened to Super Yang Realm ..." Bai Ximing looked up into the sky, pointed at a sun, and said: "Suddenly, a ball of red something shot out from a sun, and then descended into the Super Yang Realm.

"What could have fallen?" Chen Xiang asked curiously.

"I don't know. That's why Xue Lan went to take a look." Bai Ximing sighed: "I was a bit worried about her, so I had an arrogant Fierce Fighting God accompany her."

"They are all very strong, you don't have to worry." Chen Xiang patted Bai Ximing's shoulder, and laughed: "Brother Bai, what do you think the things that fall from the sun are usually?"

"Disaster!" Bai Ximing sighed: "Anyway, it can't be anything good, but Xue Lan feels that it is extremely necessary to go and see, and I can't stop her ... You should know that after she became a true Sword Blood, her personality changed greatly. "

Chen Xiang nodded: "I understand, I will go look for her now."

"If you go, I'll be a lot more at ease." Bai Ximing pointed in a direction: "It's over there, I think many people have seen it, the other powerful families in Super Yang Divine Race will definitely go as well."

Chen Xiang looked in that direction and anxiously walked out of Bai Mansion, quickly teleporting over.

Chen Xiang's teleportation was extremely fast, and it didn't take him long before he saw the object that fell from the sun. It was actually a huge mountain that was thirty thousand meters tall.

This huge mountain was entirely black, with extremely violent flames burning outside. When Chen Xiang saw this mountain, he felt that it was extremely hot, if not for him being able to control the Sun madness fire, it would not be so comfortable.

[Chapter 3233](#)

Chen Xiang looked at the people at the back, many of them did not dare to approach, because it was very hot here. However, there were still a few people who entered, and all of them were strong warriors.

Chen Xiang had used the Counter Power, so no one could see him.

"Just what is on this mountain?" Chen Xiang looked at him from afar and took out the Six Realms mirrors to check on Bai Xuelan. When he saw Bai Xuelan, he immediately asked through sound transmission: "Xue Lan, where are you? Brother Bai is worried about you, so he told me to come here to find you."

Bai Xuelan's face was originally ice-cold, but when she heard Chen Xiang's voice in her head, her expression softened and she quickly replied, "Chen Xiang, please do not come here. This place is extremely dangerous, and the other families have sent an arrogant Fierce Fighting God."

Chen Xiang had already passed by. After locating Bai Xuelan, he could go there with just a teleportation.

Bai Xuelan was located very close to the blazing mountain, the environment here was very bad, it was extremely hot, if one did not have sufficient strength, they would probably turn to dust.

Chen Xiang saw many people, among them were people wearing blue clothes, all of them belonged to the Lan Clan. They were currently surrounding Bai Xuelan, but Bai Xuelan was not afraid of them.

Bai Xuelan swept his cold eyes over the members and said coldly: "I, Bai Xuelan, am well aware of what your Lan Clan has done to our Bai Family in the past few years. It's time for your Lan Clan to return the favor."

The other Super Yang Divine Race s only watched from afar. Even though they were trying to expel the Bai Family, they weren't as ruthless towards the Bai Family as the other surnamed races. It was clear that Bai Xuelan had already obtained control of the Sword blood and become a Sword blood.

"Bai Xuelan, get that fellow from the Bai Clan who poisoned me to the ground." The Blue Sky Poison King roared, he was still brooding over this matter.

"Hmph. An old dog like you is not even worthy to see him." As Bai Xuelan spoke, he slashed his sword across the air. When the exploding Frenzy sword wind flew out, it turned into a large streak of light. What was terrifying was that it was still crazily devouring the terrifying heat from its surroundings.

In the past, he had already transformed into a three hundred meter tall gigantic fire beast after obtaining the Sword Qi, swallowing all of Lan Clan's people.

All the great clans were gathered here. They originally came here to investigate this mountain, but now they encountered such a good show. They were all watching with great interest from afar.

"I finally saw the Frenzy sword wind again, who would have thought ... I really did not expect that after so many years, the Frenzy sword wind would actually be released by a little girl. An old man sighed.

"I remember the last time she went to Heavenly Dan Mountain Villa, she was still sickly. Not long ago, she was actually as terrifying as a proud world's Fierce Fighting God."

"The Bai Clan has met a noble ... I heard that there is another guest in the Bai Family who is also from a Sword blood, but it is not as terrifying as Bai Xuelan's. Furthermore, the sword that Bai Xuelan is using, seems to have been refined using a Myriad Tao Divine Soil crystal. "

"It must have been provided by the guy who took out a large number of Myriad Tao Divine Soil s at the auction last time."

"Fortunately, our conflict with the Bai Clan is not that great. It should be able to be resolved."

"Hehe, the surnamed races of the sword clan are the fiercest against the Bai clan. Those of us from the other clans actually don't have the chance to do anything to them."

The Blue Sky Poison King was not the type to fight. He only hid far away and watched the battle between their two proud Fierce Fighting God s and Bai Xuelan's already Bai Family Fierce Fighting God.

Chen Xiang had been here for a long time, and had concealed it extremely well. Because of the gigantic Flame Mountain, the environment here was extremely bad, and now that Bai Xuelan was here, the atmosphere was extremely chaotic.

"We must capture this slut alive. I must make all the servants of the Lan Clan ruthlessly fall for her!" Blue Sky Poison King's angry roars travelled all the way to Bai Xuelan's ears, making him even more furious, wanting to immediately go over and kill Blue Sky Poison King.

It was just that, she was still fighting with Lan Clan, she knew that Fierce Fighting God was very strong, and had to deal with him carefully, so she could not be distracted, so she suppressed her anger and focused on the battle!

Chen Xiang had also seen the power of the Fierce Fighting God, and it was indeed terrifying. He was not sure exactly how strong it was, he needed to fight a round to know.

Blue Sky Poison King continuously provoked Bai Xuelan with his words. He seemed to understand the personality of the Sword blood s very well.

Just as he was cursing nonstop, Chen Xiang had already arrived beside him. He took out the Heavenly magic sword and used the fastest speed possible to cut off Blue Sky Poison King's head without saying a word.

The Blue Sky Poison King was previously cursing loudly in mid air, but when everyone heard him, they suddenly stopped. The people who were watching the battle all looked in the direction of Blue Sky Poison King, only to see that the Blue Sky Poison King's body was falling down and his head was missing!

"Elder Blue Sky!" An old man shouted in shock, he anxiously rushed forward to catch Blue Sky Poison King's body, only to see that Blue Sky Poison King's head had already disappeared, and the blood that came out of his neck had been evaporated by the heat.

When Bai Xuelan heard about the situation, she was extremely shocked, and then she suddenly thought of Chen Xiang.

She felt more and more that it was Chen Xiang who did it, and she was secretly happy in her heart, because Chen Xiang had helped her get rid of this annoying fellow who was constantly insulting her.

Everyone was alarmed and suspicious, because someone had plotted against the Blue Sky Poison King. Furthermore, his methods were very clever, to the point where even the Blue Sky Poison King did not notice. What was even more terrifying was that there were a few experts from the Lan Clan beside the Blue Sky Poison King.

After Chen Xiang killed Blue Sky Poison King, he had been watching the fight on the side. The people of Lan Clan had scolded the Bai Family for being shameless and so on.

Suddenly, the huge mountain of flames trembled.

Chen Xiang sensed that something was amiss, and immediately rushed over, releasing the Six Realms mirrors, he activated the array inside the Six Realms mirrors, and enveloped Bai Xuelan and the Bai Family's Fierce Fighting God!

B000M!

The gigantic mountain suddenly exploded, releasing a burst of violent air waves and sun-like explosion of light. Chen Xiang and the rest felt extremely bumpy inside the Six Realms mirrors, and they could even feel the heat from the fire seeping into their bodies. They were all extremely strong, but the heat made their bodies feel a burning pain.

Chen Xiang and the rest were blown far away by the shock. After the surroundings calmed down, Chen Xiang looked forward and saw charred corpses all over the ground. Many people had died!

"The mountain is gone, but there are no broken rocks." Bai Xuelan did not dare imagine that if Chen Xiang had not suddenly appeared and protected them, their situation would have been extremely serious.

At this moment, the bodies of the people floating in the air were incomplete. They were all missing arms and legs. These people were also the strongest group. The weakest among them had turned into charred pieces that fell to the ground!

Everyone looked at the location where the giant mountain was just at. They were all frightened out of their wits!

[Chapter 3234](#)

Chen Xiang simply did not know what had happened just now. He only knew that many people had died in the explosion just now and that a majority of them were severely injured.

Bai Xuelan looked at Fierce Fighting God. Although this Fierce Fighting God looked to be in a sorry state, he was not severely injured. In other words ...

"Something's wrong. Let's go!" Chen Xiang looked in the direction of the gigantic mountain and frowned, controlling the Six Realms mirrors to teleport away.

After leaving that place behind just now, Chen Xiang was much more at ease because if he continued to stay there, he didn't know what dangerous things would happen. In short, he consciously told him that that place was extremely dangerous.

"What happened just now? What is inside the huge mountain?" After the explosion, there was not a single fragment left. Nothing was exploded out, but a huge crater was formed on the ground." He knew just how powerful Chen Xiang was, to actually be able to save them in such a short period of time.

Bai Xuelan shook her head, she looked at the sun in the sky and said: "My brother has already, once this happens, it will mostly be a disaster. Just a moment ago, we were just lucky, but unfortunately, we didn't manage to kill the Lan Clan. Chen Xiang, you are running way too fast. "

If Chen Xiang had not left just now, he would definitely have attacked the Fierce Fighting God.

"Because I'm afraid. "I can feel that after that huge mountain exploded, it was extremely dangerous. It seems that there's something very scary there." Chen Xiang was still in shock: "Do you know why after the explosion, that enormous mountain didn't leave anything behind?"

Bai Xuelan shook his head.

"Because the materials of that enormous mountain can burn and explode." Chen Xiang said: "Otherwise, it would be impossible to produce such a great power, many of the stronger people in the various families would be blown into ashes, even the Fierce Fighting God s cannot handle it."

That Fierce Fighting God nodded: "If we didn't have protection, I'm afraid we would already be injured."

After saying that, Bai Xuelan and the Fierce Fighting God both looked at Chen Xiang's Six Realms mirrors. They were standing on top of it, and it was this thing that blocked the powerful energy wave just now.

Now, Chen Xiang was finally able to verify the defensive power of this Six Realms mirrors. It was refined using multiple pieces of Crystal emperor, and the defensive power was extremely satisfactory to Chen Xiang.

"Something is coming!" Chen Xiang suddenly shouted, that feeling came out of nowhere, he immediately controlled the Six Realms mirrors to teleport.

Just as the Six Realms mirrors had teleported away, a few streaks of fire shot out. These things were extremely aggressive, but they missed.

Chen Xiang and the Fierce Fighting God didn't know what was going on with him, and they also didn't sense anything just now.

"Chen Xiang, what happened just now? What are you afraid of?" Bai Xuelan asked: "Did you see something, is it really that scary?"

Chen Xiang nodded, "I think ... The person who did not run away just now should be pretty much dead by now. "

Chen Xiang controlled the Six Realms mirrors to release an even stronger defensive barrier, and at the same time, he controlled it to quickly teleport towards the Bai Mansion.

"We need to return to Bai Mansion quickly, and definitely do not linger around outside." Chen Xiang said: "With the protection of the Bai Mansion's formation, it should be safer."

The Fierce Fighting God was puzzled and asked, "Just what is it?"

Chen Xiang shook his head: "I don't know either, but I can feel that those things are very strong. They should have appeared after that huge mountain exploded."

Bai Xuelan frowned, he was thinking about something.

"Xue Lan, what do you think it is?" Chen Xiang asked: "You are all from the Super Yang Divine Race, you must know more than me."

"The possibility of a sun evil spirit is higher." Bai Xuelan looked at the sun in the sky: "But that's impossible ... The Sun Evil Spirit has already been wiped clean by the Super Yang Old Ancestor, it's impossible for it to appear again. "

Fierce Fighting God took a deep breath: "If it's really this kind of thing, then it's really troublesome. Rumours say that these types of Sun Evil Spirits love destruction very much."

They had already returned to the Bai Mansion and Chen Xiang had told Bai Ximing about this matter. Right now, no one could be sure whether or not the Sun Evil Spirit had appeared because they did not see it with their own eyes.

Chen Xiang left the Bai Mansion to look for him.

The Spirit of Divine Alter must be very clear about this kind of thing.

Just as Chen Xiang arrived at the side of Super Yang Divine Alter, the Spirit of Divine Alter anxiously said: "Chen Xiang, don't run around too much during this period of time, it might not be peaceful outside."

"Yes." Chen Xiang sighed, and was told everything that happened to him, the Spirit of Divine Alter.

After the Spirit of Divine Alter heard this, he fell silent for a moment, then said: "If it wasn't for the Sun Evil Spirit, the Sun Evil Spirit would have been completely destroyed by the Super Yang Old Ancestor, and would not have been reborn. Even if he was reborn, he wouldn't be that powerful."

"Then what is it?" Chen Xiang asked.

"If I'm not wrong, it should be some guys sealed in the sun." The Spirit of Divine Alter said: "These guys were all enemies of the Super Yang Old Ancestor at that time, sealed in these suns by the Super Yang Old Ancestor. I don't know how they came down today, but these guys are very scary."

"How many secrets are there in the sun?" Chen Xiang looked at the sun in the sky, feeling very suspicious. These suns seemed to be very mysterious but they were also a little weak, because after a race of people was destroyed, the sun would also fall.

If all the remaining Super Yang Divine Race were to perish, these suns would no longer exist.

"There are many secrets that I am not clear of either! If it's really those guys sealed in the sun, then you have to be careful, it's very difficult to kill those guys. " The Spirit of Divine Alter said: "Even if you use the Heavenly magic sword, it will still be difficult to kill them."

"Can't kill him?" Chen Xiang did not believe it. He had met many people who claimed that they could not kill him before, but in the end, they were all killed by him.

"Don't not believe my words. If they could have been killed, they wouldn't have been sealed in the sun." Spirit of Divine Alter said.

"I want to go back to that place and investigate." Chen Xiang said: "We might be able to find something there!"

"Then you must be careful." The Spirit of Divine Alter warned: "If they are to attack you, you better not fight them and just leave. With your strength, you should be able to leave safely."

Previously, Chen Xiang had brought Bai Xuelan and a Fierce Fighting God with him, so it was not convenient for him to act.

Riding on a Six Realms mirrors, Chen Xiang quickly left the Divine Soil Restricted Area, once again heading towards the place where the gigantic blazing mountain appeared.

Upon closer inspection, he noticed that there were many people gathered there. Upon closer inspection, he realized that they were the men who had been sent by a big family to scout the blazing mountain. They were sitting in a circle on the ground, staring at a huge bonfire.

[Chapter 3235](#)

Chen Xiang watched from afar and didn't dare to approach, afraid that he would be discovered.

"What's wrong with these guys?" Chen Xiang watched from afar and could not hear their conversation. Previously, he thought that all of them were dead, but now, he was sitting there roasting a fire.

Feng Ke'er said: "Maybe they have already been controlled!"

Chen Xiang also felt that it was possible and continued to try to get closer. He quickly discovered that there was a fire trap hanging on the necks of those people.

At this moment, he became even more careful, worried that he would be discovered if he wasn't careful. One must know that the powerful auras in this place made him unable to breathe.

"These guys should have surpassed the World Defying crazy realm!" Chen Xiang was extremely terrified. In the eyes of this group of people, he was probably just a small shrimp.

"After all, he's an enemy of the Super Yang Old Ancestor, he would definitely not be too weak." Feng Ke'er said: "Super Yang Old Ancestor is also very mysterious and powerful."

"Yes, but now it seems that his descendants will be annihilated by these fellows." Chen Xiang was currently searching for those strong fellows, but he couldn't see anything.

Suddenly, a voice came out from the bonfire, startling Chen Xiang.

Those people are in the fire!

Only now did Chen Xiang realize that the fire was not an ordinary fire. That kind of fire looked like an ordinary flame, but upon closer inspection, one could see that the inside of this fire had a little bit of golden light.

"This is ..." The Sun madness fire! " Chen Xiang shouted in his heart.

Although they were Sun madness fire s, they were not that strong, only extremely weak.

"All of you, quickly absorb all of these Sun madness fire. I want you to become my fire slaves." From the sound of it, it was probably the voice of an old man.

It turned out that the people from the various big families were surrounding the fire to absorb the Sun madness fire!

"Fire slave? It seems like there's only one guy! " Chen Xiang thought: "But why were there so many fellows chasing after me before? At that time, I felt at least three of them running over here."

Just as Chen Xiang was pondering about this, three balls of fire suddenly flew towards him.

"Super Yang Divine Lord, we have investigated thoroughly, the Bai Xuelan in the Bai Family does control the Sword blood." After the fireball exploded, a young man appeared and respectfully said.

"I don't really care about the Sword blood, I can easily deal with a little girl. What I care about is that guy with the powerful divine artifact, he actually dodged my attack." Super Yang Divine Lord said coldly:

"This guy is very capable, his divine tool is not simple, I have to get it."

Chen Xiang couldn't see the Super Yang Divine Lord, but he was sure that this guy was very strong, if not he would not have enslaved so many strong beings. Chen Xiang had also just seen it, when the three figures in the flames appeared, they had fire collars around their necks.

"God Master, what about the Purple Yang Excalibur? Have you pulled it out yet? " the young man asked again.

I can't pull it out, "he murmured." There's a deep connection between it and the land. That bastard Old Sun, he's the one who did all the good things. The Super Yang Divine Lord snorted angrily.

In the distance, Chen Xiang suddenly saw a black shadow rush out from the huge fire, following that, an old man with black flames all over his body appeared, the black flames around his body was like a black robe surrounding him, he looked extremely majestic and domineering.

At this time, Chen Xiang had already seen Super Yang Divine Lord's appearance. A pair of eyes were pitch-black in color, with two points of black flame coming out of them. It was extremely weird, and his eyebrows also seemed to be jumping like black flames.

"God Master, what are we going to do next? From the memories of these fellows, we can know that the Divine Soil Restricted Area has a large number of Myriad Tao Divine Soil s as well as an ancient Super Yang Divine Alter. " A young man said.

This Super Yang Divine Lord had three flame slaves that he had brought from above the sun, they were completely loyal to him, and were extremely powerful. They were the ones that had been chasing and attacking Chen Xiang previously.

"The Ancient Super Yang Divine Alter was refined using a Myriad Tao Divine Soil crystal and there are nine Crystal emperor on it. The energy comes from the sun and it's extremely powerful. Before I recover my strength, I don't want to mess with the Ancient Super Yang Divine Alter." The Super Yang Divine Lord said, "What we need to do now is to control more than one Super Yang Divine Alter. We need to control at least five of them so that I can recover my strength faster."

"God Lord, those Super Yang Divine Race are not very strong, I can take them down now." A young fire slave said.

"Don't be arrogant, these Super Yang Divine Race s are all very strong, especially their Super Yang Divine Alter s. Even though they are newly refined, their might cannot be underestimated. You all saw it too, those who ran away were all Fierce Fighting God. " Super Yang Divine Lord said: "I have been sealed for many years, and have been burned by the sun for so long, my injuries are extremely serious, and I cannot recover in such a short period of time. My strength is also only at Peak of World Defying crazy realm."

"If I want to take down those Super Yang Divine Race, I need even more powerful fire slaves." Super Yang Divine Lord said: "Especially someone who has a Sword blood. With a Fire Slave like this and my help, she will become stronger quickly!"

"Let's go find a way to take down the girl from the Bai Clan."

The three fire slaves immediately left.

Chen Xiang also carefully left this place, and teleported to the Bai Family and entered Bai Mansion.

They still did not know about the situation here. When Chen Xiang suddenly arrived, Bai Ximing was still welcoming him with a smile.

However, when he saw Chen Xiang's serious expression, he could not laugh anymore.

"Chen Xiang, what's going on?" Bai Ximing asked.

"Bad news." Chen Xiang immediately told Bai Ximing what he knew, and halfway through his story, Bai Xuelan also came over.

"Super Yang Divine Lord!" Bai Xuelan frowned, "This is a disciple of the Super Yang Divine Lord from back then." After Bai Xuelan finished listening, he exclaimed in shock, "Why did this guy come down here?"

Chen Xiang shook his head: "I don't know either! Xue Lan, how did you know this fellow? "

Bai Ximing had never heard of any Super Yang Divine Lord, but Bai Xuelan knew that she was extremely curious and looked at her.

"My Sword blood's inherited memories are here." Bai Xuelan said.

Chen Xiang also owned a Sword blood, but his Sword blood was not pure, he only had Frenzy sword method.

"Then do you know about Purple Yang Excalibur?" Chen Xiang asked again, "That huge flaming mountain, should be related to the Purple Yang Excalibur."

After hearing about the Purple Yang Excalibur, Bai Xuelan was even more surprised. She frowned and said: "No wonder, so it was the Purple Yang Excalibur that had descended!"

[Chapter 3236](#)

There were treasures on that huge mountain of flames, but they were extremely difficult to obtain. A very powerful Super Yang Divine Lord watched over that place and there was already a large group of powerful fire slaves.

"Is the Purple Yang Excalibur very powerful?" Chen Xiang already had a Heavenly magic sword, so he felt that his Heavenly magic sword should be very strong.

Bai Xuelan shook his head. Purple Yang Excalibur are not the strongest, and the sword is not used for battle! "

Bai Ximing and Chen Xiang looked at each other. They had previously thought that this Purple Yang Excalibur was extremely powerful, so if this kind of divine sword was used for combat, it would definitely be very good.

Bai Xuelan sighed: "I am not sure about the specific circumstances of this sword, I only know that Super Yang Divine Lord angered Super Yang Old Ancestor because of this sword!"

"So that's how it is!" Chen Xiang already knew that the Super Yang Divine Lord had a lot of grievances before, so there must be a story behind this.

"Don't let this sword fall into the hands of the Super Yang Divine Lord. Chen Xiang, you must have this sword." Bai Xuelan said.

"I will try my best!" Chen Xiang nodded his head, "You must be careful, especially you, Xue Lan. In case you get caught, I'll have to go and save you! "

Bai Xuelan pouted. "You make me sound weak!"

Chen Xiang chuckled, then rode away on his Six Realms mirrors.

≤

After returning to the Divine Soil Restricted Area, Chen Xiang anxiously went to find the Spirit of Divine Alter. During this time, the Spirit of Divine Alter was refining with Chen Cai, he released a strong Sun madness fire for Chen Cai to control.

It was a rare opportunity for Chen Cai to train himself, so he would definitely not miss it.

"Did you find anything?" Spirit of Divine Alter was extremely concerned about the matter of the blazing mountain.

"A great discovery." Chen Xiang told Spirit of Divine Alter everything he discovered.

After the Spirit of Divine Alter finished listening, he remained silent. It was clear that this matter was extremely serious for Chen Xiang to not even reply.

"This is troublesome!" Spirit of Divine Alter said after a long while.

"Yes, this guy is very strong, very troublesome." Chen Xiang said.

"Trouble is indeed somewhat troublesome, but you don't have to be too worried. You should know that the other fellows from the Super Yang Divine Race that are heading towards the Myriad Tao should have all returned by now, right?" The Spirit of Divine Alter said.

"Yes, are they going to work together against that guy?" Chen Xiang felt that this was possible.

"Do you know what the use of Purple Yang Excalibur is?" Spirit of Divine Alter did not answer Chen Xiang's question.

"I don't know!" Chen Xiang shook her head: "Bai Xuelan's inheritance of knowledge is also not that detailed, she only knows that it is not used for battle, but is extremely powerful."

"Yes, this Purple Yang Excalibur is not used for fighting. It's a key that can open the Purple Yang Divine Palace." The Spirit of Divine Alter said: "Purple Yang Divine Palace is the palace that you were in back then. You should know what is inside."

"Something left behind by the Super Yang Old Ancestor?" Chen Xiang was shocked.

"Yes, Super Yang Old Ancestor left very much back then, as for why he left, I'm not sure either. But he left many things behind, all in the Purple Yang Divine Palace, at that time the Super Yang Divine Lord stole this key, but the patriarch found out in time, not only did he seal the key, he sealed the Super Yang Divine Lord as well, and threw it into a sun."

"I just don't know why, but the Super Yang Divine Lord suddenly fell down, and the sealed Purple Yang Excalibur broke through the seal, but it should be stuck on the ground right now, as it does not want to fall into the hands of the Super Yang Divine Lord."

Chen Xiang thought for a while, then asked: "Where is the Purple Yang Divine Palace? "Can you just go in with the key?"

"It should be, I don't know the specifics either. I only know that the Purple Yang Excalibur is the Purple Yang Divine Palace's key." The Spirit of Divine Alter sighed: "It would be best if you could obtain it. This way, you don't have to worry about the patriarch's things falling into this guy's hands."

Chen Xiang nodded: "I will think of a way!"

Right now, he didn't know what to do. He could only get closer to the huge fire and wait for an opportunity.

... ..

Chen Xiang arrived near the bonfire again. At this time, he saw that the people from the weird clan were all kneeling down to worship the bonfire, the flames on the bonfire had also decreased by a lot.

"These guys have all become slaves." Chen Xiang said: "They all have relatively high positions in the clan. Once they are controlled and allowed to return to the clan, it will be troublesome."

The Super Yang Divine Lord's goal was to control five suns to treat his injuries, but it seemed like it wasn't that difficult right now!

"From today onwards, you are all my fire slaves. Here, the fire sources of the Sun madness fire, you only need to absorb them to become stronger, and as long as you are loyal to me, you will never regret becoming my fire slaves. I can make you stronger."

Super Yang Divine Lord shouted, "Now, quickly go back and think of a way to lure the strong experts of your family here. I want them to become my fire slaves as well!"

This Super Yang Divine Lord was really a good plan, he was not in a hurry to destroy all the Super Yang Divine Race, but wanted to slowly control them and develop his own power!

This was a very serious matter. If he succeeded, then there would be a group of people who were not afraid of death, and each one of them would be very strong.

"They have already absorbed the Sun madness fire for their cultivation, so they will definitely become stronger and stronger in the future." Chen Xiang gritted his teeth and said: "I must get hold of these Purple Yang Excalibur quickly. The fire source of these Sun madness fire should be released by them."

Chen Xiang guessed that Super Yang Divine Lord was also absorbing these fire sources to heal her wounds and recover her original strength.

Soon enough, the group of flame slaves left, and the three powerful flame slaves from before weren't here either. Chen Xiang felt that as long as he lured this Super Yang Divine Lord away, he would have the chance to enter the fire.

Although the outermost layer of Sun madness fire was not strong, it was still a Sun madness fire. As long as he had the opportunity to absorb it for cultivation, in time, he would be able to condense a fire seed.

Out of the three young fire slaves from before, they had already grasped strong Sun madness fire s, and their bodies had obviously been tempered by them before.

"The Sun madness fire in the inner layer of the bonfire must be very strong. This guy has been hiding inside, he must be absorbing the Sun madness fire in the inner layer to cultivate." Chen Xiang thought: "I must lure him out!"

Chen Xiang thought about it, then carefully summoned a Mouse Man. He let this Mouse Man ride on a Six Realms mirrors, then he controlled the Six Realms mirrors to fly far away.

"If the Six Realms mirrors is exposed, with this guy's strength, I can definitely find it. Once he leaves the bonfire, I will immediately go in and use my spatial energy to teleport the Six Realms mirrors back." After Chen Xiang thought of his plan, he immediately executed it and allowed the Six Realms mirrors to fly out.

Just as Chen Xiang had expected, the Super Yang Divine Lord was extremely sensitive to the Six Realms mirrors's aura, so they immediately soared and flew towards the direction of the Six Realms mirrors like a streak of black light.

[Chapter 3237](#)

The Six Realms mirrors was merely a pretense for Chen Xiang to lure the Super Yang Divine Lord away. Previously, the Super Yang Divine Lord wanted to obtain the Six Realms mirrors very much, so Chen Xiang felt that this plan would definitely succeed.

The reason why Super Yang Divine Lord wanted to obtain the Six Realms mirrors was mainly because he could sense the Crystal emperor's aura. Although he was not very sure, this familiar aura made him wonder if it was true.

Now that the Six Realms mirrors had appeared again, and its aura was even clearer, the Super Yang Divine Lord was even more certain that it was the aura released by the Crystal emperor, so he did not think too much and directly flew out, chasing after the Six Realms mirrors.

The last time Chen Xiang used the Six Realms mirrors, it had already attracted the attention of the Super Yang Divine Lord. At that time, the Super Yang Divine Lord was already very curious about the person holding the Six Realms mirrors, so he would not let go of this opportunity.

Chen Xiang was obviously not afraid that the Six Realms mirrors would be snatched away by the Super Yang Divine Lord. The Six Realms mirrors had followed him for many years and already had a very close relationship with him.

When Chen Xiang saw that the Super Yang Divine Lord was walking far away, he was overjoyed. He immediately flew out and entered the bonfire.

That pile of Sun madness fire were extremely scorching hot, and after Chen Xiang entered, he felt an unending burning pain on his skin. However, this also proved that the Purple Yang Excalibur inside were not so simple.

Before, Spirit of Divine Alter had said that the Purple Yang Excalibur was not very powerful and was only a key. But now that Chen Xiang had come here, he felt that what he said was wrong.

Chen Xiang had now entered the inner part of the bonfire, and the Sun madness fire here were also the most ferocious. He had already seen the sword hilt of the Purple Yang Excalibur.

"This is the Purple Yang Excalibur, why can't the Super Yang Divine Lord take it away?" Earlier, Chen Xiang had overheard it, that the Super Yang Divine Lord was unable to pull the Purple Yang Excalibur out, and he said that the Purple Yang Excalibur was extremely closely connected to the ground.

The nine suns suddenly exploded, shining with nine balls of intense purple light. These light rays pricked Chen Xiang's entire body, causing him to feel as though his body was being pierced by burning red nails, especially his head, it felt such an intense pain.

After feeling the pain, Chen Xiang could not help but shout out loud. The nine balls of light that were still flickering also gradually dimmed down, turning into nine purple swords that swirled in the air.

"Are these all Purple Yang Excalibur?" The pain on Chen Xiang's body lessened by a lot. He looked at the nine purple longswords, and focused on sensing them, allowing the nine purple longswords to fly to his side.

Sou sou sou!

However, the nine purple swords actually flew over, this was something Chen Xiang did not expect, he had just started not long ago, and had already succeeded.

However, just as he was secretly delighted in his heart, he discovered that these nine purple swords were releasing a very strong killing intent, flying towards him.

"If I want to obtain the Purple Yang Excalibur, I need to get the Purple Yang Excalibur's approval. Could this be the test?" Chen Xiang thought in his heart, then clenched his teeth and sent the nine purple swords towards him.

"Whiz!"

A purple longsword pierced through his body, the strong impact causing him to kneel down in pain. Following that, a second purple longsword also flew over, causing him endless pain.

At this time, he already had the strong thought of giving up. Once he gave up, his mind would immediately leave the inside of the Purple Yang Excalibur, and this also meant that he would fail.

He could not afford to fail, and he had already suffered the pain of two sword strikes. If he gave up just like that, then he would have suffered for nothing!

Although it was only a sliver of his soul that suffered, both his body and soul could deeply feel it.

Shoo! Shoo! Shoo!

The following battle was even more intense. The purple longswords flew over almost non-stop, not even stopping at all. This caused him to suffer greatly.

After the nine swords pierced through his consciousness, he suddenly woke up. He discovered that his consciousness had already left the inner part of the Purple Yang Excalibur.

[Chapter 3238](#)

Looking at the Purple Yang Excalibur in his hand, Chen Xiang was ecstatic. He had finally succeeded, the huge pile of Sun madness fire that was originally burning in flames had also disappeared. "Oh no, Super Yang Divine Lord is back!" Chen Xiang felt an extremely dense killing intent approaching him. With a thought, he teleported the Six Realms mirrors back before teleporting out of this place to Divine Soil Restricted Area.

"This requires time, don't rush!" Spirit of Divine Alter laughed: "You won't be able to rush this kind of thing. You need to calm your heart to discover it."

Chen Xiang nodded, he had also previously calmed himself down and allowed himself to enter the inner part of the Purple Yang Excalibur in a quiet state.

At this time, he placed the Purple Yang Excalibur on his legs and sat on the ground with his legs crossed. He closed his eyes to sense the Purple Yang Excalibur.

Unknowingly, he felt like he had fallen into a deep sleep. He dreamt that the Purple Yang Excalibur was guiding him to the mysterious Purple Yang Divine Palace.

"The Purple Yang Divine Palace is actually not above the sun." When Chen Xiang woke up, he was extremely shocked. He had thought that the Purple Yang Divine Palace was inside the sun.

However, from the dream he had just had, he could tell that the Purple Yang Divine Palace was in this very land, and it was extremely secretive as well.

"Where is it?" Spirit of Divine Alter was also very curious, "My guess is that it is deep underground, maybe deep in the earth."

Chen Xiang shook his head, and said: "No, but that place is very special, and also deep underground!"

"Oh? It's actually not in the earth's core, what kind of special place is that?" Spirit of Divine Alter was very curious about the Super Yang Old Ancestor.

"There is a sun sealed there." After Chen Xiang said this, he also felt that it was strange. He smiled and said: "It's not like the great sun in the sky, but a relatively small one."

"What's going on?" Spirit of Divine Alter did not understand.

"I'm not too sure either. I only know that the Purple Yang Divine Palace is hidden in a small purple sun. And this small sun is hidden on the ground." Chen Xiang said: "It is most likely caused by the Super Yang Old Ancestor, he can even 'create' nine great suns. Right now, 'making' a small sun 'under the ground is nothing."

"Do you know how to get there?" The Spirit of Divine Alter thought about it and felt that Chen Xiang was right.

"Of course I know. That place is quite dangerous, and there is only one path that is easy to reach." Chen Xiang said: "It's precisely the Black Volcano in the Super Yang Realm!"

The black volcano was a huge volcano that erupted almost every day, and to reach the Purple Yang Divine Palace, one had to enter through the mouth of the volcano, as well as dive into the black lava.

This was the illusion that the Purple Yang Excalibur gave him before, the path he saw in his dreams.

"Then you must be careful, there are many things inside that black volcano." Spirit of Divine Alter also understood this volcano. Obviously, this black volcano had been here for many years.

Chen Xiang nodded his head, and said: "I will be very careful!"

When he was going down, he tried the power of space. He wanted to use the power of space to teleport down, but he couldn't because there was a very, very strange power stopping him.

This caused him to be unable to use the power of space to teleport!

After Chen Xiang went down, he suddenly realized that the black volcano was shaking!

"Crap!" It's going to be shot out! " Chen Xiang was shocked, he immediately released his strong World Defying Stage Fierce Power, allowing the Six Realms mirrors to produce a strong force, and rush down along the gush of water.

Fortunately, he was able to react in time and wasn't hit by the jet stream. However, the speed at which he was going down was much slower than before.

Seven days and seven nights later, Chen Xiang finally struggled out of the pitch-black lava volcano.

What he did not expect was that underneath the black volcano was a vast and empty space, and there was such a beautiful purple sun.

"This is not the earth's core!" Chen Xiang looked around, he felt that he was still very close to the ground, and what was strange was that he did not feel any heat.

In other words, the purple sun had no heat!

"Let's go in and take a look!" Feng Ke'er was also very curious about the Purple Yang Divine Palace inside the purple sun.

Chen Xiang anxiously rode his Six Realms mirrors and flew over, charging straight into the purple sun.

The purple sun was not big. Other than the rosy clouds that were as bright as the sun, it did not look like the sun. After all, there was no heat at all.

Chen Xiang originally thought that he could smoothly enter the purple sun, but when he came in contact with the purple light screen, he was pushed out by a very strong force.

"How terrifying!" Chen Xiang was sent flying very far away, and what made him even more terrifying was that the heat that instantly erupted from him when he was sent flying, if it wasn't for the protection of the Six Realms mirrors, he would have definitely been turned to dust.

Before, he thought that this purple sun didn't have any heat, but now, he knew that the heat of the purple sun wouldn't be released on its own. Instead, when it was touched, it would attack and send people flying.

Of course, if one was not strong enough, they wouldn't have been sent flying. Instead, they would have been turned into ashes!

"Purple Yang Excalibur!" Chen Xiang thought of the Purple Yang Excalibur, and then took it out. After taking it out, he flew towards this purple sun again, but he was even more careful now.

When he got close, he used the Purple Yang Excalibur to pierce the purple light screen, but was not released. Only then did he feel at ease to control the Six Realms mirrors to fly in.

This time, the Six Realms mirrors very smoothly flew in, and was not obstructed by any of the powers.

After passing through the thick purple light curtain, Chen Xiang finally saw Purple Yang Divine Palace.

The Purple Yang Divine Palace was not grand, but it was very simple and unadorned. It gave off a solemn and solemn feeling, as if it had been through a long time, and was extremely old. The entire shrine was nine stories high, and the surface was covered with purple colored crystals that were cut into pieces.

Chen Xiang was still riding his Six Realms mirrors. He was worried that he would encounter danger here, so he didn't dare to come down.

The big doors of the Purple Yang Divine Palace had many marks, all of them were sword marks, causing Chen Xiang to frown. He had obviously been attacked before, but it was not broken.

"This door seems to have been created using the Myriad Tao Divine Soil Crystals." Feng Ke'er said in shock: "Even so, there are still people who left scars on it."

Chen Xiang looked around. Originally, there were some 'flower garden' stone statues and pavilions outside Purple Yang Divine Palace, but they were all destroyed. "Someone attacked this place before." Chen Xiang was very sure: "I wonder who it is, to actually dare to come straight to Super Yang Old Ancestor's territory to cause trouble!"

Chen Xiang was secretly surprised in his heart, and at the same time, increased his vigilance, because that person was very likely to be here.

When he first came in, he had already put away the Purple Yang Excalibur, and this was also something that he had thought about before. He was worried that after he came in, there might be something inside that would attack him if he saw the Purple Yang Excalibur.

"Brat, how did you get in?" Suddenly, a voice came out, scaring Chen Xiang to the point that his entire body trembled.

Chen Xiang did not answer him. Instead, he looked left and right, searching for this person.

"Who are you?" Chen Xiang was worried that someone would be hiding here. As expected, now whatever he was afraid of would come.

"Who I am has nothing to do with you. Hurry up and answer me, how did you get in?" That person's tone was very bad, which made Chen Xiang extremely unhappy.

"How did I get in have anything to do with you?" Chen Xiang also replied. He felt that this person must have some inconvenience in moving, otherwise, he would have been caught, because from that person's tone of voice, this person was definitely not a good person.

According to the rules of this kind of people, they would definitely come over at the first possible moment to capture him and then 'force' him to come back and ask.

"Brat, you truly are bold." That person said angrily, "Just you wait! I'll go out now and skin you alive!"

"Who do you think you are? Don't think that just because I look young that I'm a brat, I might be able to become your grandfather! " Chen Xiang laughed coldly: "Of course, for someone like you who is worried about your grandson, I would definitely not take it."

Chen Xiang now determined that this fellow was definitely trapped here.

He guessed that the person who had just spoken was someone who had wrecked this place. He must have triggered some sort of trap, causing him to be trapped here for so many years that it would be impossible for him to escape.

"You ... "You are truly arrogant. Right now, I am only unable to act because of a few reasons. When I break through, it will be your day of death." The man was furious.

Chen Xiang was inwardly overjoyed, because this person was really unable to move, and had already been trapped!

[Chapter 3240](#)

After Chen Xiang determined that the person could not move, he was no longer worried about the other party. The other party could not move, but the person was still very strong.

"Haha, why are you so unable to move?" Chen Xiang laughed and asked: "Where are you? I'll go help you. You can come out. "

The latter half of the sentence was obviously Chen Xiang's joke. The other side was so strong, and their words were extremely rude to him, so he would definitely not let them go. The reason why he said that was just to see what kind of person they were.

When the man heard Chen Xiang's loud laughter, he was extremely furious. He could already tell that Chen Xiang knew of his situation.

"Hmph. I am in closed-door training right now. You cannot come to my place and will disturb me." In fact, he was very angry in his heart.

"Hehe, you must have been in closed-door training for a long time." Chen Xiang laughed: "I reckon that you will have to go into seclusion for a lifetime, to the point of death."

That person shouted angrily, "Brat, don't be so arrogant. If I can get out, I will definitely wring your head off and kick it for fun."

"This daddy is being arrogant, what can you do to me? You're going into seclusion for the rest of your life anyways, what do I have to be afraid of? " Chen Xiang laughed out loud: "It can't be that you're ugly, that's why you don't dare to come out and see me right?"

"Little bastard, you better not let me have a chance to catch you!" That person was so angry that he almost roared.

Chen Xiang whistled, no longer paying attention to the person, and walked toward the big door.

There was a hole at the entrance of the Purple Yang Divine Palace. It was obvious that the Purple Yang Excalibur had been inserted there.

After Chen Xiang took out the Purple Yang Excalibur, the cursing voice suddenly stopped, because he saw Chen Xiang's Purple Yang Excalibur.

"It's Purple Yang Excalibur, you son of a b * tch, where did you get it from?" The voice was surprised and hurried to ask.

Chen Xiang did not answer, because the other person's voice was extremely rude. He had already aimed the Purple Yang Excalibur at the hole, and just as he was about to stab in, the voice shouted once again.

"Little... This young hero, wait. "

Chen Xiang was startled, the other party suddenly treated him with such respect, he did not expect it at all.

"Why?" Chen Xiang did not rush to stab the Purple Yang Excalibur in. This person clearly had something important to tell him.

"If you go in like this, it will be very dangerous. You probably don't know what's going on inside the Purple Yang Divine Palace, but I do know that it's going to be very bad and different from what you imagined." the man shouted.

"Oh?" Chen Xiang was extremely suspicious of his words, "Why should I believe you?"

At this moment, that person was extremely regretful that he had cursed Chen Xiang just now. This Purple Yang Excalibur was clearly very important to him, and now he was courteous to Chen Xiang.

"Young hero, please forgive me for offending you just now. I am not a bad guy, but I am usually a bit reckless. I also have a bad temper, so please forgive me."

Chen Xiang suddenly felt that it was extremely interesting, this man had a request for him, if not his attitude would not have changed so much, just a moment ago he was cursing out loud, but now he had to kneel down and admit his mistake.

"Do you need something from me?" Chen Xiang laughed: If you have something to say, hurry up and say it.

"Yes, I request that you grasp the chance to save him. If you succeed, I will definitely not treat you unfairly." That person said, "Rest assured, I definitely won't hurt you. I can swear that I can sign a blood contract with you."

"Oh? What can I do to save you! " Chen Xiang looked at the Purple Yang Excalibur in his hand. He felt that he had to rely on it. This was because the other party's attitude had changed so much after seeing him take out the Purple Yang Excalibur.

"Just use your Purple Yang Excalibur. Do you see a stone statue of a tiger here?" The person said: "Come over here and use the Purple Yang Excalibur to destroy the stone statue of the tiger, then I will come out!"

Chen Xiang laughed: "Didn't you just say that you were in closed door cultivation?"

That person was on the verge of tears, "I was in the wrong just now, I was in the wrong. Hurry up and save me, I've been trapped here for a long time, I don't even remember how many years I've been trapped here."

He previously thought that Chen Xiang entered the room by chance, but now that he saw that Chen Xiang had Purple Yang Excalibur, he knew that Chen Xiang had entered through the Purple Yang Excalibur, and his destination was that Purple Yang Divine Palace.

"No!" Chen Xiang had already seen the tiger statue, he shouted.

"Please!" The man was crying, making people feel like he had no backbone.

Chen Xiang's attitude was extremely resolute. He shook his head: "Who asked you to scold me earlier!"

"As long as I come out, I will scold you back ..." "No, I'll beat you up. I can kowtow to you, I can call you grandpa." The man cried, "Old Ancestor, please let me go. To you, this is just a small matter, your Purple Yang Excalibur can easily get me out."

Chen Xiang looked at the Purple Yang Excalibur in his hands and chuckled. Earlier, this person cursed at people very fiercely, but now, he was so useless, that Chen Xiang couldn't help but laugh.

"Big brother, the situation in Purple Yang Divine Palace is not as simple as you think. If you go in like this, you will definitely be in danger. If I bring you in, it will become very safe." the man shouted.

"Tell me about it." Chen Xiang was also very curious, why would other people come in here. He thought that only by obtaining the Purple Yang Excalibur could they come in.

"I come from a race above the Myriad Tao. This clan is called the Thief Race, and they specialized in stealing things, and the things we steal are all very precious and hard to obtain. The place we go to is also the hardest." The man said.

"Well, what's your name?" Chen Xiang asked.

"My name is Ma Jinhong."

"You look so useless." Chen Xiang laughed: "With your looks, you're actually a great thief."

"Yes, I am a good-for-nothing. Otherwise, I wouldn't have been trapped here." Ma Jinhong said in an extremely depressed tone: "Please save me, I don't want to be trapped here anymore."

"There are many people from the Thief Race, they are not as easy to talk to as me, and their strengths are very strong, and they are trapped inside. If you go in now, they will see that you have the Purple Yang Excalibur, and they will definitely take your Purple Yang Excalibur, because you have gotten the Purple Yang Excalibur, then they can open the door to the treasury inside." Ma Jinhong said, "If I bring you in, I can help you get rid of them."

Chen Xiang was in disbelief, and said: "You have that kind of ability?"

Ma Jinhong laughed: "Don't underestimate me!"
