

Dan God 3301

[Chapter 3301](#)

Chen Xiang looked at the World Defying holy dragon in the sky. The World Defying holy dragon was a fire dragon, so he could clearly feel where it was hottest. says the vertex, and then says, "Well, let's just say that the vertex says," says the vertex of the vertex and says, "I mean, we're going to say, we're going to say, we're not going to say, we're not going to say, you're not going to say," we're not going to say, you're not going to say,

Chen Xiang tried to float up a bit, but he was only thirty meters or so away before he was pressed down by a pressure.

"How do I fly?" Chen Xiang sighed, then his Red fire dragon could fly in the air: "Could it be that only World Defying beast can fly?"

"That's not true either. Humans can also fly, but they need some special power ..." Of course, if you were to obtain the Tao-creation Holy stone and refine it into your artifact when you forge it, your divine artifact would be able to fly, and wouldn't be restricted by the pressure of flying. " The World Defying holy dragon said.

Chen Xiang wanted to try and see if he could get Red fire dragon to attach itself to his body. Even though he could somehow succeed, but he was still unable to fly, and could only receive a very strong pressure.

"When you enter the Blood Wind Fire Sea, you must always pay attention to the changes in temperature. The higher the temperature, the more likely you will encounter the Tao-creation's Holy stone." The World Defying holy dragon said.

Chen Xiang and Qin Shuang looked at each other and couldn't help but laugh bitterly because after using the formation plate, they were unable to sense the temperature outside at all.

"Alright, let's give it a try first!" Chen Xiang said: "Let's try our luck."

Right now, they had no good ideas, so they could only enter the Blood Wind Fire Sea to look around.

After Qin Shuang and Chen Xiang left the Bloody Wind Island, the World Defying holy dragon also flew into the Blood Wind Fire Sea to search for the Tao-creation's Holy stone.

"I wonder what World Defying holy dragon want with so many of them?" Chen Xiang was extremely curious when he saw the World Defying holy dragon flying in the sky.

"He might want to use it to forge an extremely powerful divine artifact." Qin Shuang said: "For such a powerful World Defying beast like him, as long as he reaches a certain realm, he would be able to condense his own Life Divine Weapon. If he uses either the Tao-creation's Holy stone or the Tao-creation's Holy Crystals, he can refine even more powerful ones."

Feng Ke'er only had one needle refined from a Tao-creation Holy stone, it was very powerful, and could easily pierce many things.

Other than blood and fire, they had also gone through this in the past. There was nothing dangerous about it, as long as they could resist the fire inside, they would be safe here.

Qin Shuang and Chen Xiang wandered around aimlessly in the Blood Wind Fire Sea. Although the array disc could protect them, it could also isolate them from the outside temperature. To find the Tao-creation Holy stone, one needed to be familiar with the environment.

"Think of a way." Qin Shuang said: "This won't work if this goes on, I don't know what kind of year we have to find."

"If only there was something that could sense the treasures around us." Chen Xiang only thought about it, he knew that this treasure was very rare, even if there was one, it would not immediately appear.

"Chen Xiang, that needle of mine might be useful!" Feng Ke'er suddenly said: "I don't know what my needle is for, but from the looks of it, it is definitely not a divine tool, because it cannot grow larger, and only has one needle, what can it be used for?"

"Then what is the purpose of this needle being refined?" Chen Xiang had always been curious about this matter.

"It might even be a treasured finger needle!" Feng Ke'er laughed, "Take it out and try it!"

Qin Shuang heard their conversation and was extremely confused, because she did not know what the needle in Feng Ke'er's mouth was.

After Chen Xiang held it in his hand, he moved his head closer to the needle and asked: "What is so mystical about this needle?"

"Hehe, do you believe that I can use this needle to easily pierce through your Purple Yang Excalibur and destroy it?" Chen Xiang laughed: "Do you want to try?!"

"Please don't... My array was created by the Tao-creation's Holy stone." Feng Ke'er immediately shouted out: "Chen Xiang, don't you dare act recklessly, the Purple Yang Excalibur is not the strongest sword, but it is extremely rare, don't you dare destroy it!"

Feng Ke'er was also a refiner and extremely treasured good things.

Qin Shuang looked at that needle, and was stunned, unable to believe that this little girl Feng Ke'er actually possessed such a powerful weapon.

Chen Xiang controlled the golden needle to float in the air, and frowned: "There's no reaction!"

"Should I release them?" Feng Ke'er said.

"It would be dangerous if I let it out. What if something suddenly appears and snatches the needle away?" Chen Xiang said.

"Don't worry, this needle has fused with me. With a thought, I can fly it back to my hand." Feng Ke'er moved: "Let's go out and try it. You are currently enveloped by the power of the array disc, the gold needle in your hand can't even feel the thing outside."

"Alright, I'll try!" Chen Xiang controlled the golden needles to float outside.

The golden needle had just left. After sensing the flames, it slowly rotated. The tip of the needle pointed to the side and there was indeed a reaction.

"It's really useful!" Chen Xiang was pleasantly surprised.

"En!" Qin Shuang also felt very surprised.

"We'll see after we find the Tao-creation's Holy stone, it's still uncertain, but you guys should be more careful when you go over there. The World Defying holy dragon will also be there, and the places where the Tao-creation's Holy stone and the Tao-creation's sacred crystal appeared are very hot and dangerous." Feng Ke'er reminded them.

"Alright, we will pay attention." Qin Shuang said.

They immediately ran in the direction indicated by the golden needles.

At this moment, they were all looking forward to it! They were looking forward to the golden needles guiding them to the Tao-creation's Holy stone ...

For the past three days, they had been following the direction of the golden needles. The golden needles' directions were extremely uncertain, and sometimes, it was east or sometimes, it was south, so Chen Xiang had to keep the golden needles floating beside him at all times. Once he changed his direction, they could immediately change their direction.

"Could it be that we've really discovered Tao-creation's Holy stone?" Chen Xiang frowned when he saw the change in the golden needles.

"The World Defying holy dragon will pass, and the Tao-creation will run around. This should be true." Qin Shuang said: "But you don't have to worry that we won't be able to catch it. The Tao-creation's Holy stone is probably searching for an energy source, once we find it, it will definitely absorb it. We need to have patience."

After resting, they continued to run through the Blood Wind Fire Sea according to the direction of the golden needles.

At night, the sky above Blood Wind Fire Sea was dyed red with light.

Chen Xiang and Qin Shuang suddenly felt that the red light in front of them was even brighter, and they couldn't help but become nervous, because there was a very high possibility that Tao-creation Holy stone or Tao-creation Divine Crystals had appeared.

"They're here. We need to be more careful, don't let the Tao-creation Holy stone escape." Chen Xiang asked: "Do you have any way to capture the Tao-creation Holy stone?"

"I actually used the power of ice and fire to form an ice and fire domain. Within this domain, I can teleport!" Qin Shuang continued: "But because I'm in the Blood Wind Fire Sea, I won't be able to sustain this for long!"

"What about you?" Qin Shuang also wanted to hear Chen Xiang's idea.

"I'll use the Six Realms mirrors! Even though the flames in the Blood Wind Fire Sea are scary, the Six Realms mirrors could still endure it in the beginning." Chen Xiang said, as long as they were not continuously being burned, the Six Realms mirrors would not melt.

[Chapter 3302](#)

In the past few days, Qin Shuang had witnessed all kinds of powerful Six Realms mirrors. Now, Chen Xiang was using Six Realms mirrors to capture Tao-creation Holy stones, which made her extremely worried. 800. "Six Realms mirrors were only refined from Crystal emperor. It's not good to capture Tao-creation Holy stone, right?" Qin Shuang said: "Tao-creation Holy stone must be very hot, and very strong. I'm worried that your Six Realms mirrors won't be able to be used casually, since it has a protective formation to protect it from blood and fire. If it were to be destroyed, then it wouldn't be good."

Chen Xiang thought that it was true.

"Alright, when the time comes, I'll have to use the power of the Red fire dragon." The Six Realms mirrors was extremely important to Chen Xiang right now. If they were to be destroyed, he would not even be able to release the Red fire dragon.

If the Six Realms mirrors was destroyed, he could only use the same array disc as Qin Shuang. Although there was no problem with it, it was extremely inflexible.

"In front of us is where the Tao-creation Holy stones are. We must treat them with caution, we must not let the Tao-creation Holy stone run away." Qin Shuang said, she also hoped to get a piece of Tao-creation Holy stone, if she could refine it into her own, then the Purple Yang Excalibur would definitely become even stronger.

The golden needle started to tremble and glimmer with a golden light. The Tao-creation Holy stone was right in front of them.

"Get ready to start!" Chen Xiang could already feel a faint burning power, even from the power of the formation.

"En!" Qin Shuang's expression became very serious as she started to emit a faint light aura from her body. It was a star in the middle of an Ice and Fire Domain.

Chen Xiang couldn't help but admire Qin Shuang. Even in this Blood Wind Fire Sea, she was still able to release a Domain of Ice and Fire, covering a large area. 800

The ice Qin Shuang released was purple in color, and a purple cold energy rose up, releasing waves of purple light. The cold energy carried a wave of hot air, which was extremely strange.

"Over there!" Chen Xiang shouted in shock, he had already seen a Tao-creation Holy stone, it was a light gold, extremely small, only the size of a grain of rice, but the gold light it emitted was extremely strong, it was hard to imagine that such a small object, would actually contain such a dense energy.

"Two pills!" Qin Shuang shouted.

Chen Xiang looked carefully, and sure enough, he noticed two Tao-creation Holy stones were stuck together, but because they appeared, they suddenly separated.

"Each of you take one!" Chen Xiang shouted, and then anxiously rushed to the Tao-creation Holy stone that was closest to him. With a 'straighten of his chest', flames burst out and a small Red fire dragon was released by the Six Realms mirrors in front of his chest.

After the Red fire dragon flew out, it rushed towards the Tao-creation Holy stone at an extremely fast speed and opened its mouth to swallow it.

Roar!

After the Red fire dragon ate the Tao-creation's Holy stone, it let out a loud roar. Chen Xiang could also feel that the Red fire dragon was bearing a lot of power.

"Xiao Ke'er, quickly release the seal and seal that fellow." Chen Xiang anxiously shouted, he felt that he was unable to deal with the Tao-creation Holy stone alone, so he was already releasing the World Defying Stage Fierce Power nonstop and channeling it into the Red fire dragon's body.

Chen Xiang's strongest power was the Red fire dragon. At this time, he had already used the Red fire dragon's power, but was still unable to suppress the small piece of the Tao-creation's Holy stone. In a moment of desperation, he could only allow Feng Ke'er to make a move.

The moment Feng Ke'er came out, the pair of small hands quickly started to dance, and continuously released rows and rows of fine white light threads. Just by walking out, it had turned into a web made from Spirit grain s.

"Get the Red fire dragon to vomit the Tao-creation Holy stone!" Feng Ke'er shouted.

After Chen Xiang controlled the Red fire dragon and spat out the Tao-creation Holy stone, Feng Ke'er hastily controlled the huge net made of Spirit grain and enveloped the glittering Tao-creation Holy stone within.

After the Tao-creation s were shrouded, they struggled frantically. Feng Ke'er quickly retracted the net and the white light threads from the Spirit grain s became a small ball of light.

"Make the Red fire dragon swallow!" Feng Ke'er shouted again.

The Red fire dragon hastily swallowed the little white light bead that was scurrying about.

"How are things now?" Feng Ke'er asked.

"There's not that much of a commotion anymore." Chen Xiang heaved a sigh of relief.

"I'll help her!" Feng Ke'er saw that Qin Shuang had actually used the purple giant net of fire and ice to envelop the Tao-creation Holy stone. Just like how she had helped Chen Xiang just now, the giant net of Spirit grain that was releasing the white light turned into a seal and enveloped the.

With Feng Ke'er's help, Qin Shuang had become much more relaxed now, and she could no longer feel the violent struggling power of the Tao-creation's Holy stone. Otherwise, if this continued, who knew when she would be able to tame the Tao-creation's Holy stone.

"What do we do now?" Chen Xiang looked at the very small Red fire dragon. At this time, the Red fire dragon was still suppressing the Tao-creation Holy stone.

"I don't know ..." Didn't World Defying holy dragon say that they can only be used with the approval of these Tao-creation's Holy stone? " Qin Shuang said: "Let's wait and see. When they stop struggling, we should consider it a success."

"Let's leave this place first!" Feng Ke'er said.

Qin Shuang nodded his head: "We will talk after we return to Bloody Wind Island. We will ask World Defying holy dragon what they should do!"

Chen Xiang accepted the Red fire dragon into the Divine Sense Sea. If it was the past, when the Red fire dragon returned to the Divine Sense Sea, it would definitely return back to being a Six beasts. But now, in order to suppress the Tao-creation's Holy stone, it did not.

"Do you still remember the way back?" Chen Xiang asked.

"Of course I do." Qin Shuang laughed. At this time, she was very happy to receive the Tao-creation Holy stone. She wanted to return to Bloody Wind Island quickly.

This Blood Wind Fire Sea was very big. Previously, they had been running around randomly with Feng Ke'er's golden needles, but it was hard for Qin Shuang to remember the way back to the Bloody Wind Island.

After half a day, Qin Shuang suddenly shouted: "Nothing more! That Tao-creation Holy stone is no longer struggling. "

Qin Shuang also placed the Tao-creation s inside his own Divine Sense Sea.

"Mine is still messing around." Chen Xiang said: "You have to be careful, maybe this Tao-creation Holy stone is very cunning and did this on purpose, to allow you to remove those seals."

"I'll be careful!" Qin Shuang nodded and said: "The World Defying holy dragon have said before, if they were to obtain approval, the Tao-creation's Holy stone would produce a spirit response from the person they acknowledged.

After pausing for a moment, they continued their sprint.

"Clang!"

Just as Qin Shuang was running along the road, he suddenly kicked against something, causing a loud noise.

"What is this?" Qin Shuang frowned, then walked back.

Chen Xiang followed along, only to see Qin Shuang picking up a broken gong from the ground, the one she kicked just now!

"How could there be such a thing in such a place!" Chen Xiang was very surprised, and her jade-like face was also filled with suspicion.

The Gong seemed to have been here for a long time, and had not melted even after such a long time in Blood Wind Fire Sea. This meant that the Gong was very strong, at least the materials used to make it weren't too bad, otherwise, it would not be able to withstand the long burn of the blood flame.

[Chapter 3303](#)

Chen Xiang and Qin Shuang were extremely interested in this ancient bronze gong. First was the materials to create the ancient bronze gong, and it made them extremely shocked that it could endure the burning of the blood flame for a long time.

"They must have added the Tao-creation Holy stone!" Chen Xiang said with absolute certainty: "Tao-creation's Holy stone should be able to endure the burning of blood and fire. Other than Tao-creation's Holy stone and Tao-creation's sacred crystal, there should not be any other materials that can accomplish this."

Qin Shuang said: "Don't you find it strange? Such a sturdy object was actually damaged. Judging from the traces on it, it must have been broken by some kind of force."

One could tell at a glance that the crack on the ancient bronze gong was caused by a powerful force. Moreover, there were a few cracks on it, but they were all damaged by a powerful force.

"Could there be such a terrifying existence in Blood Wind Fire Sea?" Chen Xiang looked around worriedly. He knew that the strongest people here were World Defying holy dragon s.

"The World Defying holy dragon probably can't even destroy this kind of ancient gong!" Qin Shuang looked at the ancient bronze gong carefully, caressing the lines on it, it seemed to be a very mysterious Spirit grain.

"Do you know these Spirit grain?" Chen Xiang asked, although Qin Shuang's grandfather, Super Yang Old Ancestor, was an artificer, she was still relatively familiar with Spirit grain s and the like.

"I have some impression of him!" Qin Shuang tried his best to remember this, and furrowed his brows.

If Qin Shuang knew of these Spirit grain, then it meant that he was connected to the Super Yang Old Ancestor.

"Is it the Spirit grain that you are familiar with?" Chen Xiang asked again.

Qin Shuang shook his head: "I've only seen Spirit grain like you before Look, this Spirit grain is very rough. It looks like a big braid was carved on it.

Chen Xiang nodded: "Indeed!"

"Take a closer look, this very thick Spirit grain is interwoven with many smaller and smaller Spirit grain." Qin Shuang said: "It's like a braid of hair, with a lot of braids. The thicker Spirit grain s on the bronze gong are basically of this type. "

"I have also seen this kind of Spirit grain before. My grandfather once owned a shield and there was this kind of Spirit grain on it. As for where he obtained this from, I'm not too sure." Qin Shuang said: "In short, the person who is able to refine this kind of divine tool is definitely very powerful. My grandfather had previously obtained that shield, and he was full of praise for it."

"Let Xiao Ke'er see, she has a deeper understanding of these things." Chen Xiang said.

Qin Shuang gave the ancient bronze gong to Chen Xiang, who placed it inside the You Yao Mountain Villa and gave it to him.

When Feng Ke'er received it, he immediately exclaimed: "What a profound Spirit grain, and it's a type of Spirit grain that requires a test of construction."

"What is an alphabet test?" Chen Xiang asked curiously, upon hearing this, Qin Shuang also listened attentively, waiting for Feng Ke'er's reply.

"It's an countless number of tiny Spirit grain with a primary Spirit grain hovering around. This braided shaped Spirit grain has a female Spirit grain in the middle. If you don't understand the Spirit grain, you won't be able to see it." Feng Ke'er said, "And then, the other little Spirit grain would circle around the female Spirit grain. If they want to successfully engrave this kind of Spirit grain, it would need a very long time and mental energy to do so."

"It's even being carved on such a sturdy material!"

Feng Ke'er took out her golden needles and tested them. He realized that her golden needles could not easily pierce into them, but she had used a lot of strength in the end and still managed to pierce through the bronze gong.

"The number of Tao-creation Holy stone that have joined should be very few." Feng Ke'er said: "But it's already not bad, if not it would be impossible to stay in the Blood Wind Fire Sea for so long, and it would be very sturdy as well."

Feng Ke'er had spent a lot of energy to prick the golden needle in.

Let's go back to the Bloody Wind Island first, to look for the World Defying holy dragon. Maybe he knows the origins of this thing. Chen Xiang said.

They hurried back, wanting to return to the Bloody Wind Island. Firstly, they had obtained the Tao-creation Holy stone, and secondly, they had found a very strange ancient bronze gong. When Chen Xiang and Qin Shuang got close to the Bloody Wind Island, they suddenly heard a lot of noise, and many people's voices could be heard. This surprised them, there were actually so many people above the Bloody Wind Island.

"What's going on? With so many people suddenly here, how did they get here? " Chen Xiang sent a sound transmission to Qin Shuang. Right now, they were still hiding within the blood flames and had not yet entered the island.

Qin Shuang was as surprised as Chen Xiang as she shook her head.

"I don't know. Anyways, let's not go in yet. We need to figure out the background of the people inside." Qin Shuang said: "I wonder if the World Defying holy dragon has ever come back before!"

"I'll go investigate!" Chen Xiang activated Counter Power, allowing himself to become invisible. Then, he stealthily walked past the Bloody Flame, and arrived on the island.

After walking up, he saw that the familiar face was also here, Zhu Qingneng!

Zhu Qingneng was an important clan elder of the Fierce Saber Race, and his son, Zhu Haiprofound, was killed by Chen Xiang.

"We can confirm that the Fierce Saber Race is here!" Chen Xiang said. "If the Fierce Saber Race knew, the Soul River Divine Race would definitely be here too. How did they get here?"

Chen Xiang retreated back into the flames of blood.

"How is it?" Qin Shuang saw that he was back and immediately asked.

"It should be the people from the Soul River Divine Race and the Soul River Divine Race. I wonder how they got here." Qin Shuang's face became gloomy, all these fellows were his enemies, but they had chased all the way here.

"Let's go find the World Defying holy dragon!" She took out the small piece of dragon's scale. It was this scale that allowed them to find the World Defying holy dragon.

Just like last time, they used the brightness emitted from the dragon's scale to determine the direction of the World Defying holy dragon, and then quickly ran towards it.

Two days later, they finally found the World Defying holy dragon. The World Defying holy dragon crawled on the blood and flames, no one knew what it was doing.

"Senior Saint Dragon!" Qin Shuang shouted lightly.

"It's all of you!" The World Defying holy dragon immediately replied, but he was using his spiritual will to send a message.

"What's going on with the Bloody Wind Island? Why are the Fierce Saber Race and the Soul River Divine Race's guys up there!" Chen Xiang asked carefully. The World Defying holy dragon being so careful right now must be because it had something to worry about.

"I don't know where they found an ancient Transmission array, which could teleport them to Bloody Wind Island." The World Defying holy dragon replied with a sound transmission: "The reason why I don't dare to fly out right now is because I'm afraid that they'll find me!"

"AA
AAAAAAAAAAAAAAAAAAAA!" Are they very strong? " Chen Xiang was a little surprised.

"Very strong, they came specifically for me. Now that my life essence has returned, the Fierce Saber Race on the ground is unable to deal with me, so they can only notify the experts who are cultivating in the World Defying Stage Soul River to come down." The World Defying holy dragon said: "If there are one or two I can deal with, but there are several of them, so I can only avoid them."

Chapter 3304

There were many strong existences cultivating in the World Defying Stage Soul River, and they were the strongest existence in their race.

They were unable to come down personally because of some reason, and they had control over the life essence of the World Defying holy dragon, so they entrusted this matter to Zhu Qingneng and the

others. However, they did not know that they had messed up this matter, and that two of the young geniuses had died, and even the life essence of the World Defying holy dragon had been lost.

That was why they had no choice but to personally come down and capture the World Defying holy dragon.

"Then what do we do now? Let them occupy Bloody Wind Island? " Chen Xiang was extremely unhappy. The Bloody Wind Island was the territory of the World Defying holy dragon, and the World Defying holy dragon had been there for a long time.

"Let's see if they can withstand the blood flames now. If they can't, they can't stay here for too long either." The World Defying holy dragon said: "Anyway, the Tao-creation's Holy Crystal is in my hands, I just need to avoid them, and they will never be able to obtain my Tao-creation's Holy Crystal."

"Senior Holy Dragon, how do you plan to use your Tao-creation's Holy Crystal?" Qin Shuang asked.

"I plan to refine it into my claws." The World Defying holy dragon said: "When the time comes, I will turn into a human and my hands will turn into dragon claws to fight."

The World Defying holy dragon did not care about the Bloody Wind Island at all, it was fine as long as the Tao-creation's Holy Crystal was still with him.

"Oh right, take a look at this item. What is it made from?" Chen Xiang took out the ancient bronze gong from the You Yao Mountain Villa.

The ancient bronze gong looked very old and had many cracks on it. It was obvious that it had been damaged by a heavy blow from a force.

"It looks very ancient!" The World Defying holy dragon's voice was full of surprise: "This thing is very sturdy!"

The World Defying holy dragon only needed to shoot out a thin ray of light from her pair of eyes to light up the bronze gong to see many things.

"Yes, we picked it up from the Blood Wind Fire Sea." Chen Xiang said: "There's actually such a thing in this kind of place, who left it here? Was there a war here a long time ago? "

"Let me think..." The World Defying holy dragon said: "I have heard of a divine tool being refined that looks like bronze, making it look extremely ancient. This is a type of style, so I have a deep impression of it."

In short, he looks like a teenager, but I don't know how long he has lived for. Back then, my master had him refine a divine artifact, and at that time, my master and Gu Tong had a huge argument about it, because when Gu Tong was refining, he had to refine it into a bronze style. " The World Defying holy dragon said: "I wonder if he left this ancient bronze gong here, or if he helped others refine it."

"This bronze gong has added a Tao-creation Holy stone!"

Chen Xiang nodded his head, "Senior Holy Dragon, do you know where he is?"

"I don't know, only when I saw this bronze gong did I remember this person. I also want to find him now and get him to refine something for me using either the Tao-creation's Holy stone or the Tao-creation's Holy Crystals. He is the one who can do it the best." The World Defying holy dragon said.

It was impossible for the flames to be weak. Therefore, people who could use the Tao-creation's sacred crystals and the Tao-creation's Holy stone to refine artifacts were all very powerful existences, and people like this would get the respect of many people wherever they went.

"I'll go back to Bloody Wind Island to take a look, I'll eavesdrop on them, what are they doing?" Chen Xiang asked: "Maybe they have another reason to come here?"

Chen Xiang had used Counter Power Invisibility just now and was not discovered, so he was not worried about being discovered.

"You have to be careful, those guys are very scary." "It was back then that my master was killed by World Defying Stage Soul River."

The master of the World Defying holy dragon was a very powerful existence, but they were all killed. One could see how powerful the master of the World Defying holy dragon was.

"I know. You don't have to worry about that." Chen Xiang laughed.

"Senior Holy Dragon, I forgot to tell you guys, we have already found the Tao-creation's Holy stone, one for each person." Qin Shuang said: "But right now, the Tao-creation Holy stone are not even connected to us, we need to do so in order to truly possess the Tao-creation Holy stone."

The World Defying holy dragon was very experienced in this area, because he had successfully conquered the even more powerful Tao-creation's Divine Crystals.

"You really got the Tao-creation Holy stone?" The World Defying holy dragon that had been using sound transmission to communicate was so shocked that it almost let out a sound.

"It's true!" Qin Shuang took out a light bead. This light bead was currently trembling nonstop, and it looked to be extremely violent.

"The Tao-creation Holy stone s are sealed inside, he's always becoming more and more manic from time to time." Qin Shuang said.

"That's right, this is indeed the aura of the Tao-creation's Holy stone, your luck is really good." The World Defying holy dragon said: "Don't worry, you will definitely get your hands on the Tao-creation's Holy stone. Do as I say, and after a period of time, use your mental energy to attack this Tao-creation's Holy stone. Over time, they will gradually get used to your mental attacks and eventually submit.

"That sounds pretty simple. How long does it usually take?" Chen Xiang asked.

"One or two months if it's fast, two or three years if it's slow." The World Defying holy dragon said: "In short, I can't rush this matter, so I need to be patient. You guys found the Tao-creation's Holy stone that quickly, there should be patience, right?"

The World Defying holy dragon suddenly started to suspect whether it was his real fate. After staying here for so long, he had only seen two Tao-creation s, but when Chen Xiang and Qin Shuang started searching for them, he already found two.

However, later on, when he thought about the Tao-creation's Holy Crystal, he felt that his life was still pretty good!

Chen Xiang and the others bade farewell to the World Defying holy dragon, and then headed to Bloody Wind Island.

"Do they really have another purpose?" Qin Shuang asked Chen Xiang: "I keep having the feeling that this would be more dangerous."

"Definitely!" Chen Xiang said softly: "For them to suddenly appear in Bloody Wind Island is already an extremely strange thing! Didn't you hear Senior Holy Dragon just now? They came here via an ancient Transmission array. "

"So what?" Qin Shuang thought about it, and felt that it was nothing.

"This means that there's a fellow who cares so much about the Blood Wind Fire Sea that he got a Transmission array to travel to this place!" Chen Xiang said: "You should be clear, it is not easy to create Transmission array here! Even though your grandfather left behind many ancient Transmission array s, so far, not many people have been able to create a new one. "

Qin Shuang was naturally very clear about the Transmission array: "That is mainly because the ancient laws of space have been lost, and very few people can grasp it now! However, even in my grandfather's era, there were very few people who could grasp it. "

[Chapter 3305](#)

When Qin Shuang heard this, he also felt that it was a very strange thing for someone to create an ancient Transmission array to reach the Bloody Wind Island.

"Maybe this guy got himself a Transmission array just so he could come here and search for the Tao-creation's Holy stone?" Qin Shuang said.

"No!" Bloody Wind Island existed even longer and was not burnt by the blood and fire. This was a very strange thing to do in the first place. " Chen Xiang said: "So, Bloody Wind Island existed before the blood flames appeared, and Bloody Wind Island might have had a Transmission array, it's just that the World Defying holy dragon did not discover it."

Qin Shuang thought for a while, then said with his head raised, "Continue!"

"The blood fire only appeared after the appearance of the Bloody Wind Island ... The Bright Blood Fire was deliberately brought here by someone, in order to hide something. " Chen Xiang had seen this kind of thing too many times over the years. There were many secrets hidden in many dangerous areas, which was why it had become such a dangerous place.

"The blood flames appeared later on, and the Tao-creation Holy stone and the Tao-creation's Holy Crystals also appeared later on. So I think that man did not build the Transmission array to come here

and search for the Tao-creation's Holy stone." Chen Xiang said: "I need to go back and see what their goal is."

"Alright, you have to be more careful." When Qin Shuang heard this, he also became suspicious. The appearance of the Blood Wind Fire Sea was already very mysterious.

"The ancient bronze gong that we picked up might have something to do with this." said. The World Defying holy dragon were not clear about this either, this kind of thing happened a long time ago.

They were already close to the Bloody Wind Island, about three hundred meters away from it. Because of the thick bloody flames that constantly shrouded the place, the entire Bloody Wind Island was surrounded by a thick wall of fire.

Chen Xiang told Qin Shuang to stay here, and then he used the Counter Power to conceal himself. Walking out of the sea of blood colored flames, he arrived at the top of the Bloody Wind Island.

"There's more and more people!" Before, Chen Xiang did not have that many people, and there were only a few tens of them.

He saw that there were a lot of stones on the Bloody Wind Island, and a stone mountain had disappeared as well. Those rocks must have come from the destroyed mountain, and at the place where the stone mountain was destroyed, a formation had appeared!

"The Transmission array, Bloody Wind Island is indeed hiding the Transmission array." This was something that Chen Xiang had expected, but he didn't think that it would be hidden here.

"This World Defying holy dragon, she actually didn't properly search for the Bloody Wind Island, or else she wouldn't have let these guys come here." Feng Ke'er said.

Those who had come here were all busy with building cities and a spirit formation created by the formation masters. It would appear that they were planning to stay here for a long period of time.

The Bloody Wind Island was surrounded by blood flames, and the blood flame would occasionally release a burst of blood wind that blew across the entire Bloody Wind Island, accompanied by a burst of Qi that was able to cover up the weak Qi that Chen Xiang was releasing. This way, even those with strong senses would find it difficult to sense his arrival.

Chen Xiang was even more at ease as he entered the center of the Bloody Wind Island, he continued to advance carefully, reaching the center area. The people here were all powerful, because they were setting up large enchantments on top of them.

"I never thought that the legend was true, that there would be an ancient palace hidden within the Blood Wind Fire Sea." An old man said.

"I heard that this Ancient Palace was originally a sect called Ancient Fire Divine Sect, and that Gu Tong came from there. For some reason, the Ancient Fire Divine Sect disappeared without a trace, and when I heard it later on, it was covered up by the Blood Wind Fire Sea, and there are many secrets hidden inside."

Gu Tong was an impressive Refiner, and the ancient bronze gong Chen Xiang and Qin Shuang picked up was created by Gu Tong himself. Now that he heard that Gu Tong's Ancient Fire Divine Sect was inside, he couldn't help but be shocked.

"Was there a war here?" Chen Xiang thought, the reason he had such a thought was because he saw the damaged ancient bronze gong.

The Ancient Fire Divine Sect was right here, as for what was happening now, no one knew, but with the Transmission array leading to this place, it was clear that someone had been in and out of here before.

To Chen Xiang, this was a major discovery as he continued to eavesdrop on their conversation.

"Blood Wind Fire Sea is so big, it's not easy to find him, and there aren't many people who can enter the Blood Wind Fire Sea. The blood and fire inside the Blood Wind Fire Sea is too scary, only people at the middle stage of Aoshi Holy Stage can resist this kind of fire."

"That's why we have to capture the World Defying holy dragon first, conquer them, and let this fellow bring us here to search for the Ancient Fire Divine Sect."

Chen Xiang suddenly felt that it was very wise for World Defying holy dragon to hide.

Suddenly, a strong aura surged over, Chen Xiang immediately looked in the direction of the Transmission array, and the people there were a few middle aged people and two old men. They were all very strong, making Chen Xiang feel as if they were facing World Defying holy dragon.

"Hurry up and leave!"

Chen Xiang was worried that he would be discovered by the strong suddenly, and quickly left back into the Blood Wind Fire Sea.

Qin Shuang was very worried about Chen Xiang, she only heaved a sigh of relief when she saw that Chen Xiang had returned safely.

"How is it?" Qin Shuang asked quickly.

"Come on, I'll tell you on the way!" We have to quickly go and find Senior Holy Dragon. " Chen Xiang hastily ran in the direction of the World Defying holy dragon.

Qin Shuang followed behind.

"Shuang Shuang, have you heard of Ancient Fire Divine Sect?" Chen Xiang asked.

"Of course I have. My grandfather is from the Ancient Fire Divine Sect!" Qin Shuang said in surprise, "How exactly did you know about this Ancient Fire Divine Sect? Even my grandfather wasn't willing to talk to me about it."

Super Yang Old Ancestor also uses fire experts, so his Sun madness fire is very special. It can become a Legacy and even threaten many strong races, and he is actually related to the mysterious Ancient Fire Divine Sect.

"Ancient Fire Divine Sect is here ... Gu Tong is also a disciple of the Ancient Fire Divine Sect. " Chen Xiang said, then told everything he overheard to Qin Shuang.

"We have to find the Ancient Fire Divine Sect. I feel that my grandfather's disappearance has a lot to do with this Ancient Fire Divine Sect." Qin Shuang had been searching for her grandfather for many years, but he didn't find any clues.

"Oh yeah, did the books you saw in the Purple Yang Divine Palace have anything to do with the Ancient Fire Divine Sect?" Chen Xiang asked.

"No, those books were all about his grandpa collecting some information." Qin Shuang shook his head: "Ancient Fire Divine Sect is very mysterious, he won't tell me much, and will only occasionally mention it."

Hearing Qin Shuang's words, Chen Xiang became even more curious, "We must find the Ancient Fire Divine Sect quickly, and not let those guys find us."

[Chapter 3306](#)

The Ancient Fire Divine Sect was very mysterious and had disappeared mysteriously all those years ago. Such a powerful sect, even if it was destroyed, would definitely leave many valuable things behind. That was why the Fierce Saber Race and the Fierce Saber Race came here so quickly.

After Chen Xiang and Qin Shuang found out that the Ancient Fire Divine Sect was here, they were extremely worried that they would be found by the Fierce Saber Race. o

Even if the Ancient Fire Divine Sect was in ruins, there were definitely many hidden treasures. If the Soul River Divine Race and the others were to occupy this place, they would become even stronger.

The World Defying holy dragon was still at that place, so he didn't want to run around anymore. He just wanted to wait and see what the Fierce Saber Race and the Fierce Saber Race would do, and see how they would find things in the Blood Wind Fire Sea.

"Senior Holy Dragon, do you know of Ancient Fire Divine Sect?" When Chen Xiang saw the World Defying holy dragon, he immediately called out to it.

After the World Defying holy dragon heard, she asked in shock: "Of course I know, how did you know about the Ancient Fire Divine Sect? The Ancient Fire Divine Sect disappeared a long time ago, and there was no news of it afterwards. Very few people knew of the existence of the Ancient Fire Divine Sect. "

"And my master is a disciple of the Ancient Fire Divine Sect!"

The owner of the World Defying holy dragon was actually also a disciple of the Ancient Fire Divine Sect!

Chen Xiang told the World Defying holy dragon what he had overheard from the Bloody Wind Island, which made the World Defying holy dragon feel extremely surprised.

"Gu Tong, this master refiner is actually from the Ancient Fire Divine Sect, and I have been together with my master for a long time. I have rarely heard him mention the Ancient Fire Divine Sect, and I do not know much about it. The World Defying holy dragon said: "That means the Ancient Fire Divine Sect is inside the Blood Wind Fire Sea, but I have been here for so many years, yet I did not know that there is a Ancient Fire Divine Sect here."

"Has the Ancient Fire Divine Sect been destroyed?" The disciples of the Ancient Fire Divine Sect were all extremely powerful. The Super Yang Old Ancestor, Gu Tong and the master of the World Defying holy dragon were all disciples of the Ancient Fire Divine Sect, so it was obvious how powerful the Ancient Fire Divine Sect was.

If Ancient Fire Divine Sect was a very large sect, then there would definitely be more disciples powerful inside, but to have such a strong sect be destroyed, Chen Xiang could not believe it.

"It shouldn't have been destroyed!" The World Defying holy dragon said: "It just mysteriously disappeared! If such a powerful sect like the Ancient Fire Divine Sect were to be destroyed, then the destructive power of the Ancient Fire Divine Sect would have already dominated the entire Myriad Tao."

"Maybe it's because of some reasons that the Ancient Fire Divine Sect had no choice but to hide inside the Blood Wind Fire Sea. Maybe this Blood Wind Fire Sea is the barrier of the Ancient Fire Divine Sect, and only they have the power to create this kind of barrier." World Defying holy dragon's deduction was not without reason.

The blood flame here was extremely strong, and only the middle and late stage of World Defying Stage could barely defend against it. The World Defying holy dragon's body was extremely strong, and because of that and his strength, he could easily defend against the blood fire here.

"Senior Sheng Long, those guys are planning to capture you. You should hurry up and run!" Qin Shuang said, "If we can use the dragon's scale to find you, they can too."

Previously, they had told the World Defying holy dragon that the people of Fierce Saber Race and Soul River Divine Race wanted to capture him as their mount and brought them here to find the Ancient Fire Divine Sect.

"Alright, I will leave this place now, but I will also go find Ancient Fire Divine Sect!" The World Defying holy dragon continued: "The Blood Wind Fire Sea is very vast. I stayed here for a very long time, but still couldn't find the Ancient Fire Divine Sect ... I suspect that the Ancient Fire Divine Sect is protected by a strong barrier, which is why I was not able to discover it while I was in the air."

Even if one were to look down from the sky, there was only a sea of fire below him, so even if there was a barrier, it would be impossible to discover it.

"Alright, we'll take a look around as well." Chen Xiang nodded.

"If I find anything, I'll release my power and make the dragon scale in your hand flash. When that time comes, you'll come and find me." The World Defying holy dragon said.

Chen Xiang took out the dragon's scale, and hung it on a thread around his neck. This way, if the dragon's scale flickered, he would be able to detect it immediately.

After the World Defying holy dragon flew away, Chen Xiang and Qin Shuang also ran wildly in the sea of flames. They didn't know where the Ancient Fire Divine Sect was, so they could only rely on their luck to find it. Just like the World Defying holy dragon said, if the Ancient Fire Divine Sect was really hiding here, then there would be a barrier around them.

"If you want to find a barrier, then let me do it!" Feng Ke'er laughed.

"Are you sure you can find it?" Chen Xiang asked, after which he controlled the Six Realms mirrors and released even more power to defend against the blood flame.

The formation plate to defend against the blood fire was discovered by the Purple Yang Divine Palace, it was something left behind by the Super Yang Old Ancestor. Now, Chen Xiang and Qin Shuang finally understood why the Super Yang Old Ancestor had such a thing.

"Perhaps this blood flame was released from a barrier ... If there really is a barrier here, then this barrier will more or less absorb the power of the outside world. Even if it does not, it will release a type of energy that will sense the changes in the outside world and then adjust the strength of the defense. " Feng Ke'er said, "Generally speaking, a very strong barrier will not only provide a fixed amount of energy, it will also absorb a bit of the energy from the outside world to reduce the energy consumption."

"So, I need to check if there are any signs of the energy being absorbed by the barrier." Feng Ke'er said: "I need you to bring me around."

"Alright!" Chen Xiang nodded.

"Don't worry. If there is any trouble, I will definitely do my best to protect her." Qin Shuang said, she knew Feng Ke'er's strength was not very strong.

Chen Xiang and Qin Shuang very carefully brought Feng Ke'er everywhere as they ran. Every once in a while, they would stop for a while.

"Did you find anything?" Chen Xiang asked.

"Of course!" Feng Ke'er sighed: "There is an invisible web here, this web was formed from countless World Defying Stage Fierce Powers connecting together, this web is covering the land and crazily absorbing the energy of the land, I have just discovered this web, if I could find the direction of this web, then I would be able to find the source of the energy."

"The source is Ancient Fire Divine Sect?" Chen Xiang asked.

"I can't guarantee it. In short, the source devours a lot of energy every second of the day." Feng Ke'er said, "This energy web is extremely mysterious, even if we destroy a portion of it, the other parts would still be absorbing energy, and the damaged parts would also slowly repair themselves. This is a very mystical way of absorbing energy."

"I'm guessing that there's a spirit at the source, something similar to me. They are all created by spirit formations like seals. Right now, he is in charge of absorbing energy." Feng Ke'er said: "When I was still the spirit body of the Sealing Array, I did this."

[Chapter 3308](#)

They were sure that there was a barrier here, but they were not sure if the Ancient Fire Divine Sect was here because they could not see anything.

"The blood fire suddenly spread out? "Why is that?" Chen Xiang looked around and then placed Feng Ke'er inside the You Yao Mountain Villa. He was worried that there would be danger.

Just as he sent Feng Ke'er into the You Yao Mountain Villa, more than ten figures appeared. They were from the Fierce Saber Race and the rest of the Soul River Divine Race!

"Qin Shuang, Chen Xiang, and the World Defying holy dragon!" Zhu Qingneng shouted in shock, he also followed along, although he was slightly weaker, but with help, he could still defend against the blood flames.

Zhu Qingneng never thought that Chen Xiang and Qin Shuang would actually have such a good relationship with the World Defying holy dragon. However, after thinking about it, his life force was stolen by Chen Xiang, so the World Defying holy dragon would definitely thank Chen Xiang.

"This is the person who killed us Zhu Haiprofound?" An old man from the Fierce Saber Race had a face full of killing intent.

"Yes, and he also has more than ten Crystal emperor s, all refined by the Super Yang Old Ancestor, of extremely high quality." Zhu Qingneng said again.

"So what?!" Chen Xiang sneered: "The Crystal emperor has nothing to do with you, do you want to snatch it away?"

"You killed the young genius of Soul River Divine Race, today you will pay with your life. If you can hand over the Crystal emperor, I can let you die a little faster." The middle-aged man from the Soul River Divine Race said coldly.

He Yancong was the son of the Soul River Divine Race's Patriarch, so the middle-aged man in front of him could very well be Soul River Divine Race's father.

"Don't even think about touching them with me around." The World Defying holy dragon roared, releasing the powerful might of a dragon.

Chen Xiang and Qin Shuang immediately hid behind the World Defying holy dragon. They were very curious as to why the people of Soul River Divine Race and Fierce Saber Race would come to this place, and why they could actually find the source of the energy web.

Seeing that the battle was about to break out, the atmosphere was extremely depressing.

Suddenly, the earth trembled, and an illusory voice could be heard.

"Did you come here to settle some grudges, or to join the Ancient Fire Divine Sect?"

Hearing these words, Chen Xiang and the others were shocked, the Fierce Saber Race and the others who were about to take action also calmed down, and repeated what they had said.

"We can enter the Ancient Fire Divine Sect? Ancient Fire Divine Sect is still here? " Qin Shuang asked.

"Whether or not you can enter Ancient Fire Divine Sect will depend on whether or not you can pass our assessment. Ancient Fire Divine Sect has always been here." The voice replied: "The great door to the

Ancient Fire Divine Sect is about to open. If you really want to enter the Ancient Fire Divine Sect and become its disciples, you can enter that great door."

Just a moment ago, the flames here had suddenly moved away, allowing an empty space to appear. This made people suspicious, they did not expect that this area was created by the Ancient Fire Divine Sect to receive people.

A door suddenly appeared in the empty space. The door was covered by red flames and was slowly opening.

"I will definitely settle this debt with you." An old man from the Fierce Saber Race snorted coldly, then quickly walked through the big door. The Ancient Fire Divine Sect was the place they had always wanted, and now that they had this opportunity, they would naturally not miss it.

"Should we go in?" Chen Xiang looked at Qin Shuang.

"Of course we are going in. Both you and I are training in fire, so this is our chance." Qin Shuang was also excited at this moment, because her grandfather was also a disciple of the Ancient Fire Divine Sect.

"Let's go, Senior Holy Dragon!" Qin Shuang said to the World Defying holy dragon.

"I can go in too?" The World Defying holy dragon certainly yearned for the Ancient Fire Divine Sect, but he felt that he wasn't human.

"This door is so big, it's all for the sake of letting you in." Chen Xiang laughed.

"That's right, everything can be accepted into the Ancient Fire Divine Sect." The ethereal voice sounded again: "Don't worry, when you become a disciple of the Ancient Fire Divine Sect, we will teach you how to transform into a human. You are originally a World Defying beast that was cultivated by humans, so you cannot transform into a human.

The World Defying holy dragon roared excitedly, and then very carefully flew into the large door. After the World Defying holy dragon went in, Chen Xiang and Qin Shuang also quickly walked in.

After entering the door, they seemed to have arrived in another world, and appeared in a place with many buildings and beautiful scenery. In front of them was a stone mountain, and on the stone mountain were written four big words, "Ancient Fire Divine Sect".

"There are a lot of disciples in Ancient Fire Divine Sect!" Chen Xiang exclaimed when he saw the many buildings here.

"All of your strengths are different, so we can't be together for now." An old man suddenly appeared and said to Chen Xiang and the rest.

Chen Xiang also saw Soul River Divine Race and the rest. Being in the same sect as these people made Chen Xiang feel extremely displeased.

"With the cultivation level of Aoshi Holy Stage, you can directly become inner sect disciples. You can go to the inner sect right now." The old man pointed at a tall mountain in the distance. "It's behind that mountain."

After the World Defying holy dragon and Chen Xiang said their goodbyes, they flew over. The people of Soul River Divine Race and Fierce Saber Race glared fiercely at Chen Xiang and Qin Shuang, and then ran over as well.

"You are from the World Defying crazy realm. For the time being, you are in the outer sect. Once you can enter the Aoshi Holy Stage, you will also be an inner sect disciple." The old man said, "Oh right, the outer sect's environment is not too good. You all must be careful ... Yes, and there's also a place that the woman went to that isn't with the male disciples. "

The old man pointed to another mountain: "Over there ... After you guys arrive, if you are certain that you want to become Ancient Fire Divine Sect's disciples, then do as they say, and do so in accordance to their own standards. "

"Senior, didn't you say that there would be an examination?" Chen Xiang asked curiously. He had been looking forward to it.

"The only reason you can come here is to pass the examination! Our Ancient Fire Divine Sect is already very hard to find, you will need a lot of luck to be able to find the Ancient Fire Divine Sect, this proves that you are destined to be able to do so. " The old man laughed: "Don't worry, although our Ancient Fire Divine Sect is very competitive, it can make you stronger. You are all very good seedlings."

Qin Shuang was somewhat reluctant to part with Chen Xiang, so he headed towards the mountain top where the female disciples were located, while Chen Xiang was the place he should head to.

"This Ancient Fire Divine Sect looks pretty casual!" Chen Xiang walked along the road slowly and looked at the scenery around him. "Can this kind of place really nurture a strong Ranker like Gu Tong?"

This was because he became an outer sect disciple out of the blue, making him feel like he could join any single one of them.

"Who cares? In any case, you are safe now. You should focus on your cultivation and wait for you to become stronger. Then, you can go and find those guys to settle the score." Feng Ke'er said.

Chen Xiang looked at the building on the mountain in front of him, which was the place he needed to go. He had many reasons to enter the Ancient Fire Divine Sect, strengthen his own flames, and then find Gu Tong and ask her to help him forge equipment.

He felt that a sect like the Ancient Fire Divine Sect that used flames would definitely have capable alchemists. Searching for a stronger Alchemist was also a big goal for him.

[Chapter 3309](#)

Chen Xiang had seen many sects, but at this time, he came to the outer sect of the Ancient Fire Divine Sect. He quickly saw that the Ancient Fire Divine Sect's method of disciple selection was through competition, which was a method many sects often use. "..."

The person who accepted Chen Xiang was a short middle-aged man who was only at the early stage of the World Defying crazy realm. His strength was far inferior to Chen Xiang's, so he was respectful to him.

Du Gang had invited many people into the outer sect before, but it was not common for young people like Chen Xiang to have appearances. The last time he had welcomed a young person was many years ago, and Chen Xiang's strength was even stronger than his.

"Du Gang, there are so many people in Ancient Fire Divine Sect!" Chen Xiang said: "It's like entering a small city."

"After so many years, many outer sect disciples were unable to enter the inner sect, so they have no place to go. After that, they began to have children here, and as time passed, more and more people came! For outsiders like you, you don't even need to pass the exam to directly enter the inner court. For those who grew up here, they need to undergo a harsh examination. " Du Gang said: "It's not expensive. Most of the people here are outer sect disciples, anyway there is nothing bad about letting them stay here."

Du Gang brought Chen Xiang into a villa where the outer sect was located, and was arranged to stay at a courtyard on top of a small mountain peak.

"Am I alone?" Chen Xiang felt very cold. "Can't you arrange for me to go with the others?"

Du Gang shook his head: "For the time being, I can't because the higher ups are worried that you two will start to clash again. This sort of thing happens frequently in the past, and because those who can pass the examination and enter the Ancient Fire Divine Sect, more or less have some pride, that's why there would be conflicts."

Chen Xiang nodded.

"Oh right, Chen Xiang, once the bell rings tomorrow morning, you will go to the place where the bell sounds and collect your pills!" Du Gang said, "Outer disciples can receive cultivation resources every other month."

"That's good!" Chen Xiang didn't expect this, as he thought that the outer sect disciples were only going to perish on their own.

"Then I hope you can obtain Ancient fire madness soon!" Du Gang laughed, he could tell that Chen Xiang was a very promising person, after all, he had invited many people here before, and he could more or less guess what kind of person it was. Chen Xiang's temper was very good, and left a good impression on him.

"What is the Ancient fire madness?" Chen Xiang knew that this thing was definitely very powerful, but he didn't understand it.

"This is the highest reward outside!" Even something that many inner court disciples were extremely envious of ... No one has ever obtained a Ancient fire madness before. The Ancient fire madness has always been in the Ancient Fire Forbidden Land, and although there are people who want to retrieve it, in the end, they can only return half crippled. " Du Gang said: "It is indeed dangerous, but I think it is possible for you to obtain it. Of course, don't force yourself, because if you mess up, you might even suffer serious injuries."

"Is there anything powerful about the Ancient fire madness?" Chen Xiang asked.

"I don't know about the strong parts, because I don't have any." Du Gang chuckled: "But I can tell you one thing. Guys like Gu Tong and Old Sun are all people who have obtained Ancient fire madness."

Chen Xiang had heard of these two people before, so it turned out that they both had a common ground, and had acquired that whatever Ancient fire madness before.

After Du Gang left, Chen Xiang sat on his bed to rest. It wasn't until the morning of the second day that the bell rang, only then did he get up, and walk towards the direction of the sound of the bell.

There were a few hundred of them, and with just a glance, he could see that they were all middle and late stage World Defying crazy realm disciples. Most of them were middle-aged, and the rest were elderly.

A man like him, who looked very young, was the youngest. He had only seen more than twenty of them, and they all had overweeningly arrogant expressions on their faces.

After Chen Xiang arrived, many people looked at him, because he was a stranger to everyone. There were also people here who knew that he had just entered the Ancient Fire Divine Sect, and that he had come from the outside.

"This guy is really lucky to be able to find the Ancient Fire Divine Sect from the outside. I don't need to take the examination this way!"

"No wonder he looks so young. So it turns out that it's because of luck that he was able to become an outer disciple."

"Let's see how far he can go. His face is pretty good. He must be just some sort of a playboy."

"This guy looks easy to bully, those little overlords are going to suffer a lot now."

When Chen Xiang heard the discussions of the crowd, he felt displeased. No matter how low their voices were, with everyone's strength, everyone could hear them. It was obvious that they had said it on purpose for him to hear them.

At this time, he also knew what this group of people referred to as "little overlords", namely those disciples who had young faces. Because they did indeed have a certain amount of strength, they were able to become strong in a short amount of time, and pass the examination to become an outer disciple of the Ancient Fire Divine Sect.

Chen Xiang honestly went to queue up ...

"Chen Xiang, right?!" The person who distributed the medicinal pellets shouted, and matched his name. When he came in, Du Gang had helped him register it.

"Yes sir!" Chen Xiang nodded.

That person gave him a pill.

Although he did not recognize what pill it was, from its aura, it was a high-grade Primordial Pill. Then, there was a small box of faint golden powder, which he guessed to be the healing powder used to apply to wounds.

"This bottle of pills is not bad, it seems like it can be used to increase the strength of the body, similar to the Myriad Tao Divine Soil pills, but different. Overall, it is much better than my high quality Myriad Tao pills.

As a Alchemist, he was very happy to see such a good pill. There were a total of ten pills in the jade bottle, and on the outside, the word "Soul body madness Dan" was written.

"Soul body madness Dan? That is to say, you can allow people to cultivate and produce a body that can hold the World Defying Stage Fierce Soul? " Chen Xiang felt that this was extremely interesting, he wanted to know what kind of ingredients were used to refine this pill.

He could not wait to return to his own residence and taste a Soul body madness Dan!

"Wait!" Just as Chen Xiang was about to walk out of the plaza, he was suddenly stopped by a man dressed in white who had an arrogant expression.

Chen Xiang only furrowed his brows, and then, he wanted to avoid this man.

"I told you not to move!" The white clothed man bellowed, and with a fiendish look, he opened his arms, blocking Chen Xiang's way.

"What is it?" Chen Xiang's expression was calm as he asked.

"I like your bottle of Soul body madness Dan. Sell it to me." The white clothed man said: "If I, Huang Longsheng, want something, you will have to sell it even if you don't want to!"

Chen Xiang saw that the spectators were all gloating as if they were watching a good show. Chen Xiang knew that private duels were allowed in the outer sect, because the few old men who gave out the pills were still in the plaza. If they didn't see it, it would be equivalent to tacit acknowledgement.

[Chapter 3310](#)

"I'm not selling!" Chen Xiang coldly spat out three words. Right after he finished speaking, a blue light exploded out in front of his eyes. Huang Longsheng had actually made his move, his fist was covered in blue flames and the flames flickered with blue lightning.

Chen Xiang also only saw a blue light before he felt his nose get heavily punched, and his entire body flew out.

He had never expected that his opponent would be so decisive and fast. His opponent was also very strong, and the power that he felt just now had allowed him to sense a trace of the presence of a Aoshi Holy Stage.

It was very obvious that Huang Longsheng was a person of the Peak of World Defying crazy realm, and would step into the Aoshi Holy Stage soon.

Even though Chen Xiang was sent flying, he was able to steadily land on the ground. However, the other party had already appeared behind him without him knowing, and casually punched him in the back.

In that instant, Chen Xiang only felt an extremely berserk force charge over, the fist did not touch his back, but the force that was rushing over had already entered into his body, causing him endless pain.

Fortunately, he was prepared this time. No matter how painful it was, he could still hastily dodge!

"You overestimating yourself, you actually dare to put on airs at me!" Huang Longsheng's strength was extremely frightening. After Chen Xiang dodged the kick, he immediately flew over and kicked Chen Xiang's face, sending him flying out.

Chen Xiang's face was burning in pain, the power had drilled into his head, giving him a headache.

Huang Longsheng's consecutive attacks had caused Chen Xiang to be unable to react at all. It was simply too fast, and too fierce. He now understood just how powerful the disciples in the Ancient Fire Divine Sect were.

Chen Xiang crawled on the ground as the Six beasts in the Divine Sense Sea were all roaring. They all wished that they could immediately release a force to help Chen Xiang.

Huang Longsheng's hands and feet shone with a blue light as he concentrated the blue colored power of the fire and lightning. The aura was extremely tyrannical and was much stronger than before.

"Enough!" An old man shouted from afar. This was the old man who released the pill just now. He had seen this too often.

That old man really couldn't stand to watch, because Chen Xiang had just entered the outer sect and was crippled like that. That was truly a pity.

"I'll let you off this time. You won't be so lucky next time." Huang Longsheng snorted, the old man from the outer sect had spoken, he did not dare to continue, or else he would be punished.

Chen Xiang slowly crawled back up, and wiped the blood from the corner of his mouth. At this time, his face was bruised and swollen, but a power was boiling inside his body.

"Go back quickly!" Du Gang anxiously sent a sound transmission to Chen Xiang: "Huang Longsheng is such a guy, the other people's luck are not as good as yours, most of them were crippled by Huang Longsheng, you just came in, you should be careful, giving him a bottle of pills is fine, in any case, you can have a bottle every month."

Chen Xiang did not say anything, he had already suppressed his anger, and only released it from the Divine Sense Sea.

"This guy is really courting death, he actually dares to speak to Huang Longsheng in such a manner."

Hehe, I just came in, I wonder how powerful Huang Longsheng is!

"Huang Longsheng is indeed worthy of being one of the ten great outer court disciples. He has a young appearance and strong overbearing strength."

"Ten little overlords... That new guy offended one of the little overlords, so our future days will not be so good. "

"We must avenge this enmity!" Chen Xiang's expression was cold, he endured the pain in his body and quickly returned to his own residence.

When he got back, he lay on his back and thought about what had happened.

"It was very dangerous just now. If this continues, I'll expose my World Defying beast." Chen Xiang did not know the consequences of exposing his World Defying beast here, but he did not want others to know that he had the powerful arrogant Six beasts.

If he released the power of a Red fire dragon coupled with the Six Realms mirrors, when he used his full strength, even if he was unable to defeat Huang Longsheng, the latter would not dare to underestimate him.

However, he did not want to reveal the strength of the Red fire dragon!

"Lili, Hua Hua, I'll be troubling you for a while!"

After Chen Xiang absorbed the power of rebirth from the Mei Jing Sisters and the others, his body was more or less recovered.

If he wanted to obtain power quickly, he could only do so by consuming a high quality Myriad Tao Divine Soil Pill. He had to enter the You Yao Mountain Villa to use the Time Domain.

Ten days outside, the time inside the Time Domain is three hundred months, which is approximately twenty-five years! After that, in the remaining twenty days, I will search for the World Defying Stage Fierce Soul, and try to teach Huang Longsheng a lesson when we get the pills next month. "

Although Chen Xiang was anxious for revenge, he knew that he shouldn't rush it. Raising his strength was more important.

Jiang Lisi and Jiang Sihua, the two Young girl Danling s, had condensed a Myriad Tao Divine Soil Pellet that was still very useful to him, allowing him to eat the Peak of World Defying crazy realm.

That was why as long as he ate enough, his physical body would continue to grow stronger. When he was in the World Defying crazy realm, his physical body would need to be even more powerful in order to be able to go to the World Defying Stage Soul River and search for the World Defying Stage Fierce Soul to fuse with.

Just as Chen Xiang had predicted, within ten days or so, his body had reached its peak state, and he could fuse with the World Defying Stage Fierce Soul.

Following that, he continued to eat Huakuan Dan s, allowing his mind to travel to World Defying Stage Soul River!

"The fourth floor's World Defying Stage Soul River is actually like this!" Chen Xiang had finally reached the fourth floor, the World Defying Stage Fierce Soul was not as dense as the first two floors, there were only a few spots that he could see.

He controlled his mind and went over to the spots of light, searching them one by one. Although these World Defying Stage Fierce Soul were all very strong, they were not enough to satisfy him.

Eighteen days passed by and Chen Xiang was extremely anxious. If he could find a satisfactory World Defying Stage Fierce Soul right now, then when he went to retrieve the medicinal pellets in two days, he would be able to take revenge against Huang Longsheng!

"What is this?" Chen Xiang's attention was still on the World Defying Stage Soul River of the fourth floor, when he suddenly saw a translucent object flying over, which looked like a ball of water.

The moment he discovered this thing, his spirit was sucked in, and he then mysteriously fused with it.

"What the hell is this? Enter my Divine Sense Sea!" Chen Xiang's consciousness had only just touched that mass of thing, then it immediately shifted from the World Defying Stage Soul River to his own Divine Sense Sea, and quickly merged with him.

After fusing with him, with a loud bang, the World Defying Stage Fierce Power in the Divine Sense Sea began to boil unceasingly. Because he had the third World Defying Stage Fierce Soul, his World Defying Stage Fierce Power evolved, and during the boiling process, it continuously became stronger, as if it was transforming.

Sensing the strong power, Chen Xiang was immediately filled with confidence!
