

Dan God 3331

[Chapter 3331](#)

Lei Yichen had only exchanged blows for a short while, causing him to be slightly injured. Now that there were a few strong elders from the Aoshi Holy Stage surrounding Chen Xiang, he felt extremely helpless.

Just as Chen Xiang was about to be killed by an old man's iron palm, he suddenly disappeared!

After Chen Xiang disappeared, he immediately appeared behind Lei Yichen. He grabbed Lei Yichen and brought him into the Six Realms mirrors!

The Six Realms mirrors had already become a wheel.

The group of Fierce Saber Race knew that Chen Xiang had a fast moving wheel, so they reacted very quickly and blocked the door at the very first moment. They thought that the Six Realms mirrors would fly out and roll away, but the Six Realms mirrors suddenly disappeared and appeared outside the door of the hall.

Chen Xiang was able to use the power of space, but he couldn't teleport too far away, so he was able to travel a short distance.

The Six Realms mirrors rolled in the Ancient Fire Divine Sect, followed by a group of people ...

"Leader, this Chen Xiang is really complicated, he actually caused such a commotion, we were truly underestimating him."

"That's right, he has Gu Tong's World Defying artifact, we ... Should I chase this World Defying artifact back?!"

"Pah, that wasn't even refined by Gu Tong, it just looked like it. It should have been refined by Little Thunder according to Gu Tong's style." The old woman also followed along. She frowned and said, "What's strange is that the World Defying artifact in Chen Xiang's hands seems to have a trace of the Tao-creation's Holy stone's aura."

Chen Xiang had an Ancient Bronze-ranked gong in his hands, she guessed that Chen Xiang would help him modify his Six Realms mirrors and Lei Yichen would even extract from the Ancient Bronze-ranked gong the Tao-creation's Holy stone and refine them into his Six Realms mirrors.

"You guys are really a bunch of idiots. This Chen Xiang brat is a treasure, and you actually want to make an outsider come him. It's really too funny." The old lady chuckled, "Fine, I'll let you juniors meet with trouble so that you can grow up in the future ..." In short, it is impossible for Chen Xiang to return to the Ancient Fire Divine Sect now. "

"Senior Master, we can still catch Chen Xiang. It's not like you don't know how strong the Ancient Fire Divine Sect's barrier is, it's not like he can't escape." The Leader was very confident.

"Is that so? If you catch Chen Xiang, what will you do? Give it to Fierce Saber Race and the others, and let Chen Xiang become an inner disciple of Ancient Fire Divine Sect. " The old woman said.

"Since we have an agreement with the Fierce Saber Race, we will of course hand it over to them! If Chen Xiang did not kill that group of juniors earlier, perhaps I would have kept him. " The Ancient Fire Divine Sect said.

"Even if you let him stay now, he wouldn't be willing. You guys didn't know that the way he looked at you all just now was filled with disdain. In his eyes, you're just a bunch of trash, haha ..." The old lady sneered and left with Qin Shuang. She didn't continue chasing after him.

Qin Shuang was forcefully taken away by the old woman;

"Grandma, aren't you going to help Chen Xiang? Without him, I wouldn't have been able to come here. I wouldn't have been able to see you at all! Just help your granddaughter once. " The usually cold and arrogant Qin Shuang acted like a little girl, acting coquettishly.

"Stupid girl, don't you understand this kid when you're together with him? I have tried to attack him a few times, but he always managed to avoid danger. Just look, after getting rid of a group of brats, he was able to bring his master and run away. This Ancient Fire Divine Sect can't stop him. " The old woman chuckled, "It's not by chance that this kid could obtain your grandfather's Crystal emperor and could gain Spirit of Divine Alter's acknowledgement. This proves that he has a certain level of ability and that there's no need to worry."

This old woman was Qin Shuang's grandmother. It was because she knew that the Leaders of the Ancient Fire Divine Sect were going to sell Chen Xiang and Lei Yichen out, that was why she came out to join the commotion and watch the opportunity to help Chen Xiang escape danger.

Chen Xiang controlled the Six Realms mirrors to roll in the air. The people chasing after him could not catch up, and could only attack from afar continuously. Although the strength was strong, they were unable to hit the quickly moving Six Realms mirrors.

"Master, how do we get out?" When Chen Xiang was inside the Six Realms mirrors, looking at Lei Yichen, he only suffered a slight injury.

"There is a barrier around Ancient Fire Divine Sect, it's not easy to break through!" Lei Yichen frowned. "Let's try and see if we can shake them off and hide for a while before we think of a way to break through the barrier."

"Alright!"

Chen Xiang increased the speed of the Six Realms mirrors, allowing it to increase its speed. However, the people chasing from behind were also very fast, they followed very closely, and it was hard to shake them off.

"This can't go on." Chen Xiang said. From the Six Realms mirrors, he could see the people chasing after them. Ancient Fire Divine Sect's Leader and the elders had caught up to them.

"This bunch of old geezers from the Ancient Fire Divine Sect is really a bunch of idiots." Chen Xiang could not help but scold.

"This bunch of old geezers are really stubborn to begin with." Lei Yichen was also very angry at this moment, because no matter how he looked at it, he felt that Chen Xiang staying in the Ancient Fire Divine Sect was beneficial to the Ancient Fire Divine Sect.

The Ancient Fire Divine Sect was very big, they had been chasing it for half a day and it was still the same.

Suddenly, a voice came from the horizon.

"I was away from Ancient Fire Divine Sect for a period of time, why did it become a mess? What are you doing? "

was pleasantly surprised when he heard this voice. He hurriedly shouted to Chen Xiang: "It's my master! My master has returned! Let's hurry and get out, my master will definitely protect us. "

Chen Xiang naturally had a lot of trust in Lei Yichen, so he immediately followed him out.

After exiting, Lei Yichen anxiously shouted: "Master, someone is killing me!"

Just as they were about to cover them, a blue light flashed in the sky. A blue-clothed old man appeared in front of them, gently waving his sleeves and opened up the huge wave of energy.

Seeing this blue clothed old man, the faces of the Ancient Fire Divine Sect's Leaders and elders became a little ugly.

The blue clothed old man was Lei Yichen's master, Lei Bingyun. He was an elder from the previous generation in Ancient Fire Divine Sect.

"Elder Lei, things are a bit complicated ... "Listen to me." The Ancient Fire Divine Sect flew over quickly and narrated what had happened.

The people from Fierce Saber Race and Soul River Divine Race did not make a move as well, because they were not Lei Bingyun's match at all.

After Lei Bingyun finished listening, he turned and looked at Chen Xiang and Lei Yichen.

"Master... It's all their fault first. " Lei Yichen said: "Chen Xiang is my disciple, is your grand disciple, you must protect him!"

"This kid is indeed capable, but ..." As a member of the Ancient Fire Divine Sect, I naturally have to use the Ancient Fire Divine Sect as my foundation. Therefore, I won't protect him today. Lei Bingyun waved his sleeves and released a light blue light barrier to envelop Lei Yichen, then led him away.

"Master, what are you doing? You old bastard, how could you do this!" Lei Yichen never thought that his own master would actually stand by the side of the Ancient Fire Divine Sect, and he scolded angrily.

[Chapter 3332](#)

Chen Xiang was also dumbfounded. He thought that Lei Yichen's master was someone easy to talk to, but now he had dragged Lei Yichen away.

Chen Xiang was once again surrounded by the seven elders from the Fierce Saber Race and the Soul River Divine Race. Among them, the strongest was at the late stage of Aoshi Holy Stage, while the others were all at the middle stage of Aoshi Holy Stage.

That old woman brought Qin Shuang over again.

Just now, when they were chasing, it was very loud, causing the inner sect disciples to be alarmed, they all gathered around and looked at Chen Xiang.

"Old Lei, I didn't expect you to do this." He never thought that Lei Bingyun would actually not interfere in this matter, and even forcefully drag Lei Yichen away.

"This brat is too strange. I can't help him." Lei Bingyun said, "If you want to help, then help out ... If you make a move, I'll leave the matters of Ancient Fire Divine Sect to you! "

The old lady was very clear about Lei Bingyun's intentions. If she did not interfere in this matter, then no matter what the Ancient Fire Divine Sect did, it would have nothing to do with her. If she interfered, it would be equivalent to her disagreeing with the current Leader.

Therefore, no matter what decision the current Leader made, they could not oppose it, nor could they interfere. They could only watch from the side! Although they were once elders of the Ancient Fire Divine Sect, they did not have the energy to take care of it now. Even if the Ancient Fire Divine Sect were to decline, they would not do anything.

, Super Yang Old Ancestor and the rest did not care about what happened in the Ancient Fire Divine Sect, and would only return occasionally to visit. Even if the Ancient Fire Divine Sect was destroyed, it had nothing to do with them!

"Disciples of the Ancient Fire Divine Sect, listen up. Today, you must not let this person escape." Seeing that Lei Bingyun did not want to interfere, the Leader from Ancient Fire Divine Sect was relieved and announced loudly.

Being surrounded by so many experts, it would be hard for Chen Xiang to escape even if he could use the power of space.

"I just stepped into the Aoshi Holy Stage, and each of you are all in the middle stage of the Aoshi Holy Stage, late stage seniors. With so many of you surrounding and attacking a young man like me, aren't you afraid of being laughed at by others? The Ancient Fire Divine Sect has so many young disciples watching, do you really want them to see the elders of the Ancient Fire Divine Sect as such despicable, shameless and despicable people? " Chen Xiang said loudly.

"What is it? Do you want to fight me alone? " Ancient Fire Divine Sect of the Ancient Fire Divine Sect laughed disdainfully: "Whatever, I'll give you a chance. If you can defeat me, or you eight elders, I'll send you out of the Ancient Fire Divine Sect."

The Ancient Fire Divine Sect was also a fellow who cared about face even at death's door. They had so many seniors who were able to catch a little imp and make them into such a mess, and were even surrounded by so many disciples. If they were to take down Chen Xiang just like that, or force Chen Xiang to his death, how would the disciples think of them?

"You mean what you say?" Chen Xiang said, but he still found it hard to believe.

"I, Gu Mingprofound, as a stately Leader, naturally, I will keep my word. As long as you defeat me, or even if it's one of the eight great elders of the Ancient Fire Divine Sect, we will let you off today." Gu Mingprofound's voice was like thunder, shaking the entire Ancient Fire Divine Sect.

Gu Mingprofound and the eight great elders were all at the late stage of Aoshi Holy Stage, not the peak. If they were at the peak, they would definitely not be elders or Leaders anymore.

For example, Qin Shuang's grandmother and Lei Yichen's master Lei Bingyun. They were both at the peak of Aoshi Holy Stage and had both hidden themselves to attempt to breakthrough to their bottleneck.

Qin Shuang kept shaking her grandmother's arm because she knew that it was impossible for Chen Xiang to defeat late stage Aoshi Holy Stage like the eight great elders and Gu Mingprofound.

Chen Xiang calculated his own strength. He felt that if he released the Red fire dragon and combined it with his spatial energy, he would not be willing to give up the chance. Right now, his Six Realms mirrors had also been remodelled, so it could be of great help.

Although the spectating inner disciples did not know what had happened, they could understand the situation right in front of them. As long as Chen Xiang defeated one of Gu Mingprofound and the eight great elders, he would be able to leave the Ancient Fire Divine Sect safely!

"He just stepped into the Aoshi Holy Stage, and now he wants to challenge someone at that level? He's ridiculous! "

"Keep dreaming, forget about Leader, even he, who is in the middle stage of Aoshi Holy Stage, can't beat me!"

"Leader, why don't you let us disciples fight!"

"Yeah, you can defeat him with just one hand, it's too boring. Let the disciples practice."

Everyone started to discuss loudly, constantly ridiculing Chen Xiang.

Gu Mingprofound was very clear that if it was a middle stage Aoshi Holy Stage, they might not be able to defeat Chen Xiang, and the Six Realms mirrors in Chen Xiang's hands would be very powerful.

"Have you decided who to challenge?" Gu Mingprofound asked.

Chen Xiang was currently looking carefully at the eight elders. He wanted to find the weakest one, but he couldn't find out who, so he looked at the Lei Yichen in the distance.

Lei Yichen was enveloped by a blue light barrier that his master used to protect him. He could not escape, nor could he transmit any messages or sounds from inside.

"Chen Xiang!" Qin Shuang suddenly transmitted his voice to Chen Xiang.

"Xiao Shuangshuang, who exactly is that old granny?" Chen Xiang was ecstatic, and anxiously asked.

"She's my grandma, right now she can't interfere in this matter. If she interferes, the consequences will be very troublesome. I was restricted by her, so I can't go out and help you. I'm very sorry." Qin Shuang's voice was urgent, it was clear that her grandmother only allowed her to talk with Chen Xiang for a while.

"It's fine, it's good that you can find your grandmother. I'm happy for you." Chen Xiang was not nervous, he was confident in his abilities, because his Red fire dragon was very strong. Furthermore, his Raging Dragon Soul had already turned into a saint and became a divine dragon soul.

"If you are confident, you should challenge the Leader. The Leader is also a sword-wielding person, he just so happened to have refined a piece of Tao-creation Holy stone, so you must take note." Qin Shuang said: "Also, Leader is most skilled in using fire. I remember that you use fire too, when you are fighting, don't use fire to fight him."

"Even Frenzy sword method can't do it?" Chen Xiang asked.

"No!" Even though you are a member of the Sword Blood, you do not have enough control over the Frenzy sword method. Leader's cultivation is far above yours, and your control over fire is much stronger than yours. Qin Shuang said: "Use your other sword techniques, in short, do not use the power of fire and Frenzy sword method!"

"What about the other elders? What is the strength of the other elders?" Chen Xiang felt that the Leader should be the strongest.

"They are stronger, because they are older than the Leader, and some elders are from the previous generation, but because they were unable to reach the peak of the Aoshi Holy Stage for a long time, they were able to stay, and only the Leader is younger." Qin Shuang said, "Alright, Grandma is going to restrict me now ..."

From now on, Qin Shuang could no longer converse with Chen Xiang.

"of the Ancient Fire Divine Sect, I challenge you!" Chen Xiang made his decision, his voice sounding slightly heavy.

This young man, who had just entered the Aoshi Holy Stage, actually wanted to challenge their Leader!

[Chapter 3333](#)

Gu Mingprofound also never thought that Chen Xiang would actually choose him, because in many people's eyes, the Leader was usually the strongest, yet Chen Xiang chose to be the strongest. Gu Mingprofound was clear about his own strength, but compared to the other eight elders, he could only be considered average.

"You've decided?" Gu Mingprofound laughed coldly, his face full of ridicule: "Of course, who you choose, the result is the same. With your current cultivation, you are not our match."

"That's right, I'm just a brat, how could I be a match for you bunch of old fellows? Isn't it because you've gone too far?" Chen Xiang's voice was filled with anger. The people from the Fierce Saber Race and the Soul River Divine Race were all people who had their eyes on his Crystal emperor, so they came up with all sorts of excuses to annihilate him.

"This is all your own fault." Gu Mingprofound took out a white divine sword. When the sword appeared, the sword released a white flame that looked like it was not simple at all.

Qin Shuang had told Chen Xiang before that Gu Mingprofound's divine sword had been added to the Tao-creation's Holy stone, so it was a very sturdy and sharp divine weapon.

Gu Mingprofound and the eight Great Elders were all higher-ups of the Ancient Fire Divine Sect, while the one outside of the Ancient Fire Divine Sect was the Blood Wind Fire Sea. Over the years, they would definitely be able to find the Tao-creation's Holy stone, Chen Xiang guessed that the eight Great Elders' divine tools were definitely refined using the Tao-creation's spirit artifacts, and they might be even more powerful than Gu Mingprofound's.

Chen Xiang summoned his Heavenly magic sword. Even though his Heavenly magic sword was refined using Crystal emperor, it was still far too inferior compared to the Tao-creation's Holy stone!

"Forget it, as long as I can survive this crisis, I will definitely work hard to cultivate so that I can grow stronger as soon as possible. Then, I will come to Ancient Fire Divine Sect to find them to get my revenge."

When Chen Xiang was betrayed by the Ancient Fire Divine Sect, he felt extremely aggrieved in his heart. Once he possesses sufficient strength, he will definitely not let the Ancient Fire Divine Sect go.

"How do we determine victory or defeat?" Chen Xiang asked: "Do you want me to fight to the death?"

"It is accurate to determine the outcome of a battle of life and death! If you do not want to die, just wait and see. I will let you go, I believe that at that time, as long as you cooperate with Fierce Saber Race and the others and return the things that you stole from them, they will not make things difficult for you. "

Gu Mingprofound said with a stern face.

"Bullsh * t!" Chen Xiang instantly roared: When did this daddy snatch away that group of grandsons' things, you old bastard, stop spouting nonsense. You are a dignified Leader, how can you lie for a group of grandsons? You need to be clear, you are a Leader, not a stupid dog that wags its tail just by looking at a bone. "

Gu Mingprofound was startled, and everyone was stunned!

No one had ever scolded Gu Mingprofound in such a manner before. Gu Mingprofound was the Leader, after all, he was her Ancient Fire Divine Sect.

The disciples of the Ancient Fire Divine Sect were furious when they saw their own Leader being scolded.

"This fellow is truly arrogant. With such little strength, he even challenged our Leader! His words are not inferior to ours, Leader will definitely kill him later."

"Just who is this person?" I have never seen such an arrogant fellow before. It's one thing for him to have strength, but he's just a newbie who just stepped into the Aoshi Holy Stage. "

"That's right. Any one of us can trample him to death."

The people inside were all inner sect disciples who had entered the Aoshi Holy Stage, so they were very confident in their own strength.

Gu Mingprofound was so angry that his old face twitched, and he felt embarrassed after being insulted by Chen Xiang in front of everyone.

"Don't you want to live?" Gu Mingprofound asked with a darkened face.

"Of course I want to live, it's just that you guys aren't giving me a way out. Today, even if I die, I will not give you the Crystal emperor s, give up! You bunch of trash are not even worthy of the Super Yang Old Ancestor's Crystal emperor. "

Chen Xiang held onto the Heavenly magic sword tightly with one hand, while the other hand held onto the Six Realms mirrors tightly.

"Fine, let's see how long you can continue being so arrogant for!" The white godly sword in Gu Mingprofound's hand shook, then suddenly turned red, and flames spewed out like blood flames.

The originally imposing Chen Xiang suddenly calmed down, as though he did not want to fight anymore.

"What is it? Scared? " Just as Gu Mingprofound wanted to take action, he saw that Chen Xiang's fighting spirit was gone.

"Even if I defeat you, I won't be able to leave the Ancient Fire Divine Sect today? I saw that each and every one of your disciples wanted to kill me, and there were still the eight great elders, Fierce Saber Race and the people of Soul River Divine Race here. Even if I win, it would be useless. "

"Would I, Gu Mingprofound, lie?" Gu Mingprofound laughed coldly.

"I don't trust you, because no matter how you look at it, you don't seem like people you can trust." Chen Xiang snorted: "Let's sign the blood contract, this thing is most useful."

"Alright!" Gu Mingprofound also wanted to quickly bring out Chen Xiang's Crystal emperor so that he could give Fierce Saber Race and her an explanation.

After signing the blood pact, Chen Xiang was a lot more at ease. At least he would dare to go all out, and at that time, he might really be able to defeat Gu Mingprofound.

Lei Bingyun smiled at the old woman beside him, "This brat is quite the character. If he can escape from here today, then our Ancient Fire Divine Sect will really lose a lot of face."

"He should not have any hope, his strength is far inferior to Gu Mingprofound's." The old woman shook her head. "But he is indeed a good seedling."

Everyone thought that Chen Xiang would definitely lose, and only Qin Shuang had an inexplicable confidence in him.

The people of Fierce Saber Race and Soul River Divine Race were all calm and composed, as if the Crystal emperor would soon reach them. Their losses were not small, if they could obtain more than ten Crystal emperor, they felt that even if they lost it, it would still be worth it.

The Blood fire sword's flame in Gu Mingprofound's hands burned, and the hot air that was released seemed to carry a dense stench of blood, as it spread out in all directions, causing people's hearts to tremble. The atmosphere immediately became extremely terrifying, that strange and scorching killing intent enveloping over, seemed like it could make people hear countless people who were being burned in a sea of fire, releasing extremely miserable hisses.

"What a strong spiritual power. Just this murderous intent alone is enough to scare a lot of weak people to death." Chen Xiang was also startled, this Ancient Fire Divine Sect was truly strong.

Gu Mingprofound released his killing intent, his face becoming extremely serious. The sword in his hand trembled, a blood light shot out in all directions from it, flames exploded out, and his body was immediately enveloped by the flames released by the divine sword.

Sou! Sou! Gu Mingprofound's body that was burning blood flame suddenly flashed, and floated over like a phantom. The divine sword pierced in the distance, and a burst of flames congealed into a scorching ray of light that shot out.

When Chen Xiang saw Gu Mingprofound move, he immediately used his fastest speed to block the Six Realms mirrors in front of him. Just as he finished, the red light beam had already shot over.

Bang!

The light beam condensed from the Sword Qi struck Chen Xiang's Six Realms mirrors, causing the light beam to shoot out, striking Gu Mingprofound. The speed and power of the light beam was faster than before.

Gu Mingprofound's reaction was shocking. Sensing that something was wrong, he quickly dodged, dodging the beam of light. Even though it was shot back, it only hit his hair, burning a large portion of it into mist.

[Chapter 3334](#)

The scene just now was too thrilling, if Gu Mingprofound had reacted just a little slower, his head would have already been pierced, causing the inner disciples to feel fear in their hearts. Right now, their eyes were burning with passion as they stared at the Six Realms mirrors in Chen Xiang's hands, this was truly a strong divine tool.

"That is the divine artifact of our Old Ancestor Gu Tong, he stole it from the Ancient Fire Divine Sect." Gu Mingprofound knew that the Divine Equipment was not refined by Gu Tong, but he did not care about it. It was because he was determined to defeat Chen Xiang, and that would be his.

The main reason was that he could see that the divine tool could reflect the power of his sword just now. This was indeed something hard to come by.

"This fellow is truly shameless!" Chen Xiang cursed angrily in his heart.

"That was not refined by Old Ancestor Gu Tong, no matter how you look at it, it doesn't look like it." He knew Gu Tong, so he was clear that his words had made Gu Mingprofound feel somewhat awkward.

Chen Xiang's grip on the Six Realms mirrors hurt, it was all because of that one strike from Gu Mingprofound just now.

"This won't do. If this goes on, I will definitely be killed by him." Chen Xiang took a deep breath, then activated the Six beasts in his body and allowed it to fuse with the Six Realms mirrors, turning it into a Red fire dragon.

The Six beasts's power quickly entered the Six Realms mirrors and turned into it, but... Chen Xiang glanced at the Red fire dragon and was immediately stunned.

The Red fire dragon's entire body was enveloped by a bronze glow. After the bronze glow flickered, it turned into a seal formed from Spirit grain. The incantation was embedded into the Red fire dragon's body, causing the Red fire dragon's power to increase by a lot.

"These bronze incantations ..." Could it be because I've refined an ancient bronze gong? " Chen Xiang knew that his Six Realms mirrors's fusion power was very strong, and could easily fuse many things together.

Now, it had successfully merged with the ancient bronze gong refined by Gu Tong.

After the cyan incantation appeared on the Red fire dragon's body, it became even stronger, and the power that was released was also bronze. Chen Xiang observed carefully, the flames that spouted from the Red fire dragon's mouth looked like they were formed by incantations of various sizes.

Chen Xiang could actually control the Red fire dragon's body. Only by doing this, would his strength increase.

"In short, the divine artifact in Chen Xiang's hands is definitely not his. Such a powerful divine artifact can't fall into the hands of a despicable person like him. It would be a calamity in the world." Gu Mingprofound's words that turned black into white made Chen Xiang so angry that he almost vomited blood, as if whatever he said was the most reasonable thing to do.

"I've truly gone mad. I actually fought with a shameless old bastard like you. This is the greatest humiliation of my life." Chen Xiang said angrily: "Old fart, kill me now. As long as I die, my divine artifact will also die with me. If you have the guts, come and kill me."

Gu Mingprofound could not bear to die together with. He also knew that such a powerful divine tool could be used so well by Chen Xiang, so there must definitely be a strong connection between him and Chen Xiang.

"So he stole such a powerful divine tool. No wonder he was so fearless, but he was still wrong. Our Leader is very strong."

"He's just relying on divine artifacts. Without divine artifacts, he's nothing."

"Leader, hurry up and kill him."

The inner sect disciples obviously stood by Gu Mingprofound's side, and continuously shouted, to help Gu Mingprofound increase his aura.

"These little bastards, I will kill all of you sooner or later." A bronze glow suddenly flashed across Chen Xiang's eyes, the incantation appeared in the whites of his eyes, but no one saw it.

If he were to strip his clothes now, he would definitely be able to clearly see that his skin was glowing with many bronze-colored incantations, bringing him great power.

The anger in Chen Xiang's heart grew even stronger as the voices of the inner sect disciples who were trying to overturn the situation echoed in the air. The Six Realms mirrors was grabbed by one of his hands and started to tremble.

Suddenly, the Six Realms mirrors started to tremble, and released a faint bronze color. Gu Mingprofound's face changed, he thought that Chen Xiang was about to attack, but who knew that after Chen Xiang's low roar, the Six Realms mirrors would actually be shattered by him!

The Six Realms mirrors that people were so envious of just a moment ago was crushed just like that! Everyone was dumbstruck. That was a powerful divine tool.

After the Six Realms mirrors shattered into a few pieces, it turned into a bronze colored mist during its descent onto the ground. The mist floated upwards and came into contact with Chen Xiang, and gradually disappeared.

"Impossible!" Lei Yichen roared from inside the blue light screen. He knew how strong the Six Realms mirrors was, because he was the one who modified it, and the inside contained the components of the Tao-creation's Holy stone.

Forget about the composition of the Tao-creation s, just the added Crystal emperor s were not something that could be casually crushed!

Everyone was dumbstruck. Such a powerful divine tool was actually shattered by the pinch, they suspected that Chen Xiang purposely destroyed the Six Realms mirrors, not wanting to land in Gu Mingprofound's hands. It was because Gu Mingprofound loved this divine tool so much that his eyes almost burned with anger.

"You ... You actually destroyed such a good divine tool. " Gu Mingprofound almost roared.

The blood in Chen Xiang's body had already turned bronze, and there were many incantations inside. These were the incantations left behind by the Six Realms mirrors turning into bronze mist just now.

The Six Realms mirrors had truly become one with him now.

A sharp-eyed person could see that the back of his hands had bronze-coloured incantations, which made them look like tattoos.

Only now did Chen Xiang finally understand how strong the bronze energy was!

Bang!

Suddenly, his Heavenly magic sword also shattered, turning into mist and entering his body. At this moment, he was already unarmed!

When the Six Realms mirrors fused with his body, the Red fire dragon's power could enter his body more directly, and the ancient bronze gong part of the Six Realms mirrors had also merged with his body, causing his blood and bones to become bronze colored.

"What kind of guy is Gu Tong exactly? "To think that his broken ancient bronze gong would be so powerful, giving me such power." Chen Xiang could feel his blood boiling.

Gu Mingprofound saw that Chen Xiang's eyes were like that of a falcon's, his fists clenched tightly as he stood there, the veins on his forehead were popping out with a faint green light aura, making him look a little strange.

"Acting pretentiously, you destroyed a divine tool, yet you have such a complacent look on your face. Go to hell." Gu Mingprofound was enraged, he roared and his robes danced wildly, red flames surging out from his body. His white hair was wrapped in blood colored flames, the Ancient fire madness was releasing blood colored ancient flames, causing his flames to become even fiercer.

"Come on, you shameless old ass." The corner of Chen Xiang's mouth raised slightly, revealing a disdainful smile.

[Chapter 3335](#)

When Gu Mingprofound saw the smile on Chen Xiang's face, he was enraged and used all his might to wave the sword. Instantly, the sky was covered in dense fiery clouds, and countless blood colored sword images carried along scorching hot flames as they flew towards Chen Xiang.

When everyone saw the sword images that filled the sky, they retreated, all of them were truly angered by Gu Mingprofound, but the commotion was definitely huge.

The red colored sword images continued to descend, like countless swords descending from the sky, covering Chen Xiang within.

"Without the protection of the divine tool, he will definitely die this time!"

"This should be the Leader's strongest ten thousand Sword Blood. Last time, the Leader used this move to kill a powerful World Defying beast."

"Once Blood Shadow lands on the ground, he will be reborn. He will be like a target that can be pierced through."

The place Chen Xiang was standing at was already shrouded by the blood colored sword shadows, everyone thought that Chen Xiang was definitely going to die.

The people of Fierce Saber Race and Soul River Divine Race felt their hearts ache, because if Chen Xiang died, they wouldn't be able to get any more Crystal emperor.

Qin Shuang's heart was bleeding. She could not go and save Chen Xiang!

"Humph!" Chen Xiang let out a cold snort. The surrounding blood colored sword images were immediately scattered, turning into a blood mist and flying into the sky.

Chen Xiang was not dead, and was even standing there perfectly fine. It could even be said that he was not even slightly injured.

Gu Mingprofound's face was full of disbelief, his mouth was wide open, he did not believe that this was real.

Those people who were continuously praising Gu Mingprofound's technique were like they had eaten a fly. They looked at how confident they were in his words, but now, he was completely fine.

"Impossible!" After Gu Mingprofound became startled, he could not help but shout out.

Chen Xiang had merged with a Six Realms mirrors, so his body was that of a Six Realms mirrors, capable of absorbing all types of energy.

"Let me see what's even more impossible." Chen Xiang suddenly dodged, and instantly teleported to Gu Mingprofound's back.

He never thought that Chen Xiang would actually be able to control the power of space. He had seen it from the main hall just now, and it was just that when the battle was going on, his aura was very 'chaotic' and he was unable to sense it, so he thought that Chen Xiang had used some kind of strange movement skill.

Now, after fighting with Chen Xiang, he finally knew that Chen Xiang was using the power of space. Above Myriad Tao, this was an extremely difficult law to grasp, unless one could find the fusion of spatial Madness soul from above World Defying Stage Soul River and transform them into a saint.

Everyone felt that it was unbelievable that Chen Xiang was so fast. They didn't understand why Chen Xiang had suddenly appeared behind Gu Mingprofound.

Gu Mingprofound was truly an old man, his reaction was fast and timely. The moment Chen Xiang disappeared, his body naturally made all sorts of dodging movements, avoiding Chen Xiang's sudden punch, he kept walking forward, maintaining a distance from Chen Xiang, and then slashed a few times at Chen Xiang, releasing the strongest Blood Fire Sword Qi.

The Sword Qi of the Blood Fire flew out, as though it could reap millions of lives, bringing with it a tragic aura of death, which was accompanied by a ferocious flame Qi that madly attacked Chen Xiang.

"Sword Qi of the Blood Fire, Chen Xiang is dead for sure!" An elder said.

Just as he finished speaking, Chen Xiang swung his fists, punching at the Sword Qi again and again, exploding a burst of Sword Qi, and with a few punches, the few Sword Qi that looked very strong were exploded by Chen Xiang's berserk fist, exploding like fireworks.

Seeing that, Gu Mingprofound was completely dumbstruck, he knew very well how strong his blood fire sword qi was, the eight great elders were also very clear, not to mention Chen Xiang, even they did not dare to casually take him down.

But Chen Xiang only used a pair of 'flesh fists' and it directly exploded!

Everyone swallowed their saliva. Everything that happened in front of him made them feel like they were hallucinating. The blood fire sword qi that Gu Mingprofound was so proud of had actually exploded just like that. What was most unbelievable was that Chen Xiang was just a person who had just stepped into the Aoshi Holy Stage.

"Old Lei, do you know what's going on? This little brat suddenly became very strange. " The old woman also had a face full of shock.

"I don't know, he doesn't have any Qi on his body, the energy is coming from his body, he is releasing it freely, it is hard to feel. But when he punched out earlier, I could feel a trace of it, the energy is very special, it is like the energy of an angry beast, this guy has a World Defying beast." Lei Bingyun frowned and said, "I don't know what kind of World Defying beast they are, but their strength is actually this terrifying."

Qin Shuang thought of Chen Xiang's Red fire dragon, but she felt that it was impossible to make Chen Xiang become so terrifying!

Gu Mingprofound did not believe what he saw, and flew over. His movement technique released a streak of blood lightning, flashing to Chen Xiang's side, and struck towards Chen Xiang's neck.

When the Blood fire sword approached Chen Xiang's neck, it even released streaks of blood colored lightning fire that flashed, causing its power to become berserk and full of destructive power.

"Brat, let me show you the divine sword refined by the Tao-creation Holy stone." Gu Mingprofound bellowed, he increased his strength, and an imposing Qi surged out of his body.

"I've seen it, it's just so-so!"

Chen Xiang reached out and grabbed with his hand, frowning. Veins popped out on his forehead and a bronze light flickered in his eyes. What was terrifying was that his hand seemed to have turned into bronze and it flickered with light.

Gu Mingprofound's Blood fire sword was caught, he stared at Chen Xiang's hand, and saw the bronze coloured incantation on it. Gu Mingprofound's face suddenly changed, and was filled with fear.

"That is ..." Lei Bingyun also saw it.

"Tao-creation Incantation, Annihilate Bronze!" The old woman was scared, "Why would such a power appear on this young man?"

Chen Xiang held the Blood fire sword tightly. Sensing the strength of the Blood fire sword, the divine weapon refined by the Tao-creation Holy stone was indeed extraordinary.

Chen Xiang's palm cut off Gu Mingprofound's wrist like cutting a lotus root. He had already snatched away the Blood fire sword, he simply kept it in the You Yao Mountain Villa, and let Feng Ke'er seal it.

Gu Mingprofound was at the late stage of Aoshi Holy Stage, his body was extremely tough, his Blood fire sword s were even refined using Tao-creation Holy stone s, and now that was able to grab onto the Blood fire sword with his bare hands, he broke his wrist with Chen Xiang's palm!

A person who had just stepped into the Aoshi Holy Stage actually possessed such power. This was beyond the imagination of everyone!

The thing that shocked Chen Xiang the most was the eight great elders. Chen Xiang's current strength was enough to suppress Gu Mingprofound.

"Gu Mingprofound, I'll make you act arrogantly, turn black into white, you think that because you possess great power, you can bully me and take my things. Today, I will make you understand the consequences of going against me, Chen Xiang."

Chen Xiang's angry voice was like a sharp blade, bringing about an endless amount of resentment. His palm glowed with green light, and instantly pierced into Gu Mingprofound's chest, creating a hole there. He then slapped Gu Mingprofound's face, and only saw a blood-red sword image flying out.

"That's Gu Mingprofound's proud Sacred Sword Soul, he was actually struck out!" Lei Bingyun cried out in alarm. He had never expected things to develop to this point.

...

[Chapter 3336](#)

After the World Defying Stage Fierce Soul had been fused, it had become a Holy Spirit and had already merged with the body of the Divine Sense Sea, but now, Gu Mingprofound had been sent flying out of the body with a slap from Chen Xiang.

Obtaining a World Defying Stage Fierce Soul that he was satisfied with wasn't easy. Now that someone had managed to do it, he couldn't help but feel heartache.

When Gu Mingprofound separated from the Holy Soul just now, he also felt that intense pain, as if his soul was being pulled out of his body. It was incomparably painful, and he couldn't figure out how Chen Xiang did it.

After his divine soul was destroyed, Gu Mingprofound's strength had greatly decreased, he was only at the middle stage of Aoshi Holy Stage, so Chen Xiang could clearly feel that Gu Mingprofound's aura had weakened by a lot.

Gu Mingprofound had been struck senseless. He had lost a lot of World Defying holy soul, and he had lost a lot of Blood fire sword as well.

"I'll beat you to death for pretending. Wouldn't it be great if I let you run away?" I must chase after him and not let him go, f * ck you. " As Chen Xiang cursed angrily, both fists continuously landed on Gu Mingprofound's face. The bronze multicolored light on his fists continuously flashed, and wave after wave of berserk power was released from his fists.

"Little bastard, stop!" An elder roared. If Gu Mingprofound was finished, then their Ancient Fire Divine Sect would really lose a lot of face. For a dignified Leader to be beaten up like a dead dog, it would definitely be bad news.

"Bastard, let go of our Leader."

"Our Leader is in a bad state, that's why we were set up by you. Stop it right now."

"He must have used some tricks, this despicable man."

Gu Mingprofound felt that he was unlucky, if the group of bastards did not provoke him, he would not suffer so much. But now that he could not even speak, it was as if Chen Xiang and him had a deep grudge in the mouth, and he could only violently beat him up.

Indeed, because Gu Mingprofound had always turned black and white and said that the Six Realms mirrors was his and the other's, completely infuriated him. Now that Chen Xiang had obtained such a great power and had such a good opportunity, he would definitely smash Gu Mingprofound's mouth.

The more Chen Xiang beat them up, the more Chen Xiang raged in his heart while shouting at the group of bastards watching him. They were cursing him as if they were cursing him to hurry up and beat him to death.

never thought that the bronze energy within the Six Realms mirrors would actually be so terrifying, causing his power to be comparable to the late stage of Aoshi Holy Stage. He was still a little worried, because this kind of forceful increase in strength would definitely cause a lot of harm to his body, and had even increased it by so much.

Gu Mingprofound had already been beaten up so badly by the furious Chen Xiang that his father would not be able to recognize him anymore.

"This guy's skin is not that thick. He was beaten to death even like this." Chen Xiang gasped for breath, Gu Mingprofound's strength was still strong, his physical body was not destroyed by Chen Xiang.

"I've won. According to our agreement, you all will let me go." Chen Xiang said: "Quickly remove the barrier."

Right now, both of his fists were still glowing with a bronze glow, the Tao-creation's incantation was still on top of it, and his strength had not faded.

Chen Xiang could not kill Gu Mingprofound, if not the blood contract would lose its effect, the eight great elders would not care about the blood contract and would immediately attack him, and if the eight great elders took action now, Gu Mingprofound would definitely die.

Although Gu Mingprofound's World Defying holy soul was beaten out, Chen Xiang was unable to take it away. It could only temporarily leave Gu Mingprofound's body and weaken his strength.

Right now, the World Defying holy soul had returned to Gu Mingprofound's body. However, Gu Mingprofound's injuries were more severe, and could still be healthy again after lying down for a while.

The eight Great Elders were helpless, they could only take out an array disc. This was the legendary Bloody Wind Island that was able to teleport Chen Xiang to the outside world.

"That was the Tao-creation's Incantation just now. How did he grasp that? Back then, even Gu Tong could only grasp a tiny bit of it, but his entire body is made up of those things. " Lei Bingyun said.

"I don't know. That bronze divine tool that he had was clearly not forged by Gu Tong. It is very likely to be a Tao-creation divine tool that was naturally formed ..." The old woman was still shocked.

After Chen Xiang saw that the Transmission array had been set up, he looked towards the Fierce Saber Race and the elders.

"Chen Xiang, one day, I will tear your corpse into ten thousand pieces."

"Take away our Crystal emperor. Don't think about getting better in the future."

"Just you wait!"

"You're lucky today. If you're able to escape this calamity, then things won't be so easy next time."

"What are you looking at? Hurry up and f * ck off. Are you going to thank us for letting you go?"

The people of Fierce Saber Race and Soul River Divine Race were all very angry as they mocked and ridiculed Chen Xiang.

Just as Chen Xiang was about to walk into the Transmission array and hear these guys clamoring, the anger that was just suppressed in his heart suddenly rose.

"You talk too much!"

In his fury, Chen Xiang had teleported over and used Gu Mingprofound's Blood fire sword to sweep across the area. The heads of the Fierce Saber Race and the group of Soul River Divine Race were all chopped off under his one sword strike.

Many of them wanted to take the opportunity to curse Chen Xiang fiercely before Chen Xiang left, but now they did not even dare to fart, as they were extremely afraid. They were worried that Chen Xiang would come over with his sword and cut them all down like cutting grass.

"This is what happens when you don't have the strength." Chen Xiang snorted, he walked into the Transmission array arrogantly, and then shouted loudly: "Hurry up and activate the Transmission array, you group of loyal old servants, behave!"

The eight great elders were on the verge of exploding with rage as they activated their Transmission array to send Chen Xiang, the god of pests, away.

Seeing that Chen Xiang left safely, Lei Yichen was relieved, his face was full of smiles. After all, Chen Xiang was his disciple and he was so powerful.

Qin Shuang's anxious heart calmed down. Chen Xiang had once again shocked her, and only she knew Chen Xiang's background. She also thought of the mysterious ancient bronze gong that they had found in the Blood Wind Fire Sea.

After Chen Xiang left, those disciples saw their Leader being carried away like a dead dog, their hearts filled with joy, they really wanted to scold Chen Xiang fiercely, but they were worried that Chen Xiang would appear out of nowhere and kill him, so they could only hold it in.

The Ancient Fire Divine Sect really cared about face. The eight elders severely warned the spectating inner disciples that they should not speak vulgarly and that if they were found out that today's matter was leaked, they would be severely punished.

The ones who suffered the most were the Fierce Saber Race and the Soul River Divine Race. They had all been wiped out by Chen Xiang, and every time they died, they were in a group of seconds. They died in a pitiful manner, even the spectators felt that their deaths were pitiful.

Chen Xiang was teleported to the Bloody Wind Island. Seeing the cities that the Fierce Saber Race and the Soul River Divine Race had built here, he immediately threw out the Tianchuang furnace and smashed it down ruthlessly. The city that was just built was instantly thrown into chaos and was easily destroyed by Chen Xiang.

[Chapter 3337](#)

Chen Xiang entered the Blood Wind Fire Sea and returned to his original form. The Six Realms mirrors flew and rolled in the sea of fire while he screamed in pain inside the Six Realms mirrors.

"Damn it, I'm going to die from the pain!" Chen Xiang kept rolling on the ground and after that power was withdrawn, the pain spread bit by bit, and gradually increased. It was so painful that he could only roll and shout.

"This must be the side effect!" Feng Ke'er said: "Looks like next time don't be like this. If you use it a few more times, maybe you'll become crippled."

Feng Ke'er came out from the You Yao Mountain Villa to check on Chen Xiang's injuries. He was shocked because the bones in Chen Xiang's body had cracks on them, and he almost broke into pieces.

She hastily asked the Mei Jing Sisters and the others to release their power of regeneration, stabilizing Chen Xiang's injuries and alleviating the negative effects of the power.

If not for the Mei Jing Sisters's vast power of regeneration, Chen Xiang's body might have already broken into pieces.

"There's no need for that next time." Chen Xiang gasped for breath after the pain subsided.

"Your Six Realms mirrors is already different. The power inside is very special, next time you need to resist that power, or just let your Red fire dragon come out and fight. If you absorb it yourself, it will be too painful." Feng Ke'er said.

The Six Realms mirrors stopped in the middle of the Blood Wind Fire Sea. In this vast sea of flames, Chen Xiang was safe.

"I still reaped a great harvest this time." Chen Xiang laughed.

"Ancient fire madness, Blood fire sword, these are all good stuff, I just don't know if you can completely control them." Feng Ke'er said.

"It doesn't matter if I can't control it. I just need to sell it. I'm about to absorb my Tao-creation's Holy stone anyway." Chen Xiang did not care about this anymore, he just wanted to make Gu Mingprofound vomit blood after stealing the Blood fire sword.

If Gu Mingprofound knew what he was thinking, he would have spat out at least two buckets of blood.

"I have to hurry and get better. I need to go up World Defying Stage Soul River to find the World Defying holy dragon. This guy must have been sold by Ancient Fire Divine Sect." Chen Xiang had always cared about this matter.

Initially, he had asked Lei Yichen to bring him to the World Defying Stage Soul River, but after such a thing suddenly happened, he could only do it himself.

"What a pity, before I can obtain any benefits from Master, I have to leave Ancient Fire Divine Sect." Chen Xiang thought of Lei Yichen and felt a little regretful.

Lei Yichen, who had always been worried about Chen Xiang, would definitely kick his disciple away if he found out.

"Sigh, there's also the beautiful Xiao Shuangshuang, I don't think I have gained anything from her, truly a big loss." Chen Xiang was even more regretful. The granddaughter of the Super Yang Old Ancestor, Qin Shuang, had initially been ice-cold to him, but now, she worshipped him greatly.

Feng Ke'er rolled his eyes at Chen Xiang: "You heartless fellow, you always have this crooked thought towards girls."

"I want to go to the World Defying Stage Soul River, but before that, I need to capture some of the Tao-creation's Holy stone." Chen Xiang said smilingly: "Xiao Ke'er, where is that stone needle of yours?"

"Let's talk about it after you've recovered!" Feng Ke'er snorted.

Chen Xiang's injuries recovered very slowly, they took an entire month to heal. Right now, he was holding Feng Ke'er's golden needle and searching for the Tao-creation's Holy stone in the sea of fire.

After more than ten days of searching, he had only found a small grain. However, the golden needle was no longer useful, and it was always spinning randomly.

"There probably aren't any more Tao-creation Holy stone here. Let's go, let's take a look at the higher ups of the World Defying Stage Soul River." Feng Ke'er said.

Now that the problem was, Chen Xiang didn't know how to get to the World Defying Stage Soul River!

"Where is the World Defying Stage Soul River? What exactly is it?" Chen Xiang was very curious about this. "Damn it, I actually don't know how I should get there. If I knew earlier, I would have asked Master."

There was no choice, Chen Xiang could only go to the Heaven Fire City.

Only Qin Shuang and Wang Dao would be able to understand the markings on Heaven Fire City. If they were to come here and see the markings, they would know that Chen Xiang was here.

Chen Xiang planned to wait here for a while. If Qin Shuang and Wang Dao did not come, he would erase his secret record and go to other places to find out how to head to World Defying Stage Soul River.

He asked around in the Heaven Fire City for a while before he found out that it was not easy to go there. Even the disciples of the Fierce Saber Race s and Soul River Divine Race s here had to pass through a very strict examination if they wanted to go there.

This was because there were a large number of World Defying Stage Fierce Soul above the World Defying Stage Soul River. Once a person enters the World Defying Stage Soul River, it would be very easy to obtain those World Defying Stage Fierce Soul, and if there were too many people going there, the number of World Defying Stage Fierce Soul would gradually decrease.

As a result, the gate to the World Defying Stage Soul River was strictly controlled and there were many experts guarding it.

Furthermore, Chen Xiang had also heard that if one was very strong, then it would be very easy for them to head to the World Defying Stage Soul River. Furthermore, Chen Xiang had also heard that if one was strong, and had very high standing, it would be very easy to head to the World Defying Stage Soul River.

Chen Xiang who was patiently waiting in his room suddenly heard someone knocking on his door. His heart was in ecstasy as he quickly opened the door.

After opening the door, and seeing that it was the Half-ghost Old Man, Chen Xiang who was originally full of happiness, suddenly had a face of "Go to hell".

"Damn brat, what kind of expression is that?" "Why does it feel like I've seen a ghost when I see me?" Wang Dao had an unhappy expression as he walked in cursing.

Chen Xiang originally thought that Qin Shuang had come, and was looking forward to teasing this beauty.

"Didn't you say you were going to travel around? It's only been a few days and you've already returned here. You're going swimming, right?" Chen Xiang said snappily.

"It's not fun outside, so I'm back." Wang Dao sighed. "I wanted to go to Paradise to take a look, but I have no way. I had no choice but to come back here."

The paradise that Wang Dao spoke of, was also known as the World Defying Stage Soul River.

Hearing Wang Dao say that, Chen Xiang became even more disappointed, because he also wanted to go, to the point where even Wang Dao could not do anything about it.

"Is there nothing I can do? How about we barge in?" Chen Xiang asked.

"That won't do, there are at least ten old fellows at the peak of Aoshi Holy Stage guarding that place. Just as they approached, they turned them into dust." Wang Dao said, "But I heard that as long as I can pay the Myriad Tao Divine Soil's Crystals, I can pass."

"My Myriad Tao Divine Soil Crystals were all artificially refined." Chen Xiang shook his head.

"Yes, he only needs to be naturally formed." Wang Dao frowned and said, "100 million jins in, I wonder how many batches of pills I'll have to concoct to reach that level."

Selling pellets could earn a large amount of Myriad Tao Divine Soil Crystals, and Chen Xiang's pellets could condense Myriad Tao Divine Soil Pills and Aohun holy Dan s. However, after thinking about it for a bit, this was not realistic.

Ancient Fire Divine Sect of the Ancient Fire Divine Sect couldn't wait to stew him to eat, he must be everywhere looking for him.

[Chapter 3338](#)

Even if they sold pellets, they would need a long time to do so. By then, even the bones of World Defying holy dragon would have all been eaten.

Wang Dao saw that Chen Xiang was thinking left and right, but he did not have a choice, and laughed: "I suddenly thought of a way, I have a way, but you refused to go, but I do not care."

"What method?" Chen Xiang was very curious.

"There are geniuses and treasures in the World Defying Stage Soul River, there are a lot of resources, and there are some big powers there. In order to mine faster, they would accept a few strong people and make a blood contract with them, as long as you work for them for a period of time, you can bring them to the World Defying Stage Soul River." Wang Dao drank a mouthful of tea and said, "This is what a friend of mine told me."

"Half-ghost Old Man, do you really want to go? How can you be so despicable? You are selling yourself off to be a slave. You can't be so lacking in dignity ... Okay, how long will it take to sell? I want to try. " After saying that, Chen Xiang's attitude also changed.

Wang Dao disdainfully looked at Chen Xiang, "Selling it for around ten years or so, but it's going to be a bit tough on you, a youngster like yourself might not be able to handle it, so it's best that you don't go."

"Alright, stop thinking about it. I'll be leaving first."

With that, Wang Dao left.

Chen Xiang felt that he could endure for another ten years. It was just that he had to find a World Defying holy dragon first when the time came.

After Wang Dao left, Chen Xiang anxiously walked around the room. He did not know how he could proceed towards the World Defying Stage Soul River.

Two days later, there was another knock on the door. Chen Xiang lazily opened it and asked impatiently: "What are you doing here again?"

After Chen Xiang finished speaking, he smelt a familiar fragrance. This was the smell of Qin Shuang's body, Chen Xiang was extremely familiar with it.

"What is it? You hate me just because I haven't seen you for a few days? Did you look down on me after beating Gu Mingprofound up? " Qin Shuang scolded.

"No no, I thought it was Half-ghost Old Man!" Chen Xiang laughed brilliantly. "Xiao Shuangshuang, I missed you so much, I thought that it would be great to be able to see the beautiful you again, even if I had to live a few years less than I was willing to."

"You talker, let's talk inside!" Qin Shuang snorted, and pushed Chen Xiang in.

"Why are you in such a hurry?" Chen Xiang laughed as he rubbed his hands.

"Bastard, you're getting more and more impudent. If you have the strength, then you're going to turn bad." Qin Shuang rolled her eyes at him. Her jade face was covered in frost.

Chen Xiang immediately told her to sit and poured some tea for her.

"When you came, were you followed?!" Chen Xiang was a little worried.

"Don't worry, I'm not that stupid." Qin Shuang took a sip of tea. Now that she saw that Chen Xiang was fine, she was relieved.

She was worried about Chen Xiang previously, because Chen Xiang's strength had suddenly risen sharply and he would definitely have to pay a price. This was what her grandmother had told her, but who knew that this brat would actually be so full of thoughts about her.

"Xiao Shuangshuang, you came looking for me in such a hurry, did you miss me too?" Chen Xiang chuckled: "We really have the same heart!"

"Who's thinking of you, stop talking nonsense." Qin Shuang coldly snorted and said: "I just want to see if you, this scoundrel, is completely dead."

Chen Xiang crossed his legs, drank his tea, and laughed: "How can I die so easily? Oh right, did my master send any message to me? "

Qin Shuang nodded: "Yes, he told you not to go to World Defying Stage Soul River. Fierce Saber Race and Soul River Divine Race already know that you killed many of their experts.

"What are you afraid of? How could I be so easily found by them?" Chen Xiang's face did not seem to mind: "Am I not fine here? Moreover, how could the World Defying Stage Soul River be so easy to get to? The reason why Half-ghost Old Man is selling himself now is so we can go to World Defying Stage Soul River. "

"The World Defying Stage Soul River is different from this place, it is very easy for them to find you up there, because there is no way to hide your presence up there, it is very easy for those experts to track your aura, the sample of your power aura has already been sent up there."

Qin Shuang also did not agree with Chen Xiang going to the World Defying Stage Soul River.

"Xiao Shuangshuang, don't forget, the big size World Defying holy dragon is up there, and you have helped us out before. This fellow is honest and straightforward, but was sold out by the Ancient Fire Divine Sect, allowing him to go to the World Defying Stage Soul River. and the Soul River Divine Race both know that the World Defying holy dragon have the Tao-creation Holy Crystals.

These words caused Qin Shuang to frown as she thought deeply.

Although she was a woman, she was still a loyal person. World Defying holy dragon treated them well, and the moment they entered the Ancient Fire Divine Sect, they were arranged to be on top of the World Defying Stage Soul River. It was obvious that the Fierce Saber Race and the group of Soul River Divine Race had encouraged the Ancient Fire Divine Sect to do so.

No matter what happened with the World Defying holy dragon above, Chen Xiang had to make a trip.

"Xiao Shuangshuang, do you have a way to go up?" Chen Xiang asked.

"There is a way... It's just that I need to use a Crystal emperor. " Qin Shuang sighed, she had already agreed to let Chen Xiang go to World Defying Stage Soul River.

"It's fine, I can refine anything like Crystal emperor." Chen Xiang chuckled.

"Alright, I know that my grandfather has an ancient Transmission array here. To be able to teleport to the World Defying Stage Soul River, he would need at least three Crystal emperor to open it." Qin Shuang said.

"No problem!"

In the remaining time, Chen Xiang was in the You Yao Mountain Villa, using the Time Domain to quickly refine Crystal emperor s, mainly using the Myriad Tao Divine Soil Crystals to refine them, and this required a lot of time.

A month had passed and Chen Xiang had successfully refined four pieces of Crystal emperor.

"Oh yeah, do you know what happened the last time you fought against Gu Mingprofound?" Qin Shuang asked.

"I don't know, you know?" Chen Xiang was also very curious about that kind of situation.

"You have fused with the mysterious Tao-creation Incantation." Qin Shuang said: "My grandmother said, the Tao-creation's Incantation was in its earliest days, condensing all kinds of incantations with great Dao powers. These are the first incantations that appeared, thus they are extremely powerful and mysterious. Qin Shuang said.

"How do I use the Tao-creation's Incantation?" Chen Xiang didn't understand the Tao-creation's incantation at all.

"Grandmother said that adding a little bit into the process of refining a pill will make you very powerful." Qin Shuang said: "Give it a try if you can control the Tao-creation's Incantation and use your power to write the Tao-creation's Incantation."

Chen Xiang nodded his head, "Alright, let's go to World Defying Stage Soul River now!"

"You can go by yourself, the Transmission array can only send one person at a time, I want to accompany Grandma. She said that Grandpa will come back to find her." Qin Shuang shook his head: "When I become stronger, I will come and find you."

Qin Shuang brought Chen Xiang to the Transmission array, and on the way there, they constantly warned Chen Xiang about various things. They were like a little wife, causing Chen Xiang's heart to feel warm.

Before he left, the usually ice-cold Qin Shuang actually kissed Chen Xiang on the lips. She had originally only intended to kiss him, but Chen Xiang was very generous.

In the end, Qin Shuang flushed face, scolded, and warned all sorts of things as she watched Chen Xiang teleport away.

[Chapter 3339](#)

After the opening of the Transmission array, Chen Xiang arrived at the top of the World Defying Stage Soul River.

"It really is a river!" Chen Xiang could only see a very wide and long river in front of him. It was just that the water in the river was black, with many dots of light in the river, it was the World Defying Stage Fierce Soul.

"Is this the first level World Defying Stage Soul River?" Chen Xiang raised his head and looked into the sky, only to see an even higher sky with a belt of light spanning across it, and that was the World Defying Stage Soul River of the second floor, high up in the sky.

There might not be a lot of people above World Defying Stage Soul River, but those that could make it here were all very strong. Qin Shuang had told him before to be extra careful.

"Let's see where the World Defying holy dragon is." Chen Xiang took out the dragon's scale, spun in place, and searched for the direction of the World Defying holy dragon. After he found a direction, the dragon's scale lit up.

The light emitted by the dragon's scale was not bad, which meant that the World Defying holy dragon was in a very good state right now.

"Not bad!" Chen Xiang heaved a sigh of relief. When he was down there previously, he couldn't see the light emitted from this piece of dragon's scale.

Feng Ke'er was very curious, and said: "The two sides of the World Defying Stage Soul River's river is very spacious, looks like it's a small world, I wonder what's on both sides of the river."

Chen Xiang was currently very close to the World Defying Stage Soul River. He could see that there were trees on both sides of the river and there were many World Defying Stage Fierce Soul s in the river. However, when he got closer, he realized that it was not easy to capture those World Defying Stage Fierce Soul s.

"What's going on? Could it be that my spirit has already gone to visit the world's soul? is the river different from this one? " Chen Xiang was very suspicious, although he could see many specks of light in the river, but he was unable to fish it out, even using his spirit was not possible.

Now he finally understood why the people from the Fierce Saber Race and Soul River Divine Race had said that their people were above the World Defying Stage Soul River, but it was not easy to obtain the World Defying Stage Fierce Soul.

He guessed that when he was still above the Myriad Tao, his consciousness could go to the central region of the World Defying Stage Soul River, where there were the most World Defying Stage Fierce Soul, and while he was at the shore of the World Defying Stage Soul River, even though he saw World Defying Stage Fierce Soul, he saw that extremely weak World Defying Stage Fierce Soul, which basically had no value.

If he wanted to find the World Defying Stage Fierce Soul, he would have to dive into the river to search.

"I wonder if there's any danger down there." Chen Xiang really wanted to try, but he had something important he needed to find the World Defying holy dragon.

Qin Shuang didn't really understand World Defying Stage Soul River, so he couldn't get much information from her mouth.

"I can only ask someone." Chen Xiang had heard Wang Dao say before that there were a lot of resources on it.

He walked towards the direction of the World Defying holy dragon, there was no need for him to cross the river, otherwise there would be some trouble, it would be impossible to fly here, and even if he used his spatial energy, he could not teleport to the other side of the river, the river surface was too wide.

He was also a bit afraid of swimming over because the river was pitch-black and unspeakably eerie.

Chen Xiang quickly passed through a patch of forest. When he passed by, he realized that there were many dots of light floating in the forest, all of them were World Defying Stage Fierce Soul s.

"The World Defying Stage Fierce Soul can also go ashore!" Chen Xiang felt that this was extremely novel.

After passing through the forest, he suddenly saw a few people resting at the foot of a mountain. He did not know who they were, and the group of people had noticed him and were waving at him.

"Brat, come here. Don't be afraid, we won't eat you." The one who spoke was a middle-aged man wearing a set of black armor. He was leaning against a rock and drinking wine.

Chen Xiang walked over with great vigilance.

Amongst the four of them, one was middle-aged, one was an old man, and the other two were women. The other one was ice-cold, and was wearing a set of black tight clothes. Its figure was extremely hot, and when Chen Xiang walked over, he merely shot a cold glance at Chen Xiang.

"Kid, are you interested in joining our team?" The middle-aged man laughed: "I, Song Tianchuan, this old man is Qin Taiyu. Just call him Old Man Qin! That sweet little girl is Du Rouke, and the ice-cold one is Yu Yilan! "

"What about you?" Song Tianchuan asked.

"Chen Xiang!"

Chen Xiang didn't know what this small team was up to either.

Captain, this brat looks like a noob, and knows how he snuck into the World Defying Stage Soul River. Looking at his Qi, he probably just stepped into the Aoshi Holy Stage, is it appropriate for him to join our team? Qin Taiyu said.

"That's no problem. I think he's suitable. You should know that it's very difficult to find someone right now. So what if he's a noob?" Aren't we all from Nooblet? " Song Tianchuan laughed.

"This... Uncle Song, what's your team doing? " Chen Xiang asked.

"It's used to hunt Fury beast. You should know what Fury beast are, right?" Seeing Chen Xiang's expression, the sweet woman Du Rouke was a little surprised.

"I... I really don't know. " Chen Xiang was indeed not clear.

"It's the beasts transformed by the World Defying Stage Fierce Soul, they are very strong, and this kind of Fury beast knows how to eat and cultivate, once we kill one of them, we can exchange it for Myriad Tao Divine Soil Crystals." Song Tianchuan said.

"Then, where are you heading?" I'm going over there now! " Chen Xiang pointed in a direction, because the World Defying holy dragon was over there.

"We are also going there. There are Fury beast over there." Song Tianchuan laughed: "Join us. With the four of us here, you just need to stand at the side and watch. When the time comes, we will share some of the benefits with you."

"Alright, I'll join!" Song Tianchuan was already so passionate, Chen Xiang did not want to refuse. It would be safer to know a few things when being with them.

Song Tianchuan looked at the other three members.

"Whatever. Captain, if you say there's no problem, then there's no problem." Old Man Qin did not object.

"This little guy is quite handsome, quite simple and honest. It's not bad that he joined us." Du Rouke squinted her eyes like crescent moons, smiling sweetly.

Chen Xiang thought to himself, you little girl, how can you be any bigger than me, to actually call me a little fellow.

The cold-faced beauty with the voluptuous figure did not say anything. It could be said that she had tacitly agreed.

Until now, Yu Yilan still hadn't said a single word. Even though she didn't speak, she looked at Chen Xiang with a face full of disdain, which made Chen Xiang feel extremely unhappy.

"Child, how did you come to the World Defying Stage Soul River?" Du Rouke was extremely curious, and asked with a sweet and tender voice.

Call me child? I'm taller than you, bigger than you, you don't look much older! Chen Xiang was speechless.

Chen Xiang sighed helplessly. "He sold himself for fifteen years, helped people dig out fifteen years of stones before finally regaining his freedom."

Everyone secretly nodded because many people used this method to sell themselves to the Old Man Qin. Those days were indeed bitter, and it made him feel touched.

"Then what do you specialize in?" Du Rouke asked again.

"I'm good at... "Run." Chen Xiang thought about it and said.

[Chapter 3340](#)

This was indeed what Chen Xiang was best at. If he wasn't good at this, he would have died a long time ago.

Du Rouke laughed, "Stop messing around. Let me ask you, when you were fighting, which aspect did you specialize in?"

"Cheap Shot!" Chen Xiang said in all seriousness.

"So dirty!" Du Rouke suddenly thought that Chen Xiang was very interesting, "Other than sneak attacks? What other attacks are they good at? "

"Face smacking!" Chen Xiang said again, this was indeed something that he was very good at.

Du Rouke was startled, then laughed and asked.

"Where are your weapons?"

"Sword!" Chen Xiang said.

"Can you show me your sword?" The question that Du Rouke asked was also one that the group was more concerned about. After all, Chen Xiang was a new member, they wanted to get to the bottom of this matter with Chen Xiang.

Chen Xiang took out his Heavenly magic sword.

"He looks pretty ordinary!" Du Rouke laughed.

"Then can Sister Du give me a good one?" Chen Xiang scratched his head and laughed.

"Little fellow, you've just joined the party and you want to take advantage of big sister. Little Slick." Du Rouke chuckled: "I'll give it to you the next time I get something good!"

"Stingy." Chen Xiang muttered.

Du Rouke said snappily: "There really is nothing better than this sword in my hands Okay, next time if you get something good, I will give it to you. Be good. "Angry."

"Do you often steal things?" Chen Xiang asked.

"Occasionally, when we see a big fat sheep, we'll start eating." Du Rouke laughed with her sweet voice.

Chen Xiang was worried. So he had joined a bandit group, and the four of them were pretty strong, being in the middle stage of Aoshi Holy Stage, their cultivation was much higher than him.

"Let's go, let's hurry on our way. We have to get far away from World Defying Stage Soul River before nightfall." Song Tianchuan's face turned serious.

"Why? Aren't we very far from World Defying Stage Soul River now? " Chen Xiang did not understand.

"It's not far enough!" Song Tianchuan looked in the direction of the World Defying Stage Soul River: "When the sky turns dark, it will be time for the World Defying Stage Fierce Soul to come out and eat. You must have never seen such a scene before right?"

Chen Xiang shook his head.

"It's best not to see that kind of scene. It will scare you to the point of peeing." Qin Taiyu laughed, "There are trillions of World Defying Stage Fierce Soul besieging you, just imagine it. A single World Defying Stage Fierce Soul only needs to absorb a little bit of your power, and you will immediately be sucked dry."

"The World Defying Stage Fierce Soul above this World Defying Stage Soul River is very scary. As long as you get a little closer to them, they would be able to absorb the energy in your body. Although it is only a tiny bit, if you add up the countless World Defying Stage Fierce Soul, you are dead." Du Rouke said: "We should hurry up and leave. When the World Defying Stage Fierce Soul comes out, it should cover this area."

The top of World Defying Stage Soul River was not as beautiful as he had imagined. If not for the fact that these people told him this, he would still be walking leisurely around here.

On the way, they ran far away from World Defying Stage Soul River. When it was night time, they had already passed through several mountain forests. At this moment, they were standing on top of a tall mountain, looking towards the distant misty dawn.

A hazy glow covered a large area of the sky. That was the World Defying Stage Fierce Soul that came from the World Defying Stage Soul River, illuminating half of the sky.

"Entering at night is a nightmare." Qin Taiyu said, "A lot of people just came here and died without understanding it."

"If I jump into the World Defying Stage Soul River, what will happen?" Chen Xiang couldn't help but shiver because he had almost jumped into the World Defying Stage Soul River previously, so he wanted to take a look.

"Suicide!" Du Rouke only said two words.

"But... "Then how do we cross the river?" Chen Xiang took a deep breath. He almost committed suicide earlier, it was too dangerous.

"Across the river? What is on the other side of the river, no one knows. Song Tianchuan shook his head: "Many idiots were attracted by the mysterious other side, wanting to swim over, finally died in the river!"

Chen Xiang almost became this kind of idiot. Luckily he had to go find the World Defying holy dragon, otherwise, the World Defying holy dragon would have saved his life.

Normally, when they were searching for the World Defying Stage Fierce Soul, they would head to the World Defying Stage Soul River with their minds and hearts, thinking that it was very weak. However, when they arrived at the World Defying Stage Soul River with their real bodies, they realized just how terrifying it was.

This was only the Madness soul of the first layer of World Defying Stage Soul River!

After resting, they continued on their way. Chen Xiang found out that they were going to a place called the Heavenly River Mountain Range. There were many Fury beast there, and many of them were there.

At daybreak, they arrived at a small city outside the Heavenly River Mountain Range. There were many teams here, and they were all either preparing to enter the mountain or just came out.

"Oh, isn't this Song Tianchuan? After a few months of not seeing each other, your team has one more brat, huh? "It seems like he's just a rookie. You guys sure are terrible at messing around. In order to gather more members, you even brought rookies."

"Rou Ke is still as sweet as ever."

"Yu Yilan is still the same as before, not saying a word or even smiling."

Song Tianchuan and the others seemed to be rather famous. Walking on the streets of the small city, there were people who continuously greeted them or teased them a little.

Chen Xiang also felt that it was strange, he suspected that Yu Yilan did not know how to speak. It had been so long, but Yu Yilan had not even spoken a single word!

"Uncle Song, are you guys very strong? "Why are you so famous?" Chen Xiang asked curiously.

"Of course, we are the more famous Madness soul s that we have hunted before, the Dragon Horned Beast. Furthermore, we have been here for many years, so many people know us." Du Rouke said.

"So it's like that! What were you doing down by the river? So dangerous. " Chen Xiang asked.

"Isn't it just chasing after the Madness soul Golden Roc? I can't catch up! " Qin Taiyu sighed, "If we catch it and tame it, we might be able to take it to the other side to have a look."

The Madness soul Golden Roc was a beast that could fly!

Chen Xiang suddenly thought of his Red fire dragon, not knowing if he could fly here. If it was possible, he could go across the river to have a look.

"The Fury beast that can fly are all very strong, moreover they're all in the air, it's very difficult to catch them." Song Tianchuan said.

"Maybe these flying Fury beast would go to the other side of the river often, which is why they managed to obtain stronger strength from the other side." Du Rouke said.

"That's a possibility!" Song Tianchuan led the team and arrived at an inn to eat and drink.

Not long after Song Tianchuan and the rest sat down, a waiter ran over hurriedly.

"Grandpa Song, your enemy is here." The waiter said anxiously.

"Who?" Song Tianchuan asked anxiously: "We have a lot of enemies!"

"Five-tiger from Fierce Saber Race!" The words of the waiter silenced the entire inn.
