[Chapter 3341](#)

Chen Xiang didn't know who the Five-tiger from Fierce Saber Race was, but he could guess that they were the Fierce Saber Race. The Fierce Saber Race had enmity with him, but he never thought that Song Tianchuan's team also had connections with the Fierce Saber Race's people.

"Are they here?" Song Tianchuan asked.

"We're already in the city. Let's get ready." The waiter was a bit nervous. He was worried that if they started fighting later, the inn would be destroyed.

"Let's go out!" Song Tianchuan knew what the waiter was worried about, so he led the way out.

On the World Defying Stage Soul River, what everyone was most afraid of was a race like the Fierce Saber Race. They were very strong, controlling the passage to the World Defying Stage Soul River, controlling a large amount of resources, and were born with great power.

Although they were facing the Five-tiger from Fierce Saber Race, Song Tianchuan and the others were not afraid.

The Five-tiger from Fierce Saber Race was right outside, they were riding five gigantic black tigers, releasing Fierce Saber Race Qi from their bodies, Chen Xiang was not afraid of these guys, he had gotten along with many of the strong warriors of this race before.

"I'll give you guys a month's time. Hunting ten Madness soul and Black Tiger Beasts, and handing the Fury beast cores over to us, you can forget about the previous grudge. Otherwise, our Fierce Saber Race will initiate a hunting order against you." A middle-aged man riding a tiger said coldly, "After you get it, get to know this small city's Raging Blade Pavilion."

With that, Five-tiger from Fierce Saber Race rode away on his tiger.

"One of them is Aoshi Holy Stage. "Late stage!" Chen Xiang frowned, he secretly took a deep breath in. A middle-aged man at the late stage of Aoshi Holy Stage, this was a powerful force, and the Leader at Ancient Fire Divine Sect was a terrible old man.

He had long since heard that those who roamed the World Defying Stage Soul River s and Soul River Divine Race s were all very strong ones.

"Go, enter the mountain!" After Song Tianchuan finished speaking, he looked at Chen Xiang and said: "You don't have to go.

"How can that be? I also want to go in. I don't want any benefits, just going in to gain experience." From the dragon's scale, Chen Xiang knew that the World Defying holy dragon was over there, in the direction of the mountain range.

"Okay, then let's go in together." Song Tianchuan nodded his head, because this was a grudge between them and the Fierce Saber Race, and at that time, Chen Xiang had not joined in.

After leaving the small city and entering the mountain range, Chen Xiang asked: "Uncle Song, how did you end up with the Fierce Saber Race?"

Du Rouke said angrily: "This group of tyrannical people We didn't want to offend them at all, when we were killing a Madness soul and Black Tiger Beast, we coincidentally bumped into these guys, and they said that they found it first, and then after a dispute broke out, the Madness soul and Black Tiger ran away, and they just relied on us, and said that we caused their losses. "

"Then we started fighting. If we couldn't beat them, we ran, and then they went to look for us everywhere. At that time, we didn't even know that they were Fierce Saber Race's people."

"These guys are really overbearing. It's good enough that they can be killed." Chen Xiang said.

Hearing Chen Xiang's words, everyone looked at Chen Xiang in shock, even the cold and silent Yu Yilan had a face full of shock.

Because Chen Xiang actually had the thought of killing the Fierce Saber Race!

If the one who killed the Fierce Saber Race was someone who had an irreconcilable enmity with the Fierce Saber Race, he would be chased and hunted down by the Fierce Saber Race's Killing Order.

Chen Xiang had killed a lot of fellows from the Fierce Saber Race before, so he said it in a relaxed manner.

"Alright, let's hurry up and find the Madness soul and Black Tiger Beast." Chen Xiang immediately thought of something and said.

Chen Xiang had already seen the Madness soul and black tiger before, it was the black tiger riding the five middle-aged men from Fierce Saber Race.

And the wild Madness soul Black Tiger Beast was even stronger, so it was very difficult to kill. The last time the Five-tiger from Fierce Saber Race came, they let the Madness soul Black Tiger Beast escape.

Song Tianchuan and the others were very experienced with it. Not long after they entered the Heavenly River Mountain Range, they quickly discovered the whereabouts of the Madness soul and Black Tiger Beast.

After tracking for two days, they came to a flat ground. There were weeds at the edge of the flat ground, covering a cave.

"It's the Tiger's Cave!" Song Tianchuan's face turned serious: "From the Qi, there should only be one Madness soul and Black Tiger Beast inside."

"Yi Lan, you are the fastest. Go in and lure the black tiger out." Song Tianchuan said in a low voice: "Chen Xiang, hide yourself. If the situation is amiss, you can just run away, don't worry about us."

Chen Xiang nodded.

"Old Man Qin, dig a hole and hide on the ground.

"Rou Ke, gather your Berserker Lightning Holy Spirit and strike the tiger head at the right time! "After you lured the tiger out, Ilan, run around him and disturb his attention. I'm going to directly face the black tiger."

Song Tianchuan had made a battle plan. After everyone understood, they nodded and started to move.

Chen Xiang hid behind a rock in the distance and watched their actions. He never thought that a sweet and tender girl like Du Rouke would actually be able to grasp such a savage and violent power.

Yu Yilan, on the other hand, was the fastest and bravest, daring to enter the tiger cave alone.

Song Tianchuan held onto a giant axe and waited outside. No one knew when Old Man Qin went underground and waited for the right time to launch a sneak attack.

Roar!

A tiger's roar came out, a beautiful figure flew out, it was Yu Yilan.

"It's Tiger King!" When Yu Yilan came out, he shouted loudly in shock.

Chen Xiang finally heard her voice and became flustered.

"Tiger King, everyone be careful. Follow the plan." Song Tianchuan was also shocked, he held the black greataxe tightly.

A huge black figure jumped out, roaring as it pounced towards Song Tianchuan, its speed extremely fast.

At the same time that Song Tianchuan dodged, he swung his axe at the black tiger, causing it to miss his attack. Although the black tiger was huge in size, it was as nimble as a cat, jumping quickly and dodging Song Tianchuan's attack.

B000M!

Du Rouke who was accumulating the Berserk Thunder Saint Force saw the opportunity. When the black tiger dodged Song Tianchuan's axe, Du Rouke released a berserk lightning power.

Roar! Roar! Roar!

The black tiger's eyes sparkled like stars as it was being beaten. It was extremely angry and roared a few times.

Song Tianchuan raised his gigantic axe and rushed over, aimed straight at the black tiger's neck and chopped out a few pieces of red blood. The well-built Yu Yilan rushed over like a ghost, with his lance in hand, he pierced the black tiger's eyes.

At the same time, Old Man Qin who was hiding underground also came out from his hiding place. He was right below the black tiger's abdomen, his two sharp short blades shining with a cold light as they stabbed into the black tiger's abdomen.

B000M!

Du Rouke released another bolt of lightning, striking the tiger's head.

When the Black Tiger fell, everyone heaved a sigh of relief!

Chen Xiang could not help but exclaim. The four of them cooperated extremely well, capturing the powerful Madness soul and Black Tiger Beast in an instant.

"No, this guy isn't that weak. He's Tiger King!" Song Tianchuan said: "Tiger King's strength should be at the late stage of Aoshi Holy Stage, far surpassing ordinary humans. If the four of us join forces, it won't be that easy to take him down."

"Its claws are golden, it is indeed Tiger King." Old Man Qin frowned and said, "Could it be ... Could it be that this guy was injured, then what injured him? "

"Not good, the person who injured him must be nearby!" Song Tianchuan's face changed.

[Chapter 3342](#)

Chen Xiang was also surprised, he immediately became vigilant, there were even more powerful beings hidden around that could injure the Black Tiger King!

"What is it?" He was also very worried about Chen Xiang using the Counter Power to conceal himself. If it was right beside him, he would be in danger.

"Be careful, they're coming!" Song Tianchuan bellowed: "Small!"

Chen Xiang was terrified in his heart, because he could not see anything but Song Tianchuan noticed it.

"It's a monkey, a monkey that uses poison." Old Man Qin also saw it and shouted in shock, "Everyone be careful!"

Yu Yilan suddenly roared out, her body releasing a black mist, her beautiful body suddenly turned into a black mist, as a half human tall monkey passed through her body.

Chen Xiang's mouth was wide open, he thought that Yu Yilan had been killed!

"Ilan!" Du Rouke shouted, releasing a ray of lightning that struck the body of the monkey, but missed.

What made people feel at ease was that after Yu Yilan transformed into the black qi, she quickly recovered. Seems like she mastered a technique that could turn her body into black qi, and with that, she could avoid the monkey's attack.

After Monkey dodged Du Rouke's lightning strikes, he quickly ran into a forest. However, he did not leave and waited for the chance to attack.

"This guy ..." It should be the legendary Mad God Poison monkey, whose claws are highly toxic. " The Old Man Qin frowned and said: "Lan Xi. This thing's speed is very fast. When it's told to move, it's difficult to catch traces of it. "

Chen Xiang had never been able to see the monkey since he was young. Now that he was using Counter Power's concealment, he was more at ease. If the monkey were to attack him, he would be in big trouble.

"How strong is he?" Du Rouke asked.

"Not very strong. Fast. His claws are poisonous. This is enough for him to kill many people that are stronger than him." The Old Man Qin said: "This Tiger King has already been poisoned. When the time comes, he will die inside the cave. At that time, the Poison monkey will be able to enjoy every meal. It's just that he did not expect us to come here."

"We have to be careful." Du Rouke looked around, and then carefully walked towards Chen Xiang, because she knew Chen Xiang was hiding there.

They suddenly thought of Chen Xiang, he was much weaker than them, if they were ambushed by the Poison monkey, it would be difficult for them to defend.

"Don't come over, I'm safe here." Chen Xiang told Du Rouke: "Just be careful."

Du Rouke heaved a sigh of relief and returned to the side of Tiger King's corpse. They needed to kill the Poison monkey, otherwise they would be secretly followed by the Poison monkey.

Suddenly, a weak sound came out from the forest. Chen Xiang could finally catch a trace of the Poison monkey, he could barely see a few afterimages.

"I used the Dao heart Eye to look around, I almost forgot!" Chen Xiang immediately activated his Dao heart Eye, and quickly saw three red shadows.

This familiar red shadow shocked him because the Counter Power he was using was exactly the same. In other words, the three Poison monkey were all invisible now.

"There are three monkeys!" Chen Xiang anxiously transmitted to Du Rouke.

When Du Rouke heard it, he was also very surprised: "Are you sure?"

"Sure, you guys be careful!" Chen Xiang said: "Let me try to see if I can use something to lure out these three monkeys. I don't know if these three monkeys found him, because the Counter Power he uses is similar to the power of the Poison monkey."

Chen Xiang released a few Heaven devouring rats and entered the forest, rushing towards the three rats. At the same time, he sent a sound transmission to Du Rouke and the others, telling them to pay attention to the big rats.

Song Tianchuan and the others all knew that it was Chen Xiang who had released the big mouse.

"He's making his move!" Seeing that the three Poison monkey had suddenly moved, Chen Xiang quickly replied.

Du Rouke's control over the lightning had already reached the peak, so he instantly released five lightning bolts that struck the five big rats. This was because the three Poison monkey were attacking the mice separately.

B000M!

As the five bolts of lightning struck down, all three Poison monkey were struck. However, they were not severely injured, and with a scream, they flew into the forest.

"Still in there?" Du Rouke asked.

"No, but they must be angry." Chen Xiang said, "Let's leave this place quickly."

After the Poison monkey left, Song Tianchuan kept Tiger King's corpse and was about to leave, when a black shadow suddenly scuttled over. It was actually a Black ape that was as tall as two people.

The Black ape flashed across the sky and knocked Song Tianchuan flying with a palm. Du Rouke had always been accumulating the power of berserk thunder, so even though the appearance of the Black ape shocked her, she still calmly released a bolt of berserk lightning.

The lightning struck the Black ape's head, causing it to howl in anger. It seemed like it did not receive any damage.

Yu Yilan rushed over from afar and with the help of her extremely fast speed, she used the spear in her hand to stab into the Black ape's back. However, she was only able to stab a little bit, and was unable to penetrate the Black ape's body.

"What the hell is this?" Chen Xiang watched in shock from afar.

After Song Tianchuan was sent flying, although he was slightly injured, he could still continue to fight. He held his gigantic axe and rushed forward, fiercely slashing at the Black ape, dodging and constantly slashing.

Yu Yilan pulled out the long spear. It turned out that the Black ape was waiting for the chance to attack again.

The scariest part of Black ape was that the skin on its body was very thick and tough. Just now, Yu Yilan's long spear had only been able to pierce half of the spear's head, and the Black ape had not even lost any blood, nor did it feel any pain.

Although Song Tianchuan's axe could hit the Black ape several times, it was only able to crack open a tiny bit of that thick black skin, and was not able to injure the Black ape at all.

The Black ape's strength was very strong. It waved its two long arms, and like two giant hammers wildly dancing in the air, Song Tianchuan was hit multiple times.

"Hey, don't you guys have any good God Equipment?" Chen Xiang asked, he felt that if it was a divine weapon refined from Crystal emperor, it would definitely be able to kill this Black ape.

Chen Xiang was about to take action, but right at that moment, he saw three black figures suddenly appear from the Dao heart Eye, and their target was Yu Yilan!

"Danger!" Chen Xiang used his strongest strength to teleport to Yu Yilan's side. Then, he took out the Tianchuang furnace and opened the lid, allowing the three Poison monkey s that were flying over to enter the Tianchuang furnace. Then, he hastily closed the lid.

Just now, everyone saw that the three monkeys wanted to come out of the Tianchuang furnace s, but they were repelled by Chen Xiang.

"Thank you!" Yu Yilan also knew what had happened. If Chen Xiang had not come over, she would have lost her life. Those three Poison monkey s were extremely terrifying.

"There's no need to be polite, I'm a member of the team after all." Chen Xiang smiled and said. He then kept the Tianchuang furnace and when he had time, he would take care of the three Poison monkey.

[Chapter 3343](#)

Chen Xiang did not say it, but everyone had almost forgotten that he was a member of the party. When he suddenly appeared, everyone was shocked, how could he be so fast?

"I'm a bit tired, I'll hide at the side first." Chen Xiang said, with that teleportation previously, 80% of his power was absorbed.

Song Tianchuan was still fighting with the Black ape.

"Everyone attack together!" Song Tianchuan roared.

Du Rouke took out a long Purple Lightning Divine Whip and whipped the Black ape on its head.

The Black ape was extremely angry after being hit on the head. It grabbed the Purple Lightning Divine Whip and dragged Du Rouke along with it as he flew towards the Black ape.

Yu Yilan anxiously jumped over and hugged Du Rouke, not allowing him to fly towards the Black ape, otherwise, he would be bitten by the Black ape.

Old Man Qin who had not made a move all this time finally made his move. Two short blades pierced into the Black ape's arms and ate them very deeply, causing the Black ape to roar as both of its arms shook, sending the Old Man Qin flying.

Song Tianchuan seized the opportunity, brandished the gigantic axe, and slashed at the Black ape's chest with great force, and also emitted a burst of white light. No one knew what kind of power it was, but the gigantic axe became even sharper, and left a deep gash on the Black ape's chest.

Du Rouke swung the Purple Lightning Divine Whip in his hands, coiled it around the Black ape's neck and pulled forcefully at it. The Black ape was suddenly on the ground and Song Tianchuan wielded his giant axe as he chopped at the Black ape's neck, and was about to succeed. But the Black ape started to flip frantically and struggle free from Du Rouke's Purple Lightning Divine Whip, causing Song Tianchuan to be struck hard onto the ground and sent flying.

"He's gone mad. Hurry up and finish him, or we'll leave!" Song Tianchuan, who was sent flying, shouted. At this moment, blood was trickling down from the corner of his mouth, and his injuries were severe.

"Explode!" Old Man Qin's face was filled with pain as he roared. His two short blades on the Black ape's body exploded, injuring it greatly.

Yu Yilan jumped very high, diving down from the sky and thrusting his spear into the Black ape's back. This time, he stabbed very deeply.

BOOM!

Du Rouke saw that after Yu Yilan pulled out the spear and jumped, he released a ray of lightning that struck the Black ape's wound.

Roar!

The Black ape was hit, it roared, its eyes were red, its body released waves of black Qi!

The Black ape was still able to stand up. At the moment, everyone had used up a lot of energy, so if they continued to fight, they would not have enough strength to go back.

"Captain, it's up to you!" Du Rouke used the Purple Lightning Divine Whip to trap the Black ape and shouted to the distant Song Tianchuan.

The Black ape struggled fiercely, as if it could break free from the Purple Lightning Divine Whip at any time.

"Faster!" Du Rouke did not know how long he could hold on, and shouted at Song Tianchuan.

Song Tianchuan lied in the distance and slowly stood up. He seemed to be severely injured.

Just as everyone was focused on him, Chen Xiang suddenly rushed out, and slashed at the Black ape's neck, as though he was cutting through wood. It was extremely easy!

The head of the Black ape rolled down, and its body fell onto the ground. Everyone looked at the Heavenly magic sword in Chen Xiang's hand in shock!

Being able to easily break through the Black ape's defense, that was a very powerful divine tool, but Du Rouke had seen Chen Xiang's sword before, and she did not see anything about it, but she did not expect that it was actually that powerful. Just now, they clearly sensed that Chen Xiang did not use any kind of Everlasting Saint Force, which was even more proof of the sharpness of his sword.

"Why are so many powerful objects appearing one after another?" Chen Xiang sighed.

It used to be three Poison monkey, but now this one popped out.

The Old Man Qin had already helped Song Tianchuan up and fed him a medicinal pellet to heal his injuries.

"This mountain range is like this to begin with. There are a large number of different powerful Fury beast coming and going, and Fury beast can become stronger by eating Fury beast. If they meet a human, the Fury beast will also attack." Song Tianchuan said.

Du Rouke laughed, "Chen Xiang, you really have hidden your strength. With such a powerful set of equipment, what exactly is your background?"

"What kind of background do I have?" Chen Xiang curled his lips.

"Hmph, it's fine if you don't want to say it!" Du Rouke pouted.

Old Man Qin laughed, "This time, without Chen Xiang, we are in deep trouble!"

If Chen Xiang had not taken care of those three monkeys, Yu Yilan would have been poisoned, and the three monkeys would have continued to attack them. In the end, they would have been the biggest victor when they attacked the Black ape. Song Tianchuan and the others felt fear just thinking about it.

However... Now he was captured alive by Chen Xiang!

Right now, everyone was leaving this place in a hurry. The fighting here was very loud, they would definitely alert the Fury beast in the distance. The powerful Fury beast would definitely come over.

"One Tiger King against ten ordinary Madness soul and Black Tiger Beasts." Song Tianchuan replied: "I just don't know if Five-tiger from Fierce Saber Race is willing."

"Most likely, they will not agree. They will even consider your Tiger King as their leader." Chen Xiang snorted, he knew Fierce Saber Race and his group the best.

Everyone was silent. Fierce Saber Race was originally that unreasonable, so there was definitely such a possibility.

"Next up, we have to continue hunting the Madness soul and black tiger beasts." The Old Man Qin sighed.

"How about this, we sell Tiger King and Black ape, then secretly acquire the Madness soul and Black Tiger Beast." Chen Xiang said: "Leave this matter to me. You do not need to appear, I naturally do not doubt you."

"It's not too good here. The Madness soul, Black Tiger Beast, is not easy to buy, even though there are quite a few of them..." Song Tianchuan said.

"Once the Madness soul and black tiger beasts are here, they would be bought by the Fierce Saber Race. Their main goal was to feed their mounts, which would make their mounts even more powerful." Old Man Qin said, "If someone is fighting with them over the purchase, they will definitely be very angry."

"Fierce Saber Race is truly overbearing." Chen Xiang cursed.

"After we rest, we can continue to look for the black tiger." Song Tianchuan said.

After resting, everyone regained their spirit. They were currently in the outer region of the Heavenly River Mountain Range, which could be considered relatively safe. If they were to enter the depths, it would be extremely dangerous.

In the morning, everyone once again entered the Heavenly River Mountain Range to search for the Black Tiger.

"There's the aura of a black tiger!" Song Tianchuan said in pleasant surprise, and then rushed off in a different direction.

Everyone followed him. After they passed there, their expressions changed because the black tiger they encountered was the Five-tiger from Fierce Saber Race!

"It's actually these five guys." Chen Xiang hid in the distance. This was what everyone had asked him to do; once he encountered a Fury beast, he would hide a little further away.

The Five-tiger from Fierce Saber Race was actually here as well. He didn't know what they were doing, but whenever he met them, he would usually take a detour around them.

When Song Tianchuan saw the five mounts, he felt a burst of disappointment before he turned around.

"It's all of you!" With a few whooshing sounds, the five men from Fierce Saber Race appeared. No one knew where they went and why they left the five mounts behind.

[Chapter 3344](#)

Seeing them ask that, Song Tianchuan had a bad premonition.

"We were hunting the black tiger and followed its aura to come here. I didn't expect it to be you guys, sorry for disturbing." Song Tianchuan cupped his hands and said.

"So that's how it is. We thought that you wanted to kill our mounts. Then, let's hurry up and leave." The middle-aged leader said.

Song Tianchuan heaved a sigh of relief, then quickly left.

Chen Xiang also followed them, but he was very suspicious about that as well, so he released more than ten Heaven devouring rats. He made the Heaven devouring rats small, making them wander around the area.

After distancing himself from that area, Chen Xiang asked in a low voice, "What do you think they are doing there?"

Song Tianchuan turned around to look and said: "There's nothing special about that place. It's just a very ordinary forest!"

Everyone was extremely puzzled because when they went over, the five black tigers were there. And when they just got there, the five men from Fierce Saber Race had already returned.

Chen Xiang had already released ten Heaven devouring rats to investigate, and one of them was looking at the five black tigers.

He noticed that not long after they left, the five middle-aged men quickly jumped off the tiger's back and walked towards five different directions before hiding themselves on top of a large tree. They had concealed themselves extremely well.

When Chen Xiang saw this scene, he was even more shocked.

These five people from the Fierce Saber Race were obviously waiting for something to come as if they were lying in ambush.

"Wait, I found something!" Chen Xiang could not be too far away from the Heaven devouring rat, otherwise he would not be able to see through it.

Everyone was curious.

"What did you find?" Du Rouke asked.

"Do you remember the big rat? I can see what these rats saw. I just left a few there." Chen Xiang said in a low voice: "Let's hide now, I'll tell you what I found out later."

Everyone was very interested in this, they never expected Chen Xiang to have so many tricks up his sleeve, he actually had such a powerful skill.

After Chen Xiang and the others hid themselves, he told them what he discovered.

After Song Tianchuan and the others finished listening, their faces were immediately filled with anger, Chen Xiang did not know what they were angry about!

"Hey, what's going on? Do you know what they're doing? " Chen Xiang asked anxiously.

"These bastards are feeding their mounts." Song Tianchuan snorted: "There's already a rule that we can't let these tamed Fury beast eat everyone, but Five-tiger from Fierce Saber Race has obviously already done that."

Chen Xiang immediately understood that the reason the Five-tiger from Fierce Saber Race had placed the five black tigers there and released their auras was to lure some people over, to kill them and then let the black tiger eat them.

On one hand, they weren't sure if they could kill Song Tianchuan and the other two. On the other hand, Song Tianchuan had promised to kill ten Black Tigers.

"Someone is going over!" Chen Xiang suddenly shouted: "It's a small team, there's a total of six of you, your strength should be average."

"Hurry up and tell these people!" Song Tianchuan said: "Do you have a way?"

The reason why Song Tianchuan could get to know those people in the small city outside was mainly because of his good character. He could help out anyone he could, but over the years, his team of hunting beasts had also helped quite a few small teams in distress.

Chen Xiang immediately ordered a Heaven devouring rat to send a sound transmission to the party members, telling them that the Five-tiger from Fierce Saber Race had set a trap for them and told them to leave quickly.

The teams that had entered the Heavenly River Mountain Range were all very experienced. After hearing someone warn them, they immediately understood what was going on. They just found it strange that someone was the one who was warning them.

They had indeed discovered the aura of the black tiger, and it was five of them at that. Although they were suspicious of the warning, they still left because the five black tigers were not something they could deal with.

Just as they walked a few steps, five black figures suddenly rushed out from the forest. Sword lights and sword shadows.

"Five-tiger from Fierce Saber Race is indeed powerful." Chen Xiang was shocked and he could not help but say. At this time, five black tigers came out of the forest and started to gnaw on the corpse of the small team.

These small teams were all from the Aoshi Holy Stage, so if they were eaten by the Fury beast, the results would be pretty good. In order to make their own mounts even more powerful, the Five-tiger from Fierce Saber Race broke the rules and did such a thing.

When Chen Xiang told everyone what he had just seen, everyone was very angry.

"These five guys are truly insane." Song Tianchuan said angrily: "However, we are going to hunt ten black tigers for them right now."

Through the Heaven devouring rat, Chen Xiang heard a few people talking.

"Just now, Song Tianchuan and the rest were here, they would definitely be suspicious." The leading middle-aged man said, "They should still be nearby. Let's go and clean them up. Eating a few of them is not bad. Their team's overall strength is very strong. They are high quality rations."

"Let's hurry up and go!" Chen Xiang told everyone what he heard.

Song Tianchuan immediately brought everyone and started running. There were late stage Aoshi Holy Stage and five strong black tigers among the Five-tiger from Fierce Saber Race.

At the back, the Five-tiger from Fierce Saber Race had already begun to tell them that the Black Tiger was able to track them based on the aura coming from the ground.

At this time, Chen Xiang had no choice but to take out the Six Realms mirrors and let everyone enter. After that, he controlled the Six Realms mirrors to roll around in the Heavenly River Mountain Range, and very quickly, he created some distance between them and the Five-tiger from Fierce Saber Race.

"Now we don't need to hunt ten black tigers for them." Song Tianchuan said.

"They want to silence us, so even if we return to the city, they will give the order to kill us." The Old Man Qin said: "Once the order is given, all sorts of assassins from Fierce Saber Race will come. We definitely won't be able to stop them and then, we'll just have to hide."

"What should we do?" Du Rouke said.

"Kill them." Yu Yilan said coldly.

Yu Yilan's meaning was to kill Five-tiger from Fierce Saber Race!

Everyone would be safe in Chen Xiang's Six Realms mirrors for the time being, but since the Five-tiger from Fierce Saber Race couldn't find them, they would definitely give the order to kill.

"Let me try and see if I can subdue those three Poison monkey!" Chen Xiang suddenly said: "If we can succeed, we might have a huge chance of winning!"

Only then did everyone remember that Chen Xiang's cauldron had three Poison monkey locked inside!

If they could succeed, the Poison monkey would be able to fight against the five black tigers while they were fighting against the Five-tiger from Fierce Saber Race.

"Fine, give the Fury beast cores of Tiger King and Black ape to the monkeys to eat." Song Tianchuan said, then looked at the others.

If Chen Xiang could successfully tame those three monkeys, then it would be even easier for them to hunt beasts in the future.

[Chapter 3345](#)

The main way to tame Fury beast was to feed them.

In this Heavenly River Mountain Range, Fury beast would have to take risks to kill other Fury beast. They could only become stronger after eating other Fury beast.

Normally, only large powers could afford to raise Fury beast. This was because Fury beast's appetite was extremely astonishing, especially when they first had to tame it, they would need to give them food all day.

"We only have Tiger King and that Black ape, we don't know if it's enough!" Du Rouke was a little worried.

"It should be enough, you have to know, that Black ape is much stronger than Tiger King. If Chen Xiang didn't have a powerful godly weapon that could easily cut off the head of the Black ape, we would not have been able to succeed." Old Man Qin said, they have all experienced the thick skin of Black ape.

Chen Xiang took out the Tianchuang furnace, but the Tianchuang furnace's lid was tightly closed, so Chen Xiang did not dare open it. Otherwise, the monkey inside would run out, and he could only use the storage method to put in the Tiger King's corpse.

The three Poison monkey were already very irritable to begin with, so they jumped up and down from the inside. It wasn't until Chen Xiang threw Tiger King inside that the monkeys calmed down.

"Will it work?" asked. Previously, he had also tried to tame the Fury beast but failed.

"I don't know. Let's hope it succeeds." Chen Xiang did not have any confidence now. He had just put Tiger King's corpse in and not long ago, the corpse was already reduced by half. Even though the three monkeys were very small, their eating speed was extremely fast.

"They have already eaten all their bodies, not even their bones are left. Right now, only the Fury beast core is left uneaten." Chen Xiang said: "He is surrounding the Fury beast core, he should be absorbing the Fury beast's power inside."

"The appetite of these Fury beast s are very big. I had previously wanted to subdue a leopard, but to no avail. I also lost several Madness soul and wild boar." Song Tianchuan said: "It's really like stealing a chicken but not eating it."

Song Tianchuan and the others did not care about the losses of Tiger King and Black ape at the moment. They only hoped that Chen Xiang could succeed so that they could kill the Five-tiger from Fierce Saber Race here.

"With a big appetite, you can eat as fast as you want! I really don't know how long these three rascals had been hungry, like reincarnations of hungry ghosts, and all of a sudden, they ate up Tiger King's flesh and bones. Even the Beast core were completely absorbed by them. "

Hearing Chen Xiang's description, Du Rouke couldn't help but exclaim: "It's only been less than an hour, their digesting ability is really strong, hurry up and feed the black panther too!"

Chen Xiang shook his head and said: "Black Panther is indeed much stronger than Tiger King, but I estimate that it won't last more than two hours before these three monkeys eat it.

"What method?" Song Tianchuan was extremely curious;

"I am a Alchemist, I still have some pills on hand, I don't know if these monkeys are interested or not." Chen Xiang grinned: "If it's successful, it's much better than feeding the Fury beast. It's not easy to hunt the Fury beast."

Chen Xiang was actually a Alchemist. Everyone was shocked, Chen Xiang's strength was not weak, and he even had several good divine tools.

Chen Xiang took out a few Myriad Tao Divine Soil Pills and threw them into the Tianchuang furnace s. These pills were all condensed out by them before, and there were still a lot of them, so even Mei Jing Sisters wouldn't be able to use them right now.

The Myriad Tao Divine Soil pills condensed by the pill spirit were of excellent quality and were relatively rare on the market.

What surprised Chen Xiang the most was that the three Poison monkey seemed to like the Myriad Tao Divine Soil Pellet a lot. After eating it, they kept licking their little claws and he added more of them.

After letting it go three times, he put in three more Aohun holy Dan and ate them. After that, the three monkeys chirped excitedly.

"If the three of you are willing to submit to me, then I have these pills in the future." Chen Xiang's voice sounded from within the Tianchuang furnace. He did not know if these monkeys could understand.

Just now, Song Tianchuan had also said that if it was successful, the Fury beast would release three soul threads on its own. As long as these three soul strands were kept, the Fury beast would be able to subdue them.

Chen Xiang waited for a while. When he was a little impatient, he suddenly saw that a light red thread had appeared on top of each of the three Poison monkey's heads.

Very quickly, he established a connection with the three monkeys.

"Haha, it's a success!" Chen Xiang suddenly laughed happily.

Song Tianchuan was the most shocked. Because he himself had once tried to tame Fury beast, he knew how difficult this was.

"This... Is this true? "Great!" Song Tianchuan still found it hard to believe.

Chen Xiang opened the cover of the Tianchuang furnace, allowing the three monkeys to come out.

Everyone jumped back when they saw the monkey, worried that they would be caught, because the monkey's claws were highly toxic, they saw the monkey obediently squatting there. They heaved a sigh of relief and revealed a look of joy, Chen Xiang had really succeeded.

"Let's go find Five-tiger from Fierce Saber Race." Chen Xiang laughed: "Now, we have much more confidence to deal with these five guys."

The strength of the three Poison monkey were not very strong, but they were extremely fast. Furthermore, their concealing ability was extremely strong, their claws were extremely sharp, and they even carried poison.

Chen Xiang let the three monkeys stay inside the Six Realms mirrors, then he returned back the way they came from and went to find the Five-tiger from Fierce Saber Race. In order to find them quickly, he even released the Heaven devouring rat.

"We found them, but they haven't found us yet." Chen Xiang suddenly said softly. Through the Heaven devouring rat, he saw Five-tiger from Fierce Saber Race resting under a big tree. The moment they stepped out of the forest, they would be able to see the big tree in front of them.

"Make a plan." Song Tianchuan said.

Everyone was looking at him, because he was the captain and had a lot of experience.

"The four of us will leave first, Chen Xiang will stay here!" Song Tianchuan said: "If there is a conflict, Chen Xiang, immediately release the monkey and let the monkey scratch the five black tigers. After catching them, tell the monkey to retreat.

Chen Xiang's mission was difficult, because the key to success or failure lay with the three Poison monkey!

"Alright!" Chen Xiang nodded.

"Yi Lan, you're the fastest, do you think you can lure away the two Raging Blade Masters and let me deal with the strongest one! Rou Ke and Old Man Qin will take on one each. " Song Tianchuan said: "As long as we can hold on for a moment, if Chen Xiang does not succeed, we will have to use all our power to retreat."

[Chapter 3346](#)

At this moment, everyone was extremely nervous, because they wanted to surround and kill the mighty Five-tiger from Fierce Saber Race, who had been famous for a long time. That was a small team that was quite famous in the Fierce Saber Race, although it was not the strongest team, but to dare kill them would without a doubt, be equivalent to declaring war against the Fierce Saber Race.

"Alright, we will definitely succeed." Du Rouke changed her usual sweet and serious expression.

Song Tianchuan looked at Chen Xiang and said: "Brother, it's all up to you!"

"I will definitely not let you down." Chen Xiang had a better understanding of those three Poison monkey, and knew that they would be able to succeed. Even someone as strong as Tiger King would be poisoned by the attacks of the three monkey, let alone the three black tigers that still needed to be fed.

The captive Fury beast were often not as savage as they were in the wild. Normally, their master would not be willing to let them go out and fight.

"Yi Lan, you have to think of a way to lure away two Raging Blade Masters. Your mission is also very difficult." Song Tianchuan said to Yu Yilan.

Yu Yilan still did not speak much, and only nodded. The originally cold her now had a serious expression, and she looked even colder.

"Alright, it's settled. Let's go!" Song Tianchuan clenched his fists tightly, his heart heavy. Then, he walked out of the forest with large strides, towards the big tree.

Five-tiger from Fierce Saber Race had been looking for Song Tianchuan and the others, but he did not expect them to actually come out, which surprised them greatly. However, they did not go over immediately, but waited for Song Tianchuan and the others to come over.

"You killed 10 black tigers and gave them to us?" The leader of the Five-tiger from Fierce Saber Race asked.

"No, not a single one!" Song Tianchuan said calmly.

The leader was infuriated as he sneered, "Then what are you all here for? are you here to die? "

"We killed one Black ape, this kind of powerful Black ape is rare here, I think one Black ape is equivalent to ten black tigers." After Song Tianchuan finished speaking, he took out the Black ape that had its head cut off.

Originally, Chen Xiang had used it to tame three Poison monkey, but after he successfully used the pill, he didn't use this Black ape, so he gave it back to Song Tianchuan.

Seeing the corpse of the Black ape, the Five-tiger from Fierce Saber Race leader's eyes lit up, but he said coldly: "What lousy Black ape, not even a Black Tiger is comparable, are you trying to tease us? "You're courting death!"

Before, Five-tiger from Fierce Saber Race was worried that Song Tianchuan suspected that they had been feeding the black tiger human, and had already had the intent to kill Song Tianchuan and the others, searching for them. Now that Song Tianchuan and the others suddenly appeared and brought a pretty good Black ape back, it made them even more determined to take action.

Previously, they had felt somewhat regretful that they were unable to obtain Song Tianchuan's ten black tigers, but the regret had now been replaced because Song Tianchuan had given them a pretty good Black ape.

As soon as he said those two words, Yu Yilan had already left his original place and instantly appeared beside the two Raging Blade Masters. He struck out with his jade palms at the same time, ruthlessly slapping the two big men's fierce-looking faces, causing thunderous sounds to erupt out.

These two slaps of Yu Yilan's were really heavy and beautiful, Chen Xiang nearly clapped from afar when he saw this.

Although the two burly middle-aged men who were beaten were from Fierce Saber Race, they were still only from Aoshi Holy Stage's middle stages. Yu Yilan was also from Aoshi Holy Stage's middle stages.

The two big men were so furious that they wanted to eat Yu Yilan alive. Their arms then turned into two huge blades that slashed at Yu Yilan.

Yu Yilan was the fastest and most agile out of the group. Even though she could avoid them in time, a strand of her hair was still cut off, which was extremely dangerous. She had also successfully lured away two Raging Blade Masters.

At the same time, Song Tianchuan's gigantic axe had already struck at the leader. With the Purple Lightning Divine Whip in one hand and lightning in the other, Du Rouke attacked one of the Raging Blade Master.

Old Man Qin had lost two of his best weapons, so it was more difficult for him to fight against one of the Raging Blade Master.

When the people of Fierce Saber Race fought, both of their arms would turn into sharp blades, and when they used them, their feet would also instantly turn into blades to attack, which was extremely dangerous.

What made Chen Xiang's scalp tingle was that the leader of the group had a long tongue, like a whip, shooting out its tongue at Song Tianchuan from time to time. If not for Song Tianchuan's experience, the tip of his tongue would have turned into a sharp knife and stabbed at Song Tianchuan.

Chen Xiang had already allowed the three Poison monkey to pass, but the Poison monkey had already hidden itself, so it was difficult to discover them. It slowly moved towards the five black tigers that were ready to attack at any moment.

"You guys are truly bold. Don't you know that this is courting death?" He thought that they would definitely win. The other party only had four people, and not a single one was in the late stage of Aoshi Holy Stage. They were simply not their match, and they even made five strong black tigers stay.

When the three Poison monkey s were still a distance away from the black tiger, Chen Xiang communicated mentally with them and then used the power of space to send the three Poison monkey s over to the three black tiger's heads.

After the three Poison monkey s appeared above the three black tigers, they swooped down and stabbed their sharp claws into the heads of the three tigers.

Seeing that the Poison monkey had succeeded, Chen Xiang used his spatial energy and sent two of the Poison monkey to the remaining two black tigers' heads.

The Poison monkey released its power. Its pair of sharp claws instantly pierced out dozens of times, turning the tiger's head into a hornet's nest.

The black tiger was huge in size, and the poison had only started to attack its brain and spread throughout its body.

"I did it!" Chen Xiang anxiously transmitted to Song Tianchuan.

Then, he told a Poison monkey to go to Yu Yilan's side to help him out.

The Poison monkey was still hiding at this moment, making it difficult to find them. Furthermore, it had been teleported by Chen Xiang, so the Poison monkey went over and very smoothly laid on the back of a Raging Blade Master.

The other two Poison monkey s had already appeared behind the leader. The Poison monkey was extremely nimble, and was teleported through Chen Xiang using the power of space, it immediately flew over and pierced towards the leader's body.

"It worked! It went so smoothly!" Chen Xiang never thought that he would be so successful. This was mainly due to him using the power of space.

If it was him teleporting by himself, then using Spatial Force would consume a lot of energy. Because he already had a huge amount of energy, teleporting consumed a lot of energy, but the Poison monkey was small in size and did not have a strong energy source. Even if he used Spatial Force, it would not consume too much energy.

"There's a sneak attack, I've been poisoned!" A Raging Blade Master who was chasing after Yu Yilan shouted in shock, "The black tiger also fell, what on earth is that thing!?"

"Song Tianchuan, you have guts. To actually raise such a poisonous substance, the various forces in World Defying Stage Soul River will never forgive you." The leader was both jealous and angry. He could also feel that something had poked him a few times. Although it was not painful, a large amount of poison was injected into his body.

Chapter 3347

Although many powers would chase after and kill such a poisonous substance, the Five-tiger from Fierce Saber Race wanted to get it very much. It was simply a treasure. "Hmph, do you think you can leave here alive?" Song Tianchuan was very confident at this moment, because he had already gotten the Poison monkey and the five black tigers were already dead.

Chen Xiang then controlled three Poison monkey to deal with the other Raging Blade Masters, and they all succeeded very smoothly.

Poison monkeys were not strong, but their speed was fast and their concealment was good. They were naturally good at sneak attacks, and the moment they were poisoned by their poison, the consequences would be severe.

After Du Rouke used the Purple Lightning Divine Whip to trap one of the Raging Blade Master, he continued to release berserk lightning strikes, continuously striking the Raging Blade Master.

After Du Rouke succeeded, he immediately dashed over to the Old Man Qin's side and wrapped the Purple Lightning Divine Whip around the neck of the wild swordsman who was fighting against the Old Man Qin. That wild swordsman was poisoned, and his strength was weakening bit by bit.

Even if the Raging Blade Master was not poisoned, he had no chance of winning two against one. Although they were Fierce Saber Race's people, a Aoshi Holy Stage like Du Rouke and the others, who hunted beasts all year round, would still be very strong.

Old Man Qin saw that Du Rouke was entangled with the other party, so he held onto the two long blades in his hands, and at the same time parrying the dual wield blade, he moved to the other party's side.

B000M!

Du Rouke controlled the lightning to strike down, and the thunder clap directly cut off the Raging Blade Master's arm. The Old Man Qin also approached at this time, and with a slash of his blade, he and Du Rouke quickly rushed towards Yu Yilan.

They fought three against two, and the two Raging Blade Masters were even poisoned. After a few rounds, they were killed, and then they worked together to deal with the leader.

Their five black tigers fell and four of their members were killed, leaving only him behind. Although he had the strength of a late stage Aoshi Holy Stage, he was poisoned and was unable to unleash his strength.

"Aren't you afraid of being avenged by the Fierce Saber Race?!" The leader roared ferociously.

"So what? It doesn't matter if we kill you or not, our fate is always to be hunted, right? It's all because of you people." Song Tianchuan sneered, and cut off the opponent's arm that had turned into a blade.

Du Rouke's lightning strikes landed on the leader and made him tremble. Yu Yilan's spear left his hand and shot out through his abdomen. Song Tianchuan bellowed and used his axe to kill the leader.

Everything happened very quickly, and what made them feel inconceivable was that the Five-tiger from Fierce Saber Race did not fully unleash his strength. The tempo of the battle was controlled by them, and before he could fully unleash his power, he was killed by them.

"Very successful!" Chen Xiang walked over with a grin.

Everyone looked at the corpses around them, unable to believe it, they had really killed the famous Five-tiger from Fierce Saber Race!

They knew clearly that this was mainly due to the contributions of the three Poison monkey and Chen Xiang. Otherwise, they wouldn't even dare to think about matters of a professional nature.

"Give these corpses to the three monkeys." The Old Man Qin laughed.

The three Poison monkey snorted with disdain.

"Alright, their tastes are becoming more and more interesting. They aren't used to eating things like this anymore." Chen Xiang laughed and kept the Poison monkey.

"Clean up the scene, hurry up and leave." Song Tianchuan saw a commotion from afar and anxiously said.

Everyone quickly cleaned up the area and left.

The Five-tiger from Fierce Saber Race being killed was a very big deal. The Raging Blade Masters who were able to come here were all very strong, all of them were elites within the Fierce Saber Race. However, five of them died in an instant, including the five black tigers!

Only five late stage Aoshi Holy Stage s or old men at the peak of the Aoshi Holy Stage would be able to accomplish this. Otherwise, one of the five Raging Blade Masters would have definitely escaped.

Fierce Saber Race already knew about this. When the life orb of the Five-tiger from Fierce Saber Race shattered, it shook all the Raging Blade Masters on top of World Defying Stage Soul River!

In the small city outside the Heavenly River Mountain Range, a large amount of Raging Blade Masters had gathered. They were all here to investigate this matter and to find out how Five-tiger from Fierce Saber Race died!

At this time, Song Tianchuan and the others returned to the small city.

When the Raging Blade Master came here, he immediately knew about the grudge between Song Tianchuan and Five-tiger from Fierce Saber Race. However, when they saw Song Tianchuan's group, they dispelled this suspicion.

This was because although Song Tianchuan and the others' team were strong as a whole, everyone believed that the five of them would not even be able to defeat the five black tigers, let alone eliminate the entire Five-tiger from Fierce Saber Race team.

Song Tianchuan knew that everyone would think the same way, because even though they had successfully killed Five-tiger from Fierce Saber Race, they would not dare believe it was real, and no one would think that they were the culprits.

That was why they were able to return here without worry.

Chen Xiang had grudges with the Fierce Saber Race, so when they were on the road, he had warned them not to reveal his name. Chen Xiang had killed a few Fierce Saber Race s and Soul River Divine Race s who had returned from the World Defying Stage Soul River before.

Old Man Qin had lost his Divine Weapons, so he searched for good stuff in the small city. Song Tianchuan had said before, as long as they passed through this storm, when the Old Man Qin found a good Divine Weapon, they would head towards the Heavenly River Mountain Range again.

If they didn't go, Chen Xiang would have to go by himself, because the World Defying holy dragon was inside.

Five-tiger from Fierce Saber Race died in the Heavenly River Mountain Range, and the news quickly spread. No one knew where this news came from, but it was said that Five-tiger from Fierce Saber Race met with a World Defying holy dragon hiding in the Heavenly River Mountain Range, and was killed in an instant!

When Chen Xiang heard this news, he was extremely shocked. So the matter of the World Defying holy dragon in the Heavenly River Mountain Range was not a secret.

"Old Man Qin, are there any World Defying holy dragon in the Heavenly River Mountain?" Chen Xiang asked. They were eating in the tavern, and after a few battles, everyone had acknowledged Chen Xiang's strength as their core strength.

"Yes, that was a long time ago! World Defying holy dragon s have roamed around the Heavenly River Mountain Range before, and they even fought with a group of strong people before. At that time, we were also in this small city, so we could hear the roars of dragons, but I don't know what happened after that. The Old Man Qin said.

"There was no movement at that time, everyone thought that the World Defying holy dragon was killed!" Du Rouke continued to speak: "So many people wanted to go in, but they all gave up on that idea. Now that the Five-tiger from Fierce Saber Race is dead inside, they all suspected that it was the World Defying holy dragon, so there will be a group of people coming over one after another."

Chen Xiang said: "When we entered the Heavenly River Mountain Range, let's also take a look at this World Defying holy dragon!"

World Defying holy dragons were rarely seen, and they were extremely strong beasts. Everyone was very curious, and if they could see it, they could broaden their horizons.

The Old Man Qin had already sent people to buy the divine weapons that he needed, as long as they could get their hands on it, they could immediately set off. At this time, all the different forces in the World Defying Stage Soul River had already set out to massacre the dragons in the Heavenly River Mountain Range!

[Chapter 3348](#)

World Defying holy dragons were so rare, that it could be said that their entire body was filled with treasures. Those that were able to reach the World Defying Stage Soul River and above were all powerful, and they all felt that if they met any World Defying holy dragon, even if they couldn't kill them, they could still pluck one or two dragon scales from their bodies.

The dragon's scale on the World Defying holy dragon's body was a good tool to refine, if it was combined with Myriad Tao Divine Soil Crystals or something like that, it would be even better. At this moment, everyone found out that the World Defying holy dragons were still inside the Heavenly River Mountain and they all entered the mountain range. ≥,

"I heard that the dragon scales on the World Defying holy dragon's body are comparable to the Myriad Tao Divine Soil, I wonder if that's true. If it's true, wouldn't it be good if the dragon scales were refined into armor?" Old Man Qin got the Divine Weapon he bought, it was still two short blades, and they would even explode.

"Now we can start our journey. Many people have already entered the Heavenly River Mountain Range. We cannot fall behind." Song Tianchuan said. Their team's strength was not weak, all of them were in the middle stage of Aoshi Holy Stage, which could be considered to be above average.

Although Chen Xiang had only just stepped into the Aoshi Holy Stage, everyone felt that his strength was already at the level of two middle stage Aoshi Holy Stages.

"Alright!" Chen Xiang also wanted to quickly enter the Heavenly River Mountain Range. He had to find the World Defying holy dragon and tell it not to return to Ancient Fire Divine Sect.

Chen Xiang was very clear about the character of those people in the Ancient Fire Divine Sect. Once the World Defying holy dragon returns, it was most likely that they would be hunted.

"I wonder what Senior Holy Dragon encountered after coming to World Defying Stage Soul River. His Tao-creation's sacred crystal should still be on him, right?" Chen Xiang was even more worried about the World Defying holy dragon.

The main reason the World Defying holy dragons were sent to this World Defying Stage Soul River was because he had the Tao-creation's sacred crystal, which was why the people of Fierce Saber Race and Soul River Divine Race had told the Ancient Fire Divine Sect to bring the World Defying holy dragon here, so they could surround and kill it.

However, World Defying holy dragon were very powerful and were not so easy to deal with. Even Fierce Saber Race and Soul River Divine Race would have difficulty taking them down.

Currently, many people could enter the Sky River Mountain Range and would always meet some small squads there. Chen Xiang also heard from the other squads that there were quite a few teams with weaker strength who became the food of the Fury beast not long after they entered.

"Fury beast are also very quick-witted, we have to be very careful." Song Tianchuan said: "Now that so many people have come in and so on, to those Fury beast that are powerful, we are their food."

"If the World Defying holy dragon are really inside, then they must be hiding in the depths of the Heavenly River Mountain Range. If we enter, it won't be a smooth journey." Du Rouke said.

Everyone nodded, their expressions grave. It wasn't easy to smoothly enter the depths of the cave.

"I have an idea." Chen Xiang took out his Six Realms mirrors.

Previously, when the Five-tiger from Fierce Saber Race was going to make a move on them, Chen Xiang had taken out this thing and brought everyone here to escape, quickly pulling some distance away from the Five-tiger from Fierce Saber Race.

Seeing Chen Xiang this miraculous thing, everyone's eyes lit up.

Chen Xiang brought everyone into the room inside the Six Realms mirrors. Everyone sat inside the room, they could see their surroundings through the walls of the room.

"How comfortable!" Old Man Qin laid on the ground and laughed: "Chen Xiang, where the hell did you get such a treasure? No matter how you look at it, it's an extremely precious divine tool. "

"I got lucky and picked it up." Chen Xiang laughed: "This kind of thing can only be found by luck but not sought after. Besides luck, I am unable to get it."

Du Rouke scoffed, "Brat, you pretended to be a pig to eat a tiger. Your own sword is so powerful, yet it actually toyed with me, letting me help you find a better, dishonest brat."

Du Rouke recalled the Heavenly magic sword that she had mocked before, and her sweet little face couldn't help but flush red.

Chen Xiang only giggled. Even though Du Rouke looked like a delicate woman, he had played a big role in this small team, especially with her overbearing and ferocious lightning strikes, which had left a deep impression in Chen Xiang's mind.

Right now, everyone was inside the Six Realms mirrors, so they had nothing to do.

Leaning on Yu Yilan's back, Du Rouke smiled daintily: "Yi Lan, this Chen Xiang has saved you once, and you only said 'thank you' ... That's a bit unkind. So, you have to promise me your life as well? "

Yu Yilan coldly glanced at her, and she, who had difficulty opening her golden mouth, finally said a few more words, "I've saved you several times, why haven't I seen you promise me with your body?"

"Alright, from now on, I am your man." Du Rouke giggled, he touched Yu Yilan's cold and white cheeks and smiled charmingly.

"Alright, you are mine now, go and thank Chen Xiang for me, you can go and repay me with your body." Yu Yilan waved her hand and pushed Du Rouke over to where Chen Xiang was.

Old Man Qin laughed. "Yilan only saved a little old man like me before, but she didn't let me repay her with my body.

"Go go!" Du Rouke smiled and said, "I've saved you a few times."

"You make it sound like my Old Man Qin is very useless." Old Man Qin's face was filled with dissatisfaction: "My contribution is huge!"

Old Man Qin was a sneak attack expert, he was specializing in hiding in the ground, waiting for the higher ups to arrive, he would just use his fatal strike, which was extremely useful, moreover, he would often appear unexpectedly, making it hard to guard against.

Chen Xiang took out that small piece of dragon's scale, and according to the shine of the dragon's scale, he controlled the Six Realms mirrors to change its direction. Everyone was curious as to what Chen Xiang was thinking while looking at the dragon's scale in his hands, as Chen Xiang always gave them a very mysterious feeling.

"Chen Xiang, what's that glowing stone in your hand? "He looks really amazing!" Du Rouke laid on Chen Xiang's broad and broad shoulders, and asked tenderly.

"A small piece of dragon's scale, the dragon's scale of World Defying holy dragon. I am now going to use this piece of dragon's scale to determine his location." Chen Xiang said, he was not afraid of telling them his relationship with the World Defying holy dragon, after getting along with them for a period of time, he knew that this team was trustworthy.

Song Tianchuan and the others were stunned, it was actually dragon scales. They could not believe it, why did Chen Xiang have the dragon scales of a World Defying holy dragon? Many people thought that the reason the World Defying holy dragon were inside the Heavenly River Mountain was because the Five-tiger from Fierce Saber Race was killed. However, Song Tianchuan and the others knew very clearly that the Five-tiger from Fierce Saber Race was killed by them.

Now, there were people who had witnessed the World Defying holy dragon appearing in the Heavenly River Mountain Range, and that was only a rumor after all. They only came to join in on the fun, and did not think that the World Defying holy dragon was really inside.

But now, Chen Xiang had taken out the World Defying holy dragon's dragon scales, and they were even shining, then he could be sure that the World Defying holy dragon was actually inside!

"Is the World Defying holy dragon really inside?" Song Tianchuan broke the silence and asked.

[Chapter 3349](#)

Chen Xiang sighed, and said: "Yes, and Fierce Saber Race and I have been chasing and killing him the entire time! "Huang Si is my friend. The reason I came here this time is also to find him and tell him some things."

"I was rather worried about him before, but now that I know he's here, I feel a lot more at ease."

Song Tianchuan and the others were completely shocked that Chen Xiang was actually friends with the World Defying holy dragon!

The World Defying holy dragon, that was a powerful dragon from the Aoshi Holy Stage. The strength of this kind of World Defying beast far surpassed humans, and it was also extremely mysterious. To be able to become friends with humans, Song Tianchuan and the others found it hard to believe.

"Chen Xiang, you ... Are you joking? How did you become friends with the cruel World Defying holy dragon?" Du Rouke asked in shock, her sweet face filled with disbelief.

"World Defying holy dragon is not brutal, it's mainly because when everyone encounters them, their first reaction is to kill them, because they are covered in treasures." Chen Xiang smiled faintly: "So, the result can be imagined. The World Defying holy dragon will naturally retaliate, otherwise, he would have been killed by others. If we don't provoke him, he will still be very quiet."

Du Rouke went silent. When they heard that the World Defying holy dragon was here, their first thought was indeed like that. If they killed the World Defying holy dragon, they would be able to obtain a lot of treasures.

"Alright, if you lead us to the World Defying holy dragon, would he attack us?" Song Tianchuan believed that Chen Xiang recognized World Defying holy dragon. After all, Chen Xiang's previous performance had surprised them greatly.

"Definitely not, I have a good relationship with the World Defying holy dragon." Chen Xiang said, if not he would not rush up to look for the World Defying holy dragon.

"How does the World Defying holy dragon look like? "How big is it?" Du Rouke asked curiously: "I've never seen a World Defying holy dragon before!"

"Very big, very mighty, very domineering." Chen Xiang laughed: "But from what I know, he should be able to take human form, as for how he looks like, I don't know, because that's something that he can only do after he came to World Defying Stage Soul River."

When the World Defying holy dragon entered the Ancient Fire Divine Sect, the people inside taught him to transform. At that time, Chen Xiang was still in the outer sect.

"If you transform into your human form, it won't be easy to find him." Song Tianchuan asked: "Why did the Fierce Saber Race and the Soul River Divine Race want to kill him?"

Fierce Saber Race and Soul River Divine Race did indeed have enough strength to hunt World Defying holy dragon!

"Interest? The entire body of the World Defying holy dragon is a treasure." Chen Xiang said: "It could also be that the Fierce Saber Race and Soul River Divine Race wanted to control him and make him their own strength. In short, these two races are very busy and overbearing."

was only at the early stage of Aoshi Holy Stage now, but his Red fire dragon was very strong. Once released, it would at least be equivalent to the strength of the middle stage Aoshi Holy Stage.

Of course, if he used the power of the Tao-creation Incantation, then his power would be even more terrifying. It was just that he did not dare to do it.

"I wonder what is he doing in the Heavenly River Mountain Range. Could he be hiding in there?" However, that's not right. There were rumors saying that he was here before, and had a conflict with the Fierce Saber Race and with them as well. " Song Tianchuan said as he frowned.

Yu Yilan said in a low voice: "This proves that there is something in the Heavenly River Mountain that World Defying holy dragon is reluctant to leave. After all, it is very dangerous for him to stay here, and both Fierce Saber Race and Fierce Saber Race know that he is here."

"Since the Fierce Saber Race and the Soul River Divine Race did not come during this period of time, it's clear that the World Defying holy dragon is hiding or hiding in some sort of seal and they are unable to go in." Du Rouke said: "Now that the Five-tiger from Fierce Saber Race is dead, they think that the World Defying holy dragon have appeared."

Chen Xiang looked at the dragon's scale that was flashing for a moment, and said: "We'll know the moment we see the World Defying holy dragon, we'll be able to find him very soon!"

This meant that the World Defying holy dragon was not far from him. Perhaps the World Defying holy dragon was releasing its dragon's might.

After traversing over the mountains for a few days, Chen Xiang's Six Realms mirrors had rushed ahead of many people and entered the depths of the Heavenly River Mountain Range. At this time, the Six Realms mirrors was at the summit of a tall mountain.

The place was surrounded by mountains. In the middle of the mountain was a circular lake. In the middle of the lake was a small island. However, the island was shrouded in a white cloud, making it impossible to see what was on the island.

"The World Defying holy dragon should be inside." Chen Xiang said: "I wonder what's going on with this lake?"

Chen Xiang did not immediately make the Six Realms mirrors fly down, but instead released a few Heaven devouring rat that came to the lakeside to investigate. According to his experience, these beautiful scenery of the lake and the mountains, there must be something special about them.

Not long after the Heaven devouring rat went down, several of them died.

"What's going on? "A few rats have mysteriously died." Chen Xiang was very suspicious about this. After further investigation, he found that there was a cave in the middle of a tall mountain. At the entrance of the cave sat an old man.

Looking at the old man, Chen Xiang was shocked, "There's someone here, and it's not only one of them!"

Afterwards, he controlled the Six Realms mirrors to carefully spin, and carefully observed the tall mountains surrounding the lake. Then, he used the Six Realms mirrors to pull in the distance, and carefully examined it.

"This guy ..." "Look at his waist." Old Man Qin said, "The golden belt on this old fellow's waist has patterns that look like rivers. This is the symbol and pattern of the Soul River Divine Race."

"Look at the rest." Song Tianchuan's expression became serious.

Finally, they discovered that there were a total of eight tall mountains here. All eight elders were in the mountain cave in the middle, four of them belonged to Soul River Divine Race, the other four belonged to Fierce Saber Race!

"They should have been here a long time. I saw an old man covered in dust just now." Du Rouke said: "Looks like the World Defying holy dragon is indeed on the small island in the middle!"

"My rat was killed by one of them." Chen Xiang said: "My rats are extremely cautious, but they were still discovered. These fellows look like they are sleeping at the entrance of the cave, but they know everything that goes on around them like the back of their hands."

Chen Xiang rejoiced in his heart. He only let the Six Realms mirrors peak, and it was even placed flat on the ground, otherwise it would have been discovered.

Just now, only half of the Heaven devouring rat had been killed. Chen Xiang continued to control the remaining Heaven devouring rat to approach the lake.

"Dammit, this lake is terrifying!" Chen Xiang could not help but shout out in shock. Everyone saw from the Six Realms mirrors that the rat had turned into a wisp of black smoke the moment it entered the water. Not even its bones were left.

"No wonder these old things don't dare to approach the lake, they can only wait outside." Du Rouke said: "Then what do we do now? We can't get close to the World Defying holy dragon! "

No matter what, Chen Xiang had to meet the Ao Shi Sheng. The World Defying holy dragon seemed to have met with something inside the lake, and the lake was also very strange, as if it was shrouded in a strong and mysterious energy.

"There's a barrier!" Feng Ke'er suddenly came out from You Yao Mountain Villa.

Suddenly, a cute little girl with a carved jade face appeared. Song Tianchuan and the others were shocked, but after being surprised, Du Rouke smiled and touched Feng Ke'er's little face.

"Is this little girl your daughter?" Du Rouke laughed.

"No, my friend!" Chen Xiang pinched Feng Ke'er's face and said: "Xiao Ke'er, tell me, what kind of barrier is it? Is it formed naturally, or is it man-made? "

Everyone was only curious about Feng Ke'er, but did not ask much. Chen Xiang had a lot of strange things in his hands, it was not strange for a girl to suddenly appear.

Feng Ke'er asked Chen Xiang to control the Six Realms mirrors and let her check the situation around the lake.

This is a formation array formation that was naturally formed, and was later improved and strengthened by others. This itself is a mountain and river array, surrounded by mountains, and a circular lake formed naturally in the middle, which is the best formation base. The mountains that surround the lake, after tens of thousands of years of cultivation, can absorb the power of the World Defying Stage Soul River, and comprehend the dao halo Spirit grain by themselves.

"Perhaps it was later discovered by someone, and after being modified, it became a Spirit Formation that could be controlled by humans. The island in the middle of the lake is the center of the Spirit Formation protection and it is very difficult to approach it." Feng Ke'er said.

Song Tianchuan and the others now understood that this girl was a array master, otherwise, they wouldn't have discovered this matter.

"If I destroy the mountain, would I be able to break the formation?" The Old Man Qin was more interested in these.

Mountain is very difficult to destroy. This kind of mountain that has been cultivating for tens of thousands of years, the energy it releases is comparable to a Aoshi Holy Stage. Furthermore, there are many other mountains here, and all of them are one. Feng Ke'er said: "Look at the caves they are digging, they are not very deep, and that is because they cannot continue, otherwise they will anger the mountains."

"This Spirit Formation is almost perfect and difficult to break through." Feng Ke'er praised.

Just now, Chen Xiang had caused the Six Realms mirrors to move constantly, but he did not know if it had copied this barrier or not.

"How do I get in?" Chen Xiang thought of his own spatial energy and anxiously used the Sound Transmission Technique, but Feng Ke'er shook his head.

Just as Chen Xiang and the rest were at their wit's end, the water in the lake suddenly fluctuated, and the eight elders who were seated cross-legged at the entrance of the cave suddenly opened their eyes.

"There's movement!" Chen Xiang shouted in shock, and everyone held their breath.

"You eight old fellows, sitting here waiting for death, you sure are patient." A voice suddenly came from the center of the island. It sounded like the voice of an old woman.

Soon after, a faint red figure flew out from the clouds in the middle of the island. It was a white-haired, healthy old woman dressed in a fiery red robe.

"This is the World Defying holy dragon!" Chen Xiang was a little surprised. He looked at the dragon scale in his hand, which was currently flickering.

He did not expect that after the World Defying holy dragon took human form, it would actually be an old woman. It could be seen that the World Defying holy dragon itself had a certain age.

"World Defying holy dragon, as long as you don't die, we will not leave this place." The old man from the World Defying Stage Soul River sneered: "You killed two of our comrades, so you must pay for it with your blood."

"You shameless bunch of old men, it was you who wanted to snatch my Tao-creation's Holy Crystal first, you're not allowing me to retaliate, are you? If you steal something and let me kill you, then you deserve it. The World Defying holy dragon bellowed.

"Evil creature like you, the Tao-creation Divine Crystals are at least wasted on you, why don't you obediently hand them over to us?"

"Being in your hands is a waste. Since the Tao-creation's Divine Crystals haven't fallen into your hands, it's just that you don't have any interest in trash like things." The World Defying holy dragon became even more so.

After Song Tianchuan and the others heard the conversation, they were shocked speechless. The World Defying holy dragon actually had the Tao-creation's Holy Crystal, a treasure rarer than the Tao-creation's Holy stone.

"They are all late stage Aoshi Holy Stage, right?" Chen Xiang said.

"It's close!" Song Tianchuan said: "Their strength is very strong, and is not something that the leader of Five-tiger from Fierce Saber Race can compare to."

Everyone could see that the elders of the Fierce Saber Race and the Soul River Divine Race were only enraging the World Defying holy dragon, allowing it to rush out of the barrier.

The World Defying holy dragon let out a furious roar and turned into a streak of red light, charging out.

"Damn brat, quickly come in!" The moment the World Defying holy dragon came out, it roared towards Chen Xiang and released eight huge flame dragons, attacking the eight elders, and wrapping them up.

When he was near to the lake, he teleported into the lake. At the same time, the World Defying holy dragon retreated back into the lake and grabbed onto the Six Realms mirrors with one hand. Then, it flew up and floated towards the small island in the middle of the lake.

The fact that the World Defying holy dragon could fly made the eight elders extremely jealous. They were shocked in their hearts, from the tone of the World Defying holy dragon, they could tell that there was someone beside them, but they did not realize it.

The World Defying holy dragon had not made any movements for so many years, and now that it suddenly made a move, it was actually to bring in a person, who exactly was this person?

Chen Xiang's Six Realms mirrors was brought by the World Defying holy dragon to the small island. Chen Xiang brought Song Tianchuan and the others out from the Six Realms mirrors.

"Where's Qin Shuang?" The World Defying holy dragon asked.

"With her grandmother." Chen Xiang looked at the small island. On the small island was a small forest, a house, and an empty and flat plaza. The scenery was extremely beautiful.

"Greetings, Senior Holy Dragon." Song Tianchuan and the others were a little nervous and immediately bowed.

World Defying holy dragon trusted Chen Xiang very much, so she didn't doubt his friends.

"That's fine too, her grandmother seems to be quite strong, she is someone with a huge burden even in the Ancient Fire Divine Sect." The World Defying holy dragon sighed.

"Senior Sheng Long, I didn't expect you to be like this after you took human form." Chen Xiang laughed.

"My name is Long Zhiyu, just call me Grandma Long." Long Zhiyu smiled benevolently.

Chen Xiang nodded with a smile, "Grandma Long, I'm so worried about you. I knew that they had sent you to the World Defying Stage Soul River and I know their intentions."

"I never thought that the Ancient Fire Divine Sect would do this for my own good and give me the chance to enter the World Defying Stage Soul River. I never thought that they would actually be this kind of people." Long Zhiyu snorted in anger: "It's a good thing I'm here, otherwise it would really be a bit dangerous."
